PUBLIC DEFENDERS

Only the Public Defenders Coordination Office's budgeting, legal, training and education needs may be funded by each Public Defender's office within the funds provided in Specific Appropriations 921 through 1026. These funds may not be expended for lobbying on behalf of the office or the Public Defender's Association before the Legislature but may be expended to respond to requests for information. Funding for this office shall not exceed $400,000 from the Indigent Criminal Defense Trust Fund.

JUVENILE JUSTICE, DEPARTMENT OF

From the funds in Specific Appropriations 1068 through 1147, each provider who contracts with the Department of Juvenile Justice shall provide the department with a proposal prior to the release of funds that details the services that will be delivered, the expected results, and recommended performance measures. The department and each provider must execute a contract before the release of any funds, and the contract documents shall include mutually agreed upon performance measures. Each provider must provide quarterly performance reports to the department. Funds shall only be released to providers whose performance reports indicate successful compliance with the performance measures described in the contract.

From the funds in Specific Appropriations 1068 through 1147, the Department of Juvenile Justice shall establish a performance accountability system for each provider who contracts with the department for the delivery of services to children at-risk of future involvement in the criminal justice system, as determined by the department. The contract shall include both output measures, such as the number of children served, and outcome measures, such as program completion. The contractor shall report performance results annually to the department. The department's Office of Program Accountability shall summarize performance results from all contracts and report the information annually to the Legislature.

From the funds in Specific Appropriations 1068 through 1147, the Department of Juvenile Justice is directed to withhold funds from contract payments to any provider if that provider failed to comply with contract requirements that it maintain property insurance and if the failure to do so resulted in uninsured losses. The amount withheld shall not exceed the amount of the uninsured loss and may be reduced by other remedial actions agreed upon by the department and the provider.

From the funds in Specific Appropriations 1068 through 1147, the Department of Juvenile Justice must, before implementing any departmental reorganization plans, submit its proposal to the Governor's Office of Policy and Budget and to the Legislative Budget Commission for approval.

Funds in Specific Appropriations 1068 through 1147 shall not be used to pay for unoccupied space currently being leased by the Department of Juvenile Justice in the event the leases are vacant on or after July 1, 2011, and for which it has been determined by the Secretary of the department that there is no longer a need.

PROGRAM: JUVENILE DETENTION PROGRAM

DETENTION CENTERS

From the funds in Specific Appropriations 1068 through 1077A, the department may contract for services consistent with the department's Juvenile Detention Alternative Initiative (JDAI) and the Annie E. Casey Foundation to divert youth from secure detention to alternative community based services. These services should be designed using in-home and community advocacy to reduce the need for more expensive restrictive placements, build community capacity to reduce recidivism, create supported work opportunities for youth, and improve community safety.

From the funds in Specific Appropriations 1068 through 1077A, the amount from the Shared County/State Juvenile Detention Trust Fund available to the department shall be reduced by the actual reduction in cost associated with providing detention to those juveniles prior to adjudication from a county that opts to provide detention to juveniles prior to adjudication. The remaining counties that continue to place juveniles in the Department of Juvenile Justice's detention centers shall have their billings decreased by the actual reductions in cost, with an exception to fiscally constrained counties.

From the funds in Specific Appropriations 1068 through 1077A, the Florida Association of Counties and the Department of Juvenile Justice shall provide joint recommendations to fund alternatives for locally funded and operated juvenile detention to the Executive Office of the Governors, the President of the Florida Senate and the Speaker of the Florida House of Representatives no later than November 1, 2011. The Department of Juvenile Justice must notify the Senate Budget Committee, the House Appropriations Committee, and the Governor's Office of Policy and Budget of the date of any meeting at least one week prior to each meeting.

PROGRAM: RESIDENTIAL CORRECTIONS PROGRAM

From the funds in Specific Appropriations 1114 through 1135, the department shall provide a weekly residential resource utilization report that identifies operating capacity, current placements, vacant placements, number of youth waiting placement and the percent of use for all residential commitment beds. The department may increase or decrease beds or overlay services provided that the change will better serve taxpayers and the youth under its care. Notification and justification of changes will be provided to the Governor's Office of Policy and Budget, the chair of the Senate Budget Committee and the chair of the House Appropriations Committee prior to implementing any change.

From the funds in Specific Appropriations 1114 through 1135, the Department of Juvenile Justice shall make residential bed reductions in non-secure and secure beds that are operated by the department before reducing privately operated residential beds. In addition, the closure of state-operated facilities will include the DeSoto Juvenile Correctional Facility located in DeSoto County. The department is authorized to submit budget amendments in accordance with chapter 216, Florida Statutes, to place positions in reserve and realign budget authority as needed.

FROM GRANTS AND DONATIONS TRUST FUND 10,277,763
FROM SOCIAL SERVICES BLOCK GRANT TRUST FUND 383,858

From the funds in Specific Appropriation 1146, the Department of Juvenile Justice shall not expend more than $150,000 in recurring general revenue funds for physically secure placements for youths being served by the Children-In-Need of Services/Families-In-Need of Services (CINS/FINS) program.

Additionally, the CINS/FINS provider shall demonstrate that it has considered local, non-traditional, non-residential delinquency prevention service providers including, but not limited to, grassroots organizations, community, and faith-based organizations, to subcontract and deliver non-residential CINS/FINS services to eligible youth as defined in chapter 984 and section 1003.27, F.S., to include areas with high ratios of juvenile arrests per youth 10 to 17 years of age. Such services may be offered throughout the judicial circuit served by the CINS/FINS provider.

LAW ENFORCEMENT, DEPARTMENT OF

The funds in the Specific Appropriations 1148 through 1252, the Commissioner of the Florida Department of Law Enforcement (FDLE) shall defer to the current collective bargaining agreement between FDLE and special agents when reducing positions in the department for Fiscal Year 2011-2012. The Commissioner may also give priority to sworn law enforcement classes represented by collective bargaining agreements when implementing any position reductions in order to carry out the investigative responsibilities of the agency.

From the funds in Specific Appropriation 1319, the Parole Commission shall conduct a study and provide the following to the Governor's Office of Policy and Budget, the President of the Senate and the Speaker of the House of Representatives by October 1, 2011:

1. An update on the impact of the March 9, 2011, Clemency Board rules and policy changes to the clemency process as administered by the Parole Commission including, but not limited to, current performance goals and measures, an explanation of the new rules and types of cases, a valid determination of the number of pending clemency cases existing on March 9, 2011 and July 1, 2011, along with an explanation of the methodology used to determine the number of cases and their status and disposition. Data must include total cases received for each of the past 5 years, the total number of cases processed for each of the past 5 years, and the total number of cases received or pending but not processed for each of the past 5 years;

2. An updated continuation plan reflecting the March 9, 2011, clemency rules changes using readily available data from existing automated systems;

3. Identification of all existing resources, workload, job descriptions, and internal business procedures for clemency activities; and

4. Proposed criteria, developed by case type to use in defining and classifying case backlogs which shall be based upon a reasonable length of time for the normal processing of cases. Case type refers to cases with a hearing and cases without a hearing.

SECTION 5 - NATURAL RESOURCES/ENVIRONMENT/GROWTH MANAGEMENT/TRANSPORTATION

The moneys contained herein are appropriated from the named funds to the Department of Agriculture and Consumer Services, Department of Community Affairs, Department of Environmental Protection, Fish and Wildlife Conservation Commission and the Department of Transportation as the amounts to be used to pay the salaries, other operational expenditures and fixed capital outlay of the named agencies.

AGRICULTURE AND CONSUMER SERVICES, DEPARTMENT OF,
AND COMMISSIONER OF AGRICULTURE

The department shall submit a plan to the Governor's Office of Policy and Budget, the chair of the Senate Budget Committee, and the chair of the House Appropriations Committee by August 31 that allocates Specific Appropriations 1446, 1459, and 1471 to the relevant Salaries and Benefits, Other Personal Services, Expense, Operating Capital Outlay, and Contracted Services appropriation categories.

BEST MANAGEMENT PRACTICES - COST SHARE
FROM GENERAL REVENUE FUND 11,000,000
FROM GENERAL INSPECTION TRUST FUND . 5,951,000

Of the funds in Specific Appropriation 1335, $50,000 in nonrecurring funds from the General Inspection Trust Fund is provided for the Association of Florida Conservation Districts' contract for support services to all Florida's Soil and Water Conservation Districts.

Of the funds in Specific Appropriation 1335, $4,000,000 in nonrecurring general revenue is provided for the Florida Water Quality Compliance and Improvement Best Management Practices project to adapt real-time radio frequency soil-sensor based systems from a limited research setting to deployment in agricultural fields to assess their effectiveness in irrigation decision-making, reduction in water use, and minimizing nutrient loss of nitrogen and phosphorous due to leaching and runoff. This project will include installing remote sensor systems in different field locations, calibrating the sensors to the fields, evaluating soil samples along a depth profile to determine moisture, nitrogen, and phosphorous content, and calculating daily water and nutrient uptake from different soil regions. The field data will be a concentration model for target crops that can be extended to the watershed level. Use of this model will augment weather, hydrologic, and water quality information for the development of improved best management practices for nutrient management and optimum irrigation scheduling for reduction of nutrient runoff and leaching.

From the funds in Specific Appropriation 1335, $3,000,000 in nonrecurring general revenue is provided for the operation and maintenance of existing hybrid wetland/chemical treatment projects within the Northern Everglades pursuant to section 373.4595(3)(b), Florida Statutes.

From the funds in Specific Appropriation 1335, $4,000,000 in recurring general revenue funds is provided for the Precision Agriculture Daily Logistics Online Calendar (PADLOC).

EMERGENCY MANAGEMENT PERFORMANCE GRANT
FROM FEDERAL GRANTS TRUST FUND . . . 6,338,361

Funds in Specific Appropriation 1503A are provided for the Emergency Management Performance Grants funded by the United States Department of Homeland Security. The Division of Emergency Management shall submit the Emergency Management Performance Grant Work Plan to the Executive Office of the Governor, and to the chairs of the Senate Committee on Budget and the House Appropriations Committee for review prior to submission to the Federal Emergency Management Agency (FEMA). Upon approval of the work plan by FEMA, the Division of Emergency Management may submit a budget amendment for the release of the lump sum appropriation pursuant to chapter 216, Florida Statutes.

From the funds provided in Specific Appropriation 1503A, $250,000 shall be used for a statewide public education program campaign on television and radio to promote hurricane preparedness. Such funds shall be provided to a not-for-profit corporation, and must be matched on a 3 to 1 basis.

LAND ACQUISITION, ENVIRONMENTALLY ENDANGERED, UNIQUE/ IRREPLACEABLE LANDS, STATEWIDE
FROM FLORIDA FOREVER TRUST FUND . . 305,000,000

Funds in Specific Appropriation 1578A are provided from the proceeds of

SECTION 5 - NATURAL RESOURCES/ENVIRONMENT/GROWTH MANAGEMENT/TRANSPORTATION
SPECIFIC
APPROPRIATION

surplus lands and interest earnings. The Division of State Lands, acting on behalf of the Board of Trustees, shall proceed with the disposition of surplus state lands in order to provide up to $305,000,000 for purchase of conservation lands.

1579 FIXED CAPITAL OUTLAY
DEBT SERVICE
FROM LAND ACQUISITION TRUST FUND . . 417,753,438

Funds provided in Specific Appropriation 1579 are for Fiscal Year 2011-2012 debt service on bonds. These funds may be used to refinance any or all series if it is in the best interest of the state as determined by the Division of Bond Finance. If the debt service varies due to a change in the interest rate, timing of issuance, or other circumstances, there is hereby appropriated from the Land Acquisition Trust Fund an amount sufficient to pay such debt service.

1580 FIXED CAPITAL OUTLAY
DEBT SERVICE - SAVE OUR EVERGLADES BONDS
FROM SAVE OUR EVERGLADES TRUST
FUND 19,394,454

Funds provided in Specific Appropriation 1580 are for Fiscal Year 2011-2012 debt service on bonds authorized pursuant to section 215.619, Florida Statutes, including any other continuing payments necessary or incidental to the repayment of the bonds, such as remarketing agent fees, tender agent fees, liquidity facility provider fees and similar fees and expenses. These funds may be used to refinance any or all series if it is in the best interest of the state as determined by the Division of Bond Finance. If the debt service varies due to a change in the interest rate, timing of issuance, or other circumstances, there is hereby appropriated from the Save Our Everglades Trust Fund an amount sufficient to pay such debt service.

FROM LAND ACQUISITION TRUST FUND . . 6,385,000

From the funds in Specific Appropriation 1648A, $100,000 shall be used by the Department of Environmental Protection in consultation with the South Florida Water Management District, U.S. Department of Agriculture, Florida Department of Agriculture and Consumer Services and providers of natural biological nutrient removal systems to identify toxins in the Taylor Creek watershed that prevent performance of natural biological nutrient removal systems. A written report shall be provided to the South Florida Water Management District by June 30, 2012. The report shall contain the results of the study and identify what toxins were found in the watershed and what effect they have on the performance of natural biological nutrient removal systems.

ENVIRONMENTAL MONITORING
FROM GENERAL REVENUE FUND 4,000,000

Of the funds in Specific Appropriation 1648C, $4,000,000 in nonrecurring funds from the General Revenue Fund is provided for management of Florida's springs, which requires a science based methodology using tools that provide the ability to define the interactions of multiple physical, chemical and biological variables. Innovative monitoring systems shall be used within the drainage area of priority springs to define the fate and transport mechanisms associated with pollutants that threaten the health of these unique resources that are critical to the economic well being of the state. Targeted springs shall be those where restoration will have the greatest economic benefit to the region. Management activities will include installing monitoring equipment in different locations and measuring sources and management systems performance. The field data will be used to augment weather, hydrologic, water quality information, and watershed models for the development of improved restoration activities, including best management practices for reduction of nutrient runoff and leaching.

Funds provided in Specific Appropriation 1742A are provided to the Department of Environmental Protection from the Coastal Protection Trust Fund for early restoration projects to address injuries to natural resources caused by the Deepwater Horizon oil spill. Funding to support this appropriation shall be provided based on the Early Restoration

SECTION 5 - NATURAL RESOURCES/ENVIRONMENT/GROWTH MANAGEMENT/TRANSPORTATION
SPECIFIC
APPROPRIATION

Framework Agreement executed by BP Exploration and Production, Inc., and the Natural Resource Trustees on April 20, 2011. All draft early restoration plans shall be subject to public review and comment, plus environmental review, as required by law. Projects to be funded by this appropriation shall be approved by the Trustee Council and included in a stipulation executed by BP Exploration and Production, Inc., and the Trustees. The department shall provide a summary of the approved projects or copies of the executed stipulation between BP Exploration and Production, Inc., and the Trustees for each project to the chairs of the legislative appropriations committees with each associated request for release of these funds.

From the funds in Specific Appropriations 1895, 1896 and 1897, the Florida Fish and Wildlife Conservation Commission will conduct panther research on both public and private lands, as permitted by private landowners. The commission will develop improved methods to generate statistically sound estimates of the panther population size using best available science. The commission, in conjunction with the U.S. Fish and Wildlife Service and other partners, will use best available science to evaluate panther carrying capacity (ranges) and the consequences of inter-breeding the Florida panther with the Texas cougar. The commission will report progress on these objectives to the Office of Policy and Budget in the Governor's Office, the chair of the Senate Budget Committee and the chair of the House Appropriations Committee by December 15.

From the funds in Specific Appropriation 1938G, an amount not less than $8,440,000 in state revenues shall be used for the Road Ranger program. Road Ranger services provided through sponsorships, local contributions or federal funds are not restricted.

From the funds in Specific Appropriation 1938G, the Department of Transportation may contract with non-profit youth organizations in Florida to perform work on the state highway system. All non-profit youth organizations providing services under contract with the Department of Transportation must certify to the department that all participating youth are Florida residents. In order to maintain continuity and quality, the department shall give preference to those youth organizations with which it has previously contracted for such services.

The department is specifically limited to an expenditure level of $2,000,000 for any contract with a single youth organization or for any group of contracts with two or more youth organizations that have the same registered agent or substantially similar officers and directors. The department shall not supplement these funds from any source in the absence of express legislative authority.

Funds provided in Specific Appropriation 1978C are contingent on federal grants being awarded. Should the amount awarded for each federal grant be less than the amount appropriated, funds shall be awarded in priority order for the individual projects as indicated in the Fiscal Year 2011-2012 Domestic Security Funding Request of the Domestic Security Oversight Board. Once federal funding is received and projects are funded in priority order, the Board may transfer funding between any of the funded projects. Funds may be allocated to projects

AGENCY FOR WORKFORCE INNOVATION

From the funds in Specific Appropriations 1984 through 2038, any expenditure from the Temporary Assistance for Needy Families (TANF) Block Grant must be expended in accordance with the requirements and limitations of Part A of Title IV of the Social Security Act, as amended, or any other applicable federal requirement or limitation. Before any funds are released by the Department of Children and Family Services, each provider shall identify the number of clients to be served and certify their eligibility under Part A of Title IV of the Social Security Act. Funds may not be released for services to any clients except those so identified and certified.

SECTION 6 - GENERAL GOVERNMENT
SPECIFIC
APPROPRIATION

The agency head or a designee shall certify that controls are in place to ensure that such funds are expended in accordance with the requirements and limitations of federal law and that reporting requirements of federal law are met. It shall be the responsibility of any entity to which such funds are appropriated to obtain the required certification prior to any expenditure of funds.

From the funds in Specific Appropriations 1984 through 2038, no federal or state funds shall be used to pay for space being leased by a Regional Workforce Board, Workforce Florida, Inc., or the Agency for Workforce Innovation if it has been determined by whichever entity is the lessee that there is no longer a need for the leased space. All leases, and performance and obligations under the leases, are subject to and contingent upon an annual appropriation by the Florida Legislature. In the event that such annual appropriation does not occur, or in the alternative, there is either a reduction in funding from the prior annual appropriation or the entity which is the lessee determines that the annual appropriation is insufficient to meet the requirements of the leases, then the lessee has the right to terminate the lease upon written notice by the lessee and the lessee shall have no further obligations under the contracts.

PROGRAM: WORKFORCE SERVICES

PROGRAM SUPPORT

From the funds in Specific Appropriation 2000 through 2010, it is the intent of the Legislature that the administration and delivery of workforce services and programs that are currently provided by agency employees working in One Stop Career Centers operated by the Regional Workforce Boards may be transferred from the Agency for Workforce Innovation to the Regional Workforce Boards. Such transfers shall only occur if the agency determines that the Regional Workforce Boards would more effectively and efficiently deliver services and if such transfers comply with applicable federal regulations. For all transfers made, the agency shall submit budget amendments pursuant to chapter 216, Florida Statutes, to move positions to the Executive Office of the Governor's reserve and realign the budget into the appropriate operating budget appropriation categories to implement the transfer of programs and service delivery to the Regional Workforce Boards.

From the funds in Specific Appropriations 2000 through 2010, the Agency for Workforce Innovation shall determine whether any funds provided for specific workforce programs, projects or initiatives are not an allowable use of federal funds. If the agency finds that any project or initiative for which funds are specifically appropriated in this act is not an allowable use of federal funds, the agency shall notify the Executive Office of the Governor, the chair of the Senate Committee on Budget and the chair of the House Appropriations Committee.

FROM WELFARE TRANSITION TRUST FUND . 79,012,178

Funds provided in Specific Appropriation 2006 from the Welfare Transition Trust Fund shall be allocated for workforce services based on a plan approved by Workforce Florida, Inc. The plan shall identify funds provided for state-level and discretionary initiatives, and shall maximize funds distributed directly to the Regional Workforce Boards. The plan shall provide for equitable distribution of funds to the boards based on anticipated client caseload and the achievement of performance standards. Copies of the proposed allocation shall be provided to the Governor's Office of Policy and Budget, the chair of the Senate Committee on Budget and the chair of the House Appropriations Committee.

From the funds in Specific Appropriation 2006, $9,997,271 from the Welfare Transition Trust Fund is contingent upon the Temporary Assistance for Needy Families Block Grant Supplemental Funds being received during Fiscal Year 2011-2012. In the event that the full amount of the Temporary Assistance for Needy Families Block Grant Supplemental Funds is not received, the release of authority shall be in direct proportion to the amount of funds received.

From the funds provided in Specific Appropriation 2006 from the Employment Security Administration Trust Fund, and allocated by Workforce Florida, Inc, or the Agency for Workforce Innovation to the regional workforce boards covering Baker, Clay, Duval, Nassau, Putnam and St. Johns counties (First Coast Workforce Development, Inc.), Orange, Osceola, Seminole, Lake, and Sumter counties (Workforce Central Florida), and Broward County (Workforce One), $1,000,000 shall be used by each of the three regional workforce boards to provide competitively-procured contracts for the purpose of providing year-round youth services to eligible low-income youth from disadvantaged neighborhoods. Special consideration shall be given to youth providers with established track records of providing services to low-income youth from disadvantaged neighborhoods.

From the funds provided in Specific Appropriation 2006, any expenditures by regional workforce boards for "outreach," "advertising," or "public relations" must have a direct program benefit and shall be spent in strict accordance with all applicable federal regulations and guidance. Costs of promotional items, including but not limited to capes, blankets, clothing, and memorabilia, including models, gifts, and souvenirs, which exceed $5,000 for outreach purposes must be approved prior to purchase by the Agency for Workforce Innovation.

No funds in Specific Appropriation 2006 may be used directly or indirectly to pay for meals, food, or beverages for board members, staff, or employees of regional workforce boards, Workforce Florida, Inc., or the Agency for Workforce Innovation except as expressly authorized by state law. Preapproved, reasonable, and necessary per diem allowances and travel expenses may be reimbursed. Such reimbursement shall be at the standard travel reimbursement rates established in section 112.061, Florida Statutes, and shall be in compliance with all applicable federal and state requirements. No funds in Specific Appropriation 2006 may be used for entertainment costs and recreational activities for board members and employees as these terms are defined in 2 C.F.R. part 230.

SECTION 6 - GENERAL GOVERNMENT
SPECIFIC
APPROPRIATION
No funds in Specific Appropriation 2006 may be used for any contract exceeding $25,000 between a regional workforce board and a member of that board that has any relationship with the contracting vendor, unless the contract has been reviewed by the Agency for Workforce Innovation and Workforce Florida, Inc.

From the Child Care and Development Block Grant Trust Fund in Specific Appropriation 2033, a minimum of $3,000,000 shall be used to enhance the quality of child care through the Teacher Education and Compensation Helps Program (T.E.A.C.H.).

From the funds in Specific Appropriation 2033 in the Welfare

SECTION 6 - GENERAL GOVERNMENT
SPECIFIC
APPROPRIATION

Transition Trust Fund, $1,400,000 from recurring funds is provided for the Home Instruction Program for Pre-School Youngsters (HIPPY).

Funds in Specific Appropriation 2033 from the Child Care and Development Block Grant Trust Fund may be used to provide a rate differential or stipend to programs which reach the Gold Seal Quality Care designation. The rate differential shall not exceed twenty percent of the reimbursement rate.

Funds in Specific Appropriation 2033 require a match from local sources for working poor eligible participants of six percent on child care slots. In-kind match is allowable provided there is not a reduction in the number of slots or level of services from the provision of in-kind match. The Agency for Workforce Innovation may adopt a policy to grant a waiver of the six percent match requirement to a rural county that demonstrates a significant hardship in meeting the match requirement. Progress towards meeting this requirement shall be monitored by the Agency for Workforce Innovation, and shall be considered satisfactorily attained if the six percent requirement is met on a statewide basis.

From the funds in Specific Appropriation 2033, the Agency for Workforce Innovation shall designate an amount to be used for the Child Care Executive Partnership Program, as defined in section 411.0102, Florida Statutes, as match to expand the provision of services to low income families at or below 200 percent of the federal poverty level. Funds for this program may be used to match funds for statewide contracts.

From the funds in Specific Appropriation 2033, $18,340,755 from the Welfare Transition Trust Fund and $11,887,136 from the Child Care Development Block Grant Trust Fund are contingent upon the Temporary Assistance for Needy Families Block Grant Supplemental Funds being received during Fiscal Year 2011-2012. In the event that the full amount of the Temporary Assistance for Needy Families Block Grant Supplemental Funds is not received, the release of authority shall be in direct proportion to the amount of funds received.

From the funds provided in Specific Appropriation 2033 from the Child Care and Development Block Grant Trust Fund, $5,000,000 is contingent upon the receipt of additional discretionary federal grant funds.

FROM PROFESSIONAL REGULATION TRUST FUND 899,080

2078 SPECIAL CATEGORIES
UNLICENSED ACTIVITIES
FROM PROFESSIONAL REGULATION TRUST FUND 700,050

From the funds in Specific Appropriation 2078, up to $285,000 from the Professional Regulation Trust Fund is provided to the Department of Business and Professional Regulation to prevent, combat, and publicize the dangers of unlicensed real estate activity in Florida. The department shall develop, implement, and maintain an unlicensed activity campaign in consultation with a corporation that is registered under chapter 617, Florida Statutes, as a not-for-profit corporation and qualified under the Internal Revenue Service Code as a 501(c)(6) corporation, and that represents the largest number of licensed Florida real estate professionals. The campaign shall encompass media production, advertising, and other techniques that the department may wish to utilize after first consulting with the not-for-profit corporation. Special emphasis shall be placed on the investigation and prosecution of unlicensed real estate activities. To further the purpose of the unlicensed activity campaign, the department shall be authorized to accept in-kind contributions of services, media production, or advertising materials from the not-for-profit corporation. Any advertising, media, or materials produced as a result of contributions shall carry acknowledgements of joint production and sponsorship. The department may not allocate overhead charges to these unlicensed activity campaign funds.

From the funds in Specific Appropriation 2078, up to $60,000 from the Professional Regulation Trust Fund is provided to the Department of Business and Professional Regulation to institute an unlicensed activity campaign for the purpose of informing and educating the public: (1) that public accounting is a regulated profession with requirements of licensure pursuant to chapter 473, Florida Statutes; (2) that some services provided by unlicensed individuals, although legal, are regulated when provided by a licensed Florida Certified Public Accountant; and (3) that certain

SECTION 6 - GENERAL GOVERNMENT
SPECIFIC
APPROPRIATION

services may only be performed by a licensed Florida Certified Public Accountant. The department shall develop the campaign in consultation with a corporation that is registered under chapter 617, Florida Statutes, as a not-for-profit corporation and qualified under the Internal Revenue Service Code as a 501(c)(6) corporation, and that represents the largest number of licensed Florida Certified Public Accountants. Any advertising, media, or materials produced as a result of contributions shall carry acknowledgements of joint production and sponsorship. The department may not allocate overhead charges to these unlicensed activity campaign funds.

From the funds in Specific Appropriation 2078, the Department of Business and Professional Regulation shall submit a report to the chair of the Senate Budget Committee and the chair of the House of Representatives Appropriations Committee by November 1, 2011, detailing the unlicensed activity functions performed by the department during Fiscal Year 2010-2011. The report shall contain a detailed breakout of activities, revenues, and expenditures by board and/or profession, and include any relevant information to indicate the department's compliance with section 455.2281, Florida Statutes.

OFFICE OF INSURANCE REGULATION

COMPLIANCE AND ENFORCEMENT - INSURANCE

From the funds in Specific Appropriations 2361 through 2370, the Office of Insurance Regulation shall submit a report that provides a detailed listing of all rate filings submitted during Fiscal Year 2010-2011 for personal lines property residential coverage. For each such filing, the report shall include: (1) the name of the company submitting the filing; (2) the date the filing was submitted to the Office of Insurance Regulation; (3) the overall rate change requested; (4) the name of the Office of Insurance Regulation actuary responsible for reviewing the filing; (5) the number of days from the date of the original submission to the final disposition of the rate filing; (6) whether the submitted filing was approved as submitted, approved at a different rate level, disapproved in its entirety, or found to be incomplete or withdrawn; (7) if a rate was approved, the overall rate level which was approved; (8) if the rate was denied; the specific basis for the denial; and (9) if a rate filing was withdrawn and resubmitted, it shall be identified as part of the initial rate filing for purposes of this report.

The report shall be submitted to the chairs of the Senate Budget Committee and the House of Representatives Appropriations Committee by September 1, 2011.

From funds provided in Specific Appropriation 2539 and 2538, $400,000 in non-recurring general revenue is appropriated to the Office of Program Policy Analysis and Government Accountability to contract for a study that shall review and make recommendations in all of the following areas:

1. The workload of the Supreme Court, separated by civil and criminal cases, and whether it could be enhanced through a more effective structure.
2. The case law output and administrative organization of the Supreme Court, in terms of both quality and efficiency.
3. The staffing of the Supreme Court, including number of staff at the Office of State Courts Administrator, functions, duties and efficiencies, and whether different staffing would be more effective.
4. The impact on case processing of restructuring the Supreme Court into a Criminal Division and a Civil Division.
5. The structure, function and effectiveness of the Judicial Nominating Commission in providing the best judicial candidates for Florida.
6. The structure, function and effectiveness of the Judicial Qualifications Commission in disciplining and reviewing the conduct of judges and justices.
7. The effectiveness of the judicial merit retention system in providing meaningful opportunity for voter review and evaluation of judicial performance

The Supreme Court shall cooperate with the party conducting the study in providing requested data on all relevant areas of internal Supreme Court operations. The party conducting the study shall evaluate the data, make selected audits of such data as necessary, and report to the Legislature regarding the accuracy of such data. The study shall be provided to the President of the Senate, Speaker of the House of Representatives, the Chief Justice of the Supreme Court and the Governor not later than December 15, 2011.

Appropriation 2566 in the event on-line sales are greater than the projected sales used to calculate the amount appropriated.

The Department of the Lottery is authorized to submit budget amendments in accordance with chapter 216, Florida Statutes, to increase Specific Appropriation 2566 to acquire up to 500 additional ticket terminals. Prior to the submission of any budget amendment that increases the size of the lottery retailer network, the Revenue Estimating Conference shall determine if sales will increase sufficiently to cover the cost of the machines, offset any losses to the existing network, and generate additional revenue that benefits the state. The budget amendments will be contingent upon the agency's submission of a plan that includes not only a positive Revenue Estimating Conference impact analysis, but also identifies the specific terminal needs and a plan for distribution of the additional terminals.

To improve vendor oversight and contract management, the department shall ensure that private prisons resolve any violations cited by the Department of Corrections related to security, infirmary, and contraband operations audits. The department must, through attrition of staff, hire managers and contract monitors with adult corrections expertise. The department must provide relevant training as recommended by the Department of Corrections to all current and future staff responsible for overseeing the private prisons, including training in prison safety and security procedures, inmate manipulation resistance, defensive tactics, and contraband detection and control.

The Division of Purchasing shall submit a business case plan as defined in section 287.0571, Florida Statutes, for the competitive solicitation of the state purchasing system (known as MyFloridaMarketPlace) by August 15, 2011. The plan shall include a detailed cost benefit analysis of options as defined in section 287.0571, Florida Statutes, as well as a transition plan in the event a new vendor is selected. Upon approval of the business case plan by the Legislative Budget Commission, the department shall competitively solicit a contract for operation of the state purchasing system pursuant to section 287.057, Florida Statutes.

From the funds provided in Specific Appropriation 2623, $223,638 and salary rate of 163,272 in the Purchasing Oversight account of the Operating Trust Fund shall be placed in reserve for the purpose of addressing a department reported shortage in salary rate and budget. The department is authorized to submit budget amendments for the release of salary rate and funds for review and approval by the Legislative Budget Commission in accordance with chapter 216, Florida Statutes. The budget amendments shall have a detailed plan of how salary rate and funds placed in reserve will be used, including, but not be limited to, title, position number, pay plan, amount of salary rate and budget, organizational placement, and the role and responsibilities for each position to be funded.

From the funds provided in Specific Appropriation 2623, three positions, $350,000, and salary rate of 271,658 shall be placed in reserve in the Purchasing Oversight account of the Operating Trust Fund. The department is authorized to submit budget amendments for the release of salary rate and funds for review and approval by the Legislative Budget Commission in accordance with chapter 216, Florida Statutes. The budget amendments shall have a detailed plan of how salary rate and funds placed in reserve will be used, including, but not be limited to, title, position number, pay plan, amount of salary rate and budget, organizational placement, and the role and responsibilities for each position to be funded.

PROGRAM: SOUTHWOOD SHARED RESOURCE CENTER

SOUTHWOOD SHARED RESOURCE CENTER

From the funds in Specific Appropriation 2707 through 2711, the Southwood Shared Resource Center (SSRC) shall implement the Plan for Standardization of Mainframe Software to Achieve Cost Savings and Operational Efficiencies that was submitted by the technical group comprised of subject matter experts from the SSRC and SSRC agency mainframe customers on November 1, 2010. If one of the affected agency mainframe customers is unable to comply with the implementation schedule that is included in the plan, the agency must submit a report to the Executive Office of the Governor, the chair of the Senate Budget Subcommittee on General Government Appropriations, and the chair of the House Government Operations Appropriations Subcommittee no later than August 1, 2011, explaining the specific issues preventing compliance and describing its plan and schedule for resolving the issues.

From funds in Specific Appropriations 2707 through 2711, the Southwood Shared Resource center shall develop a plan by December 31, 2011, to (1) consolidate the mainframe from the Department of Corrections with its existing mainframe platform and (2) standardize or replace existing mainframe software products to achieve cost savings and other operational efficiencies for mainframe services. In producing the plan, the SSRC shall identify specific software functions that can be performed more effectively through standardization or replacement, estimate the potential savings, and identify the timeframe for achieving the savings and other related benefits.

APPROPRIATION
FROM CHILD SUPPORT ENFORCEMENT APPLICATION AND PROGRAM REVENUE TRUST FUND 710,773
FROM FEDERAL GRANTS TRUST FUND . . . 22,887,554

From the funds in Specific Appropriation 2868, up to $85,000 from the Child Support Enforcement Application and Program Revenue Trust Fund and $165,000 from the Federal Grants Trust Fund may be used by the Department of Revenue to fund the child support guideline review, which will be conducted by the Office of Economic and Demographic Research. From the funds provided for this purpose, the department shall reimburse the Office of Economic and Demographic Research for contractual costs incurred to conduct the review of the child support guidelines schedule. The review is in accordance with the federal Family Support Act of 1988, to ensure appropriate determination of child support award amounts and shall include development of a percent-of-obligor income and/or modified percent-of-obligor income model for Florida and estimated cost-savings and benefits to citizens and other entities of the proposed model. A final report is due to the Governor, the President of the Senate, and the Speaker of the House of Representatives by November 1, 2011. The Office of Economic and Demographic Research may contract with a state university or a nationally recognized organization for the purpose of collecting and analyzing the economic data necessary for the review.

Funds in Specific Appropriation 2941 shall be distributed to county supervisors of elections to be used for election administration activities such as voter education; pollworker training; standardizing elections results reporting; or other federal election administrative activities as approved by the Department of State.

County supervisors of elections will receive funds only after providing the Department of State a detailed description of the programs that will be implemented. Funds distributed to county supervisors of elections require a certification from the county that matching funds will be provided in an amount equal to fifteen percent of the amount to be received from the state.

SECTION 6 - GENERAL GOVERNMENT
SPECIFIC
APPROPRIATION
To be eligible, a county must segregate federal funds and required county matching dollars in a separate account established to hold only such funds. Funds in this account must be used only for the activities for which the funds were received. Funds shall remain in the account to be used for the same purposes for subsequent years or until such funds are expended. Supervisors of elections shall report to the Department of State any unspent funds remaining at June 30, 2012.

SECTION 8. SALARY AND BENEFITS - FISCAL YEAR 2011-2012

Statement of Purpose:

This section provides instructions for implementing the Fiscal Year 2011-2012 salary and benefit adjustments provided in this act. All allocations, distributions and uses of these funds are to be made in strict accordance with the provisions of this act.

(1) EMPLOYEE AND OFFICER COMPENSATION

The elected officers, full-time members of commissions and designated employees shall be paid at the annual rate shown for the 2011-2012 fiscal year; however, these salaries may be reduced on a voluntary basis.

SECTION 8
SPECIFIC
APPROPRIATION

	7/1/11
Governor	$ 130,273
Lieutenant Governor	124,851
Chief Financial Officer	128,972
Attorney General	128,972
Agriculture, Commissioner of	128,972
Supreme Court Justice	157,976
Judges-District Courts of Appeal	150,077
Judges-Circuit Courts	142,178
Judges-County Courts	134,280
State Attorneys	150,077
Public Defenders	150,077
Commissioner-Public Service Commission	130,036
Public Employees Relations Commission Chair	95,789
Public Employees Relations Commission Commissioners	45,362
Commissioner - Parole and Probation	90,724
Criminal Conflict and Civil Regional Counsels	98,000

None of the officers, commission members, or employees whose salaries have been fixed in this section shall receive any supplemental salary or benefits from any county or municipality.

(2) BENEFITS: HEALTH, LIFE, AND DISABILITY INSURANCE

(a) State Life Insurance

For the coverage period July 1, 2011, through June 30, 2012, funds are provided in each agency's budget to continue paying the state share of the current State Life Insurance Program. The Department of Management Services shall continue the optional life insurance program based on premiums paid by employees only.

(b) State Disability Insurance

Funds are provided in each agency's budget to continue paying the state share of the current State Disability Insurance Program.

(c) State Health Insurance Plans and Benefits

1. For the period July 1, 2011, through June 30, 2012, the Department of Management Services shall continue within the State Group Insurance Program a State Group Health Insurance Standard Plan, a State Group Health Insurance High Deductible Health Plan, a State-contracted Health Maintenance Organization Standard Plan, and a State-contracted Health Maintenance Organization High Deductible Health Plan. The State-contracted Health Maintenance Organization High Deductible Health Plan may be offered by each of the Health Maintenance Organizations under contract with the Department of Management Services for the 2012 Plan Year.

2. For the period July 1, 2011, through June 30, 2012, the benefits provided under the State Group Health Insurance Standard Plan, the State Group Health Insurance High Deductible Health Plan, the State-contracted Health Maintenance Organization Standard Plan, and the State-contracted Health Maintenance Organization High Deductible Health Plan, as appropriate, shall be those benefits as provided in the current State Employees' PPO Plan Group Health Insurance Plan Booklet and Benefit Document, current Health Maintenance Organization contracts, and other such health insurance benefits as approved by the Legislature in subparagraph 3.

3. The State Group Health Insurance High Deductible Health Plan and the State-contracted Health Maintenance Organization High Deductible Health Plan shall continue to include an integrated Health Savings Account. Such plans and accounts shall be administered in accordance with the requirements and limitations of federal provisions relating to the Medicare Prescription Drug, Improvement, and Modernization Act of 2003. The state shall make a monthly contribution to an employee's health savings account as authorized in section 110.123(12), Florida Statutes.

(d) State Health Insurance Premiums for the Period July 1, 2011, through

SECTION 8
SPECIFIC
APPROPRIATION
June 30, 2012.

1. State Paid Premiums

a. Effective July 1, 2011, for the coverage period beginning August 1, 2011, the state share of the State Group Health Insurance Program premiums to the executive, legislative and judicial branch agencies shall continue at $499.80 per month for individual coverage and $1,063.34 per month for family coverage.

b. Funds are provided in each state agency and university's budget to continue paying the State Group Health Insurance Program premiums for the fiscal year.

c. The agencies shall continue to pay premiums on behalf of employees with enhanced benefits, including those employees participating in the Spouse Program in accordance with section 60P-2.0036, Florida Administrative Code, and those employees filling positions with "agency pay all status".

i. Effective July 1, 2011, for the coverage period beginning August 1, 2011, the state share of the State Group Health Insurance Premiums to the executive, legislative and judicial branch agencies for employees with enhanced benefits, excluding Spouse Program participants, shall continue at $541.46 per month for individual coverage and $1,213.34 per month for family coverage.

ii. Effective July 1, 2011, for the coverage period beginning August 1, 2011, the state share of the State Group Health Insurance Premiums to the executive, legislative, and judicial branch agencies for each employee participating in the Spouse Program shall be $606.68 per month for family coverage.

2. Premiums Paid by Employees

a. Effective July 1, 2011, for the coverage period beginning August 1, 2011, the employee's share of the health insurance premiums for the standard plans shall continue at $50 per month for individual coverage and $180 per month for family coverage.

b. Effective July 1, 2011, for the coverage period beginning August 1, 2011, the employee's share of the health insurance premium for the high deductible health plans shall continue at $15 per month for individual coverage and $64.30 per month for family coverage.

c. i. Effective July 1, 2011, for the coverage period beginning August 1, 2011, the employee's share of the health insurance premium for the standard plans and high deductible health plans shall continue to be $8.34 per month for individual coverage and $30 per month for family coverage. This subparagraph applies to those employees filling positions with "agency pay all" benefits.

ii. Effective July 1, 2011, for the coverage period beginning August 1, 2011, the employee's share of the health insurance premium for the standard plans and the high deductible health plans shall be $15 per month for each employee participating in the Spouse Program in accordance with section 60P-2.0036, Florida Administrative Code, either as a "spouse" or "dependent spouse."

3. Premiums Paid by Medicare Participants

a. Effective July 1, 2011, for the coverage period beginning August 1, 2011, the monthly premiums for Medicare participants participating in the State Group Health Insurance Standard Plan shall continue to be $305.82 for "one eligible", $881.80 for "one under/one over", and $611.64 for "both eligible."

b. Effective July 1, 2011, for the coverage period beginning August 1, 2011, the monthly premiums for Medicare participants participating in the State Group Health Insurance High Deductible Plan shall continue to be $230.52 for "one eligible", $722.16 for "one under/one over", and $461.04 for "both eligible."

c. Effective July 1, 2011, for the coverage period beginning August 1,

SECTION 8
SPECIFIC
APPROPRIATION
2011, the monthly premiums for Medicare participants enrolled in a State-contracted Health Maintenance Organization Standard Plan or a State-contracted Health Maintenance Organization High Deductible Health Plan shall be equal to the negotiated monthly premium for the selected State-contracted Health Maintenance Organization.

4. Premiums paid by "Early Retirees"

a. Effective July 1, 2011, for the coverage period beginning August 1, 2011, an "early retiree" participating in the State Group Health Insurance Standard plan shall pay a monthly premium equal to 100 percent of the total premium charged (state and employee contributions) for an active employee participating in the standard plan.

b. Effective July 1, 2011, for the coverage period beginning August 1, 2011, an "early retiree" participating in the State Group Health Insurance High Deductible Plan shall pay a monthly premium equal to $473.12 for single coverage and $1,044.32 for family coverage.

5. Premiums Paid by COBRA Participants

a. Effective July 1, 2011, for the coverage period beginning August 1, 2011, a COBRA participant participating in the State Group Health Insurance Program shall continue to pay a monthly premium equal to 102 percent of the total premium charged (state and employee contributions) for an active employee participating in the standard plan on July 1, 2011.

e) Under the State Employees' Prescription Drug Program, the following shall apply:

1. Supply limits shall continue as provided in section 110.12315, Florida Statutes.

2. For the period July 1, 2011, through June 30, 2012, co-payments for the State Group Health Insurance Standard Plan shall be as follows:

a. $7 co-payment for generic drugs with card;
b. $30 for preferred brand name drug with card;
c. $50 nonpreferred brand name drug with card;
d. $14 for generic mail order drug;
e. $60 for preferred brand name mail order drug;
f. $100 for nonpreferred brand name mail order drug.

3. For the period July 1, 2011, through June 30, 2012, coinsurance for the State Group Health Insurance High Deductible Plan shall continue as provided in section 112.12315(7), Florida Statutes.

4. Effective July 1, 2011, and notwithstanding the provisions of subparagraph 2, to the contrary, for the purpose of encouraging an individual to change from brand name drugs to generic drugs, the department may continue to waive co-payments for a six months supply of a generic statin or a generic proton pump inhibitor.

5. The Department of Management Services shall maintain the preferred brand name drug list to be used in the administration of the State Employees' Prescription Drug Program.

6. The Department of Management Services shall maintain a listing of certain maintenance drugs that must be filled through mail order. Effective July 1, 2011, those drugs on the list may be filled three times in a retail pharmacy; thereafter, any covered prescriptions must be filled through mail order.

(f) For the period July 1, 2011, through June 30, 2012, the co-payments and coinsurance for prescription drugs with state-contracted health maintenance organizations shall be identical to the copayments and coinsurance established under the State Employees' Prescription Drug Program.

(g) The HMO and PPO pharmacy plans shall provide coverage for smoking cessation prescription drugs; however, members shall be responsible for appropriate copayments and deductibles when applicable. The smoking cessation prescription drug benefit shall be limited to up to a six

SECTION 8
SPECIFIC
APPROPRIATION
month supply within any plan year and a maximum lifetime benefit of no more than nine months supplied.

(3) OTHER BENEFITS

(a) The following items shall be implemented in accordance with the provisions of this act and with the applicable negotiated collective bargaining agreement:

1. The state shall provide up to six (6) credit hours of tuition-free courses per term at a state university, state college or community college to full-time employees on a space available basis as authorized by law.

2. The state shall continue to reimburse, at current levels, for replacement of personal property.

3. The state shall continue to provide, at current levels, clothing allowances and uniform maintenance and shoe allowances.

4. Each state agency, at the discretion of the agency head, may expend funds provided in this act for bar dues and for legal education courses for employees who are required to be a member of the Florida Bar as a condition of employment.

(b) All state branches, departments, and agencies which have established or approved personnel policies for the payment of accumulated and unused annual leave, shall not provide payment which exceeds a maximum of 480 hours of actual payment to each employee for accumulated and unused annual leave.

(c) Upon termination of employees in the Senior Management Service, Selected Exempt Service, or positions with comparable benefits, payments for unused annual leave credits accrued on the member's last anniversary date shall be prorated at 1/12th of the last annual amount credited for each month, or portion thereof, worked subsequent to the member's last anniversary date.

(4) PAY ADDITIVES AND OTHER INCENTIVE PROGRAMS

The following pay additives and other incentive programs are authorized for the 2011-2012 fiscal year from existing agency resources consistent with provisions of sections 110.2035 and 216.251, Florida Statutes, the applicable administrative rules promulgated by the Department of Management Services, and negotiated collective bargaining agreements:

(a) Each agency is authorized to continue to pay, at the levels in effect on June 30, 2007, on-call fees and shift differentials as necessary to perform normal operations of the agency.

(b) Each agency that had a training program in existence on June 30, 2006, which included granting pay additives to participating employees, is authorized to continue such training program for the 2011-2012 fiscal year. Such additives shall be granted under the provisions of the law, administrative rules, and collective bargaining agreements.

(c) The Department of Corrections may continue to grant hazardous duty pay additives, as necessary, to those employees assigned to the Department of Corrections institutions' Rapid Response Teams (including the baton, shotgun, and chemical agent teams) and the Correctional Emergency Response Teams.

(d) The Fish and Wildlife Conservation Commission may continue to grant temporary special duty pay additives to law enforcement officers who perform additional duties as K-9 handlers, as regional recruiters/media coordinators and as breath test operators/inspectors.

(e) The Fish and Wildlife Conservation Commission and the Department of Highway Safety and Motor Vehicles are authorized to grant critical market pay additives to employees residing in and assigned to Lee County, Collier County, or Monroe County, at the levels that the employing agency granted salary increases for similar purposes prior to July 1, 2006. These pay additives shall be granted only during the time in which the employee resides in, and is assigned to duties within,

SECTION 8
SPECIFIC
APPROPRIATION
those counties. In no instance may the employee receive an adjustment to the employee's base rate of pay and a critical market pay additive based on the employee residing in and being assigned in the specified counties.

(f) The Department of Transportation is authorized to continue its training program for employees in the field of transportation engineering under the same guidelines established for the training program prior to June 30, 2006.

(g) The Department of Transportation is authorized to continue its training program for employees in the areas of right-of-way acquisition, relocation benefits administration, right-of-way property management, real estate appraisal, and business valuation under the same guidelines established for the training program prior to June 30, 2006.

(h) The Department of Transportation, or successor agency, is authorized to continue to grant a pay additive of $75 per pay period for law enforcement officers assigned to the Office of Motor Carrier Compliance who maintain certification by the Commercial Vehicle Safety Alliance.

(i) Each agency is authorized to continue to grant temporary special duties pay additives to employees assigned additional duties as a result of another employee being absent from work, pursuant to the Family Medical Leave Act or authorized military leave. The notification process described in section 110.2035(6)(c), Florida Statutes, does not apply to additives authorized in this paragraph.

j) Each agency is authorized to grant merit pay increases based on the employee's exemplary performance as evidenced by a performance evaluation conducted pursuant to chapter 60L-35, Florida Administrative Code, or a similar performance evaluation applicable to other pay plans.

(k) Contingent upon the availability of funds and at the agency head's discretion, each agency is authorized to grant a temporary special duties pay additive, of up to 15 percent of the employee's base rate of pay, to each employee temporarily deployed to a facility or area closed due to emergency conditions from another area of the state that is not closed.

5) COLLECTIVE BARGAINING

(a) All collective bargaining issues at impasse between the State of Florida and AFSCME Council 79, the Federation of Public Employees, the Federation of Physicians and Dentists, the Florida State Fire Service Association, the Police Benevolent Association, and the Florida Nurses Association relating to wages and other economic issues shall be resolved herein pursuant to the instructions provided under Item "(1) EMPLOYEE AND OFFICER COMPENSATION", Item "(3) OTHER BENEFITS", and Item "(4) PAY ADDITIVES AND OTHER INCENTIVE PROGRAMS."

(b) All collective bargaining issues at impasse between the State of Florida and AFSCME Council 79, the Federation of Public Employees, the Federation of Physicians and Dentists, the Florida State Fire Service Association, the Police Benevolent Association, and the Florida Nurses Association relating to insurance benefits shall be resolved herein pursuant to the instructions provided under Item "(2) BENEFITS: HEALTH, LIFE, AND DISABILITY INSURANCE" and the relevant provisions of any legislation enacted to implement this act.

SECTION 9. The unexpended balance or $2,400,000, whichever is less, from the funds provided in Specific Appropriation 20 of chapter 2010-152, Laws of Florida, for the University of North Florida Science & Humanities Building Phase II and the Disability Resource Center shall revert immediately and are appropriated to the University of North Florida for the Dining, Administrative and Academic Building.

SECTION 10. Pursuant to section 1010.62, Florida Statutes, and section 11(d) and (f), Art. VII of the State Constitution, the following fixed capital outlay projects may be constructed, acquired, and financed by a university or university direct support organization. Financing mechanisms include any form of approved debt or bonds authorized by the Board of Governors.

SECTION 10
SPECIFIC
APPROPRIATION
UF University Athletic Association (UAA) projects
FSU Research and Development Facility - Number Four
FSU Italian Study Center
FSU Free Electron Laser Laboratory
USF Tennis Complex
UCF Strategic Land and Property Purchase
UCF Brighthouse Networks Tower Expansion
UCF Academic Center
UCF Athletics Facilities Expansion
FIU Department of Health/FIU Public Health Building

SECTION 11. Pursuant to section 1013.74 and section 1013.78, Florida Statutes, the following facilities may be constructed or acquired from non-appropriated sources, which upon completion will require general revenue funds for operation.

UF - Minor Projects for UF Facilities
UF/HSC - Minor Projects for HSC Facilities
UF/IFAS - Minor Projects for IFAS Facilities
UF - Clinical Translational Research Building Expansion
FSU - Minor Projects for FSU Facilities
FSU - Free Electron Laser Laboratory
FSU - Fine Arts Research Building
FSU - School of Visual Arts Annex
FSU - College of Motion Picture/Telev./Recording Arts Studio
USF - Sun Dome Arena Renovation, Academic Classroom
USF - Center for Advanced Medical Learning & Simulation
USF - Dali Museum Acquisition
UWF - School of Allied Health & Life Sciences
UCF - MMAE Lab/Mechanical, Material & Aerospace Engineering
UCF - Pegasus Health
UCF - Biology Field Research Center
FIU - Mixed Use Auxiliary Building
FIU - Building #MB03 (former Miami Beach Women's Club)
NCF - Robertson Hall Renovation/Remodeling

SECTION 12. Pursuant to section 1013.40, Florida Statutes, the specified Florida College System colleges are authorized to acquire or construct the following facilities from non-PECO sources, which could require general revenue funds for operation and maintenance. If existing facilities are part of these projects, each such building or site must be certified to be free of asbestos or other hazardous materials before the stated college may acquire or expend construction funds on the facility. If the property to be acquired is not adjacent to an existing approved center or campus, then all necessary approvals from the State Board of Education must be received before any funds may be expended to acquire the property.

1. Brevard College - Construct Dental Clinic from local funds at the State Board of Education approved Cocoa Campus.

2. Brevard College - Construct STEM Annex Building from local funds at the State Board of Education approved Cocoa Campus.

3. Broward College - Acquire land/facilities and construct/remodel/renovate facilities of classrooms, labs, offices, support space and parking for the State Board of Education approved Cypress Creek Special Purpose Center.

4. Broward College - Acquire land/facilities and construct/remodel/renovate facilities of classrooms, labs, offices, support space and parking for the State Board of Education approved Southwest Broward Center.

5. Indian River State College - Acquire land/facilities and construct/remodel/renovate facilities of classrooms, labs, offices, support space and parking for the State Board of Education approved Main Campus.

6. Indian River State College - Acquire land/facilities and construct/remodel/renovate facilities of classrooms, labs, offices, support space and parking for the State Board of Education approved Chastain Center.

SECTION 12
SPECIFIC
APPROPRIATION
7. Indian River State College - Acquire land/facilities and construct/remodel/renovate facilities of classrooms, labs, offices, support space and parking for the State Board of Education approved Mueller Center.

8. State College of Florida, Manatee-Sarasota - Acquire land/facilities and construct/remodel, renovate facilities of classrooms, labs, offices, support space and parking for the State Board of Education approved Lakewood Ranch Center.

9. Miami Dade College - Acquire land/facilities and construct/remodel/renovate facilities of classrooms, labs, offices, support space and parking for the State Board of Education approved Hialeah Campus.

10. Miami Dade College - Acquire land/facilities and construct/remodel/renovate facilities of classrooms, labs, offices, support space and parking for the State Board of Education approved InterAmerican Campus.

11. Polk State College - Construct Chain of Lakes academic facility from local funds at the State Board of Education approved Winter Haven Campus.

12. St. Petersburg College - Acquire land/facilities and construct/remodel/renovate facilities of classrooms, labs, offices, support space and parking for the State Board of Education approved Clearwater Campus.

13. Santa Fe College - Construct Fine Arts Facility from local funds at the State Board of Education approved Northwest (Main) Campus.

14. Santa Fe College - Construct Bio Tech Lab Addition from local funds at the State Board of Education approved Perry (Alachua) Special Purpose Center.

15. Valencia College - Construct academic and support facilities from local funds at the State Board of Education approved Southeast Campus.

16. Valencia College - Construct Corporate Training Facility from local funds at the State Board of Education approved West Campus.

SECTION 13. The unexpended balance of funds provided to the Department of Education in Specific Appropriations 28 through 148 from the Federal Grants Trust Fund and the Federal Rehabilitation Trust Fund for grants funded by the American Recovery and Reinvestment Act of 2009 in chapter 2010-152, Laws of Florida, are hereby reverted and reappropriated for Fiscal Year 2011-2012 for the purpose of the original appropriation within the Department of Education. If it is determined that any entity designated to receive an appropriation from State Fiscal Stabilization Funds is ineligible to receive such funds in accordance with the American Recovery and Reinvestment Act of 2009, the Executive Office of the Governor may adjust allocations from state funds and State Fiscal Stabilization Funds among eligible recipients, based upon the recommendation of the Department of Education, or Board of Governors as appropriate, in a manner that ensures the combined total of state funds and State Fiscal Stabilization Funds remains consistent with the intent of the General Appropriations Act. Any such adjustments shall be subject to the notice and objection requirements of section 216.177, Florida Statutes.

SECTION 14. The unexpended balance or $12,000,000, whichever is less, of General Revenue funds provided in Section 33 of chapter 2010-155, Laws of Florida, for the Florida's Bright Futures Scholarship Program is hereby reverted.

SECTION 15. The unexpended balance of $14,096,091 of General Revenue funds provided in Specific Appropriation 79 of Chapter 2010-152, Laws of Florida, for Class Size Reduction is hereby reverted. This section is effective upon becoming a law.

SECTION 16. The unexpended balance of funds provided pursuant to budget amendment EOG #B2011-0146 for the Florida Education Finance Program (FEFP) Supplement for Education Jobs is hereby reverted and

SECTION 16
SPECIFIC
APPROPRIATION
reappropriated for Fiscal Year 2011-2012 to the Department of Education for the same purpose.

SECTION 17. The unexpended balance of funds provided pursuant to budget amendment EOG #B2011-0204 for Race to the Top Strategic Education Initiatives is hereby reverted and reappropriated for Fiscal Year 2011-2012 to the Department of Education for the same purpose.

SECTION 18. The unexpended balance of funds provided pursuant to budget amendment EOG #B2011-0203 for the Partnership for Assessment of Readiness for Colleges and Careers is hereby reverted and reappropriated for Fiscal Year 2011-2012 to the Department of Education for the same purpose.

SECTION 19. The unexpended balance of funds provided in Specific Appropriation 108 of chapter 2010-152, Laws of Florida, for Adult Basic Education Federal Flow-Through Funds is hereby reverted and reappropriated for Fiscal Year 2011-12 to the Department of Education for the same purpose. This section is effective upon becoming a law.

SECTION 20. There is appropriated $3,898,959 in nonrecurring funds from the Administrative Trust Fund to the Department of Education from Florida Comprehensive Assessment Test (FCAT) Liquidated Damages for the 2010-2011 Fiscal Year to be provided to public schools for costs associated with delayed FCAT results. This section is effective upon becoming law.

SECTION 21. The sum of $29,751,856 from general revenue funds provided in Specific Appropriations 242 and 259-269, of chapter 2010-152, Laws of Florida, shall revert immediately.

SECTION 22. The sum of $3,346,001 from general revenue funds provided in Specific Appropriations 310, 324, 340, and 373, of chapter 2010-152, Laws of Florida, shall revert immediately.

SECTION 23. The sum of $16,325,682 from general revenue funds provided in Specific Appropriations 395, 396, and 401, of chapter 2010-152, Laws of Florida, shall revert immediately.

SECTION 24. The sum of $693,982 from general revenue funds provided in Specific Appropriations 539, 563, and 564, of chapter 2010-152, Laws of Florida, shall revert immediately.

SECTION 25. There is appropriated to the Agency for Persons with Disabilities $29,704,026 in nonrecurring funds from the General Revenue Fund, $6,845,352 in nonrecurring funds from the Social Services Block Grant Trust Fund, and $129,742,863 in nonrecurring funds from the Operations and Maintenance Trust Fund to cover Fiscal Year 2010-2011 Home and Community Based Services Waiver costs. This section shall take effect upon becoming law.

SECTION 26. The unexpended balance of funds provided pursuant to Specific Appropriation 371 of chapter 2010-152, Laws of Florida, for the Homeless Prevention and Rapid Re-Housing Program in the American Recovery and Reinvestment Act of 2009 is hereby reverted and reappropriated for Fiscal Year 2011-2012 to the Department of Children and Family Services for the same purpose.

SECTION 27. There is appropriated $53,204 in nonrecurring funds from the General Revenue Fund to the Department of Health for the Jessie Trice Cancer Center for Fiscal Year 2010-11. This section shall take effect immediately upon becoming law.

SECTION 28. There is appropriated $34,015 in nonrecurring funds from the General Revenue Fund to the Department of Health for the S.W. Alachua County Primary and Community Health Care Clinic for Fiscal Year 2010-11. This section shall take effect immediately upon becoming law.

SECTION 29. The sum of $44,200,000 in nonrecurring funds from the General Revenue Fund is appropriated to the Clerks of Court Trust Fund within the Justice Administrative Commission. Specific Appropriation 813 of chapter 2010-152, Laws of Florida, is reduced by $5,900,000. Specific Appropriation 817 of chapter 2010-152, Laws of Florida, is reduced by $100,000. The Clerk of Court approved unit costs required

SECTION 29
SPECIFIC
APPROPRIATION
under section 28.36, Florida Statutes, for the Fiscal Year 2010-11 are contained in the document entitled "2010-2011 and 2011-2012 Clerk of Court Unit Cost Budgets" dated May 3, 2011, and on file with the Secretary of the Senate. This document is hereby incorporated by reference into the 2011-12 General Appropriations Act. This section is effective upon becoming law.

SECTION 30. The sum of $38,900,000 in nonrecurring funds from the General Revenue Fund is appropriated to the State Courts Revenue Trust Fund within the state court system. This section is effective upon becoming law.

SECTION 31. The nonrecurring sum of $750,000 from the Hotel and Restaurant Trust Fund shall be transferred by non-operating transfer from the Department of Business and Professional Regulation to the Office of Tourism, Trade and Economic Development, to contract with the Florida Restaurant and Lodging Association, Inc., to continue the tourism marketing campaign begun in 2010 in the aftermath of the Deepwater Horizon Oil Spill. This campaign shall be conducted throughout the state and the southeastern United States, pursuant to a plan approved and monitored by the office, for promoting tourism in those areas of the state affected by the oil spill and eliminating the damaging public perception stemming from that event.

SECTION 32. From the funds provided in Specific Appropriation 1741 of chapter 2007-72, Laws of Florida, to the Department of Environmental Protection for the implementation of projects identified in phase I of the Lake Okeechobee Protection Plan identified in section 373.4595(3)(b), Florida Statutes; the development of the Phase II Technical Plan identified in section 373.4595(3)(b), Florida Statutes; and the acquisition of lands needed for restoration, $17,955,000 shall revert immediately to the Save Our Everglades Trust Fund in the Department of Environmental Protection.

SECTION 33. Effective June 30, 2011, in order to prevent a trust fund deficit, the amount of funds provided in Specific Appropriation 1686B of chapter 2010-152, Laws of Florida, for transfer to the Florida Forever Trust Fund from the Water Management Lands Trust Fund necessary to be reduced in order to balance the trust fund shall revert immediately.

SECTION 34. The sums from unexpended funds in the Specific Appropriations\Laws of Florida listed, provided to the Department of Environmental Protection for the following beach projects shall revert immediately.

A. The sum of $263,659 from unexpended funds in Specific Appropriation 1834 of chapter 2007-72, Laws of Florida, provided to the Department of Environmental Protection for statewide beach projects.

B. The sum of $1,001,793 from unexpended funds in Specific Appropriation 1748 of chapter 2008-152, Laws of Florida, provided to the Department of Environmental Protection for statewide beach projects.

C. The sum of $23,214 from unexpended funds in Specific Appropriation 1695 of chapter 2009-81, Laws of Florida, provided to the Department of Environmental Protection for statewide beach projects.

D. The sum of $481,706 from unexpended funds in Specific Appropriation 1834 of chapter 2007-72, Laws of Florida, provided to the Department of Environmental Protection for South Lake Worth Inlet in the Beach Management Funding Assistance Program for the 2007-2008 fiscal year.

E. The sum of $1,000,000 from unexpended funds in Specific Appropriation 1748 of chapter 2008-152, Laws of Florida, provided to the Department of Environmental Protection for South Lake Worth Inlet in the Beach Management Funding Assistance Program for the 2008-2009 fiscal year.

F. The sum of $724,857 from unexpended funds in Specific Appropriation 1834 of chapter 2007-72, Laws of Florida, provided to the Department of Environmental Protection for Captiva/Sanibel Island Beach Nourishment in the Beach Management Funding Assistance Program for the 2007-2008 fiscal year.

G. The sum of $390,674 from unexpended funds in Specific Appropriation

SECTION 34
SPECIFIC
APPROPRIATION
1796 of chapter 2006-25, Laws of Florida, provided to the Department of Environmental Protection for Brevard County Beach Restoration (Mid-Reach) in the Beach Management Funding Assistance Program for the 2006-2007 fiscal year.

H. The sum of $7,841 from unexpended funds in Specific Appropriation 1696 of chapter 2005-70, Laws of Florida, provided to the Department of Environmental Protection for Collier County Beach Nourishment in the Beach Management Funding Assistance Program for the 2005-2006 fiscal year.

I. The sum of $292,234 from unexpended funds in Specific Appropriation 1834 of chapter 2007-72, Laws of Florida, provided to the Department of Environmental Protection for Collier County Beach Nourishment in the Beach Management Funding Assistance Program for the 2007-2008 fiscal year.

J. The sum of $511,083 from unexpended funds in Specific Appropriation 1834 of chapter 2007-72, Laws of Florida, provided to the Department of Environmental Protection for South Boca Raton Beach Nourishment Project in the Beach Management Funding Assistance Program for the 2007-2008 fiscal year.

K. The sum of $58,173 from unexpended funds in Specific Appropriation 1796 of chapter 2006-25, Laws of Florida, provided to the Department of Environmental Protection for Venice Beach Nourishment Project in the Beach Management Funding Assistance Program for the 2006-2007 fiscal year.

L. The sum of $1,266,283 from unexpended funds in Specific Appropriation 1796 of chapter 2006-25, Laws of Florida, provided to the Department of Environmental Protection for Perdido Key Beach Restoration Project in the Beach Management Funding Assistance Program for the 2006-2007 fiscal year.

M. The sum of $102,907 from unexpended funds in Specific Appropriation 1796 of chapter 2006-25, Laws of Florida, provided to the Department of Environmental Protection for Mid-town Beach Nourishment Project in the Beach Management Funding Assistance Program for the 2006-2007 fiscal year.

N. The sum of $39,842 from unexpended funds in Specific Appropriation 1796 of chapter 2006-25, Laws of Florida, provided to the Department of Environmental Protection for Mid-town Beach Nourishment Project in the Beach Management Funding Assistance Program for the 2006-2007 fiscal year.

O. The sum of $359,429 from unexpended funds in Specific Appropriation 1834 of chapter 2007-72, Laws of Florida, provided to the Department of Environmental Protection for Ft. Pierce Shore Protection Project in the Beach Management Funding Assistance Program for the 2007-2008 fiscal year.

P. The sum of $151,963 from unexpended funds in Specific Appropriation 1748 of chapter 2008-152, Laws of Florida, provided to the Department of Environmental Protection Ft. Pierce Shore Protection Project in the Beach Management Funding Assistance Program for the 2008-2009 fiscal year.

Q. The sum of $68,734 from unexpended funds in Specific Appropriation 1696 of chapter 2005-70, Laws of Florida, provided to the Department of Environmental Protection for South Siesta Key Beach Restoration in the Beach Management Funding Assistance Program for the 2005-2006 fiscal year.

R. The sum of $72,726 from unexpended funds in Specific Appropriation 1796 of chapter 2006-25, Laws of Florida, provided to the Department of Environmental Protection for South Siesta Key Beach Restoration in the Beach Management Funding Assistance Program for the 2006-2007 fiscal year.

S. The sum of $34,719 from unexpended funds in Specific Appropriation 1796 of chapter 2006-25, Laws of Florida, provided to the Department of Environmental Protection for South Siesta Key Beach Restoration in the

APPROPRIATION
Beach Management Funding Assistance Program for the 2006-2007 fiscal year.

T. The sum of $64,586 from unexpended funds in Specific Appropriation 1796 of chapter 2006-25, Laws of Florida, provided to the Department of Environmental Protection for South Brevard County Beach Restoration in the Beach Management Funding Assistance Program for the 2006-2007 fiscal year.

U. The sum of $370,885 from unexpended funds in Specific Appropriation 1834 of chapter 2007-72, Laws of Florida, provided to the Department of Environmental Protection for Brevard County North/South Reach Beach Restoration in the Beach Management Funding Assistance Program for the 2007-2008 fiscal year.

V. The sum of $76,834 from unexpended funds in Specific Appropriation 1696 of chapter 2005-70, Laws of Florida, provided to the Department of Environmental Protection for Hillsboro Beach PEMS Demonstration in the Beach Management Funding Assistance Program for the 2005-2006 fiscal year.

W. The sum of $118,898 from unexpended funds in Specific Appropriation 1796 of chapter 2006-25, Laws of Florida, provided to the Department of Environmental Protection for South Marco Island Beach Nourishment in the Beach Management Funding Assistance Program for the 2006-2007 fiscal year.

X. The sum of $768,334 from unexpended funds in Specific Appropriation 1796 of chapter 2006-25, Laws of Florida, provided to the Department of Environmental Protection for South End Palm Beach Restoration Reach 8 in the Beach Management Funding Assistance Program for the 2006-2007 fiscal year.

From the total sum of funds reverted from this section there is hereby appropriated $2,564,438 in nonrecurring funds from the General Revenue Fund and $5,686,935 in nonrecurring funds from the Ecosystem Management and Restoration Trust Fund for the purpose of providing funds to the Department of Environmental Protection's Beach Management Funding Assistance Program for Fiscal Year 2011-2012. These funds are in addition to the funds provided in Specific Appropriation 1653A.

All funds shall be allocated to the top 12 individual projects on the department's Beach Restoration and Nourishment Projects List. Additionally, pursuant to section 161.143(5)(a), Florida Statutes, 10 percent of the amount appropriated will be used for the three highest ranked projects on the department's separate inlet management list. Further, post-construction monitoring required by state and federal permits shall receive 10 percent of the total amount appropriated for beach nourishment projects in the order presented in the department's submission.

SECTION 35. The unexpended balance of funds appropriated in Specific Appropriation 2064A of Chapter 2004-268, Laws of Florida, from the General Revenue Fund, provided to the Department of Environmental Protection for the following water projects shall immediately revert.

Punta Gorda Wastewater Plant Deep Injection Wells..... 750,000

The Department of Environmental Protection shall terminate any grant agreement which authorizes the disbursement of such funds. This section shall take effect upon becoming law.

SECTION 36. The unexpended balance of funds appropriated in Specific Appropriation 1717A of Chapter 2005-70, Laws of Florida, from the Ecosystem Management and Restoration Trust Fund, provided to the Department of Environmental Protection for the following water projects shall immediately revert.

Loxahatchee Slough Pump Station Facilities..... 500,000
Stone Island Central Sewer System Expansion..... 582,975
Village of El Portal Seawall / Canal Bank Stabilization..... 575,000

The Department of Environmental Protection shall terminate any grant agreement which authorizes the disbursement of such funds. This section

SECTION 36
SPECIFIC
APPROPRIATION
shall take effect upon becoming law.

SECTION 37. The unexpended balance of funds appropriated in Specific Appropriation 1821 of Chapter 2006-25, Laws of Florida, from the Ecosystem Management and Restoration Trust Fund, provided to the Department of Environmental Protection for the following water projects shall immediately revert.

Canaveral - Northside Stormwater Management	1,000,000
Loxahatchee Slough Restoration (M-Canal Widening)	1,000,000
Opa-locka NW 128th St. Drainage Improvements	620,000
Spanish Creek Hydrologic Restoration	150,000
Stone Island Central Sewer System Expansion	100,000
Tampa - Dale Mabry (U.S. 92/S.R. 600) Flood Protections	500,000
Tsala Apopka Tussock Spoil Site Access	150,000
Wares Creek Maintenance / Navigational Dredging Project (Bradenton Contribution)	500,000

Plant City Eastside Canal Stormwater Management Master Plan	500,000
St. Johns County Sixteen Mile Creek Stormwater Treatment Facility	100,000

The Department of Environmental Protection shall terminate any grant agreement which authorizes the disbursement of such funds. This section shall take effect upon becoming law.

SECTION 40. The unexpended balance from Specific Appropriation 1772C of chapter 2008-152, Laws of Florida, provided to the Fort Myers East

SECTION 40
SPECIFIC
APPROPRIATION
Reclamation Facility in the amount of $500,000 from the Ecosystem Management and Restoration Trust Fund shall revert immediately and is reappropriated for Fiscal Year 2011-2012 to the City of Fort Myers Downtown Detention Basin project.

SECTION 41. The unexpended balance of budget authority granted to the Department of Environmental Protection in Fiscal Year 2010-11 and remaining on June 30, 2011, for the expenditure of funds paid by BP to Florida for Natural Resource Damage Assessment, shall revert on June 30, 2011, and such authority is hereby reappropriated from the Florida Coastal Protection Trust Fund effective July 1, 2011, for Fiscal Year 2011-2012.

SECTION 42. The unexpended balance of funds appropriated in Specific Appropriation 1821 of chapter 2006-25, Laws of Florida, for the Vernon Sewer System Upgrade provided to the Department of Environmental Protection, shall revert immediately and is appropriated for the 2011-2012 fiscal year for costs incurred prior to July 1, 2006, related to the project.

SECTION 43. There is hereby appropriated the nonrecurring sum of $250,000 from the Administrative Trust Fund in the Department of Financial Services for Fiscal Year 2010-2011. The Department of Financial Services shall use the funds to implement the contribution changes to the Florida Retirement System into the Florida Accounting Information Resource System. This section is effective upon becoming law.

SECTION 44. The unexpended balance of funds appropriated in sections 109 and 110, chapter 2010-152, Laws of Florida, provided to the Department of Financial Services, is hereby reverted and reappropriated for Fiscal Year 2011-2012 to the department for strengthening domestic security support by the State Fire Marshal.

SECTION 45. The unexpended balance of funds provided in Specific Appropriation 2182A of chapter 2010-152, Laws of Florida, and distributed to the Department of Financial Services in budget amendment EOG #B2011-0014 is hereby reverted and reappropriated for Fiscal Year 2011-2012 to the department for its original purpose.

SECTION 46. There is hereby appropriated $2,500,000 in nonrecurring funds from the State Risk Management Trust Fund in the Department of Financial Services for Fiscal Year 2010-2011. The Division of Risk Management shall use the funds for the purchase of excess insurance related to state buildings and facilities. This section shall take effect upon this act becoming law.

SECTION 47. The Board of Governors of the Citizens Property Insurance Corporation shall annually submit a copy its approved procurement policy to the Office of Insurance Regulation. The policy shall be submitted to the office no later than February 1 of each year.

SECTION 48. There is hereby appropriated $1,375,000 in nonrecurring funds from the Operating Trust Fund in the Department of the Lottery for Fiscal Year 2010-2011. The department shall use the funds for the online games contract. This section shall take effect upon this act becoming law.

SECTION 49. The unexpended balance of fixed capital outlay funds appropriated to the Department of Management Services in Specific Appropriation 2814A of chapter 2008-152, Laws of Florida, for construction of the First District Court of Appeal Courthouse shall immediately revert and be transferred to the Workers' Compensation Administration Trust Fund within the Department of Financial Services. This section shall take effect upon this act becoming law.

SECTION 50. The unexpended balance of funds provided to the Department of Management Services in line item 2182A of chapter 2010-152, Laws of Florida, for the Florida Interoperability Network Sustainment and Maintenance, and Mutual Aid Build-out, Reg. 5, Signaling, Software upgrade shall hereby revert and is reappropriated for Fiscal Year 2011-2012 to the department for the same purpose.

SECTION 51. The unexpended balance of funds provided to the Department

SECTION 51
SPECIFIC
APPROPRIATION
of Management Services in section 116 of chapter 2010-152, Laws of Florida, for the Florida Interoperability Network Grant Program shall hereby revert and is reappropriated for Fiscal Year 2011-2012 to the department for the same purpose.

SECTION 52. The unexpended balance of funds provided to the Department of Management Services in section 115 of chapter 2010-152, Laws of Florida, for the Public Safety Interoperability Communications Grant Program shall hereby revert and is reappropriated for Fiscal Year 2011-2012 to the department for the same purpose.

SECTION 53. The unexpended balance of funds provided to the Department of Management Services pursuant to budget amendment EOG #B2011-0027 for the Public Safety Interoperability Communications Grant Program shall hereby revert and is reappropriated for Fiscal Year 2011-2012 to the department for the same purpose.

SECTION 54. The sum of $2,000,000 from the unexpended balance of funds provided in Specific Appropriation 2243 of chapter 2010-152, Laws of Florida, from the Child Care and Development Block Grant Trust Fund for statewide quality enhancements shall revert immediately and is appropriated for Fiscal Year 2011-2012 to the Agency for Workforce Innovation for the same purpose.

SECTION 55. The unexpended balance of funds provided to the Agency for Workforce Innovation pursuant to budget amendments EOG #B2010-0029, EOG #B2010-0283 and EOG #B2010-0498 for the Early Learning Information System, and reverted and appropriated to the Agency for Workforce Innovation pursuant to Section 51 of chapter 2010-152, Laws of Florida, shall revert immediately and is appropriated for Fiscal Year 2011-2012 to the Agency for Workforce Innovation for the same purpose.

SECTION 56. The unexpended balance of funds provided to the Agency for Workforce Innovation pursuant to Specific Appropriation 2161C of chapter 2009-81, Laws of Florida, and reverted and appropriated to the Agency for Workforce Innovation pursuant to Section 54 of chapter 2010-152, Laws of Florida, shall revert immediately and is appropriated for Fiscal Year 2011-2012 to the Agency for Workforce Innovation for the same purpose.

SECTION 57. The unexpended balance of funds provided in Specific Appropriation 2248 of chapter 2010-152, Laws of Florida, and subsequently allocated and realigned by budget amendments EOG #B2011-0026, EOG #B2011-0344, EOG #B2011-0611, and EOG #B2011-0612 for the Early Learning Information System shall revert immediately and is appropriated for Fiscal Year 2011-2012 to the Agency for Workforce Innovation for the same purpose.

SECTION 58. The unexpended balance of funds provided to the Agency for Workforce Innovation pursuant to budget amendment EOG #B2011-0158 for the State Early Childhood Advisory Council shall revert immediately and is appropriated for Fiscal Year 2011-2012 to the Agency for Workforce Innovation for the same purpose.

SECTION 59. The unexpended balance of funds provided to the Agency for Workforce Innovation pursuant to budget amendment EOG #B2011-0085 for a National Emergency Grant for on-the-job training and other employment-related assistance activities, shall revert immediately and is appropriated for Fiscal Year 2011-2012 to the Agency for Workforce Innovation for the same purpose.

SECTION 60. The unexpended balance of funds provided to the Agency for Workforce Innovation pursuant to budget amendment EOG #B2011-0086 for an American Recovery and Reinvestment Act (ARRA) of 2009 grant award to conduct a Health Care Pilot project on improving the health care awareness of farm workers through training and outreach, shall revert immediately and is appropriated for Fiscal Year 2011-2012 to the Agency for Workforce Innovation for the same purpose.

SECTION 61. The unexpended balance of funds provided to the Agency for Workforce Innovation pursuant to budget amendment EOG #B2011-0090 for a National Emergency Grant to respond to workers in Florida dislocated as a result of the Deepwater Horizon Oil Spill shall revert immediately and is appropriated for Fiscal Year 2011-2012 to the Agency for Workforce Innovation for the same purpose.

SECTION 61
SPECIFIC
APPROPRIATION
Innovation for the same purpose.

SECTION 62. The unexpended balance of funds provided in Specific Appropriation 2226 of chapter 2010-152, Laws of Florida, and subsequently allocated by budget amendments EOG #B2011-0025, EOG #B2011-0154, EOG #B2011-0345, and EOG #B2011-0610, and funds remaining unallocated in that specific appropriation, for the Unemployment Compensation Claims and Benefits Replacement Project shall revert immediately and is appropriated for Fiscal Year 2011-2012 to the Agency for Workforce Innovation for the same purpose.

SECTION 63. The unexpended balance of funds provided in Specific Appropriation 1615A of Chapter 2010-152, Laws of Florida shall revert immediately and is appropriated for Fiscal Year 2011-2012 for operational services of the Regional Hurricane Shelter/Community Health Center, Pasco County.

SECTION 64. The unexpended balance of funds provided in Section 64 of Chapter 2010-152, Laws of Florida, (which funds were originally appropriated in Specific Appropriation 1540A of Chapter 2008-152, Laws of Florida) shall revert immediately and is appropriated for Fiscal Year 2011-2012 for the nonrecurring operational needs of the Regional Hurricane Shelter/Community Health Center, Pasco County.

SECTION 65. The unexpended balance of funds provided to the Department of Community Affairs, Division of Emergency Management for domestic security projects in Specific Appropriation 2182A of Chapter 2010-152, Law of Florida, and subsequently distributed to the Department of Community Affairs, Division of Emergency Management pursuant to budget amendment EOG #B2011-0014 and the unexpended balance of funds provided to the Department of Community Affairs, Division of Emergency Management pursuant to Section 63 of Chapter 2010-152, Laws of Florida shall revert immediately and is appropriated Fiscal Year 2011-2012 to the Department of Community Affairs, Division of Emergency Management for the same purpose. The agency is authorized to reallocate appropriations between any of the funded projects approved by the Domestic Security Oversight Council.

SECTION 66. The unexpended balance of funds provided to the Department of Community Affairs, Division of Emergency Management in Specific Appropriation 1572 of Chapter 2010-152 Laws of Florida and subsequently distributed to the Department of Community Affairs, Division of Emergency Management pursuant to budget amendments EOG #B2011-0030 and EOG #B2011-0492 and the unexpended balance of funds provided to the Department of Community Affairs, Division of Emergency Management pursuant to budget amendment EOG #B2011-0355 and Section 67 of chapter 2010-152, Laws of Florida, shall revert immediately and is appropriated for Fiscal Year 2011-2012 to the Department of Community Affairs, Division of Emergency Management for the same purpose.

SECTION 67. The sum of $663,973 from the unexpended balance of funds at the Florida Housing Finance Corporation shall be returned to the General Revenue Fund to satisfy the Florida Housing Finance Corporation's outstanding obligation, as of December 31, 2010, to pay the service charge to general revenue pursuant to section 420.5061, Florida Statutes.

SECTION 68. The sum of $6,100,000 in nonrecurring funds is appropriated in the Grants and Aids - Public Safety Enhancements Category from the Highway Safety Operating Trust Fund in the Department of Highway Safety and Motor Vehicles for Fiscal Year 2010-2011 for the purpose of funding a federal grant from the National Highway Traffic Safety Administration through the Florida Department of Transportation. This section shall become effective upon becoming law.

SECTION 69. The unexpended balance of funds appropriated in Section 76 of chapter 2010-152, Laws of Florida, to the Tampa Bay Area Regional Transportation Authority shall revert immediately and is appropriated in Fiscal Year 2011-2012 for the same purpose.

SECTION 70. The unexpended balance of funds provided pursuant to chapter 2010-152, section 78, Laws of Florida, and approved budget amendment: EOG #2009-0082, dated April 15, 2009, for the Transportation Infrastructure - American Recovery and Reinvestment Act of 2009 (088825)

SECTION 70
SPECIFIC
APPROPRIATION
appropriation category in the Department of Transportation, shall revert immediately and is appropriated for Fiscal Year 2011-2012 to the department for the same purpose.

SECTION 71. From the funds appropriated in Specific Appropriation 2125 of chapter 2010-152, Laws of Florida, for the Office of Tourism, Trade and Economic Development for Transportation Projects, and approved budget amendment EOG #2010-W0034, $20,000,000 shall revert immediately and is appropriated to the Department of Transportation from the State Transportation Trust Fund for the purpose of funding work program transportation projects.

SECTION 72. The unexpended balance of funds provided in Specific Appropriation 2182B of Chapter 2010-153, Laws of Florida, shall revert and is reappropriated for Fiscal Year 2011-2012. Funds may be released by the Legislative Budget Commission, pursuant to notice and review provisions in section 216.177, Florida Statutes, to adjust agency data processing categories in accordance with revised utilization estimates associated with consolidations of enterprise information technology resources into primary data centers.

SECTION 73. The unexpended balance of funds appropriated pursuant to Chapter 2010-282, Laws of Florida to the Florida Energy and Climate Commission remaining unspent on June 30, 2011, for the Florida Energy STAR Residential HVAC Rebate Program and the Solar Energy Incentives Program, is reverted and is appropriated for the 2011-12 fiscal year to the Commission for the purpose of the original appropriation.

SECTION 74. The unexpended balance of funds provided to the Agency for Enterprise Information Technology in Specific Appropriation 2174A of Chapter 2008-152, Laws of Florida, for the Information Security Planning Session-sustainment, and the Sustainment Costs for Monitoring Center and Security Tools, and subsequently allocated by budget amendment EOG #B2009-0014 in the 2008-2009 fiscal year; and reverted and appropriated to the Agency for Enterprise Information Technology in the 2009-2010 fiscal year pursuant to Section 83 of Chapter 2009-081, Laws of Florida; and reverted and appropriated to the Agency for Enterprise Information Technology in the 2010-11 fiscal year pursuant to Section 131 of Chapter 2010-152, Laws of Florida, is hereby reverted and is appropriated for the 2011-2012 fiscal year to the Agency for Enterprise Information Technology for the same purpose.

SECTION 75. The unexpended balance of funds provided to the Agency for Enterprise Information Technology in Specific Appropriation 2096A of Chapter 2009-81, Laws of Florida, for the Sustainment Costs for Monitoring Center and Security Tools, and Information Technology Security Incident Response Program, and subsequently allocated by budget amendment EOG #B2010-0014, ; and reverted and appropriated to the Agency for Enterprise Information Technology in the 2010-11 fiscal year pursuant to Section 132 of Chapter 2010-152, Laws of Florida is hereby reverted and is appropriated for the 2011-2012 fiscal year to the Agency for Enterprise Information Technology for the same purpose.

SECTION 76. The Legislature hereby adopts by reference the changes to the approved operating budget as set forth in Budget Amendment EOG #B2011-0599 as submitted on April 15, 2011, by the Governor on behalf of the Agency for Health Care Administration and the Department of Elder Affairs for approval by the Legislative Budget Commission. The Governor shall modify the approved operating budget for Fiscal Year 2010-2011 consistent with the amendment. This section is effective upon becoming law.

SECTION 77. The Legislature hereby adopts by reference the changes to the approved operating budget as set forth in Budget Amendment EOG #B2011-0591 as submitted on April 12, 2011, by the Governor on behalf of the Agency for Health Care Administration for approval by the Legislative Budget Commission. The Governor shall modify the approved operating budget for Fiscal Year 2010-2011 consistent with the amendment. This section is effective upon becoming law.

SECTION 78. The Legislature hereby adopts by reference the changes to the approved operating budget as set forth in Budget Amendment EOG #B2011-0606 as submitted on April 19, 2011, by the Governor on behalf of the Agency for Health Care Administration for approval by the

The Governor shall modify the approved operating budget for Fiscal Year 2010-2011 consistent with the amendment. This section is effective upon becoming law.

SECTION 98. The Legislature hereby adopts by reference the changes to the approved operating budget as set forth in Budget Amendment EOG #B2011-0364 as submitted on March 2, 2011, by the Governor on behalf of the Department of Health for approval by the Legislative Budget Commission. The Governor shall modify the approved operating budget for Fiscal Year 2010-2011 consistent with the amendment. This section is effective upon becoming law.

SECTION 99. The Legislature hereby adopts by reference the changes to the approved operating budget as set forth in Budget Amendment EOG #B2011-0452 as submitted on March 2, 2011, by the Governor on behalf of the Department of Health for approval by the Legislative Budget Commission. The Governor shall modify the approved operating budget for Fiscal Year 2010-2011 consistent with the amendment. This section is effective upon becoming law.

SECTION 100. The Legislature hereby adopts by reference the changes to the approved operating budget as set forth in Budget Amendment EOG #B2011-0592 as submitted on March 2, 2011, by the Governor on behalf of the Department of Health for approval by the Legislative Budget Commission. The Governor shall modify the approved operating budget for Fiscal Year 2010-2011 consistent with the amendment. This section is effective upon becoming law.

SECTION 101. Specific Appropriation 785C of chapter 2010-152, Laws of Florida, is reduced by $1,129,712. Specific Appropriation 786B of chapter 2010-152, Laws of Florida, is reduced by $1,345,456. Specific Appropriation 786F of chapter 2010-152, Laws of Florida, is reduced by $2,500,992. Specific Appropriation 786G of chapter 2010-152, Laws of Florida, is reduced by $2,948,445. Specific Appropriation 786I of chapter 2010-152, Laws of Florida, is reduced by $952,054. Specific Appropriation 787A of chapter 2010-152, Laws of Florida, is reduced by $211,940. The sum of $952,054 in general revenue is appropriated to the Justice Administrative Commission for Child Dependency and Civil Conflict Case Costs in fiscal year 2010-2011. The sum of $8,136,545 in general revenue is appropriated to the Justice Administrative Commission for Criminal Conflict Case Costs in fiscal year 2010-2011. This section is effective upon becoming law.

SECTION 102. The Legislature hereby adopts by reference the changes to the approved operating budget as set forth in Budget Amendments EOG #B2011-0413 as submitted on March 2, 2011, by the Governor on behalf of the Department of Juvenile Justice for approval by the Legislative Budget Commission. The Governor shall modify the approved operating budget for Fiscal Year 2010-2011 consistent with the amendment. This section is effective upon becoming law.

SECTION 103. The unexpended balance of funds appropriated for domestic security and American Recovery and Reinvestment Act of 2009 issues in section 122, 124, 125, 126, and 127 of chapter 2010-152, Laws of Florida, and subsequently distributed to the Department of Law Enforcement pursuant to EOG #B2011-0005, is hereby reverted and reappropriated for Fiscal Year 2011-2012 for the purpose of the original appropriation within the Department of Law Enforcement.

SECTION 104. The unexpended balance of funds provided to the Department of Law Enforcement for domestic security issues in Specific Appropriation 2182A of chapter 2010-152, Laws of Florida, and subsequently distributed to the Department of Law Enforcement pursuant to budget amendment EOG #B2011-0014, is hereby reverted and reappropriated for Fiscal Year 2011-12 for the purpose of the original appropriation within the Department of Law Enforcement.

SECTION 105. The Legislature hereby adopts by reference the changes to the approved operating budget as set forth in Budget Amendment EOG #B2011-0279 as submitted on March 2, 2011, by the Governor on behalf of

SECTION 105
SPECIFIC
APPROPRIATION
the Department of Law Enforcement for approval by the Legislative Budget Commission. The Governor shall modify the approved operating budget for Fiscal Year 2010-2011 consistent with the amendment. This section is effective upon becoming law.

The sum of $913,500 is appropriated from the Federal Grants Trust Fund to the Florida Department of Law Enforcement in the Law Enforcement Standards Compliance budget entity to ensure accuracy and scientific reliability of evidentiary breath tests associated with the department's Alcohol Testing Program as provided in Chapters 316, 322 and 327, F.S. This section will take effect immediately upon becoming law and any unexpended balance will revert and be reappropriated for FY 2011-2012.

SECTION 106. The Legislature hereby adopts by reference the changes to the approved operating budget as set forth in Budget Amendment EOG #B2011-0423 as submitted on March 2, 2011, by the Governor on behalf of the Department of Revenue for approval by the Legislative Budget Commission. The Governor shall modify the approved operating budget for Fiscal Year 2010-2011 consistent with the amendment. This section is effective upon becoming law.

SECTION 107. The Legislature hereby adopts by reference the changes to the approved operating budget as set forth in Budget Amendment EOG #B2011-0466 as submitted on March 2, 2011, by the Governor on behalf of the Department of Revenue for approval by the Legislative Budget Commission. The Governor shall modify the approved operating budget for Fiscal Year 2010-2011 consistent with the amendment. This section is effective upon becoming law.

SECTION 108. The Legislature hereby adopts by reference the changes to the approved operating budget as set forth in Budget Amendment EOG #B2011-0479 as submitted on March 2, 2011, by the Governor on behalf of the Department of Revenue for approval by the Legislative Budget Commission. The Governor shall modify the approved operating budget for Fiscal Year 2010-2011 consistent with the amendment. This section is effective upon becoming law.

SECTION 109. The Legislature hereby adopts by reference Budget Amendment EOG #02011-0079 as submitted on March 2, 2011, by the Governor on behalf of the Department of Transportation for approval by the Legislative Budget Commission. The department is authorized to award a department employee $5,000 in accordance with the savings sharing programs authorized in section 110.1245, Florida Statutes.

SECTION 110. Pursuant to section 215.32(2)(b)4.a., Florida Statutes, $528,631,109 from the unobligated cash balance amounts specified from the following trust funds shall be transferred as designated for Fiscal Year 2011-12:

$378,631,109 to be transferred to the General Revenue Fund:

AGENCY FOR HEALTH CARE ADMINISTRATION

MOTIONS

On motion by Senator Thrasher, the rules were waived and time of recess was extended until 11:59 p.m.

By direction of the President the following Conference Committee Report was read:

CONFERENCE COMMITTEE REPORT ON SB 2002

The Honorable Mike Haridopolos May 5, 2011
President of the Senate

The Honorable Dean Cannon
Speaker, House of Representatives

Dear Mr. President and Mr. Speaker:

Your Conference Committee on the disagreeing votes of the two houses on SB 2002, same being:

An act implementing the 2011-2012 General Appropriations Act.

having met, and after full and free conference, do recommend to their respective houses as follows:

1. That the House of Representatives recede from its Amendment 1.
2. That the Senate and House of Representatives adopt the Conference Committee Amendment attached hereto, and by reference made a part of this report.

Managers on the part of the House

The Conference Committee Amendment for SB 2002, 1st Eng., implementing the 2011-2012 General Appropriations Act, provides for the following:

• INTENT. This section provides legislative intent that the implementing and administering provisions of this act apply to the General Appropriations Act for Fiscal Year 2011-12.

• FEFP. Incorporates Florida Education Finance Program workpapers by reference for the purpose of displaying the calculations used by the Legislature.

• EDUCATION FCO. Amends s. 216.292 to authorize transfer of unused Fixed Capital Outlay appropriations from one public schools category to another.

• EDUCATION/READY TO WORK. Authorizes funds from the Workers' Compensation Administration Trust Fund to be used for the Ready to Work Program.

• EDUCATION/CARRY FORWARD. Authorizes a university board of trustees to expend reserve or carry-forward balances from prior year operational and programmatic appropriations on legis-

latively approved fixed capital outlay projects authorized for the establishment of a new campus.

• DEPARTMENT OF CHILDREN AND FAMILY SERVICES/ FORENSIC MENTAL HEALTH. Amends s. 394.908, F.S. to authorize the Department of Children and Families to allocate funds appropriated for forensic mental health treatment services to the areas of the state with the greatest service demand and capacity.

• DEPARTMENT OF HEALTH/NITROGEN. Provides requirements to govern the completion of Phases 2 and 3 of the Department of Health's Florida Onsite Sewage Nitrogen Strategies Study. Prohibits state agencies from implementing regulations with higher standards than those currently in place until Phase 2 and Phase 3 of the department's Florida Onsite Sewage Nitrogen Reduction Strategies Study is completed.

• DEPARTMENT OF CHILDREN AND FAMILY SERVICES/ORGANIZATIONAL FLEXIBILITY. Amends Section 1, ch. 2007-174, Laws of Florida, to extend for one year the repeal date of language that provides the Department of Children and Families flexibility in its organizational structure.

• FAMU CRESTVIEW CENTER. Provides authority for the Department of Health to transfer funding to the Florida Agricultural and Mechanical University for the Crestview Center through the budget amendment process.

• MEDICAID HOSPITAL REIMBURSEMENT PLAN. Adopts by reference the document used to display the calculations used by the Legislature in making appropriations for the Low Income Pool, Disproportionate Share Hospital, and Hospital Exemptions Programs.

• MEDICAID PROGRAM HOSPITAL INPATIENT AND OUTPATIENT PROVISO. Amends the third and tenth paragraphs of proviso in Specific Appropriation 177 and the second paragraph of proviso of Specific Appropriation 182 of the 2011-2012 General Appropriations Act.

• ONSITE SEWAGE DISPOSAL SYSTEMS. Prohibits the Department of Health from implementing the onsite sewage treatment and disposal program described in s. 381.0065, Florida Statutes, until the department submits a plan to the Legislative Budget Commission and the plan is approved.

• DOC/DJJ/IMPACT COSTS PAID TO LOCAL GOVT. Provides that the Department of Corrections and the Department of Juvenile Justice may expend appropriated funds to assist in defraying the costs of impacts incurred by a municipality or county and associated with opening or operating a facility under the authority of the respective department which is located within that municipality or county. The amount that is to be paid under this section for any facility may not exceed 1 percent of the facility construction cost, less building impact fees imposed by the municipality or by the county if the facility is located in the unincorporated portion of the county.

• DOC/CJIC ESTIMATE/NEW POSITIONS AND FUNDING. Amends s. 216.262, F.S. to allow the Executive Office of the Governor to request additional positions and appropriations from unallocated general revenue during the 2011-2012 fiscal year for the Department of Corrections if the actual inmate population of the department exceeds the inmate population projections of the February 2011 Criminal Justice Estimating Conference by 1 percent for 2 consecutive months or 2 percent for any month. The additional positions and appropriations must be approved by the Legislative Budget Commission.

• DLA/PAY SALARIES WITH EXCESS CASH. Authorizes the Department of Legal Affairs to transfer cash remaining after required disbursements from specified Attorney General cases to the Operating Trust Fund to pay salaries and benefits.

• DEPARTMENT OF LEGAL AFFAIRS. Authorizes DLA to expend appropriated funds in those specific appropriations on the same programs that were funded by the department pursuant to specific appropriations made in general appropriations acts in prior years.

• MUNICIPALITIES/REPAY GEN. FUND. Amends s. 932.7055, F.S. to extend for another year the authorization for a municipality to expend funds in a special law enforcement trust fund to reimburse the general fund of the municipality for moneys advanced from the general fund to the special law enforcement trust fund prior to October 1, 2001.

• DJJ/MEDICARE RATES. Provides limitation on DJJ reimbursements for health care services to 110 percent of Medicare allowable rates.

• COURT TRUST FUND REPAYMENT. Provides that the state court system is relieved of loan repayment obligations made from Mediation and Arbitration and Court Education Trust Fund during 2010-11 FY

• STATE COURTS REVENUE TF/LOAN REQUEST. Authorizes Chief Justice to secure a trust fund loan during the 2011-12 FY if revenues are insufficient in the State Courts Revenue Trust Fund to fund appropriations.

• CLERK TRUST FUND. Notwithstanding section 28.2455, F.S., to allow funds remaining in the Clerks of Court Trust Fund to be available for clerks of court for fiscal year 2011-2012 expenditures

• COUNTY COURT FUNDING. Amends s. 29.008, F.S. to provide that counties are exempt from the requirement to increase expenditures by 1.5 percent for court-related functions.

• STATE AGENCY LAW ENFORCEMENT RADIO SYSTEM. Provides that funds from the State Agency Law Enforcement Radio System Trust Fund may be used by the Department of Management Services to fund mutual aid build out maintenance and sustainment.

• FLORIDA CATASTROPHIC STORM RISK MANAGEMENT CENTER. Provides for a study of factors affecting costs and availability, of property and casualty insurance in Florida.

• MYFLORIDA.COM PORTAL. Authorizes the Department of Management Services to use interest earnings from the Communications Working Capital Trust Fund as the funding source for its responsibilities related to the MyFlorida.com portal.

• CITRUS ADVERTISING TRUST FUND. Amends s. 253.034., F.S., to provide that funds derived from the sale of property by the Department of Citrus located in Lakeland, Florida, are authorized to be deposited into the Citrus Advertising Trust Fund.

• CITRUS BOX TAX RATE. Limits the tax on grapefruit, tangerines, and fresh oranges at the rate in effect on May 1, 2011; the tax rate on oranges in processed form shall not exceed 25 cents per box.

• CITRUS COMMISSION EXECUTIVE DIRECTOR TERM. Provides that the Executive Director of the Citrus Commission shall serve a 4-year term, except for the initial term of the Executive Director shall end on June 30, 2011.

• LAND ACQUISITION TRUST FUND. Allows revenues from the trust fund to be used for Total Maximum Daily Loads programs within the Department of Environmental Protection.

• WATER MANAGEMENT LANDS TRUST FUND. Provides for the allocation of moneys from the Water Management Lands Trust Fund to pay debt service on bonds issued before 2/1/09, by the South Water Management District and the St. Johns Water Management District; continues to provide for $8M to be transferred to the General Revenue Fund; and provides the remaining funds be distributed to the Suwannee River Water Management District, of which $500,000 may be used for minimum flows and levels.

• ECOSYSTEM MANAGEMENT AND RESTORATION TRUST FUND/BEACHES. Authorizes the use of revenues in the Ecosystem Management and Restoration Trust Fund for funding of activities to preserve and repair the state's beaches.

• DACS for GITF SPENDING FOR CH. 570 PROGRAMS. Amends s. 570.20, F.S., to extend for another year the authorization for funds in the General Inspection Trust Fund of the Department of Agriculture and Consumer Services to be appropriated for programs operated by the department which are related to the programs authorized by chapter 570, F.S.

• DEP/WASTE TIRE/LITTER. Requires the Department of Environmental Protection to award $2,400,000 of grant funds equally to counties having populations of fewer than 100,000 for waste tire, litter prevention, recycling and education, and general solid waste programs.

• DACS for AGRICULTURE PROMOTION CONTRACTS. Provides that, notwithstanding s. 287.057, F.S., (governing procurement of commodities or contractual services), the Department of Agriculture and Consumer Services, at its discretion, is authorized to extend, revise, and renew current contracts or agreements created or entered into, pursuant to chapter 2006-25, Laws of Florida (the 2006-2007 GAA), in order to provide consistency and continuity in agriculture promotion throughout the state.

• STATE OWNED LANDS. Provides that the acquisition and disposition of state-owned lands are exempt from appraisal requirements if the proceeds of such conveyance will be used to purchase state-owned lands for preservation, conservation, and recreation purposes. Requires agencies to submit a list of state-owned lands to Board of Trustees of the Internal Improvement Trust Fund that are available for lease or are surplus lands. Proceeds from the sale of such lands will be deposited into the Florida Forever Trust Fund and used to acquire state-owned lands for preservation, conservation, or recreation purposes.

• FEDERAL GRANTS TRUST FUND. Amends s. 379.204, F.S. to authorize the Fish and Wildlife Conservation Commission to transfer cash balance originating from hunting and finishing license fees in other trust funds into the Federal Grants Trust Fund for the purpose of supporting cash flow.

• DOT/ADOPTED WORKPLAN. Amends s. 339.135(4)(a)(3), F.S. to provide Legislative intent to minimize the impacts of reduced revenues.

• DOT/OTTED ROAD FUND/WORK PROGRAM/AIRPORT PROJECTS. Amends s. 339.135(5), F.S. Provides that the Department of Transportation shall transfer funds to the Office of Tourism, Trade, and Economic Development in an amount equal to $15,000,000 for the purpose of funding economic development transportation projects. Provides that the transfer shall not reduce, delete, or defer any existing projects funded, as of July 1, 2011, in the Department of Transportation's 5-year work program. Requires Department of Transportation to fund airport development projects specified in the General Appropriations Act.

• DOT/STTF/GENERAL REVENUE FUND. Amends s. 339.08, F.S. to provide that STTF funds may be transferred to General Revenue or the State School Trust Fund.

• DOT/STTF/ADMIN COSTS. Amends s. 339.08, F.S. to authorize funds in the Department of Transportation's State Transportation Trust Fund (STTF) to be used to pay administrative expenses incurred in accordance with applicable laws for a multicounty transportation or expressway authority created under chapter 343 or chapter 348, where jurisdiction for the authority includes a portion of the State Highway System and the administrative expenses are in furtherance of the duties and responsibilities of the authority in the development of improvements to the State Highway System.

• VEHICLES. Provides that the ownership of all vehicles currently used by the Office of Motor Carrier Compliance shall be transferred to DHSMV effective July 1, 2011 without payment of any titling or registration fees.

• AWI/ONE-STOP DELIVERY SYSTEM. Amends s. 445.009, F.S. to provide that a participant in an adult or youth work experience activity administered pursuant to chapter 445 shall be deemed an employee of the state for purposes of workers' compensation coverage. Provides that in determining the average weekly wage, all remuneration received from the employer shall be considered a gratuity, and the participant shall not be entitled to any benefits otherwise payable under s. 440.15, regardless of whether the participant may be receiving wages and remuneration from other employment with another employer and regardless of his or her future wage-earning capacity.

• CENTURY COMMISSION/TRAVEL AND PER DIEM. Reenacts s. 163.3247, F.S. to carry forward amendment made during 2010 session which removed authorization for members of the commission to receive per diem and travel expenses while in performance of duties.

• CENTURY COMMISSION/DISTRIBUTION OF TAXES. Reenacts s. 201.15, F.S. to carry forward amendment made during 2010 session which removed language distributing certain taxes to the Century Commission.

• STATE COMPREHENSIVE ENHANCED TRANSPORTATION SYSTEM TAX/TRANSFER. Amends s. 206.608, F.S. to assist the Department of Transportation in adopting a work program balanced to revenues by giving the department the flexibility to use State Comprehensive Enhanced Transportation System Tax proceeds that are deposited into the State Transportation Trust Fund outside the district in which were collected.

• HIGHWAY SAFETY OPERATING TRUST FUND TRANSFER. Notwithstands 320.204 to delay transfer from Highway Safety Operating Trust fund to the FDOT Transportation Disadvantaged Trust Fund

• PASSENGER RAIL FUNDING. Notwithstands s. 341.303(6)(a) to provide legislative discretion as to the placement of passenger rail funding with the FDOT budget.

• TRANSFER OF OMCC EMPLOYEES TO HSMV. Provides that incumbent employees transferred from the Office of Motor Carrier Compliance to the Department of Highway Safety and Motor Vehicles who are exempt from career service to be placed in career service upon transfer. Legislative intent that incumbent employees retain current status unless otherwise provided in GAA.

• TOLL FACILITIES REVOLVING TRUST FUND. Authorizes grants of up to $3 million from the trust fund for expressway projects.

• RISK MANAGEMENT TRANSFERS. Authorizes the Executive Office of the Governor to transfer funds in order to align the budget authority granted to pay each department's risk management insurance.

• HUMAN RESOURCE SERVICES TRANSFER. Authorizes the Executive Office of the Governor to transfer funds in the appropriation category "Special Categories-Transfer to Department of Management Services-Human Resources Services Purchased Per Statewide Contract" of the 2010-2011 General Appropriations Act between departments in order to align the budget authority granted with the assessments that must be paid by each agency to the Department of Management Services for human resources management services.

• HEALTH SAVINGS ACCOUNTS. Sets rates for health savings accounts at the current levels for FY 2011-2012.

• STATE EMPLOYEE HEALTH INSURANCE. Provides that the state contribution to the State Group Insurance Program will be the difference between the costs and the employee contributions.

• EMPLOYEE ASSIGNMENTS. Amends s. 112.24, F.S. to provide that the reassignment of an employee of a state agency may be made if recommended by the Governor or Chief Justice, as appropriate, and approved by the chairs of the Senate and House budget committees. Such actions shall be deemed approved if neither chair provides written notice of objection within 14 days after the chair's receiving notice of the action pursuant to s. 216.177, F.S.

• LEGISLATIVE SALARIES. Provides that legislative salaries will remain at the same level in effect on July 1, 2010.

• CAPITAL COLLATERAL REGISTRY. Provides that in the event that HB 5011 fails to become law, the Justice Administrative Commission will maintain the registry of attorneys qualified for appointment for capital collateral defense.

• TRUST FUND SWEEPS TO GENERAL REVENUE. Amends s. 215.32(2)(b), F.S., in order to implement the transfer of moneys to the General Revenue Fund or State School Trust Fund from trust funds in the 2011-2012 General Appropriations Act.

• LAWTON CHILES ENDOWMENT FUND. eenacts s. 215.5601, F.S. relating to investment objectives of endowment. In 2008 session, language was added to indicate that the investment objective shall be long-term preservation of the real value of the net contributed principal and a specified regular annual cash outflow for appropriation, as nonrecurring revenue. The following sentence was also added: "Withdrawals other than specified regular cash outflow shall be considered reductions in contributed principal for the purposes of this subsection."

• STATE DEBT/BEST INTEREST OF STATE. Provides that, in order to implement the issuance of new debt authorized in the 2011-2012 General Appropriations Act, and pursuant to the requirements of s. 215.98, F.S., the Legislature determines that the authorization and issuance of debt for the 2011-2012 fiscal year should be implemented and is in the best interest of the state and necessary to address a critical state emergency.

• STATE EMPLOYEE TRAVEL. Provides that funds appropriated for travel by state employees shall be limited to travel for activities that are critical to each state agency's mission. Prohibits funds from being used to travel to foreign countries, other states, conferences, staff-training or other administrative functions unless agency head approves in writing. Requires agency head to consider use of teleconferencing and electronic communication to meet needs of activity before approving travel.

• DATA CENTERS/TRANSFERS. Provides that the Governor is authorized to transfer funds appropriated in any appropriation category used to pay for data processing in the General Appropriations Act between agencies in order to align the budget authority granted with the utilization rate of each department.

• DATA PROCESSING/TRANSFERS. Provides that an agency may transfer funds from the data processing appropriation categories to another appropriation category for the purpose of supporting and managing its computer resources until such time as the agency's data processing function is transferred to the Southwood Shared Resource Center, the Northwood Shared Resource Center, or the Northwest Regional Data Center.

• SUNCOM. Provides that the Governor is authorized to transfer funds appropriated in the appropriations category "expenses" between agencies in order to allocate a reduction relating to SUNCOM Services.

• PHARMACY COPAYMENTS. Amends s. 110.12315, F.S., to modify copayments consistent with decisions that have been made in the GAA.

• MULTIPLE AGENCY LEASES. Requires the Department of Management Services to use the services of a tenant broker to renegotiate all private lease agreements more than 150,000 square feet and authorizes the use of savings to generate additional savings.

• RENEGOTIATION OF PRIVATE LEASE AGREEMENTS. Requires the Department of Management Services and state agencies to seek to renegotiate private lease agreements of more than 2,000 square feet expiring before June 30, 2013.

• STATE TERM CONTRACT/MMCAP. Requires the DMS to issue a solicitation for the Minnesota Multistate Contracting Alliance for Pharmacy (MMCAP) agreement as a state term contract.

• FLORIDA DISCOUNT DRUG CARD PROGRAM. Requires AHCA to competitively reprocure a Florida Discount Drug Card Program to provide market competitive discounts and return money to the state on a per prescription basis. Discounts will be available to Florida residents without income restrictions. Revenues deposited into Grants and Donations Trust Fund to reduce cost of Medicaid pharmacy purchases.

• PRIDE. Requires agencies to submit report regarding purchases which could have been made from Prison Rehabilitative Industries and Diversified Enterprises, Inc. (PRIDE), but were made from another vendor.

• VETOED ITEMS. Specifies that no section shall take effect if the appropriations and proviso to which it relates are vetoed.

• PRECEDENCE OF SUBSTANTIVE LAW. Provides for a permanent change made by another law to any of the same statutes amended by this bill will take precedence over the provision in this bill.

• SEVERABILITY CLAUSE.

• EFFECTIVE DATES. Provides that, except as otherwise expressly provided in this act, this act shall take effect July 1, 2011; or, if this act fails to become a law until after that date, it shall take effect upon becoming a law and shall operate retroactively to July 1, 2011.

Conference Committee Amendment (182684)(with title amendment)—Delete everything after the enacting clause and insert:

Section 1. *It is the intent of the Legislature that the implementing and administering provisions of this act apply to the General Appropriations Act for the 2011-2012 fiscal year.*

Section 2. *In order to implement Specific Appropriations 6, 7, 8, 68, and 69 of the 2011-2012 General Appropriations Act, the calculations of the Florida Education Finance Program for the 2011-2012 fiscal year in the document entitled "Public School Funding-The Florida Education Finance Program," dated May 3, 2011, and filed with the Secretary of the Senate, are incorporated by reference for the purpose of displaying the calculations used by the Legislature, consistent with the requirements of the Florida Statutes, in making appropriations for the Florida Education Finance Program.*

Section 3. In order to implement Specific Appropriations 15A and 15B of the 2011-2012 General Appropriations Act, paragraph (c) of subsection (3) of section 216.292, Florida Statutes, is amended to read:

216.292 Appropriations nontransferable; exceptions.—

(3) The following transfers are authorized with the approval of the Executive Office of the Governor for the executive branch or the Chief Justice for the judicial branch, subject to the notice and objection provisions of s. 216.177:

(c) The transfer of appropriations for fixed capital outlay from the Survey Recommended Needs-Public Schools appropriation category to the Maintenance, Repair, Renovation and Remodeling appropriation category. The allocation of transferred funds *must* ~~shall~~ be in accordance with s. *1013.62* ~~1013.64(1)~~. This paragraph expires July 1, *2012* ~~2011~~.

Section 4. *Notwithstanding ss. 440.50 and 1010.87, Florida Statutes, for the 2011-2012 fiscal year, funds provided in Specific Appropriation 98 of the 2011-2012 General Appropriations Act from the Workers' Compensation Administration Trust Fund shall be used for the Ready to Work Program created under s. 1004.99, Florida Statutes. This section expires July 1, 2012.*

Section 5. *In order to implement Specific Appropriation 119 of the 2011-2012 General Appropriations Act and notwithstanding any other law, for the 2011-2012 fiscal year only, a university board of trustees may expend reserve or carry-forward balances from prior year operational and programmatic appropriations for legislatively approved fixed capital outlay projects authorized for the establishment of a new campus.*

Section 6. In order to implement Specific Appropriations 310 through 339 of the 2011-2012 General Appropriations Act, paragraphs (b) and (c) of subsection (3) of section 394.908, Florida Statutes, are amended to read:

394.908 Substance abuse and mental health funding equity; distribution of appropriations.—In recognition of the historical inequity in the funding of substance abuse and mental health services for the department's districts and regions and to rectify this inequity and provide for equitable funding in the future throughout the state, the following funding process shall be used:

(3)

(b) Notwithstanding paragraph (a) and for the *2011-2012* ~~2010-2011~~ fiscal year only, funds appropriated for forensic mental health treatment services shall be allocated to the areas of the state having the greatest demand for services and treatment capacity. This paragraph expires July 1, *2012* ~~2011~~.

(c) Notwithstanding paragraph (a) and for the *2011-2012* ~~2010-2011~~ fiscal year only, additional funds appropriated for substance abuse and mental health services from funds available through the Community-Based Medicaid Administrative Claiming Program shall be allocated as provided in the 2010-2011 General Appropriations Act and in proportion to contributed provider earnings. This paragraph expires July 1, *2012* ~~2011~~.

Section 7. *In order to implement Specific Appropriation 465 of the 2011-2012 General Appropriations Act, and for the 2011-2012 fiscal year only, the following requirements govern the completion of Phase 2 and Phase 3 of the Department of Health's Florida Onsite Sewage Nitrogen Reduction Strategies Study:*

(1) The Department of Health's underlying contract for the study remains in full force and effect and funding for completion of Phase 2 and Phase 3 is through the Department of Health.

(2) The Department of Health, the Department of Health's Research Review and Advisory Committee, and the Department of Environmental Protection shall work together to provide the necessary technical oversight of the completion of Phase 2 and Phase 3 of the project.

(3) Management and oversight of the completion of Phase 2 and Phase 3 must be consistent with the terms of the existing contract. However, the main focus and priority to be completed during Phase 3 shall be developing, testing, and recommending cost-effective passive technology design criteria for nitrogen reduction.

(4) The systems installed at homesites are experimental in nature and shall be installed with significant field testing and monitoring. The Department of Health is specifically authorized to allow installation of these experimental systems. Notwithstanding any other law, before Phase 3 of the study is completed, a state agency may not adopt or implement a rule or policy that:

(a) Mandates, establishes, or implements more restrictive nitrogen-reduction standards to existing or new onsite sewage treatment systems or modification of such systems; or

(b) Directly or indirectly requires the use of performance-based treatment systems or similar technology, such as through an administrative order developed by the Department of Environmental Protection as part of a basin management action plan adopted pursuant to s. 403.067, Florida Statutes. However, the implementation of more restrictive nitrogen-reduction standards for onsite systems may be required through a basin management action plan if such plan is phased in after completion of Phase 3.

Section 8. Effective June 29, 2011, in order to implement Specific Appropriations 259 through 357 of the 2011-2012 General Appropriations Act, subsection (3) of section 1 of chapter 2007-174, Laws of Florida, is amended to read:

Section 1. Flexibility for the Department of Children and Family Services.—

(3) This section expires *July 1, 2012* ~~June 30, 2008~~.

Section 9. *In order to implement Specific Appropriations 171 and 177 through 179 and 182 of the 2011-2012 General Appropriations Act, the calculations of the Medicaid Low-Income Pool, Disproportionate Share Hospital, and Hospital Exemptions Programs for the 2011-2012 fiscal year in the document entitled "Medicaid Supplemental Hospital Funding Programs" dated May 3, 2011, and filed with the Secretary of the Senate, are incorporated by reference for the purpose of displaying the calculations used by the Legislature, consistent with the requirements of the Florida Statutes, in making appropriations for the Low-Income Pool, Disproportionate Share Hospital, and Hospital Exemptions Programs.*

Section 10. *In order to implement Specific Appropriation 536 of the 2011-2012 General Appropriations Act, notwithstanding s. 216.177, Florida Statutes, requiring only 3 days' notice to the Legislature for the release of funds, budget amendments recommending the release of funds must be provided at least 14 days before the effective date of the action and are subject to the objection procedures in s. 216.177(2)(b), Florida Statutes.*

Section 11. *In order to implement Specific Appropriation 177 of the 2011-2012 General Appropriations Act, and for the 2011-2012 fiscal year only, the third and tenth paragraph of proviso following the appropriation is repealed and replaced with:*

Funds in Specific Appropriation 177 reflect a reduction of $173,477,299 from the General Revenue Fund, $220,252,391 from the Medical Care Trust Fund, and $1,199,158 from the Refugee Assistance Trust Fund as a result of modifying the reimbursement for inpatient hospital rates. The agency shall implement a recurring methodology in the Title XIX Inpatient Hospital Reimbursement Plan to achieve this reduction. In establishing rates through the normal process, before including this reduction, if the unit cost is equal to or less than the unit cost used in establishing the budget, then no additional reduction in rates is necessary; however, if the unit cost is greater than the unit cost used in establishing the budget, then rates shall be reduced by an amount required to achieve this reduction, but may not be reduced below the unit cost used in establishing the budget. Hospitals that are licensed as a children's specialty hospital and whose Medicaid days plus charity care days divided by total adjusted patient days equals or exceeds 30 percent and rural hospitals, as defined in s. 395.602, Florida Statutes, are excluded from this reduction.

From the funds in Specific Appropriation 177, $239,417,562 from the Grants and Donations Trust Fund and $303,972,274 from the Medical Care Trust Fund are provided for public hospitals, including any leased public hospital determined to be covered under the state's sovereign immunity; teaching hospitals, as defined in s. 408.07 or s. 395.805, Florida Statutes, which have 70 or more full-time equivalent resident physicians; hospitals that have graduate medical education positions that do not otherwise qualify; and designated trauma hospitals to buy back the Medicaid inpatient trend adjustment applied to their individual hospital rates and other Medicaid reductions to their inpatient rates up to actual Medicaid inpatient cost. The payments under this proviso are contingent on the state share being provided through grants and donations from state, county, or other governmental funds. This section of proviso does not include the buy back of the Medicaid inpatient trend adjustment applied to the individual state mental health hospitals.

Section 12. *In order to implement Specific Appropriation 182 of the 2011-2012 General Appropriations Act, and for the 2011-2012 fiscal year only, the second paragraph of proviso following the appropriation is repealed and replaced with:*

Funds in Specific Appropriation 182 reflect a reduction of $43,572,721 from the General Revenue Fund, $55,321,338 from the Medical Care Trust Fund, and $151,174 from the Refugee Assistance Trust Fund as a result of implementing a reduction in outpatient hospital reimbursement rates. The agency shall implement a recurring methodology in the Title XIX Outpatient Hospital Reimbursement Plan to achieve this reduction. In establishing rates through the normal process, prior to including this reduction, if the unit cost is equal to or less than the unit cost used in establishing the budget, then no additional reduction in rates is necessary. In establishing rates through the normal process, prior to including this reduction, if the unit cost is greater than the unit cost used in establishing the budget, then rates shall be reduced by an amount required to achieve this reduction, but shall not be reduced below the unit cost used in establishing the budget. Hospitals that are licensed as a children's specialty hospital and whose Medicaid days plus charity care days divided by total adjusted patient days equals or exceeds 30 percent

and rural hospitals as defined in s. 395.602, Florida Statutes, are excluded from this reduction.

Section 13. *In order to implement Specific Appropriations 459 through 469 of the 2011-2012 General Appropriations Act, before the implementation of the onsite sewage treatment and disposal system evaluation program described in s. 381.0065(5)(a), Florida Statutes, the Department of Health shall submit a plan for approval by the Legislative Budget Commission which includes an estimate of agency workload and funding needs. The department may not expend funds in furtherance of the evaluation program before the plan is approved by the commission.*

Section 14. *In order to fulfill legislative intent regarding the use of funds contained in Specific Appropriations 605, 616, 628, and 1135 of the 2011-2012 General Appropriations Act, the Department of Corrections and the Department of Juvenile Justice may expend appropriated funds to assist in defraying costs that are incurred by a municipality or county and are associated with opening or operating a facility under the authority of the respective department. The amount paid for any facility may not exceed 1 percent of the cost to construct the facility, less building impact fees imposed by the municipality or county. This section expires July 1, 2012.*

Section 15. In order to implement Specific Appropriations 570 through 688A and 726 through 759 of the 2011-2012 General Appropriations Act, subsection (4) of section 216.262, Florida Statutes, is amended to read:

216.262 Authorized positions.—

(4) Notwithstanding the provisions of this chapter *relating to* ~~on~~ increasing the number of authorized positions, and for the *2011-2012* ~~2010-2011~~ fiscal year only, if the actual inmate population of the Department of Corrections exceeds the inmate population projections of the February *21, 2011* ~~19, 2010~~, Criminal Justice Estimating Conference by 1 percent for 2 consecutive months or 2 percent for any month, the Executive Office of the Governor, with the approval of the Legislative Budget Commission, shall immediately notify the Criminal Justice Estimating Conference, which shall convene as soon as possible to revise the estimates. The Department of Corrections may then submit a budget amendment requesting the establishment of positions in excess of the number authorized by the Legislature and additional appropriations from unallocated general revenue sufficient to provide for essential staff, fixed capital improvements, and other resources to provide classification, security, food services, health services, and other variable expenses within the institutions to accommodate the estimated increase in the inmate population. All actions taken pursuant to ~~the authority granted in~~ this subsection *are* ~~shall be~~ subject to review and approval by the Legislative Budget Commission. This subsection expires July 1, *2012* ~~2011~~.

Section 16. *In order to implement Specific Appropriations 1253, 1267, 1274, 1295, and 1305 of the 2011-2012 General Appropriations Act, the Department of Legal Affairs may transfer cash remaining after required disbursements for Attorney General case numbers 09-CV-51614, 16-2008-CA-01-3142CV-C, and CACE08022328 from FLAIR account 41-74-2-601001-41100100-00-181076-00 to the Operating Trust Fund to pay salaries and benefits. This section expires July 1, 2012.*

Section 17. *In order to implement Specific Appropriations 1289 and 1290 of the 2011-2012 General Appropriations Act, the Department of Legal Affairs may expend appropriated funds in those specific appropriations on the same programs that were funded by the department pursuant to specific appropriations made in general appropriations acts in prior years. This section expires July 1, 2012.*

Section 18. In order to implement Specific Appropriations 1192 and 1198 of the 2011-2012 General Appropriations Act, paragraph (d) of subsection (4) of section 932.7055, Florida Statutes, is amended to read:

932.7055 Disposition of liens and forfeited property.—

(4) The proceeds from the sale of forfeited property shall be disbursed in the following priority:

(d) Notwithstanding any other provision of this subsection, and for the *2011-2012* ~~2010-2011~~ fiscal year only, the funds in a special law enforcement trust fund established by the governing body of a municipality may be expended to reimburse the general fund of the municipality for moneys advanced from the general fund to the special law enforcement trust fund *before* ~~prior to~~ October 1, 2001. This paragraph expires July 1, *2012* ~~2011~~.

Section 19. *(1) In order to implement Specific Appropriations 1069, 1070, 1074, 1075, 1115, 1116, 1120, 1121, 1123, 1126, 1127, 1130, 1131, 1132, 1141, and 1146 of the 2011-2012 General Appropriations Act, the Department of Juvenile Justice must comply with the following reimbursement limitations:*

(a) Payments to a hospital or a health care provider may not exceed 110 percent of the Medicare allowable rate for any health care services provided if no contract exists between the department and the hospital or the health care provider providing services at a hospital;

(b) The department may continue to make payments for health care services at the currently contracted rates through the current term of the contract if a contract has been executed between the department and a hospital or a health care provider providing services to a hospital; however, payments may not exceed 110 percent of the Medicare allowable rate after the current term of the contract expires or after the contract is renewed during the 2011-2012 fiscal year;

(c) Payments may not exceed 110 percent of the Medicare allowable rate under a contract executed on or after July 1, 2011, between the department and a hospital or health care provider providing services at a hospital;

(d) Notwithstanding paragraphs (a), (b), and (c), the department may pay up to 125 percent of the Medicare allowable rate for health care services at a hospital that reports or has reported a negative operating margin for the previous fiscal year to the Agency for Health Care Administration through hospital-audited financial data; and

(e) The department may not execute a contract for health care services at a hospital for rates other than rates based on a percentage of the Medicare allowable rate.

(2) For purposes of this section, the term "hospital" means a hospital licensed under chapter 395, Florida Statutes.

(3) This section expires July 1, 2012.

Section 20. *In order to implement section 7 of the 2011-2012 General Appropriations Act, and notwithstanding s. 215.18, Florida Statutes, the state court system is relieved of loan repayment obligations for loans made from the Mediation and Arbitration Trust Fund and the Court Education Trust Fund to the state court system during the 2010-2011 fiscal year. This section is effective upon this act becoming a law.*

Section 21. In order to implement Section 7 of the 2011-2012 General Appropriations Act, section 215.18, Florida Statutes, is amended to read:

215.18 Transfers between funds; limitation.—

(1) Whenever there *is a deficiency* ~~exists~~ in any fund provided for by s. 215.32 ~~a deficiency~~ which would render such fund insufficient to meet its just requirements, and ~~there shall exist in the~~ other funds in the State Treasury *have* moneys which are for the time being or otherwise in excess of the amounts necessary to meet the just requirements of such last-mentioned funds, the Governor may order a temporary transfer of moneys from one fund to another in order to meet temporary deficiencies in a particular fund without resorting to the necessity of borrowing money and paying interest thereon. Any action proposed under this section is subject to the notice and objection procedures set forth in s. 216.177, and the Governor shall provide notice of such action at least 7 days *before* ~~prior to~~ the effective date of the transfer of funds. Except as otherwise provided in s. 216.222(1)(a)2., the fund from which any money is temporarily transferred *must* ~~shall~~ be repaid the amount transferred from it *by* ~~not later than~~ the end of the fiscal year in which such transfer is made, the date of repayment to be specified in the order of the Governor.

(2) The Chief Justice of the Supreme Court may receive one or more trust fund loans of up to $54 million in total, the purpose of which is to ensure that the state court system has funds sufficient to meet its appropriations in the 2011-2012 General Appropriations Act. If the Chief Justice accesses the loan, he or she must notify the Governor and the

chairs of the legislative appropriations committees in writing. The loan must come from other funds in the State Treasury which are for the time being or otherwise in excess of the amounts necessary to meet the just requirements of such last-mentioned funds. The Governor shall order the transfer of funds within 5 days after the written notification from the Chief Justice. If the Governor does not order the transfer, the Chief Financial Officer shall transfer the requested funds. The loan of funds from which any money is temporarily transferred must be repaid by the end of the 2011-2012 fiscal year. This subsection expires July 1, 2012.

Section 22. *In order to implement Specific Appropriation 791 of the 2011-2012 General Appropriations Act, and not withstanding s. 28.2455, Florida Statutes, any funds remaining in the Clerks of Court Trust Fund may not be transferred to the General Revenue Fund and remain available to the clerks of court for expenditures during the 2011-2012 fiscal year. This section shall take effect upon becoming a law and expires July 1, 2012.*

Section 23. In order to implement section 7 of the 2011-2012 General Appropriations Act, paragraph (c) of subsection (4) of section 29.008, Florida Statutes, is amended to read:

29.008 County funding of court-related functions.—

(4)

(c) Counties are exempt from all requirements and provisions of paragraph (a) for the *2011-2012* ~~2010-2011~~ fiscal year. Accordingly, for the *2011-2012* ~~2010-2011~~ fiscal year, counties shall maintain, but are not required to increase, their expenditures for the items specified in paragraphs (1)(a)-(h) and subsection (3). The requirements described in paragraph (a) shall be reinstated beginning with the *2012-2013* ~~2011-2012~~ fiscal year. This paragraph expires July 1, *2012* ~~2011~~.

Section 24. In order to implement Specific Appropriation 2701A of the 2011-2012 General Appropriation Act, subsection (3) of section 282.709, Florida Statutes, is amended to read:

282.709 State agency law enforcement radio system and interoperability network.—

(3)*(a)* The State Agency Law Enforcement Radio System Trust Fund is established in the department and funded from surcharges collected under ss. 318.18, 320.0802, and 328.72. Upon appropriation, moneys in the trust fund may be used by the department to acquire by competitive procurement the equipment, software, and engineering, administrative, and maintenance services it needs to construct, operate, and maintain the statewide radio system. Moneys in the trust fund *from* ~~collected as a result of the~~ surcharges ~~set forth in ss. 318.18, 320.0802, and 328.72~~ shall be used to help fund the costs of the system. Upon completion of the system, moneys in the trust fund may also be used by the department for payment of the recurring maintenance costs of the system.

(b) Funds from the State Agency Law Enforcement Radio System Trust Fund may be used by the department to fund mutual aid buildout maintenance and sustainment as appropriated by law. This paragraph expires July 1, 2012.

Section 25. *In order to implement Specific Appropriation 2341A of the 2011-2012 General Appropriations Act, the Florida Catastrophic Storm Risk Management Center at Florida State University shall conduct the analysis as originally required in s. 164 of chapter 2004-390, Laws of Florida. Notwithstanding that section, the center shall use the most recent and available premium data for personal lines property and casualty insurance in completing the analysis.*

Section 26. *In order to implement Specific Appropriations 2574 through 2584 of the 2011-2012 General Appropriations Act, the Department of Management Services shall use interest earnings of the Communications Working Capital Trust Fund as the funding source for its responsibilities for the administration of the MyFlorida.com portal.*

Section 27. In order to implement Specific Appropriations 2173 through 2195 of the 2011-2012 General Appropriations Act, subsection (13) of section 253.034, Florida Statutes, as amended by chapter 2010-280, Laws of Florida, is amended to read:

253.034 State-owned lands; uses.—

(13) Notwithstanding the provisions of this section, funds derived from the sale of the Department of Citrus' property located in Lakeland, Florida, *shall* ~~are authorized to~~ be deposited into the Citrus Advertising Trust Fund. This subsection expires July 1, *2012* ~~2011~~.

Section 28. In order to implement Specific Appropriations 2173 through 2195 of the 2011-2012 General Appropriations Act, paragraph (a) of subsection (3) of section 601.15, Florida Statutes, is amended to read:

601.15 Advertising campaign; methods of conducting; excise tax; emergency reserve fund; citrus research.—

(3)(a) There is hereby levied and imposed upon each standard-packed box of citrus fruit grown and placed into the primary channel of trade in this state an excise tax at maximum annual rates for each citrus season as determined from the tables in this paragraph and based upon the previous season's actual statewide production as reported in the United States Department of Agriculture Citrus Crop Production Forecast as of June 1. The rates may be set at any lower rate in any year pursuant to paragraph (e).

1. The following maximum tax rates, expressed in cents per box, shall apply to grapefruit which enters the primary channel of trade for use in fresh form:

Previous season crop size (millions of boxes)	1995-1996	1996-1997	1997-1998	1998-1999	1999-2000 and thereafter
80 and greater	33	34	35	36	37
75-79.99	35	36	37	38	39
70-74.99	37	38	39	41	42
65-69.99	40	41	42	44	45
60-64.99	43	44	46	47	49
55-59.99	47	48	50	51	53
50-54.99	51	53	55	56	58
45-49.99	57	59	60	62	64
40-44.99	63	65	67	69	71
Less than 40	72	74	76	79	81

However, effective July 1, 2011, the tax rate per box on grapefruit that enters the primary channel of trade for use in fresh form may not exceed the tax rate per box in effect on May 1, 2011.

2. The following maximum tax rates, expressed in cents per box, shall apply to grapefruit which enters the primary channel of trade for use in processed forms:

Previous season crop size (millions of boxes)	1995-1996	1996-1997	1997-1998	1998-1999	1999-2000 and thereafter
80 and greater	23	24	25	25	26
75-79.99	25	25	26	27	28
70-74.99	26	27	28	29	30
65-69.99	28	29	30	31	32
60-64.99	31	32	32	33	34
55-59.99	33	34	35	36	37
50-54.99	36	38	39	40	41
45-49.99	40	41	43	44	45

Previous season crop size (millions of boxes)	1995-1996	1996-1997	1997-1998	1998-1999	1999-2000 and thereafter
40-44.99	45	46	48	49	51
Less than 40	51	53	54	56	57

However, effective July 1, 2011, the tax rate per box on grapefruit that enters the primary channel of trade for use in processed forms may not exceed the tax rate per box in effect on May 1, 2011.

3. The following maximum tax rates, expressed in cents per box, shall apply to oranges which enter the primary channel of trade for use in fresh form:

Previous season crop size (millions of boxes)	1995-1996	1996-1997	1997-1998	1998-1999	1999-2000 and thereafter
255 and greater	23	24	25	26	26
245-254.9	24	25	26	27	27
235-244.9	25	26	27	28	28
225-234.9	26	27	28	29	30
215-224.9	28	28	29	30	31

195-204.9	30	31	32	33	34
185-194.9	32	33	34	35	36
175-184.9	34	35	36	37	38
165-174.9	36	37	38	39	40
155-164.9	38	39	40	41	43
Less than 155	41	42	43	44	46

However, effective July 1, 2011, the tax rate per box on oranges that enter the primary channel of trade for use in fresh form may not exceed the tax rate per box in effect on May 1, 2011.

4. The following maximum tax rates, expressed in cents per box, shall apply to oranges which enter the primary channel of trade for use in processed form:

Previous season crop size (millions of boxes)	1995-1996	1996-1997	1997-1998	1998-1999	1999-2000 and thereafter
255 and greater	15	16	16	17	17
245-254.9	16	16	17	17	18
235-244.9	17	17	18	18	19
225-234.9	17	18	18	19	19
215-224.9	18	19	19	20	20
205-214.9	19	20	20	21	21
195-204.9	20	21	21	22	22
185-194.9	21	22	22	23	24
175-184.9	22	23	23	24	25
165-174.9	23	24	25	26	26
155-164.9	25	26	26	27	28
Less than 155	27	27	28	29	30

However, effective July 1, 2011, the tax rate per box on oranges that enter the primary channel of trade for use in processed form may not exceed 25 cents per box.

5. The actual tax rate levied each year upon oranges which enter the primary channel of trade for use in processed form, pursuant to this paragraph, paragraph (e), and subsection (4), shall also apply in that year to tangerines and citrus hybrids regulated by the Department of Citrus which enter the primary channel of trade for use in processed form.

6. The following maximum tax rates, expressed in cents per box, shall apply to tangerines and citrus hybrids regulated by the Department of Citrus which enter the primary channel of trade for use in fresh form:

Previous season crop size (millions of boxes)	1995-1996	1996-1997	1997-1998	1998-1999	1999-2000 and thereafter
13 and greater	24	24	25	26	27
12 - 12.99	26	26	27	28	29
11 - 11.99	28	29	30	30	31
10 - 10.99	31	31	32	33	34
9 - 9.99	34	35	36	37	38
8 - 8.99	38	39	40	41	42
7 - 7.99	43	44	45	47	48
Less than 7	49	51	52	54	56

However, effective July 1, 2011, the tax rate per box on tangerines and citrus hybrids regulated by the Department of Citrus which enter the primary channel of trade for use in fresh form may not exceed the tax rate per box in effect on May 1, 2011.

Section 29. *The amendment to s. 601.15(3)(a), Florida Statutes, shall expire July 1, 2012, and the text of that subsection shall revert to that in existence on June 30, 2010, except that any amendments to such text enacted other than by this act shall be preserved and continue to operate to the extent that such amendments are not dependent upon the portions of text which expire pursuant to this section.*

Section 30. Effective upon this act becoming a law and in order to implement Specific Appropriations 2173 through 2195 of the 2011-2012 General Appropriations Act, subsection (3) of section 601.10, Florida Statutes, is amended to read:

601.10 Powers of the Department of Citrus.—The Department of Citrus shall have and shall exercise such general and specific powers as are delegated to it by this chapter and other statutes of the state, which powers shall include, but shall not be confined to, the following:

(3) To employ and, at its pleasure, discharge an executive director~~, a secretary, and such attorneys, clerks, and employees~~ as it deems necessary and to outline *his or her* ~~their~~ powers and duties and fix *his or her* ~~their~~ compensation.

(a) The executive director of the department shall be appointed by a majority vote of the commission for a term of 4 years, except for the initial term, and is subject to confirmation by the Senate in the legislative session following appointment.

1. The initial term of the executive director ends June 30, 2011, and each subsequent 4-year term begins July 1, and shall be filled in the same manner as the original appointment.

2. A vacancy for the executive director shall be filled for the unexpired portion of the term in the same manner as the original appointment.

(b) The Department of Citrus may pay, or participate in the payment of, premiums for health, accident, and life insurance for its full-time employees, pursuant to such rules or regulations as it may adopt; and such payments *are* ~~shall be~~ in addition to the regular salaries of such full-time employees. The payment of such or similar benefits to its employees in foreign countries, including, but not limited to, social security, retirement, and other similar fringe benefit costs, may be in accordance with laws in effect in the country of employment, except that no benefits will be payable to employees not authorized for other state employees, as provided in the Career Service System.

Section 31. *The amendment to s. 601.10(3), Florida Statutes, shall expire July 1, 2012, and the text of that subsection shall revert to that in existence on June 30, 2010, except that any amendments to such text enacted other than by this act shall be preserved and continue to operate to the extent that such amendments are not dependent upon the portions of text which expire pursuant to this section.*

Section 32. In order to implement Specific Appropriation 1648A of the 2011-2012 General Appropriations Act, paragraph (b) of subsection (3) of section 375.041, Florida Statutes, is amended to read:

375.041 Land Acquisition Trust Fund.—

(3)

(b) In addition to the uses allowed *under* ~~in~~ paragraph (a), for the *2011-2012* ~~2010-2011~~ fiscal year, moneys in the Land Acquisition Trust Fund are authorized for transfer to support the *Total Maximum Daily Loads Program* ~~Clean Water State Revolving Fund, the Drinking Water State Revolving Fund, the Total Maximum Daily Loads programs, and the Marine Spatial Planning programs~~ as provided in the General Appropriations Act. This paragraph expires July 1, *2012* ~~2011~~.

Section 33. In order to implement Specific Appropriation 1580A of the 2011-2012 General Appropriations Act, subsection (12) of section 373.59, Florida Statutes, is amended to read:

373.59 Water Management Lands Trust Fund.—

(12) Notwithstanding subsection (8), and for the *2011-2012* ~~2010-2011~~ fiscal year only, the moneys from the Water Management Lands Trust Fund *are* ~~shall be~~ allocated as follows:

(a) An amount necessary to pay debt service on bonds issued before February 1, 2009, by the South Florida Water Management District and the St. Johns River Water Management District, which are secured by revenues provided pursuant to this section, or to fund debt service reserve funds, rebate obligations, or other amounts payable with respect to such bonds;

(b) Eight million dollars to be transferred to the General Revenue Fund; *and*

(c) The remaining funds to be distributed *to* ~~equally between~~ the Suwannee River Water Management District*, of which $500,000 may be used for minimum flows and levels.* ~~and the Northwest Florida Water Management District; and~~

~~(d) For the 2010-2011 fiscal year only, the sum of $50,000 from the Water Management Lands Trust Fund shall be transferred to the General Inspection Trust Fund in the Department of Agriculture and Consumer Services for the soil and water conservation districts for support services.~~

This subsection expires July 1, *2012* ~~2011~~.

Section 34. In order to implement Specific Appropriations 1649 through 1651, 1653, and section 34 of the 2011-2012 General Appropriations Act, paragraph (g) of subsection (1) of section 403.1651, Florida Statutes, is reenacted to read:

403.1651 Ecosystem Management and Restoration Trust Fund.—

(1) There is created the Ecosystem Management and Restoration Trust Fund to be administered by the Department of Environmental Protection for the purposes of:

(g) Funding activities to preserve and repair the state's beaches as provided in ss. 161.091-161.212.

Section 35. *The amendment to s. 403.1651(1)(g), Florida Statutes, as carried forward by this act from chapter 2010-153, Laws of Florida, shall expire July 1, 2012, and the text of that subsection shall revert to that in existence on June 30, 2009, except that any amendments to such text enacted other than by this act shall be preserved and continue to operate to the extent that such amendments are not dependent upon the portions of text which expire pursuant to this section.*

Section 36. In order to implement Specific Appropriations 1324 through 1475 of the 2011-2012 General Appropriations Act, subsection (2) of section 570.20, Florida Statutes, is amended to read:

570.20 General Inspection Trust Fund.—

(2) For the *2011-2012* ~~2010-2011~~ fiscal year only and notwithstanding any other provision of law ~~to the contrary~~, in addition to the spending authorized in subsection (1), moneys in the General Inspection Trust Fund may be appropriated for programs operated by the department which are related to the programs authorized by this chapter. This subsection expires July 1, *2012* ~~2011~~.

Section 37. In order to implement Specific Appropriation 1703AA of the 2011-2012 General Appropriations Act, subsection (5) of section 403.7095, Florida Statutes, is amended to read:

403.7095 Solid waste management grant program.—

(5) Notwithstanding any *other* provision of this section ~~to the contrary~~, and for the *2011-2012* ~~2010-2011~~ fiscal year only, the Department of Environmental Protection shall award the sum of $2,400,000 in grants equally to counties having populations of fewer than 100,000 for waste tire and litter prevention, recycling education, and general solid waste programs. This subsection expires July 1, *2012* ~~2011~~.

Section 38. *In order to implement Specific Appropriation 1430 of the 2011-2012 General Appropriations Act and to provide consistency and continuity in the promotion of agriculture throughout the state, notwithstanding s. 287.057, Florida Statutes, the Department of Agriculture and Consumer Services may extend, revise, and renew current contracts or agreements created or entered into pursuant to chapter 2006-25, Laws of Florida. This section expires July 1, 2012.*

Section 39. *In order to implement Specific Appropriation 1578A of the 2011-2012 General Appropriations Act, and notwithstanding ss. 253.034, 253.0341, and 259.041, Florida Statutes, the disposition of state-owned lands is exempt from appraisal requirements under s. 253.034(6)(g)1., Florida Statutes, and disposition requirements under s. 253.034(15), Florida Statutes, if the proceeds of such conveyance will be used to purchase state-owned lands for preservation, conservation, or recreation purposes. On or before October 1, 2011, all agencies shall submit a list of state-owned lands to the Board of Trustees of the Internal Improvement Trust Fund, to which the lands are titled, which are immediately available for lease or are surplus lands. Proceeds from the sale of such lands shall be deposited into the Florida Forever Trust Fund created by s. 259.1051, Florida Statutes, and used to acquire lands for preservation, conservation, or recreation purposes pursuant to the requirements of s. 259.105, Florida Statutes. The board of trustees shall ensure that, where appropriate, surplus or leased conservation lands are subject to perpetual conservation easements or other such restrictive covenants that run with the land and are duly recorded in the same manner as any other instrument affecting title to real property. This section expires July 1, 2012.*

Section 40. In order to implement Specific Appropriations 1814, 1831, 1895, and 1907, subsection (3) is added to section 379.204, Florida Statutes, to read:

379.204 Federal Grants Trust Fund.—

(3) The commission may transfer the cash balance originating from hunting and fishing license fees from other trust funds into the Federal

Grants Trust Fund for the purpose of supporting cash flow needs. This subsection expires July 1, 2012.

Section 41. *In order to implement Specific Appropriation 1806 and notwithstanding the provisions of s. 379.2342(2), Florida Statutes, for the 2011-2012 fiscal year only, the Fish and Wildlife Conservation Commission shall suspend the publication of a printed version the Florida Wildlife Magazine and the operations of the Florida Wildlife Magazine Advisory Council.*

Section 42. In order to implement Specific Appropriations 1918A through 1919, 1938A through 1938C, 1938E through 1938V, and 1976A through 1976K of the 2011-2012 General Appropriations Act, paragraph (a) of subsection (4) of section 339.135, Florida Statutes, is amended to read:

339.135 Work program; legislative budget request; definitions; preparation, adoption, execution, and amendment.—

(4) FUNDING AND DEVELOPING A TENTATIVE WORK PROGRAM.—

(a)1. To assure that no district or county is penalized for local efforts to improve the State Highway System, the department shall, for the purpose of developing a tentative work program, allocate funds for new construction to the districts, except for the turnpike enterprise, based on equal parts of population and motor fuel tax collections. Funds for resurfacing, bridge repair and rehabilitation, bridge fender system construction or repair, public transit projects except public transit block grants as provided in s. 341.052, and other programs with quantitative needs assessments shall be allocated based on the results of these assessments. The department may not transfer any funds allocated to a district under this paragraph to any other district except as provided in subsection (7). Funds for public transit block grants shall be allocated to the districts pursuant to s. 341.052. Funds for the intercity bus program provided for under s. 5311(f) of the federal nonurbanized area formula program shall be administered and allocated directly to eligible bus carriers as defined in s. 341.031(12) at the state level rather than the district. In order to provide state funding to support the intercity bus program provided for under provisions of the federal 5311(f) program, the department shall allocate an amount equal to the federal share of the 5311(f) program from amounts calculated pursuant to s. 206.46(3).

2. Notwithstanding the provisions of subparagraph 1., the department shall allocate at least 50 percent of any new discretionary highway capacity funds to the Florida Strategic Intermodal System created pursuant to s. 339.61. Any remaining new discretionary highway capacity funds shall be allocated to the districts for new construction as provided in subparagraph 1. For the purposes of this subparagraph, the term "new discretionary highway capacity funds" means any funds available to the department above the prior year funding level for capacity improvements, which the department has the discretion to allocate to highway projects.

3. Notwithstanding subparagraphs 1. and 2. and ss. 201.15(1)(c)1.a.-d., 206.46(3), 334.044(26), and 339.2819(3), and for the *2011-2012* ~~2010-2011~~ fiscal year only, the department shall reduce work program levels to balance the finance plan to the revised funding levels resulting from any reduction in the *2011-2012* ~~2010-2011~~ General Appropriations Act. This subparagraph expires July 1, *2012* ~~2011~~.

4. For the *2011-2012* ~~2009-2010~~ fiscal year only, *before* ~~prior to~~ any project or phase thereof *is* ~~being~~ deferred, the department's cash balances shall be as provided in paragraph (6)(b), and the reductions in subparagraph 3. shall be made to financial projects not programmed for contract letting as identified with a work program contract class code 8 and the box code RV. These reductions shall not negatively impact safety or maintenance or project contingency percentage levels as of April 21, *2011* ~~2009~~. This subparagraph expires July 1, *2012* ~~2010~~.

5. Notwithstanding subparagraphs 1. and 2. and ss. 206.46(3) and 334.044(26), and for fiscal years 2009-2010 through 2013-2014 only, the department shall annually allocate up to $15 million of the first proceeds of the increased revenues estimated by the November 2009 Revenue Estimating Conference to be deposited into the State Transportation Trust Fund to provide for the portion of the transfer of funds included in s. 343.58(4)(a)1.a. or 2.a., *as* ~~whichever is~~ applicable. The transfer of funds included in s. 343.58(4) shall not negatively impact projects included in fiscal years 2009-2010 through 2013-2014 of the work program as of July 1, 2009, as amended pursuant to subsection (7). This subparagraph expires July 1, 2014.

Section 43. In order to implement Specific Appropriations 1918B and 1938S of the 2011-2012 General Appropriations Act, subsection (5) of section 339.135, Florida Statutes, is amended to read:

339.135 Work program; legislative budget request; definitions; preparation, adoption, execution, and amendment.—

(5) ADOPTION OF THE WORK PROGRAM.—

(a) The original approved budget for operational and fixed capital expenditures for the department shall be the Governor's budget recommendation and the first year of the tentative work program, as both are amended by the General Appropriations Act and any other act containing appropriations. In accordance with the appropriations act, the department shall, *before* ~~prior to~~ the beginning of the fiscal year, adopt a final work program which shall only include the original approved budget for the department for the ensuing fiscal year*,* together with any roll forwards approved pursuant to paragraph (6)(c)*,* and the portion of the tentative work program for the following 4 fiscal years revised in accordance with the original approved budget for the department for the ensuing fiscal year together with *the* ~~said~~ roll forwards. The adopted work program may include only those projects submitted as part of the tentative work program developed under the provisions of subsection (4)*,* plus any projects which are separately identified by specific appropriation in the General Appropriations Act and any roll forwards approved pursuant to paragraph (6)(c). However, any transportation project of the department which is identified by specific appropriation in the General Appropriations Act shall be deducted from the funds annually distributed to the respective district pursuant to paragraph (4)(a). In addition, the department shall not in any year include any project or allocate funds to a program in the adopted work program that is contrary to existing law for that particular year. Projects shall not be undertaken unless they are listed in the adopted work program.

(b) Notwithstanding paragraph (a), and for the *2011-2012* ~~2010-2011~~ fiscal year only, the Department of Transportation shall transfer funds to the Office of Tourism, Trade, and Economic Development in an amount equal to *$15 million* ~~$20,300,000~~ for the purpose of funding transportation-related needs of economic development projects. This transfer shall not reduce, delete, or defer any existing projects funded, as of July 1, *2011* ~~2009~~, in the Department of Transportation's 5-year work program. This paragraph expires July 1, *2012* ~~2011~~.

(c) Notwithstanding paragraph (a), and for the 2011-2012 fiscal year only, the Department of Transportation shall fund airport development projects specified in the General Appropriations Act and, unless requested by the airport sponsor, may not reduce, delete, or defer any existing projects funded as of July 1, 2011, in the Department of Transportation's 5-year work program. This paragraph expires July 1, 2012.

Section 44. In order to implement section 69 of the 2011-2012 General Appropriations Act, paragraph (n) of subsection (1) of section 339.08, Florida Statutes, is amended to read:

339.08 Use of moneys in State Transportation Trust Fund.—

(1) The department shall expend moneys in the State Transportation Trust Fund accruing to the department, in accordance with its annual budget. The use of such moneys shall be restricted to the following purposes:

(n) To pay administrative expenses incurred in accordance with applicable laws for a multicounty transportation or expressway authority created under chapter 343 or chapter 348 *if*~~, where~~ jurisdiction for the authority includes a portion of the State Highway System and the administrative expenses are in furtherance of the duties and responsibilities of the authority in the development of improvements to the State Highway System. This paragraph expires July 1, *2012* ~~2011~~.

Section 45. In order to implement section 110 of the 2011-2012 General Appropriations Act, subsection (4) of section 339.08, Florida Statutes, is amended to read:

339.08 Use of moneys in State Transportation Trust Fund.—

(4) For the *2011-2012* ~~2010-2011~~ fiscal year only and notwithstanding ~~the provisions of~~ this section and ss. 339.09(1) and 215.32(2)(b)4., funds may be transferred from the State Transportation Trust Fund to the *State School Trust Fund or the* General Revenue Fund as specified in the General Appropriations Act. Notwithstanding ss. 206.46(3) and 206.606(2), the total amount transferred shall be reduced from total state revenues deposited into the State Transportation Trust Fund for the calculation requirements of ss. 206.46(3) and 206.606(2). This subsection expires July 1, *2012* ~~2011~~.

Section 46. *In order to implement Specific Appropriations 2484A through 2484K of the 2011-2012 General Appropriations Act and notwithstanding chapters 319 and 320, Florida Statutes, the ownership of all vehicles currently used by the Office of Motor Carrier Compliance within the Department of Transportation shall be transferred to the Department of Highway Safety and Motor Vehicles effective July 1, 2011, without payment of any titling or registration fees.*

Section 47. In order to implement Specific Appropriation 2008 of the 2011-2012 General Appropriations Act, subsection (11) of section 445.009, Florida Statutes, is amended to read:

445.009 One-stop delivery system.—

(11)~~(a)~~ A participant in an adult or youth work experience activity administered under this chapter shall be deemed an employee of the state for purposes of workers' compensation coverage. In determining the average weekly wage, all remuneration received from the employer shall be considered a gratuity, and the participant shall not be entitled to any benefits otherwise payable under s. 440.15, regardless of whether the participant may be receiving wages and remuneration from other employment with another employer and regardless of his or her future wage-earning capacity.

~~(b)~~ This subsection expires July 1, *2012* ~~2011~~.

Section 48. In order to implement Specific Appropriation 1498 of the 2011-2012 General Appropriations Act, paragraph (d) of subsection (3) of section 163.3247, Florida Statutes, is reenacted to read:

163.3247 Century Commission for a Sustainable Florida.—

(3) CENTURY COMMISSION FOR A SUSTAINABLE FLORIDA; CREATION; ORGANIZATION.—The Century Commission for a Sustainable Florida is created as a standing body to help the citizens of this state envision and plan their collective future with an eye towards both 25-year and 50-year horizons.

(d) Members of the commission shall serve without compensation.

Section 49. *The amendment to s. 163.3247(3)(d), Florida Statutes, as carried forward by this act from chapter 2010-153, Laws of Florida, shall expire July 1, 2012, and the text of that subsection shall revert to that in existence on June 30, 2010, except that any amendments to such text enacted other than by this act shall be preserved and continue to operate to the extent that such amendments are not dependent upon the portions of text which expire pursuant to this section.*

Section 50. In order to implement Specific Appropriation 1498 of the 2011-2012 General Appropriations Act, paragraph (c) of subsection (1) of section 201.15, Florida Statutes, is reenacted to read:

201.15 Distribution of taxes collected.—All taxes collected under this chapter are subject to the service charge imposed in s. 215.20(1). Prior to distribution under this section, the Department of Revenue shall deduct amounts necessary to pay the costs of the collection and enforcement of the tax levied by this chapter. Such costs and the service charge may not be levied against any portion of taxes pledged to debt service on bonds to the extent that the costs and service charge are required to pay any amounts relating to the bonds. After distributions are made pursuant to subsection (1), all of the costs of the collection and enforcement of the tax levied by this chapter and the service charge shall be available and transferred to the extent necessary to pay debt service and any other amounts payable with respect to bonds authorized before January 1, 2010, secured by revenues distributed pursuant to subsection (1). All taxes remaining after deduction of costs and the service charge shall be distributed as follows:

(1) Sixty-three and thirty-one hundredths percent of the remaining taxes shall be used for the following purposes:

(c) After the required payments under paragraphs (a) and (b), the remainder shall be paid into the State Treasury to the credit of:

1. The State Transportation Trust Fund in the Department of Transportation in the amount of the lesser of 38.2 percent of the remainder or $541.75 million in each fiscal year, to be used for the following specified purposes, notwithstanding any other law to the contrary:

a. For the purposes of capital funding for the New Starts Transit Program, authorized by Title 49, U.S.C. s. 5309 and specified in s. 341.051, 10 percent of these funds;

b. For the purposes of the Small County Outreach Program specified in s. 339.2818, 5 percent of these funds. Effective July 1, 2014, the percentage allocated under this sub-subparagraph shall be increased to 10 percent;

c. For the purposes of the Strategic Intermodal System specified in ss. 339.61, 339.62, 339.63, and 339.64, 75 percent of these funds after allocating for the New Starts Transit Program described in sub-subparagraph a. and the Small County Outreach Program described in sub-subparagraph b.; and

d. For the purposes of the Transportation Regional Incentive Program specified in s. 339.2819, 25 percent of these funds after allocating for the New Starts Transit Program described in sub-subparagraph a. and the Small County Outreach Program described in sub-subparagraph b. Effective July 1, 2014, the first $60 million of the funds allocated pursuant to this sub-subparagraph shall be allocated annually to the Florida Rail Enterprise for the purposes established in s. 341.303(5).

2. The Grants and Donations Trust Fund in the Department of Community Affairs in the amount of the lesser of .23 percent of the remainder or $3.25 million in each fiscal year to fund technical assistance to local governments and school boards on the requirements and implementation of this act.

3. The Ecosystem Management and Restoration Trust Fund in the amount of the lesser of 2.12 percent of the remainder or $30 million in each fiscal year, to be used for the preservation and repair of the state's beaches as provided in ss. 161.091-161.212.

4. General Inspection Trust Fund in the amount of the lesser of .02 percent of the remainder or $300,000 in each fiscal year to be used to fund oyster management and restoration programs as provided in s. 379.362(3).

Moneys distributed pursuant to this paragraph may not be pledged for debt service unless such pledge is approved by referendum of the voters.

Section 51. *The amendment to s. 201.15(1)(c)2., Florida Statutes, as carried forward by this act from chapter 2010-153, Laws of Florida, shall expire July 1, 2012, and the text of that subsection shall revert to that in existence on June 30, 2010, except that any amendments to such text enacted other than by this act shall be preserved and continue to operate to the extent that such amendments are not dependent upon the portions of text which expire pursuant to this section.*

Section 52. In order to implement Specific Appropriations 1918A through 1919, 1938A through 1938C, 1938E through 1939V, and 1976A through 1976K of the 2011-2012 General Appropriations Act, subsection (3) of section 206.608, Florida Statutes, is amended to read:

206.608 State Comprehensive Enhanced Transportation System Tax; deposit of proceeds; distribution.—Moneys received pursuant to ss. 206.41(1)(f) and 206.87(1)(d) shall be deposited in the Fuel Tax Collection Trust Fund, and, after deducting the service charge imposed in chapter 215 and administrative costs incurred by the department in collecting, administering, enforcing, and distributing the tax, which administrative costs may not exceed 2 percent of collections, shall be distributed as follows:

(3) For the *2011-2012* ~~2010-2011~~ fiscal year only, and notwithstanding ~~the provisions of~~ subsection (2), the remaining proceeds of the tax levied pursuant to s. 206.41(1)(f) and all of the proceeds from the tax

imposed by s. 206.87(1)(d) shall be transferred into the State Transportation Trust Fund and ~~shall~~ be used for the purposes stated in s. 339.08. This subsection expires July 1, *2012* ~~2011~~.

Section 53. *In order to implement Specific Appropriations 2453 through 2535A and notwithstanding s. 320.204, Florida Statutes, for the 2011-2012 fiscal year only, funds may not be transferred from the Highway Safety Operating Trust Fund to the Transportation Disadvantaged Trust Fund in the Department of Transportation.*

Section 54. *In order to implement Specific Appropriations 1918C, 1918H, 1918I and 1918J, and notwithstanding s. 341.303(6)(a), Florida Statutes, funding for passenger rail for the 2011-2012 fiscal year is included in the Transportations Systems Development budget entity.*

Section 55. *In order to implement Specific Appropriation 2484A, all sworn law enforcement employee positions classified as "captain" or "major" in the Office of Motor Carrier Compliance who are exempt from the career service in accordance with s. 110.205(2)(m)3., Florida Statutes, shall be placed in the career service upon transfer to the Florida Highway Patrol in the Department of Highway Safety and Motor Vehicles. Incumbents of captains and majors positions in the Office of Motor Carrier Compliance as of June 30, 2011, who have 1 year of satisfactory service in their positions shall receive permanent status in that position within the Department of Highway Safety and Motor Vehicles. It is the intent of the Legislature that the incumbent of any career service position in the Office of Motor Carrier Compliance as of June 30, 2011, retain his or her current status upon transfer to the Department of Highway Safety and Motor Vehicles as provided in the General Appropriations Act.*

Section 56. *In order to implement Specific Appropriation 1938Q, for the 2011-2012 fiscal year only, and notwithstanding s. 338.251, Florida Statutes, the Department of Transportation is authorized to grant not more than $3 million in total from the Toll Facilities Revolving Trust Fund to authorities created under chapter 348, Florida Statutes, for preliminary engineering, traffic, and revenue studies, environmental impact studies, financial advisory services, engineering design, right-of-way map preparation, operations, other appropriate project-related professional services, and advanced right-of-way acquisition.*

Section 57. *In order to implement the appropriation of funds in appropriation category "Special Categories-Risk Management Insurance" in the 2011-2012 General Appropriations Act, and pursuant to the notice, review, and objection procedures of s. 216.177, Florida Statutes, the Executive Office of the Governor may transfer funds appropriated in that category between departments in order to align the budget authority granted with the premiums paid by each department for risk management insurance. This section expires July 1, 2012.*

Section 58. *In order to implement the appropriation of funds in the appropriation category "Special Categories-Transfer to Department of Management Services-Human Resources Services Purchased Per Statewide Contract" in the 2011-2012 General Appropriations Act," and pursuant to the notice, review, and objection procedures of s. 216.177, Florida Statutes, the Executive Office of the Governor may transfer funds appropriated in that category between departments in order to align the budget authority granted with the assessments that must be paid by each agency to the Department of Management Services for human resource management services. This section expires July 1, 2012.*

Section 59. In order to implement specific appropriations for salaries and benefits in the 2011-2012 General Appropriations Act, paragraph (a) of subsection (12) of section 110.123, Florida Statutes, is amended to read:

110.123 State group insurance program.—

(12) HEALTH SAVINGS ACCOUNTS.—The department is authorized to establish health savings accounts for full-time and part-time state employees in association with a health insurance plan option authorized by the Legislature and conforming to the requirements and limitations of federal provisions relating to the Medicare Prescription Drug, Improvement, and Modernization Act of 2003.

(a)1. A member participating in this health insurance plan option *is* ~~shall be~~ eligible to receive an employer contribution into the employee's health savings account from the State Employees Health Insurance Trust Fund in an amount to be determined by the Legislature. A member is not eligible for an employer contribution upon termination of employment. For the *2011-2012* ~~2010-2011~~ fiscal year, the state's monthly contribution for employees having individual coverage shall be $41.66 and the monthly contribution for employees having family coverage shall be $83.33.

2. A member participating in this health insurance plan option *is* ~~shall be~~ eligible to deposit the member's own funds into a health savings account.

Section 60. In order to implement section 8 of the 2011-2012 General Appropriations Act, paragraph (j) of subsection (3) of section 110.123, Florida Statutes, is amended to read:

110.123 State group insurance program.—

(3) STATE GROUP INSURANCE PROGRAM.—

(j) Notwithstanding ~~the provisions of~~ paragraph (f) requiring uniform contributions, and for the *2011-2012* ~~2010-2011~~ fiscal year only, the state contribution toward the cost of any plan in the state group insurance plan *is* ~~shall be~~ the difference between the overall premium and the employee contribution. This subsection expires June 30, *2012* ~~2011~~.

Section 61. In order to implement specific appropriations for salaries and benefits in the 2011-2012 General Appropriations Act, paragraph (b) of subsection (3) of section 112.24, Florida Statutes, is amended to read:

112.24 Intergovernmental interchange of public employees.—To encourage economical and effective utilization of public employees in this state, the temporary assignment of employees among agencies of government, both state and local, and including school districts and public institutions of higher education is authorized under terms and conditions set forth in this section. State agencies, municipalities, and political subdivisions are authorized to enter into employee interchange agreements with other state agencies, the Federal Government, another state, a municipality, or a political subdivision including a school district, or with a public institution of higher education. State agencies are also authorized to enter into employee interchange agreements with private institutions of higher education and other nonprofit organizations under the terms and conditions provided in this section. In addition, the Governor or the Governor and Cabinet may enter into employee interchange agreements with a state agency, the Federal Government, another state, a municipality, or a political subdivision including a school district, or with a public institution of higher learning to fill, subject to the requirements of chapter 20, appointive offices which are within the executive branch of government and which are filled by appointment by the Governor or the Governor and Cabinet. Under no circumstances shall employee interchange agreements be utilized for the purpose of assigning individuals to participate in political campaigns. Duties and responsibilities of interchange employees shall be limited to the mission and goals of the agencies of government.

(3) Salary, leave, travel and transportation, and reimbursements for an employee of a sending party that is participating in an interchange program shall be handled as follows:

(b)1. The assignment of an employee of a state agency ~~either~~ on detail or on leave of absence may be made without reimbursement by the receiving party for the travel and transportation expenses to or from the place of the assignment or for the pay and benefits, or a part thereof, of the employee during the assignment.

2. For the *2011-2012* ~~2010-2011~~ fiscal year only, the assignment of an employee of a state agency as provided in subparagraph 1. may be made if recommended by the Governor or Chief Justice, as appropriate, and approved by the chairs of the *legislative appropriations committees* ~~Senate Policy and Steering Committee on Ways and Means and the House Full appropriations Council on Education and Economic Development~~. Such actions shall be deemed approved if neither chair provides written notice of objection within 14 days after the chair's receiving notice of the action pursuant to s. 216.177. This subparagraph expires July 1, *2012* ~~2011~~.

Section 62. *In order to implement Specific Appropriations 2536 and 2537 of the 2011-2012 General Appropriations Act and notwithstanding the provisions of s. 11.13(1), Florida Statutes, the authorized salaries for*

members of the Legislature for the 2011-2012 fiscal year shall be set at the same level in effect on July 1, 2010. This section expires July 1, 2012.

Section 63. If HB 5011 or similar legislation fails to become law and notwithstanding s. 27.709, Florida Statutes, in order to implement Specific Appropriations 760 through 762 of the 2011-2012 General Appropriations Act, subsection (1) of section 27.710, Florida Statutes, is amended to read:

27.710 Registry of attorneys applying to represent persons in postconviction capital collateral proceedings; certification of minimum requirements; appointment by trial court.—

(1) The executive director of the *Justice Administrative* Commission ~~on Capital Cases~~ shall compile and maintain a statewide registry of attorneys in private practice who have certified that they meet the minimum requirements of s. 27.704(2), who are available for appointment by the court under this section to represent persons convicted and sentenced to death in this state in postconviction collateral proceedings, and who have attended within the last year a continuing legal education program of at least 10 hours' duration devoted specifically to the defense of capital cases, if available. Continuing legal education programs meeting the requirements of this rule offered by The Florida Bar or another recognized provider and approved for continuing legal education credit by The Florida Bar ~~shall~~ satisfy this requirement. The failure to comply with this requirement may be cause for removal from the list until the requirement is fulfilled. To ensure that sufficient attorneys are available for appointment by the court, *if* ~~when~~ the number of attorneys on the registry falls below 50, the executive director shall notify the chief judge of each circuit by letter and request the chief judge to promptly submit the names of at least three private attorneys who regularly practice criminal law in that circuit and who appear to meet the minimum requirements to represent persons in postconviction capital collateral proceedings. The executive director shall send an application to each attorney identified by the chief judge so that the attorney may register for appointment as counsel in postconviction capital collateral proceedings. As necessary, the executive director may also advertise in legal publications and other appropriate media for qualified attorneys interested in registering for appointment as counsel in postconviction capital collateral proceedings. Not later than September 1 of each year, and as necessary thereafter, the executive director shall provide to the Chief Justice of the Supreme Court, the chief judge and state attorney in each judicial circuit, and the Attorney General a current copy of its registry of attorneys who are available for appointment as counsel in postconviction capital collateral proceedings. The registry must be indexed by judicial circuit and must contain the requisite information submitted by the applicants in accordance with this section.

Section 64. *The amendment to s. 27.710(1), Florida Statutes, shall expire July 1, 2012, and the text of that subsection shall revert to that in existence on June 30, 2011, except that any amendments to such text enacted other than by this act shall be preserved and continue to operate to the extent that such amendments are not dependent upon the portions of text which expire pursuant to this section.*

Section 65. In order to implement the transfer of funds to the State School Trust Fund from trust funds in the 2011-2012 General Appropriations Act, paragraph (b) of subsection (2) of section 215.32, Florida Statutes, is reenacted and amended to read:

215.32 State funds; segregation.—

(2) The source and use of each of these funds shall be as follows:

(b)1. The trust funds shall consist of moneys received by the state which under law or under trust agreement are segregated for a purpose authorized by law. The state agency or branch of state government receiving or collecting such moneys *are* ~~shall be~~ responsible for their proper expenditure as provided by law. Upon the request of the state agency or branch of state government responsible for the administration of the trust fund, the Chief Financial Officer may establish accounts within the trust fund at a level considered necessary for proper accountability. Once an account is established ~~within a trust fund~~, the Chief Financial Officer may authorize payment from that account only upon determining that there is sufficient cash and releases at the level of the account.

2. In addition to other trust funds created by law, to the extent possible, each agency shall use the following trust funds as described in this subparagraph for day-to-day operations:

a. Operations or operating trust fund, for use as a depository for funds to be used for program operations funded by program revenues, with the exception of administrative activities when the operations or operating trust fund is a proprietary fund.

b. Operations and maintenance trust fund, for use as a depository for client services funded by third-party payors.

c. Administrative trust fund, for use as a depository for funds to be used for management activities that are departmental in nature and funded by indirect cost earnings and assessments against trust funds. Proprietary funds are excluded from the requirement of using an administrative trust fund.

d. Grants and donations trust fund, for use as a depository for funds to be used for allowable grant or donor agreement activities funded by restricted contractual revenue from private and public nonfederal sources.

e. Agency working capital trust fund, for use as a depository for funds to be used pursuant to s. 216.272.

f. Clearing funds trust fund, for use as a depository for funds to account for collections pending distribution to lawful recipients.

g. Federal grant trust fund, for use as a depository for funds to be used for allowable grant activities funded by restricted program revenues from federal sources.

To the extent possible, each agency must adjust its internal accounting to use existing trust funds consistent with the requirements of this subparagraph. If an agency does not have trust funds listed in this subparagraph and cannot make such adjustment, the agency must recommend the creation of the necessary trust funds to the Legislature no later than the next scheduled review of the agency's trust funds pursuant to s. 215.3206.

3. All such moneys are hereby appropriated to be expended in accordance with the law or trust agreement under which they were received, subject always to the provisions of chapter 216 relating to the appropriation of funds and to the applicable laws relating to the deposit or expenditure of moneys in the State Treasury.

4.a. Notwithstanding any provision of law restricting the use of trust funds to specific purposes, unappropriated cash balances from selected trust funds may be authorized by the Legislature for transfer to the *State School Trust Fund,* Budget Stabilization Fund*,* and General Revenue Fund in the General Appropriations Act.

b. This subparagraph does not apply to trust funds required by federal programs or mandates; trust funds established for bond covenants, indentures, or resolutions whose revenues are legally pledged by the state or public body to meet debt service or other financial requirements of any debt obligations of the state or any public body; the Division of Licensing Trust Fund in the Department of Agriculture and Consumer Services; the State Transportation Trust Fund; the trust fund containing the net annual proceeds from the Florida Education Lotteries; the Florida Retirement System Trust Fund; trust funds under the management of the State Board of Education or the Board of Governors of the State University System, where such trust funds are for auxiliary enterprises, self-insurance, and contracts, grants, and donations, as those terms are defined by general law; trust funds that serve as clearing funds or accounts for the Chief Financial Officer or state agencies; trust funds that account for assets held by the state in a trustee capacity as an agent or fiduciary for individuals, private organizations, or other governmental units; and other trust funds authorized by the State Constitution.

Section 66. *The amendment to s. 215.32(2)(b), Florida Statutes, as carried forward by this act from chapter 2010-153, Laws of Florida, shall expire July 1, 2012, and the text of that subsection shall revert to that in existence on June 30, 2010, except that any amendments to such text enacted other than by this act shall be preserved and continue to operate to the extent that such amendments are not dependent upon the portions of text which expire pursuant to this section.*

Section 67. In order to implement the transfer of moneys to the General Revenue Fund from trust funds in the 2011-2012 General Appropriations Act, paragraph (b) of subsection (4) of section 215.5601, Florida Statutes, is reenacted and amended to read:

215.5601 Lawton Chiles Endowment Fund.—

(4) ADMINISTRATION.—

(b) The endowment shall be managed as an annuity. The investment objective *is the* ~~shall be~~ long-term preservation of the real value of the net contributed principal and a specified regular annual cash outflow for appropriation, as nonrecurring revenue. From the annual cash outflow, a pro rata share shall be used solely for biomedical research activities as provided in paragraph (3)(d), until such time as cures are found for tobacco-related cancer and heart and lung disease. Five percent of the annual cash outflow dedicated to the biomedical research portion of the endowment shall be reinvested and applied to that portion of the endowment's principal, with the remainder to be spent on biomedical research activities consistent with this section. The schedule of annual cash outflow *must* ~~shall~~ be included within the investment plan adopted under paragraph (a). Withdrawals other than specified regular cash outflow *are* ~~shall be~~ considered reductions in contributed principal for the purposes of this subsection.

Section 68. *The amendment to s. 215.5601(b), Florida Statutes, as carried forward by this act from chapter 2010-153, Laws of Florida, shall expire July 1, 2012, and the text of that subsection shall revert to that in existence on June 30, 2010, except that any amendments to such text enacted other than by this act shall be preserved and continue to operate to the extent that such amendments are not dependent upon the portions of text which expire pursuant to this section.*

Section 69. *In order to implement the issuance of new debt authorized in the 2011-2012 General Appropriations Act, and pursuant to s. 215.98, Florida Statutes, the Legislature determines that the authorization and issuance of debt for the 2011-2012 fiscal year should be implemented, is in the best interest of the state, and necessary to address a critical state emergency. This section expires July 1, 2012.*

Section 70. *In order to implement the funds appropriated in the 2011-2012 General Appropriations Act for state employee travel, the funds appropriated to each state agency, which may be used for travel by state employees, are limited during the 2011-2012 fiscal year to travel for activities that are critical to each state agency's mission. Funds may not be used to pay for travel by state employees to foreign countries, other states, conferences, staff-training activities, or other administrative functions unless the agency head has approved in writing that such activities are critical to the agency's mission. The agency head must consider the use of teleconferencing and other forms of electronic communication to meet the needs of the proposed activity before approving mission-critical travel. This section does not apply to travel for law enforcement purposes, military purposes, emergency management activities, or public health activities. This section expires July 1, 2012.*

Section 71. *In order to implement the appropriations authorized in the 2011-2012 General Appropriations Act for each of the state's designated primary data centers, which are funded from the data processing appropriation category and other categories used to pay for computing services of user agencies, and pursuant to the notice, review, and objection procedures of s. 216.177, Florida Statutes, the Executive Office of the Governor may transfer funds appropriated in any appropriation category used to pay for data processing in the 2011-2012 General Appropriations Act between agencies in order to align the budget authority granted with the utilization rate of each department. This section expires July 1, 2012.*

Section 72. *State agencies that are required to begin planning for a data center consolidation scheduled for a subsequent fiscal year may accelerate the consolidation into the 2011-2012 fiscal year, contingent upon approval by the Legislative Budget Commission of budget adjustments necessary to accomplish the consolidation. The primary data center may establish positions contingent on an equal or greater number of positions being placed in reserve from the agency data centers being consolidated. This section expires July 1, 2012.*

Section 73. *In order to implement Specific Appropriation 2690 of the 2011-2012 General Appropriations Act, the Executive Office of the Governor may transfer funds appropriated in the appropriation category "Expenses" of the 2011-2012 General Appropriations Act between agencies in order to allocate a reduction relating to SUNCOM Services. This section expires July 1, 2012.*

Section 74. In order to implement section 8 of the General Appropriations Act for the 2011-2012 fiscal year, paragraph (a) of subsection (7) of section 110.12315, Florida Statutes, is reenacted to read:

110.12315 Prescription drug program.—The state employees' prescription drug program is established. This program shall be administered by the Department of Management Services, according to the terms and conditions of the plan as established by the relevant provisions of the annual General Appropriations Act and implementing legislation, subject to the following conditions:

(7) Under the state employees' prescription drug program copayments must be made as follows:

(a) Effective January 1, 2011, for the State Group Health Insurance Standard Plan:

1. For generic drug with card . . . . . $7.
2. For preferred brand name drug with card. . . . . $30.
3. For nonpreferred brand name drug with card . . . . . $50.
4. For generic mail order drug . . . . . $14.
5. For preferred brand name mail order drug . . . . . $60.
6. For nonpreferred brand name mail order drug . . . . . $100.

Section 75. *The amendment to s. 110.12315(7)(a), Florida Statutes, as carried forward by this act from chapter 2010-153, Laws of Florida, shall expire on July 1, 2012, and the text of that paragraph shall revert to that in existence on December 31, 2010, except that any amendments to such text enacted other than by this act shall be preserved and continue to operate to the extent that such amendments are not dependent upon the portions of text which expire pursuant to this section.*

Section 76. *In order to implement Specific Appropriations 2587 through 2597 of the 2011-2012 General Appropriations Act, and notwithstanding chapter 255, Florida Statutes, the Department of Management Services shall use the services of a tenant broker to renegotiate all leases over 150,000 square feet. Based on the renegotiations, and by September 30, 2011, the department shall report to the Legislative Budget Commission the projected savings, implementation costs, and recommendations for leases to terminate.*

(1) The report shall also identify any leases that do not comply with state law or the State Constitution, including noncompliance due to a nonappropriation clause, and include recommendations to bring such leases into compliance by June 30, 2012.

(2) State agencies shall propose budget amendments pursuant to chapter 216, Florida Statutes, to place the budget authority associated with the cost savings into reserve. If it is determined that additional savings may be derived from consolidating, collocating, and or restacking office space, the Executive Office of the Governor may transfer funds appropriated between agencies, subject to the notice, review, and objection procedures of s. 216.177, Florida Statutes.

(3) This section expires July 1, 2012.

Section 77. *In order to implement appropriations used for the payments of existing lease contracts for private office or storage space in excess of 2,000 square feet, the Department of Management Services, together with the cooperation of the agencies having the existing lease contracts, shall seek to renegotiate or reprocure all private lease agreements expiring before June 30, 2013, in order to achieve a reduction in costs in future years. The department shall incorporate this initiative into its 2011 Master Leasing Report and may use tenant broker services to explore the possibilities of collocation, to review the space needs of each agency, and to review the length and terms of potential renewals or renegotiations. The department shall provide a report by March 1, 2012, to the Executive Office of the Governor, the President of the Senate, and the Speaker of the House of Representatives which lists each lease contract for*

private office or storage space, the status of renegotiations, and the savings achieved. This section expires July 1, 2012.

Section 78. *In order to implement specific appropriations for the purchase of pharmacy products in the 2011-2012 General Appropriations Act the Department of Management Services shall issue by November 1, 2011, a competitive solicitation pursuant to chapter 287 for a pharmaceutical purchasing arrangement as a state term contract. The solicitation shall invite group purchasing organizations or other vendors to offer a system for drug purchasing, excluding those drugs purchased by Medicaid, which provides transparent pricing to the extent permitted by federal law, permits purchases outside the agreement if such purchases offer the best value to the state, and establishes a preferred drug list that utilizes generic drugs to the extent feasible and cost effective. The department shall work with other agencies with subject matter expertise in the implementation of this section. Award of any contract is contingent upon the approval of the Legislative Budget Commission that the requirements of this section have been met. Upon approval of the Legislative Budget Commission, the Department of Health shall terminate its participation in the Minnesota Multistate Contracting Alliance for Pharmacy.*

Section 79. *In order to implement Specific Appropriation 193 of the 2011-2012 General Appropriations Act and notwithstanding chapter 287, Florida Statutes, the Agency for Health Care Administration shall competitively reprocure a Florida Discount Drug Card Program to provide market competitive discounts through a broad network of retail pharmacies and a mail order pharmacy within the state and return money to the state on a per prescription dispensed basis. Discounts shall be available to Florida residents without income restrictions. Residents shall be able to enroll and acquire a member identification card from the participating pharmacies, online and through text messaging, without a charge. Revenues derived from this contract shall be deposited into the agency's Grants and Donations Trust Fund to reduce the cost of Medicaid pharmacy purchases. This section expires July 1, 2012.*

Section 80. In order to implement specific appropriations for Expense and Other Capital Outlay in the 2011-2012 General Appropriations Act, subsection (8) is added to section 946.515, Florida Statutes, to read:

946.515 Use of goods and services produced in correctional work programs.—

(8) On June 30, 2012, each state agency must submit a report to the President of the Senate and the Speaker of the House of Representatives which lists products or services obtained from a source other than the corporation when a comparable product or service could have been obtained from the corporation. The report must include an explanation of why the product or service was not obtained from the corporation. This subsection expires July 1, 2012.

Section 81. *Any section of this act which implements a specific appropriation or specifically identified proviso language in the 2011-2012 General Appropriations Act is void if the specific appropriation or specifically identified proviso language is vetoed. Any section of this act which implements more than one specific appropriation or more than one portion of specifically identified proviso language in the 2011-2012 General Appropriations Act is void if all the specific appropriations or portions of specifically identified proviso language are vetoed.*

Section 82. *If any other act passed during the 2011 Regular Session contains a provision that is substantively the same as a provision in this act, but that removes or is otherwise not subject to the future repeal applied to such provision by this act, the Legislature intends that the provision in the other act takes precedence and continues to operate, notwithstanding the future repeal provided by this act.*

Section 83. *If any provision of this act or its application to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.*

Section 84. Except as otherwise expressly provided in this act and except for this section, which shall take effect upon this act becoming a law, this act shall take effect July 1, 2011; or, if this act fails to become a law until after that date, it shall take effect upon becoming a law and shall operate retroactively to July 1, 2011.

And the title is amended as follows:

Delete everything before the enacting clause and insert: A bill to be entitled An act implementing the 2011-2012 General Appropriations Act; providing legislative intent; incorporating by reference certain calculations of the Florida Education Finance Program for the 2011-2012 fiscal year; amending s. 216.292, F.S.; authorizing the transfer of funds between appropriation categories to fund fixed capital outlay projects for public schools upon certain approval; authorizing the use of funds from the Workers' Compensation Administration Trust Fund for the Ready to Work Program; authorizing a university board of trustees to expend reserve or carry-forward balances for the establishment of a new campus; amending s. 394.908, F.S.; providing allocation requirements for specified funds appropriated for forensic mental health services; providing requirements relating to implementing phase 3 of the Department of Health's Florida Onsite Sewage Nitrogen Reduction Strategies Study; amending s. 1 of chapter 2007-174, Laws of Florida; revising the expiration of provisions authorizing certain flexibility for the Department of Children and Family Services with respect to its organizational structure; incorporating by reference certain calculations of the Medicaid Low-Income Pool, Disproportionate Share Hospital, and Hospital Exemptions Programs; requiring certain budget amendments recommending the release of funds to provide more notice and be subject to certain objection procedures; revising specified appropriations in the General Appropriations Act with respect to the rates for the Title XIX Inpatient Hospital Reimbursement Plan; providing an appropriation for certain public hospitals; revising an appropriation in the General Appropriations Act to implement rates for the Title XIX Outpatient Hospital Reimbursement Plan; requiring the Department of Health to present a plan to the Legislative Budget Commission which estimates the workload and funding needs to implement the onsite sewage treatment and disposal system evaluation program; authorizing the Department of Corrections and the Department of Juvenile Justice to make certain expenditures to defray costs incurred by a municipality or county as a result of opening or operating a facility under the authority of the respective entity; amending s. 216.262, F.S.; providing for additional positions to operate additional prison bed capacity under certain circumstances; authorizing the Department of Legal Affairs to transfer certain funds to pay salaries and benefits; authorizing the Department of Legal Affairs to spend certain appropriated funds on programs that were funded by the department from specific appropriations in general appropriations acts in previous years; amending s. 932.7055, F.S.; authorizing a municipality to expend funds from its special law enforcement trust fund to reimburse the municipality's general fund; requiring that the Department of Juvenile Justice comply with specified reimbursement limitations with respect to payments to hospitals or health care providers for health care services; authorizing certain payments pursuant to a contracted rate only until the contract expires or is renewed; defining the term "hospital" for purposes of such limitations; relieving the state court system of certain loan repayment obligations; amending s. 215.18, F.S.; providing for trust fund loans to the state court system sufficient to meet its appropriation; providing that any funds remaining in the Clerks of the Courts Trust Fund remain available to the clerks; amending s. 29.008, F.S.; providing counties with an exemption from the requirement to annually increase certain expenditures by a specified percentage; amending s. 282.709, F.S.; allowing funds from the State Agency Law Enforcement Radio System Trust Fund to be used for mutual aid buildout maintenance and sustainment; requiring the Florida Catastrophic Storm Risk Management Center at Florida State University to conduct an analysis using certain data; requiring the Department of Management Services to use certain interest earnings to fund the administration of the MyFlorida.com portal; amending s. 253.034, F.S.; authorizing the deposit of funds derived from the sale of property by the Department of Citrus into the Citrus Advertising Trust Fund; amending s. 601.15, F.S.; specifying the maximum tax rate for standard-packed boxes of citrus fruit; providing for the future expiration of such amendment and for the reversion of statutory text; amending s. 601.10, F.S.; providing for the executive director of the Department of Citrus to be appointed by a majority vote of the commission, subject to confirmation by the Senate; providing for the future expiration of such amendment and for the reversion of statutory text; amending s. 375.041, F.S.; providing for the transfer of moneys from the Land Acquisition Trust Fund to support the Total Maximum Daily Loads programs; amending s. 373.59, F.S.; providing for the allocation of moneys from the Water Management Lands Trust Fund for certain purposes; reenacting s. 403.1651(1)(g), F.S., relating to the use of funds from the Ecosystem Management and Restoration Trust Fund for the purpose of funding

activities to preserve and repair the state's beaches; providing for the future expiration of certain amendments to such provision and for the reversion of statutory text; amending s. 570.20, F.S.; delaying the expiration of provisions authorizing the Department of Agriculture and Consumer Services to use funds from the General Inspection Trust Fund for certain programs; amending s. 403.7095, F.S.; requiring that the Department of Environmental Protection award a specified amount in grants to certain counties for solid waste programs; authorizing the Department of Agriculture and Consumer Services to extend, revise, and renew current contracts or agreements created or entered into for the purpose of promotion of agriculture; providing that the disposition of state-owned lands is exempt from appraisal requirements and disposition requirements under certain circumstances; requiring state agencies to provide a list of lands that are immediately available for lease or are surplus lands; requiring that the proceeds from the sale of such lands be deposited into the Florida Forever Trust Fund; amending s. 379.204, F.S.; authorizing the Fish and Wildlife Conservation Commission to transfer funds to the Federal Grants Trust Fund to support cash flow needs; requiring the Fish and Wildlife Conservation Commission to suspend publication of the Florida Wildlife Magazine and the operations of the advisory council for the 2011-2012 fiscal year; amending s. 339.135, F.S.; delaying the expiration of certain provisions that permit the Department of Transportation to reduce work program levels to balance the finance plan to revised funding levels; delaying the expiration of certain provisions relating to the specifications of the department's cash balances before a project or phase may be deferred; delaying the expiration of certain provisions relating to the specifications of the department's cash balances before a project or phase may be deferred; providing that certain reductions do not negatively impact safety or maintenance or project contingency percentage levels as of a specified date; providing for use of transportation revenues; amending s. 339.08, F.S.; delaying the expiration of provisions relating to the use of moneys in the State Transportation Trust Fund for certain administrative expenses; authorizing the transfer of funds from the State Transportation Trust Fund to the State School Trust Fund under certain circumstances; providing for all vehicles within the Office of Motor Carrier Compliance to be transferred to the Department of Highway Safety and Motor Vehicles without the payment of certain fees; amending s. 445.009, F.S.; providing that a participant in an adult or youth work experience activity under ch. 445, F.S., is an employee of the state for purposes of workers' compensation coverage; reenacting s. 163.3247(3)(d), F.S., relating to members of the Century Commission for a Sustainable Florida serving without compensation; providing for the future expiration of certain amendments to such provision and for the reversion of statutory text; reenacting s. 201.15(1)(c), F.S., relating to funds deposited into the Grants and Donations Trust Fund in the Department of Community Affairs which are used to fund technical assistance to local governments and school boards; providing for the future expiration of certain amendments to such provision and for the reversion of statutory text; amending s. 206.608, F.S.; providing for continued use of certain taxes deposited into the State Transportation Trust Fund by the Department of Transportation; prohibiting the transfer of funds from the Highway Safety Operating Trust Fund to the Transportation Disadvantaged Trust Fund; including funding for passenger rail in the Transportation Systems Development budget entity; providing that certain sworn law enforcement positions in the Office of Motor Carrier Compliance be placed in the career service upon transfer to the Department of Highway Safety and Motor Vehicles; providing for permanent status upon the transfer of certain positions; authorizing the Department of Transportation to use funds from the Toll Facilities Revolving Trust Fund for certain purposes; authorizing the Executive Office of the Governor to transfer funds between departments for purposes of aligning amounts paid for risk management premiums and for purposes of aligning amounts paid for human resource management services; amending s. 110.123, F.S., relating to the state group insurance program; providing that the state contribution toward the cost of a plan is the difference between the overall premium and the employee contribution; amending s. 112.24, F.S.; providing conditions on the assignment of an employee of a state agency without reimbursement from the receiving agency; providing that the annual salary of the members of the Legislature be maintained at a specified level; amending s. 27.710, F.S.; clarifying certain duties of the executive director of the Justice Administration Commission on Capital Cases; providing for the future expiration of the amendment to such provision and for the reversion of statutory text; reenacting and amending s. 215.32(2)(b), F.S., relating to the source and use of certain trust funds in order to implement the transfer of moneys in the General Revenue Fund from trust funds in the 2011-2012 General Appropriations Act; providing for the future expiration of certain amendments to such provision and for the reversion of statutory text; reenacting and amending s. 215.5601(4)(b), F.S., relating to the administration of the Lawton Chiles Endowment Fund; providing for the future expiration of certain amendments to such provision and for the reversion of statutory text; providing a legislative finding that the issuance of new debt is in the best interests of the state and necessary to address a critical state emergency; limiting the use of travel funds to activities that are critical to an agency's mission; providing exceptions; authorizing agencies scheduled for data center consolidation to accelerate such consolidation; authorizing the establishment of data center positions in exchange for agency positions placed in reserve; authorizing the Executive Office of the Governor to transfer funds between agencies in order to allocate a reduction relating to SUNCOM; reenacting s. 110.12315(7)(a), F.S., relating to copayments for the state employees' prescription drug program; providing for the future expiration of certain amendments to such provision and for the reversion of statutory text; directing the Department of Management Services to use a tenant broker to renegotiate certain leases and provide a report to the Legislature; requiring the department to renegotiate certain leases and report to the Legislature; requiring the department to issue a solicitation for the Minnesota Multistate Contracting Alliance for Pharmacy agreement as a state term contract; requiring the department to use generic drugs were feasible in developing its preferred drug list; requiring the Agency for Health Care Administration to reprocure the Florida Discount Drug Card Program; providing requirements for the program; providing that revenues derived from the contract be deposited into the agency's Grants and Donations Trust Fund; amending s. 946.515, F.S.; requiring each state agency to submit a report to the Legislature listing products or services obtained from sources other than the prison industries corporation; providing for the effect of a veto of one or more specific appropriations or proviso to which implementing language refers; providing for reversion of statutory text of certain provisions; providing for the continued operation of certain provisions notwithstanding a future repeal or expiration provided by the act; providing for severability; providing effective dates.

On motion by Senator Alexander, the Conference Committee Report on **SB 2002** was adopted. **SB 2002** passed as amended by the Conference Committee Report and was certified to the House together with the Conference Committee Report. The vote on passage was:

Yeas—32

Mr. President	Fasano	Negron
Alexander	Flores	Norman
Altman	Gaetz	Oelrich
Benacquisto	Garcia	Richter
Bennett	Gardiner	Ring
Bogdanoff	Hays	Simmons
Dean	Hill	Siplin
Detert	Jones	Storms
Diaz de la Portilla	Latvala	Thrasher
Dockery	Lynn	Wise
Evers	Margolis	

Nays—7

Braynon	Rich	Sobel
Joyner	Sachs	
Montford	Smith	

Vote after roll call:

Yea to Nay—Hill

The Honorable Mike Haridopolos, President

I am directed to inform the Senate that the House of Representatives has accepted the Conference Committee Report as an entirety and passed HB 7207, as amended by the Conference Committee Report.

Robert L. "Bob" Ward, Clerk

CONFERENCE COMMITTEE REPORT ON HB 7207

The Honorable Mike Haridopolos May 5, 2011
President of the Senate

The Honorable Dean Cannon
Speaker, House of Representatives

Dear Mr. President and Mr. Speaker:

Your Conference Committee on the disagreeing votes of the two houses on HB 7207, same being:

An act relating to trust funds.

having met, and after full and free conference, do recommend to their respective houses as follows:

1. That the Senate recede from its Amendment 1.
2. That the Senate and House of Representatives adopt the Conference Committee Amendment attached hereto, and by reference made a part of this report.

Managers on the part of the House

The Conference Committee Amendment for HB 7207, 1st Eng., relating to growth management, provides for the following:

The growth management conference bill:

- Makes concurrency for parks and recreation, schools, and transportation facilities optional for local governments.
- Applies and revises the expedited comprehensive plan amendment process statewide.
- Deletes the requirement that comprehensive plans be financially feasible.
- Deletes the twice a year limitation on comprehensive plan amendments.
- Revises the small scale amendment process.
- Specifies that population projections should be a floor for requisite development except for areas of critical state concern.
- Allows additional planning periods for specific parts of the comprehensive plan.
- Abolishes 9J-5 (DCA's growth management regulations and incorporates certain provisions into the bill).
- Removes many of the state specifications and requirements for optional elements in the comprehensive plan, but allows local governments to continue to include optional elements.
- Expands and revises the optional sector plan process.
- Reduces the requirements of the evaluation and appraisal process.
- Revises the rural land stewardship program.
- Restricts the state's ability to interpret joint planning agreements.
- Clarifies and broadens the window for permit extensions.
- Creates a 4-year development of regional impact permit extension.
- Removes industrial areas, hotels/motels, and theaters from the list of developments of regional impact.
- Creates an exemption from the DRI process for mining projects and allows those mines to enter into agreements with the Department of Transportation.
- Adds a new 2-year permit extension, but caps the maximum extension at 4 years.
- Prohibits local governments from having referenda for local comprehensive plan amendments.
- Encourages planning innovation technical assistance.
- Sunsets the Century Commission in two years.
- Clarifies requirements for adopting criteria to address compatibility of lands relating to military installations.
- Allows a certain plan amendment to be readopted by a local government without being resubmitted to the state land planning agency.
- Clarifies when a local government can reject a proposed change to a development of regional impact.
- Encourages adaptation strategies.
- Requires DOT to study the proportionate share calculation.
- Allows DCA to have procedural issues on their website.
- The effective date of this bill is upon becoming law.

Conference Committee Amendment (331967)(with title amendment)—Remove everything after the enacting clause and insert:

Section 1. Subsection (26) of section 70.51, Florida Statutes, is amended to read:

70.51 Land use and environmental dispute resolution.—

(26) A special magistrate's recommendation under this section constitutes data in support of, and a support document for, a comprehensive plan or comprehensive plan amendment, but is not, in and of itself, dispositive of a determination of compliance with chapter 163. ~~Any comprehensive plan amendment necessary to carry out the approved recommendation of a special magistrate under this section is exempt from the twice-a-year limit on plan amendments and may be adopted by the local government amendments in s. 163.3184(16)(d).~~

Section 2. Paragraphs (h) through (l) of subsection (3) of section 163.06, Florida Statutes, are redesignated as paragraphs (g) through (k), respectively, and present paragraph (g) of that subsection is amended to read:

163.06 Miami River Commission.—

(3) The policy committee shall have the following powers and duties:

~~(g) Coordinate a joint planning area agreement between the Department of Community Affairs, the city, and the county under the provisions of s. 163.3177(11)(a), (b), and (c).~~

Section 3. Subsection (4) of section 163.2517, Florida Statutes, is amended to read:

163.2517 Designation of urban infill and redevelopment area.—

(4) In order for a local government to designate an urban infill and redevelopment area, it must amend its comprehensive land use plan under s. 163.3187 to delineate the boundaries of the urban infill and redevelopment area within the future land use element of its comprehensive plan pursuant to its adopted urban infill and redevelopment plan. The state land planning agency shall review the boundary delineation of the urban infill and redevelopment area in the future land use element under s. 163.3184. However, an urban infill and redevelopment plan adopted by a local government is not subject to review for compliance as defined by s. 163.3184(1)(b), and the local government is not required to adopt the plan as a comprehensive plan amendment. ~~An amendment to the local comprehensive plan to designate an urban infill and redevelopment area is exempt from the twice-a-year amendment limitation of s. 163.3187.~~

Section 4. Section 163.3161, Florida Statutes, is amended to read:

163.3161 Short title; intent and purpose.—

(1) This part shall be known and may be cited as the "*Community* ~~Local Government Comprehensive~~ Planning ~~and Land Development Regulation~~ Act."

(2) ~~In conformity with, and in furtherance of, the purpose of the Florida Environmental Land and Water Management Act of 1972, chapter 380,~~ It is the purpose of this act to utilize and strengthen the existing role, processes, and powers of local governments in the establishment and implementation of comprehensive planning programs to guide and *manage* ~~control~~ future development *consistent with the proper role of local government*.

(3) *It is the intent of this act to focus the state role in managing growth under this act to protecting the functions of important state resources and facilities.*

(4) It is the intent of this act that ~~its adoption is necessary so that~~ local governments *have the ability to* ~~can~~ preserve and enhance present advantages; encourage the most appropriate use of land, water, and resources, consistent with the public interest; overcome present handicaps; and deal effectively with future problems that may result from the use and development of land within their jurisdictions. Through the process of comprehensive planning, it is intended that units of local government can preserve, promote, protect, and improve the public health, safety, comfort, good order, appearance, convenience, law enforcement and fire prevention, and general welfare; ~~prevent the overcrowding of land and avoid undue concentration of population;~~ facilitate the adequate and efficient provision of transportation, water, sewerage, schools, parks, recreational facilities, housing, and other requirements and services; and conserve, develop, utilize, and protect natural resources within their jurisdictions.

(5)~~(4)~~ It is the intent of this act to encourage and *ensure* ~~assure~~ cooperation between and among municipalities and counties and to encourage and *ensure* ~~assure~~ coordination of planning and development activities of units of local government with the planning activities of regional agencies and state government in accord with applicable provisions of law.

(6)~~(5)~~ It is the intent of this act that adopted comprehensive plans shall have the legal status set out in this act and that no public or private development shall be permitted except in conformity with comprehensive plans, or elements or portions thereof, prepared and adopted in conformity with this act.

(7)~~(6)~~ It is the intent of this act that the activities of units of local government in the preparation and adoption of comprehensive plans, or elements or portions therefor, shall be conducted in conformity with ~~the provisions of~~ this act.

(8)~~(7)~~ The provisions of this act in their interpretation and application are declared to be the minimum requirements necessary to accomplish the stated intent, purposes, and objectives of this act; to protect human, environmental, social, and economic resources; and to maintain, through orderly growth and development, the character and stability of present and future land use and development in this state.

(9)~~(8)~~ It is the intent of the Legislature that the repeal of ss. 163.160 through 163.315 by s. 19 of chapter 85-55, Laws of Florida, *and amendments to this part by this chapter law,* ~~shall~~ not be interpreted to limit or restrict the powers of municipal or county officials, but ~~shall~~ be interpreted as a recognition of their broad statutory and constitutional powers to plan for and regulate the use of land. It is, further, the intent of the Legislature to reconfirm that ss. *163.3161-*

163.3248 ~~163.3161 through 163.3215~~ have provided and do provide the necessary statutory direction and basis for municipal and county officials to carry out their comprehensive planning and land development regulation powers, duties, and responsibilities.

(10)~~(9)~~ It is the intent of the Legislature that all governmental entities in this state recognize and respect judicially acknowledged or constitutionally protected private property rights. It is the intent of the Legislature that all rules, ordinances, regulations, *comprehensive plans and amendments thereto,* and programs adopted under the authority of this act must be developed, promulgated, implemented, and applied with sensitivity for private property rights and not be unduly restrictive, and property owners must be free from actions by others which would harm their property *or which would constitute an inordinate burden on property rights as those terms are defined in s. 70.001(3)(e) and (f).* Full and just compensation or other appropriate relief must be provided to any property owner for a governmental action that is determined to be an invalid exercise of the police power which constitutes a taking, as provided by law. Any such relief must *ultimately* be determined in a judicial action.

(11) It is the intent of this part that the traditional economic base of this state, agriculture, tourism, and military presence, be recognized and protected. Further, it is the intent of this part to encourage economic diversification, workforce development, and community planning.

(12) It is the intent of this part that new statutory requirements created by the Legislature will not require a local government whose plan has been found to be in compliance with this part to adopt amendments implementing the new statutory requirements until the evaluation and appraisal period provided in s. 163.3191, unless otherwise specified in law. However, any new amendments must comply with the requirements of this part.

Section 5. Subsections (2) through (5) of section 163.3162, Florida Statutes, are renumbered as subsections (1) through (4), respectively, and present subsections (1) and (5) of that section are amended to read:

163.3162 Agricultural Lands and Practices ~~Act~~.—

~~(1) SHORT TITLE. This section may be cited as the "Agricultural Lands and Practices Act."~~

(4)~~(5)~~ AMENDMENT TO LOCAL GOVERNMENT COMPREHENSIVE PLAN.—The owner of a parcel of land defined as an agricultural enclave under s. 163.3164~~(33)~~ may apply for an amendment to the local government comprehensive plan pursuant to s. *163.3184* ~~163.3187~~. Such amendment is presumed *not* to be *urban sprawl as defined in s. 163.3164 if it includes* ~~consistent with rule 9J-5.006(5), Florida Administrative Code, and may include~~ land uses and intensities of use that are consistent with the uses and intensities of use of the industrial, commercial, or residential areas that surround the parcel. This presumption may be rebutted by clear and convincing evidence. Each application for a comprehensive plan amendment under this subsection for a parcel larger than 640 acres must include appropriate new urbanism concepts such as

clustering, mixed-use development, the creation of rural village and city centers, and the transfer of development rights in order to discourage urban sprawl while protecting landowner rights.

(a) The local government and the owner of a parcel of land that is the subject of an application for an amendment shall have 180 days following the date that the local government receives a complete application to negotiate in good faith to reach consensus on the land uses and intensities of use that are consistent with the uses and intensities of use of the industrial, commercial, or residential areas that surround the parcel. Within 30 days after the local government's receipt of such an application, the local government and owner must agree in writing to a schedule for information submittal, public hearings, negotiations, and final action on the amendment, which schedule may thereafter be altered only with the written consent of the local government and the owner. Compliance with the schedule in the written agreement constitutes good faith negotiations for purposes of paragraph (c).

(b) Upon conclusion of good faith negotiations under paragraph (a), regardless of whether the local government and owner reach consensus on the land uses and intensities of use that are consistent with the uses and intensities of use of the industrial, commercial, or residential areas that surround the parcel, the amendment must be transmitted to the state land planning agency for review pursuant to s. 163.3184. If the local government fails to transmit the amendment within 180 days after receipt of a complete application, the amendment must be immediately transferred to the state land planning agency for such review ~~at the first available transmittal cycle~~. A plan amendment transmitted to the state land planning agency submitted under this subsection is presumed *not* to be *urban sprawl as defined in s. 163.3164* ~~consistent with rule 9J-5.006(5), Florida Administrative Code~~. This presumption may be rebutted by clear and convincing evidence.

(c) If the owner fails to negotiate in good faith, a plan amendment submitted under this subsection is not entitled to the rebuttable presumption under this subsection in the negotiation and amendment process.

(d) Nothing within this subsection relating to agricultural enclaves shall preempt or replace any protection currently existing for any property located within the boundaries of the following areas:

1. The Wekiva Study Area, as described in s. 369.316; or

2. The Everglades Protection Area, as defined in s. 373.4592(2).

Section 6. Section 163.3164, Florida Statutes, is amended to read:

163.3164 *Community* ~~Local Government Comprehensive~~ Planning ~~and Land Development Regulation~~ Act; definitions.—As used in this act:

(1) *"Adaptation action area" or "adaptation area" means a designation in the coastal management element of a local government's comprehensive plan which identifies one or more areas that experience coastal flooding due to extreme high tides and storm surge, and that are vulnerable to the related impacts of rising sea levels for the purpose of prioritizing funding for infrastructure needs and adaptation planning.*

(2) "Administration Commission" means the Governor and the Cabinet, and for purposes of this chapter the commission shall act on a simple majority vote, except that for purposes of imposing the sanctions provided in s. 163.3184*(8)*~~(11)~~, affirmative action shall require the approval of the Governor and at least three other members of the commission.

(3) "Affordable housing" has the same meaning as in s. 420.0004(3).

(4)~~(33)~~ "Agricultural enclave" means an unincorporated, undeveloped parcel that:

(a) Is owned by a single person or entity;

(b) Has been in continuous use for bona fide agricultural purposes, as defined by s. 193.461, for a period of 5 years prior to the date of any comprehensive plan amendment application;

(c) Is surrounded on at least 75 percent of its perimeter by:

1. Property that has existing industrial, commercial, or residential development; or

2. Property that the local government has designated, in the local government's comprehensive plan, zoning map, and future land use map, as land that is to be developed for industrial, commercial, or residential purposes, and at least 75 percent of such property is existing industrial, commercial, or residential development;

(d) Has public services, including water, wastewater, transportation, schools, and recreation facilities, available or such public services are scheduled in the capital improvement element to be provided by the local government or can be provided by an alternative provider of local government infrastructure in order to ensure consistency with applicable concurrency provisions of s. 163.3180; and

(e) Does not exceed 1,280 acres; however, if the property is surrounded by existing or authorized residential development that will result in a density at buildout of at least 1,000 residents per square mile, then the area shall be determined to be urban and the parcel may not exceed 4,480 acres.

(5) "Antiquated subdivision" means a subdivision that was recorded or approved more than 20 years ago and that has substantially failed to be built and the continued buildout of the subdivision in accordance with the subdivision's zoning and land use purposes would cause an imbalance of land uses and would be detrimental to the local and regional economies and environment, hinder current planning practices, and lead to inefficient and fiscally irresponsible development patterns as determined by the respective jurisdiction in which the subdivision is located.

(6)~~(2)~~ "Area" or "area of jurisdiction" means the total area qualifying under ~~the provisions of~~ this act, whether this be all of the lands lying within the limits of an incorporated municipality, lands in and adjacent to incorporated municipalities, all unincorporated lands within a county, or areas comprising combinations of the lands in incorporated municipalities and unincorporated areas of counties.

(7) "Capital improvement" means physical assets constructed or purchased to provide, improve, or replace a public facility and which are typically large scale and high in cost. The cost of a capital improvement is generally nonrecurring and may require multiyear financing. For the purposes of this part, physical assets that have been identified as existing or projected needs in the individual comprehensive plan elements shall be considered capital improvements.

(8)~~(3)~~ "Coastal area" means the 35 coastal counties and all coastal municipalities within their boundaries ~~designated coastal by the state land planning agency~~.

(9) "Compatibility" means a condition in which land uses or conditions can coexist in relative proximity to each other in a stable fashion over time such that no use or condition is unduly negatively impacted directly or indirectly by another use or condition.

(10)~~(4)~~ "Comprehensive plan" means a plan that meets the requirements of ss. 163.3177 and 163.3178.

(11) "Deepwater ports" means the ports identified in s. 403.021(9).

(12) "Density" means an objective measurement of the number of people or residential units allowed per unit of land, such as residents or employees per acre.

(13)~~(5)~~ "Developer" means any person, including a governmental agency, undertaking any development as defined in this act.

(14)~~(6)~~ "Development" has the *same* meaning *as* ~~given it~~ in s. 380.04.

(15)~~(7)~~ "Development order" means any order granting, denying, or granting with conditions an application for a development permit.

(16)~~(8)~~ "Development permit" includes any building permit, zoning permit, subdivision approval, rezoning, certification, special exception, variance, or any other official action of local government having the effect of permitting the development of land.

(17)~~(25)~~ "Downtown revitalization" means the physical and economic renewal of a central business district of a community as designated by

local government, and includes both downtown development and redevelopment.

(18) "Floodprone areas" means areas inundated during a 100-year flood event or areas identified by the National Flood Insurance Program as an A Zone on flood insurance rate maps or flood hazard boundary maps.

(19) "Goal" means the long-term end toward which programs or activities are ultimately directed.

(20)~~(9)~~ "Governing body" means the board of county commissioners of a county, the commission or council of an incorporated municipality, or any other chief governing body of a unit of local government, however designated, or the combination of such bodies where joint utilization of ~~the provisions of~~ this act is accomplished as provided herein.

(21)~~(10)~~ "Governmental agency" means:

(a) The United States or any department, commission, agency, or other instrumentality thereof.

(b) This state or any department, commission, agency, or other instrumentality thereof.

(c) Any local government, as defined in this section, or any department, commission, agency, or other instrumentality thereof.

(d) Any school board or other special district, authority, or governmental entity.

(22) "Intensity" means an objective measurement of the extent to which land may be developed or used, including the consumption or use of the space above, on, or below ground; the measurement of the use of or demand on natural resources; and the measurement of the use of or demand on facilities and services.

(23) "Internal trip capture" means trips generated by a mixed-use project that travel from one on-site land use to another on-site land use without using the external road network.

(24)~~(11)~~ "Land" means the earth, water, and air, above, below, or on the surface, and includes any improvements or structures customarily regarded as land.

(25)~~(22)~~ "Land development regulation commission" means a commission designated by a local government to develop and recommend, to the local governing body, land development regulations which implement the adopted comprehensive plan and to review land development regulations, or amendments thereto, for consistency with the adopted plan and report to the governing body regarding its findings. The responsibilities of the land development regulation commission may be performed by the local planning agency.

(26)~~(23)~~ "Land development regulations" means ordinances enacted by governing bodies for the regulation of any aspect of development and includes any local government zoning, rezoning, subdivision, building construction, or sign regulations or any other regulations controlling the development of land, except that this definition *does* ~~shall~~ not apply in s. 163.3213.

(27)~~(12)~~ "Land use" means the development that has occurred on the land, the development that is proposed by a developer on the land, or the use that is permitted or permissible on the land under an adopted comprehensive plan or element or portion thereof, land development regulations, or a land development code, as the context may indicate.

(28) "Level of service" means an indicator of the extent or degree of service provided by, or proposed to be provided by, a facility based on and related to the operational characteristics of the facility. Level of service shall indicate the capacity per unit of demand for each public facility.

(29)~~(13)~~ "Local government" means any county or municipality.

(30)~~(14)~~ "Local planning agency" means the agency designated to prepare the comprehensive plan or plan amendments required by this act.

(31)~~(15)~~ ~~A~~ "Newspaper of general circulation" means a newspaper published at least on a weekly basis and printed in the language most commonly spoken in the area within which it circulates, but does not include a newspaper intended primarily for members of a particular professional or occupational group, a newspaper whose primary function is to carry legal notices, or a newspaper that is given away primarily to distribute advertising.

(32) "New town" means an urban activity center and community designated on the future land use map of sufficient size, population and land use composition to support a variety of economic and social activities consistent with an urban area designation. New towns shall include basic economic activities; all major land use categories, with the possible exception of agricultural and industrial; and a centrally provided full range of public facilities and services that demonstrate internal trip capture. A new town shall be based on a master development plan.

(33) "Objective" means a specific, measurable, intermediate end that is achievable and marks progress toward a goal.

(34)~~(16)~~ "Parcel of land" means any quantity of land capable of being described with such definiteness that its locations and boundaries may be established, which is designated by its owner or developer as land to be used, or developed as, a unit or which has been used or developed as a unit.

(35)~~(17)~~ "Person" means an individual, corporation, governmental agency, business trust, estate, trust, partnership, association, two or more persons having a joint or common interest, or any other legal entity.

(36) "Policy" means the way in which programs and activities are conducted to achieve an identified goal.

(37)~~(28)~~ "Projects that promote public transportation" means projects that directly affect the provisions of public transit, including transit terminals, transit lines and routes, separate lanes for the exclusive use of public transit services, transit stops (shelters and stations), office buildings or projects that include fixed-rail or transit terminals as part of the building, and projects which are transit oriented and designed to complement reasonably proximate planned or existing public facilities.

(38)~~(24)~~ "Public facilities" means major capital improvements, including~~, but not limited to,~~ transportation, sanitary sewer, solid waste, drainage, potable water, educational, parks and recreational~~, and health systems and~~ facilities~~, and spoil disposal sites for maintenance dredging located in the intracoastal waterways, except for spoil disposal sites owned or used by ports listed in s. 403.021(9)(b)~~.

(39)~~(18)~~ "Public notice" means notice as required by s. 125.66(2) for a county or by s. 166.041(3)(a) for a municipality. The public notice procedures required in this part are established as minimum public notice procedures.

(40)~~(19)~~ "Regional planning agency" means the *council created pursuant to chapter 186* ~~agency designated by the state land planning agency to exercise responsibilities under law in a particular region of the state~~.

(41) "Seasonal population" means part-time inhabitants who use, or may be expected to use, public facilities or services, but are not residents and includes tourists, migrant farmworkers, and other short-term and long-term visitors.

(42)~~(31)~~ "~~Optional~~ Sector plan" means *the* ~~an optional~~ process authorized by s. 163.3245 in which one or more local governments *engage in long-term planning for a large area and* ~~by agreement with the state land planning agency are allowed to~~ address *regional* ~~development of regional impact~~ issues *through adoption of detailed specific area plans within the planning area* ~~within certain designated geographic areas identified in the local comprehensive plan~~ as a means of fostering innovative planning and development strategies ~~in s. 163.3177(11)(a) and (b)~~, furthering the purposes of this part and part I of chapter 380, reducing overlapping data and analysis requirements, protecting regionally significant resources and facilities, and addressing extrajurisdictional impacts. *The term includes an optional sector plan that was adopted before the effective date of this act.*

(43)~~(20)~~ "State land planning agency" means the Department of Community Affairs.

(44)~~(21)~~ "Structure" has the *same* meaning *as in* ~~given it by~~ s. 380.031(19).

(45) "Suitability" means the degree to which the existing characteristics and limitations of land and water are compatible with a proposed use or development.

(46) "Transit-oriented development" means a project or projects, in areas identified in a local government comprehensive plan, that is or will be served by existing or planned transit service. These designated areas shall be compact, moderate to high density developments, of mixed-use character, interconnected with other land uses, bicycle and pedestrian friendly, and designed to support frequent transit service operating through, collectively or separately, rail, fixed guideway, streetcar, or bus systems on dedicated facilities or available roadway connections.

(47)~~(30)~~ "Transportation corridor management" means the coordination of the planning of designated future transportation corridors with land use planning within and adjacent to the corridor to promote orderly growth, to meet the concurrency requirements of this chapter, and to maintain the integrity of the corridor for transportation purposes.

(48)~~(27)~~ "Urban infill" means the development of vacant parcels in otherwise built-up areas where public facilities such as sewer systems, roads, schools, and recreation areas are already in place and the average residential density is at least five dwelling units per acre, the average nonresidential intensity is at least a floor area ratio of 1.0 and vacant, developable land does not constitute more than 10 percent of the area.

(49)~~(26)~~ "Urban redevelopment" means demolition and reconstruction or substantial renovation of existing buildings or infrastructure within urban infill areas, existing urban service areas, or community redevelopment areas created pursuant to part III.

(50)~~(29)~~ "Urban service area" means ~~built up~~ areas *identified in the comprehensive plan* where public facilities and services, including, but not limited to, central water and sewer capacity and roads, are already in place or are *identified in the capital improvements element. The term includes any areas identified in the comprehensive plan as urban service areas, regardless of local government limitation* ~~committed in the first 3 years of the capital improvement schedule~~. ~~In addition, for counties that qualify as dense urban land areas under subsection (34), the nonrural area of a county which has adopted into the county charter a rural area designation or areas identified in the comprehensive plan as urban service areas or urban growth boundaries on or before July 1, 2009, are also urban service areas under this definition.~~

(51) "Urban sprawl" means a development pattern characterized by low density, automobile-dependent development with either a single use or multiple uses that are not functionally related, requiring the extension of public facilities and services in an inefficient manner, and failing to provide a clear separation between urban and rural uses.

~~(32) "Financial feasibility" means that sufficient revenues are currently available or will be available from committed funding sources for the first 3 years, or will be available from committed or planned funding sources for years 4 and 5, of a 5 year capital improvement schedule for financing capital improvements, such as ad valorem taxes, bonds, state and federal funds, tax revenues, impact fees, and developer contributions, which are adequate to fund the projected costs of the capital improvements identified in the comprehensive plan necessary to ensure that adopted level of service standards are achieved and maintained within the period covered by the 5 year schedule of capital improvements. A comprehensive plan shall be deemed financially feasible for transportation and school facilities throughout the planning period addressed by the capital improvements schedule if it can be demonstrated that the level of service standards will be achieved and maintained by the end of the planning period even if in a particular year such improvements are not concurrent as required by s. 163.3180.~~

~~(34) "Dense urban land area" means:~~

~~(a) A municipality that has an average of at least 1,000 people per square mile of land area and a minimum total population of at least 5,000;~~

~~(b) A county, including the municipalities located therein, which has an average of at least 1,000 people per square mile of land area; or~~

~~(c) A county, including the municipalities located therein, which has a population of at least 1 million.~~

~~The Office of Economic and Demographic Research within the Legislature shall annually calculate the population and density criteria needed to determine which jurisdictions qualify as dense urban land areas by using the most recent land area data from the decennial census conducted by the Bureau of the Census of the United States Department of Commerce and the latest available population estimates determined pursuant to s. 186.901. If any local government has had an annexation, contraction, or new incorporation, the Office of Economic and Demographic Research shall determine the population density using the new jurisdictional boundaries as recorded in accordance with s. 171.091. The Office of Economic and Demographic Research shall submit to the state land planning agency a list of jurisdictions that meet the total population and density criteria necessary for designation as a dense urban land area by July 1, 2009, and every year thereafter. The state land planning agency shall publish the list of jurisdictions on its Internet website within 7 days after the list is received. The designation of jurisdictions that qualify or do not qualify as a dense urban land area is effective upon publication on the state land planning agency's Internet website.~~

Section 7. Section 163.3167, Florida Statutes, is amended to read:

163.3167 Scope of act.—

(1) The several incorporated municipalities and counties shall have power and responsibility:

(a) To plan for their future development and growth.

(b) To adopt and amend comprehensive plans, or elements or portions thereof, to guide their future development and growth.

(c) To implement adopted or amended comprehensive plans by the adoption of appropriate land development regulations or elements thereof.

(d) To establish, support, and maintain administrative instruments and procedures to carry out the provisions and purposes of this act.

The powers and authority set out in this act may be employed by municipalities and counties individually or jointly by mutual agreement in accord with ~~the provisions of~~ this act and in such combinations as their common interests may dictate and require.

(2) Each local government shall *maintain* ~~prepare~~ a comprehensive plan of the type and in the manner set out in this part or prepare amendments to its existing comprehensive plan to conform it to the requirements of this part and in the manner set out in this part. ~~In accordance with s. 163.3184, each local government shall submit to the state land planning agency its complete proposed comprehensive plan or its complete comprehensive plan as proposed to be amended.~~

~~(3) When a local government has not prepared all of the required elements or has not amended its plan as required by subsection (2), the regional planning agency having responsibility for the area in which the local government lies shall prepare and adopt by rule, pursuant to chapter 120, the missing elements or adopt by rule amendments to the existing plan in accordance with this act by July 1, 1989, or within 1 year after the dates specified or provided in subsection (2) and the state land planning agency review schedule, whichever is later. The regional planning agency shall provide at least 90 days' written notice to any local government whose plan it is required by this subsection to prepare, prior to initiating the planning process. At least 90 days before the adoption by the regional planning agency of a comprehensive plan, or element or portion thereof, pursuant to this subsection, the regional planning agency shall transmit a copy of the proposed comprehensive plan, or element or portion thereof, to the local government and the state land planning agency for written comment. The state land planning agency shall review and comment on such plan, or element or portion thereof, in accordance with s. 163.3184(6). Section 163.3184(6), (7), and (8) shall be applicable to the regional planning agency as if it were a governing body. Existing comprehensive plans shall remain in effect until they are amended pursuant to subsection (2), this subsection, s. 163.3187, or s. 163.3189.~~

(3)~~(4)~~ A municipality established after the effective date of this act shall, within 1 year after incorporation, establish a local planning agency, pursuant to s. 163.3174, and prepare and adopt a comprehensive plan of the type and in the manner set out in this act within 3 years after the date of such incorporation. A county comprehensive plan shall be deemed controlling until the municipality adopts a comprehensive plan in accord with ~~the provisions of~~ this act. ~~If, upon the expiration of the 3-year time limit, the municipality has not adopted a comprehensive plan, the regional planning agency shall prepare and adopt a comprehensive plan for such municipality.~~

(4)~~(5)~~ Any comprehensive plan, or element or portion thereof, adopted pursuant to ~~the provisions of~~ this act, which but for its adoption after the deadlines established pursuant to previous versions of this act would have been valid, shall be valid.

~~(6) When a regional planning agency is required to prepare or amend a comprehensive plan, or element or portion thereof, pursuant to subsections (3) and (4), the regional planning agency and the local government may agree to a method of compensating the regional planning agency for any verifiable, direct costs incurred. If an agreement is not reached within 6 months after the date the regional planning agency assumes planning responsibilities for the local government pursuant to subsections (3) and (4) or by the time the plan or element, or portion thereof, is completed, whichever is earlier, the regional planning agency shall file invoices for verifiable, direct costs involved with the governing body. Upon the failure of the local government to pay such invoices within 90 days, the regional planning agency may, upon filing proper vouchers with the Chief Financial Officer, request payment by the Chief Financial Officer from unencumbered revenue or other tax sharing funds due such local government from the state for work actually performed, and the Chief Financial Officer shall pay such vouchers; however, the amount of such payment shall not exceed 50 percent of such funds due such local government in any one year.~~

~~(7) A local government that is being requested to pay costs may seek an administrative hearing pursuant to ss. 120.569 and 120.57 to challenge the amount of costs and to determine if the statutory prerequisites for payment have been complied with. Final agency action shall be taken by the state land planning agency. Payment shall be withheld as to disputed amounts until proceedings under this subsection have been completed.~~

(5)~~(8)~~ Nothing in this act shall limit or modify the rights of any person to complete any development that has been authorized as a development of regional impact pursuant to chapter 380 or who has been issued a final local development order and development has commenced and is continuing in good faith.

(6)~~(9)~~ The Reedy Creek Improvement District shall exercise the authority of this part as it applies to municipalities, consistent with the legislative act under which it was established, for the total area under its jurisdiction.

(7)~~(10)~~ Nothing in this part shall supersede any provision of ss. 341.8201-341.842.

~~(11) Each local government is encouraged to articulate a vision of the future physical appearance and qualities of its community as a component of its local comprehensive plan. The vision should be developed through a collaborative planning process with meaningful public participation and shall be adopted by the governing body of the jurisdiction. Neighboring communities, especially those sharing natural resources or physical or economic infrastructure, are encouraged to create collective visions for greater than local areas. Such collective visions shall apply in each city or county only to the extent that each local government chooses to make them applicable. The state land planning agency shall serve as a clearinghouse for creating a community vision of the future and may utilize the Growth Management Trust Fund, created by s. 186.911, to provide grants to help pay the costs of local visioning programs. When a local vision of the future has been created, a local government should review its comprehensive plan, land development regulations, and capital improvement program to ensure that these instruments will help to move the community toward its vision in a manner consistent with this act and with the state comprehensive plan. A local or regional vision must be consistent with the state vision, when adopted, and be internally consistent with the local or regional plan of which it is a component. The state land planning agency shall not adopt minimum criteria for evaluating or judging the form or content of a local or regional vision.~~

(8)~~(12)~~ An initiative or referendum process in regard to any development order or in regard to any local comprehensive plan amendment or map amendment ~~that affects five or fewer parcels of land~~ is prohibited.

(9)~~(13)~~ Each local government shall address in its comprehensive plan, as enumerated in this chapter, the water supply sources necessary to meet and achieve the existing and projected water use demand for the established planning period, considering the applicable plan developed pursuant to s. 373.709.

(10)~~(14)~~(a) If a local government grants a development order pursuant to its adopted land development regulations and the order is not the subject of a pending appeal and the timeframe for filing an appeal has expired, the development order may not be invalidated by a subsequent judicial determination that such land development regulations, or any portion thereof that is relevant to the development order, are invalid because of a deficiency in the approval standards.

(b) This subsection does not preclude or affect the timely institution of any other remedy available at law or equity, including a common law writ of certiorari proceeding pursuant to Rule 9.190, Florida Rules of Appellate Procedure, or an original proceeding pursuant to s. 163.3215, as applicable.

~~(c) This subsection applies retroactively to any development order granted on or after January 1, 2002.~~

Section 8. Section 163.3168, Florida Statutes, is created to read:

163.3168 Planning innovations and technical assistance.—

(1) The Legislature recognizes the need for innovative planning and development strategies to promote a diverse economy and vibrant rural and urban communities, while protecting environmentally sensitive areas. The Legislature further recognizes the substantial advantages of innovative approaches to development directed to meet the needs of urban, rural, and suburban areas.

(2) Local governments are encouraged to apply innovative planning tools, including, but not limited to, visioning, sector planning, and rural land stewardship area designations to address future new development areas, urban service area designations, urban growth boundaries, and mixed-use, high-density development in urban areas.

(3) The state land planning agency shall help communities find creative solutions to fostering vibrant, healthy communities, while protecting the functions of important state resources and facilities. The state land planning agency and all other appropriate state and regional agencies may use various means to provide direct and indirect technical assistance within available resources. If plan amendments may adversely impact important state resources or facilities, upon request by the local government, the state land planning agency shall coordinate multiagency assistance, if needed, in developing an amendment to minimize impacts on such resources or facilities.

(4) The state land planning agency shall provide, on its website, guidance on the submittal and adoption of comprehensive plans, plan amendments, and land development regulations. Such guidance shall not be adopted as a rule and is exempt from s. 120.54(1)(a).

Section 9. Subsection (4) of section 163.3171, Florida Statutes, is amended to read:

163.3171 Areas of authority under this act.—

(4) ~~The state land planning agency and a~~ Local *governments may government shall have the power to* enter into agreements with each other and ~~to agree together to enter into agreements~~ with a landowner, developer, or governmental agency as may be necessary or desirable to effectuate the provisions and purposes of ss. 163.3177(6)(h)*,* ~~and (11)(a), (b), and (c), and~~ 163.3245*, and 163.3248. It is the Legislature's intent that joint agreements entered into under the authority of this section be liberally, broadly, and flexibly construed to facilitate intergovernmental cooperation between cities and counties and to encourage planning in advance of jurisdictional changes. Joint agreements, executed before or*

after the effective date of this act, include, but are not limited to, agreements that contemplate municipal adoption of plans or plan amendments for lands in advance of annexation of such lands into the municipality, and may permit municipalities and counties to exercise nonexclusive extrajurisdictional authority within incorporated and unincorporated areas. The state land planning agency may not interpret, invalidate, or declare inoperative such joint agreements, and the validity of joint agreements may not be a basis for finding plans or plan amendments not in compliance pursuant to chapter law.

Section 10. Subsection (1) of section 163.3174, Florida Statutes, is amended to read:

163.3174 Local planning agency.—

(1) The governing body of each local government, individually or in combination as provided in s. 163.3171, shall designate and by ordinance establish a "local planning agency," unless the agency is otherwise established by law. Notwithstanding any special act to the contrary, all local planning agencies or equivalent agencies that first review rezoning and comprehensive plan amendments in each municipality and county shall include a representative of the school district appointed by the school board as a nonvoting member of the local planning agency or equivalent agency to attend those meetings at which the agency considers comprehensive plan amendments and rezonings that would, if approved, increase residential density on the property that is the subject of the application. However, this subsection does not prevent the governing body of the local government from granting voting status to the school board member. The governing body may designate itself as the local planning agency pursuant to this subsection with the addition of a nonvoting school board representative. ~~The governing body shall notify the state land planning agency of the establishment of its local planning agency.~~ All local planning agencies shall provide opportunities for involvement by applicable community college boards, which may be accomplished by formal representation, membership on technical advisory committees, or other appropriate means. The local planning agency shall prepare the comprehensive plan or plan amendment after hearings to be held after public notice and shall make recommendations to the governing body regarding the adoption or amendment of the plan. The agency may be a local planning commission, the planning department of the local government, or other instrumentality, including a countywide planning entity established by special act or a council of local government officials created pursuant to s. 163.02, provided the composition of the council is fairly representative of all the governing bodies in the county or planning area; however:

(a) If a joint planning entity is in existence on the effective date of this act which authorizes the governing bodies to adopt and enforce a land use plan effective throughout the joint planning area, that entity shall be the agency for those local governments until such time as the authority of the joint planning entity is modified by law.

(b) In the case of chartered counties, the planning responsibility between the county and the several municipalities therein shall be as stipulated in the charter.

Section 11. Subsections (5), (6), and (9) of section 163.3175, Florida Statutes, are amended to read:

163.3175 Legislative findings on compatibility of development with military installations; exchange of information between local governments and military installations.—

(5) The commanding officer or his or her designee may provide comments to the affected local government on the impact such proposed changes may have on the mission of the military installation. Such comments may include:

(a) If the installation has an airfield, whether such proposed changes will be incompatible with the safety and noise standards contained in the Air Installation Compatible Use Zone (AICUZ) adopted by the military installation for that airfield;

(b) Whether such changes are incompatible with the Installation Environmental Noise Management Program (IENMP) of the United States Army;

(c) Whether such changes are incompatible with the findings of a Joint Land Use Study (JLUS) for the area if one has been completed; and

(d) Whether the military installation's mission will be adversely affected by the proposed actions of the county or affected local government.

The commanding officer's comments, underlying studies, and reports are not binding on the local government.

(6) The affected local government shall take into consideration any comments provided by the commanding officer or his or her designee pursuant to subsection (4) *and must also be sensitive to private property rights and not be unduly restrictive on those rights*. The affected local government shall forward a copy of any comments regarding comprehensive plan amendments to the state land planning agency.

(9) If a local government, as required under s. 163.3177(6)(a), does not adopt criteria and address compatibility of lands adjacent to or closely proximate to existing military installations in its future land use plan element by June 30, 2012, the local government, the military installation, the state land planning agency, and other parties as identified by the regional planning council, including, but not limited to, private landowner representatives, shall enter into mediation conducted pursuant to s. 186.509. If the local government comprehensive plan does not contain criteria addressing compatibility by December 31, 2013, the agency may notify the Administration Commission. The Administration Commission may impose sanctions pursuant to s. 163.3184*(8)*~~(11)~~. *Any local government that amended its comprehensive plan to address military installation compatibility requirements after 2004 and was found to be in compliance is deemed to be in compliance with this subsection until the local government conducts its evaluation and appraisal review pursuant to s. 163.3191 and determines that amendments are necessary to meet updated general law requirements.*

Section 12. Section 163.3177, Florida Statutes, is amended to read:

163.3177 Required and optional elements of comprehensive plan; studies and surveys.—

(1) The comprehensive plan shall *provide the* ~~consist of materials in such descriptive form, written or graphic, as may be appropriate to the prescription of~~ principles, guidelines, ~~and~~ standards*, and strategies* for the orderly and balanced future economic, social, physical, environmental, and fiscal development of the area *that reflects community commitments to implement the plan and its elements. These principles and strategies shall guide future decisions in a consistent manner and shall contain programs and activities to ensure comprehensive plans are implemented. The sections of the comprehensive plan containing the principles and strategies, generally provided as goals, objectives, and policies, shall describe how the local government's programs, activities, and land development regulations will be initiated, modified, or continued to implement the comprehensive plan in a consistent manner. It is not the intent of this part to require the inclusion of implementing regulations in the comprehensive plan but rather to require identification of those programs, activities, and land development regulations that will be part of the strategy for implementing the comprehensive plan and the principles that describe how the programs, activities, and land development regulations will be carried out. The plan shall establish meaningful and predictable standards for the use and development of land and provide meaningful guidelines for the content of more detailed land development and use regulations.*

(a) The comprehensive plan shall consist of elements as described in this section, and may include optional elements.

(b) A local government may include, as part of its adopted plan, documents adopted by reference but not incorporated verbatim into the plan. The adoption by reference must identify the title and author of the document and indicate clearly what provisions and edition of the document is being adopted.

(c) The format of these principles and guidelines is at the discretion of the local government, but typically is expressed in goals, objectives, policies, and strategies.

(d) The comprehensive plan shall identify procedures for monitoring, evaluating, and appraising implementation of the plan.

(e) When a federal, state, or regional agency has implemented a regulatory program, a local government is not required to duplicate or exceed that regulatory program in its local comprehensive plan.

(f) All mandatory and optional elements of the comprehensive plan and plan amendments shall be based upon relevant and appropriate data and an analysis by the local government that may include, but not be limited to, surveys, studies, community goals and vision, and other data available at the time of adoption of the comprehensive plan or plan amendment. To be based on data means to react to it in an appropriate way and to the extent necessary indicated by the data available on that particular subject at the time of adoption of the plan or plan amendment at issue.

1. Surveys, studies, and data utilized in the preparation of the comprehensive plan may not be deemed a part of the comprehensive plan unless adopted as a part of it. Copies of such studies, surveys, data, and supporting documents for proposed plans and plan amendments shall be made available for public inspection, and copies of such plans shall be made available to the public upon payment of reasonable charges for reproduction. Support data or summaries are not subject to the compliance review process, but the comprehensive plan must be clearly based on appropriate data. Support data or summaries may be used to aid in the determination of compliance and consistency.

2. Data must be taken from professionally accepted sources. The application of a methodology utilized in data collection or whether a particular methodology is professionally accepted may be evaluated. However, the evaluation may not include whether one accepted methodology is better than another. Original data collection by local governments is not required. However, local governments may use original data so long as methodologies are professionally accepted.

3. The comprehensive plan shall be based upon permanent and seasonal population estimates and projections, which shall either be those provided by the University of Florida's Bureau of Economic and Business Research or generated by the local government based upon a professionally acceptable methodology. The plan must be based on at least the minimum amount of land required to accommodate the medium projections of the University of Florida's Bureau of Economic and Business Research for at least a 10-year planning period unless otherwise limited under s. 380.05, including related rules of the Administration Commission.

(2) Coordination of the several elements of the local comprehensive plan shall be a major objective of the planning process. The several elements of the comprehensive plan shall be consistent. *Where data is relevant to several elements, consistent data shall be used, including population estimates and projections unless alternative data can be justified for a plan amendment through new supporting data and analysis. Each map depicting future conditions must reflect the principles, guidelines, and standards within all elements and each such map must be contained within the comprehensive plan*~~, and the comprehensive plan shall be financially feasible. Financial feasibility shall be determined using professionally accepted methodologies and applies to the 5-year planning period, except in the case of a long-term transportation or school concurrency management system, in which case a 10-year or 15-year period applies~~.

(3)(a) The comprehensive plan shall contain a capital improvements element designed to consider the need for and the location of public facilities in order to encourage the efficient use of such facilities and set forth:

1. A component that outlines principles for construction, extension, or increase in capacity of public facilities, as well as a component that outlines principles for correcting existing public facility deficiencies, which are necessary to implement the comprehensive plan. The components shall cover at least a 5-year period.

2. Estimated public facility costs, including a delineation of when facilities will be needed, the general location of the facilities, and projected revenue sources to fund the facilities.

3. Standards to ensure the availability of public facilities and the adequacy of those facilities *to meet established* ~~including~~ acceptable levels of service.

~~4. Standards for the management of debt.~~

4.~~5.~~ A schedule of capital improvements which includes *any* publicly funded projects *of federal, state, or local government*, and which may include privately funded projects for which the local government has no fiscal responsibility. *Projects*~~,~~ necessary to ensure that *any* adopted level-of-service standards are achieved and maintained *for the 5-year period must be identified as either funded or unfunded and given a level of priority for funding*. ~~For capital improvements that will be funded by the developer, financial feasibility shall be demonstrated by being guaranteed in an enforceable development agreement or interlocal agreement pursuant to paragraph (10)(h), or other enforceable agreement. These development agreements and interlocal agreements shall be reflected in the schedule of capital improvements if the capital improvement is necessary to serve development within the 5-year schedule. If the local government uses planned revenue sources that require referenda or other actions to secure the revenue source, the plan must, in the event the referenda are not passed or actions do not secure the planned revenue source, identify other existing revenue sources that will be used to fund the capital projects or otherwise amend the plan to ensure financial feasibility.~~

5.~~6.~~ The schedule must include transportation improvements included in the applicable metropolitan planning organization's transportation improvement program adopted pursuant to s. 339.175(8) to the extent that such improvements are relied upon to ensure concurrency and financial feasibility. The schedule must ~~also~~ be coordinated with the applicable metropolitan planning organization's long-range transportation plan adopted pursuant to s. 339.175(7).

(b)~~1.~~ The capital improvements element must be reviewed *by the local government* on an annual basis. *Modifications* ~~and modified as necessary in accordance with s. 163.3187 or s. 163.3189 in order~~ to *update the* ~~maintain a financially feasible~~ 5-year *capital improvement* schedule ~~of capital improvements. Corrections and modifications concerning costs; revenue sources; or acceptance of facilities pursuant to dedications which are consistent with the plan~~ may be accomplished by ordinance and *may* ~~shall~~ not be deemed to be amendments to the local comprehensive plan. ~~A copy of the ordinance shall be transmitted to the state land planning agency. An amendment to the comprehensive plan is required to update the schedule on an annual basis or to eliminate, defer, or delay the construction for any facility listed in the 5-year schedule. All public facilities must be consistent with the capital improvements element. The annual update to the capital improvements element of the comprehensive plan need not comply with the financial feasibility requirement until December 1, 2011. Thereafter, a local government may not amend its future land use map, except for plan amendments to meet new requirements under this part and emergency amendments pursuant to s. 163.3187(1)(a), after December 1, 2011, and every year thereafter, unless and until the local government has adopted the annual update and it has been transmitted to the state land planning agency.~~

~~2. Capital improvements element amendments adopted after the effective date of this act shall require only a single public hearing before the governing board which shall be an adoption hearing as described in s. 163.3184(7). Such amendments are not subject to the requirements of s. 163.3184(3)-(6).~~

~~(c) If the local government does not adopt the required annual update to the schedule of capital improvements, the state land planning agency must notify the Administration Commission. A local government that has a demonstrated lack of commitment to meeting its obligations identified in the capital improvements element may be subject to sanctions by the Administration Commission pursuant to s. 163.3184(11).~~

~~(d) If a local government adopts a long term concurrency management system pursuant to s. 163.3180(9), it must also adopt a long term capital improvements schedule covering up to a 10 year or 15 year period, and must update the long-term schedule annually. The long-term schedule of capital improvements must be financially feasible.~~

~~(e) At the discretion of the local government and notwithstanding the requirements of this subsection, a comprehensive plan, as revised by an amendment to the plan's future land use map, shall be deemed to be financially feasible and to have achieved and maintained level-of-service standards as required by this section with respect to transportation facilities if the amendment to the future land use map is supported by a:~~

~~1. Condition in a development order for a development of regional impact or binding agreement that addresses proportionate share mitigation consistent with s. 163.3180(12); or~~

~~2. Binding agreement addressing proportionate fair share mitigation consistent with s. 163.3180(16)(f) and the property subject to the amendment to the future land use map is located within an area designated in a comprehensive plan for urban infill, urban redevelopment, downtown revitalization, urban infill and redevelopment, or an urban service area. The binding agreement must be based on the maximum amount of development identified by the future land use map amendment or as may be otherwise restricted through a special area plan policy or map notation in the comprehensive plan.~~

~~(f) A local government's comprehensive plan and plan amendments for land uses within all transportation concurrency exception areas that are designated and maintained in accordance with s. 163.3180(5) shall be deemed to meet the requirement to achieve and maintain level-of-service standards for transportation.~~

(4)(a) Coordination of the local comprehensive plan with the comprehensive plans of adjacent municipalities, the county, adjacent counties, or the region; with the appropriate water management district's regional water supply plans approved pursuant to s. 373.709; *and* with adopted rules pertaining to designated areas of critical state concern~~; and with the state comprehensive plan~~ shall be a major objective of the local comprehensive planning process. To that end, in the preparation of a comprehensive plan or element thereof, and in the comprehensive plan or element as adopted, the governing body shall include a specific policy statement indicating the relationship of the proposed development of the area to the comprehensive plans of adjacent municipalities, the county, adjacent counties, or the region ~~and to the state comprehensive plan~~, as the case may require and as such adopted plans or plans in preparation may exist.

(b) When all or a portion of the land in a local government jurisdiction is or becomes part of a designated area of critical state concern, the local government shall clearly identify those portions of the local comprehensive plan that shall be applicable to the critical area and shall indicate the relationship of the proposed development of the area to the rules for the area of critical state concern.

(5)(a) Each local government comprehensive plan must include at least two planning periods, one covering at least the first 5-year period occurring after the plan's adoption and one covering at least a 10-year period. *Additional planning periods for specific components, elements, land use amendments, or projects shall be permissible and accepted as part of the planning process.*

(b) The comprehensive plan and its elements shall contain *guidelines or policies* ~~policy recommendations~~ for the implementation of the plan and its elements.

(6) In addition to the requirements of subsections (1)-(5) ~~and (12)~~, the comprehensive plan shall include the following elements:

(a) A future land use plan element designating proposed future general distribution, location, and extent of the uses of land for residential uses, commercial uses, industry, agriculture, recreation, conservation, education, ~~public buildings and grounds, other~~ public facilities, and other categories of the public and private uses of land. *The approximate acreage and the general range of density or intensity of use shall be provided for the gross land area included in each existing land use category. The element shall establish the long-term end toward which land use programs and activities are ultimately directed.* ~~Counties are encouraged to designate rural land stewardship areas, pursuant to paragraph (11)(d), as overlays on the future land use map.~~

1. Each future land use category must be defined in terms of uses included, and must include standards to be followed in the control and distribution of population densities and building and structure intensities. The proposed distribution, location, and extent of the various categories of land use shall be shown on a land use map or map series which shall be supplemented by goals, policies, and measurable objectives.

2. The future land use plan *and plan amendments* shall be based upon surveys, studies, and data regarding the area, *as applicable,* including*:*

a. The amount of land required to accommodate anticipated growth.~~;~~

b. The projected *permanent and seasonal* population of the area.~~;~~

c. The character of undeveloped land.~~;~~

d. The availability of water supplies, public facilities, and services.~~;~~

e. The need for redevelopment, including the renewal of blighted areas and the elimination of nonconforming uses which are inconsistent with the character of the community.~~;~~

f. The compatibility of uses on lands adjacent to or closely proximate to military installations.~~;~~

g. The compatibility of uses on lands adjacent to an airport as defined in s. 330.35 and consistent with s. 333.02.~~;~~

h. The discouragement of urban sprawl.~~; energy-efficient land use patterns accounting for existing and future electric power generation and transmission systems; greenhouse gas reduction strategies; and, in rural communities,~~

i. The need for job creation, capital investment, and economic development that will strengthen and diversify the community's economy.

j. The need to modify land uses and development patterns within antiquated subdivisions. ~~The future land use plan may designate areas for future planned development use involving combinations of types of uses for which special regulations may be necessary to ensure development in accord with the principles and standards of the comprehensive plan and this act.~~

3. The future land use plan element shall include criteria to be used to*:*

a. Achieve the compatibility of lands adjacent or closely proximate to military installations, considering factors identified in s. 163.3175(5).~~; and~~

b. Achieve the compatibility of lands adjacent to an airport as defined in s. 330.35 and consistent with s. 333.02.

c. Encourage preservation of recreational and commercial working waterfronts for water dependent uses in coastal communities.

d. Encourage the location of schools proximate to urban residential areas to the extent possible.

e. Coordinate future land uses with the topography and soil conditions, and the availability of facilities and services.

f. Ensure the protection of natural and historic resources.

g. Provide for the compatibility of adjacent land uses.

h. Provide guidelines for the implementation of mixed use development including the types of uses allowed, the percentage distribution among the mix of uses, or other standards, and the density and intensity of each use.

4. ~~In addition, for rural communities,~~ The amount of land designated for future planned *uses* ~~industrial use~~ shall *provide a balance of uses that foster vibrant, viable communities and economic development opportunities and address outdated development patterns, such as antiquated subdivisions. The amount of land designated for future land uses should allow the operation of real estate markets to provide adequate choices for permanent and seasonal residents and business and* ~~be based upon surveys and studies that reflect the need for job creation, capital investment, and the necessity to strengthen and diversify the local economies, and~~ may not be limited solely by the projected population ~~of the rural community~~. *The element shall accommodate at least the minimum amount of land required to accommodate the medium projections of the University of Florida's Bureau of Economic and Business Research for*

at least a 10-year planning period unless otherwise limited under s. 380.05, including related rules of the Administration Commission.

5. The future land use plan of a county may ~~also~~ designate areas for possible future municipal incorporation.

6. The land use maps or map series shall generally identify and depict historic district boundaries and shall designate historically significant properties meriting protection. ~~For coastal counties, the future land use element must include, without limitation, regulatory incentives and criteria that encourage the preservation of recreational and commercial working waterfronts as defined in s. 342.07.~~

7. The future land use element must clearly identify the land use categories in which public schools are an allowable use. When delineating the land use categories in which public schools are an allowable use, a local government shall include in the categories sufficient land proximate to residential development to meet the projected needs for schools in coordination with public school boards and may establish differing criteria for schools of different type or size. Each local government shall include lands contiguous to existing school sites, to the maximum extent possible, within the land use categories in which public schools are an allowable use. ~~The failure by a local government to comply with these school siting requirements will result in the prohibition of the local government's ability to amend the local comprehensive plan, except for plan amendments described in s. 163.3187(1)(b), until the school siting requirements are met. Amendments proposed by a local government for purposes of identifying the land use categories in which public schools are an allowable use are exempt from the limitation on the frequency of plan amendments contained in s. 163.3187. The future land use element shall include criteria that encourage the location of schools proximate to urban residential areas to the extent possible and shall require that the local government seek to collocate public facilities, such as parks, libraries, and community centers, with schools to the extent possible and to encourage the use of elementary schools as focal points for neighborhoods. For schools serving predominantly rural counties, defined as a county with a population of 100,000 or fewer, an agricultural land use category is eligible for the location of public school facilities if the local comprehensive plan contains school siting criteria and the location is consistent with such criteria~~.

8. Future land use map amendments shall be based upon the following analyses:

a. An analysis of the availability of facilities and services.

b. An analysis of the suitability of the plan amendment for its proposed use considering the character of the undeveloped land, soils, topography, natural resources, and historic resources on site.

c. An analysis of the minimum amount of land needed as determined by the local government.

9. The future land use element and any amendment to the future land use element shall discourage the proliferation of urban sprawl.

a. The primary indicators that a plan or plan amendment does not discourage the proliferation of urban sprawl are listed below. The evaluation of the presence of these indicators shall consist of an analysis of the plan or plan amendment within the context of features and characteristics unique to each locality in order to determine whether the plan or plan amendment:

(I) Promotes, allows, or designates for development substantial areas of the jurisdiction to develop as low-intensity, low-density, or single-use development or uses.

(II) Promotes, allows, or designates significant amounts of urban development to occur in rural areas at substantial distances from existing urban areas while not using undeveloped lands that are available and suitable for development.

(III) Promotes, allows, or designates urban development in radial, strip, isolated, or ribbon patterns generally emanating from existing urban developments.

(IV) Fails to adequately protect and conserve natural resources, such as wetlands, floodplains, native vegetation, environmentally sensitive areas, natural groundwater aquifer recharge areas, lakes, rivers, shorelines, beaches, bays, estuarine systems, and other significant natural systems.

(V) Fails to adequately protect adjacent agricultural areas and activities, including silviculture, active agricultural and silvicultural activities, passive agricultural activities, and dormant, unique, and prime farmlands and soils.

(VI) Fails to maximize use of existing public facilities and services.

(VII) Fails to maximize use of future public facilities and services.

(VIII) Allows for land use patterns or timing which disproportionately increase the cost in time, money, and energy of providing and maintaining facilities and services, including roads, potable water, sanitary sewer, stormwater management, law enforcement, education, health care, fire and emergency response, and general government.

(IX) Fails to provide a clear separation between rural and urban uses.

(X) Discourages or inhibits infill development or the redevelopment of existing neighborhoods and communities.

(XI) Fails to encourage a functional mix of uses.

(XII) Results in poor accessibility among linked or related land uses.

(XIII) Results in the loss of significant amounts of functional open space.

b. The future land use element or plan amendment shall be determined to discourage the proliferation of urban sprawl if it incorporates a development pattern or urban form that achieves four or more of the following:

(I) Directs or locates economic growth and associated land development to geographic areas of the community in a manner that does not have an adverse impact on and protects natural resources and ecosystems.

(II) Promotes the efficient and cost-effective provision or extension of public infrastructure and services.

(III) Promotes walkable and connected communities and provides for compact development and a mix of uses at densities and intensities that will support a range of housing choices and a multimodal transportation system, including pedestrian, bicycle, and transit, if available.

(IV) Promotes conservation of water and energy.

(V) Preserves agricultural areas and activities, including silviculture, and dormant, unique, and prime farmlands and soils.

(VI) Preserves open space and natural lands and provides for public open space and recreation needs.

(VII) Creates a balance of land uses based upon demands of residential population for the nonresidential needs of an area.

(VIII) Provides uses, densities, and intensities of use and urban form that would remediate an existing or planned development pattern in the vicinity that constitutes sprawl or if it provides for an innovative development pattern such as transit-oriented developments or new towns as defined in s. 163.3164.

10. The future land use element shall include a future land use map or map series.

a. The proposed distribution, extent, and location of the following uses shall be shown on the future land use map or map series:

(I) Residential.

(II) Commercial.

(III) Industrial.

(IV) Agricultural.

(V) Recreational.

(VI) Conservation.

(VII) Educational.

(VIII) Public.

b. The following areas shall also be shown on the future land use map or map series, if applicable:

(I) Historic district boundaries and designated historically significant properties.

(II) Transportation concurrency management area boundaries or transportation concurrency exception area boundaries.

(III) Multimodal transportation district boundaries.

(IV) Mixed use categories.

c. The following natural resources or conditions shall be shown on the future land use map or map series, if applicable:

(I) Existing and planned public potable waterwells, cones of influence, and wellhead protection areas.

(II) Beaches and shores, including estuarine systems.

(III) Rivers, bays, lakes, floodplains, and harbors.

(IV) Wetlands.

(V) Minerals and soils.

(VI) Coastal high hazard areas.

11. Local governments required to update or amend their comprehensive plan to include criteria and address compatibility of lands adjacent or closely proximate to existing military installations, or lands adjacent to an airport as defined in s. 330.35 and consistent with s. 333.02, in their future land use plan element shall transmit the update or amendment to the state land planning agency by June 30, 2012.

(b) A transportation element addressing mobility issues in relationship to the size and character of the local government. The purpose of the transportation element shall be to plan for a multimodal transportation system that places emphasis on public transportation systems, where feasible. The element shall provide for a safe, convenient multimodal transportation system, coordinated with the future land use map or map series and designed to support all elements of the comprehensive plan. A local government that has all or part of its jurisdiction included within the metropolitan planning area of a metropolitan planning organization (M.P.O.) pursuant to s. 339.175 shall prepare and adopt a transportation element consistent with this subsection. Local governments that are not located within the metropolitan planning area of an M.P.O. shall address traffic circulation, mass transit, and ports, and aviation and related facilities consistent with this subsection, except that local governments with a population of 50,000 or less shall only be required to address transportation circulation. The element shall be coordinated with the plans and programs of any applicable metropolitan planning organization, transportation authority, Florida Transportation Plan, and Department of Transportation's adopted work program.

1. Each local government's transportation element shall address

~~(b) A~~ traffic circulation*, including* ~~element consisting of~~ the types, locations, and extent of existing and proposed major thoroughfares and transportation routes, including bicycle and pedestrian ways. Transportation corridors, as defined in s. 334.03, may be designated in the *transportation* ~~traffic circulation~~ element pursuant to s. 337.273. If the transportation corridors are designated, the local government may adopt a transportation corridor management ordinance. *The element shall include a map or map series showing the general location of the existing and proposed transportation system features and shall be coordinated with the future land use map or map series. The element shall reflect the data, analysis, and associated principles and strategies relating to:*

a. The existing transportation system levels of service and system needs and the availability of transportation facilities and services.

b. The growth trends and travel patterns and interactions between land use and transportation.

c. Existing and projected intermodal deficiencies and needs.

d. The projected transportation system levels of service and system needs based upon the future land use map and the projected integrated transportation system.

e. How the local government will correct existing facility deficiencies, meet the identified needs of the projected transportation system, and advance the purpose of this paragraph and the other elements of the comprehensive plan.

2. Local governments within a metropolitan planning area designated as an M.P.O. pursuant to s. 339.175 shall also address:

a. All alternative modes of travel, such as public transportation, pedestrian, and bicycle travel.

b. Aviation, rail, seaport facilities, access to those facilities, and intermodal terminals.

c. The capability to evacuate the coastal population before an impending natural disaster.

d. Airports, projected airport and aviation development, and land use compatibility around airports, which includes areas defined in ss. 333.01 and 333.02.

e. An identification of land use densities, building intensities, and transportation management programs to promote public transportation systems in designated public transportation corridors so as to encourage population densities sufficient to support such systems.

3. Municipalities having populations greater than 50,000, and counties having populations greater than 75,000, shall include mass-transit provisions showing proposed methods for the moving of people, rights-of-way, terminals, and related facilities and shall address:

a. The provision of efficient public transit services based upon existing and proposed major trip generators and attractors, safe and convenient public transit terminals, land uses, and accommodation of the special needs of the transportation disadvantaged.

b. Plans for port, aviation, and related facilities coordinated with the general circulation and transportation element.

c. Plans for the circulation of recreational traffic, including bicycle facilities, exercise trails, riding facilities, and such other matters as may be related to the improvement and safety of movement of all types of recreational traffic.

4. At the option of a local government, an airport master plan, and any subsequent amendments to the airport master plan, prepared by a licensed publicly owned and operated airport under s. 333.06 may be incorporated into the local government comprehensive plan by the local government having jurisdiction under this act for the area in which the airport or projected airport development is located by the adoption of a comprehensive plan amendment. In the amendment to the local comprehensive plan that integrates the airport master plan, the comprehensive plan amendment shall address land use compatibility consistent with chapter 333 regarding airport zoning; the provision of regional transportation facilities for the efficient use and operation of the transportation system and airport; consistency with the local government transportation circulation element and applicable M.P.O. long-range transportation plans; the execution of any necessary interlocal agreements for the purposes of the provision of public facilities and services to maintain the adopted level-of-service standards for facilities subject to concurrency; and may address airport-related or aviation-related development. Development or expansion of an airport consistent with the adopted airport master plan that has been incorporated into the local comprehensive plan in compliance with this part, and airport-related or aviation-related development that has been addressed in the comprehensive plan amendment that incorporates the airport master plan, do not constitute a development of regional impact. Notwithstanding any other general law, an airport that has received a development-of-regional-impact development order pursuant to s. 380.06, but which is no longer required to undergo development-of-regional-impact review pursuant to this subsection, may

rescind its development-of-regional-impact order upon written notification to the applicable local government. Upon receipt by the local government, the development-of-regional-impact development order shall be deemed rescinded. ~~The traffic circulation element shall incorporate transportation strategies to address reduction in greenhouse gas emissions from the transportation sector.~~

(c) A general sanitary sewer, solid waste, drainage, potable water, and natural groundwater aquifer recharge element correlated to principles and guidelines for future land use, indicating ways to provide for future potable water, drainage, sanitary sewer, solid waste, and aquifer recharge protection requirements for the area. The element may be a detailed engineering plan including a topographic map depicting areas of prime groundwater recharge.

1. Each local government shall address in the data and analyses required by this section those facilities that provide service within the local government's jurisdiction. Local governments that provide facilities to serve areas within other local government jurisdictions shall also address those facilities in the data and analyses required by this section, using data from the comprehensive plan for those areas for the purpose of projecting facility needs as required in this subsection. For shared facilities, each local government shall indicate the proportional capacity of the systems allocated to serve its jurisdiction.

2. The element shall describe the problems and needs and the general facilities that will be required for solution of the problems and needs*, including correcting existing facility deficiencies. The element shall address coordinating the extension of, or increase in the capacity of, facilities to meet future needs while maximizing the use of existing facilities and discouraging urban sprawl; conservation of potable water resources; and protecting the functions of natural groundwater recharge areas and natural drainage features*. ~~The element shall also include a topographic map depicting any areas adopted by a regional water management district as prime groundwater recharge areas for the Floridan or Biscayne aquifers. These areas shall be given special consideration when the local government is engaged in zoning or considering future land use for said designated areas. For areas served by septic tanks, soil surveys shall be provided which indicate the suitability of soils for septic tanks.~~

3. Within 18 months after the governing board approves an updated regional water supply plan, the element must incorporate the alternative water supply project or projects selected by the local government from those identified in the regional water supply plan pursuant to s. 373.709(2)(a) or proposed by the local government under s. 373.709(8)(b). If a local government is located within two water management districts, the local government shall adopt its comprehensive plan amendment within 18 months after the later updated regional water supply plan. The element must identify such alternative water supply projects and traditional water supply projects and conservation and reuse necessary to meet the water needs identified in s. 373.709(2)(a) within the local government's jurisdiction and include a work plan, covering at least a 10-year planning period, for building public, private, and regional water supply facilities, including development of alternative water supplies, which are identified in the element as necessary to serve existing and new development. The work plan shall be updated, at a minimum, every 5 years within 18 months after the governing board of a water management district approves an updated regional water supply plan. ~~Amendments to incorporate the work plan do not count toward the limitation on the frequency of adoption of amendments to the comprehensive plan.~~ Local governments, public and private utilities, regional water supply authorities, special districts, and water management districts are encouraged to cooperatively plan for the development of multijurisdictional water supply facilities that are sufficient to meet projected demands for established planning periods, including the development of alternative water sources to supplement traditional sources of groundwater and surface water supplies.

(d) A conservation element for the conservation, use, and protection of natural resources in the area, including air, water, water recharge areas, wetlands, waterwells, estuarine marshes, soils, beaches, shores, flood plains, rivers, bays, lakes, harbors, forests, fisheries and wildlife, marine habitat, minerals, and other natural and environmental resources, including factors that affect energy conservation.

1. The following natural resources, where present within the local government's boundaries, shall be identified and analyzed and existing recreational or conservation uses, known pollution problems, including hazardous wastes, and the potential for conservation, recreation, use, or protection shall also be identified:

a. Rivers, bays, lakes, wetlands including estuarine marshes, groundwaters, and springs, including information on quality of the resource available.

b. Floodplains.

c. Known sources of commercially valuable minerals.

d. Areas known to have experienced soil erosion problems.

e. Areas that are the location of recreationally and commercially important fish or shellfish, wildlife, marine habitats, and vegetative communities, including forests, indicating known dominant species present and species listed by federal, state, or local government agencies as endangered, threatened, or species of special concern.

2. The element must contain principles, guidelines, and standards for conservation that provide long-term goals and which:

a. Protects air quality.

b. Conserves, appropriately uses, and protects the quality and quantity of current and projected water sources and waters that flow into estuarine waters or oceanic waters and protect from activities and land uses known to affect adversely the quality and quantity of identified water sources, including natural groundwater recharge areas, wellhead protection areas, and surface waters used as a source of public water supply.

c. Provides for the emergency conservation of water sources in accordance with the plans of the regional water management district.

d. Conserves, appropriately uses, and protects minerals, soils, and native vegetative communities, including forests, from destruction by development activities.

e. Conserves, appropriately uses, and protects fisheries, wildlife, wildlife habitat, and marine habitat and restricts activities known to adversely affect the survival of endangered and threatened wildlife.

f. Protects existing natural reservations identified in the recreation and open space element.

g. Maintains cooperation with adjacent local governments to conserve, appropriately use, or protect unique vegetative communities located within more than one local jurisdiction.

h. Designates environmentally sensitive lands for protection based on locally determined criteria which further the goals and objectives of the conservation element.

i. Manages hazardous waste to protect natural resources.

j. Protects and conserves wetlands and the natural functions of wetlands.

k. Directs future land uses that are incompatible with the protection and conservation of wetlands and wetland functions away from wetlands. The type, intensity or density, extent, distribution, and location of allowable land uses and the types, values, functions, sizes, conditions, and locations of wetlands are land use factors that shall be considered when directing incompatible land uses away from wetlands. Land uses shall be distributed in a manner that minimizes the effect and impact on wetlands. The protection and conservation of wetlands by the direction of incompatible land uses away from wetlands shall occur in combination with other principles, guidelines, standards, and strategies in the comprehensive plan. Where incompatible land uses are allowed to occur, mitigation shall be considered as one means to compensate for loss of wetlands functions.

3. ~~Local governments shall assess their~~ Current *and*~~, as well as~~ projected~~, water~~ needs and sources for at least a 10-year period *based on the demands for industrial, agricultural, and potable water use and the quality and quantity of water available to meet these demands shall be analyzed. The analysis shall consider the existing levels of water conservation, use, and protection and applicable policies of the regional water management district and further must consider*~~, considering~~ the appro-

priate regional water supply plan approved pursuant to s. 373.709, or, in the absence of an approved regional water supply plan, the district water management plan approved pursuant to s. 373.036(2). This information shall be submitted to the appropriate agencies. ~~The land use map or map series contained in the future land use element shall generally identify and depict the following:~~

~~1. Existing and planned waterwells and cones of influence where applicable.~~

~~2. Beaches and shores, including estuarine systems.~~

~~3. Rivers, bays, lakes, flood plains, and harbors.~~

~~4. Wetlands.~~

~~5. Minerals and soils.~~

~~6. Energy conservation.~~

~~The land uses identified on such maps shall be consistent with applicable state law and rules.~~

(e) A recreation and open space element indicating a comprehensive system of public and private sites for recreation, including, but not limited to, natural reservations, parks and playgrounds, parkways, beaches and public access to beaches, open spaces, waterways, and other recreational facilities.

(f)1. A housing element consisting of ~~standards, plans, and~~ principles*, guidelines, standards, and strategies* to be followed in:

a. The provision of housing for all current and anticipated future residents of the jurisdiction.

b. The elimination of substandard dwelling conditions.

c. The structural and aesthetic improvement of existing housing.

d. The provision of adequate sites for future housing, including affordable workforce housing as defined in s. 380.0651(3)*(h)*~~(j)~~, housing for low-income, very low-income, and moderate-income families, mobile homes, and group home facilities and foster care facilities, with supporting infrastructure and public facilities.

e. Provision for relocation housing and identification of historically significant and other housing for purposes of conservation, rehabilitation, or replacement.

f. The formulation of housing implementation programs.

g. The creation or preservation of affordable housing to minimize the need for additional local services and avoid the concentration of affordable housing units only in specific areas of the jurisdiction.

~~h. Energy efficiency in the design and construction of new housing.~~

~~i. Use of renewable energy resources.~~

~~j. Each county in which the gap between the buying power of a family of four and the median county home sale price exceeds $170,000, as determined by the Florida Housing Finance Corporation, and which is not designated as an area of critical state concern shall adopt a plan for ensuring affordable workforce housing. At a minimum, the plan shall identify adequate sites for such housing. For purposes of this sub-sub-paragraph, the term "workforce housing" means housing that is affordable to natural persons or families whose total household income does not exceed 140 percent of the area median income, adjusted for household size.~~

~~k. As a precondition to receiving any state affordable housing funding or allocation for any project or program within the jurisdiction of a county that is subject to sub-subparagraph j., a county must, by July 1 of each year, provide certification that the county has complied with the requirements of sub-subparagraph j.~~

2. The *principles, guidelines, standards, and strategies* ~~goals, objectives, and policies~~ of the housing element must be based on the data and analysis prepared on housing needs, including *an inventory taken from the latest decennial United States Census or more recent estimates, which shall include the number and distribution of dwelling units by type, tenure, age, rent, value, monthly cost of owner-occupied units, and rent or cost to income ratio, and shall show the number of dwelling units that are substandard. The inventory shall also include the methodology used to estimate the condition of housing, a projection of the anticipated number of households by size, income range, and age of residents derived from the population projections, and the minimum housing need of the current and anticipated future residents of the jurisdiction* ~~the affordable housing needs assessment~~.

3. The housing element must express principles, guidelines, standards, and strategies that reflect, as needed, the creation and preservation of affordable housing for all current and anticipated future residents of the jurisdiction, elimination of substandard housing conditions, adequate sites, and distribution of housing for a range of incomes and types, including mobile and manufactured homes. The element must provide for specific programs and actions to partner with private and nonprofit sectors to address housing needs in the jurisdiction, streamline the permitting process, and minimize costs and delays for affordable housing, establish standards to address the quality of housing, stabilization of neighborhoods, and identification and improvement of historically significant housing.

4. State and federal housing plans prepared on behalf of the local government must be consistent with the goals, objectives, and policies of the housing element. Local governments are encouraged to use job training, job creation, and economic solutions to address a portion of their affordable housing concerns.

~~2. To assist local governments in housing data collection and analysis and assure uniform and consistent information regarding the state's housing needs, the state land planning agency shall conduct an affordable housing needs assessment for all local jurisdictions on a schedule that coordinates the implementation of the needs assessment with the evaluation and appraisal reports required by s. 163.3191. Each local government shall utilize the data and analysis from the needs assessment as one basis for the housing element of its local comprehensive plan. The agency shall allow a local government the option to perform its own needs assessment, if it uses the methodology established by the agency by rule.~~

(g)~~1.~~ For those units of local government identified in s. 380.24, a coastal management element, appropriately related to the particular requirements of paragraphs (d) and (e) and meeting the requirements of s. 163.3178(2) and (3). The coastal management element shall set forth the *principles, guidelines, standards, and strategies* ~~policies~~ that shall guide the local government's decisions and program implementation with respect to the following objectives:

1.~~a.~~ *Maintain, restore, and enhance* ~~Maintenance, restoration, and enhancement of~~ the overall quality of the coastal zone environment, including, but not limited to, its amenities and aesthetic values.

2.~~b.~~ *Preserve the* continued existence of viable populations of all species of wildlife and marine life.

3.~~c.~~ *Protect* the orderly and balanced utilization and preservation, consistent with sound conservation principles, of all living and nonliving coastal zone resources.

4.~~d.~~ *Avoid* ~~Avoidance of~~ irreversible and irretrievable loss of coastal zone resources.

5.~~e.~~ *Use* ecological planning principles and assumptions ~~to be used~~ in the determination of *the* suitability ~~and extent~~ of permitted development.

~~f. Proposed management and regulatory techniques.~~

6.~~g.~~ *Limit* ~~Limitation of~~ public expenditures that subsidize development in ~~high hazard~~ coastal *high-hazard* areas.

7.~~h.~~ *Protect* ~~Protection of~~ human life against the effects of natural disasters.

8.~~i.~~ *Direct* the orderly development, maintenance, and use of ports identified in s. 403.021(9) to facilitate deepwater commercial navigation and other related activities.

9.~~j.~~ *Preserve historic and archaeological resources, which include the* ~~Preservation, including~~ sensitive adaptive use of *these* ~~historic and archaeological~~ resources.

10. At the option of the local government, develop an adaptation action area designation for those low-lying coastal zones that are experiencing coastal flooding due to extreme high tides and storm surge and are vulnerable to the impacts of rising sea level. Local governments that adopt an adaptation action area may consider policies within the coastal management element to improve resilience to coastal flooding resulting from high-tide events, storm surge, flash floods, stormwater runoff, and related impacts of sea level rise. Criteria for the adaptation action area may include, but need not be limited to, areas for which the land elevations are below, at, or near mean higher high water, which have an hydrologic connection to coastal waters, or which are designated as evacuation zones for storm surge.

~~2. As part of this element, a local government that has a coastal management element in its comprehensive plan is encouraged to adopt recreational surface water use policies that include applicable criteria for and consider such factors as natural resources, manatee protection needs, protection of working waterfronts and public access to the water, and recreation and economic demands. Criteria for manatee protection in the recreational surface water use policies should reflect applicable guidance outlined in the Boat Facility Siting Guide prepared by the Fish and Wildlife Conservation Commission. If the local government elects to adopt recreational surface water use policies by comprehensive plan amendment, such comprehensive plan amendment is exempt from the provisions of s. 163.3187(1). Local governments that wish to adopt recreational surface water use policies may be eligible for assistance with the development of such policies through the Florida Coastal Management Program. The Office of Program Policy Analysis and Government Accountability shall submit a report on the adoption of recreational surface water use policies under this subparagraph to the President of the Senate, the Speaker of the House of Representatives, and the majority and minority leaders of the Senate and the House of Representatives no later than December 1, 2010.~~

(h)1. An intergovernmental coordination element showing relationships and stating principles and guidelines to be used in coordinating the adopted comprehensive plan with the plans of school boards, regional water supply authorities, and other units of local government providing services but not having regulatory authority over the use of land, with the comprehensive plans of adjacent municipalities, the county, adjacent counties, or the region, with the state comprehensive plan and with the applicable regional water supply plan approved pursuant to s. 373.709, as the case may require and as such adopted plans or plans in preparation may exist. This element of the local comprehensive plan must demonstrate consideration of the particular effects of the local plan, when adopted, upon the development of adjacent municipalities, the county, adjacent counties, or the region, or upon the state comprehensive plan, as the case may require.

a. The intergovernmental coordination element must provide procedures for identifying and implementing joint planning areas, especially for the purpose of annexation, municipal incorporation, and joint infrastructure service areas.

b. ~~The intergovernmental coordination element must provide for recognition of campus master plans prepared pursuant to s. 1013.30 and airport master plans under paragraph (k).~~

~~c.~~ The intergovernmental coordination element shall provide for a dispute resolution process, as established pursuant to s. 186.509, for bringing intergovernmental disputes to closure in a timely manner.

c.~~d.~~ The intergovernmental coordination element shall provide for interlocal agreements as established pursuant to s. 333.03(1)(b).

2. The intergovernmental coordination element shall also state principles and guidelines to be used in coordinating the adopted comprehensive plan with the plans of school boards and other units of local government providing facilities and services but not having regulatory authority over the use of land. In addition, the intergovernmental coordination element must describe joint processes for collaborative planning and decisionmaking on population projections and public school siting, the location and extension of public facilities subject to concurrency, and siting facilities with countywide significance, including locally unwanted land uses whose nature and identity are established in an agreement.

3. Within 1 year after adopting their intergovernmental coordination elements, each county, all the municipalities within that county, the district school board, and any unit of local government service providers in that county shall establish by interlocal or other formal agreement executed by all affected entities, the joint processes described in this subparagraph consistent with their adopted intergovernmental coordination elements. *The element must:*

a. Ensure that the local government addresses through coordination mechanisms the impacts of development proposed in the local comprehensive plan upon development in adjacent municipalities, the county, adjacent counties, the region, and the state. The area of concern for municipalities shall include adjacent municipalities, the county, and counties adjacent to the municipality. The area of concern for counties shall include all municipalities within the county, adjacent counties, and adjacent municipalities.

b. Ensure coordination in establishing level of service standards for public facilities with any state, regional, or local entity having operational and maintenance responsibility for such facilities.

~~3. To foster coordination between special districts and local general-purpose governments as local general-purpose governments implement local comprehensive plans, each independent special district must submit a public facilities report to the appropriate local government as required by s. 189.415.~~

~~4. Local governments shall execute an interlocal agreement with the district school board, the county, and nonexempt municipalities pursuant to s. 163.31777. The local government shall amend the intergovernmental coordination element to ensure that coordination between the local government and school board is pursuant to the agreement and shall state the obligations of the local government under the agreement. Plan amendments that comply with this subparagraph are exempt from the provisions of s. 163.3187(1).~~

~~5. By January 1, 2004, any county having a population greater than 100,000, and the municipalities and special districts within that county, shall submit a report to the Department of Community Affairs which identifies:~~

~~a. All existing or proposed interlocal service delivery agreements relating to education; sanitary sewer; public safety; solid waste; drainage; potable water; parks and recreation; and transportation facilities.~~

~~b. Any deficits or duplication in the provision of services within its jurisdiction, whether capital or operational. Upon request, the Department of Community Affairs shall provide technical assistance to the local governments in identifying deficits or duplication.~~

~~6. Within 6 months after submission of the report, the Department of Community Affairs shall, through the appropriate regional planning council, coordinate a meeting of all local governments within the regional planning area to discuss the reports and potential strategies to remedy any identified deficiencies or duplications.~~

~~7. Each local government shall update its intergovernmental coordination element based upon the findings in the report submitted pursuant to subparagraph 5. The report may be used as supporting data and analysis for the intergovernmental coordination element.~~

~~(i) The optional elements of the comprehensive plan in paragraphs (7)(a) and (b) are required elements for those municipalities having populations greater than 50,000, and those counties having populations greater than 75,000, as determined under s. 186.901.~~

~~(j) For each unit of local government within an urbanized area designated for purposes of s. 339.175, a transportation element, which must be prepared and adopted in lieu of the requirements of paragraph (b) and paragraphs (7)(a), (b), (c), and (d) and which shall address the following issues:~~

~~1. Traffic circulation, including major thoroughfares and other routes, including bicycle and pedestrian ways.~~

~~2. All alternative modes of travel, such as public transportation, pedestrian, and bicycle travel.~~

~~3. Parking facilities.~~

~~4. Aviation, rail, seaport facilities, access to those facilities, and intermodal terminals.~~

~~5. The availability of facilities and services to serve existing land uses and the compatibility between future land use and transportation elements.~~

~~6. The capability to evacuate the coastal population prior to an impending natural disaster.~~

~~7. Airports, projected airport and aviation development, and land use compatibility around airports, which includes areas defined in ss. 333.01 and 333.02.~~

~~8. An identification of land use densities, building intensities, and transportation management programs to promote public transportation systems in designated public transportation corridors so as to encourage population densities sufficient to support such systems.~~

~~9. May include transportation corridors, as defined in s. 334.03, intended for future transportation facilities designated pursuant to s. 337.273. If transportation corridors are designated, the local government may adopt a transportation corridor management ordinance.~~

~~10. The incorporation of transportation strategies to address reduction in greenhouse gas emissions from the transportation sector.~~

~~(k) An airport master plan, and any subsequent amendments to the airport master plan, prepared by a licensed publicly owned and operated airport under s. 333.06 may be incorporated into the local government comprehensive plan by the local government having jurisdiction under this act for the area in which the airport or projected airport development is located by the adoption of a comprehensive plan amendment. In the amendment to the local comprehensive plan that integrates the airport master plan, the comprehensive plan amendment shall address land use compatibility consistent with chapter 333 regarding airport zoning; the provision of regional transportation facilities for the efficient use and operation of the transportation system and airport; consistency with the local government transportation circulation element and applicable metropolitan planning organization long-range transportation plans; and the execution of any necessary interlocal agreements for the purposes of the provision of public facilities and services to maintain the adopted level of service standards for facilities subject to concurrency; and may address airport-related or aviation-related development. Development or expansion of an airport consistent with the adopted airport master plan that has been incorporated into the local comprehensive plan in compliance with this part, and airport related or aviation related development that has been addressed in the comprehensive plan amendment that incorporates the airport master plan, shall not be a development of regional impact. Notwithstanding any other general law, an airport that has received a development of regional impact development order pursuant to s. 380.06, but which is no longer required to undergo development of regional impact review pursuant to this subsection, may abandon its development of regional impact order upon written notification to the applicable local government. Upon receipt by the local government, the development of regional impact development order is void.~~

~~(7) The comprehensive plan may include the following additional elements, or portions or phases thereof:~~

~~(a) As a part of the circulation element of paragraph (6)(b) or as a separate element, a mass transit element showing proposed methods for the moving of people, rights-of-way, terminals, related facilities, and fiscal considerations for the accomplishment of the element.~~

~~(b) As a part of the circulation element of paragraph (6)(b) or as a separate element, plans for port, aviation, and related facilities coordinated with the general circulation and transportation element.~~

~~(c) As a part of the circulation element of paragraph (6)(b) and in coordination with paragraph (6)(c), where applicable, a plan element for the circulation of recreational traffic, including bicycle facilities, exercise trails, riding facilities, and such other matters as may be related to the improvement and safety of movement of all types of recreational traffic.~~

~~(d) As a part of the circulation element of paragraph (6)(b) or as a separate element, a plan element for the development of offstreet parking facilities for motor vehicles and the fiscal considerations for the accomplishment of the element.~~

~~(e) A public buildings and related facilities element showing locations and arrangements of civic and community centers, public schools, hospitals, libraries, police and fire stations, and other public buildings. This plan element should show particularly how it is proposed to effect coordination with governmental units, such as school boards or hospital authorities, having public development and service responsibilities, capabilities, and potential but not having land development regulatory authority. This element may include plans for architecture and landscape treatment of their grounds.~~

~~(f) A recommended community design element which may consist of design recommendations for land subdivision, neighborhood development and redevelopment, design of open space locations, and similar matters to the end that such recommendations may be available as aids and guides to developers in the future planning and development of land in the area.~~

~~(g) A general area redevelopment element consisting of plans and programs for the redevelopment of slums and blighted locations in the area and for community redevelopment, including housing sites, business and industrial sites, public buildings sites, recreational facilities, and other purposes authorized by law.~~

~~(h) A safety element for the protection of residents and property of the area from fire, hurricane, or manmade or natural catastrophe, including such necessary features for protection as evacuation routes and their control in an emergency, water supply requirements, minimum road widths, clearances around and elevations of structures, and similar matters.~~

~~(i) An historical and scenic preservation element setting out plans and programs for those structures or lands in the area having historical, archaeological, architectural, scenic, or similar significance.~~

~~(j) An economic element setting forth principles and guidelines for the commercial and industrial development, if any, and the employment and personnel utilization within the area. The element may detail the type of commercial and industrial development sought, correlated to the present and projected employment needs of the area and to other elements of the plans, and may set forth methods by which a balanced and stable economic base will be pursued.~~

~~(k) Such other elements as may be peculiar to, and necessary for, the area concerned and as are added to the comprehensive plan by the governing body upon the recommendation of the local planning agency.~~

~~(l) Local governments that are not required to prepare coastal management elements under s. 163.3178 are encouraged to adopt hazard mitigation/postdisaster redevelopment plans. These plans should, at a minimum, establish long-term policies regarding redevelopment, infrastructure, densities, nonconforming uses, and future land use patterns. Grants to assist local governments in the preparation of these hazard mitigation/postdisaster redevelopment plans shall be available through the Emergency Management Preparedness and Assistance Account in the Grants and Donations Trust Fund administered by the department, if such account is created by law. The plans must be in compliance with the requirements of this act and chapter 252.~~

~~(8) All elements of the comprehensive plan, whether mandatory or optional, shall be based upon data appropriate to the element involved. Surveys and studies utilized in the preparation of the comprehensive plan shall not be deemed a part of the comprehensive plan unless adopted as a part of it. Copies of such studies, surveys, and supporting documents shall be made available to public inspection, and copies of such plans shall be made available to the public upon payment of reasonable charges for reproduction.~~

~~(9) The state land planning agency shall, by February 15, 1986, adopt by rule minimum criteria for the review and determination of compliance of the local government comprehensive plan elements re-~~

~~quired by this act. Such rules shall not be subject to rule challenges under s. 120.56(2) or to drawout proceedings under s. 120.54(3)(c)2. Such rules shall become effective only after they have been submitted to the President of the Senate and the Speaker of the House of Representatives for review by the Legislature no later than 30 days prior to the next regular session of the Legislature. In its review the Legislature may reject, modify, or take no action relative to the rules. The agency shall conform the rules to the changes made by the Legislature, or, if no action was taken, the agency rules shall become effective. The rule shall include criteria for determining whether:~~

~~(a) Proposed elements are in compliance with the requirements of part II, as amended by this act.~~

~~(b) Other elements of the comprehensive plan are related to and consistent with each other.~~

~~(c) The local government comprehensive plan elements are consistent with the state comprehensive plan and the appropriate regional policy plan pursuant to s. 186.508.~~

~~(d) Certain bays, estuaries, and harbors that fall under the jurisdiction of more than one local government are managed in a consistent and coordinated manner in the case of local governments required to include a coastal management element in their comprehensive plans pursuant to paragraph (6)(g).~~

~~(e) Proposed elements identify the mechanisms and procedures for monitoring, evaluating, and appraising implementation of the plan. Specific measurable objectives are included to provide a basis for evaluating effectiveness as required by s. 163.3191.~~

~~(f) Proposed elements contain policies to guide future decisions in a consistent manner.~~

~~(g) Proposed elements contain programs and activities to ensure that comprehensive plans are implemented.~~

~~(h) Proposed elements identify the need for and the processes and procedures to ensure coordination of all development activities and services with other units of local government, regional planning agencies, water management districts, and state and federal agencies as appropriate.~~

~~The state land planning agency may adopt procedural rules that are consistent with this section and chapter 120 for the review of local government comprehensive plan elements required under this section. The state land planning agency shall provide model plans and ordinances and, upon request, other assistance to local governments in the adoption and implementation of their revised local government comprehensive plans. The review and comment provisions applicable prior to October 1, 1985, shall continue in effect until the criteria for review and determination are adopted pursuant to this subsection and the comprehensive plans required by s. 163.3167(2) are due.~~

~~(10) The Legislature recognizes the importance and significance of chapter 9J-5, Florida Administrative Code, the Minimum Criteria for Review of Local Government Comprehensive Plans and Determination of Compliance of the Department of Community Affairs that will be used to determine compliance of local comprehensive plans. The Legislature reserved unto itself the right to review chapter 9J-5, Florida Administrative Code, and to reject, modify, or take no action relative to this rule. Therefore, pursuant to subsection (9), the Legislature hereby has reviewed chapter 9J-5, Florida Administrative Code, and expresses the following legislative intent:~~

~~(a) The Legislature finds that in order for the department to review local comprehensive plans, it is necessary to define the term "consistency." Therefore, for the purpose of determining whether local comprehensive plans are consistent with the state comprehensive plan and the appropriate regional policy plan, a local plan shall be consistent with such plans if the local plan is "compatible with" and "furthers" such plans. The term "compatible with" means that the local plan is not in conflict with the state comprehensive plan or appropriate regional policy plan. The term "furthers" means to take action in the direction of realizing goals or policies of the state or regional plan. For the purposes of determining consistency of the local plan with the state comprehensive plan or the appropriate regional policy plan, the state or regional plan shall be construed as a whole and no specific goal and policy shall be construed or applied in isolation from the other goals and policies in the plans.~~

~~(b) Each local government shall review all the state comprehensive plan goals and policies and shall address in its comprehensive plan the goals and policies which are relevant to the circumstances or conditions in its jurisdiction. The decision regarding which particular state comprehensive plan goals and policies will be furthered by the expenditure of a local government's financial resources in any given year is a decision which rests solely within the discretion of the local government. Intergovernmental coordination, as set forth in paragraph (6)(h), shall be utilized to the extent required to carry out the provisions of chapter 9J-5, Florida Administrative Code.~~

~~(c) The Legislature declares that if any portion of chapter 9J-5, Florida Administrative Code, is found to be in conflict with this part, the appropriate statutory provision shall prevail.~~

~~(d) Chapter 9J-5, Florida Administrative Code, does not mandate the creation, limitation, or elimination of regulatory authority, nor does it authorize the adoption or require the repeal of any rules, criteria, or standards of any local, regional, or state agency.~~

~~(e) It is the Legislature's intent that support data or summaries thereof shall not be subject to the compliance review process, but the Legislature intends that goals and policies be clearly based on appropriate data. The department may utilize support data or summaries thereof to aid in its determination of compliance and consistency. The Legislature intends that the department may evaluate the application of a methodology utilized in data collection or whether a particular methodology is professionally accepted. However, the department shall not evaluate whether one accepted methodology is better than another. Chapter 9J-5, Florida Administrative Code, shall not be construed to require original data collection by local governments; however, Local governments are not to be discouraged from utilizing original data so long as methodologies are professionally accepted.~~

~~(f) The Legislature recognizes that under this section, local governments are charged with setting levels of service for public facilities in their comprehensive plans in accordance with which development orders and permits will be issued pursuant to s. 163.3202(2)(g). Nothing herein shall supersede the authority of state, regional, or local agencies as otherwise provided by law.~~

~~(g) Definitions contained in chapter 9J-5, Florida Administrative Code, are not intended to modify or amend the definitions utilized for purposes of other programs or rules or to establish or limit regulatory authority. Local governments may establish alternative definitions in local comprehensive plans, as long as such definitions accomplish the intent of this chapter, and chapter 9J-5, Florida Administrative Code.~~

~~(h) It is the intent of the Legislature that public facilities and services needed to support development shall be available concurrent with the impacts of such development in accordance with s. 163.3180. In meeting this intent, public facility and service availability shall be deemed sufficient if the public facilities and services for a development are phased, or the development is phased, so that the public facilities and those related services which are deemed necessary by the local government to operate the facilities necessitated by that development are available concurrent with the impacts of the development. The public facilities and services, unless already available, are to be consistent with the capital improvements element of the local comprehensive plan as required by paragraph (3)(a) or guaranteed in an enforceable development agreement. This shall include development agreements pursuant to this chapter or in an agreement or a development order issued pursuant to chapter 380. Nothing herein shall be construed to require a local government to address services in its capital improvements plan or to limit a local government's ability to address any service in its capital improvements plan that it deems necessary.~~

~~(i) The department shall take into account the factors delineated in rule 9J-5.002(2), Florida Administrative Code, as it provides assistance to local governments and applies the rule in specific situations with regard to the detail of the data and analysis required.~~

~~(j) Chapter 9J-5, Florida Administrative Code, has become effective pursuant to subsection (9). The Legislature hereby directs the depart-~~

~~ment to adopt amendments as necessary which conform chapter 9J-5, Florida Administrative Code, with the requirements of this legislative intent by October 1, 1986.~~

~~(k) In order for local governments to prepare and adopt comprehensive plans with knowledge of the rules that are applied to determine consistency of the plans with this part, there should be no doubt as to the legal standing of chapter 9J-5, Florida Administrative Code, at the close of the 1986 legislative session. Therefore, the Legislature declares that changes made to chapter 9J-5 before October 1, 1986, are not subject to rule challenges under s. 120.56(2), or to drawout proceedings under s. 120.54(3)(c)2. The entire chapter 9J-5, Florida Administrative Code, as amended, is subject to rule challenges under s. 120.56(3), as nothing herein indicates approval or disapproval of any portion of chapter 9J-5 not specifically addressed herein. Any amendments to chapter 9J-5, Florida Administrative Code, exclusive of the amendments adopted prior to October 1, 1986, pursuant to this act, shall be subject to the full chapter 120 process. All amendments shall have effective dates as provided in chapter 120 and submission to the President of the Senate and Speaker of the House of Representatives shall not be required.~~

~~(l) The state land planning agency shall consider land use compatibility issues in the vicinity of all airports in coordination with the Department of Transportation and adjacent to or in close proximity to all military installations in coordination with the Department of Defense.~~

~~(11)(a) The Legislature recognizes the need for innovative planning and development strategies which will address the anticipated demands of continued urbanization of Florida's coastal and other environmentally sensitive areas, and which will accommodate the development of less populated regions of the state which seek economic development and which have suitable land and water resources to accommodate growth in an environmentally acceptable manner. The Legislature further recognizes the substantial advantages of innovative approaches to development which may better serve to protect environmentally sensitive areas, maintain the economic viability of agricultural and other predominantly rural land uses, and provide for the cost-efficient delivery of public facilities and services.~~

~~(b) It is the intent of the Legislature that the local government comprehensive plans and plan amendments adopted pursuant to the provisions of this part provide for a planning process which allows for land use efficiencies within existing urban areas and which also allows for the conversion of rural lands to other uses, where appropriate and consistent with the other provisions of this part and the affected local comprehensive plans, through the application of innovative and flexible planning and development strategies and creative land use planning techniques, which may include, but not be limited to, urban villages, new towns, satellite communities, area-based allocations, clustering and open space provisions, mixed use development, and sector planning.~~

~~(c) It is the further intent of the Legislature that local government comprehensive plans and implementing land development regulations shall provide strategies which maximize the use of existing facilities and services through redevelopment, urban infill development, and other strategies for urban revitalization.~~

~~(d)1. The department, in cooperation with the Department of Agriculture and Consumer Services, the Department of Environmental Protection, water management districts, and regional planning councils, shall provide assistance to local governments in the implementation of this paragraph and rule 9J-5.006(5)(l), Florida Administrative Code. Implementation of those provisions shall include a process by which the department may authorize local governments to designate all or portions of lands classified in the future land use element as predominantly agricultural, rural, open, open-rural, or a substantively equivalent land use, as a rural land stewardship area within which planning and economic incentives are applied to encourage the implementation of innovative and flexible planning and development strategies and creative land use planning techniques, including those contained herein and in rule 9J-5.006(5)(l), Florida Administrative Code. Assistance may include, but is not limited to:~~

~~a. Assistance from the Department of Environmental Protection and water management districts in creating the geographic information systems land cover database and aerial photogrammetry needed to prepare for a rural land stewardship area;~~

~~b. Support for local government implementation of rural land stewardship concepts by providing information and assistance to local governments regarding land acquisition programs that may be used by the local government or landowners to leverage the protection of greater acreage and maximize the effectiveness of rural land stewardship areas; and~~

~~c. Expansion of the role of the Department of Community Affairs as a resource agency to facilitate establishment of rural land stewardship areas in smaller rural counties that do not have the staff or planning budgets to create a rural land stewardship area.~~

~~2. The department shall encourage participation by local governments of different sizes and rural characteristics in establishing and implementing rural land stewardship areas. It is the intent of the Legislature that rural land stewardship areas be used to further the following broad principles of rural sustainability: restoration and maintenance of the economic value of rural land; control of urban sprawl; identification and protection of ecosystems, habitats, and natural resources; promotion of rural economic activity; maintenance of the viability of Florida's agricultural economy; and protection of the character of rural areas of Florida. Rural land stewardship areas may be multicounty in order to encourage coordinated regional stewardship planning.~~

~~3. A local government, in conjunction with a regional planning council, a stakeholder organization of private land owners, or another local government, shall notify the department in writing of its intent to designate a rural land stewardship area. The written notification shall describe the basis for the designation, including the extent to which the rural land stewardship area enhances rural land values, controls urban sprawl, provides necessary open space for agriculture and protection of the natural environment, promotes rural economic activity, and maintains rural character and the economic viability of agriculture.~~

~~4. A rural land stewardship area shall be not less than 10,000 acres and shall be located outside of municipalities and established urban growth boundaries, and shall be designated by plan amendment. The plan amendment designating a rural land stewardship area shall be subject to review by the Department of Community Affairs pursuant to s. 163.3184 and shall provide for the following:~~

~~a. Criteria for the designation of receiving areas within rural land stewardship areas in which innovative planning and development strategies may be applied. Criteria shall at a minimum provide for the following: adequacy of suitable land to accommodate development so as to avoid conflict with environmentally sensitive areas, resources, and habitats; compatibility between and transition from higher density uses to lower intensity rural uses; the establishment of receiving area service boundaries which provide for a separation between receiving areas and other land uses within the rural land stewardship area through limitations on the extension of services; and connection of receiving areas with the rest of the rural land stewardship area using rural design and rural road corridors.~~

~~b. Goals, objectives, and policies setting forth the innovative planning and development strategies to be applied within rural land stewardship areas pursuant to the provisions of this section.~~

~~c. A process for the implementation of innovative planning and development strategies within the rural land stewardship area, including those described in this subsection and rule 9J-5.006(5)(l), Florida Administrative Code, which provide for a functional mix of land uses, including adequate available workforce housing, including low, very low and moderate income housing for the development anticipated in the receiving area and which are applied through the adoption by the local government of zoning and land development regulations applicable to the rural land stewardship area.~~

~~d. A process which encourages visioning pursuant to s. 163.3167(11) to ensure that innovative planning and development strategies comply with the provisions of this section.~~

~~e. The control of sprawl through the use of innovative strategies and creative land use techniques consistent with the provisions of this subsection and rule 9J-5.006(5)(l), Florida Administrative Code.~~

~~5. A receiving area shall be designated by the adoption of a land development regulation. Prior to the designation of a receiving area, the~~

~~local government shall provide the Department of Community Affairs a period of 30 days in which to review a proposed receiving area for consistency with the rural land stewardship area plan amendment and to provide comments to the local government. At the time of designation of a stewardship receiving area, a listed species survey will be performed. If listed species occur on the receiving area site, the developer shall coordinate with each appropriate local, state, or federal agency to determine if adequate provisions have been made to protect those species in accordance with applicable regulations. In determining the adequacy of provisions for the protection of listed species and their habitats, the rural land stewardship area shall be considered as a whole, and the impacts to areas to be developed as receiving areas shall be considered together with the environmental benefits of areas protected as sending areas in fulfilling this criteria.~~

~~6. Upon the adoption of a plan amendment creating a rural land stewardship area, the local government shall, by ordinance, establish the methodology for the creation, conveyance, and use of transferable rural land use credits, otherwise referred to as stewardship credits, the application of which shall not constitute a right to develop land, nor increase density of land, except as provided by this section. The total amount of transferable rural land use credits within the rural land stewardship area must enable the realization of the long term vision and goals for the 25 year or greater projected population of the rural land stewardship area, which may take into consideration the anticipated effect of the proposed receiving areas. Transferable rural land use credits are subject to the following limitations:~~

~~a. Transferable rural land use credits may only exist within a rural land stewardship area.~~

~~b. Transferable rural land use credits may only be used on lands designated as receiving areas and then solely for the purpose of implementing innovative planning and development strategies and creative land use planning techniques adopted by the local government pursuant to this section.~~

~~c. Transferable rural land use credits assigned to a parcel of land within a rural land stewardship area shall cease to exist if the parcel of land is removed from the rural land stewardship area by plan amendment.~~

~~d. Neither the creation of the rural land stewardship area by plan amendment nor the assignment of transferable rural land use credits by the local government shall operate to displace the underlying density of land uses assigned to a parcel of land within the rural land stewardship area; however, if transferable rural land use credits are transferred from a parcel for use within a designated receiving area, the underlying density assigned to the parcel of land shall cease to exist.~~

~~e. The underlying density on each parcel of land located within a rural land stewardship area shall not be increased or decreased by the local government, except as a result of the conveyance or use of transferable rural land use credits, as long as the parcel remains within the rural land stewardship area.~~

~~f. Transferable rural land use credits shall cease to exist on a parcel of land where the underlying density assigned to the parcel of land is utilized.~~

~~g. An increase in the density of use on a parcel of land located within a designated receiving area may occur only through the assignment or use of transferable rural land use credits and shall not require a plan amendment.~~

~~h. A change in the density of land use on parcels located within receiving areas shall be specified in a development order which reflects the total number of transferable rural land use credits assigned to the parcel of land and the infrastructure and support services necessary to provide for a functional mix of land uses corresponding to the plan of development.~~

~~i. Land within a rural land stewardship area may be removed from the rural land stewardship area through a plan amendment.~~

~~j. Transferable rural land use credits may be assigned at different ratios of credits per acre according to the natural resource or other beneficial use characteristics of the land and according to the land use remaining following the transfer of credits, with the highest number of credits per acre assigned to the most environmentally valuable land or, in locations where the retention of open space and agricultural land is a priority, to such lands.~~

~~k. The use or conveyance of transferable rural land use credits must be recorded in the public records of the county in which the property is located as a covenant or restrictive easement running with the land in favor of the county and either the Department of Environmental Protection, Department of Agriculture and Consumer Services, a water management district, or a recognized statewide land trust.~~

~~7. Owners of land within rural land stewardship areas should be provided incentives to enter into rural land stewardship agreements, pursuant to existing law and rules adopted thereto, with state agencies, water management districts, and local governments to achieve mutually agreed upon conservation objectives. Such incentives may include, but not be limited to, the following:~~

~~a. Opportunity to accumulate transferable mitigation credits.~~

~~b. Extended permit agreements.~~

~~c. Opportunities for recreational leases and ecotourism.~~

~~d. Payment for specified land management services on publicly owned land, or property under covenant or restricted easement in favor of a public entity.~~

~~e. Option agreements for sale to public entities or private land conservation entities, in either fee or easement, upon achievement of conservation objectives.~~

~~8. The department shall report to the Legislature on an annual basis on the results of implementation of rural land stewardship areas authorized by the department, including successes and failures in achieving the intent of the Legislature as expressed in this paragraph.~~

~~(e) The Legislature finds that mixed use, high density development is appropriate for urban infill and redevelopment areas. Mixed use projects accommodate a variety of uses, including residential and commercial, and usually at higher densities that promote pedestrian-friendly, sustainable communities. The Legislature recognizes that mixed use, high density development improves the quality of life for residents and businesses in urban areas. The Legislature finds that mixed use, high density redevelopment and infill benefits residents by creating a livable community with alternative modes of transportation. Furthermore, the Legislature finds that local zoning ordinances often discourage mixed use, high density development in areas that are appropriate for urban infill and redevelopment. The Legislature intends to discourage single use zoning in urban areas which often leads to lower-density, land-intensive development outside an urban service area. Therefore, the Department of Community Affairs shall provide technical assistance to local governments in order to encourage mixed use, high-density urban infill and redevelopment projects.~~

~~(f) The Legislature finds that a program for the transfer of development rights is a useful tool to preserve historic buildings and create public open spaces in urban areas. A program for the transfer of development rights allows the transfer of density credits from historic properties and public open spaces to areas designated for high density development. The Legislature recognizes that high density development is integral to the success of many urban infill and redevelopment projects. The Legislature intends to encourage high density urban infill and redevelopment while preserving historic structures and open spaces. Therefore, the Department of Community Affairs shall provide technical assistance to local governments in order to promote the transfer of development rights within urban areas for high density infill and redevelopment projects.~~

~~(g) The implementation of this subsection shall be subject to the provisions of this chapter, chapters 186 and 187, and applicable agency rules.~~

~~(h) The department may adopt rules necessary to implement the provisions of this subsection.~~

~~(12) A public school facilities element adopted to implement a school concurrency program shall meet the requirements of this subsection.~~

~~Each county and each municipality within the county, unless exempt or subject to a waiver, must adopt a public school facilities element that is consistent with those adopted by the other local governments within the county and enter the interlocal agreement pursuant to s. 163.31777.~~

~~(a) The state land planning agency may provide a waiver to a county and to the municipalities within the county if the capacity rate for all schools within the school district is no greater than 100 percent and the projected 5-year capital outlay full-time equivalent student growth rate is less than 10 percent. The state land planning agency may allow for a projected 5-year capital outlay full-time equivalent student growth rate to exceed 10 percent when the projected 10-year capital outlay full-time equivalent student enrollment is less than 2,000 students and the capacity rate for all schools within the school district in the tenth year will not exceed the 100-percent limitation. The state land planning agency may allow for a single school to exceed the 100-percent limitation if it can be demonstrated that the capacity rate for that single school is not greater than 105 percent. In making this determination, the state land planning agency shall consider the following criteria:~~

~~1. Whether the exceedance is due to temporary circumstances;~~

~~2. Whether the projected 5-year capital outlay full-time equivalent student growth rate for the school district is approaching the 10-percent threshold;~~

~~3. Whether one or more additional schools within the school district are at or approaching the 100-percent threshold; and~~

~~4. The adequacy of the data and analysis submitted to support the waiver request.~~

~~(b) A municipality in a nonexempt county is exempt if the municipality meets all of the following criteria for having no significant impact on school attendance:~~

~~1. The municipality has issued development orders for fewer than 50 residential dwelling units during the preceding 5 years, or the municipality has generated fewer than 25 additional public school students during the preceding 5 years.~~

~~2. The municipality has not annexed new land during the preceding 5 years in land use categories that permit residential uses that will affect school attendance rates.~~

~~3. The municipality has no public schools located within its boundaries.~~

~~(c) A public school facilities element shall be based upon data and analyses that address, among other items, how level-of-service standards will be achieved and maintained. Such data and analyses must include, at a minimum, such items as: the interlocal agreement adopted pursuant to s. 163.31777 and the 5-year school district facilities work program adopted pursuant to s. 1013.35; the educational plant survey prepared pursuant to s. 1013.31 and an existing educational and ancillary plant map or map series; information on existing development and development anticipated for the next 5 years and the long-term planning period; an analysis of problems and opportunities for existing schools and schools anticipated in the future; an analysis of opportunities to collocate future schools with other public facilities such as parks, libraries, and community centers; an analysis of the need for supporting public facilities for existing and future schools; an analysis of opportunities to locate schools to serve as community focal points; projected future population and associated demographics, including development patterns year by year for the upcoming 5-year and long-term planning periods; and anticipated educational and ancillary plants with land area requirements.~~

~~(d) The element shall contain one or more goals which establish the long-term end toward which public school programs and activities are ultimately directed.~~

~~(e) The element shall contain one or more objectives for each goal, setting specific, measurable, intermediate ends that are achievable and mark progress toward the goal.~~

~~(f) The element shall contain one or more policies for each objective which establish the way in which programs and activities will be conducted to achieve an identified goal.~~

~~(g) The objectives and policies shall address items such as:~~

~~1. The procedure for an annual update process;~~

~~2. The procedure for school site selection;~~

~~3. The procedure for school permitting;~~

~~4. Provision for infrastructure necessary to support proposed schools, including potable water, wastewater, drainage, solid waste, transportation, and means by which to assure safe access to schools, including sidewalks, bicycle paths, turn lanes, and signalization;~~

~~5. Provision for colocation of other public facilities, such as parks, libraries, and community centers, in proximity to public schools;~~

~~6. Provision for location of schools proximate to residential areas and to complement patterns of development, including the location of future school sites so they serve as community focal points;~~

~~7. Measures to ensure compatibility of school sites and surrounding land uses;~~

~~8. Coordination with adjacent local governments and the school district on emergency preparedness issues, including the use of public schools to serve as emergency shelters; and~~

~~9. Coordination with the future land use element.~~

~~(h) The element shall include one or more future conditions maps which depict the anticipated location of educational and ancillary plants, including the general location of improvements to existing schools or new schools anticipated over the 5-year or long-term planning period. The maps will of necessity be general for the long-term planning period and more specific for the 5-year period. Maps indicating general locations of future schools or school improvements may not prescribe a land use on a particular parcel of land.~~

~~(i) The state land planning agency shall establish a phased schedule for adoption of the public school facilities element and the required updates to the public schools interlocal agreement pursuant to s. 163.31777. The schedule shall provide for each county and local government within the county to adopt the element and update to the agreement no later than December 1, 2008. Plan amendments to adopt a public school facilities element are exempt from the provisions of s. 163.3187(1).~~

~~(j) The state land planning agency may issue a notice to the school board and the local government to show cause why sanctions should not be enforced for failure to enter into an approved interlocal agreement as required by s. 163.31777 or for failure to implement provisions relating to public school concurrency. If the state land planning agency finds that insufficient cause exists for the school board's or local government's failure to enter into an approved interlocal agreement as required by s. 163.31777 or for the school board's or local government's failure to implement the provisions relating to public school concurrency, the state land planning agency shall submit its finding to the Administration Commission which may impose on the local government any of the sanctions set forth in s. 163.3184(11)(a) and (b) and may impose on the district school board any of the sanctions set forth in s. 1008.32(4).~~

~~(13) Local governments are encouraged to develop a community vision that provides for sustainable growth, recognizes its fiscal constraints, and protects its natural resources. At the request of a local government, the applicable regional planning council shall provide assistance in the development of a community vision.~~

~~(a) As part of the process of developing a community vision under this section, the local government must hold two public meetings with at least one of those meetings before the local planning agency. Before those public meetings, the local government must hold at least one public workshop with stakeholder groups such as neighborhood associations, community organizations, businesses, private property owners, housing and development interests, and environmental organizations.~~

~~(b) The local government must, at a minimum, discuss five of the following topics as part of the workshops and public meetings required under paragraph (a):~~

~~1. Future growth in the area using population forecasts from the Bureau of Economic and Business Research;~~

~~2. Priorities for economic development;~~

~~3. Preservation of open space, environmentally sensitive lands, and agricultural lands;~~

~~4. Appropriate areas and standards for mixed-use development;~~

~~5. Appropriate areas and standards for high-density commercial and residential development;~~

~~6. Appropriate areas and standards for economic development opportunities and employment centers;~~

~~7. Provisions for adequate workforce housing;~~

~~8. An efficient, interconnected multimodal transportation system; and~~

~~9. Opportunities to create land use patterns that accommodate the issues listed in subparagraphs 1. 8.~~

~~(c) As part of the workshops and public meetings, the local government must discuss strategies for addressing the topics discussed under paragraph (b), including:~~

~~1. Strategies to preserve open space and environmentally sensitive lands, and to encourage a healthy agricultural economy, including innovative planning and development strategies, such as the transfer of development rights;~~

~~2. Incentives for mixed-use development, including increased height and intensity standards for buildings that provide residential use in combination with office or commercial space;~~

~~3. Incentives for workforce housing;~~

~~4. Designation of an urban service boundary pursuant to subsection (2); and~~

~~5. Strategies to provide mobility within the community and to protect the Strategic Intermodal System, including the development of a transportation corridor management plan under s. 337.273.~~

~~(d) The community vision must reflect the community's shared concept for growth and development of the community, including visual representations depicting the desired land use patterns and character of the community during a 10-year planning timeframe. The community vision must also take into consideration economic viability of the vision and private property interests.~~

~~(e) After the workshops and public meetings required under paragraph (a) are held, the local government may amend its comprehensive plan to include the community vision as a component in the plan. This plan amendment must be transmitted and adopted pursuant to the procedures in ss. 163.3184 and 163.3189 at public hearings of the governing body other than those identified in paragraph (a).~~

~~(f) Amendments submitted under this subsection are exempt from the limitation on the frequency of plan amendments in s. 163.3187.~~

~~(g) A local government that has developed a community vision or completed a visioning process after July 1, 2000, and before July 1, 2005, which substantially accomplishes the goals set forth in this subsection and the appropriate goals, policies, or objectives have been adopted as part of the comprehensive plan or reflected in subsequently adopted land development regulations and the plan amendment incorporating the community vision as a component has been found in compliance is eligible for the incentives in s. 163.3184(17).~~

~~(14) Local governments are also encouraged to designate an urban service boundary. This area must be appropriate for compact, contiguous urban development within a 10-year planning timeframe. The urban service area boundary must be identified on the future land use map or map series. The local government shall demonstrate that the land included within the urban service boundary is served or is planned to be served with adequate public facilities and services based on the local government's adopted level-of-service standards by adopting a 10-year facilities plan in the capital improvements element which is financially feasible. The local government shall demonstrate that the amount of land within the urban service boundary does not exceed the amount of land needed to accommodate the projected population growth at densities consistent with the adopted comprehensive plan within the 10-year planning timeframe.~~

~~(a) As part of the process of establishing an urban service boundary, the local government must hold two public meetings with at least one of those meetings before the local planning agency. Before those public meetings, the local government must hold at least one public workshop with stakeholder groups such as neighborhood associations, community organizations, businesses, private property owners, housing and development interests, and environmental organizations.~~

~~(b)1. After the workshops and public meetings required under paragraph (a) are held, the local government may amend its comprehensive plan to include the urban service boundary. This plan amendment must be transmitted and adopted pursuant to the procedures in ss. 163.3184 and 163.3189 at meetings of the governing body other than those required under paragraph (a).~~

~~2. This subsection does not prohibit new development outside an urban service boundary. However, a local government that establishes an urban service boundary under this subsection is encouraged to require a full-cost-accounting analysis for any new development outside the boundary and to consider the results of that analysis when adopting a plan amendment for property outside the established urban service boundary.~~

~~(c) Amendments submitted under this subsection are exempt from the limitation on the frequency of plan amendments in s. 163.3187.~~

~~(d) A local government that has adopted an urban service boundary before July 1, 2005, which substantially accomplishes the goals set forth in this subsection is not required to comply with paragraph (a) or subparagraph 1. of paragraph (b) in order to be eligible for the incentives under s. 163.3184(17). In order to satisfy the provisions of this paragraph, the local government must secure a determination from the state land planning agency that the urban service boundary adopted before July 1, 2005, substantially complies with the criteria of this subsection, based on data and analysis submitted by the local government to support this determination. The determination by the state land planning agency is not subject to administrative challenge.~~

(7)~~(15)~~(a) The Legislature finds that:

1. There are a number of rural agricultural industrial centers in the state that process, produce, or aid in the production or distribution of a variety of agriculturally based products, including, but not limited to, fruits, vegetables, timber, and other crops, and juices, paper, and building materials. Rural agricultural industrial centers have a significant amount of existing associated infrastructure that is used for processing, producing, or distributing agricultural products.

2. Such rural agricultural industrial centers are often located within or near communities in which the economy is largely dependent upon agriculture and agriculturally based products. The centers significantly enhance the economy of such communities. However, these agriculturally based communities are often socioeconomically challenged and designated as rural areas of critical economic concern. If such rural agricultural industrial centers are lost and not replaced with other job-creating enterprises, the agriculturally based communities will lose a substantial amount of their economies.

3. The state has a compelling interest in preserving the viability of agriculture and protecting rural agricultural communities and the state from the economic upheaval that would result from short-term or long-term adverse changes in the agricultural economy. To protect these communities and promote viable agriculture for the long term, it is essential to encourage and permit diversification of existing rural agricultural industrial centers by providing for jobs that are not solely dependent upon, but are compatible with and complement, existing agricultural industrial operations and to encourage the creation and expansion of industries that use agricultural products in innovative ways. However, the expansion and diversification of these existing cen-

ters must be accomplished in a manner that does not promote urban sprawl into surrounding agricultural and rural areas.

(b) As used in this subsection, the term "rural agricultural industrial center" means a developed parcel of land in an unincorporated area on which there exists an operating agricultural industrial facility or facilities that employ at least 200 full-time employees in the aggregate and process and prepare for transport a farm product, as defined in s. 163.3162, or any biomass material that could be used, directly or indirectly, for the production of fuel, renewable energy, bioenergy, or alternative fuel as defined by law. The center may also include land contiguous to the facility site which is not used for the cultivation of crops, but on which other existing activities essential to the operation of such facility or facilities are located or conducted. The parcel of land must be located within, or within 10 miles of, a rural area of critical economic concern.

(c)1. A landowner whose land is located within a rural agricultural industrial center may apply for an amendment to the local government comprehensive plan for the purpose of designating and expanding the existing agricultural industrial uses of facilities located within the center or expanding the existing center to include industrial uses or facilities that are not dependent upon but are compatible with agriculture and the existing uses and facilities. A local government comprehensive plan amendment under this paragraph must:

a. Not increase the physical area of the existing rural agricultural industrial center by more than 50 percent or 320 acres, whichever is greater.

b. Propose a project that would, upon completion, create at least 50 new full-time jobs.

c. Demonstrate that sufficient infrastructure capacity exists or will be provided to support the expanded center at the level-of-service standards adopted in the local government comprehensive plan.

d. Contain goals, objectives, and policies that will ensure that any adverse environmental impacts of the expanded center will be adequately addressed and mitigation implemented or demonstrate that the local government comprehensive plan contains such provisions.

2. Within 6 months after receiving an application as provided in this paragraph, the local government shall transmit the application to the state land planning agency for review pursuant to this chapter together with any needed amendments to the applicable sections of its comprehensive plan to include goals, objectives, and policies that provide for the expansion of rural agricultural industrial centers and discourage urban sprawl in the surrounding areas. Such goals, objectives, and policies must promote and be consistent with the findings in this subsection. An amendment that meets the requirements of this subsection is presumed *not* to be *urban sprawl as defined in s. 163.3164 and shall be considered within 90 days after any review required by the state land planning agency if required by s. 163.3184.* ~~consistent with rule 9J-5.006(5), Florida Administrative Code~~. This presumption may be rebutted by a preponderance of the evidence.

(d) This subsection does not apply to an optional sector plan adopted pursuant to s. 163.3245, a rural land stewardship area designated pursuant to *s. 163.3248* ~~subsection (11)~~, or any comprehensive plan amendment that includes an inland port terminal or affiliated port development.

(e) Nothing in this subsection shall be construed to confer the status of rural area of critical economic concern, or any of the rights or benefits derived from such status, on any land area not otherwise designated as such pursuant to s. 288.0656(7).

Section 13. Section 163.31777, Florida Statutes, is amended to read:

163.31777 Public schools interlocal agreement.—

(1)~~(a)~~ The county and municipalities located within the geographic area of a school district shall enter into an interlocal agreement with the district school board which jointly establishes the specific ways in which the plans and processes of the district school board and the local governments are to be coordinated. ~~The interlocal agreements shall be submitted to the state land planning agency and the Office of Educational Facilities in accordance with a schedule published by the state land planning agency.~~

~~(b) The schedule must establish staggered due dates for submission of interlocal agreements that are executed by both the local government and the district school board, commencing on March 1, 2003, and concluding by December 1, 2004, and must set the same date for all governmental entities within a school district. However, if the county where the school district is located contains more than 20 municipalities, the state land planning agency may establish staggered due dates for the submission of interlocal agreements by these municipalities. The schedule must begin with those areas where both the number of districtwide capital-outlay full-time-equivalent students equals 80 percent or more of the current year's school capacity and the projected 5-year student growth is 1,000 or greater, or where the projected 5-year student growth rate is 10 percent or greater.~~

~~(c) If the student population has declined over the 5-year period preceding the due date for submittal of an interlocal agreement by the local government and the district school board, the local government and the district school board may petition the state land planning agency for a waiver of one or more requirements of subsection (2). The waiver must be granted if the procedures called for in subsection (2) are unnecessary because of the school district's declining school age population, considering the district's 5-year facilities work program prepared pursuant to s. 1013.35. The state land planning agency may modify or revoke the waiver upon a finding that the conditions upon which the waiver was granted no longer exist. The district school board and local governments must submit an interlocal agreement within 1 year after notification by the state land planning agency that the conditions for a waiver no longer exist.~~

~~(d) Interlocal agreements between local governments and district school boards adopted pursuant to s. 163.3177 before the effective date of this section must be updated and executed pursuant to the requirements of this section, if necessary. Amendments to interlocal agreements adopted pursuant to this section must be submitted to the state land planning agency within 30 days after execution by the parties for review consistent with this section.~~ Local governments and the district school board in each school district are encouraged to adopt a single interlocal agreement to which all join as parties. ~~The state land planning agency shall assemble and make available model interlocal agreements meeting the requirements of this section and notify local governments and, jointly with the Department of Education, the district school boards of the requirements of this section, the dates for compliance, and the sanctions for noncompliance. The state land planning agency shall be available to informally review proposed interlocal agreements. If the state land planning agency has not received a proposed interlocal agreement for informal review, the state land planning agency shall, at least 60 days before the deadline for submission of the executed agreement, renotify the local government and the district school board of the upcoming deadline and the potential for sanctions.~~

(2) At a minimum, the interlocal agreement must address ~~interlocal agreement requirements in s. 163.3180(13)(g), except for exempt local governments as provided in s. 163.3177(12), and must address~~ the following issues:

(a) A process by which each local government and the district school board agree and base their plans on consistent projections of the amount, type, and distribution of population growth and student enrollment. The geographic distribution of jurisdiction-wide growth forecasts is a major objective of the process.

(b) A process to coordinate and share information relating to existing and planned public school facilities, including school renovations and closures, and local government plans for development and redevelopment.

(c) Participation by affected local governments with the district school board in the process of evaluating potential school closures, significant renovations to existing schools, and new school site selection before land acquisition. Local governments shall advise the district school board as to the consistency of the proposed closure, renovation, or new site with the local comprehensive plan, including appropriate circumstances and criteria under which a district school board may request an amendment to the comprehensive plan for school siting.

(d) A process for determining the need for and timing of onsite and offsite improvements to support new, proposed expansion, or redevelopment of existing schools. The process must address identification of the party or parties responsible for the improvements.

(e) A process for the school board to inform the local government regarding the effect of comprehensive plan amendments on school capacity. The capacity reporting must be consistent with laws and rules relating to measurement of school facility capacity and must also identify how the district school board will meet the public school demand based on the facilities work program adopted pursuant to s. 1013.35.

(f) Participation of the local governments in the preparation of the annual update to the district school board's 5-year district facilities work program and educational plant survey prepared pursuant to s. 1013.35.

(g) A process for determining where and how joint use of either school board or local government facilities can be shared for mutual benefit and efficiency.

(h) A procedure for the resolution of disputes between the district school board and local governments, which may include the dispute resolution processes contained in chapters 164 and 186.

(i) An oversight process, including an opportunity for public participation, for the implementation of the interlocal agreement.

~~(3)(a) The Office of Educational Facilities shall submit any comments or concerns regarding the executed interlocal agreement to the state land planning agency within 30 days after receipt of the executed interlocal agreement. The state land planning agency shall review the executed interlocal agreement to determine whether it is consistent with the requirements of subsection (2), the adopted local government comprehensive plan, and other requirements of law. Within 60 days after receipt of an executed interlocal agreement, the state land planning agency shall publish a notice of intent in the Florida Administrative Weekly and shall post a copy of the notice on the agency's Internet site. The notice of intent must state whether the interlocal agreement is consistent or inconsistent with the requirements of subsection (2) and this subsection, as appropriate.~~

~~(b) The state land planning agency's notice is subject to challenge under chapter 120; however, an affected person, as defined in s. 163.3184(1)(a), has standing to initiate the administrative proceeding, and this proceeding is the sole means available to challenge the consistency of an interlocal agreement required by this section with the criteria contained in subsection (2) and this subsection. In order to have standing, each person must have submitted oral or written comments, recommendations, or objections to the local government or the school board before the adoption of the interlocal agreement by the school board and local government. The district school board and local governments are parties to any such proceeding. In this proceeding, when the state land planning agency finds the interlocal agreement to be consistent with the criteria in subsection (2) and this subsection, the interlocal agreement shall be determined to be consistent with subsection (2) and this subsection if the local government's and school board's determination of consistency is fairly debatable. When the state planning agency finds the interlocal agreement to be inconsistent with the requirements of subsection (2) and this subsection, the local government's and school board's determination of consistency shall be sustained unless it is shown by a preponderance of the evidence that the interlocal agreement is inconsistent.~~

~~(c) If the state land planning agency enters a final order that finds that the interlocal agreement is inconsistent with the requirements of subsection (2) or this subsection, it shall forward it to the Administration Commission, which may impose sanctions against the local government pursuant to s. 163.3184(11) and may impose sanctions against the district school board by directing the Department of Education to withhold from the district school board an equivalent amount of funds for school construction available pursuant to ss. 1013.65, 1013.68, 1013.70, and 1013.72.~~

~~(4) If an executed interlocal agreement is not timely submitted to the state land planning agency for review, the state land planning agency shall, within 15 working days after the deadline for submittal, issue to the local government and the district school board a Notice to Show Cause why sanctions should not be imposed for failure to submit an executed interlocal agreement by the deadline established by the agency. The agency shall forward the notice and the responses to the Administration Commission, which may enter a final order citing the failure to comply and imposing sanctions against the local government and district school board by directing the appropriate agencies to withhold at least 5 percent of state funds pursuant to s. 163.3184(11) and by directing the Department of Education to withhold from the district school board at least 5 percent of funds for school construction available pursuant to ss. 1013.65, 1013.68, 1013.70, and 1013.72.~~

~~(5) Any local government transmitting a public school element to implement school concurrency pursuant to the requirements of s. 163.3180 before the effective date of this section is not required to amend the element or any interlocal agreement to conform with the provisions of this section if the element is adopted prior to or within 1 year after the effective date of this section and remains in effect until the county conducts its evaluation and appraisal report and identifies changes necessary to more fully conform to the provisions of this section.~~

~~(6) Except as provided in subsection (7), municipalities meeting the exemption criteria in s. 163.3177(12) are exempt from the requirements of subsections (1), (2), and (3).~~

~~(7) At the time of the evaluation and appraisal report, each exempt municipality shall assess the extent to which it continues to meet the criteria for exemption under s. 163.3177(12). If the municipality continues to meet these criteria, the municipality shall continue to be exempt from the interlocal agreement requirement. Each municipality exempt under s. 163.3177(12) must comply with the provisions of this section within 1 year after the district school board proposes, in its 5-year district facilities work program, a new school within the municipality's jurisdiction.~~

Section 14. Subsection (9) of section 163.3178, Florida Statutes, is amended to read:

163.3178 Coastal management.—

(9)(a) ~~Local governments may elect to comply with rule 9J-5.012(3)(b)6. and 7., Florida Administrative Code, through the process provided in this section.~~ A proposed comprehensive plan amendment shall be found in compliance with state coastal high-hazard provisions ~~pursuant to rule 9J-5.012(3)(b)6. and 7., Florida Administrative Code,~~ if:

1. The adopted level of service for out-of-county hurricane evacuation is maintained for a category 5 storm event as measured on the Saffir-Simpson scale; *or*

2. A 12-hour evacuation time to shelter is maintained for a category 5 storm event as measured on the Saffir-Simpson scale and shelter space reasonably expected to accommodate the residents of the development contemplated by a proposed comprehensive plan amendment is available; or

3. Appropriate mitigation is provided that will satisfy ~~the provisions of~~ subparagraph 1. or subparagraph 2. Appropriate mitigation shall include, without limitation, payment of money, contribution of land, and construction of hurricane shelters and transportation facilities. Required mitigation *may* ~~shall~~ not exceed the amount required for a developer to accommodate impacts reasonably attributable to development. A local government and a developer shall enter into a binding agreement to memorialize the mitigation plan.

(b) For those local governments that have not established a level of service for out-of-county hurricane evacuation by July 1, 2008, ~~but elect to comply with rule 9J-5.012(3)(b)6. and 7., Florida Administrative Code,~~ by following the process in paragraph (a), the level of service shall be no greater than 16 hours for a category 5 storm event as measured on the Saffir-Simpson scale.

(c) This subsection shall become effective immediately and shall apply to all local governments. No later than July 1, 2008, local governments shall amend their future land use map and coastal management element to include the new definition of coastal high-hazard area and to depict the coastal high-hazard area on the future land use map.

Section 15. Section 163.3180, Florida Statutes, is amended to read:

163.3180 Concurrency.—

(1)~~(a)~~ Sanitary sewer, solid waste, drainage, *and* potable water~~, parks and recreation, schools, and transportation facilities, including mass transit, where applicable,~~ are the only public facilities and services subject to the concurrency requirement on a statewide basis. Additional public facilities and services may not be made subject to concurrency on a statewide basis without ~~appropriate study and~~ approval by the Legislature; however, any local government may extend the concurrency requirement so that it applies to additional public facilities within its jurisdiction.

(a) If concurrency is applied to other public facilities, the local government comprehensive plan must provide the principles, guidelines, standards, and strategies, including adopted levels of service, to guide its application. In order for a local government to rescind any optional concurrency provisions, a comprehensive plan amendment is required. An amendment rescinding optional concurrency issues is not subject to state review.

(b) The local government comprehensive plan must demonstrate, for required or optional concurrency requirements, that the levels of service adopted can be reasonably met. Infrastructure needed to ensure that adopted level-of-service standards are achieved and maintained for the 5-year period of the capital improvement schedule must be identified pursuant to the requirements of s. 163.3177(3). The comprehensive plan must include principles, guidelines, standards, and strategies for the establishment of a concurrency management system.

~~(b) Local governments shall use professionally accepted techniques for measuring level of service for automobiles, bicycles, pedestrians, transit, and trucks. These techniques may be used to evaluate increased accessibility by multiple modes and reductions in vehicle miles of travel in an area or zone. The Department of Transportation shall develop methodologies to assist local governments in implementing this multimodal level-of-service analysis. The Department of Community Affairs and the Department of Transportation shall provide technical assistance to local governments in applying these methodologies.~~

(2)~~(a)~~ Consistent with public health and safety, sanitary sewer, solid waste, drainage, adequate water supplies, and potable water facilities shall be in place and available to serve new development no later than the issuance by the local government of a certificate of occupancy or its functional equivalent. Prior to approval of a building permit or its functional equivalent, the local government shall consult with the applicable water supplier to determine whether adequate water supplies to serve the new development will be available no later than the anticipated date of issuance by the local government of a certificate of occupancy or its functional equivalent. A local government may meet the concurrency requirement for sanitary sewer through the use of onsite sewage treatment and disposal systems approved by the Department of Health to serve new development.

~~(b) Consistent with the public welfare, and except as otherwise provided in this section, parks and recreation facilities to serve new development shall be in place or under actual construction no later than 1 year after issuance by the local government of a certificate of occupancy or its functional equivalent. However, the acreage for such facilities shall be dedicated or be acquired by the local government prior to issuance by the local government of a certificate of occupancy or its functional equivalent, or funds in the amount of the developer's fair share shall be committed no later than the local government's approval to commence construction.~~

~~(c) Consistent with the public welfare, and except as otherwise provided in this section, transportation facilities needed to serve new development shall be in place or under actual construction within 3 years after the local government approves a building permit or its functional equivalent that results in traffic generation.~~

(3) Governmental entities that are not responsible for providing, financing, operating, or regulating public facilities needed to serve development may not establish binding level-of-service standards on governmental entities that do bear those responsibilities. ~~This subsection does not limit the authority of any agency to recommend or make objections, recommendations, comments, or determinations during reviews conducted under s. 163.3184.~~

(4)~~(a)~~ The concurrency requirement as implemented in local comprehensive plans applies to state and other public facilities and development to the same extent that it applies to all other facilities and development, as provided by law.

~~(b) The concurrency requirement as implemented in local comprehensive plans does not apply to public transit facilities. For the purposes of this paragraph, public transit facilities include transit stations and terminals; transit station parking; park and ride lots; intermodal public transit connection or transfer facilities; fixed bus, guideway, and rail stations; and airport passenger terminals and concourses, air cargo facilities, and hangars for the assembly, manufacture, maintenance, or storage of aircraft. As used in this paragraph, the terms "terminals" and "transit facilities" do not include seaports or commercial or residential development constructed in conjunction with a public transit facility.~~

~~(c) The concurrency requirement, except as it relates to transportation facilities and public schools, as implemented in local government comprehensive plans, may be waived by a local government for urban infill and redevelopment areas designated pursuant to s. 163.2517 if such a waiver does not endanger public health or safety as defined by the local government in its local government comprehensive plan. The waiver shall be adopted as a plan amendment pursuant to the process set forth in s. 163.3187(3)(a). A local government may grant a concurrency exception pursuant to subsection (5) for transportation facilities located within these urban infill and redevelopment areas.~~

(5)*(a) If concurrency is applied to transportation facilities, the local government comprehensive plan must provide the principles, guidelines, standards, and strategies, including adopted levels of service to guide its application.*

(b) Local governments shall use professionally accepted studies to evaluate the appropriate levels of service. Local governments should consider the number of facilities that will be necessary to meet level-of-service demands when determining the appropriate levels of service. The schedule of facilities that are necessary to meet the adopted level of service shall be reflected in the capital improvement element.

(c) Local governments shall use professionally accepted techniques for measuring levels of service when evaluating potential impacts of a proposed development.

(d) The premise of concurrency is that the public facilities will be provided in order to achieve and maintain the adopted level of service standard. A comprehensive plan that imposes transportation concurrency shall contain appropriate amendments to the capital improvements element of the comprehensive plan, consistent with the requirements of s. 163.3177(3). The capital improvements element shall identify facilities necessary to meet adopted levels of service during a 5-year period.

(e) If a local government applies transportation concurrency in its jurisdiction, it is encouraged to develop policy guidelines and techniques to address potential negative impacts on future development:

1. In urban infill and redevelopment, and urban service areas.

2. With special part-time demands on the transportation system.

3. With de minimis impacts.

4. On community desired types of development, such as redevelopment, or job creation projects.

(f) Local governments are encouraged to develop tools and techniques to complement the application of transportation concurrency such as:

1. Adoption of long-term strategies to facilitate development patterns that support multimodal solutions, including urban design, and appropriate land use mixes, including intensity and density.

2. Adoption of an areawide level of service not dependent on any single road segment function.

3. Exempting or discounting impacts of locally desired development, such as development in urban areas, redevelopment, job creation, and mixed use on the transportation system.

4. Assigning secondary priority to vehicle mobility and primary priority to ensuring a safe, comfortable, and attractive pedestrian environment, with convenient interconnection to transit.

5. Establishing multimodal level of service standards that rely primarily on nonvehicular modes of transportation where existing or planned community design will provide adequate level of mobility.

6. Reducing impact fees or local access fees to promote development within urban areas, multimodal transportation districts, and a balance of mixed use development in certain areas or districts, or for affordable or workforce housing.

(g) Local governments are encouraged to coordinate with adjacent local governments for the purpose of using common methodologies for measuring impacts on transportation facilities.

(h) Local governments that implement transportation concurrency must:

1. Consult with the Department of Transportation when proposed plan amendments affect facilities on the strategic intermodal system.

2. Exempt public transit facilities from concurrency. For the purposes of this subparagraph, public transit facilities include transit stations and terminals; transit station parking; park-and-ride lots; intermodal public transit connection or transfer facilities; fixed bus, guideway, and rail stations; and airport passenger terminals and concourses, air cargo facilities, and hangars for the assembly, manufacture, maintenance, or storage of aircraft. As used in this subparagraph, the terms "terminals" and "transit facilities" do not include seaports or commercial or residential development constructed in conjunction with a public transit facility.

3. Allow an applicant for a development-of-regional-impact development order, a rezoning, or other land use development permit to satisfy the transportation concurrency requirements of the local comprehensive plan, the local government's concurrency management system, and s. 380.06, when applicable, if:

a. The applicant enters into a binding agreement to pay for or construct its proportionate share of required improvements.

b. The proportionate-share contribution or construction is sufficient to accomplish one or more mobility improvements that will benefit a regionally significant transportation facility.

c.(I) The local government has provided a means by which the landowner will be assessed a proportionate share of the cost of providing the transportation facilities necessary to serve the proposed development. An applicant shall not be held responsible for the additional cost of reducing or eliminating deficiencies.

(II) When an applicant contributes or constructs its proportionate share pursuant to this subparagraph, a local government may not require payment or construction of transportation facilities whose costs would be greater than a development's proportionate share of the improvements necessary to mitigate the development's impacts.

(A) The proportionate-share contribution shall be calculated based upon the number of trips from the proposed development expected to reach roadways during the peak hour from the stage or phase being approved, divided by the change in the peak hour maximum service volume of roadways resulting from construction of an improvement necessary to maintain or achieve the adopted level of service, multiplied by the construction cost, at the time of development payment, of the improvement necessary to maintain or achieve the adopted level of service.

(B) In using the proportionate-share formula provided in this subparagraph, the applicant, in its traffic analysis, shall identify those roads or facilities that have a transportation deficiency in accordance with the transportation deficiency as defined in sub-subparagraph e. The proportionate-share formula provided in this subparagraph shall be applied only to those facilities that are determined to be significantly impacted by the project traffic under review. If any road is determined to be transportation deficient without the project traffic under review, the costs of correcting that deficiency shall be removed from the project's proportionate-share calculation and the necessary transportation improvements to correct that deficiency shall be considered to be in place for purposes of the proportionate-share calculation. The improvement necessary to correct the transportation deficiency is the funding responsibility of the entity that has maintenance responsibility for the facility. The development's proportionate share shall be calculated only for the needed transportation improvements that are greater than the identified deficiency.

(C) When the provisions of this subparagraph have been satisfied for a particular stage or phase of development, all transportation impacts from that stage or phase for which mitigation was required and provided shall be deemed fully mitigated in any transportation analysis for a subsequent stage or phase of development. Trips from a previous stage or phase that did not result in impacts for which mitigation was required or provided may be cumulatively analyzed with trips from a subsequent stage or phase to determine whether an impact requires mitigation for the subsequent stage or phase.

(D) In projecting the number of trips to be generated by the development under review, any trips assigned to a toll-financed facility shall be eliminated from the analysis.

(E) The applicant shall receive a credit on a dollar-for-dollar basis for impact fees, mobility fees, and other transportation concurrency mitigation requirements paid or payable in the future for the project. The credit shall be reduced up to 20 percent by the percentage share that the project's traffic represents of the added capacity of the selected improvement, or by the amount specified by local ordinance, whichever yields the greater credit.

d. This subsection does not require a local government to approve a development that is not otherwise qualified for approval pursuant to the applicable local comprehensive plan and land development regulations.

e. As used in this subsection, the term "transportation deficiency" means a facility or facilities on which the adopted level-of-service standard is exceeded by the existing, committed, and vested trips, plus additional projected background trips from any source other than the development project under review, and trips that are forecast by established traffic standards, including traffic modeling, consistent with the University of Florida's Bureau of Economic and Business Research medium population projections. Additional projected background trips are to be coincident with the particular stage or phase of development under review.

~~(a) The Legislature finds that under limited circumstances, countervailing planning and public policy goals may come into conflict with the requirement that adequate public transportation facilities and services be available concurrent with the impacts of such development. The Legislature further finds that the unintended result of the concurrency requirement for transportation facilities is often the discouragement of urban infill development and redevelopment. Such unintended results directly conflict with the goals and policies of the state comprehensive plan and the intent of this part. The Legislature also finds that in urban centers transportation cannot be effectively managed and mobility cannot be improved solely through the expansion of roadway capacity, that the expansion of roadway capacity is not always physically or financially possible, and that a range of transportation alternatives is essential to satisfy mobility needs, reduce congestion, and achieve healthy, vibrant centers.~~

~~(b)1. The following are transportation concurrency exception areas:~~

~~a. A municipality that qualifies as a dense urban land area under s. 163.3164;~~

~~b. An urban service area under s. 163.3164 that has been adopted into the local comprehensive plan and is located within a county that qualifies as a dense urban land area under s. 163.3164; and~~

~~c. A county, including the municipalities located therein, which has a population of at least 900,000 and qualifies as a dense urban land area under s. 163.3164, but does not have an urban service area designated in the local comprehensive plan.~~

~~2. A municipality that does not qualify as a dense urban land area pursuant to s. 163.3164 may designate in its local comprehensive plan the following areas as transportation concurrency exception areas:~~

~~a. Urban infill as defined in s. 163.3164;~~

~~b. Community redevelopment areas as defined in s. 163.340;~~

~~c. Downtown revitalization areas as defined in s. 163.3164;~~

~~d. Urban infill and redevelopment under s. 163.2517; or~~

~~e. Urban service areas as defined in s. 163.3164 or areas within a designated urban service boundary under s. 163.3177(14).~~

~~3. A county that does not qualify as a dense urban land area pursuant to s. 163.3164 may designate in its local comprehensive plan the following areas as transportation concurrency exception areas:~~

~~a. Urban infill as defined in s. 163.3164;~~

~~b. Urban infill and redevelopment under s. 163.2517; or~~

~~c. Urban service areas as defined in s. 163.3164.~~

~~4. A local government that has a transportation concurrency exception area designated pursuant to subparagraph 1., subparagraph 2., or subparagraph 3. shall, within 2 years after the designated area becomes exempt, adopt into its local comprehensive plan land use and transportation strategies to support and fund mobility within the exception area, including alternative modes of transportation. Local governments are encouraged to adopt complementary land use and transportation strategies that reflect the region's shared vision for its future. If the state land planning agency finds insufficient cause for the failure to adopt into its comprehensive plan land use and transportation strategies to support and fund mobility within the designated exception area after 2 years, it shall submit the finding to the Administration Commission, which may impose any of the sanctions set forth in s. 163.3184(11)(a) and (b) against the local government.~~

~~5. Transportation concurrency exception areas designated pursuant to subparagraph 1., subparagraph 2., or subparagraph 3. do not apply to designated transportation concurrency districts located within a county that has a population of at least 1.5 million, has implemented and uses a transportation-related concurrency assessment to support alternative modes of transportation, including, but not limited to, mass transit, and does not levy transportation impact fees within the concurrency district.~~

~~6. Transportation concurrency exception areas designated under subparagraph 1., subparagraph 2., or subparagraph 3. do not apply in any county that has exempted more than 40 percent of the area inside the urban service area from transportation concurrency for the purpose of urban infill.~~

~~7. A local government that does not have a transportation concurrency exception area designated pursuant to subparagraph 1., subparagraph 2., or subparagraph 3. may grant an exception from the concurrency requirement for transportation facilities if the proposed development is otherwise consistent with the adopted local government comprehensive plan and is a project that promotes public transportation or is located within an area designated in the comprehensive plan for:~~

~~a. Urban infill development;~~

~~b. Urban redevelopment;~~

~~c. Downtown revitalization;~~

~~d. Urban infill and redevelopment under s. 163.2517; or~~

~~e. An urban service area specifically designated as a transportation concurrency exception area which includes lands appropriate for compact, contiguous urban development, which does not exceed the amount of land needed to accommodate the projected population growth at densities consistent with the adopted comprehensive plan within the 10-year planning period, and which is served or is planned to be served with public facilities and services as provided by the capital improvements element.~~

~~(c) The Legislature also finds that developments located within urban infill, urban redevelopment, urban service, or downtown revitalization areas or areas designated as urban infill and redevelopment areas under s. 163.2517, which pose only special part-time demands on the transportation system, are exempt from the concurrency requirement for transportation facilities. A special part-time demand is one that does not have more than 200 scheduled events during any calendar year and does not affect the 100 highest traffic volume hours.~~

~~(d) Except for transportation concurrency exception areas designated pursuant to subparagraph (b)1., subparagraph (b)2., or subparagraph (b)3., the following requirements apply:~~

~~1. The local government shall both adopt into the comprehensive plan and implement long-term strategies to support and fund mobility within the designated exception area, including alternative modes of transportation. The plan amendment must also demonstrate how strategies will support the purpose of the exception and how mobility within the designated exception area will be provided.~~

~~2. The strategies must address urban design; appropriate land use mixes, including intensity and density; and network connectivity plans needed to promote urban infill, redevelopment, or downtown revitalization. The comprehensive plan amendment designating the concurrency exception area must be accompanied by data and analysis supporting the local government's determination of the boundaries of the transportation concurrency exception area.~~

~~(e) Before designating a concurrency exception area pursuant to subparagraph (b)7., the state land planning agency and the Department of Transportation shall be consulted by the local government to assess the impact that the proposed exception area is expected to have on the adopted level-of-service standards established for regional transportation facilities identified pursuant to s. 186.507, including the Strategic Intermodal System and roadway facilities funded in accordance with s. 339.2819. Further, the local government shall provide a plan for the mitigation of impacts to the Strategic Intermodal System, including, if appropriate, access management, parallel reliever roads, transportation demand management, and other measures.~~

~~(f) The designation of a transportation concurrency exception area does not limit a local government's home rule power to adopt ordinances or impose fees. This subsection does not affect any contract or agreement entered into or development order rendered before the creation of the transportation concurrency exception area except as provided in s. 380.06(29)(e).~~

~~(g) The Office of Program Policy Analysis and Government Accountability shall submit to the President of the Senate and the Speaker of the House of Representatives by February 1, 2015, a report on transportation concurrency exception areas created pursuant to this subsection. At a minimum, the report shall address the methods that local governments have used to implement and fund transportation strategies to achieve the purposes of designated transportation concurrency exception areas, and the effects of the strategies on mobility, congestion, urban design, the density and intensity of land use mixes, and network connectivity plans used to promote urban infill, redevelopment, or downtown revitalization.~~

~~(6) The Legislature finds that a de minimis impact is consistent with this part. A de minimis impact is an impact that would not affect more than 1 percent of the maximum volume at the adopted level of service of the affected transportation facility as determined by the local government. No impact will be de minimis if the sum of existing roadway volumes and the projected volumes from approved projects on a transportation facility would exceed 110 percent of the maximum volume at the adopted level of service of the affected transportation facility; provided however, that an impact of a single family home on an existing lot will constitute a de minimis impact on all roadways regardless of the level of the deficiency of the roadway. Further, no impact will be de minimis if it would exceed the adopted level of service standard of any affected designated hurricane evacuation routes. Each local government shall maintain sufficient records to ensure that the 110-percent criterion is not exceeded. Each local government shall submit annually, with its updated capital improvements element, a summary of the de minimis records. If the state land planning agency determines that the 110-percent criterion has been exceeded, the state land planning agency shall notify the local government of the exceedance and that no further de minimis exceptions for the applicable roadway may be granted until such time as the volume is reduced below the 110 percent. The local government shall provide proof of this reduction to the state land planning agency before issuing further de minimis exceptions.~~

~~(7) In order to promote infill development and redevelopment, one or more transportation concurrency management areas may be designated in a local government comprehensive plan. A transportation concurrency management area must be a compact geographic area with an existing~~

~~network of roads where multiple, viable alternative travel paths or modes are available for common trips. A local government may establish an areawide level of service standard for such a transportation concurrency management area based upon an analysis that provides for a justification for the areawide level of service, how urban infill development or redevelopment will be promoted, and how mobility will be accomplished within the transportation concurrency management area. Prior to the designation of a concurrency management area, the Department of Transportation shall be consulted by the local government to assess the impact that the proposed concurrency management area is expected to have on the adopted level of service standards established for Strategic Intermodal System facilities, as defined in s. 339.64, and roadway facilities funded in accordance with s. 339.2819. Further, the local government shall, in cooperation with the Department of Transportation, develop a plan to mitigate any impacts to the Strategic Intermodal System, including, if appropriate, the development of a long term concurrency management system pursuant to subsection (9) and s. 163.3177(3)(d). Transportation concurrency management areas existing prior to July 1, 2005, shall meet, at a minimum, the provisions of this section by July 1, 2006, or at the time of the comprehensive plan update pursuant to the evaluation and appraisal report, whichever occurs last. The state land planning agency shall amend chapter 9J-5, Florida Administrative Code, to be consistent with this subsection.~~

~~(8) When assessing the transportation impacts of proposed urban redevelopment within an established existing urban service area, 110 percent of the actual transportation impact caused by the previously existing development must be reserved for the redevelopment, even if the previously existing development has a lesser or nonexisting impact pursuant to the calculations of the local government. Redevelopment requiring less than 110 percent of the previously existing capacity shall not be prohibited due to the reduction of transportation levels of service below the adopted standards. This does not preclude the appropriate assessment of fees or accounting for the impacts within the concurrency management system and capital improvements program of the affected local government. This paragraph does not affect local government requirements for appropriate development permits.~~

~~(9)(a) Each local government may adopt as a part of its plan, long-term transportation and school concurrency management systems with a planning period of up to 10 years for specially designated districts or areas where significant backlogs exist. The plan may include interim level of service standards on certain facilities and shall rely on the local government's schedule of capital improvements for up to 10 years as a basis for issuing development orders that authorize commencement of construction in these designated districts or areas. The concurrency management system must be designed to correct existing deficiencies and set priorities for addressing backlogged facilities. The concurrency management system must be financially feasible and consistent with other portions of the adopted local plan, including the future land use map.~~

~~(b) If a local government has a transportation or school facility backlog for existing development which cannot be adequately addressed in a 10 year plan, the state land planning agency may allow it to develop a plan and long term schedule of capital improvements covering up to 15 years for good and sufficient cause, based on a general comparison between that local government and all other similarly situated local jurisdictions, using the following factors:~~

~~1. The extent of the backlog.~~

~~2. For roads, whether the backlog is on local or state roads.~~

~~3. The cost of eliminating the backlog.~~

~~4. The local government's tax and other revenue raising efforts.~~

~~(c) The local government may issue approvals to commence construction notwithstanding this section, consistent with and in areas that are subject to a long term concurrency management system.~~

~~(d) If the local government adopts a long term concurrency management system, it must evaluate the system periodically. At a minimum, the local government must assess its progress toward improving levels of service within the long term concurrency management district or area in the evaluation and appraisal report and determine any changes that are necessary to accelerate progress in meeting acceptable levels of service.~~

~~(10) Except in transportation concurrency exception areas, with regard to roadway facilities on the Strategic Intermodal System designated in accordance with s. 339.63, local governments shall adopt the level of service standard established by the Department of Transportation by rule. However, if the Office of Tourism, Trade, and Economic Development concurs in writing with the local government that the proposed development is for a qualified job creation project under s. 288.0656 or s. 403.973, the affected local government, after consulting with the Department of Transportation, may provide for a waiver of transportation concurrency for the project. For all other roads on the State Highway System, local governments shall establish an adequate level of service standard that need not be consistent with any level of service standard established by the Department of Transportation. In establishing adequate level of service standards for any arterial roads, or collector roads as appropriate, which traverse multiple jurisdictions, local governments shall consider compatibility with the roadway facility's adopted level of service standards in adjacent jurisdictions. Each local government within a county shall use a professionally accepted methodology for measuring impacts on transportation facilities for the purposes of implementing its concurrency management system. Counties are encouraged to coordinate with adjacent counties, and local governments within a county are encouraged to coordinate, for the purpose of using common methodologies for measuring impacts on transportation facilities for the purpose of implementing their concurrency management systems.~~

~~(11) In order to limit the liability of local governments, a local government may allow a landowner to proceed with development of a specific parcel of land notwithstanding a failure of the development to satisfy transportation concurrency, when all the following factors are shown to exist:~~

~~(a) The local government with jurisdiction over the property has adopted a local comprehensive plan that is in compliance.~~

~~(b) The proposed development would be consistent with the future land use designation for the specific property and with pertinent portions of the adopted local plan, as determined by the local government.~~

~~(c) The local plan includes a financially feasible capital improvements element that provides for transportation facilities adequate to serve the proposed development, and the local government has not implemented that element.~~

~~(d) The local government has provided a means by which the landowner will be assessed a fair share of the cost of providing the transportation facilities necessary to serve the proposed development.~~

~~(e) The landowner has made a binding commitment to the local government to pay the fair share of the cost of providing the transportation facilities to serve the proposed development.~~

~~(12)(a) A development of regional impact may satisfy the transportation concurrency requirements of the local comprehensive plan, the local government's concurrency management system, and s. 380.06 by payment of a proportionate-share contribution for local and regionally significant traffic impacts, if:~~

~~1. The development of regional impact which, based on its location or mix of land uses, is designed to encourage pedestrian or other nonautomotive modes of transportation;~~

~~2. The proportionate-share contribution for local and regionally significant traffic impacts is sufficient to pay for one or more required mobility improvements that will benefit a regionally significant transportation facility;~~

~~3. The owner and developer of the development of regional impact pays or assures payment of the proportionate-share contribution; and~~

~~4. If the regionally significant transportation facility to be constructed or improved is under the maintenance authority of a governmental entity, as defined by s. 334.03(12), other than the local government with jurisdiction over the development of regional impact, the developer is required to enter into a binding and legally enforceable commitment to transfer funds to the governmental entity having~~

~~maintenance authority or to otherwise assure construction or improvement of the facility.~~

~~The proportionate-share contribution may be applied to any transportation facility to satisfy the provisions of this subsection and the local comprehensive plan, but, for the purposes of this subsection, the amount of the proportionate-share contribution shall be calculated based upon the cumulative number of trips from the proposed development expected to reach roadways during the peak hour from the complete buildout of a stage or phase being approved, divided by the change in the peak hour maximum service volume of roadways resulting from construction of an improvement necessary to maintain the adopted level of service, multiplied by the construction cost, at the time of developer payment, of the improvement necessary to maintain the adopted level of service. For purposes of this subsection, "construction cost" includes all associated costs of the improvement. Proportionate share mitigation shall be limited to ensure that a development of regional impact meeting the requirements of this subsection mitigates its impact on the transportation system but is not responsible for the additional cost of reducing or eliminating backlogs. This subsection also applies to Florida Quality Developments pursuant to s. 380.061 and to detailed specific area plans implementing optional sector plans pursuant to s. 163.3245.~~

~~(b) As used in this subsection, the term "backlog" means a facility or facilities on which the adopted level-of-service standard is exceeded by the existing trips, plus additional projected background trips from any source other than the development project under review that are forecast by established traffic standards, including traffic modeling, consistent with the University of Florida Bureau of Economic and Business Research medium population projections. Additional projected background trips are to be coincident with the particular stage or phase of development under review.~~

~~(13) School concurrency shall be established on a districtwide basis and shall include all public schools in the district and all portions of the district, whether located in a municipality or an unincorporated area unless exempt from the public school facilities element pursuant to s. 163.3177(12).~~

(6)(a) If concurrency is applied to public education facilities, ~~The application of school concurrency to development shall be based upon the adopted comprehensive plan, as amended.~~ all local governments within a county, except as provided in paragraph *(i)* ~~(f)~~, shall *include principles, guidelines, standards, and strategies, including adopted levels of service, in their comprehensive plans and* ~~adopt and transmit to the state land planning agency the necessary plan amendments, along with the~~ interlocal *agreements. If the county and one or more municipalities have adopted school concurrency into its comprehensive plan and interlocal agreement that represents at least 80 percent of the total countywide population, the failure of one or more municipalities to adopt the concurrency and enter into the interlocal agreement does not preclude implementation of school concurrency within jurisdictions of the school district that have opted to implement concurrency.* ~~agreement, for a compliance review pursuant to s. 163.3184(7) and (8). The minimum requirements for school concurrency are the following:~~

~~(a) *Public school facilities element.*—A local government shall adopt and transmit to the state land planning agency a plan or plan amendment which includes a public school facilities element which is consistent with the requirements of s. 163.3177(12) and which is determined to be in compliance as defined in s. 163.3184(1)(b).~~ All local government *provisions included in comprehensive plans regarding school concurrency* ~~public school facilities plan elements~~ within a county must be consistent with each other as well as the requirements of this part.

(b) ~~*Level of service standards.*—The Legislature recognizes that an essential requirement for a concurrency management system is the level of service at which a public facility is expected to operate.~~

~~1.~~ Local governments and school boards imposing school concurrency shall exercise authority in conjunction with each other to establish jointly adequate level-of-service standards~~, as defined in chapter 9J-5, Florida Administrative Code,~~ necessary to implement the adopted local government comprehensive plan, based on data and analysis.

(c)~~2.~~ Public school level-of-service standards shall be included and adopted into the capital improvements element of the local comprehensive plan and shall apply districtwide to all schools of the same type. Types of schools may include elementary, middle, and high schools as well as special purpose facilities such as magnet schools.

(d)~~3.~~ Local governments and school boards *may* ~~shall have the option to~~ utilize tiered level-of-service standards to allow time to achieve an adequate and desirable level of service as circumstances warrant.

(e)~~4. For the purpose of determining whether levels of service have been achieved, for the first 3 years of school concurrency implementation,~~ A school district that includes relocatable facilities in its inventory of student stations shall include the capacity of such relocatable facilities as provided in s. 1013.35(2)(b)2.f., provided the relocatable facilities were purchased after 1998 and the relocatable facilities meet the standards for long-term use pursuant to s. 1013.20.

~~(c) *Service areas.* The Legislature recognizes that an essential requirement for a concurrency system is a designation of the area within which the level of service will be measured when an application for a residential development permit is reviewed for school concurrency purposes. This delineation is also important for purposes of determining whether the local government has a financially feasible public school capital facilities program that will provide schools which will achieve and maintain the adopted level of service standards.~~

*(f)*1. In order to balance competing interests, preserve the constitutional concept of uniformity, and avoid disruption of existing educational and growth management processes, local governments are encouraged*, if they elect to adopt school concurrency,* to ~~initially~~ apply school concurrency to development ~~only~~ on a districtwide basis so that a concurrency determination for a specific development will be based upon the availability of school capacity districtwide. ~~To ensure that development is coordinated with schools having available capacity, within 5 years after adoption of school concurrency,~~

2. If a local *government elects to* ~~governments shall~~ apply school concurrency on a less than districtwide basis, *by* ~~such as~~ using school attendance zones or concurrency service areas~~, as provided in subparagraph 2.~~

a.~~2. For local governments applying school concurrency on a less than districtwide basis, such as utilizing school attendance zones or larger school concurrency service areas,~~ Local governments and school boards shall have the burden to demonstrate that the utilization of school capacity is maximized to the greatest extent possible in the comprehensive plan and amendment, taking into account transportation costs and court-approved desegregation plans, as well as other factors. In addition, in order to achieve concurrency within the service area boundaries selected by local governments and school boards, the service area boundaries, together with the standards for establishing those boundaries, shall be identified and included as supporting data and analysis for the comprehensive plan.

b.~~3.~~ Where school capacity is available on a districtwide basis but school concurrency is applied on a less than districtwide basis in the form of concurrency service areas, if the adopted level-of-service standard cannot be met in a particular service area as applied to an application for a development permit and if the needed capacity for the particular service area is available in one or more contiguous service areas, as adopted by the local government, then the local government may not deny an application for site plan or final subdivision approval or the functional equivalent for a development or phase of a development on the basis of school concurrency, and if issued, development impacts shall be *subtracted from the* ~~shifted to~~ contiguous service *area's* ~~areas with schools having available~~ capacity *totals. Students from the development may not be required to go to the adjacent service area unless the school board rezones the area in which the development occurs.*

(g)~~(d) *Financial feasibility.* The Legislature recognizes that financial feasibility is an important issue because~~ The premise of concurrency is that the public facilities will be provided in order to achieve and maintain the adopted level-of-service standard. ~~This part and chapter 9J-5, Florida Administrative Code, contain specific standards to determine the financial feasibility of capital programs. These standards were adopted to make concurrency more predictable and local governments more accountable.~~

~~1.~~ A comprehensive plan *that imposes* ~~amendment seeking to impose~~ school concurrency shall contain appropriate amendments to the capital

improvements element of the comprehensive plan, consistent with the requirements of s. 163.3177(3) ~~and rule 9J-5.016, Florida Administrative Code~~. The capital improvements element shall *identify facilities necessary to meet adopted levels of service during a 5-year period consistent with the school board's educational* ~~set forth a financially feasible public school capital~~ facilities *plan* ~~program, established in conjunction with the school board, that demonstrates that the adopted level of service standards will be achieved and maintained~~.

(h)1. In order to limit the liability of local governments, a local government may allow a landowner to proceed with development of a specific parcel of land notwithstanding a failure of the development to satisfy school concurrency, if all the following factors are shown to exist:

a. The proposed development would be consistent with the future land use designation for the specific property and with pertinent portions of the adopted local plan, as determined by the local government.

b. The local government's capital improvements element and the school board's educational facilities plan provide for school facilities adequate to serve the proposed development, and the local government or school board has not implemented that element or the project includes a plan that demonstrates that the capital facilities needed as a result of the project can be reasonably provided.

c. The local government and school board have provided a means by which the landowner will be assessed a proportionate share of the cost of providing the school facilities necessary to serve the proposed development.

~~2. Such amendments shall demonstrate that the public school capital facilities program meets all of the financial feasibility standards of this part and chapter 9J-5, Florida Administrative Code, that apply to capital programs which provide the basis for mandatory concurrency on other public facilities and services.~~

~~3. When the financial feasibility of a public school capital facilities program is evaluated by the state land planning agency for purposes of a compliance determination, the evaluation shall be based upon the service areas selected by the local governments and school board.~~

2.~~(e) *Availability standard.* Consistent with the public welfare,~~ *If* a local government *applies school concurrency, it* may not deny an application for site plan, final subdivision approval, or the functional equivalent for a development or phase of a development authorizing residential development for failure to achieve and maintain the level-of-service standard for public school capacity in a local school concurrency management system where adequate school facilities will be in place or under actual construction within 3 years after the issuance of final subdivision or site plan approval, or the functional equivalent. School concurrency is satisfied if the developer executes a legally binding commitment to provide mitigation proportionate to the demand for public school facilities to be created by actual development of the property, including, but not limited to, the options described in *sub-sub-paragraph a.* ~~subparagraph 1~~. Options for proportionate-share mitigation of impacts on public school facilities must be established in the *comprehensive plan* ~~public school facilities element~~ and the interlocal agreement pursuant to s. 163.31777.

a.~~1.~~ Appropriate mitigation options include the contribution of land; the construction, expansion, or payment for land acquisition or construction of a public school facility; the construction of a charter school that complies with the requirements of s. 1002.33(18); or the creation of mitigation banking based on the construction of a public school facility in exchange for the right to sell capacity credits. Such options must include execution by the applicant and the local government of a development agreement that constitutes a legally binding commitment to pay proportionate-share mitigation for the additional residential units approved by the local government in a development order and actually developed on the property, taking into account residential density allowed on the property prior to the plan amendment that increased the overall residential density. The district school board must be a party to such an agreement. As a condition of its entry into such a development agreement, the local government may require the landowner to agree to continuing renewal of the agreement upon its expiration.

b.~~2.~~ If the *interlocal agreement* ~~education facilities plan~~ and the *local government comprehensive plan* ~~public educational facilities element~~ authorize a contribution of land; the construction, expansion, or payment for land acquisition; the construction or expansion of a public school facility, or a portion thereof; or the construction of a charter school that complies with the requirements of s. 1002.33(18), as proportionate-share mitigation, the local government shall credit such a contribution, construction, expansion, or payment toward any other impact fee or exaction imposed by local ordinance for the same need, on a dollar-for-dollar basis at fair market value.

c.~~3.~~ Any proportionate-share mitigation must be directed by the school board toward a school capacity improvement identified in *the* ~~a financially feasible~~ 5-year *school board's educational facilities* ~~district work~~ plan that satisfies the demands created by the development in accordance with a binding developer's agreement.

~~4. If a development is precluded from commencing because there is inadequate classroom capacity to mitigate the impacts of the development, the development may nevertheless commence if there are accelerated facilities in an approved capital improvement element scheduled for construction in year four or later of such plan which, when built, will mitigate the proposed development, or if such accelerated facilities will be in the next annual update of the capital facilities element, the developer enters into a binding, financially guaranteed agreement with the school district to construct an accelerated facility within the first 3 years of an approved capital improvement plan, and the cost of the school facility is equal to or greater than the development's proportionate share. When the completed school facility is conveyed to the school district, the developer shall receive impact fee credits usable within the zone where the facility is constructed or any attendance zone contiguous with or adjacent to the zone where the facility is constructed.~~

3.~~5.~~ This paragraph does not limit the authority of a local government to deny a development permit or its functional equivalent pursuant to its home rule regulatory powers, except as provided in this part.

(i)~~(f) *Intergovernmental coordination.*~~

~~1. When establishing concurrency requirements for public schools, a local government shall satisfy the requirements for intergovernmental coordination set forth in s. 163.3177(6)(h)1. and 2., except that~~ A municipality is not required to be a signatory to the interlocal agreement required by *paragraph (j)* ~~ss. 163.3177(6)(h)2. and 163.31777(6)~~, as a prerequisite for imposition of school concurrency, and as a nonsignatory, *may* ~~shall~~ not participate in the adopted local school concurrency system, if the municipality meets all of the following criteria for having no significant impact on school attendance:

1.~~a.~~ The municipality has issued development orders for fewer than 50 residential dwelling units during the preceding 5 years, or the municipality has generated fewer than 25 additional public school students during the preceding 5 years.

2.~~b.~~ The municipality has not annexed new land during the preceding 5 years in land use categories which permit residential uses that will affect school attendance rates.

3.~~c.~~ The municipality has no public schools located within its boundaries.

4.~~d.~~ At least 80 percent of the developable land within the boundaries of the municipality has been built upon.

~~2. A municipality which qualifies as having no significant impact on school attendance pursuant to the criteria of subparagraph 1. must review and determine at the time of its evaluation and appraisal report pursuant to s. 163.3191 whether it continues to meet the criteria pursuant to s. 163.31777(6). If the municipality determines that it no longer meets the criteria, it must adopt appropriate school concurrency goals, objectives, and policies in its plan amendments based on the evaluation and appraisal report, and enter into the existing interlocal agreement required by ss. 163.3177(6)(h)2. and 163.31777, in order to fully participate in the school concurrency system. If such a municipality fails to do so, it will be subject to the enforcement provisions of s. 163.3191.~~

(j)~~(g) *Interlocal agreement for school concurrency.*~~ When establishing concurrency requirements for public schools, a local government must enter into an interlocal agreement that satisfies the requirements in ss. 163.3177(6)(h)1. and 2. and 163.31777 and the requirements of this

subsection. The interlocal agreement shall acknowledge both the school board's constitutional and statutory obligations to provide a uniform system of free public schools on a countywide basis, and the land use authority of local governments, including their authority to approve or deny comprehensive plan amendments and development orders. ~~The interlocal agreement shall be submitted to the state land planning agency by the local government as a part of the compliance review, along with the other necessary amendments to the comprehensive plan required by this part. In addition to the requirements of ss. 163.3177(6)(h) and 163.31777,~~ The interlocal agreement shall meet the following requirements:

1. Establish the mechanisms for coordinating the development, adoption, and amendment of each local government's *school concurrency related provisions of the comprehensive plan* ~~public school facilities element~~ with each other and the plans of the school board to ensure a uniform districtwide school concurrency system.

~~2. Establish a process for the development of siting criteria which encourages the location of public schools proximate to urban residential areas to the extent possible and seeks to collocate schools with other public facilities such as parks, libraries, and community centers to the extent possible.~~

2.~~3.~~ Specify uniform, districtwide level-of-service standards for public schools of the same type and the process for modifying the adopted level-of-service standards.

~~4. Establish a process for the preparation, amendment, and joint approval by each local government and the school board of a public school capital facilities program which is financially feasible, and a process and schedule for incorporation of the public school capital facilities program into the local government comprehensive plans on an annual basis.~~

3.~~5.~~ Define the geographic application of school concurrency. If school concurrency is to be applied on a less than districtwide basis in the form of concurrency service areas, the agreement shall establish criteria and standards for the establishment and modification of school concurrency service areas. ~~The agreement shall also establish a process and schedule for the mandatory incorporation of the school concurrency service areas and the criteria and standards for establishment of the service areas into the local government comprehensive plans.~~ The agreement shall ensure maximum utilization of school capacity, taking into account transportation costs and court-approved desegregation plans, as well as other factors. ~~The agreement shall also ensure the achievement and maintenance of the adopted level-of-service standards for the geographic area of application throughout the 5 years covered by the public school capital facilities plan and thereafter by adding a new fifth year during the annual update.~~

4.~~6.~~ Establish a uniform districtwide procedure for implementing school concurrency which provides for:

a. The evaluation of development applications for compliance with school concurrency requirements, including information provided by the school board on affected schools, impact on levels of service, and programmed improvements for affected schools and any options to provide sufficient capacity;

b. An opportunity for the school board to review and comment on the effect of comprehensive plan amendments and rezonings on the public school facilities plan; and

c. The monitoring and evaluation of the school concurrency system.

~~7. Include provisions relating to amendment of the agreement.~~

5.~~8.~~ A process and uniform methodology for determining proportionate-share mitigation pursuant to *paragraph (h)* ~~subparagraph (e)1~~.

(k)~~(h)~~ ~~*Local government authority.*~~ ~~—~~This subsection does not limit the authority of a local government to grant or deny a development permit or its functional equivalent prior to the implementation of school concurrency.

~~(14) The state land planning agency shall, by October 1, 1998, adopt by rule minimum criteria for the review and determination of compliance of a public school facilities element adopted by a local government for purposes of imposition of school concurrency.~~

~~(15)(a) Multimodal transportation districts may be established under a local government comprehensive plan in areas delineated on the future land use map for which the local comprehensive plan assigns secondary priority to vehicle mobility and primary priority to assuring a safe, comfortable, and attractive pedestrian environment, with convenient interconnection to transit. Such districts must incorporate community design features that will reduce the number of automobile trips or vehicle miles of travel and will support an integrated, multimodal transportation system. Prior to the designation of multimodal transportation districts, the Department of Transportation shall be consulted by the local government to assess the impact that the proposed multimodal district area is expected to have on the adopted level of service standards established for Strategic Intermodal System facilities, as defined in s. 339.64, and roadway facilities funded in accordance with s. 339.2819. Further, the local government shall, in cooperation with the Department of Transportation, develop a plan to mitigate any impacts to the Strategic Intermodal System, including the development of a long-term concurrency management system pursuant to subsection (9) and s. 163.3177(3)(d). Multimodal transportation districts existing prior to July 1, 2005, shall meet, at a minimum, the provisions of this section by July 1, 2006, or at the time of the comprehensive plan update pursuant to the evaluation and appraisal report, whichever occurs last.~~

~~(b) Community design elements of such a district include: a complementary mix and range of land uses, including educational, recreational, and cultural uses; interconnected networks of streets designed to encourage walking and bicycling, with traffic calming where desirable; appropriate densities and intensities of use within walking distance of transit stops; daily activities within walking distance of residences, allowing independence to persons who do not drive; public uses, streets, and squares that are safe, comfortable, and attractive for the pedestrian, with adjoining buildings open to the street and with parking not interfering with pedestrian, transit, automobile, and truck travel modes.~~

~~(c) Local governments may establish multimodal level of service standards that rely primarily on nonvehicular modes of transportation within the district, when justified by an analysis demonstrating that the existing and planned community design will provide an adequate level of mobility within the district based upon professionally accepted multimodal level of service methodologies. The analysis must also demonstrate that the capital improvements required to promote community design are financially feasible over the development or redevelopment timeframe for the district and that community design features within the district provide convenient interconnection for a multimodal transportation system. Local governments may issue development permits in reliance upon all planned community design capital improvements that are financially feasible over the development or redevelopment timeframe for the district, without regard to the period of time between development or redevelopment and the scheduled construction of the capital improvements. A determination of financial feasibility shall be based upon currently available funding or funding sources that could reasonably be expected to become available over the planning period.~~

~~(d) Local governments may reduce impact fees or local access fees for development within multimodal transportation districts based on the reduction of vehicle trips per household or vehicle miles of travel expected from the development pattern planned for the district.~~

~~(16) It is the intent of the Legislature to provide a method by which the impacts of development on transportation facilities can be mitigated by the cooperative efforts of the public and private sectors. The methodology used to calculate proportionate fair share mitigation under this section shall be as provided for in subsection (12).~~

~~(a) By December 1, 2006, each local government shall adopt by ordinance a methodology for assessing proportionate fair share mitigation options. By December 1, 2005, the Department of Transportation shall develop a model transportation concurrency management ordinance with methodologies for assessing proportionate fair share mitigation options.~~

~~(b)1. In its transportation concurrency management system, a local government shall, by December 1, 2006, include methodologies that will be applied to calculate proportionate fair share mitigation. A developer may choose to satisfy all transportation concurrency requirements by~~

~~contributing or paying proportionate fair-share mitigation if transportation facilities or facility segments identified as mitigation for traffic impacts are specifically identified for funding in the 5 year schedule of capital improvements in the capital improvements element of the local plan or the long term concurrency management system or if such contributions or payments to such facilities or segments are reflected in the 5 year schedule of capital improvements in the next regularly scheduled update of the capital improvements element. Updates to the 5 year capital improvements element which reflect proportionate fair share contributions may not be found not in compliance based on ss. 163.3164(32) and 163.3177(3) if additional contributions, payments or funding sources are reasonably anticipated during a period not to exceed 10 years to fully mitigate impacts on the transportation facilities.~~

~~2. Proportionate fair-share mitigation shall be applied as a credit against impact fees to the extent that all or a portion of the proportionate fair share mitigation is used to address the same capital infrastructure improvements contemplated by the local government's impact fee ordinance.~~

~~(c) Proportionate fair share mitigation includes, without limitation, separately or collectively, private funds, contributions of land, and construction and contribution of facilities and may include public funds as determined by the local government. Proportionate fair-share mitigation may be directed toward one or more specific transportation improvements reasonably related to the mobility demands created by the development and such improvements may address one or more modes of travel. The fair market value of the proportionate fair-share mitigation shall not differ based on the form of mitigation. A local government may not require a development to pay more than its proportionate fair share contribution regardless of the method of mitigation. Proportionate fair-share mitigation shall be limited to ensure that a development meeting the requirements of this section mitigates its impact on the transportation system but is not responsible for the additional cost of reducing or eliminating backlogs.~~

~~(d) This subsection does not require a local government to approve a development that is not otherwise qualified for approval pursuant to the applicable local comprehensive plan and land development regulations.~~

~~(e) Mitigation for development impacts to facilities on the Strategic Intermodal System made pursuant to this subsection requires the concurrence of the Department of Transportation.~~

~~(f) If the funds in an adopted 5 year capital improvements element are insufficient to fully fund construction of a transportation improvement required by the local government's concurrency management system, a local government and a developer may still enter into a binding proportionate share agreement authorizing the developer to construct that amount of development on which the proportionate share is calculated if the proportionate share amount in such agreement is sufficient to pay for one or more improvements which will, in the opinion of the governmental entity or entities maintaining the transportation facilities, significantly benefit the impacted transportation system. The improvements funded by the proportionate share component must be adopted into the 5 year capital improvements schedule of the comprehensive plan at the next annual capital improvements element update. The funding of any improvements that significantly benefit the impacted transportation system satisfies concurrency requirements as a mitigation of the development's impact upon the overall transportation system even if there remains a failure of concurrency on other impacted facilities.~~

~~(g) Except as provided in subparagraph (b)1., this section may not prohibit the Department of Community Affairs from finding other portions of the capital improvements element amendments not in compliance as provided in this chapter.~~

~~(h) The provisions of this subsection do not apply to a development of regional impact satisfying the requirements of subsection (12).~~

~~(i) As used in this subsection, the term "backlog" means a facility or facilities on which the adopted level of service standard is exceeded by the existing trips, plus additional projected background trips from any source other than the development project under review that are forecast by established traffic standards, including traffic modeling, consistent with the University of Florida Bureau of Economic and Business Research medium population projections. Additional projected background trips are to be coincident with the particular stage or phase of development under review.~~

~~(17) A local government and the developer of affordable workforce housing units developed in accordance with s. 380.06(19) or s. 380.0651(3) may identify an employment center or centers in close proximity to the affordable workforce housing units. If at least 50 percent of the units are occupied by an employee or employees of an identified employment center or centers, all of the affordable workforce housing units are exempt from transportation concurrency requirements, and the local government may not reduce any transportation trip generation entitlements of an approved development of regional impact development order. As used in this subsection, the term "close proximity" means 5 miles from the nearest point of the development of regional impact to the nearest point of the employment center, and the term "employment center" means a place of employment that employs at least 25 or more full time employees.~~

Section 16. Section 163.3182, Florida Statutes, is amended to read:

163.3182 Transportation *deficiencies* ~~concurrency backlogs~~.—

(1) DEFINITIONS.—For purposes of this section, the term:

(a) "Transportation *deficiency* ~~concurrency backlog~~ area" means the geographic area within the unincorporated portion of a county or within the municipal boundary of a municipality designated in a local government comprehensive plan for which a transportation *development* ~~concurrency backlog~~ authority is created pursuant to this section. A transportation *deficiency* ~~concurrency backlog~~ area created within the corporate boundary of a municipality shall be made pursuant to an interlocal agreement between a county, a municipality or municipalities, and any affected taxing authority or authorities.

(b) "Authority" or "transportation *development* ~~concurrency backlog~~ authority" means the governing body of a county or municipality within which an authority is created.

(c) "Governing body" means the council, commission, or other legislative body charged with governing the county or municipality within which *an* ~~a transportation concurrency backlog~~ authority is created pursuant to this section.

(d) "Transportation *deficiency* ~~concurrency backlog~~" means an identified *need* ~~deficiency~~ where the existing *and projected* extent of traffic volume exceeds the level of service standard adopted in a local government comprehensive plan for a transportation facility.

(e) "Transportation *sufficiency* ~~concurrency backlog~~ plan" means the plan adopted as part of a local government comprehensive plan by the governing body of a county or municipality acting as a transportation *development* ~~concurrency backlog~~ authority.

(f) "Transportation ~~concurrency backlog~~ project" means any designated transportation project identified for construction within the jurisdiction of a transportation *development* ~~concurrency backlog~~ authority.

(g) "Debt service millage" means any millage levied pursuant to s. 12, Art. VII of the State Constitution.

(h) "Increment revenue" means the amount calculated pursuant to subsection (5).

(i) "Taxing authority" means a public body that levies or is authorized to levy an ad valorem tax on real property located within a transportation *deficiency* ~~concurrency backlog~~ area, except a school district.

(2) CREATION OF TRANSPORTATION *DEVELOPMENT* ~~CONCURRENCY BACKLOG~~ AUTHORITIES.—

(a) A county or municipality may create a transportation *development* ~~concurrency backlog~~ authority if it has an identified transportation *deficiency* ~~concurrency backlog~~.

(b) Acting as the transportation *development* ~~concurrency backlog~~ authority within the authority's jurisdictional boundary, the governing body of a county or municipality shall adopt and implement a plan to eliminate all identified transportation *deficiencies* ~~concurrency backlogs~~

within the authority's jurisdiction using funds provided pursuant to subsection (5) and as otherwise provided pursuant to this section.

(c) The Legislature finds and declares that there exist in many counties and municipalities areas that have significant transportation deficiencies and inadequate transportation facilities; that many insufficiencies and inadequacies severely limit or prohibit the satisfaction of transportation *level of service* ~~concurrency~~ standards; that the transportation insufficiencies and inadequacies affect the health, safety, and welfare of the residents of these counties and municipalities; that the transportation insufficiencies and inadequacies adversely affect economic development and growth of the tax base for the areas in which these insufficiencies and inadequacies exist; and that the elimination of transportation deficiencies and inadequacies and the satisfaction of transportation concurrency standards are paramount public purposes for the state and its counties and municipalities.

(3) POWERS OF A TRANSPORTATION *DEVELOPMENT* ~~CONCURRENCY BACKLOG~~ AUTHORITY.—Each transportation *development* ~~concurrency backlog~~ authority *created pursuant to this section* has the powers necessary or convenient to carry out the purposes of this section, including the following powers in addition to others granted in this section:

(a) To make and execute contracts and other instruments necessary or convenient to the exercise of its powers under this section.

(b) To undertake and carry out transportation ~~concurrency backlog~~ projects for transportation facilities *designed to relieve transportation deficiencies* ~~that have a concurrency backlog~~ within the authority's jurisdiction. *Transportation* ~~Concurrency backlog~~ projects may include transportation facilities that provide for alternative modes of travel including sidewalks, bikeways, and mass transit which are related to a *deficient* ~~backlogged~~ transportation facility.

(c) To invest any transportation ~~concurrency backlog~~ funds held in reserve, sinking funds, or any such funds not required for immediate disbursement in property or securities in which savings banks may legally invest funds subject to the control of the authority and to redeem such bonds as have been issued pursuant to this section at the redemption price established therein, or to purchase such bonds at less than redemption price. All such bonds redeemed or purchased shall be canceled.

(d) To borrow money, including, but not limited to, issuing debt obligations such as, but not limited to, bonds, notes, certificates, and similar debt instruments; to apply for and accept advances, loans, grants, contributions, and any other forms of financial assistance from the Federal Government or the state, county, or any other public body or from any sources, public or private, for the purposes of this part; to give such security as may be required; to enter into and carry out contracts or agreements; and to include in any contracts for financial assistance with the Federal Government for or with respect to a transportation ~~concurrency backlog~~ project and related activities such conditions imposed under federal laws as the transportation *development* ~~concurrency backlog~~ authority considers reasonable and appropriate and which are not inconsistent with the purposes of this section.

(e) To make or have made all surveys and plans necessary to the carrying out of the purposes of this section; to contract with any persons, public or private, in making and carrying out such plans; and to adopt, approve, modify, or amend such transportation *sufficiency* ~~concurrency backlog~~ plans.

(f) To appropriate such funds and make such expenditures as are necessary to carry out the purposes of this section, and to enter into agreements with other public bodies, which agreements may extend over any period notwithstanding any provision or rule of law to the contrary.

(4) TRANSPORTATION *SUFFICIENCY* ~~CONCURRENCY BACKLOG~~ PLANS.—

~~(a)~~ Each transportation *development* ~~concurrency backlog~~ authority shall adopt a transportation *sufficiency* ~~concurrency backlog~~ plan as a part of the local government comprehensive plan within 6 months after the creation of the authority. The plan must:

(a)~~1.~~ Identify all transportation facilities that have been designated as deficient and require the expenditure of moneys to upgrade, modify, or mitigate the deficiency.

(b)~~2.~~ Include a priority listing of all transportation facilities that have been designated as deficient and do not satisfy ~~concurrency~~ requirements pursuant to s. 163.3180, and the applicable local government comprehensive plan.

(c)~~3.~~ Establish a schedule for financing and construction of transportation ~~concurrency backlog~~ projects that will eliminate transportation *deficiencies* ~~concurrency backlogs~~ within the jurisdiction of the authority within 10 years after the transportation *sufficiency* ~~concurrency backlog~~ plan adoption. The schedule shall be adopted as part of the local government comprehensive plan.

~~(b) The adoption of the transportation concurrency backlog plan shall be exempt from the provisions of s. 163.3187(1).~~

Notwithstanding such schedule requirements, as long as the schedule provides for the elimination of all transportation *deficiencies* ~~concurrency backlogs~~ within 10 years after the adoption of the *transportation sufficiency* ~~concurrency backlog~~ plan, the final maturity date of any debt incurred to finance or refinance the related projects may be no later than 40 years after the date the debt is incurred and the authority may continue operations and administer the trust fund established as provided in subsection (5) for as long as the debt remains outstanding.

(5) ESTABLISHMENT OF LOCAL TRUST FUND.—The transportation *development* ~~concurrency backlog~~ authority shall establish a local transportation ~~concurrency backlog~~ trust fund upon creation of the authority. Each local trust fund shall be administered by the transportation *development* ~~concurrency backlog~~ authority within which ~~a~~ transportation *deficiencies have* ~~concurrency backlog has~~ been identified. Each local trust fund must continue to be funded under this section for as long as the projects set forth in the related transportation *sufficiency* ~~concurrency backlog~~ plan remain to be completed or until any debt incurred to finance or refinance the related projects is no longer outstanding, whichever occurs later. Beginning in the first fiscal year after the creation of the authority, each local trust fund shall be funded by the proceeds of an ad valorem tax increment collected within each transportation *deficiency* ~~concurrency backlog~~ area to be determined annually and shall be a minimum of 25 percent of the difference between the amounts set forth in paragraphs (a) and (b), except that if all of the affected taxing authorities agree under an interlocal agreement, a particular local trust fund may be funded by the proceeds of an ad valorem tax increment greater than 25 percent of the difference between the amounts set forth in paragraphs (a) and (b):

(a) The amount of ad valorem tax levied each year by each taxing authority, exclusive of any amount from any debt service millage, on taxable real property contained within the jurisdiction of the transportation *development* ~~concurrency backlog~~ authority and within the transportation *deficiency* ~~backlog~~ area; and

(b) The amount of ad valorem taxes which would have been produced by the rate upon which the tax is levied each year by or for each taxing authority, exclusive of any debt service millage, upon the total of the assessed value of the taxable real property within the transportation *deficiency* ~~concurrency backlog~~ area as shown on the most recent assessment roll used in connection with the taxation of such property of each taxing authority prior to the effective date of the ordinance funding the trust fund.

(6) EXEMPTIONS.—

(a) The following public bodies or taxing authorities are exempt from ~~the provisions of~~ this section:

1. A special district that levies ad valorem taxes on taxable real property in more than one county.

2. A special district for which the sole available source of revenue is the authority to levy ad valorem taxes at the time an ordinance is adopted under this section. However, revenues or aid that may be dispensed or appropriated to a district as defined in s. 388.011 at the discretion of an entity other than such district *are* ~~shall~~ not ~~be~~ deemed available.

3. A library district.

4. A neighborhood improvement district created under the Safe Neighborhoods Act.

5. A metropolitan transportation authority.

6. A water management district created under s. 373.069.

7. A community redevelopment agency.

(b) A transportation *development* ~~concurrency exemption~~ authority may also exempt from this section a special district that levies ad valorem taxes within the transportation *deficiency* ~~concurrency backlog~~ area pursuant to s. 163.387(2)(d).

(7) TRANSPORTATION CONCURRENCY SATISFACTION.—Upon adoption of a transportation *sufficiency* ~~concurrency backlog~~ plan as a part of the local government comprehensive plan, and the plan going into effect, the area subject to the plan shall be deemed to have achieved and maintained transportation level-of-service standards~~, and to have met requirements for financial feasibility for transportation facilities, and for the purpose of proposed development transportation concurrency has been satisfied~~. Proportionate fair-share mitigation shall be limited to ensure that a development inside a transportation *deficiency* ~~concurrency backlog~~ area is not responsible for the additional costs of eliminating *deficiencies* ~~backlogs~~.

(8) DISSOLUTION.—Upon completion of all transportation ~~concurrency backlog~~ projects *identified in the transportation sufficiency plan* and repayment or defeasance of all debt issued to finance or refinance such projects, a transportation *development* ~~concurrency backlog~~ authority shall be dissolved, and its assets and liabilities transferred to the county or municipality within which the authority is located. All remaining assets of the authority must be used for implementation of transportation projects within the jurisdiction of the authority. The local government comprehensive plan shall be amended to remove the transportation concurrency backlog plan.

Section 17. Section 163.3184, Florida Statutes, is amended to read:

163.3184 Process for adoption of comprehensive plan or plan amendment.—

(1) DEFINITIONS.—As used in this section, the term:

(a) "Affected person" includes the affected local government; persons owning property, residing, or owning or operating a business within the boundaries of the local government whose plan is the subject of the review; owners of real property abutting real property that is the subject of a proposed change to a future land use map; and adjoining local governments that can demonstrate that the plan or plan amendment will produce substantial impacts on the increased need for publicly funded infrastructure or substantial impacts on areas designated for protection or special treatment within their jurisdiction. Each person, other than an adjoining local government, in order to qualify under this definition, shall also have submitted oral or written comments, recommendations, or objections to the local government during the period of time beginning with the transmittal hearing for the plan or plan amendment and ending with the adoption of the plan or plan amendment.

(b) "In compliance" means consistent with the requirements of ss. 163.3177, 163.3178, 163.3180, 163.3191, ~~and~~ 163.3245, *and 163.3248* ~~with the state comprehensive plan~~, with the appropriate strategic regional policy plan, ~~and with chapter 9J-5, Florida Administrative Code, where such rule is not inconsistent with this part~~ and with the principles for guiding development in designated areas of critical state concern and with part III of chapter 369, where applicable.

(c) "Reviewing agencies" means:

1. The state land planning agency;

2. The appropriate regional planning council;

3. The appropriate water management district;

4. The Department of Environmental Protection;

5. The Department of State;

6. The Department of Transportation;

7. In the case of plan amendments relating to public schools, the Department of Education;

8. In the case of plans or plan amendments that affect a military installation listed in s. 163.3175, the commanding officer of the affected military installation;

9. In the case of county plans and plan amendments, the Fish and Wildlife Conservation Commission and the Department of Agriculture and Consumer Services; and

10. In the case of municipal plans and plan amendments, the county in which the municipality is located.

(2) COMPREHENSIVE PLANS AND PLAN AMENDMENTS.—

(a) Plan amendments adopted by local governments shall follow the expedited state review process in subsection (3), except as set forth in paragraphs (b) and (c).

(b) Plan amendments that qualify as small-scale development amendments may follow the small-scale review process in s. 163.3187.

(c) Plan amendments that are in an area of critical state concern designated pursuant to s. 380.05; propose a rural land stewardship area pursuant to s. 163.3248; propose a sector plan pursuant to s. 163.3245; update a comprehensive plan based on an evaluation and appraisal pursuant to s. 163.3191; or are new plans for newly incorporated municipalities adopted pursuant to s. 163.3167 shall follow the state coordinated review process in subsection (4).

(3) EXPEDITED STATE REVIEW PROCESS FOR ADOPTION OF COMPREHENSIVE PLAN AMENDMENTS.—

(a) The process for amending a comprehensive plan described in this subsection shall apply to all amendments except as provided in paragraphs (2)(b) and (c) and shall be applicable statewide.

(b)1. The local government, after the initial public hearing held pursuant to subsection (11), shall transmit within 10 days the amendment or amendments and appropriate supporting data and analyses to the reviewing agencies. The local governing body shall also transmit a copy of the amendments and supporting data and analyses to any other local government or governmental agency that has filed a written request with the governing body.

2. The reviewing agencies and any other local government or governmental agency specified in subparagraph 1. may provide comments regarding the amendment or amendments to the local government. State agencies shall only comment on important state resources and facilities that will be adversely impacted by the amendment if adopted. Comments provided by state agencies shall state with specificity how the plan amendment will adversely impact an important state resource or facility and shall identify measures the local government may take to eliminate, reduce, or mitigate the adverse impacts. Such comments, if not resolved, may result in a challenge by the state land planning agency to the plan amendment. Agencies and local governments must transmit their comments to the affected local government such that they are received by the local government not later than 30 days from the date on which the agency or government received the amendment or amendments. Reviewing agencies shall also send a copy of their comments to the state land planning agency.

3. Comments to the local government from a regional planning council, county, or municipality shall be limited as follows:

a. The regional planning council review and comments shall be limited to adverse effects on regional resources or facilities identified in the strategic regional policy plan and extrajurisdictional impacts that would be inconsistent with the comprehensive plan of any affected local government within the region. A regional planning council may not review and comment on a proposed comprehensive plan amendment prepared by such council unless the plan amendment has been changed by the local government subsequent to the preparation of the plan amendment by the regional planning council.

b. County comments shall be in the context of the relationship and effect of the proposed plan amendments on the county plan.

c. Municipal comments shall be in the context of the relationship and effect of the proposed plan amendments on the municipal plan.

d. Military installation comments shall be provided in accordance with s. 163.3175.

4. Comments to the local government from state agencies shall be limited to the following subjects as they relate to important state resources and facilities that will be adversely impacted by the amendment if adopted:

a. The Department of Environmental Protection shall limit its comments to the subjects of air and water pollution; wetlands and other surface waters of the state; federal and state-owned lands and interest in lands, including state parks, greenways and trails, and conservation easements; solid waste; water and wastewater treatment; and the Everglades ecosystem restoration.

b. The Department of State shall limit its comments to the subjects of historic and archeological resources.

c. The Department of Transportation shall limit its comments to issues within the agency's jurisdiction as it relates to transportation resources and facilities of state importance.

d. The Fish and Wildlife Conservation Commission shall limit its comments to subjects relating to fish and wildlife habitat and listed species and their habitat.

e. The Department of Agriculture and Consumer Services shall limit its comments to the subjects of agriculture, forestry, and aquaculture issues.

f. The Department of Education shall limit its comments to the subject of public school facilities.

g. The appropriate water management district shall limit its comments to flood protection and floodplain management, wetlands and other surface waters, and regional water supply.

h. The state land planning agency shall limit its comments to important state resources and facilities outside the jurisdiction of other commenting state agencies and may include comments on countervailing planning policies and objectives served by the plan amendment that should be balanced against potential adverse impacts to important state resources and facilities.

(c)1. The local government shall hold its second public hearing, which shall be a hearing on whether to adopt one or more comprehensive plan amendments pursuant to subsection (11). If the local government fails, within 180 days after receipt of agency comments, to hold the second public hearing, the amendments shall be deemed withdrawn unless extended by agreement with notice to the state land planning agency and any affected person that provided comments on the amendment. The 180-day limitation does not apply to amendments processed pursuant to s. 380.06.

2. All comprehensive plan amendments adopted by the governing body, along with the supporting data and analysis, shall be transmitted within 10 days after the second public hearing to the state land planning agency and any other agency or local government that provided timely comments under subparagraph (b)2.

3. The state land planning agency shall notify the local government of any deficiencies within 5 working days after receipt of an amendment package. For purposes of completeness, an amendment shall be deemed complete if it contains a full, executed copy of the adoption ordinance or ordinances; in the case of a text amendment, a full copy of the amended language in legislative format with new words inserted in the text underlined, and words deleted stricken with hyphens; in the case of a future land use map amendment, a copy of the future land use map clearly depicting the parcel, its existing future land use designation, and its adopted designation; and a copy of any data and analyses the local government deems appropriate.

4. An amendment adopted under this paragraph does not become effective until 31 days after the state land planning agency notifies the local government that the plan amendment package is complete. If timely challenged, an amendment does not become effective until the state land planning agency or the Administration Commission enters a final order determining the adopted amendment to be in compliance.

(4) STATE COORDINATED REVIEW PROCESS.—

(a)~~(2)~~ Coordination.—*The state land planning agency shall only use the state coordinated review process described in this subsection for review of comprehensive plans and plan amendments described in paragraph (2)(c).* Each comprehensive plan or plan amendment proposed to be adopted pursuant to this *subsection* ~~part~~ shall be transmitted, adopted, and reviewed in the manner prescribed in this *subsection* ~~section~~. The state land planning agency shall have responsibility for plan review, coordination, and the preparation and transmission of comments, pursuant to this *subsection* ~~section~~, to the local governing body responsible for the comprehensive plan *or plan amendment*. ~~The state land planning agency shall maintain a single file concerning any proposed or adopted plan amendment submitted by a local government for any review under this section. Copies of all correspondence, papers, notes, memoranda, and other documents received or generated by the state land planning agency must be placed in the appropriate file. Paper copies of all electronic mail correspondence must be placed in the file. The file and its contents must be available for public inspection and copying as provided in chapter 119.~~

(b)~~(3)~~ Local government transmittal of proposed plan or amendment.—

~~(a)~~ Each local governing body *proposing a plan or plan amendment specified in paragraph (2)(c)* shall transmit the complete proposed comprehensive plan or plan amendment to the *reviewing agencies* ~~state land planning agency, the appropriate regional planning council and water management district, the Department of Environmental Protection, the Department of State, and the Department of Transportation, and, in the case of municipal plans, to the appropriate county, and, in the case of county plans, to the Fish and Wildlife Conservation Commission and the Department of Agriculture and Consumer Services,~~ immediately following *the first* ~~a~~ public hearing pursuant to subsection *(11). The transmitted document shall clearly indicate on the cover sheet that this plan amendment is subject to the state coordinated review process of s. 163.3184(4)*~~(15) as specified in the state land planning agency's procedural rules~~. The local governing body shall also transmit a copy of the complete proposed comprehensive plan or plan amendment to any other unit of local government or government agency in the state that has filed a written request with the governing body for the plan or plan amendment. ~~The local government may request a review by the state land planning agency pursuant to subsection (6) at the time of the transmittal of an amendment.~~

~~(b) A local governing body shall not transmit portions of a plan or plan amendment unless it has previously provided to all state agencies designated by the state land planning agency a complete copy of its adopted comprehensive plan pursuant to subsection (7) and as specified in the agency's procedural rules. In the case of comprehensive plan amendments, the local governing body shall transmit to the state land planning agency, the appropriate regional planning council and water management district, the Department of Environmental Protection, the Department of State, and the Department of Transportation, and, in the case of municipal plans, to the appropriate county and, in the case of county plans, to the Fish and Wildlife Conservation Commission and the Department of Agriculture and Consumer Services the materials specified in the state land planning agency's procedural rules and, in cases in which the plan amendment is a result of an evaluation and appraisal report adopted pursuant to s. 163.3191, a copy of the evaluation and appraisal report. Local governing bodies shall consolidate all proposed plan amendments into a single submission for each of the two plan amendment adoption dates during the calendar year pursuant to s. 163.3187.~~

~~(c) A local government may adopt a proposed plan amendment previously transmitted pursuant to this subsection, unless review is requested or otherwise initiated pursuant to subsection (6).~~

~~(d) In cases in which a local government transmits multiple individual amendments that can be clearly and legally separated and~~

~~distinguished for the purpose of determining whether to review the proposed amendment, and the state land planning agency elects to review several or a portion of the amendments and the local government chooses to immediately adopt the remaining amendments not reviewed, the amendments immediately adopted and any reviewed amendments that the local government subsequently adopts together constitute one amendment cycle in accordance with s. 163.3187(1).~~

~~(c) At the request of an applicant, a local government shall consider an application for zoning changes that would be required to properly enact the provisions of any proposed plan amendment transmitted pursuant to this subsection. Zoning changes approved by the local government are contingent upon the comprehensive plan or plan amendment transmitted becoming effective.~~

(c)~~(4)~~ *Reviewing agency comments* ~~INTERGOVERNMENTAL REVIEW.~~—The ~~governmental~~ agencies specified in *paragraph (b) may* ~~paragraph (3)(a) shall~~ provide comments *regarding the plan or plan amendments in accordance with subparagraphs (3)(b)2.-4. However, comments on plans or plan amendments required to be reviewed under the state coordinated review process shall be sent* to the state land planning agency within 30 days after receipt by the state land planning agency of the complete proposed plan *or plan* amendment *from the local government. If the state land planning agency comments on a plan or plan amendment adopted under the state coordinated review process, it shall provide comments according to paragraph (d). Any other unit of local government or government agency specified in paragraph (b) may provide comments to the state land planning agency in accordance with subparagraphs (3)(b)2.-4. within 30 days after receipt by the state land planning agency of the complete proposed plan or plan amendment.* ~~If the plan or plan amendment includes or relates to the public school facilities element pursuant to s. 163.3177(12), the state land planning agency shall submit a copy to the Office of Educational Facilities of the Commissioner of Education for review and comment. The appropriate regional planning council shall also provide its written comments to the state land planning agency within 30 days after receipt by the state land planning agency of the complete proposed plan amendment and shall specify any objections, recommendations for modifications, and comments of any other regional agencies to which the regional planning council may have referred the proposed plan amendment.~~ Written comments submitted by the public *shall be sent directly to the local government* ~~within 30 days after notice of transmittal by the local government of the proposed plan amendment will be considered as if submitted by governmental agencies. All written agency and public comments must be made part of the file maintained under subsection (2).~~

~~(5) REGIONAL, COUNTY, AND MUNICIPAL REVIEW. The review of the regional planning council pursuant to subsection (4) shall be limited to effects on regional resources or facilities identified in the strategic regional policy plan and extrajurisdictional impacts which would be inconsistent with the comprehensive plan of the affected local government. However, any inconsistency between a local plan or plan amendment and a strategic regional policy plan must not be the sole basis for a notice of intent to find a local plan or plan amendment not in compliance with this act. A regional planning council shall not review and comment on a proposed comprehensive plan it prepared itself unless the plan has been changed by the local government subsequent to the preparation of the plan by the regional planning agency. The review of the county land planning agency pursuant to subsection (4) shall be primarily in the context of the relationship and effect of the proposed plan amendment on any county comprehensive plan element. Any review by municipalities will be primarily in the context of the relationship and effect on the municipal plan.~~

(d)~~(6)~~ State land planning agency review.—

~~(a) The state land planning agency shall review a proposed plan amendment upon request of a regional planning council, affected person, or local government transmitting the plan amendment. The request from the regional planning council or affected person must be received within 30 days after transmittal of the proposed plan amendment pursuant to subsection (3). A regional planning council or affected person requesting a review shall do so by submitting a written request to the agency with a notice of the request to the local government and any other person who has requested notice.~~

~~(b) The state land planning agency may review any proposed plan amendment regardless of whether a request for review has been made, if the agency gives notice to the local government, and any other person who has requested notice, of its intention to conduct such a review within 35 days after receipt of the complete proposed plan amendment.~~

1.~~(c) The state land planning agency shall establish by rule a schedule for receipt of comments from the various government agencies, as well as written public comments, pursuant to subsection (4).~~ If the state land planning agency elects to review *a plan or plan* ~~the~~ amendment ~~or the agency is required to review the amendment as~~ specified in paragraph *(2)(c)*~~(a)~~, the agency shall issue a report giving its objections, recommendations, and comments regarding the proposed *plan or plan* amendment within 60 days after receipt of the ~~complete~~ proposed *plan or plan* amendment ~~by the state land planning agency~~. *Notwithstanding the limitation on comments in sub-subparagraph (3)(b)4.g., the state land planning agency may make objections, recommendations, and comments in its report regarding whether the plan or plan amendment is in compliance and whether the plan or plan amendment will adversely impact important state resources and facilities. Any objection regarding an important state resource or facility that will be adversely impacted by the adopted plan or plan amendment shall also state with specificity how the plan or plan amendment will adversely impact the important state resource or facility and shall identify measures the local government may take to eliminate, reduce, or mitigate the adverse impacts.* When a federal, state, or regional agency has implemented a permitting program, ~~the state land planning agency shall not require~~ a local government *is not required* to duplicate or exceed that permitting program in its comprehensive plan or to implement such a permitting program in its land development regulations. *This subparagraph does not* ~~Nothing contained herein shall~~ prohibit the state land planning agency in conducting its review of local plans or plan amendments from making objections, recommendations, and comments ~~or making compliance determinations~~ regarding densities and intensities consistent with ~~the provisions of~~ this part. In preparing its comments, the state land planning agency shall only base its considerations on written, and not oral, comments~~, from any source~~.

2.~~(d)~~ The state land planning agency review shall identify all written communications with the agency regarding the proposed plan amendment. ~~If the state land planning agency does not issue such a review, it shall identify in writing to the local government all written communications received 30 days after transmittal.~~ The written identification must include a list of all documents received or generated by the agency, which list must be of sufficient specificity to enable the documents to be identified and copies requested, if desired, and the name of the person to be contacted to request copies of any identified document. ~~The list of documents must be made a part of the public records of the state land planning agency.~~

(e)~~(7)~~ Local government review of comments; adoption of plan or amendments and transmittal.—

1.~~(a)~~ The local government shall review the *report* ~~written comments~~ submitted to it by the state land planning agency, *if any,* and *written comments submitted to it by* any other person, agency, or government. ~~Any comments, recommendations, or objections and any reply to them shall be public documents, a part of the permanent record in the matter, and admissible in any proceeding in which the comprehensive plan or plan amendment may be at issue.~~ The local government, upon receipt of *the report* ~~written comments~~ from the state land planning agency, shall *hold its second public hearing, which shall be a hearing to determine whether to adopt the comprehensive plan or one or more comprehensive plan amendments pursuant to subsection (11). If the local government fails to hold the second hearing within 180 days after receipt of the state land planning agency's report, the amendments shall be deemed withdrawn unless extended by agreement with notice to the state land planning agency and any affected person that provided comments on the amendment. The 180-day limitation does not apply to amendments processed pursuant to s. 380.06.*

2. All comprehensive plan amendments adopted by the governing body, along with the supporting data and analysis, shall be transmitted within 10 days after the second public hearing to the state land planning agency and any other agency or local government that provided timely comments under paragraph (c).

3. The state land planning agency shall notify the local government of any deficiencies within 5 working days after receipt of a plan or plan amendment package. For purposes of completeness, a plan or plan

amendment shall be deemed complete if it contains a full, executed copy of the adoption ordinance or ordinances; in the case of a text amendment, a full copy of the amended language in legislative format with new words inserted in the text underlined, and words deleted stricken with hyphens; in the case of a future land use map amendment, a copy of the future land use map clearly depicting the parcel, its existing future land use designation, and its adopted designation; and a copy of any data and analyses the local government deems appropriate.

4. After the state land planning agency makes a determination of completeness regarding the adopted plan or plan amendment, the state land planning agency shall have 45 days to determine if the plan or plan amendment is in compliance with this act. Unless the plan or plan amendment is substantially changed from the one commented on, the state land planning agency's compliance determination shall be limited to objections raised in the objections, recommendations, and comments report. During the period provided for in this subparagraph, the state land planning agency shall issue, through a senior administrator or the secretary, a notice of intent to find that the plan or plan amendment is in compliance or not in compliance. The state land planning agency shall post a copy of the notice of intent on the agency's Internet website. Publication by the state land planning agency of the notice of intent on the state land planning agency's Internet site shall be prima facie evidence of compliance with the publication requirements of this subparagraph.

5. A plan or plan amendment adopted under the state coordinated review process shall go into effect pursuant to the state land planning agency's notice of intent. If timely challenged, an amendment does not become effective until the state land planning agency or the Administration Commission enters a final order determining the adopted amendment to be in compliance.

(5) ADMINISTRATIVE CHALLENGES TO PLANS AND PLAN AMENDMENTS.—

(a) Any affected person as defined in paragraph (1)(a) may file a petition with the Division of Administrative Hearings pursuant to ss. 120.569 and 120.57, with a copy served on the affected local government, to request a formal hearing to challenge whether the plan or plan amendments are in compliance as defined in paragraph (1)(b). This petition must be filed with the division within 30 days after the local government adopts the amendment. The state land planning agency may not intervene in a proceeding initiated by an affected person.

(b) The state land planning agency may file a petition with the Division of Administrative Hearings pursuant to ss. 120.569 and 120.57, with a copy served on the affected local government, to request a formal hearing to challenge whether the plan or plan amendment is in compliance as defined in paragraph (1)(b). The state land planning agency's petition must clearly state the reasons for the challenge. Under the expedited state review process, this petition must be filed with the division within 30 days after the state land planning agency notifies the local government that the plan amendment package is complete according to subparagraph (3)(c)3. Under the state coordinated review process, this petition must be filed with the division within 45 days after the state land planning agency notifies the local government that the plan amendment package is complete according to subparagraph (3)(c)3.

1. The state land planning agency's challenge to plan amendments adopted under the expedited state review process shall be limited to the comments provided by the reviewing agencies pursuant to subparagraphs (3)(b)2.-4., upon a determination by the state land planning agency that an important state resource or facility will be adversely impacted by the adopted plan amendment. The state land planning agency's petition shall state with specificity how the plan amendment will adversely impact the important state resource or facility. The state land planning agency may challenge a plan amendment that has substantially changed from the version on which the agencies provided comments but only upon a determination by the state land planning agency that an important state resource or facility will be adversely impacted.

2. If the state land planning agency issues a notice of intent to find the comprehensive plan or plan amendment not in compliance with this act, the notice of intent shall be forwarded to the Division of Administrative Hearings of the Department of Management Services, which shall conduct a proceeding under ss. 120.569 and 120.57 in the county of and convenient to the affected local jurisdiction. The parties to the proceeding shall be the state land planning agency, the affected local government, and any affected person who intervenes. No new issue may be alleged as a reason to find a plan or plan amendment not in compliance in an administrative pleading filed more than 21 days after publication of notice unless the party seeking that issue establishes good cause for not alleging the issue within that time period. Good cause does not include excusable neglect.

(c) An administrative law judge shall hold a hearing in the affected local jurisdiction on whether the plan or plan amendment is in compliance.

1. In challenges filed by an affected person, the comprehensive plan or plan amendment shall be determined to be in compliance if the local government's determination of compliance is fairly debatable.

2.a. In challenges filed by the state land planning agency, the local government's determination that the comprehensive plan or plan amendment is in compliance is presumed to be correct, and the local government's determination shall be sustained unless it is shown by a preponderance of the evidence that the comprehensive plan or plan amendment is not in compliance.

b. In challenges filed by the state land planning agency, the local government's determination that elements of its plan are related to and consistent with each other shall be sustained if the determination is fairly debatable.

3. In challenges filed by the state land planning agency that require a determination by the agency that an important state resource or facility will be adversely impacted by the adopted plan or plan amendment, the local government may contest the agency's determination of an important state resource or facility. The state land planning agency shall prove its determination by clear and convincing evidence.

(d) If the administrative law judge recommends that the amendment be found not in compliance, the judge shall submit the recommended order to the Administration Commission for final agency action. The Administration Commission shall enter a final order within 45 days after its receipt of the recommended order.

(e) If the administrative law judge recommends that the amendment be found in compliance, the judge shall submit the recommended order to the state land planning agency.

1. If the state land planning agency determines that the plan amendment should be found not in compliance, the agency shall refer, within 30 days after receipt of the recommended order, the recommended order and its determination to the Administration Commission for final agency action.

2. If the state land planning agency determines that the plan amendment should be found in compliance, the agency shall enter its final order not later than 30 days after receipt of the recommended order.

(f) Parties to a proceeding under this subsection may enter into compliance agreements using the process in subsection (6).

(6) COMPLIANCE AGREEMENT.—

(a) At any time after the filing of a challenge, the state land planning agency and the local government may voluntarily enter into a compliance agreement to resolve one or more of the issues raised in the proceedings. Affected persons who have initiated a formal proceeding or have intervened in a formal proceeding may also enter into a compliance agreement with the local government. All parties granted intervenor status shall be provided reasonable notice of the commencement of a compliance agreement negotiation process and a reasonable opportunity to participate in such negotiation process. Negotiation meetings with local governments or intervenors shall be open to the public. The state land planning agency shall provide each party granted intervenor status with a copy of the compliance agreement within 10 days after the agreement is executed. The compliance agreement shall list each portion of the plan or plan amendment that has been challenged, and shall specify remedial actions that the local government has agreed to complete within a specified time in order to resolve the challenge, including adoption of all necessary plan amendments. The compliance agreement may also establish monitoring requirements and incentives to ensure that the conditions of the compliance agreement are met.

(b) Upon the filing of a compliance agreement executed by the parties to a challenge and the local government with the Division of Administrative Hearings, any administrative proceeding under ss. 120.569 and 120.57 regarding the plan or plan amendment covered by the compliance agreement shall be stayed.

(c) Before its execution of a compliance agreement, the local government must approve the compliance agreement at a public hearing advertised at least 10 days before the public hearing in a newspaper of general circulation in the area in accordance with the advertisement requirements of chapter 125 or chapter 166, as applicable.

(d) The local government shall hold a single public hearing for adopting remedial amendments.

(e) For challenges to amendments adopted under the expedited review process, if the local government adopts a comprehensive plan amendment pursuant to a compliance agreement, an affected person or the state land planning agency may file a revised challenge with the Division of Administrative Hearings within 15 days after the adoption of the remedial amendment.

(f) For challenges to amendments adopted under the state coordinated process, the state land planning agency, upon receipt of a plan or plan amendment adopted pursuant to a compliance agreement, shall issue a cumulative notice of intent addressing both the remedial amendment and the plan or plan amendment that was the subject of the agreement.

1. If the local government adopts a comprehensive plan or plan amendment pursuant to a compliance agreement and a notice of intent to find the plan amendment in compliance is issued, the state land planning agency shall forward the notice of intent to the Division of Administrative Hearings and the administrative law judge shall realign the parties in the pending proceeding under ss. 120.569 and 120.57, which shall thereafter be governed by the process contained in paragraph (5)(a) and subparagraph (5)(c)1., including provisions relating to challenges by an affected person, burden of proof, and issues of a recommended order and a final order. Parties to the original proceeding at the time of realignment may continue as parties without being required to file additional pleadings to initiate a proceeding, but may timely amend their pleadings to raise any challenge to the amendment that is the subject of the cumulative notice of intent, and must otherwise conform to the rules of procedure of the Division of Administrative Hearings. Any affected person not a party to the realigned proceeding may challenge the plan amendment that is the subject of the cumulative notice of intent by filing a petition with the agency as provided in subsection (5). The agency shall forward the petition filed by the affected person not a party to the realigned proceeding to the Division of Administrative Hearings for consolidation with the realigned proceeding. If the cumulative notice of intent is not challenged, the state land planning agency shall request that the Division of Administrative Hearings relinquish jurisdiction to the state land planning agency for issuance of a final order.

2. If the local government adopts a comprehensive plan amendment pursuant to a compliance agreement and a notice of intent is issued that finds the plan amendment not in compliance, the state land planning agency shall forward the notice of intent to the Division of Administrative Hearings, which shall consolidate the proceeding with the pending proceeding and immediately set a date for a hearing in the pending proceeding under ss. 120.569 and 120.57. Affected persons who are not a party to the underlying proceeding under ss. 120.569 and 120.57 may challenge the plan amendment adopted pursuant to the compliance agreement by filing a petition pursuant to paragraph (5)(a).

(g) This subsection does not prohibit a local government from amending portions of its comprehensive plan other than those that are the subject of a challenge. However, such amendments to the plan may not be inconsistent with the compliance agreement.

(h) This subsection does not require settlement by any party against its will or preclude the use of other informal dispute resolution methods in the course of or in addition to the method described in this subsection.

(7) MEDIATION AND EXPEDITIOUS RESOLUTION.-

(a) At any time after the matter has been forwarded to the Division of Administrative Hearings, the local government proposing the amendment may demand formal mediation or the local government proposing the amendment or an affected person who is a party to the proceeding may demand informal mediation or expeditious resolution of the amendment proceedings by serving written notice on the state land planning agency if a party to the proceeding, all other parties to the proceeding, and the administrative law judge.

(b) Upon receipt of a notice pursuant to paragraph (a), the administrative law judge shall set the matter for final hearing no more than 30 days after receipt of the notice. Once a final hearing has been set, no continuance in the hearing, and no additional time for post-hearing submittals, may be granted without the written agreement of the parties absent a finding by the administrative law judge of extraordinary circumstances. Extraordinary circumstances do not include matters relating to workload or need for additional time for preparation, negotiation, or mediation.

(c) Absent a showing of extraordinary circumstances, the administrative law judge shall issue a recommended order, in a case proceeding under subsection (5), within 30 days after filing of the transcript, unless the parties agree in writing to a longer time.

(d) Absent a showing of extraordinary circumstances, the Administration Commission shall issue a final order, in a case proceeding under subsection (5), within 45 days after the issuance of the recommended order, unless the parties agree in writing to a longer time. ~~have 120 days to adopt or adopt with changes the proposed comprehensive plan or s. 163.3191 plan amendments. In the case of comprehensive plan amendments other than those proposed pursuant to s. 163.3191, the local government shall have 60 days to adopt the amendment, adopt the amendment with changes, or determine that it will not adopt the amendment. The adoption of the proposed plan or plan amendment or the determination not to adopt a plan amendment, other than a plan amendment proposed pursuant to s. 163.3191, shall be made in the course of a public hearing pursuant to subsection (15). The local government shall transmit the complete adopted comprehensive plan or plan amendment, including the names and addresses of persons compiled pursuant to paragraph (15)(e), to the state land planning agency as specified in the agency's procedural rules within 10 working days after adoption. The local governing body shall also transmit a copy of the adopted comprehensive plan or plan amendment to the regional planning agency and to any other unit of local government or governmental agency in the state that has filed a written request with the governing body for a copy of the plan or plan amendment.~~

~~(b) If the adopted plan amendment is unchanged from the proposed plan amendment transmitted pursuant to subsection (3) and an affected person as defined in paragraph (1)(a) did not raise any objection, the state land planning agency did not review the proposed plan amendment, and the state land planning agency did not raise any objections during its review pursuant to subsection (6), the local government may state in the transmittal letter that the plan amendment is unchanged and was not the subject of objections.~~

~~(8) NOTICE OF INTENT.~~

~~(a) If the transmittal letter correctly states that the plan amendment is unchanged and was not the subject of review or objections pursuant to paragraph (7)(b), the state land planning agency has 20 days after receipt of the transmittal letter within which to issue a notice of intent that the plan amendment is in compliance.~~

~~(b) Except as provided in paragraph (a) or in s. 163.3187(3), the state land planning agency, upon receipt of a local government's complete adopted comprehensive plan or plan amendment, shall have 45 days for review and to determine if the plan or plan amendment is in compliance with this act, unless the amendment is the result of a compliance agreement entered into under subsection (16), in which case the time period for review and determination shall be 30 days. If review was not conducted under subsection (6), the agency's determination must be based upon the plan amendment as adopted. If review was conducted under subsection (6), the agency's determination of compliance must be based only upon one or both of the following:~~

~~1. The state land planning agency's written comments to the local government pursuant to subsection (6); or~~

~~2. Any changes made by the local government to the comprehensive plan or plan amendment as adopted.~~

~~(c)1. During the time period provided for in this subsection, the state land planning agency shall issue, through a senior administrator or the secretary, as specified in the agency's procedural rules, a notice of intent to find that the plan or plan amendment is in compliance or not in compliance. A notice of intent shall be issued by publication in the manner provided by this paragraph and by mailing a copy to the local government. The advertisement shall be placed in that portion of the newspaper where legal notices appear. The advertisement shall be published in a newspaper that meets the size and circulation requirements set forth in paragraph (15)(c) and that has been designated in writing by the affected local government at the time of transmittal of the amendment. Publication by the state land planning agency of a notice of intent in the newspaper designated by the local government shall be prima facie evidence of compliance with the publication requirements of this section. The state land planning agency shall post a copy of the notice of intent on the agency's Internet site. The agency shall, no later than the date the notice of intent is transmitted to the newspaper, send by regular mail a courtesy informational statement to persons who provide their names and addresses to the local government at the transmittal hearing or at the adoption hearing where the local government has provided the names and addresses of such persons to the department at the time of transmittal of the adopted amendment. The informational statements shall include the name of the newspaper in which the notice of intent will appear, the approximate date of publication, the ordinance number of the plan or plan amendment, and a statement that affected persons have 21 days after the actual date of publication of the notice to file a petition.~~

~~2. A local government that has an Internet site shall post a copy of the state land planning agency's notice of intent on the site within 5 days after receipt of the mailed copy of the agency's notice of intent.~~

~~(9) PROCESS IF LOCAL PLAN OR AMENDMENT IS IN COMPLIANCE.—~~

~~(a) If the state land planning agency issues a notice of intent to find that the comprehensive plan or plan amendment transmitted pursuant to s. 163.3167, s. 163.3187, s. 163.3189, or s. 163.3191 is in compliance with this act, any affected person may file a petition with the agency pursuant to ss. 120.569 and 120.57 within 21 days after the publication of notice. In this proceeding, the local plan or plan amendment shall be determined to be in compliance if the local government's determination of compliance is fairly debatable.~~

~~(b) The hearing shall be conducted by an administrative law judge of the Division of Administrative Hearings of the Department of Management Services, who shall hold the hearing in the county of and convenient to the affected local jurisdiction and submit a recommended order to the state land planning agency. The state land planning agency shall allow for the filing of exceptions to the recommended order and shall issue a final order after receipt of the recommended order if the state land planning agency determines that the plan or plan amendment is in compliance. If the state land planning agency determines that the plan or plan amendment is not in compliance, the agency shall submit the recommended order to the Administration Commission for final agency action.~~

~~(10) PROCESS IF LOCAL PLAN OR AMENDMENT IS NOT IN COMPLIANCE.—~~

~~(a) If the state land planning agency issues a notice of intent to find the comprehensive plan or plan amendment not in compliance with this act, the notice of intent shall be forwarded to the Division of Administrative Hearings of the Department of Management Services, which shall conduct a proceeding under ss. 120.569 and 120.57 in the county of and convenient to the affected local jurisdiction. The parties to the proceeding shall be the state land planning agency, the affected local government, and any affected person who intervenes. No new issue may be alleged as a reason to find a plan or plan amendment not in compliance in an administrative pleading filed more than 21 days after publication of notice unless the party seeking that issue establishes good cause for not alleging the issue within that time period. Good cause shall not include excusable neglect. In the proceeding, the local government's determination that the comprehensive plan or plan amendment is in compliance is presumed to be correct. The local government's determination shall be sustained unless it is shown by a preponderance of the evidence that the comprehensive plan or plan amendment is not in compliance. The local government's determination that elements of its plans are related to and consistent with each other shall be sustained if the determination is fairly debatable.~~

~~(b) The administrative law judge assigned by the division shall submit a recommended order to the Administration Commission for final agency action.~~

~~(c) Prior to the hearing, the state land planning agency shall afford an opportunity to mediate or otherwise resolve the dispute. If a party to the proceeding requests mediation or other alternative dispute resolution, the hearing may not be held until the state land planning agency advises the administrative law judge in writing of the results of the mediation or other alternative dispute resolution. However, the hearing may not be delayed for longer than 90 days for mediation or other alternative dispute resolution unless a longer delay is agreed to by the parties to the proceeding. The costs of the mediation or other alternative dispute resolution shall be borne equally by all of the parties to the proceeding.~~

(8)~~(11)~~ ADMINISTRATION COMMISSION.—

(a) If the Administration Commission, upon a hearing pursuant to subsection *(5)*~~(9) or subsection (10)~~, finds that the comprehensive plan or plan amendment is not in compliance with this act, the commission shall specify remedial actions *that* ~~which~~ would bring the comprehensive plan or plan amendment into compliance.

(b) The commission may specify the sanctions provided in subparagraphs 1. and 2. to which the local government will be subject if it elects to make the amendment effective notwithstanding the determination of noncompliance.

1. The commission may direct state agencies not to provide funds to increase the capacity of roads, bridges, or water and sewer systems within the boundaries of those local governmental entities which have comprehensive plans or plan elements that are determined not to be in compliance. The commission order may also specify that the local government *is* ~~shall~~ not ~~be~~ eligible for grants administered under the following programs:

a.~~1.~~ The Florida Small Cities Community Development Block Grant Program, as authorized by ss. 290.0401-290.049.

b.~~2.~~ The Florida Recreation Development Assistance Program, as authorized by chapter 375.

c.~~3.~~ Revenue sharing pursuant to ss. 206.60, 210.20, and 218.61 and chapter 212, to the extent not pledged to pay back bonds.

2.~~(b)~~ If the local government is one which is required to include a coastal management element in its comprehensive plan pursuant to s. 163.3177(6)(g), the commission order may also specify that the local government is not eligible for funding pursuant to s. 161.091. The commission order may also specify that the fact that the coastal management element has been determined to be not in compliance shall be a consideration when the department considers permits under s. 161.053 and when the Board of Trustees of the Internal Improvement Trust Fund considers whether to sell, convey any interest in, or lease any sovereignty lands or submerged lands until the element is brought into compliance.

3.~~(c)~~ The sanctions provided by *subparagraphs 1. and 2. do* ~~paragraphs (a) and (b) shall~~ not apply to a local government regarding any plan amendment, except for plan amendments that amend plans that have not been finally determined to be in compliance with this part, and except as provided in *paragraph (b)* ~~s. 163.3189(2) or s. 163.3191(11)~~.

(9)~~(12)~~ GOOD FAITH FILING.—The signature of an attorney or party constitutes a certificate that he or she has read the pleading, motion, or other paper and that, to the best of his or her knowledge, information, and belief formed after reasonable inquiry, it is not interposed for any improper purpose, such as to harass or to cause unnecessary delay, or for economic advantage, competitive reasons, or frivolous purposes or needless increase in the cost of litigation. If a pleading, motion, or other paper is signed in violation of these requirements, the administrative law judge, upon motion or his or her own initiative, shall impose upon the person who signed it, a represented party, or both, an appropriate sanction, which may include an order to pay to the other party or parties the amount of reasonable expenses

incurred because of the filing of the pleading, motion, or other paper, including a reasonable attorney's fee.

(10)~~(13)~~ EXCLUSIVE PROCEEDINGS.—The proceedings under this section shall be the sole proceeding or action for a determination of whether a local government's plan, element, or amendment is in compliance with this act.

~~(14) AREAS OF CRITICAL STATE CONCERN. No proposed local government comprehensive plan or plan amendment which is applicable to a designated area of critical state concern shall be effective until a final order is issued finding the plan or amendment to be in compliance as defined in this section.~~

(11)~~(15)~~ PUBLIC HEARINGS.—

(a) The procedure for transmittal of a complete proposed comprehensive plan or plan amendment pursuant to *subparagraph* ~~subsection~~ (3)*(b)1. and paragraph (4)(b)* and for adoption of a comprehensive plan or plan amendment pursuant to *subparagraphs(3)(c)1. and (4)(e)1.* ~~subsection (7)~~ shall be by affirmative vote of not less than a majority of the members of the governing body present at the hearing. The adoption of a comprehensive plan or plan amendment shall be by ordinance. For the purposes of transmitting or adopting a comprehensive plan or plan amendment, the notice requirements in chapters 125 and 166 are superseded by this subsection, except as provided in this part.

(b) The local governing body shall hold at least two advertised public hearings on the proposed comprehensive plan or plan amendment as follows:

1. The first public hearing shall be held at the transmittal stage ~~pursuant to subsection (3)~~. It shall be held on a weekday at least 7 days after the day that the first advertisement is published *pursuant to the requirements of chapter 125 or chapter 166*.

2. The second public hearing shall be held at the adoption stage ~~pursuant to subsection (7)~~. It shall be held on a weekday at least 5 days after the day that the second advertisement is published *pursuant to the requirements of chapter 125 or chapter 166*.

(c) Nothing in this part is intended to prohibit or limit the authority of local governments to require a person requesting an amendment to pay some or all of the cost of the public notice.

(12) CONCURRENT ZONING.—At the request of an applicant, a local government shall consider an application for zoning changes that would be required to properly enact any proposed plan amendment transmitted pursuant to this subsection. Zoning changes approved by the local government are contingent upon the comprehensive plan or plan amendment transmitted becoming effective.

(13) AREAS OF CRITICAL STATE CONCERN.—No proposed local government comprehensive plan or plan amendment that is applicable to a designated area of critical state concern shall be effective until a final order is issued finding the plan or amendment to be in compliance as defined in paragraph (1)(b).

~~(c) The local government shall provide a sign-in form at the transmittal hearing and at the adoption hearing for persons to provide their names and mailing addresses. The sign-in form must advise that any person providing the requested information will receive a courtesy informational statement concerning publications of the state land planning agency's notice of intent. The local government shall add to the sign-in form the name and address of any person who submits written comments concerning the proposed plan or plan amendment during the time period between the commencement of the transmittal hearing and the end of the adoption hearing. It is the responsibility of the person completing the form or providing written comments to accurately, completely, and legibly provide all information needed in order to receive the courtesy informational statement.~~

~~(d) The agency shall provide a model sign-in form for providing the list to the agency which may be used by the local government to satisfy the requirements of this subsection.~~

~~(e) If the proposed comprehensive plan or plan amendment changes the actual list of permitted, conditional, or prohibited uses within a future land use category or changes the actual future land use map designation of a parcel or parcels of land, the required advertisements shall be in the format prescribed by s. 125.66(4)(b)2. for a county or by s. 166.041(3)(c)2.b. for a municipality.~~

~~(16) COMPLIANCE AGREEMENTS.~~

~~(a) At any time following the issuance of a notice of intent to find a comprehensive plan or plan amendment not in compliance with this part or after the initiation of a hearing pursuant to subsection (9), the state land planning agency and the local government may voluntarily enter into a compliance agreement to resolve one or more of the issues raised in the proceedings. Affected persons who have initiated a formal proceeding or have intervened in a formal proceeding may also enter into the compliance agreement. All parties granted intervenor status shall be provided reasonable notice of the commencement of a compliance agreement negotiation process and a reasonable opportunity to participate in such negotiation process. Negotiation meetings with local governments or intervenors shall be open to the public. The state land planning agency shall provide each party granted intervenor status with a copy of the compliance agreement within 10 days after the agreement is executed. The compliance agreement shall list each portion of the plan or plan amendment which is not in compliance, and shall specify remedial actions which the local government must complete within a specified time in order to bring the plan or plan amendment into compliance, including adoption of all necessary plan amendments. The compliance agreement may also establish monitoring requirements and incentives to ensure that the conditions of the compliance agreement are met.~~

~~(b) Upon filing by the state land planning agency of a compliance agreement executed by the agency and the local government with the Division of Administrative Hearings, any administrative proceeding under ss. 120.569 and 120.57 regarding the plan or plan amendment covered by the compliance agreement shall be stayed.~~

~~(c) Prior to its execution of a compliance agreement, the local government must approve the compliance agreement at a public hearing advertised at least 10 days before the public hearing in a newspaper of general circulation in the area in accordance with the advertisement requirements of subsection (15).~~

~~(d) A local government may adopt a plan amendment pursuant to a compliance agreement in accordance with the requirements of paragraph (15)(a). The plan amendment shall be exempt from the requirements of subsections (2)-(7). The local government shall hold a single adoption public hearing pursuant to the requirements of subparagraph (15)(b)2. and paragraph (15)(c). Within 10 working days after adoption of a plan amendment, the local government shall transmit the amendment to the state land planning agency as specified in the agency's procedural rules, and shall submit one copy to the regional planning agency and to any other unit of local government or government agency in the state that has filed a written request with the governing body for a copy of the plan amendment, and one copy to any party to the proceeding under ss. 120.569 and 120.57 granted intervenor status.~~

~~(e) The state land planning agency, upon receipt of a plan amendment adopted pursuant to a compliance agreement, shall issue a cumulative notice of intent addressing both the compliance agreement amendment and the plan or plan amendment that was the subject of the agreement, in accordance with subsection (8).~~

~~(f)1. If the local government adopts a comprehensive plan amendment pursuant to a compliance agreement and a notice of intent to find the plan amendment in compliance is issued, the state land planning agency shall forward the notice of intent to the Division of Administrative Hearings and the administrative law judge shall realign the parties in the pending proceeding under ss. 120.569 and 120.57, which shall thereafter be governed by the process contained in paragraphs (9)(a) and (b), including provisions relating to challenges by an affected person, burden of proof, and issues of a recommended order and a final order, except as provided in subparagraph 2. Parties to the original proceeding at the time of realignment may continue as parties without being required to file additional pleadings to initiate a proceeding, but may timely amend their pleadings to raise any challenge to the amendment which is the subject of the cumulative notice of intent, and must otherwise conform to the rules of procedure of the Division of Administrative Hearings. Any affected person not a party to the realigned proceeding may challenge the plan amendment which is the subject of~~

~~the cumulative notice of intent by filing a petition with the agency as provided in subsection (9). The agency shall forward the petition filed by the affected person not a party to the realigned proceeding to the Division of Administrative Hearings for consolidation with the realigned proceeding.~~

~~2. If any of the issues raised by the state land planning agency in the original subsection (10) proceeding are not resolved by the compliance agreement amendments, any intervenor in the original subsection (10) proceeding may require those issues to be addressed in the pending consolidated realigned proceeding under ss. 120.569 and 120.57. As to those unresolved issues, the burden of proof shall be governed by subsection (10).~~

~~3. If the local government adopts a comprehensive plan amendment pursuant to a compliance agreement and a notice of intent to find the plan amendment not in compliance is issued, the state land planning agency shall forward the notice of intent to the Division of Administrative Hearings, which shall consolidate the proceeding with the pending proceeding and immediately set a date for hearing in the pending proceeding under ss. 120.569 and 120.57. Affected persons who are not a party to the underlying proceeding under ss. 120.569 and 120.57 may challenge the plan amendment adopted pursuant to the compliance agreement by filing a petition pursuant to subsection (10).~~

~~(g) If the local government fails to adopt a comprehensive plan amendment pursuant to a compliance agreement, the state land planning agency shall notify the Division of Administrative Hearings, which shall set the hearing in the pending proceeding under ss. 120.569 and 120.57 at the earliest convenient time.~~

~~(h) This subsection does not prohibit a local government from amending portions of its comprehensive plan other than those which are the subject of the compliance agreement. However, such amendments to the plan may not be inconsistent with the compliance agreement.~~

~~(i) Nothing in this subsection is intended to limit the parties from entering into a compliance agreement at any time before the final order in the proceeding is issued, provided that the provisions of paragraph (c) shall apply regardless of when the compliance agreement is reached.~~

~~(j) Nothing in this subsection is intended to force any party into settlement against its will or to preclude the use of other informal dispute resolution methods, such as the services offered by the Florida Growth Management Dispute Resolution Consortium, in the course of or in addition to the method described in this subsection.~~

~~(17) COMMUNITY VISION AND URBAN BOUNDARY PLAN AMENDMENTS.—A local government that has adopted a community vision and urban service boundary under s. 163.3177(13) and (14) may adopt a plan amendment related to map amendments solely to property within an urban service boundary in the manner described in subsections (1), (2), (7), (14), (15), and (16) and s. 163.3187(1)(c)1.d. and e., 2., and 3., such that state and regional agency review is eliminated. The department may not issue an objections, recommendations, and comments report on proposed plan amendments or a notice of intent on adopted plan amendments; however, affected persons, as defined by paragraph (1)(a), may file a petition for administrative review pursuant to the requirements of s. 163.3187(3)(a) to challenge the compliance of an adopted plan amendment. This subsection does not apply to any amendment within an area of critical state concern, to any amendment that increases residential densities allowable in high-hazard coastal areas as defined in s. 163.3178(2)(h), or to a text change to the goals, policies, or objectives of the local government's comprehensive plan. Amendments submitted under this subsection are exempt from the limitation on the frequency of plan amendments in s. 163.3187.~~

~~(18) URBAN INFILL AND REDEVELOPMENT PLAN AMENDMENTS.—A municipality that has a designated urban infill and redevelopment area under s. 163.2517 may adopt a plan amendment related to map amendments solely to property within a designated urban infill and redevelopment area in the manner described in subsections (1), (2), (7), (14), (15), and (16) and s. 163.3187(1)(c)1.d. and e., 2., and 3., such that state and regional agency review is eliminated. The department may not issue an objections, recommendations, and comments report on proposed plan amendments or a notice of intent on adopted plan amendments; however, affected persons, as defined by paragraph (1)(a), may file a petition for administrative review pursuant to the requirements of s. 163.3187(3)(a) to challenge the compliance of an adopted plan amendment. This subsection does not apply to any amendment within an area of critical state concern, to any amendment that increases residential densities allowable in high-hazard coastal areas as defined in s. 163.3178(2)(h), or to a text change to the goals, policies, or objectives of the local government's comprehensive plan. Amendments submitted under this subsection are exempt from the limitation on the frequency of plan amendments in s. 163.3187.~~

~~(19) HOUSING INCENTIVE STRATEGY PLAN AMENDMENTS.—Any local government that identifies in its comprehensive plan the types of housing developments and conditions for which it will consider plan amendments that are consistent with the local housing incentive strategies identified in s. 420.9076 and authorized by the local government may expedite consideration of such plan amendments. At least 30 days prior to adopting a plan amendment pursuant to this subsection, the local government shall notify the state land planning agency of its intent to adopt such an amendment, and the notice shall include the local government's evaluation of site suitability and availability of facilities and services. A plan amendment considered under this subsection shall require only a single public hearing before the local governing body, which shall be a plan amendment adoption hearing as described in subsection (7). The public notice of the hearing required under subparagraph (15)(b)2. must include a statement that the local government intends to use the expedited adoption process authorized under this subsection. The state land planning agency shall issue its notice of intent required under subsection (8) within 30 days after determining that the amendment package is complete. Any further proceedings shall be governed by subsections (9)-(16).~~

Section 18. Section 163.3187, Florida Statutes, is amended to read:

163.3187 *Process for adoption of small-scale comprehensive plan* amendment ~~of adopted comprehensive plan~~.—

~~(1) Amendments to comprehensive plans adopted pursuant to this part may be made not more than two times during any calendar year, except:~~

~~(a) In the case of an emergency, comprehensive plan amendments may be made more often than twice during the calendar year if the additional plan amendment receives the approval of all of the members of the governing body. "Emergency" means any occurrence or threat thereof whether accidental or natural, caused by humankind, in war or peace, which results or may result in substantial injury or harm to the population or substantial damage to or loss of property or public funds.~~

~~(b) Any local government comprehensive plan amendments directly related to a proposed development of regional impact, including changes which have been determined to be substantial deviations and including Florida Quality Developments pursuant to s. 380.061, may be initiated by a local planning agency and considered by the local governing body at the same time as the application for development approval using the procedures provided for local plan amendment in this section and applicable local ordinances.~~

(1)~~(c) Any local government comprehensive plan amendments directly related to proposed small scale development activities may be approved without regard to statutory limits on the frequency of consideration of amendments to the local comprehensive plan.~~ A small scale development amendment may be adopted ~~only~~ under the following conditions:

(a)~~1.~~ The proposed amendment involves a use of 10 acres or fewer and:

(b)~~a.~~ The cumulative annual effect of the acreage for all small scale development amendments adopted by the local government *does* ~~shall~~ not exceed~~:~~

~~(I)~~ a maximum of 120 acres in a *calendar year*. ~~local government that contains areas specifically designated in the local comprehensive plan for urban infill, urban redevelopment, or downtown revitalization as defined in s. 163.3164, urban infill and redevelopment areas designated under s. 163.2517, transportation concurrency exception areas approved pursuant to s. 163.3180(5), or regional activity centers and urban central business districts approved pursuant to s. 380.06(2)(e); however, amendments under this paragraph may be applied to no more than 60~~

~~acres annually of property outside the designated areas listed in this sub-sub-subparagraph. Amendments adopted pursuant to paragraph (k) shall not be counted toward the acreage limitations for small scale amendments under this paragraph.~~

~~(II) A maximum of 80 acres in a local government that does not contain any of the designated areas set forth in sub-sub-subparagraph (I).~~

~~(III) A maximum of 120 acres in a county established pursuant to s. 9, Art. VIII of the State Constitution.~~

~~b. The proposed amendment does not involve the same property granted a change within the prior 12 months.~~

~~c. The proposed amendment does not involve the same owner's property within 200 feet of property granted a change within the prior 12 months.~~

(c)~~d.~~ The proposed amendment does not involve a text change to the goals, policies, and objectives of the local government's comprehensive plan, but only proposes a land use change to the future land use map for a site-specific small scale development activity. *However, text changes that relate directly to, and are adopted simultaneously with, the small scale future land use map amendment shall be permissible under this section.*

(d)~~e.~~ The property that is the subject of the proposed amendment is not located within an area of critical state concern, unless the project subject to the proposed amendment involves the construction of affordable housing units meeting the criteria of s. 420.0004(3), and is located within an area of critical state concern designated by s. 380.0552 or by the Administration Commission pursuant to s. 380.05(1). ~~Such amendment is not subject to the density limitations of sub-subparagraph f., and shall be reviewed by the state land planning agency for consistency with the principles for guiding development applicable to the area of critical state concern where the amendment is located and shall not become effective until a final order is issued under s. 380.05(6).~~

~~f. If the proposed amendment involves a residential land use, the residential land use has a density of 10 units or less per acre or the proposed future land use category allows a maximum residential density of the same or less than the maximum residential density allowable under the existing future land use category, except that this limitation does not apply to small scale amendments involving the construction of affordable housing units meeting the criteria of s. 420.0004(3) on property which will be the subject of a land use restriction agreement, or small scale amendments described in sub-sub-subparagraph a.(I) that are designated in the local comprehensive plan for urban infill, urban redevelopment, or downtown revitalization as defined in s. 163.3164, urban infill and redevelopment areas designated under s. 163.2517, transportation concurrency exception areas approved pursuant to s. 163.3180(5), or regional activity centers and urban central business districts approved pursuant to s. 380.06(2)(e).~~

~~2.a. A local government that proposes to consider a plan amendment pursuant to this paragraph is not required to comply with the procedures and public notice requirements of s. 163.3184(15)(c) for such plan amendments if the local government complies with the provisions in s. 125.66(4)(a) for a county or in s. 166.041(3)(c) for a municipality. If a request for a plan amendment under this paragraph is initiated by other than the local government, public notice is required.~~

~~b. The local government shall send copies of the notice and amendment to the state land planning agency, the regional planning council, and any other person or entity requesting a copy. This information shall also include a statement identifying any property subject to the amendment that is located within a coastal high hazard area as identified in the local comprehensive plan.~~

(2)~~3.~~ Small scale development amendments adopted pursuant to this *section* ~~paragraph~~ require only one public hearing before the governing board, which shall be an adoption hearing as described in s. 163.3184*(11)*~~(7)~~, and are not subject to the requirements of s. ~~163.3184(3) (6) unless the local government elects to have them subject to those requirements~~.

(3)~~4.~~ If the small scale development amendment involves a site within ~~an area that is designated by the Governor as~~ a rural area of critical economic concern *as defined* under s. 288.0656*(2)(d)*~~(7)~~ for the duration of such designation, the 10-acre limit listed in *subsection (1)* ~~subparagraph 1.~~ shall be increased by 100 percent to 20 acres. The local government approving the small scale plan amendment shall certify to the Office of Tourism, Trade, and Economic Development that the plan amendment furthers the economic objectives set forth in the executive order issued under s. 288.0656(7), and the property subject to the plan amendment shall undergo public review to ensure that all concurrency requirements and federal, state, and local environmental permit requirements are met.

~~(d) Any comprehensive plan amendment required by a compliance agreement pursuant to s. 163.3184(16) may be approved without regard to statutory limits on the frequency of adoption of amendments to the comprehensive plan.~~

~~(e) A comprehensive plan amendment for location of a state correctional facility. Such an amendment may be made at any time and does not count toward the limitation on the frequency of plan amendments.~~

~~(f) The capital improvements element annual update required in s. 163.3177(3)(b)1. and any amendments directly related to the schedule.~~

~~(g) Any local government comprehensive plan amendments directly related to proposed redevelopment of brownfield areas designated under s. 376.80 may be approved without regard to statutory limits on the frequency of consideration of amendments to the local comprehensive plan.~~

~~(h) Any comprehensive plan amendments for port transportation facilities and projects that are eligible for funding by the Florida Seaport Transportation and Economic Development Council pursuant to s. 311.07.~~

~~(i) A comprehensive plan amendment for the purpose of designating an urban infill and redevelopment area under s. 163.2517 may be approved without regard to the statutory limits on the frequency of amendments to the comprehensive plan.~~

~~(j) Any comprehensive plan amendment to establish public school concurrency pursuant to s. 163.3180(13), including, but not limited to, adoption of a public school facilities element and adoption of amendments to the capital improvements element and intergovernmental coordination element. In order to ensure the consistency of local government public school facilities elements within a county, such elements shall be prepared and adopted on a similar time schedule.~~

~~(k) A local comprehensive plan amendment directly related to providing transportation improvements to enhance life safety on Controlled Access Major Arterial Highways identified in the Florida Intrastate Highway System, in counties as defined in s. 125.011, where such roadways have a high incidence of traffic accidents resulting in serious injury or death. Any such amendment shall not include any amendment modifying the designation on a comprehensive development plan land use map nor any amendment modifying the allowable densities or intensities of any land.~~

~~(l) A comprehensive plan amendment to adopt a public educational facilities element pursuant to s. 163.3177(12) and future land use map amendments for school siting may be approved notwithstanding statutory limits on the frequency of adopting plan amendments.~~

~~(m) A comprehensive plan amendment that addresses criteria or compatibility of land uses adjacent to or in close proximity to military installations in a local government's future land use element does not count toward the limitation on the frequency of the plan amendments.~~

~~(n) Any local government comprehensive plan amendment establishing or implementing a rural land stewardship area pursuant to the provisions of s. 163.3177(11)(d).~~

~~(o) A comprehensive plan amendment that is submitted by an area designated by the Governor as a rural area of critical economic concern under s. 288.0656(7) and that meets the economic development objectives may be approved without regard to the statutory limits on the frequency of adoption of amendments to the comprehensive plan.~~

~~(p) Any local government comprehensive plan amendment that is consistent with the local housing incentive strategies identified in s. 420.9076 and authorized by the local government.~~

~~(q) Any local government plan amendment to designate an urban service area as a transportation concurrency exception area under s. 163.3180(5)(b)2. or 3. and an area exempt from the development of regional impact process under s. 380.06(29).~~

(4)~~(2)~~ Comprehensive plans may only be amended in such a way as to preserve the internal consistency of the plan pursuant to s. 163.3177~~(2)~~. Corrections, updates, or modifications of current costs which were set out as part of the comprehensive plan shall not, for the purposes of this act, be deemed to be amendments.

~~(3)(a) The state land planning agency shall not review or issue a notice of intent for small scale development amendments which satisfy the requirements of paragraph (1)(c).~~

(5)(a) Any affected person may file a petition with the Division of Administrative Hearings pursuant to ss. 120.569 and 120.57 to request a hearing to challenge the compliance of a small scale development amendment with this act within 30 days following the local government's adoption of the amendment *and*~~,~~ shall serve a copy of the petition on the local government~~, and shall furnish a copy to the state land planning agency~~. An administrative law judge shall hold a hearing in the affected jurisdiction not less than 30 days nor more than 60 days following the filing of a petition and the assignment of an administrative law judge. The parties to a hearing held pursuant to this subsection shall be the petitioner, the local government, and any intervenor. In the proceeding, the *plan amendment shall be determined to be in compliance if the* local government's determination that the small scale development amendment is in compliance is *fairly debatable* ~~presumed to be correct~~. ~~The local government's determination shall be sustained unless it is shown by a preponderance of the evidence that the amendment is not in compliance with the requirements of this act. In any proceeding initiated pursuant to this subsection,~~ The state land planning agency may *not* intervene *in any proceeding initiated pursuant to this section*.

(b)1. If the administrative law judge recommends that the small scale development amendment be found not in compliance, the administrative law judge shall submit the recommended order to the Administration Commission for final agency action. If the administrative law judge recommends that the small scale development amendment be found in compliance, the administrative law judge shall submit the recommended order to the state land planning agency.

2. If the state land planning agency determines that the plan amendment is not in compliance, the agency shall submit, within 30 days following its receipt, the recommended order to the Administration Commission for final agency action. If the state land planning agency determines that the plan amendment is in compliance, the agency shall enter a final order within 30 days following its receipt of the recommended order.

(c) Small scale development amendments *may* ~~shall~~ not become effective until 31 days after adoption. If challenged within 30 days after adoption, small scale development amendments *may* ~~shall~~ not become effective until the state land planning agency or the Administration Commission, respectively, issues a final order determining *that* the adopted small scale development amendment is in compliance.

(d) In all challenges under this subsection, when a determination of compliance as defined in s. 163.3184(1)(b) is made, consideration shall be given to the plan amendment as a whole and whether the plan amendment furthers the intent of this part.

~~(4) Each governing body shall transmit to the state land planning agency a current copy of its comprehensive plan not later than December 1, 1985. Each governing body shall also transmit copies of any amendments it adopts to its comprehensive plan so as to continually update the plans on file with the state land planning agency.~~

~~(5) Nothing in this part is intended to prohibit or limit the authority of local governments to require that a person requesting an amendment pay some or all of the cost of public notice.~~

~~(6)(a) No local government may amend its comprehensive plan after the date established by the state land planning agency for adoption of its evaluation and appraisal report unless it has submitted its report or addendum to the state land planning agency as prescribed by s. 163.3191, except for plan amendments described in paragraph (1)(b) or paragraph (1)(h).~~

~~(b) A local government may amend its comprehensive plan after it has submitted its adopted evaluation and appraisal report and for a period of 1 year after the initial determination of sufficiency regardless of whether the report has been determined to be insufficient.~~

~~(c) A local government may not amend its comprehensive plan, except for plan amendments described in paragraph (1)(b), if the 1 year period after the initial sufficiency determination of the report has expired and the report has not been determined to be sufficient.~~

~~(d) When the state land planning agency has determined that the report has sufficiently addressed all pertinent provisions of s. 163.3191, the local government may amend its comprehensive plan without the limitations imposed by paragraph (a) or paragraph (c).~~

~~(e) Any plan amendment which a local government attempts to adopt in violation of paragraph (a) or paragraph (c) is invalid, but such invalidity may be overcome if the local government readopts the amendment and transmits the amendment to the state land planning agency pursuant to s. 163.3184(7) after the report is determined to be sufficient.~~

Section 19. *Section 163.3189, Florida Statutes, is repealed.*

Section 20. Section 163.3191, Florida Statutes, is amended to read:

163.3191 Evaluation and appraisal of comprehensive plan.—

(1) At least once every 7 years, each local government shall evaluate its comprehensive plan to determine if plan amendments are necessary to reflect changes in state requirements in this part since the last update of the comprehensive plan, and notify the state land planning agency as to its determination.

(2) If the local government determines amendments to its comprehensive plan are necessary to reflect changes in state requirements, the local government shall prepare and transmit within 1 year such plan amendment or amendments for review pursuant to s. 163.3184.

(3) Local governments are encouraged to comprehensively evaluate and, as necessary, update comprehensive plans to reflect changes in local conditions. Plan amendments transmitted pursuant to this section shall be reviewed in accordance with s. 163.3184.

(4) If a local government fails to submit its letter prescribed by subsection (1) or update its plan pursuant to subsection (2), it may not amend its comprehensive plan until such time as it complies with this section.

~~(1) The planning program shall be a continuous and ongoing process. Each local government shall adopt an evaluation and appraisal report once every 7 years assessing the progress in implementing the local government's comprehensive plan. Furthermore, it is the intent of this section that:~~

~~(a) Adopted comprehensive plans be reviewed through such evaluation process to respond to changes in state, regional, and local policies on planning and growth management and changing conditions and trends, to ensure effective intergovernmental coordination, and to identify major issues regarding the community's achievement of its goals.~~

~~(b) After completion of the initial evaluation and appraisal report and any supporting plan amendments, each subsequent evaluation and appraisal report must evaluate the comprehensive plan in effect at the time of the initiation of the evaluation and appraisal report process.~~

~~(c) Local governments identify the major issues, if applicable, with input from state agencies, regional agencies, adjacent local governments, and the public in the evaluation and appraisal report process. It is also the intent of this section to establish minimum requirements for information to ensure predictability, certainty, and integrity in the growth management process. The report is intended to serve as a summary audit of the actions that a local government has undertaken and identify changes that it may need to make. The report should be based on the~~

~~local government's analysis of major issues to further the community's goals consistent with statewide minimum standards. The report is not intended to require a comprehensive rewrite of the elements within the local plan, unless a local government chooses to do so.~~

~~(2) The report shall present an evaluation and assessment of the comprehensive plan and shall contain appropriate statements to update the comprehensive plan, including, but not limited to, words, maps, illustrations, or other media, related to:~~

~~(a) Population growth and changes in land area, including annexation, since the adoption of the original plan or the most recent update amendments.~~

~~(b) The extent of vacant and developable land.~~

~~(c) The financial feasibility of implementing the comprehensive plan and of providing needed infrastructure to achieve and maintain adopted level of service standards and sustain concurrency management systems through the capital improvements element, as well as the ability to address infrastructure backlogs and meet the demands of growth on public services and facilities.~~

~~(d) The location of existing development in relation to the location of development as anticipated in the original plan, or in the plan as amended by the most recent evaluation and appraisal report update amendments, such as within areas designated for urban growth.~~

~~(e) An identification of the major issues for the jurisdiction and, where pertinent, the potential social, economic, and environmental impacts.~~

~~(f) Relevant changes to the state comprehensive plan, the requirements of this part, the minimum criteria contained in chapter 9J-5, Florida Administrative Code, and the appropriate strategic regional policy plan since the adoption of the original plan or the most recent evaluation and appraisal report update amendments.~~

~~(g) An assessment of whether the plan objectives within each element, as they relate to major issues, have been achieved. The report shall include, as appropriate, an identification as to whether unforeseen or unanticipated changes in circumstances have resulted in problems or opportunities with respect to major issues identified in each element and the social, economic, and environmental impacts of the issue.~~

~~(h) A brief assessment of successes and shortcomings related to each element of the plan.~~

~~(i) The identification of any actions or corrective measures, including whether plan amendments are anticipated to address the major issues identified and analyzed in the report. Such identification shall include, as appropriate, new population projections, new revised planning timeframes, a revised future conditions map or map series, an updated capital improvements element, and any new and revised goals, objectives, and policies for major issues identified within each element. This paragraph shall not require the submittal of the plan amendments with the evaluation and appraisal report.~~

~~(j) A summary of the public participation program and activities undertaken by the local government in preparing the report.~~

~~(k) The coordination of the comprehensive plan with existing public schools and those identified in the applicable educational facilities plan adopted pursuant to s. 1013.35. The assessment shall address, where relevant, the success or failure of the coordination of the future land use map and associated planned residential development with public schools and their capacities, as well as the joint decisionmaking processes engaged in by the local government and the school board in regard to establishing appropriate population projections and the planning and siting of public school facilities. For those counties or municipalities that do not have a public schools interlocal agreement or public school facilities element, the assessment shall determine whether the local government continues to meet the criteria of s. 163.3177(12). If the county or municipality determines that it no longer meets the criteria, it must adopt appropriate school concurrency goals, objectives, and policies in its plan amendments pursuant to the requirements of the public school facilities element, and enter into the existing interlocal agreement required by ss. 163.3177(6)(h)2. and 163.31777 in order to fully participate in the school concurrency system.~~

~~(l) The extent to which the local government has been successful in identifying alternative water supply projects and traditional water supply projects, including conservation and reuse, necessary to meet the water needs identified in s. 373.709(2)(a) within the local government's jurisdiction. The report must evaluate the degree to which the local government has implemented the work plan for building public, private, and regional water supply facilities, including development of alternative water supplies, identified in the element as necessary to serve existing and new development.~~

~~(m) If any of the jurisdiction of the local government is located within the coastal high hazard area, an evaluation of whether any past reduction in land use density impairs the property rights of current residents when redevelopment occurs, including, but not limited to, redevelopment following a natural disaster. The property rights of current residents shall be balanced with public safety considerations. The local government must identify strategies to address redevelopment feasibility and the property rights of affected residents. These strategies may include the authorization of redevelopment up to the actual built density in existence on the property prior to the natural disaster or redevelopment.~~

~~(n) An assessment of whether the criteria adopted pursuant to s. 163.3177(6)(a) were successful in achieving compatibility with military installations.~~

~~(o) The extent to which a concurrency exception area designated pursuant to s. 163.3180(5), a concurrency management area designated pursuant to s. 163.3180(7), or a multimodal transportation district designated pursuant to s. 163.3180(15) has achieved the purpose for which it was created and otherwise complies with the provisions of s. 163.3180.~~

~~(p) An assessment of the extent to which changes are needed to develop a common methodology for measuring impacts on transportation facilities for the purpose of implementing its concurrency management system in coordination with the municipalities and counties, as appropriate pursuant to s. 163.3180(10).~~

~~(3) Voluntary scoping meetings may be conducted by each local government or several local governments within the same county that agree to meet together. Joint meetings among all local governments in a county are encouraged. All scoping meetings shall be completed at least 1 year prior to the established adoption date of the report. The purpose of the meetings shall be to distribute data and resources available to assist in the preparation of the report, to provide input on major issues in each community that should be addressed in the report, and to advise on the extent of the effort for the components of subsection (2). If scoping meetings are held, the local government shall invite each state and regional reviewing agency, as well as adjacent and other affected local governments. A preliminary list of new data and major issues that have emerged since the adoption of the original plan, or the most recent evaluation and appraisal report-based update amendments, should be developed by state and regional entities and involved local governments for distribution at the scoping meeting. For purposes of this subsection, a "scoping meeting" is a meeting conducted to determine the scope of review of the evaluation and appraisal report by parties to which the report relates.~~

~~(4) The local planning agency shall prepare the evaluation and appraisal report and shall make recommendations to the governing body regarding adoption of the proposed report. The local planning agency shall prepare the report in conformity with its public participation procedures adopted as required by s. 163.3181. During the preparation of the proposed report and prior to making any recommendation to the governing body, the local planning agency shall hold at least one public hearing, with public notice, on the proposed report. At a minimum, the format and content of the proposed report shall include a table of contents; numbered pages; element headings; section headings within elements; a list of included tables, maps, and figures; a title and sources for all included tables; a preparation date; and the name of the preparer. Where applicable, maps shall include major natural and artificial geographic features; city, county, and state lines; and a legend indicating a north arrow, map scale, and the date.~~

~~(5) Ninety days prior to the scheduled adoption date, the local government may provide a proposed evaluation and appraisal report to the state land planning agency and distribute copies to state and regional commenting agencies as prescribed by rule, adjacent jurisdictions, and~~

~~interested citizens for review. All review comments, including comments by the state land planning agency, shall be transmitted to the local government and state land planning agency within 30 days after receipt of the proposed report.~~

~~(6) The governing body, after considering the review comments and recommended changes, if any, shall adopt the evaluation and appraisal report by resolution or ordinance at a public hearing with public notice. The governing body shall adopt the report in conformity with its public participation procedures adopted as required by s. 163.3181. The local government shall submit to the state land planning agency three copies of the report, a transmittal letter indicating the dates of public hearings, and a copy of the adoption resolution or ordinance. The local government shall provide a copy of the report to the reviewing agencies which provided comments for the proposed report, or to all the reviewing agencies if a proposed report was not provided pursuant to subsection (5), including the adjacent local governments. Within 60 days after receipt, the state land planning agency shall review the adopted report and make a preliminary sufficiency determination that shall be forwarded by the agency to the local government for its consideration. The state land planning agency shall issue a final sufficiency determination within 90 days after receipt of the adopted evaluation and appraisal report.~~

~~(7) The intent of the evaluation and appraisal process is the preparation of a plan update that clearly and concisely achieves the purpose of this section. Toward this end, the sufficiency review of the state land planning agency shall concentrate on whether the evaluation and appraisal report sufficiently fulfills the components of subsection (2). If the state land planning agency determines that the report is insufficient, the governing body shall adopt a revision of the report and submit the revised report for review pursuant to subsection (6).~~

~~(8) The state land planning agency may delegate the review of evaluation and appraisal reports, including all state land planning agency duties under subsections (4)-(7), to the appropriate regional planning council. When the review has been delegated to a regional planning council, any local government in the region may elect to have its report reviewed by the regional planning council rather than the state land planning agency. The state land planning agency shall by agreement provide for uniform and adequate review of reports and shall retain oversight for any delegation of review to a regional planning council.~~

~~(9) The state land planning agency may establish a phased schedule for adoption of reports. The schedule shall provide each local government at least 7 years from plan adoption or last established adoption date for a report and shall allot approximately one seventh of the reports to any 1 year. In order to allow the municipalities to use data and analyses gathered by the counties, the state land planning agency shall schedule municipal report adoption dates between 1 year and 18 months later than the report adoption date for the county in which those municipalities are located. A local government may adopt its report no earlier than 90 days prior to the established adoption date. Small municipalities which were scheduled by chapter 9J-33, Florida Administrative Code, to adopt their evaluation and appraisal report after February 2, 1999, shall be rescheduled to adopt their report together with the other municipalities in their county as provided in this subsection.~~

~~(10) The governing body shall amend its comprehensive plan based on the recommendations in the report and shall update the comprehensive plan based on the components of subsection (2), pursuant to the provisions of ss. 163.3184, 163.3187, and 163.3189. Amendments to update a comprehensive plan based on the evaluation and appraisal report shall be adopted during a single amendment cycle within 18 months after the report is determined to be sufficient by the state land planning agency, except the state land planning agency may grant an extension for adoption of a portion of such amendments. The state land planning agency may grant a 6-month extension for the adoption of such amendments if the request is justified by good and sufficient cause as determined by the agency. An additional extension may also be granted if the request will result in greater coordination between transportation and land use, for the purposes of improving Florida's transportation system, as determined by the agency in coordination with the Metropolitan Planning Organization program. Beginning July 1, 2006, failure to timely adopt and transmit update amendments to the comprehensive plan based on the evaluation and appraisal report shall result in a local government being prohibited from adopting amendments to the comprehensive plan until the evaluation and appraisal report update amendments have been adopted and transmitted to the state land planning agency. The prohibition on plan amendments shall commence when the update amendments to the comprehensive plan are past due. The comprehensive plan as amended shall be in compliance as defined in s. 163.3184(1)(b). Within 6 months after the effective date of the update amendments to the comprehensive plan, the local government shall provide to the state land planning agency and to all agencies designated by rule a complete copy of the updated comprehensive plan.~~

~~(11) The Administration Commission may impose the sanctions provided by s. 163.3184(11) against any local government that fails to adopt and submit a report, or that fails to implement its report through timely and sufficient amendments to its local plan, except for reasons of excusable delay or valid planning reasons agreed to by the state land planning agency or found present by the Administration Commission. Sanctions for untimely or insufficient plan amendments shall be prospective only and shall begin after a final order has been issued by the Administration Commission and a reasonable period of time has been allowed for the local government to comply with an adverse determination by the Administration Commission through adoption of plan amendments that are in compliance. The state land planning agency may initiate, and an affected person may intervene in, such a proceeding by filing a petition with the Division of Administrative Hearings, which shall appoint an administrative law judge and conduct a hearing pursuant to ss. 120.569 and 120.57(1) and shall submit a recommended order to the Administration Commission. The affected local government shall be a party to any such proceeding. The commission may implement this subsection by rule.~~

(5)~~(12)~~ The state land planning agency *may* ~~shall~~ not adopt rules to implement this section, other than procedural rules *or a schedule indicating when local governments must comply with the requirements of this section*.

~~(13) The state land planning agency shall regularly review the evaluation and appraisal report process and submit a report to the Governor, the Administration Commission, the Speaker of the House of Representatives, the President of the Senate, and the respective community affairs committees of the Senate and the House of Representatives. The first report shall be submitted by December 31, 2004, and subsequent reports shall be submitted every 5 years thereafter. At least 9 months before the due date of each report, the Secretary of Community Affairs shall appoint a technical committee of at least 15 members to assist in the preparation of the report. The membership of the technical committee shall consist of representatives of local governments, regional planning councils, the private sector, and environmental organizations. The report shall assess the effectiveness of the evaluation and appraisal report process.~~

~~(14) The requirement of subsection (10) prohibiting a local government from adopting amendments to the local comprehensive plan until the evaluation and appraisal report update amendments have been adopted and transmitted to the state land planning agency does not apply to a plan amendment proposed for adoption by the appropriate local government as defined in s. 163.3178(2)(k) in order to integrate a port comprehensive master plan with the coastal management element of the local comprehensive plan as required by s. 163.3178(2)(k) if the port comprehensive master plan or the proposed plan amendment does not cause or contribute to the failure of the local government to comply with the requirements of the evaluation and appraisal report.~~

Section 21. Paragraph (b) of subsection (2) of section 163.3217, Florida Statutes, is amended to read:

163.3217 Municipal overlay for municipal incorporation.—

(2) PREPARATION, ADOPTION, AND AMENDMENT OF THE MUNICIPAL OVERLAY.—

(b)~~1.~~ A municipal overlay shall be adopted as an amendment to the local government comprehensive plan as prescribed by s. 163.3184.

~~2. A county may consider the adoption of a municipal overlay without regard to the provisions of s. 163.3187(1) regarding the frequency of adoption of amendments to the local comprehensive plan.~~

Section 22. Subsection (3) of section 163.3220, Florida Statutes, is amended to read:

163.3220 Short title; legislative intent.—

(3) In conformity with, in furtherance of, and to implement the *Community* ~~Local Government Comprehensive~~ Planning ~~and Land Development Regulation~~ Act and the Florida State Comprehensive Planning Act of 1972, it is the intent of the Legislature to encourage a stronger commitment to comprehensive and capital facilities planning, ensure the provision of adequate public facilities for development, encourage the efficient use of resources, and reduce the economic cost of development.

Section 23. Subsections (2) and (11) of section 163.3221, Florida Statutes, are amended to read:

163.3221 Florida Local Government Development Agreement Act; definitions.—As used in ss. 163.3220-163.3243:

(2) "Comprehensive plan" means a plan adopted pursuant to the *Community* ~~"Local Government Comprehensive~~ Planning ~~and Land Development Regulation~~ Act.~~"~~

(11) "Local planning agency" means the agency designated to prepare a comprehensive plan or plan amendment pursuant to the *Community* ~~"Florida Local Government Comprehensive~~ Planning ~~and Land Development Regulation~~ Act.~~"~~

Section 24. Section 163.3229, Florida Statutes, is amended to read:

163.3229 Duration of a development agreement and relationship to local comprehensive plan.—The duration of a development agreement *may* ~~shall~~ not exceed *30* ~~20~~ years*, unless it is*~~. It may be~~ extended by mutual consent of the governing body and the developer, subject to a public hearing in accordance with s. 163.3225. No development agreement shall be effective or be implemented by a local government unless the local government's comprehensive plan and plan amendments implementing or related to the agreement are ~~found~~ in compliance ~~by the state land planning agency in accordance~~ with s. 163.3184~~, s. 163.3187, or s. 163.3189~~.

Section 25. Section 163.3235, Florida Statutes, is amended to read:

163.3235 Periodic review of a development agreement.—A local government shall review land subject to a development agreement at least once every 12 months to determine if there has been demonstrated good faith compliance with the terms of the development agreement. ~~For each annual review conducted during years 6 through 10 of a development agreement, the review shall be incorporated into a written report which shall be submitted to the parties to the agreement and the state land planning agency. The state land planning agency shall adopt rules regarding the contents of the report, provided that the report shall be limited to the information sufficient to determine the extent to which the parties are proceeding in good faith to comply with the terms of the development agreement.~~ If the local government finds, on the basis of substantial competent evidence, that there has been a failure to comply with the terms of the development agreement, the agreement may be revoked or modified by the local government.

Section 26. Section 163.3239, Florida Statutes, is amended to read:

163.3239 Recording and effectiveness of a development agreement.—Within 14 days after a local government enters into a development agreement, the local government shall record the agreement with the clerk of the circuit court in the county where the local government is located. ~~A copy of the recorded development agreement shall be submitted to the state land planning agency within 14 days after the agreement is recorded.~~ A development agreement *is* ~~shall~~ not ~~be~~ effective until it is properly recorded in the public records of the county ~~and until 30 days after having been received by the state land planning agency pursuant to this section~~. The burdens of the development agreement shall be binding upon, and the benefits of the agreement shall inure to, all successors in interest to the parties to the agreement.

Section 27. Section 163.3243, Florida Statutes, is amended to read:

163.3243 Enforcement.—Any party *or*~~, any~~ aggrieved or adversely affected person as defined in s. 163.3215(2)~~, or the state land planning agency~~ may file an action for injunctive relief in the circuit court where the local government is located to enforce the terms of a development agreement or to challenge compliance of the agreement with ~~the provisions of~~ ss. 163.3220- 163.3243.

Section 28. Section 163.3245, Florida Statutes, is amended to read:

163.3245 ~~Optional~~ Sector plans.—

(1) In recognition of the benefits of ~~conceptual~~ long-range planning for ~~the buildout of an area, and detailed planning for~~ specific areas, ~~as a demonstration project, the requirements of s. 380.06 may be addressed as identified by this section for up to five~~ local governments or combinations of local governments *may* ~~which~~ adopt into *their* ~~the~~ comprehensive *plans a* ~~plan an optional~~ sector plan in accordance with this section. This section is intended to *promote and encourage long-term planning for conservation, development, and agriculture on a landscape scale; to* further the intent of s. 163.3177(11), which supports innovative and flexible planning and development strategies, and the purposes of this part~~,~~ and part I of chapter 380*; to facilitate protection of regionally significant resources, including, but not limited to, regionally significant water courses and wildlife corridors;*~~,~~ and to avoid duplication of effort in terms of the level of data and analysis required for a development of regional impact, while ensuring the adequate mitigation of impacts to applicable regional resources and facilities, including those within the jurisdiction of other local governments, as would otherwise be provided. ~~Optional~~ Sector plans are intended for substantial geographic areas *that include* ~~including~~ at least *15,000* ~~5,000~~ acres of one or more local governmental jurisdictions and are to emphasize urban form and protection of regionally significant resources and *public* facilities. *A* ~~The state land planning agency may approve optional sector plans of less than 5,000 acres based on local circumstances if it is determined that the plan would further the purposes of this part and part I of chapter 380. Preparation of an optional sector plan is authorized by agreement between the state land planning agency and the applicable local governments under s. 163.3171(4). An optional sector plan may be adopted through one or more comprehensive plan amendments under s. 163.3184. However, an optional~~ sector plan may not be *adopted* ~~authorized~~ in an area of critical state concern.

(2) *Upon the request of a local government having jurisdiction,* ~~The state land planning agency may enter into an agreement to authorize preparation of an optional sector plan upon the request of one or more local governments based on consideration of problems and opportunities presented by existing development trends; the effectiveness of current comprehensive plan provisions; the potential to further the state comprehensive plan, applicable strategic regional policy plans, this part, and part I of chapter 380; and those factors identified by s. 163.3177(10)(i).~~ the applicable regional planning council shall conduct a scoping meeting with affected local governments and those agencies identified in s. 163.3184*(1)(c)*~~(4)~~ before *preparation of the sector plan* ~~execution of the agreement authorized by this section~~. The purpose of this meeting is to assist the state land planning agency and the local government in the identification of the relevant planning issues to be addressed and the data and resources available to assist in the preparation of *the sector plan* ~~subsequent plan amendments~~. *If a scoping meeting is conducted,* the regional planning council shall make written recommendations to the state land planning agency and affected local governments *on the issues requested by the local government. The scoping meeting shall be noticed and open to the public. If the entire planning area proposed for the sector plan is within the jurisdiction of two or more local governments, some or all of them may enter into a joint planning agreement pursuant to s. 163.3171 with respect to*~~, including whether a sustainable sector plan would be appropriate. The agreement must define~~ the geographic area to be subject to the sector plan, the planning issues that will be emphasized, *procedures* ~~requirements~~ for intergovernmental coordination to address extrajurisdictional impacts, supporting application materials including data and analysis, ~~and~~ procedures for public participation*, or other issues*. ~~An agreement may address previously adopted sector plans that are consistent with the standards in this section. Before executing an agreement under this subsection, the local government shall hold a duly noticed public workshop to review and explain to the public the optional sector planning process and the terms and conditions of the proposed agreement. The local government shall hold a duly noticed public hearing to execute the agreement. All meetings between the department and the local government must be open to the public.~~

(3) ~~Optional~~ Sector planning encompasses two levels: adoption *pursuant to* ~~under~~ s. 163.3184 of a ~~conceptual~~ long-term *master plan for the entire planning area as part of the comprehensive plan, and adoption by*

local development order of two or more ~~buildout overlay to the comprehensive plan, having no immediate effect on the issuance of development orders or the applicability of s. 380.06, and adoption under s. 163.3184 of~~ detailed specific area plans that implement the ~~conceptual~~ long-term *master plan* ~~buildout overlay and authorize issuance of development orders,~~ and within which s. 380.06 is waived. ~~Until such time as a detailed specific area plan is adopted, the underlying future land use designations apply.~~

(a) In addition to the other requirements of this chapter, a *long-term master plan pursuant to this section* ~~conceptual long-term buildout overlay~~ must include *maps, illustrations, and text supported by data and analysis to address the following*:

1. A ~~long-range conceptual~~ framework map that*,* at a minimum*, generally depicts* ~~identifies anticipated~~ areas of urban, agricultural, rural, and conservation land use*, identifies allowed uses in various parts of the planning area, specifies maximum and minimum densities and intensities of use, and provides the general framework for the development pattern in developed areas with graphic illustrations based on a hierarchy of places and functional place-making components*.

2. A general identification of the water supplies needed and available sources of water, including water resource development and water supply development projects, and water conservation measures needed to meet the projected demand of the future land uses in the long-term master plan.

3. A general identification of the transportation facilities to serve the future land uses in the long-term master plan, including guidelines to be used to establish each modal component intended to optimize mobility.

4.~~2.~~ *A general* identification of *other* regionally significant public facilities ~~consistent with chapter 9J-2, Florida Administrative Code, irrespective of local governmental jurisdiction~~ necessary to support ~~buildout of~~ the ~~anticipated~~ future land uses*, which may include central utilities provided onsite within the planning area, and policies setting forth the procedures to be used to mitigate the impacts of future land uses on public facilities*.

5.~~3.~~ *A general* identification of regionally significant natural resources *within the planning area based on the best available data and policies setting forth the procedures for protection or conservation of specific resources consistent with the overall conservation and development strategy for the planning area* ~~consistent with chapter 9J-2, Florida Administrative Code~~.

6.~~4.~~ *General* principles and guidelines *addressing* ~~that address~~ the urban form and *the* interrelationships of ~~anticipated~~ future land uses*; the protection and, as appropriate, restoration and management of lands identified for permanent preservation through recordation of conservation easements consistent with s. 704.06, which shall be phased or staged in coordination with detailed specific area plans to reflect phased or staged development within the planning area;* ~~and a discussion, at the applicant's option, of the extent, if any, to which the plan will address restoring key ecosystems,~~ achieving a more clean, healthy environment*;* ~~,~~ limiting urban sprawl*; providing a range of housing types;* ~~,~~ protecting wildlife and natural areas*;* ~~,~~ advancing the efficient use of land and other resources*;* ~~, and~~ creating quality communities *of a design that promotes travel by multiple transportation modes;* and *enhancing the prospects for the creation of* jobs.

7.~~5.~~ Identification of general procedures *and policies* to *facilitate* ~~ensure~~ intergovernmental coordination to address extrajurisdictional impacts from the *future land uses* ~~long-range conceptual framework map~~.

A long-term master plan adopted pursuant to this section may be based upon a planning period longer than the generally applicable planning period of the local comprehensive plan, shall specify the projected population within the planning area during the chosen planning period, and may include a phasing or staging schedule that allocates a portion of the local government's future growth to the planning area through the planning period. A long-term master plan adopted pursuant to this section is not required to demonstrate need based upon projected population growth or on any other basis.

(b) In addition to the other requirements of this chapter, ~~including those in paragraph (a),~~ the detailed specific area plans *shall be consistent with the long-term master plan and* must include *conditions and commitments that provide for*:

1. *Development or conservation of* an area of ~~adequate size to accommodate a level of development which achieves a functional relationship between a full range of land uses within the area and to encompass~~ at least 1,000 acres *consistent with the long-term master plan*. The *local government* ~~state land planning agency~~ may approve detailed specific area plans of less than 1,000 acres based on local circumstances if it is determined that the *detailed specific area* plan furthers the purposes of this part and part I of chapter 380.

2. Detailed identification and analysis of the *maximum and minimum densities and intensities of use and the* distribution, extent, and location of future land uses.

3. Detailed identification of water resource development and water supply development projects and related infrastructure and water conservation measures to address water needs of development in the detailed specific area plan.

4. Detailed identification of the transportation facilities to serve the future land uses in the detailed specific area plan.

5.~~3.~~ Detailed identification of *other* regionally significant public facilities, including public facilities outside the jurisdiction of the host local government, ~~anticipated~~ impacts of future land uses on those facilities, and required improvements consistent with *the long-term master plan* ~~chapter 9J-2, Florida Administrative Code~~.

6.~~4.~~ Public facilities necessary *to serve development in the detailed specific area plan* ~~for the short term~~, including developer contributions in a ~~financially feasible~~ 5-year capital improvement schedule of the affected local government.

7.~~5.~~ Detailed analysis and identification of specific measures to *ensure* ~~assure~~ the protection *and, as appropriate, restoration and management of lands within the boundary of the detailed specific area plan identified for permanent preservation through recordation of conservation easements consistent with s. 704.06, which easements shall be effective before or concurrent with the effective date of the detailed specific area plan* ~~of regionally significant natural resources~~ and other important resources both within and outside the host jurisdiction~~, including those regionally significant resources identified in chapter 9J-2, Florida Administrative Code~~.

8.~~6.~~ *Detailed* principles and guidelines *addressing* ~~that address~~ the urban form and *the* interrelationships of ~~anticipated~~ future land uses*;* ~~and a discussion, at the applicant's option, of the extent, if any, to which the plan will address restoring key ecosystems,~~ achieving a more clean, healthy environment*,* ~~,~~ limiting urban sprawl*; providing a range of housing types;* ~~,~~ protecting wildlife and natural areas*;* ~~,~~ advancing the efficient use of land and other resources*;* ~~, and~~ creating quality communities *of a design that promotes travel by multiple transportation modes;* and *enhancing the prospects for the creation of* jobs.

9.~~7.~~ Identification of specific procedures to *facilitate* ~~ensure~~ intergovernmental coordination to address extrajurisdictional impacts *from* ~~of~~ the detailed specific area plan.

A detailed specific area plan adopted by local development order pursuant to this section may be based upon a planning period longer than the generally applicable planning period of the local comprehensive plan and shall specify the projected population within the specific planning area during the chosen planning period. A detailed specific area plan adopted pursuant to this section is not required to demonstrate need based upon projected population growth or on any other basis. All lands identified in the long-term master plan for permanent preservation shall be subject to a recorded conservation easement consistent with s. 704.06 before or concurrent with the effective date of the final detailed specific area plan to be approved within the planning area.

(c) In its review of a long-term master plan, the state land planning agency shall consult with the Department of Agriculture and Consumer Services, the Department of Environmental Protection, the Fish and Wildlife Conservation Commission, and the applicable water management district regarding the design of areas for protection and conservation of regionally significant natural resources and for the protection and,

as appropriate, restoration and management of lands identified for permanent preservation.

(d) In its review of a long-term master plan, the state land planning agency shall consult with the Department of Transportation, the applicable metropolitan planning organization, and any urban transit agency regarding the location, capacity, design, and phasing or staging of major transportation facilities in the planning area.

(e) Whenever a local government issues a development order approving a detailed specific area plan, a copy of such order shall be rendered to the state land planning agency and the owner or developer of the property affected by such order, as prescribed by rules of the state land planning agency for a development order for a development of regional impact. Within 45 days after the order is rendered, the owner, the developer, or the state land planning agency may appeal the order to the Florida Land and Water Adjudicatory Commission by filing a petition alleging that the detailed specific area plan is not consistent with the comprehensive plan or with the long-term master plan adopted pursuant to this section. The appellant shall furnish a copy of the petition to the opposing party, as the case may be, and to the local government that issued the order. The filing of the petition stays the effectiveness of the order until after completion of the appeal process. However, if a development order approving a detailed specific area plan has been challenged by an aggrieved or adversely affected party in a judicial proceeding pursuant to s. 163.3215, and a party to such proceeding serves notice to the state land planning agency, the state land planning agency shall dismiss its appeal to the commission and shall have the right to intervene in the pending judicial proceeding pursuant to s. 163.3215. Proceedings for administrative review of an order approving a detailed specific area plan shall be conducted consistent with s. 380.07(6). The commission shall issue a decision granting or denying permission to develop pursuant to the long-term master plan and the standards of this part and may attach conditions or restrictions to its decisions.

(f)~~(e)~~ This subsection *does* ~~may~~ not ~~be construed to~~ prevent preparation and approval of the ~~optional~~ sector plan and detailed specific area plan concurrently or in the same submission.

(4) *Upon the long-term master plan becoming legally effective:*

(a) Any long-range transportation plan developed by a metropolitan planning organization pursuant to s. 339.175(7) must be consistent, to the maximum extent feasible, with the long-term master plan, including, but not limited to, the projected population and the approved uses and densities and intensities of use and their distribution within the planning area. The transportation facilities identified in adopted plans pursuant to subparagraphs (3)(a)3. and (b)4. must be developed in coordination with the adopted M.P.O. long-range transportation plan.

(b) The water needs, sources and water resource development, and water supply development projects identified in adopted plans pursuant to subparagraphs (3)(a)2. and (b)3. shall be incorporated into the applicable district and regional water supply plans adopted in accordance with ss. 373.036 and 373.709. Accordingly, and notwithstanding the permit durations stated in s. 373.236, an applicant may request and the applicable district may issue consumptive use permits for durations commensurate with the long-term master plan or detailed specific area plan, considering the ability of the master plan area to contribute to regional water supply availability and the need to maximize reasonable-beneficial use of the water resource. The permitting criteria in s. 373.223 shall be applied based upon the projected population and the approved densities and intensities of use and their distribution in the long-term master plan; however, the allocation of the water may be phased over the permit duration to correspond to actual projected needs. This paragraph does not supersede the public interest test set forth in s. 373.223. ~~The host local government shall submit a monitoring report to the state land planning agency and applicable regional planning council on an annual basis after adoption of a detailed specific area plan. The annual monitoring report must provide summarized information on development orders issued, development that has occurred, public facility improvements made, and public facility improvements anticipated over the upcoming 5 years.~~

(5) When ~~a plan amendment adopting~~ a detailed specific area plan has become effective *for a portion of the planning area governed by a long-term master plan adopted pursuant to this section* ~~under ss. 163.3184 and 163.3189(2)~~, ~~the provisions of~~ s. 380.06 *does* ~~do~~ not apply to development within the geographic area of the detailed specific area plan. However, any development-of-regional-impact development order that is vested from the detailed specific area plan may be enforced *pursuant to* ~~under~~ s. 380.11.

(a) The local government adopting the detailed specific area plan is primarily responsible for monitoring and enforcing the detailed specific area plan. Local governments *may* ~~shall~~ not issue any permits or approvals or provide any extensions of services to development that are not consistent with the detailed *specific* ~~sector~~ area plan.

(b) If the state land planning agency has reason to believe that a violation of any detailed specific area plan~~, or of any agreement entered into under this section,~~ has occurred or is about to occur, it may institute an administrative or judicial proceeding to prevent, abate, or control the conditions or activity creating the violation, using the procedures in s. 380.11.

(c) In instituting an administrative or judicial proceeding involving *a* ~~an optional~~ sector plan or detailed specific area plan, including a proceeding pursuant to paragraph (b), the complaining party shall comply with the requirements of s. 163.3215(4), (5), (6), and (7)*, except as provided by paragraph (3)(e)*.

(d) The detailed specific area plan shall establish a buildout date until which the approved development is not subject to downzoning, unit density reduction, or intensity reduction, unless the local government can demonstrate that implementation of the plan is not continuing in good faith based on standards established by plan policy, that substantial changes in the conditions underlying the approval of the detailed specific area plan have occurred, that the detailed specific area plan was based on substantially inaccurate information provided by the applicant, or that the change is clearly established to be essential to the public health, safety, or welfare.

(6) Concurrent with or subsequent to review and adoption of a long-term master plan pursuant to paragraph (3)(a), an applicant may apply for master development approval pursuant to s. 380.06(21) for the entire planning area in order to establish a buildout date until which the approved uses and densities and intensities of use of the master plan are not subject to downzoning, unit density reduction, or intensity reduction, unless the local government can demonstrate that implementation of the master plan is not continuing in good faith based on standards established by plan policy, that substantial changes in the conditions underlying the approval of the master plan have occurred, that the master plan was based on substantially inaccurate information provided by the applicant, or that change is clearly established to be essential to the public health, safety, or welfare. Review of the application for master development approval shall be at a level of detail appropriate for the long-term and conceptual nature of the long-term master plan and, to the maximum extent possible, may only consider information provided in the application for a long-term master plan. Notwithstanding s. 380.06, an increment of development in such an approved master development plan must be approved by a detailed specific area plan pursuant to paragraph (3)(b) and is exempt from review pursuant to s. 380.06.

~~(6) Beginning December 1, 1999, and each year thereafter, the department shall provide a status report to the Legislative Committee on Intergovernmental Relations regarding each optional sector plan authorized under this section.~~

(7) A developer within an area subject to a long-term master plan that meets the requirements of paragraph (3)(a) and subsection (6) or a detailed specific area plan that meets the requirements of paragraph (3)(b) may enter into a development agreement with a local government pursuant to ss. 163.3220-163.3243. The duration of such a development agreement may be through the planning period of the long-term master plan or the detailed specific area plan, as the case may be, notwithstanding the limit on the duration of a development agreement pursuant to s. 163.3229.

(8) Any owner of property within the planning area of a proposed long-term master plan may withdraw his consent to the master plan at any time prior to local government adoption, and the local government shall exclude such parcels from the adopted master plan. Thereafter, the long-term master plan, any detailed specific area plan, and the exemption from development-of-regional-impact review under this section do not apply to the subject parcels. After adoption of a long-term master plan, an

owner may withdraw his or her property from the master plan only with the approval of the local government by plan amendment adopted and reviewed pursuant to s. 163.3184.

(9) The adoption of a long-term master plan or a detailed specific area plan pursuant to this section does not limit the right to continue existing agricultural or silvicultural uses or other natural resource-based operations or to establish similar new uses that are consistent with the plans approved pursuant to this section.

(10) The state land planning agency may enter into an agreement with a local government that, on or before July 1, 2011, adopted a large-area comprehensive plan amendment consisting of at least 15,000 acres that meets the requirements for a long-term master plan in paragraph (3)(a), after notice and public hearing by the local government, and thereafter, notwithstanding s. 380.06, this part, or any planning agreement or plan policy, the large-area plan shall be implemented through detailed specific area plans that meet the requirements of paragraph (3)(b) and shall otherwise be subject to this section.

(11) Notwithstanding this section, a detailed specific area plan to implement a conceptual long-term buildout overlay, adopted by a local government and found in compliance before July 1, 2011, shall be governed by this section.

(12) Notwithstanding s. 380.06, this part, or any planning agreement or plan policy, a landowner or developer who has received approval of a master development-of-regional-impact development order pursuant to s. 380.06(21) may apply to implement this order by filing one or more applications to approve a detailed specific area plan pursuant to paragraph (3)(b).

(13)~~(7)~~ This section may not be construed to abrogate the rights of any person under this chapter.

Section 29. Subsections (9), (12), and (14) of section 163.3246, Florida Statutes, are amended to read:

163.3246 Local government comprehensive planning certification program.—

(9)(a) Upon certification all comprehensive plan amendments associated with the area certified must be adopted and reviewed in the manner described in *s.* ~~ss.~~ 163.3184*(5)-(11)*~~(1), (2), (7), (14), (15), and (16) and 163.3187~~, such that state and regional agency review is eliminated. *Plan amendments that qualify as small scale development amendments may follow the small scale review process in s. 163.3187.* The department may not issue any objections, recommendations, and comments report on proposed plan amendments or a notice of intent on adopted plan amendments; however, affected persons, as defined by s. 163.3184(1)(a), may file a petition for administrative review pursuant to the requirements of s. *163.3184(5)* ~~163.3187(3)(a)~~ to challenge the compliance of an adopted plan amendment.

(b) Plan amendments that change the boundaries of the certification area; propose a rural land stewardship area pursuant to s. *163.3248* ~~163.3177(11)(d)~~; propose *a* ~~an optional~~ sector plan pursuant to s. 163.3245; ~~propose a school facilities element;~~ update a comprehensive plan based on an evaluation and appraisal *review* ~~report~~; impact lands outside the certification boundary; implement new statutory requirements that require specific comprehensive plan amendments; or increase hurricane evacuation times or the need for shelter capacity on lands within the coastal high-hazard area shall be reviewed pursuant to *s.* ~~ss.~~ 163.3184 ~~and 163.3187~~.

(12) A local government's certification shall be reviewed by the local government and the department as part of the evaluation and appraisal process pursuant to s. 163.3191. Within 1 year after the deadline for the local government to update its comprehensive plan based on the evaluation and appraisal report, the department shall renew or revoke the certification. The local government's ~~failure to adopt a timely evaluation and appraisal report, failure to adopt an evaluation and appraisal report found to be sufficient, or~~ failure to timely adopt *necessary* amendments *to update its comprehensive plan* based on an evaluation and appraisal*, which are* ~~report~~ found to be in compliance by the department*,* shall be cause for revoking the certification agreement. The department's decision to renew or revoke shall be considered agency action subject to challenge under s. 120.569.

~~(14) The Office of Program Policy Analysis and Government Accountability shall prepare a report evaluating the certification program, which shall be submitted to the Governor, the President of the Senate, and the Speaker of the House of Representatives by December 1, 2007.~~

Section 30. *Section 163.32465, Florida Statutes, is repealed.*

Section 31. Subsection (6) is added to section 163.3247, Florida Statutes, to read:

163.3247 Century Commission for a Sustainable Florida.—

(6) EXPIRATION.-This section is repealed and the commission is abolished June 30, 2013.

Section 32. Section 163.3248, Florida Statutes, is created to read:

163.3248 Rural land stewardship areas.—

(1) Rural land stewardship areas are designed to establish a long-term incentive based strategy to balance and guide the allocation of land so as to accommodate future land uses in a manner that protects the natural environment, stimulate economic growth and diversification, and encourage the retention of land for agriculture and other traditional rural land uses.

(2) Upon written request by one or more landowners of the subject lands to designate lands as a rural land stewardship area, or pursuant to a private-sector-initiated comprehensive plan amendment filed by, or with the consent of the owners of the subject lands, local governments may adopt a future land use overlay to designate all or portions of lands classified in the future land use element as predominantly agricultural, rural, open, open-rural, or a substantively equivalent land use, as a rural land stewardship area within which planning and economic incentives are applied to encourage the implementation of innovative and flexible planning and development strategies and creative land use planning techniques to support a diverse economic and employment base. The future land use overlay may not require a demonstration of need based on population projections or any other factors.

(3) Rural land stewardship areas may be used to further the following broad principles of rural sustainability: restoration and maintenance of the economic value of rural land; control of urban sprawl; identification and protection of ecosystems, habitats, and natural resources; promotion and diversification of economic activity and employment opportunities within the rural areas; maintenance of the viability of the state's agricultural economy; and protection of private property rights in rural areas of the state. Rural land stewardship areas may be multicounty in order to encourage coordinated regional stewardship planning.

(4) A local government or one or more property owners may request assistance and participation in the development of a plan for the rural land stewardship area from the state land planning agency, the Department of Agriculture and Consumer Services, the Fish and Wildlife Conservation Commission, the Department of Environmental Protection, the appropriate water management district, the Department of Transportation, the regional planning council, private land owners, and stakeholders.

(5) A rural land stewardship area shall be not less than 10,000 acres, shall be located outside of municipalities and established urban service areas, and shall be designated by plan amendment by each local government with jurisdiction over the rural land stewardship area. The plan amendment or amendments designating a rural land stewardship area are subject to review pursuant to s. 163.3184 and shall provide for the following:

(a) Criteria for the designation of receiving areas which shall, at a minimum, provide for the following: adequacy of suitable land to accommodate development so as to avoid conflict with significant environmentally sensitive areas, resources, and habitats; compatibility between and transition from higher density uses to lower intensity rural uses; and the establishment of receiving area service boundaries that provide for a transition from receiving areas and other land uses within the rural land stewardship area through limitations on the extension of services.

(b) Innovative planning and development strategies to be applied within rural land stewardship areas pursuant to this section.

(c) A process for the implementation of innovative planning and development strategies within the rural land stewardship area, including those described in this subsection, which provide for a functional mix of land uses through the adoption by the local government of zoning and land development regulations applicable to the rural land stewardship area.

(d) A mix of densities and intensities that would not be characterized as urban sprawl through the use of innovative strategies and creative land use techniques.

(6) A receiving area may be designated only pursuant to procedures established in the local government's land development regulations. If receiving area designation requires the approval of the county board of county commissioners, such approval shall be by resolution with a simple majority vote. Before the commencement of development within a stewardship receiving area, a listed species survey must be performed for the area proposed for development. If listed species occur on the receiving area development site, the applicant must coordinate with each appropriate local, state, or federal agency to determine if adequate provisions have been made to protect those species in accordance with applicable regulations. In determining the adequacy of provisions for the protection of listed species and their habitats, the rural land stewardship area shall be considered as a whole, and the potential impacts and protective measures taken within areas to be developed as receiving areas shall be considered in conjunction with and compensated by lands set aside and protective measures taken within the designated sending areas.

(7) Upon the adoption of a plan amendment creating a rural land stewardship area, the local government shall, by ordinance, establish a rural land stewardship overlay zoning district, which shall provide the methodology for the creation, conveyance, and use of transferable rural land use credits, hereinafter referred to as stewardship credits, the assignment and application of which does not constitute a right to develop land or increase the density of land, except as provided by this section. The total amount of stewardship credits within the rural land stewardship area must enable the realization of the long-term vision and goals for the rural land stewardship area, which may take into consideration the anticipated effect of the proposed receiving areas. The estimated amount of receiving area shall be projected based on available data, and the development potential represented by the stewardship credits created within the rural land stewardship area must correlate to that amount.

(8) Stewardship credits are subject to the following limitations:

(a) Stewardship credits may exist only within a rural land stewardship area.

(b) Stewardship credits may be created only from lands designated as stewardship sending areas and may be used only on lands designated as stewardship receiving areas and then solely for the purpose of implementing innovative planning and development strategies and creative land use planning techniques adopted by the local government pursuant to this section.

(c) Stewardship credits assigned to a parcel of land within a rural land stewardship area shall cease to exist if the parcel of land is removed from the rural land stewardship area by plan amendment.

(d) Neither the creation of the rural land stewardship area by plan amendment nor the adoption of the rural land stewardship zoning overlay district by the local government may displace the underlying permitted uses or the density or intensity of land uses assigned to a parcel of land within the rural land stewardship area that existed before adoption of the plan amendment or zoning overlay district; however, once stewardship credits have been transferred from a designated sending area for use within a designated receiving area, the underlying density assigned to the designated sending area ceases to exist.

(e) The underlying permitted uses, density, or intensity on each parcel of land located within a rural land stewardship area may not be increased or decreased by the local government, except as a result of the conveyance or stewardship credits, as long as the parcel remains within the rural land stewardship area.

(f) Stewardship credits shall cease to exist on a parcel of land where the underlying density assigned to the parcel of land is used.

(g) An increase in the density or intensity of use on a parcel of land located within a designated receiving area may occur only through the assignment or use of stewardship credits and do not require a plan amendment. A change in the type of agricultural use on property within a rural land stewardship area is not considered a change in use or intensity of use and does not require any transfer of stewardship credits.

(h) A change in the density or intensity of land use on parcels located within receiving areas shall be specified in a development order that reflects the total number of stewardship credits assigned to the parcel of land and the infrastructure and support services necessary to provide for a functional mix of land uses corresponding to the plan of development.

(i) Land within a rural land stewardship area may be removed from the rural land stewardship area through a plan amendment.

(j) Stewardship credits may be assigned at different ratios of credits per acre according to the natural resource or other beneficial use characteristics of the land and according to the land use remaining after the transfer of credits, with the highest number of credits per acre assigned to the most environmentally valuable land or, in locations where the retention of open space and agricultural land is a priority, to such lands.

(k) Stewardship credits may be transferred from a sending area only after a stewardship easement is placed on the sending area land with assigned stewardship credits. A stewardship easement is a covenant or restrictive easement running with the land which specifies the allowable uses and development restrictions for the portion of a sending area from which stewardship credits have been transferred. The stewardship easement must be jointly held by the county and the Department of Environmental Protection, the Department of Agriculture and Consumer Services, a water management district, or a recognized statewide land trust.

(9) Owners of land within rural land stewardship sending areas should be provided other incentives, in addition to the use or conveyance of stewardship credits, to enter into rural land stewardship agreements, pursuant to existing law and rules adopted thereto, with state agencies, water management districts, the Fish and Wildlife Conservation Commission, and local governments to achieve mutually agreed upon objectives. Such incentives may include, but are not limited to, the following:

(a) Opportunity to accumulate transferable wetland and species habitat mitigation credits for use or sale.

(b) Extended permit agreements.

(c) Opportunities for recreational leases and ecotourism.

(d) Compensation for the achievement of specified land management activities of public benefit, including, but not limited to, facility siting and corridors, recreational leases, water conservation and storage, water reuse, wastewater recycling, water supply and water resource development, nutrient reduction, environmental restoration and mitigation, public recreation, listed species protection and recovery, and wildlife corridor management and enhancement.

(e) Option agreements for sale to public entities or private land conservation entities, in either fee or easement, upon achievement of specified conservation objectives.

(10) This section constitutes an overlay of land use options that provide economic and regulatory incentives for landowners outside of established and planned urban service areas to conserve and manage vast areas of land for the benefit of the state's citizens and natural environment while maintaining and enhancing the asset value of their landholdings. It is the intent of the Legislature that this section be implemented pursuant to law and rulemaking is not authorized.

(11) It is the intent of the Legislature that the rural land stewardship area located in Collier County, which was established pursuant to the requirements of a final order by the Governor and Cabinet, duly adopted as a growth management plan amendment by Collier County, and found in compliance with this chapter, be recognized as a statutory rural land stewardship area and be afforded the incentives in this section.

Section 33. Paragraph (a) of subsection (2) of section 163.360, Florida Statutes, is amended to read:

163.360 Community redevelopment plans.—

(2) The community redevelopment plan shall:

(a) Conform to the comprehensive plan for the county or municipality as prepared by the local planning agency under the *Community* ~~Local Government Comprehensive~~ Planning ~~and Land Development Regulation~~ Act.

Section 34. Paragraph (a) of subsection (3) and subsection (8) of section 163.516, Florida Statutes, are amended to read:

163.516 Safe neighborhood improvement plans.—

(3) The safe neighborhood improvement plan shall:

(a) Be consistent with the adopted comprehensive plan for the county or municipality pursuant to the *Community* ~~Local Government Comprehensive~~ Planning ~~and Land Development Regulation~~ Act. No district plan shall be implemented unless the local governing body has determined said plan is consistent.

(8) Pursuant to *s.* ~~ss.~~ 163.3184~~, 163.3187, and 163.3189~~, the governing body of a municipality or county shall hold two public hearings to consider the board-adopted safe neighborhood improvement plan as an amendment or modification to the municipality's or county's adopted local comprehensive plan.

Section 35. Paragraph (f) of subsection (6), subsection (9), and paragraph (c) of subsection (11) of section 171.203, Florida Statutes, are amended to read:

171.203 Interlocal service boundary agreement.—The governing body of a county and one or more municipalities or independent special districts within the county may enter into an interlocal service boundary agreement under this part. The governing bodies of a county, a municipality, or an independent special district may develop a process for reaching an interlocal service boundary agreement which provides for public participation in a manner that meets or exceeds the requirements of subsection (13), or the governing bodies may use the process established in this section.

(6) An interlocal service boundary agreement may address any issue concerning service delivery, fiscal responsibilities, or boundary adjustment. The agreement may include, but need not be limited to, provisions that:

(f) Establish a process for land use decisions consistent with part II of chapter 163, including those made jointly by the governing bodies of the county and the municipality, or allow a municipality to adopt land use changes consistent with part II of chapter 163 for areas that are scheduled to be annexed within the term of the interlocal agreement; however, the county comprehensive plan and land development regulations shall control until the municipality annexes the property and amends its comprehensive plan accordingly. ~~Comprehensive plan amendments to incorporate the process established by this paragraph are exempt from the twice per year limitation under s. 163.3187.~~

(9) Each local government that is a party to the interlocal service boundary agreement shall amend the intergovernmental coordination element of its comprehensive plan, as described in s. 163.3177(6)(h)1., no later than 6 months following entry of the interlocal service boundary agreement consistent with s. 163.3177(6)(h)1. ~~Plan amendments required by this subsection are exempt from the twice per year limitation under s. 163.3187.~~

(11)

~~(c) Any amendment required by paragraph (a) is exempt from the twice per year limitation under s. 163.3187.~~

Section 36. Section 186.513, Florida Statutes, is amended to read:

186.513 Reports.—Each regional planning council shall prepare and furnish an annual report on its activities to the state land planning agency as defined in s. 163.3164~~(20)~~ and the local general-purpose governments within its boundaries and, upon payment as may be established by the council, to any interested person. The regional planning councils shall make a joint report and recommendations to appropriate legislative committees.

Section 37. Section 186.515, Florida Statutes, is amended to read:

186.515 Creation of regional planning councils under chapter 163.—Nothing in ss. 186.501-186.507, 186.513, and 186.515 is intended to repeal or limit the provisions of chapter 163; however, the local general-purpose governments serving as voting members of the governing body of a regional planning council created pursuant to ss. 186.501-186.507, 186.513, and 186.515 are not authorized to create a regional planning council pursuant to chapter 163 unless an agency, other than a regional planning council created pursuant to ss. 186.501-186.507, 186.513, and 186.515, is designated to exercise the powers and duties in any one or more of ss. 163.3164~~(19)~~ and 380.031(15); in which case, such a regional planning council is also without authority to exercise the powers and duties in s. 163.3164~~(19)~~ or s. 380.031(15).

Section 38. Subsection (1) of section 189.415, Florida Statutes, is amended to read:

189.415 Special district public facilities report.—

(1) It is declared to be the policy of this state to foster coordination between special districts and local general-purpose governments as those local general-purpose governments develop comprehensive plans under the *Community* ~~Local Government Comprehensive~~ Planning ~~and Land Development Regulation~~ Act, pursuant to part II of chapter 163.

Section 39. Subsection (3) of section 190.004, Florida Statutes, is amended to read:

190.004 Preemption; sole authority.—

(3) The establishment of an independent community development district as provided in this act is not a development order within the meaning of chapter 380. All governmental planning, environmental, and land development laws, regulations, and ordinances apply to all development of the land within a community development district. Community development districts do not have the power of a local government to adopt a comprehensive plan, building code, or land development code, as those terms are defined in the *Community* ~~Local Government Comprehensive~~ Planning ~~and Land Development Regulation~~ Act. A district shall take no action which is inconsistent with applicable comprehensive plans, ordinances, or regulations of the applicable local general-purpose government.

Section 40. Paragraph (a) of subsection (1) of section 190.005, Florida Statutes, is amended to read:

190.005 Establishment of district.—

(1) The exclusive and uniform method for the establishment of a community development district with a size of 1,000 acres or more shall be pursuant to a rule, adopted under chapter 120 by the Florida Land and Water Adjudicatory Commission, granting a petition for the establishment of a community development district.

(a) A petition for the establishment of a community development district shall be filed by the petitioner with the Florida Land and Water Adjudicatory Commission. The petition shall contain:

1. A metes and bounds description of the external boundaries of the district. Any real property within the external boundaries of the district which is to be excluded from the district shall be specifically described, and the last known address of all owners of such real property shall be listed. The petition shall also address the impact of the proposed district on any real property within the external boundaries of the district which is to be excluded from the district.

2. The written consent to the establishment of the district by all landowners whose real property is to be included in the district or documentation demonstrating that the petitioner has control by deed, trust agreement, contract, or option of 100 percent of the real property to be included in the district, and when real property to be included in the district is owned by a governmental entity and subject to a ground lease as described in s. 190.003(14), the written consent by such governmental entity.

3. A designation of five persons to be the initial members of the board of supervisors, who shall serve in that office until replaced by elected members as provided in s. 190.006.

4. The proposed name of the district.

5. A map of the proposed district showing current major trunk water mains and sewer interceptors and outfalls if in existence.

6. Based upon available data, the proposed timetable for construction of the district services and the estimated cost of constructing the proposed services. These estimates shall be submitted in good faith but *are* ~~shall~~ not ~~be~~ binding and may be subject to change.

7. A designation of the future general distribution, location, and extent of public and private uses of land proposed for the area within the district by the future land use plan element of the effective local government comprehensive plan of which all mandatory elements have been adopted by the applicable general-purpose local government in compliance with the *Community* ~~Local Government Comprehensive~~ Planning ~~and Land Development Regulation~~ Act.

8. A statement of estimated regulatory costs in accordance with the requirements of s. 120.541.

Section 41. Paragraph (i) of subsection (6) of section 193.501, Florida Statutes, is amended to read:

193.501 Assessment of lands subject to a conservation easement, environmentally endangered lands, or lands used for outdoor recreational or park purposes when land development rights have been conveyed or conservation restrictions have been covenanted.—

(6) The following terms whenever used as referred to in this section have the following meanings unless a different meaning is clearly indicated by the context:

(i) "Qualified as environmentally endangered" means land that has unique ecological characteristics, rare or limited combinations of geological formations, or features of a rare or limited nature constituting habitat suitable for fish, plants, or wildlife, and which, if subject to a development moratorium or one or more conservation easements or development restrictions appropriate to retaining such land or water areas predominantly in their natural state, would be consistent with the conservation, recreation and open space, and, if applicable, coastal protection elements of the comprehensive plan adopted by formal action of the local governing body pursuant to s. 163.3161, the *Community* ~~Local Government Comprehensive~~ Planning ~~and Land Development Regulation~~ Act; or surface waters and wetlands, as determined by the methodology ratified in s. 373.4211.

Section 42. Subsection (15) of section 287.042, Florida Statutes, is amended to read:

287.042 Powers, duties, and functions.—The department shall have the following powers, duties, and functions:

(15) To enter into joint agreements with governmental agencies, as defined in s. 163.3164~~(10)~~, for the purpose of pooling funds for the purchase of commodities or information technology that can be used by multiple agencies.

(a) Each agency that has been appropriated or has existing funds for such purchase, shall, upon contract award by the department, transfer their portion of the funds into the department's Operating Trust Fund for payment by the department. The funds shall be transferred by the Executive Office of the Governor pursuant to the agency budget amendment request provisions in chapter 216.

(b) Agencies that sign the joint agreements are financially obligated for their portion of the agreed-upon funds. If an agency becomes more than 90 days delinquent in paying the funds, the department shall certify to the Chief Financial Officer the amount due, and the Chief Financial Officer shall transfer the amount due to the Operating Trust Fund of the department from any of the agency's available funds. The Chief Financial Officer shall report these transfers and the reasons for the transfers to the Executive Office of the Governor and the legislative appropriations committees.

Section 43. Subsection (4) of section 288.063, Florida Statutes, is amended to read:

288.063 Contracts for transportation projects.—

(4) The Office of Tourism, Trade, and Economic Development may adopt criteria by which transportation projects are to be reviewed and certified in accordance with s. 288.061. In approving transportation projects for funding, the Office of Tourism, Trade, and Economic Development shall consider factors including, but not limited to, the cost per job created or retained considering the amount of transportation funds requested; the average hourly rate of wages for jobs created; the reliance on the program as an inducement for the project's location decision; the amount of capital investment to be made by the business; the demonstrated local commitment; the location of the project in an enterprise zone designated pursuant to s. 290.0055; the location of the project in a spaceport territory as defined in s. 331.304; the unemployment rate of the surrounding area; *and* the poverty rate of the community~~; and the adoption of an economic element as part of its local comprehensive plan in accordance with s. 163.3177(7)(j)~~. The Office of Tourism, Trade, and Economic Development may contact any agency it deems appropriate for additional input regarding the approval of projects.

Section 44. Paragraph (a) of subsection (2), subsection (10), and paragraph (d) of subsection (12) of section 288.975, Florida Statutes, are amended to read:

288.975 Military base reuse plans.—

(2) As used in this section, the term:

(a) "Affected local government" means a local government adjoining the host local government and any other unit of local government that is not a host local government but that is identified in a proposed military base reuse plan as providing, operating, or maintaining one or more public facilities as defined in s. 163.3164~~(24)~~ on lands within or serving a military base designated for closure by the Federal Government.

(10) Within 60 days after receipt of a proposed military base reuse plan, these entities shall review and provide comments to the host local government. The commencement of this review period shall be advertised in newspapers of general circulation within the host local government and any affected local government to allow for public comment. No later than 180 days after receipt and consideration of all comments, and the holding of at least two public hearings, the host local government shall adopt the military base reuse plan. The host local government shall comply with the notice requirements set forth in s. 163.3184*(11)*~~(15)~~ to ensure full public participation in this planning process.

(12) Following receipt of a petition, the petitioning party or parties and the host local government shall seek resolution of the issues in dispute. The issues in dispute shall be resolved as follows:

(d) Within 45 days after receiving the report from the state land planning agency, the Administration Commission shall take action to resolve the issues in dispute. In deciding upon a proper resolution, the Administration Commission shall consider the nature of the issues in dispute, any requests for a formal administrative hearing pursuant to chapter 120, the compliance of the parties with this section, the extent of the conflict between the parties, the comparative hardships and the public interest involved. If the Administration Commission incorporates in its final order a term or condition that requires any local government to amend its local government comprehensive plan, the local government shall amend its plan within 60 days after the issuance of the order. ~~Such amendment or amendments shall be exempt from the limitation of the frequency of plan amendments contained in s. 163.3187(1), and~~ A public hearing on such amendment or amendments pursuant to s. 163.3184*(11)*~~(15)~~(b)1. *is* ~~shall~~ not ~~be~~ required. The final order of the Administration Commission is subject to appeal pursuant to s. 120.68. If the order of the Administration Commission is appealed, the time for the local government to amend its plan shall be tolled during the pendency of any local, state, or federal administrative or judicial proceeding relating to the military base reuse plan.

Section 45. Subsection (4) of section 290.0475, Florida Statutes, is amended to read:

290.0475 Rejection of grant applications; penalties for failure to meet application conditions.—Applications received for funding under all program categories shall be rejected without scoring only in the event that any of the following circumstances arise:

(4) The application is not consistent with the local government's comprehensive plan adopted pursuant to s. 163.3184~~(7)~~.

Section 46. Paragraph (c) of subsection (3) of section 311.07, Florida Statutes, is amended to read:

311.07 Florida seaport transportation and economic development funding.—

(3)

(c) To be eligible for consideration by the council pursuant to this section, a project must be consistent with the port comprehensive master plan which is incorporated as part of the approved local government comprehensive plan as required by s. 163.3178(2)(k) or other provisions of the *Community* ~~Local Government Comprehensive~~ Planning ~~and Land Development Regulation~~ Act, part II of chapter 163.

Section 47. Subsection (1) of section 331.319, Florida Statutes, is amended to read:

331.319 Comprehensive planning; building and safety codes.—The board of directors may:

(1) Adopt, and from time to time review, amend, supplement, or repeal, a comprehensive general plan for the physical development of the area within the spaceport territory in accordance with the objectives and purposes of this act and consistent with the comprehensive plans of the applicable county or counties and municipality or municipalities adopted pursuant to the *Community* ~~Local Government Comprehensive~~ Planning ~~and Land Development Regulation~~ Act, part II of chapter 163.

Section 48. Paragraph (e) of subsection (5) of section 339.155, Florida Statutes, is amended to read:

339.155 Transportation planning.—

(5) ADDITIONAL TRANSPORTATION PLANS.—

(e) The regional transportation plan developed pursuant to this section must, at a minimum, identify regionally significant transportation facilities located within a regional transportation area and contain a prioritized list of regionally significant projects. ~~The level-of-service standards for facilities to be funded under this subsection shall be adopted by the appropriate local government in accordance with s. 163.3180(10).~~ The projects shall be adopted into the capital improvements schedule of the local government comprehensive plan pursuant to s. 163.3177(3).

Section 49. Paragraph (a) of subsection (4) of section 339.2819, Florida Statutes, is amended to read:

339.2819 Transportation Regional Incentive Program.—

(4)(a) Projects to be funded with Transportation Regional Incentive Program funds shall, at a minimum:

1. Support those transportation facilities that serve national, statewide, or regional functions and function as an integrated regional transportation system.

2. Be identified in the capital improvements element of a comprehensive plan that has been determined to be in compliance with part II of chapter 163, after July 1, 2005~~, or to implement a long-term concurrency management system adopted by a local government in accordance with s. 163.3180(9)~~. Further, the project shall be in compliance with local government comprehensive plan policies relative to corridor management.

3. Be consistent with the Strategic Intermodal System Plan developed under s. 339.64.

4. Have a commitment for local, regional, or private financial matching funds as a percentage of the overall project cost.

Section 50. Subsection (5) of section 369.303, Florida Statutes, is amended to read:

369.303 Definitions.—As used in this part:

(5) "Land development regulation" means a regulation covered by the definition in s. 163.3164~~(23)~~ and any of the types of regulations described in s. 163.3202.

Section 51. Subsections (5) and (7) of section 369.321, Florida Statutes, are amended to read:

369.321 Comprehensive plan amendments.—Except as otherwise expressly provided, by January 1, 2006, each local government within the Wekiva Study Area shall amend its local government comprehensive plan to include the following:

(5) Comprehensive plans and comprehensive plan amendments adopted by the local governments to implement this section shall be reviewed by the Department of Community Affairs pursuant to s. 163.3184~~, and shall be exempt from the provisions of s. 163.3187(1)~~.

(7) During the period prior to the adoption of the comprehensive plan amendments required by this act, any local comprehensive plan amendment adopted by a city or county that applies to land located within the Wekiva Study Area shall protect surface and groundwater resources and be reviewed by the Department of Community Affairs~~, pursuant to chapter 163 and chapter 9J-5, Florida Administrative Code,~~ using best available data, including the information presented to the Wekiva River Basin Coordinating Committee.

Section 52. Subsection (1) of section 378.021, Florida Statutes, is amended to read:

378.021 Master reclamation plan.—

(1) The Department of Environmental Protection shall amend the master reclamation plan that provides guidelines for the reclamation of lands mined or disturbed by the severance of phosphate rock prior to July 1, 1975, which lands are not subject to mandatory reclamation under part II of chapter 211. In amending the master reclamation plan, the Department of Environmental Protection shall continue to conduct an onsite evaluation of all lands mined or disturbed by the severance of phosphate rock prior to July 1, 1975, which lands are not subject to mandatory reclamation under part II of chapter 211. The master reclamation plan when amended by the Department of Environmental Protection shall be consistent with local government plans prepared pursuant to the *Community* ~~Local Government Comprehensive~~ Planning ~~and Land Development Regulation~~ Act.

Section 53. Subsection (10) of section 380.031, Florida Statutes, is amended to read:

380.031 Definitions.—As used in this chapter:

(10) "Local comprehensive plan" means any or all local comprehensive plans or elements or portions thereof prepared, adopted, or amended pursuant to the *Community* ~~Local Government Comprehensive~~ Planning ~~and Land Development Regulation~~ Act, as amended.

Section 54. Paragraph (d) of subsection (2), paragraph (b) of subsection (6), paragraph (g) of subsection (15), paragraphs (b), (c), (e), and (f) of subsection (19), subsection (24), paragraph (e) of subsection (28), and paragraphs (a), (d), and (e) of subsection (29) of section 380.06, Florida Statutes, are amended to read:

(2) STATEWIDE GUIDELINES AND STANDARDS.—

(d) The guidelines and standards shall be applied as follows:

1. Fixed thresholds.—

a. A development that is below 100 percent of all numerical thresholds in the guidelines and standards shall not be required to undergo development-of-regional-impact review.

b. A development that is at or above 120 percent of any numerical threshold shall be required to undergo development-of-regional-impact review.

c. Projects certified under s. 403.973 which create at least 100 jobs and meet the criteria of the Office of Tourism, Trade, and Economic Development as to their impact on an area's economy, employment, and prevailing wage and skill levels that are at or below 100 percent of the numerical thresholds for industrial plants, industrial parks, distribution, warehousing or wholesaling facilities, office development or multiuse projects other than residential, as described in s. 380.0651(3)(c), ~~(d),~~ and *(f)*~~(h),~~ are not required to undergo development-of-regional-impact review.

2. Rebuttable presumption.—It shall be presumed that a development that is at 100 percent or between 100 and 120 percent of a numerical threshold shall be required to undergo development-of-regional-impact review.

(6) APPLICATION FOR APPROVAL OF DEVELOPMENT; CONCURRENT PLAN AMENDMENTS.—

(b) Any local government comprehensive plan amendments related to a proposed development of regional impact, including any changes proposed under subsection (19), may be initiated by a local planning agency or the developer and must be considered by the local governing body at the same time as the application for development approval using the procedures provided for local plan amendment in s. 163.3187 ~~or s. 163.3189~~ and applicable local ordinances, without regard to ~~statutory or~~ local ~~ordinance~~ limits on the frequency of consideration of amendments to the local comprehensive plan. ~~Nothing in~~ This paragraph *does not* ~~shall be deemed to~~ require favorable consideration of a plan amendment solely because it is related to a development of regional impact. The procedure for processing such comprehensive plan amendments is as follows:

1. If a developer seeks a comprehensive plan amendment related to a development of regional impact, the developer must so notify in writing the regional planning agency, the applicable local government, and the state land planning agency no later than the date of preapplication conference or the submission of the proposed change under subsection (19).

2. When filing the application for development approval or the proposed change, the developer must include a written request for comprehensive plan amendments that would be necessitated by the development-of-regional-impact approvals sought. That request must include data and analysis upon which the applicable local government can determine whether to transmit the comprehensive plan amendment pursuant to s. 163.3184.

3. The local government must advertise a public hearing on the transmittal within 30 days after filing the application for development approval or the proposed change and must make a determination on the transmittal within 60 days after the initial filing unless that time is extended by the developer.

4. If the local government approves the transmittal, procedures set forth in s. 163.3184*(4)(b)-(d)*~~(3)-(6)~~ must be followed.

5. Notwithstanding subsection (11) or subsection (19), the local government may not hold a public hearing on the application for development approval or the proposed change or on the comprehensive plan amendments sooner than 30 days from receipt of the response from the state land planning agency pursuant to s. 163.3184*(4)(d)*~~(6)~~. ~~The 60-day time period for local governments to adopt, adopt with changes, or not adopt plan amendments pursuant to s. 163.3184(7) shall not apply to concurrent plan amendments provided for in this subsection.~~

6. The local government must hear both the application for development approval or the proposed change and the comprehensive plan amendments at the same hearing. However, the local government must take action separately on the application for development approval or the proposed change and on the comprehensive plan amendments.

7. Thereafter, the appeal process for the local government development order must follow the provisions of s. 380.07, and the compliance process for the comprehensive plan amendments must follow the provisions of s. 163.3184.

(15) LOCAL GOVERNMENT DEVELOPMENT ORDER.—

(g) A local government shall not issue permits for development subsequent to the buildout date contained in the development order unless:

1. The proposed development has been evaluated cumulatively with existing development under the substantial deviation provisions of subsection (19) subsequent to the termination or expiration date;

2. The proposed development is consistent with an abandonment of development order that has been issued in accordance with the provisions of subsection (26);

3. The development of regional impact is essentially built out, in that all the mitigation requirements in the development order have been satisfied, all developers are in compliance with all applicable terms and conditions of the development order except the buildout date, and the amount of proposed development that remains to be built is less than *40* ~~20~~ percent of any applicable development-of-regional-impact threshold; or

4. The project has been determined to be an essentially built-out development of regional impact through an agreement executed by the developer, the state land planning agency, and the local government, in accordance with s. 380.032, which will establish the terms and conditions under which the development may be continued. If the project is determined to be essentially built out, development may proceed pursuant to the s. 380.032 agreement after the termination or expiration date contained in the development order without further development-of-regional-impact review subject to the local government comprehensive plan and land development regulations or subject to a modified development-of-regional-impact analysis. As used in this paragraph, an "essentially built-out" development of regional impact means:

a. The developers are in compliance with all applicable terms and conditions of the development order except the buildout date; and

b.(I) The amount of development that remains to be built is less than the substantial deviation threshold specified in paragraph (19)(b) for each individual land use category, or, for a multiuse development, the sum total of all unbuilt land uses as a percentage of the applicable substantial deviation threshold is equal to or less than 100 percent; or

(II) The state land planning agency and the local government have agreed in writing that the amount of development to be built does not create the likelihood of any additional regional impact not previously reviewed.

The single-family residential portions of a development may be considered "essentially built out" if all of the workforce housing obligations and all of the infrastructure and horizontal development have been completed, at least 50 percent of the dwelling units have been completed, and more than 80 percent of the lots have been conveyed to third-party individual lot owners or to individual builders who own no more than 40 lots at the time of the determination. The mobile home park portions of a development may be considered "essentially built out" if all the infrastructure and horizontal development has been completed, and at least 50 percent of the lots are leased to individual mobile home owners.

(19) SUBSTANTIAL DEVIATIONS.—

(b) Any proposed change to a previously approved development of regional impact or development order condition which, either individually or cumulatively with other changes, exceeds any of the following criteria shall constitute a substantial deviation and shall cause the development to be subject to further development-of-regional-impact review without the necessity for a finding of same by the local government:

1. An increase in the number of parking spaces at an attraction or recreational facility by *15* ~~10~~ percent or *500* ~~330~~ spaces, whichever is greater, or an increase in the number of spectators that may be accommodated at such a facility by *15* ~~10~~ percent or *1,500* ~~1,100~~ spectators, whichever is greater.

2. A new runway, a new terminal facility, a 25-percent lengthening of an existing runway, or a 25-percent increase in the number of gates of an existing terminal, but only if the increase adds at least three additional gates.

~~3. An increase in industrial development area by 10 percent or 35 acres, whichever is greater.~~

~~4. An increase in the average annual acreage mined by 10 percent or 11 acres, whichever is greater, or an increase in the average daily water consumption by a mining operation by 10 percent or 330,000 gallons, whichever is greater. A net increase in the size of the mine by 10 percent or 825 acres, whichever is less. For purposes of calculating any net increases in size, only additions and deletions of lands that have not been mined shall be considered. An increase in the size of a heavy mineral mine as defined in s. 378.403(7) will only constitute a substantial deviation if the average annual acreage mined is more than 550 acres and consumes more than 3.3 million gallons of water per day.~~

3.~~5.~~ An increase in land area for office development by *15* ~~10~~ percent or an increase of gross floor area of office development by *15* ~~10~~ percent or *100,000* ~~66,000~~ gross square feet, whichever is greater.

4.~~6.~~ An increase in the number of dwelling units by 10 percent or 55 dwelling units, whichever is greater.

5.~~7.~~ An increase in the number of dwelling units by 50 percent or 200 units, whichever is greater, provided that 15 percent of the proposed additional dwelling units are dedicated to affordable workforce housing, subject to a recorded land use restriction that shall be for a period of not less than 20 years and that includes resale provisions to ensure long-term affordability for income-eligible homeowners and renters and provisions for the workforce housing to be commenced prior to the completion of 50 percent of the market rate dwelling. For purposes of this subparagraph, the term "affordable workforce housing" means housing that is affordable to a person who earns less than 120 percent of the area median income, or less than 140 percent of the area median income if located in a county in which the median purchase price for a single-family existing home exceeds the statewide median purchase price of a single-family existing home. For purposes of this subparagraph, the term "statewide median purchase price of a single-family existing home" means the statewide purchase price as determined in the Florida Sales Report, Single-Family Existing Homes, released each January by the Florida Association of Realtors and the University of Florida Real Estate Research Center.

6.~~8.~~ An increase in commercial development by *60,000* ~~55,000~~ square feet of gross floor area or of parking spaces provided for customers for *425* ~~330~~ cars or a 10-percent increase ~~of either of these~~, whichever is greater.

~~9. An increase in hotel or motel rooms by 10 percent or 83 rooms, whichever is greater.~~

7.~~10.~~ An increase in a recreational vehicle park area by 10 percent or 110 vehicle spaces, whichever is less.

8.~~11.~~ A decrease in the area set aside for open space of 5 percent or 20 acres, whichever is less.

9.~~12.~~ A proposed increase to an approved multiuse development of regional impact where the sum of the increases of each land use as a percentage of the applicable substantial deviation criteria is equal to or exceeds 110 percent. The percentage of any decrease in the amount of open space shall be treated as an increase for purposes of determining when 110 percent has been reached or exceeded.

10.~~13.~~ A 15-percent increase in the number of external vehicle trips generated by the development above that which was projected during the original development-of-regional-impact review.

11.~~14.~~ Any change which would result in development of any area which was specifically set aside in the application for development approval or in the development order for preservation or special protection of endangered or threatened plants or animals designated as endangered, threatened, or species of special concern and their habitat, any species protected by 16 U.S.C. ss. 668a-668d, primary dunes, or archaeological and historical sites designated as significant by the Division of Historical Resources of the Department of State. The refinement of the boundaries and configuration of such areas shall be considered under sub-subparagraph (e)2.j.

The substantial deviation numerical standards in subparagraphs 3., *6., and* ~~5., 8.,~~ 9.~~, and 12.~~, excluding residential uses, and in subparagraph *10.* ~~13.~~, are increased by 100 percent for a project certified under s. 403.973 which creates jobs and meets criteria established by the Office of Tourism, Trade, and Economic Development as to its impact on an area's economy, employment, and prevailing wage and skill levels. The substantial deviation numerical standards in subparagraphs 3., *4.* 5., 6., ~~7., 8.,~~ 9., ~~12.,~~ and *10.* ~~13.~~ are increased by 50 percent for a project located wholly within an urban infill and redevelopment area designated on the applicable adopted local comprehensive plan future land use map and not located within the coastal high hazard area.

(c) An extension of the date of buildout of a development, or any phase thereof, by more than 7 years is presumed to create a substantial deviation subject to further development-of-regional-impact review.

1. An extension of the date of buildout, or any phase thereof, of more than 5 years but not more than 7 years is presumed not to create a substantial deviation. The extension of the date of buildout of an area-wide development of regional impact by more than 5 years but less than 10 years is presumed not to create a substantial deviation. These presumptions may be rebutted by clear and convincing evidence at the public hearing held by the local government. An extension of 5 years or less is not a substantial deviation.

2. In recognition of the 2011 real estate market conditions, at the option of the developer, all commencement, phase, buildout, and expiration dates for projects that are currently valid developments of regional impact are extended for 4 years regardless of any previous extension. Associated mitigation requirements are extended for the same period unless, before December 1, 2011, a governmental entity notifies a developer that has commenced any construction within the phase for which the mitigation is required that the local government has entered into a contract for construction of a facility with funds to be provided from the development's mitigation funds for that phase as specified in the development order or written agreement with the developer. The 4-year extension is not a substantial deviation, is not subject to further development-of-regional-impact review, and may not be considered when determining whether a subsequent extension is a substantial deviation under this subsection. The developer must notify the local government in writing by December 31, 2011, in order to receive the 4-year extension.

For the purpose of calculating when a buildout or phase date has been exceeded, the time shall be tolled during the pendency of administrative or judicial proceedings relating to development permits. Any extension of the buildout date of a project or a phase thereof shall automatically extend the commencement date of the project, the termination date of the development order, the expiration date of the development of regional impact, and the phases thereof if applicable by a like period of time. ~~In recognition of the 2007 real estate market conditions, all phase, buildout, and expiration dates for projects that are developments of regional impact and under active construction on July 1, 2007, are extended for 3 years regardless of any prior extension. The 3 year extension is not a substantial deviation, is not subject to further development of regional impact review, and may not be considered when determining whether a subsequent extension is a substantial deviation under this subsection.~~

(e)1. Except for a development order rendered pursuant to subsection (22) or subsection (25), a proposed change to a development order that individually or cumulatively with any previous change is less than any numerical criterion contained in subparagraphs (b)*1.-10.*~~1. 13.~~ and does not exceed any other criterion, or that involves an extension of the buildout date of a development, or any phase thereof, of less than 5 years is not subject to the public hearing requirements of subparagraph (f)3., and is not subject to a determination pursuant to subparagraph (f)5. Notice of the proposed change shall be made to the regional planning council and the state land planning agency. Such notice shall include a description of previous individual changes made to the development, including changes previously approved by the local government, and shall include appropriate amendments to the development order.

2. The following changes, individually or cumulatively with any previous changes, are not substantial deviations:

a. Changes in the name of the project, developer, owner, or monitoring official.

b. Changes to a setback that do not affect noise buffers, environmental protection or mitigation areas, or archaeological or historical resources.

c. Changes to minimum lot sizes.

d. Changes in the configuration of internal roads that do not affect external access points.

e. Changes to the building design or orientation that stay approximately within the approved area designated for such building and parking lot, and which do not affect historical buildings designated as significant by the Division of Historical Resources of the Department of State.

f. Changes to increase the acreage in the development, provided that no development is proposed on the acreage to be added.

g. Changes to eliminate an approved land use, provided that there are no additional regional impacts.

h. Changes required to conform to permits approved by any federal, state, or regional permitting agency, provided that these changes do not create additional regional impacts.

i. Any renovation or redevelopment of development within a previously approved development of regional impact which does not change land use or increase density or intensity of use.

j. Changes that modify boundaries and configuration of areas described in subparagraph (b)*11.*~~14.~~ due to science-based refinement of such areas by survey, by habitat evaluation, by other recognized assessment methodology, or by an environmental assessment. In order for changes to qualify under this sub-subparagraph, the survey, habitat evaluation, or assessment must occur prior to the time a conservation easement protecting such lands is recorded and must not result in any net decrease in the total acreage of the lands specifically set aside for permanent preservation in the final development order.

k. Any other change which the state land planning agency, in consultation with the regional planning council, agrees in writing is similar in nature, impact, or character to the changes enumerated in sub-subparagraphs a.-j. and which does not create the likelihood of any additional regional impact.

This subsection does not require the filing of a notice of proposed change but shall require an application to the local government to amend the development order in accordance with the local government's procedures for amendment of a development order. In accordance with the local government's procedures, including requirements for notice to the applicant and the public, the local government shall either deny the application for amendment or adopt an amendment to the development order which approves the application with or without conditions. Following adoption, the local government shall render to the state land planning agency the amendment to the development order. The state land planning agency may appeal, pursuant to s. 380.07(3), the amendment to the development order if the amendment involves sub-subparagraph g., sub-subparagraph h., sub-subparagraph j., or sub-subparagraph k., and it believes the change creates a reasonable likelihood of new or additional regional impacts.

3. Except for the change authorized by sub-subparagraph 2.f., any addition of land not previously reviewed or any change not specified in paragraph (b) or paragraph (c) shall be presumed to create a substantial deviation. This presumption may be rebutted by clear and convincing evidence.

4. Any submittal of a proposed change to a previously approved development shall include a description of individual changes previously made to the development, including changes previously approved by the local government. The local government shall consider the previous and current proposed changes in deciding whether such changes cumulatively constitute a substantial deviation requiring further development-of-regional-impact review.

5. The following changes to an approved development of regional impact shall be presumed to create a substantial deviation. Such presumption may be rebutted by clear and convincing evidence.

a. A change proposed for 15 percent or more of the acreage to a land use not previously approved in the development order. Changes of less than 15 percent shall be presumed not to create a substantial deviation.

b. Notwithstanding any provision of paragraph (b) to the contrary, a proposed change consisting of simultaneous increases and decreases of at least two of the uses within an authorized multiuse development of regional impact which was originally approved with three or more uses specified in s. 380.0651(3)(c), (d), *and* (e)~~, and (f)~~ and residential use.

6. If a local government agrees to a proposed change, a change in the transportation proportionate share calculation and mitigation plan in an adopted development order as a result of recalculation of the proportionate share contribution meeting the requirements of s. 163.3180(5)(h) in effect as of the date of such change shall be presumed not to create a substantial deviation. For purposes of this subsection, the proposed change in the proportionate share calculation or mitigation plan shall not be considered an additional regional transportation impact.

(f)1. The state land planning agency shall establish by rule standard forms for submittal of proposed changes to a previously approved development of regional impact which may require further development-of-regional-impact review. At a minimum, the standard form shall require the developer to provide the precise language that the developer proposes to delete or add as an amendment to the development order.

2. The developer shall submit, simultaneously, to the local government, the regional planning agency, and the state land planning agency the request for approval of a proposed change.

3. No sooner than 30 days but no later than 45 days after submittal by the developer to the local government, the state land planning agency, and the appropriate regional planning agency, the local government shall give 15 days' notice and schedule a public hearing to consider the change that the developer asserts does not create a substantial deviation. This public hearing shall be held within 60 days after submittal of the proposed changes, unless that time is extended by the developer.

4. The appropriate regional planning agency or the state land planning agency shall review the proposed change and, no later than 45 days after submittal by the developer of the proposed change, unless that time is extended by the developer, and prior to the public hearing at which the proposed change is to be considered, shall advise the local government in writing whether it objects to the proposed change, shall specify the reasons for its objection, if any, and shall provide a copy to the developer.

5. At the public hearing, the local government shall determine whether the proposed change requires further development-of-regional-impact review. The provisions of paragraphs (a) and (e), the thresholds set forth in paragraph (b), and the presumptions set forth in paragraphs (c) and (d) and subparagraph (e)3. shall be applicable in determining whether further development-of-regional-impact review is required. *The local government may also deny the proposed change based on matters relating to local issues, such as if the land on which the change is sought is plat restricted in a way that would be incompatible with the proposed change, and the local government does not wish to change the plat restriction as part of the proposed change.*

6. If the local government determines that the proposed change does not require further development-of-regional-impact review and is otherwise approved, or if the proposed change is not subject to a hearing and determination pursuant to subparagraphs 3. and 5. and is otherwise approved, the local government shall issue an amendment to the development order incorporating the approved change and conditions of approval relating to the change. The requirement that a change be otherwise approved shall not be construed to require additional local review or approval if the change is allowed by applicable local ordinances without further local review or approval. The decision of the local government to approve, with or without conditions, or to deny the proposed change that the developer asserts does not require further review shall be subject to the appeal provisions of s. 380.07. However, the state land planning agency may not appeal the local government decision if it did not comply with subparagraph 4. The state land planning agency may not appeal a change to a development order made pursuant to subparagraph (e)1. or subparagraph (e)2. for developments of regional impact approved after January 1, 1980, unless the change would result in a significant impact to a regionally significant archaeological, historical, or

natural resource not previously identified in the original development-of-regional-impact review.

(24) STATUTORY EXEMPTIONS.—

(a) Any proposed hospital is exempt from ~~the provisions of~~ this section.

(b) Any proposed electrical transmission line or electrical power plant is exempt from ~~the provisions of~~ this section.

(c) Any proposed addition to an existing sports facility complex is exempt from ~~the provisions of~~ this section if the addition meets the following characteristics:

1. It would not operate concurrently with the scheduled hours of operation of the existing facility.

2. Its seating capacity would be no more than 75 percent of the capacity of the existing facility.

3. The sports facility complex property is owned by a public body prior to July 1, 1983.

This exemption does not apply to any pari-mutuel facility.

(d) Any proposed addition or cumulative additions subsequent to July 1, 1988, to an existing sports facility complex owned by a state university is exempt if the increased seating capacity of the complex is no more than 30 percent of the capacity of the existing facility.

(e) Any addition of permanent seats or parking spaces for an existing sports facility located on property owned by a public body prior to July 1, 1973, is exempt from ~~the provisions of~~ this section if future additions do not expand existing permanent seating or parking capacity more than 15 percent annually in excess of the prior year's capacity.

(f) Any increase in the seating capacity of an existing sports facility having a permanent seating capacity of at least 50,000 spectators is exempt from ~~the provisions of~~ this section, provided that such an increase does not increase permanent seating capacity by more than 5 percent per year and not to exceed a total of 10 percent in any 5-year period, and provided that the sports facility notifies the appropriate local government within which the facility is located of the increase at least 6 months prior to the initial use of the increased seating, in order to permit the appropriate local government to develop a traffic management plan for the traffic generated by the increase. Any traffic management plan shall be consistent with the local comprehensive plan, the regional policy plan, and the state comprehensive plan.

(g) Any expansion in the permanent seating capacity or additional improved parking facilities of an existing sports facility is exempt from ~~the provisions of~~ this section, if the following conditions exist:

1.a. The sports facility had a permanent seating capacity on January 1, 1991, of at least 41,000 spectator seats;

b. The sum of such expansions in permanent seating capacity does not exceed a total of 10 percent in any 5-year period and does not exceed a cumulative total of 20 percent for any such expansions; or

c. The increase in additional improved parking facilities is a one-time addition and does not exceed 3,500 parking spaces serving the sports facility; and

2. The local government having jurisdiction of the sports facility includes in the development order or development permit approving such expansion under this paragraph a finding of fact that the proposed expansion is consistent with the transportation, water, sewer and stormwater drainage provisions of the approved local comprehensive plan and local land development regulations relating to those provisions.

Any owner or developer who intends to rely on this statutory exemption shall provide to the department a copy of the local government application for a development permit. Within 45 days of receipt of the application, the department shall render to the local government an advisory and nonbinding opinion, in writing, stating whether, in the department's opinion, the prescribed conditions exist for an exemption under this paragraph. The local government shall render the development order approving each such expansion to the department. The owner, developer, or department may appeal the local government development order pursuant to s. 380.07, within 45 days after the order is rendered. The scope of review shall be limited to the determination of whether the conditions prescribed in this paragraph exist. If any sports facility expansion undergoes development-of-regional-impact review, all previous expansions which were exempt under this paragraph shall be included in the development-of-regional-impact review.

(h) Expansion to port harbors, spoil disposal sites, navigation channels, turning basins, harbor berths, and other related inwater harbor facilities of ports listed in s. 403.021(9)(b), port transportation facilities and projects listed in s. 311.07(3)(b), and intermodal transportation facilities identified pursuant to s. 311.09(3) are exempt from ~~the provisions of~~ this section when such expansions, projects, or facilities are consistent with comprehensive master plans that are in compliance with ~~the provisions of~~ s. 163.3178.

(i) Any proposed facility for the storage of any petroleum product or any expansion of an existing facility is exempt from ~~the provisions of~~ this section.

(j) Any renovation or redevelopment within the same land parcel which does not change land use or increase density or intensity of use.

(k) Waterport and marina development, including dry storage facilities, are exempt from ~~the provisions of~~ this section.

(l) Any proposed development within an urban service boundary established under s. 163.3177(14), which is not otherwise exempt pursuant to subsection (29), is exempt from ~~the provisions of~~ this section if the local government having jurisdiction over the area where the development is proposed has adopted the urban service boundary, has entered into a binding agreement with jurisdictions that would be impacted and with the Department of Transportation regarding the mitigation of impacts on state and regional transportation facilities~~, and has adopted a proportionate share methodology pursuant to s. 163.3180(16)~~.

(m) Any proposed development within a rural land stewardship area created under s. *163.3248* ~~163.3177(11)(d) is exempt from the provisions of this section if the local government that has adopted the rural land stewardship area has entered into a binding agreement with jurisdictions that would be impacted and the Department of Transportation regarding the mitigation of impacts on state and regional transportation facilities, and has adopted a proportionate share methodology pursuant to s. 163.3180(16)~~.

(n) The establishment, relocation, or expansion of any military installation as defined in s. 163.3175, is exempt from this section.

(o) Any self-storage warehousing that does not allow retail or other services is exempt from this section.

(p) Any proposed nursing home or assisted living facility is exempt from this section.

(q) Any development identified in an airport master plan and adopted into the comprehensive plan pursuant to s. 163.3177(6)(k) is exempt from this section.

(r) Any development identified in a campus master plan and adopted pursuant to s. 1013.30 is exempt from this section.

(s) Any development in a *detailed* specific area plan which is prepared *and adopted* pursuant to s. 163.3245 ~~and adopted into the comprehensive plan~~ is exempt from this section.

(t) Any proposed solid mineral mine and any proposed addition to, expansion of, or change to an existing solid mineral mine is exempt from this section. A mine owner will enter into a binding agreement with the Department of Transportation to mitigate impacts to strategic intermodal system facilities pursuant to the transportation thresholds in 380.06(19) or rule 9J-2.045(6), Florida Administrative Code. Proposed changes to any previously approved solid mineral mine development-of-regional-impact development orders having vested rights is not subject to further review or approval as a development-of-regional-impact or notice-of-proposed-change review or approval pursuant to subsection (19), except for those applications pending as of July 1, 2011, which shall be governed by s. 380.115(2). Notwithstanding the foregoing, however, pursuant to s.

380.115(1), previously approved solid mineral mine development-of-regional-impact development orders shall continue to enjoy vested rights and continue to be effective unless rescinded by the developer. All local government regulations of proposed solid mineral mines shall be applicable to any new solid mineral mine or to any proposed addition to, expansion of, or change to an existing solid mineral mine.

(u) Notwithstanding any provisions in an agreement with or among a local government, regional agency, or the state land planning agency or in a local government's comprehensive plan to the contrary, a project no longer subject to development-of-regional-impact review under revised thresholds is not required to undergo such review.

(v)~~(t)~~ Any development within a county with a research and education authority created by special act and that is also within a research and development park that is operated or managed by a research and development authority pursuant to part V of chapter 159 is exempt from this section.

If a use is exempt from review as a development of regional impact under paragraphs *(a)-(u)* ~~(a)-(s)~~, but will be part of a larger project that is subject to review as a development of regional impact, the impact of the exempt use must be included in the review of the larger project, unless such exempt use involves a development of regional impact that includes a landowner, tenant, or user that has entered into a funding agreement with the Office of Tourism, Trade, and Economic Development under the Innovation Incentive Program and the agreement contemplates a state award of at least $50 million.

(28) PARTIAL STATUTORY EXEMPTIONS.—

(e) The vesting provision of s. 163.3167*(5)*~~(8)~~ relating to an authorized development of regional impact *does* ~~shall~~ not apply to those projects partially exempt from the development-of-regional-impact review process under paragraphs (a)-(d).

(29) EXEMPTIONS FOR DENSE URBAN LAND AREAS.—

(a) The following are exempt from this section:

1. Any proposed development in a municipality that *has an average of at least 1,000 people per square mile of land area and a minimum total population of at least 5,000* ~~qualifies as a dense urban land area as defined in s. 163.3164~~;

2. Any proposed development within a county*, including the municipalities located in the county,* that *has an average of at least 1,000 people per square mile of land area* ~~qualifies as a dense urban land area as defined in s. 163.3164~~ and ~~that~~ is located within an urban service area as defined in s. 163.3164 which has been adopted into the comprehensive plan; ~~or~~

3. Any proposed development within a county, including the municipalities located therein, which has a population of at least 900,000, *that has an average of at least 1,000 people per square mile of land area* ~~which qualifies as a dense urban land area under s. 163.3164~~, but which does not have an urban service area designated in the comprehensive plan*; or*

4. Any proposed development within a county, including the municipalities located therein, which has a population of at least 1 million and is located within an urban service area as defined in s. 163.3164 which has been adopted into the comprehensive plan.

The Office of Economic and Demographic Research within the Legislature shall annually calculate the population and density criteria needed to determine which jurisdictions meet the density criteria in subparagraphs 1.-4. by using the most recent land area data from the decennial census conducted by the Bureau of the Census of the United States Department of Commerce and the latest available population estimates determined pursuant to s. 186.901. If any local government has had an annexation, contraction, or new incorporation, the Office of Economic and Demographic Research shall determine the population density using the new jurisdictional boundaries as recorded in accordance with s. 171.091. The Office of Economic and Demographic Research shall annually submit to the state land planning agency by July 1 a list of jurisdictions that meet the total population and density criteria. The state land planning agency shall publish the list of jurisdictions on its Internet website within 7 days after the list is received. The designation of jurisdictions that meet the criteria of subparagraphs 1.-4. is effective upon publication on the state land planning agency's Internet website. If a municipality that has previously met the criteria no longer meets the criteria, the state land planning agency shall maintain the municipality on the list and indicate the year the jurisdiction last met the criteria. However, any proposed development of regional impact not within the established boundaries of a municipality at the time the municipality last met the criteria must meet the requirements of this section until such time as the municipality as a whole meets the criteria. Any county that meets the criteria shall remain on the list in accordance with the provisions of this paragraph. Any jurisdiction that was placed on the dense urban land area list before the effective date of this act shall remain on the list in accordance with the provisions of this paragraph.

(d) A development that is located partially outside an area that is exempt from the development-of-regional-impact program must undergo development-of-regional-impact review pursuant to this section. *However, if the total acreage that is included within the area exempt from development-of-regional-impact review exceeds 85 percent of the total acreage and square footage of the approved development of regional impact, the development-of-regional-impact development order may be rescinded in both local governments pursuant to s. 380.115(1), unless the portion of the development outside the exempt area meets the threshold criteria of a development-of-regional-impact.*

(e) In an area that is exempt under paragraphs (a)-(c), any previously approved development-of-regional-impact development orders shall continue to be effective, but the developer has the option to be governed by s. 380.115(1). A pending application for development approval shall be governed by s. 380.115(2). ~~A development that has a pending application for a comprehensive plan amendment and that elects not to continue development of regional impact review is exempt from the limitation on plan amendments set forth in s. 163.3187(1) for the year following the effective date of the exemption.~~

Section 55. Subsection (3) and paragraph (a) of subsection (4) of section 380.0651, Florida Statutes, are amended to read:

380.0651 Statewide guidelines and standards.—

(3) The following statewide guidelines and standards shall be applied in the manner described in s. 380.06(2) to determine whether the following developments shall be required to undergo development-of-regional-impact review:

(a) *Airports.*—

1. Any of the following airport construction projects shall be a development of regional impact:

a. A new commercial service or general aviation airport with paved runways.

b. A new commercial service or general aviation paved runway.

c. A new passenger terminal facility.

2. Lengthening of an existing runway by 25 percent or an increase in the number of gates by 25 percent or three gates, whichever is greater, on a commercial service airport or a general aviation airport with regularly scheduled flights is a development of regional impact. However, expansion of existing terminal facilities at a nonhub or small hub commercial service airport shall not be a development of regional impact.

3. Any airport development project which is proposed for safety, repair, or maintenance reasons alone and would not have the potential to increase or change existing types of aircraft activity is not a development of regional impact. Notwithstanding subparagraphs 1. and 2., renovation, modernization, or replacement of airport airside or terminal facilities that may include increases in square footage of such facilities but does not increase the number of gates or change the existing types of aircraft activity is not a development of regional impact.

(b) *Attractions and recreation facilities.*—Any sports, entertainment, amusement, or recreation facility, including, but not limited to, a sports arena, stadium, racetrack, tourist attraction, amusement park, or parimutuel facility, the construction or expansion of which:

1. For single performance facilities:

a. Provides parking spaces for more than 2,500 cars; or

b. Provides more than 10,000 permanent seats for spectators.

2. For serial performance facilities:

a. Provides parking spaces for more than 1,000 cars; or

b. Provides more than 4,000 permanent seats for spectators.

For purposes of this subsection, "serial performance facilities" means those using their parking areas or permanent seating more than one time per day on a regular or continuous basis.

~~3. For multiscreen movie theaters of at least 8 screens and 2,500 seats:~~

~~a. Provides parking spaces for more than 1,500 cars; or~~

~~b. Provides more than 6,000 permanent seats for spectators.~~

~~(c) *Industrial plants, industrial parks, and distribution, warehousing or wholesaling facilities.* Any proposed industrial, manufacturing, or processing plant, or distribution, warehousing, or wholesaling facility, excluding wholesaling developments which deal primarily with the general public onsite, under common ownership, or any proposed industrial, manufacturing, or processing activity or distribution, warehousing, or wholesaling activity, excluding wholesaling activities which deal primarily with the general public onsite, which:~~

~~1. Provides parking for more than 2,500 motor vehicles; or~~

~~2. Occupies a site greater than 320 acres.~~

(c)~~(d)~~ *Office development.*—Any proposed office building or park operated under common ownership, development plan, or management that:

1. Encompasses 300,000 or more square feet of gross floor area; or

2. Encompasses more than 600,000 square feet of gross floor area in a county with a population greater than 500,000 and only in a geographic area specifically designated as highly suitable for increased threshold intensity in the approved local comprehensive plan.

(d)~~(e)~~ *Retail and service development.*—Any proposed retail, service, or wholesale business establishment or group of establishments which deals primarily with the general public onsite, operated under one common property ownership, development plan, or management that:

1. Encompasses more than 400,000 square feet of gross area; or

2. Provides parking spaces for more than 2,500 cars.

~~(f) *Hotel or motel development.*~~

~~1. Any proposed hotel or motel development that is planned to create or accommodate 350 or more units; or~~

~~2. Any proposed hotel or motel development that is planned to create or accommodate 750 or more units, in a county with a population greater than 500,000.~~

(e)~~(g)~~ *Recreational vehicle development.*—Any proposed recreational vehicle development planned to create or accommodate 500 or more spaces.

(f)~~(h)~~ *Multiuse development.*—Any proposed development with two or more land uses where the sum of the percentages of the appropriate thresholds identified in chapter 28-24, Florida Administrative Code, or this section for each land use in the development is equal to or greater than 145 percent. Any proposed development with three or more land uses, one of which is residential and contains at least 100 dwelling units or 15 percent of the applicable residential threshold, whichever is greater, where the sum of the percentages of the appropriate thresholds identified in chapter 28-24, Florida Administrative Code, or this section for each land use in the development is equal to or greater than 160 percent. This threshold is in addition to, and does not preclude, a development from being required to undergo development-of-regional-impact review under any other threshold.

(g)~~(i)~~ *Residential development.*—No rule may be adopted concerning residential developments which treats a residential development in one county as being located in a less populated adjacent county unless more than 25 percent of the development is located within 2 or less miles of the less populated adjacent county. The residential thresholds of adjacent counties with less population and a lower threshold shall not be controlling on any development wholly located within areas designated as rural areas of critical economic concern.

(h)~~(j)~~ *Workforce housing.*—The applicable guidelines for residential development and the residential component for multiuse development shall be increased by 50 percent where the developer demonstrates that at least 15 percent of the total residential dwelling units authorized within the development of regional impact will be dedicated to affordable workforce housing, subject to a recorded land use restriction that shall be for a period of not less than 20 years and that includes resale provisions to ensure long-term affordability for income-eligible homeowners and renters and provisions for the workforce housing to be commenced prior to the completion of 50 percent of the market rate dwelling. For purposes of this paragraph, the term "affordable workforce housing" means housing that is affordable to a person who earns less than 120 percent of the area median income, or less than 140 percent of the area median income if located in a county in which the median purchase price for a single-family existing home exceeds the statewide median purchase price of a single-family existing home. For the purposes of this paragraph, the term "statewide median purchase price of a single-family existing home" means the statewide purchase price as determined in the Florida Sales Report, Single-Family Existing Homes, released each January by the Florida Association of Realtors and the University of Florida Real Estate Research Center.

(i)~~(k)~~ *Schools.*—

1. The proposed construction of any public, private, or proprietary postsecondary educational campus which provides for a design population of more than 5,000 full-time equivalent students, or the proposed physical expansion of any public, private, or proprietary postsecondary educational campus having such a design population that would increase the population by at least 20 percent of the design population.

2. As used in this paragraph, "full-time equivalent student" means enrollment for 15 or more quarter hours during a single academic semester. In career centers or other institutions which do not employ semester hours or quarter hours in accounting for student participation, enrollment for 18 contact hours shall be considered equivalent to one quarter hour, and enrollment for 27 contact hours shall be considered equivalent to one semester hour.

3. This paragraph does not apply to institutions which are the subject of a campus master plan adopted by the university board of trustees pursuant to s. 1013.30.

(4) Two or more developments, represented by their owners or developers to be separate developments, shall be aggregated and treated as a single development under this chapter when they are determined to be part of a unified plan of development and are physically proximate to one other.

(a) The criteria of *three* ~~two~~ of the following subparagraphs must be met in order for the state land planning agency to determine that there is a unified plan of development:

1.a. The same person has retained or shared control of the developments;

b. The same person has ownership or a significant legal or equitable interest in the developments; or

c. There is common management of the developments controlling the form of physical development or disposition of parcels of the development.

2. There is a reasonable closeness in time between the completion of 80 percent or less of one development and the submission to a governmental agency of a master plan or series of plans or drawings for the other development which is indicative of a common development effort.

3. A master plan or series of plans or drawings exists covering the developments sought to be aggregated which have been submitted to a

local general-purpose government, water management district, the Florida Department of Environmental Protection, or the Division of Florida Condominiums, Timeshares, and Mobile Homes for authorization to commence development. The existence or implementation of a utility's master utility plan required by the Public Service Commission or general-purpose local government or a master drainage plan shall not be the sole determinant of the existence of a master plan.

~~4. The voluntary sharing of infrastructure that is indicative of a common development effort or is designated specifically to accommodate the developments sought to be aggregated, except that which was implemented because it was required by a local general-purpose government; water management district; the Department of Environmental Protection; the Division of Florida Condominiums, Timeshares, and Mobile Homes; or the Public Service Commission.~~

4.~~5.~~ There is a common advertising scheme or promotional plan in effect for the developments sought to be aggregated.

Section 56. Subsection (17) of section 331.303, Florida Statutes, is amended to read:

331.303 Definitions.—

(17) "Spaceport launch facilities" means industrial facilities as described in s. 380.0651(3)(c)*, Florida Statutes 2010,* and include any launch pad, launch control center, and fixed launch-support equipment.

Section 57. Subsection (1) of section 380.115, Florida Statutes, is amended to read:

380.115 Vested rights and duties; effect of size reduction, changes in guidelines and standards.—

(1) A change in a development-of-regional-impact guideline and standard does not abridge or modify any vested or other right or any duty or obligation pursuant to any development order or agreement that is applicable to a development of regional impact. A development that has received a development-of-regional-impact development order pursuant to s. 380.06, but is no longer required to undergo development-of-regional-impact review by operation of a change in the guidelines and standards or has reduced its size below the thresholds in s. 380.0651, *or a development that is exempt pursuant to s. 380.06(29)* shall be governed by the following procedures:

(a) The development shall continue to be governed by the development-of-regional-impact development order and may be completed in reliance upon and pursuant to the development order unless the developer or landowner has followed the procedures for rescission in paragraph (b). Any proposed changes to those developments which continue to be governed by a development order shall be approved pursuant to s. 380.06(19) as it existed prior to a change in the development-of-regional-impact guidelines and standards, except that all percentage criteria shall be doubled and all other criteria shall be increased by 10 percent. The development-of-regional-impact development order may be enforced by the local government as provided by ss. 380.06(17) and 380.11.

(b) If requested by the developer or landowner, the development-of-regional-impact development order shall be rescinded by the local government having jurisdiction upon a showing that all required mitigation related to the amount of development that existed on the date of rescission has been completed.

Section 58. Paragraph (a) of subsection (8) of section 380.061, Florida Statutes, is amended to read:

380.061 The Florida Quality Developments program.—

(8)(a) Any local government comprehensive plan amendments related to a Florida Quality Development may be initiated by a local planning agency and considered by the local governing body at the same time as the application for development approval~~, using the procedures provided for local plan amendment in s. 163.3187 or s. 163.3189 and applicable local ordinances, without regard to statutory or local ordinance limits on the frequency of consideration of amendments to the local comprehensive plan~~. Nothing in this subsection shall be construed to require favorable consideration of a Florida Quality Development solely because it is related to a development of regional impact.

Section 59. Paragraph (a) of subsection (2) and subsection (10) of section 380.065, Florida Statutes, are amended to read:

380.065 Certification of local government review of development.—

(2) When a petition is filed, the state land planning agency shall have no more than 90 days to prepare and submit to the Administration Commission a report and recommendations on the proposed certification. In deciding whether to grant certification, the Administration Commission shall determine whether the following criteria are being met:

(a) The petitioning local government has adopted and effectively implemented a local comprehensive plan and development regulations which comply with ss. 163.3161-163.3215, the *Community* ~~Local Government Comprehensive~~ Planning ~~and Land Development Regulation~~ Act.

~~(10) The department shall submit an annual progress report to the President of the Senate and the Speaker of the House of Representatives by March 1 on the certification of local governments, stating which local governments have been certified. For those local governments which have applied for certification but for which certification has been denied, the department shall specify the reasons certification was denied.~~

Section 60. Section 380.0685, Florida Statutes, is amended to read:

380.0685 State park in area of critical state concern in county which creates land authority; surcharge on admission and overnight occupancy.—The Department of Environmental Protection shall impose and collect a surcharge of 50 cents per person per day, or $5 per annual family auto entrance permit, on admission to all state parks in areas of critical state concern located in a county which creates a land authority pursuant to s. 380.0663(1), and a surcharge of $2.50 per night per campsite, cabin, or other overnight recreational occupancy unit in state parks in areas of critical state concern located in a county which creates a land authority pursuant to s. 380.0663(1); however, no surcharge shall be imposed or collected under this section for overnight use by nonprofit groups of organized group camps, primitive camping areas, or other facilities intended primarily for organized group use. Such surcharges shall be imposed within 90 days after any county creating a land authority notifies the Department of Environmental Protection that the land authority has been created. The proceeds from such surcharges, less a collection fee that shall be kept by the Department of Environmental Protection for the actual cost of collection, not to exceed 2 percent, shall be transmitted to the land authority of the county from which the revenue was generated. Such funds shall be used to purchase property in the area or areas of critical state concern in the county from which the revenue was generated. An amount not to exceed 10 percent may be used for administration and other costs incident to such purchases. However, the proceeds of the surcharges imposed and collected pursuant to this section in a state park or parks located wholly within a municipality, less the costs of collection as provided herein, shall be transmitted to that municipality *for use by the municipality for land acquisition or for beach renourishment or restoration, including, but not limited to, costs associated with any design, permitting, monitoring, and mitigation of such work, as well as the work itself. However, these funds may not be included in any calculation used for providing state matching funds for local contributions for beach renourishment or restoration*. The surcharges levied under this section shall remain imposed as long as the land authority is in existence.

Section 61. Subsection (3) of section 380.115, Florida Statutes, is amended to read:

380.115 Vested rights and duties; effect of size reduction, changes in guidelines and standards.—

(3) A landowner that has filed an application for a development-of-regional-impact review prior to the adoption of *a* ~~an optional~~ sector plan pursuant to s. 163.3245 may elect to have the application reviewed pursuant to s. 380.06, comprehensive plan provisions in force prior to adoption of the sector plan, and any requested comprehensive plan amendments that accompany the application.

Section 62. Subsection (1) of section 403.50665, Florida Statutes, is amended to read:

403.50665 Land use consistency.—

(1) The applicant shall include in the application a statement on the consistency of the site and any associated facilities that constitute a "development," as defined in s. 380.04, with existing land use plans and zoning ordinances that were in effect on the date the application was filed and a full description of such consistency. This information shall include an identification of those associated facilities that the applicant believes are exempt from the requirements of land use plans and zoning ordinances under ~~the provisions of~~ the *Community* ~~Local Government Comprehensive~~ Planning ~~and Land Development Regulation~~ Act provisions of chapter 163 and s. 380.04(3).

Section 63. Subsection (13) and paragraph (a) of subsection (14) of section 403.973, Florida Statutes, are amended to read:

403.973 Expedited permitting; amendments to comprehensive plans.—

(13) Notwithstanding any other provisions of law:

~~(a) Local comprehensive plan amendments for projects qualified under this section are exempt from the twice-a-year limits provision in s. 163.3187; and~~

~~(b)~~ Projects qualified under this section are not subject to interstate highway level-of-service standards adopted by the Department of Transportation for concurrency purposes. The memorandum of agreement specified in subsection (5) must include a process by which the applicant will be assessed a fair share of the cost of mitigating the project's significant traffic impacts, as defined in chapter 380 and related rules. The agreement must also specify whether the significant traffic impacts on the interstate system will be mitigated through the implementation of a project or payment of funds to the Department of Transportation. Where funds are paid, the Department of Transportation must include in the 5-year work program transportation projects or project phases, in an amount equal to the funds received, to mitigate the traffic impacts associated with the proposed project.

(14)(a) Challenges to state agency action in the expedited permitting process for projects processed under this section are subject to the summary hearing provisions of s. 120.574, except that the administrative law judge's decision, as provided in s. 120.574(2)(f), shall be in the form of a recommended order and *do* ~~shall~~ not constitute the final action of the state agency. In those proceedings where the action of only one agency of the state other than the Department of Environmental Protection is challenged, the agency of the state shall issue the final order within 45 working days after receipt of the administrative law judge's recommended order, and the recommended order shall inform the parties of their right to file exceptions or responses to the recommended order in accordance with the uniform rules of procedure pursuant to s. 120.54. In those proceedings where the actions of more than one agency of the state are challenged, the Governor shall issue the final order within 45 working days after receipt of the administrative law judge's recommended order, and the recommended order shall inform the parties of their right to file exceptions or responses to the recommended order in accordance with the uniform rules of procedure pursuant to s. 120.54. This paragraph does not apply to the issuance of department licenses required under any federally delegated or approved permit program. In such instances, the department shall enter the final order. The participating agencies of the state may opt at the preliminary hearing conference to allow the administrative law judge's decision to constitute the final agency action. ~~If a participating local government agrees to participate in the summary hearing provisions of s. 120.574 for purposes of review of local government comprehensive plan amendments, s. 163.3184(9) and (10) apply.~~

Section 64. Subsections (9) and (10) of section 420.5095, Florida Statutes, are amended to read:

420.5095 Community Workforce Housing Innovation Pilot Program.—

(9) Notwithstanding s. 163.3184*(4)(b)-(d)*~~(3)-(6)~~, any local government comprehensive plan amendment to implement a Community Workforce Housing Innovation Pilot Program project found consistent with ~~the provisions of~~ this section shall be expedited as provided in this subsection. At least 30 days prior to adopting a plan amendment under this subsection, the local government shall notify the state land planning agency of its intent to adopt such an amendment, and the notice shall include its evaluation related to site suitability and availability of facilities and services. The public notice of the hearing required by s. 163.3184*(11)*~~(15)~~(b)2. shall include a statement that the local government intends to use the expedited adoption process authorized by this subsection. Such amendments shall require only a single public hearing before the governing board, which shall be an adoption hearing as described in s. 163.3184*(4)(e)*~~(7)~~. ~~The state land planning agency shall issue its notice of intent pursuant to s. 163.3184(8) within 30 days after determining that the amendment package is complete.~~ Any further proceedings shall be governed by *s.* ~~ss.~~ 163.3184*(5)-(13)*~~(9)-(16)~~. ~~Amendments proposed under this section are not subject to s. 163.3187(1), which limits the adoption of a comprehensive plan amendment to no more than two times during any calendar year.~~

(10) The processing of approvals of development orders or development permits, as defined in s. 163.3164~~(7) and (8)~~, for innovative community workforce housing projects shall be expedited.

Section 65. Subsection (5) of section 420.615, Florida Statutes, is amended to read:

420.615 Affordable housing land donation density bonus incentives.—

(5) The local government, as part of the approval process, shall adopt a comprehensive plan amendment, pursuant to part II of chapter 163, for the receiving land that incorporates the density bonus. Such amendment shall be adopted in the manner as required for small-scale amendments pursuant to s. 163.3187, is not subject to the requirements of s. 163.3184*(4)(b)-(d)*~~(3)-(6), and is exempt from the limitation on the frequency of plan amendments as provided in s. 163.3187~~.

Section 66. Subsection (16) of section 420.9071, Florida Statutes, is amended to read:

420.9071 Definitions.—As used in ss. 420.907-420.9079, the term:

(16) "Local housing incentive strategies" means local regulatory reform or incentive programs to encourage or facilitate affordable housing production, which include at a minimum, assurance that permits as defined in s. 163.3164~~(7) and (8)~~ for affordable housing projects are expedited to a greater degree than other projects; an ongoing process for review of local policies, ordinances, regulations, and plan provisions that increase the cost of housing prior to their adoption; and a schedule for implementing the incentive strategies. Local housing incentive strategies may also include other regulatory reforms, such as those enumerated in s. 420.9076 or those recommended by the affordable housing advisory committee in its triennial evaluation of the implementation of affordable housing incentives, and adopted by the local governing body.

Section 67. Paragraph (a) of subsection (4) of section 420.9076, Florida Statutes, is amended to read:

420.9076 Adoption of affordable housing incentive strategies; committees.—

(4) Triennially, the advisory committee shall review the established policies and procedures, ordinances, land development regulations, and adopted local government comprehensive plan of the appointing local government and shall recommend specific actions or initiatives to encourage or facilitate affordable housing while protecting the ability of the property to appreciate in value. The recommendations may include the modification or repeal of existing policies, procedures, ordinances, regulations, or plan provisions; the creation of exceptions applicable to affordable housing; or the adoption of new policies, procedures, regulations, ordinances, or plan provisions, including recommendations to amend the local government comprehensive plan and corresponding regulations, ordinances, and other policies. At a minimum, each advisory committee shall submit a report to the local governing body that includes recommendations on, and triennially thereafter evaluates the implementation of, affordable housing incentives in the following areas:

(a) The processing of approvals of development orders or permits, as defined in s. 163.3164~~(7) and (8)~~, for affordable housing projects is expedited to a greater degree than other projects.

The advisory committee recommendations may also include other affordable housing incentives identified by the advisory committee. Local governments that receive the minimum allocation under the State Housing Initiatives Partnership Program shall perform the initial review but may elect to not perform the triennial review.

Section 68. Subsection (1) of section 720.403, Florida Statutes, is amended to read:

720.403 Preservation of residential communities; revival of declaration of covenants.—

(1) Consistent with required and optional elements of local comprehensive plans and other applicable provisions of the *Community* ~~Local Government Comprehensive~~ Planning ~~and Land Development Regulation~~ Act, homeowners are encouraged to preserve existing residential communities, promote available and affordable housing, protect structural and aesthetic elements of their residential community, and, as applicable, maintain roads and streets, easements, water and sewer systems, utilities, drainage improvements, conservation and open areas, recreational amenities, and other infrastructure and common areas that serve and support the residential community by the revival of a previous declaration of covenants and other governing documents that may have ceased to govern some or all parcels in the community.

Section 69. Subsection (6) of section 1013.30, Florida Statutes, is amended to read:

1013.30 University campus master plans and campus development agreements.—

(6) Before a campus master plan is adopted, a copy of the draft master plan must be sent for review or made available electronically to the host and any affected local governments, the state land planning agency, the Department of Environmental Protection, the Department of Transportation, the Department of State, the Fish and Wildlife Conservation Commission, and the applicable water management district and regional planning council. At the request of a governmental entity, a hard copy of the draft master plan shall be submitted within 7 business days of an electronic copy being made available. These agencies must be given 90 days after receipt of the campus master plans in which to conduct their review and provide comments to the university board of trustees. The commencement of this review period must be advertised in newspapers of general circulation within the host local government and any affected local government to allow for public comment. Following receipt and consideration of all comments and the holding of an informal information session and at least two public hearings within the host jurisdiction, the university board of trustees shall adopt the campus master plan. It is the intent of the Legislature that the university board of trustees comply with the notice requirements set forth in s. 163.3184*(11)*~~(15)~~ to ensure full public participation in this planning process. The informal public information session must be held before the first public hearing. The first public hearing shall be held before the draft master plan is sent to the agencies specified in this subsection. The second public hearing shall be held in conjunction with the adoption of the draft master plan by the university board of trustees. Campus master plans developed under this section are not rules and are not subject to chapter 120 except as otherwise provided in this section.

Section 70. Section 1013.33, Florida Statutes, is amended to read:

1013.33 Coordination of planning with local governing bodies.—

(1) It is the policy of this state to require the coordination of planning between boards and local governing bodies to ensure that plans for the construction and opening of public educational facilities are facilitated and coordinated in time and place with plans for residential development, concurrently with other necessary services. Such planning shall include the integration of the educational facilities plan and applicable policies and procedures of a board with the local comprehensive plan and land development regulations of local governments. The planning must include the consideration of allowing students to attend the school located nearest their homes when a new housing development is constructed near a county boundary and it is more feasible to transport the students a short distance to an existing facility in an adjacent county than to construct a new facility or transport students longer distances in their county of residence. The planning must also consider the effects of the location of public education facilities, including the feasibility of keeping central city facilities viable, in order to encourage central city redevelopment and the efficient use of infrastructure and to discourage uncontrolled urban sprawl. In addition, all parties to the planning process must consult with state and local road departments to assist in implementing the Safe Paths to Schools program administered by the Department of Transportation.

(2)(a) The school board, county, and nonexempt municipalities located within the geographic area of a school district shall enter into an interlocal agreement that jointly establishes the specific ways in which the plans and processes of the district school board and the local governments are to be coordinated. The interlocal agreements shall be submitted to the state land planning agency and the Office of Educational Facilities in accordance with a schedule published by the state land planning agency.

(b) The schedule must establish staggered due dates for submission of interlocal agreements that are executed by both the local government and district school board, commencing on March 1, 2003, and concluding by December 1, 2004, and must set the same date for all governmental entities within a school district. However, if the county where the school district is located contains more than 20 municipalities, the state land planning agency may establish staggered due dates for the submission of interlocal agreements by these municipalities. The schedule must begin with those areas where both the number of districtwide capital-outlay full-time-equivalent students equals 80 percent or more of the current year's school capacity and the projected 5-year student growth rate is 1,000 or greater, or where the projected 5-year student growth rate is 10 percent or greater.

(c) If the student population has declined over the 5-year period preceding the due date for submittal of an interlocal agreement by the local government and the district school board, the local government and district school board may petition the state land planning agency for a waiver of one or more of the requirements of subsection (3). The waiver must be granted if the procedures called for in subsection (3) are unnecessary because of the school district's declining school age population, considering the district's 5-year work program prepared pursuant to s. 1013.35. The state land planning agency may modify or revoke the waiver upon a finding that the conditions upon which the waiver was granted no longer exist. The district school board and local governments must submit an interlocal agreement within 1 year after notification by the state land planning agency that the conditions for a waiver no longer exist.

(d) Interlocal agreements between local governments and district school boards adopted pursuant to s. 163.3177 before the effective date of subsections *(2)-(7)* ~~(2)-(9)~~ must be updated and executed pursuant to the requirements of subsections *(2)-(7)* ~~(2)-(9)~~, if necessary. Amendments to interlocal agreements adopted pursuant to subsections *(2)-(7)* ~~(2)-(9)~~ must be submitted to the state land planning agency within 30 days after execution by the parties for review consistent with subsections (3) and (4). Local governments and the district school board in each school district are encouraged to adopt a single interlocal agreement in which all join as parties. The state land planning agency shall assemble and make available model interlocal agreements meeting the requirements of subsections *(2)-(7)* ~~(2)-(9)~~ and shall notify local governments and, jointly with the Department of Education, the district school boards of the requirements of subsections *(2)-(7)* ~~(2)-(9)~~, the dates for compliance, and the sanctions for noncompliance. The state land planning agency shall be available to informally review proposed interlocal agreements. If the state land planning agency has not received a proposed interlocal agreement for informal review, the state land planning agency shall, at least 60 days before the deadline for submission of the executed agreement, renotify the local government and the district school board of the upcoming deadline and the potential for sanctions.

(3) At a minimum, the interlocal agreement must address interlocal agreement requirements in s. *163.31777 and, if applicable, s.* 163.3180*(6)*~~(13)(g), except for exempt local governments as provided in s. 163.3177(12)~~, and must address the following issues:

(a) A process by which each local government and the district school board agree and base their plans on consistent projections of the amount, type, and distribution of population growth and student enrollment. The geographic distribution of jurisdiction-wide growth forecasts is a major objective of the process.

(b) A process to coordinate and share information relating to existing and planned public school facilities, including school renovations and closures, and local government plans for development and redevelopment.

(c) Participation by affected local governments with the district school board in the process of evaluating potential school closures, significant renovations to existing schools, and new school site selection before land acquisition. Local governments shall advise the district school board as to the consistency of the proposed closure, renovation, or new site with the local comprehensive plan, including appropriate circumstances and criteria under which a district school board may request an amendment to the comprehensive plan for school siting.

(d) A process for determining the need for and timing of onsite and offsite improvements to support new construction, proposed expansion, or redevelopment of existing schools. The process shall address identification of the party or parties responsible for the improvements.

(e) A process for the school board to inform the local government regarding the effect of comprehensive plan amendments on school capacity. The capacity reporting must be consistent with laws and rules regarding measurement of school facility capacity and must also identify how the district school board will meet the public school demand based on the facilities work program adopted pursuant to s. 1013.35.

(f) Participation of the local governments in the preparation of the annual update to the school board's 5-year district facilities work program and educational plant survey prepared pursuant to s. 1013.35.

(g) A process for determining where and how joint use of either school board or local government facilities can be shared for mutual benefit and efficiency.

(h) A procedure for the resolution of disputes between the district school board and local governments, which may include the dispute resolution processes contained in chapters 164 and 186.

(i) An oversight process, including an opportunity for public participation, for the implementation of the interlocal agreement.

(4)(a) The Office of Educational Facilities shall submit any comments or concerns regarding the executed interlocal agreement to the state land planning agency within 30 days after receipt of the executed interlocal agreement. The state land planning agency shall review the executed interlocal agreement to determine whether it is consistent with the requirements of subsection (3), the adopted local government comprehensive plan, and other requirements of law. Within 60 days after receipt of an executed interlocal agreement, the state land planning agency shall publish a notice of intent in the Florida Administrative Weekly and shall post a copy of the notice on the agency's Internet site. The notice of intent must state that the interlocal agreement is consistent or inconsistent with the requirements of subsection (3) and this subsection as appropriate.

(b) The state land planning agency's notice is subject to challenge under chapter 120; however, an affected person, as defined in s. 163.3184(1)(a), has standing to initiate the administrative proceeding, and this proceeding is the sole means available to challenge the consistency of an interlocal agreement required by this section with the criteria contained in subsection (3) and this subsection. In order to have standing, each person must have submitted oral or written comments, recommendations, or objections to the local government or the school board before the adoption of the interlocal agreement by the district school board and local government. The district school board and local governments are parties to any such proceeding. In this proceeding, when the state land planning agency finds the interlocal agreement to be consistent with the criteria in subsection (3) and this subsection, the interlocal agreement must be determined to be consistent with subsection (3) and this subsection if the local government's and school board's determination of consistency is fairly debatable. When the state land planning agency finds the interlocal agreement to be inconsistent with the requirements of subsection (3) and this subsection, the local government's and school board's determination of consistency shall be sustained unless it is shown by a preponderance of the evidence that the interlocal agreement is inconsistent.

(c) If the state land planning agency enters a final order that finds that the interlocal agreement is inconsistent with the requirements of subsection (3) or this subsection, the state land planning agency shall forward it to the Administration Commission, which may impose sanctions against the local government pursuant to s. 163.3184(11) and may impose sanctions against the district school board by directing the Department of Education to withhold an equivalent amount of funds for school construction available pursuant to ss. 1013.65, 1013.68, 1013.70, and 1013.72.

(5) If an executed interlocal agreement is not timely submitted to the state land planning agency for review, the state land planning agency shall, within 15 working days after the deadline for submittal, issue to the local government and the district school board a notice to show cause why sanctions should not be imposed for failure to submit an executed interlocal agreement by the deadline established by the agency. The agency shall forward the notice and the responses to the Administration Commission, which may enter a final order citing the failure to comply and imposing sanctions against the local government and district school board by directing the appropriate agencies to withhold at least 5 percent of state funds pursuant to s. 163.3184(11) and by directing the Department of Education to withhold from the district school board at least 5 percent of funds for school construction available pursuant to ss. 1013.65, 1013.68, 1013.70, and 1013.72.

(6) Any local government transmitting a public school element to implement school concurrency pursuant to the requirements of s. 163.3180 before the effective date of this section is not required to amend the element or any interlocal agreement to conform with the provisions of subsections *(2)-(6)* ~~(2)-(8)~~ if the element is adopted prior to or within 1 year after the effective date of subsections *(2)-(6)* ~~(2)-(8)~~ and remains in effect.

~~(7) Except as provided in subsection (8), municipalities meeting the exemption criteria in s. 163.3177(12) are exempt from the requirements of subsections (2), (3), and (4).~~

~~(8) At the time of the evaluation and appraisal report, each exempt municipality shall assess the extent to which it continues to meet the criteria for exemption under s. 163.3177(12). If the municipality continues to meet these criteria, the municipality shall continue to be exempt from the interlocal agreement requirement. Each municipality exempt under s. 163.3177(12) must comply with the provisions of subsections (2)-(8) within 1 year after the district school board proposes, in its 5-year district facilities work program, a new school within the municipality's jurisdiction.~~

(7)~~(9)~~ A board and the local governing body must share and coordinate information related to existing and planned school facilities; proposals for development, redevelopment, or additional development; and infrastructure required to support the school facilities, concurrent with proposed development. A school board shall use information produced by the demographic, revenue, and education estimating conferences pursuant to s. 216.136 when preparing the district educational facilities plan pursuant to s. 1013.35, as modified and agreed to by the local governments, when provided by interlocal agreement, and the Office of Educational Facilities, in consideration of local governments' population projections, to ensure that the district educational facilities plan not only reflects enrollment projections but also considers applicable municipal and county growth and development projections. The projections must be apportioned geographically with assistance from the local governments using local government trend data and the school district student enrollment data. A school board is precluded from siting a new school in a jurisdiction where the school board has failed to provide the annual educational facilities plan for the prior year required pursuant to s. 1013.35 unless the failure is corrected.

(8)~~(10)~~ The location of educational facilities shall be consistent with the comprehensive plan of the appropriate local governing body developed under part II of chapter 163 and consistent with the plan's implementing land development regulations.

(9)~~(11)~~ To improve coordination relative to potential educational facility sites, a board shall provide written notice to the local government that has regulatory authority over the use of the land consistent with an interlocal agreement entered pursuant to subsections *(2)-(6)* ~~(2)-(8)~~ at least 60 days prior to acquiring or leasing property that may be used for a new public educational facility. The local government, upon receipt of

this notice, shall notify the board within 45 days if the site proposed for acquisition or lease is consistent with the land use categories and policies of the local government's comprehensive plan. This preliminary notice does not constitute the local government's determination of consistency pursuant to subsection *(10)* ~~(12)~~.

(10)~~(12)~~ As early in the design phase as feasible and consistent with an interlocal agreement entered pursuant to subsections *(2)-(6)* ~~(2)-(8)~~, but no later than 90 days before commencing construction, the district school board shall in writing request a determination of consistency with the local government's comprehensive plan. The local governing body that regulates the use of land shall determine, in writing within 45 days after receiving the necessary information and a school board's request for a determination, whether a proposed educational facility is consistent with the local comprehensive plan and consistent with local land development regulations. If the determination is affirmative, school construction may commence and further local government approvals are not required, except as provided in this section. Failure of the local governing body to make a determination in writing within 90 days after a district school board's request for a determination of consistency shall be considered an approval of the district school board's application. Campus master plans and development agreements must comply with the provisions of ss. 1013.30 and 1013.63.

(11)~~(13)~~ A local governing body may not deny the site applicant based on adequacy of the site plan as it relates solely to the needs of the school. If the site is consistent with the comprehensive plan's land use policies and categories in which public schools are identified as allowable uses, the local government may not deny the application but it may impose reasonable development standards and conditions in accordance with s. 1013.51(1) and consider the site plan and its adequacy as it relates to environmental concerns, health, safety and welfare, and effects on adjacent property. Standards and conditions may not be imposed which conflict with those established in this chapter or the Florida Building Code, unless mutually agreed and consistent with the interlocal agreement required by subsections *(2)-(6)* ~~(2)-(8)~~.

(12)~~(14)~~ This section does not prohibit a local governing body and district school board from agreeing and establishing an alternative process for reviewing a proposed educational facility and site plan, and offsite impacts, pursuant to an interlocal agreement adopted in accordance with subsections *(2)-(6)* ~~(2)-(8)~~.

(13)~~(15)~~ Existing schools shall be considered consistent with the applicable local government comprehensive plan adopted under part II of chapter 163. If a board submits an application to expand an existing school site, the local governing body may impose reasonable development standards and conditions on the expansion only, and in a manner consistent with s. 1013.51(1). Standards and conditions may not be imposed which conflict with those established in this chapter or the Florida Building Code, unless mutually agreed. Local government review or approval is not required for:

(a) The placement of temporary or portable classroom facilities; or

(b) Proposed renovation or construction on existing school sites, with the exception of construction that changes the primary use of a facility, includes stadiums, or results in a greater than 5 percent increase in student capacity, or as mutually agreed upon, pursuant to an interlocal agreement adopted in accordance with subsections (2)-*(6)*~~(8)~~.

Section 71. Paragraph (b) of subsection (2) of section 1013.35, Florida Statutes, is amended to read:

1013.35 School district educational facilities plan; definitions; preparation, adoption, and amendment; long-term work programs.—

(2) PREPARATION OF TENTATIVE DISTRICT EDUCATIONAL FACILITIES PLAN.—

(b) The plan must also include a financially feasible district facilities work program for a 5-year period. The work program must include:

1. A schedule of major repair and renovation projects necessary to maintain the educational facilities and ancillary facilities of the district.

2. A schedule of capital outlay projects necessary to ensure the availability of satisfactory student stations for the projected student enrollment in K-12 programs. This schedule shall consider:

a. The locations, capacities, and planned utilization rates of current educational facilities of the district. The capacity of existing satisfactory facilities, as reported in the Florida Inventory of School Houses must be compared to the capital outlay full-time-equivalent student enrollment as determined by the department, including all enrollment used in the calculation of the distribution formula in s. 1013.64.

b. The proposed locations of planned facilities, whether those locations are consistent with the comprehensive plans of all affected local governments, and recommendations for infrastructure and other improvements to land adjacent to existing facilities. The provisions of ss. 1013.33*(10), (11), and* (12)~~, (13), and (14)~~ and 1013.36 must be addressed for new facilities planned within the first 3 years of the work plan, as appropriate.

c. Plans for the use and location of relocatable facilities, leased facilities, and charter school facilities.

d. Plans for multitrack scheduling, grade level organization, block scheduling, or other alternatives that reduce the need for additional permanent student stations.

e. Information concerning average class size and utilization rate by grade level within the district which will result if the tentative district facilities work program is fully implemented.

f. The number and percentage of district students planned to be educated in relocatable facilities during each year of the tentative district facilities work program. For determining future needs, student capacity may not be assigned to any relocatable classroom that is scheduled for elimination or replacement with a permanent educational facility in the current year of the adopted district educational facilities plan and in the district facilities work program adopted under this section. Those relocatable classrooms clearly identified and scheduled for replacement in a school-board-adopted, financially feasible, 5-year district facilities work program shall be counted at zero capacity at the time the work program is adopted and approved by the school board. However, if the district facilities work program is changed and the relocatable classrooms are not replaced as scheduled in the work program, the classrooms must be reentered into the system and be counted at actual capacity. Relocatable classrooms may not be perpetually added to the work program or continually extended for purposes of circumventing this section. All relocatable classrooms not identified and scheduled for replacement, including those owned, lease-purchased, or leased by the school district, must be counted at actual student capacity. The district educational facilities plan must identify the number of relocatable student stations scheduled for replacement during the 5-year survey period and the total dollar amount needed for that replacement.

g. Plans for the closure of any school, including plans for disposition of the facility or usage of facility space, and anticipated revenues.

h. Projects for which capital outlay and debt service funds accruing under s. 9(d), Art. XII of the State Constitution are to be used shall be identified separately in priority order on a project priority list within the district facilities work program.

3. The projected cost for each project identified in the district facilities work program. For proposed projects for new student stations, a schedule shall be prepared comparing the planned cost and square footage for each new student station, by elementary, middle, and high school levels, to the low, average, and high cost of facilities constructed throughout the state during the most recent fiscal year for which data is available from the Department of Education.

4. A schedule of estimated capital outlay revenues from each currently approved source which is estimated to be available for expenditure on the projects included in the district facilities work program.

5. A schedule indicating which projects included in the district facilities work program will be funded from current revenues projected in subparagraph 4.

6. A schedule of options for the generation of additional revenues by the district for expenditure on projects identified in the district facilities work program which are not funded under subparagraph 5. Additional anticipated revenues may include effort index grants, SIT Program awards, and Classrooms First funds.

Section 72. *Rules 9J-5 and 9J-11.023, Florida Administrative Code, are repealed, and the Department of State is directed to remove those rules from the Florida Administrative Code.*

Section 73. *(1) Any permit or any other authorization that was extended under section 14 of chapter 2009-96, Laws of Florida, as reauthorized by section 47 of chapter 2010-147, Laws of Florida, is extended and renewed for an additional period of 2 years after its previously scheduled expiration date. This extension is in addition to the 2-year permit extension provided under section 14 of chapter 2009-96, Laws of Florida, as reauthorized by section 47 of chapter 2010-147, Laws of Florida. This section does not prohibit conversion from the construction phase to the operation phase upon completion of construction. Permits that were extended by a total of 4 years pursuant to section 14 of chapter 2009-96, Laws of Florida, as reauthorized by section 47 of chapter 2010-147, Laws of Florida, and by section 46 of chapter 2010-147, Laws of Florida, cannot be further extended under this provision.*

(2) The commencement and completion dates for any required mitigation associated with a phased construction project shall be extended such that mitigation takes place in the same timeframe relative to the phase as originally permitted.

(3) The holder of a valid permit or other authorization that is eligible for the 2-year extension shall notify the authorizing agency in writing by December 31, 2011, identifying the specific authorization for which the holder intends to use the extension and the anticipated timeframe for acting on the authorization.

(4) The extension provided for in subsection (1) does not apply to:

(a) A permit or other authorization under any programmatic or regional general permit issued by the Army Corps of Engineers.

(b) A permit or other authorization held by an owner or operator determined to be in significant noncompliance with the conditions of the permit or authorization as established through the issuance of a warning letter or notice of violation, the initiation of formal enforcement, or other equivalent action by the authorizing agency.

(c) A permit or other authorization, if granted an extension, that would delay or prevent compliance with a court order.

(5) Permits extended under this section shall continue to be governed by rules in effect at the time the permit was issued, except if it is demonstrated that the rules in effect at the time the permit was issued would create an immediate threat to public safety or health. This subsection applies to any modification of the plans, terms, and conditions of the permit that lessens the environmental impact, except that any such modification may not extend the time limit beyond 2 additional years.

(6) This section does not impair the authority of a county or municipality to require the owner of a property that has notified the county or municipality of the owner's intention to receive the extension of time granted pursuant to this section to maintain and secure the property in a safe and sanitary condition in compliance with applicable laws and ordinances.

Section 74. *(1) The state land planning agency, within 60 days after the effective date of this act, shall review any administrative or judicial proceeding filed by the agency and pending on the effective date of this act to determine whether the issues raised by the state land planning agency are consistent with the revised provisions of part II of chapter 163, Florida Statutes. For each proceeding, if the agency determines that issues have been raised that are not consistent with the revised provisions of part II of chapter 163, Florida Statutes, the agency shall dismiss the proceeding. If the state land planning agency determines that one or more issues have been raised that are consistent with the revised provisions of part II of chapter 163, Florida Statutes, the agency shall amend its petition within 30 days after the determination to plead with particularity as to the manner in which the plan or plan amendment fails to meet the revised provisions of part II of chapter 163, Florida Statutes. If the agency fails to timely file such amended petition, the proceeding shall be dismissed.*

(2) In all proceedings that were initiated by the state land planning agency before the effective date of this act, and continue after that date, the local government's determination that the comprehensive plan or plan amendment is in compliance is presumed to be correct, and the local government's determination shall be sustained unless it is shown by a preponderance of the evidence that the comprehensive plan or plan amendment is not in compliance.

Section 75. *All local governments shall be governed by the revised provisions of s. 163.3191, Florida Statutes, notwithstanding a local government's previous failure to timely adopt its evaluation and appraisal report or evaluation and appraisal report-based amendments by the due dates previously established by the state land planning agency.*

Section 76. *A comprehensive plan amendment adopted pursuant to s. 163.32465, Florida Statutes, subject to voter referendum by local charter, and found in compliance before the effective date of this act, may be readopted by ordinance, shall become effective upon approval by the local government, and is not subject to review or challenge pursuant to the provisions of s. 163.32465 or s. 163.3184, Florida Statutes.*

Section 77. *The Department of Transportation shall develop and submit to the President of the Senate and the Speaker of the House of Representatives, no later than December 15, 2011, a report on recommended changes to or alternatives to the calculation of the proportionate share contribution in s. 163.3180(5)(h)3., Florida Statutes. The department's recommendations, if any, shall be designed to ensure development contributions to mitigate impacts on the transportation system are assessed in predictable, equitable and fair manner and shall be developed in consultation with developers and representatives of local governments.*

Section 78. *If any provision of this act or its application to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of this act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.*

Section 79. *(1) Except as provided in subsection (4), and in recognition of 2011 real estate market conditions, any building permit, and any permit issued by the Department of Environmental Protection or by a water management district pursuant to part IV of chapter 373, Florida Statutes, which has an expiration date from January 1, 2012, through January 1, 2014, is extended and renewed for a period of 2 years after its previously scheduled date of expiration. This extension includes any local government-issued development order or building permit including certificates of levels of service. This section does not prohibit conversion from the construction phase to the operation phase upon completion of construction. This extension is in addition to any existing permit extension. Extensions granted pursuant to this section; section 14 of chapter 2009-96, Laws of Florida, as reauthorized by section 47 of chapter 2010-147, Laws of Florida; section 46 of chapter 2010-147, Laws of Florida; or section 74 of this act shall not exceed 4 years in total. Further, specific development order extensions granted pursuant to s. 380.06(19)(c)2., Florida Statutes, cannot be further extended by this section.*

(2) The commencement and completion dates for any required mitigation associated with a phased construction project are extended so that mitigation takes place in the same timeframe relative to the phase as originally permitted.

(3) The holder of a valid permit or other authorization that is eligible for the 2-year extension must notify the authorizing agency in writing by December 31, 2011, identifying the specific authorization for which the holder intends to use the extension and the anticipated timeframe for acting on the authorization.

(4) The extension provided for in subsection (1) does not apply to:

(a) A permit or other authorization under any programmatic or regional general permit issued by the Army Corps of Engineers.

(b) A permit or other authorization held by an owner or operator determined to be in significant noncompliance with the conditions of the permit or authorization as established through the issuance of a warning letter or notice of violation, the initiation of formal enforcement, or other equivalent action by the authorizing agency.

(c) A permit or other authorization, if granted an extension that would delay or prevent compliance with a court order.

(5) Permits extended under this section shall continue to be governed by the rules in effect at the time the permit was issued, except if it is

demonstrated that the rules in effect at the time the permit was issued would create an immediate threat to public safety or health. This provision applies to any modification of the plans, terms, and conditions of the permit which lessens the environmental impact, except that any such modification does not extend the time limit beyond 2 additional years.

(6) This section does not impair the authority of a county or municipality to require the owner of a property that has notified the county or municipality of the owner's intent to receive the extension of time granted pursuant to this section to maintain and secure the property in a safe and sanitary condition in compliance with applicable laws and ordinances.

Section 80. *The Division of Statutory Revision is directed to replace the phrase "the effective date of this act" wherever it occurs in this act with the date this act becomes a law.*

Section 81. This act shall take effect upon becoming a law.

And the title is amended as follows:

Remove the entire title and insert: A bill to be entitled An act relating to growth management; amending s. 163.3161, F.S.; redesignating the "Local Government Comprehensive Planning and Land Development Regulation Act" as the "Community Planning Act"; revising and providing intent and purpose of act; amending s. 163.3164, F.S.; revising definitions; amending s. 163.3167, F.S.; revising scope of the act; revising and providing duties of local governments and municipalities relating to comprehensive plans; deleting retroactive effect; creating s. 163.3168, F.S.; encouraging local governments to apply for certain innovative planning tools; authorizing the state land planning agency and other appropriate state and regional agencies to use direct and indirect technical assistance; amending s. 163.3171, F.S.; providing legislative intent; amending s. 163.3174, F.S.; deleting certain notice requirements relating to the establishment of local planning agencies by a governing body; amending s. 163.3175, F.S.; providing that certain comments, underlying studies, and reports provided by a military installation's commanding officer are not binding on local governments; providing additional factors for local government consideration in impacts to military installations; clarifying requirements for adopting criteria to address compatibility of lands relating to military installations; amending s. 163.3177, F.S.; revising and providing duties of local governments; revising and providing required and optional elements of comprehensive plans; revising requirements of schedules of capital improvements; revising and providing provisions relating to capital improvements elements; revising major objectives of, and procedures relating to, the local comprehensive planning process; revising and providing required and optional elements of future land use plans; providing required transportation elements; revising and providing required conservation elements; revising and providing required housing elements; revising and providing required coastal management elements; revising and providing required intergovernmental coordination elements; amending s. 163.31777, F.S.; revising requirements relating to public schools' interlocal agreements; deleting duties of the Office of Educational Facilities, the state land planning agency, and local governments relating to such agreements; deleting an exemption; amending s. 163.3178, F.S.; deleting a deadline for local governments to amend coastal management elements and future land use maps; amending s. 163.3180, F.S.; revising and providing provisions relating to concurrency; revising concurrency requirements; revising application and findings; revising local government requirements; revising and providing requirements relating to transportation concurrency, transportation concurrency exception areas, urban infill, urban redevelopment, urban service, downtown revitalization areas, transportation concurrency management areas, long-term transportation and school concurrency management systems, development of regional impact, school concurrency, service areas, financial feasibility, interlocal agreements, and multimodal transportation districts; revising duties of the Office of Program Policy Analysis and the state land planning agency; providing requirements for local plans; providing for the limiting the liability of local governments under certain conditions; amending s. 163.3182, F.S.; revising definitions; revising provisions relating to transportation deficiency plans and projects; amending s. 163.3184, F.S.; providing a definition; providing requirements for comprehensive plans and plan amendments; providing a expedited state review process for adoption of comprehensive plan amendments; providing requirements for the adoption of comprehensive plan amendments; creating the state-coordinated review process; providing and revising provisions relating to the review process; revising requirements relating to local government transmittal of proposed plan or amendments; providing for comment by reviewing agencies; deleting provisions relating to regional, county, and municipal review; revising provisions relating to state land planning agency review; revising provisions relating to local government review of comments; deleting and revising provisions relating to notice of intent and processes for compliance and noncompliance; providing procedures for administrative challenges to plans and plan amendments; providing for compliance agreements; providing for mediation and expeditious resolution; revising powers and duties of the administration commission; revising provisions relating to areas of critical state concern; providing for concurrent zoning; amending s. 163.3187, F.S.; deleting provisions relating to the amendment of adopted comprehensive plan and providing the process for adoption of small-scale comprehensive plan amendments; repealing s. 163.3189, F.S., relating to process for amendment of adopted comprehensive plan; amending s. 163.3191, F.S., relating to the evaluation and appraisal of comprehensive plans; providing and revising local government requirements including notice, amendments, compliance, mediation, reports, and scoping meetings; amending s. 163.3229, F.S.; revising limitations on duration of development agreements; amending s. 163.3235, F.S.; revising requirements for periodic reviews of a development agreements; amending s. 163.3239, F.S.; revising recording requirements; amending s. 163.3243, F.S.; revising parties who may file an action for injunctive relief; amending s. 163.3245, F.S.; revising provisions relating to optional sector plans; authorizing the adoption of sector plans under certain circumstances; amending s. 163.3246, F.S.; revising provisions relating to the local government comprehensive planning certification program; conforming provisions to changes made by the act; deleting reporting requirements of the Office of Program Policy Analysis and Government Accountability; repealing s. 163.32465, F.S., relating to state review of local comprehensive plans in urban areas; amending s. 163.3247, F.S.; providing for future repeal and abolition of the Century Commission for a Sustainable Florida; creating s. 163.3248, F.S.; providing for the designation of rural land stewardship areas; providing purposes and requirements for the establishment of such areas; providing for the creation of rural land stewardship overlay zoning district and transferable rural land use credits; providing certain limitation relating to such credits; providing for incentives; providing eligibility for incentives; providing legislative intent; amending s. 380.06, F.S.; revising requirements relating to the issuance of permits for development by local governments; revising criteria for the determination of substantial deviation; providing for extension of certain expiration dates; revising exemptions governing developments of regional impact; revising provisions to conform to changes made by this act; amending s. 380.0651, F.S.; revising provisions relating to statewide guidelines and standards for certain multiscreen movie theaters, industrial plants, industrial parks, distribution, warehousing and wholesaling facilities, and hotels and motels; revising criteria for the determination of when to treat two or more developments as a single development; amending s. 331.303, F.S.; conforming a cross-reference; amending s. 380.115, F.S.; subjecting certain developments required to undergo development-of-regional-impact review to certain procedures; amending s. 380.065, F.S.; deleting certain reporting requirements; conforming provisions to changes made by the act; amending s. 380.0685, F.S., relating to use of surcharges for beach renourishment and restoration; repealing Rules 9J-5 and 9J-11.023, Florida Administrative Code, relating to minimum criteria for review of local government comprehensive plans and plan amendments, evaluation and appraisal reports, land development regulations, and determinations of compliance; amending ss. 70.51, 163.06, 163.2517, 163.3162, 163.3217, 163.3220, 163.3221, 163.3229, 163.360, 163.516, 171.203, 186.513, 189.415, 190.004, 190.005, 193.501, 287.042, 288.063, 288.975, 290.0475, 311.07, 331.319, 339.155, 339.2819, 369.303, 369.321, 378.021, 380.115, 380.031, 380.061, 403.50665, 403.973, 420.5095, 420.615, 420.5095, 420.9071, 420.9076, 720.403, 1013.30, 1013.33, and 1013.35, F.S.; revising provisions to conform to changes made by this act; extending permits and other authorizations extended under s. 14, ch. 2009-96, Laws of Florida; extending certain previously granted buildout dates; requiring a permitholder to notify the authorizing agency of its intended use of the extension; exempting certain permits from eligibility for an extension; providing for applicability of rules governing permits; declaring that certain provisions do not impair the authority of counties and municipalities under certain circumstances; requiring the state land planning agency to review certain administrative and judicial proceedings; providing procedures for such review; providing that all local governments shall be governed by certain provisions of general law; allowing specified amendments to be adopted upon approval by the local government; directing the Department of Transportation to report on the calculation of proportionate share; providing for severability; creat-

ing a 2-year permit extension; providing a directive of the Division of Statutory Revision; providing an effective date.

On motion by Senator Gaetz, the Conference Committee Report on **HB 7207** was adopted. **HB 7207** passed by the required constitutional three-fifths vote of the membership as amended by the Conference Committee Report and was certified to the House. The vote on passage was:

Yeas—34

Yea to Nay—Sobel, Storms

The Honorable Mike Haridopolos, President

I am directed to inform the Senate that the House of Representatives has accepted the Conference Committee Report as an entirety and passed CS for HB 641, as amended by the Conference Committee Report.

Robert L. "Bob" Ward, Clerk

CONFERENCE COMMITTEE REPORT ON CS for HB 641

The Honorable Mike Haridopolos May 5, 2011
President of the Senate

The Honorable Dean Cannon
Speaker, House of Representatives

Dear Mr. President and Mr. Speaker:

Your Conference Committee on the disagreeing votes of the two houses on CS for HB 641, same being:

An act relating to the contaminated site rehabilitation tax credit.

having met, and after full and free conference, do recommend to their respective houses as follows:

1. That the Senate recede from its Amendment 1.
2. That the Senate and House of Representatives adopt the Conference Committee Amendment attached hereto, and by reference made a part of this report.

The Conference Committee Amendment for CS for HB 641, relating to Tax Administration, provides for the following:

Estate Tax Filing Requirement – The bill extends until December 31, 2012, a provision that relieves an estate with a zero Florida tax liability from the requirement to file an estate tax return.

Beverage and Tobacco Wholesaler Reports – The bill requires alcohol and tobacco wholesalers to annually provide information to the Department of Revenue regarding sales to retailers. The information will assist in the Department's enforcement of the state sales tax.

Conference Committee Amendment (600545)(with title amendment)—Remove everything after the enacting clause and insert:

Section 1. Retroactive to January 1, 2011, subsection (4) of section 198.13, Florida Statutes, is amended to read:

198.13 Tax return to be made in certain cases; certificate of nonliability.—

(4) Notwithstanding any other provisions of this section and applicable to the estate of a decedent who dies after December 31, 2004, if, upon the death of the decedent, a state death tax credit or a generation-skipping transfer credit is not allowable pursuant to the Internal Revenue Code of 1986, as amended:

(a) The personal representative of the estate is not required to file a return under subsection (1) in connection with the estate.

(b) The person who would otherwise be required to file a return reporting a generation-skipping transfer under subsection (3) is not required to file such a return in connection with the estate.

The provisions of this subsection do not apply to estates of decedents dying after December 31, *2012* ~~2010~~.

Section 1. Section 212.133, Florida Statutes, is created to read:

212.133 Information reports required for sales of alcoholic beverages and tobacco products.—

(1)(a) For the sole purpose of enforcing the collection of the tax levied by this chapter on retail sales, the department shall require every seller of alcoholic beverages or tobacco products to file an information report of any sales of those products to any retailer in this state.

(b) As used in this section, the term:

1. "Retailer" means a person engaged in the business of making sales at retail and who holds a license pursuant to chapters 561 through 565 or a permit pursuant to chapters 210 and 569.

2. "Seller" means any manufacturer, wholesaler, or distributor of alcoholic beverages or tobacco products who sells to a retailer in this state.

(2)(a) The information report must be filed electronically by using the department's e-filing website or secure file transfer protocol or electronic data interchange files with the department's e-filing provider. The information report must contain:

1. The seller's name.

2. The seller's beverage license or tobacco permit number.

3. The retailer's name.

4. The retailer's beverage license or tobacco permit number.

5. The retailer's address, including street address, municipality, state, and five-digit zip code.

6. The general item type, such as cigarettes, cigars, tobacco, beer, wine, spirits, or any combination of those items.

7. The net monthly sales total, in dollars sold to each retailer.

(b) The department may annually waive the requirement to submit the information report through an electronic data interchange due to problems arising from the seller's computer capabilities, data system changes, or operating procedures. The annual request for a waiver must be in writing and the seller must demonstrate that such circumstances exist. A waiver under this paragraph does not operate to relieve the seller from the obligation to file an information report.

(3) The information report must contain the required information for the period from July 1 through June 30. The information report is due annually on July 1 for the preceding reporting period and is delinquent if not received by the department by September 30.

(4) Any seller who fails to provide the information report by September 30 is subject to a penalty of $1,000 for every month, or part thereof, the report is not provided, up to a maximum amount of $10,000. This penalty must be settled or compromised if it is determined by the department that the noncompliance is due to reasonable cause and not to willful negligence, willful neglect, or fraud.

Section 2. This act shall take effect upon becoming a law.

And the title is amended as follows:

Remove the entire title and insert: A bill to be entitled An act relating to tax administration; amending s. 198.13, F.S.; extending the period of exemption under certain circumstances from the filing of returns with respect to tax on estates of decedents or tax on generation-skipping transfers; providing for retroactive application; creating s. 212.133, F.S.; requiring sellers of alcoholic beverages or tobacco products to file information reports of sales of those products to retailers in this state with the Department of Revenue; providing definitions; requiring such reports to be filed electronically and to include specified information; authorizing the department to waive certain requirements; providing penalties for noncompliance; providing an effective date.

On motion by Senator Bogdanoff, the Conference Committee Report on **CS for HB 641** was adopted. **CS for HB 641** passed as amended by the Conference Committee Report and was certified to the House. The vote on passage was:

Managers on the part of the House

The Conference Committee Amendment for HB 5011, relating to the Commission on Capital Cases, provides for the following:

- Repeals the Commission of Capital Cases from section 27.709, Florida Statutes.

- Requires the executive director of the Justice Administrative Commission to maintain the registry of capital collateral qualified attorneys.

- Requires the executive director of the Justice Administrative Commission to request additional attorneys to add to the registry when fewer than 50 attorneys are listed statewide on the registry.

Conference Committee Amendment (152215)(with title amendment)—Remove everything after the enacting clause and insert:

Section 1. *Section 27.709, Florida Statutes, is repealed.*

Section 2. Subsections (6) and (7) of section 27.7002, Florida Statutes, are amended to read:

27.7002 Limitation on collateral representation; lawyer disqualification; use of state funds for excess fees not authorized.—

(6) The executive director of the *Justice Administrative* Commission ~~on Capital Cases~~ is authorized to permanently remove from the registry of attorneys provided in ss. 27.710 and 27.711 any attorney who seeks compensation for services above the amounts provided in s. 27.711.

(7) Any attorney who notifies any court, judge, state attorney, the Attorney General, or the executive director of the *Justice Administrative* Commission ~~on Capital Cases~~, that he or she cannot provide adequate or proper representation under the terms and conditions set forth in s. 27.711 shall be permanently disqualified from any attorney registry created under this chapter unless good cause arises after a change in circumstances.

Section 3. Subsection (4) of section 27.702, Florida Statutes, is amended to read:

27.702 Duties of the capital collateral regional counsel; reports.—

(4)(a) The capital collateral regional counsel or private counsel shall give written notification of each pleading filed by that office and the name of the person filing the pleading to ~~the Commission on Capital Cases and to~~ the trial court assigned to the case.

(b) Each capital collateral regional counsel and each attorney participating in the pilot program in the northern region pursuant to s. 27.701(2) shall provide a quarterly report to the President of the Senate *and*~~,~~ the Speaker of the House of Representatives~~, and the Commission on Capital Cases~~ which details the number of hours worked by investigators and legal counsel per case and the amounts per case expended during the preceding quarter in investigating and litigating capital collateral cases.

Section 4. Subsections (1) and (4) of section 27.710, Florida Statutes, are amended to read:

27.710 Registry of attorneys applying to represent persons in postconviction capital collateral proceedings; certification of minimum requirements; appointment by trial court.—

(1) The executive director of the *Justice Administrative* Commission ~~on Capital Cases~~ shall compile and maintain a statewide registry of attorneys in private practice who have certified that they meet the minimum requirements of s. 27.704(2), who are available for appointment by the court under this section to represent persons convicted and sentenced to death in this state in postconviction collateral proceedings, and who have attended within the last year a continuing legal education program of at least 10 hours' duration devoted specifically to the defense of capital cases, if available. Continuing legal education programs meeting the requirements of this rule offered by The Florida Bar or another recognized provider and approved for continuing legal education credit by The Florida Bar shall satisfy this requirement. The failure to comply with this requirement may be cause for removal from the list until the requirement is fulfilled. To ensure that sufficient attorneys are available for appointment by the court, when the number of attorneys on the registry falls below 50, the executive director shall notify the chief judge of each circuit by letter and request the chief judge to promptly submit the names of at least three private attorneys who regularly practice criminal law in that circuit and who appear to meet the minimum requirements to represent persons in postconviction capital collateral proceedings. The executive director shall send an application to each attorney identified by the chief judge so that the attorney may register for appointment as counsel in postconviction capital collateral proceedings. As necessary, the executive director may also advertise in legal publications and other appropriate media for qualified attorneys interested in registering for appointment as counsel in postconviction capital collateral proceedings. Not later than September 1 of each year, and as necessary thereafter, the executive director shall provide to the Chief Justice of the Supreme Court, the chief judge and state attorney in

each judicial circuit, and the Attorney General a current copy of its registry of attorneys who are available for appointment as counsel in postconviction capital collateral proceedings. The registry must be indexed by judicial circuit and must contain the requisite information submitted by the applicants in accordance with this section.

(4) Each private attorney who is appointed by the court to represent a capital defendant must enter into a contract with the Chief Financial Officer. If the appointed attorney fails to execute the contract within 30 days after the date the contract is mailed to the attorney, the executive director ~~of the Commission on Capital Cases~~ shall notify the trial court. The Chief Financial Officer shall develop the form of the contract, function as contract manager, and enforce performance of the terms and conditions of the contract. By signing such contract, the attorney certifies that he or she intends to continue the representation under the terms and conditions set forth in the contract until the sentence is reversed, reduced, or carried out or until released by order of the trial court.

Section 5. Paragraph (b) of subsection (1) of section 27.711, Florida Statutes, is amended to read:

27.711 Terms and conditions of appointment of attorneys as counsel in postconviction capital collateral proceedings.—

(1) As used in s. 27.710 and this section, the term:

(b) "Executive director" means the executive director of the *Justice Administrative* Commission ~~on Capital Cases~~.

Section 6. This act shall take effect July 1, 2011.

And the title is amended as follows:

Remove the entire title and insert: A bill to be entitled An act relating to the Commission on Capital Cases; repealing s. 27.709, F.S., relating to the creation of the Commission on Capital Cases; amending ss. 27.7002, 27.702, 27.710, and 27.711, F.S.; providing for assumption of certain duties of the Commission on Capital Cases by the Justice Administrative Commission; conforming provisions to changes made by the act; providing an effective date.

On motion by Senator Fasano, the Conference Committee Report on **HB 5011** was adopted. **HB 5011** passed as amended by the Conference Committee Report and was certified to the House. The vote on passage was:

INTRODUCTION OF RESOLUTION

First Reading

On motion by Senator Thrasher, by unanimous consent—

By Senator Thrasher—

SCR 2230—A concurrent resolution extending the 2011 Regular Session of the Florida Legislature under the authority of Section 3(d), Article III of the State Constitution.

WHEREAS, the 60 days of the 2011 Regular Session of the Florida Legislature will expire on Friday May 6, 2011, and the necessary tasks of the session have not been completed, NOW, THEREFORE,

Be It Resolved by the Senate of the State of Florida, the House of Representatives Concurring:

That the 2011 Regular Session of the Florida Legislature is extended until 6 p.m., Saturday, May 7, under the authority of Section 3(d), Article III of the State Constitution.

BE IT FURTHER RESOLVED that the regular session so extended shall consider only the following matters:

(1) Senate Bill 2000, the General Appropriations bill, or any Senate and House Conference Committee Report thereon.

(2) Senate Bill 2002, the Appropriations Implementing bill, or any Senate and House Conference Committee Report thereon.

(3) Any bill, or any Senate and House Conference Committee Report thereon, under consideration before Thursday, May 5, 2011, by a Conference Committee appointed by each house.

BE IT FURTHER RESOLVED that all other measures in both houses are indefinitely postponed and withdrawn from consideration of the respective house as of 12 a.m., Saturday, May 7, 2011.

BE IT FURTHER RESOLVED that upon recess or adjournment Saturday, May 7, 2011, either house may reconvene upon the call of its presiding officer.

—was introduced out of order and read by title. On motion by Senator Thrasher, by two-thirds vote **SCR 2230** was read the second time in full, adopted by the required constitutional three-fifths vote of the members present and voting and certified to the House. The vote on passage was:

Yeas—37

Mr. President	Gaetz	Rich
Alexander	Garcia	Richter
Altman	Gardiner	Ring
Benacquisto	Hays	Sachs
Bennett	Hill	Simmons

MESSAGES FROM THE GOVERNOR AND OTHER EXECUTIVE BUSINESS

EXECUTIVE APPOINTMENTS SUBJECT TO CONFIRMATION BY THE SENATE:

The Secretary of State has certified that pursuant to the provisions of section 114.05, Florida Statutes, certificates subject to confirmation by the Senate have been prepared for the following:

Office and Appointment	*For Term Ending*
Board of Medicine	
Appointee: Zachariah, Zachariah P., M.D., Sea Ranch Lakes	10/31/2014

Referred to the Rules Subcommittee on Ethics and Elections.

REPORTS OF COMMITTEE RELATING TO EXECUTIVE BUSINESS

Mr. R. Philip Twogood May 6, 2011
Secretary, The Florida Senate

Dear Mr. Secretary:

Please be advised that the following executive appointments were not acted on by the full Senate upon adjournment of the 2011 Session of the Florida Legislature:

Office and Appointment	*For Term Ending*
Council on Efficient Government	
Appointee: Evans, Steven L.	08/22/2011
Adjutant General of Florida National Guard	
Appointee: Titshaw, Emmett R., Jr.	Pleasure of Governor

The Senate Rules Subcommittee on Ethics and Elections did not consider the appointee Steven L. Evans because the Council on Efficient Government was repealed on 7/1/2010.

The Senate Rules Subcommittee on Ethics and Elections did not consider the appointee Emmitt R. Titshaw, Jr. because the term expired.

Respectfully submitted,
Miguel Diaz de la Portilla, Chair

Mr. R. Philip Twogood May 6, 2011
Secretary, The Florida Senate

Dear Mr. Secretary:

The following executive appointments were referred to the Senate Committee on Higher Education and the Senate Rules Subcommittee on Ethics and Elections for action pursuant to Rule 12.7(1) of the Rules of the Florida Senate. The Senate Committee Higher Education and the Senate Rules Subcommittee did not consider the following appointments and the appointees were left pending and were not acted on by the Senate upon adjournment of the 2011 Regular Session of the Florida Legislature:

Office and Appointment	*For Term Ending*

Appointee:	Sprouls, John R., Esquire	01/06/2016
Board of Trustees, Florida International University		
Appointees:	Armas, Jose	01/06/2016
	de la Vega, Mayi	01/06/2016

Respectfully submitted,
Miguel Diaz de la Portilla, Chair

MESSAGES FROM THE HOUSE OF REPRESENTATIVES

FIRST READING

The Honorable Mike Haridopolos, President

I am directed to inform the Senate that the House of Representatives has passed HB 609, CS for CS for HB 1037, CS for HB 1463, CS for HB 7209; has passed as amended CS for CS for HB 119, CS for HB 567 and requests the concurrence of the Senate.

Robert L. "Bob" Ward, Clerk

By Representative(s) Coley—

HB 609—A bill to be entitled An act for the relief of Laron S. Harris, Jr., by and through his parents, Melinda Williams and Laron S. Harris, Sr., and Melinda Williams and Laron S. Harris, Sr., individually, by the North Broward Hospital District, d/b/a Coral Springs Medical Center; providing for an appropriation to compensate them for injuries sustained as a result of the negligence of the Coral Springs Medical Center; providing a limitation on the payment of fees and costs; providing an effective date.

—was referred to the Special Master on Claim Bills; and the Committee on Rules.

By Health & Human Services Committee, Health & Human Services Quality Subcommittee and Representative(s) Bembry, Passidomo, Corcoran, Schwartz—

CS for CS for HB 1037—A bill to be entitled An act relating to continuing care retirement communities; providing for the provision of continuing care at-home; amending s. 651.011, F.S.; revising definitions; defining "continuing care at-home," "nursing care," "personal services," and "shelter"; amending s. 651.012, F.S.; conforming a cross-reference; amending s. 651.013, F.S.; conforming provisions to changes made by the act; amending s. 651.021, F.S., relating to the requirement for certificates of authority; requiring that a person in the business of issuing continuing care at-home contracts obtain a certificate of authority from the Office of Insurance Regulation; requiring written approval from the Office of Insurance Regulation for a 20 percent or more expansion in the number of continuing care at-home contracts; providing that an actuarial study may be substituted for a feasibility study in specified circumstances; amending s. 651.022, F.S., relating to provisional certificates of authority; conforming provisions to changes made by the act; amending s. 651.023, F.S., relating to an application for a certificate of authority; specifying the content of the feasibility study that is included in the application for a certificate; requiring the same minimum reservation requirements for continuing care at-home contracts as continuing care contracts; requiring that a certain amount of the entrance fee collected for contracts resulting from an expansion be placed in an escrow account or on deposit with the department; amending ss. 651.033, 651.035, and 651.055, F.S.; requiring a facility to provide proof of compliance with a residency contract; conforming provisions to changes made by the act; providing application relating to the entitlement of a prospective resident, resident, or resident's estate to interest on a deposit or entrance fee; creating s. 651.057, F.S.; providing additional requirements for continuing care at-home contracts; requiring that a provider who wishes to offer continuing care at-home contracts submit certain additional documents to the office; requiring that the provider comply with certain requirements; limiting the number of continuing care and continuing care at-home contracts at a facility based on the types of units at the facility; amending ss. 651.071, 651.091, 651.106, 651.114, 651.118, 651.121, and 651.125, F.S.; conforming provisions to changes made by the act; providing an effective date.

—was referred to the Committees on Children, Families, and Elder Affairs; Banking and Insurance; and Budget.

By Health & Human Services Committee and Representative(s) Hudson, Workman—

CS for HB 1463—A bill to be entitled An act relating to crisis stabilization units; amending s. 394.875, F.S.; directing the Department of Children and Family Services to implement a demonstration project in circuit 18 to test the impact of expanding the maximum number of crisis stabilization unit beds; providing an effective date.

—was referred to the Committees on Health Regulation; and Budget.

By Economic Affairs Committee, Business & Consumer Affairs Subcommittee and Representative(s) Crisafulli—

CS for HB 7209—A bill to be entitled An act relating to the consumer services functions of the Department of Agriculture and Consumer Services; amending s. 320.90, F.S.; transferring responsibility for distribution of a motor vehicle consumer's rights pamphlet from the department to the Department of Highway Safety and Motor Vehicles; amending s. 493.6105, F.S.; revising the application requirements and procedures for certain private investigator, private security, or repossession service; deleting a requirement that certain applicants submit photographs with their applications; revising the certifications that a person applying for a Class "K" firearms instructor license must possess; amending s. 493.6106, F.S.; revising the citizenship or immigration requirements for licenses issued by the department; prohibiting the licensure of applicants for a Class "G" statewide firearm license or Class "K" firearms instructor license who are prohibited by law from purchasing or possessing firearms; requiring that private investigative, private security, and recovery agencies notify the department of changes to their branch office locations; making grammatical and technical changes; amending s. 493.6107, F.S.; revising requirements for the method of payment of license fees for certain licensees; amending s. 493.6108, F.S.; requiring the department to investigate the mental history and current mental and emotional fitness of applicants for a Class "K" firearms instructor license; amending s. 493.6111, F.S.; revising the validity period for Class "K" firearms instructor licenses; requiring a security officer school or recovery agent school to obtain written authorization from the department before operating under a fictitious name; specifying that a licensee may not operate under more than one fictitious name; amending s. 493.6113, F.S.; deleting a requirement that

Class "A" private investigative agency licensees and Class "R" recovery agency licensees provide evidence of certain insurance coverage to renew a license; requiring a Class "K" firearms instructor licensee to submit proof of certification to provide firearms instruction; amending s. 493.6115, F.S.; conforming cross-references; amending s. 493.6118, F.S.; authorizing the department to take disciplinary action against a Class "G" statewide firearms licensee or applicant or a Class "K" firearms instructor licensee or applicant if the person is prohibited by law from purchasing or possessing a firearm; amending s. 493.6121, F.S.; deleting a provision authorizing the department to have access to certain criminal history information of the purchaser of a firearm; amending s. 493.6202, F.S.; revising requirements for the method of payment of examination and license fees for certain licensees; amending s. 493.6203, F.S.; providing that experience as a bodyguard does not qualify as experience or training for purposes of a Class "MA" or Class "C" license; requiring an initial applicant for a Class "CC" license to complete specified training courses; conforming a cross-reference; amending s. 493.6302, F.S.; revising requirements for the method of payment of license fees for certain licensees; amending s. 493.6303, F.S.; requiring an applicant for an initial Class "D" security officer license to complete specified training courses; amending s. 493.6304, F.S.; requiring an application for a security officer school or training facility to be verified under oath; amending ss. 493.6401 and 493.6402, F.S.; renaming repossessors as "recovery agents"; revising requirements for the method of payment of the license fees for certain licensees; amending s. 493.6406, F.S.; requiring recovery agent schools or instructors to be licensed by the department to offer training to Class "E" licensees and applicants; revising application requirements for recovery agent school and instructor licenses; amending s. 500.03, F.S.; providing and revising definitions for purposes of the Florida Food Safety Act; amending s. 500.121, F.S.; providing penalties for food safety violations committed by cottage food operations; creating s. 500.80, F.S.; exempting cottage food operations from food permitting requirements; limiting the annual gross sales of cottage food operations and the methods by which cottage food products may be sold or offered for sale; requiring certain packaging and labeling of cottage food products; limiting the sale of cottage food products to certain locations; providing for application; authorizing the Department of Agriculture and Consumer Services to investigate complaints and enter into the premises of a cottage food operation; amending s. 501.145, F.S.; deleting authority for the department to bring actions for injunctive relief under the Bedding Label Act; deleting the definitions of certain terms to conform; amending s. 501.160, F.S.; deleting authorization for the department to enforce certain prohibitions against unconscionable practices during a declared state of emergency; amending s. 525.01, F.S.; revising requirements for petroleum fuel affidavits; amending s. 526.06, F.S.; revising prohibited acts related to certain mixing, blending, compounding, or adulterating of liquid fuels; deleting certain provisions authorizing the sale of ethanol-blended fuels for use in motor vehicles; amending s. 539.001, F.S.; correcting a reference to a local business tax receipt; amending ss. 681.102, 681.103, 681.108, 681.109, 681.1095, 681.1096, 681.112, and 681.117, F.S.; transferring the duties of the Division of Consumer Services of the Department of Agriculture and Consumer Services for enforcement of the Motor Vehicle Warranty Enforcement Act and related to the Florida New Motor Vehicle Arbitration Board to the Department of Legal Affairs; conforming provisions; revising procedures and notice requirements for arbitration disputes; authorizing the Department of Legal Affairs to adopt rules; providing an effective date.

—was referred to the Committees on Commerce and Tourism; Budget Subcommittee on General Government Appropriations; Budget; and Rules.

By Health & Human Services Committee, Health & Human Services Quality Subcommittee and Representative(s) Hudson, Van Zant—

CS for CS for HB 119—A bill to be entitled An act relating to health care; amending s. 83.42, F.S., establishing that s. 400.0255, F.S., provides exclusive procedures for resident transfer and discharge; amending s. 112.0455, F.S., relating to the Drug-Free Workplace Act; deleting an obsolete provision; deleting a requirement that a laboratory that conducts drug tests submit certain reports to the Agency for Health Care Administration; amending s. 318.21, F.S.; revising distribution of funds from civil penalties imposed for traffic infractions by county courts; repealing s. 383.325, F.S., relating to confidentiality of inspection reports of licensed birth center facilities; amending s. 395.002, F.S.; revising and deleting definitions applicable to regulation of hospitals and other licensed facilities; conforming a cross-reference; amending s. 395.003, F.S.; deleting an obsolete provision; conforming a cross-reference; amending s. 395.0161, F.S.; deleting a provision requiring licensure inspection fees for hospitals, ambulatory surgical centers, and mobile surgical facilities to be paid at the time of the inspection; amending s. 395.0193, F.S.; requiring a licensed facility to report certain peer review information and final disciplinary actions to the Division of Medical Quality Assurance of the Department of Health rather than the Division of Health Quality Assurance of the Agency for Health Care Administration; amending s. 395.1023, F.S.; providing for the Department of Children and Family Services rather than the Department of Health to perform certain functions with respect to child protection cases; requiring certain hospitals to notify the Department of Children and Family Services of compliance; amending s. 395.1041, F.S., relating to hospital emergency services and care; deleting obsolete provisions; repealing s. 395.1046, F.S., relating to complaint investigation procedures; amending s. 395.1055, F.S.; requiring additional housekeeping and sanitation procedures in licensed facilities for infection control purposes; requiring licensed facility beds to conform to standards specified by the Agency for Health Care Administration, the Florida Building Code, and the Florida Fire Prevention Code; amending s. 395.10972, F.S.; revising a reference to the Florida Society of Healthcare Risk Management to conform to the current designation; amending s. 395.2050, F.S.; revising a reference to the federal Health Care Financing Administration to conform to the current designation; amending s. 395.3036, F.S.; correcting a reference; repealing s. 395.3037, F.S., relating to redundant definitions; amending ss. 154.11, 394.741, 395.3038, 400.925, 400.9935, 408.05, 440.13, 627.645, 627.668, 627.669, 627.736, 641.495, and 766.1015, F.S.; revising references to the Joint Commission on Accreditation of Healthcare Organizations, the Commission on Accreditation of Rehabilitation Facilities, and the Council on Accreditation to conform to their current designations; amending s. 395.4025, F.S.; authorizing the Department of Health to grant additional extensions for trauma center applicants under certain circumstances; amending s. 395.602, F.S.; revising the definition of the term "rural hospital" to delete an obsolete provision; amending s. 400.021, F.S.; revising the definition of the term "geriatric outpatient clinic" to include additional staff; revising the term "resident care plan"; removing a provision that requires certain signatures on the plan; amending s. 400.0255, F.S.; correcting an obsolete cross-reference to administrative rules; amending s. 400.063, F.S.; deleting an obsolete provision; amending ss. 400.071 and 400.0712, F.S.; revising applicability of general licensure requirements under part II of ch. 408, F.S., the Health Care Licensing Procedures Act, to applications for nursing home licensure; revising provisions governing inactive licenses; amending s. 400.111, F.S.; providing for disclosure of controlling interest of a nursing home facility upon request by the Agency for Health Care Administration; amending s. 400.1183, F.S.; revising grievance record maintenance and reporting requirements for nursing homes; amending s. 400.141, F.S.; providing criteria for the provision of respite services by nursing homes; requiring a written plan of care; requiring a contract for services; requiring resident release to caregivers to be designated in writing; providing an exemption to the application of discharge planning rules; providing for residents' rights; providing for use of personal medications; providing terms of respite stay; providing for communication of patient information; requiring a physician's order for care and proof of a physical examination; providing for services for respite patients and duties of facilities with respect to such patients; conforming a cross-reference; requiring facilities to maintain clinical records that meet specified standards; providing a fine relating to an admissions moratorium; deleting requirement for facilities to submit certain information related to management companies to the agency; deleting a requirement for facilities to notify the agency of certain bankruptcy filings to conform to changes made by the act; providing a limit on fees charged by a facility for copies of patient records; amending s. 400.142, F.S.; deleting language relating to agency adoption of rules; repealing s. 400.145, F.S., relating to records of care and treatment of residents; repealing ss. 400.0234 and 429.294, F.S., relating to availability of facility records for investigation of resident's rights violations and defenses; amending 400.147, F.S.; removing a requirement for nursing

homes and related health care facilities to notify the agency within a specified period of time after receipt of an adverse incident report; revising reporting requirements for licensed nursing home facilities relating to adverse incidents; repealing s. 400.148, F.S., relating to the Medicaid "Up-or-Out" Quality of Care Contract Management Program; amending s. 400.179, F.S.; deleting an obsolete provision; amending s. 400.19, F.S.; revising inspection requirements; amending s. 400.23, F.S.; deleting an obsolete provision; correcting a reference; directing the agency to adopt rules for minimum staffing standards in nursing homes that serve persons under 21 years of age; providing minimum staffing standards; amending s. 400.275, F.S.; revising agency duties with regard to training nursing home surveyor teams; revising requirements for team members; amending s. 400.462, F.S.; revising the definition of the term "remuneration" as it applies to home health agencies; amending s. 400.484, F.S.; revising the schedule of home health agency inspection violations; amending s. 400.506, F.S.; deleting language relating to exemptions from penalties imposed on nurse registries if a nurse registry does not bill the Florida Medicaid Program; providing criteria for an administrator to manage a nurse registry; amending s. 400.509, F.S.; revising the service providers exempt from licensure registration to include organizations that provide companion services only for persons with developmental disabilities; amending s. 400.606, F.S.; revising the content requirements of the plan accompanying an initial or change-of-ownership application for licensure of a hospice; revising requirements relating to certificates of need for certain hospice facilities; amending s. 400.607, F.S.; revising grounds for agency action against a hospice; amending s. 400.915, F.S.; correcting an obsolete cross-reference to administrative rules; amending s. 400.931, F.S.; deleting a requirement that an applicant for a home medical equipment provider license submit a surety bond to the agency; requiring applicants to submit documentation of accreditation within a specified period of time; amending s. 400.932, F.S.; revising grounds for the imposition of administrative penalties for certain violations by an employee of a home medical equipment provider; amending s. 400.967, F.S.; revising the schedule of inspection violations for intermediate care facilities for the developmentally disabled; providing a penalty for certain violations; amending s. 400.9905, F.S.; revising the definitions of the terms "clinic" and "portable equipment provider"; providing that part X of ch. 400, F.S., the Health Care Clinic Act, does not apply to certain clinical facilities, an entity owned by a corporation with a specified amount of annual sales of health care services under certain circumstances, an entity owned or controlled by a publicly traded entity with a specified amount of annual revenues, or an entity that employs a specified number of licensed health care practitioners under certain conditions; amending s. 400.991, F.S.; conforming terminology; revising application requirements relating to documentation of financial ability to operate a mobile clinic; amending s. 408.033, F.S.; permitting fees assessed on certain health care facilities to be collected prospectively at the time of licensure renewal and prorated for the licensure period; amending s. 408.034, F.S.; revising agency authority relating to licensing of intermediate care facilities for the developmentally disabled; amending s. 408.036, F.S.; deleting an exemption from certain certificate-of-need review requirements for a hospice or a hospice inpatient facility; deleting a requirement that the agency submit a report regarding requests for exemption; amending s. 408.037, F.S.; revising certificate-of-need requirements for general hospital applicants to evaluate the applicant's parent corporation if audited financial statements of the applicant do not exist; amending s. 408.043, F.S.; revising requirements for certain freestanding inpatient hospice care facilities to obtain a certificate of need; amending s. 408.061, F.S.; revising health care facility data reporting requirements; amending s. 408.10, F.S.; removing agency authority to investigate certain consumer complaints; amending s. 408.802, F.S.; removing applicability of part II of ch. 408, F.S., relating to general licensure requirements, to private review agents; amending s. 408.804, F.S.; providing penalties for altering, defacing, or falsifying a license certificate issued by the agency or displaying such an altered, defaced, or falsified certificate; amending s. 408.806, F.S.; revising agency responsibilities for notification of licensees of impending expiration of a license; requiring payment of a late fee for a license application to be considered complete under certain circumstances; amending s. 408.8065, F.S.; requiring home health agencies, home medical equipment providers, and health care clinics to submit projected financial statements; amending s. 408.809, F.S., relating to background screening of specified employees of health care providers; revising provisions for required rescreening; removing provisions authorizing the agency to adopt rules establishing a rescreening schedule; establishing a rescreening schedule; amending s. 408.810, F.S.; requiring disclosure of information by a controlling interest of certain court actions relating to financial instability within a specified time period; amending s. 408.813, F.S.; authorizing the agency to impose fines for unclassified violations of part II of ch. 408, F.S.; amending s. 408.815, F.S.; providing for certain mitigating circumstances to be considered for any application subject to denial; authorizing the agency to extend a license expiration date under certain circumstances; amending s. s. 409.212, F.S.; increasing the limit on the amount of additional supplementation provided by a third party under the optional state supplementation program; amending s. 409.91196, F.S.; revising components of a Medicaid prescribed-drug spending-control program; conforming a cross-reference; amending s. 409.912, F.S.; revising procedures for implementation of a Medicaid prescribed-drug spending-control program; amending s. 429.07, F.S.; deleting the requirement for an assisted living facility to obtain an additional license in order to provide limited nursing services; deleting the requirement for the agency to conduct quarterly monitoring visits of facilities that hold a license to provide extended congregate care services; deleting the requirement for the department to report annually on the status of and recommendations related to extended congregate care; deleting the requirement for the agency to conduct monitoring visits at least twice a year to facilities providing limited nursing services; eliminating the license fee for the limited nursing services license; transferring from another provision of law the requirement that the standard survey of an assisted living facility include specific actions to determine whether the facility is adequately protecting residents' rights; providing that under specified conditions an assisted living facility that has a class I or class II violation is subject to periodic unannounced monitoring; requiring a registered nurse to participate in certain monitoring visits; amending s. 429.11, F.S.; revising licensure application requirements for assisted living facilities to eliminate provisional licenses; amending s. 429.12, F.S.; deleting a requirement that a transferor of an assisted living facility advise the transferee to submit a plan for correction of certain deficiencies to the Agency for Health Care Administration before ownership of the facility is transferred; amending s. 429.14, F.S.; clarifying provisions relating to a facility's request for a hearing under certain circumstances; amending s. 429.17, F.S.; deleting provisions relating to the limited nursing services license; revising agency responsibilities regarding the issuance of conditional licenses; amending s. 429.195, F.S.; revising the list of entities prohibited from providing rebates; providing exceptions to prohibited patient brokering for assisted living facilities; amending s. 429.23, F.S.; deleting reporting requirements for assisted living facilities relating to liability claims; amending s. 429.255, F.S.; eliminating provisions authorizing the use of volunteers to provide certain health-care-related services in assisted living facilities; authorizing assisted living facilities to provide limited nursing services; requiring an assisted living facility to be responsible for certain recordkeeping and staff to be trained to monitor residents receiving certain health-care-related services; amending s. 429.28, F.S.; deleting a requirement for a biennial survey of an assisted living facility, to conform to changes made by the act; conforming a cross-reference; amending s. 429.41, F.S., relating to rulemaking; conforming provisions to changes made by the act; deleting the requirement for the Department of Elderly Affairs to submit a copy of proposed rules to the Legislature; amending s. 429.53, F.S.; revising provisions relating to consultation by the agency; revising a definition; amending s. 429.71, F.S.; revising schedule of inspection violations for adult family-care homes; amending s. 429.915, F.S.; revising agency responsibilities regarding the issuance of conditional licenses; amending s. 440.102, F.S.; deleting the requirement for laboratories to submit a monthly report to the agency with statistical information regarding the testing of employees and job applicants; amending s. 456.053, F.S.; revising the definition of the term "group practice" as it relates to financial arrangements of referring health care providers and providers of health care services to include group practices that provide radiation therapy services under certain circumstances; amending s. 483.035, F.S.; requiring certain clinical laboratories operated by one or more practitioners licensed under part I of ch. 464, F.S., the Nurse Practice Act, to be licensed under part I of ch. 483, F.S., the Florida Clinical Laboratory Law; amending s. 483.051, F.S.; establishing qualifications necessary for clinical laboratory licensure; amending s. 483.294, F.S.; revising fre-

quency of agency inspections of multiphasic health testing centers; amending s. 499.003, F.S.; removing the requirement for certain prescription drug purchasers to maintain a separate inventory of certain prescription drugs; amending s. 633.081, F.S.; limiting State Fire Marshal inspections of nursing homes to once a year; providing for additional inspections based on complaints and violations identified in the course of orientation or training activities; amending s. 766.202, F.S.; adding persons licensed under part XIV of ch. 468, F.S., relating to orthotics, prosthetics, and pedorthics, to the definition of "health care provider"; amending s. 817.505, F.S.; creating an exception to the patient brokering prohibition for assisted living facilities; amending ss. 394.4787, 400.0239, 408.07, 430.80, and 651.118, F.S.; conforming terminology and references to changes made by the act; revising a reference; establishing that assisted living facility licensure fees have been adjusted by Consumer Price Index since 1998 and are not intended to be reset by this act; providing an effective date.

—was referred to the Committees on Health Regulation; and Budget.

By Judiciary Committee and Representative(s) Hudson—

CS for HB 567—A bill to be entitled An act relating to judgment interest; amending s. 55.03, F.S.; requiring annual adjustments to the rate of interest payable on judgments; providing exceptions; revising the calculation of the interest rate; amending s. 717.1341, F.S.; conforming provisions to changes made by the act; providing an effective date.

—was referred to the Committees on Judiciary; Governmental Oversight and Accountability; and Budget.

RETURNING MESSAGES — FINAL ACTION

The Honorable Mike Haridopolos, President

I am directed to inform the Senate that the House of Representatives has adopted SCR 2230.

Robert L. "Bob" Ward, Clerk

The bill contained in the foregoing message was ordered enrolled.

The Honorable Mike Haridopolos, President

I am directed to inform the Senate that the House of Representatives has passed SB 2136, SB 2154 and SB 2162 as amended by the required constitutional three-fifths vote of the membership of the House; accepted the Conference Committee Report in its entirety and passed SB 2098, SB 2100, SB 2104, SB 2110, SB 2114, SB 2128, and SB 2160 as amended by the Conference Committee Report.

Robert L. "Bob" Ward, Clerk

The bills contained in the foregoing messages were ordered engrossed and then enrolled.

The Honorable Mike Haridopolos, President

I am directed to inform the Senate that the House of Representatives has concurred in Senate Amendment 1 and passed HB 501 as amended; concurred in Senate Amendment 1 and passed CS for CS for HB 7095 as amended; concurred in Senate Amendment 1 and passed CS for HB 7107 as amended; and concurred in Senate Amendment 1 and passed CS for HB 7109 as amended.

Robert L. "Bob" Ward, Clerk

VOTE PREFERENCE

Senator Benacquisto was recorded as voting "yea" on substitute Amendment 3 (527646) to CS for CS for CS for SB 408 which was passed as amended in the Senate on May 5, 2011.

CORRECTION AND APPROVAL OF JOURNAL

The Journal of May 5 was corrected and approved.

Evers	Negron	Wise

Excused: Senator Bullard

MESSAGES FROM THE HOUSE OF REPRESENTATIVES

The Honorable Mike Haridopolos, President

I am directed to inform the Senate that the House of Representatives has amended Senate Amendment 1, concurred in the same as amended, and passed CS for HB 143 as further amended, and requests the concurrence of the Senate.

Robert L. "Bob" Ward, Clerk

CS for HB 143—A bill to be entitled An act relating to tax credits; amending s. 220.02, F.S.; revising the priority of tax credits that may be taken against the corporate income tax or the franchise tax; amending s. 220.13, F.S.; redefining the term "adjusted federal income" to include the amount of certain tax credits; creating s. 220.1811, F.S.; authorizing aerospace-sector jobs tax credits and tuition reimbursement tax credits; defining terms; authorizing a tax credit to aerospace businesses based on the salary or tuition reimbursed to certain employees; specifying the maximum annual amount of tax credits for an aerospace business; limiting the annual amount of tax credits available; prohibiting a business from claiming an aerospace-sector jobs tax credit and a tuition reimbursement tax credit, or any other state tax credit or tax incentive refund, for the same employee; providing for the Department of Revenue to approve applications for tax credits; prohibiting increases in the amount of unused tax credits carried over in amended tax returns; providing fines and criminal penalties for certain unlawful claims of tax credits; authorizing the Department of Revenue to adopt rules; providing for the expiration of the tax credit program; providing for applicability; providing an effective date.

House Amendment 1 to Senate Amendment 1 (046765) (with title amendment)—Remove everything after the enacting clause and insert:

Section 1. Paragraph (f) of subsection (2) of section 14.2015, Florida Statutes, is amended to read:

14.2015 Office of Tourism, Trade, and Economic Development; creation; powers and duties.—

(2) The purpose of the Office of Tourism, Trade, and Economic Development is to assist the Governor in working with the Legislature, state agencies, business leaders, and economic development professionals to formulate and implement coherent and consistent policies and strategies designed to provide economic opportunities for all Floridians. To accomplish such purposes, the Office of Tourism, Trade, and Economic Development shall:

(f)~~1.~~ Administer the Florida Enterprise Zone Act under ss. 290.001-290.016, the community contribution tax credit program under ss. 220.183 and 624.5105, the tax refund program for qualified target industry businesses under s. 288.106, the tax-refund program for qualified defense contractors and space flight business contractors under s. 288.1045, contracts for transportation projects under s. 288.063, the sports franchise facility programs under ss. 288.1162 and 288.11621, the professional golf hall of fame facility program under s. 288.1168, the expedited permitting process under s. 403.973, the Rural Community Development Revolving Loan Fund under s. 288.065, the Regional Rural Development Grants Program under s. 288.018, the Certified Capital Company Act under s. 288.99, the Florida State Rural Development Council, the Rural Economic Development Initiative, *the corporate income tax credits for spaceflight projects under s. 220.194,* and other programs that are specifically assigned to the office by law, by the appropriations process, or by the Governor.

1. Notwithstanding any other provisions of law, the office may expend interest earned from the investment of program funds deposited in the Grants and Donations Trust Fund to contract for the administration of the programs, or portions of the programs, enumerated in this paragraph or assigned to the office by law, by the appropriations process, or by the Governor. Such expenditures *are* ~~shall be~~ subject to review under chapter 216.

2. The office may enter into contracts in connection with the fulfillment of its duties concerning the Florida First Business Bond Pool under chapter 159, tax incentives under chapters 212 and 220, tax incentives under the Certified Capital Company Act in chapter 288, foreign offices under chapter 288, the Enterprise Zone program under chapter 290, the Seaport Employment Training program under chapter 311, the Florida Professional Sports Team License Plates under chapter 320, Spaceport Florida under chapter 331, Expedited Permitting under chapter 403, and in carrying out other functions that are specifically assigned to the office by law, by the appropriations process, or by the Governor.

Section 2. Effective January 1, 2012, paragraph (a) of subsection (1) of section 72.011, Florida Statutes, is amended to read:

72.011 Jurisdiction of circuit courts in specific tax matters; administrative hearings and appeals; time for commencing action; parties; deposits.—

(1)(a) A taxpayer may contest the legality of any assessment or denial of refund of tax, fee, surcharge, permit, interest, or penalty provided for under s. 125.0104, s. 125.0108, chapter 198, chapter 199, chapter 201, chapter 202, chapter 203, chapter 206, chapter 207, chapter 210, chapter 211, chapter 212, chapter 213, chapter 220, ~~chapter 221,~~ s. 379.362(3),

chapter 376, s. 403.717, s. 403.718, s. 403.7185, s. 538.09, s. 538.25, chapter 550, chapter 561, chapter 562, chapter 563, chapter 564, chapter 565, chapter 624, or s. 681.117 by filing an action in circuit court; or, alternatively, the taxpayer may file a petition under the applicable provisions of chapter 120. However, once an action has been initiated under s. 120.56, s. 120.565, s. 120.569, s. 120.57, or s. 120.80(14)(b), no action relating to the same subject matter may be filed by the taxpayer in circuit court, and judicial review shall be exclusively limited to appellate review pursuant to s. 120.68; and once an action has been initiated in circuit court, no action may be brought under chapter 120.

Section 3. Effective January 1, 2012, section 72.041, Florida Statutes, is amended to read:

72.041 Tax liabilities arising under the laws of other states.—Actions to enforce lawfully imposed sales, use, and corporate income taxes and motor and other fuel taxes of another state may be brought in a court of this state under the following conditions:

(1) The state seeking to institute an action for the collection, assessment, or enforcement of a lawfully imposed tax must have extended a like courtesy to this state;

(2) Venue for any action under this section shall be the circuit court of the county in which the defendant resides;

(3) This section does not apply to the enforcement of tax warrants of another state unless the warrant has been obtained as a result of a judgment entered by a court of competent jurisdiction in the taxing state or unless the courts of the state seeking to enforce its warrant allow the enforcement of the warrants issued by the Department of Revenue pursuant to chapters 206, 212, 213, *and* 220~~, and 221~~; and

(4) All tax liabilities owing to this state or any of its subdivisions shall be paid first and shall be prior in right to any tax liability arising under the laws of other states.

Section 4. Section 216.138, Florida Statutes, is amended to read:

216.138 Authority to request additional analysis of *legislative proposals* ~~legislation~~.—

(1) The President of the Senate or the Speaker of the House of Representatives may request special impact ~~sessions of consensus~~ estimating conferences to evaluate *legislative proposals* ~~proposed legislation~~ based on tools and models not generally employed by the *consensus estimating* conferences, including cost-benefit, return-on-investment, or dynamic scoring techniques, when suitable and appropriate for the *legislative proposals* ~~legislation~~ being evaluated.

(2) Unless exempt from s. 119.07(1), information used to develop the analyses shall be available to the public. *In addition, all meetings of a special impact estimating conference shall be open to the public. The President of the Senate and the Speaker of the House of Representatives, jointly, shall be the sole judge for the interpretation, implementation, and enforcement of this subsection.*

(3) A special impact estimating conference shall consist of four principals: one person from the Executive Office of the Governor; the coordinator of the Office of Economic and Demographic Research, or his or her designee; one person from the professional staff of the Senate; and one person from the professional staff of the House of Representatives. Each principal shall have appropriate fiscal expertise in the subject matter of the legislative proposal. A separate special impact estimating conference may be appointed for each proposal.

(4) After the designation of the four principals, a special impact estimating conference shall convene to adopt official information relating to the proposal.

(a) A principal may invite any person to participate in a special impact estimating conference. Such person shall be designated as a participant. A participant shall, at the request of any principal before or during any meeting of a conference, collect and supply data, perform analyses, or provide other information needed by a conference.

(b) The principal from the Office of Economic and Demographic Research may convene any of the conferences established in s. 216.136 to reach a consensus on supplemental information required for the analysis of the proposed legislation.

(c) All official information of a special impact estimating conference shall be adopted by consensus of all of the principals of the conference. For the purposes of this section, the terms "official information" and "consensus" have the same meanings as provided in s. 216.133.

Section 5. Subsection (8) of section 220.02, Florida Statutes, is amended to read:

220.02 Legislative intent.—

(8) It is the intent of the Legislature that credits against either the corporate income tax or the franchise tax be applied in the following order: those enumerated in s. 631.828, those enumerated in s. 220.191, those enumerated in s. 220.181, those enumerated in s. 220.183, those enumerated in s. 220.182, those enumerated in s. 220.1895, those enumerated in s. 221.02, those enumerated in s. 220.184, those enumerated in s. 220.186, those enumerated in s. 220.1845, those enumerated in s. 220.19, those enumerated in s. 220.185, those enumerated in s. 220.1875, those enumerated in s. 220.192, those enumerated in s. 220.193, those enumerated in s. 288.9916, those enumerated in s. 220.1899, ~~and~~ those enumerated in s. 220.1896*, those enumerated in s. 220.194, and those enumerated in s. 220.196*.

Section 6. Effective January 1, 2012, subsection (8) of section 220.02, Florida Statutes, as amended by this act, is amended to read:

220.02 Legislative intent.—

(8) It is the intent of the Legislature that credits against either the corporate income tax or the franchise tax be applied in the following order: those enumerated in s. 631.828, those enumerated in s. 220.191, those enumerated in s. 220.181, those enumerated in s. 220.183, those enumerated in s. 220.182, those enumerated in s. 220.1895, those enumerated in s. *220.195* ~~221.02~~, those enumerated in s. 220.184, those enumerated in s. 220.186, those enumerated in s. 220.1845, those enumerated in s. 220.19, those enumerated in s. 220.185, those enumerated in s. 220.1875, those enumerated in s. 220.192, those enumerated in s. 220.193, those enumerated in s. 288.9916, those enumerated in s. 220.1899, those enumerated in s. 220.1896, those enumerated in s. 220.194, and those enumerated in 220.196.

Section 7. Paragraphs (a) and (b) of subsection (1) of section 220.13, Florida Statutes, are amended to read:

220.13 "Adjusted federal income" defined.—

(1) The term "adjusted federal income" means an amount equal to the taxpayer's taxable income as defined in subsection (2), or such taxable income of more than one taxpayer as provided in s. 220.131, for the taxable year, adjusted as follows:

(a) Additions.—There shall be added to such taxable income:

1. The amount of any tax upon or measured by income, excluding taxes based on gross receipts or revenues, paid or accrued as a liability to the District of Columbia or any state of the United States which is deductible from gross income in the computation of taxable income for the taxable year.

2. The amount of interest which is excluded from taxable income under s. 103(a) of the Internal Revenue Code or any other federal law, less the associated expenses disallowed in the computation of taxable income under s. 265 of the Internal Revenue Code or any other law, excluding 60 percent of any amounts included in alternative minimum taxable income, as defined in s. 55(b)(2) of the Internal Revenue Code, if the taxpayer pays tax under s. 220.11(3).

3. In the case of a regulated investment company or real estate investment trust, an amount equal to the excess of the net long-term capital gain for the taxable year over the amount of the capital gain dividends attributable to the taxable year.

4. That portion of the wages or salaries paid or incurred for the taxable year which is equal to the amount of the credit allowable for the taxable year under s. 220.181. This subparagraph shall expire on the

date specified in s. 290.016 for the expiration of the Florida Enterprise Zone Act.

5. That portion of the ad valorem school taxes paid or incurred for the taxable year which is equal to the amount of the credit allowable for the taxable year under s. 220.182. This subparagraph shall expire on the date specified in s. 290.016 for the expiration of the Florida Enterprise Zone Act.

6. The amount of emergency excise tax paid or accrued as a liability to this state under chapter 221 which tax is deductible from gross income in the computation of taxable income for the taxable year.

7. That portion of assessments to fund a guaranty association incurred for the taxable year which is equal to the amount of the credit allowable for the taxable year.

8. In the case of a nonprofit corporation which holds a pari-mutuel permit and which is exempt from federal income tax as a farmers' cooperative, an amount equal to the excess of the gross income attributable to the pari-mutuel operations over the attributable expenses for the taxable year.

9. The amount taken as a credit for the taxable year under s. 220.1895.

10. Up to nine percent of the eligible basis of any designated project which is equal to the credit allowable for the taxable year under s. 220.185.

11. The amount taken as a credit for the taxable year under s. 220.1875. The addition in this subparagraph is intended to ensure that the same amount is not allowed for the tax purposes of this state as both a deduction from income and a credit against the tax. This addition is not intended to result in adding the same expense back to income more than once.

12. The amount taken as a credit for the taxable year under s. 220.192.

13. The amount taken as a credit for the taxable year under s. 220.193.

14. Any portion of a qualified investment, as defined in s. 288.9913, which is claimed as a deduction by the taxpayer and taken as a credit against income tax pursuant to s. 288.9916.

15. The costs to acquire a tax credit pursuant to s. 288.1254(5) that are deducted from or otherwise reduce federal taxable income for the taxable year.

16. The amount taken as a credit for the taxable year under s. 220.194.

17. The amount taken as a credit for the taxable year under s. 220.196. The addition in this subparagraph is intended to ensure that the same amount is not allowed for the tax purposes of this state as both a deduction from income and a credit against the tax. The addition is not intended to result in adding the same expense back to income more than once.

(b) Subtractions.—

1. There shall be subtracted from such taxable income:

a. The net operating loss deduction allowable for federal income tax purposes under s. 172 of the Internal Revenue Code for the taxable year*, except that any net operating loss that is transferred pursuant to s. 220.194(6) may not be deducted by the seller*,

b. The net capital loss allowable for federal income tax purposes under s. 1212 of the Internal Revenue Code for the taxable year,

c. The excess charitable contribution deduction allowable for federal income tax purposes under s. 170(d)(2) of the Internal Revenue Code for the taxable year, and

d. The excess contributions deductions allowable for federal income tax purposes under s. 404 of the Internal Revenue Code for the taxable year.

However, a net operating loss and a capital loss shall never be carried back as a deduction to a prior taxable year, but all deductions attributable to such losses shall be deemed net operating loss carryovers and capital loss carryovers, respectively, and treated in the same manner, to the same extent, and for the same time periods as are prescribed for such carryovers in ss. 172 and 1212, respectively, of the Internal Revenue Code.

2. There shall be subtracted from such taxable income any amount to the extent included therein the following:

a. Dividends treated as received from sources without the United States, as determined under s. 862 of the Internal Revenue Code.

b. All amounts included in taxable income under s. 78 or s. 951 of the Internal Revenue Code.

However, as to any amount subtracted under this subparagraph, there shall be added to such taxable income all expenses deducted on the taxpayer's return for the taxable year which are attributable, directly or indirectly, to such subtracted amount. Further, no amount shall be subtracted with respect to dividends paid or deemed paid by a Domestic International Sales Corporation.

3. In computing "adjusted federal income" for taxable years beginning after December 31, 1976, there shall be allowed as a deduction the amount of wages and salaries paid or incurred within this state for the taxable year for which no deduction is allowed pursuant to s. 280C(a) of the Internal Revenue Code (relating to credit for employment of certain new employees).

4. There shall be subtracted from such taxable income any amount of nonbusiness income included therein.

5. There shall be subtracted any amount of taxes of foreign countries allowable as credits for taxable years beginning on or after September 1, 1985, under s. 901 of the Internal Revenue Code to any corporation which derived less than 20 percent of its gross income or loss for its taxable year ended in 1984 from sources within the United States, as described in s. 861(a)(2)(A) of the Internal Revenue Code, not including credits allowed under ss. 902 and 960 of the Internal Revenue Code, withholding taxes on dividends within the meaning of sub-subparagraph 2.a., and withholding taxes on royalties, interest, technical service fees, and capital gains.

6. Notwithstanding any other provision of this code, except with respect to amounts subtracted pursuant to subparagraphs 1. and 3., any increment of any apportionment factor which is directly related to an increment of gross receipts or income which is deducted, subtracted, or otherwise excluded in determining adjusted federal income shall be excluded from both the numerator and denominator of such apportionment factor. Further, all valuations made for apportionment factor purposes shall be made on a basis consistent with the taxpayer's method of accounting for federal income tax purposes.

Section 8. Effective January 1, 2012, paragraph (a) of subsection (1) of section 220.13, Florida Statutes, as amended by this act, is amended to read:

220.13 "Adjusted federal income" defined.—

(1) The term "adjusted federal income" means an amount equal to the taxpayer's taxable income as defined in subsection (2), or such taxable income of more than one taxpayer as provided in s. 220.131, for the taxable year, adjusted as follows:

(a) Additions.—There shall be added to such taxable income:

1. The amount of any tax upon or measured by income, excluding taxes based on gross receipts or revenues, paid or accrued as a liability to the District of Columbia or any state of the United States which is deductible from gross income in the computation of taxable income for the taxable year.

2. The amount of interest which is excluded from taxable income under s. 103(a) of the Internal Revenue Code or any other federal law, less the associated expenses disallowed in the computation of taxable income under s. 265 of the Internal Revenue Code or any other law, excluding 60 percent of any amounts included in alternative minimum taxable income, as defined in s. 55(b)(2) of the Internal Revenue Code, if the taxpayer pays tax under s. 220.11(3).

3. In the case of a regulated investment company or real estate investment trust, an amount equal to the excess of the net long-term capital gain for the taxable year over the amount of the capital gain dividends attributable to the taxable year.

4. That portion of the wages or salaries paid or incurred for the taxable year which is equal to the amount of the credit allowable for the taxable year under s. 220.181. This subparagraph shall expire on the date specified in s. 290.016 for the expiration of the Florida Enterprise Zone Act.

5. That portion of the ad valorem school taxes paid or incurred for the taxable year which is equal to the amount of the credit allowable for the taxable year under s. 220.182. This subparagraph shall expire on the date specified in s. 290.016 for the expiration of the Florida Enterprise Zone Act.

6. The amount *taken as a credit under s. 220.195* ~~of emergency excise tax paid or accrued as a liability to this state under chapter 221~~ which ~~tax~~ is deductible from gross income in the computation of taxable income for the taxable year.

7. That portion of assessments to fund a guaranty association incurred for the taxable year which is equal to the amount of the credit allowable for the taxable year.

8. In the case of a nonprofit corporation which holds a pari-mutuel permit and which is exempt from federal income tax as a farmers' cooperative, an amount equal to the excess of the gross income attributable to the pari-mutuel operations over the attributable expenses for the taxable year.

9. The amount taken as a credit for the taxable year under s. 220.1895.

10. Up to nine percent of the eligible basis of any designated project which is equal to the credit allowable for the taxable year under s. 220.185.

11. The amount taken as a credit for the taxable year under s. 220.1875. The addition in this subparagraph is intended to ensure that the same amount is not allowed for the tax purposes of this state as both a deduction from income and a credit against the tax. This addition is not intended to result in adding the same expense back to income more than once.

12. The amount taken as a credit for the taxable year under s. 220.192.

13. The amount taken as a credit for the taxable year under s. 220.193.

14. Any portion of a qualified investment, as defined in s. 288.9913, which is claimed as a deduction by the taxpayer and taken as a credit against income tax pursuant to s. 288.9916.

15. The costs to acquire a tax credit pursuant to s. 288.1254(5) that are deducted from or otherwise reduce federal taxable income for the taxable year.

16. The amount taken as a credit for the taxable year pursuant to s. 220.194.

17. The amount taken as a credit for the taxable year under s. 220.196. The addition in this subparagraph is intended to ensure that the same amount is not allowed for the tax purposes of this state as both a deduction from income and a credit against the tax. The addition is not intended to result in adding the same expense back to income more than once.

Section 9. Subsection (5) of section 220.131, Florida Statutes, is amended to read:

220.131 Adjusted federal income; affiliated groups.—

(5) Each taxpayer shall apportion adjusted federal income under s. 220.15 as a member of an affiliated group which files a consolidated return under this section on the basis of apportionment factors described in s. 220.15. For the purposes of this subsection, each special industry member included in an affiliated group filing a consolidated return ~~hereunder~~, *who* ~~which member~~ would otherwise be permitted to use a special method of apportionment under s. 220.151 *or s. 220.153*, shall construct the numerator of its sales, property, and payroll factors, respectively, by multiplying the denominator of each such factor by the premiums*,* ~~or~~ revenue miles*, or single sales* factor ratio otherwise applicable *under* ~~pursuant to~~ s. 220.151 *or s. 220.153* in the manner prescribed by ~~the~~ department ~~by~~ rule.

Section 10. Subsection (1) of section 220.15, Florida Statutes, is amended to read:

220.15 Apportionment of adjusted federal income.—

(1) Except as provided in ss. 220.151*,* ~~and~~ 220.152, *and 220.153,* adjusted federal income as defined in s. 220.13 shall be apportioned to this state by taxpayers doing business within and without this state by multiplying it by an apportionment fraction composed of a sales factor representing 50 percent of the fraction, a property factor representing 25 percent of the fraction, and a payroll factor representing 25 percent of the fraction. If any factor described in subsection (2), subsection (4), or subsection (5) has a denominator that is zero or is determined by the department to be insignificant, the relative weights of the other factors in the denominator of the apportionment fraction shall be as follows:

(a) If the denominators for any two factors are zero or are insignificant, the weighted percentage for the remaining factor shall be 100 percent.

(b) If the denominator for the sales factor is zero or is insignificant, the weighted percentage for the property and payroll factors shall change from 25 percent to 50 percent, respectively.

(c) If the denominator for either the property or payroll factor is zero or is insignificant, the weighted percentage for the other shall be 33 1/3 percent, and the weighted percentage for the sales factor shall be 66 2/3 percent.

Section 11. Section 220.153, Florida Statutes, is created to read:

220.153 Apportionment by sales factor.—

(1) DEFINITIONS.—As used in this section, the term:

(a) "Office" means the Office of Tourism, Trade, and Economic Development.

(b) "Qualified capital expenditures" means expenditures in this state for purposes substantially related to a business's production or sale of goods or services. The expenditure must fund the acquisition of additional real property (land, buildings, including appurtenances, fixtures and fixed equipment, structures, etc.), including additions, replacements, major repairs, and renovations to real property which materially extend its useful life or materially improve or change its functional use and the furniture and equipment necessary to furnish and operate a new or improved facility. The term "qualified capital expenditures" does not include an expenditure for a passive investment or for an investment intended for the accumulation of reserves or the realization of profit for distribution to any person holding an ownership interest in the business. The term "qualified capital expenditures" does not include expenditures to acquire an existing business or expenditures in excess of $125 million to acquire land or buildings.

(2) APPORTIONMENT OF TAXES; ELIGIBILITY.—A taxpayer, not including a financial organization as defined in s. 220.15(6) or a bank, savings association, international banking facility, or banking organization as defined in s. 220.62, doing business within and without this state, who applies and demonstrates to the office that, within a 2-year

period beginning on or after July 1, 2011, it has made qualified capital expenditures equal to or exceeding $250 million may apportion its adjusted federal income solely by the sales factor set forth in s. 220.15(5), commencing in the taxable year that the office approves the application, but not before a taxable year that begins on or after January 1, 2013. Once approved, a taxpayer may elect to apportion its adjusted federal income for any taxable year using the method provided under this section or the method provided under s. 220.15.

(3) QUALIFICATION PROCESS.—

(a) To qualify as a taxpayer who is eligible to apportion its adjusted federal income under this section:

1. The taxpayer must notify the office of its intent to submit an application to apportion its adjusted federal income in order to commence the 2-year period for measuring qualified capital expenditures.

2. The taxpayer must submit an application to apportion its adjusted federal income under this section to the office within 2 years after notifying the office of the taxpayer's intent to qualify. The application must be made under oath and provide such information as the office reasonably requires by rule for determining the applicant's eligibility to apportion adjusted federal income under this section. The taxpayer is responsible for affirmatively demonstrating to the satisfaction of the office that it meets the eligibility requirements.

(b) The taxpayer notice and application forms shall be established by the office by rule. The office shall acknowledge receipt of the notice and approve or deny the application in writing within 45 days after receipt.

(4) REVIEW AUTHORITY; RECAPTURE OF TAX.—

(a) In addition to its existing audit authority, the department may perform any financial and technical review and investigation, including examining the accounts, books, and records of the taxpayer as necessary, to verify that the taxpayer's tax return correctly computes and apportions adjusted federal income and to ensure compliance with this chapter.

(b) The office may, by order, revoke its decision to grant eligibility for apportionment pursuant to this section, and may also order the recalculation of apportionment factors to those applicable under s. 220.15 if, as the result of an audit, investigation, or examination, it determines that information provided by the taxpayer in the application, or in a statement, representation, record, report, plan, or other document provided to the office to become eligible for apportionment, was materially false at the time it was made and that an individual acting on behalf of the taxpayer knew, or should have known, that the information submitted was false. The taxpayer shall pay such additional taxes and interest as may be due pursuant to this chapter computed as the difference between the tax that would have been due under the apportionment formula provided in s. 220.15 for such years and the tax actually paid. In addition, the department shall assess a penalty equal to 100 percent of the additional tax due.

(c) The office shall immediately notify the department of an order affecting a taxpayer's eligibility to apportion tax pursuant to this section. A taxpayer who is liable for past tax must file an amended return with the department, or such other report as the department prescribes by rule, and pay any required tax, interest, and penalty within 60 days after the taxpayer receives notification from the office that the previously approved credits have been revoked. If the revocation is contested, the taxpayer shall file an amended return or other report within 30 days after an order becomes final. A taxpayer who fails to pay the past tax, interest, and penalty by the due date is subject to the penalties provided in s. 220.803.

(5) RULES.—The office and the department may adopt rules to administer this section.

Section 12. Paragraph (f) of subsection (2) of section 220.1845, Florida Statutes, is amended to read:

220.1845 Contaminated site rehabilitation tax credit.—

(2) AUTHORIZATION FOR TAX CREDIT; LIMITATIONS.—

(f) The total amount of the tax credits which may be granted under this section is *$5* ~~$2~~ million annually.

Section 13. Subsections (4), (5), and (11) of section 376.30781, Florida Statutes, are amended to read:

376.30781 Tax credits for rehabilitation of drycleaning-solvent-contaminated sites and brownfield sites in designated brownfield areas; application process; rulemaking authority; revocation authority.—

(4) The Department of Environmental Protection is responsible for allocating the tax credits provided for in s. 220.1845, which may not exceed a total of *$5* ~~$2~~ million in tax credits annually.

(5) To claim the credit for site rehabilitation or solid waste removal, each tax credit applicant must apply to the Department of Environmental Protection for an allocation of the *$5* ~~$2~~ million annual credit by filing a tax credit application with the Division of Waste Management on a form developed by the Department of Environmental Protection in cooperation with the Department of Revenue. The form shall include an affidavit from each tax credit applicant certifying that all information contained in the application, including all records of costs incurred and claimed in the tax credit application, are true and correct. If the application is submitted pursuant to subparagraph (3)(a)2., the form must include an affidavit signed by the real property owner stating that it is not, and has never been, the owner or operator of the drycleaning facility where the contamination exists. Approval of tax credits must be accomplished on a first-come, first-served basis based upon the date and time complete applications are received by the Division of Waste Management, subject to the limitations of subsection (14). To be eligible for a tax credit, the tax credit applicant must:

(a) For site rehabilitation tax credits, have entered into a voluntary cleanup agreement with the Department of Environmental Protection for a drycleaning-solvent-contaminated site or a Brownfield Site Rehabilitation Agreement, as applicable, and have paid all deductibles pursuant to s. 376.3078(3)(e) for eligible drycleaning-solvent-cleanup program sites, as applicable. A site rehabilitation tax credit applicant must submit only a single completed application per site for each calendar year's site rehabilitation costs. A site rehabilitation application must be received by the Division of Waste Management of the Department of Environmental Protection by January 31 of the year after the calendar year for which site rehabilitation costs are being claimed in a tax credit application. All site rehabilitation costs claimed must have been for work conducted between January 1 and December 31 of the year for which the application is being submitted. All payment requests must have been received and all costs must have been paid prior to submittal of the tax credit application, but no later than January 31 of the year after the calendar year for which site rehabilitation costs are being claimed.

(b) For solid waste removal tax credits, have entered into a brownfield site rehabilitation agreement with the Department of Environmental Protection. A solid waste removal tax credit applicant must submit only a single complete application per brownfield site, as defined in the brownfield site rehabilitation agreement, for solid waste removal costs. A solid waste removal tax credit application must be received by the Division of Waste Management of the Department of Environmental Protection subsequent to the completion of the requirements listed in paragraph (3)(e).

(11) If a tax credit applicant does not receive a tax credit allocation due to an exhaustion of the *$5* ~~2~~ million annual tax credit authorization, such application will then be included in the same first-come, first-served order in the next year's annual tax credit allocation, if any, based on the prior year application.

Section 14. Subsection (5) is added to section 220.16, Florida Statutes, to read:

220.16 Allocation of nonbusiness income.—Nonbusiness income shall be allocated as follows:

(5) The amount of payments received in exchange for transferring a net operating loss authorized by s. 220.194 is allocable to the state.

Section 15. Section 220.194, Florida Statutes, is created to read:

220.194 Corporate income tax credits for spaceflight projects.—

(1) SHORT TITLE.—This section may be cited as the "Florida Space Business Incentives Act."

(2) PURPOSE.—The purpose of this section is to create incentives to attract launch, payload, research and development, and other space business to this state.

(3) DEFINITIONS.—As used in this section, the term:

(a) "Administrative support" means that 51 percent or more of an activity supports a certified spaceflight business.

(b) "Certified" means that a spaceflight business has been certified by the office as meeting all of the requirements necessary to obtain at least one of the approved tax credits available under this section, including approval to transfer a credit.

(c) "New employee" means a state resident who begins or maintains full-time employment in this state with a spaceflight business on or after October 1, 2011. The term does not include a person who is a partner, majority stockholder, or owner of the business or a person who is employed in a temporary construction job or primarily involved with the construction of real property.

(d) "New job" means the full-time employment of an employee in a manner that is consistent with terms used by the Agency for Workforce Innovation and the United States Department of Labor for purposes of unemployment compensation tax administration and employment estimation. In order to meet the requirement for certification specified in paragraph (5)(b), a new job must:

1. Pay new employees at least 115 percent of the statewide or countywide average annual private-sector wage for the 3 taxable years immediately preceding filing an application for certification;

2. Require a new employee to perform duties on a regular full-time basis in this state for an average of at least 36 hours per week each month for the 3 taxable years immediately preceding filing an application for certification; and

3. Not be held by a person who has previously been included as a new employee on an application for any credit authorized under this section.

(e) "Office" means the Office of Tourism, Trade, and Economic Development.

(f) "Payload" means an object built or assembled in this state to be placed into earth's upper atmospheres or space.

(g) "Reentry" means to return or attempt to return an object from earth's upper atmospheres or space.

(h) "Reentry service" means an activity conducted in this state related to preparing a reentry vehicle and any payload for reentry and the reentry.

(i) "Space vehicle" means any spacecraft, satellite, space station, upper-stage, launch vehicle, reentry vehicle, and related ground-support systems and equipment.

(j) "Spaceflight business" means a business that:

1. Is registered with the Secretary of State to do business in this state; and

2. Is currently engaged in a spaceflight project. A spaceflight business may participate in more than one spaceflight project at a time and may conduct work on a commercial, governmental, or United States defense-related spaceflight project.

(k) "Spaceflight project" means any of the following activities performed in this state:

1. Designing, manufacturing, testing, or assembling a space vehicle or components thereof;

2. Providing a launch service, payload processing service, or reentry service; or

3. Providing the payload for a launch vehicle or reentry space vehicle;

4. Administrative support; or

5. Providing the launch vehicle or the reentry vehicle for space tourists.

(l) "Taxpayer" has the same meaning as provided in s. 220.03.

(4) TAX CREDITS.—

(a) If approved and certified pursuant to subsection (5), the following tax credits may be taken on a return for a taxable year beginning on or after October 1, 2015:

1. A certified spaceflight business may take a nontransferable corporate income tax credit for up to 50 percent of the business's tax liability under this chapter for the taxable year in which the credit is taken. The maximum nontransferable tax credit amount that may be approved per taxpayer for a taxable year is $1 million. No more than $3 million in total tax credits pursuant to this subparagraph may be certified pursuant to subsection (5). No credit may be approved after October 1, 2017.

2. A certified spaceflight business may transfer, in whole or in part, its Florida net operating loss that would otherwise be available to be taken on a return filed under this chapter, provided that the activity giving rise to such net operating loss must have occurred after July 1, 2011. The transfer allowed under this subparagraph will be in the form of a transferable tax credit equal to the amount of the net operating loss eligible to be transferred. The maximum transferable tax credit amount that may be approved per taxpayer for a taxable year is $2.5 million. No more than $7 million in total tax credits pursuant to this subparagraph may be certified pursuant to subsection (5). No credit may be approved after October 1, 2017.

a. In order to transfer the credit, the business must:

(I) Have been approved to transfer the tax credit for the taxable year in which it is transferred;

(II) Have incurred a qualifying net operating loss on activity in this state after July 1, 2011, directly associated with one or more spaceflight projects in any of its 3 previous taxable years;

(III) Not be 50 percent or more owned or controlled, directly or indirectly, by another corporation that has demonstrated positive net income in any of the 3 previous taxable years of ongoing operations; and

(IV) Not be part of a consolidated group of affiliated corporations, as filed for federal income tax purposes, which in the aggregate demonstrated positive net income in any of the 3 previous taxable years.

b. The credit that may be transferred by a certified spaceflight business:

(I) Is limited to the amount of eligible net operating losses incurred in the immediate 3 taxable years before the transfer; and

(II) Must be directly associated with a spaceflight project in this state as verified through an audit or examination by a certified public accountant licensed to do business in this state and as verified by the office.

(b) Each certified spaceflight business may only be approved for a credit under subparagraph (a)1. once and may only be approved to transfer a tax credit under subparagraph (a)2. once, and a certified spaceflight business may not be approved for both in a single state fiscal year.

(c) Credits approved under subparagraph (a)1. may be taken only against the corporate income tax liability generated by or arising out of a spaceflight project in this state, as verified through an audit or examination by a certified public accountant licensed to do business in this state and as verified by the office.

(d) A certified spaceflight business may not file a consolidated return in order to claim the tax incentives described in this subsection.

(e) The certified spaceflight business or transferee must demonstrate to the satisfaction of the office and the department that it is eligible to take the credits approved under this section.

(5) APPLICATION AND CERTIFICATION.—

(a) In order to claim a tax credit under this section, a spaceflight business must first submit an application to the office for approval to earn tax credits or create transferable tax credits. The application must be filed by the date established by the office. In addition to any information that the office may require, the applicant must provide a complete description of the activity in this state which demonstrates to the office the applicant's likelihood to be certified to take or transfer a credit. The applicant must also provide a description of the total amount and type of credits for which approval is sought. The office may consult with Space Florida regarding the qualifications of an applicant. The applicant shall provide an affidavit certifying that all information contained in the application is true and correct.

1. Approval of the credits shall be provided on a first-come, first-served basis, based on the date the completed applications are received by the office. A taxpayer may not submit more than one completed application per state fiscal year. The office may not accept an incomplete placeholder application, and the submission of such an application will not secure a place in the first-come, first-served application line.

2. The office has 60 days after the receipt of a completed application within which to issue a notice of intent to deny or approve an application for credits. The office must ensure that the corporate income tax credits approved for all applicants does not exceed the limits provided in this section.

(b) In order to take a tax credit under subparagraph (a)1. or, if applicable, to transfer an approved credit under subparagraph (a)2., a spaceflight business must submit an application for certification to the office along with a nonrefundable $250 fee.

1. The application must include:

a. The name and physical in-state address of the taxpayer.

b. Documentation demonstrating to the satisfaction of the office that:

(I) The taxpayer is a spaceflight business.

(II) The business has engaged in a qualifying spaceflight project before taking or transferring a credit under this section.

c. In addition to any requirement specific to a credit, documentation that the business has:

(I) Created 35 new jobs in this state directly associated with spaceflight projects during its immediately preceding 3 taxable years. The business shall be deemed to have created new jobs if the number of full-time jobs located in this state at the time of application for certification is greater than the total number of full-time jobs located in this state at the time of application for approval to earn credits; and

(II) Invested a total of at least $15 million in this state on a spaceflight project during its immediately preceding 3 taxable years.

d. The total amount and types of credits sought.

e. An acknowledgment that a transfer of a tax credit is to be accomplished pursuant to subsection (5).

f. A copy of an audit or audits of the preceding 3 taxable years, prepared by a certified public accountant licensed to practice in this state, which identifies that portion of the business's activities in this state related to spaceflight projects in this state.

g. An acknowledgement that the business must file an annual report on the spaceflight project's progress with the office.

h. Any other information necessary to demonstrate that the applicant meets the job creation, investment, and other requirements of this section.

2. Within 60 days after receipt of the application for certification, the office shall evaluate the application and recommend the business for certification or denial. The executive director of the office must approve or deny the application within 30 days after receiving the recommendation. If approved, the office must provide a letter of certification to the applicant consistent with any restrictions imposed. If the office denies any part of the requested credit, the office must inform the applicant of the grounds for the denial. A copy of the certification shall be submitted to the department within 10 days after the executive director's approval.

(6) TRANSFERABILITY OF CREDIT.—

(a) A certified spaceflight business allowed to transfer an approved credit, in whole or in part, to a taxpayer by written agreement may do so without transferring any ownership interest in the property generating the credit or any interest in the entity owning such property.

(b) In order to perfect the transfer, the transferor shall provide the department with a written transfer statement that has been approved by the office notifying the department of the transferor's intent to transfer the tax credits to the transferee; the date that the transfer is effective; the transferee's name, address, and federal taxpayer identification number; the tax period; and the amount of tax credits to be transferred. Upon receipt of the approved transfer statement, the department shall provide the transferee and the office with a certificate reflecting the tax credit amounts transferred. A copy of the certificate must be attached to each tax return for which the transferee seeks to apply the credits.

(7) AUDIT AUTHORITY; RECAPTURE OF CREDITS.—

(a) In addition to its existing audit and investigative authority, the department may perform any additional financial and technical audits and investigations, including examining the accounts, books, and financial records of the tax credit applicant, which are necessary for verifying the accuracy of the return and to ensure compliance with this section. If requested by the department, the office and Space Florida must provide technical assistance for any technical audits or examinations performed under this subsection.

(b) Grounds for forfeiture of previously claimed tax credits approved under this section exist if the department determines, as a result of an audit or examination, or from information received from the office, that a certified spaceflight business, or in the case of transferred tax credits, a taxpayer received tax credits for which the certified spaceflight business or taxpayer was not entitled. The spaceflight business or transferee must file an amended return reflecting the disallowed credits and paying any tax due as a result of the amendment.

(c) If an amendment to, recomputation of, or redetermination of a certified spaceflight business's Florida corporate income tax return changes an item entered into the computation of a claimed credit, the taxpayer must notify the department by filing an amended return. The amount of any credit award not supported by the amended return shall be deemed a deficiency that must be remitted with the amended return and is subject to s. 220.23. The spaceflight business is also liable for a penalty equal to the credit claimed or transferred, reduced in proportion to the amount of the net operating loss certified for transfer which is disallowed over the amount of the net operating loss certified for the credit. The certified business and its successors must maintain all records necessary to support the reported net operating loss.

(d) The office may revoke or modify a certification granting eligibility for tax credits if it finds that the certified spaceflight business made a false statement or representation in any application, record, report, plan, or other document filed in an attempt to receive tax credits under this section. The office shall immediately notify the department of any revoked or modified orders affecting previously granted tax credits. The certified spaceflight business must also notify the department of any change in its claimed tax credit.

(e) The certified spaceflight business must file with the department an amended return or other report required by the department by rule and pay any required tax and interest within 60 days after the certified business receives notification from the office that previously approved tax credits have been revoked or modified. If the revocation or modification order is contested, the spaceflight business must file the amended return or other report within 60 days after a final order is issued.

(f) The department may assess an additional tax, penalty, or interest pursuant to s. 95.091.

(8) RULES.—

(a) The office, in consultation with Space Florida, shall adopt rules to administer this section, including rules relating to application forms for credit approval and certification, and the application and certification

procedures, guidelines, and requirements necessary to administer this section.

(b) The department may adopt rules to administer this section, including rules relating to:

1. The forms required to claim a tax credit under this section, the requirements and basis for establishing an entitlement to a credit, and the examination and audit procedures required to administer this section.

2. The implementation and administration of provisions allowing the transfer of a net operating loss as a tax credit, including rules that prescribe forms, reporting requirements, and specific procedures, guidelines, and requirements necessary to perform the transfer.

3. The minimum portion of the credit which is available for transfer.

(9) ANNUAL REPORT.—Beginning in 2014, the office, in cooperation with Space Florida and the department, shall submit an annual report summarizing activities relating to the Florida Space Business Incentives Act established under this section to the Governor, the President of the Senate, and the Speaker of the House of Representatives by each November 30.

(10) NONAPPLICABILITY.—This section does not apply to returns filed for any tax period before October 1, 2015.

Section 16. Effective January 1, 2012, section 220.195, Florida Statutes, is created to read:

220.195 Emergency excise tax credit.—

(1) Beginning with taxable years ending in 2012, a taxpayer who has earned, but not yet taken, a credit for emergency excise tax paid under former s. 221.02 may take such credit against the tax imposed by this chapter.

(2) If a credit granted pursuant to this section is not fully used in taxable years ending in 2012 because of insufficient tax liability on the part of the taxpayer, the unused amount may be carried forward for a period not to exceed 5 years. The carryover credit may be used in a subsequent year when the tax imposed by this chapter for such year exceeds the credit for such year, after applying the other credits and unused credit carryovers in the order provided in s. 220.02(8).

Section 17. Effective July 1, 2011, and applicable to taxable years beginning on or after January 1, 2012, section 220.196, Florida Statutes, is created to read:

220.196 Research and development tax credit.—

(1) DEFINITIONS.—As used in this section, the term:

(a) "Base amount" means the average of the business enterprise's qualified research expenses in this state allowed under 26 U.S.C. s. 41 for the 4 taxable years preceding the taxable year for which the credit is determined. The qualified research expenses taken into account in computing the base amount shall be determined on a basis consistent with the determination of qualified research expenses for the taxable year.

(b) "Business enterprise" means any corporation as defined in s. 220.03 which meets the definition of a target industry business as defined in s. 288.106.

(c) "Qualified research expenses" mean research expenses qualifying for the credit under 26 U.S.C. s. 41 for in-house research expenses incurred in this state or contract research expenses incurred in this state. The term does not include research conducted outside this state or research expenses that do not qualify for a credit under 26 U.S.C. s. 41.

(2) TAX CREDIT.—Subject to the limitations contained in paragraph (e), a business enterprise is eligible for a credit against the tax imposed by this chapter if the business enterprise has qualified research expenses in this state in the taxable year exceeding the base amount and, for the same taxable year, claims and is allowed a research credit for such qualified research expenses under 26 U.S.C. s. 41.

(a) The tax credit shall be 10 percent of the excess qualified research expenses over the base amount. However, the maximum tax credit for a business enterprise that has not been in existence for at least 4 taxable years immediately preceding the taxable year is reduced by 25 percent for each taxable year for which the business enterprise, or a predecessor corporation that was a business enterprise, did not exist.

(b) The credit taken in any taxable year may not exceed 50 percent of the business enterprise's remaining net income tax liability under this chapter after all other credits have been applied under s. 220.02(8).

(c) Any unused credit authorized under this section may be carried forward and claimed by the taxpayer for up to 5 years.

(d) The combined total amount of tax credits which may be granted to all business enterprises under this section during any calendar year is $9 million. Applications may be filed with the department on or after March 20 for qualified research expenses incurred within the preceding calendar year, and credits shall be granted in the order in which completed applications are received.

(3) RECALCULATION OF CREDIT AMOUNT.—If the amount of qualified research expenses is reduced as a result of a federal audit or examination, the credit granted pursuant to this section must be recalculated. The taxpayer must file amended returns for all affected years pursuant to s. 220.23(2), and the taxpayer must pay to the department the difference between the initial credit amount taken and the recalculated credit amount with interest.

(4) RULES.—The department may adopt rules to administer this section, including, but not limited to, rules prescribing forms and application procedures and dates, and may establish guidelines for making an affirmative showing of qualification for a credit and any evidence needed to substantiate a claim for credit under this section.

Section 18. Effective January 1, 2012, subsection (4) of section 220.801, Florida Statutes, is amended to read:

220.801 Penalties; failure to timely file returns.—

(4) The provisions of this section shall specifically apply to the notice of federal change required under s. 220.23~~, and to any tax returns required under chapter 221, relating to the emergency excise tax~~.

Section 19. Effective January 1, 2012, section 213.05, Florida Statutes, is amended to read:

213.05 Department of Revenue; control and administration of revenue laws.—The Department of Revenue shall have only those responsibilities for ad valorem taxation specified to the department in chapter 192, taxation, general provisions; chapter 193, assessments; chapter 194, administrative and judicial review of property taxes; chapter 195, property assessment administration and finance; chapter 196, exemption; chapter 197, tax collections, sales, and liens; chapter 199, intangible personal property taxes; and chapter 200, determination of millage. The Department of Revenue shall have the responsibility of regulating, controlling, and administering all revenue laws and performing all duties as provided in s. 125.0104, the Local Option Tourist Development Act; s. 125.0108, tourist impact tax; chapter 198, estate taxes; chapter 201, excise tax on documents; chapter 202, communications services tax; chapter 203, gross receipts taxes; chapter 206, motor and other fuel taxes; chapter 211, tax on production of oil and gas and severance of solid minerals; chapter 212, tax on sales, use, and other transactions; chapter 220, income tax code; ~~chapter 221, emergency excise tax;~~ ss. 336.021 and 336.025, taxes on motor fuel and special fuel; s. 376.11, pollutant spill prevention and control; s. 403.718, waste tire fees; s. 403.7185, lead-acid battery fees; s. 538.09, registration of secondhand dealers; s. 538.25, registration of secondary metals recyclers; s. 624.4621, group self-insurer's fund premium tax; s. 624.5091, retaliatory tax; s. 624.475, commercial self-insurance fund premium tax; ss. 624.509-624.511, insurance code: administration and general provisions; s. 624.515, State Fire Marshal regulatory assessment; s. 627.357, medical malpractice self-insurance premium tax; s. 629.5011, reciprocal insurers premium tax; and s. 681.117, motor vehicle warranty enforcement.

Section 20. Paragraph (dd) is added to subsection (8) of section 213.053, Florida Statutes, as amended by chapter 2010-280, Laws of Florida, and effective January 1, 2012, subsection (1) and paragraph (k) of subsection (8) of that section are amended, to read:

213.053 Confidentiality and information sharing.—

(1) This section applies to:

(a) Section 125.0104, county government;

(b) Section 125.0108, tourist impact tax;

(c) Chapter 175, municipal firefighters' pension trust funds;

(d) Chapter 185, municipal police officers' retirement trust funds;

(e) Chapter 198, estate taxes;

(f) Chapter 199, intangible personal property taxes;

(g) Chapter 201, excise tax on documents;

(h) Chapter 202, the Communications Services Tax Simplification Law;

(i) Chapter 203, gross receipts taxes;

(j) Chapter 211, tax on severance and production of minerals;

(k) Chapter 212, tax on sales, use, and other transactions;

(l) Chapter 220, income tax code;

~~(m) Chapter 221, emergency excise tax;~~

(m)~~(n)~~ Section 252.372, emergency management, preparedness, and assistance surcharge;

(n)~~(o)~~ Section 379.362(3), Apalachicola Bay oyster surcharge;

(o)~~(p)~~ Chapter 376, pollutant spill prevention and control;

(p)~~(q)~~ Section 403.718, waste tire fees;

(q)~~(r)~~ Section 403.7185, lead-acid battery fees;

(r)~~(s)~~ Section 538.09, registration of secondhand dealers;

(s)~~(t)~~ Section 538.25, registration of secondary metals recyclers;

(t)~~(u)~~ Sections 624.501 and 624.509-624.515, insurance code;

(u)~~(v)~~ Section 681.117, motor vehicle warranty enforcement; and

(v)~~(w)~~ Section 896.102, reports of financial transactions in trade or business.

(8) Notwithstanding any other provision of this section, the department may provide:

(k)1. Payment information relative to chapters 199, 201, 202, 212, 220, ~~221,~~ and 624 *and former chapter 221* to the Office of Tourism, Trade, and Economic Development, or its employees or agents that are identified in writing by the office to the department, in the administration of the tax refund program for qualified defense contractors and space flight business contractors authorized by s. 288.1045 and the tax refund program for qualified target industry businesses authorized by s. 288.106.

2. Information relative to tax credits taken by a business under s. 220.191 and exemptions or tax refunds received by a business under s. 212.08(5)(j) to the Office of Tourism, Trade, and Economic Development, or its employees or agents that are identified in writing by the office to the department, in the administration and evaluation of the capital investment tax credit program authorized in s. 220.191 and the semiconductor, defense, and space tax exemption program authorized in s. 212.08(5)(j).

3. Information relative to tax credits taken by a taxpayer pursuant to the tax credit programs created in ss. 193.017; 212.08(5)(g),(h),(n),(o) and (p); 212.08(15); 212.096; 212.097; 212.098; 220.181; 220.182; 220.183; 220.184; 220.1845; 220.185; 220.1895; 220.19; 220.191; 220.192; 220.193; 288.0656; 288.99; 290.007; 376.30781; 420.5093; 420.5099; 550.0951; 550.26352; 550.2704; 601.155; 624.509; 624.510; 624.5105; and 624.5107 to the Office of Tourism, Trade, and Economic Development, or its employees or agents that are identified in writing by the office to the department, for use in the administration or evaluation of such programs.

4. Information relative to single sales factor apportionment used by a taxpayer to the Office of Tourism, Trade, and Economic Development or its employees or agents who are identified in writing by the office to the department for use by the office to administer s. 220.153.

(dd) Information relating to tax credits taken under s. 220.194 to the Office of Tourism, Trade, and Economic Development or to Space Florida.

Disclosure of information under this subsection shall be pursuant to a written agreement between the executive director and the agency. Such agencies, governmental or nongovernmental, shall be bound by the same requirements of confidentiality as the Department of Revenue. Breach of confidentiality is a misdemeanor of the first degree, punishable as provided by s. 775.082 or s. 775.083.

Section 21. Effective January 1, 2012, subsection (12) of section 213.255, Florida Statutes, is amended to read:

213.255 Interest.—Interest shall be paid on overpayments of taxes, payment of taxes not due, or taxes paid in error, subject to the following conditions:

(12) The rate of interest shall be the adjusted rate established pursuant to s. 213.235, except that the annual rate of interest shall never be greater than 11 percent. This annual rate of interest shall be applied to all refunds of taxes administered by the department except for corporate income taxes ~~and emergency excise taxes~~ governed by ss. 220.721 and 220.723.

Section 22. *Effective January 1, 2012, chapter 221, Florida Statutes, consisting of sections 221.01, 221.02, 221.04, and 221.05, is repealed.*

Section 23. Effective January 1, 2012, paragraph (a) of subsection (6) of section 288.075, Florida Statutes, is amended to read:

288.075 Confidentiality of records.—

(6) ECONOMIC INCENTIVE PROGRAMS.—

(a) The following information held by an economic development agency pursuant to the administration of an economic incentive program for qualified businesses is confidential and exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution for a period not to exceed the duration of the incentive agreement, including an agreement authorizing a tax refund or tax credit, or upon termination of the incentive agreement:

1. The percentage of the business's sales occurring outside this state and, for businesses applying under s. 288.1045, the percentage of the business's gross receipts derived from Department of Defense contracts during the 5 years immediately preceding the date the business's application is submitted.

2. The anticipated wages for the project jobs that the business plans to create, as reported on the application for certification.

3. The average wage actually paid by the business for those jobs created by the project or an employee's personal identifying information which is held as evidence of the achievement or nonachievement of the wage requirements of the tax refund, tax credit, or incentive agreement programs or of the job creation requirements of such programs.

4. The amount of:

a. Taxes on sales, use, and other transactions paid pursuant to chapter 212;

b. Corporate income taxes paid pursuant to chapter 220;

c. Intangible personal property taxes paid pursuant to chapter 199;

~~d. Emergency excise taxes paid pursuant to chapter 221;~~

d.~~e.~~ Insurance premium taxes paid pursuant to chapter 624;

e.~~f.~~ Excise taxes paid on documents pursuant to chapter 201;

f.~~g.~~ Ad valorem taxes paid, as defined in s. 220.03(1); or

g.~~h.~~ State communications services taxes paid pursuant to chapter 202.

Section 24. Paragraph (c) of subsection (2) of section 288.1045, Florida Statutes, and effective January 1, 2012, paragraph (f) of that subsection, are amended to read:

288.1045 Qualified defense contractor and space flight business tax refund program.—

(2) GRANTING OF A TAX REFUND; ELIGIBLE AMOUNTS.—

(c) A qualified applicant may not receive more than *$7* ~~$5~~ million in tax refunds pursuant to this section in all fiscal years.

(f) After entering into a tax refund agreement pursuant to subsection (4), a qualified applicant may:

1. Receive refunds from the account for corporate income taxes due and paid pursuant to chapter 220 by that business beginning with the first taxable year of the business which begins after entering into the agreement.

2. Receive refunds from the account for the following taxes due and paid by that business after entering into the agreement:

a. Taxes on sales, use, and other transactions paid pursuant to chapter 212.

b. Intangible personal property taxes paid pursuant to chapter 199.

~~c. Emergency excise taxes paid pursuant to chapter 221.~~

c.~~d.~~ Excise taxes paid on documents pursuant to chapter 201.

d.~~e.~~ Ad valorem taxes paid, as defined in s. 220.03(1)(a) on June 1, 1996.

e.~~f.~~ State communications services taxes administered under chapter 202. This provision does not apply to the gross receipts tax imposed under chapter 203 and administered under chapter 202 or the local communications services tax authorized under s. 202.19.

However, a qualified applicant may not receive a tax refund pursuant to this section for any amount of credit, refund, or exemption granted such contractor for any of such taxes. If a refund for such taxes is provided by the office, which taxes are subsequently adjusted by the application of any credit, refund, or exemption granted to the qualified applicant other than that provided in this section, the qualified applicant shall reimburse the Economic Development Trust Fund for the amount of such credit, refund, or exemption. A qualified applicant must notify and tender payment to the office within 20 days after receiving a credit, refund, or exemption, other than that provided in this section. The addition of communications services taxes administered under chapter 202 is remedial in nature and retroactive to October 1, 2001. The office may make supplemental tax refund payments to allow for tax refunds for communications services taxes paid by an eligible qualified defense contractor after October 1, 2001.

Section 25. Paragraph (c) of subsection (3) of section 288.106, Florida Statutes, and effective January 1, 2012, paragraph (d) of that subsection, are amended to read:

288.106 Tax refund program for qualified target industry businesses.—

(3) TAX REFUND; ELIGIBLE AMOUNTS.—

(c) A qualified target industry business may not receive refund payments of more than 25 percent of the total tax refunds specified in the tax refund agreement under subparagraph (5)(a)1. in any fiscal year. Further, a qualified target industry business may not receive more than $1.5 million in refunds under this section in any single fiscal year, or more than $2.5 million in any single fiscal year if the project is located in an enterprise zone. A qualified target industry business may not receive more than *$7* ~~$5~~ million in refund payments under this section in all fiscal years, or more than $7.5 million if the project is located in an enterprise zone.

(d) After entering into a tax refund agreement under subsection (5), a qualified target industry business may:

1. Receive refunds from the account for the following taxes due and paid by that business beginning with the first taxable year of the business that begins after entering into the agreement:

a. Corporate income taxes under chapter 220.

b. Insurance premium tax under s. 624.509.

2. Receive refunds from the account for the following taxes due and paid by that business after entering into the agreement:

a. Taxes on sales, use, and other transactions under chapter 212.

b. Intangible personal property taxes under chapter 199.

~~c. Emergency excise taxes under chapter 221.~~

c.~~d.~~ Excise taxes on documents under chapter 201.

d.~~e.~~ Ad valorem taxes paid, as defined in s. 220.03(1).

e.~~f.~~ State communications services taxes administered under chapter 202. This provision does not apply to the gross receipts tax imposed under chapter 203 and administered under chapter 202 or the local communications services tax authorized under s. 202.19.

Section 26. Paragraphs (b), (h), and (i) of subsection (1), paragraphs (c) and (e) of subsection (3), paragraph (b) of subsection (4), paragraph (c) of subsection (5), paragraph (a) of subsection (7), and subsection (10) of section 288.1254, Florida Statutes, are amended, and paragraphs (k), (l), (m), (n), and (o) are added to subsection (1) of that section, to read:

288.1254 Entertainment industry financial incentive program.—

(1) DEFINITIONS.—As used in this section, the term:

(b) "Digital media project" means a production of interactive entertainment that is produced for distribution in commercial or educational markets. The term includes a video game or production intended for Internet or wireless distribution. The term does not include a production *that contains* ~~deemed by the Office of Film and Entertainment to contain~~ obscene content as defined in s. 847.001(10).

(f) "Production" means a theatrical or direct-to-video motion picture; a made-for-television motion picture; visual effects or digital animation sequences produced in conjunction with a motion picture; a commercial; a music video; an industrial or educational film; an infomercial; a documentary film; a television pilot program; a presentation for a television pilot program; a television series, including, but not limited to, a drama, a reality show, a comedy, a soap opera, a telenovela, a game show, an awards show, or a miniseries production; or a digital media project by the entertainment industry. One season of a television series is considered one production. The term does not include a weather or market program; a sporting event; a sports show; a gala; a production that solicits funds; a home shopping program; a political program; a political documentary; political advertising; a gambling-related project or production; a concert production; or a local, regional, or Internet-distributed-only news show, current-events show, pornographic production, or current-affairs show. A production may be produced on or by film, tape, or otherwise by means of a motion picture camera; electronic camera or device; tape device; computer; any combination of the foregoing; or any other means, method, or device.

(h) "Qualified expenditures" means production expenditures incurred in this state by a qualified production for:

1. Goods purchased or leased from, or services, including, but not limited to, insurance costs and bonding, payroll services, and legal fees, which are provided by, a vendor or supplier in this state that is registered with the Department of State or the Department of Revenue, has a physical location in this state, and employs one or more legal residents of this state. *This does not include re-billed goods or services provided by an in-state company from out-of-state vendors or suppliers.* When services are provided by the vendor or supplier include personal services or labor, only personal services or labor provided by residents of this state, evidenced by the required documentation of residency in this state, qualify.

2. Payments to legal residents of this state in the form of salary, wages, or other compensation up to a maximum of $400,000 per resident unless otherwise specified in subsection (4). A completed declaration of residency in this state must accompany the documentation submitted to the office for reimbursement.

For a qualified production involving an event, such as an awards show, the term does not include expenditures solely associated with the event itself and not directly required by the production. The term does not include expenditures incurred before certification, with the exception of those incurred for a commercial, a music video, or the pickup of additional episodes of a high-impact television series within a single season. Under no circumstances may the qualified production include in the calculation for qualified expenditures the original purchase price for equipment or other tangible property that is later sold or transferred by the qualified production for consideration. In such cases, the qualified expenditure is the net of the original purchase price minus the consideration received upon sale or transfer.

(i) "Qualified production" means a production in this state meeting the requirements of this section. The term does not include a production:

1. In which, for the first 2 years of the incentive program, less than 50 percent, and thereafter, less than 60 percent, of the positions that make up its production cast and below-the-line production crew, or, in the case of digital media projects, less than 75 percent of such positions, are filled by legal residents of this state, whose residency is demonstrated by a valid Florida driver's license or other state-issued identification confirming residency, or students enrolled full-time in a film-and-entertainment-related course of study at an institution of higher education in this state; or

2. That *contains* ~~is deemed by the Office of Film and Entertainment to contain~~ obscene content as defined in s. 847.001(10).

(k) "Qualified digital media production facility" means a building or series of buildings and their improvements in which data processing, visualization, and sound synchronization technologies are regularly applied for the production of qualified digital media projects or the digital animation components of qualified productions.

(l) "Qualified production facility" means a building or complex of buildings and their improvements and associated backlot facilities in which regular filming activity for film or television has occurred for a period of no less than one year and which contain at least one sound stage of at least 7,800 square feet.

(m) "Regional population ratio" means the ratio of the population of a region to the population of this state. The regional population ratio applicable to a given fiscal year is the regional population ratio calculated by the Office of Film and Entertainment using the latest official estimates of population certified under s. 186.901, available on the first day of that fiscal year.

(n) "Regional tax credit ratio" means a ratio the numerator of which is the sum of tax credits awarded to productions in a region to date plus the tax credits certified, but not yet awarded, to productions currently in that region and the denominator of which is the sum of all tax credits awarded in the state to date plus all tax credits certified, but not yet awarded, to productions currently in the state. The regional tax credit ratio applicable to a given year is the regional tax credit ratio calculated by the Office of Film and Entertainment using credit award and certification information available on the first day of that fiscal year.

(o) "Underutilized region" for a given state fiscal year means a region with a regional tax credit ratio applicable to that fiscal year that is lower than its regional population ratio applicable to that fiscal year. The following regions are established for purposes of making this determination:

1. North Region, consisting of Alachua, Baker, Bay, Bradford, Calhoun, Clay, Columbia, Dixie, Duval, Escambia, Franklin, Gadsden, Gilchrist, Gulf, Hamilton, Holmes, Jackson, Jefferson, Lafayette, Leon, Levy, Liberty, Madison, Nassau, Okaloosa, Putnam, Santa Rosa, St. Johns, Suwannee, Taylor, Union, Wakulla, Walton, and Washington counties.

2. Central East Region, consisting of Brevard, Flagler, Indian River, Lake, Okeechobee, Orange, Osceola, Seminole, St. Lucie, and Volusia counties.

3. Central West Region, consisting of Citrus, Hernando, Hillsborough, Manatee, Marion, Polk, Pasco, Pinellas, Sarasota, and Sumter counties.

4. Southwest Region, consisting of Charlotte, Collier, DeSoto, Glades, Hardee, Hendry, Highlands, and Lee counties.

5. Southeast Region, consisting of Broward, Martin, Miami-Dade, Monroe, and Palm Beach counties.

(3) APPLICATION PROCEDURE; APPROVAL PROCESS.—

(c) Application process.—The Office of Film and Entertainment shall establish a process by which an application is accepted and reviewed and by which tax credit eligibility and award amount are determined. The Office of Film and Entertainment may request assistance from a duly appointed local film commission in determining compliance with this section. *A certified high-impact television series may submit an initial application for no more than two successive seasons, notwithstanding the fact that the successive seasons have not been ordered. The successive season's qualified expenditure amounts shall be based on the current season's estimated qualified expenditures. Upon the completion of production of each season, a high-impact television series may submit an application for no more than one additional season.*

(e) Grounds for denial.—The Office of Film and Entertainment shall deny an application if it determines that the application is not complete or the production or application does not meet the requirements of this section. *Within 90 days after submitting a program application, except with respect to applications in the independent and emerging media queue, a production must provide proof of project financing to the Office of Film and Entertainment, otherwise the project is deemed denied and withdrawn. A project that has been withdrawn may submit a new application upon providing the Office of Film and Entertainment proof of financing.*

(4) TAX CREDIT ELIGIBILITY; TAX CREDIT AWARDS; QUEUES; ELECTION AND DISTRIBUTION; CARRYFORWARD; CONSOLIDATED RETURNS; PARTNERSHIP AND NONCORPORATE DISTRIBUTIONS; MERGERS AND ACQUISITIONS.—

(b) Tax credit eligibility.—

1. General production queue.—Ninety-four percent of tax credits authorized pursuant to subsection (6) in any state fiscal year must be dedicated to the general production queue. The general production queue consists of all qualified productions other than those eligible for the commercial and music video queue or the independent and emerging media production queue. A qualified production that demonstrates a minimum of $625,000 in qualified expenditures is eligible for tax credits equal to 20 percent of its actual qualified expenditures, up to a maximum of $8 million. A qualified production that incurs qualified expenditures during multiple state fiscal years may combine those expenditures to satisfy the $625,000 minimum threshold.

a. An off-season certified production that is a feature film, independent film, or television series or pilot is eligible for an additional 5-percent tax credit on actual qualified expenditures. An off-season certified production that does not complete 75 percent of principal photography due to a disruption caused by a hurricane or tropical storm may not be disqualified from eligibility for the additional 5-percent credit as a result of the disruption.

b. *If more than 25 percent of the sum of total tax credits awarded to productions after July 1, 2010, and total tax credits certified, but not yet awarded, to productions currently in this state has been awarded for television series, then no television series or pilot shall be eligible for tax credits under this subparagraph.*

c. The calculations required by this sub-subparagraph shall use only credits available to be certified and awarded on or after July 1, 2011.

(I) If the provisions of sub-subparagraph b. are not applicable and less than 25 percent of the sum of the total tax credits awarded to productions and the total tax credits certified, but not yet awarded, to productions currently in this state has been to high-impact television series,

any ~~A~~ qualified high-impact television series shall be allowed first position in this queue for tax credit awards not yet certified.

(II) If less than 20 percent of the sum of the total tax credits awarded to productions and the total tax credits certified, but not yet awarded, to productions currently in this state has been to digital media projects, any digital media project with qualified expenditures of greater than $4,500,000 shall be allowed first position in this queue for tax credit awards not yet certified.

(III) For the purposes of determining position between a high-impact television series allowed first position and a digital media project allowed first position under this sub-subparagraph, tax credits shall be awarded on a first-come, first-served basis.

d. A qualified production that incurs at least 85 percent of its qualified expenditures within a region designated as an underutilized region at the time that the production is certified is eligible for an additional 5 percent tax credit.

e. Any qualified production that employs students enrolled full-time in a film and entertainment-related or digital media-related course of study at an institution of higher education in this state is eligible for an additional 15 percent tax credit on qualified expenditures that are wages, salaries, or other compensation paid to such students. The additional 15 percent tax credit shall also be applicable to persons hired within 12 months of graduating from a film and entertainment-related or digital media-related course of study at an institution of higher education in this state. The additional 15 percent tax credit shall apply to qualified expenditures that are wages, salaries, or other compensation paid to such recent graduates for one year from the date of hiring.

f. A qualified production for which 50 percent or more of its principal photography occurs at a qualified production facility, or a qualified digital media project or the digital animation component of a qualified production for which 50 percent or more of the project's or component's qualified expenditures are related to a qualified digital media production facility shall be eligible for an additional 5 percent tax credit on actual qualified expenditures for production activity at that facility.

g. No qualified production shall be eligible for tax credits provided under this paragraph totaling more than 30 percent of its actual qualified expenses.

2. Commercial and music video queue.—Three percent of tax credits authorized pursuant to subsection (6) in any state fiscal year must be dedicated to the commercial and music video queue. A qualified production company that produces national or regional commercials or music videos may be eligible for a tax credit award if it demonstrates a minimum of $100,000 in qualified expenditures per national or regional commercial or music video and exceeds a combined threshold of $500,000 after combining actual qualified expenditures from qualified commercials and music videos during a single state fiscal year. After a qualified production company that produces commercials, music videos, or both reaches the threshold of $500,000, it is eligible to apply for certification for a tax credit award. The maximum credit award shall be equal to 20 percent of its actual qualified expenditures up to a maximum of $500,000. If there is a surplus at the end of a fiscal year after the Office of Film and Entertainment certifies and determines the tax credits for all qualified commercial and video projects, such surplus tax credits shall be carried forward to the following fiscal year and be available to any eligible qualified productions under the general production queue.

3. Independent and emerging media production queue.—Three percent of tax credits authorized pursuant to subsection (6) in any state fiscal year must be dedicated to the independent and emerging media production queue. This queue is intended to encourage Florida independent film and emerging media production. Any qualified production, excluding commercials, infomercials, or music videos, that demonstrates at least $100,000, but not more than $625,000, in total qualified expenditures is eligible for tax credits equal to 20 percent of its actual qualified expenditures. If a surplus exists at the end of a fiscal year after the Office of Film and Entertainment certifies and determines the tax credits for all qualified independent and emerging media production projects, such surplus tax credits shall be carried forward to the following fiscal year and be available to any eligible qualified productions under the general production queue.

4. Family-friendly productions.—A certified theatrical or direct-to-video motion picture production or video game determined by the Commissioner of Film and Entertainment, with the advice of the Florida Film and Entertainment Advisory Council, to be family-friendly, based on the review of the script and the review of the final release version, is eligible for an additional tax credit equal to 5 percent of its actual qualified expenditures. Family-friendly productions are those that have cross-generational appeal; would be considered suitable for viewing by children age 5 or older; are appropriate in theme, content, and language for a broad family audience; embody a responsible resolution of issues; and do not exhibit or imply any act of smoking, sex, nudity, or vulgar or profane language.

(5) TRANSFER OF TAX CREDITS.—

(c) Transferee rights and limitations.—The transferee is subject to the same rights and limitations as the certified production company awarded the tax credit, except that the *initial* transferee *shall be permitted a one-time transfer of unused credits to no more than two subsequent transferees, and such transfers must occur in the same taxable year as the credits were received by the initial transferee, after which the subsequent transferees* may not sell or otherwise transfer the tax credit.

(7) ANNUAL ALLOCATION OF TAX CREDITS.—

(a) The aggregate amount of the tax credits that may be certified pursuant to paragraph (3)(d) may not exceed:

1. For fiscal year 2010-2011, $53.5 million.

2. For fiscal year 2011-2012, $74.5 million.

3. For fiscal years 2012-2013, 2013-2014, and 2014-2015, *$42* ~~$38~~ million per fiscal year.

(10) ANNUAL REPORT.—Each October 1, the Office of Film and Entertainment shall provide an annual report for the previous fiscal year to the Governor, the President of the Senate, and the Speaker of the House of Representatives which outlines the return on investment and economic benefits to the state. *The report shall also include an estimate of the full-time equivalent positions created by each production that received tax credits under s. 288.1254 and information relating to the distribution of productions receiving credits by geographic region and type of production.*

Section 27. Subsection (5) of section 288.1258, Florida Statutes, is amended to read:

288.1258 Entertainment industry qualified production companies; application procedure; categories; duties of the Department of Revenue; records and reports.—

(5) RELATIONSHIP OF TAX EXEMPTIONS AND INCENTIVES TO INDUSTRY GROWTH; REPORT TO THE LEGISLATURE.—The Office of Film and Entertainment shall keep annual records from the information provided on taxpayer applications for tax exemption certificates beginning January 1, 2001. ~~These records shall reflect a ratio of the annual amount of sales and use tax exemptions under this section and incentives awarded pursuant to s. 288.1254 to the estimated amount of funds expended by certified productions, including productions that received incentives pursuant to s. 288.1254.~~ These records also shall reflect a ~~separate~~ ratio of the annual amount of sales and use tax exemptions under this section, plus the incentives awarded pursuant to s. 288.1254 to the estimated amount of funds expended by certified productions. In addition, the office shall maintain data showing annual growth in Florida-based entertainment industry companies and entertainment industry employment and wages. *The employment information shall include an estimate of the full-time equivalent positions created by each production that received tax credits pursuant to s. 288.1254.* The Office of Film and Entertainment shall report this information to the Legislature no later than December 1 of each year.

Section 28. Effective January 1, 2012, paragraph (d) is added to subsection (6) of section 290.0055, Florida Statutes, to read:

290.0055 Local nominating procedure.—

(6)

(d)1. The governing body of a jurisdiction which has nominated an application for an enterprise zone that is no larger than 12 square miles and includes a portion of the state designated as a rural area of critical economic concern under s. 288.0656(7) may apply to the Office of Tourism, Trade, and Economic Development to expand the boundary of the enterprise zone by not more than 3 square miles. An application to expand the boundary of an enterprise zone under this paragraph must be submitted by December 31, 2012.

2. Notwithstanding the area limitations specified in subsection (4), the Office of Tourism, Trade, and Economic Development may approve the request for a boundary amendment if the area continues to satisfy the remaining requirements of this section.

3. The Office of Tourism, Trade, and Economic Development shall establish the initial effective date of an enterprise zone designated under this paragraph.

Section 29. Effective January 1, 2012, section 290.00726, Florida Statutes, is created to read:

290.00726 Enterprise zone designation for Martin County.—Martin County may apply to the Office of Tourism, Trade, and Economic Development for designation of one enterprise zone for an area within Martin County, which zone shall encompass an area of up to 10 square miles consisting of land within the primary urban services boundary and focusing on Indiantown, but excluding property owned by Florida Power and Light to the west, two areas to the north designated as estate residential, and the county-owned Timer Powers Recreational Area. Within the designated enterprise zone, Martin County shall exempt residential condominiums from benefiting from state enterprise zone incentives, unless prohibited by law. The application must have been submitted by December 31, 2011, and must comply with the requirements of s. 290.0055. Notwithstanding s. 290.0065 limiting the total number of enterprise zones designated and the number of enterprise zones within a population category, the Office of Tourism, Trade, and Economic Development may designate one enterprise zone under this section. The Office of Tourism, Trade, and Economic Development shall establish the initial effective date of the enterprise zone designated under this section.

Section 30. Section 290.00727, Florida Statutes, is created to read:

290.00727 Enterprise zone designation for the City of Palm Bay.—The City of Palm Bay may apply to the Office of Tourism, Trade, and Economic Development for designation of one enterprise zone for an area within the northeast portion of the city, which zone shall encompass an area of up to 5 square miles. The application must have been submitted by December 31, 2011, and must comply with the requirements of s. 290.0055. Notwithstanding s. 290.0065 limiting the total number of enterprise zones designated and the number of enterprise zones within a population category, the Office of Tourism, Trade, and Economic Development may designate one enterprise zone under this section. The Office of Tourism, Trade, and Economic Development shall establish the initial effective date of the enterprise zone designated under this section.

Section 31. Section 290.00728, Florida Statutes, is created to read:

290.00728 Enterprise zone designation for Lake County.—Lake County may apply to the Office of Tourism, Trade, and Economic Development for designation of one enterprise zone, which zone shall encompass an area of up to 10 square miles within Lake County. The application must have been submitted by December 31, 2011, and must comply with the requirements of s. 290.0055. Notwithstanding s. 290.0065 limiting the total number of enterprise zones designated and the number of enterprise zones within a population category, the Office of Tourism, Trade, and Economic Development may designate one enterprise zone under this section. The Office of Tourism, Trade, and Economic Development shall establish the initial effective date of the enterprise zone designated under this section.

Section 32. Effective January 1, 2012, subsection (1) of section 334.30, Florida Statutes, is amended to read:

334.30 Public-private transportation facilities.—The Legislature finds and declares that there is a public need for the rapid construction of safe and efficient transportation facilities for the purpose of traveling within the state, and that it is in the public's interest to provide for the construction of additional safe, convenient, and economical transportation facilities.

(1) The department may receive or solicit proposals and, with legislative approval as evidenced by approval of the project in the department's work program, enter into agreements with private entities, or consortia thereof, for the building, operation, ownership, or financing of transportation facilities. The department may advance projects programmed in the adopted 5-year work program or projects increasing transportation capacity and greater than $500 million in the 10-year Strategic Intermodal Plan using funds provided by public-private partnerships or private entities to be reimbursed from department funds for the project as programmed in the adopted work program. The department shall by rule establish an application fee for the submission of unsolicited proposals under this section. The fee must be sufficient to pay the costs of evaluating the proposals. The department may engage the services of private consultants to assist in the evaluation. Before approval, the department must determine that the proposed project:

(a) Is in the public's best interest;

(b) Would not require state funds to be used unless the project is on the State Highway System;

(c) Would have adequate safeguards in place to ensure that no additional costs or service disruptions would be realized by the traveling public and residents of the state in the event of default or cancellation of the agreement by the department;

(d) Would have adequate safeguards in place to ensure that the department or the private entity has the opportunity to add capacity to the proposed project and other transportation facilities serving similar origins and destinations; and

(e) Would be owned by the department upon completion or termination of the agreement.

The department shall ensure that all reasonable costs to the state, related to transportation facilities that are not part of the State Highway System, are borne by the private entity. The department shall also ensure that all reasonable costs to the state and substantially affected local governments and utilities, related to the private transportation facility, are borne by the private entity for transportation facilities that are owned by private entities. For projects on the State Highway System, the department may use state resources to participate in funding and financing the project as provided for under the department's enabling legislation. Because the Legislature recognizes that private entities or consortia thereof would perform a governmental or public purpose or function when they enter into agreements with the department to design, build, operate, own, or finance transportation facilities, the transportation facilities, including leasehold interests thereof, are exempt from ad valorem taxes as provided in chapter 196 to the extent property is owned by the state or other government entity, and from intangible taxes as provided in chapter 199 and special assessments of the state, any city, town, county, special district, political subdivision of the state, or any other governmental entity. The private entities or consortia thereof are exempt from tax imposed by chapter 201 on all documents or obligations to pay money which arise out of the agreements to design, build, operate, own, lease, or finance transportation facilities. Any private entities or consortia thereof must pay any applicable corporate taxes as provided in *chapter* ~~chapters~~ 220 ~~and 221~~, and unemployment compensation taxes as provided in chapter 443, and sales and use tax as provided in chapter 212 shall be applicable. The private entities or consortia thereof must also register and collect the tax imposed by chapter 212 on all their direct sales and leases that are subject to tax under chapter 212. The agreement between the private entity or consortia thereof and the department establishing a transportation facility under this chapter constitutes documentation sufficient to claim any exemption under this section.

Section 33. Effective January 1, 2012, subsection (4), paragraph (a) of subsection (6), and subsection (7) of section 624.509, Florida Statutes, are amended to read:

624.509 Premium tax; rate and computation.—

(4) The income tax imposed under chapter 220 ~~and the emergency excise tax imposed under chapter 221~~ which *is* ~~are~~ paid by any insurer

shall be credited against, and to the extent thereof shall discharge, the liability for tax imposed by this section for the annual period in which such tax payments are made. As to any insurer issuing policies insuring against loss or damage from the risks of fire, tornado, and certain casualty lines, the tax imposed by this section, as intended and contemplated by this subsection, shall be construed to mean the net amount of such tax remaining after there has been credited thereon such gross premium receipts tax as may be payable by such insurer in pursuance of the imposition of such tax by any incorporated cities or towns in the state for firefighters' relief and pension funds and police officers' retirement funds maintained in such cities or towns, as provided in and by relevant provisions of the Florida Statutes. For purposes of this subsection, payments of estimated income tax under chapter 220 ~~and of estimated emergency excise tax under chapter 221~~ shall be deemed paid either at the time the insurer actually files its annual returns under chapter 220 or at the time such returns are required to be filed, whichever first occurs, and not at such earlier time as such payments of estimated tax are actually made.

(6)(a) The total of the credit granted for the taxes paid by the insurer under *chapter* ~~chapters~~ 220 ~~and 221~~ and the credit granted by subsection (5) *may* ~~shall~~ not exceed 65 percent of the tax due under subsection (1) after deducting therefrom the taxes paid by the insurer under ss. 175.101 and 185.08 and any assessments pursuant to s. 440.51.

(7) Credits and deductions against the tax imposed by this section shall be taken in the following order: deductions for assessments made pursuant to s. 440.51; credits for taxes paid under ss. 175.101 and 185.08; credits for income taxes paid under chapter 220~~, the emergency excise tax paid under chapter 221~~ and the credit allowed under subsection (5), as these credits are limited by subsection (6); all other available credits and deductions.

Section 34. Effective January 1, 2012, subsection (1) of section 624.51055, Florida Statutes, is amended to read:

624.51055 Credit for contributions to eligible nonprofit scholarship-funding organizations.—

(1) There is allowed a credit of 100 percent of an eligible contribution made to an eligible nonprofit scholarship-funding organization under s. 1002.395 against any tax due for a taxable year under s. 624.509(1). However, such a credit may not exceed 75 percent of the tax due under s. 624.509(1) after deducting from such tax deductions for assessments made pursuant to s. 440.51; credits for taxes paid under ss. 175.101 and 185.08; credits for income taxes paid under chapter 220; ~~credits for the emergency excise tax paid under chapter 221;~~ and the credit allowed under s. 624.509(5), as such credit is limited by s. 624.509(6). An insurer claiming a credit against premium tax liability under this section shall not be required to pay any additional retaliatory tax levied pursuant to s. 624.5091 as a result of claiming such credit. Section 624.5091 does not limit such credit in any manner.

Section 35. *(1) The executive director of the Department of Revenue is authorized, and all conditions are deemed met, to adopt emergency rules under ss. 120.536(1) and 120.54(4), Florida Statutes, for the purpose of implementing this act.*

(2) Notwithstanding any other provision of law, such emergency rules shall remain in effect for 6 months after the date adopted and may be renewed during the pendency of procedures to adopt permanent rules addressing the subject of the emergency rules.

Section 36. *(1) The tax levied under chapter 212, Florida Statutes, may not be collected during the period from 12:01 a.m. on August 12, 2011, through 11:59 p.m. on August 14, 2011, on the sale of:*

(a) Clothing, wallets, or bags, including handbags, backpacks, fanny packs, and diaper bags, but excluding briefcases, suitcases, and other garment bags, having a sales price of $75 or less per item. As used in this paragraph, the term "clothing" means:

1. Any article of wearing apparel intended to be worn on or about the human body, excluding watches, watchbands, jewelry, umbrellas, or handkerchiefs; and

2. All footwear, excluding skis, swim fins, roller blades, and skates.

(b) School supplies having a sales price of $15 or less per item. As used in this paragraph, the term "school supplies" means pens, pencils, erasers, crayons, notebooks, notebook filler paper, legal pads, binders, lunch boxes, construction paper, markers, folders, poster board, composition books, poster paper, scissors, cellophane tape, glue or paste, rulers, computer disks, protractors, compasses, and calculators.

(2) The tax exemptions in this section do not apply to sales within a theme park or entertainment complex as defined in s. 509.013(9), Florida Statutes, a public lodging establishment as defined in s. 509.013(4), Florida Statutes, or an airport as defined in s. 330.27(2), Florida Statutes.

(3) The Department of Revenue may, and all conditions are deemed met to, adopt emergency rules pursuant to ss. 120.536(1) and 120.54, Florida Statutes, to administer this section.

(4) This section shall take effect upon this act becoming a law.

Section 37. *Effective upon this act becoming a law, and for the 2010-2011 fiscal year, the sum of $218,905 in nonrecurring funds is appropriated from the General Revenue Fund to the Department of Revenue for purposes of administering section 36. Funds remaining unexpended or unencumbered from this appropriation as of June 30, 2011, shall revert and be reappropriated for the same purpose in the 2011-2012 fiscal year.*

Section 38. Effective upon this act becoming a law, section 288.987, Florida Statutes, is created to read:

288.987 Florida Defense Support Task Force.—

(1) The Florida Defense Support Task Force is created.

(2) The mission of the task force is to make recommendations to prepare the state to effectively compete in any federal base realignment and closure action, to support the state's position in research and development related to or arising out of military missions and contracting, and to improve the state's military-friendly environment for service members, military dependents, military retirees, and businesses that bring military and base-related jobs to the state.

(3) The task force shall be comprised of the Governor or his or her designee, and 12 members appointed as follows:

(a) Four members appointed by the Governor.

(b) Four members appointed by the President of the Senate.

(c) Four members appointed by the Speaker of the House of Representatives.

(d) Appointed members must represent defense-related industries or communities that host military bases and installations. All appointments must be made by August 1, 2011. Members shall serve for a term of 4 years, with the first term ending July 1, 2015. However, if members of the Legislature are appointed to the task force, those members shall serve until the expiration of their legislative term and may be reappointed once. A vacancy shall be filled for the remainder of the unexpired term in the same manner as the initial appointment. All members of the council are eligible for reappointment. A member who serves in the Legislature may participate in all task force activities, but may only vote on matters that are advisory.

(4) The President of the Senate and the Speaker of the House of Representatives shall each designate one of their appointees to serve as chair of the task force. The chair shall rotate each July 1. The appointee designated by the President of the Senate shall serve as initial chair. If the Governor, instead of his or her designee, participates in the activities of the task force, then the Governor shall serve as chair.

(5) The Director of the Office of Tourism, Trade, and Economic Development within the Executive Office of the Governor, or his or her designee, shall serve as the ex officio, nonvoting executive director of the task force.

(6) The chair shall schedule and conduct the first meeting of the task force by October 1, 2011. The task force shall submit a progress report and work plan for the remainder of the 2011-2012 fiscal year to the Governor, the President of the Senate, and the Speaker of the House of Re-

presentatives by February 1, 2012, and shall submit an annual report each February 1 thereafter.

(7) The Office of Tourism, Trade, and Economic Development shall contract with the task force for expenditure of appropriated funds, which may be used by the task force for economic and product research and development, joint planning with host communities to accommodate military missions and prevent base encroachment, advocacy on the state's behalf with federal civilian and military officials, assistance to school districts in providing a smooth transition for large numbers of additional military-related students, job training and placement for military spouses in communities with high proportions of active duty military personnel, and promotion of the state to military and related contractors and employers. The task force may annually spend up to $200,000 of funds appropriated to the Executive Office of the Governor, Office of Tourism, Trade, and Economic Development, for the task force for staffing and administrative expenses of the task force, including travel and per diem costs incurred by task force members who are not otherwise eligible for state reimbursement.

Section 39. *There is appropriated for state fiscal year 2011-2012 to the Executive Office of the Governor, Office of Tourism, Trade, and Economic Development:*

(1) The sum of $15 million in nonrecurring funds from the General Revenue Fund for the Innovation Incentive Fund program.

(2) The sum of $42 million in nonrecurring funds from the General Revenue Fund for the Quick Action Closing Fund program. From these funds, preference shall be given to those projects that include at least a 20 percent local match of cash or in-kind contributions, which contributions provide a cash savings to the private business entity receiving the incentive awards.

(3) The sum of $10 million in nonrecurring funds from the General Revenue Fund for the Institute for the Commercialization of Public Research.

(4) The sum of $5 million in nonrecurring funds from the General Revenue Fund for the Florida Defense Support Task Force.

Section 40. Except as otherwise expressly provided in this act and except for this section, which shall take effect upon this act becoming a law, this act shall take effect July 1, 2011.

And the title is amended as follows:

Remove line 7 and insert:

Delete the entire title and insert: A bill to be entitled An act relating to economic development; amending s. 14.2015, F.S.; authorizing the Office of Tourism, Trade, and Economic Development to administer corporate income tax credits for spaceflight projects; amending ss. 72.011 and 72.041, F.S.; deleting a reference to conform to changes made by this act; amending s. 216.138, F.S.; providing for special impact estimating conferences to evaluate legislative proposals; requiring conference meetings to be open to the public; specifying the four principals of the conference; authorizing the convening of any special estimating conference by a specified principal in order to adopt certain supplemental information; requiring all official information of a special impact estimating conference to be adopted by consensus; authorizing a principal to invite any person to participate in the conference; providing definitions; amending ss. 220.02 and 220.13, F.S.; revising references to conform to changes made by this act; revising the order in which credits against the corporate income tax or franchise tax may be taken to include credits for certain spaceflight projects and certain research and development; redefining the term "adjusted federal income" to include the amount of certain tax credits taken relating to spaceflight projects and research and development; providing application; prohibiting a deduction from taxable income for any net operating loss if a credit against corporate income taxes relating to a spaceflight project has been taken or transferred; amending s. 220.131, F.S.; conforming provisions to changes made by this act; amending s. 220.15, F.S.; conforming provisions to changes made by this act; creating s. 220.153, F.S.; defining the terms "office" and "qualified capital expenditures"; providing for the apportionment of certain taxpayer's adjusted federal income solely by the sales factor provided in s. 220.15, F.S.; providing for eligibility based on the taxpayer's capital expenditures; providing a qualification and application process; authorizing the Department of Revenue to examine and verify that a taxpayer has correctly apportioned its taxes; authorizing the Office of Tourism, Trade, and Economic Development to approve and revoke approval of an application; providing for the recapture of unpaid taxes, interest, and penalties; authorizing the Office of Tourism, Trade, and Economic Development and the Department of Revenue to adopt rules; amending s. 220.1845, F.S.; increasing the annual tax credit cap relating to contaminated site rehabilitation; amending s. 376.30781, F.S.; conforming references; amending s. 220.16, F.S.; requiring that the amount of payments received in exchange for transferring a net operating loss for spaceflight projects be allocated to the state; creating s. 220.194, F.S.; providing a short title; providing legislative purpose; defining terms; authorizing a certified spaceflight business to take or transfer corporate income tax credits related to spaceflight projects carried out in this state; specifying tax credit amounts and business eligibility criteria; providing limitations; requiring a business to demonstrate to the satisfaction of the office and the department its eligibility to claim a tax credit; requiring a business to submit an application to the office for approval to earn credits; specifying the required contents of the application; requiring the office to approve or deny an application within 60 days after receipt; specifying the approval process; requiring a spaceflight business to submit an application for certification to the office; specifying the required contents of an application for certification; specifying the approval process; requiring the office to submit a copy of an approved certification to the department; providing procedures for transferring a tax credit to a taxpayer; authorizing the department to perform audits and investigations necessary to verify the accuracy of returns relating to the tax credit; specifying circumstances under which the office may revoke or modify a certification that grants eligibility for tax credits; requiring a certified spaceflight business to file an amended return and pay any required tax within 60 days after receiving notice that previously approved tax credits have been revoked or modified; authorizing the department to assess additional taxes, interest, or penalties; authorizing the office and the department to adopt rules; requiring the office to submit an annual report to the Governor and Legislature regarding the Florida Space Business Incentives Act; creating s. 220.195, F.S.; creating a corporate income tax credit to continue credits available under the emergency excise tax; creating s. 220.196, F.S.; providing application; providing definitions; providing a tax credit for certain research and development expenses; providing eligibility requirements for research and development tax credits; providing limitations regarding eligibility; providing an amount for such credit; providing a maximum amount of credit that may be taken during a taxable year by a business enterprise; providing that any unused credit may be carried forward for a specified period; limiting the total amount of tax credits which may be approved by the department in a calendar year; providing that applications for credits may be filed on or after a specified date; requiring that the credits be granted in the order in which applications are received; requiring the recalculation of a credit under certain circumstances; authorizing the department to adopt rules; amending ss. 220.801, 213.05, 213.053, and 213.255, F.S.; deleting references to conform to changes made by this act; authorizing the department to share information with the office relating to single sales factor apportionment used by a taxpayer; authorizing the department to share information relating to corporate income tax credits for spaceflight projects with the office; repealing chapter 221, F.S.; repealing the emergency excise tax and related provisions; amending ss. 288.075, 288.1045, and 288.106, F.S.; deleting references to conform to changes made by this act; revising a provision to conform to changes made by this act; amending s. 288.1254, F.S.; revising and providing definitions; revising criteria for awarding tax credits and increasing the amount of credits to be awarded under the entertainment industry financial incentive program; revising the application procedure and approval process; permitting an initial transferee of tax credits to make a one-time transfer of unused tax credits; amending s. 288.1258, F.S.; changing the recordkeeping requirements of the Office of Film and Entertainment; amending s. 290.0055, F.S.; authorizing certain governing bodies to apply to the Office of Tourism, Trade, and Economic Development to amend the boundary of an enterprise zone that includes a rural area of critical economic concern; providing a limitation; providing an application deadline; authorizing the office to approve the amendment application subject to certain requirements; requiring the office to establish the effective date of certain enterprise zones; creating s. 290.00726, F.S.; authorizing Martin County to apply to the Office of Tourism, Trade, and Economic Development for designation of an enterprise zone; providing application requirements; authorizing the office to designate an enterprise zone in Martin County; providing responsibilities of the office; creating s. 290.00727, F.S.; authorizing the City of Palm Bay to apply to the Office of Tourism, Trade, and Economic Development for designation of an enterprise zone; providing application requirements; authorizing

the office to designate an enterprise zone in the City of Palm Bay; providing responsibilities of the office; creating s. 290.00728, F.S.; authorizing Lake County to apply to the Office of Tourism, Trade, and Economic Development for designation of an enterprise zone; providing application requirements; authorizing the office to designate an enterprise zone in Lake County; providing responsibilities of the office; amending ss. 334.30, 624.509, and 624.51055, F.S.; deleting references to conform to changes made by this act; authorizing the executive director of the Department of Revenue to adopt emergency rules; specifying a period during this year when the sale of clothing, wallets, bags, and school supplies are exempt from the sales tax; providing definitions; providing exceptions; authorizing the Department of Revenue to adopt emergency rules; providing an appropriation; creating s. 288.987, F.S.; creating the Florida Defense Support Task Force; providing for the task force's mission, membership composition, appointment of membership, and administration; authorizing the expenditure of appropriated funds by the task force for specified purposes; providing appropriations to the Executive Office of the Governor, Office of Tourism, Trade and Economic Development; providing effective dates.

On motion by Senator Bogdanoff, the Senate concurred in the House Amendment to the Senate Amendment.

CS for HB 143 passed as amended and the action of the Senate was certified to the House. The vote on passage was:

RETURNING MESSAGES — FINAL ACTION

The Honorable Mike Haridopolos, President

I am directed to inform the Senate that the House of Representatives has passed SB 404 and CS for CS for SB 1316.

Robert L. "Bob" Ward, Clerk

The bills contained in the foregoing messages were ordered enrolled.

The Honorable Mike Haridopolos, President

I am directed to inform the Senate that the House of Representatives has accepted the Conference Committee Report in its entirety and passed CS for CS for SB 1292, CS for CS for SB 1314, CS for SB 1738, SB 2000, SB 2002, SB 2094, SB 2096, SB 2106, SB 2112, SB 2116, SB 2118, SB 2120, SB 2122, SB 2130, SB 2132, SB 2142, SB 2144, SB 2146, SB 2150, SB 2152 and SB 2156 as amended by the Conference Committee Report.

Robert L. "Bob" Ward, Clerk

The bills contained in the foregoing messages were ordered engrossed and then enrolled.

The Honorable Mike Haridopolos, President

I am directed to inform the Senate that the House of Representatives has failed to pass SB 2134 as amended by the Conference Committee Report.

Robert L. "Bob" Ward, Clerk

The Honorable Mike Haridopolos, President

I am directed to inform the Senate that the House of Representatives has concurred in Senate Amendment 1 to House Amendment 5 to Senate Amendment 1, and has receded from House Amendment 3 to Senate Amendment 1, and passed CS for CS for HB 7005 as amended.

Robert L. "Bob" Ward, Clerk

SPECIAL VOTE

By direction of the President, the Senators present in the chamber unanimously voted to show their support of Eric Brody and William Dillon, claimants in CS for SB 42 and CS for SB 46, respectively.

CS for SB 664 and CS for SB 1676 on June 24, 2011.

CS for SB 926 and CS for CS for CS for SB 1546 on June 27, 2011.

SB 404 on June 28, 2011.

INDEX

TO THE

JOURNAL OF THE SENATE

MARCH 8 THROUGH MAY 7, 2011

HOW TO FIND OR TRACE A BILL, RESOLUTION OR MEMORIAL

When the bill, resolution or memorial number is unknown, use the:

SUBJECT INDEX OF SENATE AND HOUSE BILLS, RESOLUTIONS AND MEMORIALS.

The subject matter of each bill is indexed and cross-indexed in an alphabetical arrangement, using topics of catchwords related closely to the subject matter. This is followed by the number of the bill, resolution or memorial.

When the bill, resolution or memorial number is known, use the:

NUMERICAL INDICES OF SENATE AND HOUSE BILLS, RESOLUTIONS AND MEMORIALS.

Each bill is listed in numerical order. Opposite each bill number is the subject, the name of introducer, the page numbers where the bill involved appears in the journal, and the final status of the bill.

Tracing all Senate and House Actions

It is possible to trace the progress of legislation from introduction to final disposition, step by step, as it is recorded on the various pages of the Senate Journal by looking at the pages referred to in the numerical index.

To follow the progress of Senate legislation passed by the Senate and sent to the House, use the indices contained in the House Journal to trace House action.

MEMBERS OF THE SENATE; BILLS, RESOLUTIONS AND MEMORIALS INTRODUCED; AND COMMITTEE ASSIGNMENTS

REGULAR SESSION
March 8 through May 7, 2011

[Source: Office of Legislative Services]

Subject Index of Senate and House Bills, Resolutions and Memorials

REGULAR SESSION
March 8 through May 7, 2011

[Source: Office of Legislative Services]

This index embraces all measures introduced in both the Senate and House. The house of origin is identified by the letter preceding each bill: S-Senate, H-House. House bills shown in this index include those never received by the Senate, and their inclusion here is only for the convenience of the user interested in all bills introduced in the Legislature on a particular subject.

(Boldfaced bill numbers passed both houses—adopted one-house resolutions also boldfaced.)

SENATE BILLS, RESOLUTIONS AND MEMORIALS BY NUMBER
WITH SUBJECT, INTRODUCER AND DISPOSITION

REGULAR SESSION
March 8 through May 7, 2011

(To Obtain the Number of a Bill, see Subject Index)

Abbreviations

BA — Bill Action
Ch. — Chapter Number, Bill Passed
CO — Co-Introducers
CR — Committee Report
CS — Committee Substitute
FR — First Reading
MO — Motion
RC — Reference Change
Boldfaced Page Numbers — Passage of Bill

Types of Bills

SB/HB — Senate/House Bill
