(c) Each municipality shall adopt its own element or accept by resolution or ordinance the public educational facilities element adopted by the county which includes the municipality's area of authority as defined in s. 163.3171. However, a municipality is exempt from this requirement if it meets all the following criteria:

1. The municipality has issued development orders for fewer than 50 residential dwelling units during the last 5 years or it has generated fewer than 25 additional public school students during the last 5 years;

2. The municipality has not annexed new land during the last 5 years in land use categories that permit residential uses that may affect school attendance rates;

3. The municipality has no public schools located within its boundaries;

4. At least 80 percent of the developable land within the boundaries of the municipality has been built upon; and

5. The municipality has not adopted a land use amendment that increases residential density for more than 50 residential units.

Any municipality that is exempt shall notify the county and the school board of any planned annexation into residential or proposed residential areas or other change in condition and must comply with this subsection within 1 year following a change in conditions that renders the municipality no longer eligible for exemption or following the identification of a proposed public school in the school board's 5-year district facilities work program in the municipality's jurisdiction.

(4) No later than 6 months prior to the deadline for transmittal of a public educational facilities element, the county, the non-exempt municipalities, and the school board shall enter into an interlocal agreement that establishes a process for developing coordinated and consistent local government public educational facilities elements and a district educational facilities plan, including a process:

(a) By which each local government and the school district agree and base the local government comprehensive plan and educational facilities plan on uniform projections of the amount, type, and distribution of population growth and student enrollment;

(b) To coordinate and share information relating to existing and planned public school facilities and local government plans for development and redevelopment;

(c) To ensure that school siting decisions by the school board are consistent with the local comprehensive plan, including appropriate circumstances and criteria under which a school district may request an amendment to the comprehensive plan for school siting and for early involvement by the local government as the school board identifies potential school sites;

(d) To coordinate and provide timely formal comments during the development, adoption, and amendment of each local government's public educational facilities element and the educational facilities plan of the school district to ensure a uniform countywide school facility planning system;

(e) For school district participation in the review of comprehensive plan amendments and rezonings that increase residential density and that are reasonably expected to have an impact on public school facility demand pursuant to s. 163.31777. The interlocal agreement must specify how the school board and local governments will develop the methodology and criteria for determining whether school facility capacity will be readily available at the time of projected school impacts, and must specify uniform, districtwide level-of-service standards for all public schools of the same type and availability standards for public schools. The interlocal agreement must ensure that consistent criteria and capacity-determination methodologies including student generation multipliers are adopted into the school board's district educational facilities plan and the local government's public educational facilities element. The interlocal agreement must also set forth the process and uniform methodology for determining proportionate-share mitigation pursuant to s. 163.31777; and

(f) For the resolution of disputes between the school district and local governments.

(5) The public educational facilities element must be based on data and analysis, including the interlocal agreement required by subsection (4), and on the educational facilities plan required by s. 235.185. Each local government public educational facilities element within a county must be consistent with the other elements and must address:

(a) The need for, strategies for, and commitments to addressing improvements to infrastructure, safety, and community conditions in areas proximate to existing public schools.

(b) The need for and strategies for providing adequate infrastructure necessary to support proposed schools, including potable water, wastewater, drainage, solid waste, transportation, and means by which to assure safe access to schools, including sidewalks, bicycle paths, turn lanes, and signalization.

(c) Colocation of other public facilities, such as parks, libraries, and community centers, in proximity to public schools.

(d) Location of schools proximate to residential areas and to complement patterns of development, including using elementary schools as focal points for neighborhoods.

(e) Use of public schools to serve as emergency shelters.

(f) Consideration of the existing and planned capacity of public schools when reviewing comprehensive plan amendments and rezonings that are likely to increase residential development and that are reasonably expected to have an impact on the demand for public school facilities pursuant to s. 163.31777, with the review to be based on uniform, districtwide level-of-service standards for all public schools of the same type, availability standards for public schools, and the financially feasible 5-year district facilities work program adopted by the school board pursuant to s. 235.185.

(g) A uniform methodology for determining school capacity and proportionate-share mitigation consistent with the requirements of s. 163.31777(4) and the interlocal agreement.

(h) The response of the school board to the financial management and performance audit required by s. 235.185(2)(f).

(6) The future land-use map series must incorporate maps that are the result of a collaborative process for identifying school sites in the educational facilities plan adopted by the school board pursuant to s. 235.185 and must show the locations of existing public schools and the general locations of improvements to existing schools or new schools anticipated over the 5-year, 10-year, and 20-year time periods, or such maps shall be data and analysis in support of the future land-use map series. Maps indicating general locations of future schools or school improvements should not prescribe a land use on a particular parcel of land.

(7) The process for adopting a public educational facilities element shall be as provided in s. 163.3184. The state land planning agency shall submit a copy of the proposed public school facilities element pursuant to the procedures outlined in s. 163.3184(4) to the Office of Educational Facilities of the Commissioner of Education for review and comment.

(8) In any proceeding to challenge the adoption of the public educational facilities element pursuant to s. 163.3184, the petitioner may also challenge the data and analysis used to support the processes set forth in the interlocal agreement executed pursuant to this section.

(9)(a) If the county, school board and nonexempt municipalities within the county cannot reach agreement regarding the interlocal agreement required by subsection (4), the parties shall seek mediation through the appropriate regional planning council or the state land planning agency. The bad-faith failure of any party to enter into an interlocal agreement within 60 days after referral to mediation shall result in the prohibition of that local government's ability to amend its comprehensive plan until the dispute is resolved.

(b) The failure by a local government to comply with the requirement to transmit and adopt a public educational facility element will result in the prohibition of the local government's ability to amend the local comprehensive plan until the public school facilities element is adopted.

(c) If a local government fails to comply with the requirements of this section to enter into the interlocal agreement or to transmit a public educational facilities element by the required date, or if the Administration Commission finds that the public educational facilities element is not in compliance, the local government shall be subject to sanctions imposed by the Administration Commission pursuant to s. 163.3184(11).

(d) The failure of a school board to provide the required plans or information or to enter into the interlocal agreement under this section shall subject the school board to sanctions pursuant to s. 235.193(3).

(e) A local government or school board's bad-faith failure to enter into the interlocal agreement does not subject another local government or school board to sanctions.

(10) Any local government that has executed an interlocal agreement for the purpose of adopting public school concurrency before the effective date of this act is not required to amend the public school element or any interlocal agreement to conform with the provisions of this section or s. 163.31777 if such amendment is ultimately determined to be in compliance.

Section 4. Section 163.31777, Florida Statutes, is created to read:

163.31777 Public school capacity for plan amendments and rezonings.—

(1) Local governments shall consider public school facilities when reviewing proposed comprehensive plan amendments and rezonings that increase residential densities and that are reasonably expected to have an impact on the demand for public school facilities.

(2) For each proposed comprehensive plan amendment or rezoning that increases residential densities and is reasonably expected to have an impact on the demand for public school facilities, the school board shall provide the local government with a school-capacity report based on the district educational facilities plan adopted by the school board pursuant to s. 235.185, which must provide data and analysis on the capacity and enrollment of affected schools based on standards established by state or federal law or judicial orders, projected additional enrollment attributable to the density increase resulting from the amendment or rezoning, programmed and financially feasible new public school facilities or improvements for affected schools identified in the educational facilities plan of the school board and the expected date of availability of such facilities or improvements, and available reasonable options for providing public school facilities to students if the rezoning or comprehensive plan amendment is approved. The options must include, but need not be limited to, the school board's evaluation of school schedule modification, school attendance zones modification, school facility modification, and the creation of charter schools. The report must be consistent with this section, any adopted interlocal agreement and public educational facilities element, and must be submitted no later than 3 working days before the first public hearing by the local government to consider the comprehensive plan amendment or rezoning.

(3) The local government shall deny a request for a comprehensive plan amendment or rezoning which would increase the density of residential development allowed on the property subject to the amendment or rezoning and is reasonably expected to have an increased impact on the demand for public school facilities, if the school facility capacity will not be reasonably available at the time of projected school impacts as determined by the methodology established in the public educational facilities element. However, the application for a comprehensive plan amendment or a rezoning may be approved if the applicant executes a legally binding commitment to provide mitigation proportionate to the demand for public school facilities to be created by actual development of the property, including, but not limited to, the options described in subsection (4).

(4)(a) Options for proportionate-share mitigation of public school facility impacts from actual development of property subject to a plan amendment or rezoning that increases residential density shall be established in the educational facilities plan and the public educational facilities element. Appropriate mitigation options include the contribution of land; the construction, expansion, or payment for land acquisition or construction of a public school facility; or the creation of mitigation banking based on the construction of a public school facility in exchange for the right to sell capacity credits. Such options must include execution by the applicant and the local government of a binding development agreement pursuant to ss. 163.3220-163.3243 which constitutes a legally binding commitment to pay proportionate-share mitigation for the additional residential units approved by the local government in a development order and actually developed on the property, taking into account residential density allowed on the property prior to the plan amendment or rezoning that increased overall residential density. The district school board may be a party to such an agreement. As a condition of its entry into such a development agreement, the local government may require the landowner to agree to continuing renewal of the agreement upon its expiration.

(b) If the educational facilities plan and the public educational facilities element authorize a contribution of land; the construction, expansion, or payment for land acquisition; or the construction or expansion of a public school facility, or a portion thereof, as proportionate-share mitigation, the local government shall credit such a contribution, construction, expansion, or payment toward any other impact fee or exaction imposed by local ordinance for the same need, on a dollar-for-dollar basis at fair market value.

(c) Any proportionate-share mitigation must be directed by the school board toward a school capacity improvement that is identified in the financially feasible 5-year district work plan and that will be provided in accordance with a binding developers agreement.

(5) Subsections (3) and (4) shall not take effect within a jurisdiction until:

(a) The local governments and the school board have entered into an interlocal agreement pursuant to ss. 163.31776 and 235.193;

(b) The local government has adopted a public education facilities element required under s. 163.31776 and the element has been found in compliance;

(c) The school board has revised its district education facilities plan to comply with s. 235.185; and

(d) One of the following revenue sources is levied for the purpose of funding public educational facilities consistent with the public educational facilities plan and interlocal agreement adopted pursuant to s. 163.31776, and the district educational facilities plan pursuant to s. 235.185:

1. The half-cent school capital outlay surtax authorized by s. 212.055(6); or

2. An amount of new broad-based revenue from state or local sources, equivalent to the amount that would be raised from the school capital outlay surtax, is available and dedicated to the implementation of the financially feasible work program adopted by the school board pursuant to s. 235.185.

(6) Under limited circumstances dealing with educational facilities, countervailing planning and public policy goals may come into conflict with the requirements of subsections (3) and (4). Often the unintended results directly conflict with the goals and policies of the state comprehensive plan and the intent of this part. Therefore, a local government may grant an exception from the requirements of subsections (3) and (4) if the proposed development is otherwise consistent with the adopted local government comprehensive plan and is a project located within an area designated in the comprehensive plan for:

(a) Urban infill development;

(b) Urban redevelopment;

(c) Downtown revitalization; or

(d) Urban infill and redevelopment under s. 163.2517.

(7) This section does not prohibit a local government from using its home-rule powers to deny a comprehensive plan amendment or from rezoning.

Section 5. Subsection (4) of section 163.3180, Florida Statutes, is amended to read:

163.3180 Concurrency.—

(4)(a) The concurrency requirement as implemented in local comprehensive plans applies to state and other public facilities and development to the same extent that it applies to all other facilities and development, as provided by law.

(b) The concurrency requirement as implemented in local comprehensive plans does not apply to public transit facilities. For the purposes of this paragraph, public transit facilities include transit stations and terminals, transit station parking, park-and-ride lots, intermodal public transit connection or transfer facilities, and fixed bus, guideway, and rail stations. As used in this paragraph, the terms "terminals" and "transit

facilities” do not include airports or seaports or commercial or residential development constructed in conjunction with a public transit facility.

(c) *The concurrency requirement as implemented in local government comprehensive plans may be waived by a local government for urban infill and redevelopment areas designated pursuant to s. 163.2517 if such a waiver does not endanger public health or safety as defined by the local government in its local government comprehensive plan.*

Section 6. Subsections (1), (3), (4), and (6) of section 163.3184, Florida Statutes, are amended to read:

163.3184 Process for adoption of comprehensive plan or plan amendment.—

(1) DEFINITIONS.—As used in this section, *the term*:

(a) “Affected person” includes the affected local government; persons owning property, residing, or owning or operating a business within the boundaries of the local government whose plan is the subject of the review; *owners of real property abutting real property that is the subject of a proposed change to a future land use map*; and adjoining local governments that can demonstrate that the plan or plan amendment will produce substantial impacts on the increased need for publicly funded infrastructure or substantial impacts on areas designated for protection or special treatment within their jurisdiction. Each person, other than an adjoining local government, in order to qualify under this definition, shall also have submitted oral or written comments, recommendations, or objections to the local government during the period of time beginning with the transmittal hearing for the plan or plan amendment and ending with the adoption of the plan or plan amendment.

(b) “In compliance” means consistent with the requirements of ss. 163.3177, 163.3176, 163.3178, 163.3180, 163.3191, and 163.3245, with the state comprehensive plan, with the appropriate strategic regional policy plan, and with chapter 9J-5, Florida Administrative Code, where such rule is not inconsistent with this part and with the principles for guiding development in designated areas of critical state concern.

(3) LOCAL GOVERNMENT TRANSMITTAL OF PROPOSED PLAN OR AMENDMENT.—

(a) Each local governing body shall transmit the complete proposed comprehensive plan or plan amendment to the state land planning agency, the appropriate regional planning council and water management district, the Department of Environmental Protection, *the Department of State*, and the Department of Transportation, *and, in the case of municipal plans, to the appropriate county, and, in the case of county plans, to the Fish and Wildlife Conservation Commission and the Department of Agriculture and Consumer Services*, immediately following a public hearing pursuant to subsection (15) as specified in the state land planning agency’s procedural rules. The local governing body shall also transmit a copy of the complete proposed comprehensive plan or plan amendment to any other unit of local government or government agency in the state that has filed a written request with the governing body for the plan or plan amendment. *The local government may request a review by the state land planning agency pursuant to subsection (6) at the time of the transmittal of an amendment.*

In the case of comprehensive plan amendments, the local governing body shall transmit to the state land planning agency, the appropriate regional planning council and water management district, the Department of Environmental Protection, *the Department of State*, and the Department of Transportation, *and, in the case of municipal plans, to the appropriate county, and, in the case of county plans, to the Fish and Wildlife Conservation Commission and the Department of Agriculture and Consumer Services*, the materials specified in the state land planning agency’s procedural rules and, in cases in which the plan amendment is a result of an evaluation and appraisal report adopted pursuant to s. 163.3191, a copy of the evaluation and appraisal report. Local governing bodies shall consolidate all proposed plan amendments into a single submission for each of the two plan amendment adoption dates during the calendar year pursuant to s. 163.3187.

(c) A local government may adopt a proposed plan amendment previously transmitted pursuant to this subsection, unless review is requested or otherwise initiated pursuant to subsection (6).

(d) In cases in which a local government transmits multiple individual amendments that can be clearly and legally separated and distinguished for the purpose of determining whether to review the proposed amendment, and the state land planning agency elects to review several or a portion of the amendments and the local government chooses to immediately adopt the remaining amendments not reviewed, the amendments immediately adopted and any reviewed amendments that the local government subsequently adopts together constitute one amendment cycle in accordance with s. 163.3187(1).

(4) INTERGOVERNMENTAL REVIEW.—~~*The*~~ ~~If review of a proposed comprehensive plan amendment is requested or otherwise initiated pursuant to subsection (6), the state land planning agency within 5 working days of determining that such a review will be conducted shall transmit a copy of the proposed plan amendment to various government agencies, as appropriate, for response or comment, including, but not limited to, the Department of Environmental Protection, the Department of Transportation, the water management district, and the regional planning council, and, in the case of municipal plans, to the county land planning agency. These governmental agencies specified in paragraph (3)(a) shall provide comments to the state land planning agency within 30 days after receipt by the state land planning agency of the complete proposed plan amendment. Written comments submitted by the public within 30 days after notice of transmittal by the local government of the proposed plan amendment will be considered as if submitted by governmental agencies. All written agency and public comments must be made part of the file maintained under subsection (2).

(6) STATE LAND PLANNING AGENCY REVIEW.—

(a) The state land planning agency shall review a proposed plan amendment upon request of a regional planning council, affected person, or local government transmitting the plan amendment. *The request from the regional planning council or affected person must be if the request is received within 30 days after transmittal of the proposed plan amendment pursuant to subsection (3). The agency shall issue a report of its objections, recommendations, and comments regarding the proposed plan amendment.* A regional planning council or affected person requesting a review shall do so by submitting a written request to the agency with a notice of the request to the local government and any other person who has requested notice.

(b) The state land planning agency may review any proposed plan amendment regardless of whether a request for review has been made, if the agency gives notice to the local government, and any other person who has requested notice, of its intention to conduct such a review within ~~35~~ 30 days ~~after receipt of transmittal of the complete proposed plan amendment pursuant to subsection (3).~~

(c) The state land planning agency shall establish by rule a schedule for receipt of comments from the various government agencies, as well as written public comments, pursuant to subsection (4). *If the state land planning agency elects to review the amendment or the agency is required to review the amendment as specified in paragraph (a), the agency shall issue a report giving its objections, recommendations, and comments regarding the proposed amendment within 60 days after receipt of the complete proposed amendment by the state land planning agency. The state land planning agency shall have 30 days to review comments from the various government agencies along with a local government’s comprehensive plan or plan amendment. During that period, the state land planning agency shall transmit in writing its comments to the local government along with any objections and any recommendations for modifications.* When a federal, state, or regional agency has implemented a permitting program, the state land planning agency shall not

require a local government to duplicate or exceed that permitting program in its comprehensive plan or to implement such a permitting program in its land development regulations. Nothing contained herein shall prohibit the state land planning agency in conducting its review of local plans or plan amendments from making objections, recommendations, and comments or making compliance determinations regarding densities and intensities consistent with the provisions of this part. In preparing its comments, the state land planning agency shall only base its considerations on written, and not oral, comments, from any source.

(d) The state land planning agency review shall identify all written communications with the agency regarding the proposed plan amendment. If the state land planning agency does not issue such a review, it shall identify in writing to the local government all written communications received 30 days after transmittal. The written identification must include a list of all documents received or generated by the agency, which list must be of sufficient specificity to enable the documents to be identified and copies requested, if desired, and the name of the person to be contacted to request copies of any identified document. The list of documents must be made a part of the public records of the state land planning agency.

Section 7. Effective October 1, 2001, subsections (7), (8), and (15) and paragraph (d) of subsection (16) of section 163.3184, Florida Statutes, as amended by this act, are amended to read:

(8) NOTICE OF INTENT.—

(a) Except as provided in s. 163.3187(3), the state land planning agency, upon receipt of a local government's *complete* adopted comprehensive plan or plan amendment, shall have 45 days for review and to determine if the plan or plan amendment is in compliance with this act, unless the amendment is the result of a compliance agreement entered into under subsection (16), in which case the time period for review and determination shall be 30 days. If review was not conducted under subsection (6), the agency's determination must be based upon the plan amendment as adopted. If review was conducted under subsection (6), the agency's determination of compliance must be based only upon one or both of the following:

1. The state land planning agency's written comments to the local government pursuant to subsection (6); or
2. Any changes made by the local government to the comprehensive plan or plan amendment as adopted.

Section 8. Paragraph (k) is added to subsection (1) of section 163.3187, Florida Statutes, to read:

163.3187 Amendment of adopted comprehensive plan.—

(1) Amendments to comprehensive plans adopted pursuant to this part may be made not more than two times during any calendar year, except:

(k) A comprehensive plan amendment to adopt a public educational facilities element pursuant to s. 163.31776 and future land-use-map amendments for school siting may be approved notwithstanding statutory limits on the frequency of adopting plan amendments.

Section 9. Paragraph (k) of subsection (2) of section 163.3191, Florida Statutes, is amended, and paragraph (l) is added to that subsection, to read:

163.3191 Evaluation and appraisal of comprehensive plan.—

(k) The coordination of the comprehensive plan with existing public schools and those identified in the applicable *educational 5-year school district facilities plan work program* adopted pursuant to s. 235.185. The assessment shall address, where relevant, the success or failure of the coordination of the future land use map and associated planned residential development with public schools and their capacities, as well as the joint decisionmaking processes engaged in by the local government and the school board in regard to establishing appropriate population projections and the planning and siting of public school facilities. If the issues are not relevant, the local government shall demonstrate that they are not relevant.

(l) If any of the jurisdiction of the local government is located within the coastal high hazard area, an evaluation of whether any past reduction in land use density impairs the property rights of current residents when redevelopment occurs, including, but not limited to, redevelopment following a natural disaster. The local government must identify strategies to address redevelopment feasibility and the property rights of affected residents. These strategies may include the authorization of redevelopment up to the actual built density in existence on the property prior to the natural disaster or redevelopment.

Section 10. The sum of \$500,000 is appropriated to the Department of Community Affairs from the General Revenue Fund to develop a uniform fiscal-impact-analysis model for evaluating the cost of infrastructure to support development.

163.3215 Standing to enforce local comprehensive plans through development orders.—

(1) Any aggrieved or adversely affected party may maintain an action for declaratory and injunctive or other relief against any local gov-

ernment to challenge any decision of local government granting or denying an application for, or to prevent such local government from taking any action on a development order, as defined in s. 163.3164, which materially alters the use or density or intensity of use on a particular piece of property that is not consistent with the comprehensive plan adopted under this part. Such action shall be filed no later than 30 days following rendition of a development order or other written decision, or when all local administrative appeals, if any, are exhausted, whichever is later.

(2) "Aggrieved or adversely affected party" means any person or local government which will suffer an adverse effect to an interest protected or furthered by the local government comprehensive plan, including interests related to health and safety, police and fire protection service systems, densities or intensities of development, transportation facilities, health care facilities, equipment or services, or environmental or natural resources. The alleged adverse interest may be shared in common with other members of the community at large, but shall exceed in degree the general interest in community good shared by all persons. The term shall include the owner, developer or applicant for a development order.

(3)(a) ~~No suit may be maintained under this section challenging the approval or denial of a zoning, rezoning, planned unit development, variance, special exception, conditional use, or other development order granted prior to October 1, 1985, or applied for prior to July 1, 1985.~~

(b) ~~Suit under subsections (1) or (4) this section shall be the sole action available to challenge the consistency of a development order with a comprehensive plan adopted under this part. The local government that issues that development order shall be named as the respondent.~~

(4) If a local government elects to adopt or has adopted an ordinance establishing, at a minimum, the requirements listed in this subsection, then the sole action for an aggrieved and adversely affected party to challenge consistency of a development order with the comprehensive plan shall be by a petition for certiorari filed in circuit court no later than 30 days following rendition of a development order or other written decision of the local government, or when all local administrative appeals, if any, are exhausted, whichever is later. An action for injunctive or other relief may be joined with the petition for certiorari. Principles of judicial or administrative res judicata and collateral estoppel shall apply to these proceedings. Minimum components of the local process shall be as follows: As a condition precedent to the institution of an action pursuant to this section, the complaining party shall first file a verified complaint with the local government whose actions are complained of setting forth the facts upon which the complaint is based and the relief sought by the complaining party. The verified complaint shall be filed no later than 30 days after the alleged inconsistent action has been taken. The local government receiving the complaint shall respond within 30 days after receipt of the complaint. Thereafter, the complaining party may institute the action authorized in this section. However, the action shall be instituted no later than 30 days after the expiration of the 30-day period which the local government has to take appropriate action. Failure to comply with this subsection shall not bar an action for a temporary restraining order to prevent immediate and irreparable harm from the actions complained of.

(a) Notice by publication and by mailed notice to all abutting property owners within 10 days of the filing of an application for development review, provided that notice under this subsection shall not be required for an application for a building permit. The notice must delineate that aggrieved or adversely affected persons have the right to request a quasi-judicial hearing, that the request need not be a formal petition or complaint, how to initiate the quasi-judicial process and the time-frames for initiating the process. The local government shall include an opportunity for an alternative dispute resolution process and may include a stay of the formal quasi-judicial hearing for this purpose.

(b) A point of entry into the process consisting of a written preliminary decision, at a time and in a manner to be established in the local ordinance, with the time to request a quasi-judicial hearing running from the written preliminary decision; provided that the local government is not bound by the preliminary decision. A party may request a hearing to challenge or support a preliminary decision.

(c) An opportunity to participate in the process for an aggrieved or adversely affected party which provides a reasonable time to prepare and present a case for a quasi-judicial hearing.

(d) An opportunity for reasonable discovery prior to a quasi-judicial hearing.

(e) A quasi-judicial hearing before an independent special master who shall be an attorney with at least five years experience and who shall, at the conclusion of the hearing, recommend written findings of fact and conclusions of law.

(f) At the quasi-judicial hearing all parties shall have the opportunity to respond, present evidence and argument on all issues involved that are related to the development order and to conduct cross-examination and submit rebuttal evidence. Public testimony must be allowed.

(g) The standard of review applied by the special master shall be strict scrutiny in accordance with Florida law.

(h) A duly noticed public hearing before the local government at which public testimony shall be allowed. At the hearing the local government shall be bound by the special master's findings of fact unless the findings of fact are not supported by competent substantial evidence. The governing body may modify the conclusions of law if it finds that the special master's application or interpretation of law is erroneous. The governing body may make reasonable interpretations of its comprehensive plan and land development regulations without regard to whether the special master's interpretation is labeled as a finding of fact or a conclusion of law. The local government's final decision shall be reduced to writing, including the findings of fact and conclusions of law, and shall not be considered rendered or final until officially date stamped by the city or county clerk.

(i) No ex parte communication relating to the merits of the matter under review shall be made to the special master. No ex parte communication relating to the merits of the matter under review shall be made to the governing body after a time to be established by the local ordinance, but no later than receipt of the recommended order by the governing body.

(j) At the option of the local government this ordinance may require actions to challenge the consistency of a development order with land development regulations to be brought in the same proceeding.

(k) Authority by the special master to issue and enforce subpoenas and compel entry upon land.

(5) Venue in any cases brought under this section shall lie in the county or counties where the actions or inactions giving rise to the cause of action are alleged to have occurred.

(6) The signature of an attorney or party constitutes a certificate that he or she has read the pleading, motion, or other paper and that, to the best of his or her knowledge, information, and belief formed after reasonable inquiry, it is not interposed for any improper purpose, such as to harass or to cause unnecessary delay or for economic advantage, competitive reasons or frivolous purposes or needless increase in the cost of litigation. If a pleading, motion, or other paper is signed in violation of these requirements, the court, upon motion or its own initiative, shall impose upon the person who signed it, a represented party, or both, an appropriate sanction, which may include an order to pay to the other party or parties the amount of reasonable expenses incurred because of the filing of the pleading, motion, or other paper, including a reasonable attorney's fee.

(7) In any suit ~~action~~ under subsections (1) or (4) ~~this section~~, no settlement shall be entered into by the local government unless the terms of the settlement have been the subject of a public hearing after notice as required by this part.

(8) In any suit under this section, the Department of Legal Affairs may intervene to represent the interests of the state.

(9) Nothing in this section shall be construed to relieve the local government of its obligations to hold public hearings as required by law.

Section 12. Subsection (9) of section 163.3244, Florida Statutes, is amended to read:

163.3244 Sustainable communities demonstration project.—

(9) This section is ~~shall stand~~ repealed on June 30, 2002 ~~2001~~, and shall be reviewed by the Legislature prior to that date.

Section 13. Subsections (2) and (3) of section 186.504, Florida Statutes, are amended to read:

186.504 Regional planning councils; creation; membership.—

(2) Membership on the regional planning council shall be as follows:

(b) Representatives from other member local general-purpose governments in the geographic area covered by the regional planning council.

(c) Representatives appointed by the Governor from the geographic area covered by the regional planning council, *including an elected school board member from the geographic area covered by the regional planning council, to be nominated by the Florida School Board Association.*

(3) Not less than two-thirds of the representatives serving as voting members on the governing bodies of such regional planning councils shall be elected officials of local general-purpose governments chosen by the cities and counties of the region, provided each county shall have at least one vote. The remaining one-third of the voting members on the governing board shall be appointed by the Governor, *to include one elected school board member*, subject to confirmation by the Senate, and shall reside in the region. No two appointees of the Governor shall have their places of residence in the same county until each county within the region is represented by a Governor's appointee to the governing board. Nothing contained in this section shall deny to local governing bodies or the Governor the option of appointing either locally elected officials or lay citizens provided at least two-thirds of the governing body of the regional planning council is composed of locally elected officials.

Section 14. Paragraph (a) of subsection (2) and subsection (6) of section 212.055, Florida Statutes, are amended to read:

212.055 Discretionary sales surtaxes; legislative intent; authorization and use of proceeds.—It is the legislative intent that any authorization for imposition of a discretionary sales surtax shall be published in the Florida Statutes as a subsection of this section, irrespective of the duration of the levy. Each enactment shall specify the types of counties authorized to levy; the rate or rates which may be imposed; the maximum length of time the surtax may be imposed, if any; the procedure which must be followed to secure voter approval, if required; the purpose for which the proceeds may be expended; and such other requirements as the Legislature may provide. Taxable transactions and administrative procedures shall be as provided in s. 212.054.

(2) LOCAL GOVERNMENT INFRASTRUCTURE SURTAX.—

(a)1. The governing authority in each county may levy a discretionary sales surtax of 0.5 percent or 1 percent. The levy of the surtax shall be pursuant to ordinance enacted by a ~~supermajority majority~~ of the members of the county governing authority ~~or~~ ~~and~~ approved by a majority of the electors of the county voting in a referendum on the surtax. If the governing bodies of the municipalities representing a majority of the county's population adopt uniform resolutions establishing the rate of the surtax and calling for a referendum on the surtax, the levy of the surtax shall be placed on the ballot and shall take effect if approved by a majority of the electors of the county voting in the referendum on the surtax.

2. If the surtax was levied pursuant to a referendum held before July 1, 1993, the surtax may not be levied beyond the time established in the ordinance, or, if the ordinance did not limit the period of the levy, the surtax may not be levied for more than 15 years. The levy of such surtax may be extended only by approval of a majority of the electors of the county voting in a referendum on the surtax ~~or pursuant to ordinance enacted by a supermajority vote of the members of the county governing authority.~~

For purposes of this paragraph, the term "supermajority vote" means an affirmative vote of a majority of the membership of the governing authority plus one.

(6) SCHOOL CAPITAL OUTLAY SURTAX.—

educational and ancillary plants, *including safe access facilities*; recommendations for new educational or ancillary plants, including the general location of each in coordination with the land use plan and *safe access facilities*; campus master plan update and detail for community colleges; the utilization of school plants based on an extended school day or year-round operation; and such other information as may be required by the rules of the State Board of Education. This report may be amended, if conditions warrant, at the request of the board or commissioner.

(b) Required need assessment criteria for district, community college, and state university plant surveys.—~~Each Educational plant surveys survey completed after December 31, 1997, must use uniform data sources and criteria specified in this paragraph. Each educational plant survey completed after June 30, 1995, and before January 1, 1998, must be revised, if necessary, to comply with this paragraph. Each revised educational plant survey and each new educational plant survey supersedes previous surveys.~~

1. ~~The school district's survey must be submitted as a part of the district educational facilities plan defined in s. 235.185. Each school district's educational plant survey must reflect the capacity of existing satisfactory facilities as reported in the Florida Inventory of School Houses. Projections of facility space needs may not exceed the norm space and occupant design criteria established by the State Requirements for Educational Facilities. Existing and projected capital outlay full-time equivalent student enrollment must be consistent with data prepared by the department and must include all enrollment used in the calculation of the distribution formula in s. 235.435(3). All satisfactory relocatable classrooms, including those owned, lease-purchased, or leased by the school district, shall be included in the school district inventory of gross capacity of facilities and must be counted at actual student capacity for purposes of the inventory. For future needs determination, student capacity shall not be assigned to any relocatable classroom that is scheduled for elimination or replacement with a permanent educational facility in the adopted 5-year educational plant survey and in the district facilities work program adopted under s. 235.185. Those relocatables clearly identified and scheduled for replacement in a school board adopted financially feasible 5-year district facilities work program shall be counted at zero capacity at the time the work program is adopted and approved by the school board. However, if the district facilities work program is changed or altered and the relocatables are not replaced as scheduled in the work program, they must then be reentered into the system for counting at actual capacity. Relocatables may not be perpetually added to the work program and continually extended for purposes of circumventing the intent of this section. All remaining relocatable classrooms, including those owned, lease-purchased, or leased by the school district, shall be counted at actual student capacity. The educational plant survey shall identify the number of relocatable student stations scheduled for replacement during the 5-year survey period and the total dollar amount needed for that replacement. All district educational plant surveys revised after July 1, 1998, shall include information on leased space used for conducting the district's instructional program, in accordance with the recommendations of the department's report authorized in s. 235.056. A definition of satisfactory relocatable classrooms shall be established by rule of the department.~~

2. Each survey of a special facility, joint-use facility, or cooperative vocational education facility must be based on capital outlay full-time equivalent student enrollment data prepared by the department for school districts, by the Division of Community Colleges for community colleges, and by the Board of Regents for state universities. A survey of space needs of a joint-use facility shall be based upon the respective space needs of the school districts, community colleges, and universities, as appropriate. Projections of a school district's facility space needs may not exceed the norm space and occupant design criteria established by the State Requirements for Educational Facilities.

3. Each community college's survey must reflect the capacity of existing facilities as specified in the inventory maintained by the Division of Community Colleges. Projections of facility space needs must comply with standards for determining space needs as specified by rule of the State Board of Education. The 5-year projection of capital outlay student enrollment must be consistent with the annual report of capital outlay full-time student enrollment prepared by the Division of Community Colleges.

4. Each state university's survey must reflect the capacity of existing facilities as specified in the inventory maintained and validated by the

Board of Regents. Projections of facility space needs must be consistent with standards for determining space needs approved by the Board of Regents. The projected capital outlay full-time equivalent student enrollment must be consistent with the 5-year planned enrollment cycle for the State University System approved by the Board of Regents.

5. ~~The district educational facilities plan educational plant survey of a school district and the educational plant survey of a community college, or state university may include space needs that deviate from approved standards for determining space needs if the deviation is justified by the district or institution and approved by the department or the Board of Regents, as appropriate, as necessary for the delivery of an approved educational program.~~

(c) Review and validation.—~~The Office of Educational Facilities of the Commissioner of Education department shall review and validate the surveys of school districts and community colleges and any amendments thereto for compliance with the requirements of this chapter and, when required by the State Constitution, shall recommend those in compliance for approval by the State Board of Education.~~

(2) Only the superintendent or the college president shall certify to the *Office of Educational Facilities of the Commissioner of Education department* a project's compliance with the requirements for expenditure of PECO funds prior to release of funds.

(a) Upon request for release of PECO funds for planning purposes, certification must be made to the *Office of Educational Facilities of the Commissioner of Education department* that the need for and location of the facility are in compliance with the board-approved survey recommendations, and that the project meets the definition of a PECO project and the limiting criteria for expenditures of PECO funding, *and the plan is consistent with the local government comprehensive plan.*

(b) Upon request for release of construction funds, certification must be made to the *Office of Educational Facilities of the Commissioner of Education department* that the need and location of the facility are in compliance with the board-approved survey recommendations, that the project meets the definition of a PECO project and the limiting criteria for expenditures of PECO funding, and that the construction documents meet the requirements of the State Uniform Building Code for Educational Facilities Construction or other applicable codes as authorized in this chapter.

Section 17. Subsection (3) of section 235.175, Florida Statutes, is amended to read:

235.175 SMART schools; Classrooms First; legislative purpose.—

(3) ~~SCHOOL DISTRICT EDUCATIONAL FACILITIES PLAN WORK PROGRAMS.~~—It is the purpose of the Legislature to create s. 235.185, requiring each school district annually to adopt an *educational facilities plan that provides an integrated long-range facilities plan, including the survey of projected needs and the a-district facilities* 5-year work program. The purpose of the *educational facilities plan district facilities work program* is to keep the school board, *local governments*, and the public fully informed as to whether the district is using sound policies and practices that meet the essential needs of students and that warrant public confidence in district operations. The *educational facilities plan district facilities work program* will be monitored by the SMART Schools Clearinghouse, which will also apply performance standards pursuant to s. 235.218.

Section 18. Section 235.18, Florida Statutes, is amended to read:

235.18 Annual capital outlay budget.—Each board, including the Board of Regents, shall, each year, adopt a capital outlay budget for the ensuing year in order that the capital outlay needs of the board for the entire year may be well understood by the public. This capital outlay budget shall be a part of the annual budget and shall be based upon and in harmony with the educational plant and ancillary facilities plan. This budget shall designate the proposed capital outlay expenditures by project for the year from all fund sources. The board may not expend any funds on any project not included in the budget, as amended. Each district school board must prepare its tentative *district education facilities plan facilities work program* as required by s. 235.185 before adopting the capital outlay budget.

Section 19. Section 235.185, Florida Statutes, is amended to read:

235.185 School district *educational facilities plan work program*; definitions; preparation, adoption, and amendment; long-term work programs.—

(1) DEFINITIONS.—As used in this section, the term:

(a) “Adopted educational facilities plan” means the comprehensive planning document that is adopted annually by the district school board as provided in subsection (2) and that contains the educational plant survey.

~~(a) “Adopted district facilities work program” means the 5-year work program adopted by the district school board as provided in subsection (3).~~

(b) “~~Tentative~~ District facilities work program” means the 5-year listing of capital outlay projects, *adopted by the district school board as provided in subparagraph (2)(a)2. and paragraph (2)(b) as part of the district educational facilities plan, which is required in order to:*

1. ~~To~~ Properly maintain the educational plant and ancillary facilities of the district.

2. ~~To~~ Provide an adequate number of satisfactory student stations for the projected student enrollment of the district in K-12 programs in accordance with the goal in s. 235.062.

(c) “Tentative educational facilities plan” means the comprehensive planning document prepared annually by the district school board and submitted to the Office of Educational Facilities of the Commissioner of Education and the affected general-purpose local governments.

(2) PREPARATION OF TENTATIVE DISTRICT EDUCATIONAL FACILITIES PLAN WORK PROGRAM.—

(a) Annually, prior to the adoption of the district school budget, each school board shall prepare a tentative district educational facilities plan that includes long-range planning for facilities needs over 5-year, 10-year, and 20-year periods. The plan must be developed in coordination with the general-purpose local governments and be consistent with the local government comprehensive plans. The school board’s plan for provision of new schools must meet the needs of all growing communities in the district, ranging from small rural communities to large urban cities. The plan must include ~~work program that includes:~~

1. Projected student populations apportioned geographically at the local level. The projections must be based on information produced by the demographic, revenue, and education estimating conferences pursuant to s. 216.136, where available, as modified by the district based on development data and agreement with the local governments and the Office of Educational Facilities of the Commissioner of Education. The projections must be apportioned geographically with assistance from the local governments using local development trend data and the school district student enrollment data.

2. An inventory of existing school facilities. Any anticipated expansions or closures of existing school sites over the 5-year, 10-year, and 20-year periods must be identified. The inventory must include an assessment of areas proximate to existing schools and identification of the need for improvements to infrastructure, safety, including safe access routes, and conditions in the community. The plan must also provide a listing of major repairs and renovation projects anticipated over the period of the plan.

3. Projections of facilities space needs, which may not exceed the norm space and occupant design criteria established in the State Requirements for Educational Facilities.

4. Information on leased, loaned, and donated space and relocatables used for conducting the district’s instructional programs.

5. The general location of public schools proposed to be constructed over the 5-year, 10-year, and 20-year time periods, including a listing of the proposed schools’ site acreage needs and anticipated capacity and maps showing the general locations. The school board’s identification of general locations of future school sites must be based on the school siting requirements of s. 163.3177(6)(a) and policies in the comprehensive plan which provide guidance for appropriate locations for school sites.

6. The identification of options deemed reasonable and approved by the school board which reduce the need for additional permanent student stations. Such options may include, but need not be limited to:

- a. Acceptable capacity;
- b. Redistricting;
- c. Busing;
- d. Year-round schools; and
- e. Charter schools.

7. The criteria and method, jointly determined by the local government and the school board, for determining the impact to public school capacity in response to a local government request for a report pursuant to s. 235.193(4).

(b) The plan must also include a financially feasible district facilities work program for a 5-year period. The work program must include:

1. A schedule of major repair and renovation projects necessary to maintain the educational facilities ~~plant~~ and ancillary facilities of the district.

2. A schedule of capital outlay projects necessary to ensure the availability of satisfactory student stations for the projected student enrollment in K-12 programs. This schedule shall consider:

a. The locations, capacities, and planned utilization rates of current educational facilities of the district. The capacity of existing satisfactory facilities, as reported in the Florida Inventory of School Houses must be compared to the capital outlay full-time-equivalent student enrollment as determined by the department including all enrollment used in the calculation of the distribution formula in s. 235.435(3).

b. The proposed locations of planned facilities, whether those locations are consistent with the comprehensive plans of all affected local governments, and recommendations for infrastructure and other improvements to land adjacent to existing facilities. The provisions of ss. 235.19 and 235.193(6), (7), and (8) must be addressed for new facilities planned within the first 3 years of the work plan, as appropriate.

c. Plans for the use and location of relocatable facilities, leased facilities, and charter school facilities.

d. Plans for multitrack scheduling, grade level organization, block scheduling, or other alternatives that reduce the need for additional permanent student stations.

e. Information concerning average class size and utilization rate by grade level within the district which ~~that~~ will result if the tentative district facilities work program is fully implemented. ~~The average shall not include exceptional student education classes or prekindergarten classes.~~

f. The number and percentage of district students planned to be educated in relocatable facilities during each year of the tentative district facilities work program. For determining future needs, student capacity may not be assigned to any relocatable classroom that is scheduled for elimination or replacement with a permanent educational facility in the current year of the adopted district educational facilities plan and in the district facilities work program adopted under this section. Those relocatable classrooms clearly identified and scheduled for replacement in a school-board-adopted, financially feasible, 5-year district facilities work program shall be counted at zero capacity at the time the work program is adopted and approved by the school board. However, if the district facilities work program is changed and the relocatable classrooms are not replaced as scheduled in the work program, the classrooms must be reentered into the system and be counted at actual capacity. Relocatable classrooms may not be perpetually added to the work program or continually extended for purposes of circumventing this section. All relocatable classrooms not identified and scheduled for replacement, including those owned, lease-purchased, or leased by the school district, must be counted at actual student capacity. The district educational facilities plan must identify the number of relocatable student stations scheduled for replacement during the 5-year survey period and the total dollar amount needed for that replacement.

g. Plans for the closure of any school, including plans for disposition of the facility or usage of facility space, and anticipated revenues.

h. *Projects for which capital outlay and debt service funds accruing under s. 9(d), Art. XII of the State Constitution are to be used shall be identified separately in priority order on a project priority list within the district facilities work program.*

3. The projected cost for each project identified in the ~~tentative~~ district facilities work program. For proposed projects for new student stations, a schedule shall be prepared comparing the planned cost and square footage for each new student station, by elementary, middle, and high school levels, to the low, average, and high cost of facilities constructed throughout the state during the most recent fiscal year for which data is available from the Department of Education.

4. A schedule of estimated capital outlay revenues from each currently approved source which is estimated to be available for expenditure on the projects included in the ~~tentative~~ district facilities work program.

5. A schedule indicating which projects included in the ~~tentative~~ district facilities work program will be funded from current revenues projected in subparagraph 4.

6. A schedule of options for the generation of additional revenues by the district for expenditure on projects identified in the ~~tentative~~ district facilities work program which are not funded under subparagraph 5. Additional anticipated revenues may include effort index grants, SIT Program awards, and Classrooms First funds.

(c)(b) To the extent available, the *tentative* district *educational facilities plan work program* shall be based on information produced by the demographic, revenue, and education estimating conferences pursuant to s. 216.136.

(d)(e) Provision shall be made for public comment concerning the *tentative district educational facilities plan work program*.

(e) *The district school board shall coordinate with each affected local government to ensure consistency between the tentative district educational facilities plan and the local government comprehensive plans of the affected local governments during the development of the tentative district educational facilities plan.*

(f) *Commencing on October 1, 2001, and not less than once every 5 years thereafter, the district school board shall contract with a qualified, independent third party to conduct a financial management and performance audit of the educational planning and construction activities of the district. An audit conducted by the Auditor General satisfies this requirement.*

(3) **SUBMITTAL OF TENTATIVE DISTRICT EDUCATIONAL FACILITIES PLAN TO LOCAL GOVERNMENT.**—*The district school board shall submit a copy of its tentative district educational facilities plan to all affected local governments prior to adoption by the board. The affected local governments shall review the tentative district educational facilities plan and comment to the district school board on the consistency of the plan with the local comprehensive plan, whether a comprehensive plan amendment will be necessary for any proposed educational facility, and whether the local government supports a necessary comprehensive plan amendment. If the local government does not support a comprehensive plan amendment for a proposed educational facility, the matter shall be resolved pursuant to the interlocal agreement required by ss. 163.31776(4) and 235.193(2). The process for the submittal and review shall be detailed in the interlocal agreement required pursuant to ss. 163.31776(4) and 235.193(2).*

(4)(3) **ADOPTED DISTRICT EDUCATIONAL FACILITIES PLAN WORK PROGRAM.**—*Annually, the district school board shall consider and adopt the tentative district educational facilities plan work program completed pursuant to subsection (2). Upon giving proper public notice to the public and local governments and opportunity for public comment, the district school board may amend the plan program to revise the priority of projects, to add or delete projects, to reflect the impact of change orders, or to reflect the approval of new revenue sources which may become available. The adopted district educational facilities plan work program shall:*

(a) Be a complete, balanced, and *financially feasible* capital outlay financial plan for the district.

(b) Set forth the proposed commitments and planned expenditures of the district to address the educational facilities needs of its students and to adequately provide for the maintenance of the educational plant and ancillary facilities, *including safe access ways from neighborhoods to schools.*

(5)(4) **EXECUTION OF ADOPTED DISTRICT EDUCATIONAL FACILITIES PLAN WORK PROGRAM.**—*The first year of the adopted district educational facilities plan work program shall constitute the capital outlay budget required in s. 235.18. The adopted district educational facilities plan work program shall include the information required in subparagraphs (2)(b)1., 2., and 3. (2)(a)1., 2., and 3., based upon projects actually funded in the program.*

(5) ~~10 YEAR AND 20 YEAR WORK PROGRAMS.~~—*In addition to the adopted district facilities work program covering the 5 year work program, the district school board shall adopt annually a 10 year and a 20 year work program which include the information set forth in subsection (2), but based upon enrollment projections and facility needs for the 10 year and 20 year periods. It is recognized that the projections in the 10 year and 20 year timeframes are tentative and should be used only for general planning purposes.*

Section 20. Section 235.188, Florida Statutes, is amended to read:

235.188 Full bonding required to participate in programs.—*Any district with unused bonding capacity in its Capital Outlay and Debt Service Trust Fund allocation that certifies in its district educational facilities plan work program that it will not be able to meet all of its need for new student stations within existing revenues must fully bond its Capital Outlay and Debt Service Trust Fund allocation before it may participate in Classrooms First, the School Infrastructure Thrift (SIT) Program, or the Effort Index Grants Program.*

Section 21. Section 235.19, Florida Statutes, is amended to read:

235.19 Site planning and selection.—

(1) *If the school board and local government have entered into an interlocal agreement pursuant to ss. 163.31776(4) and 235.193(2) and have developed a process to ensure consistency between the local government comprehensive plan and the school district educational facilities plan and a method to coordinate decisionmaking and approved activities relating to school planning and site selection, the provisions of this section do not apply to such school board and local government.*

(2)(1) Before acquiring property for sites, each board shall determine the location of proposed educational centers or campuses for the board. In making this determination, the board shall consider existing and anticipated site needs and the most economical and practicable locations of sites. The board shall coordinate with the long-range or comprehensive plans of local, regional, and state governmental agencies to assure the *consistency compatibility* of such plans with site planning. Boards are encouraged to locate schools proximate to urban residential areas to the extent possible, and shall seek to collocate schools with other public facilities, such as parks, libraries, and community centers, to the extent possible and to encourage using elementary schools as focal points for neighborhoods.

(3)(2) Each new site selected must be adequate in size to meet the educational needs of the students to be served on that site by the original educational facility or future expansions of the facility through renovation or the addition of relocatables. ~~The Commissioner of Education shall prescribe by rule recommended sizes for new sites according to categories of students to be housed and other appropriate factors determined by the commissioner. Less than recommended site sizes are allowed if the board, by a two-thirds majority, recommends such a site and finds that it can provide an appropriate and equitable educational program on the site.~~

(4)(3) Sites recommended for purchase, or purchased, in accordance with chapter 230 or chapter 240 must meet standards prescribed therein and such supplementary standards as the *school board commissioner* prescribes to promote the educational interests of the students. Each site must be well drained and suitable for outdoor educational purposes as appropriate for the educational program or *colocated with facilities to*

serve this purpose. As provided in s. 333.03, the site must not be located within any path of flight approach of any airport. Insofar as is practicable, the site must not adjoin a right-of-way of any railroad or through highway and must not be adjacent to any factory or other property from which noise, odors, or other disturbances, or at which conditions, would be likely to interfere with the educational program. *To the extent practicable, sites must be chosen that will provide safe access from neighborhoods to schools.*

(5)(4) It shall be the responsibility of the board to provide adequate notice to appropriate municipal, county, regional, and state governmental agencies for requested traffic control and safety devices so they can be installed and operating prior to the first day of classes or to satisfy itself that every reasonable effort has been made in sufficient time to secure the installation and operation of such necessary devices prior to the first day of classes. It shall also be the responsibility of the board to review annually traffic control and safety device needs and to request all necessary changes indicated by such review.

(6)(5) Each board may request county and municipal governments to construct and maintain sidewalks and bicycle trails within a 2-mile radius of each educational facility within the jurisdiction of the local government. When a board discovers or is aware of an existing hazard on or near a public sidewalk, street, or highway within a 2-mile radius of a school site and the hazard endangers the life or threatens the health or safety of students who walk, ride bicycles, or are transported regularly between their homes and the school in which they are enrolled, the board shall, within 24 hours after discovering or becoming aware of the hazard, excluding Saturdays, Sundays, and legal holidays, report such hazard to the governmental entity within the jurisdiction of which the hazard is located. Within 5 days after receiving notification by the board, excluding Saturdays, Sundays, and legal holidays, the governmental entity shall investigate the hazardous condition and either correct it or provide such precautions as are practicable to safeguard students until the hazard can be permanently corrected. However, if the governmental entity that has jurisdiction determines upon investigation that it is impracticable to correct the hazard, or if the entity determines that the reported condition does not endanger the life or threaten the health or safety of students, the entity shall, within 5 days after notification by the board, excluding Saturdays, Sundays, and legal holidays, inform the board in writing of its reasons for not correcting the condition. The governmental entity, to the extent allowed by law, shall indemnify the board from any liability with respect to accidents or injuries, if any, arising out of the hazardous condition.

Section 22. Section 235.193, Florida Statutes, is amended to read:

235.193 Coordination of planning with local governing bodies.—

(1) It is the policy of this state to require the coordination of planning between boards and local governing bodies to ensure that plans for the construction and opening of public educational facilities are facilitated and coordinated in time and place with plans for residential development, concurrently with other necessary services. Such planning shall include the integration of the educational facilities plan ~~plant survey~~ and applicable policies and procedures of a board with the local comprehensive plan and land development regulations of local ~~governments governing bodies~~. The planning must include the consideration of allowing students to attend the school located nearest their homes when a new housing development is constructed near a county boundary and it is more feasible to transport the students a short distance to an existing facility in an adjacent county than to construct a new facility or transport students longer distances in their county of residence. The planning must also consider the effects of the location of public education facilities, including the feasibility of keeping central city facilities viable, in order to encourage central city redevelopment and the efficient use of infrastructure and to discourage uncontrolled urban sprawl. *In addition, all parties to the planning process must consult with state and local road departments to assist in implementing the Safe Paths to Schools program administered by the Department of Transportation.*

(2) *No later than 6 months prior to the transmittal of a public educational facilities element by general purpose local governments meeting the criteria of s. 163.31776(3), the school district, the county, and the non-exempt municipalities shall enter into an interlocal agreement that establishes a process for developing coordinated and consistent local government public educational facilities elements and a district educational facilities plan, including a process:*

(a) *By which each local government and the school district agree and base the local government comprehensive plan and educational facilities plan on uniform projections of the amount, type, and distribution of population growth and student enrollment.*

(b) *To coordinate and share information relating to existing and planned public school facilities and local government plans for development and redevelopment.*

(c) *To ensure that school-siting decisions by the school board are consistent with the local comprehensive plan, including appropriate circumstances and criteria under which a school district may request an amendment to the comprehensive plan for school siting, and to ensure early involvement by the local government as the school board identifies potential school sites.*

(d) *To coordinate and provide timely formal comments during the development, adoption, and amendment of each local government's public educational facilities element and the educational facilities plan of the school district to ensure a uniform, countywide school facility planning system.*

(e) *For school-district participation in the review of comprehensive plan amendments and rezonings that increase residential density and that are reasonably expected to have an impact on public school facility demand pursuant to s. 163.31777. The interlocal agreement must specify how the school board and local governments will develop the methodology and the criteria for determining whether school facility capacity will be reasonably available at the time of projected school impacts, including uniform, districtwide level-of-service standards for all public schools of the same type and availability standards for public schools. The interlocal agreement shall ensure that consistent criteria and capacity-determination methodologies including student generation multipliers are adopted into the school board's district educational facilities plan and the local government's public educational facilities element. The interlocal agreement shall also set forth the process and uniform methodology for determining proportionate-share mitigation pursuant to s. 163.31777.*

(f) *For the resolution of disputes between the school district and local governments.*

Any school board entering into an interlocal agreement for the purpose of adopting public school concurrency prior to the effective date of this act is not required to amend the interlocal agreement to conform to the provisions of this subsection if the comprehensive plan amendment adopting public school concurrency is ultimately determined to be in compliance.

(3) *Failure to enter into an interlocal agreement as required by s. 235.193(2) shall result in the withholding of funds for school construction available pursuant to ss. 235.187, 235.216, 235.2195, and 235.42 and a prohibition from siting schools. Before the Office of Educational Facilities of the Commissioner of Education may withhold any funds, the office shall provide the school board with a notice of intent to withhold funds, which the school board may appeal under chapter 120. The office shall withhold funds when a final order is issued finding that the school board has failed to enter into an interlocal agreement that meets the requirements of this section.*

(4) *The school board shall report to the local government on school capacity when the local government notifies the school board that it is reviewing an application for a comprehensive plan amendment or a rezoning that seeks to increase residential density. The report must provide data and analysis as required by s. 163.31777(2) for the local government's review of the proposed plan amendment or rezoning.*

(5)(2) *A school board and the local governing body must share and coordinate information related to existing and planned public school facilities; proposals for development, redevelopment, or additional development; and infrastructure required to support the public school facilities, concurrent with proposed development. A school board shall use information produced by the demographic, revenue, and education estimating conferences pursuant to s. 216.136 ~~Department of Education enrollment projections~~ when preparing the 5-year district educational facilities plan ~~work program~~ pursuant to s. 235.185, as modified and agreed to by the local governments and the Office of Educational Facilities of the Commissioner of Education, ~~in and a school board shall affirmatively demonstrate in the educational facilities report~~ consideration of local governments' population projections, to ensure that the district*

educational facilities plan ~~5-year work program~~ not only reflects enrollment projections but also considers applicable municipal and county growth and development projections. *The projections shall be apportioned geographically with assistance from the local governments using local government trend data and the school district student enrollment data.* A school board is precluded from siting a new school in a jurisdiction where the school board has failed to provide the annual educational facilities plan report for the prior year required pursuant to s. 235.185 ~~s. 235.194~~ unless the failure is corrected.

(6)(3) The location of public educational facilities shall be consistent with the comprehensive plan of the appropriate local governing body developed under part II of chapter 163 and *consistent with the plan's implementing land development regulations, to the extent that the regulations are not in conflict with or the subject regulated is not specifically addressed by this chapter or the State Uniform Building Code, unless mutually agreed by the local government and the board.*

(7)(4) To improve coordination relative to potential educational facility sites, a board shall provide written notice to the local government that has regulatory authority over the use of the land at least 120 ~~60~~ days prior to acquiring or leasing property that may be used for a new public educational facility. The local government, upon receipt of this notice, shall notify the board within 45 days if the site proposed for acquisition or lease is consistent with the land use categories and policies of the local government's comprehensive plan. This preliminary notice does not constitute the local government's determination of consistency pursuant to subsection (8) (5).

(8)(5) As early in the design phase as feasible, but at least before commencing construction of a new public educational facility, the local governing body that regulates the use of land shall determine, in writing within 90 days after receiving the necessary information and a school board's request for a determination, whether a proposed public educational facility is consistent with the local comprehensive plan and *consistent with local land development regulations, to the extent that the regulations are not in conflict with or the subject regulated is not specifically addressed by this chapter or the State Uniform Building Code, unless mutually agreed.* If the determination is affirmative, school construction may proceed and further local government approvals are not required, except as provided in this section. Failure of the local governing body to make a determination in writing within 90 days after a school board's request for a determination of consistency shall be considered an approval of the school board's application.

(9)(6) A local governing body may not deny the site applicant based on adequacy of the site plan as it relates solely to the needs of the school. If the site is consistent with the comprehensive plan's future land use policies and categories in which public schools are identified as allowable uses, the local government may not deny the application but it may impose reasonable development standards and conditions in accordance with s. 235.34(1) and consider the site plan and its adequacy as it relates to environmental concerns, health, safety and welfare, and effects on adjacent property. Standards and conditions may not be imposed which conflict with those established in this chapter or the State Uniform Building Code, unless mutually agreed.

(10)(7) This section does not prohibit a local governing body and district school board from agreeing and establishing an alternative process for reviewing a proposed educational facility and site plan, and offsite impacts *pursuant to an interlocal agreement adopted in accordance with this section.*

(11)(8) Existing schools shall be considered consistent with the applicable local government comprehensive plan adopted under part II of chapter 163. ~~The collocation of a new proposed public educational facility with an existing public educational facility, or the expansion of an existing public educational facility is not inconsistent with the local comprehensive plan, if the site is consistent with the comprehensive plan's future land use policies and categories in which public schools are identified as allowable uses, and levels of service adopted by the local government for any facilities affected by the proposed location for the new facility are maintained.~~ If a board submits an application to expand an existing school site, the local governing body may impose reasonable development standards and conditions on the expansion only, and in a manner consistent with s. 235.34(1). Standards and conditions may not be imposed which conflict with those established in this chapter or the State Uniform Building Code, unless mutually agreed. Local government review or approval is not required for:

- (a) The placement of temporary or portable classroom facilities; or
- (b) Proposed renovation or construction on existing school sites, with the exception of construction that changes the primary use of a facility, includes stadiums, or results in a greater than 5 percent increase in student capacity, or as mutually agreed.

Section 23. *Section 235.194, Florida Statutes, is repealed.*

Section 24. Section 235.218, Florida Statutes, is amended to read:

235.218 School district *educational facilities plan* ~~work program~~ performance and productivity standards; development; measurement; application.—

(1) The SMART Schools Clearinghouse shall develop and adopt measures for evaluating the performance and productivity of school district *educational facilities plans* ~~work programs~~. The measures may be both quantitative and qualitative and must, to the maximum extent practical, assess those factors that are within the districts' control. The measures must, at a minimum, assess performance in the following areas:

- (a) Frugal production of high-quality projects.
- (b) Efficient finance and administration.
- (c) Optimal school and classroom size and utilization rate.
- (d) Safety.
- (e) Core facility space needs and cost-effective capacity improvements that consider demographic projections.
- (f) Level of district local effort.

(2) The clearinghouse shall establish annual performance objectives and standards that can be used to evaluate district performance and productivity.

(3) The clearinghouse shall conduct ongoing evaluations of district educational facilities program performance and productivity, using the measures adopted under this section. If, using these measures, the clearinghouse finds that a district failed to perform satisfactorily, the clearinghouse must recommend to the district school board actions to be taken to improve the district's performance.

Section 25. Section 235.321, Florida Statutes, is amended to read:

235.321 Changes in construction requirements after award of contract.—The board may, at its option and by written policy duly adopted and entered in its official minutes, authorize the superintendent or president or other designated individual to approve change orders in the name of the board for preestablished amounts. Approvals shall be for the purpose of expediting the work in progress and shall be reported to the board and entered in its official minutes. For accountability, the school district shall monitor and report the impact of change orders on its district *educational facilities plan* ~~work program~~ pursuant to s. 235.185.

Section 26. Paragraph (d) of subsection (5) of section 236.25, Florida Statutes, is amended, and subsection (6) is added to that section, to read:

236.25 District school tax.—

(5)

(d) Notwithstanding any other provision of this subsection, if through its adopted *educational facilities plan* ~~work program~~ a district has clearly identified the need for an ancillary plant, has provided opportunity for public input as to the relative value of the ancillary plant versus an educational plant, and has obtained public approval, the district may use revenue generated by the millage levy authorized by subsection (2) for the *acquisition*, construction, renovation, remodeling, maintenance, or repair of an ancillary plant.

A district that violates these expenditure restrictions shall have an equal dollar reduction in funds appropriated to the district under s. 236.081 in the fiscal year following the audit citation. The expenditure restrictions do not apply to any school district that certifies to the Commissioner of Education that all of the district's instructional space needs for the next 5 years can be met from capital outlay sources that the

district reasonably expects to receive during the next 5 years or from alternative scheduling or construction, leasing, rezoning, or technological methodologies that exhibit sound management.

(6) *In addition to the maximum millage levied under this section and the General Appropriations Act, a school district may levy, by local referendum or in a general election, additional millage for school operational purposes up to an amount that, when combined with nonvoted millage levied under this section, does not exceed the 10-mill limit established in s. 9(b), Art. VII of the State Constitution. Any such levy shall be for a maximum of 4 years and shall be counted as part of the 10-mill limit established in s. 9(b), Art. VII of the State Constitution. Millage elections conducted under the authority granted pursuant to this section are subject to ss. 236.31 and 236.32. Funds generated by such additional millage do not become a part of the calculation of the Florida Education Finance Program total potential funds in 2001-2002 or any subsequent year and must not be incorporated in the calculation of any hold-harmless or other component of the Florida Education Finance Program formula in any year.*

Section 27. Section 236.31, Florida Statutes, is amended to read:

236.31 District millage elections.—

(1) The school board, pursuant to resolution adopted at a regular meeting, shall direct the county commissioners to call an election at which the electors within the school districts may approve an ad valorem tax millage as authorized in s. 9, Art. VII of the State Constitution. Such election may be held at any time, except that not more than one such election shall be held during any 12-month period. Any millage so authorized shall be levied for a period not in excess of 2 years or until changed by another millage election, whichever is the earlier. In the event any such election is invalidated by a court of competent jurisdiction, such invalidated election shall be considered not to have been held.

(2) *The school board, pursuant to resolution adopted at a regular meeting, shall direct the county commissioners to call an election at which the electors within the school district may approve an ad valorem tax millage as authorized under s. 236.25(6). Such election may be held at any time, except that not more than one such election shall be held during any 12-month period. Any millage so authorized shall be levied for a period not in excess of 4 years or until changed by another millage election, whichever is earlier. If any such election is invalidated by a court of competent jurisdiction, such invalidated election shall be considered not to have been held.*

Section 28. Section 236.32, Florida Statutes, is amended to read:

(Substantial rewording of section. See s. 236.32, F.S., for present text.)

236.32 *Procedures for holding and conducting school district millage elections.—*

(1) **HOLDING ELECTIONS.**—*All school district millage elections shall be held and conducted in the manner prescribed by law for holding general elections, except as provided in this chapter.*

(2) **FORM OF BALLOT.**—

(a) *The school board may propose a single millage or two millages, with one for operating expenses and another for a local capital improvement reserve fund. When two millage figures are proposed, each millage must be voted on separately.*

(b) *The school board shall provide the wording of the substance of the measure and the ballot title in the resolution calling for the election. The wording of the ballot must conform to the provisions of s. 101.161.*

(3) **QUALIFICATION OF ELECTORS.**—*All qualified electors of the school district are entitled to vote in the election to set the school tax district millage levy.*

(4) **RESULTS OF ELECTION.**—*When the school board proposes one tax levy for operating expenses and another for the local capital improvement reserve fund, the results shall be considered separately. The tax levy shall be levied only in case a majority of the electors participating in the election vote in favor of the proposed special millage.*

Section 29. Paragraph (e) of subsection (2), subsection (12), paragraph (c) of subsection (15), and subsections (18) and (19) of section 380.06, Florida Statutes, are amended to read:

380.06 Developments of regional impact.—

(2) STATEWIDE GUIDELINES AND STANDARDS.—

(e) With respect to residential, hotel, motel, office, and retail developments, the applicable guidelines and standards shall be increased by 50 percent in urban central business districts and regional activity centers of jurisdictions whose local comprehensive plans are in compliance with part II of chapter 163. With respect to multiuse developments, the applicable guidelines and standards shall be increased by 100 percent in urban central business districts and regional activity centers of jurisdictions whose local comprehensive plans are in compliance with part II of chapter 163, if one land use of the multiuse development is residential and amounts to not less than 35 percent of the jurisdiction's applicable residential threshold. With respect to resort or convention hotel developments, the applicable guidelines and standards shall be increased by 150 percent in urban central business districts and regional activity centers of jurisdictions whose local comprehensive plans are in compliance with part II of chapter 163 and where the increase is specifically for a proposed resort or convention hotel located in a county with a population greater than 500,000 and the local government specifically designates that the proposed resort or convention hotel development will serve an existing convention center of more than 250,000 gross square feet built prior to July 1, 1992. *The applicable guidelines and standards shall be increased by 200 percent for development in any area designated by the Governor as a rural area of critical economic concern pursuant to s. 288.0656 during the effective period of the designation. The Administration Commission, upon the recommendation of the state land planning agency, shall implement this paragraph by rule no later than December 1, 1993. The increased guidelines and standards authorized by this paragraph shall not be implemented until the effectiveness of the rule which, among other things, shall set forth the pertinent characteristics of urban central business districts and regional activity centers.*

(12) REGIONAL REPORTS.—

(a) Within 50 days after receipt of the notice of public hearing required in paragraph (11)(c), the regional planning agency, if one has been designated for the area including the local government, shall prepare and submit to the local government a report and recommendations on the regional impact of the proposed development. In preparing its report and recommendations, the regional planning agency shall identify regional issues based upon the following review criteria and make recommendations to the local government on these regional issues, specifically considering whether, and the extent to which:

1. The development will have a favorable or unfavorable impact on state or regional resources or facilities identified in the applicable state or regional plans. For the purposes of this subsection, "applicable state plan" means the state comprehensive plan. For the purposes of this subsection, "applicable regional plan" means an adopted comprehensive regional policy plan until the adoption of a strategic regional policy plan pursuant to s. 186.508, and thereafter means an adopted strategic regional policy plan.

2. The development will significantly impact adjacent jurisdictions. At the request of the appropriate local government, regional planning agencies may also review and comment upon issues that affect only the requesting local government.

3. As one of the issues considered in the review in subparagraphs 1. and 2., the development will favorably or adversely affect the ability of people to find adequate housing reasonably accessible to their places of employment. The determination should take into account information on factors that are relevant to the availability of reasonably accessible adequate housing. Adequate housing means housing that is available for occupancy and that is not substandard.

(b) At the request of the regional planning agency, other appropriate agencies shall review the proposed development and shall prepare reports and recommendations on issues that are clearly within the jurisdiction of those agencies. Such agency reports shall become part of the regional planning agency report; however, the regional planning agency may attach dissenting views. When water management district and Department of Environmental Protection permits have been issued pursuant to chapter 373 or chapter 403, the regional planning council may comment on the regional implications of the permits but may not offer conflicting recommendations.

(c) The regional planning agency shall afford the developer or any substantially affected party reasonable opportunity to present evidence to the regional planning agency head relating to the proposed regional agency report and recommendations.

(d) *Where the location of a proposed development involves land within the boundaries of multiple regional planning councils, the state land planning agency shall designate a lead regional planning council. The lead regional planning council shall prepare the regional report.*

(15) LOCAL GOVERNMENT DEVELOPMENT ORDER.—

(c) The development order shall include findings of fact and conclusions of law consistent with subsections (13) and (14). The development order:

1. Shall specify the monitoring procedures and the local official responsible for assuring compliance by the developer with the development order.

2. Shall establish compliance dates for the development order, including a deadline for commencing physical development and for compliance with conditions of approval or phasing requirements, and shall include a termination date that reasonably reflects the time required to complete the development.

3. Shall establish a date until which the local government agrees that the approved development of regional impact shall not be subject to downzoning, unit density reduction, or intensity reduction, unless the local government can demonstrate that substantial changes in the conditions underlying the approval of the development order have occurred or the development order was based on substantially inaccurate information provided by the developer or that the change is clearly established by local government to be essential to the public health, safety, or welfare.

4. Shall specify the requirements for the ~~biennial~~ annual report designated under subsection (18), including the date of submission, parties to whom the report is submitted, and contents of the report, based upon the rules adopted by the state land planning agency. Such rules shall specify the scope of any additional local requirements that may be necessary for the report.

5. May specify the types of changes to the development which shall require submission for a substantial deviation determination under subsection (19).

6. Shall include a legal description of the property.

(18) ~~BIENNIAL ANNUAL~~ REPORTS.—The developer shall submit a ~~biennial~~ annual report on the development of regional impact to the local government, the regional planning agency, the state land planning agency, and all affected permit agencies *in alternate years* on the date specified in the development order, *unless the development order by its terms requires more frequent monitoring*. If the annual report is not received, the regional planning agency or the state land planning agency shall notify the local government. If the local government does not receive the ~~biennial~~ annual report or receives notification that the regional planning agency or the state land planning agency has not received the report, the local government shall request in writing that the developer submit the report within 30 days. The failure to submit the report after 30 days shall result in the temporary suspension of the development order by the local government. *If no additional development pursuant to the development order has occurred since the submission of the previous report, a letter from the developer stating that no development has occurred satisfies the requirement for a report. Development orders that require annual reports may be amended to require biennial reports at the option of the local government.*

(19) SUBSTANTIAL DEVIATIONS.—

(a) Any proposed change to a previously approved development which creates a reasonable likelihood of additional regional impact, or any type of regional impact created by the change not previously reviewed by the regional planning agency, shall constitute a substantial deviation and shall cause the development to be subject to further development-of-regional-impact review. There are a variety of reasons why a developer may wish to propose changes to an approved development of regional impact, including changed market conditions. The procedures set forth in this subsection are for that purpose.

(b) Any proposed change to a previously approved development of regional impact or development order condition which, either individually or cumulatively with other changes, exceeds any of the following criteria shall constitute a substantial deviation and shall cause the development to be subject to further development-of-regional-impact review without the necessity for a finding of same by the local government:

1. An increase in the number of parking spaces at an attraction or recreational facility by 5 percent or 300 spaces, whichever is greater, or an increase in the number of spectators that may be accommodated at such a facility by 5 percent or 1,000 spectators, whichever is greater.

2. A new runway, a new terminal facility, a 25-percent lengthening of an existing runway, or a 25-percent increase in the number of gates of an existing terminal, but only if the increase adds at least three additional gates. However, if an airport is located in two counties, a 10-percent lengthening of an existing runway or a 20-percent increase in the number of gates of an existing terminal is the applicable criteria.

3. An increase in the number of hospital beds by 5 percent or 60 beds, whichever is greater.

4. An increase in industrial development area by 5 percent or 32 acres, whichever is greater.

5. An increase in the average annual acreage mined by 5 percent or 10 acres, whichever is greater, or an increase in the average daily water consumption by a mining operation by 5 percent or 300,000 gallons, whichever is greater. An increase in the size of the mine by 5 percent or 750 acres, whichever is less.

6. An increase in land area for office development by 5 percent ~~or 6 acres, whichever is greater~~, or an increase of gross floor area of office development by 5 percent or 60,000 gross square feet, whichever is greater.

7. An increase in the storage capacity for chemical or petroleum storage facilities by 5 percent, 20,000 barrels, or 7 million pounds, whichever is greater.

8. An increase of development at a waterport of wet storage for 20 watercraft, dry storage for 30 watercraft, or wet/dry storage for 60 watercraft in an area identified in the state marina siting plan as an appropriate site for additional waterport development or a 5-percent increase in watercraft storage capacity, whichever is greater.

9. An increase in the number of dwelling units by 5 percent or 50 dwelling units, whichever is greater.

10. An increase in commercial development by ~~6 acres of land area or~~ 50,000 square feet of gross floor area; or of parking spaces provided for customers for 300 cars or a 5-percent increase of ~~either any~~ of these, whichever is greater.

11. An increase in hotel or motel facility units by 5 percent or 75 units, whichever is greater.

12. An increase in a recreational vehicle park area by 5 percent or 100 vehicle spaces, whichever is less.

13. A decrease in the area set aside for open space of 5 percent or 20 acres, whichever is less.

14. A proposed increase to an approved multiuse development of regional impact where the sum of the increases of each land use as a percentage of the applicable substantial deviation criteria is equal to or exceeds 100 percent. The percentage of any decrease in the amount of open space shall be treated as an increase for purposes of determining when 100 percent has been reached or exceeded.

15. A 15-percent increase in the number of external vehicle trips generated by the development above that which was projected during the original development-of-regional-impact review.

16. Any change which would result in development of any area which was specifically set aside in the application for development approval or in the development order for preservation or special protection of endangered or threatened plants or animals designated as endangered, threatened, or species of special concern and their habitat, primary dunes, or

archaeological and historical sites designated as significant by the Division of Historical Resources of the Department of State. The further refinement of such areas by survey shall be considered under subparagraph (e)5.b.

The substantial deviation numerical standards in subparagraphs 4., 6., 10., 14., excluding residential uses, and 15., are increased by 100 percent for a project certified under s. 403.973 which creates jobs and meets criteria established by the Office of Tourism, Trade, and Economic Development as to its impact on an area's economy, employment, and prevailing wage and skill levels. The substantial deviation numerical standards in subparagraphs 4., 6., 9., 10., 11., and 14. are increased by 50 percent for a project located wholly within an urban infill and redevelopment area designated on the applicable adopted local comprehensive plan future land use map and not located within the coastal high hazard area.

(c) An extension of the date of buildout of a development, or any phase thereof, by 7 or more years shall be presumed to create a substantial deviation subject to further development-of-regional-impact review. An extension of the date of buildout, or any phase thereof, of 5 years or more but less than 7 years shall be presumed not to create a substantial deviation. These presumptions may be rebutted by clear and convincing evidence at the public hearing held by the local government. An extension of less than 5 years is not a substantial deviation. For the purpose of calculating when a buildout, phase, or termination date has been exceeded, the time shall be tolled during the pendency of administrative or judicial proceedings relating to development permits. Any extension of the buildout date of a project or a phase thereof shall automatically extend the commencement date of the project, the termination date of the development order, the expiration date of the development of regional impact, and the phases thereof by a like period of time.

(d) A change in the plan of development of an approved development of regional impact resulting from requirements imposed by the Department of Environmental Protection or any water management district created by s. 373.069 or any of their successor agencies or by any appropriate federal regulatory agency shall be submitted to the local government pursuant to this subsection. The change shall be presumed not to create a substantial deviation subject to further development-of-regional-impact review. The presumption may be rebutted by clear and convincing evidence at the public hearing held by the local government.

~~(e)1.—A proposed change which, either individually or, if there were previous changes, cumulatively with those changes, is equal to or exceeds 40 percent of any numerical criterion in subparagraphs (b)1.-15., but which does not exceed such criterion, shall be presumed not to create a substantial deviation subject to further development-of-regional-impact review. The presumption may be rebutted by clear and convincing evidence at the public hearing held by the local government pursuant to subparagraph (f)5.~~

1.2. Except for a development order rendered pursuant to subsection (22) or subsection (25), a proposed change to a development order that individually or cumulatively with any previous change is less than 40 percent of any numerical criterion contained in subparagraphs (b)1.-15. and does not exceed any other criterion, or that involves an extension of the buildout date of a development, or any phase thereof, of less than 5 years is not a substantial deviation, is not subject to the public hearing requirements of subparagraph (f)3., and is not subject to a determination pursuant to subparagraph (f)5. Notice of the proposed change shall be made to the regional planning council and the state land planning agency. Such notice shall include a description of previous individual changes made to the development, including changes previously approved by the local government, and shall include appropriate amendments to the development order.

2. The following changes, individually or cumulatively with any previous changes, are not substantial deviations:

- a. Changes in the name of the project, developer, owner, or monitoring official.
- b. Changes to a setback that do not affect noise buffers, environmental protection or mitigation areas, or archaeological or historical resources.
- c. Changes to minimum lot sizes.

d. Changes in the configuration of internal roads that do not affect external access points.

e. Changes to the building design or orientation that stay approximately within the approved area designated for such building and parking lot, and which do not affect historical buildings designated as significant by the Division of Historical Resources of the Department of State.

f. Changes to increase the acreage in the development, provided that no development is proposed on the acreage to be added.

g. Changes to eliminate an approved land use, provided that there are no additional regional impacts.

h. Changes required to conform to permits approved by any federal, state, or regional permitting agency, provided that these changes do not create additional regional impacts.

i. Any other change which the state land planning agency agrees in writing is similar in nature, impact, or character to the changes enumerated in sub-subparagraphs a.-h. and which does not create the likelihood of any additional regional impact.

This subsection does not require a development order amendment for any change listed in sub-subparagraphs a.-i. unless such issue is addressed either in the existing development order or in the application for development approval, but, in the case of the application, only if, and in the manner in which, the application is incorporated in the development order.

3. Except for the change authorized by sub-subparagraph 2.f., any addition of land not previously reviewed or any change not specified in paragraph (b) or paragraph (c) shall be presumed to create a substantial deviation. This presumption may be rebutted by clear and convincing evidence.

4. Any submittal of a proposed change to a previously approved development shall include a description of individual changes previously made to the development, including changes previously approved by the local government. The local government shall consider the previous and current proposed changes in deciding whether such changes cumulatively constitute a substantial deviation requiring further development-of-regional-impact review.

5. The following changes to an approved development of regional impact shall be presumed to create a substantial deviation. Such presumption may be rebutted by clear and convincing evidence.

a. A change proposed for 15 percent or more of the acreage to a land use not previously approved in the development order. Changes of less than 15 percent shall be presumed not to create a substantial deviation.

b. Except for the types of uses listed in subparagraph (b)16., any change which would result in the development of any area which was specifically set aside in the application for development approval or in the development order for preservation, buffers, or special protection, including habitat for plant and animal species, archaeological and historical sites, dunes, and other special areas.

c. Notwithstanding any provision of paragraph (b) to the contrary, a proposed change consisting of simultaneous increases and decreases of at least two of the uses within an authorized multiuse development of regional impact which was originally approved with three or more uses specified in s. 380.0651(3)(c), (d), (f), and (g) and residential use.

(f)1. The state land planning agency shall establish by rule standard forms for submittal of proposed changes to a previously approved development of regional impact which may require further development-of-regional-impact review. At a minimum, the standard form shall require the developer to provide the precise language that the developer proposes to delete or add as an amendment to the development order.

2. The developer shall submit, simultaneously, to the local government, the regional planning agency, and the state land planning agency the request for approval of a proposed change.

3. No sooner than 30 days but no later than 45 days after submittal by the developer to the local government, the state land planning agency, and the appropriate regional planning agency, the local government shall give 15 days' notice and schedule a public hearing to consider

the change that the developer asserts does not create a substantial deviation. This public hearing shall be held within 90 days after submittal of the proposed changes, unless that time is extended by the developer.

4. The appropriate regional planning agency or the state land planning agency shall review the proposed change and, no later than 45 days after submittal by the developer of the proposed change, unless that time is extended by the developer, and prior to the public hearing at which the proposed change is to be considered, shall advise the local government in writing whether it objects to the proposed change, shall specify the reasons for its objection, if any, and shall provide a copy to the developer. ~~A change which is subject to the substantial deviation criteria specified in sub-subparagraph (e)5.c. shall not be subject to this requirement.~~

5. At the public hearing, the local government shall determine whether the proposed change requires further development-of-regional-impact review. The provisions of paragraphs (a) and (e), the thresholds set forth in paragraph (b), and the presumptions set forth in paragraphs (c) and (d) and ~~subparagraph (e)3. subparagraphs (e)1. and 3.~~ shall be applicable in determining whether further development-of-regional-impact review is required.

6. If the local government determines that the proposed change does not require further development-of-regional-impact review and is otherwise approved, or if the proposed change is not subject to a hearing and determination pursuant to subparagraphs 3. and 5. and is otherwise approved, the local government shall issue an amendment to the development order incorporating the approved change and conditions of approval relating to the change. The decision of the local government to approve, with or without conditions, or to deny the proposed change that the developer asserts does not require further review shall be subject to the appeal provisions of s. 380.07. However, the state land planning agency may not appeal the local government decision if it did not comply with subparagraph 4. The state land planning agency may not appeal a change to a development order made pursuant to subparagraph (e)2. for developments of regional impact approved after January 1, 1980, unless the change would result in a significant impact to a regionally significant archaeological, historical, or natural resource not previously identified in the original development-of-regional-impact review.

(g) If a proposed change requires further development-of-regional-impact review pursuant to this section, the review shall be conducted subject to the following additional conditions:

1. The development-of-regional-impact review conducted by the appropriate regional planning agency shall address only those issues raised by the proposed change except as provided in subparagraph 2.

2. The regional planning agency shall consider, and the local government shall determine whether to approve, approve with conditions, or deny the proposed change as it relates to the entire development. If the local government determines that the proposed change, as it relates to the entire development, is unacceptable, the local government shall deny the change.

3. If the local government determines that the proposed change, as it relates to the entire development, should be approved, any new conditions in the amendment to the development order issued by the local government shall address only those issues raised by the proposed change.

4. Development within the previously approved development of regional impact may continue, as approved, during the development-of-regional-impact review in those portions of the development which are not affected by the proposed change.

(h) When further development-of-regional-impact review is required because a substantial deviation has been determined or admitted by the developer, the amendment to the development order issued by the local government shall be consistent with the requirements of subsection (15) and shall be subject to the hearing and appeal provisions of s. 380.07. The state land planning agency or the appropriate regional planning agency need not participate at the local hearing in order to appeal a local government development order issued pursuant to this paragraph.

Section 30. Paragraphs (d) and (f) of subsection (3) of section 380.0651, Florida Statutes, are amended to read:

380.0651 Statewide guidelines and standards.—

(3) The following statewide guidelines and standards shall be applied in the manner described in s. 380.06(2) to determine whether the following developments shall be required to undergo development-of-regional-impact review:

(d) Office development.—Any proposed office building or park operated under common ownership, development plan, or management that:

1. Encompasses 300,000 or more square feet of gross floor area; or

- ~~2.3.~~ Encompasses more than 600,000 square feet of gross floor area in a county with a population greater than 500,000 and only in a geographic area specifically designated as highly suitable for increased threshold intensity in the approved local comprehensive plan and in the strategic regional policy plan.

(f) Retail and service development.—Any proposed retail, service, or wholesale business establishment or group of establishments which deals primarily with the general public onsite, operated under one common property ownership, development plan, or management that:

- ~~2.3.~~ Provides parking spaces for more than 2,500 cars.

Section 31. Section 570.71, Florida Statutes, is created to read:

570.71 Conservation easements and agreements.—

(1) The department, on behalf of the Board of Trustees of the Internal Improvement Trust Fund, may allocate moneys to acquire perpetual, less-than-fee interest in land, to enter into agricultural protection agreements, and to enter into resource conservation agreements for the following public purposes:

- (a) Promotion and improvement of wildlife habitat;*
- (b) Protection and enhancement of water bodies, aquifer recharge areas, wetlands, and watersheds;*
- (c) Perpetuation of open space on lands with significant natural areas; or*
- (d) Protection of agricultural lands threatened by conversion to other uses.*

(2) To achieve the purposes of this act, beginning no sooner than July 1, 2002, and every year thereafter, the department may accept applications for project proposals that:

- (a) Purchase conservation easements, as defined in s. 704.06.*
- (b) Purchase rural-lands-protection easements pursuant to this act.*
- (c) Fund resource conservation agreements pursuant to this act.*
- (d) Fund agricultural protection agreements pursuant to this act.*

No funds may be expended to implement this subsection prior to July 1, 2002.

(3) Rural-lands-protection easements shall be a perpetual right or interest in agricultural land which is appropriate to retain such land in predominantly its current state and to prevent the subdivision and conversion of such land into other uses. This right or interest in property shall prohibit only the following:

- (a) Construction or placing of buildings, roads, billboards or other advertising, utilities, or structures, except those structures and unpaved roads necessary for the agricultural operations on the land or structures necessary for other activities allowed under the easement, and except for linear facilities described in s. 704.06(11);*
- (b) Subdivision of the property;*

(c) *Dumping or placing of trash, waste, or offensive materials; and*

(d) *Activities that affect the natural hydrology of the land or that detrimentally affect water conservation, erosion control, soil conservation, or fish or wildlife habitat, except those required for environmental restoration; federal, state, or local government regulatory programs; or best management practices.*

(4) *Resource conservation agreements will be contracts for services which provide annual payments to landowners for services that actively improve habitat and water restoration or conservation on their lands over and above that which is already required by law or which provide recreational opportunities. They will be for a term of not less than 5 years and not more than 10 years. Property owners will become eligible to enter into a resource conservation agreement only upon entering into a conservation easement or rural lands protection easement.*

(5) *Agricultural protection agreements shall be for terms of 30 years and will provide payments to landowners having significant natural areas on their land. Public access and public recreational opportunities may be negotiated at the request of the landowner.*

(a) *For the length of the agreement, the landowner shall agree to prohibit:*

1. *Construction or placing of buildings, roads, billboards or other advertising, utilities, or structures, except those structures and unpaved roads necessary for the agricultural operations on the land or structures necessary for other activities allowed under the easement, and except for linear facilities described in s. 704.06(11);*

2. *Subdivision of the property;*

3. *Dumping or placing of trash, waste, or offensive materials; and*

4. *Activities that affect the natural hydrology of the land, or that detrimentally affect water conservation, erosion control, soil conservation, or fish or wildlife habitat.*

(b) *As part of the agricultural protection agreement, the parties shall agree that the state shall have a right to buy a conservation easement or rural land protection easement at the end of the 30-year term or prior to the landowner transferring or selling the property, whichever occurs later. If the landowner tenders the easement for the purchase and the state does not timely exercise its right to buy the easement, the landowner shall be released from the agricultural agreement. The purchase price of the easement shall be established in the agreement and shall be based on the value of the easement at the time the agreement is entered into, plus a reasonable escalator multiplied by the number of full calendar years following the date of the commencement of the agreement. The landowner may transfer or sell the property before the expiration of the 30-year term, but only if the property is sold subject to the agreement and the buyer becomes the successor in interest to the agricultural protection agreement. Upon mutual consent of the parties, a landowner may enter into a perpetual easement at any time during the term of an agricultural protection agreement.*

(6) *Payment for conservation easements and rural land protection easements shall be a lump-sum payment at the time the easement is entered into.*

(7) *Landowners entering into an agricultural protection agreement may receive up to 50 percent of the purchase price at the time the agreement is entered into and remaining payments on the balance shall be equal annual payments over the term of the agreement.*

(8) *Payments for the resource conservation agreements shall be equal annual payments over the term of the agreement.*

(9) *Easements purchased pursuant to this act may not prevent landowners from transferring the remaining fee value with the easement.*

(10) *The department, in consultation with the Department of Environmental Protection, the water management districts, the Department of Community Affairs, and the Florida Fish and Wildlife Conservation Commission, shall adopt rules that establish an application process, a process and criteria for setting priorities for use of funds consistent with the purposes specified in s. 570.71(1) and giving preference to ranch and timber lands managed using sustainable practices, an appraisal process,*

and a process for title review and compliance and approval of the rules by the Board of Trustees of the Internal Improvement Trust Fund.

(11) *If a landowner objects to having his property included in any lists or maps developed to implement this act, the department shall remove the property from any such lists or maps upon receipt of the landowner's written request to do so.*

(12) *The department is authorized to use funds from the following sources to implement this act:*

(a) *State funds;*

(b) *Federal funds;*

(c) *Other governmental entities;*

(d) *Nongovernmental organizations; or*

(e) *Private individuals.*

Any such funds provided shall be deposited into the Conservation and Recreation Lands Program Trust Fund within the Department of Agriculture and Consumer Services and used for the purposes of this act.

(13) *No more than ten percent of any funds made available to implement this act shall be expended for resource conservation agreements and agricultural protection agreements.*

(14) *The department, in consultation with the Department of Environmental Protection, the Fish and Wildlife Conservation Commission, and the water management districts shall conduct a study to determine and prioritize needs for implementing the act.*

(a) *The department may contract with the Florida Natural Areas Inventory for an analysis of the geographic distribution of certain types of natural resources, or resource-based land uses that have been identified for acquisition by previous conservation and recreation land acquisition programs.*

(b) *The needs assessment shall locate areas of the state where existing privately-owned ranch and timber lands containing resources of the type identified in (a) can be preserved or protected through implementation of the Rural and Family Lands Protection Act.*

(c) *The department shall report its findings to the Governor, President of the Senate, and Speaker of the House of Representatives by December 31, 2001. At a minimum, the report must include a prioritization of the types of resources to be preserved or protected, the location of privately-owned ranch and timber lands containing such resources that could be preserved or protected by easements or agreements pursuant to this act, and the funding needs for the program.*

Section 32. *Requirement of interlocal service provision agreements.—*

(1) *By January 1, 2005, counties having a population over 100,000 shall negotiate and adopt a service-delivery interlocal agreement with all of the municipalities within the county, with those special districts providing a service listed in paragraph (a), and with the school district which:*

(a) *Identifies the current providers of the following services; education, sanitary sewer, public safety, solid waste, drainage, potable water, parks and recreation, and transportation facilities.*

(b) *Describes the existing organization of such services and the means of financing such services and designates the entities that will provide the services over the next 20 years, including any anticipated changes caused by annexation.*

(c) *Identifies any deficits in the provision of services and prescribes a 5-year capital outlay plan for the provision of deficit infrastructure.*

(e) *Identifies any areas that the municipalities plan to annex within the next 5 years and establishes a plan for service delivery within the areas to be annexed or a process for resolving service-delivery issues associated with annexation.*

(f) Provides specific procedures for amending the interlocal agreement.

(2) Each county and municipality shall submit a copy of its interlocal agreement to the Department of Community Affairs by February 15, 2005.

(3) The regional planning councils may provide technical assistance and dispute-resolution services to assist local governments in complying with this section.

Section 33. The sum of \$500,000 is appropriated from the General Revenue Fund to the Department of Community Affairs for the purpose of funding the Urban Infill and Redevelopment Assistance Grant Program established under section 163.2523, Florida Statutes, during the 2001-2002 fiscal year.

Section 34. The Legislature finds that the integration of the growth-management system and the planning of public educational facilities is a matter of great public importance.

Section 35. (1) The Legislative Committee on Intergovernmental Relations is directed to conduct a study of the existing bonding capacity of counties, municipalities, and school boards. The study shall include, but is not limited to: possible methods of strengthening their credit ratings and interest rates; feasibility of increasing their borrowing capacity to the extent of their authorized millage or revenue; and more flexible use of bond proceeds, especially for small municipalities and counties.

(2) The Legislative Committee on Intergovernmental Relations is required to report its findings and recommendations to the Governor and Legislature by January 1, 2002. The recommendations must specifically include proposed legislation, if applicable, for additional county, municipality, and school board bonding capacity.

Section 36. Any multicounty airport authority created as an independent special district which is subject to a development-of-regional-impact development order and which has conducted a noise study in accordance with 14 C.F.R. Part 150 shall, in fiscal year 2002, establish a noise-mitigation-project fund in an amount of \$7.5 million, which shall be increased by another \$2.5 million in fiscal year 2004. The moneys in the project fund shall be segregated and expended by the airport authority by December 31, 2006, to the extent necessary to comply with development-order commitments to acquire property from or otherwise mitigate property owners adversely affected by the development of regional impact. If moneys are not expended for such purposes by December 31, 2006, the airport authority shall not thereafter amend its development-of-regional-impact development order or commence development of airport infrastructure improvements authorized by such development order until such funds are fully expended for such purposes.

Section 37. Except as otherwise expressly provided in this act, this act shall take effect upon becoming a law.

163.3202 Land development regulations.—

(6)(a) *The Legislature finds that electric utilities have a statutory duty pursuant to this chapter to provide reasonably sufficient, adequate, and efficient service. The Legislature further finds that electric substations are an indispensable component of the grid system by which electric utilities deliver reliable electric service to all public and private persons as required by law. The Legislature further finds that electric utility substations are essential services for the public health, safety, and welfare and therefore are in the public interest.*

(b) *Nothing in this section shall prohibit a local government from adopting land development regulations which establish reasonable standards for setbacks, buffering, and landscaping and other such site conditions which ensure consistency with the local comprehensive plan for a substation that will be constructed or operated by an electric utility. Compliance with any such adopted standards creates a presumption that the substation is compatible with adjacent land uses and consistent with the local comprehensive plan.*

(c) *If an electric utility demonstrates by competent substantial evidence that it meets all criteria for approval of an application for a development permit for the location, construction, and operation of a substation, the local government may not deny the application unless the preponderance of the evidence applying a strict scrutiny standard of review demonstrates the application does not meet the requirements of the comprehensive plan or applicable land development regulations.*

Amendment 1 (822406)(with title amendment)—On page 8, between lines 18 and 19, insert:

Section 3. Paragraph (e) of subsection (3) of section 240.209, Florida Statutes, is amended to read:

240.209 Board of Regents; powers and duties.—

(3) The board shall:

(e) Establish student fees.

1. By no later than December 1 of each year, the board shall raise the systemwide standard for resident undergraduate matriculation and financial aid fees for the subsequent fall term, up to but no more than 25 percent of the prior year's cost of undergraduate programs. In implementing this paragraph, fees charged for graduate, medical, veterinary, and dental programs may be increased by the Board of Regents in the same percentage as the increase in fees for resident undergraduates. However, in the absence of legislative action to the contrary in an appropriations act, the board may not approve annual fee increases for resident students in excess of 10 percent. The sum of nonresident student matriculation and tuition fees must be sufficient to defray the full cost of undergraduate education. Graduate, medical, veterinary, and dental fees charged to nonresidents may be increased by the board in the same percentage as the increase in fees for nonresident undergraduates. However, in implementing this policy and in the absence of legislative action to the contrary in an appropriations act, annual fee increases for nonresident students may not exceed 25 percent. In the absence of legislative action to the contrary in the General Appropriations Act, the fees shall go into effect for the following fall term.

2. When the appropriations act requires a new fee schedule, the board shall establish a systemwide standard fee schedule required to produce the total fee revenue established in the appropriations act based on the product of the assigned enrollment and the fee schedule. The board may approve the expenditure of any fee revenues resulting from the product of the fee schedule adopted pursuant to this section and the assigned enrollment.

3. Upon provision of authority in a General Appropriations Act to spend revenue raised pursuant to this section, the board shall approve a university request to implement a matriculation and out-of-state tuition fee schedule which is calculated to generate revenue which varies no more than 10 percent from the standard fee revenues authorized through an appropriations act. In implementing an alternative fee schedule, the increase in cost to a student taking 15 hours in one term shall be limited to 5 percent. Matriculation and out-of-state tuition fee revenues generated as a result of this provision are to be expended for implementing a plan for achieving accountability goals adopted pursuant to s. 240.214 and for implementing a Board of Regents-approved plan to contain student costs by reducing the time necessary for graduation without reducing the quality of instruction. The plans shall be recommended by a universitywide committee, at least one-half of whom are students appointed by the student body president. 414.045 Cash assistance program.—Cash assistance families include any families receiving cash assistance payments from the state program for temporary assistance for needy families as defined in federal law, whether such funds are from federal funds, state funds, or commingled federal and state funds. Cash assistance families may also include families receiving cash assistance through a program defined as a separate state program.

(1) For reporting purposes, families receiving cash assistance shall be grouped *into* in the following categories. The department may develop additional groupings in order to comply with federal reporting requirements, to comply with the data-reporting needs of the board of directors of Workforce Florida, Inc., or to better inform the public of program progress. ~~Program reporting data shall include, but not necessarily be limited to, the following groupings:~~

(a) Work-eligible cases.—Work-eligible cases shall include:

1. Families containing an adult or a teen head of household, as defined by federal law. These cases are generally subject to the work activity requirements provided in s. 445.024 and the time limitations on benefits provided in s. 414.105.

3. Families participating in transition assistance programs.

4. Families otherwise eligible for temporary cash assistance that receive diversion services, a severance payment, or participate in the relocation program.

(b) Child-only cases.—Child-only cases include cases that do not have an adult or teen head of household as defined in federal law. Such cases include:

To the extent permitted by federal law, individuals receiving SSI shall be excluded as household members in determining the amount of cash assistance, and such cases shall not be considered families containing an adult. Parents or caretaker relatives who are excluded from the cash assistance group due to receipt of SSI may choose to participate in work activities. An individual who volunteers to participate in work activity but whose ability to participate in work activities is limited shall be assigned to work activities consistent with such limitations. An individual who volunteers to participate in a work activity may receive child care or support services consistent with such participation.

4. Families where the only parent in a single-parent family or both parents in a two-parent family are not eligible for cash assistance due to immigration status or other *limitation requirements* of federal law. To the extent required by federal law, such cases shall not be considered families containing an adult.

5. *To the extent permitted by federal law and subject to appropriations, special needs children who have been adopted pursuant to s. 409.166 and whose adopting family qualifies as a needy family under the state program for temporary assistance for needy families. Notwithstanding any provision to the contrary in s. 414.075, s. 414.085, or s. 414.095, a family shall be considered a needy family if:*

c. *The family provides any information that may be necessary to meet federal reporting requirements specified under Part A of Title IV of the Social Security Act.*

Families described in subparagraph 1., subparagraph 2., or subparagraph 3. may receive child care assistance or other supports or services so that the children may continue to be cared for in their own homes or the homes of relatives. Such assistance or services may be funded from the temporary assistance for needy families block grant to the extent permitted under federal law and to the extent ~~funds have been provided in the General Appropriations Act permitted by appropriation of funds.~~

Section 2. Section 409.1674, Florida Statutes, is created to read:

409.1674 *It is the intent of the Legislature to improve services and local participation in community-based care initiatives by fostering community support and providing enhanced prevention and in-home services, thereby reducing the risk otherwise faced by lead agencies. There is established a community partnership matching grant program to be operated by the Department of Children and Family Services for the purpose of encouraging local participation in community-based care for child welfare. Any children's services council or other local government entity that makes a financial commitment to a community-based care lead agency is eligible for a grant upon proof that the children's services council or local government entity has provided the selected lead agency at least \$825,000 in start-up funds, from any local resources otherwise available to it. The total amount of local contribution may be matched on a two-for-one basis up to a maximum amount of \$2 million per council. Awarded matching grant funds may be used for any prevention or in-home services provided by the children's services council or other local government entity that meets temporary-assistance-for-needy-families' eligibility requirements and can be reasonably expected to reduce the number of children entering the child welfare system. To ensure necessary flexibility for the development, start-up, and ongoing operation of community-based care initiatives, the notice period required for any budget*

Nothing in this paragraph shall be construed to permit the carrying of firearms or other weapons, nor shall such officers have arrest authority other than for the issuance of a traffic citation as authorized above.

(c)1. A chartered municipality or its authorized agency or instrumentality may employ as a parking enforcement specialist any individual who successfully completes a training program established and approved by the Criminal Justice Standards and Training Commission for parking enforcement specialists, but who does not otherwise meet the uniform minimum standards established by the commission for law enforcement officers or auxiliary or part-time officers under s. 943.12.

2. A parking enforcement specialist employed by a chartered municipality or its authorized agency or instrumentality is authorized to enforce all state, county, and municipal laws and ordinances governing parking within the boundaries of the municipality employing the specialist, by appropriate state, county, or municipal traffic citation. Nothing in this paragraph shall be construed to permit the carrying of firearms or other weapons, nor shall such a parking enforcement specialist have arrest authority.

(4)(a) Any sheriff's department, or any police department of a municipality, may employ as a traffic control officer any individual who successfully completes at least 8 hours of instruction in traffic control procedures through a program approved by the Division of Criminal Justice Standards and Training of the Department of Law Enforcement, or through a similar program offered by the local sheriff's department or police department, but who does not necessarily otherwise meet the uniform minimum standards established by the Criminal Justice Standards and Training Commission for law enforcement officers or auxiliary law enforcement officers under s. 943.13. A traffic control officer employed pursuant to this subsection may direct traffic or operate a traffic control device only at a fixed location and only upon the direction of a fully qualified law enforcement officer; however, it is not necessary that the traffic control officer's duties be performed under the immediate supervision of a fully qualified law enforcement officer.

(b) In the case of a special event or activity in relation to which a nongovernmental entity is paying for traffic control on public streets, highways, or roads, traffic control officers may be employed to perform such traffic control responsibilities only when off-duty, full-time law enforcement officers, as defined in s. 943.10(1), are unavailable to perform those responsibilities. However, this paragraph may not be construed to limit the use of traffic infraction enforcement officers for traffic enforcement purposes.

(c) This subsection does not permit the carrying of firearms or other weapons, nor do traffic control officers have arrest authority.

(5)(a) Any sheriff's department or police department of a municipality may employ, as a traffic infraction enforcement officer, any individual who successfully completes at least 200 hours of instruction in traffic enforcement procedures and court presentation through the Selective Traffic Enforcement Program as approved by the Division of Criminal Justice Standards and Training of the Department of Law Enforcement, or through a similar program, but who does not necessarily otherwise meet the uniform minimum standards established by the Criminal Justice Standards and Training Commission for law enforcement officers or auxiliary law enforcement officers under s. 943.13. Any such traffic infraction enforcement officer who observes the commission of a traffic infraction or, in the case of a parking infraction, who observes an illegally parked vehicle may issue a traffic citation for the infraction when, based upon personal investigation, he or she has reasonable and probable grounds to believe that an offense has been committed which constitutes a noncriminal traffic infraction as defined in s. 318.14.

(b) The traffic enforcement officer shall be employed in relationship to a selective traffic enforcement program at a fixed location or as part of a crash investigation team at the scene of a vehicle crash or in other types of traffic infraction enforcement under the direction of a fully qualified law enforcement officer; however, it is not necessary that the traffic infraction enforcement officer's duties be performed under the immediate supervision of a fully qualified law enforcement officer.

(c) This subsection does not permit the carrying of firearms or other weapons, nor do traffic infraction enforcement officers have arrest authority other than the authority to issue a traffic citation as provided in this subsection.

(6) **MOBILE HOME PARK RECREATION DISTRICTS.**—Notwithstanding subsection (2) or subsection (3), the sheriff's office of each of the several counties of this state and the police department of each chartered municipality have authority, but are not required, to enforce the traffic laws of this state on any way or place used for vehicular traffic on a controlled access basis within a mobile home park recreation district which has been created under s. 418.30 and the recreational facilities of which district are open to the general public.

(7) **CONSTRUCTION OF CHAPTER 87-88, LAWS OF FLORIDA.**—For purposes of traffic control and enforcement, nothing in chapter 87-88, Laws of Florida, shall be construed to classify any road which has been dedicated or impliedly dedicated for public use, and which has been constructed and is open to the use of the public for vehicular traffic, as a private road or driveway.

(8) **TRAFFIC ENFORCEMENT AGENCY.**—Any agency or governmental entity designated in subsection (1), subsection (2), or subsection (3), including a university, a community college, a school board, or an airport authority, is a traffic enforcement agency for purposes of s. 316.650.

—was read the second time by title.

Senator Rossin moved the following amendment which was adopted:

Amendment 1 (194768)(with title amendment)—Delete everything after the enacting clause and insert:

Section 1. Section 627.3111, Florida Statutes, is created to read:

627.3111 Public records exemption.—All bank account numbers, and debit, charge, and credit card numbers; and, all personal identifying information contained in financial records, patient records, and other individual health records, held by the Department of Insurance, or its service providers, are exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution. The department, however, shall release such information to any local, state, or federal law enforcement agency as is necessary for the performance of such agency's official duties and responsibilities, and in addition, this exemption does not apply to any information regarding an insured or other person who is the subject of a criminal investigation. This exemption is subject to the Open Government Sunset Review Act of 1995 in accordance with s. 119.15 and expires on October 2, 2006, unless reviewed and reenacted by the Legislature.

Section 2. *The Legislature finds that it is a public necessity that bank account numbers, debit, charge, and credit card numbers; and, personal identifying information contained in financial records, held by the Department of Insurance or its service providers be made exempt from public disclosure, except as otherwise provided in this act, in order to protect the financial interests of those persons about whom that information pertains. Without the exemption, a person could use that information to gain access to highly sensitive, personal financial data that is not his or hers. In addition, this information could easily be used for fraudulent and other illegal purposes, including identify theft, and could result in substantial financial harm. Accordingly, such information is traditionally not disclosed to the public, as is evidenced throughout the Florida Statutes. Furthermore, every person has an expectation of and a right to privacy in all matters concerning his or her personal financial matters. The Legislature further finds that it is a public necessity that personal identifying information contained in patient records and other individual health records held by the Department of Insurance or its service providers be held exempt from public disclosure, except as otherwise provided in the act, because of the sensitive personal nature of such medical information. Matters of personal health are traditionally private concerns between the patient and the health care provider, which pervades both the public and private health care sectors. Such information should not be open to public disclosure just because the records come into the possession of a public entity. Disclosure of such information could cause unwarranted damage to the good name or reputation of such individuals and could actually jeopardize their health and safety.*

Section 3. This act shall take effect upon becoming a law.

And the title is amended as follows:

Delete everything before the enacting clause and insert: A bill to be entitled An act relating to public records; creating s. 627.3111, F.S.; providing an exemption from public records requirements for personal identifying information contained in financial records, patient records, and other medical records, as well as bank account numbers, debit, charge, and credit card numbers, held by the Department of Insurance; providing for future review and repeal; providing a finding of public necessity; providing an effective date.

Senator Clary moved the following amendment:

Amendment 2 (404784)(with title amendment)—On page 2, line 31, insert:

Section 3. Section 458.353, Florida Statutes, is created to read:

458.353 Notification of adverse incident; public records exemption.—The information contained in the notification of an adverse incident, which is required under s. 458.351 and provided to the department by a physician licensed under this chapter, is confidential and exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution. The information may not be made available to the public as part of the record of investigation or prosecution in a disciplinary proceeding. This section is subject to the Open Government Sunset Review Act of 1995 in accordance with s. 119.15 and shall stand repealed October 2, 2006, unless reviewed and saved from repeal through reenactment by the Legislature.

Section 4. Section 459.028, Florida Statutes, is created to read:

459.028 Notification of adverse incident; public records exemption.—The information contained in the notification of an adverse incident, which is required under s. 459.026 and provided to the department by an osteopathic physician licensed under this chapter, is confidential and exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution. The information may not be made available to the public as part of the record of investigation or prosecution in a disciplinary proceeding. This section is subject to the Open Government Sunset Review Act of 1995 in accordance with s. 119.15 and shall stand repealed October 2, 2006, unless reviewed and saved from repeal through reenactment by the Legislature.

Section 5. *The Legislature finds that the exemptions from public records requirements provided in sections 458.353 and 459.028, Florida Statutes, are a public necessity, and that it would be an invasion of a patient's privacy for personal, sensitive information contained in the notification of an adverse incident to be publicly available. Furthermore, the Legislature finds that failure to protect the confidentiality of any information submitted to or collected by the Department of Health pursuant to section 458.351, Florida Statutes, or section 459.026, Florida Statutes, regarding an adverse incident, including, but not limited to, the identity of the patient, the type of adverse incident, and the fact that an investigation is being conducted, would deter the collection and reporting of this information to the department. This would prevent the department and the appropriate regulatory boards from effectively carrying out their responsibility to enforce safe patient care and take necessary disciplinary action for practice violations. Release of such information would deter physicians and osteopathic physicians licensed in this state from reporting adverse incidents. This could lead to the deterioration of services and care rendered, all to the detriment of the health of those served. These exemptions apply the same exemption accorded under sections 395.0198 and 395.0193, Florida Statutes, relating to the reporting of adverse incidents by facilities licensed under chapter 395, Florida Statutes. The Legislature has thus consistently and repeatedly acknowledged the public necessity of these types of exemptions.*

(Redesignate subsequent sections.)

And the title is amended as follows:

On page 1, line 9, after the semicolon (;) insert: creating ss. 458.353 and 459.028, F.S.; providing exemptions from public records requirements for information contained in reports made by physicians and osteopathic physicians of adverse incidents occurring in office practice settings; providing for future review and repeal; providing findings of public necessity;

The district shall advertise and promote this forum in a manner appropriate to inform school and district advisory councils, parents, school district employees, the business community, and other district residents of the opportunity to attend this meeting. If a district fails to vote on the action plan within 90 days, school board members may be required to appear and present testimony before a legislative committee, pursuant to s. 11.143.

(b) The school board may vote to reverse a decision not to implement an action plan, provided that the action plan is implemented and there is still sufficient time, as determined by the district school board, to meet the best practices within 2 years after issuance of the final report.

(c) Within 90 days after the receipt of the final report, the school board must notify OPPAGA and the Commissioner of Education in writing of the date and outcome of the school board vote on whether to adopt the action plan. (b) A second status report must be submitted by the school district to the President of the Senate, the Speaker of the House of Representatives, the Governor, OPPAGA, the Auditor General, the Commissioner of Education, and the State Board of Education no later than 1 year after submission of the initial report.

(15) After receipt of each of a district's two status reports required by subsection (14), OPPAGA shall assess the district's implementation of the action plan and progress toward implementing the best financial management practices in areas covered by the plan. Following each assessment, OPPAGA shall issue a report to the President of the Senate, the Speaker of the House of Representatives, and the district indicating whether the district has successfully implemented the best financial management practices. Copies of the report must be provided to the Governor, the Auditor General, the Commissioner of Education, and the State Board of Education. The final order of an administrative law judge is reviewable in accordance with the provisions of s. 120.68. If the court affirms the award of attorney's fees and costs in whole or in part, it may, in its discretion, award additional attorney's fees and costs for the appeal.

1. No award of attorney's fees and costs shall be made in any case in which the state agency was a nominal party.

2. No award of attorney's fees and costs for an action initiated by a state agency shall exceed \$50,000 ~~\$15,000~~.

Section 2. Paragraph (e) of subsection (2) of section 120.569, Florida Statutes, is amended to read:

120.569 Decisions which affect substantial interests.—

(2)

(e)1. *Every pleading, written motion, and other paper filed in a proceeding must be signed by at least one attorney or qualified representative of record in the attorney's or qualified representative's individual name, or, if the party is not represented by an attorney or qualified representative, the pleading, written motion, or other paper must be signed by the party. An unsigned paper shall be stricken unless omission of the signature is corrected promptly after being called to the attention of the attorney, qualified representative, or party.*

2. *By presenting a pleading, written motion, or other paper, whether by signing, filing, submitting, or later advocating, an attorney, qualified representative, or unrepresented party is certifying that, to the best of the person's knowledge, information, and belief, formed after an inquiry reasonable under the circumstances:*

a. *The pleading, written motion, or other paper is not being presented for any improper purpose, such as to harass or to cause unnecessary delay or needless increase in the cost of litigation;*

b. *The claims, defenses, and other legal contentions contained in the pleading, written motion, or other paper are warranted by existing law or by a nonfrivolous argument for the extension, modification, or reversal of existing law or the establishment of new law;*

c. *The allegations and other factual contentions have evidentiary support or, if specifically identified, are likely to have evidentiary support after a reasonable opportunity for further investigation or discovery; and*

d. *The denials of factual contentions are warranted on the evidence or, if specifically identified, are reasonably based on a lack of information or belief.*

3. *If, after notice and a reasonable opportunity to respond, the presiding officer determines that subparagraph 2. has been violated, the presiding officer may impose an appropriate sanction against the person who signed it, the represented party, or both, which may include an order to pay the other party or parties the amount of reasonable expenses incurred because of the filing of the pleading, motion, or other paper, including reasonable attorney's fees. However:*

a. *Monetary sanctions may not be awarded against a represented party for a violation of sub-subparagraph 2.b.*

b. *Monetary sanctions may not be awarded under this paragraph based on a violation of discovery rules.*

c. *This paragraph does not authorize the award of sanctions against any person who comments on or objects to a draft permit during an authorized period for public comment or at a public hearing.*

A motion shall describe the specific conduct alleged to violate subparagraph 2. The motion shall be served upon the attorney or qualified representative of a party or an unrepresented party against whom such sanctions are sought and shall be filed with the presiding officer. However, such motion shall not be acted upon by the presiding officer or called up for hearing by the movant unless, within 14 days after service of the motion or such other period as the presiding officer may prescribe, the challenged paper, claim, defense, contention, allegation, or denial is not withdrawn or appropriately corrected. A presiding officer's own initiative to impose sanctions may be undertaken only after entering an order describing the specific conduct that appears to violate subparagraph 2. and directing the attorney or qualified representative of a party or the unrepresented party to show cause why subparagraph 2. has not been violated. When imposing sanctions, the presiding officer shall describe the conduct determined to constitute a violation of subparagraph 2. and explain the basis for the sanction imposed. All pleadings, motions, or other papers filed in the proceeding must be signed by the party, the party's attorney, or the party's qualified representative. The signature constitutes a certificate that the person has read the pleading, motion, or other paper and that, based upon reasonable inquiry, it is not interposed for any improper purposes, such as to harass or to cause unnecessary delay, or for frivolous purpose or needless increase in the cost of litigation. If a pleading, motion, or other paper is signed in violation of these requirements, the presiding officer shall impose upon the person who signed it, the represented party, or both, an appropriate sanction, which may include an order to pay the other party or parties the amount of reasonable expenses incurred because of the filing of the pleading, motion, or other paper, including a reasonable attorney's fee.*

2. "Costs" has the same meaning as the costs allowed in civil actions in this state as provided in chapter 57.

3. "Nonprevailing adverse party" means a party that has failed to have substantially changed the outcome of the proposed or final agency action which is the subject of a proceeding. In the event that a proceeding results in any substantial modification or condition intended to resolve the matters raised in a party's petition, it shall be determined that the party having raised the issue addressed is not a nonprevailing adverse party. The recommended order shall state whether the change is substantial for purposes of this subsection. In no event shall the term "nonprevailing party" or "prevailing party" be deemed to include any party that has intervened in a previously existing proceeding to support the position of an agency.

Section 4. Subsection (1) of section 373.114, Florida Statutes, is amended to read:

373.114 Land and Water Adjudicatory Commission; review of district rules and orders; department review of district rules.—

(1) Except as provided in subsection (2), the Governor and Cabinet, sitting as the Land and Water Adjudicatory Commission, have the exclusive authority to review any order or rule of a water management district, other than a rule relating to an internal procedure of the district, an order resulting from an evidentiary hearing held under s. 120.569 or s. 120.57, or a rule that has been adopted after issuance of an order resulting from an evidentiary hearing held under s. 120.56, to ensure consistency with the provisions and purposes of this chapter. Subsequent to the legislative ratification of the delineation methodology pursuant to s. 373.421(1), this subsection also shall apply to an order of the department, or a local government exercising delegated authority, pursuant to ss. 373.403-373.443, except an order pertaining to activities or operations subject to conceptual plan approval pursuant to chapter 378 or an order resulting from an evidentiary hearing held under s. 120.569 or s. 120.57.

(a) Such review may be initiated by the department or by a party to the proceeding below by filing a request for review with the Land and Water Adjudicatory Commission and serving a copy on the department and on any person named in the rule or order within 20 days after adoption of the rule or the rendering of the order. For the purposes of this section, the term "party" means any affected person who submitted oral or written testimony, sworn or unsworn, of a substantive nature which stated with particularity objections to or support for the rule or order that are cognizable within the scope of the provisions and purposes of this chapter, or any person who participated as a party in a proceeding instituted pursuant to chapter 120. In order for the commission to accept a request for review initiated by a party below, with regard to a specific order, four members of the commission must determine on the basis of the record below that the activity authorized by the order would substantially affect natural resources of statewide or regional significance. Review of an order may also be accepted if four members of the commission determine that the order raises issues of policy, statutory interpretation, or rule interpretation that have regional or statewide significance from the standpoint of agency precedent. The party requesting the commission to review an order must allege with particularity, and the commission must find, that:

1. The order is in conflict with statutory requirements; or

2. The order is in conflict with the requirements of a duly adopted rule.

(b) Review by the Land and Water Adjudicatory Commission is appellate in nature and shall be based solely on the record below. If there

was no evidentiary administrative proceeding below, the facts contained in the proposed agency action, including any technical staff report, shall be deemed undisputed. The matter shall be heard by the commission not more than 60 days after receipt of the request for review, unless waived by the parties.

(c) If the Land and Water Adjudicatory Commission determines that a rule of a water management district is not consistent with the provisions and purposes of this chapter, it may require the water management district to initiate rulemaking proceedings to amend or repeal the rule. If the commission determines that an order is not consistent with the provisions and purposes of this chapter, the commission may rescind or modify the order or remand the proceeding for further action consistent with the order of the Land and Water Adjudicatory Commission only if the commission determines that the activity authorized by the order would substantially affect natural resources of statewide or regional significance. In the case of an order which does not itself substantially affect natural resources of statewide or regional significance, but which raises issues of policy that have regional or statewide significance from the standpoint of agency precedent, the commission may direct the district to initiate rulemaking to amend its rules to assure that future actions are consistent with the provisions and purposes of this chapter without modifying the order.

(d) In a review under this section of a construction permit issued pursuant to a conceptual permit under part IV, which conceptual permit is issued after July 1, 1993, a party to the review may not raise an issue which was or could have been raised in a review of the conceptual permit under this section.

(e) A request for review under this section shall not be a precondition to the seeking of judicial review pursuant to s. 120.68 or the seeking of an administrative determination of rule validity pursuant to s. 120.56.

(f) The Florida Land and Water Adjudicatory Commission may adopt rules to set forth its procedures for reviewing an order or rule of a water management district consistent with the provisions of this section.

(g) For the purpose of this section, it shall be presumed that activity authorized by an order will not affect resources of statewide or regional significance if the proposed activity:

1. Occupies an area less than 10 acres in size, and
2. Does not create impervious surfaces greater than 2 acres in size, and
3. Is not located within 550 feet of the shoreline of a named body of water designated as Outstanding Florida Waters, and
4. Does not adversely affect threatened or endangered species.

This paragraph shall not operate to hold that any activity that exceeds these limits is presumed to affect resources of statewide or regional significance. The determination of whether an activity will substantially affect resources of statewide or regional significance shall be made on a case-by-case basis, based upon facts contained in the record below.

Section 5. Subsection (5) of section 403.412, Florida Statutes, is amended to read:

403.412 Environmental Protection Act.—

(5)(a) In any administrative, licensing, or other proceedings authorized by law for the protection of the air, water, or other natural resources of the state from pollution, impairment, or destruction, the Department of Legal Affairs, a political subdivision or municipality of the state, or a citizen of the state shall have standing to intervene as a party on the filing of a verified pleading asserting that the activity, conduct, or product to be licensed or permitted has or will have the effect of impairing, polluting, or otherwise injuring the air, water, or other natural resources of the state.

(b) *Citizen initiation of a proceeding under s. 120.569 or s. 120.57 shall not be authorized by paragraph (a), but shall be governed by the provisions of chapter 120.*

(c) *However, a nonprofit corporation or association organized in whole or in part to promote conservation, to protect the environment or other biological values, or to preserve historical sites may petition to*

initiate a proceeding under s. 120.569 or s. 120.57 with regard to an agency action or a proposed agency action in any administrative, licensing, or other proceedings described in paragraph (a) without demonstrating that its substantial interests have been or will be determined, if:

1. *Such corporation or association was in existence at least 1 year before the filing of the application to license or permit an activity, conduct, or product which resulted in the agency action or proposed agency action that is the subject of the petition;*

2.a. *Such corporation or association has an office for the transaction of its customary business or owns real property, within the same county where the activity, conduct, or product to be permitted or licensed is located, or*

b. *At least 25 members of the corporation or association reside or own real property within the same county where the activity, conduct, or product to be permitted or licensed is located; and*

3. *Such corporation or association files a verified pleading asserting that the activity, conduct, or product to be licensed or permitted has or will have the effect of impairing, polluting, or otherwise injuring the air, water, or other natural resources of the state.*

Section 6. This act shall take effect July 1, 2001.

(4) Upon recommendation of the Medicaid Pharmaceutical and Therapeutics Committee the agency shall adopt a preferred drug list. To the extent feasible, the committee shall review all drug classes included in the formulary at least every 12 months, and may recommend additions to and deletions from the formulary, such that the formulary provides

(2) Upon recommendation by the committee, the Agency for Health Care Administration shall establish the voluntary Medicaid preferred prescribed drug list. Upon further recommendation by the committee, the agency shall add to, delete from, or modify the list. The committee shall also review requests for additions to, deletions from, or modifications of the list. The list shall be adopted by the committee in consultation with medical specialists, when appropriate, using the following criteria: use of the list shall be voluntary by providers and the list must provide for medically appropriate drug therapies for Medicaid patients which achieve cost savings contained in the General Appropriations Act.

(5) Except for mental health-related drugs, anti-retroviral drugs, and drugs for nursing home residents and other institutional residents, reimbursement of drugs not included in the formulary is subject to prior authorization in the Medicaid program.

(6)(3) The Agency for Health Care Administration shall publish and disseminate the preferred drug formulary voluntary Medicaid preferred prescribed drug list to all Medicaid providers in the state.

(9) The Medicaid Pharmaceutical and Therapeutics Committee shall develop its preferred drug list recommendations by considering the clinical efficacy, safety, and cost effectiveness of a product. When the preferred drug formulary is adopted by the agency, if a product on the formulary is one of the first four brand-name drugs used by a recipient in a month the drug shall not require prior authorization.

And the title is amended as follows:

On page 2, lines 8-18, delete those lines and insert: and Therapeutics Committee; providing for committee responsibilities; requiring the agency to publish the preferred drug formulary; providing for a hearing process;

Amendment 6 (733542)—On page 15, line 22, after the period (.) insert: *Each rate semester, the agency shall calculate and publish a Medicaid hospital rate schedule that does not reflect either special Medicaid payments or the elimination of rate reimbursement ceilings, to be used by hospitals and Medicaid health maintenance organizations, in order to determine the Medicaid rate referred to in ss. 409.912(16), 409.9128(5), and 641.513(6).*

7. The agency may establish a preferred drug formulary in accordance with 42 U.S.C. s. 1396r-8, and, pursuant to the establishment of such formulary, it is authorized to negotiate supplemental rebates from manufacturers that are in addition to those required by Title XIX of the Social Security Act and at no less than 10 percent of the average manufacturer price as defined in 42 U.S.C. s. 1936 on the last day of a quarter

unless the federal or supplemental rebate, or both, equals or exceeds 25 percent. There is no upper limit on the supplemental rebates the agency may negotiate. The agency may determine that specific products, brand-name or generic, are competitive at lower rebate percentages. Agreement to pay the minimum supplemental rebate percentage will guarantee a manufacturer that the Medicaid Pharmaceutical and Therapeutics Committee will consider a product for inclusion on the preferred drug formulary. However, a pharmaceutical manufacturer is not guaranteed placement on the formulary by simply paying the minimum supplemental rebate. Agency decisions will be made on the clinical efficacy of a drug and recommendations of the Medicaid Pharmaceutical and Therapeutics Committee, as well as the price of competing products minus federal and state rebates. The agency is authorized to contract with an outside agency or contractor to conduct negotiations for supplemental rebates. For the purposes of this section, the term "supplemental rebates" may include, at the agency's discretion, cash rebates and other program benefits that offset a Medicaid expenditure. Such other program benefits may include, but are not limited to, disease management programs, drug product donation programs, drug utilization control programs, prescriber and beneficiary counseling and education, fraud and abuse initiatives, and other services or administrative investments with guaranteed savings to the Medicaid program in the same year the rebate reduction is included in the General Appropriations Act. The agency is authorized to seek any federal waivers to implement this initiative.

Amendment 8 (411394)—On page 56, line 9, after the period (.) insert: *Although a drug may be included on the preferred drug formulary, it would not be exempt from the four-brand limit.*

Amendment 9 (611284)(with title amendment)—On page 64, between lines 10 and 11, insert:

Section 13. *It is hereby appropriated for state fiscal year 2001-2002, \$713,493 from the General Revenue Fund and \$924,837 from the Medical Care Trust Fund to increase the pharmaceutical dispensing fee for prescriptions dispensed to nursing home residents and other institutional residents from \$4.23 to \$4.73 per prescription.*

And the title is amended as follows:

On page 3, line 16, after the semicolon (;) insert: providing an appropriation;

Amendment 10 (104794)(with title amendment)—On page 64, between lines 10 and 11, insert:

326.006 Powers and duties of ~~department division~~.—

(1) Proceedings under the Yacht and Ship Brokers' Act shall be conducted pursuant to chapter 120.

(2) The ~~department division~~ has the power to enforce and ensure compliance with the provisions of this chapter and rules adopted under this chapter relating to the sale and ownership of yachts and ships. In performing its duties, the ~~department division~~ has the following powers and duties:

(a) The ~~department division~~ may make necessary public or private investigations within or outside this state to determine whether any person has violated this chapter or any rule or order issued under this chapter, to aid in the enforcement of this chapter, or to aid in the adoption of rules or forms under this chapter.

(b) The ~~department division~~ may require or permit any person to file a statement in writing, under oath or otherwise, as the ~~department division~~ determines, as to the facts and circumstances concerning a matter to be investigated.

(c) For the purpose of any investigation under this chapter, the ~~secretary of the department division director~~ or any officer or employee designated by the ~~secretary division director~~ may administer oaths or affirmations, subpoena witnesses and compel their attendance, take evidence, and require the production of any matter that is relevant to the investigation, including the existence, description, nature, custody, condition, and location of any books, documents, or other tangible things and the identity and location of persons having knowledge of relevant facts or any other matter reasonably calculated to lead to the discovery of material evidence. Upon the failure by a person to obey a subpoena or to answer questions propounded by the ~~department investigating officer~~ and upon reasonable notice to all persons affected thereby, the ~~department division~~ may apply to the circuit court for an order compelling compliance, may impose a civil penalty, and may suspend or revoke the licensee's license.

(d) Notwithstanding any remedies available to a yacht or ship purchaser, if the ~~department division~~ has reasonable cause to believe that

a violation of any provision of this chapter or rule adopted under this chapter has occurred, the ~~department division~~ may institute enforcement proceedings in its own name against any broker or salesperson or any of his or her assignees or agents, or against any unlicensed person or any of his or her assignees or agents, as follows:

1. The ~~department division~~ may permit a person whose conduct or actions are under investigation to waive formal proceedings and enter into a consent proceeding whereby orders, rules, or letters of censure or warning, whether formal or informal, may be entered against the person.

2. The ~~department division~~ may issue an order requiring the broker or salesperson or any of his or her assignees or agents, or requiring any unlicensed person or any of his or her assignees or agents, to cease and desist from the unlawful practice and take such affirmative action as in the judgment of the ~~department division~~ will carry out the purposes of this chapter.

3. The ~~department division~~ may bring an action in circuit court on behalf of a class of yacht or ship purchasers for declaratory relief, injunctive relief, or restitution.

4. The ~~department division~~ may impose a civil penalty against a broker or salesperson or any of his or her assignees or agents, or against an unlicensed person or any of his or her assignees or agents, for any violation of this chapter or a rule adopted under this chapter. A penalty may be imposed for each day of continuing violation, but in no event may the penalty for any offense exceed \$10,000. All amounts collected must be deposited with the Treasurer to the credit of the ~~Professional Regulation Division of Florida Land Sales, Condominiums, and Mobile Homes Trust Fund~~. If a broker, salesperson, or unlicensed person working for a broker, fails to pay the civil penalty, the ~~department division~~ shall thereupon issue an order suspending the broker's license until such time as the civil penalty is paid or may pursue enforcement of the penalty in a court of competent jurisdiction. The order imposing the civil penalty or the order of suspension may not become effective until 20 days after the date of such order. Any action commenced by the ~~department division~~ must be brought in the county in which the ~~department division~~ has its executive offices or in the county where the violation occurred.

(e) The ~~department division~~ may suspend or revoke the license of a broker or salesperson who:

1. Makes a substantial and intentional misrepresentation, with respect to a transaction involving a yacht, upon which any person has relied.

2. Makes a false warranty, with respect to a transaction involving a yacht, of a character likely to influence, persuade, or induce any person with whom business is transacted.

3. Engages in continued misrepresentation or makes false warranties with respect to transactions involving a yacht, whether or not relied upon by another person.

4. Acts for both the buyer and seller in a transaction involving a yacht without the knowledge and written consent of both parties.

5. Commingles the money or other property of his or her principal with his or her own.

6. Commits fraud or dishonest acts in the conduct of any transaction involving a yacht.

8. Violates any law governing the transactions involving a yacht, including any provision relating to the collection or payment of sales or use taxes.

9. Engages in acts that are evidence of a lack of good moral character.

10. Is convicted of a felony.

(f) The ~~department division~~ may suspend or revoke the license of a broker or salesperson who has:

1. Procured a license for himself or herself or another by fraud, misrepresentation, falsification, or deceit.
2. Been found guilty of a felony or a crime of moral turpitude.
3. Had a license or registration revoked, suspended, or sanctioned in another state.

(3) All fees must be deposited in the *Professional Regulation Division of Florida Land Sales, Condominiums, and Mobile Homes Trust Fund* as provided by law.

Section 6. *The regulation of yacht and ship brokers and salespersons is reassigned within the Department of Business and Professional Regulation from the Division of Florida Land Sales, Condominiums, and Mobile Homes to the Division of Professions. All funds collected by the department pursuant to the regulation of yacht and ship brokers and salespersons and all funds in the account created within the Florida Land Sales, Condominiums, and Mobile Homes Trust Fund for such regulation shall be deposited in an account created within the Professional Regulation Trust Fund for the same purpose.*

Section 7. Effective upon this act becoming a law, section 399.061, Florida Statutes, is amended to read:

399.061 Inspections; correction of deficiencies.—

(1)(a) All elevators or other conveyances subject to this chapter must be annually inspected by a certified elevator inspector through a third-party inspection service, or by a municipality or county under contract with the division pursuant to s. 399.13. ~~If the elevator or other conveyance is by a third-party inspection service certified as a qualified elevator inspector or maintained pursuant to a service maintenance contract continuously in force, it shall be inspected at least once every two years by a certified elevator inspector not employed by or otherwise associated with the maintenance company; however, if the elevator is not an escalator or a dumbwaiter and the elevator serves only two adjacent floors and is covered by a service maintenance contract, no inspection shall be required so long as the service contract remains in effect.~~ A statement verifying the existence, performance, and cancellation of each service maintenance contract must be filed annually with the division as prescribed by rule. ~~All elevators covered by a service maintenance contract shall be inspected by a certificate of competency holder at least once every 2 years; however, if the elevator is not an escalator or a dumbwaiter and the elevator serves only two adjacent floors and is covered by a service maintenance contract, no inspection shall be required so long as the service contract remains in effect.~~

(b) The division may inspect an elevator whenever necessary to ensure its safe operation or when a third-party inspection service is not available for routine inspection.

(2) The division may shall employ state elevator inspectors to conduct the inspections as required by subsection (1) and may charge an inspection fee for each inspection sufficient to cover the costs of that inspection, as provided by rule. Each state elevator inspector shall hold a certificate of competency issued by the division.

(3) Whenever the division determines from the results of any inspection that, in the interest of the public safety, an elevator is in an unsafe condition, the division may seal the elevator or order the discontinuance of the use of the elevator until the division determines by inspection that such elevator has been satisfactorily repaired or replaced so that the elevator may be operated in a safe manner.

(4) When the division determines that an elevator is in violation of this chapter, the division may issue an order to the elevator owner requiring correction of the violation.

Section 8. Effective July 1, 2001, subsection (1) of section 455.213, Florida Statutes, is amended, and subsections (11) and (12) are added to that section, to read:

455.213 General licensing provisions.—

(1) Any person desiring to be licensed shall apply to the department in writing. The application for licensure shall be made on a form prepared and furnished by the department and include the applicant's social security number. *Notwithstanding any other provision of law, the*

department is responsible for the printed or electronic content of all initial licensure and licensure renewal documents. Such documents must require information including as appropriate demographics, education, work history, personal background, criminal history, finances, business information, complaints, inspections, investigations, discipline, bonding, signature notarization, photographs, performance periods, reciprocity, local government approvals, supporting documentation, periodic reporting requirements, fingerprint requirements, continuing education requirements, and ongoing education monitoring. The application shall be supplemented as needed to reflect any material change in any circumstance or condition stated in the application which takes place between the initial filing of the application and the final grant or denial of the license and which might affect the decision of the department. In order to further the economic development goals of the state, and notwithstanding any law to the contrary, the department may enter into an agreement with the county tax collector for the purpose of appointing the county tax collector as the department's agent to accept applications for licenses and applications for renewals of licenses. The agreement must specify the time within which the tax collector must forward any applications and accompanying application fees to the department. In cases where a person applies or schedules directly with a national examination organization or examination vendor to take an examination required for licensure, any organization- or vendor-related fees associated with the examination may be paid directly to the organization or vendor.

(11) *Any submission required to be in writing may be made by electronic means.*

(12) *The department may not issue or renew a license to any person who is not in compliance with all provisions of a final order of a board or the department until that person is in compliance with all terms and conditions of the final order. The department may not issue or renew a license to any person who is not in compliance with all legal obligations under this chapter or the relevant practice act, including, but not limited to, the obligation to pay all fees and assessments that are owed and to complete all continuing education requirements. This subsection applies to all divisions within the department.*

Section 9. Section 455.224, Florida Statutes, is amended to read:

455.224 Authority to issue citations.—

(1) Notwithstanding s. 455.225, the board or the department shall adopt rules to permit the issuance of citations. The citation shall be issued to the subject and shall contain the subject's name and address, the subject's license number if applicable, a brief factual statement, the sections of the law allegedly violated, and the penalty imposed. The citation must clearly state that the subject may choose, in lieu of accepting the citation, to follow the procedure under s. 455.225. If the subject disputes the matter in the citation, the procedures set forth in s. 455.225 must be followed. However, if the subject does not dispute the matter in the citation with the department within 30 days after the citation is served, the citation becomes a final order and constitutes discipline. The penalty shall be a fine or other conditions as established by rule.

(2) The board, or the department when there is no board, shall adopt rules designating violations for which a citation may be issued. Such rules shall designate as citation violations those violations for which there is no substantial threat to the public health, safety, and welfare.

(3) The department shall be entitled to recover the costs of investigation, in addition to any penalty provided according to board or department rule, as part of the penalty levied pursuant to the citation.

(4) A citation must be issued within 6 months after the filing of the complaint that is the basis for the citation.

(5) Service of a citation may be made by personal service or certified mail, restricted delivery, to the subject at the subject's last known address.

(6) Within its jurisdiction, the department has exclusive authority to, and shall adopt rules to, designate those violations for which the licensee is subject to the issuance of a citation and designate the penalties for those violations if any board fails to incorporate this section into rules by January 1, 1992. A board created on or after January 1, 1992, has 6 months in which to enact rules designating violations and penalties appropriate for citation offenses. Failure to enact such rules gives

the department exclusive authority to adopt rules as required for implementing this section. A board has continuous authority to amend its rules adopted pursuant to this section.

(7) *Notwithstanding s. 455.017, any division within the department may establish a citation program pursuant to the provisions of this section in the enforcement of its regulatory provisions. Any citation issued by a division pursuant to this section must clearly state that the subject may choose, in lieu of accepting the citation, to follow the existing procedures established by law. If the subject does not dispute the matter in the citation with the division within 30 days after the citation is served, the citation becomes a final order and constitutes discipline. The penalty shall be a fine or other conditions as established by rule of the appropriate division.*

Section 10. Subsection (5) is added to section 718.1255, Florida Statutes, to read:

718.1255 Alternative dispute resolution; voluntary mediation; mandatory nonbinding arbitration; *disputes involving election irregularities; legislative findings.*—

(1) DEFINITIONS.—As used in this section, the term “dispute” means any disagreement between two or more parties that involves:

(a) The authority of the board of directors, under this chapter or association document to:

1. Require any owner to take any action, or not to take any action, involving that owner’s unit or the appurtenances thereto.

2. Alter or add to a common area or element.

(b) The failure of a governing body, when required by this chapter or an association document, to:

1. Properly conduct elections.

2. Give adequate notice of meetings or other actions.

3. Properly conduct meetings.

4. Allow inspection of books and records.

“Dispute” does not include any disagreement that primarily involves: title to any unit or common element; the interpretation or enforcement of any warranty; the levy of a fee or assessment, or the collection of an assessment levied against a party; the eviction or other removal of a tenant from a unit; alleged breaches of fiduciary duty by one or more directors; or claims for damages to a unit based upon the alleged failure of the association to maintain the common elements or condominium property.

(2) VOLUNTARY MEDIATION.—Voluntary mediation through Citizen Dispute Settlement Centers as provided for in s. 44.201 is encouraged.

(3) LEGISLATIVE FINDINGS.—

(a) The Legislature finds that unit owners are frequently at a disadvantage when litigating against an association. Specifically, a condominium association, with its statutory assessment authority, is often more able to bear the costs and expenses of litigation than the unit owner who must rely on his or her own financial resources to satisfy the costs of litigation against the association.

(b) The Legislature finds that the courts are becoming overcrowded with condominium and other disputes, and further finds that alternative dispute resolution has been making progress in reducing court dockets and trials and in offering a more efficient, cost-effective option to court litigation. However, the Legislature also finds that alternative dispute resolution should not be used as a mechanism to encourage the filing of frivolous or nuisance suits.

(c) There exists a need to develop a flexible means of alternative dispute resolution that directs disputes to the most efficient means of resolution.

(d) The high cost and significant delay of circuit court litigation faced by unit owners in the state can be alleviated by requiring nonbinding

arbitration and mediation in appropriate cases, thereby reducing delay and attorney’s fees while preserving the right of either party to have its case heard by a jury, if applicable, in a court of law.

(4) MANDATORY NONBINDING ARBITRATION AND MEDIATION OF DISPUTES.—The Division of Florida Land Sales, Condominiums, and Mobile Homes of the Department of Business and Professional Regulation shall employ full-time attorneys to act as arbitrators to conduct the arbitration hearings provided by this chapter. The division may also certify attorneys who are not employed by the division to act as arbitrators to conduct the arbitration hearings provided by this section. No person may be employed by the department as a full-time arbitrator unless he or she is a member in good standing of The Florida Bar. The department shall promulgate rules of procedure to govern such arbitration hearings including mediation incident thereto. The decision of an arbitrator shall be final; however, such a decision shall not be deemed final agency action. Nothing in this provision shall be construed to foreclose parties from proceeding in a trial de novo unless the parties have agreed that the arbitration is binding. If such judicial proceedings are initiated, the final decision of the arbitrator shall be admissible in evidence in the trial de novo.

(a) Prior to the institution of court litigation, a party to a dispute shall petition the division for nonbinding arbitration. The petition must be accompanied by a filing fee in the amount of \$50. Filing fees collected under this section must be used to defray the expenses of the alternative dispute resolution program.

(b) The petition must recite, and have attached thereto, supporting proof that the petitioner gave the respondents:

1. Advance written notice of the specific nature of the dispute;

2. A demand for relief, and a reasonable opportunity to comply or to provide the relief; and

3. Notice of the intention to file an arbitration petition or other legal action in the absence of a resolution of the dispute.

Failure to include the allegations or proof of compliance with these prerequisites requires dismissal of the petition without prejudice.

(c) Upon receipt, the petition shall be promptly reviewed by the division to determine the existence of a dispute and compliance with the requirements of paragraphs (a) and (b). If emergency relief is required and is not available through arbitration, a motion to stay the arbitration may be filed. The motion must be accompanied by a verified petition alleging facts that, if proven, would support entry of a temporary injunction, and if an appropriate motion and supporting papers are filed, the division may abate the arbitration pending a court hearing and disposition of a motion for temporary injunction.

(d) Upon determination by the division that a dispute exists and that the petition substantially meets the requirements of paragraphs (a) and (b) and any other applicable rules, a copy of the petition shall forthwith be served by the division upon all respondents.

(e) Either before or after the filing of the respondents’ answer to the petition, any party may request that the arbitrator refer the case to mediation under this section and any rules adopted by the division. Upon receipt of a request for mediation, the division shall promptly contact the parties to determine if there is agreement that mediation would be appropriate. If all parties agree, the dispute must be referred to mediation. Notwithstanding a lack of an agreement by all parties, the arbitrator may refer a dispute to mediation at any time.

(f) Upon referral of a case to mediation, the parties must select a mutually acceptable mediator. To assist in the selection, the arbitrator shall provide the parties with a list of both volunteer and paid mediators that have been certified by the division under s. 718.501. If the parties are unable to agree on a mediator within the time allowed by the arbitrator, the arbitrator shall appoint a mediator from the list of certified mediators. If a case is referred to mediation, the parties shall attend a mediation conference, as scheduled by the parties and the mediator. If any party fails to attend a duly noticed mediation conference, without the permission or approval of the arbitrator or mediator, the arbitrator must impose sanctions against the party, including the striking of any pleadings filed, the entry of an order of dismissal or default if appropriate, and the award of costs and attorneys’ fees incurred by the other

parties. Unless otherwise agreed to by the parties or as provided by order of the arbitrator, a party is deemed to have appeared at a mediation conference by the physical presence of the party or its representative having full authority to settle without further consultation, provided that an association may comply by having one or more representatives present with full authority to negotiate a settlement and recommend that the board of administration ratify and approve such a settlement within 5 days from the date of the mediation conference. The parties shall share equally the expense of mediation, unless they agree otherwise.

(g) The purpose of mediation as provided for by this section is to present the parties with an opportunity to resolve the underlying dispute in good faith, and with a minimum expenditure of time and resources.

(h) Mediation proceedings must generally be conducted in accordance with the Florida Rules of Civil Procedure, and these proceedings are privileged and confidential to the same extent as court-ordered mediation. Persons who are not parties to the dispute are not allowed to attend the mediation conference without the consent of all parties, with the exception of counsel for the parties and corporate representatives designated to appear for a party. If the mediator declares an impasse after a mediation conference has been held, the arbitration proceeding terminates, unless all parties agree in writing to continue the arbitration proceeding, in which case the arbitrator's decision shall be either binding or nonbinding, as agreed upon by the parties; in the arbitration proceeding, the arbitrator shall not consider any evidence relating to the unsuccessful mediation except in a proceeding to impose sanctions for failure to appear at the mediation conference. If the parties do not agree to continue arbitration, the arbitrator shall enter an order of dismissal, and either party may institute a suit in a court of competent jurisdiction. The parties may seek to recover any costs and attorneys' fees incurred in connection with arbitration and mediation proceedings under this section as part of the costs and fees that may be recovered by the prevailing party in any subsequent litigation.

(i) Arbitration shall be conducted according to rules promulgated by the division. The filing of a petition for arbitration shall toll the applicable statute of limitations.

(j) At the request of any party to the arbitration, such arbitrator shall issue subpoenas for the attendance of witnesses and the production of books, records, documents, and other evidence and any party on whose behalf a subpoena is issued may apply to the court for orders compelling such attendance and production. Subpoenas shall be served and shall be enforceable in the manner provided by the Florida Rules of Civil Procedure. Discovery may, in the discretion of the arbitrator, be permitted in the manner provided by the Florida Rules of Civil Procedure. Rules adopted by the division may authorize any reasonable sanctions except contempt for a violation of the arbitration procedural rules of the division or for the failure of a party to comply with a reasonable nonfinal order issued by an arbitrator which is not under judicial review.

(k) The arbitration decision shall be presented to the parties in writing. An arbitration decision is final in those disputes in which the parties have agreed to be bound. An arbitration decision is also final if a complaint for a trial de novo is not filed in a court of competent jurisdiction in which the condominium is located within 30 days. The right to file for a trial de novo entitles the parties to file a complaint in the appropriate trial court for a judicial resolution of the dispute. The prevailing party in an arbitration proceeding shall be awarded the costs of the arbitration and reasonable attorney's fees in an amount determined by the arbitrator. Such an award shall include the costs and reasonable attorney's fees incurred in the arbitration proceeding as well as the costs and reasonable attorney's fees incurred in preparing for and attending any scheduled mediation.

(l) The party who files a complaint for a trial de novo shall be assessed the other party's arbitration costs, court costs, and other reasonable costs, including attorney's fees, investigation expenses, and expenses for expert or other testimony or evidence incurred after the arbitration hearing if the judgment upon the trial de novo is not more favorable than the arbitration decision. If the judgment is more favorable, the party who filed a complaint for trial de novo shall be awarded reasonable court costs and attorney's fees.

(m) Any party to an arbitration proceeding may enforce an arbitration award by filing a petition in a court of competent jurisdiction in

which the condominium is located. A petition may not be granted unless the time for appeal by the filing of a complaint for trial de novo has expired. If a complaint for a trial de novo has been filed, a petition may not be granted with respect to an arbitration award that has been stayed. If the petition for enforcement is granted, the petitioner shall recover reasonable attorney's fees and costs incurred in enforcing the arbitration award. A mediation settlement may also be enforced through the county or circuit court, as applicable, and any costs and fees incurred in the enforcement of a settlement agreement reached at mediation must be awarded to the prevailing party in any enforcement action.

(5) *DISPUTES INVOLVING ELECTION IRREGULARITIES.*—Every arbitration petition received by the division and required to be filed under this section challenging the legality of the election of any director of the board of administration shall be handled on an expedited basis in the manner provided by division rules for recall arbitration disputes.

Section 11. Section 702.09, Florida Statutes, is amended to read:

Section 12. Paragraph (h) of subsection (4) and subsection (5) of section 718.104, Florida Statutes, are amended to read:

718.104 Creation of condominiums; contents of declaration.—Every condominium created in this state shall be created pursuant to this chapter.

(4) The declaration must contain or provide for the following matters:

(h) If a developer reserves the right, in a declaration recorded on or after July 1, 2000, to create a multicondominium, the declaration must state, or provide a specific formula for determining, the fractional or percentage shares of liability for the common expenses of the association and of ownership of the common surplus of the association to be allocated to the units in each condominium to be operated by the association. If a declaration recorded on or after July 1, 2000, for a condominium operated by a multicondominium association, as originally recorded, fails to so provide, the share of liability for the common expenses of the association and of ownership of the common surplus of the association allocated to each unit in each condominium operated by the association shall be a fraction of the whole, the numerator of which is the number “one” and the denominator of which is the total number of units in all condominiums operated by the association.

(5) The declaration as originally recorded, or as amended pursuant to the procedures provided therein, may include covenants and restrictions concerning the use, occupancy, and transfer of the units permitted by law with reference to real property. With the exception of amendments that materially modify unit appurtenances as provided in s. 718.110(4), amendments may be applied to owners of units existing as of the effective date of the amendment. This section is intended to clarify existing law and applies to associations existing on the effective date of this act. However, the rule against perpetuities shall not defeat a right given any person or entity by the declaration for the purpose of allowing unit owners to retain reasonable control over the use, occupancy, and transfer of units.

Section 13. Paragraph (b) of subsection (2) of section 718.106, Florida Statutes, is amended to read:

718.106 Condominium parcels; appurtenances; possession and enjoyment.—

(2) There shall pass with a unit, as appurtenances thereto:

(b) The exclusive right to use such portion of the common elements as may be provided by the declaration, including the right to transfer such right to other units or unit owners to the extent authorized by the declaration as originally recorded, or amendments to the declaration adopted pursuant to the provisions contained therein ~~under s. 718.110(2)~~. *Amendments to declarations of condominium providing for the transfer of use rights with respect to limited common elements are not amendments which materially modify unit appurtenances as described in s. 718.110(4). However, in order to be effective, the transfer of use rights with respect to limited common elements must be effectuated in conformity with the procedures set forth in the declaration as originally recorded or as amended. Further, such transfers must be evidenced by a written instrument which must be executed with the formalities of a deed and recorded in the land records of the county in which the condominium is located in order to be effective. Such instrument of transfer must also specify the legal description of the unit which is transferring use rights, as well as the legal description of the unit obtaining the transfer of such rights. This section is intended to clarify existing law and applies to associations existing on the effective date of this act.*

Section 14. Subsection (4) of section 718.110, Florida Statutes, is amended to read:

718.110 Amendment of declaration; correction of error or omission in declaration by circuit court.—

(4) Unless otherwise provided in the declaration as originally recorded, no amendment may change the configuration or size of any unit in any material fashion, materially alter or modify the appurtenances to the unit, or change the proportion or percentage by which the unit owner shares the common expenses of the condominium and owns the common surplus of the condominium unless the record owner of the unit and all record owners of liens on the unit join in the execution of the amendment and unless all the record owners of all other units in the same condominium approve the amendment. The acquisition of property by the association, and material alterations or substantial additions to such property or the common elements by the association in accordance with s. 718.111(7) or s. 718.113, *amendments providing for the transfer of use rights in limited common elements pursuant to s. 718.106(2)(b), and amendments restricting or modifying the right to lease condominium units* shall not be deemed to constitute a material alteration or modification of the appurtenances to the units. *With the exception of amendments that materially modify unit appurtenances as provided in this section, amendments may be applied to owners of units existing as of the effective date of the amendment. This section is intended to clarify existing law and applies to associations existing on the effective date of this act.* A declaration recorded after April 1, 1992, may not require the approval of less than a majority of total voting interests of the condominium for amendments under this subsection, unless otherwise required by a governmental entity.

Section 15. Subsection (4), paragraph (a) of subsection (7), and subsection (13) of section 718.111, Florida Statutes, are amended to read:

(4) ASSESSMENTS; MANAGEMENT OF COMMON ELEMENTS.—The association has the power to make and collect assessments and to lease, maintain, repair, and replace the common elements *or association property*; however, the association may not charge a use fee against a unit owner for the use of common elements or association property unless otherwise provided for in the declaration of condominium or by a majority vote of the association or unless the charges relate to ~~expenses incurred by~~ an owner having exclusive use of the common elements or association property.

(7) TITLE TO PROPERTY.—

(a) The association has the power to acquire title to property or otherwise hold, convey, lease, and mortgage association property for the use and benefit of its members. The power to acquire personal property shall be exercised by the board of administration. Except as otherwise permitted in subsections (8) and (9) and in s. 718.114, no association may acquire, convey, lease, or mortgage association real property except in the manner provided in the declaration, and if the declaration does not specify the procedure, then approval of 75 percent of the total voting interests shall be required.

(13) FINANCIAL REPORTING.—Within 90 days after the end of the fiscal year, or annually on a date provided in the bylaws, the association shall prepare and complete, or *contract for the preparation and completion of cause to be prepared and completed by a third party*, a financial report for the preceding fiscal year. Within 21 days after the final financial report is completed by the association or received by the association from the third party, *but in no event later than 120 days after the end of the fiscal year, or such other date as is provided in the bylaws*, the association shall mail to each unit owner at the address last furnished to the association by the unit owner, or hand deliver to each unit owner, a copy of the financial report or a notice that a copy of the financial report will be mailed or hand delivered to the unit owner, without charge, upon receipt of a written request from the unit owner. The division shall adopt rules setting forth uniform accounting principles and standards to be used by all associations and shall adopt rules addressing financial reporting requirements for multicondominium associations. In adopting such rules, the division shall consider the number of members and annual revenues of an association. Financial reports shall be prepared as follows:

(a) An association that meets the criteria of this paragraph shall prepare or cause to be prepared a complete set of financial statements in accordance with generally accepted accounting principles. The financial statements shall be based upon the association's total annual revenues, as follows:

1. An association with total annual revenues of \$100,000 or more, but less than \$200,000, shall prepare compiled financial statements.
2. An association with total annual revenues of at least \$200,000, but less than \$400,000, shall prepare reviewed financial statements.
3. An association with total annual revenues of \$400,000 or more shall prepare audited financial statements.

(b)1. An association with total annual revenues of less than \$100,000 shall prepare a report of cash receipts and expenditures.

2. An association which operates less than 50 units, regardless of the association's annual revenues, shall prepare a report of cash receipts and expenditures in lieu of financial statements required by paragraph (a).

3. A report of cash receipts and disbursements must disclose the amount of receipts by accounts and receipt classifications and the amount of expenses by accounts and expense classifications, including, but not limited to, the following, as applicable: costs for security, professional and management fees and expenses, taxes, costs for recreation facilities, expenses for refuse collection and utility services, expenses for lawn care, costs for building maintenance and repair, insurance costs, administration and salary expenses, and reserves accumulated and expended for capital expenditures, deferred maintenance, and any other category for which the association maintains reserves.

(c) An association may prepare or cause to be prepared, without a meeting of or approval by the unit owners:

1. Compiled, reviewed, or audited financial statements, if the association is required to prepare a report of cash receipts and expenditures;
2. Reviewed or audited financial statements, if the association is required to prepare compiled financial statements; or
3. Audited financial statements if the association is required to prepare reviewed financial statements.

(d) If approved by a majority of the voting interests present at a properly called meeting of the association, an association may prepare or cause to be prepared:

2. A report of cash receipts and expenditures or a compiled financial statement in lieu of a reviewed or audited financial statement; or
3. A report of cash receipts and expenditures, a compiled financial statement, or a reviewed financial statement in lieu of an audited financial statement.

Such meeting and approval must occur prior to the end of the fiscal year and is effective only for the fiscal year in which the vote is taken. With respect to an association to which the developer has not turned over control of the association, all unit owners, including the developer, may vote on issues related to the preparation of financial reports for the first 2 fiscal years of the association's operation, beginning with the fiscal year in which the declaration is recorded. Thereafter, all unit owners except the developer may vote on such issues until control is turned over to the association by the developer.

This subsection does not prohibit a provision in any declaration, articles of incorporation, or bylaws *as originally recorded or amended* requiring the approval of unit owners in any condominium operated by the same association or requiring board approval before a material alteration or substantial addition to the common elements is permitted. *This paragraph is intended to clarify existing law and applies to associations existing on the effective date of this act.*

—was read the second time by title.

Senator Burt moved the following amendment:

Amendment 1 (982212)(with title amendment)—Delete everything after the enacting clause and insert:

Section 1. Subsection (1) of section 121.091, Florida Statutes, is amended to read:

121.091 Benefits payable under the system.—Benefits may not be paid under this section unless the member has terminated employment as provided in s. 121.021(39)(a) or begun participation in the Deferred Retirement Option Program as provided in subsection (13), and a proper application has been filed in the manner prescribed by the department. The department may cancel an application for retirement benefits when the member or beneficiary fails to timely provide the information and documents required by this chapter and the department's rules. The department shall adopt rules establishing procedures for application for retirement benefits and for the cancellation of such application when the required information or documents are not received.

(1) **NORMAL RETIREMENT BENEFIT.**—Upon attaining his or her normal retirement date, the member, upon application to the administrator, shall receive a monthly benefit which shall begin to accrue on the first day of the month of retirement and be payable on the last day of that month and each month thereafter during his or her lifetime. The normal retirement benefit, including any past or additional retirement credit, may not exceed 100 percent of the average final compensation. The amount of monthly benefit shall be calculated as the product of A and B, subject to the adjustment of C, if applicable, as set forth below:

(a)1. For creditable years of Regular Class service, A is 1.60 percent of the member's average final compensation, up to the member's normal retirement date. Upon completion of the first year after the normal retirement date, A is 1.63 percent of the member's average final compensation. Following the second year after the normal retirement date, A is

1.65 percent of the member's average final compensation. Following the third year after the normal retirement date, and for subsequent years, A is 1.68 percent of the member's average final compensation.

2. For creditable years of special risk service, A is:
 - a. Two percent of the member's average final compensation for all creditable years prior to October 1, 1974;
 - b. Three percent of the member's average final compensation for all creditable years after September 30, 1974, and before October 1, 1978;
 - c. Two percent of the member's average final compensation for all creditable years after September 30, 1978, and before January 1, 1989;
 - d. Two and two-tenths percent of the member's final monthly compensation for all creditable years after December 31, 1988, and before January 1, 1990;
 - e. Two and four-tenths percent of the member's average final compensation for all creditable years after December 31, 1989, and before January 1, 1991;
 - f. Two and six-tenths percent of the member's average final compensation for all creditable years after December 31, 1990, and before January 1, 1992;
 - g. Two and eight-tenths percent of the member's average final compensation for all creditable years after December 31, 1991, and before January 1, 1993;
 - h. Three percent of the member's average final compensation for all creditable years after December 31, 1992; and
 - i. Three percent of the member's average final compensation for all creditable years of service after September 30, 1978, and before January 1, 1993, for any special risk member who retires after July 1, 2000, or any member of the Special Risk Administrative Support Class entitled to retain the special risk normal retirement date who was a member of the Special Risk Class during the time period and who retires after July 1, 2000. *Those members with creditable service in these classes who have served between these dates and who have retired, are participants in the deferred retirement option program, or have terminated employment with vested rights before July 1, 2000, shall receive a 12 percent increase in their benefits effective January 1, 2002.*
3. For creditable years of Senior Management Service Class service after January 31, 1987, A is 2 percent;
4. For creditable years of Elected Officers' Class service as a Supreme Court Justice, district court of appeal judge, circuit judge, or county court judge, A is 3½ percent of the member's average final compensation, and for all other creditable service in such class, A is 3 percent of average final compensation;
 - (b) B is the number of the member's years and any fractional part of a year of creditable service earned subsequent to November 30, 1970; and
 - (c) C is the normal retirement benefit credit brought forward as of November 30, 1970, by a former member of an existing system. Such normal retirement benefit credit shall be determined as the product of X and Y when X is the percentage of average final compensation which the member would have been eligible to receive if the member had attained his or her normal retirement date as of November 30, 1970, all in accordance with the existing system under which the member is covered on November 30, 1970, and Y is average final compensation as defined in s. 121.021(25). However, any member of an existing retirement system who is eligible to retire and who does retire, become disabled, or die prior to April 15, 1971, may have his or her retirement benefits calculated on the basis of the best 5 of the last 10 years of service.
 - (d) A member's average final compensation shall be determined by formula to obtain the coverage for the 5 highest fiscal years' salaries, calculated as provided by rule.

Section 2. *It is the intent of the Legislature that the costs attributable to increases in the repurchase of retirement accrual rates for retired and*

inactive members of the Special Risk Class from October 1978 through December 1992 shall be funded by recognition of a level lump sum of \$370.6 million, amortized over 30 years in equal annual payments, from the excess actuarial assets of the Florida Retirement System Trust Fund. Such benefits shall increase with prior cost-of-living adjustments beginning on the date of benefit commencement, as provided in this act, excluding any missed or retroactive payments. If, after recognition of the excess actuarial assets, there remains an unfunded actuarial liability attributable to the increase in the retirement accrual rates, the payroll contribution rate for the Special Risk Class shall be increased by up to 0.10 percentage points, effective July 1, 2002, unless the Legislature provides an alternative funding mechanism.

Section 3. *The Legislature finds that a proper and legitimate state purpose is served when employees and retirees of the state and its political subdivisions and the dependents, survivors, and beneficiaries of such employees and retirees are extended the basic protections afforded by governmental retirement systems that provide fair and adequate benefits and that are managed, administered, and funded in an actuarially sound manner, as required by Section 14, Article X, of the State Constitution and part VII of chapter 112, Florida Statutes. Therefore, the Legislature determines and declares that this act fulfills an important state interest.*

Section 4. This act shall take effect July 1, 2001.

And the title is amended as follows:

Delete everything before the enacting clause and insert: A bill to be entitled An act relating to retirement; amending s. 121.091, F.S.; providing for a repurchase of prior service credit for certain members of the Special Risk Class or Special Risk Administrative Support Class of the Florida Retirement System who retired or terminated employment before July 1, 2000; providing for actuarial funding of benefits; providing a declaration of an important state interest; providing an effective date.

Senator Burt moved the following amendment to **Amendment 1** which was adopted:

Amendment 1A (903260)(with title amendment)—On page 4, line 28 through page 5, line 13, delete those lines and insert:

Section 2. *For those members with creditable service in the Florida Retirement System Special Risk Class who have retirement service credit in the Special Risk Class after September 30, 1978, and before January 1, 1993, and who retired or entered the Deferred Retirement Option Program of the Florida Retirement System prior to July 1, 2000, such members, or their beneficiaries if the member is deceased, shall receive a one-time special cost-of-living increase on January 1, 2002, equal to 12 percent of their gross retirement benefit. Such increase shall be in addition to the normal cost-of-living increase provided to such members on July 1, 2001.*

Section 3. *It is the intent of the Legislature that the costs attributable to the additional cost-of-living increase for special risk retirees and Deferred Retirement Option Program participants as provided under section 2 shall be funded by recognition of excess actuarial assets, amortized over 30 years with the payments assumed to remain relatively stable when expressed as a percentage of payroll. For fiscal year 2001-2002, the payment shall be \$9.3 million. For fiscal year 2002-2003, the payment shall be \$19 million, and, thereafter, payments shall increase by 5 percent per year. If insufficient funds are available to fund this additional cost through recognition of excess actuarial assets in fiscal year 2002-2003 and any year thereafter, and there remains an unfunded actuarial liability attributable to the one-time cost-of-living increase provided under section 2, the payroll contribution rate for the Special Risk Class of the Florida Retirement System shall be increased by .93 percent effective July 1 of that year, unless the Legislature provides an alternative funding mechanism before that date.*

I of the State Constitution. ~~The home addresses and home telephone numbers of county and municipal code inspectors and code enforcement officers are confidential and exempt from the provisions of subsection (1) and s. 24(a), Art. I of the State Constitution.~~

2. *The home addresses, telephone numbers, social security numbers, and photographs of current or former human resource, labor relations, or employee relations directors, assistant directors, managers, or assistant managers of any local government agency or water management district whose duties include hiring and firing employees, labor contract negotiation, administration, or other personnel-related duties; the names, home addresses, telephone numbers, social security numbers, photographs, and places of employment of the spouses and children of such personnel; and the names and locations of schools and day care facilities attended by the children of such personnel are exempt from subsection (1) and s. 24(a), Art. 3. *The home addresses, telephone numbers, social security numbers, and photographs of current or former code enforcement officers; the names, home addresses, telephone numbers, social security numbers, photographs, and places of employment of the spouses and children of such persons; and the names and locations of schools and day care facilities attended by the children of such persons are exempt from subsection (1) and s. 24(a), Art. Citations issued in response to violations that they encounter often lead to retribution by the offenders. Their personnel files are reviewed on numerous occasions by code violators seeking information relating to the code enforcement officers and their families. The disclosure of this personal information has led to threats, acts of violence, and unwarranted risk to the officers and their families.*

Section 4. This act shall take effect October 1, 2001.

The Committee on Judiciary recommended the following amendment which was moved by Senator Burt and adopted:

Amendment 1 (872888)(with title amendment)—Delete everything after the enacting clause and insert:

Section 1. Subsection (8) of section 320.03, Florida Statutes, is amended to read:

320.03 Registration; duties of tax collectors; International Registration Plan.—

(8) If the applicant's name appears on the list referred to in s. 316.1001(4), or s. 316.1967(6), or s. 713.78(13) a license plate or revalidation sticker may not be issued until that person's name no longer appears on the list or until the person presents a receipt from the clerk showing that the fines outstanding have been paid. The tax collector and the clerk of the court are each entitled to receive monthly, as costs for implementing and administering this subsection, 10 percent of the civil penalties and fines recovered from such persons. *As used in this subsection, the term "civil penalties and fines" does not include a wrecker operator's lien as described in s. 713.78(13).* If the tax collector has private tag agents, such tag agents are entitled to receive a pro rata share of the amount paid to the tax collector, based upon the percentage of license plates and revalidation stickers issued by the tag agent compared to the total issued within the county. The authority of any private agent to issue license plates shall be revoked, after notice and a hearing as provided in chapter 120, if he or she issues any license plate or revalidation sticker contrary to the provisions of this subsection. This section applies only to the annual renewal in the owner's birth month of a motor vehicle registration and does not apply to the transfer of a registration of a motor vehicle sold by a motor vehicle dealer licensed under this chapter, except for the transfer of registrations which is inclusive of the annual renewals. This section does not affect the issuance of the title to a motor vehicle, notwithstanding s. 319.23(7)(b).

Section 2. Paragraph (b) of subsection (4) and subsection (6) are amended, and subsection (13) is added to section 713.78, Florida Statutes, to read:

713.78 Liens for recovering, towing, or storing vehicles and documented vessels.—

(4)

(b) Notice by certified mail, return receipt requested, shall be sent within 7 business days after the date of storage of the vehicle or vessel to the registered owner and to all persons of record claiming a lien against the vehicle or vessel. It shall state the fact of possession of the vehicle or vessel, that a lien as provided in subsection (2) is claimed, that charges have accrued and the amount thereof, that the lien is subject to enforcement pursuant to law, and that the owner or lienholder, if any, has the right to a hearing as set forth in subsection (5), and that any vehicle or vessel which remains unclaimed, or for which the charges for recovery, towing, or storage services remain unpaid, may be sold ~~after 35 days~~ free of all prior liens *after 35 days if the vehicle or vessel is more than 3 years of age or after 50 days if the vehicle or vessel is 3 years of age or less.*

(6) Any vehicle or vessel which is stored pursuant to subsection (2) and which remains unclaimed, or for which reasonable charges for recovery, towing, or storing remain unpaid or for which a lot rental amount is due and owing to the mobile home park owner, as evidenced by a judgment for unpaid rent, and any contents not released pursuant to subsection (10), may be sold by the owner or operator of the storage space for such towing or storage charge or unpaid lot rental amount after 35 days ~~following from~~ the time the vehicle or vessel is stored therein *if the vehicle or vessel is more than 3 years of age or after 50 days following the time the vehicle or vessel is stored therein if the vehicle or vessel is 3 years of age or less.* The sale shall be at public auction for cash. If the date of the sale was not included in the notice required in subsection (4), notice of the sale shall be given to the person in whose name the vehicle, vessel, or mobile home is registered, to the mobile home park owner, and to all persons claiming a lien on the vehicle or vessel as shown on the records of the Department of Highway Safety and Motor Vehicles or of the corresponding agency in any other state. Notice shall be sent by certified mail, return receipt requested, to the owner of the vehicle or vessel and the person having the recorded lien on the vehicle or vessel at the address shown on the records of the registering agency and shall be

mailed not less than 15 days before the date of the sale. After diligent search and inquiry, if the name and address of the registered owner or the owner of the recorded lien cannot be ascertained, the requirements of notice by mail may be dispensed with. In addition to the notice by mail, public notice of the time and place of sale shall be made by publishing a notice thereof one time, at least 10 days prior to the date of the sale, in a newspaper of general circulation in the county in which the sale is to be held. The proceeds of the sale, after payment of reasonable towing and storage charges, costs of the sale, and the unpaid lot rental amount, in that order of priority, shall be deposited with the clerk of the circuit court for the county if the owner is absent, and the clerk shall hold such proceeds subject to the claim of the person legally entitled thereto. The clerk shall be entitled to receive 5 percent of such proceeds for the care and disbursement thereof. The certificate of title issued under this law shall be discharged of all liens unless otherwise provided by court order.

(13)(a) *Upon receipt by the Department of Highway Safety and Motor Vehicles of written notice from a wrecker operator who claims a wrecker operator's lien under paragraph (2)(c) or paragraph (2)(d) for recovery, towing, or storage of a vehicle, vessel, or mobile home, upon instructions from any law enforcement agency, for which a certificate of destruction has been issued under subsection (11), the department shall place the name of the registered owner of that vehicle, vessel, or mobile home on the list of those persons who may not be issued a license plate or revalidation sticker for any motor vehicle under s. 320.03(8). If the vehicle, vessel, or mobile home is owned jointly by more than one person, the name of each registered owner shall be placed on the list. The notice of wrecker operator's lien shall be submitted on forms provided by the department, which must include:*

1. *The name, address, and telephone number of the wrecker operator.*
2. *The name of the registered owner of the vehicle, vessel, or mobile home and the address to which the wrecker operator provided notice of the lien to the registered owner under subsection (4).*
3. *A general description of the vehicle, vessel, or mobile home, including its color, make, model, body style, and year.*
4. *The vehicle identification number (VIN); registration license plate number, state, and year; validation decal number, state, and year; mobile home sticker number, state, and year; vessel registration number; hull identification number; or other identification number, as applicable.*
5. *The name of the person or the corresponding law enforcement agency that requested that the vehicle, vessel, or mobile home be recovered, towed, or stored.*
6. *The amount of the wrecker operator's lien, not to exceed the amount allowed by paragraph (b).*

(b) *For purposes of this subsection only, the amount of the wrecker operator's lien for which the department will prevent issuance of a license plate or revalidation sticker may not exceed the amount of the charges for recovery, towing, and storage of the vehicle, vessel, or mobile home for 7 days. These charges may not exceed the maximum rates imposed by the ordinances of the respective county or municipality under ss. 125.0103(1)(c) and 166.043(1)(c). This paragraph does not limit the amount of a wrecker operator's lien claimed under subsection (2) or prevent a wrecker operator from seeking civil remedies for enforcement of the entire amount of the lien, but limits only that portion of the lien for which the department will prevent issuance of a license plate or revalidation sticker.*

(c)1. *The registered owner of a vehicle, vessel, or mobile home may dispute a wrecker operator's lien, by notifying the department of the dispute in writing on forms provided by the department, if at least one of the following applies:*

- a. *The registered owner presents a notarized bill of sale proving that the vehicle, vessel, or mobile home was sold in a private or casual sale before the vehicle, vessel, or mobile home was recovered, towed, or stored.*
- b. *The registered owner presents proof that the Florida certificate of title of the vehicle, vessel, or mobile home was sold to a licensed dealer as defined in s. 319.001 before the vehicle, vessel, or mobile home was recovered, towed, or stored.*

If the registered owner's dispute of a wrecker operator's lien complies with one of these criteria, the department shall immediately remove the regis-

tered owner's name from the list of those persons who may not be issued a licensed plate or revalidation sticker for any motor vehicle under s. 320.03(8), thereby allowing issuance of a license plate or revalidation sticker. If the vehicle, vessel, or mobile home is owned jointly by more than one person, each registered owner must dispute the wrecker operator's lien in order to be removed from the list. However, the department shall deny any dispute and maintain the registered owner's name on the list of those persons who may not be issued a license plate or revalidation sticker for any motor vehicle under s. 320.03(8) if the wrecker operator has provided the department with a certified copy of the judgment of a court which orders the registered owner to pay the wrecker operator's lien claimed under this section. In such a case, the amount of the wrecker operator's lien allowed by paragraph (b) may be increased to include no more than \$500 of the reasonable costs and attorney's fees incurred in obtaining the judgment. The department's action under this subparagraph is ministerial in nature, shall not be considered final agency action, and is appealable only to the county court for the county in which the vehicle, vessel, or mobile home was ordered removed.

2. A person against whom a wrecker operator's lien has been imposed may alternatively obtain a discharge of the lien by filing a complaint challenging the validity of the lien or the amount thereof in the county court of the county in which the vehicle, vessel, or mobile home was ordered removed. Upon filing of the complaint, the person may have her or his name removed from the list of those persons who may not be issued a licensed plate or revalidation sticker for any motor vehicle under s. 320.03(8), thereby allowing issuance of a license plate or revalidation sticker, upon posting with the court a cash or surety bond or other adequate security equal to the amount of the wrecker operator's lien to ensure the payment of such lien in the event she or he does not prevail. Upon the posting of the bond and the payment of the applicable fee set forth in s. 28.24, the clerk of the court shall issue a certificate notifying the department of the posting of the bond and directing the department to release the wrecker operator's lien. Upon determining the respective rights of the parties, the court may award damages and costs in favor of the prevailing party.

3. If a person against whom a wrecker operator's lien has been imposed does not object to the lien, but cannot discharge the lien by payment because the wrecker operator has moved or gone out of business, the person may have her or his name removed from the list of those persons who may not be issued a licensed plate or revalidation sticker for any motor vehicle under s. 320.03(8), thereby allowing issuance of a license plate or revalidation sticker, upon posting with the clerk of court in the county in which the vehicle, vessel, or mobile home was ordered removed, a cash or surety bond or other adequate security equal to the amount of the wrecker operator's lien. Upon the posting of the bond and the payment of the application fee set forth in s. 28.24, the clerk of the court shall issue a certificate notifying the department of the posting of the bond and directing the department to release the wrecker operator's lien. The department shall mail to the wrecker operator, at the address upon the lien form, notice that the wrecker operator must claim the security within 60 days, or the security will be released back to the person who posted it. At the conclusion of the 60 days, the department shall direct the clerk as to which party is entitled to payment of the security, less applicable clerk's fees.

4. A wrecker operator's lien expires 5 years after filing.

(d) Upon discharge of the amount of the wrecker operator's lien allowed by paragraph (b), the wrecker operator must issue a certificate of discharged wrecker operator's lien on forms provided by the department to each registered owner of the vehicle, vessel, or mobile home attesting that the amount of the wrecker operator's lien allowed by paragraph (b) has been discharged. Upon presentation of the certificate of discharged wrecker operator's lien by the registered owner, the department shall immediately remove the registered owner's name from the list of those persons who may not be issued a license plate or revalidation sticker for any motor vehicle under s. 320.03(8), thereby allowing issuance of a license plate or revalidation sticker. Issuance of a certificate of discharged wrecker operator's lien under this paragraph does not discharge the entire amount of the wrecker operator's lien claimed under subsection (2), but only certifies to the department that the amount of the wrecker operator's lien allowed by paragraph (b), for which the department will prevent issuance of a license plate or revalidation sticker, has been discharged.

(e) When a wrecker operator files a notice of wrecker operator's lien under this subsection, the department shall charge the wrecker operator

a fee of \$2, which shall be deposited into the Florida Motor Vehicle Theft Prevention Trust Fund established under s. 860.158. A service charge of \$2.50 shall be collected and retained by the tax collector who processes a notice of wrecker operator's lien.

(f) This subsection applies only to the annual renewal in the registered owner's birth month of a motor vehicle registration and does not apply to the transfer of a registration of a motor vehicle sold by a motor vehicle dealer licensed under chapter 320, except for the transfer of registrations which is inclusive of the annual renewals. This subsection does not affect the issuance of the title to a motor vehicle, notwithstanding s. 319.23(7)(b).

(g) The Department of Highway Safety and Motor Vehicles may adopt rules pursuant to ss. 120.536(1) and 120.54 to implement this subsection.

Section 3. This act shall take effect July 1, 2001.

And the title is amended as follows:

Delete everything before the enacting clause and insert: A bill to be entitled An act relating to wrecker liens; amending s. 320.03, F.S.; including a cross-reference; providing that the term "civil penalties and fines" does not include reference to a wrecker operator's lien; amending s. 713.78, F.S.; revising requirements for the sale of an unclaimed vehicle or vessel; providing that the Department of Highway Safety and Motor Vehicles shall not issue a license plate or revalidation sticker for certain motor vehicles, vessels, or motor homes for which a wrecker operator's lien has been issued; providing procedures with respect to such liens; providing an effective date.

(8) If the applicant's name appears on the list referred to in s. 316.1001(4), ~~or s. 316.1967(6)~~, or s. 713.78(13) a license plate or revalidation sticker may not be issued until that person's name no longer appears on the list or until the person presents a receipt from the clerk showing that the fines outstanding have been paid. The tax collector and the clerk of the court are each entitled to receive monthly, as costs for implementing and administering this subsection, 10 percent of the civil penalties and fines recovered from such persons. As used in this subsection, the term "civil penalties and fines" does not include a wrecker operator's lien as described in s. 713.78(13). If the tax collector has private tag agents, such tag agents are entitled to receive a pro rata share of the amount paid to the tax collector, based upon the percentage of license plates and revalidation stickers issued by the tag agent compared to the total issued within the county. The authority of any private agent to issue license plates shall be revoked, after notice and a hearing as provided in chapter 120, if he or she issues any license plate or revalidation sticker contrary to the provisions of this subsection. This section applies only to the annual renewal in the owner's birth month of a motor vehicle registration and does not apply to the transfer of a registration of a motor vehicle sold by a motor vehicle dealer licensed under this chapter, except for the transfer of registrations which is inclusive of the annual renewals. This section does not affect the issuance of the title to a motor vehicle, notwithstanding s. 319.23(7)(b).

(b) Notice by certified mail, return receipt requested, shall be sent within 7 business days after the date of storage of the vehicle or vessel to the registered owner and to all persons of record claiming a lien against the vehicle or vessel. It shall state the fact of possession of the vehicle or vessel, that a lien as provided in subsection (2) is claimed, that charges have accrued and the amount thereof, that the lien is subject to enforcement pursuant to law, and that the owner or lienholder, if any, has the right to a hearing as set forth in subsection (5), and that any vehicle or vessel which remains unclaimed, or for which the charges for recovery, towing, or storage services remain unpaid, may be sold after 35 days free of all prior liens after 35 days if the vehicle or vessel is more than 3 years of age or after 50 days if the vehicle or vessel is 3 years of age or less.

(6) Any vehicle or vessel which is stored pursuant to subsection (2) and which remains unclaimed, or for which reasonable charges for recovery, towing, or storing remain unpaid or for which a lot rental amount is due and owing to the mobile home park owner, as evidenced by a judgment for unpaid rent, and any contents not released pursuant to subsection (10), may be sold by the owner or operator of the storage space for such towing or storage charge or unpaid lot rental amount after 35 days from the time the vehicle or vessel is stored therein if the vehicle or vessel is more than 3 years of age or after 50 days following the time the vehicle or vessel is stored therein if the vehicle or vessel is 3 years of age or less. The sale shall be at public auction for cash. If the date of the sale was not included in the notice required in subsection (4), notice of the sale shall be given to the person in whose name the vehicle, vessel, or mobile home is registered, to the mobile home park owner, and to all persons claiming a lien on the vehicle or vessel as shown on the records of the Department of Highway Safety and Motor Vehicles or of the corresponding agency in any other state. Notice shall be sent by certified mail, return receipt requested, to the owner of the vehicle or vessel and the person having the recorded lien on the vehicle or vessel at the address shown on the records of the registering agency and shall be mailed not less than 15 days before the date of the sale. After diligent search and inquiry, if the name and address of the registered owner or the owner of the recorded lien cannot be ascertained, the requirements of notice by mail may be dispensed with. In addition to the notice by mail, public notice of the time and place of sale shall be made by publishing a notice thereof one time, at least 10 days prior to the date of the sale, in a newspaper of general circulation in the county in which the sale is to be held. The proceeds of the sale, after payment of reasonable towing and storage charges, costs of the sale, and the unpaid lot rental amount, in that order of priority, shall be deposited with the clerk of the circuit court for the county if the owner is absent, and the clerk shall hold such proceeds subject to the claim of the person legally entitled thereto. The clerk shall be entitled to receive 5 percent of such proceeds for the care and disbursement thereof. The certificate of title issued under this law shall be discharged of all liens unless otherwise provided by court order.

(13)(a) Upon receipt by the Department of Highway Safety and Motor Vehicles of written notice from a wrecker operator who claims a wrecker operator's lien under paragraph (2)(c) or paragraph (2)(d) for recovery, towing, or storage of a vehicle, vessel, or mobile home, upon instructions from any law enforcement agency, for which a certificate of destruction has been issued under subsection (11), the department shall place the name of the registered owner of that vehicle, vessel, or mobile home on the list of those persons who may not be issued a license plate or revalidation sticker for any motor vehicle under s. 320.03(8). If the vehicle, vessel, or mobile home is owned jointly by more than one person, the name of each registered owner shall be placed on the list. The notice of wrecker operator's lien shall be submitted on forms provided by the department, which must include:

1. The name, address, and telephone number of the wrecker operator.
2. The name of the registered owner of the vehicle, vessel, or mobile home and the address to which the wrecker operator provided notice of the lien to the registered owner under subsection (4).
3. A general description of the vehicle, vessel, or mobile home, including its color, make, model, body style, and year.
4. The vehicle identification number (VIN); registration license plate number, state, and year; validation decal number, state, and year; mobile home sticker number, state, and year; vessel registration number; hull identification number; or other identification number, as applicable.

5. The name of the person or the corresponding law enforcement agency that requested that the vehicle, vessel, or mobile home be recovered, towed, or stored.

6. The amount of the wrecker operator's lien, not to exceed the amount allowed by paragraph (b).

(b) For purposes of this subsection only, the amount of the wrecker operator's lien for which the department will prevent issuance of a license plate or revalidation sticker may not exceed the amount of the charges for recovery, towing, and storage of the vehicle, vessel, or mobile home for 7 days. These charges may not exceed the maximum rates imposed by the ordinances of the respective county or municipality under ss. 125.0103(1)(c) and 166.043(1)(c). This paragraph does not limit the amount of a wrecker operator's lien claimed under subsection (2) or prevent a wrecker operator from seeking civil remedies for enforcement of the entire amount of the lien, but limits only that portion of the lien for which the department will prevent issuance of a license plate or revalidation sticker.

(c)1. The registered owner of a vehicle, vessel, or mobile home may dispute a wrecker operator's lien, by notifying the department of the dispute in writing on forms provided by the department, if at least one of the following applies:

a. The registered owner presents a notarized bill of sale proving that the vehicle, vessel, or mobile home was sold in a private or casual sale before the vehicle, vessel, or mobile home was recovered, towed, or stored.

b. The registered owner presents proof that the Florida certificate of title of the vehicle, vessel, or mobile home was sold to a licensed dealer as defined in s. 319.001 before the vehicle, vessel, or mobile home was recovered, towed, or stored.

If the registered owner's dispute of a wrecker operator's lien complies with one of these criteria, the department shall immediately remove the registered owner's name from the list of those persons who may not be issued a license plate or revalidation sticker for any motor vehicle under s. 320.03(8), thereby allowing issuance of a license plate or revalidation sticker. If the vehicle, vessel, or mobile home is owned jointly by more than one person, each registered owner must dispute the wrecker operator's lien in order to be removed from the list. However, the department shall deny any dispute and maintain the registered owner's name on the list of those persons who may not be issued a license plate or revalidation sticker for any motor vehicle under s. 320.03(8) if the wrecker operator has provided the department with a certified copy of the judgment of a court which orders the registered owner to pay the wrecker operator's lien claimed under this section. In such a case, the amount of the wrecker operator's lien allowed by paragraph (b) may be increased to include no more than \$500 of the reasonable costs and attorney's fees incurred in obtaining the judgment. The department's action under this subparagraph is ministerial in nature, shall not be considered final agency action, and is appealable only to the county court for the county in which the vehicle, vessel, or mobile home was ordered removed.

2. A person against whom a wrecker operator's lien has been imposed may alternatively obtain a discharge of the lien by filing a complaint, challenging the validity of the lien or the amount thereof, in the county court of the county in which the vehicle, vessel, or mobile home was ordered removed. Upon filing of the complaint, the person may have her or his name removed from the list of those persons who may not be issued a license plate or revalidation sticker for any motor vehicle under s. 320.03(8), thereby allowing issuance of a license plate or revalidation sticker, upon posting with the court a cash or surety bond or other adequate security equal to the amount of the wrecker operator's lien to ensure the payment of such lien in the event she or he does not prevail. Upon the posting of the bond and the payment of the applicable fee set forth in s. 28.24, the clerk of the court shall issue a certificate notifying the department of the posting of the bond and directing the department to release the wrecker operator's lien. Upon determining the respective rights of the parties, the court may award damages and costs in favor of the prevailing party.

3. If a person against whom a wrecker operator's lien has been imposed does not object to the lien, but cannot discharge the lien by payment because the wrecker operator has moved or gone out of business, the person may have her or his name removed from the list of those persons who may not be issued a license plate or revalidation sticker for any motor vehicle under s. 320.03(8), thereby allowing issuance of a license

plate or revalidation sticker, upon posting with the clerk of court in the county in which the vehicle, vessel, or mobile home was ordered removed, a cash or surety bond or other adequate security equal to the amount of the wrecker operator's lien. Upon the posting of the bond and the payment of the application fee set forth in s. 28.24, the clerk of the court shall issue a certificate notifying the department of the posting of the bond and directing the department to release the wrecker operator's lien. The department shall mail to the wrecker operator, at the address upon the lien form, notice that the wrecker operator must claim the security within 60 days, or the security will be released back to the person who posted it. At the conclusion of the 60 days, the department shall direct the clerk as to which party is entitled to payment of the security, less applicable clerk's fees.

4. A wrecker operator's lien expires 5 years after filing.

(d) Upon discharge of the amount of the wrecker operator's lien allowed by paragraph (b), the wrecker operator must issue a certificate of discharged wrecker operator's lien on forms provided by the department to each registered owner of the vehicle, vessel, or mobile home attesting that the amount of the wrecker operator's lien allowed by paragraph (b) has been discharged. Upon presentation of the certificate of discharged wrecker operator's lien by the registered owner, the department shall immediately remove the registered owner's name from the list of those persons who may not be issued a license plate or revalidation sticker for any motor vehicle under s. 320.03(8), thereby allowing issuance of a license plate or revalidation sticker. Issuance of a certificate of discharged wrecker operator's lien under this paragraph does not discharge the entire amount of the wrecker operator's lien claimed under subsection (2), but only certifies to the department that the amount of the wrecker operator's lien allowed by paragraph (b), for which the department will prevent issuance of a license plate or revalidation sticker, has been discharged.

(e) When a wrecker operator files a notice of wrecker operator's lien under this subsection, the department shall charge the wrecker operator a fee of \$2, which shall be deposited into the Florida Motor Vehicle Theft Prevention Trust Fund established under s. 860.158. A service charge of \$2.50 shall be collected and retained by the tax collector who processes a notice of wrecker operator's lien.

(f) This subsection applies only to the annual renewal in the registered owner's birth month of a motor vehicle registration and does not apply to the transfer of a registration of a motor vehicle sold by a motor vehicle dealer licensed under chapter 320, except for the transfer of registrations which is inclusive of the annual renewals. This subsection does not affect the issuance of the title to a motor vehicle, notwithstanding s. 319.23(7)(b).

(g) The Department of Highway Safety and Motor Vehicles may adopt rules pursuant to ss. 120.536(1) and 120.54 to implement this subsection.

Section 3. This act shall take effect July 1, 2001.

Amendment 1 (140968)(with title amendment)—Delete everything after the enacting clause and insert:

Section 1. Section 311.12, Florida Statutes, is amended to read:

(Substantial rewording of section. See s. 311.12, F.S., for present text.)

311.12 Seaport security standards.—

(1) *The statewide minimum standards for seaport security for each seaport identified in s. 311.09, shall be those based upon the Florida Seaport Security Assessment 2000 and set forth in the "Port Security Standards - Compliance Plan" delivered to the Speaker of the House of Representatives and the President of the Senate on December 11, 2000, pursuant to s. 311.12. The statewide minimum standards are hereby adopted. The Office of Drug Control within the Executive Office of the Governor shall maintain a sufficient number of copies of the standards for use of the public, at its offices, and shall provide copies to each affected seaport upon request.*

(2) *Each seaport identified in s. 311.09 shall maintain a security plan relating to the specific and identifiable needs of the seaport which assures that the seaport is in substantial compliance with the statewide minimum standards established pursuant to subsection (1). Each plan adopted or revised pursuant to this subsection must be reviewed and approved by the Office of Drug Control and the Department of Law Enforcement. All such seaports shall allow unimpeded access by the Department of Law Enforcement to the affected facilities for purposes of inspections or other operations authorized by this section. Each seaport security plan may establish restricted access areas within the seaport consistent with the requirements of the statewide minimum standards. In such cases, a Restricted Access Area Permit shall be required for any individual working within or authorized to regularly enter a restricted access area and the requirements in subsection (3) relating to criminal history checks and employment restrictions shall be applicable only to employees or other persons working within or authorized to regularly enter a restricted access area. Every seaport security plan shall set forth the conditions and restrictions to be imposed upon others visiting the port or any restricted access area sufficient to provide substantial compliance with the statewide minimum standards.*

(3)(a) *A fingerprint-based criminal history check shall be performed on any applicant for employment, every current employee, and other persons as designated pursuant to the seaport security plan for each seaport. The criminal history check shall be performed in connection with employment within or other authorized regular access to a restricted access area or the entire seaport if the seaport security plan does not designate one or more restricted access areas. With respect to employees or others with regular access, such checks shall be performed at least once every 5 years or at other more frequent intervals as provided by the seaport security plan. Each individual subject to the background criminal history check shall file a complete set of fingerprints taken in a manner required by the Department of Law Enforcement and the seaport security plan. Fingerprints shall be submitted to the Department of Law Enforcement for state processing and to the Federal Bureau of Investigation for federal processing. The results of each fingerprint-based check shall be reported to the requesting seaport. The costs of the checks, consistent with s. 943.053(3), shall be paid by the seaport or other employing entity or by the person checked.*

(b) *By January 1, 2002, each seaport security plan shall identify criminal convictions or other criminal history factors consistent with paragraph (c) which shall disqualify a person from either initial seaport employment or new authorization for regular access to seaport property or to a restricted access area. Such factors shall be used to disqualify all applicants for employment or others seeking regular access to the seaport or restricted access area on or after January 1, 2002, and may be used to disqualify all those employed or authorized for regular access on that date. Each seaport security plan may establish a procedure to appeal a denial of employment or access based upon criminal history factors established pursuant to this paragraph. The appeal procedure may allow the granting of waivers or conditional employment or access. In addition, a seaport may allow waivers on a temporary basis to meet special or emergency needs of the seaport or its users. Policies, procedures, and criteria for implementation of this subsection shall be included in the seaport security plan.*

(c) *In addition to other requirements for employment or access established by each seaport pursuant to its seaport security plan, each seaport security plan shall provide that:*

1. *Any person who has within the past 5 years been convicted, regardless of whether adjudication was withheld, for dealing in stolen property;*

any violation of s. 893.135; any violation involving the sale, manufacturing, delivery, or possession with intent to sell, manufacture, or deliver a controlled substance; burglary; robbery; any violation of s. 790.07; any crime an element of which includes use or possession of a firearm; any conviction for any similar offenses under the laws of another jurisdiction; or conviction for conspiracy to commit any of the listed offenses shall not be qualified for initial employment within or regular access to a seaport or restricted access area; and

2. Any person who has at any time been convicted for any of the listed offenses shall not be qualified for initial employment within or authorized regular access to a seaport or restricted access area unless, after release from incarceration and any supervision imposed as a sentence, the person remained free from a subsequent conviction, regardless of whether adjudication was withheld, for any of the listed offenses for a period of at least 5 years prior to the employment or access date under consideration.

(d) By October 1 of each year, each seaport shall report to the Department of Law Enforcement each determination of denial of employment or access, and any determination to authorize employment or access after an appeal of a denial made during the previous 12 months. The report shall include the identity of the individual affected, the factors supporting the determination, any special condition imposed, and any other material factors used in making the determination.

(4)(a) Subject to the provisions of subsection (6), each affected seaport shall begin to implement its security plan developed under this section by July 1, 2001, shall implement restrictions on employment and access including the enforcement of any restricted access area by January 1, 2002, and shall be in substantial compliance with all security standards and physical facility requirements imposed by this section no later than June 30, 2004.

(b) The Office of Drug Control and the Department of Law Enforcement may modify or waive any physical facility or other requirement contained in the statewide minimum standards for seaport security upon a finding or other determination that the purposes of the standards have been reasonably met or exceeded by the seaport requesting the modification or waiver. Such modifications or waivers shall be noted in the annual report submitted by the Department of Law Enforcement pursuant to this subsection.

(c) Beginning with the 2001-2002 fiscal year, the Department of Law Enforcement, or any entity designated by the department, shall conduct no less than one annual unannounced inspection of each seaport listed in s. 311.09 to determine whether the seaport is meeting the minimum standards established pursuant to this section, and to identify seaport security changes or improvements necessary or otherwise recommended. The Department of Law Enforcement, or any entity designated by the department, may conduct additional announced or unannounced inspections or operations within or affecting any affected seaport to test compliance with, or the effectiveness of, security plans and operations at each seaport, to determine compliance with physical facility requirements and standards, or to assist the department in identifying changes or improvements necessary to bring a seaport into compliance with the statewide minimum security standards.

(d) By December 31, 2001, and annually thereafter, the Department of Law Enforcement, in consultation with the Office of Drug Control, shall complete a report indicating the observations and findings of all inspections or operations conducted during the year and any recommendations developed by reason of such inspections. A copy of the report shall be provided to the Governor, the President of the Senate, the Speaker of the House of Representatives, and the chief administrator of each seaport inspected. The report shall include responses from the chief administrator of any seaport indicating what actions, if any, have been taken or are planned to be taken in response to the recommendations, observations, and findings reported by the department.

(e) In making security project or other funding decisions applicable to each seaport listed in s. 311.09, the Legislature may consider as authoritative the annual report of the Department of Law Enforcement required by this section, especially regarding each seaport's degree of substantial compliance with the statewide minimum security standards established by this section.

(5) Nothing in this section shall be construed as preventing any seaport from implementing security measures that are more stringent,

greater than, or supplemental to the statewide minimum standards established by this section.

(6) When funds are appropriated for seaport security, the Office of Drug Control and the Florida Seaport Transportation and Economic Development Council shall mutually determine the allocation of such funds for security project needs identified in the approved seaport security plans required by this section. Any seaport that receives state funds for security projects must enter into a joint-participation agreement with the appropriate state entity and must use the seaport security plan developed pursuant to this section as the basis for the agreement. If funds are made available over more than one fiscal year, such agreement must reflect the entire scope of the project approved in the security plan and, as practicable, allow for reimbursement for authorized projects over more than 1 year. The joint-participation agreement may include specific time-frames for completion of a security project and the applicable funding reimbursement dates. The joint-participation agreement may also require a contractual penalty, not to exceed \$1,000 per day, to be imposed for failure to meet project completion dates provided state funding is available. Any such penalty shall be deposited into the State Transportation Trust Fund to be used for seaport security operations and capital improvements.

Section 2. This act shall take effect upon becoming a law.

Section 71. Section 718.1255, Florida Statutes, is amended to read:

718.1255 Alternative dispute resolution; ~~voluntary mediation~~; mandatory nonbinding arbitration *and mediation*; local resolution; exemptions; legislative findings.—

(1) ~~APPLICABILITY DEFINITIONS.~~—

(a) ~~The provisions of subsection (3) apply to~~ *As used in this section, the term “dispute” means any disagreement between two or more parties that involves:*

~~(a) The authority of the board of directors, under this chapter or association document to:~~

~~1. Require any owner to take any action, or not to take any action, involving that owner’s unit or the appurtenances thereto.~~

~~2. Alter or add to a common area or element.~~

~~(b) the failure of a governing body, when required by this chapter or an association document, to:~~

~~1. properly conduct elections or to recall a board member.~~

~~(b) The provisions of paragraph (3)(f)-(n) apply to any disagreement between two or more parties that involves:~~

~~1. The authority of the board of directors, under this chapter or an association document, to:~~

~~a. Require any owner to take any action, or not to take any action, involving that owner’s unit or the appurtenances thereto; or~~

~~b. Alter or add to a common area or element.~~

~~2. The failure of a governing body, when required by this chapter or an association document, to:~~

~~a.2. Give adequate notice of meetings or other actions; or~~

~~b.3. Properly conduct meetings; or~~

~~c.4. Allow inspection of books and records.~~

~~“Dispute” does not include any disagreement that primarily involves: title to any unit or common element; the interpretation or enforcement of any warranty; the levy of a fee or assessment, or the collection of an assessment levied against a party; the eviction or other removal of a tenant from a unit; alleged breaches of fiduciary duty by one or more directors; or claims for damages to a unit based upon the alleged failure of the association to maintain the common elements or condominium property.~~

~~(2) VOLUNTARY MEDIATION.—Voluntary mediation through Citizen Dispute Settlement Centers as provided for in s. 44.201 is encouraged.~~

(2)(3) LEGISLATIVE FINDINGS.—

(a) The Legislature finds that unit owners are frequently at a disadvantage when litigating against an association. Specifically, a condominium association, with its statutory assessment authority, is often more able to bear the costs and expenses of litigation than the unit owner who must rely on his or her own financial resources to satisfy the costs of litigation against the association.

(b) The Legislature finds that the courts are becoming overcrowded with condominium and other disputes, and further finds that alternative dispute resolution has been making progress in reducing court dockets and trials and in offering a more efficient, cost-effective option to court litigation. However, the Legislature also finds that alternative dispute resolution should not be used as a mechanism to encourage the filing of frivolous or nuisance suits.

(c) There exists a need to develop a flexible means of alternative dispute resolution that directs disputes to the most efficient means of resolution.

(d) The high cost and significant delay of circuit court litigation faced by unit owners in the state can be alleviated by requiring nonbinding arbitration and mediation in appropriate cases, thereby reducing delay and attorney’s fees while preserving the right of either party to have its case heard by a jury, if applicable, in a court of law.

(3)(4) MANDATORY NONBINDING ARBITRATION AND MEDIATION OF DISPUTES.—The division of Florida Land Sales, Condominiums, and Mobile Homes of the Department of Business and Professional Regulation shall provide ~~employ full-time attorneys to act as arbitrators to conduct the arbitration hearings as required provided by this chapter.~~ *The department may employ attorneys to act as arbitrators, and the division may also certify attorneys who are not employed by the division to act as arbitrators to conduct the arbitration hearings provided by this chapter section.* No person may be employed by the department as ~~an a full-time arbitrator unless he or she is a member in good standing of The Florida Bar.~~ *an a full-time arbitrator unless he or she is a member in good standing of The Florida Bar.* The department shall promulgate rules of procedure to govern such arbitration hearings including mediation incident thereto. The decision of an arbitrator shall be final; however, such a decision shall not be deemed final agency action. Nothing in this provision shall be construed to foreclose parties from proceeding in a trial de novo unless the parties have agreed that the arbitration is binding. If such judicial proceedings are initiated, the final decision of the arbitrator shall be admissible in evidence in the trial de novo.

(a) Prior to the institution of court litigation, a party to a dispute shall petition the division for nonbinding arbitration. The petition must be accompanied by a filing fee in the amount of \$50. Filing fees collected under this section must be used to defray the expenses of the alternative dispute resolution program.

(b) The petition must recite, and have attached thereto, supporting proof that the petitioner gave the respondents:

1. Advance written notice of the specific nature of the dispute;
2. A demand for relief, and a reasonable opportunity to comply or to provide the relief; and
3. Notice of the intention to file an arbitration petition or other legal action in the absence of a resolution of the dispute.

Failure to include the allegations or proof of compliance with these prerequisites requires dismissal of the petition without prejudice.

(c) Upon receipt, the petition shall be promptly reviewed by the division to determine the existence of a dispute and compliance with the requirements of paragraphs (a) and (b). If emergency relief is required and is not available through arbitration, a motion to stay the arbitration may be filed. The motion must be accompanied by a verified petition alleging facts that, if proven, would support entry of a temporary injunction, and if an appropriate motion and supporting papers are filed, the division may abate the arbitration pending a court hearing and disposition of a motion for temporary injunction.

(d) Upon determination by the division that a dispute exists and that the petition substantially meets the requirements of paragraphs (a) and (b) and any other applicable rules, a copy of the petition shall forthwith be served by the division upon all respondents.

(e) Either before or after the filing of the respondents’ answer to the petition, any party may request that the arbitrator refer the case to mediation under this section and any rules adopted by the division. Upon receipt of a request for mediation, the division shall promptly contact the parties to determine if there is agreement that mediation would be appropriate. If all parties agree, the dispute must be referred to mediation. Notwithstanding a lack of an agreement by all parties, the arbitrator may refer a dispute to mediation at any time.

(f) ~~The arbitrator or the division may refer the parties to a Citizens Dispute Settlement Center under s. 44.201 in the county in which the dispute arose.~~ *Upon referral of a case to mediation, or the parties may agree on* ~~must select~~ *a mutually acceptable mediator. To assist in the selection, the arbitrator shall provide the parties with a list of both volunteer and paid mediators that have been certified by the division*

under s. 718.501. If the parties are unable to agree on a mediator within the time allowed by the arbitrator *or the division*, the arbitrator *or the division* shall appoint a mediator from the list of certified mediators. If a case is referred to mediation, the parties shall attend a mediation conference, as scheduled by the parties and the mediator. If any party fails to attend a duly noticed mediation conference, without the permission or approval of the arbitrator or mediator, the arbitrator *or the division may* ~~must~~ impose sanctions against the party, including the striking of any pleadings filed, the entry of an order of dismissal or default if appropriate, and the award of costs and attorneys' fees incurred by the other parties. Unless otherwise agreed to by the parties or as provided by order of the arbitrator, a party is deemed to have appeared at a mediation conference by the physical presence of the party or its representative having full authority to settle without further consultation, provided that an association may comply by having one or more representatives present with full authority to negotiate a settlement and recommend that the board of administration ratify and approve such a settlement within 5 days from the date of the mediation conference. *The mediator or Citizens Dispute Settlement Center may charge fees for handling these cases.* The parties shall share equally the expense of mediation, unless they agree otherwise.

(g) The purpose of mediation as provided for by this section is to present the parties with an opportunity to resolve the underlying dispute ~~in good faith, and~~ with a minimum expenditure of time and resources.

(h) Mediation proceedings must generally be conducted in accordance with the Florida Rules of Civil Procedure, and these proceedings are privileged and confidential to the same extent as court-ordered mediation. Persons who are not parties to the dispute are not allowed to attend the mediation conference without the consent of all parties, with the exception of counsel for the parties and corporate representatives designated to appear for a party. ~~If the case was referred to mediation by an arbitrator and the mediator declares an impasse after a mediation conference ends in an impasse has been held,~~ the arbitration proceeding terminates, unless all parties agree in writing to continue the arbitration proceeding, in which case the arbitrator's decision shall be either binding or nonbinding, as agreed upon by the parties; in the arbitration proceeding, the arbitrator shall not consider any evidence relating to the unsuccessful mediation except in a proceeding to impose sanctions for failure to appear at the mediation conference. If the parties do not agree to continue arbitration, the arbitrator shall enter an order of dismissal, and either party may institute a suit in a court of competent jurisdiction. ~~If the case was referred to mediation by the division and ends in an impasse, either party may institute a suit in a court of competent jurisdiction.~~ The parties may seek to recover any costs and attorneys' fees incurred in connection with arbitration and mediation proceedings under this section as part of the costs and fees that may be recovered by the prevailing party in any subsequent litigation.

(i) Arbitration shall be conducted according to rules promulgated by the division. The filing of a petition for arbitration shall toll the applicable statute of limitations.

(j) At the request of any party to the arbitration, such arbitrator shall issue subpoenas for the attendance of witnesses and the production of books, records, documents, and other evidence and any party on whose behalf a subpoena is issued may apply to the court for orders compelling such attendance and production. Subpoenas shall be served and shall be enforceable in the manner provided by the Florida Rules of Civil Procedure. Discovery may, in the discretion of the arbitrator, be permitted in the manner provided by the Florida Rules of Civil Procedure. Rules adopted by the division may authorize any reasonable sanctions except contempt for a violation of the arbitration procedural rules of the division or for the failure of a party to comply with a reasonable nonfinal order issued by an arbitrator which is not under judicial review.

(k) The arbitration decision shall be presented to the parties in writing. An arbitration decision is final in those disputes in which the parties have agreed to be bound. An arbitration decision is also final if a complaint for a trial de novo is not filed in a court of competent jurisdiction in which the condominium is located within 30 days. The right to file for a trial de novo entitles the parties to file a complaint in the appropriate trial court for a judicial resolution of the dispute. The prevailing party in an arbitration proceeding shall be awarded the costs of the arbitration and reasonable attorney's fees in an amount determined by the arbitrator. Such an award shall include the costs and reasonable attorney's fees

incurred in the arbitration proceeding as well as the costs and reasonable attorney's fees incurred in preparing for and attending any scheduled mediation.

(l) The party who files a complaint for a trial de novo shall be assessed the other party's arbitration costs, court costs, and other reasonable costs, including attorney's fees, investigation expenses, and expenses for expert or other testimony or evidence incurred after the arbitration hearing if the judgment upon the trial de novo is not more favorable than the arbitration decision. If the judgment is more favorable, the party who filed a complaint for trial de novo shall be awarded reasonable court costs and attorney's fees.

(m) Any party to an arbitration proceeding may enforce an arbitration award by filing a petition in a court of competent jurisdiction in which the condominium is located. A petition may not be granted unless the time for appeal by the filing of a complaint for trial de novo has expired. If a complaint for a trial de novo has been filed, a petition may not be granted with respect to an arbitration award that has been stayed. If the petition for enforcement is granted, the petitioner shall recover reasonable attorney's fees and costs incurred in enforcing the arbitration award. A mediation settlement may also be enforced through the county or circuit court, as applicable, *by the filing of a court case.* ~~and~~ Any costs and fees incurred in the enforcement of a settlement agreement reached at mediation must be awarded to the prevailing party in any enforcement action.

(n) *In the resolution of these cases on the local level, past precedent of prior division arbitration decisions shall be considered and followed where appropriate.*

(4) **EXEMPTIONS.**—*A dispute is not subject to resolution under this section if it includes any disagreement that primarily involves:*

- (a) *Title to any unit or common element;*
- (b) *The interpretation or enforcement of any warranty;*
- (c) *The levy of a fee or assessment or the collection of an assessment levied against a party;*
- (d) *The eviction or other removal of a tenant from a unit;*
- (e) *Alleged breaches of fiduciary duty by one or more directors; or*
- (f) *Claims for damages to a unit based upon the alleged failure of the association to maintain the common elements or condominium property.*

(5) **DISPUTES INVOLVING ELECTION IRREGULARITIES.**—*Every arbitration petition received by the division and required to be filed under this section challenging the legality of the election of any director of the board of administration shall be handled on an expedited basis in the manner provided by division rules for recall arbitration disputes.*

Section 72. *The Division of Condominiums, Timeshare, and Mobile Homes of the Department of Business and Professional Regulation shall continue the arbitration of any cases which qualified for arbitration on the date the case was filed with the division and which were filed with the division prior to the date on which this act becomes law.*

Section 73. *There is appropriated 1 FTE and \$440,626 from the Division of Condominiums, Timeshare, and Mobile Homes Trust Fund to the Department of Business and Professional Regulation for the purpose of investigating and resolving disputes and dealing with compliance issues relating to condominiums and cooperatives. This appropriation shall not take effect if a similar amount of funding is included in the various appropriations for compliance and enforcement in the Florida Condominiums, Timeshare, and Mobile Homes program in the fiscal year 2001-2002 General Appropriations Act.*

Section 74. Section 718.501, Florida Statutes, is amended to read:

718.501 Powers and duties of Division of ~~Florida Land Sales~~, Condominiums, Timeshare, and Mobile Homes.—

(b) The division may require or permit any person to file a statement in writing, under oath or otherwise, as the division determines, as to the facts and circumstances concerning a matter to be investigated.

(c) For the purpose of any investigation under this chapter, the division director or any officer or employee designated by the division director may administer oaths or affirmations, subpoena witnesses and compel their attendance, take evidence, and require the production of any matter which is relevant to the investigation, including the existence, description, nature, custody, condition, and location of any books, documents, or other tangible things and the identity and location of persons having knowledge of relevant facts or any other matter reasonably calculated to lead to the discovery of material evidence. Upon the failure by a person to obey a subpoena or to answer questions propounded by the investigating officer and upon reasonable notice to all persons affected thereby, the division may apply to the circuit court for an order compelling compliance.

(d) Notwithstanding any remedies available to unit owners and associations, if the division has reasonable cause to believe that a violation of any provision of this chapter or rule promulgated pursuant hereto has occurred, the division may institute enforcement proceedings in its own name against any developer, association, officer, or member of the board of administration, or its assignees or agents, as follows:

1. The division may permit a person whose conduct or actions may be under investigation to waive formal proceedings and enter into a consent proceeding whereby orders, rules, or letters of censure or warning, whether formal or informal, may be entered against the person.

2. The division may issue an order requiring the developer, association, officer, or member of the board of administration, or its assignees or agents, to cease and desist from the unlawful practice and take such affirmative action as in the judgment of the division will carry out the purposes of this chapter. Such affirmative action may include, but is not limited to, an order requiring a developer to pay moneys determined to be owed to a condominium association.

3. The division may bring an action in circuit court on behalf of a class of unit owners, lessees, or purchasers for declaratory relief, injunctive relief, or restitution.

4. The division may impose a civil penalty against a developer or association, or its assignee or agent, for any violation of this chapter or a rule promulgated pursuant hereto. The division may impose a civil penalty individually against any officer or board member who willfully and knowingly violates a provision of this chapter, a rule adopted pursuant hereto, or a final order of the division. The term "willfully and knowingly" means that the division informed the officer or board member that his or her action or intended action violates this chapter, a rule adopted under this chapter, or a final order of the division and that the officer or board member refused to comply with the requirements of this chapter, a rule adopted under this chapter, or a final order of the division. The division, prior to initiating formal agency action under chapter 120, shall afford the officer or board member an opportunity to voluntarily comply with this chapter, a rule adopted under this chapter, or a final order of the division. An officer or board member who complies within 10 days is not subject to a civil penalty. A penalty may be imposed on the basis of each day of continuing violation, but in no event shall the penalty for any offense exceed \$5,000. By January 1, 1998, the division shall adopt, by rule, penalty guidelines applicable to possible violations or to categories of violations of this chapter or rules adopted by the division. The guidelines must specify a meaningful range of civil penalties for each such violation of the statute and rules and must be based upon the harm caused by the violation, the repetition of the violation, and upon such other factors deemed relevant by the division. For example, the

division may consider whether the violations were committed by a developer or owner-controlled association, the size of the association, and other factors. The guidelines must designate the possible mitigating or aggravating circumstances that justify a departure from the range of penalties provided by the rules. It is the legislative intent that minor violations be distinguished from those which endanger the health, safety, or welfare of the condominium residents or other persons and that such guidelines provide reasonable and meaningful notice to the public of likely penalties that may be imposed for proscribed conduct. This subsection does not limit the ability of the division to informally dispose of administrative actions or complaints by stipulation, agreed settlement, or consent order. All amounts collected shall be deposited with the Treasurer to the credit of the Division of Florida Land Sales, Condominiums, *Timeshare*, and Mobile Homes Trust Fund. If a developer fails to pay the civil penalty, the division shall thereupon issue an order directing that such developer cease and desist from further operation until such time as the civil penalty is paid or may pursue enforcement of the penalty in a court of competent jurisdiction. If an association fails to pay the civil penalty, the division shall thereupon pursue enforcement in a court of competent jurisdiction, and the order imposing the civil penalty or the cease and desist order will not become effective until 20 days after the date of such order. Any action commenced by the division shall be brought in the county in which the division has its executive offices or in the county where the violation occurred.

(e) The division is authorized to prepare and disseminate a prospectus and other information to assist prospective owners, purchasers, lessees, and developers of residential condominiums in assessing the rights, privileges, and duties pertaining thereto.

(f) The division has authority to adopt rules pursuant to ss. 120.536(1) and 120.54 to implement and enforce the provisions of this chapter.

(g) The division shall establish procedures for providing notice to an association when the division is considering the issuance of a declaratory statement with respect to the declaration of condominium or any related document governing in such condominium community.

(h) The division shall furnish each association which pays the fees required by paragraph (2)(a) a copy of this act, subsequent changes to this act on an annual basis, an amended version of this act as it becomes available from the Secretary of State's office on a biennial basis, and the rules promulgated pursuant thereto on an annual basis.

(i) The division shall annually provide each association with a summary of declaratory statements and formal legal opinions relating to the operations of condominiums which were rendered by the division during the previous year.

(j) The division shall provide training programs for condominium association board members and unit owners.

(k) The division shall maintain a toll-free telephone number accessible to condominium unit owners.

(l) The division shall develop a program to certify both volunteer and paid mediators to provide mediation of condominium disputes. The division shall provide, upon request, a list of such mediators to any association, unit owner, or other participant in arbitration proceedings under s. 718.1255 requesting a copy of the list. The division shall include on the list of volunteer mediators only the names of persons who have received at least 20 hours of training in mediation techniques or who have mediated at least 20 disputes. In order to become initially certified by the division, paid mediators must be certified by the Supreme Court to mediate court cases in either county or circuit courts. However, the division may adopt, by rule, additional factors for the certification of paid mediators, which factors must be related to experience, education, or background. Any person initially certified as a paid mediator by the division must, in order to continue to be certified, comply with the factors or requirements imposed by rules adopted by the division.

(m) When a complaint is made, the division shall conduct its inquiry with due regard to the interests of the affected parties. Within 30 days after receipt of a complaint, the division shall acknowledge the complaint in writing and notify the complainant whether the complaint is within the jurisdiction of the division and whether additional information is needed by the division from the complainant. The division shall conduct its investigation and shall, within 90 days after receipt of the

original complaint or of timely requested additional information, take action upon the complaint. However, the failure to complete the investigation within 90 days does not prevent the division from continuing the investigation, accepting or considering evidence obtained or received after 90 days, or taking administrative action if reasonable cause exists to believe that a violation of this chapter or a rule of the division has occurred. If an investigation is not completed within the time limits established in this paragraph, the division shall, on a monthly basis, notify the complainant in writing of the status of the investigation. When reporting its action to the complainant, the division shall inform the complainant of any right to a hearing pursuant to ss. 120.569 and 120.57.

(2)(a) Effective January 1, 1992, each condominium association which operates more than two units shall pay to the division an annual fee in the amount of \$4 for each residential unit in condominiums operated by the association. If the fee is not paid by March 1, then the association shall be assessed a penalty of 10 percent of the amount due, and the association will not have standing to maintain or defend any action in the courts of this state until the amount due, plus any penalty, is paid.

(b) All fees shall be deposited in the Division of ~~Florida Land Sales, Condominiums, Timeshare, and Mobile Homes~~ Trust Fund as provided by law.

Section 75. Paragraph (a) of subsection (2) of section 718.502, Florida Statutes, is amended to read:

718.502 Filing prior to sale or lease.—

(2)(a) Prior to filing as required by subsection (1), and prior to acquiring an ownership, leasehold, or contractual interest in the land upon which the condominium is to be developed, a developer shall not offer a contract for purchase of a unit or lease of a unit for more than 5 years. However, the developer may accept deposits for reservations upon the approval of a fully executed escrow agreement and reservation agreement form properly filed with the division of ~~Florida Land Sales, Condominiums, and Mobile Homes~~. Each filing of a proposed reservation program shall be accompanied by a filing fee of \$250. Reservations shall not be taken on a proposed condominium unless the developer has an ownership, leasehold, or contractual interest in the land upon which the condominium is to be developed. The division shall notify the developer within 20 days of receipt of the reservation filing of any deficiencies contained therein. Such notification shall not preclude the determination of reservation filing deficiencies at a later date, nor shall it relieve the developer of any responsibility under the law. The escrow agreement and the reservation agreement form shall include a statement of the right of the prospective purchaser to an immediate unqualified refund of the reservation deposit moneys upon written request to the escrow agent by the prospective purchaser or the developer.

In addition to the prospectus or offering circular, each buyer shall be furnished a separate page entitled "Frequently Asked Questions and Answers," which shall be in accordance with a format approved by the division and a copy of the financial information required by s. 718.111. \$100,000; and which shall further state whether membership in a recreational facilities association is mandatory, and if so, shall identify the fees currently charged per unit type. (2)(a) Each notice of intended conversion shall be dated and in writing. The notice shall contain the following statement, with the phrases of the following statement which appear in upper case printed in conspicuous type:

These apartments are being converted to condominium by (name of developer), the developer.

1. YOU MAY REMAIN AS A RESIDENT UNTIL THE EXPIRATION OF YOUR RENTAL AGREEMENT. FURTHER, YOU MAY EXTEND YOUR RENTAL AGREEMENT AS FOLLOWS:

a. If you have continuously been a resident of these apartments during the last 180 days and your rental agreement expires during the next 270 days, you may extend your rental agreement for up to 270 days after the date of this notice.

b. If you have not been a continuous resident of these apartments for the last 180 days and your rental agreement expires during the next 180 days, you may extend your rental agreement for up to 180 days after the date of this notice.

c. IN ORDER FOR YOU TO EXTEND YOUR RENTAL AGREEMENT, YOU MUST GIVE THE DEVELOPER WRITTEN NOTICE WITHIN 45 DAYS AFTER THE DATE OF THIS NOTICE.

2. IF YOUR RENTAL AGREEMENT EXPIRES IN THE NEXT 45 DAYS, you may extend your rental agreement for up to 45 days after the date of this notice while you decide whether to extend your rental agreement as explained above. To do so, you must notify the developer in writing. You will then have the full 45 days to decide whether to extend your rental agreement as explained above.

3. During the extension of your rental agreement you will be charged the same rent that you are now paying.

4. YOU MAY CANCEL YOUR RENTAL AGREEMENT AND ANY EXTENSION OF THE RENTAL AGREEMENT AS FOLLOWS:

a. If your rental agreement began or was extended or renewed after May 1, 1980, and your rental agreement, including extensions and renewals, has an unexpired term of 180 days or less, you may cancel your rental agreement upon 30 days' written notice and move. Also, upon 30 days' written notice, you may cancel any extension of the rental agreement.

719.103 Definitions.—As used in this chapter:

(17) "Division" means the Division of ~~Florida Land Sales, Condominiums, Timeshare, and Mobile Homes~~ of the Department of Business and Professional Regulation.

Section 81. Section 719.1255, Florida Statutes, is amended to read:

719.1255 Alternative resolution of disputes.—~~The division of Florida Land Sales, Condominiums, and Mobile Homes of the Department of Business and Professional Regulation shall provide for alternative dispute resolution in accordance with s. 718.1255.~~

Section 82. Section 719.501, Florida Statutes, is amended to read:

719.501 Powers and duties of Division of ~~Florida Land Sales, Condominiums, Timeshare, and Mobile Homes~~.—

(1) The Division of ~~Florida Land Sales, Condominiums, Timeshare, and Mobile Homes~~ of the Department of Business and Professional Regulation, referred to as the "division" in this part, in addition to other powers and duties prescribed by chapter 498, has the power to enforce and ensure compliance with the provisions of this chapter and rules ~~adopted~~ promulgated pursuant hereto relating to the development, construction, sale, lease, ownership, operation, and management of residential cooperative units. In performing its duties, the division shall have the following powers and duties:

(a) The division may make necessary public or private investigations within or outside this state to determine whether any person has violated this chapter or any rule or order hereunder, to aid in the enforcement of this chapter, or to aid in the adoption of rules or forms hereunder.

(b) The division may require or permit any person to file a statement in writing, under oath or otherwise, as the division determines, as to the facts and circumstances concerning a matter to be investigated.

(c) For the purpose of any investigation under this chapter, the division director or any officer or employee designated by the division director may administer oaths or affirmations, subpoena witnesses and compel their attendance, take evidence, and require the production of any matter which is relevant to the investigation, including the existence, description, nature, custody, condition, and location of any books, documents, or other tangible things and the identity and location of persons having knowledge of relevant facts or any other matter reasonably calculated to lead to the discovery of material evidence. Upon failure by a person to obey a subpoena or to answer questions propounded by the investigating officer and upon reasonable notice to all persons affected thereby, the division may apply to the circuit court for an order compelling compliance.

(d) Notwithstanding any remedies available to unit owners and associations, if the division has reasonable cause to believe that a violation

of any provision of this chapter or rule promulgated pursuant hereto has occurred, the division may institute enforcement proceedings in its own name against a developer, association, officer, or member of the board, or its assignees or agents, as follows:

1. The division may permit a person whose conduct or actions may be under investigation to waive formal proceedings and enter into a consent proceeding whereby orders, rules, or letters of censure or warning, whether formal or informal, may be entered against the person.

2. The division may issue an order requiring the developer, association, officer, or member of the board, or its assignees or agents, to cease and desist from the unlawful practice and take such affirmative action as in the judgment of the division will carry out the purposes of this chapter. Such affirmative action may include, but is not limited to, an order requiring a developer to pay moneys determined to be owed to a condominium association.

3. The division may bring an action in circuit court on behalf of a class of unit owners, lessees, or purchasers for declaratory relief, injunctive relief, or restitution.

4. The division may impose a civil penalty against a developer or association, or its assignees or agents, for any violation of this chapter or a rule promulgated pursuant hereto. The division may impose a civil penalty individually against any officer or board member who willfully and knowingly violates a provision of this chapter, a rule adopted pursuant to this chapter, or a final order of the division. The term "willfully and knowingly" means that the division informed the officer or board member that his or her action or intended action violates this chapter, a rule adopted under this chapter, or a final order of the division, and that the officer or board member refused to comply with the requirements of this chapter, a rule adopted under this chapter, or a final order of the division. The division, prior to initiating formal agency action under chapter 120, shall afford the officer or board member an opportunity to voluntarily comply with this chapter, a rule adopted under this chapter, or a final order of the division. An officer or board member who complies within 10 days is not subject to a civil penalty. A penalty may be imposed on the basis of each day of continuing violation, but in no event shall the penalty for any offense exceed \$5,000. By January 1, 1998, the division shall adopt, by rule, penalty guidelines applicable to possible violations or to categories of violations of this chapter or rules adopted by the division. The guidelines must specify a meaningful range of civil penalties for each such violation of the statute and rules and must be based upon the harm caused by the violation, the repetition of the violation, and upon such other factors deemed relevant by the division. For example, the division may consider whether the violations were committed by a developer or owner-controlled association, the size of the association, and other factors. The guidelines must designate the possible mitigating or aggravating circumstances that justify a departure from the range of penalties provided by the rules. It is the legislative intent that minor violations be distinguished from those which endanger the health, safety, or welfare of the cooperative residents or other persons and that such guidelines provide reasonable and meaningful notice to the public of likely penalties that may be imposed for proscribed conduct. This subsection does not limit the ability of the division to informally dispose of administrative actions or complaints by stipulation, agreed settlement, or consent order. All amounts collected shall be deposited with the Treasurer to the credit of the Division of ~~Florida Land Sales~~, Condominiums, *Timeshare*, and Mobile Homes Trust Fund. If a developer fails to pay the civil penalty, the division shall thereupon issue an order directing that such developer cease and desist from further operation until such time as the civil penalty is paid or may pursue enforcement of the penalty in a court of competent jurisdiction. If an association fails to pay the civil penalty, the division shall thereupon pursue enforcement in a court of competent jurisdiction, and the order imposing the civil penalty or the cease and desist order shall not become effective until 20 days after the date of such order. Any action commenced by the division shall be brought in the county in which the division has its executive offices or in the county where the violation occurred.

(e) The division is authorized to prepare and disseminate a prospectus and other information to assist prospective owners, purchasers, lessees, and developers of residential cooperatives in assessing the rights, privileges, and duties pertaining thereto.

(f) The division has authority to adopt rules pursuant to ss. 120.536(1) and 120.54 to implement and enforce the provisions of this chapter.

(g) The division shall establish procedures for providing notice to an association when the division is considering the issuance of a declaratory statement with respect to the cooperative documents governing such cooperative community.

(h) The division shall furnish each association which pays the fees required by paragraph (2)(a) a copy of this act, subsequent changes to this act on an annual basis, an amended version of this act as it becomes available from the Secretary of State's office on a biennial basis, and the rules promulgated pursuant thereto on an annual basis.

(i) The division shall annually provide each association with a summary of declaratory statements and formal legal opinions relating to the operations of cooperatives which were rendered by the division during the previous year.

(j) The division shall adopt uniform accounting principles, policies, and standards to be used by all associations in the preparation and presentation of all financial statements required by this chapter. The principles, policies, and standards shall take into consideration the size of the association and the total revenue collected by the association.

(k) The division shall provide training programs for cooperative association board members and unit owners.

(l) The division shall maintain a toll-free telephone number accessible to cooperative unit owners.

(m) When a complaint is made to the division, the division shall conduct its inquiry with reasonable dispatch and with due regard to the interests of the affected parties. Within 30 days after receipt of a complaint, the division shall acknowledge the complaint in writing and notify the complainant whether the complaint is within the jurisdiction of the division and whether additional information is needed by the division from the complainant. The division shall conduct its investigation and shall, within 90 days after receipt of the original complaint or timely requested additional information, take action upon the complaint. However, the failure to complete the investigation within 90 days does not prevent the division from continuing the investigation, accepting or considering evidence obtained or received after 90 days, or taking administrative action if reasonable cause exists to believe that a violation of this chapter or a rule of the division has occurred. If an investigation is not completed within the time limits established in this paragraph, the division shall, on a monthly basis, notify the complainant in writing of the status of the investigation. When reporting its action to the complainant, the division shall inform the complainant of any right to a hearing pursuant to ss. 120.569 and 120.57.

(n) The division shall develop a program to certify both volunteer and paid mediators to provide mediation of cooperative disputes. The division shall provide, upon request, a list of such mediators to any association, unit owner, or other participant in arbitration proceedings under s. 718.1255 requesting a copy of the list. The division shall include on the list of voluntary mediators only persons who have received at least 20 hours of training in mediation techniques or have mediated at least 20 disputes. In order to become initially certified by the division, paid mediators must be certified by the Supreme Court to mediate court cases in either county or circuit courts. However, the division may adopt, by rule, additional factors for the certification of paid mediators, which factors must be related to experience, education, or background. Any person initially certified as a paid mediator by the division must, in order to continue to be certified, comply with the factors or requirements imposed by rules adopted by the division.

(2)(a) Each cooperative association shall pay to the division, on or before January 1 of each year, an annual fee in the amount of \$4 for each residential unit in cooperatives operated by the association. If the fee is not paid by March 1, then the association shall be assessed a penalty of 10 percent of the amount due, and the association shall not have the standing to maintain or defend any action in the courts of this state until the amount due is paid.

(b) All fees shall be deposited in the Division of ~~Florida Land Sales~~, Condominiums, *Timeshare*, and Mobile Homes Trust Fund as provided by law.

Section 83. Paragraph (a) of subsection (2) of section 719.502, Florida Statutes, is amended to read:

719.502 Filing prior to sale or lease.—

(2)(a) Prior to filing as required by subsection (1), and prior to acquiring an ownership, leasehold, or contractual interest in the land upon which the cooperative is to be developed, a developer shall not offer a contract for purchase or lease of a unit for more than 5 years. However, the developer may accept deposits for reservations upon the approval of a fully executed escrow agreement and reservation agreement form properly filed with the division of ~~Florida Land Sales, Condominiums, and Mobile Homes~~. Each filing of a proposed reservation program shall be accompanied by a filing fee of \$250. Reservations shall not be taken on a proposed cooperative unless the developer has an ownership, leasehold, or contractual interest in the land upon which the cooperative is to be developed. The division shall notify the developer within 20 days of receipt of the reservation filing of any deficiencies contained therein. Such notification shall not preclude the determination of reservation filing deficiencies at a later date, nor shall it relieve the developer of any responsibility under the law. The escrow agreement and the reservation agreement form shall include a statement of the right of the prospective purchaser to an immediate unqualified refund of the reservation deposit moneys upon written request to the escrow agent by the prospective purchaser or the developer.

Section 84. Section 719.504, Florida Statutes, is amended to read:

These apartments are being converted to cooperative by (name of developer), the developer.

1. YOU MAY REMAIN AS A RESIDENT UNTIL THE EXPIRATION OF YOUR RENTAL AGREEMENT. FURTHER, YOU MAY EXTEND YOUR RENTAL AGREEMENT AS FOLLOWS:

a. If you have continuously been a resident of these apartments during the last 180 days and your rental agreement expires during the next 270 days, you may extend your rental agreement for up to 270 days after the date of this notice.

b. If you have not been a continuous resident of these apartments for the last 180 days and your rental agreement expires during the next 180 days, you may extend your rental agreement for up to 180 days after the date of this notice.

c. IN ORDER FOR YOU TO EXTEND YOUR RENTAL AGREEMENT, YOU MUST GIVE THE DEVELOPER WRITTEN NOTICE WITHIN 45 DAYS AFTER THE DATE OF THIS NOTICE.

2. IF YOUR RENTAL AGREEMENT EXPIRES IN THE NEXT 45 DAYS, you may extend your rental agreement for up to 45 days after the date of this notice while you decide whether to extend your rental agreement as explained above. To do so, you must notify the developer in writing. You will then have the full 45 days to decide whether to extend your rental agreement as explained above.

3. During the extension of your rental agreement you will be charged the same rent that you are now paying.

4. YOU MAY CANCEL YOUR RENTAL AGREEMENT AND ANY EXTENSION OF THE RENTAL AGREEMENT AS FOLLOWS:

a. If your rental agreement began or was extended or renewed after May 1, 1980, and your rental agreement, including extensions and renewals, has an unexpired term of 180 days or less, you may cancel your rental agreement upon 30 days' written notice and move. extension of the rental agreement ends or when you waive this right in writing.

b. Within 90 days you will be provided purchase information relating to your apartment, including the price of your unit and the condition of the building. If you do not receive this information within 90 days, your rental agreement and any extension will be extended 1 day for each day over 90 days until you are given the purchase information. 7. If you have any questions regarding this conversion or the Cooperative Act, you may contact the developer or the state agency which regulates cooperatives: The Division of ~~Florida Land Sales~~, Condominiums, *Timeshare*, and Mobile Homes, (Tallahassee address and telephone number of division).

Section 87. Subsection (10) of section 721.05, Florida Statutes, is amended to read:

721.05 Definitions.—As used in this chapter, the term:

(10) “Division” means the Division of ~~Florida Land Sales~~, Condominiums, *Timeshare*, and Mobile Homes of the Department of Business and Professional Regulation.

Section 88. Paragraph (d) of subsection (2) of section 721.07, Florida Statutes, is amended to read:

721.07 Public offering statement.—Prior to offering any timeshare plan, the developer must submit a registered public offering statement to the division for approval as prescribed by s. 721.03, s. 721.55, or this section. Until the division approves such filing, any contract regarding the sale of that timeshare plan is voidable by the purchaser.

(2)

(d) A developer shall have the authority to deliver to purchasers any purchaser public offering statement that is not yet approved by the division, provided that the following shall apply:

1. At the time the developer delivers an unapproved purchaser public offering statement to a purchaser pursuant to this paragraph, the developer shall deliver a fully completed and executed copy of the purchase contract required by s. 721.06 that contains the following statement in conspicuous type in substantially the following form which shall replace the statements required by s. 721.06(1)(g):

The developer is delivering to you a public offering statement that has been filed with but not yet approved by the Division of ~~Florida Land Sales~~, Condominiums, *Timeshare*, and Mobile Homes. Any revisions to the unapproved public offering statement you have received must be delivered to you, but only if the revisions materially alter or modify the offering in a manner adverse to you. After the division approves the public offering statement, you will receive notice of the approval from the developer and the required revisions, if any.

Your statutory right to cancel this transaction without any penalty or obligation expires 10 calendar days after the date you signed your purchase contract or 10 calendar days after you receive revisions required to be delivered to you, if any, whichever is later.

2. After receipt of approval from the division and prior to closing, if any revisions made to the documents contained in the purchaser public offering statement materially alter or modify the offering in a manner adverse to a purchaser, the developer shall send the purchaser such revisions together with a notice containing a statement in conspicuous type in substantially the following form:

The unapproved public offering statement previously delivered to you, together with the enclosed revisions, has been approved by the Division of ~~Florida Land Sales~~, Condominiums, *Timeshare*, and Mobile Homes. Accordingly, your cancellation right expires 10 calendar days after you sign your purchase contract or 10 calendar days after you receive these revisions, whichever is later. If you have any questions regarding your cancellation rights, you may contact the division at [insert division’s current address].

3. After receipt of approval from the division and prior to closing, if no revisions have been made to the documents contained in the unapproved purchaser public offering statement, or if such revisions do not

materially alter or modify the offering in a manner adverse to a purchaser, the developer shall send the purchaser a notice containing a statement in conspicuous type in substantially the following form:

The unapproved public offering statement previously delivered to you has been approved by the Division of ~~Florida Land Sales~~, Condominiums, *Timeshare*, and Mobile Homes. Revisions made to the unapproved public offering statement, if any, are either not required to be delivered to you or are not deemed by the developer, in its opinion, to materially alter or modify the offering in a manner that is adverse to you. Accordingly, your cancellation right expired 10 days after you signed your purchase contract. A complete copy of the approved public offering statement is available through the managing entity for inspection as part of the books and records of the plan. If you have any questions regarding your cancellation rights, you may contact the division at [insert division’s current address].

Section 89. Subsection (8) of section 721.08, Florida Statutes, is amended to read:

721.08 Escrow accounts; nondisturbance instruments; alternate security arrangements; transfer of legal title.—

(8) An escrow agent holding escrowed funds pursuant to this chapter that have not been claimed for a period of 5 years after the date of deposit shall make at least one reasonable attempt to deliver such unclaimed funds to the purchaser who submitted such funds to escrow. In making such attempt, an escrow agent is entitled to rely on a purchaser’s last known address as set forth in the books and records of the escrow agent and is not required to conduct any further search for the purchaser. If an escrow agent’s attempt to deliver unclaimed funds to any purchaser is unsuccessful, the escrow agent may deliver such unclaimed funds to the division and the division shall deposit such unclaimed funds in the Division of ~~Florida Land Sales~~, Condominiums, *Timeshare*, and Mobile Homes Trust Fund, 30 days after giving notice in a publication of general circulation in the county in which the timeshare property containing the purchaser’s timeshare interest is located. The purchaser may claim the same at any time prior to the delivery of such funds to the division. After delivery of such funds to the division, the purchaser shall have no more rights to the unclaimed funds. The escrow agent shall not be liable for any claims from any party arising out of the escrow agent’s delivery of the unclaimed funds to the division pursuant to this section.

Section 90. Section 721.26, Florida Statutes, is amended to read:

721.26 Regulation by division.—The division has the power to enforce and ensure compliance with the provisions of this chapter, except for parts III and IV, using the powers provided in this chapter, as well as the powers prescribed in chapters 498, 718, and 719. In performing its duties, the division shall have the following powers and duties:

(1) To aid in the enforcement of this chapter, or any division rule or order promulgated or issued pursuant to this chapter, the division may make necessary public or private investigations within or outside this state to determine whether any person has violated or is about to violate this chapter, or any division rule or order promulgated or issued pursuant to this chapter.

(2) The division may require or permit any person to file a written statement under oath or otherwise, as the division determines, as to the facts and circumstances concerning a matter under investigation.

(3) For the purpose of any investigation under this chapter, the director of the division or any officer or employee designated by the director may administer oaths or affirmations, subpoena witnesses and compel their attendance, take evidence, and require the production of any matter which is relevant to the investigation, including the identity, existence, description, nature, custody, condition, and location of any books, documents, or other tangible things and the identity and location of persons having knowledge of relevant facts or any other matter reasonably calculated to lead to the discovery of material evidence. Failure to obey a subpoena or to answer questions propounded by the investigating officer and upon reasonable notice to all persons affected thereby shall be a violation of this chapter. In addition to the other enforcement powers authorized in this subsection, the division may, at its discretion, apply to the circuit court for an order compelling compliance.

(4) The division may prepare and disseminate a prospectus and other information to assist prospective purchasers, sellers, and manag-

ing entities of timeshare plans in assessing the rights, privileges, and duties pertaining thereto.

(5) Notwithstanding any remedies available to purchasers, if the division has reasonable cause to believe that a violation of this chapter, or of any division rule or order promulgated or issued pursuant to this chapter, has occurred, the division may institute enforcement proceedings in its own name against any regulated party, as such term is defined in this subsection:

(a)1. "Regulated party," for purposes of this section, means any developer, exchange company, seller, managing entity, association, association director, association officer, manager, management firm, escrow agent, trustee, any respective assignees or agents, or any other person having duties or obligations pursuant to this chapter.

2. Any person who materially participates in any offer or disposition of any interest in, or the management or operation of, a timeshare plan in violation of this chapter or relevant rules involving fraud, deception, false pretenses, misrepresentation, or false advertising or the disbursement, concealment, or diversion of any funds or assets, which conduct adversely affects the interests of a purchaser, and which person directly or indirectly controls a regulated party or is a general partner, officer, director, agent, or employee of such regulated party, shall be jointly and severally liable under this subsection with such regulated party, unless such person did not know, and in the exercise of reasonable care could not have known, of the existence of the facts giving rise to the violation of this chapter. A right of contribution shall exist among jointly and severally liable persons pursuant to this paragraph.

(b) The division may permit any person whose conduct or actions may be under investigation to waive formal proceedings and enter into a consent proceeding whereby an order, rule, or letter of censure or warning, whether formal or informal, may be entered against that person.

(c) The division may issue an order requiring a regulated party to cease and desist from an unlawful practice under this chapter and take such affirmative action as in the judgment of the division will carry out the purposes of this chapter.

(d)1. The division may bring an action in circuit court for declaratory or injunctive relief or for other appropriate relief, including restitution.

2. The division shall have broad authority and discretion to petition the circuit court to appoint a receiver with respect to any managing entity which fails to perform its duties and obligations under this chapter with respect to the operation of a timeshare plan. The circumstances giving rise to an appropriate petition for receivership under this subparagraph include, but are not limited to:

a. Damage to or destruction of any of the accommodations or facilities of a timeshare plan, where the managing entity has failed to repair or reconstruct same.

b. A breach of fiduciary duty by the managing entity, including, but not limited to, undisclosed self-dealing or failure to timely assess, collect, or disburse the common expenses of the timeshare plan.

c. Failure of the managing entity to operate the timeshare plan in accordance with the timeshare instrument and this chapter.

If, under the circumstances, it appears that the events giving rise to the petition for receivership cannot be reasonably and timely corrected in a cost-effective manner consistent with the timeshare instrument, the receiver may petition the circuit court to implement such amendments or revisions to the timeshare instrument as may be necessary to enable the managing entity to resume effective operation of the timeshare plan, or to enter an order terminating the timeshare plan, or to enter such further orders regarding the disposition of the timeshare property as the court deems appropriate, including the disposition and sale of the timeshare property held by the association or the purchasers. In the event of a receiver's sale, all rights, title, and interest held by the association or any purchaser shall be extinguished and title shall vest in the buyer. This provision applies to timeshare estates and timeshare licenses. All reasonable costs and fees of the receiver relating to the receivership shall become common expenses of the timeshare plan upon order of the court.

3. The division may revoke its approval of any filing for any timeshare plan for which a petition for receivership has been filed pursuant to this paragraph.

(e)1. The division may impose a penalty against any regulated party for a violation of this chapter or any rule adopted thereunder. A penalty may be imposed on the basis of each day of continuing violation, but in no event may the penalty for any offense exceed \$10,000. All accounts collected shall be deposited with the Treasurer to the credit of the Division of ~~Florida Land Sales~~, Condominiums, *Timeshare*, and Mobile Homes Trust Fund.

2.a. If a regulated party fails to pay a penalty, the division shall thereupon issue an order directing that such regulated party cease and desist from further operation until such time as the penalty is paid; or the division may pursue enforcement of the penalty in a court of competent jurisdiction.

b. If an association or managing entity fails to pay a civil penalty, the division may pursue enforcement in a court of competent jurisdiction.

(f) In order to permit the regulated party an opportunity either to appeal such decision administratively or to seek relief in a court of competent jurisdiction, the order imposing the penalty or the cease and desist order shall not become effective until 20 days after the date of such order.

(g) Any action commenced by the division shall be brought in the county in which the division has its executive offices or in the county where the violation occurred.

(h) Notice to any regulated party shall be complete when delivered by United States mail, return receipt requested, to the party's address currently on file with the division or to such other address at which the division is able to locate the party. Every regulated party has an affirmative duty to notify the division of any change of address at least 5 business days prior to such change.

(6) The division has authority to adopt rules pursuant to ss. 120.536(1) and 120.54 to implement and enforce the provisions of this chapter.

(7)(a) The use of any unfair or deceptive act or practice by any person in connection with the sales or other operations of an exchange program or timeshare plan is a violation of this chapter.

(b) Any violation of the Florida Deceptive and Unfair Trade Practices Act, ss. 501.201 et seq., relating to the creation, promotion, sale, operation, or management of any timeshare plan shall also be a violation of this chapter.

(c) The division is authorized to institute proceedings against any such person and take any appropriate action authorized in this section in connection therewith, notwithstanding any remedies available to purchasers.

(8) The failure of any person to comply with any order of the division is a violation of this chapter.

(1)

(c) The director may designate funds from the Division of ~~Florida Land Sales~~, Condominiums, *Timeshare*, and Mobile Homes Trust Fund, not to exceed \$50,000 annually, to support the projects and proposals

undertaken pursuant to paragraph (b). All state trust funds to be expended pursuant to this section must be matched equally with private moneys and shall comprise no more than half of the total moneys expended annually.

Section 93. Section 721.50, Florida Statutes, is amended to read:

721.50 Short title.—This part may be cited as the “McAllister Act” in recognition and appreciation for the years of extraordinary and insightful contributions by Mr. Bryan C. McAllister, Examinations Supervisor, former Division of Florida Land Sales, Condominiums, and Mobile Homes.

Section 94. Subsection (10) of section 721.82, Florida Statutes, is amended to read:

721.82 Definitions.—As used in this part, the term:

(10) “Registered agent” means an agent duly appointed ~~by the obligor~~ under s. 721.84 for the purpose of accepting all notices and service of process under this part for the obligor. A registered agent may be an individual resident in this state whose business office qualifies as a registered office, or a domestic or foreign corporation or a not-for-profit corporation as defined in chapter 617 authorized to transact business or to conduct its affairs in this state, whose business office qualifies as a registered office. A registered agent for any obligor may not be the lienholder or the attorney for the lienholder.

Section 95. Subsection (5) of section 721.84, Florida Statutes, is amended, present subsections (6) and (7) are renumbered as subsections (9) and (10), respectively, and new subsections (6), (7), and (8) are added to that section, to read:

721.84 Appointment of a registered agent; duties.—

(5) A registered agent may resign his or her agency appointment for any obligor for which he or she serves as registered agent, provided that:

(a) The resigning registered agent executes a written statement of resignation that identifies himself or herself and the street address of his or her registered office, and identifies the obligors affected by his or her resignation;

(b)1. A successor registered agent is appointed by the resigning registered agent and such successor registered agent executes an acceptance of appointment as successor registered agent and satisfies all of the requirements of subsection (1); or

2. ~~The registered agent provides 120 days' prior written notice to the mortgagee as to the mortgage lien and to the owners' association of the timeshare plan as to the assessment lien of its intent to deliver the statement of resignation. Prior to the effective date of termination of the resigning registered agent's agency and registered office, a The resigning registered agent may designate the successor registered agent; however, if the resigning registered agent fails to designate a successor registered agent or the designated successor registered agent fails to accept, the successor registered agent for the affected obligors may be designated by the mortgagee as to the mortgage lien and by the owners' association of the timeshare plan as to the assessment lien; and~~

(c)1. *If a successor registered agent is appointed under subparagraph (b)1., copies of the statement of resignation and acceptance of appointment as successor registered agent are promptly mailed to the affected obligors at the obligors' last designated address shown on the records of the resigning registered agent and to the affected lienholders; or*

2. *If a resigning registered agent has previously provided notice under subparagraph (b)2., a copy of the statement of resignation is promptly mailed to the affected obligors at the obligor's last designated address shown on the records of the resigning registered agent and a copy of the statement of resignation and a list of the obligors' last designated addresses shown on the records of the resigning registered agent are promptly mailed to the affected lienholders.*

(6) *If a successor registered agent is appointed under subparagraph (5)(b)1., the agency and registered office of the resigning registered agent are terminated and the agency and registered office of the successor registered agent are effective as of the 10th day after the date on which the statement of resignation and acceptance of appointment as*

successor registered agent are received by the lienholder, unless a longer period is provided in the statement of resignation and acceptance of appointment as successor registered agent.

(7) *If a resigning registered agent has previously provided notice under subparagraph (5)(b)2. and a successor registered agent is not designated or the designated successor registered agent fails to accept the appointment as registered agent, the agency and registered office of the resigning registered agent are terminated effective as of the 10th day after the date on which the statement of resignation and list of obligors required by subparagraph (5)(c)2. are received by the lienholder, unless a longer period is provided in the statement of resignation. After the effective date of the termination of the agency and registered office of the resigning registered agent, if no successor registered agent exists, the affected lienholders must mail any notice or document required to be delivered by a lienholder to the obligor by first class mail if the obligor's address is within the United States, and by international air mail if the obligor's address is outside the United States, with postage fees prepaid to the obligor at the obligor's last designated address as shown on the records of the resigning registered agent. Section 96. Subsection (1) of section 723.003, Florida Statutes, is amended to read:

723.003 Definitions.—As used in this chapter, the following words and terms have the following meanings unless clearly indicated otherwise:

(1) The term “division” means the Division of ~~Florida Land Sales, Condominiums, Timeshare, and Mobile Homes~~ of the Department of Business and Professional Regulation.

Section 97. Paragraph (e) of subsection (5) of section 723.006, Florida Statutes, is amended to read:

723.006 Powers and duties of division.—In performing its duties, the division has the following powers and duties:

(5) Notwithstanding any remedies available to mobile home owners, mobile home park owners, and homeowners' associations, if the division has reasonable cause to believe that a violation of any provision of this chapter or any rule promulgated pursuant hereto has occurred, the division may institute enforcement proceedings in its own name against a developer, mobile home park owner, or homeowners' association, or its assignee or agent, as follows:

(e)1. The division may impose a civil penalty against a mobile home park owner or homeowners' association, or its assignee or agent, for any violation of this chapter, a properly promulgated park rule or regulation, or a rule or regulation promulgated pursuant hereto. A penalty may be imposed on the basis of each separate violation and, if the violation is a continuing one, for each day of continuing violation, but in no event may the penalty for each separate violation or for each day of continuing violation exceed \$5,000. All amounts collected shall be deposited with the Treasurer to the credit of the Division of ~~Florida Land Sales, Condominiums, Timeshare, and Mobile Homes~~ Trust Fund.

2. If a violator fails to pay the civil penalty, the division shall thereupon issue an order directing that such violator cease and desist from further violation until such time as the civil penalty is paid or may pursue enforcement of the penalty in a court of competent jurisdiction. If a homeowners' association fails to pay the civil penalty, the division shall thereupon pursue enforcement in a court of competent jurisdiction,

and the order imposing the civil penalty or the cease and desist order shall not become effective until 20 days after the date of such order. Any action commenced by the division shall be brought in the county in which the division has its executive offices or in which the violation occurred.

Section 98. Section 723.0065, Florida Statutes, is amended to read:

723.0065 Public records exemption; findings.—The Legislature, in narrowing the existing public records exemption pursuant to s. 1, chapter 94-78, Laws of Florida, finds that a public necessity exists to keep confidential and retain the public records exemption for financial records of mobile home park owners acquired by the division of ~~Florida Land Sales, Condominiums, and Mobile Homes~~ when performing its duties under the Florida Mobile Home Act unless the mobile home park owner has violated the provisions of this chapter. In that case, only those financial records that are specifically relevant to the finding of violation should be released. If it were otherwise, the division would encounter difficulties in procuring such proprietary information which would impede the effective and efficient performance of the division's public duties. Additionally, release of such proprietary information would harm the business interests of innocent mobile home park owners to the advantage of competitors and potential purchasers. Effective monitoring of the division's performance of its duties can be conducted without access to these records, and these records are otherwise available pursuant to a civil complaint as envisioned by the act. Accordingly, the public good served by access to financial records of a mobile home park owner who has not violated the provisions of this chapter is outweighed by the interference with division investigations and the private harm that could be caused by allowing such access.

Section 99. Section 723.009, Florida Statutes, is amended to read:

723.009 Division of ~~Florida Land Sales, Condominiums, Timeshare, and Mobile Homes~~ Trust Fund.—All proceeds from the fees, penalties, and fines imposed pursuant to this chapter shall be deposited into the Division of ~~Florida Land Sales, Condominiums, Timeshare, and Mobile Homes~~ Trust Fund created by s. 718.509 ~~498.019~~. With the exception of amendments that materially modify unit appurtenances as provided in this section, amendments may be applied to owners of units existing as of the effective date of the amendment. This section is intended to clarify existing law and applies to associations existing on the effective date of this act.* A declaration recorded after April 1, 1992, may not require the approval of less than a majority of total voting interests of the condominium for amendments under this subsection, unless otherwise required by a governmental entity.

(1) The following classes of persons, as defined by s. 440.02, who are not primarily engaged in the construction industry, as that term is defined in s. 440.02, are exempt from this chapter unless they elect otherwise in accordance with subsection (2):

- (a) Sole proprietors;
- (b) Partners as defined in this section; and
- (c) Corporate officers as defined in this section.

(2) Any person who is exempt from this chapter under this section who secures, or whose employer secures for him or her, workers' compensation insurance coverage is considered to have waived the right to such an exemption and is subject to the provisions of this chapter.

(3) Every enterprise conducting business in this state shall maintain business records as specified by the division by rule, which rules must include the provision that any corporation with exempt officers and any partnership with exempt partners must maintain written statements of those exempted persons affirmatively acknowledging each such individual's exempt status.

(4) Any sole proprietor or partner claiming an exemption under this section shall maintain a copy of his or her federal income tax records for each of the immediately previous 3 years in which he or she claims an exemption. Such federal income tax records must include a complete copy of the following for each year in which an exemption is claimed:

(a) For sole proprietors, a copy of Federal Income Tax Form 1040 and its accompanying Schedule C;

(b) For partners, a copy of the partner's Federal Income Tax Schedule K-1 (Form 1065) and Federal Income Tax Form 1040 and its accompanying Schedule E. The sole proprietor or partner in question shall produce, upon request by the division, a copy of those documents together with a statement by the sole proprietor that the tax records provided are true and accurate copies of what the sole proprietor or partner has filed with the federal Internal Revenue Service. The statement must be signed under oath by the sole proprietor or partner in question and must be notarized. The division shall issue a stop-work order under s. 440.107(5) to any sole proprietor or partner who fails or refuses to produce a copy of the tax records and affidavit required under this paragraph to the division within 3 business days after that request and who has failed to otherwise secure insurance for the provision of workers' compensation benefits for himself or herself if required under this chapter to do so.

(5) Any corporate officer claiming an exemption under this section must be listed on the records of this state's Secretary of State, Division of Corporations, as a corporate officer. If the person who claims exemption as a corporate officer is not so listed on the records of the Secretary of State, the individual must provide to the division, upon request by the division, a notarized affidavit stating that the individual is a bona fide officer of the corporation and stating the date his or her appointment or election as a corporate officer became or will become effective. The statement must be signed under oath by both the officer in question and the president or chief operating officer of the corporation and must be notarized. The division shall issue a stop-work order under s. 440.107(1) to any person who claims to be exempt as a corporate officer but who fails or refuses to produce the documents required under this subsection to the division within 3 business days after the request is made and who has failed to otherwise secure the insurance of workers' compensation benefits for himself or herself if required under this chapter to do so.

(7) Exemptions pertain only to the person claiming exemption and only for the entity that is the subject of the federal income tax reports filed by the person claiming the exemption. A separate exemption is required for every proprietorship, partnership, or corporation from which an individual receives any remuneration for labor, services, or products provided.

(8) Sole proprietors, partners, and corporate officers, as those terms are defined in s. 440.02, of sole proprietorships, partnerships, and corporations that are primarily engaged in the construction industry as that term is defined in s. 440.02 are not eligible for exemption from this chapter.

Section 3. Section 440.06, Florida Statutes, is amended to read:

440.06 Failure to secure compensation; effect.—Every employer who fails to secure the payment of compensation as provided in s. 440.10 by failing to meet the requirements of ~~under this chapter as provided in~~ s. 440.38 may not, in any suit brought against him or her by an employee subject to this chapter to recover damages for injury or death, defend

such a suit on the grounds that the injury was caused by the negligence of a fellow servant, that the employee assumed the risk of his or her employment, or that the injury was due to the comparative negligence of the employee.

Section 4. Subsection (1) of section 440.09, Florida Statutes, is amended to read:

440.09 Coverage.—

(1) The employer shall pay compensation or furnish benefits required by this chapter if the employee suffers an accidental *compensable* injury or death arising out of work performed in the course and the scope of employment. The injury, its occupational cause, and any resulting manifestations or disability shall be established to a reasonable degree of medical certainty and by objective medical findings. Mental or nervous injuries occurring as a manifestation of an injury compensable under this section shall be demonstrated by clear and convincing evidence.

(a) This chapter does not require any compensation or benefits for any subsequent injury the employee suffers as a result of an original injury arising out of and in the course of employment unless the original injury is the major contributing cause of the subsequent injury.

(b) If an injury arising out of and in the course of employment combines with a preexisting disease or condition to cause or prolong disability or need for treatment, the employer must pay compensation or benefits required by this chapter only to the extent that the injury arising out of and in the course of employment is and remains the major contributing cause of the disability or need for treatment.

(c) Death resulting from an operation by a surgeon furnished by the employer for the cure of hernia as required in s. 440.15(6) shall for the purpose of this chapter be considered to be a death resulting from the accident causing the hernia.

(d) If an accident happens while the employee is employed elsewhere than in this state, which would entitle the employee or his or her dependents to compensation if it had happened in this state, the employee or his or her dependents are entitled to compensation if the contract of employment was made in this state, or the employment was principally localized in this state. However, if an employee receives compensation or damages under the laws of any other state, the total compensation for the injury may not be greater than is provided in this chapter.

Section 5. Section 440.10, Florida Statutes, is amended to read:

440.10 Liability for compensation.—

(1)(a) Every employer coming within the provisions of this chapter, including any brought within the chapter by ~~waiver of exclusion or of exemption~~, shall be liable for, and shall secure, the payment to his or her employees, or any physician, surgeon, or pharmacist providing services under the provisions of s. 440.13, of the compensation payable under ss. 440.13, 440.15, and 440.16. Any contractor or subcontractor who engages in any public or private construction in the state shall secure and maintain compensation for his or her employees under this chapter as provided in s. 440.38.

(b) In case a contractor sublets any part or parts of his or her contract work to a subcontractor or subcontractors, all of the employees of such contractor and subcontractor or subcontractors engaged on such contract work shall be deemed to be employed in one and the same business or establishment; and the contractor shall be liable for, and shall secure, the payment of compensation to all such employees, except to employees of a subcontractor who has secured such payment.

(c) A contractor ~~shall~~ ~~may~~ require a subcontractor to provide evidence of workers' compensation insurance ~~or a copy of his or her certificate of election. A subcontractor electing to be exempt as a sole proprietor, partner, or officer of a corporation shall provide a copy of his or her certificate of election to the contractor.~~

(d)~~1.~~ If a contractor becomes liable for the payment of compensation to the employees of a subcontractor who has failed to secure such payment in violation of s. 440.38, the contractor or other third-party payor shall be entitled to recover from the subcontractor all benefits paid or payable plus interest unless the contractor and subcontractor have agreed in writing that the contractor will provide coverage.

~~2.—If a contractor or third-party payor becomes liable for the payment of compensation to the employee of a subcontractor who is actively engaged in the construction industry and has elected to be exempt from the provisions of this chapter, but whose election is invalid, the contractor or third-party payor may recover from the claimant, partnership, or corporation all benefits paid or payable plus interest, unless the contractor and the subcontractor have agreed in writing that the contractor will provide coverage.~~

(e) A subcontractor is not liable for the payment of compensation to the employees of another subcontractor on such contract work and is not protected by the exclusiveness-of-liability provisions of s. 440.11 from action at law or in admiralty on account of injury of such employee of another subcontractor.

(f) If an employer willfully fails to secure compensation as required by this chapter, the division may assess against the employer a penalty not to exceed \$5,000 for each employee of that employer who is classified by the employer as an independent contractor but who is found by the division to not meet the criteria for an independent contractor that are set forth in s. 440.02.

(g) For purposes of this section, a person is conclusively presumed to be an independent contractor if:

~~1.~~ the independent contractor provides the general contractor with an affidavit stating that he or she meets all the requirements of s. 440.02(14)(d). ~~And~~

~~2.—The independent contractor provides the general contractor with a valid certificate of workers' compensation insurance or a valid certificate of exemption issued by the division.~~

~~A sole proprietor, partner, or officer of a corporation who elects exemption from this chapter by filing a certificate of election under s. 440.05 may not recover benefits or compensation under this chapter. An independent contractor who provides the general contractor with both an affidavit stating that he or she meets the requirements of s. 440.02(14)(d) and a certificate of exemption is not an employee under s. 440.02(14)(c) and may not recover benefits under this chapter. For purposes of determining the appropriate premium for workers' compensation coverage, carriers may not consider any person who meets the requirements of this paragraph to be an employee.~~

(2) Compensation shall be payable irrespective of fault as a cause for the injury, except as provided in s. 440.09(3).

Section 6. Section 440.1025, Florida Statutes, is created to read:

440.1025 Consideration of public employer workplace safety program in rate-setting; program requirements; rulemaking.—For a public employer to be eligible for receipt of specific identifiable consideration under s. 627.0915 for a workplace safety program in the setting of rates, the public employer must have a workplace safety program. At a minimum, the program must include a written safety policy and safety rules, and make provision for safety inspections, preventative maintenance, safety training, first-aid, accident investigation, and necessary record keeping. For purposes of this section, "public employer" means "any agency within state, county, or municipal government employing individuals for salary, wages, or other remuneration." The Division may promulgate rules for insurers to utilize in determining public employer compliance with the requirements of this section.

Section 7. Subsection (5) of section 440.107, Florida Statutes, is amended to read:

440.107 Division powers to enforce employer compliance with coverage requirements.—

(5) Whenever the division determines that an employer who is required to secure the payment to his or her employees of the compensation provided for by this chapter has failed to do so or the division determines that an employer has misrepresented to a carrier the size or classification of the employer's payroll, such failure or misrepresentation shall be deemed an immediate serious danger to public health, safety, or welfare sufficient to justify service by the division of a stop-work order on the employer, requiring the cessation of all business operations *within the state* at the place of employment or job site. The order shall take effect upon the date of service upon the employer, unless the employer provides evidence satisfactory to the division of having secured

any necessary insurance or self-insurance and pays a civil penalty to the division, to be deposited by the division into the Workers' Compensation Administration Trust Fund, in the amount of \$100 per day for each day the employer was not in compliance with this chapter.

Section 8. Subsections (2), (5), (12), and (14) of section 440.13, Florida Statutes, are amended to read:

440.13 Medical services and supplies; penalty for violations; limitations.—

(2) MEDICAL TREATMENT; DUTY OF EMPLOYER TO FURNISH.—

(a) Subject to the limitations specified elsewhere in this chapter, the employer shall furnish to the employee such medically necessary remedial treatment, care, and attendance for such period as the nature of the injury or the process of recovery may require, including medicines, medical supplies, durable medical equipment, orthoses, prostheses, and other medically necessary apparatus. Remedial treatment, care, and attendance, including work-hardening programs or pain-management programs accredited by the Commission on Accreditation of Rehabilitation Facilities or Joint Commission on the Accreditation of Health Organizations or pain-management programs affiliated with medical schools, shall be considered as covered treatment only when such care is given based on a referral by a physician as defined in this chapter. Each facility shall maintain outcome data, including work status at discharges, total program charges, total number of visits, and length of stay. The department shall utilize such data and report to the President of the Senate and the Speaker of the House of Representatives regarding the efficacy and cost-effectiveness of such program, no later than October 1, 1994. Medically necessary treatment, care, and attendance does not include chiropractic services in excess of 18 treatments or rendered 8 weeks beyond the date of the initial chiropractic treatment, whichever comes first, unless the carrier authorizes additional treatment or the employee is catastrophically injured.

(b) The employer shall provide appropriate professional or nonprofessional attendant care performed only at the direction and control of a physician when such care is medically necessary. The value of nonprofessional attendant care provided by a family member must be determined as follows:

1. If the family member is not employed, the per-hour value equals the federal minimum hourly wage.

2. If the family member is employed and elects to leave that employment to provide attendant or custodial care, the per-hour value of that care equals the per-hour value of the family member's former employment, not to exceed the per-hour value of such care available in the community at large.

3. *If the family member remains employed while providing attendant or custodial care, the per-hour value of that care equals the per-hour value of the family member's employment, not to exceed the per-hour value of such care available in the community at large.*

4. A family member or a combination of family members providing nonprofessional attendant care under this paragraph may not be compensated for more than a total of 12 hours per day.

(c) If the employer fails to provide treatment or care required by this section after request by the injured employee, the employee may obtain such treatment at the expense of the employer, if the treatment is compensable and medically necessary. There must be a specific request for the treatment, and the employer or carrier must be given a reasonable time period within which to provide the treatment or care. However, the employee is not entitled to recover any amount personally expended for the treatment or service unless he or she has requested the employer to furnish that treatment or service and the employer has failed, refused, or neglected to do so within a reasonable time or unless the nature of the injury requires such treatment, nursing, and services and the employer or his or her superintendent or foreman, having knowledge of the injury, has neglected to provide the treatment or service.

(d) The carrier has the right to transfer the care of an injured employee from the attending health care provider if an independent medical examination determines that the employee is not making appropriate progress in recuperation.

(e) Except in emergency situations and for treatment rendered by a managed care arrangement, after any initial examination and diagnosis by a physician providing remedial treatment, care, and attendance, and before a proposed course of medical treatment begins, each insurer shall review, in accordance with the requirements of this chapter, the proposed course of treatment, to determine whether such treatment would be recognized as reasonably prudent. The review must be in accordance with all applicable workers' compensation practice parameters. The insurer must accept any such proposed course of treatment unless the insurer notifies the physician of its specific objections to the proposed course of treatment by the close of the tenth business day after notification by the physician, or a supervised designee of the physician, of the proposed course of treatment.

(f) Upon the written request of the employee, the carrier shall give the employee the opportunity for one change of physician during the course of treatment for any one accident. In the event such a physician ceases to practice in Florida or relocates his or her office at a location that is greater than a 50-mile radius from the employee's residence, the employee is entitled to select another physician from among not fewer than three carrier-authorized physicians who are not professionally affiliated. The employee shall be entitled to select another physician from among not fewer than three carrier-authorized physicians not professionally affiliated.

(5) INDEPENDENT MEDICAL EXAMINATIONS.—

(a) In any dispute concerning overutilization, medical benefits, compensability, or disability under this chapter, the carrier or the employee may select an independent medical examiner. The examiner may be a health care provider treating or providing other care to the employee. An independent medical examiner may not render an opinion outside his or her area of expertise, as demonstrated by licensure and applicable practice parameters. *Upon the written request of the employee, the carrier shall pay the cost of one independent medical examination per accident. The cost of any additional independent medical examination must be borne by the party requesting the additional independent medical examination. The costs of independent medical examinations expressly relied upon by the judge of compensation claims to award benefits in the final compensation order are taxable costs under s. 440.34(3).*

~~(b) Each party is bound by his or her selection of an independent medical examiner and is entitled to an alternate examiner only if:~~

~~1. The examiner is not qualified to render an opinion upon an aspect of the employee's illness or injury which is material to the claim or petition for benefits;~~

~~2. The examiner ceases to practice in the specialty relevant to the employee's condition;~~

~~3. The examiner is unavailable due to injury, death, or relocation outside a reasonably accessible geographic area; or~~

~~4. The parties agree to an alternate examiner.~~

Any party may request, or a judge of compensation claims may require, designation of a division medical advisor as an independent medical examiner. The opinion of the advisors acting as examiners shall not be afforded the presumption set forth in paragraph (9)(c).

(c) The carrier may, at its election, contact the claimant directly to schedule a reasonable time for an independent medical examination. The carrier must confirm the scheduling agreement in writing within 5 days and notify claimant's counsel, if any, at least 7 days before the date upon which the independent medical examination is scheduled to occur. An attorney representing a claimant is not authorized to schedule independent medical evaluations under this subsection.

(d) If the employee fails to appear for the independent medical examination without good cause and fails to advise the physician at least 24 hours before the scheduled date for the examination that he or she cannot appear, the employee is barred from recovering compensation for any period during which he or she has refused to submit to such examination. Further, the employee shall reimburse the carrier 50 percent of the physician's cancellation or no-show fee unless the carrier that schedules the examination fails to timely provide to the employee a written confirmation of the date of the examination pursuant to paragraph (c) which includes an explanation of why he or she failed to appear. The

employee may appeal to a judge of compensation claims for reimbursement when the carrier withholds payment in excess of the authority granted by this section.

(e) No medical opinion other than the opinion of a medical advisor appointed by the judge of compensation claims or division, an independent medical examiner, or an authorized treating provider is admissible in proceedings before the judges of compensation claims. *The employee or the carrier may each submit into evidence, and the judge of compensation claims shall admit, the medical opinion of no more than one independent medical examiner per specialty.*

(f) Attorney's fees incurred by an injured employee in connection with ~~delay of or opposition to~~ an independent medical examination, including, but not limited to, motions for protective orders, are not recoverable under this chapter.

(12) CREATION OF THREE-MEMBER PANEL; GUIDES OF MAXIMUM REIMBURSEMENT ALLOWANCES.—

(a) A three-member panel is created, consisting of the Insurance Commissioner, or the Insurance Commissioner's designee, and two members to be appointed by the Governor, subject to confirmation by the Senate, one member who, on account of present or previous vocation, employment, or affiliation, shall be classified as a representative of employers, the other member who, on account of previous vocation, employment, or affiliation, shall be classified as a representative of employees. The panel shall determine statewide schedules of maximum reimbursement allowances for medically necessary treatment, care, and attendance provided by physicians, hospitals, ambulatory surgical centers, work-hardening programs, pain programs, and durable medical equipment. The maximum reimbursement allowances for inpatient hospital care shall be based on a schedule of per diem rates, to be approved by the three-member panel no later than March 1, 1994, to be used in conjunction with a precertification manual as determined by the division. All compensable charges for hospital outpatient care shall be reimbursed at 75 percent of usual and customary charges. Until the three-member panel approves a schedule of per diem rates for inpatient hospital care and it becomes effective, all compensable charges for hospital inpatient care must be reimbursed at 75 percent of their usual and customary charges. Annually, the three-member panel shall adopt schedules of maximum reimbursement allowances for physicians, hospital inpatient care, hospital outpatient care, ambulatory surgical centers, work-hardening programs, and pain programs. However, the maximum percentage of increase in the individual reimbursement allowance may not exceed the percentage of increase in the Consumer Price Index for the previous year, *except when the three-member panel adopts a nationally recognized reimbursement methodology.* An individual physician, hospital, ambulatory surgical center, pain program, or work-hardening program shall be reimbursed either the usual and customary charge for treatment, care, and attendance, the agreed-upon contract price, or the maximum reimbursement allowance in the appropriate schedule, whichever is less.

(b) As to reimbursement for a prescription medication, the reimbursement amount for a prescription shall be the average wholesale price times 1.2 plus \$4.18 for the dispensing fee, except where the carrier has contracted for a lower amount. Fees for pharmaceuticals and pharmaceutical services shall be reimbursable at the applicable fee schedule amount. Where the employer or carrier has contracted for such services and the employee elects to obtain them through a provider not a party to the contract, the carrier shall reimburse at the schedule, negotiated, or contract price, whichever is lower.

(c) Reimbursement for all fees and other charges for such treatment, care, and attendance, including treatment, care, and attendance provided by any hospital or other health care provider, ambulatory surgical center, work-hardening program, or pain program, must not exceed the amounts provided by the uniform schedule of maximum reimbursement allowances as determined by the panel or as otherwise provided in this section. This subsection also applies to independent medical examinations performed by health care providers under this chapter. Until the three-member panel approves a uniform schedule of maximum reimbursement allowances and it becomes effective, all compensable charges for treatment, care, and attendance provided by physicians, ambulatory surgical centers, work-hardening programs, or pain programs shall be reimbursed at the lowest maximum reimbursement allowance across all 1992 schedules of maximum reimbursement allowances for the services

provided regardless of the place of service. In determining the uniform schedule, the panel shall first approve the data which it finds representative of prevailing charges in the state for similar treatment, care, and attendance of injured persons. Each health care provider, health care facility, ambulatory surgical center, work-hardening program, or pain program receiving workers' compensation payments shall maintain records verifying their usual charges. In establishing the uniform schedule of maximum reimbursement allowances, the panel must consider:

1. The levels of reimbursement for similar treatment, care, and attendance made by other health care programs or third-party providers;
2. The impact upon cost to employers for providing a level of reimbursement for treatment, care, and attendance which will ensure the availability of treatment, care, and attendance required by injured workers;
3. The financial impact of the reimbursement allowances upon health care providers and health care facilities, including trauma centers as defined in s. 395.4001, and its effect upon their ability to make available to injured workers such medically necessary remedial treatment, care, and attendance. The uniform schedule of maximum reimbursement allowances must be reasonable, must promote health care cost containment and efficiency with respect to the workers' compensation health care delivery system, and must be sufficient to ensure availability of such medically necessary remedial treatment, care, and attendance to injured workers; and
4. The most recent average maximum allowable rate of increase for hospitals determined by the Health Care Board under chapter 408.

(14) PAYMENT OF MEDICAL FEES.—

(a) Except for emergency care treatment, fees for medical services are payable only to a health care provider certified and authorized to render remedial treatment, care, or attendance under this chapter. A health care provider may not collect or receive a fee from an injured employee within this state, except as otherwise provided by this chapter. Such providers have recourse against the employer or carrier for payment for services rendered in accordance with this chapter.

(b) Fees charged for remedial treatment, care, and attendance may not exceed the applicable fee schedules adopted under this chapter, *except as provided under a contract entered into between an employer or carrier and a certified health care provider or health care facility for the payment of medical services for covered expenses.*

(c) Notwithstanding any other provision of this chapter, following overall maximum medical improvement from an injury compensable under this chapter, the employee is obligated to pay a copayment of \$10 per visit for medical services. The copayment shall not apply to emergency care provided to the employee.

Section 9. Paragraph (d) of subsection (1), paragraph (b) of subsection (2), and subsection (15) of section 440.134, Florida Statutes, are amended to read:

440.134 Workers' compensation managed care arrangement.—

(1) As used in this section, the term:

(d) "Grievance" means *a direct written complaint filed by an injured worker expressing dissatisfaction with the insurer's workers' compensation managed care arrangement's refusal to provide medical care provided by an insurer's workers' compensation managed care arrangement health care providers, expressed in writing by an injured worker.*

(2)

(b) ~~Effective January 1, 1997,~~ The employer shall, subject to the limitations specified elsewhere in this chapter, furnish to the employee ~~solely~~ through managed care arrangements *or without a managed care arrangement* such medically necessary remedial treatment, care, and attendance for such period as the nature of the injury or the process of recovery requires.

(15)(a) A workers' compensation managed care arrangement must have and use procedures for hearing complaints and resolving written grievances from injured workers and health care providers. The procedures must be aimed at mutual agreement for settlement and may

include arbitration procedures. Procedures provided herein are in addition to other procedures contained in this chapter.

(b) The grievance procedure must be described in writing and provided to the affected workers and health care providers.

(c) At the time the workers' compensation managed care arrangement is implemented, the insurer must provide detailed information to workers and health care providers describing how a grievance may be registered with the insurer. *Within 15 days after the date of the request for medical care is received by the insurer or by the insurer's managed care arrangement, whichever date is earlier, the insurer shall grant or deny the request. If the insurer denies the request, the insurer shall notify the injured worker in writing of his or her right to file a grievance.*

(d) Grievances must be considered in a timely manner and must be transmitted to appropriate decisionmakers who have the authority to fully investigate the issue and take corrective action. *If the insurer or the insurer's workers' compensation arrangement fails to notify the injured worker of the outcome of the grievance in writing within 15 days from the date of receiving the grievance, the grievance shall be presumed to be resolved against the injured worker and the grievance procedures shall be presumed exhausted for purposes of s. 440.192(3).*

(e) If a grievance is found to be valid, corrective action must be taken promptly.

(f) All concerned parties must be notified of the results of a grievance.

(g) The insurer must report annually, no later than March 31, to the agency regarding its grievance procedure activities for the prior calendar year. The report must be in a format prescribed by the agency and must contain the number of grievances filed in the past year and a summary of the subject, nature, and resolution of such grievances.

Section 10. Paragraph (a) of subsection (1) of section 440.14, Florida Statutes, is amended to read:

440.14 Determination of pay.—

(1) Except as otherwise provided in this chapter, the average weekly wages of the injured employee at the time of the injury shall be taken as the basis upon which to compute compensation and shall be determined, subject to the limitations of s. 440.12(2), as follows:

(a) If the injured employee has worked in the employment in which she or he was working at the time of the injury, whether for the same or another employer, during substantially the whole of 13 weeks immediately preceding the injury, her or his average weekly wage shall be one-thirteenth of the total amount of wages earned in such employment during the 13 weeks. As used in this paragraph, the term "substantially the whole of 13 weeks" means an actual ~~shall be deemed to mean and refer to a constructive~~ period of 13 weeks as a whole, which shall be defined as *the 13 complete weeks before the date of the accident, excluding the week the injury occurs. a consecutive period of 91 days, and* The term "during substantially the whole of 13 weeks" shall be deemed to mean during not less than 90 percent of the total customary full-time hours of employment within such period considered as a whole.

Section 11. Paragraphs (b) and (f) of subsection (1) and paragraph (a) of subsection (3) of section 440.15, Florida Statutes, are amended to read:

440.15 Compensation for disability.—Compensation for disability shall be paid to the employee, subject to the limits provided in s. 440.12(2), as follows:

(1) PERMANENT TOTAL DISABILITY.—

(b) *Any compensable injury eligible for permanent total benefits must be of a nature and severity that prevents the employee from being able to perform his or her previous work. If the employee is engaged in or is capable of being engaged in any substantial, gainful employment, he or she is not entitled to permanent total disability. The burden is on the employee to establish that he or she is unable to perform work if such work is available within a 50-mile radius of the employee's residence. In addition, ~~only~~ a catastrophic injury as defined in s. 440.02 shall, in the absence of conclusive proof of a substantial earning capacity, constitute*

permanent total disability. ~~Only claimants with catastrophic injuries are eligible for permanent total benefits.~~ In no other case may permanent total disability be awarded.

(f1) If permanent total disability results from injuries that occurred subsequent to June 30, 1955, and for which the liability of the employer for compensation has not been discharged under s. 440.20(11), the injured employee shall receive additional weekly compensation benefits equal to 5 percent of her or his weekly compensation rate, as established pursuant to the law in effect on the date of her or his injury, multiplied by the number of calendar years since the date of injury. The weekly compensation payable and the additional benefits payable under this paragraph, when combined, may not exceed the maximum weekly compensation rate in effect at the time of payment as determined pursuant to s. 440.12(2). Entitlement to these supplemental payments shall cease at age 62 if the employee is eligible for social security benefits under 42 U.S.C. s. ~~ss.~~ 402 or s. ~~and~~ 423, whether or not the employee has applied for such benefits. These supplemental benefits shall be paid by the division out of the Workers' Compensation Administration Trust Fund when the injury occurred subsequent to June 30, 1955, and before July 1, 1984. These supplemental benefits shall be paid by the employer when the injury occurred on or after July 1, 1984. Supplemental benefits are not payable for any period prior to October 1, 1974.

2.a. The division shall provide by rule for the periodic reporting to the division of all earnings of any nature and social security income by the injured employee entitled to or claiming additional compensation under subparagraph 1. Neither the division nor the employer or carrier shall make any payment of those additional benefits provided by subparagraph 1. for any period during which the employee willfully fails or refuses to report upon request by the division in the manner prescribed by such rules.

b. The division shall provide by rule for the periodic reporting to the employer or carrier of all earnings of any nature and social security income by the injured employee entitled to or claiming benefits for permanent total disability. The employer or carrier is not required to make any payment of benefits for permanent total disability for any period during which the employee willfully fails or refuses to report upon request by the employer or carrier in the manner prescribed by such rules or if any employee who is receiving permanent total disability benefits refuses to apply for or cooperate with the employer or carrier in applying for social security benefits.

3. When an injured employee receives a full or partial lump-sum advance of the employee's permanent total disability compensation benefits, the employee's benefits under this paragraph shall be computed on the employee's weekly compensation rate as reduced by the lump-sum advance.

(3) PERMANENT IMPAIRMENT AND ~~WAGE LOSS~~ BENEFITS.—

(a) Impairment benefits.—

1. Once the employee has reached the date of maximum medical improvement, impairment benefits are due and payable within 20 days after the carrier has knowledge of the impairment.

2. The three-member panel, in cooperation with the division, shall establish and use a uniform permanent impairment rating schedule. This schedule must be based on medically or scientifically demonstrable findings as well as the systems and criteria set forth in the American Medical Association's Guides to the Evaluation of Permanent Impairment; the Snellen Charts, published by American Medical Association Committee for Eye Injuries; and the Minnesota Department of Labor and Industry Disability Schedules. The schedule should be based upon objective findings. The schedule shall be more comprehensive than the AMA Guides to the Evaluation of Permanent Impairment and shall expand the areas already addressed and address additional areas not currently contained in the guides. On August 1, 1979, and pending the adoption, by rule, of a permanent schedule, Guides to the Evaluation of Permanent Impairment, copyright 1977, 1971, 1988, by the American Medical Association, shall be the temporary schedule and shall be used for the purposes hereof. For injuries after July 1, 1990, pending the adoption by division rule of a uniform disability rating schedule, the Minnesota Department of Labor and Industry Disability Schedule shall be used unless that schedule does not address an injury. In such case, the Guides to the Evaluation of Permanent Impairment by the American

Medical Association shall be used. Determination of permanent impairment under this schedule must be made by a physician licensed under chapter 458, a doctor of osteopathic medicine licensed under chapters 458 and 459, a chiropractic physician licensed under chapter 460, a podiatric physician licensed under chapter 461, an optometrist licensed under chapter 463, or a dentist licensed under chapter 466, as appropriate considering the nature of the injury. No other persons are authorized to render opinions regarding the existence of or the extent of permanent impairment.

3. All impairment income benefits shall be based on an impairment rating using the impairment schedule referred to in subparagraph 2. Impairment income benefits are paid weekly at a rate equal to the rate of 50 percent of the employee's compensation rate average weekly temporary total disability benefit, not to exceed the maximum weekly benefit under s. 440.12. An employee's entitlement to impairment income benefits begins the day after the employee reaches maximum medical improvement or the expiration of temporary benefits, whichever occurs earlier, and continues until the earlier of:

a. The expiration of a period computed at the rate of 3 weeks for each percentage point of impairment; or

b. The death of the employee.

4. After the employee has been certified by a doctor as having reached maximum medical improvement or 6 weeks before the expiration of temporary benefits, whichever occurs earlier, the certifying doctor shall evaluate the condition of the employee and assign an impairment rating, using the impairment schedule referred to in subparagraph 2. Compensation is not payable for the mental, psychological, or emotional injury arising out of depression from being out of work or from any preexisting mental, psychological, or emotional condition. If the certification and evaluation are performed by a doctor other than the employee's treating doctor, the certification and evaluation must be submitted to the treating doctor, and the treating doctor must indicate agreement or disagreement with the certification and evaluation. The certifying doctor shall issue a written report to the division, the employee, and the carrier certifying that maximum medical improvement has been reached, stating the impairment rating, and providing any other information required by the division. If the employee has not been certified as having reached maximum medical improvement before the expiration of 102 weeks after the date temporary total disability benefits begin to accrue, the carrier shall notify the treating doctor of the requirements of this section.

5. The carrier shall pay the employee impairment income benefits for a period based on the impairment rating.

6. The division may by rule specify forms and procedures governing the method of payment of wage loss and impairment benefits for dates of accidents before January 1, 1994, and for dates of accidents on or after January 1, 1994.

Section 12. Subsection (2) of section 440.185, Florida Statutes, is amended to read:

440.185 Notice of injury or death; reports; penalties for violations.—

(2) Within 7 days after actual knowledge of injury or death, the employer shall report such injury or death to its carrier, in a format prescribed by the division, and shall provide a copy of such report to the employee or the employee's estate. The report of injury shall contain the following information:

(a) The name, address, and business of the employer;

(b) The name, social security number, street, mailing address, telephone number, and occupation of the employee;

(c) The cause and nature of the injury or death;

(d) The year, month, day, and hour when, and the particular locality where, the injury or death occurred; and

(e) A record of the employee's earnings for the 13 weeks before the date of injury; and

(f) Such other information as the division may require by rule.

The carrier shall, within 14 days after the employer's receipt of the form reporting the injury, file the information required by this subsection with the division in Tallahassee. However, the division may by rule provide for a different reporting system for those types of injuries which it determines should be reported in a different manner and for those cases which involve minor injuries requiring professional medical attention in which the employee does not lose more than 7 days of work as a result of the injury and is able to return to the job immediately after treatment and resume regular work.

Section 13. Section 440.191, Florida Statutes, is amended to read:

440.191 Employee Assistance and Ombudsman Office.—

(1)(a) In order to effect the self-executing features of the Workers' Compensation Law, this chapter shall be construed to permit injured employees and employers or the employer's carrier to resolve disagreements without undue expense, costly litigation, or delay in the provisions of benefits. It is the duty of all who participate in the workers' compensation system, including, but not limited to, carriers, service providers, health care providers, managed care arrangements, attorneys, employers, and employees, to attempt to resolve disagreements in good faith and to cooperate with the division's efforts to resolve disagreements between the parties. The division may by rule prescribe definitions that are necessary for the effective administration of this section.

(b) An Employee Assistance and Ombudsman Office is created within the Division of Workers' Compensation to inform and assist injured workers, employers, carriers, and health care providers, and managed care arrangements in fulfilling their responsibilities under this chapter. The division may by rule specify forms and procedures for administering requests for assistance provided by this section.

(c) The Employee Assistance and Ombudsman Office, ~~Division of Workers' Compensation~~, shall be a resource available to all employees who participate in the workers' compensation system and shall take all steps necessary to educate and disseminate information to employees and employers. Upon receiving a notice of injury or death, the Employee Assistance and Ombudsman Office is authorized to initiate contact with the injured employee or employee's representative to discuss rights and responsibilities of the employee under this chapter and the services available through the Employee Assistance and Ombudsman Office.

(2)(a) ~~An employee may not file a petition requesting any benefit under this chapter unless the employee has exhausted the procedures for informal dispute resolution under this section.~~

(a)(b) If at any time the employer or its carrier fails to provide benefits to which the employee believes she or he is entitled, the employee shall contact the office to request assistance in resolving the dispute. An employer or carrier may not pay any attorneys' fees on behalf of the employee for services rendered or costs incurred in connection with this section, unless expressly authorized elsewhere in this chapter.

Section 14. Section 440.192, Florida Statutes, is amended to read:

440.192 Procedure for resolving benefit disputes.—

(1) Subject to s. 440.191, any employee who has not received a benefit to which the employee believes she or he is entitled under this chapter shall file by certified mail, or by electronic means approved by the Deputy Chief Judge, with the Office of the Judges of Compensation Claims within the Division of Administrative Hearings a petition for benefits which meets the requirements of this section. The division shall inform employees of the location of the Office of the Judges of Compensation Claims for purposes of filing a petition for benefits. The Deputy Chief Judge shall refer the petitions to the judges of compensation claims. ~~The division shall refer the petition to the Office of the Judges of Compensation Claims.~~

(2) Upon receipt the Office of the Judges of Compensation Claims shall review each petition and shall dismiss each petition, or any portion of the petition, ~~upon its own motion or~~ upon the motion of any party, that does not on its face specifically identify or itemize the following:

(a) Name, address, telephone number, and social security number of the employee.

(b) Name, address, and telephone number of the employer.

(c) A detailed description of the injury and cause of the injury, including the location of the occurrence and the date of the accident.

(i) The type or nature of treatment care or attendance sought and the justification for such treatment. *If the employee is under the care of a physician for the injury identified in paragraph (c), a copy of the physician's request, authorization, or recommendation for treatment, care, or attendant care must accompany the petition.*

(j) Specific explanation of any other disputed issue that a judge of compensation claims will be called to rule upon.

(k) Any other information and documentation the Deputy Chief Judge may require by rule.

(3) A petition for benefits may contain a claim for past benefits and continuing benefits in any benefit category, but is limited to those in default and ripe, due, and owing on the date the petition is filed. If the employer has elected to satisfy its obligation to provide medical treatment, care, and attendance through a managed care arrangement designated under this chapter, the employee must exhaust all managed care grievance procedures before filing a petition for benefits under this section.

(4) *The dismissal of any petition or portion of the petition under this section is without prejudice and does not require a hearing.*

(5)(4) The petition must include a certification by the claimant or, if the claimant is represented by counsel, the claimant's attorney, stating that the claimant, or attorney if the claimant is represented by counsel, has made a good faith effort to resolve the dispute and that the claimant or attorney was unable to resolve the dispute with the carrier.

(6)(6) All motions to dismiss must state with particularity the basis for the motion. The judge of compensation claims shall enter an order upon such motions without hearing, unless good cause for hearing is shown. When any petition or portion of a petition is dismissed for lack of specificity under this subsection, the claimant must be allowed 20 days after the date of the order of dismissal in which to file an amended petition. Any grounds for dismissal for lack of specificity under this section not asserted within 60 ~~30~~ days after receipt of the petition for benefits are thereby waived.

(7)(6) If the claimant is not represented by counsel, the Office of the Judges of Compensation Claims may request the Employee Assistance and Ombudsman Office to assist the claimant in filing a petition that meets the requirements of this section.

The carrier must list all benefits requested but not paid and explain its justification for nonpayment in the response to the petition ~~notice of denial~~. A carrier that does not deny compensability in accordance with s. 440.20(4) is deemed to have accepted the employee's injuries as compensable, unless it can establish material facts relevant to the issue of compensability that could not have been discovered through reasonable investigation within the 120-day period. The carrier shall provide copies of the response ~~notice~~ to the filing party, employer, and claimant by certified mail.

Section 15. Subsections (4) and (11) of section 440.20, Florida Statutes, are amended to read:

440.20 Time for payment of compensation; penalties for late payment.—

(4) If the carrier is uncertain of its obligation to provide benefits or compensation, it may initiate payment without prejudice and without admitting liability. The carrier shall immediately and in good faith commence investigation of the employee's entitlement to benefits under this chapter and shall admit or deny compensability within 120 days after the initial provision of compensation or benefits as required by subsection (2) or s. 440.192(8). Upon commencement of payment as required by subsection (2) or s. 440.192(8), the carrier shall provide written notice to the employee that it has elected to pay all or part of the claim pending further investigation, and that it will advise the employee of claim acceptance or denial within 120 days. A carrier that fails to deny compensability within 120 days after the initial provision of benefits or payment of compensation, as required by subsection (2) or s. 440.192(8), waives the right to deny compensability, unless the carrier can establish material facts relevant to the issue of compensability that it could not have discovered through reasonable investigation within the 120-day period. *The initial provision of compensation or benefits, for purposes of this subsection, shall mean the first installment of compensation or benefits to be paid by the carrier under subsection (2) or pursuant to a petition of benefits under s. 440.192(8).*

(11)(a) *When a claimant is not represented by counsel, upon joint petition of all interested parties, a lump-sum payment in exchange for the employer's or carrier's release from liability for future medical expenses, as well as future payments of compensation expenses and any other benefits provided under this chapter, shall be allowed at any time in any case in which the employer or carrier has filed a written notice of denial within 120 days after the employer receives notice date of the injury, and the judge of compensation claims at a hearing to consider the settlement proposal finds a justiciable controversy as to legal or medical compensability of the claimed injury or the alleged accident. The employer or carrier may not pay any attorney's fees on behalf of the claimant for any settlement under this section unless expressly authorized elsewhere in this chapter. Upon the joint petition of all interested parties and after giving due consideration to the interests of all interested parties, the judge of compensation claims may enter a compensation order approving and authorizing the discharge of the liability of the employer for compensation and remedial treatment, care, and attendance, as well*

as rehabilitation expenses, by the payment of a lump sum. Such a compensation order so entered upon joint petition of all interested parties is not subject to modification or review under s. 440.28. If the settlement proposal together with supporting evidence is not approved by the judge of compensation claims, it shall be considered void. Upon approval of a lump-sum settlement under this subsection, the judge of compensation claims shall send a report to the Chief Judge of the amount of the settlement and a statement of the nature of the controversy. The Chief Judge shall keep a record of all such reports filed by each judge of compensation claims and shall submit to the Legislature a summary of all such reports filed under this subsection annually by September 15.

(b) *When a claimant is not represented by counsel*, upon joint petition of all interested parties, a lump-sum payment in exchange for the employer's or carrier's release from liability for future medical expenses, as well as future payments of compensation and rehabilitation expenses, and any other benefits provided under this chapter, may be allowed at any time in any case after the injured employee has attained maximum medical improvement. An employer or carrier may not pay any attorney's fees on behalf of the claimant for any settlement, unless expressly authorized elsewhere in this chapter. A compensation order so entered upon joint petition of all interested parties shall not be subject to modification or review under s. 440.28. However, a judge of compensation claims is not required to approve any award for lump-sum payment when it is determined by the judge of compensation claims that the payment being made is in excess of the value of benefits the claimant would be entitled to under this chapter. The judge of compensation claims shall make or cause to be made such investigations as she or he considers necessary, in each case in which the parties have stipulated that a proposed final settlement of liability of the employer for compensation shall not be subject to modification or review under s. 440.28, to determine whether such final disposition will definitely aid the rehabilitation of the injured worker or otherwise is clearly for the best interests of the person entitled to compensation and, in her or his discretion, may have an investigation made by the Rehabilitation Section of the Division of Workers' Compensation. The joint petition and the report of any investigation so made will be deemed a part of the proceeding. An employer shall have the right to appear at any hearing pursuant to this subsection which relates to the discharge of such employer's liability and to present testimony at such hearing. The carrier shall provide reasonable notice to the employer of the time and date of any such hearing and inform the employer of her or his rights to appear and testify. ~~When the claimant is represented by counsel or when the claimant and carrier or employer are represented by counsel, final approval of the lump-sum settlement agreement, as provided for in a joint petition and stipulation, shall be approved by entry of an order within 7 days after the filing of such joint petition and stipulation without a hearing, unless the judge of compensation claims determines, in her or his discretion, that additional testimony is needed before such settlement can be approved or disapproved and so notifies the parties.~~ The probability of the death of the injured employee or other person entitled to compensation before the expiration of the period during which such person is entitled to compensation shall, in the absence of special circumstances making such course improper, be determined in accordance with the most recent United States Life Tables published by the National Office of Vital Statistics of the United States Department of Health and Human Services. The probability of the happening of any other contingency affecting the amount or duration of the compensation, except the possibility of the remarriage of a surviving spouse, shall be disregarded. As a condition of approving a lump-sum payment to a surviving spouse, the judge of compensation claims, in the judge of compensation claims' discretion, may require security which will ensure that, in the event of the remarriage of such surviving spouse, any unaccrued future payments so paid may be recovered or recouped by the employer or carrier. Such applications shall be considered and determined in accordance with s. 440.25.

(c) *Notwithstanding s. 440.21(2), when a claimant is represented by counsel, the claimant may waive all rights to all benefits under this chapter by entering into a settlement agreement releasing the employer and the carrier from liability for workers' compensation benefits in exchange for a lump-sum payment to the claimant. The settlement agreement requires approval by the judge of compensation claims only as to the attorney's fees paid to the claimant's attorney by the claimant. The judge of compensation claims shall not approve settlement proposals, including any stipulations or agreements between the parties or between a claimant and his or her attorney related to the settlement proposal, which provide for an attorney's fee in excess of the amount permitted in s. 440.34. The parties need not submit any information or documentation in support of*

the settlement, except as needed to justify the amount of the attorney's fees. Neither the employer nor the carrier is responsible for any attorney's fees relating to the settlement and release of claims under this section. Payment of the lump-sum settlement amount must be made within 14 days after the date the judge of compensation claims mails the order approving the attorney's fees. Any order entered by a judge of compensation claims approving the attorney's fees as set out in the settlement under this subsection is not considered to be an award and is not subject to modification or review. The judge of compensation claims shall report these settlements to the chief judge in accordance with the requirements set forth in s. 440.11(a) and (b). Settlements entered into under this subsection are valid and apply to all dates of accident.

(d) *With respect to any lump-sum settlement under this subsection, a judge of compensation claims must consider whether the settlement provides for appropriate recovery of any child-support arrearage. Neither the employer nor the carrier has a duty to investigate or collect information regarding child-support arrearages.*

(e)(e) This section applies to all claims that the parties have not previously settled, regardless of the date of accident.

Section 16. Subsections (1), (2), (3), and (4) of section 440.25, Florida Statutes, are amended to read:

(c) *If an electric utility demonstrates by competent substantial evidence that it meets all criteria for approval of an application for a development permit for the location, construction, and operation of a substation, the local government may not deny the application unless the preponderance of the evidence applying a strict scrutiny standard of review demonstrates the application does not meet the requirements of the comprehensive plan or applicable land development regulations.*

Senator Sullivan moved the following amendment which was adopted:

Amendment 1 (021836)(with title amendment)—Delete everything after the enacting clause and insert:

Section 1. Section 240.3836, Florida Statutes, is amended to read:

240.3836 Site-determined baccalaureate degree access program; funding.—

(1) The Legislature recognizes that public and private postsecondary education institutions play essential roles in improving the quality of life and economic well-being of the state and its residents. The Legislature also recognizes that economic development needs and the educational needs of place-bound, nontraditional students have increased the demand for local access to baccalaureate degree programs. In some, but not all, geographic regions, baccalaureate degree programs are being delivered successfully at the local community college through agreements between the community college and 4-year postsecondary institutions within or outside of the state. It is therefore the intent of the Legislature to further expand access to baccalaureate degree programs through the use of community colleges ~~apply this concept in the creation and funding of a program that supports local economic development and responds to public demand for increased access to baccalaureate degrees in areas of the state that are underserved by 4-year institutions.~~

(2) A community college may be authorized by the State Board of Education to offer a limited number of baccalaureate degrees designed to meet local workforce needs through one of the following processes:

(a) A community college may enter into a formal agreement with the state university in its service area for the community college to deliver specified baccalaureate degree programs. The agreement must be submitted to the State Board of Education for approval. The college’s proposal must include the following information:

1. Demand for the baccalaureate degree program is identified by the workforce development board, local businesses and industry, local chambers of commerce, and potential students.

2. Unmet need for graduates of the proposed degree program is substantiated.

3. The community college has the facilities and academic resources to deliver the program.

The proposal must be submitted to the Postsecondary Education Planning Commission for review and comment. Upon approval of the State Board of Education for the specific degree program or programs, the college shall pursue regional accreditation by the Commission on Colleges of the Southern Association of Colleges and Schools. Any additional baccalaureate degree programs the college wishes to offer must be approved by the State Board of Education.

(b) A community college may develop a proposal to deliver specified baccalaureate degree programs in its district. The proposal must be submitted to the State Board of Education for approval. The college’s proposal must include the following information:

1. Demand for the baccalaureate degree program is identified by the workforce development board, local businesses and industry, local chambers of commerce, and potential students.

2. Unmet need for graduates of the proposed degree program is substantiated.

3. *The community college has the facilities and academic resources to deliver the program.*

The proposal must be submitted to the Postsecondary Education Planning Commission for review and comment. Upon approval of the State Board of Education for the specific degree program or programs, the college shall pursue regional accreditation by the Commission on Colleges of the Southern Association of Colleges and Schools. Any additional baccalaureate degree programs the college wishes to offer must be approved by the State Board of Education.

(3) *A community college may not terminate its Associate-in-Arts or Associate-in-Science degree programs as a result of the authorization provided in subsection (2). The Legislature intends that the primary mission of a community college, including a college that offers baccalaureate-degree programs, continues to be the provision of associate degrees that provide access to a university.*

(2) ~~Categorical funding is authorized for the site-determined baccalaureate degree access program created by this section. Funds may not be used to support the construction, renovation, or remodeling of facilities. This program is voluntary and does not preclude other mutually agreed-upon arrangements between community colleges and 4-year institutions for the delivery of baccalaureate degrees on community college sites.~~

(3) ~~Each community college wishing to participate in the site-determined baccalaureate degree access program must:~~

(a) ~~Identify baccalaureate degree programs that are not currently offered at the community college but are proposed for delivery at the college to meet the academic and economic development needs of one or more communities within the college's service area. When assessing local needs, the college should seek input from the appropriate chamber of commerce, workforce development council, and other civic and business groups. As used in this section, the term "economic development" means entrepreneurial efforts, the attraction of new business and industry to the area, and the expansion of existing business and industry.~~

(b) ~~Determine the number of students interested in pursuing each proposed baccalaureate degree program and identify the enrollment patterns, any special characteristics of those students, and any unique combination or modification of course offerings that may be necessary to meet student enrollment needs.~~

(c) ~~Submit a proposal to the Postsecondary Education Planning Commission requesting validation of the need for the proposed baccalaureate degree program and tentative approval for program funding. The proposal must include:~~

1. ~~A description of each proposed baccalaureate degree program identifying the junior-level and senior-level courses to be offered and designating whether the program should be offered for a cohort group or as an ongoing degree program.~~

2. ~~Evidence that local occupational forecasts support the existence of jobs for graduates of the proposed baccalaureate degree programs.~~

3. ~~An estimated number of students to be served by each proposed degree program.~~

4. ~~An assurance that the community college's existing facilities are sufficient to meet the additional demands for classroom and laboratory space for the proposed degree programs.~~

5. ~~Evidence that the college has requested the participation of no fewer than three regionally accredited 4-year postsecondary institutions, including at least one member of the State University System. Any member of the State University System and any independent, regionally accredited, 4-year institution that is chartered in, and has its primary campus located in, Florida may be a partner in a site-determined baccalaureate degree access program at any community college.~~

6. ~~A tentative agreement between the community college and the 4-year postsecondary institution selected to offer the upper-level courses leading to the proposed degree or degrees.~~

7. ~~Any additional provisions that the Postsecondary Education Planning Commission considers pertinent to the proposal.~~

(4) ~~The Postsecondary Education Planning Commission, after soliciting comments from the Board of Regents and the State Board of Community Colleges, shall validate the need for each baccalaureate degree program proposed for delivery according to this section and shall notify the community college that its proposal has been approved or rejected. The commission shall establish procedures for the timely submission, review, and approval of the proposals and agreements required by this section. These procedures must be designed to allow the initiation of approved baccalaureate degree programs at least 3 times each fiscal year.~~

(5) ~~Once the Postsecondary Education Planning Commission validates the need for the proposed baccalaureate degree program and notifies the community college that its proposal has been approved, the community college shall finalize an agreement with the regionally accredited, public or nonpublic, 4-year postsecondary institution selected to provide the upper-level instructional services in the approved baccalaureate degree program. The commission shall identify the common aspects that each agreement must address, including, but not limited to:~~

(a) ~~A course delivery pattern based on the student enrollment patterns and characteristics included in the approved proposal.~~

(b) ~~An articulation provision that guarantees acceptance of students who hold an associate in arts or associate in science degree and satisfy any other prerequisites for admission to the specific baccalaureate degree program.~~

(c) ~~The provision of library services and student support services.~~

(d) ~~An agreement that the participating 4-year postsecondary institution will continue offering instructional services at least until all qualified members of the initial group of students have had an opportunity to complete the degree program.~~

(e) ~~The specific and measurable performance criteria that the Postsecondary Education Planning Commission may use to evaluate the outcomes and outputs of the baccalaureate degree program within an identified timeframe.~~

(f) ~~An agreement that in-state student tuition for the degree program will not exceed the matriculation fee for the State University System unless the proposal approved by the Postsecondary Education Planning Commission allows the participating institutions to charge differentiated tuition and fees to encourage student attendance and participation. Out-of-state students shall pay full costs. Notwithstanding s. 240.605, students participating in a site-determined baccalaureate degree program may not receive a Florida Resident Access Grant.~~

(6) ~~Each participating community college must submit the agreement required by this section to the Postsecondary Education Planning Commission for review and final approval before initiating an approved site-determined baccalaureate degree access program. Subject to the availability of legislative appropriations specifically provided for this purpose, the Postsecondary Education Planning Commission must recommend to the Commissioner of Education the total funds to be released to each participating community college for the initiation of the approved site-determined baccalaureate degree access program. The community college shall distribute funds to the participating 4-year postsecondary institution at the rate specified in the approved agreement. The Postsecondary Education Planning Commission shall not recommend the release of funding for any program that is terminated before or after the evaluation required by this section. The total funds to be released for the initiation of an approved program shall be based on the number of fundable upper-level student credit hours for each term. Unless otherwise provided in an appropriations act, the funding per credit hour shall be an amount equal to the state funds, excluding student fees, appropriated to the State University System for each full-time equivalent student enrolled in upper-level course work. Student credit hours funded under this program may not be duplicated in any other calculation of state funding for the 4-year institution.~~

(7) ~~The Postsecondary Education Planning Commission may require the participating community colleges and 4-year postsecondary institutions to submit information necessary to monitor the annual performance of the program. Within 90 days after the 2nd and 4th year of the site-determined baccalaureate degree access program, the commission shall submit to the chairs of the education and fiscal committees of the Legislature a progress report, including an evaluation of the funding~~

mechanism created by this section. The commission shall review each site-determined baccalaureate degree access program funded under this section to ascertain whether the performance measures specified in the agreement between the participating community college and the 4-year institution have been met. Each program must be reviewed 4 years after initiation unless a shorter timeframe is specified in the agreement. The performance measures must include the student graduation rate, the employment rate of program graduates both within and outside the community college service area, the continuing need to offer the specific baccalaureate degree program in the community college service area, and such other information as the Postsecondary Education Planning Commission may determine necessary for program and performance evaluation. Based on its evaluation, the commission shall either approve continuation of the program, require modifications prior to program approval, or recommend that the participating institutions terminate the program after all qualified members of the initial group of students have an opportunity to complete the degree program. The commission must submit to the Commissioner of Education for inclusion in the legislative budget a request for funding for approved site-determined baccalaureate degree access programs.

(8) If no accredited 4-year institution is willing to provide a baccalaureate degree program approved by the Postsecondary Education Planning Commission under this section, the community college board of trustees may ask the commission to evaluate the college's request to offer the degree program. If the commission is satisfied that the community college should offer the degree program, it shall recommend to the Legislature the enactment of statutory authority for the community college to offer that specific baccalaureate degree program.

(a) *To provide a quality education to students of high ability who, because of their ability, deserve a program of study that is both demanding and stimulating.*

(b) *To engage in undergraduate educational reform by combining educational innovation with educational excellence.*

(c) *To provide programs of study that allow students to design their educational experience as much as possible in accordance with their individual interests, values, and abilities.*

Section 6. *Legislative intent.—The Legislature intends to create an innovative means to increase access to baccalaureate-degree-level education in populous counties that are underserved by public baccalaureate-degree-granting institutions. This education is intended to address the state’s workforce needs, especially the need for teachers, nurses, and business managers in agencies and firms that require expertise in technology.*

Section 7. *St. Petersburg College; mission.*—*St. Petersburg Junior College is redesignated as St. Petersburg College. The college shall immediately seek accreditation from the Southern Association of Colleges and Schools as a baccalaureate-degree-granting college.*

(1) *The primary mission of St. Petersburg College is to provide high-quality undergraduate education at an affordable price for students and the state. The purpose is to promote economic development by preparing people for occupations that require a bachelor's degree and are in demand by existing or emerging public and private employers in this state.*

(3) *St. Petersburg College shall maintain the distinction between the college and its university center. St. Petersburg College is limited to community college programs and to selected baccalaureate-degree-level programs that meet community needs and are authorized as provided by this act. The University Center may make available more diverse program offerings, but those programs are offered by a participating college or university and are not to be classified or funded as a program of St. Petersburg College.*

(4) *The academic policies of the upper-division program at St. Petersburg College must be in accordance with policies of the State University System.*

(2) *The Board of Trustees of St. Petersburg College shall establish the level of matriculation, tuition, and other authorized student fees.*

(a) *For each credit hour of enrollment in a certificate-level course or lower-division-level college credit course, matriculation and tuition fees must be within the range authorized in law and rule for a community college student at that level.*

(b) *For each credit hour of enrollment in an upper-division-level course, matriculation and tuition fees must be in an amount established by the Board of Trustees of St. Petersburg College. However, fees for upper-division students must reflect the fact that the college does not incur the costs of major research programs. Therefore, the board shall establish fees for upper-division students within a range that is lower than the fees established for students at a public university but higher than the fees for community college students.*

(c) *Other mandatory fees and local fees must be at the same level for all lower division students. For upper division students, other mandatory fees and local fees must be at a level less than fees established for University of South Florida students, regardless of program enrollment or level. However, students in workforce development education courses maintain the authorized fee exemptions described in section 239.117, Florida Statutes, and may be exempt from local fees imposed by the Board of Trustees, at the board's discretion.*

The board shall base the selection on an analysis of workforce needs and opportunities in the following counties: Pinellas, Pasco, Hernando, and other counties approved by the Florida Department of Education. For each program selected, St. Petersburg College must offer a related Associate-in-Science or Associate-in-Applied-Science degree program, and the baccalaureate-degree-level program must be designed to articulate fully with at least one Associate-in-Science degree program. The college is encouraged to develop articulation agreements for enrollment of graduates of related Associate-in-Applied-Science degree programs.*

(2) *St. Petersburg College may offer courses that enable teachers to qualify for certification and recertification as required by law or rule.*

(3) *The college may offer programs to provide opportunities for a person who holds a baccalaureate degree, but is not certified to teach, to obtain any additional courses required for teacher certification.*

(4) *Masters-degree-level programs and doctoral programs may be provided by agreement with a college or university participating in the University Center of St. Petersburg College.*

(5) *For those students living outside Pinellas County, St. Petersburg College shall recruit for the upper-division only those students who have earned an associate degree. In recruiting upper division students in Pasco and Hernando Counties, St. Petersburg College shall work cooperatively with Pasco-Hernando Community College and shall seek to offer courses and programs at Pasco-Hernando Community College when feasible. The nursing programs, in particular, must be conducted cooperatively, and programs at St. Petersburg College shall not conflict with Pasco-Hernando Community College's and the University of South Florida's cooperative nursing program.*

Section 10. *St. Petersburg College; boards.*—

(1) *The Board of Trustees of St. Petersburg Junior College is renamed the Board of Trustees of St. Petersburg College and serves as its governing board. (3) *The Board of Trustees of St. Petersburg College may continue to award degrees, diplomas, and certificates as authorized for St. Petersburg Junior College, and in the name of St. Petersburg Junior College, until St. Petersburg College receives its accreditation.*

(4) *A coordinating board shall assist the Board of Trustees in its deliberations concerning issues that affect the upper division of the college. The coordinating board consists of the President of the University of South Florida, the President of St. Petersburg College, the President of Pasco-Hernando Community College, and the chairpersons of the boards of trustees of those institutions.*

(5) *Beginning 4 years after the college receives accreditation to offer baccalaureate degrees, the Board of Trustees of St. Petersburg College may determine additional programs to be offered, with the approval of the coordinating board. The determination must consider community needs and economic opportunities.*

(6) *The coordinating board shall meet at the request of the President of the University of South Florida or the President of St. Petersburg College.*

(7) *If the coordinating board cannot decide an issue of importance to the programs designed for upper-division students, the chief educational officer of this state shall resolve the issue.*

The municipalities of Pinellas County, the Board of County Commissioners of Pinellas County, and all other governmental entities are authorized to cooperate with the Board of Trustees in establishing this institution. The acquisition and donation of lands, buildings, and equipment for the use of St. Petersburg College are authorized as a public purpose. The Board of County Commissioners of Pinellas County and all municipalities in Pinellas County may exercise the power of eminent domain to acquire lands, buildings, and equipment for the use of St. Petersburg College, regardless of whether such lands, buildings, and equipment are located in a community redevelopment area.*

Section 13. *St. Petersburg College; state funding.—*

(1) *The Legislature intends to fund St. Petersburg College as a community college for its workforce development education programs and for its lower-division-level college credit courses and programs.*

(2) *The Legislature intends to fund St. Petersburg College as a baccalaureate-degree-level institution for its upper-division-level courses and programs.*

(3) *During the 2001-2002 fiscal year, St. Petersburg College shall estimate the appropriate level of funding for these programs. By March 1, 2002, the college shall complete a cost study and shall submit to the Legislature a proposal for cost accounting and legislative budget requests designed to acknowledge its unique classification. The cost study must indicate actual costs projected for the first 4 years of operation as a baccalaureate-level institution, with the first students expected to enroll in the upper division in fall semester of 2002.*

Section 14. *Nothing contained within this act shall be construed to adversely impact the accreditation of the University of South Florida.*

212.08 Sales, rental, use, consumption, distribution, and storage tax; specified exemptions.—The sale at retail, the rental, the use, the consumption, the distribution, and the storage to be used or consumed in this state of the following are hereby specifically exempt from the tax imposed by this chapter.

(4) **EXEMPTIONS; ITEMS BEARING OTHER EXCISE TAXES, ETC.**—

(a) Also exempt are:

1. Water delivered to the purchaser through pipes or conduits or delivered for irrigation purposes. The sale of drinking water in bottles, cans, or other containers, including water that contains minerals or carbonation in its natural state or water to which minerals have been added at a water treatment facility regulated by the Department of Environmental Protection or the Department of Health, is exempt. This exemption does not apply to the sale of drinking water in bottles, cans, or other containers if carbonation, ~~minerals~~, or flavorings, except those added at a water treatment facility, have been added. *Water that has been enhanced by the addition of minerals and that does not contain any added carbonation or flavorings is also exempt.*

2. All fuels used by a public or private utility, including any municipal corporation or rural electric cooperative association, in the generation of electric power or energy for sale. Fuel other than motor fuel and diesel fuel is taxable as provided in this chapter with the exception of fuel expressly exempt herein. Motor fuels and diesel fuels are taxable as provided in chapter 206, with the exception of those motor fuels and diesel fuels used by railroad locomotives or vessels to transport persons or property in interstate or foreign commerce, which are taxable under this chapter only to the extent provided herein. The basis of the tax shall be the ratio of intrastate mileage to interstate or foreign mileage traveled by the carrier's railroad locomotives or vessels that were used in interstate or foreign commerce and that had at least some Florida mileage during the previous fiscal year of the carrier, such ratio to be determined at the close of the fiscal year of the carrier. This ratio shall be

applied each month to the total Florida purchases made in this state of motor and diesel fuels to establish that portion of the total used and consumed in intrastate movement and subject to tax under this chapter. The basis for imposition of any discretionary surtax shall be set forth in s. 212.054. Fuels used exclusively in intrastate commerce do not qualify for the proration of tax.

3. The transmission or wheeling of electricity.

Section 3. Subsection (8) is added to section 201.02, Florida Statutes, to read:

201.02 Tax on deeds and other instruments relating to real property or interests in real property.—

Section 4. Paragraph (g) of subsection (10) of section 212.02, Florida Statutes, is amended to read:

(g) "Lease," "let," or "rental" also means the leasing or rental of tangible personal property and the possession or use thereof by the lessee or rentee for a consideration, without transfer of the title of such property, except as expressly provided to the contrary herein. The term "lease," "let," or "rental" does not mean hourly, daily, or mileage charges, to the extent that such charges are subject to the jurisdiction of the ~~Surface Transportation Board United States Interstate Commerce Commission~~, when such charges are paid by reason of the presence of railroad cars owned by another on the tracks of the taxpayer, or charges made pursuant to car service agreements. *The terms "lease," "let," "rental," or "license" do not include payments by a regional transmission organization operating under the jurisdiction of the Federal Energy Regulatory Commission which are made to an electric utility in connection with the regional transmission organization's use or control of the utility's high-voltage bulk transmission facilities.* However, where two taxpayers, in connection with the interchange of facilities, rent or lease property, each to the other, for use in providing or furnishing any of the services mentioned in s. 166.231, the term "lease or rental" means only the net amount of rental involved.

3. To enhance the ability of the turnpike enterprise to use best business practices employed by the private sector, the Secretary shall promulgate rules which exempt the turnpike enterprise from department rules and authorize the turnpike enterprise to employ procurement methods available to the private sector.

- (b) State employees can do the work at less cost, but sufficient positions have not been approved by the Legislature as requested in the department's most recent legislative budget request;
- (c) The work requires specialized expertise, and it would not be economical for the state to acquire, and then maintain, the expertise after the work is done;
- (d) The workload is at a peak level, and it would not be economical to acquire, and then keep, extra personnel after the workload decreases; or
- (e) The use of such entities is clearly in the public's best interest.

Such contracts shall require compliance with applicable federal and state laws, and clearly specify the product or service to be provided.

Section 3. Paragraph (k) is added to subsection (6) of section 163.3177, Florida Statutes, to read:

163.3177 Required and optional elements of comprehensive plan; studies and surveys.—

(6) In addition to the requirements of subsections (1)-(5), the comprehensive plan shall include the following elements:

(a) A future land use plan element designating proposed future general distribution, location, and extent of the uses of land for residential uses, commercial uses, industry, agriculture, recreation, conservation, education, public buildings and grounds, other public facilities, and other categories of the public and private uses of land. The future land use plan shall include standards to be followed in the control and distribution of population densities and building and structure intensities. The proposed distribution, location, and extent of the various categories of land use shall be shown on a land use map or map series which shall be supplemented by goals, policies, and measurable objectives. Each land use category shall be defined in terms of the types of uses included and specific standards for the density or intensity of use. The future land use plan shall be based upon surveys, studies, and data regarding the area, including the amount of land required to accommodate anticipated growth; the projected population of the area; the character of undeveloped land; the availability of public services; the need for redevelopment, including the renewal of blighted areas and the elimination of nonconforming uses which are inconsistent with the character of the community; and, in rural communities, the need for job creation, capital investment, and economic development that will strengthen and diversify the community's economy. The future land use plan may designate areas for future planned development use involving combinations of types of uses for which special regulations may be necessary to ensure development in accord with the principles and standards of the comprehensive plan and this act. In addition, for rural communities, the amount of land designated for future planned industrial use shall be based upon surveys and studies that reflect the need for job creation, capital investment, and the necessity to strengthen and diversify the local economies, and shall not be limited solely by the projected population of the rural community. The future land use plan of a county may also designate areas for possible future municipal incorporation. The land use maps or map series shall generally identify and depict historic district boundaries and shall designate historically significant properties meriting protection. The future land use element must clearly identify the land use categories in which public schools are an allowable use. When delineating the land use categories in which public schools are an allowable use, a local government shall include in the categories sufficient land proximate to residential development to meet the projected needs for schools in coordination with public school boards and may establish differing criteria for schools of different type or size. Each local government shall include lands contiguous to existing school sites, to the maximum extent possible, within the land use categories in which public schools are an allowable use. All comprehensive plans must comply with the school siting requirements of this paragraph no later than October 1, 1999. The failure by a local government to comply with these school siting requirements by October 1, 1999, will result in the prohibition of the local government's ability to amend the local comprehensive plan, except for plan amendments described in s. 163.3187(1)(b), until the school siting requirements are met. An amendment proposed by a local government

for purposes of identifying the land use categories in which public schools are an allowable use is exempt from the limitation on the frequency of plan amendments contained in s. 163.3187. The future land use element shall include criteria which encourage the location of schools proximate to urban residential areas to the extent possible and shall require that the local government seek to collocate public facilities, such as parks, libraries, and community centers, with schools to the extent possible.

(b) A traffic circulation element consisting of the types, locations, and extent of existing and proposed major thoroughfares and transportation routes, including bicycle and pedestrian ways. Transportation corridors, as defined in s. 334.03, may be designated in the traffic circulation element pursuant to s. 337.273. If the transportation corridors are designated, the local government may adopt a transportation corridor management ordinance.

(c) A general sanitary sewer, solid waste, drainage, potable water, and natural groundwater aquifer recharge element correlated to principles and guidelines for future land use, indicating ways to provide for future potable water, drainage, sanitary sewer, solid waste, and aquifer recharge protection requirements for the area. The element may be a detailed engineering plan including a topographic map depicting areas of prime groundwater recharge. The element shall describe the problems and needs and the general facilities that will be required for solution of the problems and needs. The element shall also include a topographic map depicting any areas adopted by a regional water management district as prime groundwater recharge areas for the Floridan or Biscayne aquifers, pursuant to s. 373.0395. These areas shall be given special consideration when the local government is engaged in zoning or considering future land use for said designated areas. For areas served by septic tanks, soil surveys shall be provided which indicate the suitability of soils for septic tanks.

(d) A conservation element for the conservation, use, and protection of natural resources in the area, including air, water, water recharge areas, wetlands, waterwells, estuarine marshes, soils, beaches, shores, flood plains, rivers, bays, lakes, harbors, forests, fisheries and wildlife, marine habitat, minerals, and other natural and environmental resources. Local governments shall assess their current, as well as projected, water needs and sources for a 10-year period. This information shall be submitted to the appropriate agencies. The land use map or map series contained in the future land use element shall generally identify and depict the following:

1. Existing and planned waterwells and cones of influence where applicable.
2. Beaches and shores, including estuarine systems.
3. Rivers, bays, lakes, flood plains, and harbors.
4. Wetlands.
5. Minerals and soils.

The land uses identified on such maps shall be consistent with applicable state law and rules.

(e) A recreation and open space element indicating a comprehensive system of public and private sites for recreation, including, but not limited to, natural reservations, parks and playgrounds, parkways, beaches and public access to beaches, open spaces, and other recreational facilities.

(f)1. A housing element consisting of standards, plans, and principles to be followed in:

- a. The provision of housing for all current and anticipated future residents of the jurisdiction.
- b. The elimination of substandard dwelling conditions.
- c. The structural and aesthetic improvement of existing housing.
- d. The provision of adequate sites for future housing, including housing for low-income, very low-income, and moderate-income families, mobile homes, and group home facilities and foster care facilities, with supporting infrastructure and public facilities.

e. Provision for relocation housing and identification of historically significant and other housing for purposes of conservation, rehabilitation, or replacement.

f. The formulation of housing implementation programs.

g. The creation or preservation of affordable housing to minimize the need for additional local services and avoid the concentration of affordable housing units only in specific areas of the jurisdiction.

The goals, objectives, and policies of the housing element must be based on the data and analysis prepared on housing needs, including the affordable housing needs assessment. State and federal housing plans prepared on behalf of the local government must be consistent with the goals, objectives, and policies of the housing element. Local governments are encouraged to utilize job training, job creation, and economic solutions to address a portion of their affordable housing concerns.

2. To assist local governments in housing data collection and analysis and assure uniform and consistent information regarding the state's housing needs, the state land planning agency shall conduct an affordable housing needs assessment for all local jurisdictions on a schedule that coordinates the implementation of the needs assessment with the evaluation and appraisal reports required by s. 163.3191. Each local government shall utilize the data and analysis from the needs assessment as one basis for the housing element of its local comprehensive plan. The agency shall allow a local government the option to perform its own needs assessment, if it uses the methodology established by the agency by rule.

(g) For those units of local government identified in s. 380.24, a coastal management element, appropriately related to the particular requirements of paragraphs (d) and (e) and meeting the requirements of s. 163.3178(2) and (3). The coastal management element shall set forth the policies that shall guide the local government's decisions and program implementation with respect to the following objectives:

1. Maintenance, restoration, and enhancement of the overall quality of the coastal zone environment, including, but not limited to, its amenities and aesthetic values.
2. Continued existence of viable populations of all species of wildlife and marine life.
3. The orderly and balanced utilization and preservation, consistent with sound conservation principles, of all living and nonliving coastal zone resources.
4. Avoidance of irreversible and irretrievable loss of coastal zone resources.
5. Ecological planning principles and assumptions to be used in the determination of suitability and extent of permitted development.
6. Proposed management and regulatory techniques.
7. Limitation of public expenditures that subsidize development in high-hazard coastal areas.
8. Protection of human life against the effects of natural disasters.
9. The orderly development, maintenance, and use of ports identified in s. 403.021(9) to facilitate deepwater commercial navigation and other related activities.
10. Preservation, including sensitive adaptive use of historic and archaeological resources.

(h)1. An intergovernmental coordination element showing relationships and stating principles and guidelines to be used in the accomplishment of coordination of the adopted comprehensive plan with the plans of school boards and other units of local government providing services but not having regulatory authority over the use of land, with the comprehensive plans of adjacent municipalities, the county, adjacent counties, or the region, and with the state comprehensive plan, as the case may require and as such adopted plans or plans in preparation may exist. This element of the local comprehensive plan shall demonstrate consideration of the particular effects of the local plan, when adopted, upon the development of adjacent municipalities, the county, adjacent

counties, or the region, or upon the state comprehensive plan, as the case may require.

a. The intergovernmental coordination element shall provide for procedures to identify and implement joint planning areas, especially for the purpose of annexation, municipal incorporation, and joint infrastructure service areas.

b. The intergovernmental coordination element shall provide for recognition of campus master plans prepared pursuant to s. 240.155.

c. The intergovernmental coordination element may provide for a voluntary dispute resolution process as established pursuant to s. 186.509 for bringing to closure in a timely manner intergovernmental disputes. A local government may develop and use an alternative local dispute resolution process for this purpose.

2. The intergovernmental coordination element shall further state principles and guidelines to be used in the accomplishment of coordination of the adopted comprehensive plan with the plans of school boards and other units of local government providing facilities and services but not having regulatory authority over the use of land. In addition, the intergovernmental coordination element shall describe joint processes for collaborative planning and decisionmaking on population projections and public school siting, the location and extension of public facilities subject to concurrency, and siting facilities with countywide significance, including locally unwanted land uses whose nature and identity are established in an agreement. Within 1 year of adopting their intergovernmental coordination elements, each county, all the municipalities within that county, the district school board, and any unit of local government service providers in that county shall establish by interlocal or other formal agreement executed by all affected entities, the joint processes described in this subparagraph consistent with their adopted intergovernmental coordination elements.

3. To foster coordination between special districts and local general-purpose governments as local general-purpose governments implement local comprehensive plans, each independent special district must submit a public facilities report to the appropriate local government as required by s. 189.415.

4. The state land planning agency shall establish a schedule for phased completion and transmittal of plan amendments to implement subparagraphs 1., 2., and 3. from all jurisdictions so as to accomplish their adoption by December 31, 1999. A local government may complete and transmit its plan amendments to carry out these provisions prior to the scheduled date established by the state land planning agency. The plan amendments are exempt from the provisions of s. 163.3187(1).

(i) The optional elements of the comprehensive plan in paragraphs (7)(a) and (b) are required elements for those municipalities having populations greater than 50,000, and those counties having populations greater than 75,000, as determined under s. 186.901.

(j) For each unit of local government within an urbanized area designated for purposes of s. 339.175, a transportation element, which shall be prepared and adopted in lieu of the requirements of paragraph (b) and paragraphs (7)(a), (b), (c), and (d) and which shall address the following issues:

1. Traffic circulation, including major thoroughfares and other routes, including bicycle and pedestrian ways.

2. All alternative modes of travel, such as public transportation, pedestrian, and bicycle travel.

3. Parking facilities.

4. Aviation, rail, seaport facilities, access to those facilities, and intermodal terminals.

5. The availability of facilities and services to serve existing land uses and the compatibility between future land use and transportation elements.

6. The capability to evacuate the coastal population prior to an impending natural disaster.

7. Airports, projected airport and aviation development, and land use compatibility around airports.

8. An identification of land use densities, building intensities, and transportation management programs to promote public transportation systems in designated public transportation corridors so as to encourage population densities sufficient to support such systems.

9. May include transportation corridors, as defined in s. 334.03, intended for future transportation facilities designated pursuant to s. 337.273. If transportation corridors are designated, the local government may adopt a transportation corridor management ordinance.

(k) *An airport master plan, and any subsequent amendments to the airport master plan, prepared by a licensed publicly owned and operated airport under section 333.06 may be incorporated into the local government comprehensive plan by the local government having jurisdiction under this act for the area in which the airport or projected airport development is located by the adoption of a comprehensive plan amendment. In the amendment to the local comprehensive plan that integrates the airport master plan, the comprehensive plan amendment shall address land use compatibility consistent with chapter 333 regarding airport zoning; the provision of regional transportation facilities for the efficient use and operation of the transportation system and airport; consistency with the local government transportation circulation element and applicable metropolitan planning organization long-range transportation plan; the execution of any necessary interlocal agreements for the purposes of the provision of public facilities and services to maintain the adopted level of service standards for facilities subject to concurrency; and may address airport-related or aviation-related development. Development or expansion of an airport consistent with the adopted airport master plan that has been incorporated into the local comprehensive plan in compliance with this part, and airport-related or aviation-related development that has been addressed in the comprehensive plan amendment that incorporates the airport master plan shall not be a development of regional impact.*

Section 5. Section 189.441, Florida Statutes, is amended to read:

For electrical work, local government must competitively award to an appropriately licensed contractor each project that is estimated in accordance with generally accepted cost-accounting principles to have a cost of more than \$50,000. As used in this section, the term "competitively award" means to award contracts based on the submission of sealed bids, proposals submitted in response to a request for proposal, proposals submitted in response to a request for qualifications, or proposals submitted for competitive negotiation. This subsection expressly allows contracts for construction management services, design/build contracts, continuation contracts based on unit prices, and any other contract arrangement with a private sector contractor permitted by any applicable municipal or county ordinance, by district resolution, or by state law. 4. To construction, remodeling, repair, or improvement by a utility commission whose major contracts are to construct and operate a public electric utility system.

5. When the project is undertaken as repair or maintenance of an existing public facility.

6. When the project is undertaken exclusively as part of a public educational program.

7. When the funding source of the project will be diminished or lost because the time required to competitively award the project after the funds become available exceeds the time within which the funding source must be spent.

8. When the local government has competitively awarded a project to a private sector contractor and the contractor has abandoned the project before completion or the local government has terminated the contract.

9. When the governing board of the local government, after public notice, conducts a public meeting under s. 286.011 and finds by a majority vote of the governing board that it is in the public's best interest to perform the project using its own services, employees, and equipment. The public notice must be published at least 14 days prior to the date of the public meeting at which the governing board takes final action to apply this subparagraph. The notice must identify the project, the estimated cost of the project, and specify that the purpose for the public meeting is to consider whether it is in the public's best interest to perform the project using the local government's own services, employees, and equipment. In deciding whether it is in the public's best interest for local government to perform a project using its own services, employees, and equipment, the governing board may consider the cost of the project, whether the project requires an increase in the number of government employees, an increase in capital expenditures for public facilities, equipment or other capital assets, the impact on local economic development, the impact on small and minority business owners, the impact on state and local tax revenues, whether the private sector contractors provide health insurance and other benefits equivalent to those provided by the local government, and any other factor relevant to what is in the public's best interest.

10. When the governing board of the local government determines upon consideration of specific substantive criteria and administrative procedures that it is in the best interest of the local government to award the project to an appropriately licensed private sector contractor according to procedures established by and expressly set forth in a charter, ordinance, or resolution of the local government adopted prior to July 1, 1994. The criteria and procedures must be set out in the charter, ordinance, or resolution and must be applied uniformly by the local government to avoid award of any project in an arbitrary or capricious manner. This exception shall apply when all of the following occur:

- a. When the governing board of the local government, after public notice, conducts a public meeting under s. 286.011 and finds by a two-

thirds vote of the governing board that it is in the public's best interest to award the project according to the criteria and procedures established by charter, ordinance, or resolution. The public notice must be published at least 14 days prior to the date of the public meeting at which the governing board takes final action to apply this subparagraph. The notice must identify the project, the estimated cost of the project, and specify that the purpose for the public meeting is to consider whether it is in the public's best interest to award the project using the criteria and procedures permitted by the preexisting ordinance.

b. In the event the project is to be awarded by any method other than a competitive selection process, the governing board must find evidence that:

(I) There is one appropriately licensed contractor who is uniquely qualified to undertake the project because that contractor is currently under contract to perform work that is affiliated with the project; or

(II) The time to competitively award the project will jeopardize the funding for the project, or will materially increase the cost of the project or will create an undue hardship on the public health, safety, or welfare.

c. In the event the project is to be awarded by any method other than a competitive selection process, the published notice must clearly specify the ordinance or resolution by which the private sector contractor will be selected and the criteria to be considered.

d. In the event the project is to be awarded by a method other than a competitive selection process, the architect or engineer of record has provided a written recommendation that the project be awarded to the private sector contractor without competitive selection; and the consideration by, and the justification of, the government body are documented, in writing, in the project file and are presented to the governing board prior to the approval required in this paragraph.

11. *To projects subject to chapter 336.*

fixed-guideway project which is not approved for federal funding shall not exceed an amount equal to 12.5 percent of the total cost of each phase.

~~(b) The Department of Transportation shall develop a major capital investment policy which shall include policy criteria and guidelines for the expenditure or commitment of state funds for public transit capital projects. The policy shall include the following:~~

~~1. Methods to be used to determine consistency of a transit project with the approved local government comprehensive plans of the units of local government in which the project is located.~~

~~2. Methods for evaluating the level of local commitment to a transit project, which is to be demonstrated through system planning and the development of a feasible plan to fund operating cost through fares, value capture techniques such as joint development and special districts, or other local funding mechanisms.~~

~~3. Methods for evaluating alternative transit systems including an analysis of technology and alternative methods for providing transit services in the corridor.~~

Section 52. Subsections (1) through (6) and subsection (8) of section 373.4137, Florida Statutes, are amended, and subsection (9) is added to said section, to read:

373.4137 Mitigation requirements.—

(1) The Legislature finds that environmental mitigation for the impact of transportation projects proposed by the Department of Transportation or a transportation authority established pursuant to chapter 348 or chapter 349 can be more effectively achieved by regional, long-range mitigation planning rather than on a project-by-project basis. It is the intent of the Legislature that mitigation to offset the adverse effects of these transportation projects be funded by the Department of Transportation and be carried out by the Department of Environmental Protection and the water management districts, including the use of mitigation banks established pursuant to this part.

(2) Environmental impact inventories for transportation projects proposed by the Department of Transportation or a transportation authority established pursuant to chapter 348 or chapter 349 shall be developed as follows:

(a) By May 1 of each year, the Department of Transportation or a transportation authority established pursuant to chapter 348 or chapter 349 shall submit to the Department of Environmental Protection and the water management districts a copy of its adopted work program and an inventory of habitats addressed in the rules tentatively, pursuant to this part and s. 404 of the Clean Water Act, 33 U.S.C. s. 1344, which may be impacted by its plan of construction for transportation projects in the next 3 years of the tentative work program. The Department of Transportation or a transportation authority established pursuant to chapter 348 or chapter 349 may also include in its inventory the habitat impacts of any future transportation project identified in the tentative work program.

(b) The environmental impact inventory shall include a description of these habitat impacts, including their location, acreage, and type; state water quality classification of impacted wetlands and other surface waters; any other state or regional designations for these habitats; and a survey of threatened species, endangered species, and species of special concern affected by the proposed project.

(3)(a) To fund the mitigation plan for the projected impacts identified in the inventory described in subsection (2), the Department of Transportation shall identify funds quarterly in an escrow account within the State Transportation Trust Fund for the environmental mitigation phase of projects budgeted by the Department of Transportation for the current fiscal year. The escrow account will be maintained by the Department of Transportation for the benefit of the Department of Environmental Protection and the water management districts. Any interest earnings from the escrow account shall remain with the Department of Transportation.

(b) Each transportation authority established pursuant to chapter 348 or chapter 349 that chooses to participate in this program shall create an escrow account within its financial structure and deposit funds in the account to pay for the environmental mitigation phase of projects budgeted for the current fiscal year. The escrow account will be maintained by the authority for the benefit of the Department of Environmental Protection and the water management districts. Any interest earnings from the escrow account shall remain with the authority.

(c) The Department of Environmental Protection or water management districts may request a transfer of funds from an the escrow account no sooner than 30 days prior to the date the funds are needed to pay for activities associated with development or implementation of the approved mitigation plan described in subsection (4) for the current fiscal year, including, but not limited to, design, engineering, production, and staff support. Actual conceptual plan preparation costs incurred before plan approval may be submitted to the Department of Transportation or the appropriate transportation authority and the Department of Environmental Protection by November 1 of each year with the plan. The conceptual plan preparation costs of each water management district will be paid based on the amount approved on the mitigation plan and allocated to the current fiscal year projects identified by the water management district. The amount transferred to the escrow accounts account each year by the Department of Transportation and participating transportation authorities established pursuant to chapter 348 or chapter 349 shall correspond to a cost per acre of \$75,000 multiplied by

the projected acres of impact identified in the inventory described in subsection (2). However, the \$75,000 cost per acre does not constitute an admission against interest by the state or its subdivisions nor is the cost admissible as evidence of full compensation for any property acquired by eminent domain or through inverse condemnation. Each July 1, the cost per acre shall be adjusted by the percentage change in the average of the Consumer Price Index issued by the United States Department of Labor for the most recent 12-month period ending September 30, compared to the base year average, which is the average for the 12-month period ending September 30, 1996. At the end of each year, the projected acreage of impact shall be reconciled with the acreage of impact of projects as permitted, including permit modifications, pursuant to this part and s. 404 of the Clean Water Act, 33 U.S.C. s. 1344. The subject year's transfer of funds shall be adjusted accordingly to reflect the overtransfer or undertransfer of funds from the preceding year. The Department of Transportation and participating transportation authorities established pursuant to chapter 348 or chapter 349 are authorized to transfer such funds from the escrow accounts ~~account~~ to the Department of Environmental Protection and the water management districts to carry out the mitigation programs.

(4) Prior to December 1 of each year, each water management district, in consultation with the Department of Environmental Protection, the United States Army Corps of Engineers, the Department of Transportation, transportation authorities established pursuant to chapter 348 or chapter 349, and other appropriate federal, state, and local governments, and other interested parties, including entities operating mitigation banks, shall develop a plan for the primary purpose of complying with the mitigation requirements adopted pursuant to this part and 33 U.S.C. s. 1344. This plan shall also address significant invasive plant problems within wetlands and other surface waters. In developing such plans, the districts shall utilize sound ecosystem management practices to address significant water resource needs and shall focus on activities of the Department of Environmental Protection and the water management districts, such as surface water improvement and management (SWIM) waterbodies and lands identified for potential acquisition for preservation, restoration, and enhancement, to the extent that such activities comply with the mitigation requirements adopted under this part and 33 U.S.C. s. 1344. In determining the activities to be included in such plans, the districts shall also consider the purchase of credits from public or private mitigation banks permitted under s. 373.4136 and associated federal authorization and shall include such purchase as a part of the mitigation plan when such purchase would offset the impact of the transportation project, provide equal benefits to the water resources than other mitigation options being considered, and provide the most cost-effective mitigation option. The mitigation plan shall be preliminarily approved by the water management district governing board and shall be submitted to the secretary of the Department of Environmental Protection for review and final approval. The preliminary approval by the water management district governing board does not constitute a decision that affects substantial interests as provided by s. 120.569. At least 30 days prior to preliminary approval, the water management district shall provide a copy of the draft mitigation plan to any person who has requested a copy.

(a) For each transportation project with a funding request for the next fiscal year, the mitigation plan must include a brief explanation of why a mitigation bank was or was not chosen as a mitigation option, including an estimation of identifiable costs of the mitigation bank and nonbank options to the extent practicable.

(b) Specific projects may be excluded from the mitigation plan and shall not be subject to this section upon the agreement of the Department of Transportation, a transportation authority if applicable, the Department of Environmental Protection, and the appropriate water management district that the inclusion of such projects would hamper the efficiency or timeliness of the mitigation planning and permitting process, or the Department of Environmental Protection and the water management district are unable to identify mitigation that would offset the impacts of the project.

(c) Surface water improvement and management or invasive plant control projects undertaken using the \$12 million advance transferred from the Department of Transportation to the Department of Environmental Protection in fiscal year 1996-1997 which meet the requirements for mitigation under this part and 33 U.S.C. s. 1344 shall remain available for mitigation until the \$12 million is fully credited up to and including fiscal year 2004-2005. When these projects are used as mitigation, the \$12 million advance shall be reduced by \$75,000 per acre of

impact mitigated. For any fiscal year through and including fiscal year 2004-2005, to the extent the cost of developing and implementing the mitigation plans is less than the amount transferred pursuant to subsection (3), the difference shall be credited towards the \$12 million advance. Except as provided in this paragraph, any funds not directed to implement the mitigation plan should, to the greatest extent possible, be directed to fund invasive plant control within wetlands and other surface waters.

(5) The water management district shall be responsible for ensuring that mitigation requirements pursuant to 33 U.S.C. s. 1344 are met for the impacts identified in the inventory described in subsection (2), by implementation of the approved plan described in subsection (4) to the extent funding is provided by the Department of Transportation, or a transportation authority established pursuant to chapter 348 or chapter 349 if applicable. During the federal permitting process, the water management district may deviate from the approved mitigation plan in order to comply with federal permitting requirements.

(6) The mitigation plans plan shall be updated annually to reflect the most current Department of Transportation work program and project list of a transportation authority established pursuant to chapter 348 or chapter 349 if applicable and may be amended throughout the year to anticipate schedule changes or additional projects which may arise. Each update and amendment of the mitigation plan shall be submitted to the secretary of the Department of Environmental Protection for approval. However, such approval shall not be applicable to a deviation as described in subsection (5).

(8) This section shall not be construed to eliminate the need for the Department of Transportation or a transportation authority established pursuant to chapter 348 or chapter 349 to comply with the requirement to implement practicable design modifications, including realignment of transportation projects, to reduce or eliminate the impacts of its transportation projects on wetlands and other surface waters as required by rules adopted pursuant to this part, or to diminish the authority under this part to regulate other impacts, including water quantity or water quality impacts, or impacts regulated under this part that are not identified in the inventory described in subsection (2).

(9) The process for environmental mitigation for the impact of transportation projects under this section shall be available to an expressway, bridge, or transportation authority established under chapters 348 and 349. Use of this process may be initiated by an authority depositing the requisite funds into an escrow account set up by the authority and filing an environmental impact inventory with the appropriate water management district. An authority that initiates the environmental mitigation process established by this section shall comply with subsection (6) by timely providing the appropriate water management district and the Department of Environmental Protection with the requisite work program information. A water management district may draw down funds from the escrow account as provided in this section.

Section 53. Paragraphs (b) and (e) of subsection (19) of section 380.06, Florida Statutes, are amended, and paragraphs (i) and (j) are added to subsection (24) of said section, to read:

380.06 Developments of regional impact.—

(19) SUBSTANTIAL DEVIATIONS.—

(b) Any proposed change to a previously approved development of regional impact or development order condition which, either individually or cumulatively with other changes, exceeds any of the following criteria shall constitute a substantial deviation and shall cause the development to be subject to further development-of-regional-impact review without the necessity for a finding of same by the local government:

1. An increase in the number of parking spaces at an attraction or recreational facility by 5 percent or 300 spaces, whichever is greater, or an increase in the number of spectators that may be accommodated at such a facility by 5 percent or 1,000 spectators, whichever is greater.
3. An increase in the number of hospital beds by 5 percent or 60 beds, whichever is greater.

2. A new runway, a new terminal facility, a 25-percent lengthening of an existing runway, or a 25-percent increase in the number of gates of an existing terminal, but only if the increase adds at least three

additional gates. However, if an airport is located in two counties, a 10-percent lengthening of an existing runway or a 20-percent increase in the number of gates of an existing terminal is the applicable criteria.

3. An increase in the number of hospital beds by 5 percent or 60 beds, whichever is greater.

4. An increase in industrial development area by 5 percent or 32 acres, whichever is greater.

5. An increase in the average annual acreage mined by 5 percent or 10 acres, whichever is greater, or an increase in the average daily water consumption by a mining operation by 5 percent or 300,000 gallons, whichever is greater. An increase in the size of the mine by 5 percent or 750 acres, whichever is less.

6. An increase in land area for office development by 5 percent or 6 acres, whichever is greater, or an increase of gross floor area of office development by 5 percent or 60,000 gross square feet, whichever is greater.

~~7. An increase in the storage capacity for chemical or petroleum storage facilities by 5 percent, 20,000 barrels, or 7 million pounds, whichever is greater.~~

7.8. An increase of development at a waterport of wet storage for 20 watercraft, dry storage for 30 watercraft, or wet/dry storage for 60 watercraft in an area identified in the state marina siting plan as an appropriate site for additional waterport development or a 5-percent increase in watercraft storage capacity, whichever is greater.

8.9. An increase in the number of dwelling units by 5 percent or 50 dwelling units, whichever is greater.

9.10. An increase in commercial development by 6 acres of land area or by 50,000 square feet of gross floor area, or of parking spaces provided for customers for 300 cars or a 5-percent increase of any of these, whichever is greater.

10.11. An increase in hotel or motel facility units by 5 percent or 75 units, whichever is greater.

11.12. An increase in a recreational vehicle park area by 5 percent or 100 vehicle spaces, whichever is less.

12.13. A decrease in the area set aside for open space of 5 percent or 20 acres, whichever is less.

13.14. A proposed increase to an approved multiuse development of regional impact where the sum of the increases of each land use as a percentage of the applicable substantial deviation criteria is equal to or exceeds 100 percent. The percentage of any decrease in the amount of open space shall be treated as an increase for purposes of determining when 100 percent has been reached or exceeded.

14.15. A 15-percent increase in the number of external vehicle trips generated by the development above that which was projected during the original development-of-regional-impact review.

15.16. Any change which would result in development of any area which was specifically set aside in the application for development approval or in the development order for preservation or special protection of endangered or threatened plants or animals designated as endangered, threatened, or species of special concern and their habitat, primary dunes, or archaeological and historical sites designated as significant by the Division of Historical Resources of the Department of State. The further refinement of such areas by survey shall be considered under sub-subparagraph (e)5.b.

The substantial deviation numerical standards in subparagraphs 4., 6., 9.10., 13.14., excluding residential uses, and 14.15., are increased by 100 percent for a project certified under s. 403.973 which creates jobs and meets criteria established by the Office of Tourism, Trade, and Economic Development as to its impact on an area's economy, employment, and prevailing wage and skill levels. The substantial deviation numerical standards in subparagraphs 4., 6., 8.9., 9.10., 10.11., and 13.14. are increased by 50 percent for a project located wholly within an urban infill and redevelopment area designated on the applicable adopted local comprehensive plan future land use map and not located within the coastal high hazard area.

(e)1. A proposed change which, either individually or, if there were previous changes, cumulatively with those changes, is equal to or exceeds 40 percent of any numerical criterion in subparagraphs (b)1.-14.1.-15., but which does not exceed such criterion, shall be presumed not to create a substantial deviation subject to further development-of-regional-impact review. The presumption may be rebutted by clear and convincing evidence at the public hearing held by the local government pursuant to subparagraph (f)5.

2. Except for a development order rendered pursuant to subsection (22) or subsection (25), a proposed change to a development order that individually or cumulatively with any previous change is less than 40 percent of any numerical criterion contained in subparagraphs (b)1.-14.1.-15. and does not exceed any other criterion, or that involves an extension of the buildout date of a development, or any phase thereof, of less than 5 years is not subject to the public hearing requirements of subparagraph (f)3., and is not subject to a determination pursuant to subparagraph (f)5. Notice of the proposed change shall be made to the regional planning council and the state land planning agency. Such notice shall include a description of previous individual changes made to the development, including changes previously approved by the local government, and shall include appropriate amendments to the development order. The following changes, individually or cumulatively with any previous changes, are not substantial deviations:

a. Changes in the name of the project, developer, owner, or monitoring official.

b. Changes to a setback that do not affect noise buffers, environmental protection or mitigation areas, or archaeological or historical resources.

c. Changes to minimum lot sizes.

d. Changes in the configuration of internal roads that do not affect external access points.

e. Changes to the building design or orientation that stay approximately within the approved area designated for such building and parking lot, and which do not affect historical buildings designated as significant by the Division of Historical Resources of the Department of State.

f. Changes to increase the acreage in the development, provided that no development is proposed on the acreage to be added.

g. Changes to eliminate an approved land use, provided that there are no additional regional impacts.

h. Changes required to conform to permits approved by any federal, state, or regional permitting agency, provided that these changes do not create additional regional impacts.

i. Any other change which the state land planning agency agrees in writing is similar in nature, impact, or character to the changes enumerated in sub-subparagraphs a.-h. and which does not create the likelihood of any additional regional impact.

This subsection does not require a development order amendment for any change listed in sub-subparagraphs a.-i. unless such issue is addressed either in the existing development order or in the application for development approval, but, in the case of the application, only if, and in the manner in which, the application is incorporated in the development order.

3. Except for the change authorized by sub-subparagraph 2.f., any addition of land not previously reviewed or any change not specified in paragraph (b) or paragraph (c) shall be presumed to create a substantial deviation. This presumption may be rebutted by clear and convincing evidence.

4. Any submittal of a proposed change to a previously approved development shall include a description of individual changes previously made to the development, including changes previously approved by the local government. The local government shall consider the previous and current proposed changes in deciding whether such changes cumulatively constitute a substantial deviation requiring further development-of-regional-impact review.

5. The following changes to an approved development of regional impact shall be presumed to create a substantial deviation. Such presumption may be rebutted by clear and convincing evidence.

a. A change proposed for 15 percent or more of the acreage to a land use not previously approved in the development order. Changes of less than 15 percent shall be presumed not to create a substantial deviation.

b. Except for the types of uses listed in subparagraph (b)15.16., any change which would result in the development of any area which was specifically set aside in the application for development approval or in the development order for preservation, buffers, or special protection, including habitat for plant and animal species, archaeological and historical sites, dunes, and other special areas.

c. Notwithstanding any provision of paragraph (b) to the contrary, a proposed change consisting of simultaneous increases and decreases of at least two of the uses within an authorized multiuse development of regional impact which was originally approved with three or more uses specified in s. 380.0651(3)(b)(~~e~~), (c)(~~d~~), (e)(~~f~~), and (f)(~~g~~) and residential use.

(24) STATUTORY EXEMPTIONS.—

(i) Any proposed facility for the storage of any petroleum product is exempt from the provisions of this section, if such facility is consistent with a local comprehensive plan that is in compliance with s. 163.3177 or is consistent with a comprehensive port master plan that is in compliance with s. 163.3178.

(j) Any development or expansion of an airport consistent with the adopted airport master plan that has been incorporated into the local comprehensive plan under section 163.3177(6)(k), and airport-related or aviation-related development that has been addressed in the comprehensive plan amendment that incorporates the airport master plan, is exempt from the provisions of this section.

Section 54. Subsection (3) of section 380.0651, Florida Statutes, is amended to read:

380.0651 Statewide guidelines and standards.—

(3) The following statewide guidelines and standards shall be applied in the manner described in s. 380.06(2) to determine whether the following developments shall be required to undergo development-of-regional-impact review:

(a) Airports.—

1. Any of the following airport construction projects shall be a development of regional impact:

- a. A new commercial service or general aviation airport with paved runways.
- b. A new commercial service or general aviation paved runway.
- c. A new passenger terminal facility.

2. Lengthening of an existing runway by 25 percent or an increase in the number of gates by 25 percent or three gates, whichever is greater, on a commercial service airport or a general aviation airport with regularly scheduled flights is a development of regional impact. However, expansion of existing terminal facilities at a nonhub or small hub commercial service airport shall not be a development of regional impact.

3. Any airport development project which is proposed for safety, repair, or maintenance reasons alone and would not have the potential to increase or change existing types of aircraft activity is not a development of regional impact. Notwithstanding subparagraphs 1. and 2., renovation, modernization, or replacement of airport airside or terminal facilities that may include increases in square footage of such facilities but does not increase the number of gates or change the existing types of aircraft activity is not a development of regional impact.

(b) Attractions and recreation facilities.—Any sports, entertainment, amusement, or recreation facility, including, but not limited to, a sports arena, stadium, racetrack, tourist attraction, amusement park, or pari-mutuel facility, the construction or expansion of which:

- 1. For single performance facilities:
 - a. Provides parking spaces for more than 2,500 cars; or

b. Provides more than 10,000 permanent seats for spectators.

2. For serial performance facilities:

- a. Provides parking spaces for more than 1,000 cars; or
- b. Provides more than 4,000 permanent seats for spectators.

For purposes of this subsection, “serial performance facilities” means those using their parking areas or permanent seating more than one time per day on a regular or continuous basis.

3. For multiscreen movie theaters of at least 8 screens and 2,500 seats:

- a. Provides parking spaces for more than 1,500 cars; or
- b. Provides more than 6,000 permanent seats for spectators.

(b)(~~e~~) Industrial plants, industrial parks, and distribution, warehousing or wholesaling facilities.—Any proposed industrial, manufacturing, or processing plant, or distribution, warehousing, or wholesaling facility, excluding wholesaling developments which deal primarily with the general public onsite, under common ownership, or any proposed industrial, manufacturing, or processing activity or distribution, warehousing, or wholesaling activity, excluding wholesaling activities which deal primarily with the general public onsite, which:

1. Provides parking for more than 2,500 motor vehicles, *excluding those vehicles which may be included in wholesaling facilities’ inventory*; or

2. Occupies a site greater than 320 acres, *or for motor vehicle wholesaling facilities that conduct wholesaling sales activity no more frequently than an average each year of 3 days per week, occupies a site greater than 500 acres.*

(c)(~~d~~) Office development.—Any proposed office building or park operated under common ownership, development plan, or management that:

- 1. Encompasses 300,000 or more square feet of gross floor area; or
- 2. Has a total site size of 30 or more acres; or

3. Encompasses more than 600,000 square feet of gross floor area in a county with a population greater than 500,000 and only in a geographic area specifically designated as highly suitable for increased threshold intensity in the approved local comprehensive plan and in the strategic regional policy plan.

(d)(~~e~~) Port facilities.—The proposed construction of any waterport or marina is required to undergo development-of-regional-impact review, except one designed for:

1.a. The wet storage or mooring of fewer than 150 watercraft used exclusively for sport, pleasure, or commercial fishing, or

b. The dry storage of fewer than 200 watercraft used exclusively for sport, pleasure, or commercial fishing, or

c. The wet or dry storage or mooring of fewer than 150 watercraft on or adjacent to an inland freshwater lake except Lake Okeechobee or any lake which has been designated an Outstanding Florida Water, or

d. The wet or dry storage or mooring of fewer than 50 watercraft of 40 feet in length or less of any type or purpose. The exceptions to this paragraph’s requirements for development-of-regional-impact review shall not apply to any waterport or marina facility located within or which serves physical development located within a coastal barrier resource unit on an unbridged barrier island designated pursuant to 16 U.S.C. s. 3501.

In addition to the foregoing, for projects for which no environmental resource permit or sovereign submerged land lease is required, the Department of Environmental Protection must determine in writing that a proposed marina in excess of 10 slips or storage spaces or a combination of the two is located so that it will not adversely impact Outstanding Florida Waters or Class II waters and will not contribute boat traffic in a manner that will have an adverse impact on an area known to be, or

likely to be, frequented by manatees. If the Department of Environmental Protection fails to issue its determination within 45 days of receipt of a formal written request, it has waived its authority to make such determination. The Department of Environmental Protection determination shall constitute final agency action pursuant to chapter 120.

2. The dry storage of fewer than 300 watercraft used exclusively for sport, pleasure, or commercial fishing at a marina constructed and in operation prior to July 1, 1985.

3. Any proposed marina development with both wet and dry mooring or storage used exclusively for sport, pleasure, or commercial fishing, where the sum of percentages of the applicable wet and dry mooring or storage thresholds equals 100 percent. This threshold is in addition to, and does not preclude, a development from being required to undergo development-of-regional-impact review under sub-subparagraphs 1.a. and b. and subparagraph 2.

(e)(f) Retail and service development.—Any proposed retail, service, or wholesale business establishment or group of establishments which deals primarily with the general public onsite, operated under one common property ownership, development plan, or management that:

1. Encompasses more than 400,000 square feet of gross area;
2. Occupies more than 40 acres of land; or
3. Provides parking spaces for more than 2,500 cars.

(f)(g) Hotel or motel development.—

1. Any proposed hotel or motel development that is planned to create or accommodate 350 or more units; or

2. Any proposed hotel or motel development that is planned to create or accommodate 750 or more units, in a county with a population greater than 500,000, and only in a geographic area specifically designated as highly suitable for increased threshold intensity in the approved local comprehensive plan and in the strategic regional policy plan.

(g)(h) Recreational vehicle development.—Any proposed recreational vehicle development planned to create or accommodate 500 or more spaces.

(h)(i) Multiuse development.—Any proposed development with two or more land uses where the sum of the percentages of the appropriate thresholds identified in chapter 28-24, Florida Administrative Code, or this section for each land use in the development is equal to or greater than 145 percent. Any proposed development with three or more land uses, one of which is residential and contains at least 100 dwelling units or 15 percent of the applicable residential threshold, whichever is greater, where the sum of the percentages of the appropriate thresholds identified in chapter 28-24, Florida Administrative Code, or this section for each land use in the development is equal to or greater than 160 percent. This threshold is in addition to, and does not preclude, a development from being required to undergo development-of-regional-impact review under any other threshold.

(i)(j) Residential development.—No rule may be adopted concerning residential developments which treats a residential development in one county as being located in a less populated adjacent county unless more than 25 percent of the development is located within 2 or less miles of the less populated adjacent county.

(j)(k) Schools.—

1. The proposed construction of any public, private, or proprietary postsecondary educational campus which provides for a design population of more than 5,000 full-time equivalent students, or the proposed physical expansion of any public, private, or proprietary postsecondary educational campus having such a design population that would increase the population by at least 20 percent of the design population.

2. As used in this paragraph, “full-time equivalent student” means enrollment for 15 or more quarter hours during a single academic semester. In area vocational schools or other institutions which do not employ semester hours or quarter hours in accounting for student participation, enrollment for 18 contact hours shall be considered equivalent to one quarter hour, and enrollment for 27 contact hours shall be considered equivalent to one semester hour.

3. This paragraph does not apply to institutions which are the subject of a campus master plan adopted by the Board of Regents pursuant to s. 240.155.

Section 55. Paragraph (a) of subsection (12) of section 163.3180, Florida Statutes, is amended to read:

163.3180 Concurrency.—

(12) When authorized by a local comprehensive plan, a multiuse development of regional impact may satisfy the transportation concurrency requirements of the local comprehensive plan, the local government’s concurrency management system, and s. 380.06 by payment of a proportionate-share contribution for local and regionally significant traffic impacts, if:

(a) The development of regional impact meets or exceeds the guidelines and standards of s. 380.0651(3)(h)(i) and rule 28-24.032(2), Florida Administrative Code, and includes a residential component that contains at least 100 residential dwelling units or 15 percent of the applicable residential guideline and standard, whichever is greater;

The proportionate-share contribution may be applied to any transportation facility to satisfy the provisions of this subsection and the local comprehensive plan, but, for the purposes of this subsection, the amount of the proportionate-share contribution shall be calculated based upon the cumulative number of trips from the proposed development expected to reach roadways during the peak hour from the complete buildout of a stage or phase being approved, divided by the change in the peak hour maximum service volume of roadways resulting from construction of an improvement necessary to maintain the adopted level of service, multiplied by the construction cost, at the time of developer payment, of the improvement necessary to maintain the adopted level of service. For purposes of this subsection, “construction cost” includes all associated costs of the improvement.

Section 56. Subsection (20) of section 331.303, Florida Statutes, is amended to read:

331.303 Definitions.—

(20) “Spaceport launch facilities” shall be defined as industrial facilities in accordance with s. 380.0651(3)(b)(e) and include any launch pad, launch control center, and fixed launch-support equipment.

Section 57. Section 331.308, Florida Statutes, is amended to read:

331.308 Board of supervisors.—

(1) There is created within the Spaceport Florida Authority a board of supervisors consisting of

(a) *The Lieutenant Governor, serving as the chair;*

(b) ~~Six seven~~ regular members, ~~who shall be~~ appointed by the Governor; ~~and~~

(c) Two ex officio nonvoting members *who are members of the Legislature, one of whom shall be a state senator selected by the President of the Senate and one of whom shall be a state representative selected by the Speaker of the House of Representatives; and*

(d) *The director of the Office of Tourism, Trade, and Economic Development as an ex officio nonvoting member.*

~~Regular members are, all of whom shall be~~ subject to confirmation by the Senate at the next regular session of the Legislature, ~~and~~ each of ~~them the regular board members~~ must be a resident of the state and must have experience in the aerospace or commercial space industry or in finance or have other significant relevant experience. One regular member shall represent organized labor interests and one regular member shall represent minority interests.

(2) Each *regular* member shall serve a term of 4 years or until a successor is appointed and qualified. The term of each such member shall be construed to commence on the date of appointment and to terminate on June 30 of the year of the end of the term. Appointment to the board shall not preclude any such member from holding any other private or public position.

(3) The ex officio nonvoting legislative members shall serve on the board for 2-year terms.

(4) Any vacancy on the board shall be filled for the balance of the unexpired term.

(5) *The Lieutenant Governor is the state's space policy leader. The Lieutenant Governor may designate a regular member to serve as vice-chair and preside over board meetings in the absence of the chair and may assign proxy voting power to the director of the Office of Tourism, Trade, and Economic Development. Initial appointments shall be made no later than 60 days after this act takes effect.*

(6) ~~The board shall hold its initial meeting no later than 20 days after the members have been appointed. At its initial meeting, or as soon thereafter as is practicable, The board shall appoint an executive director. Meetings shall be held quarterly or more frequently at the call of the chair. A majority of the regular members of the board shall constitute a quorum, and a majority vote of such members present is necessary for any action taken by the board.~~

(7) The Governor ~~may~~ has the authority to remove from the board any regular member in the manner and for cause as defined by the laws of this state and applicable to situations ~~that which may~~ arise before the board. Unless excused by the chair of the board, a regular member's absence from two or more consecutive board meetings creates a vacancy in the office to which the member was appointed.

Section 58. (1) *Nothing contained in this act abridges or modifies any vested or other right or any duty or obligation pursuant to any development order or agreement which is applicable to a development of regional impact on the effective date of this act. An airport or petroleum storage facility which has received a development-of-regional-impact development order pursuant to s. 380.06, Florida Statutes 2000, but is no longer required to undergo development-of-regional-impact review by operation of this act, shall be governed by the following procedures:*

(a) *The development shall continue to be governed by the development-of-regional-impact development order, and may be completed in reliance upon and pursuant to the development order. The development-of-regional-impact development order may be enforced by the local government as provided by ss. 380.06(17) and 380.11, Florida Statutes 2000.*

(b) *If requested by the developer or landowner, the development-of-regional-impact development order may be amended or rescinded by the local government consistent with the local comprehensive plan and land development regulations and pursuant to the local government procedures governing local development orders.*

(2) *An airport or petroleum storage facility with an application for development approval pending on the effective date of this act, or a notification of proposed change pending on the effective date of this act, may elect to continue such review pursuant to s. 380.06, Florida Statutes 2000. At the conclusion of the pending review, including any appeals pursuant to s. 380.07, Florida Statutes 2000, the resulting development order shall be governed by the provisions of subsection (1).*

Section 59. *If any provision of this act or the application thereof to any person or circumstance is held invalid, the invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are declared severable.*

Section 60. Subsection (13) is added to section 475.011, Florida Statutes, to read:

475.011 Exemptions.—This part does not apply to:

(13) *Any firm that is under contract with a state or local governmental entity to provide right-of-way acquisition services for property subject to condemnation, or any employee of such a firm, if the compensation for such services is not based upon the value of the property acquired. No firm nor any employee of such a firm may engage in the practice of real estate, except those activities pursuant to a contract with a state or local governmental entity and pursuant to the exception provided in this paragraph, without meeting the licensure and qualifications requirements of chapter 475.*

Section 61. Subsection (2) of section 479.15, Florida Statutes, is amended to read:

479.15 Harmony of regulations.—

(2) A municipality, county, local zoning authority, or other local governmental entity may not remove, or cause to be removed, any lawfully erected sign along any portion of the interstate or federal-aid primary highway system without first paying just compensation for such removal. A local governmental entity may not cause in any way the alteration of any lawfully erected sign located along any portion of the interstate or federal-aid primary highway system without payment of just compensation if such alteration constitutes a taking under state law. The municipality, county, local zoning authority, or other local governmental entity promulgating requirements for such alteration must be responsible for payment of just compensation to the sign owner if such alteration constitutes a taking under state law. This subsection applies only to a lawfully erected sign the subject matter of which relates to premises other than the premises on which it is located or to merchandise, services, activities, or entertainment not sold, produced, manufactured, or furnished on the premises on which the sign is located. *For the purposes of this subsection, the term "federal-aid primary highway system" means the federal-aid primary highway system in existence on June 1, 1991, and any highway which was not on such system but which is, or hereafter becomes, a part of the National Highway System. This subsection shall not be interpreted as explicit or implicit legislative recognition that alterations do or do not constitute a taking under state law.*

Section 62. Section 479.25, Florida Statutes, is created to read:

479.25 *Application of chapter.—Nothing in this chapter shall prevent a governmental entity from entering into an agreement allowing the height above ground level of a lawfully erected sign to be increased at its permitted location if a noise attenuation barrier, visibility screen, or other highway improvement has been erected in such a way as to screen or block visibility of such a sign; provided, however, that for nonconforming signs located on the federal-aid primary highway system, as such system existed on June 1, 1991, and any highway which was not on such system but which is, or hereinafter becomes, a part of the National Highway System, such agreement must be approved by the Federal Highway Administration. Any increase in height permitted under this provision shall only be that which is required to achieve the same degree of visibility from the right-of-way that the sign had prior to the construction of the noise attenuation barrier, visibility screen, or other highway improvement.*

Section 63. Section 70.20, Florida Statutes, is created to read:

70.20 *Balancing of interests.—It is a policy of this state to encourage municipalities, counties, and other governmental entities and sign owners to enter into relocation and reconstruction agreements that allow governmental entities to undertake public projects and accomplish public goals without the expenditure of public funds, while allowing the continued maintenance of private investment in signage as a medium of commercial and noncommercial communication.*

(1) *Municipalities, counties, and all other governmental entities are specifically empowered to enter into relocation and reconstruction agreements on whatever terms are agreeable to the sign owner and the municipality, county, or other governmental entity involved and to provide for relocation and reconstruction of signs by agreement, ordinance, or resolution. As used in this section, a "relocation and reconstruction agreement" means a consensual, contractual agreement between a sign owner and municipality, county, or other governmental entity for either the reconstruction of an existing sign or removal of a sign and the construction of a new sign to substitute for the sign removed.*

(2) *Except as otherwise provided in this section, no municipality, county, or other governmental entity may remove, or cause to be removed, any lawfully erected sign along any portion of the interstate, federal-aid primary or other highway system, or any other road, without first paying just compensation for such removal as determined by agreement between the parties or through eminent domain proceedings. Except as otherwise provided in this section, no municipality, county, or other governmental entity may cause in any way the alteration of any lawfully erected sign located along any portion of the interstate, federal-aid primary or other highway system, or any other road, without first paying just compensation for such alteration as determined by agreement between the parties or through eminent domain proceedings. The provisions of this act shall not apply to any ordinance, the validity, constitutionality, and enforceability of which the owner has by written agreement waived all right to challenge.*

(3) In the event that a municipality, county, or other governmental entity shall undertake a public project or public goal requiring alteration or removal of any lawfully erected sign, the municipality, county, or other governmental entity shall notify the owner of the affected sign in writing of the public project or goal and of the intention of the municipality, county, or other governmental entity to seek such removal. Within 30 days after receipt of the notice, the owner of the sign and the municipality, county, or other governmental entity shall attempt to meet for purposes of negotiating and executing a relocation and reconstruction agreement provided for in subsection (1).

(4) If the parties fail to enter into a relocation and reconstruction agreement within 120 days after the initial notification by the municipality, county, or other governmental entity, either party may request mandatory nonbinding arbitration to resolve the disagreements among the parties. Each party shall select an arbitrator, and the individuals so selected shall choose a third arbitrator. The three arbitrators shall constitute the panel that shall arbitrate the dispute between the parties and at the conclusion of the proceedings shall present to the parties a proposed relocation and reconstruction agreement that the panel believes equitably balances the rights, interests, obligations, and reasonable expectations of the parties. If the municipality, county, or other governmental entity and the sign owner accept the proposed relocation and reconstruction agreement, the municipality, county, or other governmental entity and sign owner shall each pay its respective costs of arbitration and shall pay one-half of the costs of the arbitration panel, unless the parties otherwise agree.

(5) If the parties do not enter into a relocation and reconstruction agreement, the municipality, county, or other governmental entity may proceed with the public project or purpose and the alteration or removal of the sign only after first paying just compensation for such alteration or removal as determined by agreement between the parties or through eminent domain proceedings.

(6) The requirement by a municipality, county, or other governmental entity that a lawfully erected sign be removed or altered as a condition precedent to the issuance or continued effectiveness of a development order constitutes a compelled removal that is prohibited without prior payment of just compensation under subsection (2). This subsection does not apply when the owner of the land on which the sign is located is seeking to have the property redesignated on the future land use map of the applicable comprehensive plan for exclusively single-family residential use.

(7) The requirement by a municipality, county, or other governmental entity that a lawfully erected sign be altered or removed from the premises upon which it is located incident to the voluntary acquisition of such property by a municipality, county, or other governmental entity constitutes a compelled removal which is prohibited without payment of just compensation under subsection (2).

(8) Nothing in this section shall prevent a municipality, county, or other governmental entity from acquiring a lawfully erected sign through eminent domain or from prospectively regulating the placement, size, height, or other aspects of new signs within such entity's jurisdiction, including the prohibition of new signs, unless otherwise authorized pursuant to this section. Nothing in this section shall impair any ordinance or provision of any ordinance not inconsistent with this section, nor shall this section create any new rights for any party other than the owner of a sign, the owner of the land upon which it is located, or a municipality, county, or other governmental entity as expressed in this section.

(9) This section applies only to a lawfully erected sign the subject matter of which relates to premises other than the premises on which it is located or to merchandise, services, activities, or entertainment not sold, produced, manufactured, or furnished on the premises on which the sign is located.

(10) This section does not apply to any actions taken by the Florida Department of Transportation which relate to the operation, maintenance, or expansion of transportation facilities, and this section does not affect existing law regarding eminent domain relating to the Florida Department of Transportation.

(11) Nothing in this act shall impair or affect any written agreement existing prior to the effective date of this act, including, but not limited to, any settlement agreements reliant upon the legality or enforceability of local ordinances. The provisions of this act shall not apply to any signs

that are required to be removed by a date certain in areas designated by local ordinance as view corridors if the local ordinance creating the view corridors was enacted in part to effectuate a consensual agreement between the local government and two or more sign owners prior to the effective date of this act, nor shall the provisions of this act apply to any signs that are the subject of an ordinance providing an amortization period, which period has expired, and which ordinance is the subject of judicial proceedings which were commenced on or before January 1, 2001.

(12) Subsection (6) hereof does not apply when the development order permits construction of a replacement sign that cannot be erected without the removal of the lawfully erected sign being replaced. Effective upon this section becoming a law, the Office of Program Analysis and Governmental Accountability, in consultation with the property appraisers and the private sector affected parties, shall conduct a study of the value of offsite signs in relation to, and in comparison with, the valuation of other commercial properties for ad valorem tax purposes, including a comparison of tax valuations from other states. OPPAGA shall complete the study by December 31, 2001, and shall report the results of the study to the Legislature.

Section 66. Section 337.408, Florida Statutes, is amended to read:

337.408 Regulation of benches, transit shelters, street light poles, and waste disposal receptacles within rights-of-way.—

(1) Benches or transit shelters, including advertising displayed on benches or transit shelters, may be installed within the right-of-way limits of any municipal, county, or state road, except a limited access highway; provided that such benches or transit shelters are for the comfort or convenience of the general public, or at designated stops on official bus routes; and, provided further, that written authorization has been given to a qualified private supplier of such service by the municipal government within whose incorporated limits such benches or transit shelters are installed, or by the county government within whose unincorporated limits such benches or transit shelters are installed. A municipality or county may authorize the installation, with or without public bid, of benches and transit shelters together with advertising displayed thereon, within the right-of-way limits of such roads. Any contract for the installation of benches or transit shelters or advertising on benches or transit shelters which was entered into before April 8, 1992, without public bidding, is ratified and affirmed. Such benches or transit shelters may not interfere with right-of-way preservation and maintenance. Any bench or transit shelter located on a sidewalk within the right-of-way limits of any road on the State Highway System or the county road system shall be located so as to leave at least 36 inches clearance for pedestrians and persons in wheelchairs. Such clearance shall be measured in a direction perpendicular to the centerline of the road.

(2) Waste disposal receptacles the interior collection container volume of which is less than 110 gallons in capacity, including advertising displayed on such waste disposal receptacles, may be installed within the right-of-way limits of any municipal, county, or state road, except a limited access highway; provided that written authorization has been given to a qualified private supplier of such service by the appropriate

A municipality or county may authorize the installation, *with or without* public bid, of waste disposal receptacles together with advertising displayed thereon within the right-of-way limits of such roads. Such waste disposal receptacles may not interfere with right-of-way preservation and maintenance.

(3) The department has the authority to direct the immediate relocation or removal of any bench, transit shelter, or waste disposal receptacle which endangers life or property, except that transit bus benches which have been placed in service prior to April 1, 1992, do not have to comply with bench size and advertising display size requirements which have been established by the department prior to March 1, 1992. Any transit bus bench that was in service prior to April 1, 1992, may be replaced with a bus bench of the same size or smaller, if the bench is damaged or destroyed or otherwise becomes unusable. *As of July 1, 2001, the department, municipality, or county may direct the removal of any bench, transit shelter, or waste disposal receptacle, or advertisement thereon, if the department, municipality, or county determines that the bench, transit shelter, or waste disposal receptacle is structurally unsound or in visible disrepair.*

(4) No bench, transit shelter, or waste disposal receptacle, or advertising thereon, shall be erected or so placed on the right-of-way of any road which conflicts with the requirements of federal law, regulations, or safety standards, thereby causing the state or any political subdivision the loss of federal funds. Competition among persons seeking to provide bench, transit shelter, or waste disposal receptacle services or advertising on such benches, shelters, or receptacles may be regulated, restricted, or denied by the appropriate local government entity consistent with the provisions of this section.

(5) *Street light poles, including attached public service messages and advertisements, may be located within the right-of-way limits of municipal and county roads in the same manner as benches, transit shelters, and waste receptacles, as provided in this section and in accordance with municipal and county ordinances. Public service messages and advertising may be installed on street light poles on roads on the State Highway System in accordance with height, size, setback, spacing distance, duration of display, safety, traffic control, and permitting requirements established by administrative rule of the Department of Transportation. Public service messages and advertisements shall be subject to bilateral agreements, where applicable, to be negotiated with the owner of the street light poles which shall consider, among other things, power source rates, design, safety, operational and maintenance concerns and other matters of public importance. For the purposes of this section, "street light poles" does not include electric transmission or distribution poles. The department shall have authority to establish administrative rules to implement this subsection. No advertising on light poles shall be permitted on the Interstate Highway System. No permanent structures carrying advertisements attached to light poles shall be permitted on the National Highway System.*

(6)(5) Wherever the provisions of this section are inconsistent with other provisions of this chapter or with the provisions of chapter 125, chapter 335, chapter 336, or chapter 479, the provisions of this section shall prevail.

Section 67. Subsection (10) of section 768.28, Florida Statutes, is amended to read:

337.025 Innovative highway projects; department to establish program.—The department is authorized to establish a program for highway projects demonstrating innovative techniques of highway construction, maintenance, and finance which have the intended effect of controlling time and cost increases on construction projects. Such techniques may include, but are not limited to, state-of-the-art technology for pavement, safety, and other aspects of highway construction and maintenance; innovative bidding and financing techniques; accelerated construction procedures; and those techniques that have the potential to reduce project life cycle costs. To the maximum extent practical, the department must use the existing process to award and administer construction and maintenance contracts. When specific innovative techniques are to be used, the department is not required to adhere to those provisions of law that would prevent, preclude, or in any way prohibit the department from using the innovative technique. However, prior to using an innovative technique that is inconsistent with another provision of law, the department must document in writing the need for the exception and identify what benefits the traveling public and the affected community are anticipated to receive. The department may enter into no more than \$120 million in contracts annually for the purposes authorized by this section. *However, the annual cap on contracts provided in this section shall not apply to turnpike enterprise projects nor shall turnpike enterprise projects be counted toward the department's annual cap.*

Further, the Legislature recognizes compensation by amortization may burden, restrict, or limit private property rights. The remaining member shall be appointed by the Secretary of Transportation and shall be an appraiser who is a member of the Appraisal Institute. Members of the task force may request staff assistance from the Department of Transportation as necessary.

(d) The task force shall conduct an in-depth review of sign valuation methods and methods of providing compensation. In its review, the task force shall analyze existing laws of this state, of other states, and of the Federal Government, including existing case law, all sign appraisal valuation methods, methods of providing compensation, and other related issues.

(e) The task force may conduct meetings, hearings, and workshops in Tallahassee and at other locations around the state, and may take evidence, testimony and debate at the meetings, hearings, and workshops. The task force must keep electronic recordings of the meetings, hearings, and workshops. Such recordings shall be preserved under chapters 119 and 257, Florida Statutes.

70.20 Balancing of interests.—It is a policy of this state to encourage municipalities, counties, and other governmental entities and sign owners to enter into relocation and reconstruction agreements that allow governmental entities to undertake public projects and accomplish public goals without the expenditure of public funds, while allowing the continued maintenance of private investment in signage as a medium of commercial and noncommercial communication.

(1) *Municipalities, counties, and all other governmental entities are specifically empowered to enter into relocation and reconstruction agreements on whatever terms are agreeable to the sign owner and the municipality, county, or other governmental entity involved and to provide for relocation and reconstruction of signs by agreement, ordinance, or resolution. As used in this section, a "relocation and reconstruction agreement" means a consensual, contractual agreement between a sign owner and municipality, county, or other governmental entity for either the reconstruction of an existing sign or removal of a sign and the construction of a new sign to substitute for the sign removed.*

(2) *Except as otherwise provided in this section, no municipality, county, or other governmental entity may remove, or cause to be removed, any lawfully erected sign along any portion of the interstate, federal-aid primary or other highway system, or any other road, without first paying just compensation for such removal as determined by agreement between the parties or through eminent domain proceedings. Except as otherwise provided in this section, no municipality, county, or other governmental entity may cause in any way the alteration of any lawfully erected sign located along any portion of the interstate, federal-aid primary or other highway system, or any other road, without first paying just compensation for such alteration as determined by agreement between the parties or through eminent domain proceedings. The provisions of this act shall not apply to any ordinance, the validity, constitutionality, and enforce-*

ability of which the owner has by written agreement waived all right to challenge.

(3) In the event that a municipality, county, or other governmental entity shall undertake a public project or public goal requiring alteration or removal of any lawfully erected sign, the municipality, county, or other governmental entity shall notify the owner of the affected sign in writing of the public project or goal and of the intention of the municipality, county, or other governmental entity to seek such removal. Within 30 days after receipt of the notice, the owner of the sign and the municipality, county, or other governmental entity shall attempt to meet for purposes of negotiating and executing a relocation and reconstruction agreement provided for in subsection (1).

(4) If the parties fail to enter into a relocation and reconstruction agreement within 120 days after the initial notification by the municipality, county, or other governmental entity, either party may request mandatory nonbinding arbitration to resolve the disagreements among the parties. Each party shall select an arbitrator, and the individuals so selected shall choose a third arbitrator. The three arbitrators shall constitute the panel that shall arbitrate the dispute between the parties and at the conclusion of the proceedings shall present to the parties a proposed relocation and reconstruction agreement that the panel believes equitably balances the rights, interests, obligations, and reasonable expectations of the parties. If the municipality, county, or other governmental entity and the sign owner accept the proposed relocation and reconstruction agreement, the municipality, county, or other governmental entity and sign owner shall each pay its respective costs of arbitration and shall pay one-half of the costs of the arbitration panel, unless the parties otherwise agree.

(5) If the parties do not enter into a relocation and reconstruction agreement, the municipality, county, or other governmental entity may proceed with the public project or purpose and the alteration or removal of the sign only after first paying just compensation for such alteration or removal as determined by agreement between the parties or through eminent domain proceedings.

(6) The requirement by a municipality, county, or other governmental entity that a lawfully erected sign be removed or altered as a condition precedent to the issuance or continued effectiveness of a development order constitutes a compelled removal that is prohibited without prior payment of just compensation under subsection (2). This subsection does not apply when the owner of the land on which the sign is located is seeking to have the property redesignated on the future land use map of the applicable comprehensive plan for exclusively single-family residential use.

(7) The requirement by a municipality, county, or other governmental entity that a lawfully erected sign be altered or removed from the premises upon which it is located incident to the voluntary acquisition of such property by a municipality, county, or other governmental entity constitutes a compelled removal which is prohibited without payment of just compensation under subsection (2).

(8) Nothing in this section shall prevent a municipality, county, or other governmental entity from acquiring a lawfully erected sign through eminent domain or from prospectively regulating the placement, size, height, or other aspects of new signs within such entity's jurisdiction, including the prohibition of new signs, unless otherwise authorized pursuant to this section. Nothing in this section shall impair any ordinance or provision of any ordinance not inconsistent with this section, nor shall this section create any new rights for any party other than the owner of a sign, the owner of the land upon which it is located, or a municipality, county, or other governmental entity as expressed in this section.

(9) This section applies only to a lawfully erected sign the subject matter of which relates to premises other than the premises on which it is located or to merchandise, services, activities, or entertainment not sold, produced, manufactured, or furnished on the premises on which the sign is located.

(10) This section does not apply to any actions taken by the Florida Department of Transportation which relate to the operation, maintenance, or expansion of transportation facilities, and this section does not affect existing law regarding eminent domain relating to the Florida Department of Transportation.

(11) Nothing in this act shall impair or affect any written agreement existing prior to the effective date of this act, including, but not limited to, any settlement agreements reliant upon the legality or enforceability of local ordinances. The provisions of this act shall not apply to any signs that are required to be removed by a date certain in areas designated by local ordinance as view corridors if the local ordinance creating the view corridors was enacted in part to effectuate a consensual agreement between the local government and two or more sign owners prior to the effective date of this act, nor shall the provisions of this act apply to any signs that are the subject of an ordinance providing an amortization period, which period has expired, and which ordinance is the subject of judicial proceedings which were commenced on or before January 1, 2001, nor shall this act apply to any municipality with an ordinance that prohibits billboards and has two or fewer billboards located within its current boundaries or its future annexed properties.

The state does further pledge to, and agrees with, the United States that, in the event any federal agency constructs, or contributes any funds for the completion, extension, or improvement of, an airport system or any part or portion thereof, the state will not alter or limit the rights and powers of an authority and the department in any manner which would be inconsistent with the continued maintenance and operation of the airport system or the completion, extension, or improvement thereof or which would be inconsistent with the due performance of any agreement between the authority and any such federal agency, and the authority and the department shall continue to have and may exercise all powers granted so long as the same shall be necessary or desirable for carrying out the purposes of this act and the purposes of the United States in the completion, extension, or improvement of the airport system or any part or portion thereof.

332.210 *Exemption from taxation.*—The effectuation of the authorized purposes of an airport authority is in all respects for the benefit of the people of the state, for the increase of their commerce and prosperity, and for the improvement of their health and living conditions.
