1148	DMS Facilities Management System - NEW		1148		
1149			1149		
1150	The funds in Specific Appropriation ***** are provided for the replacement of the Facilities Accountability and Communications Tool system with an integrated workplace real estate management system that includes, but is not limited to, the following components: (1) facilities inventory tracking, (2) preventive and work order maintenance, (3) lease administration, (4) paid parking administration, (5) budget management and tracking, (6) project management for capital/construction projects, and (7) interface with the Department of Environmental Protection's Florida State Owned Lands and Records Information System (SOLARIS). The Department of Environmental Protection shall provide assistance to the Department of Management Services in the replacement of the Facilities Accountability and Communications Tool system to include, but not be limited to, the development of system specifications and statement of work to ensure the appropriate interface of the replacement system to the SOLARIS. The funds shall be held in reserve and the Department of Management Services may submit a budget amendment in accordance with chapter 216, Florida Statutes, requesting the release of funds. The budget amendment shall include a completed functional and technical requirements analysis for the replacement system, a description of the level of customization that would be necessary if a commercial off-the-shelf product is utilized, a detailed operational work plan, and an updated project spend plan. Once the funds have been released, the Department of Management Services shall prepare quarterly status reports for the project. The reports shall be provided to the chair of the Senate Committee on Appropriations, the chair of the House Appropriations Committee, and the Executive Office of the Governor's Office of Policy and Budget.		1150	New Language	House
