COMMITTEE SUBSTITUTE - Substantial Changes

---

**I. Summary:**

PCS/SB 552 changes laws affecting the clerks of court by:

- Directing the clerks of court to ask the Legislature for increased funding related to increases in trial court judicial positions.
- Allowing the clerks to review property records to verify an application for civil indigent status.
- Allowing the clerks of court to ask for Legislative funding for filings related to mental health and substance abuse that the clerks must currently file at no charge. Modifying the standard terms of a payment plan for an individual who owes money to a clerk to establish a \$25 minimum monthly payment and to limit the down payment to the lesser of 10 percent of the amount owed or \$100.
- Requiring the Department of Highway Safety and Motor Vehicles to coordinate with the clerks of court on a system for reinstatement of driver licenses upon payment of court-related obligations.

The bill has no fiscal impact but makes fiscally related operational changes.

The bill takes effect July 1, 2022.

## II. Present Situation:

### Clerk of the Circuit Court

The clerk of the circuit court is a constitutional officer. Each of Florida's 67 counties are required to elect a clerk of the circuit court<sup>1</sup> to serve as both the clerk of court, completing judiciary functions, and as the "*ex officio*"<sup>2</sup> clerk of the board of county commissioners, auditor, recorder, and custodian of all county funds.<sup>3</sup> In other words, the clerk of the circuit court wears approximately five hats. In wearing the auditor and custodian of county funds hats, the clerk may also be referred to as the comptroller.<sup>4</sup>

### Funding for the Clerks' Court-Related Functions

In its capacity as the clerk of the circuit and county courts, the clerk is required to perform various court-related, administrative and ministerial functions. Any court-related function authorized by law or court rule must be funded by the clerk's collection of filing fees, service charges, costs, and fines, including the following:

- Case maintenance.
- Records management.
- Court preparation and attendance.
- Processing the assignment, reopening, and reassignment of cases.
- Processing appeals.
- Collection and distribution of fines, fees, service charges, and court costs.
- Data collection and reporting.
- Determinations of indigent status.
- Paying reasonable administrative support costs to enable the clerks to carry out court-related functions.<sup>5</sup>

Court funding is governed by Art. V, s. 14 of the Florida Constitution. For the clerks of the circuit courts, Art. V, s. 14(b) provides that the clerks are self-sustaining and fund their court-related functions through the collection of filing fees, service charges, and other costs. Specifically, Art. V, s. 14(b) states:

(b) All funding for the offices of the clerks of the circuit and county courts performing court-related functions, except as otherwise provided in this

<sup>3</sup> FLA. CONST. art. V, s. 16. This provision also provides that two officials may split the position, one serving as clerk of court and one serving in the *ex officio* position. Additionally, this provision permits the election of a county clerk of court when authorized by general or special law. *Id.*

subsection and subsection (c), shall be provided by adequate and appropriate filing fees for judicial proceedings and service charges and costs for performing court-related functions as required by general law. Selected salaries, costs, and expenses of the state courts system may be funded from appropriate filing fees for judicial proceedings and service charges and costs for performing court-related functions, as provided by general law. Where the requirements of either the United States Constitution or the Constitution of the State of Florida preclude the imposition of filing fees for judicial proceedings and service charges and costs for performing court-related functions sufficient to fund the court-related functions of the offices of the clerks of the circuit and county courts, the state shall provide, as determined by the Legislature, adequate and appropriate supplemental funding from state revenues appropriated by general law.<sup>6</sup>

### ***County Funding Referenced in Article V, Section 14(c)***

As referenced above, Art. V, s. 14(c) of the Florida Constitution states that while funding for the state courts system, including the clerks of court, will *not* be required by a county or municipality, the counties are responsible to fund certain types of court infrastructure and maintenance, including “the cost of communications services, existing radio systems, existing multi-agency criminal justice information systems and the cost of construction or lease, maintenance, utilities, and security of facilities for . . . the offices of the clerks of the circuit and county courts performing court-related functions.”<sup>7</sup> Additionally, counties pay “reasonable and necessary salaries, costs, and expenses of the state courts system to meet local requirements as determined by general law.”<sup>8</sup>

### ***No-Fee Court Functions***

Additionally, as referenced above, there are certain categories of cases and certain types of filings for which the clerks of court cannot charge a filing fee and possibly other service charges or other costs. These types of cases and filings include the following:

- Various services and filings for indigent parties to pending litigation.<sup>9</sup>
- Petitions for Habeas Corpus filed by persons detained as mental health patients.<sup>10</sup>
- Filing an ex parte order for involuntary examination (Baker Act).<sup>11</sup>
- Petitions for involuntary inpatient placement for mental health.<sup>12</sup>
- Appellate filing fees for indigent persons determined to be and involuntarily committed as a sexually violent predator.<sup>13</sup>

<sup>7</sup> FLA. CONST. art. V, s. 14(c).

<sup>8</sup> *Id.* Additionally, article V, section 14(a) provides that funding for state court systems as well as state attorney’s offices, public defender’s offices, and court-appointed counsel will generally be paid from “state revenues appropriated by general law”; and section 14(d) clarifies that the court system has no appropriations authority.

<sup>12</sup> Section 394.467, F.S.

<sup>13</sup> Section 394.917, F.S.

- Petitions for involuntary assessment and stabilization for substance abuse impairment.<sup>14</sup>
- Petitions for a risk protection order (Marjory Stoneman Douglas High School Public Safety Act).<sup>15</sup>
- Petitions for protective injunctions against domestic violence,<sup>16</sup> repeat, dating, or sexual violence,<sup>17</sup> or stalking.<sup>18</sup>

## History of the Clerks of Court Funding Model

### *1998 Article V Revision (“Revision 7”) and Implementing Legislation*

Article V, s. 14, was amended in 1998 to “substantially and significantly revise[] judicial system funding, greatly reducing funding from local governments and placing the responsibility primarily on the state.”<sup>19</sup> The statement of intent accompanying the revision of Art. V, section 14(b), also known as “Revision 7,” reflects that the proposers intended for the Legislature to adopt procedures: (1) to fund the clerks’ office in the event “filing fees, services charges and costs are insufficient to cover the court-related salaries, costs, and expenses of the offices of the clerks . . . in a given fiscal year”; and (2) for the disposition of excess revenues collected by the clerks’ offices in a given fiscal year.<sup>20</sup>

Further, the statement of intent clarifies that the purpose for Revision 7 is to require legislative oversight and an independent review of clerk funding and spending practices. The reason for independent oversight is set out as follows:

The drafters of subsection (b) recognize that there currently exists significant disparities among what the various clerks’ offices spend to perform the same functions. The determination by the [L]egislature as to the appropriate level of spending should not entail an acceptance of the current level of spending by the clerks’ offices throughout the state to perform court-related functions. Rather, it is the intent of this proposal that the clerks be held accountable and responsible to a cost standard which is independently established by the [L]egislature.<sup>21</sup>

Revision 7’s 1998 amendment to Article V had to be implemented by July 1, 2004.<sup>22</sup> In order to implement the 1998 amendment, the Legislature responded “in stages, beginning with passage of SB 1212 in 2000 (Chapter 2000-237, Laws of Florida), followed by additional changes to that

law in 2001, and, finally in 2002, through the funding of a study to assist in the final phase of implementation.”<sup>23</sup>

The final stage was implemented during the 2003 legislative session. To provide Revision 7’s envisioned oversight, accountability, uniformity, and procedures in funding and budgeting for the clerks of court, the Legislature enacted **sections 28.35, 28.36, and 28.37, F.S.**:<sup>24</sup>

- **Section 28.35, F.S.**, created the Florida Clerks of Court Operations Corporation (Corporation),<sup>25</sup> which is responsible for providing accountability, procedural review, and oversight of the clerks of court budgeting process throughout the state.
- **Section 28.36, F.S.**, established budget review and approval procedures of individual clerk of court budgets by the Corporation.
- **Section 28.37, F.S.**, ensures that a portion of certain fines, fees, service charges, and costs collected by the clerks of court are remitted to the state to fund other court-related salaries, costs, and expenses.

### ***Post-Article V Revision to Clerk Funding: 2004-2008***

Between 2004 and 2008, the clerks collected and deposited into their local fine and forfeiture funds revenues from court filing fees, service charges, court costs, and fines assessed in civil and criminal proceedings.<sup>26</sup> A portion of the revenues in a clerk’s fine and forfeiture fund was retained to finance the clerk’s operations. However, another portion of these revenues were distributed to the General Revenue Fund or other state trust funds to meet other court-related costs. For example, the clerks were required to remit one-third of all fines, fees, service charges, and costs collected to the Department of Revenue for deposit into the Clerk of the Court Trust Fund,<sup>27</sup> a fund established to assist the clerks in meeting revenue deficits.

Regarding budget planning, the clerks had discretion to set their individual budgets based on anticipated revenues and expenditures. Each clerk’s proposed budget had to be balanced with estimated revenues equaling or exceeding anticipated expenditures, although the budget could include a 10 percent contingency reserve.<sup>28</sup> If a clerk estimated that available funds plus projected revenues were insufficient to meet anticipated expenditures for court-related functions, that clerk could follow the statutory procedure for receiving funds from the Clerks of the Court Trust Fund to address the deficit.<sup>29</sup>

Each clerk had to submit its proposed budget to the Corporation for review and certification that the individual budget was complete and complied with budget procedures.<sup>30</sup> Upon review and

certification by the Corporation, revenue exceeding the amount needed to fund each budget was deposited in the General Revenue Fund.<sup>31</sup>

During this time, the Legislature's involvement in the clerks' budgets was limited. The Legislative Budget Commission (LBC) had authority to approve increases to the maximum annual budgets approved for individual clerks if the additional funding was necessary to:

- Pay the cost of performing new or additional functions required by changes in law or court rule; or
- Pay the cost of supporting increases in the number of judges or magistrates authorized by the Legislature.<sup>32</sup>

### ***Clerks in the General Appropriations Act: 2009-2012***

In an effort to gain greater oversight and accountability for the operations and funding of the clerks of court, the Legislature passed Chapter 2009-204, Laws of Fla., which substantially amended the clerks' statutory budget process and procedures. The new law brought the clerks into the state budget and appropriated their funding in the annual General Appropriations Act.

More specifically, the 2009 law required that all revenues received by the clerks from court-related fees, fines, costs and service charges be remitted to the Department of Revenue for deposit into the Clerks of Court Trust Fund within the Justice Administrative Commission (JAC).<sup>33</sup> The law permitted the clerks, however, to deposit 10 percent of all court-related fines in the Public Records Modernization Trust Fund to be used in addition to state appropriations for operational needs.<sup>34</sup>

By 2009, revenues accruing to the Clerks of Court Trust Fund began to decline due to the downturn in the economy and the reduction in foreclosure filing fees. As a result, the Legislature reinforced the clerks' budgets with additional moneys from the General Revenue Fund. The 2011 Legislature appropriated \$44.2 million from the General Revenue Fund to address FY 2010-2011 revenue deficits and the 2012 Legislature appropriated \$57.6 million to address FY 2011-2012 deficits.

### ***Return to Pre-2009 Funding Model: 2013-2019<sup>35</sup>***

In 2013, the Legislature reversed many of the 2009 funding model changes, but expanded the oversight and accountability in the clerks' budget process. Significantly, the 2013 law<sup>36</sup> added the following:

---

<sup>31</sup> Section 28.37(4), F.S. (2008).

<sup>32</sup> Section 28.36(6), F.S. (2008).

<sup>33</sup> Chapter 2009-204, ss. 5-8, 12, 14, 19, Laws of Fla. The clerks' budgets were appropriated within the JAC budget from 2009-2012. *See also* s. 43.16, F.S. (establishes the Justice Administrative Commission, which administratively serves 49 judicial-related entities, as well as provides compliance and financial review of billings for services provided by private court-appointed attorneys representing indigent citizens and associated due process vendors).

<sup>34</sup> Section 28.37(5), F.S.

<sup>35</sup> This section adapted or used in its entirety from the Appropriations Committee staff analysis in SB 2506 (2017).

<sup>36</sup> Chapter 2013-44, Laws of Fla.

- Monthly accounting: required each clerk to submit all collected revenues exceeding one-twelfth of the clerk's total budget for the prior month to the Department of Revenue for deposit into the Clerks of the Court Trust Fund.
- Annual accounting: required the transfer of revenue exceeding one-twelfth of the clerks' total budget out of the Clerks of Court Trust Fund into the General Revenue Fund each January *unless* the official estimate by the Revenue Estimating Conference projects a trust fund deficit (based on the current budget) in the current or upcoming fiscal year.
- Corporation audits: directed the Corporation to conduct annual base budget reviews, conduct cost-comparisons of similarly situated clerks, report pay and benefit issues, and provide an explanation of any clerk expenditure increases over 3 percent.<sup>37</sup>
- Corporation budget standard: required the Corporation to use the official Article V Revenue Estimating Conference revenue estimates for the clerks' budget process.<sup>38</sup>

The 2013 law also enhanced the role and responsibilities of the Legislative Budget Commission (LBC), and directed the LBC to review the budgets of the clerks and either approve, disapprove, or amend and approve the budgets by October 1 of each year.<sup>39</sup> In 2017, however, the Legislature removed these duties from the LBC to review the clerks' budgets.<sup>40</sup>

#### ***Most Recent Changes: 2019 to present***

The clerk's budget process was amended again in 2019.<sup>41</sup> In addition to the total estimated revenues from fees, service charges, costs, and fines for court-related functions available for court-related expenditures as determined by the most recent Revenue Estimating Conference, the combined budget for the clerks of court may also include:

- The unspent budgeted funds for court-related functions carried forward by the clerks of court from the previous county fiscal year; and
- The balance of funds remaining in the Clerks of the Court Trust Fund after the transfer of funds to the General Revenue Fund required pursuant to s. 28.37, F.S.

In 2019, the requirement that the cumulative excess of all fines, fees, service charges, and costs retained by the clerks of court exceeding the amount needed to fund their authorized budgets was transferred to the General Revenue Fund, was changed as follows:

- No later than February 1, 2020, the cumulative excess of all fines, fees, services charges, and costs exceeding \$10 million will be transferred to the General Revenue Fund.
- No later than February 1, 2021, and no later than February 1, 2022, not less than 50 percent of the cumulative excess of all fines, fees, services charges, and costs will be transferred to the General Revenue Fund; provided, however, that the balance remaining in the Clerks of Courts Trust Fund after the transfer may not exceed \$20 million.
- No later than February 1, 2023, and each February 1 thereafter, the cumulative excess of all fines, fees, services charges, and costs will be transferred to the General Revenue Fund.

In that same act, the 2019 Legislature was looking ahead to 2022 by including a requirement that the Office of Program Policy Analysis and Government Accountability (OPPAGA) review the Clerk of Court processes, including, in part, a comparison of organizational arrangement and deployment of personnel resources among all clerks' offices. The Legislature is required to review and consider the results of the report before the 2022 Regular Session of the Legislature in deciding whether to extent or reenact the provisions of the 2019 changes relating to clerk funding. The OPPAGA report contains 26 recommendations for operational efficiency and cost savings in five categories.<sup>42</sup>

### III. Effect of Proposed Changes:

This bill primarily makes fiscally related operational changes to the clerks of court as follows.

#### **Clerk of Courts Operations Corporation**

The bill adds to the list of duties required of the Clerk of Courts Operations Corporation the duty to:

- Recommend to the Legislature changes in the distribution of monies collected by a clerk.
- Recommend to the Legislature an increase in a clerk's budget representing the total increased costs associated with clerk support of a new trial court judicial position, based on a formula approved by the Corporation.
- Develop on an annual basis a budget request for the anticipated amount necessary for reimbursement of certain no-fee cases related to mental health and substance abuse (see below). The request is not subject to change by the Justice Administrative Commission, and it must be submitted to the Governor for transmittal to the Legislature.

#### **Payment Plans**

Persons who pay money to the clerk of court for an outstanding fine, penalty, fee, service charge, or court cost are expected to pay in full. Many individuals, however, cannot afford to pay. Current law authorizes a clerk to accept partial payments and to enter into payment plans with individuals.<sup>43</sup> Monthly payments of no more than 2 percent of the individual's net pay is presumed to be within an individual's ability to pay.<sup>44</sup>

The bill changes the terms of payment plans offered by a clerk to a person unable to immediately pay monies owed to the clerk. The bill establishes a minimum monthly payment of \$25, and establishes a maximum initial payment of the lesser of 10 percent of the debt or \$100. The \$5 partial payment service charge<sup>45</sup> or the alternative one-time \$25 service charge for establishing a payment plan,<sup>46</sup> are payable in addition to the maximum allowable initial payment and, thus, are not a part of the limits.

<sup>44</sup> Using the 2021 Florida minimum wage at full-time employment and subtracting the standard federal payroll deductions, an unmarried individual at that wage would pay no more than \$26.80 a month on a clerk's payment plan.

<sup>45</sup> Section 28.24(27)(b), F.S.

<sup>46</sup> Section 28.24(27)(c), F.S.

### **Civil Indigent Application Investigation**

An individual seeking appointment of an attorney in a civil case who is eligible for court-appointed counsel, or seeking relief from prepayment of civil filing fees, must apply to the clerk for a determination of civil indigent status. There is a presumption that an individual is not indigent if the individual has a net equity of \$2,500 or more, excluding homestead and excluding equity in a vehicle of up to \$5,000.<sup>47</sup> The clerk must accept the application on its face and may not independently verify the information provided.<sup>48</sup>

The bill allows a clerk of court to make a limited investigation of an individual's application for status as civil indigent. The clerk may conduct a review of the property records for the county in which the applicant resides and the motor vehicle title records of this state to identify any property interests of the applicant. The clerk may evaluate and consider the results of the review in making a determination of civil indigent status. If a review is conducted, the results must be in the court file should the applicant appeal the denial of civil indigent status to the trial court.

### **Driver License Suspensions**

Numerous laws provide for driver license suspensions due to nonpayment of court obligations. Currently, there are separate processes for reinstatement of the driver license based on the reason for the suspension. Where the suspension is due to nonpayment of a traffic infraction, upon receipt of full payment the clerk immediately clears the suspension by notice to the Department of Highway Safety and Motor Vehicles (DHSMV).<sup>49</sup> Where the suspension is court-related but not traffic-related, notably suspensions for delinquency in payment of child support obligations or criminal court fees and fines,<sup>50</sup> the process is different and longer. There, the clerk of court collects the monies owed and furnishes the person with an affidavit that the financial obligation that led to the suspension has been paid. The person must then go to a county tax collector's office to reinstate the driver license with DHSMV. Until the process is complete, the person's license remains suspended.<sup>51</sup>

The bill requires the DHSMV to coordinate with the clerks of court, through their association, to ensure the capability within the department's technology systems for clerks of court to reinstate suspended driver licenses that have been suspended for failure to pay court-related obligations.

### **Clerk Reimbursement for Certain No-Fee Cases**

Clerks of court are supposed to be primarily funded by filing fees and service charges.<sup>52</sup> However, some civil cases are processed by the clerks without payment, notably protective injunctions, mental health, substance abuse, and civil actions filed by indigents. During the

Subject to appropriation, the bill allows a clerk of court to submit to the Justice Administrative Commission a certified request for \$40 per case reimbursement for services rendered in certain no-fee civil cases related to mental health and substance abuse. The request for reimbursement must be submitted in the form and manner prescribed by the Justice Administrative Commission. The categories of cases are:

- Habeas corpus filed by an individual detained under the Florida Mental Health Act,<sup>54</sup> pursuant to s. 394.459(8)(d), F.S.
- Determination whether an individual should be subject to an involuntary mental health examination under the Florida Mental Health Act, pursuant to s. 394.463(2)(a), F.S.
- Determination whether an individual should be subject to involuntary mental health placement in a mental health facility under the Florida Mental Health Act, pursuant to s. 394.467(3), F.S.
- Determination whether an individual is a sexually violent predator subject to commitment to a mental health facility for sexually violent predators, pursuant to s. 394.917(3), F.S. and Part V of ch. 394, F.S.
- Determination of whether an individual should be involuntarily assessed and stabilized due to substance abuse, pursuant to s. 397.6814, F.S.<sup>55</sup>

#### **Effective Date**

The bill is effective July 1, 2022.
