For this study, "substantial improvement period" means the calculated length of time for any repair, reconstruction, rehabilitation, or improvement of a structure to harden a home for purposes of resiliency, as a preventative measure rather than in a response to storm. This study shall analyze the impact of substantial improvement periods on community rating system discounts and insurance rates as calculated by FEMA and Florida's local floodplain managers. In addition, the study should address any concerns with local ordinances that make allowances for the repair or replacement of the elements of a structure that do not directly harden a home.
