## SUMMARY

### **Effect of the Bill:**

The bill amends the definition of “habitual traffic offender” to add the offense of driving a motor vehicle without a valid license to the list of offenses for which a specified number of convictions within a five-year period requires the Department of Highway Safety and Motor Vehicles (DHSMV) to designate a person as a habitual traffic offender. Generally, once a person is designated as a habitual traffic offender, he or she can be prosecuted for a third degree felony for thereafter driving a motor vehicle.

### **Fiscal or Economic Impact:**

The bill may have an indeterminate positive impact on prison beds by including driving a motor vehicle without a valid license to the list of offenses for which a person may be designated as a habitual traffic offender. To the extent that more offenders are designated habitual traffic offenders, and are thereafter convicted of specified driving offenses, such offenders may be subject to longer terms of incarceration. Additionally, the DHSMV estimates that the bill will have a fiscal impact of \$46,110 related to programming costs.
