Be It Enacted by the Legislature of the State of Florida:

Section 1. Paragraph (c) is added to subsection (8) of
section 1001.42, Florida Statutes, to read:

1001.42 Powers and duties of district school board.—The
district school board, acting as a board, shall exercise all
powers and perform all duties listed below:

(8) STUDENT WELFARE.—

(c) In accordance with the rights of parents enumerated
in ss. 1002.20 and 1014.04, adopt procedures for notifying a
student’s parent if there is a change in the student’s services
or monitoring related to the student’s mental, emotional, or
physical health or well-being and the school’s ability to
provide a safe and supportive learning environment for the
student. The procedures must reinforce the fundamental right of
parents to make decisions regarding the upbringing and control
of their children by requiring school district personnel to
encourage a student to discuss issues relating to his or her
well-being with his or her parent or to seek permission to
discuss or facilitate discussion of the issue with the parent.
The procedures must comply with s. 1002.22(2) and may not
prohibit a parent from accessing any of his or her minor child’s
education records created, maintained, or used by the school
district. This paragraph does not limit or alter any obligation
of school district personnel to report suspected abuse,
abandonment, or neglect, as those terms are defined in s. 39.01.

2. A school district may not adopt procedures or student
support forms that require school district personnel to withhold
from a parent information about his or her student’s mental,
emotional, or physical health or well-being, or a change in
related services or monitoring, or that encourage or have the
effect of encouraging a student to withhold from a parent such
information, unless a reasonably prudent person would believe
that such disclosure would result in abuse, abandonment, or
neglect, as those terms are defined in s. 39.01. School district
personnel may not discourage or prohibit parental notification
of and involvement in critical decisions affecting a student’s
mental, emotional, or physical health or well-being.

3. A school district may not encourage classroom discussion
about sexual orientation or gender identity in primary grade
levels or in a manner that is not age-appropriate or
developmentally appropriate for students.

4. A parent of a student may bring an action against a
school district to obtain a declaratory judgment that a school
district procedure or practice violates this paragraph and seek
injunctive relief. A court may award damages and shall award
reasonable attorney fees and court costs to a parent who
receives declaratory or injunctive relief.

5. Student support services training developed or provided
by a school district to school district personnel must adhere to
student services guidelines, standards, and frameworks
Section 2. By June 30, 2023, the Department of Education shall review and update, as necessary, school counseling frameworks and standards; educator practices and professional conduct principles; and any other student services personnel guidelines, standards, or frameworks in accordance with the requirements of this act.

Section 3. This act shall take effect July 1, 2022.
