defined in s. 420.0004, including, but not limited to, a mixed-use residential development, on any parcel zoned for commercial or industrial use, or on any parcel, including any contiguous parcel connected thereto, which is owned by a religious institution as defined in s. 170.201(2) which contains a house of public worship, regardless of underlying zoning, so long as at least 10 percent of the units included in the project are for housing that is affordable. The provisions of this subsection are self-executing and do not require the board of county commissioners to adopt an ordinance or a regulation before using the approval process in this subsection.

(7)(a) A county must authorize multifamily and mixed-use residential as allowable uses in any area zoned for commercial, industrial, or mixed use, and in portions of any flexibly zoned area such as a planned unit development permitted for commercial, industrial, or mixed use, if at least 40 percent of the residential units in a proposed multifamily development are rental units that, for a period of at least 30 years, are affordable as defined in s. 420.0004. Notwithstanding any other law, local ordinance, or regulation to the contrary, a county may not require a proposed multifamily development to obtain a zoning or land use change, special exception, conditional use approval, variance, transfer of density or development units, amendment to a development of regional impact, or comprehensive plan amendment for the building height, zoning, and densities authorized under this subsection. For mixed-use residential projects, at least 65 percent of the total square footage must be used for residential purposes. The county may not require that more than 10 percent of the total square footage of such

mixed-use residential projects be used for nonresidential purposes.

(b) A county may not restrict the density of a proposed development authorized under this subsection below the highest currently allowed, or allowed on July 1, 2023, density on any unincorporated land in the county where residential development is allowed under the county's land development regulations. For purposes of this paragraph, the term "highest currently allowed density" does not include the density of any building that met the requirements of this subsection or the density of any building that has received any bonus, variance, or other special exception for density provided in the county's land development regulations as an incentive for development. For purposes of this paragraph, "highest currently allowed, or allowed on July 1, 2023," means whichever is least restrictive at the time of development.

(c) A county may not restrict the floor area ratio of a proposed development authorized under this subsection below 150 percent of the highest currently allowed, or allowed on July 1, 2023, floor area ratio on any unincorporated land in the county where development is allowed under the county's land development regulations. For purposes of this paragraph, the term "highest currently allowed floor area ratio" does not include the floor area ratio of any building that met the requirements of this subsection or the floor area ratio of any building that has received any bonus, variance, or other special exception for floor area ratio provided in the county's land development regulations as an incentive for development. For purposes of this paragraph, the term "highest currently allowed height" does not include the height of any building that met the requirements of this subsection or the height of any building that has received any bonus, variance, or other special exception for height provided in the county's land development regulations as an incentive for development.

2. For the purposes of this paragraph, the term "adjacent to" means those properties sharing more than one point of a property line, but does not include properties separated by a public road.

Such land development regulations include, but are not limited to, regulations relating to setbacks and parking requirements. A proposed development located within one-quarter mile of a military installation identified in s. 163.3175(2) may not be administratively approved. Each county shall maintain on its website a policy containing procedures and expectations for administrative approval pursuant to this subsection. For purposes of this subparagraph, the term "allowable density" means the density prescribed for the property in accordance with this subsection without additional requirements to procure and

2. The county must administratively approve the demolition of an existing structure associated with a proposed development under this subsection, without further action by the board of county commissioners or any quasi-judicial or administrative board or reviewing body, if the proposed demolition otherwise complies with all state and local regulations.

3. If the proposed development is on a parcel with a contributing structure or building within a historic district which was listed in the National Register of Historic Places before January 1, 2000, or is on a parcel with a structure or building individually listed in the National Register of Historic Places, the county may administratively require the proposed development to comply with local regulations relating to architectural design, such as facade replication, provided it does not affect height, floor area ratio, of density of the proposed development.

c.~~b.~~ Has available parking within 600 feet of the proposed development which may consist of options such as on-street parking, parking lots, or parking garages available for use by residents of the proposed development. However, a county may not require that the available parking compensate for the reduction in parking requirements.

2.~~3.~~ A county must eliminate parking requirements for a proposed mixed-use residential development authorized under this subsection within an area recognized by the county as a transit-oriented development or area, as provided in paragraph (h).

3.~~4.~~ For purposes of this paragraph, the term "major transportation hub" means any transit station, whether bus, train, or light rail, which is served by public transit with a mix of other transportation options.

(k) Notwithstanding any other law or local ordinance or regulation to the contrary, a county may allow an adjacent parcel of land to be included within a proposed multifamily development authorized under this subsection.

The term does not include home-based businesses or cottage food operations undertaken on residential property, public lodging establishments as described in s. 509.242(1)(c), or uses that are accessory, ancillary, incidental to the allowable uses, or allowed only on a temporary basis. This assessment must be posted on the county's website by the date the notice of proposed enactment is published, and presented at the same public meeting at which the proposed ordinance imposing the building moratorium is adopted by the board of county commissioners. This assessment must be included in the business impact estimate for the ordinance imposing such a moratorium required by s. 125.66(3).

Section 4. Section 420.5098, Florida Statutes, is created to read:

420.5098 Public sector and hospital employer-sponsored housing policy.—

(1) The Legislature finds that it is in the best interests of the state and the state's economy to provide affordable housing to state residents employed by hospitals, health care facilities, and governmental entities in order to attract and maintain the highest quality labor by incentivizing such employers to sponsor affordable housing opportunities. Section 42(g)(9)(B) of the Internal Revenue Code provides that a qualified low-income housing project does not fail to meet the general public use requirement solely because of occupancy restrictions or preferences that favor tenants who are members of a specified group under a state program or policy that supports housing for such specified group. Therefore, it is the intent of the Legislature to establish a policy that supports the development of affordable workforce housing for employees of hospitals, health care facilities, and governmental entities.

(2) For purposes of this section, the term:

(a) "Governmental entity" means any state, regional, county, local, or municipal governmental entity of this state, whether executive, judicial, or legislative; any department, division, bureau, commission, authority, or political subdivision of the state; any public school, state university, or Florida College System institution; or any special district as defined in s. 189.012.

(b) "Health care facility" has the same meaning as provided

in s. 159.27(16).

(c) "Hospital" means a hospital under chapter 155, a hospital district created pursuant to chapter 189, or a hospital licensed pursuant to chapter 395, including corporations not for profit that are qualified as charitable under s. 501(c)(3) of the Internal Revenue Code and for-profit entities.

(3) It is the policy of the state to support housing for employees of hospitals, health care facilities, and governmental entities and to allow developers in receipt of federal low-income housing tax credits allocated pursuant to s. 420.5099, local or state funds, or other sources of funding available to finance the development of affordable housing to create a preference for housing for such employees. Such preference must conform to the requirements of s. 42(g)(9) of the Internal Revenue Code.

Section 5. This act shall take effect July 1, 2025.
