SUMMARY ANALYSIS

The Code of Ethics for Public Officers and Employees (Code of Ethics) establishes ethical standards for public officials and is intended to ensure that public officials conduct themselves independently and impartially, not using their offices for private gain other than compensation provided by law.

Current law requires lobbyists to register to lobby the executive and legislative branches of state government. Lobbyists must annually register for each principal represented and indicate the entities to be lobbied. Lobbyists who do not follow registration and reporting requirements may be subject to penalties, including fines and being prohibited from lobbying for a period of time. There are currently no provisions in state law governing lobbying requirements for local governments, although many local governments have adopted their own lobbying requirements.

Public officers, state agency employees, local government attorneys, and candidates for office are prohibited from soliciting or accepting anything of value, including gifts, loans, rewards, promises of future employment, favors, or services, based upon an understanding that their vote, official action, or judgment would be influenced.

State agencies and political subdivisions must report any grant or gift over \$50,000 from any foreign source and are prohibited from receiving grants from a country that has been designated as a "foreign country of concern" or any entity controlled by such a country.

The bill:

- Prohibits public officers, state agency employees, local government attorneys, and candidates for office from soliciting or accepting anything of value from a foreign country of concern.
- Requires that, beginning January 1, 2025, mayors of municipalities and the elected members of a municipality's governing body only have to file full and public disclosure of their financial interest if the municipality has a population of more than 500 persons.
- Establishes requirements for lobbying before counties, municipalities, and special districts that mirror requirements for lobbying the executive branch, such as requiring registration and investigation for noncompliance.
- Prohibits counties, municipalities, and school districts from renewing or extending the employment contracts of certain senior employees during the eight-month period preceding a general election, unless the renewal or extension is approved by a unanimous vote of the governing board.
- Requires governing bodies of municipalities to place proposed charter amendments on the ballot at the next general election held in the county, the next municipal election, or a special election called for that purpose, whichever occurs first.

The bill will have an indeterminate, but likely significant, fiscal impact on state government expenditures. See Fiscal Comments.

I. SUBSTANTIVE ANALYSIS

A. EFFECT OF PROPOSED CHANGES:

Present Situation

The Code of Ethics for Public Officers and Employees

The Code of Ethics for Public Officers and Employees (Code of Ethics)¹ establishes ethical standards for public officials and is intended to ensure that public officials conduct themselves independently and impartially, not using their offices for private gain other than compensation provided by law.² The Code of Ethics pertains to various ethical issues, such as ethics trainings, voting conflicts, full and public disclosure of financial interests, standards of conduct, and the Commission on Ethics (Commission).³

Commission on Ethics

The Florida Constitution requires the creation of an independent commission “to conduct investigations and make public reports on all complaints concerning breach of public trust by public officers or employees not within the jurisdiction of the judicial qualifications commission.”⁴ The Commission was created by the Legislature in 1974 “to serve as guardian of the standards of conduct” for state and local public officials and employees.⁵ The state constitution and state law designate the Commission as the independent commission referred to in the state constitution.⁶ The Commission’s duties consist, in part, of:

- Rendering advisory opinions to public officials.⁷
- Making recommendations to disciplinary officials when appropriate for violations of ethics and disclosure laws.⁸
- Administering the executive branch lobbying registration and reporting law.⁹
- Maintaining financial disclosure filings of constitutional officers and state officers and employees.¹⁰
- Administering automatic fines for public officers and employees who fail to timely file a required annual financial disclosure.¹¹

Lobbyist Registration and Compensation Reporting

Lobbyists¹² must register to lobby¹³ the executive branch and the legislative branch in Florida. Executive branch lobbying is regulated by the Code of Ethics and administered by the Commission,¹⁴ while legislative branch lobbying is regulated primarily by Joint Rule of the Florida Legislature and administered by the Office of Legislative Services.¹⁵ Both registration systems require lobbyists to annually register for each principal¹⁶ represented and to indicate the entities to be lobbied.¹⁷ In addition, lobbying firms¹⁸ must file quarterly compensation reports.¹⁹ Both the Commission and the Legislature have instituted electronic registration and compensation reporting.²⁰ Executive branch lobbyists, however, must supply a written oath to complete each registration, as well as a statement signed by the principal, authorizing the individual's representation of the principal.²¹

State agency employees and employees of legislative and judicial branch entities acting in the normal course of their duties are exempt from executive branch lobbying registration.²² However, local government officers and employees are not exempt and must register to lobby the state executive branch.²³

The Commission must investigate a sworn complaint that it receives, alleging that a required person has failed to register, has failed to submit a compensation report, has made a prohibited expenditure,²⁴ or has knowingly submitted false information in any report or registration.²⁵ ²⁶

The executive branch lobbyist registration and reporting law provides specific procedures for its enforcement.²⁷ The Commission reports probable cause findings to the Governor and Cabinet for appropriate action, which can include a fine up to \$5,000 and a prohibition from lobbying for up to two years.²⁸ A person accused of violating the lobbyist registration law may also request a public hearing within 14 days of the mailing of the probable cause notification.²⁹

There are currently no provisions in state law governing lobbying requirements for local governments, although many local governments have adopted their own lobbying requirements.³⁰

¹² "Lobbyist" means a person who is employed and receives payment, or who contracts for economic consideration, for the purpose of lobbying, or a person who is principally employed for governmental affairs by another person or governmental entity to lobby on behalf of that other person or governmental entity. S. 112.3215(1)(f), F.S. Gifts and Contracts

Public officers,³¹ state agency employees, local government attorneys, and candidates for office are prohibited from soliciting or accepting anything of value, including a gift, loan, reward, promise of future employment, favor, or service, based upon an understanding that their vote, official action, or judgment would be influenced.³²

Any state agency or political subdivision that receives, directly or indirectly, any gift or grant with a value of \$50,000 or more from any foreign source must disclose such gift or grant to the Department of Financial Services within 30 days.³³ Such disclosure must include the date of the gift or grant, the amount of the gift or grant, and the name and country of residence or domicile of the foreign source.³⁴

A state agency, political subdivision, or public school authorized to expend state-appropriated funds or levy ad valorem taxes is prohibited from participating in any agreement with or accepting any grant from a foreign country of concern, or any entity controlled by a foreign country of concern which:

- Constrains the freedom of contract of such public entity;
- Allows the curriculum or values of a program in the state to be directed or controlled by the foreign country of concern; or
- Promotes an agenda detrimental to the safety or security of the United States or its residents.³⁵

Before the execution of any cultural exchange agreement with a foreign country of concern, the substance of the agreement must be shared with federal agencies concerned with protecting national security or enforcing trade sanctions, embargoes, or other restrictions under federal law.³⁶ If such federal agency provides information suggesting that such agreement promotes an agenda detrimental to the safety or security of the United States or its residents, the public entity may not enter into the agreement.³⁷

Full and Public Disclosure of Financial Interests

All elected constitutional officers, as well as candidates for such offices, are required by the Florida Constitution to file full and public disclosure of their financial interests.³⁸ Other public officers, candidates, and employees may also be required to file such disclosures, as required by law.³⁹

The term “full and public disclosure of financial interests” means the reporting individual must disclose his or her net worth and the value of each asset and liability in excess of \$1,000.⁴⁰ The disclosure must be accompanied by either a copy of the filer’s most recent federal income tax return or a sworn statement that identifies each separate source and amount of income that exceeds \$1,000.⁴¹ The Commission has created by rule CE Form 6 (Form 6) to be used to make the required full and public financial disclosure.⁴²

Effect of Proposed Changes

Foreign Country of Concern

The bill prohibits public officers, state agency employees, local government attorneys, or candidates for office from soliciting or accepting anything of value, including a gift, loan, reward, promise of future employment, favor, or service, from a foreign country of concern.⁵⁰

Full and Public Disclosure of Financial Interests

The bill requires that beginning January 1, 2025, mayors of municipalities and the elected members of a municipality's governing body only have to file a Form 6 disclosure if the municipality has a population of more than 500 persons. If the population of the municipality is 500 persons or less, those officials would only be required to file a Form 1 disclosure.

Local Government Lobbying

The bill establishes requirements for lobbying before counties, municipalities, and special districts. These requirements largely mirror provisions of current law regulating lobbying the executive branch. The bill defines "lobby,"⁵¹ "lobbyist,"⁵² and "principal"⁵³ as those terms are defined for the purposes of lobbying the executive branch.

The bill prohibits a person from lobbying a county, municipality, or special district unless he or she is a registered lobbyist with the Commission. The Commission must note in a public database which lobbyists are registered to lobby local governments, as well as make such registrations available on the Commission's website. The registration is due upon the lobbyist's initial retention and is renewable on a calendar year basis. The lobbyist must provide a statement signed by the principal, or representative of the principal, stating the registrant is authorized to represent the principal and designating the principal's main business, which must be done pursuant to a classification system approved by the Commission. The bill requires any changes to the information provided for registration to be disclosed within 15 days after the change occurs by filing a new registration form. The registration form must require each lobbyist to disclose, on a form used by the Commission, the:

- Lobbyist's name and business address.
- Name and business address of each principal represented.
- Existence of any direct or indirect business association, partnership, or financial relationship the lobbyist has with any officer or employee of the local government that he or she lobbies or intends to lobby.

. A lobbyist must promptly send a written statement to the Commission canceling the registration for a principal upon termination of the lobbyist's representation. If the Commission is notified by the principal that a lobbyist is no longer authorized to represent the principal before the local government, the bill authorizes the Commission to remove the lobbyist's name from the registration list.

The bill requires local governments to be diligent in determining if a lobbyist is properly registered with the Commission and may not knowingly authorize a person who is not registered to lobby the local government.

⁵⁰ The bill defines "foreign country of concern" as the People's Republic of China, the Russian Federation, the Islamic Republic of Iran, the Democratic People's Republic of Korea, the Republic of Cuba, the Venezuelan regime of Nicolás Maduro, or the Syrian Arab Republic, including any agency of or any other entity under significant control of such countries.

⁵¹ The bill defines "lobby" or "lobbies" as to seek, on behalf of another person or group, to influence a county, municipality, or special district with respect to a decision of that entity in an area of policy or procurement or in an attempt to obtain the goodwill of an official or employee of such entity. The bill requires the term to be interpreted and applied consistently with the rules of the Commission implementing s. 112.3215, F.S.

⁵² The bill defines "lobbyist" as a person who is employed and receives payment, or who contracts for economic consideration, for the purpose of lobbying, or a person who is principally employed for governmental affairs by another person or governmental entity to lobby on behalf of that other person or governmental entity.

⁵³ The bill defines "principal" as the person, firm, corporation, or other entity which has employed or retained a lobbyist.

If the Commission has received a sworn complaint alleging a lobbyist or principal failed to register with the Commission to lobby a local government or knowingly submitted false information, the Commission must investigate⁵⁴ the lobbyist or principal. The Commission must provide the chief executive officer of the county or municipality, or the governing body of the special district, with a report of its findings and recommendations arising out of any investigation conducted and the chief executive officer or the governing body of the special district may enforce the findings and recommendations.

The bill does not preempt or supersede any ordinance or charter provision establishing a lobbyist registration program adopted before January 1, 2025.

Local Government Employment Contracts

The bill prohibits the governing body of a county from renewing or extending the employment contract of a county administrator or county attorney during the eight months preceding a general election for county mayor, if applicable, or for members of the governing body of the county, unless the governing body approves such renewal or extension by a unanimous vote.

The bill creates similar prohibitions for governing bodies of municipalities, prohibiting the renewal or extension of the employment contract of a chief executive officer or municipal attorney and for district school boards, prohibiting the renewal or extension of the employment contract of an appointed superintendent or general counsel, unless the respective governing body approves such renewal or extension by a unanimous vote.

Charter Amendments

The bill requires governing bodies of municipalities to place proposed charter amendments on the ballot at the next general election held in the county, the next municipal election, or a special election called for that purpose, whichever occurs first.

None.

2. Expenditures:

III. COMMENTS

A. CONSTITUTIONAL ISSUES:

1. Applicability of Municipality/County Mandates Provision:

Not applicable. This bill does not appear to require counties or municipalities to spend funds or take action requiring the expenditures of funds; reduce the authority that counties or municipalities have to raise revenues in the aggregate; or reduce the percentage of state tax shared with counties or municipalities.

2. Other:

None.

B. RULE-MAKING AUTHORITY:

The Commission may need to promulgate rules to implement local government lobbyist registration. .

C. DRAFTING ISSUES OR OTHER COMMENTS:

None.

IV. AMENDMENTS/COMMITTEE SUBSTITUTE CHANGES

On January 25, 2024, the Local Administration, Federal Affairs & Special Districts Subcommittee adopted a proposed committee substitute (PCS) and reported the bill favorably as a committee substitute. The PCS differs from the bill in that it removed a provision concerning quorum requirements for municipal governing bodies which would have allowed members of a governing body to be considered present at meetings through the use of technology under certain conditions.

On February 21, 2024, the State Affairs Committee adopted a strike-all amendment and reported the bill favorably as a committee substitute. The strike-all amendment:

- Required that, beginning January 1, 2025, mayors of municipalities and the elected members of a municipality's governing body only have to file a Form 6 disclosure if the municipality has a population of more than 500 persons.
- Required the Commission, rather than local governments, to administer a system of registration for lobbyists for local governments.
- Required the Commission to investigate violations of such lobbyist registration requirements, rather than permitting local commissions on ethics to investigate.
- Provided that the bill does not preempt or supersede a local government lobbyist registration program adopted before January 1, 2025.
- Required governing bodies of municipalities to place proposed charter amendments on the ballot at the next general election held in the county, the next municipal election, or a special election called for that purpose, whichever occurs first.
- Changed the effective date of the bill to January 1, 2025, from July 1, 2024.

This analysis is drafted to the committee substitute as approved by the State Affairs Committee.
