SUMMARY ANALYSIS

CS/HB 461 passed the House on March 4, 2022. The bill was amended in the Senate on March 4, 2022, and returned to the House. The House concurred in the Senate amendment and subsequently passed the bill as amended on March 10, 2022.

The Florida Bright Futures Scholarship Program (Bright Futures Program) rewards Florida high school graduates who earn high academic achievement and enroll in postsecondary education at an eligible Florida public or private postsecondary institution. Each of the four awards under the Bright Futures Program requires a student to perform a specified number of hours of volunteer service work to meet eligibility requirements.

Under the service work requirements, a student must also identify a civic issue or a professional area of interest, develop a plan of involvement to address the topic, and reflect and report upon the experience. Compensation or academic credit for service work performed by the student is prohibited, unless performed through specified courses.

The bill allows high school students graduating in the 2022-2023 academic year and thereafter, to meet the volunteer service requirements prescribed under each award in the Bright Futures Program through 100 hours of paid work. A student meeting an award requirement through paid work must have approval from the district school board, the administrators of a nonpublic school, or the Department of Education for a home education program student.

The bill requires a student to evaluate and reflect upon his or her volunteer service or paid work experience through papers or other presentations and makes it optional for a student to identify a social or civic issue or a professional area of interest and develop a plan for personal involvement.

The bill has an indeterminate fiscal impact. See Fiscal Comments.

The bill was approved by the Governor on June 27, 2022, ch. 2022-223, L.O.F., and became effective on that date.

I. SUBSTANTIVE INFORMATION

A. EFFECT OF CHANGES:

Florida Bright Futures Scholarship Program

In 1997,¹ the Florida Legislature created the Florida Bright Futures Scholarship Program (Bright Futures Program), a lottery-funded scholarship program, to reward any Florida high school graduate who merits recognition of high academic achievement and who enrolls in a degree program, certificate program, or applied technology program at an eligible Florida public or private postsecondary education institution.²

The Bright Futures Program consists of the following awards:

- Florida Academic Scholarship;
- Florida Medallion Scholarship;
- Florida Gold Seal Career and Professional Education (CAPE) Scholarship; and
- Florida Gold Seal Vocational Scholarship.³

Florida Academic Scholarship and Florida Medallion Scholarship

A Florida high school student who wishes to qualify for the Florida Academic Scholar (FAS) award or the Florida Medallion Scholars (FMS) award must graduate from a Florida public high school with a standard high school diploma, graduate from a registered Florida Department of Education (DOE) private high school, earn a general education diploma (GED), complete a home education program, or graduate from a non-Florida high school as an eligible student.⁴

A student must also meet the following initial eligibility requirements:⁵

Scholarship Type	16 High School Course Credits ⁶	High School Weighted Bright Futures GPA	College Entrance Exams (ACT/SAT) ⁷	Service Hours

⁷ Section 1009.531(6)(b)-(d), F.S. To ensure the required exam scores represent top student performance and are equivalent between the ACT and SAT, the department determines the score for FAS as no lower than 89th national percentile on the SAT, for FMS no

FAS ⁸	4 - English (three must include substantial writing)	3.50	29/1330	100 hours
FMS ⁹	4 - Mathematics (at or above the Algebra I level)	3.00	25/1210	75 hours
	3 - Natural Science (two must have substantial laboratory)			
	3 - Social Science			
	2 - World Language (sequential, in same language)			

A student who has demonstrated academic merit through a recognition program may be eligible for an FAS or FMS award without having to meet one or more of the requirements above. These merit recognition programs include:¹⁰

- National Merit Finalists and Scholars;
- National Hispanic Scholars;
- Advanced International Certificate of Education (AICE) Diploma;
- International Baccalaureate (IB) Diploma;
- AICE Curriculum; and
- IB Curriculum.

An FAS award recipient is eligible for an award equal to the amount necessary to pay 100 percent of tuition and applicable fees and an additional stipend for textbooks as specified in the General Appropriations Act (GAA).¹¹ An FMS award recipient is eligible for an award equal to the amount necessary to pay 75 percent of tuition and fees,¹² however, an eligible FMS recipient enrolled at a Florida College System (FCS) institution is eligible for an award amount equal to the amount necessary to pay 100 percent of tuition and fees.¹³

A student may receive an FAS or FMS award for a maximum of 100 percent of the number of credit hours required to complete an associate degree, baccalaureate degree, or postsecondary career certificate program.¹⁴

For the 2020-2021 academic year, a total of \$438,909,995 dollars¹⁵ were disbursed to 67,369 students¹⁶ receiving an FAS award and \$212,251,523 dollars¹⁷ to 51,818 students¹⁸ receiving an FMS award.

A student may receive an FGSC award for a maximum of 100 percent of the number of credit hours or equivalent clock hours required to complete an applied technology diploma, associate in applied science or associate in science degree, or a postsecondary career certificate program.²⁷

An FGSC award recipient is eligible for an award equal to the amount specified in the GAA.²⁸ The award amount in the GAA for FY 2021-22 is:²⁹

- \$39 per credit hour or equivalent for a career certificate program.
- \$39 per credit hour for an applied technology diploma program.
- \$48 per credit hour for an associate in applied science or associate in science degree program.

Upon completion of an eligible associate in science degree program, an FGSC scholar may also receive an award for a maximum of 60 credit hours toward the baccalaureate degree.³⁰ The award amount specified in the GAA for FY 2021-22 is:³¹

- \$48 per credit hour for a bachelor of science program for which there is a statewide articulation agreement.
- \$48 per credit hour for a bachelor of applied science program at an FCS institution.

For the 2020-2021 academic year, a total of \$262,253 dollars³² were disbursed to 286 students³³ receiving an FGSC award.

Student Volunteer Requirements for the Florida Bright Futures Scholarship Program

Each award in the Bright Futures Program requires a student to complete a specified number of hours of volunteer service work to be eligible to receive a scholarship award. A student must meet the following service requirements:

Bright Futures Scholarship Program	Required Service Hours ³⁴
FAS	100
FMS	75
FGSV	30
FGSC	30

The student's volunteer service work must be approved by the district school board, the administrators of a nonpublic school, or the DOE for home education students.³⁵

Each district school board and the administrators of a nonpublic school must establish approved activities and the process for documentation of service hours, including the deadline by which the hours must be completed.³⁶ Service work may include, but is not limited to, a business or governmental internship, work for a nonprofit community service organization, or activities on behalf of a candidate for

public office.³⁷ Except for credit earned through service-learning courses,³⁸ the student may not receive payment or academic credit for service work performed.³⁹

The hours earned by a student must be documented in writing, signed by the student and the student's parent or guardian, and a representative of the organization where the work was performed.

In addition to the service hours, a student must identify a social or civic issue or a professional area that interests him or her, develop a plan for their personal involvement in addressing the issue or learning more about the area, and, through papers or presentations, evaluate and reflect upon his or her experience.⁴⁰

Effect of the Bill

Beginning with high school students graduating in the 2022-2023 academic year, the bill authorizes a student to meet the volunteer service requirements prescribed under each award in the Bright Futures Program through 100 hours of paid work. The bill provides students with the option to meet the award's eligibility requirements through volunteer service or paid work. A student meeting an award requirement through paid work must obtain the same approval required of students meeting the requirement through volunteer service which includes the approval of the district school board, the administrators of a nonpublic school, or the DOE for a home education program student.

Additionally, the bill requires a student to evaluate and reflect upon his or her volunteer service or paid work experience through papers or other presentations and makes it optional for a student to identify a social or civic issue or a professional area and develop a plan for personal involvement or learning about the area.

The bill makes conforming changes to reflect the authorization of paid work to meet the requirements under the Bright Futures Program.

⁴⁰ *Id.*

None.

2. Expenditures:

None.

C. DIRECT ECONOMIC IMPACT ON PRIVATE SECTOR:

The bill may save students money and increase access to postsecondary opportunities by authorizing paid work as an option for a student to meet eligibility requirements under the Bright Futures Program, potentially allowing more students to qualify.

D. FISCAL COMMENTS:

The fiscal impact of the bill is indeterminate. By authorizing paid work as an option for a student to meet eligibility requirements under the Bright Futures Program, the number of students who may now qualify for an award under the program may increase.
