Furthermore, the Legislature finds that every person has an expectation of and a right to privacy in all matters concerning her or his personal health when medical services are provided. Matters of personal health are traditionally private and confidential concerns between the patient and the health care provider. The private and confidential nature of personal health matters pervades both the public and private sectors. For these reasons, it is the expressed intent of the Legislature to protect confidential information and the individual's expectations of and right to privacy in all matters regarding her or his personal health, and to not have such information exploited for purposes of solicitation or marketing the sale of goods and services.*

A general authorization for the release of medical information is not sufficient for this purpose. The content of such patient treatment record is confidential and exempt from the provisions of s. 119.07(1) and s. 24(a), Art. I of the State Constitution.

(b) *Absent a specific written release or authorization permitting utilization of patient information for solicitation or marketing the sale of goods or services, any use of that information for those purposes is prohibited.*

626.9651 *Privacy.—The department shall adopt rules consistent with other provisions of the Florida Insurance Code to govern the use of a consumer's nonpublic personal financial and health information. These rules must be based on, consistent with, and not more restrictive than the Privacy of Consumer Financial and Health Information Regulation, adopted September 26, 2000, by the National Association of Insurance Commissioners, however, the rules must permit the use and disclosure of nonpublic personal health information for scientific, medical, or public policy research, in accordance with federal law. (1) The applicant must be a corporation not for profit pursuant to chapter 617 or a Florida limited partnership, the sole general partner of which is a corporation not for profit pursuant to chapter 617, and the corporation not for profit must have been exempt as of January 1 of the year for which exemption from ad valorem property taxes is requested from federal income taxation by having qualified as an exempt charitable organization under the provisions of s. 501(c)(3) of the Internal Revenue Code of 1954 or of the corresponding section of a subsequently enacted federal revenue act.

(2) A facility will not qualify as a “home for the aged” unless at least 75 percent of the occupants are over the age of 62 years or totally and permanently disabled. 1. Persons who have gross incomes of not more than \$7,200 per year and who are 62 years of age or older.

2. Couples, one of whom must be 62 years of age or older, having a combined gross income of not more than \$8,000 per year, or the surviving spouse thereof, who lived with the deceased at the time of the deceased's death in a home for the aged.

However, the income limitations do not apply to totally and permanently disabled veterans, provided they meet the requirements of s. 196.081.

(b) The maximum income limitations permitted in this subsection shall be adjusted, effective January 1, 1977, and on each succeeding year, by the percentage change in the average cost-of-living index in the period January 1 through December 31 of the immediate prior year compared with the same period for the year prior to that. The index is the average of the monthly consumer price index figures for the stated 12-month period, relative to the United States as a whole, issued by the United States Department of Labor.

(6) For the purposes of this section, gross income includes social security benefits payable to the person or couple or assigned to an organization designated specifically for the support or benefit of that person or couple.

VII, State Constitution, and the remaining subsections implement s. 6(e), Art. VII, State Constitution, for purposes of granting such exemption to homes for the aged.

Those portions of *a such* property failing to meet those requirements shall qualify for an alternative exemption as provided in subsection (9). In a home in which at least 25 percent of the units or apartments of the home are restricted to or occupied by persons meeting the income requirements specified in this section, the common areas of that home are exempt from taxation.

(9)(a) Each unit or apartment of a home for the aged not exempted in subsection (3) or subsection (4), which is operated by a not for profit corporation and is owned by such corporation or leased by such corporation from a health facilities authority pursuant to part III of chapter 154 or an industrial development authority pursuant to part III of chapter 159, and which property is used by such home for the aged for the purposes for which it was organized, is exempt from all ad valorem taxation, except for assessments for special benefits, to the extent of \$25,000 of assessed valuation of such property for each apartment or unit:

(10) Homes for the aged, or life care communities, however designated, which are financed through the sale of health facilities authority bonds or bonds of any other public entity, whether on a sale-leaseback basis, a sale-repurchase basis, or other financing arrangement, or which are financed without public-entity bonds, are exempt from ad valorem taxation only in accordance with the provisions of this section.

(11) Any portion of such property used for nonexempt purposes may be valued and placed upon the tax rolls separately from any portion entitled to exemption pursuant to this chapter.

(12) When it becomes necessary for the property appraiser to determine the value of a unit, he or she shall include in such valuation the proportionate share of the common areas, including the land, fairly attributable to such unit, based upon the value of such unit in relation to all other units in the home, unless the common areas are otherwise exempted by subsection (8).

(13) *Sections 196.195 and 196.196 do not apply to this section.*

(Redesignate subsequent sections.)

Section 54. Paragraph (b) of subsection (2) of section 409.908, Florida Statutes, is amended to read:

409.908 Reimbursement of Medicaid providers.—Subject to specific appropriations, the agency shall reimburse Medicaid providers, in accordance with state and federal law, according to methodologies set forth in the rules of the agency and in policy manuals and handbooks incorporated by reference therein. These methodologies may include fee schedules, reimbursement methods based on cost reporting, negotiated fees, competitive bidding pursuant to s. 287.057, and other mechanisms the agency considers efficient and effective for purchasing services or goods on behalf of recipients. Payment for Medicaid compensable services made on behalf of Medicaid eligible persons is subject to the availability of moneys and any limitations or directions provided for in the General Appropriations Act or chapter 216. Further, nothing in this section shall be construed to prevent or limit the agency from adjusting fees, reimbursement rates, lengths of stay, number of visits, or number of services, or making any other adjustments necessary to comply with the availability of moneys and any limitations or directions provided for in the General Appropriations Act, provided the adjustment is consistent with legislative intent.

(2)(b) Subject to any limitations or directions provided for in the General Appropriations Act, the agency shall establish and implement a Florida Title XIX Long-Term Care Reimbursement Plan (Medicaid) for nursing home care in order to provide care and services in conformance with the applicable state and federal laws, rules, regulations, and quality and safety standards and to ensure that individuals eligible for medical assistance have reasonable geographic access to such care. *The agency shall not provide for any increases in reimbursement rates to nursing homes associated with changes in ownership.* Under the plan, interim rate adjustments shall not be granted to reflect increases in the cost of general or professional liability insurance for nursing homes unless the following criteria are met: have at least a 65 percent Medicaid utilization in the most recent cost report submitted to the agency, and the increase in general or professional liability costs to the facility for the most recent policy period affects the total Medicaid per diem by at least 5 percent. This rate adjustment shall not result in the per diem exceeding the class ceiling. This provision shall apply only to fiscal year 2000-2001 and shall be implemented to the extent existing appropriations are available. The agency shall report to the Governor, the Speaker of the House of Representatives, and the President of the Senate by December 31, 2000, on the cost of liability insurance for Florida nursing homes for fiscal years 1999 and 2000 and the extent to which these costs are not being compensated by the Medicaid program. Medicaid-participating nursing homes shall be required to report to the agency information necessary to compile this report. Effective no earlier than the rate-setting period beginning April 1, 1999, the agency shall establish a case-mix reimbursement methodology for the rate of payment for long-term care services for nursing home residents. The agency shall compute a per diem rate for Medicaid residents, adjusted for case mix, which is based on a resident classification system that accounts for the relative resource utilization by different types of residents and which is based on level-of-care data and other appropriate data. The case-mix methodology developed by the agency shall take into account the medical, behavioral, and cognitive deficits of residents. In developing the reimbursement methodology, the agency shall evaluate and modify other aspects of the reimbursement plan as necessary to improve the overall effectiveness of the plan with respect to the costs of patient care, operating costs, and property costs. In the event adequate data are not available, the agency is authorized to adjust the patient’s care component or the per diem rate to more adequately cover the cost of services provided in the patient’s care component. The agency shall work with the Department of Elderly Affairs, the Florida Health Care Association, and the Florida Association of Homes for the Aging in developing the methodology. It is the intent of the Legislature that the reimbursement plan achieve the goal of providing access to health care for nursing home residents who require large amounts of care while encouraging diversion services as an alternative to nursing home care for residents who can be served within the community. The agency shall base the establishment of any maximum rate of payment, whether overall or component, on the available moneys as provided for in the General Appropriations Act. The agency

may base the maximum rate of payment on the results of scientifically valid analysis and conclusions derived from objective statistical data pertinent to the particular maximum rate of payment.

(Redesignate subsequent sections.)

PRAYER

The following prayer was offered by Senator Sebesta:

Dear God, recently I've been wondering about something. With fifteen million people in our great state, why in the world were these forty persons selected to serve in the Senate?

I suppose I could say it's because we're great people, exceedingly smart and able to leap tall buildings in a single bound.

Of course, the real reason is none of the above. The real reason is to follow your will, to help as many as we can, and protect the integrity and strength of Florida.

So God, we ask you now for the wisdom to know what is right and the fortitude to do what is right. Thank you for all of your wonderful blessings and for the great privilege of serving in the Florida Senate.

Oh, and God, a little special help for the Pruitt and Miller families today, please. Thank you. Amen.

Section 12. Section 129.06, Florida Statutes, is amended to read:

129.06 Execution and amendment of budget.—

(1) Upon the final adoption of the budgets as provided in this chapter, the budgets so adopted shall regulate the expenditures of the county and each special district included within the county budget, and the itemized estimates of expenditures shall have the effect of fixed appropriations and shall not be amended, altered, or exceeded except as provided in this chapter.

(a) The modified-accrual basis or accrual basis of accounting must be followed for all funds in accordance with generally accepted accounting principles.

(b) The cost of the investments provided in this chapter, or the receipts from their sale or redemption, must not be treated as expense or income, but the investments on hand at the beginning or end of each fiscal year must be carried as separate items at cost in the fund balances; however, the amounts of profit or loss received on their sale must be treated as income or expense, as the case may be.

(2) The board at any time within a fiscal year may amend a budget for that year, and may within the first 60 days of a fiscal year amend the budget for the prior fiscal year, as follows:

(a) Appropriations for expenditures in any fund may be decreased and other appropriations in the same fund correspondingly increased by motion recorded in the minutes, provided that the total of the appropriations of the fund may not be changed. The board of county commissioners, however, may establish procedures by which the designated budget officer may authorize certain intradepartmental budget amendments, provided that the total appropriation of the department may not be changed.

(b) Appropriations from the reserve for contingencies may be made to increase the appropriation for any particular expense in the same fund, or to create an appropriation in the fund for any lawful purpose, but expenditures may not be charged directly to the reserve for contingencies.

(c) The reserve for future construction and improvements may be appropriated by resolution of the board for the purposes for which the reserve was made.

(d) A receipt of a nature from a source not anticipated in the budget and received for a particular purpose, including but not limited to

grants, donations, gifts, or reimbursement for damages, may, by resolution of the board spread on its minutes, be appropriated and expended for that purpose, in addition to the appropriations and expenditures provided for in the budget. Such receipts and appropriations must be added to the budget of the proper fund. The resolution may amend the budget to transfer revenue between funds to properly account for unanticipated revenue.

(e) Increased receipts for enterprise or proprietary funds received for a particular purpose may, by resolution of the board spread on its minutes, be appropriated and expended for that purpose, in addition to the appropriations and expenditures provided for in the budget. The resolution may amend the budget to transfer revenue between funds to properly account for increased receipts.

(f) If an amendment to a budget is required for a purpose not specifically authorized in paragraphs (a)-(e), unless otherwise prohibited by law, the amendment may be authorized by resolution or ordinance of the board of county commissioners adopted following a public hearing. The public hearing must be advertised at least 2 days, but not more than 5 days, before the date of the hearing. The advertisement must appear in a newspaper of paid general circulation and must identify the name of the taxing authority, the date, place, and time of the hearing, and the purpose of the hearing. The advertisement must also identify each budgetary fund to be amended, the source of the funds, the use of the funds, and the total amount of each budget.

(3) Only the following transfers may be made between funds:

(a) Transfers to correct errors in handling receipts and disbursements.

(b) Budgeted transfers.

(c) Transfers to properly account for unanticipated revenue or increased receipts.

(4) All unexpended balances of appropriations at the end of the fiscal year shall revert to the fund from which the appropriation was made, but reserves for sinking funds and for future construction and improvements may not be diverted to other purposes.

(5) Any county constitutional officer whose budget is approved by the board of county commissioners, who has not been reelected to office or is not seeking reelection, shall be prohibited from making any budget amendments, transferring funds between itemized appropriations, or expending in a single month more than one-twelfth of any itemized approved appropriation, following the date he or she is eliminated as a candidate or October 1, whichever comes later, without approval of the board of county commissioners.

(Redesignate subsequent sections.)

Such tax shall not be effective unless and until land development regulations and a local comprehensive plan that meet the requirements of chapter 380 have become effective and such tax is approved by referendum as provided for in subsection (5).

However, the Department of Revenue may authorize a quarterly return and payment when the tax remitted by the dealer for the preceding quarter did not exceed \$25.

(b) The Department of Revenue shall keep records showing the amount of taxes collected, which records shall also include records disclosing the amount of taxes collected for and from each county in which the tax imposed and authorized by this section is applicable. These records shall be open for inspection during the regular office hours of the Department of Revenue, subject to the provisions of s. 213.053.

(1) **LEGISLATIVE FINDINGS AND INTENT.**—*The Legislature finds as follows:*

(a) *Frequent access to use of information technology and possession of the knowledge and skills required to use information technology productively is becoming increasingly more important to being competitively qualified for high-skill, high-wage employment.*

(b) *The availability of reasonable opportunities to have frequent access to use of information technology and to obtain the education and training necessary to acquire the knowledge and skills required to use information technology productively is critical to becoming competitively qualified for high-skill, high-wage employment.*

(e) *The divide between the members of such at-risk families and those who have adequate economic resources to have reasonable opportunities to obtain access to frequent use of information technology and the education and training necessary to acquire the knowledge and skills required to become competitively qualified for high-skill, high-wage employment could be reduced, and the economy of the state could be enhanced, by designing and implementing programs that provide such opportunities to members of such at-risk families.*

It is the intent of the Legislature to provide the authority and resources reasonably necessary to facilitate design and implementation of such programs.

(2) **DIGITAL DIVIDE COUNCIL.**—*The Digital Divide Council is created in the State Technology Office. The council shall consist of:*

- (a) *The chief information officer in the State Technology Office.*
- (b) *The director of the Office of Tourism, Trade, and Economic Development in the Executive Office of the Governor.*

- (k) *A representative of the information technology industry in this state appointed by the President of the Senate.*
- (l) *Two members of the House of Representatives, who shall be ex officio, nonvoting members of the council, appointed by the Speaker of the House of Representatives, one of whom shall be a member of the Republican caucus and the other of whom shall be a member of the Democratic caucus.*
- (m) *Two members of the Senate, who shall be ex officio, nonvoting members of the council, appointed by the President of the Senate, one of*

whom shall be a member of the Republican caucus and the other of whom shall be a member of the Democratic caucus.

PRAYER

The following prayer was offered by Dr. Douglas Dortch, Jr., Pastor, First Baptist Church, Tallahassee:

Almighty and Everlasting God, we thank you for this day and this opportunity that is ours to serve your purposes in our state, our nation and our world. We recognize that our place in life is a calling from you, and that you provide the resources that are necessary for us to carry out your task.

I thank you for this Senate, for every person who is a part of this important body. I pray for each member this morning, that you would grant them wisdom and courage in deciding the matters that are before them. This is a busy week for them, O God, with much for them to accomplish in so little time in which to do it. Remind them of the gravity of these days and help them to be good stewards of the time that is allotted them.

And now, may your abiding presence rest upon everyone here today, that in all this good Senate says and does it will in some way result in the good thing you are in the process of doing in our midst. This we pray in the name of all that is Holy, even your name. Amen.

MOTION

On motion by Senator Pruitt, the rules were waived to allow the following amendment to be considered:

Senator Pruitt moved the following amendment which was adopted by two-thirds vote:

Amendment 1 (752252)(with title amendment)—Delete everything after the enacting clause and insert:

Section 1. *Short title.*—Sections 1-28 of this act may be cited as the "Higher Educational Facilities Financing Act."

Section 2. *Findings and declarations.*—It is the purpose of sections 1-28 of this act to provide a measure of assistance and an alternative method enabling private institutions of higher education of this state to provide the facilities and structures that they need and to enable those institutions to coordinate their budgetary needs with the timing of receipt of tuition revenues.

Section 3. *Definitions.*—As used in sections 1-28 of this act, the term:

(1) "Authority" or "educational facilities authority" means the public corporation created by sections 1-28 of this act.

(2) "Real property" includes all lands, including improvements and fixtures thereon, and any such property appurtenant thereto, or used in connection therewith, and every estate, interest, and right, legal or equitable, therein, including terms for years and liens by way of judgment, mortgage, or otherwise and the indebtedness secured by such liens. This definition does not affect the classification of property as real property or tangible personal property for purposes of ad valorem taxation under chapters 192 and 193, Florida Statutes, or sales and use taxation under chapter 212, Florida Statutes.

(3) "Project" means a dormitory, student service facility, parking facility, administration building, academic building, or library and includes a loan in anticipation of tuition revenues by an institution of higher education, as defined in subsection (6).

(4) "Cost," as applied to a project or any portion thereof financed under sections 1-28 of this act, includes all or any part of the cost of construction and acquisition of all lands, structures, real property, rights, rights-of-way, franchises, easements, and interests acquired or used for a project; the cost of demolishing or removing any buildings or structures on land so acquired, including the cost of acquiring any lands to which the buildings or structures may be removed; the cost of all machinery and equipment, financing charges, and interest before, during, and for a period of 30 months after completion of the construction; provisions for working capital, reserves for principal, interest, and rebate; provisions for extensions, enlargements, additions, and improvements; the cost of engineering, financial, and legal services; the cost of plans, specifications, studies, surveys, estimates of costs and revenues, administrative expenses, expenses necessary to determining the feasibility or practicability of constructing the project; and other expenses necessary for constructing and acquiring the project, financing the construction, and placing the project in operation. In the case of a loan in anticipation of tuition revenues, the term "cost" means the amount of the loan in anticipation of revenues which does not exceed the amount of tuition revenues anticipated to be received by the borrowing institution of higher education in the 1-year period following the date of the loan, plus costs related to the issuance of the loan, or the amount of the bonds, the proceeds of which fund the loans and any related cost of debt service, reserve funds, and rebate associated therewith.

(5) "Bond" or "revenue bond" means a revenue bond of the authority issued under sections 1-28 of this act, including a revenue refunding bond, notwithstanding that it may be secured by mortgage or the full faith and credit of a participating institution of higher education or any other lawfully pledged security of a participating institution of higher education.

(6) "Institution of higher education" means an independent nonprofit college or university which is located in and chartered by the state; which is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools; which grants baccalaureate degrees; and which is not a state university or state community college.

(7) "Participating institution" means an institution of higher education, as defined in subsection (6), that undertakes the financing and construction or acquisition of a project or undertakes the refunding or refinancing of obligations or of a mortgage or of advances as provided in and permitted by sections 1-28 of this act.

(8) "Loan in anticipation of tuition revenues" means a loan to an institution of higher education under circumstances in which tuition revenues anticipated to be received by the institution in any budget year are estimated to be insufficient at any time during the budget year to pay the operating expenses or other obligations of the institution in accordance with the budget of the institution.

Section 4. *Creation of Higher Educational Facilities Financing Authority.*—

(1) There is created a public body corporate and politic to be known as the Higher Educational Facilities Financing Authority. The authority is constituted as a public instrumentality and the exercise by the authority of the powers conferred by sections 1-28 of this act is considered to be the performance of an essential public function. Chapters 119 and 286, Florida Statutes, apply to the authority.

(2) The authority shall consist of five members to be appointed by the Governor, subject to confirmation by the Senate. One member shall be a trustee, director, officer, or employee of an institution of higher education. Of the members first appointed, one shall serve for 1 year, one for 2 years, one for 3 years, one for 4 years, and one for 5 years, and in each case until his or her successor is appointed and has qualified. Thereafter, the Governor shall appoint for terms of 5 years each a member or members to succeed those whose terms expire. The Governor shall fill any vacancy for an unexpired term. A member of the authority is eligible for reappointment. Any member of the authority may be removed by the Governor for misfeasance, malfeasance, or willful neglect of duty. Each member of the authority before entering upon his or her duties shall take and subscribe to the oath or affirmation required by the State Constitution. A record of

each oath must be filed in the office of the Department of State and with the authority.

(3) The authority shall annually elect one of its members as chair and one as vice chair, and shall also appoint an executive director who is not a member of the authority and who serves at the pleasure of the authority and receives compensation as fixed by the authority. The authority may contract for the services of an executive director.

(4) The executive director shall keep a record of the proceedings of the authority and shall be custodian of all books, documents, and papers filed with the authority and of the minute book or journal of the authority and of its official seal. He or she may cause copies to be made of all minutes and other records and documents of the authority and may give certificates under the official seal of the authority to the effect that the copies are true copies, and all persons dealing with the authority may rely upon those certificates.

(5) A majority of the members of the authority constitutes a quorum, and the affirmative vote of a majority of the members present at a meeting of the authority is necessary for any action taken by the authority. A vacancy in the membership of the authority does not impair the right of a quorum to exercise all the rights and perform all the duties of the authority. Any action taken by the authority under sections 1-28 of this act may be authorized by resolution at any regular or special meeting, and each resolution shall take effect immediately and need not be published or posted.

(6) The members of the authority shall receive no compensation for the performance of their duties, but each member is entitled to reimbursement as provided in s. 112.061, Florida Statutes, for necessary expenses incurred while engaged in the performance of his or her duties.

(7) The authority is assigned to the Department of Education for administrative purposes.

Section 5. Powers of the authority.—The purpose of the authority is to assist institutions of higher education in constructing, financing, and refinancing projects throughout the state and, for this purpose, the authority may:

(1) Exercise all powers granted to corporations under the Florida Business Corporation Act, chapter 607, Florida Statutes.

(2) Have perpetual succession as a body politic and corporate and adopt bylaws for the regulation of its affairs and the conduct of its business.

(3) Adopt an official seal and alter the same at its pleasure.

(4) Maintain an office at any place in the state that it may designate.

(5) Sue and be sued in its own name, and plead and be impleaded.

(6) Make and execute financing agreements, leases, as lessee or as lessor, contracts, deeds, and other instruments necessary or convenient in the exercise of the powers and functions of the authority, including contracts with persons, firms, corporations, federal and state agencies, and other authorities, which state agencies and other authorities are authorized to enter into contracts and otherwise cooperate with the authority to facilitate the financing, construction, leasing, or sale of any project or the institution of any program; engage in sale-leaseback, lease-purchase, lease-leaseback, or other undertakings and provide for the sale of certificates of participation incident thereto; and enter into interlocal agreements in the manner provided in s. 163.01, Florida Statutes.

(7) Determine the location and character of any project to be financed under sections 1-28 of this act and may:

(a) Construct, reconstruct, maintain, repair, and lease the project as lessee or lessor.

(b) Enter into contracts for any of those purposes.

(c) Designate a participating institution as its agent to determine the location and character of a project undertaken by a participating institution under sections 1-28 of this act and, as the agent of the authority, construct, reconstruct, maintain, repair, own, and lease the project as lessee or lessor.

(8) Issue bonds, bond anticipation notes, and other obligations of the authority for any of its corporate purposes, including the provision of funds to pay all or any part of the cost of any project and to fund or refund the cost of any project as provided in sections 1-28 of this act.

(9) Establish rules for the use of a project or any portion thereof and designate a participating institution as its agent to establish rules for the use of a project undertaken by the participating institution.

(10) Employ consulting engineers, architects, attorneys, accountants, construction and financial experts, superintendents, managers, and other employees and agents as necessary, and fix their compensation.

(11) Receive and accept from any public agency loans or grants for or in aid of the construction of a project or any portion thereof, and receive and accept loans, grants, aid, or contributions from any source of money, property, labor, or other things of value, to be held, used, and applied only for the purposes for which the loans, grants, aid, and contributions are made.

(12) Mortgage any project and the site thereof for the benefit of the holders of revenue bonds issued to finance projects or those providing credit for that purpose.

(13) Make loans to any participating institution for the cost of a project, including a loan in anticipation of tuition revenues, in accordance with an agreement between the authority and the participating institution. However, a loan may not exceed the total cost of the project as determined by the participating institution and approved by the authority.

(14) Make loans to a participating institution to refund outstanding obligations, mortgages, or advances issued, made, or given by the participating institution for the cost of a project.

(15) Charge to and equitably apportion among participating institutions its administrative costs and expenses incurred in the exercise of the powers and duties conferred by sections 1-28 of this act.

(16) Contract with an entity as its agent to assist the authority in screening applications of institutions of higher education for loans under sections 1-28 of this act and receive any recommendations the entity may make.

(17) Do all things necessary or convenient to carry out the purposes of sections 1-28 of this act.

Section 6. Payment of expenses.—All expenses incurred in carrying out sections 1-28 of this act are payable solely from funds provided under the authority of sections 1-28 of this act, and the authority may not incur any liability or obligation beyond the extent to which moneys have been provided under sections 1-28 of this act.

Section 7. Acquisition of real property.—The authority may directly, or by and through a participating institution as its agent, acquire by purchase or lease solely from funds provided under sections 1-28 of this act, or by gift or devise, any lands, structures, real property, rights, rights-of-way, franchises, easements, and other interests in lands, including lands lying underwater and riparian rights, which are located within the state as it considers necessary or convenient for the construction or operation of a project, upon terms and at prices that are considered by it to be reasonable and that can be agreed upon between it and the owner thereof, and to take title thereto in the name of the authority or in the name of a participating institution as its agent or as an owner and borrower.

Section 8. Conveyance of title or interest to participating institutions.—When the principal of and interest on revenue bonds of the authority issued to finance the cost of a particular project or projects at a participating institution, including any revenue refunding bonds issued to refund and refinance the revenue bonds, have been fully paid and retired, or when adequate provision has been made to pay fully and retire them, and all other conditions of the resolution or trust agreement authorizing and securing the revenue bonds have been satisfied and the lien of the resolution or trust agreement has been released in accordance with the provisions thereof, the authority shall promptly execute deeds and conveyances necessary and required to convey title to the project or projects to the participating institution, free and clear of all liens and encumbrances.

Section 9. *Criteria and requirements.*—*In undertaking any project under sections 1-28 of this act, the authority shall be guided by and shall observe the following criteria and requirements:*

(1) *The project, in the determination of the authority, is appropriate to the needs and circumstances of, and shall make a significant contribution to the purposes of, the authority and sections 1-28 of this act as set forth in the findings and declarations, and shall serve a public purpose by advancing the prosperity and general welfare of the state and the public.*

(2) *A financing agreement for a project may not be entered into with a participating institution that is not financially responsible and fully capable of and willing to fulfill its obligations under the financing agreement, including the obligations to make payments in the amounts and at the times required; to operate, repair, and maintain at its own expense the project owned or leased; and to serve the purposes of sections 1-28 of this act and any other responsibilities that may be imposed under the financing agreement. In determining the financial responsibility of the participating institution, consideration must be given to the party's ratio of current assets to current liabilities; net worth; endowments; pledges; earning trends; coverage of all fixed charges; the nature of the project involved; its inherent stability; any guarantee of the obligations by some other financially responsible corporation, firm, or person; means by which the bonds are to be marketed to the public; and other factors determinative of the capability of the participating institution, financially and otherwise, to fulfill its obligations consistently with the purposes of sections 1-28 of this act.*

(3) *Adequate provision must be made for the operation, repair, and maintenance of the project at the expense of the participating institution and for the payment of principal of and interest on the bonds.*

(4) *The costs to be paid from the proceeds of the bonds are costs of a project within the meaning of sections 1-28 of this act, except for payments included in the purposes for which revenue refunding bonds may be issued under sections 1-28 of this act.*

Section 10. *Approval required to issue bonds.*—*The authority is created for the purpose of promoting higher education and issuing bonds on behalf of the state, and the Governor may approve any bonds issued by the authority which require approval under federal law.*

Section 11. *Notes of authority.*—*The authority may issue its negotiable notes for any corporate purpose and renew any notes by the issuance of new notes, whether the notes to be renewed have or have not matured. The authority may issue notes partly to renew notes or to discharge other obligations then outstanding and partly for any other purpose. The notes may be authorized, sold, executed, and delivered in the same manner as bonds. Any resolution authorizing notes of the authority or any issue thereof may contain any provisions that the authority is authorized to include in any resolution authorizing revenue bonds of the authority or any issue thereof, and the authority may include in any notes any terms, covenants, or conditions that it is authorized to include in any bonds. All the notes must be payable solely from the revenues of the project to be financed, subject only to any contractual rights of the holders of any of its notes or other obligations then outstanding.*

Section 12. *Revenue bonds.*—

(1) *The authority may issue its negotiable revenue bonds for any corporate purpose, including the provision of funds to pay all or any part of the cost of any project. In anticipation of the sale of revenue bonds, the authority may issue negotiable bond anticipation notes and may renew them from time to time, but the maximum maturity of any note, including renewals thereof, may not exceed 5 years following the date of issue of the original note. The notes must be paid from any revenues of the authority available therefor or of the project and not otherwise pledged, or from the proceeds of sale of the revenue bonds of the authority in anticipation of which they were issued. The notes must be issued in the same manner as the revenue bonds. The notes and the resolution authorizing them may contain any provisions, conditions, or limitations that a bond resolution of the authority may contain.*

(2) *The revenue bonds and notes of every issue must be payable solely out of revenues of the authority, including the provision of funds of the participating institution to pay all or any part of the cost of any project, subject only to any agreements with the holders of particular revenue bonds or notes pledging any particular revenues. Notwithstanding that*

revenue bonds and notes may be payable from a special fund, they are for all purposes negotiable instruments, subject only to the provisions of the revenue bonds and notes for registration.

(3) *The revenue bonds may be issued as serial bonds or as term bonds, or the authority may issue bonds of both types. The revenue bonds must be authorized by resolution of the authority; must bear the date of issuance, the date of maturity, not exceeding 30 years from issuance, and the interest rate of the bonds, which may be a variable rate; must be payable at a specified time; must be in specified denominations; and must be in specified form, carry registration privileges, be executed in a specified manner, be payable in lawful money of the United States at a specified place, and be subject to the terms of redemption, as the resolution provides. Pending preparation of the definitive bonds, the authority may issue interim receipts or certificates that may be exchanged for the definitive bonds. In case any officer whose signature, or a facsimile of whose signature, appears on any bonds or coupons ceases to be that officer before the delivery of the bonds, the signature or facsimile is nevertheless valid and sufficient for all purposes as if he or she had remained in office until delivery. The authority may also provide for the authentication of the bonds by a trustee or fiscal agent. The bonds may be issued in coupon form or in registered form, or both, as the authority determines. Provision may be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest; for the reconversion into coupon bonds of any bonds registered as to both principal and interest; and for the interchange of registered and coupon bonds.*

(4)(a) *The authority may sell such bonds at such price or prices as it may determine to be in the best interest of the state or of the participating institution on behalf of which such bonds are issued, but no such sale shall be made at an average net interest cost rate in excess of the interest rate limitation set forth in s. 215.84(3), Florida Statutes, provided, however, that such bonds may be sold at a reasonable discount to par not to exceed 3 percent. This limitation on discount does not apply to the portion of the discount that constitutes original issue discount.*

(b) *All of such bonds shall be sold at public sale at such place or places within the state as the authority shall determine to receive proposals for the purchase of such bonds. Notice of such sale shall be published at least once at least 10 days prior to the date of sale in one or more newspapers or financial journals published within or without the state and shall contain such terms as the authority shall deem advisable and proper under the circumstances, provided that if no bids are received at the time and place called for by such notice of sale, or if all bids received are rejected, such bonds may again be offered for public sale by competitive bid or negotiated sale, as provided herein, upon a shorter period of reasonable notice provided for by resolution of the authority. However, unless the public sale by competitive bid of such bonds is required by law, the authority may, by resolution adopted at a public meeting, determine that a negotiated sale of such bonds is in the best interest of the authority, and may negotiate for sale of such bonds to any underwriter designated by the authority.*

1. *In the resolution authorizing the negotiated sale, the authority shall provide specific findings as to the reasons requiring the negotiated sale.*

2. *A resolution authorizing a negotiated bond sale may be the same resolution as that authorizing the issuance of such bonds.*

(c) *All proposals for the purchase of any bonds offered for sale by the authority shall be opened in public. When competitively bid, bonds shall be awarded to the lowest bidder by the official of the authority as provided in the resolution authorizing the issuance of the bonds. The basis of award of a competitive bid may be either the lowest net interest cost or the lowest true interest cost, as set forth in the resolution authorizing the issuance or sale of the bonds.*

(5) *Any resolution authorizing any revenue bonds may contain provisions, which are a part of the contract with the holders of the revenue bonds to be authorized, as to:*

(a) *Pledging of all or any part of the revenues of a project or any revenue-producing contract made by the authority with any individual, partnership, corporation, or association or other body, public or private, to secure the payment of the revenue bonds or of any particular issue of revenue bonds, subject to any agreements with bondholders as may then exist.*

(b) *The rentals, fees, and other charges to be charged, and the amounts to be raised in each year thereby, and the use and disposition of the revenues.*

(c) *The setting aside of reserves or sinking funds and the regulation and disposition thereof.*

(d) *Limitations on the right of the authority or its agent to restrict and regulate the use of the project.*

(e) *Limitations on the purpose to which the proceeds of sale of any issue of revenue bonds then or thereafter to be issued may be applied and the pledging of the proceeds to secure the payment of the revenue bonds or any issue of the revenue bonds.*

(f) *Limitations on the issuance of additional bonds, the terms upon which additional bonds may be issued and secured, and the refunding of outstanding bonds.*

(g) *The procedure, if any, by which the terms of any contract with bondholders may be amended or abrogated, including the amount of bonds the holders of which must consent thereto and the manner in which consent may be given.*

(h) *Limitations on the amount of moneys derived from the project to be expended for operating, administrative, or other expenses of the authority.*

(i) *The acts or omissions to act that constitute a default in the duties of the authority to holders of its obligations and provisions for the rights and remedies of the holders in the event of a default.*

(j) *The mortgaging of or granting of a security interest in the project or the site thereof for the purpose of securing the bondholders.*

(6) *Neither the members of the authority nor any person executing the revenue bonds or notes is liable personally on the revenue bonds or notes or is subject to any personal liability or accountability by reason of the issuance thereof.*

(7) *The authority may purchase its bonds or notes out of any funds available therefor. The authority may hold, pledge, cancel, or resell the bonds, subject to and in accordance with agreements with bondholders.*

(8) *Incident to its powers to issue bonds and notes, the authority may enter into interest rate swap agreements, collars, caps, forward securities purchase agreements, delayed delivery bond purchase agreements, and any other financial agreements considered to be in the best interest of the authority.*

Section 13. *Covenants.—Any resolution authorizing the issuance of bonds may contain any covenants the authority considers advisable, including those provisions set forth in section 12(5), and all those covenants constitute valid and legally binding and enforceable contracts between the authority and the bondholders, regardless of the time of issuance thereof. The covenants may include, without limitation, covenants concerning the disposition of the bond proceeds; the use and disposition of project revenues; the pledging of revenues and assessments; the obligations of the authority with respect to the operation of the project and the maintenance of adequate project revenues; the issuance of additional bonds; the appointment, powers, and duties of trustees and receivers; the acquisition of outstanding bonds and obligations; restrictions on the establishment of competing projects or facilities; restrictions on the sale or disposal of the assets and property of the authority; the maintenance of deposits to assure the payment of the bonds issued under sections 1-28 of this act; acceleration upon default; the execution of necessary instruments; the procedure for amending or abrogating covenants with the bondholders; and any other covenants considered necessary for the security of the bondholders.*

Section 14. *Validation.—Bonds issued pursuant to this act may be validated in the manner provided by law through proceedings instituted by the authority under chapter 75, Florida Statutes. In actions to validate bonds to be issued pursuant to this act, the complaint shall be filed in the circuit court of the county where the seat of state government is situated or, in the discretion of the authority, in the circuit court of the county where the project is to be situated. The notice required to be published by s. 75.06, Florida Statutes, shall be published only in the county where the complaint is filed, and the complaint and order of the circuit court shall*

be served only on the state attorney of the circuit in which the action is pending.

Section 15. *Act furnishes full authority for issuance of bonds.—Sections 1-28 of this act constitute full authority for the issuance of bonds and the exercise of the powers of the authority provided in sections 1-28 of this act. Any bonds issued by the authority are not secured by the full faith and credit of the state and do not constitute an obligation, either general or special, of the state.*

Section 16. *Security of bondholders.—In the discretion of the authority, any revenue bonds issued under sections 1-28 of this act may be secured by a trust agreement by and between the authority and a corporate trustee or trustees, which may be any trust company or bank having the powers of a trust company within or without the state. The trust agreement or the resolution providing for the issuance of revenue bonds may pledge or assign the revenues to be received or the proceeds of any contract or contracts pledged and may convey or mortgage the project or any portion thereof. The trust agreement or resolution providing for the issuance of revenue bonds may contain provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including particularly those provisions specifically authorized by sections 1-28 of this act to be included in any resolution of the authority authorizing revenue bonds. Any bank or trust company incorporated under the laws of this state or of any other state or the United States which may legally act as depository of the proceeds of bonds or of revenues or other moneys or security may furnish indemnifying bonds or pledge securities required by the authority, if any. Any trust agreement may set forth the rights and remedies of the bondholders and of the trustee or trustees, and may restrict the individual right of action by bondholders. In addition, any trust agreement or resolution may contain any other provisions the authority considers reasonable and proper for the security of the bondholders. All expenses incurred in carrying out the trust agreement or resolution may be treated as a part of the cost of the operation of a project.*

Section 17. *Payment of bonds.—Revenue bonds issued under sections 1-28 of this act are not a debt or liability of the authority, any municipality, the state, or any political subdivision thereof, and are not a pledge of the faith and credit of the state, the authority, any municipality, or any political subdivision thereof, but are payable solely from revenues of the authority pertaining to the project relating to the issue; payments by participating institutions of higher education, banks, insurance companies, or others under letters of credit or purchase agreements; investment earnings from funds or accounts maintained under the bond resolution; insurance proceeds; loan funding deposits; proceeds of sales of education loans; proceeds of refunding obligations; and fees, charges, and other revenues of the authority from the project. All revenue bonds must contain on the face thereof a statement to the effect that neither the authority nor any municipality, the state, or any political subdivision thereof is obligated to pay the bond or the interest thereon except from revenues of the project or the portion thereof for which they are issued, and that neither the faith and credit nor the taxing power of the authority, any municipality, the state, or any political subdivision thereof is pledged to the payment of the principal of or the interest on the bonds. The issuance of revenue bonds under sections 1-28 of this act may not directly, indirectly, or contingently obligate the authority, any municipality, the state, or any political subdivision thereof to levy or to pledge any form of taxation therefor or to make any appropriation for their payment.*

Section 18. *Rates, rents, fees, and charges.—*

(1) *The participating institution may fix, revise, charge, and collect rates, rents, fees, and charges for the use of and for the services furnished or to be furnished by each project and may contract with any person, partnership, association, corporation, or other body, public or private, in respect thereof. The rates, rents, fees, and charges must be fixed and adjusted in respect of the aggregate of rates, rents, fees, and charges from the project so as to provide funds sufficient with other revenues, if any, to:*

(a) *Pay the cost of maintaining, repairing, and operating the project and each portion thereof, to the extent that the payment of the cost has not otherwise been adequately provided for.*

(b) *Pay the principal of and the interest on outstanding revenue bonds of the authority issued in respect of the project as the bonds become due and payable.*

(c) Create and maintain reserves required or provided for in any resolution authorizing, or trust agreement securing, the revenue bonds of the authority.

(2) A sufficient amount of the revenues derived in respect of a project, except the part of the revenues necessary to pay the cost of maintenance, repair, and operation and to provide reserves and provide for renewals, replacements, extensions, enlargements, and improvements provided for in the resolution authorizing the issuance of any revenue bonds of the authority or in the trust agreement securing them, must be set aside at regular intervals as provided in the resolution or trust agreement in a sinking or other similar fund that is hereby pledged to, and charged with, the payment of the principal of and the interest on the revenue bonds as they become due and the redemption price or the purchase price of bonds retired by call or purchase as therein provided. The pledge must be valid and binding from the time when the pledge is made. The rates, rents, fees, charges, and other revenues or other moneys so pledged and thereafter received by the participating institution must immediately be subject to the lien of the pledge without any physical delivery thereof or further act, and the lien of any pledge is valid and binding as against all parties having claims of any kind in tort, contract, or otherwise against the authority, irrespective of whether the parties have notice thereof. Neither the resolution nor any trust agreement by which a pledge is created need be filed or recorded except in the records of the authority.

(3) The use and disposition of moneys to the credit of a sinking or other similar fund must be subject to the resolution authorizing the issuance of the bonds or of the trust agreement. Except as otherwise provided in the resolution or the trust agreement, the sinking or other similar fund must be a fund for all revenue bonds issued to finance projects at a particular institution of higher education without distinction or priority of one over another. However, the authority in any resolution or trust agreement may provide that the sinking or other similar fund be the fund for a particular project at a participating institution and for payment of the revenue bonds issued to finance that project, and may, additionally, permit and provide for the issuance of revenue bonds having a subordinate lien in respect of the security authorized to other revenue bonds of the authority, and, in such case, the authority may create separate sinking or other similar funds in respect of the subordinate lien bonds.

Section 19. *Trust funds.*—All moneys received under sections 1-28 of this act, whether as proceeds from the sale of bonds or as revenues, are considered to be trust funds to be held and applied solely as provided in sections 1-28 of this act. Any officer with whom, or any bank or trust company with which, the moneys are deposited shall act as trustee of the moneys and shall hold and apply them for the purposes of sections 1-28 of this act, subject to the provisions of sections 1-28 of this act and the resolution authorizing the bonds of any issue or the trust agreement securing the bonds.

Section 20. *Remedies of bondholders.*—Any holder of revenue bonds issued under sections 1-28 of this act or any of the coupons appertaining thereto, and the trustee or trustees under any trust agreement, except to the extent the rights given may be restricted by any resolution authorizing the issuance of, or any such trust agreement securing, the bonds may, either at law or in equity, by suit, action, mandamus, or other proceedings, protect and enforce any rights under the laws of the state or granted hereunder or under the resolution or trust agreement, and may enforce and compel the performance of all duties required by sections 1-28 of this act or by the resolution or trust agreement to be performed by the authority or by any officer, employee, or agent thereof, including the fixing, charging, and collecting of the rates, rents, fees, and charges authorized and required by the provisions of the resolution or trust agreement to be fixed, established, and collected.

Section 21. *Tax exemption.*—The exercise of the powers granted by sections 1-28 of this act is in all respects for the benefit of the people of this state. Because the operation and maintenance of a project by the authority or a participating institution constitutes the performance of an essential public function, neither the authority nor a participating institution is required to pay any taxes or assessments upon or in respect of a project or any property acquired or used by the authority or a participating institution under sections 1-28 of this act or upon the income therefrom, and any bonds issued under sections 1-28 of this act, any security therefor, their transfer, and the income therefrom, including any profit made on the sale thereof, and all notes, mortgages, security agreements, letters of credit, or other instruments that arise out of or are given to secure the repayment of bonds issued in connection with a project financed under sections 1-28 of this act, shall at all times be free from

taxation by the state or any local unit, political subdivision, or other instrumentality of the state. The exemption granted by this section is not applicable to any tax imposed by chapter 220, Florida Statutes, on interest, income, or profits or on debt obligations owned by corporations.

Section 22. *Refunding bonds.*—

(1) The authority may provide for the issuance of revenue bonds of the authority for the purpose of refunding any revenue bonds of the authority then outstanding, including the payment of any redemption premium thereon and any interest accrued or to accrue to the earliest or subsequent date of redemption, purchase, or maturity of the revenue bonds, and, if considered advisable by the authority, for the additional purpose of paying all or any part of the cost of constructing and acquiring additions, improvements, extensions, or enlargements of a project or any portion thereof.

(2) The proceeds of any revenue bonds issued for the purpose of refunding outstanding revenue bonds may be applied to the purchase or retirement at maturity or redemption of the outstanding revenue bonds on their earliest or any subsequent redemption date or upon the purchase or at the maturity thereof and may, pending the application, be placed in escrow to be applied to the purchase or retirement at maturity or redemption on the date determined by the authority.

(3) Any escrowed proceeds, pending use, may be invested and reinvested in direct obligations of the United States, or in certificates of deposit or time deposits secured by direct obligations of the United States, or in other investments as the resolution authorizing the issuance and sale of the bonds or the trust agreement provides, maturing at the time or times as is appropriate to assure the prompt payment, as to principal, interest, and redemption premium, if any, of the outstanding revenue bonds to be refunded. The interest, income, and profits, if any, earned or realized on any such investment may also be applied to the payment of the outstanding revenue bonds to be so refunded. After the terms of the escrow have been fully satisfied and carried out, any balance of the proceeds and interest, income, and profits, if any, earned or realized on the investments thereof may be returned to the authority or to the participating institution for use by it in any lawful manner.

(4) The portion of the proceeds of any revenue bonds issued for the additional purpose of paying all or any part of the cost of constructing and acquiring additions, improvements, extensions, or enlargements of a project may be invested and reinvested in direct obligations of the United States, or in certificates of deposit or time deposits secured by direct obligations of the United States, or other investments as the resolution authorizing the issuance and sale of the bonds or the trust agreement provides, maturing not later than the time or times when the proceeds will be needed for the purpose of paying all or any part of the cost. The interest, income, and profits, if any, earned or realized on the investment may be applied to the payment of all or any part of the cost or may be used by the authority or the participating institution in any lawful manner.

(5) All refunding revenue bonds are subject to sections 1-28 of this act in the same manner and to the same extent as other revenue bonds issued under sections 1-28 of this act.

Section 23. *Legal investment.*—Bonds issued by the authority under sections 1-28 of this act are made securities in which all public officers and public bodies of the state and its political subdivisions, and all insurance companies, trust companies, banking associations, investment companies, executors, administrators, trustees, and other fiduciaries may properly and legally invest funds, including capital in their control or belonging to them. The bonds are made securities that may properly and legally be deposited with and received by any state or municipal officer or any agency or political subdivision of the state for any purpose for which the deposit of bonds or obligations of the state is now or may hereafter be authorized by law.

Section 24. *Reports; audits.*—

(1) The authority shall submit to the Governor and the presiding officers of each house of the Legislature, within 2 months after the end of its fiscal year, a complete and detailed report setting forth:

(a) Its operations and accomplishments.

(b) Its receipts and expenditures during its fiscal year in accordance with the categories or classifications established by the authority for its operating and capital outlay purposes.

(c) *Its assets and liabilities at the end of its fiscal year and the status of reserve, special, or other funds.*

(d) *A schedule of its bonds outstanding at the end of its fiscal year, together with a statement of the principal amounts of bonds issued and redeemed during the fiscal year.*

(e) *Any other information the authority deems appropriate.*

(2) *The authority shall submit, with the annual report required by this section, a copy of an annual financial audit of its accounts and records and an annual compliance audit of its programs conducted by an independent certified public accountant and performed in accordance with generally accepted auditing standards and government auditing standards.*

(3) *The Auditor General may, pursuant to his or her own authority or at the direction of the Legislative Auditing Committee, conduct an audit of the authority or any programs or entities created by the authority.*

Section 25. *State agreement.—The state agrees with the holders of any obligations issued under sections 1-28 of this act, and with those parties who may enter into contracts with the authority under sections 1-28 of this act, that the state will not limit or alter the rights vested in the authority until the obligations, together with the interest thereon, are fully met and discharged and the contracts are fully performed on the part of the authority. However, sections 1-28 of this act do not preclude any limitation or alteration if adequate provision is made by law for the protection of the holders of the obligations of the authority or those entering into contracts with the authority. The authority may include this pledge and undertaking for the state in any obligations or contracts.*

Section 26. *Alternative means.—Sections 1-28 of this act provide an additional and alternative method for the doing of the things authorized, and shall be regarded as supplemental and additional to powers conferred by other laws; but, except as otherwise specifically provided in sections 1-28 of this act, the issuance of notes, certificates of participation, revenue bonds, and revenue refunding bonds under sections 1-28 of this act need not comply with the requirements of any other law applicable to the issuance of bonds or such obligations. Except as otherwise expressly provided in sections 1-28 of this act, the powers granted to the authority under sections 1-28 of this act are not subject to the supervision or regulation of, and do not require the approval or consent of, any municipality or political subdivision or any commission, board, body, bureau, official, or agency thereof or of the state.*

Section 27. *Liberal construction.—Sections 1-28 of this act shall be liberally construed to effectively carry out their purpose.*

Section 28. *Act controlling.—To the extent that sections 1-28 of this act are inconsistent with any general statute or special act or part thereof, sections 1-28 control.*

(b) Except as provided in subparagraph 2., a petition for postsentencing DNA testing may be filed or considered:

1. Within 2 years following the date that the judgment and sentence in the case becomes final if no direct appeal is taken, within 2 years following the date that the conviction is affirmed on direct appeal if an appeal is taken, within 2 years following the date that collateral counsel is appointed or retained subsequent to the conviction being affirmed on direct appeal in a capital case, or by October 1, 2003, whichever occurs later; or

2. At any time if the facts on which the petition is predicated were unknown to the petitioner or the petitioner's attorney and could not have been ascertained by the exercise of due diligence.

(2) Method for seeking postsentencing DNA testing.—

(a) The petition for postsentencing DNA testing must be made under oath by the sentenced defendant and must include the following:

1. A statement of the facts relied on in support of the petition, including a description of the physical evidence containing DNA to be tested and, if known, the present location or the last known location of the evidence and how it was originally obtained;

2. A statement that the evidence was not previously tested for DNA or a statement that the results of any previous DNA testing were inconclusive and that subsequent scientific developments in DNA testing techniques would likely produce a definitive result;

3. A statement that the sentenced defendant is innocent and how the DNA testing requested by the petition will exonerate the defendant of the crime for which the defendant was sentenced or will mitigate the sentence received by the defendant for that crime;

4. A statement that identification of the defendant is a genuinely disputed issue in the case, and why it is an issue;

5. Any other facts relevant to the petition; and

6. A certificate that a copy of the petition has been served on the prosecuting authority.

(d) Upon receiving the response of the prosecuting authority, the court shall review the response and enter an order on the merits of the petition or set the petition for hearing.

(e) Counsel may be appointed to assist the sentenced defendant if the petition proceeds to a hearing and if the court determines that the assistance of counsel is necessary and makes the requisite finding of indigency.

(f) The court shall make the following findings when ruling on the petition:

1. Whether the sentenced defendant has shown that the physical evidence that may contain DNA still exists;

2. Whether the results of DNA testing of that physical evidence would be admissible at trial and whether there exists reliable proof to establish that the evidence has not been materially altered and would be admissible at a future hearing; and

3. Whether there is a reasonable probability that the sentenced defendant would have been acquitted or would have received a lesser sentence if the DNA evidence had been admitted at trial.

(g) If the court orders DNA testing of the physical evidence, the cost of such testing may be assessed against the sentenced defendant unless he or she is indigent. If the sentenced defendant is indigent, the state shall bear the cost of the DNA testing ordered by the court.

(h) Any DNA testing ordered by the court shall be carried out by the Department of Law Enforcement or its designee, as provided in s. 943.3251.

(c) The sentenced defendant may file a motion for rehearing of any order denying relief within 15 days after service of the order denying relief. The time for filing an appeal shall be tolled until an order on the motion for rehearing has been entered.

(d) The clerk of the court shall serve on all parties a copy of any order rendered with a certificate of service, including the date of service.

(4) Preservation of evidence.—

(a) Governmental entities that may be in possession of any physical evidence in the case, including, but not limited to, any investigating law enforcement agency, the clerk of the court, the prosecuting authority, or the Department of Law Enforcement shall maintain any physical evidence collected at the time of the crime for which a postsentencing testing of DNA may be requested.

(b) Except for a case in which the death penalty is imposed, the evidence shall be maintained for at least the period of time set forth in subparagraph (1)(b)1. In a case in which the death penalty is imposed, the evidence shall be maintained for 60 days after execution of the sentence.

1. The governmental entity notifies all of the following individuals of its intent to dispose of the evidence: the sentenced defendant, any counsel of record, the prosecuting authority, and the Attorney General.

2. The notifying entity does not receive, within 90 days after sending the notification, either a copy of a petition for postsentencing DNA testing filed pursuant to this section or a request that the evidence not be destroyed because the sentenced defendant will be filing the petition before the time for filing it has expired.

3. No other provision of law or rule requires that the physical evidence be preserved or retained.

And the title is amended as follows:

On page 1, line 11, after the first semicolon (;) insert: providing for preservation of evidence for which testing of DNA may be requested;

WHEREAS, The Florida Information Service Technology Development Task Force found and recommended that, while the development of information technology is a rapidly expanding enterprise and the issue of transmission of adult and child pornography is difficult to resolve, legislation should be enacted to address the following situations: where a person in or outside of the State of Florida knowingly transmits any type of pornography to a minor in Florida, a crime has occurred and the State of Florida has jurisdiction; where a person in the State of Florida transmits child pornography to anyone in or outside the State of Florida a crime has occurred and the State of Florida has jurisdiction; and where a person outside the State of Florida knowingly transmits child pornography to any person in the State of Florida, a crime has occurred and the State of Florida has jurisdiction, and

WHEREAS, the task force also recommended that legislation be enacted that, while not mandating that a person report child pornography, the transmission of child pornography, or the unlawful transmission of any image, information, or data that is harmful to minors, would grant civil immunity to any person who reports to any law enforcement officer what he or she reasonably believes to be evidence of child pornography, the transmission of child pornography, or the unlawful transmission of any image, information, or data harmful to any minor in this state, and

WHEREAS, the Legislature agrees with the foregoing findings, conclusions, and recommendations of the task force, and finds that legislation enacting the recommendations would facilitate apprehension of persons who transmit child pornography or improperly transmit images harmful to minors while protecting persons from arrest based on unsubstantiated or false accusations or statements or the submission of falsified evidence by the person reporting the transmission, and

WHEREAS, the Legislature further finds that the use of minors in pornographic images is harmful to the physiological, emotional, mental, and social well-being of minors and that the dissemination of such images results in subjecting the minors who are the subject of such images to continuing irreparable injury by creating a perpetual record of their participation in pornographic acts, and

WHEREAS, the Legislature further finds that child pornography and images, information, and data that are harmful to minors are frequently used to entice minors to engage in improper sexual activity, and the use of such means to entice minors in Florida to engage in such sexual activity irreparably harms their physiological, emotional, mental, and social well-being, and

WHEREAS, the Legislature further finds that the advent and growing use of the Internet and other electronic devices has greatly facilitated transmission of child pornography and images, information, and data that are harmful to minors, thus subjecting minors in Florida to an ever-increasing likelihood of being victimized by the purveyors of such, and

WHEREAS, the Legislature further finds that criminalizing the transmission of child pornography and the unlawful transmission of images, information, and data that are harmful to minors is an appropriate means of serving the state's compelling interest in protecting minors in Florida from suffering the irreparable harm they can experience from being subjected to participating in creating the images that are included in such transmissions and from being subjected to receiving the images that are included in such transmissions, and

WHEREAS, the Legislature further finds that the First Amendment would not be violated by legislation prohibiting the transmission of child pornography or the transmission of images harmful to minors to a minor in this state, and

WHEREAS, the Legislature further finds that deterring and punishing the transmission of child pornography and images harmful to minors can and should be accomplished by amending the laws of this state, and

WHEREAS, the Legislature further finds that the laws of this state may be amended to address jurisdictional concerns regarding transmission of child pornography and transmission of images, information, and data harmful to minors to a minor in this state, as those concerns have already been addressed by the Legislature regarding computer-solicitation offenses against minors, and

WHEREAS, the Legislature further finds that the laws of this state may be amended to grant civil immunity to any person who reports to any law enforcement officer what he or she reasonably believes to be child pornography, the transmission of child pornography, or the transmission of images, information, and data that are harmful to minors to a minor in this state, NOW, THEREFORE,

(2) TERMS OF MEMBERSHIP; OFFICERS; COMPENSATION; STAFF.—

(a) Members appointed by the Governor shall be appointed for terms of 2 years. The other members are standing members of the council. In no event shall a member serve beyond the time he or she ceases to hold the office or employment which was the basis for appointment to the council. In the event of a vacancy, an appointment to fill the vacancy shall be only for the unexpired term.

(b) The Legislature finds that the council serves a legitimate state, county, and municipal purpose and that service on the council is consistent with a member's principal service in a public office or employment. Membership on the council does not disqualify a member from holding any other public office or being employed by a public entity, except that no member of the Legislature shall serve on the council.

(c) The members of the council shall elect a chair and a vice chair every 2 years, to serve for a 2-year term. As deemed appropriate, other officers may be elected by the members.

(d) Members of the council or their designates shall serve without compensation but are entitled to reimbursement for per diem and travel expenses pursuant to s. 112.061. A majority of the members of the council constitutes a quorum.

(4) DUTIES OF COUNCIL.—The council shall provide advice and make recommendations, as necessary, to the executive director of the department.

(a) The council may advise the executive director on the feasibility of undertaking initiatives which include, but are not limited to, the following:

1. Establishing a program which provides grants to criminal justice agencies that develop and implement effective violent crime prevention and investigative programs and which provides grants to law enforcement agencies for the purpose of drug control and illicit money laundering investigative efforts or task force efforts that are determined by the council to significantly contribute to achieving the state's goal of reducing drug-related crime as articulated by the Office of Drug Control, that represent a significant illicit money laundering investigative effort, or that otherwise significantly support statewide strategies developed by the Statewide Drug Policy Advisory Council established under s. 397.333, subject to the limitations provided in this section. The grant program may ~~shall~~ include an innovations grant program to provide startup funding for new initiatives by local and state law enforcement agencies to combat violent crime or to implement drug control or illicit money laundering investigative efforts or task force efforts by law enforcement agencies, including, but not limited to, initiatives such as:

- a. ~~Providing Provision of~~ enhanced community-oriented policing.

4. Identifying methods to enhance multiagency or statewide drug control or illicit money laundering investigative efforts or task force efforts that significantly contribute to achieving the state's goal of reducing drug-related crime as articulated by the Office of Drug Control, that represent a significant illicit money laundering investigative effort, or that otherwise significantly support statewide strategies developed by the Statewide Drug Policy Advisory Council established under s. 397.333.

5. Enhancing criminal justice training programs which address violent crime, *drug control*, or *illicit money laundering investigative techniques or efforts*.

6. Developing and promoting crime prevention services and educational programs that serve the public, including, but not limited to:

b. A well-publicized rewards program for the apprehension and conviction of criminals who perpetrate violent crimes.

7. Enhancing information sharing and assistance in the criminal justice community by expanding the use of community partnerships and community policing programs. Such expansion may include the use of civilian employees or volunteers to relieve law enforcement officers of clerical work in order to enable the officers to concentrate on street visibility within the community.

(b) ~~Additionally~~, The council shall:

1. ~~Receive periodic reports from~~ ~~Advise the executive director on the creation of~~ regional violent crime investigation and statewide drug control strategy implementation coordinating teams which relate to violent crime trends or the investigative needs or successes in the regions, factors and trends relevant to the implementation of the statewide drug strategy, and the results of drug control and illicit money laundering investigative efforts funded in part by the council.

(c) The lead law enforcement agency providing victim or witness protective or temporary relocation services pursuant to the provisions of s. 914.25 may submit a request for reimbursement to the Victim and Witness Protection Review Committee in a format approved by the committee. The lead law enforcement agency shall submit such reimbursement request on behalf of all law enforcement agencies that cooperated in providing protective or temporary relocation services related to a particular criminal investigation or prosecution. As part of the reimbursement request, the lead law enforcement agency must indicate how any reimbursement proceeds will be distributed among the agencies that provided protective or temporary relocation services.

(e) *The committee may conduct its meeting by teleconference or conference phone calls when the chair of the committee finds that the need for reimbursement is such that delaying until the next scheduled council meeting will adversely affect the requesting agency's ability to provide the protection services.*

(7) CONFIDENTIALITY; EXEMPTED PORTIONS OF COUNCIL MEETINGS AND RECORDS.—

(a)1. The Legislature finds that during limited portions of the meetings of the Florida Violent Crime and Drug Control Council it is necessary that the council be presented with and discuss details, information, and documents related to active criminal investigations or matters constituting active criminal intelligence, as those concepts are defined by s. 119.011. These presentations and discussions are necessary for the council to make its funding decisions as required by the Legislature. The Legislature finds that to reveal the contents of documents containing active criminal investigative or intelligence information or to allow active criminal investigative or active criminal intelligence matters to be discussed in a meeting open to the public negatively impacts the ability of law enforcement agencies to efficiently continue their investigative or intelligence gathering activities. The Legislature finds that information coming before the council that pertains to active criminal investigations or intelligence should remain confidential and exempt from public disclosure. The Legislature finds that the Florida Violent Crime and Drug Control Council may, by declaring only those portions of council meetings in which active criminal investigative or active criminal intelligence information is to be presented or discussed closed to the public, assure an appropriate balance between the policy of this state that meetings be public and the policy of this state to facilitate efficient law enforcement efforts.

2. The Legislature finds that it is a public necessity that portions of the meetings of the Florida Violent Crime and Drug Control Council be closed when the confidential details, information, and documents related to active criminal investigations or matters constituting active criminal intelligence are discussed. The Legislature further finds that it is no less a public necessity that portions of public records generated at closed council meetings, such as tape recordings, minutes, and notes, memorializing the discussions regarding such confidential details, information, and documents related to active criminal investigations or matters constituting active criminal intelligence, also shall be held confidential.

(b) The Florida Violent Crime and Drug Control Council shall be considered a "criminal justice agency" within the definition of s. 119.011(4).

(c)1. The Florida Violent Crime and Drug Control Council may close portions of meetings during which the council will hear or discuss active criminal investigative information or active criminal intelligence information, and such portions of meetings shall be exempt from the provisions of s. 286.011 and s. 24(b), Art. I of the State Constitution, provided that the following conditions are met:

a. The chair of the council shall advise the council at a public meeting that, in connection with the performance of a council duty, it is necessary that the council hear or discuss active criminal investigative information or active criminal intelligence information.

b. The chair's declaration of necessity for closure and the specific reasons for such necessity shall be stated in writing in a document that shall be a public record and shall be filed with the official records of the council.

c. The entire closed session shall be recorded. The recording shall include the times of commencement and termination of the closed session, all discussion and proceedings, and the names of all persons present. No portion of the session shall be off the record. Such recording shall be maintained by the council, and is exempt from the provisions of s. 119.07(1) and s. 24(a), Art. I of the State Constitution until such time as the criminal investigative information or criminal intelligence information that justifies closure ceases to be active, at which time the portion of the record related to the no longer active information or intelligence shall be open for public inspection and copying.

The exemption in this paragraph is subject to the Open Government Sunset Review Act of 1995 in accordance with s. 119.15 and shall stand repealed on October 2, 2002, unless reviewed and saved from repeal through reenactment by the Legislature.

2. Only members of the council, Department of Law Enforcement staff supporting the council's function, and other persons whose presence has been authorized by *chair* of the council shall be allowed to attend the exempted portions of the council meetings. The council shall assure that any closure of its meetings as authorized by this section is limited so that the general policy of this state in favor of public meetings is maintained.

(d) Those portions of any public record, such as a tape recording, minutes, and notes, generated during that portion of a Florida Violent Crime and Drug Control Council meeting which is closed to the public pursuant to this section, which contain information relating to active criminal investigations or matters constituting active criminal intelligence, are confidential and exempt from the provisions of s. 119.07(1) and s. 24(a), Art. I of the State Constitution until such criminal investigative information or criminal intelligence information ceases to be active. The exemptions in this paragraph are subject to the Open Government Sunset Review Act of 1995 in accordance with s. 119.15 and shall stand repealed on October 2, 2002, unless reviewed and saved from repeal through reenactment by the Legislature.

Section 2. Subsection (5) of section 943.17, Florida Statutes, is amended to read:

943.17 Basic recruit, advanced, and career development training programs; participation; cost; evaluation.—The commission shall, by rule, design, implement, maintain, evaluate, and revise job-related curricula and performance standards for basic recruit, advanced, and career development training programs and courses. The rules shall include, but are not limited to, a methodology to assess relevance of the subject matter to the job, student performance, and instructor competency.

(5) The commission, in consultation with the Florida Violent Crime and Drug Control Council, shall establish standards for basic and advanced training programs for law enforcement officers in the subjects of investigating and preventing violent crime. After January 1, 1995, every basic skills course required in order for law enforcement officers to obtain initial certification must include training on violent crime prevention and investigations.

Section 3. Section 943.042, Florida Statutes, is amended to read:

943.042 Violent Crime Investigative Emergency and Drug Control Strategy Implementation Account within the Department of Law Enforcement Operating Trust Fund.—

(1) There is created a Violent Crime Investigative Emergency and Drug Control Strategy Implementation Account within the Department of Law Enforcement Operating Trust Fund. The account shall be used to provide emergency supplemental funds to:

(a) State and local law enforcement agencies which are involved in complex and lengthy violent crime investigations, or matching funding to multiagency or statewide drug control or illicit money laundering investigative efforts or task force efforts that significantly contribute to achieving the state's goal of reducing drug-related crime as articulated by the Office of Drug Control, that represent a significant illicit money laundering investigative effort, or that otherwise significantly support

statewide strategies developed by the Statewide Drug Policy Advisory Council established under s. 397.333;

(b) State and local law enforcement agencies which are involved in violent crime investigations which constitute a significant emergency within the state; or

(c) Counties which demonstrate a significant hardship or an inability to cover extraordinary expenses associated with a violent crime trial.

(2) In consultation with the Florida Violent Crime and Drug Control Council, the department must ~~maintain~~ promulgate rules which, at minimum, address the following:

(a) Criteria for determining what constitutes a complex and lengthy violent crime investigation for the purpose of this section.

(b) Criteria for determining those violent crime investigations which constitute a significant emergency within the state for the purpose of this section.

(c) Criteria for determining the circumstances under which counties may receive emergency supplemental funds for extraordinary expenses associated with a violent crime trial under this section.

(d) Guidelines which establish a \$100,000 maximum limit ~~limits~~ on the amount that may be disbursed on a single investigation and a \$200,000 maximum limit on funds that may be provided to a single agency during the agency's fiscal year.

(e) Procedures for law enforcement agencies to use when applying for funds, including certification by the head of the agency that a request complies with the requirements established by the council.

(f) Annual evaluation and audit of the trust fund.

(3) With regard to the funding of drug control or illicit money laundering investigative efforts or task force efforts, the department shall adopt rules which, at a minimum, address the following:

(a) Criteria for determining what constitutes a multiagency or statewide drug control or illicit money laundering investigative effort or task force effort eligible to seek funding under this section.

(b) Criteria for determining whether a multiagency or statewide investigation or task force effort significantly contributes to achieving the state's goals and strategies.

(c) Limitations upon the amount that may be disbursed yearly to a single multiagency or statewide drug control or illicit money laundering investigation or task force effort.

(d) Procedures to utilize when applying for funds, including a required designation of the amount of matching funds being provided by the task force or participating agencies and a signed commitment by the head of each agency seeking funds that funds so designated will be utilized as represented if council funding is provided.

(e) Requirements to expend funds provided by the council in the manner authorized by the council, and a method of accounting for the receipt, use, and disbursement of any funds expended in drug control or illicit money laundering investigative efforts or task force efforts funded in part under the authority of this section.

(f) Requirements for reporting by recipient agencies on the performance and accomplishments secured by the investigative or task force efforts, including a requirement that the reports demonstrate how the state's drug control goals and strategies have been promoted by the efforts, and how other investigative goals have been met, including arrests made by such efforts, results of prosecutions based on such arrests, impact upon organized criminal enterprise structures by reason of such efforts, property or currency seizures made, illicit money laundering operations disrupted or otherwise impacted, forfeiture of assets by reason of such efforts, and anticipated or actual utilization of assets received by reason of a forfeiture based in whole or in part upon an investigation funded in whole or in part by council funds.

(4)(3)(a) Except as permitted in this section, a disbursement from ~~for~~ the Violent Crime Investigative Emergency and Drug Control Strategy

Implementation Account shall not be used to supplant existing appropriations of state and local law enforcement agencies and counties or to otherwise fund expenditures that are ordinary or reasonably predictable for the operation of a state or local law enforcement agency.

(b) The moneys placed in the account shall consist of appropriations from the Legislature or moneys received from any other public or private source. Any local law enforcement agency that acquires funds pursuant to the Florida Contraband Forfeiture Act or any other forfeiture action is authorized to donate a portion of such funds to the account.

(c) Upon a finding by a majority of the members of the council, any unexcused failure by recipient agencies or task forces to utilize funds in the manner authorized by this section and the Florida Violent Crime and Drug Control Council, or to timely provide required accounting records, reports, or other information requested by the council or by the department related to funding requested or provided, shall:

1. Constitute a basis for a demand by the council for the immediate return of all or any portion of funds previously provided to the recipient by the council; and

2. Result in termination or limitation of any pending funding by the council under this section,

and may, upon specific direction of a majority of the council, result in disqualification of the involved agencies or task forces from consideration for additional or future funding for investigative efforts as described in this section for a period of not more than 2 years following the council's action. The council, through the department, is authorized to pursue any collection remedies necessary if a recipient agency fails to return funds as demanded.

Section 4. Section 943.0585, Florida Statutes, is amended to read:

943.0585 Court-ordered expunction of criminal history records.—The courts of this state have jurisdiction over their own procedures, including the maintenance, expunction, and correction of judicial records containing criminal history information to the extent such procedures are not inconsistent with the conditions, responsibilities, and duties established by this section. Any court of competent jurisdiction may order a criminal justice agency to expunge the criminal history record of a minor or an adult who complies with the requirements of this section. The court shall not order a criminal justice agency to expunge a criminal history record until the person seeking to expunge a criminal history record has applied for and received a certificate of eligibility for expunction pursuant to subsection (2). A criminal history record that relates to a violation of s. 787.025, chapter 794, s. 796.03, s. 800.04, s. 817.034, s. 825.1025, s. 827.071, chapter 839, s. 847.0133, s. 847.0135, s. 847.0145, s. 893.135, or a violation enumerated in s. 907.041 may not be expunged, without regard to whether adjudication was withheld, if the defendant was found guilty of or pled guilty or nolo contendere to the offense, or if the defendant, as a minor, was found to have committed, or pled guilty or nolo contendere to committing, the offense as a delinquent act. The court may only order expunction of a criminal history record pertaining to one arrest or one incident of alleged criminal activity, except as provided in this section. The court may, at its sole discretion, order the expunction of a criminal history record pertaining to more than one arrest if the additional arrests directly relate to the original arrest. If the court intends to order the expunction of records pertaining to such additional arrests, such intent must be specified in the order. A criminal justice agency may not expunge any record pertaining to such additional arrests if the order to expunge does not articulate the intention of the court to expunge a record pertaining to more than one arrest. This section does not prevent the court from ordering the expunction of only a portion of a criminal history record pertaining to one arrest or one incident of alleged criminal activity. Notwithstanding any law to the contrary, a criminal justice agency may comply with laws, court orders, and official requests of other jurisdictions relating to expunction, correction, or confidential handling of criminal history records or information derived therefrom. This section does not confer any right to the expunction of any criminal history record, and any request for expunction of a criminal history record may be denied at the sole discretion of the court.

(1) PETITION TO EXPUNGE A CRIMINAL HISTORY RECORD.—Each petition to a court to expunge a criminal history record is complete only when accompanied by:

(a) A certificate of eligibility for expunction issued by the department pursuant to subsection (2).

(b) The petitioner's sworn statement attesting that the petitioner:

1. Has never, prior to the date on which the petition is filed, been adjudicated guilty of a criminal offense or comparable ordinance violation or adjudicated delinquent for committing a felony or a misdemeanor specified in s. 943.051(3)(b).

2. Has not been adjudicated guilty of, or adjudicated delinquent for committing, any of the acts stemming from the arrest or alleged criminal activity to which the petition pertains.

3. Has never secured a prior sealing or expunction of a criminal history record under this section, former s. 893.14, former s. 901.33, or former s. 943.058, or from any jurisdiction outside the state.

4. Is eligible for such an expunction to the best of his or her knowledge or belief and does not have any other petition to expunge or any petition to seal pending before any court.

Any person who knowingly provides false information on such sworn statement to the court commits a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

(2) CERTIFICATE OF ELIGIBILITY FOR EXPUNCTION.—Prior to petitioning the court to expunge a criminal history record, a person seeking to expunge a criminal history record shall apply to the department for a certificate of eligibility for expunction. The department shall, by rule adopted pursuant to chapter 120, establish procedures pertaining to the application for and issuance of certificates of eligibility for expunction. The department shall issue a certificate of eligibility for expunction to a person who is the subject of a criminal history record if that person:

(a) Has obtained, and submitted to the department, a written, certified statement from the appropriate state attorney or statewide prosecutor which indicates:

1. That an indictment, information, or other charging document was not filed or issued in the case.

2. That an indictment, information, or other charging document, if filed or issued in the case, was dismissed or nolle prosequi by the state attorney or statewide prosecutor, or was dismissed by a court of competent jurisdiction.

3. That the criminal history record does not relate to a violation of s. 787.025, chapter 794, s. 796.03, s. 800.04, s. 817.034, s. 825.1025, s. 827.071, chapter 839, s. 847.0133, s. 847.0135, s. 847.0145, s. 893.135, or a violation enumerated in s. 907.041, where the defendant was found guilty of, or pled guilty or nolo contendere to any such offense, or that the defendant, as a minor, was found to have committed, or pled guilty or nolo contendere to committing, such an offense as a delinquent act, without regard to whether adjudication was withheld.

(b) Remits a \$75 processing fee to the department for placement in the Department of Law Enforcement Operating Trust Fund, unless such fee is waived by the executive director.

(c) Has submitted to the department a certified copy of the disposition of the charge to which the petition to expunge pertains.

(d) Has never, prior to the date on which the application for a certificate of eligibility is filed, been adjudicated guilty of a criminal offense or comparable ordinance violation or adjudicated delinquent for committing a felony or a misdemeanor specified in s. 943.051(3)(b).

(e) Has not been adjudicated guilty of, or adjudicated delinquent for committing, any of the acts stemming from the arrest or alleged criminal activity to which the petition to expunge pertains.

(f) Has never secured a prior sealing or expunction of a criminal history record under this section, former s. 893.14, former s. 901.33, or former s. 943.058.

(g) Is no longer under court supervision applicable to the disposition of the arrest or alleged criminal activity to which the petition to expunge pertains.

(h) Is not required to wait a minimum of 10 years prior to being eligible for an expunction of such records because all charges related to

the arrest or criminal activity to which the petition to expunge pertains were dismissed prior to trial, adjudication, or the withholding of adjudication. Otherwise, such criminal history record must be sealed under this section, former s. 893.14, former s. 901.33, or former s. 943.058 for at least 10 years before such record is eligible for expunction.

(3) PROCESSING OF A PETITION OR ORDER TO EXPUNGE.—

(a) In judicial proceedings under this section, a copy of the completed petition to expunge shall be served upon the appropriate state attorney or the statewide prosecutor and upon the arresting agency; however, it is not necessary to make any agency other than the state a party. The appropriate state attorney or the statewide prosecutor and the arresting agency may respond to the court regarding the completed petition to expunge.

(b) If relief is granted by the court, the clerk of the court shall certify copies of the order to the appropriate state attorney or the statewide prosecutor and the arresting agency. The arresting agency is responsible for forwarding the order to any other agency to which the arresting agency disseminated the criminal history record information to which the order pertains. The department shall forward the order to expunge to the Federal Bureau of Investigation. The clerk of the court shall certify a copy of the order to any other agency which the records of the court reflect has received the criminal history record from the court.

(c) For an order to expunge entered by a court prior to July 1, 1992, the department shall notify the appropriate state attorney or statewide prosecutor of an order to expunge which is contrary to law because the person who is the subject of the record has previously been convicted of a crime or comparable ordinance violation or has had a prior criminal history record sealed or expunged. Upon receipt of such notice, the appropriate state attorney or statewide prosecutor shall take action, within 60 days, to correct the record and petition the court to void the order to expunge. The department shall seal the record until such time as the order is voided by the court.

(d) On or after July 1, 1992, the department or any other criminal justice agency is not required to act on an order to expunge entered by a court when such order does not comply with the requirements of this section. Upon receipt of such an order, the department must notify the issuing court, the appropriate state attorney or statewide prosecutor, the petitioner or the petitioner's attorney, and the arresting agency of the reason for noncompliance. The appropriate state attorney or statewide prosecutor shall take action within 60 days to correct the record and petition the court to void the order. No cause of action, including contempt of court, shall arise against any criminal justice agency for failure to comply with an order to expunge when the petitioner for such order failed to obtain the certificate of eligibility as required by this section or such order does not otherwise comply with the requirements of this section.

(4) EFFECT OF CRIMINAL HISTORY RECORD EXPUNCTION.—Any criminal history record of a minor or an adult which is ordered expunged by a court of competent jurisdiction pursuant to this section must be physically destroyed or obliterated by any criminal justice agency having custody of such record; except that any criminal history record in the custody of the department must be retained in all cases. A criminal history record ordered expunged that is retained by the department is confidential and exempt from the provisions of s. 119.07(1) and s. 24(a), Art. I of the State Constitution and not available to any person or entity except upon order of a court of competent jurisdiction. A criminal justice agency may retain a notation indicating compliance with an order to expunge.

(a) The person who is the subject of a criminal history record that is expunged under this section or under other provisions of law, including former s. 893.14, former s. 901.33, and former s. 943.058, may lawfully deny or fail to acknowledge the arrests covered by the expunged record, except when the subject of the record:

1. Is a candidate for employment with a criminal justice agency;
2. Is a defendant in a criminal prosecution;

(5) STATUTORY REFERENCES.—Any reference to any other chapter, section, or subdivision of the Florida Statutes in this section constitutes a general reference under the doctrine of incorporation by reference.

Section 5. Section 943.059, Florida Statutes, is amended to read:

943.059 Court-ordered sealing of criminal history records.—The courts of this state shall continue to have jurisdiction over their own procedures, including the maintenance, sealing, and correction of judicial records containing criminal history information to the extent such procedures are not inconsistent with the conditions, responsibilities, and duties established by this section. Any court of competent jurisdiction may order a criminal justice agency to seal the criminal history record of a minor or an adult who complies with the requirements of this section. The court shall not order a criminal justice agency to seal a criminal history record until the person seeking to seal a criminal history record has applied for and received a certificate of eligibility for sealing pursuant to subsection (2). A criminal history record that relates to a violation of s. 787.025, chapter 794, s. 796.03, s. 800.04, s. 817.034, s. 825.1025, s. 827.071, chapter 839, s. 847.0133, s. 847.0135, s. 847.0145, s. 893.135, or a violation enumerated in s. 907.041 may not be sealed, without regard to whether adjudication was withheld, if the defendant was found guilty of or pled guilty or nolo contendere to the offense, or if the defendant, as a minor, was found to have committed or pled guilty or nolo contendere to committing the offense as a delinquent act. The court may only order sealing of a criminal history record pertaining to one arrest or one incident of alleged criminal activity, except as provided in this section. The court may, at its sole discretion, order the sealing of a criminal history record pertaining to more than one arrest if the additional arrests directly relate to the original arrest. If the court intends to order the sealing of records pertaining to such additional arrests, such intent must be specified in the order. A criminal justice agency may not seal any record pertaining to such additional arrests if the order to seal does not articulate the intention of the court to seal records pertaining to more than one arrest. This section does not prevent the court from ordering the sealing of only a portion of a criminal history record pertaining to one arrest or one incident of alleged criminal activity. Notwithstanding any law to the contrary, a criminal justice

agency may comply with laws, court orders, and official requests of other jurisdictions relating to sealing, correction, or confidential handling of criminal history records or information derived therefrom. This section does not confer any right to the sealing of any criminal history record, and any request for sealing a criminal history record may be denied at the sole discretion of the court.

(1) **PETITION TO SEAL A CRIMINAL HISTORY RECORD.**—Each petition to a court to seal a criminal history record is complete only when accompanied by:

(a) A certificate of eligibility for sealing issued by the department pursuant to subsection (2).

(b) The petitioner's sworn statement attesting that the petitioner:

1. Has never, prior to the date on which the petition is filed, been adjudicated guilty of a criminal offense or comparable ordinance violation or adjudicated delinquent for committing a felony or a misdemeanor specified in s. 943.051(3)(b).

2. Has not been adjudicated guilty of or adjudicated delinquent for committing any of the acts stemming from the arrest or alleged criminal activity to which the petition to seal pertains.

3. Has never secured a prior sealing or expunction of a criminal history record under this section, former s. 893.14, former s. 901.33, former s. 943.058, or from any jurisdiction outside the state.

4. Is eligible for such a sealing to the best of his or her knowledge or belief and does not have any other petition to seal or any petition to expunge pending before any court.

Any person who knowingly provides false information on such sworn statement to the court commits a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

(2) **CERTIFICATE OF ELIGIBILITY FOR SEALING.**—Prior to petitioning the court to seal a criminal history record, a person seeking to seal a criminal history record shall apply to the department for a certificate of eligibility for sealing. The department shall, by rule adopted pursuant to chapter 120, establish procedures pertaining to the application for and issuance of certificates of eligibility for sealing. The department shall issue a certificate of eligibility for sealing to a person who is the subject of a criminal history record provided that such person:

(a) Has submitted to the department a certified copy of the disposition of the charge to which the petition to seal pertains.

(b) Remits a \$75 processing fee to the department for placement in the Department of Law Enforcement Operating Trust Fund, unless such fee is waived by the executive director.

(c) Has never, prior to the date on which the application for a certificate of eligibility is filed, been adjudicated guilty of a criminal offense or comparable ordinance violation or adjudicated delinquent for committing a felony or a misdemeanor specified in s. 943.051(3)(b).

(d) Has not been adjudicated guilty of or adjudicated delinquent for committing any of the acts stemming from the arrest or alleged criminal activity to which the petition to seal pertains.

(e) Has never secured a prior sealing or expunction of a criminal history record under this section, former s. 893.14, former s. 901.33, or former s. 943.058.

(f) Is no longer under court supervision applicable to the disposition of the arrest or alleged criminal activity to which the petition to seal pertains.

(3) **PROCESSING OF A PETITION OR ORDER TO SEAL.**—

(a) In judicial proceedings under this section, a copy of the completed petition to seal shall be served upon the appropriate state attorney or the statewide prosecutor and upon the arresting agency; however, it is not necessary to make any agency other than the state a party. The appropriate state attorney or the statewide prosecutor and the arresting agency may respond to the court regarding the completed petition to seal.

(b) If relief is granted by the court, the clerk of the court shall certify copies of the order to the appropriate state attorney or the statewide prosecutor and to the arresting agency. The arresting agency is responsible for forwarding the order to any other agency to which the arresting agency disseminated the criminal history record information to which the order pertains. The department shall forward the order to seal to the Federal Bureau of Investigation. The clerk of the court shall certify a copy of the order to any other agency which the records of the court reflect has received the criminal history record from the court.

(c) For an order to seal entered by a court prior to July 1, 1992, the department shall notify the appropriate state attorney or statewide prosecutor of any order to seal which is contrary to law because the person who is the subject of the record has previously been convicted of a crime or comparable ordinance violation or has had a prior criminal history record sealed or expunged. Upon receipt of such notice, the appropriate state attorney or statewide prosecutor shall take action, within 60 days, to correct the record and petition the court to void the order to seal. The department shall seal the record until such time as the order is voided by the court.

(d) On or after July 1, 1992, the department or any other criminal justice agency is not required to act on an order to seal entered by a court when such order does not comply with the requirements of this section. Upon receipt of such an order, the department must notify the issuing court, the appropriate state attorney or statewide prosecutor, the petitioner or the petitioner's attorney, and the arresting agency of the reason for noncompliance. The appropriate state attorney or statewide prosecutor shall take action within 60 days to correct the record and petition the court to void the order. No cause of action, including contempt of court, shall arise against any criminal justice agency for failure to comply with an order to seal when the petitioner for such order failed to obtain the certificate of eligibility as required by this section or when such order does not comply with the requirements of this section.

(e) An order sealing a criminal history record pursuant to this section does not require that such record be surrendered to the court, and such record shall continue to be maintained by the department and other criminal justice agencies.

(4) **EFFECT OF CRIMINAL HISTORY RECORD SEALING.**—A criminal history record of a minor or an adult which is ordered sealed by a court of competent jurisdiction pursuant to this section is confidential and exempt from the provisions of s. 119.07(1) and s. 24(a), Art. I of the State Constitution and is available only to the person who is the subject of the record, to the subject's attorney, to criminal justice agencies for their respective criminal justice purposes, or to those entities set forth in subparagraphs (a)1., 4., 5., and 6. for their respective licensing and employment purposes.

(a) The subject of a criminal history record sealed under this section or under other provisions of law, including former s. 893.14, former s. 901.33, and former s. 943.058, may lawfully deny or fail to acknowledge the arrests covered by the sealed record, except when the subject of the record:

2. Is a defendant in a criminal prosecution;
3. Concurrently or subsequently petitions for relief under this section or s. 943.0585;
4. Is a candidate for admission to The Florida Bar;

6. Is seeking to be employed or licensed by the Office of Teacher Education, Certification, Staff Development, and Professional Practices of the Department of Education, any district school board, or any local governmental entity which licenses child care facilities.

(b) Subject to the exceptions in paragraph (a), a person who has been granted a sealing under this section, former s. 893.14, former s. 901.33,

or former s. 943.058 may not be held under any provision of law of this state to commit perjury or to be otherwise liable for giving a false statement by reason of such person's failure to recite or acknowledge a sealed criminal history record.

(c) Information relating to the existence of a sealed criminal record provided in accordance with the provisions of paragraph (a) is confidential and exempt from the provisions of s. 119.07(1) and s. 24(a), Art. I of the State Constitution, except that the department shall disclose the sealed criminal history record to the entities set forth in subparagraphs (a)1., 4., 5., and 6. for their respective licensing and employment purposes. It is unlawful for any employee of an entity set forth in subparagraph (a)1., subparagraph (a)4., subparagraph (a)5., or subparagraph (a)6. to disclose information relating to the existence of a sealed criminal history record of a person seeking employment or licensure with such entity or contractor, except to the person to whom the criminal history record relates or to persons having direct responsibility for employment or licensure decisions. Any person who violates the provisions of this paragraph commits a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083.

(5) STATUTORY REFERENCES.—Any reference to any other chapter, section, or subdivision of the Florida Statutes in this section constitutes a general reference under the doctrine of incorporation by reference.

Section 6. Section 943.325, Florida Statutes, is amended to read:

943.325 Blood or other biological specimen testing for DNA analysis.—

(1)(a) Any person who is convicted or was previously convicted in this state for any offense or attempted offense defined in chapter 794, chapter 800, s. 782.04, s. 784.045, s. 810.02, s. 812.133, or s. 812.135 and who is either:

1. Still incarcerated, or

2. No longer incarcerated, or has never been incarcerated, yet ~~but~~ is within the confines of the legal state boundaries and is on probation, community control, parole, conditional release, control release, or any other court-ordered supervision,

(b) For the purpose of this section, the term "any person" shall include both juveniles and adults committed to or under the supervision of the Department of Corrections or the Department of Juvenile Justice or committed to a county jail.

(2) The withdrawal of blood for purposes of this section shall be performed in a medically approved manner using a collection kit provided by, or accepted by, the Department of Law Enforcement and only by or under the supervision of a physician, registered nurse, licensed practical nurse, or duly licensed medical personnel, or other trained and competent personnel. The collection of other approved biological specimens shall be performed by any person using a collection kit provided by, or accepted by, the Department of Law Enforcement in a manner approved by the department, as directed in the kit, or as otherwise found to be acceptable by the department.

(3) Upon a conviction of any person for any offense under paragraph (1)(a) which results in the commitment of the offender to a county jail, correctional facility, or juvenile facility, the entity responsible for the facility shall assure that the blood specimens or other biological specimens required by this section and approved by the Department of Law Enforcement are promptly secured and transmitted to the Department of Law Enforcement. If the person is not incarcerated following such conviction, the person may not be released from the custody of the court or released pursuant to a bond or surety until the blood specimens or other approved biological specimens required by this section have been taken. The chief judge of each circuit shall, in conjunction with the sheriff or other entity that maintains the county jail, assure implementation of a method to promptly collect required blood specimens or other approved biological specimens and forward the specimens to the Department of Law Enforcement. The Department of Law Enforcement, in

conjunction with the sheriff, the courts, the Department of Corrections, and the Department of Juvenile Justice, shall develop a statewide protocol for securing the blood specimens or other approved biological specimens of any person required to provide specimens under this section. Personnel at the jail, correctional facility, or juvenile facility shall implement the protocol as part of the regular processing of offenders.

(4) If any blood specimens or other approved biological specimens submitted to the Department of Law Enforcement under this section are found to be unacceptable for analysis and use or cannot be used by the department in the manner required by this section, the Department of Law Enforcement may require that another set of blood specimens or other approved biological specimens be taken as set forth in subsection (11).

(5) The Department of Law Enforcement shall provide the specimen vials, mailing tubes, labels, or other appropriate containers and instructions for the collection of blood specimens or other approved biological specimens. The specimens shall thereafter be forwarded to the designated testing facility for analysis to determine genetic markers and characteristics for the purpose of individual identification of the person submitting the sample.

(6) In addition to the specimens required to be submitted under this section, the Department of Law Enforcement may receive and utilize other blood specimens or other approved biological specimens. Any The analysis, when completed, shall be entered into the automated database maintained by the Department of Law Enforcement for such purpose, as provided in this section, and shall not be included in the state central criminal justice information repository.

(7) The results of a DNA analysis and the comparison of analytic results shall be released only to criminal justice agencies as defined in s. 943.045(10), at the request of the agency. Otherwise, such information is confidential and exempt from the provisions of s. 119.07(1) and s. 24(a), Art. I of the State Constitution.

(8) The Department of Law Enforcement and the statewide criminal laboratory analysis system shall establish, implement, and maintain a statewide automated personal identification system capable of, but not limited to, classifying, matching, and storing analyses of DNA (deoxyribonucleic acid) and other biological molecules. The system shall be available to all criminal justice agencies.

(9) The Department of Law Enforcement shall:

(a) Receive, process, and store blood specimen samples or other approved biological specimen samples and the data derived therefrom furnished pursuant to subsection (1), or pursuant to a requirement of supervision imposed by the court or the Parole Commission with respect to a person convicted of any offense specified in subsection (1), or as specified in subsection (6).

(b) Collect, process, maintain, and disseminate information and records pursuant to this section.

(c) Strive to maintain or disseminate only accurate and complete records.

(d) Adopt rules prescribing the proper procedure for state and local law enforcement and correctional agencies to collect and submit blood specimen samples and other approved biological specimen samples pursuant to this section.

(10)(a) The court shall include in the judgment of conviction for an offense specified in this section, or a finding that a person described in subsection (1) violated a condition of probation, community control, or any other court-ordered supervision, an order stating that blood specimens or other approved biological specimens are required to be drawn or collected by the appropriate agency in a manner consistent with this section and, unless the convicted person lacks the ability to pay, the person shall reimburse the appropriate agency for the cost of drawing and transmitting the blood specimens or collecting and transmitting other approved biological specimens to the Florida Department of Law Enforcement. The reimbursement payment may be deducted from any existing balance in the inmate's bank account. If the account balance is insufficient to cover the cost of drawing and transmitting the blood specimens or collecting and transmitting other approved biological specimens to the Florida Department of Law Enforcement, 50 percent of each

deposit to the account must be withheld until the total amount owed has been paid. If the judgment places the convicted person on probation, community control, or any other court-ordered supervision, the court shall order the convicted person to submit to the drawing of the blood specimens *or the collecting of other approved biological specimens* as a condition of the probation, community control, or other court-ordered supervision. For the purposes of a person who is on probation, community control, or any other court-ordered supervision, the collection requirement must be based upon a court order, or as otherwise provided by the person in the absence of a court order. If the judgment sentences the convicted person to time served, the court shall order the convicted person to submit to the drawing of the blood specimens *or the collecting of other approved biological specimens* as a condition of such sentence.

(b) The appropriate agency shall cause the specimens to be drawn *or collected* as soon as practical after conviction but, in the case of any person ordered to serve a term of incarceration as part of the sentence, the specimen shall be drawn *or collected* as soon as practical after the receipt of the convicted person by the custodial facility. For the purpose of this section, the appropriate agency shall be the Department of Corrections whenever the convicted person is committed to the legal and physical custody of the department. Conviction information contained in the offender information system of the Department of Corrections shall be sufficient to determine applicability under this section. The appropriate agency shall be the sheriff or officer in charge of the county correctional facility whenever the convicted person is placed on probation, community control, or any other court-ordered supervision or form of supervised release or is committed to the legal and physical custody of a county correctional facility.

(c) Any person previously convicted of an offense specified in this section, or a crime which, if committed in this state, would be an offense specified in this section, and who is also subject to the registration requirement imposed by s. 775.13, shall be subject to the collection requirement of this section when the appropriate agency described in this section verifies the identification information of the person. The collection requirement of this section does not apply to a person as described in s. 775.13(5).

(d) For the purposes of this section, conviction shall include a finding of guilty, or entry of a plea of *nolo contendere* or guilty, regardless of adjudication or, in the case of a juvenile, the finding of delinquency.

(e) If necessary, the state or local law enforcement or correctional agency having authority over the person subject to the sampling under this section shall assist in the procedure. The law enforcement or correctional officer so assisting may use reasonable force if necessary to require such person to submit to the withdrawal of blood specimens *or the collection of other approved biological specimens*. Any such ~~The~~ withdrawal *or collection* shall be performed in a reasonable manner. A hospital, clinical laboratory, medical clinic, or similar medical institution; a physician, certified paramedic, registered nurse, licensed practical nurse, or other personnel authorized by a hospital to draw blood; a licensed clinical laboratory director, supervisor, technologist, or technician; or any other person who assists a law enforcement officer is not civilly or criminally liable as a result of withdrawing blood specimens according to accepted medical standards when requested to do so by a law enforcement officer or any personnel of a jail, correctional facility, or juvenile detention facility, regardless of whether the convicted person resisted the drawing of blood specimens. *A person other than the subject required to provide the biological specimens who collects or assists in the collection of approved specimens other than blood is not civilly or criminally liable if a collection kit provided by, or accepted by, the Department of Law Enforcement is utilized and the collection is done in a manner approved by the department, as directed in the kit, or is performed in an otherwise reasonable manner.*

(f) If a judgment fails to order the convicted person to submit to the drawing of the blood specimens *or the collecting of other approved biological specimens* as mandated by this section, the state attorney may seek an amended order from the sentencing court mandating the submission of blood specimens *or other approved biological specimens* in compliance with this section. As an alternative, the department, a state attorney, the Department of Corrections, or any law enforcement agency may seek a court order to secure the blood specimens *or other approved biological specimens* as authorized in subsection (11).

(11) If the Department of Law Enforcement determines that a convicted person who is required to submit blood specimens *or other ap-*

proved biological specimens under this section has not provided the specimens, the department, a state attorney, or any law enforcement agency may apply to the circuit court for an order that authorizes taking the convicted person into custody for the purpose of securing the required specimens. The court shall issue the order upon a showing of probable cause. Following issuance of the order, the convicted person shall be transported to a location acceptable to the agency that has custody of the person, the blood specimens *or other approved biological specimens* shall be withdrawn *or collected* in a reasonable manner, and the person shall be released if there is no other reason to justify retaining the person in custody. *An agency acting under authority of an order under this section may, in lieu of transporting the convicted person to a collection site, secure the blood specimens or other approved biological specimens at the location of the convicted person in a reasonable manner. If the convicted person resists providing the specimens, reasonable force may be utilized to secure the specimens and any person utilizing such force to secure the specimens or reasonably assisting in the securing of the specimens is not civilly or criminally liable for actions taken.* The agency that takes the convicted person into custody may, but is not required to, transport the person back to the location where the person was taken into custody.

(12) Unless the convicted person has been declared indigent by the court, the convicted person shall pay the actual costs of collecting the blood specimens *or other approved biological specimens* required under this section.

(13) If a court, a law enforcement agency, or the Department of Law Enforcement fails to strictly comply with this section or to abide by a statewide protocol for collecting blood specimens *or other approved biological specimens*, such failure is not grounds for challenging the validity of the collection or the use of a specimen, and evidence based upon or derived from the collected blood specimens *or other approved biological specimens* may not be excluded by a court.

Section 7. Subsection (2) of section 760.40, Florida Statutes, is amended to read:

760.40 Genetic testing; informed consent; confidentiality.—

Such information held by a public entity is exempt from the provisions of s. 119.07(1) and s. 24(a), Art. I of the State Constitution.

(b) A person who violates paragraph (a) is guilty of a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083.

Section 8. Section 843.167, Florida Statutes, is created to read:

843.167 *Unlawful use of police communications; enhanced penalties.--*

(1) *A person may not:*

(b) *Divulge the existence, contents, substance, purport, effect, or meaning of a police radio communication to any person he or she knows to be a suspect in the commission of a crime with the intent that the suspect may escape from or avoid detention, arrest, trial, conviction, or punishment.*

(2) *Any person who is charged with a crime and who, during the time such crime was committed, possessed or used a police scanner or similar device capable of receiving police radio transmissions is presumed to have violated paragraph (1)(a).*

(3) *The penalty for a crime that is committed by a person who violates paragraph (1)(a) shall be enhanced as follows:*

(a) A misdemeanor of the second degree shall be punished as if it were a misdemeanor of the first degree.

(b) A misdemeanor of the first degree shall be punished as if it were a felony of the third degree.

(c) A felony of the third degree shall be punished as if it were a felony of the second degree.

(d) A felony of the second degree shall be punished as if it were a felony of the first degree.

(e) A felony of the first degree shall be punished as if it were a life felony.

(4) Any person who violates paragraph (1)(b) commits a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083.

Section 9. Subsection (3) of section 943.053, Florida Statutes, is amended to read:

943.053 Dissemination of criminal justice information; fees.—

(3) Criminal history information, including information relating to minors, compiled by the Criminal Justice Information Program from intrastate sources shall be available on a priority basis to criminal justice agencies for criminal justice purposes free of charge and, otherwise, to governmental agencies not qualified as criminal justice agencies on an approximate-cost basis. After providing the program with all known identifying information, persons in the private sector may be provided criminal history information upon tender of fees as established and in the manner prescribed by rule of the Department of Law Enforcement. Such fees shall approximate the actual cost of producing the record information. As used in this subsection, the department's determination of actual cost shall take into account the total cost of creating, storing, maintaining, updating, retrieving, improving, and providing criminal history information in a centralized, automated database, including personnel, technology, and infrastructure expenses. Actual cost shall be computed on a fee-per-record basis, and any access to criminal history information by the private sector as provided in this subsection shall be assessed the per-record fee without regard to the quantity or category of criminal history record information requested. Fees may be waived by the executive director of the Department of Law Enforcement for good cause shown.

Section 10. Section 943.0582, Florida Statutes, is created to read:

943.0582 Prearrest, postarrest, or teen court diversion program expunction.—

(1) Notwithstanding any law dealing generally with the preservation and destruction of public records, the department may provide, by rule adopted pursuant to chapter 120, for the expunction of any nonjudicial record of the arrest of a minor who has successfully completed a prearrest or postarrest diversion program for minors as authorized by s. 985.3065.

(2) As used in this section, the term "expunction" shall have the same meaning and effect as in s. 943.0585, except that:

(a) The provisions of s. 943.0585(4)(a) shall not apply, except that the criminal history record of a person whose record is expunged pursuant to this section shall be made available only to criminal justice agencies for the purpose of determining eligibility for prearrest, postarrest or teen court diversion programs, when the record is sought as part of a criminal investigation, or when the subject of the record is a candidate for employment with a criminal justice agency. For all other purposes, a person whose record is expunged pursuant to this section may lawfully deny or fail to acknowledge the arrest or charge covered by the expunged record.

(b) Records maintained by local criminal justice agencies in the county in which the arrest occurred that are eligible for expunction pursuant to this section shall be sealed as the term is used in s. 943.059.

(3) As used in this section, the term "nonviolent misdemeanor" includes simple assault or battery when prearrest or postarrest diversion expunction is approved in writing by the state attorney for the county in which the arrest occurred.

(4) The department shall expunge the nonjudicial arrest record of a minor who has successfully completed a prearrest or postarrest diversion program if that minor:

(a) Submits an application for prearrest or postarrest diversion expunction, on a form promulgated by the department, signed by the minor's parent or legal guardian or by the minor if he or she has reached the age of majority at the time of applying.

(b) Submits the application for prearrest or postarrest diversion expunction no later than 6 months after completion of the diversion program.

(c) Submits to the department, with the application, an official written statement from the state attorney for the county in which the arrest occurred certifying that he or she has successfully completed that county's prearrest or postarrest diversion program and that participation in the program is strictly limited to minors arrested for a nonviolent misdemeanor who have not otherwise been charged with or found to have committed any criminal offense or comparable ordinance violation.

(d) Participated in a prearrest or postarrest diversion program that expressly authorizes or permits such expunction to occur.

(e) Participated in a prearrest or postarrest diversion program based on an arrest for a nonviolent misdemeanor that would not qualify as an act of "domestic violence" as that term is defined in s. 741.28.

(f) Has never, prior to filing the application for expunction, been charged with or been found to have committed any criminal offense or comparable ordinance violation.

(5) The department is authorized to charge a \$75 processing fee for each request received for prearrest or postarrest diversion program expunction, for placement in the Department of Law Enforcement Operating Trust Fund, unless such fee is waived by the executive director.

The procedure for carrying out that duty is as prescribed in the Florida Probate Rules. If a legal guardian of the minor has previously been appointed and has no potential adverse interest to the minor, the court may not appoint a guardian ad litem to represent the minor's interests, unless the court determines that the appointment is otherwise necessary.

Amendment 1 (684284)(with title amendment)—On page 8, line 18 through page 16, line 14, delete those lines and insert:

Section 2. Paragraph (c) is added to subsection (2) of section 253.034, Florida Statutes, and subsection (6) of said section is amended, to read:

253.034 State-owned lands; uses.—

(2) As used in this section, the following phrases have the following meanings:

(c) *“Conservation lands” means lands that are currently managed for conservation, outdoor resource-based recreation, or archaeological or historic preservation, except those lands that were acquired solely to facilitate the acquisition of other conservation lands. Lands acquired for uses other than conservation, outdoor resource-based recreation, or archaeological or historic preservation shall not be designated conservation lands except as otherwise authorized under this section. These lands shall include, but not be limited to, the following: correction and detention facilities, military installations and facilities, state office buildings, maintenance yards, state university or state community college campuses, agricultural field stations or offices, tower sites, law enforcement and license facilities, laboratories, hospitals, clinics, and other sites that possess no significant natural or historical resources. However, lands*

acquired solely to facilitate the acquisition of other conservation lands, and for which the land management plan has not yet been completed or updated, may be evaluated by the Board of Trustees of the Internal Improvement Trust Fund on a case-by-case basis to determine if they will be designated conservation lands.

(6) The Board of Trustees of the Internal Improvement Trust Fund shall determine which lands, the title to which is vested in the board, may be surplus. ~~Notwithstanding s. 253.111,~~ For conservation lands, the board shall make a determination that the lands are no longer needed for conservation purposes and may dispose of them by a two-thirds vote. *In the case of a land exchange involving the disposition of conservation lands, the board must determine by at least a two-thirds vote that the exchange will result in a net positive conservation benefit.* For all other lands, the board shall make a determination that the lands are no longer needed and may dispose of them by majority vote.

(a) For the purposes of this subsection, all lands acquired by the state prior to July 1, 1999, using proceeds from the Preservation 2000 bonds, the Conservation and Recreation Lands Trust Fund, the Water Management Lands Trust Fund, Environmentally Endangered Lands Program, and the Save Our Coast Program and titled to the board, which lands are identified as core parcels or within original project boundaries, shall be deemed to have been acquired for conservation purposes.

(b) For any lands purchased by the state on or after July 1, 1999, a determination shall be made by the board prior to acquisition as to those parcels that shall be designated as having been acquired for conservation purposes. No lands acquired for use by the Department of Corrections, the Department of Management Services for use as state offices, the Department of Transportation, except those specifically managed for conservation or recreation purposes, or the State University System or the Florida Community College System shall be designated as having been purchased for conservation purposes.

(c) At least every 5 3 years, as a component of each land management plan or land use plan and in a form and manner prescribed by rule by the board, each management entity shall evaluate and indicate to the board those lands that the entity manages which are not being used for the purpose for which they were originally leased. Such lands shall be reviewed by the council for its recommendation as to whether such lands should be disposed of by the board.

(d) Lands owned by the board which are not actively managed by any state agency or for which a land management plan has not been completed pursuant to subsection (5) shall be reviewed by the council or its successor for its recommendation as to whether such lands should be disposed of by the board.

(e) Prior to any decision by the board to surplus lands, the Acquisition and Restoration Council shall review and make recommendations to the board concerning the request for surplus. The council shall determine whether the request for surplus is compatible with the resource values of and management objectives for such lands.

(f) In reviewing lands owned by the board, the council ~~or its successor~~ shall consider whether such lands would be more appropriately owned or managed by the county or other unit of local government in which the land is located. The council ~~or its successor~~ shall recommend to the board whether a sale, lease, or other conveyance to a local government would be in the best interests of the state and local government. The provisions of this paragraph in no way limit the provisions of ss. 253.111 and 253.115. Such lands shall be offered to the state, county, or local government for a period of 30 90 days. Permittable uses for such surplus lands may include public schools; public libraries; fire or law enforcement substations; and governmental, judicial, or recreational centers. County or local government requests for surplus lands shall be expedited throughout the surplus process. *If the county or local government does not elect to purchase such lands in accordance with s. 253.111, then any surplus determination involving other governmental agencies shall be made upon the board deciding the best public use of the lands. State agencies shall have the subsequent opportunity to acquire the surplus lands for a period not to exceed 30 days after the offer to a county or local government expires.* Surplus properties in which governmental agencies have expressed no interest shall then be available for sale on the private market.

(g) Lands determined to be surplus pursuant to this subsection shall be sold for ~~appraised fair market~~ value or the price paid by the state or

a water management district to originally acquire the lands, whichever is greater, except when the board or its designee determines a different sale price is in the public interest. However, for those that the price of lands sold as surplus to any unit of government, the price shall not exceed the price paid by the state or a water management district to originally acquire the lands. A unit of government which acquires title to lands hereunder for less than ~~appraised fair market~~ value may not sell or transfer title to all or any portion of the lands to any private owner for a period of 10 years. Any unit of government seeking to transfer or sell lands pursuant to this paragraph shall first allow the board of trustees to reacquire such lands. ~~The board of trustees may reacquire such lands for the price at which they sold such lands.~~

(h) Where a unit of government acquired land by gift, donation, grant, quit-claim deed, or other such conveyance where no monetary consideration was exchanged, the price of land sold as surplus *may be based on one appraisal. In the event that a single appraisal yields a value equal to or greater than \$1 million, a second appraisal is required. shall not exceed the fair market value of the lands. Fair market value shall be determined by the average of two separate appraisals.* The individual or entity requesting the surplus shall select and use appraisers from the list of approved appraisers maintained by the Division of State Lands in accordance with s. 253.025(6)(b). The individual or entity requesting the surplus is to incur all costs of the appraisals.

(i) After reviewing the recommendations of the council ~~or its successor~~, the board shall determine whether lands identified for surplus are to be held for other public purposes or whether such lands are no longer needed. The board may require an agency to release its interest in such lands. *For an agency that has requested the use of a property that was to be declared as surplus, said agency must have the property under lease within six months of the date of expiration of the notice provisions required under ss. 253.034(6) and 253.111.*

(j) Requests for surplus may be made by any public or private entity or person. All requests shall be submitted to the lead managing agency for review and recommendation to the council or its successor. Lead managing agencies shall have 90 days to review such requests and make recommendations. Any surplus requests that have not been acted upon within the 90-day time period shall be immediately scheduled for hearing at the next regularly scheduled meeting of the council or its successor. Requests for surplus pursuant to this paragraph shall not be required to be offered to local or state governments as provided in paragraph (f).

(k) Proceeds from any sale of surplus lands pursuant to this subsection shall be deposited into the fund from which such lands were acquired. However, if the fund from which the lands were originally acquired no longer exists, such proceeds shall be deposited into an appropriate account to be used for land management by the lead managing agency assigned the lands prior to the lands being declared surplus. *Funds received from the sale of surplus nonconservation lands, or lands that were acquired by gift, by donation, or for no consideration, shall be deposited into the Internal Improvement Trust Fund.*

(l) Notwithstanding the provisions of this subsection, no such disposition of land shall be made if such disposition would have the effect of causing all or any portion of the interest on any revenue bonds issued to lose the exclusion from gross income for federal income tax purposes.

(m) The sale of filled, formerly submerged land that does not exceed 5 acres in area is not subject to review by the council or its successor.

Section 3. Subsection (3) of section 253.111, Florida Statutes, is amended, and paragraph (c) is added to subsection (6) of said section, to read:

253.111 Notice to board of county commissioners before sale.—The Board of Trustees of the Internal Improvement Trust Fund of the state may not sell any land to which they hold title unless and until they afford an opportunity to the county in which such land is situated to receive such land on the following terms and conditions:

(3) If the board receives, within 30 45 days after notice is given to the board of county commissioners pursuant to subsection (1), the certified copy of the resolution provided for in subsection (2), the board shall forthwith convey to the county such land at a price that is equal to its appraised market value established by generally accepted professional

standards for real estate appraisal and subject to such other terms and conditions as the board determines.

- (6) This section does not apply to:
 - (a) Any land exchange approved by the board; ~~or~~
 - (b) The conveyance of any lands located within the Everglades Agricultural Area; ~~or-~~
 - (c) *Lands managed pursuant to ss. 253.781-253.785.*

Section 4. Paragraphs (h) and (i) of subsection (5) of section 253.115, Florida Statutes, are amended, and paragraph (j) is added to said subsection, to read:

- 253.115 Public notice and hearings.—
- (5) The notice and publication requirements of this section do not apply to:
 - (h) The conveyance of lands pursuant to the provisions of s. 373.4592(4)(b); ~~or~~
 - (i) Renewals, modifications, or assignments; ~~or-~~
 - (j) *Lands managed pursuant to ss. 253.781-253.785.*

Section 5. Subsection (2) of section 253.82, Florida Statutes, is amended to read:

- 253.82 Title of state or private owners to Murphy Act lands.—
- (2)(a) The title to any land which was acquired by the state under chapter 18296, Laws of Florida, 1937, except those parcels which have been sold, conveyed, dedicated, or released by the state pursuant to subsection (1), is hereby vested in the Board of Trustees of the Internal Improvement Trust Fund.

(b) Land to which title is vested in the board of trustees by paragraph (a) shall be treated in the same manner as other nonsovereignty lands owned by the board. However, any parcel of land the title to which is vested in the Board of Trustees of the Internal Improvement Trust Fund pursuant to this section which is 10 5 acres or less in size and has an appraised market value of \$250,000 \$100,000 or less is hereby declared surplus, *except for lands determined to be needed for state use*, and may be sold in any manner provided by law. *Only one appraisal shall be required for a sale of such land. All proceeds from the sale of such land shall be deposited into the Internal Improvement Trust Fund. The Board of Trustees of the Internal Improvement Trust Fund is authorized to adopt rules to implement the provisions of this subsection.* ~~Conservation and Recreation Lands Trust Fund.~~

(c) The holder of a claim or lien against land vested in the board of trustees by paragraph (a), including a municipality or special taxing district, has until October 1, 1985, to institute suit in a court of competent jurisdiction to establish or enforce the claim or lien. The failure to institute suit by October 1, 1985, is conclusive evidence of abandonment of the claim or lien, and such claim or lien will become unenforceable. This paragraph shall not operate to revive any claim or lien previously extinguished by operation of law.

Section 6. Section 253.86, Florida Statutes, is created to read:

253.86 *Management and use of state-owned or other uplands; rule-making authority.—*

(1) *The Office of Coastal and Aquatic Managed Areas of the Department of Environmental Protection shall have the authority to promulgate rules to govern the management and use of state-owned or other uplands assigned to it for management. Such rules may include, but shall not be limited to, establishing prohibited activities or restrictions on activities, consistent with the purposes for which the lands were acquired, designated, or dedicated, and charging fees for use of lands. All fees collected shall be used for the management of uplands managed by the office.*

(2) *Any person violating or otherwise failing to comply with the rules adopted under this section commits a noncriminal violation as defined in s. 775.08(3), punishable by fine, not to exceed \$500 per violation.*

The report shall be provided to the Secretary of Environmental Protection, who shall forward the report to the board of trustees for their approval. The report shall provide: recommendations for adjusting or expanding the goals detailed in s. 259.105(4); recommendations for adjusting the percentage distributions detailed in s. 259.105(3); and recommendations concerning other aspects of the Florida Forever Act. In making recommendations for adjusting the percentage distributions detailed in s. 259.105(3), the council shall consider which agencies have encumbered their funds in a timely manner and unencumbered balances, if any, in each agency's Florida Forever subaccount. The recommendations may include increases in percentage distributions to those agencies that have encumbered Florida Forever funds in a timely manner.

(8)(9) The reports required pursuant to subsections (7) and (8) are to be based upon and developed through:

259.035 Acquisition and Restoration Council.—

(4) The council may use existing rules adopted by the board of trustees, until it develops and recommends amendments to those rules, to competitively evaluate, select, and rank projects eligible for the Conservation and Recreation Lands list pursuant to ss. 259.032(3) and 259.101(4) and, beginning no later than May 1, 2001, for Florida Forever funds pursuant to s. 259.105(3)(b). In developing or amending the rules, the council shall give weight to the criteria included in s. 259.105(10)(9). The board of trustees shall review the recommendations and shall adopt rules necessary to administer this section.

Subject to the applicable provisions of chapter 373 or chapter 403, the board of supervisors:

(12) *May construct, manage, or authorize construction and management of resource-based recreational facilities that may include greenways, trails, and associated facilities.*

Section 10. Section 369.255, Florida Statutes, is amended to read:

369.255 Green utility ordinances for funding greenspace management and exotic plant control.—

(1) **LEGISLATIVE FINDING.**—The Legislature finds that the proper management of greenspace areas, including, without limitation, the urban forest, greenways, private and public forest preserves, wetlands, and aquatic zones, is essential to the state's environment and economy and to the health and safety of its residents and visitors. The Legislature also finds that the limitation and control of nonindigenous plants and tree replacement and maintenance are vital to achieving the natural systems and recreational lands goals and policies of the state pursuant to s. 187.201(10), the State Comprehensive Plan. It is the intent of this section to enable local governments to establish a mechanism to provide dedicated funding for the aforementioned activities, when deemed necessary by a ~~that~~ county or municipality.

(2) In addition to any other funding mechanisms legally available to counties and municipalities to control invasive, nonindigenous aquatic or upland plants and manage urban forest resources, a county or municipality may create one or more green utilities or adopt fees sufficient to plan, restore, and manage urban forest resources, greenways, forest preserves, wetlands, and other aquatic zones and create a stewardship grant program for private natural areas. Counties or municipalities may create, alone or in cooperation with other counties or municipalities pursuant to the Florida Interlocal Cooperation Act, s. 163.01, one or more greenspace management districts to fund the planning, management, operation, and administration of a greenspace management program. The fees shall be collected on a voluntary basis as set forth by the county or municipality and calculated to generate sufficient funds to plan, manage, operate, and administer a greenspace management program. Private natural areas assessed according to s. 193.501 would qualify for stewardship grants.

(3) This section shall only apply to counties with a population of 500,000 or more and municipalities with a population of 200,000 or more.

(4) Nothing in this section shall authorize counties or municipalities to require any nongovernmental entity to collect the fee described in subsection (2) on their behalf.

Section 11. *Notwithstanding the provision of section 259.101(3)(c), Florida Statutes (1993) (Section 5, Chapter 92-288, Laws of Florida) regarding the set-aside of funds for land acquisition in areas of critical state concern, \$2.9 million from funds previously approved is available for grants to local governments in the Florida Keys and the Key West areas of critical state concern to assist in implementing the local comprehensive plan. Grant funds are to be used for land acquisition for conservation, open space, and outdoor recreation lands, and are contingent upon the review of a local government's proposed project, and a determination by the Florida Communities Trust that the proposed project is an eligible use of funds under the Florida Communities Trust Program. A local government with a population of less than 10,000 is not required to provide a local match. A local government with a population of 10,000 or more is required to provide a dollar for dollar match.*

Section 12. *Subsection (8) of section 259.101, Florida Statutes, is repealed.*

Section 13. This act shall take effect July 1, 2001.

And the title is amended as follows:

Delete everything before the enacting clause and insert: A bill to be entitled An act relating to land acquisition and management; amending s. 259.105, F.S.; revising goals and performance measures for Florida Forever projects of the Department of Environmental Protection and water management districts; amending s. 253.034, F.S.; defining "conservation lands"; providing procedure for disposition of certain surplus conservation lands by the Board of Trustees of the Internal Improvement Trust Fund; revising procedure for evaluating and offering for sale of surplus lands; providing for disposition of proceeds from the sale of surplus nonconservation lands; amending ss. 253.111 and 253.115, F.S.; exempting Greenway lands from certain public notice and hearing requirements prior to sale, lease, exchange, or grant of easement; amending s. 253.82, F.S.; revising conditions under which certain lands titled to the board of trustees may be declared surplus lands; revising appraisal requirements; providing rulemaking authority; creating s. 253.86, F.S.; providing for management and use of certain uplands; providing rulemaking authority of the Office of Coastal and Aquatic Management Areas; providing for fees; providing a penalty; amending s. 259.035, F.S., correcting a cross reference; amending s. 259.0345, F.S.; repealing authority for certain members of the Legislature to be appointed as ad hoc nonvoting members to the Florida Forever Advisory Council; deleting obsolete provisions; amending s. 298.22, F.S.; authorizing boards of supervisors of water control districts to construct and manage resource-based recreational facilities; amending s. 369.255, F.S.; authorizing certain municipalities to create a funding mechanism for greenspace management and exotic plant control; repealing subsection (8) of s. 259.101, F.S.; relating to the disposal and use of certain state owned lands; providing an effective date.

Senators Saunders, Latvala, Sullivan, Silver, Constantine and Laurent offered the following amendment which was moved by Senator Saunders and adopted:

Amendment 2 (103450)(with title amendment)—On page 16, between lines 12 and 13, insert:

Section 6. *The Legislature recognizes that the Preservation 2000 program has provided incalculable benefits to the citizens of Florida by funding the acquisition and protection of more than one million acres of land for conservation and recreation purposes. The Preservation 2000 Program has helped insure present and future generations access to important open spaces and recreation and conservation lands. It is therefore the intent of the Legislature that any funds from the Preservation 2000 Trust Fund redirected to Everglades restoration efforts by the 2001 Legislature due to current budgeting constraints be restored by the General Appropriations Act for Fiscal Year 2002-2003 to the Preservation 2000 Trust Fund.*

(Redesignate subsequent sections.)

And the title is amended as follows:

On page 1, line 27, after the semicolon (;) insert: providing intent of the Legislature to repay any Preservation 2000 funds redirected for other purposes;

If there is a difference, this fact shall be reported in writing to the county canvassing board with the reasons therefor if known. The total number of voted ballots shall be entered on the forms provided. The proceedings of the election board at the precinct after the polls have closed shall be open to the public; however, no person except a member of the election board shall touch any ballot or ballot container or interfere with or obstruct the orderly count of the ballots.

Upon completion of the count, the returns shall be open to the public. (2) Such contestant shall file a complaint, together with the fees prescribed in chapter 28, with the clerk of the circuit court within 10 days after midnight of the date the last county canvassing board empowered to canvass the returns certifies the results of the election being contested or within 5 days after midnight of the date the last county canvassing board empowered to canvass the returns certifies the results of that particular election following a protest pursuant to s. 102.166(1), whichever occurs later.

(3) The complaint shall set forth the grounds on which the contestant intends to establish his or her right to such office or set aside the result of the election on a submitted referendum. The grounds for contesting an election under this section are:

(a) Misconduct, fraud, or corruption on the part of any election official or any member of the canvassing board sufficient to change or place in doubt the result of the election.

(b) Ineligibility of the successful candidate for the nomination or office in dispute.

(c) Receipt of a number of illegal votes or rejection of a number of legal votes sufficient to change or place in doubt the result of the election.

(d) Proof that any elector, election official, or canvassing board member was given or offered a bribe or reward in money, property, or any other thing of value for the purpose of procuring the successful candidate's nomination or election or determining the result on any question submitted by referendum.

~~(e) Any other cause or allegation which, if sustained, would show that a person other than the successful candidate was the person duly nominated or elected to the office in question or that the outcome of the election on a question submitted by referendum was contrary to the result declared by the canvassing board or election board.~~

(4) The canvassing board or the *Elections Canvassing Commission* election board shall be the proper party defendant, and the successful candidate shall be an indispensable party to any action brought to contest the election or nomination of a candidate.

(5) A statement of the grounds of contest may not be rejected, nor the proceedings dismissed, by the court for any want of form if the grounds of contest provided in the statement are sufficient to clearly inform the defendant of the particular proceeding or cause for which the nomination or election is contested.

(6) A copy of the complaint shall be served upon the defendant and any other person named therein in the same manner as in other civil cases under the laws of this state. Within 10 days after the complaint has been served, the defendant must file an answer admitting or denying the allegations on which the contestant relies or stating that the defendant has no knowledge or information concerning the allegations, which shall be deemed a denial of the allegations, and must state any other defenses, in law or fact, on which the defendant relies. Section 44. Section 106.31, Florida Statutes, is amended to read:

106.31 Legislative intent.—The Legislature finds that the costs of running an effective campaign for statewide office have reached a level which tends to discourage persons from becoming candidates and to limit the persons who run for such office to those who are independently wealthy, who are supported by political committees representing special interests which are able to generate substantial campaign contributions, or who must appeal to special interest groups for campaign contributions. The Legislature further finds that campaign contributions generated by such political committees are having a disproportionate impact vis-a-vis contributions from unaffiliated individuals, which leads to the misperception of government officials unduly influenced by those special interests to the detriment of the public interest. *Furthermore, it is the intent of the Legislature that the purpose of public campaign financing is to make candidates more responsive to the voters of the State of Florida and as insulated as possible from special interest groups.* The Legislature intends ss. 106.30-106.36 to alleviate these factors, dispel the mis-

perception, and encourage qualified persons to seek statewide elective office who would not, or could not otherwise do so *and to protect the effective competition by a candidate who uses public funding.*

Section 45. Section 106.33, Florida Statutes, is amended to read:

106.33 Election campaign financing; eligibility.—Each candidate for the office of Governor or member of the Cabinet who desires to receive contributions from the Election Campaign Financing Trust Fund shall, upon qualifying for office, file a request for such contributions with the filing officer on forms provided by the Division of Elections. If a candidate requesting contributions from the fund desires to have such funds distributed by electronic fund transfers, the request shall include information necessary to implement that procedure. For the purposes of ss. 106.30-106.36, candidates for Governor and Lieutenant Governor on the same ticket shall be considered as a single candidate. To be eligible to receive contributions from the fund, a candidate ~~may shall~~ not be an unopposed candidate as defined in s. 106.011(15) and ~~must shall~~:

(1) Agree to abide by the expenditure limits provided in s. 106.34.

(2)(a) Raise contributions as follows:

1.(a) One hundred fifty thousand dollars for a candidate for Governor.

2.(b) One hundred thousand dollars for a candidate for Cabinet office.

(b) *The following may not be used to meet the threshold amounts in paragraph (a):*

1. *Loans or contributions from the candidate's personal funds;*

2. *Contributions from national, state, and county executive committees of a political party; or*

3. *Contributions from individuals who at the time of contributing are not state residents. For purposes of this subparagraph, any person validly registered to vote in this state shall be considered a state resident.*

(3) Limit loans or contributions from the candidate's personal funds to \$25,000 and contributions from national, state, and county executive committees of a political party to \$25,000 in the aggregate, ~~which loans or contributions shall not qualify for meeting the threshold amounts in subsection (2).~~

(4) Submit to a postelection audit of the campaign account by the division.

Section 46. Subsection (2) of section 106.35, Florida Statutes, is amended to read:

106.35 Distribution of funds.—

(2)(a) Each candidate who has been certified to receive contributions from the Election Campaign Financing Trust Fund shall be entitled to distribution of funds as follows:

1. For qualifying matching contributions making up all or any portion of the threshold amounts specified in s. 106.33(2), distribution shall be on a two-to-one basis.

2. For all other qualifying matching contributions, distribution shall be on a one-to-one basis.

(b) Qualifying matching contributions are those of \$250 or less from an individual, made after September 1 of the calendar year prior to the election. *Any contribution that is a loan, is an in-kind contribution, is received from a political committee or committee of continuous existence, or is received from an individual who is not a state resident at the time the contribution is made shall not be considered a qualifying matching contribution. For purposes of this paragraph, any person validly registered to vote in this state shall be considered a state resident.* Aggregate contributions from an individual in excess of \$250 will be matched only up to \$250. A contribution from an individual, if made by check, must be drawn on the personal bank account of the individual making the contribution, as opposed to any form of business account, regardless of whether the business account is for a corporation, partnership, sole

proprietorship, trust, or other form of business arrangement. For contributions made by check from a personal joint account, the match shall only be for the individual who actually signs the check.

Such rules shall set forth, a median price range which the cost of voting systems shall not exceed for the purpose of procuring loans under this section, and a priority system for loans based on need. The department shall consider the cost of similar voting systems within the state in determining the median price range. The priority system shall give special consideration to the following:*

- (a) *The county millage rate;*

Certification of delinquency shall not limit the department from pursuing other remedies available for default on a loan, including accelerating loan repayments.*

(b) *The department may impose a penalty for delinquent loan payments in the amount of 5 percent of the amount due, in addition to charging the cost to handle and process the debt. Penalty interest shall accrue on any amount due and payable beginning on the 30th day following the date upon which payment is due.*

The election official, without examining the original ballot, shall state the possible reasons for the rejection and direct the voter to the instruction model provided at the precinct pursuant to s. 101.5611. A spoiled ballot shall be preserved, without examination, in an envelope provided for that purpose. The stub shall be removed from the ballot and placed in an envelope.*

Section 71. Section 101.5612, Florida Statutes, is amended to read:

101.5612 Testing of tabulating equipment.—

(1) *All electronic or electromechanical voting systems shall be thoroughly tested at the conclusion of maintenance and programming. Tests shall be sufficient to determine that the voting system is properly programmed, the election is correctly defined on the voting system, and all of the voting system input, output, and communication devices are working properly.*

(2)(1) On any day not more than 10 days prior to the election day, the supervisor of elections shall have the automatic tabulating equipment

publicly tested to ascertain that the equipment will correctly count the votes cast for all offices and on all measures. Public notice of the time and place of the test shall be given at least 48 hours prior thereto by publication once in one or more newspapers of general circulation in the county or, if there is no newspaper of general circulation in the county, by posting such notice in at least four conspicuous places in the county. The supervisor or the municipal elections official may, at the time of qualifying, give written notice of the time and location of such public the preelection test to each candidate qualifying with that office and obtain a signed receipt that such notice has been given. The Department of State shall give written notice to each statewide candidate at the time of qualifying, or immediately at the end of qualifying, that the voting equipment will be tested and advise each such candidate to contact the county supervisor of elections as to the time and location of the public preelection test pretest. The supervisor or the municipal elections official shall, at least 15 days prior to an election, send written notice by certified mail to the county party chair of each political party and to all candidates for other than statewide office whose names appear on the ballot in the county and who did not receive written notification from the supervisor or municipal elections official at the time of qualifying, stating the time and location of the public preelection test of the automatic tabulating equipment. The canvassing board shall convene, and each member of the canvassing board shall certify to the accuracy of the test. For the test, the canvassing board may designate one member to represent it. The test shall be open to representatives of the political parties, the press, and the public. Each political party may designate one person with expertise in the computer field who shall be allowed in the central counting room when all tests are being conducted and when the official votes are being counted. Such designee shall not interfere with the normal operation of the canvassing board.

(3) For electronic or electromechanical voting systems configured to tabulate absentee ballots at a central or regional site, the public testing shall be conducted by processing a preaudited group of ballots so produced as to record a predetermined number of valid votes for each candidate and on each measure and to include one or more ballots for each office which have activated voting positions in excess of the number allowed by law in order to test the ability of the automatic tabulating equipment to reject such votes. If any error is detected, the cause therefor shall be corrected and an errorless count shall be made before the automatic tabulating equipment is approved. The test shall be repeated and errorless results achieved immediately before the start of the official count of the ballots and again after the completion of the official count. The programs and ballots used for testing shall be sealed and retained under the custody of the county canvassing board.

(4)(a)1. For electronic or electromechanical voting systems configured to include electronic or electromechanical tabulation devices which are distributed to the precincts, all or a sample of the devices to be used in the election shall be publicly tested. If a sample is to be tested, the sample shall consist of a random selection of at least 5 percent or 10 of the devices, whichever is greater. The test shall be conducted by processing a group of ballots, causing the device to output results for the ballots processed, and comparing the output of results to the results expected for the ballots processed. The group of ballots shall be produced so as to record a predetermined number of valid votes for each candidate and on each measure and to include for each office one or more ballots which have activated voting positions in excess of the number allowed by law in order to test the ability of the tabulating device to reject such votes.

2. If any tested tabulating device is found to have an error in tabulation, it shall be deemed unsatisfactory. For each device deemed unsatisfactory, the canvassing board shall take steps to determine the cause of the error, shall attempt to identify and test other devices that could reasonably be expected to have the same error, and shall test a number of additional devices sufficient to determine that all devices are satisfactory. Upon deeming any device unsatisfactory, the canvassing board may require all devices to be tested or may declare that all devices are unsatisfactory.

3. If the operation or output of any tested tabulation device, such as spelling or the order of candidates on a report, is in error, such problem shall be reported to the canvassing board. The canvassing board shall then determine if the reported problem warrants its deeming the device unsatisfactory.

(b) At the completion of testing under this subsection, the canvassing board or its representative, the representatives of the political parties,

and the candidates or their representatives who attended the test shall witness the resetting of each device that passed to a preelection state of readiness and the sealing of each device that passed in such a manner as to secure its state of readiness until the opening of the polls.

(c) The canvassing board or its representative shall execute a written statement setting forth the tabulation devices tested, the results of the testing, the protective counter numbers, if applicable, of each tabulation device, the number of the seal securing each tabulation device at the conclusion of testing, any problems reported to the board as a result of the testing, and whether each device tested is satisfactory or unsatisfactory.

(d) Any tabulating device deemed unsatisfactory shall be reprogrammed, repaired, or replaced and shall be made available for retesting. Such device must be determined by the canvassing board or its representative to be satisfactory before it may be used in any election. The canvassing board or its representative shall announce at the close of the first testing the date, place, and time that any unsatisfactory device will be retested or may, at the option of the board, notify by telephone each person who was present at the first testing as to the date, place, and time that the retesting will occur.

(e) Records must be kept of all preelection testing of electronic or electromechanical tabulation devices used in any election. Such records are to be present and available for inspection and reference during public preelection testing by any person in attendance during such testing. The need of the canvassing board for access to such records during the testing shall take precedence over the need of other attendees to access such records so that the work of the canvassing board will not be delayed or hindered. Records of testing must include, for each device, the name of each person who tested the device and the date, place, time, and results of each test. Records of testing shall be retained as part of the official records of the election in which any device was used.

(2) The test shall be conducted by processing a preaudited group of ballots so produced as to record a predetermined number of valid votes for each candidate and on each measure and shall include for each office one or more ballots which have votes in excess of the number allowed by law in order to test the ability of the automatic tabulating equipment to reject such votes. If any error is detected, the cause therefor shall be ascertained and corrected and an errorless count shall be made before the automatic tabulating equipment is approved. The test shall be repeated immediately before the start of the official count of the ballots in the same manner as set forth above. After the completion of the count, the test shall be repeated. The programs and ballots used shall be sealed and retained under the custody of the county canvassing board.

Section 72. Effective September 2, 2002, subsections (1), (2), (3), and (7) of section 101.5614, Florida Statutes, as amended by this act, are amended to read:

101.5614 Canvass of returns.—

(1)(a) In precincts in which an electronic or electromechanical voting system is used, as soon as the polls are closed, the election board shall secure the voting devices against further voting. The election board shall thereafter open the ballot box in the presence of members of the public desiring to witness the proceedings and count the number of voted ballots, unused ballots, provisional ballots, and spoiled ballots to ascertain whether such number corresponds with the number of ballots issued by the supervisor. If there is a difference, this fact shall be reported in writing to the county canvassing board with the reasons therefor if known. The total number of voted ballots shall be entered on the forms provided. Amendment 1 (102500)—On page 2, line 11 through page 3, line 2, delete those lines and insert:

(b) Information furnished to the Florida Surplus Lines Service Office under the Surplus Lines Law is confidential and exempt from the provisions of s. 119.07(1) and s. 24(a), Art. I of the State Constitution if the

disclosure of the information would reveal information specific to a particular policy or policyholder. This exemption does not prevent the disclosure of any information by the Florida Surplus Lines Service Office to the department, but the exemption applies to records obtained by the department from the Florida Surplus Lines Service Office. The exemption does not apply to any proceeding instituted by the department against an agent or insurer. This paragraph is subject to the Open Government Sunset Review Act of 1995 in accordance with s. 119.15, and shall stand repealed on October 2, 2006, unless reviewed and saved from repeal through reenactment by the Legislature.

Section 2. The Legislature finds that it is a public necessity that certain records of the Department of Insurance and the Florida Surplus Lines Service Office be held confidential and exempt. The disclosure of surplus lines policy information submitted to the Department of Insurance or to the Florida Surplus Lines Service Office, to the extent that such information reveals information specific to a particular policy or policyholder, would be harmful to insurers or agents due to the economic value of such information if revealed to competitors. Such information may also reveal economic information about the policyholder that would be harmful as an invasion of privacy of the policyholder. Accordingly, it is a public necessity that such information be held confidential and exempt.

PRAYER

The following prayer was offered by Dr. James Wise, Pastor, Mt. Pleasant Baptist Church, Miami:

O God, the source of all of our being, we thank thee for the bright beauty of early morning and for the swift and awesome gift of life; for its opportunities and obligations; for its light moments and for its solemn time. We thank thee for every gift which gives grace and gladness to our days. We recognize that we are not worthy to be called thy children and yet thou, through Him, has given us that great and rich privilege. Grant that we may ever be mindful of our unworthiness and ever seek to be worthy always recognizing that we are protected by your grace and mercy. We thank thee for the State of Florida, for all of its long and grand history, and for those who come this way to help make it a community of love and togetherness.

We pray thee that we may hold our State in high esteem because thou hast been our guide in the past. Inspire all of our people to hold sacred this glorious heritage. Keep us from strife and may we live together in unity.

Bless, we pray thee for our Governor. Give him wisdom and strength. Be with all of our Senators, and those in power and help them to be concerned about the things that enhance the lives of those they represent.

We pray a special prayer today for those who might be ill, Aileen Pruitt, wife of Senator Ken Pruitt, LéJean Miller, daughter of Senator Les Miller. And then help us to seek to do your will. It is in thy name we pray. Amen.

CS for SJR 526—A joint resolution proposing an amendment to Section 1 of Article VIII of the State Constitution, relating to local government, to provide for the nonpartisan election of supervisors of elections.

Be It Resolved by the Legislature of the State of Florida:

That the following amendment to Section 1 of Article VIII of the State Constitution is agreed to and shall be submitted to the electors of this state for approval or rejection at the next general election or at an earlier special election specifically authorized by law for that purpose:

**ARTICLE VIII
LOCAL GOVERNMENT**

SECTION 1. Counties.—

(a) **POLITICAL SUBDIVISIONS.** The state shall be divided by law into political subdivisions called counties. Counties may be created, abolished or changed by law, with provision for payment or apportionment of the public debt.

(b) **COUNTY FUNDS.** The care, custody and method of disbursing county funds shall be provided by general law.

(c) **GOVERNMENT.** Pursuant to general or special law, a county government may be established by charter which shall be adopted, amended or repealed only upon vote of the electors of the county in a special election called for that purpose.

(d) **COUNTY OFFICERS.** There shall be elected by the electors of each county, for terms of four years, a sheriff, a tax collector, a property appraiser, a supervisor of elections, and a clerk of the circuit court; except, when provided by county charter or special law approved by vote of the electors of the county, any county officer, *other than the supervisor of elections*, may be chosen in another manner therein specified, or any county office may be abolished when all the duties of the office prescribed by general law are transferred to another office. *The supervisor of elections in each county, including counties referred to in section 6 of this article, shall be elected in a nonpartisan election.* When not otherwise provided by county charter or special law approved by vote of the electors, the clerk of the circuit court shall be ex officio clerk of the board of county commissioners, auditor, recorder and custodian of all county funds.

(e) **COMMISSIONERS.** Except when otherwise provided by county charter, the governing body of each county shall be a board of county commissioners composed of five or seven members serving staggered terms of four years. After each decennial census the board of county commissioners shall divide the county into districts of contiguous territory as nearly equal in population as practicable. One commissioner residing in each district shall be elected as provided by law.

(f) **NON-CHARTER GOVERNMENT.** Counties not operating under county charters shall have such power of self-government as is provided by general or special law. The board of county commissioners of a county not operating under a charter may enact, in a manner prescribed by general law, county ordinances not inconsistent with general or special law, but an ordinance in conflict with a municipal ordinance shall not be effective within the municipality to the extent of such conflict.

(g) **CHARTER GOVERNMENT.** Counties operating under county charters shall have all powers of local self-government not inconsistent with general law, or with special law approved by vote of the electors. The governing body of a county operating under a charter may enact county ordinances not inconsistent with general law. The charter shall provide which shall prevail in the event of conflict between county and municipal ordinances.

(h) **TAXES; LIMITATION.** Property situate within municipalities shall not be subject to taxation for services rendered by the county exclusively for the benefit of the property or residents in unincorporated areas.

(i) **COUNTY ORDINANCES.** Each county ordinance shall be filed with the custodian of state records and shall become effective at such time thereafter as is provided by general law.

(j) **VIOLATION OF ORDINANCES.** Persons violating county ordinances shall be prosecuted and punished as provided by law.

(k) **COUNTY SEAT.** In every county there shall be a county seat at which shall be located the principal offices and permanent records of all county officers. The county seat may not be moved except as provided by general law. Branch offices for the conduct of county business may be established elsewhere in the county by resolution of the governing body of the county in the manner prescribed by law. No instrument shall be deemed recorded until filed at the county seat, or a branch office designated by the governing body of the county for the recording of instruments, according to law.

Senator Laurent moved the following amendment which was adopted by two-thirds vote:

Amendment 2 (924058)(with title amendment)—On page 58, between lines 16 and 17, insert:

Section 3. *Short title.*—Sections 3 through 7 of this act may be cited as the "Rural and Family Lands Protection Act."

Section 4. *Definitions.*—As used in sections 5 and 6 of this act, the term "department" means the Department of Agriculture and Consumer Services.

Section 5. Section 570.70, Florida Statutes, is created to read:

570.70 *Legislative findings.*—The Legislature finds and declares that:

(1) A thriving rural economy with a strong agricultural base, healthy natural environment, and viable rural communities is an essential part of Florida. Rural areas also include the largest remaining intact ecosystems and best examples of remaining wildlife habitats as well as a majority of privately owned land targeted by local, state, and federal agencies for natural-resource protection.

(2) The growth of Florida's population can result in agricultural and rural lands being converted into residential or commercial development.

(3) The agricultural, rural, natural-resource, and commodity values of rural lands are vital to the state's economy, productivity, rural heritage, and quality of life.

(4) The Legislature further recognizes the need for enhancing the ability of rural landowners to obtain economic value from their property, protecting rural character, controlling urban sprawl, and providing necessary open space for agriculture and the natural environment, and the importance of maintaining and protecting Florida's rural economy through innovative planning and development strategies in rural areas and the use of incentives that reward landowners for good stewardship of land and natural resources.

(5) The purpose of this act is to bring under public protection lands that serve to limit subdivision and conversion of agricultural and natural areas that provide economic, open space, water, and wildlife benefits by acquiring land or related interests in land such as perpetual, less-than-fee acquisitions, agricultural protection agreements, and resource conservation agreements and innovative planning and development strategies in rural areas.

Section 6. Section 570.71, Florida Statutes, is created to read:

570.71 *Conservation easements and agreements.*—

(1) The department, on behalf of the Board of Trustees of the Internal Improvement Trust Fund, may allocate moneys to acquire perpetual, less-than-fee interest in land, to enter into agricultural protection agreements, and to enter into resource conservation agreements for the following public purposes:

(a) Promotion and improvement of wildlife habitat;

(b) Protection and enhancement of water bodies, aquifer recharge areas, wetlands, and watersheds;

(c) Perpetuation of open space on lands with significant natural areas; or

(d) Protection of agricultural lands threatened by conversion to other uses.

(2) To achieve the purposes of this act, beginning no sooner than July 1, 2002, and every year thereafter, the department may accept applications for project proposals that:

(a) Purchase conservation easements, as defined in s. 704.06.

(b) Purchase rural-lands-protection easements pursuant to this act.

(c) Fund resource conservation agreements pursuant to this act.

(d) Fund agricultural protection agreements pursuant to this act.

No funds may be expended to implement this subsection prior to July 1, 2002.

(3) Rural-lands-protection easements shall be a perpetual right or interest in agricultural land which is appropriate to retain such land in predominantly its current state and to prevent the subdivision and conversion of such land into other uses. This right or interest in property shall prohibit only the following:

(a) Construction or placing of buildings, roads, billboards or other advertising, utilities, or structures, except those structures and unpaved roads necessary for the agricultural operations on the land or structures necessary for other activities allowed under the easement, and except for linear facilities described in s. 704.06(11);

(b) Subdivision of the property;

(c) Dumping or placing of trash, waste, or offensive materials; and

(d) Activities that affect the natural hydrology of the land or that detrimentally affect water conservation, erosion control, soil conservation, or fish or wildlife habitat, except those required for environmental restoration; federal, state, or local government regulatory programs; or best management practices.

(4) Resource conservation agreements will be contracts for services which provide annual payments to landowners for services that actively improve habitat and water restoration or conservation on their lands over and above that which is already required by law or which provide recreational opportunities. They will be for a term of not less than 5 years and not more than 10 years. Property owners will become eligible to enter into a resource conservation agreement only upon entering into a conservation easement or rural lands protection easement.

(5) Agricultural protection agreements shall be for terms of 30 years and will provide payments to landowners having significant natural areas on their land. Public access and public recreational opportunities may be negotiated at the request of the landowner.

(a) For the length of the agreement, the landowner shall agree to prohibit:

1. Construction or placing of buildings, roads, billboards or other advertising, utilities, or structures, except those structures and unpaved roads necessary for the agricultural operations on the land or structures necessary for other activities allowed under the easement, and except for linear facilities described in s. 704.06(11);

2. Subdivision of the property;

3. Dumping or placing of trash, waste, or offensive materials; and

4. Activities that affect the natural hydrology of the land, or that detrimentally affect water conservation, erosion control, soil conservation, or fish or wildlife habitat.

(b) As part of the agricultural protection agreement, the parties shall agree that the state shall have a right to buy a conservation easement or rural land protection easement at the end of the 30-year term or prior to the landowner transferring or selling the property, whichever occurs later. If the landowner tenders the easement for the purchase and the state does not timely exercise its right to buy the easement, the landowner shall be released from the agricultural agreement. The purchase price of the easement shall be established in the agreement and shall be based on the value of the easement at the time the agreement is entered into, plus a reasonable escalator multiplied by the number of full calendar years following the date of the commencement of the agreement. The landowner may transfer or sell the property before the expiration of the 30-year term, but only if the property is sold subject to the agreement and the buyer becomes the successor in interest to the agricultural protection agreement. Upon mutual consent of the parties, a landowner may enter into a perpetual easement at any time during the term of an agricultural protection agreement.

(6) Payment for conservation easements and rural land protection easements shall be a lump-sum payment at the time the easement is entered into.

(7) Landowners entering into an agricultural protection agreement may receive up to 50 percent of the purchase price at the time the agreement is entered into and remaining payments on the balance shall be equal annual payments over the term of the agreement.

(8) Payments for the resource conservation agreements shall be equal annual payments over the term of the agreement.

(9) Easements purchased pursuant to this act may not prevent landowners from transferring the remaining fee value with the easement.

(10) The department, in consultation with the Department of Environmental Protection, the water management districts, the Department of Community Affairs, and the Florida Fish and Wildlife Conservation Commission, shall adopt rules that establish an application process, a process and criteria for setting priorities for use of funds consistent with the purposes specified in s. 570.71(1) and giving preference to ranch and timber lands managed using sustainable practices, an appraisal process, and a process for title review and compliance and approval of the rules by the Board of Trustees of the Internal Improvement Trust Fund.

Section 7. Subsection (11) of section 163.3177, Florida Statutes, is amended to read:

163.3177 Required and optional elements of comprehensive plan; studies and surveys.—

(11)(a) The Legislature recognizes the need for innovative planning and development strategies which will address the anticipated demands of continued urbanization of Florida's coastal and other environmentally sensitive areas, and which will accommodate the development of less populated regions of the state which seek economic development and which have suitable land and water resources to accommodate growth in an environmentally acceptable manner. The Legislature further recognizes the substantial advantages of innovative approaches to development which may better serve to protect environmentally sensitive areas, maintain the economic viability of agricultural and other predominantly rural land uses, and provide for the cost-efficient delivery of public facilities and services.

(b) It is the intent of the Legislature that the local government comprehensive plans and plan amendments adopted pursuant to the provisions of this part provide for a planning process which allows for land use efficiencies within existing urban areas and which also allows for the conversion of rural lands to other uses, where appropriate and consistent with the other provisions of this part and the affected local comprehensive plans, through the application of innovative and flexible planning and development strategies and creative land use planning techniques, which may include, but not be limited to, urban villages, new towns, satellite communities, area-based allocations, clustering and open space provisions, mixed-use development, and sector planning.

(c) It is the further intent of the Legislature that local government comprehensive plans and implementing land development regulations shall provide strategies which maximize the use of existing facilities and services through redevelopment, urban infill development, and other strategies for urban revitalization.

(d)1. The department, in cooperation with the Department of Agriculture and Consumer Services, shall provide assistance to local governments in the implementation of this paragraph and s. 9J-5.006(5)(l), Florida Administrative Code. Implementation of those provisions shall include a process by which the department may authorize up to five local governments to designate all or portions of lands classified in the future land use element as predominantly agricultural, rural, open, open-rural, or a substantively equivalent land use, as a rural land stewardship area within which planning and economic incentives are applied to encourage the implementation of innovative and flexible planning and development strategies and creative land use planning techniques, including those contained in Rule 9J-5.006(5)(l), Florida Administrative Code.

2. The department shall encourage participation by local governments of different sizes and rural characteristics. It is the intent of the Legislature that rural land stewardship areas be used to further the following broad principles of rural sustainability: restoration and maintenance of the economic value of rural land; control of urban sprawl; identification and protection of ecosystems, habitats, and natural resources; promotion of rural economic activity; maintenance of the viability of Florida's agricultural economy; and protection of the character of rural areas of Florida.

3. A local government may apply to the department in writing requesting consideration for authorization to designate a rural land stewardship area and shall describe its reasons for applying for the authorization with supporting documentation regarding its compliance with criteria set forth in this section.

4. In selecting a local government, the department shall, by written agreement:

a. Ensure that the local government has expressed its intent to designate a rural land stewardship area pursuant to the provisions of this subsection and clarify that the rural land stewardship area is intended.

b. Ensure that the local government has the financial and administrative capabilities to implement a rural land stewardship area.

5. The written agreement shall include the basis for the authorization and provide criteria for evaluating the success of the authorization including the extent the rural land stewardship area enhances rural land values; control urban sprawl; provides necessary open space for agriculture and protection of the natural environment; promotes rural economic activity; and maintains rural character and the economic viability of agriculture. The department may terminate the agreement at any time if it determines that the local government is not meeting the terms of the agreement.

6. A rural land stewardship area shall be not less than 50,000 acres and shall not exceed 250,000 acres in size, shall be located outside of municipalities and established urban growth boundaries, and shall be designated by plan amendment. The plan amendment designating a rural land stewardship area shall be subject to review by the Department of Community Affairs pursuant to s. 163.3184, F.S., and shall provide for the following:

a. Criteria for the designation of receiving areas within rural land stewardship areas in which innovative planning and development strategies may be applied. Criteria shall at a minimum provide for the following: adequacy of suitable land to accommodate development so as to avoid conflict with environmentally sensitive areas, resources, and habitats; compatibility between and transition from higher density uses to lower intensity rural uses; the establishment of receiving area service boundaries which provide for a separation between receiving areas and other land uses within the rural and stewardship are through limitations on the extension of services; and connection of receiving areas with the rest of the rural land stewardship area using rural design and rural road corridors.

b. Goals, objectives, and policies setting forth the innovative planning and development strategies to be applied within rural land stewardship areas pursuant to the provisions of this section.

c. A process for the implementation of innovative planning and development strategies within the rural land stewardship area, including those described in this subsection and s. 9J-5.006(5)(l), Florida Administrative Code, which provide for a functional mix of land uses and which are applied through the adoption by the local government of zoning and land development regulations applicable to the rural land stewardship area.

d. A process which encourages visioning pursuant to s. 163.3167(11) to ensure that innovative planning and development strategies comply with the provisions of this section.

e. The control of sprawl through the use of innovative strategies and creative land use techniques consistent with the provisions of this subsection and rural 9J-5.006(5)(l), Florida Administrative Code.

7. A receiving area shall be designated by the adoption of a land development regulation. Prior to the designation of a receiving area, the

local government shall provide the Department of Community Affairs a period of 30 days in which to review a proposed receiving area for consistency with the rural land stewardship area plan amendment and to provide comments to the local government.

8. Upon the adoption of a plan amendment creating a rural land stewardship area, the local government shall, by ordinance, assign to the area a certain number of credits, to be known as "transferable rural land use credits," which shall not constitute a right to develop land, nor increase density of land, except as provided by this section. The total amount of transferrable rural land use credits assigned to the rural land stewardship area must correspond to the 25-year or greater projected population of the rural land stewardship area. Transferable rural land use credits are subject to the following limitations:

a. Transferable rural land use credits may only exist within a rural land stewardship area.

b. Transferable rural land use credits may only be used on lands designated as receiving areas and then solely for the purpose of implementing innovative planning and development strategies and creative land use planning techniques adopted by the local government pursuant to this section.

c. Transferable rural land use credits assigned to a parcel of land within a rural land stewardship area shall cease to exist if the parcel of land is removed from the rural land stewardship area by plan amendment.

d. Neither the creation of the rural land stewardship area by plan amendment nor the assignment of transferable rural land use credits by the local government shall operate to displace the underlying density of land uses assigned to a parcel of land within the rural land stewardship area; however, if transferable rural land use credits are transferred from a parcel for use within a designated receiving area, the underlying density assigned to the parcel of land shall cease to exist.

e. The underlying density on each parcel of land located within a rural land stewardship area shall not be increased or decreased by the local government, except as a result of the conveyance or use of transferable rural land use credits, as long as the parcel remains within the rural land stewardship area.

f. Transferable rural land use credits shall cease to exist on a parcel of land where the underlying density assigned to the parcel of land is utilized.

g. An increase in the density of use on a parcel of land located within a designated receiving area may occur only through the assignment or use of transferable rural land use credits and shall not require a plan amendment.

h. A change in the density of land use on parcels located within receiving areas shall be specified in a development order which reflects the total number of transferable rural land use credits assigned to the parcel of land and the infrastructure and support services necessary to provide for a functional mix of land uses corresponding to the plan of development.

i. Land within a rural land stewardship area may be removed from the rural land stewardship area through a plan amendment.

j. Transferable rural land use credits may be assigned at different ratios of credits per acre according to the land use remaining following the transfer of credits, with the highest number of credits per acre assigned to preserve environmentally valuable land and a lesser number of credits to be assigned to open space and agricultural land.

k. The use or conveyance of transferable rural land use credits must be recorded in the public records of the county in which the property is located as a covenant or restrictive easement running with the land in favor of the county and either the Department of Environmental Protection, Department of Agriculture and Consumer Services, a water management district, or a recognized statewide land trust.

9. Owners of land within rural land stewardship areas should be provided incentives to enter into rural land stewardship agreements, pursuant to existing law and rules adopted thereto, with state agencies, water management districts, and local governments to achieve mutually

agreed upon conservation objectives. Such incentives may include, but not be limited to, the following:

- a. Opportunity to accumulate transferable mitigation credits.
- b. Extended permit agreements.
- c. Opportunities for recreational leases and ecotourism.
- d. Payment for specified land management services on publicly owned land, or property under covenant or restricted easement in favor of a public entity.
- e. Option agreements for sale to government, in either fee or easement, upon achievement of conservation objectives.

10. The department shall report to the Legislature on an annual basis on the results of implementation of rural land stewardship areas authorized by the department, including successes and failures in achieving the intent of the Legislature as expressed in this paragraph. It is further the intent of the Legislature that the success of authorized rural land stewardship areas be substantiated before implementation occurs on a state-wide basis.

(e)(d) The implementation of this subsection shall be subject to the provisions of this chapter, chapters 186 and 187, and applicable agency rules.

(f)(e) The department may adopt rules necessary to ~~shall~~ implement the provisions of this subsection by rule.

With respect to multiuse developments, the applicable guidelines and standards shall be increased by 100 percent in urban central business districts and regional activity centers of jurisdictions whose local comprehensive plans are in compliance with part II of chapter 163, if one land use of the multiuse development is residential and amounts to not less than 35 percent of the jurisdiction's applicable residential threshold. With respect to resort or convention hotel developments, the applicable guidelines and standards shall be increased by 150 percent in urban central business districts and regional activity centers of jurisdictions whose local comprehensive plans are in compliance with part II of chapter 163 and where the increase is specifically for a proposed resort or convention hotel located in a county with a population greater than 500,000 and the local government specifically designates that the proposed resort or convention hotel development will serve an existing convention center of more than 250,000 gross square feet built prior to July 1, 1992. ~~The Administration Commission, upon the recommendation of the state land planning agency, shall implement this paragraph by rule no later than December 1, 1993. Amendment 5 (970672)(with title amendment)—On page 58, between lines 16 and 17, insert:

Section 3. *Short title.*—Sections 3 through 7 of this act may be cited as the "Rural and Family Lands Protection Act."

Section 4. *Definitions.*—As used in sections 5 and 6 of this act, the term "department" means the Department of Agriculture and Consumer Services.

Section 5. Section 570.70, Florida Statutes, is created to read:

570.70 *Legislative findings.*—The Legislature finds and declares that:

(1) A thriving rural economy with a strong agricultural base, healthy natural environment, and viable rural communities is an essential part of Florida. Rural areas also include the largest remaining intact ecosystems and best examples of remaining wildlife habitats as well as a majority of privately owned land targeted by local, state, and federal agencies for natural-resource protection.

(2) The growth of Florida's population can result in agricultural and rural lands being converted into residential or commercial development.

(3) The agricultural, rural, natural-resource, and commodity values of rural lands are vital to the state's economy, productivity, rural heritage, and quality of life.

(4) The Legislature further recognizes the need for enhancing the ability of rural landowners to obtain economic value from their property, protecting rural character, controlling urban sprawl, and providing necessary open space for agriculture and the natural environment, and the importance of maintaining and protecting Florida's rural economy through innovative planning and development strategies in rural areas and the use of incentives that reward landowners for good stewardship of land and natural resources.

(5) The purpose of this act is to bring under public protection lands that serve to limit subdivision and conversion of agricultural and natural areas that provide economic, open space, water, and wildlife benefits by acquiring land or related interests in land such as perpetual, less-than-fee acquisitions, agricultural protection agreements, and resource conservation agreements and innovative planning and development strategies in rural areas.

Section 6. Section 570.71, Florida Statutes, is created to read:

570.71 *Conservation easements and agreements.*—

(1) *The department, on behalf of the Board of Trustees of the Internal Improvement Trust Fund, may allocate moneys to acquire perpetual, less-than-fee interest in land, to enter into agricultural protection agreements, and to enter into resource conservation agreements for the following public purposes:*

- (a) *Promotion and improvement of wildlife habitat;*
 - (b) *Protection and enhancement of water bodies, aquifer recharge areas, wetlands, and watersheds;*
 - (c) *Perpetuation of open space on lands with significant natural areas; or*
 - (d) *Protection of agricultural lands threatened by conversion to other uses.*
- (2) *To achieve the purposes of this act, beginning no sooner than July 1, 2002, and every year thereafter, the department may accept applications for project proposals that:*
- (a) *Purchase conservation easements, as defined in s. 704.06.*
 - (b) *Purchase rural-lands-protection easements pursuant to this act.*
 - (c) *Fund resource conservation agreements pursuant to this act.*
 - (d) *Fund agricultural protection agreements pursuant to this act.*

No funds may be expended to implement this subsection prior to July 1, 2002.

(3) *Rural-lands-protection easements shall be a perpetual right or interest in agricultural land which is appropriate to retain such land in predominantly its current state and to prevent the subdivision and conversion of such land into other uses. This right or interest in property shall prohibit only the following:*

- (a) *Construction or placing of buildings, roads, billboards or other advertising, utilities, or structures, except those structures and unpaved roads necessary for the agricultural operations on the land or structures necessary for other activities allowed under the easement, and except for linear facilities described in s. 704.06(11);*
- (b) *Subdivision of the property;*
- (c) *Dumping or placing of trash, waste, or offensive materials; and*
- (d) *Activities that affect the natural hydrology of the land or that detrimentally affect water conservation, erosion control, soil conservation, or fish or wildlife habitat, except those required for environmental restoration; federal, state, or local government regulatory programs; or best management practices.*

(4) *Resource conservation agreements will be contracts for services which provide annual payments to landowners for services that actively improve habitat and water restoration or conservation on their lands over and above that which is already required by law or which provide recreational opportunities. They will be for a term of not less than 5 years and not more than 10 years. Property owners will become eligible to enter into a resource conservation agreement only upon entering into a conservation easement or rural lands protection easement.*

(5) *Agricultural protection agreements shall be for terms of 30 years and will provide payments to landowners having significant natural areas on their land. Public access and public recreational opportunities may be negotiated at the request of the landowner.*

(a) *For the length of the agreement, the landowner shall agree to prohibit:*

- 1. *Construction or placing of buildings, roads, billboards or other advertising, utilities, or structures, except those structures and unpaved roads necessary for the agricultural operations on the land or structures necessary for other activities allowed under the easement, and except for linear facilities described in s. 704.06(11);*

2. *Subdivision of the property;*

3. *Dumping or placing of trash, waste, or offensive materials; and*

4. *Activities that affect the natural hydrology of the land, or that detrimentally affect water conservation, erosion control, soil conservation, or fish or wildlife habitat.*

(b) *As part of the agricultural protection agreement, the parties shall agree that the state shall have a right to buy a conservation easement or rural land protection easement at the end of the 30-year term or prior to the landowner transferring or selling the property, whichever occurs later. If the landowner tenders the easement for the purchase and the state does not timely exercise its right to buy the easement, the landowner shall be released from the agricultural agreement. The purchase price of the easement shall be established in the agreement and shall be based on the value of the easement at the time the agreement is entered into, plus a reasonable escalator multiplied by the number of full calendar years following the date of the commencement of the agreement. The landowner may transfer or sell the property before the expiration of the 30-year term, but only if the property is sold subject to the agreement and the buyer becomes the successor in interest to the agricultural protection agreement. Upon mutual consent of the parties, a landowner may enter into a perpetual easement at any time during the term of an agricultural protection agreement.*

(6) *Payment for conservation easements and rural land protection easements shall be a lump-sum payment at the time the easement is entered into.*

(7) *Landowners entering into an agricultural protection agreement may receive up to 50 percent of the purchase price at the time the agreement is entered into and remaining payments on the balance shall be equal annual payments over the term of the agreement.*

(8) *Payments for the resource conservation agreements shall be equal annual payments over the term of the agreement.*

(9) *Easements purchased pursuant to this act may not prevent landowners from transferring the remaining fee value with the easement.*

(10) *The department, in consultation with the Department of Environmental Protection, the water management districts, the Department of Community Affairs, and the Florida Fish and Wildlife Conservation Commission, shall adopt rules that establish an application process, a process and criteria for setting priorities for use of funds consistent with the purposes specified in s. 570.71(1) and giving preference to ranch and timber lands managed using sustainable practices, an appraisal process, and a process for title review and compliance and approval of the rules by the Board of Trustees of the Internal Improvement Trust Fund.*

(11) *If a landowner objects to having his property included in any lists or maps developed to implement this act, the department shall remove the property from any such lists or maps upon receipt of the landowner's written request to do so.*

(12) *The department is authorized to use funds from the following sources to implement this act:*

- (a) *State funds;*
- (b) *Federal funds;*
- (c) *Other governmental entities;*
- (d) *Nongovernmental organizations; or*
- (e) *Private individuals.*

Any such funds provided shall be deposited into the Conservation and Recreation Lands Program Trust Fund within the Department of Agriculture and Consumer Services and used for the purposes of this act.

(13) *No more than ten percent of any funds made available to implement this act shall be expended for resource conservation agreements and agricultural protection agreements.*

(14) *The department, in consultation with the Department of Environmental Protection, the Fish and Wildlife Conservation Commission, and the water management districts shall conduct a study to determine and prioritize needs for implementing the act.*

(a) The department may contract with the Florida Natural Areas Inventory for an analysis of the geographic distribution of certain types of natural resources, or resource-based land uses that have been identified for acquisition by previous conservation and recreation land acquisition programs.

(b) The needs assessment shall locate areas of the state where existing privately-owned ranch and timber lands containing resources of the type identified in (a) can be preserved or protected through implementation of the Rural and Family Lands Protection Act.

(c) The department shall report its findings to the Governor, President of the Senate, and Speaker of the House of Representatives by December 31, 2001. At a minimum, the report must include a prioritization of the types of resources to be preserved or protected, the location of privately-owned ranch and timber lands containing such resources that could be preserved or protected by easements or agreements pursuant to this act, and the funding needs for the program.

The use or conveyance of transferable rural land use credits must be recorded in the public records of the county in which the property is located as a covenant or restrictive easement running with the land in favor of the county and either the Department of Environmental Protection, Department of Agriculture and Consumer Services, a water management district, or a recognized statewide land trust.

9. Owners of land within rural land stewardship areas should be provided incentives to enter into rural land stewardship agreements, pursuant to existing law and rules adopted thereto, with state agencies, water management districts, and local governments to achieve mutually agreed upon conservation objectives. Such incentives may include, but not be limited to, the following:

- a. Opportunity to accumulate transferable mitigation credits.
- b. Extended permit agreements.
- c. Opportunities for recreational leases and ecotourism.
- d. Payment for specified land management services on publicly owned land, or property under covenant or restricted easement in favor of a public entity.

e. Option agreements for sale to government, in either fee or easement, upon achievement of conservation objectives.

10. The department shall report to the Legislature on an annual basis on the results of implementation of rural land stewardship areas authorized by the department, including successes and failures in achieving the intent of the Legislature as expressed in this paragraph. It is further the intent of the Legislature that the success of authorized rural land stewardship areas be substantiated before implementation occurs on a statewide basis.

(e)(d) The implementation of this subsection shall be subject to the provisions of this chapter, chapters 186 and 187, and applicable agency rules.

(f)(e) The department may adopt rules necessary to ~~shall~~ implement the provisions of this subsection ~~by rule~~.

Amendment 1 (134464)(with title amendment)—Delete everything after the enacting clause and insert:

Section 1. Effective upon this act becoming a law, subsection (1) of section 235.061, Florida Statutes, is amended to read:

235.061 Standards for relocatables used as classroom space; inspections.—

(1) The Commissioner of Education shall adopt rules establishing standards for relocatables intended for long-term use as classroom space at a public elementary school, middle school, or high school. “Long-term use” means the use of relocatables at the same educational plant for a period of 4 years or more. These rules must be implemented by July 1, 1998, and each relocatable acquired by a district school board after the effective date of the rules and intended for long-term use must comply with the standards. The rules shall require that, by ~~July 1, 2001~~, ~~July 1, 2001~~, relocatables that fail to meet the standards may not be used as classrooms. The standards shall protect the health, safety, and welfare of occupants by requiring compliance with the Uniform Building Code for Public Educational Facilities or other locally adopted state minimum building codes to ensure the safety and stability of construction and onsite installation; fire and moisture protection; air quality and ventilation; appropriate wind resistance; and compliance with the requirements of the Americans with Disabilities Act of 1990. If appropriate, the standards must also require relocatables to provide access to the same technologies available to similar classrooms within the main school facility and, if appropriate, to be accessible by adequate covered walkways. By July 1, 2000, the commissioner shall adopt standards for all relocatables intended for long-term use as classrooms. A relocatable that is subject to this section and does not meet the standards shall not be reported as providing satisfactory student stations in the Florida Inventory of School Houses.

Section 2. Effective upon this act becoming a law, subsection (1) of section 235.212, Florida Statutes, is amended to read:

235.212 Low-energy use design; solar energy systems; swimming pool heaters.—

(1)(a) Passive design elements and low-energy usage features shall be included in the design and construction of new educational facilities. Operable glazing consisting of at least 5 percent of the floor area shall be placed in each classroom located on the perimeter of the building. *For a relocatable classroom facility, the area of operable glazing and the area of exterior doors, together, shall consist of at least 5 percent of the floor area.* Operable glazing is not required in community colleges, auxiliary facilities, music rooms, gyms, locker and shower rooms, special laboratories requiring special climate control, and large group instruction areas having a capacity of more than 100 persons.

(b) In the remodeling and renovation of educational facilities which have existing natural ventilation, adequate sources of natural ventilation shall be retained, or a combination of natural and low-energy usage mechanical equipment shall be provided that will permit the use of the facility without air-conditioning or heat when ambient conditions are moderate. However, the Commissioner of Education is authorized to waive this requirement when environmental conditions, particularly noise and pollution factors, preclude the effective use of natural ventilation.

Section 3. Effective July 1, 2001, subsection (1) of section 255.31, Florida Statutes, as amended by section 15 of chapter 2000-141, Laws of Florida, is amended to read:

255.31 Authority to the Department of Management Services to manage construction projects for state and local governments.—

(1) The design, construction, erection, alteration, modification, repair, and demolition of all public and private buildings are governed by

the Florida Building Code and the Florida Fire Prevention Code, which are to be enforced by local jurisdictions or local enforcement districts unless specifically exempted as provided in s. 553.80. However, the Department of Management Services shall provide the project management and administration services for the construction, renovation, repair, modification, or demolition of buildings, utilities, parks, parking lots, or other facilities or improvements for projects for which the funds are appropriated to the department; provided that, with the exception of facilities constructed under the authority of chapters 944, 945, and 985; *the Governor's mansion and grounds thereof, as described in s. 272.18; and the Capitol Building and environs, being that part of the City of Tallahassee bounded on the north by Pensacola and Jefferson Streets, on the east by Monroe Street, on the south by Madison Street, and on the west by Duval Street,* the department may not conduct plans reviews or inspection services for consistency with the Florida Building Code. The department's fees for such services shall be paid from such appropriations.

Section 4. Subsection (10) is added to section 373.323, Florida Statutes, to read:

373.323 Licensure of water well contractors; application, qualifications, and examinations; equipment identification.—

(10) *Water well contractors licensed under this section may install, repair, and modify pumps and tanks in accordance with the Florida Building Code, Plumbing; Section 612—Wells pumps and tanks used for private potable water systems. In addition, licensed water well contractors may install pumps, tanks, and water conditioning equipment for all water well systems.*

Section 5. Effective upon this act becoming a law, section 399.061, Florida Statutes, is amended to read:

399.061 Inspections; correction of deficiencies.—

(1)(a) ~~All elevators or other conveyances subject to this chapter must be annually inspected by a certified elevator inspector through a third-party inspection service, or by a municipality or county under contract with the division, pursuant to s. 399.13. If the elevator or other conveyance is by a third-party inspection service certified as a qualified elevator inspector or maintained pursuant to a service maintenance contract continuously in force, it shall be inspected at least once every 2 years by a certified elevator inspector who is not employed by or otherwise associated with the maintenance company; however, if the elevator is not an escalator or a dumbwaiter, serves only two adjacent floors, and is covered by a service maintenance contract, an inspection is not required so long as the service contract remains in effect. A statement verifying the existence, performance, and cancellation of each service maintenance contract must be filed annually with the division as prescribed by rule. All elevators covered by a service maintenance contract shall be inspected by a certificate of competency holder at least once every 2 years; however, if the elevator is not an escalator or a dumbwaiter and the elevator serves only two adjacent floors and is covered by a service maintenance contract, no inspection shall be required so long as the service contract remains in effect.~~

(b) The division may inspect an elevator whenever necessary to ensure its safe operation or when a third-party inspection service is not available for a routine inspection.

(2) The division may ~~shall~~ employ state elevator inspectors to conduct the inspections as required by subsection (1) and may charge an inspection fee for each inspection in an amount sufficient to cover the costs of that inspection, as provided by rule. Each state elevator inspector shall hold a certificate of competency issued by the division.

(3) Whenever the division determines from the results of any inspection that, in the interest of the public safety, an elevator is in an unsafe condition, the division may seal the elevator or order the discontinuance of the use of the elevator until the division determines by inspection that such elevator has been satisfactorily repaired or replaced so that the elevator may be operated in a safe manner.

(4) When the division determines that an elevator is in violation of this chapter, the division may issue an order to the elevator owner requiring correction of the violation.

Section 6. Effective upon this act becoming a law, subsection (3) of section 489.509, Florida Statutes, is amended to read:

489.509 Fees.—

(3) Four dollars of each fee under subsection (1) paid to the department at the time of application or renewal shall be transferred at the end of each licensing period to the Department of ~~Community Affairs Education~~ to fund projects relating to the building construction industry or continuing education programs offered to persons engaged in the building construction industry in Florida. The board shall, at the time the funds are transferred, advise the Department of ~~Community Affairs Education~~ on the most needed areas of research or continuing education based on significant changes in the industry's practices or on the most common types of consumer complaints or on problems costing the state or local governmental entities substantial waste. The board's advice is not binding on the Department of ~~Community Affairs Education~~. ~~The Department of Education must allocate 50 percent of the funds to a graduate program in building construction in a Florida university and 50 percent of the funds to all accredited private and state universities and community colleges within the state offering approved courses in building construction, with each university or college receiving a pro rata share of such funds based upon the number of full-time building construction students enrolled at the institution.~~ The Department of ~~Community Affairs Education~~ shall ensure the distribution of research reports and the availability of continuing education programs to all segments of the building construction industry to which they relate. The Department of ~~Community Affairs Education~~ shall report to the board in October of each year, summarizing the allocation of the funds by institution and summarizing the new projects funded and the status of previously funded projects. ~~The Commissioner of Education is directed to appoint one electrical contractor and one certified alarm system contractor to the Building Construction Industry Advisory Committee.~~

Section 7. Effective upon this act becoming a law, present subsections (7) through (15) of section 553.36, Florida Statutes, are redesignated as subsections (8) through (16), respectively, and a new subsection (7) is added to that section, to read:

553.36 Definitions.—The definitions contained in this section govern the construction of this part unless the context otherwise requires.

(7) *"Factory-built school shelter" means any site-assembled or factory-built school building that is designed to be portable, relocatable, demountable, or reconstructible and that complies with the provisions for enhanced hurricane protection areas, as required by the applicable code.*

Section 8. Effective upon this act becoming a law, section 553.415, Florida Statutes, is amended to read:

553.415 Factory-built school buildings.—

(1) It is the purpose of this section to provide an alternative procedure for the construction and installation of factory-built school buildings designed or intended for use as school buildings. As used in this section, the term "factory-built school building" means any building designed or intended for use as a school building, which is in whole or in part, manufactured at an offsite facility in compliance with the State Uniform Code for Public Educational Facilities and Department of Education rule, effective on January 5, 2000. After ~~January 1, 2002 July 1, 2001~~, the Uniform Code for Public Educational Facilities shall be incorporated into the Florida Building Code, including specific requirements for Public Educational Facilities and the Department of Education rule, effective on January 5, 2000. For the purpose of this section, factory-built school buildings include prefabricated educational facilities, factory-built educational facilities, and modular-built educational facilities, that are designed to be portable, relocatable, demountable, or reconstructible; are used primarily as classrooms or the components of an entire school; and do not fall under the provisions of ss. 320.822-320.862.

(2) A manufacturer of factory-built school buildings shall be subject to the certification and enforcement requirements in this part except as provided in this section.

(3) Within 90 days after the effective date of this section, the department shall adopt by emergency rule regulations to carry out the provisions of this section. Such rule shall ensure the safety of design, construction, accessibility, alterations, and inspections and shall also pre-

scribe procedures for the plans, specifications, and methods of construction to be submitted to the department for approval.

(4) A manufacturer of factory-built school buildings designed or intended for use as school buildings shall submit to the department for approval the manufacturer's plans, specifications, alterations, and methods of construction. The department is authorized to charge manufacturers a fee which reflects the actual expenses incurred for the review of such plans and specifications.

(5) The department, in accordance with the standards and procedures adopted pursuant to this section and as such standards and procedures may thereafter be modified, shall approve or reject such plans, specifications, and methods of construction. Approval shall not be given unless such plans, specifications, and methods of construction are in compliance with the State Uniform Building Code for Public Educational Facilities and department rule. After *January 1, 2002* ~~July 1, 2001~~, the Uniform Code for Public Educational facilities shall be incorporated into the Florida Building Code, including specific requirements for public educational facilities and department rule.

(6) The department may delegate its plans review authority to a state agency or public or private entity; however, the department shall ensure that any person conducting plans reviews is a certified plans examiner, pursuant to part XII of chapter 468.

(7) A standard plan approval may be obtained from the department for factory-built school buildings and such department-approved plans shall be accepted by the enforcement agency as approved for the purpose of obtaining a construction permit for the structure itself. *The department, or its designated representative, shall determine if the plans qualify for purposes of a factory-built school shelter, as defined in s. 553.36.*

(8) Any amendment to the State Uniform Code for Public Educational Facilities, and after *January 1, 2002* ~~July 1, 2001~~, the Florida Building Code, shall become effective 180 days after the amendment is filed with the Secretary of State. Notwithstanding the 180-day delayed effective date, the manufacturer shall submit and obtain a revised approved plan within the 180 days. A revised plan submitted pursuant to this subsection shall be processed as a renewal or revision with appropriate fees. A plan submitted after the period of time provided shall be processed as a new application with appropriate fees.

(9) The school district or community college district for which any factory-built school building is constructed or altered *after July 1, 2001*, shall provide for periodic inspection of the proposed factory-built school building during each phase of construction or alteration. The inspector shall act under the direction of the governing board for employment purposes. *This subsection does not prevent a school district or community college district from purchasing or otherwise using a factory-built school building that has been inspected during all phases of construction or alteration conducted after July 1, 2002, by another school district or community college or by an approved inspection agency certified pursuant to s. 553.36(2). If a factory-built school building is constructed or altered for an entity other than a school district or community college district, such entity may employ at its election a school district, community college district, or such approved inspection agency to conduct such inspections. A school district or community college district so employed may charge such entity for services at reasonable rates comparable to those charged for similar services by approved inspection agencies.*

(10) The department shall, by rule, develop forms and reporting periods for the architect or structural engineer in charge of the supervision of the work of construction in the factory, the inspector on the work, and the manufacturer verifying that based upon personal knowledge, the work during the period covered by the report has been performed, and the materials used and installed, in every particular, in accordance with the approved plans and specifications, setting forth such detailed statements of facts as required by the department.

(11) The department shall develop a unique identification label to be affixed to all newly constructed factory-built school buildings and existing factory-built school buildings which have been brought into compliance with the standards for existing "satisfactory" buildings pursuant to chapter 5 of the Uniform Code for Public Educational Facilities, and after *January 1, 2002* ~~July 1, 2001~~, the Florida Building Code. The department may charge a fee for issuing such labels. Such labels, bearing the department's name and state seal, shall at a minimum, contain:

- (a) The name of the manufacturer.
 - (b) The standard plan approval number or alteration number.
 - (c) The date of manufacture or alteration.
 - (d) The serial or other identification number.
 - (e) The following designed-for loads: lbs. per square foot live load; lbs. per square foot floor live load; lbs. per square foot horizontal wind load; and lbs. per square foot wind uplift load.
 - (f) The designed-for flood zone usage.
 - (g) The designed-for wind zone usage.
 - (h) The designed-for enhanced hurricane protection zone usage: yes or no.
- (12) Such identification label shall be permanently affixed by the manufacturer in the case of newly constructed factory-built school buildings, or by the department or its designee in the case of an existing factory-built building altered to comply with provisions of s. 235.061.

(13) As of July 1, 2001, all ~~existing and~~ newly constructed factory-built school buildings shall bear a label pursuant to subsection (12). As of *July 1, 2002*, existing factory-built school buildings *and manufactured building used as classrooms and not bearing such label shall not be used as classrooms pursuant to s. 235.061.*

(14) Nothing in this section shall affect any requirement for compliance with firesafety criteria.

 - (a) The building, structure, or facility is being converted from residential to nonresidential or mixed use, as defined by local law;
 - (b) The proposed alteration or renovation of the building, structure, or facility will affect usability or accessibility to a degree that invokes the requirements of s. 303(a) of the Americans with Disabilities Act of 1990; or
 - (c) The original construction or any former alteration or renovation of the building, structure, or facility was carried out in violation of applicable permitting law.

Section 11. Subsections (2) and (3), paragraph (b) of subsection (4) and subsections (5), (6), and (7) of section 553.73, Florida Statutes, as amended by section 40 of chapter 98-287, Laws of Florida, as amended by section 61 of chapter 98-419, Laws of Florida, as amended by sections 73, 74, and 75 of chapter 2000-141, Laws of Florida, and section 62 of chapter 2000-154, Laws of Florida, are amended, and present subsections (8), (9), and (10) of that section are redesignated as subsections (9), (10), and (11), respectively, to read:

553.73 State Minimum Building Codes.—

- (2) The Florida Building Code shall contain provisions or requirements for public and private buildings, structures, and facilities relative to structural, mechanical, electrical, plumbing, energy, and gas systems,

existing buildings, historical buildings, manufactured buildings, elevators, coastal construction, lodging facilities, food sales and food service facilities, health care facilities, including assisted living facilities, adult day care facilities, and facilities for the control of radiation hazards, public or private educational facilities, swimming pools, and correctional facilities and enforcement of and compliance with such provisions or requirements. *Further, the Florida Building Code must provide for uniform implementation of ss. 515.25, 515.27, and 515.29 by including standards and criteria for residential swimming pool barriers, pool covers, latching devices, door and window exit alarms, and other equipment required therein, which are consistent with the intent of s. 515.23.* Technical provisions to be contained within the Florida Building Code are restricted to requirements related to the types of materials used and construction methods and standards employed in order to meet criteria specified in the Florida Building Code. Provisions relating to the personnel, supervision or training of personnel, or any other professional qualification requirements relating to contractors or their workforce may not be included within the Florida Building Code, and subsections (4), (5), and (6) are not to be construed to allow the inclusion of such provisions within the Florida Building Code by amendment. This restriction applies to both initial development and amendment of the Florida Building Code.

(3) The commission shall select from available national or international model building codes, or other available building codes and standards currently recognized by the laws of this state, to form the foundation for the Florida Building Code. The commission may modify the selected model codes and standards as needed to accommodate the specific needs of this state. Standards or criteria referenced by the selected model codes shall be similarly incorporated by reference. If a referenced standard or criterion requires amplification or modification to be appropriate for use in this state, only the amplification or modification shall be specifically set forth in the Florida Building Code. *The Florida Building Commission may approve technical amendments to the code after the amendments have been subject to the following conditions:*

(a) *The proposed amendment has been published on the commission's website for a minimum of 45 days and all the associated documentation has been made available to any interested party before any consideration by any Technical Advisory Committee;*

(b) *In order for a Technical Advisory Committee to make a favorable recommendation to the commission, the proposal must receive a three-fourths vote of the members present at the Technical Advisory Committee meeting and at least half of the regular members must be present in order to conduct a meeting;*

(c) *After Technical Advisory Committee consideration and a recommendation for approval of any proposed amendment, the proposal must be published on the commission's website for not less than 45 days before any consideration by the commission; and*

(d) *Any proposal may be modified by the commission based on public testimony and evidence from a public hearing held in accordance with chapter 120.*

The commission shall incorporate within sections of the Florida Building Code provisions which address regional and local concerns and variations. The commission shall make every effort to minimize conflicts between the Florida Building Code, the Florida Fire Prevention Code, and the Life Safety Code.

(4)

(b) Local governments may, subject to the limitations of this section, adopt amendments to the technical provisions of the Florida Building Code which apply solely within the jurisdiction of such government and which provide for more stringent requirements than those specified in the Florida Building Code, not more than once every 6 months, provided:

1. The local governing body determines, following a public hearing which has been advertised in a newspaper of general circulation at least 10 days before the hearing, that there is a need to strengthen the requirements of the Florida Building Code. The determination must be based upon a review of local conditions by the local governing body, which review demonstrates that local conditions justify more stringent requirements than those specified in the Florida Building Code for the protection of life and property.

2. Such additional requirements are not discriminatory against materials, products, or construction techniques of demonstrated capabilities.

3. Such additional requirements may not introduce a new subject not addressed in the Florida Building Code.

4. The enforcing agency shall make readily available, in a usable format, all amendments adopted pursuant to this section.

5. Any amendment to the Florida Building Code shall be transmitted within 30 days by the adopting local government to the commission. The commission shall maintain copies of all such amendments in a format that is usable and obtainable by the public.

6. Any amendment to the Florida Building Code adopted by a local government pursuant to this paragraph shall be effective only until the adoption by the commission of the new edition of the Florida Building Code every third year. At such time, the commission shall review such amendment for consistency with the criteria in paragraph (6)(a) and adopt such amendment as part of the Florida Building Code or rescind the amendment. The commission shall immediately notify the respective local government of the rescission of any amendment. After receiving such notice, the respective local government may readopt the rescinded amendment pursuant to the provisions of this paragraph.

7. Each county and municipality desiring to make local technical amendments to the Florida Building Code shall by interlocal agreement establish a countywide compliance review board to review any amendment to the Florida Building Code, adopted by a local government within the county pursuant to this paragraph, that is challenged by any substantially affected party for purposes of determining the amendment's compliance with this paragraph. If the compliance review board determines such amendment is not in compliance with this paragraph, the compliance review board shall notify such local government of the non-compliance and that the amendment is invalid and unenforceable until the local government corrects the amendment to bring it into compliance. The local government may appeal the decision of the compliance review board to the commission, *which shall conduct a hearing under chapter 120 and the uniform rules of procedure.* If the compliance review board determines such amendment to be in compliance with this paragraph, any substantially affected party may appeal such determination to the commission, *which shall conduct a hearing under chapter 120 and the uniform rules of procedure.* Actions of the commission are subject to judicial review pursuant to s. 120.68. The compliance review board shall determine whether its decisions apply to a respective local jurisdiction or apply countywide.

8. An amendment adopted under this paragraph shall include a fiscal impact statement which documents the costs and benefits of the proposed amendment. Criteria for the fiscal impact statement shall include the impact to local government relative to enforcement, the impact to property and building owners, as well as to industry, relative to the cost of compliance. The fiscal impact statement may not be used as a basis for challenging the amendment for compliance.

9. In addition to subparagraphs 7. and 8., the commission may review any amendments adopted pursuant to this subsection and make nonbinding recommendations related to compliance of such amendments with this subsection.

(5) ~~The commission, by rule adopted pursuant to ss. 120.536(1) and 120.54, shall update the Florida Building Code every 3 years.~~ The initial adoption of, and any subsequent update or amendment to, the Florida Building Code by the commission is deemed adopted for use statewide without adoptions by local government. *For a building permit for which an application is submitted prior to the effective date of the Florida Building Code, the state minimum building code in effect in the permitting jurisdiction on the date of the application governs the permitted work for the life of the permit and any extension granted to the permit.*

(6) *The commission, by rule adopted pursuant to ss. 120.536(1) and 120.54, shall update the Florida Building Code every 3 years.* When updating the Florida Building Code, the commission shall consider changes made by the adopting entity of any selected model code for any model code incorporated into the Florida Building Code, and may subsequently adopt the new edition or successor of the model code or any part of such code, *no sooner than 6 months after such model code has been adopted by the adopting organization,* which may then be modified for this state as provided in this section, and shall further consider the commission's own interpretations, declaratory statements, appellate decisions, and approved statewide and local technical amendments. A change made by an institute or standards organization to any standard or criterion that is adopted by reference in the Florida Building Code does not become effective statewide until it has been adopted by the

commission. *Furthermore*, the edition of the Florida Building Code which is in effect on the date of application ~~for~~ of any permit authorized by the code governs the permitted work for the life of the permit and any extension granted to the permit. Any amendment to the Florida Building Code which is adopted upon a finding by the commission that the amendment is necessary to protect the public from immediate threat of harm takes effect immediately.

(7)(6)(a) The commission may approve technical amendments to the Florida Building Code once each year for statewide or regional application upon a finding that the amendment:

1. Has a reasonable and substantial connection with the health, safety, and welfare of the general public.
2. Strengthens or improves the Florida Building Code, or in the case of innovation or new technology, will provide equivalent or better products or methods or systems of construction.
3. Does not discriminate against materials, products, methods, or systems of construction of demonstrated capabilities.
4. Does not degrade the effectiveness of the Florida Building Code.

Furthermore, the Florida Building Commission may approve technical amendments to the code once each year to incorporate into the Florida Building Code its own interpretations of the code which are embodied in its opinions and declaratory statements. Amendments approved under this paragraph shall be adopted by rule pursuant to ss. 120.536(1) and 120.54, *after the amendments have been subjected to the provisions of subsection (3)*.

(b) A proposed amendment shall include a fiscal impact statement which documents the costs and benefits of the proposed amendment. Criteria for the fiscal impact statement shall be established by rule by the commission and shall include the impact to local government relative to enforcement, the impact to property and building owners, as well as to industry, relative to the cost of compliance.

(c) The commission may not approve any proposed amendment that does not accurately and completely address all requirements for amendment which are set forth in this section.

(8)(7) The following buildings, structures, and facilities are exempt from the Florida Building Code as provided by law, and any further exemptions shall be as determined by the Legislature and provided by law:

- (a) Buildings and structures specifically regulated and preempted by the Federal Government.
- (b) Railroads and ancillary facilities associated with the railroad.
- (c) Nonresidential farm buildings on farms.
- (d) Temporary buildings or sheds used exclusively for construction purposes.
- (e) Mobile homes used as temporary offices, except that the provisions of part V relating to accessibility by persons with disabilities shall apply to such mobile homes.
- (f) Those structures or facilities of electric utilities, as defined in s. 366.02, which are directly involved in the generation, transmission, or distribution of electricity.

(g) Temporary sets, assemblies, or structures used in commercial motion picture or television production, or any sound-recording equipment used in such production, on or off the premises.

(h) *Storage sheds that are not designed for human habitation and that have a floor area of 720 square feet or less are not required to comply with the mandatory wind-borne-debris-impact standards of the Florida Building Code.*

(i) *Chickees constructed by the Miccosukee Tribe of Indians of Florida or the Seminole Tribe of Florida. As used in this paragraph, the term "chickee" means an open-sided wooden hut that has a thatched roof of palm or palmetto or other traditional materials, and that does not incorporate any electrical, plumbing, or other nonwood features.*

With the exception of paragraphs (a), (b), (c), and (f), in order to preserve the health, safety, and welfare of the public, the Florida Building Commission may, by rule adopted pursuant to chapter 120, provide for exceptions to the broad categories of buildings exempted in this section, including exceptions for application of specific sections of the code or

standards adopted therein. The Department of Agriculture and Consumer Services shall have exclusive authority to adopt by rule, pursuant to chapter 120, exceptions to nonresidential farm buildings exempted in paragraph (c) when reasonably necessary to preserve public health, safety, and welfare. The exceptions must be based upon specific criteria, such as under-roof floor area, aggregate electrical service capacity, HVAC system capacity, or other building requirements. Further, the commission may recommend to the Legislature additional categories of buildings, structures, or facilities which should be exempted from the Florida Building Code, to be provided by law.

Section 12. Paragraphs (e) and (h) of subsection (1) and subsections (2) and (6) of section 553.77, Florida Statutes, as amended by section 46 of chapter 98-287, Laws of Florida, as amended by section 78 of chapter 2000-141, Laws of Florida, as amended by section 79 of chapter 2000-141, Laws of Florida, are amended, and subsection (7) is added to that section, to read:

Actions of the commission are subject to judicial review pursuant to s. 120.68.

(h) Hear appeals of the decisions of local boards of appeal regarding interpretation decisions of local building officials, or if no local board exists, hear appeals of decisions of the building officials regarding interpretations of the code. For such appeals:

1. Local decisions declaring structures to be unsafe and subject to repair or demolition shall not be appealable to the commission if the local governing body finds there is an immediate danger to the health and safety of its citizens.

2. All appeals shall be heard in the county of the jurisdiction defending the appeal.

3. *Hearings shall be conducted pursuant to chapter 120 and the uniform rules of procedure, and decisions* ~~Actions~~ of the commission are subject to judicial review pursuant to s. 120.68.

~~(2) With respect to the qualification program for special inspectors of threshold buildings as required by s. 553.79(5)(c), the commission may prescribe initial and annual renewal fees for certification, by rule, in accordance with chapter 120.~~

(6) The commission may provide by rule for plans review and approval of prototype buildings owned by public and private entities to be replicated throughout the state. *The rule must allow for review and approval of plans for prototype buildings to be performed by a public or private entity with oversight by the commission. The department may charge reasonable fees to cover the administrative costs of the program.* Such approved plans or prototype buildings shall be exempt from further review required by s. 553.79(2), except changes to the prototype design, site plans, and other site-related items. *As provided in s. 553.73, prototype buildings are exempt from, or any locally adopted local amendment to any part of the Florida Building Code. Construction or erection of such prototype buildings is subject to local permitting and inspections pursuant to this part.*

(7) *The commission may produce and distribute a commentary document to accompany the Florida Building Code. The commentary must be limited in effect to providing technical assistance and must not have the effect of binding interpretations of the code document itself.*

Section 13. Subsections (2) and (6) of section 553.79, Florida Statutes, as amended by section 49 of chapter 98-287, Laws of Florida, as amended by sections 83 and 84 of chapter 2000-141, Laws of Florida, are amended to read:

553.79 Permits; applications; issuance; inspections.—

(2) *Except as provided in subsection (6), an* ~~No~~ enforcing agency may not issue any permit for construction, erection, alteration, modification, repair, or demolition of any building or structure until the local building code administrator or inspector has reviewed the plans and specifications *required by the Florida Building Code, or local amendment thereto*, for such proposal and found the plans to be in compliance with the

Florida Building Code. In addition, an enforcing agency may not issue any permit for construction, erection, alteration, modification, repair, or demolition of any building until the appropriate firesafety inspector certified pursuant to s. 633.081 has reviewed the plans and specifications required by the Florida Building Code, or local amendment thereto, for such proposal and found that the plans comply with the Florida Fire Prevention Code and the Life Safety Code. Any building or structure which is not subject to a firesafety code shall not be required to have its plans reviewed by the firesafety inspector. Any building or structure that is exempt from the local building permit process may not be required to have its plans reviewed by the local building code administrator. Industrial construction on sites where design, construction, and firesafety are supervised by appropriate design and inspection professionals and which contain adequate in-house fire departments and rescue squads is exempt, subject to local government option, from review of plans and inspections, providing owners certify that applicable codes and standards have been met and supply appropriate approved drawings to local building and firesafety inspectors. The enforcing agency shall issue a permit to construct, erect, alter, modify, repair, or demolish any building or structure when the plans and specifications for such proposal comply with the provisions of the Florida Building Code and the Florida Fire Prevention Code and the Life Safety Code as determined by the local authority in accordance with this chapter and chapter 633.

(6) A permit may not be issued for any building construction, erection, alteration, modification, repair, or addition unless the applicant for such permit complies with the requirements for plan review established by the Florida Building Commission within the Florida Building Code. However, the code shall set standards and criteria to authorize preliminary construction before completion of all building plans review, including, but not limited to, special permits for the foundation only, and such standards shall take effect concurrent with the first effective date of the Florida Building Code.

Section 14. Effective upon this act becoming a law, section 553.84, Florida Statutes, as amended by section 88 of chapter 2000-141, Laws of Florida, is amended to read:

It is the intent of the Legislature that the Florida Building Commission make sure that initial training for the Florida Building Code be achieved as soon as practicable to ensure compliance. It is further the intent of the Legislature that the Florida Building Commission encourage and promote improved coordination between industry associations as a way to achieve better compliance with Florida's building codes.

(2) Not more than 60 days after the effective date of this section, the Florida Building Commission and the department shall provide for statewide outreach for training on the Florida Building Code. The Florida Building Commission and the department shall achieve statewide outreach for training through organizations, including, but not limited to, existing licensee trade and professional associations. The Florida Building Commission or the department may not exclude participation in statewide outreach by any trade or professional association that has as its primary constituency members who are required to comply with the training requirements of the Florida Building Code. Wherever possible and by contract pursuant to s. 287.057, the Florida Building Commission and the department shall outsource components, outreach, and coordination of training and the training itself to prevent duplication and ensure

the most expeditious and consistent delivery and minimize administrative costs to the commission and the department. This section does not prohibit any qualified entity from providing training on the Florida Building Code.

(3) To the extent available, funding for outreach, coordination of training, or training may come from existing resources. If necessary, the Florida Building Commission or the department may seek additional or supplemental funds pursuant to s. 215.559(5). This section does not preclude the Florida Building Commission from charging fees to fund the building code training program in a self-sufficient manner as provided in s. 553.841(5).

(4) This section is repealed June 30, 2003, unless reenacted by the Legislature.

Section 16. Effective July 1, 2001, section 553.842, Florida Statutes, is amended to read:

Products may be approved either by the commission for statewide use, or by a local building department for use in that department's jurisdiction only. Notwithstanding a local government's authority to amend the Florida Building Code as provided in this act, statewide approval shall preclude local jurisdictions from requiring further testing, evaluation, or submission of other evidence as a condition of using the product so long as the product is being used consistent with the conditions of its approval.

(5) ~~Statewide and~~ Local approval of products or methods or systems of construction may ~~shall~~ be achieved by the local building official through building plans review and inspection to determine that the product, method, or system of construction complies with the prescriptive standards established in the code. Alternatively, local approval may be achieved by one of the methods established in subsection (6).

(6) Statewide or local approval of products, methods, or systems of construction may be achieved by one of the following methods. One of these methods must be used by local officials or the commission to approve the following categories of products: panel walls, exterior doors, roofing, skylights, windows, shutters, and structural components as established by the commission by rule.

2. A test report from an approved testing laboratory;
3. A product evaluation report based upon testing or comparative or rational analysis, or a combination thereof, from an approved product evaluation entity; or
4. A product evaluation report based upon testing or comparative or rational analysis, or a combination thereof, developed and signed and sealed by a professional engineer or architect, licensed in this state.

(b) Products, methods, or systems of construction for which there are no specific standardized testing or comparative or rational analysis methods established in the code may be approved by submittal and validation of one of the following:

1. A product evaluation report based upon testing or comparative or rational analysis, or a combination thereof, from an approved product evaluation entity indicating that the product or method or system of construction was evaluated to be in compliance with the intent of the Florida Building Code and that the product or method or system of construction is, for the purpose intended, at least equivalent to that required by the Florida Building Code; or
2. For state approvals, validation shall be performed by validation entities approved by the commission. The commission shall adopt by rule criteria for approval of validation entities, which shall be third-party entities independent of the product's manufacturer and which shall certify to the commission the product's compliance with the code.

(9) The commission may adopt rules to approve the following types of entities that produce information on which product approvals are based. All of the following entities, including engineers and architects, must comply with a nationally recognized standard demonstrating independence or no conflict of interest:

(a) Evaluation entities that meet the criteria for approval adopted by the commission by rule. The commission shall specifically approve the National Evaluation Service, the International Conference of Building Officials Evaluation Services, the Building Officials and Code Administrators International Evaluation Services, the Southern Building Code

Any product approved under this procedure shall be required to be manufactured under a quality assurance program, certified by an approved product evaluation entity.~~

(10)(6) A building official may deny the local application of a product or method or system of construction which has received statewide approval, based upon a written report signed by the official that concludes the product application is inconsistent with the statewide approval and that states the reasons the application is inconsistent. Such denial is subject to the provisions of s. 553.77 governing appeal of the building official's interpretation of the code.

(11)(7) Products, other than manufactured buildings, which are custom fabricated or assembled shall not require separate approval under this section provided the component parts have been approved for the fabricated or assembled product's use and the components meet the standards and requirements of the Florida Building Code which applies to the product's intended use.

(12)(8) A building official may appeal the required approval for local use of a product or method or system of construction to the commission. The commission shall conduct a hearing under chapter 120 and the uniform rules of procedure and shall ~~establish expedited procedures to~~ handle such appeals in an expedited manner.

(13)(9) The decisions of local building officials shall be appealable to the local board of appeals, if such board exists, and then to the commission, which shall conduct a hearing under chapter 120 and the uniform rules of procedure. The commission shall establish reasonable timeframes associated with the product approval process and availability of the ~~lists list~~.

(15) The commission shall by rule establish criteria for revocation of product approvals as well as revocation of approvals of product evaluation entities, testing laboratories, quality-assurance entities, certification agencies, and validation entities. Revocation is governed by s. 120.60 and the uniform rules of procedure.

—as amended April 30 was read the third time by title.

Senators Holzendorf, Geller, Klein and Latvala offered the following amendment which was moved by Senator Holzendorf:

Amendment 1 (363452)(with title amendment)—On page 2, between lines 24 and 25, insert:

Section 2. Paragraph (e) is added to subsection (1) of section 28.101, Florida Statutes; to read:

28.101 Petitions and records of dissolution of marriage; additional charges.—

(1) When a party petitions for a dissolution of marriage, in addition to the filing charges in s. 28.241, the clerk shall collect and receive:

(e) *A charge of \$50. Monthly, the clerk shall transfer the moneys collected under this paragraph to the authorized insurer or eligible surplus lines insurer, selected under chapter 287, for the issuance of a policy of insurance to provide child-support payments when the payor's employment has been involuntarily terminated. The \$50 charge may be reduced to the actual premium amount for such policy as determined through the competitive-bidding process in chapter 287.*

1. *The policy required by this paragraph must provide for the payment of child-support amounts due to the child or to the child's parent or legal guardian. Payments must be made, after a reasonable waiting period of no longer than 7 days, on behalf of the obligated person when*

the obligated person has become unemployed by reason of involuntary unemployment. As used in this paragraph, the term "involuntary unemployment" means unemployment due to a strike, lockout, individual or mass layoff, or loss of income due to business failure or bankruptcy. Payments must be equal to the monthly or weekly support payments and must be paid in accordance with the terms of the divorce decree or other order of the court for the term of involuntary unemployment, but payments may not be made for a period of more than 13 weeks. The 13 weeks need not be consecutive; however, this is the maximum number of weeks payable on behalf of the obligated person for the total of all periods of involuntary unemployment.

2. *In addition to the costs collected for the payment of the insurance premium, the clerk may collect an additional fee of \$4 to cover the administrative cost of collecting and transmitting the insurance premium.*

3. *The Department of Management Services shall select an insurer or eligible surplus lines insurer to provide the insurance required under this paragraph, and such selection must comply with the provisions of chapter 287. The department shall notify each county clerk of the insurer or surplus lines insurer selected to provide the insurance and the necessary information for transmittal of the moneys collected to pay the premiums for such insurance.*

4. *The clerk shall furnish to such insurer or surplus insurer the name and address of each person ordered to pay child support and each person entitled to receive such payments. The insurer or surplus lines insurer selected shall furnish a certificate of insurance, an explanation of the coverage, and claim-filing instructions to the person entitled to receive the child-support payments.*

5. *The insurer or surplus lines insurer providing the insurance required under this paragraph is responsible for notifying the obligor, the obligee, the Department of Revenue in the Title IV-D cases, and the local depository in the county that entered the order that child support payments are being made by an insurer.*

Section 3. Subsection (6) is added to section 624.3161, Florida Statutes, to read:

624.3161 Market conduct examinations.—

(6) *The department shall adopt rules as necessary to effectuate the market conduct examination process, to assure compliance by the person examined with the applicable provisions of the Insurance Code. Such rules shall not exceed the authority of the statutes involved in the market conduct examination.*

Section 4. Subsection (8) is added to section 626.171, Florida Statutes, to read:

626.171 Application for license.—

(8) *The department shall adopt rules to effectuate the license application process, including photo identification, background checks and credit reports, prelicensing courses, the impact of criminal and law enforcement history, and other relevant information in an effort to determine an applicant's fitness and trustworthiness to engage in the business of insurance.*

Section 5. Paragraphs (o) and (w) of subsection (1) of section 626.9541, Florida Statutes, are amended to read:

626.9541 Unfair methods of competition and unfair or deceptive acts or practices defined.—

(1) UNFAIR METHODS OF COMPETITION AND UNFAIR OR DECEPTIVE ACTS.—The following are defined as unfair methods of competition and unfair or deceptive acts or practices:

(o) *Illegal dealings in premiums; excess or reduced charges for insurance.—*

1. *Knowingly collecting any sum as a premium or charge for insurance, which is not then provided, or is not in due course to be provided, subject to acceptance of the risk by the insurer, by an insurance policy issued by an insurer as permitted by this code.*

2. *Knowingly collecting as a premium or charge for insurance any sum in excess of or less than the premium or charge applicable to such*

insurance, in accordance with the applicable classifications and rates as filed with and approved by the department, and as specified in the policy; or, in cases when classifications, premiums, or rates are not required by this code to be so filed and approved, premiums and charges in excess of or less than those specified in the policy and as fixed by the insurer. This provision shall not be deemed to prohibit the charging and collection, by surplus lines agents licensed under part VIII of this chapter, of the amount of applicable state and federal taxes, or fees as authorized by s. 626.916(4), in addition to the premium required by the insurer or the charging and collection, by licensed agents, of the exact amount of any discount or other such fee charged by a credit card facility in connection with the use of a credit card, as authorized by subparagraph (q)3., in addition to the premium required by the insurer. This subparagraph shall not be construed to prohibit collection of a premium for a universal life or a variable or indeterminate value insurance policy made in accordance with the terms of the contract.

3.a. Imposing or requesting an additional premium for a policy of motor vehicle liability, personal injury protection, medical payment, or collision insurance or any combination thereof or refusing to renew the policy solely because the insured was involved in a motor vehicle accident unless the insurer's file contains information from which the insurer in good faith determines that the insured was substantially at fault in the accident.

b. An insurer which imposes and collects such a surcharge or which refuses to renew such policy shall, in conjunction with the notice of premium due or notice of nonrenewal, notify the named insured that he or she is entitled to reimbursement of such amount or renewal of the policy under the conditions listed below and will subsequently reimburse him or her or renew the policy, if the named insured demonstrates that the operator involved in the accident was:

- (I) Lawfully parked;
- (II) Reimbursed by, or on behalf of, a person responsible for the accident or has a judgment against such person;
- (III) Struck in the rear by another vehicle headed in the same direction and was not convicted of a moving traffic violation in connection with the accident;
- (IV) Hit by a "hit-and-run" driver, if the accident was reported to the proper authorities within 24 hours after discovering the accident;
- (V) Not convicted of a moving traffic violation in connection with the accident, but the operator of the other automobile involved in such accident was convicted of a moving traffic violation;
- (VI) Finally adjudicated not to be liable by a court of competent jurisdiction;
- (VII) In receipt of a traffic citation which was dismissed or nolle prossed; or
- (VIII) Not at fault as evidenced by a written statement from the insured establishing facts demonstrating lack of fault which are not rebutted by information in the insurer's file from which the insurer in good faith determines that the insured was substantially at fault.

c. In addition to the other provisions of this subparagraph, an insurer may not fail to renew a policy if the insured has had only one accident in which he or she was at fault within the current 3-year period. However, an insurer may nonrenew a policy for reasons other than accidents in accordance with s. 627.728. This subparagraph does not prohibit nonrenewal of a policy under which the insured has had three or more accidents, regardless of fault, during the most recent 3-year period.

4. Imposing or requesting an additional premium for, or refusing to renew, a policy for motor vehicle insurance solely because the insured committed a noncriminal traffic infraction as described in s. 318.14 unless the infraction is:

- a. A second infraction committed within an 18-month period, or a third or subsequent infraction committed within a 36-month period.
- b. A violation of s. 316.183, when such violation is a result of exceeding the lawful speed limit by more than 15 miles per hour.

5. Upon the request of the insured, the insurer and licensed agent shall supply to the insured the complete proof of fault or other criteria which justifies the additional charge or cancellation.

6. No insurer shall impose or request an additional premium for motor vehicle insurance, cancel or refuse to issue a policy, or refuse to renew a policy because the insured or the applicant is a handicapped or physically disabled person, so long as such handicap or physical disability does not substantially impair such person's mechanically assisted driving ability.

7. No insurer may cancel or otherwise terminate any insurance contract or coverage, or require execution of a consent to rate endorsement, during the stated policy term for the purpose of offering to issue, or issuing, a similar or identical contract or coverage to the same insured with the same exposure at a higher premium rate or continuing an existing contract or coverage with the same exposure at an increased premium.

8. No insurer may issue a nonrenewal notice on any insurance contract or coverage, or require execution of a consent to rate endorsement, for the purpose of offering to issue, or issuing, a similar or identical contract or coverage to the same insured at a higher premium rate or continuing an existing contract or coverage at an increased premium without meeting any applicable notice requirements.

9. No insurer shall, with respect to premiums charged for motor vehicle insurance, unfairly discriminate solely on the basis of age, sex, marital status, *location of the risk*, *accidents more than 3 years old*, or scholastic achievement.

10. Imposing or requesting an additional premium for motor vehicle comprehensive or uninsured motorist coverage solely because the insured was involved in a motor vehicle accident or was convicted of a moving traffic violation.

11. No insurer shall cancel or issue a nonrenewal notice on any insurance policy or contract without complying with any applicable cancellation or nonrenewal provision required under the Florida Insurance Code.

12. No insurer shall impose or request an additional premium, cancel a policy, or issue a nonrenewal notice on any insurance policy or contract because of any traffic infraction when adjudication has been withheld and no points have been assessed pursuant to s. 318.14(9) and (10). However, this subparagraph does not apply to traffic infractions involving accidents in which the insurer has incurred a loss due to the fault of the insured.

(w) Soliciting or accepting new or renewal insurance risks by insolvent or impaired insurer prohibited; penalty.—

1. Whether or not delinquency proceedings as to the insurer have been or are to be initiated, but while such insolvency or impairment exists, no director or officer of an insurer, except with the written permission of the Department of Insurance, shall authorize or permit the insurer to solicit or accept new or renewal insurance risks in this state after such director or officer knew, or reasonably should have known, that the insurer was insolvent or impaired. "Impaired" includes impairment for capital or surplus, as defined in s. 631.011(12)(9) and (13)(40).

2. Any such director or officer, upon conviction of a violation of this paragraph, is guilty of a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

Section 6. Section 626.9552, Florida Statutes, is created to read:

626.9552 *Single interest insurance.*—

(1) *When single interest insurance is written at the expense of the purchaser or borrower in connection with a finance or loan transaction, a clear and concise statement must be furnished the purchaser or borrower advising the purchaser or borrower that the insurance effected is solely for the interest of the financing entity, and that no protection thereunder exists for the benefit of the purchaser or borrower. When single interest insurance is written, no effort may be made by the insurer to recover the amount of any payment from the borrower. Single interest insurance policies must be clearly stamped or printed on the declarations page, "Single Interest Only—No Subrogation." Single interest insurance is to be placed only after it has been determined that no other kind*

of insurance can be placed on the risk, except with the consent of the purchaser or borrower. Single interest may be written in cases of inland marine installment sales floater policies. If insurance cannot be obtained for the dual protection of the purchaser or borrower, and the seller or lender or financing entity for all the coverages contemplated, or if obtained, is canceled by the insurer before expiration, the seller or lender or financing entity may obtain insurance to protect his or her interest in the motor vehicle or other personal property, and the purchaser or borrower may be required to pay the cost thereof. In such event the seller or lender or financing entity shall promptly notify the purchaser or borrower that such insurance cannot be obtained, or has been canceled, and credit to the purchaser or borrower the difference between the amount charged for dual protection insurance and the actual cost of such single interest insurance, less, in the event of cancellation, the earned premium on the dual interest insurance for the period it was in force. If the purchaser or borrower procures acceptable dual interest insurance within 30 days after the date of such notice and provides the seller or lender, or finance entity with evidence that the premium therefore has been paid, there is no charge to him or her for the single interest coverage. As used in this section, the term "financing entity" means a finance company, bank, or other lending institution. However, those lenders licensed under the Consumer Finance Act, chapter 516, must provide coverage issued in the name of the borrower containing the customary mortgagee or loss payee clause.

(2) If a certificate is issued under a master policy, the same coverage as provided in an individual policy will apply.

(3) The provisions of this section do not apply to title insurance as defined in s. 624.608.

Section 7. Paragraph (a) of subsection (2) of section 627.062, Florida Statutes, is amended to read:

627.062 Rate standards.—

(2) As to all such classes of insurance:

(a) Insurers or rating organizations shall establish and use rates, rating schedules, or rating manuals to allow the insurer a reasonable rate of return on such classes of insurance written in this state. Copies of rates, rating schedules, rating manuals, premium credits or discount schedules, and surcharge schedules, and changes thereto, shall be filed with the department under one of the following procedures:

1. If the filing is made at least 90 days before the proposed effective date and the filing is not implemented during the department's review of the filing and any proceeding and judicial review, then such filing shall be considered a "file and use" filing. In such case, the department shall finalize its review by issuance of a notice of intent to approve or a notice of intent to disapprove within 90 days after receipt of the filing. The notice of intent to approve and the notice of intent to disapprove constitute agency action for purposes of the Administrative Procedure Act. Requests for supporting information, requests for mathematical or mechanical corrections, or notification to the insurer by the department of its preliminary findings shall not toll the 90-day period during any such proceedings and subsequent judicial review. The rate shall be deemed approved if the department does not issue a notice of intent to approve or a notice of intent to disapprove within 90 days after receipt of the filing.

2. If the filing is not made in accordance with the provisions of subparagraph 1., such filing shall be made as soon as practicable, but no later than 30 days after the effective date, and shall be considered a "use and file" filing. An insurer making a "use and file" filing is potentially subject to an order by the department to return to policyholders portions of rates found to be excessive, as provided in paragraph (h).

Section 8. Subsection (4) is added to section 627.0625, Florida Statutes, to read:

627.0625 Commercial property and casualty risk management plans.—

(4) Commercial motor vehicle policies that are issued to satisfy mandatory financial responsibility requirements of a state or local government must provide first dollar coverage to third-party claimants without a deductible. With respect to such practices, the department may adopt

rules necessary to assure that claims are administered fairly as required by law.

Section 9. Subsection (8) of section 627.0651, Florida Statutes, is amended to read:

627.0651 Making and use of rates for motor vehicle insurance.—

(8) Rates are not unfairly discriminatory if averaged broadly among members of a group; nor are rates unfairly discriminatory even though they are lower than rates for nonmembers of the group. However, such rates are unfairly discriminatory if they are not actuarially measurable and credible and sufficiently related to actual or expected loss and expense experience of the group so as to assure that nonmembers of the group are not unfairly discriminated against. Use of a single United States Postal Service zip code as a rating territory shall be deemed unfairly discriminatory. An insurer may not impose a surcharge or discount for liability coverages based on the type of vehicle without providing acceptable actuarial justification.

Section 10. Section 627.385, Florida Statutes, is created to read:

627.385 Conduct of residual market board members.—

(1)(a) For various insurance coverages, a residual market has been created by legislation to provide a market of last resort for individuals unable to secure coverage in the voluntary market.

(b) Each residual market's enabling legislation calls for the establishment of a board of governors or directors that operates subject to a plan of operation. The board, in carrying out its obligations, must engage in business transactions in order to provide and administer the required coverage and maintain adequate funds to support the plan. In order for the board to fully execute its responsibilities required by law, conflict of interest or inappropriate activity by board members, or the appearance thereof, with regard to member insurers or policyholders of the residual market mechanism must be avoided. The Legislature has determined that the provisions set forth in subsection (2) are necessary to protect the public interest by ensuring fair, reasonable, and beneficial board practice and activity.

(c) This section applies to the Florida Medical Malpractice Joint Underwriting Association, the Florida Automobile Joint Underwriting Association, the Florida Workers' Compensation Joint Underwriting Association, the Florida Comprehensive Health Association, the Florida Windstorm Underwriting Association, the Florida Property and Casualty Joint Underwriting Association, the Florida Residential Property and Casualty Joint Underwriting Association, and the board members thereof.

(2) To ensure that the board is free from potential conflict or inappropriate behavior the following are adopted in the plan of operation of the subject residual market in this state.

(a) A board member may not act as a servicing carrier or administering entity for the subject plan, other than a claim adjustment contract open to all members of the plan.

(b) A board member or board member representative may not use his or her position to foster or facilitate any special pecuniary gain for himself or herself, his or her member company, or any other entity in which the board member or board member representative or the member company has a substantial financial interest, except as otherwise provided in paragraph (a).

(c) A board member or board member representative may not use his or her position on the board to secure or promote any business relationship from which he or she may derive a financial gain.

(d) A board member or designee may not receive any gift or gratuity, except as provided in s. 112.3248, other than meals, while acting in his or her capacity as a board member.

(3) Board members and board member representatives shall maintain reasonable board expenses based on state travel policy as set forth in s. 112.061. The board shall develop a detailed policy regarding board member travel, which policy must be based on s. 112.061 and is subject to the approval of the department.

Section 11. Section 627.4065, Florida Statutes, is created to read:

627.4065 Insured's right to return policy; notice.—A health insurance policy issued or issued for delivery in this state must have printed or stamped thereon or attached thereto a notice in a prominent place stating in substance that the policyholder may return the policy to the insurer within 10 days after its delivery and may have the premium paid refunded if, after examination of the policy or contract, the policyholder is not satisfied with it for any reason. The notice must provide that if the policyholder, pursuant to such notice, returns the policy or contract to the insurer at its home office or branch office or to the agent through whom it was purchased, it is considered void from the beginning and the parties are in the same position as if no policy or contract had been issued. This section does not apply to group policies, single premium nonrenewable policies or travel accident policies.

Section 12. Section 627.41345, Florida Statutes, is created to read:

627.41345 Certificate of insurance.—An insurer or agent may not issue or sign a certificate of insurance that contains terms or conditions that differ from those in the policy under which the certificate of insurance is issued. In the event of a conflict, the terms of the policy under which the certificate of insurance is issued shall control.

Section 13. Subsection (9) is added to section 627.7015, Florida Statutes, to read:

627.7015 Alternative procedure for resolution of disputed property insurance claims.—

(9) For purposes of this section, the term "claim" refers to any dispute between an insurer and an insured relating to a material issue of fact other than a dispute:

(a) With respect to which the insurer has a reasonable basis to suspect fraud;

(b) Where, based on agreed-upon facts as to the cause of loss, there is no coverage under the policy;

(c) With respect to which the insurer has a reasonable basis to believe that the claimant has intentionally made a material misrepresentation of fact which is relevant to the claim, and the entire request for payment of a loss has been denied on the basis of the material misrepresentation; or

(d) Where the amount in controversy is less than \$500, unless the parties agree to mediate a dispute involving a lesser amount.

Section 14. Section 627.7276, Florida Statutes, is amended to read:

(1) The following notice of limited coverage shall ~~An automobile policy that does not contain coverage for bodily injury and property damage must be clearly stamped or printed on any automobile insurance policy that provides coverage only for first-party damage to the insured vehicle, but does not provide coverage for bodily injury liability, property damage liability, or personal injury protection to the effect that such coverage is not included in the policy in the following manner:~~

"THIS POLICY DOES NOT PROVIDE BODILY INJURY LIABILITY, AND PROPERTY DAMAGE LIABILITY, OR PERSONAL INJURY PROTECTION INSURANCE OR ANY OTHER COVERAGE FOR WHICH A SPECIFIC PREMIUM CHARGE IS NOT MADE, AND DOES NOT COMPLY WITH ANY FINANCIAL RESPONSIBILITY LAW OR WITH THE FLORIDA MOTOR VEHICLE NO-FAULT LAW."

(2) This legend must appear on the policy declaration page ~~and on the filing back of the policy~~ and be printed in a contrasting color from that used on the policy and in type larger than the largest type used in the text thereof, as an overprint or by a rubber stamp impression.

Section 15. Section 627.795, Florida Statutes, is created to read:

627.795 Policy exceptions.—

(1) A title insurance commitment must be issued on all real estate closing transactions when a title insurance policy is to be issued, except for multiple conveyances on the same property such as timesharing.

(2) A gap exception may not be deleted on a commitment until the time of closing.

Section 16. Subsection (1) of section 627.918, Florida Statutes, is amended to read:

627.918 Reporting formats.—

(1) The department shall require that the reporting provided for in this part be made on forms ~~adopted established~~ by the department or in a format compatible with the department's ~~its~~ electronic data processing equipment. The department shall adopt by rule standards for such approval.

(3) In the case of a health maintenance contract issued to an employer or person holding the contract on behalf of the subscriber group, the health maintenance organization may make the notification through the employer or group contract holder, and, if the health maintenance organization elects to take this action through the employer or group contract holder, the organization shall be deemed to have complied with the provisions of this section upon notifying the employer or group contract holder of the requirements of this section and requesting the employer or group contract holder to forward to all subscribers the notice required herein. If a subscriber group contract is not renewed due to claim experience, the subscriber group is entitled to receive information concerning its loss ratio. If requested by a subscriber group, a detailed claim experience record may be provided at a reasonable expense. The record shall maintain subscriber confidentiality.

Section 18. Subsection (7) of section 627.7295, Florida Statutes, is amended to read:

627.7295 Motor vehicle insurance contracts.—

(7) A policy of private passenger motor vehicle insurance or a binder for such a policy may be initially issued in this state only if the insurer or agent has collected from the insured an amount equal to 2 months' premium. An insurer, agent, or premium finance company may not directly or indirectly take any action resulting in the insured having paid from the insured's own funds an amount less than the 2 months' premium required by this subsection. This subsection applies without regard to whether the premium is financed by a premium finance company or is paid pursuant to a periodic payment plan of an insurer or an insurance agent. This subsection does not apply if an insured or member of the insured's family is renewing or replacing a policy or a binder for such policy written by the same insurer or a member of the same insurer group. This subsection does not apply to an insurer that issues private passenger motor vehicle coverage primarily to active duty or former military personnel or their dependents. This subsection does not apply if all policy payments are paid pursuant to a payroll deduction plan or an automatic electronic funds transfer payment plan from the policyholder, provided that the first policy payment ~~may be~~ is made by cash, cashier's check, check, or a money order. This subsection and subsection (4) do not apply if all policy payments to an insurer are paid pursuant to an automatic electronic funds transfer payment plan from an agent or a managing general agent, or if the policy is issued pursuant to the transfer of a book of business by an agent from one insurer to another, provided that ~~and if~~ the policy includes, at a minimum, personal injury protection pursuant to ss. 627.730-627.7405; motor vehicle property damage liability pursuant to s. 627.7275; and bodily injury liability in at least the amount of \$10,000 because of bodily injury to, or death of, one person in any one accident and in the amount of \$20,000 because of bodily injury to, or death of, two or more persons in any one accident. For any premium balance greater than \$120 but not more than \$220, the service charge shall not exceed \$9 per year. The maximum service charge for any premium balance greater than \$220 shall not exceed \$12 per year. In lieu of such service charges, an insurance agent or agency may charge interest or service charges, which may be level amounts and subject to endorsement changes, that in the aggregate do not exceed a rate of interest not to exceed 18 percent simple interest per year on the average unpaid balance as billed over the term of the policy.

Section 20. Section 626.9651, Florida Statutes, is created to read:

626.9651 Privacy.—The department shall adopt rules consistent with other provisions of the Insurance Code to govern the use of a consumer's nonpublic personal financial and health information. These rules shall be based on, consistent with, and not more restrictive than the National Association of Insurance Commissioners' Privacy of Consumer Financial and Health Information Regulation adopted September 26, 2000, by the National Association of Insurance Commissioners, provided, however, the rules shall permit the use and disclosure of nonpublic personal health information for scientific, medical, or public policy research in accordance with federal law. Section 21. Section 631.001, Florida Statutes, is amended to read:

(Substantial rewording of section. See s. 631.001, F.S., for present text.)

631.001 Construction; purposes.—

(1) The underlying purposes and policies of the provisions of this part, which are integral elements of the regulation of the business of insurance and are of vital public interest and concern, are to:

(a) Protect the interests of insureds, claimants, creditors, and the public.

(b) Provide a comprehensive scheme for the receivership of insurers.

(c) Establish this state as a reciprocal state in those states which, in substance and effect, enact the National Association of Insurance Commissioners Rehabilitation and Liquidation Model Act or the Uniform Insurers Liquidation Act.

(d) Make more efficient the administration of insurer receiverships on an interstate and international basis.

(e) Provide prompt corrective measures for any potentially dangerous condition in an insurer.

(f) Implement improved methods for rehabilitating insurers, which methods involve the cooperation and management expertise of the insurance industry.

(g) Enhance the efficiency and economy of liquidation through clarification and specification of the law to minimize legal uncertainty and litigation.

(h) Lessen the problems of interstate rehabilitation and liquidation of an entity subject to the provisions of this part by facilitating cooperation between states in the liquidation process and by extension of the scope of personal jurisdiction over debtors of the insurer outside this state.

(i) Establish a system which equitably apportions any unavoidable loss.

(j) Maximize recovery of assets for the benefit of the insurer and its policyholders, creditors, and estate.

(2) This part shall be liberally construed to effect the purposes stated in subsection (1) and shall specifically authorize the department in its capacity as administrator, conservator, rehabilitator, receiver, liquidator, or similar capacity to pursue any actions for damages or other recoveries on behalf of the insurer and its policyholders, creditors, and estate.

(3) This part may be cited as the "Insurers Rehabilitation and Liquidation Act."

Section 22. Section 631.011, Florida Statutes, is amended to read:

631.011 Definitions.—For the purpose of this part, the term:

(1) "Affiliate" means any entity which exercises control over or is controlled by the insurer, directly or indirectly through:

(a) Equity ownership of voting securities;

(b) Common managerial control; or

(c) Collusive participation by the management of the insurer and affiliate in the management of the insurer or the affiliate.

(2) "Ancillary state" means, any state other than a domiciliary state.

(3) "Assets," as used in this section ~~subsections (8)-(10)~~, means only allowed assets as defined in chapter 625.

(4) "Bona fide holder for value" means a holder who, while not possessing information that would lead a reasonable person in the holder's position to believe that the insurer is financially impaired, and while unaware of the imminence or pendency of any receivership proceeding against the insurer, has, in the exercise of reasonable business judgment, exchanged his or her own funds, assets, or property for funds, assets, or property of the insurer having an equivalent market value.

(5)(4) "Court" refers to the circuit court in which the receivership proceeding is pending.

(6)(5) "Delinquency proceeding" means any proceeding commenced against an insurer pursuant to this chapter for the purpose of liquidating, rehabilitating, reorganizing, or conserving such insurer.

(7)(6) "Domiciliary state" means the state in which an insurer is incorporated or organized or, in the case of an insurer incorporated or organized in a foreign country, the state in which such insurer, having become authorized to do business in such state, has, at the commencement of a delinquency proceeding, the largest amount of its assets held in trust and assets held on deposit for the benefit of its policyholders or policyholders and creditors in the United States; and any such insurer is deemed to be domiciled in such state.

(8) "Fair consideration" means that consideration which is given for property or assets of an insurer when, in exchange for the property or assets and in good faith, property is conveyed, services are rendered, or an enforceable obligation not invalidated by the receivership proceedings is created, having a value to the insurer of not less than the value of the property or assets given in exchange.

(9)(7) "Foreign country" means territory not in any state.

(10)(8) "General assets" means all property, real, personal, or otherwise, not specifically mortgaged, pledged, deposited, or otherwise encumbered for the security or benefit of specified persons or a limited class or classes of persons, and as to such specifically encumbered property the term includes all such property or its proceeds in excess of the amount necessary to discharge the sum or sums secured thereby. Assets held in trust and assets held on deposit for the security or benefit of all policyholders or all policyholders and creditors in the United States shall be deemed general assets.

(11) "Good faith," as applied to a transferee or transferor under this part, means honesty in fact and intention and includes the exercise of reasonable business judgment, together with the absence of information that would lead a reasonable person in the same position to know that the insurer is financially impaired or insolvent and together with the absence of knowledge regarding the imminence or pendency of any receivership proceeding against the insurer.

(12)(9) "Impairment of capital" means that the minimum surplus required to be maintained in s. 624.408 has been dissipated and the insurer is not possessed of assets at least equal to all its liabilities together with its total issued and outstanding capital stock, if a stock insurer, or the minimum surplus or net trust fund required by s. 624.407, if a mutual, reciprocal, or business trust insurer.

(13)(10) "Impairment of surplus" means that the surplus of a stock insurer, the additional surplus of a mutual or reciprocal insurer, or the additional net trust fund of a business trust insurer does not comply with the requirements of s. 624.408.

(14)(11) "Insolvency" means that all the assets of the insurer, if made immediately available, would not be sufficient to discharge all its liabilities or that the insurer is unable to pay its debts as they become due in the usual course of business. When the context of any provision of this code so indicates, insolvency also includes and is defined as "impairment of surplus," as defined in subsection (13)(9), and "impairment of capital," as defined in subsection (12)(8).

(15)(12) "Insurer," in addition to persons so defined under s. 624.03, also includes persons purporting to be insurers or organizing, or holding themselves out as organizing, in this state for the purpose of becoming insurers and all insurers who have insureds resident in this state.

(18) "Property," with respect to an insolvent entity, includes all right, title, and interest of the insolvent entity whether legal or equitable, tangible or intangible, or choate or inchoate and includes choses in action, contract rights, and any other interest recognized under the laws of this state. When an order of conservation, rehabilitation, or liquidation is entered, the term also includes entitlements that existed prior to the entry of the order and those that may arise by operation of the provisions of this chapter or other provisions of law allowing the department to avoid prior transfers or assert other rights in its capacity as receiver. The term also includes all records and data that are otherwise the property of the insolvent insurer, however stored, including, but not limited to, claims and claim files, application files, litigation files, premium records, rate books, underwriting manuals, personnel records, or financial records, or similar records within the possession, custody, or control of a managing general agent, third-party administrator, management company, accountant, attorney, affiliate, or other person. The term does not include privileged or confidential documents of an insolvent insurer generated by a third party.

(19)(15) "Receiver" means a receiver, liquidator, rehabilitator, or conservator, as the context may require.

(20)(16) "Reciprocal state" means any state other than this state in which in substance and effect the provisions of the Insurers Rehabilitation and Liquidation Act are in force, including the provisions requiring that the commissioner of insurance or equivalent insurance supervisory official be the receiver of a delinquent insurer.

(21)(17) "Secured claim" means any claim secured by mortgage, trust deed, pledge, deposit as security, escrow, or otherwise but does not include a special deposit claim, a claim against general assets, or a claim based on mere possession. The term also includes a claim which more than 4 months before the commencement of a delinquency proceeding in the state of the insurer's domicile has become a lien upon specific assets by reason of judicial process.

(22)(18) "Special deposit claim" means any claim secured by a deposit made pursuant to statute for the security or benefit of a limited class or classes of persons, but not including any general assets.

(23)(19) "State" is as defined in s. 624.08.

631.113 Extension of time.—

(1) *The running of any unexpired statute of limitations as to any claims brought by the administrator, conservator, rehabilitator, receiver, or liquidator, or an official or agency exercising powers pursuant to this chapter seeking damages or other recoveries on behalf of an insurer, its policyholders, its creditors, or its estate, shall be tolled for a period of 4 years from the entry of an order placing the administrator, conservator, rehabilitator, receiver, liquidator, or similar official or agency over the insurer, provided, if the delinquency proceedings brought pursuant to this chapter against the insurer terminate in less than 4 years, such tolling shall cease at the time when the proceedings are finally concluded, including all appeals therefrom. Further, the right of action does not accrue and the limitations period for any such action does not run during the time when the insurer is controlled by parties acting contrary to the company's interests or when the facts giving rise to such claim are fraudulently concealed from regulatory authorities or from any members of company management. The provisions of chapter 95 shall be construed so as to be consistent with the provisions of this section. The receiver may institute any action or proceeding on behalf of the estate of the insurer while any statute of limitation is tolled pursuant to this section. The tolling shall be in addition to any other applicable tolling provision.*

In the furtherance of such investigation, the department may:*

(a) *Examine and review any and all documents that are reasonably calculated to disclose or lead to the disclosure of the causes and reasons for the insolvency, the discovery and location of assets to be recovered, the recovery of such assets, the truth or falsity of statements filed with the department, and whether any law of this state, any other state, or the Federal Government has been violated.*

(1) *Any person who is engaged in the business of insurance or who acts as or is an officer, director, agent, or employee of any person engaged in the business of insurance, or is involved, other than as an insured or beneficiary under a policy of insurance, in a transaction relating to the conduct of affairs of such a business, and who willfully obtains or uses, as defined in s. 812.012(2), any asset or property, including, but not limited to, moneys, funds, premiums, credits, or other property of an insurer, shall be liable to the department as receiver for the use and benefit of an insolvent insurer's estate, creditors, and policyholders, as follows:*

(b) *If such obtaining or using jeopardized the safety and soundness of an insurer or was a significant cause of such insurer's being placed in conservation, rehabilitation, or liquidation, such person shall be liable for triple the full amount of any asset obtained or used, plus prejudgment interest provided by law on the original amount.*

(2) *Any person who is engaged in the business of insurance or who acts as or is an officer, director, agent, or employee of any person engaged in the business of insurance, or is involved, other than as an insured or beneficiary under a policy of insurance, in a transaction relating to the conduct of affairs of such a business, and who, while having actual knowledge or such constructive knowledge as should have been obtained through reasonable inquiry by a person in such position, if such person knowingly misreports, or knowingly makes any false entry of, a material fact in any book, report, or statement of an insurer with the intent to deceive such insurer, including any officer, employee, or agent of such insurer, the department, or any agent or examiner appointed by the department to examine the affairs of such person or of the insurer, concerning the financial condition or solvency of such business, shall be liable to the department as receiver for the use and benefit of an insolvent insurer's estate, creditors, and policyholders, as follows:*

(b) *If such misreporting jeopardized the safety and soundness of an insurer or was a significant cause of such insurer's being placed in conservation, rehabilitation, or liquidation, such person shall be liable for triple the full amount of any asset misreported.*

(3) *If the asset or property that has been obtained or used was reported to the department as being available to the insurer as an admitted asset and such asset is unavailable to the receiver for payment of the obligations of the insurer at the time when a receivership proceeding is instituted, the obtaining or using shall be presumed to have jeopardized the safety and soundness of the insurer and to have been a significant*

cause of such insurer's being placed in conservation, rehabilitation, or liquidation, with the burden of proof on the defendants to show otherwise.

(4) If the receiver is successful in establishing a claim under this section, the receiver shall be entitled to recover all of its costs, investigative and other expenses, which shall include the department's in-house staff and staff attorney's expenses, costs, and salaries, expended in the prosecution of the action, and reasonable attorney's fees. (2) Any remaining reserved assets that are provided for in subsection (1) and that may not be practicably or economically distributed to claimants shall be deposited into a segregated account to be known as the Closed Estate Fund Trust Account, if created by law. The department may use moneys held in the account for paying the administrative expenses of companies subject to this part that lack sufficient assets to allow the department to perform its duties and obligations under this part. An annual audit of the Closed Estate Fund Trust Account shall be performed regardless of its balance.

(3) The department may petition the court to reopen the proceedings for good cause shown, including the marshaling of additional assets, and the court may enter such other orders as may be deemed appropriate.

The plans must be funded by employer contributions of payments for accumulated leave or special compensation payments, or both, as specified by the department and the Board of Regents. The plans must have received all necessary federal and state approval as required by law, must not adversely impact the qualified status of the Florida Retirement System defined benefit or defined contribution plans or the pretax benefits program, and must comply with the provisions of section 112.65, Florida Statutes. Senator Laurent moved the following substitute amendment which was adopted by two-thirds vote:

Amendment 6 (652794)(with title amendment)—On page 58, between lines 16 and 17, insert:

Section 60. *Short title.*—Sections 60 through 64 of this act may be cited as the “Rural and Family Lands Protection Act.”

Section 61. *Definitions.*—As used in sections 62 and 63 of this act, the term “department” means the Department of Agriculture and Consumer Services.

Section 62. Section 570.70, Florida Statutes, is created to read:

570.70 Legislative findings.—The Legislature finds and declares that:

(1) *A thriving rural economy with a strong agricultural base, healthy natural environment, and viable rural communities is an essential part of Florida. Rural areas also include the largest remaining intact ecosystems and best examples of remaining wildlife habitats as well as a majority of privately owned land targeted by local, state, and federal agencies for natural-resource protection.*

(2) *The growth of Florida's population can result in agricultural and rural lands being converted into residential or commercial development.*

(3) *The agricultural, rural, natural-resource, and commodity values of rural lands are vital to the state's economy, productivity, rural heritage, and quality of life.*

(4) *The Legislature further recognizes the need for enhancing the ability of rural landowners to obtain economic value from their property, protecting rural character, controlling urban sprawl, and providing necessary open space for agriculture and the natural environment, and the importance of maintaining and protecting Florida's rural economy through innovative planning and development strategies in rural areas and the use of incentives that reward landowners for good stewardship of land and natural resources.*

(5) *The purpose of this act is to bring under public protection lands that serve to limit subdivision and conversion of agricultural and natural areas that provide economic, open space, water, and wildlife benefits by acquiring land or related interests in land such as perpetual, less-than-fee acquisitions, agricultural protection agreements, and resource conservation agreements and innovative planning and development strategies in rural areas.*

Section 63. Section 570.71, Florida Statutes, is created to read:

570.71 Conservation easements and agreements.—

(1) *The department, on behalf of the Board of Trustees of the Internal Improvement Trust Fund, may allocate moneys to acquire perpetual, less-than-fee interest in land, to enter into agricultural protection agreements, and to enter into resource conservation agreements for the following public purposes:*

(a) *Promotion and improvement of wildlife habitat;*

(b) *Protection and enhancement of water bodies, aquifer recharge areas, wetlands, and watersheds;*

(c) *Perpetuation of open space on lands with significant natural areas; or*

(d) *Protection of agricultural lands threatened by conversion to other uses.*

(2) *To achieve the purposes of this act, beginning no sooner than July 1, 2002, and every year thereafter, the department may accept applications for project proposals that:*

(a) *Purchase conservation easements, as defined in s. 704.06.*

(b) *Purchase rural-lands-protection easements pursuant to this act.*

(c) *Fund resource conservation agreements pursuant to this act.*

(d) *Fund agricultural protection agreements pursuant to this act.*

No funds may be expended to implement this subsection prior to July 1, 2002.

(3) *Rural-lands-protection easements shall be a perpetual right or interest in agricultural land which is appropriate to retain such land in predominantly its current state and to prevent the subdivision and conversion of such land into other uses. This right or interest in property shall prohibit only the following:*

(a) *Construction or placing of buildings, roads, billboards or other advertising, utilities, or structures, except those structures and unpaved*

roads necessary for the agricultural operations on the land or structures necessary for other activities allowed under the easement, and except for linear facilities described in s. 704.06(11);

(b) *Subdivision of the property;*

(c) *Dumping or placing of trash, waste, or offensive materials; and*

(d) *Activities that affect the natural hydrology of the land or that detrimentally affect water conservation, erosion control, soil conservation, or fish or wildlife habitat, except those required for environmental restoration; federal, state, or local government regulatory programs; or best management practices.*

(4) *Resource conservation agreements will be contracts for services which provide annual payments to landowners for services that actively improve habitat and water restoration or conservation on their lands over and above that which is already required by law or which provide recreational opportunities. They will be for a term of not less than 5 years and not more than 10 years. Property owners will become eligible to enter into a resource conservation agreement only upon entering into a conservation easement or rural lands protection easement.*

(5) *Agricultural protection agreements shall be for terms of 30 years and will provide payments to landowners having significant natural areas on their land. Public access and public recreational opportunities may be negotiated at the request of the landowner.*

(a) *For the length of the agreement, the landowner shall agree to prohibit:*

1. *Construction or placing of buildings, roads, billboards or other advertising, utilities, or structures, except those structures and unpaved roads necessary for the agricultural operations on the land or structures necessary for other activities allowed under the easement, and except for linear facilities described in s. 704.06(11);*

2. *Subdivision of the property;*

3. *Dumping or placing of trash, waste, or offensive materials; and*

4. *Activities that affect the natural hydrology of the land, or that detrimentally affect water conservation, erosion control, soil conservation, or fish or wildlife habitat.*

(b) *As part of the agricultural protection agreement, the parties shall agree that the state shall have a right to buy a conservation easement or rural land protection easement at the end of the 30-year term or prior to the landowner transferring or selling the property, whichever occurs later. If the landowner tenders the easement for the purchase and the state does not timely exercise its right to buy the easement, the landowner shall be released from the agricultural agreement. The purchase price of the easement shall be established in the agreement and shall be based on the value of the easement at the time the agreement is entered into, plus a reasonable escalator multiplied by the number of full calendar years following the date of the commencement of the agreement. The landowner may transfer or sell the property before the expiration of the 30-year term, but only if the property is sold subject to the agreement and the buyer becomes the successor in interest to the agricultural protection agreement. Upon mutual consent of the parties, a landowner may enter into a perpetual easement at any time during the term of an agricultural protection agreement.*

(6) *Payment for conservation easements and rural land protection easements shall be a lump-sum payment at the time the easement is entered into.*

(7) *Landowners entering into an agricultural protection agreement may receive up to 50 percent of the purchase price at the time the agreement is entered into and remaining payments on the balance shall be equal annual payments over the term of the agreement.*

(8) *Payments for the resource conservation agreements shall be equal annual payments over the term of the agreement.*

(9) *Easements purchased pursuant to this act may not prevent landowners from transferring the remaining fee value with the easement.*

(10) *The department, in consultation with the Department of Environmental Protection, the water management districts, the Department*

of Community Affairs, and the Florida Fish and Wildlife Conservation Commission, shall adopt rules that establish an application process, a process and criteria for setting priorities for use of funds consistent with the purposes specified in s. 570.71(1) and giving preference to ranch and timber lands managed using sustainable practices, an appraisal process, and a process for title review and compliance and approval of the rules by the Board of Trustees of the Internal Improvement Trust Fund.

(11) If a landowner objects to having his property included in any lists or maps developed to implement this act, the department shall remove the property from any such lists or maps upon receipt of the landowner's written request to do so.

(12) The department is authorized to use funds from the following sources to implement this act:

- (a) State funds;
- (b) Federal funds;
- (c) Other governmental entities;
- (d) Nongovernmental organizations; or
- (e) Private individuals.

Any such funds provided shall be deposited into the Conservation and Recreation Lands Program Trust Fund within the Department of Agriculture and Consumer Services and used for the purposes of this act.

(13) No more than ten percent of any funds made available to implement this act shall be expended for resource conservation agreements and agricultural protection agreements.

(14) The department, in consultation with the Department of Environmental Protection, the Fish and Wildlife Conservation Commission, and the water management districts shall conduct a study to determine and prioritize needs for implementing the act.

(a) The department may contract with the Florida Natural Areas Inventory for an analysis of the geographic distribution of certain types of natural resources, or resource-based land uses that have been identified for acquisition by previous conservation and recreation land acquisition programs.

(b) The needs assessment shall locate areas of the state where existing privately-owned ranch and timber lands containing resources of the type identified in (a) can be preserved or protected through implementation of the Rural and Family Lands Protection Act.

(c) The department shall report its findings to the Governor, President of the Senate, and Speaker of the House of Representatives by December 31, 2001. At a minimum, the report must include a prioritization of the types of resources to be preserved or protected, the location of privately-owned ranch and timber lands containing such resources that could be preserved or protected by easements or agreements pursuant to this act, and the funding needs for the program.

Section 64. Subsection (11) of section 163.3177, Florida Statutes, is amended to read:

163.3177 Required and optional elements of comprehensive plan; studies and surveys.—

(11)(a) The Legislature recognizes the need for innovative planning and development strategies which will address the anticipated demands of continued urbanization of Florida's coastal and other environmentally sensitive areas, and which will accommodate the development of less populated regions of the state which seek economic development and which have suitable land and water resources to accommodate growth in an environmentally acceptable manner. The Legislature further recognizes the substantial advantages of innovative approaches to development which may better serve to protect environmentally sensitive areas, maintain the economic viability of agricultural and other predominantly rural land uses, and provide for the cost-efficient delivery of public facilities and services.

(b) It is the intent of the Legislature that the local government comprehensive plans and plan amendments adopted pursuant to the provisions of this part provide for a planning process which allows for land

use efficiencies within existing urban areas and which also allows for the conversion of rural lands to other uses, where appropriate and consistent with the other provisions of this part and the affected local comprehensive plans, through the application of innovative and flexible planning and development strategies and creative land use planning techniques, which may include, but not be limited to, urban villages, new towns, satellite communities, area-based allocations, clustering and open space provisions, mixed-use development, and sector planning.

(c) It is the further intent of the Legislature that local government comprehensive plans and implementing land development regulations shall provide strategies which maximize the use of existing facilities and services through redevelopment, urban infill development, and other strategies for urban revitalization.

(d)1. The department, in cooperation with the Department of Agriculture and Consumer Services, shall provide assistance to local governments in the implementation of this paragraph and s. 9J-5.006(5)(l), Florida Administrative Code. Implementation of those provisions shall include a process by which the department may authorize up to five local governments to designate all or portions of lands classified in the future land use element as predominantly agricultural, rural, open, open-rural, or a substantively equivalent land use, as a rural land stewardship area within which planning and economic incentives are applied to encourage the implementation of innovative and flexible planning and development strategies and creative land use planning techniques, including those contained in Rule 9J-5.006(5)(l), Florida Administrative Code.

2. The department shall encourage participation by local governments of different sizes and rural characteristics. It is the intent of the Legislature that rural land stewardship areas be used to further the following broad principles of rural sustainability: restoration and maintenance of the economic value of rural land; control of urban sprawl; identification and protection of ecosystems, habitats, and natural resources; promotion of rural economic activity; maintenance of the viability of Florida's agricultural economy; and protection of the character of rural areas of Florida.

3. A local government may apply to the department in writing requesting consideration for authorization to designate a rural land stewardship area and shall describe its reasons for applying for the authorization with supporting documentation regarding its compliance with criteria set forth in this section.

4. In selecting a local government, the department shall, by written agreement:

a. Ensure that the local government has expressed its intent to designate a rural land stewardship area pursuant to the provisions of this subsection and clarify that the rural land stewardship area is intended.

b. Ensure that the local government has the financial and administrative capabilities to implement a rural land stewardship area.

5. The written agreement shall include the basis for the authorization and provide criteria for evaluating the success of the authorization including the extent the rural land stewardship area enhances rural land values; control urban sprawl; provides necessary open space for agriculture and protection of the natural environment; promotes rural economic activity; and maintains rural character and the economic viability of agriculture. The department may terminate the agreement at any time if it determines that the local government is not meeting the terms of the agreement.

6. A rural land stewardship area shall be not less than 50,000 acres and shall not exceed 250,000 acres in size, shall be located outside of municipalities and established urban growth boundaries, and shall be designated by plan amendment. The plan amendment designating a rural land stewardship area shall be subject to review by the Department of Community Affairs pursuant to s. 163.3184, F.S., and shall provide for the following:

a. Criteria for the designation of receiving areas within rural land stewardship areas in which innovative planning and development strategies may be applied. Criteria shall at a minimum provide for the following: adequacy of suitable land to accommodate development so as to avoid conflict with environmentally sensitive areas, resources, and habitats; compatibility between and transition from higher density uses to lower intensity rural uses; the establishment of receiving area service

boundaries which provide for a separation between receiving areas and other land uses within the rural land stewardship area through limitations on the extension of services; and connection of receiving areas with the rest of the rural land stewardship area using rural design and rural road corridors.

b. Goals, objectives, and policies setting forth the innovative planning and development strategies to be applied within rural land stewardship areas pursuant to the provisions of this section.

c. A process for the implementation of innovative planning and development strategies within the rural land stewardship area, including those described in this subsection and s. 9J-5.006(5)(l), Florida Administrative Code, which provide for a functional mix of land uses and which are applied through the adoption by the local government of zoning and land development regulations applicable to the rural land stewardship area.

d. A process which encourages visioning pursuant to s. 163.3167(11) to ensure that innovative planning and development strategies comply with the provisions of this section.

e. The control of sprawl through the use of innovative strategies and creative land use techniques consistent with the provisions of this subsection and rural 9J-5.006(5)(l), Florida Administrative Code.

7. A receiving area shall be designated by the adoption of a land development regulation. Prior to the designation of a receiving area, the local government shall provide the Department of Community Affairs a period of 30 days in which to review a proposed receiving area for consistency with the rural land stewardship area plan amendment and to provide comments to the local government.

8. Upon the adoption of a plan amendment creating a rural land stewardship area, the local government shall, by ordinance, assign to the area a certain number of credits, to be known as "transferable rural land use credits," which shall not constitute a right to develop land, nor increase density of land, except as provided by this section. The total amount of transferrable rural land use credits assigned to the rural land stewardship area must correspond to the 25-year or greater projected population of the rural land stewardship area. Transferable rural land use credits are subject to the following limitations:

a. Transferable rural land use credits may only exist within a rural land stewardship area.

b. Transferable rural land use credits may only be used on lands designated as receiving areas and then solely for the purpose of implementing innovative planning and development strategies and creative land use planning techniques adopted by the local government pursuant to this section.

c. Transferable rural land use credits assigned to a parcel of land within a rural land stewardship area shall cease to exist if the parcel of land is removed from the rural land stewardship area by plan amendment.

d. Neither the creation of the rural land stewardship area by plan amendment nor the assignment of transferable rural land use credits by the local government shall operate to displace the underlying density of land uses assigned to a parcel of land within the rural land stewardship area; however, if transferable rural land use credits are transferred from a parcel for use within a designated receiving area, the underlying density assigned to the parcel of land shall cease to exist.

e. The underlying density on each parcel of land located within a rural land stewardship area shall not be increased or decreased by the local government, except as a result of the conveyance or use of transferable rural land use credits, as long as the parcel remains within the rural land stewardship area.

f. Transferable rural land use credits shall cease to exist on a parcel of land where the underlying density assigned to the parcel of land is utilized.

g. An increase in the density of use on a parcel of land located within a designated receiving area may occur only through the assignment or use of transferable rural land use credits and shall not require a plan amendment.

h. A change in the density of land use on parcels located within receiving areas shall be specified in a development order which reflects the total number of transferable rural land use credits assigned to the parcel of land and the infrastructure and support services necessary to provide for a functional mix of land uses corresponding to the plan of development.

i. Land within a rural land stewardship area may be removed from the rural land stewardship area through a plan amendment.

j. Transferable rural land use credits may be assigned at different ratios of credits per acre according to the land use remaining following the transfer of credits, with the highest number of credits per acre assigned to preserve environmentally valuable land and a lesser number of credits to be assigned to open space and agricultural land.

k. The use or conveyance of transferable rural land use credits must be recorded in the public records of the county in which the property is located as a covenant or restrictive easement running with the land in favor of the county and either the Department of Environmental Protection, Department of Agriculture and Consumer Services, a water management district, or a recognized statewide land trust.

9. Owners of land within rural land stewardship areas should be provided incentives to enter into rural land stewardship agreements, pursuant to existing law and rules adopted thereto, with state agencies, water management districts, and local governments to achieve mutually agreed upon conservation objectives. Such incentives may include, but not be limited to, the following:

a. Opportunity to accumulate transferable mitigation credits.

b. Extended permit agreements.

c. Opportunities for recreational leases and ecotourism.

d. Payment for specified land management services on publicly owned land, or property under covenant or restricted easement in favor of a public entity.

e. Option agreements for sale to government, in either fee or easement, upon achievement of conservation objectives.

10. The department shall report to the Legislature on an annual basis on the results of implementation of rural land stewardship areas authorized by the department, including successes and failures in achieving the intent of the Legislature as expressed in this paragraph. It is further the intent of the Legislature that the success of authorized rural land stewardship areas be substantiated before implementation occurs on a statewide basis.

(e)(d) The implementation of this subsection shall be subject to the provisions of this chapter, chapters 186 and 187, and applicable agency rules.

(f)(e) The department may adopt rules necessary to shall implement the provisions of this subsection by rule.

(Redesignate subsequent sections.)

At least one saltwater products license bearing a restricted species endorsement shall be aboard any vessel harvesting restricted species in excess of any bag limit or when fishing under a commercial quota or in commercial quantities, and such vessel shall have a commercial vessel registration. This subsection does not apply to any person, firm, or corporation licensed under s. 370.07(1)(a)1. or (b) for activities pursuant to such licenses. A saltwater products license may be issued in the name of an individual or a valid boat registration number. Such license is not transferable. A decal shall be issued with each saltwater products license issued to a valid boat registration number. The saltwater products license decal shall be the same color as the vessel registration decal issued each year pursuant to s. 328.48(5) and shall indicate the period of time such license is valid. Any person who sells saltwater products pursuant to this license may sell only to a licensed wholesale dealer. A saltwater products license must be presented to the licensed wholesale dealer each time saltwater products are sold, and an imprint made thereof. The wholesale dealer shall keep records of each transaction in such detail as may be required by rule of the commission not in conflict with s. 370.07(6), and shall provide the holder of the saltwater products license with a copy of the record. It is unlawful for any licensed wholesale dealer to buy saltwater products from any unlicensed person under the provisions of this section, except that a licensed wholesale dealer may buy from another licensed wholesale dealer. It is unlawful for any licensed wholesale dealer to buy saltwater products designated as "restricted species" from any person, firm, or corporation not possessing a restricted species endorsement on his or her saltwater products license under the provisions of this section, except that a licensed wholesale dealer may buy from another licensed wholesale dealer. The commission shall be the licensing agency, may contract with private persons or entities to implement aspects of the licensing program, and shall establish by rule a marine fisheries information system in conjunction with the licensing program to gather fisheries data.

MOTION

On motion by Senator Bronson, the rules were waived to allow the following amendment to be considered:

Senator Bronson moved the following amendment which was adopted:

Amendment 1 (945142)(with title amendment)—Delete everything after the enacting clause and insert:

Section 1. Paragraph (k) is added to subsection (2) of section 373.1961, Florida Statutes, to read:

373.1961 Water production.—

(2) The Legislature finds that, due to a combination of factors, vastly increased demands have been placed on natural supplies of fresh water, and that, absent increased development of alternative water supplies, such demands may increase in the future. The Legislature also finds that potential exists in the state for the production of significant quantities of alternative water supplies, including reclaimed water, and that water production includes the development of alternative water supplies, including reclaimed water, for appropriate uses. It is the intent of the Legislature that utilities develop reclaimed water systems, where reclaimed water is the most appropriate alternative water supply option, to deliver reclaimed water to as many users as possible through the most cost-effective means, and to construct reclaimed water system infrastructure to their owned or operated properties and facilities where they have reclamation capability. It is also the intent of the Legislature that the water management districts which levy ad valorem taxes for water management purposes should share a percentage of those tax revenues with water providers and users, including local governments, water, wastewater, and reuse utilities, municipal, industrial, and agricultural water users, and other public and private water users, to be used to supplement other funding sources in the development of alternative water supplies. The Legislature finds that public moneys or services provided to private entities for such uses constitute public purposes which are in the public interest. In order to further the development and use of alternative water supply systems, including reclaimed water systems, the Legislature provides the following:

(k) *The Florida Public Service Commission shall allow entities under its jurisdiction constructing alternative water supply facilities, including but not limited to aquifer storage and recovery wells, to recover the full, prudently incurred cost of such facilities through their rate structure. Every component of an alternative water supply facility constructed by an investor-owned utility shall be recovered in current rates.*

(4) *Enforce the collection of any sums due to the district for the manufacture or use of such district work products by other party.*

(5) *Sell any of such district work products and execute all instruments necessary to consummate any such sale.*

Any order approving a transfer must require that the transferee indemnify the annuity issuer and the structured-settlement obligor for any liability, including reason-

able costs and attorney's fees, which arises from compliance by the issuer or obligor with the order of the court.

(c) Any provision in a transfer agreement which gives a transferee power to confess judgment against a payee is unenforceable to the extent that the amount of the judgment would exceed the amount paid by the transferee to the payee, less any payments received from the structured-settlement obligor or payee.

(d) In negotiating a structured settlement of claims brought by or on behalf of a claimant who is domiciled in this state, the structured-settlement obligor must disclose in writing to the claimant or the claimant's legal representative all of the following information that is not otherwise specified in the structured-settlement agreement:

2. The amount of the premium payable to the annuity issuer;

3. The discounted present value of all periodic payments that are not life-contingent, together with the discount rate used in determining the discounted present value;

4. The nature and amount of any costs that may be deducted from any of the periodic payments;

5. Where applicable, that any transfer of the periodic payments is prohibited by the terms of the structured settlement and may otherwise be prohibited or restricted under applicable law; and

6. That any transfer of the periodic payments by the claimant may subject the claimant to serious adverse tax consequences.

(4) **JURISDICTION; PROCEDURE FOR APPROVAL OF TRANSFERS.**—At least 20 days before the scheduled hearing on an application for authorizing a transfer of structured-settlement-payment rights under this section, the transferee must file with the court and all interested parties a notice of the proposed transfer and the application for its authorization. (e) Notification of the time and place of the hearing and notification of the manner in which and the time by which any written response to the application must be filed in order to be considered by the court. A written response to an application must be filed within 15 days after service of the transferee's notice.

(6) **NONCOMPLIANCE.**—

(a) If a transferee violates the requirements for stipulating the discount and finance charge provided for in subsection (3), neither the transferee nor any assignee may collect from the transferred payments, or from the payee, any amount in excess of the net advance amount, and the payee may recover from the transferee or any assignee:

2. A penalty in an amount determined by the court, but not in excess of three times the aggregate amount of the discount and finance charge; and
3. Reasonable costs and attorney's fees.

(b) If the transferee violates the disclosure requirements in subsection (3), the transferee and any assignee are liable to the payee for:

1. A penalty in an amount determined by the court, but not in excess of three times the amount of the discount and finance charge; and
2. Reasonable costs and attorney's fees.

(c) A transferee or assignee is not liable for any penalty in any action brought under this section if the transferee or assignee establishes by a preponderance of evidence that the violation was not intentional and resulted from a bona fide error, notwithstanding the transferee's maintenance of procedures reasonably designed to avoid such errors.

(d) Notwithstanding any other law, an action may not be brought under this section more than 1 year after the due date of:

1. The last transferred structured-settlement payment, in the case of a violation of the requirements for stipulating the discount and finance charge provided for in subsection (3).
2. The first transferred structured-settlement payment, in the case of a violation of the disclosure requirements of subsection (3).

(e) When any interested party has reason to believe that any transferee has violated this section, any interested party may bring a civil action for injunctive relief, penalties, and any other relief that is appropriate to secure compliance with this section.

I of the State Constitution. ~~The home addresses and home telephone numbers of county and municipal code enforcement officers are confidential and exempt from the provisions of subsection (1) and s. 24(a), Art. 2. *The home addresses, telephone numbers, social security numbers, and photographs of current or former human resource, labor relations, or employee relations directors, assistant directors, managers, or assistant managers of any local government agency or water management district whose duties include hiring and firing employees, labor contract negotiation, administration, or other personnel-related duties; the names, home addresses, telephone numbers, social security numbers, photographs, and places of employment of the spouses and children of such personnel; and the names and locations of schools and day care facilities attended by the children of such personnel are exempt from subsection (1) and s. 24(a), Art. Citations issued in response to violations that they encounter often lead to retribution by the offenders. Their personnel files are reviewed on numerous occasions by code violators seeking information relating to the code enforcement officers and their families. The disclosure of this personal information has led to threats, acts of violence, and unwarranted risk to the officers and their families.*
