POINT OF PERSONAL PRIVILEGE

On motion by Senator Rossin, the following remarks were ordered spread upon the Journal:

Senator Smith: Mr. President, I rise to a Point of Personal Privilege and request permission to briefly address the Senate.

As all of you are aware, my father passed away last Friday during the early morning hours.

I want to take this opportunity to inadequately express my mother's appreciation and my family's appreciation for the many kindnesses of this Senate and its staff.

I particularly want to thank the President of the Senate and Mrs. McKay, the Majority and Minority Leaders, Senator Mitchell and Senator Clary for attending my father's funeral. It was touching to this freshman.

I want to thank all of you for the many cards, letters, condolences, pats on the back, friendly smiles and prayers. Thank you Mr. President.

Mr. President: Thank you for your comments. Senators, for those of you who didn't join Senator Rossin, Senator King, Senator Clary, Senator Mitchell, my wife and me at the funeral the other day, let me tell you that while I didn't have the opportunity to know Rod's father, I was fortunate enough to have a picture of him sitting in front of me at the funeral. He had a really neat smile, and he had something that some people are gifted with—not everybody—he had happy eyes. He just looked like a nice man. I told Rod the turnout at the funeral was a testimony to his father. The words of the minister were a testimony to your father. The day that was provided for your father's funeral was a testimony to him too. Our thoughts and prayers are with you and your family Senator Smith.

It is the policy of the state with the funds appropriated for FY 2001-02, that all state services be performed in the most effective and efficient manner in order to provide the best value to the public. Further, the state recognizes that competition among service providers may improve the quality of service provided. Therefore, any state agency may identify services provided by the state that are available commercially from a private source or through other alternative means for the provision of services, examine the current method of service delivery, assess the feasibility of privatization, outsourcing, or other alternative means for the provision of services, and provide its findings to the Legislative Budget Commission. If the agency recommends to the Legislative Budget Commission that such services may be better provided through private sources or other alternative means, the state agency shall develop methods to accurately and fairly estimate and account for the cost of providing an identified state service and engage in the following process for evaluating proposals for privatization, outsourcing, or other alternative means for the provision of services

1. Conduct an agency in-house cost estimate, a management study, or any other hearing, study, review, or cost estimate concerning any aspect of an identified state service.
2. Review the efficiency of the agency in-house state service.
3. Require that an identified state service be submitted to competitive bidding or another process that creates competition

with private sources and encourage state employees to organize and submit a bid for the identified service.

- 4. Compare the cost of the most efficient agency in-house state service with the cost of private sector bids. In comparing costs, the state agency must consider the cost of supervising the work of any private contractor. All bids or contracts must include an analysis of health care benefits, retirement, and workers' compensation insurance for employees of the contractor which are reasonably comparable to those provided by the state.
- 5. Compare the total accurate and fair estimated cost to the agency to include all indirect costs related to that agency and include costs of such agencies as the Comptroller, the Treasurer, the Attorney General, and other such support agencies.
- 6. Compare the quality of service to determine if the overall quality of the service will increase or decrease with privatization, outsourcing, or other alternative means.
- 7. Determine the net effect on state employees.
- 8. Determine the risk and consequences associated with privatization, outsourcing, or alternative means for provision of state services.

Upon completion of the process and prior to the transfer of any appropriated funds to implement a contract or memorandum of agreement related to privatization, outsourcing, or alternative means of provision of state services, the state agency shall provide to the Legislative Budget Commission its recommendations and documentation of the process.

Any contract or memorandum of agreement recommended by the state agency related to delivery of a state service pursuant to this section that requires the transfer of any appropriated funds shall be implemented pursuant to the provisions of Chapter 216, Florida Statutes, and subject to the approval of the Legislative Budget Commission.

In the event that the documentation submitted to the Legislative Budget Commission pursuant to the provisions of this section fails to demonstrate that the proposed contract or memorandum of agreement will result in an ongoing net cost savings to the state, the Legislative Budget Commission shall deny the transfer of funds proposed to implement the contract or memorandum of agreement.

PRAYER

The following prayer was offered by Lieutenant Colonel David Fuller, State Command Chaplain for the Florida National Guard, and Senior Pastor of St. Andrew's United Methodist Church, Brandon:

O Lord of light and love, we thank you for the fresh new day that lies before us. We thank you for the opportunity of living in a land where the principles of liberty, justice, dignity and responsibility guide our personal and corporate lives.

We recognize, O Lord, that the principles that guide our life as a nation must be guarded with care and diligence. We thank you for the men and women of the armed forces who stand as sturdy sentinels on the frontier of freedom. We ask you to bless them and their families for the sacrifices they make to insure that freedom and justice will remain bold beacons of hope in the 21st Century.

Lord, we thank you for the role that each of us can play as dedicated citizens in a good and gracious land. Give us insight and wisdom as we seek to serve the needs of our fellow citizens. Give us courage and faith to undertake even the most difficult issues with compassion and understanding. Unite us as a people ready to share the bounty of our blessings and the opportunity that freedom brings.

O Lord, we ask your blessing upon those who have been elected and appointed to serve over us. We pray that you will guide, guard and direct

the President of the United States, the Governor and Senate of the State of Florida, and the citizen soldiers who are poised and ready to bring safety and comfort to those in need.

Father, we ask that your special blessing and healing touch be upon Senator Pruitt's wife, Aileen, and Senator Miller's daughter, LéJean. Be with them in a special way. O Lord, we are a grateful people. Bless us with your presence now. In your name we pray. Amen.

PRAYER

The following prayer was offered by the Rev. Karl Flagg, Mount Tabor First Baptist Church, Palatka:

Almighty and Everlasting God, our help in ages past, our hope in years to come. This morning we entreat thee, O Lord, at thy eternal throne in the spirit of humility and submission unto thy will. In our time of need, we are suppliant and you are our source.

Our Father, we are grateful for the countless blessings you bestow upon us. We come now to thank you for entrusting us to this sacred service, for it is thee alone, our Father and creator, who hath brought us and taught us; it is thee who has cared for us and shared with us; it is thou who enlightens and empowers us. You, our Father, have made a way out of no way and now we pray for your grace and mercy; your provision and protection.

O Holy One, we ask that you would lead, guide and order the steps of our Florida Senate. Please give us an attitude of gratitude and simultaneously, an intrinsic fortitude that unites rather than divides. Grant all of our leaders wisdom, knowledge and understanding so that our hearts may be applied to the needs and the issues of our State. POINT OF PERSONAL PRIVILEGE

On motion by Senator Lee, the following remarks were ordered spread upon the Journal:

Senator Garcia: When I took the responsibility of becoming Chairman of the Governmental Oversight and Productivity Committee, the staff told us that it would be a very exciting process as we would move forward. Nonetheless, I never imagined that I would be involved in something quite so different that has affected this Legislature as never before.

Yesterday afternoon, AFSCME obtained a Restraining Order against the Legislature from holding the Collective Bargaining Joint Select Committee meeting. A substitute judge, without a hearing, without hearing from the Florida Senate or myself, made the decision without reasonable notice and issued an Order to the Legislature—a Temporary Restraining Order.

This is the first time in the institutional memory of this Legislature that a Florida Judge has *ever* told a legislative committee not to meet, or how to conduct its internal business.

The role of the courts is to evaluate the **product** of the legislative process, not to interfere with our **process**.

Under the authority of Article III, Section 4(a), the Florida Constitution, each house has adopted Rules of Procedure under which this meeting was noticed. Each house is the “sole judge” of the interpretation, implementation, and enforcement of these Rules.

How the Legislature operates under, and thus implements its Rules of Procedure, is and should be of no concern to the courts of the State of Florida. Separation of powers between the three branches demands no less.

The Legislature is an equal, co-ordinate branch of state government. For this court to prohibit a legislative committee from meeting is as unsound as the Legislature enacting a law to attempt to prohibit a court from hearing a case.

If we had cancelled this meeting, we would have set precedent to invite the Circuit Court of Leon County to determine the future decisions that this body makes. That’s why I, yesterday, under advice of counsel, determined that we should have our meeting. In referring to the statement

that I made earlier today, I was willing to do the ultimate for this body because of the separation of power. We were joking about this earlier, but the key is “What is this Legislature here to do?” if the courts interfere with the process.

We were not willing to turn over our constitutional prerogatives and responsibilities to the circuit judge.

The Legislature proceeded with the meeting for another separate reason.

The Temporary Restraining Order required us to do two things:

- a. Cancel the meeting yesterday, and
- b. Not reschedule it until the parties “invoke the jurisdiction of the Legislature in the time and the manner as provided by Section 447.403, F.S.”

The law (s. 447.403, F.S.) says that *either* party can reject the Special Master’s Report **within 20 days**. In the event that either the public employer or the employee organization rejects the Special Master’s recommendation, the Governor shall **within 10 days** after rejection of a Special Master’s Report, submit a copy of the Special Master’s Report to the Legislature, along with the Governor’s recommendation for settling the disputed issues. The Legislative body shall “forthwith” conduct a public hearing at which the parties shall be required to explain their positions on why they rejected the Special Master’s recommendation.

The Special Master’s Report was dated March 31, 2001. The Governor’s rejection of the Special Master’s Report and transmittal of it to the Legislature occurred yesterday afternoon, before the scheduled meeting time. All this activity was 100 percent consistent with the statute which, as noted above, has “up to” time periods, not fixed minimum time periods for these objections and reports to be filed.

So, by the time of the meeting yesterday, we were released from the Restraining Order, by the Restraining Order’s own terms.

Today we read in the newspaper clips that the unions will continue to pursue this matter with the courts today. I thought that it was important that the members of this body hear what has been happening, pursuant to this issue. This may be about an entirely different argument, but they should not have brought in other issues. A Personal Restraining Order or a Temporary Restraining Order on a member of this body—my God, what could be next?

That’s why I wanted to stand up and tell the members of this body that I respect, as a new member of the Florida Senate, I will do what needs to be done, Mr. President, to continue and uphold the Rules of this body and the laws of the State of Florida and the Constitution of the State of Florida. Thank you very much for this opportunity, Sir, and members. Thank you very much.

Mr. President: Thank you, Senator. That’s very well said. I appreciate your efforts on behalf of the Senate. We applaud your decision and the calm method in which you are fulfilling your duties. Thank you so very much.

PRAYER

The following prayer was offered by the Rev. James Vaughn, Executive Director, Communities In Schools of the Thomas Area, Thomasville, Georgia:

Shema Yisrael, Adonai, Elohanu Adonai, echod—Hear O Israel, our Lord, our God is one! Eternal and Everlasting Creator, we pause now to ask your blessing upon the members of this august body in their several responsibilities. Give them guiding grace in their offices, in committees and above all, as they meet here in legislative session.

May the Senators never forget that what is said and done is not done in a corner, but always under your ubiquitous presence. May they also feel the weight of their responsibility before you, and remember the influence of a good example, that all who come to this place may have a stronger faith in government of the people, by the people and for the people.

May the Senators so speak and act that all who wait upon them and serve them may be inspired, rather than disillusioned. Lord, make your presence so real to these your servants, that each may feel you sitting beside them.

In this moment of intercession we have asked, in the strong name of Him who said, “My word is a lamp unto your feet and a light unto your path.” Shalom.

Excused: Senator Horne

PRAYER

The following prayer was offered by the Dr. Chuck Baldwin, Pastor, Crossroads Baptist Church, Pensacola:

Heavenly Father, we want to first of all remember the family of Senator Jim Horne whose father, Howard Horne, passed away yesterday morning. We pray that your grace and your mercy and your peace will be upon this family in a very special and real way; that you would undergird and hold them and strengthen them at this time of loss.

Father, we pray for this deliberation. We ask, dear Lord, that you would guide every member of this body; that your will be done in everything that we say and do today.

Lord, tomorrow we will remember the sacrifice of God's Son on Calvary's Cross. Then on Sunday we will celebrate the empty tomb.

Father, then next week we will remember the sacrifice of those American patriots who stood on Lexington Green and fired that shot heard around the world—the shot that birthed this free nation. I pray, dear heavenly Father, for everything we do here today. We thank you for the sacrifice of God's Son, and we thank you for the sacrifice of the Sons of Liberty. We ask that everything we do and everything we say today in this Chamber will pay tribute to the sacrifice made by each. Amen.

PLEDGE

Senate Pages Amanda May of Tallahassee, Matt Parrish of Tierra Verde and Carolyn Martin of Bradenton, led the Senate in the pledge of allegiance to the flag of the United States of America.

Section 3. Subsections (8), (9), and (10) of section 216.181, Florida Statutes, are repealed.

Section 4. Subsection (1) of section 216.251, Florida Statutes, is amended to read:

216.251 Salary appropriations; limitations.—

(1) *Except as provided in s. 216.262(1)(h), the annual rate of salary of any officer or employee filling the position specifically named in an item in the appropriations acts shall be as provided in one of the following paragraphs:*

(a) In the amount appropriated for such position;

(b) The amount appropriated in an item for the named positions in that item, shall be divided by the indicated number of such positions, and the resulting quotient shall be the annual rate of salary of each such position; or

(c) Within the amounts appropriated where such salary may be otherwise fixed pursuant to law.

Section 5. Paragraph (h) is added to subsection (1) of section 216.262, Florida Statutes, to read:

216.262 Authorized positions.—

(1)

(h) *The Legislature recognizes the value of providing incentives to retain a quality workforce and that, oftentimes, necessary efficiency and cost-saving measures may lead to increased workloads and demands on the state workforce. Therefore, it is the intent of the Legislature to allow agencies to retain a portion of the savings that would be generated based on changes to authorized positions and to use those savings for permanent salary increases. To be eligible, an agency must submit to the Legislative Budgeting Commission its plan identifying the modification to an*

approved program resulting in efficiency and cost savings. The agency's plan must demonstrate how the agency intends to meet its goals and objectives established in the long-range program plan, as well as meet the performance standards established by the Legislature. The Legislative Budgeting Commission shall determine the amount to be retained by the agency. In determining that amount, the Legislative Budgeting Commission shall consider the actual savings for the current year and the annualized savings. The amount to be retained must be set by the Legislative Budget Commission at no less than 10 percent and no more than 30 percent of the actual savings and must be used for permanent salary increases that are specified in the agency's plan.

Section 6. Section 216.1826, Florida Statutes, is created to read:

216.1826 Activity-based planning and budgeting.—

(1) *Beginning July 1, 2003, and continuing thereafter, the state budget must be structured to encompass the principles of activity-based planning and budgeting. In preparation for the legislative budget requests and long-range program plans for fiscal year 2003-2004, agencies shall work in consultation with the Executive Office of the Governor and with the appropriations and appropriate substantive committees of the Legislature to identify and reach consensus on the appropriate services and activities for activity-based budgeting. It is the intent of the Legislature that all dollars within an agency be allocated to the appropriate activity for budgeting purposes. Additionally, agencies shall examine approved performance measures and recommend any changes so that outcomes are clearly delineated for each service or program, or both, as appropriate, and outputs are aligned with activities. Output measures must be capable of being used to generate a unit cost for each activity, resulting in a true accounting of what the state should spend on each activity it provides and what the state should expect to accomplish with those funds.*

(2) *Directions for developing activity-based budgets and plans must be included in the instructions for the Legislative Budget Request and Long-range Program Plan for Fiscal Year 2003-2004.*

PRAYER

The following prayer was offered by Pastor Eric H. Jones, Jr., Koinonia Worship Center, West Hollywood:

Most gracious and everlasting Father, our omnipotent God, we acknowledge today your sovereignty. Father, we accept the fact that the governments that be are ordained by you and that you, God, hold the heart of the King in your hand. Today we humbly submit ourselves to you as we approach your throne. We ask these requests, Father, that you give wisdom to these decision makers of our state; that you empower our country through these leaders to fight for peace and justice for all.

We ask this special prayer for Mrs. Aileen Pruitt and Miss LéJean Miller that you would be a blessing; that you would be a healing factor and, Father, overall that you would let everything go well and those things necessary to come forth and we will be mindful to give you the praise. Section 14. Section 627.6492, Florida Statutes, is amended to read:

627.6492 Participation of insurers.—

(1)(a) As a condition of doing business in this state an insurer shall pay an assessment to the board, in the amount prescribed by this section. *Subsections (1), (2), and (3) apply only to the costs and expenses associated with policyholders insured with the association prior to January 1, 2002, including renewal of coverage for such policyholders after that date.* For operating losses incurred in any calendar year ~~on July 1, 1991, and thereafter~~, each insurer shall annually be assessed by the board in the following calendar year a portion of such incurred operating losses of the plan; such portion shall be determined by multiplying such operating losses by a fraction, the numerator of which equals the insurer's earned premium pertaining to direct writings of health insurance in the state during the calendar year preceding that for which the assessment is levied, and the denominator of which equals the total of all such premiums earned by participating insurers in the state during such calendar year.

(b) ~~For operating losses incurred from July 1, 1991, through December 31, 1991, the total of all assessments upon a participating insurer shall not exceed .375 percent of such insurer's health insurance premiums earned in this state during 1990. For operating losses incurred in 1992 and thereafter, the total of all assessments upon a participating insurer shall not exceed 1 percent of such insurer's health insurance premium earned in this state during the calendar year preceding the year for which the assessments were levied.~~

(c) ~~For operating losses incurred from October 1, 1990, through June 30, 1991, the board shall assess each insurer in the amount and manner prescribed by chapter 90-334, Laws of Florida. The maximum assessment against an insurer, as provided in such act, shall apply separately~~

~~to the claims incurred in 1990 (October 1 through December 31) and the claims incurred in 1991 (January 1 through June 30). For operating losses incurred on January 1, 1991, through June 30, 1991, the maximum assessment against an insurer shall be one half of the amount of the maximum assessment specified for such insurer in former s. 627.6492(1)(b), 1990 Supplement, as amended by chapter 90-334, Laws of Florida.~~

(c)(d) All rights, title, and interest in the assessment funds collected shall vest in this state. However, all of such funds and interest earned shall be used by the association to pay claims and administrative expenses.

(2) If assessments and other receipts by the association, board, or administrator exceed the actual losses and administrative expenses of the plan, the excess shall be held at interest and used by the board to offset future losses. As used in this subsection, the term "future losses" includes reserves for claims incurred but not reported.

(3) Each insurer's assessment shall be determined annually by the association based on annual statements and other reports deemed necessary by the association and filed with it by the insurer. Any deficit incurred under the plan shall be recouped by assessments against participating insurers by the board in the manner provided in subsection (1); and the insurers may recover the assessment in the normal course of their respective businesses without time limitation.

(4)(a) *This subsection applies only to those costs and expenses of the association related to persons whose coverage begins after January 1, 2002. As a condition of doing business in this state, every insurer shall pay an amount determined by the board of up to 25 cents per month for each individual policy or covered group subscriber insured in this state, not including covered dependents, under a health insurance policy, certificate, or other evidence of coverage that is issued for a resident of this state and shall file the information with the association as required pursuant to paragraph (d). Any insurer who neglects, fails, or refuses to collect the fee shall be liable for and pay the fee. The fee shall not be subject to the provisions of s. 624.509.*

(b) *For purposes of this subsection, health insurance does not include accident only, specified disease, individual hospital indemnity, credit, dental-only, vision-only, Medicare supplement, long-term care, nursing home care, home health care, community-based care, or disability income insurance; similar supplemental plans provided under a separate policy, certificate, or contract of insurance, which cannot duplicate coverage under an underlying health plan and are specifically designed to fill gaps in the underlying health plan, coinsurance, or deductibles; any policy covering medical-payment coverage or personal injury protection coverage in a motor vehicle policy; coverage issued as a supplement to liability insurance; or workers' compensation insurance. For the purposes of this subsection, the term "insurer" as defined in s. 627.6482(7) also includes administrators licensed pursuant to s. 626.8805, and any insurer defined in s. 627.6482(7) from whom any person providing health insurance to Florida residents procures insurance for itself in the insurer, with respect to all or part of the health insurance risk of the person, or provides administrative services only. This definition of insurer excludes self-insured, employee welfare benefit plans that are not regulated by the Florida Insurance Code pursuant to the Employee Retirement Income Security Act of 1974, Pub. L. No. 93-406, as amended. However, this definition of insurer includes multiple employer welfare arrangements as provided for in the Employee Retirement Income Security Act of 1974, Pub. L. No. 93-406, as amended. Each covered group subscriber, without regard to covered dependents of the subscriber, shall be counted only once with respect to any assessment. For that purpose, the board shall allow an insurer as defined by this subsection to exclude from its number of covered group subscribers those who have been counted by any primary insurer providing health insurance coverage pursuant to s. 624.603.*

(c) *The calculation shall be determined as of December 31 of each year and shall include all policies and covered subscribers, not including covered dependents of the subscribers, insured at any time during the year, calculated for each month of coverage. The payment is payable to the association no later than April 1 of the subsequent year. The first payment shall be forwarded to the association no later than April 1, 2002, covering the period of October 1, 2001, through December 31, 2001.*

(d) *The payment of such funds shall be submitted to the association accompanied by a form prescribed by the association and adopted in the*

plan of operation. The form shall identify the number of covered lives for different types of health insurance products and the number of months of coverage.

(e) Beginning October 1, 2001, the fee paid to the association may be charged by the health insurer directly to each policyholder, insured member, or subscriber and is not part of the premium subject to the department's review and approval. Nonpayment of the fee shall be considered nonpayment of premium for purposes of s. 627.6043.

Section 15. Section 627.6498, Florida Statutes, is amended to read:

627.6498 Minimum benefits coverage; exclusions; premiums; deductibles.—

(1) COVERAGE OFFERED.—

(a) The plan shall offer in an annually ~~semiannually~~ renewable policy the coverage specified in this section for each eligible person. ~~For applications accepted on or after June 7, 1991, but before July 1, 1991, coverage shall be effective on July 1, 1991, and shall be renewable on January 1, 1992, and every 6 months thereafter. Policies in existence on June 7, 1991, shall, upon renewal, be for a term of less than 6 months that terminates and becomes subject to subsequent renewal on the next succeeding January 1 or July 1, whichever is sooner.~~

~~(b) If an eligible person is also eligible for Medicare coverage, the plan shall not pay or reimburse any person for expenses paid by Medicare.~~

~~(c) Any person whose health insurance coverage is involuntarily terminated for any reason other than nonpayment of premium may apply for coverage under the plan. (2) BENEFITS.—

~~(a) The plan must offer coverage to every eligible person subject to limitations set by the association. The coverage offered must pay an eligible person's covered expenses, subject to limits on the deductible and coinsurance payments authorized under subsection (4). The lifetime benefits limit for such coverage shall be \$500,000. However, policyholders of association policies issued prior to 1992 are entitled to continued coverage at the benefit level established prior to January 1, 2002. Only the premium, deductible, and coinsurance amounts may be modified as determined necessary by the board. The plan shall offer major medical expense coverage similar to that provided by the state group health insurance program as defined in s. 110.123 except as specified in subsection (3) to every eligible person who is not eligible for Medicare. Major medical expense coverage offered under the plan shall pay an eligible person's covered expenses, subject to limits on the deductible and coinsurance payments authorized under subsection (4), up to a lifetime limit of \$500,000 per covered individual. The maximum limit under this paragraph shall not be altered by the board, and no actuarially equivalent benefit may be substituted by the board.~~

~~(b) The plan shall provide that any policy issued to a person eligible for Medicare shall be separately rated to reflect differences in experience reasonably expected to occur as a result of Medicare payments.~~

(3) COVERED EXPENSES.—

~~(a) The board shall establish the coverage to be issued by the association.~~

~~(b) If the coverage is being issued to an eligible individual as defined in s. 627.6487, the individual shall be offered, at the option of the individual, the basic and the standard health benefit plan as established in s.~~

~~627.6699. The coverage to be issued by the association shall be patterned after the state group health insurance program as defined in s. 110.123, including its benefits, exclusions, and other limitations, except as otherwise provided in this act. The plan may cover the cost of experimental drugs which have been approved for use by the Food and Drug Administration on an experimental basis if the cost is less than the usual and customary treatment. Such coverage shall only apply to those insureds who are in the case management system upon the approval of the insured, the case manager, and the board.~~

(4) PREMIUMS AND, DEDUCTIBLES, AND COINSURANCE.—

~~(a) The plan shall provide for annual deductibles for major medical expense coverage in the amount of \$1,000 or any higher amounts proposed by the board and approved by the department, plus the benefits payable under any other type of insurance coverage or workers' compensation. The schedule of premiums and deductibles shall be established by the board association. With regard to any preferred provider arrangement utilized by the association, the deductibles provided in this paragraph shall be the minimum deductibles applicable to the preferred providers and higher deductibles, as approved by the department, may be applied to providers who are not preferred providers.~~

~~1. Separate schedules of premium rates based on age may apply for individual risks.~~

~~2. Rates are subject to approval by the department pursuant to ss. 627.410 and 627.411, except as provided by this section. The board shall revise premium schedules annually, beginning January 2002.~~

~~3. Standard risk rates for coverages issued by the association shall be established by the department, pursuant to s. 627.6675(3).~~

~~3.4. The board shall establish three premium schedules based upon an individual's family income:~~

Schedule A is applicable to an individual whose family income exceeds the allowable amount for determining eligibility under the Medicaid program, up to and including 200 percent of the Federal Poverty Level. Premiums for a person under this schedule may not exceed 150 percent of the standard risk rate.~~

~~b. Schedule B is applicable to an individual whose family income exceeds 200 percent but is less than 300 percent of the Federal Poverty Level. Premiums for a person under this schedule may not exceed 250 percent of the standard risk rate.~~

~~c. Schedule C is applicable to an individual whose family income is equal to or greater than 300 percent of the Federal Poverty Level. Premiums for a person under this schedule may not exceed 300 percent of the standard risk rate. establish separate premium schedules for low-risk individuals, medium-risk individuals, and high-risk individuals and shall revise premium schedules annually beginning January 1999.~~

~~4. The standard risk rate shall be determined by the department pursuant to s. 627.6675(3). The rate shall be adjusted for benefit differences. No rate shall exceed 200 percent of the standard risk rate for low-risk individuals, 225 percent of the standard risk rate for medium-risk individuals, or 250 percent of the standard risk rate for high-risk individuals. For the purpose of determining what constitutes a low-risk individual, medium-risk individual, or high-risk individual, the board shall consider the anticipated claims payment for individuals based upon an individual's health condition.~~

~~(b) If the covered costs incurred by the eligible person exceed the deductible for major medical expense coverage selected by the person in a policy year, the plan shall pay in the following manner:~~

~~1. For individuals placed under case management, the plan shall pay 90 percent of the additional covered costs incurred by the person during the policy year for the first \$10,000, after which the plan shall pay 100 percent of the covered costs incurred by the person during the policy year.~~

On motion by Senator Cowin—

CS for SB 684—A bill to be entitled An act relating to organ transplantation programs; providing for an impact study and report to the Legislature; providing an effective date.

—was read the second time by title.

Senator Cowin moved the following amendment:

Amendment 1 (273274)(with title amendment)—Delete everything after the enacting clause and insert:

Section 1. *The Legislature finds that despite continuing advances in medicine and technology, the demand for organs drastically outstrips the amount of organ donors, that the waiting list for organs has grown dramatically in the 1990's to the point that over 70,000 people are on a waiting list for organ transplants, and that during this period, the number of available donor organs remained at 6,000 per year. The Legislature further finds that organ transplants are among the most complex and specialized of health care services and, due to its high level of intensity, complexity, and cost, should be limited to, and concentrated in, a limited number of hospitals to ensure the quality, availability, and cost-effectiveness of this highly specialized service, and that multiple organ transplants are among the most complex and specialized of health care services and should be limited to teaching and research medical centers. In addition, the Legislature finds that the creation of a successful organ transplantation program is a costly initiative, including capital expenditures for physical plant improvements and acquisition of state-of-the-art medical equipment, and also in the recruitment, acquisition, and retention of qualified professional staff, such as surgeons, physicians, nurses, transplant coordinators, medical technicians, and assistants, who require the highest level of training, and that these professionals are in high demand. The Legislature finds that competition for organ transplantation programs should be based on quality that is demonstrated by outcome data in order to maximize the number of patients who undergo successful transplant surgery with excellent patient and transplant survival rates, that adding new transplantation programs only dilutes the pool of available organs among a larger number of hospitals, that it does not increase the number of organs available to patients, and therefore, proliferation of new transplantation programs should be carefully considered, based on the fact that proficiency of medical and nursing staff is maintained by participating in a higher volume of procedures rather than a lower volume due to disbursement of the same type of transplantation programs to numerous facilities.*

Section 2. (1)(a) *The Agency for Health Care Administration shall create an Organ Transplant Task Force within the Agency for Health Care Administration.*

(b) *Task force participants shall be responsible for only the expenses that they generate individually through participation. The agency shall be responsible for expenses incidental to the production of any required data or reports.*

(2) *The task force shall consist of up to 15 members. The task force chairperson shall be selected by majority vote of a quorum present. Eight members shall constitute a quorum. The membership shall include, but not be limited to, a balance of members representing the Agency for Health Care Administration, health care facilities that have existing organ transplantation programs, individual organ transplant health care practitioners, pediatric organ transplantation programs, organ procurement agencies, and organ transplant recipients or family members.*

(3) *The task force shall meet for the purpose of studying and making recommendations regarding current and future supply of organs in relation to the number of existing organ transplantation programs and the future necessity of the issuance of a certificate of need for proposed organ transplantation programs. At a minimum, the task force shall submit a report to the Legislature which includes a summary of the method of allocation and distribution of organs; a list of facilities performing multiple organ transplants and the number being performed; the number of Medicaid and charity care patients who have received organ transplants by existing organ transplant programs; suggested mechanisms for funding organ transplants, which shall include, but need not be limited to, an organ transplant trust fund for the treatment of Medicaid and charity patients; the impact of trends in health care delivery and financing on organ transplantation; and the number of certificates of need applications reviewed by the Agency for Health Care Administration in the last*

5 years, including the number approved or denied and the number litigated.

(4) *The task force shall meet at the call of the chairperson. The task force shall submit a report to the Governor, the President of the Senate, and the Speaker of the House of Representatives by January 15, 2002. The task force is abolished effective December 31, 2002.*

Section 3. This act shall take effect July 1, 2001.

And the title is amended as follows:

Delete everything before the enacting clause and insert: A bill to be entitled An act relating to organ transplantation; providing legislative intent; providing for the Agency for Health Care Administration to create the Organ Transplant Task Force to study organ transplantation programs; requiring the task force to study and make recommendations on the necessity of the issuance of certificates of need for such programs and funding for organ transplantation; providing a date for the task force to report to the Governor and the Legislature; providing an effective date.

Amendment 1 (104860)(with title amendment)—On page 2, between lines 21 and 22, insert:

Section 1. Section 240.3836, Florida Statutes, is amended to read:

240.3836 Site-determined baccalaureate degree access program; funding.—

(1) The Legislature recognizes that public and private postsecondary education institutions play essential roles in improving the quality of life and economic well-being of the state and its residents. The Legislature also recognizes that economic development needs and the educational needs of place-bound, nontraditional students have increased the demand for local access to baccalaureate degree programs. In some, but not all, geographic regions, baccalaureate degree programs are being delivered successfully at the local community college through agreements between the community college and 4-year postsecondary institutions within or outside of the state. It is therefore the intent of the Legislature to further expand access to baccalaureate degree programs through the use of community colleges apply this concept in the creation and funding of a program that supports local economic development and responds to public demand for increased access to baccalaureate degrees in areas of the state that are underserved by 4-year institutions.

(2) A community college may be authorized by the State Board of Education to offer a limited number of baccalaureate degrees designed to meet local workforce needs through one of the following processes:

(a) A community college may enter into a formal agreement with the state university in its service area for the community college to deliver specified baccalaureate degree programs. The agreement must be submitted to the State Board of Education for approval. The college’s proposal must include the following information:

1. Demand for the baccalaureate degree program is identified by the workforce development board, local businesses and industry, local chambers of commerce, and potential students.
2. Unmet need for graduates of the proposed degree program is substantiated.
3. The community college has the facilities and academic resources to deliver the program.

The proposal must be submitted to the Postsecondary Education Planning Commission for review and comment. Upon approval of the State Board of Education for the specific degree program or programs, the college shall pursue regional accreditation by the Commission on Colleges of the Southern Association of Colleges and Schools. Any additional baccalaureate degree programs the college wishes to offer must be approved by the State Board of Education.

(b) A community college may develop a proposal to deliver specified baccalaureate degree programs in its district. The proposal must be submitted to the State Board of Education for approval. The college’s proposal must include the following information:

1. Demand for the baccalaureate degree program is identified by the workforce development board, local businesses and industry, local chambers of commerce, and potential students.

2. Unmet need for graduates of the proposed degree program is substantiated.

3. The community college has the facilities and academic resources to deliver the program.

The proposal must be submitted to the Postsecondary Education Planning Commission for review and comment. Upon approval of the State Board of Education for the specific degree program or programs, the college shall pursue regional accreditation by the Commission on Colleges of the Southern Association of Colleges and Schools. Any additional baccalaureate degree programs the college wishes to offer must be approved by the State Board of Education.

(3) A community college may not terminate its Associate-in-Arts or Associate-in-Science degree programs as a result of the authorization provided in subsection (2). The Legislature intends that the primary mission of a community college, including a college that offers baccalaureate-degree programs, continues to be the provision of associate degrees that provide access to a university.

(2) ~~Categorical funding is authorized for the site-determined baccalaureate-degree-access program created by this section. Funds may not be used to support the construction, renovation, or remodeling of facilities. This program is voluntary and does not preclude other mutually agreed-upon arrangements between community colleges and 4-year institutions for the delivery of baccalaureate degrees on community college sites.~~

(3) ~~Each community college wishing to participate in the site-determined baccalaureate-degree-access program must:~~

(a) ~~Identify baccalaureate degree programs that are not currently offered at the community college but are proposed for delivery at the college to meet the academic and economic development needs of one or more communities within the college’s service area. When assessing local needs, the college should seek input from the appropriate chamber of commerce, workforce development council, and other civic and business groups. As used in this section, the term “economic development” means entrepreneurial efforts, the attraction of new business and industry to the area, and the expansion of existing business and industry.~~

(b) ~~Determine the number of students interested in pursuing each proposed baccalaureate degree program and identify the enrollment patterns, any special characteristics of those students, and any unique combination or modification of course offerings that may be necessary to meet student enrollment needs.~~

(c) ~~Submit a proposal to the Postsecondary Education Planning Commission requesting validation of the need for the proposed baccalaureate degree program and tentative approval for program funding. The proposal must include:~~

1. ~~A description of each proposed baccalaureate degree program identifying the junior-level and senior-level courses to be offered and designating whether the program should be offered for a cohort group or as an ongoing degree program.~~
2. ~~Evidence that local occupational forecasts support the existence of jobs for graduates of the proposed baccalaureate degree programs.~~
3. ~~An estimated number of students to be served by each proposed degree program.~~
4. ~~An assurance that the community college’s existing facilities are sufficient to meet the additional demands for classroom and laboratory space for the proposed degree programs.~~

5. ~~Evidence that the college has requested the participation of no fewer than three regionally accredited 4-year postsecondary institutions, including at least one member of the State University System. Any member of the State University System and any independent, regionally accredited, 4-year institution that is chartered in, and has its primary campus located in, Florida may be a partner in a site-determined baccalaureate-degree-access program at any community college.~~

6. ~~A tentative agreement between the community college and the 4-year postsecondary institution selected to offer the upper-level courses leading to the proposed degree or degrees.~~

7.—Any additional provisions that the Postsecondary Education Planning Commission considers pertinent to the proposal.

(4)—The Postsecondary Education Planning Commission, after soliciting comments from the Board of Regents and the State Board of Community Colleges, shall validate the need for each baccalaureate degree program proposed for delivery according to this section and shall notify the community college that its proposal has been approved or rejected. The commission shall establish procedures for the timely submission, review, and approval of the proposals and agreements required by this section. These procedures must be designed to allow the initiation of approved baccalaureate degree programs at least 3 times each fiscal year.

(5)—Once the Postsecondary Education Planning Commission validates the need for the proposed baccalaureate degree program and notifies the community college that its proposal has been approved, the community college shall finalize an agreement with the regionally accredited, public or nonpublic, 4 year postsecondary institution selected to provide the upper level instructional services in the approved baccalaureate degree program. The commission shall identify the common aspects that each agreement must address, including, but not limited to:

(a)—A course delivery pattern based on the student enrollment patterns and characteristics included in the approved proposal.

(b)—An articulation provision that guarantees acceptance of students who hold an associate in arts or associate in science degree and satisfy any other prerequisites for admission to the specific baccalaureate degree program.

(c)—The provision of library services and student support services.

(d)—An agreement that the participating 4 year postsecondary institution will continue offering instructional services at least until all qualified members of the initial group of students have had an opportunity to complete the degree program.

(e)—The specific and measurable performance criteria that the Postsecondary Education Planning Commission may use to evaluate the outcomes and outputs of the baccalaureate degree program within an identified timeframe.

(f)—An agreement that in state student tuition for the degree program will not exceed the matriculation fee for the State University System unless the proposal approved by the Postsecondary Education Planning Commission allows the participating institutions to charge differentiated tuition and fees to encourage student attendance and participation. Out of state students shall pay full costs. Notwithstanding s. 240.605, students participating in a site determined baccalaureate degree program may not receive a Florida Resident Access Grant.

(6)—Each participating community college must submit the agreement required by this section to the Postsecondary Education Planning Commission for review and final approval before initiating an approved site determined baccalaureate degree access program. Subject to the availability of legislative appropriations specifically provided for this purpose, the Postsecondary Education Planning Commission must recommend to the Commissioner of Education the total funds to be released to each participating community college for the initiation of the approved site determined baccalaureate degree access program. The community college shall distribute funds to the participating 4 year postsecondary institution at the rate specified in the approved agreement. The Postsecondary Education Planning Commission shall not recommend the release of funding for any program that is terminated before or after the evaluation required by this section. The total funds to be released for the initiation of an approved program shall be based on the number of fundable upper level student credit hours for each term. Unless otherwise provided in an appropriations act, the funding per credit hour shall be an amount equal to the state funds, excluding student fees, appropriated to the State University System for each full time equivalent student enrolled in upper level course work. Student credit hours funded under this program may not be duplicated in any other calculation of state funding for the 4 year institution.

(7)—The Postsecondary Education Planning Commission may require the participating community colleges and 4 year postsecondary institutions to submit information necessary to monitor the annual performance of the program. Within 90 days after the 2nd and 4th year of the

site determined baccalaureate degree access program, the commission shall submit to the chairs of the education and fiscal committees of the Legislature a progress report, including an evaluation of the funding mechanism created by this section. The commission shall review each site determined baccalaureate degree access program funded under this section to ascertain whether the performance measures specified in the agreement between the participating community college and the 4 year institution have been met. Each program must be reviewed 4 years after initiation unless a shorter timeframe is specified in the agreement. The performance measures must include the student graduation rate, the employment rate of program graduates both within and outside the community college service area, the continuing need to offer the specific baccalaureate degree program in the community college service area, and such other information as the Postsecondary Education Planning Commission may determine necessary for program and performance evaluation. Based on its evaluation, the commission shall either approve continuation of the program, require modifications prior to program approval, or recommend that the participating institutions terminate the program after all qualified members of the initial group of students have an opportunity to complete the degree program. The commission must submit to the Commissioner of Education for inclusion in the legislative budget a request for funding for approved site determined baccalaureate degree access programs.

(8)—If no accredited 4 year institution is willing to provide a baccalaureate degree program approved by the Postsecondary Education Planning Commission under this section, the community college board of trustees may ask the commission to evaluate the college's request to offer the degree program. If the commission is satisfied that the community college should offer the degree program, it shall recommend to the Legislature the enactment of statutory authority for the community college to offer that specific baccalaureate degree program.

CS for SB 2110—A bill to be entitled An act relating to Medicaid; amending s. 409.906, F.S.; providing that the agency may restrict or prohibit the provision of services by mobile providers; providing that Medicaid will not provide reimbursement for dental services provided in mobile dental units, except for certain units; providing an effective date.

—was read the second time by title.

Senator Silver moved the following amendments which were adopted:

Amendment 1 (465908)(with title amendment)—On page 1, line 12, insert:

Section 1. Section 409.905, Florida Statutes, is amended to read:

409.905 **Mandatory Medicaid services.**—The agency may make payments for the following services, which are required of the state by Title XIX of the Social Security Act, furnished by Medicaid providers to recipients who are determined to be eligible on the dates on which the services were provided. Any service under this section shall be provided only when medically necessary and in accordance with state and federal law. *Mandatory services rendered by providers in mobile units to Medicaid recipients may be restricted by the agency.* Nothing in this section shall be construed to prevent or limit the agency from adjusting fees, reimbursement rates, lengths of stay, number of visits, number of services, or any other adjustments necessary to comply with the availability of moneys and any limitations or directions provided for in the General Appropriations Act or chapter 216.

(1) **ADVANCED REGISTERED NURSE PRACTITIONER SERVICES.**—The agency shall pay for services provided to a recipient by a licensed advanced registered nurse practitioner who has a valid collaboration agreement with a licensed physician on file with the Department of Health or who provides anesthesia services in accordance with established protocol required by state law and approved by the medical staff of the facility in which the anesthetic service is performed. Reimbursement for such services must be provided in an amount that equals not less than 80 percent of the reimbursement to a physician who provides the same services, unless otherwise provided for in the General Appropriations Act.

(2) **EARLY AND PERIODIC SCREENING, DIAGNOSIS, AND TREATMENT SERVICES.**—The agency shall pay for early and periodic screening and diagnosis of a recipient under age 21 to ascertain physical and mental problems and conditions and provide treatment to correct or ameliorate these problems and conditions. These services include all services determined by the agency to be medically necessary for the treatment, correction, or amelioration of these problems, including personal care, private duty nursing, durable medical equipment, physical therapy, occupational therapy, speech therapy, respiratory therapy, and immunizations.

(3) **FAMILY PLANNING SERVICES.**—The agency shall pay for services necessary to enable a recipient voluntarily to plan family size or to space children. These services include information; education; counseling regarding the availability, benefits, and risks of each method of pregnancy prevention; drugs and supplies; and necessary medical care and followup. Each recipient participating in the family planning portion of the Medicaid program must be provided freedom to choose any alternative method of family planning, as required by federal law.

(4) **HOME HEALTH CARE SERVICES.**—The agency shall pay for nursing and home health aide services, supplies, appliances, and durable medical equipment, necessary to assist a recipient living at home. An

entity that provides services pursuant to this subsection shall be licensed under part IV of chapter 400 or part II of chapter 499, if appropriate. These services, equipment, and supplies, or reimbursement therefor, may be limited as provided in the General Appropriations Act and do not include services, equipment, or supplies provided to a person residing in a hospital or nursing facility. In providing home health care services, the agency may require prior authorization of care based on diagnosis.

(5) **HOSPITAL INPATIENT SERVICES.**—The agency shall pay for all covered services provided for the medical care and treatment of a recipient who is admitted as an inpatient by a licensed physician or dentist to a hospital licensed under part I of chapter 395. However, the agency shall limit the payment for inpatient hospital services for a Medicaid recipient 21 years of age or older to 45 days or the number of days necessary to comply with the General Appropriations Act.

(a) The agency is authorized to implement reimbursement and utilization management reforms in order to comply with any limitations or directions in the General Appropriations Act, which may include, but are not limited to: prior authorization for inpatient psychiatric days; enhanced utilization and concurrent review programs for highly utilized services; reduction or elimination of covered days of service; adjusting reimbursement ceilings for variable costs; adjusting reimbursement ceilings for fixed and property costs; and implementing target rates of increase.

(b) A licensed hospital maintained primarily for the care and treatment of patients having mental disorders or mental diseases is not eligible to participate in the hospital inpatient portion of the Medicaid program except as provided in federal law. However, the department shall apply for a waiver, within 9 months after June 5, 1991, designed to provide hospitalization services for mental health reasons to children and adults in the most cost-effective and lowest cost setting possible. Such waiver shall include a request for the opportunity to pay for care in hospitals known under federal law as “institutions for mental disease” or “IMD’s.” The waiver proposal shall propose no additional aggregate cost to the state or Federal Government, and shall be conducted in Hillsborough County, Highlands County, Hardee County, Manatee County, and Polk County. The waiver proposal may incorporate competitive bidding for hospital services, comprehensive brokering, prepaid capitated arrangements, or other mechanisms deemed by the department to show promise in reducing the cost of acute care and increasing the effectiveness of preventive care. When developing the waiver proposal, the department shall take into account price, quality, accessibility, linkages of the hospital to community services and family support programs, plans of the hospital to ensure the earliest discharge possible, and the comprehensiveness of the mental health and other health care services offered by participating providers.

(c) Agency for Health Care Administration shall adjust a hospital’s current inpatient per diem rate to reflect the cost of serving the Medicaid population at that institution if:

1. The hospital experiences an increase in Medicaid caseload by more than 25 percent in any year, primarily resulting from the closure of a hospital in the same service area occurring after July 1, 1995; or

2. The hospital’s Medicaid per diem rate is at least 25 percent below the Medicaid per patient cost for that year.

No later than November 1, 2000, the agency must provide estimated costs for any adjustment in a hospital inpatient per diem pursuant to this paragraph to the Executive Office of the Governor, the House of Representatives General Appropriations Committee, and the Senate Budget Committee. Before the agency implements a change in a hospital’s inpatient per diem rate pursuant to this paragraph, the Legislature must have specifically appropriated sufficient funds in the 2001-2002 General Appropriations Act to support the increase in cost as estimated by the agency. This paragraph is repealed on July 1, 2001.

(6) **HOSPITAL OUTPATIENT SERVICES.**—The agency shall pay for preventive, diagnostic, therapeutic, or palliative care and other services provided to a recipient in the outpatient portion of a hospital licensed under part I of chapter 395, and provided under the direction of a licensed physician or licensed dentist, except that payment for such care and services is limited to \$1,500 per state fiscal year per recipient, unless an exception has been made by the agency, and with the excep-

tion of a Medicaid recipient under age 21, in which case the only limitation is medical necessity.

(7) **INDEPENDENT LABORATORY SERVICES.**—The agency shall pay for medically necessary diagnostic laboratory procedures ordered by a licensed physician or other licensed practitioner of the healing arts which are provided for a recipient in a laboratory that meets the requirements for Medicare participation and is licensed under chapter 483, if required.

(8) **NURSING FACILITY SERVICES.**—The agency shall pay for 24-hour-a-day nursing and rehabilitative services for a recipient in a nursing facility licensed under part II of chapter 400 or in a rural hospital, as defined in s. 395.602, or in a Medicare certified skilled nursing facility operated by a hospital, as defined by s. 395.002(11), that is licensed under part I of chapter 395, and in accordance with provisions set forth in s. 409.908(2)(a), which services are ordered by and provided under the direction of a licensed physician. However, if a nursing facility has been destroyed or otherwise made uninhabitable by natural disaster or other emergency and another nursing facility is not available, the agency must pay for similar services temporarily in a hospital licensed under part I of chapter 395 provided federal funding is approved and available.

(9) **PHYSICIAN SERVICES.**—The agency shall pay for covered services and procedures rendered to a recipient by, or under the personal supervision of, a person licensed under state law to practice medicine or osteopathic medicine. These services may be furnished in the physician's office, the Medicaid recipient's home, a hospital, a nursing facility, or elsewhere, but shall be medically necessary for the treatment of an injury, illness, or disease within the scope of the practice of medicine or osteopathic medicine as defined by state law. The agency shall not pay for services that are clinically unproven, experimental, or for purely cosmetic purposes.

(10) **PORTABLE X-RAY SERVICES.**—The agency shall pay for professional and technical portable radiological services ordered by a licensed physician or other licensed practitioner of the healing arts which are provided by a licensed professional in a setting other than a hospital, clinic, or office of a physician or practitioner of the healing arts, on behalf of a recipient.

(11) **RURAL HEALTH CLINIC SERVICES.**—The agency shall pay for outpatient primary health care services for a recipient provided by a clinic certified by and participating in the Medicare program which is located in a federally designated, rural, medically underserved area and has on its staff one or more licensed primary care nurse practitioners or physician assistants, and a licensed staff supervising physician or a consulting supervising physician.

(12) **TRANSPORTATION SERVICES.**—The agency shall ensure that appropriate transportation services are available for a Medicaid recipient in need of transport to a qualified Medicaid provider for medically necessary and Medicaid-compensable services, provided a client's ability to choose a specific transportation provider shall be limited to those options resulting from policies established by the agency to meet the fiscal limitations of the General Appropriations Act. The agency may pay for transportation and other related travel expenses as necessary only if these services are not otherwise available.

PRAYER

The following prayer was offered by the Rev. Brian J. Hamer, Christ The King Lutheran Church, Riverview:

Heavenly Father, preserve our nation in justice and honor that we may lead a peaceable life of integrity. Grant health and favor to all who bear office in our land, especially the President and Congress of the United States, the Governor and Senate of this State, and all those who make, administer and judge our laws, and help them to serve the people according to your holy will.

On this anniversary of human suffering, take from us all hatred and prejudice, give us the spirit of love and dispose our days in your peace. Prosper the labor of those who take counsel for the nations of the world that mutual understanding and common endeavor may be increased among all peoples.

Bless the schools and all colleges, universities and centers of research, and those who teach in them. Grant your wisdom in such measure that people may serve you in this state, and that our common life may be conformed to the ways of your truth and justice.

Sanctify our homes with your presence and joy. Keep our children in your covenant, and enable their parents to bring them up in a life of faith and devotion. By the spirit of affection and service unite the members of all families that they may show your praise in our land and in all the world.

Let your blessing rest upon the seedtime and harvest, the commerce and industry, the leisure and rest, the arts and culture of our people. Take under your special protection those whose work is difficult or

dangerous, and be with all who put their hands to any useful task. Give them just rewards for their labor and the knowledge that their work is good in your sight. Hear our prayer. Amen.

Amendment 1 (495298)(with title amendment)—On page 3, delete line 27 and insert:

Section 2. Subsection (7) of section 20.165, Florida Statutes, is amended to read:

20.165 Department of Business and Professional Regulation.—There is created a Department of Business and Professional Regulation.

(7) No board, with the exception of joint coordinators and the board established in subparagraph (4)(a)5., shall be transferred from its present location unless authorized by the Legislature in the General Appropriations Act.

Section 3. Paragraph (b) of subsection (2) and paragraph (e) of subsection (5) of section 95.11, Florida Statutes, are amended to read:

95.11 Limitations other than for the recovery of real property.—Actions other than for recovery of real property shall be commenced as follows:

(2) WITHIN FIVE YEARS.—

(b) A legal or equitable action on a contract, obligation, or liability founded on a written instrument, except for an action to enforce a claim against a payment bond, which shall be governed by the applicable provisions of ss. 255.05(2)(a)2. and 713.23(1)(e).

(5) WITHIN ONE YEAR.—

(e) An action to enforce any claim against a payment bond on which the principal is a contractor, subcontractor, or sub-subcontractor as defined in s. 713.01, for private work as well as public work, from the last furnishing of labor, services, or materials or from the last furnishing of labor, services, or materials by the general contractor if the general contractor is the principal on a bond on the same construction project, whichever is later.

Section 4. Paragraph (a) of subsection (1) and paragraph (a) of subsection (2) of section 255.05, Florida Statutes, are amended to read:

255.05 Bond of contractor constructing public buildings; form; action by materialmen.—

(1)(a) Any person entering into a formal contract with the state or any county, city, or political subdivision thereof, or other public authority, for the construction of a public building, for the prosecution and completion of a public work, or for repairs upon a public building or public work shall be required, before commencing the work or before recommencing the work after a default or abandonment, to execute, deliver to the public owner, and record in the public records of the county where the improvement is located, a payment and performance bond with a surety insurer authorized to do business in this state as surety. The bond must state on its front page: the name, principal business address, and phone number of the contractor, the surety, the owner of the property being improved, and, if different from the owner, the contracting public entity; the contract number assigned by the contracting public entity; and a description of the project sufficient to identify it, such as including, if applicable, a legal description or and the street address of the property being improved, and a general description of the improvement. Such bond shall be conditioned upon the contractor's performance of the construction work that the contractor perform the contract in the time and manner prescribed in the contract and promptly make payments to all persons defined in s. 713.01 who furnish labor, services, or materials for whose claims derive directly or indirectly from the prosecution of the work provided for in the contract. Any claimant may apply to the governmental entity having charge of the work for copies of the contract and bond and shall thereupon be furnished with a certified copy of the contract and bond. The claimant shall have a right of action against the contractor and surety for the amount due him or her, including unpaid finance charges due under the claimant's contract. Such action shall not involve the public authority in any expense. When such work is done for the state and the contract is for \$100,000 or less, no payment and performance bond shall be required. At the discretion of the official or board awarding such contract when such work is done for any county, city, political subdivision, or public authority, any person entering into such a contract which is for \$200,000 or less may be exempted from executing the payment and performance bond. When such work is done for the state, the Secretary of the Department of Management Services may delegate to state agencies the authority to exempt any person entering into such a contract amounting to more than \$100,000 but less than \$200,000 from executing the payment and performance bond. In the event such exemption is granted, the officer or officials shall not be personally liable to persons suffering loss because of granting such exemption. The Department of Management Services shall maintain information on the number of requests by state agencies for delegation of authority to waive the bond requirements by agency and project number and whether any request for delegation was denied and the justification for the denial.

The state shall not be held liable to any laborer, materialman, or subcontractor for any amounts greater than the pro rata share as determined under this section.

(2)(a)1. If a claimant is no longer furnishing labor, services, or materials on a project, a contractor or the contractor's agent or attorney may elect to shorten the prescribed time in this paragraph within which an action to enforce any claim against a payment bond provided pursuant to this section may be commenced by recording in the clerk's office a notice in substantially the following form:

NOTICE OF CONTEST OF CLAIM AGAINST PAYMENT BOND

To: (Name and address of claimant)

You are notified that the undersigned contests your notice of nonpayment, dated, and served on the undersigned on,, and that the time within which you may file suit to enforce your claim is limited to 60 days after the date of service of this notice.

DATED on

Signed: (Contractor or Attorney)

The claim of any claimant upon whom such notice is served and who fails to institute a suit to enforce his or her claim against the payment bond

within 60 days after service of such notice shall be extinguished automatically. The clerk shall mail a copy of the notice of contest to the claimant at the address shown in the notice of nonpayment or most recent amendment thereto and shall certify to such service on the face of such notice and record the notice. Service is complete upon mailing.

2. A claimant, except a laborer, who is not in privity with the contractor shall, before commencing or not later than 45 days after commencing to furnish labor, materials, or supplies for the prosecution of the work, furnish the contractor with a notice that he or she intends to look to the bond for protection. A claimant who is not in privity with the contractor and who has not received payment for his or her labor, materials, or supplies shall deliver to the contractor and to the surety written notice of the performance of the labor or delivery of the materials or supplies and of the nonpayment. The notice of nonpayment may be served at any time during the progress of the work or thereafter but not before 45 days after the first furnishing of labor, services, or materials, and not later than 90 days after the final furnishing of the labor, services, or materials by the claimant or, with respect to rental equipment, not later than 90 days after the date that the rental equipment was last on the job site available for use. No action for the labor, materials, or supplies may be instituted against the contractor or the surety unless both notices have been given. Notices required or permitted under this section may be served in accordance with s. 713.18. An action, except for an action exclusively for recovery of retainage, must be instituted against the contractor or the surety on the payment bond or the payment provisions of a combined payment and performance bond within 1 year after the performance of the labor or completion of delivery of the materials or supplies. An action exclusively for recovery of retainage must be instituted against the contractor or the surety within 1 year after the performance of the labor or completion of delivery of the materials or supplies, or within 90 days after the contractor's receipt of final payment (or the payment estimate containing the owner's final reconciliation of quantities if no further payment is earned and due as a result of deductive adjustments) by the contractor or surety, whichever comes last. A claimant may not waive in advance his or her right to bring an action under the bond against the surety. The time periods for service of a notice of nonpayment or for bringing an action against a contractor or a surety shall be measured from the last day of furnishing labor, services, or materials by the claimant and shall not be measured by other standards, such as the issuance of a certificate of occupancy or the issuance of a certificate of substantial completion.

PRAYER

The following prayer was offered by Pastor Doyle Bell, Fellowship Baptist Church, Tallahassee:

Our Father, we thank you this morning for the opportunity to be in a place such as this where we can open this kind of session in prayer just by sharing with you from our heart. We give you praise and thanks for all these in this room today, particularly those who have been elected by their constituency to come and represent them in the State.

Lord, we ask that today you give them wisdom for all about which they will debate and those issues that will be before them. Lord, we just look forward to the very best for the people of our State and this Nation. Father, we lift up their families who are back home when, Lord, we know that today you can take care of them and meet their needs, even while these are away. So we pray for them today and ask your very best for them.

Again, we thank you for the privilege to be in this place to be a part of this kind of process here in these United States. Lord, we thank you for the freedom that we exercise in this place and for all that, we give you praise and look forward to a great day. In the name of the Father, the Son and the Holy Spirit. Amen.

Senator Geller moved the following amendment which was adopted:

Amendment 2 (374696)—On page 3, lines 3-9, delete those lines and insert:

Section 3. Paragraphs (n) and (o) of subsection (1) of section 626.9541, Florida Statutes, are amended to read:

- (n) Free insurance prohibited.—
 1. Advertising, offering, or providing free insurance as an inducement to the purchase or sale of real or personal property or of services directly or indirectly connected with such real or personal property.
 2. For the purposes of this paragraph, "free" insurance is:
 - a. Insurance for which no identifiable and additional charge is made to the purchaser of such real property, personal property, or services.
 - b. Insurance for which an identifiable or additional charge is made in an amount less than the cost of such insurance as to the seller or other person, other than the insurer, providing the same.
 3. Subparagraphs 1. and 2. do not apply to:
 - a. Insurance of, loss of, or damage to the real or personal property involved in any such sale or services, under a policy covering the interests therein of the seller or vendor.
 - b. Blanket disability insurance as defined in s. 627.659.

And the title is amended as follows:

On page 2, line 10, following the semicolon (;) insert: amending s. 631.55, F.S.; creating a medical malpractice account within the Florida Insurance Guaranty Association;

Senator Geller moved the following amendment which was adopted:

Amendment 4 (694042)(with title amendment)—On page 17, between lines 22 and 23, insert:

Section 17. Paragraph (b) of subsection (2) of section 627.351, Florida Statutes, is amended to read:

627.351 Insurance risk apportionment plans.—

(2) WINDSTORM INSURANCE RISK APPORTIONMENT.—

(b) The department shall require all insurers holding a certificate of authority to transact property insurance on a direct basis in this state, other than joint underwriting associations and other entities formed pursuant to this section, to provide windstorm coverage to applicants from areas determined to be eligible pursuant to paragraph (c) who in good faith are entitled to, but are unable to procure, such coverage through ordinary means; or it shall adopt a reasonable plan or plans for the equitable apportionment or sharing among such insurers of windstorm coverage, which may include formation of an association for this purpose. As used in this subsection, the term "property insurance" means insurance on real or personal property, as defined in s. 624.604, including insurance for fire, industrial fire, allied lines, farmowners multiperil, homeowners' multiperil, commercial multiperil, and mobile homes, and including liability coverages on all such insurance, but excluding inland marine as defined in s. 624.607(3) and excluding vehicle insurance as defined in s. 624.605(1)(a) other than insurance on mobile homes used as permanent dwellings. The department shall adopt rules that provide a formula for the recovery and repayment of any deferred assessments.

1. For the purpose of this section, properties eligible for such windstorm coverage are defined as dwellings, buildings, and other structures, including mobile homes which are used as dwellings and which are tied down in compliance with mobile home tie-down requirements prescribed by the Department of Highway Safety and Motor Vehicles pursuant to s. 320.8325, and the contents of all such properties. An applicant or policyholder is eligible for coverage only if an offer of coverage cannot be obtained by or for the applicant or policyholder from an admitted insurer at approved rates.

2.a.(I) All insurers required to be members of such association shall participate in its writings, expenses, and losses. Surplus of the association shall be retained for the payment of claims and shall not be distributed to the member insurers. Such participation by member insurers shall be in the proportion that the net direct premiums of each member insurer written for property insurance in this state during the preceding calendar year bear to the aggregate net direct premiums for property insurance of all member insurers, as reduced by any credits for voluntary writings, in this state during the preceding calendar year. For the purposes of this subsection, the term "net direct premiums" means direct written premiums for property insurance, reduced by premium for liability coverage and for the following if included in allied lines: rain and hail on growing crops; livestock; association direct premiums booked; National Flood Insurance Program direct premiums; and similar deductions specifically authorized by the plan of operation and approved by the department. A member's participation shall begin on the first day of the calendar year following the year in which it is issued a certificate of authority to transact property insurance in the state and shall terminate 1 year after the end of the calendar year during which it no longer holds a certificate of authority to transact property insurance in the state. The commissioner, after review of annual statements, other reports, and any other statistics that the commissioner deems necessary, shall certify to the association the aggregate direct premiums written for property insurance in this state by all member insurers.

(II) The plan of operation shall provide for a board of directors consisting of the Insurance Consumer Advocate appointed under s. 627.0613, 1 consumer representative appointed by the Insurance Commissioner, 1 consumer representative appointed by the Governor, and 12 additional members appointed as specified in the plan of operation. One of the 12 additional members shall be elected by the domestic companies of this state on the basis of cumulative weighted voting based on the net direct premiums of domestic companies in this state. Nothing in the 1997 amendments to this paragraph terminates the existing board or the terms of any members of the board.

(III) The plan of operation shall provide a formula whereby a company voluntarily providing windstorm coverage in affected areas will be relieved wholly or partially from apportionment of a regular assessment pursuant to sub-sub-subparagraph d.(I) or sub-sub-subparagraph d.(II).

(IV) A company which is a member of a group of companies under common management may elect to have its credits applied on a group basis, and any company or group may elect to have its credits applied to any other company or group.

(V) There shall be no credits or relief from apportionment to a company for emergency assessments collected from its policyholders under sub-sub-subparagraph d.(III).

(VI) The plan of operation may also provide for the award of credits, for a period not to exceed 3 years, from a regular assessment pursuant to sub-sub-subparagraph d.(I) or sub-sub-subparagraph d.(II) as an incentive for taking policies out of the Residential Property and Casualty Joint Underwriting Association. In order to qualify for the exemption under this sub-sub-subparagraph, the take-out plan must provide that at least 40 percent of the policies removed from the Residential Property and Casualty Joint Underwriting Association cover risks located in Dade, Broward, and Palm Beach Counties or at least 30 percent of the policies so removed cover risks located in Dade, Broward, and Palm Beach Counties and an additional 50 percent of the policies so removed cover risks located in other coastal counties, and must also provide that no more than 15 percent of the policies so removed may exclude windstorm coverage. With the approval of the department, the association may waive these geographic criteria for a take-out plan that removes at least the lesser of 100,000 Residential Property and Casualty Joint Underwriting Association policies or 15 percent of the total number of Residential Property and Casualty Joint Underwriting Association poli-

cies, provided the governing board of the Residential Property and Casualty Joint Underwriting Association certifies that the take-out plan will materially reduce the Residential Property and Casualty Joint Underwriting Association's 100-year probable maximum loss from hurricanes. With the approval of the department, the board may extend such credits for an additional year if the insurer guarantees an additional year of renewability for all policies removed from the Residential Property and Casualty Joint Underwriting Association, or for 2 additional years if the insurer guarantees 2 additional years of renewability for all policies removed from the Residential Property and Casualty Joint Underwriting Association.

b. Assessments to pay deficits in the association under this subparagraph shall be included as an appropriate factor in the making of rates as provided in s. 627.3512.

c. The Legislature finds that the potential for unlimited deficit assessments under this subparagraph may induce insurers to attempt to reduce their writings in the voluntary market, and that such actions would worsen the availability problems that the association was created to remedy. It is the intent of the Legislature that insurers remain fully responsible for paying regular assessments and collecting emergency assessments for any deficits of the association; however, it is also the intent of the Legislature to provide a means by which assessment liabilities may be amortized over a period of years.

d.(I) When the deficit incurred in a particular calendar year is 10 percent or less of the aggregate statewide direct written premium for property insurance for the prior calendar year for all member insurers, the association shall levy an assessment on member insurers in an amount equal to the deficit.

(II) When the deficit incurred in a particular calendar year exceeds 10 percent of the aggregate statewide direct written premium for property insurance for the prior calendar year for all member insurers, the association shall levy an assessment on member insurers in an amount equal to the greater of 10 percent of the deficit or 10 percent of the aggregate statewide direct written premium for property insurance for the prior calendar year for member insurers. Any remaining deficit shall be recovered through emergency assessments under sub-sub-subparagraph (III).

(III) Upon a determination by the board of directors that a deficit exceeds the amount that will be recovered through regular assessments on member insurers, pursuant to sub-sub-subparagraph (I) or sub-sub-subparagraph (II), the board shall levy, after verification by the department, emergency assessments to be collected by member insurers and by underwriting associations created pursuant to this section which write property insurance, upon issuance or renewal of property insurance policies other than National Flood Insurance policies in the year or years following levy of the regular assessments. The amount of the emergency assessment collected in a particular year shall be a uniform percentage of that year's direct written premium for property insurance for all member insurers and underwriting associations, excluding National Flood Insurance policy premiums, as annually determined by the board and verified by the department. The department shall verify the arithmetic calculations involved in the board's determination within 30 days after receipt of the information on which the determination was based. Notwithstanding any other provision of law, each member insurer and each underwriting association created pursuant to this section shall collect emergency assessments from its policyholders without such obligation being affected by any credit, limitation, exemption, or deferment. The emergency assessments so collected shall be transferred directly to the association on a periodic basis as determined by the association. The aggregate amount of emergency assessments levied under this sub-sub-subparagraph in any calendar year may not exceed the greater of 10 percent of the amount needed to cover the original deficit, plus interest, fees, commissions, required reserves, and other costs associated with financing of the original deficit, or 10 percent of the aggregate statewide direct written premium for property insurance written by member insurers and underwriting associations for the prior year, plus interest, fees, commissions, required reserves, and other costs associated with financing the original deficit. The board may pledge the proceeds of the emergency assessments under this sub-sub-subparagraph as the source of revenue for bonds, to retire any other debt incurred as a result of the deficit or events giving rise to the deficit, or in any other way that the board determines will efficiently recover the deficit. The emergency assessments under this sub-sub-subparagraph shall continue as long as

any bonds issued or other indebtedness incurred with respect to a deficit for which the assessment was imposed remain outstanding, unless adequate provision has been made for the payment of such bonds or other indebtedness pursuant to the document governing such bonds or other indebtedness. Emergency assessments collected under this sub-sub-paragraph are not part of an insurer's rates, are not premium, and are not subject to premium tax, fees, or commissions; however, failure to pay the emergency assessment shall be treated as failure to pay premium.

(IV) Each member insurer's share of the total regular assessments under sub-sub-paragraph (I) or sub-sub-paragraph (II) shall be in the proportion that the insurer's net direct premium for property insurance in this state, for the year preceding the assessment bears to the aggregate statewide net direct premium for property insurance of all member insurers, as reduced by any credits for voluntary writings for that year.

(V) If regular deficit assessments are made under sub-sub-paragraph (I) or sub-sub-paragraph (II), or by the Residential Property and Casualty Joint Underwriting Association under sub-sub-paragraph (6)(b)3.a. or sub-sub-paragraph (6)(b)3.b., the association shall levy upon the association's policyholders, as part of its next rate filing, or by a separate rate filing solely for this purpose, a market equalization surcharge in a percentage equal to the total amount of such regular assessments divided by the aggregate statewide direct written premium for property insurance for member insurers for the prior calendar year. Market equalization surcharges under this sub-sub-paragraph are not considered premium and are not subject to commissions, fees, or premium taxes; however, failure to pay a market equalization surcharge shall be treated as failure to pay premium.

e. The governing body of any unit of local government, any residents of which are insured under the plan, may issue bonds as defined in s. 125.013 or s. 166.101 to fund an assistance program, in conjunction with the association, for the purpose of defraying deficits of the association. In order to avoid needless and indiscriminate proliferation, duplication, and fragmentation of such assistance programs, any unit of local government, any residents of which are insured by the association, may provide for the payment of losses, regardless of whether or not the losses occurred within or outside of the territorial jurisdiction of the local government. Revenue bonds may not be issued until validated pursuant to chapter 75, unless a state of emergency is declared by executive order or proclamation of the Governor pursuant to s. 252.36 making such findings as are necessary to determine that it is in the best interests of, and necessary for, the protection of the public health, safety, and general welfare of residents of this state and the protection and preservation of the economic stability of insurers operating in this state, and declaring it an essential public purpose to permit certain municipalities or counties to issue bonds as will provide relief to claimants and policyholders of the association and insurers responsible for apportionment of plan losses. Any such unit of local government may enter into such contracts with the association and with any other entity created pursuant to this subsection as are necessary to carry out this paragraph. Any bonds issued under this sub-subparagraph shall be payable from and secured by moneys received by the association from assessments under this subparagraph, and assigned and pledged to or on behalf of the unit of local government for the benefit of the holders of such bonds. The funds, credit, property, and taxing power of the state or of the unit of local government shall not be pledged for the payment of such bonds. If any of the bonds remain unsold 60 days after issuance, the department shall require all insurers subject to assessment to purchase the bonds, which shall be treated as admitted assets; each insurer shall be required to purchase that percentage of the unsold portion of the bond issue that equals the insurer's relative share of assessment liability under this subsection. An insurer shall not be required to purchase the bonds to the extent that the department determines that the purchase would endanger or impair the solvency of the insurer. The authority granted by this sub-subparagraph is additional to any bonding authority granted by subparagraph 6.

3. The plan shall also provide that any member with a surplus as to policyholders of \$25 \$20 million or less writing 25 percent or more of its total countrywide property insurance premiums in this state may petition the department, within the first 90 days of each calendar year, to qualify as a limited apportionment company. The apportionment of such a member company in any calendar year for which it is qualified shall not exceed its gross participation, which shall not be affected by the

formula for voluntary writings. In no event shall a limited apportionment company be required to participate in any apportionment of losses pursuant to sub-sub-paragraph 2.d.(I) or sub-sub-paragraph 2.d.(II) in the aggregate which exceeds \$50 million after payment of available plan funds in any calendar year. However, a limited apportionment company shall collect from its policyholders any emergency assessment imposed under sub-sub-paragraph 2.d.(III). The plan shall provide that, if the department determines that any regular assessment will result in an impairment of the surplus of a limited apportionment company, the department may direct that all or part of such assessment be deferred. However, there shall be no limitation or deferment of an emergency assessment to be collected from policyholders under sub-sub-paragraph 2.d.(III).

4. The plan shall provide for the deferment, in whole or in part, of a regular assessment of a member insurer under sub-sub-paragraph 2.d.(I) or sub-sub-paragraph 2.d.(II), but not for an emergency assessment collected from policyholders under sub-sub-paragraph 2.d.(III), if, in the opinion of the commissioner, payment of such regular assessment would endanger or impair the solvency of the member insurer. In the event a regular assessment against a member insurer is deferred in whole or in part, the amount by which such assessment is deferred may be assessed against the other member insurers in a manner consistent with the basis for assessments set forth in sub-sub-paragraph 2.d.(I) or sub-sub-paragraph 2.d.(II).

5.a. The plan of operation may include deductibles and rules for classification of risks and rate modifications consistent with the objective of providing and maintaining funds sufficient to pay catastrophe losses.

b. The association may require arbitration of a rate filing under s. 627.062(6). It is the intent of the Legislature that the rates for coverage provided by the association be actuarially sound and not competitive with approved rates charged in the admitted voluntary market such that the association functions as a residual market mechanism to provide insurance only when the insurance cannot be procured in the voluntary market. The plan of operation shall provide a mechanism to assure that, beginning no later than January 1, 1999, the rates charged by the association for each line of business are reflective of approved rates in the voluntary market for hurricane coverage for each line of business in the various areas eligible for association coverage.

c. The association shall provide for windstorm coverage on residential properties in limits up to \$10 million for commercial lines residential risks and up to \$1 million for personal lines residential risks. If coverage with the association is sought for a residential risk valued in excess of these limits, coverage shall be available to the risk up to the replacement cost or actual cash value of the property, at the option of the insured, if coverage for the risk cannot be located in the authorized market. The association must accept a commercial lines residential risk with limits above \$10 million or a personal lines residential risk with limits above \$1 million if coverage is not available in the authorized market. The association may write coverage above the limits specified in this subparagraph with or without facultative or other reinsurance coverage, as the association determines appropriate.

d. The plan of operation must provide objective criteria and procedures, approved by the department, to be uniformly applied for all applicants in determining whether an individual risk is so hazardous as to be uninsurable. In making this determination and in establishing the criteria and procedures, the following shall be considered:

(I) Whether the likelihood of a loss for the individual risk is substantially higher than for other risks of the same class; and

(II) Whether the uncertainty associated with the individual risk is such that an appropriate premium cannot be determined.

The acceptance or rejection of a risk by the association pursuant to such criteria and procedures must be construed as the private placement of insurance, and the provisions of chapter 120 do not apply.

e. The policies issued by the association must provide that if the association obtains an offer from an authorized insurer to cover the risk at its approved rates under either a standard policy including wind coverage or, if consistent with the insurer's underwriting rules as filed with the department, a basic policy including wind coverage, the risk is no longer eligible for coverage through the association. Upon termination of eligibility, the association shall provide written notice to the

policyholder and agent of record stating that the association policy must be canceled as of 60 days after the date of the notice because of the offer of coverage from an authorized insurer. Other provisions of the insurance code relating to cancellation and notice of cancellation do not apply to actions under this sub-subparagraph.

f. Association policies and applications must include a notice that the association policy could, under this section, be replaced with a policy issued by an authorized insurer that does not provide coverage identical to the coverage provided by the association. The notice shall also specify that acceptance of association coverage creates a conclusive presumption that the applicant or policyholder is aware of this potential.

6.a. The plan of operation may authorize the formation of a private nonprofit corporation, a private nonprofit unincorporated association, a partnership, a trust, a limited liability company, or a nonprofit mutual company which may be empowered, among other things, to borrow money by issuing bonds or by incurring other indebtedness and to accumulate reserves or funds to be used for the payment of insured catastrophe losses. The plan may authorize all actions necessary to facilitate the issuance of bonds, including the pledging of assessments or other revenues.

b. Any entity created under this subsection, or any entity formed for the purposes of this subsection, may sue and be sued, may borrow money; issue bonds, notes, or debt instruments; pledge or sell assessments, market equalization surcharges and other surcharges, rights, premiums, contractual rights, projected recoveries from the Florida Hurricane Catastrophe Fund, other reinsurance recoverables, and other assets as security for such bonds, notes, or debt instruments; enter into any contracts or agreements necessary or proper to accomplish such borrowings; and take other actions necessary to carry out the purposes of this subsection. The association may issue bonds or incur other indebtedness, or have bonds issued on its behalf by a unit of local government pursuant to subparagraph (g)2., in the absence of a hurricane or other weather-related event, upon a determination by the association subject to approval by the department that such action would enable it to efficiently meet the financial obligations of the association and that such financings are reasonably necessary to effectuate the requirements of this subsection. Any such entity may accumulate reserves and retain surpluses as of the end of any association year to provide for the payment of losses incurred by the association during that year or any future year. The association shall incorporate and continue the plan of operation and articles of agreement in effect on the effective date of chapter 76-96, Laws of Florida, to the extent that it is not inconsistent with chapter 76-96, and as subsequently modified consistent with chapter 76-96. The board of directors and officers currently serving shall continue to serve until their successors are duly qualified as provided under the plan. The assets and obligations of the plan in effect immediately prior to the effective date of chapter 76-96 shall be construed to be the assets and obligations of the successor plan created herein.

c. In recognition of s. 10, Art. I of the State Constitution, prohibiting the impairment of obligations of contracts, it is the intent of the Legislature that no action be taken whose purpose is to impair any bond indenture or financing agreement or any revenue source committed by contract to such bond or other indebtedness issued or incurred by the association or any other entity created under this subsection.

7. On such coverage, an agent's remuneration shall be that amount of money payable to the agent by the terms of his or her contract with the company with which the business is placed. However, no commission will be paid on that portion of the premium which is in excess of the standard premium of that company.

8. Subject to approval by the department, the association may establish different eligibility requirements and operational procedures for any line or type of coverage for any specified eligible area or portion of an eligible area if the board determines that such changes to the eligibility requirements and operational procedures are justified due to the voluntary market being sufficiently stable and competitive in such area or for such line or type of coverage and that consumers who, in good faith, are unable to obtain insurance through the voluntary market through ordinary methods would continue to have access to coverage from the association. When coverage is sought in connection with a real property transfer, such requirements and procedures shall not provide for an effective date of coverage later than the date of the closing of the transfer as established by the transferor, the transferee, and, if applicable, the lender.

9. Notwithstanding any other provision of law:

a. The pledge or sale of, the lien upon, and the security interest in any rights, revenues, or other assets of the association created or purported to be created pursuant to any financing documents to secure any bonds or other indebtedness of the association shall be and remain valid and enforceable, notwithstanding the commencement of and during the continuation of, and after, any rehabilitation, insolvency, liquidation, bankruptcy, receivership, conservatorship, reorganization, or similar proceeding against the association under the laws of this state or any other applicable laws.

b. No such proceeding shall relieve the association of its obligation, or otherwise affect its ability to perform its obligation, to continue to collect, or levy and collect, assessments, market equalization or other surcharges, projected recoveries from the Florida Hurricane Catastrophe Fund, reinsurance recoverables, or any other rights, revenues, or other assets of the association pledged.

c. Each such pledge or sale of, lien upon, and security interest in, including the priority of such pledge, lien, or security interest, any such assessments, emergency assessments, market equalization or renewal surcharges, projected recoveries from the Florida Hurricane Catastrophe Fund, reinsurance recoverables, or other rights, revenues, or other assets which are collected, or levied and collected, after the commencement of and during the pendency of or after any such proceeding shall continue unaffected by such proceeding.

d. As used in this subsection, the term "financing documents" means any agreement, instrument, or other document now existing or hereafter created evidencing any bonds or other indebtedness of the association or pursuant to which any such bonds or other indebtedness has been or may be issued and pursuant to which any rights, revenues, or other assets of the association are pledged or sold to secure the repayment of such bonds or indebtedness, together with the payment of interest on such bonds or such indebtedness, or the payment of any other obligation of the association related to such bonds or indebtedness.

e. Any such pledge or sale of assessments, revenues, contract rights or other rights or assets of the association shall constitute a lien and security interest, or sale, as the case may be, that is immediately effective and attaches to such assessments, revenues, contract, or other rights or assets, whether or not imposed or collected at the time the pledge or sale is made. Any such pledge or sale is effective, valid, binding, and enforceable against the association or other entity making such pledge or sale, and valid and binding against and superior to any competing claims or obligations owed to any other person or entity, including policyholders in this state, asserting rights in any such assessments, revenues, contract, or other rights or assets to the extent set forth in and in accordance with the terms of the pledge or sale contained in the applicable financing documents, whether or not any such person or entity has notice of such pledge or sale and without the need for any physical delivery, recordation, filing, or other action.

f. There shall be no liability on the part of, and no cause of action of any nature shall arise against, any member insurer or its agents or employees, agents or employees of the association, members of the board of directors of the association, or the department or its representatives, for any action taken by them in the performance of their duties or responsibilities under this subsection. Such immunity does not apply to actions for breach of any contract or agreement pertaining to insurance, or any willful tort.

(10) JUDICIAL REVIEW, ENFORCEMENT, OR COURT ORDER SUPERSEDING ADMINISTRATIVE SUPPORT ORDER.—

(a) A noncustodial parent has the right to seek judicial review of an administrative support order or a final order denying an administrative support order in accordance with s. 120.68. The department has the right to seek judicial review, in accordance with s. 120.68, of an administrative

support order or a final order denying an administrative support order entered by an administrative law judge of the Division of Administrative Hearings.

(b) An administrative support order rendered under this section may be enforced by any circuit court in the same manner as a support order issued by the court, except for contempt. If the circuit court issues its own order based on the administrative support order, the circuit court may enforce its own order by contempt. Enforcement by the court, without any change by the court in the support obligations established in the administrative support order, does not supersede the administrative support order or affect the department's authority to modify the administrative support order as provided by subsection (12).

(c) A circuit court of this state, where venue is proper and the court has jurisdiction of the parties, may enter an order prospectively changing the support obligations established in an administrative support order, in which case the administrative support order is superseded and the court's order shall govern future proceedings in the case. Any unpaid support owed under the superseded administrative support order may not be retroactively modified by the circuit court, except as provided by s. 61.14(1)(a), and remains enforceable by the department, by the obligee, or by the court. In all cases in which an administrative support order is superseded, the court shall determine the amount of any unpaid support owed under the administrative support order and shall include the amount as arrearage in its superseding order.

(11) EFFECTIVENESS OF ADMINISTRATIVE SUPPORT ORDER.—*An administrative support order rendered under this section remains in effect until modified by the department, vacated on appeal, or superseded by a subsequent court order. If the department closes a Title IV-D case in which an administrative support order has been rendered:*

(a) The department shall take no further action to enforce or modify the administrative support order;

(b) The administrative support order remains effective until superseded by a subsequent court order; and

(c) The administrative support order may be enforced by the obligee by any means provided by law.

(12) MODIFICATION OF ADMINISTRATIVE SUPPORT ORDER.—*If it has not been superseded by a subsequent court order, the department may modify an administrative support order in a Title IV-D case prospectively, subject to the requirements for modifications of judicial support orders established in chapters 61 and 409, by following the same procedures set forth in this section for establishing an administrative support order, as applicable.*

(13) REQUIRED DISCLOSURES; PRESUMPTIONS; NOTICE SENT TO ADDRESS OF RECORD.—*In all proceedings pursuant to this section:*

(a) The noncustodial parent and custodial parent must execute and furnish to the department, no later than 20 days after receipt of the notice of proceeding to establish administrative support order, a financial affidavit in the form prescribed in the Florida Family Law Rules of Procedure. An updated financial affidavit must be executed and furnished to the department at the inception of each proceeding to modify an administrative support order. Caretaker relatives are not required to furnish financial affidavits.

(b) The noncustodial parent, custodial parent, and caretaker relative if applicable, shall disclose to the department, no later than 20 days after receipt of the notice of proceeding to establish administrative support order, and update as appropriate, information regarding their identity and location, including names they are known by; social security numbers; residential and mailing addresses; telephone numbers; driver's license numbers; and names, addresses, and telephone numbers of employers. Pursuant to the federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996, each person must provide his or her social security number in accordance with this section. Disclosure of social security numbers obtained through this requirement shall be limited to the purpose of administration of the Title IV-D program for child support enforcement.

(c) The noncustodial parent, custodial parent, and caretaker relative, if applicable, have a continuing obligation to promptly inform the depart-

ment in writing of any change in their mailing addresses to ensure receipt of all subsequent pleadings, notices, payments, statements, and orders, and receipt is presumed if sent by regular mail to the most recent address furnished by the person.

(14) **JUDICIAL PLEADINGS AND MOTIONS.**—A party to any subsequent judicial proceeding concerning the support of the same child or children shall affirmatively plead the existence of, and furnish the court with a correct copy of, an administrative support order rendered under this section, and shall provide the department with a copy of the initial pleading. The department may intervene as a matter of right in any such judicial proceeding involving issues within the scope of the Title IV-D case.

(15) **PROVISIONS SUPPLEMENTAL TO EXISTING LAW.**—This section does not limit or negate the department's authority to seek establishment of child support obligations under any other applicable law.

(16) **RULEMAKING AUTHORITY.**—The department may adopt rules to administer this section.

(17) **PILOT PROGRAM.**—For the purpose of identifying measurable outcomes, the pilot program shall be located in a county selected by the Department of Revenue having a population of fewer than 500,000, in which the Title IV-D caseload did not exceed 20,000 cases, and the obligation rate was approximately 65 percent at the end of the 1999-2000 fiscal year. The Department of Revenue shall develop measurable outcomes that at a minimum consist of the department's support order establishment performance measures that are applicable to this pilot program, a measure of the effectiveness of the pilot program in establishing support orders as compared to the judicial process, and a measure of the cost-efficiency of the pilot program as compared to the judicial process. The Department of Revenue and the Division of Administrative Hearings shall implement the pilot program established by this section on July 1, 2001, or as soon thereafter as practicable. The department shall use the procedures of this section to establish support obligations in Title IV-D cases on behalf of custodial parents or caretaker relatives residing in the county selected for the pilot program. By June 30, 2002, the Department of Revenue shall submit a report on the implementation of the pilot program to the Governor and Cabinet, the President of the Senate, and the Speaker of the House of Representatives. The Office of Program Policy Analysis and Government Accountability shall conduct an evaluation of the operation and impact of the pilot program. In evaluating the pilot program, achievement of the measurable outcomes must be considered. The Office of Program Policy Analysis and Government Accountability shall submit an evaluation report on the pilot program by June 30, 2003 which must include the findings of the evaluation, the feasibility of a statewide program, and recommendations, if any, for establishing a statewide program. The pilot program expires June 30, 2004 unless continued by action of the Legislature.

Amendment 5 (755966)(with title amendment)—On page 85, between lines 16 and 17, insert:

Section 55. *The Office of Program Policy Analysis and Government Accountability, in consultation with the substantive legislative committee, through its staff or by contract with a vendor, is directed to study and analyze case data and court proceedings, chosen through a statistically valid random sample of child support enforcement cases in both Title IV-D and non-Title IV-D cases, on the application of and deviations from the child support guidelines set forth in section 61.30, Florida Statutes. The office shall report its findings to the Governor, the President of the Senate, the Speaker of the House of Representatives, and the Chief Justice of the Supreme Court no later than January 31, 2002.*

CS for SB 772—A bill to be entitled An act relating to public records; providing an exemption from the public-records requirements for information in the possession of a non-Title IV-D county child-support-enforcement agency which reveals the identity of applicants for and recipients of child-support services; providing for future legislative review and repeal; providing a finding of public necessity; providing an effective date.

—was read the second time by title.

Senator Sanderson moved the following amendment which was adopted:

Amendment 1 (452726)(with title amendment)—On page 2, line 22 through page 3, line 31, delete those lines and insert: *Florida Statutes, and shall stand repealed on October 2, 2006, unless reviewed and saved from repeal through reenactment by the Legislature.*

Section 2. *The Legislature finds that it is a public necessity that all identifying information concerning applicants for and recipients of child support services which is in the possession of any non-Title IV-D county child support enforcement agency be held confidential and exempt. The Legislature recognizes that all persons served by a non-Title IV-D county child support enforcement agency are eligible to receive services from the Department of Revenue, the state's Title IV-D agency. The Legislature further recognizes that information concerning applicants for and recipients of child support services who are served by a non-Title IV-D county child support enforcement agency would otherwise be confidential and exempt from disclosure pursuant to section 409.2579, Florida Statutes, if served by the Department of Revenue. Therefore, because provision of child support services by a non-Title IV-D county child support enforcement agency provides a useful and appropriate alternative to the child support services provided by the state, the Legislature finds that persons served by a non-Title IV-D county child support enforcement agency should be entitled to disclosure protections similar to those afforded to persons receiving child support services from the state. Additionally, the Legislature finds that many of the child support enforcement cases handled by a non-Title IV-D county child support enforcement agency are also domestic violence cases. In such cases, agency clients have been subjected to domestic violence or abuse and fear for their lives and those of their minor children. The Legislature further finds that federal and state law currently prohibit the disclosure of information concerning clients served by the Title IV-D cases when a protective order has been issued or the Title IV-D agency has reason to believe that disclosure of information may result in physical or emotional harm to the client or child, and the Legislature wishes to extend similar protections to the clients of non-Title IV-D county child support enforcement agencies. Therefore, the Legislature determines that any benefit that could occur from public disclosure of the information concerning applicants for or recipients of child support services from non-Title IV-D county child support enforcement*

PRAYER

The following prayer was offered by the Rev. Troy Varnum, Pastor, First Baptist Church of Jasper:

Mighty God, we are thankful for the opportunity you have given us to freely express our devotion to you. This is the same freedom that allows us to enhance our minds and souls in the context of diversity and adversity. May you find our willingness to have our character sharpened and our commitment strengthened. We petition you for wisdom and the ability to not only say the right thing in the right place, but to leave unsaid the wrong thing in the wrong place.

Today, in our petitions we share a few of these prayer needs. We pray for Senator Webster's family in the loss of his mother. We pray for Senate Attorney Don Boggs' family in the loss of his father. We pray for the wife of Senator Ken Pruitt, Aileen Pruitt, during her time of illness and we also pray for LéJean Miller, daughter of Senator Les Miller in her time of illness. May the families of these folks experience your grace and love during this time of need in the fellowship of this body.

Also, allow us on this Secretary's Day to acknowledge the blessings you grant us through the skills and devotion of those who aid so significantly in the work of our businesses and institutions. On this day may we demonstrate to them your love and your grace.

In your name we pray. Amen.

WHEREAS, of the children who are victims of abuse and neglect, more than three die each day in this country, and

WHEREAS, the rate of child fatalities rose by 37 percent between 1985 and 1997, and children who were 3 years old or younger accounted for 77 percent of the fatalities, and

SR 2372—A resolution expressing regret at the death of Douglas Lee "Tim" Jamerson, former State Representative, Commissioner of Education, and Secretary of Labor and Employment Security.

WHEREAS, the Florida Senate, with deep regret, has learned of the death of former Representative Douglas Lee Jamerson, and

WHEREAS, Representative Jamerson served with distinction in the Florida House of Representatives from 1982 until 1993 and later held the offices of Commissioner of Education and Secretary of the Department of Labor and Employment Security, and

WHEREAS, it is fitting that the Florida Senate commemorate the passing of an individual who served his district and the State of Florida so admirably, NOW, THEREFORE,

Be It Resolved by the Senate of the State of Florida:

That the Florida Senate does pause in its deliberations to pay its respects to the late Douglas Lee "Tim" Jamerson, former State Representative, Commissioner of Education, and Secretary of the Department of Labor and Employment Security and that the Florida Senate in session assembled does record this testimonial of esteem and bereavement:

IN MEMORIAM DOUGLAS LEE JAMERSON

Douglas Lee "Tim" Jamerson was born October 16, 1947, in St. Petersburg, Florida. He grew up in the poor St. Petersburg neighborhoods, attended Bishop Barry High School (now St. Petersburg Catholic), and graduated from St. Petersburg Junior College, the University of South Florida, and the St. Petersburg Police Academy. After his honorable discharge from the United States Air Force, at the rank of Staff Sergeant, he was employed for many years in the Pinellas County school system. Beginning in 1982, Mr. Jamerson served 5-1/2 terms in the House of Representatives. Subsequently, Governor Lawton Chiles appointed him state Commissioner of Education, and, in 1995, Governor Chiles made him Secretary of Labor. Mr. Jamerson achieved many marvelous feats in his high-level state positions, including designing and implementing the system that allowed former welfare recipients to become employed, re-engineering the unemployment-tax design system for the state, establishing the state's distance learning project, and securing funds for the Safe School Program. In addition to his many professional achievements, he remained intensely interested in the welfare of his hometown, as evidenced by his personally intervening to defuse racial tensions in St. Petersburg in 1996. During that time, Doug Jamerson walked the streets of his city and calmed angry crowds through his persuasiveness. Although, to the end of his life, Douglas Jamerson spoke of his next anticipated political move; gave public speeches; and, several times a month, visited the poor St. Petersburg neighborhoods where he grew up, he nevertheless bravely withheld news of his illness from virtually everyone who knew him. On April 21, the cancer that he had fought for several years claimed his life at the age of 53, leaving as his closest survivors: his wife, Leatha Young Jamerson; his son, Cedric Alexander Jamerson; his mother and stepfather, Neva J. and Rue McGill; his sisters, Terecina Rice and Donna Jamerson; and his brother, Michael Jamerson. Many who served with him praised his accomplishments and mourned his unfulfilled promise, including Representative Frank Peterman, who said: "For me, Doug Jamerson was the quintessential politician and statesman. And he was the ultimate African-American government official from St. Petersburg, and also probably the state of Florida. He represented all that is right in public service." Former St. Petersburg Mayor David Fischer declared: "He's certainly one of the political pioneers of the African-American community. I never heard an unkind statement about him or his work. There was nothing but respect." By these and many other associates and friends, as well as his beloved family, Tim Jamerson will be sorely missed.

BE IT FURTHER RESOLVED that a copy of this resolution, signed by the President of the Senate, be transmitted to Mrs. Leatha Jamerson, widow of Douglas Jamerson, as a tangible token of the sentiments expressed herein and a lasting symbol of the respect of the members of the Florida Senate.

PRAYER

The following prayer was offered by the Rev. Dr. Freeman Gallmon, Pastor, Mt. Moriah Baptist Church, Gainesville:

We pray, dear God, for our nation and our state. We pray for the breaking down of race and color and for educational development.

We also bring to you the needs of all those who suffer from disease, hunger, unemployment, loneliness, confusion, fear, sorrow, depression and guilt. Please, God, teach them to turn to you in faith so that they can receive the healing which each one needs.

Now, O God, use the gifts, talents and vision of these elected officials to make our state and our world a better place to live. Clear the hearts and minds of these thy people from any type of distractions that they may attend to the work at hand.

We thank you for this opportunity. In thy name we pray. Amen.

1. The provisional ballot of a voter who is otherwise entitled to vote shall not be rejected because the voter did not cast his or her ballot in the precinct of his or her legal residence. However, if the voter did not vote the ballot to which he or she was entitled, the canvassing board shall duplicate the ballot for the races that the voter was entitled to vote in his or her legal precinct and count the races for which the voter was entitled to vote.

(c) Such affirmation, when completed and presented at the precinct in which such elector is entitled to vote, and upon verification of the elector's registration, shall entitle such elector to vote as provided in this subsection. If the elector's eligibility to vote cannot be determined, he or she shall be entitled to vote a provisional ballot, subject to the requirements and procedures in s. 101.048. Upon receipt of an affirmation certifying a change in address of legal residence or name, the supervisor shall as soon as practicable make the necessary changes in the registration records of the county to indicate the change in address of legal residence or name of such elector.

(d) Instead of the affirmation contained in paragraph (a) or paragraph (b), an elector may complete a voter registration application that indicates the change of name or change of address of legal residence.

(e) A request for an absentee ballot pursuant to s. 101.62 which indicates that the elector has had a change of address of legal residence from that in the supervisor's records shall be sufficient as the notice to the supervisor of change of address of legal residence required by this section. Upon receipt of such request for an absentee ballot from an elector who has changed his or her address of legal residence, the supervisor shall provide the elector with the proper ballot for the precinct in which the elector then has his or her legal residence.

Section 31. Subsections (1), (2), (5), (6), and (8) of section 101.5614, Florida Statutes, are amended to read:

101.5614 Canvass of returns.—

(1)(a) In precincts in which an electronic or electromechanical voting system is used, as soon as the polls are closed, the election board shall secure the voting devices against further voting. The election board shall thereafter open the ballot box in the presence of members of the public desiring to witness the proceedings and count the number of voted ballots, unused ballots, provisional ballots, and spoiled ballots to ascertain whether such number corresponds with the number of ballots issued by the supervisor. If there is a difference, this fact shall be reported in writing to the county canvassing board with the reasons therefor if known. The total number of voted ballots shall be entered on the forms provided. The proceedings of the election board at the precinct after the polls have closed shall be open to the public; however, no person except a member of the election board shall touch any ballot or ballot container or interfere with or obstruct the orderly count of the ballots.

(b) In lieu of opening the ballot box at the precinct, the supervisor may direct the election board to keep the ballot box sealed and deliver it to a central or regional counting location. In this case, the election

board shall count the stubs removed from the ballots to determine the number of voted ballots.

(2)(a) If the ballots are to be tallied at a central location or at no more than three regional locations, the election board shall place all ballots that have been cast and the unused, void, *provisional*, and defective ballots in the container or containers provided for this purpose, which shall be sealed and delivered forthwith to the central or regional counting location or other designated location by two inspectors who shall not, whenever possible, be of the same political party. The election board shall certify that the ballots were placed in such container or containers and each container was sealed in its presence and under its supervision, and it shall further certify to the number of ballots of each type placed in the container or containers.

(b) If ballots are to be counted at the precincts, such ballots shall be counted pursuant to rules adopted by the Department of State, which rules shall provide safeguards which conform as nearly as practicable to the safeguards provided in the procedures for the counting of votes at a central location.

(5) If any ballot card of the type for which the offices and measures are not printed directly on the card is damaged or defective so that it cannot properly be counted by the automatic tabulating equipment, a true duplicate copy shall be made of the damaged ballot card in the presence of witnesses and substituted for the damaged ballot. Likewise, a duplicate ballot card shall be made of a defective ballot which shall not include the invalid votes. All duplicate ballot cards shall be clearly labeled "duplicate," bear a serial number which shall be recorded on the damaged or defective ballot card, and be counted in lieu of the damaged or defective ballot. If any ballot card of the type for which offices and measures are printed directly on the card is damaged or defective so that it cannot properly be counted by the automatic tabulating equipment, a true duplicate copy may be made of the damaged ballot card in the presence of witnesses and in the manner set forth above, or the valid votes on the damaged ballot card may be manually counted at the counting center by the canvassing board, whichever procedure is best suited to the system used. If any paper ballot is damaged or defective so that it cannot be counted properly by the automatic tabulating equipment, the ballot shall be counted manually at the counting center by the canvassing board. The totals for all such ballots or ballot cards counted manually shall be added to the totals for the several precincts or election districts. No vote shall be declared invalid or void if there is a clear indication on the ballot that the voter has made a definite choice of the intent of the voter as determined by the canvassing board. After duplicating a ballot, the defective ballot shall be placed in an envelope provided for that purpose, and the duplicate ballot shall be tallied with the other ballots for that precinct.

(6) ~~If there is no clear indication on the ballot that the voter has made a definite choice for an office or ballot measure~~ ~~If an elector marks more names than there are persons to be elected to an office or if it is impossible to determine the elector's choice,~~ the elector's ballot shall not be counted for that office or measure, but the ballot shall not be invalidated as to those names or measures which are properly marked.

(8) The return printed by the automatic tabulating equipment, to which has been added the return of write-in, absentee, and manually counted votes and votes from *provisional ballots*, shall constitute the official return of the election upon certification by the canvassing board. Upon completion of the count, the returns shall be open to the public. A copy of the returns may be posted at the central counting place or at the office of the supervisor of elections in lieu of the posting of returns at individual precincts.

Section 32. Section 101.69, Florida Statutes, is amended to read:

101.69 Voting in person; return of absentee ballot.—The provisions of this code shall not be construed to prohibit any elector from voting in person at the elector's precinct on the day of an election notwithstanding that the elector has requested an absentee ballot for that election. An elector who has received an absentee ballot, but desires to vote in person, shall return the ballot, whether voted or not, to the election board in the elector's precinct. The returned ballot shall be marked "canceled" by the board and placed with other canceled ballots. However, if the elector is unable to return the ballot, the elector may vote a *provisional ballot as provided in s. 101.048* execute an affidavit stating that the absentee ballot has not been voted and the elector may then vote at the precinct.

Section 33. Section 102.111, Florida Statutes, is amended to read:

(3)(2) The department shall fine each board member \$500 \$200 for each day such returns are late, the fine to be paid only from the board member's personal funds. Such fines shall be deposited into the Election Campaign Financing Trust Fund, created by s. 106.32.

(2) The county canvassing board shall meet in a building accessible to the public in the county where the election occurred at a time and place to be designated by the supervisor of elections to publicly canvass the absentee electors' ballots as provided for in s. 101.68 and provisional ballots as provided by s. 101.048. Public notice of the time and place at which the county canvassing board shall meet to canvass the absentee electors' ballots and provisional ballots shall be given at least 48 hours prior thereto by publication once in one or more newspapers of general circulation in the county or, if there is no newspaper of general circulation in the county, by posting such notice in at least four conspicuous places in the county. As soon as the absentee electors' ballots and the provisional ballots are canvassed, the board shall proceed to publicly canvass the vote given each candidate, nominee, constitutional amendment, or other measure submitted to the electorate of the county, as shown by the returns then on file in the office of the supervisor of elections and the office of the county court judge.

(3) The canvass, except the canvass of absentee electors' returns and the canvass of provisional ballots, shall be made from the returns and certificates of the inspectors as signed and filed by them with the county court judge and supervisor, respectively, and the county canvassing board shall not change the number of votes cast for a candidate, nominee, constitutional amendment, or other measure submitted to the electorate of the county, respectively, in any polling place, as shown by the returns. All returns shall be made to the board on or before 2 a.m. noon of the day following any primary, general, special, or other election. If the returns from any precinct are missing, if there are any omissions on the returns from any precinct, or if there is an obvious error on any such returns, the canvassing board shall order a recount of the returns from such precinct. Before canvassing such returns, the canvassing board shall examine the counters on the machines or the tabulation of the ballots cast in such precinct and determine whether the returns correctly reflect the votes cast. If there is a discrepancy between the returns and the counters of the machines or the tabulation of the ballots cast, the counters of such machines or the tabulation of the ballots cast shall be presumed correct and such votes shall be canvassed accordingly.

(4) The canvassing board shall submit unofficial returns to the Department of State for each federal, statewide, state, or multi-county office or ballot measure no later than noon on the day after any primary, general, special, or other election.

(5) If the county canvassing board determines that the unofficial returns may contain a counting error in which the vote tabulation system failed to count votes that were properly marked in accordance with the instructions on the ballot, the county canvassing board shall:

(a) Correct the error and recount the affected ballots with the vote tabulation system; or

(b) Request that the Department of State verify the tabulation software. When the Department of State verifies such software, the department shall compare the software used to tabulate the votes with the software filed with the department pursuant to s. 101.5607 and check the election parameters.

(6)(4) If the unofficial returns for any office reflect that a candidate for any office was defeated or eliminated by one-half of a percent or less of the votes cast for such office, that a candidate for retention to a judicial office was retained or not retained by one-half of a percent or less of the votes cast on the question of retention, or that a measure appearing on the ballot was approved or rejected by one-half of a percent or less of the votes cast on such measure, the board responsible for certifying the results of the vote on such race or measure shall order a recount of the votes cast with respect to such office or measure. A recount need not be ordered with respect to the returns for any office, however, if the candidate or candidates defeated or eliminated from contention for such office by one-half of a percent or less of the votes cast for such office request in writing that a recount not be made.

(a) In counties with voting systems that use ballot cards or paper ballots, each canvassing board responsible for conducting a recount shall put each ballot through the automatic tabulating equipment for each precinct in which the office or issue appeared on the ballot and determine whether the returns correctly reflect the votes cast. Immediately before the start of the recount and after completion of the count, a test of the tabulating equipment shall be conducted as provided in s. 101.5612(2). If the test indicates no error, the recount tabulation of the ballots cast shall be presumed correct and such votes shall be canvassed accordingly. If an error is detected, the cause therefor shall be ascertained and corrected and the recount repeated, as necessary. The canvassing board shall immediately report the error, along with the cause of the error and the corrective measures being taken, to the Department of State. No later than 11 days after the election, the canvassing board shall file a separate incident report with the Department of State, detailing the resolution of the matter and identifying any measures that will avoid a future recurrence of the error.

(b) In counties with voting systems that do not use ballot cards or paper ballots, each canvassing board responsible for conducting a recount shall examine the counters on the precinct tabulators to ensure that the total of the returns on the precinct tabulators equals the overall election return machines or the tabulation of the ballots cast in each precinct in which the office or issue appeared on the ballot and determine whether the returns correctly reflect the votes cast. If there is a discrepancy between the overall election return returns and the counters of the precinct tabulators machines or the tabulation of the ballots cast, the counters of the precinct tabulators of such machines or the tabulation of the ballots cast shall be presumed correct and such votes shall be canvassed accordingly.

(c) The canvassing board shall submit a second set of unofficial returns to the Department of State for each federal, statewide, state, or multi-county office or ballot measure no later than noon on the second day after any election in which a recount was conducted pursuant to this subsection. If the canvassing board is unable to complete the recount prescribed in this subsection by the deadline, the second set of unofficial returns submitted by the canvassing board shall be identical to the initial unofficial returns and the submission shall also include a detailed explanation of why it was unable to timely complete the recount. However, the canvassing board shall complete the recount prescribed in this subsection, along with any manual recount prescribed in s. 102.166, and certify election returns in accordance with the requirements of this chapter.

Section 36. Section 102.166, Florida Statutes, is amended to read:

102.166 Manual recounts ~~Protest of election returns; procedure.~~—

(1) If the second set of unofficial returns pursuant to s. 102.141 indicates that a candidate for any office was defeated or eliminated by one-quarter of a percent or less of the votes cast for such office, that a candidate for retention to a judicial office was retained or not retained by one-quarter of a percent or less of the votes cast on the question of retention, or that a measure appearing on the ballot was approved or rejected by one-quarter of a percent or less of the votes cast on such measure, the board responsible for certifying the results of the vote on such race or measure shall order a manual recount of the overvotes and undervotes cast in the entire geographic jurisdiction of such office or ballot measure.

(2)(a) If the second set of unofficial returns pursuant to s. 102.141 indicates that a candidate for any office was defeated or eliminated by between one-quarter and one-half of a percent of the votes cast for such office, that a candidate for retention to judicial office was retained or not retained by between one-quarter and one-half of a percent of the votes cast

on the question of retention, or that a measure appearing on the ballot was approved or rejected by between one-quarter and one-half of a percent of the votes cast on such measure, any such candidate, the political party of such candidate, or any political committee that supports or opposes such ballot measure is entitled to a manual recount of the overvotes and undervotes cast in the entire geographic jurisdiction of such office or ballot measure, provided that:

1. A request for a manual recount is made by 5 p.m. on the second day after the election; and

2. At the time of the request, the requesting party posts a bond in an amount prescribed by rule of the Department of State, which shall be forfeited if the outcome of the election does not change.

(b) For federal, statewide, state, and multi-county races and ballot issues, requests for a manual recount shall be made in writing to the state Elections Canvassing Commission. For all other races and ballot issues, requests for a manual recount shall be made in writing to the county canvassing board.

(c) Upon receipt of an appropriate, timely request accompanied by an adequate bond, the Elections Canvassing Commission or county canvassing board shall immediately order a manual recount of overvotes and undervotes in all affected jurisdictions.

(d) The Department of State shall adopt rules prescribing the amount of the bond required to be posted when requesting a manual recount. The amount of the bond shall cover the overall cost to conduct the recount. The rules may provide for formulas to calculate the costs of an election recount, based on factors such as:

1. Number of ballots involved;
2. Number of counties involved;
3. Type of voting system involved;
4. Geographic location of the recount;
5. Timeframe to conduct the recount; and
6. Any other factor that may affect the cost of the recount.

The department shall solicit information from each county as to recount costs, and shall consider such information in adopting the rules. The department's rules shall also provide procedures for posting of the bond and the distribution of funds to the affected counties upon forfeiture.

(3)(a) Any hardware or software used to identify and sort overvotes and undervotes for a given race or ballot measure must be certified by the Department of State as part of the voting system pursuant to s. 101.015. Any such hardware or software must be capable of simultaneously counting votes. For certified voting systems, the department shall certify such hardware or software by July 1, 2002. If the department is unable to certify such hardware or software for a certified voting system by July 1, 2002, the department shall adopt rules prescribing procedures for identifying and sorting such overvotes and undervotes. The department's rules may provide for the temporary use of hardware or software whose sole function is identifying and sorting overvotes and undervotes.

(b) This subsection does not preclude the department from certifying hardware or software after July 1, 2002.

(c) Overvotes and undervotes shall be identified and sorted while recounting ballots pursuant to s. 102.141, if the hardware or software for this purpose has been certified or the department's rules so provide.

(1) Any candidate for nomination or election, or any elector qualified to vote in the election related to such candidacy, shall have the right to protest the returns of the election as being erroneous by filing with the appropriate canvassing board a sworn, written protest.

(2) Such protest shall be filed with the canvassing board prior to the time the canvassing board certifies the results for the office being protested or within 5 days after midnight of the date the election is held, whichever occurs later.

(3) Before canvassing the returns of the election, the canvassing board shall:

(a) When paper ballots are used, examine the tabulation of the paper ballots cast.

(b) When voting machines are used, examine the counters on the machines of nonprinter machines or the printer pae on printer machines. If there is a discrepancy between the returns and the counters of the machines or the printer pae, the counters of such machines or the printer pae shall be presumed correct.

(c) When electronic or electromechanical equipment is used, the canvassing board shall examine precinct records and election returns. If there is a clerical error, such error shall be corrected by the county canvassing board. If there is a discrepancy which could affect the outcome of an election, the canvassing board may recount the ballots on the automatic tabulating equipment.

(4)(a) Any candidate whose name appeared on the ballot, any political committee that supports or opposes an issue which appeared on the ballot, or any political party whose candidates' names appeared on the ballot may file a written request with the county canvassing board for a manual recount. The written request shall contain a statement of the reason the manual recount is being requested.

2. Contain a catch-all provision that fails to identify specific standards, such as "any other mark or indication clearly indicating that the voter has made a definite choice."

(6)(7) Procedures for a manual recount are as follows:

(a) The county canvassing board shall appoint as many counting teams of at least two electors as is necessary to manually recount the ballots. (3) The complaint shall set forth the grounds on which the contestant intends to establish his or her right to such office or set aside the result of the election on a submitted referendum. The grounds for contesting an election under this section are:

(a) Misconduct, fraud, or corruption on the part of any election official or any member of the canvassing board sufficient to change or place in doubt the result of the election.

(b) Ineligibility of the successful candidate for the nomination or office in dispute.

Any other cause or allegation~~ which, if sustained, would show that a person other than the successful candidate was the person duly nominated or elected to the office in question or that the outcome of the election on a question submitted by referendum was contrary to the result declared by the canvassing board or *Elections Canvassing Commission* ~~election board~~.

(4) The canvassing board or *Elections Canvassing Commission* ~~election board~~ shall be the proper party defendant, and the successful candidate shall be an indispensable party to any action brought to contest the election or nomination of a candidate.

(2) For absentee ballots received from overseas voters, there is a presumption that the envelope was mailed on the date stated and witnessed on the outside of the return envelope, regardless of the absence of a postmark on the mailed envelope or the existence of a postmark date that is later than the date of the election.

Section 42. Section 101.697, Florida Statutes, is created to read:

The rules must provide that in order to accept a voted ballot, the verification

Section 43. Section 101.698, Florida Statutes, is created to read:

101.698 Absentee voting in emergency situations.—If a national or local emergency or other situation arises which makes substantial compliance with the provisions of state or federal law relating to the methods of voting for overseas voters impossible or unreasonable, such as an armed conflict involving United States Armed Forces or mobilization of those forces, including state National Guard and reserve components, the Elections Canvassing Commission may adopt by emergency rules, such special procedures or requirements necessary to facilitate absentee voting by those persons directly affected who are otherwise eligible to vote in the election.
