COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/CS/SB 689 amends provisions related to several taxes that are approved by referendum. The bill requires a referendum to reenact or increase such taxes must be placed on the ballot at a general election occurring within the 48-month period immediately preceding the effective date of the tax. Furthermore, such referendums may appear on the ballot only once within 48 months of the effective date of the tax.

The bill pertains to the following taxes:

- Tourist development tax:
- Tourist impact tax:
- Local government discretionary sales surtax:
- Ninth-cent fuel tax:
- 1-5 cent local option fuel tax:
- Children's Services Independent District millage.

The bill will take effect July 1, 2023.

II. Present Situation:

Local Option Taxes

Counties and municipalities have authority to levy a variety of optional taxes conditioned upon approval of the electorate voting in a referendum. Presently, the referendums approving the local taxes contemplated by the bill are held at any general election.¹ Current law is silent on the timing of referendums to reauthorize existing taxes, and permits referendums to occur at *any* general election. The taxes addressed in the bill are described below.

Tourist Development Tax

The Local Option Tourist Development Act² authorizes counties to levy five separate taxes on transient rental³ transactions (“tourist development taxes” or “TDTs”). Depending on a county’s eligibility to levy such taxes, the combined tax rate may vary but is limited to 6 percent:

- The original TDT may be levied at the rate of 1 or 2 percent.⁴
- An additional 1 percent tax may be levied by counties that have previously levied the original TDT for at least three years.⁵
- A high tourism impact tax may be levied at an additional 1 percent.⁶
- A professional sports franchise facility tax may be levied up to an additional 1 percent.⁷
- An additional professional sports franchise facility tax no greater than 1 percent may be imposed by a county that has already levied the professional sports franchise facility tax.⁸

Prior to the authorization of the original 1 or 2 percent TDT, the levy must be approved by a countywide referendum,⁹ and additional TDT levies must be authorized by a vote of the county’s governing authority or by voter approval of a countywide referendum.¹⁰

Tourist Impact Tax; Areas of Critical State Concern

Counties containing a designated area of critical state concern¹¹ are authorized to create land authorities by ordinance¹² to “equitably deal with the challenges of implementing comprehensive land use plans developed pursuant to the area of critical state concern program, which challenges are often complicated by the environmental sensitivity of such areas.”¹³

Any county creating a land authority may levy a tourist impact tax within the area or areas designated as an area of critical state concern.¹⁴ However, if the area or areas of critical state concern are greater than 50 percent of the land area of the county, the tax may be levied throughout the entire county.¹⁵ The tax must be levied by ordinance and takes effect after land development regulations and a local comprehensive plan that meet the requirements of ch. 380, F.S., take effect and the tax is approved by referendum held at a general election.¹⁶

The county is authorized to levy a 1 percent tax on each dollar on transient rental facilities within the applicable area.¹⁷ The funds are used to buy property in the area of critical state concern and to offset the loss of ad valorem (property) taxes due to those land acquisitions.¹⁸ Designated areas of critical state concern include the Big Cypress Area (mainly in Collier County), the Green Swamp Area in Central Florida, the Florida Keys Area in South Florida, and the Apalachicola Bay Area in Franklin County.¹⁹

Property Tax; Children’s Services Independent Special District

In 1986, the Legislature authorized Florida counties to create children’s services councils as countywide special districts to fund children’s services throughout the county.²⁰ The county governing body must obtain approval, by a majority vote of those electors voting on the question, to levy ad valorem taxes to fund children’s services. The levy may not exceed 0.5 mills.²¹

Ten counties currently have children’s services councils organized as independent special districts.²²

¹¹ The Areas of Critical State Concern Program, which was created by the Florida Environmental Land and Water Management Act of 1972, is intended to “protect resources and public facilities of major statewide significance, within designated geographic areas, from uncontrolled development that would cause substantial deterioration of such resources.” Florida Department of Economic Opportunity, *Areas of Critical State Concern Program*, April 15, 2023).

Children's services councils may exercise the following powers and functions:

- Provide preventive, developmental, treatment, rehabilitative, and other services for children;
- Provide funds to other agencies that operate for the benefit of children, with the exception of the public school system;
- Collect data and conduct research to determine the needs of the children in the county;
- Coordinate with providers of children's services to prevent duplication of services;
- Lease or buy necessary real estate, equipment, and personal property; and
- Employ and provide benefits for needed personnel.²³

Discretionary Sales Surtax

Counties are authorized to levy a discretionary sales surtax on transactions subject to state sales tax for specific purposes.²⁴ These purposes include:

- Operating a regional transportation system;
- Financing local government infrastructure projects;
- Providing additional revenue for small counties;
- Providing medical care for indigent persons;
- Funding trauma centers;
- Operating, maintaining, and administering a county public general hospital;
- Constructing and renovating schools;
- Providing emergency fire rescue services and facilities; and
- Funding pension liability shortfalls.²⁵

A referendum to adopt or amend a discretionary sales surtax must be held at a general election.²⁶ Current law does not specify when a referendum to reenact an existing sales surtax must occur.

Local Option Fuel Taxes

Counties may levy a ninth-cent fuel tax (1 cent on every net gallon of motor sold within a county) if approved by extraordinary vote of its governing board or by voter referendum.²⁷

Beginning January 1, 1994, and as required by law, each county had levied within its jurisdiction the ninth-cent fuel tax on diesel fuel.²⁸

Counties also may levy local option fuel taxes which include a tax of 1 to 6 cents on every net gallon of motor and diesel fuel sold within a county, and a tax of 1 to 5 cents on every net gallon of motor fuel (excluding diesel) sold within a county.²⁹ The latter tax on motor fuel may be levied by an ordinance adopted by a majority plus one vote of the membership of the governing body of the county or by referendum.³⁰ Beginning September 1, 1992, and as required by law,

All impositions of the ninth-cent fuel tax or the local option fuel tax must be levied before October 1 of each year to be effective January 1 of the following year.³² The Department of Revenue administers, collects, enforces, and distributes local option fuel taxes. The funds are used for transportation expenditures.³³

General Elections

A general election is an election held on the first Tuesday after the first Monday in November in the even-numbered years, for the purpose of filling national, state, county, and district offices and for voting on constitutional amendments not otherwise provided for by law.³⁴

III. Effect of Proposed Changes:

The following taxes are amended by the bill to require their **reenactment** occur at a general election within the 48-month period immediately preceding the effective date of the tax. - Tourist impact tax (section 2, amending s. 125.0108, F.S.); and
- Local government discretionary sales surtax (section 4, amending s. 212.055, F.S.)

The bill will take effect July 1, 2023.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

have to raise revenue in the aggregate, nor reduce the percentage of state tax shared with counties or municipalities.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

Not applicable. The bill does not create or increase a state tax or fee or repeal an exemption of credit. Thus, Art. VII, s. 19 of the Florida Constitution does not apply.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

The Revenue Estimating Conference (REC) has not analyzed the bill. However, the REC did determine that proposed language similar to that under the bill would not result in a change in local government revenue.³⁵

B. Private Sector Impact:

None.

C. Government Sector Impact:

None.

VI. Technical Deficiencies:

The bill ties limits on elections to the effective date of referendums. Referendums are held to approve ordinances, which have effective dates, but it is not clear whether a referendum itself has an effective date.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 125.0104, 125.0108, 125.901, 212.055, 336.021, and 336.025.
