**SUMMARY ANALYSIS**

HB 1543 (2022), to which this bill is linked, creates the Broadband Pole Replacement Program, administered by the Florida Broadband Office (Office) within the Department of Economic Opportunity (DEO). The program will reimburse fixed, terrestrial, wireline broadband service providers for their costs incurred for the removal and replacement of existing utility poles in areas of Florida that are unserved by broadband Internet service. Reimbursements under the program are limited to 50 percent of the broadband Internet service provider’s eligible pole replacement cost or \$5,000, whichever is less, in addition to their administrative costs related to the preparation and submission of the application for reimbursement.

HB 1543 (2022) also directs the Secretary of DEO to apply for \$100 million in federal funding from the Coronavirus Capital Projects Fund and directs any such funds received to be placed into the Broadband Pole Replacement Trust Fund.

This bill creates the Broadband Pole Replacement Trust Fund within DEO and provides that the trust fund is established as a depository for funds appropriated by the Legislature, federal funds received from the federal Coronavirus Capital Projects Fund, funds transferred by DEO, interest earnings, and grants, gifts, and other contributions made directly to the fund. In accordance with article III, section 19(f)(2) of the Florida Constitution, the trust fund terminates four years after the effective date of the bill. Before its scheduled termination, the trust fund must be reviewed pursuant to state law.

**Article III, s. 19(f)(1) of the State Constitution specifies that a trust fund of the State of Florida or other public body may only be created or recreated by law in a separate bill. The bill creating or recreating the trust fund must pass with a three-fifths vote of the membership of each house of Legislature. Thus, this bill requires a three-fifths vote for passage.**

This bill takes effect on the same date that HB 1543 takes effect, if such legislation is adopted in the same legislative session or an extension thereof and becomes law.

# FULL ANALYSIS

## I. SUBSTANTIVE ANALYSIS

### A. EFFECT OF PROPOSED CHANGES:

#### Current Situation

##### Trust Funds

Article III, section 19(f) of the Florida Constitution requires that state trust funds may only be created by the Legislature if passed by a three-fifths vote of the membership of each house of the Legislature in a separate bill for the sole purpose of creating a trust fund. Each trust fund must be created by general law that specifies at a minimum all of the following:

- The name of the trust fund;
- The agency or branch of state government responsible for administering the trust fund;
- The requirements or purposes the trust fund is established to meet;
- The sources of moneys to be credited to the trust fund or specific sources of receipts to be deposited in the trust fund.<sup>1</sup>

State trust funds terminate no more than four years after the effective date of the act authorizing the initial creation of the trust fund.<sup>2</sup> The Legislature is required to review all state trust funds at least once every four years.<sup>3</sup> If the Legislature does not re-create a trust fund, it will be abolished four years after its initial creation pursuant to the Florida Constitution.<sup>4</sup>

##### Department of Commerce Coronavirus Capital Projects Fund

In 2021, the American Rescue Plan<sup>5</sup> allocated \$10 billion to eligible governments to carry out capital projects to meet critical needs, with an emphasis on broadband infrastructure.<sup>6</sup> Each state is eligible for a fixed amount of \$100 million plus an additional allocation based on the state's population, the proportion of its population that lives in rural areas, and the proportion of individuals who receive a household income below 150 percent of the poverty line.<sup>7</sup>

Eligible states must have applied by December 27, 2021, and submit a grant plan by September 24, 2022.<sup>8</sup> Capital Projects Fund recipients may pass the funds on to subrecipients, such as other levels of government, non-profits, or private entities. Florida's allocation of these funds is \$366 million,<sup>9</sup> for which Florida's Department of Economic Opportunity (DEO) timely applied.

Presumptively eligible projects under the program include the construction and deployment of broadband infrastructure that is designed to deliver service that reliably meets or exceeds symmetrical speeds of 100 Mbps, or if impracticable, speeds of 100 Mbps downstream and 20 Mbps upstream.<sup>10</sup>

Projects that may be eligible on a case-by-case review include investments in capital assets, such as buildings, towers, digital devices and equipment, fiber-optic lines, and broadband networks.<sup>11</sup>

### HB 1543 (2022)

HB 1543 (2022), to which this bill is linked, creates the Broadband Pole Replacement Program to be administered by the Office. The program will reimburse fixed, terrestrial, wireline broadband service providers for their costs incurred for the removal and replacement of existing utility poles in areas of Florida that are unserved by broadband Internet service. Reimbursements under the program are limited to 50 percent of the broadband Internet service provider's eligible pole replacement cost or \$5,000, whichever is less, in addition to their administrative costs related to the preparation and submission of the application for reimbursement.

That bill directs the Secretary of DEO to apply for \$100 million in federal funding from the Coronavirus Capital Projects Fund and directs any such funds received to be placed into the Broadband Pole Replacement Trust Fund.

### **Effect of the Bill**

This bill creates the Broadband Pole Replacement Trust Fund within DEO for the deposit of funds appropriated by the Legislature; federal funds received from the Coronavirus Capital Projects Fund for the Broadband Pole Replacement Program; funds transferred by DEO; interest earnings; and grants, gifts, and other contributions made directly to the fund.

The bill provides that funds from the trust fund will be used to provide reimbursements to qualified applicants from the Broadband Pole Replacement Program, created by linked bill HB 1543, and for use by the Office to administer the program.

The bill further provides that any balance that is in the trust fund at the end of any fiscal year shall be carried forward in the trust fund for the purposes of continued administration of the Broadband Pole Replacement Program.

Pursuant to the requirements of the Florida Constitution, the trust fund will terminate four years after its effective date, but must first be reviewed as provided in s. 215.3206(1) and (2), F.S.

The bill directs the Division of Law Revision to replace the phrase "4 years after the effective date of this act" with the date that the trust fund will terminate.

The bill provides that the act takes effect on the same date that HB 1543, relating to the Broadband Pole Replacement Program, takes effect, if such legislation is adopted in the same legislative session or an extension thereof and becomes law.

### **B. SECTION DIRECTORY:**

**Section 1** Creates s. 288.9965, F.S., creating the Broadband Pole Replacement Trust Fund.

**Section 2** Provides a directive to the Division of Law Revision.

**Section 3** Provides a contingent effective date.

## **II. FISCAL ANALYSIS & ECONOMIC IMPACT STATEMENT**

### **A. FISCAL IMPACT ON STATE GOVERNMENT:**

#### **1. Revenues:**

### III. COMMENTS

A. CONSTITUTIONAL ISSUES:

1. Applicability of Municipality/County Mandates Provision:

Not applicable. This bill does not appear to impact county or municipal governments.

2. Other:

Trust Funds

Article III, s. 19(f), of the Florida Constitution requires that every trust fund be created by a three-fifths vote of the membership of each house of the Legislature in a separate bill for the sole purpose of creating a trust fund. State trust funds terminate no more than four years after the initial creation, unless they are re-created.

B. RULE-MAKING AUTHORITY:

This bill does not require or authorize rulemaking.

C. DRAFTING ISSUES OR OTHER COMMENTS:

None.

### IV. AMENDMENTS/COMMITTEE SUBSTITUTE CHANGES

Not applicable.
