I. Summary:

SB 1190 creates s. 943.0411, F.S., establishing the Online Sting Operations Grant Program within the Florida Department of Law Enforcement (FDLE). The purpose of the program is to award grants to law enforcement agencies to support their creation of sting operations to target individuals online who prey upon children or attempt to do so.

The FDLE will annually award to local law enforcement agencies funds specifically appropriated for the grant program to cover expenses related to computers, electronics, software, and other related necessary supplies.

The bill provides that grants must be provided to local law enforcement agencies if funds are appropriated for that purpose. The total amount of grants awarded may not exceed funding appropriated for the grant program.

The bill authorizes the FDLE to establish criteria and set specific time periods for the acceptance of applications and for the selection process for awarding grant funds.

The bill may have a negative workload impact on the FDLE. See Section V., Fiscal Impact Statement.

The bill becomes effective July 1, 2024.

II. Present Situation:

Local law enforcement agencies routinely conduct sting operations targeting online predators who may intend to commit crimes against children. In Leon County, the Capital City Human

Trafficking Taskforce has arrested 16 people since its formation in late 2023.¹ The taskforce's undercover operations targeted individuals engaging in Internet crimes against children, prostitution, and human trafficking.

On January 11, 2024, the Hillsborough County Sheriff's Office (HSCO) announced the arrest of 123 people over the course of three months, including online predators who thought they were communicating with children and young teens but were actually communicating with HCSO detectives.²

On October 10, 2023, the Polk County Sheriff's Office announced that its fourth undercover sting operation resulted in the arrest of six people alleged to have communicated online with persons they thought were children or guardians for the purpose of soliciting unlawful sexual activity with minors.³

Florida Crimes Against Children Criminal Profiling Program

Section 943.041, F.S., creates the Crimes Against Children Criminal Profiling Program (CACP) within the FDLE. The CACP provides investigative, training, and intelligence assistance to local law enforcement agencies while taking a proactive approach to investigating and preventing child sexual exploitation.^{4,5}

Intelligence Assistance

The first step in this program is the identification of local, state, and federal law enforcement professionals working these cases. The networking and sharing of intelligence and investigative data enhances the existing communications network of the Florida Investigative Support Center (FISC) within the FDLE. This database enables FDLE personnel to identify patterns and movements of specific criminal activities. In addition, it provides local law enforcement investigators with a statewide medium through which they share criminal information.

Investigative Assistance

Special Agents of the CACP have received extensive training in the area of crimes against children. Consequently, members of this program are qualified to investigate multi-jurisdictional

The taskforce includes members from the Department of Homeland Security, the United States Attorney's Office for the Northern District of Florida, the State Attorney's Office for the Second Judicial Circuit, the Leon County Sheriff's Office, FDLE, the Tallahassee Police Department, the Federal Bureau of Investigations, the Internal Revenue Service, and the United States Marshals Service.

operations and organized crimes against children. In addition, investigative and technical assistance is provided to local law enforcement agencies.

The major concerns include:

- Serial Child Homicides.
- Pedophiles.
- Child Pornography.
- Child Sexual Abuse.

The CACP also has the ability to utilize the services of FDLE Special Agents who have been specifically trained in psychological profiling.⁶

Sting operations cover a wide variety of crimes and use different techniques depending on the operation's immediate or long-term purpose. It is difficult to define precisely what a sting operation is. However, with some exceptions, all sting operations contain four basic elements:

- An opportunity or enticement to commit a crime, either created or exploited by police.
- A targeted likely offender or group of offenders for a particular crime type.
- An undercover or hidden police officer or surrogate, or some form of deception.
- A "gotcha" climax when the operation ends with arrests.⁷

Sting operations targeting child predators online may frequently result in criminal charges for the offenses described below.

III. Effect of Proposed Changes:

The bill creates s. 943.0411, F.S., establishing the Online Sting Operations Grant Program within the FDLE. The purpose of the program is to award grants to law enforcement agencies to support their creation of sting operations to target individuals online who prey upon children or attempt to do so.

The FDLE will annually award to local law enforcement agencies funds specifically appropriated for the grant program to cover expenses related to computers, electronics, software, and other related necessary supplies.

The bill provides that grants must be provided to local law enforcement agencies if funds are appropriated for that purpose. The total amount of grants awarded may not exceed funding appropriated for the grant program.

The bill authorizes the FDLE to establish criteria and set specific time periods for the acceptance of applications and for the selection process for awarding grant funds.

C. Government Sector Impact:

The bill's provisions may increase workload for the FDLE. The FDLE requested one position and a total of \$96,504 to address the estimated workload associated with the grant process.¹⁵ As of December 2023, the FDLE had two vacant positions in the Office of Justice Grants that could be filled to address this workload. Moreover, in SB 2500, the General Appropriations Bill for Fiscal Year 2024-2025, the Senate funded two positions and funds totaling \$217,887 for the Office of Criminal Justice Grants. If funded, these positions would offset the FDLE's need for additional positions.
