ADOPTION OF RESOLUTIONS

At the request of Senator Jones—

By Senator Jones—

SR 2396—A resolution encouraging the Federal Emergency Management Agency to adopt a policy towards the Florida Keys that is consistent with Florida law and its own policy.

WHEREAS, under the Florida Statute of Limitations, section 95.11(3)(c), Florida Statutes, Judge Richard Payne ruled on October 6, 2000, that Monroe County could not enforce removal of downstairs enclosures that were built over 4 years prior to enforcement action, and

WHEREAS, the Federal Emergency Management Agency (FEMA), in a letter dated July 29, 1991, threatened to suspend Monroe County from the National Flood Insurance Program (NFIP) if the county established a 4-year limitation on code violations, and

WHEREAS, FEMA, in a letter to Monroe County dated December 12, 2000, from its Associate Director for Mitigation, Michael J. Armstrong, stated that if Monroe County did not appeal Judge Payne's ruling of October 6, 2000, FEMA would consider this action as a defect in the county's floodplain management program, and

WHEREAS, Monroe County was denied a rehearing on January 19, 2001, by Judge Payne to reconsider the ruling to remove all illegal downstairs enclosures, and

WHEREAS, FEMA records show that Monroe County has a high participation and a low claim history in the NFIP, and

WHEREAS, 76,000 pre-firm structures, out of 4.3 million pre-firm structures that have had two or more losses since 1978, represent 33 percent of all losses paid by FEMA, and

WHEREAS, only 1.9 million pre-firm structures out of 4.3 million pre-firm structures have their lowest floors above base flood level, and it is punitive to mandate that Monroe County remove more than 4,000 downstairs enclosures because they are below base flood level, and

WHEREAS, 23 percent of NFIP claim dollars paid from 1978 to 1996 went to areas not identified as special hazard flood areas, and

WHEREAS, Texas and Louisiana account for 40 percent of all repeated flood claims (1.1 billion), and

WHEREAS, with the exception of Key Biscayne, the majority of repeated flood claims comes from the gulf coast on the top half of the State of Florida, and

WHEREAS, the current FEMA policy towards the Florida Keys is arbitrary, capricious, and inconsistent with its national policy, and its

enforcement of a special pilot program does not align with FEMA's own stated goals, and

WHEREAS, the enforcement of FEMA's pilot program is inconsistent with Florida law and would create enormous economic hardships on the economy of the Florida Keys, and

WHEREAS, the removal of more than 4,000 downstairs enclosures would work against the stated policy of the Department of Community Affairs to provide affordable housing for the people of Monroe County, and

WHEREAS, the Florida Senate recognizes that Monroe County must follow the laws of the State of Florida and its circuit judges, NOW, THEREFORE,

Be It Resolved by the Senate of the State of Florida:

That the Federal Emergency Management Agency is encouraged to adopt a policy toward the Florida Keys that is consistent with Florida law and its own national policy.

By Senator Diaz de la Portilla—

SR 2398—A resolution honoring the Hearing Research Institute and recognizing May 4, 2001, as Infant Hearing Awareness Day.

WHEREAS, there are more than 3 million deaf children in this country, and

WHEREAS, more than 570 children are born deaf in this state each year, and

WHEREAS, until recently many of these children did not receive medical treatment or were misdiagnosed as autistic or mentally retarded, and

WHEREAS, section 383.145, Florida Statutes, created by the Florida Legislature in the 2000 Legislative Session, provides for hearing screening of newborn children, and

WHEREAS, section 383.145, Florida Statutes, is projected to save this state an average of \$88,033 per child and, more importantly, save these children from a lifetime of silence and disability, thus enabling them to lead happy and productive lives, and

WHEREAS, the Hearing Research Institute and its medical director, Dr. Robert E. Pickard, were instrumental in the creation of section 383.145, Florida Statutes, NOW, THEREFORE,

Be It Resolved by the Senate of the State of Florida:

That the Hearing Research Institute and Dr. Robert E. Pickard are hereby recognized for their dedication and work in providing for newborn hearing screening.

BE IT FURTHER RESOLVED that the Florida Senate recognizes May 4, 2001, as Infant Hearing Awareness Day in this state.

BE IT FURTHER RESOLVED that a copy of this resolution, with the Seal of the Senate affixed, be presented to the Hearing Research Institute and Dr. Robert E. Pickard as a tangible token of the sentiments of the Florida Senate.

SUMMARY OF CONFERENCE COMMITTEE ACTION

Voting Systems

Punchcards, paper ballots, mechanical lever machines and central-count voting systems will no longer be used in the state, beginning with the 2002 primary election. Any future system certified for use in the state must have a precinct-count tabulation system. The Division of Elections is required to review voting system certification standards on an ongoing basis to insure that new voting technologies are certified for use in a timely manner. The Division of Elections is required to provide for a uniform ballot design for each certified voting system in the state.

Funding is provided to the counties based on the number of precincts in the county as of the 2000 General Election. Small counties will receive \$7500 per precinct and other counties will receive \$3750 per precinct. The distribution of funds is to be made over a two-year period.

Provisional Ballots

Voters who go to the polls on election day and whose eligibility cannot be determined will be allowed to vote a provisional ballot. A provisional ballot will not be counted unless the canvassing board determines that the voter was eligible to vote in the precinct at the election.

Recounts

The same manner of recount will be done in each affected jurisdiction. For statewide elections, recounts will be conducted in every county in Florida to insure fair and equal treatment of all Florida voters. For multicounty races, all counties comprising the district of the candidacy or ballot measure will be required to recount. An automatic machine recount will be conducted if the margin of victory is $\frac{1}{2}$ of one percent or less. An automatic manual recount will be conducted of overvotes and undervotes if the margin of victory is $\frac{1}{4}$ of one percent or less. If the margin of victory is between $\frac{1}{4}$ and $\frac{1}{2}$ of one percent, an affected candidate or party is entitled to a manual recount if timely and properly requested.

The current statutory standard of voter intent is clarified for purposes of manual recounts. A vote will count if there is a "clear indication on the ballot that the voter has made a definite choice." The Department of State is charged with adopting rules for each certified voting system prescribing precisely what constitutes a "clear indication on the ballot that the voter has made a definite choice" and prescribing uniform recount procedures.

Certification Deadlines

The deadlines for county canvassing boards to certify the results of an election are modified. The deadline for the first and second primary will be 7 days following the primary. Results for the general election will be due 11 days following the election. Any returns not filed by the deadline will be ignored, except in the case of a major emergency.

Second Primary Election

For the 2002 election cycle, the second primary will be eliminated. The remaining primary will be held on the second Tuesday in September to avoid the Labor Day holiday. Various dates are revised to conform to this change for the 2002 elections.

Military and Overseas Voting

Several new sections are created to facilitate the provisions of the federal Uniformed and Overseas Citizens Absentee Voting Act. These provisions include late registration, a state write-in ballot, e-mail notification of names of candidates, and electronic transmission of absentee ballots and requests from overseas voters.

A date line is provided on the absentee ballot envelope and a presumption is created to provide that a ballot from an overseas voter was mailed on the date signed and witnessed, regardless of whether there is a postmark or whether a postmark indicates a date after the election.

The Elections Canvassing Commission is authorized to adopt emergency rules to avoid the disenfranchisement of voters during times of crises.

Absentee Ballots

The definition of absentee ballot is clarified to clearly indicate that any registered voter may vote an absentee ballot without cause. The information to be provided when requesting an absentee ballot is modified to eliminate information regarding social security numbers and the voter identification number. An absentee ballot Voter's Certificate is required to contain the signature of the voter and the signature and address of a witness 18 years of age or older.

Several sections that were not precleared by the U.S. Department of Justice or that have proven unworkable have been repealed.

Canvassing boards will be allowed to process absentee ballots through the tabulating equipment up to 4 days before the election. No results may be released until after the polls close and any person who releases results early commits a 3rd degree felony.

Pollworker Training

Minimum standards and hourly requirements are provided for the training of pollworkers. In addition, the Division of Elections is required to adopt a uniform polling place manual to guide the pollworkers on procedures to be followed on election day.

Voter Education

The Division of Elections is required to adopt minimum standards for voter education. Each county will be able to receive funds for voter education and pollworker training upon submission of a detailed description of the programs to be implemented. Reports are required to be submitted indicating the effectiveness of voter education programs in each county.

A Voter's Bill of Rights and Responsibilities is required to be posted at each polling place on election day.

Elections Canvassing Commission

The composition of the Elections Canvassing Commission is modified. The Commission will consist of the Governor and two members of the Cabinet. Any vacancy must be filled with an elected official.

Election Contests

The grounds for an election contest are modified. The current provision, which affords a circuit judge unfettered discretion in fashioning orders and the authority to order investigations to prevent or correct any alleged wrong and to provide any appropriate relief, is eliminated.

Statewide Voter Registration Database

The Department of State is required to develop a statewide voter registration database containing voter registration information from all of the counties. The Department is given the authority to contract with the Florida Association of Court Clerks to analyze, design, develop, operate, and maintain the database. A criminal penalty is provided for any supervisor of elections who willfully refuses or neglects to perform his or her duties with respect to the implementation and administration of the database.

Time Zone Study

The Division of Elections, in conjunction with the Florida State Association of Supervisors of Elections, is required to study the benefits and drawbacks of having uniform poll opening and closing times throughout the state. A report of the findings is to be provided no later than January 1, 2002.

Polling Place Procedures

A provision requiring election officials to call out a voter's name loudly enough for the pollwatchers to hear is eliminated.

Voter Registration

The procedures for handling a voter registration application which is missing information are modified. Instead of being required to fill out a new application, a potential voter will be notified to provide the missing information in writing.

Public Financing

Contributions from out of state residents will not be counted toward the threshold amounts needed to receive public financing and will not be qualifying matching contributions.

- (2) It permits each elector to vote at any election for all persons and offices for whom and for which the elector is lawfully entitled to vote, and no others; to vote for as many persons for an office as the elector is entitled to vote for; and to vote for or against any question upon which the elector is entitled to vote.
- (3) *The automatic tabulating equipment shall be set to reject a ballot and provide the elector an opportunity to correct the ballot where the number of votes for an office or measure exceeds the number which the voter is entitled to cast or where the tabulating equipment reads the ballot as a ballot with no votes cast.*
- (4)(3) *For rejected ballots that voters choose to cast, the automatic tabulating equipment will be set to accept the ballot and reject all votes for any office or measure when the number of votes therefor exceeds the number which the voter is entitled to cast or when the voter is not entitled to cast a vote for the office or measure.*
- (5)(4) It is capable of correctly counting votes.

Section 19. Paragraph (b) of subsection (1) of section 101.5607, Florida Statutes, is amended to read:

101.5607 Department of State to maintain voting system information; prepare software.—

(1)

(b) Within 24 hours after the completion of any logic and accuracy test conducted pursuant to s. 101.5612(1), the supervisor of elections shall send by certified mail to the Department of State a copy of the tabulation program which was used in the logic and accuracy testing.

Section 20. Paragraph (b) of subsection (2) of section 101.5608, Florida Statutes, is amended to read:

101.5608 Voting by electronic or electromechanical method; procedures.—

(2) When an electronic or electromechanical voting system utilizes a ballot card or paper ballot, the following procedures shall be followed:

(b) Any voter who spoils his or her ballot or makes an error may return the ballot to the election official and secure another ballot, except that in no case shall a voter be furnished more than three ballots. *If the vote tabulation device has rejected a ballot, the ballot shall be considered spoiled and a new ballot shall be provided to the voter unless the voter chooses to cast the rejected ballot. The election official, without examining the original ballot, shall state the possible reasons for the rejection and direct the voter to the instruction model provided at the precinct pursuant to s. 101.5611. A spoiled ballot shall be preserved, without examination, in an envelope provided for that purpose. The stub shall be removed from the ballot and placed in an envelope.*

Section 21. Section 101.5612, Florida Statutes, is amended to read:

101.5612 Testing of tabulating equipment.—

(1) *All electronic or electromechanical voting systems shall be thoroughly tested at the conclusion of maintenance and programming. Tests shall be sufficient to determine that the voting system is properly programmed, the election is correctly defined on the voting system, and all of the voting system input, output, and communication devices are working properly.*

(2)(1) On any day not more than 10 days prior to the election day, the supervisor of elections shall have the automatic tabulating equipment publicly tested to ascertain that the equipment will correctly count the votes cast for all offices and on all measures. Public notice of the time and place of the test shall be given at least 48 hours prior thereto by publication once in one or more newspapers of general circulation in the county or, if there is no newspaper of general circulation in the county, by posting such notice in at least four conspicuous places in the county. The supervisor or the municipal elections official may, at the time of qualifying, give written notice of the time and location of *such public* the preelection test to each candidate qualifying with that office and obtain a signed receipt that such notice has been given. The Department of State shall give written notice to each statewide candidate at the time of qualifying, or immediately at the end of qualifying, that the voting equipment will be tested and advise each such candidate to contact the county supervisor of elections as to the time and location of the *public preelection test* preelection test. The supervisor or the municipal elections official shall, at least 15 days prior to an election, send written notice by certified mail to the county party chair of each political party and to all candidates for other than statewide office whose names appear on the ballot in the county and who did not receive written notification from the supervisor or municipal elections official at the time of qualifying, stating the time and location of the *public* preelection test of the automatic tabulating equipment. The canvassing board shall convene, and each member of the canvassing board shall certify to the accuracy of the test. For the test, the canvassing board may designate one member to represent it. The test shall be open to representatives of the political parties, the press, and the public. Each political party may designate one person with expertise in the computer field who shall be allowed in the central counting room when all tests are being conducted and when the official votes are being counted. Such designee shall not interfere with the normal operation of the canvassing board.

(3) *For electronic or electromechanical voting systems configured to tabulate absentee ballots at a central or regional site, the public testing shall be conducted by processing a preaudited group of ballots so produced as to record a predetermined number of valid votes for each candidate and on each measure and to include one or more ballots for each office which have activated voting positions in excess of the number allowed by law in order to test the ability of the automatic tabulating*

equipment to reject such votes. If any error is detected, the cause therefor shall be corrected and an errorless count shall be made before the automatic tabulating equipment is approved. The test shall be repeated and errorless results achieved immediately before the start of the official count of the ballots and again after the completion of the official count. The programs and ballots used for testing shall be sealed and retained under the custody of the county canvassing board.

(4)(a)1. For electronic or electromechanical voting systems configured to include electronic or electromechanical tabulation devices which are distributed to the precincts, all or a sample of the devices to be used in the election shall be publicly tested. If a sample is to be tested, the sample shall consist of a random selection of at least 5 percent or 10 of the devices, whichever is greater. The test shall be conducted by processing a group of ballots, causing the device to output results for the ballots processed, and comparing the output of results to the results expected for the ballots processed. The group of ballots shall be produced so as to record a predetermined number of valid votes for each candidate and on each measure and to include for each office one or more ballots which have activated voting positions in excess of the number allowed by law in order to test the ability of the tabulating device to reject such votes.

2. If any tested tabulating device is found to have an error in tabulation, it shall be deemed unsatisfactory. For each device deemed unsatisfactory, the canvassing board shall take steps to determine the cause of the error, shall attempt to identify and test other devices that could reasonably be expected to have the same error, and shall test a number of additional devices sufficient to determine that all devices are satisfactory. Upon deeming any device unsatisfactory, the canvassing board may require all devices to be tested or may declare that all devices are unsatisfactory.

3. If the operation or output of any tested tabulation device, such as spelling or the order of candidates on a report, is in error, such problem shall be reported to the canvassing board. The canvassing board shall then determine if the reported problem warrants its deeming the device unsatisfactory.

(b) At the completion of testing under this subsection, the canvassing board or its representative, the representatives of the political parties, and the candidates or their representatives who attended the test shall witness the resetting of each device that passed to a preelection state of readiness and the sealing of each device that passed in such a manner as to secure its state of readiness until the opening of the polls.

(c) The canvassing board or its representative shall execute a written statement setting forth the tabulation devices tested, the results of the testing, the protective counter numbers, if applicable, of each tabulation device, the number of the seal securing each tabulation device at the conclusion of testing, any problems reported to the board as a result of the testing, and whether each device tested is satisfactory or unsatisfactory.

(d) Any tabulating device deemed unsatisfactory shall be reprogrammed, repaired, or replaced and shall be made available for retesting. Such device must be determined by the canvassing board or its representative to be satisfactory before it may be used in any election. The canvassing board or its representative shall announce at the close of the first testing the date, place, and time that any unsatisfactory device will be retested or may, at the option of the board, notify by telephone each person who was present at the first testing as to the date, place, and time that the retesting will occur.

(e) Records must be kept of all preelection testing of electronic or electromechanical tabulation devices used in any election. Such records are to be present and available for inspection and reference during public preelection testing by any person in attendance during such testing. The need of the canvassing board for access to such records during the testing shall take precedence over the need of other attendees to access such records so that the work of the canvassing board will not be delayed or hindered. Records of testing must include, for each device, the name of each person who tested the device and the date, place, time, and results of each test. Records of testing shall be retained as part of the official records of the election in which any device was used.

(2) The test shall be conducted by processing a preaudited group of ballots so produced as to record a predetermined number of valid votes for each candidate and on each measure and shall include for each office one or more ballots which have votes in excess of the number allowed by law in order to test the ability of the automatic tabulating equipment to

reject such votes. If any error is detected, the cause therefor shall be ascertained and corrected and an errorless count shall be made before the automatic tabulating equipment is approved. The test shall be repeated immediately before the start of the official count of the ballots in the same manner as set forth above. After the completion of the count, the test shall be repeated. The programs and ballots used shall be sealed and retained under the custody of the county canvassing board.

Section 22. Effective September 2, 2002, subsections (1), (2), (3), and (7) of section 101.5614, Florida Statutes, as amended by this act, are amended to read:

101.5614 Canvass of returns.—

(1)(a) In precincts in which an electronic or electromechanical voting system is used, as soon as the polls are closed, the election board shall secure the voting devices against further voting. The election board shall thereafter open the ballot box in the presence of members of the public desiring to witness the proceedings and count the number of voted ballots, unused ballots, provisional ballots, and spoiled ballots to ascertain whether such number corresponds with the number of ballots issued by the supervisor. If there is a difference, this fact shall be reported in writing to the county canvassing board with the reasons therefor if known. The total number of voted ballots shall be entered on the forms provided. The proceedings of the election board at the precinct after the polls have closed shall be open to the public; however, no person except a member of the election board shall touch any ballot or ballot container or interfere with or obstruct the orderly count of the ballots.

(b) In lieu of opening the ballot box at the precinct, the supervisor may direct the election board to keep the ballot box sealed and deliver it to a central or regional counting location. In this case, the election board shall count the stubs removed from the ballots to determine the number of voted ballots.

(2)(a) If the ballots are to be tallied at a central location or at no more than three regional locations, the election board shall place all ballots that have been cast and the unused, void, provisional, and defective ballots in the container or containers provided for this purpose, which shall be sealed and delivered forthwith to the central or regional counting location or other designated location by two inspectors who shall not, whenever possible, be of the same political party. The election board shall certify that the ballots were placed in such container or containers and each container was sealed in its presence and under its supervision, and it shall further certify to the number of ballots of each type placed in the container or containers.

(2)(b) If ballots are to be counted at the precincts, such ballots shall be counted pursuant to rules adopted by The Department of State, which rules shall, in accordance with s. 101.015, adopt rules that provide safeguards which conform as nearly as practicable to the safeguards provided in the procedures for the counting of votes at a precinct and at a central or regional location.

(3)(a) All proceedings at the central or regional counting location or other designated location shall be under the direction of the county canvassing board and shall be open to the public, but no person except a person employed and authorized for the purpose shall touch any ballot or ballot container, any item of automatic tabulating equipment, or any return prior to its release. If the ballots are tabulated at regional locations, one member of the canvassing board or a person designated by the board to represent it shall be present at each location during the testing of the counting equipment and the tabulation of the ballots.

(3)(b) The results of If ballots are tabulated at precinct regional locations, the results of such election may be transmitted via dedicated teleprocessing lines to the main computer system for the purpose of compilation of complete returns. The security guidelines for transmission of returns by dedicated teleprocessing lines shall conform to rules adopted by the Department of State pursuant to s. 101.015.

(7) Absentee ballots may be counted by automatic tabulating equipment if they have been punched or marked in a manner which will enable them to be properly counted by such equipment.

Section 23. Effective September 2, 2002, section 101.58, Florida Statutes, is amended to read:

101.58 Supervising and observing registration and election processes.—The Department of State may, at any time it deems fit; upon the petition of 5 percent of the registered electors; or upon the petition of any candidate, county executive committee chair, state committeeman or committeewoman, or state executive committee chair, appoint one or more deputies whose duties shall be to observe and examine the registration and election processes and the condition, custody, and operation of voting systems and equipment machines in any county or municipality. The deputy shall have access to all registration books and records as well as any other records or procedures relating to the voting process. The deputy may supervise preparation of the voting equipment election machines and procedures for election, and it shall be unlawful for any person to obstruct the deputy in the performance of his or her duty. The deputy shall file with the Department of State a report of his or her findings and observations of the registration and election processes in the county or municipality, and a copy of the report shall also be filed with the clerk of the circuit court of said county. If such action of the supervisor results in the voting place for two or more precincts being located for the purposes of an election in one building, the voting places for the several precincts involved shall be established and maintained separate from each other in said building. When any supervisor moves any polling place pursuant to this subsection, the supervisor shall, not more than 30 days or fewer than 7 days prior to the holding of an election, give notice of the change of the polling place for the precinct involved, with clear description of the voting place to which changed, at least once in a newspaper of general circulation in said county. Section 37. Subsections (1), (2), (5), (6), and (8) of section 101.5614, Florida Statutes, are amended, and subsection (9) is added to said section to read:

101.5614 Canvass of returns.—

(1)(a) In precincts in which an electronic or electromechanical voting system is used, as soon as the polls are closed, the election board shall secure the voting devices against further voting. The election board shall thereafter open the ballot box in the presence of members of the public desiring to witness the proceedings and count the number of voted ballots, unused ballots, provisional ballots, and spoiled ballots to ascertain whether such number corresponds with the number of ballots issued by the supervisor. If there is a difference, this fact shall be reported in writing to the county canvassing board with the reasons therefor if known. The total number of voted ballots shall be entered on the forms provided. The proceedings of the election board at the precinct after the polls have closed shall be open to the public; however, no person except a member of the election board shall touch any ballot or ballot container or interfere with or obstruct the orderly count of the ballots.

(b) In lieu of opening the ballot box at the precinct, the supervisor may direct the election board to keep the ballot box sealed and deliver

it to a central or regional counting location. In this case, the election board shall count the stubs removed from the ballots to determine the number of voted ballots.

(2)(a) If the ballots are to be tallied at a central location or at no more than three regional locations, the election board shall place all ballots that have been cast and the unused, void, *provisional*, and defective ballots in the container or containers provided for this purpose, which shall be sealed and delivered forthwith to the central or regional counting location or other designated location by two inspectors who shall not, whenever possible, be of the same political party. The election board shall certify that the ballots were placed in such container or containers and each container was sealed in its presence and under its supervision, and it shall further certify to the number of ballots of each type placed in the container or containers.

(b) If ballots are to be counted at the precincts, such ballots shall be counted pursuant to rules adopted by the Department of State, which rules shall provide safeguards which conform as nearly as practicable to the safeguards provided in the procedures for the counting of votes at a central location.

(5) If any ballot card of the type for which the offices and measures are not printed directly on the card is damaged or defective so that it cannot properly be counted by the automatic tabulating equipment, a true duplicate copy shall be made of the damaged ballot card in the presence of witnesses and substituted for the damaged ballot. Likewise, a duplicate ballot card shall be made of a defective ballot which shall not include the invalid votes. All duplicate ballot cards shall be clearly labeled "duplicate," bear a serial number which shall be recorded on the damaged or defective ballot card, and be counted in lieu of the damaged or defective ballot. If any ballot card of the type for which offices and measures are printed directly on the card is damaged or defective so that it cannot properly be counted by the automatic tabulating equipment, a true duplicate copy may be made of the damaged ballot card in the presence of witnesses and in the manner set forth above, or the valid votes on the damaged ballot card may be manually counted at the counting center by the canvassing board, whichever procedure is best suited to the system used. If any paper ballot is damaged or defective so that it cannot be counted properly by the automatic tabulating equipment, the ballot shall be counted manually at the counting center by the canvassing board. The totals for all such ballots or ballot cards counted manually shall be added to the totals for the several precincts or election districts. No vote shall be declared invalid or void if there is a clear indication on the ballot that the voter has made a definite choice of the intent of the voter as determined by the canvassing board. After duplicating a ballot, the defective ballot shall be placed in an envelope provided for that purpose, and the duplicate ballot shall be tallied with the other ballots for that precinct.

(6) ~~If there is no clear indication on the ballot that the voter has made a definite choice for an office or ballot measure. If an elector marks more names than there are persons to be elected to an office or if it is impossible to determine the elector's choice, the elector's ballot shall not be counted for that office or measure, but the ballot shall not be invalidated as to those names or measures which are properly marked.~~

(8) The return printed by the automatic tabulating equipment, to which has been added the return of write-in, absentee, and manually counted votes and votes from *provisional ballots*, shall constitute the official return of the election upon certification by the canvassing board. Upon completion of the count, the returns shall be open to the public. A copy of the returns may be posted at the central counting place or at the office of the supervisor of elections in lieu of the posting of returns at individual precincts.

(9) Any supervisor of elections, deputy supervisor of elections, canvassing board member, election board member, or election employee who releases the results of any election prior to the closing of the polls on election day commits a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

Section 38. Section 101.69, Florida Statutes, is amended to read:

101.69 Voting in person; return of absentee ballot.—The provisions of this code shall not be construed to prohibit any elector from voting in person at the elector's precinct on the day of an election notwithstanding that the elector has requested an absentee ballot for that election. An elector who has received an absentee ballot, but desires to vote in person,

shall return the ballot, whether voted or not, to the election board in the elector's precinct. The returned ballot shall be marked "canceled" by the board and placed with other canceled ballots. However, if the elector is unable to return the ballot, the elector may vote a *provisional ballot as provided in s. 101.048* execute an affidavit stating that the absentee ballot has not been voted and the elector may then vote at the precinct.

102.141 County canvassing board; duties.—

(2) The county canvassing board shall meet in a building accessible to the public in the county where the election occurred at a time and place to be designated by the supervisor of elections to publicly canvass the absentee electors' ballots as provided for in s. 101.68 and *provisional*

ballots as provided by s. 101.048. Public notice of the time and place at which the county canvassing board shall meet to canvass the absentee electors' ballots and provisional ballots shall be given at least 48 hours prior thereto by publication once in one or more newspapers of general circulation in the county or, if there is no newspaper of general circulation in the county, by posting such notice in at least four conspicuous places in the county. (3) The canvass, except the canvass of absentee electors' returns and the canvass of provisional ballots, shall be made from the returns and certificates of the inspectors as signed and filed by them with the county court judge and supervisor, respectively, and the county canvassing board shall not change the number of votes cast for a candidate, nominee, constitutional amendment, or other measure submitted to the electorate of the county, respectively, in any polling place, as shown by the returns. All returns shall be made to the board on or before 2 a.m. noon of the day following any primary, general, special, or other election. If the returns from any precinct are missing, if there are any omissions on the returns from any precinct, or if there is an obvious error on any such returns, the canvassing board shall order a recount of the returns from such precinct. Before canvassing such returns, the canvassing board shall examine the counters on the machines or the tabulation of the ballots cast in such precinct and determine whether the returns correctly reflect the votes cast. If there is a discrepancy between the returns and the counters of the machines or the tabulation of the ballots cast, the counters of such machines or the tabulation of the ballots cast shall be presumed correct and such votes shall be canvassed accordingly.

(4) The canvassing board shall submit unofficial returns to the Department of State for each federal, statewide, state, or multi-county office or ballot measure no later than noon on the day after any primary, general, special, or other election.

(5) If the county canvassing board determines that the unofficial returns may contain a counting error in which the vote tabulation system failed to count votes that were properly marked in accordance with the instructions on the ballot, the county canvassing board shall:

(a) Correct the error and recount the affected ballots with the vote tabulation system; or

(b) Request that the Department of State verify the tabulation software. When the Department of State verifies such software, the department shall compare the software used to tabulate the votes with the software filed with the department pursuant to s. 101.5607 and check the election parameters.

(6)(4) If the unofficial returns for any office reflect that a candidate for any office was defeated or eliminated by one-half of a percent or less of the votes cast for such office, that a candidate for retention to a judicial office was retained or not retained by one-half of a percent or less of the votes cast on the question of retention, or that a measure appearing on the ballot was approved or rejected by one-half of a percent or less of the votes cast on such measure, the board responsible for certifying the results of the vote on such race or measure shall order a recount of the votes cast with respect to such office or measure. A recount need not be ordered with respect to the returns for any office, however, if the candidate or candidates defeated or eliminated from contention for such office by one-half of a percent or less of the votes cast for such office request in writing that a recount not be made.

(a) In counties with voting systems that use ballot cards or paper ballots, each canvassing board responsible for conducting a recount shall put each ballot through the automatic tabulating equipment for each precinct in which the office or issue appeared on the ballot and determine whether the returns correctly reflect the votes cast. Immediately before the start of the recount and after completion of the count, a test of the tabulating equipment shall be conducted as provided in s. 101.5612. If the test indicates no error, the recount tabulation of the ballots cast shall be presumed correct and such votes shall be canvassed accordingly. If an error is detected, the cause therefor shall be ascertained and corrected and the recount repeated, as necessary. The canvassing board shall immediately report the error, along with the cause of the error and the

corrective measures being taken, to the Department of State. No later than 11 days after the election, the canvassing board shall file a separate incident report with the Department of State, detailing the resolution of the matter and identifying any measures that will avoid a future recurrence of the error.

(b) In counties with voting systems that do not use ballot cards or paper ballots, each canvassing board responsible for conducting a recount shall examine the counters on the precinct tabulators to ensure that the total of the returns on the precinct tabulators equals the overall election return machines or the tabulation of the ballots cast in each precinct in which the office or issue appeared on the ballot and determine whether the returns correctly reflect the votes cast. If there is a discrepancy between the overall election return returns and the counters of the precinct tabulators machines or the tabulation of the ballots cast, the counters of the precinct tabulators of such machines or the tabulation of the ballots cast shall be presumed correct and such votes shall be canvassed accordingly.

(c) The canvassing board shall submit a second set of unofficial returns to the Department of State for each federal, statewide, state, or multi-county office or ballot measure no later than noon on the second day after any election in which a recount was conducted pursuant to this subsection. If the canvassing board is unable to complete the recount prescribed in this subsection by the deadline, the second set of unofficial returns submitted by the canvassing board shall be identical to the initial unofficial returns and the submission shall also include a detailed explanation of why it was unable to timely complete the recount. However, the canvassing board shall complete the recount prescribed in this subsection, along with any manual recount prescribed in s. 102.166, and certify election returns in accordance with the requirements of this chapter.

Section 42. Section 102.166, Florida Statutes, is amended to read:

102.166 Manual recounts ~~Protest of election returns; procedure.~~—

(1) If the second set of unofficial returns pursuant to s. 102.141 indicates that a candidate for any office was defeated or eliminated by one-quarter of a percent or less of the votes cast for such office, that a candidate for retention to a judicial office was retained or not retained by one-quarter of a percent or less of the votes cast on the question of retention, or that a measure appearing on the ballot was approved or rejected by one-quarter of a percent or less of the votes cast on such measure, the board responsible for certifying the results of the vote on such race or measure shall order a manual recount of the overvotes and undervotes cast in the entire geographic jurisdiction of such office or ballot measure.

(2)(a) If the second set of unofficial returns pursuant to s. 102.141 indicates that a candidate for any office was defeated or eliminated by between one-quarter and one-half of a percent of the votes cast for such office, that a candidate for retention to judicial office was retained or not retained by between one-quarter and one-half of a percent of the votes cast on the question of retention, or that a measure appearing on the ballot was approved or rejected by between one-quarter and one-half of a percent of the votes cast on such measure, any such candidate, the political party of such candidate, or any political committee that supports or opposes such ballot measure is entitled to a manual recount of the overvotes and undervotes cast in the entire geographic jurisdiction of such office or ballot measure, provided that a request for a manual recount is made by 5 p.m. on the second day after the election.

(c) Upon receipt of a proper and timely request, the Elections Canvassing Commission or county canvassing board shall immediately order a manual recount of overvotes and undervotes in all affected jurisdictions.

(3)(a) Any hardware or software used to identify and sort overvotes and undervotes for a given race or ballot measure must be certified by the Department of State as part of the voting system pursuant to s. 101.015. Any such hardware or software must be capable of simultaneously counting votes. For certified voting systems, the department shall certify such hardware or software by July 1, 2002. If the department is unable to certify such hardware or software for a certified voting system by July 1,

2002, the department shall adopt rules prescribing procedures for identifying and sorting such overvotes and undervotes. The department's rules may provide for the temporary use of hardware or software whose sole function is identifying and sorting overvotes and undervotes.

(b) This subsection does not preclude the department from certifying hardware or software after July 1, 2002.

(c) Overvotes and undervotes shall be identified and sorted while recounting ballots pursuant to s. 102.141, if the hardware or software for this purpose has been certified or the department's rules so provide.

(1) Any candidate for nomination or election, or any elector qualified to vote in the election related to such candidacy, shall have the right to protest the returns of the election as being erroneous by filing with the appropriate canvassing board a sworn, written protest.

(2) Such protest shall be filed with the canvassing board prior to the time the canvassing board certifies the results for the office being protested or within 5 days after midnight of the date the election is held, whichever occurs later.

(3) Before canvassing the returns of the election, the canvassing board shall:

(a) When paper ballots are used, examine the tabulation of the paper ballots cast.

(b) When voting machines are used, examine the counters on the machines of nonprinter machines or the printer pae on printer machines. If there is a discrepancy between the returns and the counters of the machines or the printer pae, the counters of such machines or the printer pae shall be presumed correct.

(c) When electronic or electromechanical equipment is used, the canvassing board shall examine precinct records and election returns. If there is a clerical error, such error shall be corrected by the county canvassing board. If there is a discrepancy which could affect the outcome of an election, the canvassing board may recount the ballots on the automatic tabulating equipment.

(4)(a) Any candidate whose name appeared on the ballot, any political committee that supports or opposes an issue which appeared on the ballot, or any political party whose candidates' names appeared on the ballot may file a written request with the county canvassing board for a manual recount. The written request shall contain a statement of the reason the manual recount is being requested.

(b) Such request must be filed with the canvassing board prior to the time the canvassing board certifies the results for the office being protested or within 72 hours after midnight of the date the election was held, whichever occurs later.

(c) The county canvassing board may authorize a manual recount. If a manual recount is authorized, the county canvassing board shall make a reasonable effort to notify each candidate whose race is being recounted of the time and place of such recount.

(d) The manual recount must include at least three precincts and at least 1 percent of the total votes cast for such candidate or issue. In the event there are less than three precincts involved in the election, all precincts shall be counted. The person who requested the recount shall choose three precincts to be recounted, and, if other precincts are recounted, the county canvassing board shall select the additional precincts.

(5) If the manual recount indicates an error in the vote tabulation which could affect the outcome of the election, the county canvassing board shall:

(a) Correct the error and recount the remaining precincts with the vote tabulation system;

(b) Request the Department of State to verify the tabulation software; or

(c) Manually recount all ballots.

(4)(6) Any manual recount shall be open to the public.

(5)(a) A vote for a candidate or ballot measure shall be counted if there is a clear indication on the ballot that the voter has made a definite choice.

(b) The Department of State shall adopt specific rules for each certified voting system prescribing what constitutes a "clear indication on the ballot that the voter has made a definite choice." The rules may not:

1. Exclusively provide that the voter must properly mark or designate his or her choice on the ballot; or

2. Contain a catch-all provision that fails to identify specific standards, such as "any other mark or indication clearly indicating that the voter has made a definite choice."

(6)(7) Procedures for a manual recount are as follows:

(a) The county canvassing board shall appoint as many counting teams of at least two electors as is necessary to manually recount the ballots. A counting team must have, when possible, members of at least two political parties. A candidate involved in the race shall not be a member of the counting team.

(b) If a counting team is unable to determine whether the ballot contains a clear indication that the voter has made a definite choice a voter's intent in casting a ballot, the ballot shall be presented to the county canvassing board for a determination it to determine the voter's intent.

(c) The Department of State shall adopt detailed rules prescribing additional recount procedures for each certified voting system which shall be uniform to the extent practicable. The rules shall address, at a minimum, the following areas:

(2) *A person who has attended previous training conducted within 2 years before the election may be appointed by the supervisor to fill a vacancy on election day. If no person with prior training is available to fill such vacancy, the supervisor of elections may fill such vacancy in accordance with the provisions of subsection (3) from among persons who have not received the training required by this section.*

(3) *In the case of absence or refusal to act on the part of any inspector or clerk at any precinct on the day of an election, the supervisor shall appoint a replacement who meets the qualifications prescribed in section 102.012(2). The inspector or clerk so appointed shall be a member of the same political party as the clerk or inspector whom he or she replaces.*

(4) *Each supervisor of elections shall be responsible for training inspectors and clerks, subject to the following minimum requirements:*

(a) *No clerk shall be entitled to work at the polls unless he or she has had a minimum of six hours of training during a general election year, at least two hours of which must occur after June 1 of that year.*

(b) *No inspector shall work at the polls unless he or she has had a minimum of three hours of training during a general election year, at least one hour of which must occur after June 1 of that year.*

(5) *The Department of State shall create a uniform polling place procedures manual and adopt the manual by rule. Each supervisor of elections shall insure that the manual is available in hard copy or electronic form in every precinct in the supervisor's jurisdiction on election day. The manual shall guide inspectors, clerks, and deputy sheriffs in the proper implementation of election procedures and laws. The manual shall be indexed by subject, and written in plain, clear, unambiguous language. The manual shall provide specific examples of common problems encountered at the polls on election day, and detail specific procedures for resolving those problems. The manual shall include, without limitation:*

(a) *Regulations governing solicitation by individuals and groups at the polling place;*

(b) *Procedures to be followed with respect to voters whose names are not on the precinct register;*

- (c) Proper operation of the voting system;
- (d) Ballot handling procedures;
- (e) Procedures governing spoiled ballots;
- (f) Procedures to be followed after the polls close;
- (g) Rights of voters at the polls;
- (h) Procedures for handling emergency situations;

- (j) The handling and processing of provisional ballots; and
- (k) Security procedures.

The Department of State shall revise the manual as necessary to address new procedures in law or problems encountered by voters and pollworkers at the precincts.

(6) Supervisors of elections shall work with the business and local community to develop public-private programs to ensure the recruitment of skilled inspectors and clerks.

Section 65. Subsections (8) and (9) of section 102.012, Florida Statutes, are repealed.

Section 66. Subsection (2) of section 102.021, Florida Statutes, is amended to read:

102.021 Compensation of inspectors, clerks, and deputy sheriffs.—

(2) Inspectors and clerks of election and deputy sheriffs serving at the precincts may receive compensation and travel expenses, as provided in s. 112.061, for attending the pollworker training required by s. 102.014 ~~102.012(8)~~.

Section 67. Section 106.31, Florida Statutes, is amended to read:

106.31 Legislative intent.—The Legislature finds that the costs of running an effective campaign for statewide office have reached a level which tends to discourage persons from becoming candidates and to limit the persons who run for such office to those who are independently wealthy, who are supported by political committees representing special interests which are able to generate substantial campaign contributions, or who must appeal to special interest groups for campaign contributions. The Legislature further finds that campaign contributions generated by such political committees are having a disproportionate impact vis-a-vis contributions from unaffiliated individuals, which leads to the misperception of government officials unduly influenced by those special interests to the detriment of the public interest. *Furthermore, it is the intent of the Legislature that the purpose of public campaign financing is to make candidates more responsive to the voters of the State of Florida and as insulated as possible from special interest groups.* The Legislature intends ss. 106.30-106.36 to alleviate these factors, dispel the misperception, and encourage qualified persons to seek statewide elective office who would not, or could not otherwise do so *and to protect the effective competition by a candidate who uses public funding.*

Section 68. Section 106.33, Florida Statutes, is amended to read:

106.33 Election campaign financing; eligibility.—Each candidate for the office of Governor or member of the Cabinet who desires to receive contributions from the Election Campaign Financing Trust Fund shall, upon qualifying for office, file a request for such contributions with the filing officer on forms provided by the Division of Elections. If a candidate requesting contributions from the fund desires to have such funds distributed by electronic fund transfers, the request shall include information necessary to implement that procedure. For the purposes of ss. 106.30-106.36, candidates for Governor and Lieutenant Governor on the same ticket shall be considered as a single candidate. To be eligible to receive contributions from the fund, a candidate ~~may shall~~ not be an unopposed candidate as defined in s. 106.011(15) and ~~must shall~~:

(1) Agree to abide by the expenditure limits provided in s. 106.34.

(2)(a) Raise contributions as follows:

- 1.~~(a)~~ One hundred fifty thousand dollars for a candidate for Governor.
- 2.~~(b)~~ One hundred thousand dollars for a candidate for Cabinet office.

(b) Contributions from individuals who at the time of contributing are not state residents may not be used to meet the threshold amounts in paragraph (a). For purposes of this paragraph, any person validly registered to vote in this state shall be considered a state resident.

(3) Limit loans or contributions from the candidate's personal funds to \$25,000 and contributions from national, state, and county executive committees of a political party to \$25,000 in the aggregate, which loans or contributions shall not qualify for meeting the threshold amounts in subsection (2).

(4) Submit to a postelection audit of the campaign account by the division.

Section 69. Subsection (2) of section 106.35, Florida Statutes, is amended to read:

106.35 Distribution of funds.—

(2)(a) Each candidate who has been certified to receive contributions from the Election Campaign Financing Trust Fund shall be entitled to distribution of funds as follows:

1. For qualifying matching contributions making up all or any portion of the threshold amounts specified in s. 106.33(2), distribution shall be on a two-to-one basis.

2. For all other qualifying matching contributions, distribution shall be on a one-to-one basis.

(b) Qualifying matching contributions are those of \$250 or less from an individual, made after September 1 of the calendar year prior to the election. *Any contribution received from an individual who is not a state resident at the time the contribution is made shall not be considered a qualifying matching contribution.* For purposes of this paragraph, any person validly registered to vote in this state shall be considered a state resident. Aggregate contributions from an individual in excess of \$250 will be matched only up to \$250. A contribution from an individual, if made by check, must be drawn on the personal bank account of the individual making the contribution, as opposed to any form of business account, regardless of whether the business account is for a corporation, partnership, sole proprietorship, trust, or other form of business arrangement. For contributions made by check from a personal joint account, the match shall only be for the individual who actually signs the check.

Section 70. Effective July 1, 2001, section 98.0977, Florida Statutes, is created to read:

98.0977 Statewide voter registration database; development and maintenance.—

(1) From the funds appropriated, the department may contract with the Florida Association of Court Clerks to analyze, design, develop, operate, and maintain a statewide, on-line voter registration database and associated web site, to be fully operational statewide by June 1, 2002. The database shall contain voter registration information from each of the 67 supervisors of elections in this state, and shall be accessible through an Internet web site. The system shall provide functionality for ensuring that the database is updated on a daily basis to determine if a registered voter is ineligible to vote for any of the following reasons, including, but not limited to:

- (a) The voter is deceased;
- (b) The voter has been convicted of a felony and has not had his or her civil rights restored; or
- (c) The voter has been adjudicated mentally incompetent and his or her mental capacity with respect to voting has not been restored.

The database shall also allow for duplicate voter registrations to be identified.

(2) The Department of State shall not contract with any private entity other than the Florida Association of Court Clerks for the operation or maintenance of the statewide voter registration database.

(3) In administering the database, each supervisor of elections shall compare registration information provided by a voter with information held by the Department of Law Enforcement, the Board of Executive Clemency, the Office of Vital Statistics, and other relevant sources. If the supervisor of elections finds information that suggests that a voter is ineligible to register to vote, the supervisor of elections shall notify the voter by certified United States mail. The notification shall contain a statement as to the reason for the voter's potential ineligibility to register to vote and shall request information from the voter on forms provided by the supervisor of elections in order to make a final determination on the voter's eligibility. After reviewing the information requested by the supervisor of elections and provided by the voter, if the supervisor of elections determines that the voter is not eligible to vote under the laws of this state, the supervisor of elections shall notify the voter by certified United States mail that he or she has been found ineligible to register to vote in this state, shall state the reason for the ineligibility, and shall inform the voter that he or she will be removed from the voter registration rolls.

(4) To the maximum extent feasible, state and local government entities shall facilitate provision of information and access to data to the Florida Association of Court Clerks in order to compare information in the statewide voter registration database with available information in other computer databases, including, but not limited to, databases that contain reliable criminal records and records of deceased persons. State and local governmental agencies that provide such data shall do so without charge if the direct cost incurred by those agencies is not significant.

(5) The Division of Elections shall provide written quarterly progress reports on each phase of development of the voter registration database to the President of the Senate and the Speaker of the House of Representatives beginning July 1, 2001, and continuing until the database is fully implemented.

(6) The duties of the supervisors of elections under this section shall be considered part of their regular registration list maintenance duties under this chapter, and any supervisor of elections who willfully refuses or willfully neglects to perform his or her duties under this section shall be in violation of s. 104.051(2).

Section 71. The Department of State may use up to \$2 million, from funds provided in specific appropriation 2898B of the 2001-2002 General Appropriations Act, notwithstanding the proviso language to that specific appropriation, for the analysis, design, development, operation, and maintenance of the statewide voter registration database as provided in s. 98.0977(1), Florida Statutes. This section shall take effect July 1, 2001.

Section 72. Section 98.0979, Florida Statutes, is created to read:

98.0979 Statewide voter registration database open to inspection; copies.—

(1)(a) The voter registration information of the state constitutes public records. Any citizen shall be allowed to examine the voter registration records, but may not make any copies or extract therefrom except as provided by this section.

(b) Within 15 days after a request for voter registration information, the division or supervisor of elections shall furnish any requested information, excluding only a voter's signature, social security number, and such other information that is by statute specifically made confidential or is exempt from public records requirements.

(c) Actual costs of duplication of information authorized by this section for release to the public shall be charged in accordance with the provisions of s. 119.07.

(2) The information provided by the division or supervisor of elections pursuant to this section shall be furnished only to:

- (a) Municipalities;
- (b) Other governmental agencies;
- (c) Political candidates, for the purpose of furthering their candidacies;

(d) Registered political committees, certified committees of continuous existence, and political parties or officials thereof, for political purposes only; and

(4) Any person who acquires a list of registered voters from the division or supervisor of elections shall take and subscribe to an oath which shall be in substantially the following form:

The Division shall divide the total amount of funds appropriated by the total number of registered voters in the state for the 2000 General Election to establish a funding level per individual voter. Each county shall receive an amount equal to the funding level per individual voter multiplied by the number of registered voters in the county, as certified by the Department of State for the 2000 General Election.

Consideration of **CS for SB's 128 and 1598, HB 251 and HB 21** was deferred.

HJR 951—A joint resolution proposing an amendment to Section 17 of Article I of the State Constitution relating to excessive punishment.

Be It Resolved by the Legislature of the State of Florida:

That the amendment to Section 17 of Article I of the State Constitution is agreed to and shall be submitted to the electors of this state for approval or rejection at the next general election or at an earlier special election specifically authorized for that purpose.

SECTION 17. Excessive punishments.—Excessive fines, cruel and ~~or~~ unusual punishment, attainder, forfeiture of estate, indefinite imprisonment, and unreasonable detention of witnesses are forbidden. *The death penalty is an authorized punishment for capital crimes designated by the legislature. The prohibition against cruel or unusual punishment, and the prohibition against cruel and unusual punishment, shall be construed in conformity with decisions of the United States Supreme Court which interpret the prohibition against cruel and unusual punishment provided in the Eighth Amendment to the United States Constitution. Any method of execution shall be allowed, unless prohibited by the United States Constitution. Methods of execution may be designated by the legislature, and a change in any method of execution may be applied retroactively. A sentence of death shall not be reduced on the basis that*

a method of execution is invalid. In any case in which an execution method is declared invalid, the death sentence shall remain in force until the sentence can be lawfully executed by any valid method. This section shall apply retroactively.

BE IT FURTHER RESOLVED that the following statement be placed on the ballot:

AMENDING ARTICLE I, SECTION 17 OF THE STATE CONSTITUTION

Proposing an amendment to the State Constitution identical to a proposed amendment to Section 17 of Article I of the State Constitution which was approved by a statewide vote in 1998. The Supreme Court of Florida struck the 1998 amendment in a ruling in which four of the seven justices found that the ballot summary was inaccurate. The proposed amendment expressly authorizes the death penalty for capital crimes and expressly authorizes retroactive changes in the method of execution. The amendment changes the prohibition against “cruel or unusual punishment,” currently provided in Section 17 of Article I of the State Constitution, to a prohibition against “cruel and unusual punishment” to conform with the wording of the Eighth Amendment to the United States Constitution. The amendment prohibits reduction of a death sentence based on invalidity of an execution method and provides for continued force of the sentence. The amendment permits any execution method unless prohibited by the United States Constitution. The amendment requires construction of the prohibition against cruel or unusual punishment and the proposed prohibition against cruel and unusual punishment to conform to United States Supreme Court interpretation of the Eighth Amendment to the United States Constitution. The amendment would prevent state courts, including the Florida Supreme Court, from treating the state constitutional prohibition against cruel or unusual punishment as being more expansive than the federal constitutional prohibition against cruel and unusual punishment or United States Supreme Court interpretations thereof. The amendment effectively nullifies rights currently allowed under the state prohibition against cruel or unusual punishment which may afford greater protections for those subject to punishment for crimes than will be provided by the amendment. Under the amendment, the protections afforded those subject to punishment for crimes under the “cruel or unusual punishment” clause, as that clause currently appears in Section 17 of Article I of the State Constitution, will be the same as the minimum protections provided under the “cruel and unusual” punishments clause of the Eighth Amendment to the United States Constitution. The amendment provides for retroactive applicability.

Specifically, the proposal amends Section 17 of Article I of the State Constitution, to read as set forth below. The word ~~stricken~~ is a deletion; words *underlined* are additions:

SECTION 17. Excessive punishments.—Excessive fines, cruel and ~~or~~ unusual punishment, attainder, forfeiture of estate, indefinite imprisonment, and unreasonable detention of witnesses are forbidden. *The death penalty is an authorized punishment for capital crimes designated by the legislature. The prohibition against cruel or unusual punishment, and the prohibition against cruel and unusual punishment, shall be construed in conformity with decisions of the United States Supreme Court which interpret the prohibition against cruel and unusual punishment provided in the Eighth Amendment to the United States Constitution. Any method of execution shall be allowed, unless prohibited by the United States Constitution. Methods of execution may be designated by the legislature, and a change in any method of execution may be applied retroactively. A sentence of death shall not be reduced on the basis that a method of execution is invalid. In any case in which an execution method is declared invalid, the death sentence shall remain in force until the sentence can be lawfully executed by any valid method. This section shall apply retroactively.*

RECONSIDERATION OF AMENDMENT

On motion by Senator Horne, the Senate reconsidered the vote by which **Amendment 1 (161930)** by Senator Horne was adopted on May 3.

Senator Peaden moved the following amendment to **Amendment 1**:

Amendment 1A (470776)(with title amendment)—On page 17, between lines 5 and 6, insert:

Section 11. Paragraph (b) of subsection (22) of section 159.27, Florida Statutes, is amended to read:

159.27 Definitions.—The following words and terms, unless the context clearly indicates a different meaning, shall have the following meanings:

(22) “Educational facility” means:

(b) Property that comprises the buildings and equipment, structures, and special education use areas that are built, installed, or established to serve primarily the educational purposes of operating any nonprofit private preschool, kindergarten, elementary school, middle school, or high school that is established under chapter 617 or chapter 623, or that is owned or operated by an organization described in s. 501(c)(3) of the United States Internal Revenue Code, or operating any preschool, kindergarten, elementary school, middle school, or high school that is owned or operated as part of the state’s system of public education, including, but not limited to, a charter school or a developmental research school operated under chapter 228. The requirements of this part for the financing of projects through local agencies shall also apply to such schools. Bonds issued under the provisions of this part for such schools shall not be deemed to constitute a debt, liability, or obligation of the state or any political subdivision thereof, or a pledge of the faith and credit of the state or of any such political subdivision, but shall be payable solely from the revenues provided therefor.

Section 12. Section 228.056, Florida Statutes, is amended to read:

228.056 Charter schools.—

(1) AUTHORIZATION.—The creation of charter schools is hereby authorized. Charter schools shall be part of the state’s program of public education. All charter schools in Florida are fully recognized as public schools. A charter school may be formed by creating a new school or converting an existing public school to charter status. A public school may not use the term charter in its name unless it has been approved under this section.

(2) PURPOSE.—The purpose of charter schools shall be to:

(a) Improve student learning.

(b) Increase learning opportunities for all students, with special emphasis on expanded learning experiences for students who are identified as academically low achieving.

(c) Encourage the use of different and innovative learning methods.

(d) Increase choice of learning opportunities for students.

(e) Establish a new form of accountability for schools.

(f) Require the measurement of learning outcomes and create innovative measurement tools.

(g) Make the school the unit for improvement.

(h) Create new professional opportunities for teachers, including the opportunity to own the learning program at the school site.

(i) Provide rigorous competition within the public school district to stimulate continual improvement in all public schools.

(j) Provide additional academic choices for parents and students.

(k) Expand the capacity of the public school system.

(3) APPLICATION; UNLAWFUL REPRISAL.—

(a) An application for a new charter school may be made by an individual, teachers, parents, a group of individuals, a municipality, or a legal entity organized under the laws of this state.

2. The district school board or the principal, teachers, parents, and/or the school advisory council at an existing public school *that has been in operation for at least 2 years prior to the application to convert*, including a public school-within-a-school that is designated as a school by the district school board, shall submit any application for converting the school to a charter school. An application submitted proposing to convert an existing public school to a charter school shall demonstrate the support of at least 50 percent of the teachers employed at the school and 50 percent of the parents voting whose children are enrolled at the school, provided that a majority of the parents eligible to vote participate in the ballot process, according to procedures established by rules of the state board. *A district school board denying an application for a conversion charter school shall provide notice of denial to the applicants in writing within 30 days after the meeting at which the school board denied the application. The notice must specify the exact reasons for denial and must provide documentation supporting those reasons.* A private school, parochial school, or home education program shall not be eligible for charter school status.

(b) No district school board, or district school board employee who has control over personnel actions, shall take unlawful reprisal against another district school board employee because that employee is either directly or indirectly involved with an application to establish a charter school. As used in this subsection, the term “unlawful reprisal” means an action taken by a district school board or a school system employee against an employee who is directly or indirectly involved in a lawful application to establish a charter school, which occurs as a direct result of that involvement, and which results in one or more of the following: disciplinary or corrective action; adverse transfer or reassignment, whether temporary or permanent; suspension, demotion, or dismissal; an unfavorable performance evaluation; a reduction in pay, benefits, or rewards; elimination of the employee’s position absent of a reduction in force as a result of lack of moneys or work; or other adverse significant changes in duties or responsibilities that are inconsistent with the employee’s salary or employment classification. The following procedures shall apply to an alleged unlawful reprisal which occurs as a consequence of an employee’s direct or indirect involvement with an application to establish a charter school:

1. Within 60 days after a reprisal prohibited by this subsection, an employee may file a complaint with the Department of Education.

2. Within 3 working days after receiving a complaint under this section, the department shall acknowledge receipt of the complaint and provide copies of the complaint and any other relevant preliminary information available to each of the other parties named in the complaint, which parties shall each acknowledge receipt of such copies to the complainant.

3. If the department determines that the complaint demonstrates reasonable cause to suspect that an unlawful reprisal has occurred, the department shall conduct an investigation to produce a fact-finding report.

4. Within 90 days after receiving the complaint, the department shall provide the superintendent of schools of the complainant’s district and the complainant with a fact-finding report that may include recommendations to the parties or proposed resolution of the complaint. The fact-finding report shall be presumed admissible in any subsequent or related administrative or judicial review.

5. If the department determines that reasonable grounds exist to believe that an unlawful reprisal has occurred, is occurring, or is to be taken, and is unable to conciliate a complaint within 60 days after receipt of the fact-finding report, the department shall terminate the investigation. Upon termination of any investigation, the department shall notify the complainant and the superintendent of schools of the termination of the investigation, providing a summary of relevant facts found during the investigation and the reasons for terminating the investigation. A written statement under this paragraph is presumed admissible as evidence in any judicial or administrative proceeding.

6. The department shall either contract with the Division of Administrative Hearings under s. 120.65, or otherwise provide for a complaint for which the department determines reasonable grounds exist to believe that an unlawful reprisal has occurred, is occurring, or is to be taken, and is unable to conciliate, to be heard by a panel of impartial persons. Upon hearing the complaint, the panel must make findings of fact and conclusions of law for a final decision by the department.

It shall be an affirmative defense to any action brought pursuant to this section that the adverse action was predicated upon grounds other than, and would have been taken absent, the employee’s exercise of rights protected by this section.

(c) In any action brought under this section for which it is determined reasonable grounds exist to believe that an unlawful reprisal has occurred, is occurring, or is to be taken, the relief must include the following:

1. Reinstatement of the employee to the same position held before the unlawful reprisal was commenced, or to an equivalent position, or payment of reasonable front pay as alternative relief.

2. Reinstatement of the employee’s full fringe benefits and seniority rights, as appropriate.

3. Compensation, if appropriate, for lost wages, benefits, or other lost remuneration caused by the unlawful reprisal.

4. Payment of reasonable costs, including attorney’s fees, to a substantially prevailing employee, or to the prevailing employer if the employee filed a frivolous action in bad faith.

5. Issuance of an injunction, if appropriate, by a court of competent jurisdiction.

6. Temporary reinstatement to the employee’s former position or to an equivalent position, pending the final outcome on the complaint, if it is determined that the action was not made in bad faith or for a wrongful purpose, and did not occur after a district school board’s initiation of a personnel action against the employee which includes documentation of the employee’s violation of a disciplinary standard or performance deficiency.

(4) SPONSOR.—A district school board may sponsor a charter school in the county over which the board has jurisdiction.

(a) A district school board shall receive and review all applications for a charter school. A district school board shall receive and consider charter school applications received on or before October 1 of each calendar year for charter schools to be opened at the beginning of the school district’s next school year, or to be opened at a time agreed to by the applicant and the district school board. A district school board may receive applications later than this date if it chooses. *A sponsor may not charge an applicant for a charter any fee for the processing or consideration of an application, and a sponsor may not base its consideration or approval of an application upon the promise of future payment of any kind.*

1. In order to facilitate an accurate budget projection process, a district school board shall be held harmless for FTE students which are not included in the FTE projection due to approval of charter school applications after the FTE projection deadline. In a further effort to facilitate an accurate budget projection, within 15 calendar days after receipt of a charter school application, a district school board or other sponsor shall report to the Department of Education the name of the applicant entity, the proposed charter school location, and its projected FTE.

2. A district school board must by a majority vote approve or deny an application no later than 60 calendar days after the application is received, unless the district school board and the applicant mutually agree to temporarily postpone the vote to a specific date, at which time the district school board must by a majority vote approve or deny the application. If the district school board fails to act on the application, an applicant may appeal to the State Board of Education as provided in paragraph (b). If an application is denied, the district school board must, within 10 calendar days, articulate in writing the specific reasons based upon good cause supporting its denial of the charter application.

3. For budget projection purposes, the district school board or other sponsor shall report to the department the approval or denial of a char-

ter application within 10 calendar days after such approval or denial. In the event of approval, the report to the department must include the final projected FTE for the approved charter school.

4. Upon approval of a charter application, the initial startup must ~~commence~~ be consistent with the beginning of the public school calendar for the district in which the charter is granted unless the district school board allows a waiver of this provision for good cause.

(b) An applicant may appeal any denial of that applicant's application or failure to act on an application to the State Board of Education no later than 30 calendar days after receipt of the district school board's decision or failure to act and shall notify the district school board of its appeal. Any response of the school board shall be submitted to the state board within 30 calendar days after notification of the appeal. The state board must by majority vote accept or reject the decision of the district school board no later than 60 calendar days after an appeal is filed in accordance with state board rule. The state board may reject an appeal submission for failure to comply with procedural rules governing the appeals process. The rejection shall describe the submission errors. The appellant may have up to 15 calendar days from notice of rejection to resubmit an appeal that meets requirements of rule. An application for appeal submitted subsequent to such rejection shall be considered timely if the original appeal was filed within 30 calendar days after receipt of notice of the specific reasons for the school board's denial of the charter application ~~the school board denial~~. The state board shall remand the application to the district school board with its written ~~decision recommendation~~ that the district board approve or deny the application consistent with the state board's decision. The decision of the State Board of Education is not subject to the provisions of the Administrative Procedure Act, chapter 120.

(c) The district school board must act upon the recommendation of the State Board of Education within 30 calendar days after it is received. The district board may fail to act in accordance with the recommendation of the state board only for good cause. Good cause for failing to act in accordance with the state board's recommendation arises only if the district school board determines by competent substantial evidence that approving the state board's recommendation would be contrary to law or contrary to the best interests of the pupils or the community. The district school board must articulate in written findings the specific reasons based upon good cause supporting its failure to act in accordance with the state board's recommendation. The district board's action on the state board's recommendation is a final action subject to judicial review.

(d) The Department of Education may provide technical assistance to an applicant upon written request.

(e) Paragraph (a) notwithstanding, a state university may grant a charter to a developmental research school created under s. 228.053. In considering such charter, the state university must consult with the district school board of the county in which the developmental research school is located. The decision of a state university may be appealed pursuant to the procedure established in this subsection.

(f) The terms and conditions for the operation of a charter school shall be set forth by the sponsor and the applicant in a written contractual agreement, called a charter. The sponsor shall not impose unreasonable rules or regulations that violate the intent of giving charter schools greater flexibility to meet educational goals. The applicant and sponsor shall have 6 months in which to mutually agree to the provisions of the charter. The Department of Education shall provide mediation services for any dispute regarding this section subsequent to the approval of a charter application and for any dispute relating to the approved charter, except disputes regarding charter school application denials. If the Commissioner of Education determines that the dispute cannot be settled through mediation, the dispute may be appealed to an administrative law judge appointed by the Division of Administrative Hearings. The administrative law judge may rule on issues of equitable treatment of the charter school as a public school, whether proposed provisions of the charter violate the intended flexibility granted charter schools by statute, or on any other matter regarding this section except a charter school application denial, and shall award the prevailing party reasonable attorney's fees and costs incurred to be paid by the losing party. The costs of the administrative hearing shall be paid by the party whom the administrative law judge rules against.

(g) The sponsor shall monitor and review the charter school in its progress towards the goals established in the charter.

(h) The sponsor shall monitor the revenues and expenditures of the charter school.

(i) A charter school shall be exempt from the sponsor's policies.

(5) **CHARTER SCHOOL COOPERATIVES.**—Charter schools may enter into cooperative agreements to form charter school cooperative organizations that may provide the following services: charter school planning and development, direct instructional services, contracts with charter school governing boards to provide personnel administrative services, payroll services, human resource management, evaluation and assessment services, teacher preparation, and professional development.

(6)(5) **NUMBER OF SCHOOLS.**—

(a) The number of newly created charter schools is limited to no more than 28 in each school district that has 100,000 or more students, no more than 20 in each school district that has 50,000 to 99,999 students, and no more than 12 in each school district with fewer than 50,000 students.

(b) An existing public school which converts to a charter school shall not be counted towards the limit established by paragraph (a).

Notwithstanding any limit established by this subsection, a district school board or a charter school applicant shall have the right to request an increase of the limit on the number of charter schools authorized to be established within the district from the State Board of Education.

(7)(6) **ELIGIBLE STUDENTS.**—

(a) A charter school shall be open to any student covered in an interdistrict agreement or residing in the school district in which the charter school is located; however, in the case of a developmental research school created under s. 228.053 to which a charter has been issued under paragraph (4)(e), the charter school shall be open to any student eligible to attend the developmental research school as provided in s. 228.053 or who resides in the school district in which the charter school is located. Any eligible student shall be allowed interdistrict transfer to attend a charter school when based on good cause. When a public school converts to charter status, enrollment preference shall be given to students who would have otherwise attended that public school. A charter school may give enrollment preference to a sibling of a student enrolled in the charter school, to the child of a member of the governing board of the charter school, or to the child of an employee of the charter school.

(b) The charter school shall enroll an eligible student who submits a timely application, unless the number of applications exceeds the capacity of a program, class, grade level, or building. In such case, all applicants shall have an equal chance of being admitted through a random selection process.

(c) A charter school may limit the enrollment process only to target the following student populations:

1. Students within specific age groups or grade levels.
2. Students considered at risk of dropping out of school or academic failure. Such students shall include exceptional education students.
3. Students enrolling in a charter school-in-the-workplace, *charter school-in-a-development*, or *charter school-in-a-municipality* established pursuant to subsection (22).
4. Students residing within a reasonable distance of the charter school, as described in paragraph (13)(c). Such students shall be subject to a random lottery and to the racial/ethnic balance provisions described in subparagraph (9)(a)8. or any federal provisions which require a school to achieve a racial/ethnic balance reflective of the community it serves or within the racial/ethnic range of other public schools in the same school district.

5. Students who meet reasonable academic, artistic, or other eligibility standards established by the charter school and included in the charter school application and charter or, in the case of existing charter

schools, standards that are consistent with the school's mission and purpose. Such standards must be in accordance with current state law and practice in public schools and may not discriminate against otherwise qualified individuals.

6. *Students articulating from one charter school to another pursuant to an articulation agreement between the charter schools which has been approved by the sponsor.*

(d) A student may withdraw from a charter school at any time and enroll in another public school as determined by school board policy.

(e) Students with handicapping conditions and students served in English for Speakers of Other Languages programs shall have an equal opportunity of being selected for enrollment in a charter school.

(f) *The capacity of the charter school shall be determined annually by the governing board, in conjunction with the sponsor, of the charter school in consideration of the factors identified in this subsection.*

(8)(7) **LEGAL ENTITY.**—A charter school shall organize as, or be operated by, a nonprofit organization. A charter school may be operated by a municipality or other public entity as provided for by law. As such, the charter school may be either a private or a public employer. As a public employer, a charter school may participate in the Florida Retirement System upon application and approval as a “covered group” under s. 121.021(34). If a charter school participates in the Florida Retirement System, the charter school employees shall be compulsory members of the Florida Retirement System. As either a private or a public employer, a charter school may contract for services with an individual or group of individuals who are organized as a partnership or a cooperative. Individuals or groups of individuals who contract their services to the charter school are not public employees.

(9)(8) **REQUIREMENTS.**—

(a) A charter school shall be nonsectarian in its programs, admission policies, employment practices, and operations.

(b) A charter school shall admit students as provided in subsection (6).

(c) A charter school shall be accountable to its sponsor for performance as provided in subsection (9).

(d) A charter school shall not charge tuition or fees, except those fees normally charged by other public schools. However, a developmental research school to which a charter has been issued pursuant to paragraph (4)(e) may charge a student activity and service fee as authorized by s. 228.053(5).

(e) A charter school shall meet all applicable state and local health, safety, and civil rights requirements.

(f) A charter school shall not violate the antidiscrimination provisions of s. 228.2001.

(g) A charter school shall be subject to an annual financial audit in a manner similar to that of a school district.

(h) No organization shall hold more than 15 charters statewide.

(i) In order to provide financial information that is comparable to that reported for other public schools, charter schools are to maintain all financial records which constitute their accounting system:

1. In accordance with the accounts and codes prescribed in the most recent issuance of the publication titled “Financial and Program Cost Accounting and Reporting for Florida Schools”; or:

2. *At the discretion of the charter school governing board, a charter school may elect to follow generally accepted accounting standards for not-for-profit organizations, but must reformat this information for reporting according to this paragraph.*

Charter schools are to provide annual financial report and program cost report information in the state-required formats for inclusion in district reporting in compliance with s. 236.02(1). Charter schools which are operated by a municipality or are a component unit of a parent nonprofit organization may use the accounting system of the municipality or the

parent, but must reformat this information for reporting according to this paragraph.

(j) *The governing board of the charter school shall annually adopt and maintain an operating budget.*

(10)(9) **CHARTER.**—The major issues involving the operation of a charter school shall be considered in advance and written into the charter. The charter shall be signed by the governing body of the charter school and the sponsor, following a public hearing to ensure community input.

(a) The charter shall address, and criteria for approval of the charter shall be based on:

1. The school's mission, the students to be served, and the ages and grades to be included.

2. The focus of the curriculum, the instructional methods to be used, and any distinctive instructional techniques to be employed, *and identification and acquisition of appropriate technologies needed to improve educational and administrative performance. This must include a means for promoting safe, ethical, and appropriate uses of technology which comply with legal and professional standards.*

3. The current incoming baseline standard of student academic achievement, the outcomes to be achieved, and the method of measurement that will be used. This section shall include a detailed description for each of the following:

a. How the baseline student academic achievement levels and prior rates of academic progress will be established.

b. How these baseline rates will be compared to rates of academic progress achieved by these same students while attending the charter school.

c. To the extent possible, how these rates of progress will be evaluated and compared with rates of progress of other closely comparable student populations.

d. *The district school board is required to provide academic student performance data to charter schools for each of their students coming from the district school system, as well as rates of academic progress of comparable student populations in the district school system.*

4. The methods used to identify the educational strengths and needs of students and how well educational goals and performance standards are met by students attending the charter school. *Included in the methods is a means for ensuring accountability to its constituents by analyzing student performance data and by evaluating the effectiveness and efficiency of its major educational programs.* Students in charter schools shall, at a minimum, participate in the statewide assessment program.

5. In secondary charter schools, a method for determining that a student has satisfied the requirements for graduation in s. 232.246.

6. A method for resolving conflicts between the governing body of the charter school and the sponsor.

8. The ways by which the school will achieve a racial/ethnic balance reflective of the community it serves or within the racial/ethnic range of other public schools in the same school district.

9. The financial and administrative management of the school, including a reasonable demonstration of the professional experience or competence of those individuals or organizations applying to operate the charter school or those hired or retained to perform such professional services *and the description of clearly delineated responsibilities and the policies and practices needed to effectively manage the charter school. A description of internal audit procedures and establishment of controls to ensure that financial resources are properly managed must be included.* Both public sector and private sector professional experience shall be equally valid in such a consideration.

10. *A description of procedures that identify various risks and provide for a comprehensive approach to reduce the impact of losses; plans*

to ensure the safety and security of students and staff; plans to identify, minimize, and protect others from violent or disruptive student behavior; and the manner in which the school will be insured, including whether or not the school will be required to have liability insurance, and, if so, the terms and conditions thereof and the amounts of coverage.

11. The term of the charter which shall provide for cancellation of the charter if insufficient progress has been made in attaining the student achievement objectives of the charter and if it is not likely that such objectives can be achieved before expiration of the charter. The initial term of a charter shall be for 3, 4, or 5 years. In order to facilitate access to long-term financial resources for charter school construction, charter schools that are operated by a municipality or other public entity as provided by law are eligible for up to a 15-year charter, subject to approval by the local school board. A developmental research school is eligible for a charter for a term of up to 15 years issued by a state university pursuant to paragraph (4)(e). In addition, to facilitate access to long-term financial resources for charter school construction, charter schools that are operated by a private, not-for-profit, s. 501(c)(3) status corporation are eligible for up to a 10-year charter, subject to approval by the local school board. Such long-term charters remain subject to annual review and may be terminated during the term of the charter, but only for specific good cause according to the provisions set forth in subsection (10).

12. The facilities to be used and their location.

13. The qualifications to be required of the teachers *and the potential strategies used to recruit, hire, train, and retain qualified staff to achieve best value.*

14. The governance structure of the school, including the status of the charter school as a public or private employer as required in subsection (7).

15. A timetable for implementing the charter which addresses the implementation of each element thereof and the date by which the charter shall be awarded in order to meet this timetable.

16. In the case of an existing public school being converted to charter status, alternative arrangements for current students who choose not to attend the charter school and for current teachers who choose not to teach in the charter school after conversion in accordance with the existing collective bargaining agreement or school board policy in the absence of a collective bargaining agreement. However, alternative arrangements shall not be required for current teachers who choose not to teach in a developmental research school to which a charter has been issued pursuant to paragraph (4)(e), except as authorized by the employment policies of the state university which grants the charter to the developmental research school.

(b) A charter may be renewed every 5 school years, provided that a program review demonstrates that the criteria in paragraph (a) have been successfully accomplished and that none of the grounds for non-renewal established by paragraph (10)(a) have been documented. In order to facilitate long-term financing for charter school construction, charter schools operating for a minimum of 2 years and demonstrating exemplary academic programming and fiscal management are eligible for a 15-year charter renewal. Such long-term charter is subject to annual review and may be terminated during the term of the charter.

(c) A charter may be modified during its initial term or any renewal term upon the recommendation of the sponsor or the charter school governing board and the approval of both parties to the agreement.

(d) The governing body of the charter school shall *exercise continuing oversight over charter school operations and make annual progress reports to its sponsor, which upon verification shall be forwarded to the Commissioner of Education at the same time as other annual school accountability reports.* The report shall contain at least the following information:

1. The charter school's progress towards achieving the goals outlined in its charter.
2. The information required in the annual school report pursuant to s. 229.592.
3. Financial records of the charter school, including revenues and expenditures.

4. Salary and benefit levels of charter school employees.

(e) A sponsor shall ensure that the charter is innovative and consistent with the state education goals established by s. 229.591.

(f) Upon receipt of the annual report required by paragraph (d), the Department of Education shall provide to the State Board of Education, the Commissioner of Education, the President of the Senate, and the Speaker of the House of Representatives an analysis and comparison of the overall performance of charter school students, to include all students whose scores are counted as part of the state assessment program, versus comparable public school students in the district as determined by the state assessment program currently administered in the school district, and, as appropriate, the Florida Writes Assessment Test, the High School Competency Test, and other assessments administered pursuant to s. 229.57(3).

(g) Whenever a municipality has submitted charter applications for the establishment of a charter school feeder pattern (elementary, middle, and senior high schools), and upon approval of each individual charter application by the district school board, such applications will then be designated as one charter for all purposes listed pursuant to this section.

~~(11)~~(10) CAUSES FOR NONRENEWAL OR TERMINATION.—

(a) At the end of the term of a charter, the sponsor may choose not to renew the charter for any of the following grounds:

1. Failure to meet the requirements for student performance stated in the charter.
2. Failure to meet generally accepted standards of fiscal management.
3. Violation of law.
4. Other good cause shown.

(b) During the term of a charter, the sponsor may terminate the charter for any of the grounds listed in paragraph (a).

(c) At least 90 days prior to renewing or terminating a charter, the sponsor shall notify the governing body of the school of the proposed action in writing. The notice shall state in reasonable detail the grounds for the proposed action and stipulate that the school's governing body may, within 14 calendar days after receiving the notice, request an informal hearing before the sponsor. The sponsor shall conduct the informal hearing within 30 calendar days after receiving a written request. The charter school's governing body may, within 14 calendar days after receiving the sponsor's decision to terminate or refuse to renew the charter, appeal the decision pursuant to the procedure established in subsection (4).

(d) A charter may be terminated immediately if the sponsor determines that good cause has been shown or if the health, safety, or welfare of the students is threatened. The school district in which the charter school is located shall assume operation of the school under these circumstances. *The charter school's governing board may, within 14 days after receiving the sponsor's decision to terminate the charter, appeal the decision pursuant to the procedure established in subsection (4).*

(e) When a charter is not renewed or is terminated, the school shall be dissolved under the provisions of law under which the school was organized, and any unencumbered *public* funds from the charter school shall revert to the district school board. In the event a charter school is dissolved or is otherwise terminated, all district school board property and improvements, furnishings, and equipment purchased with public funds shall automatically revert to full ownership by the district school board, subject to complete satisfaction of any lawful liens or encumbrances.

(f) If a charter is not renewed or is terminated, the *charter school governing body of the school* is responsible for all debts of the charter school. The district may not assume the debt from any contract for services made between the governing body of the school and a third party, except for a debt that is previously detailed and agreed upon in writing by both the district and the governing body of the school and that may not reasonably be assumed to have been satisfied by the district.

(g) If a charter is not renewed or is terminated, a student who attended the school may apply to, and shall be enrolled in, another public school. Normal application deadlines shall be disregarded under such circumstances.

(12)(11) EXEMPTION FROM STATUTES.—A charter school shall operate in accordance with its charter and shall be exempt from all statutes of the Florida School Code, except those specifically applying to charter schools; those pertaining to the provision of services to students with disabilities; those pertaining to civil rights, including s. 228.2001, relating to discrimination; and those pertaining to student health, safety, and welfare; or as otherwise required by this section. A charter school shall not be exempt from the following statutes: chapter 119, relating to public records, and s. 286.011, relating to public meetings and records, public inspection, and penalties. *The charter school's governing board sponsor, upon request of a charter school, may apply to the Commissioner of Education for a waiver of provisions of chapters 230-239 which are applicable to charter schools under this section, except that the provisions of chapter 236 or chapter 237 shall not be eligible for waiver if the waiver would affect funding allocations or create inequity in public school funding. The Commissioner of Education must confirm receipt of a waiver request from a charter school by providing a copy of the request to the sponsor. The commissioner may grant the waiver if necessary to implement the school program and shall provide notice of the final dispensation of the waiver request to the charter school governing board and the charter school's sponsor.*

(13)(12) EMPLOYEES OF CHARTER SCHOOLS.—

(a) A charter school shall select its own employees. A charter school may contract with its sponsor for the services of personnel employed by the sponsor.

(b) Charter school employees shall have the option to bargain collectively. Employees may collectively bargain as a separate unit or as part of the existing district collective bargaining unit as determined by the structure of the charter school.

(c) The employees of a conversion charter school shall remain public employees for all purposes, unless such employees choose not to do so.

(d) The teachers at a charter school may choose to be part of a professional group that subcontracts with the charter school to operate the instructional program under the auspices of a partnership or cooperative that they collectively own. Under this arrangement, the teachers would not be public employees.

(e) Employees of a school district may take leave to accept employment in a charter school upon the approval of the district school board. While employed by the charter school and on leave that is approved by the school board, the employee may retain seniority accrued in that school district and may continue to be covered by the benefit programs of that school district, if the charter school and the district school board agree to this arrangement and its financing. School districts shall not require resignations of teachers desiring to teach in a charter school. This paragraph shall not prohibit a school board from approving alternative leave arrangements consistent with chapter 231.

(f) Teachers employed by or under contract to a charter school shall be certified as required by chapter 231. A charter school governing board may employ or contract with skilled selected noncertified personnel to provide instructional services or to assist instructional staff members as education paraprofessionals in the same manner as defined in chapter 231, and as provided by State Board of Education rule for charter school governing boards. A charter school may not knowingly employ an individual to provide instructional services or to serve as an education paraprofessional if the individual's certification or licensure as an educator is suspended or revoked by this or any other state. A charter school may not knowingly employ an individual who has resigned from a school district in lieu of disciplinary action with respect to child welfare or safety, or who has been dismissed for just cause by any school district with respect to child welfare or safety. The qualifications of teachers shall be disclosed to parents.

(g) A charter school shall employ or contract with employees who have been fingerprinted as provided in s. 231.02. Members of the governing board of the charter school shall also be fingerprinted in a manner similar to that provided in s. 231.02.

(14)(13) REVENUE.—Students enrolled in a charter school, regardless of the sponsorship, shall be funded as if they are in a basic program or a special program, the same as students enrolled in other public schools in the school district. Funding for a chartered developmental research school shall be as provided in s. 228.053(9).

(a) Each charter school shall report its student enrollment to the district school board as required in s. 236.081, and in accordance with the definitions in s. 236.013. The district school board shall include each charter school's enrollment in the district's report of student enrollment. *All charter schools submitting student record information required by the Department of Education shall comply with the department's guidelines for electronic data formats for such data, and all districts shall accept electronic data that complies with the department's electronic format.*

(b) The basis for the agreement for funding students enrolled in a charter school shall be the sum of the school district's operating funds from the Florida Education Finance Program as provided in s. 236.081 and the General Appropriations Act, including gross state and local funds, discretionary lottery funds, and funds from the school district's current operating discretionary millage levy; divided by total funded weighted full-time equivalent students in the school district; multiplied by the weighted full-time equivalent students for the charter school. Charter schools whose students or programs meet the eligibility criteria in law shall be entitled to their proportionate share of categorical program funds included in the total funds available in the Florida Education Finance Program by the Legislature, including transportation. Total funding for each charter school will be recalculated during the year to reflect the revised calculations under the Florida Education Finance Program by the state and the actual weighted full-time equivalent students reported by the charter school during the full-time equivalent student survey periods designated by the Commissioner of Education.

(c) Transportation of charter school students shall be provided by the charter school consistent with the requirements of chapter 234. The governing body of the charter school may provide transportation through an agreement or contract with the district school board, a private provider, or parents. The charter school and the sponsor shall cooperate in making arrangements that ensure that transportation is not a barrier to equal access for all students residing within a reasonable distance of the charter school as determined in its charter.

(d) If the district school board is providing programs or services to students funded by federal funds, any eligible students enrolled in charter schools in the school district shall be provided federal funds for the same level of service provided students in the schools operated by the district school board. Pursuant to provisions of 20 U.S.C. 8061 s. 10306, all charter schools shall receive all federal funding for which the school is otherwise eligible, including Title I funding, not later than 5 months after the charter school first opens and within 5 months after any subsequent expansion of enrollment.

(e) Any administrative fee charged by the school district relating to a charter school shall be limited to 5 percent of the available funds as defined in paragraph (b) *not including capital outlay funds, federal and state grants, or any other funds unless explicitly provided by law.* The sponsor shall provide certain administrative and educational services to charter schools at no additional fee. These services shall include contract management services, FTE and data reporting, exceptional student education administration, test administration, processing of teacher certificate data, and information services.

(f) School boards shall make every effort to ensure that charter schools receive timely and efficient reimbursement, including processing paperwork required to access special state and federal funding for which they may be eligible. The district school board may distribute funds to a charter school for up to 3 months based on the projected full-time equivalent student membership of the charter school. Thereafter, the results of full-time equivalent student membership surveys must be used in adjusting the amount of funds distributed monthly to the charter school for the remainder of the fiscal year. The payment shall be issued no later than 10 working days after the district school board receives a distribution of state or federal funds. If a warrant for payment is not issued within 30 working days after receipt of funding by the district school board, the school district shall pay to the charter school, in addition to the amount of the scheduled disbursement, interest at a rate of 1 percent per month calculated on a daily basis on the unpaid balance from the expiration of the 30-day period until such time as the warrant is issued.

(g) If a district school board facility or property is available because it is surplus, marked for disposal, or otherwise unused, it shall be provided for a charter school's use on the same basis as it is made available to other public schools in the district. A charter school receiving property from the school district may not sell or dispose of such property without written permission of the school district. Similarly, for an existing public school converting to charter status, no rental or leasing fee for the existing facility or for the property normally inventoried to the conversion school may be charged by the district school board to the parents and teachers organizing the charter school. The charter organizers shall agree to reasonable maintenance provisions in order to maintain the facility in a manner similar to district school board standards. *The Public Education Capital Outlay maintenance funds or any other maintenance funds generated by the facility operated as a conversion school shall remain with the conversion school.*

(h) If other goods and services are made available to the charter school through the contract with the school district, they shall be provided to the charter school at a rate no greater than the district's actual cost. To maximize the use of state funds, school districts shall allow charter schools to participate in the sponsor's bulk purchasing program if applicable.

(15)(14) IMMUNITY.—For the purposes of tort liability, the governing body and employees of a charter school shall be governed by s. 768.28.

(16)(15) LENGTH OF SCHOOL YEAR.—A charter school shall provide instruction for at least the number of days required by law for other public schools, and may provide instruction for additional days.

(17)(16) FACILITIES.—

(a) A charter school shall utilize facilities which comply with the State Uniform Building Code for Public Educational Facilities Construction adopted pursuant to s. 235.26 or with applicable state minimum building codes pursuant to chapter 553 and state minimum fire protection codes pursuant to s. 633.025, as adopted by the authority in whose jurisdiction the facility is located.

(b) Any facility, or portion thereof, used to house a charter school whose charter has been approved by the sponsor and the governing board, pursuant to subsection (9), shall be exempt from ad valorem taxes pursuant to s. 196.1983.

(c) After January 1, 2001, charter school facilities shall utilize facilities which comply with the Florida Building Code, pursuant to chapter 553, and the Florida Fire Prevention Code, pursuant to chapter 633.

(18)(17) INITIAL COSTS.—A sponsor may approve a charter for a charter school before the applicant has secured space, equipment, or personnel, if the applicant indicates approval is necessary for it to raise working capital.

(19)(18) INFORMATION.—The Department of Education shall provide information to the public, directly and through sponsors, both on how to form and operate a charter school and on how to enroll in charter schools once they are created. This information shall include a standard application format which shall include the information specified in subsection (9). This application format may be used by chartering entities.

(20)(19) GENERAL AUTHORITY.—A charter school shall not levy taxes or issue bonds secured by tax revenues.

(21)(20) REVIEW.—

(a) The Department of Education shall regularly convene a Charter School Review Panel in order to review issues, practices, and policies regarding charter schools. The composition of the review panel shall include individuals with experience in finance, administration, law, education, and school governance, and individuals familiar with charter school construction and operation. The panel shall include two appointees each from the Commissioner of Education, the President of the Senate, and the Speaker of the House of Representatives. The Governor shall appoint three members of the panel and shall designate the chair. Each member of the panel shall serve a 1-year term, unless renewed by the office making the appointment. The panel shall make recommendations to the Legislature, to the Department of Education, to charter schools, and to school districts for improving charter school operations

and oversight and for ensuring best business practices at and fair business relationships with charter schools.

(b) The Legislature shall review the operation of charter schools during the 2005 Regular Session of the Legislature.

(22)(21) RULEMAKING.—The Department of Education, after consultation with school districts and charter school directors, shall recommend that the State Board of Education adopt rules to implement specific subsections of this section. Such rules shall require minimum paperwork and shall not limit charter school flexibility authorized by statute.

(23)(22) CHARTER SCHOOLS-IN-THE-WORKPLACE, CHARTER SCHOOLS-IN-A-DEVELOPMENT, AND CHARTER SCHOOLS IN-A-MUNICIPALITY.—

(a) In order to increase business partnerships in education, to reduce school and classroom overcrowding throughout the state, to encourage developers of residential and other projects to provide school infrastructure concurrent with school impacts, to promote and encourage local communities to participate in and advance the cause of neighborhood schools, and to offset the high costs for educational facilities construction, the Legislature intends to encourage the formation of business partnership schools or satellite learning centers through charter school status.

(b) A charter school-in-the-workplace may be established when a business partner provides the school facility to be used; enrolls students based upon a random lottery which involves all of the children of employees of that business or corporation who are seeking enrollment, as provided for in subsection (6); and enrolls students according to the racial/ethnic balance provisions described in subparagraph (9)(a)8. Any portion of a facility used for a public charter school shall be exempt from ad valorem taxes, as provided for in s. 235.198, for the duration of its use as a public school.

(c) A charter school-in-a-municipality designation may be granted to a municipality that possesses a charter; enrolls students based upon a random lottery that involves all of the children of the residents of that municipality who are seeking enrollment, as provided for in subsection (6); and enrolls students according to the racial/ethnic balance provisions described in subparagraph (9)(a)8. Any portion of the land and facility used for a public charter school shall be exempt from ad valorem taxes, as provided for in s. 235.198, for the duration of its use as a public school.

(d) As used in this subsection, the terms "business partner," "employer," "developer," or "municipality" may include more than one business, employer, developer, or municipality to form a charter school-in-the-workplace, charter school-in-a-development, or charter school-in-a-municipality.

Section 13. Subsection (1) of section 228.0561, Florida Statutes, is amended to read:

228.0561 Charter schools capital outlay funding.—

(1) In each year in which funds are appropriated for charter school capital outlay purposes, the Commissioner of Education shall allocate the funds among eligible charter schools. To be eligible for a funding allocation, a charter school must meet the provisions of subsection (6), must have received final approval from its sponsor pursuant to s. 228.056 for operation during that fiscal year, and must serve students in facilities that are not provided by the charter school's sponsor. Prior to the release of capital outlay funds to a school district on behalf of the charter school, the Department of Education shall ensure that the district school board and the charter school governing board enter into a written agreement that includes provisions for the reversion of any unencumbered funds and all equipment and property purchased with public education funds to the ownership of the district school board, as provided for in subsection (3), in the event that the school terminates operations. Any funds recovered by the state shall be deposited in the General Revenue Fund. A charter school is not eligible for a funding allocation if it was created by the conversion of a public school and operates in facilities provided by the charter school's sponsor for a nominal fee or at no charge or if it is directly or indirectly operated by the school district. Unless otherwise provided in the General Appropriations

Act, the funding allocation for each eligible charter school shall be determined by multiplying the school's projected student enrollment by one-fifteenth of the cost-per-student station specified in s. 235.435(6)(b) for an elementary, middle, or high school, as appropriate. If the funds appropriated are not sufficient, the commissioner shall prorate the available funds among eligible charter schools. Funds shall be distributed on the basis of the capital outlay full-time equivalent membership by grade level, which shall be calculated by averaging the results of the second and third enrollment surveys. *The Department of Education shall distribute capital outlay funds monthly, beginning in the first quarter of the fiscal year, based on one-twelfth of the amount the department reasonably expects the charter school to receive during that fiscal year. The commissioner shall adjust subsequent distributions as necessary to reflect each charter school's actual student enrollment as reflected in the second and third enrollment surveys. Sixty percent of the funds shall be distributed after the second enrollment survey, and the balance shall be distributed after the third enrollment survey. The commissioner shall adjust subsequent distributions as necessary to reflect each charter school's actual student enrollment.* The commissioner shall establish the intervals and procedures for determining the projected and actual student enrollment of eligible charter schools.

Section 14. Section 228.058, Florida Statutes, is amended to read:

228.058 Charter School Districts Pilot Program.—The State Board of Education is authorized to enter into a performance contract with up to six school districts for the purpose of establishing them as charter school districts. The State Board of Education shall give priority to Hillsborough and Volusia Counties upon the submission of a completed precharter agreement or charter proposal for a charter school district. The purpose of this pilot program is to examine a new relationship between the State Board of Education and school districts that may produce significant improvements in student achievement and school management, while complying with constitutional requirements assigned to each entity.

(1) CHARTER DISTRICT.—A charter school district is a school district in Florida in which the school board has submitted and the state board has approved a charter proposal that exchanges statutory and rule exemption for agreement to meet performance goals in the proposal. The charter school district shall be chartered for 3 years, at the end of which the performance shall be evaluated.

(2) EXEMPTION FROM STATUTES AND RULES.—Charter school districts shall be exempt from state statutes and state board rules as provided in s. 228.056. The school board of a charter school district shall not be exempt from any statute governing election of board members, public meetings and public records requirements, financial disclosure, conflicts of interest, operation in the sunshine, or other provisions outside the Florida School Code.

(3) GOVERNING BOARD.—The governing board of the charter school district shall be the duly elected school board. The school board shall be responsible for supervising the schools in the charter district and is authorized to charter each of its existing public schools pursuant to s. 228.056, apply for deregulation of its public schools pursuant to s. 228.0565, or otherwise establish performance-based contractual relationships with its public schools for the purpose of giving them greater autonomy with accountability for performance.

(4) PRECHARTER AGREEMENT.—The state board is authorized to approve a precharter agreement with a potential charter district. The agreement may grant limited flexibility and direction for developing the full charter proposal.

(5) TIME PERIOD FOR PILOT.—The pilot program shall be authorized for a period of 3 full school years commencing with award of a charter. The charter may be renewed upon action of the state board.

(6) REPORTS.—The state board shall annually report on the implementation of the charter school district pilot program. Upon the completion of the first 3-year term, the state board, through the Commissioner of Education, shall submit to the Legislature a full evaluation of the effectiveness of the program.

(7) RULEMAKING.—The State Board of Education shall have the authority to enact rules to implement this section in accordance with ss. 120.536 and 120.54.

Section 15. Paragraph (d) is added to subsection (3) of section 232.425, Florida Statutes, to read:

232.425 Student standards for participation in interscholastic extracurricular student activities; regulation.—

(3)

(d) *An individual charter school student pursuant to s. 228.056 is eligible to participate at the public school to which the student would be assigned according to district school attendance area policies or which the student could choose to attend, pursuant to district or interdistrict controlled open-enrollment provisions, in any interscholastic extracurricular activity of that school, unless such activity is provided by the student's charter school, if the following conditions are met:*

1. *The charter school student must meet the requirements of the charter school education program as determined by the charter school governing board.*

2. *During the period of participation at a school, the charter school student must demonstrate educational progress as required in paragraph (b).*

3. *The charter school student must meet the same residency requirements as other students in the school at which he or she participates.*

4. *The charter school student must meet the same standards of acceptance, behavior, and performance that are required of other students in extracurricular activities.*

5. *The charter school student must register with the school his or her intent to participate in interscholastic extracurricular activities as a representative of the school before the beginning date of the season for the activity in which he or she wishes to participate. A charter school student must be able to participate in curricular activities if that is a requirement for an extracurricular activity.*

6. *A student who transfers from a charter school program to a traditional public school before or during the first grading period of the school year is academically eligible to participate in interscholastic extracurricular activities during the first grading period if the student has a successful evaluation from the previous school year, pursuant to subparagraph 2.*

7. *Any public school or nonpublic school student who has been unable to maintain academic eligibility for participation in interscholastic extracurricular activities is ineligible to participate in such activities as a charter school student until the student has successfully completed one grading period in a charter school pursuant to subparagraph 2. to become eligible to participate as a charter school student.*

Senator Carlton moved the following amendment which was adopted by two-thirds vote:

Amendment 1 (381966)(with title amendment)—On page 31, between lines 13 and 14, insert:

Section 24. Section 215.98, Florida Statutes, is created to read:

215.98 *State debt fiscal responsibility.*—

(1) *It is the public policy of this state to encourage fiscal responsibility on matters pertaining to state debt. In an effort to finance essential capital projects for the benefit of residents at favorable interest rates, the*

state must continue to maintain its excellent credit standing with investors. Authorizations of state debt must take into account the ability of the state to meet its total debt service requirements in light of other demands on the state’s fiscal resources. The Legislature declares that it is the policy of this state to exercise prudence in undertaking the authorization and issuance of debt. In order to implement this policy, the Legislature desires to authorize the issuance of additional state tax-supported debt only when such authorization would not cause the ratio of debt service to revenue available to pay debt service on tax-supported debt to exceed 6 percent. If the 6-percent target debt ratio will be exceeded, the authorization of such additional debt must be accompanied by a legislative statement of determination that such authorization and issuance is in the best interest of the state and should be implemented. The Legislature shall not authorize the issuance of additional state tax-supported debt if such authorization would cause the designated benchmark debt ratio of debt service to revenues available to pay debt service to exceed 7 percent unless the Legislature determines that such additional debt is necessary to address a critical state emergency.

(2) *The Division of Bond Finance shall conduct a debt affordability analysis each year. Proposed capital projects that require funding by the issuance of additional state debt shall be evaluated on the basis of the analysis to assist the Governor and the Legislature in setting priorities among capital projects and related appropriations.*

(a) *The Division of Bond Finance shall annually prepare a debt affordability report, to be presented to the governing board of the Division of Bond Finance, the President of the Senate, the Speaker of the House of Representatives, and the chair of each appropriations committee by December 15 of each year, for purposes of providing a framework for the Legislature to evaluate and establish priorities for bills that propose the authorization of additional state debt during the next budget year.*

(b) *The report shall include, but not be limited to:*

1. *A listing of state debt outstanding, other debt secured by state revenues, and other contingent debt.*

2. *An estimate of revenues available for the next 10 fiscal years to pay debt service, including general revenues plus any revenues specifically pledged to pay debt service.*

3. *An estimate of additional debt issuance for the next 10 fiscal years for the state’s existing borrowing programs.*

4. *A schedule of the annual debt service requirements, including principal and interest allocation, on the outstanding state debt and an estimate of the annual debt service requirements on the debt included in subparagraph 3. for each of the next 10 fiscal years.*

4.—The Office of Program Policy Analysis and Government Accountability within the Office of the Auditor General shall maintain a sched-

In conducting a performance audit of a state program, the Office of Program Policy Analysis and Government Accountability, when appropriate, shall identify and comment upon alternatives for accomplishing the goals of the program being audited. Such alternatives may include funding techniques and, if appropriate, must describe how other states or governmental units accomplish similar goals.

5.—If by July 1 in any fiscal year a district school board or local governmental entity has not been notified that a financial audit for that fiscal year will be performed by the Auditor General pursuant to subparagraph 3., each municipality with either revenues or expenditures of more than \$100,000, each special district with either revenues or expenditures of more than \$50,000, and each county agency shall, and each district school board may, require that an annual financial audit of its accounts and records be completed, within 12 months after the end of its respective fiscal year, by an independent certified public accountant retained by it and paid from its public funds. An independent certified public accountant who is selected to perform an annual financial audit of a school district must report directly to the district school board or its designee. A management letter must be prepared and included as a part of each financial audit report. Each local government finance commission, board, or council, and each municipal power corporation, created as a separate legal or administrative entity by interlocal agreement under s. 163.01(7), shall provide the Auditor General, within 12 months after the end of its fiscal year, with an annual financial audit report of its accounts and records and a written statement or explanation or rebuttal concerning the auditor's comments, including corrective action to be taken. The county audit shall be one document that includes a separate audit of each county agency. The county audit must include an audit of the deposits into and expenditures from the Public Records Modernization Trust Fund. The Auditor General shall tabulate the results of the audits of the Public Records Modernization Trust Fund and report a summary of the audits to the Legislature annually.

6.—The governing body of a municipality, special district, or charter school must establish an auditor selection committee and competitive auditor selection procedures. The governing board may elect to use its own competitive auditor selection procedures or the procedures outlined in subparagraph 7.

7.—The governing body of a noncharter county or district school board that retains a certified public accountant must establish an auditor selection committee and select an independent certified public accountant according to the following procedure:

a.—For each noncharter county, the auditor selection committee must consist of the county officers elected pursuant to s. 1(d), Art. VIII of the State Constitution, and one member of the board of county commissioners or its designee.

b.—The committee shall publicly announce, in a uniform and consistent manner, each occasion when auditing services are required to be purchased. Public notice must include a general description of the audit and must indicate how interested certified public accountants can apply for consideration.

c.—The committee shall encourage firms engaged in the lawful practice of public accounting who desire to provide professional services to submit annually a statement of qualifications and performance data.

d.—Any certified public accountant desiring to provide auditing services must first be qualified pursuant to law. The committee shall make a finding that the firm or individual to be employed is fully qualified to render the required services. Among the factors to be considered in making this finding are the capabilities, adequacy of personnel, past record, and experience of the firm or individual.

e.—The committee shall adopt procedures for the evaluation of professional services, including, but not limited to, capabilities, adequacy of personnel, past record, experience, results of recent external quality control reviews, and such other factors as may be determined by the committee to be applicable to its particular requirements.

f.—The public must not be excluded from the proceedings under this subparagraph.

g.—The committee shall evaluate current statements of qualifications and performance data on file with the committee, together with those

that may be submitted by other firms regarding the proposed audit, and shall conduct discussions with, and may require public presentations by, no fewer than three firms regarding their qualifications, approach to the audit, and ability to furnish the required services.

h.—The committee shall select no fewer than three firms deemed to be the most highly qualified to perform the required services after considering such factors as the ability of professional personnel; past performance; willingness to meet time requirements; location; recent, current, and projected workloads of the firms; and the volume of work previously awarded to the firm by the agency, with the object of effecting an equitable distribution of contracts among qualified firms, provided such distribution does not violate the principle of selection of the most highly qualified firms. If fewer than three firms desire to perform the services, the committee shall recommend such firms as it determines to be qualified.

i.—If the governing board receives more than one proposal for the same engagement, the board may rank, in order of preference, the firms to perform the engagement. The firm ranked first may then negotiate a contract with the board giving, among other things, a basis of its fee for that engagement. If the board is unable to negotiate a satisfactory contract with that firm, negotiations with that firm shall be formally terminated, and the board shall then undertake negotiations with the second-ranked firm. Failing accord with the second-ranked firm, negotiations shall then be terminated with that firm and undertaken with the third-ranked firm. Negotiations with the other ranked firms shall be undertaken in the same manner. The board, in negotiating with firms, may reopen formal negotiations with any one of the three top-ranked firms, but it may not negotiate with more than one firm at a time. The board shall also negotiate on the scope and quality of services. In making such determination, the board shall conduct a detailed analysis of the cost of the professional services required in addition to considering their scope and complexity. For contracts over \$50,000, the board shall require the firm receiving the award to execute a truth-in-negotiation certificate stating that the rates of compensation and other factual unit costs supporting the compensation are accurate, complete, and current at the time of contracting. Such certificate shall also contain a description and disclosure of any understanding that places a limit on current or future years' audit contract fees, including any arrangements under which fixed limits on fees will not be subject to reconsideration if unexpected accounting or auditing issues are encountered. Such certificate shall also contain a description of any services rendered by the certified public accountant or firm of certified public accountants at rates or terms that are not customary. Any auditing service contract under which such a certificate is required must contain a provision that the original contract price and any additions thereto shall be adjusted to exclude any significant sums by which the board determines the contract price was increased due to inaccurate or incomplete factual unit costs. All such contract adjustments shall be made within 1 year following the end of the contract.

j.—If the board is unable to negotiate a satisfactory contract with any of the selected firms, the committee shall select additional firms, and the board shall continue negotiations in accordance with this subsection until an agreement is reached.

8.—At the conclusion of the audit field work, the independent certified public accountant shall discuss with the head of each local governmental entity or the chair's designee or with the chair of the district school board or the chair's designee, or with the chair of the board of the charter school or the chair's designee, as appropriate, all of the auditor's comments that will be included in the audit report. If the officer is not available to discuss the auditor's comments, their discussion is presumed when the comments are delivered in writing to his or her office. The auditor shall notify each member of the governing body of a local governmental entity for which deteriorating financial conditions exist which may cause a condition described in s. 218.503(1) to occur if actions are not taken to address such conditions.

9.—The officer's written statement of explanation or rebuttal concerning the auditor's comments, including corrective action to be taken, must be filed with the governing body of the local governmental entity, district school board, or charter school within 30 days after the delivery of the financial audit report.

10.—The Auditor General, in consultation with the Board of Accountancy, shall adopt rules for the form and conduct of all financial audits

subject to this section and conducted by independent certified public accountants. 11.—Any local governmental entity or district school board financial audit report required under subparagraph 5. or charter school financial audit report required under subparagraph 2. and the officer's written statement of explanation or rebuttal concerning the auditor's comments, including corrective action to be taken, must be submitted to the Auditor General within 45 days after delivery of the audit report to the local governmental entity, district school board, or charter school, but no later than 12 months after the end of the fiscal year. If the Auditor General does not receive the financial audit report within the prescribed period, he or she must notify the Legislative Auditing Committee that the governmental entity or charter school has not complied with this subparagraph. Following notification of failure to submit the required audit report or items required by rule adopted by the Auditor General, a hearing must be scheduled by rule of the committee. After the hearing, the committee shall determine which governmental entities or charter schools will be subjected to further state action. If it finds that one or more governmental entities or charter schools should be subjected to further state action, the committee shall:

a.—In the case of a local governmental entity, district school board, or charter school, request the Department of Revenue and the Department of Banking and Finance to withhold any funds not pledged for bond debt service satisfaction which are payable to such governmental entity or charter school until the required financial audit is received by the Auditor General. The Department of Revenue and the Department of Banking and Finance are authorized to implement the provisions of this subparagraph. The committee, in its request, shall specify the date such action shall begin, and the request must be received by the Department of Revenue and the Department of Banking and Finance 30 days before the date of the distribution mandated by law.

(1) Each local governmental entity, district school board, charter school, or charter technical career center shall use auditor selection procedures when selecting an auditor to conduct the annual financial audit required in s. 218.39.

(2) The governing body of a charter county, municipality, special district, charter school, or charter technical career center shall establish an auditor selection committee and auditor selection procedures or use the procedures outlined in subsection (3). The purpose of the committee and the procedures is to contract with an auditor to conduct the annual financial audit required in s. 218.39.

(3) The governing body of a noncharter county or district school board that retains a certified public accountant shall establish an auditor selection committee and select an auditor according to the following procedure:

(a) For each noncharter county, the auditor selection committee shall consist of the county officers elected pursuant to s. 1(d), Art. VIII of the State Constitution, and one member of the board of county commissioners or its designee.

(b) The committee shall publicly announce, in a uniform and consistent manner, each occasion when auditing services are required to be purchased. Public notice must include a general description of the audit and must indicate how interested certified public accountants can apply for consideration.

(c) The committee shall encourage firms engaged in the lawful practice of public accounting who desire to provide professional services to submit annually a statement of qualifications and performance data.

(d) Any certified public accountant desiring to provide auditing services shall first be qualified pursuant to law. The committee shall make a finding that the firm or individual to be employed is fully qualified to render the required services. Among the factors to be considered in making this finding are the capabilities, adequacy of personnel, past record, and experience of the firm or individual.

(e) The committee shall adopt procedures for the evaluation of professional services, including, but not limited to, capabilities, adequacy of

personnel, past record, experience, results of recent external quality control reviews, and such other factors as may be determined by the committee to be applicable to its particular requirements.

(f) The public shall not be excluded from the proceedings under this subsection.

(g) The committee shall evaluate current statements of qualifications and performance data on file with the committee, together with those that may be submitted by other firms regarding the proposed audit, and shall conduct discussions with, and may require public presentations by, no fewer than three firms regarding their qualifications, approach to the audit, and ability to furnish the required services.

(h) The committee shall select in order of preference no fewer than three firms deemed to be the most highly qualified to perform the required services after considering the following factors: the ability of professional personnel; past performance; willingness to meet time requirements; location; and recent, current, and projected workloads of the firms. However, such distribution shall not violate the principle of selection of the most highly qualified firms. If fewer than three firms desire to perform the services, the committee shall recommend such firms as it determines to be qualified.

(i) The committee may request, accept, and consider proposals for the compensation to be paid only during competitive negotiations under paragraph (h). The firm ranked first may then negotiate a contract with the board giving, among other things, a basis of its fee for that engagement. If the board is unable to negotiate a satisfactory contract with that firm, negotiations with that firm shall be formally terminated, and the board shall then undertake negotiations with the second-ranked firm. Failing accord with the second-ranked firm, negotiations shall then be terminated with that firm and undertaken with the third-ranked firm. Negotiations with the other ranked firms shall be undertaken in the same manner. The board, in negotiating with firms, may reopen formal negotiations with any one of the three top-ranked firms, but it may not negotiate with more than one firm at a time. The board shall also negotiate on the scope and quality of services. In making such determination, the board shall conduct a detailed analysis of the cost of the professional services required in addition to considering their scope and complexity. For contracts over \$50,000, the board shall require the firm receiving the award to execute a truth-in-negotiations certificate stating that the rates of compensation and other factual unit costs supporting the compensation are accurate, complete, and current at the time of contracting. Such certificate shall also contain a description and disclosure of any understanding that places a limit on current or future years' audit contract fees, including any arrangements under which fixed limits on fees will not be subject to reconsideration if unexpected accounting or auditing issues are encountered. Such certificate shall also contain a description of any services rendered by the certified public accountant or firm of certified public accountants at rates or terms that are not customary. Any auditing service contract under which such a certificate is required must contain a provision that the original contract price and any additions thereto shall be adjusted to exclude any significant sums by which the board determines the contract price was increased due to inaccurate or incomplete factual unit costs. All such contract adjustments shall be made within 1 year following the end of the contract.

(j) If the board is unable to negotiate a satisfactory contract with any of the selected firms, the committee shall select additional firms, and the board shall continue negotiations in accordance with this subsection until an agreement is reached.

Such grants shall be awarded annually for the amount of demonstrated unmet need for the cost of education and may not exceed an amount equal to the average prior academic year cost of matriculation and fees for 30 credit hours at state universities or the amount specified in the General Appropriations Act, to any recipient. A demonstrated unmet need of less than \$200 renders the applicant ineligible for a Vocational Student Assistance Grant.*

(3) *A grant from the program may be awarded to a student who:*

(a)1. *Is enrolled in a public vocational-technical center, community college, or any nonpublic career education school or college accredited by an association that is recognized by the United States Department of Education, which school or college has never had its accreditation removed for any reason, has been in continuous operation for at least 5 years, has been issued a biennial license under section 246.217, Florida Statutes, has not been the subject of a finding of probable cause and subsequent disciplinary action under section 246.226 or section 246.228, Florida Statutes, is not required by the Federal Government to apply for reimbursement for Title IV funding, and is located in and chartered by the state; or*

(4) *A student applying for a Florida Vocational Student Assistance Grant must also complete an application for the Pell Grant and, if the student is enrolled in a program that meets the Pell Grant eligibility requirement for program length, the student shall apply for the Pell Grant. In the event that designated critical teacher shortage subject areas are changed by the State Board of Education, a teacher shall continue to be eligible for loan forgiveness as long as he or she continues to teach in the subject area for which the original loan repayment was made and otherwise meets all conditions of eligibility.

1. By no later than December 1 of each year, the board shall raise the systemwide standard for resident undergraduate matriculation and financial aid fees for the subsequent fall term, up to but no more than 25 percent of the prior year's cost of undergraduate programs. In implementing this paragraph, fees charged for graduate, medical, veterinary,

and dental programs may be increased by the Board of Regents in the same percentage as the increase in fees for resident undergraduates. However, in the absence of legislative action to the contrary in an appropriations act, the board may not approve annual fee increases for resident students in excess of 10 percent. The sum of nonresident student matriculation and tuition fees must be sufficient to defray the full cost of undergraduate education. Graduate, medical, veterinary, and dental fees charged to nonresidents may be increased by the board in the same percentage as the increase in fees for nonresident undergraduates. However, in implementing this policy and in the absence of legislative action to the contrary in an appropriations act, annual fee increases for nonresident students may not exceed 25 percent. In the absence of legislative action to the contrary in the General Appropriations Act, the fees shall go into effect for the following fall term.

2. When the appropriations act requires a new fee schedule, the board shall establish a systemwide standard fee schedule required to produce the total fee revenue established in the appropriations act based on the product of the assigned enrollment and the fee schedule. The board may approve the expenditure of any fee revenues resulting from the product of the fee schedule adopted pursuant to this section and the assigned enrollment.

3. Upon provision of authority in a General Appropriations Act to spend revenue raised pursuant to this section, the board shall approve a university request to implement a matriculation and out-of-state tuition fee schedule which is calculated to generate revenue which varies no more than 10 percent from the standard fee revenues authorized through an appropriations act. In implementing an alternative fee schedule, the increase in cost to a student taking 15 hours in one term shall be limited to 5 percent. Matriculation and out-of-state tuition fee revenues generated as a result of this provision are to be expended for implementing a plan for achieving accountability goals adopted pursuant to s. 240.214 and for implementing a Board of Regents-approved plan to contain student costs by reducing the time necessary for graduation without reducing the quality of instruction. The plans shall be recommended by a universitywide committee, at least one-half of whom are students appointed by the student body president. A chairperson, appointed jointly by the university president and the student body president, shall vote only in the case of a tie.

4. The board may implement individual university plans for a differential out-of-state tuition fee for universities that have a service area that borders another state.

5. The board is authorized to collect for financial aid purposes an amount not to exceed 5 percent of the student tuition and matriculation fee per credit hour. The revenues from fees are to remain at each campus and replace existing financial aid fees. Such funds shall be disbursed to students as quickly as possible. The board shall specify specific limits on the percent of the fees collected in a fiscal year which may be carried forward unexpended to the following fiscal year. A minimum of 75 ~~50~~ percent of funds from the student financial aid fee *for new financial aid awards* shall be used to provide financial aid based on absolute need. A student who has received an award prior to July 1, 1984, shall have his or her eligibility assessed on the same criteria that was used at the time of his or her original award. *The Board of Regents shall develop criteria for making financial aid awards. Each university shall report annually to the Department of Education on the revenue collected pursuant to this subparagraph, the amount carried forward, the criteria used to make awards, the amount and number of awards for each criterion, and a delineation of the distribution of such awards. The report shall include an assessment by category of the financial need of every student who receives an award, regardless of the purpose for which the award is received. Awards which are based on financial need shall be distributed in accordance with a nationally recognized system of need analysis approved by the Board of Regents. An award for academic merit shall require a minimum overall grade point average of 3.0 on a 4.0 scale or the equivalent for both initial receipt of the award and renewal of the award.*

6. The board may recommend to the Legislature an appropriate systemwide standard matriculation and tuition fee schedule.

7. The Education and General Student and Other Fees Trust Fund is hereby created, to be administered by the Department of Education. Funds shall be credited to the trust fund from student fee collections and other miscellaneous fees and receipts. The purpose of the trust fund is

to support the instruction and research missions of the State University System. Notwithstanding the provisions of s. 216.301, and pursuant to s. 216.351, any balance in the trust fund at the end of any fiscal year shall remain in the trust fund and shall be available for carrying out the purposes of the trust fund.

8. The board is further authorized to establish the following fees:
 - a. A nonrefundable application fee in an amount not to exceed \$30.

A late-payment fee in an amount not less than \$50 nor more than \$100 to be imposed on students who fail to pay or fail to make appropriate arrangements to pay (by means of installment payment, deferment, or third-party billing) tuition by the deadline set by each university. Each university may adopt specific procedures or policies for waiving the late-payment fee for minor underpayments.
 - g. A fee for miscellaneous health-related charges for services provided at cost by the university health center which are not covered by the health fee set under s. 240.235(1).

—a companion measure, was substituted for **CS for CS for SB's 1960 and 1760** and read the second time by title. On motion by Senator Latvala, by two-thirds vote **CS for HB 1253** was read the third time by title.

Senator Latvala moved the following amendment which was adopted by two-thirds vote:

Amendment 1 (800658)(with title amendment)—Delete everything after the enacting clause and insert:

WHEREAS, the Legislature recognizes that the increasing number of uninsured Floridians is due in part to small employers' and their employees' inability to afford comprehensive health insurance coverage, and

WHEREAS, the Legislature recognizes the need for small employers and their employees to have the opportunity to choose more affordable and flexible health insurance plans, and

WHEREAS, it is the intent of the Legislature that insurers and health maintenance organizations have maximum flexibility in health plan design or in developing a health plan design to complement a medical savings account program established by a small employer for the benefit of its employees, NOW, THEREFORE,

Be It Enacted by the Legislature of the State of Florida:

Section 1. *Health flex plans.*—

(1) *INTENT.*—*The Legislature finds that a significant portion of state residents are not able to obtain affordable health insurance coverage. Therefore, it is the intent of the Legislature to expand the availability of health care options for lower-income uninsured state residents by encouraging health insurers, health maintenance organizations, health care provider-sponsored organizations, local governments, health care districts, and other public or private community-based organizations to develop alternative approaches to traditional health insurance which emphasize coverage for basic and preventive health care services. To the maximum extent possible, these options should be coordinated with existing governmental or community-based health services programs in a manner that is consistent with the objectives and requirements of such programs.*

(2) **DEFINITIONS.**—As used in this section, the term:

- (a) “Agency” means the Agency for Health Care Administration.
- (b) “Approved plan” means a health flex plan approved under subsection (3) which guarantees payment by the health plan entity for specified health care services provided to the enrollee.
- (c) “Enrollee” means an individual who has been determined eligible for and is receiving health benefits under a health flex plan approved under this section.
- (d) “Health care coverage” means payment for health care services covered as benefits under an approved plan or which otherwise provides, either directly or through arrangements with other persons, covered health care services on a prepaid per capita basis or on a prepaid aggregate fixed-sum basis.
- (e) “Health plan entity” means a health insurer, health maintenance organization, health care provider-sponsored organization, local government, health care district, or other public or private community-based organization that develops and implements an approved plan and is responsible for financing and paying all claims by enrollees of the plan.

(3) **PILOT PROGRAM.**—The agency and the Department of Insurance shall jointly approve or disapprove health flex plans that provide health care coverage for eligible participants residing in the three areas of the state having the highest number of uninsured residents as determined by the agency. A plan may limit or exclude benefits otherwise required by law for insurers offering coverage in this state, cap the total amount of claims paid in 1 year per enrollee, or limit the number of enrollees covered. The agency and the Department of Insurance shall not approve, or shall withdraw approval of, plans that:

- (a) Contain any ambiguous, inconsistent, or misleading provisions or any exceptions or conditions that deceptively affect or limit the benefits purported to be assumed in the general coverage provided by the plan;
- (b) Provide benefits that are unreasonable in relation to the premium charged, contain provisions that are unfair or inequitable or contrary to the public policy of this state, that encourage misrepresentation, or that result in unfair discrimination in sales practices; or
- (c) Cannot demonstrate that the plan is financially sound and that the applicant has the ability to underwrite or finance the benefits provided.

(4) **LICENSE NOT REQUIRED.**—A health flex plan approved under this section is not subject to the licensing requirements of the Florida Insurance Code or chapter 641, Florida Statutes, relating to health maintenance organizations, unless expressly made applicable. However, for the purposes of prohibiting unfair trade practices, health flex plans shall be considered insurance subject to the applicable provisions of part IX of chapter 626, Florida Statutes, except as otherwise provided in this section.

(5) **ELIGIBILITY.**—Eligibility to enroll in an approved health flex plan is limited to Florida residents who:

- (a) Are 64 years of age or younger;
- (b) Have a family income equal to or less than 200 percent of the federal poverty level;
- (c) Are not covered by a private insurance policy and are not eligible for coverage through a public health insurance program such as Medicare or Medicaid or another public health care program, including, but not limited to, KidCare; and have not been covered at any time during the preceding 6 months; and
- (d) Have applied for health care benefits through an approved health flex plan and agree to make any payments required for participation, including, but not limited to, periodic payments or payments due at the time health care services are provided.

(6) **RECORDS.**—Every health plan entity shall maintain reasonable records of its loss, expense, and claims experience and shall make such records reasonably available to enable the agency and the Department of Insurance to monitor and determine the financial viability of the plan, as necessary.

(7) **NOTICE.**—The denial of coverage by the health plan entity, or nonrenewal or cancellation of coverage, must be accompanied by the specific reasons for denial, nonrenewal, or cancellation. Notice of nonrenewal or cancellation shall be provided at least 45 days in advance of such nonrenewal or cancellation, except that 10 days’ written notice shall be given for cancellation due to nonpayment of premiums. If the health plan entity fails to give the required notice, the plan shall remain in effect until notice is appropriately given.

(8) **NONENTITLEMENT.**—Coverage under an approved health flex plan is not an entitlement, and no cause of action shall arise against the state, a local government entity or other political subdivision of this state, or the agency for failure to make coverage available to eligible persons under this section.

(9) **CIVIL ACTIONS.**—In addition to an administrative action initiated under subsection (4), the agency may seek any remedy provided by law, including, but not limited to, the remedies provided in section 812.035, Florida Statutes, if the agency finds that a health plan entity has engaged in any act resulting in injury to an enrollee covered by a plan approved under this section.

Section 2. Subsection (1) and paragraph (a) of subsection (6) of section 627.410, Florida Statutes, are amended, paragraph (f) and (g) are added to subsection (6) of that section, and paragraph (f) is added to subsection (7) of that section, to read:

627.410 Filing, approval of forms.—

(1) No basic insurance policy or annuity contract form, or application form where written application is required and is to be made a part of the policy or contract, or group certificates issued under a master contract delivered in this state, or printed rider or endorsement form or form of renewal certificate, shall be delivered or issued for delivery in this state, unless the form has been filed with the department at its offices in Tallahassee by or in behalf of the insurer which proposes to use such form and has been approved by the department. This provision does not apply to surety bonds or to policies, riders, endorsements, or forms of unique character which are designed for and used with relation to insurance upon a particular subject (other than as to health insurance), or which relate to the manner of distribution of benefits or to the reservation of rights and benefits under life or health insurance policies and are used at the request of the individual policyholder, contract holder, or certificateholder. As to group insurance policies effectuated and delivered outside this state but covering persons resident in this state, the group certificates to be delivered or issued for delivery in this state shall be filed with the department for information purposes only, except that group certificates for health insurance coverage, as described in s. 627.6561(5)(a)2., which require individual underwriting to determine coverage eligibility for an individual or premium rates to be charged to an individual, shall be considered policies issued on an individual basis and are subject to and must comply with the Florida Insurance Code in the same manner as individual health insurance policies issued in this state.

(6)(a) An insurer shall not deliver or issue for delivery or renew in this state any health insurance policy form until it has filed with the department a copy of every applicable rating manual, rating schedule, change in rating manual, and change in rating schedule; if rating manuals and rating schedules are not applicable, the insurer must file with the department applicable premium rates and any change in applicable premium rates. Changes in rates, rating manuals, and rating schedules for individual health insurance policies shall be filed for approval pursuant to this paragraph. Prior approval shall not be required for an individual health insurance policy rate filing which complies with the requirements of paragraph (6)(f). Nothing in this paragraph shall be construed to interfere with the department’s authority to investigate suspected violations of this section or to take necessary corrective action where a violation can be demonstrated. Nothing in this paragraph shall prevent an insurer from filing rates or rate changes for approval or from deeming rate changes approved pursuant to an approved loss ratio guarantee pursuant to subsection (8). This paragraph does not apply to group health insurance policies, effectuated and delivered in this state, insuring groups of 51 or more persons, except for Medicare supplement insurance, long-term care insurance, and any coverage under which the increase in claim costs over the lifetime of the contract due to advancing age or duration is prefunded in the premium.

(f) An insurer that files changes in rates, rating manuals or rating schedules, with the department, for individual health policies as described in s. 627.6561(5)(a)2., but excluding Medicare supplement policies, according to this paragraph may begin providing required notice to policyholders, and charging corresponding adjusted rates in accordance with s. 627.6043, upon filing provided the insurer certifies that it has met the requirements of subparagraphs 1. through 3. of this paragraph. Filings submitted pursuant to this paragraph shall contain the same information and demonstrations and shall meet the same requirements as rate filings submitted for approval under this section, including the requirements of s. 627.411, except as indicated in this paragraph.

1. The insurer has complied with annual rate filing requirements then in effect pursuant to subsection (7) since the effective date of this paragraph or for the previous 2 years, whichever is less and has filed and implemented actuarially justifiable rate adjustments at least annually during this period. Nothing in this section shall be construed to prevent an insurer from filing rate adjustments more often than annually.

2. The insurer has pooled experience for applicable individual health policy forms in accordance with the requirements of subparagraph (6)(e)3. Rate changes used on a form shall not vary by the experience of that form or the health status of covered individuals on that form but must be based on the experience of all forms including rating characteristics as defined in subparagraph 4.

3. Rates for the policy form are anticipated to meet a minimum loss ratio of 65 percent over the expected life of the form.

4. Rates for all individual health policy forms issued on or after July 1, 2001, shall utilize the same factors for each rating characteristic.

As used in this paragraph, the term "rating characteristics" means demographic characteristics of individuals, including, but not limited to, geographic area factors, benefit design, smoking status, and health status at issue.

(g) Subsequent to filing a change of rates for an individual health policy pursuant to paragraph (f), an insurer may be required to furnish additional information to demonstrate compliance with this section. If the department finds that the adjusted rates are not reasonable in relation to premiums charged pursuant to the standards of this section, the department may order appropriate corrective action.

(7)

(f) Insurers with fewer than 1,000 nationwide policyholders or insured group members or subscribers covered under any form or pooled group of forms with health insurance coverage, as described in s. 627.6561(5)(a)2., excluding Medicare supplement insurance coverage under part VIII, at the time of a rate filing made pursuant to subparagraph (b)1., may file for an annual rate increase limited to medical trend as adopted by the department pursuant to s. 627.411(4). The filing is in lieu of the actuarial memorandum required for a rate filing prescribed by paragraph (6)(b). The filing must include forms adopted by the department and a certification by an officer of the company that the filing includes all similar forms.

Section 3. Subsection (9) is added to section 627.6515, Florida Statutes, to read:

627.6515 Out-of-state groups.—

(9) Notwithstanding any other provision of this section, any group health insurance policy or group certificate for health insurance, as described in s. 627.6561(5)(a)2., which is issued to a resident of this state and requires individual underwriting to determine coverage eligibility for an individual or premium rates to be charged to an individual shall be considered a policy issued on an individual basis and is subject to and must comply with the Florida Insurance Code in the same manner as individual insurance policies issued in this state.

Section 4. Section 627.411, Florida Statutes, is amended to read:

627.411 Grounds for disapproval.—

(1) The department shall disapprove any form filed under s. 627.410, or withdraw any previous approval thereof, only if the form:

(a) Is in any respect in violation of, or does not comply with, this code.

(b) Contains or incorporates by reference, where such incorporation is otherwise permissible, any inconsistent, ambiguous, or misleading clauses, or exceptions and conditions which deceptively affect the risk purported to be assumed in the general coverage of the contract.

(c) Has any title, heading, or other indication of its provisions which is misleading.

(d) Is printed or otherwise reproduced in such manner as to render any material provision of the form substantially illegible.

(e) Is for health insurance, and:

1. Provides benefits that which are unreasonable in relation to the premium charged;

2. Contains provisions that which are unfair or inequitable or contrary to the public policy of this state or that which encourage misrepresentation;

3. Contains provisions that which apply rating practices that which result in premium escalations that are not viable for the policyholder market or result in unfair discrimination pursuant to s. 626.9541(1)(g)2.; in sales practices.

4. Results in actuarially justified rate increases on an annual basis:

a. At its option, the insurer may file for approval of an actuarially justified new business rate schedule for new insureds and a rate increase for existing insureds that is equal to the greater of 150 percent of annual medical trend or 10 percent. Future annual rate increases for existing insureds shall be limited to the greater of 150 percent of the rate increase approved for new insureds or 10 percent until the two rate schedules converge;

(b) Allocation of expenses.

(c) Risk and contingency margins, along with justification of such margins.

For operating losses incurred on January 1, 1991, through June 30, 1991, the maximum assessment against an insurer shall be one half of the amount of the maximum assessment specified for such insurer in former s. 627.6492(1)(b), 1990 Supplement, as amended by chapter 90-334, Laws of Florida.

As used in this subsection, the term "future losses" includes reserves for claims incurred but not reported.

(3) Each insurer's assessment shall be determined annually by the association based on annual statements and other reports deemed necessary by the association and filed with it by the insurer. The coverage offered must pay an eligible person's covered expenses, subject to limits on the deductible and coinsurance payments authorized under subsection (4). The lifetime benefits limit for such coverage shall be \$500,000. However, policyholders of association policies issued prior to 1992 are entitled to continued coverage at the benefit level established prior to January 1, 2002. Only the premium, deductible, and coinsurance amounts may be modified as determined necessary by the board. The plan shall offer major medical expense coverage similar to that provided by the state group health insurance program as defined in s. 110.123 except as specified in subsection (3) to every eligible person who is not eligible for Medicare. Major medical expense coverage offered under the plan shall pay an eligible person's covered expenses, subject to limits on the deductible and coinsurance payments authorized under subsection (4), up to a lifetime limit of \$500,000 per covered individual. The maximum limit under this paragraph shall not be altered by the board, and no actuarially equivalent benefit may be substituted by the board.~~

(b) The plan shall provide that any policy issued to a person eligible for Medicare shall be separately rated to reflect differences in experience reasonably expected to occur as a result of Medicare payments.

The plan may cover the cost of experimental drugs which have been approved for use by the Food and Drug Administration on an experimental basis if the cost is less than the usual and customary treatment. Such coverage shall only apply to those insureds who are in the case management system upon the approval of the insured, the case manager, and the board.~~

(4) PREMIUMS AND, DEDUCTIBLES, AND COINSURANCE.—

(a) ~~The plan shall provide for annual deductibles for major medical expense coverage in the amount of \$1,000 or any higher amounts proposed by the board and approved by the department, plus the benefits payable under any other type of insurance coverage or workers' compensation. The schedule of premiums and deductibles shall be established by the board association. With regard to any preferred provider arrangement utilized by the association, the deductibles provided in this paragraph shall be the minimum deductibles applicable to the preferred providers and higher deductibles, as approved by the department, may be applied to providers who are not preferred providers.~~

1. Separate schedules of premium rates based on age may apply for individual risks.

2. Rates are subject to approval by the department pursuant to ss. 627.410 and 627.411, except as provided by this section. The board shall revise premium schedules annually, beginning January 2002.

3. ~~Standard risk rates for coverages issued by the association shall be established by the department, pursuant to s. 627.6675(3).~~

3.4. The board shall establish three premium schedules based upon an individual's family income:

Premiums for a person under this schedule may not exceed 150 percent of the standard risk rate.

b. Schedule B is applicable to an individual whose family income exceeds 200 percent but is less than 300 percent of the Federal Poverty Level. Premiums for a person under this schedule may not exceed 250 percent of the standard risk rate.

c. ~~Schedule C is applicable to an individual whose family income is equal to or greater than 300 percent of the Federal Poverty Level. Premiums for a person under this schedule may not exceed 300 percent of the standard risk rate. establish separate premium schedules for low risk individuals, medium risk individuals, and high risk individuals and shall revise premium schedules annually beginning January 1999.~~

4. ~~The standard risk rate shall be determined by the department pursuant to s. 627.6675(3). The rate shall be adjusted for benefit differences. No rate shall exceed 200 percent of the standard risk rate for low risk individuals, 225 percent of the standard risk rate for medium risk individuals, or 250 percent of the standard risk rate for high risk individuals. For the purpose of determining what constitutes a low risk individual, medium risk individual, or high risk individual, the board shall consider the anticipated claims payment for individuals based upon an individual's health condition.~~

(b) ~~If the covered costs incurred by the eligible person exceed the deductible for major medical expense coverage selected by the person in a policy year, the plan shall pay in the following manner:~~

1. ~~For individuals placed under case management, the plan shall pay 90 percent of the additional covered costs incurred by the person during the policy year for the first \$10,000, after which the plan shall pay 100 percent of the covered costs incurred by the person during the policy year.~~

2. ~~For individuals utilizing the preferred provider network, the plan shall pay 80 percent of the additional covered costs incurred by the person during the policy year for the first \$10,000, after which the plan shall pay 90 percent of covered costs incurred by the person during the policy year.~~

3. ~~If the person does not utilize either the case management system or the preferred provider network, the plan shall pay 60 percent of the additional covered costs incurred by the person for the first \$10,000, after which the plan shall pay 70 percent of the additional covered costs incurred by the person during the policy year.~~

(5) ~~PREEXISTING CONDITIONS.—An association policy shall may contain provisions under which coverage is excluded during a period of 12 months following the effective date of coverage with respect to a given covered individual for any preexisting condition, as long as:~~

(a) ~~The condition manifested itself within a period of 6 months before the effective date of coverage; or~~

(b) ~~Medical advice or treatment was recommended or received within a period of 6 months before the effective date of coverage.~~

~~This subsection does not apply to an eligible individual as defined in s. 627.6487.~~

(6) OTHER SOURCES PRIMARY.—

(a) ~~No amounts paid or payable by Medicare or any other governmental program or any other insurance, or self-insurance maintained in lieu of otherwise statutorily required insurance, may be made or recognized as claims under such policy or be recognized as or towards satisfac-~~

tion of applicable deductibles or out-of-pocket maximums or to reduce the limits of benefits available.

(b) The association has a cause of action against a participant for any benefits paid to the participant which should not have been claimed or recognized as claims because of the provisions of this subsection or because otherwise not covered.

(7) *NONENTITLEMENT.*—*The Florida Comprehensive Health Association Act does not provide an individual with an entitlement to health care services or health insurance. A cause of action does not arise against the state, the board, or the association for failure to make health services or health insurance available under the Florida Comprehensive Health Association Act.*

Section 13. *The Legislature finds that the provisions of this act fulfill an important state interest.*

Section 14. *The amendments in this act to section 627.6487(3), Florida Statutes, shall not take effect unless the Health Care Financing Administration of the U.S. Department of Health and Human Services approves this act as providing an acceptable alternative mechanism, as provided in the Public Health Service Act.*

(3) DEFINITIONS.—As used in this section, the term:

(i) “Established geographic area” means the county or counties, ~~or any portion of a county or counties,~~ within which the carrier provides or arranges for health care services to be available to its insureds, members, or subscribers.

(m) “Limited benefit policy or contract” means a policy or contract that provides coverage for each person insured under the policy for a specifically named disease or diseases ~~or, a specifically named accident, or a specifically named limited market that fulfills a an experimental or reasonable need by providing more affordable health insurance, such as the small group market.~~

(n) “Modified community rating” means a method used to develop carrier premiums which spreads financial risk across a large population; allows the use of separate rating factors for age, gender, family composition, tobacco usage, and geographic area as determined under paragraph (5)(j); and allows adjustments for: claims experience, health status, or ~~credits based on the duration that the of coverage has been in force as permitted under subparagraph (6)(b)6. subparagraph (6)(b)5;~~ and administrative and acquisition expenses as permitted under subparagraph (6)(b)5. *A carrier may separate the experience of small employer groups with less than two eligible employees from the experience of small employer groups with two through 50 eligible employees.*

(6) RESTRICTIONS RELATING TO PREMIUM RATES.—

(b) For all small employer health benefit plans that are subject to this section and are issued by small employer carriers on or after January 1, 1994, premium rates for health benefit plans subject to this section are subject to the following:

1. Small employer carriers must use a modified community rating methodology in which the premium for each small employer must be determined solely on the basis of the eligible employee's and eligible dependent's gender, age, family composition, tobacco use, or geographic area as determined under paragraph (5)(j) and in which the premium may be adjusted as permitted by subparagraphs 5., ~~and 6., and 7.~~

2. Rating factors related to age, gender, family composition, tobacco use, or geographic location may be developed by each carrier to reflect the carrier's experience. The factors used by carriers are subject to department review and approval.

3. *If the modified community rate is determined from two experience pools as authorized by paragraph (5)(n), the rate to be charged to small employer groups of less than two eligible employees may not exceed 150 percent of the rate determined for groups of two through 50 eligible employees; however, the carrier may charge excess losses of the less-than-two-eligible-employee experience pool to the experience pool of the two through 50 eligible employees so that all losses are allocated and the 150-percent rate limit on the less-than-two-eligible-employee experience pool is maintained. Notwithstanding the provisions of s. 627.411(1)(e)4. and (3), the rate to be charged to a small employer group of fewer than 2 eligible employees insured as of July 1, 2001, may be up to 125 percent of the rate determined for groups of 2 through 50 eligible employees for the first annual renewal and 150 percent for subsequent annual renewals.*

4.3. Small employer carriers may not modify the rate for a small employer for 12 months from the initial issue date or renewal date, unless the composition of the group changes or benefits are changed. However, a small employer carrier may modify the rate one time prior to 12 months after the initial issue date for a small employer who enrolls under a previously issued group policy that has a common anniversary date for all employers covered under the policy if:

a. The carrier discloses to the employer in a clear and conspicuous manner the date of the first renewal and the fact that the premium may increase on or after that date.

b. The insurer demonstrates to the department that efficiencies in administration are achieved and reflected in the rates charged to small employers covered under the policy.

5.4. A carrier may issue a group health insurance policy to a small employer health alliance or other group association with rates that reflect a premium credit for expense savings attributable to administrative activities being performed by the alliance or group association if such expense savings are specifically documented in the insurer's rate filing and are approved by the department. Any such credit may not be based on different morbidity assumptions or on any other factor related to the health status or claims experience of any person covered under the policy. Nothing in this subparagraph exempts an alliance or group association from licensure for any activities that require licensure under the insurance code. A carrier issuing a group health insurance policy to a small employer health alliance or other group association shall allow any properly licensed and appointed agent of that carrier to market and sell the small employer health alliance or other group association policy. Such agent shall be paid the usual and customary commission paid to any agent selling the policy.

6.5. Any adjustments in rates for claims experience, health status, or *credits based on the duration of coverage* may not be charged to individual employees or dependents. For a small employer's policy, such adjustments may not result in a rate for the small employer which deviates more than 15 percent from the carrier's approved rate. Any such adjustment must be applied uniformly to the rates charged for all employees and dependents of the small employer. A small employer carrier may make an adjustment to a small employer's renewal premium, not to exceed 10 percent annually, due to the claims experience, health status, or *credits based on the duration of coverage* of the employees or dependents of the small employer. Semiannually, small group carriers shall report information on forms adopted by rule by the department, to enable the department to monitor the relationship of aggregate adjusted premiums actually charged policyholders by each carrier to the premiums that would have been charged by application of the carrier's approved modified community rates. If the aggregate resulting from the application of such adjustment exceeds the premium that would have been charged by application of the approved modified community rate

by 5 percent for the current reporting period, the carrier shall limit the application of such adjustments only to minus adjustments beginning not more than 60 days after the report is sent to the department. For any subsequent reporting period, if the total aggregate adjusted premium actually charged does not exceed the premium that would have been charged by application of the approved modified community rate by 5 percent, the carrier may apply both plus and minus adjustments. A small employer carrier may provide a credit to a small employer's premium based on administrative and acquisition expense differences resulting from the size of the group. Group size administrative and acquisition expense factors may be developed by each carrier to reflect the carrier's experience and are subject to department review and approval.

7.6. A small employer carrier rating methodology may include separate rating categories for one dependent child, for two dependent children, and for three or more dependent children for family coverage of employees having a spouse and dependent children or employees having dependent children only. A small employer carrier may have fewer, but not greater, numbers of categories for dependent children than those specified in this subparagraph.

8.7. Small employer carriers may not use a composite rating methodology to rate a small employer with fewer than 10 employees. For the purposes of this subparagraph, a "composite rating methodology" means a rating methodology that averages the impact of the rating factors for age and gender in the premiums charged to all of the employees of a small employer.

(12) STANDARD, BASIC, AND LIMITED HEALTH BENEFIT PLANS.—

(a)1. By May 15, 1993, the commissioner shall appoint a health benefit plan committee composed of four representatives of carriers which shall include at least two representatives of HMOs, at least one of which is a staff model HMO, two representatives of agents, four representatives of small employers, and one employee of a small employer. The carrier members shall be selected from a list of individuals recommended by the board. The commissioner may require the board to submit additional recommendations of individuals for appointment.

2. The plans shall comply with all of the requirements of this subsection.

3. The plans must be filed with and approved by the department prior to issuance or delivery by any small employer carrier.

4. ~~Before October 1, 2001, and in every 4th year thereafter, the commissioner shall appoint a new health benefit plan committee in the manner provided in subparagraph 1. to determine whether modifications to a plan might be appropriate and to submit recommended modifications to the department for approval. Such determination shall be based upon prevailing industry standards regarding managed care and cost-containment provisions and shall be for the purpose of ensuring that the benefit plans offered to small employers on a guaranteed-issue basis are consistent with the low to mid-priced benefit plans offered in the large-group market. This determination shall be included in a report submitted to the President of the Senate and the Speaker of the House of Representatives annually by October 1. After approval of the revised health benefit plans, if the department determines that modifications to a plan might be appropriate, the commissioner shall appoint a new health benefit plan committee in the manner provided in subparagraph 1. to submit recommended modifications to the department for approval.~~

(d)1. Upon offering coverage under a standard health benefit plan, a basic health benefit plan, or a limited benefit policy or contract for any small employer, the small employer carrier shall *disclose in writing to the employer* provide such employer group with a written statement that contains, at a minimum:

a. ~~An explanation of those mandated benefits and providers that are not covered by the policy or contract;~~

a.b. ~~An outline of coverage explanation of the managed care and cost control features of the policy or contract, along with all appropriate mailing addresses and telephone numbers to be used by insureds in seeking information or authorization; and~~

b.e. ~~An explanation of~~ The primary and preventive care features of the policy or contract; *and*:

~~Such disclosure statement must be presented in a clear and understandable form and format and must be separate from the policy or certificate or evidence of coverage provided to the employer group.~~

2. ~~Before a small employer carrier issues a standard health benefit plan, a basic health benefit plan, or a limited benefit policy or contract, it must obtain from the prospective policyholder a signed written statement in which the prospective policyholder:~~

a. ~~Certifies as to eligibility for coverage under the standard health benefit plan, basic health benefit plan, or limited benefit policy or contract;~~

c.b. ~~Acknowledges~~ The limited nature of the coverage and *the an understanding of the managed care and cost control features of the policy or contract;*

e. ~~Acknowledges that if misrepresentations are made regarding eligibility for coverage under a standard health benefit plan, a basic health benefit plan, or a limited benefit policy or contract, the person making such misrepresentations forfeits coverage provided by the policy or contract; and~~

2.d. If a limited plan is requested, *the prospective policyholder must acknowledge in writing* acknowledges that *he or she* ~~the prospective policyholder~~ had been offered, at the time of application for the insurance policy or contract, the opportunity to purchase any health benefit plan offered by the carrier and that the prospective policyholder had rejected that coverage.

~~A copy of such written statement shall be provided to the prospective policyholder no later than at the time of delivery of the policy or contract, and the original of such written statement shall be retained in the files of the small employer carrier for the period of time that the policy or contract remains in effect or for 5 years, whichever period is longer.~~

3. ~~Any material statement made by an applicant for coverage under a health benefit plan which falsely certifies as to the applicant's eligibility for coverage serves as the basis for terminating coverage under the policy or contract.~~

3.4. Each marketing communication that is intended to be used in the marketing of a health benefit plan in this state must be submitted for review by the department prior to use and must contain the disclosures stated in this subsection.

4. ~~The contract, policy, and certificates evidencing coverage under a limited benefit policy or contract and the application for coverage under such plans must state in not less than 10-point type on the first page in contrasting color the following: "The benefits provided by this health plan are limited and may not cover all of your medical needs. You should carefully review the benefits offered under this health plan."~~

(d)(e) A small employer carrier may not use any policy, contract, form, or rate under this section, including applications, enrollment forms, policies, contracts, certificates, evidences of coverage, riders, amendments, endorsements, and disclosure forms, until the insurer has filed it with the department and the department has approved it under ss. 627.31, 627.410, 627.4106, and 627.411.

(15) APPLICABILITY OF OTHER STATE LAWS.—

(a) Except as expressly provided in this section, a law requiring coverage for a specific health care service or benefit, or a law requiring reimbursement, utilization, or consideration of a specific category of licensed health care practitioner, does not apply to a standard or basic health benefit plan policy or contract or a limited benefit policy or contract offered or delivered to a small employer unless that law is made expressly applicable to such policies or contracts. *A law restricting or limiting deductibles, copayments, or annual or lifetime maximum payments does not apply to a limited benefit policy or contract offered or delivered to a small employer unless such law is made expressly applicable to such policy or contract. A limited benefit policy or contract that is offered or delivered to a small employer may also be offered or delivered to an employer having 51 or more eligible employees. Any covered disease or condition may be treated by any physician, without discrimination, licensed or certified to treat the disease or condition.*

In the case of a group member, there may be a contractual agreement with the health maintenance organization to have the employer provide the required notice to the individual members of the group. *This paragraph does not apply to a group contract covering 51 or more persons unless the rate is for any coverage under which the increase in claim costs over the lifetime of the contract due to advancing age or duration is prefunded in the premium.*

(d) Any change in rates charged for the contract must be filed with the department not less than 30 days in advance of the effective date. At the expiration of such 30 days, the rate filing shall be deemed approved unless prior to such time the filing has been affirmatively approved or disapproved by order of the department pursuant to s. 627.411. The approval of the filing by the department constitutes a waiver of any unexpired portion of such waiting period. The department may extend by not more than an additional 15 days the period within which it may so affirmatively approve or disapprove any such filing, by giving notice of such extension before expiration of the initial 30-day period. At the expiration of any such period as so extended, and in the absence of such prior affirmative approval or disapproval, any such filing shall be deemed approved.

(f) *A health maintenance organization with fewer than 1,000 covered subscribers under all individual or group contracts, at the time of a rate filing, may file for an annual rate increase limited to annual medical trend, as adopted by the department. - (3) **APPLICATION; UNLAWFUL REPRISAL.**—

(a)1. An application for a new charter school may be made by an individual, teachers, parents, a group of individuals, a municipality, or a legal entity organized under the laws of this state.

2. The district school board or the principal, teachers, parents, and/or the school advisory council at an existing public school that has been in operation for at least 2 years prior to the application to convert, including a public school-within-a-school that is designated as a school by the district school board, shall submit any application for converting the school to a charter school. An application submitted proposing to convert an existing public school to a charter school shall demonstrate the support of at least 50 percent of the teachers employed at the school and 50 percent of the parents voting whose children are enrolled at the school, provided that a majority of the parents eligible to vote participate in the ballot process, according to procedures established by rules of the state board. *A district school board denying an application for a conversion charter school shall provide notice of denial to the applicants in writing within 30 days after the meeting at which the school board denied the application. The notice must specify the exact reasons for denial and must provide documentation supporting those reasons.* A private school, parochial school, or home education program shall not be eligible for charter school status.

(b) No district school board, or district school board employee who has control over personnel actions, shall take unlawful reprisal against another district school board employee because that employee is either directly or indirectly involved with an application to establish a charter school. As used in this subsection, the term “unlawful reprisal” means an action taken by a district school board or a school system employee against an employee who is directly or indirectly involved in a lawful application to establish a charter school, which occurs as a direct result of that involvement, and which results in one or more of the following: disciplinary or corrective action; adverse transfer or reassignment, whether temporary or permanent; suspension, demotion, or dismissal; an unfavorable performance evaluation; a reduction in pay, benefits, or rewards; elimination of the employee’s position absent of a reduction in force as a result of lack of moneys or work; or other adverse significant changes in duties or responsibilities that are inconsistent with the employee’s salary or employment classification. The following procedures shall apply to an alleged unlawful reprisal which occurs as a consequence of an employee’s direct or indirect involvement with an application to establish a charter school:

1. Within 60 days after a reprisal prohibited by this subsection, an employee may file a complaint with the Department of Education.

2. Within 3 working days after receiving a complaint under this section, the department shall acknowledge receipt of the complaint and provide copies of the complaint and any other relevant preliminary information available to each of the other parties named in the complaint, which parties shall each acknowledge receipt of such copies to the complainant.

3. If the department determines that the complaint demonstrates reasonable cause to suspect that an unlawful reprisal has occurred, the department shall conduct an investigation to produce a fact-finding report.

4. Within 90 days after receiving the complaint, the department shall provide the superintendent of schools of the complainant’s district and the complainant with a fact-finding report that may include recommendations to the parties or proposed resolution of the complaint. The fact-finding report shall be presumed admissible in any subsequent or related administrative or judicial review.

5. If the department determines that reasonable grounds exist to believe that an unlawful reprisal has occurred, is occurring, or is to be taken, and is unable to conciliate a complaint within 60 days after receipt of the fact-finding report, the department shall terminate the investigation. Upon termination of any investigation, the department shall notify the complainant and the superintendent of schools of the termination of the investigation, providing a summary of relevant facts found during the investigation and the reasons for terminating the investigation. A written statement under this paragraph is presumed admissible as evidence in any judicial or administrative proceeding.

6. The department shall either contract with the Division of Administrative Hearings under s. 120.65, or otherwise provide for a complaint

for which the department determines reasonable grounds exist to believe that an unlawful reprisal has occurred, is occurring, or is to be taken, and is unable to conciliate, to be heard by a panel of impartial persons. Upon hearing the complaint, the panel must make findings of fact and conclusions of law for a final decision by the department.

It shall be an affirmative defense to any action brought pursuant to this section that the adverse action was predicated upon grounds other than, and would have been taken absent, the employee's exercise of rights protected by this section.

(c) In any action brought under this section for which it is determined reasonable grounds exist to believe that an unlawful reprisal has occurred, is occurring, or is to be taken, the relief must include the following:

1. Reinstatement of the employee to the same position held before the unlawful reprisal was commenced, or to an equivalent position, or payment of reasonable front pay as alternative relief.
2. Reinstatement of the employee's full fringe benefits and seniority rights, as appropriate.
3. Compensation, if appropriate, for lost wages, benefits, or other lost remuneration caused by the unlawful reprisal.
4. Payment of reasonable costs, including attorney's fees, to a substantially prevailing employee, or to the prevailing employer if the employee filed a frivolous action in bad faith.
5. Issuance of an injunction, if appropriate, by a court of competent jurisdiction.
6. Temporary reinstatement to the employee's former position or to an equivalent position, pending the final outcome on the complaint, if it is determined that the action was not made in bad faith or for a wrongful purpose, and did not occur after a district school board's initiation of a personnel action against the employee which includes documentation of the employee's violation of a disciplinary standard or performance deficiency.

(4) SPONSOR.—A district school board may sponsor a charter school in the county over which the board has jurisdiction.

(a) A district school board shall receive and review all applications for a charter school. A district school board shall receive and consider charter school applications received on or before October 1 of each calendar year for charter schools to be opened at the beginning of the school district's next school year, or to be opened at a time agreed to by the applicant and the district school board. A district school board may receive applications later than this date if it chooses. *A sponsor may not charge an applicant for a charter any fee for the processing or consideration of an application, and a sponsor may not base its consideration or approval of an application upon the promise of future payment of any kind.*

1. In order to facilitate an accurate budget projection process, a district school board shall be held harmless for FTE students which are not included in the FTE projection due to approval of charter school applications after the FTE projection deadline. In a further effort to facilitate an accurate budget projection, within 15 calendar days after receipt of a charter school application, a district school board or other sponsor shall report to the Department of Education the name of the applicant entity, the proposed charter school location, and its projected FTE.

2. A district school board must by a majority vote approve or deny an application no later than 60 calendar days after the application is received, unless the district school board and the applicant mutually agree to temporarily postpone the vote to a specific date, at which time the district school board must by a majority vote approve or deny the application. If the district school board fails to act on the application, an applicant may appeal to the State Board of Education as provided in paragraph (b). If an application is denied, the district school board must, within 10 calendar days, articulate in writing the specific reasons based upon good cause supporting its denial of the charter application.

3. For budget projection purposes, the district school board or other sponsor shall report to the department the approval or denial of a charter application within 10 calendar days after such approval or denial. In

the event of approval, the report to the department must include the final projected FTE for the approved charter school.

4. Upon approval of a charter application, the initial startup must commence ~~be consistent~~ with the beginning of the public school calendar for the district in which the charter is granted unless the district school board allows a waiver of this provision for good cause.

(b) An applicant may appeal any denial of that applicant's application or failure to act on an application to the State Board of Education no later than 30 calendar days after receipt of the district school board's decision or failure to act and shall notify the district school board of its appeal. Any response of the school board shall be submitted to the state board within 30 calendar days after notification of the appeal. The state board must by majority vote accept or reject the decision of the district school board no later than 60 calendar days after an appeal is filed in accordance with state board rule. The state board may reject an appeal submission for failure to comply with procedural rules governing the appeals process. The rejection shall describe the submission errors. The appellant may have up to 15 calendar days from notice of rejection to resubmit an appeal that meets requirements of rule. An application for appeal submitted subsequent to such rejection shall be considered timely if the original appeal was filed within 30 calendar days after receipt of notice of the specific reasons for the school board's denial of the charter application ~~the school board denial~~. The state board shall remand the application to the district school board with its written recommendation that the district board approve or deny the application consistent with the state board's decision. The decision of the State Board of Education is not subject to the provisions of the Administrative Procedure Act, chapter 120.

(c) The district school board must act upon the recommendation of the State Board of Education within 30 calendar days after it is received. The district board may fail to act in accordance with the recommendation of the state board only for good cause. Good cause for failing to act in accordance with the state board's recommendation arises only if the district school board determines by competent substantial evidence that approving the state board's recommendation would be contrary to law or contrary to the best interests of the pupils or the community. The district school board must articulate in written findings the specific reasons based upon good cause supporting its failure to act in accordance with the state board's recommendation. The district board's action on the state board's recommendation is a final action subject to judicial review.

(d) The Department of Education may provide technical assistance to an applicant upon written request.

(e) Paragraph (a) notwithstanding, a state university may grant a charter to a developmental research school created under s. 228.053. (f) The terms and conditions for the operation of a charter school shall be set forth by the sponsor and the applicant in a written contractual agreement, called a charter. The sponsor shall not impose unreasonable rules or regulations that violate the intent of giving charter schools greater flexibility to meet educational goals. The applicant and sponsor shall have 6 months in which to mutually agree to the provisions of the charter. The Department of Education shall provide mediation services for any dispute regarding this section subsequent to the approval of a charter application *and for any dispute relating to the approved charter*, except disputes regarding charter school application denials. If the Commissioner of Education determines that the dispute cannot be settled through mediation, the dispute may be appealed to an administrative law judge appointed by the Division of Administrative Hearings. The administrative law judge may rule on issues of equitable treatment of the charter school as a public school, whether proposed provisions of the charter violate the intended flexibility granted charter schools by statute, or on any other matter regarding this section except a charter school application denial, and shall award the prevailing party reasonable attorney's fees and costs incurred to be paid by the losing party. The costs of the administrative hearing shall be paid by the party whom the administrative law judge rules against.

5. *Students who meet reasonable academic, artistic, or other eligibility standards established by the charter school and included in the charter school application and charter or, in the case of existing charter schools, standards that are consistent with the school's mission and purpose. 11. The term of the charter which shall provide for cancellation of the charter if insufficient progress has been made in attaining the student achievement objectives of the charter and if it is not likely that such objectives can be achieved before expiration of the charter. The initial term of a charter shall be for 3, 4, or 5 years. In order to facilitate access to long-term financial resources for charter school construction, charter schools that are operated by a municipality or other public entity as provided by law are eligible for up to a 15-year charter, subject to approval by the local school board. A developmental research school is eligible for a charter for a term of up to 15 years issued by a state university pursuant to paragraph (4)(e). In addition, to facilitate access to long-term financial resources for charter school construction, charter schools that are operated by a private, not-for-profit, s. 501(c)(3) status corporation are eligible for up to a 10-year charter, subject to approval by the local school board. However, alternative arrangements shall not be required for current teachers who choose not to teach in a developmental research school to which a charter has been issued pursuant to paragraph (4)(e), except as authorized by the employment policies of the state university which grants the charter to the developmental research school.

(b) A charter may be renewed every 5 school years, provided that a program review demonstrates that the criteria in paragraph (a) have been successfully accomplished and that none of the grounds for non-renewal established by paragraph (10)(a) have been documented. In order to facilitate long-term financing for charter school construction, charter schools operating for a minimum of 2 years and demonstrating exemplary academic programming and fiscal management are eligible for a 15-year charter renewal. Such long-term charter is subject to annual review and may be terminated during the term of the charter.

The notice shall state in reasonable detail the grounds for the proposed action and stipulate that the school's governing body may, within 14 calendar days after receiving the notice, request an informal hearing before the sponsor. The sponsor shall conduct the informal hearing within 30 calendar days after receiving a written request. The charter school's governing body may, within 14 calendar days after receiving the sponsor's decision to terminate or refuse to renew the charter, appeal the decision pursuant to the procedure established in subsection (4).

(d) A charter may be terminated immediately if the sponsor determines that good cause has been shown or if the health, safety, or welfare of the students is threatened. The school district in which the charter school is located shall assume operation of the school under these circumstances. *The charter school's governing board may, within 14 days after receiving the sponsor's decision to terminate the charter, appeal the decision pursuant to the procedure established in subsection (4).*

(e) When a charter is not renewed or is terminated, the school shall be dissolved under the provisions of law under which the school was organized, and any unencumbered public funds from the charter school shall revert to the district school board. In the event a charter school is dissolved or is otherwise terminated, all district school board property and improvements, furnishings, and equipment purchased with public funds shall automatically revert to full ownership by the district school board, subject to complete satisfaction of any lawful liens or encumbrances.

(f) If a charter is not renewed or is terminated, the ~~charter school governing body of the school~~ is responsible for all debts of the charter school. The district may not assume the debt from any contract for services made between the governing body of the school and a third party, except for a debt that is previously detailed and agreed upon in writing by both the district and the governing body of the school and that may not reasonably be assumed to have been satisfied by the district.

(g) If a charter is not renewed or is terminated, a student who attended the school may apply to, and shall be enrolled in, another public school. Normal application deadlines shall be disregarded under such circumstances.

The Commissioner of Education must confirm receipt of a waiver request from a charter school by providing a copy of the request to the sponsor. The commissioner may grant the waiver if necessary to implement the school program and shall provide notice of the final dispensation of the waiver request to the charter school governing board and the charter school's sponsor.*

~~(13)~~ (12) EMPLOYEES OF CHARTER SCHOOLS.—

(a) A charter school shall select its own employees. A charter school may contract with its sponsor for the services of personnel employed by the sponsor.

(b) Charter school employees shall have the option to bargain collectively. Employees may collectively bargain as a separate unit or as part of the existing district collective bargaining unit as determined by the structure of the charter school.

(c) The employees of a conversion charter school shall remain public employees for all purposes, unless such employees choose not to do so.

(d) The teachers at a charter school may choose to be part of a professional group that subcontracts with the charter school to operate the instructional program under the auspices of a partnership or cooperative that they collectively own. Under this arrangement, the teachers would not be public employees.

(e) Employees of a school district may take leave to accept employment in a charter school upon the approval of the district school board. While employed by the charter school and on leave that is approved by the school board, the employee may retain seniority accrued in that school district and may continue to be covered by the benefit programs of that school district, if the charter school and the district school board agree to this arrangement and its financing. School districts shall not require resignations of teachers desiring to teach in a charter school. This paragraph shall not prohibit a school board from approving alternative leave arrangements consistent with chapter 231.

(f) Teachers employed by or under contract to a charter school shall be certified as required by chapter 231. A charter school governing board may employ or contract with skilled selected noncertified personnel to provide instructional services or to assist instructional staff members as education paraprofessionals in the same manner as defined in chapter 231, and as provided by State Board of Education rule for charter school governing boards. A charter school may not knowingly employ an individual to provide instructional services or to serve as an education paraprofessional if the individual's certification or licensure as an educator is suspended or revoked by this or any other state. A charter school may not knowingly employ an individual who has resigned from a school district in lieu of disciplinary action with respect to child welfare or safety, or who has been dismissed for just cause by any school district with respect to child welfare or safety. The qualifications of teachers shall be disclosed to parents.

Charter schools whose students or programs meet the eligibility criteria in law shall be entitled to their proportionate share of categorical program funds included in the total funds available in the Florida Education Finance Program by the Legislature, including transportation. Total funding for each charter school will be recalculated during the year to reflect the revised calculations under the Florida Education Finance Program by the state and the actual weighted full-time equivalent students reported by the charter school during the full-time equivalent student survey periods designated by the Commissioner of Education.

(c) Transportation of charter school students shall be provided by the charter school consistent with the requirements of chapter 234. The governing body of the charter school may provide transportation through an agreement or contract with the district school board, a private provider, or parents. The charter school and the sponsor shall cooperate in making arrangements that ensure that transportation is not a barrier to equal access for all students residing within a reasonable distance of the charter school as determined in its charter.

(d) If the district school board is providing programs or services to students funded by federal funds, any eligible students enrolled in charter schools in the school district shall be provided federal funds for the same level of service provided students in the schools operated by the district school board. Pursuant to provisions of 20 U.S.C. 8061 s. 10306, all charter schools shall receive all federal funding for which the school is otherwise eligible, including Title I funding, not later than 5 months after the charter school first opens and within 5 months after any subsequent expansion of enrollment.

(e) Any administrative fee charged by the school district relating to a charter school shall be limited to 5 percent of the available funds as defined in paragraph (b) *not including capital outlay funds, federal and state grants, or any other funds unless explicitly provided by law.* The sponsor shall provide certain administrative and educational services to charter schools at no additional fee. These services shall include contract management services, FTE and data reporting, exceptional student education administration, test administration, processing of teacher certificate data, and information services.

(f) School boards shall make every effort to ensure that charter schools receive timely and efficient reimbursement, including processing paperwork required to access special state and federal funding for which they may be eligible. The district school board may distribute funds to a charter school for up to 3 months based on the projected full-time equivalent student membership of the charter school. Thereafter, the results of full-time equivalent student membership surveys must be used in adjusting the amount of funds distributed monthly to the charter school for the remainder of the fiscal year. The payment shall be issued no later than 10 working days after the district school board receives a distribution of state or federal funds. If a warrant for payment is not issued within 30 working days after receipt of funding by the district school board, the school district shall pay to the charter school, in addition to the amount of the scheduled disbursement, interest at a rate of 1 percent per month calculated on a daily basis on the unpaid balance from the expiration of the 30-day period until such time as the warrant is issued.

(g) If a district school board facility or property is available because it is surplus, marked for disposal, or otherwise unused, it shall be provided for a charter school's use on the same basis as it is made available to other public schools in the district. A charter school receiving property

from the school district may not sell or dispose of such property without written permission of the school district. Similarly, for an existing public school converting to charter status, no rental or leasing fee for the existing facility or for the property normally inventoried to the conversion school may be charged by the district school board to the parents and teachers organizing the charter school. The charter organizers shall agree to reasonable maintenance provisions in order to maintain the facility in a manner similar to district school board standards. *The Public Education Capital Outlay maintenance funds or any other maintenance funds generated by the facility operated as a conversion school shall remain with the conversion school.*

(h) If other goods and services are made available to the charter school through the contract with the school district, they shall be provided to the charter school at a rate no greater than the district's actual cost. To maximize the use of state funds, school districts shall allow charter schools to participate in the sponsor's bulk purchasing program if applicable.

(15)(14) IMMUNITY.—For the purposes of tort liability, the governing body and employees of a charter school shall be governed by s. 768.28.

(18)(17) INITIAL COSTS.—A sponsor may approve a charter for a charter school before the applicant has secured space, equipment, or personnel, if the applicant indicates approval is necessary for it to raise working capital.

(19)(18) INFORMATION.—The Department of Education shall provide information to the public, directly and through sponsors, both on how to form and operate a charter school and on how to enroll in charter schools once they are created. This information shall include a standard application format which shall include the information specified in subsection (9). This application format may be used by chartering entities.

(20)(19) GENERAL AUTHORITY.—A charter school shall not levy taxes or issue bonds secured by tax revenues.

(21)(20) REVIEW.—

(a) The Department of Education shall regularly convene a Charter School Review Panel in order to review issues, practices, and policies regarding charter schools. The composition of the review panel shall include individuals with experience in finance, administration, law, education, and school governance, and individuals familiar with charter school construction and operation. The panel shall include two appointees each from the Commissioner of Education, the President of the Senate, and the Speaker of the House of Representatives. The Governor shall appoint three members of the panel and shall designate the chair. Each member of the panel shall serve a 1-year term, unless renewed by the office making the appointment. The panel shall make recommendations to the Legislature, to the Department of Education, to charter schools, and to school districts for improving charter school operations and oversight and for ensuring best business practices at and fair business relationships with charter schools.

(b) The Legislature shall review the operation of charter schools during the 2005 Regular Session of the Legislature.

(22)(21) RULEMAKING.—The Department of Education, after consultation with school districts and charter school directors, shall recommend that the State Board of Education adopt rules to implement specific subsections of this section. Such rules shall require minimum paperwork and shall not limit charter school flexibility authorized by statute.

(23)(22) CHARTER SCHOOLS-IN-THE-WORKPLACE, CHARTER SCHOOLS-IN-A-DEVELOPMENT, AND CHARTER SCHOOLS IN-A-MUNICIPALITY.—

(a) In order to increase business partnerships in education, to reduce school and classroom overcrowding throughout the state, to encourage developers of residential and other projects to provide school infrastructure concurrent with school impacts, to promote and encourage local communities to participate in and advance the cause of neighborhood schools, and to offset the high costs for educational facilities construction, the Legislature intends to encourage the formation of business partnership schools or satellite learning centers through charter school status.

(b) A charter school-in-the-workplace may be established when a business partner provides the school facility to be used; enrolls students based upon a random lottery which involves all of the children of employees of that business or corporation who are seeking enrollment, as provided for in subsection (6); and enrolls students according to the racial/ethnic balance provisions described in subparagraph (9)(a)8. Any portion of a facility used for a public charter school shall be exempt from ad valorem taxes, as provided for in s. 235.198, for the duration of its use as a public school.

(c) A charter school-in-a-municipality designation may be granted to a municipality that possesses a charter; enrolls students based upon a random lottery that involves all of the children of the residents of that municipality who are seeking enrollment, as provided for in subsection (6); and enrolls students according to the racial/ethnic balance provisions described in subparagraph (9)(a)8. Any portion of the land and facility used for a public charter school shall be exempt from ad valorem taxes, as provided for in s. 235.198, for the duration of its use as a public school.

228.0561 Charter schools capital outlay funding.—

(1) In each year in which funds are appropriated for charter school capital outlay purposes, the Commissioner of Education shall allocate the funds among eligible charter schools. To be eligible for a funding allocation, a charter school must meet the provisions of subsection (6), must have received final approval from its sponsor pursuant to s. 228.056 for operation during that fiscal year, and must serve students in facilities that are not provided by the charter school’s sponsor. Prior to the release of capital outlay funds to a school district on behalf of the charter school, the Department of Education shall ensure that the district school board and the charter school governing board enter into a written agreement that includes provisions for the reversion of any unencumbered funds and all equipment and property purchased with public education funds to the ownership of the district school board, as provided for in subsection (3), in the event that the school terminates operations. Any funds recovered by the state shall be deposited in the General Revenue Fund. A charter school is not eligible for a funding allocation if it was created by the conversion of a public school and operates in facilities provided by the charter school’s sponsor for a nominal fee or at no charge or if it is directly or indirectly operated by the school district. Unless otherwise provided in the General Appropriations Act, the funding allocation for each eligible charter school shall be determined by multiplying the school’s projected student enrollment by one-fifteenth of the cost-per-student station specified in s. 235.435(6)(b) for an elementary, middle, or high school, as appropriate. If the funds appropriated are not sufficient, the commissioner shall prorate the available funds among eligible charter schools. Funds shall be distributed on the basis of the capital outlay full-time equivalent membership by grade

level, which shall be calculated by averaging the results of the second and third enrollment surveys. The Department of Education shall distribute capital outlay funds monthly, beginning in the first quarter of the fiscal year, based on one-twelfth of the amount the department reasonably expects the charter school to receive during that fiscal year. The commissioner shall adjust subsequent distributions as necessary to reflect each charter school’s actual student enrollment as reflected in the second and third enrollment surveys. ~~Sixty percent of the funds shall be distributed after the second enrollment survey, and the balance shall be distributed after the third enrollment survey. The commissioner shall adjust subsequent distributions as necessary to reflect each charter school’s actual student enrollment.~~ The commissioner shall establish the intervals and procedures for determining the projected and actual student enrollment of eligible charter schools.

498.049 Suspension; revocation; civil penalties.—

(5) Each person who materially participates in any offer or disposition of any interest in subdivided lands in violation of this chapter or relevant rules involving fraud, deception, false pretenses, misrepresentation, or false advertising or the disposition, concealment, or diversion of any funds or assets of any person which adversely affects the interests of a purchaser of any interest in subdivided lands, and who directly or indirectly controls a subdivider or is a general partner, officer, director, agent, or employee of a subdivider shall also be liable under this subsection jointly and severally with and to the same extent as the subdivider, unless that person did not know, and in the exercise of reasonable care could not have known, of the existence of the facts creating the alleged liability. Among these persons a right of contribution shall exist, except that a creditor of a subdivider shall not be jointly and severally liable unless the creditor has assumed managerial or fiduciary responsibility in a manner related to the basis for the liability of the subdivider under this subsection. If the association does not record the certificate within 90 days after the clerk has given the notice, the clerk may disburse the money to the developer. If the developer cannot be located, the clerk shall disburse the money to the division of ~~Florida Land Sales, Condominiums, and Mobile Homes~~ for deposit in the Division of ~~Florida Land Sales, Condominiums, Timeshare, and Mobile Homes Trust Fund.~~

Section 71. Section 718.1255, Florida Statutes, is amended to read:

718.1255 Alternative dispute resolution; ~~voluntary mediation~~; mandatory nonbinding arbitration *and mediation*; *local resolution*; *exemptions*; legislative findings.—

(1) ~~APPLICABILITY DEFINITIONS.—~~

~~(a) The provisions of subsection (3) apply to As used in this section, the term “dispute” means any disagreement between two or more parties that involves:~~

~~(a) The authority of the board of directors, under this chapter or association document to:~~

~~1. Require any owner to take any action, or not to take any action, involving that owner’s unit or the appurtenances thereto.~~

~~2. Alter or add to a common area or element.~~

~~(b) the failure of a governing body, when required by this chapter or an association document, to:~~

~~1. properly conduct elections or to recall a board member.~~

~~(b) The provisions of paragraph (3)(f)-(n) apply to any disagreement between two or more parties that involves:~~

~~1. The authority of the board of directors, under this chapter or an association document, to:~~

~~a. Require any owner to take any action, or not to take any action, involving that owner’s unit or the appurtenances thereto; or~~

~~b. Alter or add to a common area or element.~~

~~2. The failure of a governing body, when required by this chapter or an association document, to:~~

~~a.2. Give adequate notice of meetings or other actions;~~

~~b.3. Properly conduct meetings; or-~~

~~c.4. Allow inspection of books and records.~~

~~“Dispute” does not include any disagreement that primarily involves: title to any unit or common element; the interpretation or enforcement of any warranty; the levy of a fee or assessment, or the collection of an assessment levied against a party; the eviction or other removal of a tenant from a unit; alleged breaches of fiduciary duty by one or more directors; or claims for damages to a unit based upon the alleged failure of the association to maintain the common elements or condominium property.~~

~~(2) VOLUNTARY MEDIATION.—Voluntary mediation through Citizen Dispute Settlement Centers as provided for in s. 44.201 is encouraged.~~

~~(2)(3) LEGISLATIVE FINDINGS.—~~

~~(a) The Legislature finds that unit owners are frequently at a disadvantage when litigating against an association. Specifically, a condominium association, with its statutory assessment authority, is often more able to bear the costs and expenses of litigation than the unit owner who~~

must rely on his or her own financial resources to satisfy the costs of litigation against the association.

(b) The Legislature finds that the courts are becoming overcrowded with condominium and other disputes, and further finds that alternative dispute resolution has been making progress in reducing court dockets and trials and in offering a more efficient, cost-effective option to court litigation. However, the Legislature also finds that alternative dispute resolution should not be used as a mechanism to encourage the filing of frivolous or nuisance suits.

(c) There exists a need to develop a flexible means of alternative dispute resolution that directs disputes to the most efficient means of resolution.

(d) The high cost and significant delay of circuit court litigation faced by unit owners in the state can be alleviated by requiring nonbinding arbitration and mediation in appropriate cases, thereby reducing delay and attorney's fees while preserving the right of either party to have its case heard by a jury, if applicable, in a court of law.

(3)(4) MANDATORY NONBINDING ARBITRATION AND MEDIATION OF DISPUTES.—The division of Florida Land Sales, Condominiums, and Mobile Homes of the Department of Business and Professional Regulation shall ~~provide employ full-time attorneys to act as arbitrators to conduct the arbitration hearings as required provided by this chapter. The department may employ attorneys to act as arbitrators, and the division may also certify attorneys who are not employed by the division to act as arbitrators to conduct the arbitration hearings provided by this chapter section.~~ No person may be employed by the department as ~~a full-time arbitrator unless he or she is a member in good standing of The Florida Bar.~~ The department shall promulgate rules of procedure to govern such arbitration hearings including mediation incident thereto. The decision of an arbitrator shall be final; however, such a decision shall not be deemed final agency action. Nothing in this provision shall be construed to foreclose parties from proceeding in a trial de novo unless the parties have agreed that the arbitration is binding. If such judicial proceedings are initiated, the final decision of the arbitrator shall be admissible in evidence in the trial de novo.

(a) Prior to the institution of court litigation, a party to a dispute shall petition the division for nonbinding arbitration. The petition must be accompanied by a filing fee in the amount of \$50. Filing fees collected under this section must be used to defray the expenses of the alternative dispute resolution program.

(b) The petition must recite, and have attached thereto, supporting proof that the petitioner gave the respondents:

1. Advance written notice of the specific nature of the dispute;
2. A demand for relief, and a reasonable opportunity to comply or to provide the relief; and
3. Notice of the intention to file an arbitration petition or other legal action in the absence of a resolution of the dispute.

Failure to include the allegations or proof of compliance with these prerequisites requires dismissal of the petition without prejudice.

(c) Upon receipt, the petition shall be promptly reviewed by the division to determine the existence of a dispute and compliance with the requirements of paragraphs (a) and (b). If emergency relief is required and is not available through arbitration, a motion to stay the arbitration may be filed. The motion must be accompanied by a verified petition alleging facts that, if proven, would support entry of a temporary injunction, and if an appropriate motion and supporting papers are filed, the division may abate the arbitration pending a court hearing and disposition of a motion for temporary injunction.

(d) Upon determination by the division that a dispute exists and that the petition substantially meets the requirements of paragraphs (a) and (b) and any other applicable rules, a copy of the petition shall forthwith be served by the division upon all respondents.

(e) Either before or after the filing of the respondents' answer to the petition, any party may request that the arbitrator refer the case to mediation under this section and any rules adopted by the division. Upon receipt of a request for mediation, the division shall promptly

contact the parties to determine if there is agreement that mediation would be appropriate. If all parties agree, the dispute must be referred to mediation. Notwithstanding a lack of an agreement by all parties, the arbitrator may refer a dispute to mediation at any time.

(f) ~~The arbitrator or the division may refer the parties to a Citizens Dispute Settlement Center under s. 44.201 in the county in which the dispute arose. Upon referral of a case to mediation, or the parties may agree on~~ ~~must select~~ a mutually acceptable mediator. To assist in the selection, the arbitrator shall provide the parties with a list of both volunteer and paid mediators that have been certified by the division under s. 718.501. If the parties are unable to agree on a mediator within the time allowed by the arbitrator ~~or the division~~, the arbitrator ~~or the division~~ shall appoint a mediator from the list of certified mediators. If a case is referred to mediation, the parties shall attend a mediation conference, as scheduled by the parties and the mediator. If any party fails to attend a duly noticed mediation conference, without the permission or approval of the arbitrator or mediator, the arbitrator ~~or the division may~~ ~~must~~ impose sanctions against the party, including the striking of any pleadings filed, the entry of an order of dismissal or default if appropriate, and the award of costs and attorneys' fees incurred by the other parties. Unless otherwise agreed to by the parties or as provided by order of the arbitrator, a party is deemed to have appeared at a mediation conference by the physical presence of the party or its representative having full authority to settle without further consultation, provided that an association may comply by having one or more representatives present with full authority to negotiate a settlement and recommend that the board of administration ratify and approve such a settlement within 5 days from the date of the mediation conference. ~~The mediator or Citizens Dispute Settlement Center may charge fees for handling these cases.~~ The parties shall share equally the expense of mediation, unless they agree otherwise.

(g) The purpose of mediation as provided for by this section is to present the parties with an opportunity to resolve the underlying dispute ~~in good faith, and~~ with a minimum expenditure of time and resources.

(h) Mediation proceedings must generally be conducted in accordance with the Florida Rules of Civil Procedure, and these proceedings are privileged and confidential to the same extent as court-ordered mediation. Persons who are not parties to the dispute are not allowed to attend the mediation conference without the consent of all parties, with the exception of counsel for the parties and corporate representatives designated to appear for a party. ~~If the case was referred to mediation by an arbitrator and the mediator declares an impasse after a mediation conference ends in an impasse has been held,~~ the arbitration proceeding terminates, unless all parties agree in writing to continue the arbitration proceeding, in which case the arbitrator's decision shall be either binding or nonbinding, as agreed upon by the parties; in the arbitration proceeding, the arbitrator shall not consider any evidence relating to the unsuccessful mediation except in a proceeding to impose sanctions for failure to appear at the mediation conference. If the parties do not agree to continue arbitration, the arbitrator shall enter an order of dismissal, and either party may institute a suit in a court of competent jurisdiction. ~~If the case was referred to mediation by the division and ends in an impasse, either party may institute a suit in a court of competent jurisdiction.~~ The parties may seek to recover any costs and attorneys' fees incurred in connection with arbitration and mediation proceedings under this section as part of the costs and fees that may be recovered by the prevailing party in any subsequent litigation.

(i) Arbitration shall be conducted according to rules promulgated by the division. The filing of a petition for arbitration shall toll the applicable statute of limitations.

(j) At the request of any party to the arbitration, such arbitrator shall issue subpoenas for the attendance of witnesses and the production of books, records, documents, and other evidence and any party on whose behalf a subpoena is issued may apply to the court for orders compelling such attendance and production. Subpoenas shall be served and shall be enforceable in the manner provided by the Florida Rules of Civil Procedure. Discovery may, in the discretion of the arbitrator, be permitted in the manner provided by the Florida Rules of Civil Procedure. Rules adopted by the division may authorize any reasonable sanctions except contempt for a violation of the arbitration procedural rules of the division or for the failure of a party to comply with a reasonable nonfinal order issued by an arbitrator which is not under judicial review.

(k) The arbitration decision shall be presented to the parties in writing. An arbitration decision is final in those disputes in which the parties have agreed to be bound. An arbitration decision is also final if a complaint for a trial de novo is not filed in a court of competent jurisdiction in which the condominium is located within 30 days. The right to file for a trial de novo entitles the parties to file a complaint in the appropriate trial court for a judicial resolution of the dispute. The prevailing party in an arbitration proceeding shall be awarded the costs of the arbitration and reasonable attorney's fees in an amount determined by the arbitrator. Such an award shall include the costs and reasonable attorney's fees incurred in the arbitration proceeding as well as the costs and reasonable attorney's fees incurred in preparing for and attending any scheduled mediation.

(l) The party who files a complaint for a trial de novo shall be assessed the other party's arbitration costs, court costs, and other reasonable costs, including attorney's fees, investigation expenses, and expenses for expert or other testimony or evidence incurred after the arbitration hearing if the judgment upon the trial de novo is not more favorable than the arbitration decision. If the judgment is more favorable, the party who filed a complaint for trial de novo shall be awarded reasonable court costs and attorney's fees.

(m) Any party to an arbitration proceeding may enforce an arbitration award by filing a petition in a court of competent jurisdiction in which the condominium is located. A petition may not be granted unless the time for appeal by the filing of a complaint for trial de novo has expired. If a complaint for a trial de novo has been filed, a petition may not be granted with respect to an arbitration award that has been stayed. If the petition for enforcement is granted, the petitioner shall recover reasonable attorney's fees and costs incurred in enforcing the arbitration award. A mediation settlement may also be enforced through the county or circuit court, as applicable, *by the filing of a court case.* and Any costs and fees incurred in the enforcement of a settlement agreement reached at mediation must be awarded to the prevailing party in any enforcement action.

(n) *In the resolution of these cases on the local level, past precedent of prior division arbitration decisions shall be considered and followed where appropriate.*

(4) **EXEMPTIONS.**—*A dispute is not subject to resolution under this section if it includes any disagreement that primarily involves:*

- (a) *Title to any unit or common element;*
- (b) *The interpretation or enforcement of any warranty;*
- (c) *The levy of a fee or assessment or the collection of an assessment levied against a party;*
- (d) *The eviction or other removal of a tenant from a unit;*
- (e) *Alleged breaches of fiduciary duty by one or more directors; or*
- (f) *Claims for damages to a unit based upon the alleged failure of the association to maintain the common elements or condominium property.*

(5) **DISPUTES INVOLVING ELECTION IRREGULARITIES.**—*Every arbitration petition received by the division and required to be filed under this section challenging the legality of the election of any director of the board of administration shall be handled on an expedited basis in the manner provided by division rules for recall arbitration disputes.*

Section 72. *The Division of Condominiums, Timeshare, and Mobile Homes of the Department of Business and Professional Regulation shall continue the arbitration of any cases which qualified for arbitration on the date the case was filed with the division and which were filed with the division prior to the date on which this act becomes law.*

Section 73. *There is appropriated 1 FTE and \$440,626 from the Division of Condominiums, Timeshare, and Mobile Homes Trust Fund to the Department of Business and Professional Regulation for the purpose of investigating and resolving disputes and dealing with compliance issues relating to condominiums and cooperatives. This appropriation shall not take effect if a similar amount of funding is included in the various appropriations for compliance and enforcement in the Florida Condominiums, Timeshare, and Mobile Homes program in the fiscal year 2001-2002 General Appropriations Act.*

Section 74. Section 718.501, Florida Statutes, is amended to read:

718.501 Powers and duties of Division of ~~Florida Land Sales~~, Condominiums, *Timeshare*, and Mobile Homes.—

(1) The Division of ~~Florida Land Sales~~, Condominiums, *Timeshare*, and Mobile Homes of the Department of Business and Professional Regulation, referred to as the "division" in this part, in addition to other powers and duties prescribed by chapter 498, has the power to enforce and ensure compliance with the provisions of this chapter and rules ~~adopted~~ promulgated pursuant hereto relating to the development, construction, sale, lease, ownership, operation, and management of residential condominium units. In performing its duties, the division has the following powers and duties:

(a) The division may make necessary public or private investigations within or outside this state to determine whether any person has violated this chapter or any rule or order hereunder, to aid in the enforcement of this chapter, or to aid in the adoption of rules or forms hereunder.

(b) The division may require or permit any person to file a statement in writing, under oath or otherwise, as the division determines, as to the facts and circumstances concerning a matter to be investigated.

(c) For the purpose of any investigation under this chapter, the division director or any officer or employee designated by the division director may administer oaths or affirmations, subpoena witnesses and compel their attendance, take evidence, and require the production of any matter which is relevant to the investigation, including the existence, description, nature, custody, condition, and location of any books, documents, or other tangible things and the identity and location of persons having knowledge of relevant facts or any other matter reasonably calculated to lead to the discovery of material evidence. Upon the failure by a person to obey a subpoena or to answer questions propounded by the investigating officer and upon reasonable notice to all persons affected thereby, the division may apply to the circuit court for an order compelling compliance.

(d) Notwithstanding any remedies available to unit owners and associations, if the division has reasonable cause to believe that a violation of any provision of this chapter or rule promulgated pursuant hereto has occurred, the division may institute enforcement proceedings in its own name against any developer, association, officer, or member of the board of administration, or its assignees or agents, as follows:

1. The division may permit a person whose conduct or actions may be under investigation to waive formal proceedings and enter into a consent proceeding whereby orders, rules, or letters of censure or warning, whether formal or informal, may be entered against the person.

2. The division may issue an order requiring the developer, association, officer, or member of the board of administration, or its assignees or agents, to cease and desist from the unlawful practice and take such affirmative action as in the judgment of the division will carry out the purposes of this chapter. Such affirmative action may include, but is not limited to, an order requiring a developer to pay moneys determined to be owed to a condominium association.

3. The division may bring an action in circuit court on behalf of a class of unit owners, lessees, or purchasers for declaratory relief, injunctive relief, or restitution.

4. The division may impose a civil penalty against a developer or association, or its assignee or agent, for any violation of this chapter or a rule promulgated pursuant hereto. The division may impose a civil penalty individually against any officer or board member who willfully and knowingly violates a provision of this chapter, a rule adopted pursuant hereto, or a final order of the division. The term "willfully and knowingly" means that the division informed the officer or board member that his or her action or intended action violates this chapter, a rule adopted under this chapter, or a final order of the division and that the officer or board member refused to comply with the requirements of this chapter, a rule adopted under this chapter, or a final order of the division. The division, prior to initiating formal agency action under chapter 120, shall afford the officer or board member an opportunity to voluntarily comply with this chapter, a rule adopted under this chapter, or a final order of the division. An officer or board member who complies within 10 days is not subject to a civil penalty. A penalty may be imposed on the

basis of each day of continuing violation, but in no event shall the penalty for any offense exceed \$5,000. By January 1, 1998, the division shall adopt, by rule, penalty guidelines applicable to possible violations or to categories of violations of this chapter or rules adopted by the division. The guidelines must specify a meaningful range of civil penalties for each such violation of the statute and rules and must be based upon the harm caused by the violation, the repetition of the violation, and upon such other factors deemed relevant by the division. For example, the division may consider whether the violations were committed by a developer or owner-controlled association, the size of the association, and other factors. The guidelines must designate the possible mitigating or aggravating circumstances that justify a departure from the range of penalties provided by the rules. It is the legislative intent that minor violations be distinguished from those which endanger the health, safety, or welfare of the condominium residents or other persons and that such guidelines provide reasonable and meaningful notice to the public of likely penalties that may be imposed for proscribed conduct. This subsection does not limit the ability of the division to informally dispose of administrative actions or complaints by stipulation, agreed settlement, or consent order. All amounts collected shall be deposited with the Treasurer to the credit of the Division of ~~Florida Land Sales, Condominiums, Timeshare, and Mobile Homes Trust Fund~~. If a developer fails to pay the civil penalty, the division shall thereupon issue an order directing that such developer cease and desist from further operation until such time as the civil penalty is paid or may pursue enforcement of the penalty in a court of competent jurisdiction. If an association fails to pay the civil penalty, the division shall thereupon pursue enforcement in a court of competent jurisdiction, and the order imposing the civil penalty or the cease and desist order will not become effective until 20 days after the date of such order. Any action commenced by the division shall be brought in the county in which the division has its executive offices or in the county where the violation occurred.

(e) The division is authorized to prepare and disseminate a prospectus and other information to assist prospective owners, purchasers, lessees, and developers of residential condominiums in assessing the rights, privileges, and duties pertaining thereto.

(f) The division has authority to adopt rules pursuant to ss. 120.536(1) and 120.54 to implement and enforce the provisions of this chapter.

(g) The division shall establish procedures for providing notice to an association when the division is considering the issuance of a declaratory statement with respect to the declaration of condominium or any related document governing in such condominium community.

(h) The division shall furnish each association which pays the fees required by paragraph (2)(a) a copy of this act, subsequent changes to this act on an annual basis, an amended version of this act as it becomes available from the Secretary of State's office on a biennial basis, and the rules promulgated pursuant thereto on an annual basis.

(i) The division shall annually provide each association with a summary of declaratory statements and formal legal opinions relating to the operations of condominiums which were rendered by the division during the previous year.

(j) The division shall provide training programs for condominium association board members and unit owners.

(k) The division shall maintain a toll-free telephone number accessible to condominium unit owners.

(l) The division shall develop a program to certify both volunteer and paid mediators to provide mediation of condominium disputes. The division shall provide, upon request, a list of such mediators to any association, unit owner, or other participant in arbitration proceedings under s. 718.1255 requesting a copy of the list. The division shall include on the list of volunteer mediators only the names of persons who have received at least 20 hours of training in mediation techniques or who have mediated at least 20 disputes. In order to become initially certified by the division, paid mediators must be certified by the Supreme Court to mediate court cases in either county or circuit courts. However, the division may adopt, by rule, additional factors for the certification of paid mediators, which factors must be related to experience, education, or background. Any person initially certified as a paid mediator by the division must, in order to continue to be certified, comply with the factors or requirements imposed by rules adopted by the division.

(m) When a complaint is made, the division shall conduct its inquiry with due regard to the interests of the affected parties. Within 30 days after receipt of a complaint, the division shall acknowledge the complaint in writing and notify the complainant whether the complaint is within the jurisdiction of the division and whether additional information is needed by the division from the complainant. The division shall conduct its investigation and shall, within 90 days after receipt of the original complaint or of timely requested additional information, take action upon the complaint. However, the failure to complete the investigation within 90 days does not prevent the division from continuing the investigation, accepting or considering evidence obtained or received after 90 days, or taking administrative action if reasonable cause exists to believe that a violation of this chapter or a rule of the division has occurred. If an investigation is not completed within the time limits established in this paragraph, the division shall, on a monthly basis, notify the complainant in writing of the status of the investigation. When reporting its action to the complainant, the division shall inform the complainant of any right to a hearing pursuant to ss. 120.569 and 120.57.

(2)(a) Effective January 1, 1992, each condominium association which operates more than two units shall pay to the division an annual fee in the amount of \$4 for each residential unit in condominiums operated by the association. If the fee is not paid by March 1, then the association shall be assessed a penalty of 10 percent of the amount due, and the association will not have standing to maintain or defend any action in the courts of this state until the amount due, plus any penalty, is paid.

(b) All fees shall be deposited in the Division of ~~Florida Land Sales, Condominiums, Timeshare, and Mobile Homes Trust Fund~~ as provided by law.

Section 75. Paragraph (a) of subsection (2) of section 718.502, Florida Statutes, is amended to read:

718.502 Filing prior to sale or lease.—

(2)(a) Prior to filing as required by subsection (1), and prior to acquiring an ownership, leasehold, or contractual interest in the land upon which the condominium is to be developed, a developer shall not offer a contract for purchase of a unit or lease of a unit for more than 5 years. However, the developer may accept deposits for reservations upon the approval of a fully executed escrow agreement and reservation agreement form properly filed with the division of ~~Florida Land Sales, Condominiums, and Mobile Homes~~. Each filing of a proposed reservation program shall be accompanied by a filing fee of \$250. Reservations shall not be taken on a proposed condominium unless the developer has an ownership, leasehold, or contractual interest in the land upon which the condominium is to be developed. The division shall notify the developer within 20 days of receipt of the reservation filing of any deficiencies contained therein. Such notification shall not preclude the determination of reservation filing deficiencies at a later date, nor shall it relieve the developer of any responsibility under the law. The escrow agreement and the reservation agreement form shall include a statement of the right of the prospective purchaser to an immediate unqualified refund of the reservation deposit moneys upon written request to the escrow agent by the prospective purchaser or the developer.

Section 76. Section 718.504, Florida Statutes, is amended to read:

718.504 Prospectus or offering circular.—Every developer of a residential condominium which contains more than 20 residential units, or which is part of a group of residential condominiums which will be served by property to be used in common by unit owners of more than 20 residential units, shall prepare a prospectus or offering circular and file it with the division of ~~Florida Land Sales, Condominiums, and Mobile Homes~~ prior to entering into an enforceable contract of purchase and sale of any unit or lease of a unit for more than 5 years and shall furnish a copy of the prospectus or offering circular to each buyer. In addition to the prospectus or offering circular, each buyer shall be furnished a separate page entitled "Frequently Asked Questions and Answers," which shall be in accordance with a format approved by the division and a copy of the financial information required by s. 718.111. This page shall, in readable language, inform prospective purchasers regarding their voting rights and unit use restrictions, including restrictions on the leasing of a unit; shall indicate whether and in what amount the unit owners or the association is obligated to pay rent or land use fees for

recreational or other commonly used facilities; shall contain a statement identifying that amount of assessment which, pursuant to the budget, would be levied upon each unit type, exclusive of any special assessments, and which shall further identify the basis upon which assessments are levied, whether monthly, quarterly, or otherwise; shall state and identify any court cases in which the association is currently a party of record in which the association may face liability in excess of \$100,000; and which shall further state whether membership in a recreational facilities association is mandatory, and if so, shall identify the fees currently charged per unit type. The division shall by rule require such other disclosure as in its judgment will assist prospective purchasers. The prospectus or offering circular may include more than one condominium, although not all such units are being offered for sale as of the date of the prospectus or offering circular. The prospectus or offering circular must contain the following information:

- (1) The front cover or the first page must contain only:

(17) "Division" means the Division of ~~Florida Land Sales~~, Condominiums, *Timeshare*, and Mobile Homes of the Department of Business and Professional Regulation.

Section 81. Section 719.1255, Florida Statutes, is amended to read:

719.1255 Alternative resolution of disputes.—~~The division of Florida Land Sales, Condominiums, and Mobile Homes of the Department of Business and Professional Regulation shall provide for alternative dispute resolution in accordance with s. 718.1255.~~

Section 82. Section 719.501, Florida Statutes, is amended to read:

719.501 Powers and duties of Division of ~~Florida Land Sales~~, Condominiums, *Timeshare*, and Mobile Homes.—

(1) The Division of ~~Florida Land Sales~~, Condominiums, *Timeshare*, and Mobile Homes of the Department of Business and Professional Regulation, referred to as the "division" in this part, in addition to other powers and duties prescribed by chapter 498, has the power to enforce and ensure compliance with the provisions of this chapter and rules ~~adopted~~ promulgated pursuant hereto relating to the development, construction, sale, lease, ownership, operation, and management of residential cooperative units. In performing its duties, the division shall have the following powers and duties:

(a) The division may make necessary public or private investigations within or outside this state to determine whether any person has violated this chapter or any rule or order hereunder, to aid in the enforcement of this chapter, or to aid in the adoption of rules or forms hereunder.

(b) The division may require or permit any person to file a statement in writing, under oath or otherwise, as the division determines, as to the facts and circumstances concerning a matter to be investigated.

(c) For the purpose of any investigation under this chapter, the division director or any officer or employee designated by the division director may administer oaths or affirmations, subpoena witnesses and compel their attendance, take evidence, and require the production of any matter which is relevant to the investigation, including the existence,

description, nature, custody, condition, and location of any books, documents, or other tangible things and the identity and location of persons having knowledge of relevant facts or any other matter reasonably calculated to lead to the discovery of material evidence. Upon failure by a person to obey a subpoena or to answer questions propounded by the investigating officer and upon reasonable notice to all persons affected thereby, the division may apply to the circuit court for an order compelling compliance.

(d) Notwithstanding any remedies available to unit owners and associations, if the division has reasonable cause to believe that a violation of any provision of this chapter or rule promulgated pursuant hereto has occurred, the division may institute enforcement proceedings in its own name against a developer, association, officer, or member of the board, or its assignees or agents, as follows:

1. The division may permit a person whose conduct or actions may be under investigation to waive formal proceedings and enter into a consent proceeding whereby orders, rules, or letters of censure or warning, whether formal or informal, may be entered against the person.

2. The division may issue an order requiring the developer, association, officer, or member of the board, or its assignees or agents, to cease and desist from the unlawful practice and take such affirmative action as in the judgment of the division will carry out the purposes of this chapter. Such affirmative action may include, but is not limited to, an order requiring a developer to pay moneys determined to be owed to a condominium association.

3. The division may bring an action in circuit court on behalf of a class of unit owners, lessees, or purchasers for declaratory relief, injunctive relief, or restitution.

4. The division may impose a civil penalty against a developer or association, or its assignees or agents, for any violation of this chapter or a rule promulgated pursuant hereto. The division may impose a civil penalty individually against any officer or board member who willfully and knowingly violates a provision of this chapter, a rule adopted pursuant to this chapter, or a final order of the division. The term "willfully and knowingly" means that the division informed the officer or board member that his or her action or intended action violates this chapter, a rule adopted under this chapter, or a final order of the division, and that the officer or board member refused to comply with the requirements of this chapter, a rule adopted under this chapter, or a final order of the division. The division, prior to initiating formal agency action under chapter 120, shall afford the officer or board member an opportunity to voluntarily comply with this chapter, a rule adopted under this chapter, or a final order of the division. An officer or board member who complies within 10 days is not subject to a civil penalty. A penalty may be imposed on the basis of each day of continuing violation, but in no event shall the penalty for any offense exceed \$5,000. By January 1, 1998, the division shall adopt, by rule, penalty guidelines applicable to possible violations or to categories of violations of this chapter or rules adopted by the division. The guidelines must specify a meaningful range of civil penalties for each such violation of the statute and rules and must be based upon the harm caused by the violation, the repetition of the violation, and upon such other factors deemed relevant by the division. For example, the division may consider whether the violations were committed by a developer or owner-controlled association, the size of the association, and other factors. The guidelines must designate the possible mitigating or aggravating circumstances that justify a departure from the range of penalties provided by the rules. It is the legislative intent that minor violations be distinguished from those which endanger the health, safety, or welfare of the cooperative residents or other persons and that such guidelines provide reasonable and meaningful notice to the public of likely penalties that may be imposed for proscribed conduct. This subsection does not limit the ability of the division to informally dispose of administrative actions or complaints by stipulation, agreed settlement, or consent order. All amounts collected shall be deposited with the Treasurer to the credit of the Division of ~~Florida Land Sales~~, Condominiums, *Timeshare*, and Mobile Homes Trust Fund. If a developer fails to pay the civil penalty, the division shall thereupon issue an order directing that such developer cease and desist from further operation until such time as the civil penalty is paid or may pursue enforcement of the penalty in a court of competent jurisdiction. If an association fails to pay the civil penalty, the division shall thereupon pursue enforcement in a court of competent jurisdiction, and the order imposing the civil penalty or the cease and desist order shall not become

effective until 20 days after the date of such order. Any action commenced by the division shall be brought in the county in which the division has its executive offices or in the county where the violation occurred.

(e) The division is authorized to prepare and disseminate a prospectus and other information to assist prospective owners, purchasers, lessees, and developers of residential cooperatives in assessing the rights, privileges, and duties pertaining thereto.

(f) The division has authority to adopt rules pursuant to ss. 120.536(1) and 120.54 to implement and enforce the provisions of this chapter.

(g) The division shall establish procedures for providing notice to an association when the division is considering the issuance of a declaratory statement with respect to the cooperative documents governing such cooperative community.

(h) The division shall furnish each association which pays the fees required by paragraph (2)(a) a copy of this act, subsequent changes to this act on an annual basis, an amended version of this act as it becomes available from the Secretary of State's office on a biennial basis, and the rules promulgated pursuant thereto on an annual basis.

(i) The division shall annually provide each association with a summary of declaratory statements and formal legal opinions relating to the operations of cooperatives which were rendered by the division during the previous year.

(j) The division shall adopt uniform accounting principles, policies, and standards to be used by all associations in the preparation and presentation of all financial statements required by this chapter. The principles, policies, and standards shall take into consideration the size of the association and the total revenue collected by the association.

(k) The division shall provide training programs for cooperative association board members and unit owners.

(l) The division shall maintain a toll-free telephone number accessible to cooperative unit owners.

(m) When a complaint is made to the division, the division shall conduct its inquiry with reasonable dispatch and with due regard to the interests of the affected parties. Within 30 days after receipt of a complaint, the division shall acknowledge the complaint in writing and notify the complainant whether the complaint is within the jurisdiction of the division and whether additional information is needed by the division from the complainant. The division shall conduct its investigation and shall, within 90 days after receipt of the original complaint or timely requested additional information, take action upon the complaint. However, the failure to complete the investigation within 90 days does not prevent the division from continuing the investigation, accepting or considering evidence obtained or received after 90 days, or taking administrative action if reasonable cause exists to believe that a violation of this chapter or a rule of the division has occurred. If an investigation is not completed within the time limits established in this paragraph, the division shall, on a monthly basis, notify the complainant in writing of the status of the investigation. When reporting its action to the complainant, the division shall inform the complainant of any right to a hearing pursuant to ss. 120.569 and 120.57.

(n) The division shall develop a program to certify both volunteer and paid mediators to provide mediation of cooperative disputes. The division shall provide, upon request, a list of such mediators to any association, unit owner, or other participant in arbitration proceedings under s. 718.1255 requesting a copy of the list. The division shall include on the list of voluntary mediators only persons who have received at least 20 hours of training in mediation techniques or have mediated at least 20 disputes. In order to become initially certified by the division, paid mediators must be certified by the Supreme Court to mediate court cases in either county or circuit courts. However, the division may adopt, by rule, additional factors for the certification of paid mediators, which factors must be related to experience, education, or background. Any person initially certified as a paid mediator by the division must, in order to continue to be certified, comply with the factors or requirements imposed by rules adopted by the division.

(2)(a) Each cooperative association shall pay to the division, on or before January 1 of each year, an annual fee in the amount of \$4 for each residential unit in cooperatives operated by the association. Section 90. Section 721.26, Florida Statutes, is amended to read:

721.26 Regulation by division.—The division has the power to enforce and ensure compliance with the provisions of this chapter, except for parts III and IV, using the powers provided in this chapter, as well as the powers prescribed in chapters 498, 718, and 719. In performing its duties, the division shall have the following powers and duties:

(1) To aid in the enforcement of this chapter, or any division rule or order promulgated or issued pursuant to this chapter, the division may make necessary public or private investigations within or outside this state to determine whether any person has violated or is about to violate this chapter, or any division rule or order promulgated or issued pursuant to this chapter.

(2) The division may require or permit any person to file a written statement under oath or otherwise, as the division determines, as to the facts and circumstances concerning a matter under investigation.

(3) For the purpose of any investigation under this chapter, the director of the division or any officer or employee designated by the director may administer oaths or affirmations, subpoena witnesses and compel their attendance, take evidence, and require the production of any matter which is relevant to the investigation, including the identity, existence, description, nature, custody, condition, and location of any books, documents, or other tangible things and the identity and location of persons having knowledge of relevant facts or any other matter reasonably calculated to lead to the discovery of material evidence. Failure to obey a subpoena or to answer questions propounded by the investigating officer and upon reasonable notice to all persons affected thereby shall be a violation of this chapter. In addition to the other enforcement powers authorized in this subsection, the division may, at its discretion, apply to the circuit court for an order compelling compliance.

(4) The division may prepare and disseminate a prospectus and other information to assist prospective purchasers, sellers, and managing entities of timeshare plans in assessing the rights, privileges, and duties pertaining thereto.

(5) Notwithstanding any remedies available to purchasers, if the division has reasonable cause to believe that a violation of this chapter, or of any division rule or order promulgated or issued pursuant to this chapter, has occurred, the division may institute enforcement proceedings in its own name against any regulated party, as such term is defined in this subsection:

(a)1. "Regulated party," for purposes of this section, means any developer, exchange company, seller, managing entity, association, association director, association officer, manager, management firm, escrow agent, trustee, any respective assignees or agents, or any other person having duties or obligations pursuant to this chapter.

2. Any person who materially participates in any offer or disposition of any interest in, or the management or operation of, a timeshare plan in violation of this chapter or relevant rules involving fraud, deception, false pretenses, misrepresentation, or false advertising or the disbursement, concealment, or diversion of any funds or assets, which conduct adversely affects the interests of a purchaser, and which person directly or indirectly controls a regulated party or is a general partner, officer, director, agent, or employee of such regulated party, shall be jointly and severally liable under this subsection with such regulated party, unless such person did not know, and in the exercise of reasonable care could not have known, of the existence of the facts giving rise to the violation of this chapter. A right of contribution shall exist among jointly and severally liable persons pursuant to this paragraph.

(b) The division may permit any person whose conduct or actions may be under investigation to waive formal proceedings and enter into a consent proceeding whereby an order, rule, or letter of censure or warning, whether formal or informal, may be entered against that person.

(c) The division may issue an order requiring a regulated party to cease and desist from an unlawful practice under this chapter and take such affirmative action as in the judgment of the division will carry out the purposes of this chapter.

(d)1. The division may bring an action in circuit court for declaratory or injunctive relief or for other appropriate relief, including restitution.

2. The division shall have broad authority and discretion to petition the circuit court to appoint a receiver with respect to any managing entity which fails to perform its duties and obligations under this chapter with respect to the operation of a timeshare plan. The circumstances giving rise to an appropriate petition for receivership under this subparagraph include, but are not limited to:

a. Damage to or destruction of any of the accommodations or facilities of a timeshare plan, where the managing entity has failed to repair or reconstruct same.

b. A breach of fiduciary duty by the managing entity, including, but not limited to, undisclosed self-dealing or failure to timely assess, collect, or disburse the common expenses of the timeshare plan.

c. Failure of the managing entity to operate the timeshare plan in accordance with the timeshare instrument and this chapter.

If, under the circumstances, it appears that the events giving rise to the petition for receivership cannot be reasonably and timely corrected in a cost-effective manner consistent with the timeshare instrument, the receiver may petition the circuit court to implement such amendments or revisions to the timeshare instrument as may be necessary to enable the managing entity to resume effective operation of the timeshare plan, or to enter an order terminating the timeshare plan, or to enter such further orders regarding the disposition of the timeshare property as the court deems appropriate, including the disposition and sale of the timeshare property held by the association or the purchasers. In the event of a receiver's sale, all rights, title, and interest held by the association or any purchaser shall be extinguished and title shall vest in the buyer. This provision applies to timeshare estates and timeshare licenses. All reasonable costs and fees of the receiver relating to the receivership shall become common expenses of the timeshare plan upon order of the court.

3. The division may revoke its approval of any filing for any timeshare plan for which a petition for receivership has been filed pursuant to this paragraph.

(e)1. The division may impose a penalty against any regulated party for a violation of this chapter or any rule adopted thereunder. A penalty may be imposed on the basis of each day of continuing violation, but in no event may the penalty for any offense exceed \$10,000. All accounts collected shall be deposited with the Treasurer to the credit of the Division of ~~Florida Land Sales~~, Condominiums, *Timeshare*, and Mobile Homes Trust Fund.

2.a. If a regulated party fails to pay a penalty, the division shall thereupon issue an order directing that such regulated party cease and desist from further operation until such time as the penalty is paid; or the division may pursue enforcement of the penalty in a court of competent jurisdiction.

b. If an association or managing entity fails to pay a civil penalty, the division may pursue enforcement in a court of competent jurisdiction.

(f) In order to permit the regulated party an opportunity either to appeal such decision administratively or to seek relief in a court of competent jurisdiction, the order imposing the penalty or the cease and desist order shall not become effective until 20 days after the date of such order.

(g) Any action commenced by the division shall be brought in the county in which the division has its executive offices or in the county where the violation occurred.

(h) Notice to any regulated party shall be complete when delivered by United States mail, return receipt requested, to the party's address currently on file with the division or to such other address at which the division is able to locate the party. Every regulated party has an affirmative duty to notify the division of any change of address at least 5 business days prior to such change.

(6) The division has authority to adopt rules pursuant to ss. 120.536(1) and 120.54 to implement and enforce the provisions of this chapter.

(7)(a) The use of any unfair or deceptive act or practice by any person in connection with the sales or other operations of an exchange program or timeshare plan is a violation of this chapter.

(b) Any violation of the Florida Deceptive and Unfair Trade Practices Act, ss. 501.201 et seq., relating to the creation, promotion, sale, operation, or management of any timeshare plan shall also be a violation of this chapter.

(c) The division is authorized to institute proceedings against any such person and take any appropriate action authorized in this section in connection therewith, notwithstanding any remedies available to purchasers.

(8) The failure of any person to comply with any order of the division is a violation of this chapter.

All state trust funds to be expended pursuant to this section must be matched equally with private moneys and shall comprise no more than half of the total moneys expended annually.

Section 93. Section 721.50, Florida Statutes, is amended to read:

721.50 Short title.—This part may be cited as the "McAllister Act" in recognition and appreciation for the years of extraordinary and insightful contributions by Mr. Bryan C. McAllister, Examinations Supervisor, *former* Division of Florida Land Sales, Condominiums, and Mobile Homes.

Section 94. Subsection (10) of section 721.82, Florida Statutes, is amended to read:

721.82 Definitions.—As used in this part, the term:

(10) "Registered agent" means an agent duly appointed by the obligor under s. 721.84 for the purpose of accepting all notices and service of process under this part for the obligor. A registered agent may be an individual resident in this state whose business office qualifies as a registered office, or a domestic or foreign corporation or a not-for-profit corporation as defined in chapter 617 authorized to transact business or to conduct its affairs in this state, whose business office qualifies as a registered office. A registered agent for any obligor may not be the lienholder or the attorney for the lienholder.

721.84 Appointment of a registered agent; duties.—

(5) A registered agent may resign his or her agency appointment for any obligor for which he or she serves as registered agent, provided that:

(a) The resigning registered agent executes a written statement of resignation that identifies himself or herself and the street address of his or her registered office, and identifies the obligors affected by his or her resignation;

2. *The registered agent provides 120 days' prior written notice to the mortgagee as to the mortgage lien and to the owners' association of the timeshare plan as to the assessment lien of its intent to deliver the statement of resignation. Prior to the effective date of termination of the resigning registered agent's agency and registered office, a The resigning registered agent may designate the successor registered agent; however, if the resigning registered agent fails to designate a successor registered agent or the designated successor registered agent fails to accept, the successor registered agent for the affected obligors may be designated by the mortgagee as to the mortgage lien and by the owners' association of the timeshare plan as to the assessment lien; and*

(c)1. *If a successor registered agent is appointed under subparagraph (b)1., copies of the statement of resignation and acceptance of appointment as successor registered agent are promptly mailed to the affected*

obligors at the obligors' last designated address shown on the records of the resigning registered agent and to the affected lienholders; or-

2. *If a resigning registered agent has previously provided notice under subparagraph (b)2., a copy of the statement of resignation is promptly mailed to the affected obligors at the obligor's last designated address shown on the records of the resigning registered agent and a copy of the statement of resignation and a list of the obligors' last designated addresses shown on the records of the resigning registered agent are promptly mailed to the affected lienholders.*

Section 96. Subsection (1) of section 723.003, Florida Statutes, is amended to read:

723.003 Definitions.—As used in this chapter, the following words and terms have the following meanings unless clearly indicated otherwise:

(1) The term "division" means the Division of ~~Florida Land Sales, Condominiums, Timeshare, and Mobile Homes~~ of the Department of Business and Professional Regulation.

Section 97. Paragraph (e) of subsection (5) of section 723.006, Florida Statutes, is amended to read:

723.006 Powers and duties of division.—In performing its duties, the division has the following powers and duties:

(5) Notwithstanding any remedies available to mobile home owners, mobile home park owners, and homeowners' associations, if the division has reasonable cause to believe that a violation of any provision of this chapter or any rule promulgated pursuant hereto has occurred, the division may institute enforcement proceedings in its own name against a developer, mobile home park owner, or homeowners' association, or its assignee or agent, as follows:

(e)1. The division may impose a civil penalty against a mobile home park owner or homeowners' association, or its assignee or agent, for any violation of this chapter, a properly promulgated park rule or regulation, or a rule or regulation promulgated pursuant hereto. A penalty may be imposed on the basis of each separate violation and, if the violation is a continuing one, for each day of continuing violation, but in no event may the penalty for each separate violation or for each day of continuing violation exceed \$5,000. All amounts collected shall be deposited with the Treasurer to the credit of the Division of ~~Florida Land Sales, Condominiums, Timeshare, and Mobile Homes Trust Fund.~~

2. If a violator fails to pay the civil penalty, the division shall thereupon issue an order directing that such violator cease and desist from further violation until such time as the civil penalty is paid or may pursue enforcement of the penalty in a court of competent jurisdiction. If a homeowners' association fails to pay the civil penalty, the division shall thereupon pursue enforcement in a court of competent jurisdiction, and the order imposing the civil penalty or the cease and desist order shall not become effective until 20 days after the date of such order. Any action commenced by the division shall be brought in the county in which the division has its executive offices or in which the violation occurred.

Section 98. Section 723.0065, Florida Statutes, is amended to read:

723.0065 Public records exemption; findings.—The Legislature, in narrowing the existing public records exemption pursuant to s. 1, chapter 94-78, Laws of Florida, finds that a public necessity exists to keep confidential and retain the public records exemption for financial records of mobile home park owners acquired by the division of ~~Florida Land Sales, Condominiums, and Mobile Homes~~ when performing its duties under the Florida Mobile Home Act unless the mobile home park owner has violated the provisions of this chapter. In that case, only those financial records that are specifically relevant to the finding of violation should be released. If it were otherwise, the division would encounter difficulties in procuring such proprietary information which would impede the effective and efficient performance of the division's public duties. Additionally, release of such proprietary information would harm the business interests of innocent mobile home park owners to the advantage of competitors and potential purchasers. Effective monitoring of the division's performance of its duties can be conducted without access to these records, and these records are otherwise available pursuant to a civil complaint as envisioned by the act. Accordingly, the public good served by access to financial records of a mobile home park owner who has not violated the provisions of this chapter is outweighed by the interference with division investigations and the private harm that could be caused by allowing such access.

Section 99. Section 723.009, Florida Statutes, is amended to read:

723.009 Division of ~~Florida Land Sales, Condominiums, Timeshare, and Mobile Homes Trust Fund.~~—All proceeds from the fees, penalties, and fines imposed pursuant to this chapter shall be deposited into the Division of ~~Florida Land Sales, Condominiums, Timeshare, and Mobile Homes Trust Fund~~ created by s. ~~718.509 498.019~~. Moneys in this fund, as appropriated by the Legislature pursuant to chapter 216, may be used to defray the expenses incurred by the division in administering the provisions of this chapter.

Section 100. Subsection (2) of section 73.073, Florida Statutes, is amended to read:

73.073 Eminent domain procedure with respect to condominium common elements.—

(2) With respect to the exercise of eminent domain or a negotiated sale for the purchase or taking of a portion of the common elements of a condominium, the condemning authority shall have the responsibility of contacting the condominium association and acquiring the most recent rolls indicating the names of the unit owners or contacting the appropriate taxing authority to obtain the names of the owners of record on the tax rolls. Notification shall thereupon be sent by certified mail, return receipt requested, to the unit owners of record of the condominium units by the condemning authority indicating the intent to purchase or take the required property and requesting a response from the unit owner. The condemning authority shall be responsible for the expense of sending notification pursuant to this section. Such notice shall, at a minimum, include:

- (f) A clear, concise statement relating to the power of the association to convey the property on behalf of the unit owners if no objection to the taking or appraisal value is raised, and the effects of this alternative on the unit owner.

The Division of ~~Florida Land Sales~~, Condominiums, *Timeshare*, and Mobile Homes of the Department of Business and Professional Regulation may adopt, by rule, a standard form for such notice and may require the notice to include any additional relevant information.

Section 101. Paragraph (e) of subsection (6) of section 192.037, Florida Statutes, is amended to read:

192.037 Fee timeshare real property; taxes and assessments; escrow.—

Section 102. Paragraph (i) of subsection (7) of section 213.053, Florida Statutes, is amended to read:

213.053 Confidentiality and information sharing.—

(7) Notwithstanding any other provision of this section, the department may provide:

(i) Information relative to chapters 212 and 326 to the ~~Division of Florida Land Sales, Condominiums, and Mobile Homes~~ of the Department of Business and Professional Regulation in the conduct of its official duties.

Disclosure of information under this subsection shall be pursuant to a written agreement between the executive director and the agency. Such agencies, governmental or nongovernmental, shall be bound by the same requirements of confidentiality as the Department of Revenue. Breach of confidentiality is a misdemeanor of the first degree, punishable as provided by s. 775.082 or s. 775.083.

Section 103. Paragraph (w) of subsection (4) of section 215.20, Florida Statutes, is amended to read:

215.20 Certain income and certain trust funds to contribute to the General Revenue Fund.—

The enumeration of the foregoing moneys or trust funds shall not prohibit the applicability thereto of s. 215.24 should the Governor determine that for the reasons mentioned in s. 215.24 the money or trust funds should be exempt herefrom, as it is the purpose of this law to exempt income from its force and effect when, by the operation of this law, federal matching funds or contributions or private grants to any trust fund would be lost to the state.

Section 104. Paragraph (a) of subsection (4) of section 380.0651, Florida Statutes, is amended to read:

380.0651 Statewide guidelines and standards.—

(4) Two or more developments, represented by their owners or developers to be separate developments, shall be aggregated and treated as a single development under this chapter when they are determined to be part of a unified plan of development and are physically proximate to one other.

(a) The criteria of two of the following subparagraphs must be met in order for the state land planning agency to determine that there is a unified plan of development:

1.a. The same person has retained or shared control of the developments;

b. The same person has ownership or a significant legal or equitable interest in the developments; or

c. There is common management of the developments controlling the form of physical development or disposition of parcels of the development.

2. There is a reasonable closeness in time between the completion of 80 percent or less of one development and the submission to a governmental agency of a master plan or series of plans or drawings for the other development which is indicative of a common development effort.

4. The voluntary sharing of infrastructure that is indicative of a common development effort or is designated specifically to accommodate the developments sought to be aggregated, except that which was implemented because it was required by a local general-purpose government; water management district; the Department of Environmental Protection; the Division of ~~Florida Land Sales~~, Condominiums, *Timeshare*, and Mobile Homes; or the Public Service Commission.

5. There is a common advertising scheme or promotional plan in effect for the developments sought to be aggregated.

The division shall adopt rules setting forth uniform accounting principles and standards to be used by all associations and shall adopt rules addressing financial reporting requirements for multicondominium associations. In adopting such rules, the division shall consider the number of members and annual revenues of an association. Financial reports shall be prepared as follows:

Among these persons a right of contribution shall exist, except that a creditor of a subdivider shall not be jointly and severally liable unless the creditor has assumed managerial or fiduciary responsibility in a manner related to the basis for the liability of the subdivider under this subsection. If the association does not record the certificate within 90 days after the clerk has given the notice, the clerk may disburse the money to the developer. If the developer cannot be located, the clerk shall disburse the money to the division of ~~Florida Land Sales, Condominiums, and Mobile Homes~~ for deposit in the Division of ~~Florida Land Sales, Condominiums, Timeshare, and Mobile Homes Trust Fund.~~

Section 71. Section 718.1255, Florida Statutes, is amended to read:

(1) ~~APPLICABILITY DEFINITIONS.~~—

(a) ~~The provisions of subsection (3) apply to~~ ~~As used in this section, the term “dispute” means any disagreement between two or more parties that involves:~~

(a) ~~The authority of the board of directors, under this chapter or association document to:~~

1. ~~Require any owner to take any action, or not to take any action, involving that owner’s unit or the appurtenances thereto.~~

2. ~~Alter or add to a common area or element.~~

(b) the failure of a governing body, when required by this chapter or an association document, to:

1. ~~properly conduct elections or to recall a board member.~~

(b) ~~The provisions of paragraph (3)(f)-(n) apply to any disagreement between two or more parties that involves:~~

1. ~~The authority of the board of directors, under this chapter or an association document, to:~~

a. ~~Require any owner to take any action, or not to take any action, involving that owner’s unit or the appurtenances thereto; or~~

b. ~~Alter or add to a common area or element.~~

2. ~~The failure of a governing body, when required by this chapter or an association document, to:~~

a.2. ~~Give adequate notice of meetings or other actions;~~

b.3. ~~Properly conduct meetings; or-~~

c.4. ~~Allow inspection of books and records.~~

~~“Dispute” does not include any disagreement that primarily involves: title to any unit or common element; the interpretation or enforcement of any warranty; the levy of a fee or assessment, or the collection of an assessment levied against a party; the eviction or other removal of a tenant from a unit; alleged breaches of fiduciary duty by one or more directors; or claims for damages to a unit based upon the alleged failure of the association to maintain the common elements or condominium property.~~

(2) ~~VOLUNTARY MEDIATION.~~—Voluntary mediation through Citizen Dispute Settlement Centers as provided for in s. 44.201 is encouraged.

(2)(3) ~~LEGISLATIVE FINDINGS.~~—

(a) The Legislature finds that unit owners are frequently at a disadvantage when litigating against an association. Specifically, a condominium association, with its statutory assessment authority, is often more able to bear the costs and expenses of litigation than the unit owner who

must rely on his or her own financial resources to satisfy the costs of litigation against the association.

(b) The Legislature finds that the courts are becoming overcrowded with condominium and other disputes, and further finds that alternative dispute resolution has been making progress in reducing court dockets and trials and in offering a more efficient, cost-effective option to court litigation. However, the Legislature also finds that alternative dispute resolution should not be used as a mechanism to encourage the filing of frivolous or nuisance suits.

(c) There exists a need to develop a flexible means of alternative dispute resolution that directs disputes to the most efficient means of resolution.

(d) The high cost and significant delay of circuit court litigation faced by unit owners in the state can be alleviated by requiring nonbinding arbitration and mediation in appropriate cases, thereby reducing delay and attorney's fees while preserving the right of either party to have its case heard by a jury, if applicable, in a court of law.

(3)(4) MANDATORY NONBINDING ARBITRATION AND MEDIATION OF DISPUTES.—The division of Florida Land Sales, Condominiums, and Mobile Homes of the Department of Business and Professional Regulation shall ~~provide employ full-time attorneys to act as arbitrators to conduct the arbitration hearings as required provided by this chapter. The department may employ attorneys to act as arbitrators, and the division may also certify attorneys who are not employed by the division to act as arbitrators to conduct the arbitration hearings provided by this chapter section.~~ No person may be employed by the department as ~~a full-time arbitrator unless he or she is a member in good standing of The Florida Bar.~~ The department shall promulgate rules of procedure to govern such arbitration hearings including mediation incident thereto. The decision of an arbitrator shall be final; however, such a decision shall not be deemed final agency action. Nothing in this provision shall be construed to foreclose parties from proceeding in a trial de novo unless the parties have agreed that the arbitration is binding. If such judicial proceedings are initiated, the final decision of the arbitrator shall be admissible in evidence in the trial de novo.

(a) Prior to the institution of court litigation, a party to a dispute shall petition the division for nonbinding arbitration. The petition must be accompanied by a filing fee in the amount of \$50. Filing fees collected under this section must be used to defray the expenses of the alternative dispute resolution program.

(b) The petition must recite, and have attached thereto, supporting proof that the petitioner gave the respondents:

1. Advance written notice of the specific nature of the dispute;
2. A demand for relief, and a reasonable opportunity to comply or to provide the relief; and
3. Notice of the intention to file an arbitration petition or other legal action in the absence of a resolution of the dispute.

Failure to include the allegations or proof of compliance with these prerequisites requires dismissal of the petition without prejudice.

(c) Upon receipt, the petition shall be promptly reviewed by the division to determine the existence of a dispute and compliance with the requirements of paragraphs (a) and (b). If emergency relief is required and is not available through arbitration, a motion to stay the arbitration may be filed. The motion must be accompanied by a verified petition alleging facts that, if proven, would support entry of a temporary injunction, and if an appropriate motion and supporting papers are filed, the division may abate the arbitration pending a court hearing and disposition of a motion for temporary injunction.

(d) Upon determination by the division that a dispute exists and that the petition substantially meets the requirements of paragraphs (a) and (b) and any other applicable rules, a copy of the petition shall forthwith be served by the division upon all respondents.

(e) Either before or after the filing of the respondents' answer to the petition, any party may request that the arbitrator refer the case to mediation under this section and any rules adopted by the division. Upon receipt of a request for mediation, the division shall promptly

contact the parties to determine if there is agreement that mediation would be appropriate. If all parties agree, the dispute must be referred to mediation. Notwithstanding a lack of an agreement by all parties, the arbitrator may refer a dispute to mediation at any time.

(f) ~~The arbitrator or the division may refer the parties to a Citizens Dispute Settlement Center under s. 44.201 in the county in which the dispute arose. Upon referral of a case to mediation, or the parties may agree on~~ ~~must select~~ a mutually acceptable mediator. To assist in the selection, the arbitrator shall provide the parties with a list of both volunteer and paid mediators that have been certified by the division under s. 718.501. If the parties are unable to agree on a mediator within the time allowed by the arbitrator ~~or the division~~, the arbitrator ~~or the division~~ shall appoint a mediator from the list of certified mediators. If a case is referred to mediation, the parties shall attend a mediation conference, as scheduled by the parties and the mediator. If any party fails to attend a duly noticed mediation conference, without the permission or approval of the arbitrator or mediator, the arbitrator ~~or the division may~~ ~~must~~ impose sanctions against the party, including the striking of any pleadings filed, the entry of an order of dismissal or default if appropriate, and the award of costs and attorneys' fees incurred by the other parties. Unless otherwise agreed to by the parties or as provided by order of the arbitrator, a party is deemed to have appeared at a mediation conference by the physical presence of the party or its representative having full authority to settle without further consultation, provided that an association may comply by having one or more representatives present with full authority to negotiate a settlement and recommend that the board of administration ratify and approve such a settlement within 5 days from the date of the mediation conference. ~~The mediator or Citizens Dispute Settlement Center may charge fees for handling these cases.~~ The parties shall share equally the expense of mediation, unless they agree otherwise.

(g) The purpose of mediation as provided for by this section is to present the parties with an opportunity to resolve the underlying dispute ~~in good faith, and~~ with a minimum expenditure of time and resources.

(h) Mediation proceedings must generally be conducted in accordance with the Florida Rules of Civil Procedure, and these proceedings are privileged and confidential to the same extent as court-ordered mediation. Persons who are not parties to the dispute are not allowed to attend the mediation conference without the consent of all parties, with the exception of counsel for the parties and corporate representatives designated to appear for a party. ~~If the case was referred to mediation by an arbitrator and the mediator declares an impasse after a mediation conference ends in an impasse has been held,~~ the arbitration proceeding terminates, unless all parties agree in writing to continue the arbitration proceeding, in which case the arbitrator's decision shall be either binding or nonbinding, as agreed upon by the parties; in the arbitration proceeding, the arbitrator shall not consider any evidence relating to the unsuccessful mediation except in a proceeding to impose sanctions for failure to appear at the mediation conference. If the parties do not agree to continue arbitration, the arbitrator shall enter an order of dismissal, and either party may institute a suit in a court of competent jurisdiction. ~~If the case was referred to mediation by the division and ends in an impasse, either party may institute a suit in a court of competent jurisdiction.~~ The parties may seek to recover any costs and attorneys' fees incurred in connection with arbitration and mediation proceedings under this section as part of the costs and fees that may be recovered by the prevailing party in any subsequent litigation.

(i) Arbitration shall be conducted according to rules promulgated by the division. The filing of a petition for arbitration shall toll the applicable statute of limitations.

(j) At the request of any party to the arbitration, such arbitrator shall issue subpoenas for the attendance of witnesses and the production of books, records, documents, and other evidence and any party on whose behalf a subpoena is issued may apply to the court for orders compelling such attendance and production. Subpoenas shall be served and shall be enforceable in the manner provided by the Florida Rules of Civil Procedure. Discovery may, in the discretion of the arbitrator, be permitted in the manner provided by the Florida Rules of Civil Procedure. Rules adopted by the division may authorize any reasonable sanctions except contempt for a violation of the arbitration procedural rules of the division or for the failure of a party to comply with a reasonable nonfinal order issued by an arbitrator which is not under judicial review.

(k) The arbitration decision shall be presented to the parties in writing. An arbitration decision is final in those disputes in which the parties have agreed to be bound. An arbitration decision is also final if a complaint for a trial de novo is not filed in a court of competent jurisdiction in which the condominium is located within 30 days. The right to file for a trial de novo entitles the parties to file a complaint in the appropriate trial court for a judicial resolution of the dispute. The prevailing party in an arbitration proceeding shall be awarded the costs of the arbitration and reasonable attorney's fees in an amount determined by the arbitrator. Such an award shall include the costs and reasonable attorney's fees incurred in the arbitration proceeding as well as the costs and reasonable attorney's fees incurred in preparing for and attending any scheduled mediation.

(l) The party who files a complaint for a trial de novo shall be assessed the other party's arbitration costs, court costs, and other reasonable costs, including attorney's fees, investigation expenses, and expenses for expert or other testimony or evidence incurred after the arbitration hearing if the judgment upon the trial de novo is not more favorable than the arbitration decision. If the judgment is more favorable, the party who filed a complaint for trial de novo shall be awarded reasonable court costs and attorney's fees.

(m) Any party to an arbitration proceeding may enforce an arbitration award by filing a petition in a court of competent jurisdiction in which the condominium is located. A petition may not be granted unless the time for appeal by the filing of a complaint for trial de novo has expired. If a complaint for a trial de novo has been filed, a petition may not be granted with respect to an arbitration award that has been stayed. If the petition for enforcement is granted, the petitioner shall recover reasonable attorney's fees and costs incurred in enforcing the arbitration award. A mediation settlement may also be enforced through the county or circuit court, as applicable, *by the filing of a court case.* and Any costs and fees incurred in the enforcement of a settlement agreement reached at mediation must be awarded to the prevailing party in any enforcement action.

(n) *In the resolution of these cases on the local level, past precedent of prior division arbitration decisions shall be considered and followed where appropriate.*

(4) **EXEMPTIONS.**—*A dispute is not subject to resolution under this section if it includes any disagreement that primarily involves:*

- (a) *Title to any unit or common element;*
- (b) *The interpretation or enforcement of any warranty;*
- (c) *The levy of a fee or assessment or the collection of an assessment levied against a party;*
- (d) *The eviction or other removal of a tenant from a unit;*
- (e) *Alleged breaches of fiduciary duty by one or more directors; or*
- (f) *Claims for damages to a unit based upon the alleged failure of the association to maintain the common elements or condominium property.*

(5) **DISPUTES INVOLVING ELECTION IRREGULARITIES.**—*Every arbitration petition received by the division and required to be filed under this section challenging the legality of the election of any director of the board of administration shall be handled on an expedited basis in the manner provided by division rules for recall arbitration disputes.*

Section 72. *The Division of Condominiums, Timeshare, and Mobile Homes of the Department of Business and Professional Regulation shall continue the arbitration of any cases which qualified for arbitration on the date the case was filed with the division and which were filed with the division prior to the date on which this act becomes law.*

Section 73. *There is appropriated 1 FTE and \$440,626 from the Division of Condominiums, Timeshare, and Mobile Homes Trust Fund to the Department of Business and Professional Regulation for the purpose of investigating and resolving disputes and dealing with compliance issues relating to condominiums and cooperatives. This appropriation shall not take effect if a similar amount of funding is included in the various appropriations for compliance and enforcement in the Florida Condominiums, Timeshare, and Mobile Homes program in the fiscal year 2001-2002 General Appropriations Act.*

Section 74. Section 718.501, Florida Statutes, is amended to read:

718.501 Powers and duties of Division of ~~Florida Land Sales~~, Condominiums, *Timeshare*, and Mobile Homes.—

(1) The Division of ~~Florida Land Sales~~, Condominiums, *Timeshare*, and Mobile Homes of the Department of Business and Professional Regulation, referred to as the "division" in this part, in addition to other powers and duties prescribed by chapter 498, has the power to enforce and ensure compliance with the provisions of this chapter and rules ~~adopted~~ promulgated pursuant hereto relating to the development, construction, sale, lease, ownership, operation, and management of residential condominium units. In performing its duties, the division has the following powers and duties:

(a) The division may make necessary public or private investigations within or outside this state to determine whether any person has violated this chapter or any rule or order hereunder, to aid in the enforcement of this chapter, or to aid in the adoption of rules or forms hereunder.

(b) The division may require or permit any person to file a statement in writing, under oath or otherwise, as the division determines, as to the facts and circumstances concerning a matter to be investigated.

(c) For the purpose of any investigation under this chapter, the division director or any officer or employee designated by the division director may administer oaths or affirmations, subpoena witnesses and compel their attendance, take evidence, and require the production of any matter which is relevant to the investigation, including the existence, description, nature, custody, condition, and location of any books, documents, or other tangible things and the identity and location of persons having knowledge of relevant facts or any other matter reasonably calculated to lead to the discovery of material evidence. Upon the failure by a person to obey a subpoena or to answer questions propounded by the investigating officer and upon reasonable notice to all persons affected thereby, the division may apply to the circuit court for an order compelling compliance.

(d) Notwithstanding any remedies available to unit owners and associations, if the division has reasonable cause to believe that a violation of any provision of this chapter or rule promulgated pursuant hereto has occurred, the division may institute enforcement proceedings in its own name against any developer, association, officer, or member of the board of administration, or its assignees or agents, as follows:

1. The division may permit a person whose conduct or actions may be under investigation to waive formal proceedings and enter into a consent proceeding whereby orders, rules, or letters of censure or warning, whether formal or informal, may be entered against the person.

2. The division may issue an order requiring the developer, association, officer, or member of the board of administration, or its assignees or agents, to cease and desist from the unlawful practice and take such affirmative action as in the judgment of the division will carry out the purposes of this chapter. Such affirmative action may include, but is not limited to, an order requiring a developer to pay moneys determined to be owed to a condominium association.

3. The division may bring an action in circuit court on behalf of a class of unit owners, lessees, or purchasers for declaratory relief, injunctive relief, or restitution.

4. The division may impose a civil penalty against a developer or association, or its assignee or agent, for any violation of this chapter or a rule promulgated pursuant hereto. The division may impose a civil penalty individually against any officer or board member who willfully and knowingly violates a provision of this chapter, a rule adopted pursuant hereto, or a final order of the division. The term "willfully and knowingly" means that the division informed the officer or board member that his or her action or intended action violates this chapter, a rule adopted under this chapter, or a final order of the division and that the officer or board member refused to comply with the requirements of this chapter, a rule adopted under this chapter, or a final order of the division. The division, prior to initiating formal agency action under chapter 120, shall afford the officer or board member an opportunity to voluntarily comply with this chapter, a rule adopted under this chapter, or a final order of the division. An officer or board member who complies within 10 days is not subject to a civil penalty. A penalty may be imposed on the

basis of each day of continuing violation, but in no event shall the penalty for any offense exceed \$5,000. By January 1, 1998, the division shall adopt, by rule, penalty guidelines applicable to possible violations or to categories of violations of this chapter or rules adopted by the division. The guidelines must specify a meaningful range of civil penalties for each such violation of the statute and rules and must be based upon the harm caused by the violation, the repetition of the violation, and upon such other factors deemed relevant by the division. For example, the division may consider whether the violations were committed by a developer or owner-controlled association, the size of the association, and other factors. The guidelines must designate the possible mitigating or aggravating circumstances that justify a departure from the range of penalties provided by the rules. It is the legislative intent that minor violations be distinguished from those which endanger the health, safety, or welfare of the condominium residents or other persons and that such guidelines provide reasonable and meaningful notice to the public of likely penalties that may be imposed for proscribed conduct. This subsection does not limit the ability of the division to informally dispose of administrative actions or complaints by stipulation, agreed settlement, or consent order. All amounts collected shall be deposited with the Treasurer to the credit of the Division of ~~Florida Land Sales, Condominiums, Timeshare, and Mobile Homes Trust Fund~~. If a developer fails to pay the civil penalty, the division shall thereupon issue an order directing that such developer cease and desist from further operation until such time as the civil penalty is paid or may pursue enforcement of the penalty in a court of competent jurisdiction. If an association fails to pay the civil penalty, the division shall thereupon pursue enforcement in a court of competent jurisdiction, and the order imposing the civil penalty or the cease and desist order will not become effective until 20 days after the date of such order. Any action commenced by the division shall be brought in the county in which the division has its executive offices or in the county where the violation occurred.

(e) The division is authorized to prepare and disseminate a prospectus and other information to assist prospective owners, purchasers, lessees, and developers of residential condominiums in assessing the rights, privileges, and duties pertaining thereto.

(f) The division has authority to adopt rules pursuant to ss. 120.536(1) and 120.54 to implement and enforce the provisions of this chapter.

(g) The division shall establish procedures for providing notice to an association when the division is considering the issuance of a declaratory statement with respect to the declaration of condominium or any related document governing in such condominium community.

(h) The division shall furnish each association which pays the fees required by paragraph (2)(a) a copy of this act, subsequent changes to this act on an annual basis, an amended version of this act as it becomes available from the Secretary of State's office on a biennial basis, and the rules promulgated pursuant thereto on an annual basis.

(i) The division shall annually provide each association with a summary of declaratory statements and formal legal opinions relating to the operations of condominiums which were rendered by the division during the previous year.

(j) The division shall provide training programs for condominium association board members and unit owners.

(k) The division shall maintain a toll-free telephone number accessible to condominium unit owners.

(l) The division shall develop a program to certify both volunteer and paid mediators to provide mediation of condominium disputes. The division shall provide, upon request, a list of such mediators to any association, unit owner, or other participant in arbitration proceedings under s. 718.1255 requesting a copy of the list. The division shall include on the list of volunteer mediators only the names of persons who have received at least 20 hours of training in mediation techniques or who have mediated at least 20 disputes. In order to become initially certified by the division, paid mediators must be certified by the Supreme Court to mediate court cases in either county or circuit courts. However, the division may adopt, by rule, additional factors for the certification of paid mediators, which factors must be related to experience, education, or background. Any person initially certified as a paid mediator by the division must, in order to continue to be certified, comply with the factors or requirements imposed by rules adopted by the division.

(m) When a complaint is made, the division shall conduct its inquiry with due regard to the interests of the affected parties. Within 30 days after receipt of a complaint, the division shall acknowledge the complaint in writing and notify the complainant whether the complaint is within the jurisdiction of the division and whether additional information is needed by the division from the complainant. The division shall conduct its investigation and shall, within 90 days after receipt of the original complaint or of timely requested additional information, take action upon the complaint. However, the failure to complete the investigation within 90 days does not prevent the division from continuing the investigation, accepting or considering evidence obtained or received after 90 days, or taking administrative action if reasonable cause exists to believe that a violation of this chapter or a rule of the division has occurred. If an investigation is not completed within the time limits established in this paragraph, the division shall, on a monthly basis, notify the complainant in writing of the status of the investigation. When reporting its action to the complainant, the division shall inform the complainant of any right to a hearing pursuant to ss. 120.569 and 120.57.

(2)(a) Effective January 1, 1992, each condominium association which operates more than two units shall pay to the division an annual fee in the amount of \$4 for each residential unit in condominiums operated by the association. If the fee is not paid by March 1, then the association shall be assessed a penalty of 10 percent of the amount due, and the association will not have standing to maintain or defend any action in the courts of this state until the amount due, plus any penalty, is paid.

(b) All fees shall be deposited in the Division of ~~Florida Land Sales, Condominiums, Timeshare, and Mobile Homes Trust Fund~~ as provided by law.

Section 75. Paragraph (a) of subsection (2) of section 718.502, Florida Statutes, is amended to read:

718.502 Filing prior to sale or lease.—

(2)(a) Prior to filing as required by subsection (1), and prior to acquiring an ownership, leasehold, or contractual interest in the land upon which the condominium is to be developed, a developer shall not offer a contract for purchase of a unit or lease of a unit for more than 5 years. However, the developer may accept deposits for reservations upon the approval of a fully executed escrow agreement and reservation agreement form properly filed with the division of ~~Florida Land Sales, Condominiums, and Mobile Homes~~. Each filing of a proposed reservation program shall be accompanied by a filing fee of \$250. Reservations shall not be taken on a proposed condominium unless the developer has an ownership, leasehold, or contractual interest in the land upon which the condominium is to be developed. The division shall notify the developer within 20 days of receipt of the reservation filing of any deficiencies contained therein. Such notification shall not preclude the determination of reservation filing deficiencies at a later date, nor shall it relieve the developer of any responsibility under the law. The escrow agreement and the reservation agreement form shall include a statement of the right of the prospective purchaser to an immediate unqualified refund of the reservation deposit moneys upon written request to the escrow agent by the prospective purchaser or the developer.

Section 76. Section 718.504, Florida Statutes, is amended to read:

718.504 Prospectus or offering circular.—Every developer of a residential condominium which contains more than 20 residential units, or which is part of a group of residential condominiums which will be served by property to be used in common by unit owners of more than 20 residential units, shall prepare a prospectus or offering circular and file it with the division of ~~Florida Land Sales, Condominiums, and Mobile Homes~~ prior to entering into an enforceable contract of purchase and sale of any unit or lease of a unit for more than 5 years and shall furnish a copy of the prospectus or offering circular to each buyer. In addition to the prospectus or offering circular, each buyer shall be furnished a separate page entitled "Frequently Asked Questions and Answers," which shall be in accordance with a format approved by the division and a copy of the financial information required by s. 718.111. An officer or board member who complies within 10 days is not subject to a civil penalty. A penalty may be imposed on the basis of each day of continuing violation, but in no event shall the penalty for any offense exceed \$5,000. By January 1, 1998, the division shall adopt, by rule, penalty guidelines applicable to possible violations or to categories of violations of this chapter or rules adopted by the division. The guidelines must specify a meaningful range of civil penalties for each such violation of the statute and rules and must be based upon the harm caused by the violation, the repetition of the violation, and upon such other factors deemed relevant by the division. For example, the division may consider whether the violations were committed by a developer or owner-controlled association, the size of the association, and other factors. The guidelines must designate the possible mitigating or aggravating circumstances that justify a departure from the range of penalties provided by the rules. It is the legislative intent that minor violations be distinguished from those which endanger the health, safety, or welfare of the cooperative residents or other persons and that such guidelines provide reasonable and meaningful notice to the public of likely penalties that may be imposed for proscribed conduct. This subsection does not limit the ability of the division to informally dispose of administrative actions or complaints by stipulation, agreed settlement, or consent order. All amounts collected shall be deposited with the Treasurer to the credit of the Division of ~~Florida Land Sales~~, Condominiums, *Timeshare*, and Mobile Homes Trust Fund. If a developer fails to pay the civil penalty, the division shall thereupon issue an order directing that such developer cease and desist from further operation until such time as the civil penalty is paid or may pursue enforcement of the penalty in a court of competent jurisdiction. If an association fails to pay the civil penalty, the division shall thereupon pursue enforcement in a court of competent jurisdiction, and the order imposing the civil penalty or the cease and desist order shall not become

effective until 20 days after the date of such order. Any action commenced by the division shall be brought in the county in which the division has its executive offices or in the county where the violation occurred.

(e) The division is authorized to prepare and disseminate a prospectus and other information to assist prospective owners, purchasers, lessees, and developers of residential cooperatives in assessing the rights, privileges, and duties pertaining thereto.

(f) The division has authority to adopt rules pursuant to ss. 120.536(1) and 120.54 to implement and enforce the provisions of this chapter.

(g) The division shall establish procedures for providing notice to an association when the division is considering the issuance of a declaratory statement with respect to the cooperative documents governing such cooperative community.

(h) The division shall furnish each association which pays the fees required by paragraph (2)(a) a copy of this act, subsequent changes to this act on an annual basis, an amended version of this act as it becomes available from the Secretary of State's office on a biennial basis, and the rules promulgated pursuant thereto on an annual basis.

(i) The division shall annually provide each association with a summary of declaratory statements and formal legal opinions relating to the operations of cooperatives which were rendered by the division during the previous year.

(j) The division shall adopt uniform accounting principles, policies, and standards to be used by all associations in the preparation and presentation of all financial statements required by this chapter. The principles, policies, and standards shall take into consideration the size of the association and the total revenue collected by the association.

(k) The division shall provide training programs for cooperative association board members and unit owners.

(l) The division shall maintain a toll-free telephone number accessible to cooperative unit owners.

(m) When a complaint is made to the division, the division shall conduct its inquiry with reasonable dispatch and with due regard to the interests of the affected parties. Within 30 days after receipt of a complaint, the division shall acknowledge the complaint in writing and notify the complainant whether the complaint is within the jurisdiction of the division and whether additional information is needed by the division from the complainant. The division shall conduct its investigation and shall, within 90 days after receipt of the original complaint or timely requested additional information, take action upon the complaint. However, the failure to complete the investigation within 90 days does not prevent the division from continuing the investigation, accepting or considering evidence obtained or received after 90 days, or taking administrative action if reasonable cause exists to believe that a violation of this chapter or a rule of the division has occurred. If an investigation is not completed within the time limits established in this paragraph, the division shall, on a monthly basis, notify the complainant in writing of the status of the investigation. When reporting its action to the complainant, the division shall inform the complainant of any right to a hearing pursuant to ss. 120.569 and 120.57.

(n) The division shall develop a program to certify both volunteer and paid mediators to provide mediation of cooperative disputes. The division shall provide, upon request, a list of such mediators to any association, unit owner, or other participant in arbitration proceedings under s. 718.1255 requesting a copy of the list. The division shall include on the list of voluntary mediators only persons who have received at least 20 hours of training in mediation techniques or have mediated at least 20 disputes. In order to become initially certified by the division, paid mediators must be certified by the Supreme Court to mediate court cases in either county or circuit courts. However, the division may adopt, by rule, additional factors for the certification of paid mediators, which factors must be related to experience, education, or background. Any person initially certified as a paid mediator by the division must, in order to continue to be certified, comply with the factors or requirements imposed by rules adopted by the division.

(2)(a) Each cooperative association shall pay to the division, on or before January 1 of each year, an annual fee in the amount of \$4 for each residential unit in cooperatives operated by the association. If the fee is not paid by March 1, then the association shall be assessed a penalty of 10 percent of the amount due, and the association shall not have the standing to maintain or defend any action in the courts of this state until the amount due is paid.

(b) All fees shall be deposited in the Division of ~~Florida Land Sales, Condominiums, Timeshare, and Mobile Homes Trust Fund~~ as provided by law.

Section 83. Paragraph (a) of subsection (2) of section 719.502, Florida Statutes, is amended to read:

(2)(a) Prior to filing as required by subsection (1), and prior to acquiring an ownership, leasehold, or contractual interest in the land upon which the cooperative is to be developed, a developer shall not offer a contract for purchase or lease of a unit for more than 5 years. However, the developer may accept deposits for reservations upon the approval of a fully executed escrow agreement and reservation agreement form properly filed with the division of ~~Florida Land Sales, Condominiums, and Mobile Homes~~. Each filing of a proposed reservation program shall be accompanied by a filing fee of \$250. Reservations shall not be taken on a proposed cooperative unless the developer has an ownership, leasehold, or contractual interest in the land upon which the cooperative is to be developed. The division shall notify the developer within 20 days of receipt of the reservation filing of any deficiencies contained therein. Such notification shall not preclude the determination of reservation filing deficiencies at a later date, nor shall it relieve the developer of any responsibility under the law. The escrow agreement and the reservation agreement form shall include a statement of the right of the prospective purchaser to an immediate unqualified refund of the reservation deposit moneys upon written request to the escrow agent by the prospective purchaser or the developer.

721.07 Public offering statement.—Prior to offering any timeshare plan, the developer must submit a registered public offering statement to the division for approval as prescribed by s. 721.03, s. 721.55, or this section. Until the division approves such filing, any contract regarding the sale of that timeshare plan is voidable by the purchaser.

(2)

(d) A developer shall have the authority to deliver to purchasers any purchaser public offering statement that is not yet approved by the division, provided that the following shall apply:

1. At the time the developer delivers an unapproved purchaser public offering statement to a purchaser pursuant to this paragraph, the developer shall deliver a fully completed and executed copy of the purchase contract required by s. 721.06 that contains the following statement in conspicuous type in substantially the following form which shall replace the statements required by s. 721.06(1)(g):

The developer is delivering to you a public offering statement that has been filed with but not yet approved by the Division of ~~Florida Land Sales~~, Condominiums, *Timeshare*, and Mobile Homes. Any revisions to the unapproved public offering statement you have received must be delivered to you, but only if the revisions materially alter or modify the offering in a manner adverse to you. After the division approves the public offering statement, you will receive notice of the approval from the developer and the required revisions, if any.

Your statutory right to cancel this transaction without any penalty or obligation expires 10 calendar days after the date you signed your purchase contract or 10 calendar days after you receive revisions required to be delivered to you, if any, whichever is later.

2. After receipt of approval from the division and prior to closing, if any revisions made to the documents contained in the purchaser public offering statement materially alter or modify the offering in a manner adverse to a purchaser, the developer shall send the purchaser such revisions together with a notice containing a statement in conspicuous type in substantially the following form:

The unapproved public offering statement previously delivered to you, together with the enclosed revisions, has been approved by the Division of ~~Florida Land Sales~~, Condominiums, *Timeshare*, and Mobile Homes. If you have any questions regarding your cancellation rights, you may contact the division at [insert division's current address].

3. After receipt of approval from the division and prior to closing, if no revisions have been made to the documents contained in the unapproved purchaser public offering statement, or if such revisions do not materially alter or modify the offering in a manner adverse to a purchaser, the developer shall send the purchaser a notice containing a statement in conspicuous type in substantially the following form:

The unapproved public offering statement previously delivered to you has been approved by the Division of ~~Florida Land Sales~~, Condominiums, *Timeshare*, and Mobile Homes. Revisions made to the unapproved public offering statement, if any, are either not required to be delivered to you or are not deemed by the developer, in its opinion, to materially alter or modify the offering in a manner that is adverse to you. Accordingly, your cancellation right expired 10 days after you signed your purchase contract. A complete copy of the approved public offering statement is available through the managing entity for inspection as part of the books and records of the plan. If you have any questions regarding your cancellation rights, you may contact the division at [insert division's current address].

Section 89. Subsection (8) of section 721.08, Florida Statutes, is amended to read:

(8) An escrow agent holding escrowed funds pursuant to this chapter that have not been claimed for a period of 5 years after the date of deposit shall make at least one reasonable attempt to deliver such unclaimed funds to the purchaser who submitted such funds to escrow. In making such attempt, an escrow agent is entitled to rely on a purchaser's last known address as set forth in the books and records of the escrow agent and is not required to conduct any further search for the purchaser. If an escrow agent's attempt to deliver unclaimed funds to any purchaser is unsuccessful, the escrow agent may deliver such unclaimed funds to the division and the division shall deposit such unclaimed funds in the Division of ~~Florida Land Sales~~, Condominiums, *Timeshare*, and Mobile Homes Trust Fund, 30 days after giving notice in a publication of general circulation in the county in which the timeshare property containing the purchaser's timeshare interest is located. The purchaser may claim the same at any time prior to the delivery of such funds to the division. After delivery of such funds to the division, the purchaser shall have no more rights to the unclaimed funds. The escrow agent shall not be liable for any claims from any party arising out of the escrow agent's delivery of the unclaimed funds to the division pursuant to this section.

Section 90. Section 721.26, Florida Statutes, is amended to read:

721.26 Regulation by division.—The division has the power to enforce and ensure compliance with the provisions of this chapter, except for parts III and IV, using the powers provided in this chapter, as well as the powers prescribed in chapters 498, 718, and 719. In performing its duties, the division shall have the following powers and duties:

(1) To aid in the enforcement of this chapter, or any division rule or order promulgated or issued pursuant to this chapter, the division may make necessary public or private investigations within or outside this state to determine whether any person has violated or is about to violate this chapter, or any division rule or order promulgated or issued pursuant to this chapter.

(2) The division may require or permit any person to file a written statement under oath or otherwise, as the division determines, as to the facts and circumstances concerning a matter under investigation.

(3) For the purpose of any investigation under this chapter, the director of the division or any officer or employee designated by the director may administer oaths or affirmations, subpoena witnesses and compel their attendance, take evidence, and require the production of any matter which is relevant to the investigation, including the identity, existence, description, nature, custody, condition, and location of any books, documents, or other tangible things and the identity and location of persons having knowledge of relevant facts or any other matter reasonably calculated to lead to the discovery of material evidence. Failure to obey a subpoena or to answer questions propounded by the investigating officer and upon reasonable notice to all persons affected thereby shall be a violation of this chapter. In addition to the other enforcement powers authorized in this subsection, the division may, at its discretion, apply to the circuit court for an order compelling compliance.

(4) The division may prepare and disseminate a prospectus and other information to assist prospective purchasers, sellers, and managing entities of timeshare plans in assessing the rights, privileges, and duties pertaining thereto.

(5) Notwithstanding any remedies available to purchasers, if the division has reasonable cause to believe that a violation of this chapter, or of any division rule or order promulgated or issued pursuant to this chapter, has occurred, the division may institute enforcement proceedings in its own name against any regulated party, as such term is defined in this subsection:

(a)1. "Regulated party," for purposes of this section, means any developer, exchange company, seller, managing entity, association, association director, association officer, manager, management firm, escrow agent, trustee, any respective assignees or agents, or any other person having duties or obligations pursuant to this chapter.

2. Any person who materially participates in any offer or disposition of any interest in, or the management or operation of, a timeshare plan in violation of this chapter or relevant rules involving fraud, deception, false pretenses, misrepresentation, or false advertising or the disbursement, concealment, or diversion of any funds or assets, which conduct adversely affects the interests of a purchaser, and which person directly or indirectly controls a regulated party or is a general partner, officer, director, agent, or employee of such regulated party, shall be jointly and severally liable under this subsection with such regulated party, unless such person did not know, and in the exercise of reasonable care could not have known, of the existence of the facts giving rise to the violation of this chapter. A right of contribution shall exist among jointly and severally liable persons pursuant to this paragraph.

(b) The division may permit any person whose conduct or actions may be under investigation to waive formal proceedings and enter into a consent proceeding whereby an order, rule, or letter of censure or warning, whether formal or informal, may be entered against that person.

(c) The division may issue an order requiring a regulated party to cease and desist from an unlawful practice under this chapter and take such affirmative action as in the judgment of the division will carry out the purposes of this chapter.

(d)1. The division may bring an action in circuit court for declaratory or injunctive relief or for other appropriate relief, including restitution.

2. The division shall have broad authority and discretion to petition the circuit court to appoint a receiver with respect to any managing entity which fails to perform its duties and obligations under this chapter with respect to the operation of a timeshare plan. The circumstances giving rise to an appropriate petition for receivership under this subparagraph include, but are not limited to:

a. Damage to or destruction of any of the accommodations or facilities of a timeshare plan, where the managing entity has failed to repair or reconstruct same.

b. A breach of fiduciary duty by the managing entity, including, but not limited to, undisclosed self-dealing or failure to timely assess, collect, or disburse the common expenses of the timeshare plan.

c. Failure of the managing entity to operate the timeshare plan in accordance with the timeshare instrument and this chapter.

If, under the circumstances, it appears that the events giving rise to the petition for receivership cannot be reasonably and timely corrected in a cost-effective manner consistent with the timeshare instrument, the receiver may petition the circuit court to implement such amendments or revisions to the timeshare instrument as may be necessary to enable the managing entity to resume effective operation of the timeshare plan, or to enter an order terminating the timeshare plan, or to enter such further orders regarding the disposition of the timeshare property as the court deems appropriate, including the disposition and sale of the timeshare property held by the association or the purchasers. In the event of a receiver's sale, all rights, title, and interest held by the association or any purchaser shall be extinguished and title shall vest in the buyer. This provision applies to timeshare estates and timeshare licenses. All reasonable costs and fees of the receiver relating to the receivership shall become common expenses of the timeshare plan upon order of the court.

3. The division may revoke its approval of any filing for any timeshare plan for which a petition for receivership has been filed pursuant to this paragraph.

(e)1. The division may impose a penalty against any regulated party for a violation of this chapter or any rule adopted thereunder. A penalty may be imposed on the basis of each day of continuing violation, but in no event may the penalty for any offense exceed \$10,000. All accounts collected shall be deposited with the Treasurer to the credit of the Division of ~~Florida Land Sales~~, Condominiums, *Timeshare*, and Mobile Homes Trust Fund.

2.a. If a regulated party fails to pay a penalty, the division shall thereupon issue an order directing that such regulated party cease and desist from further operation until such time as the penalty is paid; or the division may pursue enforcement of the penalty in a court of competent jurisdiction.

b. If an association or managing entity fails to pay a civil penalty, the division may pursue enforcement in a court of competent jurisdiction.

(f) In order to permit the regulated party an opportunity either to appeal such decision administratively or to seek relief in a court of competent jurisdiction, the order imposing the penalty or the cease and desist order shall not become effective until 20 days after the date of such order.

(g) Any action commenced by the division shall be brought in the county in which the division has its executive offices or in the county where the violation occurred.

(h) Notice to any regulated party shall be complete when delivered by United States mail, return receipt requested, to the party's address currently on file with the division or to such other address at which the division is able to locate the party. Every regulated party has an affirmative duty to notify the division of any change of address at least 5 business days prior to such change.

(6) The division has authority to adopt rules pursuant to ss. 120.536(1) and 120.54 to implement and enforce the provisions of this chapter.

(7)(a) The use of any unfair or deceptive act or practice by any person in connection with the sales or other operations of an exchange program or timeshare plan is a violation of this chapter.

(b) Any violation of the Florida Deceptive and Unfair Trade Practices Act, ss. 501.201 et seq., relating to the creation, promotion, sale, operation, or management of any timeshare plan shall also be a violation of this chapter.

(c) The division is authorized to institute proceedings against any such person and take any appropriate action authorized in this section in connection therewith, notwithstanding any remedies available to purchasers.

(8) The failure of any person to comply with any order of the division is a violation of this chapter.

(1)

(c) The director may designate funds from the Division of ~~Florida Land Sales~~, Condominiums, *Timeshare*, and Mobile Homes Trust Fund, not to exceed \$50,000 annually, to support the projects and proposals undertaken pursuant to paragraph (b). All state trust funds to be expended pursuant to this section must be matched equally with private moneys and shall comprise no more than half of the total moneys expended annually.

Section 93. Section 721.50, Florida Statutes, is amended to read:

721.50 Short title.—This part may be cited as the "McAllister Act" in recognition and appreciation for the years of extraordinary and insightful contributions by Mr. Bryan C. McAllister, Examinations Supervisor, *former* Division of Florida Land Sales, Condominiums, and Mobile Homes.

Section 94. Subsection (10) of section 721.82, Florida Statutes, is amended to read:

721.82 Definitions.—As used in this part, the term:

(10) "Registered agent" means an agent duly appointed by the obligor under s. 721.84 for the purpose of accepting all notices and service of process under this part for the obligor. A registered agent may be an individual resident in this state whose business office qualifies as a registered office, or a domestic or foreign corporation or a not-for-profit corporation as defined in chapter 617 authorized to transact business or to conduct its affairs in this state, whose business office qualifies as a registered office. (5) A registered agent may resign his or her agency appointment for any obligor for which he or she serves as registered agent, provided that:

(a) The resigning registered agent executes a written statement of resignation that identifies himself or herself and the street address of his or her registered office, and identifies the obligors affected by his or her resignation;

2. *The registered agent provides 120 days' prior written notice to the mortgagee as to the mortgage lien and to the owners' association of the timeshare plan as to the assessment lien of its intent to deliver the statement of resignation. Prior to the effective date of termination of the resigning registered agent's agency and registered office, a The resigning registered agent may designate the successor registered agent; however, if the resigning registered agent fails to designate a successor registered agent or the designated successor registered agent fails to accept, the successor registered agent for the affected obligors may be designated by the mortgagee as to the mortgage lien and by the owners' association of the timeshare plan as to the assessment lien; and*

(c)1. *If a successor registered agent is appointed under subparagraph (b)1., copies of the statement of resignation and acceptance of appointment as successor registered agent are promptly mailed to the affected*

obligors at the obligors' last designated address shown on the records of the resigning registered agent and to the affected lienholders; or-

2. *If a resigning registered agent has previously provided notice under subparagraph (b)2., a copy of the statement of resignation is promptly mailed to the affected obligors at the obligor's last designated address shown on the records of the resigning registered agent and a copy of the statement of resignation and a list of the obligors' last designated addresses shown on the records of the resigning registered agent are promptly mailed to the affected lienholders.*

(7) *If a resigning registered agent has previously provided notice under subparagraph (5)(b)2. and a successor registered agent is not designated or the designated successor registered agent fails to accept the appointment as registered agent, the agency and registered office of the resigning registered agent are terminated effective as of the 10th day after the date on which the statement of resignation and list of obligors required by subparagraph (5)(c)2. are received by the lienholder, unless a longer period is provided in the statement of resignation. Section 96. Subsection (1) of section 723.003, Florida Statutes, is amended to read:

723.003 Definitions.—As used in this chapter, the following words and terms have the following meanings unless clearly indicated otherwise:

(1) The term "division" means the Division of ~~Florida Land Sales, Condominiums, Timeshare, and Mobile Homes~~ of the Department of Business and Professional Regulation.

Section 97. Paragraph (e) of subsection (5) of section 723.006, Florida Statutes, is amended to read:

723.006 Powers and duties of division.—In performing its duties, the division has the following powers and duties:

(5) Notwithstanding any remedies available to mobile home owners, mobile home park owners, and homeowners' associations, if the division has reasonable cause to believe that a violation of any provision of this chapter or any rule promulgated pursuant hereto has occurred, the division may institute enforcement proceedings in its own name against a developer, mobile home park owner, or homeowners' association, or its assignee or agent, as follows:

(e)1. The division may impose a civil penalty against a mobile home park owner or homeowners' association, or its assignee or agent, for any violation of this chapter, a properly promulgated park rule or regulation, or a rule or regulation promulgated pursuant hereto. A penalty may be imposed on the basis of each separate violation and, if the violation is a continuing one, for each day of continuing violation, but in no event may the penalty for each separate violation or for each day of continuing violation exceed \$5,000. All amounts collected shall be deposited with the Treasurer to the credit of the Division of ~~Florida Land Sales, Condominiums, Timeshare, and Mobile Homes Trust Fund.~~

2. If a violator fails to pay the civil penalty, the division shall thereupon issue an order directing that such violator cease and desist from further violation until such time as the civil penalty is paid or may pursue enforcement of the penalty in a court of competent jurisdiction. If a homeowners' association fails to pay the civil penalty, the division shall thereupon pursue enforcement in a court of competent jurisdiction, and the order imposing the civil penalty or the cease and desist order shall not become effective until 20 days after the date of such order. Any action commenced by the division shall be brought in the county in which the division has its executive offices or in which the violation occurred.

Section 98. Section 723.0065, Florida Statutes, is amended to read:

723.0065 Public records exemption; findings.—The Legislature, in narrowing the existing public records exemption pursuant to s. 1, chapter 94-78, Laws of Florida, finds that a public necessity exists to keep confidential and retain the public records exemption for financial records of mobile home park owners acquired by the division of ~~Florida Land Sales, Condominiums, and Mobile Homes~~ when performing its duties under the Florida Mobile Home Act unless the mobile home park owner has violated the provisions of this chapter. In that case, only those financial records that are specifically relevant to the finding of violation should be released. If it were otherwise, the division would encounter difficulties in procuring such proprietary information which would impede the effective and efficient performance of the division's public duties. Additionally, release of such proprietary information would harm the business interests of innocent mobile home park owners to the advantage of competitors and potential purchasers. Effective monitoring of the division's performance of its duties can be conducted without access to these records, and these records are otherwise available pursuant to a civil complaint as envisioned by the act. Accordingly, the public good served by access to financial records of a mobile home park owner who has not violated the provisions of this chapter is outweighed by the interference with division investigations and the private harm that could be caused by allowing such access.

Section 99. Section 723.009, Florida Statutes, is amended to read:

723.009 Division of ~~Florida Land Sales, Condominiums, Timeshare, and Mobile Homes Trust Fund.~~—All proceeds from the fees, penalties, and fines imposed pursuant to this chapter shall be deposited into the Division of ~~Florida Land Sales, Condominiums, Timeshare, and Mobile Homes Trust Fund~~ created by s. ~~718.509 498.019~~. Moneys in this fund, as appropriated by the Legislature pursuant to chapter 216, may be used to defray the expenses incurred by the division in administering the provisions of this chapter.

Section 100. Subsection (2) of section 73.073, Florida Statutes, is amended to read:

73.073 Eminent domain procedure with respect to condominium common elements.—

(2) With respect to the exercise of eminent domain or a negotiated sale for the purchase or taking of a portion of the common elements of a condominium, the condemning authority shall have the responsibility of contacting the condominium association and acquiring the most recent rolls indicating the names of the unit owners or contacting the appropriate taxing authority to obtain the names of the owners of record on the tax rolls. Notification shall thereupon be sent by certified mail, return receipt requested, to the unit owners of record of the condominium units by the condemning authority indicating the intent to purchase or take the required property and requesting a response from the unit owner. The condemning authority shall be responsible for the expense of sending notification pursuant to this section. Such notice shall, at a minimum, include:

- (f) A clear, concise statement relating to the power of the association to convey the property on behalf of the unit owners if no objection to the taking or appraisal value is raised, and the effects of this alternative on the unit owner.

The Division of ~~Florida Land Sales~~, Condominiums, *Timeshare*, and Mobile Homes of the Department of Business and Professional Regulation may adopt, by rule, a standard form for such notice and may require the notice to include any additional relevant information.

Section 101. Paragraph (e) of subsection (6) of section 192.037, Florida Statutes, is amended to read:

192.037 Fee timeshare real property; taxes and assessments; escrow.—

This statement must appropriately show the amount of principal and interest in such account.

Section 102. Paragraph (i) of subsection (7) of section 213.053, Florida Statutes, is amended to read:

213.053 Confidentiality and information sharing.—

(7) Notwithstanding any other provision of this section, the department may provide:

(i) Information relative to chapters 212 and 326 to the ~~Division of Florida Land Sales, Condominiums, and Mobile Homes~~ of the Department of Business and Professional Regulation in the conduct of its official duties.

Disclosure of information under this subsection shall be pursuant to a written agreement between the executive director and the agency. Such agencies, governmental or nongovernmental, shall be bound by the same requirements of confidentiality as the Department of Revenue. Breach of confidentiality is a misdemeanor of the first degree, punishable as provided by s. 775.082 or s. 775.083.

Section 103. Paragraph (w) of subsection (4) of section 215.20, Florida Statutes, is amended to read:

215.20 Certain income and certain trust funds to contribute to the General Revenue Fund.—

The enumeration of the foregoing moneys or trust funds shall not prohibit the applicability thereto of s. 215.24 should the Governor determine that for the reasons mentioned in s. 215.24 the money or trust funds should be exempt herefrom, as it is the purpose of this law to exempt income from its force and effect when, by the operation of this law, federal matching funds or contributions or private grants to any trust fund would be lost to the state.

Section 104. Paragraph (a) of subsection (4) of section 380.0651, Florida Statutes, is amended to read:

380.0651 Statewide guidelines and standards.—

(4) Two or more developments, represented by their owners or developers to be separate developments, shall be aggregated and treated as a single development under this chapter when they are determined to be part of a unified plan of development and are physically proximate to one other.

(a) The criteria of two of the following subparagraphs must be met in order for the state land planning agency to determine that there is a unified plan of development:

1.a. The same person has retained or shared control of the developments;

b. The same person has ownership or a significant legal or equitable interest in the developments; or

c. There is common management of the developments controlling the form of physical development or disposition of parcels of the development.

2. There is a reasonable closeness in time between the completion of 80 percent or less of one development and the submission to a governmental agency of a master plan or series of plans or drawings for the other development which is indicative of a common development effort.

3. The existence or implementation of a utility's master utility plan required by the Public Service Commission or general-purpose local government or a master drainage plan shall not be the sole determinant of the existence of a master plan.

4. The voluntary sharing of infrastructure that is indicative of a common development effort or is designated specifically to accommodate the developments sought to be aggregated, except that which was implemented because it was required by a local general-purpose government; water management district; the Department of Environmental Protection; the Division of ~~Florida Land Sales~~, Condominiums, *Timeshare*, and Mobile Homes; or the Public Service Commission.

5. There is a common advertising scheme or promotional plan in effect for the developments sought to be aggregated.

The department shall include all financial and statistical data resulting from unlicensed activity enforcement and from continuing education compliance monitoring as separate categories in the quarterly management report provided for in s. 455.219. The department shall not charge the account of any profession for the costs incurred on behalf of any other profession. Section 44. Paragraph (a) of subsection (6) of section 163.3177, Florida Statutes, is amended to read:

163.3177 Required and optional elements of comprehensive plan; studies and surveys.—

(6) In addition to the requirements of subsections (1)-(5), the comprehensive plan shall include the following elements:

(a) A future land use plan element designating proposed future general distribution, location, and extent of the uses of land for residential uses, commercial uses, industry, agriculture, recreation, conservation, education, public buildings and grounds, other public facilities, and other categories of the public and private uses of land. The future land use plan shall include standards to be followed in the control and distribution of population densities and building and structure intensities. The proposed distribution, location, and extent of the various categories of land use shall be shown on a land use map or map series which shall be supplemented by goals, policies, and measurable objectives. Each land use category shall be defined in terms of the types of uses included and specific standards for the density or intensity of use. The future land use plan shall be based upon surveys, studies, and data regarding the area, including the amount of land required to accommodate anticipated growth; the projected population of the area; the character of undeveloped land; the availability of public services; the need for redevelopment, including the renewal of blighted areas and the elimination of nonconforming uses which are inconsistent with the character of the community; and, in rural communities, the need for job creation, capital investment, and economic development that will strengthen and diversify the community's economy. The future land use plan may designate areas for future planned development use involving combinations of types of uses for which special regulations may be necessary to ensure development in accord with the principles and standards of the comprehensive plan and this act. In addition, for rural communities, the amount of land designated for future planned industrial use shall be based upon surveys and studies that reflect the need for job creation, capital investment, and the necessity to strengthen and diversify the local economies, and shall not be limited solely by the projected population of the rural community. The future land use plan of a county may also designate areas for possible future municipal incorporation. The land use maps or map series shall generally identify and depict historic district boundaries and shall designate historically significant properties meriting protection. The future land use element must clearly identify the land use categories in which public schools are an allowable use. When delineating the land use categories in which public schools are an allowable use, a local government shall include in the categories sufficient land proximate to residential development to meet the projected needs for schools in coordination with public school boards and may establish differing criteria for schools of different type or size. Each local government shall include lands contiguous to existing school sites, to the maximum extent possible, within the land use categories in which public schools are an allowable use. All comprehensive plans must comply with the school siting requirements of this paragraph no later than October 1, 1999. The failure by a local government to comply with these school siting requirements by October 1, 1999, will result in the prohibition of the local government's ability to amend the local comprehensive plan, except for plan amendments described in s. 163.3187(1)(b), until the school siting requirements are met. An amendment proposed by a local government for purposes of identifying the land use categories in which public schools are an allowable use is exempt from the limitation on the frequency of plan amendments contained in s. 163.3187. The future land use element shall include criteria which encourage the location of schools proximate to urban residential areas to the extent possible and shall require that the local government seek to collocate public facilities, such as parks, libraries, and community centers, with schools to the extent possible. *For schools serving predominantly rural counties, defined as a county with a population of 100,000 or fewer, an agricultural*

land use category shall be eligible for the location of public school facilities if the local comprehensive plan contains school siting criteria and the location is consistent with such criteria.

Notices related to rulemaking published on the Internet under this provision shall be maintained on the Internet for a period of at least 12 months after the effective date of the rule or at least 3 months after the publication of a notice of withdrawal of the proposed rule. All other notices published on the Internet under this provision shall be maintained on the Internet for a period of at least 3 months after the date first posted. A searchable database or other electronic system to be permanently maintained on the Internet for the purpose of archiving all notices published on the Internet and allowing citizens permanent electronic access to such archived records shall also be established by the pilot project. No notice posted on the Internet shall be removed until the searchable database is implemented.*

(2) *The Department of State shall publish notice of this pilot project in each weekly publication of the Florida Administrative Weekly. The notice shall state: "Under a temporary pilot project, in conjunction with the State Technology Office, to determine the cost-effectiveness of Internet publication of notices in lieu of complete publication in the Florida Administrative Weekly, summaries of notices of the Department of Environmental Protection are being published in the Florida Administrative Weekly along with a reference to the specific Internet URL or address where the complete notice required by law shall be published."*

(3) *No later than January 31, 2003, the Department of Environmental Protection, the State Technology Office, and the Department of State shall submit a report to the Governor, the President of the Senate, and the Speaker of the House of Representatives containing findings on the cost-effectiveness of publication of notices on the Internet in lieu of publication in the Florida Administrative Weekly, and recommendations, including legislative or rule changes, for modifications to the process necessary to effectuate publication of notices on the Internet.*

455.213 General licensing provisions.—

(1) Any person desiring to be licensed shall apply to the department in writing. The application for licensure shall be made on a form prepared and furnished by the department and include the applicant's social security number. *Notwithstanding any other provision of law, the department is the sole authority for determining the contents of any documents to be submitted for initial licensure and licensure renewal. Such documents may contain information including, as appropriate: demographics, education, work history, personal background, criminal history, finances, business information, complaints, inspections, investigations, discipline, bonding, signature notarization, photographs, performance periods, reciprocity, local government approvals, supporting documentation, periodic reporting requirements, fingerprint requirements, continuing education requirements, and ongoing education monitoring.* The application shall be supplemented as needed to reflect any material change in any circumstance or condition stated in the application which takes place between the initial filing of the application and the final grant or denial of the license and which might affect the decision of the department. In order to further the economic development goals of the state, and notwithstanding any law to the contrary, the department may enter into an agreement with the county tax collector for the purpose of appointing the county tax collector as the department's agent to accept applications for licenses and applications for

renewals of licenses. The agreement must specify the time within which the tax collector must forward any applications and accompanying application fees to the department. In cases where a person applies or schedules directly with a national examination organization or examination vendor to take an examination required for licensure, any organization- or vendor-related fees associated with the examination may be paid directly to the organization or vendor.

(11) *Any submission required to be in writing may be made by electronic means.*

HB 757—A bill to be entitled An act relating to wrecker liens; amending s. 320.03, F.S.; including a cross reference; providing that the term “civil penalties and fines” does not include reference to a wrecker operator's lien; amending s. 713.78, F.S., relating to liens; revising conditions for sale of certain vehicles and vessels; providing that the Department of Highway Safety and Motor Vehicles shall not issue a license plate or revalidation sticker for certain motor vehicles, vessels, or motor homes for which a wrecker operator's lien has been issued; providing procedures with respect to such liens; providing an effective date.

—a companion measure, was substituted for **CS for SB 2044** as amended and read the second time by title.

Senator Burt moved the following amendment:

Amendment 1 (960988)(with title amendment)—Delete everything after the enacting clause and insert:

Section 1. Subsection (8) of section 320.03, Florida Statutes, is amended to read:

320.03 Registration; duties of tax collectors; International Registration Plan.—

(8) If the applicant's name appears on the list referred to in s. 316.1001(4), ~~or~~ s. 316.1967(6), or s. 713.78(13) a license plate or revalidation sticker may not be issued until that person's name no longer appears on the list or until the person presents a receipt from the clerk showing that the fines outstanding have been paid. The tax collector and the clerk of the court are each entitled to receive monthly, as costs for implementing and administering this subsection, 10 percent of the civil penalties and fines recovered from such persons. *As used in this subsection, the term “civil penalties and fines” does not include a wrecker operator's lien as described in s. 713.78(13).* If the tax collector has private tag agents, such tag agents are entitled to receive a pro rata share of the amount paid to the tax collector, based upon the percentage of license plates and revalidation stickers issued by the tag agent compared to the total issued within the county. The authority of any private agent to issue license plates shall be revoked, after notice and a hearing as provided in chapter 120, if he or she issues any license plate or revalidation sticker contrary to the provisions of this subsection. This section applies only to the annual renewal in the owner's birth month of a motor vehicle registration and does not apply to the transfer of a registration of a motor vehicle sold by a motor vehicle dealer licensed under this chapter, except for the transfer of registrations which is inclusive of the annual renewals. This section does not affect the issuance of the title to a motor vehicle, notwithstanding s. 319.23(7)(b).

Section 2. Paragraph (b) of subsection (4) and subsection (6) are amended, and subsection (13) is added to section 713.78, Florida Statutes, to read:

713.78 Liens for recovering, towing, or storing vehicles and documented vessels.—

(4)

(b) Notice by certified mail, return receipt requested, shall be sent within 7 business days after the date of storage of the vehicle or vessel

to the registered owner and to all persons of record claiming a lien against the vehicle or vessel. It shall state the fact of possession of the vehicle or vessel, that a lien as provided in subsection (2) is claimed, that charges have accrued and the amount thereof, that the lien is subject to enforcement pursuant to law, and that the owner or lienholder, if any, has the right to a hearing as set forth in subsection (5), and that any vehicle or vessel which remains unclaimed, or for which the charges for recovery, towing, or storage services remain unpaid, may be sold after 35 days free of all prior liens after 35 days if the vehicle or vessel is more than 3 years of age or after 50 days if the vehicle or vessel is 3 years of age or less.

(6) Any vehicle or vessel which is stored pursuant to subsection (2) and which remains unclaimed, or for which reasonable charges for recovery, towing, or storing remain unpaid or for which a lot rental amount is due and owing to the mobile home park owner, as evidenced by a judgment for unpaid rent, and any contents not released pursuant to subsection (10), may be sold by the owner or operator of the storage space for such towing or storage charge or unpaid lot rental amount after 35 days from the time the vehicle or vessel is stored therein if the vehicle or vessel is more than 3 years of age or after 50 days following the time the vehicle or vessel is stored therein if the vehicle or vessel is 3 years of age or less. The sale shall be at public auction for cash. If the date of the sale was not included in the notice required in subsection (4), notice of the sale shall be given to the person in whose name the vehicle, vessel, or mobile home is registered, to the mobile home park owner, and to all persons claiming a lien on the vehicle or vessel as shown on the records of the Department of Highway Safety and Motor Vehicles or of the corresponding agency in any other state. Notice shall be sent by certified mail, return receipt requested, to the owner of the vehicle or vessel and the person having the recorded lien on the vehicle or vessel at the address shown on the records of the registering agency and shall be mailed not less than 15 days before the date of the sale. After diligent search and inquiry, if the name and address of the registered owner or the owner of the recorded lien cannot be ascertained, the requirements of notice by mail may be dispensed with. In addition to the notice by mail, public notice of the time and place of sale shall be made by publishing a notice thereof one time, at least 10 days prior to the date of the sale, in a newspaper of general circulation in the county in which the sale is to be held. The proceeds of the sale, after payment of reasonable towing and storage charges, costs of the sale, and the unpaid lot rental amount, in that order of priority, shall be deposited with the clerk of the circuit court for the county if the owner is absent, and the clerk shall hold such proceeds subject to the claim of the person legally entitled thereto. The clerk shall be entitled to receive 5 percent of such proceeds for the care and disbursement thereof. The certificate of title issued under this law shall be discharged of all liens unless otherwise provided by court order.

(13)(a) Upon receipt by the Department of Highway Safety and Motor Vehicles of written notice from a wrecker operator who claims a wrecker operator's lien under paragraph (2)(c) or paragraph (2)(d) for recovery, towing, or storage of a vehicle, vessel, or mobile home abandoned under s. 705.103, upon instructions from any law enforcement agency, for which a certificate of destruction has been issued under subsection (11), the department shall place the name of the registered owner of that vehicle, vessel, or mobile home on the list of those persons who may not be issued a license plate or revalidation sticker for any motor vehicle under s. 320.03(8). If the vehicle, vessel, or mobile home is owned jointly by more than one person, the name of each registered owner shall be placed on the list. The notice of wrecker operator's lien shall be submitted on forms provided by the department, which must include:

1. The name, address, and telephone number of the wrecker operator.
2. The name of the registered owner of the vehicle, vessel, or mobile home and the address to which the wrecker operator provided notice of the lien to the registered owner under subsection (4).
3. A general description of the vehicle, vessel, or mobile home, including its color, make, model, body style, and year.
4. The vehicle identification number (VIN); registration license plate number, state, and year; validation decal number, state, and year; mobile home sticker number, state, and year; vessel registration number; hull identification number; or other identification number, as applicable.
5. The name of the person or the corresponding law enforcement agency that requested that the vehicle, vessel, or mobile home be recovered, towed, or stored.

6. The amount of the wrecker operator's lien, not to exceed the amount allowed by paragraph (b).

(b) For purposes of this subsection only, the amount of the wrecker operator's lien for which the department will prevent issuance of a license plate or revalidation sticker may not exceed the amount of the charges for recovery, towing, and storage of the vehicle, vessel, or mobile home for 7 days. These charges may not exceed the maximum rates imposed by the ordinances of the respective county or municipality under ss. 125.0103(1)(c) and 166.043(1)(c). This paragraph does not limit the amount of a wrecker operator's lien claimed under subsection (2) or prevent a wrecker operator from seeking civil remedies for enforcement of the entire amount of the lien, but limits only that portion of the lien for which the department will prevent issuance of a license plate or revalidation sticker.

(c1) The registered owner of a vehicle, vessel, or mobile home may dispute a wrecker operator's lien, by notifying the department of the dispute in writing on forms provided by the department, if at least one of the following applies:

a. The registered owner presents a notarized bill of sale proving that the vehicle, vessel, or mobile home was sold in a private or casual sale before the vehicle, vessel, or mobile home was recovered, towed, or stored.

b. The registered owner presents proof that the Florida certificate of title of the vehicle, vessel, or mobile home was sold to a licensed dealer as defined in s. 319.001 before the vehicle, vessel, or mobile home was recovered, towed, or stored.

If the registered owner's dispute of a wrecker operator's lien complies with one of these criteria, the department shall immediately remove the registered owner's name from the list of those persons who may not be issued a license plate or revalidation sticker for any motor vehicle under s. 320.03(8), thereby allowing issuance of a license plate or revalidation sticker. If the vehicle, vessel, or mobile home is owned jointly by more than one person, each registered owner must dispute the wrecker operator's lien in order to be removed from the list. However, the department shall deny any dispute and maintain the registered owner's name on the list of those persons who may not be issued a license plate or revalidation sticker for any motor vehicle under s. 320.03(8) if the wrecker operator has provided the department with a certified copy of the judgment of a court which orders the registered owner to pay the wrecker operator's lien claimed under this section. In such a case, the amount of the wrecker operator's lien allowed by paragraph (b) may be increased to include no more than \$500 of the reasonable costs and attorney's fees incurred in obtaining the judgment. The department's action under this subparagraph is ministerial in nature, shall not be considered final agency action, and is appealable only to the county court for the county in which the vehicle, vessel, or mobile home was ordered removed.

2. A person against whom a wrecker operator's lien has been imposed may alternatively obtain a discharge of the lien by filing a complaint, challenging the validity of the lien or the amount thereof, in the county court of the county in which the vehicle, vessel, or mobile home was ordered removed. Upon filing of the complaint, the person may have her or his name removed from the list of those persons who may not be issued a license plate or revalidation sticker for any motor vehicle under s. 320.03(8), thereby allowing issuance of a license plate or revalidation sticker, upon posting with the court a cash or surety bond or other adequate security equal to the amount of the wrecker operator's lien to ensure the payment of such lien in the event she or he does not prevail. Upon the posting of the bond and the payment of the applicable fee set forth in s. 28.24, the clerk of the court shall issue a certificate notifying the department of the posting of the bond and directing the department to release the wrecker operator's lien. Upon determining the respective rights of the parties, the court may award damages and costs in favor of the prevailing party.

3. If a person against whom a wrecker operator's lien has been imposed does not object to the lien, but cannot discharge the lien by payment because the wrecker operator has moved or gone out of business, the person may have her or his name removed from the list of those persons who may not be issued a license plate or revalidation sticker for any motor vehicle under s. 320.03(8), thereby allowing issuance of a license plate or revalidation sticker, upon posting with the clerk of court in the county in which the vehicle, vessel, or mobile home was ordered removed, a cash or surety bond or other adequate security equal to the amount of the wrecker operator's lien. Upon the posting of the bond and the payment

of the application fee set forth in s. 28.24, the clerk of the court shall issue a certificate notifying the department of the posting of the bond and directing the department to release the wrecker operator's lien. The department shall mail to the wrecker operator, at the address upon the lien form, notice that the wrecker operator must claim the security within 60 days, or the security will be released back to the person who posted it. At the conclusion of the 60 days, the department shall direct the clerk as to which party is entitled to payment of the security, less applicable clerk's fees.

4. A wrecker operator's lien expires 5 years after filing.

(d) Upon discharge of the amount of the wrecker operator's lien allowed by paragraph (b), the wrecker operator must issue a certificate of discharged wrecker operator's lien on forms provided by the department to each registered owner of the vehicle, vessel, or mobile home attesting that the amount of the wrecker operator's lien allowed by paragraph (b) has been discharged. Upon presentation of the certificate of discharged wrecker operator's lien by the registered owner, the department shall immediately remove the registered owner's name from the list of those persons who may not be issued a license plate or revalidation sticker for any motor vehicle under s. 320.03(8), thereby allowing issuance of a license plate or revalidation sticker. Issuance of a certificate of discharged wrecker operator's lien under this paragraph does not discharge the entire amount of the wrecker operator's lien claimed under subsection (2), but only certifies to the department that the amount of the wrecker operator's lien allowed by paragraph (b), for which the department will prevent issuance of a license plate or revalidation sticker, has been discharged.

(e) When a wrecker operator files a notice of wrecker operator's lien under this subsection, the department shall charge the wrecker operator a fee of \$2, which shall be deposited into the Florida Motor Vehicle Theft Prevention Trust Fund established under s. 860.158. A service charge of \$2.50 shall be collected and retained by the tax collector who processes a notice of wrecker operator's lien.

(f) This subsection applies only to the annual renewal in the registered owner's birth month of a motor vehicle registration and does not apply to the transfer of a registration of a motor vehicle sold by a motor vehicle dealer licensed under chapter 320, except for the transfer of registrations which is inclusive of the annual renewals. This subsection does not affect the issuance of the title to a motor vehicle, notwithstanding s. 319.23(7)(b).

(g) The Department of Highway Safety and Motor Vehicles may adopt rules pursuant to ss. 120.536(1) and 120.54 to implement this subsection.

Section 3. This act shall take effect July 1, 2001.

And the title is amended as follows:

Delete everything before the enacting clause and insert: A bill to be entitled An act relating to wrecker liens; amending s. 320.03, F.S.; including a cross-reference; providing that the term "civil penalties and fines" does not include reference to a wrecker operator's lien; amending s. 713.78, F.S.; revising requirements for the sale of an unclaimed vehicle or vessel; providing that the Department of Highway Safety and Motor Vehicles shall not issue a license plate or revalidation sticker for certain motor vehicles, vessels, or motor homes for which a wrecker operator's lien has been issued; providing procedures with respect to such liens; providing an effective date.

1. The transfer complies with this section and does not contravene other applicable law;
2. At least 10 days before the date on which the payee first incurred an obligation with respect to the transfer, the transferee provided to the payee a disclosure statement in bold type, no smaller than 14 points in size, which specifies:

a. The amounts and due dates of the structured-settlement payments to be transferred;

h. The effective annual interest rate, which must be disclosed in the following statement: "Based on the net amount that you will receive from us and the amounts and timing of the structured-settlement payments that you are turning over to us, you will, in effect, be paying interest to us at a rate of ___ percent per year"; and

6. The transfer agreement provides that if the payee is domiciled in this state, any disputes between the parties will be governed in accordance with the laws of this state and that the domicile state of the payee is the proper venue to bring any cause of action arising out of a breach of the agreement; and

(b) If a proposed transfer would contravene the terms of the structured settlement, upon the filing of a written objection by any interested party and after considering the objection and any response to it, the court may grant, deny, or impose conditions upon the proposed transfer which the court deems just and proper given the facts and circumstances and in accordance with established principles of law. Any order approving a transfer must require that the transferee indemnify the annuity issuer and the structured-settlement obligor for any liability, including reasonable costs and attorney's fees, which arises from compliance by the issuer or obligor with the order of the court.

(c) Any provision in a transfer agreement which gives a transferee power to confess judgment against a payee is unenforceable to the extent that the amount of the judgment would exceed the amount paid by the transferee to the payee, less any payments received from the structured-settlement obligor or payee.

(d) In negotiating a structured settlement of claims brought by or on behalf of a claimant who is domiciled in this state, the structured-settlement obligor must disclose in writing to the claimant or the claimant's legal representative all of the following information that is not otherwise specified in the structured-settlement agreement:

1. The amounts and due dates of the periodic payments to be made under the structured-settlement agreement. In the case of payments that will be subject to periodic percentage increases, the amounts of future payments may be disclosed by identifying the base payment amount, the amount and timing of scheduled increases, and the manner in which increases will be compounded;

2. The amount of the premium payable to the annuity issuer;

3. The discounted present value of all periodic payments that are not life-contingent, together with the discount rate used in determining the discounted present value;

5. Where applicable, that any transfer of the periodic payments is prohibited by the terms of the structured settlement and may otherwise be prohibited or restricted under applicable law; and

6. That any transfer of the periodic payments by the claimant may subject the claimant to serious adverse tax consequences.

(4) **JURISDICTION; PROCEDURE FOR APPROVAL OF TRANSFERS.**—At least 20 days before the scheduled hearing on an application for authorizing a transfer of structured-settlement-payment rights under this section, the transferee must file with the court and all interested parties a notice of the proposed transfer and the application for its authorization. (e) Notification of the time and place of the hearing and notification of the manner in which and the time by which any written response to the application must be filed in order to be considered by the court. A written response to an application must be filed within 15 days after service of the transferee's notice.

(5) **WAIVER PROHIBITED; NO PENALTIES INCURRED.**—

(a) The provisions of this section may not be waived.

(b) If a transfer of structured-settlement-payment rights fails to satisfy the conditions of subsection (3), the payee who proposed the transfer does not incur any penalty, forfeit any application fee or other payment, or otherwise incur any liability to the proposed transferee.

(6) **NONCOMPLIANCE.**—

(a) If a transferee violates the requirements for stipulating the discount and finance charge provided for in subsection (3), neither the transferee nor any assignee may collect from the transferred payments, or from the payee, any amount in excess of the net advance amount, and the payee may recover from the transferee or any assignee:

1. A penalty in an amount determined by the court, but not in excess of three times the amount of the discount and finance charge; and

2. Reasonable costs and attorney's fees.

(c) A transferee or assignee is not liable for any penalty in any action brought under this section if the transferee or assignee establishes by a preponderance of evidence that the violation was not intentional and resulted from a bona fide error, notwithstanding the transferee's maintenance of procedures reasonably designed to avoid such errors.

(d) Notwithstanding any other law, an action may not be brought under this section more than 1 year after the due date of:

1. The last transferred structured-settlement payment, in the case of a violation of the requirements for stipulating the discount and finance charge provided for in subsection (3).

2. *The first transferred structured-settlement payment, in the case of a violation of the disclosure requirements of subsection (3).*

(e) *When any interested party has reason to believe that any transferee has violated this section, any interested party may bring a civil action for injunctive relief, penalties, and any other relief that is appropriate to secure compliance with this section.*

The Honorable John M. McKay, President

I am directed to inform the Senate that the House of Representatives has passed CS for CS for SB 400, with amendment(s), and requests the concurrence of the Senate.

John B. Phelps, Clerk

CS for CS for SB 400—A bill to be entitled An act relating to support of dependents; amending s. 827.06, F.S.; providing alternative punishment for nonsupport of dependents; providing a felony penalty for fourth or subsequent violations; providing for the amount of restitution due; providing requirements with respect to certain evidence; providing for satisfaction of the element of notice under certain circumstances; providing an effective date.

House Amendment 1 (930887)(with title amendment)—Remove from the bill: Everything after the enacting clause and insert in lieu thereof:

Section 1. Section 827.06, Florida Statutes, is amended to read:

827.06 ~~Persistent~~ Nonsupport of dependents.—

(1) *The Legislature finds that most noncustodial parents want to support their children and remain connected to their families. The Legislature also finds that while many noncustodial parents lack the financial resources and other skills necessary to provide that support, a small percentage of such parents willfully fail to provide support to their children even when they are aware of the obligation and have the ability to do so pursuant to s. 61.30. The Legislature further finds that existing statutory provisions for civil enforcement of support have not proven sufficiently effective or efficient in gaining adequate support for all children. Recognizing that it is the public policy of this state that children shall be maintained primarily from the resources of their parents, thereby relieving, at least in part, the burden presently borne by the general citizenry through public assistance programs, it is the intent of the Legislature that the criminal penalties provided for in this section are to be pursued in all appropriate cases where exhaustion of appropriate civil enforcement has not resulted in payment.*

(2)(4) *Any person who, after notice as specified in subsection (6), and who has been previously adjudged in contempt for failure to comply with*

a support order, willfully fails to provide support which he or she has the ability to provide to a child or a spouse whom the person knows he or she is legally obligated to support commits, and over whom no court has jurisdiction in any proceedings for child support or dissolution of marriage, shall be guilty of a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083. In lieu of any punishment imposed pursuant to s. 775.082 or s. 775.083, any person who is convicted of a violation of this subsection shall be punished:

(a) *By a fine to be paid after restitution for:*

1. *Not less than \$250 nor more than \$500 for a first conviction.*
2. *Not less than \$500 nor more than \$750 for a second conviction.*
3. *Not less than \$750 nor more than \$1,000 for a third conviction; and*

(b) *By imprisonment for:*

1. *Not less than 15 days nor more than 1 month for a first conviction.*
2. *Not less than 1 month nor more than 3 months for a second conviction.*
3. *Not less than 3 months nor more than 6 months for a third conviction.*

(3) *Any person who is convicted of a fourth or subsequent violation of subsection (2) or who violates subsection (2) and who has owed to that child or spouse for more than 1 year support in an amount equal to or greater than \$5,000 commits a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.*

House Amendment 1 (255983)(with title amendment)—Remove from the bill: Everything after the enacting clause and insert in lieu thereof:

Section 1. Section 394.499, Florida Statutes, is created to read:

394.499 Integrated children's crisis stabilization unit/juvenile addictions receiving facility services.—

(1) *Beginning July 1, 2001, the Department of Children and Family Services, in consultation with the Agency for Health Care Administration, is authorized to establish children's behavioral crisis unit demonstration models in Collier, Lee, and Sarasota Counties. By December 31, 2003, the department shall submit to the President of the Senate, the Speaker of the House of Representatives, and the chairs of the Senate and House committees that oversee departmental activities a report that evaluates the number of clients served, quality of services, performance outcomes, and feasibility of continuing or expanding the demonstration models. Beginning July 1, 2004, subject to approval by the Legislature, the department, in cooperation with the agency, may expand the demonstration models to other areas in the state. The children's behavioral crisis unit demonstration models will integrate children's mental health crisis stabilization units with substance abuse juvenile addictions receiving facility services, to provide emergency mental health and substance abuse services that are integrated within facilities licensed and designated by the agency for children under 18 years of age who meet criteria for admission or examination under this section. The services shall be designated as "integrated children's crisis stabilization unit/juvenile addictions receiving facility services," shall be licensed by the agency as children's crisis stabilization units, and shall meet all licensure requirements for crisis stabilization units. The department, in cooperation with the agency, shall develop standards that address eligibility criteria, clinical procedures, staffing requirements, operational, administrative, and financing requirements, and investigation of complaints for such integrated facility services. Standards that are implemented specific to substance abuse services shall meet or exceed existing standards for addictions receiving facilities.*

(2) *Children eligible to receive integrated children's crisis stabilization unit/juvenile addictions receiving facility services include:*

(a) *A person under 18 years of age for whom voluntary application is made by his or her guardian, if such person is found to show evidence of mental illness and to be suitable for treatment pursuant to s. 394.4625. A person under 18 years of age may be admitted for integrated facility services only after a hearing to verify that the consent to admission is voluntary.*

(b) *A person under 18 years of age who may be taken to a receiving facility for involuntary examination, if there is reason to believe that he or she is mentally ill and because of his or her mental illness, pursuant to s. 394.463:*

1. *Has refused voluntary examination after conscientious explanation and disclosure of the purpose of the examination; or*

2. *Is unable to determine for himself or herself whether examination is necessary; and*

a. Without care or treatment is likely to suffer from neglect or refuse to care for himself or herself; such neglect or refusal poses a real and present threat of substantial harm to his or her well-being; and it is not apparent that such harm may be avoided through the help of willing family members or friends or the provision of other services; or

b. There is a substantial likelihood that without care or treatment he or she will cause serious bodily harm to himself or herself or others in the near future, as evidenced by recent behavior.

(c) A person under 18 years of age who wishes to enter treatment for substance abuse and applies to a service provider for voluntary admission, pursuant to s. 397.601.

(d) A person under 18 years of age who meets the criteria for involuntary admission because there is good faith reason to believe the person is substance abuse impaired pursuant to s. 397.675 and, because of such impairment:

1. Has lost the power of self-control with respect to substance use; and

2.a. Has inflicted, or threatened or attempted to inflict, or unless admitted is likely to inflict, physical harm on himself or herself or another; or

b. Is in need of substance abuse services and, by reason of substance abuse impairment, his or her judgment has been so impaired that the person is incapable of appreciating his or her need for such services and of making a rational decision in regard thereto; however, mere refusal to receive such services does not constitute evidence of lack of judgment with respect to his or her need for such services.

(e) A person under 18 years of age who meets the criteria for examination or admission under paragraph (b) or paragraph (d) and has a coexisting mental health and substance abuse disorder.

(3) The department shall contract for an independent evaluation of the children's behavioral crisis unit demonstration models to identify the most effective ways to provide integrated crisis stabilization unit/juvenile addiction receiving facility services to children. The evaluation shall be reported to the Legislature by December 31, 2003.

(4) The department, in cooperation with the agency, is authorized to adopt rules regarding standards and procedures for integrated children's crisis stabilization unit/juvenile addictions receiving facility services.

Section 2. Nothing in section 394.499, Florida Statutes, shall be construed to require an existing crisis stabilization unit or juvenile addictions receiving facility to convert to a children's behavioral crisis unit.

Section 3. Subsections (13) and (14) are added to section 394.66, Florida Statutes, to read:

394.66 Legislative intent with respect to substance abuse and mental health services.—It is the intent of the Legislature to:

(13) Promote best practices and the highest quality of care in contracted alcohol, drug abuse, and mental health services through achievement of national accreditation.

(14) Ensure that the state agencies licensing and monitoring contracted providers perform in the most cost-efficient and effective manner with limited duplication and disruption to organizations providing services.

Section 4. Section 394.741, Florida Statutes, is created to read:

394.741 Accreditation requirements for providers of behavioral health care services.—

(1) As used in this section, the term "behavioral health care services" means mental health and substance abuse treatment services.

(2) Notwithstanding any provision of law to the contrary, accreditation shall be accepted by the agency and department in lieu of the agency's and department's facility licensure on-site review requirements and shall be accepted as a substitute for the department's administrative and program monitoring requirements, except as required by subsections (3) and (4):

(a) Any organization from which the department purchases behavioral health care services that is accredited by the Joint Commission on Accreditation of Healthcare Organizations or the Council on Accreditation for Children and Family Services, or have those services that are being purchased by the department accredited by CARF—the Rehabilitation Accreditation Commission.

(b) Any mental health facility licensed by the agency or any substance abuse component licensed by the department that is accredited by the Joint Commission on Accreditation of Healthcare Organizations, CARF—the Rehabilitation Accreditation Commission, or the Council on Accreditation of Children and Family Services.

(c) Any network of providers from which the department or the agency purchase behavioral health care services accredited by the Joint Commission on Accreditation of Healthcare Organizations, CARF—the Rehabilitation Accreditation Commission, the Council on Accreditation of Children and Family Services, or the National Committee for Quality Assurance. A provider organization, which is part of an accredited network, is afforded the same rights under this part.

(3) For mental health services, the department and the agency may adopt rules that establish:

(a) Additional standards for monitoring and licensing accredited programs and facilities that the department and the agency have determined are not specifically and distinctly covered by the accreditation standards and processes. These standards and the associated monitoring must not duplicate the standards and processes already covered by the accrediting bodies.

(b) An on-site monitoring process between 24 months and 36 months after accreditation for nonresidential facilities to assure that accredited organizations exempt from licensing and monitoring activities under this part continue to comply with critical standards.

(c) An on-site monitoring process between 12 months and 24 months after accreditation for residential facilities to assure that accredited organizations exempt from licensing and monitoring activities under this part continue to comply with critical standards.

(4) For substance abuse services, the department shall conduct full licensure inspections every 3 years and shall develop in rule criteria which would justify more frequent inspections.

(5) The department and the agency shall be given access to all accreditation reports, corrective action plans, and performance data submitted to the accrediting organizations. When major deficiencies, as defined by the accrediting organization, are identified through the accreditation process, the department and the agency may perform followup monitoring to assure that such deficiencies are corrected and that the corrections are sustained over time. Proof of compliance with fire and health safety standards will be submitted as required by rule.

(6) The department or agency, by accepting the survey or inspection of an accrediting organization, does not forfeit its rights to perform inspections at any time, including contract monitoring to ensure that deliverables are provided in accordance with the contract.

(7) The department and the agency shall report to the Legislature by January 1, 2003, on the viability of mandating all organizations under contract with the department for the provision of behavioral health care services, or licensed by the agency or department to be accredited. The department and the agency shall also report to the Legislature by January 1, 2003, on the viability of privatizing all licensure and monitoring functions through an accrediting organization.

(8) The accreditation requirements of this section shall apply to contracted organizations that are already accredited immediately upon becoming law.

Section 5. Subsection (5) of section 394.90, Florida Statutes, is amended to read:

394.90 Inspection; right of entry; records.—

(5)(a) The agency shall ~~may~~ accept, in lieu of its own inspections for licensure, the survey or inspection of an accrediting organization, if the provider is accredited according to the provisions of s. 394.741 and the

agency receives the report of the accrediting organization. ~~The department, in consultation with the agency, shall develop, and adopt by rule, specific criteria for assuring that the accrediting organization has specific standards and experience related to the program area being licensed; specific criteria for accepting the standards and survey methodologies of an accrediting organization; delineations of the obligations of accrediting organizations to assure adherence to those standards; criteria for receiving, accepting and maintaining the confidentiality of the survey and corrective action reports, and allowance for the agency's participation in surveys.~~

~~(b) The agency shall conduct compliance investigations and sample validation inspections to evaluate the inspection process of accrediting organizations to ensure minimum standards are maintained as provided in Florida statute and rule. The agency may conduct a lifesafety inspection in calendar years in which an accrediting organization survey is not conducted and shall conduct a full state inspection, including a lifesafety inspection, if an accrediting organization survey has not been conducted within the previous 36 months. The agency, by accepting the survey or inspection of an accrediting organization, does not forfeit its right to perform inspections.~~

Section 6. Subsection (3) of section 397.403, Florida Statutes, is amended to read:

397.403 License application.—

(3) The department shall accept proof of accreditation by ~~CARF—the Rehabilitation Accreditation Commission on Accreditation of Rehabilitation Facilities (CARF)~~ or the Joint Commission on Accreditation of Health Care Organizations (JCAHCO), or through any other nationally recognized certification process that is acceptable to the department and meets the minimum licensure requirements under this chapter, in lieu of requiring the applicant to submit the information required by paragraphs (1)(a)-(c).

Section 7. Subsection (2) of section 397.411, Florida Statutes, is amended to read:

397.411 Inspection; right of entry; records.—

~~(2)(a) The department shall may accept, in lieu of its own inspections for licensure, the survey or inspection of an accrediting organization, if the provider is accredited according to the provisions of s. 394.741 and the department receives the report of the accrediting organization. The department shall develop, and adopt by rule, specific criteria for assuring that the accrediting organization has specific standards and experience related to the program area being licensed; specific criteria for accepting the standards and survey methodologies of an accrediting organization; delineations of the obligations of accrediting organizations to assure adherence to those standards; criteria for receiving, accepting, and maintaining the confidentiality of the survey and corrective action reports; and allowance for the department's participation in surveys.~~

~~(b) The department shall conduct compliance investigations and sample validation inspections to evaluate the inspection process of accrediting organizations to ensure minimum standards are maintained as provided in Florida statute and rule. The department may conduct a fire, safety, and health inspection in calendar years in which an accrediting organization survey is not conducted and shall conduct a full state inspection, including a lifesafety inspection, if an accrediting organization survey has not been conducted within the previous 36 months. The department, by accepting the survey or inspection of an accrediting organization, does not forfeit its right to perform inspections.~~

Section 8. Paragraph (a) of subsection (4) of section 409.1671, Florida Statutes, is amended to read:

409.1671 Foster care and related services; privatization.—

(4)(a) The department shall establish a quality assurance program for privatized services. The quality assurance program shall be based on standards established by a national accrediting organization such as the Council on Accreditation of Services for Families and Children, Inc. (COA) or ~~CARF—the Rehabilitation Accreditation Commission the Council on Accreditation of Rehabilitation Facilities (CARF)~~. The department may develop a request for proposal for such oversight. This program must be developed and administered at a statewide level. The Legislature intends that the department be permitted to have limited flexibility

to use funds for improving quality assurance. To this end, effective January 1, 2000, the department may transfer up to 0.125 percent of the total funds from categories used to pay for these contractually provided services, but the total amount of such transferred funds may not exceed \$300,000 in any fiscal year. When necessary, the department may establish, in accordance with s. 216.177, additional positions that will be exclusively devoted to these functions. Any positions required under this paragraph may be established, notwithstanding ss. 216.262(1)(a) and 216.351. The department, in consultation with the community-based agencies that are undertaking the privatized projects, shall establish minimum thresholds for each component of service, consistent with standards established by the Legislature. Each program operated under contract with a community-based agency must be evaluated annually by the department. The department shall submit an annual report regarding quality performance, outcome measure attainment, and cost efficiency to the President of the Senate, the Speaker of the House of Representatives, the minority leader of each house of the Legislature, and the Governor no later than January 31 of each year for each project in operation during the preceding fiscal year.

Section 9. *Behavioral Health Service Delivery Strategies.*—

(1) *LEGISLATIVE FINDINGS AND INTENT.*—*The Legislature finds that a management structure that places the responsibility for mental health and substance abuse treatment services within a single entity and that contains a flexible funding arrangement will allow for customized services to meet individual client needs and will provide incentives for provider agencies to serve persons in the target population who have the most complex treatment and support needs. The Legislature recognizes that in order for the state's publicly funded mental health and substance abuse treatment systems to evolve into a single well-integrated behavioral health system, a transition period is needed and demonstration sites must be established where new ideas and technologies can be tested and critically reviewed.*

(2) *DEFINITIONS.*—*As used in this section, the term:*

(a) *“Behavioral health services” means mental health services and substance abuse treatment services that are provided with state and federal funds.*

(b) *“Managing entity” means an entity that manages the delivery of behavioral health services.*

(3) *SERVICE DELIVERY STRATEGIES.*—*The Department of Children and Family Services and the Agency for Health Care Administration shall develop service delivery strategies that will improve the coordination, integration, and management of the delivery of mental health and substance abuse treatment services to persons with emotional, mental, or addictive disorders. It is the intent of the Legislature that a well-managed service delivery system will increase access for those in need of care, improve the coordination and continuity of care for vulnerable and high-risk populations, redirect service dollars from restrictive care settings and out-of-date service models to community-based psychiatric rehabilitation services, and reward cost-effective and appropriate care patterns. The Legislature recognizes that the Medicaid, mental health, and substance abuse treatment programs are three separate systems and that each has unique characteristics, including unique requirements for eligibility. To move toward a well-integrated system of behavioral health care services will require careful planning and implementation. It is the intent of the Legislature that the service delivery strategies will be the first phase of transferring the provision and management of mental health and substance abuse treatment services provided by the Department of Children and Family Services and the Medicaid program from traditional fee-for-service and unit-cost contracting methods to risk-sharing arrangements. As used in this section, the term “behavioral health care services” means mental health services and substance abuse treatment services that are provided with state and federal funds.*

(4) *CONTRACT FOR SERVICES.*—

(a) *The Department of Children and Family Services and the Agency for Health Care Administration may contract for the provision or management of behavioral health services with a managing entity in at least two geographic areas. Both the Department of Children and Family Services and the Agency for Health Care Administration must contract with the same managing entity in any distinct geographic area where the strategy operates. This managing entity shall be accountable for the delivery of behavioral health services specified by the department and the*

agency for children, adolescents, and adults. The geographic area must be of sufficient size in population and have enough public funds for behavioral health services to allow for flexibility and maximum efficiency. Notwithstanding the provisions of section 409.912(3)(b) 1. and 2., Florida Statutes, at least one service delivery strategy must be in one of the service districts in the catchment area of G. Pierce Wood Memorial Hospital.

(b) Under one of the service delivery strategies, the Department of Children and Family Services may contract with a prepaid mental health plan that operates under section 409.912, Florida Statutes, to be the managing entity. Under this strategy, the Department of Children and Family Services is not required to competitively procure those services and, notwithstanding other provisions of law, may employ prospective payment methodologies that the department finds are necessary to improve client care or institute more efficient practices. The Department of Children and Family Services may employ in its contract any provision of the current prepaid behavioral health care plan authorized under section 409.912(3)(a) and (b), Florida Statutes, or any other provision necessary to improve quality, access, continuity, and price. Any contracts under this strategy in Area 6 of the Agency for Health Care Administration or in the prototype region under section 20.19(7), Florida Statutes, of the Department of Children and Family Services may be entered with the existing substance abuse treatment provider network if an administrative services organization is part of its network. In Area 6 of the Agency for Health Care Administration or in the prototype region of the Department of Children and Family Services, the Department of Children and Family Services and the Agency for Health Care Administration may employ alternative service delivery and financing methodologies, which may include prospective payment for certain population groups. The population groups that are to be provided these substance abuse services would include at a minimum: individuals and families receiving family safety services; Medicaid-eligible children, adolescents, and adults who are substance-abuse-impaired; or current recipients and persons at risk of needing cash assistance under Florida's welfare reform initiatives.

(c) Under the second service delivery strategy, the Department of Children and Family Services and the Agency for Health Care Administration shall competitively procure a contract for the management of behavioral health services with a managing entity. The Department of Children and Family Services and the Agency for Health Care Administration may purchase from the managing entity the management services necessary to improve continuity of care and access to care, contain costs, and improve quality of care. The managing entity shall manage and coordinate all publicly funded diagnostic or assessment services, acute care services, rehabilitative services, support services, and continuing care services for persons who meet the financial criteria specified in part IV of chapter 394, Florida Statutes, for publicly funded mental health and substance abuse treatment services or for persons who are Medicaid eligible. The managing entity shall be solely accountable for a geographic area and shall coordinate the emergency care system. The managing entity may be a network of existing providers with an administrative services organization that can function independently, may be an administrative services organization that is independent of local provider agencies, or may be an entity of state or local government.

(d) Under both strategies, the Department of Children and Family Services and the Agency for Health Care Administration may:

1. Establish benefit packages based on the level of severity of illness and level of client functioning;
2. Align and integrate procedure codes, standards, or other requirements if it is jointly determined that these actions will simplify or improve client services and efficiencies in service delivery;
3. Use prepaid per capita and prepaid aggregate fixed-sum payment methodologies; and
4. Modify their current procedure codes to increase clinical flexibility, encourage the use of the most effective interventions, and support rehabilitative activities.

(e) The cost of the managing entity contract shall be funded through a combination of funds from the Department of Children and Family Services and the Agency for Health Care Administration. To operate the managing entity, the Department of Children and Family Services and the Agency for Health Care Administration may not expend more than 10 percent of the annual appropriations for mental health and substance

abuse treatment services prorated to the geographic areas and must include all behavioral health Medicaid funds, including psychiatric inpatient funds. This restriction does not apply to a prepaid behavioral health plan that is authorized under section 409.912(3)(a) and (b), Florida Statutes.

(f) Contracting and payment mechanisms for services should promote flexibility and responsiveness and should allow different categorical funds to be combined. The service array should be determined by using needs assessment and best practice models.

(g) Medicaid contracts for Behavioral Health Overlay Services for dependent children or delinquent children will remain fee-for-service. Any provider who currently contracts to provide Medicaid behavioral health services with residential group care facilities under the Family Safety program of the Department of Children and Family Services or with the Department of Juvenile Justice to serve delinquent youth in residential commitment programs shall be included in the network of providers in both service delivery strategies and shall continue the existing staffing arrangements. During the operation of the service delivery strategies, any new behavioral health provider that enters into a contract with residential group care facilities under the Family Safety program of the Department of Children and Family Services or with the Department of Juvenile Justice for delinquent youth in residential commitment programs shall also be included in the network.

(5) STATEWIDE ACTIONS.—If Medicaid appropriations for Community Mental Health Services or Mental Health Targeted Case Management are reduced in fiscal year 2001-02, the agency and the department shall jointly develop and implement strategies that reduce service costs in a manner that mitigates the impact on persons in need of those services. The agency and department may employ any methodologies on a regional or statewide basis necessary to achieve the reduction, including but not limited to use of case rates, prepaid per capita contracts, utilization management, expanded use of care management, use of waivers from the Health Care Financing Administration to maximize federal matching of current local and state funding, modification or creation of additional procedure codes, and certification of match or other management techniques.

(6) GOALS.—The goal of the service delivery strategies is to provide a design for an effective coordination, integration, and management approach for delivering effective behavioral health services to persons who are experiencing a mental health or substance abuse crisis, who have a disabling mental illness or substance abuse disorder and will require extended services in order to recover from their illness, or who need brief treatment or supportive interventions to avoid a crisis or disability. Other goals of the models include the following:

- (a) Improve accountability for a local system of behavioral health care services to meet performance outcomes and standards.
- (b) Assure continuity of care for all children, adolescents, and adults who enter the publicly funded behavioral health service system.
- (c) Provide early diagnosis and treatment interventions to enhance recovery and prevent hospitalization.
- (d) Improve assessment of local needs for behavioral health services.
- (e) Improve the overall quality of behavioral health services through the use of best practice models.
- (f) Demonstrate improved service integration between behavioral health programs and other programs, such as vocational rehabilitation, education, child welfare, primary health care, emergency services, and criminal justice.
- (g) Provide for additional testing of creative and flexible strategies for financing behavioral health services to enhance individualized treatment and support services.
- (h) Control the costs of services without sacrificing quality of care.
- (i) Coordinate the admissions and discharges from state mental health hospitals and residential treatment centers.
- (j) Improve the integration, accessibility, and dissemination of behavioral health data for planning and monitoring purposes.

(k) Promote specialized behavioral health services to residents of assisted living facilities.

(l) Reduce the admissions and the length of stay for dependent children in residential treatment centers.

(m) Provide services to abused and neglected children and their families as indicated in court-ordered case plans.

(7) ESSENTIAL ELEMENTS.—

(a) The managing entity must demonstrate the ability of its network of providers to comply with the pertinent provisions of chapters 394 and 397, Florida Statutes, and to assure the provision of comprehensive behavioral health services. The network of providers shall include, but is not limited to, mental health centers, substance abuse treatment providers, hospitals, licensed psychiatrists, licensed psychiatric nurses, and mental health professionals licensed under chapter 490 or chapter 491, Florida Statutes. A behavioral health client served by the network under the service delivery strategies may reside in his or her own home or in settings including, but not limited to, assisted living facilities, skilled nursing facilities, foster homes, or group homes.

(b) The target population to be served in the service delivery strategies must include children, adolescents, and adults who fall into the following categories:

1. Adults in mental health crisis;
2. Older adults in crisis;
3. Adults with serious and persistent mental illness;
4. Adults with substance abuse problems;
5. Adults with forensic involvement;
6. Older adults with severe and persistent mental illness;
7. Older adults with substance abuse problems;
8. Children and adolescents with serious emotional disturbances as defined in section 394.492(6), Florida Statutes;
9. Children with substance abuse problems as defined in section 397.93(2), Florida Statutes;
10. Children and adolescents in state custody pursuant to chapter 39, Florida Statutes; and
11. Children and adolescents in residential commitment programs of the Department of Juvenile Justice pursuant to chapter 985, Florida Statutes.

(c) The service delivery strategies must include a continuing care system for persons whose clinical and functional status indicates the need for these services. These persons will be eligible for a range of treatment, rehabilitative, and support services until they no longer need the services to maintain or improve their level of functioning. Given the long-term nature of some mental and addictive disorders, continuing care services should be sensitive to the variable needs of individuals across time and shall be designed to help assure easy access for persons with these long-term problems. The Department of Children and Family Services shall develop criteria for the continuing care program for behavioral health services.

(d) A local body or group must be identified by the district administrator of the Department of Children and Family Services to serve in an advisory capacity to the behavioral health service delivery strategy and must include representatives of the local school system, the judicial system, county government, public and private Baker Act receiving facilities, and law enforcement agencies; a consumer of the public behavioral health system; and a family member of a consumer of the publicly funded system. This advisory body may be the community alliance established under section 20.19(6), Florida Statutes, or any other suitable established local group.

(e) The managing entity shall ensure that written cooperative agreements are developed among the judicial system, the criminal justice system, and the local behavioral health providers in the geographic area

which define strategies and alternatives for diverting, from the criminal justice system to the civil system as provided under part I of chapter 394, Florida Statutes, or chapter 397, Florida Statutes, persons with behavioral health problems who are arrested for a misdemeanor. These agreements must also address the provision of appropriate services to persons with behavioral health problems who leave the criminal justice system.

(f) Managing entities must submit data to the Department of Children and Family Services and the Agency for Health Care Administration on the use of services and the outcomes for all enrolled clients. Managing entities must meet performance standards developed by the Agency for Health Care Administration and the Department of Children and Family Services related to:

1. The rate at which individuals in the community receive services, including persons who receive followup care after emergencies.
2. Clinical improvement of individuals served, clinically and functionally.
3. Reduction of jail admissions.
4. Consumer and family satisfaction.
5. Satisfaction of key community constituents such as law enforcement agencies, juvenile justice agencies, the courts, the schools, local government entities, and others as appropriate for the locality.

(g) The Agency for Health Care Administration may establish a certified match program, which must be voluntary. Under a certified match program, reimbursement is limited to the federal Medicaid share to Medicaid-enrolled strategy participants. The agency shall take no action to implement a certified match program without ensuring that the consultation provisions of chapter 216, Florida Statutes, have been met. The agency may seek federal waivers that are necessary to implement the behavioral health service delivery strategies.

(h)1. The Department of Children and Family Services, in consultation with the Agency for Health Care Administration, shall prepare an amendment by October 31, 2001, to the 2001 master state plan required under section 394.75(1), Florida Statutes, which describes each service delivery strategy, including at least the following details:

- a. Operational design;
 - b. Counties or service districts included in each strategy;
 - c. Expected outcomes; and
 - d. Timeframes.
2. The amendment shall specifically address the application of each service delivery strategy to substance abuse services, including:
 - a. The development of substance abuse service protocols;
 - b. Credentialing requirements for substance abuse services; and
 - c. The development of new service models for individuals with co-occurring mental health and substance abuse disorders.
 3. The amendment must specifically address the application of each service delivery strategy to the child welfare system, including:
 - a. The development of service models that support working with both children and their families in a community-based care system and that are specific to the child welfare system.
 - b. A process for providing services to abused and neglected children and their families as indicated in court-ordered case plans.

(8) MONITORING AND EVALUATION.—The Department of Children and Family Services and the Agency for Health Care Administration shall provide routine monitoring and oversight of and technical assistance to the managing entities. The Louis de la Parte Florida Mental Health Institute shall conduct an ongoing formative evaluation of each strategy to identify the most effective methods and techniques used to manage, integrate, and deliver behavioral health services. The entity conducting the evaluation shall report to the Department of Children and

Family Services, the Agency for Health Care Administration, the Executive Office of the Governor, and the Legislature every 12 months regarding the status of the implementation of the service delivery strategies. The report must include a summary of activities that have occurred during the past 12 months of implementation and any problems or obstacles that prevented, or may prevent in the future, the managing entity from achieving performance goals and measures. The first status report is due January 1, 2002. After the service delivery strategies have been operational for 1 year, the status report must include an analysis of administrative costs and the status of the achievement of performance outcomes. Upon receiving the annual report from the evaluator, the Department of Children and Family Services and the Agency for Health Care Administration shall jointly make any recommendations to the Executive Office of the Governor regarding changes in the service delivery strategies or in the implementation of the strategies, including timeframes.

Section 10. *Behavioral Health Services Integration Workgroup.*—
