120.54 Rulemaking.—

(3) ADOPTION PROCEDURES.—

(b) Special matters to be considered in rule adoption.—

1. Statement of estimated regulatory costs.—*Before* ~~Prior to~~ the adoption, amendment, or repeal of any rule other than an emergency rule, an agency is encouraged to prepare a statement of estimated regulatory costs of the proposed rule, as provided by s. 120.541. However, an agency must prepare a statement of estimated regulatory costs of the proposed rule, as provided by s. 120.541, if:

a. The proposed rule will have an adverse impact on small business; or

b. The proposed rule is likely to directly or indirectly increase regulatory costs in excess of $200,000 in the aggregate in this state within 1 year after the implementation of the rule.

2. Small businesses, small counties, and small cities.—

a. Each agency, before the adoption, amendment, or repeal of a rule, shall consider the impact of the rule on small businesses as defined by s. 288.703 and the impact of the rule on small counties or small cities as defined by s. 120.52. Whenever practicable, an agency shall tier its rules to reduce disproportionate impacts on small businesses, small counties, or small cities to avoid regulating small businesses, small counties, or small cities that do not contribute significantly to the problem the rule is designed to address. An agency may define "small business" to include businesses employing more than 200 persons, may define "small county" to include those with populations of more than 75,000, and may define "small city" to include those with populations of more than 10,000, if it finds that such a definition is necessary to adapt a rule to the needs and problems of small businesses, small counties, or small cities. The agency shall consider each of the following methods for reducing the impact of the proposed rule on small businesses, small counties, and small cities, or any combination of these entities:

(I) Establishing less stringent compliance or reporting requirements in the rule.

(II) Establishing less stringent schedules or deadlines in the rule for compliance or reporting requirements.

(III) Consolidating or simplifying the rule's compliance or reporting requirements.

(IV) Establishing performance standards or best management practices to replace design or operational standards in the rule.

(V) Exempting small businesses, small counties, or small cities from any or all requirements of the rule.

b.(I) If the agency determines that the proposed action will affect small businesses as defined by the agency as provided in sub-subparagraph a., the agency shall send written notice of the rule to the Small Business Regulatory Advisory Council and the *Department of Economic Opportunity at least* ~~Office of Tourism, Trade, and Economic Development not less than~~ 28 days *before* ~~prior to~~ the intended action.

(II) Each agency shall adopt those regulatory alternatives offered by the Small Business Regulatory Advisory Council and provided to the agency no later than 21 days after the council's receipt of the written notice of the rule which it finds are feasible and consistent with the stated objectives of the proposed rule and which would reduce the impact on small businesses. When regulatory alternatives are offered by the Small Business Regulatory Advisory Council, the 90-day period for filing the rule in subparagraph (e)2. is extended for a period of 21 days.

(III) If an agency does not adopt all alternatives offered pursuant to this sub-subparagraph, it shall, *before* ~~prior to~~ rule adoption or amendment and pursuant to subparagraph (d)1., file a detailed written statement with the committee explaining the reasons for failure to adopt such alternatives. Within 3 working days *after* ~~of~~ the filing of such notice, the agency shall send a copy of such notice to the Small Business Regulatory Advisory Council. The Small Business Regulatory Advisory Council may make a request of the President of the Senate and the Speaker of the House of Representatives that the presiding officers direct the Office of Program Policy Analysis and Government Accountability to determine whether the rejected alternatives reduce the impact on small business while meeting the stated objectives of the proposed rule. Within 60 days after the date of the directive from the presiding officers, the Office of Program Policy Analysis and Government Accountability shall report to the Administrative Procedures Committee its findings as to whether an alternative reduces the impact on small business while meeting the stated objectives of the proposed rule. The Office of Program Policy Analysis and Government Accountability shall consider the proposed rule, the economic impact statement, the written statement of the agency, the proposed alternatives, and any comment submitted during the comment period on the proposed rule. The Office of Program Policy Analysis and Government Accountability shall submit a report of its findings and recommendations to the Governor, the President of the Senate, and the Speaker of the House of Representatives. The Administrative Procedures Committee shall report such findings to the agency, and the agency shall respond in writing to the Administrative Procedures Committee if the Office of Program Policy Analysis and Government Accountability found that the alternative reduced the impact on small business while meeting the stated objectives of the proposed rule. If the agency will not adopt the alternative, it must also provide a detailed written statement to the committee as to why it will not adopt the alternative.

Section 56. Subsection (4) of section 161.142, Florida Statutes, is amended to read:

161.142 Declaration of public policy relating to improved navigation inlets.—The Legislature recognizes the need for maintaining navigation inlets to promote commercial and recreational uses of our coastal waters and their resources. The Legislature further recognizes that inlets interrupt or alter the natural drift of beach-quality sand resources, which often results in these sand resources being deposited in nearshore areas or in the inlet channel, or in the inland waterway adjacent to the inlet, instead of providing natural nourishment to the adjacent eroding beaches. Accordingly, the Legislature finds it is in the public interest to replicate the natural drift of sand which is interrupted or altered by inlets to be replaced and for each level of government to undertake all reasonable efforts to maximize inlet sand bypassing to ensure that beach-quality sand is placed on adjacent eroding beaches. Such activities cannot make up for the historical sand deficits caused by inlets but shall be designed to balance the sediment budget of the inlet and adjacent beaches and extend the life of proximate beach-restoration projects so that periodic nourishment is needed less frequently. Therefore, in furtherance of this declaration of public policy and the Legislature's intent to redirect and recommit the state's comprehensive beach management efforts to address the beach erosion caused by inlets, the department shall ensure that:

(4) The provisions of subsections (1) and (2) shall not be a requirement imposed upon ports listed in s. 403.021(9)(b); however, such ports must demonstrate reasonable effort to place beach-quality sand from construction and maintenance dredging and port-development projects on adjacent eroding beaches in accordance with port master plans approved by the Department of *Economic Opportunity* ~~Community Affairs~~, and permits approved and issued by the department, to ensure com-

pliance with this section. Ports may sponsor or cosponsor inlet management projects that are fully eligible for state cost sharing.

X of the State Constitution as they relate to municipal and special district firefighters' pension trust fund systems and plans, that such retirement systems or plans be managed, administered, operated, and funded in such manner as to maximize the protection of the firefighters' pension trust funds. This requirement *does* ~~shall~~ not apply to minority persons who are otherwise eligible who take a 51-percent-or-greater interest in a firm that requires professional licensure to operate and who will be the qualifying licenseholder for the firm when certified. A transfer made within a related immediate family group from a nonminority person to a minority person in order to establish ownership by a minority person shall be deemed to have been made solely for purposes of satisfying certification criteria and shall render such ownership invalid for purposes of qualifying for such certification if the combined total net asset value of all members of such family group exceeds $1 million. Such recommendations shall be based on statistical data indicating the availability of and disparity in the use of minority businesses contracting with the state. The results of the first updated disparity study must be presented to the Legislature no later than December 1, 1996.

3. In determining the base amounts for assessing compliance with this paragraph, the Office of Supplier Diversity may develop, by rule, guidelines for all agencies to use in establishing such base amounts. These rules must include, but are not limited to, guidelines for calculation of base amounts, a deadline for the agencies to submit base amounts, a deadline for approval of the base amounts by the Office of Supplier Diversity, and procedures for adjusting the base amounts as a result of budget reductions made pursuant to s. 216.221.

For purposes of this section, "joint venture" means any association of two or more business concerns to carry out a single business enterprise for profit, for which purpose they combine their property, capital, efforts, skills, and knowledge. The guidelines shall allow transactions with joint ventures to be eligible for credit against the minority business enterprise goals of an agency when the contracting joint venture demonstrates that at least one partner to the joint venture is a certified minority business enterprise as defined in s. 288.703, and that such partner is responsible for a clearly defined portion of the work to be performed, and shares in the ownership, control, management, responsibilities, risks, and profits of the joint venture. Such demonstration shall be by verifiable documents and sworn statements and may be reviewed by the Office of Supplier Diversity at or before the time a contract bid, proposal, or reply is submitted. An agency may count toward its minority business enterprise goals a portion of the total dollar amount of a contract equal to the percentage of the ownership and control held by the qualifying certified minority business partners in the contracting joint venture, so long as the joint venture meets the guidelines adopted by the office.

The failure to comply with the terms and conditions of the agreement shall result in the loss of eligibility for receipt of all tax refunds previously authorized pursuant to this section, and the revocation of the certification as a qualified applicant by the *department* ~~director~~, unless the qualified applicant is eligible to receive and elects to accept a prorated refund under paragraph (5)(g) or the *department* ~~Office~~ grants the qualified applicant an economic-stimulus exemption.

~~4. A qualified applicant may submit a request for an economic-stimulus exemption to the Office in lieu of any tax refund claim scheduled to be submitted after January 1, 2005, but before July 1, 2006.~~

4.~~5.~~ A qualified applicant that receives an economic-stimulus exemption may not receive a tax refund for the period covered by the exemption.

(c) The agreement shall be signed by the *executive* director and the authorized officer of the qualified applicant.

(d) The agreement must contain the following legend, clearly printed on its face in bold type of not less than 10 points:

"This agreement is neither a general obligation of the State of Florida, nor is it backed by the full faith and credit of the State of Florida. The *department* ~~Office~~ may grant an extension of this date upon the request of the qualified applicant for the purpose of filing additional information in support of the claim.

(e) The total amount of tax refunds approved by the *department* ~~director~~ under this section in any fiscal year may not exceed the amount authorized under s. 288.095(3).

(g) A prorated tax refund, less a 5 percent penalty, shall be approved for a qualified applicant provided all other applicable requirements have been satisfied and the applicant proves to the satisfaction of the *department* ~~director~~ that it has achieved at least 80 percent of its projected employment and that the average wage paid by the qualified applicant is at least 90 percent of the average wage specified in the tax refund agreement, but in no case less than 115 percent of the average private sector wage in the area available at the time of certification. The prorated tax refund shall be calculated by multiplying the tax refund amount for which the qualified applicant would have been eligible, if all applicable requirements had been satisfied, by the percentage of the average employment specified in the tax refund agreement which was achieved, and by the percentage of the average wages specified in the tax refund agreement which was achieved.

(6) ADMINISTRATION.—

The *department* ~~Office~~ may request the assistance of said entities with respect to monitoring jobs, wages, and the payment of the taxes listed in subsection (2).

~~(7) Notwithstanding paragraphs (4)(a) and (5)(c), the Office may approve a waiver of the local financial support requirement for a business located in any of the following counties in which businesses received emergency loans administered by the Office in response to the named hurricanes of 2004: Bay, Brevard, Charlotte, DeSoto, Escambia, Flagler, Glades, Hardee, Hendry, Highlands, Indian River, Lake, Lee, Martin, Okaloosa, Okeechobee, Orange, Osceola, Palm Beach, Polk, Putnam, Santa Rosa, Seminole, St. Lucie, Volusia, and Walton. A waiver may be granted only if the Office determines that the local financial support cannot be provided or that doing so would effect a demonstrable hardship on the unit of local government providing the local financial support. If the Office grants a waiver of the local financial support requirement, the state shall pay 100 percent of the refund due to an eligible business. The waiver shall apply for tax refund applications made for fiscal years 2004-2005, 2005-2006, and 2006-2007.~~

(7)~~(8)~~ EXPIRATION.—An applicant may not be certified as qualified under this section after June 30, 2014. A tax refund agreement existing on that date shall continue in effect in accordance with its terms.

1. Future growth.—Industry forecasts should indicate strong expectation for future growth in both employment and output, according to

the most recent available data. Special consideration should be given to businesses that export goods to, or provide services in, international markets and businesses that replace domestic and international imports of goods or services.

2. Stability.—The industry should not be subject to periodic layoffs, whether due to seasonality or sensitivity to volatile economic variables such as weather. The industry should also be relatively resistant to recession, so that the demand for products of this industry is not typically subject to decline during an economic downturn.

3. High wage.—The industry should pay relatively high wages compared to statewide or area averages.

By January 1 of every 3rd year, beginning January 1, 2011, the *department* ~~Office~~, in consultation with Enterprise Florida, Inc., economic development organizations, the State University System, local governments, employee and employer organizations, market analysts, and economists, shall review and, as appropriate, revise the list of such target industries and submit the list to the Governor, the President of the Senate, and the Speaker of the House of Representatives.

(3) TAX REFUND; ELIGIBLE AMOUNTS.—

The annual amount of a refund to a qualified target industry business must be determined pursuant to subsection (6).

(b)1. Upon approval by the *department* ~~Office~~, a qualified target industry business shall be allowed tax refund payments equal to $3,000 multiplied by the number of jobs specified in the tax refund agreement under subparagraph (5)(a)1., or equal to $6,000 multiplied by the number of jobs if the project is located in a rural community or an enterprise zone.

2. A qualified target industry business shall be allowed additional tax refund payments equal to $1,000 multiplied by the number of jobs specified in the tax refund agreement under subparagraph (5)(a)1. if such jobs pay an annual average wage of at least 150 percent of the average private sector wage in the area, or equal to $2,000 multiplied by the number of jobs if such jobs pay an annual average wage of at least 200 percent of the average private sector wage in the area.

3. A qualified target industry business shall be allowed tax refund payments in addition to the other payments authorized in this paragraph equal to $1,000 multiplied by the number of jobs specified in the tax refund agreement under subparagraph (5)(a)1. if the local financial support is equal to that of the state's incentive award under subparagraph 1.

4. In addition to the other tax refund payments authorized in this paragraph, a qualified target industry business shall be allowed a tax refund payment equal to $2,000 multiplied by the number of jobs specified in the tax refund agreement under subparagraph (5)(a)1. if the business:

a. Falls within one of the high-impact sectors designated under s. 288.108; or

b. Increases exports of its goods through a seaport or airport in the state by at least 10 percent in value or tonnage in each of the years that the business receives a tax refund under this section. If a refund for such taxes is provided by the *department* ~~office~~, which taxes are subsequently adjusted by the application of any credit, refund, or exemption granted to the qualified target industry business other than as provided in this section, the business shall reimburse the account for the amount of that credit, refund, or exemption. A qualified target industry business shall notify and tender payment to the *department* ~~office~~ within 20 days after receiving any credit, refund, or exemption other than one provided in this section.

(f) Refunds made available under this section may not be expended in connection with the relocation of a business from one community to another community in the state unless the *department* ~~Office~~ determines that, without such relocation, the business will move outside the state or determines that the business has a compelling economic rationale for relocation and that the relocation will create additional jobs.

Before the passage of such resolution, the *department* ~~office~~ may also accept an official letter from an authorized local economic development agency that endorses the proposed target industry project and pledges that sources of local financial support for such project exist. For the purposes of making pledges of local financial support under this subparagraph, the authorized local economic development agency shall be officially designated by the passage of a one-time resolution by the local governing board.

1.a. The jobs proposed to be created under the application, pursuant to subparagraph (a)4., must pay an estimated annual average wage equaling at least 115 percent of the average private sector wage in the area where the business is to be located or the statewide private sector average wage. The governing board of the *local governmental entity providing the local financial support of the jurisdiction* ~~county~~ where the qualified target industry business is to be located shall notify the *department* ~~Office~~ and Enterprise Florida, Inc., which calculation of the average private sector wage in the area must be used as the basis for the business's wage commitment. In determining the average annual wage, the *department* ~~Office~~ shall include only new proposed jobs, and wages for existing jobs shall be excluded from this calculation.

b. The *department* ~~Office~~ may waive the average wage requirement at the request of the local governing body recommending the project and Enterprise Florida, Inc. The *department* ~~Office~~ may waive the wage requirement for a project located in a brownfield area designated under s. 376.80, in a rural city, in a rural community, in an enterprise zone, or for a manufacturing project at any location in the state if the jobs proposed to be created pay an estimated annual average wage equaling at least 100 percent of the average private sector wage in the area where the business is to be located, only if the merits of the individual project or the specific circumstances in the community in relationship to the project warrant such action. If the local governing body and Enterprise Florida, Inc., make such a recommendation, it must be transmitted in writing, and the specific justification for the waiver recommendation must be explained. If the *department* ~~Office~~ elects to waive the wage requirement, the waiver must be stated in writing, and the reasons for granting the waiver must be explained.

2. The target industry business's project must result in the creation of at least 10 jobs at the project and, in the case of an expansion of an existing business, must result in a net increase in employment of at least 10 percent at the business. At the request of the local governing body recommending the project and Enterprise Florida, Inc., the *department* ~~Office~~ may waive this requirement for a business in a rural community or enterprise zone if the merits of the individual project or the specific circumstances in the community in relationship to the project warrant such action. If the local governing body and Enterprise Florida, Inc., make such a request, the request must be transmitted in writing, and the specific justification for the request must be explained. If the *department* ~~Office~~ elects to grant the request, the grant must be stated in writing, and the reason for granting the request must be explained.

3. The business activity or product for the applicant's project must be within an industry identified by the *department* ~~Office~~ as a target industry business that contributes to the economic growth of the state and the area in which the business is located, that produces a higher standard of living for residents of this state in the new global economy, or that can be shown to make an equivalent contribution to the area's and state's economic progress.

(c) Each application meeting the requirements of paragraph (b) must be submitted to the *department* ~~Office~~ for determination of eligibility. The *department* ~~Office~~ shall review and evaluate each application based on, but not limited to, the following criteria:

1. Expected contributions to the state's economy, consistent with the state strategic economic development plan *prepared by the department* ~~adopted by Enterprise Florida, Inc~~.

2. The *economic benefits* ~~return on investment~~ of the proposed award of tax refunds under this section and the *economic benefits of* ~~return on investment for~~ state incentives proposed for the project. *The term "economic benefits" has the same meaning as in s. 288.005.* The Office of Economic and Demographic Research shall review and evaluate the methodology and model used to calculate the *economic benefits* ~~return on investment~~ and *shall* report its findings by September 1 of every 3rd year, ~~beginning September 1, 2010,~~ to the President of the Senate and the Speaker of the House of Representatives.

3. The amount of capital investment to be made by the applicant in this state.

4. The local financial commitment and support for the project.

5. The effect of the project on the unemployment rate in the county where the project will be located.

6. The effect of the award on the viability of the project and the probability that the project would be undertaken in this state if such tax refunds are granted to the applicant.

7. The expected long-term commitment of the applicant to economic growth and employment in this state resulting from the project.

8. A review of the business's past activities in this state or other states, including whether such business has been subjected to criminal or civil fines and penalties. This subparagraph does not require the disclosure of confidential information.

(d) Applications shall be reviewed and certified pursuant to s. 288.061. The *department* ~~Office~~ shall include in its review projections of the tax refunds the business would be eligible to receive in each fiscal year based on the creation and maintenance of the net new Florida jobs specified in subparagraph (a)4. as of December 31 of the preceding state fiscal year. If appropriate, the *department* ~~Office~~ shall enter into a written agreement with the qualified target industry business pursuant to subsection (5).

(e) The *department* ~~Office~~ may not certify any target industry business as a qualified target industry business if the value of tax refunds to be included in that letter of certification exceeds the available amount of authority to certify new businesses as determined in s. 288.095(3). However, if the commitments of local financial support represent less than 20 percent of the eligible tax refund payments, or to otherwise preserve the viability and fiscal integrity of the program, the *department* ~~office~~ may certify a qualified target industry business to receive tax refund payments of less than the allowable amounts specified in paragraph (3)(b). A letter of certification that approves an application must specify the maximum amount of tax refund that will be available to the qualified industry business in each fiscal year and the total amount of tax refunds that will be available to the business for all fiscal years.

(f) This section does not create a presumption that an applicant will receive any tax refunds under this section. However, the *department* ~~Office~~ may issue nonbinding opinion letters, upon the request of prospective applicants, as to the applicants' eligibility and the potential amount of refunds.

(5) TAX REFUND AGREEMENT.—

(a) Each qualified target industry business must enter into a written agreement with the *department* ~~Office~~ that specifies, at a minimum:

1. The total number of full-time equivalent jobs in this state that will be dedicated to the project, the average wage of those jobs, the definitions that will apply for measuring the achievement of these terms during the pendency of the agreement, and a time schedule or plan for when such jobs will be in place and active in this state.

2. The maximum amount of tax refunds that the qualified target industry business is eligible to receive on the project and the maximum amount of a tax refund that the qualified target industry business is eligible to receive for each fiscal year, based on the job creation and maintenance schedule specified in subparagraph 1.

3. That the *department* ~~Office~~ may review and verify the financial and personnel records of the qualified target industry business to ascertain whether that business is in compliance with this section.

4. The date by which, in each fiscal year, the qualified target industry business may file a claim under subsection (6) to be considered to receive a tax refund in the following fiscal year.

5. That local financial support will be annually available and will be paid to the account. The *department* ~~Office~~ may not enter into a written agreement with a qualified target industry business if the local financial support resolution is not passed by the local governing body within 90 days after the *department* ~~Office~~ has issued the letter of certification under subsection (4).

6. That the *department* ~~Office~~ may conduct a review of the business to evaluate whether the business is continuing to contribute to the area's or state's economy.

7. That in the event the business does not complete the agreement, the business will provide the *department* ~~Office~~ with the reasons the business was unable to complete the agreement.

(b) Compliance with the terms and conditions of the agreement is a condition precedent for the receipt of a tax refund each year. The failure to comply with the terms and conditions of the tax refund agreement results in the loss of eligibility for receipt of all tax refunds previously authorized under this section and the revocation by the *department* ~~Office~~ of the certification of the business entity as a qualified target industry business, unless the business is eligible to receive and elects to accept a prorated refund under paragraph (6)(e) or the *department* ~~Office~~ grants the business an economic recovery extension.

1. A qualified target industry business may submit a request to the *department* ~~Office~~ for an economic recovery extension. The request must provide quantitative evidence demonstrating how negative economic conditions in the business's industry, the effects of a named hurricane or tropical storm, or specific acts of terrorism affecting the qualified target industry business have prevented the business from complying with the terms and conditions of its tax refund agreement.

2. Upon receipt of a request under subparagraph 1., the *department* ~~Office~~ has 45 days to notify the requesting business, in writing, whether its extension has been granted or denied. In determining whether an extension should be granted, the *department* ~~Office~~ shall consider the extent to which negative economic conditions in the requesting business's industry have occurred in the state or the effects of a named hurricane or tropical storm or specific acts of terrorism affecting the qualified target industry business have prevented the business from complying with the terms and conditions of its tax refund agreement. The *department* ~~Office~~ shall consider current employment statistics for this state by industry, including whether the business's industry had substantial job loss during the prior year, when determining whether an extension shall be granted.

3. As a condition for receiving a prorated refund under paragraph (6)(e) or an economic recovery extension under this paragraph, a qualified target industry business must agree to renegotiate its tax refund agreement with the *department* ~~Office~~ to, at a minimum, ensure that the terms of the agreement comply with current law and *the department's* ~~office~~ procedures governing application for and award of tax refunds. Upon approving the award of a prorated refund or granting an economic recovery extension, the *department* ~~Office~~ shall renegotiate the tax refund agreement with the business as required by this subparagraph. When amending the agreement of a business receiving an economic recovery extension, the *department* ~~Office~~ may extend the duration of the agreement for a period not to exceed 2 years.

4. A qualified target industry business may submit a request for an economic recovery extension to the *department* ~~Office~~ in lieu of any tax refund claim scheduled to be submitted after January 1, 2009, but before July 1, 2012.

5. A qualified target industry business that receives an economic recovery extension may not receive a tax refund for the period covered by the extension.

(c) The agreement must be signed by the *executive* director and by an authorized officer of the qualified target industry business within 120 days after the issuance of the letter of certification under subsection (4), but not before passage and receipt of the resolution of local financial support. The *department* ~~Office~~ may grant an extension of this period at the written request of the qualified target industry business.

(6) ANNUAL CLAIM FOR REFUND.—

(a) To be eligible to claim any scheduled tax refund, a qualified target industry business that has entered into a tax refund agreement with the *department* ~~Office~~ under subsection (5) must apply by January 31 of each fiscal year to the *department* ~~office~~ for the tax refund scheduled to be paid from the appropriation for the fiscal year that begins on July 1 following the January 31 claims-submission date. The *department* ~~Office~~ may, upon written request, grant a 30-day extension of the filing date.

(c) The *department* ~~Office~~ may waive the requirement for proof of taxes paid in future years for a qualified target industry business that provides the office with proof that, in a single year, the business has paid an amount of state taxes from the categories in paragraph (3)(d) that is at least equal to the total amount of tax refunds that the business may receive through successful completion of its tax refund agreement.

(f) The *department* ~~Office~~, with such assistance as may be required from the Department of Revenue ~~or the Agency for Workforce Innovation~~, shall, by June 30 following the scheduled date for submission of the tax refund claim, specify by written order the approval or disapproval of the tax refund claim and, if approved, the amount of the tax refund that is authorized to be paid to the qualified target industry business for the annual tax refund. The *department* ~~Office~~ may grant an extension of this date on the request of the qualified target industry business for the purpose of filing additional information in support of the claim.

(g) The total amount of tax refund claims approved by the *department* ~~Office~~ under this section in any fiscal year must not exceed the amount authorized under s. 288.095(3).

(7) ADMINISTRATION.—

(a) The *department* ~~Office~~ may verify information provided in any claim submitted for tax credits under this section with regard to employment and wage levels or the payment of the taxes to the appropriate agency or authority, including the Department of Revenue~~, the Agency for Workforce Innovation,~~ or any local government or authority.

(b) To facilitate the process of monitoring and auditing applications made under this section, the *department* ~~Office~~ may provide a list of qualified target industry businesses to the Department of Revenue~~, the Agency for Workforce Innovation,~~ or to any local government or authority. The *department* ~~Office~~ may request the assistance of those entities with respect to monitoring jobs, wages, and the payment of the taxes listed in subsection (3).

(c) Funds specifically appropriated for tax refunds for qualified target industry businesses under this section may not be used by the *department* ~~Office~~ for any purpose other than the payment of tax refunds authorized by this section.

(d) Beginning with tax refund agreements signed after July 1, 2010, the *department* ~~Office~~ shall attempt to ascertain the causes for any business's failure to complete its agreement and shall report its findings and recommendations to the Governor, the President of the Senate, and the Speaker of the House of Representatives. The report shall be submitted by December 1 of each year beginning in 2011.

(8) SPECIAL INCENTIVES.—If the department determines it is in the best interest of the public for reasons of facilitating economic development, growth, or new employment opportunities within a Disproportionally Affected County, the department may, between July 1, 2011, and June 30, 2014, waive any or all wage or local financial support eligibility requirements and allow a qualified target industry business from another state which relocates all or a portion of its business to a Disproportionally Affected County to receive a tax refund payment of up to $6,000 multiplied by the number of jobs specified in the tax refund agreement under subparagraph (5)(a)1. over the term of the agreement. Prior to granting such waiver, the executive director of the department shall file with the Governor a written statement of the conditions and circumstances constituting the reason for the waiver. Such business shall be eligible for the additional tax refund payments specified in subparagraph (3)(b)4. if it meets the criteria. As used in this section, the term "Disproportionally Affected County" means Bay County, Escambia County, Franklin County, Gulf County, Okaloosa County, Santa Rosa County, Walton County, or Wakulla County.

Section 151. Paragraphs (d), (e), (f), (g) and (h) of subsection (1), subsection (2), paragraphs (a), (b), (f), (g), (h), and (i) of subsection (4), and subsection (5) of section 288.107, Florida Statutes, are amended to read:

(a) Enterprise Florida, Inc., shall, by January 1, of every third year, beginning January 1, 2011, initiate the process of reviewing and, if appropriate, selecting a new high-impact sector for designation or recommending the deactivation of a designated high-impact sector. The process of reviewing designated high-impact sectors or recommending the deactivation of a designated high-impact sector shall be in consultation with the *department* ~~office~~, economic development organizations, the State University System, local governments, employee and employer organizations, market analysts, and economists.

(c) To begin the process of selecting and designating a new high-impact sector, Enterprise Florida, Inc., shall undertake a thorough study of the proposed sector. This study must consider the definition of the sector, including the types of facilities which characterize the sector that might qualify for a high-impact performance grant and whether a powerful incentive like the high-impact performance grant is needed to induce major facilities in the sector to locate or grow in this state; the benefits that major facilities in the sector have or could have on the state's economy and the relative significance of those benefits; the needs of the sector and major sector facilities, including natural, public, and human resources and benefits and costs with regard to these resources; the sector's current and future markets; the current fiscal and potential fiscal impacts of the sector, to both the state and its communities; any geographic opportunities or limitations with regard to the sector, including areas of the state most likely to benefit from the sector and areas unlikely to benefit from the sector; the state's advantages or disadvantages with regard to the sector; and the long-term expectations for the industry on a global level and in the state. If Enterprise Florida, Inc., finds favorable conditions for the designation of the sector as a high-impact sector, it shall include in the study recommendations for a complete and comprehensive sector strategy, including appropriate marketing and workforce strategies for the entire sector and any recommendations that Enterprise Florida, Inc., may have for statutory or policy changes needed to improve the state's business climate and to attract and grow Florida businesses, particularly small businesses, in the proposed sector. The study shall reflect the finding of the sector-business network specified in paragraph (d).

(d) In conjunction with the study required in paragraph (c), Enterprise Florida, Inc., shall develop and consult with a network of sector businesses. While this network may include non-Florida businesses, it must include any businesses currently within the state. If the number of Florida businesses in the sector is large, a representative cross-section of Florida sector businesses may form the core of this network.

(e) The study and its findings and recommendations and the recommendations gathered from the sector-business network must be discussed and considered during *at least one* ~~the~~ meeting *per calendar year of leaders in business, government, education, workforce development, and economic development called by the Governor to address the business climate in the state, develop a common vision for the economic future of the state, and identify economic development efforts to fulfill that vision* ~~required in s. 14.2015(2)(c)~~.

(f) If after consideration of the completed study required in paragraph (c) and the input derived from consultation with the sector-business network in paragraph (d) and the ~~quarterly~~ meeting as required in paragraph (e), the board of directors of Enterprise Florida, Inc., finds that the sector will have exceptionally large and widespread benefits to the state and its citizens, relative to any public costs; that the sector is characterized by the types of facilities that require exceptionally large investments and provide employment opportunities to a relatively large number of workers in high-quality, high-income jobs that might qualify for a high-impact performance grant; and that given the competition for such businesses it may be necessary for the state to be able to offer a large inducement, such as a high-impact performance grant, to attract such a business to the state or to encourage businesses to continue to grow in the state, the board of directors of Enterprise Florida, Inc., may recommend that the *department* ~~office~~ consider the designation of the sector as a high-impact business sector.

(g) Upon receiving a recommendation from the board of directors of Enterprise Florida, Inc., together with the study required in paragraph (c) and a summary of the findings and recommendations of the sector-business network required in paragraph (d), including a list of all meetings of the sector network and participants in those meetings and the findings and recommendations from the ~~quarterly~~ meeting as required in paragraph (e), the *department* ~~Office~~ shall after a thorough evaluation of the study and accompanying materials report its findings and either concur in the recommendation of Enterprise Florida, Inc., and designate the sector as a high-impact business sector or notify Enterprise Florida, Inc., that it does not concur and deny the board's request for designation or return the recommendation and study to Enterprise Florida, Inc., for further evaluation. In any case, the *department's* ~~director's~~ decision must be in writing and justify the reasons for the decision.

(h) If the *department* ~~Office~~ designates the sector as a high-impact sector, it shall, within 30 days, notify the Governor, the President of the Senate, and the Speaker of the House of Representatives of its decision and provide a complete report on its decision, including copies of the material provided by Enterprise Florida, Inc., and the *department's* ~~Office of Tourism, Trade, and Economic Development's~~ evaluation and comment on any statutory or policy changes recommended by Enterprise Florida, Inc.

(i) For the purposes of this subsection, a high-impact sector consists of the silicon technology sector that Enterprise Florida, Inc., has found to be focused around the type of high-impact businesses for which the incentive created in this subsection is required and will create the kinds of sector and economy wide benefits that justify the use of state resources to encourage these investments and require substantial inducements to compete with the incentive packages offered by other states and nations.

(7) RULEMAKING.—The *department* ~~Office~~ may adopt rules necessary to carry out the provisions of this section.

Section 153. Subsections (1), (2), (4), (5), (6), and (9) of section 288.1083, Florida Statutes, are amended to read:

A building and its structural components are not eligible equipment unless the building or structural component is so closely related to the industrial machinery and equipment that it houses or supports that the building or structural component can be expected to be replaced when the machinery and equipment are replaced. Heating and air-conditioning systems are not eligible equipment unless the sole justification for their installation is to meet the requirements of the production process, even though the system may provide incidental comfort to employees or serve, to an insubstantial degree, nonproduction activities. The term includes parts and accessories only to the extent that the exemption of such parts and accessories is consistent with ~~the provisions of~~ this paragraph.

If, upon reviewing the application, the *department* ~~office~~ determines that eligible equipment purchases did not occur, that the amount of tax claimed to have been paid or remitted on the eligible equipment purchases is not supported by the documentation provided, or that the information provided to the *department* ~~office~~ was otherwise inaccurate, the amount of the refund allocation not substantiated shall not be certified. If an early learning coalition fails or refuses to merge as required by this subparagraph, the *Office of Early Learning* ~~Agency for Workforce Innovation~~ may dissolve the coalition and temporarily contract with a qualified entity to continue school readiness and prekindergarten services in the coalition's county or multicounty region until the *office* ~~agency~~ reestablishes the coalition and a new school readiness plan is approved by the *office* ~~agency~~.

4. Each early learning coalition shall be composed of at least 15 members but not more than 30 members. The *Office of Early Learning* ~~Agency for Workforce Innovation~~ shall adopt standards establishing within this range the minimum and maximum number of members that may be appointed to an early learning coalition and procedures for identifying which members have voting privileges under subparagraph 6. These standards must include variations for a coalition serving a multicounty region. Each early learning coalition must comply with these standards.

5. The Governor shall appoint the chair and two other members of each early learning coalition, who must each meet the same qualifications as private sector business members appointed by the coalition under subparagraph 7.

6. Each early learning coalition must include the following member positions; however, in a multicounty coalition, each ex officio member position may be filled by multiple nonvoting members but no more than one voting member shall be seated per member position. If an early learning coalition has more than one member representing the same entity, only one of such members may serve as a voting member:

9. A voting member of an early learning coalition may not appoint a designee to act in his or her place, except as otherwise provided in this paragraph. The *Office of Early Learning* ~~Agency for Workforce Innovation~~ shall establish through technology a single statewide information system that each coalition must use for the purposes of managing the single point of entry, tracking children's progress, coordinating services among stakeholders, determining eligibility, tracking child attendance, and streamlining administrative processes for providers and early learning coalitions.

(g) She or he has been paid wages for insured work equal to 1.5 times her or his high quarter wages during her or his base period, except that an unemployed individual is not eligible to receive benefits if the base period wages are less than $3,400.

(h) She or he submitted to the *department* ~~agency~~ a valid social security number assigned to her or him. The *department* ~~agency~~ may verify the social security number with the United States Social Security Administration and may deny benefits if the *department* ~~agency~~ is unable to verify the individual's social security number, the social security number is invalid, or the social security number is not assigned to the individual.

(4) In the event of national emergency, in the course of which the Federal Emergency Unemployment Payment Plan is, at the request of the Governor, invoked for all or any part of the state, the emergency plan shall supersede the procedures prescribed by this chapter, and by rules adopted under this chapter, and the *department* ~~Agency for Workforce Innovation~~ shall act as the Florida agency for the United States Department of Labor in the administration of the plan.

Section 357. Subsections (1), (2), (4), (6), (7), and (9) of section 443.101, Florida Statutes, are amended to read:

443.101 Disqualification for benefits.—An individual shall be disqualified for benefits:

(1)(a) For the week in which he or she has voluntarily left work without good cause attributable to his or her employing unit or in which the individual has been discharged by the employing unit for misconduct connected with his or her work, based on a finding by the *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~. As used in this paragraph, the term "work" means any work, whether full-time, part-time, or temporary.

1. Disqualification for voluntarily quitting continues for the full period of unemployment next ensuing after the individual has left his or her full-time, part-time, or temporary work voluntarily without good cause and until the individual has earned income equal to or in excess of 17 times his or her weekly benefit amount. As used in this subsection, the term "good cause" includes only that cause attributable to the employing unit or which consists of the individual's illness or disability requiring separation from his or her work. Any other disqualification may not be imposed. An individual is not disqualified under this subsection for voluntarily leaving temporary work to return immediately when called to work by the permanent employing unit that temporarily terminated his or her work within the previous 6 calendar months. An individual is not disqualified under this subsection for voluntarily leaving work to relocate as a result of his or her military-connected spouse's permanent change of station orders, activation orders, or unit deployment orders.

2. Disqualification for being discharged for misconduct connected with his or her work continues for the full period of unemployment next ensuing after having been discharged and until the individual is reemployed and has earned income of at least 17 times his or her weekly benefit amount and for not more than 52 weeks that immediately follow that week, as determined by the *department* ~~agency~~ in each case according to the circumstances in each case or the seriousness of the misconduct, under the *department's* ~~agency's~~ rules adopted for determinations of disqualification for benefits for misconduct.

3. If an individual has provided notification to the employing unit of his or her intent to voluntarily leave work and the employing unit discharges the individual for reasons other than misconduct before the date the voluntary quit was to take effect, the individual, if otherwise entitled, shall receive benefits from the date of the employer's discharge until the effective date of his or her voluntary quit.

4. If an individual is notified by the employing unit of the employer's intent to discharge the individual for reasons other than misconduct and the individual quits without good cause, as defined in this section, before the date the discharge was to take effect, the claimant is ineligible for benefits pursuant to s. 443.091(1)(d) for failing to be available for work for the week or weeks of unemployment occurring before the effective date of the discharge.

(b) For any week with respect to which the *department* ~~Agency for Workforce Innovation~~ finds that his or her unemployment is due to a suspension for misconduct connected with the individual's work.

(c) For any week with respect to which the *department* ~~Agency for Workforce Innovation~~ finds that his or her unemployment is due to a leave of absence, if the leave was voluntarily initiated by the individual.

(d) For any week with respect to which the *department* ~~Agency for Workforce Innovation~~ finds that his or her unemployment is due to a discharge for misconduct connected with the individual's work, consisting of drug use, as evidenced by a positive, confirmed drug test.

(2) If the *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~ finds that the individual has failed without good cause to apply for available suitable work when directed by the *department* ~~agency~~ or the one-stop career center, to accept suitable work when offered to him or her, or to return to the individual's customary self-employment when directed by the *department* ~~agency~~, the disqualification continues for the full period of unemployment next ensuing after he or she failed without good cause to apply for available suitable work, to accept suitable work, or to return to his or her customary self-employment, under this subsection, and until the individual has earned income at least 17 times his or her weekly benefit amount. The *department* ~~Agency for Workforce Innovation~~ shall by rule adopt criteria for determining the "suitability of work," as used in this section. The *department* ~~Agency for Workforce Innovation~~ in developing these rules shall consider the duration of a claimant's unemployment in determining the suitability of work and the suitability of proposed rates of compensation for available work. Further, after an individual has received 25 weeks of benefits in a single year, suitable work is a job that pays the minimum wage and is 120 percent or more of the weekly benefit amount the individual is drawing.

(a) In determining whether or not any work is suitable for an individual, the *department* ~~Agency for Workforce Innovation~~ shall consider the degree of risk involved to his or her health, safety, and morals; his or her physical fitness and prior training; the individual's experience and prior earnings; his or her length of unemployment and prospects for securing local work in his or her customary occupation; and the distance of the available work from his or her residence.

(b) Notwithstanding any other provisions of this chapter, work is not deemed suitable and benefits may not be denied under this chapter to any otherwise eligible individual for refusing to accept new work under any of the following conditions:

1. If the position offered is vacant due directly to a strike, lockout, or other labor dispute.

2. If the wages, hours, or other conditions of the work offered are substantially less favorable to the individual than those prevailing for similar work in the locality.

3. If as a condition of being employed, the individual would be required to join a company union or to resign from or refrain from joining any bona fide labor organization.

(c) If the *department* ~~Agency for Workforce Innovation~~ finds that an individual was rejected for offered employment as the direct result of a positive, confirmed drug test required as a condition of employment, the individual is disqualified for refusing to accept an offer of suitable work.

(4) For any week with respect to which the *department* ~~Agency for Workforce Innovation~~ finds that his or her total or partial unemployment is due to a labor dispute in active progress which exists at the factory, establishment, or other premises at which he or she is or was last employed; except that this subsection does not apply if it is shown to the satisfaction of the *department* ~~Agency for Workforce Innovation~~ that:

(a)1. He or she is not participating in, financing, or directly interested in the labor dispute that is in active progress; however, the payment of regular union dues may not be construed as financing a labor dispute within the meaning of this section; and

2. He or she does not belong to a grade or class of workers of which immediately before the commencement of the labor dispute there were members employed at the premises at which the labor dispute occurs any of whom are participating in, financing, or directly interested in the dispute; if in any case separate branches of work are commonly conducted as separate businesses in separate premises, or are conducted in separate departments of the same premises, each department, for the purpose of this subsection, is deemed to be a separate factory, establishment, or other premise.

(b) His or her total or partial unemployment results from a lockout by his or her employer. As used in this section, the term "lockout" means a situation in which employees have not gone on strike, nor have employees notified the employer of a date certain for a strike, but in which employees have been denied entry to the factory, establishment, or other premises of employment by the employer. However, benefits are not payable under this paragraph if the lockout action was taken in response to threats, actions, or other indications of impending damage to property and equipment or possible physical violence by employees or in response to actual damage or violence or a substantial reduction in production instigated or perpetrated by employees.

(6) For a period not to exceed 1 year from the date of the discovery by the *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~ of the making of any false or fraudulent representation for the purpose of obtaining benefits contrary to this chapter, constituting a violation under s. 443.071. This disqualification may be appealed in the same manner as any other disqualification imposed under this section. A conviction by any court of competent jurisdiction in this state of the offense prohibited or punished by s. 443.071 is conclusive upon the appeals referee and the commission of the making of the false or fraudulent representation for which disqualification is imposed under this section.

(7) If the *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~ finds that the individual is an alien, unless the alien is an individual who has been lawfully admitted for permanent residence or otherwise is permanently residing in the United States under color of law, including an alien who is lawfully present in the United States as a result of the application of s. 203(a)(7) or s. 212(d)(5) of the Immigration and Nationality Act, if any modifications to s. 3304(a)(14) of the Federal Unemployment Tax Act, as provided by Pub. L. No. 94-566, which specify other conditions or other effective dates than those stated under federal law for the denial of benefits based on services performed by aliens, and which modifications are required to be implemented under state law as a condition for full tax credit against the tax imposed by the Federal Unemployment Tax Act, are deemed applicable under this section, if:

(a) Any data or information required of individuals applying for benefits to determine whether benefits are not payable to them because of their alien status is uniformly required from all applicants for benefits; and

(b) In the case of an individual whose application for benefits would otherwise be approved, a determination that benefits to such individual are not payable because of his or her alien status may not be made except by a preponderance of the evidence.

If the *department* ~~Agency for Workforce Innovation~~ finds that the individual has refused without good cause an offer of resettlement or relocation, which offer provides for suitable employment for the individual notwithstanding the distance of relocation, resettlement, or employment from the current location of the individual in this state, this disqualification continues for the week in which the failure occurred and for not more than 17 weeks immediately after that week, or a reduction by not more than 5 weeks from the duration of benefits, as determined by the *department* ~~Agency for Workforce Innovation~~ in each case.

(9) If the individual was terminated from his or her work for violation of any criminal law punishable by imprisonment, or for any dishonest act, in connection with his or her work, as follows:

(a) If the *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~ or the Unemployment Appeals Commission finds that the individual was terminated from his or her work for violation of any criminal law punishable by imprisonment in connection with his or her work, and the individual was found guilty of the offense, made an admission of guilt in a court of law, or entered a plea of no contest, the individual is not entitled to unemployment benefits for up to 52 weeks, under rules adopted by the *department* ~~Agency for Workforce Innovation~~, and until he or she has earned income of at least 17 times his or her weekly benefit amount. If, before an adjudication of guilt, an admission

of guilt, or a plea of no contest, the employer shows the *department* ~~Agency for Workforce Innovation~~ that the arrest was due to a crime against the employer or the employer's business and, after considering all the evidence, the *department* ~~Agency for Workforce Innovation~~ finds misconduct in connection with the individual's work, the individual is not entitled to unemployment benefits.

(b) If the *department* ~~Agency for Workforce Innovation~~ or the Unemployment Appeals Commission finds that the individual was terminated from work for any dishonest act in connection with his or her work, the individual is not entitled to unemployment benefits for up to 52 weeks, under rules adopted by the *department* ~~Agency for Workforce Innovation~~, and until he or she has earned income of at least 17 times his or her weekly benefit amount. In addition, if the employer terminates an individual as a result of a dishonest act in connection with his or her work and the *department* ~~Agency for Workforce Innovation~~ finds misconduct in connection with his or her work, the individual is not entitled to unemployment benefits.

With respect to an individual disqualified for benefits, the account of the terminating employer, if the employer is in the base period, is noncharged at the time the disqualification is imposed.

Section 358. Subsection (1) of section 443.111, Florida Statutes, is amended to read:

443.111 Payment of benefits.—

(1) MANNER OF PAYMENT.—Benefits are payable from the fund in accordance with rules adopted by the *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~, subject to the following requirements:

(a) Benefits are payable by mail or electronically. *The department* ~~Notwithstanding s. 409.942(4), the agency~~ may develop a system for the payment of benefits by electronic funds transfer, including, but not limited to, debit cards, electronic payment cards, or any other means of electronic payment that the *department* ~~agency~~ deems to be commercially viable or cost-effective. Commodities or services related to the development of such a system shall be procured by competitive solicitation, unless they are purchased from a state term contract pursuant to s. 287.056. The *department* ~~agency~~ shall adopt rules necessary to administer *this paragraph* ~~the system~~.

(b) Each claimant must report in the manner prescribed by the *department* ~~Agency for Workforce Innovation~~ to certify for benefits that are paid and must continue to report at least biweekly to receive unemployment benefits and to attest to the fact that she or he is able and available for work, has not refused suitable work, is seeking work, and, if she or he has worked, to report earnings from that work. Each claimant must continue to report regardless of any appeal or pending appeal relating to her or his eligibility or disqualification for benefits.

Section 359. Subsections (1), (4), and (5) of section 443.1113, Florida Statutes, are amended to read:

Section 360. Paragraph (d) of subsection (1), subsection (2), paragraphs (a) and (c) of subsection (3), and subsection (6) of section 443.1115, Florida Statutes, are amended to read:

443.1115 Extended benefits.—

(1) DEFINITIONS.—As used in this section, the term:

(d) "Rate of insured unemployment" means the percentage derived by dividing the average weekly number of individuals filing claims for regular compensation in this state, excluding extended-benefit claimants for weeks of unemployment with respect to the most recent 13-consecutive-week period, as determined by the *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~ on the basis of its reports to the United States Secretary of Labor, by the average monthly employment covered under this chapter for the first four of the most recent six completed calendar quarters ending before the end of that 13-week period.

(2) REGULAR BENEFITS ON CLAIMS FOR, AND THE PAYMENT OF, EXTENDED BENEFITS.—Except when the result is inconsistent with the other provisions of this section and as provided in the rules of the *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~, the provisions of this chapter applying to claims for, or the payment of, regular benefits apply to claims for, and the payment of, extended benefits. These extended benefits are charged to the employment records of employers to the extent that the share of those extended benefits paid from this state's Unemployment Compensation Trust Fund is not eligible to be reimbursed from federal sources.

(3) ELIGIBILITY REQUIREMENTS FOR EXTENDED BENEFITS.—

(a) An individual is eligible to receive extended benefits for any week of unemployment in her or his eligibility period only if the *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~ finds that, for that week:

1. She or he is an exhaustee as defined in subsection (1).

2. She or he satisfies the requirements of this chapter for the receipt of regular benefits applicable to individuals claiming extended benefits, including not being subject to disqualification from the receipt of benefits. An individual disqualified from receiving regular benefits may not receive extended benefits after the disqualification period terminates if he or she was disqualified for voluntarily leaving work, being discharged from work for misconduct, or refusing suitable work. However, if the disqualification period for regular benefits terminates because the individual received the required amount of remuneration for services rendered as a common-law employee, she or he may receive extended benefits.

3. The individual was paid wages for insured work for the applicable benefit year equal to 1.5 times the high quarter earnings during the base period.

(c)1. An individual is disqualified from receiving extended benefits if the *department* ~~Agency for Workforce Innovation~~ finds that, during any week of unemployment in her or his eligibility period:

a. She or he failed to apply for suitable work or, if offered, failed to accept suitable work, unless the individual can furnish to the *department* ~~agency~~ satisfactory evidence that her or his prospects for obtaining work in her or his customary occupation within a reasonably short period are good. If this evidence is deemed satisfactory for this purpose, the determination of whether any work is suitable for the individual shall be made in accordance with the definition of suitable work in s. 443.101(2). This disqualification begins with the week the failure occurred and continues until she or he is employed for at least 4 weeks and receives earned income of at least 17 times her or his weekly benefit amount.

b. She or he failed to furnish tangible evidence that she or he actively engaged in a systematic and sustained effort to find work. This disqualification begins with the week the failure occurred and continues until she or he is employed for at least 4 weeks and receives earned income of at least 4 times her or his weekly benefit amount.

2. Except as otherwise provided in sub-subparagraph 1.a., as used in this paragraph, the term "suitable work" means any work within the individual's capabilities to perform, if:

a. The gross average weekly remuneration payable for the work exceeds the sum of the individual's weekly benefit amount plus the amount, if any, of supplemental unemployment benefits, as defined in s. 501(c)(17)(D) of the Internal Revenue Code of 1954, as amended, payable to the individual for that week;

b. The wages payable for the work equal the higher of the minimum wages provided by s. 6(a)(1) of the Fair Labor Standards Act of 1938, without regard to any exemption, or the state or local minimum wage; and

c. The work otherwise meets the definition of suitable work in s. 443.101(2) to the extent that the criteria for suitability are not inconsistent with this paragraph.

(6) COMPUTATIONS.—The *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~ shall perform the computations required under paragraph (1)(d) in accordance with regulations of the United States Secretary of Labor.

Section 361. Subsection (2) and paragraphs (a) and (b) of subsection (5) of section 443.1116, Florida Statutes, are amended to read:

443.1116 Short-time compensation.—

(2) APPROVAL OF SHORT-TIME COMPENSATION PLANS.—An employer wishing to participate in the short-time compensation program must submit a signed, written, short-time plan to the *Department of Economic Opportunity* ~~director of the Agency for Workforce Innovation~~ for approval. The director or his or her designee shall approve the plan if:

(a) The plan applies to and identifies each specific affected unit;

(b) The individuals in the affected unit are identified by name and social security number;

(c) The normal weekly hours of work for individuals in the affected unit are reduced by at least 10 percent and by not more than 40 percent;

(d) The plan includes a certified statement by the employer that the aggregate reduction in work hours is in lieu of temporary layoffs that would affect at least 10 percent of the employees in the affected unit and that would have resulted in an equivalent reduction in work hours;

(e) The plan applies to at least 10 percent of the employees in the affected unit;

(f) The plan is approved in writing by the collective bargaining agent for each collective bargaining agreement covering any individual in the affected unit;

(g) The plan does not serve as a subsidy to seasonal employers during the off-season or as a subsidy to employers who traditionally use part-time employees; and

(h) The plan certifies the manner in which the employer will treat fringe benefits of the individuals in the affected unit if the hours of the individuals are reduced to less than their normal weekly hours of work. As used in this paragraph, the term "fringe benefits" includes, but is not limited to, health insurance, retirement benefits under defined benefit pension plans as defined in subsection 35 of s. 1002 of the Employee Retirement Income Security Act of 1974, 29 U.S.C., paid vacation and holidays, and sick leave.

(5) ELIGIBILITY REQUIREMENTS FOR SHORT-TIME COMPENSATION BENEFITS.—

(a) Except as provided in this subsection, an individual is eligible to receive short-time compensation benefits for any week only if she or he complies with this chapter and the *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~ finds that:

1. The individual is employed as a member of an affected unit in an approved plan that was approved before the week and is in effect for the week;

2. The individual is able to work and is available for additional hours of work or for full-time work with the short-time employer; and

3. The normal weekly hours of work of the individual are reduced by at least 10 percent but not by more than 40 percent, with a corresponding reduction in wages.

(b) The *department* ~~Agency for Workforce Innovation~~ may not deny short-time compensation benefits to an individual who is otherwise eligible for these benefits for any week by reason of the application of any provision of this chapter relating to availability for work, active search for work, or refusal to apply for or accept work from other than the short-time compensation employer of that individual.

Section 362. Subsection (3) of section 443.1215, Florida Statutes, is amended to read:

443.1215 Employers.—

(3) An employing unit that fails to keep the records of employment required by this chapter and by the rules of the *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~ and the state agency providing unemployment tax collection services is presumed to be an employer liable for the payment of contributions under this chapter, regardless of the number of individuals employed by the employing unit. However, the tax collection service provider shall make written demand that the employing unit keep and maintain required payroll records. The demand must be made at least 6 months before assessing contributions against an employing unit determined to be an employer that is subject to this chapter solely by reason of this subsection.

Section 363. Paragraphs (a) and (d) of subsection (1), subsection (12), and paragraph (p) of subsection (13) of section 443.1216, Florida Statutes, are amended to read:

443.1216 Employment.—Employment, as defined in s. 443.036, is subject to this chapter under the following conditions:

(1)(a) The employment subject to this chapter includes a service performed, including a service performed in interstate commerce, by:

1. An officer of a corporation.

2. An individual who, under the usual common-law rules applicable in determining the employer-employee relationship, is an employee. However, whenever a client, as defined in s. 443.036(18), which would otherwise be designated as an employing unit has contracted with an employee leasing company to supply it with workers, those workers are considered employees of the employee leasing company. An employee leasing company may lease corporate officers of the client to the client and other workers to the client, except as prohibited by regulations of the Internal Revenue Service. Employees of an employee leasing company must be reported under the employee leasing company's tax identification number and contribution rate for work performed for the employee leasing company.

a. In addition to any other report required to be filed by law, an employee leasing company shall submit a report to the Labor Market Statistics Center within the *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~ which includes each client establishment and each establishment of the employee leasing company, or as otherwise directed by the *department* ~~agency~~. The report must include the following information for each establishment:

(I) The trade or establishment name;

(II) The former unemployment compensation account number, if available;

(III) The former federal employer's identification number (FEIN), if available;

(IV) The industry code recognized and published by the United States Office of Management and Budget, if available;

(V) A description of the client's primary business activity in order to verify or assign an industry code;

(VI) The address of the physical location;

(VII) The number of full-time and part-time employees who worked during, or received pay that was subject to unemployment compensation taxes for, the pay period including the 12th of the month for each month of the quarter;

(VIII) The total wages subject to unemployment compensation taxes paid during the calendar quarter;

(IX) An internal identification code to uniquely identify each establishment of each client;

(X) The month and year that the client entered into the contract for services; and

(XI) The month and year that the client terminated the contract for services.

b. The report shall be submitted electronically or in a manner otherwise prescribed by the *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~ in the format specified by the Bureau of Labor Statistics of the United States Department of Labor for its Multiple Worksite Report for Professional Employer Organizations. The report must be provided quarterly to the Labor Market Statistics Center within the *department* ~~Agency for Workforce Innovation~~, or as otherwise directed by the *department* ~~agency~~, and must be filed by the last day of the month immediately following the end of the calendar quarter. The information required in sub-sub-subparagraphs a.(X) and (XI) need be provided only in the quarter in which the contract to which it relates was entered into or terminated. The sum of the employment data and the sum of the wage data in this report must match the employment and wages reported in the unemployment compensation quarterly tax and wage report. A report is not required for any calendar quarter preceding the third calendar quarter of 2010.

c. The *department* ~~Agency for Workforce Innovation~~ shall adopt rules as necessary to administer this subparagraph, and may administer, collect, enforce, and waive the penalty imposed by s. 443.141(1)(b) for the report required by this subparagraph.

d. For the purposes of this subparagraph, the term "establishment" means any location where business is conducted or where services or industrial operations are performed.

3. An individual other than an individual who is an employee under subparagraph 1. or subparagraph 2., who performs services for remuneration for any person:

a. As an agent-driver or commission-driver engaged in distributing meat products, vegetable products, fruit products, bakery products, beverages other than milk, or laundry or drycleaning services for his or her principal.

b. As a traveling or city salesperson engaged on a full-time basis in the solicitation on behalf of, and the transmission to, his or her principal of orders from wholesalers, retailers, contractors, or operators of hotels, restaurants, or other similar establishments for merchandise for resale or supplies for use in their business operations. This sub-subparagraph does not apply to an agent-driver or a commission-driver and does not apply to sideline sales activities performed on behalf of a person other than the salesperson's principal.

4. The services described in subparagraph 3. are employment subject to this chapter only if:

a. The contract of service contemplates that substantially all of the services are to be performed personally by the individual;

b. The individual does not have a substantial investment in facilities used in connection with the services, other than facilities used for transportation; and

c. The services are not in the nature of a single transaction that is not part of a continuing relationship with the person for whom the services are performed.

(d) If two or more related corporations concurrently employ the same individual and compensate the individual through a common paymaster, each related corporation is considered to have paid wages to the individual only in the amounts actually disbursed by that corporation to the individual and is not considered to have paid the wages actually disbursed to the individual by another of the related corporations. The *department* ~~Agency for Workforce Innovation~~ and the state agency providing unemployment tax collection services may adopt rules necessary to administer this paragraph.

1. As used in this paragraph, the term "common paymaster" means a member of a group of related corporations that disburses wages to concurrent employees on behalf of the related corporations and that is responsible for keeping payroll records for those concurrent employees. A common paymaster is not required to disburse wages to all the employees of the related corporations; however, this subparagraph does not apply to wages of concurrent employees which are not disbursed through a common paymaster. A common paymaster must pay concurrently employed individuals under this subparagraph by one combined paycheck.

2. As used in this paragraph, the term "concurrent employment" means the existence of simultaneous employment relationships between an individual and related corporations. Those relationships require the performance of services by the employee for the benefit of the related corporations, including the common paymaster, in exchange for wages that, if deductible for the purposes of federal income tax, are deductible by the related corporations.

3. Corporations are considered related corporations for an entire calendar quarter if they satisfy any one of the following tests at any time during the calendar quarter:

a. The corporations are members of a "controlled group of corporations" as defined in s. 1563 of the Internal Revenue Code of 1986 or would be members if s. 1563(a)(4) and (b) did not apply.

b. In the case of a corporation that does not issue stock, at least 50 percent of the members of the board of directors or other governing body of one corporation are members of the board of directors or other governing body of the other corporation or the holders of at least 50 percent of the voting power to select those members are concurrently the holders of at least 50 percent of the voting power to select those members of the other corporation.

c. At least 50 percent of the officers of one corporation are concurrently officers of the other corporation.

d. At least 30 percent of the employees of one corporation are concurrently employees of the other corporation.

4. The common paymaster must report to the tax collection service provider, as part of the unemployment compensation quarterly tax and wage report, the state unemployment compensation account number and name of each related corporation for which concurrent employees are being reported. Failure to timely report this information shall result in the related corporations being denied common paymaster status for that calendar quarter.

5. The common paymaster also has the primary responsibility for remitting contributions due under this chapter for the wages it disburses as the common paymaster. The common paymaster must compute these contributions as though it were the sole employer of the concurrently employed individuals. If a common paymaster fails to timely remit these contributions or reports, in whole or in part, the common paymaster remains liable for the full amount of the unpaid portion of these contributions. In addition, each of the other related corporations using the common paymaster is jointly and severally liable for its appropriate share of these contributions. Each related corporation's share equals the greater of:

a. The liability of the common paymaster under this chapter, after taking into account any contributions made.

b. The liability under this chapter which, notwithstanding this section, would have existed for the wages from the other related corporations, reduced by an allocable portion of any contributions previously paid by the common paymaster for those wages.

(12) The employment subject to this chapter includes services covered by a reciprocal arrangement under s. 443.221 between the *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~ or its tax collection service provider and the agency charged with the administration of another state unemployment compensation law or a federal unemployment compensation law, under which all services performed by an individual for an employing unit are deemed to be performed entirely within this state, if the *department* ~~Agency for Workforce Innovation~~ or its tax collection service provider approved an election of the employing unit in which all of the services performed by the individual during the period covered by the election are deemed to be insured work.

(13) The following are exempt from coverage under this chapter:

(p) Service covered by an arrangement between the *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~, or its tax collection service provider, and the agency charged with the administration of another state or federal unemployment compensation law under which all services performed by an individual for an employing unit during the period covered by the employing unit's duly approved election is deemed to be performed entirely within the other agency's state or under the federal law.

Section 364. Subsection (1) of section 443.1217, Florida Statutes, is amended to read:

443.1217 Wages.—

(1) The wages subject to this chapter include all remuneration for employment, including commissions, bonuses, back pay awards, and the cash value of all remuneration paid in any medium other than cash. The reasonable cash value of remuneration in any medium other than cash must be estimated and determined in accordance with rules adopted by the *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~ or the state agency providing tax collection services. The wages subject to this chapter include tips or gratuities received while performing services that constitute employment and are included in a written statement furnished to the employer under s. 6053(a) of the Internal Revenue Code of 1954. As used in this section only, the term "employment" includes services constituting employment under any employment security law of another state or of the Federal Government.

Section 365. Subsection (1) and paragraphs (a), (g), and (i) of subsection (3) of section 443.131, Florida Statutes, are amended to read:

443.131 Contributions.—

(1) PAYMENT OF CONTRIBUTIONS.—Contributions accrue and are payable by each employer for each calendar quarter he or she is subject to this chapter for wages paid during each calendar quarter for

employment. Contributions are due and payable by each employer to the tax collection service provider, in accordance with the rules adopted by the *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~ or the state agency providing tax collection services. This subsection does not prohibit the tax collection service provider from allowing, at the request of the employer, employers of employees performing domestic services, as defined in s. 443.1216(6), to pay contributions or report wages at intervals other than quarterly when the nonquarterly payment or reporting assists the service provider and when nonquarterly payment and reporting is authorized under federal law. Employers of employees performing domestic services may report wages and pay contributions annually, with a due date of January 1 and a delinquency date of February 1. To qualify for this election, the employer must employ only employees performing domestic services, be eligible for a variation from the standard rate computed under subsection (3), apply to this program no later than December 1 of the preceding calendar year, and agree to provide the *department* ~~Agency for Workforce Innovation~~ or its tax collection service provider with any special reports that are requested, including copies of all federal employment tax forms. An employer who fails to timely furnish any wage information required by the *department* ~~Agency for Workforce Innovation~~ or its tax collection service provider loses the privilege to participate in this program, effective the calendar quarter immediately after the calendar quarter the failure occurred. The employer may reapply for annual reporting when a complete calendar year elapses after the employer's disqualification if the employer timely furnished any requested wage information during the period in which annual reporting was denied. An employer may not deduct contributions, interests, penalties, fines, or fees required under this chapter from any part of the wages of his or her employees. A fractional part of a cent less than one-half cent shall be disregarded from the payment of contributions, but a fractional part of at least one-half cent shall be increased to 1 cent.

(3) VARIATION OF CONTRIBUTION RATES BASED ON BENEFIT EXPERIENCE.—

(a) *Employment records.*—The regular and short-time compensation benefits paid to an eligible individual shall be charged to the employment record of each employer who paid the individual wages of at least $100 during the individual's base period in proportion to the total wages paid by all employers who paid the individual wages during the individual's base period. Benefits may not be charged to the employment record of an employer who furnishes part-time work to an individual who, because of loss of employment with one or more other employers, is eligible for partial benefits while being furnished part-time work by the employer on substantially the same basis and in substantially the same amount as the individual's employment during his or her base period, regardless of whether this part-time work is simultaneous or successive to the individual's lost employment. Further, as provided in s. 443.151(3), benefits may not be charged to the employment record of an employer who furnishes the *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~ with notice, as prescribed in ~~agency~~ rules *of the department*, that any of the following apply:

1. If an individual leaves his or her work without good cause attributable to the employer or is discharged by the employer for misconduct connected with his or her work, benefits subsequently paid to the individual based on wages paid by the employer before the separation may not be charged to the employment record of the employer.

2. If an individual is discharged by the employer for unsatisfactory performance during an initial employment probationary period, benefits subsequently paid to the individual based on wages paid during the probationary period by the employer before the separation may not be charged to the employer's employment record. As used in this subparagraph, the term "initial employment probationary period" means an established probationary plan that applies to all employees or a specific group of employees and that does not exceed 90 calendar days following the first day a new employee begins work. The employee must be informed of the probationary period within the first 7 days of work. The employer must demonstrate by conclusive evidence that the individual was separated because of unsatisfactory work performance and not because of lack of work due to temporary, seasonal, casual, or other similar employment that is not of a regular, permanent, and year-round nature.

3. Benefits subsequently paid to an individual after his or her refusal without good cause to accept suitable work from an employer may not be charged to the employment record of the employer if any part of those benefits are based on wages paid by the employer before the individual's refusal to accept suitable work. As used in this subparagraph, the term "good cause" does not include distance to employment caused by a change of residence by the individual. The *department* ~~Agency for Workforce Innovation~~ shall adopt rules prescribing for the payment of all benefits whether this subparagraph applies regardless of whether a disqualification under s. 443.101 applies to the claim.

4. If an individual is separated from work as a direct result of a natural disaster declared under the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. ss. 5121 et seq., benefits subsequently paid to the individual based on wages paid by the employer before the separation may not be charged to the employment record of the employer.

(g) *Transfer of unemployment experience upon transfer or acquisition of a business.*—Notwithstanding any other provision of law, upon transfer or acquisition of a business, the following conditions apply to the assignment of rates and to transfers of unemployment experience:

1.a. If an employer transfers its trade or business, or a portion thereof, to another employer and, at the time of the transfer, there is any common ownership, management, or control of the two employers, the unemployment experience attributable to the transferred trade or business shall be transferred to the employer to whom the business is so transferred. The rates of both employers shall be recalculated and made effective as of the beginning of the calendar quarter immediately following the date of the transfer of the trade or business unless the transfer occurred on the first day of a calendar quarter, in which case the rate shall be recalculated as of that date.

b. If, following a transfer of experience under sub-subparagraph a., the *department* ~~Agency for Workforce Innovation~~ or the tax collection service provider determines that a substantial purpose of the transfer of trade or business was to obtain a reduced liability for contributions, the experience rating account of the employers involved shall be combined into a single account and a single rate assigned to the account.

2. Whenever a person who is not an employer under this chapter at the time it acquires the trade or business of an employer, the unemployment experience of the acquired business shall not be transferred to the person if the *department* ~~Agency for Workforce Innovation~~ or the tax collection service provider finds that such person acquired the business solely or primarily for the purpose of obtaining a lower rate of contributions. Instead, such person shall be assigned the new employer rate under paragraph (2)(a). In determining whether the business was acquired solely or primarily for the purpose of obtaining a lower rate of contributions, the tax collection service provider shall consider, but not be limited to, the following factors:

a. Whether the person continued the business enterprise of the acquired business;

b. How long such business enterprise was continued; or

c. Whether a substantial number of new employees was hired for performance of duties unrelated to the business activity conducted before the acquisition.

3. If a person knowingly violates or attempts to violate subparagraph 1. or subparagraph 2. or any other provision of this chapter related to determining the assignment of a contribution rate, or if a person knowingly advises another person to violate the law, the person shall be subject to the following penalties:

a. If the person is an employer, the employer shall be assigned the highest rate assignable under this chapter for the rate year during which such violation or attempted violation occurred and for the 3 rate years immediately following this rate year. However, if the person's business is already at the highest rate for any year, or if the amount of increase in the person's rate would be less than 2 percent for such year, then a penalty rate of contribution of 2 percent of taxable wages shall be imposed for such year and the following 3 rate years.

b. If the person is not an employer, such person shall be subject to a civil money penalty of not more than $5,000. The procedures for the assessment of a penalty shall be in accordance with the procedures set forth in s. 443.141(2), and the provisions of s. 443.141(3) shall apply to

the collection of the penalty. Any such penalty shall be deposited in the penalty and interest account established under s. 443.211(2).

4. For purposes of this paragraph, the term:

a. "Knowingly" means having actual knowledge of or acting with deliberate ignorance or reckless disregard for the prohibition involved.

b. "Violates or attempts to violate" includes, but is not limited to, intent to evade, misrepresent, or willfully nondisclose.

5. In addition to the penalty imposed by subparagraph 3., any person who violates this paragraph commits a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

6. The *department* ~~Agency for Workforce Innovation~~ and the tax collection service provider shall establish procedures to identify the transfer or acquisition of a business for the purposes of this paragraph and shall adopt any rules necessary to administer this paragraph.

7. For purposes of this paragraph:

a. "Person" has the meaning given to the term by s. 7701(a)(1) of the Internal Revenue Code of 1986.

b. "Trade or business" shall include the employer's workforce.

8. This paragraph shall be interpreted and applied in such a manner as to meet the minimum requirements contained in any guidance or regulations issued by the United States Department of Labor.

(i) *Notice of determinations of contribution rates; redeterminations.*—The state agency providing tax collection services:

1. Shall promptly notify each employer of his or her contribution rate as determined for any calendar year under this section. The determination is conclusive and binding on the employer unless within 20 days after mailing the notice of determination to the employer's last known address, or, in the absence of mailing, within 20 days after delivery of the notice, the employer files an application for review and redetermination setting forth the grounds for review. An employer may not, in any proceeding involving his or her contribution rate or liability for contributions, contest the chargeability to his or her employment record of any benefits paid in accordance with a determination, redetermination, or decision under s. 443.151, except on the ground that the benefits charged were not based on services performed in employment for him or her and then only if the employer was not a party to the determination, redetermination, or decision, or to any other proceeding under this chapter, in which the character of those services was determined.

2. Shall, upon discovery of an error in computation, reconsider any prior determination or redetermination of a contribution rate after the 20-day period has expired and issue a revised notice of contribution rate as redetermined. A redetermination is subject to review, and is conclusive and binding if review is not sought, in the same manner as review of a determination under subparagraph 1. A reconsideration may not be made after March 31 of the calendar year immediately after the calendar year for which the contribution rate is applicable, and interest may not accrue on any additional contributions found to be due until 30 days after the employer is mailed notice of his or her revised contribution rate.

3. May adopt rules providing for periodic notification to employers of benefits paid and charged to their employment records or of the status of those employment records. A notification, unless an application for redetermination is filed in the manner and within the time limits prescribed by the *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~, is conclusive and binding on the employer under this chapter. The redetermination, and the ~~Agency for Workforce Innovation's~~ finding of fact *of the department* in connection with the redetermination, may be introduced in any subsequent administrative or judicial proceeding involving the determination of the contribution rate of an employer for any calendar year. A redetermination becomes final in the same manner provided in this subsection for findings of fact made by the *department* ~~Agency for Workforce Innovation~~ in proceedings to redetermine the contribution rate of an employer. Pending a redetermination or an administrative or judicial proceeding, the employer must file reports and pay contributions in accordance with this section.

Section 366. Paragraph (d) of subsection (2) and paragraph (d) of subsection (3) of section 443.1312, Florida Statutes, are amended to read:

443.1312 Reimbursements; nonprofit organizations.—Benefits paid to employees of nonprofit organizations shall be financed in accordance with this section.

(2) LIABILITY FOR CONTRIBUTIONS AND ELECTION OF REIMBURSEMENT.—A nonprofit organization that is, or becomes, subject to this chapter under s. 443.1215(1)(c) or s. 443.121(3)(a) must pay contributions under s. 443.131 unless it elects, in accordance with this subsection, to reimburse the Unemployment Compensation Trust Fund for all of the regular benefits, short-time compensation benefits, and one-half of the extended benefits paid, which are attributable to service in the employ of the nonprofit organization, to individuals for weeks of unemployment which begin during the effective period of the election.

(d) In accordance with rules adopted by the *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~ or the state agency providing unemployment tax collection services, the tax collection service provider shall notify each nonprofit organization of any determination of the organization's status as an employer, the effective date of any election the organization makes, and the effective date of any termination of the election. Each determination is subject to reconsideration, appeal, and review under s. 443.141(2)(c).

(3) PAYMENT OF REIMBURSEMENTS.—Reimbursements in lieu of contributions must be paid in accordance with this subsection.

(d) The amount due, as specified in any bill from the tax collection service provider, is conclusive, and the nonprofit organization is liable for payment of that amount unless, within 20 days after the bill is mailed to the organization's last known address or otherwise delivered to the organization, the organization files an application for redetermination by the *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~, setting forth the grounds for the application. The *department* ~~Agency for Workforce Innovation~~ shall promptly review and reconsider the amount due, as specified in the bill, and shall issue a redetermination in each case in which an application for redetermination is filed. The redetermination is conclusive and the nonprofit organization is liable for payment of the amount due, as specified in the redetermination, unless, within 20 days after the redetermination is mailed to the organization's last known address or otherwise delivered to the organization, the organization files a protest, setting forth the grounds for the appeal. Proceedings on the protest shall be conducted in accordance with s. 443.141(2).

Section 367. Paragraph (b) of subsection (1) of section 443.1313, Florida Statutes, is amended to read:

443.1313 Public employers; reimbursements; election to pay contributions.—Benefits paid to employees of a public employer, as defined in s. 443.036, based on service described in s. 443.1216(2) shall be financed in accordance with this section.

(1) PAYMENT OF REIMBURSEMENTS.—

(b) If a state agency is more than 120 days delinquent on reimbursements due to the Unemployment Compensation Trust Fund, the tax collection service provider shall certify to the Chief Financial Officer the amount due and the Chief Financial Officer shall transfer the amount due to the Unemployment Compensation Trust Fund from the funds of the agency which legally may be used for that purpose. If a public employer other than a state agency is more than 120 days delinquent on reimbursements due to the Unemployment Compensation Trust Fund, upon request by the tax collection service provider after a hearing, the Department of Revenue or the Department of Financial Services, as applicable, shall deduct the amount owed by the public employer from any funds to be distributed by the applicable department to the public employer for further distribution to the trust fund in accordance with this chapter. If an employer for whom the municipal or county tax collector collects taxes fails to make the reimbursements to the Unemployment Compensation Trust Fund required by this chapter, the tax collector after a hearing, at the request of the tax collection service provider and upon receipt of a certificate showing the amount owed by the employer, shall deduct the certified amount from any taxes collected for the employer and remit that amount to the tax collection

service provider for further distribution to the trust fund in accordance with this chapter. This paragraph does not apply to amounts owed by a political subdivision of the state for benefits erroneously paid in which the claimant must repay to the *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~ under s. 443.151(6)(a) or (b) any sum as benefits received.

Section 368. Paragraphs (b) and (c) of subsection (4) and subsection (7) of section 443.1315, Florida Statutes, are amended to read:

443.1315 Treatment of Indian tribes.—

(4)

(b)1. Services performed for an Indian tribe or tribal unit that fails to make required reimbursements, including assessments of interest and penalty, after all collection activities deemed necessary by the tax collection service provider, subject to approval by the *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~, are exhausted may not be treated as employment for purposes of paragraph (1)(b).

2. The tax collection service provider may determine that any Indian tribe that loses coverage under subparagraph 1. may have services performed for the tribe subsequently included as employment for purposes of paragraph (1)(b) if all contributions, reimbursements, penalties, and interest are paid.

(c) The *department* ~~Agency for Workforce Innovation~~ or its tax collection service provider shall immediately notify the United States Internal Revenue Service and the United States Department of Labor when an Indian tribe fails to make reimbursements required under this section, including assessments of interest and penalty, within 90 days after a final notice of delinquency.

(7) The *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~ and the state agency providing unemployment tax collection services shall adopt rules necessary to administer this section.

Section 369. Section 443.1316, Florida Statutes, is amended to read:

443.1316 Unemployment tax collection services; interagency agreement.—

(1) The *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~ shall contract with the Department of Revenue, through an interagency agreement, to perform the duties of the tax collection service provider and provide other unemployment tax collection services under this chapter. Under the interagency agreement, the tax collection service provider may only implement:

(a) The provisions of this chapter conferring duties upon the tax collection service provider.

(b) The provisions of law conferring duties upon the *department* ~~Agency for Workforce Innovation~~ which are specifically delegated to the tax collection service provider in the interagency agreement.

(2)(a) The Department of Revenue is considered to be administering a revenue law of this state when the department implements this chapter, or otherwise provides unemployment tax collection services, under contract with the *department* ~~Agency for Workforce Innovation~~ through the interagency agreement.

(b) Sections 213.015(1)-(3), (5)-(7), (9)-(19), and (21); 213.018; 213.025; 213.051; 213.053; 213.0532; 213.0535; 213.055; 213.071; 213.10; 213.21(4); 213.2201; 213.23; 213.24; 213.25; 213.27; 213.28; 213.285; 213.34(1), (3), and (4); 213.37; 213.50; 213.67; 213.69; 213.692; 213.73; 213.733; 213.74; and 213.757 apply to the collection of unemployment contributions and reimbursements by the Department of Revenue unless prohibited by federal law.

Section 370. Section 443.1317, Florida Statutes, is amended to read:

443.1317 Rulemaking authority; enforcement of rules.—

(1) *DEPARTMENT OF ECONOMIC OPPORTUNITY* ~~AGENCY FOR WORKFORCE INNOVATION~~.—

(a) Except as otherwise provided in s. 443.012, the *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~ has ultimate authority over the administration of the Unemployment Compensation Program.

(b) The *department* ~~Agency for Workforce Innovation~~ may adopt rules under ss. 120.536(1) and 120.54 to administer the provisions of this chapter conferring duties upon either the *department* ~~agency~~ or its tax collection service provider.

(2) TAX COLLECTION SERVICE PROVIDER.—The state agency providing unemployment tax collection services under contract with the *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~ through an interagency agreement pursuant to s. 443.1316 may adopt rules under ss. 120.536(1) and 120.54, subject to approval by the *department* ~~Agency for Workforce Innovation~~, to administer the provisions of law described in s. 443.1316(1)(a) and (b) which are within this chapter. These rules must not conflict with the rules adopted by the *department* ~~Agency for Workforce Innovation~~ or with the interagency agreement.

(3) ENFORCEMENT OF RULES.—The *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~ may enforce any rule adopted by the state agency providing unemployment tax collection services to administer this chapter. The tax collection service provider may enforce any rule adopted by the *department* ~~Agency for Workforce Innovation~~ to administer the provisions of law described in s. 443.1316(1)(a) and (b).

Section 371. Paragraphs (b), (c), and (f) of subsection (1), subsection (2), paragraphs (f) and (g) of subsection (3), and paragraph (c) of subsection (4) of section 443.141, Florida Statutes, are amended to read:

443.141 Collection of contributions and reimbursements.—

(1) PAST DUE CONTRIBUTIONS AND REIMBURSEMENTS; DELINQUENT, ERRONEOUS, INCOMPLETE, OR INSUFFICIENT REPORTS.—

(b) *Penalty for delinquent, erroneous, incomplete, or insufficient reports.*—

1. An employing unit that fails to file any report required by the *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~ or its tax collection service provider, in accordance with rules for administering this chapter, shall pay to the service provider for each delinquent report the sum of $25 for each 30 days or fraction thereof that the employing unit is delinquent, unless the agency or its service provider, whichever required the report, finds that the employing unit has good reason for failing to file the report. The *department* ~~agency~~ or its service provider may assess penalties only through the date of the issuance of the final assessment notice. However, additional penalties accrue if the delinquent report is subsequently filed.

2.a. An employing unit that files an erroneous, incomplete, or insufficient report with the *department* ~~Agency for Workforce Innovation~~ or its tax collection service provider shall pay a penalty. The amount of the penalty is $50 or 10 percent of any tax due, whichever is greater, but no more than $300 per report. The penalty shall be added to any tax, penalty, or interest otherwise due.

b. The *department* ~~agency~~ or its tax collection service provider shall waive the penalty if the employing unit files an accurate, complete, and sufficient report within 30 days after a penalty notice is issued to the employing unit. The penalty may not be waived pursuant to this subparagraph more than one time during a 12-month period.

c. As used in this subsection, the term "erroneous, incomplete, or insufficient report" means a report so lacking in information, completeness, or arrangement that the report cannot be readily understood, verified, or reviewed. Such reports include, but are not limited to, reports having missing wage or employee information, missing or incorrect social security numbers, or illegible entries; reports submitted in a format that is not approved by the *department* ~~agency~~ or its tax collection service provider; and reports showing gross wages that do not equal the total of the wages of each employee. However, the term does not include a report that merely contains inaccurate data that was supplied to the

employer by the employee, if the employer was unaware of the inaccuracy.

3. Penalties imposed pursuant to this paragraph shall be deposited in the Special Employment Security Administration Trust Fund.

4. The penalty and interest for a delinquent, erroneous, incomplete, or insufficient report may be waived if the penalty or interest is inequitable. The provisions of s. 213.24(1) apply to any penalty or interest that is imposed under this section.

(c) *Application of partial payments.*—If a delinquency exists in the employment record of an employer not in bankruptcy, a partial payment less than the total delinquency amount shall be applied to the employment record as the payor directs. In the absence of specific direction, the partial payment shall be applied to the payor's employment record as prescribed in the rules of the *department* ~~Agency for Workforce Innovation~~ or the state agency providing tax collection services.

(f) *Adoption of rules.*—The *department* ~~Agency for Workforce Innovation~~ and the state agency providing unemployment tax collection services may adopt rules to administer this subsection.

(2) REPORTS, CONTRIBUTIONS, APPEALS.—

(a) *Failure to make reports and pay contributions.*—If an employing unit determined by the tax collection service provider to be an employer subject to this chapter fails to make and file any report as and when required by this chapter or by any rule of the *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~ or the state agency providing tax collection services, for the purpose of determining the amount of contributions due by the employer under this chapter, or if any filed report is found by the service provider to be incorrect or insufficient, and the employer, after being notified in writing by the service provider to file the report, or a corrected or sufficient report, as applicable, fails to file the report within 15 days after the date of the mailing of the notice, the tax collection service provider may:

1. Determine the amount of contributions due from the employer based on the information readily available to it, which determination is deemed to be prima facie correct;

2. Assess the employer the amount of contributions determined to be due; and

3. Immediately notify the employer by mail of the determination and assessment including penalties as provided in this chapter, if any, added and assessed, and demand payment together with interest on the amount of contributions from the date that amount was due and payable.

(b) *Hearings.*—The determination and assessment are final 15 days after the date the assessment is mailed unless the employer files with the tax collection service provider within the 15 days a written protest and petition for hearing specifying the objections thereto. The tax collection service provider shall promptly review each petition and may reconsider its determination and assessment in order to resolve the petitioner's objections. The tax collection service provider shall forward each petition remaining unresolved to the *department* ~~Agency for Workforce Innovation~~ for a hearing on the objections. Upon receipt of a petition, the *department* ~~Agency for Workforce Innovation~~ shall schedule a hearing and notify the petitioner of the time and place of the hearing. The *department* ~~Agency for Workforce Innovation~~ may appoint special deputies to conduct hearings and to submit their findings together with a transcript of the proceedings before them and their recommendations to the *department* ~~agency~~ for its final order. Special deputies are subject to the prohibition against ex parte communications in s. 120.66. At any hearing conducted by the *department* ~~Agency for Workforce Innovation~~ or its special deputy, evidence may be offered to support the determination and assessment or to prove it is incorrect. In order to prevail, however, the petitioner must either prove that the determination and assessment are incorrect or file full and complete corrected reports. Evidence may also be submitted at the hearing to rebut the determination by the tax collection service provider that the petitioner is an employer under this chapter. Upon evidence taken before it or upon the transcript submitted to it with the findings and recommendation of its special deputy, the *department* ~~Agency for Workforce Innovation~~ shall either set aside the tax collection service provider's determination that the petitioner is an employer under this chapter or reaffirm the determination. The amounts assessed under the final order, together with interest and penalties, must be paid within 15 days after notice of the final order is mailed to the employer, unless judicial review is instituted in a case of status determination. Amounts due when the status of the employer is in dispute are payable within 15 days after the entry of an order by the court affirming the determination. However, any determination that an employing unit is not an employer under this chapter does not affect the benefit rights of any individual as determined by an appeals referee or the commission unless:

1. The individual is made a party to the proceedings before the special deputy; or

2. The decision of the appeals referee or the commission has not become final or the employing unit and the *department* ~~Agency for Workforce Innovation~~ were not made parties to the proceedings before the appeals referee or the commission.

(c) *Appeals.*—The *department* ~~Agency for Workforce Innovation~~ and the state agency providing unemployment tax collection services shall adopt rules prescribing the procedures for an employing unit determined to be an employer to file an appeal and be afforded an opportunity for a hearing on the determination. Pending a hearing, the employing unit must file reports and pay contributions in accordance with s. 443.131.

(3) COLLECTION PROCEEDINGS.—

(f) *Reproductions.*—In any proceedings in any court under this chapter, reproductions of the original records of the *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~, its tax collection service provider, *the former Agency for Workforce Innovation,* the former Department of Labor and Employment Security, or the commission, including, but not limited to, photocopies or microfilm, are primary evidence in lieu of the original records or of the documents that were transcribed into those records.

(g) *Jeopardy assessment and warrant.*—If the tax collection service provider reasonably believes that the collection of contributions or reimbursements from an employer will be jeopardized by delay, the service provider may assess the contributions or reimbursements immediately, together with interest or penalties when due, regardless of whether the contributions or reimbursements accrued are due, and may immediately issue a notice of lien and jeopardy warrant upon which proceedings may be conducted as provided in this section for notice of lien and warrant of the service provider. Within 15 days after mailing the notice of lien by registered mail, the employer may protest the issuance of the lien in the same manner provided in paragraph (2)(a). The protest does not operate as a supersedeas or stay of enforcement unless the employer files with the sheriff seeking to enforce the warrant a good and sufficient surety bond in twice the amount demanded by the notice of lien or warrant. The bond must be conditioned upon payment of the amount subsequently found to be due from the employer to the tax collection service provider in the final order of the *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~ upon protest of assessment. The jeopardy warrant and notice of lien are satisfied in the manner provided in this section upon payment of the amount finally determined to be due from the employer. If enforcement of the jeopardy warrant is not superseded as provided in this section, the employer is entitled to a refund from the fund of all amounts paid as contributions or reimbursements in excess of the amount finally determined to be due by the employer upon application being made as provided in this chapter.

(4) MISCELLANEOUS PROVISIONS FOR COLLECTION OF CONTRIBUTIONS AND REIMBURSEMENTS.—

(c) Any agent or employee designated by the *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~ or its tax collection service provider may administer an oath to any person for any return or report required by this chapter or by the rules of the *department* ~~Agency for Workforce Innovation~~ or the state agency providing unemployment tax collection services, and an oath made before the *department* ~~agency~~ or its service provider or any authorized agent or employee has the same effect as an oath made before any judicial officer or notary public of the state.

Section 372. Section 443.151, Florida Statutes, is amended to read:

443.151 Procedure concerning claims.—

(1) POSTING OF INFORMATION.—

(a) Each employer must post and maintain in places readily accessible to individuals in her or his employ printed statements concerning benefit rights, claims for benefits, and other matters relating to the administration of this chapter as the *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~ may by rule prescribe. Each employer must supply to individuals copies of printed statements or other materials relating to claims for benefits as directed by the ~~agency's~~ rules *of the department*. The *department* ~~Agency for Workforce Innovation~~ shall supply these printed statements and other materials to each employer without cost to the employer.

(b)1. The *department* ~~Agency for Workforce Innovation~~ shall advise each individual filing a new claim for unemployment compensation, at the time of filing the claim, that:

a. Unemployment compensation is subject to federal income tax.

b. Requirements exist pertaining to estimated tax payments.

c. The individual may elect to have federal income tax deducted and withheld from the individual's payment of unemployment compensation at the amount specified in the federal Internal Revenue Code.

d. The individual is not permitted to change a previously elected withholding status more than twice per calendar year.

2. Amounts deducted and withheld from unemployment compensation must remain in the Unemployment Compensation Trust Fund until transferred to the federal taxing authority as payment of income tax.

3. The *department* ~~Agency for Workforce Innovation~~ shall follow all procedures specified by the United States Department of Labor and the federal Internal Revenue Service pertaining to the deducting and withholding of income tax.

4. If more than one authorized request for deduction and withholding is made, amounts must be deducted and withheld in accordance with the following priorities:

a. Unemployment overpayments have first priority;

b. Child support payments have second priority; and

c. Withholding under this subsection has third priority.

(2) FILING OF CLAIM INVESTIGATIONS; NOTIFICATION OF CLAIMANTS AND EMPLOYERS.—

(a) *In general.*—Claims for benefits must be made in accordance with the rules adopted by the *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~. The *department* ~~agency~~ must notify claimants and employers regarding monetary and nonmonetary determinations of eligibility. Investigations of issues raised in connection with a claimant which may affect a claimant's eligibility for benefits or charges to an employer's employment record shall be conducted by the *department* ~~agency~~ through written, telephonic, or electronic means as prescribed by rule.

(b) *Process.*—When the Unemployment Compensation Claims and Benefits Information System described in s. 443.1113 is fully operational, the process for filing claims must incorporate the process for registering for work with the workforce information systems established pursuant to s. 445.011. A claim for benefits may not be processed until the work registration requirement is satisfied. The *department* ~~Agency for Workforce Innovation~~ may adopt rules as necessary to administer the work registration requirement set forth in this paragraph.

(3) DETERMINATION OF ELIGIBILITY.—

(a) *Notices of claim.*—The *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~ shall promptly provide a notice of claim to the claimant's most recent employing unit and all employers whose employment records are liable for benefits under the monetary determination. The employer must respond to the notice of claim within 20 days after the mailing date of the notice, or in lieu of mailing, within 20 days after the delivery of the notice. If a contributing employer fails to timely respond to the notice of claim, the employer's account may not be relieved of benefit charges as provided in s. 443.131(3)(a), notwithstanding paragraph (5)(b). The *department* ~~agency~~ may adopt rules as necessary to implement the processes described in this paragraph relating to notices of claim.

(b) *Monetary determinations.*—In addition to the notice of claim, the *department* ~~agency~~ shall also promptly provide an initial monetary determination to the claimant and each base period employer whose account is subject to being charged for its respective share of benefits on the claim. The monetary determination must include a statement of whether and in what amount the claimant is entitled to benefits, and, in the event of a denial, must state the reasons for the denial. A monetary determination for the first week of a benefit year must also include a statement of whether the claimant was paid the wages required under s. 443.091(1)(g) and, if so, the first day of the benefit year, the claimant's weekly benefit amount, and the maximum total amount of benefits payable to the claimant for a benefit year. The monetary determination is final unless within 20 days after the mailing of the notices to the parties' last known addresses, or in lieu of mailing, within 20 days after the delivery of the notices, an appeal or written request for reconsideration is filed by the claimant or other party entitled to notice. The *department* ~~agency~~ may adopt rules as necessary to implement the processes described in this paragraph relating to notices of monetary determinations and the appeals or reconsideration requests filed in response to such notices.

(c) *Nonmonetary determinations.*—If the *department* ~~agency~~ receives information that may result in a denial of benefits, the *department* ~~agency~~ must complete an investigation of the claim required by subsection (2) and provide notice of a nonmonetary determination to the claimant and the employer from whom the claimant's reason for separation affects his or her entitlement to benefits. The determination must state the reason for the determination and whether the unemployment tax account of the contributing employer is charged for benefits paid on the claim. The nonmonetary determination is final unless within 20 days after the mailing of the notices to the parties' last known addresses, or in lieu of mailing, within 20 days after the delivery of the notices, an appeal or written request for reconsideration is filed by the claimant or other party entitled to notice. The *department* ~~agency~~ may adopt rules as necessary to implement the processes described in this paragraph relating to notices of nonmonetary determination and the appeals or reconsideration requests filed in response to such notices, and may adopt rules prescribing the manner and procedure by which employers within the base period of a claimant become entitled to notice of nonmonetary determination.

(d) *Determinations in labor dispute cases.*—Whenever any claim involves a labor dispute described in s. 443.101(4), the *department* ~~Agency for Workforce Innovation~~ shall promptly assign the claim to a special examiner who shall make a determination on the issues involving unemployment due to the labor dispute. The special examiner shall make the determination after an investigation, as necessary. The claimant or another party entitled to notice of the determination may appeal a determination under subsection (4).

(e) *Redeterminations.*—

1. The *department* ~~Agency for Workforce Innovation~~ may reconsider a determination if it finds an error or if new evidence or information pertinent to the determination is discovered after a prior determination or redetermination. A redetermination may not be made more than 1 year after the last day of the benefit year unless the disqualification for making a false or fraudulent representation under s. 443.101(6) is applicable, in which case the redetermination may be made within 2 years after the false or fraudulent representation. The *department* ~~agency~~ must promptly give notice of redetermination to the claimant and to any employers entitled to notice in the manner prescribed in this section for the notice of an initial determination.

2. If the amount of benefits is increased by the redetermination, an appeal of the redetermination based solely on the increase may be filed as provided in subsection (4). If the amount of benefits is decreased by the redetermination, the redetermination may be appealed by the claimant if a subsequent claim for benefits is affected in amount or duration by the redetermination. If the final decision on the determination or redetermination to be reconsidered was made by an appeals referee, the commission, or a court, the *department* ~~Agency for Workforce Innovation~~

may apply for a revised decision from the body or court that made the final decision.

3. If an appeal of an original determination is pending when a redetermination is issued, the appeal unless withdrawn is treated as an appeal from the redetermination.

(4) APPEALS.—

(a) *Appeals referees.*—The *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~ shall appoint one or more impartial salaried appeals referees in accordance with s. 443.171(3) to hear and decide appealed claims. A person may not participate on behalf of the *department* ~~Agency for Workforce Innovation~~ as an appeals referee in any case in which she or he is an interested party. The *department* ~~Agency for Workforce Innovation~~ may designate alternates to serve in the absence or disqualification of any appeals referee on a temporary basis. These alternates must have the same qualifications required of appeals referees. The *department* ~~Agency for Workforce Innovation~~ shall provide the commission and the appeals referees with proper facilities and assistance for the execution of their functions.

(b) *Filing and hearing.*—

1. The claimant or any other party entitled to notice of a determination may appeal an adverse determination to an appeals referee within 20 days after the date of mailing of the notice to her or his last known address or, if the notice is not mailed, within 20 days after the date of delivery of the notice.

2. Unless the appeal is untimely or withdrawn or review is initiated by the commission, the appeals referee, after mailing all parties and attorneys of record a notice of hearing at least 10 days before the date of hearing, notwithstanding the 14-day notice requirement in s. 120.569(2)(b), may only affirm, modify, or reverse the determination. An appeal may not be withdrawn without the permission of the appeals referee.

3. However, when an appeal appears to have been filed after the permissible time limit, the Office of Appeals may issue an order to show cause to the appellant, requiring the appellant to show why the appeal should not be dismissed as untimely. If the appellant does not, within 15 days after the mailing date of the order to show cause, provide written evidence of timely filing or good cause for failure to appeal timely, the appeal shall be dismissed.

4. When an appeal involves a question of whether services were performed by a claimant in employment or for an employer, the referee must give special notice of the question and of the pendency of the appeal to the employing unit and to the *department* ~~Agency for Workforce Innovation~~, both of which become parties to the proceeding.

5. The parties must be notified promptly of the referee's decision. The referee's decision is final unless further review is initiated under paragraph (c) within 20 days after the date of mailing notice of the decision to the party's last known address or, in lieu of mailing, within 20 days after the delivery of the notice.

(c) *Review by commission.*—The commission may, on its own motion, within the time limit in paragraph (b), initiate a review of the decision of an appeals referee. The commission may also allow the *department* ~~Agency for Workforce Innovation~~ or any adversely affected party entitled to notice of the decision to appeal the decision by filing an application within the time limit in paragraph (b). An adversely affected party has the right to appeal the decision if the *department's* ~~Agency for Workforce Innovation's~~ determination is not affirmed by the appeals referee. The commission may affirm, modify, or reverse the findings and conclusions of the appeals referee based on evidence previously submitted in the case or based on additional evidence taken at the direction of the commission. The commission may assume jurisdiction of or transfer to another appeals referee the proceedings on any claim pending before an appeals referee. Any proceeding in which the commission assumes jurisdiction before completion must be heard by the commission in accordance with the requirement of this subsection for proceedings before an appeals referee. When the commission denies an application to hear an appeal of an appeals referee's decision, the decision of the appeals referee is the decision of the commission for purposes of this paragraph and is subject to judicial review within the same time and manner as decisions of the commission, except that the time for initiating review runs from the date of notice of the commission's order denying the application to hear an appeal.

(d) *Procedure.*—The manner that appealed claims are presented must comply with the commission's rules. Witnesses subpoenaed under this section are allowed fees at the rate established by s. 92.142, and fees of witnesses subpoenaed on behalf of the *department* ~~Agency for Workforce Innovation~~ or any claimant are deemed part of the expense of administering this chapter.

(e) *Judicial review.*—Orders of the commission entered under paragraph (c) are subject to review only by notice of appeal in the district court of appeal in the appellate district in which the issues involved were decided by an appeals referee. Notwithstanding chapter 120, the commission is a party respondent to every such proceeding. The *department* ~~Agency for Workforce Innovation~~ may initiate judicial review of orders in the same manner and to the same extent as any other party.

(5) PAYMENT OF BENEFITS.—

(a) The *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~ shall promptly pay benefits in accordance with a determination or redetermination regardless of any appeal or pending appeal. Before payment of benefits to the claimant, however, each employer who is liable for reimbursements in lieu of contributions for payment of the benefits must be notified, at the address on file with the *department* ~~Agency for Workforce Innovation~~ or its tax collection service provider, of the initial determination of the claim and must be given 10 days to respond.

(b) The *department* ~~Agency for Workforce Innovation~~ shall promptly pay benefits, regardless of whether a determination is under appeal if the determination allowing benefits is affirmed in any amount by an appeals referee or is affirmed by the commission, or if a decision of an appeals referee allowing benefits is affirmed in any amount by the commission. In these instances, a court may not issue an injunction, supersedeas, stay, or other writ or process suspending payment of benefits. A contributing employer that responded to the notice of claim within the time limit provided in subsection (3) may not, however, be charged with benefits paid under an erroneous determination if the decision is ultimately reversed. Benefits are not paid for any subsequent weeks of unemployment involved in a reversal.

(c) The provisions of paragraph (b) relating to charging an employer liable for contributions do not apply to reimbursing employers.

(6) RECOVERY AND RECOUPMENT.—

(a) Any person who, by reason of her or his fraud, receives benefits under this chapter to which she or he is not entitled is liable for repaying those benefits to the *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~ on behalf of the trust fund or, in the ~~agency's~~ discretion *of the department*, to have those benefits deducted from future benefits payable to her or him under this chapter. To enforce this paragraph, the *department* ~~agency~~ must find the existence of fraud through a redetermination or decision under this section within 2 years after the fraud was committed. Any recovery or recoupment of benefits must be effected within 5 years after the redetermination or decision.

(b) Any person who, by reason other than her or his fraud, receives benefits under this chapter to which, under a redetermination or decision pursuant to this section, she or he is not entitled, is liable for repaying those benefits to the *department* ~~Agency for Workforce Innovation~~ on behalf of the trust fund or, in the ~~agency's~~ discretion *of the department*, to have those benefits deducted from any future benefits payable to her or him under this chapter. Any recovery or recoupment of benefits must be effected within 3 years after the redetermination or decision.

(c) Any person who, by reason other than fraud, receives benefits under this chapter to which she or he is not entitled as a result of an employer's failure to respond to a claim within the timeframe provided in subsection (3) is not liable for repaying those benefits to the *department* ~~Agency for Workforce Innovation~~ on behalf of the trust fund or to have those benefits deducted from any future benefits payable to her or him under this chapter.

(d) Recoupment from future benefits is not permitted if the benefits are received by any person without fault on the person's part and recoupment would defeat the purpose of this chapter or would be inequitable and against good conscience.

(e) The *department* ~~Agency for Workforce Innovation~~ shall collect the repayment of benefits without interest by the deduction of benefits through a redetermination or by a civil action.

(f) Notwithstanding any other provision of this chapter, any person who is determined by this state, a cooperating state agency, the United States Secretary of Labor, or a court to have received any payments under the Trade Act of 1974, as amended, to which the person was not entitled shall have those payments deducted from any regular benefits, as defined in s. 443.1115(1)(e), payable to her or him under this chapter. Each such deduction may not exceed 50 percent of the amount otherwise payable. The payments deducted shall be remitted to the agency that issued the payments under the Trade Act of 1974, as amended, for return to the United States Treasury. Except for overpayments determined by a court, a deduction may not be made under this paragraph until a determination by the state agency or the United States Secretary of Labor is final.

(7) REPRESENTATION IN ADMINISTRATIVE PROCEEDINGS.—In any administrative proceeding conducted under this chapter, an employer or a claimant has the right, at his or her own expense, to be represented by counsel or by an authorized representative. Notwithstanding s. 120.62(2), the authorized representative need not be a qualified representative.

(8) BILINGUAL REQUIREMENTS.—

(a) The *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~ shall provide printed bilingual instructional and educational materials in the appropriate language in those counties in which 5 percent or more of the households in the county are classified as a single-language minority.

(b) The *department* ~~Agency for Workforce Innovation~~ shall ensure that one-stop career centers and appeals offices located in counties subject to the requirements of paragraph (c) prominently post notices in the appropriate languages and that translators are available in those centers and offices.

(c) As used in this subsection, the term "single-language minority" means households that speak the same non-English language and that do not contain an adult fluent in English. The *department* ~~Agency for Workforce Innovation~~ shall develop estimates of the percentages of single-language minority households for each county by using data from the United States Bureau of the Census.

Section 373. Subsection (1), paragraphs (a) and (c) of subsection (3), and subsection (4) of section 443.163, Florida Statutes, are amended to read:

443.163 Electronic reporting and remitting of contributions and reimbursements.—

(1) An employer may file any report and remit any contributions or reimbursements required under this chapter by electronic means. The *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~ or the state agency providing unemployment tax collection services shall adopt rules prescribing the format and instructions necessary for electronically filing reports and remitting contributions and reimbursements to ensure a full collection of contributions and reimbursements due. The acceptable method of transfer, the method, form, and content of the electronic means, and the method, if any, by which the employer will be provided with an acknowledgment shall be prescribed by the *department* ~~Agency for Workforce Innovation~~ or its tax collection service provider. However, any employer who employed 10 or more employees in any quarter during the preceding state fiscal year must file the Employers Quarterly Reports (UCT-6) for the current calendar year and remit the contributions and reimbursements due by electronic means approved by the tax collection service provider. A person who prepared and reported for 100 or more employers in any quarter during the preceding state fiscal year must file the Employers Quarterly Reports (UCT-6) for each calendar quarter in the current calendar year, beginning with reports due for the second calendar quarter of 2003, by electronic means approved by the tax collection service provider.

(3) The tax collection service provider may waive the requirement to file an Employers Quarterly Report (UCT-6) by electronic means for employers that are unable to comply despite good faith efforts or due to circumstances beyond the employer's reasonable control.

(a) As prescribed by the *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~ or its tax collection service provider, grounds for approving the waiver include, but are not limited to, circumstances in which the employer does not:

1. Currently file information or data electronically with any business or government agency; or

2. Have a compatible computer that meets or exceeds the standards prescribed by the *department* ~~Agency for Workforce Innovation~~ or its tax collection service provider.

(c) The *department* ~~Agency for Workforce Innovation~~ or the state agency providing unemployment tax collection services may establish by rule the length of time a waiver is valid and may determine whether subsequent waivers will be authorized, based on this subsection.

(4) As used in this section, the term "electronic means" includes, but is not limited to, electronic data interchange; electronic funds transfer; and use of the Internet, telephone, or other technology specified by the *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~ or its tax collection service provider.

Section 374. Section 443.171, Florida Statutes, is amended to read:

443.171 *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~ and commission; powers and duties; records and reports; proceedings; state-federal cooperation.—

(1) POWERS AND DUTIES.—The *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~ shall administer this chapter. The *department* ~~agency~~ may employ those persons, make expenditures, require reports, conduct investigations, and take other action necessary or suitable to administer this chapter. The *department* ~~Agency for Workforce Innovation~~ shall annually submit information to Workforce Florida, Inc., covering the administration and operation of this chapter during the preceding calendar year for inclusion in the strategic plan under s. 445.006 and may make recommendations for amendment to this chapter.

(2) PUBLICATION OF ACTS AND RULES.—The *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~ shall cause to be printed and distributed to the public, or otherwise distributed to the public through the Internet or similar electronic means, the text of this chapter and of the rules for administering this chapter adopted by the *department* ~~agency~~ or the state agency providing unemployment tax collection services and any other matter relevant and suitable. The *department* ~~Agency for Workforce Innovation~~ shall furnish this information to any person upon request. However, any pamphlet, rules, circulars, or reports required by this chapter may not contain any matter except the actual data necessary to complete them or the actual language of the rule, together with the proper notices.

(3) PERSONNEL.—Subject to chapter 110 and the other provisions of this chapter, the *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~ may appoint, set the compensation of, and prescribe the duties and powers of employees, accountants, attorneys, experts, and other persons as necessary for the performance of the ~~agency's~~ duties *of the department* under this chapter. The *department* ~~Agency for Workforce Innovation~~ may delegate to any person its power and authority under this chapter as necessary for the effective administration of this chapter and may bond any person handling moneys or signing checks under this chapter. The cost of these bonds must be paid from the Employment Security Administration Trust Fund.

(4) EMPLOYMENT STABILIZATION.—The *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~, under the direction of Workforce Florida, Inc., shall take all appropriate steps to reduce and prevent unemployment; to encourage and assist in the adoption of practical methods of career training, retraining, and career guidance; to investigate, recommend, advise, and assist in the establishment and

operation, by municipalities, counties, school districts, and the state, of reserves for public works to be used in times of business depression and unemployment; to promote the reemployment of the unemployed workers throughout the state in every other way that may be feasible; to refer any claimant entitled to extended benefits to suitable work which meets the criteria of this chapter; and, to these ends, to carry on and publish the results of investigations and research studies.

(5) RECORDS AND REPORTS.—Each employing unit shall keep true and accurate work records, containing the information required by the *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~ or its tax collection service provider. These records must be open to inspection and are subject to being copied by the *department* ~~Agency for Workforce Innovation~~ or its tax collection service provider at any reasonable time and as often as necessary. The *department* ~~Agency for Workforce Innovation~~ or its tax collection service provider may require from any employing unit any sworn or unsworn reports, for persons employed by the employing unit, necessary for the effective administration of this chapter. However, a state or local governmental agency performing intelligence or counterintelligence functions need not report an employee if the head of that agency determines that reporting the employee could endanger the safety of the employee or compromise an ongoing investigation or intelligence mission. Information revealing the employing unit's or individual's identity obtained from the employing unit or from any individual through the administration of this chapter, is, except to the extent necessary for the proper presentation of a claim or upon written authorization of the claimant who has a workers' compensation claim pending, confidential and exempt from s. 119.07(1). This confidential information is available only to public employees in the performance of their public duties. Any claimant, or the claimant's legal representative, at a hearing before an appeals referee or the commission must be supplied with information from these records to the extent necessary for the proper presentation of her or his claim. Any employee or member of the commission, any employee of the *department* ~~Agency for Workforce Innovation~~ or its tax collection service provider, or any other person receiving confidential information who violates this subsection commits a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083. However, the *department* ~~Agency for Workforce Innovation~~ or its tax collection service provider may furnish to any employer copies of any report previously submitted by that employer, upon the request of the employer. The *department* ~~Agency for Workforce Innovation~~ or its tax collection service provider may charge a reasonable fee for copies of reports, which may not exceed the actual reasonable cost of the preparation of the copies as prescribed by rules adopted by the *department* ~~Agency for Workforce Innovation~~ or the state agency providing tax collection services. Fees received by the *department* ~~Agency for Workforce Innovation~~ or its tax collection service provider for copies furnished under this subsection must be deposited in the Employment Security Administration Trust Fund.

(6) OATHS AND WITNESSES.—In the discharge of the duties imposed by this chapter, the *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~, its tax collection service provider, the members of the commission, and any authorized representative of any of these entities may administer oaths and affirmations, take depositions, certify to official acts, and issue subpoenas to compel the attendance of witnesses and the production of books, papers, correspondence, memoranda, and other records deemed necessary as evidence in connection with the administration of this chapter.

(7) SUBPOENAS.—If a person refuses to obey a subpoena issued to that person, any court of this state within the jurisdiction of which the inquiry is carried on, or within the jurisdiction of which the person is found, resides, or transacts business, upon application by the *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~, its tax collection service provider, the commission, or any authorized representative of any of these entities has jurisdiction to order the person to appear before the entity to produce evidence or give testimony on the matter under investigation or in question. Failure to obey the order of the court may be punished by the court as contempt. Any person who fails or refuses without just cause to appear or testify; to answer any lawful inquiry; or to produce books, papers, correspondence, memoranda, and other records within her or his control as commanded in a subpoena of the *department* ~~Agency for Workforce Innovation~~, its tax collection service provider, the commission, or any authorized representative of any of these entities commits a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083. Each day that a violation continues is a separate offense.

(8) PROTECTION AGAINST SELF-INCRIMINATION.—A person is not excused from appearing or testifying, or from producing books, papers, correspondence, memoranda, or other records, before the *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~, its tax collection service provider, the commission, or any authorized representative of any of these entities or as commanded in a subpoena of any of these entities in any proceeding before the *department* ~~Agency for Workforce Innovation~~, the commission, an appeals referee, or a special deputy on the ground that the testimony or evidence, documentary or otherwise, required of the person may incriminate her or him or subject her or him to a penalty or forfeiture. That person may not be prosecuted or subjected to any penalty or forfeiture for or on account of any transaction, matter, or thing concerning which she or he is compelled, after having claimed her or his privilege against self-incrimination, to testify or produce evidence, documentary or otherwise, except that the person testifying is not exempt from prosecution and punishment for perjury committed while testifying.

(9) STATE-FEDERAL COOPERATION.—

(a)1. In the administration of this chapter, the *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~ and its tax collection service provider shall cooperate with the United States Department of Labor to the fullest extent consistent with this chapter and shall take those actions, through the adoption of appropriate rules, administrative methods, and standards, necessary to secure for this state all advantages available under the provisions of federal law relating to unemployment compensation.

2. In the administration of the provisions in s. 443.1115, which are enacted to conform with the Federal-State Extended Unemployment Compensation Act of 1970, the *department* ~~Agency for Workforce Innovation~~ shall take those actions necessary to ensure that those provisions are interpreted and applied to meet the requirements of the federal act as interpreted by the United States Department of Labor and to secure for this state the full reimbursement of the federal share of extended benefits paid under this chapter which is reimbursable under the federal act.

3. The *department* ~~Agency for Workforce Innovation~~ and its tax collection service provider shall comply with the regulations of the United States Department of Labor relating to the receipt or expenditure by this state of funds granted under federal law; shall submit the reports in the form and containing the information the United States Department of Labor requires; and shall comply with directions of the United States Department of Labor necessary to assure the correctness and verification of these reports.

(b) The *department* ~~Agency for Workforce Innovation~~ and its tax collection service provider may cooperate with every agency of the United States charged with administration of any unemployment insurance law.

(c) The *department* ~~Agency for Workforce Innovation~~ and its tax collection service provider shall cooperate with the agencies of other states, and shall make every proper effort within their means, to oppose and prevent any further action leading to the complete or substantial federalization of state unemployment compensation funds or state employment security programs. The *department* ~~Agency for Workforce Innovation~~ and its tax collection service provider may make, and may cooperate with other appropriate agencies in making, studies as to the practicability and probable cost of possible new state-administered social security programs and the relative desirability of state, rather than federal, action in that field of study.

Section 375. Subsections (1) and (2) of section 443.1715, Florida Statutes, are amended to read:

443.1715 Disclosure of information; confidentiality.—

(1) RECORDS AND REPORTS.—Information revealing an employing unit's or individual's identity obtained from the employing unit or any individual under the administration of this chapter, and any determination revealing that information, except to the extent necessary for the proper presentation of a claim or upon written authorization of the claimant who has a workers' compensation claim pending or is receiving compensation benefits, is confidential and exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution. This confidential

information may be released only to public employees in the performance of their public duties. Except as otherwise provided by law, public employees receiving this confidential information must maintain the confidentiality of the information. Any claimant, or the claimant's legal representative, at a hearing before an appeals referee or the commission is entitled to information from these records to the extent necessary for the proper presentation of her or his claim. A person receiving confidential information who violates this subsection commits a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083. The *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~ or its tax collection service provider may, however, furnish to any employer copies of any report submitted by that employer upon the request of the employer and may furnish to any claimant copies of any report submitted by that claimant upon the request of the claimant. The *department* ~~Agency for Workforce Innovation~~ or its tax collection service provider may charge a reasonable fee for copies of these reports as prescribed by rule, which may not exceed the actual reasonable cost of the preparation of the copies. Fees received for copies under this subsection must be deposited in the Employment Security Administration Trust Fund.

(2) DISCLOSURE OF INFORMATION.—

443.191 Unemployment Compensation Trust Fund; establishment and control.—

(1) There is established, as a separate trust fund apart from all other public funds of this state, an Unemployment Compensation Trust Fund, which shall be administered by the *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~ exclusively for the purposes of this chapter. The fund shall consist of:

(a) All contributions and reimbursements collected under this chapter;

(b) Interest earned on any moneys in the fund;

(c) Any property or securities acquired through the use of moneys belonging to the fund;

(d) All earnings of these properties or securities;

(e) All money credited to this state's account in the federal Unemployment Compensation Trust Fund under 42 U.S.C. s. 1103; and

(f) Advances on the amount in the federal Unemployment Compensation Trust Fund credited to the state under 42 U.S.C. s. 1321, as requested by the Governor or the Governor's designee.

Except as otherwise provided in s. 443.1313(4), all moneys in the fund shall be mingled and undivided.

(2) The Chief Financial Officer is the ex officio treasurer and custodian of the fund and shall administer the fund in accordance with the directions of the *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~. All payments from the fund must be approved by the *department* ~~Agency for Workforce Innovation~~ or by an authorized agent. The Chief Financial Officer shall maintain within the fund three separate accounts:

(a) A clearing account;

(b) An Unemployment Compensation Trust Fund account; and

(c) A benefit account.

All moneys payable to the fund, including moneys received from the United States as reimbursement for extended benefits paid by the *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~, must be forwarded to the Chief Financial Officer, who shall immediately deposit them in the clearing account. Refunds payable under s. 443.141 may be paid from the clearing account. After clearance, all other moneys in the clearing account must be immediately deposited with the Secretary of the Treasury of the United States to the credit of this state's account in the federal Unemployment Compensation Trust Fund notwithstanding any state law relating to the deposit, administration, release, or disbursement of moneys in the possession or custody of this state. The benefit account consists of all moneys requisitioned from this state's account in the federal Unemployment Compensation Trust Fund. Except as otherwise provided by law, moneys in the clearing and benefit accounts may be deposited by the Chief Financial Officer, under the direction of the *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~, in any bank or public depository in which general funds of the state are deposited, but a public deposit insurance charge or premium may not be paid out of the fund. If any warrant issued against the clearing account or the benefit account is not presented for payment within 1 year after issuance, the Chief Financial Officer must cancel the warrant and credit without restriction the amount of the warrant to the account upon which it is drawn. When the payee or person entitled to a canceled warrant requests payment of the warrant, the Chief Financial Officer, upon direction of the *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~, must issue a new warrant, payable from the account against which the canceled warrant was drawn.

(3) Moneys may only be requisitioned from the state's account in the federal Unemployment Compensation Trust Fund solely for the payment of benefits and extended benefits and for payment in accordance with rules prescribed by the *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~, or for the repayment of advances made pursuant to 42 U.S.C. s. 1321, as authorized by the Governor or the Governor's designee, except that money credited to this state's account under 42 U.S.C. s. 1103 may only be used exclusively as provided in subsection (5). The *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~, through the Chief Financial Officer, shall requisition from the federal Unemployment Compensation Trust Fund amounts, not exceeding the amounts credited to this state's account in the fund, as necessary for the payment of benefits and extended benefits for a reasonable future period. Upon receipt of these amounts, the Chief Financial Officer shall deposit the moneys in the benefit account in the State Treasury and warrants for the payment of benefits and extended benefits shall be drawn upon the order of the *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~ against the account. All warrants for benefits and extended benefits are payable directly to the ultimate beneficiary. Expenditures of these moneys in the benefit account and refunds from the clearing account are not subject to any law requiring specific appropriations or other formal release by state officers of money in their custody. All warrants issued for the payment of benefits and refunds must bear the signature of the Chief Financial Officer. Any balance of moneys requisitioned from this state's account in the federal Unemployment Compensation Trust Fund which remains unclaimed or unpaid in the benefit account after the period for which the moneys were requisitioned shall be deducted from estimates for, and may be used for the payment of, benefits and extended benefits during succeeding periods, or, in the discretion of the *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~, shall be redeposited with the Secretary of the Treasury of the United States, to the credit of this state's account in the federal Unemployment Compensation Trust Fund, as provided in subsection (2).

(4) Subsections (1), (2), and (3), to the extent they relate to the federal Unemployment Compensation Trust Fund, apply only while the fund continues to exist and while the Secretary of the Treasury of the United States continues to maintain for this state a separate account of all funds deposited by this state for the payment of benefits, together with this state's proportionate share of the earnings of the federal Unemployment Compensation Trust Fund, from which no other state is permitted to make withdrawals. If the federal Unemployment Compensation Trust Fund ceases to exist, or the separate account is no longer maintained, all moneys, properties, or securities belonging to this state's account in the federal Unemployment Compensation Trust Fund must be transferred to the treasurer of the Unemployment Compensation Trust Fund, who must hold, invest, transfer, sell, deposit, and release those moneys, properties, or securities in a manner approved by the *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~ in accordance with this chapter. These moneys must, however, be invested in the following readily marketable classes of securities: bonds or other interest-bearing obligations of the United States or of the state. Further, the investment must at all times be made in a manner that allows all the assets of the fund to always be readily convertible into cash when needed for the payment of benefits. The treasurer may only dispose of securities or other properties belonging to the Unemployment Compensation Trust Fund under the direction of the *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~.

Section 378. Section 443.211, Florida Statutes, is amended to read:

443.211 Employment Security Administration Trust Fund; appropriation; reimbursement.—

(1) EMPLOYMENT SECURITY ADMINISTRATION TRUST FUND.—There is created in the State Treasury the "Employment Security Administration Trust Fund." All moneys deposited into this fund remain continuously available to the *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~ for expenditure in accordance with this chapter and do not revert at any time and may not be transferred to any other fund. All moneys in this fund which are received from the Federal Government or any federal agency or which are appropriated by this state under ss. 443.171 and 443.181, except money received under s. 443.191(5)(c), must be expended solely for the purposes and in the amounts found necessary by the authorized cooperating federal agencies for the proper and efficient administration of this chapter. The fund consists of: all moneys appropriated by this state; all moneys received from the United States or any federal agency; all moneys received from any other source for the administration of this chapter; any funds collected for enhanced, specialized, or value-added labor market information services; any moneys received from any agency of the United States or any other state as compensation for services or facilities supplied to that agency; any amounts received from any surety bond or insurance policy or from other sources for losses sustained by the Employment Security Administration Trust Fund or by reason of damage to equipment or supplies purchased from moneys in the fund; and any proceeds from the sale or disposition of such equipment or supplies. All money requisitioned and deposited in this fund under s. 443.191(5)(c) remains part of the Unemployment Compensation Trust Fund and must be used only in accordance with s. 443.191(5). All moneys in this fund must be deposited, administered, and disbursed in the same manner and under the same conditions and requirements as provided by law for other trust funds in the State Treasury. These moneys must be secured by the depositary in which they are held to the same extent and in the same manner as required by the general depositary law of the state, and collateral pledged must be maintained in a separate custody account. All payments from the Employment Security Administration Trust Fund must be approved by the *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~ or by an authorized agent and must be made by the Chief Financial Officer. Any balances in this fund do not revert at any time and must remain continuously available to the *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~ for expenditure consistent with this chapter.

(2) SPECIAL EMPLOYMENT SECURITY ADMINISTRATION TRUST FUND.—There is created in the State Treasury the "Special Employment Security Administration Trust Fund," into which shall be deposited or transferred all interest on contributions and reimbursements, penalties, and fines or fees collected under this chapter. Interest on contributions and reimbursements, penalties, and fines or fees deposited during any calendar quarter in the clearing account in the Unemployment Compensation Trust Fund shall, as soon as practicable after the close of that calendar quarter and upon certification of the *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~, be transferred to the Special Employment Security Administration Trust Fund. The amount certified by the *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~ as required under this chapter to pay refunds of interest on contributions and reimbursements, penalties, and fines or fees collected and erroneously deposited into the clearing account in the Unemployment Compensation Trust Fund shall, however, be withheld from this transfer. The interest and penalties certified for transfer are deemed as being erroneously deposited in the clearing account, and their transfer to the Special Employment Security Administration Trust Fund is deemed to be a refund of the erroneous deposits. All moneys in this fund shall be deposited, administered, and disbursed in the same manner and under the same requirements as

provided by law for other trust funds in the State Treasury. These moneys may not be expended or be available for expenditure in any manner that would permit their substitution for, or permit a corresponding reduction in, federal funds that would, in the absence of these moneys, be available to finance expenditures for the administration of this chapter. This section does not prevent these moneys from being used as a revolving fund to cover lawful expenditures for which federal funds are requested but not yet received, subject to the charging of the expenditures against the funds when received. The moneys in this fund, with the approval of the Executive Office of the Governor, shall be used by the *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~ for paying administrative costs that are not chargeable against funds obtained from federal sources. All moneys in the Special Employment Security Administration Trust Fund shall be continuously available to the *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~ for expenditure in accordance with this chapter and do not revert at any time. All payments from the Special Employment Security Administration Trust Fund must be approved by the *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~ or by an authorized agent and shall be made by the Chief Financial Officer. The moneys in this fund are available to replace, as contemplated by subsection (3), expenditures from the Employment Security Administration Trust Fund which the United States Secretary of Labor, or other authorized federal agency or authority, finds are lost or improperly expended because of any action or contingency. The Chief Financial Officer is liable on her or his official bond for the faithful performance of her or his duties in connection with the Special Employment Security Administration Trust Fund.

(3) REIMBURSEMENT OF FUND.—If any moneys received from the United States Secretary of Labor under 42 U.S.C. ss. 501-504, any unencumbered balances in the Employment Security Administration Trust Fund, any moneys granted to this state under the Wagner-Peyser Act, or any moneys made available by this state or its political subdivisions and matched by the moneys granted to this state under the Wagner-Peyser Act, are after reasonable notice and opportunity for hearing, found by the United States Secretary of Labor, because of any action or contingency, to be lost or expended for purposes other than, or in amounts in excess of, those allowed by the United States Secretary of Labor for the administration of this chapter, these moneys shall be replaced by moneys appropriated for that purpose from the General Revenue Fund to the Employment Security Administration Trust Fund for expenditure as provided in subsection (1). Upon receipt of notice of such a finding by the United States Secretary of Labor, the *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~ shall promptly report the amount required for replacement to the Governor. The Governor shall, at the earliest opportunity, submit to the Legislature a request for the appropriation of the replacement funds.

(4) RESPONSIBILITY FOR TRUST FUNDS.—In connection with its duties under s. 443.181, the *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~ is responsible for the deposit, requisition, expenditure, approval of payment, reimbursement, and reporting in regard to the trust funds established by this section.

(b) For services to be considered as performed within a state under a reciprocal agreement, the employing unit must have an election in effect for those services, which is approved by the agency charged with the administration of such state's unemployment compensation law, under which all the services performed by the individual for the employing unit are deemed to be performed entirely within that state.

(c) The *department* ~~Agency for Workforce Innovation~~ shall participate in any arrangements for the payment of compensation on the basis of combining an individual's wages and employment covered under this chapter with her or his wages and employment covered under the unemployment compensation laws of other states, which are approved by the United States Secretary of Labor, in consultation with the state unemployment compensation agencies, as reasonably calculated to assure the prompt and full payment of compensation in those situations and which include provisions for:

1. Applying the base period of a single state law to a claim involving the combining of an individual's wages and employment covered under two or more state unemployment compensation laws; and

2. Avoiding the duplicate use of wages and employment because of the combination.

(d) Contributions or reimbursements due under this chapter with respect to wages for insured work are, for the purposes of ss. 443.131, 443.1312, 443.1313, and 443.141, deemed to be paid to the fund as of the date payment was made as contributions or reimbursements therefor under another state or federal unemployment compensation law, but an arrangement may not be entered into unless it contains provisions for reimbursement to the fund of the contributions or reimbursements and the actual earnings thereon as the *department* ~~Agency for Workforce Innovation~~ or its tax collection service provider finds are fair and reasonable as to all affected interests.

(2) The *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~ or its tax collection service provider may make to other state or federal agencies and receive from these other state or federal agencies reimbursements from or to the fund, in accordance with arrangements entered into under subsection (1).

(4) To the extent permissible under federal law, the *Department of Economic Opportunity* ~~Agency for Workforce Innovation~~ may enter into or cooperate in arrangements whereby facilities and services provided under this chapter and facilities and services provided under the unemployment compensation law of any foreign government may be used for the taking of claims and the payment of benefits under the employment security law of the state or under a similar law of that government.

In developing and adopting such rules, the licensing authority may define different classes of structures or construction standards, and may provide for different rules to apply to each of said classes, if the designation of classes and the application of different rules is in the public interest and is supported by findings by the licensing authority based on evidence of industry practices, economic and physical feasibility, location, or intended uses; provided, that the rules shall provide minimum standards applicable to all construction. For example, and without limiting the generality of the foregoing, the licensing authority may determine that a small single-story ground level mausoleum does

not require the same level of construction standards that a large multistory mausoleum might require; or that a mausoleum located in a low-lying area subject to frequent flooding or hurricane threats might require different standards than one located on high ground in an area not subject to frequent severe weather threats. The licensing authority shall develop the rules in cooperation with, and with technical assistance from, the Florida Building Commission ~~of the Department of Community Affairs~~, to ensure that the rules are in the proper form and content to be included as part of the Florida Building Code under part IV of chapter 553. If the Florida Building Commission advises that some of the standards proposed by the licensing authority are not appropriate for inclusion in such building codes, the licensing authority may choose to include those standards in a distinct chapter of its rules entitled "Non-Building-Code Standards for Mausoleums" or "Additional Standards for Mausoleums," or other terminology to that effect. If the licensing authority elects to divide the standards into two or more chapters, all such rules shall be binding on licensees and others subject to the jurisdiction of the licensing authority, but only the chapter containing provisions appropriate for building codes shall be transmitted to the Florida Building Commission pursuant to subsection (3). Such rules may be in the form of standards for design and construction; methods, materials, and specifications for construction; or other mechanisms. Such rules shall encompass, at a minimum, the following standards:

(a) No structure may be built or significantly altered for use for interment, entombment, or inurnment purposes unless constructed of such material and workmanship as will ensure its durability and permanence, as well as the safety, convenience, comfort, and health of the community in which it is located, as dictated and determined at the time by modern mausoleum construction and engineering science.

(b) Such structure must be so arranged that the exterior of any vault, niche, or crypt may be readily examined at any time by any person authorized by law to do so.

(c) Such structure must contain adequate provision for drainage and ventilation. Private or family mausoleums with all crypts bordering an exterior wall must contain pressure relief ventilation from the crypts to the outside of the mausoleum through the exterior wall or roof.

(d) Such structure must be of fire-resistant construction. Notwithstanding the requirements of s. 553.895 and chapter 633, any mausoleum or columbarium constructed of noncombustible materials, as defined in the Standard Building Code, shall not require a sprinkler system.

(e) Such structure must be resistant to hurricane and other storm damage to the highest degree provided under applicable building codes for buildings of that class.

(f) Suitable provisions must be made for securely and permanently sealing each crypt with durable materials after the interment or entombment of human remains, so that no effluvia or odors may escape therefrom except as provided by design and sanitary engineering standards. 2. Nursing assistants employed under s. 400.211(2) may be included in computing the staffing ratio for certified nursing assistants ~~only~~ if their job responsibilities include only nursing-assistant-related duties.

3. Each nursing home *facility* must document compliance with staffing standards as required under this paragraph and post daily the names of staff on duty for the benefit of facility residents and the public.

4. The agency shall recognize the use of licensed nurses for compliance with minimum staffing requirements for certified nursing assistants *if*~~, provided that~~ the *nursing home* facility otherwise meets the minimum staffing requirements for licensed nurses and ~~that~~ the licensed nurses are performing the duties of a certified nursing assistant. Unless otherwise approved by the agency, licensed nurses counted toward the minimum staffing requirements for certified nursing assistants must exclusively perform the duties of a certified nursing assistant for the entire shift and not also be counted toward the minimum staffing requirements for licensed nurses. If the agency approved a facility's request to use a licensed nurse to perform both licensed nursing and certified nursing assistant duties, the facility must allocate the amount of staff time specifically spent on certified nursing assistant duties for the purpose of documenting compliance with minimum staffing requirements for certified and licensed nursing staff. ~~In no event may~~ The hours of a licensed nurse with dual job responsibilities *may not* be counted twice.

Section 2. Section 408.815, Florida Statutes, is amended to read:

408.815 License or application denial; revocation.—

(1) In addition to the grounds provided in authorizing statutes, grounds that may be used by the agency for denying and revoking a license or change of ownership application include any of the following actions by a controlling interest:

(2) If a licensee lawfully continues to operate while a denial or revocation is pending in litigation, the licensee must continue to meet all other requirements of this part, authorizing statutes, and applicable rules and ~~must~~ file subsequent renewal applications for licensure and pay all licensure fees. The provisions of ss. 120.60(1) and 408.806(3)(c) *do* ~~shall~~ not apply to renewal applications filed during the time period in which the litigation of the denial or revocation is pending until that litigation is final.

(3) An action under s. 408.814 or denial of the license of the transferor may be grounds for denial of a change of ownership application of the transferee.

(4) *Unless an applicant is determined by the agency to satisfy the provisions of subsection (5) for the action in question, the agency shall deny an application for a license or license renewal based upon any of the following actions of an applicant, a controlling interest of the applicant, or any entity in which a controlling interest of the applicant was an owner or officer when the following actions occurred* ~~In addition to the grounds provided in authorizing statutes, the agency shall deny an application for a license or license renewal if the applicant or a person having a controlling interest in an applicant has been~~:

(a) *A conviction or* ~~Convicted of, or enters~~ a plea of guilty or nolo contendere to, regardless of adjudication, a felony under chapter 409, chapter 817, chapter 893, 21 U.S.C. ss. 801-970, or 42 U.S.C. ss. 1395-1396, *Medicaid fraud, Medicare fraud, or insurance fraud,* unless the sentence and any subsequent period of probation for such convictions or plea ended more than 15 years *before* ~~prior to~~ the date of the application; *or*

~~(c) Terminated for cause, pursuant to the appeals procedures established by the state or Federal Government, from the federal Medicare program or from any other state Medicaid program, unless the applicant has been in good standing with a state Medicaid program or the federal Medicare program for the most recent 5 years and the termination occurred at least 20 years prior to the date of the application.~~

(5) For any application subject to denial under subsection (4), the agency may consider mitigating circumstances as applicable, including, but not limited to:

(a) Completion or lawful release from confinement, supervision, or sanction, including the terms of probation, and full restitution;

(b) Execution of a compliance plan with the agency;

(c) Compliance with an integrity agreement or compliance plan with another government agency;

(d) Determination by any state Medicaid program or the Medicare program that the controlling interest or entity in which the controlling interest was an owner or officer is currently allowed to participate in the state Medicaid program or the Medicare program, directly as a provider or indirectly as an owner or officer of a provider entity;

(e) Continuation of licensure by the controlling interest or entity in which the controlling interest was an owner or officer, directly as a licensee or indirectly as an owner or officer of a licensed entity in the state where the action occurred;

(f) Overall impact upon the public health, safety, or welfare; or

After considering the circumstances set forth in this subsection, the agency shall grant the license, with or without conditions, grant a provisional license for a period of no more than the licensure cycle, with or without conditions, or deny the license.

(6) In order to ensure the health, safety, and welfare of clients when a license has been denied, revoked, or is set to terminate, the agency may extend the license expiration date for up to 30 days for the sole purpose of allowing the safe and orderly discharge of clients. The agency may impose conditions on the extension, including, but not limited to, prohibiting or limiting admissions, expedited discharge planning, required status reports, and mandatory monitoring by the agency or third parties. When

imposing these conditions, the agency shall consider the nature and number of clients, the availability and location of acceptable alternative placements, and the ability of the licensee to continue providing care to the clients. The agency may terminate the extension or modify the conditions at any time. This authority is in addition to any other authority granted to the agency under chapter 120, this part, and authorizing statutes but creates no right or entitlement to an extension of a license expiration date.

Section 3. Subsections (1) and (2) of section 409.904, Florida Statutes, are amended to read:

409.904 Optional payments for eligible persons.—The agency may make payments for medical assistance and related services on behalf of the following persons who are determined to be eligible subject to the income, assets, and categorical eligibility tests set forth in federal and state law. Payment on behalf of these Medicaid eligible persons is subject to the availability of moneys and any limitations established by the General Appropriations Act or chapter 216.

For a family or person in one of these coverage groups, medical expenses are deductible from income in accordance with federal requirements in order to make a determination of eligibility. A family or person eligible under the coverage known as the "medically needy," is eligible to receive the same services as other Medicaid recipients, with the exception of services in skilled nursing facilities and intermediate care facilities for the developmentally disabled. ~~This paragraph expires June 30, 2011.~~

~~(b) Effective July 1, 2011, a pregnant woman or a child younger than 21 years of age who would be eligible under any group listed in s. 409.903, except that the income or assets of such group exceed established limitations. For a person in one of these coverage groups, medical expenses are deductible from income in accordance with federal requirements in order to make a determination of eligibility. A person eligible under the coverage known as the "medically needy" is eligible to receive the same services as other Medicaid recipients, with the exception of services in skilled nursing facilities and intermediate care facilities for the developmentally disabled.~~

Section 4. Paragraphs (d), (e), and (f) of subsection (5) of section 409.905, Florida Statutes, are amended to read:

409.905 Mandatory Medicaid services.—The agency may make payments for the following services, which are required of the state by Title XIX of the Social Security Act, furnished by Medicaid providers to recipients who are determined to be eligible on the dates on which the services were provided. Any service under this section shall be provided only when medically necessary and in accordance with state and federal law. Mandatory services rendered by providers in mobile units to Medicaid recipients may be restricted by the agency. Nothing in this section shall be construed to prevent or limit the agency from adjusting fees, reimbursement rates, lengths of stay, number of visits, number of services, or any other adjustments necessary to comply with the availability of moneys and any limitations or directions provided for in the General Appropriations Act or chapter 216.

(5) HOSPITAL INPATIENT SERVICES.—The agency shall pay for all covered services provided for the medical care and treatment of a recipient who is admitted as an inpatient by a licensed physician or dentist to a hospital licensed under part I of chapter 395. However, the agency shall limit the payment for inpatient hospital services for a Medicaid recipient 21 years of age or older to 45 days or the number of days necessary to comply with the General Appropriations Act.

~~(d) The agency shall implement a hospitalist program in nonteaching hospitals, select counties, or statewide. The program shall require hospitalists to manage Medicaid recipients' hospital admissions and lengths of stay. Individuals who are dually eligible for Medicare and Medicaid are exempted from this requirement. Medicaid participating physicians and other practitioners with hospital admitting privileges shall coordinate and review admissions of Medicaid recipients with the hospitalist. The agency may competitively bid a contract for selection of a single qualified organization to provide hospitalist services. The agency may procure hospitalist services by individual county or may combine counties in a single procurement. The qualified organization shall contract with or employ board eligible physicians in Miami-Dade, Palm Beach, Hillsborough, Pasco, and Pinellas Counties. The agency is authorized to seek federal waivers to implement this program.~~

(d)~~(e)~~ The agency shall implement a comprehensive utilization management program for hospital neonatal intensive care stays in certain high-volume participating hospitals, select counties, or statewide, and ~~shall~~ replace existing hospital inpatient utilization management programs for neonatal intensive care admissions. The program shall be designed to manage the lengths of stay for children being treated in neonatal intensive care units and must seek the earliest medically appropriate discharge to the child's home or other less costly treatment setting. The agency may competitively bid a contract for *the* selection of a qualified organization to provide neonatal intensive care utilization management services. The agency *may* ~~is authorized to~~ seek ~~any~~ federal waivers to implement this initiative.

(e)~~(f)~~ The agency may develop and implement a program to reduce the number of hospital readmissions among the non-Medicare population eligible in areas 9, 10, and 11.

Section 5. Paragraph (b) of subsection (2) and subsections (14) and (23) of section 409.908, Florida Statutes, are amended to read:

409.908 Reimbursement of Medicaid providers.—Subject to specific appropriations, the agency shall reimburse Medicaid providers, in accordance with state and federal law, according to methodologies set forth in the rules of the agency and in policy manuals and handbooks incorporated by reference therein. These methodologies may include fee schedules, reimbursement methods based on cost reporting, negotiated fees, competitive bidding pursuant to s. 287.057, and other mechanisms the agency considers efficient and effective for purchasing services or goods on behalf of recipients. If a provider is reimbursed based on cost reporting and submits a cost report late and that cost report would have been used to set a lower reimbursement rate for a rate semester, then the provider's rate for that semester shall be retroactively calculated using the new cost report, and full payment at the recalculated rate shall be effected retroactively. Medicare-granted extensions for filing cost reports, if applicable, shall also apply to Medicaid cost reports. Payment for Medicaid compensable services made on behalf of Medicaid eligible persons is subject to the availability of moneys and any limitations or directions provided for in the General Appropriations Act or chapter 216. Further, nothing in this section shall be construed to prevent or limit the agency from adjusting fees, reimbursement rates, lengths of stay, number of visits, or number of services, or making any other adjustments necessary to comply with the availability of moneys and any limitations or directions provided for in the General Appropriations Act, provided the adjustment is consistent with legislative intent.

(2)

(b) Subject to any limitations or directions ~~provided for~~ in the General Appropriations Act, the agency shall establish and implement a *state* ~~Florida~~ Title XIX Long-Term Care Reimbursement Plan ~~(Medicaid)~~ for nursing home care in order to provide care and services in conformance with the applicable state and federal laws, rules, regulations, and quality and safety standards and to ensure that individuals eligible for medical assistance have reasonable geographic access to such care.

1. The agency shall amend the long-term care reimbursement plan and cost reporting system to create direct care and indirect care subcomponents of the patient care component of the per diem rate. These two subcomponents together shall equal the patient care component of the per diem rate. Separate cost-based ceilings shall be calculated for each patient care subcomponent. The direct care subcomponent of the per diem rate shall be limited by the cost-based class ceiling, and the indirect care subcomponent may be limited by the lower of the cost-based

class ceiling, the target rate class ceiling, or the individual provider target.

2. The direct care subcomponent shall include salaries and benefits of direct care staff providing nursing services including registered nurses, licensed practical nurses, and certified nursing assistants who deliver care directly to residents in the nursing home facility. This excludes nursing administration, ~~minimum data set, and care plan coordinators,~~ staff development, ~~and~~ staffing coordinator*, and the administrative portion of the minimum data set and care plan coordinators*.

3. All other patient care costs shall be included in the indirect care cost subcomponent of the patient care per diem rate. ~~There shall be no~~ Costs *may not be allocated* directly or indirectly ~~allocated~~ to the direct care subcomponent from a home office or management company.

4. On July 1 of each year, the agency shall report to the Legislature direct and indirect care costs, including average direct and indirect care costs per resident per facility and direct care and indirect care salaries and benefits per category of staff member per facility.

5. In order to offset the cost of general and professional liability insurance, the agency shall amend the plan to allow for interim rate adjustments to reflect increases in the cost of general or professional liability insurance for nursing homes. This provision shall be implemented to the extent existing appropriations are available.

It is the intent of the Legislature that the reimbursement plan achieve the goal of providing access to health care for nursing home residents who require large amounts of care while encouraging diversion services as an alternative to nursing home care for residents who can be served within the community. The agency shall base the establishment of any maximum rate of payment, whether overall or component, on the available moneys as provided for in the General Appropriations Act. The agency may base the maximum rate of payment on the results of scientifically valid analysis and conclusions derived from objective statistical data pertinent to the particular maximum rate of payment.

(14) A provider of prescribed drugs shall be reimbursed the least of the amount billed by the provider, the provider's usual and customary charge, or the Medicaid maximum allowable fee established by the agency, plus a dispensing fee. The Medicaid maximum allowable fee for ingredient cost *must* ~~will~~ be based on the *lowest* ~~lower~~ of: *the* average wholesale price (AWP) minus 16.4 percent, *the* wholesaler acquisition cost (WAC) plus *1.5* ~~4.75~~ percent, the federal upper limit (FUL), the state maximum allowable cost (SMAC), or the usual and customary (UAC) charge billed by the provider.

(a) Medicaid providers *must* ~~are required to~~ dispense generic drugs if available at lower cost and the agency has not determined that the branded product is more cost-effective, unless the prescriber has requested and received approval to require the branded product.

(b) The agency *shall* ~~is directed to~~ implement a variable dispensing fee for ~~payments for~~ prescribed medicines while ensuring continued access for Medicaid recipients. The variable dispensing fee may be based upon, but not limited to, either or both the volume of prescriptions dispensed by a specific pharmacy provider, the volume of prescriptions dispensed to an individual recipient, and dispensing of preferred-drug-list products.

(c) The agency may increase the pharmacy dispensing fee authorized by statute and in the ~~annual~~ General Appropriations Act by $0.50 for the dispensing of a Medicaid preferred-drug-list product and reduce the pharmacy dispensing fee by $0.50 for the dispensing of a Medicaid product that is not included on the preferred drug list.

(d) The agency may establish a supplemental pharmaceutical dispensing fee to be paid to providers returning unused unit-dose packaged medications to stock and crediting the Medicaid program for the ingredient cost of those medications if the ingredient costs to be credited exceed the value of the supplemental dispensing fee.

(e) The agency *may* ~~is authorized to~~ limit reimbursement for prescribed medicine in order to comply with any limitations or directions provided ~~for~~ in the General Appropriations Act, which may include implementing a prospective or concurrent utilization review program.

(23)(a) The agency shall establish rates at a level that ensures no increase in statewide expenditures resulting from a change in unit costs ~~for 2 fiscal years~~ effective July 1, *2011* ~~2009~~. Reimbursement rates ~~for the 2 fiscal years~~ shall be as provided in the General Appropriations Act.

(b) This subsection applies to the following provider types:

1. Inpatient hospitals.

2. Outpatient hospitals.

3. Nursing homes.

4. County health departments.

5. Community intermediate care facilities for the developmentally disabled.

6. Prepaid health plans.

(c) The agency shall apply the effect of this subsection to the reimbursement rates for nursing home diversion programs.

~~(e) The agency shall create a workgroup on hospital reimbursement, a workgroup on nursing facility reimbursement, and a workgroup on managed care plan payment. The workgroups shall evaluate alternative reimbursement and payment methodologies for hospitals, nursing facilities, and managed care plans, including prospective payment methodologies for hospitals and nursing facilities. The nursing facility workgroup shall also consider price-based methodologies for indirect care and acuity adjustments for direct care. The agency shall submit a report on the evaluated alternative reimbursement methodologies to the relevant committees of the Senate and the House of Representatives by November 1, 2009.~~

~~(d) This subsection expires June 30, 2011.~~

Section 6. Subsection (2) and paragraph (d) of subsection (3) of section 409.9082, Florida Statutes, are amended to read:

409.9082 Quality assessment on nursing home facility providers; exemptions; purpose; federal approval required; remedies.—

(2) Effective April 1, 2009, *a quality assessment* ~~there~~ is imposed upon each nursing home facility ~~a quality assessment~~. The aggregated amount of assessments for all nursing home facilities in a given year shall be an amount not exceeding *the maximum percentage allowed under federal law* ~~5.5 percent~~ of the total aggregate net patient service revenue of assessed facilities. The agency shall calculate the quality assessment rate annually on a per-resident-day basis, exclusive of those resident days funded by the Medicare program, as reported by the facilities. The per-resident-day assessment rate *must* ~~shall~~ be uniform except as prescribed in subsection (3). Each facility shall report monthly to the agency its total number of resident days, exclusive of Medicare Part A resident days, and ~~shall~~ remit an amount equal to the assessment rate times the reported number of days. The agency shall collect, and each facility shall pay, the quality assessment each month. The agency shall collect the assessment from nursing home facility providers by ~~no later than~~ the 15th *day* of the next succeeding calendar month. The agency shall notify providers of the quality assessment and provide a standardized form to complete and submit with payments. The collection of the nursing home facility quality assessment shall commence no sooner than 5 days after the agency's initial payment of the Medicaid rates containing the elements prescribed in subsection (4). Nursing home facilities may not create a separate line-item charge for the purpose of passing ~~through~~ the assessment *through* to residents.

(3)

(d) Effective July 1, *2011* ~~2009~~, the agency may exempt from the quality assessment or apply a lower quality assessment rate to a qualified public, nonstate-owned or operated nursing home facility whose total annual indigent census days are greater than *20* ~~25~~ percent of the facility's total annual census days.

Section 7. Subsection (8) of section 409.9083, Florida Statutes, is amended to read:

409.9083 Quality assessment on privately operated intermediate care facilities for the developmentally disabled; exemptions; purpose; federal approval required; remedies.—

~~(8) This section is repealed October 1, 2011.~~

Section 8. Paragraph (a) of subsection (2) of section 409.911, Florida Statutes, is amended, and paragraph (d) is added to subsection (4) of that section, to read:

409.911 Disproportionate share program.—Subject to specific allocations established within the General Appropriations Act and any limitations established pursuant to chapter 216, the agency shall distribute, pursuant to this section, moneys to hospitals providing a disproportionate share of Medicaid or charity care services by making quarterly Medicaid payments as required. Notwithstanding the provisions of s. 409.915, counties are exempt from contributing toward the cost of this special reimbursement for hospitals serving a disproportionate share of low-income patients.

(2) The Agency for Health Care Administration shall use the following actual audited data to determine the Medicaid days and charity care to be used in calculating the disproportionate share payment:

(a) The average of the *2004, 2005, and 2006* ~~2003, 2004, and 2005~~ audited disproportionate share data to determine each hospital's Medicaid days and charity care for the *2011-2012* ~~2010-2011~~ state fiscal year.

(4) The following formulas shall be used to pay disproportionate share dollars to public hospitals:

(d) Any nonstate government owned or operated hospital eligible for payments under this section on July 1, 2011, remains eligible for payments during the 2011-2012 state fiscal year.

Section 9. Section 409.9112, Florida Statutes, is amended to read:

409.9112 Disproportionate share program for regional perinatal intensive care centers.—In addition to the payments made under s. 409.911, the agency shall design and implement a system for making disproportionate share payments to those hospitals that participate in the regional perinatal intensive care center program established pursuant to chapter 383. The system of payments must conform to federal requirements and distribute funds in each fiscal year for which an appropriation is made by making quarterly Medicaid payments. Notwithstanding s. 409.915, counties are exempt from contributing toward the cost of this special reimbursement for hospitals serving a disproportionate share of low-income patients. For the *2011-2012* ~~2010-2011~~ state fiscal year, the agency may not distribute moneys under the regional perinatal intensive care centers disproportionate share program.

(1) The following formula shall be used by the agency to calculate the total amount earned for hospitals that participate in the regional perinatal intensive care center program:

TAE = HDSP/THDSP

Where:

TAE = total amount earned by a regional perinatal intensive care center.

HDSP = the prior state fiscal year regional perinatal intensive care center disproportionate share payment to the individual hospital.

THDSP = the prior state fiscal year total regional perinatal intensive care center disproportionate share payments to all hospitals.

(2) The total additional payment for hospitals that participate in the regional perinatal intensive care center program shall be calculated by the agency as follows:

TAP = TAE x TA

Where:

TAP = total additional payment for a regional perinatal intensive care center.

TAE = total amount earned by a regional perinatal intensive care center.

TA = total appropriation for the regional perinatal intensive care center disproportionate share program.

(3) In order to receive payments under this section, a hospital must be participating in the regional perinatal intensive care center program pursuant to chapter 383 and must meet the following additional requirements:

(a) Agree to conform to all departmental and agency requirements to ensure high quality in the provision of services, including criteria adopted by departmental and agency rule concerning staffing ratios, medical records, standards of care, equipment, space, and such other standards and criteria as the department and agency deem appropriate as specified by rule.

(b) Agree to provide information to the Department *of Health* and *the* agency, in a form and manner ~~to be~~ prescribed by rule of the department and agency, concerning the care provided to all patients in neonatal intensive care centers and high-risk maternity care.

(c) Agree to accept all patients for neonatal intensive care and high-risk maternity care, regardless of ability to pay, on a functional space-available basis.

(d) Agree to develop arrangements with other maternity and neonatal care providers in the hospital's region for the appropriate receipt and transfer of patients in need of specialized maternity and neonatal intensive care services.

(e) Agree to establish and provide a developmental evaluation and services program for certain high-risk neonates, as prescribed and defined by rule of the department.

(f) Agree to sponsor a program of continuing education in perinatal care for health care professionals within the region of the hospital, as specified by rule.

(g) Agree to provide backup and referral services to the county health departments and other low-income perinatal providers within the hospital's region, including the development of written agreements between these organizations and the hospital.

(h) Agree to arrange for transportation for high-risk obstetrical patients and neonates in need of transfer from the community to the hospital or from the hospital to another more appropriate facility.

(4) Hospitals *that* ~~which~~ fail to comply with any of the conditions in subsection (3) or the applicable rules of the Department *of Health* and *the* agency may not receive any payments under this section until full compliance is achieved. A hospital *that* ~~which~~ is not in compliance in two or more consecutive quarters may not receive its share of the funds. Any forfeited funds shall be distributed by the remaining participating regional perinatal intensive care center program hospitals.

Section 10. Section 409.9113, Florida Statutes, is amended to read:

409.9113 Disproportionate share program for teaching hospitals.—In addition to the payments made under ss. 409.911 and 409.9112, the agency shall make disproportionate share payments to ~~statutorily defined~~ teaching hospitals*, as defined in s. 408.07,* for their increased costs associated with medical education programs and for tertiary health care services provided to the indigent. This system of payments must conform to federal requirements and distribute funds in each fiscal year for which an appropriation is made by making quarterly Medicaid payments. Notwithstanding s. 409.915, counties are exempt from contributing toward the cost of this special reimbursement for hospitals serving a disproportionate share of low-income patients. For the *2011-2012* ~~2010-2011~~ state fiscal year, the agency shall distribute the moneys provided in the General Appropriations Act to statutorily defined teaching hospitals and family practice teaching hospitals*, as defined in s. 395.805, pursuant to this section* ~~under the teaching hospital disproportionate share program~~. The funds provided for statutorily defined teaching hospitals shall be distributed ~~in the same proportion as the state fiscal year 2003-2004 teaching hospital disproportionate share funds were distributed or~~ as ~~otherwise~~ provided in the General Appropriations Act. The funds pro-

vided for family practice teaching hospitals shall be distributed equally among family practice teaching hospitals.

(1) On or before September 15 of each year, the agency shall calculate an allocation fraction to be used for distributing funds to ~~state~~ statutory teaching hospitals. Subsequent to the end of each quarter of the state fiscal year, the agency shall distribute to each statutory teaching hospital~~, as defined in s. 408.07,~~ an amount determined by multiplying one-fourth of the funds appropriated for this purpose by the Legislature times such hospital's allocation fraction. The allocation fraction for each such hospital shall be determined by the sum of the following three primary factors, divided by three:

(a) The number of nationally accredited graduate medical education programs offered by the hospital, including programs accredited by the Accreditation Council for Graduate Medical Education and the combined Internal Medicine and Pediatrics programs acceptable to both the American Board of Internal Medicine and the American Board of Pediatrics at the beginning of the state fiscal year preceding the date on which the allocation fraction is calculated. The numerical value of this factor is the fraction that the hospital represents of the total number of programs, where the total is computed for all ~~state~~ statutory teaching hospitals.

(b) The number of full-time equivalent trainees in the hospital, which comprises two components:

1. The number of trainees enrolled in nationally accredited graduate medical education programs, as defined in paragraph (a). Full-time equivalents are computed using the fraction of the year during which each trainee is primarily assigned to the given institution, over the state fiscal year preceding the date on which the allocation fraction is calculated. The numerical value of this factor is the fraction that the hospital represents of the total number of full-time equivalent trainees enrolled in accredited graduate programs, where the total is computed for all ~~state~~ statutory teaching hospitals.

2. The number of medical students enrolled in accredited colleges of medicine and engaged in clinical activities, including required clinical clerkships and clinical electives. Full-time equivalents are computed using the fraction of the year during which each trainee is primarily assigned to the given institution, over the course of the state fiscal year preceding the date on which the allocation fraction is calculated. The numerical value of this factor is the fraction that the given hospital represents of the total number of full-time equivalent students enrolled in accredited colleges of medicine, where the total is computed for all ~~state~~ statutory teaching hospitals.

The primary factor for full-time equivalent trainees is computed as the sum of these two components, divided by two.

(c) A service index that comprises three components:

1. The Agency for Health Care Administration Service Index, computed by applying the standard Service Inventory Scores established by the agency to services offered by the given hospital, as reported on Worksheet A-2 for the last fiscal year reported to the agency before the date on which the allocation fraction is calculated. The numerical value of this factor is the fraction that the given hospital represents of the total ~~Agency for Health Care Administration Service~~ index values, where the total is computed for all ~~state~~ statutory teaching hospitals.

2. A volume-weighted service index, computed by applying the standard Service Inventory Scores established by the agency ~~for Health Care Administration~~ to the volume of each service, expressed in terms of the standard units of measure reported on Worksheet A-2 for the last fiscal year reported to the agency before the date on which the allocation factor is calculated. The numerical value of this factor is the fraction that the given hospital represents of the total volume-weighted service index values, where the total is computed for all ~~state~~ statutory teaching hospitals.

3. Total Medicaid payments to each hospital for direct inpatient and outpatient services during the fiscal year preceding the date on which the allocation factor is calculated. This includes payments made to each hospital for such services by Medicaid prepaid health plans, whether the plan was administered by the hospital or not. The numerical value of this factor is the fraction that each hospital represents of the total of such Medicaid payments, where the total is computed for all ~~state~~ statutory teaching hospitals.

The primary factor for the service index is computed as the sum of these three components, divided by three.

(2) By October 1 of each year, the agency shall use the following formula to calculate the maximum additional disproportionate share payment for *statutory* ~~statutorily defined~~ teaching hospitals:

TAP = THAF x A

Where:

TAP = total additional payment.

THAF = teaching hospital allocation factor.

A = amount appropriated for a teaching hospital disproportionate share program.

Section 11. Section 409.9117, Florida Statutes, is amended to read:

409.9117 Primary care disproportionate share program.—For the *2011-2012* ~~2010-2011~~ state fiscal year, the agency shall not distribute moneys under the primary care disproportionate share program.

(1) If federal funds are available for disproportionate share programs in addition to those otherwise provided by law, ~~there shall be created~~ a primary care disproportionate share program *shall be established*.

(2) The following formula shall be used by the agency to calculate the total amount earned for hospitals that participate in the primary care disproportionate share program:

TAE = HDSP/THDSP

Where:

TAE = total amount earned by a hospital participating in the primary care disproportionate share program.

HDSP = the prior state fiscal year primary care disproportionate share payment to the individual hospital.

THDSP = the prior state fiscal year total primary care disproportionate share payments to all hospitals.

(3) The total additional payment for hospitals that participate in the primary care disproportionate share program shall be calculated by the agency as follows:

TAP = TAE x TA

Where:

TAP = total additional payment for a primary care hospital.

TAE = total amount earned by a primary care hospital.

TA = total appropriation for the primary care disproportionate share program.

(4) In *establishing* ~~the establishment~~ and funding ~~of~~ this program, the agency shall use the following criteria in addition to those specified in s. 409.911, and payments may not be made to a hospital unless the hospital agrees to:

(a) Cooperate with a Medicaid prepaid health plan, if one exists in the community.

(b) Ensure the availability of primary and specialty care physicians to Medicaid recipients who are not enrolled in a prepaid capitated arrangement and who are in need of access to such physicians.

(c) Coordinate and provide primary care services free of charge, except copayments, to all persons with incomes up to 100 percent of the federal poverty level who are not otherwise covered by Medicaid or another program administered by a governmental entity, and to provide such services based on a sliding fee scale to all persons with incomes up

to 200 percent of the federal poverty level who are not otherwise covered by Medicaid or another program administered by a governmental entity, except that eligibility may be limited to persons who reside within a more limited area, as agreed to by the agency and the hospital.

(d) Contract with any federally qualified health center, if one exists within the agreed geopolitical boundaries, concerning the provision of primary care services, in order to guarantee delivery of services in a nonduplicative fashion, and to provide for referral arrangements, privileges, and admissions, as appropriate. The hospital shall agree to provide ~~at an onsite or offsite facility~~ primary care services within 24 hours *at an onsite or offsite facility* to which all Medicaid recipients and persons eligible under this paragraph who do not require emergency room services are referred during normal daylight hours.

(e) Cooperate with the agency, the county, and other entities to ensure the provision of certain public health services, case management, referral and acceptance of patients, and sharing of epidemiological data, as the agency and the hospital find mutually necessary and desirable to promote and protect the public health within the agreed geopolitical boundaries.

(f) In cooperation with the county in which the hospital resides, develop a low-cost, outpatient, prepaid health care program to persons who are not eligible for the Medicaid program, and who reside within the area.

(g) Provide inpatient services to residents within the area who are not eligible for Medicaid or Medicare, and who do not have private health insurance, regardless of ability to pay, on the basis of available space, except that hospitals may not be prevented from establishing bill collection programs based on ability to pay.

(h) Work with the Florida Healthy Kids Corporation, the Florida Health Care Purchasing Cooperative, and business health coalitions, as appropriate, to develop a feasibility study and plan to provide a low-cost comprehensive health insurance plan to persons who reside within the area and who do not have access to such a plan.

(i) Work with public health officials and other experts to provide community health education and prevention activities designed to promote healthy lifestyles and appropriate use of health services.

(j) Work with the local health council to develop a plan for promoting access to affordable health care services for all persons who reside within the area, including, but not limited to, public health services, primary care services, inpatient services, and affordable health insurance generally.

Any hospital that fails to comply with any of the provisions of this subsection, or any other contractual condition, may not receive payments under this section until full compliance is achieved.

Section 12. Paragraph (b) of subsection (4), paragraph (b) of subsection (16), and paragraph (a) of subsection (39) of section 409.912, Florida Statutes, are amended to read:

409.912 Cost-effective purchasing of health care.—The agency shall purchase goods and services for Medicaid recipients in the most cost-effective manner consistent with the delivery of quality medical care. To ensure that medical services are effectively utilized, the agency may, in any case, require a confirmation or second physician's opinion of the correct diagnosis for purposes of authorizing future services under the Medicaid program. This section does not restrict access to emergency services or poststabilization care services as defined in 42 C.F.R. part 438.114. Such confirmation or second opinion shall be rendered in a manner approved by the agency. The agency shall maximize the use of prepaid per capita and prepaid aggregate fixed-sum basis services when appropriate and other alternative service delivery and reimbursement methodologies, including competitive bidding pursuant to s. 287.057, designed to facilitate the cost-effective purchase of a case-managed continuum of care. The agency shall also require providers to minimize the exposure of recipients to the need for acute inpatient, custodial, and other institutional care and the inappropriate or unnecessary use of high-cost services. The agency shall contract with a vendor to monitor and evaluate the clinical practice patterns of providers in order to identify trends that are outside the normal practice patterns of a provider's professional peers or the national guidelines of a provider's professional association. The vendor must be able to provide information and counseling to a provider whose practice patterns are outside the norms, in consultation with the agency, to improve patient care and reduce inappropriate utilization. The agency may mandate prior authorization, drug therapy management, or disease management participation for certain populations of Medicaid beneficiaries, certain drug classes, or particular drugs to prevent fraud, abuse, overuse, and possible dangerous drug interactions. The Pharmaceutical and Therapeutics Committee shall make recommendations to the agency on drugs for which prior authorization is required. The agency shall inform the Pharmaceutical and Therapeutics Committee of its decisions regarding drugs subject to prior authorization. The agency is authorized to limit the entities it contracts with or enrolls as Medicaid providers by developing a provider network through provider credentialing. The agency may competitively bid single-source-provider contracts if procurement of goods or services results in demonstrated cost savings to the state without limiting access to care. The agency may limit its network based on the assessment of beneficiary access to care, provider availability, provider quality standards, time and distance standards for access to care, the cultural competence of the provider network, demographic characteristics of Medicaid beneficiaries, practice and provider-to-beneficiary standards, appointment wait times, beneficiary use of services, provider turnover, provider profiling, provider licensure history, previous program integrity investigations and findings, peer review, provider Medicaid policy and billing compliance records, clinical and medical record audits, and other factors. Providers shall not be entitled to enrollment in the Medicaid provider network. The agency shall determine instances in which allowing Medicaid beneficiaries to purchase durable medical equipment and other goods is less expensive to the Medicaid program than long-term rental of the equipment or goods. The agency may establish rules to facilitate purchases in lieu of long-term rentals in order to protect against fraud and abuse in the Medicaid program as defined in s. 409.913. The agency may seek federal waivers necessary to administer these policies.

(4) The agency may contract with:

(b) An entity that is providing comprehensive behavioral health care services to certain Medicaid recipients through a capitated, prepaid arrangement pursuant to the federal waiver provided for by s. 409.905(5). Such entity must be licensed under chapter 624, chapter 636, or chapter 641, or authorized under paragraph (c) or paragraph (d), and must possess the clinical systems and operational competence to manage risk and provide comprehensive behavioral health care to Medicaid recipients. As used in this paragraph, the term "comprehensive behavioral health care services" means covered mental health and substance abuse treatment services that are available to Medicaid recipients. The Secretary of the Department of Children and Family Services shall approve provisions of procurements related to children in the department's care or custody before enrolling such children in a prepaid behavioral health plan. Any contract awarded under this paragraph must be competitively procured. In developing The behavioral health care prepaid plan procurement document, the agency shall ensure that the procurement document requires the contractor to develop and implement a plan to ensure compliance with s. 394.4574 related to services provided to residents of licensed assisted living facilities that hold a limited mental health license. Except as provided in subparagraph 8., and except in counties where the Medicaid managed care pilot program is authorized pursuant to s. 409.91211, the agency shall seek federal approval to contract with a single entity meeting these requirements to provide comprehensive behavioral health care services to all Medicaid recipients not enrolled in a Medicaid managed care plan authorized under s. 409.91211, a provider service network authorized under paragraph (d), or a Medicaid health maintenance organization in an AHCA area. In an AHCA area where the Medicaid managed care pilot program is authorized pursuant to s. 409.91211 in one or more counties, the agency may procure a contract with a single entity to serve the remaining counties as an AHCA area or the remaining counties may be included with an adjacent AHCA area and are subject to this paragraph. Each entity must offer a sufficient choice of providers in its network to ensure recipient access to care and the opportunity to select a provider with whom they are satisfied. The network shall include all public mental health hospitals. To ensure unimpaired access to behavioral health care services by Medicaid recipients, all contracts issued pursuant to this paragraph must require 80 percent of the capitation paid to the managed care plan, including health maintenance organizations and capitated provider service networks, to be expended for the provision of behavioral

health care services. If the managed care plan expends less than 80 percent of the capitation paid for the provision of behavioral health care services, the difference shall be returned to the agency. The agency shall provide the plan with a certification letter indicating the amount of capitation paid during each calendar year for behavioral health care services pursuant to this section. The agency may reimburse for substance abuse treatment services on a fee-for-service basis until the agency finds that adequate funds are available for capitated, prepaid arrangements.

1. By January 1, 2001, The agency shall modify the contracts with the entities providing comprehensive inpatient and outpatient mental health care services to Medicaid recipients in Hillsborough, Highlands, Hardee, Manatee, and Polk Counties, to include substance abuse treatment services.

2. By July 1, 2003, the agency and the Department of Children and Family Services shall execute a written agreement that requires collaboration and joint development of all policy, budgets, procurement documents, contracts, and monitoring plans that have an impact on the state and Medicaid community mental health and targeted case management programs.

3. Except as provided in subparagraph 8., by July 1, 2006, the agency and the Department of Children and Family Services shall contract with managed care entities in each AHCA area except area 6 or arrange to provide comprehensive inpatient and outpatient mental health and substance abuse services through capitated prepaid arrangements to all Medicaid recipients who are eligible to participate in such plans under federal law and regulation. In AHCA areas where eligible individuals number less than 150,000, the agency shall contract with a single managed care plan to provide comprehensive behavioral health services to all recipients who are not enrolled in a Medicaid health maintenance organization, a provider service network authorized under paragraph (d), or a Medicaid capitated managed care plan authorized under s. 409.91211. The agency may contract with more than one comprehensive behavioral health provider to provide care to recipients who are not enrolled in a Medicaid capitated managed care plan authorized under s. 409.91211, a provider service network authorized under paragraph (d), or a Medicaid health maintenance organization in AHCA areas where the eligible population exceeds 150,000. In an AHCA area where the Medicaid managed care pilot program is authorized pursuant to s. 409.91211 in one or more counties, the agency may procure a contract with a single entity to serve the remaining counties as an AHCA area or the remaining counties may be included with an adjacent AHCA area and shall be subject to this paragraph. Contracts for comprehensive behavioral health providers awarded pursuant to this section shall be competitively procured. Both for-profit and not-for-profit corporations are eligible to compete. Managed care plans contracting with the agency under subsection (3) or paragraph (d), shall provide and receive payment for the same comprehensive behavioral health benefits as provided in AHCA rules, including handbooks incorporated by reference. In AHCA area 11, the agency shall contract with at least two comprehensive behavioral health care providers to provide behavioral health care to recipients in that area who are enrolled in, or assigned to, the MediPass program. One of the behavioral health care contracts must be with the existing provider service network pilot project, as described in paragraph (d), for the purpose of demonstrating the cost-effectiveness of the provision of quality mental health services through a public hospital-operated managed care model. Payment shall be at an agreed-upon capitated rate to ensure cost savings. Of the recipients in area 11 who are assigned to MediPass under s. 409.9122(2)(k), a minimum of 50,000 of those MediPass-enrolled recipients shall be assigned to the existing provider service network in area 11 for their behavioral care.

4. By October 1, 2003, the agency and the department shall submit a plan to the Governor, the President of the Senate, and the Speaker of the House of Representatives which provides for the full implementation of capitated prepaid behavioral health care in all areas of the state.

a. Implementation shall begin in 2003 in those AHCA areas of the state where the agency is able to establish sufficient capitation rates.

b. If the agency determines that the proposed capitation rate in any area is insufficient to provide appropriate services, the agency may adjust the capitation rate to ensure that care will be available. The agency and the department may use existing general revenue to address any additional required match but may not over-obligate existing funds on an annualized basis.

c. Subject to any limitations provided in the General Appropriations Act, the agency, in compliance with appropriate federal authorization, shall develop policies and procedures that allow for certification of local and state funds.

5. Children residing in a statewide inpatient psychiatric program, or in a Department of Juvenile Justice or a Department of Children and Family Services residential program approved as a Medicaid behavioral health overlay services provider may not be included in a behavioral health care prepaid health plan or any other Medicaid managed care plan pursuant to this paragraph.

6. In converting to a prepaid system of delivery, the agency shall in its procurement document require an entity providing only comprehensive behavioral health care services to prevent the displacement of indigent care patients by enrollees in the Medicaid prepaid health plan providing behavioral health care services from facilities receiving state funding to provide indigent behavioral health care, to facilities licensed under chapter 395 which do not receive state funding for indigent behavioral health care, or reimburse the unsubsidized facility for the cost of behavioral health care provided to the displaced indigent care patient.

7. Traditional community mental health providers under contract with the Department of Children and Family Services pursuant to part IV of chapter 394, child welfare providers under contract with the Department of Children and Family Services in areas 1 and 6, and inpatient mental health providers licensed pursuant to chapter 395 must be offered an opportunity to accept or decline a contract to participate in any provider network for prepaid behavioral health services.

8. All Medicaid-eligible children, except children in area 1 and children in Highlands County, Hardee County, Polk County, or Manatee County of area 6, that are open for child welfare services in the HomeSafeNet system, shall receive their behavioral health care services through a specialty prepaid plan operated by community-based lead agencies through a single agency or formal agreements among several agencies. *The agency shall work with the specialty plan to develop clinically effective, evidence-based alternatives as a downward substitution for the statewide inpatient psychiatric program and similar residential care and institutional services.* The specialty prepaid plan must result in savings to the state comparable to savings achieved in other Medicaid managed care and prepaid programs. Such plan must provide mechanisms to maximize state and local revenues. The specialty prepaid plan shall be developed by the agency and the Department of Children and Family Services. The agency may seek federal waivers to implement this initiative. Medicaid-eligible children whose cases are open for child welfare services in the HomeSafeNet system and who reside in AHCA area 10 are exempt from the specialty prepaid plan upon the development of a service delivery mechanism for children who reside in area 10 as specified in s. 409.91211(3)(dd).

(16)

(b) The responsibility of the agency under this subsection *includes* ~~shall include~~ the development of capabilities to identify actual and optimal practice patterns; patient and provider educational initiatives; methods for determining patient compliance with prescribed treatments; fraud, waste, and abuse prevention and detection programs; and beneficiary case management programs.

1. The practice pattern identification program shall evaluate practitioner prescribing patterns based on national and regional practice guidelines, comparing practitioners to their peer groups. The agency and its Drug Utilization Review Board shall consult with the Department of Health and a panel of practicing health care professionals consisting of the following: the Speaker of the House of Representatives and the President of the Senate shall each appoint three physicians licensed under chapter 458 or chapter 459; and the Governor shall appoint two pharmacists licensed under chapter 465 and one dentist licensed under chapter 466 who is an oral surgeon. Terms of the panel members shall expire at the discretion of the appointing official. The advisory panel shall be responsible for evaluating treatment guidelines and recommending ways to incorporate their use in the practice pattern identification program. Practitioners who are prescribing inappropriately or inefficiently, as determined by the agency, may have their prescribing of certain drugs subject to prior authorization or may be terminated from all participation in the Medicaid program.

2. The agency shall also develop educational interventions designed to promote the proper use of medications by providers and beneficiaries.

3. The agency shall implement a pharmacy fraud, waste, and abuse initiative that may include a surety bond or letter of credit requirement for participating pharmacies, enhanced provider auditing practices, the use of additional fraud and abuse software, recipient management programs for beneficiaries inappropriately using their benefits, and other steps that ~~will~~ eliminate provider and recipient fraud, waste, and abuse. The initiative shall address enforcement efforts to reduce the number and use of counterfeit prescriptions.

4. ~~By September 30, 2002,~~ The agency *may* ~~shall~~ contract with an entity in the state to *provide Medicaid providers with electronic access to Medicaid prescription refill data and information relating to the Medicaid preferred drug list* ~~implement a wireless handheld clinical pharmacology drug information database for practitioners~~. The initiative shall be designed to enhance the agency's efforts to reduce fraud, abuse, and errors in the prescription drug benefit program and to otherwise further the intent of this paragraph.

5. ~~By April 1, 2006,~~ The agency shall contract with an entity to design a database of clinical utilization information or electronic medical records for Medicaid providers. *The database* ~~This system~~ must be web-based and allow providers to review on a real-time basis the utilization of Medicaid services, including, but not limited to, physician office visits, inpatient and outpatient hospitalizations, laboratory and pathology services, radiological and other imaging services, dental care, and patterns of dispensing prescription drugs in order to coordinate care and identify potential fraud and abuse.

6. The agency may apply for any federal waivers needed to administer this paragraph.

(39)(a) The agency shall implement a Medicaid prescribed-drug spending-control program that includes the following components:

1. A Medicaid preferred drug list, which shall be a listing of cost-effective therapeutic options recommended by the Medicaid Pharmacy and Therapeutics Committee established pursuant to s. 409.91195 and adopted by the agency for each therapeutic class on the preferred drug list. At the discretion of the committee, and when feasible, the preferred drug list should include at least two products in a therapeutic class. The agency may post the preferred drug list and updates to the ~~preferred drug~~ list on an Internet website without following the rulemaking procedures of chapter 120. Antiretroviral agents are excluded from the preferred drug list. The agency shall also limit the amount of a prescribed drug dispensed to no more than a 34-day supply unless the drug products' smallest marketed package is greater than a 34-day supply, or the drug is determined by the agency to be a maintenance drug in which case a 100-day maximum supply may be authorized. The agency *may* ~~is authorized to~~ seek any federal waivers necessary to implement these cost-control programs and to continue participation in the federal Medicaid rebate program, or alternatively to negotiate state-only manufacturer rebates. The agency may adopt rules to *administer* ~~implement~~ this subparagraph. The agency shall continue to provide unlimited contraceptive drugs and items. The agency must establish procedures to ensure that:

a. There is a response to a request for prior consultation by telephone or other telecommunication device within 24 hours after receipt of a request for prior consultation; and

b. A 72-hour supply of the drug prescribed is provided in an emergency or when the agency does not provide a response within 24 hours as required by sub-subparagraph a.

2. Reimbursement to pharmacies for Medicaid prescribed drugs shall be set at the *lowest* ~~lesser~~ of: the average wholesale price (AWP) minus 16.4 percent, the wholesaler acquisition cost (WAC) plus *1.5* ~~4.75~~ percent, the federal upper limit (FUL), the state maximum allowable cost (SMAC), or the usual and customary (UAC) charge billed by the provider.

3. The agency shall develop and implement a process for managing the drug therapies of Medicaid recipients who are using significant numbers of prescribed drugs each month. The management process may include, but is not limited to, comprehensive, physician-directed medical-record reviews, claims analyses, and case evaluations to determine the medical necessity and appropriateness of a patient's treatment plan and drug therapies. The agency may contract with a private organization to provide drug-program-management services. The Medicaid drug benefit management program shall include initiatives to manage drug therapies for HIV/AIDS patients, patients using 20 or more unique prescriptions in a 180-day period, and the top 1,000 patients in annual spending. The agency shall enroll any Medicaid recipient in the drug benefit management program if he or she meets the specifications of this provision and is not enrolled in a Medicaid health maintenance organization.

4. The agency may limit the size of its pharmacy network based on need, competitive bidding, price negotiations, credentialing, or similar criteria. The agency shall give special consideration to rural areas in determining the size and location of pharmacies included in the Medicaid pharmacy network. A pharmacy credentialing process may include criteria such as a pharmacy's full-service status, location, size, patient educational programs, patient consultation, disease management services, and other characteristics. The agency may impose a moratorium on Medicaid pharmacy enrollment *if* ~~when~~ it is determined that it has a sufficient number of Medicaid-participating providers. The agency must allow dispensing practitioners to participate as a part of the Medicaid pharmacy network regardless of the practitioner's proximity to any other entity that is dispensing prescription drugs under the Medicaid program. A dispensing practitioner must meet all credentialing requirements applicable to his or her practice, as determined by the agency.

5. The agency shall develop and implement a program that requires Medicaid practitioners who prescribe drugs to use a counterfeit-proof prescription pad for Medicaid prescriptions. The agency shall require the use of standardized counterfeit-proof prescription pads by Medicaid-participating prescribers or prescribers who write prescriptions for Medicaid recipients. The agency may implement the program in targeted geographic areas or statewide.

6. The agency may enter into arrangements that require manufacturers of generic drugs prescribed to Medicaid recipients to provide rebates of at least 15.1 percent of the average manufacturer price for the manufacturer's generic products. These arrangements shall require that if a generic-drug manufacturer pays federal rebates for Medicaid-reimbursed drugs at a level below 15.1 percent, the manufacturer must provide a supplemental rebate to the state in an amount necessary to achieve a 15.1-percent rebate level.

7. The agency may establish a preferred drug list as described in this subsection, and, pursuant to the establishment of such preferred drug list, ~~it is authorized to~~ negotiate supplemental rebates from manufacturers that are in addition to those required by Title XIX of the Social Security Act and at no less than 14 percent of the average manufacturer price as defined in 42 U.S.C. s. 1936 on the last day of a quarter unless the federal or supplemental rebate, or both, equals or exceeds 29 percent. There is no upper limit on the supplemental rebates the agency may negotiate. The agency may determine that specific products, brand-name or generic, are competitive at lower rebate percentages. Agreement to pay the minimum supplemental rebate percentage ~~will~~ guarantee a manufacturer that the Medicaid Pharmaceutical and Therapeutics Committee will consider a product for inclusion on the preferred drug list. However, a pharmaceutical manufacturer is not guaranteed placement on the preferred drug list by simply paying the minimum supplemental rebate. Agency decisions will be made on the clinical efficacy of a drug and recommendations of the Medicaid Pharmaceutical and Therapeutics Committee, as well as the price of competing products minus federal and state rebates. The agency *may* ~~is authorized to~~ contract with an outside agency or contractor to conduct negotiations for supplemental rebates. For the purposes of this section, the term "supplemental rebates" means cash rebates. ~~Effective July 1, 2004,~~ Value-added programs as a substitution for supplemental rebates are prohibited. The agency *may* ~~is authorized to~~ seek any federal waivers to implement this initiative.

8. The agency ~~for Health Care Administration~~ shall expand home delivery of pharmacy products. *The agency may amend the state plan and issue a procurement, as necessary, in order to implement this program. The procurements must include agreements with a pharmacy or pharmacies located in the state to provide mail order delivery services at no cost to the recipients who elect to receive home delivery of pharmacy products. The procurement must focus on serving recipients with chronic*

diseases for which pharmacy expenditures represent a significant portion of Medicaid pharmacy expenditures or which impact a significant portion of the Medicaid population. ~~To assist Medicaid patients in securing their prescriptions and reduce program costs, the agency shall expand its current mail order pharmacy diabetes supply program to include all generic and brand name drugs used by Medicaid patients with diabetes. Medicaid recipients in the current program may obtain nondiabetes drugs on a voluntary basis. This initiative is limited to the geographic area covered by the current contract.~~ The agency may seek and implement any federal waivers necessary to implement this subparagraph.

9. The agency shall limit to one dose per month any drug prescribed to treat erectile dysfunction.

10.a. The agency may implement a Medicaid behavioral drug management system. The agency may contract with a vendor that has experience in operating behavioral drug management systems to implement this program. The agency *may* ~~is authorized to~~ seek federal waivers to implement this program.

b. The agency, in conjunction with the Department of Children and Family Services, may implement the Medicaid behavioral drug management system that is designed to improve the quality of care and behavioral health prescribing practices based on best practice guidelines, improve patient adherence to medication plans, reduce clinical risk, and lower prescribed drug costs and the rate of inappropriate spending on Medicaid behavioral drugs. The program may include the following elements:

(I) Provide for the development and adoption of best practice guidelines for behavioral health-related drugs such as antipsychotics, antidepressants, and medications for treating bipolar disorders and other behavioral conditions; translate them into practice; review behavioral health prescribers and compare their prescribing patterns to a number of indicators that are based on national standards; and determine deviations from best practice guidelines.

(II) Implement processes for providing feedback to and educating prescribers using best practice educational materials and peer-to-peer consultation.

(III) Assess Medicaid beneficiaries who are outliers in their use of behavioral health drugs with regard to the numbers and types of drugs taken, drug dosages, combination drug therapies, and other indicators of improper use of behavioral health drugs.

(IV) Alert prescribers to patients who fail to refill prescriptions in a timely fashion, are prescribed multiple same-class behavioral health drugs, and may have other potential medication problems.

(V) Track spending trends for behavioral health drugs and deviation from best practice guidelines.

(VI) Use educational and technological approaches to promote best practices, educate consumers, and train prescribers in the use of practice guidelines.

(VII) Disseminate electronic and published materials.

(VIII) Hold statewide and regional conferences.

(IX) Implement a disease management program with a model quality-based medication component for severely mentally ill individuals and emotionally disturbed children who are high users of care.

11.~~a.~~ The agency shall implement a Medicaid prescription drug management system.

a. The agency may contract with a vendor that has experience in operating prescription drug management systems in order to implement this system. Any management system that is implemented in accordance with this subparagraph must rely on cooperation between physicians and pharmacists to determine appropriate practice patterns and clinical guidelines to improve the prescribing, dispensing, and use of drugs in the Medicaid program. The agency may seek federal waivers to implement this program.

b. The drug management system must be designed to improve the quality of care and prescribing practices based on best practice guidelines, improve patient adherence to medication plans, reduce clinical risk, and lower prescribed drug costs and the rate of inappropriate spending on Medicaid prescription drugs. The program must:

(I) Provide for the ~~development and~~ adoption of best practice guidelines for the prescribing and use of drugs in the Medicaid program, including translating best practice guidelines into practice; reviewing prescriber patterns and comparing them to indicators that are based on national standards and practice patterns of clinical peers in their community, statewide, and nationally; and determine deviations from best practice guidelines.

(II) Implement processes for providing feedback to and educating prescribers using best practice educational materials and peer-to-peer consultation.

(III) Assess Medicaid recipients who are outliers in their use of a single or multiple prescription drugs with regard to the numbers and types of drugs taken, drug dosages, combination drug therapies, and other indicators of improper use of prescription drugs.

(IV) Alert prescribers to *recipients* ~~patients~~ who fail to refill prescriptions in a timely fashion, are prescribed multiple drugs that may be redundant or contraindicated, or may have other potential medication problems.

~~(V) Track spending trends for prescription drugs and deviation from best practice guidelines.~~

~~(VI) Use educational and technological approaches to promote best practices, educate consumers, and train prescribers in the use of practice guidelines.~~

~~(VII) Disseminate electronic and published materials.~~

~~(VIII) Hold statewide and regional conferences.~~

~~(IX) Implement disease management programs in cooperation with physicians and pharmacists, along with a model quality based medication component for individuals having chronic medical conditions.~~

12. The agency *may* ~~is authorized to~~ contract for drug rebate administration, including, but not limited to, calculating rebate amounts, invoicing manufacturers, negotiating disputes with manufacturers, and maintaining a database of rebate collections.

13. The agency may specify the preferred daily dosing form or strength for the purpose of promoting best practices with regard to the prescribing of certain drugs as specified in the General Appropriations Act and ensuring cost-effective prescribing practices.

14. The agency may require prior authorization for Medicaid-covered prescribed drugs. The agency may~~, but is not required to,~~ prior-authorize the use of a product:

a. For an indication not approved in labeling;

b. To comply with certain clinical guidelines; or

c. If the product has the potential for overuse, misuse, or abuse.

The agency may require the prescribing professional to provide information about the rationale and supporting medical evidence for the use of a drug. The agency may post prior authorization criteria and protocol and updates to the list of drugs that are subject to prior authorization on an Internet website without amending its rule or engaging in additional rulemaking.

15. The agency, in conjunction with the Pharmaceutical and Therapeutics Committee, may require age-related prior authorizations for certain prescribed drugs. The agency may preauthorize the use of a drug for a recipient who may not meet the age requirement or may exceed the length of therapy for use of this product as recommended by the manufacturer and approved by the Food and Drug Administration. Prior authorization may require the prescribing professional to provide information about the rationale and supporting medical evidence for the use of a drug.

16. The agency shall implement a step-therapy prior authorization approval process for medications excluded from the preferred drug list. Medications listed on the preferred drug list must be used within the previous 12 months *before* ~~prior to~~ the alternative medications that are not listed. The step-therapy prior authorization may require the prescriber to use the medications of a similar drug class or for a similar medical indication unless contraindicated in the Food and Drug Administration labeling. The trial period between the specified steps may vary according to the medical indication. The step-therapy approval process shall be developed in accordance with the committee as stated in s. 409.91195(7) and (8). A drug product may be approved without meeting the step-therapy prior authorization criteria if the prescribing physician provides the agency with additional written medical or clinical documentation that the product is medically necessary because:

a. There is not a drug on the preferred drug list to treat the disease or medical condition which is an acceptable clinical alternative;

b. The alternatives have been ineffective in the treatment of the beneficiary's disease; or

c. Based on historic evidence and known characteristics of the patient and the drug, the drug is likely to be ineffective, or the number of doses have been ineffective.

The agency shall work with the physician to determine the best alternative for the patient. The agency may adopt rules waiving the requirements for written clinical documentation for specific drugs in limited clinical situations.

17. The agency shall implement a return and reuse program for drugs dispensed by pharmacies to institutional recipients, which includes payment of a $5 restocking fee for the implementation and operation of the program. The return and reuse program shall be implemented electronically and in a manner that promotes efficiency. The program must permit a pharmacy to exclude drugs from the program if it is not practical or cost-effective for the drug to be included and must provide for the return to inventory of drugs that cannot be credited or returned in a cost-effective manner. The agency shall determine if the program has reduced the amount of Medicaid prescription drugs which are destroyed on an annual basis and if there are additional ways to ensure more prescription drugs are not destroyed which could safely be reused. ~~The agency's conclusion and recommendations shall be reported to the Legislature by December 1, 2005.~~

Section 13. Paragraph (m) is added to subsection (2) and subsection (15) is added to section 409.9122, Florida Statutes, to read:

409.9122 Mandatory Medicaid managed care enrollment; programs and procedures.—

(2)

(m) If the Medicaid recipient is diagnosed with HIV/AIDS and resides in Broward, Miami-Dade, or Palm Beach counties, the agency shall assign the recipient to a managed care plan that is a health maintenance organization authorized under Chapter 641, under contract with the agency on July 1, 2011, and which offers a delivery system through a university-based teaching and research-oriented organization that specializes in providing health care services and treatment for individuals diagnosed with HIV/AIDS.

(15) The agency shall contract with a single provider service network to function as a managing entity for the MediPass program in all counties with fewer than two prepaid plans. The contractor shall be responsible for implementing preauthorization procedures, case management programs, and utilization management initiatives in order to improve care coordination and patient outcomes while reducing costs. The contractor may earn an administrative fee if the fee is less than any savings as determined by the reconciliation process under s. 409.912(4)(d)1.

Section 14. Section 636.0145, Florida Statutes, is amended to read:

636.0145 Certain entities contracting with Medicaid.—Notwithstanding the requirements of s. 409.912(4)(b), an entity that is providing comprehensive inpatient and outpatient mental health care services to certain Medicaid recipients in Hillsborough, Highlands, Hardee, Manatee, and Polk Counties through a capitated, prepaid arrangement pursuant to the federal waiver provided for in s. 409.905(5) must become licensed under chapter 636 by December 31, 1998. Any entity licensed under this chapter which provides services solely to Medicaid recipients under a contract with Medicaid *is* ~~shall be~~ exempt from ss. 636.017, 636.018, 636.022, 636.028, ~~and~~ 636.034*, and 636.066(1)*.

Section 15. *The amendments to s. 636.0145, Florida Statutes, under this act shall operate prospectively and do not provide a basis for relief from or assessment of taxes not paid, or for determining any denial of or right to a refund of taxes paid before the effective date of the act.*

Section 16. *(1) The Legislature finds that hundreds of millions of dollars appropriated annually in support of the state's Medicaid program and other critical health programs come directly from revenues resulting from the settlement in State of Florida v. American Tobacco Co., No. 95-1466AH (Fla. 15th Cir. Ct.), that maintaining those revenues is critical to the health of this state's residents, that s. 569.23(3), Florida Statutes, protects the continued receipt of those revenues, that the sunset of s. 569.23(3), Florida Statutes, will undermine financial support for the state's Medicaid and other critical health programs, and that the sunset of that subsection should therefore be repealed.*

(2) Paragraph (f) of subsection (3) of section 569.23, Florida Statutes, is repealed.

Section 17. *Notwithstanding s. 430.707, Florida Statutes, and subject to federal approval of the application to be a site for the Program of All-inclusive Care for the Elderly, the Agency for Health Care Administration shall contract with one private health care organization, the sole member of which is a private, not-for-profit corporation that owns and manages health care organizations which provide comprehensive long-term care services, including nursing home, assisted living, independent housing, home care, adult day care, and care management, with a board-certified, trained geriatrician as the medical director. This organization shall provide these services to frail and elderly persons who reside in Palm Beach County. The organization is exempt from the requirements of chapter 641, Florida Statutes. The agency, in consultation with the Department of Elderly Affairs and subject to an appropriation, shall approve up to 150 initial enrollees in the Program of All-inclusive Care for the Elderly established by this organization to serve elderly persons who reside in Palm Beach County.*

Section 18. This act shall take effect July 1, 2011.

And the title is amended as follows:

Conference Committee Amendment (419467)(with title amendment)—Remove everything after the enacting clause and insert:

Section 1. Paragraph (a) of subsection (1) of section 28.241, Florida Statutes, is amended to read:

Of the first *$280* ~~$265~~ in filing fees, $80 must be remitted by the clerk to the Department of Revenue for deposit into the General Revenue Fund, *$195* ~~$180~~ must be remitted to the Department of Revenue for deposit into the State Courts Revenue Trust Fund, $3.50 must be remitted to the Department of Revenue for deposit into the Clerks of the Court Trust Fund within the Justice Administrative Commission and used to fund the Florida Clerks of Court Operations Corporation created in s. 28.35, and $1.50 shall be remitted to the Department of Revenue for deposit into the Administrative Trust Fund within the Department of Financial Services to fund clerk budget reviews conducted by the Department of Financial Services. ~~The next $15 of the filing fee collected shall be deposited in the state courts' Mediation and Arbitration Trust Fund.~~ One third of any filing fees collected by the clerk of the circuit court in excess of $100 shall be remitted to the Department of Revenue for deposit into the Clerks of the Court Trust Fund within the Justice Administrative Commission.

The Conference Committee Amendment for CS for HB 5007, relating to reducing and streamlining regulations, provides for the following:

- Authorizes the Department of Highway Safety and Motor Vehicles to provide copies of driver licenses to the Department of Business and Professional Regulation (DBPR) to assist in investigations of unlicensed activity.

- Authorizes the DBPR to grant fee waivers for financial hardship or because of errors caused by the department.

- Provides that inactive license holders may only be required to complete one full cycle of continuing education requirements, regardless of how many years they have been inactive.

- Authorizes the Board of Architecture and Interior Design to contract for services.

- Decriminalizes rule violations for real estate and cosmetology related professionals.

- Removes references to the Uniform Professional Appraisal Practice and replaces it with professional practices established by board rule.

- Extends the effective date for the regulation of appraisal management companies, from July 1, 2011, to July 1, 2014.

- Amends the grandfather provision for home inspector licensees to permit Division I contractors and building code inspectors to qualify for licensure. The grandfather provision is extended from March 1, 2011 until July 1, 2012.

- Reduces education requirements for persons licensed as mold assessors or mold remediators to require that the applicant have a high school diploma or its equivalent rather than college coursework. The amendment eliminates the requirement for mold related professionals to have documented coursework in water, mold, and respiratory protection.

- Amends the grandfather provision for mold related services to permit persons with at least one year of experience who have completed at least 10 remediations or assessments to qualify for license. The grandfather provision is extended from March 1, 2011 to July 2012.

- Eliminates the requirement for a licensed asbestos consultant or asbestos contractor to obtain an additional license when operating a sole proprietorship.

- Authorizes accountants with a Masters degree from an accredited state college or university to be licensed without course reviews.

- Authorizes an accountant licensed in another state to become licensed in Florida if the accountant has five years of experience and all applicable fees are paid, regardless of the scope of the out-of-state applicant's coursework.

- Revises the post-licensure education requirements for real estate brokers and sales associates, to provide that the post-licensure requirements do not apply if the broker or associate has received a bachelor's or higher degree in real estate from an accredited institution.

- Eliminates the requirement for a licensed architect to obtain an additional license when operating a sole proprietorship.

- Authorizes landscape designers to submit plans to governmental agencies for approval.

- Preempts to the state matters related to nutritional content and marketing of foods offered by public lodging establishments and public food service establishments.

- Requires public food service establishments that have violated ch. 509, F.S., to complete remedial food safety training from a provider whose program has been approved by the Division of Hotels and Restaurants within the DBPR.

- Increases the inactive license period from two to eight years for Fire Sprinkler Installers.

- Transfers the Department of Agriculture and Consumer Services' responsibilities under the Motor Vehicle Warranty Enforcement Act (or "Lemon Law") to the Attorney General.

- Deletes the authority for the Department of Agriculture and Consumer Services to enforce the prohibition against unconscionable prices relating to the rental or sale of essential commodities during a declared state of emergency (also known as the statutory "Price Gouging" restriction). In addition, the amendment allows consideration of "regional" commodity trends, in addition to the national and international commodity trends, which may be relied upon for legally pricing commodities during declared emergencies.

- Creates a regulatory system for cottage food operations, to exempt from permitting by the Department of Agriculture and Consumer Services a cottage food operation that sells less than $15,000 annually, and provides for labeling requirements of cottage food products.

- Amends ch. 493, F.S., to allow application fees for firearms instructors, managers, recovery agents, private investigators, and others to be paid by electronic funds transfer and deletes authority to pay fees by certified checks.

- Requires the Department of Financial Services to review the merits of consolidating the regulatory structure of the title insurance industry – agents and agencies, as well as title insurance companies – under the department.

- Provides an effective date of July 1, 2011.

From the funds provided in Specific Appropriations 6 and 68, $35,754,378 is provided for the Sparsity Supplement as defined in section 1011.62(7), Florida Statutes, for school districts of 20,000 and fewer FTE in the 2011-2012 fiscal year.

SECTION 2 - EDUCATION (ALL OTHER FUNDS)
SPECIFIC
APPROPRIATION
121, each university may shift enrollment by level in a manner which is revenue neutral; however, no university, with the exception of New College of Florida, shall increase the number of lower-level FTEs. For planning and enrollment shifting purposes, the University of South Florida may combine lower, upper, and graduate FTE identified in Specific Appropriations 119 and 121.

The enrollment policy adopted by the Legislature does not limit the number of students admitted from out-of-state under the profile admissions policy; however, no state university may receive general revenue funding associated with the enrollment of out-of-state students admitted under this policy. For the purposes of implementing this policy, the Chancellor shall segregate these FTEs and not count them toward the 2011-2012 enrollment plan for the State University System.

Each university board of trustees is given flexibility to make necessary adjustments to its operating budget. If any board reduces individual programs or projects within the university by more than 10 percent during the 2011-2012 fiscal year, written notification shall be made to the Executive Office of the Governor, the President of the Senate, the Speaker of the House of Representatives, and the Board of Governors.

From the funds provided in Specific Appropriation 119, for the University of Florida, $9,681,708 is for the Florida Center for Library Automation (FCLA).

From the funds in Specific Appropriation 179, the calculations of the Medicaid Supplemental Hospital Funding Programs for Medicaid Low Income Pool, Disproportionate Share Hospital, and Hospital Exemptions Programs for the 2011-2012 fiscal year are incorporated by reference in SB 2002. The calculations are the basis for the appropriations made in the General Appropriations Act.

From the funds in Specific Appropriation 179, the agency is authorized to transfer a hospital's low-income pool payments between the various low-income programs listed in this specific appropriation if it is required to obtain approval of the low-income pool payment methodology from the Centers for Medicare and Medicaid Services. Any transfer of funds, however, is contingent on the hospital's net low-income pool payments under the low-income pool plan remaining unchanged.

From the funds in Specific Appropriation 179, in the event that the amount of approved nonfederal share of matching funds is not provided by local governmental entities, the agency may re-allocate low-income pool funds between programs described within this specific appropriation as necessary to ensure sufficient nonfederal matching funds. No re-allocation, under this provision, of low-income pool funds may occur if the level of program increase for any provider access system exceeds the amount of the additional increases in the local nonfederal share match that their local governments transfer to the state Medicaid program, and for which the provider access system would have otherwise received.

Distribution of such funds provided in Specific Appropriation 179 is contingent upon approval from the Centers for Medicare and Medicaid Services.

SECTION 4 - CRIMINAL JUSTICE AND CORRECTIONS

The moneys contained herein are appropriated from the named funds to the Department of Corrections, Justice Administration, Department of Juvenile Justice, Florida Department of Law Enforcement, Department of Legal Affairs/Attorney General, and the Parole Commission as the amounts to be used to pay the salaries, other operational expenditures and fixed capital outlay of the named agencies.

CORRECTIONS, DEPARTMENT OF

From the funds in Specific Appropriations 570 through 759, each provider contracting with the Department of Corrections must provide the department with a proposal prior to the release of funds that details the services that will be delivered, the expected results, and recommended performance measures. The department and each provider must execute a contract before the release of any funds, and the contract documents must include mutually agreed upon performance measures. Each provider must provide quarterly performance reports to the department. Funds shall only be released to providers whose performance reports indicate successful compliance with the performance measures described in the contract.

The Department of Corrections shall develop and use a uniform format and uniform methodologies for the purpose of reporting annually to the Governor and to the Legislature on the state prison system. Such reports shall include a comprehensive plan for current facility use and any departures from planned facility use, including opening new facilities, renovating or closing existing facilities, and advancing or delaying the opening of new or renovated facilities. The report shall include the maximum capacity of currently operating facilities and the potential maximum capacity of facilities that the department could make operational within the fiscal year. The report shall also identify appropriate sites for future facilities and provide information to support specified locations, such as availability of personnel in local labor markets. Reports should include updated infrastructure needs for existing or future facilities. Each report should reconcile capacity figures to the immediately preceding report. For the purpose of this paragraph, maximum capacity shall be calculated and displayed pursuant to section 944.023(1)(b), Florida Statutes. The department may provide additional analysis of current and future bed needs based on such factors as deemed necessary by the Secretary. The next report shall be due January 1, 2012.

From the funds in Specific Appropriations 570 through 759, the Department of Corrections shall, before closing, substantially reducing the use of, or changing the purpose of any state correctional institution as defined in section 944.02, Florida Statutes, submit its proposal to the Governor's Office of Policy and Budget and the chairs of the Senate Budget Committee and the House Appropriations Committee for review.

The department may transfer up to 1,200 beds to existing private prisons

SECTION 4 - CRIMINAL JUSTICE AND CORRECTIONS
SPECIFIC
APPROPRIATION

with available capacity if it determines that such transfers are in accordance with American Correctional Association and department standards, and would provide a cost savings of at least 7 percent.

Funds in Specific Appropriation 570 through 759 shall not be used to pay for unoccupied space currently being leased by the Department of Corrections in the event the leases are vacant on or after July 1, 2011, and for which it has been determined by the Secretary of the department that there is no longer a need.

From the funds in Specific Appropriations 570 through 759, the Department of Corrections shall issue a request for proposal, or multiple requests for proposal, as defined in section 287.057(1)(b), Florida Statutes, for the management and operation of the correctional facilities and assigned correctional units, including annexes, work camps, road prisons and work release centers currently operated by the Department of Corrections in Manatee, Hardee, Indian River, Okeechobee, Highlands, St. Lucie, DeSoto, Sarasota, Charlotte, Glades, Martin, Palm Beach, Hendry, Lee, Collier, Broward, Miami-Dade and Monroe counties, excluding Glades Correctional Institution and Hendry Correctional Institution. The request for proposal shall provide for a contract commencement date of no later than January 1, 2012.

At a minimum, the contract shall require adherence to all applicable federal, state and local laws, as well as all rules adopted by the Department of Corrections for private prison service providers. These facilities shall continue to operate at capacities set forth in section 944.023, Florida Statutes. Funds received for these institutions from canteens, subsistence payments, and any other participation accounts shall continue to be remitted to the General Revenue Fund. All activities regarding the classification of inmates will remain under the Department of Correction's supervision and direction as required by current law. Each facility's average daily population (ADP), as well as medical and psychological grade population percentages, shall remain substantially unchanged from the ADP calculated for Fiscal Year 2009-2010.

The contract between the Department of Corrections and the private provider must specify performance measures and levels of expected performance by the contracts for each performance measure to ensure contractor performance and accountability. The required performance measures shall include, but are not limited to: the number of batteries committed by inmates on one or more persons per 1,000 inmates; number of inmates receiving major disciplinary reports per 1,000 inmates; percentage of random inmate drug tests that are negative; percentage of reported criminal incidents investigated by the proper authorities; number of escapes from the secure perimeter of major institutions; percentage of inmates placed in a facility that provides at least one of the inmate's primary program needs; number of transition plans completed for inmates released from prison; number of release plans completed for inmates released from prison; percentage of release plans completed for inmates released from prison; percentage of inmates needing programs who successfully complete drug abuse education or treatment programs; number of inmates who are receiving substance abuse services; percentage of inmates completing mandatory literacy programs who score at or above 6th grade level on next Tests of Adult Basic Education; percentage of inmates who successfully complete mandatory literacy programs; percentage of inmates who successfully complete GED education programs; percentage of inmates needing special education programs who participate in special education (federal law) programs; percentage of inmates who successfully complete vocational education programs; average increase in grade level achieved by inmates participating in educational programs per 3-month instructional period; and percentage of inmates who successfully complete transition, rehabilitation, or support programs without subsequent recommitment to community supervision or prison for 24 months after release. The Department of Corrections shall provide quarterly reports to the chairs of the Senate Budget Committee and the House Appropriations Committee on the performance of the private prison provider under contract with the department using the required performance measures and other performance measures contained in the contracts. For work release centers, the required performance measures shall include, but are not limited to: percent employment of supervised individuals; illegal substance use by supervised individuals; victim restitution paid by supervised individuals; compliance with no contact

SECTION 4 - CRIMINAL JUSTICE AND CORRECTIONS
SPECIFIC
APPROPRIATION

orders by supervised individuals; number of serious incidents occurring at the facility; and the number of absconders.

The contract or contracts between the Department of Corrections and the private provider shall specifically require adherence to the requirements set forth in section 119.01, Florida Statutes, to ensure that any nongovernmental entity contracting with the Department of Corrections for the management and operations of correctional facilities and services shall have the same duty to release information about the management and operation of a correctional facility and services as a state agency managing and operating such a facility and services would have under section 119.01, Florida Statutes. The contract between the Department of Corrections and the private provider shall be required to adhere to the provisions provided in section 287.0571, Florida Statutes, regardless of any exemptions.

If after engaging in the competitive solicitation process, the Department of Corrections determines that the process has yielded responses that meet all current statutory requirements, the department shall develop and remit a transition plan and recommended revisions to its operating budget to the Legislative Budget Commission by December 1, 2011. The department also must submit a cost-benefit analysis which delineates the department's current costs of providing the services and the savings that would be generated by the transition plan yielding a minimum annual savings of 7 percent. Upon approval by the commission, the department may award the contract. Additional budget amendments may be submitted during the 2011-2012 fiscal year as necessary for the proper alignment of budget and positions.

Funds in Specific Appropriations 570 through 759 reflect reductions in recurring general revenue funds in the amount of $3,017,882 to accomplish the transition of 800 medium or close custody beds at an average per diem of $53.34 to 800 contract residential substance abuse beds.

PROGRAM: SECURITY AND INSTITUTIONAL OPERATIONS

From the funds provided in Specific Appropriations 605, 616, and 628 a total of $1,074,362 is provided as payment in lieu of ad valorem taxation for distribution to local government taxing authorities. Funding is provided as follows: $269,324 for the Bay Correctional Facility, $339,242 for the Moore Haven Correctional Facility, $275,560 for the South Bay Correctional Facility, $100,000 for the Gadsden Correctional Facility and $90,236 for the Lake City Correctional Facility. These funds may not be distributed if there are outstanding claims for ad valorem taxes due on the property at issue and may not be distributed until the property is reclassified on the real property and tangible personal property rolls as Government State property back to the date the finance corporation or other state entity acquired the

APPROPRIATION

title thereto. These distributions shall be adjusted, with respect to any facility, to reimburse the Department of Corrections for the total amounts expended by the state in resisting the imposition of such ad valorem tax claims, including all attorneys' fees and costs actually incurred by the state's agencies.

From the funds in Specific Appropriations 605, 616, 628, 638A, 649A and 660A, the Department of Corrections must ensure all future private prison contracts have explicit conditions that provide for the flexibility to adjust the percentages of special needs inmates to allow for changes in overall state populations of those inmates. Such percentages must be based on Department of Corrections' special needs inmate population forecasts, so that medical and mental healthcare costs are appropriately shared by both private and state prisons. All future private prison contracts must require each private prison vendor to report the same performance measures for inmate programs in private prisons as reported by the Department of Corrections for its comparable public institutions. As part of the private prisons contracting negotiations process, the Department of Corrections must consult with each private prison vendor to establish high, reasonable, and achievable performance standards. All future private prison contracts must require each private prison vendor to develop inmate visitation policies and telephone rates for the private prisons that are consistent with those policies followed by the state's public prisons and encourage inmate family contact, as directed by Florida Statutes. Finally, the Department of Corrections must require all future private prison contracts to adhere to the department's established criteria for awarding Privately Operated Institutions Inmate Welfare Trust Fund monies so that the Department of Correction's staff can verify such funds are being used appropriately.

From the funds provided in Specific Appropriations 570 through 759, the Department of Corrections shall implement an electronic time and attendance system in all regions. The department shall report installation and operational costs and annual cost savings projections related to the implementation of the electronic time and attendance system to the Speaker of the House of Representatives and the President of the Senate by November 1, 2011.

The department shall identify 6,400 prison beds at an average per diem of $53.34 and implement cost efficiencies that will reduce the per diem by 5 percent. This plan may use Department of Corrections beds or privatized beds. The department shall provide this plan to the Governor's Office of Policy and Budget, the President of the Senate, and the Speaker of the House of Representatives by November 1, 2011.

Funds and positions in Specific Appropriations 570 through 688A and 726 through 759 support the state's inmate population increase. These funds and positions are sufficient to provide housing and security for 101,783 inmates when fully annualized. Variable expenses, maintenance, and health services funds are provided for an average daily population of 101,778 inmates.

Funds and positions in Specific Appropriation 570 through 688A and 726 through 759 are provided to address security needs for the additional prison population expected in Fiscal Year 2011-2012 as projected by the Criminal Justice Estimating Conference.

From the funds in Specific Appropriations 595 through 688A, $250,000 in recurring general revenue funds is provided to the Department of Corrections to issue a request for proposal, as defined in section 287.057(1)(b), Florida Statutes, for the development of a water savings plan that creates performance standards for rain water harvesting and water reuse to achieve annual cost savings of at least 25 percent from the 2008, 2009, and 2010 calendar years. By no later than September 30, 2011, the department shall identify a vendor to conduct and inventory the water consumption of all department facilities consuming water for irrigation, gray water or drinking water purposes, including an inventory of each facility's roof surface area. To achieve these cost savings objectives, the vendor shall submit a plan to the department by February 1, 2012, which identifies the most cost-effective plan for the procurement of services and cistern products and establishes performance standards for the efficient and effective use of water resources and estimates of future potential savings and other related benefits.

PROGRAM: COMMUNITY CORRECTIONS

From the funds in Specific Appropriations 689 through 725, the Department of Corrections may issue a request for proposal, as defined in section 287.057(1)(b), Florida Statutes, for a validated risk and needs assessment tool to classify offenders being supervised by the department by level of risk to re-offend in the areas of violence, property or drug crimes, in order to guide recommendations regarding appropriate supervision. This instrument will assist in determining whether violators should complete community-based sanctions, return to incarceration, or be transferred to an appropriate reentry or community based program. The department may implement the risk assessment as an integrated web-based automated offender referral management system that matches the offenders' needs with appropriate service providers and interventions to enhance supervision and outcomes.

PROGRAM: HEALTH SERVICES

From the funds in Specific Appropriations 726 through 741, the Department of Corrections shall award contracts to private companies for the provision of health services. The department shall issue a request for proposal, in accordance with chapter 287, Florida Statutes, for statewide comprehensive health care services, excluding region 4, for inmates in the custody of the department. The department must also issue requests for proposals, in accordance with chapter 287, Florida Statutes, individually for regions 1, 2, and 3. These requests for proposal shall not apply to health care services for inmates housed in institutions authorized under the provisions of chapter 957, Florida Statutes. The contract or contracts shall take effect in Fiscal Year 2011-2012. Comprehensive health care services shall include physical health care services (including utilization management), dental services, and mental health services. The department shall determine the award based on best cost and interest to the state. Any intent to award for comprehensive health services is contingent upon a cost savings of at least 7 percent less than the department's Fiscal Year 2009-2010 healthcare expenditures. In order to achieve these cost savings, the contracts shall be written in a manner that enables the contractors to access the legislatively mandated Medicare plus 10 percent provider rates available to the department.

The contracts between the Department of Corrections and the private provider shall specifically require adherence to the requirements set forth in section 119.01, Florida Statutes, to ensure that any nongovernmental entity contracting with the Department of Corrections for the provision of health services shall have the same duty to release information about the provision of health services as a state agency providing such services would have under section 119.01, Florida Statutes.

The department must submit a cost-benefit analysis which delineates the department's current costs of providing the services and the savings that would be generated by the transition plan yielding a minimum savings of at least 7 percent to the Legislative Budget Commission by December 1, 2011. The department shall only award a contract or contracts based on the approval of the Legislative Budget Commission. The department shall also submit recommended revisions to its operating budget including any savings for Fiscal Year 2011-2012 to the Legislative Budget Commission, and such savings shall be placed in reserve. Upon approval by the commission the department may award the contract for outsourcing of health services.

Current Department of Corrections' employees who are affected by the health services privatization initiatives shall be given first preference for continued employment by the contractors. The department shall make reasonable efforts to find a suitable job placement for employees who wish to remain state employees.
