Be It Enacted by the Legislature of the State of Florida:

Section 1. Section 553.899, Florida Statutes, is created to
read:

553.899 Mandatory structural inspections for multifamily
residential buildings.—

(1) The Legislature finds that maintaining the structural
integrity of a building throughout its service life is of paramount importance in order to ensure that buildings are structurally sound so as to not pose a threat to the public health, safety, or welfare. As such, the Legislature finds that the imposition of a statewide structural inspection program for aging multifamily residential buildings in this state is necessary to ensure that such buildings are safe for continued use.

(2) As used in this section, the term “milestone inspection” means a structural inspection of a building, including an inspection of load-bearing walls and the primary structural members and primary structural systems as those terms are defined in s. 627.706, by a licensed architect or engineer authorized to practice in this state for the purposes of attesting to the life safety and adequacy of the structural components of the building and, to the extent reasonably possible, determining the general structural condition of the building as it affects the safety of such building, including a determination of any necessary maintenance, repair, or replacement of any structural component of the building. The purpose of such inspection is not to determine if the condition of an existing building is in compliance with the Florida Building Code or the firesafety code.

(3) The owner of a multifamily residential building that is three stories or more in height must have a milestone inspection performed by December 31 of the year in which the building reaches 30 years of age, based on the date the certificate of occupancy for the building was issued, and every 10 years thereafter. The owner of a multifamily residential building that
is three stories or more in height and is located within 3 miles
of a coastline as defined in s. 376.031 must have a milestone
inspection performed by December 31 of the year in which the
building reaches 20 years of age, based on the date the
certificate of occupancy for the building was issued, and every
7 years thereafter. If a condominium building or cooperative
building is required to have a milestone inspection performed
pursuant to this section, the condominium association or
cooperative association must arrange for the milestone
inspection to be performed and is responsible for ensuring
compliance with the requirements of this section. The building
owner or condominium association or cooperative association is
responsible for all costs associated with the inspection. This
subsection does not apply to a two-family or three-family
dwelling with three or fewer habitable stories above ground.

(4) If a milestone inspection is required under this
section and the building’s certificate of occupancy was issued
on or before July 1, 1992, the building’s initial milestone
inspection must be performed before December 31, 2024.

(5) A milestone inspection consists of two phases:

(a) For phase one of the milestone inspection, a licensed
architect or engineer authorized to practice in this state shall
perform a visual examination of habitable and nonhabitable areas
of a building, including the major structural components of a
building, and provide a qualitative assessment of the structural
conditions of the building. Surface imperfections such as
cracks, distortion, sagging, deflections, misalignment, signs of
leakage, or peeling of finishes are not considered signs of
structural distress unless the architect or engineer performing
the inspection determines that such surface imperfections are a sign of structural distress. If the architect or engineer finds no signs of structural distress to any building components under visual examination, phase two of the inspection, as provided in paragraph (b), is not required. An architect or engineer who completes a phase one milestone inspection shall prepare and submit an inspection report pursuant to subsection (6).

(b) A phase two of the milestone inspection must be performed if any structural distress is identified during phase one. The inspector in charge of a phase two inspection must be a licensed engineer or licensed architect who has a minimum of 5 years of experience designing the primary structural components of buildings and a minimum of 5 years of experience inspecting structural components of existing buildings of a similar size, scope, and type of construction. A phase two inspection may involve destructive or nondestructive testing at the inspector’s direction. The inspection may be as extensive or as limited as necessary to fully assess areas of structural distress in order to confirm that the building is structurally sound and safe for its intended use and to recommend a program for fully assessing and repairing distressed and damaged portions of the building. When determining testing locations, the inspector must give preference to locations that are the least disruptive and most easily repairable while still being representative of the structure. An inspector who completes a phase two milestone inspection shall prepare and submit an inspection report pursuant to subsection (6).

(6) Upon completion of a phase one or phase two milestone inspection, the architect or engineer who performed the
inspection must submit a sealed copy of the inspection report
with a separate summary of, at minimum, the material findings
and recommendations in the inspection report to the building
owner or, if the building is a condominium or cooperative, to
the condominium association or cooperative association, and to
the building official of the local government which has
jurisdiction. For a milestone inspection of a building that is a
condominium or cooperative, the association must distribute a
copy of the inspector-prepared summary of the inspection report
to each condominium unit owner or cooperative unit owner,
regardless of the findings or recommendations in the report, by
United States mail or personal delivery; must post a copy of the
inspector-prepared summary in a conspicuous place on the
condominium or cooperative property; and must publish the full
report and inspector-prepared summary on the association’s
website, if the association is required to have a website.

(7) A local enforcement agency may prescribe timelines and
penalties with respect to compliance with this section.

(8) The commission shall develop comprehensive structural
and life safety standards for maintaining and inspecting
buildings and structures in this state that are three stories or
more in height by December 31, 2022. The standards are in
addition to those provided in this section and must be made
available for local governments to adopt at their discretion.

Section 2. Present subsections (1) through (30) of section
718.103, Florida Statutes, are redesignated as subsections (2)
through (31), respectively, and a new subsection (1) is added to
that section, to read:

718.103 Definitions.—As used in this chapter, the term:
(1) “Alternative funding method” means a method for the
funding of a reserve account by other than an assessment or
special assessment which may reasonably be expected to fully
satisfy the association’s reserve funding obligations,
including, but not limited to, payments into the reserve account
by a developer who is offering units or any other method
approved by the division.

Section 3. Paragraphs (a), (c), and (g) of subsection (12)
and subsection (13) of section 718.111, Florida Statutes, are
amended to read:

718.111 The association.—

(12) OFFICIAL RECORDS.—

(a) From the inception of the association, the association
shall maintain each of the following items, if applicable, which
constitutes the official records of the association:

1. A copy of the plans, permits, warranties, and other
items provided by the developer under s. 718.301(4).

2. A photocopy of the recorded declaration of condominium
of each condominium operated by the association and each
amendment to each declaration.

3. A photocopy of the recorded bylaws of the association
and each amendment to the bylaws.

4. A certified copy of the articles of incorporation of the
association, or other documents creating the association, and
each amendment thereto.

5. A copy of the current rules of the association.

6. A book or books that contain the minutes of all meetings
of the association, the board of administration, and the unit
owners.
7. A current roster of all unit owners and their mailing addresses, unit identifications, voting certifications, and, if known, telephone numbers. The association shall also maintain the e-mail addresses and facsimile numbers of unit owners consenting to receive notice by electronic transmission. The e-mail addresses and facsimile numbers are not accessible to unit owners if consent to receive notice by electronic transmission is not provided in accordance with sub-subparagraph (c)3.e. However, the association is not liable for an inadvertent disclosure of the e-mail address or facsimile number for receiving electronic transmission of notices.

8. All current insurance policies of the association and condominiums operated by the association.

9. A current copy of any management agreement, lease, or other contract to which the association is a party or under which the association or the unit owners have an obligation or responsibility.

10. Bills of sale or transfer for all property owned by the association.

11. Accounting records for the association and separate accounting records for each condominium that the association operates. Any person who knowingly or intentionally defaces or destroys such records, or who knowingly or intentionally fails to create or maintain such records, with the intent of causing harm to the association or one or more of its members, is personally subject to a civil penalty pursuant to s. 718.501(1)(d). The accounting records must include, but are not limited to:

   a. Accurate, itemized, and detailed records of all receipts
and expenditures.

b. A current account and a monthly, bimonthly, or quarterly statement of the account for each unit designating the name of the unit owner, the due date and amount of each assessment, the amount paid on the account, and the balance due.

c. All audits, reviews, accounting statements, reserve studies and reserve funding plans, and financial reports of the association or condominium.

d. All contracts for work to be performed. Bids for work to be performed are also considered official records and must be maintained by the association for at least 1 year after receipt of the bid.

12. Ballots, sign-in sheets, voting proxies, and all other papers and electronic records relating to voting by unit owners, which must be maintained for 1 year from the date of the election, vote, or meeting to which the document relates, notwithstanding paragraph (b).

13. All rental records if the association is acting as agent for the rental of condominium units.

14. A copy of the current question and answer sheet as described in s. 718.504.

15. A copy of the inspection report as described in ss. 553.899 and 718.301(4)(p) and any other inspection report relating to a structural or life safety inspection of condominium property. Such record must be maintained by the association for 15 years after receipt of the report.

16. Bids for materials, equipment, or services.

17. All affirmative acknowledgments made pursuant to s.
718.121(4)(c).

18. All other written records of the association not specifically included in the foregoing which are related to the operation of the association.

(c)1. The official records of the association are open to inspection by any association member or the authorized representative of such member at all reasonable times. The right to inspect the records includes the right to make or obtain copies, at the reasonable expense, if any, of the member or authorized representative of such member. A renter of a unit has a right to inspect and copy only the declaration of condominium, and the association’s bylaws and rules, and the inspection reports described in ss. 553.899 and 718.301(4)(p). The association may adopt reasonable rules regarding the frequency, time, location, notice, and manner of record inspections and copying but may not require a member to demonstrate any purpose or state any reason for the inspection. The failure of an association to provide the records within 10 working days after receipt of a written request creates a rebuttable presumption that the association willfully failed to comply with this paragraph. A unit owner who is denied access to official records is entitled to the actual damages or minimum damages for the association’s willful failure to comply. Minimum damages are $50 per calendar day for up to 10 days, beginning on the 11th working day after receipt of the written request. The failure to permit inspection entitles any person prevailing in an enforcement action to recover reasonable attorney fees from the person in control of the records who, directly or indirectly, knowingly denied access to the records.
2. Any person who knowingly or intentionally defaces or destroys accounting records that are required by this chapter to be maintained during the period for which such records are required to be maintained, or who knowingly or intentionally fails to create or maintain accounting records that are required to be created or maintained, with the intent of causing harm to the association or one or more of its members, is personally subject to a civil penalty pursuant to s. 718.501(1)(d).

3. The association shall maintain an adequate number of copies of the declaration, articles of incorporation, bylaws, and rules, and all amendments to each of the foregoing, as well as the question and answer sheet as described in s. 718.504 and year-end financial information required under this section, on the condominium property to ensure their availability to unit owners and prospective purchasers, and may charge its actual costs for preparing and furnishing these documents to those requesting the documents. An association shall allow a member or his or her authorized representative to use a portable device, including a smartphone, tablet, portable scanner, or any other technology capable of scanning or taking photographs, to make an electronic copy of the official records in lieu of the association’s providing the member or his or her authorized representative with a copy of such records. The association may not charge a member or his or her authorized representative for the use of a portable device. Notwithstanding this paragraph, the following records are not accessible to unit owners:

   a. Any record protected by the lawyer-client privilege as described in s. 90.502 and any record protected by the work-product privilege, including a record prepared by an association
attorney or prepared at the attorney’s express direction, which reflects a mental impression, conclusion, litigation strategy, or legal theory of the attorney or the association, and which was prepared exclusively for civil or criminal litigation or for adversarial administrative proceedings, or which was prepared in anticipation of such litigation or proceedings until the conclusion of the litigation or proceedings.

b. Information obtained by an association in connection with the approval of the lease, sale, or other transfer of a unit.

c. Personnel records of association or management company employees, including, but not limited to, disciplinary, payroll, health, and insurance records. For purposes of this sub-subparagraph, the term “personnel records” does not include written employment agreements with an association employee or management company, or budgetary or financial records that indicate the compensation paid to an association employee.

d. Medical records of unit owners.

e. Social security numbers, driver license numbers, credit card numbers, e-mail addresses, telephone numbers, facsimile numbers, emergency contact information, addresses of a unit owner other than as provided to fulfill the association’s notice requirements, and other personal identifying information of any person, excluding the person’s name, unit designation, mailing address, property address, and any address, e-mail address, or facsimile number provided to the association to fulfill the association’s notice requirements. Notwithstanding the restrictions in this sub-subparagraph, an association may print and distribute to unit owners a directory containing the name,
unit address, and all telephone numbers of each unit owner. However, an owner may exclude his or her telephone numbers from the directory by so requesting in writing to the association. An owner may consent in writing to the disclosure of other contact information described in this sub-subparagraph. The association is not liable for the inadvertent disclosure of information that is protected under this sub-subparagraph if the information is included in an official record of the association and is voluntarily provided by an owner and not requested by the association.

f. Electronic security measures that are used by the association to safeguard data, including passwords.

g. The software and operating system used by the association which allow the manipulation of data, even if the owner owns a copy of the same software used by the association. The data is part of the official records of the association.

h. All affirmative acknowledgments made pursuant to s. 718.121(4)(c).

[g]1. By January 1, 2019, an association managing a condominium with 150 or more units which does not contain timeshare units shall post digital copies of the documents specified in subparagraph 2. on its website or make such documents available through an application that can be downloaded on a mobile device.

(II) A website, application, or web portal operated by a third-party provider with whom the association owns, leases,
rents, or otherwise obtains the right to operate a web page, subpage, web portal, collection of subpages or web portals, or an application which is dedicated to the association’s activities and on which required notices, records, and documents may be posted or made available by the association.

b. The association’s website or application must be accessible through the Internet and must contain a subpage, web portal, or other protected electronic location that is inaccessible to the general public and accessible only to unit owners and employees of the association.

c. Upon a unit owner’s written request, the association must provide the unit owner with a username and password and access to the protected sections of the association’s website or application which contain any notices, records, or documents that must be electronically provided.

2. A current copy of the following documents must be posted in digital format on the association’s website or application:

   a. The recorded declaration of condominium of each condominium operated by the association and each amendment to each declaration.

   b. The recorded bylaws of the association and each amendment to the bylaws.

   c. The articles of incorporation of the association, or other documents creating the association, and each amendment to the articles of incorporation or other documents. The copy posted pursuant to this sub-subparagraph must be a copy of the articles of incorporation filed with the Department of State.

   d. The rules of the association.

   e. A list of all executory contracts or documents to which
the association is a party or under which the association or the
unit owners have an obligation or responsibility and, after
bidding for the related materials, equipment, or services has
closed, a list of bids received by the association within the
past year. Summaries of bids for materials, equipment, or
services which exceed $500 must be maintained on the website or
application for 1 year. In lieu of summaries, complete copies of
the bids may be posted.

f. The annual budget required by s. 718.112(2)(f) and any
proposed budget to be considered at the annual meeting.

g. The financial report required by subsection (13) and any
monthly income or expense statement to be considered at a
meeting.

h. The certification of each director required by s.
718.112(2)(d)4.b.

i. All contracts or transactions between the association
and any director, officer, corporation, firm, or association
that is not an affiliated condominium association or any other
entity in which an association director is also a director or
officer and financially interested.

j. Any contract or document regarding a conflict of
interest or possible conflict of interest as provided in ss.
468.436(2)(b)6. and 718.3027(3).

k. The notice of any unit owner meeting and the agenda for
the meeting, as required by s. 718.112(2)(d)3., no later than 14
days before the meeting. The notice must be posted in plain view
on the front page of the website or application, or on a
separate subpage of the website or application labeled “Notices”
which is conspicuously visible and linked from the front page.
The association must also post on its website or application any document to be considered and voted on by the owners during the meeting or any document listed on the agenda at least 7 days before the meeting at which the document or the information within the document will be considered.

1. Notice of any board meeting, the agenda, and any other document required for the meeting as required by s. 718.112(2)(c), which must be posted no later than the date required for notice under s. 718.112(2)(c).

m. The inspection reports described in ss. 553.899 and 718.301(4)(p) and any other inspection report relating to a structural or life safety inspection of condominium property.

n. The reserve study required under s. 718.112(2).

3. The association shall ensure that the information and records described in paragraph (c), which are not allowed to be accessible to unit owners, are not posted on the association’s website or application. If protected information or information restricted from being accessible to unit owners is included in documents that are required to be posted on the association’s website or application, the association shall ensure the information is redacted before posting the documents.

Notwithstanding the foregoing, the association or its agent is not liable for disclosing information that is protected or restricted under this paragraph unless such disclosure was made with a knowing or intentional disregard of the protected or restricted nature of such information.

4. The failure of the association to post information required under subparagraph 2. is not in and of itself sufficient to invalidate any action or decision of the
association’s board or its committees.

(13) FINANCIAL REPORTING.—Within 90 days after the end of the fiscal year, or annually on a date provided in the bylaws, the association shall prepare and complete, or contract for the preparation and completion of, a financial report for the preceding fiscal year. Within 21 days after the final financial report is completed by the association or received from the third party, but not later than 120 days after the end of the fiscal year or other date as provided in the bylaws, the association shall mail to each unit owner at the address last furnished to the association by the unit owner, or hand deliver to each unit owner, a copy of the most recent financial report or a notice that a copy of the most recent financial report will be mailed or hand delivered to the unit owner, without charge, within 5 business days after receipt of a written request from the unit owner. The division shall adopt rules setting forth uniform accounting principles and standards to be used by all associations and addressing the financial reporting requirements for multicondominium associations. The rules must include, but not be limited to, standards for presenting a summary of association reserves, including a good faith estimate disclosing the annual amount of reserve funds that would be necessary for the association to fully fund reserves for each reserve item based on the straight-line accounting method or to fully fund reserves based on the pooling method. This disclosure is not applicable to reserves funded via the pooling method. In adopting such rules, the division shall consider the number of members and annual revenues of an association. Financial reports shall be prepared as follows:
(a) An association that meets the criteria of this paragraph shall prepare a complete set of financial statements in accordance with generally accepted accounting principles. The financial statements must be based upon the association’s total annual revenues, as follows:

1. An association with total annual revenues of $150,000 or more, but less than $300,000, shall prepare compiled financial statements.

2. An association with total annual revenues of at least $300,000, but less than $500,000, shall prepare reviewed financial statements.

3. An association with total annual revenues of $500,000 or more shall prepare audited financial statements.

(b) 1. An association with total annual revenues of less than $150,000 shall prepare a report of cash receipts and expenditures.

2. A report of cash receipts and disbursements must disclose the amount of receipts by accounts and receipt classifications and the amount of expenses by accounts and expense classifications, including, but not limited to, the following, as applicable: costs for security, professional and management fees and expenses, taxes, costs for recreation facilities, expenses for refuse collection and utility services, expenses for lawn care, costs for building maintenance and repair, insurance costs, administration and salary expenses, and reserves accumulated and expended for capital expenditures, deferred maintenance, and any other category for which the association maintains reserves.

(c) An association may prepare, without a meeting of or
approval by the unit owners:

1. Compiled, reviewed, or audited financial statements, if the association is required to prepare a report of cash receipts and expenditures;

2. Reviewed or audited financial statements, if the association is required to prepare compiled financial statements; or

3. Audited financial statements if the association is required to prepare reviewed financial statements.

(d) If approved by a majority of the voting interests present at a properly called meeting of the association, an association may prepare:

1. A report of cash receipts and expenditures in lieu of a compiled, reviewed, or audited financial statement;

2. A report of cash receipts and expenditures or a compiled financial statement in lieu of a reviewed or audited financial statement; or

3. A report of cash receipts and expenditures, a compiled financial statement, or a reviewed financial statement in lieu of an audited financial statement.

Such meeting and approval must occur before the end of the fiscal year and is effective only for the fiscal year in which the vote is taken, except that the approval may also be effective for the following fiscal year. If the developer has not turned over control of the association, all unit owners, including the developer, may vote on issues related to the preparation of the association’s financial reports, from the date of incorporation of the association through the end of the
second fiscal year after the fiscal year in which the
certificate of a surveyor and mapper is recorded pursuant to s.
718.104(4)(e) or an instrument that transfers title to a unit in
the condominium which is not accompanied by a recorded
assignment of developer rights in favor of the grantee of such
unit is recorded, whichever occurs first. Thereafter, all unit
owners except the developer may vote on such issues until
control is turned over to the association by the developer. Any
audit or review prepared under this section shall be paid for by
the developer if done before turnover of control of the
association.

(e) A unit owner may provide written notice to the division
of the association’s failure to mail or hand deliver him or her
a copy of the most recent financial report within 5 business
days after he or she submitted a written request to the
association for a copy of such report. If the division
determines that the association failed to mail or hand deliver a
copy of the most recent financial report to the unit owner, the
division shall provide written notice to the association that
the association must mail or hand deliver a copy of the most
recent financial report to the unit owner and the division
within 5 business days after it receives such notice from the
division. An association that fails to comply with the
division’s request may not waive the financial reporting
requirement provided in paragraph (d) for the fiscal year in
which the unit owner’s request was made and the following fiscal
year. A financial report received by the division pursuant to
this paragraph shall be maintained, and the division shall
provide a copy of such report to an association member upon his
or her request.

Section 4. Paragraphs (d) and (f) of subsection (2) of section 718.112, Florida Statutes, are amended, and paragraph (p) is added to that subsection, to read:

718.112 Bylaws.—

(2) REQUIRED PROVISIONS.—The bylaws shall provide for the following and, if they do not do so, shall be deemed to include the following:

(d) Unit owner meetings.—

1. An annual meeting of the unit owners must be held at the location provided in the association bylaws and, if the bylaws are silent as to the location, the meeting must be held within 45 miles of the condominium property. However, such distance requirement does not apply to an association governing a timeshare condominium.

2. Unless the bylaws provide otherwise, a vacancy on the board caused by the expiration of a director’s term must be filled by electing a new board member, and the election must be by secret ballot. An election is not required if the number of vacancies equals or exceeds the number of candidates. For purposes of this paragraph, the term “candidate” means an eligible person who has timely submitted the written notice, as described in sub-subparagraph 4.a., of his or her intention to become a candidate. Except in a timeshare or nonresidential condominium, or if the staggered term of a board member does not expire until a later annual meeting, or if all members’ terms would otherwise expire but there are no candidates, the terms of all board members expire at the annual meeting, and such members may stand for reelection unless prohibited by the bylaws. Board
members may serve terms longer than 1 year if permitted by the
bystlaw or articles of incorporation. A board member may not
serve more than 8 consecutive years unless approved by an
affirmative vote of unit owners representing two-thirds of all
votes cast in the election or unless there are not enough
eligible candidates to fill the vacancies on the board at the
time of the vacancy. Only board service that occurs on or after
July 1, 2018, may be used when calculating a board member’s term
limit. If the number of board members whose terms expire at the
annual meeting equals or exceeds the number of candidates, the
candidates become members of the board effective upon the
adjournment of the annual meeting. Unless the bylaws provide
otherwise, any remaining vacancies shall be filled by the
affirmative vote of the majority of the directors making up the
newly constituted board even if the directors constitute less
than a quorum or there is only one director. In a residential
condominium association of more than 10 units or in a
residential condominium association that does not include
timeshare units or timeshare interests, co-owners of a unit may
not serve as members of the board of directors at the same time
unless they own more than one unit or unless there are not
enough eligible candidates to fill the vacancies on the board at
the time of the vacancy. A unit owner in a residential
condominium desiring to be a candidate for board membership must
comply with sub-subparagraph 4.a. and must be eligible to be a
candidate to serve on the board of directors at the time of the
deadline for submitting a notice of intent to run in order to
have his or her name listed as a proper candidate on the ballot
or to serve on the board. A person who has been suspended or
removed by the division under this chapter, or who is delinquent in the payment of any assessment due to the association, is not eligible to be a candidate for board membership and may not be listed on the ballot. For purposes of this paragraph, a person is delinquent if a payment is not made by the due date as specifically identified in the declaration of condominium, bylaws, or articles of incorporation. If a due date is not specifically identified in the declaration of condominium, bylaws, or articles of incorporation, the due date is the first day of the assessment period. A person who has been convicted of any felony in this state or in a United States District or Territorial Court, or who has been convicted of any offense in another jurisdiction which would be considered a felony if committed in this state, is not eligible for board membership unless such felon’s civil rights have been restored for at least 5 years as of the date such person seeks election to the board. The validity of an action by the board is not affected if it is later determined that a board member is ineligible for board membership due to having been convicted of a felony. This subparagraph does not limit the term of a member of the board of a nonresidential or timeshare condominium.

3. The bylaws must provide the method of calling meetings of unit owners, including annual meetings. Written notice of an annual meeting must include an agenda; be mailed, hand delivered, or electronically transmitted to each unit owner at least 14 days before the annual meeting; and be posted in a conspicuous place on the condominium property or association property at least 14 continuous days before the annual meeting. Written notice of a meeting other than an annual meeting must
include an agenda; be mailed, hand delivered, or electronically transmitted to each unit owner; and be posted in a conspicuous place on the condominium property or association property within the timeframe specified in the bylaws. If the bylaws do not specify a timeframe for written notice of a meeting other than an annual meeting, notice must be provided at least 14 continuous days before the meeting. Upon notice to the unit owners, the board shall, by duly adopted rule, designate a specific location on the condominium property or association property where all notices of unit owner meetings must be posted. This requirement does not apply if there is no condominium property for posting notices. In lieu of, or in addition to, the physical posting of meeting notices, the association may, by reasonable rule, adopt a procedure for conspicuously posting and repeatedly broadcasting the notice and the agenda on a closed-circuit cable television system serving the condominium association. However, if broadcast notice is used in lieu of a notice posted physically on the condominium property, the notice and agenda must be broadcast at least four times every broadcast hour of each day that a posted notice is otherwise required under this section. If broadcast notice is provided, the notice and agenda must be broadcast in a manner and for a sufficient continuous length of time so as to allow an average reader to observe the notice and read and comprehend the entire content of the notice and the agenda. In addition to any of the authorized means of providing notice of a meeting of the board, the association may, by rule, adopt a procedure for conspicuously posting the meeting notice and the agenda on a website serving the condominium association for at least the
minimum period of time for which a notice of a meeting is also required to be physically posted on the condominium property. Any rule adopted shall, in addition to other matters, include a requirement that the association send an electronic notice in the same manner as a notice for a meeting of the members, which must include a hyperlink to the website where the notice is posted, to unit owners whose e-mail addresses are included in the association’s official records. Unless a unit owner waives in writing the right to receive notice of the annual meeting, such notice must be hand delivered, mailed, or electronically transmitted to each unit owner. Notice for meetings and notice for all other purposes must be mailed to each unit owner at the address last furnished to the association by the unit owner, or hand delivered to each unit owner. However, if a unit is owned by more than one person, the association must provide notice to the address that the developer identifies for that purpose and thereafter as one or more of the owners of the unit advise the association in writing, or if no address is given or the owners of the unit do not agree, to the address provided on the deed of record. An officer of the association, or the manager or other person providing notice of the association meeting, must provide an affidavit or United States Postal Service certificate of mailing, to be included in the official records of the association affirming that the notice was mailed or hand delivered in accordance with this provision.

4. The members of the board of a residential condominium shall be elected by written ballot or voting machine. Proxies may not be used in electing the board in general elections or elections to fill vacancies caused by recall, resignation, or
otherwise, unless otherwise provided in this chapter. This subparagraph does not apply to an association governing a timeshare condominium.

a. At least 60 days before a scheduled election, the association shall mail, deliver, or electronically transmit, by separate association mailing or included in another association mailing, delivery, or transmission, including regularly published newsletters, to each unit owner entitled to a vote, a first notice of the date of the election. A unit owner or other eligible person desiring to be a candidate for the board must give written notice of his or her intent to be a candidate to the association at least 40 days before a scheduled election. Together with the written notice and agenda as set forth in subparagraph 3., the association shall mail, deliver, or electronically transmit a second notice of the election to all unit owners entitled to vote, together with a ballot that lists all candidates not less than 14 days or more than 34 days before the date of the election. Upon request of a candidate, an information sheet, no larger than 8 1/2 inches by 11 inches, which must be furnished by the candidate at least 35 days before the election, must be included with the mailing, delivery, or transmission of the ballot, with the costs of mailing, delivery, or electronic transmission and copying to be borne by the association. The association is not liable for the contents of the information sheets prepared by the candidates. In order to reduce costs, the association may print or duplicate the information sheets on both sides of the paper. The division shall by rule establish voting procedures consistent with this sub-subparagraph, including rules establishing procedures for
giving notice by electronic transmission and rules providing for the secrecy of ballots. Elections shall be decided by a plurality of ballots cast. There is no quorum requirement; however, at least 20 percent of the eligible voters must cast a ballot in order to have a valid election. A unit owner may not authorize any other person to vote his or her ballot, and any ballots improperly cast are invalid. A unit owner who violates this provision may be fined by the association in accordance with s. 718.303. A unit owner who needs assistance in casting the ballot for the reasons stated in s. 101.051 may obtain such assistance. The regular election must occur on the date of the annual meeting. Notwithstanding this sub-subparagraph, an election is not required unless more candidates file notices of intent to run or are nominated than board vacancies exist.

b. Within 90 days after being elected or appointed to the board of an association of a residential condominium, each newly elected or appointed director shall do both of the following:

(I) Certify by affidavit in writing to the secretary of the association that he or she has read the association’s declaration of condominium, articles of incorporation, bylaws, and current written policies; that he or she will work to uphold such documents and policies to the best of his or her ability; and that he or she will faithfully discharge his or her fiduciary responsibility to the association’s members. In lieu of this written certification, within 90 days after being elected or appointed to the board, the newly elected or appointed director may

(II) Submit a certificate of having satisfactorily completed the educational curriculum administered by a division-
approved condominium education provider within 1 year before or 90 days after the date of election or appointment. The affidavit and written certification or educational certificate is valid and does not have to be resubmitted as long as the director serves on the board without interruption.

A director of an association of a residential condominium who fails to timely file the affidavit and written certification or educational certificate is suspended from service on the board until he or she complies with this sub-subparagraph. The board may temporarily fill the vacancy during the period of suspension. The secretary shall require the association to retain a director’s affidavit and written certification or educational certificate for inspection by the members for 5 years after a director’s election or the duration of the director’s uninterrupted tenure, whichever is longer. Failure to have such affidavit and written certification or educational certificate on file does not affect the validity of any board action.

c. Any challenge to the election process must be commenced within 60 days after the election results are announced.

5. Any approval by unit owners called for by this chapter or the applicable declaration or bylaws, including, but not limited to, the approval requirement in s. 718.111(8), must be made at a duly noticed meeting of unit owners and is subject to all requirements of this chapter or the applicable condominium documents relating to unit owner decisionmaking, except that unit owners may take action by written agreement, without meetings, on matters for which action by written agreement
without meetings is expressly allowed by the applicable bylaws or declaration or any law that provides for such action.

6. Unit owners may waive notice of specific meetings if allowed by the applicable bylaws or declaration or any law. Notice of meetings of the board of administration, unit owner meetings, except unit owner meetings called to recall board members under paragraph (j), and committee meetings may be given by electronic transmission to unit owners who consent to receive notice by electronic transmission. A unit owner who consents to receiving notices by electronic transmission is solely responsible for removing or bypassing filters that block receipt of mass e-mails sent to members on behalf of the association in the course of giving electronic notices.

7. Unit owners have the right to participate in meetings of unit owners with reference to all designated agenda items. However, the association may adopt reasonable rules governing the frequency, duration, and manner of unit owner participation.

8. A unit owner may tape record or videotape a meeting of the unit owners subject to reasonable rules adopted by the division.

9. Unless otherwise provided in the bylaws, any vacancy occurring on the board before the expiration of a term may be filled by the affirmative vote of the majority of the remaining directors, even if the remaining directors constitute less than a quorum, or by the sole remaining director. In the alternative, a board may hold an election to fill the vacancy, in which case the election procedures must conform to sub-subparagraph 4.a. unless the association governs 10 units or fewer and has opted out of the statutory election process, in which case the bylaws
of the association control. Unless otherwise provided in the bylaws, a board member appointed or elected under this section shall fill the vacancy for the unexpired term of the seat being filled. Filling vacancies created by recall is governed by paragraph (j) and rules adopted by the division.

10. This chapter does not limit the use of general or limited proxies, require the use of general or limited proxies, or require the use of a written ballot or voting machine for any agenda item or election at any meeting of a timeshare condominium association or nonresidential condominium association.

Notwithstanding subparagraph (b)2. and sub-subparagraph 4.a., an association of 10 or fewer units may, by affirmative vote of a majority of the total voting interests, provide for different voting and election procedures in its bylaws, which may be by a proxy specifically delineating the different voting and election procedures. The different voting and election procedures may provide for elections to be conducted by limited or general proxy.

(f) Annual budget.—
1. The proposed annual budget of estimated revenues and expenses must be detailed and must show the amounts budgeted by accounts and expense classifications, including, at a minimum, any applicable expenses listed in s. 718.504(21). The board shall adopt the annual budget at least 14 days prior to the start of the association’s fiscal year. In the event that the board fails to timely adopt the annual budget a second time, it shall be deemed a minor violation and the prior year’s budget
shall continue in effect until a new budget is adopted. A multicondominium association shall adopt a separate budget of common expenses for each condominium the association operates and shall adopt a separate budget of common expenses for the association. In addition, if the association maintains limited common elements with the cost to be shared only by those entitled to use the limited common elements as provided for in s. 718.113(1), the budget or a schedule attached to it must show the amount budgeted for this maintenance. If, after turnover of control of the association to the unit owners, any of the expenses listed in s. 718.504(21) are not applicable, they need not be listed.

2.a. In addition to annual operating expenses, the budget must include reserve accounts for capital expenditures and deferred maintenance. These accounts must include, but are not limited to, the maintenance and replacement of the condominium property identified in s. 718.301(4)(p) roof replacement, building painting, and pavement resurfacing, regardless of the amount of deferred maintenance expense or replacement cost, and any other item that has a deferred maintenance expense or replacement cost that exceeds $10,000. The amount to be reserved must be computed using a formula based upon estimated remaining useful life and estimated replacement cost or deferred maintenance expense of each reserve item. The association may adjust replacement reserve assessments annually to take into account any changes in estimates or extension of the useful life of a reserve item caused by deferred maintenance. This subsection does not apply to an adopted budget in which the members of an association have determined, by a majority vote of
all the voting interests, voting in person or by proxy at a duly
called meeting of the association, to provide no reserves or
less reserves than required by this subsection.

b. Before turnover of control of an association by a
developer to unit owners other than a developer pursuant to s.
718.301, the developer may vote the voting interests allocated
to its units to waive the reserves or reduce the funding of
reserves through the period expiring at the end of the second
fiscal year after the fiscal year in which the certificate of a
surveyor and mapper is recorded pursuant to s. 718.104(4)(e) or
an instrument that transfers title to a unit in the condominium
which is not accompanied by a recorded assignment of developer
rights in favor of the grantee of such unit is recorded,
whichever occurs first, after which time reserves may be waived
or reduced only upon the vote of a majority of all nondeveloper
voting interests voting in person or by limited proxy at a duly
called meeting of the association. If an association is required
to perform a reserve study under subparagraph 3., the developer
may vote to waive reserve contributions or reduce reserve
funding only if the association’s reserve obligations are funded
consistent with the reserve study currently in effect or if the
association provides an alternative funding method for the
association’s reserve obligations. If a meeting of the unit
owners has been called to determine whether to waive or reduce
the funding of reserves and no such result is achieved or a
quorum is not attained, the reserves included in the budget
shall go into effect. After the turnover, the developer may vote
its voting interest to waive or reduce the funding of reserves.

3. Effective January 1, 2024, unless the declaration of
condominium, articles of incorporation, or bylaws provide for a more frequent reserve study, an association with a residential condominium building that is three stories or more in height and subject to the milestone inspection requirements in s. 553.899 must have a study conducted of the reserves required to maintain, repair, replace, and restore the condominium property identified in s. 718.301(4)(p) at least every 3 years. The board shall review the results of such study at least annually to determine if reserves are sufficient to meet the association’s reserve obligations and to make any adjustments the board deems necessary to maintain reserves, as appropriate. The division shall adopt rules setting forth uniform financial standards and forms for reserve studies. The reserve study must include, without limitation:

a. A summary of any inspection of the major components of the condominium property identified in s. 718.301(4)(p) and any other portion of the condominium property that the association is obligated to maintain, repair, replace, or restore;

b. If applicable, a summary of the findings and recommendations of the milestone inspection report required under s. 553.899 and any other structural or life safety inspection of the condominium property considered in the reserve study;

c. An identification of the structural components of the building for which necessary reserves may be reasonably projected and an identification of the structural components of the building with an indefinite useful life for which a reasonable determination of necessary reserves may not be estimated;
d. An estimate of the useful life of the structural components of the building identified in s. 718.301(4)(p) for which an estimate of useful life may be determined as attested to by a licensed architect or engineer in the turnover inspection required under s. 718.301(4)(p), a milestone inspection, or any other structural or life safety inspection of the condominium property;

e. An estimate of the remaining useful life of any other portion of the condominium property that the association is obligated to maintain, repair, replace, or restore;

f. An estimate of the cost of maintenance, repair, replacement, or restoration of each major component of the condominium property identified in s. 718.301(4)(p) and any other portion of the condominium property identified pursuant to sub-subparagraph c.;

g. An estimate of the total annual assessment that may be necessary to cover the cost of maintaining, repairing, replacing, or restoring the major components of the condominium property identified in s. 718.301(4)(p) and any other portion of the condominium property identified pursuant to sub-subparagraph c., and an estimate of the funding plan, including any alternative funding method, which may be necessary to provide adequate funding for the required reserves; and

h. A schedule for the full funding of reserves. A reserve account is fully funded when the actual or projected reserve balance in the reserve account is equal in direct proportion to the fraction of useful life for a given component or components multiplied by the current replacement costs for the component or components.
4. The annual budget must, at minimum:
   a. Identify all items for which reserves are or will be established;
   b. Provide an estimate of the maintenance, repair, and replacement costs for the structural components for which an estimate of useful life may be determined;
   c. Identify any structural component for which a reserve account is not established or reserves are not funded, because the useful life of the component cannot be determined;
   d. As of the beginning of the fiscal year for which the budget is prepared, identify the current amount of accumulated funds for each reserve component or, if the pooling method is used, the amount of the accumulated pooled funds;
   e. Provide a description of the funding plan for the reserve funding obligations of the association, including the use of regular assessments, special assessments, and any other alternative funding method; and
   f. Provide a description of the procedures used for the estimation and accumulation of reserves pursuant to this paragraph, the identity of any independent third party who conducted the reserve study on behalf of the association, and the extent to which the association is funding its reserve obligations consistent with the reserve study currently in effect.

5. Reserve funds and any interest accruing thereon shall remain in the reserve account or accounts, and may be used only for authorized reserve expenditures unless their use for other purposes is approved in advance by a majority vote of all voting interests, voting in person or by limited proxy at a duly called
meeting of the association; provided that the use of reserve funds for a purpose other than authorized reserve expenditures is authorized in the exercise of the association’s emergency powers under s. 718.1265. Before turnover of control of an association by a developer to unit owners other than the developer pursuant to s. 718.301, the developer-controlled association may not vote to use reserves for purposes other than those for which they were intended without the approval of a majority of all nondeveloper voting interests, voting in person or by limited proxy at a duly called meeting of the association.

6.a. The only voting interests that are eligible to vote on questions that involve waiving or reducing the funding of reserves, or using existing reserve funds for purposes other than purposes for which the reserves were intended, are the voting interests of the units subject to assessment to fund the reserves in question. Proxy questions relating to waiving or reducing the funding of reserves or using existing reserve funds for purposes other than purposes for which the reserves were intended must contain the following statement in capitalized, bold letters in a font size larger than any other used on the face of the proxy ballot: WAIVING OF RESERVES, IN WHOLE OR IN PART, OR ALLOWING ALTERNATIVE USES OF EXISTING RESERVES MAY RESULT IN UNIT OWNER LIABILITY FOR PAYMENT OF UNANTICIPATED SPECIAL ASSESSMENTS REGARDING THOSE ITEMS.

b. If the association has voted to waive reserves or to use existing reserve funds for purposes other than the purposes for which the reserves were intended, the budget must contain the following statement in conspicuous type: THE OWNERS HAVE ELECTED TO WAIVE RESERVES, IN WHOLE OR IN PART, OR ALLOWED ALTERNATIVE
USES OF EXISTING RESERVES UNDER SECTION 718.112(2)(f), FLORIDA STATUTES. THE WAIVING OR ALTERNATIVE USE OF RESERVE FUNDS MAY RESULT IN UNIT OWNER LIABILITY FOR PAYMENT OF UNANTICIPATED SPECIAL ASSESSMENTS REGARDING THOSE ITEMS.

c. On or after January 1, 2026, if the association is required to perform a reserve study under this paragraph and the budget of the association does not fund the association’s reserve obligations consistent with the reserve study currently in effect, the budget must also contain the following statement in conspicuous type: THE ASSOCIATION’S LAST RESERVE STUDY IS DATED ..... THE RESERVE AMOUNT BUDGETED AND/OR COLLECTED IS LESS THAN REQUIRED BY THE RESERVE STUDY SCHEDULE. FAILURE TO FUND RESERVES CONSISTENT WITH THE ASSOCIATION’S RESERVE STUDY MAY RESULT IN UNANTICIPATED SPECIAL ASSESSMENTS REGARDING THOSE ITEMS.

(p) Mandatory milestone inspections.—If an association is required to have a milestone inspection performed pursuant to s. 553.899, the association must arrange for the milestone inspection to be performed and is responsible for ensuring compliance with the requirements of s. 553.899. The association is responsible for all costs associated with the inspection. Upon completion of a phase one or phase two milestone inspection and receipt of the inspector-prepared summary of the inspection report from the architect or engineer who performed the inspection, the association must distribute a copy of the inspector-prepared summary of the inspection report to each unit owner, regardless of the findings or recommendations in the report, by United States mail or personal delivery; must post a copy of the inspector-prepared summary in a conspicuous place on
the condominium property; and must publish the full report and
inspector-prepared summary on the association’s website, if the
association is required to have a website.

Section 5. Present subsections (4) through (9) of section
718.113, Florida Statutes, are redesignated as subsections (5)
through (10), respectively, a new subsection (4) is added to
that section, and subsections (1) and (2) of that section are
amended, to read:

718.113 Maintenance; limitation upon improvement; display
of flag; hurricane shutters and protection; display of religious
decorations.—

(1) Maintenance of the common elements is the
responsibility of the association, except for any maintenance
responsibility for limited common elements assigned to the unit
owner by the declaration. The association shall provide for the
maintenance, repair, and replacement of the condominium property
for which it bears responsibility. After turnover of control of
the association to the unit owners, the association must perform
any required maintenance identified by the developer pursuant to
s. 718.301(4)(p) until the association obtains new maintenance
protocols from a licensed professional engineer or architect.
The declaration may provide that certain limited common elements
shall be maintained by those entitled to use the limited common
elements or that the association shall provide the maintenance,
either as a common expense or with the cost shared only by those
entitled to use the limited common elements. If the maintenance
is to be by the association at the expense of only those
entitled to use the limited common elements, the declaration
shall describe in detail the method of apportioning such costs
among those entitled to use the limited common elements, and the association may use the provisions of s. 718.116 to enforce payment of the shares of such costs by the unit owners entitled to use the limited common elements.

(2)(a) Except as otherwise provided in this section, there shall be no material alteration or substantial additions to the common elements or to real property which is association property, except in a manner provided in the declaration as originally recorded or as amended under the procedures provided therein. If the declaration as originally recorded or as amended under the procedures provided therein does not specify the procedure for approval of material alterations or substantial additions, 75 percent of the total voting interests of the association must approve the alterations or additions before the material alterations or substantial additions are commenced. This paragraph is intended to clarify existing law and applies to associations existing on July 1, 2018.

(b) There shall not be any material alteration of, or substantial addition to, the common elements of any condominium operated by a multicondominium association unless approved in the manner provided in the declaration of the affected condominium or condominiums as originally recorded or as amended under the procedures provided therein. If a declaration as originally recorded or as amended under the procedures provided therein does not specify a procedure for approving such an alteration or addition, the approval of 75 percent of the total voting interests of each affected condominium is required before the material alterations or substantial additions are commenced. This subsection does not prohibit a provision in any
declaration, articles of incorporation, or bylaws as originally
recorded or as amended under the procedures provided therein
requiring the approval of unit owners in any condominium
operated by the same association or requiring board approval
before a material alteration or substantial addition to the
common elements is permitted. This paragraph is intended to
clarify existing law and applies to associations existing on
July 1, 2018.

(c) There shall not be any material alteration or
substantial addition made to association real property operated
by a multicondominium association, except as provided in the
declaration, articles of incorporation, or bylaws as originally
recorded or as amended under the procedures provided therein. If
the declaration, articles of incorporation, or bylaws as
originally recorded or as amended under the procedures provided
therein do not specify the procedure for approving an alteration
or addition to association real property, the approval of 75
percent of the total voting interests of the association is
required before the material alterations or substantial
additions are commenced. This paragraph is intended to clarify
existing law and applies to associations existing on July 1,
2018.

(d) The necessary maintenance, repair, or replacement of
condominium property is not a material alteration or substantial
addition requiring unit owner approval.

(4) The association is not liable for alternative housing
costs, lost rent, or other expenses if a unit must be vacated in
whole or in part or if access to a common element is denied for
necessary maintenance, repair, or replacement of condominium

CODING: Words struck are deletions; words underlined are additions.
Section 6. Paragraphs (a) and (e) of subsection (1) of section 718.115, Florida Statutes, are amended to read:

718.115 Common expenses and common surplus.—

(1)(a) Common expenses include the expenses of the operation, maintenance, repair, replacement, or protection of the common elements and association property, costs of carrying out the powers and duties of the association, and any other expense, whether or not included in the foregoing, designated as common expense by this chapter, the declaration, the documents creating the association, or the bylaws. Common expenses also include reasonable transportation services, insurance for directors and officers, road maintenance and operation expenses, in-house communications, and security services, which are reasonably related to the general benefit of the unit owners even if such expenses do not attach to the common elements or property of the condominium. However, such common expenses must either have been services or items provided on or after the date control of the association is transferred from the developer to the unit owners or must be services or items provided for in the condominium documents or bylaws. Unless the manner of payment or allocation of expenses is otherwise addressed in the declaration of condominium, the expenses of any items or services required by any federal, state, or local governmental entity to be installed, maintained, or supplied to the condominium property by the association, including, but not limited to, firesafety equipment or water and sewer service where a master meter serves the condominium, shall be common expenses whether or not such items or services are specifically identified as common expenses.
in the declaration of condominium, articles of incorporation, or bylaws of the association. **Notwithstanding any provision in a declaration, the articles of incorporation, or the bylaws requiring, prohibiting, or limiting a board of administration’s authority to adopt a special assessment or to borrow money on behalf of the association, including any provision in a declaration, the articles of incorporation, or the bylaws requiring unit owner voting or approval, the board may adopt a special assessment or borrow money for the necessary maintenance, repair, or replacement of condominium property.**

(e) The expense of installation, replacement, operation, repair, and maintenance of hurricane shutters, impact glass, code-compliant windows or doors, or other types of code-compliant hurricane protection by the board pursuant to s. 718.113(6) or 718.113(5) constitutes a common expense and shall be collected as provided in this section if the association is responsible for the maintenance, repair, and replacement of the hurricane shutters, impact glass, code-compliant windows or doors, or other types of code-compliant hurricane protection pursuant to the declaration of condominium. However, if the maintenance, repair, and replacement of the hurricane shutters, impact glass, code-compliant windows or doors, or other types of code-compliant hurricane protection are the responsibility of the unit owners pursuant to the declaration of condominium, the cost of the installation of the hurricane shutters, impact glass, code-compliant windows or doors, or other types of code-compliant hurricane protection is not a common expense and shall be charged individually to the unit owners based on the cost of installation of the hurricane shutters, impact glass, code-
compliant windows or doors, or other types of code-compliant hurricane protection appurtenant to the unit. Notwithstanding s. 718.116(9), and regardless of whether or not the declaration requires the association or unit owners to maintain, repair, or replace hurricane shutters, impact glass, code-compliant windows or doors, or other types of code-compliant hurricane protection, a unit owner who has previously installed hurricane shutters in accordance with s. 718.113(6) s. 718.113(5) that comply with the current applicable building code shall receive a credit when the shutters are installed; a unit owner who has previously installed impact glass or code-compliant windows or doors that comply with the current applicable building code shall receive a credit when the impact glass or code-compliant windows or doors are installed; and a unit owner who has installed other types of code-compliant hurricane protection that comply with the current applicable building code shall receive a credit when the same type of other code-compliant hurricane protection is installed, and the credit shall be equal to the pro rata portion of the assessed installation cost assigned to each unit. However, such unit owner remains responsible for the pro rata share of expenses for hurricane shutters, impact glass, code-compliant windows or doors, or other types of code-compliant hurricane protection installed on common elements and association property by the board pursuant to s. 718.113(6) s. 718.113(5) and remains responsible for a pro rata share of the expense of the replacement, operation, repair, and maintenance of such shutters, impact glass, code-compliant windows or doors, or other types of code-compliant hurricane protection.

Section 7. Subsections (1) and (5) of section 718.1255,
Florida Statutes, are amended to read:

718.1255 Alternative dispute resolution; mediation; nonbinding arbitration; applicability.—

(1) DEFINITIONS.—As used in this section, the term “dispute” means any disagreement between two or more parties that involves:

(a) The authority of the board of directors, under this chapter or association document, to:

1. Require any owner to take any action, or not to take any action, involving that owner’s unit or the appurtenances thereto.

2. Alter or add to a common area or element.

(b) The failure of a governing body, when required by this chapter or an association document, to:

1. Properly conduct elections.

2. Give adequate notice of meetings or other actions.

3. Properly conduct meetings.

4. Allow inspection of books and records.

(c) A plan of termination pursuant to s. 718.117.

(d) The failure of a governing body, when required by this chapter or an association document, to:

1. Perform a structural or life safety inspection, including the milestone inspection required under s. 553.899.

2. Perform a reserve study as required by law or the declaration, articles of incorporation, or bylaws.

3. Fund reserves as required by law or the declaration, articles of incorporation, or bylaws.

4. Make or provide necessary maintenance or repairs of condominium property.

1549 governance form. Such form shall be provided by the division
1550 summarizing governance of condominium associations. In addition

1552 prospective purchaser in understanding association governance,
1554 the governance form shall address the following subjects:

Section 10. Paragraph (f) of subsection (24) of section 718.504, Florida Statutes, is amended, and paragraph (q) is
added to that subsection, to read:

718.504 Prospectus or offering circular.—Every developer of a residential condominium which contains more than 20 residential units, or which is part of a group of residential condominiums which will be served by property to be used in common by unit owners of more than 20 residential units, shall prepare a prospectus or offering circular and file it with the Division of Florida Condominiums, Timeshares, and Mobile Homes prior to entering into an enforceable contract of purchase and sale of any unit or lease of a unit for more than 5 years and shall furnish a copy of the prospectus or offering circular to each buyer. In addition to the prospectus or offering circular, each buyer shall be furnished a separate page entitled “Frequently Asked Questions and Answers,” which shall be in accordance with a format approved by the division and a copy of the financial information required by s. 718.111. This page shall, in readable language, inform prospective purchasers regarding their voting rights and unit use restrictions, including restrictions on the leasing of a unit; shall indicate whether and in what amount the unit owners or the association is obligated to pay rent or land use fees for recreational or other commonly used facilities; shall contain a statement identifying that amount of assessment which, pursuant to the budget, would be levied upon each unit type, exclusive of any special assessments, and which shall further identify the basis upon which assessments are levied, whether monthly, quarterly, or otherwise; shall state and identify any court cases in which the association is currently a party of record in which the association may face liability in excess of $100,000; and which
shall further state whether membership in a recreational facilities association is mandatory, and if so, shall identify the fees currently charged per unit type. The division shall by rule require such other disclosure as in its judgment will assist prospective purchasers. The prospectus or offering circular may include more than one condominium, although not all such units are being offered for sale as of the date of the prospectus or offering circular. The prospectus or offering circular must contain the following information:

(24) Copies of the following, to the extent they are applicable, shall be included as exhibits:

(f) The estimated operating budget for the condominium and the required schedule of unit owners’ expenses, and the most recent reserve study required under s. 718.112(2)(f)3., along with the statements in the budget indicating the status of the reserves required under s. 718.112(2)(f)6., if applicable, or a statement in conspicuous type indicating that the association has not completed the required reserve study or that the association is not required to perform a reserve study, as applicable.

Section 11. Present subsections (1) through (28) of section 719.103, Florida Statutes, are redesignated as subsections (2) through (29), respectively, and a new subsection (1) is added to that section, to read:

719.103 Definitions.—As used in this chapter:

(1) “Alternative funding method” means a method for the
funding of a reserve account by other than an assessment or
special assessment which may reasonably be expected to fully
satisfy the association’s reserve funding obligations,
including, but not limited to, payments into the reserve account
by a developer who is offering units, or any other method
approved by the division.

Section 12. Present subsections (5) through (11) of section
719.104, Florida Statutes, are redesignated as subsections (6)
through (12), respectively, a new subsection (5) is added to
that section, and paragraphs (a) and (c) of subsection (2) and
paragraph (a) of subsection (4) of that section are amended, to
read:

719.104 Cooperatives; access to units; records; financial
reports; assessments; purchase of leases.—

(2) OFFICIAL RECORDS.—

(a) From the inception of the association, the association
shall maintain a copy of each of the following, where
applicable, which shall constitute the official records of the
association:

1. The plans, permits, warranties, and other items provided
by the developer pursuant to s. 719.301(4).

2. A photocopy of the cooperative documents.

3. A copy of the current rules of the association.

4. A book or books containing the minutes of all meetings
of the association, of the board of directors, and of the unit
owners.

5. A current roster of all unit owners and their mailing
addresses, unit identifications, voting certifications, and, if
known, telephone numbers. The association shall also maintain
the e-mail addresses and the numbers designated by unit owners
for receiving notice sent by electronic transmission of those
unit owners consenting to receive notice by electronic
transmission. The e-mail addresses and numbers provided by unit
owners to receive notice by electronic transmission shall be
removed from association records when consent to receive notice
by electronic transmission is revoked. However, the association
is not liable for an erroneous disclosure of the e-mail address
or the number for receiving electronic transmission of notices.

6. All current insurance policies of the association.

7. A current copy of any management agreement, lease, or
other contract to which the association is a party or under
which the association or the unit owners have an obligation or
responsibility.

8. Bills of sale or transfer for all property owned by the
association.

9. Accounting records for the association and separate
accounting records for each unit it operates, according to good
accounting practices. The accounting records shall include, but
not be limited to:

a. Accurate, itemized, and detailed records of all receipts
and expenditures.

b. A current account and a monthly, bimonthly, or quarterly
statement of the account for each unit designating the name of
the unit owner, the due date and amount of each assessment, the
amount paid upon the account, and the balance due.

c. All audits, reviews, accounting statements, reserve
studies and reserve funding plans, and financial reports of the
association.
d. All contracts for work to be performed. Bids for work to be performed shall also be considered official records and shall be maintained for a period of 1 year.

10. Ballots, sign-in sheets, voting proxies, and all other papers and electronic records relating to voting by unit owners, which shall be maintained for a period of 1 year after the date of the election, vote, or meeting to which the document relates.

11. All rental records where the association is acting as agent for the rental of units.

12. A copy of the current question and answer sheet as described in s. 719.504.

13. All affirmative acknowledgments made pursuant to s. 719.108(3)(b)3.

14. A copy of the inspection reports as described in ss. 553.899 and 719.301(4)(p) and any other inspection report relating to a structural or life safety inspection of the cooperative property. Such record must be maintained by the association for 15 years after receipt of the report.

15. All other written records of the association not specifically included in the foregoing which are related to the operation of the association.

(c) The official records of the association are open to inspection by any association member or the authorized representative of such member at all reasonable times. The right to inspect the records includes the right to make or obtain copies, at the reasonable expense, if any, of the association member. A renter of a unit has a right to inspect and copy only the association’s bylaws and rules and the inspection reports described in ss. 553.899 and 719.301(4)(p). The association may
adopt reasonable rules regarding the frequency, time, location, notice, and manner of record inspections and copying, but may not require a member to demonstrate any purpose or state any reason for the inspection. The failure of an association to provide the records within 10 working days after receipt of a written request creates a rebuttable presumption that the association willfully failed to comply with this paragraph. A member who is denied access to official records is entitled to the actual damages or minimum damages for the association’s willful failure to comply. The minimum damages are $50 per calendar day for up to 10 days, beginning on the 11th working day after receipt of the written request. The failure to permit inspection entitles any person prevailing in an enforcement action to recover reasonable attorney fees from the person in control of the records who, directly or indirectly, knowingly denied access to the records. Any person who knowingly or intentionally defaces or destroys accounting records that are required by this chapter to be maintained during the period for which such records are required to be maintained, or who knowingly or intentionally fails to create or maintain accounting records that are required to be created or maintained, with the intent of causing harm to the association or one or more of its members, is personally subject to a civil penalty under s. 719.501(1)(d). The association shall maintain an adequate number of copies of the declaration, articles of incorporation, bylaws, and rules, and all amendments to each of the foregoing, as well as the question and answer sheet as described in s. 719.504 and year-end financial information required by the department, on the cooperative property to
ensure their availability to members and prospective purchasers, and may charge its actual costs for preparing and furnishing these documents to those requesting the same. An association shall allow a member or his or her authorized representative to use a portable device, including a smartphone, tablet, portable scanner, or any other technology capable of scanning or taking photographs, to make an electronic copy of the official records in lieu of the association providing the member or his or her authorized representative with a copy of such records. The association may not charge a member or his or her authorized representative for the use of a portable device. Notwithstanding this paragraph, the following records shall not be accessible to members:

1. Any record protected by the lawyer-client privilege as described in s. 90.502 and any record protected by the work-product privilege, including any record prepared by an association attorney or prepared at the attorney’s express direction which reflects a mental impression, conclusion, litigation strategy, or legal theory of the attorney or the association, and which was prepared exclusively for civil or criminal litigation or for adversarial administrative proceedings, or which was prepared in anticipation of such litigation or proceedings until the conclusion of the litigation or proceedings.

2. Information obtained by an association in connection with the approval of the lease, sale, or other transfer of a unit.

3. Personnel records of association or management company employees, including, but not limited to, disciplinary, payroll,
health, and insurance records. For purposes of this
subparagraph, the term “personnel records” does not include
written employment agreements with an association employee or
management company, or budgetary or financial records that
indicate the compensation paid to an association employee.

4. Medical records of unit owners.

5. Social security numbers, driver license numbers, credit
card numbers, e-mail addresses, telephone numbers, facsimile
numbers, emergency contact information, addresses of a unit
owner other than as provided to fulfill the association’s notice
requirements, and other personal identifying information of any
person, excluding the person’s name, unit designation, mailing
address, property address, and any address, e-mail address, or
facsimile number provided to the association to fulfill the
association’s notice requirements. Notwithstanding the
restrictions in this subparagraph, an association may print and
distribute to unit owners a directory containing the name, unit
address, and all telephone numbers of each unit owner. However,
an owner may exclude his or her telephone numbers from the
directory by so requesting in writing to the association. An
owner may consent in writing to the disclosure of other contact
information described in this subparagraph. The association is
not liable for the inadvertent disclosure of information that is
protected under this subparagraph if the information is included
in an official record of the association and is voluntarily
provided by an owner and not requested by the association.

6. Electronic security measures that are used by the
association to safeguard data, including passwords.

7. The software and operating system used by the
association which allow the manipulation of data, even if the
owner owns a copy of the same software used by the association.
The data is part of the official records of the association.

8. All affirmative acknowledgments made pursuant to s.
719.108(3)(b)3.

(4) FINANCIAL REPORT.—
(a) Within 90 days following the end of the fiscal or
calendar year or annually on such date as provided in the bylaws
of the association, the board of administration shall prepare
and complete, or contract with a third party to prepare and
complete, a financial report covering the preceding fiscal or
calendar year. Within 21 days after the financial report is
completed by the association or received from the third party,
but no later than 120 days after the end of the fiscal year,
calendar year, or other date provided in the bylaws, the
association shall provide each member with a copy of the annual
financial report or a written notice that a copy of the
financial report is available upon request at no charge to the
member. The division shall adopt rules setting forth uniform
accounting principles, standards, and reporting requirements.
The rules must include, but not be limited to, standards for
presenting a summary of association reserves, including a good
faith estimate disclosing the annual amount of reserve funds
that would be necessary for the association to fully fund
reserves for each reserve item based on the straight-line method
or to fully fund reserves based on the pooling method. In
adopting such rules, the division shall consider the number of
members and annual revenues of an association.

(5) MAINTENANCE.—
(a) Maintenance of the common areas is the responsibility of the association, except for any maintenance responsibility for limited common areas assigned to the unit owner by the cooperative documents. The association shall provide for the maintenance, repair, and replacement of the cooperative property for which it bears responsibility. After turnover of control of the association to the unit owners, the association must perform any required maintenance identified by the developer pursuant to s. 719.301(4)(p) until the association obtains new maintenance protocols from a licensed professional engineer or architect.

(b) The necessary maintenance, repair, or replacement of cooperative property is not a material alteration or substantial addition requiring unit owner approval.

(c) The association is not liable for alternative housing costs, lost rent, or other expenses if a unit must be vacated in whole or in part or if access is denied to a common area for necessary maintenance, repair, or replacement of cooperative property.

Section 13. Paragraphs (d) and (j) of subsection (1) of section 719.106, Florida Statutes, are amended, and paragraph (n) is added to that subsection, to read:

719.106 Bylaws; cooperative ownership.—

(1) MANDATORY PROVISIONS.—The bylaws or other cooperative documents shall provide for the following, and if they do not, they shall be deemed to include the following:

(d) Shareholder meetings.—There shall be an annual meeting of the shareholders. All members of the board of administration shall be elected at the annual meeting unless the bylaws provide for staggered election terms or for their election at another
meeting. Any unit owner desiring to be a candidate for board membership must comply with subparagraph 1. The bylaws must provide the method for calling meetings, including annual meetings. Written notice, which must incorporate an identification of agenda items, shall be given to each unit owner at least 14 days before the annual meeting and posted in a conspicuous place on the cooperative property at least 14 continuous days preceding the annual meeting. Upon notice to the unit owners, the board must by duly adopted rule designate a specific location on the cooperative property upon which all notice of unit owner meetings are posted. In lieu of or in addition to the physical posting of the meeting notice, the association may, by reasonable rule, adopt a procedure for conspicuously posting and repeatedly broadcasting the notice and the agenda on a closed-circuit cable television system serving the cooperative association. However, if broadcast notice is used in lieu of a posted notice, the notice and agenda must be broadcast at least four times every broadcast hour of each day that a posted notice is otherwise required under this section. If broadcast notice is provided, the notice and agenda must be broadcast in a manner and for a sufficient continuous length of time to allow an average reader to observe the notice and read and comprehend the entire content of the notice and the agenda. In addition to any of the authorized means of providing notice of a meeting of the shareholders, the association may, by rule, adopt a procedure for conspicuously posting the meeting notice and the agenda on a website serving the cooperative association for at least the minimum period of time for which a notice of a meeting is also required to be physically posted on the
cooperative property. Any rule adopted shall, in addition to other matters, include a requirement that the association send an electronic notice in the same manner as a notice for a meeting of the members, which must include a hyperlink to the website where the notice is posted, to unit owners whose e-mail addresses are included in the association’s official records. Unless a unit owner waives in writing the right to receive notice of the annual meeting, the notice of the annual meeting must be sent by mail, hand delivered, or electronically transmitted to each unit owner. An officer of the association must provide an affidavit or United States Postal Service certificate of mailing, to be included in the official records of the association, affirming that notices of the association meeting were mailed, hand delivered, or electronically transmitted, in accordance with this provision, to each unit owner at the address last furnished to the association.

1. The board of administration shall be elected by written ballot or voting machine. A proxy may not be used in electing the board of administration in general elections or elections to fill vacancies caused by recall, resignation, or otherwise unless otherwise provided in this chapter.

a. At least 60 days before a scheduled election, the association shall mail, deliver, or transmit, whether by separate association mailing, delivery, or electronic transmission or included in another association mailing, delivery, or electronic transmission, including regularly published newsletters, to each unit owner entitled to vote, a first notice of the date of the election. Any unit owner or other eligible person desiring to be a candidate for the board
of administration must give written notice to the association at least 40 days before a scheduled election. Together with the written notice and agenda as set forth in this section, the association shall mail, deliver, or electronically transmit a second notice of election to all unit owners entitled to vote, together with a ballot that lists all candidates. Upon request of a candidate, the association shall include an information sheet, no larger than 8 1/2 inches by 11 inches, which must be furnished by the candidate at least 35 days before the election, to be included with the mailing, delivery, or electronic transmission of the ballot, with the costs of mailing, delivery, or transmission and copying to be borne by the association. The association is not liable for the contents of the information sheets provided by the candidates. In order to reduce costs, the association may print or duplicate the information sheets on both sides of the paper. The division shall by rule establish voting procedures consistent with this subparagraph, including rules establishing procedures for giving notice by electronic transmission and rules providing for the secrecy of ballots. Elections shall be decided by a plurality of those ballots cast. There is no quorum requirement. However, at least 20 percent of the eligible voters must cast a ballot in order to have a valid election. A unit owner may not permit any other person to vote his or her ballot, and any such ballots improperly cast are invalid. A unit owner who needs assistance in casting the ballot for the reasons stated in s. 101.051 may obtain assistance in casting the ballot. Any unit owner violating this provision may be fined by the association in accordance with s. 719.303. The regular election must occur on the date of the annual meeting.
This subparagraph does not apply to timeshare cooperatives. Notwithstanding this subparagraph, an election and balloting are not required unless more candidates file a notice of intent to run or are nominated than vacancies exist on the board. Any challenge to the election process must be commenced within 60 days after the election results are announced.

b. Within 90 days after being elected or appointed to the board, each new director shall do both of the following:

(I) Certify by affidavit in writing to the secretary of the association that he or she has read the association’s bylaws, articles of incorporation, proprietary lease, and current written policies; that he or she will work to uphold such documents and policies to the best of his or her ability; and that he or she will faithfully discharge his or her fiduciary responsibility to the association’s members. Within 90 days after being elected or appointed to the board, in lieu of this written certification, the newly elected or appointed director may

(II) Submit a certificate of having satisfactorily completed the educational curriculum administered by an education provider as approved by the division pursuant to the requirements established in chapter 718 within 1 year before or 90 days after the date of election or appointment. The educational certificate is valid and does not have to be resubmitted as long as the director serves on the board without interruption.

A director who fails to timely file the affidavit and written certification or educational certificate is suspended from
service on the board until he or she complies with this sub-
subparagraph. The board may temporarily fill the vacancy during
the period of suspension. The secretary of the association shall
require the association to retain a director’s affidavit
and written certification or educational certificate for
inspection by the members for 5 years after a director’s
election or the duration of the director’s uninterrupted tenure,
whichever is longer. Failure to have such affidavit and written
certification or educational certificate on file does not affect
the validity of any board action.

2. Any approval by unit owners called for by this chapter,
or the applicable cooperative documents, must be made at a duly
noticed meeting of unit owners and is subject to this chapter or
the applicable cooperative documents relating to unit owner
decisionmaking, except that unit owners may take action by
written agreement, without meetings, on matters for which action
by written agreement without meetings is expressly allowed by
the applicable cooperative documents or law which provides for
the unit owner action.

3. Unit owners may waive notice of specific meetings if
allowed by the applicable cooperative documents or law. Notice
of meetings of the board of administration, shareholder
meetings, except shareholder meetings called to recall board
members under paragraph (f), and committee meetings may be given
by electronic transmission to unit owners who consent to receive
notice by electronic transmission. A unit owner who consents to
receiving notices by electronic transmission is solely
responsible for removing or bypassing filters that may block
receipt of mass emails sent to members on behalf of the
association in the course of giving electronic notices.

4. Unit owners have the right to participate in meetings of unit owners with reference to all designated agenda items. However, the association may adopt reasonable rules governing the frequency, duration, and manner of unit owner participation.

5. Any unit owner may tape record or videotape meetings of the unit owners subject to reasonable rules adopted by the division.

6. Unless otherwise provided in the bylaws, a vacancy occurring on the board before the expiration of a term may be filled by the affirmative vote of the majority of the remaining directors, even if the remaining directors constitute less than a quorum, or by the sole remaining director. In the alternative, a board may hold an election to fill the vacancy, in which case the election procedures must conform to the requirements of subparagraph 1. unless the association has opted out of the statutory election process, in which case the bylaws of the association control. Unless otherwise provided in the bylaws, a board member appointed or elected under this subparagraph shall fill the vacancy for the unexpired term of the seat being filled. Filling vacancies created by recall is governed by paragraph (f) and rules adopted by the division.

Notwithstanding subparagraphs (b)2. and (d)1., an association may, by the affirmative vote of a majority of the total voting interests, provide for a different voting and election procedure in its bylaws, which vote may be by a proxy specifically delineating the different voting and election procedures. The different voting and election procedures may provide for
(j) Annual budget.—

1. The proposed annual budget of common expenses shall be
detailed and shall show the amounts budgeted by accounts and
expense classifications, including, if applicable, but not
limited to, those expenses listed in s. 719.504(20). The board
of administration shall adopt the annual budget at least 14 days
prior to the start of the association’s fiscal year. In the
event that the board fails to timely adopt the annual budget a
second time, it shall be deemed a minor violation and the prior
year’s budget shall continue in effect until a new budget is
adopted.

2. In addition to annual operating expenses, the budget
shall include reserve accounts for capital expenditures and
defered maintenance. These accounts shall include, but not be
limited to, **the maintenance and replacement of the cooperative
property identified in s. 719.301(4)(p)** roof replacement,
building painting, and pavement resurfacing, regardless of the
amount of deferred maintenance expense or replacement cost, and
for any other items for which the deferred maintenance expense
or replacement cost exceeds $10,000. The amount to be reserved
shall be computed by means of a formula which is based upon
estimated remaining useful life and estimated replacement cost
or deferred maintenance expense of each reserve item. The
association may adjust replacement reserve assessments annually
to take into account any changes in estimates or extension of
the useful life of a reserve item caused by deferred
maintenance. This paragraph shall not apply to any budget in
which the members of an association have, at a duly called

meeting of the association and by a majority vote of all the
voting interests, voting in person or by proxy, determined for a
fiscal year to provide no reserves or reserves less adequate
than required by this subsection.

3. However, Prior to turnover of control of an association
by a developer to unit owners other than a developer pursuant to
s. 719.301, the developer may vote to waive the reserves or
reduce the funding of reserves for the first 2 years of the
operation of the association after which time reserves may only
be waived or reduced upon the vote of a majority of all
nondeveloper voting interests voting in person or by limited
proxy at a duly called meeting of the association. If a meeting
of the unit owners has been called to determine to provide no
reserves, or reserves less adequate than required, and such
result is not attained or a quorum is not attained, the reserves
as included in the budget shall go into effect. For an
association that is required to perform a reserve study under
this paragraph, the developer may only vote to waive reserve
contributions or reduce reserve funding if the association’s
reserve obligations are funded consistent with the reserve study
currently in effect or if the association provides an
alternative funding method for the association’s reserve
obligations.

4. Reserve funds and any interest accruing thereon shall
remain in the reserve account or accounts, and shall be used
only for authorized reserve expenditures unless their use for
other purposes is approved in advance by a vote of the majority
of all the voting interests, voting in person or by limited
proxy at a duly called meeting of the association; provided that
the use of reserve funds for a purpose other than authorized
reserve expenditures is authorized in the exercise of the
association’s emergency powers under s. 719.128. Prior to
turnover of control of an association by a developer to unit
owners other than the developer under s. 719.301, the developer
may not vote to use reserves for purposes other than that for
which they were intended without the approval of a majority of
all nondeveloper voting interests, voting in person or by
limited proxy at a duly called meeting of the association.

5. Effective January 1, 2024, unless the cooperative
documents provide for a more frequent reserve study, an
association with a residential cooperative building that is
three stories or more in height and subject to the milestone
inspection requirements in s. 553.899 must have a study
conducted of the reserves required to repair, replace, and
restore the cooperative property identified in s. 719.301(4)(p)
at least every 3 years. The board shall review the results of
such study at least annually to determine if reserves are
sufficient to meet the association’s reserve obligations and to
make any adjustments the board deems necessary to maintain
reserves, as appropriate. The division shall adopt rules setting
forth uniform financial standards and forms for reserve studies.
The reserve study must include, without limitation:

a. A summary of any inspection of the major components of
the cooperative property identified in s. 719.301(4)(p) and any
other portion of the cooperative property that the association
is obligated to maintain, repair, replace, or restore;

b. If applicable, a summary of the findings and
recommendations of the milestone inspection report required
under s. 553.899 and any other structural or life safety inspection of the cooperative property considered in the reserve study;

c. An identification of the structural components of the building for which necessary reserves may be reasonably projected and an identification of the structural components of the building with an indefinite useful life for which a reasonable determination of necessary reserves may not be estimated;

d. An estimate of the useful life of the structural components of the building identified in s. 719.301(4)(p) for which an estimate of useful life may be determined as attested to by a licensed architect or engineer in the turnover inspection required under s. 719.301(4)(p), a milestone inspection, or any other structural or life safety inspection of the cooperative property;

e. An estimate of the remaining useful life of any other portion of the cooperative property that the association is obligated to maintain, repair, replace, or restore;

f. An estimate of the cost of maintenance, repair, replacement, or restoration of each major component of the cooperative property identified in s. 719.301(4)(p) and any other portion of the cooperative property identified pursuant to sub-subparagraph c.;

g. An estimate of the total annual assessment that may be necessary to cover the cost of maintaining, repairing, replacing, or restoring the major components of the cooperative property identified in s. 719.301(4)(p) and any other portion of the cooperative property identified pursuant to sub-subparagraph
c., and an estimate of the funding plan, including any
alternative funding method, which may be necessary to provide
adequate funding for the required reserves; and

h. A schedule for the full funding of reserves. A reserve
account is fully funded when the actual or projected reserve
balance in the reserve account is equal in direct proportion to
the fraction of useful life for a given component or components
multiplied by the current replacement costs for the component or
components.

6. The annual budget must, at minimum:
   a. Identify all items for which reserves are or will be
      established;
   b. Provide an estimate of the maintenance, repair, and
      replacement costs for the structural components for which an
      estimate of useful life may be determined;
   c. Identify any structural component for which a reserve
      account is not established or reserves are not funded, because
      the useful life of the component cannot be determined;
   d. As of the beginning of the fiscal year for which the
      budget is prepared, identify the current amount of accumulated
      funds for each reserve component or, if the pooling method is
      used, the amount of the accumulated pooled funds;
   e. Provide a description of the funding plan for the
      reserve funding obligations of the association, including the
      use of regular assessments, special assessments, and any other
      alternative funding method; and
   f. Provide a description of the procedures used for the
      estimation and accumulation of reserves pursuant to this
      paragraph, the identity of any independent third party who
conducted the reserve study on behalf of the association, and the extent to which the association is funding its reserve obligations consistent with the reserve study currently in effect.

7. If the association has voted to waive reserves or to use existing reserve funds for purposes other than the purposes for which the reserves were intended, the budget must contain the following statement in conspicuous type: THE OWNERS HAVE ELECTED TO WAIVE RESERVES, IN WHOLE OR IN PART, OR ALLOWED ALTERNATIVE USES OF EXISTING RESERVES UNDER SECTION 719.106(1)(j), FLORIDA STATUTES. THE WAIVING OR ALTERNATIVE USE OF RESERVE FUNDS MAY RESULT IN UNIT OWNER LIABILITY FOR PAYMENT OF UNANTICIPATED SPECIAL ASSESSMENTS REGARDING THOSE ITEMS.

8. On or after January 1, 2026, if the association is required to perform a reserve study under this paragraph and the budget of the association does not fund the association’s reserve obligations consistent with the reserve study currently in effect, the budget must also contain the following statement in conspicuous type: THE ASSOCIATION’S LAST RESERVE STUDY IS DATED ...... THE RESERVE AMOUNT BUDGETED AND/OR COLLECTED IS LESS THAN REQUIRED BY THE RESERVE STUDY SCHEDULE. THE BUDGET OF THE ASSOCIATION DOES NOT PROVIDE FOR FULLY FUNDED RESERVE ACCOUNTS FOR CAPITAL EXPENDITURES AND DEFERRED MAINTENANCE CONSISTENT WITH THE ASSOCIATION’S RESERVE STUDY. FAILURE TO FUND RESERVES CONSISTENT WITH THE ASSOCIATION’S RESERVE STUDY MAY RESULT IN UNANTICIPATED SPECIAL ASSESSMENTS REGARDING THOSE ITEMS.

(n) Mandatory milestone inspections.—If an association is required to have a milestone inspection performed pursuant to s. 553.899, the association must arrange for the milestone

2234 inspection to be performed and is responsible for ensuring
2235 compliance with the requirements of s. 553.899. The association
2236 is responsible for all costs associated with the inspection.
2237 Upon completion of a phase one or phase two milestone inspection
2238 and receipt of the inspector-prepared summary of the inspection
2239 report from the architect or engineer who performed the
2240 inspection, the association must distribute a copy of the
2241 inspector-prepared summary of the inspection report to each unit
2242 owner, regardless of the findings or recommendations in the
2243 report, by United States mail or personal delivery; must post a
2244 copy of the inspector-prepared summary in a conspicuous place on
2245 the cooperative property; and must publish the full report and
2246 inspector-prepared summary on the association’s website, if the
2247 association is required to have a website.
2248
2249 Section 14. Paragraph (f) is added to subsection (1) of
2250 section 719.107, Florida Statutes, to read:

2256 documents requiring, prohibiting, or limiting a board of
2257 administration’s authority to adopt a special assessment or to
2258 borrow money on behalf of the association, including any
2259 provision in the cooperative documents requiring unit owner
2260 voting or approval, the board may adopt a special assessment or
2261 borrow money for the necessary maintenance, repair, or
2262 replacement of the cooperative property.
