Section 626.854, F.S., prohibits public adjusters from engaging in certain conduct, including giving legal advice or acting on behalf of any person negotiating or settling certain claims.¹⁸ An attorney who is licensed to practice law in Florida and in good standing with The Florida Bar is not required to hold a separate license under ch. 626, F.S., to adjust or participate in the adjustment of any claim, loss, or damage arising under policies or insurance contracts.¹⁹

Public adjusters are also prohibited from directly or indirectly soliciting an insured or claimant except for during specified times.²⁰ A public adjuster or any other person who circulates or disseminates any advertisement, announcement, or statement containing any assertion, representation, or statement about the business of insurance that is untrue, deceptive, or misleading commits an unfair and deceptive insurance trade practice, and Florida law sets out specific statements which are considered deceptive or misleading.²¹

All contracts for public adjuster services and proof-of-loss statements must be in writing and include a disclosure relating to injuring, defrauding, or deceiving an insurer or insured and committing a crime if proof of loss or estimate of claims is based on false, incomplete, or misleading information.²² A public adjuster contract for a property and casualty claim must contain certain information, such as the full name and certain contact details of the public adjuster and insured.²³ Such contract must state the percentage of compensation for the public adjuster's services, type of claim, and signatures of the public adjuster and named insureds.²⁴ An unaltered copy of the executed contract must be provided to the insurer within 30 days after the execution. Public adjusting firms that adjust claims primarily for commercial entities that meet certain requirements is deemed to comply with these provisions if the public adjusting firm remits to the insurer a signed affidavit that contains specified information relating to:

- The name and contact details of the public adjuster, public adjuster apprentice, and insured;
- The name of the public adjusting firm;
- An attestation the compensation will not exceed the limits provided by law; and
- The type of claim.²⁵

An insured or claimant may cancel a contract with a public adjuster without penalty within 10 days after the date on which the contract is executed.²⁶ The reason for providing the 10 day period is to allow the consumer to have time to make an informed decision in the wake of a storm.²⁷ A public adjuster's contract must contain the following statement in minimum 18-point bold type which states:

“You, the insured, may cancel this contract for any reason without penalty or obligation to you within 10 days after the date of this contract by providing notice to (name of public adjuster), submitted in writing and sent by certified mail, return receipt requested, or other form of mailing that provides proof thereof, at the address specified in the contract.”²⁸

A public adjuster is required to provide to the insured or claimant a written estimate of the loss to assist in any claim for insurance proceeds within 60 days after the date of the contract.²⁹

Charges, Fees, and Gifts

Florida law prohibits a public adjuster from charging a fee unless a written contract is entered into prior to the payment of the claim, and restricts certain fees and charges of a public adjuster who enter into contracts with an insured or claimant.³⁰ For instance, a public adjuster's compensation may not exceed twenty percent of the amount of insurance claim payments or

Office and Records

Independent or public adjusters must maintain a place of business in Florida which is accessible to the public but may be a home office.³³ Such adjusters must keep the “usual and customary records” relating to the transactions covered under the license. Records related to a specific claim must be retained in the adjuster’s place of business for not less than five years after completion of the adjustment.³⁴ An adjuster is not prohibited from returning or delivering certain documents to the insurer or insured.³⁵

Annuity Investments

The purpose of s. 627.4554, F.S., annuity³⁶ investments, is to set out requirements for which insurers³⁷ must comply when making recommendations³⁸ to consumers regarding annuity products, and to establish a system for supervising such recommendations to ensure consumers’ insurance needs and financial objectives are met at the time of the transaction.³⁹ The section applies to any recommendation made by an insurer or agent⁴⁰ to a consumer to purchase, exchange, or replace an annuity which results in the consumer purchasing, exchanging, or replacing the recommended product.⁴¹ The section, however, does not apply to the following:

- Direct-response solicitation where there is no recommendation based on information collected from the consumer;
- Contracts used to fund:
 - An employee pension or welfare benefit plan that is covered by the federal Employee Retirement and Income Security Act;

Lapsed, forfeited, surrendered or partially surrendered, assigned to the replacing insurer, or otherwise terminated; 2. Converted to reduced paid-up insurance, continued as extended term insurance, or otherwise reduced in value due to the use of nonforfeiture benefits or other policy values; 3. When making a recommendation to purchase or exchange an annuity product which results in an insurance transaction or series of insurance transactions, the insurer or agent must have a reasonable basis to believe, based on the consumer's suitability information,⁴⁶ the recommendation is suitable for the consumer and a reasonable basis to believe all of the following:

- The consumer has been reasonably informed of various features of the annuity;⁴⁷
- The consumer would benefit from certain features of the annuity;⁴⁸
- The particular annuity as a whole, underlying subaccounts to which funds are allocated, riders or similar enhancements are suitable; and, in respect of exchange or replacement, the transaction as a whole is suitable for the consumer based on his or her suitability information;
- An exchange or replacement is suitable after considering whether the consumer:
 - Will incur a surrender charge, be subject to a new surrender period, lose existing benefits, be subject to increased fees;
 - Would benefit from product enhancements and improvements; and
 - Has had another annuity exchange or replacement within the preceding 36 months.⁴⁹

Before executing a transaction for an annuity resulting from a recommendation, an insurer or its agent must make reasonable efforts to obtain the consumer's suitability information.⁵⁰ The information must be collected on a specified form that must be signed by the applicant and agent.⁵¹ Such form must be in at least 12-point type and be readily understandable by the agent

Intended use of the annuity; 7. Financial time horizon; 8. Existing assets, including investment and life insurance holdings; 9. Liquidity needs; 10. Liquid net worth; 11. Risk tolerance; and 12. and consumer.⁵² A true and correct copy of the executed form must be provided to the insurer by the responsible party within 10 days after execution of the form, and must be provided to the consumer no later than the date of delivery of the contract.⁵³

An insurer may not issue a recommended annuity to a consumer unless the insurer has reasonable basis to believe the annuity is suitable based on the consumer's suitability information.⁵⁴ An insurer's issuance of an annuity must be reasonable based on all of the circumstances known at the time of the issuance, but an insurer does not have an obligation to a consumer under certain provisions of the section if:

- A recommendation has not been made;
- A recommendation was made and is later found to be based on materially inaccurate information provided by the consumer;
- A consumer refuses to provide relevant suitability information and the annuity transaction is not recommended; or
- A consumer decides to enter into an annuity transaction that is not based on a recommendation of an insurer or its agent.⁵⁵

At the time of the sale, the agent and the agent's representative must:

- Make a record of any recommendation to the consumer;
- Obtain the consumer's signed statement documenting his or her refusal to provide suitability information, if applicable; and
- Obtain the consumer's signed statement acknowledging an annuity transaction is not recommended, if applicable.

Before executing an exchange or a replacement of an annuity contract resulting from a recommendation, the agent must provide the consumer with a specified form which compares the difference between the existing annuity contract and the annuity contract being recommended to determine the suitability and benefits to the consumer.⁵⁶ Such form needs to be signed by the agent and the insured, and must be to the insurer within 10 days after execution of the form and to the consumer no later than the date of delivery of the contract.⁵⁷

An insurer must establish a supervision system that is reasonably designed to ensure the insurer and agent's compliance with s. 627.4554, F.S., and must include, but is not limited to:

- Maintaining reasonable procedures to inform its agents of the requirements under Florida law and incorporating them into training manuals;
- Establishing standards for agent product training;
- Providing product-specific training and training materials that explain all material features of its annuity products to its agents;

- Maintaining procedures for the review of each recommendation before issuance of an annuity to ensure there is reasonable basis for determining that the recommendation is suitable, such as review procedures;
- Maintaining reasonable procedures to detect recommendations that are not suitable, such as confirmation of consumer suitability information, systematic customer surveys, and customer interviews; and
- Annually providing a report to senior managers which details a review, along with appropriate testing to determine the effectiveness of the supervision system, the exceptions found, and any corrective action taken or recommended.⁵⁸

An insurer is not required to include in its supervision system agent recommendations to consumers of products other than annuities offered by the insurer.⁵⁹ An insurer may contract with a third-party to perform any function required with respect to the supervisory system,⁶⁰ but the insurer must include the supervision of such function as part of the procedures required to be conducted as part of the system which include, but are not limited to:

- Monitoring and, as appropriate, conducting audits to ensure the contracted function is properly performed; and
- Annually obtaining a certification from a senior manager who has responsibility for the contracted function that the manager has a reasonable basis for representing the function is being properly performed.⁶¹

An insurer is responsible for taking appropriate corrective action and may be subject to penalties notwithstanding any contract for the performance of a function by a third-party and regardless of the insurer's compliance with these provisions in this paragraph regarding contracting with third-parties to perform functions.⁶²

An insurer may not dissuade, or attempt to dissuade, a consumer from:

- Truthfully responding to an insurer's request for confirmation of suitability information;
- Filing a complaint; or
- Cooperating with the investigation of a complaint.⁶³

Sales made in compliance with Financial Industry Regulatory Authority (FINRA) or a succeeding agency requirements relating to the suitability and supervision of annuity transactions satisfy the requirements of s. 627.4554, F.S. This applies to FINRA broker-dealer sales of variable annuities and fixed annuities if the suitability and supervision is similar to those applied to variable annuity sales.⁶⁴ These provisions do not limit the Department's or the OIR's ability to investigate or take any enforcement actions against insurers or agents.⁶⁵ For this paragraph to apply, the insurer must:

- Monitor the FINRA member broker-dealer using information collected in the normal course of an insurer's business; and
- Provide to the FINRA member broker-dealer information and reports that are reasonably appropriate to assist the FINRA member broker-dealer in maintaining its supervision system.⁶⁶

Insurers and agents are required to maintain or be able to make available to the Department or the OIR records of the information collected from the consumer with respect to an annuity insurance transaction, and other information relied upon in making the recommendation, for five years after the insurance transaction is completed.⁶⁷ An insurer may retain records on behalf of its agent.⁶⁸ Records may be maintained in various specified forms or by any process that accurately produces the actual document.⁶⁹

An insurer is responsible for compliance with s. 627.4554, F.S., and, if violated because of action or inaction by the insurer or its agent that causes harm to the consumer, the OIR may order the insurer to take reasonably appropriate corrective action and may impose appropriate sanctions and penalties.⁷⁰ The Department may order:

- An agent to take reasonably appropriate corrective action for a consumer harmed by a violation, including monetary restitution of penalties or fees incurred by the consumer and impose appropriate penalties and sanctions;
- A managing general agency or insurance agency that employs or contracts with an agent to sell or solicit the sale of annuities to consumers to take reasonably appropriate corrective action for a consumer harmed by a violation.⁷¹

The Department must order an agent to pay restitution to a consumer who has been deprived of money by the agent's misappropriation, conversion, or unlawful withholding of money belonging to the consumer, and the amount may not exceed the amount misappropriated, converted, or unlawfully withheld.⁷² This provision does not limit the consumer's right to seek other remedies. To the extent that corrective action for the consumer is taken promptly after a violation is discovered, any applicable penalty under the Florida Insurance Code for a violation must be reduced or eliminated, as appropriate, according to a schedule adopted by the Department or the OIR.⁷³

In 2003, the National Association of Insurance Commissioners (NAIC) created the Suitability in Annuity Transactions Model Regulations in 2003 which were revised with updated standards in 2020 ("NAIC Model Regulation").⁷⁴ According to the NAIC, as of 2022, 27 states have

adopted either the 2003 or 2020 version of the NAIC Model Regulation.⁷⁵ The NAIC Model Regulation requires agents to act in the best interest of consumers when making recommendations regarding annuities, and requires insurers to establish and maintain a system to supervise procedures to ensure compliance with the regulation.⁷⁶ It also contains, amongst other things, duties for which insurers and agents must comply, training requirements, recordkeeping, and compliance mitigation provisions.⁷⁷

Insurance Agency Firm Name

An insurance agency's⁷⁸ firm name must comply with certain provisions under Florida law.⁷⁹ The Department may disapprove the use of any true or fictitious name, except the bona fide natural name of an individual, by an insurance agency for any of the following reasons:

- The name interferes with or is too similar to a name already in use by another agency or insurer;
- The use of the name may mislead the public;
- The name states or implies the agency is an insurer, motor club, hospital service plan, state or federal agency, charitable organization, or entity that primarily provides advice and counsel rather than sells or solicits insurance, or is entitled to engage in insurance activities not permitted under the license held or applied for by the licensee. This provision does not prohibit the use of the terms “state” or “states,” and use of such terms does not imply the agency is a state agency.
- The name contains the term “Medicare” or “Medicaid.” An insurance agency whose name contains such terms and is licensed as of July 1, 2021 may continue to use that name until June 30, 2023 as long as the license remains valid. Insurance agencies whose names contain such terms will automatically expire on July 1, 2023, unless the terms are removed from the name before that date.⁸⁰

Notice of Cancellation for Certain Policies

Insurers must inform the first-named policyholder for coverage of property, casualty (except for mortgage guaranty), surety, or marine insurance (except for certain motor vehicle insurance) with 45 days' advance written notice of cancellation or termination with when otherwise specified in certain provisions.⁸¹ When cancellation is due to failure to pay a premium, at least 10 days' written notice of cancellation and the reason for the cancellation must be provided to

⁷⁸ Section 626.015(10), F.S., defines “insurance agency” as a business location at which an individual, firm, partnership, corporation, association, or other entity, other than an employee of the individual, firm, partnership, corporation, association, or other entity other than an insurer as defined by s. 624.03, F.S., or an adjuster, engages in any activity or employs individuals to engage in any activity which by law may be performed only by a licensed insurance agent.

the insured.⁸² When cancellation or termination occurs during the first 90 days and is not a result of nonpayment of premium, at least 20 days' written notice and the reason for cancellation or termination must be given to the insured except where there has been a material misstatement, misrepresentation, or failure to comply with the underwriting requirements.⁸³ After 90 days, no such policy may be cancelled by the insurer unless there has been a material misstatement, a failure to pay the premium, a failure to comply with underwriting requirement within a specified time, or a substantial change in the risk covered by the policy or when cancellation is given for a class of insureds.⁸⁴

With respect to personal lines or commercial residential property insurance policies, such as any homeowner, mobile home owner, farm owner, condominium association, condominium unit owner, apartment building, the insurer must give the first-named insured written notice at least 120 days before the effective date of the nonrenewal, cancellation, or termination.⁸⁵ Such insurers must receive 10 days' advance notice of cancellation for a failure to pay a premium, or 20 days' notice for a reason other than nonpayment if cancellation occurs within the first 90 days of coverage.⁸⁶ An insurer may not cancel the policy after it has been in effect for 90 days unless there has been a material misstatement, nonpayment, a failure to comply within underwriting within a specified time, a substantial change in the risk covered by the policy or unless the cancellation is for a given class of insureds.⁸⁷

Unfair Methods of Competition and Unfair or Deceptive Acts

The Unfair Insurance Trade Practices Act⁸⁸ provides no person may engage in any unfair method of competition or an unfair or deceptive act or practice in relation to the business of insurance.⁸⁹ Section 626.9541, F.S., sets out several acts or practices that constitute unfair methods of competition and unfair or deceptive acts, such as:

- Misrepresentations and false advertising of insurance policies;
- False information and advertising;
- Defamation;
- Boycott, Coercion, and intimidation;
- False statements and entries;
- Unfair discrimination;
- Unlawful rebates; and
- Unfair claim settlement practices.

Misrepresentations and false advertising of insurance policies means knowingly making, issuing, circulating, or causing to be made, issued, or circulated, any estimate, illustration, circular, statement, sales presentation, omission, comparison, or property and casualty certificate of insurance altered after being issued, which, for instance, misrepresents the benefits, advantages,

Except for specified penalties to the contrary and subject to any other applicable penalties, a person who violates any provision of the Unfair Insurance Trade Practices Act may be fined an amount not greater than \$5,000 for each non-willful violation and not greater than \$40,000 for each willful violation.⁹¹ An insurer may not be fined more than an aggregate amount of \$20,000 for all non-willful violations, or \$200,000 for all willful violations, arising out of the same action.⁹²

Hurricane Deductibles

Residential coverage includes both personal lines residential coverage⁹³ and commercial lines residential coverage,⁹⁴ and includes policies that provide coverage for particular perils such as windstorm⁹⁵ and hurricane.⁹⁶ “Hurricane coverage” is the loss or damage caused by the peril of windstorm during a hurricane, which includes damage to the interior of a building or to property inside a building caused by rain, snow, sleet, hail, sand, or dust if the direct force of a windstorm first damages the building, causing an opening through which rain, snow, sleet, hail, sand, or dust enters and causes damage.⁹⁷ The term “hurricane,” as used in this paragraph, is a storm system that has been declared to be a hurricane by the National Hurricane Center of the National Weather Service. The duration of the hurricane includes the time period, in Florida:

- Beginning at the time a hurricane watch or hurricane warning is issued for any part of Florida by the National Hurricane Center of the National Weather Service;
- Continuing for the time period during which the hurricane conditions exist anywhere in Florida; and
- Ending 72 hours following the termination of the last hurricane watch or hurricane warning issued for any part of Florida by the National Hurricane Center of the National Weather Service.⁹⁸

According to the Insurance Services Office, there has been \$159.1 billion in insured losses caused by hurricanes between 1993 and 2013.⁹⁹ In 1992, after Hurricane Andrew hit South

Florida, hurricane deductibles were introduced to deal with the major losses caused by the major storms.¹⁰⁰ Florida law does not define “hurricane deductible,” but according to the NAIC, a deductible is the amount of loss for which the policyholder is responsible to pay before any loss is covered by the insurer.¹⁰¹ Hurricane deductibles may be a fixed amount but usually are a percentage of the insured’s home value.¹⁰² Hurricane deductibles are usually higher than other peril deductibles because of the catastrophic damage caused by hurricanes,¹⁰³ and typically range from between one percent to 10 percent of the home value.¹⁰⁴ Laws in nineteen states, including Florida, and the District of Columbia contain to some form of hurricane or storm deductible.¹⁰⁵

Motor Vehicle Service Agreements

A person may not transact, administer, market, or attempt any of these activities with respect to a service agreement¹⁰⁶ business in Florida without a license.¹⁰⁷ To qualify for and maintain a license, a service agreement company (“company”) must comply with applicable Florida laws (including the Florida Insurance Code), rules and charter powers, and comply with specified requirements, including, in part:

- Being a solvent corporation;
- Furnishing the OIR with evidence the management of the company is competent and trustworthy, and can successfully and lawfully manage its affairs;
- Making a deposit required under s. 634.052, F.S.;
- Maintaining the required reserves and the required ratio of liquid assets to the required reserves;
- Having and maintaining net assets of \$500,000; and
- Establishing and maintaining an unearned premium reserve that meets certain requirements, including:
 - The unearned premium reserve consists of unencumbered assets equal to a minimum of 50 percent of the unearned gross written premium of each service agreement and must amortize this reserve pro rata over the duration of the service agreement;

¹⁰⁶ Section 634.011(8), F.S., defines “motor vehicle service agreement” or “service agreement” as a contract or agreement indemnifying the service agreement holder for the motor vehicle listed on the service agreement and arising out of the ownership, operation, and use of the motor vehicle against loss caused by failure of any mechanical or other component part, or any mechanical or other component part that does not function as it was originally intended; however, nothing in this part shall prohibit or affect the giving, free of charge, of the usual performance guarantees by manufacturers or dealers in connection with the sale of motor vehicles. Transactions exempt under s. 624.125, F.S., are expressly excluded from this definition and are exempt from the provisions of this part. The term “motor vehicle service agreement” includes any contract or agreement that provides: (a) for the coverage or protection and which is issued or provided in conjunction with an additive produce applied to the motor vehicle that is the subject of such contract or agreement; (b) For payment of vehicle protection expenses as defined in s. 634.011(8)(b)1.a., F.S.

¹⁰⁷ Section 634.031(1), F.S.

- A company utilizing the 50-percent reserve must not allow its ratio of gross written premium to net assets to exceed 10 to one; and
- The company must deposit with the DFS securities of the type eligible for deposit by insurers under s. 625.52, F.S., equal to 15 percent of the unearned premium reserve; or
- Does not establish and maintain an unearned premium reserve if the company secures and maintains contractual liability insurance in accordance with the following:
 - Coverage of 100 percent of the claim exposure is obtained from an insurer approved by the OIR which meets certain criteria;
 - The contractual liability insurance policy binds its issuer to pay or cause to be paid to the service agreement holder all legitimate claims and cancellation refunds if the company does not meet its contractual obligations;
 - If the issuer of the contractual liability policy is fulfilling the service agreements covered by contractual liability policy and the holder cancels the service agreement, the issuer must make a full refund of the unearned premium to the consumer in certain circumstances;
 - The policy's cancellation, termination, or nonrenewal is subject to 90 days written notice by the insurer to the OIR; and
 - The company must provide the OIR with the claims statistics.¹⁰⁸

Mortgage Loan Regulations

The OFR is responsible for the regulation of banks, credit unions, other financial institutions, finance companies, and securities.¹⁰⁹ The OFR has a Division of Consumer Finance which is responsible for the administration and enforcement of ch. 494, F.S.¹¹⁰ that licenses and regulates the individuals and businesses in the mortgage business, including loan originators,¹¹¹ mortgage brokers,¹¹² and mortgage lenders.¹¹³ A person who acts in any of these capacities must be licensed.¹¹⁴

A mortgage broker and mortgage lender who makes loans in Florida must transact business from a principal place of business.¹¹⁵ Mortgage brokers and mortgage lenders may separately license branch offices.¹¹⁶ A "branch office" is a location, other than a mortgage broker's or mortgage lender's principal place of business:

¹¹⁰ Section 494.0011(1), F.S.

¹¹¹ Section 494.001(18), F.S., defines "loan originator" as an individual who, directly or indirectly, solicits or offers to solicit a mortgage loan, accepts, or offers to accept an application for a mortgage loan, negotiates or offers to negotiate the terms or conditions of a new or existing mortgage loan on behalf of a borrower or lender, or negotiates or offers to negotiate the sale of an existing mortgage loan to a noninstitutional investor for compensation or gain.

¹¹² Section 494.001(23), F.S. defines "mortgage broker" as a person conducting loan originator activities through one or more licensed loan originators employed by the mortgage broker or as independent contractors to the mortgage broker.

¹¹³ Section 494.001(24), F.S., defines "mortgage lender" as a person making a mortgage loan or servicing mortgage loan for others, or, for compensation or gain, directly or indirectly, selling or offering to sell a mortgage loan to a noninstitutional investor. A mortgage lender may act as a mortgage broker. Section 494.0073, F.S.

Section 494.001(31), F.S., defines "principal place of business" as a mortgage's broker's or mortgage lender's primary business office, the street address, or physical location that is designated on the application for licensure or any amendment to such application.

- The address of which appears on business cards, stationary, or advertising used by the licensee in connection with business conducted under ch. 494, F.S.;
- At which the licensee's name, advertising or promotional materials, or signage suggests that mortgage loans are originated, negotiated, funded, or services; or
- At which mortgage loans are originated, negotiated, funded, or services by a licensee.¹¹⁷

The OFR must issue a branch office license after determining that the mortgage broker or mortgage lender has submitted a completed branch office application form, which must contain specified information, and an initial nonrefundable fee of \$225.¹¹⁸ Branch office licenses must be renewed at the same time as mortgage broker or mortgage lender licenses.¹¹⁹ Each branch office must be operated by the “full charge, control, and supervision” of a principal loan originator and branch manager.¹²⁰ Operating a branch office without the required license, designated principal loan originator, or branch manager is grounds for disciplinary action.¹²¹

Licensees are required to maintain books, accounts, records and documents necessary to determine compliance with ch. 494, F.S., at their principal place of business,¹²² but the OFR may authorize a licensee to maintain such records at an alternative location.¹²³

Conduct of Money Services Businesses

Ch. 560, F.S., sets out provisions on the conduct of money services businesses (MSB), specifying, in part:

- A licensee may transact MSB only under the legal name under which the person is licensed;
- The payment instrument must be endorsed using the legal name under which the licensee is licensed in certain circumstances;
- A licensee may not accept or cash a payment instrument from a person who is not the original payee with limited exception; and
- A licensee must report all suspicious activity to the OIR.¹²⁴

Pursuant to s. 560.310, F.S., the OIR must require a licensee to submit certain information to the check cashing database or electronic log, before entering into each check cashing transaction for each payment instrument being cashed.¹²⁵ A person who knowingly violates this section commits a felony of the third degree.¹²⁶

Crowd-funding Campaigns

Crowd-funding is a recent method used to raise funds online from a large number of people who are interested in a campaign.¹²⁷ Campaigns may support a wide range of ideas and ventures, and usually share information about the project, cause, or idea to decide whether to invest in the campaign based on the “collective wisdom of the crowd.”¹²⁸ Some of the top crowd-funding sites include GoFundMe, StartEngine, Indiegogo, and SeedInvest Technology.¹²⁹

Florida statutes have limited provisions related to crowd-funding campaigns that relate to intrastate crowd-funding for securities transactions.¹³⁰ There are no other provisions that address crowd-funding explicitly, but crowd-funding campaigns must comply with all other relevant laws, such as the Florida Deceptive and Unfair Trade Practices Act (FDUTPA).¹³¹ For instance, it is unlawful to engage in any unconscionable acts or practices, and unfair or deceptive acts or practices in the conduct of any trade or commerce.¹³² There are also provisions on unlawful acts and practices by social media platforms which, if applicable, a crowd-funding campaign organizer would need to comply.¹³³

The state attorney in the judicial circuit which a violation occurs or affects, or the Department of Legal Affairs if a violation occurs or affects more than one judicial circuit,¹³⁴ has authority to conduct investigations if certain conditions are met.¹³⁵ Such authority may seek specified remedies, such as a declaratory judgment or an action to enjoin,¹³⁶ and a violator may be liable for a civil penalty of not more than \$10,000.¹³⁷ Further, an aggrieved party may bring an individual cause of action in certain circumstances and seek actual damages, plus attorney fees and court costs.¹³⁸

Distributed Energy Generation Systems

A distributed energy generation system (DEGS), such as a solar panel or a wind-turbine,¹³⁹ is a device or system that is used to generate or store electricity, that has an electric delivery capacity, individually or in connection with other similar devices or systems, of greater than one kilowatt or one kilowatt-hour; and that is used primarily for on-site consumption.¹⁴⁰ According to the United States Environmental Protection Agency (EPA), the use of DEGS has increased for several reasons, for instance because they have become cost-effective.¹⁴¹ There are benefits to using DEGS, such as reducing the amount of electricity generated which can reduce the environmental impact, but it can also have negative impacts, such as a system that involves combustion.¹⁴² Most solar installations on residences are installed on a roof, and DEGS may be best suited for new roofs as they can last up to 25 years or longer.¹⁴³

In 2017, the Florida Legislature adopted laws related to the retail installment sales of DEGS in Part II of ch. 520, F.S. (Part II)¹⁴⁴ Part II applies to agreements¹⁴⁵ to sell or lease a DEGS and is supplemental to the provisions on retail installment contracts contained in Part III, F.S.,¹⁴⁶ and any sale of a DEGS must comply with applicable safety standards under chs. 489 and 553, F.S.¹⁴⁷ A written statement, separate from the agreement, must be acknowledged by the buyer or lessee, and must meet certain minimum requirements and must contain specified information, including, in part:

- The name and certain contact details of the buyer, the person responsible for installing the DEGS, and the DEGS's maintenance providers;
- A statement indicating whether the DEGS is being purchased or leased;
- The total cost to be paid by the buyer or lease;
- A payment schedule;
- Each state or federal tax incentive or rebate relied upon by the seller;
- A description of any roof warranties;
- A disclosure notifying the lessee whether the seller will insure a leased DEGS against damage or loss; and

¹⁴⁵ Section 520.20(1), F.S. defines "agreement" as a contract executed between a buyer or lessee and a seller that leases or sells a DEGS. For purposes of this part, the term includes retail installment contracts. Section 520.20(2), F.S., defines "buyer" as a person that enters into an agreement to buy a DEGS from a seller. Section 520.20(6), F.S., defines "seller" as a person who regularly engaged in, and whose business substantially consists of, selling or leasing goods, including DEGS, to buyers or lessees. A seller that is also an installer must be licensed under ch. 489, F.S. Section 520.20(5), F.S., defines "retail installment contract" as an agreement executed in this state between a buyer and a seller in which the title to, or a lien upon, a DEGS is retained or taken by the seller from the buyer as security, in whole or in part, for the buyer's obligations to make specified payments over time.

This requirement to produce a written statement may be satisfied by the electronic delivery of a document that contains the requirement information provided the intended recipient acknowledges its receipt.¹⁴⁹ A seller who willfully violates the Part II commits a noncriminal violation punishable by a fine.¹⁵⁰ The owner may recover against certain person specified charges under the agreement, attorney fees and costs.¹⁵¹

Warranty Associations

Chapter 634, F.S., provides for the regulation of warranty associations. There are three parts to the chapter; Part I for motor vehicle service agreement companies; Part II for home warranty associations; and Part III for service warranty associations.

Service Warranty Associations

A service warranty association is any business other than an authorized insurer that issues service warranties.¹⁵² A service warranty includes, in return for the payment of a segregated charge by the consumer, any warranty, guaranty, or maintenance service contract equal to or greater than one year in length; an agreement for a specific duration to perform the repair, replacement, or maintenance of a consumer product; for indemnification for repair, replacement, or maintenance, for failure due to a defect in materials or workmanship, normal wear and tear, power surge, or accidental damage from handling.¹⁵³ The regulation of the association and the warranties is administered by the OIR; the regulation of the sales representatives is by the DFS.¹⁵⁴

III. Effect of Proposed Changes:

Public Adjusters

Section 9 amends s. 626.854, F.S., by revising the definition of public adjuster to apply to any person who acts as a public adjuster regardless of how that person described or presents his or her services. When entering into a contract after July 1, 2023, a public adjuster is prohibited from contracting with anyone other than the named insured unless the insured gives written consent after he or she enters into a contract for public adjusting services. If a public adjuster contracts with a third party to assist in settling the claim before obtaining written consent from the insured, the public adjuster is responsible for the third-party's fees.

Public Adjuster Compensation

No later than 14 days from the date of the reported loss, if the insurer either pays or commits in writing to pay the policy limit to the insured, the public adjuster must:

- Inform the insured the loss recovery amount might not be increased by the insurer;

- Not receive a commission based on a percentage of the total amount timely paid or committed policy limits; and
- Be entitled only up to \$1,000 from the insured for the time spent and expenses incurred on the claim by the public adjuster, until the claim is paid or the insured receives a written commitment to pay from the insurer.

Except as otherwise provided, if the public adjuster enters into a contract after the insured or claimant is unsuccessful at negotiating a payment and the public adjuster is successful in obtaining a higher insurance claim payment, the public adjuster must receive a commission totaling ten percent of the difference between the initial insurance claim payment offer made to the insured and the final insurance claim payment.

Right of Rescission

When an insured or claimant enters into a contract with a public adjuster as a result of an emergency, an insured or claimant may cancel the contract without penalty or obligation within 30 days after the date of the event, or 10 days after the date on which the contract is executed, whichever is longer. The public adjuster's contract to adjust must contain the following language in a minimum 18-point bold type immediately before the space reserved in the contract for the signature of the insured or claimant:

“You, the insured, may cancel this contract for any reason without penalty or obligation to you within 10 days after the date of this contract. If this contract was entered into based on events that are the subject of a declaration of a state of emergency by the Governor, you may cancel this contract for any reason without penalty or obligation to you within 30 days after the date of the event or 10 days after the date on which the contract is executed, whichever is longer. You may also cancel the contract without penalty or obligation to you if I, as your public adjuster, fail to provide you and your insurer a copy of the written estimate within 60 days of the execution of the contract in accordance with s. 626.854(14)(b), Florida Statutes.”

The insured may rescind a public adjuster services contract if the public adjuster has not provided the insurer with a written estimate within 60 days after executing the contract.

Sections 12 and 13 amend ss. 626.8796 and 626.8797, F.S., respectively, and provides the fraud statement that must be contained in the contract and proof-of-loss statement must be in a minimum 18-point bold type before the space in the contract reserved for the insured's signature.

Public Adjuster Contracts

Section 12 amends s. 626.8796, F.S., and provides all contracts for public adjuster services must be in at least 12-point font, and be titled “Public Adjuster Contract.” The provision on public adjuster contracts relating to property and casualty claims must include the public adjuster's and insured's phone number and e-mail addresses, and requires these details for the affidavit remitted by public adjusting firms in eligible circumstances. The bill specifies contract language must state the percentage of compensation in a minimum of 18-point bold type before the space reserved for the insured's signature. The bill provides the insured is required to initial each page

that does not have his or her signature. Further, the bill specifies the unaltered copy of the contract must be remitted to the insured at the time of execution and to the insurer within 10 days after execution.

The notice that must be included in the contract, regarding an insured's right to cancel the contract without penalty within 10 days after the date of the contract, must be immediately before the space reserved for the signature of the insured or claimant in the contract.

The bill provides the public adjuster may not provide services until the insured and the insurer have been provided with the unaltered copies of the executed contract. Furthermore, an insured may rescind the contract for public adjuster services if the public adjuster has not submitted a written estimate to the insurer within 60 day after executing the contract.

Prior to executing the contract, the public adjuster must provide the insured with a separate disclosure document on a form adopted by the Department regarding the claim process and must:

- Define the type of adjusters who may be involved in the claim process as either a company adjuster, independent adjuster, and public adjuster;
- Explain the public adjuster is not a representative or employee of the insurer;
- Explain the insured is not required to hire a public adjuster, but has a right to do so;
- Explain an insured has a right to initiate direct communications with the insured's attorney, the insurer, the company adjuster, the insurer's attorney, or any person regarding the settlement of the insured's claim;
- Explain the public adjuster's salary, fee, commission, or other consideration to be paid is the insured's responsibility;
- Explain the public adjuster is required to provide the insured an unaltered copy of the executed contract at the time of execution;
- Explain if the contract was entered into based on events subject to a declaration of a state of emergency, the insured has a right to rescind the contract within 30 days after the date of the event, or 10 days after the date on which the contract is executed, whichever is longer; and
- The public adjuster must provide an unaltered copy of the executed disclosure document at the time of execution.

A contract that does not comply with these disclosure requirements is invalid and unenforceable.

Rulemaking

Section 12 also provides the Department with authority to adopt rules to implement s. 626.8796, F.S., including rules to adopt forms required under the section.

Exemption from Public Adjuster Licensure

Section 10 amends s. 626.860, F.S., to clarify that the exemption for attorneys from needing a license under ch. 626, F.S., to adjust claims does not apply to the employees, interns, volunteers, or contractors of any attorney or law firm.

Display of Adjuster License

Section 11 amends s. 626.875, F.S., and requires an independent or public adjuster to display their license in a conspicuous place in the license holder's principal place of business, but carry the license in his or her actual possession if the licensee is conducting business away from their place of business and cannot post the license.

Adjuster Records Retention

The bill requires records of specific claims or losses, that are required to be retained by the adjuster, must be retained in the adjuster's place of business for a period of not less than five years and must be made available for inspection by the Department at all times. The bill further specifies documents which must be maintained for a period not less than five years, including:

- Name, address, telephone number, and e-mail address of the insured, and the name of the attorney representing the insured, if applicable;
- The date, location, and amount of the loss;
- An unaltered copy of the executed disclosure document required and public adjuster contract;

- A register of all money received, deposited, disbursed, and withdrawn in connection with a transaction with the insured, including fees, transfers, and disbursements in connection with the loss.

Annuities

Section 17 amends s. 627.4554, F.S., and largely adopts the National Association of Insurance Commissioners (NAIC) Model Regulation with some modifications to synthesize the provisions with current law. The Department and Financial Services Commission (Commission) is authorized to adopt by rule the forms prescribed in the NAIC Suitability in Annuity Transaction Model Regulation Appendix A – Insurance Agent (Producer), Appendix B – Consumer Refusal to Provide Information, and Appendix C – Consumer Decision to Purchase an Annuity Not Based on a Recommendation.

The bill renames the title of s. 627.4554, F.S., to "Suitability in Annuity Transactions," and makes the section effective January 1, 2024. The bill amends the purpose of s. 627.4554(1), F.S., which, unlike current law, requires agents to act in the best interest of the consumer when making a recommendation about an annuity. The purpose also requires insurers to establish and maintain a supervisory system to ensure that the insurance needs and financial objectives of the consumer are effectively, rather than appropriately, addressed at the time of the transaction. The scope of the section is also amended to apply to any sale or recommendation of an annuity but is no longer limited to apply to transactions which result in the purchase, exchange or replacement recommended. The bill modifies the exemptions provision under current law to state the exemptions do not apply to s. 627.4554, F.S., "unless otherwise specifically included."

The bill defines, deletes or revises the following terms:

- “Agent” is revised, from the same meaning as provided in s. 626.015, F.S., to mean a person or entity required to be licensed under the laws of Florida to sell, solicit, or negotiate insurance, including annuities. The bill replaces, or amends as specified below, the duties of insurers and agents under current law to incorporate the best interest standards contained in the NAIC Model Regulation:

- When making a recommendation of an annuity, an agent must act in the best interest of the consumer under the circumstances known at the time the recommendation is made, without placing the insurer or agent’s financial interest ahead of the consumers’ interests.
- Provides an agent has acted in the best interest of the consumer if the agent has satisfied the following obligations regarding care, disclosure, conflicts of interest, and documentation.
- In making a recommendation, the agent must exercise reasonable diligence, care, and skill (“care obligation”) to:
 - Know the customer’s financial situation, insurance needs, and financial objectives;
 - Understand the available options after making a reasonable inquiry into options available to the agent;
 - Have a reasonable basis to believe the recommended option effectively addresses the consumer’s financial situation, insurance needs, and financial objectives over the life of the product, in light of the consumer’s profile information; and

- Communicate the reason or reasons for the recommendation.
- The requirements of the care obligation include:
 - Making reasonable efforts to obtain consumer profile information from the consumer before the recommendation of an annuity;
 - Requiring an agent to consider the types of products the agent is authorized and licensed to recommend or sell which address the consumer's financial situation, insurance needs, and financial objectives. An insurer or agent are not required to analyze or consider products outside the authority and license of the agent or other possible alternative products or strategies available in the market at the time of the recommendation. Agents must be held to standards applicable to agents with similar authority and license; and
 - Having a reasonable basis to believe the consumer would benefit from certain features of the annuity, such as annuitization,¹⁵⁵ death or living benefit, or other insurance-related features.
- The care obligation does not create a fiduciary duty or relationship and only establishes a regulatory duty.
- Consumer profile information, characteristics of the insurer and product costs, rates, benefits, and features are those factors generally relevant in making a determination whether an annuity effectively addresses the consumer's financial situation, insurance needs, and financial objectives but the level of importance of each factor under the care obligation may vary depending on the factors and circumstances of a particular case. However, each factor may not be considered in isolation.
- The requirements of the care obligation apply to the particular annuity as a whole and the underlying subaccounts to which funds are allocated at the time of purchase or exchange of an annuity, and riders and similar product enhancements, if any.
- The care obligation does not require that the annuity with the lowest one-time occurrence compensation structure or multiple occurrence compensation structure must necessarily be recommended.
- The agent does not have ongoing monitoring obligations under the care obligation, although such obligation may be separately owed under the terms of a fiduciary, consulting, investment, advising, or financial planning agreement between the consumer and agent.
- In a case of an exchange or replacement of an annuity, the agent must consider the whole transaction, which includes considering whether:
 - The consumer will incur a surrender charge, be subject to a new surrender period, lose existing benefits, be subject to increased fees;
 - Would benefit from product enhancements and improvements; and
 - Has had another annuity exchange or replacement within the preceding 60 months.
- An agent is not required to obtain any license other than an agent license with the appropriate line of authority to sell, solicit, or negotiate insurance in this state, including, but not limited to, any securities license, in order to fulfill the duties and obligations contained in this section; provided, the agent does not give advice or provide services that are otherwise subject to securities laws or engage in any other activity requiring other professional licenses.
- Before the recommendation or sale of an annuity, the agent must prominently disclose to the consumer on a form substantially similar to the NAIC Model Regulation Appendix A, titled INSURANCE AGENT (PRODUCER) DISCLOSURE FOR ANNUITIES, including:

¹⁵⁵ Annuitization is the process of converting investment into a series of periodic income payments. Investopedia.com, *Annuitization Definition*, <https://www.investopedia.com/terms/a/annuitization.asp> (last visited April 14, 2023).

- A description of the scope and terms of the relationship with the consumer and the role of the agent in the transaction;
- An affirmative statement on whether the agent is licensed and authorized to sell the certain products, including certain types of annuities, life insurance, mutual funds, stocks and bonds, or certificates of deposits;
- An affirmative statement describing the insurers for which the agent is authorized, contracted, or appointed, or otherwise able to sell insurance products, using the following descriptions specified descriptions regarding the number of insurers and, if two or more, whether the agent is primarily contracted with one insurer;
- A description of the sources and types of cash compensation and noncash compensation to be received by the agent, including certain information about the type of compensation received for the sale of a recommended annuity; and
- A notice of the consumer's right to request additional information regarding cash compensation.
- Upon request of the consumer or the consumer's designated representative, the agent must disclose:
 - A reasonable estimate of the amount, stated as a range of amounts or percentages, of cash compensation to be received by the agent.
 - Whether the cash compensation is a one-time or multiple occurrence amount; if a multiple occurrence amount then the disclosure must contain certain information.
- Before or at the time of the recommendation or sale of an annuity, the agent must have a reasonable basis to believe the consumer has been informed, rather than the consumer being reasonably informed under current law, of various features of the annuity, and additional features have been added to the specified list, including any annual fees, other options of the annuity, and potential changes in nonguaranteed elements of the annuity.
- The agent must identify and avoid, or reasonably manage and disclose, material conflicts of interest, including material conflicts of interest related to an ownership interest.
- An agent must at the time of the recommendation or sale:
 - Make a written record of any recommendation and the basis for the recommendation;
 - Obtain a consumer signed statement on a form substantially similar to NAIC Model Regulation Appendix B, titled CONSUMER REFUSAL TO PROVIDE INFORMATION:
 - A customer's refusal to provide the consumer profile information, if any; or
 - A customer's understanding of the ramifications of not providing his or her consumer profile information or providing insufficient consumer profile information.
 - Obtain a customer signed on a form substantially similar to NAIC Model Regulation Appendix C, titled Consumer Decision to Purchase an Annuity NOT Based on a Recommendation, acknowledging the annuity transaction is not recommended, if applicable.
- Any requirement applicable to an agent under this subsection must apply to every agent who has exercised material control or influence in the making of a recommendation and has received direct compensation as a result of the recommendation or sale, regardless of whether the agent has had direct contact with the consumer. Certain activities, such as providing or delivering marketing or educational materials, are specified as not constituting material control or influence.
- The first sentence of s. 627.4554(5)(d), F.S., relating to the requirement that an insurer's issuance of an annuity being reasonable in all of the circumstances, is relocated to a separate

subparagraph, and clarifies that an insurer to does have a care obligation with respect to specified transactions.

- An insurer is prohibited from recommending an annuity to a consumer unless there is reasonable basis to believe that it would effectively address the particular consumer's financial situation, insurance needs, and financial objectives based on the consumer's profile information.
- An insurer must establish and maintain, not only establish as provided under current law, a supervision system that is reasonably designed to ensure the insurer and agent's compliance with s. 627.4554, F.S., and must include, but is not limited to, the insurer must:
 - Establish and maintain, not only maintain as provided under current law, reasonable procedures to inform its agents of the requirements of the section and incorporating them into training manuals;
 - Establish and maintain, not only establish as provided under current law, standards for agent product training, and establish and maintain reasonable procedures to require its agent to comply with the training requirements;
 - Provide product-specific training and training materials that explain all material features of its annuity products to its agents;
 - Establish and maintain, not only maintain as provided under current law, procedures for the review of each recommendation before issuance of an annuity to ensure there is reasonable basis to determine the recommended annuity would effectively address the particular consumer's financial situation, insurance needs, and financial objectives, rather than for determining that the recommendation is suitable;
 - Establish and maintain, not only maintain as provided under current law, reasonable procedures to detect recommendations that are not in compliance with paragraphs (a), (b), (d), and (e), rather than detecting recommendations that are not suitable. Two examples of procedures are added to the list in current law which are: agent interviews and agent statements or attestations;
 - Annually providing a report to senior managers which details a review, along with appropriate testing to determine the effectiveness of the supervision system, the exceptions found, and any corrective action taken or recommended;
 - Establish and maintain reasonable procedures to assess, prior to the issuance or delivery of the annuity, whether an agent has provided the consumer with required information, which is not a requirement under current law;
 - Establish and maintain reasonable procedures to identify and address suspicious consumer refusals to provide consumer profile information, which is not a requirement under current law; and
 - Establish and maintain reasonable procedures to identify and eliminate any sales contests, sales quotas, and other noncash compensation that are based on the sales of specific annuities within a limited period of time. The requirements under this provision do not prohibit the receipt of health insurance, office rents, office support and other employee benefits by employees as long as they are not based on the volume of sales of a specific annuity within a limited period of time.
- Amends the list of requirements that do not need to be included in an insurer's supervision system to add consideration of or comparison to options available to the agents or compensation relating to those options other than annuities or other products offered by the insurer.

- Provides an insurer may contract for the maintenance of procedures relating to the supervisory system.
- An insurer's supervision system must include supervision of any contractual performances;
- The annual certificate from a senior manager must state that the manager has a reasonable basis to represent and does represent, rather than just representing as provided under current law, that the function is being properly performed.
- Provides neither an agent nor an insurer shall dissuade or attempt to dissuade a consumer from certain acts including recommendation and sales of annuities made by financial professionals in compliance with FINRA standards, even if such standard would not otherwise apply to the product or recommendation at issue.
- Does not limit the insurer's obligation to have a reasonable basis to believe the annuity would effectively address the particular consumer's financial situation, insurance needs, and financial objectives.
 - The insurer:
 - May base its analysis on information received from either the financial professional or the entity supervising the financial professional and is amended to conform to this change;
 - Must monitor relevant conduct of the financial professional or an entity responsible for supervising the financial professional; and
 - The entity responsible for supervising the financial professional, information and reports that are reasonably appropriate to assist such entity in maintaining its supervision system.

The bill creates s. 627.4554(6), F.S., relating to agent training. This section provides:

- An agent must not solicit the sale of an annuity product unless the agent has adequate knowledge of the product to recommend the annuity and the agent is in compliance with the insurer's standards for product training. An agent may rely on insurer-provided product-specific training standards and materials to comply the training requirements.
- An agent who engages in the sale of annuity products must complete a one-time four hour training course, which is not part of the agent's continuing education requirement in s. 626.2815, F.S., however, if the course provider submits and receives approval from the Department, the course is eligible for continuing education credit pursuant to s. 626.2815, F.S.
- Agents who hold a life insurance line of authority on January 1, 2024, and who desire to sell annuities must complete the training requirements by July 1, 2024. Individuals who obtain a life insurance line of authority after the effective date of this act may not engage in the sale of annuities until the annuity training course has been completed.
- The minimum length of training required is four hours.
- The required training must include information on the following topics:
 - The types of annuities and various classifications of annuities;
 - Identification of the parties to the annuity;
 - How product-specific annuity contract features affect consumers;
 - The application of income taxation of qualified and nonqualified annuities;
 - The primary uses of annuities; and
 - The appropriate standard of conduct, sales practices, replacement, and disclosure requirements.

- Providers of courses intended to comply with this subsection must cover all of these topics and must not present any marketing information or provide training on sales techniques or provide specific information about a particular insurer's products. Additional topics may be offered in conjunction with and in addition to the required outline.
- An agent who has completed an annuity training course before January 1, 2024, must, by July 1, 2024 complete either:
 - A new four hour training course; or

- Annuity training courses may be conducted and completed by classroom or self-study methods.
- Providers of annuity training must issue certificates of completion.
- The satisfaction of the training requirements of another state that are substantially similar to the provisions of this subsection must be deemed to satisfy the training requirements of this subsection in Florida.
- The satisfaction of the training requirements of any course or courses with components substantially similar to the provisions of this subsection must be deemed to satisfy the training requirements of the subsection in Florida.
- An insurer must verify that an agent has completed the annuity training course before allowing the agent to sell an annuity product for that insurer.

Section 8 amends s. 626.602, F.S., to expand the Department's authority to disapprove, under certain circumstances, the use of any true or fictitious name, other than a bona fide natural name of an individual, by an adjusting firm. Finally, this section repeals the provision authorizing the Department to disapprove names that contain the terms "Medicare" or "Medicaid" on July 1, 2023, as the grace period allowed for insurance agencies who were already using the terms in their firm names as of July 1, 2021, expires on June 30, 2023.

Section 16 amends s. 627.4133, F.S., relating to notice of cancellation, nonrenewal or renewal premium, to revise the cancellation or termination timeframe from 90 to 60 days. After such policies have been in effect for 60 days, no policy may be cancelled by the insurer except when there has been a material misstatement, a nonpayment of premium, a failure to comply with underwriting requirements by the insurer within 60 days of the effective date of coverage, a substantial change of risk covered by the policy, or when cancellation is for a class of insured.

The same provisions relating to personal lines or commercial residential property insurance policies are also amended to: (1) require 20 days' written notice for cancellation within 60 days from the date the policy is in force, and (2) prohibit the policy from being cancelled after 60 days for such reasons. The bill amends current law to provide that an insurer may not cancel or terminate a contract after a policy or contract has been in effect for more than 60 days, rather than 90 days, based on credit information available in public records.

The bill removes from the definition "continuing for the time period during which the hurricane conditions exist anywhere in Florida," and changes the end of a hurricane to mean 24 hours, rather than 72 hours, after the last hurricane watch or warning is issued for any part of Florida.
