SUBJECT OVERVIEW:

Nonconsensual Altered Sexual Depictions

Over the last decade, Americans have started to recognize the growing problem of distribution of sexually explicit images without consent, otherwise known as “revenge porn.”¹ Although Florida and other states have enacted protections against revenge porn, there are still instances in which a person may be a victim of nonconsensual pornography in the form of altered sexual depictions, more commonly known as “deepfakes.”² Deepfakes typically take the form of imagery, video, and audio material that “is produced or distributed without the consent of the subject and has been altered, potentially with artificial intelligence, to show nonconsensual intimate or explicit content.”³ Advancements in technology, such as increased availability and usage of generative AI, have enabled perpetrators to manipulate sexual materials in ways that circumvent revenge porn laws. For example, “if a photo depicted the victim nude, where the victim’s face was real, but the victim’s genitals were computer generated, many laws would not apply because the intimate part of the image was not the victim’s.”⁴

Researchers have discovered that 98% of the deepfake videos found online are explicitly pornographic and 99% of deepfake pornography features women.⁵ Moreover, the creation of deepfake pornography is rapidly increasing, as researchers found that there were 464% more deepfake pornographic videos created in 2023 than in 2022.⁶ Further, 90% of deepfake pornography is found on dedicated deepfake pornography platforms.⁷ In response to the prevalence of deepfakes, the Department of Homeland Security has declared that “[d]eepfakes and the misuse of synthetic content pose a clear, present, and evolving threat to the public across national security, law enforcement, financial, and societal domains.”⁸

Florida Deepfake Law

In 2022, the Florida Legislature created [s. 836.13, F.S.](#), to address deepfake images by providing a third degree felony for the willful and malicious promotion of any altered sexual depiction of an identifiable person, without the consent of the identifiable person, and if the person knew or reasonably should have known that such visual depiction was an altered sexual depiction.⁹

“Altered sexual depiction” means any visual depiction¹⁰ that, as a result of any type of digital, electronic, mechanical, or other modification, alteration, or adaptation, depicts a realistic version of an identifiable person:¹¹

¹ “In 2016, 10 million people, or 2% of Americans had reported being victims of nonconsensual porn. Individuals ages 18-29 generally, and women aged 18-29 specifically, as well as LGBTQ+ Americans were victimized at even higher rates. In 2017, the number of young Americans ages 18-29 who had become victims of nonconsensual porn jumped to 12%, an increase of over 100%. In 2019, a larger study suggests that the problem has only grown, showing a 400% increase in the number of victims from 2016. Taken as a whole, these statistics show the number of victims continues to rise at an alarming rate even though both the legal system and society as a whole have attempted to address the issue.” Chance Carter, NAT’L ASS’N OF ATT’Y GEN., *An Update on the Legal Landscape of Revenge Porn*, https://www.naag.org/attorney-general-journal/an-update-on-the-legal-landscape-of-revenge-porn/#identifier_4_21493 (last visited Mar. 21, 2025).

⁹ See s. [836.13, F.S.](#)

¹⁰ “Visual depiction” includes, but is not limited to, a photograph, picture, image, motion picture, film, video, or other visual representation. S. [836.13\(1\)\(e\), F.S.](#)

¹¹ “Identifiable person” means a person who is recognizable as an actual person by the person’s face, likeness, or other distinguishing characteristic, such as a unique birthmark, or other recognizable feature. S. [836.13\(1\)\(b\), F.S.](#)

- With the nude body parts¹² of another person as the nude body parts of the identifiable person;
- With computer-generated nude body parts as the nude body parts of the identifiable person; or
- Engaging in sexual conduct¹³ in which the identifiable person did not engage.¹⁴

The presence of a disclaimer within an altered sexual depiction which notifies a viewer that the person or persons depicted did not consent to or participate in the creation or promotion of the material, or that the person or persons depicted did not actually perform the actions portrayed, is not a defense and does not relieve a person of criminal liability for promoting an altered sexual depiction.¹⁵

The law authorizes the following civil remedies for victims:

- Injunctive relief;
- Monetary damages of \$10,000 or actual damages; and
- Reasonable attorney's fees and costs.¹⁶

While this statute may be used by victims to obtain justice from violations regarding deepfake pornography, the statute does not currently provide for the removal of such content from online platforms.

Florida Deceptive and Unfair Trade Practices Act

The Florida Deceptive and Unfair Trade Practices Act (FDUTPA) is a consumer and business protection measure that prohibits unfair methods of competition, and unconscionable, deceptive, or unfair acts or practices in the conduct of trade or commerce.¹⁷ FDUTPA was modeled after the FTC Act.¹⁸

The Department of Legal Affairs (DLA) or state attorney's office (SAO) in the judicial circuit affected or where the violation occurs may bring actions on behalf of consumers or governmental entities when it serves the public interest.¹⁹ The SAO may enforce violations of FDUTPA if the violations take place within its jurisdiction. The DLA has enforcement authority when the violation is multi-jurisdictional, the state attorney defers to the DLA in writing, or the state attorney fails to act within 90 days after a written complaint is filed.²⁰ In certain circumstances, consumers may also file suit through private actions.²¹

The DLA and the SAO have powers to investigate FDUTPA claims, which include:²²

- Administering oaths and affirmations;
- Subpoenaing witnesses or matter; and
- Collecting evidence.

The DLA and SAO may seek the following remedies:

- Declaratory judgments;
- Injunctive relief;

¹² "Nude body parts" means the human male or female genitals, pubic area, or buttocks with less than fully opaque covering; or the female breast with less than a fully opaque covering of any portion thereof below the top of the nipple; or the depiction of covered male genitals in a discernibly turgid state. The term does not under any circumstances include a mother breastfeeding her baby. S. [836.13\(1\)\(c\), F.S.](#)
