PRAYER

The following prayer was offered by Rabbi Moshe Matz, Agudath Israel of Florida, Miami Beach:

I would like to begin by expressing gratitude for the opportunity to once again have the great honor to offer words of prayer to start off the day in this consequential chamber—on this final week of session, G-d willing and, for some of you, the final days of serving in the Florida Senate. We thank you for your dedication to our state. A personal thank you and a blessing for continued success to Senate President Passidomo and Minority Leader Book. Your leadership and significant contributions are greatly appreciated. I would also like to express my gratitude and best wishes to the incoming Senate President, Senator Albritton, and the next Minority Leader, my dear friend, Senator Jason Pizzo, who has been my host here for the last few years.

In Jewish tradition, prayer is the recognition that the Almighty created the world and that man's future lies in his hands. When we pray, we affirm our conviction in his omnipotence. Most importantly, prayer is what brings the Almighty close to us and us close to him. Living with a conscious awareness of G-d enables us to remain true to his will and not stray from his path. It also fills our life with purpose and meaning.

In Jewish tradition, we wear a skullcap or kippah on our head. There is another well known term for the kippah, a yarmulke. The word yarmulke is an amalgam of two Hebrew words yirah and melech which means, loosely translated, awe and trepidation before the King. We keep this over our heads to constantly serve as a reminder of his presence over us. As I look up in this chamber, I see a beautiful dome, a kippah if you will. I pray that it fills this room with a palpable presence of the Almighty Creator and functions as a reminder to revere and respect his will.

The world is very chaotic and uncertain. My community, my brothers and sisters here and in Israel, are living with a dark cloud of fear and hatred. We understand that we are totally reliant on G-d for our safety and security. We implore him that he continues to fill the hearts of our leaders and elected officials with strength and courage for the awesome task that you all have been assigned—to be that vehicle of peace and compassion and a voice of reason in these turbulent times. Amen.

PLEDGE

Senate Pages, Beau Kimler of Indialantic; George LaComb of Orlando; and Malik Vanderpool of Orlando, led the Senate in the Pledge of Allegiance to the flag of the United States of America.

ADOPTION OF RESOLUTIONS

At the request of Senator Rouson—

By Senator Rouson—

SR 1816—A resolution recognizing April 2024 as “Minority Health Month” in Florida and calling upon all Floridians to get routine cholesterol tests.

WHEREAS, high cholesterol, also called hypercholesterolemia, is the chronic presence of high levels of cholesterol in the blood, which can lead to cardiovascular disease (CVD) and even cardiovascular events like heart attacks and strokes, and

WHEREAS, the Centers for Disease Control and Prevention (CDC) estimates that CVD is the most underappreciated public health crisis of our time, with someone in the United States having a heart attack every 40 seconds despite roughly 80 percent being preventable, and

WHEREAS, although low-density lipoprotein cholesterol (LDL-C), or “bad” cholesterol, is an easily modifiable risk factor for CVD, and lower LDL-C is associated with a reduced risk of heart attack and stroke, more than 80 million American adults have high LDL-C, and

WHEREAS, African-American adults are 30 percent more likely than non-Hispanic white American adults to have high blood pressure, and African-American females are nearly 50 percent more likely to have high blood pressure than non-Hispanic white females, and

WHEREAS, in 2019, African Americans were 30 percent more likely to die from CVD than non-Hispanic white Americans, and

WHEREAS, the AHA indicates that CVD disproportionately impacts minority populations, affecting 52.3 percent of Hispanic-American males and 42.7 percent of Hispanic-American females over the age of 20, and 60.1 percent of African-American males and 58.8 percent of African-American females over the age of 20, and

WHEREAS, the CDC has found that 1 in 3 deaths in the United States are due to CVD, and CVD results in more than \$216 billion in annual health care costs, and

WHEREAS, according to a study published in the *Journal of the American Medical Association*, nearly 60 percent of middle-aged Hispanic-American adults have high cholesterol, yet only half are aware of it, and

WHEREAS, the resources needed to lower the instances of CVD exist, yet 71 percent of hypercholesterolemia patients at high risk of a cardiovascular event never achieve the recommended LDL-C treatment guideline thresholds, and

WHEREAS, the LDL-C Action Summit, a consortium of the nation’s leading cardiovascular stakeholder groups, seeks to cut cardiovascular events in half by 2030, and

WHEREAS, the CDC’s Million Hearts program seeks to increase access to, and improve the quality of, cardiovascular care to reduce heart disease, stroke, and death, and

WHEREAS, the United States Department of Health and Human Services Office of Minority Health recognizes April as National Minority Heath Month, and

WHEREAS, all Floridians are urged to know their LDL-C level, and

WHEREAS, providers are urged to treat all CVD patients in accordance with American College of Cardiology treatment guidelines, and

WHEREAS, the Florida Department of Health is urged to update the state’s cardiovascular health plan to improve the quality of cardiovascular care, accelerate measures to achieve improved health outcomes for patients with CVD, and develop campaigns to increase cholesterol tests during the month of April, NOW, THEREFORE,

Be It Resolved by the Senate of the State of Florida:

That April 2024 is recognized as “Minority Health Month” in Florida, and all Floridians are called upon to get routine cholesterol tests.

SR 1828—A resolution recognizing and celebrating the 85th anniversary of the Florida Highway Patrol.

WHEREAS, the Florida Highway Patrol was established in 1939 and placed under the direction of Colonel H. Neil Kirkman within the Department of Public Safety, and

WHEREAS, the Florida Highway Patrol has served the residents of this state for 85 years under the motto “Service, Courtesy, and Protection,” and

WHEREAS, the Florida Highway Patrol’s first recruit class consisted of 32 graduates, and by the end of its first full year of operation in 1940, its membership had grown to 59 troopers, and

WHEREAS, in that inaugural year, Florida Highway Patrol troopers patrolled more than 1.9 million miles of roadway and investigated 1,000 traffic accidents in this state that, at that time, had fewer than 2 million residents, and

WHEREAS, as of February 2024, a total of 53 state troopers have died in the line of duty since the creation of the Florida Highway Patrol, and

WHEREAS, known as Florida’s Finest, the officers of the Florida Highway Patrol tirelessly uphold the motto established by Colonel Kirkman, providing service, courtesy, and protection while ensuring the safety and welfare of Florida’s residents and visitors every day on the roadways of this state, NOW, THEREFORE,

Be It Resolved by the Senate of the State of Florida:

That the Florida Highway Patrol, within the Department of Highway Safety and Motor Vehicles, is recognized and congratulated on its 85th anniversary, and current, retired, and auxiliary troopers, along with the members of the Florida Highway Patrol Advisory Council, are extended heartfelt gratitude for their invaluable service to the State of Florida.

BE IT FURTHER RESOLVED that a copy of this resolution, with the Seal of the Senate affixed, be presented to Colonel Gary L. Howze, director of the Florida Highway Patrol, as a tangible token of the sentiments of the Florida Senate.

310.081 Department to examine and license state pilots and certificate deputy pilots; vacancies.—

If more than five applicants per opening pass the examination, the persons having the highest scores ~~must shall~~ be certified as qualified up to the number of openings times five. ~~The department shall give consideration to the minority and female status of applicants when qualifying deputy pilots, in the interest of ensuring diversification within the state piloting profession.~~ The department shall appoint and certificate such number of deputy pilots from those applicants deemed qualified as in the discretion of the board are required in the respective ports of the state. REMARKS

On motion by Senator Albritton, by two-thirds vote, the following remarks by Senator Mayfield were ordered spread upon the Journal.

Senator Mayfield: I told Madam President this morning I thought I was going AWOL at 11:30 and not sure I was going to make it down here. I want to thank everyone for those kind remarks—I'm not deserving of all those but they really do mean a lot to me. All my friends in the gallery, you have a lot more important things than to be up here, and sit around and wait, but it really does mean a lot to see you guys up there.

You know, there's a lot of people I need to thank that helped me go through this journey and this process. While I know I can't mention all of them, Madam President, but there are a few people I do want to mention. I ran in 2016, and no one thought I could win this race, but I did. I am so deeply gratified to the people and the citizens in Indian River County and Brevard County that believed in me and voted for me. I will just always be grateful for my citizens in Indian River and Brevard Counties. They say you're only as good as your staff and the people around you, and that is so true. I have a great staff. I have Kelli Lane and Samantha Scaringe and Ian Nolan, and Yvette Campbell is back at the district. They handle more constituent work than I could even imagine we could handle out of one office. The one thing that we do get is so many compliments from the people that we help. They are just so thankful that we answered our phone, that we returned the phone call, and that we were able to help them. We might not have always been able to do what they wanted us to do, but we at least got them an answer, and put them in the right direction to go. I am so grateful, and I thank you for taking care of our constituents. We have an intern, Chris Clark from UCF this year, and he served in the Marines. He is scheduled to earn his MPA this May. Every time I come in the office, he goes, "Welcome back, Senator. Is there anything I can do for you, Senator? Can I get the door for you, Senator?" You're just the most gracious intern, I think, that we've ever had, and I want to thank you. You're

going to be doing some great things, I'm sure, in the future. I have Patrick Steele. Patrick was my legislative assistant when I first came into the Senate. He was green, and I felt like he was my son that I had to teach how to do things. Patrick, you've gone on to some great things. You're in AHCA, and you're the legislative assistant. You're welcome, but thank you. Thank you for being here. A lot of people don't know this, but Dustin Paulson worked for me when I was a House member, and I actually never knew he was a Democrat until he left. My district secretary told me when you left, she goes, "You did know Dustin was a Democrat, right?" I'm like, "No, I had no idea. No wonder he gave me good advice." Then, he worked for Senator Stewart and then got this awesome job in the Minority Office. I wish you all the best. You have a great family, and I thank you for what you've done for me in growing in this process as well.

We have a great Brevard delegation. I know we have Representative Sirois here, we have Senator Wright, and we have Representatives Brackett, Tramont, and Fine. We do work well together. I know I hear horror stories of other delegations on how they work, but our delegation really works well together. We work well because we know that we're here to benefit our constituents back home. We work together to make sure the policy is right, and we work together to get as much appropriations—we didn't get as much as we wanted this year—but we got what we needed, and that's all you can ask for. Thank you, Representative Sirois, for being here and helping. I had to write this stuff down or I would forget it.

We have a great professional staff here in the Senate, and they are all gifted. Gino, people gave me a lot of credit for the appropriations and the environment. You are "Mr. Environment" when it comes to questions and the budget. I remember in my first year, Gino was my staff director, and I was going through the budget. I said, "Oh, we just get rid of this, let's just get rid of that." He goes, "Well, let me tell you who put that in there. You may want to rethink that this time." You're just such a wealth of information. I just want to make sure that you're getting the credit for all the hard work that you do in the Appropriations Committee on Agriculture, Environment, and General Government, and I'm going to miss you. I still go in your office, and you still give me advice. I am going to miss you in this process.

We have Ellen Rogers. Ellen is "Miss Environment," I will tell you. When we did Senate Bill 712, I don't know how many hours we spent on that thing, and you had to deal with some of the advocacy groups. You spent hours with them, going through it and making sure I understood everything we put in the bill. You were just so gracious with your time and your patience, and I would have never gotten that bill through if it had not been for you and the rule. The Stormwater Rule—hopefully, it will pass off the floor today in the House. Did it pass? All right! Where's Bobby Payne? That would not have happened without your help to make sure that it did—as well as Jay Ferrin. If it weren't for him, that Stormwater Rule would not have passed. Chair Hutson and Senator Harrell helped in getting it through—I mean it was a big task, and I want to thank you for helping me make that happen.

I do want to go back to the Appropriations Subcommittee on Agriculture, Environment, and General Government and the Appropriations Committee because Rob Bradley was the Chair of Appropriations when I was Chair of the Appropriations Subcommittee, and he appointed me to that. President Simpson called me up at 6:30 in the morning—he always calls early. He goes, "Well, I'm going to make you my Leader," and I said, "Oh, thank you—this is awesome." He said, "The bad news is, you can't run any bills." For the last four years, I have run no bills. So, when people go, "What is she doing up there, she's run no bills," well, that's because they asked me not to. I cannot thank Chair Bradley for giving me that opportunity and President Simpson for doing that.

Then, we have Ronnie Whitaker. I came into the Majority Office, and I asked Ronnie, "Okay, what am I supposed to do here?" He goes, "Well, the most important thing is what you do for lunch and breakfast. That is the most important thing because if they don't like it, they'll complain." Leader Book—actually, we were just talking about it the other day. She said, "I'm so tired of people complaining about the lunch—I'm just going to stop bringing it in." You do a great job, and you helped me through and made sure that we knew where all the members were. You made me look good to President Simpson so I really do want to thank you for that."

My Rules staff—Phil, Shasta, Cyndi, Jon, Lauren—you know, they talk about the bills that we get through the Committee, and I could not have done it without you. Shasta and Phil and Lauren and Cyndi and Jon—they put the book together, they know what bills we’re going to do, and they brief me on it. I can’t thank you enough for making me look good in front of the President—in going through the bill referencing and special order. It just was amazing. Thank you for this opportunity to work with you guys in making that happen.

Of course, Madam President, I can’t thank you enough for letting me be Rules Chair. It was big shoes to fill or high heels—whatever you want to call them. Hopefully, we did the job that you wanted us to do, and I just want to thank you for that opportunity to allow us to do that. I can’t forget your staff. Your staff is amazing. We have Andrew, Reynold, Katie, Allie, Jennifer, Jay, Christie, Kathy, Lauren, and Megan and Andrew. Andrew put the best policy team together for you that you could ever ask for, and I can’t thank them enough for the work that they’ve done on the Stormwater Rule and on the vacation rentals. I mean, all the bills I was engaged in they were just so helpful.

Sergeant Kelly, thank you for the blue tie. Not only did your guys wear a blue tie, you got Senator Jones wearing a blue tie, you got Senator Pizzo wearing a blue tie. Senator Stewart is wearing a blue suit because blue is my favorite color, so thank you for doing that.

Tracy, thank you for putting our books together for the floor. I know you put in long hours, but they’re so helpful. I just thank you for everything that you’ve done to help me keep up with the process as we go along.

Secretary Hamilton is not here, but I tell you he has been an amazing partner. He and I talked yesterday. He’s been an amazing partner in this process, especially in solving our water quality issues. If it had not been for him, Representative Payne, and the other people I have mentioned, that would not have happened. What we did was change a rule that had been in place for over 30 years, and it wasn’t an easy task to do. I cannot thank him enough for all his help in making that happen. President Pruitt, thank you for being here. You are a true statesman, and I really do appreciate your friendship and your guidance that you’ve given me.

I have two really good friends—Rich Johnson and Randy Neilson. They cannot be here today, but they told me they would be watching on the Florida Channel. They have been my friends for such a long time. They have helped me through some of the most difficult times I have had to go through. They’ve also been there with me during the best times that we have had. I love them, and I just want to thank them for what they’ve done. I hope you’re watching. My class, oh my gosh, we had the best class—Senators Broxson, Hutson, Perry, Baxley, Stewart, Torres, and Book. We have done some amazing things here this year. The last eight years we were here, we’ve done some great things. We might’ve been on opposite sides in some cases, but everyone was professional in handling some of the most difficult cases that we have had. Madam President, that also was credit to you this past two years on how those were handled.

Commissioner Diaz and Chancellor Ray Rodrigues, thank you guys for being here. We miss you in the Senate, but Governor DeSantis made the right decision when he appointed you to your positions. Madam President, you are the most amazing person I have ever met. I’m not sure people really understand the work and the hours that you put in this place to make sure that you understand the bills and their priority. You have all of our backs, and I’m not just talking about the Republican Caucus’ back. She has all 39 of our backs. There are things that she has done for everyone in this chamber that you don’t even know she did, and I hope that you appreciate that. When I leave this process, she’s going to be here for another two years, but please remember the things that she has done and helped you through in this process. I’m going to miss you.

Like I said earlier, life is a journey, and sometimes it isn’t exactly what you thought it was going to be. If you trust in God, like the song Senator Broxson had, *Everything’s Going to be Okay*. You know, God gave me three amazing boys—Evan, Samuel, and Coleman. They lost their dad at a young age; they were 17, 14, and 12 at the time. I was elected to the House two months later. It was a tough time for them,

there was a lot of uncertainty for them, and it was tough. I could not be more proud of the men that they have become. Evan is in a profession that he loves, he’s engaged to a great woman, Katie, and they have a daughter, Audrey. Samuel is in public relations and community outreach, which is actually perfect for him. We tried to get him to be a lobbyist. You know he’d be good at it, but he didn’t want to do that. I don’t know why. We are blessed that he married a wonderful woman named Carolina, and she is a great mom. You know when they had their first son, I was told that it wasn’t my baby, it was their baby, and to quit saying, “How’s my baby?” You learn really quickly when your daughter-in-law tells you something, you better listen. They do have two boys—Stanley, who is named after Samuel’s dad—he’ll be three in April—and Charlie, who’s one and a half. I cannot be more proud of them—what Samuel has become as a man, and what he’s become as a father. He is a great father, and she is a great mother. Coleman used to give Bob so much grief when we started dating. We would go to a restaurant, and he’d order the most expensive meal on the menu. As if that wasn’t enough, Bob would open my door and put my seatbelt on—he is such a gentleman. Coleman would say, “My mom knows how to do that.” Now he does it for his girlfriend. There was one night we were going out on a date, and I had this little black dress on—you know, everybody has a little black dress. I walk out, and Coleman goes, “You’re not going to wear that, are you?” “I thought I was, but I guess maybe not.” He is the baby, and he hates it when we point it out. Bob reminds him, he said, “I was the baby in my family, and I’m still the baby in my family so get over it. That’s just the way it’s going to be.” He’s a marine scientist, he’s my environmentalist, and he loves his work. He has a girlfriend, Julia, who he adores, and she adores him. She’s also in the environmental area, and they are both such a blessing to us.

I come to my guy. You know, I truly believe God sent you to me. If no one’s heard our story—which you probably have—if you haven’t, just ask him. He will tell you how we got together and how we met. You’re my rock, and you love me unconditionally. I could not have asked for a better person to love me unconditionally, and you treat my kids as if they were your own, and give them guidance. We have to joke sometimes when we say, “I love you,” and we say, “What’s not to love?” There are days that I say, “Let me count the ways.” When you have six kids between you and seven grandkids, there’s always something going on. I love you, honey.

You know everything we do here in the Florida Senate is for the people we love, the constituents we care and serve for, and most importantly, it’s for the generation that follows us. We come to Tallahassee to tackle challenges, to fight for the freedom we hold dear, and to pave the way for a better future for all of our children and our constituents back home. As my time in Florida Senate comes to an end, I know I am leaving their future in good hands with many people like you. It is truly an honor of my life to serve with each and every one of you. I will leave you with this: “Be humble, be kind, live simply, love generously, care deeply, and leave the rest to God.” Thank you.

(4) *For purposes of this section, a person’s ignorance of another person’s age or a person’s misrepresentation of his or her age may not be raised as a defense in a prosecution for a violation of this section.*

And the title is amended as follows:

Delete everything before the enacting clause and insert: A bill to be entitled An act relating to anti-human trafficking; amending s. 16.618, F.S.; extending the future repeal date of the direct-support organization for the Statewide Council on Human Trafficking; amending ss. 394.875, 456.0341, and 480.043, F.S.; revising the hotline telephone number to be included on human trafficking awareness signs; amending s. 509.096, F.S.; deleting obsolete provisions; revising the hotline telephone number to be included on human trafficking awareness signs; amending s. 562.13, F.S.; revising applicability of provisions governing the employment of minors by vendors licensed under the Beverage Law; amending s. 787.06, F.S.; requiring nongovernmental entities contracting with governmental entities to attest that they do not use coercion for labor or services; defining the term “governmental entity”; amending s. 787.29, F.S.; revising the hotline telephone number to be included on human trafficking awareness signs; creating s. 787.30, F.S.; defining terms; prohibiting the employment of persons younger than 21 years of age in adult entertainment establishments; providing criminal penalties; requiring adult entertainment establishments to check identification of entertainers; specifying forms of identification that

may be used; prohibiting the raising of specified arguments as a defense in a prosecution for certain violations; providing an effective date.

WHEREAS, Florida is ranked third nationally for reported cases of human trafficking abuses, many of which involved sex trafficking, and

WHEREAS, adult entertainment establishments are widely recognized as being a significant part of the sex trafficking network used by traffickers to coerce and facilitate men, women, and children into performing sexual acts, which places the employees of these establishments in direct and frequent contact with the victims of human trafficking, and

WHEREAS, victims of sex trafficking are frequently recruited to work as performers or employees in adult entertainment establishments, and

WHEREAS, researchers have found that sex trafficking victims are more likely to be trafficked by someone from within her or his own community, and

WHEREAS, persons younger than 21 years of age are more likely to still remain within and dependent on the community in which they were raised, and

WHEREAS, research studies have identified the average age at which a person in the United States enters the sex trade for the first time as 17 years of age, and

WHEREAS, sex trade at adult entertainment establishments is a common occurrence in Florida, thereby subjecting performers at these establishments to frequent propositions and enticements to engage in sex trade actions and sex trafficking from customers, as well as strip club employees, managers, and owners, and

WHEREAS, an understanding of history and human nature reveals that there are sex criminals of various kinds who will prey on the young and vulnerable, and

WHEREAS, restricting the employment of persons younger than 21 years of age at adult entertainment establishments furthers an important state interest of protecting those vulnerable individuals from sex trafficking, drug abuse, and other harm, and

WHEREAS, many court opinions recognize that, while expressive activities are entitled to some First Amendment protections at adult entertainment establishments, content-neutral restrictions or regulations intended to minimize the secondary harmful effects of those businesses tend to be upheld, and

WHEREAS, on November 16, 2018, the federal Fifth Circuit Court of Appeals, in the case of *Jane Doe I v. Landry*, 909 F.3d 99 (5th Cir. 2018), upheld a Louisiana law that prohibited establishments licensed to serve alcohol from employing nearly nude entertainers younger than 21 years of age on the grounds that the law furthered the state's interests in curbing human trafficking and prostitution, and

WHEREAS, the federal district court in *Valadez v. Paxton*, 553 F.Supp.3d 387 (W.D. Tex. 2021), denied a motion for a preliminary injunction against the enforcement of Texas Senate Bill 315 prohibiting "all working relationships between 18-20-year-olds and sexually-oriented businesses" because the plaintiffs failed to show that the age restrictions were not rationally related to the state's interest in curbing human trafficking, and

WHEREAS, the federal district court in *DC Operating, LLC v. Paxton*, 586 F.Supp.3d 554 (W.D. Tex. 2022), denied a motion for a preliminary injunction against Texas Senate Bill 315, at least in part, because of the state's evidence of the correlation between raising the minimum employment age and reducing human trafficking, and

WHEREAS, the federal district court in *Wacko's Too, Inc., v. City of Jacksonville*, 658 F.Supp.3d 1086 (M.D. Fla. 2023), upheld age restrictions in a City of Jacksonville ordinance requiring performers at adult entertainment establishments to be at least 21 years of age based, at least in part, on evidence that there was a reasonable basis to believe that the age restrictions would further the city's interest in preventing human and sex trafficking, NOW, THEREFORE,

(11) “Sell” or “sale” means, in addition to its common usage meaning, any sale, transfer, exchange, barter, gift, or offer for sale and distribution, in any manner or by any means.

Section 2. Section 569.311, Florida Statutes, is created to read:

569.311 Control of nicotine dispensing devices; grant of authority to Attorney General to create a directory of nicotine products attractive to minors.—

(1) The Legislature has determined that information, testings, approvals, or scientific evidence may, from time to time, indicate that certain nicotine dispensing devices have a greater potential to be attractive to and be abused by minors than was evident when such devices were allowed on the market. It is the intent of the Legislature to quickly provide a method to allow the state to seek removal of such items from the market.

(2) The Attorney General is hereby authorized to adopt rules creating a directory listing nicotine dispensing devices that are attractive to minors.

(3) A nicotine dispensing device is deemed attractive to minors, and the Attorney General shall include it in the directory, if the nicotine dispensing device has features that are significantly appealing to minors as compared to the legitimate benefits those features offer to lawful users of the product. In applying this standard, the Attorney General and reviewing courts shall consider the following:

- (a) Surveys or other data sources indicating that a nicotine dispensing device is being used by minors at a higher rate than other nicotine dispensing devices.
- (b) Complaints, reports, or other information related to the use of a nicotine dispensing device by minors from other minors, parents, tea-

chers, school employees, school boards, law enforcement officers, retailers, and other industry related officials as compared to other nicotine dispensing devices.

(c) The extent to which the nicotine dispensing device:

- 1. Is designed to be attractive to minors, such as through the use of bright colors or cartoon characters.
- 2. Is designed so that it is easy for minors to use and to conceal.
- 3. Uses or resembles the trade dress of a branded food product, consumer food product, or logo of a food product.
- 4. Is marketed in a manner that uniquely appeals to minors.

5. Uses actual copyrights, service marks, or trademarks or fake or actual copyrights, service marks, or trademarks that resemble consumer or food products popular with minors, including the names of candy or cereal products.

(d) Any reports of physical harm to minors from using the nicotine dispensing device or evidence that the nicotine dispensing device presents unique risks to minors.

(e) Whether the manufacturer of the nicotine dispensing device submitted a timely filed premarket tobacco product application for the nicotine dispensing device pursuant to 21 U.S.C. s. 387j.

(4) In making the determination in subsection (3), the Attorney General shall consider a decision of the FDA regarding the nicotine dispensing device, if the decision is final and not subject to a stay, by a court or the agency, or subject to a timely petition for supervisory review, and the extent to which the FDA’s decision was predicated, in whole or part, on the risks to minors outweighing other benefits of the nicotine dispensing device.

(5) Rulemaking under this section shall be in accordance with the procedural requirements of chapter 120, including the emergency rule provisions found in s. 120.54, except that s. 120.54(7) does not apply.

(6) A determination by the Attorney General under subsections (2) and (3) to include a nicotine dispensing device in the directory is subject to review under chapter 120.

(7) This section does not apply to a nicotine dispensing device that has received a marketing granted order under 21 U.S.C. s. 387j.

(8) This section shall only apply to, and a nicotine dispensing device shall only be subject to this section when, a nicotine dispensing device is either a single-use or disposable electronic cigarette, electronic cigar, electronic cigarillo, electronic pipe, or other similar device that is intended to be discarded after use, or an electronic cigarette, an electronic cigar, an electronic cigarillo, an electronic pipe, or other similar device that uses a sealed, prefilled, and disposable cartridge of nicotine in a solution. This section does not apply to an electronic cigarette, an electronic cigar, an electronic cigarillo, an electronic pipe, or other similar device that is an open system where a consumer fills a vial or other container with nicotine in a solution.

(9) The Department of Legal Affairs shall develop and maintain a directory listing all nicotine product manufacturers that sell nicotine dispensing devices in this state which the Attorney General has deemed attractive to minors under subsections (2) and (3). The department shall make the directory available January 1, 2025, for public inspection on its website. The department shall update the directory as necessary. The department shall establish a process to provide retailers, distributors, and wholesalers notice of the initial publication of the directory and any changes made to the directory.

(10) If a nicotine dispensing device is added to the directory, each retailer and each wholesaler holding nicotine dispensing devices for eventual sale to a consumer in this state has 60 days from the day such product is added to the directory to sell the product or remove the product from its inventory. After 60 days following the date a product is added to the directory, the product identified in the directory is contraband and subject to s. 569.345.

(11)(a) Except as provided in paragraphs (b) and (c), beginning March 1, 2025, or on the date that the department first makes the directory available for public inspection on its website, whichever is later, a nicotine product manufacturer that offers for sale in this state a nicotine dispensing device listed on the directory is subject to a fine of \$1,000 per day for each individual nicotine dispensing device offered for sale in violation of this section until the offending product is removed from the market or until the offending product is no longer listed on the directory.

(b) Each retailer shall have 60 days from the date that the department first makes the directory available for public inspection on its website to sell products that were in its inventory before that date or remove those products from inventory.

(c) Each distributor or wholesaler shall have 60 days from the date that the department first makes the directory available for public inspection on its website to remove from inventory those products intended for eventual retail sale to a consumer in this state.

Section 3. Section 569.312, Florida Statutes, is created to read:

569.312 Shipment of nicotine dispensing devices sold for retail sale in this state.—

(1) A nicotine product manufacturer, a retail nicotine products dealer, a wholesaler, or a distributor may not sell, ship, or otherwise distribute a nicotine dispensing device in this state for eventual retail sale to a consumer in this state that is listed on the directory.

(2) Any person who knowingly sells, ships or receives nicotine dispensing devices in violation of this section commits a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083.

(3) A violation of this part is deemed an unfair and deceptive trade practice actionable under part II of chapter 501 that can only be enforced by the Department of Legal Affairs. If the department has reason to believe that a person is in violation of this section, the department may, as the sole enforcement authority, bring an action against such person for an unfair or deceptive act or practice. For the purpose of bringing an action pursuant to this section, ss. 501.211 and 501.212 do not apply. In addition to other remedies under part II of this chapter, the department may collect a civil penalty of up to \$1,000 per nicotine dispensing device sold, shipped, or otherwise distributed.

Section 4. Section 569.345, Florida Statutes, is created to read:

569.345 Seizure and destruction of contraband nicotine dispensing devices.—All nicotine dispensing devices sold, delivered, possessed, or distributed contrary to any provision of this chapter are declared to be contraband, are subject to seizure and confiscation under the Florida Contraband Forfeiture Act by any person whose duty it is to enforce this chapter, and must be disposed of as follows:

(1) A court having jurisdiction shall order such nicotine dispensing devices forfeited upon a showing that, by a preponderance of the evidence, such devices were sold, delivered, possessed, or distributed contrary to any provision of this chapter. Once any chapter 120 proceedings related to such devices have been completed, the court shall order any seized nicotine dispensing devices destroyed except as provided by applicable court orders. A record of the place where such devices were seized, the kinds and quantities of such devices destroyed, and the time, place, and manner of the destruction of such devices must be kept, and a return under oath reporting the destruction must be made to the court by the officer who destroys such devices.

(2) The Department of Legal Affairs shall keep a full and complete record of all nicotine dispensing devices seized under this section showing:

(a) The exact kinds, quantities, and forms of such nicotine dispensing devices;

(b) The persons from whom such devices were seized and to whom they were delivered;

(c) By whose authority such devices were seized, delivered, and destroyed; and

(d) The dates of the seizure, disposal, or destruction of such devices.

Such record must be open to inspection by all persons charged with the enforcement of tobacco and nicotine product laws.

(3) The cost of seizure, confiscation, and destruction of contraband nicotine dispensing devices is borne by the person from whom such products are seized.

(4) Except as otherwise provided in this section, the procedures of the Florida Contraband Forfeiture Act apply to this section.

Section 5. Section 569.346, Florida Statutes, is created to read:

569.346 Agent for service of process.—

(1) Any nonresident manufacturer of nicotine dispensing devices which has not registered to do business in this state as a foreign corporation or business entity shall appoint and continually engage without interruption the services of an agent in this state to act as agent for the service of process on whom all process, and any action or proceeding against it concerning or arising out of the enforcement of this chapter, may be served in any manner authorized by law. Such service constitutes legal and valid service of process on the manufacturer. The manufacturer shall provide the name, address, telephone number, and proof of the appointment and availability of such agent to the division.

(2) The manufacturer shall provide notice to the Department of Legal Affairs 30 calendar days before termination of the authority of an agent and shall further provide proof to the satisfaction of the department of the appointment of a new agent no less than 5 calendar days before the termination of an existing agent appointment. In the event an agent terminates an agency appointment, the manufacturer shall notify the department of the termination within 5 calendar days and shall include proof to the satisfaction of the department of the appointment of a new agent.

(3) Any manufacturer whose nicotine dispensing devices are sold in this state which has not appointed and engaged the services of an agent as required by this section shall be deemed to have appointed the Secretary of State as its agent for service of process.

192.0105 Taxpayer rights.—There is created a Florida Taxpayer’s Bill of Rights for property taxes and assessments to guarantee that the rights, privacy, and property of the taxpayers of this state are adequately safeguarded and protected during tax levy, assessment, collection, and enforcement processes administered under the revenue laws of this state. The Taxpayer’s Bill of Rights compiles, in one document, brief but comprehensive statements that summarize the rights and obligations of the property appraisers, tax collectors, clerks of the court, local governing boards, the Department of Revenue, and taxpayers. Additional rights afforded to payors of taxes and assessments imposed under the revenue laws of this state are provided in s. 213.015. The rights afforded taxpayers to assure that their privacy and property are safeguarded and protected during tax levy, assessment, and collection are available only insofar as they are implemented in other parts of the Florida Statutes or rules of the Department of Revenue. The rights so guaranteed to state taxpayers in the Florida Statutes and the departmental rules include:

(f) The right of an exemption recipient to be sent a renewal application for that exemption, the right to a receipt for homestead exemption claim when filed, and the right to notice of denial of the exemption (see ss. 196.011(7), 196.131(1), 196.151, and 196.193(1)(c) and (5) ~~196.011(6), 196.131(1), 196.151, and 196.193(1)(c) and (5)~~).

Notwithstanding the right to information contained in this subsection, under s. 197.122 property owners are held to know that property taxes are due and payable annually and are charged with a duty to ascertain the amount of current and delinquent taxes and obtain the necessary information from the applicable governmental officials.

(2) THE RIGHT TO DUE PROCESS.—

(b) The right to petition the value adjustment board over objections to assessments, denial of exemption, denial of agricultural classification, denial of historic classification, denial of high-water recharge classification, disapproval of tax deferral, and any penalties on deferred taxes imposed for incorrect information willfully filed. Payment of estimated taxes does not preclude the right of the taxpayer to challenge his or her assessment (see ss. 194.011(3), 196.011(7) and (10)(a), 196.151, 196.193(1)(c) and (5), 193.461(2), 193.503(7), 193.625(2), 197.2425, 197.301(2), and 197.2301(11) ~~ss. 194.011(3), 196.011(6) and (9)(a), 196.151, 196.193(1)(c) and (5), 193.461(2), 193.503(7), 193.625(2), 197.2425, 197.301(2), and 197.2301(11)~~).

(c) The right to file a petition for exemption or agricultural classification with the value adjustment board when an application deadline is missed, upon demonstration of particular extenuating circumstances

(3) If the partially or totally and permanently disabled veteran predeceases his or her spouse and if, upon the death of the veteran, the spouse holds the legal or beneficial title to the homestead and permanently resides thereon as specified in s. 196.031, the discount from ad valorem tax that the veteran received carries over to the benefit of the veteran's spouse until such time as he or she remarries or sells or otherwise disposes of the property. If the spouse sells or otherwise disposes of the property, a discount not to exceed the dollar amount granted from the most recent ad valorem tax roll may be transferred to his or her new residence, as long as it is used as his or her primary residence and he or she does not remarry. An applicant who is qualified to receive a discount under this section and who fails to file an application by March 1 may file an application for the discount and may file a petition pursuant to s. 194.011(3) with the value adjustment board requesting that the discount be granted. Such application and petition shall be subject to the same procedures as for exemptions set forth in s. 196.011(9) ~~s. 196.011(8).~~

(4) To qualify for the discount granted under this section, an applicant must submit to the county property appraiser by March 1:

(a) An official letter from the United States Department of Veterans Affairs which states the percentage of the veteran's service-connected disability and evidence that reasonably identifies the disability as combat-related;

(b) A copy of the veteran's honorable discharge; and

(c) Proof of age as of January 1 of the year to which the discount will apply.

Any applicant who is qualified to receive a discount under this section and who fails to file an application by March 1 may file an application for the discount and may file, pursuant to s. 194.011(3), a petition with the value adjustment board requesting that the discount be granted. Such application and petition shall be subject to the same procedures as for exemptions set forth in s. 196.011(9) ~~s. 196.011(8).~~

Section 4. Present subsections (5) through (12) of section 196.011, Florida Statutes, are redesignated as subsections (6) through (13), respectively, a new subsection (5) is added to that section, and subsection (1) and present subsections (10) and (11) of that section are amended, to read:

196.011 Annual application required for exemption.—

(1)(a) Except as provided in s. 196.081(1)(b), every person or organization who, on January 1, has the legal title to real or personal property, except inventory, which is entitled by law to exemption from taxation as a result of its ownership and use shall, on or before March 1 of each year, file an application for exemption with the county property appraiser, listing and describing the property for which exemption is claimed and certifying its ownership and use. The Department of Rev-

enue shall prescribe the forms upon which the application is made. Failure to make application, when required, on or before March 1 of any year shall constitute a waiver of the exemption privilege for that year, except as provided in subsection (7) or subsection (9) ~~(8).~~

(b) The form to apply for an exemption under s. 196.031, s. 196.081, s. 196.091, s. 196.101, s. 196.102, s. 196.173, or s. 196.202 must include a space for the applicant to list the social security number of the applicant and of the applicant's spouse, if any. If an applicant files a timely and otherwise complete application, and omits the required social security numbers, the application is incomplete. In that event, the property appraiser shall contact the applicant, who may refile a complete application by April 1. Failure to file a complete application by that date constitutes a waiver of the exemption privilege for that year, except as provided in subsection (7) or subsection (9) ~~(8).~~

(5) *It is not necessary to make annual application for exemption on property used to house a charter school pursuant to s. 196.1983. The owner or lessee of any property used to house a charter school pursuant to s. 196.1983 who is not required to file an annual application shall notify the property appraiser promptly whenever the use of the property or the status or condition of the owner or lessee changes so as to change the exempt status of the property. If any owner or lessee fails to so notify the property appraiser and the property appraiser determines that for any year within the prior 10 years the owner or lessee was not entitled to receive such exemption, the owner or lessee of the property is subject to the taxes exempted as a result of such failure plus 15 percent interest per annum and a penalty of 50 percent of the taxes exempted. The property appraiser making such determination shall record in the public records of the county a notice of tax lien against any property owned by that person or entity in the county, and such property must be identified in the notice of tax lien. Such property is subject to the payment of all taxes and penalties. Such lien when filed shall attach to any property, identified in the notice of tax lien, owned by the person or entity who illegally or improperly received the exemption. If such person or entity no longer owns property in that county but owns property in some other county or counties in the state, the property appraiser shall record a notice of tax lien in such other county or counties, identifying the property owned by such person or entity in such county or counties, and it shall become a lien against such property in such county or counties.*

~~(11)(10)~~ At the option of the property appraiser and notwithstanding any other provision of this section, initial or original applications for homestead exemption for the succeeding year may be accepted and granted after March 1. Reapplication on a short form as authorized by subsection (6) ~~(5)~~ shall be required if the county has not waived the requirement of an annual application. Once the initial or original application and reapplication have been granted, the property may qualify for the exemption in each succeeding year pursuant to the provisions of subsection (7) ~~(6)~~ or subsection (10) ~~(9)~~.

~~(12)(11)~~ For exemptions enumerated in paragraph (1)(b), social security numbers of the applicant and the applicant's spouse, if any, are required and must be submitted to the department. Applications filed pursuant to subsection (6) ~~(5)~~ or subsection (7) ~~(6)~~ shall include social security numbers of the applicant and the applicant's spouse, if any. For counties where the annual application requirement has been waived, property appraisers may require refile of an application to obtain such information.

The educational program shall provide curricula, character development and law education, and related services that support the program goals and lead to improved performance in the areas of academic achievement, attendance, and discipline. Student participation in such programs shall be voluntary. District school boards may, however, assign students to a disciplinary program for disruptive students or an alternative school setting or other program pursuant to s. 1006.13. Notwithstanding any other provision of law to the contrary, no student shall be identified as being eligible to receive services ~~funded~~ through the dropout prevention and academic intervention program based solely on the student being from a single-parent family or having a disability.

(c) A student shall be identified as being eligible to receive services ~~funded~~ through the dropout prevention and academic intervention program based upon one of the following criteria:

1. The student is academically unsuccessful as evidenced by low test scores, retention, failing grades, low grade point average, falling behind in earning credits, or not meeting the state or district achievement levels in reading, mathematics, or writing.

2. The student has a pattern of excessive absenteeism or has been identified as a habitual truant.

b. Severely threatens the general welfare of students or others with whom the student comes into contact.

4. The student is identified by a school's early warning system pursuant to s. 1001.42(18)(b).

Such programs shall utilize instructional teaching methods and student services that lead to improved student behavior as appropriate to the specific needs of the student.

(c) *For each student enrolled in a dropout prevention and academic intervention program, an academic intervention plan shall be developed to address eligibility for placement in the program and to provide individualized student goals and progress monitoring procedures. A student's academic intervention plan must be consistent with the student's individual education plan (IEP).*

(3) Each district school board ~~providing receiving state funding for~~ dropout prevention and academic intervention programs ~~through the General Appropriations Act~~ shall submit information through an annual report to the Department of Education's database documenting the extent to which each of the district's dropout prevention and academic intervention programs has been successful in the areas of graduation rate, dropout rate, attendance rate, and retention/promotion rate. The department shall compile this information into an annual report which shall be submitted to the presiding officers of the Legislature by February 15.

(4) Each district school board shall establish course standards, as defined by rule of the State Board of Education, for dropout prevention and academic intervention programs and procedures for ensuring that teachers assigned to the programs *are certified pursuant to s. 1012.55* and possess the affective, pedagogical, and content-related skills necessary to meet the needs of these students.

(5) Each district school board providing a dropout prevention and academic intervention program pursuant to this section shall maintain for each participating student records documenting the student's eligibility, the length of participation, the type of program to which the student was assigned or the type of academic intervention services provided, and an evaluation of the student's academic and behavioral performance while in the program. The school principal or his or her designee shall, prior to placement in a dropout prevention and academic intervention program or the provision of an academic service, provide written notice of placement or services by certified mail, return receipt requested, to the student's parent. The parent of the student shall sign an acknowledgment of the notice of placement or service and return the signed acknowledgment to the principal within 3 days after receipt of the notice. *District school boards may adopt a policy that allows a parent to agree to an alternative method of notification. Such agreement may be made before the need for notification arises or at the time the notification becomes required.* The parents of a student assigned to such a dropout prevention and academic intervention program shall be notified in writing and entitled to an administrative review of any action by school personnel relating to such placement pursuant to ~~the provisions of~~ chapter 120.

(6) District school board dropout prevention and academic intervention programs shall be coordinated with social service, law enforcement, prosecutorial, and juvenile justice agencies and juvenile assessment centers in the school district. Notwithstanding ~~the provisions of~~ s. 1002.22, these agencies are authorized to exchange information contained in student records and juvenile justice records. Such information is confidential and exempt from ~~the provisions of~~ s. 119.07(1). District school boards and other agencies receiving such information shall use the information only for official purposes connected with the certification of students for admission to and for the administration of the dropout prevention and academic intervention program, and shall maintain the confidentiality of such information unless otherwise provided by law or rule.

(7) The State Board of Education shall have the authority pursuant to ss. 120.536(1) and 120.54 to adopt rules necessary to implement ~~the provisions of~~ this section; such rules shall require the minimum amount of necessary paperwork and reporting.

Section 15. Paragraph (a) of subsection (2) of section 1006.28, Florida Statutes, is amended to read:

1006.28 Duties of district school board, district school superintendent; and school principal regarding K-12 instructional materials.—

(2) DISTRICT SCHOOL BOARD.—The district school board has the constitutional duty and responsibility to select and provide adequate instructional materials for all students in accordance with the requirements of this part. The district school board also has the following specific duties and responsibilities:

(a) *Courses of study; adoption.*—Adopt courses of study, including instructional materials, for use in the schools of the district.

1. Each district school board is responsible for the content of all instructional materials and any other materials used in a classroom, made available in a school or classroom library, or included on a reading list, whether adopted and purchased from the state-adopted instructional materials list, adopted and purchased through a district instructional materials program under s. 1006.283, or otherwise purchased or made available.

2. Each district school board must adopt a policy regarding an objection by a parent or a resident of the county to the use of a specific material, which clearly describes a process to handle all objections and provides for resolution. The objection form, as prescribed by State Board of Education rule, and the district school board's process must be easy to read and understand and be easily accessible on the homepage of the school district's website. The objection form must also identify the school district point of contact and contact information for the submission of an objection. The process must provide the parent or resident the opportunity to proffer evidence to the district school board that:

a. An instructional material does not meet the criteria of s. 1006.31(2) or s. 1006.40(3)(d) if it was selected for use in a course or otherwise made available to students in the school district but was not subject to the public notice, review, comment, and hearing procedures under s. 1006.283(2)(b)8., 9., and 11.

b. Any material used in a classroom, made available in a school or classroom library, or included on a reading list contains content which:

(I) Is pornographic or prohibited under s. 847.012;

(II) Depicts or describes sexual conduct as defined in s. 847.001(19), unless such material is for a course required by s. 1003.46, s. 1003.42(2)(n)1.g., or s. 1003.42(2)(n)3., or identified by State Board of Education rule;

(III) Is not suited to student needs and their ability to comprehend the material presented; or

(IV) Is inappropriate for the grade level and age group for which the material is used.

A resident of the county who is not the parent or guardian of a student with access to school district materials may not object to more than one material per month. The State Board of Education may adopt rules to implement this provision. Any material that is subject to an objection on the basis of sub-sub-subparagraph b.(I) or sub-sub-subparagraph b.(II) must be removed within 5 school days ~~of~~ after receipt of the objection and remain unavailable to students of that school until the objection is resolved. Parents shall have the right to read passages from any material that is subject to an objection. If the school board denies a parent the right to read passages due to content that meets the requirements under sub-sub-subparagraph b.(I), the school district shall discontinue the use of the material *in the school district*. If the district school board finds that any material meets the requirements under sub-sub-subparagraph a. or that any other material contains prohibited content under sub-sub-subparagraph b.(I), the school district shall discontinue

use of the material. If the district school board finds that any other material contains prohibited content under sub-sub-subparagraphs b.(II)-(IV), the school district shall discontinue use of the material for any grade level or age group for which such use is inappropriate or unsuitable.

3. Each district school board must establish a process by which the parent of a public school student or a resident of the county may contest the district school board's adoption of a specific instructional material. The parent or resident must file a petition, on a form provided by the school board, within 30 calendar days after the adoption of the instructional material by the school board. The school board must make the form available to the public and publish the form on the school district's website. The form must be signed by the parent or resident, include the required contact information, and state the objection to the instructional material based on the criteria of s. 1006.31(2) or s. 1006.40(3)(d). Within 30 days after the 30-day period has expired, the school board must, for all petitions timely received, conduct at least one open public hearing before an unbiased and qualified hearing officer. The hearing officer may not be an employee or agent of the school district. The hearing is not subject to the provisions of chapter 120; however, the hearing must provide sufficient procedural protections to allow each petitioner an adequate and fair opportunity to be heard and present evidence to the hearing officer. The school board's decision after convening a hearing is final and not subject to further petition or review.

4. Meetings of committees convened for the purpose of ranking, eliminating, or selecting instructional materials for recommendation to the district school board must be noticed and open to the public in accordance with s. 286.011. Any committees convened for such purposes must include parents of students who will have access to such materials.

5. Meetings of committees convened for the purpose of resolving an objection by a parent or resident to specific materials must be noticed and open to the public in accordance with s. 286.011. Any committees convened for such purposes must include parents of students who will have access to such materials.

6. If a parent disagrees with the determination made by the district school board on the objection to the use of a specific material, a parent may request the Commissioner of Education to appoint a special magistrate who is a member of The Florida Bar in good standing and who has at least 5 years' experience in administrative law. The special magistrate shall determine facts relating to the school district's determination, consider information provided by the parent and the school district, and render a recommended decision for resolution to the State Board of Education within 30 days after receipt of the request by the parent. The State Board of Education must approve or reject the recommended decision at its next regularly scheduled meeting that is more than 7 calendar days and no more than 30 days after the date the recommended decision is transmitted. The costs of the special magistrate shall be borne by the school district. The State Board of Education shall adopt rules, including forms, necessary to implement this subparagraph.

Section 16. Present subsections (3) through (16) of section 1006.38, Florida Statutes, are redesignated as subsections (4) through (17), respectively, a new subsection (3) is added to that section, and present subsections (14) and (16) of that section are amended, to read:

(15)(14) Accurately and fully disclose only the names of those persons who actually authored the instructional materials. In addition to the penalties provided in subsection (17) (16), the commissioner may remove from the list of state-adopted instructional materials those instructional materials whose publisher or manufacturer misleads the purchaser by falsely representing genuine authorship.

(17)(16) Upon the willful failure of the publisher or manufacturer to comply with the requirements of this section, be liable to the department in the amount of three times the total sum which the publisher or manufacturer was paid in excess of the price required under subsections (5) and (6) and (7) and in the amount of three times the total value of the instructional materials and services which the district school board is entitled to receive free of charge under subsection (8) (7).

(b) An associate in arts specialized transfer degree *must* include 36 semester hours of general education coursework and require 60 semester hours or more of college credit. Specialized transfer degrees are designed for Florida College System institution students who need supplemental lower-level coursework in preparation for transfer to another institution. The State Board of Education shall establish criteria for the review and approval of new specialized transfer degrees. The approval process *must* require:

1. A Florida College System institution to submit a notice of its intent to propose a new associate in arts specialized degree program to the Division of Florida Colleges. The notice *must* include the recommended credit hours, the rationale for the specialization, the demand for students entering the field, and the coursework being proposed to be included beyond the 60 semester hours required for the general transfer degree, if applicable. Notices of intent may be submitted by a Florida College System institution at any time.

2. The Division of Florida Colleges to forward the notice of intent within 10 business days after receipt to all Florida College System institutions and to the Chancellor of the State University System, who shall forward the notice to all state universities. e. Articulation agreements for graduates of the associate in arts specialized transfer degree.

f. Responses to the comments received under subparagraph 2.

(c) The Division of Florida Colleges shall review the proposal and, within 30 days after receipt, shall provide written notification to the Florida College System institution of any deficiencies and provide the institution with an opportunity to correct the deficiencies. Within 45 days after receipt of a completed proposal by the Division of Florida Colleges, the Commissioner of Education shall recommend approval or disapproval of the new specialized transfer degree to the State Board of Education. The State Board of Education shall consider the recommendation at its next meeting.

(d) Upon approval of an associate in arts specialized transfer degree by the State Board of Education, a Florida College System institution may offer the degree and shall report data on student and program performance in a manner prescribed by the Department of Education.

(e) The State Board of Education shall adopt rules pursuant to ss. 120.536(1) and 120.54 to prescribe format and content requirements and submission procedures for notices of intent, proposals, and compliance reviews under this subsection.

(12) A student who received an associate in arts degree ~~for successfully completing 60 semester credit hours~~ may continue to earn additional credits at a Florida College System institution. The university must provide credit toward the student's baccalaureate degree for an additional Florida College System institution course if, according to the statewide course numbering, the Florida College System institution course is a course listed in the university catalog as required for the degree or as prerequisite to a course required for the degree. Of the courses required for the degree, at least half of the credit hours required for the degree ~~must~~ *shall* be achievable through courses designated as lower division, except in degree programs approved by the State Board of Education for programs offered by Florida College System institutions and by the Board of Governors for programs offered by state universities.

1. Reassign students to another school and monitor the progress of each reassigned student;

2. Close the school and reopen the school as one or more charter schools, each with a governing board that has a demonstrated record of effectiveness. *Upon reopening as a charter school:*

a. *The school district shall continue to operate the school for the following school year and, no later than October 1, execute a charter school turnaround contract that will allow the charter school an opportunity to conduct an evaluation of the educational program and personnel currently assigned to the school during the year in preparation for assuming full operational control of the school and facility by July 1. The school district may not reduce or remove resources from the school during this time.*

b. *The charter school operator must provide enrollment preference to students currently attending or who would have otherwise attended or been zoned for the school. The school district shall consult and negotiate with the charter school every 3 years to determine whether realignment of the attendance zone is appropriate to ensure that students residing closest to the school are provided with an enrollment preference.*

c. *The charter school operator must serve the existing grade levels served by the school at its current enrollment or higher, but may, at its discretion, serve additional grade levels.*

d. *The school district may not charge rental or leasing fees for the existing facility or for the property normally inventoried to the school. The school and the school district shall agree to reasonable maintenance provisions in order to maintain the facility in a manner similar to all other school facilities in the school district.*

e. *The school district may not withhold an administrative fee for the provision of services identified in s. 1002.33(20)(a); or*

3. Contract with an outside entity that has a demonstrated record of effectiveness to provide turnaround services identified in state board rule, which may include school leadership, educational modalities, teacher and leadership professional development, curriculum, operation and management services, school-based administrative staffing, budgeting, scheduling, other educational service provider functions, or any combination thereof. b. A contractual agreement that allows for a charter school network or any of its affiliated subsidiaries to provide individualized consultancy services tailored to address the identified needs of one or more schools under this section.

A school district and outside entity under this subparagraph must enter, at minimum, a 2-year, performance-based contract. The contract must include school performance and growth metrics the outside entity must meet on an annual basis. The state board may require the school district to modify or cancel the contract.

(c) Implementation of the turnaround option is no longer required if the school improves to a grade of "C" or higher, *unless the school district has already executed a charter school turnaround contract pursuant to this section.*

(5) The state board shall adopt rules pursuant to ss. 120.536(1) and 120.54 to administer this section. The rules shall include timelines for submission of implementation plans, approval criteria for implementation plans, ~~and~~ timelines for implementing intervention and support strategies, *a standard charter school turnaround contract, a standard facility lease, and a mutual management agreement.* The state board shall consult with education stakeholders in developing the rules.

(c)1. The calculation of a school grade shall be based on the percentage of points earned from the components listed in subparagraph (b)1. and, if applicable, subparagraph (b)2. The State Board of Education shall adopt in rule a school grading scale that sets the percentage of points needed to earn each of the school grades listed in subsection (2). There shall be at least five percentage points separating the percentage thresholds needed to earn each of the school grades. The state board shall annually review the percentage of school grades of "A" and "B" for the school year to determine whether to adjust the school grading scale upward for the following school year's school grades. The first adjustment would occur no earlier than the 2023-2024 school year. An adjustment must be made if the percentage of schools earning a grade of "A" or "B" in the current year represents 75 percent or more of all graded schools within a particular school type, which consists of elementary, middle, high, and combination. The adjustment must reset the minimum required percentage of points for each grade of "A," "B," "C," or "D" at the next highest percentage ending in the numeral 5 or 0, whichever is closest to the current percentage. Annual reviews of the percentage of schools earning a grade of "A" or "B" and adjustments to the required points must be suspended when the following grading scale for a specific school type is achieved:

- a. Ninety percent or more of the points for a grade of "A."
- b. Eighty to eighty-nine percent of the points for a grade of "B."
- c. Seventy to seventy-nine percent of the points for a grade of "C."
- d. Sixty to sixty-nine percent of the points for a grade of "D."

When the state board adjusts the grading scale upward, the state board must inform the public of the degree of the adjustment and its anticipated impact on school grades. *Beginning in the 2024-2025 school year, any changes made by the state board to components in the school grades model or to the school grading scale shall go into effect, at the earliest, in the following school year.*

2. The calculation of school grades may not include any provision that would raise or lower the school's grade beyond the percentage of points earned. Extra weight may not be added in the calculation of any components.

Section 21. Paragraph (c) of subsection (3) of section 1009.21, Florida Statutes, is amended to read:

The residency determination must be documented by the submission of written or electronic verification that includes two or more of the documents identified in this paragraph, *unless the document provided is the document described in sub-subparagraph 1.f., which is deemed a single, conclusive piece of evidence proving residency.* ~~No single piece of evidence shall be conclusive.~~

Senator Harrell moved the following amendment which was adopted:

Amendment 1 (163918) (with title amendment)—Delete everything after the enacting clause and insert:

Section 1. Subsections (1), (2), and (8) of section 330.27, Florida Statutes, are amended to read:

330.27 Definitions, when used in ss. 330.29-330.39.—

(1) “Aircraft” means a powered or unpowered machine or device capable of atmospheric flight, *including, but not limited to, an airplane, autogyro, glider, gyrodyne, helicopter, lift and cruise, multicopter, paramotor, powered lift, seaplane, tiltrotor, ultralight, and vectored thrust. The term does not include except a parachute or other such device used primarily as safety equipment.*

(2) “Airport” means an area of land or water used for, or intended to be used for, ~~landing and takeoff of~~ aircraft operations, *which may include any including* appurtenant areas, buildings, facilities, or rights-of-way necessary to facilitate such use or intended use. *The term includes, but is not limited to, an airport, gliderport, heliport, helistop, seaplane base, ultralight flightpark, vertiport, and vertistop.*

~~(8) “Ultralight aircraft” means any aircraft meeting the criteria established by part 103 of the Federal Aviation Regulations.~~

Section 2. Present subsections (3) and (4) of section 330.30, Florida Statutes, are redesignated as subsections (4) and (5), respectively, a new subsection (3) is added to that section, and paragraph (a) of subsection (1), paragraph (a) of subsection (2), and present subsection (4) of that section are amended, to read:

330.30 Approval of airport sites; registration and licensure of airports.—

(1) SITE APPROVALS; REQUIREMENTS, EFFECTIVE PERIOD, REVOCATION.—

(a) Except as provided in subsection (4) ~~(3)~~, the owner or lessee of a proposed airport shall, before site acquisition or construction or establishment of the proposed airport, obtain approval of the airport site from the department. Applications for approval of a site shall be made in a form and manner prescribed by the department. The department shall grant the site approval if it is satisfied:

1. That the site has adequate area allocated for the airport as proposed.

2. That the proposed airport will conform to licensing or registration requirements and will comply with the applicable local government land development regulations or zoning requirements.

3. That all affected airports, local governments, and property owners have been notified and any comments submitted by them have been given adequate consideration.

4. That safe air-traffic patterns can be established for the proposed airport with all existing airports and approved airport sites in its vicinity.

(2) LICENSES AND REGISTRATIONS; REQUIREMENTS, RENEWAL, REVOCATION.—

(a) Except as provided in subsection (4) ~~(3)~~, the owner or lessee of an airport in this state shall have a public airport license, private airport registration, or temporary airport registration before the operation of aircraft to or from the airport. Application for a license or registration shall be made in a form and manner prescribed by the department.

1. For a public airport, upon granting site approval, the department shall issue a license after a final airport inspection finds the airport to be in compliance with all requirements for the license. The license may be subject to any reasonable conditions the department deems necessary to protect the public health, safety, or welfare.

2. For a private airport, upon granting site approval, the department shall provide controlled electronic access to the state aviation facility data system to permit the applicant to complete the registration process. Registration shall be completed upon self-certification by the registrant of operational and configuration data deemed necessary by the department.

3. For a temporary airport, the department must publish notice of receipt of a completed registration application in the next available publication of the Florida Administrative Register and may not approve a registration application less than 14 days after the date of publication of the notice. The department must approve or deny a registration application within 30 days after receipt of a completed application and must issue the temporary airport registration concurrent with the airport site approval. A completed registration application that is not approved or denied within 30 days after the department receives the completed application is considered approved and shall be issued, subject to such reasonable conditions as are authorized by law. An applicant seeking to claim registration by default under this subparagraph must notify the agency clerk of the department, in writing, of the intent to rely upon the default registration provision of this subparagraph and may not take any action based upon the default registration until after receipt of such notice by the agency clerk.

(3) *VERTIPOINTS.*—On or after July 1, 2024, the owner or lessee of a proposed vertiport must comply with subsection (1) in obtaining site approval and with subsection (2) in obtaining an airport license or registration. In conjunction with the granting of site approval, the department must conduct a final physical inspection of the vertiport to ensure compliance with all requirements for airport licensure or registration.

(5)~~(4)~~ *EXCEPTIONS.*—Private airports with 10 or more based aircraft may request to be inspected and licensed by the department. Private airports licensed according to this subsection shall be considered private airports as defined in s. 330.27 ~~s. 330.27(5)~~ in all other respects.

Section 3. Section 332.15, Florida Statutes, is created to read:

332.15 Advanced air mobility.—The Department of Transportation shall, within the resources provided pursuant to chapter 216:

(1) Address the need for vertiports, advanced air mobility, and other advances in aviation technology in the statewide aviation system plan as required under s. 332.006(1) and, as appropriate, in the department's work program.

(2) Designate a subject matter expert on advanced air mobility within the department to serve as a resource for local jurisdictions navigating advances in aviation technology.

(3) Lead a statewide education campaign for local officials to provide education on the benefits of advanced air mobility and advances in aviation technology and to support the efforts to make this state a leader in aviation technology.

(4) Provide local jurisdictions with a guidebook and technical resources to support uniform planning and zoning language across this state related to advanced air mobility and other advances in aviation technology.

(5) Ensure that a political subdivision of the state does not exercise its zoning and land use authority to grant or permit an exclusive right to one or more vertiport owners or operators and authorize a political subdivision to use its authority to promote reasonable access to advanced air mobility operators at public use vertiports within the jurisdiction of the subdivision.

(6) Conduct a review of airport hazard zone regulations and, as needed, make recommendations to the Legislature proposing any changes to regulations as a result of the review.

Section 4. Subsection (2) of section 333.03, Florida Statutes, is amended to read:

333.03 Requirement to adopt airport zoning regulations.—

(2) In the manner provided in subsection (1), political subdivisions shall adopt, administer, and enforce airport land use compatibility zoning regulations. *At a minimum, airport land use compatibility zoning regulations must address* ~~shall, at a minimum, consider~~ the following:

(a) The prohibition of new landfills and the restriction of existing landfills within the following areas:

1. Within 10,000 feet from the nearest point of any runway used or planned to be used by turbine aircraft.

2. Within 5,000 feet from the nearest point of any runway used by only nonturbine aircraft.

3. Outside the perimeters defined in subparagraphs 1. and 2., but still within the lateral limits of the civil airport imaginary surfaces defined in 14 C.F.R. s. 77.19. Case-by-case review of such landfills is advised.

(b) ~~When~~ *Where* any landfill is located and constructed in a manner that attracts or sustains hazardous bird movements from feeding, water, or roosting areas into, or across, the runways or approach and departure patterns of aircraft. The landfill operator must incorporate bird management techniques or other practices to minimize bird hazards to airborne aircraft.

(c) ~~When~~ *Where* an airport authority or other governing body operating a public-use airport has conducted a noise study in accordance with 14 C.F.R. part 150, or ~~when~~ *where* a public-use airport owner has established noise contours pursuant to another public study accepted by the Federal Aviation Administration, the prohibition of incompatible uses, as established in the noise study in 14 C.F.R. part 150, Appendix A or as a part of an alternative Federal Aviation Administration-accepted public study, within the noise contours established by any of these studies, except if such uses are specifically contemplated by such study with appropriate mitigation or similar techniques described in the study.

(d) ~~When~~ *Where* an airport authority or other governing body operating a public-use airport has not conducted a noise study, the ~~prohibition mitigation of potential incompatible uses associated with residential construction and any educational facilities facility,~~ with the exception of aviation school facilities or residential property near a public-use airport that has as its sole runway a turf runway measuring less than 2,800 feet in length, within an area contiguous to the airport measuring one-half the length of the longest runway on either side of and at the end of each runway centerline.

(e) The restriction of new incompatible uses, activities, or substantial modifications to existing incompatible uses within runway protection zones.

Section 5. For the purpose of incorporating the amendment made by this act to section 330.27, Florida Statutes, in a reference thereto, subsection (13) of section 365.172, Florida Statutes, is reenacted to read:

365.172 Emergency communications.—

(13) **FACILITATING EMERGENCY COMMUNICATIONS SERVICE IMPLEMENTATION.**—To balance the public need for reliable emergency communications services through reliable wireless systems and the public interest served by governmental zoning and land development regulations and notwithstanding any other law or local ordinance to the contrary, the following standards shall apply to a local government's actions, as a regulatory body, in the regulation of the placement, construction, or modification of a wireless communications facility. This subsection may not, however, be construed to waive or alter the provisions of s. 286.011 or s. 286.0115. For the purposes of this subsection only, "local government" shall mean any municipality or county and any agency of a municipality or county only. The term "local government" does not, however, include any airport, as defined by s. 330.27(2), even if it is owned or controlled by or through a municipality, county, or agency of a municipality or county. Further, notwithstanding anything in this section to the contrary, this subsection does not apply to or control a local government's actions as a property or structure owner in the use of any property or structure owned by such entity for the placement, construction, or modification of wireless communications facilities. In the use of property or structures owned by the local government, however, a local government may not use its regulatory authority so as to avoid compliance with, or in a manner that does not advance, the provisions of this subsection.

(a) Colocation among wireless providers is encouraged by the state.

1.a. Colocations on towers, including nonconforming towers, that meet the requirements in sub-sub-paragraphs (I), (II), and (III), are subject to only building permit review, which may include a review for compliance with this subparagraph. Such colocations are not subject to any design or placement requirements of the local government's land development regulations in effect at the time of the colocation that are more restrictive than those in effect at the time of the initial antennae placement approval, to any other portion of the land development regulations, or to public hearing review. This sub-subparagraph may not preclude a public hearing for any appeal of the decision on the colocation application.

(I) The colocation does not increase the height of the tower to which the antennae are to be attached, measured to the highest point of any part of the tower or any existing antenna attached to the tower;

(II) The colocation does not increase the ground space area, commonly known as the compound, approved in the site plan for equipment enclosures and ancillary facilities; and

(III) The colocation consists of antennae, equipment enclosures, and ancillary facilities that are of a design and configuration consistent with all applicable regulations, restrictions, or conditions, if any, applied to the initial antennae placed on the tower and to its accompanying equipment enclosures and ancillary facilities and, if applicable, applied to the tower supporting the antennae. Such regulations may include the design and aesthetic requirements, but not procedural requirements, other than those authorized by this section, of the local government's land development regulations in effect at the time the initial antennae placement was approved.

b. Except for a historic building, structure, site, object, or district, or a tower included in sub-subparagraph a., colocations on all other existing structures that meet the requirements in sub-sub-paragraphs (I)-(IV) shall be subject to no more than building permit review, and an administrative review for compliance with this subparagraph. Such colocations are not subject to any portion of the local government's land development regulations not addressed herein, or to public hearing review. This sub-subparagraph may not preclude a public hearing for any appeal of the decision on the colocation application.

(I) The colocation does not increase the height of the existing structure to which the antennae are to be attached, measured to the highest point of any part of the structure or any existing antenna attached to the structure;

(II) The colocation does not increase the ground space area, otherwise known as the compound, if any, approved in the site plan for equipment enclosures and ancillary facilities;

(III) The colocation consists of antennae, equipment enclosures, and ancillary facilities that are of a design and configuration consistent with

any applicable structural or aesthetic design requirements and any requirements for location on the structure, but not prohibitions or restrictions on the placement of additional colocations on the existing structure or procedural requirements, other than those authorized by this section, of the local government's land development regulations in effect at the time of the colocation application; and

(IV) The colocation consists of antennae, equipment enclosures, and ancillary facilities that are of a design and configuration consistent with all applicable restrictions or conditions, if any, that do not conflict with sub-sub-paragraph (III) and were applied to the initial antennae placed on the structure and to its accompanying equipment enclosures and ancillary facilities and, if applicable, applied to the structure supporting the antennae.

c. Regulations, restrictions, conditions, or permits of the local government, acting in its regulatory capacity, that limit the number of colocations or require review processes inconsistent with this subsection do not apply to colocations addressed in this subparagraph.

d. If only a portion of the colocation does not meet the requirements of this subparagraph, such as an increase in the height of the proposed antennae over the existing structure height or a proposal to expand the ground space approved in the site plan for the equipment enclosure, where all other portions of the colocation meet the requirements of this subparagraph, that portion of the colocation only may be reviewed under the local government's regulations applicable to an initial placement of that portion of the facility, including, but not limited to, its land development regulations, and within the review timeframes of subparagraph (d)2., and the rest of the colocation shall be reviewed in accordance with this subparagraph. A colocation proposal under this subparagraph that increases the ground space area, otherwise known as the compound, approved in the original site plan for equipment enclosures and ancillary facilities by no more than a cumulative amount of 400 square feet or 50 percent of the original compound size, whichever is greater, shall, however, require no more than administrative review for compliance with the local government's regulations, including, but not limited to, land development regulations review, and building permit review, with no public hearing review. This sub-subparagraph does not preclude a public hearing for any appeal of the decision on the colocation application.

2. If a colocation does not meet the requirements of subparagraph 1., the local government may review the application under the local government's regulations, including, but not limited to, land development regulations, applicable to the placement of initial antennae and their accompanying equipment enclosure and ancillary facilities.

3. If a colocation meets the requirements of subparagraph 1., the colocation may not be considered a modification to an existing structure or an impermissible modification of a nonconforming structure.

4. The owner of the existing tower on which the proposed antennae are to be collocated shall remain responsible for compliance with any applicable condition or requirement of a permit or agreement, or any applicable condition or requirement of the land development regulations to which the existing tower had to comply at the time the tower was permitted, including any aesthetic requirements, provided the condition or requirement is not inconsistent with this paragraph.

5. An existing tower, including a nonconforming tower, may be structurally modified in order to permit colocation or may be replaced through no more than administrative review and building permit review, and is not subject to public hearing review, if the overall height of the tower is not increased and, if a replacement, the replacement tower is a monopole tower or, if the existing tower is a camouflaged tower, the replacement tower is a like-camouflaged tower. This subparagraph may not preclude a public hearing for any appeal of the decision on the application.

(b)1. A local government's land development and construction regulations for wireless communications facilities and the local government's review of an application for the placement, construction, or modification of a wireless communications facility shall only address land development or zoning issues. In such local government regulations or review, the local government may not require information on or evaluate a wireless provider's business decisions about its service, customer demand for its service, or quality of its service to or from a

particular area or site, unless the wireless provider voluntarily offers this information to the local government. In such local government regulations or review, a local government may not require information on or evaluate the wireless provider's designed service unless the information or materials are directly related to an identified land development or zoning issue or unless the wireless provider voluntarily offers the information. Information or materials directly related to an identified land development or zoning issue may include, but are not limited to, evidence that no existing structure can reasonably be used for the antennae placement instead of the construction of a new tower, that residential areas cannot be served from outside the residential area, as addressed in subparagraph 3., or that the proposed height of a new tower or initial antennae placement or a proposed height increase of a modified tower, replacement tower, or colocation is necessary to provide the provider's designed service. Nothing in this paragraph shall limit the local government from reviewing any applicable land development or zoning issue addressed in its adopted regulations that does not conflict with this section, including, but not limited to, aesthetics, landscaping, land use-based location priorities, structural design, and setbacks.

2. Any setback or distance separation required of a tower may not exceed the minimum distance necessary, as determined by the local government, to satisfy the structural safety or aesthetic concerns that are to be protected by the setback or distance separation.

3. A local government may exclude the placement of wireless communications facilities in a residential area or residential zoning district but only in a manner that does not constitute an actual or effective prohibition of the provider's service in that residential area or zoning district. If a wireless provider demonstrates to the satisfaction of the local government that the provider cannot reasonably provide its service to the residential area or zone from outside the residential area or zone, the municipality or county and provider shall cooperate to determine an appropriate location for a wireless communications facility of an appropriate design within the residential area or zone. The local government may require that the wireless provider reimburse the reasonable costs incurred by the local government for this cooperative determination. An application for such cooperative determination may not be considered an application under paragraph (d).

4. A local government may impose a reasonable fee on applications to place, construct, or modify a wireless communications facility only if a similar fee is imposed on applicants seeking other similar types of zoning, land use, or building permit review. A local government may impose fees for the review of applications for wireless communications facilities by consultants or experts who conduct code compliance review for the local government but any fee is limited to specifically identified reasonable expenses incurred in the review. A local government may impose reasonable surety requirements to ensure the removal of wireless communications facilities that are no longer being used.

5. A local government may impose design requirements, such as requirements for designing towers to support colocation or aesthetic requirements, except as otherwise limited in this section, but may not impose or require information on compliance with building code type standards for the construction or modification of wireless communications facilities beyond those adopted by the local government under chapter 553 and that apply to all similar types of construction.

(c) Local governments may not require wireless providers to provide evidence of a wireless communications facility's compliance with federal regulations, except evidence of compliance with applicable Federal Aviation Administration requirements under 14 C.F.R. part 77, as amended, and evidence of proper Federal Communications Commission licensure, or other evidence of Federal Communications Commission authorized spectrum use, but may request the Federal Communications Commission to provide information as to a wireless provider's compliance with federal regulations, as authorized by federal law.

(d)1. A local government shall grant or deny each properly completed application for a colocation under subparagraph (a)1. based on the application's compliance with the local government's applicable regulations, as provided for in subparagraph (a)1. and consistent with this subsection, and within the normal timeframe for a similar building permit review but in no case later than 45 business days after the date the application is determined to be properly completed in accordance with this paragraph.

2. A local government shall grant or deny each properly completed application for any other wireless communications facility based on the application's compliance with the local government's applicable regulations, including but not limited to land development regulations, consistent with this subsection and within the normal timeframe for a similar type review but in no case later than 90 business days after the date the application is determined to be properly completed in accordance with this paragraph.

3.a. An application is deemed submitted or resubmitted on the date the application is received by the local government. If the local government does not notify the applicant in writing that the application is not completed in compliance with the local government's regulations within 20 business days after the date the application is initially submitted or additional information resubmitted, the application is deemed, for administrative purposes only, to be properly completed and properly submitted. However, the determination may not be deemed as an approval of the application. If the application is not completed in compliance with the local government's regulations, the local government shall so notify the applicant in writing and the notification must indicate with specificity any deficiencies in the required documents or deficiencies in the content of the required documents which, if cured, make the application properly completed. Upon resubmission of information to cure the stated deficiencies, the local government shall notify the applicant, in writing, within the normal timeframes of review, but in no case longer than 20 business days after the additional information is submitted, of any remaining deficiencies that must be cured. Deficiencies in document type or content not specified by the local government do not make the application incomplete. Notwithstanding this sub-subparagraph, if a specified deficiency is not properly cured when the applicant resubmits its application to comply with the notice of deficiencies, the local government may continue to request the information until such time as the specified deficiency is cured. The local government may establish reasonable timeframes within which the required information to cure the application deficiency is to be provided or the application will be considered withdrawn or closed.

b. If the local government fails to grant or deny a properly completed application for a wireless communications facility within the timeframes set forth in this paragraph, the application shall be deemed automatically approved and the applicant may proceed with placement of the facilities without interference or penalty. The timeframes specified in subparagraph 2. may be extended only to the extent that the application has not been granted or denied because the local government's procedures generally applicable to all other similar types of applications require action by the governing body and such action has not taken place within the timeframes specified in subparagraph 2. Under such circumstances, the local government must act to either grant or deny the application at its next regularly scheduled meeting or, otherwise, the application is deemed to be automatically approved.

c. To be effective, a waiver of the timeframes set forth in this paragraph must be voluntarily agreed to by the applicant and the local government. must reflect the market rate for the use of the state government-owned property. The Department of Management Services and the Department of Transportation are authorized to adopt rules for the terms and conditions and granting of any such leases.

(g) If any person adversely affected by any action, or failure to act, or regulation, or requirement of a local government in the review or regulation of the wireless communication facilities files an appeal or brings an appropriate action in a court or venue of competent jurisdiction, following the exhaustion of all administrative remedies, the matter shall be considered on an expedited basis.
