CONTINUATION OF

FORTY-THIRD REGULAR SESSION

UNDER THE CONSTITUTION AS REVISED IN 1968

MARCH 8 THROUGH MAY 7, 2011

Journal of the Senate

Number 22—Regular Session **Thursday, May 5, 2011**

CONTENTS

CALL TO ORDER

The Senate was called to order by President Haridopolos at 10:00 a.m. A quorum present—37:

Mr. President	Flores	Norman
Alexander	Gaetz	Oelrich
Altman	Garcia	Rich
Benacquisto	Gardiner	Richter
Bennett	Hays	Sachs
Bogdanoff	Hill	Simmons
Braynon	Jones	Siplin
Dean	Joyner	Smith
Detert	Latvala	Sobel
Diaz de la Portilla	Lynn	Thrasher
Dockery	Margolis	Wise
Evers	Montford	
Fasano	Negron	

Excused: Senator Bullard; Senator Garcia at 1:30 p.m.

PRAYER

The following prayer was offered by Father Robert Garrity, Director of Campus Ministry, Ave Maria University, Ave Maria:

Almighty and Eternal God, source of all true justice and of all good laws, we pause this morning to thank you for this day and to ask your blessing on the opportunities it presents to us. Help us to do well the work entrusted to us by the people of the State of Florida. For this is indeed a great state—from Tallahassee to Tampa; from Miami to Orlando; from Jacksonville to Pensacola; and from the Everglades to the Panhandle—we joyfully acknowledge, O God, that you have made all things good.

The great State of Florida is unsurpassed in sunshine, in opportunity, in resources, and above all, in good and talented people from all walks of life who hope to live decent lives, provide for their families, and leave this world a little better than when we found it.

We ask you, O gracious God, to help us to be all that you made us to be. Assist with your guidance the President of the United States, the U.S. Congress, the Governor of Florida, the members and leaders of this legislative body—especially of this Senate—our judges, elected civil officials, and all who are entrusted to guard our political welfare. May all our leaders be enabled by your powerful protection to discharge their duties with honesty and ability so as to promote peace, happiness, and security for all.

Especially today, Lord, we pray for a beloved and esteemed member, my own State Senator from eastern Collier County, Larcenia Bullard, who is ill and in need of healing. Bless her, grace her, grant your strength to Larcenia and to all her loved ones.

We likewise, commend your mercy to all citizens of the United States. We thank you for the service of our men and women in uniform, and especially for our recent victory over terrorism. Protect all who serve the public good in the armed forces and in many other ways.

Florida is a state where fiscal restraint and compassion for the needy can go hand in hand. As we complete this legislative season, help us, Lord, to accomplish with your grace the common good, and not just our selfish desires. Let all the citizens of this state be blessed in the knowledge and sanctified in the observance of your holy law. May we be preserved in union and in that peace which the world cannot give, and after enjoying the blessings of this life may we be admitted to those which are eternal. We pray, O God, in your holy name. Amen.

PLEDGE

Senate Pages Tiffani–Michelle Schmidt of Carrabelle; Ricardo Toussaint and Lauren Claude of Tallahassee, led the Senate in the pledge of allegiance to the flag of the United States of America.

DOCTOR OF THE DAY

The President recognized Dr. Mel Hartsfield of Tallahassee, sponsored by Senator Montford, as doctor of the day. Dr. Hartsfield specializes in Emergency Medicine.

ADOPTION OF RESOLUTIONS

On motion by Senator Gaetz—

By Senators Gaetz, Thrasher, Haridopolos, Alexander, Altman, Benacquisto, Bennett, Bogdanoff, Braynon, Dean, Detert, Diaz de la Portilla, Dockery, Evers, Fasano, Flores, Garcia, Gardiner, Hays, Hill, Jones, Joyner, Latvala, Lynn, Margolis, Montford, Negron, Norman, Oelrich, Rich, Richter, Sachs, Simmons, Siplin, Sobel, and Wise—

SR 2216—A resolution recognizing the visionary leadership of Education Commissioner Eric Smith.

WHEREAS, Eric Smith began his career in Florida as a classroom teacher more than 30 years ago, and

WHEREAS, Eric Smith's commitment to positive change in the field of education led him to several administrative positions in Florida school districts and, eventually, to 16 years of serving as a district superintendent in Virginia, North Carolina, and Maryland, and

WHEREAS, as the commissioner of one of the largest state agencies in Florida, Eric Smith has managed an operating budget of more than $17 billion to provide supports and services that have increased the proficiency of all students, including those who are blind, visually impaired, or disabled, and

WHEREAS, Eric Smith's goals of increasing the academic achievement of all students and reducing the disparity in achievement among student subgroups have remained constant throughout his career, and

WHEREAS, Eric Smith's success in consistently meeting these goals in individual districts bears testimony to his own passion to change students' lives, to the urgency he brings to the challenges involved, and to his leadership in ensuring the involvement of all stakeholders, and

WHEREAS, Eric Smith is the author of the Florida Education Next Generation Strategic Plan, a visionary blueprint that focuses on strategic targets and benchmarks in order to assist students in achieving success in the 21st Century, NOW, THEREFORE,

Be It Resolved by the Senate of the State of Florida:

That the members of the Senate recognize the visionary leadership of Education Commissioner Eric Smith and express deep appreciation for his outstanding service to the people of this state.

—was introduced out of order and read by title. On motion by Senator Gaetz, **SR 2216** was read the second time in full and adopted.

MOTION

On motion by Senator Thrasher, the rules were waived and time of recess was extended until 12:30 p.m.

BILLS ON THIRD READING

Consideration of **CS for CS for SB 818**, **CS for CS for HB 1255**, **SB 788**, **CS for CS for HB 965**, and **CS for CS for HB 1355** was deferred.

HB 1247—A bill to be entitled An act relating to parental notice of abortion; amending s. 390.01114, F.S.; revising the definition of the term "constructive notice"; revising notice requirements relating to the termination of a pregnancy of a minor; providing exceptions to the notice requirements; revising procedure for judicial waiver of notice; providing for the minor to petition for a hearing within a specified time; providing that in a hearing relating to waiving the requirement for parental notice, the court consider certain additional factors, including whether the minor's decision to terminate her pregnancy was due to undue influence; providing a procedure for appeal if judicial waiver of notice is not granted; requiring that the court order contain factual findings and legal conclusions; requiring Supreme Court reports to the Governor and Legislature to include additional information; providing for severability; providing an effective date.

—was read the third time by title.

On motion by Senator Hays, **HB 1247** was passed and certified to the House. The vote on passage was:

Yeas—26

Mr. President	Dockery	Norman
Alexander	Evers	Oelrich
Altman	Fasano	Richter
Benacquisto	Flores	Simmons
Bennett	Gaetz	Siplin
Bogdanoff	Garcia	Storms
Dean	Gardiner	Thrasher
Detert	Hays	Wise
Diaz de la Portilla	Negron	

Nays—12

Braynon	Hill	Jones
Joyner	Montford	Sachs
Lynn	Rich	Smith
Margolis	Ring	Sobel

CS for HB 1127—A bill to be entitled An act relating to abortions; amending s. 390.0111, F.S.; requiring that an ultrasound be performed on a woman obtaining an abortion; specifying who must perform an ultrasound; requiring that the ultrasound be reviewed with the patient before the woman gives informed consent for the abortion procedure; specifying who must review the ultrasound with the patient; requiring that the woman certify in writing that she declined to review the ultrasound and did so of her own free will and without undue influence; providing an exemption from the requirement to view the ultrasound for women who are the victims of rape, incest, domestic violence, or human trafficking or for women who have a serious medical condition necessitating the abortion; revising requirements for written materials; providing that failure to comply with the requirements of the section constitutes grounds for disciplinary action; requiring rulemaking; amending s. 390.012, F.S.; requiring an ultrasound for all patients regardless of when the abortion is performed; requiring the agency to adopt rules requiring clinics to comply with s. 390.0111, F.S.; deleting provisions relating to reviewing ultrasound evaluation results, to conform to changes made by the act; providing for severability; providing an effective date.

—was read the third time by title.

On motion by Senator Storms, **CS for HB 1127** was passed and certified to the House. The vote on passage was:

Yeas—24

Mr. President	Fasano	Norman
Alexander	Flores	Oelrich
Altman	Gaetz	Richter
Benacquisto	Garcia	Simmons
Bogdanoff	Gardiner	Siplin
Dean	Hays	Storms
Diaz de la Portilla	Latvala	Thrasher
Evers	Negron	Wise

Nays—15

Bennett	Jones	Rich
Braynon	Joyner	Ring
Detert	Lynn	Sachs
Dockery	Margolis	Smith
Hill	Montford	Sobel

CS for CS for HB 965—A bill to be entitled An act relating to the Florida Tax Credit Scholarship Program; amending ss. 220.1875 and 624.51055, F.S.; revising provisions relating to the amount of a tax credit allowed for a contribution made to an eligible nonprofit scholarship-funding organization; amending s. 1002.395, F.S.; revising provisions relating to the carryforward of an unused amount of a tax credit and the rescindment of all or part of a tax credit under the Florida Tax Credit Scholarship Program; providing an effective date.

—was read the third time by title.

On motion by Senator Flores, **CS for CS for HB 965** was passed and certified to the House. The vote on passage was:

Yeas—34

Mr. President	Detert	Gardiner
Alexander	Diaz de la Portilla	Hays
Altman	Dockery	Jones
Benacquisto	Evers	Latvala
Bennett	Fasano	Lynn
Bogdanoff	Flores	Margolis
Braynon	Gaetz	Negron
Dean	Garcia	Norman

Oelrich	Simmons	Thrasher
Richter	Siplin	Wise
Ring	Smith	
Sachs	Storms	

Nays—5

Hill	Montford	Sobel
Joyner	Rich	

Vote after roll call:

Yea to Nay—Braynon

Consideration of **CS for CS for CS for HB 353**, **HB 7101** and **CS for SB 1246** was deferred.

CS for SB 584—A bill to be entitled An act relating to massage therapy; amending s. 480.041, F.S.; requiring applicants to apply for a temporary permit upon forms prepared and furnished by the Department of Health in accordance with the Board of Massage Therapy's rules; authorizing the Board of Massage Therapy to issue temporary permits to applicants who meet certain qualifications to practice massage therapy; providing for the expiration of temporary permits; providing limitations; amending s. 480.044, F.S.; providing for a temporary permit fee; providing an effective date.

—was read the third time by title.

On motion by Senator Flores, **CS for SB 584** was passed and certified to the House. The vote on passage was:

Yeas—19

Mr. President	Flores	Norman
Alexander	Gaetz	Oelrich
Benacquisto	Garcia	Simmons
Bogdanoff	Gardiner	Siplin
Dean	Hill	Thrasher
Diaz de la Portilla	Latvala	
Fasano	Negron	

Nays—18

Altman	Hays	Richter
Bennett	Jones	Ring
Braynon	Joyner	Sachs
Detert	Lynn	Smith
Dockery	Montford	Sobel
Evers	Rich	Wise

HB 7101—A bill to be entitled An act relating to judicial nominating commissions; repealing s. 43.291, F.S., relating to judicial nominating commissions; creating s. 43.292, F.S.; providing for judicial nominating commissions; specifying membership and composition; providing for appointment of members by the Governor; providing for terms; requiring the Governor to consider racial, ethnic, gender, and geographic diversity in making appointments; providing for suspension of a member of a judicial nominating commission; establishing a quorum; providing for administrative support; abolishing prior offices; permitting reappointment of former officeholders; providing an effective date.

—as amended May 4 was read the third time by title.

RECONSIDERATION OF AMENDMENT

On motion by Senator Bogdanoff, the Senate reconsidered the vote by which **Amendment 1 (866924)** was adopted.

On motion by Senator Bogdanoff, further consideration of **HB 7101** with pending **Amendment 1 (866924)** was deferred.

CS for CS for CS for CS for HB 353—A bill to be entitled An act relating to drug screening of potential and existing beneficiaries of Temporary Assistance for Needy Families; creating s. 414.0652, F.S.; requiring the Department of Children and Family Services to perform a drug test on an applicant for Temporary Assistance for Needy Families benefits; requiring such individual to bear the cost of the drug test; requiring the department to provide, and the applicant to acknowledge receipt of, notice of the drug-screening policy; requiring the department to increase the amount of the initial TANF benefit by the amount paid by the individual for the drug testing; providing procedures for testing and retesting; requiring the department to provide information concerning local substance abuse treatment programs to an individual who tests positive; providing conditions for an individual to reapply for Temporary Assistance for Needy Families benefits; providing that, if a parent is ineligible as a result of failing a drug test, the eligibility of the children is not affected; providing conditions for designating another protective payee; providing rulemaking authority to the department; providing an effective date.

—was read the third time by title.

On motion by Senator Oelrich, **CS for CS for CS for CS for HB 353** was passed and certified to the House. The vote on passage was:

Yeas—26

Mr. President	Dockery	Negron
Alexander	Evers	Norman
Altman	Fasano	Oelrich
Benacquisto	Gaetz	Richter
Bennett	Gardiner	Simmons
Bogdanoff	Hays	Storms
Dean	Jones	Thrasher
Detert	Latvala	Wise
Diaz de la Portilla	Lynn	

Nays—11

Braynon	Montford	Siplin
Hill	Rich	Smith
Joyner	Ring	Sobel
Margolis	Sachs	

The Senate resumed consideration of—

HB 7101—A bill to be entitled An act relating to judicial nominating commissions; repealing s. 43.291, F.S., relating to judicial nominating commissions; creating s. 43.292, F.S.; providing for judicial nominating commissions; specifying membership and composition; providing for appointment of members by the Governor; providing for terms; requiring the Governor to consider racial, ethnic, gender, and geographic diversity in making appointments; providing for suspension of a member of a judicial nominating commission; establishing a quorum; providing for administrative support; abolishing prior offices; permitting reappointment of former officeholders; providing an effective date.

—which was previously considered this day. Pending **Amendment 1 (866924)** by Senator Bogdanoff was withdrawn.

MOTION

On motion by Senator Bogdanoff, by the required two-thirds vote, consideration of the following amendment was allowed:

Senators Bogdanoff and Thrasher offered the following amendment which was moved by Senator Bogdanoff:

Amendment 2 (453086) (with title amendment)—Delete everything after the enacting clause and insert:

Section 1. Subsection (3) of section 43.291, Florida Statutes, is amended to read:

43.291 Judicial nominating commissions.—

(3)*(a)* ~~Notwithstanding any other provision of this section, each current member of a judicial nominating commission appointed directly by the Board of Governors of The Florida Bar shall serve the remainder of his or her term, unless removed for cause.~~ The terms of all *current* ~~other~~ members of a judicial nominating commission are hereby terminated, and the Governor shall appoint ~~new members to each judicial nominating commission in the following manner:~~

~~(a)~~ *Nine* ~~Two~~ appointments for terms ending *January 15, 2015* ~~July 1, 2002~~, *four* ~~one~~ of which shall be an appointment selected from nominations submitted by the Board of Governors of The Florida Bar pursuant to paragraph (1)(a).~~;~~

~~(b) Two appointments for terms ending July 1, 2003; and~~

~~(c) Two appointments for terms ending July 1, 2004.~~

(b) Every subsequent appointment, except an appointment to fill a vacant, unexpired term, shall be for 4 years. Each expired term or vacancy shall be filled by appointment in the same manner as the member whose position is being filled.

Section 2. This act shall take effect upon becoming a law.

And the title is amended as follows:

Delete everything before the enacting clause and insert: A bill to be entitled An act relating to judicial nominating commissions; amending s. 43.291, F.S.; providing for the appointment of members of judicial nominating commissions; providing an effective date.

On motion by Senator Bogdanoff, further consideration of **HB 7101** with pending **Amendment 2 (453086)** was deferred.

SPECIAL ORDER CALENDAR

On motion by Senator Bennett, by unanimous consent—

CS for CS for SB 1122—A bill to be entitled An act relating to growth management; amending s. 163.3161, F.S.; redesignating the "Local Government Comprehensive Planning and Land Development Regulation Act" as the "Community Planning Act"; revising and providing intent and purpose of act; amending 163.3162, F.S.; revising provisions related to agricultural enclaves; amending s. 163.3164, F.S.; revising definitions; amending s. 163.3167, F.S.; revising the scope of the act; revising and providing duties of local governments and municipalities relating to comprehensive plans; removing regional planning agencies from the responsibility of preparing comprehensive plans; prohibiting initiative or referendum processes in regard to development orders, local comprehensive plan amendments, and map amendments; prohibiting local governments from requiring a super majority vote on comprehensive plan amendments; deleting retroactive effect; creating s. 163.3168, F.S.; encouraging local governments to apply for certain innovative planning tools; authorizing the state land planning agency and other appropriate state and regional agencies to use direct and indirect technical assistance; amending s. 163.3171, F.S.; providing legislative intent; amending s. 163.3174, F.S.; deleting certain notice requirements relating to the establishment of local planning agencies by a governing body; amending s. 163.3175, F.S.; providing additional factors for local government consideration in impacts to military installations; clarifying requirements for adopting criteria to address compatibility of lands relating to military installations; amending s. 163.3177, F.S.; revising and providing duties of local governments; revising and providing required and optional elements of comprehensive plans; revising requirements of schedules of capital improvements; revising and providing provisions relating to capital improvements elements; revising and providing required sanitary sewer, solid waste, drainage, potable water, and natural groundwater aquifer recharge elements; revising and providing required conservation elements; revising and providing required housing elements; revising and providing required coastal management elements; revising major objectives of, and procedures relating to, the local comprehensive planning process; revising and providing required and optional elements of future land use plans; providing required transportation elements; revising and providing required conservation elements; revising and providing required housing elements; revising and providing required coastal management elements; revising and providing required intergovernmental coordination elements; amending s. 163.31777, F.S.; revising requirements relating to public schools' interlocal agreements; deleting duties of the Office of Educational Facilities, the state land planning agency, and local governments relating to such agreements; deleting an exemption; amending s. 163.3178, F.S.; deleting a deadline for local governments to amend coastal management elements and future land use maps; amending s. 163.3180, F.S.; revising and providing provisions relating to concurrency; revising concurrency requirements; revising application and findings; revising local government requirements; revising and providing requirements relating to transportation concurrency, transportation concurrency exception areas, urban infill, urban redevelopment, urban service, downtown revitalization areas, transportation concurrency management areas, long-term transportation and school concurrency management systems, development of regional impact, school concurrency, service areas, financial feasibility, interlocal agreements, and multimodal transportation districts; revising duties of the Office of Program Policy Analysis and Government Accountability and the state land planning agency; providing requirements for local plans; providing for the limiting the liability of local governments under certain conditions; reenacting s. 163.31801(5), F.S., and amending s. 163.31801, F.S.; prohibiting new impact fees by local governments for a specified period of time; amending s. 163.3182, F.S.; revising definitions; revising provisions relating to transportation sufficiency plans and projects; amending s. 163.3184, F.S.; providing a definition for "reviewing agencies"; amending the definition of "in compliance"; removing references to procedural rules established by the state land planning agency; deleting provisions relating to community vision and urban boundary plan amendments, urban infill and redevelopment plan amendments, and housing incentive strategy plan amendments; amending s. 163.3187, F.S.; deleting provisions relating to the amendment of adopted comprehensive plan and providing the process for adoption of small-scale comprehensive plan amendments; amending s. 163.3191, F.S., relating to the evaluation and appraisal of comprehensive plans; providing and revising local government requirements including notice, amendments, compliance, mediation, reports, and scoping meetings; amending s. 163.3194, F.S.; regulating development orders for signs authorized by s. 479.07, F.S.; providing definitions; amending s. 163.3235, F.S.; revising requirements for periodic reviews of a development agreements; amending s. 163.3239, F.S.; revising recording requirements; amending s. 163.3243, F.S.; revising parties who may file an action for injunctive relief; amending s. 163.3245, F.S.; revising provisions relating to optional sector plans; authorizing the adoption of sector plans under certain circumstances; amending s. 163.3247, F.S.; revising provisions relating to the Century Commission for a Sustainable Florida; revising the findings and intent to include the necessity for a specific strategic plan addressing the state's growth management system; revising the planning timeframes to include a 10-year horizon; revising membership of the commission; deleting obsolete provisions regarding initial appointments; providing for the election of a chair and excluding certain members from serving as chair during a specified period; requiring that the commission meet at least six times per fiscal year; deleting a provision that requires the commission to meet in different regions in the state; requiring that the executive director establish a meeting calendar with the commission's approval; authorizing the commission to form subcommittees by vote; providing for a majority vote of members on commission actions; providing for reimbursement for per diem and travel expenses; revising provisions relating to the commission's powers and duties; requiring that the commission, in cooperation with interested state agencies, local governments, and nongovernmental stakeholders, develop a strategic plan and submit the plan to the Governor and the Legislature by a specified date; requiring that the commission also submit progress reports by specified dates; requiring that the commission make presentations to the Governor and the Legislature; providing that an executive director be appointed by the Secretary of Community Affairs and ratified by the commission; requiring that the Department of Community Affairs provide a specific line item in its annual legislative budget request to fund the commission during a specified period; authorizing the department to obtain additional funding through external grants; requiring that the department provide sufficient funding and staff support to assist the commission in its duties; providing for future expiration and the abolishment of the commission; creating s. 163.3248, F.S.; providing for the designation of rural land stewardship areas; providing purposes and requirements for the establishment of such areas; providing for the creation of rural land stewardship overlay zoning district and transferable rural land use credits; providing certain limitations relating to such credits; providing for incentives; providing legislative intent; amending s. 163.32465, F.S.; revising legislative findings related to local government comprehensive planning; revising the process for amending a comprehensive plan;

making the expedited review process applicable statewide and removing its status as a pilot program; revising the process and requirements for expedited review of plan amendments; amending s. 186.504, F.S.; revising membership requirements of regional planning councils; amending s. 367.021, F.S.; providing definitions for the terms "large landowner" and "need"; amending s. 380.06, F.S.; revising exemptions; revising provisions to conform to changes made by this act; repealing rules 9J-5 and 9J-11.023, Florida Administrative Code, relating to minimum criteria for review of local government comprehensive plans and plan amendments, evaluation and appraisal reports, land development regulations, and determinations of compliance; amending s. 380.0685, F.S.; revising the uses of the park admission surcharge; amending ss. 70.51, 163.06, 163.2517, 163.3217, 163.3220, 163.3221, 163.3229, 163.360, 163.516, 171.203, 186.513, 186.515, 189.415, 190.004, 190.005, 193.501, 287.042, 288.063, 288.975, 290.0475, 311.07, 331.319, 339.155, 339.2819, 369.303, 369.321, 378.021, 380.031, 380.061, 380.065, 380.115, 403.50665, 420.9071, 403.973, 420.5095, 420.615, 420.9071, 420.9076, 720.403, 1013.30, and 1013.33, F.S.; making conforming changes; repealing administrative rules; expanding a permit extension; providing a finding of important state interest; requiring the state land planning agency to review certain administrative and judicial proceedings; providing procedures for such review; affirming statutory construction with respect to other legislation passed at the same session; providing a directive of the Division of Statutory Revision; providing effective dates.

—was taken up out of order and read the second time by title.

Senator Bennett moved the following amendments which were adopted:

Amendment 1 (701516) (with title amendment)—Delete lines 349-946 and insert: intensities of use of the industrial, commercial, or residential areas that surround the parcel. This presumption may be rebutted by clear and convincing evidence. Each application for a comprehensive plan amendment under this subsection for a parcel larger than 640 acres must include appropriate new urbanism concepts such as clustering, mixed-use development, the creation of rural village and city centers, and the transfer of development rights in order to discourage urban sprawl while protecting landowner rights.

(a) The local government and the owner of a parcel of land that is the subject of an application for an amendment shall have 180 days following the date that the local government receives a complete application to negotiate in good faith to reach consensus on the land uses and intensities of use that are consistent with the uses and intensities of use of the industrial, commercial, or residential areas that surround the parcel. Within 30 days after the local government's receipt of such an application, the local government and owner must agree in writing to a schedule for information submittal, public hearings, negotiations, and final action on the amendment, which schedule may thereafter be altered only with the written consent of the local government and the owner. Compliance with the schedule in the written agreement constitutes good faith negotiations for purposes of paragraph (c).

(b) Upon conclusion of good faith negotiations under paragraph (a), regardless of whether the local government and owner reach consensus on the land uses and intensities of use that are consistent with the uses and intensities of use of the industrial, commercial, or residential areas that surround the parcel, the amendment must be transmitted to the state land planning agency for review pursuant to s. 163.3184. If the local government fails to transmit the amendment within 180 days after receipt of a complete application, the amendment must be immediately transferred to the state land planning agency for such review ~~at the first available transmittal cycle~~. A plan amendment transmitted to the state land planning agency submitted under this subsection is presumed *not* to be *urban sprawl as defined in s. 163.3164* ~~consistent with rule 9J-5.006(5), Florida Administrative Code~~. This presumption may be rebutted by clear and convincing evidence.

(c) If the owner fails to negotiate in good faith, a plan amendment submitted under this subsection is not entitled to the rebuttable presumption under this subsection in the negotiation and amendment process.

(d) Nothing within this subsection relating to agricultural enclaves shall preempt or replace any protection currently existing for any property located within the boundaries of the following areas:

1. The Wekiva Study Area, as described in s. 369.316; or

2. The Everglades Protection Area, as defined in s. 373.4592(2).

Section 6. Section 163.3164, Florida Statutes, is amended to read:

163.3164 *Community* ~~Local Government Comprehensive~~ Planning ~~and Land Development Regulation~~ Act; definitions.—As used in this act:

(1) "Administration Commission" means the Governor and the Cabinet, and for purposes of this chapter the commission shall act on a simple majority vote, except that for purposes of imposing the sanctions provided in s. 163.3184*(8)*~~(11)~~, affirmative action shall require the approval of the Governor and at least three other members of the commission.

(2) "Affordable housing" has the same meaning as in s. 420.0004(3).

(3)~~(33)~~ "Agricultural enclave" means an unincorporated, undeveloped parcel that:

(a) Is owned by a single person or entity;

(b) Has been in continuous use for bona fide agricultural purposes, as defined by s. 193.461, for a period of 5 years prior to the date of any comprehensive plan amendment application;

(c) Is surrounded on at least 75 percent of its perimeter by:

1. Property that has existing industrial, commercial, or residential development; or

2. Property that the local government has designated, in the local government's comprehensive plan, zoning map, and future land use map, as land that is to be developed for industrial, commercial, or residential purposes, and at least 75 percent of such property is existing industrial, commercial, or residential development;

(d) Has public services, including water, wastewater, transportation, schools, and recreation facilities, available or such public services are scheduled in the capital improvement element to be provided by the local government or can be provided by an alternative provider of local government infrastructure in order to ensure consistency with applicable concurrency provisions of s. 163.3180; and

(e) Does not exceed 1,280 acres; however, if the property is surrounded by existing or authorized residential development that will result in a density at buildout of at least 1,000 residents per square mile, then the area shall be determined to be urban and the parcel may not exceed 4,480 acres.

(4) "Antiquated subdivision" means a subdivision that was recorded or approved more than 20 years ago and that has substantially failed to be built and the continued buildout of the subdivision in accordance with the subdivision's zoning and land use purposes would cause an imbalance of land uses and would be detrimental to the local and regional economies and environment, hinder current planning practices, and lead to inefficient and fiscally irresponsible development patterns as determined by the respective jurisdiction in which the subdivision is located.

(5)~~(2)~~ "Area" or "area of jurisdiction" means the total area qualifying under ~~the provisions of~~ this act, whether this be all of the lands lying within the limits of an incorporated municipality, lands in and adjacent to incorporated municipalities, all unincorporated lands within a county, or areas comprising combinations of the lands in incorporated municipalities and unincorporated areas of counties.

(6) "Capital improvement" means physical assets constructed or purchased to provide, improve, or replace a public facility and which are typically large scale and high in cost. The cost of a capital improvement is generally nonrecurring and may require multiyear financing. For the purposes of this part, physical assets that have been identified as existing or projected needs in the individual comprehensive plan elements shall be considered capital improvements.

(7)~~(3)~~ "Coastal area" means the 35 coastal counties and all coastal municipalities within their boundaries ~~designated coastal by the state land planning agency~~.

(8) "Compatibility" means a condition in which land uses or conditions can coexist in relative proximity to each other in a stable fashion over time such that no use or condition is unduly negatively impacted directly or indirectly by another use or condition.

(9)~~(4)~~ "Comprehensive plan" means a plan that meets the requirements of ss. 163.3177 and 163.3178.

(10) "Deepwater ports" means the ports identified in s. 403.021(9).

(11) "Density" means an objective measurement of the number of people or residential units allowed per unit of land, such as residents or employees per acre.

(12)~~(5)~~ "Developer" means any person, including a governmental agency, undertaking any development as defined in this act.

(13)~~(6)~~ "Development" has the *same* meaning *as* ~~given it~~ in s. 380.04.

(14)~~(7)~~ "Development order" means any order granting, denying, or granting with conditions an application for a development permit.

(15)~~(8)~~ "Development permit" includes any building permit, zoning permit, subdivision approval, rezoning, certification, special exception, variance, or any other official action of local government having the effect of permitting the development of land.

(16)~~(25)~~ "Downtown revitalization" means the physical and economic renewal of a central business district of a community as designated by local government, and includes both downtown development and redevelopment.

(17) "Floodprone areas" means areas inundated during a 100-year flood event or areas identified by the National Flood Insurance Program as an A Zone on flood insurance rate maps or flood hazard boundary maps.

(18) "Goal" means the long-term end toward which programs or activities are ultimately directed.

(19)~~(9)~~ "Governing body" means the board of county commissioners of a county, the commission or council of an incorporated municipality, or any other chief governing body of a unit of local government, however designated, or the combination of such bodies where joint utilization of ~~the provisions of~~ this act is accomplished as provided herein.

(20)~~(10)~~ "Governmental agency" means:

(a) The United States or any department, commission, agency, or other instrumentality thereof.

(b) This state or any department, commission, agency, or other instrumentality thereof.

(c) Any local government, as defined in this section, or any department, commission, agency, or other instrumentality thereof.

(d) Any school board or other special district, authority, or governmental entity.

(21) "Intensity" means an objective measurement of the extent to which land may be developed or used, including the consumption or use of the space above, on, or below ground; the measurement of the use of or demand on natural resources; and the measurement of the use of or demand on facilities and services.

(22) "Internal trip capture" means trips generated by a mixed-use project that travel from one on-site land use to another on-site land use without using the external road network.

(23)~~(11)~~ "Land" means the earth, water, and air, above, below, or on the surface, and includes any improvements or structures customarily regarded as land.

(24)~~(22)~~ "Land development regulation commission" means a commission designated by a local government to develop and recommend, to the local governing body, land development regulations which implement the adopted comprehensive plan and to review land development regulations, or amendments thereto, for consistency with the adopted plan and report to the governing body regarding its findings. The responsibilities of the land development regulation commission may be performed by the local planning agency.

(25)~~(23)~~ "Land development regulations" means ordinances enacted by governing bodies for the regulation of any aspect of development and includes any local government zoning, rezoning, subdivision, building construction, or sign regulations or any other regulations controlling the development of land, except that this definition *does* ~~shall~~ not apply in s. 163.3213.

(26)~~(12)~~ "Land use" means the development that has occurred on the land, the development that is proposed by a developer on the land, or the use that is permitted or permissible on the land under an adopted comprehensive plan or element or portion thereof, land development regulations, or a land development code, as the context may indicate.

(27) "Level of service" means an indicator of the extent or degree of service provided by, or proposed to be provided by, a facility based on and related to the operational characteristics of the facility. Level of service shall indicate the capacity per unit of demand for each public facility.

(28)~~(13)~~ "Local government" means any county or municipality.

(29)~~(14)~~ "Local planning agency" means the agency designated to prepare the comprehensive plan or plan amendments required by this act.

(30)~~(15)~~ ~~A~~ "Newspaper of general circulation" means a newspaper published at least on a weekly basis and printed in the language most commonly spoken in the area within which it circulates, but does not include a newspaper intended primarily for members of a particular professional or occupational group, a newspaper whose primary function is to carry legal notices, or a newspaper that is given away primarily to distribute advertising.

(31) "New town" means an urban activity center and community designated on the future land use map of sufficient size, population and land use composition to support a variety of economic and social activities consistent with an urban area designation. New towns shall include basic economic activities; all major land use categories, with the possible exception of agricultural and industrial; and a centrally provided full range of public facilities and services that demonstrate internal trip capture. A new town shall be based on a master development plan.

(32) "Objective" means a specific, measurable, intermediate end that is achievable and marks progress toward a goal.

(33)~~(16)~~ "Parcel of land" means any quantity of land capable of being described with such definiteness that its locations and boundaries may be established, which is designated by its owner or developer as land to be used, or developed as, a unit or which has been used or developed as a unit.

(34)~~(17)~~ "Person" means an individual, corporation, governmental agency, business trust, estate, trust, partnership, association, two or more persons having a joint or common interest, or any other legal entity.

(35) "Policy" means the way in which programs and activities are conducted to achieve an identified goal.

(36)~~(28)~~ "Projects that promote public transportation" means projects that directly affect the provisions of public transit, including transit terminals, transit lines and routes, separate lanes for the exclusive use of public transit services, transit stops (shelters and stations), office buildings or projects that include fixed-rail or transit terminals as part of the building, and projects which are transit oriented and designed to complement reasonably proximate planned or existing public facilities.

(37)~~(24)~~ "Public facilities" means major capital improvements, including~~, but not limited to,~~ transportation, sanitary sewer, solid waste, drainage, potable water, educational, parks and recreational~~, and health systems and~~ facilities~~, and spoil disposal sites for maintenance dredging located in the intracoastal waterways, except for spoil disposal sites owned or used by ports listed in s. 403.021(9)(b)~~.

(38)~~(18)~~ "Public notice" means notice as required by s. 125.66(2) for a county or by s. 166.041(3)(a) for a municipality. The public notice pro-

cedures required in this part are established as minimum public notice procedures.

(39)~~(19)~~ "Regional planning agency" means the *council created pursuant to chapter 186* ~~agency designated by the state land planning agency to exercise responsibilities under law in a particular region of the state~~.

(40) "Seasonal population" means part-time inhabitants who use, or may be expected to use, public facilities or services, but are not residents and includes tourists, migrant farmworkers, and other short-term and long-term visitors.

(41)~~(31)~~ "~~Optional~~ Sector plan" means *the* ~~an optional~~ process authorized by s. 163.3245 in which one or more local governments *engage in long-term planning for a large area and* ~~by agreement with the state land planning agency are allowed to~~ address *regional* ~~development of regional impact~~ issues *through adoption of detailed specific area plans within the planning area* ~~within certain designated geographic areas identified in the local comprehensive plan~~ as a means of fostering innovative planning and development strategies ~~in s. 163.3177(11)(a) and (b)~~, furthering the purposes of this part and part I of chapter 380, reducing overlapping data and analysis requirements, protecting regionally significant resources and facilities, and addressing extrajurisdictional impacts. *The term includes an optional sector plan that was adopted before the effective date of this act.*

(42)~~(20)~~ "State land planning agency" means the Department of Community Affairs.

(43)~~(21)~~ "Structure" has the *same* meaning *as in* ~~given it by~~ s. 380.031(19).

(44) "Suitability" means the degree to which the existing characteristics and limitations of land and water are compatible with a proposed use or development.

(45) "Transit-oriented development" means a project or projects, in areas identified in a local government comprehensive plan, that is or will be served by existing or planned transit service. These designated areas shall be compact, moderate to high density developments, of mixed-use character, interconnected with other land uses, bicycle and pedestrian friendly, and designed to support frequent transit service operating through, collectively or separately, rail, fixed guideway, streetcar, or bus systems on dedicated facilities or available roadway connections.

(46)~~(30)~~ "Transportation corridor management" means the coordination of the planning of designated future transportation corridors with land use planning within and adjacent to the corridor to promote orderly growth, to meet the concurrency requirements of this chapter, and to maintain the integrity of the corridor for transportation purposes.

(47)~~(27)~~ "Urban infill" means the development of vacant parcels in otherwise built-up areas where public facilities such as sewer systems, roads, schools, and recreation areas are already in place and the average residential density is at least five dwelling units per acre, the average nonresidential intensity is at least a floor area ratio of 1.0 and vacant, developable land does not constitute more than 10 percent of the area.

(48)~~(26)~~ "Urban redevelopment" means demolition and reconstruction or substantial renovation of existing buildings or infrastructure within urban infill areas, existing urban service areas, or community redevelopment areas created pursuant to part III.

(49)~~(29)~~ "Urban service area" means ~~built-up~~ areas *identified in the comprehensive plan* where public facilities and services, including, but not limited to, central water and sewer capacity and roads, are already in place or are *identified in the capital improvements element. The term includes any areas identified in the comprehensive plan as urban service areas, regardless of local government limitation* ~~committed in the first 3 years of the capital improvement schedule~~. ~~In addition, for counties that qualify as dense urban land areas under subsection (34), the nonrural area of a county which has adopted into the county charter a rural area designation or areas identified in the comprehensive plan as urban service areas or urban growth boundaries on or before July 1, 2009, are also urban service areas under this definition.~~

(50) "Urban sprawl" means a development pattern characterized by low density, automobile-dependent development with either a single use or multiple uses that are not functionally related, requiring the extension of public facilities and services in an inefficient manner, and failing to provide a clear separation between urban and rural uses.

~~(32) "Financial feasibility" means that sufficient revenues are currently available or will be available from committed funding sources for the first 3 years, or will be available from committed or planned funding sources for years 4 and 5, of a 5-year capital improvement schedule for financing capital improvements, such as ad valorem taxes, bonds, state and federal funds, tax revenues, impact fees, and developer contributions, which are adequate to fund the projected costs of the capital improvements identified in the comprehensive plan necessary to ensure that adopted level-of-service standards are achieved and maintained within the period covered by the 5-year schedule of capital improvements. A comprehensive plan shall be deemed financially feasible for transportation and school facilities throughout the planning period addressed by the capital improvements schedule if it can be demonstrated that the level-of-service standards will be achieved and maintained by the end of the planning period even if in a particular year such improvements are not concurrent as required by s. 163.3180.~~

~~(34) "Dense urban land area" means:~~

~~(a) A municipality that has an average of at least 1,000 people per square mile of land area and a minimum total population of at least 5,000;~~

~~(b) A county, including the municipalities located therein, which has an average of at least 1,000 people per square mile of land area; or~~

~~(c) A county, including the municipalities located therein, which has a population of at least 1 million.~~

~~The Office of Economic and Demographic Research within the Legislature shall annually calculate the population and density criteria needed to determine which jurisdictions qualify as dense urban land areas by using the most recent land area data from the decennial census conducted by the Bureau of the Census of the United States Department of Commerce and the latest available population estimates determined pursuant to s. 186.901. If any local government has had an annexation, contraction, or new incorporation, the Office of Economic and Demographic Research shall determine the population density using the new jurisdictional boundaries as recorded in accordance with s. 171.091. The Office of Economic and Demographic Research shall submit to the state land planning agency a list of jurisdictions that meet the total population and density criteria necessary for designation as a dense urban land area by July 1, 2009, and every year thereafter. The state land planning agency shall publish the list of jurisdictions on its Internet website within 7 days after the list is received. The designation of jurisdictions that qualify or do not qualify as a dense urban land area is effective upon publication on the state land planning agency's Internet website.~~

Section 7. Section 163.3167, Florida Statutes, is amended to read:

163.3167 Scope of act.—

(1) The several incorporated municipalities and counties shall have power and responsibility:

(a) To plan for their future development and growth.

(b) To adopt and amend comprehensive plans, or elements or portions thereof, to guide their future development and growth.

(c) To implement adopted or amended comprehensive plans by the adoption of appropriate land development regulations or elements thereof.

(d) To establish, support, and maintain administrative instruments and procedures to carry out the provisions and purposes of this act.

The powers and authority set out in this act may be employed by municipalities and counties individually or jointly by mutual agreement in accord with ~~the provisions of~~ this act and in such combinations as their common interests may dictate and require.

(2) Each local government shall *maintain* ~~prepare~~ a comprehensive plan of the type and in the manner set out in this part or prepare amendments to its existing comprehensive plan to conform it to the

requirements of this part and in the manner set out in this part. ~~In accordance with s. 163.3184, each local government shall submit to the state land planning agency its complete proposed comprehensive plan or its complete comprehensive plan as proposed to be amended.~~

~~(3) When a local government has not prepared all of the required elements or has not amended its plan as required by subsection (2), the regional planning agency having responsibility for the area in which the local government lies shall prepare and adopt by rule, pursuant to chapter 120, the missing elements or adopt by rule amendments to the existing plan in accordance with this act by July 1, 1989, or within 1 year after the dates specified or provided in subsection (2) and the state land planning agency review schedule, whichever is later. The regional planning agency shall provide at least 90 days' written notice to any local government whose plan it is required by this subsection to prepare, prior to initiating the planning process. At least 90 days before the adoption by the regional planning agency of a comprehensive plan, or element or portion thereof, pursuant to this subsection, the regional planning agency shall transmit a copy of the proposed comprehensive plan, or element or portion thereof, to the local government and the state land planning agency for written comment. The state land planning agency shall review and comment on such plan, or element or portion thereof, in accordance with s. 163.3184(6). Section 163.3184(6), (7), and (8) shall be applicable to the regional planning agency as if it were a governing body. Existing comprehensive plans shall remain in effect until they are amended pursuant to subsection (2), this subsection, s. 163.3187, or s. 163.3189.~~

(3)~~(4)~~ A municipality established after the effective date of this act shall, within 1 year after incorporation, establish a local planning agency, pursuant to s. 163.3174, and prepare and adopt a comprehensive plan of the type and in the manner set out in this act within 3 years after the date of such incorporation. A county comprehensive plan shall be deemed controlling until the municipality adopts a comprehensive plan in accord with ~~the provisions of~~ this act. ~~If, upon the expiration of the 3-year time limit, the municipality has not adopted a comprehensive plan, the regional planning agency shall prepare and adopt a comprehensive plan for such municipality.~~

(4)~~(5)~~ Any comprehensive plan, or element or portion thereof, adopted pursuant to ~~the provisions of~~ this act, which but for its adoption after the deadlines established pursuant to previous versions of this act would have been valid, shall be valid.

~~(6) When a regional planning agency is required to prepare or amend a comprehensive plan, or element or portion thereof, pursuant to subsections (3) and (4), the regional planning agency and the local government may agree to a method of compensating the regional planning agency for any verifiable, direct costs incurred. If an agreement is not reached within 6 months after the date the regional planning agency assumes planning responsibilities for the local government pursuant to subsections (3) and (4) or by the time the plan or element, or portion thereof, is completed, whichever is earlier, the regional planning agency shall file invoices for verifiable, direct costs involved with the governing body. Upon the failure of the local government to pay such invoices within 90 days, the regional planning agency may, upon filing proper vouchers with the Chief Financial Officer, request payment by the Chief Financial Officer from unencumbered revenue or other tax sharing funds due such local government from the state for work actually performed, and the Chief Financial Officer shall pay such vouchers; however, the amount of such payment shall not exceed 50 percent of such funds due such local government in any one year.~~

~~(7) A local government that is being requested to pay costs may seek an administrative hearing pursuant to ss. 120.569 and 120.57 to challenge the amount of costs and to determine if the statutory prerequisites for payment have been complied with. Final agency action shall be taken by the state land planning agency. Payment shall be withheld as to disputed amounts until proceedings under this subsection have been completed.~~

(5)~~(8)~~ Nothing in this act shall limit or modify the rights of any person to complete any development that has been authorized as a development of regional impact pursuant to chapter 380 or who has been issued a final local development order and development has commenced and is continuing in good faith.

(6)~~(9)~~ The Reedy Creek Improvement District shall exercise the authority of this part as it applies to municipalities, consistent with the legislative act under which it was established, for the total area under its jurisdiction.

(7)~~(10)~~ Nothing in this part shall supersede any provision of ss. 341.8201-341.842.

~~(11) Each local government is encouraged to articulate a vision of the future physical appearance and qualities of its community as a component of its local comprehensive plan. The vision should be developed through a collaborative planning process with meaningful public participation and shall be adopted by the governing body of the jurisdiction. Neighboring communities, especially those sharing natural resources or physical or economic infrastructure, are encouraged to create collective visions for greater than local areas. Such collective visions shall apply in each city or county only to the extent that each local government chooses to make them applicable. The state land planning agency shall serve as a clearinghouse for creating a community vision of the future and may utilize the Growth Management Trust Fund, created by s. 186.911, to provide grants to help pay the costs of local visioning programs. When a local vision of the future has been created, a local government should review its comprehensive plan, land development regulations, and capital improvement program to ensure that these instruments will help to move the community toward its vision in a manner consistent with this act and with the state comprehensive plan. A local or regional vision must be consistent with the state vision, when adopted, and be internally consistent with the local or regional plan of which it is a component. The state land planning agency shall not adopt minimum criteria for evaluating or judging the form or content of a local or regional vision.~~

(8)~~(12)~~ An initiative or referendum process in regard to any development order or in regard to any local comprehensive plan amendment or map amendment ~~that affects five or fewer parcels of land~~ is prohibited.

(9)~~(13)~~ Each local government shall address in its comprehensive plan, as enumerated in this chapter, the water supply sources necessary to meet and achieve the existing and projected water use demand for the established planning period, considering the applicable plan developed pursuant to s. 373.709.

(10)~~(14)~~(a) If a local government grants a development order pursuant to its adopted land development regulations and the order is not the subject of a pending appeal and the timeframe for filing an appeal has expired, the development order may not be invalidated by a subsequent judicial determination that such land development regulations, or any portion thereof that is relevant to the development order, are invalid because of a deficiency in the approval standards.

(b) This subsection does not preclude or affect the timely institution of any other remedy available at law or equity, including a common law writ of certiorari proceeding pursuant to Rule 9.190, Florida Rules of Appellate Procedure, or an original proceeding pursuant to s. 163.3215, as applicable.

~~(c) This subsection applies retroactively to any development order granted on or after January 1, 2002.~~

And the title is amended as follows:

Delete lines 17 and 18.

Amendment 2 (484990) (with title amendment)—Delete lines 1046-5746 and insert:

Section 11. Subsections (5), (6), and (9) of section 163.3175, Florida Statutes, are amended to read:

163.3175 Legislative findings on compatibility of development with military installations; exchange of information between local governments and military installations.—

(5) The commanding officer or his or her designee may provide comments to the affected local government on the impact such proposed changes may have on the mission of the military installation. Such comments may include:

(a) If the installation has an airfield, whether such proposed changes will be incompatible with the safety and noise standards contained in the Air Installation Compatible Use Zone (AICUZ) adopted by the military installation for that airfield;

(b) Whether such changes are incompatible with the Installation Environmental Noise Management Program (IENMP) of the United States Army;

(c) Whether such changes are incompatible with the findings of a Joint Land Use Study (JLUS) for the area if one has been completed; and

(d) Whether the military installation's mission will be adversely affected by the proposed actions of the county or affected local government.

The commanding officer's comments, underlying studies, and reports are not binding on the local government.

(6) The affected local government shall take into consideration any comments provided by the commanding officer or his or her designee pursuant to subsection (4) *and must also be sensitive to private property rights and not be unduly restrictive on those rights*. The affected local government shall forward a copy of any comments regarding comprehensive plan amendments to the state land planning agency.

(9) If a local government, as required under s. 163.3177(6)(a), does not adopt criteria and address compatibility of lands adjacent to or closely proximate to existing military installations in its future land use plan element by June 30, 2012, the local government, the military installation, the state land planning agency, and other parties as identified by the regional planning council, including, but not limited to, private landowner representatives, shall enter into mediation conducted pursuant to s. 186.509. If the local government comprehensive plan does not contain criteria addressing compatibility by December 31, 2013, the agency may notify the Administration Commission. The Administration Commission may impose sanctions pursuant to s. 163.3184*(8)*~~(11)~~. *Any local government that amended its comprehensive plan to address military installation compatibility requirements after 2004 and was found to be in compliance is deemed to be in compliance with this subsection until the local government conducts its evaluation and appraisal review pursuant to s. 163.3191 and determines that amendments are necessary to meet updated general law requirements.*

Section 12. Section 163.3177, Florida Statutes, is amended to read:

163.3177 Required and optional elements of comprehensive plan; studies and surveys.—

(1) The comprehensive plan shall *provide the* ~~consist of materials in such descriptive form, written or graphic, as may be appropriate to the prescription of~~ principles, guidelines, ~~and~~ standards*, and strategies* for the orderly and balanced future economic, social, physical, environmental, and fiscal development of the area *that reflects community commitments to implement the plan and its elements. These principles and strategies shall guide future decisions in a consistent manner and shall contain programs and activities to ensure comprehensive plans are implemented. The sections of the comprehensive plan containing the principles and strategies, generally provided as goals, objectives, and policies, shall describe how the local government's programs, activities, and land development regulations will be initiated, modified, or continued to implement the comprehensive plan in a consistent manner. It is not the intent of this part to require the inclusion of implementing regulations in the comprehensive plan but rather to require identification of those programs, activities, and land development regulations that will be part of the strategy for implementing the comprehensive plan and the principles that describe how the programs, activities, and land development regulations will be carried out. The plan shall establish meaningful and predictable standards for the use and development of land and provide meaningful guidelines for the content of more detailed land development and use regulations.*

(a) The comprehensive plan shall consist of elements as described in this section, and may include optional elements.

(b) A local government may include, as part of its adopted plan, documents adopted by reference but not incorporated verbatim into the plan. The adoption by reference must identify the title and author of the document and indicate clearly what provisions and edition of the document is being adopted.

(c) The format of these principles and guidelines is at the discretion of the local government, but typically is expressed in goals, objectives, policies, and strategies.

(d) The comprehensive plan shall identify procedures for monitoring, evaluating, and appraising implementation of the plan.

(e) When a federal, state, or regional agency has implemented a regulatory program, a local government is not required to duplicate or exceed that regulatory program in its local comprehensive plan.

(f) All mandatory and optional elements of the comprehensive plan and plan amendments shall be based upon relevant and appropriate data and an analysis by the local government that may include, but not be limited to, surveys, studies, community goals and vision, and other data available at the time of adoption of the comprehensive plan or plan amendment. To be based on data means to react to it in an appropriate way and to the extent necessary indicated by the data available on that particular subject at the time of adoption of the plan or plan amendment at issue.

1. Surveys, studies, and data utilized in the preparation of the comprehensive plan may not be deemed a part of the comprehensive plan unless adopted as a part of it. Copies of such studies, surveys, data, and supporting documents for proposed plans and plan amendments shall be made available for public inspection, and copies of such plans shall be made available to the public upon payment of reasonable charges for reproduction. Support data or summaries are not subject to the compliance review process, but the comprehensive plan must be clearly based on appropriate data. Support data or summaries may be used to aid in the determination of compliance and consistency.

2. Data must be taken from professionally accepted sources. The application of a methodology utilized in data collection or whether a particular methodology is professionally accepted may be evaluated. However, the evaluation may not include whether one accepted methodology is better than another. Original data collection by local governments is not required. However, local governments may use original data so long as methodologies are professionally accepted.

3. The comprehensive plan shall be based upon resident and seasonal population estimates and projections, which shall either be those provided by the University of Florida's Bureau of Economic and Business Research or generated by the local government based upon a professionally acceptable methodology. The plan must be based on at least the minimum amount of land required to accommodate the medium projections of the University of Florida's Bureau of Economic and Business Research for at least a 10-year planning period unless otherwise limited under s. 380.05, including related rules of the Administration Commission.

(2) Coordination of the several elements of the local comprehensive plan shall be a major objective of the planning process. The several elements of the comprehensive plan shall be consistent*. Where data is relevant to several elements, consistent data shall be used, including population estimates and projections unless alternative data can be justified for a plan amendment through new supporting data and analysis. Each map depicting future conditions must reflect the principles, guidelines, and standards within all elements and each such map must be contained within the comprehensive plan*~~, and the comprehensive plan shall be financially feasible. Financial feasibility shall be determined using professionally accepted methodologies and applies to the 5-year planning period, except in the case of a long-term transportation or school concurrency management system, in which case a 10-year or 15-year period applies~~.

(3)(a) The comprehensive plan shall contain a capital improvements element designed to consider the need for and the location of public facilities in order to encourage the efficient use of such facilities and set forth:

1. A component that outlines principles for construction, extension, or increase in capacity of public facilities, as well as a component that outlines principles for correcting existing public facility deficiencies, which are necessary to implement the comprehensive plan. The components shall cover at least a 5-year period.

2. Estimated public facility costs, including a delineation of when facilities will be needed, the general location of the facilities, and projected revenue sources to fund the facilities.

3. Standards to ensure the availability of public facilities and the adequacy of those facilities *to meet established* ~~including~~ acceptable levels of service.

~~4. Standards for the management of debt.~~

4.~~5.~~ A schedule of capital improvements which includes *any* publicly funded projects *of federal, state, or local government*, and which may include privately funded projects for which the local government has no fiscal responsibility. *Projects*~~,~~ necessary to ensure that *any* adopted level-of-service standards are achieved and maintained *for the 5-year period must be identified as either funded or unfunded and given a level of priority for funding*. ~~For capital improvements that will be funded by the developer, financial feasibility shall be demonstrated by being guaranteed in an enforceable development agreement or interlocal agreement pursuant to paragraph (10)(h), or other enforceable agreement. These development agreements and interlocal agreements shall be reflected in the schedule of capital improvements if the capital improvement is necessary to serve development within the 5-year schedule. If the local government uses planned revenue sources that require referenda or other actions to secure the revenue source, the plan must, in the event the referenda are not passed or actions do not secure the planned revenue source, identify other existing revenue sources that will be used to fund the capital projects or otherwise amend the plan to ensure financial feasibility.~~

5.~~6.~~ The schedule must include transportation improvements included in the applicable metropolitan planning organization's transportation improvement program adopted pursuant to s. 339.175(8) to the extent that such improvements are relied upon to ensure concurrency and financial feasibility. The schedule must ~~also~~ be coordinated with the applicable metropolitan planning organization's long-range transportation plan adopted pursuant to s. 339.175(7).

(b)~~1.~~ The capital improvements element must be reviewed *by the local government* on an annual basis. *Modifications* ~~and modified as necessary in accordance with s. 163.3187 or s. 163.3189 in order~~ to *update the* ~~maintain a financially feasible~~ 5-year *capital improvement* schedule ~~of capital improvements. Corrections and modifications concerning costs; revenue sources; or acceptance of facilities pursuant to dedications which are consistent with the plan~~ may be accomplished by ordinance and *may* ~~shall~~ not be deemed to be amendments to the local comprehensive plan. ~~A copy of the ordinance shall be transmitted to the state land planning agency. An amendment to the comprehensive plan is required to update the schedule on an annual basis or to eliminate, defer, or delay the construction for any facility listed in the 5-year schedule. All public facilities must be consistent with the capital improvements element. The annual update to the capital improvements element of the comprehensive plan need not comply with the financial feasibility requirement until December 1, 2011. Thereafter, a local government may not amend its future land use map, except for plan amendments to meet new requirements under this part and emergency amendments pursuant to s. 163.3187(1)(a), after December 1, 2011, and every year thereafter, unless and until the local government has adopted the annual update and it has been transmitted to the state land planning agency.~~

~~2. Capital improvements element amendments adopted after the effective date of this act shall require only a single public hearing before the governing board which shall be an adoption hearing as described in s. 163.3184(7). Such amendments are not subject to the requirements of s. 163.3184(3)-(6).~~

~~(c) If the local government does not adopt the required annual update to the schedule of capital improvements, the state land planning agency must notify the Administration Commission. A local government that has a demonstrated lack of commitment to meeting its obligations identified in the capital improvements element may be subject to sanctions by the Administration Commission pursuant to s. 163.3184(11).~~

~~(d) If a local government adopts a long-term concurrency management system pursuant to s. 163.3180(9), it must also adopt a long-term capital improvements schedule covering up to a 10-year or 15-year period, and must update the long-term schedule annually. The long-term schedule of capital improvements must be financially feasible.~~

~~(e) At the discretion of the local government and notwithstanding the requirements of this subsection, a comprehensive plan, as revised by an amendment to the plan's future land use map, shall be deemed to be financially feasible and to have achieved and maintained level of service standards as required by this section with respect to transportation facilities if the amendment to the future land use map is supported by a:~~

~~1. Condition in a development order for a development of regional impact or binding agreement that addresses proportionate-share mitigation consistent with s. 163.3180(12); or~~

~~2. Binding agreement addressing proportionate fair-share mitigation consistent with s. 163.3180(16)(f) and the property subject to the amendment to the future land use map is located within an area designated in a comprehensive plan for urban infill, urban redevelopment, downtown revitalization, urban infill and redevelopment, or an urban service area. The binding agreement must be based on the maximum amount of development identified by the future land use map amendment or as may be otherwise restricted through a special area plan policy or map notation in the comprehensive plan.~~

~~(f) A local government's comprehensive plan and plan amendments for land uses within all transportation concurrency exception areas that are designated and maintained in accordance with s. 163.3180(5) shall be deemed to meet the requirement to achieve and maintain level-of-service standards for transportation.~~

(4)(a) Coordination of the local comprehensive plan with the comprehensive plans of adjacent municipalities, the county, adjacent counties, or the region; with the appropriate water management district's regional water supply plans approved pursuant to s. 373.709; *and* with adopted rules pertaining to designated areas of critical state concern~~; and with the state comprehensive plan~~ shall be a major objective of the local comprehensive planning process. To that end, in the preparation of a comprehensive plan or element thereof, and in the comprehensive plan or element as adopted, the governing body shall include a specific policy statement indicating the relationship of the proposed development of the area to the comprehensive plans of adjacent municipalities, the county, adjacent counties, or the region ~~and to the state comprehensive plan~~, as the case may require and as such adopted plans or plans in preparation may exist.

(b) When all or a portion of the land in a local government jurisdiction is or becomes part of a designated area of critical state concern, the local government shall clearly identify those portions of the local comprehensive plan that shall be applicable to the critical area and shall indicate the relationship of the proposed development of the area to the rules for the area of critical state concern.

(5)(a) Each local government comprehensive plan must include at least two planning periods, one covering at least the first 5-year period occurring after the plan's adoption and one covering at least a 10-year period. *Additional planning periods for specific components, elements, land use amendments, or projects shall be permissible and accepted as part of the planning process.*

(b) The comprehensive plan and its elements shall contain *guidelines or policies* ~~policy recommendations~~ for the implementation of the plan and its elements.

(6) In addition to the requirements of subsections (1)-(5) ~~and (12)~~, the comprehensive plan shall include the following elements:

(a) A future land use plan element designating proposed future general distribution, location, and extent of the uses of land for residential uses, commercial uses, industry, agriculture, recreation, conservation, education, ~~public buildings and grounds, other~~ public facilities, and other categories of the public and private uses of land. *The approximate acreage and the general range of density or intensity of use shall be provided for the gross land area included in each existing land use category. The element shall establish the long-term end toward which land use programs and activities are ultimately directed.* ~~Counties are encouraged to designate rural land stewardship areas, pursuant to paragraph (11)(d), as overlays on the future land use map.~~

1. Each future land use category must be defined in terms of uses included, and must include standards to be followed in the control and distribution of population densities and building and structure intensities. The proposed distribution, location, and extent of the various categories of land use shall be shown on a land use map or map series which shall be supplemented by goals, policies, and measurable objectives.

2. The future land use plan *and plan amendments* shall be based upon surveys, studies, and data regarding the area, *as applicable,* including*:*

a. The amount of land required to accommodate anticipated growth.~~;~~

b. The projected *residential and seasonal* population of the area.~~;~~

c. The character of undeveloped land.~~;~~

d. The availability of water supplies, public facilities, and services.~~;~~

e. The need for redevelopment, including the renewal of blighted areas and the elimination of nonconforming uses which are inconsistent with the character of the community.~~;~~

f. The compatibility of uses on lands adjacent to or closely proximate to military installations.~~;~~

g. The compatibility of uses on lands adjacent to an airport as defined in s. 330.35 and consistent with s. 333.02.~~;~~

h. The discouragement of urban sprawl.~~; energy-efficient land use patterns accounting for existing and future electric power generation and transmission systems; greenhouse gas reduction strategies; and, in rural communities,~~

i. The need for job creation, capital investment, and economic development that will strengthen and diversify the community's economy.

j. The need to modify land uses and development patterns within antiquated subdivisions. ~~The future land use plan may designate areas for future planned development use involving combinations of types of uses for which special regulations may be necessary to ensure development in accord with the principles and standards of the comprehensive plan and this act.~~

3. The future land use plan element shall include criteria to be used to*:*

a. Achieve the compatibility of lands adjacent or closely proximate to military installations, considering factors identified in s. 163.3175(5).~~; and~~

b. Achieve the compatibility of lands adjacent to an airport as defined in s. 330.35 and consistent with s. 333.02.

c. Encourage preservation of recreational and commercial working waterfronts for water dependent uses in coastal communities.

d. Encourage the location of schools proximate to urban residential areas to the extent possible.

e. Coordinate future land uses with the topography and soil conditions, and the availability of facilities and services.

f. Ensure the protection of natural and historic resources.

g. Provide for the compatibility of adjacent land uses.

h. Provide guidelines for the implementation of mixed use development including the types of uses allowed, the percentage distribution among the mix of uses, or other standards, and the density and intensity of each use.

4. ~~In addition, for rural communities,~~ The amount of land designated for future planned *uses* ~~industrial use~~ shall *provide a balance of uses that foster vibrant, viable communities and economic development opportunities and address outdated development patterns, such as antiquated subdivisions. The amount of land designated for future land uses should allow the operation of real estate markets to provide adequate choices for permanent and seasonal residents and business and* ~~be based upon surveys and studies that reflect the need for job creation, capital investment, and the necessity to strengthen and diversify the local economies, and~~ may not be limited solely by the projected population ~~of the rural community~~. *The element shall accommodate at least the minimum amount of land required to accommodate the medium projections of the University of Florida's Bureau of Economic and Business Research for at least a 10-year planning period unless otherwise limited under s. 380.05, including related rules of the Administration Commission.*

5. The future land use plan of a county may ~~also~~ designate areas for possible future municipal incorporation.

6. The land use maps or map series shall generally identify and depict historic district boundaries and shall designate historically significant properties meriting protection. ~~For coastal counties, the future land use element must include, without limitation, regulatory incentives and criteria that encourage the preservation of recreational and commercial working waterfronts as defined in s. 342.07.~~

7. The future land use element must clearly identify the land use categories in which public schools are an allowable use. When delineating the land use categories in which public schools are an allowable use, a local government shall include in the categories sufficient land proximate to residential development to meet the projected needs for schools in coordination with public school boards and may establish differing criteria for schools of different type or size. Each local government shall include lands contiguous to existing school sites, to the maximum extent possible, within the land use categories in which public schools are an allowable use. ~~The failure by a local government to comply with these school siting requirements will result in the prohibition of the local government's ability to amend the local comprehensive plan, except for plan amendments described in s. 163.3187(1)(b), until the school siting requirements are met. Amendments proposed by a local government for purposes of identifying the land use categories in which public schools are an allowable use are exempt from the limitation on the frequency of plan amendments contained in s. 163.3187. The future land use element shall include criteria that encourage the location of schools proximate to urban residential areas to the extent possible and shall require that the local government seek to collocate public facilities, such as parks, libraries, and community centers, with schools to the extent possible and to encourage the use of elementary schools as focal points for neighborhoods. For schools serving predominantly rural counties, defined as a county with a population of 100,000 or fewer, an agricultural land use category is eligible for the location of public school facilities if the local comprehensive plan contains school siting criteria and the location is consistent with such criteria~~.

8. Future land use map amendments shall be based upon the following analyses:

a. An analysis of the availability of facilities and services.

b. An analysis of the suitability of the plan amendment for its proposed use considering the character of the undeveloped land, soils, topography, natural resources, and historic resources on site.

c. An analysis of the minimum amount of land needed as determined by the local government.

9. The future land use element and any amendment to the future land use element shall discourage the proliferation of urban sprawl.

a. The primary indicators that a plan or plan amendment does not discourage the proliferation of urban sprawl are listed below. The evaluation of the presence of these indicators shall consist of an analysis of the plan or plan amendment within the context of features and characteristics unique to each locality in order to determine whether the plan or plan amendment:

(I) Promotes, allows, or designates for development substantial areas of the jurisdiction to develop as low-intensity, low-density, or single-use development or uses.

(II) Promotes, allows, or designates significant amounts of urban development to occur in rural areas at substantial distances from existing urban areas while not using undeveloped lands that are available and suitable for development.

(III) Promotes, allows, or designates urban development in radial, strip, isolated, or ribbon patterns generally emanating from existing urban developments.

(IV) Fails to adequately protect and conserve natural resources, such as wetlands, floodplains, native vegetation, environmentally sensitive areas, natural groundwater aquifer recharge areas, lakes, rivers, shorelines, beaches, bays, estuarine systems, and other significant natural systems.

(V) Fails to adequately protect adjacent agricultural areas and activities, including silviculture, active agricultural and silvicultural activities, passive agricultural activities, and dormant, unique, and prime farmlands and soils.

(VI) Fails to maximize use of existing public facilities and services.

(VII) Fails to maximize use of future public facilities and services.

(VIII) Allows for land use patterns or timing which disproportionately increase the cost in time, money, and energy of providing and maintaining facilities and services, including roads, potable water, sanitary sewer, stormwater management, law enforcement, education, health care, fire and emergency response, and general government.

(IX) Fails to provide a clear separation between rural and urban uses.

(X) Discourages or inhibits infill development or the redevelopment of existing neighborhoods and communities.

(XI) Fails to encourage a functional mix of uses.

(XII) Results in poor accessibility among linked or related land uses.

(XIII) Results in the loss of significant amounts of functional open space.

b. The future land use element or plan amendment shall be determined to discourage the proliferation of urban sprawl if it incorporates a development pattern or urban form that achieves four or more of the following:

(I) Directs or locates economic growth and associated land development to geographic areas of the community in a manner that does not have an adverse impact on and protects natural resources and ecosystems.

(II) Promotes the efficient and cost-effective provision or extension of public infrastructure and services.

(III) Promotes walkable and connected communities and provides for compact development and a mix of uses at densities and intensities that will support a range of housing choices and a multimodal transportation system, including pedestrian, bicycle, and transit, if available.

(IV) Promotes conservation of water and energy.

(V) Preserves agricultural areas and activities, including silviculture, and dormant, unique, and prime farmlands and soils.

(VI) Preserves open space and natural lands and provides for public open space and recreation needs.

(VII) Creates a balance of land uses based upon demands of residential population for the nonresidential needs of an area.

(VIII) Provides uses, densities, and intensities of use and urban form that would remediate an existing or planned development pattern in the vicinity that constitutes sprawl or if it provides for an innovative development pattern such as transit-oriented developments or new towns as defined in s. 163.3164.

10. The future land use element shall include a future land use map or map series.

a. The proposed distribution, extent, and location of the following uses shall be shown on the future land use map or map series:

(I) Residential.

(II) Commercial.

(III) Industrial.

(IV) Agricultural.

(V) Recreational.

(VI) Conservation.

(VII) Educational.

(VIII) Public.

b. The following areas shall also be shown on the future land use map or map series, if applicable:

(I) Historic district boundaries and designated historically significant properties.

(II) Transportation concurrency management area boundaries or transportation concurrency exception area boundaries.

(III) Multimodal transportation district boundaries.

(IV) Mixed use categories.

c. The following natural resources or conditions shall be shown on the future land use map or map series, if applicable:

(I) Existing and planned public potable waterwells, cones of influence, and wellhead protection areas.

(II) Beaches and shores, including estuarine systems.

(III) Rivers, bays, lakes, floodplains, and harbors.

(IV) Wetlands.

(V) Minerals and soils.

(VI) Coastal high hazard areas.

11. Local governments required to update or amend their comprehensive plan to include criteria and address compatibility of lands adjacent or closely proximate to existing military installations, or lands adjacent to an airport as defined in s. 330.35 and consistent with s. 333.02, in their future land use plan element shall transmit the update or amendment to the state land planning agency by June 30, 2012.

(b) A transportation element addressing mobility issues in relationship to the size and character of the local government. The purpose of the transportation element shall be to plan for a multimodal transportation system that places emphasis on public transportation systems, where feasible. The element shall provide for a safe, convenient multimodal transportation system, coordinated with the future land use map or map series and designed to support all elements of the comprehensive plan. A local government that has all or part of its jurisdiction included within the metropolitan planning area of a metropolitan planning organization (M.P.O.) pursuant to s. 339.175 shall prepare and adopt a transportation element consistent with this subsection. Local governments that are not located within the metropolitan planning area of an M.P.O. shall address traffic circulation, mass transit, and ports, and aviation and related facilities consistent with this subsection, except that local governments with a population of 50,000 or less shall only be required to address transportation circulation. The element shall be coordinated with the plans and programs of any applicable metropolitan planning organization, transportation authority, Florida Transportation Plan, and Department of Transportation's adopted work program.

1. Each local government's transportation element shall address

~~(b) A~~ traffic circulation*, including* ~~element consisting of~~ the types, locations, and extent of existing and proposed major thoroughfares and transportation routes, including bicycle and pedestrian ways. Transportation corridors, as defined in s. 334.03, may be designated in the *transportation* ~~traffic circulation~~ element pursuant to s. 337.273. If the transportation corridors are designated, the local government may adopt a transportation corridor management ordinance. *The element shall include a map or map series showing the general location of the existing and*

proposed transportation system features and shall be coordinated with the future land use map or map series. The element shall reflect the data, analysis, and associated principles and strategies relating to:

a. The existing transportation system levels of service and system needs and the availability of transportation facilities and services.

b. The growth trends and travel patterns and interactions between land use and transportation.

c. Existing and projected intermodal deficiencies and needs.

d. The projected transportation system levels of service and system needs based upon the future land use map and the projected integrated transportation system.

e. How the local government will correct existing facility deficiencies, meet the identified needs of the projected transportation system, and advance the purpose of this paragraph and the other elements of the comprehensive plan.

2. Local governments within a metropolitan planning area designated as an M.P.O. pursuant to s. 339.175 shall also address:

a. All alternative modes of travel, such as public transportation, pedestrian, and bicycle travel.

b. Aviation, rail, seaport facilities, access to those facilities, and intermodal terminals.

c. The capability to evacuate the coastal population before an impending natural disaster.

d. Airports, projected airport and aviation development, and land use compatibility around airports, which includes areas defined in ss. 333.01 and 333.02.

e. An identification of land use densities, building intensities, and transportation management programs to promote public transportation systems in designated public transportation corridors so as to encourage population densities sufficient to support such systems.

3. Municipalities having populations greater than 50,000, and counties having populations greater than 75,000, shall include mass-transit provisions showing proposed methods for the moving of people, rights-of-way, terminals, and related facilities and shall address:

a. The provision of efficient public transit services based upon existing and proposed major trip generators and attractors, safe and convenient public transit terminals, land uses, and accommodation of the special needs of the transportation disadvantaged.

b. Plans for port, aviation, and related facilities coordinated with the general circulation and transportation element.

c. Plans for the circulation of recreational traffic, including bicycle facilities, exercise trails, riding facilities, and such other matters as may be related to the improvement and safety of movement of all types of recreational traffic.

4. At the option of a local government, an airport master plan, and any subsequent amendments to the airport master plan, prepared by a licensed publicly owned and operated airport under s. 333.06 may be incorporated into the local government comprehensive plan by the local government having jurisdiction under this act for the area in which the airport or projected airport development is located by the adoption of a comprehensive plan amendment. In the amendment to the local comprehensive plan that integrates the airport master plan, the comprehensive plan amendment shall address land use compatibility consistent with chapter 333 regarding airport zoning; the provision of regional transportation facilities for the efficient use and operation of the transportation system and airport; consistency with the local government transportation circulation element and applicable M.P.O. long-range transportation plans; the execution of any necessary interlocal agreements for the purposes of the provision of public facilities and services to maintain the adopted level-of-service standards for facilities subject to concurrency; and may address airport-related or aviation-related development. Development or expansion of an airport consistent with the adopted airport master plan that has been incorporated into the local comprehensive plan in compliance with this part, and airport-related or aviation-related development that has been addressed in the comprehensive plan amendment that incorporates the airport master plan, do not constitute a development of regional impact. Notwithstanding any other general law, an airport that has received a development-of-regional-impact development order pursuant to s. 380.06, but which is no longer required to undergo development-of-regional-impact review pursuant to this subsection, may rescind its development-of-regional-impact order upon written notification to the applicable local government. Upon receipt by the local government, the development-of-regional-impact development order shall be deemed rescinded. ~~The traffic circulation element shall incorporate transportation strategies to address reduction in greenhouse gas emissions from the transportation sector.~~

(c) A general sanitary sewer, solid waste, drainage, potable water, and natural groundwater aquifer recharge element correlated to principles and guidelines for future land use, indicating ways to provide for future potable water, drainage, sanitary sewer, solid waste, and aquifer recharge protection requirements for the area. The element may be a detailed engineering plan including a topographic map depicting areas of prime groundwater recharge.

1. Each local government shall address in the data and analyses required by this section those facilities that provide service within the local government's jurisdiction. Local governments that provide facilities to serve areas within other local government jurisdictions shall also address those facilities in the data and analyses required by this section, using data from the comprehensive plan for those areas for the purpose of projecting facility needs as required in this subsection. For shared facilities, each local government shall indicate the proportional capacity of the systems allocated to serve its jurisdiction.

2. The element shall describe the problems and needs and the general facilities that will be required for solution of the problems and needs*, including correcting existing facility deficiencies. The element shall address coordinating the extension of, or increase in the capacity of, facilities to meet future needs while maximizing the use of existing facilities and discouraging urban sprawl; conservation of potable water resources; and protecting the functions of natural groundwater recharge areas and natural drainage features*. ~~The element shall also include a topographic map depicting any areas adopted by a regional water management district as prime groundwater recharge areas for the Floridan or Biscayne aquifers. These areas shall be given special consideration when the local government is engaged in zoning or considering future land use for said designated areas. For areas served by septic tanks, soil surveys shall be provided which indicate the suitability of soils for septic tanks.~~

3. Within 18 months after the governing board approves an updated regional water supply plan, the element must incorporate the alternative water supply project or projects selected by the local government from those identified in the regional water supply plan pursuant to s. 373.709(2)(a) or proposed by the local government under s. 373.709(8)(b). If a local government is located within two water management districts, the local government shall adopt its comprehensive plan amendment within 18 months after the later updated regional water supply plan. The element must identify such alternative water supply projects and traditional water supply projects and conservation and reuse necessary to meet the water needs identified in s. 373.709(2)(a) within the local government's jurisdiction and include a work plan, covering at least a 10-year planning period, for building public, private, and regional water supply facilities, including development of alternative water supplies, which are identified in the element as necessary to serve existing and new development. The work plan shall be updated, at a minimum, every 5 years within 18 months after the governing board of a water management district approves an updated regional water supply plan. ~~Amendments to incorporate the work plan do not count toward the limitation on the frequency of adoption of amendments to the comprehensive plan.~~ Local governments, public and private utilities, regional water supply authorities, special districts, and water management districts are encouraged to cooperatively plan for the development of multijurisdictional water supply facilities that are sufficient to meet projected demands for established planning periods, including the development of alternative water sources to supplement traditional sources of groundwater and surface water supplies.

(d) A conservation element for the conservation, use, and protection of natural resources in the area, including air, water, water recharge areas, wetlands, waterwells, estuarine marshes, soils, beaches, shores,

flood plains, rivers, bays, lakes, harbors, forests, fisheries and wildlife, marine habitat, minerals, and other natural and environmental resources, including factors that affect energy conservation.

1. The following natural resources, where present within the local government's boundaries, shall be identified and analyzed and existing recreational or conservation uses, known pollution problems, including hazardous wastes, and the potential for conservation, recreation, use, or protection shall also be identified:

a. Rivers, bays, lakes, wetlands including estuarine marshes, groundwaters, and springs, including information on quality of the resource available.

b. Floodplains.

c. Known sources of commercially valuable minerals.

d. Areas known to have experienced soil erosion problems.

e. Areas that are the location of recreationally and commercially important fish or shellfish, wildlife, marine habitats, and vegetative communities, including forests, indicating known dominant species present and species listed by federal, state, or local government agencies as endangered, threatened, or species of special concern.

2. The element must contain principles, guidelines, and standards for conservation that provide long-term goals and which:

a. Protects air quality.

b. Conserves, appropriately uses, and protects the quality and quantity of current and projected water sources and waters that flow into estuarine waters or oceanic waters and protect from activities and land uses known to affect adversely the quality and quantity of identified water sources, including natural groundwater recharge areas, wellhead protection areas, and surface waters used as a source of public water supply.

c. Provides for the emergency conservation of water sources in accordance with the plans of the regional water management district.

d. Conserves, appropriately uses, and protects minerals, soils, and native vegetative communities, including forests, from destruction by development activities.

e. Conserves, appropriately uses, and protects fisheries, wildlife, wildlife habitat, and marine habitat and restricts activities known to adversely affect the survival of endangered and threatened wildlife.

f. Protects existing natural reservations identified in the recreation and open space element.

g. Maintains cooperation with adjacent local governments to conserve, appropriately use, or protect unique vegetative communities located within more than one local jurisdiction.

h. Designates environmentally sensitive lands for protection based on locally determined criteria which further the goals and objectives of the conservation element.

i. Manages hazardous waste to protect natural resources.

j. Protects and conserves wetlands and the natural functions of wetlands.

k. Directs future land uses that are incompatible with the protection and conservation of wetlands and wetland functions away from wetlands. The type, intensity or density, extent, distribution, and location of allowable land uses and the types, values, functions, sizes, conditions, and locations of wetlands are land use factors that shall be considered when directing incompatible land uses away from wetlands. Land uses shall be distributed in a manner that minimizes the effect and impact on wetlands. The protection and conservation of wetlands by the direction of incompatible land uses away from wetlands shall occur in combination with other principles, guidelines, standards, and strategies in the comprehensive plan. Where incompatible land uses are allowed to occur, mitigation shall be considered as one means to compensate for loss of wetlands functions.

3. ~~Local governments shall assess their~~ Current *and*~~, as well as~~ projected~~, water~~ needs and sources for at least a 10-year period *based on the demands for industrial, agricultural, and potable water use and the quality and quantity of water available to meet these demands shall be analyzed. The analysis shall consider the existing levels of water conservation, use, and protection and applicable policies of the regional water management district and further must consider*~~, considering~~ the appropriate regional water supply plan approved pursuant to s. 373.709, or, in the absence of an approved regional water supply plan, the district water management plan approved pursuant to s. 373.036(2). This information shall be submitted to the appropriate agencies. ~~The land use map or map series contained in the future land use element shall generally identify and depict the following:~~

~~1. Existing and planned waterwells and cones of influence where applicable.~~

~~2. Beaches and shores, including estuarine systems.~~

~~3. Rivers, bays, lakes, flood plains, and harbors.~~

~~4. Wetlands.~~

~~5. Minerals and soils.~~

~~6. Energy conservation.~~

~~The land uses identified on such maps shall be consistent with applicable state law and rules.~~

(e) A recreation and open space element indicating a comprehensive system of public and private sites for recreation, including, but not limited to, natural reservations, parks and playgrounds, parkways, beaches and public access to beaches, open spaces, waterways, and other recreational facilities.

(f)1. A housing element consisting of ~~standards, plans,~~ ~~and~~ principles*, guidelines, standards, and strategies* to be followed in:

a. The provision of housing for all current and anticipated future residents of the jurisdiction.

b. The elimination of substandard dwelling conditions.

c. The structural and aesthetic improvement of existing housing.

d. The provision of adequate sites for future housing, including affordable workforce housing as defined in s. 380.0651(3)*(h)*~~(j)~~, housing for low-income, very low-income, and moderate-income families, mobile homes, and group home facilities and foster care facilities, with supporting infrastructure and public facilities.

e. Provision for relocation housing and identification of historically significant and other housing for purposes of conservation, rehabilitation, or replacement.

f. The formulation of housing implementation programs.

g. The creation or preservation of affordable housing to minimize the need for additional local services and avoid the concentration of affordable housing units only in specific areas of the jurisdiction.

~~h. Energy efficiency in the design and construction of new housing.~~

~~i. Use of renewable energy resources.~~

~~j. Each county in which the gap between the buying power of a family of four and the median county home sale price exceeds $170,000, as determined by the Florida Housing Finance Corporation, and which is not designated as an area of critical state concern shall adopt a plan for ensuring affordable workforce housing. At a minimum, the plan shall identify adequate sites for such housing. For purposes of this sub-subparagraph, the term "workforce housing" means housing that is affordable to natural persons or families whose total household income does not exceed 140 percent of the area median income, adjusted for household size.~~

~~k. As a precondition to receiving any state affordable housing funding or allocation for any project or program within the jurisdiction of a~~

~~county that is subject to sub-subparagraph j., a county must, by July 1 of each year, provide certification that the county has complied with the requirements of sub-subparagraph j.~~

2. The *principles, guidelines, standards, and strategies* ~~goals, objectives, and policies~~ of the housing element must be based on the data and analysis prepared on housing needs, including *an inventory taken from the latest decennial United States Census or more recent estimates, which shall include the number and distribution of dwelling units by type, tenure, age, rent, value, monthly cost of owner-occupied units, and rent or cost to income ratio, and shall show the number of dwelling units that are substandard. The inventory shall also include the methodology used to estimate the condition of housing, a projection of the anticipated number of households by size, income range, and age of residents derived from the population projections, and the minimum housing need of the current and anticipated future residents of the jurisdiction* ~~the affordable housing needs assessment~~.

3. The housing element must express principles, guidelines, standards, and strategies that reflect, as needed, the creation and preservation of affordable housing for all current and anticipated future residents of the jurisdiction, elimination of substandard housing conditions, adequate sites, and distribution of housing for a range of incomes and types, including mobile and manufactured homes. The element must provide for specific programs and actions to partner with private and nonprofit sectors to address housing needs in the jurisdiction, streamline the permitting process, and minimize costs and delays for affordable housing, establish standards to address the quality of housing, stabilization of neighborhoods, and identification and improvement of historically significant housing.

4. State and federal housing plans prepared on behalf of the local government must be consistent with the goals, objectives, and policies of the housing element. Local governments are encouraged to use job training, job creation, and economic solutions to address a portion of their affordable housing concerns.

~~2. To assist local governments in housing data collection and analysis and assure uniform and consistent information regarding the state's housing needs, the state land planning agency shall conduct an affordable housing needs assessment for all local jurisdictions on a schedule that coordinates the implementation of the needs assessment with the evaluation and appraisal reports required by s. 163.3191. Each local government shall utilize the data and analysis from the needs assessment as one basis for the housing element of its local comprehensive plan. The agency shall allow a local government the option to perform its own needs assessment, if it uses the methodology established by the agency by rule.~~

(g)~~1.~~ For those units of local government identified in s. 380.24, a coastal management element, appropriately related to the particular requirements of paragraphs (d) and (e) and meeting the requirements of s. 163.3178(2) and (3). The coastal management element shall set forth the *principles, guidelines, standards, and strategies* ~~policies~~ that shall guide the local government's decisions and program implementation with respect to the following objectives:

1.~~a.~~ *Maintain, restore, and enhance* ~~Maintenance, restoration, and enhancement of~~ the overall quality of the coastal zone environment, including, but not limited to, its amenities and aesthetic values.

2.~~b.~~ *Preserve the* continued existence of viable populations of all species of wildlife and marine life.

3.~~c.~~ *Protect* the orderly and balanced utilization and preservation, consistent with sound conservation principles, of all living and nonliving coastal zone resources.

4.~~d.~~ *Avoid* ~~Avoidance of~~ irreversible and irretrievable loss of coastal zone resources.

5.~~e.~~ *Use* ecological planning principles and assumptions ~~to be used~~ in the determination of *the* suitability ~~and extent~~ of permitted development.

~~f. Proposed management and regulatory techniques.~~

6.~~g.~~ *Limit* ~~Limitation of~~ public expenditures that subsidize development in ~~high hazard~~ coastal *high-hazard* areas.

7.~~h.~~ *Protect* ~~Protection of~~ human life against the effects of natural disasters.

8.~~i.~~ *Direct* the orderly development, maintenance, and use of ports identified in s. 403.021(9) to facilitate deepwater commercial navigation and other related activities.

9.~~j.~~ *Preserve historic and archaeological resources, which include the* ~~Preservation, including~~ sensitive adaptive use of *these* ~~historic and archaeological~~ resources.

~~2. As part of this element, a local government that has a coastal management element in its comprehensive plan is encouraged to adopt recreational surface water use policies that include applicable criteria for and consider such factors as natural resources, manatee protection needs, protection of working waterfronts and public access to the water, and recreation and economic demands. Criteria for manatee protection in the recreational surface water use policies should reflect applicable guidance outlined in the Boat Facility Siting Guide prepared by the Fish and Wildlife Conservation Commission. If the local government elects to adopt recreational surface water use policies by comprehensive plan amendment, such comprehensive plan amendment is exempt from the provisions of s. 163.3187(1). Local governments that wish to adopt recreational surface water use policies may be eligible for assistance with the development of such policies through the Florida Coastal Management Program. The Office of Program Policy Analysis and Government Accountability shall submit a report on the adoption of recreational surface water use policies under this subparagraph to the President of the Senate, the Speaker of the House of Representatives, and the majority and minority leaders of the Senate and the House of Representatives no later than December 1, 2010.~~

(h)1. An intergovernmental coordination element showing relationships and stating principles and guidelines to be used in coordinating the adopted comprehensive plan with the plans of school boards, regional water supply authorities, and other units of local government providing services but not having regulatory authority over the use of land, with the comprehensive plans of adjacent municipalities, the county, adjacent counties, or the region, with the state comprehensive plan and with the applicable regional water supply plan approved pursuant to s. 373.709, as the case may require and as such adopted plans or plans in preparation may exist. This element of the local comprehensive plan must demonstrate consideration of the particular effects of the local plan, when adopted, upon the development of adjacent municipalities, the county, adjacent counties, or the region, or upon the state comprehensive plan, as the case may require.

a. The intergovernmental coordination element must provide procedures for identifying and implementing joint planning areas, especially for the purpose of annexation, municipal incorporation, and joint infrastructure service areas.

b. ~~The intergovernmental coordination element must provide for recognition of campus master plans prepared pursuant to s. 1013.30 and airport master plans under paragraph (k).~~

~~c.~~ The intergovernmental coordination element shall provide for a dispute resolution process, as established pursuant to s. 186.509, for bringing intergovernmental disputes to closure in a timely manner.

c.~~d.~~ The intergovernmental coordination element shall provide for interlocal agreements as established pursuant to s. 333.03(1)(b).

2. The intergovernmental coordination element shall also state principles and guidelines to be used in coordinating the adopted comprehensive plan with the plans of school boards and other units of local government providing facilities and services but not having regulatory authority over the use of land. In addition, the intergovernmental coordination element must describe joint processes for collaborative planning and decisionmaking on population projections and public school siting, the location and extension of public facilities subject to concurrency, and siting facilities with countywide significance, including locally unwanted land uses whose nature and identity are established in an agreement.

3. Within 1 year after adopting their intergovernmental coordination elements, each county, all the municipalities within that county, the district school board, and any unit of local government service providers

in that county shall establish by interlocal or other formal agreement executed by all affected entities, the joint processes described in this subparagraph consistent with their adopted intergovernmental coordination elements. *The element must:*

a. Ensure that the local government addresses through coordination mechanisms the impacts of development proposed in the local comprehensive plan upon development in adjacent municipalities, the county, adjacent counties, the region, and the state. The area of concern for municipalities shall include adjacent municipalities, the county, and counties adjacent to the municipality. The area of concern for counties shall include all municipalities within the county, adjacent counties, and adjacent municipalities.

b. Ensure coordination in establishing level of service standards for public facilities with any state, regional, or local entity having operational and maintenance responsibility for such facilities.

~~3. To foster coordination between special districts and local general-purpose governments as local general purpose governments implement local comprehensive plans, each independent special district must submit a public facilities report to the appropriate local government as required by s. 189.415.~~

~~4. Local governments shall execute an interlocal agreement with the district school board, the county, and nonexempt municipalities pursuant to s. 163.31777. The local government shall amend the intergovernmental coordination element to ensure that coordination between the local government and school board is pursuant to the agreement and shall state the obligations of the local government under the agreement. Plan amendments that comply with this subparagraph are exempt from the provisions of s. 163.3187(1).~~

~~5. By January 1, 2004, any county having a population greater than 100,000, and the municipalities and special districts within that county, shall submit a report to the Department of Community Affairs which identifies:~~

~~a. All existing or proposed interlocal service delivery agreements relating to education; sanitary sewer; public safety; solid waste; drainage; potable water; parks and recreation; and transportation facilities.~~

~~b. Any deficits or duplication in the provision of services within its jurisdiction, whether capital or operational. Upon request, the Department of Community Affairs shall provide technical assistance to the local governments in identifying deficits or duplication.~~

~~6. Within 6 months after submission of the report, the Department of Community Affairs shall, through the appropriate regional planning council, coordinate a meeting of all local governments within the regional planning area to discuss the reports and potential strategies to remedy any identified deficiencies or duplications.~~

~~7. Each local government shall update its intergovernmental coordination element based upon the findings in the report submitted pursuant to subparagraph 5. The report may be used as supporting data and analysis for the intergovernmental coordination element.~~

~~(i) The optional elements of the comprehensive plan in paragraphs (7)(a) and (b) are required elements for those municipalities having populations greater than 50,000, and those counties having populations greater than 75,000, as determined under s. 186.901.~~

~~(j) For each unit of local government within an urbanized area designated for purposes of s. 339.175, a transportation element, which must be prepared and adopted in lieu of the requirements of paragraph (b) and paragraphs (7)(a), (b), (c), and (d) and which shall address the following issues:~~

~~1. Traffic circulation, including major thoroughfares and other routes, including bicycle and pedestrian ways.~~

~~2. All alternative modes of travel, such as public transportation, pedestrian, and bicycle travel.~~

~~3. Parking facilities.~~

~~4. Aviation, rail, seaport facilities, access to those facilities, and intermodal terminals.~~

~~5. The availability of facilities and services to serve existing land uses and the compatibility between future land use and transportation elements.~~

~~6. The capability to evacuate the coastal population prior to an impending natural disaster.~~

~~7. Airports, projected airport and aviation development, and land use compatibility around airports, which includes areas defined in ss. 333.01 and 333.02.~~

~~8. An identification of land use densities, building intensities, and transportation management programs to promote public transportation systems in designated public transportation corridors so as to encourage population densities sufficient to support such systems.~~

~~9. May include transportation corridors, as defined in s. 334.03, intended for future transportation facilities designated pursuant to s. 337.273. If transportation corridors are designated, the local government may adopt a transportation corridor management ordinance.~~

~~10. The incorporation of transportation strategies to address reduction in greenhouse gas emissions from the transportation sector.~~

~~(k) An airport master plan, and any subsequent amendments to the airport master plan, prepared by a licensed publicly owned and operated airport under s. 333.06 may be incorporated into the local government comprehensive plan by the local government having jurisdiction under this act for the area in which the airport or projected airport development is located by the adoption of a comprehensive plan amendment. In the amendment to the local comprehensive plan that integrates the airport master plan, the comprehensive plan amendment shall address land use compatibility consistent with chapter 333 regarding airport zoning; the provision of regional transportation facilities for the efficient use and operation of the transportation system and airport; consistency with the local government transportation circulation element and applicable metropolitan planning organization long-range transportation plans; and the execution of any necessary interlocal agreements for the purposes of the provision of public facilities and services to maintain the adopted level-of-service standards for facilities subject to concurrency; and may address airport-related or aviation-related development. Development or expansion of an airport consistent with the adopted airport master plan that has been incorporated into the local comprehensive plan in compliance with this part, and airport-related or aviation-related development that has been addressed in the comprehensive plan amendment that incorporates the airport master plan, shall not be a development of regional impact. Notwithstanding any other general law, an airport that has received a development of regional impact development order pursuant to s. 380.06, but which is no longer required to undergo development of regional impact review pursuant to this subsection, may abandon its development of regional impact order upon written notification to the applicable local government. Upon receipt by the local government, the development-of-regional-impact development order is void.~~

~~(7) The comprehensive plan may include the following additional elements, or portions or phases thereof:~~

~~(a) As a part of the circulation element of paragraph (6)(b) or as a separate element, a mass-transit element showing proposed methods for the moving of people, rights-of-way, terminals, related facilities, and fiscal considerations for the accomplishment of the element.~~

~~(b) As a part of the circulation element of paragraph (6)(b) or as a separate element, plans for port, aviation, and related facilities coordinated with the general circulation and transportation element.~~

~~(c) As a part of the circulation element of paragraph (6)(b) and in coordination with paragraph (6)(c), where applicable, a plan element for the circulation of recreational traffic, including bicycle facilities, exercise trails, riding facilities, and such other matters as may be related to the improvement and safety of movement of all types of recreational traffic.~~

~~(d) As a part of the circulation element of paragraph (6)(b) or as a separate element, a plan element for the development of offstreet parking facilities for motor vehicles and the fiscal considerations for the accomplishment of the element.~~

~~(e) A public buildings and related facilities element showing locations and arrangements of civic and community centers, public schools, hospitals, libraries, police and fire stations, and other public buildings. This plan element should show particularly how it is proposed to effect coordination with governmental units, such as school boards or hospital authorities, having public development and service responsibilities, capabilities, and potential but not having land development regulatory authority. This element may include plans for architecture and landscape treatment of their grounds.~~

~~(f) A recommended community design element which may consist of design recommendations for land subdivision, neighborhood development and redevelopment, design of open space locations, and similar matters to the end that such recommendations may be available as aids and guides to developers in the future planning and development of land in the area.~~

~~(g) A general area redevelopment element consisting of plans and programs for the redevelopment of slums and blighted locations in the area and for community redevelopment, including housing sites, business and industrial sites, public buildings sites, recreational facilities, and other purposes authorized by law.~~

~~(h) A safety element for the protection of residents and property of the area from fire, hurricane, or manmade or natural catastrophe, including such necessary features for protection as evacuation routes and their control in an emergency, water supply requirements, minimum road widths, clearances around and elevations of structures, and similar matters.~~

~~(i) An historical and scenic preservation element setting out plans and programs for those structures or lands in the area having historical, archaeological, architectural, scenic, or similar significance.~~

~~(j) An economic element setting forth principles and guidelines for the commercial and industrial development, if any, and the employment and personnel utilization within the area. The element may detail the type of commercial and industrial development sought, correlated to the present and projected employment needs of the area and to other elements of the plans, and may set forth methods by which a balanced and stable economic base will be pursued.~~

~~(k) Such other elements as may be peculiar to, and necessary for, the area concerned and as are added to the comprehensive plan by the governing body upon the recommendation of the local planning agency.~~

~~(l) Local governments that are not required to prepare coastal management elements under s. 163.3178 are encouraged to adopt hazard mitigation/postdisaster redevelopment plans. These plans should, at a minimum, establish long-term policies regarding redevelopment, infrastructure, densities, nonconforming uses, and future land use patterns. Grants to assist local governments in the preparation of these hazard mitigation/postdisaster redevelopment plans shall be available through the Emergency Management Preparedness and Assistance Account in the Grants and Donations Trust Fund administered by the department, if such account is created by law. The plans must be in compliance with the requirements of this act and chapter 252.~~

~~(8) All elements of the comprehensive plan, whether mandatory or optional, shall be based upon data appropriate to the element involved. Surveys and studies utilized in the preparation of the comprehensive plan shall not be deemed a part of the comprehensive plan unless adopted as a part of it. Copies of such studies, surveys, and supporting documents shall be made available to public inspection, and copies of such plans shall be made available to the public upon payment of reasonable charges for reproduction.~~

~~(9) The state land planning agency shall, by February 15, 1986, adopt by rule minimum criteria for the review and determination of compliance of the local government comprehensive plan elements required by this act. Such rules shall not be subject to rule challenges under s. 120.56(2) or to drawout proceedings under s. 120.54(3)(c)2. Such rules shall become effective only after they have been submitted to the President of the Senate and the Speaker of the House of Representatives for review by the Legislature no later than 30 days prior to the next regular session of the Legislature. In its review the Legislature may reject, modify, or take no action relative to the rules. The agency shall conform the rules to the changes made by the Legislature, or, if no action was taken, the agency rules shall become effective. The rule shall include criteria for determining whether:~~

~~(a) Proposed elements are in compliance with the requirements of part II, as amended by this act.~~

~~(b) Other elements of the comprehensive plan are related to and consistent with each other.~~

~~(c) The local government comprehensive plan elements are consistent with the state comprehensive plan and the appropriate regional policy plan pursuant to s. 186.508.~~

~~(d) Certain bays, estuaries, and harbors that fall under the jurisdiction of more than one local government are managed in a consistent and coordinated manner in the case of local governments required to include a coastal management element in their comprehensive plans pursuant to paragraph (6)(g).~~

~~(e) Proposed elements identify the mechanisms and procedures for monitoring, evaluating, and appraising implementation of the plan. Specific measurable objectives are included to provide a basis for evaluating effectiveness as required by s. 163.3191.~~

~~(f) Proposed elements contain policies to guide future decisions in a consistent manner.~~

~~(g) Proposed elements contain programs and activities to ensure that comprehensive plans are implemented.~~

~~(h) Proposed elements identify the need for and the processes and procedures to ensure coordination of all development activities and services with other units of local government, regional planning agencies, water management districts, and state and federal agencies as appropriate.~~

~~The state land planning agency may adopt procedural rules that are consistent with this section and chapter 120 for the review of local government comprehensive plan elements required under this section. The state land planning agency shall provide model plans and ordinances and, upon request, other assistance to local governments in the adoption and implementation of their revised local government comprehensive plans. The review and comment provisions applicable prior to October 1, 1985, shall continue in effect until the criteria for review and determination are adopted pursuant to this subsection and the comprehensive plans required by s. 163.3167(2) are due.~~

~~(10) The Legislature recognizes the importance and significance of chapter 9J-5, Florida Administrative Code, the Minimum Criteria for Review of Local Government Comprehensive Plans and Determination of Compliance of the Department of Community Affairs that will be used to determine compliance of local comprehensive plans. The Legislature reserved unto itself the right to review chapter 9J-5, Florida Administrative Code, and to reject, modify, or take no action relative to this rule. Therefore, pursuant to subsection (9), the Legislature hereby has reviewed chapter 9J-5, Florida Administrative Code, and expresses the following legislative intent:~~

~~(a) The Legislature finds that in order for the department to review local comprehensive plans, it is necessary to define the term "consistency." Therefore, for the purpose of determining whether local comprehensive plans are consistent with the state comprehensive plan and the appropriate regional policy plan, a local plan shall be consistent with such plans if the local plan is "compatible with" and "furthers" such plans. The term "compatible with" means that the local plan is not in conflict with the state comprehensive plan or appropriate regional policy plan. The term "furthers" means to take action in the direction of realizing goals or policies of the state or regional plan. For the purposes of determining consistency of the local plan with the state comprehensive plan or the appropriate regional policy plan, the state or regional plan shall be construed as a whole and no specific goal and policy shall be construed or applied in isolation from the other goals and policies in the plans.~~

~~(b) Each local government shall review all the state comprehensive plan goals and policies and shall address in its comprehensive plan the goals and policies which are relevant to the circumstances or conditions in its jurisdiction. The decision regarding which particular state comprehensive plan goals and policies will be furthered by the expenditure~~

~~of a local government's financial resources in any given year is a decision which rests solely within the discretion of the local government. Intergovernmental coordination, as set forth in paragraph (6)(h), shall be utilized to the extent required to carry out the provisions of chapter 9J-5, Florida Administrative Code.~~

~~(c) The Legislature declares that if any portion of chapter 9J-5, Florida Administrative Code, is found to be in conflict with this part, the appropriate statutory provision shall prevail.~~

~~(d) Chapter 9J-5, Florida Administrative Code, does not mandate the creation, limitation, or elimination of regulatory authority, nor does it authorize the adoption or require the repeal of any rules, criteria, or standards of any local, regional, or state agency.~~

~~(e) It is the Legislature's intent that support data or summaries thereof shall not be subject to the compliance review process, but the Legislature intends that goals and policies be clearly based on appropriate data. The department may utilize support data or summaries thereof to aid in its determination of compliance and consistency. The Legislature intends that the department may evaluate the application of a methodology utilized in data collection or whether a particular methodology is professionally accepted. However, the department shall not evaluate whether one accepted methodology is better than another. Chapter 9J-5, Florida Administrative Code, shall not be construed to require original data collection by local governments; however, Local governments are not to be discouraged from utilizing original data so long as methodologies are professionally accepted.~~

~~(f) The Legislature recognizes that under this section, local governments are charged with setting levels of service for public facilities in their comprehensive plans in accordance with which development orders and permits will be issued pursuant to s. 163.3202(2)(g). Nothing herein shall supersede the authority of state, regional, or local agencies as otherwise provided by law.~~

~~(g) Definitions contained in chapter 9J-5, Florida Administrative Code, are not intended to modify or amend the definitions utilized for purposes of other programs or rules or to establish or limit regulatory authority. Local governments may establish alternative definitions in local comprehensive plans, as long as such definitions accomplish the intent of this chapter, and chapter 9J-5, Florida Administrative Code.~~

~~(h) It is the intent of the Legislature that public facilities and services needed to support development shall be available concurrent with the impacts of such development in accordance with s. 163.3180. In meeting this intent, public facility and service availability shall be deemed sufficient if the public facilities and services for a development are phased, or the development is phased, so that the public facilities and those related services which are deemed necessary by the local government to operate the facilities necessitated by that development are available concurrent with the impacts of the development. The public facilities and services, unless already available, are to be consistent with the capital improvements element of the local comprehensive plan as required by paragraph (3)(a) or guaranteed in an enforceable development agreement. This shall include development agreements pursuant to this chapter or in an agreement or a development order issued pursuant to chapter 380. Nothing herein shall be construed to require a local government to address services in its capital improvements plan or to limit a local government's ability to address any service in its capital improvements plan that it deems necessary.~~

~~(i) The department shall take into account the factors delineated in rule 9J-5.002(2), Florida Administrative Code, as it provides assistance to local governments and applies the rule in specific situations with regard to the detail of the data and analysis required.~~

~~(j) Chapter 9J-5, Florida Administrative Code, has become effective pursuant to subsection (9). The Legislature hereby directs the department to adopt amendments as necessary which conform chapter 9J-5, Florida Administrative Code, with the requirements of this legislative intent by October 1, 1986.~~

~~(k) In order for local governments to prepare and adopt comprehensive plans with knowledge of the rules that are applied to determine consistency of the plans with this part, there should be no doubt as to the legal standing of chapter 9J-5, Florida Administrative Code, at the close of the 1986 legislative session. Therefore, the Legislature declares that changes made to chapter 9J-5 before October 1, 1986, are not subject to rule challenges under s. 120.56(2), or to drawout proceedings under s. 120.54(3)(c)2. The entire chapter 9J-5, Florida Administrative Code, as amended, is subject to rule challenges under s. 120.56(3), as nothing herein indicates approval or disapproval of any portion of chapter 9J-5 not specifically addressed herein. Any amendments to chapter 9J-5, Florida Administrative Code, exclusive of the amendments adopted prior to October 1, 1986, pursuant to this act, shall be subject to the full chapter 120 process. All amendments shall have effective dates as provided in chapter 120 and submission to the President of the Senate and Speaker of the House of Representatives shall not be required.~~

~~(l) The state land planning agency shall consider land use compatibility issues in the vicinity of all airports in coordination with the Department of Transportation and adjacent to or in close proximity to all military installations in coordination with the Department of Defense.~~

~~(11)(a) The Legislature recognizes the need for innovative planning and development strategies which will address the anticipated demands of continued urbanization of Florida's coastal and other environmentally sensitive areas, and which will accommodate the development of less populated regions of the state which seek economic development and which have suitable land and water resources to accommodate growth in an environmentally acceptable manner. The Legislature further recognizes the substantial advantages of innovative approaches to development which may better serve to protect environmentally sensitive areas, maintain the economic viability of agricultural and other predominantly rural land uses, and provide for the cost-efficient delivery of public facilities and services.~~

~~(b) It is the intent of the Legislature that the local government comprehensive plans and plan amendments adopted pursuant to the provisions of this part provide for a planning process which allows for land use efficiencies within existing urban areas and which also allows for the conversion of rural lands to other uses, where appropriate and consistent with the other provisions of this part and the affected local comprehensive plans, through the application of innovative and flexible planning and development strategies and creative land use planning techniques, which may include, but not be limited to, urban villages, new towns, satellite communities, area based allocations, clustering and open space provisions, mixed use development, and sector planning.~~

~~(c) It is the further intent of the Legislature that local government comprehensive plans and implementing land development regulations shall provide strategies which maximize the use of existing facilities and services through redevelopment, urban infill development, and other strategies for urban revitalization.~~

~~(d)1. The department, in cooperation with the Department of Agriculture and Consumer Services, the Department of Environmental Protection, water management districts, and regional planning councils, shall provide assistance to local governments in the implementation of this paragraph and rule 9J-5.006(5)(l), Florida Administrative Code. Implementation of those provisions shall include a process by which the department may authorize local governments to designate all or portions of lands classified in the future land use element as predominantly agricultural, rural, open, open-rural, or a substantively equivalent land use, as a rural land stewardship area within which planning and economic incentives are applied to encourage the implementation of innovative and flexible planning and development strategies and creative land use planning techniques, including those contained herein and in rule 9J-5.006(5)(l), Florida Administrative Code. Assistance may include, but is not limited to:~~

~~a. Assistance from the Department of Environmental Protection and water management districts in creating the geographic information systems land cover database and aerial photogrammetry needed to prepare for a rural land stewardship area;~~

~~b. Support for local government implementation of rural land stewardship concepts by providing information and assistance to local governments regarding land acquisition programs that may be used by the local government or landowners to leverage the protection of greater acreage and maximize the effectiveness of rural land stewardship areas; and~~

~~c. Expansion of the role of the Department of Community Affairs as a resource agency to facilitate establishment of rural land stewardship~~

~~areas in smaller rural counties that do not have the staff or planning budgets to create a rural land stewardship area.~~

~~2. The department shall encourage participation by local governments of different sizes and rural characteristics in establishing and implementing rural land stewardship areas. It is the intent of the Legislature that rural land stewardship areas be used to further the following broad principles of rural sustainability: restoration and maintenance of the economic value of rural land; control of urban sprawl; identification and protection of ecosystems, habitats, and natural resources; promotion of rural economic activity; maintenance of the viability of Florida's agricultural economy; and protection of the character of rural areas of Florida. Rural land stewardship areas may be multicounty in order to encourage coordinated regional stewardship planning.~~

~~3. A local government, in conjunction with a regional planning council, a stakeholder organization of private land owners, or another local government, shall notify the department in writing of its intent to designate a rural land stewardship area. The written notification shall describe the basis for the designation, including the extent to which the rural land stewardship area enhances rural land values, controls urban sprawl, provides necessary open space for agriculture and protection of the natural environment, promotes rural economic activity, and maintains rural character and the economic viability of agriculture.~~

~~4. A rural land stewardship area shall be not less than 10,000 acres and shall be located outside of municipalities and established urban growth boundaries, and shall be designated by plan amendment. The plan amendment designating a rural land stewardship area shall be subject to review by the Department of Community Affairs pursuant to s. 163.3184 and shall provide for the following:~~

~~a. Criteria for the designation of receiving areas within rural land stewardship areas in which innovative planning and development strategies may be applied. Criteria shall at a minimum provide for the following: adequacy of suitable land to accommodate development so as to avoid conflict with environmentally sensitive areas, resources, and habitats; compatibility between and transition from higher density uses to lower intensity rural uses; the establishment of receiving area service boundaries which provide for a separation between receiving areas and other land uses within the rural land stewardship area through limitations on the extension of services; and connection of receiving areas with the rest of the rural land stewardship area using rural design and rural road corridors.~~

~~b. Goals, objectives, and policies setting forth the innovative planning and development strategies to be applied within rural land stewardship areas pursuant to the provisions of this section.~~

~~c. A process for the implementation of innovative planning and development strategies within the rural land stewardship area, including those described in this subsection and rule 9J-5.006(5)(l), Florida Administrative Code, which provide for a functional mix of land uses, including adequate available workforce housing, including low, very low and moderate income housing for the development anticipated in the receiving area and which are applied through the adoption by the local government of zoning and land development regulations applicable to the rural land stewardship area.~~

~~d. A process which encourages visioning pursuant to s. 163.3167(11) to ensure that innovative planning and development strategies comply with the provisions of this section.~~

~~e. The control of sprawl through the use of innovative strategies and creative land use techniques consistent with the provisions of this subsection and rule 9J-5.006(5)(l), Florida Administrative Code.~~

~~5. A receiving area shall be designated by the adoption of a land development regulation. Prior to the designation of a receiving area, the local government shall provide the Department of Community Affairs a period of 30 days in which to review a proposed receiving area for consistency with the rural land stewardship area plan amendment and to provide comments to the local government. At the time of designation of a stewardship receiving area, a listed species survey will be performed. If listed species occur on the receiving area site, the developer shall coordinate with each appropriate local, state, or federal agency to determine if adequate provisions have been made to protect those species in accordance with applicable regulations. In determining the adequacy of provisions for the protection of listed species and their habitats, the rural land stewardship area shall be considered as a whole, and the impacts to areas to be developed as receiving areas shall be considered together with the environmental benefits of areas protected as sending areas in fulfilling this criteria.~~

~~6. Upon the adoption of a plan amendment creating a rural land stewardship area, the local government shall, by ordinance, establish the methodology for the creation, conveyance, and use of transferable rural land use credits, otherwise referred to as stewardship credits, the application of which shall not constitute a right to develop land, nor increase density of land, except as provided by this section. The total amount of transferable rural land use credits within the rural land stewardship area must enable the realization of the long term vision and goals for the 25 year or greater projected population of the rural land stewardship area, which may take into consideration the anticipated effect of the proposed receiving areas. Transferable rural land use credits are subject to the following limitations:~~

~~a. Transferable rural land use credits may only exist within a rural land stewardship area.~~

~~b. Transferable rural land use credits may only be used on lands designated as receiving areas and then solely for the purpose of implementing innovative planning and development strategies and creative land use planning techniques adopted by the local government pursuant to this section.~~

~~c. Transferable rural land use credits assigned to a parcel of land within a rural land stewardship area shall cease to exist if the parcel of land is removed from the rural land stewardship area by plan amendment.~~

~~d. Neither the creation of the rural land stewardship area by plan amendment nor the assignment of transferable rural land use credits by the local government shall operate to displace the underlying density of land uses assigned to a parcel of land within the rural land stewardship area; however, if transferable rural land use credits are transferred from a parcel for use within a designated receiving area, the underlying density assigned to the parcel of land shall cease to exist.~~

~~e. The underlying density on each parcel of land located within a rural land stewardship area shall not be increased or decreased by the local government, except as a result of the conveyance or use of transferable rural land use credits, as long as the parcel remains within the rural land stewardship area.~~

~~f. Transferable rural land use credits shall cease to exist on a parcel of land where the underlying density assigned to the parcel of land is utilized.~~

~~g. An increase in the density of use on a parcel of land located within a designated receiving area may occur only through the assignment or use of transferable rural land use credits and shall not require a plan amendment.~~

~~h. A change in the density of land use on parcels located within receiving areas shall be specified in a development order which reflects the total number of transferable rural land use credits assigned to the parcel of land and the infrastructure and support services necessary to provide for a functional mix of land uses corresponding to the plan of development.~~

~~i. Land within a rural land stewardship area may be removed from the rural land stewardship area through a plan amendment.~~

~~j. Transferable rural land use credits may be assigned at different ratios of credits per acre according to the natural resource or other beneficial use characteristics of the land and according to the land use remaining following the transfer of credits, with the highest number of credits per acre assigned to the most environmentally valuable land or, in locations where the retention of open space and agricultural land is a priority, to such lands.~~

~~k. The use or conveyance of transferable rural land use credits must be recorded in the public records of the county in which the property is located as a covenant or restrictive easement running with the land in favor of the county and either the Department of Environmental Pro-~~

~~tection, Department of Agriculture and Consumer Services, a water management district, or a recognized statewide land trust.~~

~~7. Owners of land within rural land stewardship areas should be provided incentives to enter into rural land stewardship agreements, pursuant to existing law and rules adopted thereto, with state agencies, water management districts, and local governments to achieve mutually agreed upon conservation objectives. Such incentives may include, but not be limited to, the following:~~

~~a. Opportunity to accumulate transferable mitigation credits.~~

~~b. Extended permit agreements.~~

~~c. Opportunities for recreational leases and ecotourism.~~

~~d. Payment for specified land management services on publicly owned land, or property under covenant or restricted easement in favor of a public entity.~~

~~e. Option agreements for sale to public entities or private land conservation entities, in either fee or easement, upon achievement of conservation objectives.~~

~~8. The department shall report to the Legislature on an annual basis on the results of implementation of rural land stewardship areas authorized by the department, including successes and failures in achieving the intent of the Legislature as expressed in this paragraph.~~

~~(c) The Legislature finds that mixed use, high density development is appropriate for urban infill and redevelopment areas. Mixed use projects accommodate a variety of uses, including residential and commercial, and usually at higher densities that promote pedestrian-friendly, sustainable communities. The Legislature recognizes that mixed use, high density development improves the quality of life for residents and businesses in urban areas. The Legislature finds that mixed use, high density redevelopment and infill benefits residents by creating a livable community with alternative modes of transportation. Furthermore, the Legislature finds that local zoning ordinances often discourage mixed use, high density development in areas that are appropriate for urban infill and redevelopment. The Legislature intends to discourage single-use zoning in urban areas which often leads to lower-density, land intensive development outside an urban service area. Therefore, the Department of Community Affairs shall provide technical assistance to local governments in order to encourage mixed use, high density urban infill and redevelopment projects.~~

~~(f) The Legislature finds that a program for the transfer of development rights is a useful tool to preserve historic buildings and create public open spaces in urban areas. A program for the transfer of development rights allows the transfer of density credits from historic properties and public open spaces to areas designated for high density development. The Legislature recognizes that high density development is integral to the success of many urban infill and redevelopment projects. The Legislature intends to encourage high density urban infill and redevelopment while preserving historic structures and open spaces. Therefore, the Department of Community Affairs shall provide technical assistance to local governments in order to promote the transfer of development rights within urban areas for high density infill and redevelopment projects.~~

~~(g) The implementation of this subsection shall be subject to the provisions of this chapter, chapters 186 and 187, and applicable agency rules.~~

~~(h) The department may adopt rules necessary to implement the provisions of this subsection.~~

~~(12) A public school facilities element adopted to implement a school concurrency program shall meet the requirements of this subsection. Each county and each municipality within the county, unless exempt or subject to a waiver, must adopt a public school facilities element that is consistent with those adopted by the other local governments within the county and enter the interlocal agreement pursuant to s. 163.31777.~~

~~(a) The state land planning agency may provide a waiver to a county and to the municipalities within the county if the capacity rate for all schools within the school district is no greater than 100 percent and the projected 5 year capital outlay full time equivalent student growth rate is less than 10 percent. The state land planning agency may allow for a projected 5 year capital outlay full time equivalent student growth rate to exceed 10 percent when the projected 10 year capital outlay full time equivalent student enrollment is less than 2,000 students and the capacity rate for all schools within the school district in the tenth year will not exceed the 100 percent limitation. The state land planning agency may allow for a single school to exceed the 100 percent limitation if it can be demonstrated that the capacity rate for that single school is not greater than 105 percent. In making this determination, the state land planning agency shall consider the following criteria:~~

~~1. Whether the exceedance is due to temporary circumstances;~~

~~2. Whether the projected 5 year capital outlay full time equivalent student growth rate for the school district is approaching the 10 percent threshold;~~

~~3. Whether one or more additional schools within the school district are at or approaching the 100 percent threshold; and~~

~~4. The adequacy of the data and analysis submitted to support the waiver request.~~

~~(b) A municipality in a nonexempt county is exempt if the municipality meets all of the following criteria for having no significant impact on school attendance:~~

~~1. The municipality has issued development orders for fewer than 50 residential dwelling units during the preceding 5 years, or the municipality has generated fewer than 25 additional public school students during the preceding 5 years.~~

~~2. The municipality has not annexed new land during the preceding 5 years in land use categories that permit residential uses that will affect school attendance rates.~~

~~3. The municipality has no public schools located within its boundaries.~~

~~(c) A public school facilities element shall be based upon data and analyses that address, among other items, how level of service standards will be achieved and maintained. Such data and analyses must include, at a minimum, such items as: the interlocal agreement adopted pursuant to s. 163.31777 and the 5 year school district facilities work program adopted pursuant to s. 1013.35; the educational plant survey prepared pursuant to s. 1013.31 and an existing educational and ancillary plant map or map series; information on existing development and development anticipated for the next 5 years and the long term planning period; an analysis of problems and opportunities for existing schools and schools anticipated in the future; an analysis of opportunities to collocate future schools with other public facilities such as parks, libraries, and community centers; an analysis of the need for supporting public facilities for existing and future schools; an analysis of opportunities to locate schools to serve as community focal points; projected future population and associated demographics, including development patterns year by year for the upcoming 5-year and long-term planning periods; and anticipated educational and ancillary plants with land area requirements.~~

~~(d) The element shall contain one or more goals which establish the long term end toward which public school programs and activities are ultimately directed.~~

~~(e) The element shall contain one or more objectives for each goal, setting specific, measurable, intermediate ends that are achievable and mark progress toward the goal.~~

~~(f) The element shall contain one or more policies for each objective which establish the way in which programs and activities will be conducted to achieve an identified goal.~~

~~(g) The objectives and policies shall address items such as:~~

~~1. The procedure for an annual update process;~~

~~2. The procedure for school site selection;~~

~~3. The procedure for school permitting;~~

~~4. Provision for infrastructure necessary to support proposed schools, including potable water, wastewater, drainage, solid waste, transportation, and means by which to assure safe access to schools, including sidewalks, bicycle paths, turn lanes, and signalization;~~

~~5. Provision for colocation of other public facilities, such as parks, libraries, and community centers, in proximity to public schools;~~

~~6. Provision for location of schools proximate to residential areas and to complement patterns of development, including the location of future school sites so they serve as community focal points;~~

~~7. Measures to ensure compatibility of school sites and surrounding land uses;~~

~~8. Coordination with adjacent local governments and the school district on emergency preparedness issues, including the use of public schools to serve as emergency shelters; and~~

~~9. Coordination with the future land use element.~~

~~(h) The element shall include one or more future conditions maps which depict the anticipated location of educational and ancillary plants, including the general location of improvements to existing schools or new schools anticipated over the 5-year or long-term planning period. The maps will of necessity be general for the long-term planning period and more specific for the 5 year period. Maps indicating general locations of future schools or school improvements may not prescribe a land use on a particular parcel of land.~~

~~(i) The state land planning agency shall establish a phased schedule for adoption of the public school facilities element and the required updates to the public schools interlocal agreement pursuant to s. 163.31777. The schedule shall provide for each county and local government within the county to adopt the element and update to the agreement no later than December 1, 2008. Plan amendments to adopt a public school facilities element are exempt from the provisions of s. 163.3187(1).~~

~~(j) The state land planning agency may issue a notice to the school board and the local government to show cause why sanctions should not be enforced for failure to enter into an approved interlocal agreement as required by s. 163.31777 or for failure to implement provisions relating to public school concurrency. If the state land planning agency finds that insufficient cause exists for the school board's or local government's failure to enter into an approved interlocal agreement as required by s. 163.31777 or for the school board's or local government's failure to implement the provisions relating to public school concurrency, the state land planning agency shall submit its finding to the Administration Commission which may impose on the local government any of the sanctions set forth in s. 163.3184(11)(a) and (b) and may impose on the district school board any of the sanctions set forth in s. 1008.32(4).~~

~~(13) Local governments are encouraged to develop a community vision that provides for sustainable growth, recognizes its fiscal constraints, and protects its natural resources. At the request of a local government, the applicable regional planning council shall provide assistance in the development of a community vision.~~

~~(a) As part of the process of developing a community vision under this section, the local government must hold two public meetings with at least one of those meetings before the local planning agency. Before those public meetings, the local government must hold at least one public workshop with stakeholder groups such as neighborhood associations, community organizations, businesses, private property owners, housing and development interests, and environmental organizations.~~

~~(b) The local government must, at a minimum, discuss five of the following topics as part of the workshops and public meetings required under paragraph (a):~~

~~1. Future growth in the area using population forecasts from the Bureau of Economic and Business Research;~~

~~2. Priorities for economic development;~~

~~3. Preservation of open space, environmentally sensitive lands, and agricultural lands;~~

~~4. Appropriate areas and standards for mixed-use development;~~

~~5. Appropriate areas and standards for high density commercial and residential development;~~

~~6. Appropriate areas and standards for economic development opportunities and employment centers;~~

~~7. Provisions for adequate workforce housing;~~

~~8. An efficient, interconnected multimodal transportation system; and~~

~~9. Opportunities to create land use patterns that accommodate the issues listed in subparagraphs 1. 8.~~

~~(c) As part of the workshops and public meetings, the local government must discuss strategies for addressing the topics discussed under paragraph (b), including:~~

~~1. Strategies to preserve open space and environmentally sensitive lands, and to encourage a healthy agricultural economy, including innovative planning and development strategies, such as the transfer of development rights;~~

~~2. Incentives for mixed use development, including increased height and intensity standards for buildings that provide residential use in combination with office or commercial space;~~

~~3. Incentives for workforce housing;~~

~~4. Designation of an urban service boundary pursuant to subsection (2); and~~

~~5. Strategies to provide mobility within the community and to protect the Strategic Intermodal System, including the development of a transportation corridor management plan under s. 337.273.~~

~~(d) The community vision must reflect the community's shared concept for growth and development of the community, including visual representations depicting the desired land use patterns and character of the community during a 10-year planning timeframe. The community vision must also take into consideration economic viability of the vision and private property interests.~~

~~(e) After the workshops and public meetings required under paragraph (a) are held, the local government may amend its comprehensive plan to include the community vision as a component in the plan. This plan amendment must be transmitted and adopted pursuant to the procedures in ss. 163.3184 and 163.3189 at public hearings of the governing body other than those identified in paragraph (a).~~

~~(f) Amendments submitted under this subsection are exempt from the limitation on the frequency of plan amendments in s. 163.3187.~~

~~(g) A local government that has developed a community vision or completed a visioning process after July 1, 2000, and before July 1, 2005, which substantially accomplishes the goals set forth in this subsection and the appropriate goals, policies, or objectives have been adopted as part of the comprehensive plan or reflected in subsequently adopted land development regulations and the plan amendment incorporating the community vision as a component has been found in compliance is eligible for the incentives in s. 163.3184(17).~~

~~(14) Local governments are also encouraged to designate an urban service boundary. This area must be appropriate for compact, contiguous urban development within a 10-year planning timeframe. The urban service area boundary must be identified on the future land use map or map series. The local government shall demonstrate that the land included within the urban service boundary is served or is planned to be served with adequate public facilities and services based on the local government's adopted level of service standards by adopting a 10 year facilities plan in the capital improvements element which is financially feasible. The local government shall demonstrate that the amount of land within the urban service boundary does not exceed the amount of land needed to accommodate the projected population growth at densities consistent with the adopted comprehensive plan within the 10 year planning timeframe.~~

~~(a) As part of the process of establishing an urban service boundary, the local government must hold two public meetings with at least one of those meetings before the local planning agency. Before those public meetings, the local government must hold at least one public workshop with stakeholder groups such as neighborhood associations, community organizations, businesses, private property owners, housing and development interests, and environmental organizations.~~

~~(b)1. After the workshops and public meetings required under paragraph (a) are held, the local government may amend its comprehensive plan to include the urban service boundary. This plan amendment must be transmitted and adopted pursuant to the procedures in ss. 163.3184 and 163.3189 at meetings of the governing body other than those required under paragraph (a).~~

~~2. This subsection does not prohibit new development outside an urban service boundary. However, a local government that establishes an urban service boundary under this subsection is encouraged to require a full cost accounting analysis for any new development outside the boundary and to consider the results of that analysis when adopting a plan amendment for property outside the established urban service boundary.~~

~~(c) Amendments submitted under this subsection are exempt from the limitation on the frequency of plan amendments in s. 163.3187.~~

~~(d) A local government that has adopted an urban service boundary before July 1, 2005, which substantially accomplishes the goals set forth in this subsection is not required to comply with paragraph (a) or subparagraph 1. of paragraph (b) in order to be eligible for the incentives under s. 163.3184(17). In order to satisfy the provisions of this paragraph, the local government must secure a determination from the state land planning agency that the urban service boundary adopted before July 1, 2005, substantially complies with the criteria of this subsection, based on data and analysis submitted by the local government to support this determination. The determination by the state land planning agency is not subject to administrative challenge.~~

(7)~~(15)~~(a) The Legislature finds that:

1. There are a number of rural agricultural industrial centers in the state that process, produce, or aid in the production or distribution of a variety of agriculturally based products, including, but not limited to, fruits, vegetables, timber, and other crops, and juices, paper, and building materials. Rural agricultural industrial centers have a significant amount of existing associated infrastructure that is used for processing, producing, or distributing agricultural products.

2. Such rural agricultural industrial centers are often located within or near communities in which the economy is largely dependent upon agriculture and agriculturally based products. The centers significantly enhance the economy of such communities. However, these agriculturally based communities are often socioeconomically challenged and designated as rural areas of critical economic concern. If such rural agricultural industrial centers are lost and not replaced with other job-creating enterprises, the agriculturally based communities will lose a substantial amount of their economies.

3. The state has a compelling interest in preserving the viability of agriculture and protecting rural agricultural communities and the state from the economic upheaval that would result from short-term or long-term adverse changes in the agricultural economy. To protect these communities and promote viable agriculture for the long term, it is essential to encourage and permit diversification of existing rural agricultural industrial centers by providing for jobs that are not solely dependent upon, but are compatible with and complement, existing agricultural industrial operations and to encourage the creation and expansion of industries that use agricultural products in innovative ways. However, the expansion and diversification of these existing centers must be accomplished in a manner that does not promote urban sprawl into surrounding agricultural and rural areas.

(b) As used in this subsection, the term "rural agricultural industrial center" means a developed parcel of land in an unincorporated area on which there exists an operating agricultural industrial facility or facilities that employ at least 200 full-time employees in the aggregate and process and prepare for transport a farm product, as defined in s. 163.3162, or any biomass material that could be used, directly or indirectly, for the production of fuel, renewable energy, bioenergy, or alternative fuel as defined by law. The center may also include land contiguous to the facility site which is not used for the cultivation of crops, but on which other existing activities essential to the operation of such facility or facilities are located or conducted. The parcel of land must be located within, or within 10 miles of, a rural area of critical economic concern.

(c)1. A landowner whose land is located within a rural agricultural industrial center may apply for an amendment to the local government comprehensive plan for the purpose of designating and expanding the existing agricultural industrial uses of facilities located within the center or expanding the existing center to include industrial uses or facilities that are not dependent upon but are compatible with agriculture and the existing uses and facilities. A local government comprehensive plan amendment under this paragraph must:

a. Not increase the physical area of the existing rural agricultural industrial center by more than 50 percent or 320 acres, whichever is greater.

b. Propose a project that would, upon completion, create at least 50 new full-time jobs.

c. Demonstrate that sufficient infrastructure capacity exists or will be provided to support the expanded center at the level-of-service standards adopted in the local government comprehensive plan.

d. Contain goals, objectives, and policies that will ensure that any adverse environmental impacts of the expanded center will be adequately addressed and mitigation implemented or demonstrate that the local government comprehensive plan contains such provisions.

2. Within 6 months after receiving an application as provided in this paragraph, the local government shall transmit the application to the state land planning agency for review pursuant to this chapter together with any needed amendments to the applicable sections of its comprehensive plan to include goals, objectives, and policies that provide for the expansion of rural agricultural industrial centers and discourage urban sprawl in the surrounding areas. Such goals, objectives, and policies must promote and be consistent with the findings in this subsection. An amendment that meets the requirements of this subsection is presumed *not* to be *urban sprawl as defined in s. 163.3164* ~~consistent with rule 9J-5.006(5), Florida Administrative Code~~. This presumption may be rebutted by a preponderance of the evidence.

(d) This subsection does not apply to an optional sector plan adopted pursuant to s. 163.3245, a rural land stewardship area designated pursuant to *s. 163.3248* ~~subsection (11)~~, or any comprehensive plan amendment that includes an inland port terminal or affiliated port development.

(e) Nothing in this subsection shall be construed to confer the status of rural area of critical economic concern, or any of the rights or benefits derived from such status, on any land area not otherwise designated as such pursuant to s. 288.0656(7).

Section 13. Section 163.31777, Florida Statutes, is amended to read:

163.31777 Public schools interlocal agreement.—

(1)~~(a)~~ The county and municipalities located within the geographic area of a school district shall enter into an interlocal agreement with the district school board which jointly establishes the specific ways in which the plans and processes of the district school board and the local governments are to be coordinated. ~~The interlocal agreements shall be submitted to the state land planning agency and the Office of Educational Facilities in accordance with a schedule published by the state land planning agency.~~

~~(b) The schedule must establish staggered due dates for submission of interlocal agreements that are executed by both the local government and the district school board, commencing on March 1, 2003, and concluding by December 1, 2004, and must set the same date for all governmental entities within a school district. However, if the county where the school district is located contains more than 20 municipalities, the state land planning agency may establish staggered due dates for the submission of interlocal agreements by these municipalities. The schedule must begin with those areas where both the number of districtwide~~

~~capital outlay full-time-equivalent students equals 80 percent or more of the current year's school capacity and the projected 5-year student growth is 1,000 or greater, or where the projected 5-year student growth rate is 10 percent or greater.~~

~~(c) If the student population has declined over the 5-year period preceding the due date for submittal of an interlocal agreement by the local government and the district school board, the local government and the district school board may petition the state land planning agency for a waiver of one or more requirements of subsection (2). The waiver must be granted if the procedures called for in subsection (2) are unnecessary because of the school district's declining school age population, considering the district's 5-year facilities work program prepared pursuant to s. 1013.35. The state land planning agency may modify or revoke the waiver upon a finding that the conditions upon which the waiver was granted no longer exist. The district school board and local governments must submit an interlocal agreement within 1 year after notification by the state land planning agency that the conditions for a waiver no longer exist.~~

~~(d) Interlocal agreements between local governments and district school boards adopted pursuant to s. 163.3177 before the effective date of this section must be updated and executed pursuant to the requirements of this section, if necessary. Amendments to interlocal agreements adopted pursuant to this section must be submitted to the state land planning agency within 30 days after execution by the parties for review consistent with this section.~~ Local governments and the district school board in each school district are encouraged to adopt a single interlocal agreement to which all join as parties. ~~The state land planning agency shall assemble and make available model interlocal agreements meeting the requirements of this section and notify local governments and, jointly with the Department of Education, the district school boards of the requirements of this section, the dates for compliance, and the sanctions for noncompliance. The state land planning agency shall be available to informally review proposed interlocal agreements. If the state land planning agency has not received a proposed interlocal agreement for informal review, the state land planning agency shall, at least 60 days before the deadline for submission of the executed agreement, renotify the local government and the district school board of the upcoming deadline and the potential for sanctions.~~

(2) At a minimum, the interlocal agreement must address ~~interlocal agreement requirements in s. 163.3180(13)(g), except for exempt local governments as provided in s. 163.3177(12), and must address~~ the following issues:

(a) A process by which each local government and the district school board agree and base their plans on consistent projections of the amount, type, and distribution of population growth and student enrollment. The geographic distribution of jurisdiction-wide growth forecasts is a major objective of the process.

(b) A process to coordinate and share information relating to existing and planned public school facilities, including school renovations and closures, and local government plans for development and redevelopment.

(c) Participation by affected local governments with the district school board in the process of evaluating potential school closures, significant renovations to existing schools, and new school site selection before land acquisition. Local governments shall advise the district school board as to the consistency of the proposed closure, renovation, or new site with the local comprehensive plan, including appropriate circumstances and criteria under which a district school board may request an amendment to the comprehensive plan for school siting.

(d) A process for determining the need for and timing of onsite and offsite improvements to support new, proposed expansion, or redevelopment of existing schools. The process must address identification of the party or parties responsible for the improvements.

(e) A process for the school board to inform the local government regarding the effect of comprehensive plan amendments on school capacity. The capacity reporting must be consistent with laws and rules relating to measurement of school facility capacity and must also identify how the district school board will meet the public school demand based on the facilities work program adopted pursuant to s. 1013.35.

(f) Participation of the local governments in the preparation of the annual update to the district school board's 5-year district facilities work program and educational plant survey prepared pursuant to s. 1013.35.

(g) A process for determining where and how joint use of either school board or local government facilities can be shared for mutual benefit and efficiency.

(h) A procedure for the resolution of disputes between the district school board and local governments, which may include the dispute resolution processes contained in chapters 164 and 186.

(i) An oversight process, including an opportunity for public participation, for the implementation of the interlocal agreement.

~~(3)(a) The Office of Educational Facilities shall submit any comments or concerns regarding the executed interlocal agreement to the state land planning agency within 30 days after receipt of the executed interlocal agreement. The state land planning agency shall review the executed interlocal agreement to determine whether it is consistent with the requirements of subsection (2), the adopted local government comprehensive plan, and other requirements of law. Within 60 days after receipt of an executed interlocal agreement, the state land planning agency shall publish a notice of intent in the Florida Administrative Weekly and shall post a copy of the notice on the agency's Internet site. The notice of intent must state whether the interlocal agreement is consistent or inconsistent with the requirements of subsection (2) and this subsection, as appropriate.~~

~~(b) The state land planning agency's notice is subject to challenge under chapter 120; however, an affected person, as defined in s. 163.3184(1)(a), has standing to initiate the administrative proceeding, and this proceeding is the sole means available to challenge the consistency of an interlocal agreement required by this section with the criteria contained in subsection (2) and this subsection. In order to have standing, each person must have submitted oral or written comments, recommendations, or objections to the local government or the school board before the adoption of the interlocal agreement by the school board and local government. The district school board and local governments are parties to any such proceeding. In this proceeding, when the state land planning agency finds the interlocal agreement to be consistent with the criteria in subsection (2) and this subsection, the interlocal agreement shall be determined to be consistent with subsection (2) and this subsection if the local government's and school board's determination of consistency is fairly debatable. When the state planning agency finds the interlocal agreement to be inconsistent with the requirements of subsection (2) and this subsection, the local government's and school board's determination of consistency shall be sustained unless it is shown by a preponderance of the evidence that the interlocal agreement is inconsistent.~~

~~(c) If the state land planning agency enters a final order that finds that the interlocal agreement is inconsistent with the requirements of subsection (2) or this subsection, it shall forward it to the Administration Commission, which may impose sanctions against the local government pursuant to s. 163.3184(11) and may impose sanctions against the district school board by directing the Department of Education to withhold from the district school board an equivalent amount of funds for school construction available pursuant to ss. 1013.65, 1013.68, 1013.70, and 1013.72.~~

~~(4) If an executed interlocal agreement is not timely submitted to the state land planning agency for review, the state land planning agency shall, within 15 working days after the deadline for submittal, issue to the local government and the district school board a Notice to Show Cause why sanctions should not be imposed for failure to submit an executed interlocal agreement by the deadline established by the agency. The agency shall forward the notice and the responses to the Administration Commission, which may enter a final order citing the failure to comply and imposing sanctions against the local government and district school board by directing the appropriate agencies to withhold at least 5 percent of state funds pursuant to s. 163.3184(11) and by directing the Department of Education to withhold from the district school board at least 5 percent of funds for school construction available pursuant to ss. 1013.65, 1013.68, 1013.70, and 1013.72.~~

~~(5) Any local government transmitting a public school element to implement school concurrency pursuant to the requirements of s.~~

~~163.3180 before the effective date of this section is not required to amend the element or any interlocal agreement to conform with the provisions of this section if the element is adopted prior to or within 1 year after the effective date of this section and remains in effect until the county conducts its evaluation and appraisal report and identifies changes necessary to more fully conform to the provisions of this section.~~

~~(6) Except as provided in subsection (7), municipalities meeting the exemption criteria in s. 163.3177(12) are exempt from the requirements of subsections (1), (2), and (3).~~

~~(7) At the time of the evaluation and appraisal report, each exempt municipality shall assess the extent to which it continues to meet the criteria for exemption under s. 163.3177(12). If the municipality continues to meet these criteria, the municipality shall continue to be exempt from the interlocal agreement requirement. Each municipality exempt under s. 163.3177(12) must comply with the provisions of this section within 1 year after the district school board proposes, in its 5-year district facilities work program, a new school within the municipality's jurisdiction.~~

Section 14. Subsection (9) of section 163.3178, Florida Statutes, is amended to read:

163.3178 Coastal management.—

(9)(a) ~~Local governments may elect to comply with rule 9J-5.012(3)(b)6. and 7., Florida Administrative Code, through the process provided in this section.~~ A proposed comprehensive plan amendment shall be found in compliance with state coastal high-hazard provisions ~~pursuant to rule 9J-5.012(3)(b)6. and 7., Florida Administrative Code,~~ if:

1. The adopted level of service for out-of-county hurricane evacuation is maintained for a category 5 storm event as measured on the Saffir-Simpson scale; *or*

2. A 12-hour evacuation time to shelter is maintained for a category 5 storm event as measured on the Saffir-Simpson scale and shelter space reasonably expected to accommodate the residents of the development contemplated by a proposed comprehensive plan amendment is available; or

3. Appropriate mitigation is provided that will satisfy ~~the provisions of~~ subparagraph 1. or subparagraph 2. Appropriate mitigation shall include, without limitation, payment of money, contribution of land, and construction of hurricane shelters and transportation facilities. Required mitigation *may* ~~shall~~ not exceed the amount required for a developer to accommodate impacts reasonably attributable to development. A local government and a developer shall enter into a binding agreement to memorialize the mitigation plan.

(b) For those local governments that have not established a level of service for out-of-county hurricane evacuation by July 1, 2008, ~~but elect to comply with rule 9J-5.012(3)(b)6. and 7., Florida Administrative Code,~~ by following the process in paragraph (a), the level of service shall be no greater than 16 hours for a category 5 storm event as measured on the Saffir-Simpson scale.

(c) This subsection shall become effective immediately and shall apply to all local governments. No later than July 1, 2008, local governments shall amend their future land use map and coastal management element to include the new definition of coastal high-hazard area and to depict the coastal high-hazard area on the future land use map.

Section 15. Section 163.3180, Florida Statutes, is amended to read:

163.3180 Concurrency.—

(1)~~(a)~~ Sanitary sewer, solid waste, drainage, *and* potable water~~, parks and recreation, schools, and transportation facilities, including mass transit, where applicable,~~ are the only public facilities and services subject to the concurrency requirement on a statewide basis. Additional public facilities and services may not be made subject to concurrency on a statewide basis without ~~appropriate study and~~ approval by the Legislature; however, any local government may extend the concurrency requirement so that it applies to additional public facilities within its jurisdiction.

(a) If concurrency is applied to other public facilities, the local government comprehensive plan must provide the principles, guidelines, standards, and strategies, including adopted levels of service, to guide its application. In order for a local government to rescind any optional concurrency provisions, a comprehensive plan amendment is required. An amendment rescinding optional concurrency issues is not subject to state review.

(b) The local government comprehensive plan must demonstrate, for required or optional concurrency requirements, that the levels of service adopted can be reasonably met. Infrastructure needed to ensure that adopted level-of-service standards are achieved and maintained for the 5-year period of the capital improvement schedule must be identified pursuant to the requirements of s. 163.3177(3). The comprehensive plan must include principles, guidelines, standards, and strategies for the establishment of a concurrency management system.

~~(b) Local governments shall use professionally accepted techniques for measuring level of service for automobiles, bicycles, pedestrians, transit, and trucks. These techniques may be used to evaluate increased accessibility by multiple modes and reductions in vehicle miles of travel in an area or zone. The Department of Transportation shall develop methodologies to assist local governments in implementing this multimodal level-of-service analysis. The Department of Community Affairs and the Department of Transportation shall provide technical assistance to local governments in applying these methodologies.~~

(2)~~(a)~~ Consistent with public health and safety, sanitary sewer, solid waste, drainage, adequate water supplies, and potable water facilities shall be in place and available to serve new development no later than the issuance by the local government of a certificate of occupancy or its functional equivalent. Prior to approval of a building permit or its functional equivalent, the local government shall consult with the applicable water supplier to determine whether adequate water supplies to serve the new development will be available no later than the anticipated date of issuance by the local government of a certificate of occupancy or its functional equivalent. A local government may meet the concurrency requirement for sanitary sewer through the use of onsite sewage treatment and disposal systems approved by the Department of Health to serve new development.

~~(b) Consistent with the public welfare, and except as otherwise provided in this section, parks and recreation facilities to serve new development shall be in place or under actual construction no later than 1 year after issuance by the local government of a certificate of occupancy or its functional equivalent. However, the acreage for such facilities shall be dedicated or be acquired by the local government prior to issuance by the local government of a certificate of occupancy or its functional equivalent, or funds in the amount of the developer's fair share shall be committed no later than the local government's approval to commence construction.~~

~~(c) Consistent with the public welfare, and except as otherwise provided in this section, transportation facilities needed to serve new development shall be in place or under actual construction within 3 years after the local government approves a building permit or its functional equivalent that results in traffic generation.~~

(3) Governmental entities that are not responsible for providing, financing, operating, or regulating public facilities needed to serve development may not establish binding level-of-service standards on governmental entities that do bear those responsibilities. ~~This subsection does not limit the authority of any agency to recommend or make objections, recommendations, comments, or determinations during reviews conducted under s. 163.3184.~~

(4)~~(a)~~ The concurrency requirement as implemented in local comprehensive plans applies to state and other public facilities and development to the same extent that it applies to all other facilities and development, as provided by law.

~~(b) The concurrency requirement as implemented in local comprehensive plans does not apply to public transit facilities. For the purposes of this paragraph, public transit facilities include transit stations and terminals; transit station parking; park and ride lots; intermodal public transit connection or transfer facilities; fixed bus, guideway, and rail stations; and airport passenger terminals and concourses, air cargo facilities, and hangars for the assembly, manufacture, maintenance, or~~

~~storage of aircraft. As used in this paragraph, the terms "terminals" and "transit facilities" do not include seaports or commercial or residential development constructed in conjunction with a public transit facility.~~

~~(c) The concurrency requirement, except as it relates to transportation facilities and public schools, as implemented in local government comprehensive plans, may be waived by a local government for urban infill and redevelopment areas designated pursuant to s. 163.2517 if such a waiver does not endanger public health or safety as defined by the local government in its local government comprehensive plan. The waiver shall be adopted as a plan amendment pursuant to the process set forth in s. 163.3187(3)(a). A local government may grant a concurrency exception pursuant to subsection (5) for transportation facilities located within these urban infill and redevelopment areas.~~

(5)*(a) If concurrency is applied to transportation facilities, the local government comprehensive plan must provide the principles, guidelines, standards, and strategies, including adopted levels of service to guide its application.*

(b) Local governments shall use professionally accepted studies to evaluate the appropriate levels of service. Local governments should consider the number of facilities that will be necessary to meet level-of-service demands when determining the appropriate levels of service. The schedule of facilities that are necessary to meet the adopted level of service shall be reflected in the capital improvement element.

(c) Local governments shall use professionally accepted techniques for measuring levels of service when evaluating potential impacts of a proposed development.

(d) The premise of concurrency is that the public facilities will be provided in order to achieve and maintain the adopted level of service standard. A comprehensive plan that imposes transportation concurrency shall contain appropriate amendments to the capital improvements element of the comprehensive plan, consistent with the requirements of s. 163.3177(3). The capital improvements element shall identify facilities necessary to meet adopted levels of service during a 5-year period.

(e) If a local government applies transportation concurrency in its jurisdiction, it is encouraged to develop policy guidelines and techniques to address potential negative impacts on future development:

1. In urban infill and redevelopment, and urban service areas.

2. With special part-time demands on the transportation system.

3. With de minimis impacts.

4. On community desired types of development, such as redevelopment, or job creation projects.

(f) Local governments are encouraged to develop tools and techniques to complement the application of transportation concurrency such as:

1. Adoption of long-term strategies to facilitate development patterns that support multimodal solutions, including urban design, and appropriate land use mixes, including intensity and density.

2. Adoption of an areawide level of service not dependent on any single road segment function.

3. Exempting or discounting impacts of locally desired development, such as development in urban areas, redevelopment, job creation, and mixed use on the transportation system.

4. Assigning secondary priority to vehicle mobility and primary priority to ensuring a safe, comfortable, and attractive pedestrian environment, with convenient interconnection to transit.

5. Establishing multimodal level of service standards that rely primarily on nonvehicular modes of transportation where existing or planned community design will provide adequate level of mobility.

6. Reducing impact fees or local access fees to promote development within urban areas, multimodal transportation districts, and a balance of mixed use development in certain areas or districts, or for affordable or workforce housing.

(g) Local governments are encouraged to coordinate with adjacent local governments for the purpose of using common methodologies for measuring impacts on transportation facilities.

(h) Local governments that implement transportation concurrency must:

1. Consult with the Department of Transportation when proposed plan amendments affect facilities on the strategic intermodal system.

2. Exempt public transit facilities from concurrency. For the purposes of this subparagraph, public transit facilities include transit stations and terminals; transit station parking; park-and-ride lots; intermodal public transit connection or transfer facilities; fixed bus, guideway, and rail stations; and airport passenger terminals and concourses, air cargo facilities, and hangars for the assembly, manufacture, maintenance, or storage of aircraft. As used in this subparagraph, the terms "terminals" and "transit facilities" do not include seaports or commercial or residential development constructed in conjunction with a public transit facility.

3. Allow an applicant for a development-of-regional-impact development order, a rezoning, or other land use development permit to satisfy the transportation concurrency requirements of the local comprehensive plan, the local government's concurrency management system, and s. 380.06, when applicable, if:

a. The applicant enters into a binding agreement to pay for or construct its proportionate share of required improvements.

b. The proportionate-share contribution or construction is sufficient to accomplish one or more mobility improvements that will benefit a regionally significant transportation facility.

c.(I) The local government has provided a means by which the landowner will be assessed a proportionate share of the cost of providing the transportation facilities necessary to serve the proposed development. An applicant shall not be held responsible for the additional cost of reducing or eliminating deficiencies.

(II) When an applicant contributes or constructs its proportionate share pursuant to this subparagraph, a local government may not require payment or construction of transportation facilities whose costs would be greater than a development's proportionate share of the improvements necessary to mitigate the development's impacts.

(A) The proportionate-share contribution shall be calculated based upon the number of trips from the proposed development expected to reach roadways during the peak hour from the stage or phase being approved, divided by the change in the peak hour maximum service volume of roadways resulting from construction of an improvement necessary to maintain or achieve the adopted level of service, multiplied by the construction cost, at the time of development payment, of the improvement necessary to maintain or achieve the adopted level of service.

(B) In using the proportionate-share formula provided in this subparagraph, the applicant, in its traffic analysis, shall identify those roads or facilities that have a transportation deficiency in accordance with the transportation deficiency as defined in sub-subparagraph e. The proportionate-share formula provided in this subparagraph shall be applied only to those facilities that are determined to be significantly impacted by the project traffic under review. If any road is determined to be transportation deficient without the project traffic under review, the costs of correcting that deficiency shall be removed from the project's proportionate-share calculation and the necessary transportation improvements to correct that deficiency shall be considered to be in place for purposes of the proportionate-share calculation. The improvement necessary to correct the transportation deficiency is the funding responsibility of the entity that has maintenance responsibility for the facility. The development's proportionate share shall be calculated only for the needed transportation improvements that are greater than the identified deficiency.

(C) When the provisions of this subparagraph have been satisfied for a particular stage or phase of development, all transportation impacts from that stage or phase for which mitigation was required and provided shall be deemed fully mitigated in any transportation analysis for a subsequent stage or phase of development. Trips from a previous stage or phase that did not result in impacts for which mitigation was required or provided

may be cumulatively analyzed with trips from a subsequent stage or phase to determine whether an impact requires mitigation for the subsequent stage or phase.

(D) In projecting the number of trips to be generated by the development under review, any trips assigned to a toll-financed facility shall be eliminated from the analysis.

(E) The applicant shall receive a credit on a dollar-for-dollar basis for impact fees, mobility fees, and other transportation concurrency mitigation requirements paid or payable in the future for the project. The credit shall be reduced up to 20 percent by the percentage share that the project's traffic represents of the added capacity of the selected improvement, or by the amount specified by local ordinance, whichever yields the greater credit.

d. This subsection does not require a local government to approve a development that is not otherwise qualified for approval pursuant to the applicable local comprehensive plan and land development regulations.

e. As used in this subsection, the term "transportation deficiency" means a facility or facilities on which the adopted level-of-service standard is exceeded by the existing, committed, and vested trips, plus additional projected background trips from any source other than the development project under review, and trips that are forecast by established traffic standards, including traffic modeling, consistent with the University of Florida's Bureau of Economic and Business Research medium population projections. Additional projected background trips are to be coincident with the particular stage or phase of development under review.

~~(a) The Legislature finds that under limited circumstances, countervailing planning and public policy goals may come into conflict with the requirement that adequate public transportation facilities and services be available concurrent with the impacts of such development. The Legislature further finds that the unintended result of the concurrency requirement for transportation facilities is often the discouragement of urban infill development and redevelopment. Such unintended results directly conflict with the goals and policies of the state comprehensive plan and the intent of this part. The Legislature also finds that in urban centers transportation cannot be effectively managed and mobility cannot be improved solely through the expansion of roadway capacity, that the expansion of roadway capacity is not always physically or financially possible, and that a range of transportation alternatives is essential to satisfy mobility needs, reduce congestion, and achieve healthy, vibrant centers.~~

~~(b)1. The following are transportation concurrency exception areas:~~

~~a. A municipality that qualifies as a dense urban land area under s. 163.3164;~~

~~b. An urban service area under s. 163.3164 that has been adopted into the local comprehensive plan and is located within a county that qualifies as a dense urban land area under s. 163.3164; and~~

~~c. A county, including the municipalities located therein, which has a population of at least 900,000 and qualifies as a dense urban land area under s. 163.3164, but does not have an urban service area designated in the local comprehensive plan.~~

~~2. A municipality that does not qualify as a dense urban land area pursuant to s. 163.3164 may designate in its local comprehensive plan the following areas as transportation concurrency exception areas:~~

~~a. Urban infill as defined in s. 163.3164;~~

~~b. Community redevelopment areas as defined in s. 163.340;~~

~~c. Downtown revitalization areas as defined in s. 163.3164;~~

~~d. Urban infill and redevelopment under s. 163.2517; or~~

~~e. Urban service areas as defined in s. 163.3164 or areas within a designated urban service boundary under s. 163.3177(14).~~

~~3. A county that does not qualify as a dense urban land area pursuant to s. 163.3164 may designate in its local comprehensive plan the following areas as transportation concurrency exception areas:~~

~~a. Urban infill as defined in s. 163.3164;~~

~~b. Urban infill and redevelopment under s. 163.2517; or~~

~~c. Urban service areas as defined in s. 163.3164.~~

~~4. A local government that has a transportation concurrency exception area designated pursuant to subparagraph 1., subparagraph 2., or subparagraph 3. shall, within 2 years after the designated area becomes exempt, adopt into its local comprehensive plan land use and transportation strategies to support and fund mobility within the exception area, including alternative modes of transportation. Local governments are encouraged to adopt complementary land use and transportation strategies that reflect the region's shared vision for its future. If the state land planning agency finds insufficient cause for the failure to adopt into its comprehensive plan land use and transportation strategies to support and fund mobility within the designated exception area after 2 years, it shall submit the finding to the Administration Commission, which may impose any of the sanctions set forth in s. 163.3184(11)(a) and (b) against the local government.~~

~~5. Transportation concurrency exception areas designated pursuant to subparagraph 1., subparagraph 2., or subparagraph 3. do not apply to designated transportation concurrency districts located within a county that has a population of at least 1.5 million, has implemented and uses a transportation related concurrency assessment to support alternative modes of transportation, including, but not limited to, mass transit, and does not levy transportation impact fees within the concurrency district.~~

~~6. Transportation concurrency exception areas designated under subparagraph 1., subparagraph 2., or subparagraph 3. do not apply in any county that has exempted more than 40 percent of the area inside the urban service area from transportation concurrency for the purpose of urban infill.~~

~~7. A local government that does not have a transportation concurrency exception area designated pursuant to subparagraph 1., subparagraph 2., or subparagraph 3. may grant an exception from the concurrency requirement for transportation facilities if the proposed development is otherwise consistent with the adopted local government comprehensive plan and is a project that promotes public transportation or is located within an area designated in the comprehensive plan for:~~

~~a. Urban infill development;~~

~~b. Urban redevelopment;~~

~~c. Downtown revitalization;~~

~~d. Urban infill and redevelopment under s. 163.2517; or~~

~~e. An urban service area specifically designated as a transportation concurrency exception area which includes lands appropriate for compact, contiguous urban development, which does not exceed the amount of land needed to accommodate the projected population growth at densities consistent with the adopted comprehensive plan within the 10-year planning period, and which is served or is planned to be served with public facilities and services as provided by the capital improvements element.~~

~~(c) The Legislature also finds that developments located within urban infill, urban redevelopment, urban service, or downtown revitalization areas or areas designated as urban infill and redevelopment areas under s. 163.2517, which pose only special part-time demands on the transportation system, are exempt from the concurrency requirement for transportation facilities. A special part-time demand is one that does not have more than 200 scheduled events during any calendar year and does not affect the 100 highest traffic volume hours.~~

~~(d) Except for transportation concurrency exception areas designated pursuant to subparagraph (b)1., subparagraph (b)2., or subparagraph (b)3., the following requirements apply:~~

~~1. The local government shall both adopt into the comprehensive plan and implement long-term strategies to support and fund mobility within the designated exception area, including alternative modes of transportation. The plan amendment must also demonstrate how strategies will support the purpose of the exception and how mobility within the designated exception area will be provided.~~

2. The strategies must address urban design; appropriate land use mixes, including intensity and density; and network connectivity plans needed to promote urban infill, redevelopment, or downtown revitalization. The comprehensive plan amendment designating the concurrency exception area must be accompanied by data and analysis supporting the local government's determination of the boundaries of the transportation concurrency exception area.

(e) Before designating a concurrency exception area pursuant to subparagraph (b)7., the state land planning agency and the Department of Transportation shall be consulted by the local government to assess the impact that the proposed exception area is expected to have on the adopted level of service standards established for regional transportation facilities identified pursuant to s. 186.507, including the Strategic Intermodal System and roadway facilities funded in accordance with s. 339.2819. Further, the local government shall provide a plan for the mitigation of impacts to the Strategic Intermodal System, including, if appropriate, access management, parallel reliever roads, transportation demand management, and other measures.

(f) The designation of a transportation concurrency exception area does not limit a local government's home rule power to adopt ordinances or impose fees. This subsection does not affect any contract or agreement entered into or development order rendered before the creation of the transportation concurrency exception area except as provided in s. 380.06(29)(e).

(g) The Office of Program Policy Analysis and Government Accountability shall submit to the President of the Senate and the Speaker of the House of Representatives by February 1, 2015, a report on transportation concurrency exception areas created pursuant to this subsection. At a minimum, the report shall address the methods that local governments have used to implement and fund transportation strategies to achieve the purposes of designated transportation concurrency exception areas, and the effects of the strategies on mobility, congestion, urban design, the density and intensity of land use mixes, and network connectivity plans used to promote urban infill, redevelopment, or downtown revitalization.

(6) The Legislature finds that a de minimis impact is consistent with this part. A de minimis impact is an impact that would not affect more than 1 percent of the maximum volume at the adopted level of service of the affected transportation facility as determined by the local government. No impact will be de minimis if the sum of existing roadway volumes and the projected volumes from approved projects on a transportation facility would exceed 110 percent of the maximum volume at the adopted level of service of the affected transportation facility; provided however, that an impact of a single family home on an existing lot will constitute a de minimis impact on all roadways regardless of the level of the deficiency of the roadway. Further, no impact will be de minimis if it would exceed the adopted level-of-service standard of any affected designated hurricane evacuation routes. Each local government shall maintain sufficient records to ensure that the 110 percent criterion is not exceeded. Each local government shall submit annually, with its updated capital improvements element, a summary of the de minimis records. If the state land planning agency determines that the 110 percent criterion has been exceeded, the state land planning agency shall notify the local government of the exceedance and that no further de minimis exceptions for the applicable roadway may be granted until such time as the volume is reduced below the 110 percent. The local government shall provide proof of this reduction to the state land planning agency before issuing further de minimis exceptions.

(7) In order to promote infill development and redevelopment, one or more transportation concurrency management areas may be designated in a local government comprehensive plan. A transportation concurrency management area must be a compact geographic area with an existing network of roads where multiple, viable alternative travel paths or modes are available for common trips. A local government may establish an areawide level of service standard for such a transportation concurrency management area based upon an analysis that provides for a justification for the areawide level of service, how urban infill development or redevelopment will be promoted, and how mobility will be accomplished within the transportation concurrency management area. Prior to the designation of a concurrency management area, the Department of Transportation shall be consulted by the local government to assess the impact that the proposed concurrency management area is expected to have on the adopted level of service standards established for Strategic Intermodal System facilities, as defined in s. 339.64, and roadway facilities funded in accordance with s. 339.2819. Further, the local government shall, in cooperation with the Department of Transportation, develop a plan to mitigate any impacts to the Strategic Intermodal System, including, if appropriate, the development of a long-term concurrency management system pursuant to subsection (9) and s. 163.3177(3)(d). Transportation concurrency management areas existing prior to July 1, 2005, shall meet, at a minimum, the provisions of this section by July 1, 2006, or at the time of the comprehensive plan update pursuant to the evaluation and appraisal report, whichever occurs last. The state land planning agency shall amend chapter 9J-5, Florida Administrative Code, to be consistent with this subsection.

(8) When assessing the transportation impacts of proposed urban redevelopment within an established existing urban service area, 110 percent of the actual transportation impact caused by the previously existing development must be reserved for the redevelopment, even if the previously existing development has a lesser or nonexisting impact pursuant to the calculations of the local government. Redevelopment requiring less than 110 percent of the previously existing capacity shall not be prohibited due to the reduction of transportation levels of service below the adopted standards. This does not preclude the appropriate assessment of fees or accounting for the impacts within the concurrency management system and capital improvements program of the affected local government. This paragraph does not affect local government requirements for appropriate development permits.

(9)(a) Each local government may adopt as a part of its plan, long-term transportation and school concurrency management systems with a planning period of up to 10 years for specially designated districts or areas where significant backlogs exist. The plan may include interim level of service standards on certain facilities and shall rely on the local government's schedule of capital improvements for up to 10 years as a basis for issuing development orders that authorize commencement of construction in these designated districts or areas. The concurrency management system must be designed to correct existing deficiencies and set priorities for addressing backlogged facilities. The concurrency management system must be financially feasible and consistent with other portions of the adopted local plan, including the future land use map.

(b) If a local government has a transportation or school facility backlog for existing development which cannot be adequately addressed in a 10-year plan, the state land planning agency may allow it to develop a plan and long-term schedule of capital improvements covering up to 15 years for good and sufficient cause, based on a general comparison between that local government and all other similarly situated local jurisdictions, using the following factors:

1. The extent of the backlog.

2. For roads, whether the backlog is on local or state roads.

3. The cost of eliminating the backlog.

4. The local government's tax and other revenue-raising efforts.

(c) The local government may issue approvals to commence construction notwithstanding this section, consistent with and in areas that are subject to a long-term concurrency management system.

(d) If the local government adopts a long-term concurrency management system, it must evaluate the system periodically. At a minimum, the local government must assess its progress toward improving levels of service within the long-term concurrency management district or area in the evaluation and appraisal report and determine any changes that are necessary to accelerate progress in meeting acceptable levels of service.

(10) Except in transportation concurrency exception areas, with regard to roadway facilities on the Strategic Intermodal System designated in accordance with s. 339.63, local governments shall adopt the level of service standard established by the Department of Transportation by rule. However, if the Office of Tourism, Trade, and Economic Development concurs in writing with the local government that the proposed development is for a qualified job creation project under s. 288.0656 or s. 403.973, the affected local government, after consulting with the Department of Transportation, may provide for a waiver of

~~transportation concurrency for the project. For all other roads on the State Highway System, local governments shall establish an adequate level-of-service standard that need not be consistent with any level-of-service standard established by the Department of Transportation. In establishing adequate level-of-service standards for any arterial roads, or collector roads as appropriate, which traverse multiple jurisdictions, local governments shall consider compatibility with the roadway facility's adopted level-of-service standards in adjacent jurisdictions. Each local government within a county shall use a professionally accepted methodology for measuring impacts on transportation facilities for the purposes of implementing its concurrency management system. Counties are encouraged to coordinate with adjacent counties, and local governments within a county are encouraged to coordinate, for the purpose of using common methodologies for measuring impacts on transportation facilities for the purpose of implementing their concurrency management systems.~~

~~(11) In order to limit the liability of local governments, a local government may allow a landowner to proceed with development of a specific parcel of land notwithstanding a failure of the development to satisfy transportation concurrency, when all the following factors are shown to exist:~~

~~(a) The local government with jurisdiction over the property has adopted a local comprehensive plan that is in compliance.~~

~~(b) The proposed development would be consistent with the future land use designation for the specific property and with pertinent portions of the adopted local plan, as determined by the local government.~~

~~(c) The local plan includes a financially feasible capital improvements element that provides for transportation facilities adequate to serve the proposed development, and the local government has not implemented that element.~~

~~(d) The local government has provided a means by which the landowner will be assessed a fair share of the cost of providing the transportation facilities necessary to serve the proposed development.~~

~~(e) The landowner has made a binding commitment to the local government to pay the fair share of the cost of providing the transportation facilities to serve the proposed development.~~

~~(12)(a) A development of regional impact may satisfy the transportation concurrency requirements of the local comprehensive plan, the local government's concurrency management system, and s. 380.06 by payment of a proportionate share contribution for local and regionally significant traffic impacts, if:~~

~~1. The development of regional impact which, based on its location or mix of land uses, is designed to encourage pedestrian or other nonautomotive modes of transportation;~~

~~2. The proportionate share contribution for local and regionally significant traffic impacts is sufficient to pay for one or more required mobility improvements that will benefit a regionally significant transportation facility;~~

~~3. The owner and developer of the development of regional impact pays or assures payment of the proportionate share contribution; and~~

~~4. If the regionally significant transportation facility to be constructed or improved is under the maintenance authority of a governmental entity, as defined by s. 334.03(12), other than the local government with jurisdiction over the development of regional impact, the developer is required to enter into a binding and legally enforceable commitment to transfer funds to the governmental entity having maintenance authority or to otherwise assure construction or improvement of the facility.~~

~~The proportionate share contribution may be applied to any transportation facility to satisfy the provisions of this subsection and the local comprehensive plan, but, for the purposes of this subsection, the amount of the proportionate share contribution shall be calculated based upon the cumulative number of trips from the proposed development expected to reach roadways during the peak hour from the complete buildout of a stage or phase being approved, divided by the change in the peak hour maximum service volume of roadways resulting from construction of an improvement necessary to maintain the adopted level of service, multiplied by the construction cost, at the time of developer payment, of the improvement necessary to maintain the adopted level of service. For purposes of this subsection, "construction cost" includes all associated costs of the improvement. Proportionate share mitigation shall be limited to ensure that a development of regional impact meeting the requirements of this subsection mitigates its impact on the transportation system but is not responsible for the additional cost of reducing or eliminating backlogs. This subsection also applies to Florida Quality Developments pursuant to s. 380.061 and to detailed specific area plans implementing optional sector plans pursuant to s. 163.3245.~~

~~(b) As used in this subsection, the term "backlog" means a facility or facilities on which the adopted level-of-service standard is exceeded by the existing trips, plus additional projected background trips from any source other than the development project under review that are forecast by established traffic standards, including traffic modeling, consistent with the University of Florida Bureau of Economic and Business Research medium population projections. Additional projected background trips are to be coincident with the particular stage or phase of development under review.~~

~~(13) School concurrency shall be established on a districtwide basis and shall include all public schools in the district and all portions of the district, whether located in a municipality or an unincorporated area unless exempt from the public school facilities element pursuant to s. 163.3177(12).~~

(6)(a) If concurrency is applied to public education facilities, ~~The application of school concurrency to development shall be based upon the adopted comprehensive plan, as amended.~~ all local governments within a county, except as provided in paragraph *(i)* ~~(f)~~, shall *include principles, guidelines, standards, and strategies, including adopted levels of service, in their comprehensive plans and* ~~adopt and transmit to the state land planning agency the necessary plan amendments, along with the~~ interlocal *agreements. If the county and one or more municipalities have adopted school concurrency into its comprehensive plan and interlocal agreement that represents at least 80 percent of the total countywide population, the failure of one or more municipalities to adopt the concurrency and enter into the interlocal agreement does not preclude implementation of school concurrency within jurisdictions of the school district that have opted to implement concurrency.* ~~agreement, for a compliance review pursuant to s. 163.3184(7) and (8). The minimum requirements for school concurrency are the following:~~

~~(a) Public school facilities element. A local government shall adopt and transmit to the state land planning agency a plan or plan amendment which includes a public school facilities element which is consistent with the requirements of s. 163.3177(12) and which is determined to be in compliance as defined in s. 163.3184(1)(b).~~ All local government *provisions included in comprehensive plans regarding school concurrency* ~~public school facilities plan elements~~ within a county must be consistent with each other as well as the requirements of this part.

(b) ~~Level of service standards. The Legislature recognizes that an essential requirement for a concurrency management system is the level of service at which a public facility is expected to operate.~~

~~1.~~ Local governments and school boards imposing school concurrency shall exercise authority in conjunction with each other to establish jointly adequate level-of-service standards~~, as defined in chapter 9J-5, Florida Administrative Code,~~ necessary to implement the adopted local government comprehensive plan, based on data and analysis.

(c)~~2.~~ Public school level-of-service standards shall be included and adopted into the capital improvements element of the local comprehensive plan and shall apply districtwide to all schools of the same type. Types of schools may include elementary, middle, and high schools as well as special purpose facilities such as magnet schools.

(d)~~3.~~ Local governments and school boards *may* ~~shall have the option to~~ utilize tiered level-of-service standards to allow time to achieve an adequate and desirable level of service as circumstances warrant.

(e)~~4. For the purpose of determining whether levels of service have been achieved, for the first 3 years of school concurrency implementation,~~ A school district that includes relocatable facilities in its inventory of student stations shall include the capacity of such relocatable facilities as provided in s. 1013.35(2)(b)2.f., provided the relocatable facilities were

purchased after 1998 and the relocatable facilities meet the standards for long-term use pursuant to s. 1013.20.

~~(c) Service areas.—The Legislature recognizes that an essential requirement for a concurrency system is a designation of the area within which the level of service will be measured when an application for a residential development permit is reviewed for school concurrency purposes. This delineation is also important for purposes of determining whether the local government has a financially feasible public school capital facilities program that will provide schools which will achieve and maintain the adopted level of service standards.~~

*(f)*1. In order to balance competing interests, preserve the constitutional concept of uniformity, and avoid disruption of existing educational and growth management processes, local governments are encouraged*, if they elect to adopt school concurrency,* to ~~initially~~ apply school concurrency to development ~~only~~ on a districtwide basis so that a concurrency determination for a specific development will be based upon the availability of school capacity districtwide. ~~To ensure that development is coordinated with schools having available capacity, within 5 years after adoption of school concurrency,~~

2. If a local *government elects to* ~~governments shall~~ apply school concurrency on a less than districtwide basis, *by* ~~such as~~ using school attendance zones or concurrency service areas~~;, as provided in subparagraph 2.~~

a.~~2.~~ ~~For local governments applying school concurrency on a less than districtwide basis, such as utilizing school attendance zones or larger school concurrency service areas,~~ Local governments and school boards shall have the burden to demonstrate that the utilization of school capacity is maximized to the greatest extent possible in the comprehensive plan and amendment, taking into account transportation costs and court-approved desegregation plans, as well as other factors. In addition, in order to achieve concurrency within the service area boundaries selected by local governments and school boards, the service area boundaries, together with the standards for establishing those boundaries, shall be identified and included as supporting data and analysis for the comprehensive plan.

b.~~3.~~ Where school capacity is available on a districtwide basis but school concurrency is applied on a less than districtwide basis in the form of concurrency service areas, if the adopted level-of-service standard cannot be met in a particular service area as applied to an application for a development permit and if the needed capacity for the particular service area is available in one or more contiguous service areas, as adopted by the local government, then the local government may not deny an application for site plan or final subdivision approval or the functional equivalent for a development or phase of a development on the basis of school concurrency, and if issued, development impacts shall be *subtracted from the* ~~shifted to~~ contiguous service *area's* ~~areas with schools having available~~ capacity *totals. Students from the development may not be required to go to the adjacent service area unless the school board rezones the area in which the development occurs.*

(g)~~(d) Financial feasibility.—The Legislature recognizes that financial feasibility is an important issue because~~ The premise of concurrency is that the public facilities will be provided in order to achieve and maintain the adopted level-of-service standard. ~~This part and chapter 9J-5, Florida Administrative Code, contain specific standards to determine the financial feasibility of capital programs. These standards were adopted to make concurrency more predictable and local governments more accountable.~~

~~1.~~ A comprehensive plan *that imposes* ~~amendment seeking to impose~~ school concurrency shall contain appropriate amendments to the capital improvements element of the comprehensive plan, consistent with the requirements of s. 163.3177(3) ~~and rule 9J-5.016, Florida Administrative Code~~. The capital improvements element shall *identify facilities necessary to meet adopted levels of service during a 5-year period consistent with the school board's educational* ~~set forth a financially feasible public school capital~~ facilities *plan* ~~program, established in conjunction with the school board, that demonstrates that the adopted level-of-service standards will be achieved and maintained~~.

(h)1. In order to limit the liability of local governments, a local government may allow a landowner to proceed with development of a specific parcel of land notwithstanding a failure of the development to satisfy school concurrency, if all the following factors are shown to exist:

a. The proposed development would be consistent with the future land use designation for the specific property and with pertinent portions of the adopted local plan, as determined by the local government.

b. The local government's capital improvements element and the school board's educational facilities plan provide for school facilities adequate to serve the proposed development, and the local government or school board has not implemented that element or the project includes a plan that demonstrates that the capital facilities needed as a result of the project can be reasonably provided.

c. The local government and school board have provided a means by which the landowner will be assessed a proportionate share of the cost of providing the school facilities necessary to serve the proposed development.

~~2. Such amendments shall demonstrate that the public school capital facilities program meets all of the financial feasibility standards of this part and chapter 9J-5, Florida Administrative Code, that apply to capital programs which provide the basis for mandatory concurrency on other public facilities and services.~~

~~3. When the financial feasibility of a public school capital facilities program is evaluated by the state land planning agency for purposes of a compliance determination, the evaluation shall be based upon the service areas selected by the local governments and school board.~~

2.~~(e) Availability standard.—Consistent with the public welfare,~~ *If* a local government *applies school concurrency, it* may not deny an application for site plan, final subdivision approval, or the functional equivalent for a development or phase of a development authorizing residential development for failure to achieve and maintain the level-of-service standard for public school capacity in a local school concurrency management system where adequate school facilities will be in place or under actual construction within 3 years after the issuance of final subdivision or site plan approval, or the functional equivalent. School concurrency is satisfied if the developer executes a legally binding commitment to provide mitigation proportionate to the demand for public school facilities to be created by actual development of the property, including, but not limited to, the options described in *sub-subparagraph a.* ~~subparagraph 1.~~ Options for proportionate-share mitigation of impacts on public school facilities must be established in the *comprehensive plan* ~~public school facilities element~~ and the interlocal agreement pursuant to s. 163.31777.

a.~~1.~~ Appropriate mitigation options include the contribution of land; the construction, expansion, or payment for land acquisition or construction of a public school facility; the construction of a charter school that complies with the requirements of s. 1002.33(18); or the creation of mitigation banking based on the construction of a public school facility in exchange for the right to sell capacity credits. Such options must include execution by the applicant and the local government of a development agreement that constitutes a legally binding commitment to pay proportionate-share mitigation for the additional residential units approved by the local government in a development order and actually developed on the property, taking into account residential density allowed on the property prior to the plan amendment that increased the overall residential density. The district school board must be a party to such an agreement. As a condition of its entry into such a development agreement, the local government may require the landowner to agree to continuing renewal of the agreement upon its expiration.

b.~~2.~~ If the *interlocal agreement* ~~education facilities plan~~ and the *local government comprehensive plan* ~~public educational facilities element~~ authorize a contribution of land; the construction, expansion, or payment for land acquisition; the construction or expansion of a public school facility, or a portion thereof; or the construction of a charter school that complies with the requirements of s. 1002.33(18), as proportionate-share mitigation, the local government shall credit such a contribution, construction, expansion, or payment toward any other impact fee or exaction imposed by local ordinance for the same need, on a dollar-for-dollar basis at fair market value.

c.~~3.~~ Any proportionate-share mitigation must be directed by the school board toward a school capacity improvement identified in *the* ~~a~~

~~financially feasible~~ 5-year *school board's educational facilities* ~~district work~~ plan that satisfies the demands created by the development in accordance with a binding developer's agreement.

~~4. If a development is precluded from commencing because there is inadequate classroom capacity to mitigate the impacts of the development, the development may nevertheless commence if there are accelerated facilities in an approved capital improvement element scheduled for construction in year four or later of such plan which, when built, will mitigate the proposed development, or if such accelerated facilities will be in the next annual update of the capital facilities element, the developer enters into a binding, financially guaranteed agreement with the school district to construct an accelerated facility within the first 3 years of an approved capital improvement plan, and the cost of the school facility is equal to or greater than the development's proportionate share. When the completed school facility is conveyed to the school district, the developer shall receive impact fee credits usable within the zone where the facility is constructed or any attendance zone contiguous with or adjacent to the zone where the facility is constructed.~~

3.~~5.~~ This paragraph does not limit the authority of a local government to deny a development permit or its functional equivalent pursuant to its home rule regulatory powers, except as provided in this part.

(i)~~(f) Intergovernmental coordination.~~—

~~1. When establishing concurrency requirements for public schools, a local government shall satisfy the requirements for intergovernmental coordination set forth in s. 163.3177(6)(h)1. and 2., except that~~ A municipality is not required to be a signatory to the interlocal agreement required by *paragraph (j)* ~~ss. 163.3177(6)(h)2. and 163.31777(6)~~, as a prerequisite for imposition of school concurrency, and as a nonsignatory, *may* ~~shall~~ not participate in the adopted local school concurrency system, if the municipality meets all of the following criteria for having no significant impact on school attendance:

1.~~a.~~ The municipality has issued development orders for fewer than 50 residential dwelling units during the preceding 5 years, or the municipality has generated fewer than 25 additional public school students during the preceding 5 years.

2.~~b.~~ The municipality has not annexed new land during the preceding 5 years in land use categories which permit residential uses that will affect school attendance rates.

3.~~c.~~ The municipality has no public schools located within its boundaries.

4.~~d.~~ At least 80 percent of the developable land within the boundaries of the municipality has been built upon.

~~2. A municipality which qualifies as having no significant impact on school attendance pursuant to the criteria of subparagraph 1. must review and determine at the time of its evaluation and appraisal report pursuant to s. 163.3191 whether it continues to meet the criteria pursuant to s. 163.31777(6). If the municipality determines that it no longer meets the criteria, it must adopt appropriate school concurrency goals, objectives, and policies in its plan amendments based on the evaluation and appraisal report, and enter into the existing interlocal agreement required by ss. 163.3177(6)(h)2. and 163.31777, in order to fully participate in the school concurrency system. If such a municipality fails to do so, it will be subject to the enforcement provisions of s. 163.3191.~~

(j)~~(g) Interlocal agreement for school concurrency.~~—When establishing concurrency requirements for public schools, a local government must enter into an interlocal agreement that satisfies the requirements in ss. 163.3177(6)(h)1. and 2. and 163.31777 and the requirements of this subsection. The interlocal agreement shall acknowledge both the school board's constitutional and statutory obligations to provide a uniform system of free public schools on a countywide basis, and the land use authority of local governments, including their authority to approve or deny comprehensive plan amendments and development orders. ~~The interlocal agreement shall be submitted to the state land planning agency by the local government as a part of the compliance review, along with the other necessary amendments to the comprehensive plan required by this part. In addition to the requirements of ss. 163.3177(6)(h) and 163.31777,~~ The interlocal agreement shall meet the following requirements:

1. Establish the mechanisms for coordinating the development, adoption, and amendment of each local government's *school concurrency related provisions of the comprehensive plan* ~~public school facilities element~~ with each other and the plans of the school board to ensure a uniform districtwide school concurrency system.

~~2. Establish a process for the development of siting criteria which encourages the location of public schools proximate to urban residential areas to the extent possible and seeks to collocate schools with other public facilities such as parks, libraries, and community centers to the extent possible.~~

2.~~3.~~ Specify uniform, districtwide level-of-service standards for public schools of the same type and the process for modifying the adopted level-of-service standards.

~~4. Establish a process for the preparation, amendment, and joint approval by each local government and the school board of a public school capital facilities program which is financially feasible, and a process and schedule for incorporation of the public school capital facilities program into the local government comprehensive plans on an annual basis.~~

3.~~5.~~ Define the geographic application of school concurrency. If school concurrency is to be applied on a less than districtwide basis in the form of concurrency service areas, the agreement shall establish criteria and standards for the establishment and modification of school concurrency service areas. ~~The agreement shall also establish a process and schedule for the mandatory incorporation of the school concurrency service areas and the criteria and standards for establishment of the service areas into the local government comprehensive plans.~~ The agreement shall ensure maximum utilization of school capacity, taking into account transportation costs and court-approved desegregation plans, as well as other factors. ~~The agreement shall also ensure the achievement and maintenance of the adopted level-of-service standards for the geographic area of application throughout the 5 years covered by the public school capital facilities plan and thereafter by adding a new fifth year during the annual update.~~

4.~~6.~~ Establish a uniform districtwide procedure for implementing school concurrency which provides for:

a. The evaluation of development applications for compliance with school concurrency requirements, including information provided by the school board on affected schools, impact on levels of service, and programmed improvements for affected schools and any options to provide sufficient capacity;

b. An opportunity for the school board to review and comment on the effect of comprehensive plan amendments and rezonings on the public school facilities plan; and

c. The monitoring and evaluation of the school concurrency system.

~~7. Include provisions relating to amendment of the agreement.~~

5.~~8.~~ A process and uniform methodology for determining proportionate-share mitigation pursuant to *paragraph (h)* ~~subparagraph (e)1~~.

(k)~~(h) Local government authority.~~—This subsection does not limit the authority of a local government to grant or deny a development permit or its functional equivalent prior to the implementation of school concurrency.

~~(14) The state land planning agency shall, by October 1, 1998, adopt by rule minimum criteria for the review and determination of compliance of a public school facilities element adopted by a local government for purposes of imposition of school concurrency.~~

~~(15)(a) Multimodal transportation districts may be established under a local government comprehensive plan in areas delineated on the future land use map for which the local comprehensive plan assigns secondary priority to vehicle mobility and primary priority to assuring a safe, comfortable, and attractive pedestrian environment, with convenient interconnection to transit. Such districts must incorporate community design features that will reduce the number of automobile trips or vehicle miles of travel and will support an integrated, multimodal transportation system. Prior to the designation of multimodal transportation districts, the Department of Transportation shall be~~

~~consulted by the local government to assess the impact that the proposed multimodal district area is expected to have on the adopted level-of-service standards established for Strategic Intermodal System facilities, as defined in s. 339.64, and roadway facilities funded in accordance with s. 339.2819. Further, the local government shall, in cooperation with the Department of Transportation, develop a plan to mitigate any impacts to the Strategic Intermodal System, including the development of a long-term concurrency management system pursuant to subsection (9) and s. 163.3177(3)(d). Multimodal transportation districts existing prior to July 1, 2005, shall meet, at a minimum, the provisions of this section by July 1, 2006, or at the time of the comprehensive plan update pursuant to the evaluation and appraisal report, whichever occurs last.~~

~~(b) Community design elements of such a district include: a complementary mix and range of land uses, including educational, recreational, and cultural uses; interconnected networks of streets designed to encourage walking and bicycling, with traffic-calming where desirable; appropriate densities and intensities of use within walking distance of transit stops; daily activities within walking distance of residences, allowing independence to persons who do not drive; public uses, streets, and squares that are safe, comfortable, and attractive for the pedestrian, with adjoining buildings open to the street and with parking not interfering with pedestrian, transit, automobile, and truck travel modes.~~

~~(c) Local governments may establish multimodal level of service standards that rely primarily on nonvehicular modes of transportation within the district, when justified by an analysis demonstrating that the existing and planned community design will provide an adequate level of mobility within the district based upon professionally accepted multimodal level-of-service methodologies. The analysis must also demonstrate that the capital improvements required to promote community design are financially feasible over the development or redevelopment timeframe for the district and that community design features within the district provide convenient interconnection for a multimodal transportation system. Local governments may issue development permits in reliance upon all planned community design capital improvements that are financially feasible over the development or redevelopment timeframe for the district, without regard to the period of time between development or redevelopment and the scheduled construction of the capital improvements. A determination of financial feasibility shall be based upon currently available funding or funding sources that could reasonably be expected to become available over the planning period.~~

~~(d) Local governments may reduce impact fees or local access fees for development within multimodal transportation districts based on the reduction of vehicle trips per household or vehicle miles of travel expected from the development pattern planned for the district.~~

~~(16) It is the intent of the Legislature to provide a method by which the impacts of development on transportation facilities can be mitigated by the cooperative efforts of the public and private sectors. The methodology used to calculate proportionate fair-share mitigation under this section shall be as provided for in subsection (12).~~

~~(a) By December 1, 2006, each local government shall adopt by ordinance a methodology for assessing proportionate fair share mitigation options. By December 1, 2005, the Department of Transportation shall develop a model transportation concurrency management ordinance with methodologies for assessing proportionate fair-share mitigation options.~~

~~(b)1. In its transportation concurrency management system, a local government shall, by December 1, 2006, include methodologies that will be applied to calculate proportionate fair share mitigation. A developer may choose to satisfy all transportation concurrency requirements by contributing or paying proportionate fair-share mitigation if transportation facilities or facility segments identified as mitigation for traffic impacts are specifically identified for funding in the 5 year schedule of capital improvements in the capital improvements element of the local plan or the long term concurrency management system or if such contributions or payments to such facilities or segments are reflected in the 5 year schedule of capital improvements in the next regularly scheduled update of the capital improvements element. Updates to the 5 year capital improvements element which reflect proportionate fair-share contributions may not be found not in compliance based on ss. 163.3164(32) and 163.3177(3) if additional contributions, payments or funding sources are reasonably anticipated during a period not to exceed 10 years to fully mitigate impacts on the transportation facilities.~~

~~2. Proportionate fair-share mitigation shall be applied as a credit against impact fees to the extent that all or a portion of the proportionate fair share mitigation is used to address the same capital infrastructure improvements contemplated by the local government's impact fee ordinance.~~

~~(c) Proportionate fair-share mitigation includes, without limitation, separately or collectively, private funds, contributions of land, and construction and contribution of facilities and may include public funds as determined by the local government. Proportionate fair-share mitigation may be directed toward one or more specific transportation improvements reasonably related to the mobility demands created by the development and such improvements may address one or more modes of travel. The fair market value of the proportionate fair share mitigation shall not differ based on the form of mitigation. A local government may not require a development to pay more than its proportionate fair share contribution regardless of the method of mitigation. Proportionate fair-share mitigation shall be limited to ensure that a development meeting the requirements of this section mitigates its impact on the transportation system but is not responsible for the additional cost of reducing or eliminating backlogs.~~

~~(d) This subsection does not require a local government to approve a development that is not otherwise qualified for approval pursuant to the applicable local comprehensive plan and land development regulations.~~

~~(e) Mitigation for development impacts to facilities on the Strategic Intermodal System made pursuant to this subsection requires the concurrence of the Department of Transportation.~~

~~(f) If the funds in an adopted 5 year capital improvements element are insufficient to fully fund construction of a transportation improvement required by the local government's concurrency management system, a local government and a developer may still enter into a binding proportionate share agreement authorizing the developer to construct that amount of development on which the proportionate share is calculated if the proportionate share amount in such agreement is sufficient to pay for one or more improvements which will, in the opinion of the governmental entity or entities maintaining the transportation facilities, significantly benefit the impacted transportation system. The improvements funded by the proportionate share component must be adopted into the 5 year capital improvements schedule of the comprehensive plan at the next annual capital improvements element update. The funding of any improvements that significantly benefit the impacted transportation system satisfies concurrency requirements as a mitigation of the development's impact upon the overall transportation system even if there remains a failure of concurrency on other impacted facilities.~~

~~(g) Except as provided in subparagraph (b)1., this section may not prohibit the Department of Community Affairs from finding other portions of the capital improvements element amendments not in compliance as provided in this chapter.~~

~~(h) The provisions of this subsection do not apply to a development of regional impact satisfying the requirements of subsection (12).~~

~~(i) As used in this subsection, the term "backlog" means a facility or facilities on which the adopted level of service standard is exceeded by the existing trips, plus additional projected background trips from any source other than the development project under review that are forecast by established traffic standards, including traffic modeling, consistent with the University of Florida Bureau of Economic and Business Research medium population projections. Additional projected background trips are to be coincident with the particular stage or phase of development under review.~~

~~(17) A local government and the developer of affordable workforce housing units developed in accordance with s. 380.06(19) or s. 380.0651(3) may identify an employment center or centers in close proximity to the affordable workforce housing units. If at least 50 percent of the units are occupied by an employee or employees of an identified employment center or centers, all of the affordable workforce housing units are exempt from transportation concurrency requirements, and the local government may not reduce any transportation trip-generation entitlements of an approved development of regional-impact development order. As used in this subsection, the term "close proximity" means 5 miles from the nearest point of the development of~~

~~regional impact to the nearest point of the employment center, and the term "employment center" means a place of employment that employs at least 25 or more full-time employees.~~

Section 16. Section 163.3182, Florida Statutes, is amended to read:

163.3182 Transportation *deficiencies* ~~concurrency backlogs~~.—

(1) DEFINITIONS.—For purposes of this section, the term:

(a) "Transportation *deficiency* ~~concurrency backlog~~ area" means the geographic area within the unincorporated portion of a county or within the municipal boundary of a municipality designated in a local government comprehensive plan for which a transportation *development* ~~concurrency backlog~~ authority is created pursuant to this section. A transportation *deficiency* ~~concurrency backlog~~ area created within the corporate boundary of a municipality shall be made pursuant to an interlocal agreement between a county, a municipality or municipalities, and any affected taxing authority or authorities.

(b) "Authority" or "transportation *development* ~~concurrency backlog~~ authority" means the governing body of a county or municipality within which an authority is created.

(c) "Governing body" means the council, commission, or other legislative body charged with governing the county or municipality within which *an* ~~a transportation concurrency backlog~~ authority is created pursuant to this section.

(d) "Transportation *deficiency* ~~concurrency backlog~~" means an identified *need* ~~deficiency~~ where the existing *and projected* extent of traffic volume exceeds the level of service standard adopted in a local government comprehensive plan for a transportation facility.

(e) "Transportation *sufficiency* ~~concurrency backlog~~ plan" means the plan adopted as part of a local government comprehensive plan by the governing body of a county or municipality acting as a transportation *development* ~~concurrency backlog~~ authority.

(f) "Transportation ~~concurrency backlog~~ project" means any designated transportation project identified for construction within the jurisdiction of a transportation *development* ~~concurrency backlog~~ authority.

(g) "Debt service millage" means any millage levied pursuant to s. 12, Art. VII of the State Constitution.

(h) "Increment revenue" means the amount calculated pursuant to subsection (5).

(i) "Taxing authority" means a public body that levies or is authorized to levy an ad valorem tax on real property located within a transportation *deficiency* ~~concurrency backlog~~ area, except a school district.

(2) CREATION OF TRANSPORTATION *DEVELOPMENT* ~~CONCURRENCY BACKLOG~~ AUTHORITIES.—

(a) A county or municipality may create a transportation *development* ~~concurrency backlog~~ authority if it has an identified transportation *deficiency* ~~concurrency backlog~~.

(b) Acting as the transportation *development* ~~concurrency backlog~~ authority within the authority's jurisdictional boundary, the governing body of a county or municipality shall adopt and implement a plan to eliminate all identified transportation *deficiencies* ~~concurrency backlogs~~ within the authority's jurisdiction using funds provided pursuant to subsection (5) and as otherwise provided pursuant to this section.

(c) The Legislature finds and declares that there exist in many counties and municipalities areas that have significant transportation deficiencies and inadequate transportation facilities; that many insufficiencies and inadequacies severely limit or prohibit the satisfaction of transportation *level of service* ~~concurrency~~ standards; that the transportation insufficiencies and inadequacies affect the health, safety, and welfare of the residents of these counties and municipalities; that the transportation insufficiencies and inadequacies adversely affect economic development and growth of the tax base for the areas in which these insufficiencies and inadequacies exist; and that the elimination of transportation deficiencies and inadequacies and the satisfaction of transportation concurrency standards are paramount public purposes for the state and its counties and municipalities.

(3) POWERS OF A TRANSPORTATION *DEVELOPMENT* ~~CONCURRENCY BACKLOG~~ AUTHORITY.—Each transportation *development* ~~concurrency backlog~~ authority *created pursuant to this section* has the powers necessary or convenient to carry out the purposes of this section, including the following powers in addition to others granted in this section:

(a) To make and execute contracts and other instruments necessary or convenient to the exercise of its powers under this section.

(b) To undertake and carry out transportation ~~concurrency backlog~~ projects for transportation facilities *designed to relieve transportation deficiencies* ~~that have a concurrency backlog~~ within the authority's jurisdiction. *Transportation* ~~Concurrency backlog~~ projects may include transportation facilities that provide for alternative modes of travel including sidewalks, bikeways, and mass transit which are related to a *deficient* ~~backlogged~~ transportation facility.

(c) To invest any transportation ~~concurrency backlog~~ funds held in reserve, sinking funds, or any such funds not required for immediate disbursement in property or securities in which savings banks may legally invest funds subject to the control of the authority and to redeem such bonds as have been issued pursuant to this section at the redemption price established therein, or to purchase such bonds at less than redemption price. All such bonds redeemed or purchased shall be canceled.

(d) To borrow money, including, but not limited to, issuing debt obligations such as, but not limited to, bonds, notes, certificates, and similar debt instruments; to apply for and accept advances, loans, grants, contributions, and any other forms of financial assistance from the Federal Government or the state, county, or any other public body or from any sources, public or private, for the purposes of this part; to give such security as may be required; to enter into and carry out contracts or agreements; and to include in any contracts for financial assistance with the Federal Government for or with respect to a transportation ~~concurrency backlog~~ project and related activities such conditions imposed under federal laws as the transportation *development* ~~concurrency backlog~~ authority considers reasonable and appropriate and which are not inconsistent with the purposes of this section.

(e) To make or have made all surveys and plans necessary to the carrying out of the purposes of this section; to contract with any persons, public or private, in making and carrying out such plans; and to adopt, approve, modify, or amend such transportation *sufficiency* ~~concurrency backlog~~ plans.

(f) To appropriate such funds and make such expenditures as are necessary to carry out the purposes of this section, and to enter into agreements with other public bodies, which agreements may extend over any period notwithstanding any provision or rule of law to the contrary.

(4) TRANSPORTATION *SUFFICIENCY* ~~CONCURRENCY BACKLOG~~ PLANS.—

~~(a)~~ Each transportation *development* ~~concurrency backlog~~ authority shall adopt a transportation *sufficiency* ~~concurrency backlog~~ plan as a part of the local government comprehensive plan within 6 months after the creation of the authority. The plan must:

(a)~~1.~~ Identify all transportation facilities that have been designated as deficient and require the expenditure of moneys to upgrade, modify, or mitigate the deficiency.

(b)~~2.~~ Include a priority listing of all transportation facilities that have been designated as deficient and do not satisfy ~~concurrency~~ requirements pursuant to s. 163.3180, and the applicable local government comprehensive plan.

(c)~~3.~~ Establish a schedule for financing and construction of transportation ~~concurrency backlog~~ projects that will eliminate transportation *deficiencies* ~~concurrency backlogs~~ within the jurisdiction of the authority within 10 years after the transportation *sufficiency* ~~concurrency backlog~~ plan adoption. The schedule shall be adopted as part of the local government comprehensive plan.

~~(b) The adoption of the transportation concurrency backlog plan shall be exempt from the provisions of s. 163.3187(1).~~

Notwithstanding such schedule requirements, as long as the schedule provides for the elimination of all transportation *deficiencies* ~~concurrency backlogs~~ within 10 years after the adoption of the *transportation sufficiency* ~~concurrency backlog~~ plan, the final maturity date of any debt incurred to finance or refinance the related projects may be no later than 40 years after the date the debt is incurred and the authority may continue operations and administer the trust fund established as provided in subsection (5) for as long as the debt remains outstanding.

(5) ESTABLISHMENT OF LOCAL TRUST FUND.—The transportation *development* ~~concurrency backlog~~ authority shall establish a local transportation ~~concurrency backlog~~ trust fund upon creation of the authority. Each local trust fund shall be administered by the transportation *development* ~~concurrency backlog~~ authority within which ~~a~~ transportation *deficiencies have* ~~concurrency backlog has~~ been identified. Each local trust fund must continue to be funded under this section for as long as the projects set forth in the related transportation *sufficiency* ~~concurrency backlog~~ plan remain to be completed or until any debt incurred to finance or refinance the related projects is no longer outstanding, whichever occurs later. Beginning in the first fiscal year after the creation of the authority, each local trust fund shall be funded by the proceeds of an ad valorem tax increment collected within each transportation *deficiency* ~~concurrency backlog~~ area to be determined annually and shall be a minimum of 25 percent of the difference between the amounts set forth in paragraphs (a) and (b), except that if all of the affected taxing authorities agree under an interlocal agreement, a particular local trust fund may be funded by the proceeds of an ad valorem tax increment greater than 25 percent of the difference between the amounts set forth in paragraphs (a) and (b):

(a) The amount of ad valorem tax levied each year by each taxing authority, exclusive of any amount from any debt service millage, on taxable real property contained within the jurisdiction of the transportation *development* ~~concurrency backlog~~ authority and within the transportation *deficiency* ~~backlog~~ area; and

(b) The amount of ad valorem taxes which would have been produced by the rate upon which the tax is levied each year by or for each taxing authority, exclusive of any debt service millage, upon the total of the assessed value of the taxable real property within the transportation *deficiency* ~~concurrency backlog~~ area as shown on the most recent assessment roll used in connection with the taxation of such property of each taxing authority prior to the effective date of the ordinance funding the trust fund.

(6) EXEMPTIONS.—

(a) The following public bodies or taxing authorities are exempt from ~~the provisions of~~ this section:

1. A special district that levies ad valorem taxes on taxable real property in more than one county.

2. A special district for which the sole available source of revenue is the authority to levy ad valorem taxes at the time an ordinance is adopted under this section. However, revenues or aid that may be dispensed or appropriated to a district as defined in s. 388.011 at the discretion of an entity other than such district *are* ~~shall~~ not ~~be~~ deemed available.

3. A library district.

4. A neighborhood improvement district created under the Safe Neighborhoods Act.

5. A metropolitan transportation authority.

6. A water management district created under s. 373.069.

7. A community redevelopment agency.

(b) A transportation *development* ~~concurrency exemption~~ authority may also exempt from this section a special district that levies ad valorem taxes within the transportation *deficiency* ~~concurrency backlog~~ area pursuant to s. 163.387(2)(d).

(7) TRANSPORTATION CONCURRENCY SATISFACTION.—Upon adoption of a transportation *sufficiency* ~~concurrency backlog~~ plan as a part of the local government comprehensive plan, and the plan going into effect, the area subject to the plan shall be deemed to have achieved and maintained transportation level-of-service standards~~, and to have met requirements for financial feasibility for transportation facilities, and for the purpose of proposed development transportation concurrency has been satisfied~~. Proportionate fair-share mitigation shall be limited to ensure that a development inside a transportation *deficiency* ~~concurrency backlog~~ area is not responsible for the additional costs of eliminating *deficiencies* ~~backlogs~~.

(8) DISSOLUTION.—Upon completion of all transportation ~~concurrency backlog~~ projects *identified in the transportation sufficiency plan* and repayment or defeasance of all debt issued to finance or refinance such projects, a transportation *development* ~~concurrency backlog~~ authority shall be dissolved, and its assets and liabilities transferred to the county or municipality within which the authority is located. All remaining assets of the authority must be used for implementation of transportation projects within the jurisdiction of the authority. The local government comprehensive plan shall be amended to remove the transportation concurrency backlog plan.

Section 17. Section 163.3184, Florida Statutes, is amended to read:

163.3184 Process for adoption of comprehensive plan or plan amendment.—

(1) DEFINITIONS.—As used in this section, the term:

(a) "Affected person" includes the affected local government; persons owning property, residing, or owning or operating a business within the boundaries of the local government whose plan is the subject of the review; owners of real property abutting real property that is the subject of a proposed change to a future land use map; and adjoining local governments that can demonstrate that the plan or plan amendment will produce substantial impacts on the increased need for publicly funded infrastructure or substantial impacts on areas designated for protection or special treatment within their jurisdiction. Each person, other than an adjoining local government, in order to qualify under this definition, shall also have submitted oral or written comments, recommendations, or objections to the local government during the period of time beginning with the transmittal hearing for the plan or plan amendment and ending with the adoption of the plan or plan amendment.

(b) "In compliance" means consistent with the requirements of ss. 163.3177, 163.3178, 163.3180, 163.3191, ~~and~~ 163.3245, *and 163.3248* ~~with the state comprehensive plan~~, with the appropriate strategic regional policy plan, ~~and with chapter 9J-5, Florida Administrative Code, where such rule is not inconsistent with this part~~ and with the principles for guiding development in designated areas of critical state concern and with part III of chapter 369, where applicable.

(c) "Reviewing agencies" means:

1. The state land planning agency;

2. The appropriate regional planning council;

3. The appropriate water management district;

4. The Department of Environmental Protection;

5. The Department of State;

6. The Department of Transportation;

7. In the case of plan amendments relating to public schools, the Department of Education;

8. In the case of plans or plan amendments that affect a military installation listed in s. 163.3175, the commanding officer of the affected military installation;

9. In the case of county plans and plan amendments, the Fish and Wildlife Conservation Commission and the Department of Agriculture and Consumer Services; and

10. In the case of municipal plans and plan amendments, the county in which the municipality is located.

(2) COMPREHENSIVE PLANS AND PLAN AMENDMENTS.—

(a) Plan amendments adopted by local governments shall follow the expedited state review process in subsection (3), except as set forth in paragraphs (b) and (c).

(b) Plan amendments that qualify as small-scale development amendments may follow the small-scale review process in s. 163.3187.

(c) Plan amendments that are in an area of critical state concern designated pursuant to s. 380.05; propose a rural land stewardship area pursuant to s. 163.3248; propose a sector plan pursuant to s. 163.3245; update a comprehensive plan based on an evaluation and appraisal pursuant to s. 163.3191; or are new plans for newly incorporated municipalities adopted pursuant to s. 163.3167 shall follow the state coordinated review process in subsection (4).

(3) EXPEDITED STATE REVIEW PROCESS FOR ADOPTION OF COMPREHENSIVE PLAN AMENDMENTS.—

(a) The process for amending a comprehensive plan described in this subsection shall apply to all amendments except as provided in paragraphs (2)(b) and (c) and shall be applicable statewide.

(b)1. The local government, after the initial public hearing held pursuant to subsection (11), shall transmit within 10 days the amendment or amendments and appropriate supporting data and analyses to the reviewing agencies. The local governing body shall also transmit a copy of the amendments and supporting data and analyses to any other local government or governmental agency that has filed a written request with the governing body.

2. The reviewing agencies and any other local government or governmental agency specified in subparagraph 1. may provide comments regarding the amendment or amendments to the local government. State agencies shall only comment on important state resources and facilities that will be adversely impacted by the amendment if adopted. Comments provided by state agencies shall state with specificity how the plan amendment will adversely impact an important state resource or facility and shall identify measures the local government may take to eliminate, reduce, or mitigate the adverse impacts. Such comments, if not resolved, may result in a challenge by the state land planning agency to the plan amendment. Agencies and local governments must transmit their comments to the affected local government such that they are received by the local government not later than 30 days from the date on which the agency or government received the amendment or amendments. Reviewing agencies shall also send a copy of their comments to the state land planning agency.

3. Comments to the local government from a regional planning council, county, or municipality shall be limited as follows:

a. The regional planning council review and comments shall be limited to adverse effects on regional resources or facilities identified in the strategic regional policy plan and extrajurisdictional impacts that would be inconsistent with the comprehensive plan of any affected local government within the region. A regional planning council may not review and comment on a proposed comprehensive plan amendment prepared by such council unless the plan amendment has been changed by the local government subsequent to the preparation of the plan amendment by the regional planning council.

b. County comments shall be in the context of the relationship and effect of the proposed plan amendments on the county plan.

c. Municipal comments shall be in the context of the relationship and effect of the proposed plan amendments on the municipal plan.

d. Military installation comments shall be provided in accordance with s. 163.3175.

4. Comments to the local government from state agencies shall be limited to the following subjects as they relate to important state resources and facilities that will be adversely impacted by the amendment if adopted:

a. The Department of Environmental Protection shall limit its comments to the subjects of air and water pollution; wetlands and other surface waters of the state; federal and state-owned lands and interest in lands, including state parks, greenways and trails, and conservation easements; solid waste; water and wastewater treatment; and the Everglades ecosystem restoration.

b. The Department of State shall limit its comments to the subjects of historic and archeological resources.

c. The Department of Transportation shall limit its comments to the subject of the strategic intermodal system.

d. The Fish and Wildlife Conservation Commission shall limit its comments to subjects relating to fish and wildlife habitat and listed species and their habitat.

e. The Department of Agriculture and Consumer Services shall limit its comments to the subjects of agriculture, forestry, and aquaculture issues.

f. The Department of Education shall limit its comments to the subject of public school facilities.

g. The appropriate water management district shall limit its comments to flood protection and floodplain management, wetlands and other surface waters, and regional water supply.

h. The state land planning agency shall limit its comments to important state resources and facilities outside the jurisdiction of other commenting state agencies and may include comments on countervailing planning policies and objectives served by the plan amendment that should be balanced against potential adverse impacts to important state resources and facilities.

(c)1. The local government shall hold its second public hearing, which shall be a hearing on whether to adopt one or more comprehensive plan amendments pursuant to subsection (11). If the local government fails, within 180 days after receipt of agency comments, to hold the second public hearing, the amendments shall be deemed withdrawn unless extended by agreement with notice to the state land planning agency and any affected person that provided comments on the amendment. The 180-day limitation does not apply to amendments processed pursuant to s. 380.06.

2. All comprehensive plan amendments adopted by the governing body, along with the supporting data and analysis, shall be transmitted within 10 days after the second public hearing to the state land planning agency and any other agency or local government that provided timely comments under subparagraph (b)2.

3. The state land planning agency shall notify the local government of any deficiencies within 5 working days after receipt of an amendment package. For purposes of completeness, an amendment shall be deemed complete if it contains a full, executed copy of the adoption ordinance or ordinances; in the case of a text amendment, a full copy of the amended language in legislative format with new words inserted in the text underlined, and words deleted stricken with hyphens; in the case of a future land use map amendment, a copy of the future land use map clearly depicting the parcel, its existing future land use designation, and its adopted designation; and a copy of any data and analyses the local government deems appropriate.

4. An amendment adopted under this paragraph does not become effective until 31 days after the state land planning agency notifies the local government that the plan amendment package is complete. If timely challenged, an amendment does not become effective until the state land planning agency or the Administration Commission enters a final order determining the adopted amendment to be in compliance.

(4) STATE COORDINATED REVIEW PROCESS.—

(a)~~(2)~~ Coordination.*—The state land planning agency shall only use the state coordinated review process described in this subsection for review of comprehensive plans and plan amendments described in paragraph (2)(c).* Each comprehensive plan or plan amendment proposed to be adopted pursuant to this *subsection* ~~part~~ shall be transmitted, adopted, and reviewed in the manner prescribed in this *subsection* ~~section~~. The state land planning agency shall have responsibility for plan review,

coordination, and the preparation and transmission of comments, pursuant to this *subsection* ~~section~~, to the local governing body responsible for the comprehensive plan *or plan amendment*. ~~The state land planning agency shall maintain a single file concerning any proposed or adopted plan amendment submitted by a local government for any review under this section. Copies of all correspondence, papers, notes, memoranda, and other documents received or generated by the state land planning agency must be placed in the appropriate file. Paper copies of all electronic mail correspondence must be placed in the file. The file and its contents must be available for public inspection and copying as provided in chapter 119.~~

(b)~~(3)~~ Local government transmittal of proposed plan or amendment.—

~~(a)~~ Each local governing body *proposing a plan or plan amendment specified in paragraph (2)(c)* shall transmit the complete proposed comprehensive plan or plan amendment to the *reviewing agencies* ~~state land planning agency, the appropriate regional planning council and water management district, the Department of Environmental Protection, the Department of State, and the Department of Transportation, and, in the case of municipal plans, to the appropriate county, and, in the case of county plans, to the Fish and Wildlife Conservation Commission and the Department of Agriculture and Consumer Services,~~ immediately following *the first* ~~a~~ public hearing pursuant to subsection *(11). The transmitted document shall clearly indicate on the cover sheet that this plan amendment is subject to the state coordinated review process of s. 163.3184(4)*~~(15) as specified in the state land planning agency's procedural rules~~. The local governing body shall also transmit a copy of the complete proposed comprehensive plan or plan amendment to any other unit of local government or government agency in the state that has filed a written request with the governing body for the plan or plan amendment. ~~The local government may request a review by the state land planning agency pursuant to subsection (6) at the time of the transmittal of an amendment.~~

~~(b) A local governing body shall not transmit portions of a plan or plan amendment unless it has previously provided to all state agencies designated by the state land planning agency a complete copy of its adopted comprehensive plan pursuant to subsection (7) and as specified in the agency's procedural rules. In the case of comprehensive plan amendments, the local governing body shall transmit to the state land planning agency, the appropriate regional planning council and water management district, the Department of Environmental Protection, the Department of State, and the Department of Transportation, and, in the case of municipal plans, to the appropriate county and, in the case of county plans, to the Fish and Wildlife Conservation Commission and the Department of Agriculture and Consumer Services the materials specified in the state land planning agency's procedural rules and, in cases in which the plan amendment is a result of an evaluation and appraisal report adopted pursuant to s. 163.3191, a copy of the evaluation and appraisal report. Local governing bodies shall consolidate all proposed plan amendments into a single submission for each of the two plan amendment adoption dates during the calendar year pursuant to s. 163.3187.~~

~~(c) A local government may adopt a proposed plan amendment previously transmitted pursuant to this subsection, unless review is requested or otherwise initiated pursuant to subsection (6).~~

~~(d) In cases in which a local government transmits multiple individual amendments that can be clearly and legally separated and distinguished for the purpose of determining whether to review the proposed amendment, and the state land planning agency elects to review several or a portion of the amendments and the local government chooses to immediately adopt the remaining amendments not reviewed, the amendments immediately adopted and any reviewed amendments that the local government subsequently adopts together constitute one amendment cycle in accordance with s. 163.3187(1).~~

~~(e) At the request of an applicant, a local government shall consider an application for zoning changes that would be required to properly enact the provisions of any proposed plan amendment transmitted pursuant to this subsection. Zoning changes approved by the local government are contingent upon the comprehensive plan or plan amendment transmitted becoming effective.~~

(c)~~(4)~~ *Reviewing agency comments* ~~INTERGOVERNMENTAL REVIEW~~.—The ~~governmental~~ agencies specified in *paragraph (b) may* ~~paragraph (3)(a) shall~~ provide comments *regarding the plan or plan amendments in accordance with subparagraphs (3)(b)2.-4. However, comments on plans or plan amendments required to be reviewed under the state coordinated review process shall be sent* to the state land planning agency within 30 days after receipt by the state land planning agency of the complete proposed plan *or plan* amendment *from the local government. If the state land planning agency comments on a plan or plan amendment adopted under the state coordinated review process, it shall provide comments according to paragraph (d). Any other unit of local government or government agency specified in paragraph (b) may provide comments to the state land planning agency in accordance with subparagraphs (3)(b)2.-4. within 30 days after receipt by the state land planning agency of the complete proposed plan or plan amendment.* ~~If the plan or plan amendment includes or relates to the public school facilities element pursuant to s. 163.3177(12), the state land planning agency shall submit a copy to the Office of Educational Facilities of the Commissioner of Education for review and comment. The appropriate regional planning council shall also provide its written comments to the state land planning agency within 30 days after receipt by the state land planning agency of the complete proposed plan amendment and shall specify any objections, recommendations for modifications, and comments of any other regional agencies to which the regional planning council may have referred the proposed plan amendment.~~ Written comments submitted by the public *shall be sent directly to the local government* ~~within 30 days after notice of transmittal by the local government of the proposed plan amendment will be considered as if submitted by governmental agencies. All written agency and public comments must be made part of the file maintained under subsection (2).~~

~~(5) REGIONAL, COUNTY, AND MUNICIPAL REVIEW.—The review of the regional planning council pursuant to subsection (4) shall be limited to effects on regional resources or facilities identified in the strategic regional policy plan and extrajurisdictional impacts which would be inconsistent with the comprehensive plan of the affected local government. However, any inconsistency between a local plan or plan amendment and a strategic regional policy plan must not be the sole basis for a notice of intent to find a local plan or plan amendment not in compliance with this act. A regional planning council shall not review and comment on a proposed comprehensive plan it prepared itself unless the plan has been changed by the local government subsequent to the preparation of the plan by the regional planning agency. The review of the county land planning agency pursuant to subsection (4) shall be primarily in the context of the relationship and effect of the proposed plan amendment on any county comprehensive plan element. Any review by municipalities will be primarily in the context of the relationship and effect on the municipal plan.~~

(d)~~(6)~~ State land planning agency review.—

~~(a) The state land planning agency shall review a proposed plan amendment upon request of a regional planning council, affected person, or local government transmitting the plan amendment. The request from the regional planning council or affected person must be received within 30 days after transmittal of the proposed plan amendment pursuant to subsection (3). A regional planning council or affected person requesting a review shall do so by submitting a written request to the agency with a notice of the request to the local government and any other person who has requested notice.~~

~~(b) The state land planning agency may review any proposed plan amendment regardless of whether a request for review has been made, if the agency gives notice to the local government, and any other person who has requested notice, of its intention to conduct such a review within 35 days after receipt of the complete proposed plan amendment.~~

1.~~(c) The state land planning agency shall establish by rule a schedule for receipt of comments from the various government agencies, as well as written public comments, pursuant to subsection (4).~~ If the state land planning agency elects to review *a plan or plan* ~~the~~ amendment ~~or the agency is required to review the amendment as~~ specified in paragraph *(2)(c)*~~(a)~~, the agency shall issue a report giving its objections, recommendations, and comments regarding the proposed *plan or plan* amendment within 60 days after receipt of the ~~complete~~ proposed *plan or plan* amendment ~~by the state land planning agency~~. *Notwithstanding the limitation on comments in sub-subparagraph (3)(b)4.g., the state land planning agency may make objections, recommendations, and comments*

in its report regarding whether the plan or plan amendment is in compliance and whether the plan or plan amendment will adversely impact important state resources and facilities. Any objection regarding an important state resource or facility that will be adversely impacted by the adopted plan or plan amendment shall also state with specificity how the plan or plan amendment will adversely impact the important state resource or facility and shall identify measures the local government may take to eliminate, reduce, or mitigate the adverse impacts. When a federal, state, or regional agency has implemented a permitting program, ~~the state land planning agency shall not require~~ a local government *is not required* to duplicate or exceed that permitting program in its comprehensive plan or to implement such a permitting program in its land development regulations. *This subparagraph does not* ~~Nothing contained herein shall~~ prohibit the state land planning agency in conducting its review of local plans or plan amendments from making objections, recommendations, and comments ~~or making compliance determinations~~ regarding densities and intensities consistent with ~~the provisions of~~ this part. In preparing its comments, the state land planning agency shall only base its considerations on written, and not oral, comments~~, from any source~~.

2.~~(d)~~ The state land planning agency review shall identify all written communications with the agency regarding the proposed plan amendment. ~~If the state land planning agency does not issue such a review, it shall identify in writing to the local government all written communications received 30 days after transmittal.~~ The written identification must include a list of all documents received or generated by the agency, which list must be of sufficient specificity to enable the documents to be identified and copies requested, if desired, and the name of the person to be contacted to request copies of any identified document. ~~The list of documents must be made a part of the public records of the state land planning agency.~~

(e)~~(7)~~ Local government review of comments; adoption of plan or amendments and transmittal.—

1.~~(a)~~ The local government shall review the *report* ~~written comments~~ submitted to it by the state land planning agency, *if any,* and *written comments submitted to it by* any other person, agency, or government. ~~Any comments, recommendations, or objections and any reply to them shall be public documents, a part of the permanent record in the matter, and admissible in any proceeding in which the comprehensive plan or plan amendment may be at issue.~~ The local government, upon receipt of *the report* ~~written comments~~ from the state land planning agency, shall *hold its second public hearing, which shall be a hearing to determine whether to adopt the comprehensive plan or one or more comprehensive plan amendments pursuant to subsection (11). If the local government fails to hold the second hearing within 180 days after receipt of the state land planning agency's report, the amendments shall be deemed withdrawn unless extended by agreement with notice to the state land planning agency and any affected person that provided comments on the amendment. The 180-day limitation does not apply to amendments processed pursuant to s. 380.06.*

2. All comprehensive plan amendments adopted by the governing body, along with the supporting data and analysis, shall be transmitted within 10 days after the second public hearing to the state land planning agency and any other agency or local government that provided timely comments under paragraph (c).

3. The state land planning agency shall notify the local government of any deficiencies within 5 working days after receipt of a plan or plan amendment package. For purposes of completeness, a plan or plan amendment shall be deemed complete if it contains a full, executed copy of the adoption ordinance or ordinances; in the case of a text amendment, a full copy of the amended language in legislative format with new words inserted in the text underlined, and words deleted stricken with hyphens; in the case of a future land use map amendment, a copy of the future land use map clearly depicting the parcel, its existing future land use designation, and its adopted designation; and a copy of any data and analyses the local government deems appropriate.

4. After the state land planning agency makes a determination of completeness regarding the adopted plan or plan amendment, the state land planning agency shall have 45 days to determine if the plan or plan amendment is in compliance with this act. Unless the plan or plan amendment is substantially changed from the one commented on, the state land planning agency's compliance determination shall be limited to objections raised in the objections, recommendations, and comments report. During the period provided for in this subparagraph, the state land planning agency shall issue, through a senior administrator or the secretary, a notice of intent to find that the plan or plan amendment is in compliance or not in compliance. The state land planning agency shall post a copy of the notice of intent on the agency's Internet site. Publication by the state land planning agency of the notice of intent on the state land planning agency's Internet site shall be prima facie evidence of compliance with the publication requirements of this subparagraph.

5. A plan or plan amendment adopted under the state coordinated review process shall go into effect pursuant to the state land planning agency's notice of intent. If timely challenged, an amendment does not become effective until the state land planning agency or the Administration Commission enters a final order determining the adopted amendment to be in compliance.

(5) ADMINISTRATIVE CHALLENGES TO PLANS AND PLAN AMENDMENTS.—

(a) Any affected person as defined in paragraph (1)(a) may file a petition with the Division of Administrative Hearings pursuant to ss. 120.569 and 120.57, with a copy served on the affected local government, to request a formal hearing to challenge whether the plan or plan amendments are in compliance as defined in paragraph (1)(b). This petition must be filed with the division within 30 days after the local government adopts the amendment. The state land planning agency may not intervene in a proceeding initiated by an affected person.

(b) The state land planning agency may file a petition with the Division of Administrative Hearings pursuant to ss. 120.569 and 120.57, with a copy served on the affected local government, to request a formal hearing to challenge whether the plan or plan amendment is in compliance as defined in paragraph (1)(b). The state land planning agency's petition must clearly state the reasons for the challenge. This petition must be filed with the division within 30 days after the state land planning agency notifies the local government that the plan amendment package is complete according to subparagraph (3)(c)3.

1. The state land planning agency's challenge to plan amendments adopted under the expedited state review process shall be limited to the comments provided by the reviewing agencies pursuant to subparagraphs (3)(b)2.-4., upon a determination by the state land planning agency that an important state resource or facility will be adversely impacted by the adopted plan amendment. The state land planning agency's petition shall state with specificity how the plan amendment will adversely impact the important state resource or facility. The state land planning agency may challenge a plan amendment that has substantially changed from the version on which the agencies provided comments but only upon a determination by the state land planning agency that an important state resource or facility will be adversely impacted.

2. If the state land planning agency issues a notice of intent to find the comprehensive plan or plan amendment not in compliance with this act, the notice of intent shall be forwarded to the Division of Administrative Hearings of the Department of Management Services, which shall conduct a proceeding under ss. 120.569 and 120.57 in the county of and convenient to the affected local jurisdiction. The parties to the proceeding shall be the state land planning agency, the affected local government, and any affected person who intervenes. No new issue may be alleged as a reason to find a plan or plan amendment not in compliance in an administrative pleading filed more than 21 days after publication of notice unless the party seeking that issue establishes good cause for not alleging the issue within that time period. Good cause does not include excusable neglect.

(c) An administrative law judge shall hold a hearing in the affected local jurisdiction on whether the plan or plan amendment is in compliance.

1. In challenges filed by an affected person, the comprehensive plan or plan amendment shall be determined to be in compliance if the local government's determination of compliance is fairly debatable.

2.a. In challenges filed by the state land planning agency, the local government's determination that the comprehensive plan or plan amendment is in compliance is presumed to be correct, and the local government's determination shall be sustained unless it is shown by a

preponderance of the evidence that the comprehensive plan or plan amendment is not in compliance.

b. In challenges filed by the state land planning agency, the local government's determination that elements of its plan are related to and consistent with each other shall be sustained if the determination is fairly debatable.

3. In challenges filed by the state land planning agency that require a determination by the agency that an important state resource or facility will be adversely impacted by the adopted plan or plan amendment, the local government may contest the agency's determination of an important state resource or facility. The state land planning agency shall prove its determination by clear and convincing evidence.

(d) If the administrative law judge recommends that the amendment be found not in compliance, the judge shall submit the recommended order to the Administration Commission for final agency action. The Administration Commission shall enter a final order within 45 days after its receipt of the recommended order.

(e) If the administrative law judge recommends that the amendment be found in compliance, the judge shall submit the recommended order to the state land planning agency.

1. If the state land planning agency determines that the plan amendment should be found not in compliance, the agency shall refer, within 30 days after receipt of the recommended order, the recommended order and its determination to the Administration Commission for final agency action.

2. If the state land planning agency determines that the plan amendment should be found in compliance, the agency shall enter its final order not later than 30 days after receipt of the recommended order.

(f) Parties to a proceeding under this subsection may enter into compliance agreements using the process in subsection (6).

(6) COMPLIANCE AGREEMENT.—

(a) At any time after the filing of a challenge, the state land planning agency and the local government may voluntarily enter into a compliance agreement to resolve one or more of the issues raised in the proceedings. Affected persons who have initiated a formal proceeding or have intervened in a formal proceeding may also enter into a compliance agreement with the local government. All parties granted intervenor status shall be provided reasonable notice of the commencement of a compliance agreement negotiation process and a reasonable opportunity to participate in such negotiation process. Negotiation meetings with local governments or intervenors shall be open to the public. The state land planning agency shall provide each party granted intervenor status with a copy of the compliance agreement within 10 days after the agreement is executed. The compliance agreement shall list each portion of the plan or plan amendment that has been challenged, and shall specify remedial actions that the local government has agreed to complete within a specified time in order to resolve the challenge, including adoption of all necessary plan amendments. The compliance agreement may also establish monitoring requirements and incentives to ensure that the conditions of the compliance agreement are met.

(b) Upon the filing of a compliance agreement executed by the parties to a challenge and the local government with the Division of Administrative Hearings, any administrative proceeding under ss. 120.569 and 120.57 regarding the plan or plan amendment covered by the compliance agreement shall be stayed.

(c) Before its execution of a compliance agreement, the local government must approve the compliance agreement at a public hearing advertised at least 10 days before the public hearing in a newspaper of general circulation in the area in accordance with the advertisement requirements of chapter 125 or chapter 166, as applicable.

(d) The local government shall hold a single public hearing for adopting remedial amendments.

(e) For challenges to amendments adopted under the expedited review process, if the local government adopts a comprehensive plan amendment pursuant to a compliance agreement, an affected person or the state land planning agency may file a revised challenge with the Division of Administrative Hearings within 15 days after the adoption of the remedial amendment.

(f) For challenges to amendments adopted under the state coordinated process, the state land planning agency, upon receipt of a plan or plan amendment adopted pursuant to a compliance agreement, shall issue a cumulative notice of intent addressing both the remedial amendment and the plan or plan amendment that was the subject of the agreement.

1. If the local government adopts a comprehensive plan or plan amendment pursuant to a compliance agreement and a notice of intent to find the plan amendment in compliance is issued, the state land planning agency shall forward the notice of intent to the Division of Administrative Hearings and the administrative law judge shall realign the parties in the pending proceeding under ss. 120.569 and 120.57, which shall thereafter be governed by the process contained in paragraph (5)(a) and subparagraph (5)(c)1., including provisions relating to challenges by an affected person, burden of proof, and issues of a recommended order and a final order. Parties to the original proceeding at the time of realignment may continue as parties without being required to file additional pleadings to initiate a proceeding, but may timely amend their pleadings to raise any challenge to the amendment that is the subject of the cumulative notice of intent, and must otherwise conform to the rules of procedure of the Division of Administrative Hearings. Any affected person not a party to the realigned proceeding may challenge the plan amendment that is the subject of the cumulative notice of intent by filing a petition with the agency as provided in subsection (5). The agency shall forward the petition filed by the affected person not a party to the realigned proceeding to the Division of Administrative Hearings for consolidation with the realigned proceeding. If the cumulative notice of intent is not challenged, the state land planning agency shall request that the Division of Administrative Hearings relinquish jurisdiction to the state land planning agency for issuance of a final order.

2. If the local government adopts a comprehensive plan amendment pursuant to a compliance agreement and a notice of intent is issued that finds the plan amendment not in compliance, the state land planning agency shall forward the notice of intent to the Division of Administrative Hearings, which shall consolidate the proceeding with the pending proceeding and immediately set a date for a hearing in the pending proceeding under ss. 120.569 and 120.57. Affected persons who are not a party to the underlying proceeding under ss. 120.569 and 120.57 may challenge the plan amendment adopted pursuant to the compliance agreement by filing a petition pursuant to paragraph (5)(a).

(g) This subsection does not prohibit a local government from amending portions of its comprehensive plan other than those that are the subject of a challenge. However, such amendments to the plan may not be inconsistent with the compliance agreement.

(h) This subsection does not require settlement by any party against its will or preclude the use of other informal dispute resolution methods in the course of or in addition to the method described in this subsection.

(7) MEDIATION AND EXPEDITIOUS RESOLUTION.-

(a) At any time after the matter has been forwarded to the Division of Administrative Hearings, the local government proposing the amendment may demand formal mediation or the local government proposing the amendment or an affected person who is a party to the proceeding may demand informal mediation or expeditious resolution of the amendment proceedings by serving written notice on the state land planning agency if a party to the proceeding, all other parties to the proceeding, and the administrative law judge.

(b) Upon receipt of a notice pursuant to paragraph (a), the administrative law judge shall set the matter for final hearing no more than 30 days after receipt of the notice. Once a final hearing has been set, no continuance in the hearing, and no additional time for post-hearing submittals, may be granted without the written agreement of the parties absent a finding by the administrative law judge of extraordinary circumstances. Extraordinary circumstances do not include matters relating to workload or need for additional time for preparation, negotiation, or mediation.

(c) Absent a showing of extraordinary circumstances, the administrative law judge shall issue a recommended order, in a case proceeding

under subsection (5), within 30 days after filing of the transcript, unless the parties agree in writing to a longer time.

(d) Absent a showing of extraordinary circumstances, the Administration Commission shall issue a final order, in a case proceeding under subsection (5), within 45 days after the issuance of the recommended order, unless the parties agree in writing to a longer time. ~~have 120 days to adopt or adopt with changes the proposed comprehensive plan or s. 163.3191 plan amendments. In the case of comprehensive plan amendments other than those proposed pursuant to s. 163.3191, the local government shall have 60 days to adopt the amendment, adopt the amendment with changes, or determine that it will not adopt the amendment. The adoption of the proposed plan or plan amendment or the determination not to adopt a plan amendment, other than a plan amendment proposed pursuant to s. 163.3191, shall be made in the course of a public hearing pursuant to subsection (15). The local government shall transmit the complete adopted comprehensive plan or plan amendment, including the names and addresses of persons compiled pursuant to paragraph (15)(c), to the state land planning agency as specified in the agency's procedural rules within 10 working days after adoption. The local governing body shall also transmit a copy of the adopted comprehensive plan or plan amendment to the regional planning agency and to any other unit of local government or governmental agency in the state that has filed a written request with the governing body for a copy of the plan or plan amendment.~~

~~(b) If the adopted plan amendment is unchanged from the proposed plan amendment transmitted pursuant to subsection (3) and an affected person as defined in paragraph (1)(a) did not raise any objection, the state land planning agency did not review the proposed plan amendment, and the state land planning agency did not raise any objections during its review pursuant to subsection (6), the local government may state in the transmittal letter that the plan amendment is unchanged and was not the subject of objections.~~

~~(8) NOTICE OF INTENT.~~

~~(a) If the transmittal letter correctly states that the plan amendment is unchanged and was not the subject of review or objections pursuant to paragraph (7)(b), the state land planning agency has 20 days after receipt of the transmittal letter within which to issue a notice of intent that the plan amendment is in compliance.~~

~~(b) Except as provided in paragraph (a) or in s. 163.3187(3), the state land planning agency, upon receipt of a local government's complete adopted comprehensive plan or plan amendment, shall have 45 days for review and to determine if the plan or plan amendment is in compliance with this act, unless the amendment is the result of a compliance agreement entered into under subsection (16), in which case the time period for review and determination shall be 30 days. If review was not conducted under subsection (6), the agency's determination must be based upon the plan amendment as adopted. If review was conducted under subsection (6), the agency's determination of compliance must be based only upon one or both of the following:~~

~~1. The state land planning agency's written comments to the local government pursuant to subsection (6); or~~

~~2. Any changes made by the local government to the comprehensive plan or plan amendment as adopted.~~

~~(c)1. During the time period provided for in this subsection, the state land planning agency shall issue, through a senior administrator or the secretary, as specified in the agency's procedural rules, a notice of intent to find that the plan or plan amendment is in compliance or not in compliance. A notice of intent shall be issued by publication in the manner provided by this paragraph and by mailing a copy to the local government. The advertisement shall be placed in that portion of the newspaper where legal notices appear. The advertisement shall be published in a newspaper that meets the size and circulation requirements set forth in paragraph (15)(c) and that has been designated in writing by the affected local government at the time of transmittal of the amendment. Publication by the state land planning agency of a notice of intent in the newspaper designated by the local government shall be prima facie evidence of compliance with the publication requirements of this section. The state land planning agency shall post a copy of the notice of intent on the agency's Internet site. The agency shall, no later than the date the notice of intent is transmitted to the newspaper, send by regular mail a courtesy informational statement to persons who provide their names and addresses to the local government at the transmittal hearing or at the adoption hearing where the local government has provided the names and addresses of such persons to the department at the time of transmittal of the adopted amendment. The informational statements shall include the name of the newspaper in which the notice of intent will appear, the approximate date of publication, the ordinance number of the plan or plan amendment, and a statement that affected persons have 21 days after the actual date of publication of the notice to file a petition.~~

~~2. A local government that has an Internet site shall post a copy of the state land planning agency's notice of intent on the site within 5 days after receipt of the mailed copy of the agency's notice of intent.~~

~~(9) PROCESS IF LOCAL PLAN OR AMENDMENT IS IN COMPLIANCE.~~

~~(a) If the state land planning agency issues a notice of intent to find that the comprehensive plan or plan amendment transmitted pursuant to s. 163.3167, s. 163.3187, s. 163.3189, or s. 163.3191 is in compliance with this act, any affected person may file a petition with the agency pursuant to ss. 120.569 and 120.57 within 21 days after the publication of notice. In this proceeding, the local plan or plan amendment shall be determined to be in compliance if the local government's determination of compliance is fairly debatable.~~

~~(b) The hearing shall be conducted by an administrative law judge of the Division of Administrative Hearings of the Department of Management Services, who shall hold the hearing in the county of and convenient to the affected local jurisdiction and submit a recommended order to the state land planning agency. The state land planning agency shall allow for the filing of exceptions to the recommended order and shall issue a final order after receipt of the recommended order if the state land planning agency determines that the plan or plan amendment is in compliance. If the state land planning agency determines that the plan or plan amendment is not in compliance, the agency shall submit the recommended order to the Administration Commission for final agency action.~~

~~(10) PROCESS IF LOCAL PLAN OR AMENDMENT IS NOT IN COMPLIANCE.~~

~~(a) If the state land planning agency issues a notice of intent to find the comprehensive plan or plan amendment not in compliance with this act, the notice of intent shall be forwarded to the Division of Administrative Hearings of the Department of Management Services, which shall conduct a proceeding under ss. 120.569 and 120.57 in the county of and convenient to the affected local jurisdiction. The parties to the proceeding shall be the state land planning agency, the affected local government, and any affected person who intervenes. No new issue may be alleged as a reason to find a plan or plan amendment not in compliance in an administrative pleading filed more than 21 days after publication of notice unless the party seeking that issue establishes good cause for not alleging the issue within that time period. Good cause shall not include excusable neglect. In the proceeding, the local government's determination that the comprehensive plan or plan amendment is in compliance is presumed to be correct. The local government's determination shall be sustained unless it is shown by a preponderance of the evidence that the comprehensive plan or plan amendment is not in compliance. The local government's determination that elements of its plans are related to and consistent with each other shall be sustained if the determination is fairly debatable.~~

~~(b) The administrative law judge assigned by the division shall submit a recommended order to the Administration Commission for final agency action.~~

~~(c) Prior to the hearing, the state land planning agency shall afford an opportunity to mediate or otherwise resolve the dispute. If a party to the proceeding requests mediation or other alternative dispute resolution, the hearing may not be held until the state land planning agency advises the administrative law judge in writing of the results of the mediation or other alternative dispute resolution. However, the hearing may not be delayed for longer than 90 days for mediation or other alternative dispute resolution unless a longer delay is agreed to by the parties to the proceeding. The costs of the mediation or other alternative~~

~~dispute resolution shall be borne equally by all of the parties to the proceeding.~~

(8)~~(11)~~ ADMINISTRATION COMMISSION.—

(a) If the Administration Commission, upon a hearing pursuant to subsection *(5)*~~(9) or subsection (10)~~, finds that the comprehensive plan or plan amendment is not in compliance with this act, the commission shall specify remedial actions *that* ~~which~~ would bring the comprehensive plan or plan amendment into compliance.

(b) The commission may specify the sanctions provided in subparagraphs 1. and 2. to which the local government will be subject if it elects to make the amendment effective notwithstanding the determination of noncompliance.

1. The commission may direct state agencies not to provide funds to increase the capacity of roads, bridges, or water and sewer systems within the boundaries of those local governmental entities which have comprehensive plans or plan elements that are determined not to be in compliance. The commission order may also specify that the local government *is* ~~shall~~ not ~~be~~ eligible for grants administered under the following programs:

a.~~1.~~ The Florida Small Cities Community Development Block Grant Program, as authorized by ss. 290.0401-290.049.

b.~~2.~~ The Florida Recreation Development Assistance Program, as authorized by chapter 375.

c.~~3.~~ Revenue sharing pursuant to ss. 206.60, 210.20, and 218.61 and chapter 212, to the extent not pledged to pay back bonds.

2.~~(b)~~ If the local government is one which is required to include a coastal management element in its comprehensive plan pursuant to s. 163.3177(6)(g), the commission order may also specify that the local government is not eligible for funding pursuant to s. 161.091. The commission order may also specify that the fact that the coastal management element has been determined to be not in compliance shall be a consideration when the department considers permits under s. 161.053 and when the Board of Trustees of the Internal Improvement Trust Fund considers whether to sell, convey any interest in, or lease any sovereignty lands or submerged lands until the element is brought into compliance.

3.~~(c)~~ The sanctions provided by *subparagraphs 1. and 2. do* ~~paragraphs (a) and (b) shall~~ not apply to a local government regarding any plan amendment, except for plan amendments that amend plans that have not been finally determined to be in compliance with this part, and except as provided in *paragraph (b)* ~~s. 163.3189(2) or s. 163.3191(11)~~.

(9)~~(12)~~ GOOD FAITH FILING.—The signature of an attorney or party constitutes a certificate that he or she has read the pleading, motion, or other paper and that, to the best of his or her knowledge, information, and belief formed after reasonable inquiry, it is not interposed for any improper purpose, such as to harass or to cause unnecessary delay, or for economic advantage, competitive reasons, or frivolous purposes or needless increase in the cost of litigation. If a pleading, motion, or other paper is signed in violation of these requirements, the administrative law judge, upon motion or his or her own initiative, shall impose upon the person who signed it, a represented party, or both, an appropriate sanction, which may include an order to pay to the other party or parties the amount of reasonable expenses incurred because of the filing of the pleading, motion, or other paper, including a reasonable attorney's fee.

(10)~~(13)~~ EXCLUSIVE PROCEEDINGS.—The proceedings under this section shall be the sole proceeding or action for a determination of whether a local government's plan, element, or amendment is in compliance with this act.

~~(14) AREAS OF CRITICAL STATE CONCERN. No proposed local government comprehensive plan or plan amendment which is applicable to a designated area of critical state concern shall be effective until a final order is issued finding the plan or amendment to be in compliance as defined in this section.~~

(11)~~(15)~~ PUBLIC HEARINGS.—

(a) The procedure for transmittal of a complete proposed comprehensive plan or plan amendment pursuant to *subparagraph* ~~subsection~~ (3)*(b)1. and paragraph (4)(b)* and for adoption of a comprehensive plan or plan amendment pursuant to *subparagraphs(3)(c)1. and (4)(e)1.* ~~subsection (7)~~ shall be by affirmative vote of not less than a majority of the members of the governing body present at the hearing. The adoption of a comprehensive plan or plan amendment shall be by ordinance. For the purposes of transmitting or adopting a comprehensive plan or plan amendment, the notice requirements in chapters 125 and 166 are superseded by this subsection, except as provided in this part.

(b) The local governing body shall hold at least two advertised public hearings on the proposed comprehensive plan or plan amendment as follows:

1. The first public hearing shall be held at the transmittal stage ~~pursuant to subsection (3)~~. It shall be held on a weekday at least 7 days after the day that the first advertisement is published *pursuant to the requirements of chapter 125 or chapter 166*.

2. The second public hearing shall be held at the adoption stage ~~pursuant to subsection (7)~~. It shall be held on a weekday at least 5 days after the day that the second advertisement is published *pursuant to the requirements of chapter 125 or chapter 166*.

(c) Nothing in this part is intended to prohibit or limit the authority of local governments to require a person requesting an amendment to pay some or all of the cost of the public notice.

(12) CONCURRENT ZONING.—At the request of an applicant, a local government shall consider an application for zoning changes that would be required to properly enact any proposed plan amendment transmitted pursuant to this subsection. Zoning changes approved by the local government are contingent upon the comprehensive plan or plan amendment transmitted becoming effective.

(13) AREAS OF CRITICAL STATE CONCERN.—No proposed local government comprehensive plan or plan amendment that is applicable to a designated area of critical state concern shall be effective until a final order is issued finding the plan or amendment to be in compliance as defined in paragraph (1)(b).

~~(c) The local government shall provide a sign in form at the transmittal hearing and at the adoption hearing for persons to provide their names and mailing addresses. The sign in form must advise that any person providing the requested information will receive a courtesy informational statement concerning publications of the state land planning agency's notice of intent. The local government shall add to the sign in form the name and address of any person who submits written comments concerning the proposed plan or plan amendment during the time period between the commencement of the transmittal hearing and the end of the adoption hearing. It is the responsibility of the person completing the form or providing written comments to accurately, completely, and legibly provide all information needed in order to receive the courtesy informational statement.~~

~~(d) The agency shall provide a model sign in form for providing the list to the agency which may be used by the local government to satisfy the requirements of this subsection.~~

~~(e) If the proposed comprehensive plan or plan amendment changes the actual list of permitted, conditional, or prohibited uses within a future land use category or changes the actual future land use map designation of a parcel or parcels of land, the required advertisements shall be in the format prescribed by s. 125.66(4)(b)2. for a county or by s. 166.041(3)(c)2.b. for a municipality.~~

~~(16) COMPLIANCE AGREEMENTS.~~

~~(a) At any time following the issuance of a notice of intent to find a comprehensive plan or plan amendment not in compliance with this part or after the initiation of a hearing pursuant to subsection (9), the state land planning agency and the local government may voluntarily enter into a compliance agreement to resolve one or more of the issues raised in the proceedings. Affected persons who have initiated a formal proceeding or have intervened in a formal proceeding may also enter into the compliance agreement. All parties granted intervenor status shall be provided reasonable notice of the commencement of a compliance~~

~~agreement negotiation process and a reasonable opportunity to participate in such negotiation process. Negotiation meetings with local governments or intervenors shall be open to the public. The state land planning agency shall provide each party granted intervenor status with a copy of the compliance agreement within 10 days after the agreement is executed. The compliance agreement shall list each portion of the plan or plan amendment which is not in compliance, and shall specify remedial actions which the local government must complete within a specified time in order to bring the plan or plan amendment into compliance, including adoption of all necessary plan amendments. The compliance agreement may also establish monitoring requirements and incentives to ensure that the conditions of the compliance agreement are met.~~

~~(b) Upon filing by the state land planning agency of a compliance agreement executed by the agency and the local government with the Division of Administrative Hearings, any administrative proceeding under ss. 120.569 and 120.57 regarding the plan or plan amendment covered by the compliance agreement shall be stayed.~~

~~(c) Prior to its execution of a compliance agreement, the local government must approve the compliance agreement at a public hearing advertised at least 10 days before the public hearing in a newspaper of general circulation in the area in accordance with the advertisement requirements of subsection (15).~~

~~(d) A local government may adopt a plan amendment pursuant to a compliance agreement in accordance with the requirements of paragraph (15)(a). The plan amendment shall be exempt from the requirements of subsections (2)-(7). The local government shall hold a single adoption public hearing pursuant to the requirements of subparagraph (15)(b)2. and paragraph (15)(c). Within 10 working days after adoption of a plan amendment, the local government shall transmit the amendment to the state land planning agency as specified in the agency's procedural rules, and shall submit one copy to the regional planning agency and to any other unit of local government or government agency in the state that has filed a written request with the governing body for a copy of the plan amendment, and one copy to any party to the proceeding under ss. 120.569 and 120.57 granted intervenor status.~~

~~(e) The state land planning agency, upon receipt of a plan amendment adopted pursuant to a compliance agreement, shall issue a cumulative notice of intent addressing both the compliance agreement amendment and the plan or plan amendment that was the subject of the agreement, in accordance with subsection (8).~~

~~(f)1. If the local government adopts a comprehensive plan amendment pursuant to a compliance agreement and a notice of intent to find the plan amendment in compliance is issued, the state land planning agency shall forward the notice of intent to the Division of Administrative Hearings and the administrative law judge shall realign the parties in the pending proceeding under ss. 120.569 and 120.57, which shall thereafter be governed by the process contained in paragraphs (9)(a) and (b), including provisions relating to challenges by an affected person, burden of proof, and issues of a recommended order and a final order, except as provided in subparagraph 2. Parties to the original proceeding at the time of realignment may continue as parties without being required to file additional pleadings to initiate a proceeding, but may timely amend their pleadings to raise any challenge to the amendment which is the subject of the cumulative notice of intent, and must otherwise conform to the rules of procedure of the Division of Administrative Hearings. Any affected person not a party to the realigned proceeding may challenge the plan amendment which is the subject of the cumulative notice of intent by filing a petition with the agency as provided in subsection (9). The agency shall forward the petition filed by the affected person not a party to the realigned proceeding to the Division of Administrative Hearings for consolidation with the realigned proceeding.~~

~~2. If any of the issues raised by the state land planning agency in the original subsection (10) proceeding are not resolved by the compliance agreement amendments, any intervenor in the original subsection (10) proceeding may require those issues to be addressed in the pending consolidated realigned proceeding under ss. 120.569 and 120.57. As to those unresolved issues, the burden of proof shall be governed by subsection (10).~~

~~3. If the local government adopts a comprehensive plan amendment pursuant to a compliance agreement and a notice of intent to find the plan amendment not in compliance is issued, the state land planning agency shall forward the notice of intent to the Division of Administrative Hearings, which shall consolidate the proceeding with the pending proceeding and immediately set a date for hearing in the pending proceeding under ss. 120.569 and 120.57. Affected persons who are not a party to the underlying proceeding under ss. 120.569 and 120.57 may challenge the plan amendment adopted pursuant to the compliance agreement by filing a petition pursuant to subsection (10).~~

~~(g) If the local government fails to adopt a comprehensive plan amendment pursuant to a compliance agreement, the state land planning agency shall notify the Division of Administrative Hearings, which shall set the hearing in the pending proceeding under ss. 120.569 and 120.57 at the earliest convenient time.~~

~~(h) This subsection does not prohibit a local government from amending portions of its comprehensive plan other than those which are the subject of the compliance agreement. However, such amendments to the plan may not be inconsistent with the compliance agreement.~~

~~(i) Nothing in this subsection is intended to limit the parties from entering into a compliance agreement at any time before the final order in the proceeding is issued, provided that the provisions of paragraph (e) shall apply regardless of when the compliance agreement is reached.~~

~~(j) Nothing in this subsection is intended to force any party into settlement against its will or to preclude the use of other informal dispute resolution methods, such as the services offered by the Florida Growth Management Dispute Resolution Consortium, in the course of or in addition to the method described in this subsection.~~

~~(17) COMMUNITY VISION AND URBAN BOUNDARY PLAN AMENDMENTS.—A local government that has adopted a community vision and urban service boundary under s. 163.3177(13) and (14) may adopt a plan amendment related to map amendments solely to property within an urban service boundary in the manner described in subsections (1), (2), (7), (14), (15), and (16) and s. 163.3187(1)(c)1.d. and e., 2., and 3., such that state and regional agency review is eliminated. The department may not issue an objections, recommendations, and comments report on proposed plan amendments or a notice of intent on adopted plan amendments; however, affected persons, as defined by paragraph (1)(a), may file a petition for administrative review pursuant to the requirements of s. 163.3187(3)(a) to challenge the compliance of an adopted plan amendment. This subsection does not apply to any amendment within an area of critical state concern, to any amendment that increases residential densities allowable in high-hazard coastal areas as defined in s. 163.3178(2)(h), or to a text change to the goals, policies, or objectives of the local government's comprehensive plan. Amendments submitted under this subsection are exempt from the limitation on the frequency of plan amendments in s. 163.3187.~~

~~(18) URBAN INFILL AND REDEVELOPMENT PLAN AMENDMENTS.—A municipality that has a designated urban infill and redevelopment area under s. 163.2517 may adopt a plan amendment related to map amendments solely to property within a designated urban infill and redevelopment area in the manner described in subsections (1), (2), (7), (14), (15), and (16) and s. 163.3187(1)(c)1.d. and e., 2., and 3., such that state and regional agency review is eliminated. The department may not issue an objections, recommendations, and comments report on proposed plan amendments or a notice of intent on adopted plan amendments; however, affected persons, as defined by paragraph (1)(a), may file a petition for administrative review pursuant to the requirements of s. 163.3187(3)(a) to challenge the compliance of an adopted plan amendment. This subsection does not apply to any amendment within an area of critical state concern, to any amendment that increases residential densities allowable in high-hazard coastal areas as defined in s. 163.3178(2)(h), or to a text change to the goals, policies, or objectives of the local government's comprehensive plan. Amendments submitted under this subsection are exempt from the limitation on the frequency of plan amendments in s. 163.3187.~~

~~(19) HOUSING INCENTIVE STRATEGY PLAN AMENDMENTS.—Any local government that identifies in its comprehensive plan the types of housing developments and conditions for which it will consider plan amendments that are consistent with the local housing incentive strategies identified in s. 420.9076 and authorized by the local~~

~~government may expedite consideration of such plan amendments. At least 30 days prior to adopting a plan amendment pursuant to this subsection, the local government shall notify the state land planning agency of its intent to adopt such an amendment, and the notice shall include the local government's evaluation of site suitability and availability of facilities and services. A plan amendment considered under this subsection shall require only a single public hearing before the local governing body, which shall be a plan amendment adoption hearing as described in subsection (7). The public notice of the hearing required under subparagraph (15)(b)2. must include a statement that the local government intends to use the expedited adoption process authorized under this subsection. The state land planning agency shall issue its notice of intent required under subsection (8) within 30 days after determining that the amendment package is complete. Any further proceedings shall be governed by subsections (9)-(16).~~

Section 18. Section 163.3187, Florida Statutes, is amended to read:

163.3187 *Process for adoption of small-scale comprehensive plan* amendment ~~of adopted comprehensive plan~~.—

~~(1) Amendments to comprehensive plans adopted pursuant to this part may be made not more than two times during any calendar year, except:~~

~~(a) In the case of an emergency, comprehensive plan amendments may be made more often than twice during the calendar year if the additional plan amendment receives the approval of all of the members of the governing body. "Emergency" means any occurrence or threat thereof whether accidental or natural, caused by humankind, in war or peace, which results or may result in substantial injury or harm to the population or substantial damage to or loss of property or public funds.~~

~~(b) Any local government comprehensive plan amendments directly related to a proposed development of regional impact, including changes which have been determined to be substantial deviations and including Florida Quality Developments pursuant to s. 380.061, may be initiated by a local planning agency and considered by the local governing body at the same time as the application for development approval using the procedures provided for local plan amendment in this section and applicable local ordinances.~~

(1)~~(c)~~ Any local government comprehensive plan amendments directly related to proposed small scale development activities may be approved without regard to statutory limits on the frequency of consideration of amendments to the local comprehensive plan. A small scale development amendment may be adopted ~~only~~ under the following conditions:

(a)~~1.~~ The proposed amendment involves a use of 10 acres or fewer and:

(b)~~a.~~ The cumulative annual effect of the acreage for all small scale development amendments adopted by the local government *does* ~~shall~~ not exceed~~:~~

~~(I)~~ a maximum of 120 acres in a *calendar year.* ~~local government that contains areas specifically designated in the local comprehensive plan for urban infill, urban redevelopment, or downtown revitalization as defined in s. 163.3164, urban infill and redevelopment areas designated under s. 163.2517, transportation concurrency exception areas approved pursuant to s. 163.3180(5), or regional activity centers and urban central business districts approved pursuant to s. 380.06(2)(e); however, amendments under this paragraph may be applied to no more than 60 acres annually of property outside the designated areas listed in this sub-sub-subparagraph. Amendments adopted pursuant to paragraph (k) shall not be counted toward the acreage limitations for small scale amendments under this paragraph.~~

~~(II) A maximum of 80 acres in a local government that does not contain any of the designated areas set forth in sub-sub-subparagraph (I).~~

~~(III) A maximum of 120 acres in a county established pursuant to s. 9, Art. VIII of the State Constitution.~~

~~b. The proposed amendment does not involve the same property granted a change within the prior 12 months.~~

~~c. The proposed amendment does not involve the same owner's property within 200 feet of property granted a change within the prior 12 months.~~

(c)~~d.~~ The proposed amendment does not involve a text change to the goals, policies, and objectives of the local government's comprehensive plan, but only proposes a land use change to the future land use map for a site-specific small scale development activity. *However, text changes that relate directly to, and are adopted simultaneously with, the small scale future land use map amendment shall be permissible under this section.*

(d)~~e.~~ The property that is the subject of the proposed amendment is not located within an area of critical state concern, unless the project subject to the proposed amendment involves the construction of affordable housing units meeting the criteria of s. 420.0004(3), and is located within an area of critical state concern designated by s. 380.0552 or by the Administration Commission pursuant to s. 380.05(1). ~~Such amendment is not subject to the density limitations of sub-subparagraph f., and shall be reviewed by the state land planning agency for consistency with the principles for guiding development applicable to the area of critical state concern where the amendment is located and shall not become effective until a final order is issued under s. 380.05(6).~~

~~f. If the proposed amendment involves a residential land use, the residential land use has a density of 10 units or less per acre or the proposed future land use category allows a maximum residential density of the same or less than the maximum residential density allowable under the existing future land use category, except that this limitation does not apply to small scale amendments involving the construction of affordable housing units meeting the criteria of s. 420.0004(3) on property which will be the subject of a land use restriction agreement, or small scale amendments described in sub-sub-subparagraph a.(I) that are designated in the local comprehensive plan for urban infill, urban redevelopment, or downtown revitalization as defined in s. 163.3164, urban infill and redevelopment areas designated under s. 163.2517, transportation concurrency exception areas approved pursuant to s. 163.3180(5), or regional activity centers and urban central business districts approved pursuant to s. 380.06(2)(e).~~

~~2.a. A local government that proposes to consider a plan amendment pursuant to this paragraph is not required to comply with the procedures and public notice requirements of s. 163.3184(15)(c) for such plan amendments if the local government complies with the provisions in s. 125.66(4)(a) for a county or in s. 166.041(3)(c) for a municipality. If a request for a plan amendment under this paragraph is initiated by other than the local government, public notice is required.~~

~~b. The local government shall send copies of the notice and amendment to the state land planning agency, the regional planning council, and any other person or entity requesting a copy. This information shall also include a statement identifying any property subject to the amendment that is located within a coastal high-hazard area as identified in the local comprehensive plan.~~

(2)~~3.~~ Small scale development amendments adopted pursuant to this *section* ~~paragraph~~ require only one public hearing before the governing board, which shall be an adoption hearing as described in s. 163.3184*(11)*~~(7)~~, and are not subject to the requirements of s. 163.3184~~(3)-(6)~~ unless the local government elects to have them subject to those requirements.

(3)~~4.~~ If the small scale development amendment involves a site within ~~an area that is designated by the Governor as~~ a rural area of critical economic concern *as defined* under s. 288.0656*(2)(d)*~~(7)~~ for the duration of such designation, the 10-acre limit listed in *subsection (1)* ~~subparagraph 1.~~ shall be increased by 100 percent to 20 acres. The local government approving the small scale plan amendment shall certify to the Office of Tourism, Trade, and Economic Development that the plan amendment furthers the economic objectives set forth in the executive order issued under s. 288.0656(7), and the property subject to the plan amendment shall undergo public review to ensure that all concurrency requirements and federal, state, and local environmental permit requirements are met.

~~(d) Any comprehensive plan amendment required by a compliance agreement pursuant to s. 163.3184(16) may be approved without regard~~

~~to statutory limits on the frequency of adoption of amendments to the comprehensive plan.~~

~~(e) A comprehensive plan amendment for location of a state correctional facility. Such an amendment may be made at any time and does not count toward the limitation on the frequency of plan amendments.~~

~~(f) The capital improvements element annual update required in s. 163.3177(3)(b)1. and any amendments directly related to the schedule.~~

~~(g) Any local government comprehensive plan amendments directly related to proposed redevelopment of brownfield areas designated under s. 376.80 may be approved without regard to statutory limits on the frequency of consideration of amendments to the local comprehensive plan.~~

~~(h) Any comprehensive plan amendments for port transportation facilities and projects that are eligible for funding by the Florida Seaport Transportation and Economic Development Council pursuant to s. 311.07.~~

~~(i) A comprehensive plan amendment for the purpose of designating an urban infill and redevelopment area under s. 163.2517 may be approved without regard to the statutory limits on the frequency of amendments to the comprehensive plan.~~

~~(j) Any comprehensive plan amendment to establish public school concurrency pursuant to s. 163.3180(13), including, but not limited to, adoption of a public school facilities element and adoption of amendments to the capital improvements element and intergovernmental coordination element. In order to ensure the consistency of local government public school facilities elements within a county, such elements shall be prepared and adopted on a similar time schedule.~~

~~(k) A local comprehensive plan amendment directly related to providing transportation improvements to enhance life safety on Controlled Access Major Arterial Highways identified in the Florida Intrastate Highway System, in counties as defined in s. 125.011, where such roadways have a high incidence of traffic accidents resulting in serious injury or death. Any such amendment shall not include any amendment modifying the designation on a comprehensive development plan land use map nor any amendment modifying the allowable densities or intensities of any land.~~

~~(l) A comprehensive plan amendment to adopt a public educational facilities element pursuant to s. 163.3177(12) and future land use map amendments for school siting may be approved notwithstanding statutory limits on the frequency of adopting plan amendments.~~

~~(m) A comprehensive plan amendment that addresses criteria or compatibility of land uses adjacent to or in close proximity to military installations in a local government's future land use element does not count toward the limitation on the frequency of the plan amendments.~~

~~(n) Any local government comprehensive plan amendment establishing or implementing a rural land stewardship area pursuant to the provisions of s. 163.3177(11)(d).~~

~~(o) A comprehensive plan amendment that is submitted by an area designated by the Governor as a rural area of critical economic concern under s. 288.0656(7) and that meets the economic development objectives may be approved without regard to the statutory limits on the frequency of adoption of amendments to the comprehensive plan.~~

~~(p) Any local government comprehensive plan amendment that is consistent with the local housing incentive strategies identified in s. 420.9076 and authorized by the local government.~~

~~(q) Any local government plan amendment to designate an urban service area as a transportation concurrency exception area under s. 163.3180(5)(b)2. or 3. and an area exempt from the development of regional impact process under s. 380.06(29).~~

(4)~~(2)~~ Comprehensive plans may only be amended in such a way as to preserve the internal consistency of the plan pursuant to s. 163.3177~~(2)~~. Corrections, updates, or modifications of current costs which were set out as part of the comprehensive plan shall not, for the purposes of this act, be deemed to be amendments.

~~(3)(a) The state land planning agency shall not review or issue a notice of intent for small scale development amendments which satisfy the requirements of paragraph (1)(e).~~

(5)(a) Any affected person may file a petition with the Division of Administrative Hearings pursuant to ss. 120.569 and 120.57 to request a hearing to challenge the compliance of a small scale development amendment with this act within 30 days following the local government's adoption of the amendment *and*~~,~~ shall serve a copy of the petition on the local government~~, and shall furnish a copy to the state land planning agency~~. An administrative law judge shall hold a hearing in the affected jurisdiction not less than 30 days nor more than 60 days following the filing of a petition and the assignment of an administrative law judge. The parties to a hearing held pursuant to this subsection shall be the petitioner, the local government, and any intervenor. In the proceeding, the *plan amendment shall be determined to be in compliance if the* local government's determination that the small scale development amendment is in compliance is *fairly debatable* ~~presumed to be correct~~. ~~The local government's determination shall be sustained unless it is shown by a preponderance of the evidence that the amendment is not in compliance with the requirements of this act. In any proceeding initiated pursuant to this subsection,~~ The state land planning agency may *not* intervene *in any proceeding initiated pursuant to this section*.

(b)1. If the administrative law judge recommends that the small scale development amendment be found not in compliance, the administrative law judge shall submit the recommended order to the Administration Commission for final agency action. If the administrative law judge recommends that the small scale development amendment be found in compliance, the administrative law judge shall submit the recommended order to the state land planning agency.

2. If the state land planning agency determines that the plan amendment is not in compliance, the agency shall submit, within 30 days following its receipt, the recommended order to the Administration Commission for final agency action. If the state land planning agency determines that the plan amendment is in compliance, the agency shall enter a final order within 30 days following its receipt of the recommended order.

(c) Small scale development amendments *may* ~~shall~~ not become effective until 31 days after adoption. If challenged within 30 days after adoption, small scale development amendments *may* ~~shall~~ not become effective until the state land planning agency or the Administration Commission, respectively, issues a final order determining *that* the adopted small scale development amendment is in compliance.

(d) In all challenges under this subsection, when a determination of compliance as defined in s. 163.3184(1)(b) is made, consideration shall be given to the plan amendment as a whole and whether the plan amendment furthers the intent of this part.

~~(4) Each governing body shall transmit to the state land planning agency a current copy of its comprehensive plan not later than December 1, 1985. Each governing body shall also transmit copies of any amendments it adopts to its comprehensive plan so as to continually update the plans on file with the state land planning agency.~~

~~(5) Nothing in this part is intended to prohibit or limit the authority of local governments to require that a person requesting an amendment pay some or all of the cost of public notice.~~

~~(6)(a) No local government may amend its comprehensive plan after the date established by the state land planning agency for adoption of its evaluation and appraisal report unless it has submitted its report or addendum to the state land planning agency as prescribed by s. 163.3191, except for plan amendments described in paragraph (1)(b) or paragraph (1)(h).~~

~~(b) A local government may amend its comprehensive plan after it has submitted its adopted evaluation and appraisal report and for a period of 1 year after the initial determination of sufficiency regardless of whether the report has been determined to be insufficient.~~

~~(c) A local government may not amend its comprehensive plan, except for plan amendments described in paragraph (1)(b), if the 1 year period after the initial sufficiency determination of the report has expired and the report has not been determined to be sufficient.~~

~~(d) When the state land planning agency has determined that the report has sufficiently addressed all pertinent provisions of s. 163.3191, the local government may amend its comprehensive plan without the limitations imposed by paragraph (a) or paragraph (c).~~

~~(e) Any plan amendment which a local government attempts to adopt in violation of paragraph (a) or paragraph (c) is invalid, but such invalidity may be overcome if the local government readopts the amendment and transmits the amendment to the state land planning agency pursuant to s. 163.3184(7) after the report is determined to be sufficient.~~

Section 19. *Section 163.3189, Florida Statutes, is repealed.*

And the title is amended as follows:

Delete lines 29-97 and insert: that certain comments, underlying studies, and reports provided by a military installation's commanding officer are not binding on local governments; providing additional factors for local government consideration in impacts to military installations; clarifying requirements for adopting criteria to address compatibility of lands relating to military installations; amending s. 163.3177, F.S.; revising and providing duties of local governments; revising and providing required and optional elements of comprehensive plans; revising requirements of schedules of capital improvements; revising and providing provisions relating to capital improvements elements; revising major objectives of, and procedures relating to, the local comprehensive planning process; revising and providing required and optional elements of future land use plans; providing required transportation elements; revising and providing required conservation elements; revising and providing required housing elements; revising and providing required coastal management elements; revising and providing required intergovernmental coordination elements; amending s. 163.31777, F.S.; revising requirements relating to public schools' interlocal agreements; deleting duties of the Office of Educational Facilities, the state land planning agency, and local governments relating to such agreements; deleting an exemption; amending s. 163.3178, F.S.; deleting a deadline for local governments to amend coastal management elements and future land use maps; amending s. 163.3180, F.S.; revising and providing provisions relating to concurrency; revising concurrency requirements; revising application and findings; revising local government requirements; revising and providing requirements relating to transportation concurrency, transportation concurrency exception areas, urban infill, urban redevelopment, urban service, downtown revitalization areas, transportation concurrency management areas, long-term transportation and school concurrency management systems, development of regional impact, school concurrency, service areas, financial feasibility, interlocal agreements, and multimodal transportation districts; revising duties of the Office of Program Policy Analysis and the state land planning agency; providing requirements for local plans; providing for the limiting the liability of local governments under certain conditions; amending s. 163.3182, F.S.; revising definitions; revising provisions relating to transportation deficiency plans and projects; amending s. 163.3184, F.S.; providing a definition; providing requirements for comprehensive plans and plan amendments; providing a expedited state review process for adoption of comprehensive plan amendments; providing requirements for the adoption of comprehensive plan amendments; creating the state-coordinated review process; providing and revising provisions relating to the review process; revising requirements relating to local government transmittal of proposed plan or amendments; providing for comment by reviewing agencies; deleting provisions relating to regional, county, and municipal review; revising provisions relating to state land planning agency review; revising provisions relating to local government review of comments; deleting and revising provisions relating to notice of intent and processes for compliance and noncompliance; providing procedures for administrative challenges to plans and plan amendments; providing for compliance agreements; providing for mediation and expeditious resolution; revising powers and duties of the administration commission; revising provisions relating to areas of critical state concern; providing for concurrent zoning; amending s. 163.3187, F.S.; deleting provisions relating to the amendment of adopted comprehensive plan and providing the process for adoption of small-scale comprehensive plan amendments; repealing s. 163.3189, F.S., relating to process for amendment of adopted comprehensive plan; amending s. 163.3191, F.S., relating to

Amendment 3 (669180) (with title amendment)—Delete lines 6068-8439 and insert:

(5)~~(12)~~ The state land planning agency *may* ~~shall~~ not adopt rules to implement this section, other than procedural rules *or a schedule indicating when local governments must comply with the requirements of this section*.

~~(13) The state land planning agency shall regularly review the evaluation and appraisal report process and submit a report to the Governor, the Administration Commission, the Speaker of the House of Representatives, the President of the Senate, and the respective community affairs committees of the Senate and the House of Representatives. The first report shall be submitted by December 31, 2004, and subsequent reports shall be submitted every 5 years thereafter. At least 9 months before the due date of each report, the Secretary of Community Affairs shall appoint a technical committee of at least 15 members to assist in the preparation of the report. The membership of the technical committee shall consist of representatives of local governments, regional planning councils, the private sector, and environmental organizations. The report shall assess the effectiveness of the evaluation and appraisal report process.~~

~~(14) The requirement of subsection (10) prohibiting a local government from adopting amendments to the local comprehensive plan until the evaluation and appraisal report update amendments have been adopted and transmitted to the state land planning agency does not apply to a plan amendment proposed for adoption by the appropriate local government as defined in s. 163.3178(2)(k) in order to integrate a port comprehensive master plan with the coastal management element of the local comprehensive plan as required by s. 163.3178(2)(k) if the port comprehensive master plan or the proposed plan amendment does not cause or contribute to the failure of the local government to comply with the requirements of the evaluation and appraisal report.~~

Section 21. Paragraph (b) of subsection (2) of section 163.3217, Florida Statutes, is amended to read:

163.3217 Municipal overlay for municipal incorporation.—

(2) PREPARATION, ADOPTION, AND AMENDMENT OF THE MUNICIPAL OVERLAY.—

(b)~~1.~~ A municipal overlay shall be adopted as an amendment to the local government comprehensive plan as prescribed by s. 163.3184.

~~2. A county may consider the adoption of a municipal overlay without regard to the provisions of s. 163.3187(1) regarding the frequency of adoption of amendments to the local comprehensive plan.~~

Section 22. Subsection (3) of section 163.3220, Florida Statutes, is amended to read:

163.3220 Short title; legislative intent.—

(3) In conformity with, in furtherance of, and to implement the *Community* ~~Local Government Comprehensive~~ Planning ~~and Land Development Regulation~~ Act and the Florida State Comprehensive Planning Act of 1972, it is the intent of the Legislature to encourage a stronger commitment to comprehensive and capital facilities planning, ensure the provision of adequate public facilities for development, encourage the efficient use of resources, and reduce the economic cost of development.

Section 23. Subsections (2) and (11) of section 163.3221, Florida Statutes, are amended to read:

163.3221 Florida Local Government Development Agreement Act; definitions.—As used in ss. 163.3220-163.3243:

(2) "Comprehensive plan" means a plan adopted pursuant to the *Community* ~~"Local Government Comprehensive~~ Planning ~~and Land Development Regulation~~ Act.~~"~~

(11) "Local planning agency" means the agency designated to prepare a comprehensive plan or plan amendment pursuant to the *Community* ~~"Florida Local Government Comprehensive~~ Planning ~~and Land Development Regulation~~ Act.~~"~~

Section 24. Section 163.3229, Florida Statutes, is amended to read:

163.3229 Duration of a development agreement and relationship to local comprehensive plan.—The duration of a development agreement *may* ~~shall~~ not exceed *30* ~~20~~ years*, unless it is*~~. It may be~~ extended by mutual consent of the governing body and the developer, subject to a public hearing in accordance with s. 163.3225. No development agreement shall be effective or be implemented by a local government unless the local government's comprehensive plan and plan amendments implementing or related to the agreement are ~~found~~ in compliance ~~by the state land planning agency in accordance~~ with s. 163.3184~~, s. 163.3187, or s. 163.3189~~.

Section 25. Section 163.3235, Florida Statutes, is amended to read:

163.3235 Periodic review of a development agreement.—A local government shall review land subject to a development agreement at least once every 12 months to determine if there has been demonstrated good faith compliance with the terms of the development agreement. ~~For each annual review conducted during years 6 through 10 of a development agreement, the review shall be incorporated into a written report which shall be submitted to the parties to the agreement and the state land planning agency. The state land planning agency shall adopt rules regarding the contents of the report, provided that the report shall be limited to the information sufficient to determine the extent to which the parties are proceeding in good faith to comply with the terms of the development agreement.~~ If the local government finds, on the basis of substantial competent evidence, that there has been a failure to comply with the terms of the development agreement, the agreement may be revoked or modified by the local government.

Section 26. Section 163.3239, Florida Statutes, is amended to read:

163.3239 Recording and effectiveness of a development agreement.—Within 14 days after a local government enters into a development agreement, the local government shall record the agreement with the clerk of the circuit court in the county where the local government is located. ~~A copy of the recorded development agreement shall be submitted to the state land planning agency within 14 days after the agreement is recorded.~~ A development agreement *is* ~~shall~~ not ~~be~~ effective until it is properly recorded in the public records of the county ~~and until 30 days after having been received by the state land planning agency pursuant to this section~~. The burdens of the development agreement shall be binding upon, and the benefits of the agreement shall inure to, all successors in interest to the parties to the agreement.

Section 27. Section 163.3243, Florida Statutes, is amended to read:

163.3243 Enforcement.—Any party *or*~~, any~~ aggrieved or adversely affected person as defined in s. 163.3215(2)~~, or the state land planning agency~~ may file an action for injunctive relief in the circuit court where the local government is located to enforce the terms of a development agreement or to challenge compliance of the agreement with ~~the provisions of~~ ss. 163.3220-163.3243.

Section 28. Section 163.3245, Florida Statutes, is amended to read:

163.3245 ~~Optional~~ Sector plans.—

(1) In recognition of the benefits of ~~conceptual~~ long-range planning for ~~the buildout of an area, and detailed planning for~~ specific areas, ~~as a demonstration project, the requirements of s. 380.06 may be addressed as identified by this section for up to five~~ local governments or combinations of local governments *may* ~~which~~ adopt into *their* ~~the~~ comprehensive *plans a* ~~plan an optional~~ sector plan in accordance with this section. This section is intended to *promote and encourage long-term planning for conservation, development, and agriculture on a landscape scale; to* further the intent of s. 163.3177(11), which supports innovative and flexible planning and development strategies, and the purposes of this part~~,~~ and part I of chapter 380*; to facilitate protection of regionally significant resources, including, but not limited to, regionally significant water courses and wildlife corridors;*~~,~~ and to avoid duplication of effort in terms of the level of data and analysis required for a development of regional impact, while ensuring the adequate mitigation of impacts to applicable regional resources and facilities, including those within the jurisdiction of other local governments, as would otherwise be provided. ~~Optional~~ Sector plans are intended for substantial geographic areas *that include* ~~including~~ at least *15,000* ~~5,000~~ acres of one or more local governmental jurisdictions and are to emphasize urban form and protection of regionally significant resources and *public* facilities. *A* ~~The state land planning agency may approve optional sector plans of less than 5,000 acres based on local circumstances if it is determined that the plan would further the purposes of this part and part I of chapter 380. Preparation of an optional sector plan is authorized by agreement between the state land planning agency and the applicable local governments under s. 163.3171(4). An optional sector plan may be adopted through one or more comprehensive plan amendments under s. 163.3184. However, an optional~~ sector plan may not be *adopted* ~~authorized~~ in an area of critical state concern.

(2) *Upon the request of a local government having jurisdiction,* ~~The state land planning agency may enter into an agreement to authorize preparation of an optional sector plan upon the request of one or more local governments based on consideration of problems and opportunities presented by existing development trends; the effectiveness of current comprehensive plan provisions; the potential to further the state comprehensive plan, applicable strategic regional policy plans, this part, and part I of chapter 380; and those factors identified by s. 163.3177(10)(i).~~ the applicable regional planning council shall conduct a scoping meeting with affected local governments and those agencies identified in s. 163.3184*(1)(c)*~~(4)~~ before *preparation of the sector plan* ~~execution of the agreement authorized by this section~~. The purpose of this meeting is to assist the state land planning agency and the local government in the identification of the relevant planning issues to be addressed and the data and resources available to assist in the preparation of *the sector plan* ~~subsequent plan amendments~~. *If a scoping meeting is conducted,* the regional planning council shall make written recommendations to the state land planning agency and affected local governments *on the issues requested by the local government. The scoping meeting shall be noticed and open to the public. If the entire planning area proposed for the sector plan is within the jurisdiction of two or more local governments, some or all of them may enter into a joint planning agreement pursuant to s. 163.3171 with respect to*~~, including whether a sustainable sector plan would be appropriate. The agreement must define~~ the geographic area to be subject to the sector plan, the planning issues that will be emphasized, *procedures* ~~requirements~~ for intergovernmental coordination to address extrajurisdictional impacts, supporting application materials including data and analysis, ~~and~~ procedures for public participation*, or other issues*. ~~An agreement may address previously adopted sector plans that are consistent with the standards in this section. Before executing an agreement under this subsection, the local government shall hold a duly noticed public workshop to review and explain to the public the optional sector planning process and the terms and conditions of the proposed agreement. The local government shall hold a duly noticed public hearing to execute the agreement. All meetings between the department and the local government must be open to the public.~~

(3) ~~Optional~~ Sector planning encompasses two levels: adoption *pursuant to* ~~under~~ s. 163.3184 of a ~~conceptual~~ long-term *master plan for the entire planning area as part of the comprehensive plan, and adoption by local development order of two or more* ~~buildout overlay to the comprehensive plan, having no immediate effect on the issuance of development orders or the applicability of s. 380.06, and adoption under s. 163.3184 of~~ detailed specific area plans that implement the ~~conceptual~~ long-term *master plan* ~~buildout overlay and authorize issuance of development orders,~~ and within which s. 380.06 is waived. ~~Until such time as a detailed specific area plan is adopted, the underlying future land use designations apply.~~

(a) In addition to the other requirements of this chapter, a *long-term master plan pursuant to this section* ~~conceptual long-term buildout overlay~~ must include *maps, illustrations, and text supported by data and analysis to address the following*:

1. A ~~long-range conceptual~~ framework map that*,* at a minimum*, generally depicts* ~~identifies anticipated~~ areas of urban, agricultural, rural, and conservation land use*, identifies allowed uses in various parts of the planning area, specifies maximum and minimum densities and intensities of use, and provides the general framework for the development pattern in developed areas with graphic illustrations based on a hierarchy of places and functional place-making components*.

2. A general identification of the water supplies needed and available sources of water, including water resource development and water supply development projects, and water conservation measures needed to meet the projected demand of the future land uses in the long-term master plan.

3. A general identification of the transportation facilities to serve the future land uses in the long-term master plan, including guidelines to be used to establish each modal component intended to optimize mobility.

4. ~~2.~~ *A general* identification of *other* regionally significant public facilities ~~consistent with chapter 9J-2, Florida Administrative Code, irrespective of local governmental jurisdiction~~ necessary to support ~~buildout of~~ the ~~anticipated~~ future land uses*, which may include central utilities provided onsite within the planning area, and policies setting forth the procedures to be used to mitigate the impacts of future land uses on public facilities*.

5. ~~3.~~ *A general* identification of regionally significant natural resources *within the planning area based on the best available data and policies setting forth the procedures for protection or conservation of specific resources consistent with the overall conservation and development strategy for the planning area* ~~consistent with chapter 9J-2, Florida Administrative Code~~.

6. ~~4.~~ *General* principles and guidelines *addressing* ~~that address~~ the urban form and *the* interrelationships of ~~anticipated~~ future land uses*; the protection and, as appropriate, restoration and management of lands identified for permanent preservation through recordation of conservation easements consistent with s. 704.06, which shall be phased or staged in coordination with detailed specific area plans to reflect phased or staged development within the planning area;* ~~and a discussion, at the applicant's option, of the extent, if any, to which the plan will address restoring key ecosystems,~~ achieving a more clean, healthy environment*;* ~~,~~ limiting urban sprawl*; providing a range of housing types;* ~~,~~ protecting wildlife and natural areas*;* ~~,~~ advancing the efficient use of land and other resources*;* ~~, and~~ creating quality communities *of a design that promotes travel by multiple transportation modes;* and *enhancing the prospects for the creation of* jobs.

7. ~~5.~~ Identification of general procedures *and policies* to *facilitate* ~~ensure~~ intergovernmental coordination to address extrajurisdictional impacts from the *future land uses* ~~long-range conceptual framework map~~.

A long-term master plan adopted pursuant to this section may be based upon a planning period longer than the generally applicable planning period of the local comprehensive plan, shall specify the projected population within the planning area during the chosen planning period, and may include a phasing or staging schedule that allocates a portion of the local government's future growth to the planning area through the planning period. A long-term master plan adopted pursuant to this section is not required to demonstrate need based upon projected population growth or on any other basis.

(b) In addition to the other requirements of this chapter, ~~including those in paragraph (a),~~ the detailed specific area plans *shall be consistent with the long-term master plan and* must include *conditions and commitments that provide for*:

1. *Development or conservation of* an area of ~~adequate size to accommodate a level of development which achieves a functional relationship between a full range of land uses within the area and to encompass~~ at least 1,000 acres *consistent with the long-term master plan*. The *local government* ~~state land planning agency~~ may approve detailed specific area plans of less than 1,000 acres based on local circumstances if it is determined that the *detailed specific area* plan furthers the purposes of this part and part I of chapter 380.

2. Detailed identification and analysis of the *maximum and minimum densities and intensities of use and the* distribution, extent, and location of future land uses.

3. Detailed identification of water resource development and water supply development projects and related infrastructure and water conservation measures to address water needs of development in the detailed specific area plan.

4. Detailed identification of the transportation facilities to serve the future land uses in the detailed specific area plan.

5. ~~3.~~ Detailed identification of *other* regionally significant public facilities, including public facilities outside the jurisdiction of the host local government, ~~anticipated~~ impacts of future land uses on those facilities, and required improvements consistent with *the long-term master plan* ~~chapter 9J-2, Florida Administrative Code~~.

6. ~~4.~~ Public facilities necessary *to serve development in the detailed specific area plan* ~~for the short term~~, including developer contributions in a ~~financially feasible~~ 5-year capital improvement schedule of the affected local government.

7. ~~5.~~ Detailed analysis and identification of specific measures to *ensure* ~~assure~~ the protection *and, as appropriate, restoration and management of lands within the boundary of the detailed specific area plan identified for permanent preservation through recordation of conservation easements consistent with s. 704.06, which easements shall be effective before or concurrent with the effective date of the detailed specific area plan* ~~of regionally significant natural resources~~ and other important resources both within and outside the host jurisdiction~~, including those regionally significant resources identified in chapter 9J-2, Florida Administrative Code~~.

8. ~~6.~~ *Detailed* principles and guidelines *addressing* ~~that address~~ the urban form and *the* interrelationships of ~~anticipated~~ future land uses*;* ~~and a discussion, at the applicant's option, of the extent, if any, to which the plan will address restoring key ecosystems,~~ achieving a more clean, healthy environment*;* ~~,~~ limiting urban sprawl*; providing a range of housing types;* ~~,~~ protecting wildlife and natural areas*;* ~~,~~ advancing the efficient use of land and other resources*;* ~~, and~~ creating quality communities *of a design that promotes travel by multiple transportation modes;* and *enhancing the prospects for the creation of* jobs.

9. ~~7.~~ Identification of specific procedures to *facilitate* ~~ensure~~ intergovernmental coordination to address extrajurisdictional impacts *from* ~~of~~ the detailed specific area plan.

A detailed specific area plan adopted by local development order pursuant to this section may be based upon a planning period longer than the generally applicable planning period of the local comprehensive plan and shall specify the projected population within the specific planning area during the chosen planning period. A detailed specific area plan adopted pursuant to this section is not required to demonstrate need based upon projected population growth or on any other basis. All lands identified in the long-term master plan for permanent preservation shall be subject to a recorded conservation easement consistent with s. 704.06 before or concurrent with the effective date of the final detailed specific area plan to be approved within the planning area.

(c) In its review of a long-term master plan, the state land planning agency shall consult with the Department of Agriculture and Consumer Services, the Department of Environmental Protection, the Fish and Wildlife Conservation Commission, and the applicable water management district regarding the design of areas for protection and conservation of regionally significant natural resources and for the protection and, as appropriate, restoration and management of lands identified for permanent preservation. (d) In its review of a long-term master plan, the state land planning agency shall consult with the Department of Transportation, the applicable metropolitan planning organization, and any urban transit agency regarding the location, capacity, design, and phasing or staging of major transportation facilities in the planning area.

(e) Whenever a local government issues a development order approving a detailed specific area plan, a copy of such order shall be rendered to the state land planning agency and the owner or developer of the property affected by such order, as prescribed by rules of the state land planning agency for a development order for a development of regional impact. Within 45 days after the order is rendered, the owner, the developer, or the state land planning agency may appeal the order to the Florida Land and Water Adjudicatory Commission by filing a petition alleging that the detailed specific area plan is not consistent with the comprehensive plan or with the long-term master plan adopted pursuant to this section. The appellant shall furnish a copy of the petition to the opposing party, as the case may be, and to the local government that issued the order. The filing of the petition stays the effectiveness of the order until after completion of the appeal process. However, if a development order approving a detailed specific area plan has been challenged by an aggrieved or adversely affected party in a judicial proceeding pursuant to s. 163.3215, and a party to such proceeding serves notice to the state land planning agency, the state land planning agency shall dismiss its appeal to the commission and shall have the right to intervene in the pending judicial proceeding pursuant to s. 163.3215. Proceedings for administrative review of an

order approving a detailed specific area plan shall be conducted consistent with s. 380.07(6). The commission shall issue a decision granting or denying permission to develop pursuant to the long-term master plan and the standards of this part and may attach conditions or restrictions to its decisions.

(f)~~(e)~~ This subsection *does* ~~may~~ not ~~be construed to~~ prevent preparation and approval of the ~~optional~~ sector plan and detailed specific area plan concurrently or in the same submission.

(4) *Upon the long-term master plan becoming legally effective:*

(a) Any long-range transportation plan developed by a metropolitan planning organization pursuant to s. 339.175(7) must be consistent, to the maximum extent feasible, with the long-term master plan, including, but not limited to, the projected population and the approved uses and densities and intensities of use and their distribution within the planning area. The transportation facilities identified in adopted plans pursuant to subparagraphs (3)(a)3. and (b)4. must be developed in coordination with the adopted M.P.O. long-range transportation plan.

(b) The water needs, sources and water resource development, and water supply development projects identified in adopted plans pursuant to subparagraphs (3)(a)2. and (b)3. shall be incorporated into the applicable district and regional water supply plans adopted in accordance with ss. 373.036 and 373.709. Accordingly, and notwithstanding the permit durations stated in s. 373.236, an applicant may request and the applicable district may issue consumptive use permits for durations commensurate with the long-term master plan or detailed specific area plan, considering the ability of the master plan area to contribute to regional water supply availability and the need to maximize reasonable-beneficial use of the water resource. The permitting criteria in s. 373.223 shall be applied based upon the projected population and the approved densities and intensities of use and their distribution in the long-term master plan; however, the allocation of the water may be phased over the permit duration to correspond to actual projected needs. This paragraph does not supersede the public interest test set forth in s. 373.223. ~~The host local government shall submit a monitoring report to the state land planning agency and applicable regional planning council on an annual basis after adoption of a detailed specific area plan. The annual monitoring report must provide summarized information on development orders issued, development that has occurred, public facility improvements made, and public facility improvements anticipated over the upcoming 5 years.~~

(5) When ~~a plan amendment adopting~~ a detailed specific area plan has become effective *for a portion of the planning area governed by a long-term master plan adopted pursuant to this section* ~~under ss. 163.3184 and 163.3189(2), the provisions of~~ s. 380.06 *does* ~~do~~ not apply to development within the geographic area of the detailed specific area plan. However, any development-of-regional-impact development order that is vested from the detailed specific area plan may be enforced *pursuant to* ~~under~~ s. 380.11.

(a) The local government adopting the detailed specific area plan is primarily responsible for monitoring and enforcing the detailed specific area plan. Local governments *may* ~~shall~~ not issue any permits or approvals or provide any extensions of services to development that are not consistent with the detailed *specific* ~~sector~~ area plan.

(b) If the state land planning agency has reason to believe that a violation of any detailed specific area plan~~, or of any agreement entered into under this section,~~ has occurred or is about to occur, it may institute an administrative or judicial proceeding to prevent, abate, or control the conditions or activity creating the violation, using the procedures in s. 380.11.

(c) In instituting an administrative or judicial proceeding involving *a* ~~an optional~~ sector plan or detailed specific area plan, including a proceeding pursuant to paragraph (b), the complaining party shall comply with the requirements of s. 163.3215(4), (5), (6), and (7)*, except as provided by paragraph (3)(e).*

(d) The detailed specific area plan shall establish a buildout date until which the approved development is not subject to downzoning, unit density reduction, or intensity reduction, unless the local government can demonstrate that implementation of the plan is not continuing in good faith based on standards established by plan policy, that substantial changes in the conditions underlying the approval of the detailed specific area plan have occurred, that the detailed specific area plan was based on substantially inaccurate information provided by the applicant, or that the change is clearly established to be essential to the public health, safety, or welfare.

(6) Concurrent with or subsequent to review and adoption of a long-term master plan pursuant to paragraph (3)(a), an applicant may apply for master development approval pursuant to s. 380.06(21) for the entire planning area in order to establish a buildout date until which the approved uses and densities and intensities of use of the master plan are not subject to downzoning, unit density reduction, or intensity reduction, unless the local government can demonstrate that implementation of the master plan is not continuing in good faith based on standards established by plan policy, that substantial changes in the conditions underlying the approval of the master plan have occurred, that the master plan was based on substantially inaccurate information provided by the applicant, or that change is clearly established to be essential to the public health, safety, or welfare. Review of the application for master development approval shall be at a level of detail appropriate for the long-term and conceptual nature of the long-term master plan and, to the maximum extent possible, may only consider information provided in the application for a long-term master plan. Notwithstanding s. 380.06, an increment of development in such an approved master development plan must be approved by a detailed specific area plan pursuant to paragraph (3)(b) and is exempt from review pursuant to s. 380.06.

~~(6) Beginning December 1, 1999, and each year thereafter, the department shall provide a status report to the Legislative Committee on Intergovernmental Relations regarding each optional sector plan authorized under this section.~~

(7) A developer within an area subject to a long-term master plan that meets the requirements of paragraph (3)(a) and subsection (6) or a detailed specific area plan that meets the requirements of paragraph (3)(b) may enter into a development agreement with a local government pursuant to ss. 163.3220-163.3243. The duration of such a development agreement may be through the planning period of the long-term master plan or the detailed specific area plan, as the case may be, notwithstanding the limit on the duration of a development agreement pursuant to s. 163.3229.

(8) Any owner of property within the planning area of a proposed long-term master plan may withdraw his consent to the master plan at any time prior to local government adoption, and the local government shall exclude such parcels from the adopted master plan. Thereafter, the long-term master plan, any detailed specific area plan, and the exemption from development-of-regional-impact review under this section do not apply to the subject parcels. After adoption of a long-term master plan, an owner may withdraw his or her property from the master plan only with the approval of the local government by plan amendment adopted and reviewed pursuant to s. 163.3184.

(9) The adoption of a long-term master plan or a detailed specific area plan pursuant to this section does not limit the right to continue existing agricultural or silvicultural uses or other natural resource-based operations or to establish similar new uses that are consistent with the plans approved pursuant to this section.

(10) The state land planning agency may enter into an agreement with a local government that, on or before July 1, 2011, adopted a large-area comprehensive plan amendment consisting of at least 15,000 acres that meets the requirements for a long-term master plan in paragraph (3)(a), after notice and public hearing by the local government, and thereafter, notwithstanding s. 380.06, this part, or any planning agreement or plan policy, the large-area plan shall be implemented through detailed specific area plans that meet the requirements of paragraph (3)(b) and shall otherwise be subject to this section.

(11) Notwithstanding this section, a detailed specific area plan to implement a conceptual long-term buildout overlay, adopted by a local government and found in compliance before July 1, 2011, shall be governed by this section.

(12) Notwithstanding s. 380.06, this part, or any planning agreement or plan policy, a landowner or developer who has received approval of a master development-of-regional-impact development order pursuant to s. 380.06(21) may apply to implement this order by filing one or more ap-

plications to approve a detailed specific area plan pursuant to paragraph (3)(b).

(13)~~(7)~~ This section may not be construed to abrogate the rights of any person under this chapter.

Section 29. Subsections (9), (12), and (14) of section 163.3246, Florida Statutes, are amended to read:

163.3246 Local government comprehensive planning certification program.—

(9)(a) Upon certification all comprehensive plan amendments associated with the area certified must be adopted and reviewed in the manner described in *s.* ~~ss.~~ 163.3184*(5)-(11)*~~(1), (2), (7), (14), (15), and (16) and 163.3187~~, such that state and regional agency review is eliminated. *Plan amendments that qualify as small scale development amendments may follow the small scale review process in s. 163.3187.* The department may not issue any objections, recommendations, and comments report on proposed plan amendments or a notice of intent on adopted plan amendments; however, affected persons, as defined by s. 163.3184(1)(a), may file a petition for administrative review pursuant to the requirements of s. *163.3184(5)* ~~163.3187(3)(a)~~ to challenge the compliance of an adopted plan amendment.

(b) Plan amendments that change the boundaries of the certification area; propose a rural land stewardship area pursuant to s. *163.3248* ~~163.3177(11)(d)~~; propose *a* ~~an optional~~ sector plan pursuant to s. 163.3245; ~~propose a school facilities element;~~ update a comprehensive plan based on an evaluation and appraisal *review* ~~report~~; impact lands outside the certification boundary; implement new statutory requirements that require specific comprehensive plan amendments; or increase hurricane evacuation times or the need for shelter capacity on lands within the coastal high-hazard area shall be reviewed pursuant to *s.* ~~ss.~~ 163.3184 ~~and 163.3187~~.

(12) A local government's certification shall be reviewed by the local government and the department as part of the evaluation and appraisal process pursuant to s. 163.3191. Within 1 year after the deadline for the local government to update its comprehensive plan based on the evaluation and appraisal report, the department shall renew or revoke the certification. The local government's ~~failure to adopt a timely evaluation and appraisal report, failure to adopt an evaluation and appraisal report found to be sufficient, or~~ failure to timely adopt *necessary* amendments *to update its comprehensive plan* based on an evaluation and appraisal*, which are* ~~report~~ found to be in compliance by the department*,* shall be cause for revoking the certification agreement. The department's decision to renew or revoke shall be considered agency action subject to challenge under s. 120.569.

~~(14) The Office of Program Policy Analysis and Government Accountability shall prepare a report evaluating the certification program, which shall be submitted to the Governor, the President of the Senate, and the Speaker of the House of Representatives by December 1, 2007.~~

Section 30. *Section 163.32465, Florida Statutes, is repealed.*

Section 31. Subsection (6) is added to section 163.3247, Florida Statutes, to read:

163.3247 Century Commission for a Sustainable Florida.—

(6) EXPIRATION.-This section is repealed and the commission is abolished June 30, 2013.

Section 32. Section 163.3248, Florida Statutes, is created to read:

163.3248 Rural land stewardship areas.—

(1) Rural land stewardship areas are designed to establish a long-term incentive based strategy to balance and guide the allocation of land so as to accommodate future land uses in a manner that protects the natural environment, stimulate economic growth and diversification, and encourage the retention of land for agriculture and other traditional rural land uses.

(2) Upon written request by one or more landowners of the subject lands to designate lands as a rural land stewardship area, or pursuant to a private-sector-initiated comprehensive plan amendment filed by, or with the consent of the owners of the subject lands, local governments may adopt a future land use overlay to designate all or portions of lands classified in the future land use element as predominantly agricultural, rural, open, open-rural, or a substantively equivalent land use, as a rural land stewardship area within which planning and economic incentives are applied to encourage the implementation of innovative and flexible planning and development strategies and creative land use planning techniques to support a diverse economic and employment base. The future land use overlay may not require a demonstration of need based on population projections or any other factors.

(3) Rural land stewardship areas may be used to further the following broad principles of rural sustainability: restoration and maintenance of the economic value of rural land; control of urban sprawl; identification and protection of ecosystems, habitats, and natural resources; promotion and diversification of economic activity and employment opportunities within the rural areas; maintenance of the viability of the state's agricultural economy; and protection of private property rights in rural areas of the state. Rural land stewardship areas may be multicounty in order to encourage coordinated regional stewardship planning.

(4) A local government or one or more property owners may request assistance and participation in the development of a plan for the rural land stewardship area from the state land planning agency, the Department of Agriculture and Consumer Services, the Fish and Wildlife Conservation Commission, the Department of Environmental Protection, the appropriate water management district, the Department of Transportation, the regional planning council, private land owners, and stakeholders.

(5) A rural land stewardship area shall be not less than 10,000 acres, shall be located outside of municipalities and established urban service areas, and shall be designated by plan amendment by each local government with jurisdiction over the rural land stewardship area. The plan amendment or amendments designating a rural land stewardship area are subject to review pursuant to s. 163.3184 and shall provide for the following:

(a) Criteria for the designation of receiving areas which shall, at a minimum, provide for the following: adequacy of suitable land to accommodate development so as to avoid conflict with significant environmentally sensitive areas, resources, and habitats; compatibility between and transition from higher density uses to lower intensity rural uses; and the establishment of receiving area service boundaries that provide for a transition from receiving areas and other land uses within the rural land stewardship area through limitations on the extension of services.

(b) Innovative planning and development strategies to be applied within rural land stewardship areas pursuant to this section.

(c) A process for the implementation of innovative planning and development strategies within the rural land stewardship area, including those described in this subsection, which provide for a functional mix of land uses through the adoption by the local government of zoning and land development regulations applicable to the rural land stewardship area.

(d) A mix of densities and intensities that would not be characterized as urban sprawl through the use of innovative strategies and creative land use techniques.

(6) A receiving area may be designated only pursuant to procedures established in the local government's land development regulations. If receiving area designation requires the approval of the county board of county commissioners, such approval shall be by resolution with a simple majority vote. Before the commencement of development within a stewardship receiving area, a listed species survey must be performed for the area proposed for development. If listed species occur on the receiving area development site, the applicant must coordinate with each appropriate local, state, or federal agency to determine if adequate provisions have been made to protect those species in accordance with applicable regulations. In determining the adequacy of provisions for the protection of listed species and their habitats, the rural land stewardship area shall be considered as a whole, and the potential impacts and protective measures taken within areas to be developed as receiving areas shall be considered in conjunction with and compensated by lands set aside and protective measures taken within the designated sending areas.

(7) Upon the adoption of a plan amendment creating a rural land stewardship area, the local government shall, by ordinance, establish a rural land stewardship overlay zoning district, which shall provide the methodology for the creation, conveyance, and use of transferable rural land use credits, hereinafter referred to as stewardship credits, the assignment and application of which does not constitute a right to develop land or increase the density of land, except as provided by this section. The total amount of stewardship credits within the rural land stewardship area must enable the realization of the long-term vision and goals for the rural land stewardship area, which may take into consideration the anticipated effect of the proposed receiving areas. The estimated amount of receiving area shall be projected based on available data, and the development potential represented by the stewardship credits created within the rural land stewardship area must correlate to that amount.

(8) Stewardship credits are subject to the following limitations:

(a) Stewardship credits may exist only within a rural land stewardship area.

(b) Stewardship credits may be created only from lands designated as stewardship sending areas and may be used only on lands designated as stewardship receiving areas and then solely for the purpose of implementing innovative planning and development strategies and creative land use planning techniques adopted by the local government pursuant to this section.

(c) Stewardship credits assigned to a parcel of land within a rural land stewardship area shall cease to exist if the parcel of land is removed from the rural land stewardship area by plan amendment.

(d) Neither the creation of the rural land stewardship area by plan amendment nor the adoption of the rural land stewardship zoning overlay district by the local government may displace the underlying permitted uses or the density or intensity of land uses assigned to a parcel of land within the rural land stewardship area that existed before adoption of the plan amendment or zoning overlay district; however, once stewardship credits have been transferred from a designated sending area for use within a designated receiving area, the underlying density assigned to the designated sending area ceases to exist.

(e) The underlying permitted uses, density, or intensity on each parcel of land located within a rural land stewardship area may not be increased or decreased by the local government, except as a result of the conveyance or stewardship credits, as long as the parcel remains within the rural land stewardship area.

(f) Stewardship credits shall cease to exist on a parcel of land where the underlying density assigned to the parcel of land is used.

(g) An increase in the density or intensity of use on a parcel of land located within a designated receiving area may occur only through the assignment or use of stewardship credits and do not require a plan amendment. A change in the type of agricultural use on property within a rural land stewardship area is not considered a change in use or intensity of use and does not require any transfer of stewardship credits.

(h) A change in the density or intensity of land use on parcels located within receiving areas shall be specified in a development order that reflects the total number of stewardship credits assigned to the parcel of land and the infrastructure and support services necessary to provide for a functional mix of land uses corresponding to the plan of development.

(i) Land within a rural land stewardship area may be removed from the rural land stewardship area through a plan amendment.

(j) Stewardship credits may be assigned at different ratios of credits per acre according to the natural resource or other beneficial use characteristics of the land and according to the land use remaining after the transfer of credits, with the highest number of credits per acre assigned to the most environmentally valuable land or, in locations where the retention of open space and agricultural land is a priority, to such lands.

(k) Stewardship credits may be transferred from a sending area only after a stewardship easement is placed on the sending area land with assigned stewardship credits. A stewardship easement is a covenant or restrictive easement running with the land which specifies the allowable uses and development restrictions for the portion of a sending area from which stewardship credits have been transferred. The stewardship easement must be jointly held by the county and the Department of Environmental Protection, the Department of Agriculture and Consumer Services, a water management district, or a recognized statewide land trust.

(9) Owners of land within rural land stewardship sending areas should be provided other incentives, in addition to the use or conveyance of stewardship credits, to enter into rural land stewardship agreements, pursuant to existing law and rules adopted thereto, with state agencies, water management districts, the Fish and Wildlife Conservation Commission, and local governments to achieve mutually agreed upon objectives. Such incentives may include, but are not limited to, the following:

(a) Opportunity to accumulate transferable wetland and species habitat mitigation credits for use or sale.

(b) Extended permit agreements.

(c) Opportunities for recreational leases and ecotourism.

(d) Compensation for the achievement of specified land management activities of public benefit, including, but not limited to, facility siting and corridors, recreational leases, water conservation and storage, water reuse, wastewater recycling, water supply and water resource development, nutrient reduction, environmental restoration and mitigation, public recreation, listed species protection and recovery, and wildlife corridor management and enhancement.

(e) Option agreements for sale to public entities or private land conservation entities, in either fee or easement, upon achievement of specified conservation objectives.

(10) This section constitutes an overlay of land use options that provide economic and regulatory incentives for landowners outside of established and planned urban service areas to conserve and manage vast areas of land for the benefit of the state's citizens and natural environment while maintaining and enhancing the asset value of their landholdings. It is the intent of the Legislature that this section be implemented pursuant to law and rulemaking is not authorized.

(11) It is the intent of the Legislature that the rural land stewardship area located in Collier County, which was established pursuant to the requirements of a final order by the Governor and Cabinet, duly adopted as a growth management plan amendment by Collier County, and found in compliance with this chapter, be recognized as a statutory rural land stewardship area and be afforded the incentives in this section.

Section 33. Paragraph (a) of subsection (2) of section 163.360, Florida Statutes, is amended to read:

163.360 Community redevelopment plans.—

(2) The community redevelopment plan shall:

(a) Conform to the comprehensive plan for the county or municipality as prepared by the local planning agency under the *Community* ~~Local Government Comprehensive~~ Planning ~~and Land Development Regulation~~ Act.

Section 34. Paragraph (a) of subsection (3) and subsection (8) of section 163.516, Florida Statutes, are amended to read:

163.516 Safe neighborhood improvement plans.—

(3) The safe neighborhood improvement plan shall:

(a) Be consistent with the adopted comprehensive plan for the county or municipality pursuant to the *Community* ~~Local Government Comprehensive~~ Planning ~~and Land Development Regulation~~ Act. No district plan shall be implemented unless the local governing body has determined said plan is consistent.

(8) Pursuant to *s.* ~~ss.~~ 163.3184~~, 163.3187, and 163.3189~~, the governing body of a municipality or county shall hold two public hearings to consider the board-adopted safe neighborhood improvement plan as an amendment or modification to the municipality's or county's adopted local comprehensive plan.

Section 35. Paragraph (f) of subsection (6), subsection (9), and paragraph (c) of subsection (11) of section 171.203, Florida Statutes, are amended to read:

171.203 Interlocal service boundary agreement.—The governing body of a county and one or more municipalities or independent special districts within the county may enter into an interlocal service boundary agreement under this part. The governing bodies of a county, a municipality, or an independent special district may develop a process for reaching an interlocal service boundary agreement which provides for public participation in a manner that meets or exceeds the requirements of subsection (13), or the governing bodies may use the process established in this section.

(6) An interlocal service boundary agreement may address any issue concerning service delivery, fiscal responsibilities, or boundary adjustment. The agreement may include, but need not be limited to, provisions that:

(f) Establish a process for land use decisions consistent with part II of chapter 163, including those made jointly by the governing bodies of the county and the municipality, or allow a municipality to adopt land use changes consistent with part II of chapter 163 for areas that are scheduled to be annexed within the term of the interlocal agreement; however, the county comprehensive plan and land development regulations shall control until the municipality annexes the property and amends its comprehensive plan accordingly. ~~Comprehensive plan amendments to incorporate the process established by this paragraph are exempt from the twice per year limitation under s. 163.3187.~~

(9) Each local government that is a party to the interlocal service boundary agreement shall amend the intergovernmental coordination element of its comprehensive plan, as described in s. 163.3177(6)(h)1., no later than 6 months following entry of the interlocal service boundary agreement consistent with s. 163.3177(6)(h)1. ~~Plan amendments required by this subsection are exempt from the twice per year limitation under s. 163.3187.~~

(11)

~~(c) Any amendment required by paragraph (a) is exempt from the twice per year limitation under s. 163.3187.~~

Section 36. Section 186.513, Florida Statutes, is amended to read:

186.513 Reports.—Each regional planning council shall prepare and furnish an annual report on its activities to the state land planning agency as defined in s. 163.3164~~(20)~~ and the local general-purpose governments within its boundaries and, upon payment as may be established by the council, to any interested person. The regional planning councils shall make a joint report and recommendations to appropriate legislative committees.

Section 37. Section 186.515, Florida Statutes, is amended to read:

186.515 Creation of regional planning councils under chapter 163.—Nothing in ss. 186.501-186.507, 186.513, and 186.515 is intended to repeal or limit the provisions of chapter 163; however, the local general-purpose governments serving as voting members of the governing body of a regional planning council created pursuant to ss. 186.501-186.507, 186.513, and 186.515 are not authorized to create a regional planning council pursuant to chapter 163 unless an agency, other than a regional planning council created pursuant to ss. 186.501-186.507, 186.513, and 186.515, is designated to exercise the powers and duties in any one or more of ss. 163.3164~~(19)~~ and 380.031(15); in which case, such a regional planning council is also without authority to exercise the powers and duties in s. 163.3164~~(19)~~ or s. 380.031(15).

Section 38. Subsection (1) of section 189.415, Florida Statutes, is amended to read:

189.415 Special district public facilities report.—

(1) It is declared to be the policy of this state to foster coordination between special districts and local general-purpose governments as those local general-purpose governments develop comprehensive plans under the *Community* ~~Local Government Comprehensive~~ Planning ~~and Land Development Regulation~~ Act, pursuant to part II of chapter 163.

Section 39. Subsection (3) of section 190.004, Florida Statutes, is amended to read:

190.004 Preemption; sole authority.—

(3) The establishment of an independent community development district as provided in this act is not a development order within the meaning of chapter 380. All governmental planning, environmental, and land development laws, regulations, and ordinances apply to all development of the land within a community development district. Community development districts do not have the power of a local government to adopt a comprehensive plan, building code, or land development code, as those terms are defined in the *Community* ~~Local Government Comprehensive~~ Planning ~~and Land Development Regulation~~ Act. A district shall take no action which is inconsistent with applicable comprehensive plans, ordinances, or regulations of the applicable local general-purpose government.

Section 40. Paragraph (a) of subsection (1) of section 190.005, Florida Statutes, is amended to read:

190.005 Establishment of district.—

(1) The exclusive and uniform method for the establishment of a community development district with a size of 1,000 acres or more shall be pursuant to a rule, adopted under chapter 120 by the Florida Land and Water Adjudicatory Commission, granting a petition for the establishment of a community development district.

(a) A petition for the establishment of a community development district shall be filed by the petitioner with the Florida Land and Water Adjudicatory Commission. The petition shall contain:

1. A metes and bounds description of the external boundaries of the district. Any real property within the external boundaries of the district which is to be excluded from the district shall be specifically described, and the last known address of all owners of such real property shall be listed. The petition shall also address the impact of the proposed district on any real property within the external boundaries of the district which is to be excluded from the district.

2. The written consent to the establishment of the district by all landowners whose real property is to be included in the district or documentation demonstrating that the petitioner has control by deed, trust agreement, contract, or option of 100 percent of the real property to be included in the district, and when real property to be included in the district is owned by a governmental entity and subject to a ground lease as described in s. 190.003(14), the written consent by such governmental entity.

3. A designation of five persons to be the initial members of the board of supervisors, who shall serve in that office until replaced by elected members as provided in s. 190.006.

4. The proposed name of the district.

5. A map of the proposed district showing current major trunk water mains and sewer interceptors and outfalls if in existence.

6. Based upon available data, the proposed timetable for construction of the district services and the estimated cost of constructing the proposed services. These estimates shall be submitted in good faith but *are* ~~shall~~ not ~~be~~ binding and may be subject to change.

7. A designation of the future general distribution, location, and extent of public and private uses of land proposed for the area within the district by the future land use plan element of the effective local government comprehensive plan of which all mandatory elements have been adopted by the applicable general-purpose local government in compliance with the *Community* ~~Local Government Comprehensive~~ Planning ~~and Land Development Regulation~~ Act.

8. A statement of estimated regulatory costs in accordance with the requirements of s. 120.541.

Section 41. Paragraph (i) of subsection (6) of section 193.501, Florida Statutes, is amended to read:

193.501 Assessment of lands subject to a conservation easement, environmentally endangered lands, or lands used for outdoor recreational or park purposes when land development rights have been conveyed or conservation restrictions have been covenanted.—

(6) The following terms whenever used as referred to in this section have the following meanings unless a different meaning is clearly indicated by the context:

(i) "Qualified as environmentally endangered" means land that has unique ecological characteristics, rare or limited combinations of geological formations, or features of a rare or limited nature constituting habitat suitable for fish, plants, or wildlife, and which, if subject to a development moratorium or one or more conservation easements or development restrictions appropriate to retaining such land or water areas predominantly in their natural state, would be consistent with the conservation, recreation and open space, and, if applicable, coastal protection elements of the comprehensive plan adopted by formal action of the local governing body pursuant to s. 163.3161, the *Community* ~~Local Government Comprehensive~~ Planning ~~and Land Development Regulation~~ Act; or surface waters and wetlands, as determined by the methodology ratified in s. 373.4211.

Section 42. Subsection (15) of section 287.042, Florida Statutes, is amended to read:

287.042 Powers, duties, and functions.—The department shall have the following powers, duties, and functions:

(15) To enter into joint agreements with governmental agencies, as defined in s. 163.3164~~(10)~~, for the purpose of pooling funds for the purchase of commodities or information technology that can be used by multiple agencies.

(a) Each agency that has been appropriated or has existing funds for such purchase, shall, upon contract award by the department, transfer their portion of the funds into the department's Operating Trust Fund for payment by the department. The funds shall be transferred by the Executive Office of the Governor pursuant to the agency budget amendment request provisions in chapter 216.

(b) Agencies that sign the joint agreements are financially obligated for their portion of the agreed-upon funds. If an agency becomes more than 90 days delinquent in paying the funds, the department shall certify to the Chief Financial Officer the amount due, and the Chief Financial Officer shall transfer the amount due to the Operating Trust Fund of the department from any of the agency's available funds. The Chief Financial Officer shall report these transfers and the reasons for the transfers to the Executive Office of the Governor and the legislative appropriations committees.

Section 43. Subsection (4) of section 288.063, Florida Statutes, is amended to read:

288.063 Contracts for transportation projects.—

(4) The Office of Tourism, Trade, and Economic Development may adopt criteria by which transportation projects are to be reviewed and certified in accordance with s. 288.061. In approving transportation projects for funding, the Office of Tourism, Trade, and Economic Development shall consider factors including, but not limited to, the cost per job created or retained considering the amount of transportation funds requested; the average hourly rate of wages for jobs created; the reliance on the program as an inducement for the project's location decision; the amount of capital investment to be made by the business; the demonstrated local commitment; the location of the project in an enterprise zone designated pursuant to s. 290.0055; the location of the project in a spaceport territory as defined in s. 331.304; the unemployment rate of the surrounding area; *and* the poverty rate of the community~~; and the adoption of an economic element as part of its local comprehensive plan in accordance with s. 163.3177(7)(j)~~. The Office of Tourism, Trade, and Economic Development may contact any agency it deems appropriate for additional input regarding the approval of projects.

Section 44. Paragraph (a) of subsection (2), subsection (10), and paragraph (d) of subsection (12) of section 288.975, Florida Statutes, are amended to read:

288.975 Military base reuse plans.—

(2) As used in this section, the term:

(a) "Affected local government" means a local government adjoining the host local government and any other unit of local government that is not a host local government but that is identified in a proposed military base reuse plan as providing, operating, or maintaining one or more public facilities as defined in s. 163.3164~~(24)~~ on lands within or serving a military base designated for closure by the Federal Government.

(10) Within 60 days after receipt of a proposed military base reuse plan, these entities shall review and provide comments to the host local government. The commencement of this review period shall be advertised in newspapers of general circulation within the host local government and any affected local government to allow for public comment. No later than 180 days after receipt and consideration of all comments, and the holding of at least two public hearings, the host local government shall adopt the military base reuse plan. The host local government shall comply with the notice requirements set forth in s. 163.3184*(11)*~~(15)~~ to ensure full public participation in this planning process.

(12) Following receipt of a petition, the petitioning party or parties and the host local government shall seek resolution of the issues in dispute. The issues in dispute shall be resolved as follows:

(d) Within 45 days after receiving the report from the state land planning agency, the Administration Commission shall take action to resolve the issues in dispute. In deciding upon a proper resolution, the Administration Commission shall consider the nature of the issues in dispute, any requests for a formal administrative hearing pursuant to chapter 120, the compliance of the parties with this section, the extent of the conflict between the parties, the comparative hardships and the public interest involved. If the Administration Commission incorporates in its final order a term or condition that requires any local government to amend its local government comprehensive plan, the local government shall amend its plan within 60 days after the issuance of the order. ~~Such amendment or amendments shall be exempt from the limitation of the frequency of plan amendments contained in s. 163.3187(1), and~~ A public hearing on such amendment or amendments pursuant to s. 163.3184*(11)*~~(15)~~(b)1. *is* ~~shall~~ not ~~be~~ required. The final order of the Administration Commission is subject to appeal pursuant to s. 120.68. If the order of the Administration Commission is appealed, the time for the local government to amend its plan shall be tolled during the pendency of any local, state, or federal administrative or judicial proceeding relating to the military base reuse plan.

Section 45. Subsection (4) of section 290.0475, Florida Statutes, is amended to read:

290.0475 Rejection of grant applications; penalties for failure to meet application conditions.—Applications received for funding under all program categories shall be rejected without scoring only in the event that any of the following circumstances arise:

(4) The application is not consistent with the local government's comprehensive plan adopted pursuant to s. 163.3184~~(7)~~.

Section 46. Paragraph (c) of subsection (3) of section 311.07, Florida Statutes, is amended to read:

311.07 Florida seaport transportation and economic development funding.—

(3)

(c) To be eligible for consideration by the council pursuant to this section, a project must be consistent with the port comprehensive master plan which is incorporated as part of the approved local government comprehensive plan as required by s. 163.3178(2)(k) or other provisions of the *Community* ~~Local Government Comprehensive~~ Planning ~~and Land Development Regulation~~ Act, part II of chapter 163.

Section 47. Subsection (1) of section 331.319, Florida Statutes, is amended to read:

331.319 Comprehensive planning; building and safety codes.—The board of directors may:

(1) Adopt, and from time to time review, amend, supplement, or repeal, a comprehensive general plan for the physical development of the area within the spaceport territory in accordance with the objectives and purposes of this act and consistent with the comprehensive plans of the applicable county or counties and municipality or municipalities adopted pursuant to the *Community* ~~Local Government Comprehensive~~ Planning ~~and Land Development Regulation~~ Act, part II of chapter 163.

Section 48. Paragraph (e) of subsection (5) of section 339.155, Florida Statutes, is amended to read:

339.155 Transportation planning.—

(5) ADDITIONAL TRANSPORTATION PLANS.—

(e) The regional transportation plan developed pursuant to this section must, at a minimum, identify regionally significant transportation facilities located within a regional transportation area and contain a prioritized list of regionally significant projects. ~~The level of service standards for facilities to be funded under this subsection shall be adopted by the appropriate local government in accordance with s. 163.3180(10).~~ The projects shall be adopted into the capital improvements schedule of the local government comprehensive plan pursuant to s. 163.3177(3).

Section 49. Paragraph (a) of subsection (4) of section 339.2819, Florida Statutes, is amended to read:

339.2819 Transportation Regional Incentive Program.—

(4)(a) Projects to be funded with Transportation Regional Incentive Program funds shall, at a minimum:

1. Support those transportation facilities that serve national, statewide, or regional functions and function as an integrated regional transportation system.

2. Be identified in the capital improvements element of a comprehensive plan that has been determined to be in compliance with part II of chapter 163, after July 1, 2005~~, or to implement a long-term concurrency management system adopted by a local government in accordance with s. 163.3180(9)~~. Further, the project shall be in compliance with local government comprehensive plan policies relative to corridor management.

3. Be consistent with the Strategic Intermodal System Plan developed under s. 339.64.

4. Have a commitment for local, regional, or private financial matching funds as a percentage of the overall project cost.

Section 50. Subsection (5) of section 369.303, Florida Statutes, is amended to read:

369.303 Definitions.—As used in this part:

(5) "Land development regulation" means a regulation covered by the definition in s. 163.3164~~(23)~~ and any of the types of regulations described in s. 163.3202.

Section 51. Subsections (5) and (7) of section 369.321, Florida Statutes, are amended to read:

369.321 Comprehensive plan amendments.—Except as otherwise expressly provided, by January 1, 2006, each local government within the Wekiva Study Area shall amend its local government comprehensive plan to include the following:

(5) Comprehensive plans and comprehensive plan amendments adopted by the local governments to implement this section shall be reviewed by the Department of Community Affairs pursuant to s. 163.3184~~, and shall be exempt from the provisions of s. 163.3187(1)~~.

(7) During the period prior to the adoption of the comprehensive plan amendments required by this act, any local comprehensive plan amendment adopted by a city or county that applies to land located within the Wekiva Study Area shall protect surface and groundwater resources and be reviewed by the Department of Community Affairs~~, pursuant to chapter 163 and chapter 9J-5, Florida Administrative Code,~~ using best available data, including the information presented to the Wekiva River Basin Coordinating Committee.

Section 52. Subsection (1) of section 378.021, Florida Statutes, is amended to read:

378.021 Master reclamation plan.—

(1) The Department of Environmental Protection shall amend the master reclamation plan that provides guidelines for the reclamation of lands mined or disturbed by the severance of phosphate rock prior to July 1, 1975, which lands are not subject to mandatory reclamation under part II of chapter 211. In amending the master reclamation plan, the Department of Environmental Protection shall continue to conduct an onsite evaluation of all lands mined or disturbed by the severance of phosphate rock prior to July 1, 1975, which lands are not subject to mandatory reclamation under part II of chapter 211. The master reclamation plan when amended by the Department of Environmental Protection shall be consistent with local government plans prepared pursuant to the *Community* ~~Local Government Comprehensive~~ Planning ~~and Land Development Regulation~~ Act.

Section 53. Subsection (10) of section 380.031, Florida Statutes, is amended to read:

380.031 Definitions.—As used in this chapter:

(10) "Local comprehensive plan" means any or all local comprehensive plans or elements or portions thereof prepared, adopted, or amended pursuant to the *Community* ~~Local Government Comprehensive~~ Planning ~~and Land Development Regulation~~ Act, as amended.

Section 54. Paragraph (d) of subsection (2), paragraph (b) of subsection (6), paragraphs (c) and (e) of subsection (19), subsection (24), paragraph (e) of subsection (28), and paragraphs (a), (d), and (e) of subsection (29) of section 380.06, Florida Statutes, are amended, and subsection (30) is added to that section, to read:

380.06 Developments of regional impact.—

(2) STATEWIDE GUIDELINES AND STANDARDS.—

(d) The guidelines and standards shall be applied as follows:

1. Fixed thresholds.—

a. A development that is below 100 percent of all numerical thresholds in the guidelines and standards shall not be required to undergo development-of-regional-impact review.

b. A development that is at or above 120 percent of any numerical threshold shall be required to undergo development-of-regional-impact review.

c. Projects certified under s. 403.973 which create at least 100 jobs and meet the criteria of the Office of Tourism, Trade, and Economic Development as to their impact on an area's economy, employment, and prevailing wage and skill levels that are at or below 100 percent of the numerical thresholds for industrial plants, industrial parks, distribution, warehousing or wholesaling facilities, office development or multiuse projects other than residential, as described in s. 380.0651(3)(c)~~, (d),~~ and *(f)*~~(h)~~, are not required to undergo development-of-regional-impact review.

2. Rebuttable presumption.—It shall be presumed that a development that is at 100 percent or between 100 and 120 percent of a numerical threshold shall be required to undergo development-of-regional-impact review.

Section 55. Paragraph (b) of subsection (6), paragraph (g) of subsection (15), paragraphs (b), (c), and (e) of subsection (19), subsection (24), paragraph (e) of subsection (28), and paragraphs (a), (d), and (e) of subsection (29) of section 380.06, Florida Statutes, are amended, and subsection (30) is added to that section, to read:

(6) APPLICATION FOR APPROVAL OF DEVELOPMENT; CONCURRENT PLAN AMENDMENTS.—

(b) Any local government comprehensive plan amendments related to a proposed development of regional impact, including any changes proposed under subsection (19), may be initiated by a local planning agency or the developer and must be considered by the local governing body at the same time as the application for development approval using the procedures provided for local plan amendment in s. 163.3187 ~~or s. 163.3189~~ and applicable local ordinances, without regard to ~~statutory or~~ local ~~ordinance~~ limits on the frequency of consideration of amendments to the local comprehensive plan. ~~Nothing in~~ This paragraph *does not* ~~shall be deemed to~~ require favorable consideration of a plan amendment solely because it is related to a development of regional impact. The procedure for processing such comprehensive plan amendments is as follows:

1. If a developer seeks a comprehensive plan amendment related to a development of regional impact, the developer must so notify in writing the regional planning agency, the applicable local government, and the state land planning agency no later than the date of preapplication conference or the submission of the proposed change under subsection (19).

2. When filing the application for development approval or the proposed change, the developer must include a written request for comprehensive plan amendments that would be necessitated by the development-of-regional-impact approvals sought. That request must include data and analysis upon which the applicable local government can determine whether to transmit the comprehensive plan amendment pursuant to s. 163.3184.

3. The local government must advertise a public hearing on the transmittal within 30 days after filing the application for development approval or the proposed change and must make a determination on the transmittal within 60 days after the initial filing unless that time is extended by the developer.

4. If the local government approves the transmittal, procedures set forth in s. 163.3184*(4)(b)-(d)*~~(3)-(6)~~ must be followed.

5. Notwithstanding subsection (11) or subsection (19), the local government may not hold a public hearing on the application for development approval or the proposed change or on the comprehensive plan amendments sooner than 30 days from receipt of the response from the state land planning agency pursuant to s. 163.3184*(4)(d)*~~(6)~~. ~~The 60-day time period for local governments to adopt, adopt with changes, or not adopt plan amendments pursuant to s. 163.3184(7) shall not apply to concurrent plan amendments provided for in this subsection.~~

6. The local government must hear both the application for development approval or the proposed change and the comprehensive plan amendments at the same hearing. However, the local government must take action separately on the application for development approval or the proposed change and on the comprehensive plan amendments.

7. Thereafter, the appeal process for the local government development order must follow the provisions of s. 380.07, and the compliance process for the comprehensive plan amendments must follow the provisions of s. 163.3184.

(15) LOCAL GOVERNMENT DEVELOPMENT ORDER.—

(g) A local government shall not issue permits for development subsequent to the buildout date contained in the development order unless:

1. The proposed development has been evaluated cumulatively with existing development under the substantial deviation provisions of subsection (19) subsequent to the termination or expiration date;

2. The proposed development is consistent with an abandonment of development order that has been issued in accordance with the provisions of subsection (26);

3. The development of regional impact is essentially built out, in that all the mitigation requirements in the development order have been satisfied, all developers are in compliance with all applicable terms and conditions of the development order except the buildout date, and the amount of proposed development that remains to be built is less than *40* ~~20~~ percent of any applicable development-of-regional-impact threshold; or

4. The project has been determined to be an essentially built-out development of regional impact through an agreement executed by the developer, the state land planning agency, and the local government, in accordance with s. 380.032, which will establish the terms and conditions under which the development may be continued. If the project is determined to be essentially built out, development may proceed pursuant to the s. 380.032 agreement after the termination or expiration date contained in the development order without further development-of-regional-impact review subject to the local government comprehensive plan and land development regulations or subject to a modified development-of-regional-impact analysis. As used in this paragraph, an "essentially built-out" development of regional impact means:

a. The developers are in compliance with all applicable terms and conditions of the development order except the buildout date; and

b.(I) The amount of development that remains to be built is less than the substantial deviation threshold specified in paragraph (19)(b) for each individual land use category, or, for a multiuse development, the sum total of all unbuilt land uses as a percentage of the applicable substantial deviation threshold is equal to or less than 100 percent; or

(II) The state land planning agency and the local government have agreed in writing that the amount of development to be built does not create the likelihood of any additional regional impact not previously reviewed.

The single-family residential portions of a development may be considered "essentially built out" if all of the workforce housing obligations and all of the infrastructure and horizontal development have been completed, at least 50 percent of the dwelling units have been completed, and more than 80 percent of the lots have been conveyed to third-party individual lot owners or to individual builders who own no more than 40 lots at the time of the determination. The mobile home park portions of a development may be considered "essentially built out" if all the infrastructure and horizontal development has been completed, and at least 50 percent of the lots are leased to individual mobile home owners.

(19) SUBSTANTIAL DEVIATIONS.—

(b) Any proposed change to a previously approved development of regional impact or development order condition which, either individually or cumulatively with other changes, exceeds any of the following criteria shall constitute a substantial deviation and shall cause the development to be subject to further development-of-regional-impact review without the necessity for a finding of same by the local government:

1. An increase in the number of parking spaces at an attraction or recreational facility by *15* ~~10~~ percent or *500* ~~330~~ spaces, whichever is greater, or an increase in the number of spectators that may be accommodated at such a facility by *15* ~~10~~ percent or *1,500* ~~1,100~~ spectators, whichever is greater.

2. A new runway, a new terminal facility, a 25-percent lengthening of an existing runway, or a 25-percent increase in the number of gates of an existing terminal, but only if the increase adds at least three additional gates.

~~3. An increase in industrial development area by 10 percent or 35 acres, whichever is greater.~~

~~4. An increase in the average annual acreage mined by 10 percent or 11 acres, whichever is greater, or an increase in the average daily water consumption by a mining operation by 10 percent or 330,000 gallons, whichever is greater. A net increase in the size of the mine by 10 percent or 825 acres, whichever is less. For purposes of calculating any net increases in size, only additions and deletions of lands that have not been mined shall be considered. An increase in the size of a heavy mineral mine as defined in s. 378.403(7) will only constitute a substantial deviation if the average annual acreage mined is more than 550 acres and consumes more than 3.3 million gallons of water per day.~~

3.~~5.~~ An increase in land area for office development by *15* ~~10~~ percent or an increase of gross floor area of office development by *15* ~~10~~ percent or *100,000* ~~66,000~~ gross square feet, whichever is greater.

4.~~6.~~ An increase in the number of dwelling units by 10 percent or 55 dwelling units, whichever is greater.

5.~~7.~~ An increase in the number of dwelling units by 50 percent or 200 units, whichever is greater, provided that 15 percent of the proposed additional dwelling units are dedicated to affordable workforce housing, subject to a recorded land use restriction that shall be for a period of not less than 20 years and that includes resale provisions to ensure long-term affordability for income-eligible homeowners and renters and provisions for the workforce housing to be commenced prior to the completion of 50 percent of the market rate dwelling. For purposes of this subparagraph, the term "affordable workforce housing" means housing that is affordable to a person who earns less than 120 percent of the area median income, or less than 140 percent of the area median income if located in a county in which the median purchase price for a single-family existing home exceeds the statewide median purchase price of a single-family existing home. For purposes of this subparagraph, the term "statewide median purchase price of a single-family existing home" means the statewide purchase price as determined in the Florida Sales Report, Single-Family Existing Homes, released each January by the Florida Association of Realtors and the University of Florida Real Estate Research Center.

6.~~8.~~ An increase in commercial development by *60,000* ~~55,000~~ square feet of gross floor area or of parking spaces provided for customers for *425* ~~330~~ cars or a 10-percent increase ~~of either of these~~, whichever is greater.

~~9. An increase in hotel or motel rooms by 10 percent or 83 rooms, whichever is greater.~~

7.~~10.~~ An increase in a recreational vehicle park area by 10 percent or 110 vehicle spaces, whichever is less.

8.~~11.~~ A decrease in the area set aside for open space of 5 percent or 20 acres, whichever is less.

9.~~12.~~ A proposed increase to an approved multiuse development of regional impact where the sum of the increases of each land use as a percentage of the applicable substantial deviation criteria is equal to or exceeds 110 percent. The percentage of any decrease in the amount of open space shall be treated as an increase for purposes of determining when 110 percent has been reached or exceeded.

10.~~13.~~ A 15-percent increase in the number of external vehicle trips generated by the development above that which was projected during the original development-of-regional-impact review.

11.~~14.~~ Any change which would result in development of any area which was specifically set aside in the application for development approval or in the development order for preservation or special protection of endangered or threatened plants or animals designated as endangered, threatened, or species of special concern and their habitat, any species protected by 16 U.S.C. ss. 668a-668d, primary dunes, or archaeological and historical sites designated as significant by the Division of Historical Resources of the Department of State. The refinement of the boundaries and configuration of such areas shall be considered under sub-subparagraph (e)2.j.

The substantial deviation numerical standards in subparagraphs 3., *6., and* ~~5., 8.,~~ 9.~~, and 12.~~, excluding residential uses, and in subparagraph *10.* ~~13.~~, are increased by 100 percent for a project certified under s. 403.973 which creates jobs and meets criteria established by the Office of Tourism, Trade, and Economic Development as to its impact on an area's economy, employment, and prevailing wage and skill levels. The substantial deviation numerical standards in subparagraphs 3., *4.* 5., 6., ~~7., 8.,~~ 9., ~~12.,~~ and *10.* ~~13.~~ are increased by 50 percent for a project located wholly within an urban infill and redevelopment area designated on the applicable adopted local comprehensive plan future land use map and not located within the coastal high hazard area.

(c) An extension of the date of buildout of a development, or any phase thereof, by more than 7 years is presumed to create a substantial deviation subject to further development-of-regional-impact review.

1. An extension of the date of buildout, or any phase thereof, of more than 5 years but not more than 7 years is presumed not to create a substantial deviation. The extension of the date of buildout of an area-wide development of regional impact by more than 5 years but less than 10 years is presumed not to create a substantial deviation. These presumptions may be rebutted by clear and convincing evidence at the public hearing held by the local government. An extension of 5 years or less is not a substantial deviation.

2. In recognition of the 2011 real estate market conditions, at the option of the developer, all commencement, phase, buildout, and expiration dates for projects that are currently valid developments of regional impact are extended for 4 years regardless of any previous extension. Associated mitigation requirements are extended for the same period unless a governmental entity notifies the developer by December 1, 2011, that it has entered into a contract for construction of a facility with some or all of development's mitigation funds specified in the development order or a written agreement with the developer. The 4-year extension is not a substantial deviation, is not subject to further development-of-regional-impact review, and may not be considered when determining whether a subsequent extension is a substantial deviation under this subsection. The developer must notify the local government in writing by December 31, 2011, in order to receive the 4-year extension.

For the purpose of calculating when a buildout or phase date has been exceeded, the time shall be tolled during the pendency of administrative or judicial proceedings relating to development permits. Any extension of the buildout date of a project or a phase thereof shall automatically extend the commencement date of the project, the termination date of the development order, the expiration date of the development of regional impact, and the phases thereof if applicable by a like period of time. ~~In recognition of the 2007 real estate market conditions, all phase, buildout, and expiration dates for projects that are developments of regional impact and under active construction on July 1, 2007, are extended for 3 years regardless of any prior extension. The 3-year extension is not a substantial deviation, is not subject to further development of regional impact review, and may not be considered when determining whether a subsequent extension is a substantial deviation under this subsection.~~

(e)1. Except for a development order rendered pursuant to subsection (22) or subsection (25), a proposed change to a development order that individually or cumulatively with any previous change is less than any numerical criterion contained in subparagraphs (b)*1.-10.*~~1. 13.~~ and does not exceed any other criterion, or that involves an extension of the buildout date of a development, or any phase thereof, of less than 5 years is not subject to the public hearing requirements of subparagraph (f)3., and is not subject to a determination pursuant to subparagraph (f)5. Notice of the proposed change shall be made to the regional planning council and the state land planning agency. Such notice shall include a description of previous individual changes made to the development, including changes previously approved by the local government, and shall include appropriate amendments to the development order.

2. The following changes, individually or cumulatively with any previous changes, are not substantial deviations:

a. Changes in the name of the project, developer, owner, or monitoring official.

b. Changes to a setback that do not affect noise buffers, environmental protection or mitigation areas, or archaeological or historical resources.

c. Changes to minimum lot sizes.

d. Changes in the configuration of internal roads that do not affect external access points.

e. Changes to the building design or orientation that stay approximately within the approved area designated for such building and parking lot, and which do not affect historical buildings designated as significant by the Division of Historical Resources of the Department of State.

f. Changes to increase the acreage in the development, provided that no development is proposed on the acreage to be added.

g. Changes to eliminate an approved land use, provided that there are no additional regional impacts.

h. Changes required to conform to permits approved by any federal, state, or regional permitting agency, provided that these changes do not create additional regional impacts.

i. Any renovation or redevelopment of development within a previously approved development of regional impact which does not change land use or increase density or intensity of use.

j. Changes that modify boundaries and configuration of areas described in subparagraph (b)*11.*~~14.~~ due to science-based refinement of such areas by survey, by habitat evaluation, by other recognized assessment methodology, or by an environmental assessment. In order for changes to qualify under this sub-subparagraph, the survey, habitat evaluation, or assessment must occur prior to the time a conservation easement protecting such lands is recorded and must not result in any net decrease in the total acreage of the lands specifically set aside for permanent preservation in the final development order.

k. Any other change which the state land planning agency, in consultation with the regional planning council, agrees in writing is similar in nature, impact, or character to the changes enumerated in sub-subparagraphs a.-j. and which does not create the likelihood of any additional regional impact.

This subsection does not require the filing of a notice of proposed change but shall require an application to the local government to amend the development order in accordance with the local government's procedures for amendment of a development order. In accordance with the local government's procedures, including requirements for notice to the applicant and the public, the local government shall either deny the application for amendment or adopt an amendment to the development order which approves the application with or without conditions. Following adoption, the local government shall render to the state land planning agency the amendment to the development order. The state land planning agency may appeal, pursuant to s. 380.07(3), the amendment to the development order if the amendment involves sub-subparagraph g., sub-subparagraph h., sub-subparagraph j., or sub-subparagraph k., and it believes the change creates a reasonable likelihood of new or additional regional impacts.

3. Except for the change authorized by sub-subparagraph 2.f., any addition of land not previously reviewed or any change not specified in paragraph (b) or paragraph (c) shall be presumed to create a substantial deviation. This presumption may be rebutted by clear and convincing evidence.

4. Any submittal of a proposed change to a previously approved development shall include a description of individual changes previously made to the development, including changes previously approved by the local government. The local government shall consider the previous and current proposed changes in deciding whether such changes cumulatively constitute a substantial deviation requiring further development-of-regional-impact review.

5. The following changes to an approved development of regional impact shall be presumed to create a substantial deviation. Such presumption may be rebutted by clear and convincing evidence.

a. A change proposed for 15 percent or more of the acreage to a land use not previously approved in the development order. Changes of less than 15 percent shall be presumed not to create a substantial deviation.

b. Notwithstanding any provision of paragraph (b) to the contrary, a proposed change consisting of simultaneous increases and decreases of at least two of the uses within an authorized multiuse development of regional impact which was originally approved with three or more uses specified in s. 380.0651(3)(c), (d), (e), and (f) and residential use.

6. If a local government agrees to a proposed change, a change in the transportation proportionate share calculation and mitigation plan in an adopted development order as a result of recalculation of the proportionate share contribution meeting the requirements of s. 163.3180(5)(h) in effect as of the date of such change shall be presumed not to create a substantial deviation. For purposes of this subsection, the proposed change in the proportionate share calculation or mitigation plan shall not be considered an additional regional transportation impact.

(e)1. Except for a development order rendered pursuant to subsection (22) or subsection (25), a proposed change to a development order that individually or cumulatively with any previous change is less than any numerical criterion contained in subparagraphs (b)1.-13. and does not exceed any other criterion, or that involves an extension of the buildout date of a development, or any phase thereof, of less than 5 years is not subject to the public hearing requirements of subparagraph (f)3., and is not subject to a determination pursuant to subparagraph (f)5. Notice of the proposed change shall be made to the regional planning council and the state land planning agency. Such notice shall include a description of previous individual changes made to the development, including changes previously approved by the local government, and shall include appropriate amendments to the development order.

2. The following changes, individually or cumulatively with any previous changes, are not substantial deviations:

a. Changes in the name of the project, developer, owner, or monitoring official.

b. Changes to a setback that do not affect noise buffers, environmental protection or mitigation areas, or archaeological or historical resources.

c. Changes to minimum lot sizes.

d. Changes in the configuration of internal roads that do not affect external access points.

e. Changes to the building design or orientation that stay approximately within the approved area designated for such building and parking lot, and which do not affect historical buildings designated as significant by the Division of Historical Resources of the Department of State.

f. Changes to increase the acreage in the development, provided that no development is proposed on the acreage to be added.

g. Changes to eliminate an approved land use, provided that there are no additional regional impacts.

h. Changes required to conform to permits approved by any federal, state, or regional permitting agency, provided that these changes do not create additional regional impacts.

i. Any renovation or redevelopment of development within a previously approved development of regional impact which does not change land use or increase density or intensity of use.

j. Changes that modify boundaries and configuration of areas described in subparagraph (b)14. due to science-based refinement of such areas by survey, by habitat evaluation, by other recognized assessment methodology, or by an environmental assessment. In order for changes to qualify under this sub-subparagraph, the survey, habitat evaluation, or assessment must occur prior to the time a conservation easement protecting such lands is recorded and must not result in any net decrease in the total acreage of the lands specifically set aside for permanent preservation in the final development order.

k. Any other change which the state land planning agency, in consultation with the regional planning council, agrees in writing is similar in nature, impact, or character to the changes enumerated in sub-subparagraphs a.-j. and which does not create the likelihood of any additional regional impact.

This subsection does not require the filing of a notice of proposed change but shall require an application to the local government to amend the development order in accordance with the local government's procedures for amendment of a development order. In accordance with the local government's procedures, including requirements for notice to the applicant and the public, the local government shall either deny the application for amendment or adopt an amendment to the development order which approves the application with or without conditions. Following adoption, the local government shall render to the state land planning agency the amendment to the development order. The state land planning agency may appeal, pursuant to s. 380.07(3), the amendment to the development order if the amendment involves sub-subparagraph g., sub-subparagraph h., sub-subparagraph j., or sub-subparagraph k., and it believes the change creates a reasonable likelihood of new or additional regional impacts.

3. Except for the change authorized by sub-subparagraph 2.f., any addition of land not previously reviewed or any change not specified in paragraph (b) or paragraph (c) shall be presumed to create a substantial

deviation. This presumption may be rebutted by clear and convincing evidence.

4. Any submittal of a proposed change to a previously approved development shall include a description of individual changes previously made to the development, including changes previously approved by the local government. The local government shall consider the previous and current proposed changes in deciding whether such changes cumulatively constitute a substantial deviation requiring further development-of-regional-impact review.

5. The following changes to an approved development of regional impact shall be presumed to create a substantial deviation. Such presumption may be rebutted by clear and convincing evidence.

a. A change proposed for 15 percent or more of the acreage to a land use not previously approved in the development order. Changes of less than 15 percent shall be presumed not to create a substantial deviation.

b. Notwithstanding any provision of paragraph (b) to the contrary, a proposed change consisting of simultaneous increases and decreases of at least two of the uses within an authorized multiuse development of regional impact which was originally approved with three or more uses specified in s. 380.0651(3)(c), (d), *and* (e)~~, and (f)~~ and residential use.

(24) STATUTORY EXEMPTIONS.—

(a) Any proposed hospital is exempt from ~~the provisions of~~ this section.

(b) Any proposed electrical transmission line or electrical power plant is exempt from ~~the provisions of~~ this section.

(c) Any proposed addition to an existing sports facility complex is exempt from ~~the provisions of~~ this section if the addition meets the following characteristics:

1. It would not operate concurrently with the scheduled hours of operation of the existing facility.

2. Its seating capacity would be no more than 75 percent of the capacity of the existing facility.

3. The sports facility complex property is owned by a public body prior to July 1, 1983.

This exemption does not apply to any pari-mutuel facility.

(d) Any proposed addition or cumulative additions subsequent to July 1, 1988, to an existing sports facility complex owned by a state university is exempt if the increased seating capacity of the complex is no more than 30 percent of the capacity of the existing facility.

(e) Any addition of permanent seats or parking spaces for an existing sports facility located on property owned by a public body prior to July 1, 1973, is exempt from ~~the provisions of~~ this section if future additions do not expand existing permanent seating or parking capacity more than 15 percent annually in excess of the prior year's capacity.

(f) Any increase in the seating capacity of an existing sports facility having a permanent seating capacity of at least 50,000 spectators is exempt from ~~the provisions of~~ this section, provided that such an increase does not increase permanent seating capacity by more than 5 percent per year and not to exceed a total of 10 percent in any 5-year period, and provided that the sports facility notifies the appropriate local government within which the facility is located of the increase at least 6 months prior to the initial use of the increased seating, in order to permit the appropriate local government to develop a traffic management plan for the traffic generated by the increase. Any traffic management plan shall be consistent with the local comprehensive plan, the regional policy plan, and the state comprehensive plan.

(g) Any expansion in the permanent seating capacity or additional improved parking facilities of an existing sports facility is exempt from ~~the provisions of~~ this section, if the following conditions exist:

1.a. The sports facility had a permanent seating capacity on January 1, 1991, of at least 41,000 spectator seats;

b. The sum of such expansions in permanent seating capacity does not exceed a total of 10 percent in any 5-year period and does not exceed a cumulative total of 20 percent for any such expansions; or

c. The increase in additional improved parking facilities is a one-time addition and does not exceed 3,500 parking spaces serving the sports facility; and

2. The local government having jurisdiction of the sports facility includes in the development order or development permit approving such expansion under this paragraph a finding of fact that the proposed expansion is consistent with the transportation, water, sewer and stormwater drainage provisions of the approved local comprehensive plan and local land development regulations relating to those provisions.

Any owner or developer who intends to rely on this statutory exemption shall provide to the department a copy of the local government application for a development permit. Within 45 days of receipt of the application, the department shall render to the local government an advisory and nonbinding opinion, in writing, stating whether, in the department's opinion, the prescribed conditions exist for an exemption under this paragraph. The local government shall render the development order approving each such expansion to the department. The owner, developer, or department may appeal the local government development order pursuant to s. 380.07, within 45 days after the order is rendered. The scope of review shall be limited to the determination of whether the conditions prescribed in this paragraph exist. If any sports facility expansion undergoes development-of-regional-impact review, all previous expansions which were exempt under this paragraph shall be included in the development-of-regional-impact review.

(h) Expansion to port harbors, spoil disposal sites, navigation channels, turning basins, harbor berths, and other related inwater harbor facilities of ports listed in s. 403.021(9)(b), port transportation facilities and projects listed in s. 311.07(3)(b), and intermodal transportation facilities identified pursuant to s. 311.09(3) are exempt from ~~the provisions of~~ this section when such expansions, projects, or facilities are consistent with comprehensive master plans that are in compliance with ~~the provisions of~~ s. 163.3178.

(i) Any proposed facility for the storage of any petroleum product or any expansion of an existing facility is exempt from ~~the provisions of~~ this section.

(j) Any renovation or redevelopment within the same land parcel which does not change land use or increase density or intensity of use.

(k) Waterport and marina development, including dry storage facilities, are exempt from ~~the provisions of~~ this section.

(l) Any proposed development within an urban service boundary established under s. 163.3177(14), which is not otherwise exempt pursuant to subsection (29), is exempt from ~~the provisions of~~ this section if the local government having jurisdiction over the area where the development is proposed has adopted the urban service boundary, has entered into a binding agreement with jurisdictions that would be impacted and with the Department of Transportation regarding the mitigation of impacts on state and regional transportation facilities~~, and has adopted a proportionate share methodology pursuant to s. 163.3180(16)~~.

(m) Any proposed development within a rural land stewardship area created under s. *163.3248* ~~163.3177(11)(d) is exempt from the provisions of this section if the local government that has adopted the rural land stewardship area has entered into a binding agreement with jurisdictions that would be impacted and the Department of Transportation regarding the mitigation of impacts on state and regional transportation facilities, and has adopted a proportionate share methodology pursuant to s. 163.3180(16)~~.

(n) The establishment, relocation, or expansion of any military installation as defined in s. 163.3175, is exempt from this section.

(o) Any self-storage warehousing that does not allow retail or other services is exempt from this section.

(p) Any proposed nursing home or assisted living facility is exempt from this section.

(q) Any development identified in an airport master plan and adopted into the comprehensive plan pursuant to s. 163.3177(6)(k) is exempt from this section.

(r) Any development identified in a campus master plan and adopted pursuant to s. 1013.30 is exempt from this section.

(s) Any development in a *detailed* specific area plan which is prepared *and adopted* pursuant to s. 163.3245 ~~and adopted into the comprehensive plan~~ is exempt from this section.

(t) Any proposed solid mineral mine and any proposed addition to, expansion of, or change to an existing solid mineral mine is exempt from this section. Proposed changes to any previously approved solid mineral mine development-of-regional-impact development orders having vested rights is not subject to further review or approval as a development-of-regional-impact or notice-of-proposed-change review or approval pursuant to subsection (19), except for those applications pending as of July 1, 2011, which shall be governed by s. 380.115(2). Notwithstanding the foregoing, however, pursuant to s. 380.115(1), previously approved solid mineral mine development-of-regional-impact development orders shall continue to enjoy vested rights and continue to be effective unless rescinded by the developer. All local government regulations of proposed solid mineral mines shall be applicable to any new solid mineral mine or to any proposed addition to, expansion of, or change to an existing solid mineral mine.

(u) Notwithstanding any provisions in an agreement with or among a local government, regional agency, or the state land planning agency or in a local government's comprehensive plan to the contrary, a project no longer subject to development-of-regional-impact review under revised thresholds is not required to undergo such review.

(v)~~(t)~~ Any development within a county with a research and education authority created by special act and that is also within a research and development park that is operated or managed by a research and development authority pursuant to part V of chapter 159 is exempt from this section.

If a use is exempt from review as a development of regional impact under paragraphs *(a)-(u)* ~~(a)-(s)~~, but will be part of a larger project that is subject to review as a development of regional impact, the impact of the exempt use must be included in the review of the larger project, unless such exempt use involves a development of regional impact that includes a landowner, tenant, or user that has entered into a funding agreement with the Office of Tourism, Trade, and Economic Development under the Innovation Incentive Program and the agreement contemplates a state award of at least $50 million.

(28) PARTIAL STATUTORY EXEMPTIONS.—

(e) The vesting provision of s. 163.3167*(5)*~~(8)~~ relating to an authorized development of regional impact *does* ~~shall~~ not apply to those projects partially exempt from the development-of-regional-impact review process under paragraphs (a)-(d).

(29) EXEMPTIONS FOR DENSE URBAN LAND AREAS.—

(a) The following are exempt from this section:

1. Any proposed development in a municipality that *has an average of at least 1,000 people per square mile of land area and a minimum total population of at least 5,000* ~~qualifies as a dense urban land area as defined in s. 163.3164~~;

2. Any proposed development within a county*, including the municipalities located in the county,* that *has an average of at least 1,000 people per square mile of land area* ~~qualifies as a dense urban land area as defined in s. 163.3164~~ and ~~that~~ is located within an urban service area as defined in s. 163.3164 which has been adopted into the comprehensive plan; ~~or~~

3. Any proposed development within a county, including the municipalities located therein, which has a population of at least 900,000, *that has an average of at least 1,000 people per square mile of land area* ~~which qualifies as a dense urban land area under s. 163.3164~~, but which does not have an urban service area designated in the comprehensive plan*; or*

4. Any proposed development within a county, including the municipalities located therein, which has a population of at least 1 million and is located within an urban service area as defined in s. 163.3164 which has been adopted into the comprehensive plan.

The Office of Economic and Demographic Research within the Legislature shall annually calculate the population and density criteria needed to determine which jurisdictions meet the density criteria in subparagraphs 1.-4. by using the most recent land area data from the decennial census conducted by the Bureau of the Census of the United States Department of Commerce and the latest available population estimates determined pursuant to s. 186.901. If any local government has had an annexation, contraction, or new incorporation, the Office of Economic and Demographic Research shall determine the population density using the new jurisdictional boundaries as recorded in accordance with s. 171.091. The Office of Economic and Demographic Research shall annually submit to the state land planning agency by July 1 a list of jurisdictions that meet the total population and density criteria. The state land planning agency shall publish the list of jurisdictions on its Internet website within 7 days after the list is received. The designation of jurisdictions that meet the criteria of subparagraphs 1.-4. is effective upon publication on the state land planning agency's Internet website. If a municipality that has previously met the criteria no longer meets the criteria, the state land planning agency shall maintain the municipality on the list and indicate the year the jurisdiction last met the criteria. However, any proposed development of regional impact not within the established boundaries of a municipality at the time the municipality last met the criteria must meet the requirements of this section until such time as the municipality as a whole meets the criteria. Any county that meets the criteria shall remain on the list in accordance with the provisions of this paragraph. Any jurisdiction that was placed on the dense urban land area list before the effective date of this act shall remain on the list in accordance with the provisions of this paragraph.

(d) A development that is located partially outside an area that is exempt from the development-of-regional-impact program must undergo development-of-regional-impact review pursuant to this section. *However, if the total acreage that is included within the area exempt from development-of-regional-impact review exceeds 85 percent of the total acreage and square footage of the approved development of regional impact, the development-of-regional-impact development order may be rescinded in both local governments pursuant to s. 380.115(1), unless the portion of the development outside the exempt area meets the threshold criteria of a development-of-regional-impact.*

(e) In an area that is exempt under paragraphs (a)-(c), any previously approved development-of-regional-impact development orders shall continue to be effective, but the developer has the option to be governed by s. 380.115(1). A pending application for development approval shall be governed by s. 380.115(2). ~~A development that has a pending application for a comprehensive plan amendment and that elects not to continue development of regional impact review is exempt from the limitation on plan amendments set forth in s. 163.3187(1) for the year following the effective date of the exemption.~~

Section 56. Subsection (3) and paragraph (a) of subsection (4) of section 380.0651, Florida Statutes, are amended to read:

380.0651 Statewide guidelines and standards.—

(3) The following statewide guidelines and standards shall be applied in the manner described in s. 380.06(2) to determine whether the following developments shall be required to undergo development-of-regional-impact review:

(a) Airports.—

1. Any of the following airport construction projects shall be a development of regional impact:

a. A new commercial service or general aviation airport with paved runways.

b. A new commercial service or general aviation paved runway.

c. A new passenger terminal facility.

2. Lengthening of an existing runway by 25 percent or an increase in the number of gates by 25 percent or three gates, whichever is greater,

on a commercial service airport or a general aviation airport with regularly scheduled flights is a development of regional impact. However, expansion of existing terminal facilities at a nonhub or small hub commercial service airport shall not be a development of regional impact.

3. Any airport development project which is proposed for safety, repair, or maintenance reasons alone and would not have the potential to increase or change existing types of aircraft activity is not a development of regional impact. Notwithstanding subparagraphs 1. and 2., renovation, modernization, or replacement of airport airside or terminal facilities that may include increases in square footage of such facilities but does not increase the number of gates or change the existing types of aircraft activity is not a development of regional impact.

(b) Attractions and recreation facilities.—Any sports, entertainment, amusement, or recreation facility, including, but not limited to, a sports arena, stadium, racetrack, tourist attraction, amusement park, or parimutuel facility, the construction or expansion of which:

1. For single performance facilities:

a. Provides parking spaces for more than 2,500 cars; or

b. Provides more than 10,000 permanent seats for spectators.

2. For serial performance facilities:

a. Provides parking spaces for more than 1,000 cars; or

b. Provides more than 4,000 permanent seats for spectators.

For purposes of this subsection, "serial performance facilities" means those using their parking areas or permanent seating more than one time per day on a regular or continuous basis.

~~3. For multiscreen movie theaters of at least 8 screens and 2,500 seats:~~

~~a. Provides parking spaces for more than 1,500 cars; or~~

~~b. Provides more than 6,000 permanent seats for spectators.~~

~~(c) Industrial plants, industrial parks, and distribution, warehousing or wholesaling facilities. Any proposed industrial, manufacturing, or processing plant, or distribution, warehousing, or wholesaling facility, excluding wholesaling developments which deal primarily with the general public onsite, under common ownership, or any proposed industrial, manufacturing, or processing activity or distribution, warehousing, or wholesaling activity, excluding wholesaling activities which deal primarily with the general public onsite, which:~~

~~1. Provides parking for more than 2,500 motor vehicles; or~~

~~2. Occupies a site greater than 320 acres.~~

(c)~~(d)~~ Office development.—Any proposed office building or park operated under common ownership, development plan, or management that:

1. Encompasses 300,000 or more square feet of gross floor area; or

2. Encompasses more than 600,000 square feet of gross floor area in a county with a population greater than 500,000 and only in a geographic area specifically designated as highly suitable for increased threshold intensity in the approved local comprehensive plan.

(d)~~(e)~~ Retail and service development.—Any proposed retail, service, or wholesale business establishment or group of establishments which deals primarily with the general public onsite, operated under one common property ownership, development plan, or management that:

1. Encompasses more than 400,000 square feet of gross area; or

2. Provides parking spaces for more than 2,500 cars.

~~(f) Hotel or motel development.~~

~~1. Any proposed hotel or motel development that is planned to create or accommodate 350 or more units; or~~

~~2. Any proposed hotel or motel development that is planned to create or accommodate 750 or more units, in a county with a population greater than 500,000.~~

(e)~~(g)~~ Recreational vehicle development.—Any proposed recreational vehicle development planned to create or accommodate 500 or more spaces.

(f)~~(h)~~ Multiuse development.—Any proposed development with two or more land uses where the sum of the percentages of the appropriate thresholds identified in chapter 28-24, Florida Administrative Code, or this section for each land use in the development is equal to or greater than 145 percent. Any proposed development with three or more land uses, one of which is residential and contains at least 100 dwelling units or 15 percent of the applicable residential threshold, whichever is greater, where the sum of the percentages of the appropriate thresholds identified in chapter 28-24, Florida Administrative Code, or this section for each land use in the development is equal to or greater than 160 percent. This threshold is in addition to, and does not preclude, a development from being required to undergo development-of-regional-impact review under any other threshold.

(g)~~(i)~~ Residential development.—No rule may be adopted concerning residential developments which treats a residential development in one county as being located in a less populated adjacent county unless more than 25 percent of the development is located within 2 or less miles of the less populated adjacent county. The residential thresholds of adjacent counties with less population and a lower threshold shall not be controlling on any development wholly located within areas designated as rural areas of critical economic concern.

(h)~~(j)~~ Workforce housing.—The applicable guidelines for residential development and the residential component for multiuse development shall be increased by 50 percent where the developer demonstrates that at least 15 percent of the total residential dwelling units authorized within the development of regional impact will be dedicated to affordable workforce housing, subject to a recorded land use restriction that shall be for a period of not less than 20 years and that includes resale provisions to ensure long-term affordability for income-eligible homeowners and renters and provisions for the workforce housing to be commenced prior to the completion of 50 percent of the market rate dwelling. For purposes of this paragraph, the term "affordable workforce housing" means housing that is affordable to a person who earns less than 120 percent of the area median income, or less than 140 percent of the area median income if located in a county in which the median purchase price for a single-family existing home exceeds the statewide median purchase price of a single-family existing home. For the purposes of this paragraph, the term "statewide median purchase price of a single-family existing home" means the statewide purchase price as determined in the Florida Sales Report, Single-Family Existing Homes, released each January by the Florida Association of Realtors and the University of Florida Real Estate Research Center.

(i)~~(k)~~ Schools.—

1. The proposed construction of any public, private, or proprietary postsecondary educational campus which provides for a design population of more than 5,000 full-time equivalent students, or the proposed physical expansion of any public, private, or proprietary postsecondary educational campus having such a design population that would increase the population by at least 20 percent of the design population.

2. As used in this paragraph, "full-time equivalent student" means enrollment for 15 or more quarter hours during a single academic semester. In career centers or other institutions which do not employ semester hours or quarter hours in accounting for student participation, enrollment for 18 contact hours shall be considered equivalent to one quarter hour, and enrollment for 27 contact hours shall be considered equivalent to one semester hour.

3. This paragraph does not apply to institutions which are the subject of a campus master plan adopted by the university board of trustees pursuant to s. 1013.30.

(4) Two or more developments, represented by their owners or developers to be separate developments, shall be aggregated and treated as a single development under this chapter when they are determined to be

part of a unified plan of development and are physically proximate to one other.

(a) The criteria of *three* ~~two~~ of the following subparagraphs must be met in order for the state land planning agency to determine that there is a unified plan of development:

1.a. The same person has retained or shared control of the developments;

b. The same person has ownership or a significant legal or equitable interest in the developments; or

c. There is common management of the developments controlling the form of physical development or disposition of parcels of the development.

2. There is a reasonable closeness in time between the completion of 80 percent or less of one development and the submission to a governmental agency of a master plan or series of plans or drawings for the other development which is indicative of a common development effort.

3. A master plan or series of plans or drawings exists covering the developments sought to be aggregated which have been submitted to a local general-purpose government, water management district, the Florida Department of Environmental Protection, or the Division of Florida Condominiums, Timeshares, and Mobile Homes for authorization to commence development. The existence or implementation of a utility's master utility plan required by the Public Service Commission or general-purpose local government or a master drainage plan shall not be the sole determinant of the existence of a master plan.

~~4. The voluntary sharing of infrastructure that is indicative of a common development effort or is designated specifically to accommodate the developments sought to be aggregated, except that which was implemented because it was required by a local general purpose government; water management district; the Department of Environmental Protection; the Division of Florida Condominiums, Timeshares, and Mobile Homes; or the Public Service Commission.~~

4.~~5.~~ There is a common advertising scheme or promotional plan in effect for the developments sought to be aggregated.

Section 57. Subsection (17) of section 331.303, Florida Statutes, is amended to read:

331.303 Definitions.—

(17) "Spaceport launch facilities" means industrial facilities as described in s. 380.0651(3)(c)*, Florida Statutes 2010,* and include any launch pad, launch control center, and fixed launch-support equipment.

Section 58. Subsection (1) of section 380.115, Florida Statutes, is amended to read:

380.115 Vested rights and duties; effect of size reduction, changes in guidelines and standards.—

(1) A change in a development-of-regional-impact guideline and standard does not abridge or modify any vested or other right or any duty or obligation pursuant to any development order or agreement that is applicable to a development of regional impact. A development that has received a development-of-regional-impact development order pursuant to s. 380.06, but is no longer required to undergo development-of-regional-impact review by operation of a change in the guidelines and standards or has reduced its size below the thresholds in s. 380.0651, *or a development that is exempt pursuant to s. 380.06(29)* shall be governed by the following procedures:

(a) The development shall continue to be governed by the development-of-regional-impact development order and may be completed in reliance upon and pursuant to the development order unless the developer or landowner has followed the procedures for rescission in paragraph (b). Any proposed changes to those developments which continue to be governed by a development order shall be approved pursuant to s. 380.06(19) as it existed prior to a change in the development-of-regional-impact guidelines and standards, except that all percentage criteria shall be doubled and all other criteria shall be increased by 10 percent. The development-of-regional-impact development order may be enforced by the local government as provided by ss. 380.06(17) and 380.11.

(b) If requested by the developer or landowner, the development-of-regional-impact development order shall be rescinded by the local government having jurisdiction upon a showing that all required mitigation related to the amount of development that existed on the date of rescission has been completed.

Section 59. Paragraph (a) of subsection (8) of section 380.061, Florida Statutes, is amended to read:

380.061 The Florida Quality Developments program.—

(8)(a) Any local government comprehensive plan amendments related to a Florida Quality Development may be initiated by a local planning agency and considered by the local governing body at the same time as the application for development approval~~, using the procedures provided for local plan amendment in s. 163.3187 or s. 163.3189 and applicable local ordinances, without regard to statutory or local ordinance limits on the frequency of consideration of amendments to the local comprehensive plan~~. Nothing in this subsection shall be construed to require favorable consideration of a Florida Quality Development solely because it is related to a development of regional impact.

Section 60. Paragraph (a) of subsection (2) and subsection (10) of section 380.065, Florida Statutes, are amended to read:

380.065 Certification of local government review of development.—

(2) When a petition is filed, the state land planning agency shall have no more than 90 days to prepare and submit to the Administration Commission a report and recommendations on the proposed certification. In deciding whether to grant certification, the Administration Commission shall determine whether the following criteria are being met:

(a) The petitioning local government has adopted and effectively implemented a local comprehensive plan and development regulations which comply with ss. 163.3161-163.3215, the *Community* ~~Local Government Comprehensive~~ Planning ~~and Land Development Regulation~~ Act.

~~(10) The department shall submit an annual progress report to the President of the Senate and the Speaker of the House of Representatives by March 1 on the certification of local governments, stating which local governments have been certified. For those local governments which have applied for certification but for which certification has been denied, the department shall specify the reasons certification was denied.~~

Section 61. Section 380.0685, Florida Statutes, is amended to read:

380.0685 State park in area of critical state concern in county which creates land authority; surcharge on admission and overnight occupancy.—The Department of Environmental Protection shall impose and collect a surcharge of 50 cents per person per day, or $5 per annual family auto entrance permit, on admission to all state parks in areas of critical state concern located in a county which creates a land authority pursuant to s. 380.0663(1), and a surcharge of $2.50 per night per campsite, cabin, or other overnight recreational occupancy unit in state parks in areas of critical state concern located in a county which creates a land authority pursuant to s. 380.0663(1); however, no surcharge shall be imposed or collected under this section for overnight use by nonprofit groups of organized group camps, primitive camping areas, or other facilities intended primarily for organized group use. Such surcharges shall be imposed within 90 days after any county creating a land authority notifies the Department of Environmental Protection that the land authority has been created. The proceeds from such surcharges, less a collection fee that shall be kept by the Department of Environmental Protection for the actual cost of collection, not to exceed 2 percent, shall be transmitted to the land authority of the county from which the revenue was generated. Such funds shall be used to purchase property in the area or areas of critical state concern in the county from which the revenue was generated. An amount not to exceed 10 percent may be used for administration and other costs incident to such purchases. However, the proceeds of the surcharges imposed and collected pursuant to this section in a state park or parks located wholly within a municipality, less the costs of collection as provided herein, shall be

transmitted to that municipality *for use by the municipality for land acquisition or for beach renourishment or restoration, including, but not limited to, costs associated with any design, permitting, monitoring, and mitigation of such work, as well as the work itself. However, these funds may not be included in any calculation used for providing state matching funds for local contributions for beach renourishment or restoration.* The surcharges levied under this section shall remain imposed as long as the land authority is in existence.

Section 62. Subsection (3) of section 380.115, Florida Statutes, is amended to read:

380.115 Vested rights and duties; effect of size reduction, changes in guidelines and standards.—

(3) A landowner that has filed an application for a development-of-regional-impact review prior to the adoption of *a* ~~an optional~~ sector plan pursuant to s. 163.3245 may elect to have the application reviewed pursuant to s. 380.06, comprehensive plan provisions in force prior to adoption of the sector plan, and any requested comprehensive plan amendments that accompany the application.

Section 63. Subsection (1) of section 403.50665, Florida Statutes, is amended to read:

403.50665 Land use consistency.—

(1) The applicant shall include in the application a statement on the consistency of the site and any associated facilities that constitute a "development," as defined in s. 380.04, with existing land use plans and zoning ordinances that were in effect on the date the application was filed and a full description of such consistency. This information shall include an identification of those associated facilities that the applicant believes are exempt from the requirements of land use plans and zoning ordinances under ~~the provisions of~~ the *Community* ~~Local Government Comprehensive~~ Planning ~~and Land Development Regulation~~ Act provisions of chapter 163 and s. 380.04(3).

Section 64. Subsection (13) and paragraph (a) of subsection (14) of section 403.973, Florida Statutes, are amended to read:

403.973 Expedited permitting; amendments to comprehensive plans.—

(13) Notwithstanding any other provisions of law:

~~(a) Local comprehensive plan amendments for projects qualified under this section are exempt from the twice-a-year limits provision in s. 163.3187; and~~

~~(b)~~ Projects qualified under this section are not subject to interstate highway level-of-service standards adopted by the Department of Transportation for concurrency purposes. The memorandum of agreement specified in subsection (5) must include a process by which the applicant will be assessed a fair share of the cost of mitigating the project's significant traffic impacts, as defined in chapter 380 and related rules. The agreement must also specify whether the significant traffic impacts on the interstate system will be mitigated through the implementation of a project or payment of funds to the Department of Transportation. Where funds are paid, the Department of Transportation must include in the 5-year work program transportation projects or project phases, in an amount equal to the funds received, to mitigate the traffic impacts associated with the proposed project.

(14)(a) Challenges to state agency action in the expedited permitting process for projects processed under this section are subject to the summary hearing provisions of s. 120.574, except that the administrative law judge's decision, as provided in s. 120.574(2)(f), shall be in the form of a recommended order and *do* ~~shall~~ not constitute the final action of the state agency. In those proceedings where the action of only one agency of the state other than the Department of Environmental Protection is challenged, the agency of the state shall issue the final order within 45 working days after receipt of the administrative law judge's recommended order, and the recommended order shall inform the parties of their right to file exceptions or responses to the recommended order in accordance with the uniform rules of procedure pursuant to s. 120.54. In those proceedings where the actions of more than one agency of the state are challenged, the Governor shall issue the final order within 45 working days after receipt of the administrative law judge's recommended order, and the recommended order shall inform the parties of their right to file exceptions or responses to the recommended order in accordance with the uniform rules of procedure pursuant to s. 120.54. This paragraph does not apply to the issuance of department licenses required under any federally delegated or approved permit program. In such instances, the department shall enter the final order. The participating agencies of the state may opt at the preliminary hearing conference to allow the administrative law judge's decision to constitute the final agency action. ~~If a participating local government agrees to participate in the summary hearing provisions of s. 120.574 for purposes of review of local government comprehensive plan amendments, s. 163.3184(9) and (10) apply.~~

Section 65. Subsections (9) and (10) of section 420.5095, Florida Statutes, are amended to read:

420.5095 Community Workforce Housing Innovation Pilot Program.—

(9) Notwithstanding s. 163.3184*(4)(b)-(d)*~~(3)-(6)~~, any local government comprehensive plan amendment to implement a Community Workforce Housing Innovation Pilot Program project found consistent with ~~the provisions of~~ this section shall be expedited as provided in this subsection. At least 30 days prior to adopting a plan amendment under this subsection, the local government shall notify the state land planning agency of its intent to adopt such an amendment, and the notice shall include its evaluation related to site suitability and availability of facilities and services. The public notice of the hearing required by s. 163.3184*(11)*~~(15)~~(b)2. shall include a statement that the local government intends to use the expedited adoption process authorized by this subsection. Such amendments shall require only a single public hearing before the governing board, which shall be an adoption hearing as described in s. 163.3184*(4)(e)*~~(7)~~. ~~The state land planning agency shall issue its notice of intent pursuant to s. 163.3184(8) within 30 days after determining that the amendment package is complete.~~ Any further proceedings shall be governed by *s.* ~~ss.~~ 163.3184*(5)-(13)*~~(9)-(16)~~. ~~Amendments proposed under this section are not subject to s. 163.3187(1), which limits the adoption of a comprehensive plan amendment to no more than two times during any calendar year.~~

(10) The processing of approvals of development orders or development permits, as defined in s. 163.3164~~(7) and (8)~~, for innovative community workforce housing projects shall be expedited.

Section 66. Subsection (5) of section 420.615, Florida Statutes, is amended to read:

420.615 Affordable housing land donation density bonus incentives.—

(5) The local government, as part of the approval process, shall adopt a comprehensive plan amendment, pursuant to part II of chapter 163, for the receiving land that incorporates the density bonus. Such amendment shall be adopted in the manner as required for small-scale amendments pursuant to s. 163.3187, is not subject to the requirements of s. 163.3184*(4)(b)-(d)*~~(3)-(6), and is exempt from the limitation on the frequency of plan amendments as provided in s. 163.3187~~.

Section 67. Subsection (16) of section 420.9071, Florida Statutes, is amended to read:

420.9071 Definitions.—As used in ss. 420.907-420.9079, the term:

(16) "Local housing incentive strategies" means local regulatory reform or incentive programs to encourage or facilitate affordable housing production, which include at a minimum, assurance that permits as defined in s. 163.3164~~(7) and (8)~~ for affordable housing projects are expedited to a greater degree than other projects; an ongoing process for review of local policies, ordinances, regulations, and plan provisions that increase the cost of housing prior to their adoption; and a schedule for implementing the incentive strategies. Local housing incentive strategies may also include other regulatory reforms, such as those enumerated in s. 420.9076 or those recommended by the affordable housing advisory committee in its triennial evaluation of the implementation of affordable housing incentives, and adopted by the local governing body.

Section 68. Paragraph (a) of subsection (4) of section 420.9076, Florida Statutes, is amended to read:

420.9076 Adoption of affordable housing incentive strategies; committees.—

(4) Triennially, the advisory committee shall review the established policies and procedures, ordinances, land development regulations, and adopted local government comprehensive plan of the appointing local government and shall recommend specific actions or initiatives to encourage or facilitate affordable housing while protecting the ability of the property to appreciate in value. The recommendations may include the modification or repeal of existing policies, procedures, ordinances, regulations, or plan provisions; the creation of exceptions applicable to affordable housing; or the adoption of new policies, procedures, regulations, ordinances, or plan provisions, including recommendations to amend the local government comprehensive plan and corresponding regulations, ordinances, and other policies. At a minimum, each advisory committee shall submit a report to the local governing body that includes recommendations on, and triennially thereafter evaluates the implementation of, affordable housing incentives in the following areas:

(a) The processing of approvals of development orders or permits, as defined in s. 163.3164~~(7) and (8)~~, for affordable housing projects is expedited to a greater degree than other projects.

The advisory committee recommendations may also include other affordable housing incentives identified by the advisory committee. Local governments that receive the minimum allocation under the State Housing Initiatives Partnership Program shall perform the initial review but may elect to not perform the triennial review.

Section 69. Subsection (1) of section 720.403, Florida Statutes, is amended to read:

720.403 Preservation of residential communities; revival of declaration of covenants.—

(1) Consistent with required and optional elements of local comprehensive plans and other applicable provisions of the *Community* ~~Local Government Comprehensive~~ Planning ~~and Land Development Regulation~~ Act, homeowners are encouraged to preserve existing residential communities, promote available and affordable housing, protect structural and aesthetic elements of their residential community, and, as applicable, maintain roads and streets, easements, water and sewer systems, utilities, drainage improvements, conservation and open areas, recreational amenities, and other infrastructure and common areas that serve and support the residential community by the revival of a previous declaration of covenants and other governing documents that may have ceased to govern some or all parcels in the community.

Section 70. Subsection (6) of section 1013.30, Florida Statutes, is amended to read:

1013.30 University campus master plans and campus development agreements.—

(6) Before a campus master plan is adopted, a copy of the draft master plan must be sent for review or made available electronically to the host and any affected local governments, the state land planning agency, the Department of Environmental Protection, the Department of Transportation, the Department of State, the Fish and Wildlife Conservation Commission, and the applicable water management district and regional planning council. At the request of a governmental entity, a hard copy of the draft master plan shall be submitted within 7 business days of an electronic copy being made available. These agencies must be given 90 days after receipt of the campus master plans in which to conduct their review and provide comments to the university board of trustees. The commencement of this review period must be advertised in newspapers of general circulation within the host local government and any affected local government to allow for public comment. Following receipt and consideration of all comments and the holding of an informal information session and at least two public hearings within the host jurisdiction, the university board of trustees shall adopt the campus master plan. It is the intent of the Legislature that the university board of trustees comply with the notice requirements set forth in s. 163.3184*(11)*~~(15)~~ to ensure full public participation in this planning process. The informal public information session must be held before the first public hearing. The first public hearing shall be held before the draft master plan is sent to the agencies specified in this subsection. The second public hearing shall be held in conjunction with the adoption of the draft master plan by the university board of trustees. Campus master plans developed under this section are not rules and are not subject to chapter 120 except as otherwise provided in this section.

Section 71. Section 1013.33, Florida Statutes, are amended to read:

1013.33 Coordination of planning with local governing bodies.—

(1) It is the policy of this state to require the coordination of planning between boards and local governing bodies to ensure that plans for the construction and opening of public educational facilities are facilitated and coordinated in time and place with plans for residential development, concurrently with other necessary services. Such planning shall include the integration of the educational facilities plan and applicable policies and procedures of a board with the local comprehensive plan and land development regulations of local governments. The planning must include the consideration of allowing students to attend the school located nearest their homes when a new housing development is constructed near a county boundary and it is more feasible to transport the students a short distance to an existing facility in an adjacent county than to construct a new facility or transport students longer distances in their county of residence. The planning must also consider the effects of the location of public education facilities, including the feasibility of keeping central city facilities viable, in order to encourage central city redevelopment and the efficient use of infrastructure and to discourage uncontrolled urban sprawl. In addition, all parties to the planning process must consult with state and local road departments to assist in implementing the Safe Paths to Schools program administered by the Department of Transportation.

(2)(a) The school board, county, and nonexempt municipalities located within the geographic area of a school district shall enter into an interlocal agreement that jointly establishes the specific ways in which the plans and processes of the district school board and the local governments are to be coordinated. The interlocal agreements shall be submitted to the state land planning agency and the Office of Educational Facilities in accordance with a schedule published by the state land planning agency.

(b) The schedule must establish staggered due dates for submission of interlocal agreements that are executed by both the local government and district school board, commencing on March 1, 2003, and concluding by December 1, 2004, and must set the same date for all governmental entities within a school district. However, if the county where the school district is located contains more than 20 municipalities, the state land planning agency may establish staggered due dates for the submission of interlocal agreements by these municipalities. The schedule must begin with those areas where both the number of districtwide capital-outlay full-time-equivalent students equals 80 percent or more of the current year's school capacity and the projected 5-year student growth rate is 1,000 or greater, or where the projected 5-year student growth rate is 10 percent or greater.

(c) If the student population has declined over the 5-year period preceding the due date for submittal of an interlocal agreement by the local government and the district school board, the local government and district school board may petition the state land planning agency for a waiver of one or more of the requirements of subsection (3). The waiver must be granted if the procedures called for in subsection (3) are unnecessary because of the school district's declining school age population, considering the district's 5-year work program prepared pursuant to s. 1013.35. The state land planning agency may modify or revoke the waiver upon a finding that the conditions upon which the waiver was granted no longer exist. The district school board and local governments must submit an interlocal agreement within 1 year after notification by the state land planning agency that the conditions for a waiver no longer exist.

(d) Interlocal agreements between local governments and district school boards adopted pursuant to s. 163.3177 before the effective date of subsections *(2)-(7)* ~~(2)-(9)~~ must be updated and executed pursuant to the requirements of subsections *(2)-(7)* ~~(2)-(9)~~, if necessary. Amendments to interlocal agreements adopted pursuant to subsections *(2)-(7)* ~~(2)-(9)~~ must be submitted to the state land planning agency within 30 days after execution by the parties for review consistent with subsections (3)

and (4). Local governments and the district school board in each school district are encouraged to adopt a single interlocal agreement in which all join as parties. The state land planning agency shall assemble and make available model interlocal agreements meeting the requirements of subsections *(2)-(7)* ~~(2)-(9)~~ and shall notify local governments and, jointly with the Department of Education, the district school boards of the requirements of subsections *(2)-(7)* ~~(2)-(9)~~, the dates for compliance, and the sanctions for noncompliance. The state land planning agency shall be available to informally review proposed interlocal agreements. If the state land planning agency has not received a proposed interlocal agreement for informal review, the state land planning agency shall, at least 60 days before the deadline for submission of the executed agreement, renotify the local government and the district school board of the upcoming deadline and the potential for sanctions.

(3) At a minimum, the interlocal agreement must address interlocal agreement requirements in s. *163.31777 and, if applicable, s.* 163.3180*(6)*~~(13)(g), except for exempt local governments as provided in s. 163.3177(12)~~, and must address the following issues:

(a) A process by which each local government and the district school board agree and base their plans on consistent projections of the amount, type, and distribution of population growth and student enrollment. The geographic distribution of jurisdiction-wide growth forecasts is a major objective of the process.

(b) A process to coordinate and share information relating to existing and planned public school facilities, including school renovations and closures, and local government plans for development and redevelopment.

(c) Participation by affected local governments with the district school board in the process of evaluating potential school closures, significant renovations to existing schools, and new school site selection before land acquisition. Local governments shall advise the district school board as to the consistency of the proposed closure, renovation, or new site with the local comprehensive plan, including appropriate circumstances and criteria under which a district school board may request an amendment to the comprehensive plan for school siting.

(d) A process for determining the need for and timing of onsite and offsite improvements to support new construction, proposed expansion, or redevelopment of existing schools. The process shall address identification of the party or parties responsible for the improvements.

(e) A process for the school board to inform the local government regarding the effect of comprehensive plan amendments on school capacity. The capacity reporting must be consistent with laws and rules regarding measurement of school facility capacity and must also identify how the district school board will meet the public school demand based on the facilities work program adopted pursuant to s. 1013.35.

(f) Participation of the local governments in the preparation of the annual update to the school board's 5-year district facilities work program and educational plant survey prepared pursuant to s. 1013.35.

(g) A process for determining where and how joint use of either school board or local government facilities can be shared for mutual benefit and efficiency.

(h) A procedure for the resolution of disputes between the district school board and local governments, which may include the dispute resolution processes contained in chapters 164 and 186.

(i) An oversight process, including an opportunity for public participation, for the implementation of the interlocal agreement.

(4)(a) The Office of Educational Facilities shall submit any comments or concerns regarding the executed interlocal agreement to the state land planning agency within 30 days after receipt of the executed interlocal agreement. The state land planning agency shall review the executed interlocal agreement to determine whether it is consistent with the requirements of subsection (3), the adopted local government comprehensive plan, and other requirements of law. Within 60 days after receipt of an executed interlocal agreement, the state land planning agency shall publish a notice of intent in the Florida Administrative Weekly and shall post a copy of the notice on the agency's Internet site. The notice of intent must state that the interlocal agreement is consistent or inconsistent with the requirements of subsection (3) and this subsection as appropriate.

(b) The state land planning agency's notice is subject to challenge under chapter 120; however, an affected person, as defined in s. 163.3184(1)(a), has standing to initiate the administrative proceeding, and this proceeding is the sole means available to challenge the consistency of an interlocal agreement required by this section with the criteria contained in subsection (3) and this subsection. In order to have standing, each person must have submitted oral or written comments, recommendations, or objections to the local government or the school board before the adoption of the interlocal agreement by the district school board and local government. The district school board and local governments are parties to any such proceeding. In this proceeding, when the state land planning agency finds the interlocal agreement to be consistent with the criteria in subsection (3) and this subsection, the interlocal agreement must be determined to be consistent with subsection (3) and this subsection if the local government's and school board's determination of consistency is fairly debatable. When the state land planning agency finds the interlocal agreement to be inconsistent with the requirements of subsection (3) and this subsection, the local government's and school board's determination of consistency shall be sustained unless it is shown by a preponderance of the evidence that the interlocal agreement is inconsistent.

(c) If the state land planning agency enters a final order that finds that the interlocal agreement is inconsistent with the requirements of subsection (3) or this subsection, the state land planning agency shall forward it to the Administration Commission, which may impose sanctions against the local government pursuant to s. 163.3184(11) and may impose sanctions against the district school board by directing the Department of Education to withhold an equivalent amount of funds for school construction available pursuant to ss. 1013.65, 1013.68, 1013.70, and 1013.72.

(5) If an executed interlocal agreement is not timely submitted to the state land planning agency for review, the state land planning agency shall, within 15 working days after the deadline for submittal, issue to the local government and the district school board a notice to show cause why sanctions should not be imposed for failure to submit an executed interlocal agreement by the deadline established by the agency. The agency shall forward the notice and the responses to the Administration Commission, which may enter a final order citing the failure to comply and imposing sanctions against the local government and district school board by directing the appropriate agencies to withhold at least 5 percent of state funds pursuant to s. 163.3184(11) and by directing the Department of Education to withhold from the district school board at least 5 percent of funds for school construction available pursuant to ss. 1013.65, 1013.68, 1013.70, and 1013.72.

(6) Any local government transmitting a public school element to implement school concurrency pursuant to the requirements of s. 163.3180 before the effective date of this section is not required to amend the element or any interlocal agreement to conform with the provisions of subsections *(2)-(6)* ~~(2)-(8)~~ if the element is adopted prior to or within 1 year after the effective date of subsections *(2)-(6)* ~~(2)-(8)~~ and remains in effect.

~~(7) Except as provided in subsection (8), municipalities meeting the exemption criteria in s. 163.3177(12) are exempt from the requirements of subsections (2), (3), and (4).~~

~~(8) At the time of the evaluation and appraisal report, each exempt municipality shall assess the extent to which it continues to meet the criteria for exemption under s. 163.3177(12). If the municipality continues to meet these criteria, the municipality shall continue to be exempt from the interlocal agreement requirement. Each municipality exempt under s. 163.3177(12) must comply with the provisions of subsections (2)-(8) within 1 year after the district school board proposes, in its 5-year district facilities work program, a new school within the municipality's jurisdiction.~~

(7)~~(9)~~ A board and the local governing body must share and coordinate information related to existing and planned school facilities; proposals for development, redevelopment, or additional development; and infrastructure required to support the school facilities, concurrent with proposed development. A school board shall use information produced by the demographic, revenue, and education estimating con-

ferences pursuant to s. 216.136 when preparing the district educational facilities plan pursuant to s. 1013.35, as modified and agreed to by the local governments, when provided by interlocal agreement, and the Office of Educational Facilities, in consideration of local governments' population projections, to ensure that the district educational facilities plan not only reflects enrollment projections but also considers applicable municipal and county growth and development projections. The projections must be apportioned geographically with assistance from the local governments using local government trend data and the school district student enrollment data. A school board is precluded from siting a new school in a jurisdiction where the school board has failed to provide the annual educational facilities plan for the prior year required pursuant to s. 1013.35 unless the failure is corrected.

(8)~~(10)~~ The location of educational facilities shall be consistent with the comprehensive plan of the appropriate local governing body developed under part II of chapter 163 and consistent with the plan's implementing land development regulations.

(9)~~(11)~~ To improve coordination relative to potential educational facility sites, a board shall provide written notice to the local government that has regulatory authority over the use of the land consistent with an interlocal agreement entered pursuant to subsections *(2)-(6)* ~~(2)-(8)~~ at least 60 days prior to acquiring or leasing property that may be used for a new public educational facility. The local government, upon receipt of this notice, shall notify the board within 45 days if the site proposed for acquisition or lease is consistent with the land use categories and policies of the local government's comprehensive plan. This preliminary notice does not constitute the local government's determination of consistency pursuant to subsection *(10)* ~~(12)~~.

(10)~~(12)~~ As early in the design phase as feasible and consistent with an interlocal agreement entered pursuant to subsections *(2)-(6)* ~~(2)-(8)~~, but no later than 90 days before commencing construction, the district school board shall in writing request a determination of consistency with the local government's comprehensive plan. The local governing body that regulates the use of land shall determine, in writing within 45 days after receiving the necessary information and a school board's request for a determination, whether a proposed educational facility is consistent with the local comprehensive plan and consistent with local land development regulations. If the determination is affirmative, school construction may commence and further local government approvals are not required, except as provided in this section. Failure of the local governing body to make a determination in writing within 90 days after a district school board's request for a determination of consistency shall be considered an approval of the district school board's application. Campus master plans and development agreements must comply with the provisions of ss. 1013.30 and 1013.63.

(11)~~(13)~~ A local governing body may not deny the site applicant based on adequacy of the site plan as it relates solely to the needs of the school. If the site is consistent with the comprehensive plan's land use policies and categories in which public schools are identified as allowable uses, the local government may not deny the application but it may impose reasonable development standards and conditions in accordance with s. 1013.51(1) and consider the site plan and its adequacy as it relates to environmental concerns, health, safety and welfare, and effects on adjacent property. Standards and conditions may not be imposed which conflict with those established in this chapter or the Florida Building Code, unless mutually agreed and consistent with the interlocal agreement required by subsections *(2)-(6)* ~~(2)-(8)~~.

(12)~~(14)~~ This section does not prohibit a local governing body and district school board from agreeing and establishing an alternative process for reviewing a proposed educational facility and site plan, and offsite impacts, pursuant to an interlocal agreement adopted in accordance with subsections *(2)-(6)* ~~(2)-(8)~~.

(13)~~(15)~~ Existing schools shall be considered consistent with the applicable local government comprehensive plan adopted under part II of chapter 163. If a board submits an application to expand an existing school site, the local governing body may impose reasonable development standards and conditions on the expansion only, and in a manner consistent with s. 1013.51(1). Standards and conditions may not be imposed which conflict with those established in this chapter or the Florida Building Code, unless mutually agreed. Local government review or approval is not required for:

(a) The placement of temporary or portable classroom facilities; or

(b) Proposed renovation or construction on existing school sites, with the exception of construction that changes the primary use of a facility, includes stadiums, or results in a greater than 5 percent increase in student capacity, or as mutually agreed upon, pursuant to an interlocal agreement adopted in accordance with subsections (2)-*(6)*~~(8)~~.

Section 72. Paragraph (b) of subsection (2) of section 1013.35, Florida Statutes, is amended to read:

1013.35 School district educational facilities plan; definitions; preparation, adoption, and amendment; long-term work programs.—

(2) PREPARATION OF TENTATIVE DISTRICT EDUCATIONAL FACILITIES PLAN.—

(b) The plan must also include a financially feasible district facilities work program for a 5-year period. The work program must include:

1. A schedule of major repair and renovation projects necessary to maintain the educational facilities and ancillary facilities of the district.

2. A schedule of capital outlay projects necessary to ensure the availability of satisfactory student stations for the projected student enrollment in K-12 programs. This schedule shall consider:

a. The locations, capacities, and planned utilization rates of current educational facilities of the district. The capacity of existing satisfactory facilities, as reported in the Florida Inventory of School Houses must be compared to the capital outlay full-time-equivalent student enrollment as determined by the department, including all enrollment used in the calculation of the distribution formula in s. 1013.64.

b. The proposed locations of planned facilities, whether those locations are consistent with the comprehensive plans of all affected local governments, and recommendations for infrastructure and other improvements to land adjacent to existing facilities. The provisions of ss. 1013.33*(10), (11), and* (12)~~, (13), and (14)~~ and 1013.36 must be addressed for new facilities planned within the first 3 years of the work plan, as appropriate.

c. Plans for the use and location of relocatable facilities, leased facilities, and charter school facilities.

d. Plans for multitrack scheduling, grade level organization, block scheduling, or other alternatives that reduce the need for additional permanent student stations.

e. Information concerning average class size and utilization rate by grade level within the district which will result if the tentative district facilities work program is fully implemented.

f. The number and percentage of district students planned to be educated in relocatable facilities during each year of the tentative district facilities work program. For determining future needs, student capacity may not be assigned to any relocatable classroom that is scheduled for elimination or replacement with a permanent educational facility in the current year of the adopted district educational facilities plan and in the district facilities work program adopted under this section. Those relocatable classrooms clearly identified and scheduled for replacement in a school-board-adopted, financially feasible, 5-year district facilities work program shall be counted at zero capacity at the time the work program is adopted and approved by the school board. However, if the district facilities work program is changed and the relocatable classrooms are not replaced as scheduled in the work program, the classrooms must be reentered into the system and be counted at actual capacity. Relocatable classrooms may not be perpetually added to the work program or continually extended for purposes of circumventing this section. All relocatable classrooms not identified and scheduled for replacement, including those owned, lease-purchased, or leased by the school district, must be counted at actual student capacity. The district educational facilities plan must identify the number of relocatable student stations scheduled for replacement during the 5-year survey period and the total dollar amount needed for that replacement.

g. Plans for the closure of any school, including plans for disposition of the facility or usage of facility space, and anticipated revenues.

h. Projects for which capital outlay and debt service funds accruing under s. 9(d), Art. XII of the State Constitution are to be used shall be identified separately in priority order on a project priority list within the district facilities work program.

3. The projected cost for each project identified in the district facilities work program. For proposed projects for new student stations, a schedule shall be prepared comparing the planned cost and square footage for each new student station, by elementary, middle, and high school levels, to the low, average, and high cost of facilities constructed throughout the state during the most recent fiscal year for which data is available from the Department of Education.

4. A schedule of estimated capital outlay revenues from each currently approved source which is estimated to be available for expenditure on the projects included in the district facilities work program.

5. A schedule indicating which projects included in the district facilities work program will be funded from current revenues projected in subparagraph 4.

6. A schedule of options for the generation of additional revenues by the district for expenditure on projects identified in the district facilities work program which are not funded under subparagraph 5. Additional anticipated revenues may include effort index grants, SIT Program awards, and Classrooms First funds.

Section 73. *Rules 9J-5 and 9J-11.023, Florida Administrative Code, are repealed, and the Department of State is directed to remove those rules from the Florida Administrative Code.*

Section 74. *(1) Any permit or any other authorization that was extended beyond January 1, 2012, under section 14 of chapter 2009-96, Laws of Florida, as reauthorized by section 47 of chapter 2010-147, Laws of Florida, and was ineligible for the permit extension granted by section 46 of chapter 2010-147, Laws of Florida, solely because of its extended expiration date, is extended and renewed for an additional period of 2 years after its previously scheduled expiration date. This extension is in addition to the 2-year permit extension provided under section 14 of chapter 2009-96, Laws of Florida. This section does not prohibit conversion from the construction phase to the operation phase upon completion of construction.*

(2) The commencement and completion dates for any required mitigation associated with a phased construction project shall be extended such that mitigation takes place in the same timeframe relative to the phase as originally permitted.

(3) The holder of a valid permit or other authorization that is eligible for the 2-year extension shall notify the authorizing agency in writing by December 31, 2011, identifying the specific authorization for which the holder intends to use the extension and the anticipated timeframe for acting on the authorization.

(4) The extension provided for in subsection (1) does not apply to:

(a) A permit or other authorization under any programmatic or regional general permit issued by the Army Corps of Engineers.

(b) A permit or other authorization held by an owner or operator determined to be in significant noncompliance with the conditions of the permit or authorization as established through the issuance of a warning letter or notice of violation, the initiation of formal enforcement, or other equivalent action by the authorizing agency.

(c) A permit or other authorization, if granted an extension, that would delay or prevent compliance with a court order.

(5) Permits extended under this section shall continue to be governed by rules in effect at the time the permit was issued, except if it is demonstrated that the rules in effect at the time the permit was issued would create an immediate threat to public safety or health. This subsection applies to any modification of the plans, terms, and conditions of the permit that lessens the environmental impact, except that any such modification may not extend the time limit beyond 2 additional years.

(6) This section does not impair the authority of a county or municipality to require the owner of a property that has notified the county or municipality of the owner's intention to receive the extension of time granted pursuant to this section to maintain and secure the property in a safe and sanitary condition in compliance with applicable laws and ordinances.

Section 75. *(1) The state land planning agency, within 60 days after the effective date of this act, shall review any administrative or judicial proceeding filed by the agency and pending on the effective date of this act to determine whether the issues raised by the state land planning agency are consistent with the revised provisions of part II of chapter 163, Florida Statutes. For each proceeding, if the agency determines that issues have been raised that are not consistent with the revised provisions of part II of chapter 163, Florida Statutes, the agency shall dismiss the proceeding. If the state land planning agency determines that one or more issues have been raised that are consistent with the revised provisions of part II of chapter 163, Florida Statutes, the agency shall amend its petition within 30 days after the determination to plead with particularity as to the manner in which the plan or plan amendment fails to meet the revised provisions of part II of chapter 163, Florida Statutes. If the agency fails to timely file such amended petition, the proceeding shall be dismissed.*

(2) In all proceedings that were initiated by the state land planning agency before the effective date of this act, and continue after that date, the local government's determination that the comprehensive plan or plan amendment is in compliance is presumed to be correct, and the local government's determination shall be sustained unless it is shown by a preponderance of the evidence that the comprehensive plan or plan amendment is not in compliance.

Section 76. *All local governments shall be governed by the revised provisions of s. 163.3191, Florida Statutes, notwithstanding a local government's previous failure to timely adopt its evaluation and appraisal report or evaluation and appraisal report-based amendments by the due dates established in Rule 9J-42, Florida Administrative Code.*

Section 77. *The Division of Statutory Revision is directed to replace the phrase "the effective date of this act" wherever it occurs in this act with the date this act becomes a law.*

Section 78. This act shall take effect upon becoming a law

And the title is amended as follows:

Delete lines 98-194 and insert: the evaluation and appraisal of comprehensive plans; providing and revising local government requirements including notice, amendments, compliance, mediation, reports, and scoping meetings; amending s. 163.3229, F.S.; revising limitations on duration of development agreements; amending s. 163.3235, F.S.; revising requirements for periodic reviews of a development agreements; amending s. 163.3239, F.S.; revising recording requirements; amending s. 163.3243, F.S.; revising parties who may file an action for injunctive relief; amending s. 163.3245, F.S.; revising provisions relating to optional sector plans; authorizing the adoption of sector plans under certain circumstances; amending s. 163.3246, F.S.; revising provisions relating to the local government comprehensive planning certification program; conforming provisions to changes made by the act; deleting reporting requirements of the Office of Program Policy Analysis and Government Accountability; repealing s. 163.32465, F.S., relating to state review of local comprehensive plans in urban areas; amending s. 163.3247, F.S.; providing for future repeal and abolition of the Century Commission for a Sustainable Florida; creating s. 163.3248, F.S.; providing for the designation of rural land stewardship areas; providing purposes and requirements for the establishment of such areas; providing for the creation of rural land stewardship overlay zoning district and transferable rural land use credits; providing certain limitation relating to such credits; providing for incentives; providing eligibility for incentives; providing legislative intent; amending s. 380.06, F.S.; revising requirements relating to the issuance of permits for development by local governments; revising criteria for the determination of substantial deviation; providing for extension of certain expiration dates; revising exemptions governing developments of regional impact; revising provisions to conform to changes made by this act; amending s. 380.0651, F.S.; revising provisions relating to statewide guidelines and standards for certain multiscreen movie theaters, industrial plants, industrial parks, distribution, warehousing and wholesaling facilities, and hotels and motels; revising criteria for the determination of when to treat two or more developments as a single development; amending s. 331.303, F.S.; conforming a cross-reference; amending s. 380.115, F.S.; subjecting certain developments required to undergo development-of-regional-impact

review to certain procedures; amending s. 380.065, F.S.; deleting certain reporting requirements; conforming provisions to changes made by the act; amending s. 380.0685, F.S., relating to use of surcharges for beach renourishment and restoration; repealing Rules 9J-5 and 9J-11.023, Florida Administrative Code, relating to minimum criteria for review of local government comprehensive plans and plan amendments, evaluation and appraisal reports, land development regulations, and determinations of compliance; amending ss. 70.51, 163.06, 163.2517, 163.3162, 163.3217, 163.3220, 163.3221, 163.3229, 163.360, 163.516, 171.203, 186.513, 189.415, 190.004, 190.005, 193.501, 287.042, 288.063, 288.975, 290.0475, 311.07, 331.319, 339.155, 339.2819, 369.303, 369.321, 378.021, 380.115, 380.031, 380.061, 403.50665, 403.973, 420.5095, 420.615, 420.5095, 420.9071, 420.9076, 720.403, 1013.30, 1013.33, and 1013.35, F.S.; revising provisions to conform to changes made by this act; extending permits and other authorizations extended under s. 14, ch. 2009-96, Laws of Florida; extending certain previously granted buildout dates; requiring a permitholder to notify the authorizing agency of its intended use of the extension; exempting certain permits from eligibility for an extension; providing for applicability of rules governing permits; declaring that certain provisions do not impair the authority of counties and municipalities under certain circumstances; requiring the state land planning agency to review certain administrative and judicial proceedings; providing procedures for such review; providing that all local governments shall be governed by certain provisions of general law; providing a directive of the Division of Statutory Revision; providing an effective date.

On motion by Senator Bennett, by two-thirds vote **CS for CS for SB 1122** as amended was read the third time by title, passed, ordered engrossed and then certified to the House. The vote on passage was:

Yeas—30

Mr. President	Flores	Negron
Alexander	Gaetz	Norman
Benacquisto	Garcia	Oelrich
Bennett	Gardiner	Richter
Bogdanoff	Hays	Ring
Braynon	Hill	Simmons
Dean	Jones	Siplin
Detert	Latvala	Smith
Diaz de la Portilla	Lynn	Thrasher
Evers	Margolis	Wise

Nays—9

Altman	Joyner	Sachs
Dockery	Montford	Sobel
Fasano	Rich	Storms

By direction of the President, the rules were waived and the Senate reverted to—

BILLS ON THIRD READING

The Senate resumed consideration of—

HB 7101—A bill to be entitled An act relating to judicial nominating commissions; repealing s. 43.291, F.S., relating to judicial nominating commissions; creating s. 43.292, F.S.; providing for judicial nominating commissions; specifying membership and composition; providing for appointment of members by the Governor; providing for terms; requiring the Governor to consider racial, ethnic, gender, and geographic diversity in making appointments; providing for suspension of a member of a judicial nominating commission; establishing a quorum; providing for administrative support; abolishing prior offices; permitting reappointment of former officeholders; providing an effective date.

—which was previously considered this day with pending **Amendment 2 (453086)** by Senator Bogdanoff.

On motion by Senator Bogdanoff, further consideration of **HB 7101** with pending **Amendment 2 (453086)** was deferred.

RECESS

On motion by Senator Thrasher, the Senate recessed at 12:27 p.m. to reconvene at 1:30 p.m.

AFTERNOON SESSION

The Senate was called to order by President Haridopolos at 1:49 p.m. A quorum present—38:

Mr. President	Flores	Oelrich
Alexander	Gaetz	Rich
Altman	Gardiner	Richter
Benacquisto	Hays	Ring
Bennett	Hill	Sachs
Bogdanoff	Jones	Simmons
Braynon	Joyner	Siplin
Dean	Latvala	Smith
Detert	Lynn	Sobel
Diaz de la Portilla	Margolis	Storms
Dockery	Montford	Thrasher
Evers	Negron	Wise
Fasano	Norman	

RECONSIDERATION OF BILL

On motion by Senator Bennett, the Senate reconsidered the vote by which—

CS for CS for SB 1122—A bill to be entitled An act relating to growth management; amending s. 163.3161, F.S.; redesignating the "Local Government Comprehensive Planning and Land Development Regulation Act" as the "Community Planning Act"; revising and providing intent and purpose of act; amending 163.3162, F.S.; revising provisions related to agricultural enclaves; amending s. 163.3164, F.S.; revising definitions; amending s. 163.3167, F.S.; revising the scope of the act; revising and providing duties of local governments and municipalities relating to comprehensive plans; removing regional planning agencies from the responsibility of preparing comprehensive plans; prohibiting initiative or referendum processes in regard to development orders, local comprehensive plan amendments, and map amendments; prohibiting local governments from requiring a super majority vote on comprehensive plan amendments; deleting retroactive effect; creating s. 163.3168, F.S.; encouraging local governments to apply for certain innovative planning tools; authorizing the state land planning agency and other appropriate state and regional agencies to use direct and indirect technical assistance; amending s. 163.3171, F.S.; providing legislative intent; amending s. 163.3174, F.S.; deleting certain notice requirements relating to the establishment of local planning agencies by a governing body; amending s. 163.3175, F.S.; providing additional factors for local government consideration in impacts to military installations; clarifying requirements for adopting criteria to address compatibility of lands relating to military installations; amending s. 163.3177, F.S.; revising and providing duties of local governments; revising and providing required and optional elements of comprehensive plans; revising requirements of schedules of capital improvements; revising and providing provisions relating to capital improvements elements; revising and providing required sanitary sewer, solid waste, drainage, potable water, and natural groundwater aquifer recharge elements; revising and providing required conservation elements; revising and providing required housing elements; revising and providing required coastal management elements; revising major objectives of, and procedures relating to, the local comprehensive planning process; revising and providing required and optional elements of future land use plans; providing required transportation elements; revising and providing required conservation elements; revising and providing required housing elements; revising and providing required coastal management elements; revising and providing required intergovernmental coordination elements; amending s. 163.31777, F.S.; revising requirements relating to public schools' interlocal agreements; deleting duties of the Office of Educational Facilities, the state land planning agency, and local governments relating to such agreements; deleting an exemption; amending s. 163.3178, F.S.; deleting a deadline for local governments to amend coastal management elements and future land use maps; amending s. 163.3180, F.S.; revising

and providing provisions relating to concurrency; revising concurrency requirements; revising application and findings; revising local government requirements; revising and providing requirements relating to transportation concurrency, transportation concurrency exception areas, urban infill, urban redevelopment, urban service, downtown revitalization areas, transportation concurrency management areas, long-term transportation and school concurrency management systems, development of regional impact, school concurrency, service areas, financial feasibility, interlocal agreements, and multimodal transportation districts; revising duties of the Office of Program Policy Analysis and Government Accountability and the state land planning agency; providing requirements for local plans; providing for the limiting the liability of local governments under certain conditions; reenacting s. 163.31801(5), F.S., and amending s. 163.31801, F.S.; prohibiting new impact fees by local governments for a specified period of time; amending s. 163.3182, F.S.; revising definitions; revising provisions relating to transportation sufficiency plans and projects; amending s. 163.3184, F.S.; providing a definition for "reviewing agencies"; amending the definition of "in compliance"; removing references to procedural rules established by the state land planning agency; deleting provisions relating to community vision and urban boundary plan amendments, urban infill and redevelopment plan amendments, and housing incentive strategy plan amendments; amending s. 163.3187, F.S.; deleting provisions relating to the amendment of adopted comprehensive plan and providing the process for adoption of small-scale comprehensive plan amendments; amending s. 163.3191, F.S., relating to the evaluation and appraisal of comprehensive plans; providing and revising local government requirements including notice, amendments, compliance, mediation, reports, and scoping meetings; amending s. 163.3194, F.S.; regulating development orders for signs authorized by s. 479.07, F.S.; providing definitions; amending s. 163.3235, F.S.; revising requirements for periodic reviews of a development agreements; amending s. 163.3239, F.S.; revising recording requirements; amending s. 163.3243, F.S.; revising parties who may file an action for injunctive relief; amending s. 163.3245, F.S.; revising provisions relating to optional sector plans; authorizing the adoption of sector plans under certain circumstances; amending s. 163.3247, F.S.; revising provisions relating to the Century Commission for a Sustainable Florida; revising the findings and intent to include the necessity for a specific strategic plan addressing the state's growth management system; revising the planning timeframes to include a 10-year horizon; revising membership of the commission; deleting obsolete provisions regarding initial appointments; providing for the election of a chair and excluding certain members from serving as chair during a specified period; requiring that the commission meet at least six times per fiscal year; deleting a provision that requires the commission to meet in different regions in the state; requiring that the executive director establish a meeting calendar with the commission's approval; authorizing the commission to form subcommittees by vote; providing for a majority vote of members on commission actions; providing for reimbursement for per diem and travel expenses; revising provisions relating to the commission's powers and duties; requiring that the commission, in cooperation with interested state agencies, local governments, and nongovernmental stakeholders, develop a strategic plan and submit the plan to the Governor and the Legislature by a specified date; requiring that the commission also submit progress reports by specified dates; requiring that the commission make presentations to the Governor and the Legislature; providing that an executive director be appointed by the Secretary of Community Affairs and ratified by the commission; requiring that the Department of Community Affairs provide a specific line item in its annual legislative budget request to fund the commission during a specified period; authorizing the department to obtain additional funding through external grants; requiring that the department provide sufficient funding and staff support to assist the commission in its duties; providing for future expiration and the abolishment of the commission; creating s. 163.3248, F.S.; providing for the designation of rural land stewardship areas; providing purposes and requirements for the establishment of such areas; providing for the creation of rural land stewardship overlay zoning district and transferable rural land use credits; providing certain limitations relating to such credits; providing for incentives; providing legislative intent; amending s. 163.32465, F.S.; revising legislative findings related to local government comprehensive planning; revising the process for amending a comprehensive plan; making the expedited review process applicable statewide and removing its status as a pilot program; revising the process and requirements for expedited review of plan amendments; amending s. 186.504, F.S.; revising membership requirements of regional planning councils; amending s. 367.021, F.S.; providing definitions for the terms "large landowner" and "need"; amending s. 380.06, F.S.; revising exemptions; revising provisions to conform to changes made by this act; repealing rules 9J-5 and 9J-11.023, Florida Administrative Code, relating to minimum criteria for review of local government comprehensive plans and plan amendments, evaluation and appraisal reports, land development regulations, and determinations of compliance; amending s. 380.0685, F.S.; revising the uses of the park admission surcharge; amending ss. 70.51, 163.06, 163.2517, 163.3217, 163.3220, 163.3221, 163.3229, 163.360, 163.516, 171.203, 186.513, 186.515, 189.415, 190.004, 190.005, 193.501, 287.042, 288.063, 288.975, 290.0475, 311.07, 331.319, 339.155, 339.2819, 369.303, 369.321, 378.021, 380.031, 380.061, 380.065, 380.115, 403.50665, 420.9071, 403.973, 420.5095, 420.615, 420.9071, 420.9076, 720.403, 1013.30, and 1013.33, F.S.; making conforming changes; repealing administrative rules; expanding a permit extension; providing a finding of important state interest; requiring the state land planning agency to review certain administrative and judicial proceedings; providing procedures for such review; affirming statutory construction with respect to other legislation passed at the same session; providing a directive of the Division of Statutory Revision; providing effective dates.

—as amended passed this day.

On motion by Senator Bennett, by two-thirds vote the Senate reconsidered the vote by which **CS for CS for SB 1122** was read the third time by title.

Pursuant to Rule 4.19, **CS for CS for SB 1122** as amended was placed on the calendar of Bills on Third Reading.

By direction of the President, the rules were waived and the Senate reverted to—

BILLS ON THIRD READING

CS for CS for HB 1355—A bill to be entitled An act relating to elections; amending s. 97.012, F.S.; expanding the list of responsibilities of the Secretary of State when acting in his or her capacity as chief election officer; amending s. 97.021, F.S.; revising the definition of "minor political party"; amending s. 97.025, F.S.; revising methods of publication and distribution of the Florida Election Code pamphlet to candidates qualifying with the Department of State; amending s. 97.0575, F.S.; requiring that third-party voter registration organizations register with the Division of Elections and provide the division with certain information; requiring that the division or a supervisor of elections make voter registration forms available to third-party voter registration organizations; requiring that such forms contain certain information; requiring that the division maintain a database of certain information; requiring supervisors of elections to provide specified information to the division in a format and at times required by the division; requiring that such information be updated and made public daily at a specified time; requiring third-party voter registration organizations to deliver collected voter registration applications within a specified period; revising penalty provisions to conform; specifying grounds for an affirmative defense to a violation of timely submission requirements; providing for the referral of violations to the Attorney General; authorizing the Attorney General to initiate a civil action; providing that an action for relief may include a permanent or temporary injunction, a restraining order, or any other appropriate order; requiring that the division adopt rules for specified purposes; providing for retroactive effectiveness; amending s. 97.071, F.S.; requiring that voter information cards contain the address of the polling place of the registered voter; requiring a supervisor of elections to issue a new voter information card to a voter upon a change in a voter's address of legal residence or a change in a voter's polling place address; amending s. 97.073, F.S.; requiring a supervisor to notify an applicant within 5 business days regarding disposition of the voter registration applications; amending s. 97.1031, F.S.; requiring an elector to notify the supervisor of elections when he or she changes his or her residence address; providing a voter with various options for providing address updates; revising notice requirements for any change in party affiliation; amending s. 98.075, F.S.; requiring a supervisor of elections to remove a registered voter from the statewide voter registration system upon certain notice; providing bases for ineligibility; amending 98.093, F.S.; requiring the Florida Parole Commission and the Department of Corrections to provide specified data for the updating of the statewide voter registration system regarding convicted felons; amending s. 98.0981, F.S.; providing timeframes and

formats for voting history information to be sent by the supervisors of elections to the department; providing timeframes and formats for voting history information to be sent by the department to the President of the Senate, the Speaker of the House of Representatives, and the respective minority leaders; requiring submission of precinct-level information in a certain format by a time certain; amending s. 99.012, F.S., relating to restrictions on individuals qualifying for public office; providing that if a final court order determines that a person did not comply with specific provisions of the section the person is not qualified as a candidate and his or her name may not appear on ballot; providing for nonapplicability to presidential and vice presidential candidates; amending s. 99.021, F.S.; revising the candidate oath requirement for a person seeking to qualify for nomination or election or as a candidate of a political party; removing requirement for qualifying officer to give printed copy of candidate oath; removing requirement for taking public employee oath; providing exceptions for certain candidates taking other oaths; amending s. 99.061, F.S.; revising timeframe for candidate to pay qualifying fee under certain circumstances; requiring checks to be payable as prescribed by filing officer; requiring notarized signature on certain oaths; removing requirement for public employee oath; requiring filing of a notarized financial disclosure; clarifying time for qualifying papers to be received; providing that qualifying officer performs ministerial duty only; exempting qualifying officer decision from Administrative Procedures Act; amending s. 99.063, F.S.; removing the requirement that a candidate swear a public employee loyalty oath; amending s. 99.093, F.S.; remitting assessments directly to the Florida Elections Commissions rather than passing through the department; amending s. 99.095, F.S.; allowing certain individuals seeking county or district office in a year of apportionment to obtain signatures countywide; amending s. 99.097, F.S.; clarifying that the supervisor of elections checks more than signatures on petition forms; clarifying rulemaking authority of the department relating to petitions; prohibiting certain random sampling method of petition verification for constitutional amendments petitions; providing for invalidity of undue burden oaths under specified circumstances; providing for certain funds to be used to reimburse a supervisor of elections for signature verification fees not previously paid when an undue burden oath is held invalid; amending s. 100.061, F.S.; revising the primary election date; amending s. 100.111, F.S.; providing notification requirements and procedures for filling a vacancy in nomination for certain offices; deleting the definition of the term "district political party executive committee"; providing that a vacancy in nomination is not created if an order of a court that has become final determines the nominee did not properly qualify or does not meet the necessary qualifications to hold the office sought; amending s. 100.371, F.S.; providing that signatures on an initiative petition are valid for 2 years instead of 4 years; requiring that a petition signer must be a registered elector at time of signing for a supervisor to verify his or her signature as valid; requiring the supervisor of elections to notify petition sponsor of misfiled petition under certain circumstances; deleting certain petition revocation provisions; amending s. 101.001, F.S.; requiring the supervisors of elections to provide the department with precinct data including specified information; requiring the department to maintain a searchable database containing certain precinct and census block information; requiring supervisors of elections to notify the department of precinct changes within a specified time; deleting a waiver; amending s. 101.043, F.S.; providing that the address appearing on the photo identification used at polls cannot be used to confirm or challenge an elector's legal residence for address verification; amending s. 101.045, F.S.; permitting a change of residence at the polling place for a person changing residence within a county; providing that a person whose change of address is from outside the county may not change his or her legal residence at the polling place or vote a regular ballot but may vote a provisional ballot; amending s. 101.131, F.S.; revising procedures for the designation of poll watchers; requiring that the division prescribe a form for the designation of poll watchers; providing conditions under which poll watchers are authorized to enter polling areas and watch polls; requiring that a supervisor of elections provide identification to poll watchers by a specified period before early voting begins; requiring that poll watchers display such identification while in a polling place; amending s. 101.151, F.S.; providing changes in ballot appearance; reducing length and appearance of ballot and redundancy; expanding use of ballot on demand technology; amending s. 101.5605, F.S.; clarifying that testing of voting equipment be done in accordance with state-adopted voting system standards; amending s. 101.5606, F.S.; removing references to obsolete forms of voting; amending s. 101.56075, F.S.; providing that all voting systems utilized after a certain time shall permit placement on the ballot of the full text of a constitutional amendment; amending s. 101.5612, F.S.; revising the number or percentage of systems that must be tested; amending s. 101.5614, F.S.; conforming law to current technological practices in canvassing of certain returns; amending s. 101.591, F.S.; providing that a manual recount is not required under certain circumstances; amending s. 101.62, F.S.; extending absentee ballot request through the end of the calendar year of the next two regularly scheduled general elections; providing timeframes for absentee ballots to be sent to voters voting an absentee ballot; clarifying provisions relating to military and overseas voters; requiring the supervisors of elections to update absentee ballot information and make available by a time certain; revising reasons for voting absentee; amending s. 101.65, F.S.; expanding absentee ballot instructions to notify a voter that signatures on ballot and on record must match; informing voter when signature must be updated; amending s. 101.68, F.S.; allowing the county canvassing boards to begin canvassing of absentee ballots at a time certain; amending s. 101.6923, F.S.; expanding special absentee ballot instructions for certain first-time voters to notify voters that signatures on the ballot and on record must match; informing voter when signature must be updated; amending s. 101.75, F.S.; eliminating state mandate for a municipal election to have a 14-day candidate qualifying period when it moves its election to coincide with state or county election; amending s. 102.031, F.S.; prohibiting solicitation of voters who are entering or in line to enter any polling place, polling room, or early voting site; requiring the posting of a sign; expanding the definitions of the terms "solicit" and "solicitation"; amending s. 102.141, F.S.; requiring the canvassing board to report all early voting and all tabulated absentee results to the department by a time certain; requiring periodic updates; amending s. 102.168, F.S.; clarifying when canvassing boards are an indispensable party to an election contest; clarifying evidence a circuit court may consider in certain election contests; providing a standard of review; amending s. 103.021; F.S.; revising the definition of the term "national party"; revising requirements for a minor political party to have candidates for President and Vice President placed on the general election ballot; creating s. 103.095, F.S.; providing a procedure for the registration of a minor political party; requiring the Division of Elections to adopt rules to prescribe the manner in which political parties may have their filings canceled; amending s. 103.101, F.S.; creating a Presidential Preference Primary Date Selection Committee; providing membership; requiring for the committee to meet by a date certain and to set a date for the presidential preference primary; amending s. 103.141, F.S.; deleting language providing for the removal of certain county executive committee members pursuant to a separate provision of law; amending s. 104.29, F.S.; clarifying when it is an offense for an inspector or other election official to deny a person the opportunity to observe whether ballots are being correctly reconciled; amending s. 106.011, F.S.; revising the definitions of "candidate", "contribution," and "expenditure" to exclude funds received or spent for certain potential candidate polls; clarifying and conforming the definition of "independent expenditure" to the candidate's specific qualifying period; clarifying the qualifying period for the candidate; correcting a cross-reference; creating s. 106.012, F.S.; providing that funds spent or received are not contributions or expenditures if used solely for determining candidate viability; providing examples of permissible activities; providing for retention of records; providing that funds become contributions and expenditures upon the candidacy of a person; requiring reporting of funds regardless of date received or spent; providing examples of ineligible activities for fund use; delineating activities indicating intention to become a candidate; limiting the amount of funds that may be received; amending s. 106.021, F.S.; deleting a requirement that certain information be included in campaign reports for reimbursement; amending s. 106.022, F.S.; requiring a political committee, committee of continuous existence, or electioneering communications organization to file a statement of appointment with the filing officer rather than with the division; authorizing an entity to change its appointment of registered agent or registered office by filing a written statement with the filing officer; requiring a registered agent who resigns to execute a written statement of resignation and file it with the filing officer; amending s. 106.023, F.S.; revising the form of the statement of a candidate to require a candidate to acknowledge that he or she has been provided access to and understands the requirements of ch. 106, F.S.; amending s. 106.025, F.S.; exempting tickets or advertising for a campaign fundraiser from requirements of s. 106.143, F.S.; amending s. 106.03, F.S.; providing when a political committee must file a statement of organization; providing when a group must register as an electioneering communications organization; amending s. 106.04, F.S.; requiring a committee of continuous existence that makes a contribution or expenditure in connection with certain county or municipal elections to

file specified reports; subjecting a committee of continuous existence that fails to file a report or to timely file a report with the division or a county or municipal filing officer to a fine; requiring a committee of continuous existence to include transaction information from credit card purchases in a report filed with the division; requiring a committee of continuous existence to report changes in information previously reported to the division within 10 days after the change; requiring the division to revoke the certification of a committee of continuous existence under certain circumstances; requiring the division to adopt rules to prescribe the manner in which the certification is revoked; increasing the amount of a fine to be levied on a committee of continuous existence that fails to timely file certain reports; providing for the deposit of the proceeds of the fines; including the registered agent of a committee of continuous existence as an alternate person whom the filing officer shall notify that a report has not been filed; providing criteria for deeming delivery of a notice of fine complete; requiring a committee of continuous existence that appeals a fine to file a copy of the appeal with the commission; amending s. 106.07, F.S.; correcting a cross-reference; revising the dates that certain contribution and expenditure reports must be filed; revising reporting requirements for a statewide candidate who receives funding under the Florida Election Campaign Financing Act and candidates in a race with a candidate who has requested funding under that act; deleting a requirement for a committee of continuous existence to file a campaign treasurer's report relating to contributions or expenditures to influence the results of a special election; revising the methods by which a campaign treasurer may be notified of the determination that a report is incomplete to include certified mail and other methods using a common carrier that provides proof of delivery of the notice; extending the time the campaign treasurer has to file an addendum to the report after receipt of notice of why the report is incomplete; providing criteria for deeming delivery complete of a notice of incomplete report; deleting a provision allowing for notification by telephone of an incomplete report; requiring political committees that make a contribution or expenditure in connection with certain county or municipal elections to file campaign finance reports with the county or municipal filing officer and to include its contributions and expenditures in a report to the division; revising the information that must be included in a report to include transaction information for credit card purchases; deleting a requirement that a campaign depository to return checks drawn on the account to the campaign treasurer; specifying the amount of a fine for the failure to timely file reports after a special primary election or special election; specifying that the registered agent of a political committee is a person whom a filing officer may notify of the amount of the fine for filing a late report; providing criteria for deeming delivery of a notice of late report and resulting fine complete; amending s. 106.0703, F.S.; correcting a cross-reference; deleting a requirement for an electioneering communications organization to provide certain information to the department on activities occurring since the last general election; amending s. 106.0705, F.S.; requiring certain individuals to electronically file certain reports with the division; conforming a cross-reference to changes made by the act; deleting an obsolete provision; amending s. 106.071, F.S.; conforming provisions relating to expenditures in the aggregate; clarifying the independent expenditure disclaimer for paid political advertisement by an individual; amending s. 106.08, F.S.; deleting a requirement for the department to notify candidates as to whether an independent or minor party candidate has obtained the required number of petition signatures; deleting a requirement for certain unopposed candidates to return contributions; specifying the entities with which a political party's state executive committee, an affiliated party committee, and county executive committees must file a written acceptance of an in-kind contribution; amending s. 106.09, F.S.; specifying that the limitations on contributions by cash or cashier's check apply to the aggregate amount of contributions to a candidate or committee per election; clarifying that a violation of a certain subsection, and not a section, of the law is a misdemeanor of the first degree; amending s. 106.11, F.S.; revising the statement that must be contained on checks from a campaign account; deleting requirements relating to the use of debit cards; authorizing a campaign for a candidate to reimburse the candidate's loan to the campaign when the campaign account has sufficient funds; amending s. 106.141, F.S.; removing certain limitations on expenditure of surplus funds; requiring candidates receiving public financing to return all surplus funds to the General Revenue Fund after paying certain monetary obligations and expenses; amending s. 106.143, F.S.; revising disclosure requirements for certain political advertisements; specifying disclosure statements that must be included in political advertisements paid for by a write-in candidate; specifying disclosure requirements for political advertisements paid for by in-kind contributions; prohibiting the inclusion of a person's political affiliation in advertisements for a nonpartisan office; clarifying the type of political advertisements that must be approved in advance by a candidate; deleting a duplicative exemption from the requirement to obtain a candidate's approval for messages designed to be worn; providing that political advertisements paid for by a political party or an affiliated party committee may use certain registered names and abbreviations; clarifying that a political advertisement that is paid for by a candidate and complies with statutory disclosure requirements is not required to additionally state that it is approved by the candidate; amending s. 106.15, F.S.; prohibiting the making, soliciting, or accepting of any political contribution in a government-occupied room or building space; defining "government-occupied room or building space"; providing an exception; amending s. 106.17, F.S.; authorizing state and county executive committees and affiliated party committees to conduct political polls to determine viability of potential candidates; allowing sharing of results; providing that such expenditures are not contributions to the potential candidates; amending s. 106.19, F.S.; providing that a candidate's failure to comply with ch. 106, F.S., has no effect on whether the candidate has qualified for office; amending s. 106.25, F.S., relating to reports of alleged violations to Florida Elections Commission; providing a deadline for the filing of a response by a respondent; prohibiting the commission from defining willfulness by rule, or further defining the term as provided in ch. 106 or ch. 104, F.S.; providing for entering into a consent order under certain circumstances; allowing a respondent who is alleged by the commission to have violated the election code or campaign financing laws to elect as a matter of right a formal hearing before the Division of Administrative Hearings; authorizing an administrative law judge to assess civil penalties upon the finding of a violation; amending s. 106.26, F.S.; authorizing the commission to file a complaint in the circuit court where the witness resides; amending s. 106.265, F.S.; authorizing an administrative law judge to assess a civil penalty upon a finding of a violation of the election code or campaign financing laws; providing for civil penalties to be assessed against an electioneering communications organization; removing reference to the expired Election Campaign Financing Trust Fund; directing that moneys from penalties and fines be deposited into the General Revenue Fund; amending s. 106.29, F.S.; requiring specified committees that make contributions or expenditures to influence the results of a special election or special primary election to file campaign treasurer's reports by certain dates; providing for applicable campaign finance reporting dates, to conform; deleting a requirement that each state executive committee file the original and one copy of its reports with the division; revising provisions relating to penalties for late filing, to conform and to provide requirements for sufficiency of notice; amending s. 106.35, F.S.; deleting a requirement that the division adopt rules relating to the format and filing of certain printed campaign treasurer's reports under the Florida Election Campaign Financing Act; amending s. 106.355, F.S.; eliminating the duty of the department to provide funds from the Election Campaign Financing Trust Fund when certain expenditure limits are exceeded; amending s. 11.045, F.S.; excluding funds received or spent under s. 106.012, F.S., from the definition of "expenditure"; amending s. 112.312, F.S.; excluding funds received or spent under s. 106.012, F.S., or contributions or expenditures reported pursuant to federal election law from the definition of "gift"; amending s. 112.3215, F.S.; excluding funds received or spent under s. 106.012, F.S., or contributions or expenditures reported pursuant to federal election law from the definition of "expenditure"; amending s. 876.05, F.S.; deleting the requirement that candidates for public office take a public employee oath; amending s. 100.101, F.S.; to conform to changes made by the act; repealing s. 103.161, F.S., relating to the removal or suspension of officers or members of state executive committees or county executive committees; repealing s. 876.07, F.S., relating to the requirement that a candidate take a public employee oath as a prerequisite to qualifying for public office, to conform; amending s. 101.161, F.S.; revising terminology; transferring to a new subsection requirements applicable to joint resolutions; providing that a joint resolution may include a ballot summary and alternate ballot summaries; providing that a joint resolution may include a ballot summary or alternate ballot summaries, listed in order of preference, describing the chief purpose of the amendment or revision in clear and unambiguous language; requiring a joint resolution to specify placement on the ballot of a ballot title and either a ballot summary embodied in the joint resolution or the full text of the proposed amendment or revision; requiring placement on the ballot of the ballot title and ballot summary, or the ballot title and the full text of the proposed amendment or revision, as specified by a joint resolution; requiring placement on the ballot of the full text of an amendment or revision if the court determines that each ballot

summary embodied in a joint resolution is defective unless the Secretary of State certifies to the court that placement of the full text on the ballot is incompatible with voting systems that must be utilized during the election at which the proposed amendment will be presented to voters and that no other available accommodation will enable persons with disabilities to vote on the proposed amendment or revision; requiring the Attorney General to revise a ballot summary under certain circumstances; requiring the court to retain jurisdiction over challenges to any revised ballot summary submitted by the Attorney General; requiring challenges to revised ballot summaries to be filed within 10 days after the revised ballot summary is submitted to the court by the Attorney General; creating a presumption that the full text of an amendment or revision must be considered a clear and unambiguous statement of the substance and effect of an amendment or revision proposed by joint resolution and sufficient notice to electors under certain circumstances; establishing rules of construction for construing proposed ballot titles, ballot summaries, or the full text of proposed amendments or revisions; requiring legal challenges to ballot language to be filed within certain time periods; requiring complaints or petitions challenging ballot language to assert all grounds for such challenges; providing that any grounds not asserted are waived; requiring the courts to describe with specificity each deficiency in a ballot title, summary, or full text of a proposed amendment or revision; requiring the courts to accord actions challenging ballot language specified by a joint resolution priority over other pending cases and issue orders as expeditiously as possible; providing retroactive applicability to joint resolutions passed during the 2011 regular session; providing effective dates.

—as amended May 4 was read the third time by title.

On motion by Senator Diaz de la Portilla, **CS for CS for HB 1355** as amended was passed and certified to the House. The vote on passage was:

On motion by Senator Siplin, by unanimous consent—

CS for CS for SB 2076—A bill to be entitled An act relating to the Department of Agriculture and Consumer Services; amending s. 20.14, F.S.; deleting the Division of Dairy within the Department of Agriculture and Consumer Services; amending s. 193.461, F.S.; redefining the term "agricultural purposes" as it relates to agricultural lands; amending s. 215.981, F.S.; exempting certain direct-support organizations and citizen support organizations for the Department of Agriculture and Consumer Services from obtaining an independent audit; amending s. 253.02, F.S.; providing for the grantee of easements for electrical transmission to pay the lead manager of the state-owned lands or, when there is no lead manager, the Department of Environmental Protection, if suitable replacement uplands cannot be identified; amending s. 261.04, F.S.; deleting provisions related to per diem and travel expenses for members of the Off-Highway Vehicle Recreation Advisory Committee within the Division of Forestry; amending s. 482.051, F.S.; providing rule changes that allow operators to provide certain emergency notice to the Department of Agriculture and Consumer Services by facsimile or electronic means; amending s. 482.071, F.S.; increasing the minimum insurance coverage for bodily injury and property damage required for pest control businesses; creating s. 482.072, F.S.; providing for licensure by the department of pest control customer contact centers; providing application requirements; providing for fees, licensure renewal, penalties, licensure expiration, and transfer of licenses; requiring the department to adopt rules; providing for disciplinary action; creating s. 482.157, F.S.; providing for the certification of commercial wildlife trappers; providing requirements for certification, examination, and fees; limiting the scope of work permitted by certificate holders; clarifying that certificateholders who practice accepted pest control methods are immune from liability for violating laws prohibiting cruelty to animals; providing that the provisions of s. 482.157, F.S., do not exempt any person from the rules or orders of the Fish and Wildlife Conservation Commission; amending s. 482.226, F.S.; increasing the minimum financial responsibility requirements for licensees that perform wood-destroying organism inspections; amending s. 482.243, F.S.; deleting provisions relating to reimbursement for expenses for members of the Pest Control Enforcement Advisory

Council within the department; amending s. 487.041, F.S.; providing that registration, supplemental, and late fees related to the registration of pesticide brands with the department are nonrefundable; providing requirements for label revisions of pesticide brands; providing requirements for label revisions that must be reviewed by the United States Environmental Protection Agency; requiring payments of pesticide registration fees to be submitted electronically; amending s. 487.0615, F.S.; deleting references relating to per diem and travel for the Pesticide Review Council within the Department of Agriculture and Consumer Services; amending s. 500.70, F.S.; requiring certain persons that produce, harvest, pack, or repack tomatoes to register each location of a tomato farm, tomato greenhouse, tomato packinghouse, or tomato repacker by a specified date on a form prescribed by the department; requiring the department to set a registration fee; providing for funds collected to be deposited into the General Inspection Trust Fund; amending s. 527.22, F.S.; deleting provisions relating to per diem and travel expenses for members of the Florida Propane Gas Education, Safety, and Research Council within the department; amending s. 559.9221, F.S.; deleting provisions relating to per diem and travel expenses for members of the Motor Vehicle Repair Advisory Council within the department; amending s. 570.07, F.S.; revising the department's authority to enforce laws relating to commercial stock feeds and commercial fertilizer; providing a limited exemption to counties that have existing ordinances regulating the sale of urban turf fertilizers; revising the powers and duties of the department regarding pollution control and the prevention of wildfires; amending s. 570.0705, F.S.; deleting provisions relating to per diem and travel expenses for members of any advisory committee that the Commissioner of Agriculture may appoint; amending s. 570.074, F.S.; revising the name of the Office of Water Coordination to the Office of Energy and Water; amending s. 570.18, F.S.; conforming provisions to changes made by the act; amending s. 570.23, F.S.; deleting provisions relating to per diem and travel expenses for members of the State Agricultural Advisory Council within the department; repealing s. 570.29(6), F.S., relating to the Division of Dairy Industry within the department; amending s. 570.38, F.S.; deleting provisions relating to per diem and travel expenses for members of the Animal Industry Technical Council within the department; amending s. 570.382, F.S.; deleting provisions relating to per diem and travel expenses for members of the Arabian Horse Council within the department; repealing s. 570.40, F.S., relating to the powers and duties of the Division of Dairy within the department; repealing s. 570.41, F.S., relating to the qualifications and duties of the Director of the Division of Dairy within the department; amending s. 570.42, F.S.; deleting provisions relating to per diem and travel expenses for members of the Dairy Industry Technical Council within the department; amending s. 570.50, F.S.; requiring the Division of Food Safety within the department to inspect dairy farms and enforce the provisions of ch. 502, F.S.; requiring the Division of Food Safety to inspect milk plants, milk product plants, and plants engaged in the manufacture and distribution of frozen desserts and frozen dessert mixes; requiring the Division of Food Safety to analyze and test samples of milk, milk products, frozen desserts, and frozen dessert mixes; amending s. 570.543, F.S.; deleting provisions relating to per diem and travel expenses for members of the Florida Consumers' Council within the department; repealing s. 570.954(3), F.S., relating to the requirement that the Department of Agriculture and Consumer Services coordinate with and solicit the expertise of the state energy office when developing the farm-to-fuel initiative; amending s. 571.28, F.S.; deleting provisions relating to per diem and travel expenses for members of the Florida Agricultural Promotional Campaign Advisory Council within the department; amending s. 573.112, F.S.; deleting provisions relating to per diem and travel expenses for members of the advisory council that administers the marketing order that is issued to the department; amending s. 576.091, F.S.; deleting provisions relating to per diem and travel expenses for members of the Fertilizer Technical Council within the department; amending s. 580.151, F.S.; deleting provisions relating to per diem and travel expenses for members of the Commercial Feed Technical Council within the department; amending s. 581.186, F.S.; deleting provisions relating to per diem and travel expenses for members of the Endangered Plant Advisory Council within the department; amending s. 586.161, F.S.; deleting provisions relating to per diem and travel expenses for members of the Honeybee Technical Council within the department; amending s. 590.015, F.S.; defining the terms "department," "open burning," and "broadcast burning" as they relate to forest protection; redefining the term "fire management services"; amending s. 590.02, F.S.; authorizing forest-operations administrators to be certified as forestry firefighters; authorizing the Department of Agriculture and Consumer Services to have exclusive authority over the Florida Building Code as it pertains to wildfire and law enforcement facilities under the jurisdiction of the department; authorizing the department to retain, transfer, warehouse, bid, destroy, scrap, or dispose of surplus equipment and vehicles used for wildland firefighting; authorizing the department to retain any moneys received from the disposition of state-owned equipment and vehicles used for wildland firefighting; providing that moneys received may be used for the acquisition of exchange and surplus equipment used for wildland firefighting and all necessary operating expenditures related to the equipment; requiring the department to maintain records of the accounts into which the money is deposited; giving the Division of Forestry exclusive authority to require and issue authorizations for broadcast burning, agricultural pile burning, and silvicultural pile burning; preempting other governmental entities from adopting laws, rules, or policies pertaining to broadcast burning, agricultural pile burning, or silvicultural pile burning unless an emergency order has been declared; authorizing the department to delegate its authority to a county or municipality to issue authorizations for the burning of yard trash and debris from land clearing operations; amending s. 590.125, F.S.; defining and redefining terms relating to open-burning authorizations by the division; specifying purposes of certified prescribed burning; requiring the authorization of the division for certified pile burning; providing pile burning requirements; limiting the liability of property owners or agents engaged in pile burning; providing penalties for violations by certified pile burners; requiring the division to adopt rules to regulate certified pile burning; revising notice requirements for wildfire hazard reduction treatments; providing for approval of local governments' open-burning-authorization programs; providing program requirements; authorizing the division to resume administration of a local government's program under certain circumstances; providing penalties for violations of a local government's open-burning requirements; amending s. 590.14, F.S.; authorizing an employee of the division to issue a notice of violation for any rule adopted by the division; authorizing the department to impose an administrative fine for a violation of any rule adopted by the division; providing a criminal penalty; providing legislative intent; repealing s. 597.005(4), F.S., deleting provisions relating to per diem and travel expenses for members of the Aquaculture Review Council within the department; amending s. 599.002, F.S.; deleting provisions relating to per diem and travel expenses for members of the Viticulture Advisory Council within the department; amending s. 616.17, F.S.; providing immunity from liability for damages resulting from exhibits and concessions at public fairs; providing exceptions for immunity from liability; amending s. 616.252, F.S.; providing for the appointment of a youth member to serve on the Florida State Fair Authority as a nonvoting member; providing a term of service for the youth member of the Florida State Fair Authority; prohibiting reimbursement for travel expenses for members of the Florida State Fair Authority; excluding the youth member from compensation for special or full-time service performed on behalf of the authority; amending s. 812.014, F.S.; providing that it is a grand theft of the third degree and a felony of the third degree if bee colonies of a registered bee keeper are stolen; amending s. 812.015, F.S.; redefining the term "farmer" as it relates to a person who grows or produces honey; redefining the term "farm theft" to include the unlawful taking possession of equipment and associated materials used to grow or produce farm products; providing an effective date.

—was taken up out of order and read the second time by title.

Amendments were considered and adopted to conform **CS for CS for SB 2076** to **CS for CS for HB 7215**.

Pending further consideration of **CS for CS for SB 2076** as amended, on motion by Senator Siplin, by two-thirds vote **CS for CS for HB 7215** was withdrawn from the Committees on Agriculture; Budget Subcommittee on General Government Appropriations; and Budget.

On motion by Senator Siplin—

CS for CS for HB 7215—A bill to be entitled An act relating to the Department of Agriculture and Consumer Services; amending s. 20.14, F.S.; deleting a provision establishing the Division of Dairy within the department; amending s. 193.461, F.S.; redefining the term "agricultural purposes" as it relates to the assessment of land classified as agricultural by the property appraiser; amending s. 215.981, F.S.; exempting certain direct-support organizations and citizen support organizations for the department from obtaining an independent audit; requiring the department to establish accounting and financial management guidelines for such organizations and annually review the operations and finances of a selected number of such organizations; amending s. 253.02, F.S.; providing for the grantee of easements for electrical transmission to pay the lead manager of the state-owned lands or, when there is no lead manager, the Department of Environmental Protection if suitable replacement uplands cannot be identified; amending s. 261.04, F.S.; deleting provisions requiring the reimbursement of members of the Off-Highway Vehicle Recreation Advisory Committee for per diem and travel expenses; amending s. 381.0014, F.S., to conform to changes made by the act; amending s. 482.051, F.S.; providing additional methods for pest

control licensees to give certain emergency notice to the Department of Agriculture and Consumer Services before performing general fumigation; amending s. 482.071, F.S.; revising the minimum bodily injury and property damage insurance coverage required for pest control businesses; creating s. 482.072, F.S.; providing for licensure by the department of pest control customer contact centers; providing application requirements; providing for fees, licensure renewal, licensure expiration, transfer of licenses, and penalties; creating s. 482.157, F.S.; providing for limited certification of commercial wildlife trappers; providing requirements for certification, examination, and fees; limiting the scope of work permitted by certificateholders; amending s. 482.183, F.S.; providing that licensees and certificateholders who practice accepted pest control methods are immune from liability for violating laws prohibiting cruelty to animals; providing for applicability; amending s. 482.226, F.S.; revising the minimum financial responsibility requirements for licensees that perform wood-destroying organism inspections; amending s. 482.243, F.S.; deleting provisions relating to the reimbursement of members of the Pest Control Enforcement Advisory Council for expenses; amending s. 487.041, F.S.; providing that registration, supplemental, and late fees related to the registration of pesticide brands with the department are nonrefundable; providing requirements for label revisions of pesticide brands; providing requirements for label revisions that must be reviewed by the United States Environmental Protection Agency; requiring payments of pesticide registration fees to be submitted electronically by a date certain; amending s. 487.0615, F.S.; deleting provisions requiring the reimbursement of members of the Pesticide Review Council for per diem and travel expenses; amending s. 500.70, F.S.; requiring certain persons who produce, harvest, pack, or repack tomatoes to register each location of a tomato farm, tomato greenhouse, tomato packinghouse, or tomato repacker by a specified date; authorizing the department to set a registration fee; requiring that funds collected be deposited into the General Inspection Trust Fund; revising the title of chapter 502, F.S.; amending s. 502.012, F.S.; defining terms related to the department's regulation of frozen desserts; amending s. 502.013, F.S.; revising legislative purpose and intent, to conform; amending s. 502.014, F.S.; revising the department's powers and duties; authorizing the department to administer and enforce regulations of frozen desserts and frozen dessert mix; revising the federal publication upon which certain milk sanitation ratings are based; authorizing the department to adopt rules; repealing s. 502.032, F.S., relating to milkfat tester's permits and permit fees; amending s. 502.053, F.S.; providing permitting and licensing requirements and imposing permit and license fees for frozen dessert plants and milkfat testers; providing certain reporting requirements for frozen dessert plant permitholders; providing certain recordkeeping requirements for licensed milkfat testers; providing an exemption; amending s. 502.054, F.S.; requiring the department to inspect certain frozen desserts and frozen dessert plants; amending s. 502.091, F.S.; authorizing sales of certain ice cream and frozen desserts; amending s. 502.121, F.S.; restricting the construction or extensive alteration of frozen dessert plants; amending ss. 502.181 and 502.231, F.S.; prohibiting certain acts related to the regulation of frozen desserts; providing penalties; amending s. 502.232, F.S.; preempting to the state the local regulation of frozen desserts at wholesale; repealing chapter 503, F.S., relating to the state's regulation of frozen desserts, enforcement and penalties for violations of such regulations, licensure of frozen dessert plants, and preemption of municipal and county regulations of frozen desserts; amending ss. 527.22 and 559.9221, F.S.; deleting provisions authorizing the reimbursement of members of the Florida Propane Gas Education, Safety, and Research Council and the Motor Vehicle Repair Advisory Council for per diem and travel expenses; amending ss. 570.07 and 576.181, F.S.; requiring the department to regulate the sale, composition, packaging, labeling, wholesale and retail distribution, and formulation of fertilizer; preempting such regulation of fertilizer to the state; exempting certain ordinances adopted before a specified date from such preemption; authorizing county and municipal governments to enforce such ordinances exempt from preemption; revising the department's powers and duties relating to pollution control and the prevention of wildfires; conforming provisions; amending s. 570.0705, F.S.; deleting provisions requiring the reimbursement for per diem and travel expenses of members of certain ad hoc advisory committees appointed by the Commissioner of Agriculture; amending s. 570.074, F.S.; renaming the Office of Water Coordination and revising its policy jurisdiction; amending s. 570.18, F.S., to conform; amending s. 570.23, F.S.; deleting provisions requiring the reimbursement of members of the State Agricultural Advisory Council for per diem and travel expenses; amending s. 570.29, F.S.; deleting a provision establishing the Division of Dairy Industry within the department; amending ss. 570.38 and 570.382, F.S.; deleting provisions requiring the reimbursement of members of the Animal Industry Technical Council and the Arabian Horse Council for per diem and travel expenses; repealing ss. 570.40 and 570.41, F.S., relating to the powers and duties of the Division of Dairy within the department and the qualifications and duties of the division's director; amending s. 570.42, F.S.; deleting provisions requiring the reimbursement of members of the Dairy Industry Technical Council for per diem and travel expenses; amending s. 570.50, F.S.; conforming provisions; requiring the Division of Food Safety within the department to inspect certain dairy farms and plants, perform certain analyses and tests, and enforce certain rules and provisions of law; amending s. 570.51, F.S., to conform; amending s. 570.543, F.S.; deleting provisions requiring the reimbursement of members of the Florida Consumers' Council for per diem and travel expenses; amending s. 570.954, F.S.; removing the requirement that the department coordinate with and solicit the expertise of the state energy office when developing the farm-to-fuel initiative; amending ss. 571.28, 573.112, 576.091, 580.151, 581.186, and 586.161, F.S.; deleting provisions requiring the reimbursement of members of the Florida Agricultural Promotional Campaign Advisory Council, certain ad hoc advisory councils appointed to advise the department concerning the issuance of marketing orders, the Fertilizer Technical Council, the Commercial Feed Technical Council, the Endangered Plant Advisory Council, and the Honeybee Technical Council for per diem and travel expenses; amending s. 582.30, F.S.; authorizing the Commissioner of Agriculture to certify the dissolution or discontinuance of a soil and water conservation district without the review or recommendation of the Soil and Water Conservation Council under certain circumstances; amending s. 590.015, F.S.; revising and providing definitions for purposes of forest protection; amending s. 590.02, F.S.; authorizing forest operations administrators to be certified as forestry firefighters; granting the department certain exclusive authority over the Florida Building Code; authorizing the department to retain, transfer, warehouse, bid, destroy, scrap, or dispose of certain surplus equipment and vehicles; REPORTS OF COMMITTEE RELATING TO EXECUTIVE BUSINESS

The Honorable Mike Haridopolos May 5, 2011
President, The Florida Senate

Dear President Haridopolos:

The following executive appointment was referred to the Senate Committee on Regulated Industries and the Senate Rules Subcommittee on Ethics and Elections for action pursuant to Rule 12.7(1) of the Rules of the Florida Senate. The Senate Committee on Regulated Industries was removed as a reference. The Senate Rules Subcommittee on Ethics and Elections considered and recommended the following executive appointment:

Office and Appointment		*For Term Ending*
Secretary of Business and Professional Regulation		
Appointee:	Lawson, Kenneth E., Esquire	Pleasure of Governor

The following executive appointment was referred to the Senate Committee on Criminal Justice and the Senate Rules Subcommittee on Ethics and Elections for action pursuant to Rule 12.7(1) of the Rules of the Florida Senate. The Senate Committee on Criminal Justice was removed as a reference. The Senate Rules Subcommittee on Ethics and Elections considered and recommended the following executive appointment:

Office and Appointment		*For Term Ending*
Secretary of Corrections		
Appointee:	Buss, Edwin G.	Pleasure of Governor

The following executive appointments were referred to the Senate Rules Subcommittee on Ethics and Elections for action pursuant to Rule 12.7(1) of the Rules of the Florida Senate. The Senate Rules Subcommittee on Ethics and Elections conducted an inquiry concerning the qualifications of the appointees; however, the Subcommittee on Ethics and Elections did not hold a public hearing for the following appointees during the 2011 Regular Session of the Florida Legislature.

Office and Appointment		*For Term Ending*
Board of Trustees of Daytona State College		
Appointees:	Brosemer, Donna	05/31/2013
	Frederick-Recascino, Christina	05/31/2014
	Holness, Betty Jean	05/31/2011
Board of Trustees of Gulf Coast Community College		
Appointees:	Norton, James P.	05/31/2014
	Patronis, Katie L.	05/31/2014
Board of Trustees, University of Central Florida		
Appointees:	Calvet, Olga M.	01/06/2016
	Crotty, Richard T.	01/06/2015
	Florez, Alan	01/06/2016
Board of Trustees, Florida Gulf Coast University		
Appointee:	Hart, Larry D.	01/06/2016

Except as specifically noted above, the committee held a public hearing at which members of the public were invited to attend and offer evidence concerning the qualifications, experience and general suitability of the appointees. After due consideration of the findings of such inquiry and the evidence presented at the public hearing, the Subcommittee on Ethics and Elections respectfully advises and recommends pursuant to the authority granted in Article IV, Section 6 (a), Florida Constitution, and in accordance with Section 114.05(1), Florida Statutes.

(1) the executive appointments of the above-named appointees, to the office and for the term indicated, be confirmed by the Senate;

(2) Senate action on said appointments be taken prior to the adjournment of the 2011 Regular Session; and

(3) there is no necessity known to the committees for the deliberations on said appointments to be held in executive session.

Respectfully submitted,
Miguel Diaz de la Portilla, Chair

On motion by Senator Diaz de la Portilla, the report was adopted and the Senate confirmed the appointments identified in the foregoing report of the committee to the offices and for the terms indicated in accordance with the recommendation of the committee. The vote was:

SPECIAL ORDER CALENDAR

On motion by Senator Negron, by unanimous consent—

CS for CS for CS for SB 1972—A bill to be entitled An act relating to health and human services; amending s. 163.387, F.S.; exempting hospital districts from the requirement to provide funding to a community redevelopment agency; creating s. 200.186, F.S.; requiring hospital district ad valorem revenues dispersed to other entities to be spent only on health care services; amending s. 393.0661, F.S.; conforming provisions to changes made by the act; amending s. 409.016, F.S.; conforming provisions to changes made by the act; creating s. 409.16713, F.S.; providing for medical assistance for children in out-of-home care and adopted children; specifying how those services will be funded under certain circumstances; providing legislative intent; providing a directive

to the Division of Statutory Revision; transferring, renumbering, and amending s. 624.91, F.S.; decreasing the administrative cost and raising the minimum loss ratio for health plans; increasing compensation to the insurer or provider for dental contracts; requiring the Florida Healthy Kids Corporation to include use of the school breakfast and lunch application form in the corporation's plan for publicizing the program; conforming provisions to changes made by the act; amending ss. 409.813, 409.8132, 409.815, 409.818, 154.503, and 408.915, F.S.; conforming provisions to changes made by the act; amending s. 1006.06, F.S.; requiring school districts to collaborate with the Florida Kidcare program to use the application form for the school breakfast and lunch programs to provide information about the Florida Kidcare program and to authorize data on the application form be shared with state agencies and the Florida Healthy Kids Corporation and its agents; authorizing each school district the option to share the data electronically; requiring interagency agreements to ensure that the data exchanged is protected from unauthorized disclosure and is used only for enrollment in the Florida Kidcare program; amending s. 409.901, F.S.; revising definitions relating to Medicaid; amending s. 409.902, F.S.; revising provisions relating to the designation of the Agency for Health Care Administration as the state Medicaid agency; specifying that eligibility and state funds for medical services apply only to citizens and certain noncitizens; providing exceptions; providing a limitation on persons transferring assets in order to become eligible for certain services; amending s. 409.9021, F.S.; revising provisions relating to conditions for Medicaid eligibility; increasing the number of years a Medicaid applicant forfeits entitlements to the Medicaid program if he or she has committed fraud; providing for the payment of monthly premiums by Medicaid recipients; providing exemptions to the premium requirement; requiring applicants to agree to participate in certain health programs; prohibiting a recipient who has access to employer-sponsored health care from obtaining services reimbursed through the Medicaid fee-for-service system; requiring the agency to develop a process to allow the Medicaid premium that would have been received to be used to pay employer premiums; requiring that the agency allow opt-out opportunities for certain recipients; creating s. 409.9022, F.S.; specifying procedures to be implemented by a state agency if the Medicaid expenditures exceed appropriations; amending s. 409.903, F.S.; conforming provisions to changes made by the act; deleting obsolete provisions; amending s. 409.904, F.S.; conforming provisions to changes made by the act; renaming the "medically needy" program as the "Medicaid nonpoverty medical subsidy"; narrowing the subsidy to cover only certain services for a family, persons age 65 or older, or blind or disabled persons; revising the criteria for the agency's assessment of need for private duty nursing services; amending s. 409.905, F.S.; conforming provisions to changes made by the act; requiring prior authorization for home health services; amending s. 409.906, F.S.; providing for a parental fee based on family income to be assessed against the parents of children with developmental disabilities served by home and community-based waivers; prohibiting the agency from paying for certain psychotropic medications prescribed for a child; conforming provisions to changes made by the act; amending ss. 409.9062 and 409.907, F.S.; conforming provisions to changes made by the act; amending s. 409.908, F.S.; modifying the nursing home patient care per diem rate to include dental care, vision care, hearing care, and podiatric care; directing the agency to seek a waiver to treat a portion of the nursing home per diem as capital for self-insurance purposes; requiring primary physicians to be paid the Medicare fee-for-service rate by a certain date; deleting the requirement that the agency contract for transportation services with the community transportation system; authorizing qualified plans to contract for transportation services; deleting obsolete provisions; conforming provisions to changes made by the act; amending s. 409.9081, F.S.; revising copayments for physician visits; requiring the agency to seek a waiver to allow the increase of copayments for nonemergency services furnished in a hospital emergency department; amending s. 409.912, F.S.; providing for alternatives to the statewide inpatient psychiatric program; requiring Medicaid-eligible children who have open child welfare cases and who reside in AHCA area 10 to be enrolled in specified capitated managed care plans; expanding the number of children eligible to receive behavioral health care services through a specialty prepaid plan; repealing provisions relating to a provider lock-in program; eliminating obsolete provisions and updating provisions; conforming cross-references; amending s. 409.915, F.S.; conforming provisions to changes made by the act; transferring, renumbering, and amending s. 409.9301, F.S.; conforming provisions to changes made by the act; amending s. 409.9126, F.S.; conforming a cross-reference; providing a directive to the Division of Statutory Revision; creating s. 409.961, F.S.; providing for statutory construction of provisions relating to Medicaid managed care; creating s. 409.962, F.S.; providing definitions; creating s. 409.963, F.S.; establishing the Medicaid managed care program as the statewide, integrated managed care program for medical assistance and long-term care services; directing the agency to apply for and implement waivers; providing for public notice and comment; providing for a limited managed care program if waivers are not approved; creating s. 409.964, F.S.; requiring all Medicaid recipients to be enrolled in Medicaid managed care; providing exemptions; prohibiting a recipient who has access to employer-sponsored health care from enrolling in Medicaid managed care; requiring the agency to develop a process to allow the Medicaid premium that would have been received to be used to pay employer premiums; requiring that the agency allow opt-out opportunities for certain recipients; providing for voluntary enrollment; creating s. 409.965, F.S.; providing requirements for qualified plans that provide services in the Medicaid managed care program; requiring the agency to issue an invitation to negotiate; requiring the agency to compile and publish certain information; establishing regions for separate procurement of plans; establishing selection criteria for plan selection; limiting the number of plans in a region; authorizing the agency to conduct negotiations if funding is insufficient; specifying circumstances under which the agency may issue a new invitation to negotiate; providing that the Children's Medical Service Network is a qualified plan; directing the agency to assign Medicaid provider agreements for a limited time to a provider services network participating in the managed care program in a rural area; creating s. 409.966, F.S.; providing managed care plan contract requirements; establishing contract terms; providing for annual rate setting; providing for contract extension under certain circumstances; establishing access requirements; requiring the agency to establish performance standards for plans; requiring each plan to publish specified measures on the plan's website; providing for program integrity; requiring plans to provide encounter data; providing penalties for failure to submit data; requiring plans to accept electronic claims and electronic prior authorization requests for medication exceptions; requiring plans to provide the criteria for approval and reasons for denial of prior authorization requests; providing for prompt payment; providing for payments to noncontract emergency providers; requiring a qualified plan to post a surety bond or establish a letter of credit or a deposit in a trust account; requiring plans to establish a grievance resolution process; requiring plan solvency; requiring guaranteed savings; providing costs and penalties for early termination of contracts or reduction in enrollment levels; requiring the agency to terminate qualified plans for noncompliance under certain circumstances; requiring plans to adopt and publish a preferred drug list; requiring plans that contract for fiscal intermediary services to contract only with registered fiscal intermediary services organizations; creating s. 409.967, F.S.; providing for managed care plan accountability; requiring plans to use a uniform method of accounting for medical costs; establishing a medical loss ratio; requiring that a plan pay back to the agency a specified amount in specified circumstances; authorizing plans to limit providers in networks; mandating that certain providers be offered contracts during the first year; authorizing plans to exclude certain providers in certain circumstances; requiring plans to include certain providers; requiring plans to monitor the quality and performance history of providers; requiring plans to hold primary care physicians responsible for certain activities; requiring plans to offer certain programs and procedures; requiring plans to pay primary care providers the same rate as Medicare by a certain date; providing for conflict resolution between plans and providers; creating s. 409.968, F.S.; providing for managed care plan payments on a per-member, per-month basis; requiring the agency to establish a methodology to ensure the availability of certain types of payments to specified providers; requiring the development of rate cells; requiring that the amount paid to the plans for supplemental payments or enhanced rates be reconciled to the amount required to pay providers; requiring that plans make certain payments to providers within a certain time; requiring the agency to develop a methodology and request a state plan amendment to ensure the availability of certified public expenditures in the Medicaid managed care program to support certain noninstitutional teaching faculty providers; creating s. 409.969, F.S.; authorizing Medicaid recipients to select any plan within a region; providing for automatic enrollment of recipients by the agency in specified circumstances; providing criteria for automatic enrollment; authorizing disenrollment under certain circumstances; providing for a grievance process; defining the term "good cause" for purposes of disenrollment; requiring recipients to stay in plans for a specified time; providing for reenrollment of recipients who move out of a region; creating s. 409.970, F.S.; requiring the agency to maintain an encounter data system; pro-

viding requirements for prepaid plans to submit data in a certain format; requiring the agency to analyze the data; requiring the agency to test the data for certain purposes by a certain date; creating s. 409.971, F.S.; providing for managed care medical assistance; providing deadlines for beginning and finalizing implementation; creating s. 409.972, F.S.; establishing minimum services for the managed medical assistance; providing for optional services; authorizing plans to customize benefit packages; requiring the agency to provide certain services to hemophiliacs; creating s. 409.973, F.S.; providing for managed long-term care; providing deadlines for beginning and finalizing implementation; providing duties for the Department of Elderly Affairs relating to the program; creating s. 409.974, F.S.; providing recipient eligibility requirements for managed long-term care; listing programs for which certain recipients are eligible; specifying that an entitlement to home and community-based services is not created; creating s. 409.975, F.S.; establishing minimum services for managed long-term care; creating s. 409.976, F.S.; providing criteria for the selection of plans to provide managed long-term care; creating s. 409.977, F.S.; providing for managed long-term care plan accountability; requiring the agency to establish standards for specified providers; creating s. 409.978, F.S.; requiring that the agency operate the Comprehensive Assessment and Review for Long-Term Care Services program through an interagency agreement with the Department of Elderly Affairs; providing duties of the program; requiring the program to assign plan enrollees to a level of care; providing for the evaluation of dually eligible nursing home residents; creating s. 409.980, F.S.; providing minimum requirements for prescription drug benefits provided by a qualified plan; transferring, renumbering, and amending ss. 409.91207, 409.91211, and 409.9122, F.S.; conforming provisions to changes made by the act; updating provisions and deleting obsolete provisions; transferring and renumbering ss. 409.9123 and 409.9124, F.S.; amending s. 430.04, F.S.; eliminating outdated provisions; requiring the Department of Elderly Affairs to develop a transition plan for specified elders and disabled adults receiving long-term care Medicaid services if qualified plans become available; amending s. 430.2053, F.S.; eliminating outdated provisions; providing additional duties of aging resource centers; providing an additional exception to direct services that may not be provided by an aging resource center; providing for the cessation of specified payments by the department as qualified plans become available; eliminating provisions requiring reports; amending s. 641.316, F.S.; redefining the term "fiscal intermediary services organization" to include certain qualified plans that contract with health care professionals for fiscal intermediary services; amending s. 39.407, F.S.; requiring a motion by the Department of Children and Family Services to provide psychotropic medication to a child 10 years of age or younger to include a review by a child psychiatrist; providing that a court may not authorize the administration of such medication absent a finding of compelling state interest based on the review; amending s. 216.262, F.S.; providing that limitations on an agency's total number of positions does not apply to certain positions in the Department of Health; amending s. 381.06014, F.S.; redefining the term "blood establishment" and defining the term "volunteer donor"; requiring that blood establishments disclose specified information on their Internet website; providing an exception for certain hospitals; authorizing the Department of Legal Affairs to assess a civil penalty against a blood establishment that fails to disclose the information; providing that the civil penalty accrues to the state and requiring that it be deposited into the General Revenue Fund; prohibiting local governments from restricting access to public facilities or infrastructure for certain activities based on whether a blood establishment is operating as a for-profit or not-for-profit organization; prohibiting a blood establishment from considering whether certain customers are operating as for-profit or not-for-profit organizations when determining service fees for blood or blood components; amending s. 395.4025, F.S.; providing additional time extensions to hospital applicants seeking to become trauma centers under certain circumstances; amending s. 400.023, F.S.; requiring the trial judge to conduct an evidentiary hearing to determine the sufficiency of evidence for claims against certain persons relating to a nursing home; limiting noneconomic damages in a wrongful death action against the nursing home; amending s. 400.0237, F.S.; revising provisions relating to punitive damages against a nursing home; authorizing a defendant to proffer admissible evidence to refute a claimant's proffer of evidence for punitive damages; requiring the trial judge to conduct an evidentiary hearing and the plaintiff to demonstrate that a reasonable basis exists for the recovery of punitive damages; prohibiting discovery of the defendant's financial worth until the judge approves the pleading on punitive damages; revising definitions; amending s. 408.7057, F.S.; requiring that the dispute resolution program include a hearing in specified circumstances; providing that the dispute resolution program established to resolve claims disputes between providers and health plans does not provide an independent right of recovery; requiring that the conclusions of law in the written recommendation of the resolution organization identify certain information; amending s. 465.014, F.S.; providing that certain practitioners or anyone under the direct supervision of such practitioner may dispense drugs without being licensed as a medical technician; amending s. 456.0635, F.S.; revising the grounds under which the Department of Health or corresponding board is required to refuse to admit a candidate to an examination and to refuse to issue or renew a license, certificate, or registration of a health care practitioner; providing an exception; amending s. 456.036, F.S.; requiring a delinquent licensee whose license becomes delinquent before the final resolution of a case regarding Medicaid fraud to affirmatively apply by submitting a complete application for active or inactive status during the licensure cycle in which the case achieves final resolution by order of the court; providing that failure by a delinquent licensee to become active or inactive before the expiration of that licensure cycle renders the license null; requiring that any subsequent licensure be as a result of applying for and meeting all requirements imposed on an applicant for new licensure; creating ss. 458.3167 and 459.0078, F.S.; providing for an expert witness certificate for allopathic and osteopathic physicians licensed in other states or Canada which authorizes such physicians to provide expert medical opinions in this state; providing application requirements and timeframes for approval or denial by the Board of Medicine and Board of Osteopathic Medicine, respectively; requiring the boards to adopt rules and set fees; providing for expiration of a certificate; amending ss. 458.331 and 459.015, F.S.; providing grounds for disciplinary action for providing misleading, deceptive, or fraudulent expert witness testimony relating to the practice of medicine and of osteopathic medicine, respectively; providing for construction with respect to the doctrine of incorporation by reference; amending s. 499.003, F.S.; redefining the term "health care entity" to clarify that a blood establishment is a health care entity that may engage in certain activities; amending s. 499.005, F.S.; clarifying provisions that prohibit the unauthorized wholesale distribution of a prescription drug that was purchased by a hospital or other health care entity or donated or supplied at a reduced price to a charitable organization, to conform to changes made by the act; amending s. 499.01, F.S.; exempting certain blood establishments from the requirements to be permitted as a prescription drug manufacturer and register products; requiring that certain blood establishments obtain a restricted prescription drug distributor permit under specified conditions; limiting the prescription drugs that a blood establishment may distribute under a restricted prescription drug distributor permit; authorizing the Department of Health to adopt rules regarding the distribution of prescription drugs by blood establishments; amending s. 626.9541, F.S.; authorizing insurers to offer rewards or incentives to health benefit plan members to encourage or reward participation in wellness or health improvement programs; authorizing insurers to require plan members not participating in programs to provide verification that their medical condition warrants nonparticipation; providing application; amending s. 627.4147, F.S.; deleting a requirement that a medical malpractice insurance contract include a clause authorizing an insurer to admit liability and make a settlement offer if the offer is within policy limits without the insured's permission; amending s. 641.19, F.S.; defining the term "provider service network"; creating s. 641.2019, F.S.; providing that a provider service network that meets the requirements of ch. 641, F.S., may obtain a certificate of authority under that chapter; amending s. 641.47, F.S.; redefining the term "organization" to include a provider service network; amending s. 641.49, F.S.; providing that a provider service network may apply for a health care provider certificate; amending s. 430.705, F.S.; conforming a cross-reference; amending s. 766.102, F.S.; providing that a physician who is an expert witness in a medical malpractice presuit action must meet certain requirements; amending s. 766.104, F.S.; requiring a good faith demonstration in a medical malpractice case that there has been a breach of the standard of care; amending s. 766.106, F.S.; clarifying that a physician acting as an expert witness is subject to disciplinary actions; amending s. 766.1115, F.S.; conforming provisions to changes made by the act; creating s. 766.1183, F.S.; defining terms; providing for the recovery of civil damages by Medicaid recipients according to a modified standard of care; providing for recovery of certain excess judgments by act of the Legislature; requiring the Department of Children and Family Services to provide notice to program applicants; creating s. 766.1184, F.S.; defining terms; providing for the recovery of civil damages by certain recipients of primary care services at primary care clinics receiving specified low-income pool funds according to a modified standard of care;

providing for recovery of certain excess judgments by act of the Legislature; providing requirements of health care providers receiving such funds in order for the liability provisions to apply; requiring notice to low-income pool recipients; amending s. 766.202, F.S.; redefining the term "health care provider" to include persons licensed to provide orthotics, prosthetics, and pedorthics; amending s. 766.203, F.S.; requiring the presuit investigations conducted by the claimant and the prospective defendant in a medical malpractice action to provide grounds for a breach of the standard of care; amending s. 768.28, F.S.; revising a definition; providing that certain colleges and universities that own or operate an accredited medical school and their employees and agents providing patient services in a teaching hospital pursuant to an affiliation agreement or contract with the teaching hospital are considered agents of the hospital for the purposes of sovereign immunity; providing definitions; requiring patients of such hospitals to be provided with notice of their remedies under sovereign immunity; providing an exception; providing that providers and vendors providing services to certain persons with disabilities on behalf of the state are agents of the state for the purposes of sovereign immunity; providing legislative findings and intent with respect to including certain colleges and universities and their employees and agents under sovereign immunity; providing a statement of public necessity; amending s. 1004.41, F.S.; correcting the name of one of the health center's colleges; specifying that the University of Florida Board of Trustees shall lease Shands Teaching Hospital and Clinics on the Gainesville campus to Shands Teaching Hospital and Clinics, Inc.; specifying the primary purpose of Shands Teaching Hospital and Clinics, Inc.; providing requirements for the lease, contract, or agreement between the University of Florida Board of Trustees and Shands Teaching Hospital and Clinics, Inc.; authorizing the creation of corporate subsidiaries and affiliates; providing the right of control; providing for sovereign immunity; providing that Shands Jacksonville Medical Center, Inc., and its parent, Shands Jacksonville HealthCare, Inc., are private not-for-profit corporations organized primarily to support the health affairs mission of the University of Florida Board of Trustees; authorizing the creation of corporate subsidiaries and affiliates; providing requirements for the lease, contract, or agreement between the University of Florida Board of Trustees and the corporations; providing the right of control; providing for sovereign immunity; repealing s. 409.9121, F.S., relating to legislative intent concerning managed care; repealing s. 409.919, F.S., relating to rule authority; repealing s. 624.915, F.S., relating to the Florida Healthy Kids Corporation operating fund; renumbering and transferring ss. 409.942, 409.944, 409.945, 409.946, 409.953, and 409.9531, F.S., as ss. 414.29, 163.464, 163.465, 163.466, 402.81, and 402.82, F.S., respectively; amending s. 443.111, F.S.; conforming a cross-reference; directing the Agency for Health Care Administration to submit a reorganization plan to the Legislature; providing for the state's withdrawal from the Medicaid program under certain circumstances; providing for severability; providing an effective date.

—was taken up out of order and read the second time by title.

Pending further consideration of **CS for CS for CS for SB 1972**, on motion by Senator Negron, by two-thirds vote **CS for HB 7107** was withdrawn from the Committees on Health Regulation; Budget Subcommittee on Health and Human Services Appropriations; and Budget.

On motion by Senator Negron, the rules were waived and—

CS for HB 7107—A bill to be entitled An act relating to Medicaid managed care; creating pt. IV of ch. 409, F.S., entitled "Medicaid Managed Care"; creating s. 409.961, F.S.; providing for statutory construction; providing applicability of specified provisions throughout the part; providing rulemaking authority for specified agencies; creating s. 409.962, F.S.; providing definitions; creating s. 409.963, F.S.; designating the Agency for Health Care Administration as the single state agency to administer the Medicaid program; providing for specified agency responsibilities; requiring client consent for release of medical records; creating s. 409.964, F.S.; establishing the Medicaid program as the statewide, integrated managed care program for all covered services; authorizing the agency to apply for and implement waivers; providing for public notice and comment; creating s. 409.965, F.S.; providing for mandatory enrollment; providing for exemptions; creating s. 409.966, F.S.; providing requirements for eligible plans that provide services in the Medicaid managed care program; establishing provider service network requirements for eligible plans; providing for eligible plan selection; requiring the agency to use an invitation to negotiate; requiring the agency to compile and publish certain information; establishing eight regions for separate procurement of plans; providing quality criteria for plan selection; providing limitations on serving recipients during the pendency of procurement litigation; creating s. 409.967, F.S.; providing for managed care plan accountability; establishing contract terms; providing for contract extension under certain circumstances; establishing payments to noncontract providers; establishing requirements for access; requiring plans to establish and maintain an electronic database; establishing requirements for the database; requiring plans to provide encounter data; requiring the agency to maintain an encounter data system; requiring the agency to establish performance standards for plans; providing program integrity requirements; establishing a grievance resolution process; providing penalties for early termination of contracts or reduction in enrollment levels; establishing prompt payment requirements; requiring plans to accept electronic claims; requiring fair payment to providers with a controlling interest in a provider service network by other plans; requiring the agency and prepaid plans to use a uniform method for certain financial reports; providing income-sharing ratios; providing a timeframe for a plan to pay an additional rebate under certain circumstances; requiring the agency to return prepaid plan overpayments; creating s. 409.968, F.S.; establishing managed care plan payments; providing payment requirements for provider service networks; requiring the agency to conduct annual cost reconciliations to determine certain cost savings and report the results of the reconciliations to the fee-for-service provider; providing a timeframe for the provider service to respond to the report; creating s. 409.969, F.S.; requiring enrollment in managed care plans by all nonexempt Medicaid recipients; creating requirements for plan selection by recipients; providing for choice counseling; establishing choice counseling vendor requirements; authorizing disenrollment under certain circumstances; defining the term "good cause" for purposes of disenrollment; providing time limits on an internal grievance process; providing requirements for agency determination regarding disenrollment; requiring recipients to stay in plans for a specified time; creating s. 409.97, F.S.; authorizing the agency to accept the transfer of certain revenues from local governments; requiring the agency to contract with a representative of certain entities participating in the low-income pool for the provision of enhanced access to care; providing for support of these activities by the low-income pool as authorized in the General Appropriations Act; establishing the Access to Care Partnership; requiring the agency to seek necessary waivers and plan amendments; providing requirements for prepaid plans to submit data; authorizing the agency to implement a tiered hospital rate system; creating s. 409.971, F.S.; creating the managed medical assistance program; providing deadlines to begin and finalize implementation of the program; creating s. 409.972, F.S.; providing eligibility requirements for mandatory and voluntary enrollment; creating s. 409.973, F.S.; establishing minimum benefits for managed care plans to cover; authorizing plans to customize benefit packages; requiring plans to establish a program to encourage healthy behaviors; requiring plans to establish a primary care initiative; providing requirements for primary care initiatives; requiring plans to report certain primary care data to the agency; creating s. 409.974, F.S.; establishing a deadline for issuing invitations to negotiate; establishing a specified number or range of eligible plans to be selected in each region; establishing quality selection criteria; establishing requirements for participation by specialty plans; establishing the Children's Medical Service Network as an eligible plan; creating s. 409.975, F.S.; providing for managed care plan accountability; authorizing plans to limit providers in networks; requiring plans to include essential Medicaid providers in their networks unless an alternative arrangement is approved by the agency; identifying statewide essential providers; specifying provider payments under certain circumstances; requiring plans to include certain statewide essential providers in their networks; requiring good faith negotiations; specifying provider payments under certain circumstances; allowing plans to exclude essential providers under certain circumstances; requiring plans to offer a contract to home medical equipment and supply providers under certain circumstances; establishing the Florida medical school quality network; requiring the agency to contract with a representative of certain entities to establish a clinical outcome improvement program in all plans; providing for support of these activities by certain expenditures and federal matching funds; requiring the agency to seek necessary waivers and plan amendments; providing for eligibility for the quality network; requiring plans to monitor the quality and performance history of providers; establishing the MomCare network; requiring the agency to contract with a representative of all Healthy Start Coalitions to provide certain services to recipients; providing for support of these activities by certain expenditures and federal matching funds; requiring plans to enter into agreements with local Healthy Start Coalitions for certain

purposes; requiring specified programs and procedures be established by plans; establishing a screening standard for the Early and Periodic Screening, Diagnosis, and Treatment Service; requiring managed care plans and hospitals to negotiate rates, methods, and terms of payment; providing a limit on payments to hospitals; establishing plan requirements for medically needy recipients; creating s. 409.976, F.S.; providing for managed care plan payment; requiring the agency to establish payment rates for statewide inpatient psychiatric programs; requiring payments to managed care plans to be reconciled to reimburse actual payments to statewide inpatient psychiatric programs; creating s. 409.977, F.S.; establishing choice counseling requirements; providing for automatic enrollment in a managed care plan for certain recipients; establishing opt-out opportunities for recipients; creating s. 409.978, F.S.; requiring the agency to be responsible for administering the long-term care managed care program; providing implementation dates for the long-term care managed care program; providing duties of the Department of Elderly Affairs relating to assisting the agency in implementing the program; creating s. 409.979, F.S.; providing eligibility requirements for the long-term care managed care program; creating s. 409.98, F.S.; establishing the benefits covered under a managed care plan participating in the long-term care managed care program; creating s. 409.981, F.S.; providing criteria for eligible plans; designating regions for plan implementation throughout the state; providing criteria for the selection of plans to participate in the long-term care managed care program; providing that participation by the Program of All-Inclusive Care for the Elderly is pursuant to an agency contract; creating s. 409.982, F.S.; requiring the agency to establish uniform accounting and reporting methods for plans; providing for mandatory participation in plans by certain service providers; authorizing the exclusion of certain providers from plans for failure to meet quality or performance criteria; requiring plans to monitor participating providers using specified criteria; requiring certain providers to be included in plan networks; providing provider payment specifications for nursing homes and hospices; creating s. 409.983, F.S.; providing for negotiation of rates between the agency and the plans participating in the long-term care managed care program; providing specific criteria for calculating and adjusting plan payments; allowing the CARES program to assign plan enrollees to a level of care; providing incentives for adjustments of payment rates; requiring the agency to establish nursing facility-specific and hospice services payment rates; creating s. 409.984, F.S.; providing that before contracting with another vendor, the agency shall offer to contract with the aging resource centers to provide choice counseling for the long-term care managed care program; providing criteria for automatic assignments of plan enrollees who fail to choose a plan; providing for hospice selection within a specified timeframe; providing for a choice of residential setting under certain circumstances; creating s. 409.9841, F.S.; creating the long-term care managed care technical advisory workgroup; providing duties; providing membership; providing for reimbursement for per diem and travel expenses; providing for repeal by a specified date; creating s. 409.985, F.S.; providing that the agency shall operate the Comprehensive Assessment and Review for Long-Term Care Services program through an interagency agreement with the Department of Elderly Affairs; providing duties of the program; defining the term "nursing facility care"; creating s. 409.986, F.S.; providing authority and agency duties regarding long-term care programs for persons with developmental disabilities; authorizing the agency to delegate specific duties to and collaborate with the Agency for Persons with Disabilities; requiring the agency to make payments for long-term care for persons with developmental disabilities under certain conditions; creating s. 409.987, F.S.; providing eligibility requirements for long-term care plans; creating s. 409.988, F.S.; specifying covered benefits for long-term care plans; creating s. 409.989, F.S.; establishing criteria for eligible plans; specifying minimum and maximum number of plans and selection criteria; authorizing participation by the Children's Medical Services Network in long-term care plans under certain conditions; creating s. 409.99, F.S.; providing requirements for managed care plan accountability; specifying limitations on providers in plan networks; providing for evaluation and payment of network providers; requiring managed care plans to establish family advisory committees and offer consumer-directed care services; creating s. 409.991, F.S.; providing for payment of managed care plans; providing duties for the Agency for Persons with Disabilities to assign plan enrollees into a payment-rate level of care; establishing level-of-care criteria; providing payment requirements for intensive behavior residential habilitation providers and intermediate care facilities for the developmentally disabled; creating s. 409.992, F.S.; providing requirements for enrollment and choice counseling; specifying enrollment exceptions for certain Medicaid recipients; providing an effective date.

—a companion measure, was substituted for **CS for CS for CS for SB 1972** and read the second time by title.

SENATOR FASANO PRESIDING

THE PRESIDENT PRESIDING

MOTION

On motion by Senator Negron, by the required two-thirds vote, consideration of the following amendment was allowed:

Senator Negron moved the following amendment:

Amendment 1 (491664) (with title amendment)—Delete everything after the enacting clause and insert:

Section 1. *Sections 409.961 through 409.985, Florida Statutes, are designated as part IV of chapter 409, Florida Statutes, entitled "Medicaid Managed Care."*

Section 2. Section 409.961, Florida Statutes, is created to read:

409.961 Statutory construction; applicability; rules.—It is the intent of the Legislature that if any conflict exists between the provisions contained in this part and in other parts of this chapter, the provisions in this part control. Sections 409.961–409.985 apply only to the Medicaid managed medical assistance program and long-term care managed care program, as provided in this part. The agency shall adopt any rules necessary to comply with or administer this part and all rules necessary to comply with federal requirements. In addition, the department shall adopt and accept the transfer of any rules necessary to carry out the department's responsibilities for receiving and processing Medicaid applications and determining Medicaid eligibility and for ensuring compliance with and administering this part, as those rules relate to the department's responsibilities, and any other provisions related to the department's responsibility for the determination of Medicaid eligibility.

Section 3. Section 409.962, Florida Statutes, is created to read:

409.962 Definitions.—As used in this part, except as otherwise specifically provided, the term:

(1) "Accountable care organization" means an entity qualified as an accountable care organization in accordance with federal regulations, and which meets the requirements of a provider service network as described in s. 409.912(4)(d).

(2) "Agency" means the Agency for Health Care Administration.

(3) "Aging network service provider" means a provider that participated in a home and community-based waiver administered by the Department of Elderly Affairs or the community care service system pursuant to s. 430.205 as of October 1, 2013.

(4) "Comprehensive long-term care plan" means a managed care plan that provides services described in s. 409.973 and also provides the services described in s. 409.98.

(5) "Department" means the Department of Children and Family Services.

(6) "Eligible plan" means a health insurer authorized under chapter 624, an exclusive provider organization authorized under chapter 627, a health maintenance organization authorized under chapter 641, or a provider service network authorized under s. 409.912(4)(d) or an accountable care organization authorized under federal law. For purposes of the managed medical assistance program, the term also includes the Children's Medical Services Network authorized under chapter 391. For purposes of the long-term care managed care program, the term also includes entities qualified under 42 C.F.R. part 422 as Medicare Advantage Preferred Provider Organizations, Medicare Advantage Provider-sponsored Organizations, and Medicare Advantage Special Needs Plans, and the Program of All-Inclusive Care for the Elderly.

(7) "Long-term care plan" means a managed care plan that provides the services described in s. 409.98 for the long-term care managed care program.

(8) "Long-term care provider service network" means a provider service network a controlling interest of which is owned by one or more licensed nursing homes, assisted living facilities with 17 or more beds, home health agencies, community care for the elderly lead agencies, or hospices.

(9) "Managed care plan" means an eligible plan under contract with the agency to provide services in the Medicaid program.

(10) "Medicaid" means the medical assistance program authorized by Title XIX of the Social Security Act, 42 U.S.C. ss. 1396 et seq., and regulations thereunder, as administered in this state by the agency.

(11) "Medicaid recipient" or "recipient" means an individual who the department or, for Supplemental Security Income, the Social Security Administration determines is eligible pursuant to federal and state law to receive medical assistance and related services for which the agency may make payments under the Medicaid program. For the purposes of determining third-party liability, the term includes an individual formerly determined to be eligible for Medicaid, an individual who has received medical assistance under the Medicaid program, or an individual on whose behalf Medicaid has become obligated.

(12) "Prepaid plan" means a managed care plan that is licensed or certified as a risk-bearing entity, or qualified pursuant to s. 409.912(4)(d), in the state and is paid a prospective per-member, per-month payment by the agency.

(13) "Provider service network" means an entity qualified pursuant to s. 409.912(4)(d) of which a controlling interest is owned by a health care provider, or group of affiliated providers, or a public agency or entity that delivers health services. Health care providers include Florida-licensed health care professionals or licensed health care facilities, federally qualified health care centers, and home health care agencies.

(15) "Specialty plan" means a managed care plan that serves Medicaid recipients who meet specified criteria based on age, medical condition, or diagnosis.

Section 4. Section 409.963, Florida Statutes, is created to read:

409.963 Single state agency.—The agency is designated as the single state agency authorized to manage, operate, and make payments for medical assistance and related services under Title XIX of the Social Security Act. Subject to any limitations or directions provided in the General Appropriations Act, these payments may be made only for services included in the program, only on behalf of eligible individuals, and only to qualified providers in accordance with federal requirements for Title XIX of the Social Security Act and state law. This program of medical assistance is designated as the "Medicaid program." The department is responsible for Medicaid eligibility determinations, including, but not limited to, policy, rules, and the agreement with the Social Security Administration for Medicaid eligibility determinations for Supplemental Security Income recipients, as well as the actual determination of eligibility. As a condition of Medicaid eligibility, subject to federal approval, the agency and the department shall ensure that each Medicaid recipient consents to the release of her or his medical records to the agency and the Medicaid Fraud Control Unit of the Department of Legal Affairs.

Section 5. Section 409.964, Florida Statutes is created to read:

409.964 Managed care program; state plan; waivers.—The Medicaid program is established as a statewide, integrated managed care program for all covered services, including long-term care services. The agency shall apply for and implement state plan amendments or waivers of applicable federal laws and regulations necessary to implement the program. Before seeking a waiver, the agency shall provide public notice and the opportunity for public comment and include public feedback in the waiver application. The agency shall hold one public meeting in each of the regions described in s. 409.966(2) and the time period for public comment for each region shall end no sooner than 30 days after the completion of the public meeting in that region. The agency shall submit any state plan amendments, new waiver requests, or requests for extensions or expansions for existing waivers, needed to implement the managed care program by August 1, 2011.

Section 6. Section 409.965, Florida Statutes, is created to read:

409.965 Mandatory enrollment.—All Medicaid recipients shall receive covered services through the statewide managed care program, except as provided by this part pursuant to an approved federal waiver. The following Medicaid recipients are exempt from participation in the statewide managed care program:

(1) Women who are eligible only for family planning services.

(2) Women who are eligible only for breast and cervical cancer services.

(3) Persons who are eligible for emergency Medicaid for aliens.

(4) Children receiving services in a prescribed pediatric extended care center.

Section 7. Section 409.966, Florida Statutes, is created to read:

409.966 Eligible plans; selection.—

(1) ELIGIBLE PLANS.—Services in the Medicaid managed care program shall be provided by eligible plans. A provider service network must be capable of providing all covered services to a mandatory Medicaid managed care enrollee or may limit the provision of services to a specific target population based on the age, chronic disease state, or medical condition of the enrollee to whom the network will provide services. A specialty provider service network must be capable of coordinating care and delivering or arranging for the delivery of all covered services to the target population. A provider service network may partner with an insurer licensed under chapter 627 or a health maintenance organization licensed under chapter 641 to meet the requirements of a Medicaid contract.

(2) ELIGIBLE PLAN SELECTION.—The agency shall select a limited number of eligible plans to participate in the Medicaid program using invitations to negotiate in accordance with s. 287.057(3)(a). At least 90 days before issuing an invitation to negotiate, the agency shall compile and publish a databook consisting of a comprehensive set of utilization and spending data for the 3 most recent contract years consistent with the rate-setting periods for all Medicaid recipients by region or county. The source of the data in the report must include both historic fee-for-service claims and validated data from the Medicaid Encounter Data System. The report must be available in electronic form and delineate utilization use by age, gender, eligibility group, geographic area, and aggregate clinical risk score. Separate and simultaneous procurements shall be conducted in each of the following regions:

(a) Region 1, which consists of Escambia, Okaloosa, Santa Rosa and Walton Counties.

(b) Region 2, which consists of Bay, Calhoun, Franklin, Gadsden, Gulf, Holmes, Jackson, Jefferson, Leon, Liberty, Madison, Taylor, Wakulla, and Washington Counties.

(c) Region 3, which consists of Alachua, Bradford, Citrus, Columbia, Dixie, Gilchrist, Hamilton, Hernando, Lafayette, Lake, Levy, Marion, Putnam, Sumter, Suwannee, and Union Counties.

(d) Region 4, which consists of Baker, Clay, Duval, Flagler, Nassau, St. Johns, and Volusia Counties.

(e) Region 5, which consists of Pasco and Pinellas Counties.

(f) Region 6, which consists of Hardee, Highlands, Hillsborough, Manatee and Polk Counties.

(g) Region 7, which consists of Brevard, Orange, Osceola and Seminole Counties.

(h) Region 8, which consists of Charlotte, Collier, DeSoto, Glades, Hendry, Lee, and Sarasota Counties.

(i) Region 9, which consists of Indian River, Martin, Okeechobee, Palm Beach and St. Lucie Counties.

(j) Region 10, which consists of Broward County.

(k) Region 11, which consists of Miami-Dade and Monroe Counties.

(3) QUALITY SELECTION CRITERIA.—

(a) The invitation to negotiate must specify the criteria and the relative weight of the criteria that will be used for determining the acceptability of the reply and guiding the selection of the organizations with which the agency negotiates. In addition to criteria established by the agency, the agency shall consider the following factors in the selection of eligible plans:

1. Accreditation by the National Committee for Quality Assurance, the Joint Commission, or another nationally recognized accrediting body.

2. Experience serving similar populations, including the organization's record in achieving specific quality standards with similar populations.

3. Availability and accessibility of primary care and specialty physicians in the provider network.

4. Establishment of community partnerships with providers that create opportunities for reinvestment in community-based services.

5. Organization commitment to quality improvement and documentation of achievements in specific quality improvement projects, including active involvement by organization leadership.

6. Provision of additional benefits, particularly dental care and disease management, and other initiatives that improve health outcomes.

7. Evidence that a eligible plan has written agreements or signed contracts or has made substantial progress in establishing relationships with providers before the plan submitting a response.

8. Comments submitted in writing by any enrolled Medicaid provider relating to a specifically identified plan participating in the procurement in the same region as the submitting provider.

9. Documentation of policies and procedures for preventing fraud and abuse.

10. The business relationship an eligible plan has with any other eligible plan that responds to the invitation to negotiate.

(b) An eligible plan must disclose any business relationship it has with any other elgible plan that responds to the invitation to negotiate. The agency may not select plans in the same region for the same managed care program that have a business relationship with each other. Failure to disclose any business relationship shall result in disqualification from participation in any region for the first full contract period after the discovery of the business relationship by the agency. For the purpose of this section, "business relationship" means an ownership or controlling interest, an affiliate or subsidiary relationship, a common parent, or any mutual interest in any limited partnership, limited liability partnership, limited liability company, or other entity or business association, including all wholly or partially owned subsidiaries, majority-owned subsidiaries, parent companies, or affiliates of such entities, business associations, or other enterprises, that exists for the purpose of making a profit.

(c) After negotiations are conducted, the agency shall select the eligible plans that are determined to be responsive and provide the best value to the state. Preference shall be given to plans that:

1. Have signed contracts with primary and specialty physicians in sufficient numbers to meet the specific standards established pursuant to s. 409.967(2)(b).

2. Have well-defined programs for recognizing patient-centered medical homes and providing for increased compensation for recognized medical homes, as defined by the plan.

3. Are organizations that are based in and perform operational functions in this state, in-house or through contractual arrangements, by staff located in this state. Using a tiered approach, the highest number of points shall be awarded to a plan that has all or substantially all of its operational functions performed in the state. The second highest number of points shall be awarded to a plan that has a majority of its operational functions performed in the state. The agency may establish a third tier; however, preference points may not be awarded to plans that perform only community outreach, medical director functions, and state administrative functions in the state. For purposes of this subparagraph, operational functions include claims processing, member services, provider relations, utilization and prior authorization, case management, disease and quality functions, and finance and administration. For purposes of this subparagraph, the term "based in this state" means that the entity's principal office is in this state and the plan is not a subsidiary, directly or indirectly through one or more subsidiaries of, or a joint venture with, any other entity whose principal office is not located in the state.

4. Have contracts or other arrangements for cancer disease management programs that have a proven record of clinical efficiencies and cost savings.

5. Have contracts or other arrangements for diabetes disease management programs that have a proven record of clinical efficiencies and cost savings.

6. Have a claims payment process that ensures that claims that are not contested or denied will be promptly paid pursuant to s. 641.3155.

(d) For the first year of the first contract term, the agency shall negotiate capitation rates or fee for service payments with each plan in order to guarantee aggregate savings of at least 5 percent.

1. For prepaid plans, determination of the amount of savings shall be calculated by comparison to the Medicaid rates that the agency paid managed care plans for similar populations in the same areas in the prior year. In regions containing no prepaid plans in the prior year, determination of the amount of savings shall be calculated by comparison to the Medicaid rates established and certified for those regions in the prior year.

2. For provider service networks operating on a fee-for-service basis, determination of the amount of savings shall be calculated by comparison to the Medicaid rates that the agency paid on a fee-for-service basis for the same services in the prior year.

(e) To ensure managed care plan participation in Regions 1 and 2, the agency shall award an additional contract to each plan with a contract award in Region 1 or Region 2. Such contract shall be in any other region in which the plan submitted a responsive bid and negotiates a rate acceptable to the agency. If a plan that is awarded an additional contract pursuant to this paragraph is subject to penalties pursuant to s. 409.967(2)(g) for activities in Region 1 or Region 2, the additional contract is automatically terminated 180 days after the imposition of the penalties. The plan must reimburse the agency for the cost of enrollment changes and other transition activities.

(f) The agency may not execute contracts with managed care plans at payment rates not supported by the General Appropriations Act.

(4) ADMINISTRATIVE CHALLENGE.—Any eligible plan that participates in an invitation to negotiate in more than one region and is selected in at least one region may not begin serving Medicaid recipients in any region for which it was selected until all administrative challenges to procurements required by this section to which the eligible plan is a party have been finalized. If the number of plans selected is less than the maximum amount of plans permitted in the region, the agency may contract with other selected plans in the region not participating in the administrative challenge before resolution of the administrative challenge. For purposes of this subsection, an administrative challenge is finalized if an order granting voluntary dismissal with prejudice has been entered by any court established under Article V of the State Constitution or by the Division of Administrative Hearings, a final order has been entered into by the agency and the deadline for appeal has expired, a final order has been entered by the First District Court of Appeal and the time to seek any available review by the Florida Supreme Court has expired, or a final order has been entered by the Florida Supreme Court and a warrant has been issued.

Section 8. Section 409.967, Florida Statutes, is created to read:

409.967 Managed care plan accountability.—

(1) The agency shall establish a 5-year contract with each managed care plan selected through the procurement process described in s. 409.966. A plan contract may not be renewed; however, the agency may extend the term of a plan contract to cover any delays during the transition to a new plan.

(2) The agency shall establish such contract requirements as are necessary for the operation of the statewide managed care program. In addition to any other provisions the agency may deem necessary, the contract must require:

(a) Physician compensation.—Managed care plans are expected to coordinate care, manage chronic disease, and prevent the need for more costly services. Effective care management should enable plans to redirect available resources and increase compensation for physicians. Plans achieve this performance standard when physician payment rates equal or exceed Medicare rates for similar services. The agency may impose fines or other sanctions on a plan that fails to meet this performance standard after 2 years of continuous operation.

(b) Emergency services.—Managed care plans shall pay for services required by ss. 395.1041 and 401.45 and rendered by a noncontracted provider. The plans must comply with s. 641.3155. Reimbursement for services under this paragraph is the lesser of:

1. The provider's charges;

2. The usual and customary provider charges for similar services in the community where the services were provided;

3. The charge mutually agreed to by the entity and the provider within 60 days after submittal of the claim; or

4. The rate the agency would have paid on the most recent October 1st.

(c) Access.—

1. The agency shall establish specific standards for the number, type, and regional distribution of providers in managed care plan networks to ensure access to care for both adults and children. Each plan must maintain a region-wide network of providers in sufficient numbers to meet the access standards for specific medical services for all recipients enrolled in the plan. The exclusive use of mail-order pharmacies may not be sufficient to meet network access standards. Consistent with the standards established by the agency, provider networks may include providers located outside the region. A plan may contract with a new hospital facility before the date the hospital becomes operational if the hospital has commenced construction, will be licensed and operational by January 1, 2013, and a final order has issued in any civil or administrative challenge. Each plan shall establish and maintain an accurate and complete electronic database of contracted providers, including information about licensure or registration, locations and hours of operation, specialty credentials and other certifications, specific performance indicators, and such other information as the agency deems necessary. The database must be available online to both the agency and the public and have the capability to compare the availability of providers to network adequacy standards and to accept and display feedback from each provider's patients. Each plan shall submit quarterly reports to the agency identifying the number of enrollees assigned to each primary care provider.

2. Each managed care plan must publish any prescribed drug formulary or preferred drug list on the plan's website in a manner that is accessible to and searchable by enrollees and providers. The plan must update the list within 24 hours after making a change. Each plan must ensure that the prior authorization process for prescribed drugs is readily accessible to health care providers, including posting appropriate contact information on its website and providing timely responses to providers. For Medicaid recipients diagnosed with hemophilia who have been prescribed anti-hemophilic-factor replacement products, the agency shall provide for those products and hemophilia overlay services through the agency's hemophilia disease management program.

3. Managed care plans, and their fiscal agents or intermediaries, must accept prior authorization requests for any service electronically.

(d) Encounter data.—The agency shall maintain and operate a Medicaid Encounter Data System to collect, process, store, and report on covered services provided to all Medicaid recipients enrolled in prepaid plans.

1. Each prepaid plan must comply with the agency's reporting requirements for the Medicaid Encounter Data System. Prepaid plans must submit encounter data electronically in a format that complies with the Health Insurance Portability and Accountability Act provisions for electronic claims and in accordance with deadlines established by the agency. Prepaid plans must certify that the data reported is accurate and complete.

2. The agency is responsible for validating the data submitted by the plans. The agency shall develop methods and protocols for ongoing analysis of the encounter data that adjusts for differences in characteristics of prepaid plan enrollees to allow comparison of service utilization among plans and against expected levels of use. The analysis shall be used to identify possible cases of systemic underutilization or denials of claims and inappropriate service utilization such as higher-than-expected emergency department encounters. The analysis shall provide periodic feedback to the plans and enable the agency to establish corrective action plans when necessary. One of the focus areas for the analysis shall be the use of prescription drugs.

3. The agency shall make encounter data available to those plans accepting enrollees who are assigned to them from other plans leaving a region.

(e) Continuous improvement.—The agency shall establish specific performance standards and expected milestones or timelines for improving performance over the term of the contract.

1. Each managed care plan shall establish an internal health care quality improvement system, including enrollee satisfaction and disenrollment surveys. The quality improvement system must include incentives and disincentives for network providers.

2. Each plan must collect and report the Health Plan Employer Data and Information Set (HEDIS) measures, as specified by the agency. These measures must be published on the plan's website in a manner that allows recipients to reliably compare the performance of plans. The agency shall use the HEDIS measures as a tool to monitor plan performance.

3. Each managed care plan must be accredited by the National Committee for Quality Assurance, the Joint Commission, or another nationally recognized accrediting body, or have initiated the accreditation process, within 1 year after the contract is executed. For any plan not accredited within 18 months after executing the contract, the agency shall suspend automatic assignment under s. 409.977 and 409.984.

4. By the end of the fourth year of the first contract term, the agency shall issue a request for information to determine whether cost savings could be achieved by contracting for plan oversight and monitoring, including analysis of encounter data, assessment of performance measures, and compliance with other contractual requirements.

(f) Program integrity.—Each managed care plan shall establish program integrity functions and activities to reduce the incidence of fraud and abuse, including, at a minimum:

1. A provider credentialing system and ongoing provider monitoring, including maintenance of written provider credentialing policies and procedures which comply with federal and agency guidelines;

2. An effective prepayment and postpayment review process including, but not limited to, data analysis, system editing, and auditing of network providers;

3. Procedures for reporting instances of fraud and abuse pursuant to chapter 641;

4. Administrative and management arrangements or procedures, including a mandatory compliance plan, designed to prevent fraud and abuse; and

5. Designation of a program integrity compliance officer.

(g) Grievance resolution.—Consistent with federal law, each managed care plan shall establish and the agency shall approve an internal process for reviewing and responding to grievances from enrollees. Each plan

shall submit quarterly reports on the number, description, and outcome of grievances filed by enrollees.

(h) Penalties.—

1. Withdrawal and enrollment reduction.—Managed care plans that reduce enrollment levels or leave a region before the end of the contract term must reimburse the agency for the cost of enrollment changes and other transition activities. If more than one plan leaves a region at the same time, costs must be shared by the departing plans proportionate to their enrollments. In addition to the payment of costs, departing provider services networks must pay a per enrollee penalty of up to 3 month's payment and continue to provide services to the enrollee for 90 days or until the enrollee is enrolled in another plan, whichever occurs first. In addition to payment of costs, all other plans must pay a penalty of 25 percent of the minimum surplus requirement pursuant to s. 641.225(1). Plans shall provide at least 180 days notice to the agency before withdrawing from a region. If a managed care plan leaves a region before the end of the contract term, the agency shall terminate all contracts with that plan in other regions, pursuant to the termination procedures in subparagraph 3.

2. Encounter data.—If a plan fails to comply with the encounter data reporting requirements of this section for 30 days, the agency must assess a fine of $5,000 per day for each day of noncompliance beginning on the 31st day. On the 31st day, the agency must notify the plan that the agency will initiate contract termination procedures on the 90th day unless the plan comes into compliance before that date.

3. Termination.—If the agency terminates more than one regional contract with the same managed care plan due to noncompliance with the requirements of this section, the agency shall terminate all the regional contracts held by that plan. When terminating multiple contracts, the agency must develop a plan to transition enrollees to other plans, and phase-in the terminations over a time period sufficient to ensure a smooth transition.

(i) Prompt payment.—Managed care plans shall comply with ss. 641.315, 641.3155, and 641.513.

(j) Electronic claims.—Managed care plans, and their fiscal agents or intermediaries, shall accept electronic claims in compliance with federal standards.

(k) Fair payment.—Provider service networks must ensure that no entity licensed under chapter 395 with a controlling interest in the network charges a Medicaid managed care plan more than the amount paid to that provider by the provider service network for the same service.

(l) Itemized payment.—Any claims payment to a provider by a managed care plan, or by a fiscal agent or intermediary of the plan, must be accompanied by an itemized accounting of the individual claims included in the payment including, but not limited to, the enrollee's name, the date of service, the procedure code, the amount of reimbursement, and the identification of the plan on whose behalf the payment is made.

(m) Provider dispute resolution.—Disputes between a plan and a provider may be resolved as described in s. 408.7057.

(3) ACHIEVED SAVINGS REBATE.—

(a) The agency is responsible for verifying the achieved savings rebate for all Medicaid prepaid plans. To assist the agency, a prepaid plan shall:

1. Submit an annual financial audit conducted by an independent certified public accountant in accordance with generally accepted auditing standards to the agency on or before June 1 for the preceding year; and

2. Submit an annual statement prepared in accordance with statutory accounting principles on or before March 1 pursuant to s. 624.424 if the plan is regulated by the Office of Insurance Regulation.

(b) The agency shall contract with independent certified public accountants to conduct compliance audits for the purpose of auditing financial information, including but not limited to: annual premium revenue, medical and administrative costs, and income or losses reported by each prepaid plan, in order to determine and validate the achieved savings rebate.

(c) Any audit required under this subsection must be conducted by an independent certified public accountant who meets criteria specified by rule. The rules must also provide that:

1. The entity selected by the agency to conduct the audit may not have a conflict of interest that might affect its ability to perform its responsibilities with respect to an examination.

2. The rates charged to the prepaid plan being audited are consistent with rates charged by other certified public accountants and are comparable with the rates charged for comparable examinations.

3. Each prepaid plan audited shall pay to the agency the expenses of the audit at the rates established by the agency by rule. Such expenses include actual travel expenses, reasonable living expense allowances, compensation of the certified public accountant, and necessary attendant administrative costs of the agency directly related to the examination. Travel expense and living expense allowances are limited to those expenses incurred on account of the audit and must be paid by the examined prepaid plan together with compensation upon presentation by the agency to the prepaid plan of a detailed account of the charges and expenses after a detailed statement has been filed by the auditor and approved by the agency.

4. All moneys collected from prepaid plans for such audits shall be deposited into the Grants and Donations Trust Fund and the agency may make deposits into such fund from moneys appropriated for the operation of the agency.

(d) At a location in this state, the prepaid plan shall make available to the agency and the agency's contracted certified public accountant all books, accounts, documents, files, information, that relate to the prepaid plan's Medicaid transactions. Records not in the prepaid plan's immediate possession must be made available to the agency or the certified public accountant in this state within 3 days after a request is made by the agency or certified public accountant engaged by the agency. A prepaid plan has an obligation to cooperate in good faith with the agency and the certified public accountant. Failure to comply to such record requests shall be deemed a breach of contract.

(e) Once the certified public accountant completes the audit, the certified public accountant shall submit an audit report to the agency attesting to the achieved savings of the plan. The results of the audit report are dispositive.

(f) Achieved savings rebates validated by the certified public accountant are due within 30 days after the report is submitted. Except as provided in paragraph (h), the achieved savings rebate is established by determining pretax income as a percentage of revenues and applying the following income sharing ratios:

1. One hundred percent of income up to and including 5 percent of revenue shall be retained by the plan.

2. Fifty percent of income above 5 percent and up to 10 percent shall be retained by the plan, and the other 50 percent refunded to the state.

3. One hundred percent of income above 10 percent of revenue shall be refunded to the state.

(g) A plan that exceeds agency-defined quality measures in the reporting period may retain an additional 1 percent of revenue. For the purpose of this paragraph, the quality measures must include plan performance for preventing or managing complex, chronic conditions that are associated with an elevated likelihood of requiring high-cost medical treatments.

(h) The following may not be included as allowable expenses in calculating income for determining the achieved savings rebate:

1. Payment of achieved savings rebates.

2. Any financial incentive payments made to the plan outside of the capitation rate.

3. Any financial disincentive payments levied by the state or federal governments.

4. Expenses associated with any lobbying or political activities.

5. The cash value or equivalent cash value of bonuses of any type paid or awarded to the plan's executive staff, other than base salary.

6. Reserves and reserve accounts.

7. Administrative costs, including, but not limited to, reinsurance expenses, interest payments, depreciation expenses, bad debt expenses, and outstanding claims expenses in excess of actuarially sound maximum amounts set by the agency.

The agency shall consider these and other factors in developing contracts that establish shared savings arrangements.

(i) Prepaid plans that incur a loss in the first contract year may apply the full amount of the loss as an offset to income in the second contract year.

(j) If, after an audit, the agency determines that a prepaid plan owes an additional rebate, the plan has 30 days after notification to make the payment. Upon failure to timely pay the rebate, the agency shall withhold future payments to the plan until the entire amount is recouped. If the agency determines that a prepaid plan has made an overpayment, the agency shall return the overpayment within 30 days.

Section 9. Section 409.968, Florida Statutes, is created to read:

409.968 Managed care plan payments.—

(1) Prepaid plans shall receive per-member, per-month payments negotiated pursuant to the procurements described in s. 409.966. Payments shall be risk-adjusted rates based on historical utilization and spending data, projected forward, and adjusted to reflect the eligibility category, geographic area, and clinical risk profile of the recipients. In negotiating rates with the plans, the agency shall consider any adjustments necessary to encourage plans to use the most cost effective modalities for treatment of chronic disease such as peritoneal dialysis.

(2) Provider service networks may be prepaid plans and receive per-member, per-month payments negotiated pursuant to the procurement process described in s. 409.966. Provider service networks that choose not to be prepaid plans shall receive fee-for-service rates with a shared savings settlement. The fee-for-service option shall be available to a provider service network only for the first 2 years of its operation. The agency shall annually conduct cost reconciliations to determine the amount of cost savings achieved by fee-for-service provider service networks for the dates of service within the period being reconciled. Only payments for covered services for dates of service within the reconciliation period and paid within 6 months after the last date of service in the reconciliation period must be included. The agency shall perform the necessary adjustments for the inclusion of claims incurred but not reported within the reconciliation period for claims that could be received and paid by the agency after the 6-month claims processing time lag. The agency shall provide the results of the reconciliations to the fee-for-service provider service networks within 45 days after the end of the reconciliation period. The fee-for-service provider service networks shall review and provide written comments or a letter of concurrence to the agency within 45 days after receipt of the reconciliation results. This reconciliation is considered final.

(3) The agency may not approve any plan request for a rate increase unless sufficient funds to support the increase have been authorized in the General Appropriations Act.

Section 10. Section 409.969, Florida Statutes, is created to read:

409.969 Enrollment; disenrollment.—

(1) ENROLLMENT.—All Medicaid recipients shall be enrolled in a managed care plan unless specifically exempted under this part. Each recipient shall have a choice of plans and may select any available plan unless that plan is restricted by contract to a specific population that does not include the recipient. Medicaid recipients shall have 30 days in which to make a choice of plans.

(2) DISENROLLMENT; GRIEVANCES.—After a recipient has enrolled in a managed care plan, the recipient shall have 90 days to voluntarily disenroll and select another plan. After 90 days, no further changes may be made except for good cause. For purposes of this section, the term "good cause" includes, but is not limited to, poor quality of care, lack of access to necessary specialty services, an unreasonable delay or denial of service, or fraudulent enrollment. The agency must make a determination as to whether good cause exists. The agency may require a recipient to use the plan's grievance process before the agency's determination of good cause, except in cases in which immediate risk of permanent damage to the recipient's health is alleged.

(a) The managed care plan internal grievance process, when used, must be completed in time to permit the recipient to disenroll by the first day of the second month after the month the disenrollment request was made. If the result of the grievance process is approval of an enrollee's request to disenroll, the agency is not required to make a determination in the case.

(b) The agency must make a determination and take final action on a recipient's request so that disenrollment occurs no later than the first day of the second month after the month the request was made. If the agency fails to act within the specified timeframe, the recipient's request to disenroll is deemed to be approved as of the date agency action was required. Recipients who disagree with the agency's finding that good cause does not exist for disenrollment shall be advised of their right to pursue a Medicaid fair hearing to dispute the agency's finding.

(c) Medicaid recipients enrolled in a managed care plan after the 90-day period shall remain in the plan for the remainder of the 12-month period. After 12 months, the recipient may select another plan. However, nothing shall prevent a Medicaid recipient from changing providers within the plan during that period.

(d) On the first day of the month after receiving notice from a recipient that the recipient has moved to another region, the agency shall automatically disenroll the recipient from the managed care plan the recipient is currently enrolled in and treat the recipient as if the recipient is a new Medicaid enrollee. At that time, the recipient may choose another plan pursuant to the enrollment process established in this section.

(e) The agency must monitor plan disenrollment throughout the contract term to identify any discriminatory practices.

Section 11. Section 409.97, Florida Statutes, is created to read:

409.97 State and local Medicaid partnerships.—

(1) INTERGOVERNMENTAL TRANSFERS.—In addition to the contributions required pursuant to s. 409.915, beginning in the 2014-2015 fiscal year, the agency may accept voluntary transfers of local taxes and other qualified revenue from counties, municipalities, and special taxing districts. Such transfers must be contributed to advance the general goals of the Florida Medicaid program without restriction and must be executed pursuant to a contract between the agency and the local funding source. Contracts executed before October 31 shall result in contributions to Medicaid for that same state fiscal year. Contracts executed between November 1 and June 30 shall result in contributions for the following state fiscal year. Based on the date of the signed contracts, the agency shall allocate to the low-income pool the first contributions received up to the limit established by subsection (2). No more than 40 percent of the low-income pool funding shall come from any single funding source. Contributions in excess of the low-income pool shall be allocated to the disproportionate share programs defined in ss. 409.911(3) and 409.9113 and to hospital rates pursuant to subsection (4). The local funding source shall designate in the contract which Medicaid providers ensure access to care for low-income and uninsured people within the applicable jurisdiction and are eligible for low-income pool funding. Eligible providers may include hospitals, primary care providers, and primary care access systems.

(2) LOW-INCOME POOL.—The agency shall establish and maintain a low-income pool in a manner authorized by federal waiver. The low-income pool is created to compensate a network of providers designated pursuant to subsection (1). Funding of the low-income pool shall be limited to the maximum amount permitted by federal waiver minus a percentage specified in the General Appropriations Act. The low-income pool must be used to support enhanced access to services by offsetting shortfalls in Medicaid reimbursement, paying for otherwise uncompensated care, and financing coverage for the uninsured. The low-income pool shall be distributed in periodic payments to the Access to Care Partnership throughout the fiscal year. Distribution of low-income pool funds by the Access to Care Partnership to participating providers may be made through capitated payments, fees for services, or contracts for specific deliverables. The agency shall include the distribution amount for each

provider in the contract with the Access to Care Partnership pursuant to subsection (3). Regardless of the method of distribution, providers participating in the Access to Care Partnership shall receive payments such that the aggregate benefit in the jurisdiction of each local funding source, as defined in subsection (1), equals the amount of the contribution plus a factor specified in the General Appropriations Act.

(3) ACCESS TO CARE PARTNERSHIP.—The agency shall contract with an administrative services organization that has operating agreements with all health care facilities, programs, and providers supported with local taxes or certified public expenditures and designated pursuant to subsection (1). The contract shall provide for enhanced access to care for Medicaid, low-income, and uninsured Floridians. The partnership shall be responsible for an ongoing program of activities that provides needed, but uncovered or undercompensated, health services to Medicaid enrollees and persons receiving charity care, as defined in s. 409.911. Accountability for services rendered under this contract must be based on the number of services provided to unduplicated qualified beneficiaries, the total units of service provided to these persons, and the effectiveness of services provided as measured by specific standards of care. The agency shall seek such plan amendments or waivers as may be necessary to authorize the implementation of the low-income pool as the Access to Care Partnership pursuant to this section.

(4) HOSPITAL RATE DISTRIBUTION.—

(a) The agency is authorized to implement a tiered hospital rate system to enhance Medicaid payments to all hospitals when resources for the tiered rates are available from general revenue and such contributions pursuant to subsection (1) as are authorized under the General Appropriations Act.

1. Tier 1 hospitals are statutory rural hospitals as defined in s. 395.602, statutory teaching hospitals as defined in s. 408.07(45), and specialty children's hospitals as defined in s. 395.002(28).

2. Tier 2 hospitals are community hospitals not included in Tier 1 that provided more than 9 percent of the hospital's total inpatient days to Medicaid patients and charity patients, as defined in s. 409.911, and are located in the jurisdiction of a local funding source pursuant to subsection (1).

3. Tier 3 hospitals include all community hospitals.

(b) When rates are increased pursuant to this section, the Total Tier Allocation (TTA) shall be distributed as follows:

1. Tier 1 (T1A) = 0.35 x TTA.

2. Tier 2 (T2A) = 0.35 x TTA.

3. Tier 3 (T3A) = 0.30 x TTA.

(c) The tier allocation shall be distributed as a percentage increase to the hospital specific base rate (HSBR) established pursuant to s. 409.905(5)(c). The increase in each tier shall be calculated according to the proportion of tier-specific allocation to the total estimated inpatient spending (TEIS) for all hospitals in each tier:

1. Tier 1 percent increase (T1PI) = T1A/Tier 1 total estimated inpatient spending (T1TEIS).

2. Tier 2 percent increase (T2PI) = T2A /Tier 2 total estimated inpatient spending (T2TEIS).

3. Tier 3 percent increase (T3PI) = T3A/ Tier 3 total estimated inpatient spending (T3TEIS).

(d) The hospital-specific tiered rate (HSTR) shall be calculated as follows:

1. For hospitals in Tier 3: HSTR = (1 + T3PI) x HSBR.

2. For hospitals in Tier 2: HSTR = (1 + T2PI) x HSBR.

3. For hospitals in Tier 1: HSTR = (1 + T1PI) x HSBR.

Section 12. Section 409.971, Florida Statutes, is created to read:

409.971 Managed medical assistance program.—The agency shall make payments for primary and acute medical assistance and related services using a managed care model. By January 1, 2013, the agency shall begin implementation of the statewide managed medical assistance program, with full implementation in all regions by October 1, 2014.

Section 13. Section 409.972, Florida Statutes, is created to read:

409.972 Mandatory and voluntary enrollment.—

(1) Persons eligible for the program known as "medically needy" pursuant to s. 409.904(2)(a) shall enroll in managed care plans. Medically needy recipients shall meet the share of the cost by paying the plan premium, up to the share of the cost amount, contingent upon federal approval.

(2) The following Medicaid-eligible persons are exempt from mandatory managed care enrollment required by s. 409.965, and may voluntarily choose to participate in the managed medical assistance program:

(a) Medicaid recipients who have other creditable health care coverage, excluding Medicare.

(b) Medicaid recipients residing in residential commitment facilities operated through the Department of Juvenile Justice or mental health treatment facilities as defined by s. 394.455(32).

(c) Persons eligible for refugee assistance.

(d) Medicaid recipients who are residents of a developmental disability center, including Sunland Center in Marianna and Tacachale in Gainesville.

(e) Medicaid recipients enrolled in the home and community based services waiver pursuant to chapter 393, and Medicaid recipients waiting for waiver services.

(3) Persons eligible for Medicaid but exempt from mandatory participation who do not choose to enroll in managed care shall be served in the Medicaid fee-for-service program as provided in part III of this chapter.

(4) The agency shall seek federal approval to require Medicaid recipients enrolled in managed care plans, as a condition of Medicaid eligibility, to pay the Medicaid program a share of the premium of $10 per month.

Section 14. Section 409.973, Florida Statutes, is created to read:

409.973 Benefits.—

(1) MINIMUM BENEFITS.—Managed care plans shall cover, at a minimum, the following services:

(a) Advanced registered nurse practitioner services.

(b) Ambulatory surgical treatment center services.

(c) Birthing center services.

(d) Chiropractic services.

(e) Dental services.

(f) Early periodic screening diagnosis and treatment services for recipients under age 21.

(g) Emergency services.

(h) Family planning services and supplies. Pursuant to 42 C.F.R. s. 438.102, plans may elect to not provide these services due to an objection on moral or religious grounds, and must notify the agency of that election when submitting a reply to an invitation to negotiate.

(i) Healthy start services, except as provided in s. 409.975(4).

(j) Hearing services.

(k) Home health agency services.

(l) Hospice services.

(m) Hospital inpatient services.

(n) Hospital outpatient services.

(o) Laboratory and imaging services.

(p) Medical supplies, equipment, prostheses, and orthoses.

(q) Mental health services.

(r) Nursing care.

(s) Optical services and supplies.

(t) Optometrist services.

(u) Physical, occupational, respiratory, and speech therapy services.

(v) Physician services, including physician assistant services.

(w) Podiatric services.

(x) Prescription drugs.

(y) Renal dialysis services.

(z) Respiratory equipment and supplies.

(aa) Rural health clinic services.

(bb) Substance abuse treatment services.

(cc) Transportation to access covered services.

(2) CUSTOMIZED BENEFITS.—Managed care plans may customize benefit packages for nonpregnant adults, vary cost-sharing provisions, and provide coverage for additional services. The agency shall evaluate the proposed benefit packages to ensure services are sufficient to meet the needs of the plan's enrollees and to verify actuarial equivalence.

(3) HEALTHY BEHAVIORS.—Each plan operating in the managed medical assistance program shall establish a program to encourage and reward healthy behaviors. At a minimum, each plan must establish a medically approved smoking cessation program, a medically directed weight loss program, and a medically approved alcohol or substance abuse recovery program. Each plan must identify enrollees who smoke, are morbidly obese, or are diagnosed with alcohol or substance abuse in order to establish written agreements to secure the enrollees' commitment to participation in these programs.

(4) PRIMARY CARE INITIATIVE.—Each plan operating in the managed medical assistance program shall establish a program to encourage enrollees to establish a relationship with their primary care provider. Each plan shall:

(a) Provide information to each enrollee on the importance of and procedure for selecting a primary care physician, and thereafter automatically assign to a primary care provider any enrollee who fails to choose a primary care provider.

(b) If the enrollee was not a Medicaid recipient before enrollment in the plan, assist the enrollee in scheduling an appointment with the primary care provider. If possible the appointment should be made within 30 days after enrollment in the plan. For enrollees who become eligible for Medicaid between January 1, 2014, and December 31, 2015, the appointment should be be scheduled within 6 months after enrollment in the plan.

(c) Report to the agency the number of enrollees assigned to each primary care provider within the plan's network.

(d) Report to the agency the number of enrollees who have not had an appointment with their primary care provider within their first year of enrollment.

(e) Report to the agency the number of emergency room visits by enrollees who have not had a least one appointment with their primary care provider.

Section 15. Section 409.974, Florida Statutes, is created to read:

409.974 Eligible plans.—

(1) ELIGIBLE PLAN SELECTION.—The agency shall select eligible plans through the procurement process described in s. 409.966. The agency shall notice invitations to negotiate no later than January 1, 2013.

(a) The agency shall procure two plans for Region 1. At least one plan shall be a provider service network if any provider service networks submit a responsive bid.

(b) The agency shall procure two plans for Region 2. At least one plan shall be a provider service network if any provider service networks submit a responsive bid.

(c) The agency shall procure at least three plans and up to five plans for Region 3. At least one plan must be a provider service network if any provider service networks submit a responsive bids.

(d) The agency shall procure at least three plans and up to five plans for Region 4. At least one plan must be a provider service network if any provider service networks submit a responsive bid.

(e) The agency shall procure at least two plans and up to 4 plans for Region 5. At least one plan must be a provider service network if any provider service networks submit a responsive bid.

(f) The agency shall procure at least four plans and up to seven plans for Region 6. At least one plan must be a provider service network if any provider service networks submit a responsive bid.

(g) The agency shall procure at least three plans and up to six plans for Region 7. At least one plan must be a provider service network if any provider service networks submit a responsive bid.

(h) The agency shall procure at least two plans and up to four plans for Region 8. At least one plan must be a provider service network if any provider service networks submit a responsive bid.

(i) The agency shall procure at least two plans and up to four plans for Region 9. At least one plan must be a provider service network if any provider service networks submit a responsive bid.

(j) The agency shall procure at least two plans and up to four plans for Region 10. At least one plan must be a provider service network if any provider service networks submit a responsive bid.

(k) The agency shall procure at least five plans and up to ten plans for Region 11. At least one plan must be a provider service network if any provider service networks submit a responsive bid.

If no provider service network submits a responsive bid, the agency shall procure no more than one less than the maximum number of eligible plans permitted in that region. Within 12 months after the initial invitation to negotiate, the agency shall attempt to procure a provider service network. The agency shall notice another invitation to negotiate only with provider service networks in those regions where no provider service network has been selected.

(2) QUALITY SELECTION CRITERIA.—In addition to the criteria established in s. 409.966, the agency shall consider evidence that an eligible plan has written agreements or signed contracts or has made substantial progress in establishing relationships with providers before the plan submitting a response. The agency shall evaluate and give special weight to evidence of signed contracts with essential providers as defined by the agency pursuant to s. 409.975(2). The agency shall exercise a preference for plans with a provider network in which over 10 percent of the providers use electronic health records, as defined in s. 408.051. When all other factors are equal, the agency shall consider whether the organization has a contract to provide managed long-term care services in the same region and shall exercise a preference for such plans.

(3) SPECIALTY PLANS.—Participation by specialty plans shall be subject to the procurement requirements and regional plan number limits of this section. However, a specialty plan whose target population includes no more than 10 percent of the enrollees of that region is not subject to the regional plan number limits of this section.

(4) CHILDREN'S MEDICAL SERVICES NETWORK.—Participation by the Children's Medical Services Network shall be pursuant to a single, statewide contract with the agency that is not subject to the procurement requirements or regional plan number limits of this section. The Children's Medical Services Network must meet all other plan requirements for the managed medical assistance program.

Section 16. Section 409.975, Florida Statutes, is created to read:

409.975 Managed care plan accountability.—In addition to the requirements of s. 409.967, plans and providers participating in the managed medical assistance program shall comply with the requirements of this section.

(1) PROVIDER NETWORKS.—Managed care plans must develop and maintain provider networks that meet the medical needs of their enrollees in accordance with standards established pursuant to 409.967(2)(b). Except as provided in this section, managed care plans may limit the providers in their networks based on credentials, quality indicators, and price.

(a) Plans must include all providers in the region that are classified by the agency as essential Medicaid providers, unless the agency approves, in writing, an alternative arrangement for securing the types of services offered by the essential providers. Providers are essential for serving Medicaid enrollees if they offer services that are not available from any other provider within a reasonable access standard, or if they provided a substantial share of the total units of a particular service used by Medicaid patients within the region during the last 3 years and the combined capacity of other service providers in the region is insufficient to meet the total needs of the Medicaid patients. The agency may not classify physicians and other practitioners as essential providers. The agency, at a minimum, shall determine which providers in the following categories are essential Medicaid providers:

1. Federally qualified health centers.

2. Statutory teaching hospitals as defined in s. 408.07(45).

3. Hospitals that are trauma centers as defined in s. 395.4001(14).

4. Hospitals located at least 25 miles from any other hospital with similar services.

Managed care plans that have not contracted with all essential providers in the region as of the first date of recipient enrollment, or with whom an essential provider has terminated its contract, must negotiate in good faith with such essential providers for 1 year or until an agreement is reached, whichever is first. Payments for services rendered by a nonparticipating essential provider shall be made at the applicable Medicaid rate as of the first day of the contract between the agency and the plan. A rate schedule for all essential providers shall be attached to the contract between the agency and the plan. After 1 year, managed care plans that are unable to contract with essential providers shall notify the agency and propose an alternative arrangement for securing the essential services for Medicaid enrollees. The arrangement must rely on contracts with other participating providers, regardless of whether those providers are located within the same region as the nonparticipating essential service provider. If the alternative arrangement is approved by the agency, payments to nonparticipating essential providers after the date of the agency's approval shall equal 90 percent of the applicable Medicaid rate. If the alternative arrangement is not approved by the agency, payment to nonparticipating essential providers shall equal 110 percent of the applicable Medicaid rate.

(b) Certain providers are statewide resources and essential providers for all managed care plans in all regions. All managed care plans must include these essential providers in their networks. Statewide essential providers include:

1. Faculty plans of Florida medical schools.

2. Regional perinatal intensive care centers as defined in s. 383.16(2).

3. Hospitals licensed as specialty children's hospitals as defined in s. 395.002(28).

4. Accredited and integrated systems serving medically complex children that are comprised of separately licensed, but commonly owned, health care providers delivering at least the following services: medical group home, in-home and outpatient nursing care and therapies, pharmacy services, durable medical equipment, and Prescribed Pediatric Extended Care.

Managed care plans that have not contracted with all statewide essential providers in all regions as of the first date of recipient enrollment must continue to negotiate in good faith. Payments to physicians on the faculty of nonparticipating Florida medical schools shall be made at the applicable Medicaid rate. Payments for services rendered by a regional perinatal intensive care centers shall be made at the applicable Medicaid rate as of the first day of the contract between the agency and the plan. Payments to nonparticipating specialty children's hospitals shall equal the highest rate established by contract between that provider and any other Medicaid managed care plan.

(c) After 12 months of active participation in a plan's network, the plan may exclude any essential provider from the network for failure to meet quality or performance criteria. If the plan excludes an essential provider from the plan, the plan must provide written notice to all recipients who have chosen that provider for care. The notice shall be provided at least 30 days before the effective date of the exclusion.

(d) Each managed care plan must offer a network contract to each home medical equipment and supplies provider in the region which meets quality and fraud prevention and detection standards established by the plan and which agrees to accept the lowest price previously negotiated between the plan and another such provider.

(2) FLORIDA MEDICAL SCHOOLS QUALITY NETWORK.—The agency shall contract with a single organization representing medical schools and graduate medical education programs in the state for the purpose of establishing an active and ongoing program to improve clinical outcomes in all managed care plans. Contracted activities must support greater clinical integration for Medicaid enrollees through interdependent and cooperative efforts of all providers participating in managed care plans. The agency shall support these activities with certified public expenditures and any earned federal matching funds and shall seek any plan amendments or waivers necessary to comply with this subsection. To be eligible to participate in the quality network, a medical school must contract with each managed care plan in its region.

(3) PERFORMANCE MEASUREMENT.—Each managed care plan shall monitor the quality and performance of each participating provider. At the beginning of the contract period, each plan shall notify all its network providers of the metrics used by the plan for evaluating the provider's performance and determining continued participation in the network.

(4) MOMCARE NETWORK.—

(a) The agency shall contract with an administrative services organization representing all Healthy Start Coalitions providing risk appropriate care coordination and other services in accordance with a federal waiver and pursuant to s. 409.906. The contract shall require the network of coalitions to provide counseling, education, risk-reduction and case management services, and quality assurance for all enrollees of the waiver. The agency shall evaluate the impact of the MomCare network by monitoring each plan's performance on specific measures to determine the adequacy, timeliness, and quality of services for pregnant women and infants. The agency shall support this contract with certified public expenditures of general revenue appropriated for Healthy Start services and any earned federal matching funds.

(b) Each managed care plan shall establish specific programs and procedures to improve pregnancy outcomes and infant health, including, but not limited to, coordination with the Healthy Start program, immunization programs, and referral to the Special Supplemental Nutrition Program for Women, Infants, and Children, and the Children's Medical Services program for children with special health care needs. Each plan's programs and procedures shall include agreements with each local Healthy Start Coalition in the region to provide risk-appropriate care coordination for pregnant women and infants, consistent with agency policies and the MomCare network. Each managed care plan must notify the agency of the impending birth of a child to an enrollee, or notify the agency as soon as practicable after the child's birth.

(5) SCREENING RATE.—After the end of the second contract year, each managed care plan shall achieve an annual Early and Periodic Screening, Diagnosis, and Treatment Service screening rate of at least 80 percent of those recipients continuously enrolled for at least 8 months.

(6) PROVIDER PAYMENT.—Managed care plans and hospitals shall negotiate mutually acceptable rates, methods, and terms of payment. For rates, methods, and terms of payment negotiated after the contract between the agency and the plan is executed, plans shall pay hospitals, at a minimum, the rate the agency would have paid on the first day of the contract between the provider and the plan. Such payments to hospitals may not exceed 120 percent of the rate the agency would have paid on the first day of the contract between the provider and the plan, unless specifically approved by the agency. Payment rates may be updated periodically.

(7) MEDICALLY NEEDY ENROLLEES.—Each managed care plan must accept any medically needy recipient who selects or is assigned to the plan and provide that recipient with continuous enrollment for 12 months. After the first month of qualifying as a medically needy recipient and enrolling in a plan, and contingent upon federal approval, the enrollee shall pay the plan a portion of the monthly premium equal to the enrollee's share of the cost as determined by the department. The agency shall pay any remaining portion of the monthly premium. Plans are not obligated to pay claims for medically needy patients for services provided before enrollment in the plan. Medically needy patients are responsible for payment of incurred claims that are used to determine eligibility. Plans must provide a grace period of at least 90 days before disenrolling recipients who fail to pay their shares of the premium.

Section 17. Section 409.976, Florida Statutes, is created to read:

409.976 Managed care plan payment.—In addition to the payment provisions of s. 409.968, the agency shall provide payment to plans in the managed medical assistance program pursuant to this section.

(1) Prepaid payment rates shall be negotiated between the agency and the eligible plans as part of the procurement process described in s. 409.966.

(2) The agency shall establish payment rates for statewide inpatient psychiatric programs. Payments to managed care plans shall be reconciled to reimburse actual payments to statewide inpatient psychiatric programs.

Section 18. Section 409.977, Florida Statutes, is created to read:

409.977 Enrollment.—

(1) The agency shall automatically enroll into a managed care plan those Medicaid recipients who do not voluntarily choose a plan pursuant to s. 409.969. The agency shall automatically enroll recipients in plans that meet or exceed the performance or quality standards established pursuant to s. 409.967 and may not automatically enroll recipients in a plan that is deficient in those performance or quality standards. When a specialty plan is available to accommodate a specific condition or diagnosis of a recipient, the agency shall assign the recipient to that plan. In the first year of the first contract term only, if a recipient was previously enrolled in a plan that is still available in the region, the agency shall automatically enroll the recipient in that plan unless an applicable specialty plan is available. Except as otherwise provided in this part, the agency may not engage in practices that are designed to favor one managed care plan over another.

(2) When automatically enrolling recipients in managed care plans, the agency shall automatically enroll based on the following criteria:

(a) Whether the plan has sufficient network capacity to meet the needs of the recipients.

(b) Whether the recipient has previously received services from one of the plan's primary care providers.

(c) Whether primary care providers in one plan are more geographically accessible to the recipient's residence than those in other plans.

(3) A newborn of a mother enrolled in a plan at the time of the child's birth shall be enrolled in the mother's plan. Upon birth, such a newborn is deemed enrolled in the managed care plan, regardless of the administrative enrollment procedures, and the managed care plan is responsible for providing Medicaid services to the newborn. The mother may choose another plan for the newborn within 90 days after the child's birth.

(4) The agency shall develop a process to enable a recipient with access to employer-sponsored health care coverage to opt out of all managed care plans and to use Medicaid financial assistance to pay for the recipient's share of the cost in such employer-sponsored coverage. Contingent upon federal approval, the agency shall also enable recipients with access to other insurance or related products providing access to health care services created pursuant to state law, including any product available under the Florida Health Choices Program, or any health exchange, to opt out. The amount of financial assistance provided for each recipient may not exceed the amount of the Medicaid premium that would have been paid to a managed care plan for that recipient. The agency shall seek federal approval to require Medicaid recipients with access to employer-sponsored health care coverage to enroll in that coverage and use Medicaid financial assistance to pay for the recipient's share of the cost for such coverage. The amount of financial assistance provided for each recipient may not exceed the amount of the Medicaid premium that would have been paid to a managed care plan for that recipient.

Section 19. Section 409.978, Florida Statutes, is created to read:

409.978 Long-term care managed care program.—

(1) Pursuant to s. 409.963, the agency shall administer the long-term care managed care program described in ss. 409.978-409.985, but may delegate specific duties and responsibilities for the program to the Department of Elderly Affairs and other state agencies. By July 1, 2012, the agency shall begin implementation of the statewide long-term care managed care program, with full implementation in all regions by October 1, 2013.

(2) The agency shall make payments for long-term care, including home and community-based services, using a managed care model. Unless otherwise specified, ss. 409.961-409.97 apply to the long-term care managed care program.

(3) The Department of Elderly Affairs shall assist the agency to develop specifications for use in the invitation to negotiate and the model contract, determine clinical eligibility for enrollment in managed long-term care plans, monitor plan performance and measure quality of service delivery, assist clients and families to address complaints with the plans, facilitate working relationships between plans and providers serving elders and disabled adults, and perform other functions specified in a memorandum of agreement.

Section 20. Section 409.979, Florida Statutes, is created to read:

409.979 Eligibility.—

(1) Medicaid recipients who meet all of the following criteria are eligible to receive long-term care services and must receive long-term care services by participating in the long-term care managed care program. The recipient must be:

(a) Sixty-five years of age or older, or age 18 or older and eligible for Medicaid by reason of a disability.

(b) Determined by the Comprehensive Assessment Review and Evaluation for Long-Term Care Services (CARES) Program to require nursing facility care as defined in s. 409.985(3).

(2) Medicaid recipients who, on the date long-term care managed care plans become available in their region, reside in a nursing home facility or are enrolled in one of the following long-term care Medicaid waiver programs are eligible to participate in the long-term care managed care program for up to 12 months without being reevaluated for their need for nursing facility care as defined in s. 409.985(3):

(a) The Assisted Living for the Frail Elderly Waiver.

(b) The Aged and Disabled Adult Waiver.

(c) The Adult Day Health Care Waiver.

(d) The Consumer-Directed Care Plus Program as described in s. 409.221.

(e) The Program of All-inclusive Care for the Elderly.

(f) The long-term care community-based diversion pilot project as described in s. 430.705.

(g) The Channeling Services Waiver for Frail Elders.

(3) The Department of Elderly Affairs shall make offers for enrollment to eligible individuals based on a wait-list prioritization and subject to availability of funds. Before enrollment offers, the department shall determine that sufficient funds exist to support additional enrollment into plans.

Section 21. Section 409.98, Florida Statutes, is created to read:

409.98 Long-term care plan benefits.—Long-term care plans shall, at a minimum, cover the following:

(1) Nursing facility care.

(2) Services provided in assisted living facilities.

(3) Hospice.

(4) Adult day care.

(5) Medical equipment and supplies, including incontinence supplies.

(6) Personal care.

(7) Home accessibility adaptation.

(8) Behavior management.

(9) Home-delivered meals.

(10) Case management.

(11) Therapies:

(a) Occupational therapy.

(b) Speech therapy.

(c) Respiratory therapy.

(d) Physical therapy.

(12) Intermittent and skilled nursing.

(13) Medication administration.

(14) Medication management.

(15) Nutritional assessment and risk reduction.

(16) Caregiver training.

(17) Respite care.

(18) Transportation.

(19) Personal emergency response system.

Section 22. Section 409.981, Florida Statutes, is created to read:

409.981 Eligible long-term care plans.—

(1) ELIGIBLE PLANS.—Provider service networks must be long-term care provider service networks. Other eligible plans may be long-term care plans or comprehensive long-term care plans.

(2) ELIGIBLE PLAN SELECTION.—The agency shall select eligible plans through the procurement process described in s. 409.966. The agency shall provide notice of invitations to negotiate by July 1, 2012. The agency shall procure:

(a) Two plans for Region 1. At least one plan must be a provider service network if any provider service networks submit a responsive bid.

(b) Two plans for Region 2. At least one plan must be a provider service network if any provider service networks submit a responsive bid.

(c) At least three plans and up to five plans for Region 3. At least one plan must be a provider service network if any provider service networks submit a responsive bid.

(d) At least three plans and up to five plans for Region 4. At least one plan must be a provider service network if any provider service network submits a responsive bid.

(e) At least two plans and up to 4 plans for Region 5. At least one plan must be a provider service network if any provider service networks submit a responsive bid.

(f) At least four plans and up to seven plans for Region 6. At least one plan must be a provider service network if any provider service networks submit a responsive bid.

(g) At least three plans and up to 6 plans for Region 7. At least one plan must be a provider service networks if any provider service networks submit a responsive bid.

(h) At least two plans and up to four plans for Region 8. At least one plan must be a provider service network if any provider service networks submit a responsive bid.

(i) At least two plans and up to four plans for Region 9. At least one plan must be a provider service network if any provider service networks submit a responsive bid.

(j) At least two plans and up to four plans for Region 10. At least one plan must be a provider service network if any provider service networks submit a responsive bid.

(k) At least five plans and up to ten plans for Region 11. At least one plan must be a provider service network if any provider service networks submit a responsive bid.

If no provider service network submits a responsive bid in a region other than Region 1 or Region 2, the agency shall procure no more than one less than the maximum number of eligible plans permitted in that region. Within 12 months after the initial invitation to negotiate, the agency shall attempt to procure a provider service network. The agency shall notice another invitation to negotiate only with provider service networks in regions where no provider service network has been selected.

(3) QUALITY SELECTION CRITERIA.—In addition to the criteria established in s. 409.966, the agency shall consider the following factors in the selection of eligible plans:

(a) Evidence of the employment of executive managers with expertise and experience in serving aged and disabled persons who require long-term care.

(b) Whether a plan has established a network of service providers dispersed throughout the region and in sufficient numbers to meet specific service standards established by the agency for specialty services for persons receiving home and community-based care.

(c) Whether a plan is proposing to establish a comprehensive long-term care plan and whether the eligible plan has a contract to provide managed medical assistance services in the same region.

(d) Whether a plan offers consumer-directed care services to enrollees pursuant to s. 409.221.

(e) Whether a plan is proposing to provide home and community-based services in addition to the minimum benefits required by s. 409.98.

(4) PROGRAM OF ALL-INCLUSIVE CARE FOR THE ELDERLY.—Participation by the Program of All-Inclusive Care for the Elderly (PACE) shall be pursuant to a contract with the agency and not subject to the procurement requirements or regional plan number limits of this section. PACE plans may continue to provide services to individuals

at such levels and enrollment caps as authorized by the General Appropriations Act.

(5) MEDICARE PLANS.—Participation by a Medicare Advantage Preferred Provider Organization, Medicare Advantage Provider-sponsored Organization, or Medicare Advantage Special Needs Plan shall be pursuant to a contract with the agency and not subject to the procurement requirements if the plan's Medicaid enrollees consist exclusively of recipients who are deemed dually eligible for Medicaid and Medicare services. Otherwise, Medicare Advantage Preferred Provider Organizations, Medicare Advantage Provider-Sponsored Organizations, and Medicare Advantage Special Needs Plans are subject to all procurement requirements.

Section 23. Section 409.982, Florida Statutes, is created to read:

409.982 Long-term care managed care plan accountability.—In addition to the requirements of s. 409.967, plans and providers participating in the long-term care managed care program must comply with the requirements of this section.

(1) PROVIDER NETWORKS.—Managed care plans may limit the providers in their networks based on credentials, quality indicators, and price. For the period between October 1, 2013, and September 30, 2014, each selected plan must offer a network contract to all the following providers in the region:

(a) Nursing homes.

(b) Hospices.

(c) Aging network service providers that have previously participated in home and community-based waivers serving elders or community-service programs administered by the Department of Elderly Affairs.

After 12 months of active participation in a managed care plan's network, the plan may exclude any of the providers named in this subsection from the network for failure to meet quality or performance criteria. If the plan excludes a provider from the plan, the plan must provide written notice to all recipients who have chosen that provider for care. The notice must be provided at least 30 days before the effective date of the exclusion. The agency shall establish contract provisions governing the transfer of recipients from excluded residential providers.

(2) SELECT PROVIDER PARTICIPATION.—Except as provided in this subsection, providers may limit the managed care plans they join. Nursing homes and hospices that are enrolled Medicaid providers must participate in all eligible plans selected by the agency in the region in which the provider is located.

(3) PERFORMANCE MEASUREMENT.—Each managed care plan shall monitor the quality and performance of each participating provider using measures adopted by and collected by the agency and any additional measures mutually agreed upon by the provider and the plan

(4) PROVIDER NETWORK STANDARDS.—The agency shall establish and each managed care plan must comply with specific standards for the number, type, and regional distribution of providers in the plan's network, which must include:

(a) Adult day care centers.

(b) Adult family-care homes.

(c) Assisted living facilities.

(d) Health care services pools.

(e) Home health agencies.

(f) Homemaker and companion services.

(g) Hospices.

(h) Community care for the elderly lead agencies.

(i) Nurse registries.

(j) Nursing homes.

(5) PROVIDER PAYMENT.—Managed care plans and providers shall negotiate mutually acceptable rates, methods, and terms of payment. Plans shall pay nursing homes an amount equal to the nursing facility-specific payment rates set by the agency; however, mutually acceptable higher rates may be negotiated for medically complex care. Plans shall pay hospice providers through a prospective system for each enrollee an amount equal to the per diem rate set by the agency. For recipients residing in a nursing facility and receiving hospice services, the plan shall pay the hospice provider the per diem rate set by the agency minus the nursing facility component and shall pay the nursing facility the applicable state rate. Plans must ensure that electronic nursing home and hospice claims that contain sufficient information for processing are paid within 10 business days after receipt.

Section 24. Section 409.983, Florida Statutes, is created to read:

409.983 Long-term care managed care plan payment.—In addition to the payment provisions of s. 409.968, the agency shall provide payment to plans in the long-term care managed care program pursuant to this section.

(1) Prepaid payment rates for long-term care managed care plans shall be negotiated between the agency and the eligible plans as part of the procurement process described in s. 409.966.

(2) Payment rates for comprehensive long-term care plans covering services described in s. 409.973 shall be blended with rates for long-term care plans for services specified in s. 409.98.

(3) Payment rates for plans must reflect historic utilization and spending for covered services projected forward and adjusted to reflect the level of care profile for enrollees in each plan. The payment shall be adjusted to provide an incentive for reducing institutional placements and increasing the utilization of home and community-based services.

(4) The initial assessment of an enrollee's level of care shall be made by the Comprehensive Assessment and Review for Long-Term-Care Services (CARES) program, which shall assign the recipient into one of the following levels of care:

(a) Level of care 1 consists of recipients residing in or who must be placed in a nursing home.

(b) Level of care 2 consists of recipients at imminent risk of nursing home placement, as evidenced by the need for the constant availability of routine medical and nursing treatment and care, and require extensive health-related care and services because of mental or physical incapacitation.

(c) Level of care 3 consists of recipients at imminent risk of nursing home placement, as evidenced by the need for the constant availability of routine medical and nursing treatment and care, who have a limited need for health-related care and services and are mildly medically or physically incapacitated.

The agency shall periodically adjust payment rates to account for changes in the level of care profile for each managed care plan based on encounter data.

(5) The agency shall make an incentive adjustment in payment rates to encourage the increased utilization of home and community-based services and a commensurate reduction of institutional placement. The incentive adjustment shall be modified in each successive rate period during the first contract period, as follows:

(a) A 2 percentage point shift in the first rate-setting period;

(b) A 2 percentage point shift in the second rate-setting period, as compared to the utilization mix at the end of the first rate-setting period; or

(c) A 3 percentage point shift in the third rate-setting period, and in each subsequent rate-setting period during the first contract period, as compared to the utilization mix at the end of the immediately preceding rate-setting period.>

The incentive adjustment shall continue in subsequent contract periods, at a rate of 3 percentage points per year as compared to the utilization mix at the end of the immediately preceding rate-setting period, until no more

than 35 percent of the plan's enrollees are placed in institutional settings. The agency shall annually report to the Legislature the actual change in the utilization mix of home and community-based services compared to institutional placements and provide a recommendation for utilization mix requirements for future contracts.

(6) The agency shall establish nursing-facility-specific payment rates for each licensed nursing home based on facility costs adjusted for inflation and other factors as authorized in the General Appropriations Act. Payments to long-term care managed care plans shall be reconciled to reimburse actual payments to nursing facilities.

(7) The agency shall establish hospice payment rates pursuant to Title XVIII of the Social Security Act. Payments to long-term care managed care plans shall be reconciled to reimburse actual payments to hospices.

Section 25. Section 409.984, Florida Statutes, is created to read:

409.984 Enrollment in a long-term care managed care plan.—

(1) The agency shall automatically enroll into a long-term care managed care plan those Medicaid recipients who do not voluntarily choose a plan pursuant to s. 409.969. The agency shall automatically enroll recipients in plans that meet or exceed the performance or quality standards established pursuant to s. 409.967 and may not automatically enroll recipients in a plan that is deficient in those performance or quality standards. If a recipient is deemed dually eligible for Medicaid and Medicare services and is currently receiving Medicare services from an entity qualified under 42 C.F.R. part 422 as a Medicare Advantage Preferred Provider Organization, Medicare Advantage Provider-sponsored Organization, or Medicare Advantage Special Needs Plan, the agency shall automatically enroll the recipient in such plan for Medicaid services if the plan is currently participating in the long-term care managed care program. Except as otherwise provided in this part, the agency may not engage in practices that are designed to favor one managed care plan over another.

(1) When automatically enrolling recipients in plans, the agency shall take into account the following criteria:

(a) Whether the plan has sufficient network capacity to meet the needs of the recipients.

(b) Whether the recipient has previously received services from one of the plan's home and community-based service providers.

(c) Whether the home and community-based providers in one plan are more geographically accessible to the recipient's residence than those in other plans.

(3) Notwithstanding s. 409.969(3)(c), if a recipient is referred for hospice services, the recipient has 30 days during which the recipient may select to enroll in another managed care plan to access the hospice provider of the recipient's choice.

(4) If a recipient is referred for placement in a nursing home or assisted living facility, the plan must inform the recipient of any facilities within the plan that have specific cultural or religious affiliations and, if requested by the recipient, make a reasonable effort to place the recipient in the facility of the recipient's choice.

Section 26. Section 409.9841, Florida Statutes, is created to read:

409.9841 Long-term care managed care technical advisory workgroup.—

(1) Before August 1, 2011, the agency shall establish a technical advisory workgroup to assist in developing:

(a) The method of determining Medicaid eligibility pursuant to s. 409.985(3).

(b) The requirements for provider payments to nursing homes under s. 409.983(6).

(c) The method for managing Medicare coinsurance crossover claims.

(d) Uniform requirements for claims submissions and payments, including electronic funds transfers and claims processing.

(e) The process for enrollment of and payment for individuals pending determination of Medicaid eligibility.

(2) The advisory workgroup must include, but is not limited to, representatives of providers and plans who could potentially participate in long-term care managed care. Members of the workgroup shall serve without compensation but may be reimbursed for per diem and travel expenses as provided in s. 112.061.

(3) This section is repealed on June 30, 2013.

Section 27. Section 409.985, Florida Statutes, is created to read:

409.985 Comprehensive Assessment and Review for Long-Term Care Services (CARES) Program.—

(1) The agency shall operate the Comprehensive Assessment and Review for Long-Term Care Services (CARES) preadmission screening program to ensure that only individuals whose conditions require long-term care services are enrolled in the long-term care managed care program.

(2) The agency shall operate the CARES program through an interagency agreement with the Department of Elderly Affairs. The agency, in consultation with the Department of Elderly Affairs, may contract for any function or activity of the CARES program, including any function or activity required by 42 C.F.R. part 483.20, relating to preadmission screening and review.

(3) The CARES program shall determine if an individual requires nursing facility care and, if the individual requires such care, assign the individual to a level of care as described in s. 409.983(4). When determining the need for nursing facility care, consideration shall be given to the nature of the services prescribed and which level of nursing or other health care personnel meets the qualifications necessary to provide such services and the availability to and access by the individual of community or alternative resources. For the purposes of the long-term care managed care program, the term "nursing facility care" means the individual:

(a) Requires nursing home placement as evidenced by the need for medical observation throughout a 24-hour period and care required to be performed on a daily basis by, or under the direct supervision of, a registered nurse or other health care professional and requires services that are sufficiently medically complex to require supervision, assessment, planning, or intervention by a registered nurse because of a mental or physical incapacitation by the individual;

(b) Requires or is at imminent risk of nursing home placement as evidenced by the need for observation throughout a 24-hour period and care and the constant availability of medical and nursing treatment and requires services on a daily or intermittent basis that are to be performed under the supervision of licensed nursing or other health professionals because the individual who is incapacitated mentally or physically; or

(c) Requires or is at imminent risk of nursing home placement as evidenced by the need for observation throughout a 24-hour period and care and the constant availability of medical and nursing treatment and requires limited services that are to be performed under the supervision of licensed nursing or other health professionals because the individual is mildly incapacitated mentally or physically.

(4) For individuals whose nursing home stay is initially funded by Medicare and Medicare coverage and is being terminated for lack of progress towards rehabilitation, CARES staff shall consult with the person making the determination of progress toward rehabilitation to ensure that the recipient is not being inappropriately disqualified from Medicare coverage. If, in their professional judgment, CARES staff believe that a Medicare beneficiary is still making progress toward rehabilitation, they may assist the Medicare beneficiary with an appeal of the disqualification from Medicare coverage. The use of CARES teams to review Medicare denials for coverage under this section is authorized only if it is determined that such reviews qualify for federal matching funds through Medicaid. The agency shall seek or amend federal waivers as necessary to implement this section.

Section 28. *If any provision of this act or its application to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of the act which can be given effect without the*

invalid provision or application, and to this end the provisions of this act are severable.

Section 29. This act shall take effect July 1, 2011.

And the title is amended as follows:

Delete everything before the enacting clause and insert: A bill to be entitled An act relating to Medicaid managed care; creating part IV of ch. 409, F.S., entitled "Medicaid Managed Care"; creating s. 409.961, F.S.; providing for statutory construction; providing applicability of specified provisions throughout the part; providing rulemaking authority for specified agencies; creating s. 409.962, F.S.; providing definitions; creating s. 409.963, F.S.; designating the Agency for Health Care Administration as the single state agency to administer the Medicaid program; providing for specified agency responsibilities; requiring client consent for release of medical records; creating s. 409.964, F.S.; establishing the Medicaid program as the statewide, integrated managed care program for all covered services; authorizing the agency to apply for and implement waivers; providing for public notice and comment; creating s. 409.965, F.S.; providing for mandatory enrollment; providing exemptions; creating s. 409.966, F.S.; providing requirements for eligible plans that provide services in the Medicaid managed care program; establishing provider service network requirements for eligible plans; providing for eligible plan selection; requiring the agency to use an invitation to negotiate; requiring the agency to compile and publish certain information; establishing regions for separate procurement of plans; providing quality criteria for plan selection; providing limitations on serving recipients during the pendency of procurement litigation; creating s. 409.967, F.S.; providing for managed care plan accountability; establishing contract terms; providing for physician compensation; providing for emergency services; establishing requirements for access; requiring a drug formulary or preferred drug list; requiring plans to accept requests for service electronically; requiring the agency to maintain an encounter data system; requiring plans to provide encounter data; requiring the agency to establish performance standards for plans; providing program integrity requirements; establishing requirements for the database; establishing a grievance resolution process; providing penalties for early termination of contracts or reduction in enrollment levels; establishing prompt payment requirements; requiring fair payment to providers with a controlling interest in a provider service network by other plans; requiring itemized payment; providing for dispute resolutions between plans and providers; providing for achieved savings rebates to plans; creating s. 409.968, F.S.; establishing managed care plan payments; providing payment requirements for provider service networks; requiring the agency to conduct annual cost reconciliations to determine certain cost savings and report the results of the reconciliations to the fee-for-service provider; prohibiting rate increases that are not authorized in the appropriations act; creating s. 409.969, F.S.; requiring enrollment in managed care plans by all nonexempt Medicaid recipients; creating requirements for plan selection by recipients; authorizing disenrollment under certain circumstances; defining the term "good cause" for purposes of disenrollment; providing time limits on an internal grievance process; providing requirements for agency determination regarding disenrollment; requiring recipients to stay in plans for a specified time; creating s. 409.97, F.S.; authorizing the agency to accept the transfer of certain revenues from local governments; requiring the agency to contract with a representative of certain entities participating in the low-income pool for the provision of enhanced access to care; providing for support of these activities by the low-income pool as authorized in the General Appropriations Act; establishing the Access to Care Partnership; requiring the agency to seek necessary waivers and plan amendments; providing requirements for prepaid plans to submit data; authorizing the agency to implement a tiered hospital rate system; creating s. 409.971, F.S.; creating the managed medical assistance program; providing deadlines to begin and finalize implementation of the program; creating s. 409.972, F.S.; providing eligibility requirements for mandatory and voluntary enrollment; creating s. 409.973, F.S.; establishing minimum benefits for managed care plans to cover; authorizing plans to customize benefit packages; requiring plans to establish programs to encourage healthy behaviors and establish written agreements with certain enrollees to participate in such programs; requiring plans to establish a primary care initiative; providing requirements for primary care initiatives; requiring plans to report certain primary care data to the agency; creating s. 409.974, F.S.; establishing a deadline for issuing invitations to negotiate; establishing a specified number or range of eligible plans to be selected in each region; establishing quality selection criteria; establishing requirements for participation by specialty plans; establishing the Children's Medical Service Network as an eligible plan; creating s. 409.975, F.S.; providing for managed care plan accountability; authorizing plans to limit providers in networks; requiring plans to include essential Medicaid providers in their networks unless an alternative arrangement is approved by the agency; identifying statewide essential providers; specifying provider payments under certain circumstances; requiring plans to include certain statewide essential providers in their networks; requiring good faith negotiations; specifying provider payments under certain circumstances; allowing plans to exclude essential providers under certain circumstances; requiring plans to offer a contract to home medical equipment and supply providers under certain circumstances; establishing the Florida medical school quality network; requiring the agency to contract with a representative of certain entities to establish a clinical outcome improvement program in all plans; providing for support of these activities by certain expenditures and federal matching funds; requiring the agency to seek necessary waivers and plan amendments; providing for eligibility for the quality network; requiring plans to monitor the quality and performance history of providers; establishing the MomCare network; requiring the agency to contract with a representative of all Healthy Start Coalitions to provide certain services to recipients; providing for support of these activities by certain expenditures and federal matching funds; requiring plans to enter into agreements with local Healthy Start Coalitions for certain purposes; requiring specified programs and procedures be established by plans; establishing a screening standard for the Early and Periodic Screening, Diagnosis, and Treatment Service; requiring managed care plans and hospitals to negotiate rates, methods, and terms of payment; providing a limit on payments to hospitals; establishing plan requirements for medically needy recipients; creating s. 409.976, F.S.; providing for managed care plan payment; requiring the agency to establish payment rates for statewide inpatient psychiatric programs; requiring payments to managed care plans to be reconciled to reimburse actual payments to statewide inpatient psychiatric programs; creating s. 409.977, F.S.; providing for automatic enrollment in a managed care plan for certain recipients; establishing opt-out opportunities for recipients; creating s. 409.978, F.S.; requiring the agency to be responsible for administering the long-term care managed care program; providing implementation dates for the long-term care managed care program; providing duties of the Department of Elderly Affairs relating to assisting the agency in implementing the program; creating s. 409.979, F.S.; providing eligibility requirements for the long-term care managed care program; creating s. 409.98, F.S.; establishing the benefits covered under a managed care plan participating in the long-term care managed care program; creating s. 409.981, F.S.; providing criteria for eligible plans; designating regions for plan implementation throughout the state; providing criteria for the selection of plans to participate in the long-term care managed care program; providing that participation by the Program of All-Inclusive Care for the Elderly and certain Medicare plans is pursuant to an agency contract and not subject to procurement; creating s. 409.982, F.S.; requiring the agency to establish uniform accounting and reporting methods for plans; providing for mandatory participation in plans by certain service providers; authorizing the exclusion of certain providers from plans for failure to meet quality or performance criteria; requiring plans to monitor participating providers using specified criteria; requiring certain providers to be included in plan networks; providing provider payment specifications for nursing homes and hospices; creating s. 409.983, F.S.; providing for negotiation of rates between the agency and the plans participating in the long-term care managed care program; providing specific criteria for calculating and adjusting plan payments; allowing the CARES program to assign plan enrollees to a level of care; providing incentives for adjustments of payment rates; requiring the agency to establish nursing facility-specific and hospice services payment rates; creating s. 409.984, F.S.; providing criteria for automatic assignments of plan enrollees who fail to choose a plan; providing for hospice selection within a specified timeframe; providing for a choice of residential setting under certain circumstances; creating s. 409.9841, F.S.; creating the long-term care managed care technical advisory workgroup; providing duties; providing membership; providing for reimbursement for per diem and travel expenses; providing for repeal by a specified date; creating s. 409.985, F.S.; providing that the agency shall operate the Comprehensive Assessment and Review for Long-Term Care Services program through an interagency agreement with the Department of Elderly Affairs; providing duties of the program; defining the term "nursing facility care"; providing for severability; providing an effective date.

MOTION

On motion by Senator Rich, by the required two-thirds vote, consideration of the following amendment was allowed:

Senator Rich moved the following amendment to **Amendment 1** which failed:

Amendment 1A (891012)—Delete line 936 and insert: *invitation to negotiate. The agency shall ensure the availability of federally-required benefits if it is not covered by the plan.*

The question recurred on **Amendment 1** which was adopted.

Pursuant to Rule 4.19, **CS for HB 7107** as amended was placed on the calendar of Bills on Third Reading.

On motion by Senator Negron, by unanimous consent—

CS for HB 7109—A bill to be entitled An act relating to Medicaid; amending s. 393.0661, F.S.; requiring the Agency for Persons with Disabilities to establish a transition plan for current Medicaid recipients of home and community-based services under certain circumstances; providing for expiration of the section on a specified date; amending s. 393.0662, F.S.; requiring the Agency for Persons with Disabilities to complete the transition for current Medicaid recipients of home and community-based services to the iBudget system by a specified date; requiring the Agency for Persons with Disabilities to develop a transition plan for current Medicaid recipients of home and community-based services to managed care plans; providing for expiration of the section on a specified date; amending s. 408.040, F.S.; providing for suspension of certain conditions precedent to the issuance of a certificate of need for a nursing home, effective on a specified date; amending s. 408.0435, F.S.; extending the certificate-of-need moratorium for additional community nursing home beds; designating ss. 409.016-409.803, F.S., as pt. I of ch. 409, F.S., and entitling the part "Social and Economic Assistance"; designating ss. 409.810-409.821, F.S., as pt. II of ch. 409, F.S., and entitling the part "Kidcare"; designating ss. 409.901-409.9205, F.S., as part III of ch. 409, F.S., and entitling the part "Medicaid"; amending s. 409.905, F.S.; requiring the Agency for Health Care Administration to set reimbursements rates for hospitals that provide Medicaid services based on allowable-cost reporting from the hospitals; providing the methodology for the rate calculation and adjustments; requiring the rates to be subject to certain limits or ceilings; providing that exemptions to the limits or ceilings may be provided in the General Appropriations Act; deleting provisions relating to agency adjustments to a hospital's inpatient per diem rate; directing the agency to develop a plan to convert inpatient hospital rates to a prospective payment system that categorizes each case into diagnosis-related groups; requiring a report to the Governor and Legislature; amending s. 409.907, F.S.; providing additional requirements for provider agreements for Medicare crossover providers; providing that the agency is not obligated to enroll certain providers as Medicare crossover providers; specifying additional requirements for certain providers; providing the agency may establish additional criteria for providers to promote program integrity; amending s. 409.911, F.S.; providing for expiration of the Medicaid Low-Income Pool Council; amending s. 409.912, F.S.; providing payment requirements for provider service networks; providing for the expiration of various provisions relating to agency contracts and agreements with certain entities on specified dates to conform to the reorganization of Medicaid managed care; requiring the agency to contract on a prepaid or fixed-sum basis with certain prepaid dental health plans; eliminating obsolete provisions and updating provisions, to conform; amending ss. 409.91195 and 409.91196, F.S.; conforming cross-references; repealing s. 409.91207, F.S., relating to the medical home pilot project; amending s. 409.91211, F.S.; conforming cross-references; providing for future repeal of s. 409.91211, F.S., relating to the Medicaid managed care pilot program; amending s. 409.9122, F.S.; providing for the expiration of provisions relating to mandatory enrollment in a Medicaid managed care plan or MediPass on specified dates to conform to the reorganization of Medicaid managed care; eliminating obsolete provisions; requiring the agency to develop a process to enable any recipient with access to employer-sponsored coverage to opt out of eligible plans in the Medicaid program; requiring the agency, contingent on federal approval, to enable recipients with access to other coverage or related products that provide access to specified health care services to opt out of eligible plans in the Medicaid program; requiring the agency to maintain and operate the Medicaid Encounter Data System; requiring the agency to conduct a review of encounter data and publish the results of the review before adjusting rates for prepaid plans; authorizing the agency to establish a designated payment for specified Medicare Advantage Special Needs members; authorizing the agency to develop a designated payment for Medicaid-only covered services for which the state is responsible; requiring the agency to establish, and managed care plans to use, a uniform method of accounting for and reporting medical and nonmedical costs; authorizing the agency to create exceptions to mandatory enrollment in managed care under specified circumstances; requiring the agency to contract with a provider service network to function as a third-party administrator and managing entity for the MediPass program; providing contract provisions; providing for the expiration of such contract requirements on a specified date; requiring the agency to contract with a single provider service network to function as a third-party administrator and managing entity for the Medically Needy program; providing contract provisions; providing for the expiration of such contract requirements on a specified date; amending s. 430.04, F.S.; eliminating obsolete provisions; requiring the Department of Elderly Affairs to develop a transition plan for specified elders and disabled adults receiving long-term care Medicaid services when eligible plans become available; providing for expiration of the plan; amending s. 430.2053, F.S.; eliminating obsolete provisions; providing additional duties of aging resource centers; providing an additional exception to direct services that may not be provided by an aging resource center; providing an expiration date for certain services administered through aging resource centers; providing for the cessation of specified payments by the department as eligible plans become available; providing for a memorandum of understanding between the agency and aging resource centers under certain circumstances; eliminating provisions requiring reports; repealing s. 430.701, F.S., relating to legislative findings and intent and approval for action relating to provider enrollment levels; repealing s. 430.702, F.S., relating to the Long-Term Care Community Diversion Pilot Project Act; repealing s. 430.703, F.S., relating to definitions; repealing s. 430.7031, F.S., relating to the nursing home transition program; repealing s. 430.704, F.S., relating to evaluation of long-term care through the pilot projects; repealing s. 430.705, F.S., relating to implementation of long-term care community diversion pilot projects; repealing s. 430.706, F.S., relating to quality of care; repealing s. 430.707, F.S., relating to contracts; repealing s. 430.708, F.S., relating to certificate of need; repealing s. 430.709, F.S., relating to reports and evaluations; renumbering ss. 409.9301, 409.942, 409.944, 409.945, 409.946, 409.953, and 409.9531, F.S., as ss. 402.81, 402.82, 402.83, 402.84, 402.85, 402.86, and 402.87, F.S., respectively; amending ss. 443.111 and 641.386, F.S.; conforming cross-references; directing the agency to develop a plan to implement the enrollment of the medically needy into managed care; amending s. 766.118, F.S.; providing a limitation on noneconomic damages for negligence of practitioners providing services and care to Medicaid recipients; providing effective dates and a contingent effective date.

—was taken up out of order and read the second time by title.

MOTION

On motion by Senator Negron, by the required two-thirds vote, consideration of the following amendment was allowed:

Senator Negron moved the following amendment:

Amendment 1 (351842) (with title amendment)—Delete everything after the enacting clause and insert:

Section 1. Section 393.0661, Florida Statutes, is amended to read:

393.0661 Home and community-based services delivery system; comprehensive redesign.—The Legislature finds that the home and community-based services delivery system for persons with developmental disabilities and the availability of appropriated funds are two of the critical elements in making services available. Therefore, it is the intent of the Legislature that the Agency for Persons with Disabilities shall develop and implement a comprehensive redesign of the system.

(1) The redesign of the home and community-based services system shall include, at a minimum, all actions necessary to achieve an appropriate rate structure, client choice within a specified service package, appropriate assessment strategies, an efficient billing process that contains reconciliation and monitoring components, and a redefined role for

support coordinators that avoids potential conflicts of interest and ensures that family/client budgets are linked to levels of need.

(a) The agency shall use an assessment instrument that the agency deems to be reliable and valid, including, but not limited to, the Department of Children and Family Services' Individual Cost Guidelines or the agency's Questionnaire for Situational Information. The agency may contract with an external vendor or may use support coordinators to complete client assessments if it develops sufficient safeguards and training to ensure ongoing inter-rater reliability.

(b) The agency, with the concurrence of the Agency for Health Care Administration, may contract for the determination of medical necessity and establishment of individual budgets.

(2) A provider of services rendered to persons with developmental disabilities pursuant to a federally approved waiver shall be reimbursed according to a rate methodology based upon an analysis of the expenditure history and prospective costs of providers participating in the waiver program, or under any other methodology developed by the Agency for Health Care Administration, in consultation with the Agency for Persons with Disabilities, and approved by the Federal Government in accordance with the waiver.

(3) The Agency for Health Care Administration, in consultation with the agency, shall seek federal approval and implement a four-tiered waiver system to serve eligible clients through the developmental disabilities and family and supported living waivers. *For the purpose of this waiver program, eligible clients shall include individuals with a diagnosis of Down syndrome or a developmental disability as defined in s. 393.063.* The agency shall assign all clients receiving services through the developmental disabilities waiver to a tier based on the Department of Children and Family Services' Individual Cost Guidelines, the agency's Questionnaire for Situational Information, or another such assessment instrument deemed to be valid and reliable by the agency; client characteristics, including, but not limited to, age; and other appropriate assessment methods.

(a) Tier one is limited to clients who have service needs that cannot be met in tier two, three, or four for intensive medical or adaptive needs and that are essential for avoiding institutionalization, or who possess behavioral problems that are exceptional in intensity, duration, or frequency and present a substantial risk of harm to themselves or others. Total annual expenditures under tier one may not exceed $150,000 per client each year, provided that expenditures for clients in tier one with a documented medical necessity requiring intensive behavioral residential habilitation services, intensive behavioral residential habilitation services with medical needs, or special medical home care, as provided in the Developmental Disabilities Waiver Services Coverage and Limitations Handbook, are not subject to the $150,000 limit on annual expenditures.

(b) Tier two is limited to clients whose service needs include a licensed residential facility and who are authorized to receive a moderate level of support for standard residential habilitation services or a minimal level of support for behavior focus residential habilitation services, or clients in supported living who receive more than 6 hours a day of in-home support services. Total annual expenditures under tier two may not exceed $53,625 per client each year.

(c) Tier three includes, but is not limited to, clients requiring residential placements, clients in independent or supported living situations, and clients who live in their family home. Total annual expenditures under tier three may not exceed $34,125 per client each year.

(d) Tier four includes individuals who were enrolled in the family and supported living waiver on July 1, 2007, who shall be assigned to this tier without the assessments required by this section. Tier four also includes, but is not limited to, clients in independent or supported living situations and clients who live in their family home. Total annual expenditures under tier four may not exceed $14,422 per client each year.

(e) The Agency for Health Care Administration shall also seek federal approval to provide a consumer-directed option for persons with developmental disabilities which corresponds to the funding levels in each of the waiver tiers. The agency shall implement the four-tiered waiver system beginning with tiers one, three, and four and followed by tier two. The agency and the Agency for Health Care Administration may adopt rules necessary to administer this subsection.

(f) The agency shall seek federal waivers and amend contracts as necessary to make changes to services defined in federal waiver programs administered by the agency as follows:

1. Supported living coaching services may not exceed 20 hours per month for persons who also receive in-home support services.

2. Limited support coordination services is the only type of support coordination service that may be provided to persons under the age of 18 who live in the family home.

3. Personal care assistance services are limited to 180 hours per calendar month and may not include rate modifiers. Additional hours may be authorized for persons who have intensive physical, medical, or adaptive needs if such hours are essential for avoiding institutionalization.

4. Residential habilitation services are limited to 8 hours per day. Additional hours may be authorized for persons who have intensive medical or adaptive needs and if such hours are essential for avoiding institutionalization, or for persons who possess behavioral problems that are exceptional in intensity, duration, or frequency and present a substantial risk of harming themselves or others. This restriction shall be in effect until the four-tiered waiver system is fully implemented.

5. Chore services, nonresidential support services, and homemaker services are eliminated. The agency shall expand the definition of in-home support services to allow the service provider to include activities previously provided in these eliminated services.

6. Massage therapy, medication review, and psychological assessment services are eliminated.

7. The agency shall conduct supplemental cost plan reviews to verify the medical necessity of authorized services for plans that have increased by more than 8 percent during either of the 2 preceding fiscal years.

8. The agency shall implement a consolidated residential habilitation rate structure to increase savings to the state through a more cost-effective payment method and establish uniform rates for intensive behavioral residential habilitation services.

9. Pending federal approval, the agency may extend current support plans for clients receiving services under Medicaid waivers for 1 year beginning July 1, 2007, or from the date approved, whichever is later. Clients who have a substantial change in circumstances which threatens their health and safety may be reassessed during this year in order to determine the necessity for a change in their support plan.

10. The agency shall develop a plan to eliminate redundancies and duplications between in-home support services, companion services, personal care services, and supported living coaching by limiting or consolidating such services.

11. The agency shall develop a plan to reduce the intensity and frequency of supported employment services to clients in stable employment situations who have a documented history of at least 3 years' employment with the same company or in the same industry.

(4) The geographic differential for Miami-Dade, Broward, and Palm Beach Counties for residential habilitation services shall be 7.5 percent.

(5) The geographic differential for Monroe County for residential habilitation services shall be 20 percent.

(6) Effective January 1, 2010, and except as otherwise provided in this section, a client served by the home and community-based services waiver or the family and supported living waiver funded through the agency shall have his or her cost plan adjusted to reflect the amount of expenditures for the previous state fiscal year plus 5 percent if such amount is less than the client's existing cost plan. The agency shall use actual paid claims for services provided during the previous fiscal year that are submitted by October 31 to calculate the revised cost plan amount. If the client was not served for the entire previous state fiscal year or there was any single change in the cost plan amount of more than

5 percent during the previous state fiscal year, the agency shall set the cost plan amount at an estimated annualized expenditure amount plus 5 percent. The agency shall estimate the annualized expenditure amount by calculating the average of monthly expenditures, beginning in the fourth month after the client enrolled, interrupted services are resumed, or the cost plan was changed by more than 5 percent and ending on August 31, 2009, and multiplying the average by 12. In order to determine whether a client was not served for the entire year, the agency shall include any interruption of a waiver-funded service or services lasting at least 18 days. If at least 3 months of actual expenditure data are not available to estimate annualized expenditures, the agency may not rebase a cost plan pursuant to this subsection. The agency may not rebase the cost plan of any client who experiences a significant change in recipient condition or circumstance which results in a change of more than 5 percent to his or her cost plan between July 1 and the date that a rebased cost plan would take effect pursuant to this subsection.

(7) The agency shall collect premiums or cost sharing pursuant to s. 409.906(13)(d).

(8)~~(7)~~ ~~Nothing in~~ This section or *related* ~~in any administrative~~ rule *does not* ~~shall be construed to~~ prevent or limit the Agency for Health Care Administration, in consultation with the Agency for Persons with Disabilities, from adjusting fees, reimbursement rates, lengths of stay, number of visits, or number of services, or from limiting enrollment, or making any other adjustment necessary to comply with the availability of moneys and any limitations or directions provided ~~for~~ in the General Appropriations Act.

(9)~~(8)~~ The Agency for Persons with Disabilities shall submit quarterly status reports to the Executive Office of the Governor, the chair of the Senate Ways and Means Committee or its successor, and the chair of the House Fiscal Council or its successor regarding the financial status of home and community-based services, including the number of enrolled individuals who are receiving services through one or more programs; the number of individuals who have requested services who are not enrolled but who are receiving services through one or more programs, with a description indicating the programs from which the individual is receiving services; the number of individuals who have refused an offer of services but who choose to remain on the list of individuals waiting for services; the number of individuals who have requested services but who are receiving no services; a frequency distribution indicating the length of time individuals have been waiting for services; and information concerning the actual and projected costs compared to the amount of the appropriation available to the program and any projected surpluses or deficits. If at any time an analysis by the agency, in consultation with the Agency for Health Care Administration, indicates that the cost of services is expected to exceed the amount appropriated, the agency shall submit a plan in accordance with subsection *(8)* ~~(7)~~ to the Executive Office of the Governor, the chair of the Senate Ways and Means Committee or its successor, and the chair of the House Fiscal Council or its successor to remain within the amount appropriated. The agency shall work with the Agency for Health Care Administration to implement the plan so as to remain within the appropriation.

(10) Implementation of Medicaid waiver programs and services authorized under this chapter is limited by the funds appropriated for the individual budgets pursuant to s. 393.0662 and the four-tiered waiver system pursuant to subsection (3). Contracts with independent support coordinators and service providers must include provisions requiring compliance with agency cost containment initiatives. The agency shall implement monitoring and accounting procedures necessary to track actual expenditures and project future spending compared to available appropriations for Medicaid waiver programs. When necessary based on projected deficits, the agency must establish specific corrective action plans that incorporate corrective actions of contracted providers that are sufficient to align program expenditures with annual appropriations. If deficits continue during the 2012-2013 fiscal year, the agency in conjunction with the Agency for Health Care Administration shall develop a plan to redesign the waiver program and submit the plan to the President of the Senate and the Speaker of the House of Representatives by September 30, 2013. At a minimum, the plan must include the following elements:

(a) Budget predictability.—Agency budget recommendations must include specific steps to restrict spending to budgeted amounts based on alternatives to the iBudget and four-tiered Medicaid waiver models.

(b) Services.—The agency shall identify core services that are essential to provide for client health and safety and recommend elimination of coverage for other services that are not affordable based on available resources.

(c) Flexibility.—The redesign shall be responsive to individual needs and to the extent possible encourage client control over allocated resources for their needs.

(d) Support coordination services.–The plan shall modify the manner of providing support coordination services to improve management of service utilization and increase accountability and responsiveness to agency priorities.

(e) Reporting.—The agency shall provide monthly reports to the President of the Senate and the Speaker of the House of Representatives on plan progress and development on July 31, 2013, and August 31, 2013.

(f) Implementation.—The implementation of a redesigned program is subject to legislative approval and shall occur no later than July 1, 2014. The Agency for Health Care Administration shall seek federal waivers as needed to implement the redesigned plan approved by the Legislature.

Section 2. Subsections (13) through (40) of section 393.063, Florida Statutes, are renumbered as subsections (14) through (41), respectively, and a new subsection (13) is added to that section to read:

393.063 Definitions.—For the purposes of this chapter, the term:

(13) "Down syndrome" means a disorder caused by the presence of an extra chromosome 21.

Section 3. Paragraph (e) of subsection (1) of section 408.040, Florida Statutes, is redesignated as paragraph (d), and paragraph (b) and present paragraph (d) of that subsection are amended to read:

408.040 Conditions and monitoring.—

(1)

(b) The agency may consider, in addition to the other criteria specified in s. 408.035, a statement of intent by the applicant that a specified percentage of the annual patient days at the facility will be utilized by patients eligible for care under Title XIX of the Social Security Act. Any certificate of need issued to a nursing home in reliance upon an applicant's statements that a specified percentage of annual patient days will be utilized by residents eligible for care under Title XIX of the Social Security Act must include a statement that such certification is a condition of issuance of the certificate of need. The certificate-of-need program shall notify the Medicaid program office and the Department of Elderly Affairs when it imposes conditions as authorized in this paragraph in an area in which a community diversion pilot project is implemented. *Effective July 1, 2012, the agency may not impose sanctions related to patient day utilization by patients eligible for care under Title XIX of the Social Security Act for nursing homes.*

~~(d) If a nursing home is located in a county in which a long-term care community diversion pilot project has been implemented under s. 430.705 or in a county in which an integrated, fixed-payment delivery program for Medicaid recipients who are 60 years of age or older or dually eligible for Medicare and Medicaid has been implemented under s. 409.912(5), the nursing home may request a reduction in the percentage of annual patient days used by residents who are eligible for care under Title XIX of the Social Security Act, which is a condition of the nursing home's certificate of need. The agency shall automatically grant the nursing home's request if the reduction is not more than 15 percent of the nursing home's annual Medicaid patient days condition. A nursing home may submit only one request every 2 years for an automatic reduction. A requesting nursing home must notify the agency in writing at least 60 days in advance of its intent to reduce its annual Medicaid patient days condition by not more than 15 percent. The agency must acknowledge the request in writing and must change its records to reflect the revised certificate of need condition. This paragraph expires June 30, 2011.~~

Section 4. Subsection (1) of section 408.0435, Florida Statutes, is amended to read:

408.0435 Moratorium on nursing home certificates of need.—

(1) Notwithstanding the establishment of need as provided for in this chapter, a certificate of need for additional community nursing home beds may not be approved by the agency until *Medicaid managed care is implemented statewide pursuant to ss. 409.961-409.985 or October 1, 2016, whichever is earlier* ~~July 1, 2011~~.

Section 5. *Sections 409.016 through 409.803, Florida Statutes, are designated as part I of chapter 409, Florida Statutes, and entitled "SOCIAL AND ECONOMIC ASSISTANCE."*

Section 6. *Sections 409.810 through 409.821, Florida Statutes, are designated as part II of chapter 409, Florida Statutes, and entitled "KIDCARE."*

Section 7. *Sections 409.901 through 409.9205, Florida Statutes, are designated as part III of chapter 409, Florida Statutes, and entitled "MEDICAID."*

Section 8. Section 409.9021, Florida Statutes, is amended to read:

409.9021 Forfeiture of eligibility agreement.—As a condition of Medicaid eligibility, subject to federal approval, a Medicaid applicant shall agree in writing to forfeit all entitlements to any goods or services provided through the Medicaid program *for the next 10 years* if he or she has been found to have committed *Medicaid* fraud, through judicial or administrative determination~~, two times in a period of 5 years~~. This provision applies only to the Medicaid recipient found to have committed or participated in *Medicaid* ~~the~~ fraud and does not apply to any family member of the recipient who was not involved in the fraud.

Section 9. Subsections (2) and (4) and paragraph (c) of subsection (5) of section 409.905, Florida Statutes, are amended, and paragraph (g) is added to subsection (5), to read:

409.905 Mandatory Medicaid services.—The agency may make payments for the following services, which are required of the state by Title XIX of the Social Security Act, furnished by Medicaid providers to recipients who are determined to be eligible on the dates on which the services were provided. Any service under this section shall be provided only when medically necessary and in accordance with state and federal law. Mandatory services rendered by providers in mobile units to Medicaid recipients may be restricted by the agency. Nothing in this section shall be construed to prevent or limit the agency from adjusting fees, reimbursement rates, lengths of stay, number of visits, number of services, or any other adjustments necessary to comply with the availability of moneys and any limitations or directions provided for in the General Appropriations Act or chapter 216.

(2) EARLY AND PERIODIC SCREENING, DIAGNOSIS, AND TREATMENT SERVICES.—The agency shall pay for early and periodic screening and diagnosis of a recipient under age 21 to ascertain physical and mental problems and conditions and ~~provide treatment to correct or ameliorate these problems and conditions. These services include~~ all services determined by the agency to be medically necessary for the treatment, correction, or amelioration of these problems *and conditions*, including personal care, private duty nursing, durable medical equipment, physical therapy, occupational therapy, speech therapy, respiratory therapy, and immunizations.

(4) HOME HEALTH CARE SERVICES.—The agency shall pay for nursing and home health aide services, supplies, appliances, and durable medical equipment, necessary to assist a recipient living at home. An entity that provides *such* services *must* ~~pursuant to this subsection shall~~ be licensed under part III of chapter 400. These services, equipment, and supplies, or reimbursement therefor, may be limited as provided in the General Appropriations Act and do not include services, equipment, or supplies provided to a person residing in a hospital or nursing facility.

(a) ~~In providing home health care services,~~ The agency *shall* ~~may~~ require prior authorization of *home health services* ~~care~~ based on diagnosis, utilization rates, *and* ~~or~~ billing rates. ~~The agency shall require prior authorization for visits for home health services that are not associated with a skilled nursing visit when the home health agency billing rates exceed the state average by 50 percent or more.~~ The home health agency must submit the recipient's plan of care and documentation that supports the recipient's diagnosis to the agency when requesting prior authorization.

(b) The agency shall implement a comprehensive utilization management program ~~that requires prior authorization~~ of all private duty nursing services, an individualized treatment plan that includes information about medication and treatment orders, treatment goals, methods of care to be used, and plans for care coordination by nurses and other health professionals. The utilization management program *must* ~~shall~~ also include a process for periodically reviewing the ongoing use of private duty nursing services. The assessment of need shall be based on a child's condition*;* ~~,~~ family support and care supplements*;* ~~,~~ a family's ability to provide care*;* ~~, and~~ a family's and child's schedule regarding work, school, sleep, and care for other family dependents*; and a determination of the medical necessity for private duty nursing instead of other more cost-effective in-home services*. When implemented, the private duty nursing utilization management program shall replace the current authorization program used by the agency ~~for Health Care Administration~~ and the Children's Medical Services program of the Department of Health. The agency may competitively bid ~~on~~ a contract to select a qualified organization to provide utilization management of private duty nursing services. The agency *may* ~~is authorized to~~ seek federal waivers to implement this initiative.

(c) The agency may not pay for home health services unless the services are medically necessary and:

1. The services are ordered by a physician.

2. The written prescription for the services is signed and dated by the recipient's physician before the development of a plan of care and before any request requiring prior authorization.

3. The physician ordering the services is not employed, under contract with, or otherwise affiliated with the home health agency rendering the services. However, this subparagraph does not apply to a home health agency affiliated with a retirement community, of which the parent corporation or a related legal entity owns a rural health clinic certified under 42 C.F.R. part 491, subpart A, ss. 1-11, a nursing home licensed under part II of chapter 400, or an apartment or single-family home for independent living. For purposes of this subparagraph, the agency may, on a case-by-case basis, provide an exception for medically fragile children who are younger than 21 years of age.

4. The physician ordering the services has examined the recipient within the 30 days preceding the initial request for the services and biannually thereafter.

5. The written prescription for the services includes the recipient's acute or chronic medical condition or diagnosis, the home health service required, and, for skilled nursing services, the frequency and duration of the services.

6. The national provider identifier, Medicaid identification number, or medical practitioner license number of the physician ordering the services is listed on the written prescription for the services, the claim for home health reimbursement, and the prior authorization request.

(5) HOSPITAL INPATIENT SERVICES.—The agency shall pay for all covered services provided for the medical care and treatment of a recipient who is admitted as an inpatient by a licensed physician or dentist to a hospital licensed under part I of chapter 395. However, the agency shall limit the payment for inpatient hospital services for a Medicaid recipient 21 years of age or older to 45 days or the number of days necessary to comply with the General Appropriations Act.

(c) *The agency shall implement a methodology for establishing base reimbursement rates for each hospital based on allowable costs, as defined by the agency. Rates shall be calculated annually and take effect July 1 of each year based on the most recent complete and accurate cost report submitted by each hospital. Adjustments may not be made to the rates after September 30 of the state fiscal year in which the rate takes effect. Errors in cost reporting or calculation of rates discovered after September 30 must be reconciled in a subsequent rate period. The agency may not make any adjustment to a hospital's reimbursement rate more than 5 years after a hospital is notified of an audited rate established by the agency. The requirement that the agency may not make any adjustment to a hospital's reimbursement rate more than 5 years after a hospital is notified of an audited rate established by the agency is remedial and shall apply to actions by providers involving Medicaid claims for hospital services. Hospital rates shall be subject to such limits or ceilings as may be*

established in law or described in the agency's hospital reimbursement plan. Specific exemptions to the limits or ceilings may be provided in the General Appropriations Act. ~~The agency shall adjust a hospital's current inpatient per diem rate to reflect the cost of serving the Medicaid population at that institution if:~~

~~1. The hospital experiences an increase in Medicaid caseload by more than 25 percent in any year, primarily resulting from the closure of a hospital in the same service area occurring after July 1, 1995;~~

~~2. The hospital's Medicaid per diem rate is at least 25 percent below the Medicaid per patient cost for that year; or~~

~~3. The hospital is located in a county that has six or fewer general acute care hospitals, began offering obstetrical services on or after September 1999, and has submitted a request in writing to the agency for a rate adjustment after July 1, 2000, but before September 30, 2000, in which case such hospital's Medicaid inpatient per diem rate shall be adjusted to cost, effective July 1, 2002.~~

~~By October 1 of each year, the agency must provide estimated costs for any adjustment in a hospital inpatient per diem rate to the Executive Office of the Governor, the House of Representatives General Appropriations Committee, and the Senate Appropriations Committee. Before the agency implements a change in a hospital's inpatient per diem rate pursuant to this paragraph, the Legislature must have specifically appropriated sufficient funds in the General Appropriations Act to support the increase in cost as estimated by the agency.~~

(g) The agency shall develop a plan to convert inpatient hospital rates to a prospective payment system that categorizes each case into diagnosis-related groups (DRG) and assigns a payment weight based on the average resources used to treat Medicaid patients in that DRG. To the extent possible, the agency shall propose an adaptation of an existing prospective payment system, such as the one used by Medicare, and shall propose such adjustments as are necessary for the Medicaid population and to maintain budget neutrality for inpatient hospital expenditures. The agency shall submit the Medicaid DRG plan, identifying all steps necessary for the transition and any costs associated with plan implementation, to the Governor, the President of the Senate, and the Speaker of the House of Representatives no later than January 1, 2013.

Section 10. Paragraph (d) is added to subsection (13) of section 409.906, Florida Statutes, to read:

409.906 Optional Medicaid services.—Subject to specific appropriations, the agency may make payments for services which are optional to the state under Title XIX of the Social Security Act and are furnished by Medicaid providers to recipients who are determined to be eligible on the dates on which the services were provided. Any optional service that is provided shall be provided only when medically necessary and in accordance with state and federal law. Optional services rendered by providers in mobile units to Medicaid recipients may be restricted or prohibited by the agency. Nothing in this section shall be construed to prevent or limit the agency from adjusting fees, reimbursement rates, lengths of stay, number of visits, or number of services, or making any other adjustments necessary to comply with the availability of moneys and any limitations or directions provided for in the General Appropriations Act or chapter 216. If necessary to safeguard the state's systems of providing services to elderly and disabled persons and subject to the notice and review provisions of s. 216.177, the Governor may direct the Agency for Health Care Administration to amend the Medicaid state plan to delete the optional Medicaid service known as "Intermediate Care Facilities for the Developmentally Disabled." Optional services may include:

(13) HOME AND COMMUNITY-BASED SERVICES.—

(d) The agency shall request federal approval to develop a system to require payment of premiums or other cost sharing by the parents of a child who is being served by a waiver under this subsection if the adjusted household income is greater than 100 percent of the federal poverty level. The amount of the premium or cost sharing shall be calculated using a sliding scale based on the size of the family, the amount of the parent's adjusted gross income, and the federal poverty guidelines. The premium and cost sharing system developed by the agency shall not adversely affect federal funding to the state. After the agency receives federal approval, the Department of Children and Family Services may collect income information from parents of children who will be affected by this paragraph. The agency shall prepare a report to include the estimated operational cost of implementing the premium and cost sharing system and the estimated revenues to be collected from parents of children in the waiver program. The report shall be delivered to the President of the Senate and the Speaker of the House of Representatives by June 30, 2012.

Section 11. Paragraphs (d) and (e) of subsection (5) of section 409.907, Florida Statutes, are amended to read:

409.907 Medicaid provider agreements.—The agency may make payments for medical assistance and related services rendered to Medicaid recipients only to an individual or entity who has a provider agreement in effect with the agency, who is performing services or supplying goods in accordance with federal, state, and local law, and who agrees that no person shall, on the grounds of handicap, race, color, or national origin, or for any other reason, be subjected to discrimination under any program or activity for which the provider receives payment from the agency.

(5) The agency:

(d) May enroll entities as Medicare crossover-only providers for payment and claims processing purposes only. The provider agreement shall:

1. Require that the provider be able to demonstrate to the satisfaction of the agency that the provider is an eligible Medicare provider and has a current provider agreement in place with the Centers for Medicare and Medicaid Services.

2. Require the provider to notify the agency immediately in writing upon being suspended or disenrolled as a Medicare provider. If the provider does not provide such notification within 5 business days after suspension or disenrollment, sanctions may be imposed pursuant to this chapter and the provider may be required to return funds paid to the provider during the period of time that the provider was suspended or disenrolled as a Medicare provider.

3. Require the applicant to submit an attestation, as approved by the agency, that the provider meets the requirements of Florida Medicaid provider enrollment criteria.

4. Require the applicant to submit fingerprints as required by the agency.

5.~~3.~~ Require that all records pertaining to health care services provided to each of the provider's recipients be kept for a minimum of 6 years. The agreement shall also require that records and any information relating to payments claimed by the provider for services under the agreement be delivered to the agency or the Office of the Attorney General Medicaid Fraud Control Unit when requested. If a provider does not provide such records and information when requested, sanctions may be imposed pursuant to this chapter.

6.~~4.~~ Disclose that the agreement is for the purposes of paying and processing Medicare crossover claims only.

This paragraph pertains solely to Medicare crossover-only providers. In order to become a standard Medicaid provider, the requirements of this section and applicable rules must be met. *This paragraph does not create an entitlement or obligation of the agency to enroll all Medicare providers that may be considered a Medicare crossover-only provider in the Medicaid program.*

(e) Providers that are required to post a surety bond as part of the Medicaid enrollment process are excluded for enrollment under paragraph (d) *and must complete a full Medicaid application. The agency may establish additional criteria to promote program integrity*.

Section 12. Paragraph (b) of subsection (2) of section 409.908, Florida Statutes, is amended to read:

409.908 Reimbursement of Medicaid providers.—Subject to specific appropriations, the agency shall reimburse Medicaid providers, in accordance with state and federal law, according to methodologies set forth in the rules of the agency and in policy manuals and handbooks incorporated by reference therein. These methodologies may include fee schedules, reimbursement methods based on cost reporting, negotiated

fees, competitive bidding pursuant to s. 287.057, and other mechanisms the agency considers efficient and effective for purchasing services or goods on behalf of recipients. If a provider is reimbursed based on cost reporting and submits a cost report late and that cost report would have been used to set a lower reimbursement rate for a rate semester, then the provider's rate for that semester shall be retroactively calculated using the new cost report, and full payment at the recalculated rate shall be effected retroactively. Medicare-granted extensions for filing cost reports, if applicable, shall also apply to Medicaid cost reports. Payment for Medicaid compensable services made on behalf of Medicaid eligible persons is subject to the availability of moneys and any limitations or directions provided for in the General Appropriations Act or chapter 216. Further, nothing in this section shall be construed to prevent or limit the agency from adjusting fees, reimbursement rates, lengths of stay, number of visits, or number of services, or making any other adjustments necessary to comply with the availability of moneys and any limitations or directions provided for in the General Appropriations Act, provided the adjustment is consistent with legislative intent.

(2)

(b) Subject to any limitations or directions provided for in the General Appropriations Act, the agency shall establish and implement a Florida Title XIX Long-Term Care Reimbursement Plan (Medicaid) for nursing home care in order to provide care and services in conformance with the applicable state and federal laws, rules, regulations, and quality and safety standards and to ensure that individuals eligible for medical assistance have reasonable geographic access to such care.

1. The agency shall amend the long-term care reimbursement plan and cost reporting system to create direct care and indirect care subcomponents of the patient care component of the per diem rate. These two subcomponents together shall equal the patient care component of the per diem rate. Separate cost-based ceilings shall be calculated for each patient care subcomponent. The direct care subcomponent of the per diem rate shall be limited by the cost-based class ceiling, and the indirect care subcomponent may be limited by the lower of the cost-based class ceiling, the target rate class ceiling, or the individual provider target.

2. The direct care subcomponent shall include salaries and benefits of direct care staff providing nursing services including registered nurses, licensed practical nurses, and certified nursing assistants who deliver care directly to residents in the nursing home facility. This excludes nursing administration, minimum data set, and care plan coordinators, staff development, and *the* staffing coordinator. *The direct care subcomponent also includes medically necessary dental care, vision care, hearing care, and podiatric care.*

3. All other patient care costs shall be included in the indirect care cost subcomponent of the patient care per diem rate. There shall be no costs directly or indirectly allocated to the direct care subcomponent from a home office or management company.

4. On July 1 of each year, the agency shall report to the Legislature direct and indirect care costs, including average direct and indirect care costs per resident per facility and direct care and indirect care salaries and benefits per category of staff member per facility.

5. In order to offset the cost of general and professional liability insurance, the agency shall amend the plan to allow for interim rate adjustments to reflect increases in the cost of general or professional liability insurance for nursing homes. This provision shall be implemented to the extent existing appropriations are available.

It is the intent of the Legislature that the reimbursement plan achieve the goal of providing access to health care for nursing home residents who require large amounts of care while encouraging diversion services as an alternative to nursing home care for residents who can be served within the community. The agency shall base the establishment of any maximum rate of payment, whether overall or component, on the available moneys as provided for in the General Appropriations Act. The agency may base the maximum rate of payment on the results of scientifically valid analysis and conclusions derived from objective statistical data pertinent to the particular maximum rate of payment.

Section 13. Paragraph (c) of subsection (1) of section 409.9081, Florida Statutes, is amended to read:

409.9081 Copayments.—

(1) The agency shall require, subject to federal regulations and limitations, each Medicaid recipient ~~to~~ pay at the time of service a nominal copayment for the following Medicaid services:

(c) Hospital emergency department visits for nonemergency care: 5 percent of up to the first $300 of the Medicaid payment for emergency room services, not to exceed $15. *The agency shall seek federal approval to require Medicaid recipients to pay $100 copayment for nonemergency services and care furnished in a hospital emergency department. Upon waiver approval, a Medicaid recipient who requests such services and care must pay a $100 copayment to the hospital for the nonemergency services and care provided in the hospital emergency department.*

Section 14. Subsection (10) of section 409.911, Florida Statutes, is amended to read:

409.911 Disproportionate share program.—Subject to specific allocations established within the General Appropriations Act and any limitations established pursuant to chapter 216, the agency shall distribute, pursuant to this section, moneys to hospitals providing a disproportionate share of Medicaid or charity care services by making quarterly Medicaid payments as required. Notwithstanding the provisions of s. 409.915, counties are exempt from contributing toward the cost of this special reimbursement for hospitals serving a disproportionate share of low-income patients.

(10) The Agency for Health Care Administration shall create a Medicaid Low-Income Pool Council by July 1, 2006. The Low-Income Pool Council shall consist of 24 members, including 2 members appointed by the President of the Senate, 2 members appointed by the Speaker of the House of Representatives, 3 representatives of statutory teaching hospitals, 3 representatives of public hospitals, 3 representatives of nonprofit hospitals, 3 representatives of for-profit hospitals, 2 representatives of rural hospitals, 2 representatives of units of local government which contribute funding, 1 representative of family practice teaching hospitals, 1 representative of federally qualified health centers, 1 representative from the Department of Health, and 1 nonvoting representative of the Agency for Health Care Administration who shall serve as chair of the council. Except for a full-time employee of a public entity, an individual who qualifies as a lobbyist under s. 11.045 or s. 112.3215 may not serve as a member of the council. Of the members appointed by the Senate President, only one shall be a physician. Of the members appointed by the Speaker of the House of Representatives, only one shall be a physician. The physician member appointed by the Senate President and the physician member appointed by the Speaker of the House of Representatives must be physicians who routinely take calls in a trauma center, as defined in s. 395.4001, or a hospital emergency department. The council shall:

(a) Make recommendations on the financing of the low-income pool and the disproportionate share hospital program and the distribution of their funds.

(b) Advise the Agency for Health Care Administration on the development of the low-income pool plan required by the federal Centers for Medicare and Medicaid Services pursuant to the Medicaid reform waiver.

(c) Advise the Agency for Health Care Administration on the distribution of hospital funds used to adjust inpatient hospital rates, rebase rates, or otherwise exempt hospitals from reimbursement limits as financed by intergovernmental transfers.

(d) Submit its findings and recommendations to the Governor and the Legislature no later than February 1 of each year.

This subsection expires October 1, 2014.

Section 15. Subsection (4) of section 409.91195, Florida Statutes, is amended to read:

409.91195 Medicaid Pharmaceutical and Therapeutics Committee.—There is created a Medicaid Pharmaceutical and Therapeutics Committee within the agency for the purpose of developing a Medicaid preferred drug list.

(4) Upon recommendation of the committee, the agency shall adopt a preferred drug list as described in s. 409.912*(37)*~~(39)~~. To the extent feasible, the committee shall review all drug classes included on the preferred drug list every 12 months, and may recommend additions to and deletions from the preferred drug list, such that the preferred drug list provides for medically appropriate drug therapies for Medicaid patients which achieve cost savings contained in the General Appropriations Act.

Section 16. Subsection (1) of section 409.91196, Florida Statutes, is amended to read:

409.91196 Supplemental rebate agreements; public records and public meetings exemption.—

(1) The rebate amount, percent of rebate, manufacturer's pricing, and supplemental rebate, and other trade secrets as defined in s. 688.002 that the agency has identified for use in negotiations, held by the Agency for Health Care Administration under s. 409.912*(37)*~~(39)~~(a)7. are confidential and exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution.

Section 17. Section 409.912, Florida Statutes, is amended to read:

409.912 Cost-effective purchasing of health care.—The agency shall purchase goods and services for Medicaid recipients in the most cost-effective manner consistent with the delivery of quality medical care. To ensure that medical services are effectively utilized, the agency may, in any case, require a confirmation or second physician's opinion of the correct diagnosis for purposes of authorizing future services under the Medicaid program. This section does not restrict access to emergency services or poststabilization care services as defined in 42 C.F.R. part 438.114. Such confirmation or second opinion shall be rendered in a manner approved by the agency. The agency shall maximize the use of prepaid per capita and prepaid aggregate fixed-sum basis services when appropriate and other alternative service delivery and reimbursement methodologies, including competitive bidding pursuant to s. 287.057, designed to facilitate the cost-effective purchase of a case-managed continuum of care. The agency shall also require providers to minimize the exposure of recipients to the need for acute inpatient, custodial, and other institutional care and the inappropriate or unnecessary use of high-cost services. The agency shall contract with a vendor to monitor and evaluate the clinical practice patterns of providers in order to identify trends that are outside the normal practice patterns of a provider's professional peers or the national guidelines of a provider's professional association. The vendor must be able to provide information and counseling to a provider whose practice patterns are outside the norms, in consultation with the agency, to improve patient care and reduce inappropriate utilization. The agency may mandate prior authorization, drug therapy management, or disease management participation for certain populations of Medicaid beneficiaries, certain drug classes, or particular drugs to prevent fraud, abuse, overuse, and possible dangerous drug interactions. The Pharmaceutical and Therapeutics Committee shall make recommendations to the agency on drugs for which prior authorization is required. The agency shall inform the Pharmaceutical and Therapeutics Committee of its decisions regarding drugs subject to prior authorization. The agency is authorized to limit the entities it contracts with or enrolls as Medicaid providers by developing a provider network through provider credentialing. The agency may competitively bid single-source-provider contracts if procurement of goods or services results in demonstrated cost savings to the state without limiting access to care. The agency may limit its network based on the assessment of beneficiary access to care, provider availability, provider quality standards, time and distance standards for access to care, the cultural competence of the provider network, demographic characteristics of Medicaid beneficiaries, practice and provider-to-beneficiary standards, appointment wait times, beneficiary use of services, provider turnover, provider profiling, provider licensure history, previous program integrity investigations and findings, peer review, provider Medicaid policy and billing compliance records, clinical and medical record audits, and other factors. Providers *are* ~~shall~~ not ~~be~~ entitled to enrollment in the Medicaid provider network. The agency shall determine instances in which allowing Medicaid beneficiaries to purchase durable medical equipment and other goods is less expensive to the Medicaid program than long-term rental of the equipment or goods. The agency may establish rules to facilitate purchases in lieu of long-term rentals in order to protect against fraud and abuse in the Medicaid program as defined in s. 409.913. The agency may seek federal waivers necessary to administer these policies.

(1) The agency shall work with the Department of Children and Family Services to ensure access of children and families in the child protection system to needed and appropriate mental health and substance abuse services. *This subsection expires October 1, 2014.*

(2) The agency may enter into agreements with appropriate agents of other state agencies or of any agency of the Federal Government and accept such duties in respect to social welfare or public aid as may be necessary to implement the provisions of Title XIX of the Social Security Act and ss. 409.901-409.920. *This subsection expires October 1, 2016.*

(3) The agency may contract with health maintenance organizations certified pursuant to part I of chapter 641 for the provision of services to recipients. *This subsection expires October 1, 2014.*

(4) The agency may contract with:

(a) An entity that provides no prepaid health care services other than Medicaid services under contract with the agency and which is owned and operated by a county, county health department, or county-owned and operated hospital to provide health care services on a prepaid or fixed-sum basis to recipients, which entity may provide such prepaid services either directly or through arrangements with other providers. Such prepaid health care services entities must be licensed under parts I and III of chapter 641. An entity recognized under this paragraph which demonstrates to the satisfaction of the Office of Insurance Regulation of the Financial Services Commission that it is backed by the full faith and credit of the county in which it is located may be exempted from s. 641.225. *This paragraph expires October 1, 2014.*

(b) An entity that is providing comprehensive behavioral health care services to certain Medicaid recipients through a capitated, prepaid arrangement pursuant to the federal waiver provided for by s. 409.905(5). Such entity must be licensed under chapter 624, chapter 636, or chapter 641, or authorized under paragraph (c) or paragraph (d), and must possess the clinical systems and operational competence to manage risk and provide comprehensive behavioral health care to Medicaid recipients. As used in this paragraph, the term "comprehensive behavioral health care services" means covered mental health and substance abuse treatment services that are available to Medicaid recipients. The secretary of the Department of Children and Family Services shall approve provisions of procurements related to children in the department's care or custody before enrolling such children in a prepaid behavioral health plan. Any contract awarded under this paragraph must be competitively procured. In developing the behavioral health care prepaid plan procurement document, the agency shall ensure that the procurement document requires the contractor to develop and implement a plan to ensure compliance with s. 394.4574 related to services provided to residents of licensed assisted living facilities that hold a limited mental health license. Except as provided in subparagraph *5.* ~~8.~~, and except in counties where the Medicaid managed care pilot program is authorized pursuant to s. 409.91211, the agency shall seek federal approval to contract with a single entity meeting these requirements to provide comprehensive behavioral health care services to all Medicaid recipients not enrolled in a Medicaid managed care plan authorized under s. 409.91211, a provider service network authorized under paragraph (d), or a Medicaid health maintenance organization in an AHCA area. In an AHCA area where the Medicaid managed care pilot program is authorized pursuant to s. 409.91211 in one or more counties, the agency may procure a contract with a single entity to serve the remaining counties as an AHCA area or the remaining counties may be included with an adjacent AHCA area and are subject to this paragraph. Each entity must offer a sufficient choice of providers in its network to ensure recipient access to care and the opportunity to select a provider with whom they are satisfied. The network shall include all public mental health hospitals. To ensure unimpaired access to behavioral health care services by Medicaid recipients, all contracts issued pursuant to this paragraph must require 80 percent of the capitation paid to the managed care plan, including health maintenance organizations and capitated provider service networks, to be expended for the provision of behavioral health care services. If the managed care plan expends less than 80 percent of the capitation paid for the provision of behavioral health care services, the difference shall be returned to the agency. The agency shall provide the plan with a certification letter indicating the amount of capitation paid during each calendar year for behavioral health care ser-

vices pursuant to this section. The agency may reimburse for substance abuse treatment services on a fee-for-service basis until the agency finds that adequate funds are available for capitated, prepaid arrangements.

1. ~~By January 1, 2001,~~ The agency shall modify the contracts with the entities providing comprehensive inpatient and outpatient mental health care services to Medicaid recipients in Hillsborough, Highlands, Hardee, Manatee, and Polk Counties, to include substance abuse treatment services.

~~2. By July 1, 2003, the agency and the Department of Children and Family Services shall execute a written agreement that requires collaboration and joint development of all policy, budgets, procurement documents, contracts, and monitoring plans that have an impact on the state and Medicaid community mental health and targeted case management programs.~~

2.~~3.~~ Except as provided in subparagraph *5.* ~~8., by July 1, 2006~~, the agency and the Department of Children and Family Services shall contract with managed care entities in each AHCA area except area 6 or arrange to provide comprehensive inpatient and outpatient mental health and substance abuse services through capitated prepaid arrangements to all Medicaid recipients who are eligible to participate in such plans under federal law and regulation. In AHCA areas where eligible individuals number less than 150,000, the agency shall contract with a single managed care plan to provide comprehensive behavioral health services to all recipients who are not enrolled in a Medicaid health maintenance organization, a provider service network authorized under paragraph (d), or a Medicaid capitated managed care plan authorized under s. 409.91211. The agency may contract with more than one comprehensive behavioral health provider to provide care to recipients who are not enrolled in a Medicaid capitated managed care plan authorized under s. 409.91211, a provider service network authorized under paragraph (d), or a Medicaid health maintenance organization in AHCA areas where the eligible population exceeds 150,000. In an AHCA area where the Medicaid managed care pilot program is authorized pursuant to s. 409.91211 in one or more counties, the agency may procure a contract with a single entity to serve the remaining counties as an AHCA area or the remaining counties may be included with an adjacent AHCA area and shall be subject to this paragraph. Contracts for comprehensive behavioral health providers awarded pursuant to this section shall be competitively procured. Both for-profit and not-for-profit corporations are eligible to compete. Managed care plans contracting with the agency under subsection (3) or paragraph (d), shall provide and receive payment for the same comprehensive behavioral health benefits as provided in AHCA rules, including handbooks incorporated by reference. In AHCA area 11, the agency shall contract with at least two comprehensive behavioral health care providers to provide behavioral health care to recipients in that area who are enrolled in, or assigned to, the MediPass program. One of the behavioral health care contracts must be with the existing provider service network pilot project, as described in paragraph (d), for the purpose of demonstrating the cost-effectiveness of the provision of quality mental health services through a public hospital-operated managed care model. Payment shall be at an agreed-upon capitated rate to ensure cost savings. Of the recipients in area 11 who are assigned to MediPass under s. 409.9122(2)(k), a minimum of 50,000 of those MediPass-enrolled recipients shall be assigned to the existing provider service network in area 11 for their behavioral care.

~~4. By October 1, 2003, the agency and the department shall submit a plan to the Governor, the President of the Senate, and the Speaker of the House of Representatives which provides for the full implementation of capitated prepaid behavioral health care in all areas of the state.~~

~~a. Implementation shall begin in 2003 in those AHCA areas of the state where the agency is able to establish sufficient capitation rates.~~

~~b. If the agency determines that the proposed capitation rate in any area is insufficient to provide appropriate services, the agency may adjust the capitation rate to ensure that care will be available. The agency and the department may use existing general revenue to address any additional required match but may not over obligate existing funds on an annualized basis.~~

~~c. Subject to any limitations provided in the General Appropriations Act, the agency, in compliance with appropriate federal authorization, shall develop policies and procedures that allow for certification of local and state funds.~~

3.~~5.~~ Children residing in a statewide inpatient psychiatric program, or in a Department of Juvenile Justice or a Department of Children and Family Services residential program approved as a Medicaid behavioral health overlay services provider may not be included in a behavioral health care prepaid health plan or any other Medicaid managed care plan pursuant to this paragraph.

~~6. In converting to a prepaid system of delivery, the agency shall in its procurement document require an entity providing only comprehensive behavioral health care services to prevent the displacement of indigent care patients by enrollees in the Medicaid prepaid health plan providing behavioral health care services from facilities receiving state funding to provide indigent behavioral health care, to facilities licensed under chapter 395 which do not receive state funding for indigent behavioral health care, or reimburse the unsubsidized facility for the cost of behavioral health care provided to the displaced indigent care patient.~~

4.~~7.~~ Traditional community mental health providers under contract with the Department of Children and Family Services pursuant to part IV of chapter 394, child welfare providers under contract with the Department of Children and Family Services in areas 1 and 6, and inpatient mental health providers licensed pursuant to chapter 395 must be offered an opportunity to accept or decline a contract to participate in any provider network for prepaid behavioral health services.

5.~~8.~~ All Medicaid-eligible children, except children in area 1 and children in Highlands County, Hardee County, Polk County, or Manatee County of area 6, that are open for child welfare services in the *statewide automated child welfare information* ~~HomeSafeNet~~ system, shall receive their behavioral health care services through a specialty prepaid plan operated by community-based lead agencies through a single agency or formal agreements among several agencies. The specialty prepaid plan must result in savings to the state comparable to savings achieved in other Medicaid managed care and prepaid programs. Such plan must provide mechanisms to maximize state and local revenues. The specialty prepaid plan shall be developed by the agency and the Department of Children and Family Services. The agency may seek federal waivers to implement this initiative. Medicaid-eligible children whose cases are open for child welfare services in the *statewide automated child welfare information* ~~HomeSafeNet~~ system and who reside in AHCA area 10 *shall be enrolled in a capitated provider service network or other capitated managed care plan, which, in coordination with available community-based care providers specified in s. 409.1671, shall provide sufficient medical, developmental, and behavioral health services to meet the needs of these children* ~~are exempt from the specialty prepaid plan upon the development of a service delivery mechanism for children who reside in area 10 as specified in s. 409.91211(3)(dd)~~.

This paragraph expires October 1, 2014.

(c) A federally qualified health center or an entity owned by one or more federally qualified health centers or an entity owned by other migrant and community health centers receiving non-Medicaid financial support from the Federal Government to provide health care services on a prepaid or fixed-sum basis to recipients. A federally qualified health center or an entity that is owned by one or more federally qualified health centers and is reimbursed by the agency on a prepaid basis is exempt from parts I and III of chapter 641, but must comply with the solvency requirements in s. 641.2261(2) and meet the appropriate requirements governing financial reserve, quality assurance, and patients' rights established by the agency. *This paragraph expires October 1, 2014.*

(d)*1.* A provider service network*, which* may be reimbursed on a fee-for-service or prepaid basis. *Prepaid provider service networks shall receive per-member, per-month payments. A provider service network that does not choose to be a prepaid plan shall receive fee-for-service rates with a shared savings settlement. The fee-for-service option shall be available to a provider service network only for the first 2 years of the plan's operation or until the contract year beginning September 1, 2014, whichever is later. The agency shall annually conduct cost reconciliations to determine the amount of cost savings achieved by fee-for-service provider service networks for the dates of service in the period being reconciled. Only payments for covered services for dates of service within the reconciliation period and paid within 6 months after the last date of service in the reconciliation period shall be included. The agency shall perform the necessary adjustments for the inclusion of claims incurred but not reported within the reconciliation for claims that could be received and paid by the agency after the 6-month claims processing time lag. The*

agency shall provide the results of the reconciliations to the fee-for-service provider service networks within 45 days after the end of the reconciliation period. The fee-for-service provider service networks shall review and provide written comments or a letter of concurrence to the agency within 45 days after receipt of the reconciliation results. This reconciliation shall be considered final.

2. A provider service network which is reimbursed by the agency on a prepaid basis shall be exempt from parts I and III of chapter 641, but must comply with the solvency requirements in s. 641.2261(2) and meet appropriate financial reserve, quality assurance, and patient rights requirements as established by the agency.

3. Medicaid recipients assigned to a provider service network shall be chosen equally from those who would otherwise have been assigned to prepaid plans and MediPass. The agency is authorized to seek federal Medicaid waivers as necessary to implement the provisions of this section. *This subparagraph expires October 1, 2014.* ~~Any contract previously awarded to a provider service network operated by a hospital pursuant to this subsection shall remain in effect for a period of 3 years following the current contract expiration date, regardless of any contractual provisions to the contrary.~~

4. A provider service network is a network established or organized and operated by a health care provider, or group of affiliated health care providers, including minority physician networks and emergency room diversion programs that meet the requirements of s. 409.91211, which provides a substantial proportion of the health care items and services under a contract directly through the provider or affiliated group of providers and may make arrangements with physicians or other health care professionals, health care institutions, or any combination of such individuals or institutions to assume all or part of the financial risk on a prospective basis for the provision of basic health services by the physicians, by other health professionals, or through the institutions. The health care providers must have a controlling interest in the governing body of the provider service network organization.

(e) An entity that provides only comprehensive behavioral health care services to certain Medicaid recipients through an administrative services organization agreement. Such an entity must possess the clinical systems and operational competence to provide comprehensive health care to Medicaid recipients. As used in this paragraph, the term "comprehensive behavioral health care services" means covered mental health and substance abuse treatment services that are available to Medicaid recipients. Any contract awarded under this paragraph must be competitively procured. The agency must ensure that Medicaid recipients have available the choice of at least two managed care plans for their behavioral health care services. *This paragraph expires October 1, 2014.*

~~(f) An entity that provides in-home physician services to test the cost-effectiveness of enhanced home-based medical care to Medicaid recipients with degenerative neurological diseases and other diseases or disabling conditions associated with high costs to Medicaid. The program shall be designed to serve very disabled persons and to reduce Medicaid reimbursed costs for inpatient, outpatient, and emergency department services. The agency shall contract with vendors on a risk-sharing basis.~~

~~(g) Children's provider networks that provide care coordination and care management for Medicaid-eligible pediatric patients, primary care, authorization of specialty care, and other urgent and emergency care through organized providers designed to service Medicaid eligibles under age 18 and pediatric emergency departments' diversion programs. The networks shall provide after-hour operations, including evening and weekend hours, to promote, when appropriate, the use of the children's networks rather than hospital emergency departments.~~

(f)~~(h)~~ An entity authorized in s. 430.205 to contract with the agency and the Department of Elderly Affairs to provide health care and social services on a prepaid or fixed-sum basis to elderly recipients. Such prepaid health care services entities are exempt from the provisions of part I of chapter 641 for the first 3 years of operation. An entity recognized under this paragraph that demonstrates to the satisfaction of the Office of Insurance Regulation that it is backed by the full faith and credit of one or more counties in which it operates may be exempted from s. 641.225. *This paragraph expires October 1, 2013.*

(g)~~(i)~~ A Children's Medical Services Network, as defined in s. 391.021. *This paragraph expires October 1, 2014.*

~~(5) The Agency for Health Care Administration, in partnership with the Department of Elderly Affairs, shall create an integrated, fixed-payment delivery program for Medicaid recipients who are 60 years of age or older or dually eligible for Medicare and Medicaid. The Agency for Health Care Administration shall implement the integrated program initially on a pilot basis in two areas of the state. The pilot areas shall be Area 7 and Area 11 of the Agency for Health Care Administration. Enrollment in the pilot areas shall be on a voluntary basis and in accordance with approved federal waivers and this section. The agency and its program contractors and providers shall not enroll any individual in the integrated program because the individual or the person legally responsible for the individual fails to choose to enroll in the integrated program. Enrollment in the integrated program shall be exclusively by affirmative choice of the eligible individual or by the person legally responsible for the individual. The integrated program must transfer all Medicaid services for eligible elderly individuals who choose to participate into an integrated care management model designed to serve Medicaid recipients in the community. The integrated program must combine all funding for Medicaid services provided to individuals who are 60 years of age or older or dually eligible for Medicare and Medicaid into the integrated program, including funds for Medicaid home and community based waiver services; all Medicaid services authorized in ss. 409.905 and 409.906, excluding funds for Medicaid nursing home services unless the agency is able to demonstrate how the integration of the funds will improve coordinated care for these services in a less costly manner; and Medicare coinsurance and deductibles for persons dually eligible for Medicaid and Medicare as prescribed in s. 409.908(13).~~

~~(a) Individuals who are 60 years of age or older or dually eligible for Medicare and Medicaid and enrolled in the developmental disabilities waiver program, the family and supported living waiver program, the project AIDS care waiver program, the traumatic brain injury and spinal cord injury waiver program, the consumer-directed care waiver program, and the program of all-inclusive care for the elderly program, and residents of institutional care facilities for the developmentally disabled, must be excluded from the integrated program.~~

~~(b) Managed care entities who meet or exceed the agency's minimum standards are eligible to operate the integrated program. Entities eligible to participate include managed care organizations licensed under chapter 641, including entities eligible to participate in the nursing home diversion program, other qualified providers as defined in s. 430.703(7), community care for the elderly lead agencies, and other state certified community service networks that meet comparable standards as defined by the agency, in consultation with the Department of Elderly Affairs and the Office of Insurance Regulation, to be financially solvent and able to take on financial risk for managed care. Community service networks that are certified pursuant to the comparable standards defined by the agency are not required to be licensed under chapter 641. Managed care entities who operate the integrated program shall be subject to s. 408.7056. Eligible entities shall choose to serve enrollees who are dually eligible for Medicare and Medicaid, enrollees who are 60 years of age or older, or both.~~

~~(c) The agency must ensure that the capitation rate setting methodology for the integrated program is actuarially sound and reflects the intent to provide quality care in the least restrictive setting. The agency must also require integrated program providers to develop a credentialing system for service providers and to contract with all Gold Seal nursing homes, where feasible, and exclude, where feasible, chronically poor performing facilities and providers as defined by the agency. The integrated program must develop and maintain an informal provider grievance system that addresses provider payment and contract problems. The agency shall also establish a formal grievance system to address those issues that were not resolved through the informal grievance system. The integrated program must provide that if the recipient resides in a noncontracted residential facility licensed under chapter 400 or chapter 429 at the time of enrollment in the integrated program, the recipient must be permitted to continue to reside in the noncontracted facility as long as the recipient desires. The integrated program must also provide that, in the absence of a contract between the integrated program provider and the residential facility licensed under chapter 400 or chapter 429, current Medicaid rates must prevail. The integrated program provider must ensure that electronic nursing home claims that contain sufficient information for processing are paid within 10 business~~

~~days after receipt. Alternately, the integrated program provider may establish a capitated payment mechanism to prospectively pay nursing homes at the beginning of each month. The agency and the Department of Elderly Affairs must jointly develop procedures to manage the services provided through the integrated program in order to ensure quality and recipient choice.~~

~~(d) The Office of Program Policy Analysis and Government Accountability, in consultation with the Auditor General, shall comprehensively evaluate the pilot project for the integrated, fixed payment delivery program for Medicaid recipients created under this subsection. The evaluation shall begin as soon as Medicaid recipients are enrolled in the managed care pilot program plans and shall continue for 24 months thereafter. The evaluation must include assessments of each managed care plan in the integrated program with regard to cost savings; consumer education, choice, and access to services; coordination of care; and quality of care. The evaluation must describe administrative or legal barriers to the implementation and operation of the pilot program and include recommendations regarding statewide expansion of the pilot program. The office shall submit its evaluation report to the Governor, the President of the Senate, and the Speaker of the House of Representatives no later than December 31, 2009.~~

~~(e) The agency may seek federal waivers or Medicaid state plan amendments and adopt rules as necessary to administer the integrated program. The agency may implement the approved federal waivers and other provisions as specified in this subsection.~~

~~(f) The implementation of the integrated, fixed payment delivery program created under this subsection is subject to an appropriation in the General Appropriations Act.~~

(5)~~(6)~~ The agency may contract with any public or private entity otherwise authorized by this section on a prepaid or fixed-sum basis for the provision of health care services to recipients. An entity may provide prepaid services to recipients, either directly or through arrangements with other entities, if each entity involved in providing services:

(a) Is organized primarily for the purpose of providing health care or other services of the type regularly offered to Medicaid recipients;

(b) Ensures that services meet the standards set by the agency for quality, appropriateness, and timeliness;

(c) Makes provisions satisfactory to the agency for insolvency protection and ensures that neither enrolled Medicaid recipients nor the agency will be liable for the debts of the entity;

(d) Submits to the agency, if a private entity, a financial plan that the agency finds to be fiscally sound and that provides for working capital in the form of cash or equivalent liquid assets excluding revenues from Medicaid premium payments equal to at least the first 3 months of operating expenses or $200,000, whichever is greater;

(e) Furnishes evidence satisfactory to the agency of adequate liability insurance coverage or an adequate plan of self-insurance to respond to claims for injuries arising out of the furnishing of health care;

(f) Provides, through contract or otherwise, for periodic review of its medical facilities and services, as required by the agency; and

(g) Provides organizational, operational, financial, and other information required by the agency.

This subsection expires October 1, 2014.

(6)~~(7)~~ The agency may contract on a prepaid or fixed-sum basis with any health insurer that:

(a) Pays for health care services provided to enrolled Medicaid recipients in exchange for a premium payment paid by the agency;

(b) Assumes the underwriting risk; and

(c) Is organized and licensed under applicable provisions of the Florida Insurance Code and is currently in good standing with the Office of Insurance Regulation.

This subsection expires October 1, 2014.

(7)~~(8)(a)~~ The agency may contract on a prepaid or fixed-sum basis with an exclusive provider organization to provide health care services to Medicaid recipients provided that the exclusive provider organization meets applicable managed care plan requirements in this section, ss. 409.9122, 409.9123, 409.9128, and 627.6472, and other applicable provisions of law. *This subsection expires October 1, 2014.*

~~(b) For a period of no longer than 24 months after the effective date of this paragraph, when a member of an exclusive provider organization that is contracted by the agency to provide health care services to Medicaid recipients in rural areas without a health maintenance organization obtains services from a provider that participates in the Medicaid program in this state, the provider shall be paid in accordance with the appropriate fee schedule for services provided to eligible Medicaid recipients. The agency may seek waiver authority to implement this paragraph.~~

(8)~~(9)~~ The Agency for Health Care Administration may provide cost-effective purchasing of chiropractic services on a fee-for-service basis to Medicaid recipients through arrangements with a statewide chiropractic preferred provider organization incorporated in this state as a not-for-profit corporation. The agency shall ensure that the benefit limits and prior authorization requirements in the current Medicaid program shall apply to the services provided by the chiropractic preferred provider organization. *This subsection expires October 1, 2014.*

(9)~~(10)~~ The agency shall not contract on a prepaid or fixed-sum basis for Medicaid services with an entity which knows or reasonably should know that any officer, director, agent, managing employee, or owner of stock or beneficial interest in excess of 5 percent common or preferred stock, or the entity itself, has been found guilty of, regardless of adjudication, or entered a plea of nolo contendere, or guilty, to:

(a) Fraud;

(b) Violation of federal or state antitrust statutes, including those proscribing price fixing between competitors and the allocation of customers among competitors;

(c) Commission of a felony involving embezzlement, theft, forgery, income tax evasion, bribery, falsification or destruction of records, making false statements, receiving stolen property, making false claims, or obstruction of justice; or

(d) Any crime in any jurisdiction which directly relates to the provision of health services on a prepaid or fixed-sum basis.

This subsection expires October 1, 2014.

(10)~~(11)~~ The agency, after notifying the Legislature, may apply for waivers of applicable federal laws and regulations as necessary to implement more appropriate systems of health care for Medicaid recipients and reduce the cost of the Medicaid program to the state and federal governments and shall implement such programs, after legislative approval, within a reasonable period of time after federal approval. These programs must be designed primarily to reduce the need for inpatient care, custodial care and other long-term or institutional care, and other high-cost services. Prior to seeking legislative approval of such a waiver as authorized by this subsection, the agency shall provide notice and an opportunity for public comment. Notice shall be provided to all persons who have made requests of the agency for advance notice and shall be published in the Florida Administrative Weekly not less than 28 days prior to the intended action. *This subsection expires October 1, 2016.*

(11)~~(12)~~ The agency shall establish a postpayment utilization control program designed to identify recipients who may inappropriately overuse or underuse Medicaid services and shall provide methods to correct such misuse. *This subsection expires October 1, 2014.*

(12)~~(13)~~ The agency shall develop and provide coordinated systems of care for Medicaid recipients and may contract with public or private entities to develop and administer such systems of care among public and private health care providers in a given geographic area. *This subsection expires October 1, 2014.*

(13)~~(14)(a)~~ The agency shall operate or contract for the operation of utilization management and incentive systems designed to encourage cost-effective use of services and to eliminate services that are medically unnecessary. The agency shall track Medicaid provider prescription and

billing patterns and evaluate them against Medicaid medical necessity criteria and coverage and limitation guidelines adopted by rule. Medical necessity determination requires that service be consistent with symptoms or confirmed diagnosis of illness or injury under treatment and not in excess of the patient's needs. The agency shall conduct reviews of provider exceptions to peer group norms and shall, using statistical methodologies, provider profiling, and analysis of billing patterns, detect and investigate abnormal or unusual increases in billing or payment of claims for Medicaid services and medically unnecessary provision of services. Providers that demonstrate a pattern of submitting claims for medically unnecessary services shall be referred to the Medicaid program integrity unit for investigation. In its annual report, required in s. 409.913, the agency shall report on its efforts to control overutilization as described in this *subsection* ~~paragraph~~. *This subsection expires October 1, 2014.*

~~(b) The agency shall develop a procedure for determining whether health care providers and service vendors can provide the Medicaid program using a business case that demonstrates whether a particular good or service can offset the cost of providing the good or service in an alternative setting or through other means and therefore should receive a higher reimbursement. The business case must include, but need not be limited to:~~

~~1. A detailed description of the good or service to be provided, a description and analysis of the agency's current performance of the service, and a rationale documenting how providing the service in an alternative setting would be in the best interest of the state, the agency, and its clients.~~

~~2. A cost-benefit analysis documenting the estimated specific direct and indirect costs, savings, performance improvements, risks, and qualitative and quantitative benefits involved in or resulting from providing the service. The cost-benefit analysis must include a detailed plan and timeline identifying all actions that must be implemented to realize expected benefits. The Secretary of Health Care Administration shall verify that all costs, savings, and benefits are valid and achievable.~~

~~(c) If the agency determines that the increased reimbursement is cost-effective, the agency shall recommend a change in the reimbursement schedule for that particular good or service. If, within 12 months after implementing any rate change under this procedure, the agency determines that costs were not offset by the increased reimbursement schedule, the agency may revert to the former reimbursement schedule for the particular good or service.~~

(14)~~(15)~~(a) The agency shall operate the Comprehensive Assessment and Review for Long-Term Care Services (CARES) nursing facility preadmission screening program to ensure that Medicaid payment for nursing facility care is made only for individuals whose conditions require such care and to ensure that long-term care services are provided in the setting most appropriate to the needs of the person and in the most economical manner possible. The CARES program shall also ensure that individuals participating in Medicaid home and community-based waiver programs meet criteria for those programs, consistent with approved federal waivers.

(b) The agency shall operate the CARES program through an interagency agreement with the Department of Elderly Affairs. The agency, in consultation with the Department of Elderly Affairs, may contract for any function or activity of the CARES program, including any function or activity required by 42 C.F.R. part 483.20, relating to preadmission screening and resident review.

(c) Prior to making payment for nursing facility services for a Medicaid recipient, the agency must verify that the nursing facility preadmission screening program has determined that the individual requires nursing facility care and that the individual cannot be safely served in community-based programs. The nursing facility preadmission screening program shall refer a Medicaid recipient to a community-based program if the individual could be safely served at a lower cost and the recipient chooses to participate in such program. For individuals whose nursing home stay is initially funded by Medicare and Medicare coverage is being terminated for lack of progress towards rehabilitation, CARES staff shall consult with the person making the determination of progress toward rehabilitation to ensure that the recipient is not being inappropriately disqualified from Medicare coverage. If, in their professional judgment, CARES staff believes that a Medicare beneficiary is still making progress toward rehabilitation, they may assist the Medicare beneficiary with an appeal of the disqualification from Medicare coverage. The use of CARES teams to review Medicare denials for coverage under this section is authorized only if it is determined that such reviews qualify for federal matching funds through Medicaid. The agency shall seek or amend federal waivers as necessary to implement this section.

(d) For the purpose of initiating immediate prescreening and diversion assistance for individuals residing in nursing homes and in order to make families aware of alternative long-term care resources so that they may choose a more cost-effective setting for long-term placement, CARES staff shall conduct an assessment and review of a sample of individuals whose nursing home stay is expected to exceed 20 days, regardless of the initial funding source for the nursing home placement. CARES staff shall provide counseling and referral services to these individuals regarding choosing appropriate long-term care alternatives. This paragraph does not apply to continuing care facilities licensed under chapter 651 or to retirement communities that provide a combination of nursing home, independent living, and other long-term care services.

(e) By January 15 of each year, the agency shall submit a report to the Legislature describing the operations of the CARES program. The report must describe:

1. Rate of diversion to community alternative programs;

2. CARES program staffing needs to achieve additional diversions;

3. Reasons the program is unable to place individuals in less restrictive settings when such individuals desired such services and could have been served in such settings;

4. Barriers to appropriate placement, including barriers due to policies or operations of other agencies or state-funded programs; and

5. Statutory changes necessary to ensure that individuals in need of long-term care services receive care in the least restrictive environment.

(f) The Department of Elderly Affairs shall track individuals over time who are assessed under the CARES program and who are diverted from nursing home placement. By January 15 of each year, the department shall submit to the Legislature a longitudinal study of the individuals who are diverted from nursing home placement. The study must include:

1. The demographic characteristics of the individuals assessed and diverted from nursing home placement, including, but not limited to, age, race, gender, frailty, caregiver status, living arrangements, and geographic location;

2. A summary of community services provided to individuals for 1 year after assessment and diversion;

3. A summary of inpatient hospital admissions for individuals who have been diverted; and

4. A summary of the length of time between diversion and subsequent entry into a nursing home or death.

This subsection expires October 1, 2013.

(15)~~(16)~~(a) The agency shall identify health care utilization and price patterns within the Medicaid program which are not cost-effective or medically appropriate and assess the effectiveness of new or alternate methods of providing and monitoring service, and may implement such methods as it considers appropriate. Such methods may include disease management initiatives, an integrated and systematic approach for managing the health care needs of recipients who are at risk of or diagnosed with a specific disease by using best practices, prevention strategies, clinical-practice improvement, clinical interventions and protocols, outcomes research, information technology, and other tools and resources to reduce overall costs and improve measurable outcomes.

(b) The responsibility of the agency under this subsection shall include the development of capabilities to identify actual and optimal practice patterns; patient and provider educational initiatives; methods for determining patient compliance with prescribed treatments; fraud,

waste, and abuse prevention and detection programs; and beneficiary case management programs.

1. The practice pattern identification program shall evaluate practitioner prescribing patterns based on national and regional practice guidelines, comparing practitioners to their peer groups. The agency and its Drug Utilization Review Board shall consult with the Department of Health and a panel of practicing health care professionals consisting of the following: the Speaker of the House of Representatives and the President of the Senate shall each appoint three physicians licensed under chapter 458 or chapter 459; and the Governor shall appoint two pharmacists licensed under chapter 465 and one dentist licensed under chapter 466 who is an oral surgeon. Terms of the panel members shall expire at the discretion of the appointing official. The advisory panel shall be responsible for evaluating treatment guidelines and recommending ways to incorporate their use in the practice pattern identification program. Practitioners who are prescribing inappropriately or inefficiently, as determined by the agency, may have their prescribing of certain drugs subject to prior authorization or may be terminated from all participation in the Medicaid program.

2. The agency shall also develop educational interventions designed to promote the proper use of medications by providers and beneficiaries.

3. The agency shall implement a pharmacy fraud, waste, and abuse initiative that may include a surety bond or letter of credit requirement for participating pharmacies, enhanced provider auditing practices, the use of additional fraud and abuse software, recipient management programs for beneficiaries inappropriately using their benefits, and other steps that will eliminate provider and recipient fraud, waste, and abuse. The initiative shall address enforcement efforts to reduce the number and use of counterfeit prescriptions.

4. By September 30, 2002, the agency shall contract with an entity in the state to implement a wireless handheld clinical pharmacology drug information database for practitioners. The initiative shall be designed to enhance the agency's efforts to reduce fraud, abuse, and errors in the prescription drug benefit program and to otherwise further the intent of this paragraph.

5. By April 1, 2006, the agency shall contract with an entity to design a database of clinical utilization information or electronic medical records for Medicaid providers. This system must be web-based and allow providers to review on a real-time basis the utilization of Medicaid services, including, but not limited to, physician office visits, inpatient and outpatient hospitalizations, laboratory and pathology services, radiological and other imaging services, dental care, and patterns of dispensing prescription drugs in order to coordinate care and identify potential fraud and abuse.

6. The agency may apply for any federal waivers needed to administer this paragraph.

This subsection expires October 1, 2014.

(16)~~(17)~~ An entity contracting on a prepaid or fixed-sum basis shall meet the surplus requirements of s. 641.225. If an entity's surplus falls below an amount equal to the surplus requirements of s. 641.225, the agency shall prohibit the entity from engaging in marketing and preenrollment activities, shall cease to process new enrollments, and may not renew the entity's contract until the required balance is achieved. The requirements of this subsection do not apply:

(a) Where a public entity agrees to fund any deficit incurred by the contracting entity; or

(b) Where the entity's performance and obligations are guaranteed in writing by a guaranteeing organization which:

1. Has been in operation for at least 5 years and has assets in excess of $50 million; or

2. Submits a written guarantee acceptable to the agency which is irrevocable during the term of the contracting entity's contract with the agency and, upon termination of the contract, until the agency receives proof of satisfaction of all outstanding obligations incurred under the contract.

This subsection expires October 1, 2014.

(17)~~(18)~~(a) The agency may require an entity contracting on a prepaid or fixed-sum basis to establish a restricted insolvency protection account with a federally guaranteed financial institution licensed to do business in this state. The entity shall deposit into that account 5 percent of the capitation payments made by the agency each month until a maximum total of 2 percent of the total current contract amount is reached. The restricted insolvency protection account may be drawn upon with the authorized signatures of two persons designated by the entity and two representatives of the agency. If the agency finds that the entity is insolvent, the agency may draw upon the account solely with the two authorized signatures of representatives of the agency, and the funds may be disbursed to meet financial obligations incurred by the entity under the prepaid contract. If the contract is terminated, expired, or not continued, the account balance must be released by the agency to the entity upon receipt of proof of satisfaction of all outstanding obligations incurred under this contract.

(b) The agency may waive the insolvency protection account requirement in writing when evidence is on file with the agency of adequate insolvency insurance and reinsurance that will protect enrollees if the entity becomes unable to meet its obligations.

(18)~~(19)~~ An entity that contracts with the agency on a prepaid or fixed-sum basis for the provision of Medicaid services shall reimburse any hospital or physician that is outside the entity's authorized geographic service area as specified in its contract with the agency, and that provides services authorized by the entity to its members, at a rate negotiated with the hospital or physician for the provision of services or according to the lesser of the following:

(a) The usual and customary charges made to the general public by the hospital or physician; or

(b) The Florida Medicaid reimbursement rate established for the hospital or physician.

This subsection expires October 1, 2014.

(19)~~(20)~~ When a merger or acquisition of a Medicaid prepaid contractor has been approved by the Office of Insurance Regulation pursuant to s. 628.4615, the agency shall approve the assignment or transfer of the appropriate Medicaid prepaid contract upon request of the surviving entity of the merger or acquisition if the contractor and the other entity have been in good standing with the agency for the most recent 12-month period, unless the agency determines that the assignment or transfer would be detrimental to the Medicaid recipients or the Medicaid program. To be in good standing, an entity must not have failed accreditation or committed any material violation of the requirements of s. 641.52 and must meet the Medicaid contract requirements. For purposes of this section, a merger or acquisition means a change in controlling interest of an entity, including an asset or stock purchase. *This subsection expires October 1, 2014.*

(20)~~(21)~~ Any entity contracting with the agency pursuant to this section to provide health care services to Medicaid recipients is prohibited from engaging in any of the following practices or activities:

(a) Practices that are discriminatory, including, but not limited to, attempts to discourage participation on the basis of actual or perceived health status.

(b) Activities that could mislead or confuse recipients, or misrepresent the organization, its marketing representatives, or the agency. Violations of this paragraph include, but are not limited to:

1. False or misleading claims that marketing representatives are employees or representatives of the state or county, or of anyone other than the entity or the organization by whom they are reimbursed.

2. False or misleading claims that the entity is recommended or endorsed by any state or county agency, or by any other organization which has not certified its endorsement in writing to the entity.

3. False or misleading claims that the state or county recommends that a Medicaid recipient enroll with an entity.

4. Claims that a Medicaid recipient will lose benefits under the Medicaid program, or any other health or welfare benefits to which the

recipient is legally entitled, if the recipient does not enroll with the entity.

(c) Granting or offering of any monetary or other valuable consideration for enrollment, except as authorized by subsection *(23)* ~~(24)~~.

(d) Door-to-door solicitation of recipients who have not contacted the entity or who have not invited the entity to make a presentation.

(e) Solicitation of Medicaid recipients by marketing representatives stationed in state offices unless approved and supervised by the agency or its agent and approved by the affected state agency when solicitation occurs in an office of the state agency. The agency shall ensure that marketing representatives stationed in state offices shall market their managed care plans to Medicaid recipients only in designated areas and in such a way as to not interfere with the recipients' activities in the state office.

(f) Enrollment of Medicaid recipients.

(21)~~(22)~~ The agency may impose a fine for a violation of this section or the contract with the agency by a person or entity that is under contract with the agency. With respect to any nonwillful violation, such fine shall not exceed $2,500 per violation. In no event shall such fine exceed an aggregate amount of $10,000 for all nonwillful violations arising out of the same action. With respect to any knowing and willful violation of this section or the contract with the agency, the agency may impose a fine upon the entity in an amount not to exceed $20,000 for each such violation. In no event shall such fine exceed an aggregate amount of $100,000 for all knowing and willful violations arising out of the same action. *This subsection expires October 1, 2014.*

(22)~~(23)~~ A health maintenance organization or a person or entity exempt from chapter 641 that is under contract with the agency for the provision of health care services to Medicaid recipients may not use or distribute marketing materials used to solicit Medicaid recipients, unless such materials have been approved by the agency. The provisions of this subsection do not apply to general advertising and marketing materials used by a health maintenance organization to solicit both non-Medicaid subscribers and Medicaid recipients. *This subsection expires October 1, 2014.*

(23)~~(24)~~ Upon approval by the agency, health maintenance organizations and persons or entities exempt from chapter 641 that are under contract with the agency for the provision of health care services to Medicaid recipients may be permitted within the capitation rate to provide additional health benefits that the agency has found are of high quality, are practicably available, provide reasonable value to the recipient, and are provided at no additional cost to the state. *This subsection expires October 1, 2014.*

(24)~~(25)~~ The agency shall utilize the statewide health maintenance organization complaint hotline for the purpose of investigating and resolving Medicaid and prepaid health plan complaints, maintaining a record of complaints and confirmed problems, and receiving disenrollment requests made by recipients. *This subsection expires October 1, 2014.*

(25)~~(26)~~ The agency shall require the publication of the health maintenance organization's and the prepaid health plan's consumer services telephone numbers and the "800" telephone number of the statewide health maintenance organization complaint hotline on each Medicaid identification card issued by a health maintenance organization or prepaid health plan contracting with the agency to serve Medicaid recipients and on each subscriber handbook issued to a Medicaid recipient. *This subsection expires October 1, 2014.*

(26)~~(27)~~ The agency shall establish a health care quality improvement system for those entities contracting with the agency pursuant to this section, incorporating all the standards and guidelines developed by the Medicaid Bureau of the Health Care Financing Administration as a part of the quality assurance reform initiative. The system shall include, but need not be limited to, the following:

(a) Guidelines for internal quality assurance programs, including standards for:

1. Written quality assurance program descriptions.

2. Responsibilities of the governing body for monitoring, evaluating, and making improvements to care.

3. An active quality assurance committee.

4. Quality assurance program supervision.

5. Requiring the program to have adequate resources to effectively carry out its specified activities.

6. Provider participation in the quality assurance program.

7. Delegation of quality assurance program activities.

8. Credentialing and recredentialing.

9. Enrollee rights and responsibilities.

10. Availability and accessibility to services and care.

11. Ambulatory care facilities.

12. Accessibility and availability of medical records, as well as proper recordkeeping and process for record review.

13. Utilization review.

14. A continuity of care system.

15. Quality assurance program documentation.

16. Coordination of quality assurance activity with other management activity.

17. Delivering care to pregnant women and infants; to elderly and disabled recipients, especially those who are at risk of institutional placement; to persons with developmental disabilities; and to adults who have chronic, high-cost medical conditions.

(b) Guidelines which require the entities to conduct quality-of-care studies which:

1. Target specific conditions and specific health service delivery issues for focused monitoring and evaluation.

2. Use clinical care standards or practice guidelines to objectively evaluate the care the entity delivers or fails to deliver for the targeted clinical conditions and health services delivery issues.

3. Use quality indicators derived from the clinical care standards or practice guidelines to screen and monitor care and services delivered.

(c) Guidelines for external quality review of each contractor which require: focused studies of patterns of care; individual care review in specific situations; and followup activities on previous pattern-of-care study findings and individual-care-review findings. In designing the external quality review function and determining how it is to operate as part of the state's overall quality improvement system, the agency shall construct its external quality review organization and entity contracts to address each of the following:

1. Delineating the role of the external quality review organization.

2. Length of the external quality review organization contract with the state.

3. Participation of the contracting entities in designing external quality review organization review activities.

4. Potential variation in the type of clinical conditions and health services delivery issues to be studied at each plan.

5. Determining the number of focused pattern-of-care studies to be conducted for each plan.

6. Methods for implementing focused studies.

7. Individual care review.

8. Followup activities.

This subsection expires October 1, 2016.

(27)~~(28)~~ In order to ensure that children receive health care services for which an entity has already been compensated, an entity contracting with the agency pursuant to this section shall achieve an annual Early and Periodic Screening, Diagnosis, and Treatment (EPSDT) Service screening rate of at least 60 percent for those recipients continuously enrolled for at least 8 months. The agency shall develop a method by which the EPSDT screening rate shall be calculated. For any entity which does not achieve the annual 60 percent rate, the entity must submit a corrective action plan for the agency's approval. If the entity does not meet the standard established in the corrective action plan during the specified timeframe, the agency is authorized to impose appropriate contract sanctions. At least annually, the agency shall publicly release the EPSDT Services screening rates of each entity it has contracted with on a prepaid basis to serve Medicaid recipients. *This subsection expires October 1, 2014.*

(28)~~(29)~~ The agency shall perform enrollments and disenrollments for Medicaid recipients who are eligible for MediPass or managed care plans. Notwithstanding the prohibition contained in paragraph *(20)*~~(21)~~(f), managed care plans may perform preenrollments of Medicaid recipients under the supervision of the agency or its agents. For the purposes of this section, the term "preenrollment" means the provision of marketing and educational materials to a Medicaid recipient and assistance in completing the application forms, but does not include actual enrollment into a managed care plan. An application for enrollment may not be deemed complete until the agency or its agent verifies that the recipient made an informed, voluntary choice. The agency, in cooperation with the Department of Children and Family Services, may test new marketing initiatives to inform Medicaid recipients about their managed care options at selected sites. The agency may contract with a third party to perform managed care plan and MediPass enrollment and disenrollment services for Medicaid recipients and may adopt rules to administer such services. The agency may adjust the capitation rate only to cover the costs of a third-party enrollment and disenrollment contract, and for agency supervision and management of the managed care plan enrollment and disenrollment contract. *This subsection expires October 1, 2014.*

(29)~~(30)~~ Any lists of providers made available to Medicaid recipients, MediPass enrollees, or managed care plan enrollees shall be arranged alphabetically showing the provider's name and specialty and, separately, by specialty in alphabetical order. *This subsection expires October 1, 2014.*

(30)~~(31)~~ The agency shall establish an enhanced managed care quality assurance oversight function, to include at least the following components:

(a) At least quarterly analysis and followup, including sanctions as appropriate, of managed care participant utilization of services.

(b) At least quarterly analysis and followup, including sanctions as appropriate, of quality findings of the Medicaid peer review organization and other external quality assurance programs.

(c) At least quarterly analysis and followup, including sanctions as appropriate, of the fiscal viability of managed care plans.

(d) At least quarterly analysis and followup, including sanctions as appropriate, of managed care participant satisfaction and disenrollment surveys.

(e) The agency shall conduct regular and ongoing Medicaid recipient satisfaction surveys.

The analyses and followup activities conducted by the agency under its enhanced managed care quality assurance oversight function shall not duplicate the activities of accreditation reviewers for entities regulated under part III of chapter 641, but may include a review of the finding of such reviewers. *This subsection expires October 1, 2014.*

(31)~~(32)~~ Each managed care plan that is under contract with the agency to provide health care services to Medicaid recipients shall annually conduct a background check with the Department of Law Enforcement of all persons with ownership interest of 5 percent or more or executive management responsibility for the managed care plan and shall submit to the agency information concerning any such person who has been found guilty of, regardless of adjudication, or has entered a plea of nolo contendere or guilty to, any of the offenses listed in s. 435.04. *This subsection expires October 1, 2014.*

(32)~~(33)~~ The agency shall, by rule, develop a process whereby a Medicaid managed care plan enrollee who wishes to enter hospice care may be disenrolled from the managed care plan within 24 hours after contacting the agency regarding such request. The agency rule shall include a methodology for the agency to recoup managed care plan payments on a pro rata basis if payment has been made for the enrollment month when disenrollment occurs. *This subsection expires October 1, 2014.*

(33)~~(34)~~ The agency and entities that contract with the agency to provide health care services to Medicaid recipients under this section or ss. 409.91211 and 409.9122 must comply with the provisions of s. 641.513 in providing emergency services and care to Medicaid recipients and MediPass recipients. Where feasible, safe, and cost-effective, the agency shall encourage hospitals, emergency medical services providers, and other public and private health care providers to work together in their local communities to enter into agreements or arrangements to ensure access to alternatives to emergency services and care for those Medicaid recipients who need nonemergent care. The agency shall coordinate with hospitals, emergency medical services providers, private health plans, capitated managed care networks as established in s. 409.91211, and other public and private health care providers to implement the provisions of ss. 395.1041(7), 409.91255(3)(g), 627.6405, and 641.31097 to develop and implement emergency department diversion programs for Medicaid recipients. *This subsection expires October 1, 2014.*

(34)~~(35)~~ All entities providing health care services to Medicaid recipients shall make available, and encourage all pregnant women and mothers with infants to receive, and provide documentation in the medical records to reflect, the following:

(a) Healthy Start prenatal or infant screening.

(b) Healthy Start care coordination, when screening or other factors indicate need.

(c) Healthy Start enhanced services in accordance with the prenatal or infant screening results.

(d) Immunizations in accordance with recommendations of the Advisory Committee on Immunization Practices of the United States Public Health Service and the American Academy of Pediatrics, as appropriate.

(e) Counseling and services for family planning to all women and their partners.

(f) A scheduled postpartum visit for the purpose of voluntary family planning, to include discussion of all methods of contraception, as appropriate.

(g) Referral to the Special Supplemental Nutrition Program for Women, Infants, and Children (WIC).

This subsection expires October 1, 2014.

(35)~~(36)~~ Any entity that provides Medicaid prepaid health plan services shall ensure the appropriate coordination of health care services with an assisted living facility in cases where a Medicaid recipient is both a member of the entity's prepaid health plan and a resident of the assisted living facility. If the entity is at risk for Medicaid targeted case management and behavioral health services, the entity shall inform the assisted living facility of the procedures to follow should an emergent condition arise. *This subsection expires October 1, 2014.*

~~(37) The agency may seek and implement federal waivers necessary to provide for cost-effective purchasing of home health services, private duty nursing services, transportation, independent laboratory services, and durable medical equipment and supplies through competitive bidding pursuant to s. 287.057. The agency may request appropriate waivers from the federal Health Care Financing Administration in order to competitively bid such services. The agency may exclude providers not selected through the bidding process from the Medicaid provider network.~~

(36)~~(38)~~ The agency shall enter into agreements with not-for-profit organizations based in this state for the purpose of providing vision screening. *This subsection expires October 1, 2014.*

(37)~~(39)~~(a) The agency shall implement a Medicaid prescribed-drug spending-control program that includes the following components:

1. A Medicaid preferred drug list, which shall be a listing of cost-effective therapeutic options recommended by the Medicaid Pharmacy and Therapeutics Committee established pursuant to s. 409.91195 and adopted by the agency for each therapeutic class on the preferred drug list. At the discretion of the committee, and when feasible, the preferred drug list should include at least two products in a therapeutic class. The agency may post the preferred drug list and updates to the preferred drug list on an Internet website without following the rulemaking procedures of chapter 120. Antiretroviral agents are excluded from the preferred drug list. The agency shall also limit the amount of a prescribed drug dispensed to no more than a 34-day supply unless the drug products' smallest marketed package is greater than a 34-day supply, or the drug is determined by the agency to be a maintenance drug in which case a 100-day maximum supply may be authorized. The agency is authorized to seek any federal waivers necessary to implement these cost-control programs and to continue participation in the federal Medicaid rebate program, or alternatively to negotiate state-only manufacturer rebates. The agency may adopt rules to implement this subparagraph. The agency shall continue to provide unlimited contraceptive drugs and items. The agency must establish procedures to ensure that:

a. There is a response to a request for prior consultation by telephone or other telecommunication device within 24 hours after receipt of a request for prior consultation; and

b. A 72-hour supply of the drug prescribed is provided in an emergency or when the agency does not provide a response within 24 hours as required by sub-subparagraph a.

2. Reimbursement to pharmacies for Medicaid prescribed drugs shall be set at the lesser of: the average wholesale price (AWP) minus 16.4 percent, the wholesaler acquisition cost (WAC) plus 4.75 percent, the federal upper limit (FUL), the state maximum allowable cost (SMAC), or the usual and customary (UAC) charge billed by the provider.

3. The agency shall develop and implement a process for managing the drug therapies of Medicaid recipients who are using significant numbers of prescribed drugs each month. The management process may include, but is not limited to, comprehensive, physician-directed medical-record reviews, claims analyses, and case evaluations to determine the medical necessity and appropriateness of a patient's treatment plan and drug therapies. The agency may contract with a private organization to provide drug-program-management services. The Medicaid drug benefit management program shall include initiatives to manage drug therapies for HIV/AIDS patients, patients using 20 or more unique prescriptions in a 180-day period, and the top 1,000 patients in annual spending. The agency shall enroll any Medicaid recipient in the drug benefit management program if he or she meets the specifications of this provision and is not enrolled in a Medicaid health maintenance organization.

4. The agency may limit the size of its pharmacy network based on need, competitive bidding, price negotiations, credentialing, or similar criteria. The agency shall give special consideration to rural areas in determining the size and location of pharmacies included in the Medicaid pharmacy network. A pharmacy credentialing process may include criteria such as a pharmacy's full-service status, location, size, patient educational programs, patient consultation, disease management services, and other characteristics. The agency may impose a moratorium on Medicaid pharmacy enrollment when it is determined that it has a sufficient number of Medicaid-participating providers. The agency must allow dispensing practitioners to participate as a part of the Medicaid pharmacy network regardless of the practitioner's proximity to any other entity that is dispensing prescription drugs under the Medicaid program. A dispensing practitioner must meet all credentialing requirements applicable to his or her practice, as determined by the agency.

5. The agency shall develop and implement a program that requires Medicaid practitioners who prescribe drugs to use a counterfeit-proof prescription pad for Medicaid prescriptions. The agency shall require the use of standardized counterfeit-proof prescription pads by Medicaid-participating prescribers or prescribers who write prescriptions for Medicaid recipients. The agency may implement the program in targeted geographic areas or statewide.

6. The agency may enter into arrangements that require manufacturers of generic drugs prescribed to Medicaid recipients to provide rebates of at least 15.1 percent of the average manufacturer price for the manufacturer's generic products. These arrangements shall require that if a generic-drug manufacturer pays federal rebates for Medicaid-reimbursed drugs at a level below 15.1 percent, the manufacturer must provide a supplemental rebate to the state in an amount necessary to achieve a 15.1-percent rebate level.

7. The agency may establish a preferred drug list as described in this subsection, and, pursuant to the establishment of such preferred drug list, it is authorized to negotiate supplemental rebates from manufacturers that are in addition to those required by Title XIX of the Social Security Act and at no less than 14 percent of the average manufacturer price as defined in 42 U.S.C. s. 1936 on the last day of a quarter unless the federal or supplemental rebate, or both, equals or exceeds 29 percent. There is no upper limit on the supplemental rebates the agency may negotiate. The agency may determine that specific products, brand-name or generic, are competitive at lower rebate percentages. Agreement to pay the minimum supplemental rebate percentage will guarantee a manufacturer that the Medicaid Pharmaceutical and Therapeutics Committee will consider a product for inclusion on the preferred drug list. However, a pharmaceutical manufacturer is not guaranteed placement on the preferred drug list by simply paying the minimum supplemental rebate. Agency decisions will be made on the clinical efficacy of a drug and recommendations of the Medicaid Pharmaceutical and Therapeutics Committee, as well as the price of competing products minus federal and state rebates. The agency is authorized to contract with an outside agency or contractor to conduct negotiations for supplemental rebates. For the purposes of this section, the term "supplemental rebates" means cash rebates. Effective July 1, 2004, value-added programs as a substitution for supplemental rebates are prohibited. The agency is authorized to seek any federal waivers to implement this initiative.

8. The Agency for Health Care Administration shall expand home delivery of pharmacy products. To assist Medicaid patients in securing their prescriptions and reduce program costs, the agency shall expand its current mail-order-pharmacy diabetes-supply program to include all generic and brand-name drugs used by Medicaid patients with diabetes. Medicaid recipients in the current program may obtain nondiabetes drugs on a voluntary basis. This initiative is limited to the geographic area covered by the current contract. The agency may seek and implement any federal waivers necessary to implement this subparagraph.

9. The agency shall limit to one dose per month any drug prescribed to treat erectile dysfunction.

10.a. The agency may implement a Medicaid behavioral drug management system. The agency may contract with a vendor that has experience in operating behavioral drug management systems to implement this program. The agency is authorized to seek federal waivers to implement this program.

b. The agency, in conjunction with the Department of Children and Family Services, may implement the Medicaid behavioral drug management system that is designed to improve the quality of care and behavioral health prescribing practices based on best practice guidelines, improve patient adherence to medication plans, reduce clinical risk, and lower prescribed drug costs and the rate of inappropriate spending on Medicaid behavioral drugs. The program may include the following elements:

(I) Provide for the development and adoption of best practice guidelines for behavioral health-related drugs such as antipsychotics, antidepressants, and medications for treating bipolar disorders and other behavioral conditions; translate them into practice; review behavioral health prescribers and compare their prescribing patterns to a number of indicators that are based on national standards; and determine deviations from best practice guidelines.

(II) Implement processes for providing feedback to and educating prescribers using best practice educational materials and peer-to-peer consultation.

(III) Assess Medicaid beneficiaries who are outliers in their use of behavioral health drugs with regard to the numbers and types of drugs taken, drug dosages, combination drug therapies, and other indicators of improper use of behavioral health drugs.

(IV) Alert prescribers to patients who fail to refill prescriptions in a timely fashion, are prescribed multiple same-class behavioral health drugs, and may have other potential medication problems.

(V) Track spending trends for behavioral health drugs and deviation from best practice guidelines.

(VI) Use educational and technological approaches to promote best practices, educate consumers, and train prescribers in the use of practice guidelines.

(VII) Disseminate electronic and published materials.

(VIII) Hold statewide and regional conferences.

(IX) Implement a disease management program with a model quality-based medication component for severely mentally ill individuals and emotionally disturbed children who are high users of care.

11.a. The agency shall implement a Medicaid prescription drug management system. The agency may contract with a vendor that has experience in operating prescription drug management systems in order to implement this system. Any management system that is implemented in accordance with this subparagraph must rely on cooperation between physicians and pharmacists to determine appropriate practice patterns and clinical guidelines to improve the prescribing, dispensing, and use of drugs in the Medicaid program. The agency may seek federal waivers to implement this program.

b. The drug management system must be designed to improve the quality of care and prescribing practices based on best practice guidelines, improve patient adherence to medication plans, reduce clinical risk, and lower prescribed drug costs and the rate of inappropriate spending on Medicaid prescription drugs. The program must:

(I) Provide for the development and adoption of best practice guidelines for the prescribing and use of drugs in the Medicaid program, including translating best practice guidelines into practice; reviewing prescriber patterns and comparing them to indicators that are based on national standards and practice patterns of clinical peers in their community, statewide, and nationally; and determine deviations from best practice guidelines.

(II) Implement processes for providing feedback to and educating prescribers using best practice educational materials and peer-to-peer consultation.

(III) Assess Medicaid recipients who are outliers in their use of a single or multiple prescription drugs with regard to the numbers and types of drugs taken, drug dosages, combination drug therapies, and other indicators of improper use of prescription drugs.

(IV) Alert prescribers to patients who fail to refill prescriptions in a timely fashion, are prescribed multiple drugs that may be redundant or contraindicated, or may have other potential medication problems.

(V) Track spending trends for prescription drugs and deviation from best practice guidelines.

(VI) Use educational and technological approaches to promote best practices, educate consumers, and train prescribers in the use of practice guidelines.

(VII) Disseminate electronic and published materials.

(VIII) Hold statewide and regional conferences.

(IX) Implement disease management programs in cooperation with physicians and pharmacists, along with a model quality-based medication component for individuals having chronic medical conditions.

12. The agency is authorized to contract for drug rebate administration, including, but not limited to, calculating rebate amounts, invoicing manufacturers, negotiating disputes with manufacturers, and maintaining a database of rebate collections.

13. The agency may specify the preferred daily dosing form or strength for the purpose of promoting best practices with regard to the prescribing of certain drugs as specified in the General Appropriations Act and ensuring cost-effective prescribing practices.

14. The agency may require prior authorization for Medicaid-covered prescribed drugs. The agency may, but is not required to, prior-authorize the use of a product:

a. For an indication not approved in labeling;

b. To comply with certain clinical guidelines; or

c. If the product has the potential for overuse, misuse, or abuse.

The agency may require the prescribing professional to provide information about the rationale and supporting medical evidence for the use of a drug. The agency may post prior authorization criteria and protocol and updates to the list of drugs that are subject to prior authorization on an Internet website without amending its rule or engaging in additional rulemaking.

15. The agency, in conjunction with the Pharmaceutical and Therapeutics Committee, may require age-related prior authorizations for certain prescribed drugs. The agency may preauthorize the use of a drug for a recipient who may not meet the age requirement or may exceed the length of therapy for use of this product as recommended by the manufacturer and approved by the Food and Drug Administration. Prior authorization may require the prescribing professional to provide information about the rationale and supporting medical evidence for the use of a drug.

16. The agency shall implement a step-therapy prior authorization approval process for medications excluded from the preferred drug list. Medications listed on the preferred drug list must be used within the previous 12 months prior to the alternative medications that are not listed. The step-therapy prior authorization may require the prescriber to use the medications of a similar drug class or for a similar medical indication unless contraindicated in the Food and Drug Administration labeling. The trial period between the specified steps may vary according to the medical indication. The step-therapy approval process shall be developed in accordance with the committee as stated in s. 409.91195(7) and (8). A drug product may be approved without meeting the step-therapy prior authorization criteria if the prescribing physician provides the agency with additional written medical or clinical documentation that the product is medically necessary because:

a. There is not a drug on the preferred drug list to treat the disease or medical condition which is an acceptable clinical alternative;

b. The alternatives have been ineffective in the treatment of the beneficiary's disease; or

c. Based on historic evidence and known characteristics of the patient and the drug, the drug is likely to be ineffective, or the number of doses have been ineffective.

The agency shall work with the physician to determine the best alternative for the patient. The agency may adopt rules waiving the requirements for written clinical documentation for specific drugs in limited clinical situations.

17. The agency shall implement a return and reuse program for drugs dispensed by pharmacies to institutional recipients, which includes payment of a $5 restocking fee for the implementation and operation of the program. The return and reuse program shall be implemented electronically and in a manner that promotes efficiency. The program must permit a pharmacy to exclude drugs from the program if it is not practical or cost-effective for the drug to be included and must provide for the return to inventory of drugs that cannot be credited or returned in a cost-effective manner. The agency shall determine if the program has reduced the amount of Medicaid prescription drugs which are destroyed on an annual basis and if there are additional ways to ensure more prescription drugs are not destroyed which could safely be reused. The agency's conclusion and recommendations shall be reported to the Legislature by December 1, 2005.

(b) The agency shall implement this subsection to the extent that funds are appropriated to administer the Medicaid prescribed-drug spending-control program. The agency may contract all or any part of this program to private organizations.

(c) The agency shall submit quarterly reports to the Governor, the President of the Senate, and the Speaker of the House of Representatives which must include, but need not be limited to, the progress made in implementing this subsection and its effect on Medicaid prescribed-drug expenditures.

(38)~~(40)~~ Notwithstanding the provisions of chapter 287, the agency may, at its discretion, renew a contract or contracts for fiscal intermediary services one or more times for such periods as the agency may decide; however, all such renewals may not combine to exceed a total period longer than the term of the original contract.

(39)~~(41)~~ The agency shall provide for the development of a demonstration project by establishment in Miami-Dade County of a long-term-care facility licensed pursuant to chapter 395 to improve access to health care for a predominantly minority, medically underserved, and medically complex population and to evaluate alternatives to nursing home care and general acute care for such population. Such project is to be located in a health care condominium and colocated with licensed facilities providing a continuum of care. The establishment of this project is not subject to the provisions of s. 408.036 or s. 408.039. *This subsection expires October 1, 2013.*

(40)~~(42)~~ The agency shall develop and implement a utilization management program for Medicaid-eligible recipients for the management of occupational, physical, respiratory, and speech therapies. The agency shall establish a utilization program that may require prior authorization in order to ensure medically necessary and cost-effective treatments. The program shall be operated in accordance with a federally approved waiver program or state plan amendment. The agency may seek a federal waiver or state plan amendment to implement this program. The agency may also competitively procure these services from an outside vendor on a regional or statewide basis. *This subsection expires October 1, 2014.*

(41)~~(43)~~ The agency *shall* ~~may~~ contract on a prepaid or fixed-sum basis with appropriately licensed prepaid dental health plans to provide dental services. *This subsection expires October 1, 2014.*

(42)~~(44)~~ The Agency for Health Care Administration shall ensure that any Medicaid managed care plan as defined in s. 409.9122(2)(f), whether paid on a capitated basis or a shared savings basis, is cost-effective. For purposes of this subsection, the term "cost-effective" means that a network's per-member, per-month costs to the state, including, but not limited to, fee-for-service costs, administrative costs, and case-management fees, if any, must be no greater than the state's costs associated with contracts for Medicaid services established under subsection (3), which may be adjusted for health status. The agency shall conduct actuarially sound adjustments for health status in order to ensure such cost-effectiveness and shall annually publish the results on its Internet website. Contracts established pursuant to this subsection which are not cost-effective may not be renewed. *This subsection expires October 1, 2014.*

(43)~~(45)~~ Subject to the availability of funds, the agency shall mandate a recipient's participation in a provider lock-in program, when appropriate, if a recipient is found by the agency to have used Medicaid goods or services at a frequency or amount not medically necessary, limiting the receipt of goods or services to medically necessary providers after the 21-day appeal process has ended, for a period of not less than 1 year. The lock-in programs shall include, but are not limited to, pharmacies, medical doctors, and infusion clinics. The limitation does not apply to emergency services and care provided to the recipient in a hospital emergency department. The agency shall seek any federal waivers necessary to implement this subsection. The agency shall adopt any rules necessary to comply with or administer this subsection. *This subsection expires October 1, 2014.*

(44)~~(46)~~ The agency shall seek a federal waiver for permission to terminate the eligibility of a Medicaid recipient who has been found to have committed fraud, through judicial or administrative determination, two times in a period of 5 years.

~~(47) The agency shall conduct a study of available electronic systems for the purpose of verifying the identity and eligibility of a Medicaid recipient. The agency shall recommend to the Legislature a plan to implement an electronic verification system for Medicaid recipients by January 31, 2005.~~

(45)~~(48)~~(a) A provider is not entitled to enrollment in the Medicaid provider network. The agency may implement a Medicaid fee-for-service provider network controls, including, but not limited to, competitive procurement and provider credentialing. If a credentialing process is used, the agency may limit its provider network based upon the following considerations: beneficiary access to care, provider availability, provider quality standards and quality assurance processes, cultural competency, demographic characteristics of beneficiaries, practice standards, service wait times, provider turnover, provider licensure and accreditation history, program integrity history, peer review, Medicaid policy and billing compliance records, clinical and medical record audit findings, and such other areas that are considered necessary by the agency to ensure the integrity of the program.

(b) The agency shall limit its network of durable medical equipment and medical supply providers. For dates of service after January 1, 2009, the agency shall limit payment for durable medical equipment and supplies to providers that meet all the requirements of this paragraph.

1. Providers must be accredited by a Centers for Medicare and Medicaid Services deemed accreditation organization for suppliers of durable medical equipment, prosthetics, orthotics, and supplies. The provider must maintain accreditation and is subject to unannounced reviews by the accrediting organization.

2. Providers must provide the services or supplies directly to the Medicaid recipient or caregiver at the provider location or recipient's residence or send the supplies directly to the recipient's residence with receipt of mailed delivery. Subcontracting or consignment of the service or supply to a third party is prohibited.

3. Notwithstanding subparagraph 2., a durable medical equipment provider may store nebulizers at a physician's office for the purpose of having the physician's staff issue the equipment if it meets all of the following conditions:

a. The physician must document the medical necessity and need to prevent further deterioration of the patient's respiratory status by the timely delivery of the nebulizer in the physician's office.

b. The durable medical equipment provider must have written documentation of the competency and training by a Florida-licensed registered respiratory therapist of any durable medical equipment staff who participate in the training of physician office staff for the use of nebulizers, including cleaning, warranty, and special needs of patients.

c. The physician's office must have documented the training and competency of any staff member who initiates the delivery of nebulizers to patients. The durable medical equipment provider must maintain copies of all physician office training.

d. The physician's office must maintain inventory records of stored nebulizers, including documentation of the durable medical equipment provider source.

e. A physician contracted with a Medicaid durable medical equipment provider may not have a financial relationship with that provider or receive any financial gain from the delivery of nebulizers to patients.

4. Providers must have a physical business location and a functional landline business phone. The location must be within the state or not more than 50 miles from the Florida state line. The agency may make exceptions for providers of durable medical equipment or supplies not otherwise available from other enrolled providers located within the state.

5. Physical business locations must be clearly identified as a business that furnishes durable medical equipment or medical supplies by signage that can be read from 20 feet away. The location must be readily accessible to the public during normal, posted business hours and must operate at least 5 hours per day and at least 5 days per week, with the exception of scheduled and posted holidays. The location may not be located within or at the same numbered street address as another en-

rolled Medicaid durable medical equipment or medical supply provider or as an enrolled Medicaid pharmacy that is also enrolled as a durable medical equipment provider. A licensed orthotist or prosthetist that provides only orthotic or prosthetic devices as a Medicaid durable medical equipment provider is exempt from this paragraph.

6. Providers must maintain a stock of durable medical equipment and medical supplies on site that is readily available to meet the needs of the durable medical equipment business location's customers.

7. Providers must provide a surety bond of $50,000 for each provider location, up to a maximum of 5 bonds statewide or an aggregate bond of $250,000 statewide, as identified by Federal Employer Identification Number. Providers who post a statewide or an aggregate bond must identify all of their locations in any Medicaid durable medical equipment and medical supply provider enrollment application or bond renewal. Each provider location's surety bond must be renewed annually and the provider must submit proof of renewal even if the original bond is a continuous bond. A licensed orthotist or prosthetist that provides only orthotic or prosthetic devices as a Medicaid durable medical equipment provider is exempt from the provisions in this paragraph.

8. Providers must obtain a level 2 background screening, in accordance with chapter 435 and s. 408.809, for each provider employee in direct contact with or providing direct services to recipients of durable medical equipment and medical supplies in their homes. This requirement includes, but is not limited to, repair and service technicians, fitters, and delivery staff. The provider shall pay for the cost of the background screening.

9. The following providers are exempt from subparagraphs 1. and 7.:

a. Durable medical equipment providers owned and operated by a government entity.

b. Durable medical equipment providers that are operating within a pharmacy that is currently enrolled as a Medicaid pharmacy provider.

c. Active, Medicaid-enrolled orthopedic physician groups, primarily owned by physicians, which provide only orthotic and prosthetic devices.

(46)~~(49)~~ The agency shall contract with established minority physician networks that provide services to historically underserved minority patients. The networks must provide cost-effective Medicaid services, comply with the requirements to be a MediPass provider, and provide their primary care physicians with access to data and other management tools necessary to assist them in ensuring the appropriate use of services, including inpatient hospital services and pharmaceuticals.

(a) The agency shall provide for the development and expansion of minority physician networks in each service area to provide services to Medicaid recipients who are eligible to participate under federal law and rules.

(b) The agency shall reimburse each minority physician network as a fee-for-service provider, including the case management fee for primary care, if any, or as a capitated rate provider for Medicaid services. Any savings shall be shared with the minority physician networks pursuant to the contract.

(c) For purposes of this subsection, the term "cost-effective" means that a network's per-member, per-month costs to the state, including, but not limited to, fee-for-service costs, administrative costs, and case-management fees, if any, must be no greater than the state's costs associated with contracts for Medicaid services established under subsection (3), which shall be actuarially adjusted for case mix, model, and service area. The agency shall conduct actuarially sound audits adjusted for case mix and model in order to ensure such cost-effectiveness and shall annually publish the audit results on its Internet website. Contracts established pursuant to this subsection which are not cost-effective may not be renewed.

(d) The agency may apply for any federal waivers needed to implement this subsection.

This subsection expires October 1, 2014.

(47)~~(50)~~ To the extent permitted by federal law and as allowed under s. 409.906, the agency shall provide reimbursement for emergency mental health care services for Medicaid recipients in crisis stabilization facilities licensed under s. 394.875 as long as those services are less expensive than the same services provided in a hospital setting.

(48)~~(51)~~ The agency shall work with the Agency for Persons with Disabilities to develop a home and community-based waiver to serve children and adults who are diagnosed with familial dysautonomia or Riley-Day syndrome caused by a mutation of the IKBKAP gene on chromosome 9. The agency shall seek federal waiver approval and implement the approved waiver subject to the availability of funds and any limitations provided in the General Appropriations Act. The agency may adopt rules to implement this waiver program.

(49)~~(52)~~ The agency shall implement a program of all-inclusive care for children. The program of all-inclusive care for children shall be established to provide in-home hospice-like support services to children diagnosed with a life-threatening illness and enrolled in the Children's Medical Services network to reduce hospitalizations as appropriate. The agency, in consultation with the Department of Health, may implement the program of all-inclusive care for children after obtaining approval from the Centers for Medicare and Medicaid Services.

(50)~~(53)~~ Before seeking an amendment to the state plan for purposes of implementing programs authorized by the Deficit Reduction Act of 2005, the agency shall notify the Legislature.

(51) The agency may not pay for psychotropic medication prescribed for a child in the Medicaid program without the express and informed consent of the child's parent or legal guardian. The physician shall document the consent in the child's medical record and provide the pharmacy with a signed attestation of this documentation with the prescription. The express and informed consent or court authorization for a prescription of psychotropic medication for a child in the custody of the Department of Children and Family Services shall be obtained pursuant to s. 39.407.

Section 18. *Section 409.91207, Florida Statutes, is repealed.*

Section 19. Paragraphs (e), (l), (p), (w), and (dd) of subsection (3) of section 409.91211, Florida Statutes, are amended to read:

409.91211 Medicaid managed care pilot program.—

(3) The agency shall have the following powers, duties, and responsibilities with respect to the pilot program:

(e) To implement policies and guidelines for phasing in financial risk for approved provider service networks that, for purposes of this paragraph, include the Children's Medical Services Network, over the period of the waiver and the extension thereof. These policies and guidelines must include an option for a provider service network to be paid fee-for-service rates. For any provider service network established in a managed care pilot area, the option to be paid fee-for-service rates must include a savings-settlement mechanism that is consistent with s. 409.912*(42)*~~(44)~~. This model must be converted to a risk-adjusted capitated rate by the beginning of the final year of operation under the waiver extension, and may be converted earlier at the option of the provider service network. Federally qualified health centers may be offered an opportunity to accept or decline a contract to participate in any provider network for prepaid primary care services.

(l) To implement a system that prohibits capitated managed care plans, their representatives, and providers employed by or contracted with the capitated managed care plans from recruiting persons eligible for or enrolled in Medicaid, from providing inducements to Medicaid recipients to select a particular capitated managed care plan, and from prejudicing Medicaid recipients against other capitated managed care plans. The system shall require the entity performing choice counseling to determine if the recipient has made a choice of a plan or has opted out because of duress, threats, payment to the recipient, or incentives promised to the recipient by a third party. If the choice counseling entity determines that the decision to choose a plan was unlawfully influenced or a plan violated any of the provisions of s. 409.912*(20)*~~(21)~~, the choice counseling entity shall immediately report the violation to the agency's program integrity section for investigation. Verification of choice counseling by the recipient shall include a stipulation that the recipient acknowledges the provisions of this subsection.

(p) To implement standards for plan compliance, including, but not limited to, standards for quality assurance and performance improvement, standards for peer or professional reviews, grievance policies, and policies for maintaining program integrity. The agency shall develop a data-reporting system, seek input from managed care plans in order to establish requirements for patient-encounter reporting, and ensure that the data reported is accurate and complete.

1. In performing the duties required under this section, the agency shall work with managed care plans to establish a uniform system to measure and monitor outcomes for a recipient of Medicaid services.

2. The system shall use financial, clinical, and other criteria based on pharmacy, medical services, and other data that is related to the provision of Medicaid services, including, but not limited to:

a. The Health Plan Employer Data and Information Set (HEDIS) or measures that are similar to HEDIS.

b. Member satisfaction.

c. Provider satisfaction.

d. Report cards on plan performance and best practices.

e. Compliance with the requirements for prompt payment of claims under ss. 627.613, 641.3155, and 641.513.

f. Utilization and quality data for the purpose of ensuring access to medically necessary services, including underutilization or inappropriate denial of services.

3. The agency shall require the managed care plans that have contracted with the agency to establish a quality assurance system that incorporates the provisions of s. 409.912*(26)*~~(27)~~ and any standards, rules, and guidelines developed by the agency.

4. The agency shall establish an encounter database in order to compile data on health services rendered by health care practitioners who provide services to patients enrolled in managed care plans in the demonstration sites. The encounter database shall:

a. Collect the following for each type of patient encounter with a health care practitioner or facility, including:

(I) The demographic characteristics of the patient.

(II) The principal, secondary, and tertiary diagnosis.

(III) The procedure performed.

(IV) The date and location where the procedure was performed.

(V) The payment for the procedure, if any.

(VI) If applicable, the health care practitioner's universal identification number.

(VII) If the health care practitioner rendering the service is a dependent practitioner, the modifiers appropriate to indicate that the service was delivered by the dependent practitioner.

b. Collect appropriate information relating to prescription drugs for each type of patient encounter.

c. Collect appropriate information related to health care costs and utilization from managed care plans participating in the demonstration sites.

5. To the extent practicable, when collecting the data the agency shall use a standardized claim form or electronic transfer system that is used by health care practitioners, facilities, and payors.

6. Health care practitioners and facilities in the demonstration sites shall electronically submit, and managed care plans participating in the demonstration sites shall electronically receive, information concerning claims payments and any other information reasonably related to the encounter database using a standard format as required by the agency.

7. The agency shall establish reasonable deadlines for phasing in the electronic transmittal of full encounter data.

8. The system must ensure that the data reported is accurate and complete.

(w) To implement procedures to minimize the risk of Medicaid fraud and abuse in all plans operating in the Medicaid managed care pilot program authorized in this section.

1. The agency shall ensure that applicable provisions of this chapter and chapters 414, 626, 641, and 932 which relate to Medicaid fraud and abuse are applied and enforced at the demonstration project sites.

2. Providers must have the certification, license, and credentials that are required by law and waiver requirements.

3. The agency shall ensure that the plan is in compliance with s. 409.912*(20) and* (21) ~~and (22)~~.

4. The agency shall require that each plan establish functions and activities governing program integrity in order to reduce the incidence of fraud and abuse. Plans must report instances of fraud and abuse pursuant to chapter 641.

5. The plan shall have written administrative and management arrangements or procedures, including a mandatory compliance plan, which are designed to guard against fraud and abuse. The plan shall designate a compliance officer who has sufficient experience in health care.

6.a. The agency shall require all managed care plan contractors in the pilot program to report all instances of suspected fraud and abuse. A failure to report instances of suspected fraud and abuse is a violation of law and subject to the penalties provided by law.

b. An instance of fraud and abuse in the managed care plan, including, but not limited to, defrauding the state health care benefit program by misrepresentation of fact in reports, claims, certifications, enrollment claims, demographic statistics, or patient-encounter data; misrepresentation of the qualifications of persons rendering health care and ancillary services; bribery and false statements relating to the delivery of health care; unfair and deceptive marketing practices; and false claims actions in the provision of managed care, is a violation of law and subject to the penalties provided by law.

c. The agency shall require that all contractors make all files and relevant billing and claims data accessible to state regulators and investigators and that all such data is linked into a unified system to ensure consistent reviews and investigations.

(dd) To implement service delivery mechanisms within a specialty plan in area 10 to provide behavioral health care services to Medicaid-eligible children whose cases are open for child welfare services in the HomeSafeNet system. These services must be coordinated with community-based care providers as specified in s. 409.1671, where available, and be sufficient to meet the developmental, behavioral, and emotional needs of these children. Children in area 10 who have an open case in the HomeSafeNet system shall be enrolled into the specialty plan. These service delivery mechanisms must be implemented no later than July 1, 2011, in AHCA area 10 in order for the children in AHCA area 10 to remain exempt from the statewide plan under s. 409.912(4)(b)*5.*~~8.~~ An administrative fee may be paid to the specialty plan for the coordination of services based on the receipt of the state share of that fee being provided through intergovernmental transfers.

Section 20. *Effective October 1, 2014, section 409.91211, Florida Statutes, is repealed.*

Section 21. Section 409.9122, Florida Statutes, is amended to read:

409.9122 Mandatory Medicaid managed care enrollment; programs and procedures.—

(1) It is the intent of the Legislature that the MediPass program be cost-effective, provide quality health care, and improve access to health services, and that the program be statewide. *This subsection expires October 1, 2014.*

(2)(a) The agency shall enroll in a managed care plan or MediPass all Medicaid recipients, except those Medicaid recipients who are: in an institution; enrolled in the Medicaid medically needy program; or eligible for both Medicaid and Medicare. Upon enrollment, individuals will be able to change their managed care option during the 90-day opt out period required by federal Medicaid regulations. The agency is authorized to seek the necessary Medicaid state plan amendment to implement this policy. However, to the extent permitted by federal law, the agency may enroll in a managed care plan or MediPass a Medicaid recipient who is exempt from mandatory managed care enrollment, provided that:

1. The recipient's decision to enroll in a managed care plan or MediPass is voluntary;

2. If the recipient chooses to enroll in a managed care plan, the agency has determined that the managed care plan provides specific programs and services which address the special health needs of the recipient; and

3. The agency receives any necessary waivers from the federal Centers for Medicare and Medicaid Services.

~~The agency shall develop rules to establish policies by which exceptions to the mandatory managed care enrollment requirement may be made on a case by case basis. The rules shall include the specific criteria to be applied when making a determination as to whether to exempt a recipient from mandatory enrollment in a managed care plan or MediPass.~~ School districts participating in the certified school match program pursuant to ss. 409.908(21) and 1011.70 shall be reimbursed by Medicaid, subject to the limitations of s. 1011.70(1), for a Medicaid-eligible child participating in the services as authorized in s. 1011.70, as provided for in s. 409.9071, regardless of whether the child is enrolled in MediPass or a managed care plan. Managed care plans shall make a good faith effort to execute agreements with school districts regarding the coordinated provision of services authorized under s. 1011.70. County health departments delivering school-based services pursuant to ss. 381.0056 and 381.0057 shall be reimbursed by Medicaid for the federal share for a Medicaid-eligible child who receives Medicaid-covered services in a school setting, regardless of whether the child is enrolled in MediPass or a managed care plan. Managed care plans shall make a good faith effort to execute agreements with county health departments regarding the coordinated provision of services to a Medicaid-eligible child. To ensure continuity of care for Medicaid patients, the agency, the Department of Health, and the Department of Education shall develop procedures for ensuring that a student's managed care plan or MediPass provider receives information relating to services provided in accordance with ss. 381.0056, 381.0057, 409.9071, and 1011.70.

(b) A Medicaid recipient shall not be enrolled in or assigned to a managed care plan or MediPass unless the managed care plan or MediPass has complied with the quality-of-care standards specified in paragraphs (3)(a) and (b), respectively.

(c) Medicaid recipients shall have a choice of managed care plans or MediPass. The Agency for Health Care Administration, the Department of Health, the Department of Children and Family Services, and the Department of Elderly Affairs shall cooperate to ensure that each Medicaid recipient receives clear and easily understandable information that meets the following requirements:

1. Explains the concept of managed care, including MediPass.

2. Provides information on the comparative performance of managed care plans and MediPass in the areas of quality, credentialing, preventive health programs, network size and availability, and patient satisfaction.

3. Explains where additional information on each managed care plan and MediPass in the recipient's area can be obtained.

4. Explains that recipients have the right to choose their managed care coverage at the time they first enroll in Medicaid and again at regular intervals set by the agency. However, if a recipient does not choose a managed care plan or MediPass, the agency will assign the recipient to a managed care plan or MediPass according to the criteria specified in this section.

5. Explains the recipient's right to complain, file a grievance, or change managed care plans or MediPass providers if the recipient is not satisfied with the managed care plan or MediPass.

(d) The agency shall develop a mechanism for providing information to Medicaid recipients for the purpose of making a managed care plan or MediPass selection. Examples of such mechanisms may include, but not be limited to, interactive information systems, mailings, and mass marketing materials. Managed care plans and MediPass providers are prohibited from providing inducements to Medicaid recipients to select their plans or from prejudicing Medicaid recipients against other managed care plans or MediPass providers.

(e) Medicaid recipients who are already enrolled in a managed care plan or MediPass shall be offered the opportunity to change managed care plans or MediPass providers on a staggered basis, as defined by the agency. All Medicaid recipients shall have 30 days in which to make a choice of managed care plans or MediPass providers. Those Medicaid recipients who do not make a choice shall be assigned in accordance with paragraph (f). To facilitate continuity of care, for a Medicaid recipient who is also a recipient of Supplemental Security Income (SSI), prior to assigning the SSI recipient to a managed care plan or MediPass, the agency shall determine whether the SSI recipient has an ongoing relationship with a MediPass provider or managed care plan, and if so, the agency shall assign the SSI recipient to that MediPass provider or managed care plan. Those SSI recipients who do not have such a provider relationship shall be assigned to a managed care plan or MediPass provider in accordance with paragraph (f).

(f) If a Medicaid recipient does not choose a managed care plan or MediPass provider, the agency shall assign the Medicaid recipient to a managed care plan or MediPass provider. Medicaid recipients eligible for managed care plan enrollment who are subject to mandatory assignment but who fail to make a choice shall be assigned to managed care plans until an enrollment of 35 percent in MediPass and 65 percent in managed care plans, of all those eligible to choose managed care, is achieved. Once this enrollment is achieved, the assignments shall be divided in order to maintain an enrollment in MediPass and managed care plans which is in a 35 percent and 65 percent proportion, respectively. Thereafter, assignment of Medicaid recipients who fail to make a choice shall be based proportionally on the preferences of recipients who have made a choice in the previous period. Such proportions shall be revised at least quarterly to reflect an update of the preferences of Medicaid recipients. The agency shall disproportionately assign Medicaid-eligible recipients who are required to but have failed to make a choice of managed care plan or MediPass~~, including children, and who would be assigned to the MediPass program~~ to *the* ~~children's networks as described in s. 409.912(4)(g),~~ Children's Medical Services Network as defined in s. 391.021, exclusive provider organizations, provider service networks, minority physician networks, and pediatric emergency department diversion programs authorized by this chapter or the General Appropriations Act, in such manner as the agency deems appropriate, until the agency has determined that the networks and programs have sufficient numbers to be operated economically. For purposes of this paragraph, when referring to assignment, the term "managed care plans" includes health maintenance organizations, exclusive provider organizations, provider service networks, minority physician networks, Children's Medical Services Network, and pediatric emergency department diversion programs authorized by this chapter or the General Appropriations Act. When making assignments, the agency shall take into account the following criteria:

1. A managed care plan has sufficient network capacity to meet the need of members.

2. The managed care plan or MediPass has previously enrolled the recipient as a member, or one of the managed care plan's primary care providers or MediPass providers has previously provided health care to the recipient.

3. The agency has knowledge that the member has previously expressed a preference for a particular managed care plan or MediPass provider as indicated by Medicaid fee-for-service claims data, but has failed to make a choice.

4. The managed care plan's or MediPass primary care providers are geographically accessible to the recipient's residence.

(g) When more than one managed care plan or MediPass provider meets the criteria specified in paragraph (f), the agency shall make recipient assignments consecutively by family unit.

(h) The agency may not engage in practices that are designed to favor one managed care plan over another or that are designed to influence Medicaid recipients to enroll in MediPass rather than in a managed care plan or to enroll in a managed care plan rather than in MediPass. This subsection does not prohibit the agency from reporting on the performance of MediPass or any managed care plan, as measured by performance criteria developed by the agency.

(i) After a recipient has made his or her selection or has been enrolled in a managed care plan or MediPass, the recipient shall have 90 days to exercise the opportunity to voluntarily disenroll and select another managed care plan or MediPass. After 90 days, no further changes may be made except for good cause. Good cause includes, but is not limited to, poor quality of care, lack of access to necessary specialty services, an unreasonable delay or denial of service, or fraudulent enrollment. The agency shall develop criteria for good cause disenrollment for chronically ill and disabled populations who are assigned to managed care plans if more appropriate care is available through the MediPass program. The agency must make a determination as to whether cause exists. However, the agency may require a recipient to use the managed care plan's or MediPass grievance process prior to the agency's determination of cause, except in cases in which immediate risk of permanent damage to the recipient's health is alleged. The grievance process, when utilized, must be completed in time to permit the recipient to disenroll by the first day of the second month after the month the disenrollment request was made. If the managed care plan or MediPass, as a result of the grievance process, approves an enrollee's request to disenroll, the agency is not required to make a determination in the case. The agency must make a determination and take final action on a recipient's request so that disenrollment occurs no later than the first day of the second month after the month the request was made. If the agency fails to act within the specified timeframe, the recipient's request to disenroll is deemed to be approved as of the date agency action was required. Recipients who disagree with the agency's finding that cause does not exist for disenrollment shall be advised of their right to pursue a Medicaid fair hearing to dispute the agency's finding.

(j) The agency shall apply for a federal waiver from the Centers for Medicare and Medicaid Services to lock eligible Medicaid recipients into a managed care plan or MediPass for 12 months after an open enrollment period. After 12 months' enrollment, a recipient may select another managed care plan or MediPass provider. However, nothing shall prevent a Medicaid recipient from changing primary care providers within the managed care plan or MediPass program during the 12-month period.

(k) When a Medicaid recipient does not choose a managed care plan or MediPass provider, the agency shall assign the Medicaid recipient to a managed care plan, except in those counties in which there are fewer than two managed care plans accepting Medicaid enrollees, in which case assignment shall be to a managed care plan or a MediPass provider. Medicaid recipients in counties with fewer than two managed care plans accepting Medicaid enrollees who are subject to mandatory assignment but who fail to make a choice shall be assigned to managed care plans until an enrollment of 35 percent in MediPass and 65 percent in managed care plans, of all those eligible to choose managed care, is achieved. Once that enrollment is achieved, the assignments shall be divided in order to maintain an enrollment in MediPass and managed care plans which is in a 35 percent and 65 percent proportion, respectively. For purposes of this paragraph, when referring to assignment, the term "managed care plans" includes exclusive provider organizations, provider service networks, Children's Medical Services Network, minority physician networks, and pediatric emergency department diversion programs authorized by this chapter or the General Appropriations Act. When making assignments, the agency shall take into account the following criteria:

1. A managed care plan has sufficient network capacity to meet the need of members.

2. The managed care plan or MediPass has previously enrolled the recipient as a member, or one of the managed care plan's primary care providers or MediPass providers has previously provided health care to the recipient.

3. The agency has knowledge that the member has previously expressed a preference for a particular managed care plan or MediPass provider as indicated by Medicaid fee-for-service claims data, but has failed to make a choice.

4. The managed care plan's or MediPass primary care providers are geographically accessible to the recipient's residence.

5. The agency has authority to make mandatory assignments based on quality of service and performance of managed care plans.

(l) If the Medicaid recipient is diagnosed with HIV/AIDS and resides in Broward, Miami-Dade, or Palm Beach Counties, the agency shall assign the Medicaid recipient to a managed care plan that is a health maintenance organization authorized under chapter 641, is under contract with the agency on July 1, 2011, and offers a delivery system through a university-based teaching and research-oriented organization that specializes in providing health care services and treatment for individuals diagnosed with HIV/AIDS.

(m)~~(l)~~ Notwithstanding the provisions of chapter 287, the agency may, at its discretion, renew cost-effective contracts for choice counseling services once or more for such periods as the agency may decide. However, all such renewals may not combine to exceed a total period longer than the term of the original contract.

This subsection expires October 1, 2014.

(3)(a) The agency shall establish quality-of-care standards for managed care plans. These standards shall be based upon, but are not limited to:

1. Compliance with the accreditation requirements as provided in s. 641.512.

2. Compliance with Early and Periodic Screening, Diagnosis, and Treatment screening requirements.

3. The percentage of voluntary disenrollments.

4. Immunization rates.

5. Standards of the National Committee for Quality Assurance and other approved accrediting bodies.

6. Recommendations of other authoritative bodies.

7. Specific requirements of the Medicaid program, or standards designed to specifically assist the unique needs of Medicaid recipients.

8. Compliance with the health quality improvement system as established by the agency, which incorporates standards and guidelines developed by the Medicaid Bureau of the Health Care Financing Administration as part of the quality assurance reform initiative.

(b) For the MediPass program, the agency shall establish standards which are based upon, but are not limited to:

1. Quality-of-care standards which are comparable to those required of managed care plans.

2. Credentialing standards for MediPass providers.

3. Compliance with Early and Periodic Screening, Diagnosis, and Treatment screening requirements.

4. Immunization rates.

5. Specific requirements of the Medicaid program, or standards designed to specifically assist the unique needs of Medicaid recipients.

This subsection expires October 1, 2014.

(4)(a) Each female recipient may select as her primary care provider an obstetrician/gynecologist who has agreed to participate as a MediPass primary care case manager.

(b) The agency shall establish a complaints and grievance process to assist Medicaid recipients enrolled in the MediPass program to resolve complaints and grievances. The agency shall investigate reports of

quality-of-care grievances which remain unresolved to the satisfaction of the enrollee.

This subsection expires October 1, 2014.

(5)(a) The agency shall work cooperatively with the Social Security Administration to identify beneficiaries who are jointly eligible for Medicare and Medicaid and shall develop cooperative programs to encourage these beneficiaries to enroll in a Medicare participating health maintenance organization or prepaid health plans.

(b) The agency shall work cooperatively with the Department of Elderly Affairs to assess the potential cost-effectiveness of providing MediPass to beneficiaries who are jointly eligible for Medicare and Medicaid on a voluntary choice basis. If the agency determines that enrollment of these beneficiaries in MediPass has the potential for being cost-effective for the state, the agency shall offer MediPass to these beneficiaries on a voluntary choice basis in the counties where MediPass operates.

This subsection expires October 1, 2014.

(6) MediPass enrolled recipients may receive up to 10 visits of reimbursable services by participating Medicaid physicians licensed under chapter 460 and up to four visits of reimbursable services by participating Medicaid physicians licensed under chapter 461. Any further visits must be by prior authorization by the MediPass primary care provider. However, nothing in this subsection may be construed to increase the total number of visits or the total amount of dollars per year per person under current Medicaid rules, unless otherwise provided for in the General Appropriations Act. *This subsection expires October 1, 2014.*

~~(7) The agency shall investigate the feasibility of developing managed care plan and MediPass options for the following groups of Medicaid recipients:~~

~~(a) Pregnant women and infants.~~

~~(b) Elderly and disabled recipients, especially those who are at risk of nursing home placement.~~

~~(c) Persons with developmental disabilities.~~

~~(d) Qualified Medicare beneficiaries.~~

~~(e) Adults who have chronic, high-cost medical conditions.~~

~~(f) Adults and children who have mental health problems.~~

~~(g) Other recipients for whom managed care plans and MediPass offer the opportunity of more cost effective care and greater access to qualified providers.~~

~~(8)(a) The agency shall encourage the development of public and private partnerships to foster the growth of health maintenance organizations and prepaid health plans that will provide high-quality health care to Medicaid recipients.~~

~~(b) Subject to the availability of moneys and any limitations established by the General Appropriations Act or chapter 216, the agency is authorized to enter into contracts with traditional providers of health care to low income persons to assist such providers with the technical aspects of cooperatively developing Medicaid prepaid health plans.~~

~~1. The agency may contract with disproportionate share hospitals, county health departments, federally initiated or federally funded community health centers, and counties that operate either a hospital or a community clinic.~~

~~2. A contract may not be for more than $100,000 per year, and no contract may be extended with any particular provider for more than 2 years. The contract is intended only as seed or development funding and requires a commitment from the interested party.~~

~~3. A contract must require participation by at least one community health clinic and one disproportionate share hospital.~~

(7)~~(9)~~(a) The agency shall develop and implement a comprehensive plan to ensure that recipients are adequately informed of their choices and rights under all Medicaid managed care programs and that Medicaid managed care programs meet acceptable standards of quality in patient care, patient satisfaction, and financial solvency.

(b) The agency shall provide adequate means for informing patients of their choice and rights under a managed care plan at the time of eligibility determination.

(c) The agency shall require managed care plans and MediPass providers to demonstrate and document plans and activities, as defined by rule, including outreach and followup, undertaken to ensure that Medicaid recipients receive the health care service to which they are entitled.

This subsection expires October 1, 2014.

(8)~~(10)~~ The agency shall consult with Medicaid consumers and their representatives on an ongoing basis regarding measurements of patient satisfaction, procedures for resolving patient grievances, standards for ensuring quality of care, mechanisms for providing patient access to services, and policies affecting patient care. *This subsection expires October 1, 2014.*

(9)~~(11)~~ The agency may extend eligibility for Medicaid recipients enrolled in licensed and accredited health maintenance organizations for the duration of the enrollment period or for 6 months, whichever is earlier, provided the agency certifies that such an offer will not increase state expenditures. *This subsection expires October 1, 2013.*

(10)~~(12)~~ A managed care plan that has a Medicaid contract shall at least annually review each primary care physician's active patient load and shall ensure that additional Medicaid recipients are not assigned to physicians who have a total active patient load of more than 3,000 patients. As used in this subsection, the term "active patient" means a patient who is seen by the same primary care physician, or by a physician assistant or advanced registered nurse practitioner under the supervision of the primary care physician, at least three times within a calendar year. Each primary care physician shall annually certify to the managed care plan whether or not his or her patient load exceeds the limits established under this subsection and the managed care plan shall accept such certification on face value as compliance with this subsection. The agency shall accept the managed care plan's representations that it is in compliance with this subsection based on the certification of its primary care physicians, unless the agency has an objective indication that access to primary care is being compromised, such as receiving complaints or grievances relating to access to care. If the agency determines that an objective indication exists that access to primary care is being compromised, it may verify the patient load certifications submitted by the managed care plan's primary care physicians and that the managed care plan is not assigning Medicaid recipients to primary care physicians who have an active patient load of more than 3,000 patients. *This subsection expires October 1, 2014.*

(11)~~(13)~~ Effective July 1, 2003, the agency shall adjust the enrollee assignment process of Medicaid managed prepaid health plans for those Medicaid managed prepaid plans operating in Miami-Dade County which have executed a contract with the agency for a minimum of 8 consecutive years in order for the Medicaid managed prepaid plan to maintain a minimum enrollment level of 15,000 members per month. When assigning enrollees pursuant to this subsection, the agency shall give priority to providers that initially qualified under this subsection until such providers reach and maintain an enrollment level of 15,000 members per month. A prepaid health plan that has a statewide Medicaid enrollment of 25,000 or more members is not eligible for enrollee assignments under this subsection. *This subsection expires October 1, 2014.*

(12)~~(14)~~ The agency shall include in its calculation of the hospital inpatient component of a Medicaid health maintenance organization's capitation rate any special payments, including, but not limited to, upper payment limit or disproportionate share hospital payments, made to qualifying hospitals through the fee-for-service program. The agency may seek federal waiver approval or state plan amendment as needed to implement this adjustment.

(13) The agency shall develop a process to enable any recipient with access to employer-sponsored health care coverage to opt out of all eligible plans in the Medicaid program and to use Medicaid financial assistance to pay for the recipient's share of cost in any such employer-sponsored coverage. Contingent on federal approval, the agency shall also enable recipients with access to other insurance or related products that provide access to health care services created pursuant to state law, including any plan or product available pursuant to the Florida Health Choices Program or any health exchange, to opt out. The amount of financial assistance provided for each recipient may not exceed the amount of the Medicaid premium that would have been paid to a plan for that recipient.

(14) The agency shall maintain and operate the Medicaid Encounter Data System to collect, process, store, and report on covered services provided to all Florida Medicaid recipients enrolled in prepaid managed care plans.

(a) Prepaid managed care plans shall submit encounter data electronically in a format that complies with the Health Insurance Portability and Accountability Act provisions for electronic claims and in accordance with deadlines established by the agency. Prepaid managed care plans must certify that the data reported is accurate and complete.

(b) The agency is responsible for validating the data submitted by the plans. The agency shall develop methods and protocols for ongoing analysis of the encounter data that adjusts for differences in characteristics of prepaid plan enrollees to allow comparison of service utilization among plans and against expected levels of use. The analysis shall be used to identify possible cases of systemic underutilization or denials of claims and inappropriate service utilization such as higher-than-expected emergency department encounters. The analysis shall provide periodic feedback to the plans and enable the agency to establish corrective action plans when necessary. One of the focus areas for the analysis shall be the use of prescription drugs.

(15) The agency may establish a per-member, per-month payment for Medicare Advantage Special Needs members that are also eligible for Medicaid as a mechanism for meeting the state's cost-sharing obligation. The agency may also develop a per-member, per-month payment only for Medicaid-covered services for which the state is responsible. The agency shall develop a mechanism to ensure that such per-member, per-month payment enhances the value to the state and enrolled members by limiting cost sharing, enhances the scope of Medicare supplemental benefits that are equal to or greater than Medicaid coverage for select services, and improves care coordination.

(16) The agency shall establish, and managed care plans shall use, a uniform method of accounting for and reporting medical and nonmedical costs.

(a) Managed care plans shall submit financial data electronically in a format that complies with the uniform accounting procedures established by the agency. Managed care plans must certify that the data reported is accurate and complete.

(b) The agency is responsible for validating the financial data submitted by the plans. The agency shall develop methods and protocols for ongoing analysis of data that adjusts for differences in characteristics of plan enrollees to allow comparison among plans and against expected levels of expenditures. The analysis shall be used to identify possible cases of overspending on administrative costs or under spending on medical services.

(17) The agency shall establish and maintain an information system to make encounter data, financial data, and other measures of plan performance to the public and any interested party.

(a) Information submitted by the managed care plans shall be available online as well as in other formats.

(b) Periodic agency reports shall be published that include provide summary as well as plan specific measures of financial performance and service utilization.

(c) Any release of the financial and encounter data submitted by managed care plans shall ensure the confidentiality of personal health information.

(18) The agency may, on a case-by-case basis, exempt a recipient from mandatory enrollment in a managed care plan when the recipient has a unique, time-limited disease or condition-related circumstance and managed care enrollment will interfere with ongoing care because the recipient's provider does not participate in the managed care plans available in the recipient's area.

(19) The agency shall contract with a single provider service network to function as a managing entity for the MediPass program in all counties with fewer than two prepaid plans. The contractor shall be responsible for implementing preauthorization procedures, case management programs, and utilization management initiatives in order to improve care coordination and patient outcomes while reducing costs. The contractor may earn an administrative fee, if the fee is less than any savings determined by the reconciliation process pursuant to s. 409.912(4)(d)1. This subsection expires October 1, 2014, or upon full implementation of the managed medical assistance program, whichever is sooner.

(20) Subject to federal approval, the agency shall contract with a single provider service network to function as a third-party administrator and managing entity for the Medically Needy program in all counties. The contractor shall provide care coordination and utilization management in order to achieve more cost-effective services for Medically Needy enrollees. To facilitate the care management functions of the provider service network, enrollment in the network shall be for a continuous 6-month period or until the end of the contract between the provider service network and the agency, whichever is sooner. Beginning the second month after the determination of eligibility, the contractor may collect a monthly premium from each Medically Needy recipient provided the premium does not exceed the enrollee's share of cost as determined by the Department of Children and Family Services. The contractor must provide a 90-day grace period before disenrolling a Medically Needy recipient for failure to pay premiums. The contractor may earn an administrative fee, if the fee is less than any savings determined by the reconciliation process pursuant to s. 409.912(4)(d)1. Premium revenue collected from the recipients shall be deducted from the contractor's earned savings. This subsection expires October 1, 2014, or upon full implementation of the managed medical assistance program, whichever is sooner.

Section 22. Subsection (15) of section 430.04, Florida Statutes, is amended to read:

430.04 Duties and responsibilities of the Department of Elderly Affairs.—The Department of Elderly Affairs shall:

(15) Administer all Medicaid waivers and programs relating to elders and their appropriations. The waivers include, but are not limited to:

~~(a) The Alzheimer's Dementia Specific Medicaid Waiver as established in s. 430.502(7), (8), and (9).~~

(a)~~(b)~~ The Assisted Living for the Frail Elderly Waiver.

(b)~~(c)~~ The Aged and Disabled Adult Waiver.

(c)~~(d)~~ The Adult Day Health Care Waiver.

(d)~~(e)~~ The Consumer-Directed Care Plus Program as defined in s. 409.221.

(e)~~(f)~~ The Program of All-inclusive Care for the Elderly.

(f)~~(g)~~ The Long-Term Care Community-Based Diversion Pilot Project as described in s. 430.705.

(g)~~(h)~~ The Channeling Services Waiver for Frail Elders.

The department shall develop a transition plan for recipients receiving services in long-term care Medicaid waivers for elders or disabled adults on the date eligible plans become available in each recipient's region defined in s. 409.981(2) to enroll those recipients in eligible plans. This subsection expires October 1, 2014.

Section 23. Section 430.2053, Florida Statutes, is amended to read:

430.2053 Aging resource centers.—

(1) The department, in consultation with the Agency for Health Care Administration and the Department of Children and Family Services, shall develop pilot projects for aging resource centers. ~~By October 31, 2004, the department, in consultation with the agency and the Department of Children and Family Services, shall develop an implementation plan for aging resource centers and submit the plan to the Governor, the President of the Senate, and the Speaker of the House of Representatives. The plan must include qualifications for designation as a center, the functions to be performed by each center, and a process for determining that a current area agency on aging is ready to assume the functions of an aging resource center.~~

~~(2) Each area agency on aging shall develop, in consultation with the existing community care for the elderly lead agencies within their planning and service areas, a proposal that describes the process the area agency on aging intends to undertake to transition to an aging resource center prior to July 1, 2005, and that describes the area agency's compliance with the requirements of this section. The proposals must be submitted to the department prior to December 31, 2004. The department shall evaluate all proposals for readiness and, prior to March 1, 2005, shall select three area agencies on aging which meet the requirements of this section to begin the transition to aging resource centers. Those area agencies on aging which are not selected to begin the transition to aging resource centers shall, in consultation with the department and the existing community care for the elderly lead agencies within their planning and service areas, amend their proposals as necessary and resubmit them to the department prior to July 1, 2005. The department may transition additional area agencies to aging resource centers as it determines that area agencies are in compliance with the requirements of this section.~~

~~(3) The Auditor General and the Office of Program Policy Analysis and Government Accountability (OPPAGA) shall jointly review and assess the department's process for determining an area agency's readiness to transition to an aging resource center.~~

~~(a) The review must, at a minimum, address the appropriateness of the department's criteria for selection of an area agency to transition to an aging resource center, the instruments applied, the degree to which the department accurately determined each area agency's compliance with the readiness criteria, the quality of the technical assistance provided by the department to an area agency in correcting any weaknesses identified in the readiness assessment, and the degree to which each area agency overcame any identified weaknesses.~~

~~(b) Reports of these reviews must be submitted to the appropriate substantive and appropriations committees in the Senate and the House of Representatives on March 1 and September 1 of each year until full transition to aging resource centers has been accomplished statewide, except that the first report must be submitted by February 1, 2005, and must address all readiness activities undertaken through December 31, 2004. The perspectives of all participants in this review process must be included in each report.~~

(2)~~(4)~~ The purposes of an aging resource center shall be:

(a) To provide Florida's elders and their families with a locally focused, coordinated approach to integrating information and referral for all available services for elders with the eligibility determination entities for state and federally funded long-term-care services.

(b) To provide for easier access to long-term-care services by Florida's elders and their families by creating multiple access points to the long-term-care network that flow through one established entity with wide community recognition.

(3)~~(5)~~ The duties of an aging resource center are to:

(a) Develop referral agreements with local community service organizations, such as senior centers, existing elder service providers, volunteer associations, and other similar organizations, to better assist clients who do not need or do not wish to enroll in programs funded by the department or the agency. The referral agreements must also include a protocol, developed and approved by the department, which provides specific actions that an aging resource center and local community service organizations must take when an elder or an elder's representative seeking information on long-term-care services contacts a local community service organization prior to contacting the aging resource center. The protocol shall be designed to ensure that elders and their families are able to access information and services in the most efficient and least cumbersome manner possible.

(b) Provide an initial screening of all clients who request long-term-care services to determine whether the person would be most appropriately served through any combination of federally funded programs, state-funded programs, locally funded or community volunteer programs, or private funding for services.

(c) Determine eligibility for the programs and services listed in subsection *(9)* ~~(11)~~ for persons residing within the geographic area served by the aging resource center and determine a priority ranking for services which is based upon the potential recipient's frailty level and likelihood of institutional placement without such services.

(d) Manage the availability of financial resources for the programs and services listed in subsection *(9)* ~~(11)~~ for persons residing within the geographic area served by the aging resource center.

(e) When financial resources become available, refer a client to the most appropriate entity to begin receiving services. The aging resource center shall make referrals to lead agencies for service provision that ensure that individuals who are vulnerable adults in need of services pursuant to s. 415.104(3)(b), or who are victims of abuse, neglect, or exploitation in need of immediate services to prevent further harm and are referred by the adult protective services program, are given primary consideration for receiving community-care-for-the-elderly services in compliance with the requirements of s. 430.205(5)(a) and that other referrals for services are in compliance with s. 430.205(5)(b).

(f) Convene a work group to advise in the planning, implementation, and evaluation of the aging resource center. The work group shall be comprised of representatives of local service providers, Alzheimer's Association chapters, housing authorities, social service organizations, advocacy groups, representatives of clients receiving services through the aging resource center, and any other persons or groups as determined by the department. The aging resource center, in consultation with the work group, must develop annual program improvement plans that shall be submitted to the department for consideration. The department shall review each annual improvement plan and make recommendations on how to implement the components of the plan.

(g) Enhance the existing area agency on aging in each planning and service area by integrating, either physically or virtually, the staff and services of the area agency on aging with the staff of the department's local CARES Medicaid ~~nursing home~~ preadmission screening unit and a sufficient number of staff from the Department of Children and Family Services' Economic Self-Sufficiency Unit necessary to determine the financial eligibility for all persons age 60 and older residing within the area served by the aging resource center that are seeking Medicaid services, Supplemental Security Income, and food assistance.

(h) Assist clients who request long-term care services in being evaluated for eligibility for enrollment in the Medicaid long-term care managed care program as eligible plans become available in each of the regions pursuant to s. 409.981(2).

(i) Provide enrollment and coverage information to Medicaid managed long-term care enrollees as qualified plans become available in each of the regions pursuant to s. 409.981(2).

(j) Assist Medicaid recipients enrolled in the Medicaid long-term care managed care program with informally resolving grievances with a managed care network and assist Medicaid recipients in accessing the managed care network's formal grievance process as eligible plans become available in each of the regions defined in s. 409.981(2).

(4)~~(6)~~ The department shall select the entities to become aging resource centers based on each entity's readiness and ability to perform the duties listed in subsection *(3)* ~~(5)~~ and the entity's:

(a) Expertise in the needs of each target population the center proposes to serve and a thorough knowledge of the providers that serve these populations.

(b) Strong connections to service providers, volunteer agencies, and community institutions.

(c) Expertise in information and referral activities.

(d) Knowledge of long-term-care resources, including resources designed to provide services in the least restrictive setting.

(e) Financial solvency and stability.

(f) Ability to collect, monitor, and analyze data in a timely and accurate manner, along with systems that meet the department's standards.

(g) Commitment to adequate staffing by qualified personnel to effectively perform all functions.

(h) Ability to meet all performance standards established by the department.

(5)~~(7)~~ The aging resource center shall have a governing body which shall be the same entity described in s. 20.41(7), and an executive director who may be the same person as described in s. 20.41(7). The governing body shall annually evaluate the performance of the executive director.

(6)~~(8)~~ The aging resource center may not be a provider of direct services other than information and referral services*,* and screening.

(7)~~(9)~~ The aging resource center must agree to allow the department to review any financial information the department determines is necessary for monitoring or reporting purposes, including financial relationships.

(8)~~(10)~~ The duties and responsibilities of the community care for the elderly lead agencies within each area served by an aging resource center shall be to:

(a) Develop strong community partnerships to maximize the use of community resources for the purpose of assisting elders to remain in their community settings for as long as it is safely possible.

(b) Conduct comprehensive assessments of clients that have been determined eligible and develop a care plan consistent with established protocols that ensures that the unique needs of each client are met.

(9)~~(11)~~ The services to be administered through the aging resource center shall include those funded by the following programs:

(a) Community care for the elderly.

(b) Home care for the elderly.

(c) Contracted services.

(d) Alzheimer's disease initiative.

(e) Aged and disabled adult Medicaid waiver. *This paragraph expires October 1, 2013.*

(f) Assisted living for the frail elderly Medicaid waiver. *This paragraph expires October 1, 2013.*

(g) Older Americans Act.

(10)~~(12)~~ The department shall, prior to designation of an aging resource center, develop by rule operational and quality assurance standards and outcome measures to ensure that clients receiving services through all long-term-care programs administered through an aging resource center are receiving the appropriate care they require and that contractors and subcontractors are adhering to the terms of their contracts and are acting in the best interests of the clients they are serving, consistent with the intent of the Legislature to reduce the use of and cost of nursing home care. The department shall by rule provide operating procedures for aging resource centers, which shall include:

(a) Minimum standards for financial operation, including audit procedures.

(b) Procedures for monitoring and sanctioning of service providers.

(c) Minimum standards for technology utilized by the aging resource center.

(d) Minimum staff requirements which shall ensure that the aging resource center employs sufficient quality and quantity of staff to adequately meet the needs of the elders residing within the area served by the aging resource center.

(e) Minimum accessibility standards, including hours of operation.

(f) Minimum oversight standards for the governing body of the aging resource center to ensure its continuous involvement in, and accountability for, all matters related to the development, implementation, staffing, administration, and operations of the aging resource center.

(g) Minimum education and experience requirements for executive directors and other executive staff positions of aging resource centers.

(h) Minimum requirements regarding any executive staff positions that the aging resource center must employ and minimum requirements that a candidate must meet in order to be eligible for appointment to such positions.

(11)~~(13)~~ In an area in which the department has designated an area agency on aging as an aging resource center, the department and the agency shall not make payments for the services listed in subsection *(9)* ~~(11)~~ and the Long-Term Care Community Diversion Project for such persons who were not screened and enrolled through the aging resource center. *The department shall cease making payments for recipients in eligible plans as eligible plans become available in each of the regions defined in s. 409.981(2).*

(12)~~(14)~~ Each aging resource center shall enter into a memorandum of understanding with the department for collaboration with the CARES unit staff. The memorandum of understanding shall outline the staff person responsible for each function and shall provide the staffing levels necessary to carry out the functions of the aging resource center.

(13)~~(15)~~ Each aging resource center shall enter into a memorandum of understanding with the Department of Children and Family Services for collaboration with the Economic Self-Sufficiency Unit staff. The memorandum of understanding shall outline which staff persons are responsible for which functions and shall provide the staffing levels necessary to carry out the functions of the aging resource center.

(14)~~(16)~~ If any of the state activities described in this section are outsourced, either in part or in whole, the contract executing the outsourcing shall mandate that the contractor or its subcontractors shall, either physically or virtually, execute the provisions of the memorandum of understanding instead of the state entity whose function the contractor or subcontractor now performs.

(15)~~(17)~~ In order to be eligible to begin transitioning to an aging resource center, an area agency on aging board must ensure that the area agency on aging which it oversees meets all of the minimum requirements set by law and in rule.

~~(18) The department shall monitor the three initial projects for aging resource centers and report on the progress of those projects to the Governor, the President of the Senate, and the Speaker of the House of Representatives by June 30, 2005. The report must include an evaluation of the implementation process.~~

(16)~~(19)~~(a) Once an aging resource center is operational, the department, in consultation with the agency, may develop capitation rates for any of the programs administered through the aging resource center. Capitation rates for programs shall be based on the historical cost experience of the state in providing those same services to the population age 60 or older residing within each area served by an aging resource center. Each capitated rate may vary by geographic area as determined by the department.

(b) The department and the agency may determine for each area served by an aging resource center whether it is appropriate, consistent with federal and state laws and regulations, to develop and pay separate capitated rates for each program administered through the aging resource center or to develop and pay capitated rates for service packages which include more than one program or service administered through the aging resource center.

(c) Once capitation rates have been developed and certified as actuarially sound, the department and the agency may pay service providers the capitated rates for services when appropriate.

(d) The department, in consultation with the agency, shall annually reevaluate and recertify the capitation rates, adjusting forward to account for inflation, programmatic changes.

~~(20) The department, in consultation with the agency, shall submit to the Governor, the President of the Senate, and the Speaker of the House of Representatives, by December 1, 2006, a report addressing the feasibility of administering the following services through aging resource centers beginning July 1, 2007:~~

~~(a) Medicaid nursing home services.~~

~~(b) Medicaid transportation services.~~

~~(c) Medicaid hospice care services.~~

~~(d) Medicaid intermediate care services.~~

~~(e) Medicaid prescribed drug services.~~

~~(f) Medicaid assistive care services.~~

~~(g) Any other long term care program or Medicaid service.~~

(17)~~(21)~~ This section shall not be construed to allow an aging resource center to restrict, manage, or impede the local fundraising activities of service providers.

Section 24. *Effective October 1, 2013, sections 430.701, 430.702, 430.703, 430.7031, 430.704, 430.705, 430.706, 430.707, 430.708, and 430.709, Florida Statutes, are repealed.*

Section 25. *Sections 409.9301, 409.942, 409.944, 409.945, 409.946, 409.953, and 409.9531, Florida Statutes, are renumbered as sections 402.81, 402.82, 402.83, 402.84, 402.85, 402.86, and 402.87, Florida Statutes, respectively.*

Section 26. Paragraph (a) of subsection (1) of section 443.111, Florida Statutes, is amended to read:

443.111 Payment of benefits.—

(1) MANNER OF PAYMENT.—Benefits are payable from the fund in accordance with rules adopted by the Agency for Workforce Innovation, subject to the following requirements:

(a) Benefits are payable by mail or electronically. Notwithstanding *s. 402.82(4)* ~~s. 409.942(4)~~, the agency may develop a system for the payment of benefits by electronic funds transfer, including, but not limited to, debit cards, electronic payment cards, or any other means of electronic payment that the agency deems to be commercially viable or cost-effective. Commodities or services related to the development of such a system shall be procured by competitive solicitation, unless they are purchased from a state term contract pursuant to s. 287.056. The agency shall adopt rules necessary to administer the system.

Section 27. Subsection (4) of section 641.386, Florida Statutes, is amended to read:

641.386 Agent licensing and appointment required; exceptions.—

(4) All agents and health maintenance organizations shall comply with and be subject to the applicable provisions of ss. 641.309 and 409.912*(20)*~~(21)~~, and all companies and entities appointing agents shall comply with s. 626.451, when marketing for any health maintenance organization licensed pursuant to this part, including those organizations under contract with the Agency for Health Care Administration to provide health care services to Medicaid recipients or any private entity providing health care services to Medicaid recipients pursuant to a prepaid health plan contract with the Agency for Health Care Administration.

Section 28. Subsections (6) and (7) of section 766.118, Florida Statutes, are renumbered as subsections (7) and (8), respectively, and a new subsection (6) is added to that section, to read:

766.118 Determination of noneconomic damages.—

(6) LIMITATION ON NONECONOMIC DAMAGES FOR NEGLIGENCE OF A PRACTITIONER PROVIDING SERVICES AND CARE TO A MEDICAID RECIPIENT.—Notwithstanding subsections (2), (3), and (5), with respect to a cause of action for personal injury or wrongful death arising from medical negligence of a practitioner committed in the course of providing medical services and medical care to a Medicaid recipient, regardless of the number of such practitioner defendants providing the services and care, noneconomic damages may not exceed $300,000 per claimant, unless the claimant pleads and proves, by clear and convincing evidence, that the practitioner acted in a wrongful manner. A practitioner providing medical services and medical care to a Medicaid recipient is not liable for more than $200,000 in noneconomic damages, regardless of the number of claimants, unless the claimant pleads and proves, by clear and convincing evidence, that the practitioner acted in a wrongful manner. The fact that a claimant proves that a practitioner acted in a wrongful manner does not preclude the application of the limitation on noneconomic damages prescribed elsewhere in this section. For purposes of this subsection:

(a) The terms "medical services," "medical care," and "Medicaid recipient" have the same meaning as provided in s. 409.901.

(b) The term "practitioner," in addition to the meaning prescribed in subsection (1), includes any hospital, ambulatory surgical center, or mobile surgical facility as defined and licensed under chapter 395.

(c) The term "wrongful manner" means in bad faith or with malicious purpose or in a manner exhibiting wanton and willful disregard of human rights, safety, or property, and shall be construed in conformity with the standard set forth in s. 768.28(9)(a).

Section 29. *The Agency for Health Care Administration shall develop a plan for implementing a plan for medically needy Medicaid enrollees pursuant to s. 409.975(8), Florida Statutes, as created in HB 7107 or similar legislation that is adopted in the same legislative session or an extension thereof and becomes law, and shall immediately seek federal approval to implement that subsection. The plan shall include a preliminary calculation of actuarially sound rates and estimated fiscal impact.*

Section 30. *The Agency for Health Care Administration shall develop a reorganization plan for realignment of administrative resources of the Medicaid program to respond to changes in functional responsibilities and priorities necessary for implementation of HB 7107 or similar legislation that is adopted in the same legislative session or an extension thereof and becomes law. The plan shall assess the agency's current capabilities, identify shifts in staffing and other resources necessary to strengthen procurement and contract monitoring functions, and establish an implementation timeline. The plan shall be submitted to the Governor, the Speaker of the House of Representatives, and the President of the Senate by August 1, 2011.*

Section 31. Subsection (1) of section 393.0662, Florida Statutes, is amended to read:

393.0662 Individual budgets for delivery of home and community-based services; iBudget system established.—The Legislature finds that improved financial management of the existing home and community-based Medicaid waiver program is necessary to avoid deficits that impede the provision of services to individuals who are on the waiting list for enrollment in the program. The Legislature further finds that clients and their families should have greater flexibility to choose the services that best allow them to live in their community within the limits of an established budget. Therefore, the Legislature intends that the agency, in consultation with the Agency for Health Care Administration, develop and implement a comprehensive redesign of the service delivery system using individual budgets as the basis for allocating the funds appropriated for the home and community-based services Medicaid waiver program among eligible enrolled clients. The service delivery system that uses individual budgets shall be called the iBudget system.

(1) The agency shall establish an individual budget, referred to as an iBudget, for each individual served by the home and community-based services Medicaid waiver program. The funds appropriated to the agency shall be allocated through the iBudget system to eligible, Medicaid-enrolled clients. *For the iBudget system, eligible clients shall include in-*

dividuals with a diagnosis of Down syndrome or a developmental disability as defined in s. 393.063. The iBudget system shall be designed to provide for: enhanced client choice within a specified service package; appropriate assessment strategies; an efficient consumer budgeting and billing process that includes reconciliation and monitoring components; a redefined role for support coordinators that avoids potential conflicts of interest; a flexible and streamlined service review process; and a methodology and process that ensures the equitable allocation of available funds to each client based on the client's level of need, as determined by the variables in the allocation algorithm.

(a) In developing each client's iBudget, the agency shall use an allocation algorithm and methodology. The algorithm shall use variables that have been determined by the agency to have a statistically validated relationship to the client's level of need for services provided through the home and community-based services Medicaid waiver program. The algorithm and methodology may consider individual characteristics, including, but not limited to, a client's age and living situation, information from a formal assessment instrument that the agency determines is valid and reliable, and information from other assessment processes.

(b) The allocation methodology shall provide the algorithm that determines the amount of funds allocated to a client's iBudget. The agency may approve an increase in the amount of funds allocated, as determined by the algorithm, based on the client having one or more of the following needs that cannot be accommodated within the funding as determined by the algorithm and having no other resources, supports, or services available to meet the need:

1. An extraordinary need that would place the health and safety of the client, the client's caregiver, or the public in immediate, serious jeopardy unless the increase is approved. An extraordinary need may include, but is not limited to:

a. A documented history of significant, potentially life-threatening behaviors, such as recent attempts at suicide, arson, nonconsensual sexual behavior, or self-injurious behavior requiring medical attention;

b. A complex medical condition that requires active intervention by a licensed nurse on an ongoing basis that cannot be taught or delegated to a nonlicensed person;

c. A chronic comorbid condition. As used in this subparagraph, the term "comorbid condition" means a medical condition existing simultaneously but independently with another medical condition in a patient; or

d. A need for total physical assistance with activities such as eating, bathing, toileting, grooming, and personal hygiene.

However, the presence of an extraordinary need alone does not warrant an increase in the amount of funds allocated to a client's iBudget as determined by the algorithm.

2. A significant need for one-time or temporary support or services that, if not provided, would place the health and safety of the client, the client's caregiver, or the public in serious jeopardy, unless the increase is approved. A significant need may include, but is not limited to, the provision of environmental modifications, durable medical equipment, services to address the temporary loss of support from a caregiver, or special services or treatment for a serious temporary condition when the service or treatment is expected to ameliorate the underlying condition. As used in this subparagraph, the term "temporary" means a period of fewer than 12 continuous months. However, the presence of such significant need for one-time or temporary supports or services alone does not warrant an increase in the amount of funds allocated to a client's iBudget as determined by the algorithm.

3. A significant increase in the need for services after the beginning of the service plan year that would place the health and safety of the client, the client's caregiver, or the public in serious jeopardy because of substantial changes in the client's circumstances, including, but not limited to, permanent or long-term loss or incapacity of a caregiver, loss of services authorized under the state Medicaid plan due to a change in age, or a significant change in medical or functional status which requires the provision of additional services on a permanent or long-term basis that cannot be accommodated within the client's current iBudget. As used in this subparagraph, the term "long-term" means a period of 12 or more continuous months. However, such significant increase in need for services of a permanent or long-term nature alone does not warrant an increase in the amount of funds allocated to a client's iBudget as determined by the algorithm.

The agency shall reserve portions of the appropriation for the home and community-based services Medicaid waiver program for adjustments required pursuant to this paragraph and may use the services of an independent actuary in determining the amount of the portions to be reserved.

(c) A client's iBudget shall be the total of the amount determined by the algorithm and any additional funding provided pursuant to paragraph (b). A client's annual expenditures for home and community-based services Medicaid waiver services may not exceed the limits of his or her iBudget. The total of all clients' projected annual iBudget expenditures may not exceed the agency's appropriation for waiver services.

Section 32. Section 409.902, Florida Statutes, is amended to read:

409.902 Designated single state agency; payment requirements; program title; release of medical records.—

(1) The Agency for Health Care Administration is designated as the single state agency authorized to make payments for medical assistance and related services under Title XIX of the Social Security Act. These payments shall be made, subject to any limitations or directions provided for in the General Appropriations Act, only for services included in the program, shall be made only on behalf of eligible individuals, and shall be made only to qualified providers in accordance with federal requirements for Title XIX of the Social Security Act and the provisions of state law. This program of medical assistance is designated the "Medicaid program." The Department of Children and Family Services is responsible for Medicaid eligibility determinations, including, but not limited to, policy, rules, and the agreement with the Social Security Administration for Medicaid eligibility determinations for Supplemental Security Income recipients, as well as the actual determination of eligibility. As a condition of Medicaid eligibility, subject to federal approval, the Agency for Health Care Administration and the Department of Children and Family Services shall ensure that each recipient of Medicaid consents to the release of her or his medical records to the Agency for Health Care Administration and the Medicaid Fraud Control Unit of the Department of Legal Affairs.

(2) Eligibility is restricted to United States citizens and to lawfully admitted noncitizens who meet the criteria provided in s. 414.095(3).

(a) Citizenship or immigration status must be verified. For noncitizens, this includes verification of the validity of documents with the United States Citizenship and Immigration Services using the federal SAVE verification process.

(b) State funds may not be used to provide medical services to individuals who do not meet the requirements of this subsection unless the services are necessary to treat an emergency medical condition or are for pregnant women. Such services are authorized only to the extent provided under federal law and in accordance with federal regulations as provided in 42 C.F.R. s. 440.255.

Section 33. Subsection (22) is added to section 641.19, Florida Statutes, to read:

641.19 Definitions.—As used in this part, the term:

(22) "Provider service network" means a network authorized under s. 409.912(4)(d), reimbursed on a prepaid basis, operated by a health care provider or group of affiliated health care providers, and which directly provides health care services under a Medicare, Medicaid, or Healthy Kids contract.

Section 34. Section 641.2019, Florida Statutes, is created to read:

641.2019 Provider service network certificate of authority.—A prepaid provider service network that applies for and obtains a health care provider certificate pursuant to part III of this chapter, meets the surplus requirements of s. 641.225, and meets all other applicable requirements of this part may obtain a certificate of authority under s. 641.21. A certified

provider service network has the same rights and responsibilities as a health maintenance organization certified under this part.

Section 35. Subsection (2) of section 641.2261, Florida Statutes, is amended to read:

641.2261 Application of solvency requirements to provider-sponsored organizations and Medicaid provider service networks.—

(2) *Except for a provider service network seeking to obtain a certificate of authority under s. 641.2019,* the solvency requirements in 42 C.F.R. s. 422.350, subpart H, and the solvency requirements established in approved federal waivers pursuant to chapter 409 apply to a Medicaid provider service network rather than the solvency requirements of this part.

Section 36. *If any provision of this act or its application to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.*

Section 37. Except as otherwise expressly provided in this act, this act shall take effect July 1, 2011, if HB 7107 or similar legislation is adopted in the same legislative session or an extension thereof and becomes law.

And the title is amended as follows:

Delete everything before the enacting clause and insert: A bill to be entitled An act relating to Medicaid; amending s. 393.0661, F.S.; requiring the Agency for Persons with Disabilities to collect premiums or cost sharing for a home and community-based delivery system; providing that implementation of Medicaid waiver programs and services authorized under ch. 393, F.S., are subject to certain funding limitations; requiring that certain provisions relating to agency cost containment initiatives be included in contracts with independent support coordinators and service providers; providing for establishment of agency corrective action plans and redesign of the waiver program under certain circumstances; requiring the plan to be submitted to the Legislature; amending s. 393.063, F.S.; defining the term "Down syndrome"; amending s. 408.040, F.S.; prohibiting the agency from imposing sanctions related to patient day utilization by patients eligible for care under Title XIX of the Social Security Act for a nursing home, effective on a specified date; amending s. 408.0435, F.S.; extending the certificate-of-need moratorium for additional community nursing home beds; designating ss. 409.016-409.803, F.S., as pt. I of ch. 409, F.S., and entitling the part "Social and Economic Assistance"; designating ss. 409.810-409.821, F.S., as pt. II of ch. 409, F.S., and entitling the part "Kidcare"; designating ss. 409.901-409.9205, F.S., as part III of ch. 409, F.S., and entitling the part "Medicaid"; amending s. 409.9021, F.S.; revising the time period during which a Medicaid applicant must agree to forfeiture of all entitlements upon a judicial or administrative finding of fraud; amending s. 409.905, F.S.; requiring the Agency for Health Care Administration to set reimbursements rates for hospitals that provide Medicaid services based on allowable-cost reporting from the hospitals; removing requirements for prior authorization for the provision of certain services; providing the methodology for the rate calculation and adjustments; requiring the rates to be subject to certain limits or ceilings; authorizing the agency to require prior authorization of home health services under certain conditions; providing that exemptions to the limits or ceilings may be provided in the General Appropriations Act; deleting provisions relating to agency adjustments to a hospital's inpatient per diem rate; directing the agency to develop a plan to convert inpatient hospital rates to a prospective payment system that categorizes each case into diagnosis-related groups; requiring a report to the Governor and Legislature; amending s. 409.906, F.S.; providing conditions under which the agency shall seek federal approval to develop a system to require payment of premiums or other cost sharing by the parents of certain children receiving Medicaid home and community-based waiver services; authorizing the Department of Children and Family Services to collect certain income information; requiring a report to the Legislature; amending s. 409.907, F.S.; providing additional requirements for provider agreements for Medicare crossover providers; providing that the agency is not obligated to enroll certain providers as Medicare crossover providers; specifying additional requirements for certain providers; providing the agency may establish additional criteria for providers to promote program integrity; amending s. 409.908, F.S.; revising provisions relating to reimbursement of Medicaid direct care providers to include additional, specified medically necessary care; amending s. 409.9081, F.S.; providing conditions for copayments by Medicaid recipients for nonemergency care and services provided in a hospital emergency; amending s. 409.911, F.S.; providing for expiration of the Medicaid Low-Income Pool Council; amending s. 409.912, F.S.; providing payment requirements for provider service networks; providing for the expiration of various provisions relating to agency contracts and agreements with certain entities on specified dates to conform to the reorganization of Medicaid managed care; requiring the agency to contract on a prepaid or fixed-sum basis with certain prepaid dental health plans; eliminating obsolete provisions and updating provisions, to conform; amending ss. 409.91195 and 409.91196, F.S.; conforming cross-references; repealing s. 409.91207, F.S., relating to the medical home pilot project; amending s. 409.91211, F.S.; conforming cross-references; providing for future repeal of s. 409.91211, F.S., relating to the Medicaid managed care pilot program; amending s. 409.9122, F.S.; providing for the expiration of provisions relating to mandatory enrollment in a Medicaid managed care plan or MediPass on specified dates to conform to the reorganization of Medicaid managed care; eliminating obsolete provisions; providing for the agency to assign Medicaid recipients with HIV/AIDS in specified counties to a managed care plan that is a health maintenance organization under certain conditions; requiring the agency to develop a process to enable any recipient with access to employer-sponsored coverage to opt out of eligible plans in the Medicaid program; requiring the agency, contingent on federal approval, to enable recipients with access to other coverage or related products that provide access to specified health care services to opt out of eligible plans in the Medicaid program; requiring the agency to maintain and operate the Medicaid Encounter Data System; requiring the agency to conduct a review of encounter data and publish the results of the review before adjusting rates for prepaid plans; authorizing the agency to establish a designated payment for specified Medicare Advantage Special Needs members; authorizing the agency to develop a designated payment for Medicaid-only covered services for which the state is responsible; requiring the agency to establish, and managed care plans to use, a uniform method of accounting for and reporting medical and nonmedical costs; authorizing the agency to create exceptions to mandatory enrollment in managed care under specified circumstances; requiring the agency to contract with a provider service network to function as a third-party administrator and managing entity for the MediPass program; providing contract provisions; providing for the expiration of such contract requirements on a specified date; requiring the agency to contract with a single provider service network to function as a third-party administrator and managing entity for the Medically Needy program; providing contract provisions; providing for the expiration of such contract requirements on a specified date; amending s. 430.04, F.S.; eliminating obsolete provisions; requiring the Department of Elderly Affairs to develop a transition plan for specified elders and disabled adults receiving long-term care Medicaid services when eligible plans become available; providing for expiration of the plan; amending s. 430.2053, F.S.; eliminating obsolete provisions; providing additional duties of aging resource centers; providing an additional exception to direct services that may not be provided by an aging resource center; providing an expiration date for certain services administered through aging resource centers; providing for the cessation of specified payments by the department as eligible plans become available; providing for a memorandum of understanding between the agency and aging resource centers under certain circumstances; eliminating provisions requiring reports; repealing s. 430.701, F.S., relating to legislative findings and intent and approval for action relating to provider enrollment levels; repealing s. 430.702, F.S., relating to the Long-Term Care Community Diversion Pilot Project Act; repealing s. 430.703, F.S., relating to definitions; repealing s. 430.7031, F.S., relating to the nursing home transition program; repealing s. 430.704, F.S., relating to evaluation of long-term care through the pilot projects; repealing s. 430.705, F.S., relating to implementation of long-term care community diversion pilot projects; repealing s. 430.706, F.S., relating to quality of care; repealing s. 430.707, F.S., relating to contracts; repealing s. 430.708, F.S., relating to certificate of need; repealing s. 430.709, F.S., relating to reports and evaluations; renumbering ss. 409.9301, 409.942, 409.944, 409.945, 409.946, 409.953, and 409.9531, F.S., as ss. 402.81, 402.82, 402.83, 402.84, 402.85, 402.86, and 402.87, F.S., respectively; amending ss. 443.111 and 641.386, F.S.; conforming cross-references; amending s. 766.118, F.S.; providing a limitation on noneconomic damages for negligence of practitioners providing medical services and medical care to Medicaid recipients; defining terms for purposes of the limitation; requiring the agency to develop a plan to implement and seek federal

approval for the medically needy program for Medicaid enrollees; requiring the agency to develop a reorganization plan for realignment of administrative resources of the Medicaid program; requiring the plan to be submitted to the Governor and Legislature; amending s. 393.0662, F.S.; including certain individuals with Down syndrome or a developmental disability as eligible to participate in the iBudget system; amending s. 409.902, F.S.; restricting Medicaid eligibility to citizens of the United States who meet certain criteria; amending s. 641.19, F.S.; defining the term "provider service network" for purposes of pt. I of ch. 641, F.S.; creating s. 641.2019, F.S.; providing conditions under which a prepaid provider service network may obtain a certificate of authority under s. 641.21, F.S.; amending s. 641.2261, F.S.; providing an exception for provider service networks from certain federal solvency requirements; providing for severability; providing effective dates and a contingent effective date.

MOTION

On motion by Senator Storms, by the required two-thirds vote, consideration of the following amendment was allowed:

Senator Storms moved the following amendment to **Amendment 1** which failed:

Amendment 1A (440090) (with title amendment)—Delete lines 3714-3750.

And the title is amended as follows:

Delete lines 4147-4151 and insert: conforming cross-references;

MOTION

On motion by Senator Siplin, by the required two-thirds vote, consideration of the following amendment was allowed:

Senator Siplin moved the following amendment to **Amendment 1** which failed:

Amendment 1B (374034) (with title amendment)—Between lines 3971 and 3972 insert:

Section 36. Subsection (8) is added to section 400.023, Florida Statutes, to read:

400.023 Civil enforcement.—

(8) Notwithstanding any other provision of law, noneconomic damages may not exceed a total of $500,000 per resident regarding a cause of action for wrongful death brought under this part which arises from a claim for violation of a resident's rights or negligence when providing services and care to Medicaid recipients as defined in s. 409.901.

And the title is amended as follows:

Delete line 4171 and insert: solvency requirements; amending s. 400.023, F.S.; providing a limit on noneconomic damages for a cause for wrongful death brought under part II of ch. 400, F.S., which arises from a claim for violation of a resident's rights or negligence when providing services and care to Medicaid recipients; providing for severablity

The question recurred on **Amendment 1** which was adopted.

Pursuant to Rule 4.19, **CS for HB 7109** as amended was placed on the calendar of Bills on Third Reading.

MOTIONS RELATING TO COMMITTEE REFERENCE

On motion by Senator Thrasher, by two-thirds vote **CS for SB 376** was withdrawn from the Committees on Budget; and Rules; **CS for CS for SB 934**, **CS for SB 2090**, and **SB 1282** were withdrawn from the Committee on Budget; and **SJR 1218** was withdrawn from the Committees on Budget; Children, Families, and Elder Affairs; and Education Pre-K - 12.

MOTIONS

On motion by Senator Thrasher, by two-thirds vote **CS for SB 822**, **CS for SB 2062**, **CS for CS for SB 866**, **SB 2056**, **CS for SB 2090**, **CS for CS for SB 196**, **CS for SB 42**, **CS for SB 54**, **SB 404**, **CS for SB 1384**, **SB 1282**, and **CS for SB 414** were placed on the Special Order Calendar.

On motion by Senator Thrasher, the rules were waived and time of recess was extended until 8:00 p.m.

SPECIAL ORDER CALENDAR

On motion by Senator Evers, by unanimous consent—

CS for CS for SB 476—A bill to be entitled An act relating to public lodging establishments; amending s. 509.032, F.S.; conforming provisions to changes made by the act; prohibiting local governments from regulating vacation rentals based solely on their classification or use; providing an exception; amending ss. 509.221 and 509.241, F.S.; conforming provisions to changes made by the act; amending s. 509.242, F.S.; providing that public lodging establishments formerly classified as resort condominiums and resort dwellings are classified as vacation rentals; defining the term "vacation rental"; amending s. 509.251, F.S.; conforming provisions to changes made by the act; amending s. 509.261, F.S.; revising mandatory education requirements for certain violations; amending s. 509.291, F.S.; revising membership of the advisory council of the Division of Hotels and Restaurants of the Department of Business and Professional Regulation; requiring the Florida Vacation Rental Managers Association to designate a member to serve on the advisory council; amending ss. 381.008 and 386.203, F.S.; conforming provisions to changes made by the act; providing a short title; amending s. 509.144, F.S.; revising the definition of the term "handbill"; providing additional penalties for the offense of unlawfully distributing handbills in a public lodging establishment; specifying that certain items used in committing such offense are subject to seizure and forfeiture under the Florida Contraband Forfeiture Act; creating s. 901.1503, F.S.; authorizing a law enforcement officer to give a notice to appear to a person without a warrant when there is probable cause to believe the person violated s. 509.144, F.S., and the owner or manager of the public lodging establishment, and one additional affiant, signs an affidavit containing information supporting the determination of probable cause; amending s. 932.701, F.S.; revising the definition of the term "contraband article"; providing that specified portions of the act do not affect or impede specified statutory provisions or any protection or right guaranteed by the Second Amendment to the United States Constitution; providing an effective date.

—was taken up out of order and read the second time by title.

An amendment was considered and adopted to conform **CS for CS for SB 476** to **CS for CS for CS for HB 883**.

Pending further consideration of **CS for CS for SB 476** as amended, on motion by Senator Evers, by two-thirds vote **CS for CS for CS for HB 883** was withdrawn from the Committees on Regulated Industries; Judiciary; and Budget.

On motion by Senator Evers—

CS for CS for CS for HB 883—A bill to be entitled An act relating to public lodging establishments and public food service establishments; amending s. 509.013, F.S.; excluding nonprofit organizations providing certain housing from the definition of "public lodging establishment"; amending s. 509.032, F.S.; conforming provisions to changes made by the act; prohibiting local governments from regulating, restricting, or prohibiting vacation rentals based solely on their classification, use, or occupancy; providing exceptions; revising authority preempted to the state with regard to regulation of public lodging establishments and public food service establishments; amending ss. 509.221 and 509.241, F.S.; conforming provisions to changes made by the act; amending s. 509.242, F.S.; providing that public lodging establishments formerly classified as resort condominiums and resort dwellings are classified as vacation rentals; defining the term "vacation rental"; amending s. 509.251, F.S.; conforming provisions to changes made by the act; amending s. 509.261, F.S.; revising penalties for public lodging establishments and public food service establishments operating without a valid license; amending s.

509.291, F.S.; revising membership of the advisory council of the Division of Hotels and Restaurants of the Department of Business and Professional Regulation; requiring the Florida Vacation Rental Managers Association to designate a member to serve on the advisory council; amending ss. 381.008 and 386.203, F.S.; conforming provisions to changes made by the act; providing a short title; amending s. 509.144, F.S.; revising definitions; providing additional penalties for the offense of unlawfully distributing handbills in a public lodging establishment; specifying that certain items used in committing such offense are subject to seizure and forfeiture under the Florida Contraband Forfeiture Act; creating s. 901.1503, F.S.; authorizing a law enforcement officer to give a notice to appear to a person without a warrant when there is probable cause to believe the person violated s. 509.144, F.S., and the owner or manager of the public lodging establishment and one additional affiant sign an affidavit containing information supporting the determination of probable cause; amending s. 932.701, F.S.; revising the definition of the term "contraband article"; providing that specified portions of the act do not affect or impede specified statutory provisions or any protection or right guaranteed by the Second Amendment to the United States Constitution; providing an effective date.

—a companion measure, was substituted for **CS for CS for SB 476** as amended and read the second time by title.

Pursuant to Rule 4.19, **CS for CS for CS for HB 883** was placed on the calendar of Bills on Third Reading.

MOTION

On motion by Senator Thrasher, by two-thirds vote **CS for SB 376** and **SJR 1218** were placed on the Special Order Calendar.

MESSAGES FROM THE HOUSE OF REPRESENTATIVES

The Honorable Mike Haridopolos, President

I am directed to inform the Senate that the House of Representatives has returned as requested SM 954.

Robert L. "Bob" Ward, Clerk

RECONSIDERATION OF BILL

On motion by Senator Flores, the Senate reconsidered the vote by which—

SM 954—A memorial to the Congress of the United States, urging Congress to propose to the states for ratification an amendment to the United States Constitution relating to parental rights.

WHEREAS, the right of parents to direct the upbringing and education of their children is a fundamental right protected by the Constitutions of the United States and the State of Florida, and

WHEREAS, our nation has historically relied first and foremost on parents to meet the real and constant needs of children, and

WHEREAS, the interests of children are best served when parents are free to make childrearing decisions about education, religion, and other areas of a child's life without state interference, and

WHEREAS, the United States Supreme Court in *Wisconsin v. Yoder* held that "This primary role of the parents in the upbringing of their children is now established beyond debate as an enduring American tradition," and

WHEREAS, the United States Supreme Court in *Troxel v. Granville* produced six different opinions on the nature and enforceability of parental rights under the United States Constitution, creating confusion and ambiguity about the fundamental nature of parental rights in the laws and society of the several states, and

WHEREAS, a number of members of Congress have introduced joint resolutions that propose an amendment to the United States Constitution to prevent erosion of the enduring American tradition of treating parental rights as fundamental rights, commonly referred to as the Parental Rights Amendment, and

WHEREAS, the Parental Rights Amendment will add explicit text to the Constitution of the United States to forever protect the rights of parents as they are now enjoyed, without substantive change to current state or federal laws respecting these rights, and

WHEREAS, such enumeration of these rights in the text of the United States Constitution will preserve them from being infringed upon by the shifting ideologies and interpretations of the United States Supreme Court, NOW, THEREFORE,

Be It Resolved by the Legislature of the State of Florida:

That the Florida Legislature respectfully petitions the Congress of the United States to propose to the states an amendment to the Constitution of the United States to read as follows:

ARTICLE ___

Section 1. The liberty of parents to direct the upbringing and education of their children is a fundamental right.

Section 2. Neither the United States nor any State shall infringe upon this right without demonstrating that its governmental interest as applied to the person is of the highest order and not otherwise served.

Section 3. No treaty may be adopted nor shall any source of international law be employed to supersede, modify, interpret, or apply to the rights guaranteed by this article.

BE IT FURTHER RESOLVED that copies of this memorial be dispatched to the President of the United States, to the President of the United States Senate, to the Speaker of the United States House of Representatives, and to each member of the Florida delegation to the United States Congress.

—was adopted May 4.

Pending further consideration of **SM 954**, on motion by Senator Flores, by two-thirds vote **HM 557** was withdrawn from the Committees on Judiciary; Children, Families, and Elder Affairs; and Governmental Oversight and Accountability.

On motion by Senator Flores, by two-thirds vote—

HM 557—A memorial to the Congress of the United States, urging Congress to propose to the states for ratification an amendment to the United States Constitution relating to parental rights.

WHEREAS, the right of parents to direct the upbringing and education of their children is a fundamental right protected by the Constitutions of the United States and the State of Florida, and

WHEREAS, our nation has historically relied first and foremost on parents to meet the real and constant needs of children, and

WHEREAS, the interests of children are best served when parents are free to make childrearing decisions about education, religion, and other areas of a child's life without state interference, and

WHEREAS, the United States Supreme Court in Wisconsin v. Yoder held that "This primary role of the parents in the upbringing of their children is now established beyond debate as an enduring American tradition," and

WHEREAS, the Parental Rights Amendment will add explicit text to the Constitution of the United States to forever protect the rights of parents as they are now enjoyed, without substantive change to current state or federal laws respecting these rights, and

WHEREAS, such enumeration of these rights in the text of the United States Constitution will preserve them from being infringed upon by the shifting ideologies and interpretations of the United States Supreme Court, NOW, THEREFORE,

Be It Resolved by the Legislature of the State of Florida:

That the Florida Legislature respectfully petitions the Congress of the United States to propose to the states an amendment to the Constitution of the United States to read as follows:

ARTICLE ___

Section 1. The liberty of parents to direct the upbringing and education of their children is a fundamental right.

Section 2. Neither the United States nor any State shall infringe upon this right without demonstrating that its governmental interest as applied to the person is of the highest order and not otherwise served.

Section 3. No treaty may be adopted nor shall any source of international law be employed to supersede, modify, interpret, or apply to the rights guaranteed by this article.

BE IT FURTHER RESOLVED that copies of this memorial be dispatched to the President of the United States, to the President of the United States Senate, to the Speaker of the United States House of Representatives, and to each member of the Florida delegation to the United States Congress.

—a companion measure, was substituted for **SM 954** and by two-thirds vote read the second time in full.

On motion by Senator Flores, **HM 557** was adopted and certified to the House.

SPECIAL ORDER CALENDAR

On motion by Senator Bogdanoff, by unanimous consent—

CS for SB 506—A bill to be entitled An act relating to economic development; amending s. 196.012, F.S.; revising the definitions of the terms "new business" and "expansion of an existing business"; amending s. 196.1995, F.S.; authorizing the board of county commissioners of a charter county to call and hold a referendum to determine whether to grant economic development ad valorem tax exemptions; revising the language of ballot questions relating to the authority to grant economic development tax exemptions; providing for application of a provision limiting the calling of another referendum within a certain time period; specifying additional information that must be included in a written application requesting adoption of an ordinance granting an economic development ad valorem tax exemption; specifying factors for a board of county commissioners or governing authority of a municipality to consider when deciding whether to approve or reject applications for economic development tax exemptions; providing legislative intent; limiting the allowable duration of an economic development tax exemption granted by a county or municipal ordinance; authorizing written tax exemption agreements consistent with the act upon approval of a tax exemption application; specifying that the written tax agreement must require the applicant to report certain information at a specific time before expiration of the exemption; authorizing the board of county commissioners or the governing authority of the municipality to revoke, in whole or in part, the exemption under certain circumstances; providing an effective date.

—was taken up out of order and read the second time by title.

The Committee on Commerce and Tourism recommended the following amendment which was moved by Senator Ring:

Amendment 1 (726842) (with directory and title amendments)—Delete lines 171-174 and insert: only once in any 12-month period.

And the directory clause is amended as follows:

Delete lines 100 and 101 and insert:

Section 2. Effective July 1, 2011, and applicable only to exemptions from ad valorem taxation granted pursuant to referenda held on or after July 1, 2011, under the provisions of subsection (1) of section 196.1995, Florida Statutes, section 196.1995, Florida Statutes, is amended to read:

And the title is amended as follows:

Delete lines 5-13 and insert: business; amending s. 196.1995, F.S.; providing for prospective application of new provisions; authorizing the board of county commissioners of a charter county to call and hold a referendum to determine whether to grant economic development ad valorem exemptions; revising the language of ballot questions relating to the authority to grant economic development tax exemptions; specifying additional information

On motion by Senator Bogdanoff, further consideration of **CS for SB 506** with pending **Amendment 1 (726842)** was deferred.

MESSAGES FROM THE HOUSE OF REPRESENTATIVES

The Honorable Mike Haridopolos, President

I am directed to inform the Senate that the House of Representatives has passed CS for CS for CS for SB 88, with amendment(s), and requests the concurrence of the Senate.

Robert L. "Bob" Ward, Clerk

CS for CS for CS for SB 88—A bill to be entitled An act relating to public employee compensation; amending s. 215.425, F.S.; revising provisions relating to the prohibition against the payment of extra compensation; providing for bonuses; specifying the conditions for paying bonuses; requiring contracts that provide for severance pay to include certain provisions after a certain date; allowing for severance pay under specified circumstances; defining the term "severance pay"; prohibiting a contract provision that provides for extra compensation to limit the ability to discuss the contract; amending s. 166.021, F.S.; deleting a provision that allows a municipality to pay extra compensation; amending s. 112.061, F.S.; conforming cross-references; repealing s. 125.01(1)(bb), F.S., relating to the power of a local government to pay extra compensation; repealing s. 373.0795, F.S., relating to a prohibition against severance pay for officers or employees of water management districts; providing an effective date.

House Amendment 2 (100079) (with title amendment)—Remove everything after the enacting clause and insert:

Section 1. Section 215.425, Florida Statutes, is amended to read:

215.425 Extra compensation claims prohibited*; bonuses; severance pay*.—

(1) No extra compensation shall be made to any officer, agent, employee, or contractor after the service has been rendered or the contract made; nor shall any money be appropriated or paid on any claim the subject matter of which has not been provided for by preexisting laws, unless such compensation or claim is allowed by a law enacted by two-thirds of the members elected to each house of the Legislature. However, when adopting salary schedules for a fiscal year, a district school board or community college district board of trustees may apply the schedule for payment of all services rendered subsequent to July 1 of that fiscal year.

(2) ~~The provisions of~~ This section *does* ~~do~~ not apply to*:*

(a) Extra compensation given to state employees who are included within the senior management group pursuant to rules adopted by the Department of Management Services; ~~to extra compensation given to county, municipal, or special district employees pursuant to policies adopted by county or municipal ordinances or resolutions of governing boards of special districts or to employees of the clerk of the circuit court pursuant to written policy of the clerk;~~ or ~~to~~

(b) A clothing and maintenance allowance given to plainclothes deputies pursuant to s. 30.49.

(3) Any policy, ordinance, rule, or resolution designed to implement a bonus scheme must:

(a) Base the award of a bonus on work performance;

(b) Describe the performance standards and evaluation process by which a bonus will be awarded;

(c) Notify all employees of the policy, ordinance, rule, or resolution before the beginning of the evaluation period on which a bonus will be based; and

(d) Consider all employees for the bonus.

(4)(a) On or after July 1, 2011, a unit of government that enters into a contract or employment agreement, or renewal or renegotiation of an existing contract or employment agreement, that contains a provision for severance pay with an officer, agent, employee, or contractor must include the following provisions in the contract:

1. A requirement that severance pay provided may not exceed an amount greater than 20 weeks of compensation, unless the unit of government approves the contract or employment agreement, or renewal or renegotiation of a contract or employment agreement, by a two-thirds vote of the membership of the approving body of the unit of government.

2. A prohibition of provision of severance pay when the officer, agent, employee, or contractor has been fired for misconduct, as defined in s. 443.036(29), by the unit of government.

(b) Notwithstanding paragraph (a), on or after July 1, 2011, an officer, agent, employee, or contractor may receive severance pay if:

1. The severance pay is paid from wholly private funds, the payment and receipt of which do not otherwise violate part III of chapter 112; or

2. The severance pay is administered under part II of chapter 112 on behalf of an agency outside this state and would be permitted under that agency's personnel system.

(c) This subsection does not create an entitlement to severance pay in the absence of its authorization.

(d) As used in this subsection, the term "severance pay" means the actual or constructive compensation, including salary, benefits, or perquisites, for employment services yet to be rendered which is provided to an employee who has recently been or is about to be terminated. The term does not include compensation for:

1. Earned and accrued annual, sick, compensatory, or administrative leave;

2. Early retirement under provisions established in an actuarially funded pension plan subject to part VII of chapter 112; or

3. Any subsidy for the cost of a group insurance plan available to an employee upon normal or disability retirement that is by policy available to all employees of the unit of government pursuant to the unit's health insurance plan. This subparagraph may not be construed to limit the ability of a unit of government to reduce or eliminate such subsidies.

(5) Any agreement or contract, executed on or after July 1, 2011, which involves extra compensation between a unit of government and an officer, agent, employee, or contractor may not include provisions that limit the ability of any party to the agreement or contract to discuss the agreement or contract.

Section 2. Paragraphs (cc) and (dd) of subsection (1) of section 125.01, Florida Statutes, are redesignated as paragraphs (bb) and (cc), respectively, and paragraph (bb) of that subsection is amended to read:

125.01 Powers and duties.—

(1) The legislative and governing body of a county shall have the power to carry on county government. To the extent not inconsistent with general or special law, this power includes, but is not restricted to, the power to:

~~(bb) Notwithstanding the prohibition against extra compensation set forth in s. 215.425, provide for an extra compensation program, including a lump sum bonus payment program, to reward outstanding employees whose performance exceeds standards, if the program provides that a bonus payment may not be included in an employee's regular base rate of pay and may not be carried forward in subsequent years.~~

Section 3. Present subsections (8) through (10) of section 166.021, Florida Statutes, are redesignated as subsections (7) through (9) respectively, and present subsection (7) of that section is amended, to read:

166.021 Powers.—

~~(7) Notwithstanding the prohibition against extra compensation set forth in s. 215.425, the governing body of a municipality may provide for an extra compensation program, including a lump sum bonus payment program, to reward outstanding employees whose performance exceeds standards, if the program provides that a bonus payment may not be included in an employee's regular base rate of pay and may not be carried forward in subsequent years.~~

Section 4. Paragraphs (a) and (c) of subsection (14) of section 112.061, Florida Statutes, are amended to read:

112.061 Per diem and travel expenses of public officers, employees, and authorized persons.—

(14) APPLICABILITY TO COUNTIES, COUNTY OFFICERS, DISTRICT SCHOOL BOARDS, SPECIAL DISTRICTS, AND METROPOLITAN PLANNING ORGANIZATIONS.—

(a) The following entities may establish rates that vary from the per diem rate provided in paragraph (6)(a), the subsistence rates provided in paragraph (6)(b), or the mileage rate provided in paragraph (7)(d) if those rates are not less than the statutorily established rates that are in effect for the 2005-2006 fiscal year:

1. The governing body of a county by the enactment of an ordinance or resolution;

2. A county constitutional officer, pursuant to s. 1(d), Art. VIII of the State Constitution, by the establishment of written policy;

3. The governing body of a district school board by the adoption of rules;

4. The governing body of a special district, as defined in s. 189.403(1), except those special districts that are subject to s. *166.021(9)* ~~166.021(10)~~, by the enactment of a resolution; or

5. Any metropolitan planning organization created pursuant to s. 339.175 or any other separate legal or administrative entity created pursuant to s. 339.175 of which a metropolitan planning organization is a member, by the enactment of a resolution.

(c) Except as otherwise provided in this subsection, counties, county constitutional officers and entities governed by those officers, district school boards, special districts, and metropolitan planning organizations, other than those subject to s. *166.021(9)* ~~166.021(10)~~, remain subject to the requirements of this section.

Section 5. *Section 373.0795, Florida Statutes, is repealed.*

Section 6. This act shall take effect July 1, 2011.

And the title is amended as follows:

Remove the entire title and insert: A bill to be entitled An act relating to public employee compensation; amending s. 215.425, F.S.; revising provisions relating to the prohibition against the payment of extra compensation; providing for bonuses; specifying the conditions for paying bonuses; requiring that contracts providing for severance pay under certain circumstances include specified provisions; defining the term "severance pay"; prohibiting certain contract provisions that provide for extra compensation to limit the ability to discuss the contract; amending s. 125.01, F.S.; deleting provisions relating to the power of a county to

pay extra compensation; amending s. 166.021, F.S.; deleting a provision that allows a municipality to pay extra compensation; amending s. 112.061, F.S.; conforming cross-references; repealing s. 373.0795, F.S., relating to a prohibition against severance pay for officers or employees of water management districts; providing an effective date.

Senator Gaetz moved the following amendments which were adopted:

Senate Amendment 1 (697086) (with title amendment) to House Amendment 2—Delete lines 22-29 and insert:

(a) A bonus or severance pay that is paid wholly from nontax revenues and nonstate-appropriated funds, the payment and receipt of which does not otherwise violate part III of chapter 112, and which is paid to an officer, agent, employee, or contractor of a public hospital that is operated by a county or a special district; or ~~Extra compensation given to state employees who are included within the senior management group pursuant to rules adopted by the Department of Management Services; to extra compensation given to county, municipal, or special district employees pursuant to policies adopted by county or municipal ordinances or resolutions of governing boards of special districts or to employees of the clerk of the circuit court pursuant to written policy of the clerk; or to~~

And the title is amended as follows:

Delete line 164 and insert: against the payment of extra compensation; authorizing the payment of bonuses and severance pay to officers, agents, employees, and contractors of a public hospital under certain circumstances; providing for

Senate Amendment 2 (155166) to House Amendment 2—Delete lines 48-52 and insert: *exceed an amount greater than 6 weeks of compensation.*

Senate Amendment 3 (414996) (with title amendment) to House Amendment 2—Delete lines 57-65 and insert:

(b) On or after July 1, 2011, an officer, agent, employee, or contractor may receive severance pay that is not provided for in a contract or employment agreement if the severance pay represents the settlement of an employment dispute. Such severance pay may not exceed an amount greater than 6 weeks of compensation. The settlement may not include provisions that limit the ability of any party to the settlement to discuss the dispute or settlement.

And the title is amended as follows:

Delete line 167 and insert: circumstances include specified provisions; providing an exception; defining the term

On motion by Senator Gaetz, the Senate concurred in **House Amendment 2** as amended and requested the House to concur in the Senate amendments to the House amendment.

On motion by Senator Gaetz, **CS for CS for CS for SB 88** passed as amended and the action of the Senate was certified to the House. The vote on passage was:

CLAIM BILL CALENDAR

On motion by Senator Benacquisto, by unanimous consent—

CS for SB 42—A bill to be entitled An act for the relief of Eric Brody by the Broward County Sheriff's Office; providing for an appropriation to compensate Eric Brody for injuries sustained as a result of the negligence of the Broward County Sheriff's Office; authorizing the Sheriff of Broward County, in lieu of payment, to execute to Eric Brody and his legal guardians an assignment of all claims that the Broward County Sheriff's Office has against its insurer arising out of the insurer's handling of the claim against the sheriff's office; clarifying that such assignment does not impair the ability or right of the assignees to pursue the final judgment and cost judgment against the insurer; providing a limitation on the payment of fees and costs related to the claim against the Broward County Sheriff's Office and an exception to that limitation as to any assigned claims brought against the insurer; providing an effective date.

—was taken up out of order and read the second time by title.

MOTION

On motion by Senator Benacquisto, by the required two-thirds vote, consideration of the following amendment was allowed:

Senator Benacquisto moved the following amendment which was adopted:

Amendment 1 (190354) (with title amendment)—Delete everything after the enacting clause and insert:

Section 1. *The facts stated in the preamble to this act are found and declared to be true.*

Section 2. *The Sheriff of Broward County is authorized and directed to appropriate from funds of the Broward County Sheriff's Office not otherwise appropriated and to draw a warrant payable to Eric Brody in the sum of $12 million as compensation for injuries and damages sustained as a result of the negligence of the Broward County Sheriff's Office.*

Section 3. *The amount paid by the Broward County Sheriff's Office pursuant to s. 768.28, Florida Statutes, and the amount awarded under this act are intended to provide the sole compensation for all claims arising out of the facts described in this act which resulted in the injuries to Eric Brody. The total amount of attorney's fees, lobbying fees, costs, and other similar expenses may not exceed 25 percent of the total amount awarded under sections 2 and 3 of this act and shall be paid exclusively to the attorneys and lobbyists currently retained by the claimants at the time this act becomes a law and for their benefit only.*

Section 4. *It is the intent of the Legislature that all lien interests held by the state resulting from the treatment and care of Eric Brody for the events described in the preamble of this act are not waived and extinguished, and the claimant's guardianship is not relieved of any obligation to reimburse Medicaid, Medicare, or the Agency for Health Care Administration for such expenses pursuant to s. 409.910, Florida Statutes. The claimant's guardianship shall pay the amount due under s. 409.910, Florida Statutes, prior to distributing any funds to the claimant.*

Section 5. This act shall take effect upon becoming a law.

And the title is amended as follows:

Delete everything before the enacting clause and insert: A bill to be entitled An act for the relief of Eric Brody by the Broward County Sheriff's Office; providing for an appropriation to compensate Eric Brody for injuries sustained as a result of the negligence of the Broward County Sheriff's Office; providing a limitation on the payment of fees and costs related to the claim against the Broward County Sheriff's Office; providing legislative intent to prohibit a waiver of lien interests held by the state; requiring that the guardianship pay any such liens before distributing funds to the claimant; providing an effective date.

WHEREAS, on the evening of March 3, 1998, 18-year-old Eric Brody, a college-bound high school senior, was returning home from his part-time job at the Sawgrass Mills Sports Authority. Eric was driving his 1982

AMC Concord eastbound on Oakland Park Boulevard in Sunrise, Florida, and

WHEREAS, that same evening, Broward County Sheriff's Deputy Christopher Thieman, who had been visiting his girlfriend and was running late for duty, was driving his Broward County Sheriff's Office cruiser westbound on Oakland Park Boulevard. At the time he left his girlfriend's house, Deputy Thieman had less than 15 minutes to travel 11 miles to make roll call on time, which was mandatory pursuant to sheriff's office policy and procedure, and

WHEREAS, at approximately 10:36 p.m., Eric Brody began to make a left-hand turn into his neighborhood at the intersection of N.W. 117th Avenue and Oakland Park Boulevard. Deputy Thieman, who was driving in excess of the 45-mile-per-hour posted speed limit and traveling in the opposite direction, was not within the intersection and was more than 430 feet away from Eric Brody's car when Eric Brody began the turn. Eric Brody's car cleared two of the three westbound lanes on Oakland Park Boulevard, and

WHEREAS, Deputy Thieman, who was traveling in the inside westbound lane closest to the median, suddenly and inexplicably steered his vehicle to the right, across the center lane and into the outside lane, where the front end of his car struck the passenger side of Eric's car with great force, just behind the right front wheel and near the passenger door, and

WHEREAS, Deputy Thieman testified at trial that although he knew that the posted speed limit was 45 miles per hour, he refused to provide an estimate as to how fast he was traveling before the crash, and

WHEREAS, despite the appearance of a conflict of interest, the Broward County Sheriff's Office chose to conduct the official crash investigation instead of deferring to the City of Sunrise Police Department, which also had jurisdiction, or the Florida Highway Patrol (FHP), which often investigates motor vehicle collisions involving non-FHP law enforcement officers so as to avoid any possible conflict of interest, and

WHEREAS, in the course of the investigation, the Broward County Sheriff's Office lost key evidence from the crashed vehicles and did not report any witnesses even though the first responders to the crash scene were police officers from the City of Sunrise, and

WHEREAS, the Broward County detective who led the crash investigation entered inaccurate data into a computerized accident reconstruction program which skewed the speed that Deputy Thieman was driving, but, nevertheless, determined that he was still traveling well over the speed limit, and

WHEREAS, accident reconstruction experts called by both parties testified that Deputy Thieman was driving at least 60 to more than 70 miles per hour when his vehicle slammed into the passenger side of Eric Brody's car, and

WHEREAS, Eric Brody was found unconscious 6 minutes later by paramedics, his head and upper torso leaning upright and toward the passenger-side door. Although he was out of his shoulder harness and seat belt by the time paramedics arrived, the Brody's attorney proved that Eric was wearing his seat belt and that the 16-year-old seat belt buckle failed during the crash. Photographs taken at the scene by the sheriff's office investigators showed the belt to be fully spooled out because the retractor was jammed, with the belt dangling outside the vehicle from the driver-side door, providing proof that Eric Brody was wearing his seat belt and shoulder harness during the crash, and

WHEREAS, accident reconstruction and human factor experts called by both the plaintiff and the defendant agreed that if Deputy Thieman been driving at the speed limit, Eric Brody would have easily completed his turn, and

WHEREAS, the experts also agreed that if Deputy Thieman simply remained within his lane of travel, regardless of his speed, there would not have been a collision, and

WHEREAS, in order to investigate the seat-belt defense, experts for Eric Brody recreated the accident using an exact car-to-car crash test that was conducted by a nationally recognized crash test facility. The crash test involved vehicles identical to the Brody and Thieman vehicles, a fully instrumented hybrid III dummy, and high-speed action cameras, and

WHEREAS, the crash test proved that Eric Brody was wearing his restraint system during the crash because the seat-belted test dummy struck its head on the passenger door within inches of where Eric Brody's head actually struck the passenger door, and

WHEREAS, when Eric Brody's head struck the passenger door of his vehicle, the door crushed inward from the force of the impact with the police cruiser while at the same time his upper torso was moving toward the point of impact and the passenger door. The impact resulted in skull fractures and massive brain sheering, bleeding, bruising, and swelling, and

WHEREAS, Eric Brody was airlifted by helicopter to Broward General Hospital where he was placed on a ventilator and underwent an emergency craniotomy and neurosurgery. He began to recover from a deep coma more than 7 months after his injury and underwent extensive rehabilitation, having to relearn how to walk, talk, feed himself, and perform other basic functions, and

WHEREAS, Eric Brody, who is now 30 years old, has been left profoundly brain-injured, lives with his parents, and is mostly isolated from his former friends and other young people his age. His speech is barely intelligible and he has significant cognitive dysfunction, judgment impairment, memory loss, and neuro-visual disabilities. Eric Brody also has impaired fine and gross motor skills and very poor balance. Although Eric is able to use a walker for short distances, he mostly uses a wheelchair to get around. The entire left side of his body is partially paralyzed and spastic, and he needs help with many of his daily functions. Eric Brody is permanently and totally disabled; however, he has a normal life expectancy, and

WHEREAS, the cost of Eric Brody's life care plan is nearly $10 million, and he has been left totally dependent on public health programs and taxpayer assistance since 1998, and

WHEREAS, the Broward County Sheriff's Office was insured for this claim through Ranger Insurance Company and paid more than $400,000 for liability coverage that has a policy limit of $3 million, and

WHEREAS, Ranger Insurance Company ignored seven demand letters and other attempts by the Brodys to settle the case for the policy limit, and instead chose to wait for more than 7 years following the date of the accident until the day the trial judge specially set the case for trial before offering to pay the policy limit. By that time nearly $750,000 had been spent preparing the case for trial, and Eric Brody had past due bills and liens of nearly $1.5 million for health and rehabilitative care services. Because so much money had been spent preparing the case for trial, the exhorbitant costs of Eric Brody's medical bills and liens, and the costs of future care continued to escalate, settlement for the policy limit was no longer feasible, and

WHEREAS, on December 1, 2005, after a 2-month trial, a Broward County jury consisting of three men and three women found that that Deputy Thieman and the Broward County Sheriff's Office were 100 percent negligent, and Eric Brody was not comparatively negligent, and

WHEREAS, the jury found Eric Brody's damages to be $30,609,298, including a determination that his past and future care and other economic damages were $11,326,216, and

WHEREAS, final judgment was entered for $30,609,298, and the court entered a cost judgment for $270,372.30, and

WHEREAS, the court denied the Broward County Sheriff's Office posttrial motions for judgment notwithstanding the verdict, new trial, or remittitur, and

WHEREAS, the insurer of the Broward County Sheriff's Office retained appellate counsel and elected to appeal the final judgment but not the cost judgment, and

WHEREAS, the Fourth District Court of Appeal upheld the verdict in the fall of 2007, and

WHEREAS, the insurer of the Broward County Sheriff's Office subsequently petitioned the Florida Supreme Court to seek another appeal, but the petition was denied in April of 2008, and

WHEREAS, all legal remedies for all parties involved have been exhausted and this case is ripe for a claim bill, and

WHEREAS, the Broward County Sheriff's Office has paid $200,000 pursuant to s. 768.28, Florida Statutes, and the amount of $12 million is sought through the submission of a claim bill to the Legislature, NOW, THEREFORE,

On motion by Senator Benacquisto, by two-thirds vote **CS for SB 42** as amended was read the third time by title, passed, ordered engrossed and then certified to the House. The vote on passage was:

DISCLOSURE

I am of counsel to Weiss, Handler, Angelos and Cornwell, a large law firm with clients regarding a wide range of issues and my firm has indicated to me that they have an interest in this bill.

While I am not directly affected by any result of the votes cast regarding Senate Bill 42, I believe, that in an abundance of caution I should abstain from voting on this legislation and disclose this information pursuant to Senate Rule 1.39.

Senator Ellyn Setnor Bogdanoff, 25th District

SPECIAL ORDER CALENDAR

The Senate resumed consideration of—

CS for SB 506—A bill to be entitled An act relating to economic development; amending s. 196.012, F.S.; revising the definitions of the terms "new business" and "expansion of an existing business"; amending s. 196.1995, F.S.; authorizing the board of county commissioners of a charter county to call and hold a referendum to determine whether to grant economic development ad valorem tax exemptions; revising the language of ballot questions relating to the authority to grant economic development tax exemptions; providing for application of a provision limiting the calling of another referendum within a certain time period; specifying additional information that must be included in a written application requesting adoption of an ordinance granting an economic development ad valorem tax exemption; specifying factors for a board of county commissioners or governing authority of a municipality to consider when deciding whether to approve or reject applications for economic development tax exemptions; providing legislative intent; limiting the allowable duration of an economic development tax exemption granted by a county or municipal ordinance; authorizing written tax exemption agreements consistent with the act upon approval of a tax exemption application; specifying that the written tax agreement must require the applicant to report certain information at a specific time before expiration of the exemption; authorizing the board of county commissioners or the governing authority of the municipality to revoke, in whole or in part, the exemption under certain circumstances; providing an effective date.

—which was previously considered this day with pending **Amendment 1 (726842)** by Senator Ring. **Amendment 1 (726842)** failed.

An amendment was considered and adopted to conform **CS for SB 506** to **CS for CS for HB 287**.

Pending further consideration of **CS for SB 506** as amended, on motion by Senator Bogdanoff, by two-thirds vote **CS for CS for HB 287** was withdrawn from the Committees on Community Affairs; and Commerce and Tourism.

On motion by Senator Bogdanoff, the rules were waived and—

CS for CS for HB 287—A bill to be entitled An act relating to economic development; amending s. 196.012, F.S.; revising the definitions of the terms "new business" and "expansion of an existing business"; providing for an average wage of a new job; providing eligibility for target industry businesses; amending s. 196.1995, F.S.; authorizing the board of county commissioners of a charter county to call and hold a referendum to determine whether to grant economic development ad valorem tax exemptions if in receipt of a petition or initiative signed by a percentage of electors as required by the county charter; revising the language of ballot questions relating to the authority to grant economic development tax exemptions; specifying additional information that must be included in a written application requesting adoption of an ordinance granting an economic development ad valorem tax exemption; specifying factors for a board of county commissioners or governing authority of a municipality to consider when deciding whether to approve or reject applications for economic development tax exemptions; limiting the allowable duration of an economic development tax exemption granted by a county or municipal ordinance; authorizing written tax exemption agreements consistent with this act upon approval of a tax exemption application; specifying that the written tax agreement must require the applicant to report certain information at a specific time before expiration of the exemption; authorizing the board of county commissioners or the governing authority of the municipality to revoke, in whole or in part, the exemption under certain circumstances; limiting application of the act to certain ad valorem tax exemptions granted pursuant to referenda held on or after the act's effective date; providing an effective date.

—a companion measure, was substituted for **CS for SB 506** as amended and read the second time by title.

On motion by Senator Bogdanoff, by two-thirds vote **CS for CS for HB 287** was read the third time by title, passed and certified to the House. The vote on passage was:

MESSAGES FROM THE HOUSE OF REPRESENTATIVES

SENATOR BENNETT PRESIDING

The Honorable Mike Haridopolos, President

I am directed to inform the Senate that the House of Representatives has passed CS for CS for CS for SB 408, with amendment(s), and requests the concurrence of the Senate.

Robert L. "Bob" Ward, Clerk

CS for CS for CS for SB 408—A bill to be entitled An act relating to property and casualty insurance; amending s. 215.555, F.S.; revising the definition of "losses," relating to the Florida Hurricane Catastrophe Fund, to exclude certain losses; providing applicability; amending s. 215.5595, F.S.; authorizing an insurer to renegotiate the terms a surplus note issued before a certain date; providing limitations; amending s. 624.407, F.S.; revising the amount of surplus funds required for domestic insurers applying for a certificate of authority after a certain date; amending s. 624.408, F.S.; revising the minimum surplus that must be maintained by certain insurers; authorizing the Office of Insurance Regulation to reduce the surplus requirement under specified circumstances; amending s. 624.4095, F.S.; excluding certain premiums for federal multiple-peril crop insurance from calculations for an insurer's gross writing ratio; requiring insurers to disclose the gross written premiums for federal multiple-peril crop insurance in a financial statement; amending s. 624.424, F.S.; revising the frequency that an insurer may use the same accountant or partner to prepare an annual audited financial report; amending s. 626.7452, F.S.; deleting an exception relating to the examination of managing general agents; amending s. 626.852, F.S.; providing an exemption from licensure as an adjuster to persons who provide mortgage-related claims adjusting services to certain institutions; providing an exception to the exemption; amending s. 626.854, F.S.; providing limitations on the amount of compensation that may be received by a public adjuster for a reopened or supplemental claim; providing statements that may be considered deceptive or misleading if made in any public adjuster's advertisement or solicitation; providing a definition for the term "written advertisement"; requiring that a disclaimer be included in any public adjuster's written advertisement; providing requirements for such disclaimer; requiring certain persons who act on behalf of an insurer to provide notice to the insurer, claimant, public adjuster, or legal representative for an onsite inspection of the insured property; authorizing the insured or claimant to deny access to the property if notice is not provided; requiring the public adjuster to ensure prompt notice of certain property loss claims; providing that an insurer be allowed to interview the insured directly about the loss claim; prohibiting the insurer from obstructing or preventing the public adjuster from communicating with the insured; requiring that the insurer communicate with the public adjuster in an effort to reach an agreement as to the scope of the covered loss under the insurance policy; prohibiting a public adjuster from restricting or preventing persons acting on behalf of the insured from having reasonable access to the insured or the insured's property; prohibiting a public adjuster from restricting or preventing the insured's adjuster from having reasonable access to or inspecting the insured's property; authorizing the insured's adjuster to be present for the inspection; prohibiting a licensed contractor or subcontractor from adjusting a claim on behalf of an insured if such contractor or subcontractor is not a licensed public adjuster; providing an exception; amending s. 626.8651, F.S.; requiring that a public adjuster apprentice complete a minimum number of hours of continuing education to qualify for licensure; amending s. 626.8796, F.S.; providing requirements for a public adjuster contract; creating s. 626.70132, F.S.; requiring that notice of a claim, supplemental claim, or reopened claim be given to the insurer within a specified period after a windstorm or hurricane occurs; providing a definition for the terms "supplemental claim" or "reopened claim"; providing applicability; repealing s. 627.0613(4), F.S., relating to the requirement that the consumer advocate for the Chief Financial Officer prepare an annual report card for each personal residential property insurer; amending s. 627.062, F.S.; requiring that the office issue an approval rather than a notice of intent to approve following its approval of a file and use filing; authorizing the office to disapprove a rate filing because the coverage is inadequate or the insurer charges a higher premium due to certain discriminatory factors; extending the expiration date for making a "file and use" filing; prohibiting the Office of Insurance Regulation from, directly or indirectly, impeding the right of an insurer to acquire policyholders, advertise or appoint agents, or regulate agent commissions; revising the information that must be included in a rate filing relating to certain reinsurance or financing products; deleting a provision that prohibited an insurer from making certain rate filings within a certain period of time after a rate increase; deleting a provision prohibiting an insurer from filing for a rate increase within 6 months after it makes certain rate filings; deleting obsolete provisions relating to legislation enacted during the 2003 Special Session D of the Legislature; providing for the submission of additional or supplementary information pursuant to a rate filing; amending s. 627.06281, F.S.; providing limitations on fees charged for use of the public hurricane model; amending s. 627.0629, F.S.; deleting obsolete provisions; deleting a requirement that the Office of Insurance Regulation propose a method for establishing discounts, debits, credits, and other rate differentials for hurricane mitigation by a certain date; requiring the Financial Services Commission to adopt rules relating to such debits by a certain date; deleting a provision that prohibits an insurer from including an expense or profit load in the cost of reinsurance to replace the Temporary Increase in Coverage Limits; conforming provisions to changes made by the act; amending s. 627.351, F.S.; requiring the Citizens Property Insurance Corporation's logo to include certain language; requiring policies issued by the corporation to include a provision that prohibits policyholders from engaging the services of a public adjuster until after the corporation has tendered an offer; limiting an adjuster's fee for a claim against the corporation; renaming the "high-risk account" as the "coastal account"; revising the conditions under which the Citizens policyholder surcharge may be imposed; providing that members of the Citizens Property Insurance Corporation Board of Governors are not prohibited from practicing in a certain profession if not prohibited by law or ordinance; limiting coverage for damage from sinkholes after a certain date and providing that the corporation must require repair of the property as a condition of any payment; prohibiting board members from voting on certain measures; exempting sinkhole coverage from the corporation's annual rate increase requirements; deleting a requirement that the board reduce the boundaries of certain high-risk areas eligible for wind-only coverages under certain circumstances; amending s. 627.3511, F.S.; conforming provisions to changes made by the act; amending s. 627.4133, F.S.; revising the requirements for providing an insured with notice of nonrenewal, cancellation, or termination of personal lines or commercial residential property insurance; authorizing an insurer to cancel policies after 45 days' notice if the Office of Insurance Regulation determines that the cancellation of policies is necessary to protect the interests of the public or policyholders; authorizing the Office of Insurance Regulation to place an insurer under administrative supervision or appoint a receiver upon the consent of the insurer under certain circumstances; creating s. 627.43141, F.S.; providing definitions; requiring the delivery of a "Notice of Change in Policy Terms" under certain circumstances; specifying requirements for such notice; specifying actions constituting

proof of notice; authorizing policy renewals to contain a change in policy terms; providing that receipt of payment by an insurer is deemed acceptance of new policy terms by an insured; providing that the original policy remains in effect until the occurrence of specified events if an insurer fails to provide notice; providing intent; amending s. 627.7011, F.S.; requiring the insurer to pay the actual cash value of an insured loss for a dwelling, less any applicable deductible; requiring a policyholder to enter into a contract for the performance of building and structural repairs unless waived by the insurer; restricting insurers and contractors from requiring advance payments for repairs and expenses; requiring the insurer to offer coverage under which the insurer is obligated to pay replacement costs; authorizing the insurer to offer coverage that limits the initial payment for personal property to the actual cash value of the property to be replaced and to require the insured to provide receipts for purchases; requiring the insurer to provide notice of this process in the insurance contract; prohibiting an insurer from requiring the insured to advance payment; amending s. 627.70131, F.S.; specifying application of certain time periods to initial or supplemental property insurance claim notices and payments; providing legislative findings with respect to 2005 statutory changes relating to sinkhole insurance coverage and statutory changes in this act; amending s. 627.706, F.S.; authorizing an insurer to limit coverage for catastrophic ground cover collapse to the principal building and to have discretion to provide additional coverage; allowing the deductible to include costs relating to an investigation of whether sinkhole activity is present; revising definitions; defining the term "structural damage"; providing an insurer with discretion to provide a policyholder with an opportunity to purchase an endorsement to sinkhole coverage; placing a 2-year statute of repose on claims for sinkhole coverage; amending s. 627.7061, F.S.; conforming provisions to changes made by the act; repealing s. 627.7065, F.S., relating to the establishment of a sinkhole database; amending s. 627.707, F.S.; revising provisions relating to the investigation of sinkholes by insurers; deleting a requirement that the insurer provide a policyholder with a statement regarding testing for sinkhole activity; requiring the insurer to provide repairs in accordance with the insurer's engineer's recommendations or tender the policy limits to the policyholder; providing a time limitation for demanding sinkhole testing by a policyholder and entering into a contract for repairs; requiring all repairs to be completed within a certain time; providing exceptions; providing a criminal penalty on a policyholder for accepting rebates from persons performing repairs; amending s. 627.7073, F.S.; revising provisions relating to inspection reports; providing that the presumption that the report is correct shifts the burden of proof; revising the reports that an insurer must file with the clerk of the court; requiring the policyholder to file certain reports as a precondition to accepting payment; requiring the professional engineer responsible for monitoring sinkhole repairs to issue a report and certification to the property owner and file such report with the court; providing that the act does not create liability for an insurer based on a representation or certification by the engineer; amending s. 627.7074, F.S.; revising provisions relating to neutral evaluation; requiring evaluation in order to make certain determinations; requiring that the neutral evaluator be allowed access to structures being evaluated; providing grounds for disqualifying an evaluator; allowing the Department of Financial Services to appoint an evaluator if the parties cannot come to agreement; revising the timeframes for scheduling a neutral evaluation conference; authorizing an evaluator to enlist another evaluator or other professionals; providing a time certain for issuing a report; providing that certain information is confidential; revising provisions relating to compliance with the evaluator's recommendations; providing that the evaluator is an agent of the department for the purposes of immunity from suit; requiring the department to adopt rules; amending s. 627.711, F.S.; deleting the requirement that the insurer pay for verification of a uniform mitigation verification form that the insurer requires; amending s. 627.712, F.S.; conforming provisions to changes made by the act; providing for applicability; providing effective dates.

House Amendment 1 (844961) (with title amendment)—Remove everything after the enacting clause and insert:

Section 1. Subsection (2) of section 95.11, Florida Statutes, is amended to read:

95.11 Limitations other than for the recovery of real property.—Actions other than for recovery of real property shall be commenced as follows:

(2) WITHIN FIVE YEARS.—

(a) An action on a judgment or decree of any court, not of record, of this state or any court of the United States, any other state or territory in the United States, or a foreign country.

(b) A legal or equitable action on a contract, obligation, or liability founded on a written instrument, except for an action to enforce a claim against a payment bond, which shall be governed by the applicable provisions of ss. 255.05(10) and 713.23(1)(e).

(c) An action to foreclose a mortgage.

(d) An action alleging a willful violation of s. 448.110.

(e) Notwithstanding paragraph (b), an action for breach of a property insurance contract, with the period running from the date of loss.

Section 2. Effective June 1, 2011, paragraph (d) of subsection (2) of section 215.555, Florida Statutes, is amended to read:

215.555 Florida Hurricane Catastrophe Fund.—

(2) DEFINITIONS.—As used in this section:

(d) "Losses" means *all* ~~direct~~ incurred losses under covered policies, *including* ~~which shall include losses for~~ additional living expenses not to exceed 40 percent of the insured value of a residential structure or its contents and *amounts paid as fees on behalf of or inuring to the benefit of a policyholder* ~~shall exclude loss adjustment expenses~~. *The term* ~~"Losses"~~ does not include*:*

1. Losses for fair rental value, loss of rent or rental income, or business interruption losses*;*

2. Losses under liability coverages;

3. Property losses that are proximately caused by any peril other than a covered event, including, but not limited to, fire, theft, flood or rising water, or windstorm that does not constitute a covered event;

4. Amounts paid as the result of a voluntary expansion of coverage by the insurer, including, but not limited to, a waiver of an applicable deductible;

5. Amounts paid to reimburse a policyholder for condominium association or homeowners' association loss assessments or under similar coverages for contractual liabilities;

6. Amounts paid as bad faith awards, punitive damage awards, or other court-imposed fines, sanctions, or penalties;

7. Amounts in excess of the coverage limits under the covered policy; or

8. Allocated or unallocated loss adjustment expenses.

Section 3. *The amendment to s. 215.555, Florida Statutes, made by this act applies first to the Florida Hurricane Catastrophe Fund reimbursement contract that takes effect June 1, 2011.*

Section 4. Subsection (12) is added to section 215.5595, Florida Statutes, to read:

215.5595 Insurance Capital Build-Up Incentive Program.—

(12) The insurer may request that the board renegotiate the terms of any surplus note issued under this section before January 1, 2011. The request must be submitted to the board by January 1, 2012. If the insurer agrees to accelerate the payment period of the note by at least 5 years, the board must agree to exempt the insurer from the premium-to-surplus ratios required under paragraph (2)(d). If the insurer agrees to an acceleration of the payment period for less than 5 years, the board may, after consultation with the Office of Insurance Regulation, agree to an appropriate revision of the premium-to-surplus ratios required under paragraph (2)(d) for the remaining term of the note if the revised ratios are not lower than a minimum writing ratio of net premium to surplus of at least 1 to 1 and, alternatively, a minimum writing ratio of gross premium to surplus of at least 3 to 1.

Section 5. Section 624.407, Florida Statutes, is amended to read:

624.407 *Surplus* ~~Capital funds~~ required; new insurers.—

(1) To receive authority to transact any one kind or combinations of kinds of insurance, as defined in part V of this chapter, an insurer applying for its original certificate of authority in this state ~~after the effective date of this section~~ shall possess surplus as to policyholders *at least* ~~not less than~~ the greater of:

(a) ~~Five million dollars~~ For a property and casualty insurer*, $5 million*, or $2.5 million for any other insurer;

(b) For life insurers, 4 percent of the insurer's total liabilities;

(c) For life and health insurers, 4 percent of the insurer's total liabilities, plus 6 percent of the insurer's liabilities relative to health insurance; ~~or~~

(d) For all insurers other than life insurers and life and health insurers, 10 percent of the insurer's total liabilities; *or*

(e) Notwithstanding paragraph (a) or paragraph (d), for a domestic insurer that transacts residential property insurance and is:

1. Not a wholly owned subsidiary of an insurer domiciled in any other state, $15 million.

2. ~~however, a domestic insurer that transacts residential property insurance and is~~ A wholly owned subsidiary of an insurer domiciled in any other state*,* ~~shall possess surplus as to policyholders of at least~~ $50 million*.*

(2) Notwithstanding subsection (1), a new insurer may not be required~~, but no insurer shall be required under this subsection~~ to have surplus as to policyholders greater than $100 million.

(3)~~(2)~~ The requirements of this section shall be based upon all the kinds of insurance actually transacted or to be transacted by the insurer in any and all areas in which it operates, whether or not only a portion of such kinds *of insurance* are ~~to be~~ transacted in this state.

(4)~~(3)~~ As to surplus as to policyholders required for qualification to transact one or more kinds of insurance, domestic mutual insurers are governed by chapter 628, and domestic reciprocal insurers are governed by chapter 629.

(5)~~(4)~~ For the purposes of this section, liabilities *do* ~~shall~~ not include liabilities required under s. 625.041(4). For purposes of computing minimum surplus as to policyholders pursuant to s. 625.305(1), liabilities ~~shall~~ include liabilities required under s. 625.041(4).

~~(5) The provisions of this section, as amended by this act, shall apply only to insurers applying for a certificate of authority on or after the effective date of this act.~~

Section 6. Section 624.408, Florida Statutes, is amended to read:

624.408 Surplus ~~as to policyholders~~ required; *current* ~~new and existing~~ insurers.—

(1)~~(a)~~ To maintain a certificate of authority to transact any one kind or combinations of kinds of insurance, as defined in part V of this chapter, an insurer in this state *must* ~~shall~~ at all times maintain surplus as to policyholders *at least* ~~not less than~~ the greater of:

(a)~~1.~~ Except as provided in *paragraphs (e), (f), and (g)* ~~subparagraph 5. and paragraph (b)~~, $1.5 million.~~;~~

(b)~~2.~~ For life insurers, 4 percent of the insurer's total liabilities.~~;~~

(c)~~3.~~ For life and health insurers, 4 percent of the insurer's total liabilities plus 6 percent of the insurer's liabilities relative to health insurance.~~; or~~

(d)~~4.~~ For all insurers other than mortgage guaranty insurers, life insurers, and life and health insurers, 10 percent of the insurer's total liabilities.

(e)~~5.~~ For property and casualty insurers, $4 million*, except for property and casualty insurers authorized to underwrite any line of residential property insurance*.

(f)~~(b)~~ For *residential* ~~any~~ property *insurers not* ~~and casualty insurer~~ holding a certificate of authority *before July 1, 2011* ~~on December 1, 1993~~*, $15 million.* ~~the~~

(g) For residential property insurers holding a certificate of authority before July 1, 2011, and until June 30, 2016, $5 million; on or after July 1, 2016, and until June 30, 2021, $10 million; on or after July 1, 2021, $15 million.

The office may reduce the surplus requirement in paragraphs (f) and (g) if the insurer is not writing new business, has premiums in force of less than $1 million per year in residential property insurance, or is a mutual insurance company. ~~following amounts apply instead of the $4 million required by subparagraph (a)5.:~~

~~1. On December 31, 2001, and until December 30, 2002, $3 million.~~

~~2. On December 31, 2002, and until December 30, 2003, $3.25 million.~~

~~3. On December 31, 2003, and until December 30, 2004, $3.6 million.~~

~~4. On December 31, 2004, and thereafter, $4 million.~~

(2) For purposes of this section, liabilities *do* ~~shall~~ not include liabilities required under s. 625.041(4). For purposes of computing minimum surplus as to policyholders pursuant to s. 625.305(1), liabilities ~~shall~~ include liabilities required under s. 625.041(4).

(3) *This section does not require an* ~~No~~ insurer ~~shall be required under this section~~ to have surplus as to policyholders greater than $100 million.

(4) A mortgage guaranty insurer shall maintain a minimum surplus as required by s. 635.042.

Section 7. Effective June 1, 2011, section 626.854, Florida Statutes, is amended to read:

626.854 "Public adjuster" defined; prohibitions.—The Legislature finds that it is necessary for the protection of the public to regulate public insurance adjusters and to prevent the unauthorized practice of law.

(1) A "public adjuster" is any person, except a duly licensed attorney at law as hereinafter in s. 626.860 provided, who, for money, commission, or any other thing of value, prepares, completes, or files an insurance claim form for an insured or third-party claimant or who, for money, commission, or any other thing of value, acts or aids in any manner on behalf of an insured or third-party claimant in negotiating for or effecting the settlement of a claim or claims for loss or damage covered by an insurance contract or who advertises for employment as an adjuster of such claims, and also includes any person who, for money, commission, or any other thing of value, solicits, investigates, or adjusts such claims on behalf of any such public adjuster.

(2) This definition does not apply to:

(a) A licensed health care provider or employee thereof who prepares or files a health insurance claim form on behalf of a patient.

(b) A person who files a health claim on behalf of another and does so without compensation.

(3) A public adjuster may not give legal advice. A public adjuster may not act on behalf of or aid any person in negotiating or settling a claim relating to bodily injury, death, or noneconomic damages.

(4) For purposes of this section, the term "insured" includes only the policyholder and any beneficiaries named or similarly identified in the policy.

(5) A public adjuster may not directly or indirectly through any other person or entity solicit an insured or claimant by any means except on Monday through Saturday of each week and only between the hours of 8 a.m. and 8 p.m. on those days.

(6) A public adjuster may not directly or indirectly through any other person or entity initiate contact or engage in face-to-face or telephonic

solicitation or enter into a contract with any insured or claimant under an insurance policy until at least 48 hours after the occurrence of an event that may be the subject of a claim under the insurance policy unless contact is initiated by the insured or claimant.

(7) An insured or claimant may cancel a public adjuster's contract to adjust a claim without penalty or obligation within 3 business days after the date on which the contract is executed or within 3 business days after the date on which the insured or claimant has notified the insurer of the claim, by phone or in writing, whichever is later. The public adjuster's contract shall disclose to the insured or claimant his or her right to cancel the contract and advise the insured or claimant that notice of cancellation must be submitted in writing and sent by certified mail, return receipt requested, or other form of mailing which provides proof thereof, to the public adjuster at the address specified in the contract; provided, during any state of emergency as declared by the Governor and for a period of 1 year after the date of loss, the insured or claimant shall have 5 business days after the date on which the contract is executed to cancel a public adjuster's contract.

(8) It is an unfair and deceptive insurance trade practice pursuant to s. 626.9541 for a public adjuster or any other person to circulate or disseminate any advertisement, announcement, or statement containing any assertion, representation, or statement with respect to the business of insurance which is untrue, deceptive, or misleading.

(9) A public adjuster, a public adjuster apprentice, or any person or entity acting on behalf of a public adjuster or public adjuster apprentice may not give or offer to give a monetary loan or advance to a client or prospective client.

(10) A public adjuster, public adjuster apprentice, or any individual or entity acting on behalf of a public adjuster or public adjuster apprentice may not give or offer to give, directly or indirectly, any article of merchandise having a value in excess of $25 to any individual for the purpose of advertising or as an inducement to entering into a contract with a public adjuster.

(11)(a) If a public adjuster enters into a contract with an insured or claimant to reopen a claim or ~~to~~ file a supplemental claim that seeks additional payments for a claim that has been previously paid in part or in full or settled by the insurer, the public adjuster may not charge, agree to, or accept any compensation, payment, commission, fee, or other thing of value based on a previous settlement or previous claim payments by the insurer for the same cause of loss. The charge, compensation, payment, commission, fee, or other thing of value may be based only on the claim payments or settlement obtained through the work of the public adjuster after entering into the contract with the insured or claimant. *Compensation for the reopened or supplemental claim may not exceed 20 percent of the reopened or supplemental claim payment.* The contracts described in this paragraph are not subject to the limitations in paragraph (b).

(b) A public adjuster may not charge, agree to, or accept any compensation, payment, commission, fee, or other thing of value in excess of:

1. Ten percent of the amount of insurance claim payments *made* by the insurer for claims based on events that are the subject of a declaration of a state of emergency by the Governor. This provision applies to claims made during the period of 1 year after the declaration of emergency. *After that 1-year period, 20 percent of the amount of insurance claim payments made by the insurer.*

2. Twenty percent of the amount of ~~all other~~ insurance claim payments *made by the insurer for claims that are not based on events that are the subject of a declaration of a state of emergency by the Governor*.

(12) Each public adjuster shall provide to the claimant or insured a written estimate of the loss to assist in the submission of a proof of loss or any other claim for payment of insurance proceeds. The public adjuster shall retain such written estimate for at least 5 years and shall make such estimate available to the claimant or insured and the department upon request.

(13) A public adjuster, public adjuster apprentice, or any person acting on behalf of a public adjuster or apprentice may not accept referrals of business from any person with whom the public adjuster conducts business if there is any form or manner of agreement to compensate the person, whether directly or indirectly, for referring business to the public adjuster. A public adjuster may not compensate any person, except for another public adjuster, whether directly or indirectly, for the principal purpose of referring business to the public adjuster.

The provisions of subsections (5)-(13) apply only to residential property insurance policies and condominium *unit owner* ~~association~~ policies as defined in s. 718.111(11).

Section 8. Effective January 1, 2012, section 626.854, Florida Statutes, as amended by this act, is amended to read:

626.854 "Public adjuster" defined; prohibitions.—The Legislature finds that it is necessary for the protection of the public to regulate public insurance adjusters and to prevent the unauthorized practice of law.

(1) A "public adjuster" is any person, except a duly licensed attorney at law as *exempted under* ~~hereinafter in~~ s. 626.860 ~~provided~~, who, for money, commission, or any other thing of value, prepares, completes, or files an insurance claim form for an insured or third-party claimant or who, for money, commission, or any other thing of value, acts ~~or aids in any manner~~ on behalf of*, or aids* an insured or third-party claimant in negotiating for or effecting the settlement of a claim or claims for loss or damage covered by an insurance contract or who advertises for employment as an adjuster of such claims. *The term*~~, and~~ also includes any person who, for money, commission, or any other thing of value, solicits, investigates, or adjusts such claims on behalf of *a* ~~any such~~ public adjuster.

(2) This definition does not apply to:

(a) A licensed health care provider or employee thereof who prepares or files a health insurance claim form on behalf of a patient.

(b) A person who files a health claim on behalf of another and does so without compensation.

(3) A public adjuster may not give legal advice *or*~~. A public adjuster may not~~ act on behalf of or aid any person in negotiating or settling a claim relating to bodily injury, death, or noneconomic damages.

(4) For purposes of this section, the term "insured" includes only the policyholder and any beneficiaries named or similarly identified in the policy.

(5) A public adjuster may not directly or indirectly through any other person or entity solicit an insured or claimant by any means except on Monday through Saturday of each week and only between the hours of 8 a.m. and 8 p.m. on those days.

(6) A public adjuster may not directly or indirectly through any other person or entity initiate contact or engage in face-to-face or telephonic solicitation or enter into a contract with any insured or claimant under an insurance policy until at least 48 hours after the occurrence of an event that may be the subject of a claim under the insurance policy unless contact is initiated by the insured or claimant.

(7) An insured or claimant may cancel a public adjuster's contract to adjust a claim without penalty or obligation within 3 business days after the date on which the contract is executed or within 3 business days after the date on which the insured or claimant has notified the insurer of the claim, by phone or in writing, whichever is later. The public adjuster's contract *must* ~~shall~~ disclose to the insured or claimant his or her right to cancel the contract and advise the insured or claimant that notice of cancellation must be submitted in writing and sent by certified mail, return receipt requested, or other form of mailing *that* ~~which~~ provides proof thereof, to the public adjuster at the address specified in the contract; provided, during any state of emergency as declared by the Governor and for ~~a period of~~ 1 year after the date of loss, the insured or claimant *has* ~~shall have~~ 5 business days after the date on which the contract is executed to cancel a public adjuster's contract.

(8) It is an unfair and deceptive insurance trade practice pursuant to s. 626.9541 for a public adjuster or any other person to circulate or disseminate any advertisement, announcement, or statement containing any assertion, representation, or statement with respect to the business of insurance which is untrue, deceptive, or misleading.

(a) The following statements, made in any public adjuster's advertisement or solicitation, are considered deceptive or misleading:

1. A statement or representation that invites an insured policyholder to submit a claim when the policyholder does not have covered damage to insured property.

2. A statement or representation that invites an insured policyholder to submit a claim by offering monetary or other valuable inducement.

3. A statement or representation that invites an insured policyholder to submit a claim by stating that there is "no risk" to the policyholder by submitting such claim.

4. A statement or representation, or use of a logo or shield, that implies or could mistakenly be construed to imply that the solicitation was issued or distributed by a governmental agency or is sanctioned or endorsed by a governmental agency.

(b) For purposes of this paragraph, the term "written advertisement" includes only newspapers, magazines, flyers, and bulk mailers. The following disclaimer, which is not required to be printed on standard size business cards, must be added in bold print and capital letters in typeface no smaller than the typeface of the body of the text to all written advertisements by a public adjuster:

"THIS IS A SOLICITATION FOR BUSINESS. IF YOU HAVE HAD A CLAIM FOR AN INSURED PROPERTY LOSS OR DAMAGE AND YOU ARE SATISFIED WITH THE PAYMENT BY YOUR INSURER, YOU MAY DISREGARD THIS ADVERTISEMENT."

(9) A public adjuster, a public adjuster apprentice, or any person or entity acting on behalf of a public adjuster or public adjuster apprentice may not give or offer to give a monetary loan or advance to a client or prospective client.

(10) A public adjuster, public adjuster apprentice, or any individual or entity acting on behalf of a public adjuster or public adjuster apprentice may not give or offer to give, directly or indirectly, any article of merchandise having a value in excess of $25 to any individual for the purpose of advertising or as an inducement to entering into a contract with a public adjuster.

(11)(a) If a public adjuster enters into a contract with an insured or claimant to reopen a claim or file a supplemental claim that seeks additional payments for a claim that has been previously paid in part or in full or settled by the insurer, the public adjuster may not charge, agree to, or accept any compensation, payment, commission, fee, or other thing of value based on a previous settlement or previous claim payments by the insurer for the same cause of loss. The charge, compensation, payment, commission, fee, or other thing of value must be based only on the claim payments or settlement obtained through the work of the public adjuster after entering into the contract with the insured or claimant. Compensation for the reopened or supplemental claim may not exceed 20 percent of the reopened or supplemental claim payment. The contracts described in this paragraph are not subject to the limitations in paragraph (b).

(b) A public adjuster may not charge, agree to, or accept any compensation, payment, commission, fee, or other thing of value in excess of:

1. Ten percent of the amount of insurance claim payments made by the insurer for claims based on events that are the subject of a declaration of a state of emergency by the Governor. This provision applies to claims made during the year after the declaration of emergency. After that year, the limitations in subparagraph 2. apply.

2. Twenty percent of the amount of insurance claim payments made by the insurer for claims that are not based on events that are the subject of a declaration of a state of emergency by the Governor.

(12) Each public adjuster *must* ~~shall~~ provide to the claimant or insured a written estimate of the loss to assist in the submission of a proof of loss or any other claim for payment of insurance proceeds. The public adjuster shall retain such written estimate for at least 5 years and shall make *the* ~~such~~ estimate available to the claimant or insured*, the insurer,* and the department upon request.

(13) A public adjuster, public adjuster apprentice, or any person acting on behalf of a public adjuster or apprentice may not accept referrals of business from any person with whom the public adjuster conducts business if there is any form or manner of agreement to compensate the person, ~~whether~~ directly or indirectly, for referring business to the public adjuster. A public adjuster may not compensate any person, except for another public adjuster, ~~whether~~ directly or indirectly, for the principal purpose of referring business to the public adjuster.

(14) A company employee adjuster, independent adjuster, attorney, investigator, or other persons acting on behalf of an insurer that needs access to an insured or claimant or to the insured property that is the subject of a claim must provide at least 48 hours' notice to the insured or claimant, public adjuster, or legal representative before scheduling a meeting with the claimant or an onsite inspection of the insured property. The insured or claimant may deny access to the property if the notice has not been provided. The insured or claimant may waive the 48-hour notice.

(15) A public adjuster must ensure prompt notice of property loss claims submitted to an insurer by or through a public adjuster or on which a public adjuster represents the insured at the time the claim or notice of loss is submitted to the insurer. The public adjuster must ensure that notice is given to the insurer, the public adjuster's contract is provided to the insurer, the property is available for inspection of the loss or damage by the insurer, and the insurer is given an opportunity to interview the insured directly about the loss and claim. The insurer must be allowed to obtain necessary information to investigate and respond to the claim.

(a) The insurer may not exclude the public adjuster from its in-person meetings with the insured. The insurer shall meet or communicate with the public adjuster in an effort to reach agreement as to the scope of the covered loss under the insurance policy. This section does not impair the terms and conditions of the insurance policy in effect at the time the claim is filed.

(b) A public adjuster may not restrict or prevent an insurer, company employee adjuster, independent adjuster, attorney, investigator, or other person acting on behalf of the insurer from having reasonable access at reasonable times to an insured or claimant or to the insured property that is the subject of a claim.

(c) A public adjuster may not act or fail to reasonably act in any manner that obstructs or prevents an insurer or insurer's adjuster from timely conducting an inspection of any part of the insured property for which there is a claim for loss or damage. The public adjuster representing the insured may be present for the insurer's inspection, but if the unavailability of the public adjuster otherwise delays the insurer's timely inspection of the property, the public adjuster or the insured must allow the insurer to have access to the property without the participation or presence of the public adjuster or insured in order to facilitate the insurer's prompt inspection of the loss or damage.

(16) A licensed contractor under part I of chapter 489, or a subcontractor, may not adjust a claim on behalf of an insured unless licensed and compliant as a public adjuster under this chapter. However, the contractor may discuss or explain a bid for construction or repair of covered property with the residential property owner who has suffered loss or damage covered by a property insurance policy, or the insurer of such property, if the contractor is doing so for the usual and customary fees applicable to the work to be performed as stated in the contract between the contractor and the insured.

(17) The provisions of subsections *(5)-(16)* ~~(5)-(13)~~ apply only to residential property insurance policies and condominium unit owner policies as defined in s. 718.111(11).

Section 9. Effective January 1, 2012, section 626.8796, Florida Statutes, is amended to read:

626.8796 Public adjuster contracts; fraud statement.—

(1) All contracts for public adjuster services must be in writing and ~~must~~ prominently display the following statement on the contract: "Pursuant to s. 817.234, Florida Statutes, any person who, with the intent to injure, defraud, or deceive *an* ~~any~~ insurer or insured, prepares, presents, or causes to be presented a proof of loss or estimate of cost or repair of damaged property in support of a claim under an insurance

policy knowing that the proof of loss or estimate of claim or repairs contains ~~any~~ false, incomplete, or misleading information concerning any fact or thing material to the claim commits a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084, Florida Statutes."

(2) A public adjuster contract relating to a property and casualty claim must contain the full name, permanent business address, and license number of the public adjuster; the full name of the public adjusting firm; and the insured's full name and street address, together with a brief description of the loss. The contract must state the percentage of compensation for the public adjuster's services; the type of claim, including an emergency claim, nonemergency claim, or supplemental claim; the signatures of the public adjuster and all named insureds; and the signature date. If all of the named insureds signatures are not available, the public adjuster must submit an affidavit signed by the available named insureds attesting that they have authority to enter into the contract and settle all claim issues on behalf of the named insureds. An unaltered copy of the executed contract must be remitted to the insurer within 30 days after execution.

Section 10. Effective June 1, 2011, section 626.70132, Florida Statutes, is created to read:

626.70132 Notice of windstorm or hurricane claim.—A claim, supplemental claim, or reopened claim under an insurance policy that provides property insurance, as defined in s. 624.604, for loss or damage caused by the peril of windstorm or hurricane is barred unless notice of the claim, supplemental claim, or reopened claim was given to the insurer in accordance with the terms of the policy within 3 years after the hurricane first made landfall or the windstorm caused the covered damage. For purposes of this section, the term "supplemental claim" or "reopened claim" means any additional claim for recovery from the insurer for losses from the same hurricane or windstorm which the insurer has previously adjusted pursuant to the initial claim. This section does not affect any applicable limitation on civil actions provided in s. 95.11 for claims, supplemental claims, or reopened claims timely filed under this section.

Section 11. *Subsection (4) of section 627.0613, Florida Statutes, is repealed.*

Section 12. Section 627.062, Florida Statutes, is amended to read:

627.062 Rate standards.—

(1) The rates for all classes of insurance to which the provisions of this part are applicable *may* ~~shall~~ not be excessive, inadequate, or unfairly discriminatory.

(2) As to all such classes of insurance:

(a) Insurers or rating organizations shall establish and use rates, rating schedules, or rating manuals *that* ~~to~~ allow the insurer a reasonable rate of return on *the* ~~such~~ classes of insurance written in this state. A copy of rates, rating schedules, rating manuals, premium credits or discount schedules, and surcharge schedules, and changes thereto, *must* ~~shall~~ be filed with the office under one of the following procedures ~~except as provided in subparagraph 3.~~:

1. If the filing is made at least 90 days before the proposed effective date and ~~the filing~~ is not implemented during the office's review of the filing and any proceeding and judicial review, ~~then~~ such filing *is* ~~shall be~~ considered a "file and use" filing. In such case, the office shall finalize its review by issuance of a notice of intent to approve or a notice of intent to disapprove within 90 days after receipt of the filing. The notice of intent to approve and the notice of intent to disapprove constitute agency action for purposes of the Administrative Procedure Act. Requests for supporting information, requests for mathematical or mechanical corrections, or notification to the insurer by the office of its preliminary findings *does* ~~shall~~ not toll the 90-day period during any such proceedings and subsequent judicial review. The rate shall be deemed approved if the office does not issue a notice of intent to approve or a notice of intent to disapprove within 90 days after receipt of the filing.

2. If the filing is not made in accordance with ~~the provisions of~~ subparagraph 1., such filing *must* ~~shall~~ be made as soon as practicable, but *within* ~~no later than~~ 30 days after the effective date, and *is* ~~shall be~~ considered a "use and file" filing. An insurer making a "use and file" filing is potentially subject to an order by the office to return to policyholders *those* portions of rates found to be excessive, as provided in paragraph (h).

3. For all property insurance filings made or submitted after January 25, 2007, but before *May 1, 2012* ~~December 31, 2010~~, an insurer seeking a rate that is greater than the rate most recently approved by the office shall make a "file and use" filing. For purposes of this subparagraph, motor vehicle collision and comprehensive coverages are not considered ~~to be~~ property coverages.

(b) Upon receiving a rate filing, the office shall review the ~~rate~~ filing to determine if a rate is excessive, inadequate, or unfairly discriminatory. In making that determination, the office shall, in accordance with generally accepted and reasonable actuarial techniques, consider the following factors:

1. Past and prospective loss experience within and without this state.

2. Past and prospective expenses.

3. The degree of competition among insurers for the risk insured.

4. Investment income reasonably expected by the insurer, consistent with the insurer's investment practices, from investable premiums anticipated in the filing, plus any other expected income from currently invested assets representing the amount expected on unearned premium reserves and loss reserves. The commission may adopt rules using reasonable techniques of actuarial science and economics to specify the manner in which insurers ~~shall~~ calculate investment income attributable to ~~such~~ classes of insurance written in this state and the manner in which ~~such~~ investment income *is* ~~shall be~~ used to calculate insurance rates. Such manner *must* ~~shall~~ contemplate allowances for an underwriting profit factor and full consideration of investment income which produce a reasonable rate of return; however, investment income from invested surplus may not be considered.

5. The reasonableness of the judgment reflected in the filing.

6. Dividends, savings, or unabsorbed premium deposits allowed or returned to Florida policyholders, members, or subscribers.

7. The adequacy of loss reserves.

8. The cost of reinsurance. The office *may* ~~shall~~ not disapprove a rate as excessive solely due to the insurer having obtained catastrophic reinsurance to cover the insurer's estimated 250-year probable maximum loss or any lower level of loss.

9. Trend factors, including trends in actual losses per insured unit for the insurer making the filing.

10. Conflagration and catastrophe hazards, if applicable.

11. Projected hurricane losses, if applicable, which must be estimated using a model or method found to be acceptable or reliable by the Florida Commission on Hurricane Loss Projection Methodology, and as further provided in s. 627.0628.

12. A reasonable margin for underwriting profit and contingencies.

13. The cost of medical services, if applicable.

14. Other relevant factors *that affect* ~~which impact upon~~ the frequency or severity of claims or ~~upon~~ expenses.

(c) In the case of fire insurance rates, consideration *must* ~~shall~~ be given to the availability of water supplies and the experience of the fire insurance business during a period of not less than the most recent 5-year period for which such experience is available.

(d) If conflagration or catastrophe hazards are *considered* ~~given consideration~~ by an insurer in its rates or rating plan, including surcharges and discounts, the insurer shall establish a reserve for that portion of the premium allocated to such hazard and ~~shall~~ maintain the premium in a catastrophe reserve. ~~Any~~ Removal of such premiums from the reserve for purposes other than paying claims associated with a catastrophe or purchasing reinsurance for catastrophes *must be ap-*

proved by ~~shall be subject to approval of~~ the office. Any ceding commission received by an insurer purchasing reinsurance for catastrophes *must* ~~shall~~ be placed in the catastrophe reserve.

(e) After consideration of the rate factors provided in paragraphs (b), (c), and (d), *the office may find* a rate ~~may be found by the office~~ to be excessive, inadequate, or unfairly discriminatory based upon the following standards:

1. Rates shall be deemed excessive if they are likely to produce a profit from Florida business *which* ~~that~~ is unreasonably high in relation to the risk involved in the class of business or if expenses are unreasonably high in relation to services rendered.

2. Rates shall be deemed excessive if, among other things, the rate structure established by a stock insurance company provides for replenishment of surpluses from premiums, *if* ~~when~~ the replenishment is attributable to investment losses.

3. Rates shall be deemed inadequate if they are clearly insufficient, together with the investment income attributable to them, to sustain projected losses and expenses in the class of business to which they apply.

4. A rating plan, including discounts, credits, or surcharges, shall be deemed unfairly discriminatory if it fails to clearly and equitably reflect consideration of the policyholder's participation in a risk management program adopted pursuant to s. 627.0625.

5. A rate shall be deemed inadequate as to the premium charged to a risk or group of risks if discounts or credits are allowed which exceed a reasonable reflection of expense savings and reasonably expected loss experience from the risk or group of risks.

6. A rate shall be deemed unfairly discriminatory as to a risk or group of risks if the application of premium discounts, credits, or surcharges among such risks does not bear a reasonable relationship to the expected loss and expense experience among the various risks.

(f) In reviewing a rate filing, the office may require the insurer to provide*,* at the insurer's expense*,* all information necessary to evaluate the condition of the company and the reasonableness of the filing according to the criteria enumerated in this section.

(g) The office may at any time review a rate, rating schedule, rating manual, or rate change; the pertinent records of the insurer; and market conditions. If the office finds on a preliminary basis that a rate may be excessive, inadequate, or unfairly discriminatory, the office shall initiate proceedings to disapprove the rate and shall so notify the insurer. However, the office may not disapprove as excessive any rate for which it has given final approval or which has been deemed approved for ~~a period of~~ 1 year after the effective date of the filing unless the office finds that a material misrepresentation or material error was made by the insurer or was contained in the filing. Upon being ~~so~~ notified, the insurer or rating organization shall, within 60 days, file with the office all information *that* ~~which~~, in the belief of the insurer or organization, proves the reasonableness, adequacy, and fairness of the rate or rate change. The office shall issue a notice of intent to approve or a notice of intent to disapprove pursuant to ~~the procedures of~~ paragraph (a) within 90 days after receipt of the insurer's initial response. In such instances and in any administrative proceeding relating to the legality of the rate, the insurer or rating organization shall carry the burden of proof by a preponderance of the evidence to show that the rate is not excessive, inadequate, or unfairly discriminatory. After the office notifies an insurer that a rate may be excessive, inadequate, or unfairly discriminatory, unless the office withdraws the notification, the insurer *may* ~~shall~~ not alter the rate except to conform *to* ~~with~~ the office's notice until the earlier of 120 days after the date the notification was provided or 180 days after the date of *implementing* ~~the implementation of~~ the rate. The office ~~may~~, subject to chapter 120, *may* disapprove without the 60-day notification any rate increase filed by an insurer within the prohibited time period or during the time that the legality of the increased rate is being contested.

(h) *If* ~~In the event~~ the office finds that a rate or rate change is excessive, inadequate, or unfairly discriminatory, the office shall issue an order of disapproval specifying that a new rate or rate schedule*,* which responds to the findings of the office*,* be filed by the insurer. The office shall further order, for any "use and file" filing made in accordance with subparagraph (a)2., that premiums charged each policyholder constituting the portion of the rate above that which was actuarially justified be returned to *the* ~~such~~ policyholder in the form of a credit or refund. If the office finds that an insurer's rate or rate change is inadequate, the new rate or rate schedule filed with the office in response to such a finding *is* ~~shall be~~ applicable only to new or renewal business of the insurer written on or after the effective date of the responsive filing.

(i) Except as otherwise specifically provided in this chapter, *for property and casualty insurance* the office *may* ~~shall~~ not *directly or indirectly:*

1. Prohibit any insurer, including any residual market plan or joint underwriting association, from paying acquisition costs based on the full amount of premium, as defined in s. 627.403, applicable to any policy, or prohibit any such insurer from including the full amount of acquisition costs in a rate filing*; or*~~.~~

2. Impede, abridge, or otherwise compromise an insurer's right to acquire policyholders, advertise, or appoint agents, including the calculation, manner, or amount of such agent commissions, if any.

(j) With respect to residential property insurance rate filings, the rate filing must account for mitigation measures undertaken by policyholders to reduce hurricane losses.

(k)1. *A residential property* ~~An~~ insurer may make a separate filing limited solely to an adjustment of its rates for reinsurance*, the cost of financing products used as a replacement for reinsurance,* ~~or~~ financing costs incurred in the purchase of reinsurance*,* ~~or financing products to replace or finance the payment of the amount covered by the Temporary Increase in Coverage Limits (TICL) portion of the Florida Hurricane Catastrophe Fund including replacement reinsurance for the TICL reductions made pursuant to s. 215.555(17)(c); the actual cost paid due to the application of the TICL premium factor pursuant to s. 215.555(17)(f);~~ and the actual cost paid due to the application of the cash build-up factor pursuant to s. 215.555(5)(b) if the insurer:

a. Elects to purchase financing products such as a liquidity instrument or line of credit, in which case the cost included in ~~the~~ filing for the liquidity instrument or line of credit may not result in a premium increase exceeding 3 percent for any individual policyholder. All costs contained in the filing may not result in an overall premium increase of more than *15* ~~10~~ percent for any individual policyholder.

b. Includes in the filing a copy of all of its reinsurance, liquidity instrument, or line of credit contracts; proof of the billing or payment for the contracts; and the calculation upon which the proposed rate change is based *demonstrating* ~~demonstrates~~ that the costs meet the criteria of this section ~~and are not loaded for expenses or profit for the insurer making the filing~~.

~~c. Includes no other changes to its rates in the filing.~~

~~d. Has not implemented a rate increase within the 6 months immediately preceding the filing.~~

~~e. Does not file for a rate increase under any other paragraph within 6 months after making a filing under this paragraph.~~

2.~~f.~~ *An insurer* that purchases reinsurance or financing products from an affiliated company *may make a separate filing* ~~in compliance with this paragraph does so~~ only if the costs for such reinsurance or financing products are charged at or below charges made for comparable coverage by nonaffiliated reinsurers or financial entities making such coverage or financing products available in this state.

3.~~2.~~ An insurer may ~~only~~ make *only* one filing *per* ~~in any~~ 12-month period under this paragraph.

4.~~3.~~ An insurer that elects to implement a rate change under this paragraph must file its rate filing with the office at least 45 days before the effective date of the rate change. After an insurer submits a complete filing that meets all of the requirements of this paragraph, the office has 45 days after the date of the filing to review the rate filing and determine if the rate is excessive, inadequate, or unfairly discriminatory.

The provisions of this subsection *do* ~~shall~~ not apply to workers' compensation*,* ~~and~~ employer's liability insurance*,* and ~~to~~ motor vehicle insurance.

(3)(a) For individual risks that are not rated in accordance with the insurer's rates, rating schedules, rating manuals, and underwriting rules filed with the office and *that* ~~which~~ have been submitted to the insurer for individual rating, the insurer must maintain documentation on each risk subject to individual risk rating. The documentation must identify the named insured and specify the characteristics and classification of the risk supporting the reason for the risk being individually risk rated, including any modifications to existing approved forms to be used on the risk. The insurer must maintain these records for ~~a period of~~ at least 5 years after the effective date of the policy.

(b) Individual risk rates and modifications to existing approved forms are not subject to this part or part II, except for paragraph (a) and ss. 627.402, 627.403, 627.4035, 627.404, 627.405, 627.406, 627.407, 627.4085, 627.409, 627.4132, 627.4133, 627.415, 627.416, 627.417, 627.419, 627.425, 627.426, 627.4265, 627.427, and 627.428, but are subject to all other applicable provisions of this code and rules adopted thereunder.

(c) This subsection does not apply to private passenger motor vehicle insurance.

(d)1. The following categories or kinds of insurance and types of commercial lines risks are not subject to paragraph (2)(a) or paragraph (2)(f):

a. Excess or umbrella.

b. Surety and fidelity.

c. Boiler and machinery and leakage and fire extinguishing equipment.

d. Errors and omissions.

e. Directors and officers, employment practices, and management liability.

f. Intellectual property and patent infringement liability.

g. Advertising injury and Internet liability insurance.

h. Property risks rated under a highly protected risks rating plan.

i. Any other commercial lines categories or kinds of insurance or types of commercial lines risks that the office determines should not be subject to paragraph (2)(a) or paragraph (2)(f) because of the existence of a competitive market for such insurance, similarity of such insurance to other categories or kinds of insurance not subject to paragraph (2)(a) or paragraph (2)(f), or to improve the general operational efficiency of the office.

2. Insurers or rating organizations shall establish and use rates, rating schedules, or rating manuals to allow the insurer a reasonable rate of return on insurance and risks described in subparagraph 1. which are written in this state.

3. An insurer must notify the office of any changes to rates for insurance and risks described in subparagraph 1. *within* ~~no later than~~ 30 days after the effective date of the change. The notice must include the name of the insurer, the type or kind of insurance subject to rate change, total premium written during the immediately preceding year by the insurer for the type or kind of insurance subject to the rate change, and the average statewide percentage change in rates. Underwriting files, premiums, losses, and expense statistics with regard to *such* insurance and risks ~~described in subparagraph 1.~~ written by an insurer *must* ~~shall~~ be maintained by the insurer and subject to examination by the office. Upon examination, the office ~~shall~~, in accordance with generally accepted and reasonable actuarial techniques, *shall* consider the rate factors in paragraphs (2)(b), (c), and (d) and the standards in paragraph (2)(e) to determine if the rate is excessive, inadequate, or unfairly discriminatory.

4. A rating organization must notify the office of any changes to loss cost for insurance and risks described in subparagraph 1. *within* ~~no later than~~ 30 days after the effective date of the change. The notice must include the name of the rating organization, the type or kind of insurance subject to a loss cost change, loss costs during the immediately preceding year for the type or kind of insurance subject to the loss cost change, and the average statewide percentage change in loss cost. Loss and exposure statistics with regard to risks applicable to loss costs for a rating organization not subject to paragraph (2)(a) or paragraph (2)(f) *must* ~~shall~~ be maintained by the rating organization and are subject to examination by the office. Upon examination, the office ~~shall~~, in accordance with generally accepted and reasonable actuarial techniques, *shall* consider the rate factors in paragraphs (2)(b)-(d) and the standards in paragraph (2)(e) to determine if the rate is excessive, inadequate, or unfairly discriminatory.

5. In reviewing a rate, the office may require the insurer to provide*,* at the insurer's expense*,* all information necessary to evaluate the condition of the company and the reasonableness of the rate according to the applicable criteria described in this section.

(4) The establishment of any rate, rating classification, rating plan or schedule, or variation thereof in violation of part IX of chapter 626 is also in violation of this section. ~~In order to enhance the ability of consumers to compare premiums and to increase the accuracy and usefulness of rate comparison information provided by the office to the public, the office shall develop a proposed standard rating territory plan to be used by all authorized property and casualty insurers for residential property insurance. In adopting the proposed plan, the office may consider geographical characteristics relevant to risk, county lines, major roadways, existing rating territories used by a significant segment of the market, and other relevant factors. Such plan shall be submitted to the President of the Senate and the Speaker of the House of Representatives by January 15, 2006. The plan may not be implemented unless authorized by further act of the Legislature.~~

(5) With respect to a rate filing involving coverage of the type for which the insurer is required to pay a reimbursement premium to the Florida Hurricane Catastrophe Fund, the insurer may fully recoup in its property insurance premiums any reimbursement premiums paid to the ~~Florida Hurricane Catastrophe~~ fund, together with reasonable costs of other reinsurance*; however*, ~~but~~ except as otherwise provided in this section, *the insurer* may not recoup reinsurance costs that duplicate coverage provided by the ~~Florida Hurricane Catastrophe~~ fund. An insurer may not recoup more than 1 year of reimbursement premium at a time. Any under-recoupment from the prior year may be added to the following year's reimbursement premium, and any over-recoupment *must* ~~shall~~ be subtracted from the following year's reimbursement premium.

(6)(a) If an insurer requests an administrative hearing pursuant to s. 120.57 related to a rate filing under this section, the director of the Division of Administrative Hearings shall expedite the hearing and assign an administrative law judge who shall commence the hearing within 30 days after the receipt of the formal request and ~~shall~~ enter a recommended order within 30 days after the hearing or within 30 days after receipt of the hearing transcript by the administrative law judge, whichever is later. Each party shall *have* ~~be allowed~~ 10 days in which to submit written exceptions to the recommended order. The office shall enter a final order within 30 days after the entry of the recommended order. The provisions of this paragraph may be waived upon stipulation of all parties.

(b) Upon entry of a final order, the insurer may request a expedited appellate review pursuant to the Florida Rules of Appellate Procedure. It is the intent of the Legislature that the First District Court of Appeal grant an insurer's request for an expedited appellate review.

(7)~~(a)~~ The provisions of this subsection apply only ~~with respect~~ to rates for medical malpractice insurance and ~~shall~~ control to the extent of any conflict with other provisions of this section.

(a)~~(b)~~ Any portion of a judgment entered or settlement paid as a result of a statutory or common-law bad faith action and any portion of a judgment entered which awards punitive damages against an insurer may not be included in the insurer's rate base~~,~~ and ~~shall not be~~ used to justify a rate or rate change. Any common-law bad faith action identified as such, any portion of a settlement entered as a result of a statutory or common-law action, or any portion of a settlement wherein an insurer agrees to pay specific punitive damages may not be used to justify a rate

or rate change. The portion of the taxable costs and attorney's fees which is identified as being related to the bad faith and punitive damages ~~in these judgments and settlements~~ may not be included in the insurer's rate base and *used* ~~may not be utilized~~ to justify a rate or rate change.

(b)~~(c)~~ Upon reviewing a rate filing and determining whether the rate is excessive, inadequate, or unfairly discriminatory, the office shall consider, in accordance with generally accepted and reasonable actuarial techniques, past and present prospective loss experience, ~~either~~ using loss experience solely for this state or giving greater credibility to this state's loss data after applying actuarially sound methods of assigning credibility to such data.

(c)~~(d)~~ Rates shall be deemed excessive if, among other standards established by this section, the rate structure provides for replenishment of reserves or surpluses from premiums when the replenishment is attributable to investment losses.

(d)~~(e)~~ The insurer must apply a discount or surcharge based on the health care provider's loss experience or ~~shall~~ establish an alternative method giving due consideration to the provider's loss experience. The insurer must include in the filing a copy of the surcharge or discount schedule or a description of the alternative method used, and ~~must~~ provide a copy ~~of such schedule or description~~, as approved by the office, to policyholders at the time of renewal and to prospective policyholders at the time of application for coverage.

(e)~~(f)~~ Each medical malpractice insurer must make a rate filing under this section, sworn to by at least two executive officers of the insurer, at least once each calendar year.

~~(8)(a)1. No later than 60 days after the effective date of medical malpractice legislation enacted during the 2003 Special Session D of the Florida Legislature, the office shall calculate a presumed factor that reflects the impact that the changes contained in such legislation will have on rates for medical malpractice insurance and shall issue a notice informing all insurers writing medical malpractice coverage of such presumed factor. In determining the presumed factor, the office shall use generally accepted actuarial techniques and standards provided in this section in determining the expected impact on losses, expenses, and investment income of the insurer. To the extent that the operation of a provision of medical malpractice legislation enacted during the 2003 Special Session D of the Florida Legislature is stayed pending a constitutional challenge, the impact of that provision shall not be included in the calculation of a presumed factor under this subparagraph.~~

~~2. No later than 60 days after the office issues its notice of the presumed rate change factor under subparagraph 1., each insurer writing medical malpractice coverage in this state shall submit to the office a rate filing for medical malpractice insurance, which will take effect no later than January 1, 2004, and apply retroactively to policies issued or renewed on or after the effective date of medical malpractice legislation enacted during the 2003 Special Session D of the Florida Legislature. Except as authorized under paragraph (b), the filing shall reflect an overall rate reduction at least as great as the presumed factor determined under subparagraph 1. With respect to policies issued on or after the effective date of such legislation and prior to the effective date of the rate filing required by this subsection, the office shall order the insurer to make a refund of the amount that was charged in excess of the rate that is approved.~~

~~(b) Any insurer or rating organization that contends that the rate provided for in paragraph (a) is excessive, inadequate, or unfairly discriminatory shall separately state in its filing the rate it contends is appropriate and shall state with specificity the factors or data that it contends should be considered in order to produce such appropriate rate. The insurer or rating organization shall be permitted to use all of the generally accepted actuarial techniques provided in this section in making any filing pursuant to this subsection. The office shall review each such exception and approve or disapprove it prior to use. It shall be the insurer's burden to actuarially justify any deviations from the rates required to be filed under paragraph (a). The insurer making a filing under this paragraph shall include in the filing the expected impact of medical malpractice legislation enacted during the 2003 Special Session D of the Florida Legislature on losses, expenses, and rates.~~

~~(c) If any provision of medical malpractice legislation enacted during the 2003 Special Session D of the Florida Legislature is held invalid by a court of competent jurisdiction, the office shall permit an adjustment of all medical malpractice rates filed under this section to reflect the impact of such holding on such rates so as to ensure that the rates are not excessive, inadequate, or unfairly discriminatory.~~

~~(d) Rates approved on or before July 1, 2003, for medical malpractice insurance shall remain in effect until the effective date of a new rate filing approved under this subsection.~~

~~(e) The calculation and notice by the office of the presumed factor pursuant to paragraph (a) is not an order or rule that is subject to chapter 120. If the office enters into a contract with an independent consultant to assist the office in calculating the presumed factor, such contract shall not be subject to the competitive solicitation requirements of s. 287.057.~~

(8)~~(9)~~(a) The chief executive officer or chief financial officer of a property insurer and the chief actuary of a property insurer must certify under oath and subject to the penalty of perjury, on a form approved by the commission, the following information, which must accompany a rate filing:

1. The signing officer and actuary have reviewed the rate filing;

2. Based on the signing officer's and actuary's knowledge, the rate filing does not contain any untrue statement of a material fact or omit to state a material fact necessary ~~in order~~ to make the statements made, in light of the circumstances under which such statements were made, not misleading;

3. Based on the signing officer's and actuary's knowledge, the information and other factors described in paragraph (2)(b), including, but not limited to, investment income, fairly present in all material respects the basis of the rate filing for the periods presented in the filing; and

4. Based on the signing officer's and actuary's knowledge, the rate filing reflects all premium savings that are reasonably expected to result from legislative enactments and are in accordance with generally accepted and reasonable actuarial techniques.

(b) A signing officer or actuary *who* knowingly *makes* ~~making~~ a false certification under this subsection commits a violation of s. 626.9541(1)(e) and is subject to the penalties under s. 626.9521.

(c) Failure to provide such certification by the officer and actuary shall result in the rate filing being disapproved without prejudice to be refiled.

(d) The certification made pursuant to paragraph (a) is not rendered false if, after making the subject rate filing, the insurer provides the office with additional or supplementary information pursuant to a formal or informal request from the office. However, the actuary who is primarily responsible for preparing and submitting such information must certify the information in accordance with the certification required under paragraph (a) and the penalties in paragraph (b), except that the chief executive officer, chief financial officer, or chief actuary need not certify the additional or supplementary information.

(e)~~(d)~~ The commission may adopt rules and forms ~~pursuant to ss. 120.536(1) and 120.54~~ to administer this subsection.

(9)~~(10)~~ The burden is on the office to establish that rates are excessive for personal lines residential coverage with a dwelling replacement cost of $1 million or more or for a single condominium unit with a combined dwelling and contents replacement cost of $1 million or more. Upon request of the office, the insurer shall provide ~~to the office~~ such loss and expense information as the office reasonably needs to meet this burden.

(10)~~(11)~~ Any interest paid pursuant to s. 627.70131(5) may not be included in the insurer's rate base and may not be used to justify a rate or rate change.

Section 13. Paragraph (b) of subsection (3) of section 627.06281, Florida Statutes, is amended to read:

627.06281 Public hurricane loss projection model; reporting of data by insurers.—

(3)

(b) *The fees charged for private sector access and use of the model shall be the reasonable costs associated with the operation and maintenance of the model by the office. Such fees do not apply to access and use of the model by the office.* ~~By January 1, 2009, The office shall establish by rule a fee schedule for access to and the use of the model. The fee schedule must be reasonably calculated to cover only the actual costs of providing access to and the use of the model.~~

Section 14. Subsections (1) and (5) of section 627.0629, Florida Statutes, are amended to read:

627.0629 Residential property insurance; rate filings.—

(1)~~(a)~~ It is the intent of the Legislature that insurers ~~must~~ provide savings to consumers who install or implement windstorm damage mitigation techniques, alterations, or solutions to their properties to prevent windstorm losses. A rate filing for residential property insurance must include actuarially reasonable discounts, credits, or other rate differentials, or appropriate reductions in deductibles, for properties on which fixtures or construction techniques demonstrated to reduce the amount of loss in a windstorm have been installed or implemented. The fixtures or construction techniques *must* ~~shall~~ include, but *are* not ~~be~~ limited to, fixtures or construction techniques *that* ~~which~~ enhance roof strength, roof covering performance, roof-to-wall strength, wall-to-floor-to-foundation strength, opening protection, and window, door, and skylight strength. Credits, discounts, or other rate differentials, or appropriate reductions in deductibles, for fixtures and construction techniques *that* ~~which~~ meet the minimum requirements of the Florida Building Code must be included in the rate filing. ~~All insurance companies must make a rate filing which includes the credits, discounts, or other rate differentials or reductions in deductibles by February 28, 2003. By July 1, 2007, the office shall reevaluate the discounts, credits, other rate differentials, and appropriate reductions in deductibles for fixtures and construction techniques that meet the minimum requirements of the Florida Building Code, based upon actual experience or any other loss relativity studies available to the office.~~ The office shall determine the discounts, credits, other rate differentials, and appropriate reductions in deductibles that reflect the full actuarial value of such revaluation, which may be used by insurers in rate filings.

~~(b) By February 1, 2011, the Office of Insurance Regulation, in consultation with the Department of Financial Services and the Department of Community Affairs, shall develop and make publicly available a proposed method for insurers to establish discounts, credits, or other rate differentials for hurricane mitigation measures which directly correlate to the numerical rating assigned to a structure pursuant to the uniform home grading scale adopted by the Financial Services Commission pursuant to s. 215.55865, including any proposed changes to the uniform home grading scale. By October 1, 2011, the commission shall adopt rules requiring insurers to make rate filings for residential property insurance which revise insurers' discounts, credits, or other rate differentials for hurricane mitigation measures so that such rate differentials correlate directly to the uniform home grading scale. The rules may include such changes to the uniform home grading scale as the commission determines are necessary, and may specify the minimum required discounts, credits, or other rate differentials. Such rate differentials must be consistent with generally accepted actuarial principles and wind-loss mitigation studies. The rules shall allow a period of at least 2 years after the effective date of the revised mitigation discounts, credits, or other rate differentials for a property owner to obtain an inspection or otherwise qualify for the revised credit, during which time the insurer shall continue to apply the mitigation credit that was applied immediately prior to the effective date of the revised credit. Discounts, credits, and other rate differentials established for rate filings under this paragraph shall supersede, after adoption, the discounts, credits, and other rate differentials included in rate filings under paragraph (a).~~

(5) In order to provide an appropriate transition period, an insurer may~~, in its sole discretion,~~ implement an approved rate filing for residential property insurance over a period of years. *Such* ~~An~~ insurer ~~electing to phase in its rate filing~~ must provide an informational notice to the office setting out its schedule for implementation of the phased-in rate filing. *The* ~~An~~ insurer may include in its rate the actual cost of private market reinsurance that corresponds to available coverage of the Temporary Increase in Coverage Limits, TICL, from the Florida Hurricane Catastrophe Fund. The insurer may also include the cost of reinsurance to replace the TICL reduction implemented pursuant to s. 215.555(17)(d)9. However, this cost for reinsurance may not include any expense or profit load or result in a total annual base rate increase in excess of 10 percent.

Section 15. Paragraphs (a), (b), (c), (d), (n), (v), and (y) of subsection (6) of section 627.351, Florida Statutes, are amended to read:

627.351 Insurance risk apportionment plans.—

(6) CITIZENS PROPERTY INSURANCE CORPORATION.—

(a)~~1.~~ ~~It is~~ The public purpose of this subsection *is* to ensure *that there is* ~~the existence of~~ an orderly market for property insurance for *residents* ~~Floridians~~ and ~~Florida~~ businesses *of this state*.

1. The Legislature finds that private insurers are unwilling or unable to provide affordable property insurance coverage in this state to the extent sought and needed. The absence of affordable property insurance threatens the public health, safety, and welfare and likewise threatens the economic health of the state. The state therefore has a compelling public interest and a public purpose to assist in assuring that property in the state is insured and that it is insured at affordable rates so as to facilitate the remediation, reconstruction, and replacement of damaged or destroyed property in order to reduce or avoid the negative effects otherwise resulting to the public health, safety, and welfare, to the economy of the state, and to the revenues of the state and local governments which are needed to provide for the public welfare. It is necessary, therefore, to provide affordable property insurance to applicants who are in good faith entitled to procure insurance through the voluntary market but are unable to do so. The Legislature intends*, therefore,* ~~by this subsection~~ that affordable property insurance be provided and that it continue to be provided, as long as necessary, through Citizens Property Insurance Corporation, a government entity that is an integral part of the state, and that is not a private insurance company. To that end, *the* ~~Citizens Property Insurance~~ corporation shall strive to increase the availability of affordable property insurance in this state, while achieving efficiencies and economies, and while providing service to policyholders, applicants, and agents which is no less than the quality generally provided in the voluntary market, for the achievement of the foregoing public purposes. Because it is essential for this government entity to have the maximum financial resources to pay claims following a catastrophic hurricane, it is the intent of the Legislature that *the* ~~Citizens Property Insurance~~ corporation continue to be an integral part of the state and that the income of the corporation be exempt from federal income taxation and that interest on the debt obligations issued by the corporation be exempt from federal income taxation.

2. The Residential Property and Casualty Joint Underwriting Association originally created by this statute shall be known~~, as of July 1, 2002,~~ as the Citizens Property Insurance Corporation. The corporation shall provide insurance for residential and commercial property, for applicants who are ~~in good faith~~ entitled, but*, in good faith,* are unable~~,~~ to procure insurance through the voluntary market. The corporation shall operate pursuant to a plan of operation approved by order of the Financial Services Commission. The plan is subject to continuous review by the commission. The commission may, by order, withdraw approval of all or part of a plan if the commission determines that conditions have changed since approval was granted and that the purposes of the plan require changes in the plan. ~~The corporation shall continue to operate pursuant to the plan of operation approved by the Office of Insurance Regulation until October 1, 2006.~~ For the purposes of this subsection, residential coverage includes both personal lines residential coverage, which consists of the type of coverage provided by homeowner's, mobile home owner's, dwelling, tenant's, condominium unit owner's, and similar policies*;*~~,~~ and commercial lines residential coverage, which consists of the type of coverage provided by condominium association, apartment building, and similar policies.

3. Effective January 1, 2009, a personal lines residential structure that has a dwelling replacement cost of $2 million or more, or a single condominium unit that has a combined dwelling and *contents* ~~content~~ replacement cost of $2 million or more is not eligible for coverage by the corporation. Such dwellings insured by the corporation on December 31, 2008, may continue to be covered by the corporation until the end of the policy term. However, such dwellings ~~that are insured by the corporation and become ineligible for coverage due to the provisions of this subparagraph~~ may reapply and obtain coverage if the property owner pro-

vides the corporation with a sworn affidavit from one or more insurance agents, on a form provided by the corporation, stating that the agents have made their best efforts to obtain coverage and that the property has been rejected for coverage by at least one authorized insurer and at least three surplus lines insurers. If such conditions are met, the dwelling may be insured by the corporation for up to 3 years, after which time the dwelling is ineligible for coverage. The office shall approve the method used by the corporation for valuing the dwelling replacement cost for the purposes of this subparagraph. If a policyholder is insured by the corporation prior to being determined to be ineligible pursuant to this subparagraph and such policyholder files a lawsuit challenging the determination, the policyholder may remain insured by the corporation until the conclusion of the litigation.

4. It is the intent of the Legislature that policyholders, applicants, and agents of the corporation receive service and treatment of the highest possible level but never less than that generally provided in the voluntary market. It *is* also ~~is~~ intended that the corporation be held to service standards no less than those applied to insurers in the voluntary market by the office with respect to responsiveness, timeliness, customer courtesy, and overall dealings with policyholders, applicants, or agents of the corporation.

5. Effective January 1, 2009, a personal lines residential structure that is located in the "wind-borne debris region," as defined in s. 1609.2, International Building Code (2006), and that has an insured value on the structure of $750,000 or more is not eligible for coverage by the corporation unless the structure has opening protections as required under the Florida Building Code for a newly constructed residential structure in that area. A residential structure shall be deemed to comply with ~~the requirements of~~ this subparagraph if it has shutters or opening protections on all openings and if such opening protections complied with the Florida Building Code at the time they were installed.

6. For any claim filed under any policy of the corporation, a public adjuster may not charge, agree to, or accept any compensation, payment, commission, fee, or other thing of value greater than 10 percent of the additional amount actually paid over the amount that was originally offered by the corporation for any one claim.

(b)1. All insurers authorized to write one or more subject lines of business in this state are subject to assessment by the corporation and, for the purposes of this subsection, are referred to collectively as "assessable insurers." Insurers writing one or more subject lines of business in this state pursuant to part VIII of chapter 626 are not assessable insurers, but insureds who procure one or more subject lines of business in this state pursuant to part VIII of chapter 626 are subject to assessment by the corporation and are referred to collectively as "assessable insureds." An ~~authorized~~ insurer's assessment liability *begins* ~~shall begin~~ on the first day of the calendar year following the year in which the insurer was issued a certificate of authority to transact insurance for subject lines of business in this state and *terminates* ~~shall terminate~~ 1 year after the end of the first calendar year during which the insurer no longer holds a certificate of authority to transact insurance for subject lines of business in this state.

2.a. All revenues, assets, liabilities, losses, and expenses of the corporation shall be divided into three separate accounts as follows:

(I) A personal lines account for personal residential policies issued by the corporation*,* or issued by the Residential Property and Casualty Joint Underwriting Association and renewed by the corporation*, which provides* ~~that provide~~ comprehensive, multiperil coverage on risks that are not located in areas eligible for coverage *by* ~~in~~ the Florida Windstorm Underwriting Association as those areas were defined on January 1, 2002, and for ~~such~~ policies that do not provide coverage for the peril of wind on risks that are located in such areas;

(II) A commercial lines account for commercial residential and commercial nonresidential policies issued by the corporation*,* or issued by the Residential Property and Casualty Joint Underwriting Association and renewed by the corporation*, which provides* ~~that provide~~ coverage for basic property perils on risks that are not located in areas eligible for coverage *by* ~~in~~ the Florida Windstorm Underwriting Association as those areas were defined on January 1, 2002, and for ~~such~~ policies that do not provide coverage for the peril of wind on risks that are located in such areas; and

(III) A *coastal* ~~high-risk~~ account for personal residential policies and commercial residential and commercial nonresidential property policies issued by the corporation*,* or transferred to the corporation*, which provides* ~~that provide~~ coverage for the peril of wind on risks that are located in areas eligible for coverage *by* ~~in~~ the Florida Windstorm Underwriting Association as those areas were defined on January 1, 2002. The corporation may offer policies that provide multiperil coverage and the corporation shall continue to offer policies that provide coverage only for the peril of wind for risks located in areas eligible for coverage in the *coastal* ~~high-risk~~ account. In issuing multiperil coverage, the corporation may use its approved policy forms and rates for the personal lines account. An applicant or insured who is eligible to purchase a multiperil policy from the corporation may purchase a multiperil policy from an authorized insurer without prejudice to the applicant's or insured's eligibility to prospectively purchase a policy that provides coverage only for the peril of wind from the corporation. An applicant or insured who is eligible for a corporation policy that provides coverage only for the peril of wind may elect to purchase or retain such policy and also purchase or retain coverage excluding wind from an authorized insurer without prejudice to the applicant's or insured's eligibility to prospectively purchase a policy that provides multiperil coverage from the corporation. It is the goal of the Legislature that there ~~would~~ be an overall average savings of 10 percent or more for a policyholder who currently has a wind-only policy with the corporation, and an ex-wind policy with a voluntary insurer or the corporation, and who ~~then~~ obtains a multiperil policy from the corporation. It is the intent of the Legislature that the offer of multiperil coverage in the *coastal* ~~high-risk~~ account be made and implemented in a manner that does not adversely affect the tax-exempt status of the corporation or creditworthiness of or security for currently outstanding financing obligations or credit facilities of the *coastal* ~~high-risk~~ account, the personal lines account, or the commercial lines account. The *coastal* ~~high-risk~~ account must also include quota share primary insurance under subparagraph (c)2. The area eligible for coverage under the *coastal* ~~high-risk~~ account also includes the area within Port Canaveral, which is bordered on the south by the City of Cape Canaveral, bordered on the west by the Banana River, and bordered on the north by Federal Government property.

b. The three separate accounts must be maintained as long as financing obligations entered into by the Florida Windstorm Underwriting Association or Residential Property and Casualty Joint Underwriting Association are outstanding, in accordance with the terms of the corresponding financing documents. *If* ~~When~~ the financing obligations are no longer outstanding, ~~in accordance with the terms of the corresponding financing documents,~~ the corporation may use a single account for all revenues, assets, liabilities, losses, and expenses of the corporation. Consistent with ~~the requirement of~~ this subparagraph and prudent investment policies that minimize the cost of carrying debt, the board shall exercise its best efforts to retire existing debt or ~~to~~ obtain *the* approval of necessary parties to amend the terms of existing debt, so as to structure the most efficient plan to consolidate the three separate accounts into a single account.

c. Creditors of the Residential Property and Casualty Joint Underwriting Association and ~~of~~ the accounts specified in sub-sub-subparagraphs a.(I) and (II) may have a claim against, and recourse to, *those* ~~the~~ accounts ~~referred to in sub-sub-subparagraphs a.(I) and (II)~~ and ~~shall have~~ no claim against, or recourse to, the account referred to in sub-sub-subparagraph a.(III). Creditors of the Florida Windstorm Underwriting Association ~~shall~~ have a claim against, and recourse to, the account referred to in sub-sub-subparagraph a.(III) and ~~shall have~~ no claim against, or recourse to, the accounts referred to in sub-sub-subparagraphs a.(I) and (II).

d. Revenues, assets, liabilities, losses, and expenses not attributable to particular accounts shall be prorated among the accounts.

e. The Legislature finds that the revenues of the corporation are revenues that are necessary to meet the requirements set forth in documents authorizing the issuance of bonds under this subsection.

f. No part of the income of the corporation may inure to the benefit of any private person.

3. With respect to a deficit in an account:

a. After accounting for the Citizens policyholder surcharge imposed under sub-subparagraph *h.* ~~i.~~, *if* ~~when~~ the remaining projected deficit incurred in a particular calendar year*:*

(I) Is not greater than 6 percent of the aggregate statewide direct written premium for the subject lines of business for the prior calendar year, the entire deficit shall be recovered through regular assessments of assessable insurers under paragraph (q) and assessable insureds.

(II)~~b. After accounting for the Citizens policyholder surcharge imposed under sub-subparagraph i., when the remaining projected deficit incurred in a particular calendar year~~ Exceeds 6 percent of the aggregate statewide direct written premium for the subject lines of business for the prior calendar year, the corporation shall levy regular assessments on assessable insurers under paragraph (q) and on assessable insureds in an amount equal to the greater of 6 percent of the deficit or 6 percent of the aggregate statewide direct written premium for the subject lines of business for the prior calendar year. Any remaining deficit shall be recovered through emergency assessments under sub-subparagraph *c.* ~~d.~~

b.~~c.~~ Each assessable insurer's share of the amount being assessed under sub-subparagraph a. *must* ~~or sub-subparagraph b. shall~~ be in the proportion that the assessable insurer's direct written premium for the subject lines of business for the year preceding the assessment bears to the aggregate statewide direct written premium for the subject lines of business for that year. The assessment percentage applicable to each assessable insured is the ratio of the amount being assessed under sub-subparagraph a. ~~or sub-subparagraph b.~~ to the aggregate statewide direct written premium for the subject lines of business for the prior year. Assessments levied by the corporation on assessable insurers under *sub-subparagraph a. must* ~~sub-subparagraphs a. and b. shall~~ be paid as required by the corporation's plan of operation and paragraph (q). Assessments levied by the corporation on assessable insureds under *sub-subparagraph a.* ~~sub-subparagraphs a. and b.~~ shall be collected by the surplus lines agent at the time the surplus lines agent collects the surplus lines tax required by s. 626.932*,* and ~~shall be~~ paid to the Florida Surplus Lines Service Office at the time the surplus lines agent pays the surplus lines tax to *that* ~~the Florida Surplus Lines Service~~ office. Upon receipt of regular assessments from surplus lines agents, the Florida Surplus Lines Service Office shall transfer the assessments directly to the corporation as determined by the corporation.

c.~~d.~~ Upon a determination by the board of governors that a deficit in an account exceeds the amount that will be recovered through regular assessments under sub-subparagraph a. ~~or sub-subparagraph b.~~, plus the amount that is expected to be recovered through surcharges under sub-subparagraph *h.* ~~i.~~, ~~as to the remaining projected deficit~~ the board ~~shall levy~~, after verification by the office, *shall levy* emergency assessments~~,~~ for as many years as necessary to cover the deficits, to be collected by assessable insurers and the corporation and collected from assessable insureds upon issuance or renewal of policies for subject lines of business, excluding National Flood Insurance policies. The amount ~~of the emergency assessment~~ collected in a particular year *must* ~~shall~~ be a uniform percentage of that year's direct written premium for subject lines of business and all accounts of the corporation, excluding National Flood Insurance Program policy premiums, as annually determined by the board and verified by the office. The office shall verify the arithmetic calculations involved in the board's determination within 30 days after receipt of the information on which the determination was based. Notwithstanding any other provision of law, the corporation and each assessable insurer that writes subject lines of business shall collect emergency assessments from its policyholders without such obligation being affected by any credit, limitation, exemption, or deferment. Emergency assessments levied by the corporation on assessable insureds shall be collected by the surplus lines agent at the time the surplus lines agent collects the surplus lines tax required by s. 626.932 and ~~shall be~~ paid to the Florida Surplus Lines Service Office at the time the surplus lines agent pays the surplus lines tax to *that* ~~the Florida Surplus Lines Service~~ office. The emergency assessments ~~so~~ collected shall be transferred directly to the corporation on a periodic basis as determined by the corporation and ~~shall be~~ held by the corporation solely in the applicable account. The aggregate amount of emergency assessments levied for an account under this sub-subparagraph in any calendar year may~~, at the discretion of the board of governors,~~ be less than but ~~may~~ not exceed the greater of 10 percent of the amount needed to cover the deficit, plus interest, fees, commissions, required reserves, and other costs associated with financing ~~of~~ the original deficit, or 10 percent of the aggregate statewide direct written premium for subject lines of business and ~~for~~ all accounts of the corporation for the prior year, plus interest, fees, commissions, required reserves, and other costs associated with financing the deficit.

d.~~e.~~ The corporation may pledge the proceeds of assessments, projected recoveries from the Florida Hurricane Catastrophe Fund, other insurance and reinsurance recoverables, policyholder surcharges and other surcharges, and other funds available to the corporation as the source of revenue for and to secure bonds issued under paragraph (q), bonds or other indebtedness issued under subparagraph (c)3., or lines of credit or other financing mechanisms issued or created under this subsection, or to retire any other debt incurred as a result of deficits or events giving rise to deficits, or in any other way that the board determines will efficiently recover such deficits. The purpose of the lines of credit or other financing mechanisms is to provide additional resources to assist the corporation in covering claims and expenses attributable to a catastrophe. As used in this subsection, the term "assessments" includes regular assessments under sub-subparagraph a.~~, sub-subparagraph b.,~~ or subparagraph (q)1. and emergency assessments under sub-subparagraph d. Emergency assessments collected under sub-subparagraph d. are not part of an insurer's rates, are not premium, and are not subject to premium tax, fees, or commissions; however, failure to pay the emergency assessment shall be treated as failure to pay premium. The emergency assessments under sub-subparagraph *c.* ~~d.~~ shall continue as long as any bonds issued or other indebtedness incurred with respect to a deficit for which the assessment was imposed remain outstanding, unless adequate provision has been made for the payment of such bonds or other indebtedness pursuant to the documents governing such bonds or ~~other~~ indebtedness.

e.~~f.~~ As used in this subsection for purposes of any deficit incurred on or after January 25, 2007, the term "subject lines of business" means insurance written by assessable insurers or procured by assessable insureds for all property and casualty lines of business in this state, but not including workers' compensation or medical malpractice. As used in *this* ~~the~~ sub-subparagraph, the term "property and casualty lines of business" includes all lines of business identified on Form 2, Exhibit of Premiums and Losses, in the annual statement required of authorized insurers *under* ~~by~~ s. 624.424 and any rule adopted under this section, except for those lines identified as accident and health insurance and except for policies written under the National Flood Insurance Program or the Federal Crop Insurance Program. For purposes of this sub-subparagraph, the term "workers' compensation" includes both workers' compensation insurance and excess workers' compensation insurance.

f.~~g.~~ The Florida Surplus Lines Service Office shall determine annually the aggregate statewide written premium in subject lines of business procured by assessable insureds and ~~shall~~ report that information to the corporation in a form and at a time the corporation specifies to ensure that the corporation can meet the requirements of this subsection and the corporation's financing obligations.

g.~~h.~~ The Florida Surplus Lines Service Office shall verify the proper application by surplus lines agents of assessment percentages for regular assessments and emergency assessments levied under this subparagraph on assessable insureds and ~~shall~~ assist the corporation in ensuring the accurate, timely collection and payment of assessments by surplus lines agents as required by the corporation.

h.~~i.~~ If a deficit is incurred in any account in 2008 or thereafter, the board of governors shall levy a Citizens policyholder surcharge against all policyholders of the corporation*.* ~~for a 12-month period, which~~

(I) The surcharge shall be *levied* ~~collected at the time of issuance or renewal of a policy,~~ as a uniform percentage of the premium for the policy of up to 15 percent of such premium, which funds shall be used to offset the deficit.

(II) The surcharge is payable upon cancellation or termination of the policy, upon renewal of the policy, or upon issuance of a new policy by the corporation within the first 12 months after the date of the levy or the period of time necessary to fully collect the surcharge amount.

(III) The corporation may not levy any regular assessments under paragraph (q) pursuant to sub-subparagraph a. or sub-subparagraph b. with respect to a particular year's deficit until the corporation has first levied the full amount of the surcharge authorized by this sub-subparagraph.

(IV) The surcharge is ~~Citizens policyholder surcharges under this sub-subparagraph are~~ not considered premium and *is* ~~are~~ not subject to commissions, fees, or premium taxes. However, failure to pay *the surcharge* ~~such surcharges~~ shall be treated as failure to pay premium.

i.~~j.~~ If the amount of any assessments or surcharges collected from corporation policyholders, assessable insurers or their policyholders, or assessable insureds exceeds the amount of the deficits, such excess amounts shall be remitted to and retained by the corporation in a reserve to be used by the corporation, as determined by the board of governors and approved by the office, to pay claims or reduce any past, present, or future plan-year deficits or to reduce outstanding debt.

(c) The *corporation's* plan of operation ~~of the corporation~~:

1. Must provide for adoption of residential property and casualty insurance policy forms and commercial residential and nonresidential property insurance forms, which ~~forms~~ must be approved by the office *before* ~~prior to~~ use. The corporation shall adopt the following policy forms:

a. Standard personal lines policy forms that are comprehensive multiperil policies providing full coverage of a residential property equivalent to the coverage provided in the private insurance market under an HO-3, HO-4, or HO-6 policy.

b. Basic personal lines policy forms that are policies similar to an HO-8 policy or a dwelling fire policy that provide coverage meeting the requirements of the secondary mortgage market, but which ~~coverage~~ is more limited than the coverage under a standard policy.

c. Commercial lines residential and nonresidential policy forms that are generally similar to the basic perils of full coverage obtainable for commercial residential structures and commercial nonresidential structures in the admitted voluntary market.

d. Personal lines and commercial lines residential property insurance forms that cover the peril of wind only. The forms are applicable only to residential properties located in areas eligible for coverage under the *coastal* ~~high-risk~~ account referred to in sub-subparagraph (b)2.a.

e. Commercial lines nonresidential property insurance forms that cover the peril of wind only. The forms are applicable only to nonresidential properties located in areas eligible for coverage under the *coastal* ~~high-risk~~ account referred to in sub-subparagraph (b)2.a.

f. The corporation may adopt variations of the policy forms listed in sub-subparagraphs a.-e. *which* ~~that~~ contain more restrictive coverage.

2.~~a.~~ Must provide that the corporation adopt a program in which the corporation and authorized insurers enter into quota share primary insurance agreements for hurricane coverage, as defined in s. 627.4025(2)(a), for eligible risks, and adopt property insurance forms for eligible risks which cover the peril of wind only.

a. As used in this subsection, the term:

(I) "Quota share primary insurance" means an arrangement in which the primary hurricane coverage of an eligible risk is provided in specified percentages by the corporation and an authorized insurer. The corporation and authorized insurer are each solely responsible for a specified percentage of hurricane coverage of an eligible risk as set forth in a quota share primary insurance agreement between the corporation and an authorized insurer and the insurance contract. The responsibility of the corporation or authorized insurer to pay its specified percentage of hurricane losses of an eligible risk, as set forth in the ~~quota share primary insurance~~ agreement, may not be altered by the inability of the other party ~~to the agreement~~ to pay its specified percentage of ~~hurricane~~ losses. Eligible risks that are provided hurricane coverage through a quota share primary insurance arrangement must be provided policy forms that set forth the obligations of the corporation and authorized insurer under the arrangement, clearly specify the percentages of quota share primary insurance provided by the corporation and authorized insurer, and conspicuously and clearly state that ~~neither~~ the authorized insurer *and* ~~nor~~ the corporation may *not* be held responsible beyond *their* ~~its~~ specified percentage of coverage of hurricane losses.

(II) "Eligible risks" means personal lines residential and commercial lines residential risks that meet the underwriting criteria of the corporation and are located in areas that were eligible for coverage by the Florida Windstorm Underwriting Association on January 1, 2002.

b. The corporation may enter into quota share primary insurance agreements with authorized insurers at corporation coverage levels of 90 percent and 50 percent.

c. If the corporation determines that additional coverage levels are necessary to maximize participation in quota share primary insurance agreements by authorized insurers, the corporation may establish additional coverage levels. However, the corporation's quota share primary insurance coverage level may not exceed 90 percent.

d. Any quota share primary insurance agreement entered into between an authorized insurer and the corporation must provide for a uniform specified percentage of coverage of hurricane losses, by county or territory as set forth by the corporation board, for all eligible risks of the authorized insurer covered under the ~~quota share primary insurance~~ agreement.

e. Any quota share primary insurance agreement entered into between an authorized insurer and the corporation is subject to review and approval by the office. However, such agreement shall be authorized only as to insurance contracts entered into between an authorized insurer and an insured who is already insured by the corporation for wind coverage.

f. For all eligible risks covered under quota share primary insurance agreements, the exposure and coverage levels for both the corporation and authorized insurers shall be reported by the corporation to the Florida Hurricane Catastrophe Fund. For all policies of eligible risks covered under *such* ~~quota share primary insurance~~ agreements, the corporation and the authorized insurer *must* ~~shall~~ maintain complete and accurate records for the purpose of exposure and loss reimbursement audits as required by ~~Florida Hurricane Catastrophe~~ fund rules. The corporation and the authorized insurer shall each maintain duplicate copies of policy declaration pages and supporting claims documents.

g. The corporation board shall establish in its plan of operation standards for quota share agreements which ensure that there is no discriminatory application among insurers as to the terms of *the* ~~quota share~~ agreements, pricing of *the* ~~quota share~~ agreements, incentive provisions if any, and consideration paid for servicing policies or adjusting claims.

h. The quota share primary insurance agreement between the corporation and an authorized insurer must set forth the specific terms under which coverage is provided, including, but not limited to, the sale and servicing of policies issued under the agreement by the insurance agent of the authorized insurer producing the business, the reporting of information concerning eligible risks, the payment of premium to the corporation, and arrangements for the adjustment and payment of hurricane claims incurred on eligible risks by the claims adjuster and personnel of the authorized insurer. Entering into a quota sharing insurance agreement between the corporation and an authorized insurer *is* ~~shall be~~ voluntary and at the discretion of the authorized insurer.

3.*a.* May provide that the corporation may employ or otherwise contract with individuals or other entities to provide administrative or professional services that may be appropriate to effectuate the plan. The corporation *may* ~~shall have the power to~~ borrow funds~~,~~ by issuing bonds or by incurring other indebtedness, and shall have other powers reasonably necessary to effectuate the requirements of this subsection, including, without limitation, the power to issue bonds and incur other indebtedness in order to refinance outstanding bonds or other indebtedness. The corporation may~~, but is not required to,~~ seek judicial validation of its bonds or other indebtedness under chapter 75. The corporation may issue bonds or incur other indebtedness, or have bonds issued on its behalf by a unit of local government pursuant to subparagraph (q)2.~~,~~ in the absence of a hurricane or other weather-related event, upon a determination by the corporation, subject to approval by the office, that such action would enable it to efficiently meet the financial obligations of the corporation and that such financings are reasonably necessary to effectuate the requirements of this subsection. The corporation *may* ~~is authorized to~~ take all actions needed to facilitate tax-free status for ~~any~~ such bonds or indebtedness, including formation of trusts or other affiliated entities. The corporation *may* ~~shall have the authority to~~ pledge assessments, projected recoveries from the Florida

Hurricane Catastrophe Fund, other reinsurance recoverables, market equalization and other surcharges, and other funds available to the corporation as security for bonds or other indebtedness. In recognition of s. 10, Art. I of the State Constitution, prohibiting the impairment of obligations of contracts, it is the intent of the Legislature that no action be taken whose purpose is to impair any bond indenture or financing agreement or any revenue source committed by contract to such bond or other indebtedness.

b. To ensure that the corporation is operating in an efficient and economic manner while providing quality service to policyholders, applicants, and agents, the board shall commission an independent third-party consultant having expertise in insurance company management or insurance company management consulting to prepare a report and make recommendations on the relative costs and benefits of outsourcing various policy issuance and service functions to private servicing carriers or entities performing similar functions in the private market for a fee, rather than performing such functions in house. In making such recommendations, the consultant shall consider how other residual markets, both in this state and around the country, outsource appropriate functions or use servicing carriers to better match expenses with revenues that fluctuate based on a widely varying policy count. The report must be completed by July 1, 2012. Upon receiving the report, the board shall develop a plan to implement the report and submit the plan for review, modification, and approval to the Financial Services Commission. Upon the commission's approval of the plan, the board shall begin implementing the plan by January 1, 2013.

4.~~a.~~ Must require that the corporation operate subject to the supervision and approval of a board of governors consisting of eight individuals who are residents of this state, from different geographical areas of this state.

a. The Governor, the Chief Financial Officer, the President of the Senate, and the Speaker of the House of Representatives shall each appoint two members of the board. At least one of the two members appointed by each appointing officer must have demonstrated expertise in insurance*, and is deemed to be within the scope of the exemption provided in s. 112.313(7)(b)*. The Chief Financial Officer shall designate one of the appointees as chair. All board members serve at the pleasure of the appointing officer. All members of the board ~~of governors~~ are subject to removal at will by the officers who appointed them. All board members, including the chair, must be appointed to serve for 3-year terms beginning annually on a date designated by the plan. However, for the first term beginning on or after July 1, 2009, each appointing officer shall appoint one member of the board for a 2-year term and one member for a 3-year term. *A* ~~Any~~ board vacancy shall be filled for the unexpired term by the appointing officer. The Chief Financial Officer shall appoint a technical advisory group to provide information and advice to the board ~~of governors~~ in connection with the board's duties under this subsection. The executive director and senior managers of the corporation shall be engaged by the board and serve at the pleasure of the board. Any executive director appointed on or after July 1, 2006, is subject to confirmation by the Senate. The executive director is responsible for employing other staff as the corporation may require, subject to review and concurrence by the board.

b. The board shall create a Market Accountability Advisory Committee to assist the corporation in developing awareness of its rates and its customer and agent service levels in relationship to the voluntary market insurers writing similar coverage.

(I) The members of the advisory committee ~~shall~~ consist of the following 11 persons, one of whom must be elected chair by the members of the committee: four representatives, one appointed by the Florida Association of Insurance Agents, one by the Florida Association of Insurance and Financial Advisors, one by the Professional Insurance Agents of Florida, and one by the Latin American Association of Insurance Agencies; three representatives appointed by the insurers with the three highest voluntary market share of residential property insurance business in the state; one representative from the Office of Insurance Regulation; one consumer appointed by the board who is insured by the corporation at the time of appointment to the committee; one representative appointed by the Florida Association of Realtors; and one representative appointed by the Florida Bankers Association. All members *shall be appointed to* ~~must serve for~~ 3-year terms and may serve for consecutive terms.

(II) The committee shall report to the corporation at each board meeting on insurance market issues which may include rates and rate competition with the voluntary market; service, including policy issuance, claims processing, and general responsiveness to policyholders, applicants, and agents; and matters relating to depopulation.

5. Must provide a procedure for determining the eligibility of a risk for coverage, as follows:

a. Subject to ~~the provisions of~~ s. 627.3517, with respect to personal lines residential risks, if the risk is offered coverage from an authorized insurer at the insurer's approved rate under ~~either~~ a standard policy including wind coverage or, if consistent with the insurer's underwriting rules as filed with the office, a basic policy including wind coverage, for a new application to the corporation for coverage, the risk is not eligible for any policy issued by the corporation unless the premium for coverage from the authorized insurer is more than 15 percent greater than the premium for comparable coverage from the corporation. If the risk is not able to obtain ~~any~~ such offer, the risk is eligible for ~~either~~ a standard policy including wind coverage or a basic policy including wind coverage issued by the corporation; however, if the risk could not be insured under a standard policy including wind coverage regardless of market conditions, the risk *is* ~~shall be~~ eligible for a basic policy including wind coverage unless rejected under subparagraph 8. However, ~~with regard to~~ a policyholder of the corporation or a policyholder removed from the corporation through an assumption agreement until the end of the assumption period, ~~the policyholder~~ remains eligible for coverage from the corporation regardless of any offer of coverage from an authorized insurer or surplus lines insurer. The corporation shall determine the type of policy to be provided on the basis of objective standards specified in the underwriting manual and based on generally accepted underwriting practices.

(I) If the risk accepts an offer of coverage through the market assistance plan or ~~an offer of coverage~~ through a mechanism established by the corporation before a policy is issued to the risk by the corporation or during the first 30 days of coverage by the corporation, and the producing agent who submitted the application to the plan or to the corporation is not currently appointed by the insurer, the insurer shall:

(A) Pay to the producing agent of record of the policy~~,~~ for the first year, an amount that is the greater of the insurer's usual and customary commission for the type of policy written or a fee equal to the usual and customary commission of the corporation; or

(B) Offer to allow the producing agent of record of the policy to continue servicing the policy for *at least* ~~a period of not less than~~ 1 year and offer to pay the agent the greater of the insurer's or the corporation's usual and customary commission for the type of policy written.

If the producing agent is unwilling or unable to accept appointment, the new insurer shall pay the agent in accordance with sub-sub-sub-subparagraph (A).

(II) *If* ~~When~~ the corporation enters into a contractual agreement for a take-out plan, the producing agent of record of the corporation policy is entitled to retain any unearned commission on the policy, and the insurer shall:

(A) Pay to the producing agent of record ~~of the corporation policy~~, for the first year, an amount that is the greater of the insurer's usual and customary commission for the type of policy written or a fee equal to the usual and customary commission of the corporation; or

(B) Offer to allow the producing agent of record ~~of the corporation policy~~ to continue servicing the policy for *at least* ~~a period of not less than~~ 1 year and offer to pay the agent the greater of the insurer's or the corporation's usual and customary commission for the type of policy written.

If the producing agent is unwilling or unable to accept appointment, the new insurer shall pay the agent in accordance with sub-sub-sub-subparagraph (A).

b. With respect to commercial lines residential risks, for a new application to the corporation for coverage, if the risk is offered coverage under a policy including wind coverage from an authorized insurer at its approved rate, the risk is not eligible for *a* ~~any~~ policy issued by the

corporation unless the premium for coverage from the authorized insurer is more than 15 percent greater than the premium for comparable coverage from the corporation. If the risk is not able to obtain any such offer, the risk is eligible for a policy including wind coverage issued by the corporation. However, ~~with regard to~~ a policyholder of the corporation or a policyholder removed from the corporation through an assumption agreement until the end of the assumption period~~, the policyholder~~ remains eligible for coverage from the corporation regardless of *an* ~~any~~ offer of coverage from an authorized insurer or surplus lines insurer.

(I) If the risk accepts an offer of coverage through the market assistance plan or ~~an offer of coverage~~ through a mechanism established by the corporation before a policy is issued to the risk by the corporation or during the first 30 days of coverage by the corporation, and the producing agent who submitted the application to the plan or the corporation is not currently appointed by the insurer, the insurer shall:

(A) Pay to the producing agent of record of the policy, for the first year, an amount that is the greater of the insurer's usual and customary commission for the type of policy written or a fee equal to the usual and customary commission of the corporation; or

(B) Offer to allow the producing agent of record of the policy to continue servicing the policy for *at least* ~~a period of not less than~~ 1 year and offer to pay the agent the greater of the insurer's or the corporation's usual and customary commission for the type of policy written.

If the producing agent is unwilling or unable to accept appointment, the new insurer shall pay the agent in accordance with sub-sub-sub-subparagraph (A).

(II) *If* ~~When~~ the corporation enters into a contractual agreement for a take-out plan, the producing agent of record of the corporation policy is entitled to retain any unearned commission on the policy, and the insurer shall:

(A) Pay to the producing agent of record ~~of the corporation~~ policy, for the first year, an amount that is the greater of the insurer's usual and customary commission for the type of policy written or a fee equal to the usual and customary commission of the corporation; or

(B) Offer to allow the producing agent of record ~~of the corporation policy~~ to continue servicing the policy for *at least* ~~a period of not less than~~ 1 year and offer to pay the agent the greater of the insurer's or the corporation's usual and customary commission for the type of policy written.

If the producing agent is unwilling or unable to accept appointment, the new insurer shall pay the agent in accordance with sub-sub-sub-subparagraph (A).

c. For purposes of determining comparable coverage under sub-subparagraphs a. and b., the comparison *must* ~~shall~~ be based on those forms and coverages that are reasonably comparable. The corporation may rely on a determination of comparable coverage and premium made by the producing agent who submits the application to the corporation, made in the agent's capacity as the corporation's agent. A comparison may be made solely of the premium with respect to the main building or structure only on the following basis: the same coverage A or other building limits; the same percentage hurricane deductible that applies on an annual basis or that applies to each hurricane for commercial residential property; the same percentage of ordinance and law coverage, if the same limit is offered by both the corporation and the authorized insurer; the same mitigation credits, to the extent the same types of credits are offered both by the corporation and the authorized insurer; the same method for loss payment, such as replacement cost or actual cash value, if the same method is offered both by the corporation and the authorized insurer in accordance with underwriting rules; and any other form or coverage that is reasonably comparable as determined by the board. If an application is submitted to the corporation for wind-only coverage in the *coastal* ~~high-risk~~ account, the premium for the corporation's wind-only policy plus the premium for the ex-wind policy that is offered by an authorized insurer to the applicant *must* ~~shall~~ be compared to the premium for multiperil coverage offered by an authorized insurer, subject to the standards for comparison specified in this subparagraph. If the corporation or the applicant requests from the authorized insurer a breakdown of the premium of the offer by types of coverage so that a comparison may be made by the corporation or its agent and the authorized insurer refuses or is unable to provide such information, the corporation may treat the offer as not being an offer of coverage from an authorized insurer at the insurer's approved rate.

6. Must include rules for classifications of risks and rates ~~therefor~~.

7. Must provide that if premium and investment income for an account attributable to a particular calendar year are in excess of projected losses and expenses for the account attributable to that year, such excess shall be held in surplus in the account. Such surplus *must* ~~shall~~ be available to defray deficits in that account as to future years and ~~shall be~~ used for that purpose *before* ~~prior to~~ assessing assessable insurers and assessable insureds as to any calendar year.

8. Must provide objective criteria and procedures to be uniformly applied *to* ~~for~~ all applicants in determining whether an individual risk is so hazardous as to be uninsurable. In making this determination and in establishing the criteria and procedures, the following *must* ~~shall~~ be considered:

a. Whether the likelihood of a loss for the individual risk is substantially higher than for other risks of the same class; and

b. Whether the uncertainty associated with the individual risk is such that an appropriate premium cannot be determined.

The acceptance or rejection of a risk by the corporation shall be construed as the private placement of insurance, and the provisions of chapter 120 *do* ~~shall~~ not apply.

9. Must provide that the corporation ~~shall~~ make its best efforts to procure catastrophe reinsurance at reasonable rates, to cover its projected 100-year probable maximum loss as determined by the board of governors.

10. The policies issued by the corporation must provide that~~,~~ if the corporation or the market assistance plan obtains an offer from an authorized insurer to cover the risk at its approved rates, the risk is no longer eligible for renewal through the corporation, except as otherwise provided in this subsection.

11. Corporation policies and applications must include a notice that the corporation policy could, under this section, be replaced with a policy issued by an authorized insurer *which* ~~that~~ does not provide coverage identical to the coverage provided by the corporation. The notice *must* ~~shall~~ also specify that acceptance of corporation coverage creates a conclusive presumption that the applicant or policyholder is aware of this potential.

12. May establish, subject to approval by the office, different eligibility requirements and operational procedures for any line or type of coverage for any specified county or area if the board determines that such changes ~~to the eligibility requirements and operational procedures~~ are justified due to the voluntary market being sufficiently stable and competitive in such area or for such line or type of coverage and that consumers who, in good faith, are unable to obtain insurance through the voluntary market through ordinary methods ~~would~~ continue to have access to coverage from the corporation. *If* ~~When~~ coverage is sought in connection with a real property transfer, *the* ~~such~~ requirements and procedures *may* ~~shall~~ not provide ~~for~~ an effective date of coverage later than the date of the closing of the transfer as established by the transferor, the transferee, and, if applicable, the lender.

13. Must provide that, with respect to the *coastal* ~~high-risk~~ account, any assessable insurer with a surplus as to policyholders of $25 million or less writing 25 percent or more of its total countrywide property insurance premiums in this state may petition the office, within the first 90 days of each calendar year, to qualify as a limited apportionment company. A regular assessment levied by the corporation on a limited apportionment company for a deficit incurred by the corporation for the *coastal* ~~high-risk~~ account ~~in 2006 or thereafter~~ may be paid to the corporation on a monthly basis as the assessments are collected by the limited apportionment company from its insureds pursuant to s. 627.3512, but the regular assessment must be paid in full within 12 months after being levied by the corporation. A limited apportionment company shall collect from its policyholders any emergency assessment imposed under sub-subparagraph (b)3.d. The plan *must* ~~shall~~ provide

that, if the office determines that any regular assessment will result in an impairment of the surplus of a limited apportionment company, the office may direct that all or part of such assessment be deferred as provided in subparagraph (q)4. However, ~~there shall be no limitation or deferment of~~ an emergency assessment to be collected from policyholders under sub-subparagraph (b)3.d. *may not be limited or deferred.*

14. Must provide that the corporation appoint as its licensed agents only those agents who also hold an appointment as defined in s. 626.015(3) with an insurer who at the time of the agent's initial appointment by the corporation is authorized to write and is actually writing personal lines residential property coverage, commercial residential property coverage, or commercial nonresidential property coverage within the state.

15. Must provide~~, by July 1, 2007,~~ a premium payment plan option to its policyholders which*,* ~~allows~~ at a minimum*, allows* for quarterly and semiannual payment of premiums. A monthly payment plan may, but is not required to, be offered.

16. Must limit coverage on mobile homes or manufactured homes built *before* ~~prior to~~ 1994 to actual cash value of the dwelling rather than replacement costs of the dwelling.

17. May provide such limits of coverage as the board determines, consistent with the requirements of this subsection.

18. May require commercial property to meet specified hurricane mitigation construction features as a condition of eligibility for coverage.

19. Must provide that new or renewal policies issued by the corporation on or after January 1, 2012, which cover sinkhole loss do not include coverage for any loss to appurtenant structures, driveways, sidewalks, decks, or patios that are directly or indirectly caused by sinkhole activity. The corporation shall exclude such coverage using a notice of coverage change, which may be included with the policy renewal, and not by issuance of a notice of nonrenewal of the excluded coverage upon renewal of the current policy.

20. As of January 1, 2012, must require that the agent obtain from an applicant for coverage from the corporation an acknowledgement signed by the applicant, which includes, at a minimum, the following statement:

ACKNOWLEDGEMENT OF POTENTIAL SURCHARGE

AND ASSESSMENT LIABILITY:

1. AS A POLICYHOLDER OF CITIZENS PROPERTY INSURANCE CORPORATION, I UNDERSTAND THAT IF THE CORPORATION SUSTAINS A DEFICIT AS A RESULT OF HURRICANE LOSSES OR FOR ANY OTHER REASON, MY POLICY COULD BE SUBJECT TO SURCHARGES, WHICH WILL BE DUE AND PAYABLE UPON RENEWAL, CANCELLATION, OR TERMINATION OF THE POLICY, AND THAT THE SURCHARGES COULD BE AS HIGH AS 45 PERCENT OF MY PREMIUM, OR A DIFFERENT AMOUNT AS IMPOSED BY THE FLORIDA LEGISLATURE.

2. I ALSO UNDERSTAND THAT I MAY BE SUBJECT TO EMERGENCY ASSESSMENTS TO THE SAME EXTENT AS POLICYHOLDERS OF OTHER INSURANCE COMPANIES, OR A DIFFERENT AMOUNT AS IMPOSED BY THE FLORIDA LEGISLATURE.

3. I ALSO UNDERSTAND THAT CITIZENS PROPERTY INSURANCE CORPORATION IS NOT SUPPORTED BY THE FULL FAITH AND CREDIT OF THE STATE OF FLORIDA.

a. The corporation shall maintain, in electronic format or otherwise, a copy of the applicant's signed acknowledgement and provide a copy of the statement to the policyholder as part of the first renewal after the effective date of this subparagraph.

b. The signed acknowledgement form creates a conclusive presumption that the policyholder understood and accepted his or her potential surcharge and assessment liability as a policyholder of the corporation.

(d)1. All prospective employees for senior management positions, as defined by the plan of operation, are subject to background checks as a prerequisite for employment. The office shall conduct *the* background checks ~~on such prospective employees~~ pursuant to ss. 624.34, 624.404(3), and 628.261.

2. On or before July 1 of each year, employees of the corporation *must* ~~are required to~~ sign and submit a statement attesting that they do not have a conflict of interest, as defined in part III of chapter 112. As a condition of employment, all prospective employees *must* ~~are required to~~ sign and submit to the corporation a conflict-of-interest statement.

3. Senior managers and members of the board of governors are subject to ~~the provisions of~~ part III of chapter 112, including, but not limited to, the code of ethics and public disclosure and reporting of financial interests, pursuant to s. 112.3145. *Notwithstanding s. 112.3143(2), a board member may not vote on any measure that would inure to his or her special private gain or loss; that he or she knows would inure to the special private gain or loss of any principal by whom he or she is retained or to the parent organization or subsidiary of a corporate principal by which he or she is retained, other than an agency as defined in s. 112.312; or that he or she knows would inure to the special private gain or loss of a relative or business associate of the public officer. Before the vote is taken, such member shall publicly state to the assembly the nature of his or her interest in the matter from which he or she is abstaining from voting and, within 15 days after the vote occurs, disclose the nature of his or her interest as a public record in a memorandum filed with the person responsible for recording the minutes of the meeting, who shall incorporate the memorandum in the minutes.* Senior managers and board members are also required to file such disclosures with the Commission on Ethics and the Office of Insurance Regulation. The executive director of the corporation or his or her designee shall notify each *existing and* newly appointed ~~and existing appointed~~ member of the board of governors and senior managers of their duty to comply with the reporting requirements of part III of chapter 112. At least quarterly, the executive director or his or her designee shall submit to the Commission on Ethics a list of names of the senior managers and members of the board of governors who are subject to the public disclosure requirements under s. 112.3145.

4. Notwithstanding s. 112.3148 or s. 112.3149, or any other provision of law, an employee or board member may not knowingly accept, directly or indirectly, any gift or expenditure from a person or entity, or an employee or representative of such person or entity, *which* ~~that~~ has a contractual relationship with the corporation or who is under consideration for a contract. An employee or board member who fails to comply with subparagraph 3. or this subparagraph is subject to penalties provided under ss. 112.317 and 112.3173.

5. Any senior manager of the corporation who is employed on or after January 1, 2007, regardless of the date of hire, who subsequently retires or terminates employment is prohibited from representing another person or entity before the corporation for 2 years after retirement or termination of employment from the corporation.

6. Any senior manager of the corporation who is employed on or after January 1, 2007, regardless of the date of hire, who subsequently retires or terminates employment is prohibited from having any employment or contractual relationship for 2 years with an insurer that has entered into a take-out bonus agreement with the corporation.

(n)1. Rates for coverage provided by the corporation *must* ~~shall~~ be actuarially sound and subject to ~~the requirements of~~ s. 627.062, except as otherwise provided in this paragraph. The corporation shall file its recommended rates with the office at least annually. The corporation shall provide any additional information regarding the rates which the office requires. The office shall consider the recommendations of the board and issue a final order establishing the rates for the corporation within 45 days after the recommended rates are filed. The corporation may not pursue an administrative challenge or judicial review of the final order of the office.

2. In addition to the rates otherwise determined pursuant to this paragraph, the corporation shall impose and collect an amount equal to the premium tax provided ~~for~~ in s. 624.509 to augment the financial resources of the corporation.

3. After the public hurricane loss-projection model under s. 627.06281 has been found to be accurate and reliable by the Florida Commission on Hurricane Loss Projection Methodology, *the* ~~that~~ model

shall serve as the minimum benchmark for determining the windstorm portion of the corporation's rates. This subparagraph does not require or allow the corporation to adopt rates lower than the rates otherwise required or allowed by this paragraph.

4. The rate filings for the corporation which were approved by the office and ~~which~~ took effect January 1, 2007, are rescinded, except for those rates that were lowered. As soon as possible, the corporation shall begin using the lower rates that were in effect on December 31, 2006, and ~~shall~~ provide refunds to policyholders who ~~have~~ paid higher rates as a result of that rate filing. The rates in effect on December 31, 2006, ~~shall~~ remain in effect for the 2007 and 2008 calendar years except for any rate change that results in a lower rate. The next rate change that may increase rates shall take effect pursuant to a new rate filing recommended by the corporation and established by the office, subject to ~~the requirements of~~ this paragraph.

5. Beginning on July 15, 2009, and *annually* ~~each year~~ thereafter, the corporation must make a recommended actuarially sound rate filing for each personal and commercial line of business it writes, to be effective no earlier than January 1, 2010.

6. Beginning on or after January 1, 2010, and notwithstanding the board's recommended rates and the office's final order regarding the corporation's filed rates under subparagraph 1., the corporation shall *annually* implement a rate increase ~~each year~~ which*, except for sinkhole coverage,* does not exceed 10 percent for any single policy issued by the corporation, excluding coverage changes and surcharges.

7. The corporation may also implement an increase to reflect the effect on the corporation of the cash buildup factor pursuant to s. 215.555(5)(b).

8. The corporation's implementation of rates as prescribed in subparagraph 6. shall cease for any line of business written by the corporation upon the corporation's implementation of actuarially sound rates. Thereafter, the corporation shall annually make a recommended actuarially sound rate filing for each commercial and personal line of business the corporation writes.

(v)1. Effective July 1, 2002, policies of the Residential Property and Casualty Joint Underwriting Association ~~shall~~ become policies of the corporation. All obligations, rights, assets and liabilities of the ~~Residential Property and Casualty Joint Underwriting~~ association, including bonds, note and debt obligations, and the financing documents pertaining to them become those of the corporation as of July 1, 2002. The corporation is not required to issue endorsements or certificates of assumption to insureds during the remaining term of in-force transferred policies.

2. Effective July 1, 2002, policies of the Florida Windstorm Underwriting Association are transferred to the corporation and ~~shall~~ become policies of the corporation. All obligations, rights, assets, and liabilities of the ~~Florida Windstorm Underwriting~~ association, including bonds, note and debt obligations, and the financing documents pertaining to them are transferred to and assumed by the corporation on July 1, 2002. The corporation is not required to issue endorsements or certificates of assumption to insureds during the remaining term of in-force transferred policies.

3. The Florida Windstorm Underwriting Association and the Residential Property and Casualty Joint Underwriting Association shall take all actions *necessary* ~~as may be proper~~ to further evidence the transfers and ~~shall~~ provide the documents and instruments of further assurance as may reasonably be requested by the corporation for that purpose. The corporation shall execute assumptions and instruments as the trustees or other parties to the financing documents of the Florida Windstorm Underwriting Association or the Residential Property and Casualty Joint Underwriting Association may reasonably request to further evidence the transfers and assumptions, which transfers and assumptions, however, are effective on the date provided under this paragraph whether or not, and regardless of the date on which, the assumptions or instruments are executed by the corporation. Subject to the relevant financing documents pertaining to their outstanding bonds, notes, indebtedness, or other financing obligations, the moneys, investments, receivables, choses in action, and other intangibles of the Florida Windstorm Underwriting Association shall be credited to the *coastal* ~~high-risk~~ account of the corporation, and those of the personal lines residential coverage account and the commercial lines residential coverage account of the Residential Property and Casualty Joint Underwriting Association shall be credited to the personal lines account and the commercial lines account, respectively, of the corporation.

4. Effective July 1, 2002, a new applicant for property insurance coverage who would otherwise have been eligible for coverage in the Florida Windstorm Underwriting Association is eligible for coverage from the corporation as provided in this subsection.

5. The transfer of all policies, obligations, rights, assets, and liabilities from the Florida Windstorm Underwriting Association to the corporation and the renaming of the Residential Property and Casualty Joint Underwriting Association as the corporation *does not* ~~shall in no way~~ affect the coverage with respect to covered policies as defined in s. 215.555(2)(c) provided to these entities by the Florida Hurricane Catastrophe Fund. The coverage provided by the ~~Florida Hurricane Catastrophe~~ fund to the Florida Windstorm Underwriting Association based on its exposures as of June 30, 2002, and each June 30 thereafter shall be redesignated as coverage for the *coastal* ~~high-risk~~ account of the corporation. Notwithstanding any other provision of law, the coverage provided by the ~~Florida Hurricane Catastrophe~~ fund to the Residential Property and Casualty Joint Underwriting Association based on its exposures as of June 30, 2002, and each June 30 thereafter shall be transferred to the personal lines account and the commercial lines account of the corporation. Notwithstanding any other provision of law, the *coastal* ~~high-risk~~ account shall be treated, for all Florida Hurricane Catastrophe Fund purposes, as if it were a separate participating insurer with its own exposures, reimbursement premium, and loss reimbursement. Likewise, the personal lines and commercial lines accounts shall be viewed together, for all ~~Florida Hurricane Catastrophe~~ fund purposes, as if the two accounts were one and represent a single, separate participating insurer with its own exposures, reimbursement premium, and loss reimbursement. The coverage provided by the ~~Florida Hurricane Catastrophe~~ fund to the corporation shall constitute and operate as a full transfer of coverage from the Florida Windstorm Underwriting Association and Residential Property and Casualty Joint Underwriting to the corporation.

(y) It is the intent of the Legislature that the amendments to this subsection enacted in 2002 should, over time, reduce the probable maximum windstorm losses in the residual markets and ~~should reduce~~ the potential assessments to be levied on property insurers and policyholders statewide. ~~In furtherance of this intent:~~

~~1. the board shall, on or before February 1 of each year, provide a report to the President of the Senate and the Speaker of the House of Representatives showing the reduction or increase in the 100-year probable maximum loss attributable to wind-only coverages and the quota share program under this subsection combined, as compared to the benchmark 100-year probable maximum loss of the Florida Windstorm Underwriting Association. For purposes of this paragraph, the benchmark 100-year probable maximum loss of the Florida Windstorm Underwriting Association shall be the calculation dated February 2001 and based on November 30, 2000, exposures. In order to ensure comparability of data, the board shall use the same methods for calculating its probable maximum loss as were used to calculate the benchmark probable maximum loss.~~

~~2. Beginning December 1, 2010, if the report under subparagraph 1. for any year indicates that the 100-year probable maximum loss attributable to wind-only coverages and the quota share program combined does not reflect a reduction of at least 25 percent from the benchmark, the board shall reduce the boundaries of the high-risk area eligible for wind-only coverages under this subsection in a manner calculated to reduce such probable maximum loss to an amount at least 25 percent below the benchmark.~~

~~3. Beginning February 1, 2015, if the report under subparagraph 1. for any year indicates that the 100-year probable maximum loss attributable to wind-only coverages and the quota share program combined does not reflect a reduction of at least 50 percent from the benchmark, the boundaries of the high-risk area eligible for wind-only coverages under this subsection shall be reduced by the elimination of any area that is not seaward of a line 1,000 feet inland from the Intracoastal Waterway.~~

Section 16. Paragraph (a) of subsection (5) of section 627.3511, Florida Statutes, is amended to read:

627.3511 Depopulation of Citizens Property Insurance Corporation.—

(5) APPLICABILITY.—

(a) The take-out bonus provided by subsection (2) and the exemption from assessment provided by paragraph (3)(a) apply only if the corporation policy is replaced by ~~either~~ a standard policy including wind coverage or, if consistent with the insurer's underwriting rules ~~as~~ filed with the office, a basic policy including wind coverage; however, *for* ~~with respect to~~ risks located in areas where coverage through the *coastal* ~~high-risk~~ account of the corporation is available, the replacement policy need not provide wind coverage. The insurer must renew the replacement policy at approved rates on substantially similar terms for four additional 1-year terms, unless canceled or not renewed by the policyholder. If an insurer assumes the corporation's obligations for a policy, it must issue a replacement policy for a 1-year term upon expiration of the corporation policy and must renew the replacement policy at approved rates on substantially similar terms for four additional 1-year terms, unless canceled or not renewed by the policyholder. For each replacement policy canceled or nonrenewed by the insurer for any reason during the 5-year coverage period ~~required by this paragraph~~, the insurer must remove from the corporation one additional policy covering a risk similar to the risk covered by the canceled or nonrenewed policy. In addition ~~to these requirements~~, the corporation must place the bonus moneys in escrow for ~~a period of~~ 5 years; such moneys may be released from escrow only to pay claims. If the policy is canceled or nonrenewed before the end of the 5-year period, the amount of the take-out bonus must be prorated for the time period the policy was insured. A take-out bonus provided by subsection (2) or subsection (6) *is* ~~shall~~ not ~~be considered~~ premium income for purposes of taxes and assessments under the Florida Insurance Code and ~~shall~~ remain the property of the corporation, subject to the prior security interest of the insurer under the escrow agreement until it is released from escrow;~~, and~~ after it is released from escrow it *is* ~~shall be~~ considered an asset of the insurer and credited to the insurer's capital and surplus.

Section 17. Paragraph (b) of subsection (2) of section 627.4133, Florida Statutes, is amended to read:

627.4133 Notice of cancellation, nonrenewal, or renewal premium.—

(2) With respect to any personal lines or commercial residential property insurance policy, including, but not limited to, any homeowner's, mobile home owner's, farmowner's, condominium association, condominium unit owner's, apartment building, or other policy covering a residential structure or its contents:

(b) The insurer shall give the named insured written notice of nonrenewal, cancellation, or termination at least 100 days *before* ~~prior to~~ the effective date of the nonrenewal, cancellation, or termination. However, the insurer shall give at least 100 days' written notice, or written notice by June 1, whichever is earlier, for any nonrenewal, cancellation, or termination that would be effective between June 1 and November 30. The notice must include the reason or reasons for the nonrenewal, cancellation, or termination, except that:

1. The insurer shall give the named insured written notice of nonrenewal, cancellation, or termination at least *120* ~~180~~ days prior to the effective date of the nonrenewal, cancellation, or termination for a named insured whose residential structure has been insured by that insurer or an affiliated insurer for at least a 5-year period immediately prior to the date of the written notice.

2. *If* ~~When~~ cancellation is for nonpayment of premium, at least 10 days' written notice of cancellation accompanied by the reason therefor *must* ~~shall~~ be given. As used in this subparagraph, the term "nonpayment of premium" means failure of the named insured to discharge when due ~~any of~~ her or his obligations in connection with the payment of premiums on a policy or any installment of such premium, whether the premium is payable directly to the insurer or its agent or indirectly under any premium finance plan or extension of credit, or failure to maintain membership in an organization if such membership is a condition precedent to insurance coverage. *The term* ~~"Nonpayment of premium"~~ also means the failure of a financial institution to honor an insurance applicant's check after delivery to a licensed agent for payment of a premium, even if the agent has previously delivered or transferred the premium to the insurer. If a dishonored check represents the initial premium payment, the contract and all contractual obligations *are* ~~shall be~~ void ab initio unless the nonpayment is cured within the earlier of 5 days after actual notice by certified mail is received by the applicant or 15 days after notice is sent to the applicant by certified mail or registered mail, and if the contract is void, any premium received by the insurer from a third party *must* ~~shall~~ be refunded to that party in full.

3. *If* ~~When~~ such cancellation or termination occurs during the first 90 days ~~during which~~ the insurance is in force and the insurance is canceled or terminated for reasons other than nonpayment of premium, at least 20 days' written notice of cancellation or termination accompanied by the reason therefor *must* ~~shall~~ be given *unless* ~~except where~~ there has been a material misstatement or misrepresentation or failure to comply with the underwriting requirements established by the insurer.

4. The requirement for providing written notice ~~of nonrenewal~~ by June 1 of any nonrenewal that would be effective between June 1 and November 30 does not apply to the following situations, but the insurer remains subject to the requirement to provide such notice at least 100 days *before* ~~prior to~~ the effective date of nonrenewal:

a. A policy that is nonrenewed due to a revision in the coverage for sinkhole losses and catastrophic ground cover collapse pursuant to s. 627.706~~, as amended by s. 30, chapter 2007-1, Laws of Florida~~.

b. A policy that is nonrenewed by Citizens Property Insurance Corporation, pursuant to s. 627.351(6), for a policy that has been assumed by an authorized insurer offering replacement ~~or renewal~~ coverage to the policyholder *is exempt from the notice requirements of paragraph (a) and this paragraph. In such cases, the corporation must give the named insured written notice of nonrenewal at least 45 days before the effective date of the nonrenewal.*

After the policy has been in effect for 90 days, the policy *may* ~~shall~~ not be canceled by the insurer *unless* ~~except when~~ there has been a material misstatement, a nonpayment of premium, a failure to comply with underwriting requirements established by the insurer within 90 days *after* ~~of~~ the date of effectuation of coverage, or a substantial change in the risk covered by the policy or *if* ~~when~~ the cancellation is for all insureds under such policies for a given class of insureds. This paragraph does not apply to individually rated risks having a policy term of less than 90 days.

5. Notwithstanding any other provision of law, an insurer may cancel or nonrenew a property insurance policy after at least 45 days' notice if the office finds that the early cancellation of some or all of the insurer's policies is necessary to protect the best interests of the public or policyholders and the office approves the insurer's plan for early cancellation or nonrenewal of some or all of its policies. The office may base such finding upon the financial condition of the insurer, lack of adequate reinsurance coverage for hurricane risk, or other relevant factors. The office may condition its finding on the consent of the insurer to be placed under administrative supervision pursuant to s. 624.81 or to the appointment of a receiver under chapter 631.

6. A policy covering both a home and motor vehicle may be nonrenewed for any reason applicable to either the property or motor vehicle insurance after providing 90 days' notice.

Section 18. Section 627.43141, Florida Statutes, is created to read:

627.43141 Notice of change in policy terms.—

(1) As used in this section, the term:

(a) "Change in policy terms" means the modification, addition, or deletion of any term, coverage, duty, or condition from the previous policy. The correction of typographical or scrivener's errors or the application of mandated legislative changes is not a change in policy terms.

(b) "Policy" means a written contract of property and casualty insurance or written agreement for such insurance, by whatever name called, and includes all clauses, riders, endorsements, and papers that are a part of such policy. The term does not include a binder as defined in s. 627.420 unless the duration of the binder period exceeds 60 days.

(c) "Renewal" means the issuance and delivery by an insurer of a policy superseding at the end of the policy period a policy previously issued and delivered by the same insurer or the issuance and delivery of a certificate or notice extending the term of a policy beyond its policy period or term. Any policy that has a policy period or term of less than 6 months or that does not have a fixed expiration date shall, for purposes of this section, be considered as written for successive policy periods or terms of 6 months.

(2) A renewal policy may contain a change in policy terms. If a renewal policy does contain such change, the insurer must give the named insured written notice of the change, which must be enclosed along with the written notice of renewal premium required by ss. 627.4133 and 627.728. Such notice shall be entitled "Notice of Change in Policy Terms."

(3) Although not required, proof of mailing or registered mailing through the United States Postal Service of the Notice of Change in Policy Terms to the named insured at the address shown in the policy is sufficient proof of notice.

(4) Receipt of the premium payment for the renewal policy by the insurer is deemed to be acceptance of the new policy terms by the named insured.

(5) If an insurer fails to provide the notice required in subsection (2), the original policy terms remain in effect until the next renewal and the proper service of the notice, or until the effective date of replacement coverage obtained by the named insured, whichever occurs first.

(6) The intent of this section is to:

(a) Allow an insurer to make a change in policy terms without nonrenewing those policyholders that the insurer wishes to continue insuring.

(b) Alleviate concern and confusion to the policyholder caused by the required policy nonrenewal for the limited issue if an insurer intends to renew the insurance policy, but the new policy contains a change in policy terms.

(c) Encourage policyholders to discuss their coverages with their insurance agents.

Section 19. Section 627.7011, Florida Statutes, is amended to read:

627.7011 Homeowners' policies; offer of replacement cost coverage and law and ordinance coverage.—

(1) Prior to issuing a homeowner's insurance policy ~~on or after October 1, 2005, or prior to the first renewal of a homeowner's insurance policy on or after October 1, 2005~~, the insurer must offer each of the following:

(a) A policy or endorsement providing that any loss *that* ~~which~~ is repaired or replaced will be adjusted on the basis of replacement costs *to the dwelling* not exceeding policy limits ~~as to the dwelling~~, rather than actual cash value, but not including costs necessary to meet applicable laws and ordinances regulating the construction, use, or repair of any property or requiring the tearing down of any property, including the costs of removing debris.

(b) A policy or endorsement providing that, subject to other policy provisions, any loss *that* ~~which~~ is repaired or replaced at any location will be adjusted on the basis of replacement costs *to the dwelling* not exceeding policy limits ~~as to the dwelling~~, rather than actual cash value, and also including costs necessary to meet applicable laws and ordinances regulating the construction, use, or repair of any property or requiring the tearing down of any property, including the costs of removing debris.~~;~~ However, ~~such~~ additional costs necessary to meet applicable laws and ordinances may be limited to ~~either~~ 25 percent or 50 percent of the dwelling limit, as selected by the policyholder, and such coverage *applies* ~~shall apply~~ only to repairs of the damaged portion of the structure unless the total damage to the structure exceeds 50 percent of the replacement cost of the structure.

An insurer is not required to make the offers required by this subsection with respect to the issuance or renewal of a homeowner's policy that contains the provisions specified in paragraph (b) for law and ordinance coverage limited to 25 percent of the dwelling limit, except that the insurer must offer the law and ordinance coverage limited to 50 percent of the dwelling limit. This subsection does not prohibit the offer of a guaranteed replacement cost policy.

(2) Unless the insurer obtains the policyholder's written refusal of the policies or endorsements specified in subsection (1), any policy covering the dwelling is deemed to include the law and ordinance coverage limited to 25 percent of the dwelling limit. The rejection or selection of alternative coverage shall be made on a form approved by the office. The form *must* ~~shall~~ fully advise the applicant of the nature of the coverage being rejected. If this form is signed by a named insured, it *is* ~~will be~~ conclusively presumed that there was an informed, knowing rejection of the coverage or election of the alternative coverage on behalf of all insureds. Unless the policyholder requests in writing the coverage specified in this section, it need not be provided in or supplemental to any other policy that renews, insures, extends, changes, supersedes, or replaces an existing policy *if* ~~when~~ the policyholder has rejected the coverage specified in this section or has selected alternative coverage. The insurer must provide *the* ~~such~~ policyholder with notice of the availability of such coverage in a form approved by the office at least once every 3 years. The failure to provide such notice constitutes a violation of this code, but does not affect the coverage provided under the policy.

(3) In the event of a loss for which a dwelling or personal property is insured on the basis of replacement costs*:*

(a) For a dwelling, the insurer must initially pay at least the actual cash value of the insured loss, less any applicable deductible. The insurer shall pay any remaining amounts necessary to perform such repairs as work is performed and expenses are incurred. If a total loss of a dwelling occurs, the insurer shall pay the replacement cost coverage without reservation or holdback of any depreciation in value, pursuant to s. 627.702.

(b) For personal property:

1. The insurer must offer coverage under which the insurer is obligated to pay the replacement cost without reservation or holdback for any depreciation in value, whether or not the insured replaces the property.

2. The insurer may also offer coverage under which the insurer may limit the initial payment to the actual cash value of the personal property to be replaced, require the insured to provide receipts for the purchase of the property financed by the initial payment, use such receipts to make the next payment requested by the insured for the replacement of insured property, and continue this process until the insured remits all receipts up to the policy limits for replacement costs. The insurer must provide clear notice of this process before the policy is bound. A policyholder must be provided an actuarially reasonable premium credit or discount for this coverage. The insurer may not require the policyholder to advance payment for the replaced property~~, the insurer shall pay the replacement cost without reservation or holdback of any depreciation in value, whether or not the insured replaces or repairs the dwelling or property~~.

(4) *A* ~~Any~~ homeowner's insurance policy ~~issued or renewed on or after October 1, 2005,~~ must include in bold type no smaller than 18 points the following statement:

"LAW AND ORDINANCE COVERAGE IS AN IMPORTANT COVERAGE THAT YOU MAY WISH TO PURCHASE. YOU MAY ALSO NEED TO CONSIDER THE PURCHASE OF FLOOD INSURANCE FROM THE NATIONAL FLOOD INSURANCE PROGRAM. WITHOUT THIS COVERAGE, YOU MAY HAVE UNCOVERED LOSSES. PLEASE DISCUSS THESE COVERAGES WITH YOUR INSURANCE AGENT."

The intent of this subsection is to encourage policyholders to purchase sufficient coverage to protect them in case events excluded from the standard homeowners policy, such as law and ordinance enforcement and flood, combine with covered events to produce damage or loss to the insured property. The intent is also to encourage policyholders to discuss these issues with their insurance agent.

(5) ~~Nothing in~~ This section *does not:* ~~shall be construed to~~

(a) Apply to policies not considered to be "homeowners' policies," as that term is commonly understood in the insurance industry. ~~This section specifically does not~~

(b) Apply to mobile home policies. ~~Nothing in this section~~

(c) Limit ~~shall be construed as limiting~~ the ability of *an* ~~any~~ insurer to reject or nonrenew any insured or applicant on the grounds that the structure does not meet underwriting criteria applicable to replacement cost or law and ordinance policies or for other lawful reasons.

(d)~~(6)~~ ~~This section does not~~ Prohibit an insurer from limiting its liability under a policy or endorsement providing that loss will be adjusted on the basis of replacement costs to the lesser of:

1.~~(a)~~ The limit of liability shown on the policy declarations page;

2.~~(b)~~ The reasonable and necessary cost to repair the damaged, destroyed, or stolen covered property; or

3.~~(c)~~ The reasonable and necessary cost to replace the damaged, destroyed, or stolen covered property.

(e)~~(7)~~ ~~This section does not~~ Prohibit an insurer from exercising its right to repair damaged property in compliance with its policy and s. 627.702(7).

Section 20. Paragraph (a) of subsection (5) of section 627.70131, Florida Statutes, is amended to read:

627.70131 Insurer's duty to acknowledge communications regarding claims; investigation.—

(5)(a) Within 90 days after an insurer receives notice of *an initial, reopened, or supplemental* ~~a~~ property insurance claim from a policyholder, the insurer shall pay or deny such claim or a portion of the claim unless the failure to pay ~~such claim or a portion of the claim~~ is caused by factors beyond the control of the insurer which reasonably prevent such payment. Any payment of *an initial or supplemental* ~~a~~ claim or portion of *such* ~~a~~ claim *made* ~~paid~~ 90 days after the insurer receives notice of the claim, or *made* ~~paid~~ more than 15 days after there are no longer factors beyond the control of the insurer which reasonably prevented such payment, whichever is later, *bears* ~~shall bear~~ interest at the rate set forth in s. 55.03. Interest begins to accrue from the date the insurer receives notice of the claim. The provisions of this subsection may not be waived, voided, or nullified by the terms of the insurance policy. If there is a right to prejudgment interest, the insured shall select whether to receive prejudgment interest or interest under this subsection. Interest is payable when the claim or portion of the claim is paid. Failure to comply with this subsection constitutes a violation of this code. However, failure to comply with this subsection *does* ~~shall~~ not form the sole basis for a private cause of action.

Section 21. *The Legislature finds and declares:*

(1) There is a compelling state interest in maintaining a viable and orderly private-sector market for property insurance in this state. The lack of a viable and orderly property market reduces the availability of property insurance coverage to state residents, increases the cost of property insurance, and increases the state's reliance on a residual property insurance market and its potential for imposing assessments on policyholders throughout the state.

(2) In 2005, the Legislature revised ss. 627.706–627.7074, Florida Statutes, to adopt certain geological or technical terms; to increase reliance on objective, scientific testing requirements; and generally to reduce the number of sinkhole claims and related disputes arising under prior law. The Legislature determined that since the enactment of these statutory revisions, both private-sector insurers and Citizens Property Insurance Corporation have, nevertheless, continued to experience high claims frequency and severity for sinkhole insurance claims. In addition, many properties remain unrepaired even after loss payments, which reduces the local property tax base and adversely affects the real estate market. Therefore, the Legislature finds that losses associated with sinkhole claims adversely affect the public health, safety, and welfare of this state and its citizens.

(3) Pursuant to sections 22 through 27 of this act, technical or scientific definitions adopted in the 2005 legislation are clarified to implement and advance the Legislature's intended reduction of sinkhole claims and disputes. Certain other revisions to ss. 627.706–627.7074, Florida Statutes, are enacted to advance legislative intent to rely on scientific or technical determinations relating to sinkholes and sinkhole claims, reduce the number and cost of disputes relating to sinkhole claims, and ensure that repairs are made commensurate with the scientific and technical determinations and insurance claims payments.

Section 22. Section 627.706, Florida Statutes, is reordered and amended to read:

627.706 Sinkhole insurance; catastrophic ground cover collapse; definitions.—

(1)*(a)* Every insurer authorized to transact property insurance in this state *must* ~~shall~~ provide coverage for a catastrophic ground cover collapse.

(b) The insurer ~~and~~ shall make available, for an appropriate additional premium, coverage for sinkhole losses on any structure, including *the* contents of personal property contained therein, to the extent provided in the form to which the coverage attaches. *The insurer may require an inspection of the property before issuance of sinkhole loss coverage.* A policy for residential property insurance may include a deductible amount applicable to sinkhole losses equal to 1 percent, 2 percent, 5 percent, or 10 percent of the policy dwelling limits, with appropriate premium discounts offered with each deductible amount.

(c) The insurer may restrict catastrophic ground cover collapse and sinkhole loss coverage to the principal building, as defined in the applicable policy.

(2) As used in ss. 627.706-627.7074, and as used in connection with any policy providing coverage for a catastrophic ground cover collapse or for sinkhole losses*, the term*:

(a) "Catastrophic ground cover collapse" means geological activity that results in all the following:

1. The abrupt collapse of the ground cover;

2. A depression in the ground cover clearly visible to the naked eye;

3. Structural damage to the *covered* building, including the foundation; and

4. The insured structure being condemned and ordered to be vacated by the governmental agency authorized by law to issue such an order for that structure.

Contents coverage applies if there is a loss resulting from a catastrophic ground cover collapse. ~~Structural~~ Damage consisting merely of the settling or cracking of a foundation, structure, or building does not constitute a loss resulting from a catastrophic ground cover collapse.

(b) "Neutral evaluation" means the alternative dispute resolution provided in s. 627.7074.

(c) "Neutral evaluator" means a professional engineer or a professional geologist who has completed a course of study in alternative dispute resolution designed or approved by the department for use in the neutral evaluation process and who is determined by the department to be fair and impartial.

(h)~~(b)~~ "Sinkhole" means a landform created by subsidence of soil, sediment, or rock as underlying strata are dissolved by groundwater. A sinkhole *forms* ~~may form~~ by collapse into subterranean voids created by dissolution of limestone or dolostone or by subsidence as these strata are dissolved.

(j)~~(c)~~ "Sinkhole loss" means structural damage to the *covered* building, including the foundation, caused by sinkhole activity. Contents coverage *and additional living expenses* ~~shall~~ apply only if there is structural damage to the *covered* building caused by sinkhole activity.

(i)~~(d)~~ "Sinkhole activity" means settlement or systematic weakening of the earth supporting *the covered building* ~~such property~~ only *if the* ~~when such~~ settlement or systematic weakening results from *contemporaneous* movement or raveling of soils, sediments, or rock materials into subterranean voids created by the effect of water on a limestone or similar rock formation.

(f)~~(e)~~ "Professional engineer" means a person, as defined in s. 471.005, who has a bachelor's degree or higher in engineering ~~with a specialty in the geotechnical engineering field~~. A professional engineer must *also* have ~~geotechnical~~ experience and expertise in the identification of sinkhole activity as well as other potential causes of *structural* damage ~~to the structure~~.

(g)~~(f)~~ "Professional geologist" means a person, as defined *in* ~~by~~ s. 492.102, who has a bachelor's degree or higher in geology or related earth science *and* ~~with expertise in the geology of Florida. A professional geologist must have geological~~ experience and expertise in the identification of sinkhole activity as well as other potential geologic causes of *structural* damage ~~to the structure~~.

(k) "Structural damage" means a covered building, regardless of the date of its construction, has experienced the following:

1. Interior floor displacement or deflection in excess of acceptable variances as defined in ACI 117-90 or the Florida Building Code, which results in settlement related damage to the interior such that the interior building structure or members become unfit for service or represents a safety hazard as defined within the Florida Building Code;

2. Foundation displacement or deflection in excess of acceptable variances as defined in ACI 318-95 or the Florida Building Code, which results in settlement related damage to the primary structural members or primary structural systems that prevents those members or systems from supporting the loads and forces they were designed to support to the extent that stresses in those primary structural members or primary structural systems exceeds one and one-third the nominal strength allowed under the Florida Building Code for new buildings of similar structure, purpose, or location;

3. Damage that results in listing, leaning, or buckling of the exterior load bearing walls or other vertical primary structural members to such an extent that a plumb line passing through the center of gravity does not fall inside the middle one-third of the base as defined within the Florida Building Code;

4. Damage that results in the building, or any portion of the building containing primary structural members or primary structural systems, being significantly likely to imminently collapse because of the movement or instability of the ground within the influence zone of the supporting ground within the sheer plane necessary for the purpose of supporting such building as defined within the Florida Building Code; or

5. Damage occurring on or after October 15, 2005, that qualifies as "substantial structural damage" as defined in the Florida Building Code.

(d) "Primary structural member" means a structural element designed to provide support and stability for the vertical or lateral loads of the overall structure.

(e) "Primary structural system" means an assemblage of primary structural members.

~~(3) On or before June 1, 2007, Every insurer authorized to transact property insurance in this state shall make a proper filing with the office for the purpose of extending the appropriate forms of property insurance to include coverage for catastrophic ground cover collapse or for sinkhole losses. coverage for catastrophic ground cover collapse may not go into effect until the effective date provided for in the filing approved by the office.~~

(3)~~(4)~~ Insurers offering policies that exclude coverage for sinkhole losses *must* ~~shall~~ inform policyholders in bold type of not less than 14 points as follows: "YOUR POLICY PROVIDES COVERAGE FOR A CATASTROPHIC GROUND COVER COLLAPSE THAT RESULTS IN THE PROPERTY BEING CONDEMNED AND UNINHABITABLE. OTHERWISE, YOUR POLICY DOES NOT PROVIDE COVERAGE FOR SINKHOLE LOSSES. YOU MAY PURCHASE ADDITIONAL COVERAGE FOR SINKHOLE LOSSES FOR AN ADDITIONAL PREMIUM."

(4)~~(5)~~ An insurer offering sinkhole coverage to policyholders before or after the adoption of s. 30, chapter 2007-1, Laws of Florida, may nonrenew the policies of policyholders maintaining sinkhole coverage ~~in Pasco County or Hernando County,~~ at the option of the insurer, and provide an offer of coverage *that* ~~to such policyholders which~~ includes catastrophic ground cover collapse and excludes sinkhole coverage. Insurers acting in accordance with this subsection are subject to the following requirements:

(a) Policyholders must be notified that a nonrenewal is for purposes of removing sinkhole coverage, and that the policyholder is ~~still~~ being offered a policy that provides coverage for catastrophic ground cover collapse.

(b) Policyholders must be provided an actuarially reasonable premium credit or discount for the removal of sinkhole coverage and provision of only catastrophic ground cover collapse.

(c) Subject to the provisions of this subsection and the insurer's approved underwriting or insurability guidelines, the insurer shall provide each policyholder with the opportunity to purchase an endorsement to his or her policy providing sinkhole coverage and may require an inspection of the property before issuance of a sinkhole coverage endorsement.

(d) Section 624.4305 does not apply to nonrenewal notices issued pursuant to this subsection.

(5) Any claim, including, but not limited to, initial, supplemental, and reopened claims under an insurance policy that provides sinkhole coverage is barred unless notice of the claim was given to the insurer in accordance with the terms of the policy within 2 years after the policyholder knew or reasonably should have known about the sinkhole loss.

Section 23. Section 627.7061, Florida Statutes, is amended to read:

627.7061 Coverage inquiries.—Inquiries about coverage on a property insurance contract are not claim activity, unless an actual claim is filed by the *policyholder which* ~~insured that~~ results in a company investigation of the claim.

Section 24. *Section 627.7065, Florida Statutes, is repealed.*

Section 25. Section 627.707, Florida Statutes, is amended to read:

627.707 ~~Standards for~~ Investigation of sinkhole claims ~~by~~ ~~insurers~~; *insurer payment;* nonrenewals.—Upon receipt of a claim for a sinkhole loss *to a covered building*, an insurer must meet the following standards in investigating a claim:

(1) The insurer must *inspect* ~~make an inspection of~~ the *policyholder's* ~~insured's~~ premises to determine if there *is structural* ~~has been physical~~ damage *that* ~~to the structure which~~ may be the result of sinkhole activity.

(2) *If the insurer confirms that structural damage exists but is unable to identify a valid cause of such damage or discovers that such damage is consistent with sinkhole loss* ~~Following the insurer's initial inspection~~, the insurer shall engage a professional engineer or a professional geologist to conduct testing as provided in s. 627.7072 to determine the cause of the loss within a reasonable professional probability and issue a report as provided in s. 627.7073, *only* if *sinkhole loss is covered under the policy. Except as provided in subsections (4) and (6), the fees and costs of the professional engineer or professional geologist shall be paid by the insurer.*~~:~~

~~(a) The insurer is unable to identify a valid cause of the damage or discovers damage to the structure which is consistent with sinkhole loss; or~~

~~(b) The policyholder demands testing in accordance with this section or s. 627.7072.~~

(3) Following the initial inspection of the *policyholder's* ~~insured~~ premises, the insurer shall provide written notice to the policyholder disclosing the following information:

(a) What the insurer has determined to be the cause of damage, if the insurer has made such a determination.

(b) A statement of the circumstances under which the insurer is required to engage a professional engineer or a professional geologist to verify or eliminate sinkhole loss and to engage a professional engineer to

make recommendations regarding land and building stabilization and foundation repair.

(c) A statement regarding the right of the policyholder to request testing by a professional engineer or a professional geologist, ~~and~~ the circumstances under which the policyholder may demand certain testing*, and the circumstances under which the policyholder may incur costs associated with testing*.

(4)*(a)* If the insurer determines that there is no sinkhole loss, the insurer may deny the claim.

(b) If coverage for sinkhole loss is available and ~~If~~ the insurer denies the claim~~,~~ without performing testing under s. 627.7072, the policyholder may demand testing by the insurer under s. 627.7072.

1. The policyholder's demand for testing must be communicated to the insurer in writing *within 60 days* after the policyholder's receipt of the insurer's denial of the claim.

2. The policyholder shall pay 50 percent of the actual costs of the analyses and services provided under ss. 627.7072 and 627.7073 or $2,500, whichever is less.

3. The insurer shall reimburse the policyholder for the costs if the insurer's engineer or geologist provides written certification pursuant to s. 627.7073 that there is sinkhole loss.

(5)~~(a) Subject to paragraph (b),~~ If a sinkhole loss is verified, the insurer shall pay to stabilize the land and building and repair the foundation in accordance with the recommendations of the professional engineer *retained pursuant to subsection (2),* ~~as provided under s. 627.7073, and in consultation~~ with *notice to* the policyholder, subject to the coverage and terms of the policy. The insurer shall pay for other repairs to the structure and contents in accordance with the terms of the policy. *If a covered building suffers a sinkhole loss or a catastrophic ground cover collapse, the insured must repair such damage or loss in accordance with the insurer's professional engineer's recommended repairs. However, if the insurer's professional engineer determines that the repair cannot be completed within policy limits, the insurer must pay to complete the repairs recommended by the insurer's professional engineer or tender the policy limits to the policyholder.*

(a)~~(b)~~ The insurer may limit its *total claims* payment to the actual cash value of the sinkhole loss, *which does* not *include* ~~including~~ underpinning or grouting or any other repair technique performed below the existing foundation of the building, until the policyholder enters into a contract for the performance of building stabilization or foundation repairs *in accordance with the recommendations set forth in the insurer's report issued pursuant to s. 627.7073*.

(b) In order to prevent additional damage to the building or structure, the policyholder must enter into a contract for the performance of building stabilization and foundation repairs within 90 days after the insurance company confirms coverage for the sinkhole loss and notifies the policyholder of such confirmation. This time period is tolled if either party invokes the neutral evaluation process, and begins again 10 days after the conclusion of the neutral evaluation process.

(c) After the policyholder enters into the contract *for the performance of building stabilization and foundation repairs*, the insurer shall pay the amounts necessary to begin and perform such repairs as the work is performed and the expenses are incurred. The insurer may not require the policyholder to advance payment for such repairs. If repair covered by a personal lines residential property insurance policy has begun and the professional engineer selected or approved by the insurer determines that the repair cannot be completed within the policy limits, the insurer must ~~either~~ complete the professional engineer's recommended repair or tender the policy limits to the policyholder without a reduction for the repair expenses incurred.

(d) The stabilization and all other repairs to the structure and contents must be completed within 12 months after entering into the contract for repairs described in paragraph (b) unless:

1. There is a mutual agreement between the insurer and the policyholder;

2. The claim is involved with the neutral evaluation process;

3. The claim is in litigation; or

4. The claim is under appraisal or mediation.

(e)~~(c)~~ Upon the insurer's obtaining the written approval of ~~the policyholder and~~ any lienholder, the insurer may make payment directly to the persons selected by the policyholder to perform the land and building stabilization and foundation repairs. The decision by the insurer to make payment to such persons does not hold the insurer liable for the work performed. *The policyholder may not accept a rebate from any person performing the repairs specified in this section. If a policyholder does receive a rebate, coverage is void and the policyholder must refund the amount of the rebate to the insurer. Any person making the repairs specified in this section who offers a rebate commits insurance fraud punishable as a third degree felony as provided in s. 775.082, s. 775.083, or s. 775.084.*

~~(6) Except as provided in subsection (7), the fees and costs of the professional engineer or the professional geologist shall be paid by the insurer.~~

(6)~~(7)~~ If the insurer obtains, pursuant to s. 627.7073, written certification that there is no sinkhole loss or that the cause of the damage was not sinkhole activity, and if the policyholder has submitted the sinkhole claim without good faith grounds for submitting such claim, the policyholder shall reimburse the insurer for 50 percent of the actual costs of the analyses and services provided under ss. 627.7072 and 627.7073; however, a policyholder is not required to reimburse an insurer more than $2,500 with respect to any claim. A policyholder is required to pay reimbursement under this subsection only if *the policyholder requested the analysis and services provided under ss. 627.7072 and 627.7073 and* the insurer, *before* ~~prior to~~ ordering the analysis under s. 627.7072, informs the policyholder in writing of the policyholder's potential liability for reimbursement and gives the policyholder the opportunity to withdraw the claim.

(7)~~(8)~~ *An* ~~No~~ insurer *may not* ~~shall~~ nonrenew any policy of property insurance on the basis of filing of claims for *sinkhole* ~~partial~~ loss *if* ~~caused by sinkhole damage or clay shrinkage as long as~~ the total of such payments does not *equal or* exceed the ~~current~~ policy limits of coverage *for the policy in effect on the date of loss,* for property damage *to the covered building*, *as set forth on the declarations page, or if* ~~and provided~~ the *policyholder* ~~insured has~~ repaired the structure in accordance with the engineering recommendations *made pursuant to subsection (2)* upon which any payment or policy proceeds were based. *If the insurer pays such limits, it may nonrenew the policy.*

(8)~~(9)~~ The insurer may engage a professional structural engineer to make recommendations as to the repair of the structure.

Section 26. Section 627.7073, Florida Statutes, is amended to read:

627.7073 Sinkhole reports.—

(1) Upon completion of testing as provided in s. 627.7072, the professional engineer or professional geologist shall issue a report and certification to the insurer and the policyholder as provided in this section.

(a) Sinkhole loss is verified if, based upon tests performed in accordance with s. 627.7072, a professional engineer or a professional geologist issues a written report and certification stating:

1. That structural damage to the covered building has been identified within a reasonable professional probability.

2.~~1.~~ That the cause of the ~~actual physical and~~ structural damage is sinkhole activity within a reasonable professional probability.

3.~~2.~~ That the analyses conducted were of sufficient scope to identify sinkhole activity as the cause of damage within a reasonable professional probability.

4.~~3.~~ A description of the tests performed.

5.~~4.~~ A recommendation by the professional engineer of methods for stabilizing the land and building and for making repairs to the foundation.

(b) If *there is no structural damage or if* sinkhole activity is eliminated as the cause of *such* damage to the *covered building* ~~structure~~, the professional engineer or professional geologist shall issue a written report and certification to the policyholder and the insurer stating:

1. That *there is no structural damage or* the cause of *such* ~~the~~ damage is not sinkhole activity within a reasonable professional probability.

2. That the analyses and tests conducted were of sufficient scope to eliminate sinkhole activity as the cause of *the structural* damage within a reasonable professional probability.

3. A statement of the cause of the *structural* damage within a reasonable professional probability.

4. A description of the tests performed.

(c) The respective findings, opinions, and recommendations of the *insurer's* professional engineer or professional geologist as to the cause of distress to the property and the findings, opinions, and recommendations of the *insurer's* professional engineer as to land and building stabilization and foundation repair *set forth by s. 627.7072* shall be presumed correct.

(2)~~(a)~~ *An* ~~Any~~ insurer that has paid a claim for a sinkhole loss shall file a copy of the report and certification, prepared pursuant to subsection (1), including the legal description of the real property and the name of the property owner, *the neutral evaluator's report, if any, which indicates that sinkhole activity caused the damage claimed, a copy of the certification indicating that stabilization has been completed, if applicable, and the amount of the payment,* with the county clerk of court, who shall record the report and certification. The insurer shall bear the cost of filing and recording *one or more reports and certifications* ~~the report and certification~~. There shall be no cause of action or liability against an insurer for compliance with this section.

(a) The recording of the report and certification does not:

1. Constitute a lien, encumbrance, or restriction on the title to the real property or constitute a defect in the title to the real property;

2. Create any cause of action or liability against any grantor of the real property for breach of any warranty of good title or warranty against encumbrances; or

3. Create any cause of action or liability against any title insurer that insures the title to the real property.

(b) As a precondition to accepting payment for a sinkhole loss, the policyholder must file a copy of any sinkhole report regarding the insured property which was prepared on behalf or at the request of the policyholder. The policyholder shall bear the cost of filing and recording the sinkhole report. The recording of the report does not:

1. Constitute a lien, encumbrance, or restriction on the title to the real property or constitute a defect in the title to the real property;

2. Create any cause of action or liability against any grantor of the real property for breach of any warranty of good title or warranty against encumbrances; or

3. Create any cause of action or liability against a title insurer that insures the title to the real property.

(c)~~(b)~~ The seller of real property upon which a sinkhole claim has been made by the seller and paid by the insurer *must* ~~shall~~ disclose to the buyer of such property*, before the closing,* that a claim has been paid and whether or not the full amount of the proceeds were used to repair the sinkhole damage.

(3) Upon completion of any building stabilization or foundation repairs for a verified sinkhole loss, the professional engineer responsible for monitoring the repairs shall issue a report to the property owner which specifies what repairs have been performed and certifies within a reasonable degree of professional probability that such repairs have been properly performed. The professional engineer issuing the report shall file a copy of the report and certification, which includes a legal description of the real property and the name of the property owner, with the county clerk of the court, who shall record the report and certification. This subsection does not create liability for an insurer based on any representation or certification by a professional engineer related to the stabilization or foundation repairs for the verified sinkhole loss.

Section 27. Section 627.7074, Florida Statutes, is amended to read:

627.7074 Alternative procedure for resolution of disputed sinkhole insurance claims.—

~~(1) As used in this section, the term:~~

~~(a) "Neutral evaluation" means the alternative dispute resolution provided for in this section.~~

~~(b) "Neutral evaluator" means a professional engineer or a professional geologist who has completed a course of study in alternative dispute resolution designed or approved by the department for use in the neutral evaluation process, who is determined to be fair and impartial.~~

(1)~~(2)(a)~~ The department shall*:*

(a) Certify and maintain a list of persons who are neutral evaluators.

(b) ~~The department shall~~ Prepare a consumer information pamphlet for distribution by insurers to policyholders which clearly describes the neutral evaluation process and includes information ~~and forms~~ necessary for the policyholder to request a neutral evaluation.

(2) Neutral evaluation is available to either party if a sinkhole report has been issued pursuant to s. 627.7073. At a minimum, neutral evaluation must determine:

(a) Causation;

(b) All methods of stabilization and repair both above and below ground;

(c) The costs for stabilization and all repairs; and

(d) Information necessary to carry out subsection (12).

(3) Following the receipt of the report provided under s. 627.7073 or the denial of a claim for a sinkhole loss, the insurer shall notify the policyholder of his or her right to participate in the neutral evaluation program under this section. Neutral evaluation supersedes the alternative dispute resolution process under s. 627.7015*, but does not invalidate the appraisal clause of the insurance policy*. The insurer shall provide to the policyholder the consumer information pamphlet prepared by the department pursuant to *subsection (1) electronically or by United States mail* ~~paragraph (2)(b)~~.

(4) Neutral evaluation is nonbinding, but mandatory if requested by either party. A request for neutral evaluation may be filed with the department by the policyholder or the insurer on a form approved by the department. The request for neutral evaluation must state the reason for the request and must include an explanation of all the issues in dispute at the time of the request. Filing a request for neutral evaluation tolls the applicable time requirements for filing suit for ~~a period of~~ 60 days following the conclusion of the neutral evaluation process or the time prescribed in s. 95.11, whichever is later.

(5) Neutral evaluation shall be conducted as an informal process in which formal rules of evidence and procedure need not be observed. A party to neutral evaluation is not required to attend neutral evaluation if a representative of the party attends and has the authority to make a binding decision on behalf of the party. All parties shall participate in the evaluation in good faith. *The neutral evaluator must be allowed reasonable access to the interior and exterior of insured structures to be evaluated or for which a claim has been made. Any reports initiated by the policyholder, or an agent of the policyholder, confirming a sinkhole loss or disputing another sinkhole report regarding insured structures must be provided to the neutral evaluator before the evaluator's physical inspection of the insured property.*

(6) The insurer shall pay *reasonable* ~~the~~ costs associated with the neutral evaluation. *However, if a party chooses to hire a court reporter or stenographer to contemporaneously record and document the neutral evaluation, that party must bear such costs.*

(7) Upon receipt of a request for neutral evaluation, the department shall provide the parties a list of certified neutral evaluators. ~~The parties shall mutually select a neutral evaluator from the list and promptly inform the department. If the parties cannot agree to a neutral evaluator within 10 business days,~~ The department *shall allow the parties to submit requests to disqualify evaluators on the list for cause.*

(a) The department shall disqualify neutral evaluators for cause based only on any of the following grounds:

1. A familial relationship exists between the neutral evaluator and either party or a representative of either party within the third degree.

2. The proposed neutral evaluator has, in a professional capacity, previously represented either party or a representative of either party, in the same or a substantially related matter.

3. The proposed neutral evaluator has, in a professional capacity, represented another person in the same or a substantially related matter and that person's interests are materially adverse to the interests of the parties. The term "substantially related matter" means participation by the neutral evaluator on the same claim, property, or adjacent property.

4. The proposed neutral evaluator has, within the preceding 5 years, worked as an employer or employee of any party to the case.

(b) The parties shall appoint a neutral evaluator from the department list *and promptly inform the department. If the parties cannot agree to a neutral evaluator within 14 business days, the department shall appoint a neutral evaluator from the list of certified neutral evaluators. The department shall allow each party to disqualify two neutral evaluators without cause*. Upon selection or appointment, the department shall promptly refer the request to the neutral evaluator.

(c) Within *14* ~~5~~ business days after the referral, the neutral evaluator shall notify the policyholder and the insurer of the date, time, and place of the neutral evaluation conference. The conference may be held by telephone, if feasible and desirable. *The neutral evaluator shall make reasonable efforts to hold* the ~~neutral evaluation~~ conference ~~shall be held~~ within *90* ~~45~~ days after the receipt of the request by the department. *Failure of the neutral evaluator to hold the conference within 90 days does not invalidate either party's right to neutral evaluation or to a neutral evaluation conference held outside this timeframe.*

~~(8) The department shall adopt rules of procedure for the neutral evaluation process.~~

(8)~~(9)~~ For policyholders not represented by an attorney, a consumer affairs specialist of the department or an employee designated as the primary contact for consumers on issues relating to sinkholes under s. 20.121 shall be available for consultation to the extent that he or she may lawfully do so.

(9)~~(10)~~ Evidence of an offer to settle a claim during the neutral evaluation process, as well as any relevant conduct or statements made in negotiations concerning the offer to settle a claim, is inadmissible to prove liability or absence of liability for the claim or its value, except as provided in subsection *(14)* ~~(13)~~.

(10)~~(11)~~ *Regardless of when noticed,* any court proceeding related to the subject matter of the neutral evaluation shall be stayed pending completion of the neutral evaluation *and for 5 days after the filing of the neutral evaluator's report with the court*.

(11) If, based upon his or her professional training and credentials, a neutral evaluator is qualified to determine only disputes relating to causation or method of repair, the department shall allow the neutral evaluator to enlist the assistance of another professional from the neutral evaluators list not previously stricken, who, based upon his or her professional training and credentials, is able to provide an opinion as to other disputed issues. A professional who would be disqualified for any reason listed in subsection (7) must be disqualified. The neutral evaluator may also use the services of professional engineers and professional geologists who are not certified as neutral evaluators, as well as licensed building contractors, in order to ensure that all items in dispute are addressed and the neutral evaluation can be completed. Any professional engineer, professional geologist, or licensed building contractor retained may be disqualified for any of the reasons listed in subsection (7). The neutral evaluator may request the entity that performed the investigation pursuant to s. 627.7072 perform such additional and reasonable testing as deemed necessary in the professional opinion of the neutral evaluator.

(12) *At* ~~For matters that are not resolved by the parties at~~ the conclusion of the neutral evaluation, the neutral evaluator shall prepare a report *describing all matters that are the subject of the neutral evaluation, including whether,* ~~stating that~~ in his or her opinion*,* the sinkhole loss has been verified or eliminated *within a reasonable degree of professional probability* and, if verified, *whether the sinkhole activity caused structural damage to the covered building, and if so,* the need for and estimated costs of stabilizing the land and any covered ~~structures or~~ buildings and other appropriate remediation or *necessary building* ~~structural~~ repairs *due to the sinkhole loss*. The evaluator's report shall be sent to all parties ~~in attendance at the neutral evaluation~~ and to the department*, within 14 days after completing the neutral evaluation conference*.

(13) The recommendation of the neutral evaluator is not binding on any party, and the parties retain access to *the* court. The neutral evaluator's written recommendation*, oral testimony, and full report shall be admitted* ~~is admissible~~ in any ~~subsequent~~ action*, litigation,* or proceeding relating to the claim or to the cause of action giving rise to the claim.

(14) If the neutral evaluator ~~first~~ verifies the existence of a sinkhole *that caused structural damage* and~~, second,~~ recommends the need for and estimates costs of stabilizing the land and any covered ~~structures or~~ buildings and other appropriate remediation or *building* ~~structural~~ repairs~~,~~ which ~~costs~~ exceed the amount that the insurer has offered to pay the policyholder, the insurer is liable to the policyholder for up to $2,500 in attorney's fees for the attorney's participation in the neutral evaluation process. For purposes of this subsection, the term "offer to pay" means a written offer signed by the insurer or its legal representative and delivered to the policyholder within 10 days after the insurer receives notice that a request for neutral evaluation has been made under this section.

(15) If the insurer timely agrees in writing to comply and timely complies with the recommendation of the neutral evaluator, but the policyholder declines to resolve the matter in accordance with the recommendation of the neutral evaluator pursuant to this section:

(a) The insurer is not liable for extracontractual damages related to a claim for a sinkhole loss but only as related to the issues determined by the neutral evaluation process. This section does not affect or impair claims for extracontractual damages unrelated to the issues determined by the neutral evaluation process contained in this section; and

(b) The *actions of the* insurer *are not a confession of judgment or admission of liability, and the insurer* is not liable for attorney's fees under s. 627.428 or other provisions of the insurance code unless the policyholder obtains a judgment that is more favorable than the recommendation of the neutral evaluator.

(16) If the insurer agrees to comply with the neutral evaluator's report, payments shall be made in accordance with the terms and conditions of the applicable insurance policy pursuant to s. 627.707(5).

(17) Neutral evaluators are deemed to be agents of the department and have immunity from suit as provided in s. 44.107.

(18) The department shall adopt rules of procedure for the neutral evaluation process.

Section 28. Subsection (8) of section 627.711, Florida Statutes, is amended to read:

627.711 Notice of premium discounts for hurricane loss mitigation; uniform mitigation verification inspection form.—

(8) At its expense, the insurer may require that *a* ~~any~~ uniform mitigation verification form provided by *a policyholder, a policyholder's agent, or* an authorized mitigation inspector or inspection company be independently verified by an inspector, an inspection company, or an independent third-party quality assurance provider which *possesses* ~~does possess~~ a quality assurance program *before* ~~prior to~~ accepting the uniform mitigation verification form as valid.

Section 29. Subsection (1) of section 627.712, Florida Statutes, is amended to read:

627.712 Residential windstorm coverage required; availability of exclusions for windstorm or contents.—

(1) An insurer issuing a residential property insurance policy must provide windstorm coverage. Except as provided in paragraph (2)(c), this section does not apply ~~with respect~~ to risks that are eligible for wind-only coverage from Citizens Property Insurance Corporation under s. 627.351(6), and ~~with respect to~~ risks that are not eligible for coverage from Citizens Property Insurance Corporation under s. 627.351(6)(a)3. or 5. A risk ineligible for ~~Citizens~~ coverage *by the corporation* under s. 627.351(6)(a)3. or 5. is exempt from ~~the requirements of~~ this section only if the risk is located within the boundaries of the *coastal* ~~high-risk~~ account of the corporation.

Section 30. Subsection (3) of section 631.54, Florida Statutes, is amended to read:

631.54 Definitions.—As used in this part:

(3) "Covered claim" means an unpaid claim, including one of unearned premiums, which arises out of, and is within the coverage, and not in excess of, the applicable limits of an insurance policy to which this part applies, issued by an insurer, if such insurer becomes an insolvent insurer and the claimant or insured is a resident of this state at the time of the insured event or the property from which the claim arises is permanently located in this state. For entities other than individuals, the residence of a claimant, insured, or policyholder is the state in which the entity's principal place of business is located at the time of the insured event. *The term does* ~~"Covered claim" shall~~ not include:

(a) Any amount due any reinsurer, insurer, insurance pool, or underwriting association, sought directly or indirectly through a third party, as subrogation, contribution, indemnification, or otherwise; ~~or~~

(b) Any claim that would otherwise be a covered claim under this part that has been rejected by any other state guaranty fund on the grounds that an insured's net worth is greater than that allowed under that state's guaranty law. Member insurers shall have no right of subrogation, contribution, indemnification, or otherwise, sought directly or indirectly through a third party, against the insured of any insolvent member*; or*

(c) Any amount payable for a sinkhole loss other than testing deemed appropriate by the association or payable for the actual repair of the loss, except that the association may not pay for attorney's fees or public adjuster's fees in connection with a sinkhole loss or pay the policyholder. The association may pay for actual repairs to the property, but is not liable for amounts in excess of policy limits.

Section 31. *If any provision of this act, or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of this act which can be given effect without the invalid provision or application. It is the express intent of the Legislature to enact multiple important, but independent, reforms to Florida law relating to sinkhole insurance coverage and related claims. The Legislature further intends that the multiple reforms in the act could and should be enforced if one or more provisions are held invalid. To this end, the provisions of this act are declared to be severable.*

Section 32. Except as otherwise expressly provided in this act, this act shall take effect upon becoming a law.

And the title is amended as follows:

Remove the entire title and insert: A bill to be entitled An act relating to property and casualty insurance; amending s. 95.11, F.S.; specifying a statute of limitation for a breach of a property insurance contract runs from the date of loss; amending s. 215.555, F.S.; revising the definition of "losses," relating to the Florida Hurricane Catastrophe Fund, to include and exclude certain losses; providing applicability; amending s. 215.5595, F.S.; authorizing an insurer to renegotiate the terms a surplus note issued before a certain date; providing limitations; amending s. 624.407, F.S.; revising the amount of surplus funds required for domestic insurers applying for a certificate of authority; amending s. 624.408, F.S.; revising the minimum surplus that must be maintained by certain insurers; authorizing the Office of Insurance Regulation to reduce the surplus requirement under specified circumstances; amending s. 626.854, F.S.; providing limitations on the amount of compensation that may be received by a public adjuster for a reopened or supplemental claim; providing limitations on the amount of compensation that may be received by a public adjuster for a claim; applying specified provisions regulating the conduct of public adjusters to condominium unit owners rather than to condominium associations as is currently required; providing statements that may be considered deceptive or misleading if made in any public adjuster's advertisement or solicitation; providing a definition for the term "written advertisement"; requiring that a disclaimer be included in any public adjuster's written advertisement; providing requirements for such disclaimer; requiring certain persons who act on behalf of an insurer to provide notice to the insurer, claimant, public adjuster, or legal representative for an onsite inspection of the insured property; authorizing the insured or claimant to deny access to the property if notice is not provided; requiring the public adjuster to ensure prompt notice of certain property loss claims; providing that an insurer be allowed to interview the insured directly about the loss claim; prohibiting the insurer from obstructing or preventing the public adjuster from communicating with the insured; requiring that the insurer communicate with the public adjuster in an effort to reach an agreement as to the scope of the covered loss under the insurance policy; prohibiting a public adjuster from restricting or preventing persons acting on behalf of the insured from having reasonable access to the insured or the insured's property; prohibiting a public adjuster from restricting or preventing the insured's adjuster from having reasonable access to or inspecting the insured's property; authorizing the insured's adjuster to be present for the inspection; prohibiting a licensed contractor or subcontractor from adjusting a claim on behalf of an insured if such contractor or subcontractor is not a licensed public adjuster; providing an exception; amending s. 626.8796, F.S.; providing requirements for a public adjuster contract; creating s. 626.70132, F.S.; requiring that notice of a claim, supplemental claim, or reopened claim be given to the insurer within a specified period after a windstorm or hurricane occurs; providing a definition for the terms "supplemental claim" or "reopened claim"; providing applicability; repealing s. 627.0613(4), F.S., relating to the requirement that the consumer advocate for the Chief Financial Officer prepare an annual report card for each personal residential property insurer; amending s. 627.062, F.S.; extending the expiration date for making a "file and use" filing; prohibiting the Office of Insurance Regulation from, directly or indirectly, impeding the right of an insurer to acquire policyholders, advertise or appoint agents, or regulate agent commissions; revising the information that must be included in a rate filing relating to certain reinsurance or financing products; deleting a provision that prohibited an insurer from making certain rate filings within a certain period of time after a rate increase; deleting a provision prohibiting an insurer from filing for a rate increase within 6 months after it makes certain rate filings; deleting obsolete provisions relating to legislation enacted during the 2003 Special Session D of the Legislature; providing for the submission of additional or supplementary information pursuant to a rate filing; revising provisions relating to the certifications that are required to be made under oath by certain officers or actuaries of an insurer regarding information that must accompany a rate filing; amending s. 627.06281, F.S.; providing limitations on fees charged for use of the public hurricane model; amending s. 627.0629, F.S.; deleting obsolete provisions; deleting a requirement that the Office of Insurance Regulation propose a method for establishing discounts, debits, credits, and other rate differentials for hurricane mitigation by a certain date; conforming provisions to changes made by the act; amending s. 627.351, F.S.; limiting an adjuster's fee for a claim against the corporation; renaming the "high-risk account" as the "coastal account"; revising the conditions under which the Citizens policyholder surcharge may be imposed; providing that members of the Citizens Property Insurance Corporation Board of Governors are not prohibited from practicing in a certain profession if not prohibited by law or ordinance; requiring the corporation to commission a consultant to prepare a report on outsourcing various functions and to submit such report to the Financial Services Commission by a certain date; limiting coverage for damage from sinkholes after a certain date; requiring the policyholders to sign a statement acknowledging that they may be assessed surcharges to cover corporate deficits; prohibiting board members from voting on certain measures; exempting sinkhole coverage from the corporation's annual rate increase requirements; deleting a requirement that the board provide an annual report to the Legislature relating to certain coverages; deleting a requirement that the board reduce the boundaries of certain high-risk areas eligible for wind-only coverages under certain circumstances; amending s. 627.3511, F.S.; conforming provisions to changes made by the act; amending s. 627.4133, F.S.; revising the requirements for providing an insured with notice of nonrenewal, cancellation, or

termination of personal lines or commercial residential property insurance; authorizing an insurer to cancel policies after 45 days' notice if the Office of Insurance Regulation determines that the cancellation of policies is necessary to protect the interests of the public or policyholders; authorizing the Office of Insurance Regulation to place an insurer under administrative supervision or appoint a receiver upon the consent of the insurer under certain circumstances; providing criteria and notice requirements relating to the nonrenewal of policy covering both a home and motor vehicle; creating s. 627.43141, F.S.; providing definitions; requiring the delivery of a "Notice of Change in Policy Terms" under certain circumstances; specifying requirements for such notice; specifying actions constituting proof of notice; authorizing policy renewals to contain a change in policy terms; providing that receipt of payment by an insurer is deemed acceptance of new policy terms by an insured; providing that the original policy remains in effect until the occurrence of specified events if an insurer fails to provide notice; providing intent; amending s. 627.7011, F.S.; requiring the insurer to pay the actual cash value of an insured loss for a dwelling, less any applicable deductible; requiring the insurer to offer coverage under which the insurer is obligated to pay replacement costs; authorizing the insurer to offer coverage that limits the initial payment for personal property to the actual cash value of the property to be replaced and to require the insured to provide receipts for purchases; requiring the insurer to provide notice of this process before the policy is bound; requiring certain premium credits or discounts for such coverage; prohibiting an insurer from requiring the insured to advance payment; amending s. 627.70131, F.S.; specifying application of certain time periods to initial or supplemental property insurance claim notices and payments; providing legislative findings with respect to 2005 statutory changes relating to sinkhole insurance coverage and statutory changes in this act; amending s. 627.706, F.S.; authorizing an insurer to limit coverage for catastrophic ground cover collapse to the principal building; authorizing an insurer to require an inspection before issuance of sinkhole loss coverage; revising definitions; defining the term "structural damage"; placing a 2-year statute of repose on claims for sinkhole coverage; amending s. 627.7061, F.S.; conforming provisions to changes made by the act; repealing s. 627.7065, F.S., relating to the establishment of a sinkhole database; amending s. 627.707, F.S.; revising provisions relating to the investigation of sinkholes by insurers; providing a time limitation for demanding sinkhole testing by a policyholder and entering into a contract for repairs; requiring the insurer to provide repairs in accordance with the insurer's engineer's recommendations or tender the policy limits to the policyholder; requiring all repairs to be completed within a certain time; providing exceptions; providing criminal penalties for a person performing repairs who offers a rebate; amending s. 627.7073, F.S.; revising provisions relating to inspection reports; revising the reports that an insurer must file with the clerk of the court; requiring the policyholder to file certain reports as a precondition to accepting payment; requiring the professional engineer responsible for monitoring sinkhole repairs to issue a report and certification to the property owner and file such report with the court; providing that the act does not create liability for an insurer based on a representation or certification by the engineer; amending s. 627.7074, F.S.; revising provisions relating to neutral evaluation; requiring evaluation in order to make certain determinations; requiring that the neutral evaluator be allowed access to structures being evaluated; providing grounds for disqualifying an evaluator; allowing the Department of Financial Services to appoint an evaluator if the parties cannot come to agreement; revising the timeframes for scheduling a neutral evaluation conference; authorizing an evaluator to enlist another evaluator or other professionals; providing a time certain for issuing a report; requiring admission of certain information relating to the neutral evaluation into evidence; revising provisions relating to compliance with the evaluator's recommendations; providing that the evaluator is an agent of the department for the purposes of immunity from suit; requiring the department to adopt rules; amending s. 627.711, F.S.; revising the requirement that the insurer pay for verification of a uniform mitigation verification form that the insurer requires; amending s. 627.712, F.S.; conforming provisions to changes made by the act; amending s. 631.54, F.S.; revising the definition of the term "covered claim" for purposes of the Florida Insurance Guaranty Association Act; providing for applicability; providing severability; providing effective dates.

THE PRESIDENT PRESIDING

Senator Storms moved the following amendment which failed:

Senate Amendment 1 (345548) (with title amendment) to House Amendment 1—Between lines 564 and 565 insert:

Section 11. Section 626.7452, Florida Statutes, is amended to read:

626.7452 Managing general agents; examination authority.—The acts of the managing general agent are considered to be the acts of the insurer on whose behalf it is acting. A managing general agent may be examined as if it were the insurer ~~except in the case where the managing general agent solely represents a single domestic insurer~~.

And the title is amended as follows:

Delete line 3586 and insert: claim"; providing applicability; amending s. 626.7452, F.S.; deleting an exception relating to the examination of managing general agents; repealing s. 627.0613(4),

Senator Fasano moved the following amendment:

Senate Amendment 2 (975732) (with title amendment) to House Amendment 1—Delete lines 804-811 and insert: this section and are not loaded for expenses or profit for the insurer making the filing.

c. Includes no other changes to its rates in the filing.

d. Has not implemented a rate increase within the 6 months immediately preceding the filing.

e. Does not file for a rate increase under any other paragraph within 6 months after making a filing under this paragraph.

And the title is amended as follows:

Delete lines 3600-3602 and insert: increase; deleting obsolete provisions

Senator Fasano moved the following substitute amendment which failed:

Senate Amendment 3 (527646) (with title amendment) to House Amendment 1—Delete lines 798-811 and insert: than 10 percent for any individual policyholder.

b. Includes in the filing a copy of all of its reinsurance, liquidity instrument, or line of credit contracts; proof of the billing or payment for the contracts; and the calculation upon which the proposed rate change is based demonstrates that the costs meet the criteria of this section and are not loaded for00 expenses or profit for the insurer making the filing.

c. Includes no other changes to its rates in the filing.

d. Has not implemented a rate increase within the 6 months immediately preceding the filing.

e. Does not file for a rate increase under any other paragraph within 6 months after making a filing under this paragraph.

And the title is amended as follows:

Delete lines 3597-3602 and insert: reinsurance or financing products; deleting obsolete provisions

The vote was:

The question recurred on **Senate Amendment 2 to House Amendment 1** which was withdrawn.

Senator Margolis moved the following amendment which failed:

Senate Amendment 4 (499748) (with title amendment) to House Amendment 1—Delete lines 1146-1206 and insert:

(1)(a) It is the intent of the Legislature that insurers ~~must~~ provide savings to consumers who install or implement windstorm damage mitigation techniques, alterations, or solutions to their properties to prevent windstorm losses. A rate filing for residential property insurance must include actuarially reasonable discounts, credits, or other rate differentials, or appropriate reductions in deductibles, for properties on which fixtures or construction techniques demonstrated to reduce the amount of loss in a windstorm have been installed or implemented. The fixtures or construction techniques *must* ~~shall~~ include, but *are* not ~~be~~ limited to, fixtures or construction techniques *that* ~~which~~ enhance roof strength, roof covering performance, roof-to-wall strength, wall-to-floor-to-foundation strength, opening protection, and window, door, and skylight strength. Credits, discounts, or other rate differentials, or appropriate reductions in deductibles, for fixtures and construction techniques *that* ~~which~~ meet the minimum requirements of the Florida Building Code must be included in the rate filing. ~~All insurance companies must make a rate filing which includes the credits, discounts, or other rate differentials or reductions in deductibles by February 28, 2003. By July 1, 2007, the office shall reevaluate the discounts, credits, other rate differentials, and appropriate reductions in deductibles for fixtures and construction techniques that meet the minimum requirements of the Florida Building Code, based upon actual experience or any other loss relativity studies available to the office.~~ The office shall determine the discounts, credits, other rate differentials, and appropriate reductions in deductibles that reflect the full actuarial value of such revaluation, which may be used by insurers in rate filings.

(b) By February 1, 2011, the Office of Insurance Regulation, in consultation with the Department of Financial Services and the Department of Community Affairs, shall develop and make publicly available a proposed method for insurers to establish discounts, credits, or other rate differentials for hurricane mitigation measures which directly correlate to the numerical rating assigned to a structure pursuant to the uniform home grading scale adopted by the Financial Services Commission pursuant to s. 215.55865, including any proposed changes to the uniform home grading scale. By October 1, 2011, the commission shall adopt rules requiring insurers to make rate filings for residential property insurance which revise insurers' discounts, credits, or other rate differentials for hurricane mitigation measures so that such rate differentials correlate directly to the uniform home grading scale. The rules may include such changes to the uniform home grading scale as the commission determines are necessary, and may specify the minimum required discounts, credits, or other rate differentials. Such rate differentials must be consistent with generally accepted actuarial principles and wind-loss mitigation studies. The rules shall allow a period of at least 2 years after the effective date of the revised mitigation discounts, credits, or other rate differentials for a property owner to obtain an inspection or otherwise qualify for the revised credit, during which time the insurer shall continue to apply the mitigation credit that was applied immediately prior to the effective date of the revised credit. Discounts, credits, and other rate differentials established for rate filings under this paragraph shall supersede, after adoption, the discounts, credits, and other rate differentials included in rate filings under paragraph (a).

And the title is amended as follows:

Delete lines 3612-3616 and insert: F.S.; deleting obsolete provisions; conforming provisions to changes made by the act;

Senators Smith and Flores offered the following amendment which was moved by Senator Smith and failed:

Senate Amendment 5 (632378) to House Amendment 1—Delete line 2792 and insert: *legislation are revised to implement and advance the*

On motion by Senator Richter, the Senate concurred in the House amendment.

CS for CS for CS for SB 408 passed as amended and was ordered engrossed and then enrolled. The action of the Senate was certified to the House. The vote on passage was:

MOTIONS

On motion by Senator Thrasher, by two-thirds vote **CS for CS for CS for SB 1698** was placed on the Special Order Calendar.

SPECIAL ORDER CALENDAR

On motion by Senator Altman, by unanimous consent—

SJR 1218—A joint resolution proposing an amendment to Section 3 of Article I of the State Constitution to provide that an individual may not be barred from participating in any public program because of choosing to use public benefits at a religious provider and to delete a prohibition against using public revenues in aid of any church, sect, or religious denomination or any sectarian institution.

—was taken up out of order and read the second time by title.

Pending further consideration of **SJR 1218**, on motion by Senator Altman, by two-thirds vote **CS for HJR 1471** was withdrawn from the Committees on Judiciary; Children, Families, and Elder Affairs; Education Pre-K - 12; and Budget.

On motion by Senator Altman, the rules were waived and by two-thirds vote—

CS for HJR 1471—A joint resolution proposing an amendment to Section 3 of Article I of the State Constitution to eradicate remnants of anti-religious bigotry from the State Constitution and to end exclusionary funding practices that discriminate on the basis of religious belief or identity.

—a companion measure, was substituted for **SJR 1218** and by two-thirds vote read the second time by title.

Pursuant to Rule 4.19, **CS for HJR 1471** was placed on the calendar of Bills on Third Reading.

MESSAGES FROM THE HOUSE OF REPRESENTATIVES

The Honorable Mike Haridopolos, President

I am directed to inform the Senate that the House of Representatives has passed SB 702, with amendment(s), and requests the concurrence of the Senate.

Robert L. "Bob" Ward, Clerk

SB 702—A bill to be entitled An act relating to umbilical cord blood banking; requiring the Department of Health to post on its website certain resources and a website link to specified materials regarding umbilical cord blood banking; requiring the department to encourage certain health care providers to make available to their pregnant patients information related to umbilical cord blood banking; providing that a health care provider or health care facility and its employees or agents are not liable for damages in a civil action, subject to prosecution in a criminal proceeding, or subject to disciplinary action by the appropriate regulatory board for acting in good faith to comply with the act; providing an effective date.

House Amendment 1 (219963) (with title amendment)—Remove line 19 and insert:

Section 1. Section 381.06016, Florida Statutes, is created to read:

381.06016 Umbilical cord blood awareness.—

(1) The Department of Health shall make publicly

And the title is amended as follows:

Remove line 3 and insert: creating s. 381.06016, F.S.; requiring the Department of Health to post on its

On motion by Senator Flores, the Senate concurred in the House amendment.

SB 702 passed as amended and was ordered engrossed and then enrolled. The action of the Senate was certified to the House. The vote on passage was:

Nays—None

The Honorable Mike Haridopolos, President

I am directed to inform the Senate that the House of Representatives has amended Senate Amendment 1, concurred in the same as amended, and passed CS for HJR 7111 by the required constitutional three-fifths vote of the membership as further amended, and requests the concurrence of the Senate.

Robert L. "Bob" Ward, Clerk

CS for HJR 7111—A joint resolution proposing an amendment to Section 3 of Article I of the State Constitution to provide that an individual may not be barred from participating in any public program because of choosing to use public benefits at a religious provider and to delete a prohibition against using public revenues in aid of any church, sect, or religious denomination or any sectarian institution.

House Amendment 1 (611389) (with title amendment) to Senate Amendment 1—Remove lines 5-424 and insert: That the following revision to Sections 2, 11, and 12 of Article V of the State Constitution is agreed to and shall be submitted to the electors of this state for approval or rejection at the next general election or at an earlier special election specifically authorized by law for that purpose:

ARTICLE V

JUDICIARY

SECTION 2. Administration; practice and procedure.—

(a) The supreme court shall adopt rules for the practice and procedure in all courts including the time for seeking appellate review, the administrative supervision of all courts, the transfer to the court having jurisdiction of any proceeding when the jurisdiction of another court has been improvidently invoked, and a requirement that no cause shall be dismissed because an improper remedy has been sought. The supreme court shall adopt rules to allow *it* ~~the court~~ and the district courts of appeal to submit questions relating to military law to the federal Court of Appeals for the Armed Forces for an advisory opinion. Rules of court may be repealed by general law *that expresses the policy behind the repeal* ~~enacted by two-thirds vote of the membership of each house of the legislature~~. *The court may readopt the repealed rule only in conformity with the public policy expressed by the legislature. If the legislature determines that a rule has been readopted and repeals the readopted rule, the rule may not be readopted thereafter without prior approval of the legislature.*

(b) The chief justice of the supreme court shall be chosen by a majority of the members of the court; shall be the chief administrative officer of the judicial system; and shall have the power to assign justices or judges, including consenting retired justices or judges, to temporary duty in any court for which the judge is qualified and to delegate to a chief judge of a judicial circuit the power to assign judges for duty in that circuit.

(c) A chief judge for each district court of appeal shall be chosen by a majority of the judges thereof or, if there is no majority, by the chief justice. The chief judge shall be responsible for the administrative supervision of the court.

(d) A chief judge in each circuit shall be chosen from among the circuit judges as provided by supreme court rule. The chief judge *of a circuit* shall be responsible for the administrative supervision of the circuit courts and county courts in *the* ~~his~~ circuit.

SECTION 11. Vacancies.—

(a) Whenever a vacancy occurs in a judicial office to which election for retention applies, the governor shall fill the vacancy by appointing for a term ending on the first Tuesday after the first Monday in January of the year following the next general election occurring at least one year after the date of appointment, one of not fewer than three persons nor more than six persons nominated by the appropriate judicial nominating commission.

(b) The governor shall fill each vacancy on a circuit court or on a county court, wherein the judges are elected by a majority vote of the electors, by appointing for a term ending on the first Tuesday after the first Monday in January of the year following the next primary and general election occurring at least one year after the date of appointment, one of not fewer than three persons nor more than six persons nominated by the appropriate judicial nominating commission. An election shall be held to fill that judicial office for the term of the office beginning at the end of the appointed term.

(c) The nominations shall be made within thirty days from the occurrence of a vacancy unless the period is extended by the governor for a time not to exceed thirty days. The governor shall make the appointment within sixty days after the nominations have been certified to the governor.

(d) Each appointment of a justice of the supreme court is subject to confirmation by the senate. The senate may sit for the purpose of confirmation regardless of whether the house of representatives is in session or not. If the senate fails to vote on the appointment of a justice within 90 days, the justice shall be deemed confirmed. If the senate votes to not confirm the appointment, the supreme court judicial nominating commission shall reconvene as though a new vacancy had occurred but may not renominate any person whose prior appointment to fill the same vacancy was not confirmed by the senate. The appointment of a justice is effective upon confirmation by the senate.

(e)~~(d)~~ There shall be a separate judicial nominating commission as provided by general law for the supreme court, *one for* each district court of appeal, and *one for* each judicial circuit for all trial courts within the circuit. Uniform rules of procedure shall be established by the judicial

nominating commissions at each level of the court system. Such rules, or any part thereof, may be repealed by general law ~~enacted by a majority vote of the membership of each house of the legislature~~, or by the supreme court, five justices concurring. Except for deliberations of the judicial nominating commissions, the proceedings of the commissions and their records shall be open to the public.

SECTION 12. Discipline; removal and retirement.—

(a) JUDICIAL QUALIFICATIONS COMMISSION.—A judicial qualifications commission is created.

(1) There shall be a judicial qualifications commission vested with jurisdiction to investigate and recommend to the Supreme Court of Florida the removal from office of any justice or judge whose conduct, during term of office or otherwise, ~~occurring on or after November 1, 1966, (without regard to the effective date of this section)~~ demonstrates a present unfitness to hold office, and to investigate and recommend the discipline of a justice or judge whose conduct, during term of office or otherwise ~~occurring on or after November 1, 1966 (without regard to the effective date of this section)~~, warrants such discipline. For purposes of this section, discipline is defined as any or all of the following: reprimand, fine, suspension with or without pay, or lawyer discipline. The commission shall have jurisdiction over justices and judges regarding allegations that misconduct occurred before or during service as a justice or judge if a complaint is made no later than one year following service as a justice or judge. The commission shall have jurisdiction regarding allegations of incapacity during service as a justice or judge. The commission shall be composed of:

a. Two judges of district courts of appeal selected by the judges of those courts, two circuit judges selected by the judges of the circuit courts and two judges of county courts selected by the judges of those courts;

b. Four electors who reside in the state, who are members of the bar of Florida, and who shall be chosen by the governing body of the bar of Florida; and

c. Five electors who reside in the state, who have never held judicial office or been members of the bar of Florida, and who shall be appointed by the governor.

(2) The members of the judicial qualifications commission shall serve staggered terms, not to exceed six years, as prescribed by general law. No member of the commission except a judge shall be eligible for state judicial office while acting as a member of the commission and for a period of two years thereafter. No member of the commission shall hold office in a political party or participate in any campaign for judicial office or hold public office; provided that a judge may campaign for judicial office and hold that office. The commission shall elect one of its members as its chairperson.

(3) Members of the judicial qualifications commission not subject to impeachment shall be subject to removal from the commission pursuant to the provisions of Article IV, Section 7, Florida Constitution.

(4) The commission shall adopt rules regulating its proceedings, the filling of vacancies by the appointing authorities, the disqualification of members, the rotation of members between the panels, and the temporary replacement of disqualified or incapacitated members. The commission's rules, or any part thereof, may be repealed by general law ~~enacted by a majority vote of the membership of each house of the legislature,~~ or by the supreme court, five justices concurring. The commission shall have power to issue subpoenas. Until formal charges against a justice or judge are filed by the investigative panel with the clerk of the supreme court of Florida all proceedings by or before the commission shall be confidential; provided, however, upon a finding of probable cause and the filing by the investigative panel with said clerk of such formal charges against a justice or judge such charges and all further proceedings before the commission shall be public.

(5) The commission shall have access to all information from all executive, legislative and judicial agencies, including grand juries, subject to the rules of the commission. At any time, on request of the speaker of the house of representatives ~~or the governor~~, the commission shall make available *to the house of representatives* all information in the possession of the commission*, which information shall remain confidential during any investigation and until such information is used in the pursuit* ~~for use in consideration~~ of impeachment ~~or suspension, respectively~~.

(b) PANELS.—The commission shall be divided into an investigative panel and a hearing panel as established by rule of the commission. The investigative panel is vested with the jurisdiction to receive or initiate complaints, conduct investigations, dismiss complaints, and upon a vote of a simple majority of the panel submit formal charges to the hearing panel. The hearing panel is vested with the authority to receive and hear formal charges from the investigative panel and upon a two-thirds vote of the panel recommend to the supreme court the removal of a justice or judge or the involuntary retirement of a justice or judge for any permanent disability that seriously interferes with the performance of judicial duties. Upon a simple majority vote of the membership of the hearing panel, the panel may recommend to the supreme court that the justice or judge be subject to appropriate discipline.

(c) SUPREME COURT.—The supreme court shall receive recommendations from the judicial qualifications commission's hearing panel.

(1) The supreme court may accept, reject, or modify in whole or in part the findings, conclusions, and recommendations of the commission and it may order that the justice or judge be subjected to appropriate discipline, or be removed from office with termination of compensation for willful or persistent failure to perform judicial duties or for other conduct unbecoming a member of the judiciary demonstrating a present unfitness to hold office, or be involuntarily retired for any permanent disability that seriously interferes with the performance of judicial duties. Malafides, scienter or moral turpitude on the part of a justice or judge shall not be required for removal from office of a justice or judge whose conduct demonstrates a present unfitness to hold office. After the filing of a formal proceeding and upon request of the investigative panel, the supreme court may suspend the justice or judge from office, with or without compensation, pending final determination of the inquiry.

(2) The supreme court may award costs to the prevailing party.

(d) *REMOVAL POWER.*—The power of removal conferred by this section shall be both alternative and cumulative to the power of impeachment.

(e) *PROCEEDINGS INVOLVING SUPREME COURT JUSTICE.*—Notwithstanding any of the foregoing provisions of this section, if the person who is the subject of proceedings by the judicial qualifications commission is a justice of the supreme court of Florida all justices of such court automatically shall be disqualified to sit as justices of such court with respect to all proceedings therein concerning such person and the supreme court for such purposes shall be composed of a panel consisting of the seven chief judges of the judicial circuits of the state of Florida most senior in tenure of judicial office as circuit judge. For purposes of determining seniority of such circuit judges in the event there be judges of equal tenure in judicial office as circuit judge the judge or judges from the lower numbered circuit or circuits shall be deemed senior. In the event any such chief circuit judge is under investigation by the judicial qualifications commission or is otherwise disqualified or unable to serve on the panel, the next most senior chief circuit judge or judges shall serve in place of such disqualified or disabled chief circuit judge.

(f) SCHEDULE TO SECTION 12.—

(1) Except to the extent inconsistent with the provisions of this section, all provisions of law and rules of court in force on the effective date of this article shall continue in effect until superseded in the manner authorized by the constitution.

(2) After this section becomes effective and until adopted by rule of the commission consistent with it:

a. The commission shall be divided, as determined by the chairperson, into one investigative panel and one hearing panel to meet the responsibilities set forth in this section.

b. The investigative panel shall be composed of:

1. Four judges,

2. Two members of the bar of Florida, and

3. Three non-lawyers.

c. The hearing panel shall be composed of:

1. Two judges,

2. Two members of the bar of Florida, and

3. Two non-lawyers.

d. Membership on the panels may rotate in a manner determined by the rules of the commission provided that no member shall vote as a member of the investigative and hearing panel on the same proceeding.

e. The commission shall hire separate staff for each panel.

f. The members of the commission shall serve for staggered terms of six years.

~~g. The terms of office of the present members of the judicial qualifications commission shall expire upon the effective date of the amendments to this section approved by the legislature during the regular session of the legislature in 1996 and new members shall be appointed to serve the following staggered terms:~~

~~1. Group I.—The terms of five members, composed of two electors as set forth in s. 12(a)(1)c. of Article V, one member of the bar of Florida as set forth in s. 12(a)(1)b. of Article V, one judge from the district courts of appeal and one circuit judge as set forth in s. 12(a)(1)a. of Article V, shall expire on December 31, 1998.~~

~~2. Group II.—The terms of five members, composed of one elector as set forth in s. 12(a)(1)c. of Article V, two members of the bar of Florida as set forth in s. 12(a)(1)b. of Article V, one circuit judge and one county judge as set forth in s. 12(a)(1)a. of Article V shall expire on December 31, 2000.~~

~~3. Group III.—The terms of five members, composed of two electors as set forth in s. 12(a)(1)c. of Article V, one member of the bar of Florida as set forth in s. 12(a)(1)b., one judge from the district courts of appeal and one county judge as set forth in s. 12(a)(1)a. of Article V, shall expire on December 31, 2002.~~

g.~~h.~~ An appointment to fill a vacancy of the commission shall be for the remainder of the term.

h.~~i.~~ Selection of members by district courts of appeal judges, circuit judges, and county court judges, shall be by no less than a majority of the members voting at the respective courts' conferences. Selection of members by the board of governors of the bar of Florida shall be by no less than a majority of the board.

i.~~j.~~ The commission shall be entitled to recover the costs of investigation and prosecution, in addition to any penalty levied by the supreme court.

j.~~k.~~ The compensation of members and referees shall be the travel expenses or transportation and per diem allowance as provided by general law.

BE IT FURTHER RESOLVED that the following statement be placed on the ballot:

CONSTITUTIONAL AMENDMENT

ARTICLE V, SECTIONS 2, 11, AND 12

STATE COURTS.—Proposing a revision of Article V of the State Constitution relating to the judiciary.

The State Constitution authorizes the Supreme Court to adopt rules for the practice and procedure in all courts. The constitution further provides that a rule of court may be repealed by a general law enacted by a two-thirds vote of the membership of each house of the Legislature. This proposed constitutional revision eliminates the requirement that a general law repealing a court rule pass by a two-thirds vote of each house, thereby providing that the Legislature may repeal a rule of court by a general law approved by a majority vote of each house of the Legislature that expresses the policy behind the repeal. The court could readopt the rule in conformity with the public policy expressed by the Legislature, but if the Legislature determines that a rule has been readopted and repeals the readopted rule, this proposed revision prohibits the court from further readopting the repealed rule without the Legislature's prior approval. Under current law, rules of the judicial nominating commissions and the Judicial Qualifications Commission may be repealed by general law enacted by a majority vote of the membership of each house of the Legislature. Under this proposed revision, a vote to repeal those rules is changed to repeal by general law enacted by a majority vote of the legislators present.

Under current law, the Governor appoints a justice of the Supreme Court from a list of nominees provided by a judicial nominating commission, and appointments by the Governor are not subject to confirmation. This revision requires Senate confirmation of a justice of the Supreme Court before the appointee can take office. If the Senate votes not to confirm the appointment, the judicial nominating commission must reconvene and may not renominate any person whose prior appointment to fill the same vacancy was not confirmed by the Senate. For the purpose of confirmation, the Senate may meet at any time. If the Senate fails to vote on the appointment of a justice within 90 days, the justice will be deemed confirmed and will take office.

The Judicial Qualifications Commission is an independent commission created by the State Constitution to investigate and prosecute before the Florida Supreme Court alleged misconduct by a justice or judge. Currently under the constitution, commission proceedings are confidential until formal charges are filed by the investigative panel of the commission. Once formal charges are filed, the formal charges and all further proceedings of the commission are public. Currently, the constitution authorizes the House of Representatives to impeach a justice or judge. Further, the Speaker of the House of Representatives may request, and the Judicial Qualifications Commission must make available, all information in the commission's possession for use in deciding whether to impeach a justice or judge. This proposed revision requires the commission to make all of its files available to the Speaker of the House of Representatives but provides that such files would remain confidential during any investigation by the House of Representatives and until such information is used in the pursuit of an impeachment of a justice or judge. This revision also removes the power of the Governor to request files of the Judicial Qualifications Commission to conform to a prior constitutional change.

This revision also makes technical and clarifying additions and deletions relating to the selection of chief judges of a circuit and relating to the Judicial Qualifications Commission, and makes other nonsubstantive conforming and technical changes in the judicial article of the constitution.

BE IT FURTHER RESOLVED that the following statement be placed on the ballot if a court declares the preceding statement defective and the decision of the court is not reversed:

CONSTITUTIONAL AMENDMENT

ARTICLE V, SECTIONS 2, 11, AND 12

JUDICIARY.—Proposing a revision of the Judiciary Article of the Florida Constitution; revising standards and procedures for legislative repeal of a court rule and the Supreme Court's readoption of a rule repealed by the Legislature; providing for Senate confirmation of an appointment of a Supreme Court justice; allowing the House of Representatives to review confidential files of the Judicial Qualifications Commission under any circumstances; providing that such files shall remain confidential until the House of Representatives initiates impeachment proceedings; and making other technical, clarifying, and conforming revisions.

BE IT FURTHER RESOLVED that the following statement be placed on the ballot if a court declares the preceding statements defective and the decision of the court is not reversed:

CONSTITUTIONAL AMENDMENT

ARTICLE V, SECTIONS 2, 11, AND 12

STATE COURTS.—Proposing a revision to Article V of the State Constitution relating to the judiciary; changing the authority of the

Legislature to repeal a court rule by two-thirds vote of the membership of each house to a simple majority of each house; limiting the Supreme Court's ability to readopt a rule repealed by the Legislature; requiring Senate confirmation before a justice may take office; providing that if the Senate does not act within 90 days the nominee is deemed confirmed as a justice; allowing the Senate to meet outside of regular session without having the House of Representatives convene at the same time; deleting outdated references related to the Judicial Qualifications Commission; requiring the Judicial Qualifications Commission to provide the House of Representatives access to records; providing for confidentiality of records provided to the House of Representatives until impeachment is initiated; making conforming and technical changes.

And the title is amended as follows:

Remove lines 431-444 and insert: A joint resolution proposing a revision of Article V of the State Constitution, relating to the judiciary, consisting of amendments to Sections 2, 11, and 12 of Article V of the State Constitution; revising provisions relating to repeal of court rules; limiting readoption of a repealed court rule; providing for Senate confirmation of Supreme Court justices; requiring the Judicial Qualifications Commission to make all of its files available to the Speaker of the House of Representatives; providing for confidentiality of records provided to the House of Representatives until impeachment is initiated; making other conforming and modernizing changes to the State Constitution regarding the judicial branch.

On motion by Senator Bogdanoff, the Senate concurred in the House amendment to the Senate amendment.

CS for HJR 7111 as amended was read in full as follows: A joint resolution proposing a revision of Article V of the State Constitution, relating to the judiciary, consisting of amendments to Sections 2, 3, 4, 7, 11, 12, and 14 of Article V, and the creation of Section 21 of Article V, of the State Constitution to divide the current Supreme Court into two divisions, one hearing civil cases and the other hearing criminal cases; providing for administration of the divisions; defining the jurisdiction of the divisions; providing for transition from the present Supreme Court; revising provisions relating to repeal of court rules; limiting readoption of a repealed court rule; providing for Senate confirmation of Supreme Court justices; expanding the jurisdiction of the Supreme Court; requiring the Judicial Qualifications Commission to make all of its files available to the Speaker of the House of Representatives; revising provisions relating to repeal of commission rules; requiring that a specified minimum percentage of general revenue funds be appropriated to the courts; making other conforming and modernizing changes to the State Constitution regarding the judicial system.

Be It Resolved by the Legislature of the State of Florida:

That the following amendments to Sections 2, 3, 4, 7, 11, 12, and 14 of Article V, and the creation of Section 21 of Article V, of the State Constitution are agreed to and shall be submitted to the electors of this state for approval or rejection at the next general election or at an earlier special election specifically authorized by law for that purpose:

ARTICLE V

JUDICIARY

SECTION 2. Administration; practice and procedure.—

(a) The supreme court shall adopt rules for the practice and procedure in all courts including the time for seeking appellate review, the administrative supervision of all courts, the transfer to the court having jurisdiction of any proceeding when the jurisdiction of another court has been improvidently invoked, and a requirement that no cause shall be dismissed because an improper remedy has been sought. The supreme court shall adopt rules to allow *it* ~~the court~~ and the district courts of appeal to submit questions relating to military law to the federal Court of Appeals for the Armed Forces for an advisory opinion. Rules of court may be repealed by general law *that expresses the policy behind the repeal* ~~enacted by two-thirds vote of the membership of each house of the legislature~~. *The court may readopt the repealed rule only in conformity with the public policy expressed by the legislature. If the legislature repeals the readopted rule, the rule may not be readopted thereafter without prior approval of the legislature. The divisions of the court shall meet jointly to adopt rules or the court may designate a division to adopt any specific class of rules.*

(b)*(1)* The chief justice of the supreme court *of Florida* shall be ~~chosen by a majority of the members of the court; shall be~~ the chief administrative officer of the judicial system~~;~~ and shall have the power to assign justices or judges, including consenting retired justices or judges, to temporary duty in any court for which the judge is qualified and to delegate to a chief judge of a judicial circuit the power to assign judges for duty in that circuit.

(2) The chief justice of a division of the supreme court shall be designated by the governor, subject to confirmation by the senate. The chief justices of the divisions shall serve staggered terms of eight years and shall be the chief administrative officers of their respective divisions. In the second half of any term as chief justice of a division, the chief justice shall serve as the chief justice of the supreme court. A justice may serve more than one term as chief justice of the division. A chief justice of a division is subject to the same requirements of eligibility and retention as a justice of the supreme court.

(3) If there is a vacancy in the position of chief justice of a division, the justice who has served the most time with the division shall be the acting chief justice until a new chief justice of the division is appointed and confirmed for the remainder of the term.

(c) A chief judge for each district court of appeal shall be chosen by a majority of the judges thereof or, if there is no majority, by the chief justice. The chief judge *of a district court* shall be responsible for the administrative supervision of the *district* court.

(d) A chief judge in each circuit shall be chosen from among the circuit judges as provided by supreme court rule. The chief judge *of a circuit* shall be responsible for the administrative supervision of the circuit courts and county courts in *the* ~~his~~ circuit.

SECTION 3. Supreme court*; divisions*.—

(a) ORGANIZATION.—The supreme court shall consist of *ten* ~~seven~~ justices*. Of the ten justices, five justices shall serve in the civil division and five justices shall serve in the criminal division. In each division* ~~Of the seven justices~~, each appellate district shall have at least one justice ~~elected or~~ appointed from the district to the supreme court *division* who is a resident of the district at the time of the original appointment ~~or election~~. *Four* ~~Five~~ justices *of a division* shall constitute a quorum *for that division and*~~.~~ the concurrence of *three* ~~four~~ justices shall be necessary to a decision. When *vacancies or* recusals for cause would prohibit the court from convening because of the requirements of this *subsection* ~~section~~, judges assigned to temporary duty may be substituted for justices. *The justices of both divisions, with seven justices constituting a quorum, shall jointly meet regarding disciplinary cases, and may jointly meet at the discretion of the chief justice regarding court rules or administrative supervision of the courts. The justices shall not otherwise meet en banc.*

(b) JURISDICTION.—The *appropriate division of the* supreme court:

(1) Shall hear appeals from ~~final judgments of trial courts imposing the death penalty and from~~ decisions of district courts of appeal declaring invalid a state statute or a provision of the state constitution.

(2) When provided by general law, shall hear appeals from final judgments entered in proceedings for the validation of bonds or certificates of indebtedness and shall review action of statewide agencies relating to rates or service of utilities providing electric, gas, or telephone service. *Only the civil division may have jurisdiction pursuant to this paragraph.*

(3) May review any decision of a district court of appeal that expressly declares valid a state statute, or that expressly construes a provision of the state or federal constitution, or that expressly affects a class of constitutional or state officers, or that ~~expressly and directly~~ conflicts with a decision of another district court of appeal or of the supreme court on the same question of law*, provided that the conflict appears on the face of the majority, concurring, or dissenting district court opinion*.

(4) May review any decision of a district court of appeal that passes upon a question certified by *the district court of appeal* ~~it~~ to be of great

public importance, *that appears to a division to be of great public importance based on information on the face of the majority, concurring, or dissenting district court opinion,* or that is certified by *the district court of appeal* ~~it~~ to be in direct conflict with a decision of another district court of appeal.

(5) May review any order or judgment of a trial court certified by the district court of appeal in which an appeal is pending to be of great public importance, or to have a great effect on the proper administration of justice throughout the state, and certified to require immediate resolution by the supreme court.

(6) May review a question of law certified by the Supreme Court of the United States or a United States Court of Appeals which is determinative of the cause and for which there is no controlling precedent of the supreme court of Florida.

(7) May issue writs of prohibition to courts and all writs necessary to the complete exercise of its jurisdiction.

(8) May issue writs of mandamus and quo warranto to state officers and state agencies.

(9) May, or any justice may, issue writs of habeas corpus returnable before the supreme court or any justice, a district court of appeal or any judge thereof, or any circuit judge. *Only a justice in the criminal division may issue a writ of habeas corpus in a criminal case.*

(10) Shall, when requested by the attorney general pursuant to the provisions of Section 10 of Article IV, render an advisory opinion of the justices, addressing issues as provided by general law.

(11) Shall hear appeals from final judgments of trial courts imposing the death penalty. Only the criminal division has any jurisdiction pursuant to this paragraph.

(c) ASSIGNMENT OF CASES TO DIVISIONS.—Criminal and civil cases are to be referred to each division in a manner consistent with this section.

(1) A criminal case is any case or controversy primarily involving the commission of a felony or misdemeanor. A criminal case shall also include any case or controversy involving criminal law, criminal penalties, criminal procedure, juvenile delinquency, or any related action regarding the interpretation of or resolution of matters directly affecting the criminal law. Equitable relief related to the criminal law, including actions in which a party seeks to enjoin the application or form of a criminal penalty, shall be within the jurisdiction of the criminal division.

(2) A civil case is any case or controversy within the traditional concepts of civil law, including tort, contract, family law, probate, trusts, real property, employment law, taxation, and elections. The civil division shall have no jurisdiction or authority, whether express or implied, to issue a stay of execution or to hear any challenge of any law or procedure regarding the death penalty or the administration of a criminal penalty.

(3) The legislature may, by general law, further define the types of cases that are to be referred to each division in a manner consistent with this section.

(d) JURISDICTIONAL CONFLICTS.—If both divisions assert jurisdiction over a particular case, the chief justice of the supreme court of Florida shall decide where jurisdiction is appropriate.

~~(c) CLERK AND MARSHAL. The supreme court shall appoint a clerk and a marshal who shall hold office during the pleasure of the court and perform such duties as the court directs. Their compensation shall be fixed by general law. The marshal shall have the power to execute the process of the court throughout the state, and in any county may deputize the sheriff or a deputy sheriff for such purpose.~~

SECTION 4. District courts of appeal.—

(a) ORGANIZATION.—There shall be a district court of appeal serving each appellate district. Each district court of appeal shall consist of at least three judges. Three judges shall consider each case and the concurrence of two shall be necessary to a decision.

(b) JURISDICTION.—

(1) District courts of appeal shall have jurisdiction to hear appeals, that may be taken as a matter of right, from final judgments or orders of trial courts, including those entered on review of administrative action, not directly appealable to the supreme court or a circuit court. They may review interlocutory orders in such cases to the extent provided by rules adopted by the supreme court.

(2) District courts of appeal shall have the power of direct review of administrative action, as prescribed by general law.

(3) A district court of appeal or any judge thereof may issue writs of habeas corpus returnable before the court or any judge thereof or before any circuit judge within the territorial jurisdiction of the court. A district court of appeal may issue writs of mandamus, certiorari, prohibition, quo warranto, and other writs necessary to the complete exercise of its jurisdiction. To the extent necessary to dispose of all issues in a cause properly before it, a district court of appeal may exercise any of the appellate jurisdiction of the circuit courts.

~~(c) CLERKS AND MARSHALS. Each district court of appeal shall appoint a clerk and a marshal who shall hold office during the pleasure of the court and perform such duties as the court directs. Their compensation shall be fixed by general law. The marshal shall have the power to execute the process of the court throughout the territorial jurisdiction of the court, and in any county may deputize the sheriff or a deputy sheriff for such purpose.~~

SECTION 7. Specialized divisions.—*The supreme court shall sit in a civil division and a criminal division, except where specifically authorized in this article to sit jointly.* All *other* courts ~~except the supreme court~~ may sit in divisions as may be established by general law. A circuit or county court may hold civil and criminal trials and hearings in any place within the territorial jurisdiction of the court as designated by the chief judge of the circuit.

SECTION 11. Vacancies.—

(a) Whenever a vacancy occurs in a judicial office to which election for retention applies, the governor shall fill the vacancy by appointing for a term ending on the first Tuesday after the first Monday in January of the year following the next general election occurring at least one year after the date of appointment, one of not fewer than three persons nor more than six persons nominated by the appropriate judicial nominating commission.

(b) The governor shall fill each vacancy on a circuit court or on a county court, wherein the judges are elected by a majority vote of the electors, by appointing for a term ending on the first Tuesday after the first Monday in January of the year following the next primary and general election occurring at least one year after the date of appointment, one of not fewer than three persons nor more than six persons nominated by the appropriate judicial nominating commission. An election shall be held to fill that judicial office for the term of the office beginning at the end of the appointed term.

(c) The nominations shall be made within thirty days from the occurrence of a vacancy unless the period is extended by the governor for a time not to exceed thirty days. The governor shall make the appointment within sixty days after the nominations have been certified to the governor.

(d) Each appointment of a justice of the supreme court is subject to confirmation by the senate. The senate may sit for the purpose of confirmation regardless of whether the house of representatives is in session or not. If the senate fails to vote on the appointment of a justice within 90 days, the justice shall be deemed confirmed. If the senate votes to not confirm the appointment, the supreme court judicial nominating commission shall reconvene as though a new vacancy had occurred but may not renominate any person whose prior appointment to fill the same vacancy was not confirmed by the senate. The appointment of a justice is effective upon confirmation by the senate. A justice in one division may apply for a position in the other division but may not concurrently serve on both.

(e)~~(d)~~ There shall be a separate judicial nominating commission as provided by general law for the supreme court, *one for* each district court of appeal, and *one for* each judicial circuit for all trial courts within the circuit. Uniform rules of procedure shall be established by the judicial

nominating commissions at each level of the court system. Such rules, or any part thereof, may be repealed by general law enacted by a majority vote of the membership of each house of the legislature, or by *a majority vote of the justices of each division of* the supreme court~~, five justices concurring~~. Except for deliberations of the judicial nominating commissions, the proceedings of the commissions and their records shall be open to the public.

SECTION 12. Discipline; removal and retirement.—

(a) JUDICIAL QUALIFICATIONS COMMISSION.—A judicial qualifications commission is created.

(1) There shall be a judicial qualifications commission vested with jurisdiction to investigate and recommend to the Supreme Court of Florida the removal from office of any justice or judge whose conduct, during term of office or otherwise*,* ~~occurring on or after November 1, 1966, (without regard to the effective date of this section)~~ demonstrates a present unfitness to hold office, and to investigate and recommend the discipline of a justice or judge whose conduct, during term of office or otherwise ~~occurring on or after November 1, 1966 (without regard to the effective date of this section)~~, warrants such discipline. For purposes of this section, discipline is defined as any or all of the following: reprimand, fine, suspension with or without pay, or lawyer discipline. The commission shall have jurisdiction over justices and judges regarding allegations that misconduct occurred before or during service as a justice or judge if a complaint is made no later than one year following service as a justice or judge. The commission shall have jurisdiction regarding allegations of incapacity during service as a justice or judge. The commission shall be composed of:

a. Two judges of district courts of appeal selected by the judges of those courts, two circuit judges selected by the judges of the circuit courts and two judges of county courts selected by the judges of those courts;

b. Four electors who reside in the state, who are members of the bar of Florida, and who shall be chosen by the governing body of the bar of Florida; and

c. Five electors who reside in the state, who have never held judicial office or been members of the bar of Florida, and who shall be appointed by the governor.

(2) The members of the judicial qualifications commission shall serve staggered terms, not to exceed six years, as prescribed by general law. No member of the commission except a judge shall be eligible for state judicial office while acting as a member of the commission and for a period of two years thereafter. No member of the commission shall hold office in a political party or participate in any campaign for judicial office or hold public office; provided that a judge may campaign for judicial office and hold that office. The commission shall elect one of its members as its chairperson.

(3) Members of the judicial qualifications commission not subject to impeachment shall be subject to removal from the commission pursuant to the provisions of Article IV, Section 7, Florida Constitution.

(4) The commission shall adopt rules regulating its proceedings, the filling of vacancies by the appointing authorities, the disqualification of members, the rotation of members between the panels, and the temporary replacement of disqualified or incapacitated members. The commission's rules, or any part thereof, may be repealed by general law ~~enacted by a majority vote of the membership of each house of the legislature,~~ or by the supreme court, *seven* ~~five~~ justices concurring. The commission shall have power to issue subpoenas. Until formal charges against a justice or judge are filed by the investigative panel with the clerk of the supreme court of Florida all proceedings by or before the commission shall be confidential; provided, however, upon a finding of probable cause and the filing by the investigative panel with said clerk of such formal charges against a justice or judge such charges and all further proceedings before the commission shall be public.

(5) The commission shall have access to all information from all executive, legislative and judicial agencies, including grand juries, subject to the rules of the commission. At any time, on request of the speaker of the house of representatives ~~or the governor~~, the commission shall make available *to the house of representatives* all information in the possession of the commission*, which information shall remain confidential during any investigation and until such information is used in the pursuit* ~~for use in consideration~~ of impeachment ~~or suspension, respectively~~.

(b) PANELS.—The commission shall be divided into an investigative panel and a hearing panel as established by rule of the commission. The investigative panel is vested with the jurisdiction to receive or initiate complaints, conduct investigations, dismiss complaints, and upon a vote of a simple majority of the panel submit formal charges to the hearing panel. The hearing panel is vested with the authority to receive and hear formal charges from the investigative panel and upon a two-thirds vote of the panel recommend to the supreme court the removal of a justice or judge or the involuntary retirement of a justice or judge for any permanent disability that seriously interferes with the performance of judicial duties. Upon a simple majority vote of the membership of the hearing panel, the panel may recommend to the supreme court that the justice or judge be subject to appropriate discipline.

(c) SUPREME COURT.—The supreme court shall receive recommendations from the judicial qualifications commission's hearing panel.

(1) The supreme court may accept, reject, or modify in whole or in part the findings, conclusions, and recommendations of the commission and it may order that the justice or judge be subjected to appropriate discipline, or be removed from office with termination of compensation for willful or persistent failure to perform judicial duties or for other conduct unbecoming a member of the judiciary demonstrating a present unfitness to hold office, or be involuntarily retired for any permanent disability that seriously interferes with the performance of judicial duties. Malafides, scienter or moral turpitude on the part of a justice or judge shall not be required for removal from office of a justice or judge whose conduct demonstrates a present unfitness to hold office. After the filing of a formal proceeding and upon request of the investigative panel, the supreme court may suspend the justice or judge from office, with or without compensation, pending final determination of the inquiry.

(2) The supreme court may award costs to the prevailing party.

(d) *REMOVAL POWER.*—The power of removal conferred by this section shall be both alternative and cumulative to the power of impeachment.

(e) *PROCEEDINGS INVOLVING SUPREME COURT JUSTICE.*—Notwithstanding any of the foregoing provisions of this section, if the person who is the subject of proceedings by the judicial qualifications commission is a justice of the supreme court of Florida all justices of such court automatically shall be disqualified to sit as justices of such court with respect to all proceedings therein concerning such person and the supreme court for such purposes shall be composed of a panel consisting of the seven chief judges of the judicial circuits of the state of Florida most senior in tenure of judicial office as circuit judge. For purposes of determining seniority of such circuit judges in the event there be judges of equal tenure in judicial office as circuit judge the judge or judges from the lower numbered circuit or circuits shall be deemed senior. In the event any such chief circuit judge is under investigation by the judicial qualifications commission or is otherwise disqualified or unable to serve on the panel, the next most senior chief circuit judge or judges shall serve in place of such disqualified or disabled chief circuit judge.

(f) SCHEDULE TO SECTION 12.—

(1) Except to the extent inconsistent with the provisions of this section, all provisions of law and rules of court in force on the effective date of this article shall continue in effect until superseded in the manner authorized by the constitution.

(2) After this section becomes effective and until adopted by rule of the commission consistent with it:

a. The commission shall be divided, as determined by the chairperson, into one investigative panel and one hearing panel to meet the responsibilities set forth in this section.

b. The investigative panel shall be composed of:

1. Four judges,

2. Two members of the bar of Florida, and

3. Three non-lawyers.

c. The hearing panel shall be composed of:

1. Two judges,

2. Two members of the bar of Florida, and

3. Two non-lawyers.

d. Membership on the panels may rotate in a manner determined by the rules of the commission provided that no member shall vote as a member of the investigative and hearing panel on the same proceeding.

e. The commission shall hire separate staff for each panel.

f. The members of the commission shall serve for staggered terms of six years.

~~g. The terms of office of the present members of the judicial qualifications commission shall expire upon the effective date of the amendments to this section approved by the legislature during the regular session of the legislature in 1996 and new members shall be appointed to serve the following staggered terms:~~

~~1. Group I. The terms of five members, composed of two electors as set forth in s. 12(a)(1)c. of Article V, one member of the bar of Florida as set forth in s. 12(a)(1)b. of Article V, one judge from the district courts of appeal and one circuit judge as set forth in s. 12(a)(1)a. of Article V, shall expire on December 31, 1998.~~

~~2. Group II. The terms of five members, composed of one elector as set forth in s. 12(a)(1)c. of Article V, two members of the bar of Florida as set forth in s. 12(a)(1)b. of Article V, one circuit judge and one county judge as set forth in s. 12(a)(1)a. of Article V shall expire on December 31, 2000.~~

~~3. Group III. The terms of five members, composed of two electors as set forth in s. 12(a)(1)c. of Article V, one member of the bar of Florida as set forth in s. 12(a)(1)b., one judge from the district courts of appeal and one county judge as set forth in s. 12(a)(1)a. of Article V, shall expire on December 31, 2002.~~

g.~~h.~~ An appointment to fill a vacancy of the commission shall be for the remainder of the term.

h.~~i.~~ Selection of members by district courts of appeal judges, circuit judges, and county court judges, shall be by no less than a majority of the members voting at the respective courts' conferences. Selection of members by the board of governors of the bar of Florida shall be by no less than a majority of the board.

i.~~j.~~ The commission shall be entitled to recover the costs of investigation and prosecution, in addition to any penalty levied by the supreme court.

j.~~k.~~ The compensation of members and referees shall be the travel expenses or transportation and per diem allowance as provided by general law.

SECTION 14. Funding.—

(a) All justices and judges shall be compensated only by state salaries fixed by general law. Funding for the state courts system, state attorneys' offices, public defenders' offices, and court-appointed counsel, except as otherwise provided in subsection (c), shall be provided from state revenues appropriated by general law.

(b) All funding for the offices of the clerks of the circuit and county courts performing court-related functions, except as otherwise provided in this subsection and subsection (c), shall be provided by adequate and appropriate filing fees for judicial proceedings and service charges and costs for performing court-related functions as required by general law. Selected salaries, costs, and expenses of the state courts system may be funded from appropriate filing fees for judicial proceedings and service charges and costs for performing court-related functions, as provided by general law. Where the requirements of either the United States Constitution or the Constitution of the State of Florida preclude the imposition of filing fees for judicial proceedings and service charges and costs for performing court-related functions sufficient to fund the court-related functions of the offices of the clerks of the circuit and county courts, the state shall provide, as determined by the legislature, adequate and appropriate supplemental funding from state revenues appropriated by general law.

(c) No county or municipality, except as provided in this subsection, shall be required to provide any funding for the state courts system, state attorneys' offices, public defenders' offices, court-appointed counsel or the offices of the clerks of the circuit and county courts performing court-related functions. Counties shall be required to fund the cost of communications services, existing radio systems, existing multi-agency criminal justice information systems, and the cost of construction or lease, maintenance, utilities, and security of facilities for the trial courts, public defenders' offices, state attorneys' offices, and the offices of the clerks of the circuit and county courts performing court-related functions. Counties shall also pay reasonable and necessary salaries, costs, and expenses of the state courts system to meet local requirements as determined by general law.

(d) The judiciary shall have no power to fix appropriations.

(e) The total appropriation of all fund sources to the judicial branch shall equal no less than 2.25 percent of the total general revenue funds appropriated in the general appropriation bill referred to in Section 19(b) of Article III. Any adjustments to the total appropriations of all fund sources to the judicial branch made in any special appropriations act shall equal no more than the percent of total general revenue appropriations adjusted in such special appropriations act.

For purposes of this subsection, the judicial branch does not include the Justice Administrative Commission or any of the entities for which the Justice Administrative Commission provides administrative services.

SECTION 21. Schedule to Article V revision increasing the membership of the supreme court and creating divisions thereof.—

(a) Except to the extent inconsistent with this article, all provisions of law and rules of court in force on the effective date of this article shall continue in effect until superseded in the manner authorized by the constitution.

(b) The effective date of the revision creating two

divisions of the supreme court shall be upon passage by the electorate.

(1) On the first day after the election approving the revision, the supreme court shall rank all of the justices then

in office by seniority in service on the supreme court. The three who have the most seniority shall be the initial justices assigned to the criminal division, and the remaining justices shall be the initial justices assigned to the civil division. Initial appointments of existing justices to either division shall not be limited by the district court from which the justice was appointed. A justice assigned to a division of the supreme court pursuant to this paragraph shall remain in the same term of office and shall sit for future retention elections on the same cycle. The supreme court shall immediately transmit to the governor the names of the justices, their division assignments, and the districts from which they were appointed. The governor shall then direct the supreme court nominating commission to make its recommendations for the open seats of justices for both divisions, which recommendations must be delivered to the governor no later than the 60th day after the election. Before the 90th day after the election, the governor shall make the appointments for the open seats of justices for both divisions and shall also designate the chief justices of each division. The appointments and designations shall, in this instance only, not be subject to the advice and consent of the senate.

(2) The supreme court shall inventory all cases in its possession and determine as to each case whether it will be assigned to the criminal division or the civil division. Newly filed cases shall be designated between the two new divisions as they are filed. The supreme court shall retain full jurisdiction and power over all cases until such cases are actually assigned to a division, including the power to issue final process that would have the effect of removing the case from the inventory of cases to be assigned.

(c) The two divisions of the supreme court shall begin formal operations on the 120th day after the election. On that day:

(1) Newly appointed justices shall take office.

(2) The jurisdiction of the supreme court shall be divided between the divisions, the jurisdictional changes in Sections 3(b)(3) and 3(b)(4) shall take effect, and all pending cases shall be assigned to the appropriate division.

(3) The term of the supreme court shall be deemed to have ended. All mandates issued by the supreme court prior to the end of the term shall be final and not subject to recall. No motion for reconsideration shall be considered.

(d) The initial chief justice of the civil division shall also be the chief justice of the supreme court of Florida and shall serve in that position from the 120th day after the election through June 30, 2016. The initial chief justice of the criminal division shall be the chief justice of the criminal division from the 120th day after the election through June 30, 2020. Thereafter, the offices of the chief justices of the divisions shall alternate as provided in Section 2.

(e) All court rules adopted by the supreme court shall continue in full force and effect after the effective date of this revision, subject to future amendment or repeal.

(f) The legislature may, by general law, otherwise provide for the administrative transfer of employees, property, duties, and functions between the divisions.

(g) The change in court funding provided in Section 14(e) shall be effective commencing in fiscal year 2013-2014.

(h) The legislature shall have the power, by concurrent resolution, to delete from this article any subsection of this section 21, including this subsection, when all events to which the subsection to be deleted is or could become applicable have occurred.

BE IT FURTHER RESOLVED that the following statement be placed on the ballot:

CONSTITUTIONAL AMENDMENT

ARTICLE V, SECTIONS 2, 3, 4, 7, 11, 12, 14, AND 21

STATE COURTS.—Proposing a revision of Article V of the State Constitution relating to the judiciary.

Under current law, the Florida Supreme Court is the highest court in Florida and hears both civil and criminal cases. It has 7 appointed justices. This revision would divide the current Supreme Court into two divisions, one hearing civil cases and the other hearing criminal cases. Each division would have 5 appointed justices who are permanently assigned. The 3 current justices who have the most service with the Florida Supreme Court would be assigned to the criminal division, the remaining 4 current justices would be assigned to the civil division, and the Governor would appoint 3 new justices to fill the remaining openings in the two divisions. The existing jurisdiction of the Supreme Court would be expanded to allow discretionary review of certain district court of appeal decisions. This revision generally defines the civil law and criminal law jurisdiction of each division, provides for assignment of cases to each respective division, and allows the Legislature, by general law, to further define the jurisdictions of each division. The jurisdiction of a division will be limited to the division's area, whether civil or criminal. The power of justices of the criminal division to hear appeals from final judgments entered in proceedings for the validation of bonds or certificates of indebtedness and to review action of statewide agencies relating to rates or service of utilities providing electric, gas, or telephone service is limited by this revision and granted exclusively to the civil division. The power of justices of the civil division to issue a writ of habeas corpus and to hear appeals from final judgments of trial courts imposing the death penalty is limited by this revision and granted exclusively to the justices of the criminal division. This revision provides that if both divisions assert jurisdiction over a case, the Chief Justice of the Supreme Court of Florida will decide where jurisdiction is appropriate.

This proposed revision also creates a title of chief justice in each of the divisions with an 8-year term. The constitution currently provides that the Chief Justice of the Supreme Court is the administrative head of the state judicial system. This revision provides that the position of Chief Justice of the Supreme Court will rotate every 4 years between the chief justice of the civil division and the chief justice of the criminal division. The constitution currently also provides that the chief justice is chosen by vote of the justices. This revision provides that the initial new justices and the initial chief justice of each division will be selected by the Governor and future chief justices will be selected by the Governor subject to Senate confirmation. A chief justice is, like a regular justice under current law, subject to retention election and mandatory retirement requirements applicable to all Florida justices and judges.

Under current law, the Governor appoints a justice from a list of nominees provided by a judicial nominating commission, and appointments by the Governor are not subject to confirmation. Other than the initial 3 new appointees, this revision requires Senate confirmation of a justice before the appointee can take office. If the Senate votes not to confirm the appointment, the judicial nominating commission must reconvene and may not renominate any person whose prior appointment to fill the same vacancy was not confirmed by the Senate. For the purpose of confirmation, the Senate may meet at any time. If the Senate does not vote against confirmation within 90 days, the justice will be deemed confirmed and will take office.

The State Constitution authorizes the Supreme Court to adopt rules for the practice and procedure in all courts. The constitution further provides that a rule of court may be repealed by a general law enacted by a two-thirds vote of the membership of each house of the Legislature. This proposed constitutional revision eliminates the requirement that a general law repealing a court rule pass by a two-thirds vote of each house. The Legislature could repeal a rule of court by a general law approved by a majority vote of each house of the Legislature that expresses the policy behind the repeal. The court could readopt the rule in conformity with the public policy expressed by the Legislature, but if the Legislature repeals the readopted rule, this proposed revision prohibits the court from readopting the repealed rule without the Legislature's prior approval. Court rules may be adopted by both divisions of the Supreme Court meeting jointly, or the court may elect to divide classes of rules between the divisions.

The Judicial Qualifications Commission is an independent commission created by the State Constitution to investigate and prosecute before the Florida Supreme Court alleged misconduct by a justice or judge. Currently under the constitution, commission proceedings are confidential until formal charges are filed by the investigative panel of the commission. Once formal charges are filed, the formal charges and all further proceedings of the commission are public. Currently, the constitution authorizes the House of Representatives to impeach a justice or judge. Further, the Speaker of the House of Representatives may request, and the Judicial Qualifications Commission must make available, all information in the commission's possession for use in deciding whether to impeach a justice or judge. This proposed revision requires the commission to make all of its files available to the Speaker of the House of Representatives, rather than just the file of a justice or judge under investigation by the House of Representatives. Such files would maintain their confidentiality unless the House of Representatives initiates impeachment proceedings against a justice or judge, in which case the files related to that justice or judge may be open. This revision deletes a requirement that a general law repealing a commission rule be passed by a majority vote of the membership of each house of the Legislature and revises the number of Supreme Court justices needed to repeal such a rule.

State appropriations are made annually by general law. Current law does not require any specific level of funding for any agency or department. This revision requires that the courts be appropriated a minimum of 2.25 percent of general revenue funding beginning with the 2013-2014 fiscal year.

This revision will take effect upon its passage by the electorate and provides a schedule for implementation of its provisions. This revision makes other conforming and modernizing changes to the State Constitution regarding the judicial system, including removing the positions of clerk and marshal of the Supreme Court and the courts of appeal from the constitution; providing for transition to the new divisions; removing outdated schedules related to the Judicial Qualifications Commission; and making conforming and technical changes in the judicial articles of the constitution.

BE IT FURTHER RESOLVED that the following statement be placed on the ballot if a court declares the preceding statement defective and the decision of the court is not reversed:

CONSTITUTIONAL AMENDMENT

ARTICLE V, SECTIONS 2, 3, 4, 7, 11, 12, 14, AND 21

JUDICIARY.—Proposing a revision of the Judiciary Article of the Florida Constitution; reorganizing the Florida Supreme Court into divisions; requiring Senate confirmation for appointment of a Supreme Court justice; providing standards and procedures for legislative repeal of a court rule; providing a minimum level of court funding; allowing legislative review of confidential files of the Judicial Qualifications Commission; providing for transition; and making other ancillary amendments, including, but not limited to, technical and conforming amendments.

BE IT FURTHER RESOLVED that the following statement be placed on the ballot if a court declares the preceding statements defective and the decision of the court is not reversed:

CONSTITUTIONAL AMENDMENT

ARTICLE V, SECTIONS 2, 3, 4, 7, 11, 12, 14, AND 21

STATE COURTS.—Proposing a revision to Article V of the State Constitution relating to the judiciary; changing the authority of the Legislature to repeal a court rule by 2/3 vote of the membership of each house to a simple majority of each house; limiting the Supreme Court's ability to readopt a rule repealed by the Legislature; replacing the current seven-member Supreme Court with two five-member divisions of the Supreme Court, one with civil jurisdiction and one with criminal jurisdiction; establishing a Chief Justice of the Supreme Court who shall serve as the chief administrative officer for the courts; establishing a chief justice for the civil division of the Supreme Court; establishing a chief justice for the criminal division of the Supreme Court; providing for the manner of selection and term for the chief justice of each division of the Supreme Court; changing the manner of designation and term of office of the Chief Justice of the Supreme Court; providing that a chief justice of a division of the Supreme Court is subject to a retention election and eligibility requirements as currently established in the State Constitution; providing for manner of replacement of a chief justice of a division; providing for apportionment of current justices among the civil and criminal divisions of the Supreme Court; changing the requirements for a quorum from four to three as being necessary for a decision; providing authority and circumstances where the divisions of the Supreme Court may meet en banc; providing jurisdiction for each division of the Supreme Court, including matters which will be exclusive to each division; clarifying the jurisdiction of the Supreme Court to hear appeals from certain district court of appeal decisions; providing that the Legislature may further define the split of jurisdiction between civil and criminal matters; providing that the Chief Justice of the Supreme Court decides jurisdiction should both divisions claim jurisdiction over the same case; removing references to clerks and marshals; requiring Senate confirmation before a justice may take office; providing that if the Senate does not act within 90 days the nominee is deemed confirmed as a justice; allowing the Senate to meet outside of regular session without having the House of Representatives convene at the same time; deleting outdated references; requiring the Judicial Qualifications Commission to provide the House of Representatives access to records; providing for confidentiality of records; requiring a minimum level of funding for the judicial system; providing for transition; requiring the current Supreme Court to list its members by seniority in office; providing that the three most senior justices be assigned to the criminal division and the remaining justices assigned to the criminal division; providing time limits for appointments by the Governor for the remaining seats; providing an exception to Senate confirmation for initial appointments; requiring the Governor to name the initial chief justice of each division; providing that the initial chief justice of the civil division be named the Chief Justice of the Supreme Court; requiring that existing cases be split between the divisions; providing that cases decided before the split into divisions are final and not subject to rehearing or recall of the mandate; providing for the terms of the initial chief justices of the divisions; providing for adoption of court rules; allowing the Legislature by general law to further provide for transition; providing that the transition schedules may be deleted by general law when they have become outdated.

—and **CS for HJR 7111** as amended passed by the required constitutional three-fifths vote of the membership, and was certified to the House. The vote on passage was:

MOTION

On motion by Senator Thrasher, by two-thirds vote **SB 22** was placed on the Special Order Calendar.

On motion by Senator Dean, by unanimous consent—

CS for CS for CS for SB 1698—A bill to be entitled An act relating to onsite sewage treatment and disposal systems; amending s. 381.0065, F.S.; deleting legislative intent; defining the term "bedroom"; providing for any permit issued and approved by the Department of Health for the installation, modification, or repair of an onsite sewage treatment and disposal system to transfer with the title of the property; providing circumstances in which an onsite sewage treatment and disposal system is not considered abandoned; providing for the validity of an onsite sewage treatment and disposal system permit if rules change before final approval of the constructed system; providing that a system modification, replacement, or upgrade is not required unless a bedroom is added to a single-family home; deleting provisions requiring the Department of Health to administer an evaluation and assessment program of onsite sewage treatment and disposal systems and requiring property owners to have such systems evaluated at least once every 5 years; creating s. 381.00651, F.S.; requiring a county or municipality to adopt by ordinance under certain circumstances the program for the periodic evaluation and assessment of onsite sewage treatment and disposal systems; requiring the county or municipality to notify the Secretary of State of the ordinance; authorizing a county or municipality, in specified circumstances, to opt out of certain requirements by a specified date; prohibiting a county having a first magnitude spring from opting out of the provisions of the act; authorizing a county or municipality to adopt or repeal, after a specified date, an ordinance creating an evaluation and assessment program; providing criteria for evaluations, qualified contractors, repair of systems, exemptions, and notifications; requiring that certain procedures be used for conducting tank and drainfield evaluations; providing for certain procedures in special circumstances; providing for assessment procedures; requiring the county or municipality to develop a system for tracking the evaluations; providing criteria; requiring counties and municipalities to notify the Secretary of Environmental Protection that an evaluation program ordinance is adopted; requiring the department to notify those counties or municipalities of the use of, and access to, certain state and federal program funds; requiring that the department provide certain guidance and technical assistance to a county or municipality upon request; repealing s. 381.00656, F.S., relating to a grant program for the repair of onsite sewage treatment disposal systems; amending s. 381.0066, F.S.; lowering the fees imposed by the department for evaluation reports; providing an effective date.

—was taken up out of order and read the second time by title.

Senator Dean moved the following amendment:

Amendment 1 (817346) (with title amendment)—Delete lines 336-344 and insert:

(1) Effective January 1, 2012, any county or municipality that has not adopted an onsite sewage treatment and disposal system evaluation and assessment program, or that does not opt out of this section, shall adopt by ordinance a local onsite sewage treatment and disposal system evaluation and assessment program within all or part of the geographic area within its jurisdiction which meets the requirements of this section. Any county or municipality that has adopted such a program before July 1, 2011, may continue to enforce its program and is not required to comply with the requirements of this section so long as its program remains in effect. Such ordinances in place before July 1, 2011, may not mandate an evaluation at the point of sale in a real estate transaction, and may not mandate failing systems be replaced with engineer-designed high-performance-based treatment systems. Any county or

And the title is amended as follows:

Between lines 25 and 26 insert: providing conditions;

MOTION

On motion by Senator Dean, by the required two-thirds vote, consideration of the following amendment was allowed:

Senator Dean moved the following amendment to **Amendment 1**:

Amendment 1A (863746)—Delete lines 15-19 and insert: *as its program remains in effect. Any county or*

On motion by Senator Dean, further consideration of **CS for CS for CS for SB 1698** with pending **Amendment 1 (817346)** and **Amendment 1A (863746)** was deferred.

CLAIM BILL CALENDAR

On motion by Senator Hill, by unanimous consent—

SB 22—A bill to be entitled An act for the relief of the Estate of Cesar Solomon by the Jacksonville Transportation Authority; providing for an appropriation to compensate the Estate of Cesar Solomon for Mr. Solomon's death, which was the result of negligence by a bus driver of the Jacksonville Transportation Authority; providing a limitation on the payment of fees and costs; providing an effective date.

—was taken up out of order and read the second time by title.

Pending further consideration of **SB 22**, on motion by Senator Hill, by two-thirds vote **HB 629** was withdrawn from the Special Master on Claim Bills; and the Committee on Rules.

On motion by Senator Hill, by two-thirds vote—

HB 629—A bill to be entitled An act for the relief of the Estate of Cesar Solomon by the Jacksonville Transportation Authority; providing for an appropriation to compensate the Estate of Cesar Solomon for Mr. Solomon's death, which was the result of negligence by a bus driver of the Jacksonville Transportation Authority; providing a limitation on the payment of fees and costs; providing an effective date.

—a companion measure, was substituted for **SB 22** and by two-thirds vote read the second time by title.

SPECIAL ORDER CALENDAR

On motion by Senator Bogdanoff, by unanimous consent—

SB 1398—A bill to be entitled An act relating to the judiciary; repealing s. 25.051, F.S., relating to regular terms of the Supreme Court; repealing s. 25.281, F.S., relating to compensation of the marshal; repealing s. 26.011, F.S., relating to census commissions for the judicial circuits; repealing s. 26.21, F.S., relating to terms of the circuit courts; repealing s. 26.22, F.S., relating to terms of the First Judicial Circuit; repealing s. 26.23, F.S., relating to terms of the Second Judicial Circuit; repealing s. 26.24, F.S., relating to terms of the Third Judicial Circuit; repealing s. 26.25, F.S., relating to terms of the Fourth Judicial Circuit; repealing s. 26.26, F.S., relating to terms of the Fifth Judicial Circuit; repealing s. 26.27, F.S., relating to terms of the Sixth Judicial Circuit; repealing s. 26.28, F.S., relating to terms of the Seventh Judicial Circuit; repealing s. 26.29, F.S., relating to terms of the Eighth Judicial Circuit; repealing s. 26.30, F.S., relating to terms of the Ninth Judicial Circuit; repealing s. 26.31, F.S., relating to terms of the Tenth Judicial Circuit; repealing s. 26.32, F.S., relating to terms of the Eleventh Judicial Circuit; repealing s. 26.33, F.S., relating to terms of the Twelfth Judicial Circuit; repealing s. 26.34, F.S., relating to terms of the Thirteenth Judicial Circuit; repealing s. 26.35, F.S., relating to terms of the Fourteenth Judicial Circuit; repealing s. 26.36, F.S., relating to terms of the Fifteenth Judicial Circuit; repealing s. 26.361, F.S., relating to terms of the Sixteenth Judicial Circuit; repealing s. 26.362, F.S., relating to terms of the Seventeenth Judicial Circuit; repealing s. 26.363, F.S., relating to terms of the Eighteenth Judicial Circuit; repealing s. 26.364, F.S., relating to terms of the Nineteenth Judicial Circuit; repealing s. 26.365, F.S., relating to terms of the Twentieth Judicial Circuit; repealing s. 26.37, F.S., relating to requiring a judge to attend the first day of each term of the circuit court; repealing s. 26.38, F.S., relating to requiring a judge to state a reason for nonattendance; repealing s. 26.39, F.S., relating to penalty for nonattendance of judge; repealing s. 26.40, F.S., relating to adjournment of the circuit court upon nonattendance of the judge; repealing s. 26.42, F.S., relating to calling all cases on the docket at the end of each term; repealing s. 26.49, F.S., relating to the sheriff as the executive officer of the circuit court; repealing s. 28.08, F.S., relating to the place of residence of the clerk of the circuit court or a deputy; repealing s. 35.10, F.S., relating to regular terms of the district courts of appeal; repealing s. 35.27, F.S., relating to compensation of the marshal; repealing s. 744.103, F.S., relating to guardians of incapacitated world war veterans; providing an effective date.

—was taken up out of order and read the second time by title.

The Committee on Judiciary recommended the following amendment which was moved by Senator Bogdanoff:

Amendment 1 (387558) (with title amendment)—Delete everything after the enacting clause and insert:

Section 1. *Sections 25.051, 26.21, 26.22, 26.23, 26.24, 26.25, 26.26, 26.27, 26.28, 26.29, 26.30, 26.31, 26.32, 26.33, 26.34, 26.35, 26.36, 26.361, 26.362, 26.363, 26.364, 26.365, 26.37, 26.38, 26.39, 26.40, 26.42, 35.10, 35.11, 907.05, and 907.055, Florida Statutes, are repealed.*

Section 2. Section 26.46, Florida Statutes, is amended to read:

26.46 Jurisdiction of resident judge after assignment.—When a circuit judge is assigned to another circuit, none of the circuit judges in such other circuit shall, because of such assignment, be deprived of or affected in his or her jurisdiction other than to the extent essential so as not to conflict with the authority of the temporarily assigned circuit judge as to the particular case or cases or class of cases~~, or in presiding at the particular term or part of term named or specified in the assignment~~.

Section 3. Section 27.04, Florida Statutes, is amended to read:

27.04 Summoning and examining witnesses for state.—The state attorney shall have summoned all witnesses required on behalf of the state; and he or she is allowed the process of his or her court to summon witnesses from throughout the state to appear before the state attorney ~~in or out of term time~~ at such convenient places in the state attorney's judicial circuit and at such convenient times as may be designated in the summons, to testify before him or her as to any violation of the law upon which they may be interrogated, and he or she is empowered to administer oaths to all witnesses summoned to testify by the process of his or her court or who may voluntarily appear before the state attorney to testify as to any violation or violations of the law.

Section 4. Section 30.12, Florida Statutes, is amended to read:

30.12 Power to appoint sheriff.—Whenever any sheriff in the state shall fail to attend, in person or by deputy, ~~any term of~~ the circuit court or county court of the county, from sickness, death, or other cause, the judge attending said court may appoint *an interim* ~~a~~ sheriff, who shall assume all the responsibilities, perform all the duties, and receive the same compensation as if he or she had been duly appointed sheriff~~,~~ for *only the* ~~said~~ term of *nonattendance* ~~court~~ and no longer.

Section 5. Paragraph (c) of subsection (1) of section 30.15, Florida Statutes, is amended to read:

30.15 Powers, duties, and obligations.—

(1) Sheriffs, in their respective counties, in person or by deputy, shall:

(c) Attend all *sessions* ~~terms~~ of the circuit court and county court held in their counties.

Section 6. Subsection (2) of section 34.13, Florida Statutes, is amended to read:

34.13 Method of prosecution.—

(2) Upon the finding of indictments by the grand jury for crimes cognizable by the county court, the clerk of the court, without any order therefor, shall docket the same on the trial docket of the county court ~~on or before the first day of its next succeeding term~~.

Section 7. Subsection (2) of section 35.05, Florida Statutes, is amended to read:

35.05 Headquarters.—

(2) A district court of appeal may designate other locations within its district as branch headquarters for the conduct of the business of the court ~~in special or regular term~~ and as the official headquarters of its officers or employees pursuant to s. 112.061.

Section 8. Section 38.23, Florida Statutes, is amended to read:

38.23 *Contempt* ~~Contempts~~ defined.—A refusal to obey any legal order, mandate or decree, made or given by any judge ~~either in term time or in vacation~~ relative to any of the business of said court, after due notice thereof, shall be considered a contempt, and punished accordingly. ~~But nothing said or written, or published, in vacation, to or of any judge, or of any decision made by a judge, shall in any case be construed to be a contempt.~~

Section 9. Section 43.43, Florida Statutes, is created to read:

43.43 Terms of courts.—The Supreme Court may establish terms of court for the Supreme Court, the district courts of appeal, and the circuit courts; may provide that district courts and circuit courts may establish their own terms of court; or may dispense with terms of court.

Section 10. Section 43.44, Florida Statutes, is created to read:

43.44 Mandate of an appeals court.—An appellate court has the jurisdiction and power, as the circumstances and justice of the case may require, to reconsider, revise, reform, or modify its own judgments for the purpose of making the same accord with law and justice. Accordingly, an appellate court has the power to recall its own mandate for the purpose of enabling it to exercise such jurisdiction and power in a proper case. A mandate may not be recalled more than 120 days after it is filed with the lower tribunal.

Section 11. Paragraph (b) of subsection (1) of section 112.19, Florida Statutes, is amended to read:

112.19 Law enforcement, correctional, and correctional probation officers; death benefits.—

(1) Whenever used in this section, the term:

(b) "Law enforcement, correctional, or correctional probation officer" means any officer as defined in s. 943.10(14) or employee of the state or any political subdivision of the state, including any law enforcement officer, correctional officer, correctional probation officer, state attorney investigator, or public defender investigator, whose duties require such officer or employee to investigate, pursue, apprehend, arrest, transport, or maintain custody of persons who are charged with, suspected of committing, or convicted of a crime; and the term includes any member of a bomb disposal unit whose primary responsibility is the location, handling, and disposal of explosive devices. The term also includes any full-time officer or employee of the state or any political subdivision of the state, certified pursuant to chapter 943, whose duties require such officer to serve process or to attend *session* ~~terms~~ of *a* circuit or county court as bailiff.

Section 12. Subsection (2) of section 206.215, Florida Statutes, is amended to read:

206.215 Costs and expenses of proceedings.—

(2) The clerks of the courts performing duties under the provisions aforesaid shall receive the same fees as prescribed by the general law for the performance of similar duties, and witnesses attending any investigation pursuant to subpoena shall receive the same mileage and per diem as if attending as a witness before the circuit court ~~in term time~~.

Section 13. Subsection (4) of section 450.121, Florida Statutes, is amended to read:

450.121 Enforcement of Child Labor Law.—

(4) Grand juries shall have inquisitorial powers to investigate violations of this chapter; also, trial court judges shall specially charge the grand jury~~, at the beginning of each term of the court,~~ to investigate violations of this chapter.

Section 14. Section 831.10, Florida Statutes, is amended to read:

831.10 Second conviction of uttering forged bills.—Whoever, having been convicted of the offense mentioned in s. 831.09 is again convicted of the like offense committed after the former conviction~~, and whoever is at the same term of the court convicted upon three distinct charges of such offense,~~ shall be deemed a common utterer of counterfeit bills, and shall be punished as provided in s. 775.084.

Section 15. Section 831.17, Florida Statutes, is amended to read:

831.17 Violation of s. 831.16; second *or subsequent* conviction.—Whoever having been convicted of either of the offenses mentioned in s. 831.16, is again convicted of either of the same offenses, committed after the former conviction~~, and whoever is at the same term of the court convicted upon three distinct charges of said offenses,~~ commits a felony of the second degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

Section 16. Subsection (4) of section 877.08, Florida Statutes, is amended to read:

877.08 Coin-operated vending machines and parking meters; defined; prohibited acts, penalties.—

(4) Whoever violates ~~the provisions of~~ subsection (3) a second *or subsequent* time *commits*~~, and is convicted of such second separate offense, either at the same term or a subsequent term of court, shall be guilty of~~ a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

Section 17. Subsection (1) of section 902.19, Florida Statutes, is amended to read:

902.19 When prosecutor liable for costs.—

(1) When a person makes a complaint before a county court judge that a crime has been committed and is recognized by the county court judge to appear *before* ~~at the next term of~~ the court having jurisdiction to give evidence of the crime and fails to appear, the person shall be liable for all costs occasioned by his or her complaint, and the county court judge may *enter* ~~obtain~~ a judgment and execution for the costs as in other cases.

Section 18. Subsection (2) of section 903.32, Florida Statutes, is amended to read:

903.32 Defects in bond.—

(2) If no day, or an impossible day, is stated in a bond for the defendant's appearance before a trial court judge for a hearing *or trial*, the defendant shall be bound to appear 10 days after receipt of notice to appear by the defendant, the defendant's counsel, or any surety on the undertaking. ~~If no day, or an impossible day, is stated in a bond for the defendant's appearance for trial, the defendant shall be bound to appear on the first day of the next term of court that will commence more than 3 days after the undertaking is given.~~

Section 19. Section 905.01, Florida Statutes, is amended to read:

905.01 Number and procurement of grand jury; replacement of member*; term of grand jury*.—

(1) The grand jury shall consist of not fewer than 15 nor more than 21 persons. The provisions of law governing the qualifications, disqualifications, excusals, drawing, summoning, supplying deficiencies, compensation, and procurement of petit jurors apply to grand jurors. In addition, an elected public official is not eligible for service on a grand jury.

(2) The chief judge of any circuit court may provide for the replacement of any grand juror who, for good cause, is unable to complete the term of the grand jury. Such replacement shall be made by appropriate order of the chief judge from the list of prospective jurors from which the grand juror to be replaced was selected.

(3) The chief judge of *each* ~~any~~ circuit court *shall regularly order* ~~may dispense with~~ the convening of the grand jury *for a* ~~at any~~ term of *6 months* ~~court by filing a written order with the clerk of court directing that a grand jury not be summoned~~.

Section 20. Section 905.09, Florida Statutes, is amended to read:

905.09 Discharge and recall of grand jury.—A grand jury that has been dismissed may be recalled at any time during the ~~same~~ term of *the grand jury* ~~court~~.

Section 21. Section 905.095, Florida Statutes, is amended to read:

905.095 Extension of grand jury term.—Upon petition of the state attorney or the foreperson of the grand jury acting on behalf of a majority of the grand jurors, the circuit court may extend the term of a grand jury impaneled under this chapter beyond the term ~~of court~~ in which it was originally impaneled. A grand jury whose term has been extended as provided herein shall have the same composition and the same powers and duties it had during its original term. In the event the term of the grand jury is extended under this section, it shall be extended for a time certain, not to exceed a total of 90 days, and only for the purpose of concluding one or more specified investigative matters initiated during its original term.

Section 22. Section 914.03, Florida Statutes, is amended to read:

914.03 Attendance of witnesses.—A witness summoned by a grand jury ~~or in a criminal case~~ shall remain in attendance until excused by the *grand jury. A witness summoned in a criminal case shall remain in attendance until excused by the* court. A witness who departs without permission of the court shall be in criminal contempt of court. ~~A witness shall attend each succeeding term of court until the case is terminated.~~

Section 23. Subsection (2) of section 924.065, Florida Statutes, is amended to read:

924.065 Denial of motion for new trial or arrest of judgment; appeal bond; supersedeas.—

(2) An appeal shall not be a supersedeas to the execution of the judgment, sentence, or order until the appellant has entered into a bond with at least two sureties to secure the payment of the judgment, fine, and any future costs that may be adjudged by the appellate court. The bond shall be conditioned on the appellant's personally answering and abiding by the final order, sentence, or judgment of the appellate court and, if the action is remanded, on the appellant's appearing *before* ~~at the next term of~~ the court in which the case was originally determined and not departing without leave of court.

Section 24. Section 932.47, Florida Statutes, is amended to read:

932.47 Informations filed by prosecuting attorneys.—Informations may be filed by the prosecuting attorney of the circuit court with the clerk of the circuit court ~~in vacation or in term~~ without leave of the court first being obtained.

Section 25. *Eligibility criteria for government-funded pretrial release.—*

(1) It is the policy of this state that only defendants who are indigent and therefore qualify for representation by the public defender are eligible for government-funded pretrial release. Further, it is the policy of this state that, to the greatest extent possible, the resources of the private sector be used to assist in the pretrial release of defendants. It is the intent of the Legislature that this section not be interpreted to limit the discretion of courts with respect to ordering reasonable conditions for pretrial release for any defendant. However, it is the intent of the Legislature that government-funded pretrial release be ordered only as an alternative to release on a defendant's own recognizance or release by the posting of a surety bond.

(2) A pretrial release program established by an ordinance of the county commission, an administrative order of the court, or by any other means in order to assist in the release of defendants from pretrial custody is subject to the eligibility criteria set forth in this section. These eligibility criteria supersede and preempt all conflicting local ordinances, orders, or practices. Each pretrial release program shall certify annually, in writing, to the chief circuit court judge, that it has complied with the reporting requirements of s. 907.043(4), Florida Statutes.

(3) A defendant is eligible to receive government-funded pretrial release only by order of the court after the court finds in writing upon consideration of the defendant's affidavit of indigence that the defendant is indigent or partially indigent as set forth in Rule 3.111, Florida Rules of Criminal Procedure, and that the defendant has not previously failed to appear at any required court proceeding. A defendant may not receive a government-funded pretrial release if the defendant's income is above 300 percent of the then-current federal poverty guidelines prescribed for the size of the household of the defendant by the United States Department of Health and Human Services, unless the defendant is receiving Temporary Assistance for Needy Families-Cash Assistance, poverty-related veterans' benefits, Supplemental Security Income (SSI), food stamps, or Medicaid.

(4) If a defendant seeks to post a surety bond pursuant to a bond schedule established by administrative order as an alternative to government-funded pretrial release, the defendant shall be permitted to do so without any interference or restriction by a pretrial release program.

(5) This section does not prohibit the court from:

(a) Releasing a defendant on the defendant's own recognizance.

(b) Imposing upon the defendant any additional reasonable condition of release as part of release on the defendant's own recognizance or the posting of a surety bond upon a finding of need in the interest of public safety, including, but not limited to, electronic monitoring, drug testing, substance abuse treatment, or attending a batterers' intervention program.

(6) In lieu of using a government-funded program to ensure the court appearance of any defendant, a county may reimburse a licensed surety agent for the premium costs of a surety bail bond that secures the appearance of an indigent defendant at all court proceedings if the court establishes a bail bond amount for the indigent defendant.

(7) A defendant who is not otherwise eligible for government-funded pretrial release under subsection (3) is eligible for government-funded pretrial release 48 hours after the defendant's arrest.

(8) The income eligibility limitations applicable to government-funded pretrial release programs apply only to those counties with a population equal to or greater than 350,000 persons.

(9) This section does not prohibit a law enforcement officer or a code enforcement officer authorized under s. 162.23, Florida Statutes, from issuing a notice to appear in lieu of jail.

Section 26. *(1) Sections 1 through 24 of this act shall take effect January 1, 2012.*

(2) Section 25 of this act pertaining to government-funded pretrial release shall take effect October 1, 2011.

Section 27. Except as otherwise expressly provided in this act, this act shall take effect October 1, 2011.

And the title is amended as follows:

Delete everything before the enacting clause and insert: A bill to be entitled An act relating to the judiciary; repealing s. 25.051, F.S., relating to regular terms of the Supreme Court; repealing s. 26.21, F.S., relating to terms of the circuit courts; repealing s. 26.22, F.S., relating to terms of the First Judicial Circuit; repealing s. 26.23, F.S., relating to terms of the Second Judicial Circuit; repealing s. 26.24, F.S., relating to terms of the Third Judicial Circuit; repealing s. 26.25, F.S., relating to terms of the Fourth Judicial Circuit; repealing s. 26.26, F.S., relating to terms of the Fifth Judicial Circuit; repealing s. 26.27, F.S., relating to terms of the Sixth Judicial Circuit; repealing s. 26.28, F.S., relating to terms of the Seventh Judicial Circuit; repealing s. 26.29, F.S., relating to terms of the Eighth Judicial Circuit; repealing s. 26.30, F.S., relating to terms of the Ninth Judicial Circuit; repealing s. 26.31, F.S., relating to terms of the Tenth Judicial Circuit; repealing s. 26.32, F.S., relating to terms of the Eleventh Judicial Circuit; repealing s. 26.33, F.S., relating to terms of the Twelfth Judicial Circuit; repealing s. 26.34, F.S., relating to terms of the Thirteenth Judicial Circuit; repealing s. 26.35, F.S., relating to terms of the Fourteenth Judicial Circuit; repealing s. 26.36, F.S., relating to terms of the Fifteenth Judicial Circuit; repealing s. 26.361, F.S., relating to terms of the Sixteenth Judicial Circuit; repealing s. 26.362, F.S., relating to terms of the Seventeenth Judicial Circuit; repealing s. 26.363, F.S., relating to terms of the Eighteenth Judicial Circuit; repealing s. 26.364, F.S., relating to terms of the Nineteenth Judicial Circuit; repealing s. 26.365, F.S., relating to terms of the Twentieth Judicial Circuit; repealing s. 26.37, F.S., relating to requiring a judge to attend the first day of each term of the circuit court; repealing s. 26.38, F.S., relating to a requirement for a judge to state a reason for nonattendance; repealing s. 26.39, F.S., relating to penalty for nonattendance of judge; repealing s. 26.40, F.S., relating to adjournment of the circuit court upon nonattendance of the judge; repealing s. 26.42, F.S., relating to calling all cases on the docket at the end of each term; repealing s. 35.10, F.S., relating to regular terms of the district courts of appeal; repealing s. 35.11, F.S., relating to special terms of the district courts of appeal; repealing s. 907.05, F.S., relating to a requirement that criminal trials be heard in the term of court prior to civil cases; repealing s. 907.055, F.S., relating to a requirement that persons in custody be arraigned and tried in the term of court unless good cause is shown; amending ss. 26.46, 27.04, 30.12, 30.15, 34.13, 35.05, and 38.23, F.S.; conforming provisions to changes made by the act; creating s. 43.43, F.S.; allowing the Supreme Court to set terms of court for the Supreme Court, district courts of appeal, and circuit courts; creating s. 43.44, F.S.; providing that appellate courts may withdraw a mandate within 120 days after its issuance; amending ss. 112.19, 206.215, 450.121, 831.10, 831.17, 877.08, 902.19, 903.32, 905.01, 905.09, 905.095, 914.03, 924.065, and 932.47, F.S.; conforming provisions to changes made by the act; providing state policy and legislative intent; requiring each pretrial release program established by ordinance of a county commission, by administrative order of a court, or by any other means in order to assist in the release of a defendant from pretrial custody to conform to the eligibility criteria set forth in the act; preempting any conflicting local ordinances, orders, or practices; requiring that the defendant satisfy certain eligibility criteria in order to be assigned to a pretrial release program; providing that the act does not prohibit a court from releasing a defendant on the defendant's own recognizance or imposing any other reasonable condition of release on the defendant; authorizing a county to reimburse a licensed surety agent for the premium costs of a bail bond for the pretrial release of an indigent defendant under certain circumstances; providing that a defendant who is not otherwise eligible for government-funded pretrial release becomes eligible for government-

funded pretrial release 48 hours after the defendant's arrest; providing that the income eligibility limitations applicable to government-funded pretrial release programs apply only to certain specified counties; providing that the act does not prohibit a law enforcement officer or a code enforcement officer from issuing a notice to appear in certain conditions; providing effective dates.

MOTION

On motion by Senator Negron, by the required two-thirds vote, consideration of the following amendment was allowed:

Senator Negron moved the following amendment to **Amendment 1**:

Amendment 1A (278432) (with title amendment)—Delete lines 327-330 and insert:

Section 26. *Eyewitness identification.—*

(1) SHORT TITLE.—This section may be cited as the "Eyewitness Identification Reform Act."

(2) DEFINITIONS.—As used in this section, the term:

(a) "Eyewitness" means a person whose identification by sight of another person may be relevant in a criminal proceeding.

(b) "Filler" means a person or a photograph of a person who is not suspected of an offense but is included in a lineup.

(c) "Independent administrator" means a person who is not participating in the investigation of a criminal offense and is unaware of which person in the lineup is the suspect.

(d) "Lineup" means a photo lineup or live lineup.

(e) "Lineup administrator" means the person who conducts a lineup.

(f) "Live lineup" means a procedure in which a group of people is displayed to an eyewitness for the purpose of determining if the eyewitness is able to identify the perpetrator of a crime.

(g) "Photo lineup" means a procedure in which an array of photographs is displayed to an eyewitness for the purpose of determining if the eyewitness is able to identify the perpetrator of a crime.

(3) EYEWITNESS IDENTIFICATION PROCEDURES.—Lineups conducted in this state by state, county, municipal, and other law enforcement agencies must meet all of the following requirements:

(a) A lineup must be conducted by an independent administrator. In lieu of using an independent administrator, a photo lineup eyewitness identification procedure may be conducted using an alternative method specified and approved by the Criminal Justice Standards and Training Commission. Any alternative method must be carefully structured to achieve neutral administration and to prevent the administrator from knowing which photograph is being presented to the eyewitness during the identification procedure. Alternative methods may include any of the following:

1. Automated computer programs that can automatically administer the photo lineup directly to an eyewitness and prevent the lineup administrator from seeing which photo the witness is viewing until after the procedure is completed.

2. A procedure in which photographs are placed in folders, randomly numbered, and shuffled and then presented to an eyewitness such that the administrator cannot see or track which photograph is being presented to the witness until after the procedure is completed.

3. Any other procedure that achieves neutral administration and prevents the administrator from knowing which photograph is being presented to the eyewitness during the identification procedure.

(b) Before a lineup, the eyewitness shall be instructed that:

1. The perpetrator might or might not be in the lineup;

2. The lineup administrator does not know the suspect's identity, except that this instruction need not be given when a specified and approved alternative method of neutral administration is utilized;

3. The eyewitness should not feel compelled to make an identification;

4. It is as important to exclude innocent persons as it is to identify the perpetrator; and

5. The investigation will continue with or without an identification.

The eyewitness shall acknowledge, in writing, having received a copy of the lineup instructions. If the eyewitness refuses to sign a document acknowledging receipt of the instructions, the lineup administrator shall document the refusal of the eyewitness to sign the writing and then sign the acknowledgement himself or herself.

(4) REMEDIES.—All of the following remedies are available as consequence of a person not complying with the requirements of this section:

(a)1. A failure on the part of a person to comply with any requirement of this section shall be considered by the court when adjudicating motions to suppress eyewitness identification.

2. A failure on the part of a person to comply with any requirement of this section is admissible in support of claims of eyewitness misidentification, as long as such evidence is otherwise admissible.

(b) When evidence of compliance or noncompliance with the requirements of this section has been presented at trial, the jury shall be instructed that it may consider credible evidence of compliance or noncompliance to determine the reliability of eyewitness identifications.

(5) EDUCATION AND TRAINING.—The Criminal Justice Standards and Training Commission, in consultation with the Department of Law Enforcement, shall create educational materials and conduct training programs on how to conduct lineups in compliance with this section.

Section 27. *(1) Sections 1 through 24 of this act shall take effect January 1, 2012.*

(2) Sections 25 and 26 of this act shall take effect October 1, 2011.

And the title is amended as follows:

Delete line 414 and insert: certain conditions; providing a short title; defining terms; requiring state, county, municipal, and other law enforcement agencies that conduct lineups to follow certain specified procedures; requiring the eyewitness to sign an acknowledgement that he or she received the instructions about the lineup procedures from the law enforcement agency; specifying remedies for failing to adhere to the eyewitness identification procedures; requiring the Criminal Justice Standards and Training Commission to create educational materials and conduct training programs on how to conduct lineups in compliance with the act; providing effective dates.

POINT OF ORDER

Senator Oelrich raised a point of order that pursuant to Rule 7.1 **Amendment 1A (278432)** was not germane to the bill.

The President referred the point of order and the amendment to Senator Thrasher, Chair of the Committee on Rules.

RULING ON POINT OF ORDER

On recommendation of Senator Thrasher, Chair of the Committee on Rules, President Haridopolos ruled the point not well taken. **Amendment 1A (278432)** was adopted.

Senator Bogdanoff moved the following amendment to **Amendment 1** which was adopted:

Amendment 1B (535750) (with title amendment)—Delete lines 255-326.

And the title is amended as follows:

Delete lines 392-414 and insert: providing effective dates.

Amendment 1 as amended was adopted.

On motion by Senator Bogdanoff, by two-thirds vote **SB 1398** as amended was read the third time by title, passed, ordered engrossed and then certified to the House. The vote on passage was:

MOTION

On motion by Senator Thrasher, the rules were waived and time of recess was extended until completion of **CS for CS for CS for SB 1698**.

The Senate resumed consideration of—

CS for CS for CS for SB 1698—A bill to be entitled An act relating to onsite sewage treatment and disposal systems; amending s. 381.0065, F.S.; deleting legislative intent; defining the term "bedroom"; providing for any permit issued and approved by the Department of Health for the installation, modification, or repair of an onsite sewage treatment and disposal system to transfer with the title of the property; providing circumstances in which an onsite sewage treatment and disposal system is not considered abandoned; providing for the validity of an onsite sewage treatment and disposal system permit if rules change before final approval of the constructed system; providing that a system modification, replacement, or upgrade is not required unless a bedroom is added to a single-family home; deleting provisions requiring the Department of Health to administer an evaluation and assessment program of onsite sewage treatment and disposal systems and requiring property owners to have such systems evaluated at least once every 5 years; creating s. 381.00651, F.S.; requiring a county or municipality to adopt by ordinance under certain circumstances the program for the periodic evaluation and assessment of onsite sewage treatment and disposal systems; requiring the county or municipality to notify the Secretary of State of the ordinance; authorizing a county or municipality, in specified circumstances, to opt out of certain requirements by a specified date; prohibiting a county having a first magnitude spring from opting out of the provisions of the act; authorizing a county or municipality to adopt or repeal, after a specified date, an ordinance creating an evaluation and assessment program; providing criteria for evaluations, qualified contractors, repair of systems, exemptions, and notifications; requiring that certain procedures be used for conducting tank and drainfield evaluations; providing for certain procedures in special circumstances; providing for assessment procedures; requiring the county or municipality to develop a system for tracking the evaluations; providing criteria; requiring counties and municipalities to notify the Secretary of Environmental Protection that an evaluation program ordinance is adopted; requiring the department to notify those counties or municipalities of the use of, and access to, certain state and federal program funds; requiring that the department provide certain guidance and technical assistance to a county or municipality upon request; repealing s. 381.00656, F.S., relating to a grant program for the repair of onsite sewage treatment disposal systems; amending s. 381.0066, F.S.; lowering the fees imposed by the department for evaluation reports; providing an effective date.

—which was previously considered this day with pending **Amendment 1 (817346)** by Senator Dean and **Amendment 1A (863746)** by Senator Dean.

On motion by Senator Dean, further consideration of **CS for CS for CS for SB 1698** with pending **Amendment 1 (817346)** and **Amendment 1A (863746)** was deferred.

MOTIONS

On motion by Senator Thrasher, by two-thirds vote all bills remaining on the Special Order Calendar this day were placed on the Special Order Calendar for Friday, May 6.

On motion by Senator Thrasher, a deadline of 8:00 a.m. Friday, May 6, was set for filing amendments to Bills on Third Reading and the bills added to the Special Order Calendar to be considered that day.

MESSAGES FROM THE GOVERNOR AND OTHER EXECUTIVE COMMUNICATIONS

The Governor advised that he had filed with the Secretary of State CS for SB 400, CS for SB 782, SB 1204, and CS for SB 1970 which he approved on May 5, 2011.

EXECUTIVE APPOINTMENTS SUBJECT TO CONFIRMATION BY THE SENATE:

The Secretary of State has certified that pursuant to the provisions of section 114.05, Florida Statutes, certificates subject to confirmation by the Senate have been prepared for the following:

Office and Appointment	*For Term Ending*
Board of Trustees, Florida Gulf Coast University	
Appointee: Hart, Larry D., Ft. Myers	01/06/2016

Referred to the Rules Subcommittee on Ethics and Elections.

MESSAGES FROM THE HOUSE OF REPRESENTATIVES

FIRST READING

The Honorable Mike Haridopolos, President

I am directed to inform the Senate that the House of Representatives has passed CS for CS for HB 137, CS for HB 391, CS for CS for HB 493, HB 501, HB 629, CS for HB 1085, HB 7159; has passed as amended CS for CS for CS for HB 907; has passed by the required constitutional three-fifths vote of the membership CS for HJR 1471; has passed by the required constitutional two-thirds vote of the members present CS for HB 7223; has adopted HM 557 and requests the concurrence of the Senate.

Robert L. "Bob" Ward, Clerk

By Higher Education Appropriations Subcommittee, Health & Human Services Access Subcommittee and Representative(s) Renuart—

CS for CS for HB 137—A bill to be entitled An act relating to the Prostate Cancer Awareness Program; amending s. 381.911, F.S.; deleting the funding qualification for the Prostate Cancer Awareness Program; revising the structure and objectives of the Prostate Cancer Awareness Program; authorizing the University of Florida Prostate Disease Center, in collaboration with other organizations and institutions, to increase community education and public awareness of prostate cancer; requiring the University of Florida Prostate Disease Center to establish a prostate cancer advisory council to replace the existing advisory committee; providing for membership and duties of the advisory council; requiring an annual report to the Governor, Legislature, and State Surgeon General; requiring the University of Florida Prostate Disease Center (UFPDC) and the UFPDC Prostate Cancer Advisory

Council to be funded within existing resources of the university; providing an effective date.

—was referred to the Committees on Health Regulation; Budget Subcommittee on Higher Education Appropriations; and Budget.

By Civil Justice Subcommittee and Representative(s) Metz, Weinstein—

CS for HB 391—A bill to be entitled An act relating to expert testimony; amending s. 90.702, F.S.; providing that a witness qualified as an expert by knowledge, skill, experience, training, or education may testify in the form of an opinion as to the facts at issue in a case under certain circumstances; requiring the courts of this state to interpret and apply the principles of expert testimony in conformity with specified United States Supreme Court decisions; amending s. 90.704, F.S.; providing that facts or data that are otherwise inadmissible in evidence may not be disclosed to the jury by the proponent of the opinion or inference unless the court determines that the probative value of the facts or data in assisting the jury to evaluate the expert's opinion substantially outweighs the prejudicial effect of the facts or data; providing an effective date.

—was referred to the Committee on Judiciary.

By Economic Affairs Committee, Finance & Tax Committee and Representative(s) Brodeur, Patronis, Abruzzo, Burgin, Corcoran, Ford, Fresen, Gaetz, Ingram, Julien, Tobia—

CS for CS for HB 493—A bill to be entitled An act relating to the tax on sales, use, and other transactions; amending s. 125.0104, F.S.; providing definitions relating to the tourist development tax; providing separate statement of tax requirements; providing construction; amending s. 125.0108, F.S.; providing definitions relating to the tourist impact tax; providing separate statement of tax requirements; providing construction; amending s. 212.03, F.S.; providing definitions relating to the transient rentals tax; revising requirements for charging, collecting, and remitting the tax; providing requirements for separate statement of the tax on rental documents; amending s. 212.0305, F.S.; providing definitions relating to the convention development tax; revising requirements for charging, collecting, and remitting the tax; providing requirements for separate statement of the tax on rental documents; amending s. 213.30, F.S.; authorizing the Department of Revenue to compensate county governments for providing certain information to the department; specifying a payment amount; amending ss. 1 and 3, ch. 67-930, Laws of Florida, as amended; providing definitions relating to a municipal resort tax; providing separate statement of tax requirements; providing construction; providing an effective date.

—was referred to the Committees on Community Affairs; Budget Subcommittee on Finance and Tax; and Budget.

By Representative(s) Baxley, Albritton, Brodeur, Broxson, Corcoran, Costello, Drake, Plakon, Porter, Smith, Van Zant, Weatherford—

HB 501—A bill to be entitled An act relating to Choose Life license plates; amending s. 320.08058, F.S.; providing for the annual use fees to be distributed to Choose Life, Inc., rather than the counties; providing for Choose Life, Inc., to redistribute a portion of such funds to nongovernmental, not-for-profit agencies that assist certain pregnant women; authorizing Choose Life, Inc., to use a portion of the funds to administer and promote the Choose Life license plate program; providing an effective date.

—was referred to the Committees on Transportation; Community Affairs; and Budget.

By Representative(s) McBurney—

HB 629—A bill to be entitled An act for the relief of the Estate of Cesar Solomon by the Jacksonville Transportation Authority; providing for an appropriation to compensate the Estate of Cesar Solomon for Mr. Solomon's death, which was the result of negligence by a bus driver of the Jacksonville Transportation Authority; providing a limitation on the payment of fees and costs; providing an effective date.

—was referred to the Special Master on Claim Bills; and the Committee on Rules.

By Health & Human Services Quality Subcommittee and Representative(s) Plakon, Dorworth, Gaetz, Randolph, Renuart—

CS for HB 1085—A bill to be entitled An act relating to women's health; creating s. 381.9315, F.S.; creating the "Kelly Smith Gynecologic and Ovarian Cancer Education and Awareness Act"; requiring the Department of Health to disseminate and display information about gynecologic cancers; requiring the department to encourage women to discuss risks of gynecologic cancers with their health care providers; requiring the State Surgeon General to post a link to gynecologic cancer information on the Centers for Disease Control and Prevention's Internet website; encouraging the department to seek any available funds to promote gynecologic cancer awareness; encouraging the department to collaborate with other entities to create a systematic approach to increasing public awareness regarding gynecologic cancers; amending s. 1004.435, F.S.; increasing the membership of the Florida Cancer Control and Research Advisory Council; providing an effective date.

—was referred to the Committee on Health Regulation; and Budget.

By Government Operations Subcommittee and Representative(s) Patronis—

HB 7159—A bill to be entitled An act relating to a review under the Open Government Sunset Review Act; amending s. 112.3215, F.S., which provides an exemption from public records and public meetings requirements for certain audits and investigations conducted by the Commission on Ethics; reorganizing the exemptions; making editorial changes; removing the scheduled repeal of the exemptions; providing an effective date.

—was referred to the Committee on Rules Subcommittee on Ethics and Elections; Rules; and Governmental Oversight and Accountability.

By Economic Affairs Committee, Civil Justice Subcommittee, Finance & Tax Committee and Representative(s) Wood—

CS for CS for CS for HB 907—A bill to be entitled An act relating to the transfer of tax liability; amending s. 213.758, F.S.; providing definitions; revising provisions relating to tax liability when a person transfers or quits a business; providing that the transfer of the assets of a business or stock of goods of a business under certain circumstances is considered a transfer of the business; requiring the Department of Revenue to provide certain notification to a business before a circuit court shall temporarily enjoin business activity by that business; providing that transferees of the business are liable for certain taxes unless specified conditions are met; requiring the department to conduct certain audits relating to the tax liability of transferors and transferees of a business within a specified time period; requiring certain notification by the Department of Revenue to a transferee before a circuit court shall enjoin business activity in an action brought by the Department of Legal Affairs seeking an injunction; specifying a transferor and transferee of the assets of a business are jointly and severally liable for certain tax payments up to a specified maximum amount; specifying the maximum liability of a transferee; providing methods for calculating the fair market value or total purchase price of specified business transfers to determine maximum tax liability of transferees; excluding certain transferees from tax liability when the transfer consists only of specified assets; amending s. 213.053, F.S.; authorizing the Department of Revenue to provide certain tax information to a transferee against whom tax liability is being asserted pursuant to s. 213.758, F.S.; repealing s. 202.31, F.S., relating to the tax liability and criminal liability of dealers of communications services who make certain transfers related to a communications services business; repealing s. 212.10, F.S., relating to a dealer's tax liability and criminal liability for sales tax when certain transfers of a business occur; providing an effective date.

—was referred to the Committees on Commerce and Tourism; and Judiciary.

By Judiciary Committee and Representative(s) Plakon, Precourt, Adkins, Ahern, Baxley, Bileca, Coley, Corcoran, Costello, Drake, Ford, Gaetz, Metz, Perry, Renuart, Tobia, Van Zant, Weatherford—

CS for HJR 1471—A joint resolution proposing an amendment to Section 3 of Article I of the State Constitution to eradicate remnants of anti-religious bigotry from the State Constitution and to end exclusionary funding practices that discriminate on the basis of religious belief or identity.

—was referred to the Committee on Judiciary; Children, Families, and Elder Affairs; Education Pre-K - 12; and Budget.

By State Affairs Committee, Government Operations Subcommittee and Representative(s) Patronis—

CS for HB 7223—A bill to be entitled An act relating to a review under the Open Government Sunset Review Act; amending s. 119.071, F.S., which provides an exemption from public records requirements for bids, proposals, or replies submitted to an agency in response to a competitive solicitation; expanding the public records exemption by extending the duration of the exemption; providing a definition; reorganizing the exemption; providing for future repeal and legislative review of the exemption under the Open Government Sunset Review Act; amending s. 286.0113, F.S., which provides an exemption from public meetings requirements for meetings at which a negotiation with a vendor is conducted and which provides an exemption from public records requirements for recordings of exempt meetings; expanding the public meetings exemption to include meetings at which a negotiation with a vendor is conducted pursuant to a competitive solicitation, at which a vendor makes an oral presentation as part of a competitive solicitation, at which a vendor answers questions as part of a competitive solicitation, and at which team members discuss negotiation strategies; expanding the public records exemption to include any records presented at an exempt meeting; providing definitions; reorganizing the exemption; providing for future repeal and legislative review of the public meetings and public records exemptions under the Open Government Sunset Review Act; providing a statement of public necessity; providing an effective date.

—was referred to the Committee on Governmental Oversight and Accountability; and Budget.

By Representative(s) Coley, Adkins, Baxley, Boyd, Brandes, Burgin, Caldwell, Campbell, Corcoran, Costello, Ford, Fresen, Gaetz, Gonzalez, Harrell, Hooper, Julien, Kreegel, Logan, Mayfield, McBurney, Metz, Moraitis, Perry, Pilon, Plakon, Porter, Smith, Stargel, Steube, Wood—

HM 557—A memorial to the Congress of the United States, urging Congress to propose to the states for ratification an amendment to the United States Constitution relating to parental rights.

—was referred to the Committees on Judiciary; Children, Families, and Elder Affairs; and Governmental Oversight and Accountability.

RETURNING MESSAGES — FINAL ACTION

The Honorable Mike Haridopolos, President

I am directed to inform the Senate that the House of Representatives has concurred in Senate Amendment 1 and passed as amended; concurred in Senate Amendments 1, 2, and 3 and passed CS for CS for CS for HB 993 and HB 7239 as amended; concurred in Senate Amendment 1 and passed CS for CS for HB 1355 as amended; concurred in Senate Amendment 1 and passed CS for HB 7151 as amended; and concurred in Senate Amendment 1 and passed CS for HB 7185 as amended.

Robert L. "Bob" Ward, Clerk

ENROLLING REPORTS

CS for SB 844 has been enrolled, signed by the required Constitutional Officers and presented to the Governor on May 5, 2011.

R. Philip Twogood, Secretary

CORRECTION AND APPROVAL OF JOURNAL

The Journal of May 4 was corrected and approved.

Fasano	Negron	
Flores	Norman	

Excused: Senator Bullard

PRAYER

The following prayer was offered by Rev. Canon Ted J. Monica, Rector, Holy Comforter Episcopal Church, Tallahassee:

Lord our God, I ask you to send your holy spirit to be here among the Senators of the great State of Florida. Fill this chamber with your light and your power. Remind us that we have been entrusted to protect and care for the present, and to build the future of this state. Give us courage in doing that which is right and good. Give us gentleness, understanding and patience when working with those who disagree with us. And in all things, Lord God, help us to strive for justice.

Lord God, bless the great State of Florida, and all those who live therein. Amen.

PLEDGE

Senate Pages Mary Katherine Fechtel of Leesburg; Wallace "Wally" Martin of Arcadia; Bryce Sellers of Pace; and Michael Robinson of Tallahassee, led the Senate in the pledge of allegiance to the flag of the United States of America.

DOCTOR OF THE DAY

The President recognized Dr. John C. Kagan of Fort Myers, sponsored by Senator Benacquisto, as doctor of the day. Dr. Kagan specializes in Orthopedic Surgery.

ADOPTION OF RESOLUTIONS

On motion by Senator Hays—

By Senator Hays—

SR 2228—A resolution recognizing the members of the For Inspiration and Recognition of Science and Technology (FIRST) Lego League Team 4129, the Hammerheads, for their outstanding achievement at the 2011 World Festival.

WHEREAS, For Inspiration and Recognition of Science and Technology (FIRST) provides an inspirational learning experience that celebrates engineering, science, and technology, and allows participants to develop personal and technical skills that will lead them to future success in related fields, and

WHEREAS, on February 27, 2011, FIRST Lego League (FLL) Team 4129, known as the Hammerheads, competed in the 9- to 14-year-old age group FLL Florida championship tournament at the Florida Institute of Technology in Melbourne, and

WHEREAS, FLL Team 4129, the Hammerheads, placed first in the state tournament and went on to represent Florida at the 2011 World Festival in St. Louis, Missouri, and

WHEREAS, from April 27-30, 2011, FLL Team 4129, the Hammerheads, competed against 80 teams representing 25 countries in three areas: robot, research, and core values, and

WHEREAS, FLL Team 4129, the Hammerheads, placed first in the robot category and third in the all-around, the only team from the United States to place, and

WHEREAS, the members of FLL Team 4129, the Hammerheads, are homeschooled students Brock Bogeajis, Cole Morris, Braden Verkaik, and Garrett Verkaik, all of Eustis, and Jonah Locke, Ashley White, and Jacob White, all of Umatilla, and Eustis High School student Parker Verkaik, and

WHEREAS, the members of FLL Team 4129, the Hammerheads, brought honor and distinction to this state as one of the top-three teams worldwide, NOW, THEREFORE,

Be It Resolved by the Senate of the State of Florida:

That the members of the For Inspiration and Recognition of Science and Technology (FIRST) Lego League Team 4129, the Hammerheads, are recognized for their outstanding achievement at the 2011 World Festival.

—was introduced out of order and read by title. On motion by Senator Hays, **SR 2228** was read the second time in full and adopted.

SENATOR BENNETT PRESIDING

SPECIAL PERFORMANCE

Senator Hays recognized an outstanding group of students from district 20: Parker Verkaik, Braden Verkaik, Garrett Verkaik, Brock Bogenajis, Cole Morris, Ashley White, Jacob White, and Jonah Locke. These students represented the state of Florida at the World Festival Robotics Competition in St. Louis, MO.

Their team, "the Hammerheads," placed first in the Robot component of the competition and third in the overall championship. They were the only US team to place in this worldwide competition. They designed their own robot out of Legos and programmed it to do certain missions. A demonstration of these maneuvers was provided in the chamber.

The students competed against other students in their age group (9-14 years old) with over 25 countries and 80 teams represented. The program FIRST (For Inspiration and Recognition of Science and Technology) teaches gracious professionalism and coined the term "coopertition" which also teaches "what we learn is more important than what we win," a very important life skill.

SPECIAL GUESTS

Senator Hays recognized Lieutenant Governor Jennifer Carroll who was present in the chamber.

THE PRESIDENT PRESIDING

On motion by Senator Sachs—

By Senators Sachs, Haridopolos, Altman, Benacquisto, Bennett, Bogdanoff, Braynon, Dean, Detert, Diaz de la Portilla, Dockery, Evers, Fasano, Flores, Gaetz, Garcia, Gardiner, Hays, Hill, Jones, Joyner, Latvala, Lynn, Margolis, Montford, Negron, Norman, Oelrich, Rich, Richter, Ring, Simmons, Siplin, Sobel, Storms, Thrasher, and Wise—

SR 2190—A resolution recognizing October 2011 as "Breast Cancer Awareness Month" in Florida.

WHEREAS, with the exception of skin cancer, breast cancer is the most frequently diagnosed cancer in women and is the second leading cause of cancer death in women, and

WHEREAS, Florida ranks third in the nation in both the number of new breast cancer cases per year, more than 14,000, and the number of related deaths, estimated at 2,650 in 2010, and

WHEREAS, a woman living in Florida has a one-in-eight chance of developing breast cancer, and

WHEREAS, since 1990, female breast cancer deaths have steadily decreased, largely due to progress in early detection and improved treatment, with mammography remaining the single most effective method of early detection, identifying cancer several years before physical symptoms develop, and

WHEREAS, early detection, through routine clinical exams and mammography screening beginning at age 40 in compliance with the American Cancer Society recommended guidelines, is the key to detecting breast cancer early, when treatment is most successful, and

WHEREAS, the 5-year survival rate for breast cancer when it is found in its earliest stages is 98 percent; however, that rate drops to 23 percent if the cancer is detected later, in a stage of metastases, and

WHEREAS, breast cancer awareness events and programs, such as the American Cancer Society's "Making Strides Against Breast Cancer" events and its "Reach to Recovery" program are essential in promoting an understanding of the risks associated with breast cancer and encouraging women to take preventive steps to minimize those risks and to undergo early detection procedures, and

WHEREAS, support for the Mary Brogan Breast and Cervical Cancer Early Detection Program will promote early breast cancer detection through regular screening, NOW, THEREFORE,

Be It Resolved by the Senate of the State of Florida:

That October 2011 is recognized as "Breast Cancer Awareness Month" in Florida.

—was introduced out of order and read by title. On motion by Senator Sachs, **SR 2190** was read the second time in full and adopted.

At the request of Senator Flores—

By Senator Flores—

SR 2202—A resolution recognizing the week of May 8-14, 2011, as "Food Allergy Awareness Week" in Florida.

WHEREAS, 12 million Americans have food allergies, including 3 million children under 18 years of age, and

WHEREAS, research shows that the prevalence of food allergies is increasing among children, and

WHEREAS, eight foods cause 90 percent of all food-related allergic reactions in the United States, with symptoms including hives, vomiting, diarrhea, respiratory distress, and swelling of the throat, and

WHEREAS, nationwide, food-related allergic reactions cause as many as 125,000 visits to the emergency room each year and often occur when an individual unknowingly eats a food containing an ingredient to which he or she is allergic, and

WHEREAS, the most serious allergic reaction is anaphylaxis, which is rapid in onset and may cause death, NOW, THEREFORE,

Be It Resolved by the Senate of the State of Florida:

That May 8-14, 2011, is recognized as "Food Allergy Awareness Week" in Florida and all residents of this state are encouraged to become involved in efforts to raise the awareness of restaurateurs and the public at large of the dangers associated with food-related allergic reactions.

—**SR 2202** was introduced, read and adopted by publication.

At the request of Senator Flores—

By Senator Flores—

SR 2218—A resolution recognizing the "Difference Makers in Education" for their support of the Council for Educational Change's statewide educational programs.

WHEREAS, the Council for Educational Change is a Florida-based, 501(c)(3) not-for-profit organization, with 9 years of service to the educational community which has impacted the lives of more than 1.2 million students, and

WHEREAS, Council for Educational Change programs are leading the way to improvements in education by preparing and empowering school leaders, developing business and educational partnerships, and applying research to address critical issues in education, and

WHEREAS, were it not for the generous support of Difference Makers in Education, the Council for Educational Change would not be able to sustain its programs, which include Partnership to Advance School Success (PASS), Executive PASS, the Florida Leadership Academy, and Teacher Development and Retention programs, and

WHEREAS, these Difference Makers in Education are: E. Pace Barnes, Richard and Billy Birnie, the Irving and Joan M. Bolotin Fund, Joan and Vincent Carosella, Tom Cerra, Mel and Iris Chasen, Richard and Mary Dalton, Paula and Joel Friedland, Barbara Havenick, Edward

and Carole Iwanicki, Norman Jaffe, Evelyn A. Lunsford, Gene Marshall, Leonard Miller, Linda Potash, Richard Baron and Associates, P.A., the Robert and Mary Graham Family Fund, the Silbiger Family Foundation, and Stanley G. Tate, NOW, THEREFORE,

Be It Resolved by the Senate of the State of Florida:

That these "Difference Makers in Education" are recognized for their support of the statewide educational programs of the Council for Educational Change.

—**SR 2218** was introduced, read and adopted by publication.

BILLS ON THIRD READING

Consideration of **CS for CS for SB 818**, **CS for CS for HB 1255**, **SB 788**, **HB 7101**, **CS for SB 1246**, **CS for HB 7107**, **CS for HB 7109**, **CS for CS for SB 1122**, and **CS for CS for CS for HB 883** was deferred.

CS for HJR 1471—A joint resolution proposing an amendment to Section 3 of Article I of the State Constitution to eradicate remnants of anti-religious bigotry from the State Constitution and to end exclusionary funding practices that discriminate on the basis of religious belief or identity.

WHEREAS, Floridians highly value tolerance and liberty in all forms, and

WHEREAS, Floridians strongly support the right of each person to practice religion according to the dictates of his or her own conscience, and

WHEREAS, Florida is a religiously diverse state with over a quarter of its population identifying as Roman Catholic and with the largest Jewish population in the Southern United States, and

WHEREAS, the public policy of the State of Florida is to support the protection and advancement of religious liberty, and

WHEREAS, Florida's Blaine Amendment language, the last sentence of Article I, Section 3, of the current State Constitution, was originally adopted in 1885 following a failed attempt to adopt similar language in the United States Constitution, and

WHEREAS, Florida's Blaine Amendment language was borne in an atmosphere of, and exists as a result of, anti-Catholic bigotry and animus, and

WHEREAS, the genesis of Florida's Blaine Amendment language reflects an attempt to stifle and disrupt the constitutional rights and development of the emerging Catholic minority community in America, and

WHEREAS, the Constitutional Convention that adopted the Constitution of 1885 created a more religiously and racially discriminatory document than its predecessor, with the first inclusion of the Blaine Amendment language alongside the racist separate-but-equal doctrine, and

WHEREAS, the racist separate-but-equal doctrine has been duly abolished and all vestiges thereof rightfully removed from the State Constitution, and the people of Florida should now be given the opportunity to remove the discriminatory Blaine Amendment language, a lasting stain upon the state's history that stands in opposition to the people's will and counter to our time-honored traditions of religious liberty and freedom, and

WHEREAS, religiously affiliated hospitals, schools, adoption agencies, and other benevolent institutions have been of longstanding service to the people of Florida and have provided numerous services to those in need, and

WHEREAS, until 2004, no Florida court had ever applied the State Constitution in a reported case in a manner more restrictive of the use of state funds than have federal courts applying the Establishment Clause of the First Amendment to the United States Constitution, and

WHEREAS, Florida's Blaine Amendment is currently being enforced against religious groups and organizations of all denominations, stifling their development and inhibiting the free exercise of religious liberty, and

WHEREAS, courts have prohibited religiously affiliated schools from participating in state-funded education programs and religious organizations from participating in state-funded services to incarcerated persons, and

WHEREAS, such application of the Blaine Amendment language jeopardizes the participation of religiously affiliated hospitals and other benevolent institutions in Medicaid and other public programs, and

WHEREAS, those institutionalized in hospitals and prisons are among those most in need of spiritual nurture and encouragement as well as being often dependent on state-subsidized human services, and

WHEREAS, the enforcement of the Blaine Amendment language, barring religious organizations access to state funding and state-funded business on an equal basis with nonreligious organizations, violates the founding principles of the United States and this state as contained in the Declaration of Independence and the Preamble to the State Constitution, and

WHEREAS, the Establishment Clause of the First Amendment to the United States Constitution does not require any such absolute restrictions on the use of public funds, and

WHEREAS, the Establishment Clause permits the use of public funds in religious hospitals, schools, and other benevolent institutions, and

WHEREAS, the Establishment Clause and the religion clauses of the State Constitution, other than the Blaine Amendment, are intended to protect the religious liberties and sentiments of Floridians without inhibiting the free exercise of religion, and

WHEREAS, their religious convictions motivate some Floridians to establish religiously affiliated schools, hospitals, adoption agencies, and other benevolent institutions that provide valuable services to society and to receive or utilize such valuable services from these benevolent providers, which could be subsidized by the state through public programs, and

WHEREAS, it is not necessary to prohibit all economic relations with religious organizations and providers in order to prevent an establishment of religion that would infringe on the religious liberties of Floridians, and

WHEREAS, in 2000, a plurality of the United States Supreme Court acknowledged that this "doctrine, born of bigotry, should be buried now," and

WHEREAS, it is necessary to amend the State Constitution to correct the aforementioned disconnect between the true sentiments and principles of Floridians and the discriminatory origins, intentions, and present application of the Blaine Amendment, in furtherance of a deeply rooted commitment to freedom and liberty, where rights and restrictions ought to be based on the merits of one's words and actions rather than on religious affiliation or identity, NOW, THEREFORE,

Be It Resolved by the Legislature of the State of Florida:

That the following amendment to Section 3 of Article I of the State Constitution is agreed to and shall be submitted to the electors of this state for approval or rejection at the next general election or at an earlier special election specifically authorized by law for that purpose:

ARTICLE I

DECLARATION OF RIGHTS

SECTION 3. Religious freedom.—There shall be no law respecting the establishment of religion or prohibiting or penalizing the free exercise thereof. Religious freedom shall not justify practices inconsistent with public morals, peace, or safety. *Except to the extent required by the First Amendment to the United States Constitution, neither the government nor any agent of the government may deny to any individual or entity the benefits of any program, funding, or other support on the basis*

of religious identity or belief. ~~No revenue of the state or any political subdivision or agency thereof shall ever be taken from the public treasury directly or indirectly in aid of any church, sect, or religious denomination or in aid of any sectarian institution.~~

BE IT FURTHER RESOLVED that the following statement be placed on the ballot:

CONSTITUTIONAL AMENDMENT

ARTICLE I, SECTION 3

RELIGIOUS FREEDOM.—Proposing an amendment to the State Constitution to provide, consistent with the United States Constitution, that no individual or entity may be denied, on the basis of religious identity or belief, governmental benefits, funding, or other support and to delete the prohibition against using revenues from the public treasury directly or indirectly in aid of any church, sect, or religious denomination or in aid of any sectarian institution.

CS for HB 7107—A bill to be entitled An act relating to Medicaid managed care; creating pt. IV of ch. 409, F.S., entitled "Medicaid Managed Care"; creating s. 409.961, F.S.; providing for statutory construction; providing applicability of specified provisions throughout the part; providing rulemaking authority for specified agencies; creating s. 409.962, F.S.; providing definitions; creating s. 409.963, F.S.; designating the Agency for Health Care Administration as the single state agency to administer the Medicaid program; providing for specified agency responsibilities; requiring client consent for release of medical records; creating s. 409.964, F.S.; establishing the Medicaid program as the statewide, integrated managed care program for all covered services; authorizing the agency to apply for and implement waivers; providing for public notice and comment; creating s. 409.965, F.S.; providing for mandatory enrollment; providing for exemptions; creating s. 409.966, F.S.; providing requirements for eligible plans that provide services in the Medicaid managed care program; establishing provider service network requirements for eligible plans; providing for eligible plan selection; requiring the agency to use an invitation to negotiate; requiring the agency to compile and publish certain information; establishing eight regions for separate procurement of plans; providing quality criteria for plan selection; providing limitations on serving recipients during the pendency of procurement litigation; creating s. 409.967, F.S.; providing for managed care plan accountability; establishing contract terms; providing for contract extension under certain circumstances; establishing payments to noncontract providers; establishing requirements for access; requiring plans to establish and maintain an electronic database; establishing requirements for the database; requiring plans to provide encounter data; requiring the agency to maintain an encounter data system; requiring the agency to establish performance standards for plans; providing program integrity requirements; establishing a grievance resolution process; providing penalties for early termination of contracts or reduction in enrollment levels; establishing prompt payment requirements; requiring plans to accept electronic claims; requiring fair payment to providers with a controlling interest in a provider service network by other plans; requiring the agency and prepaid plans to use a uniform method for certain financial reports; providing income-sharing ratios; providing a timeframe for a plan to pay an additional rebate under certain circumstances; requiring the agency to return prepaid plan overpayments; creating s. 409.968, F.S.; establishing managed care plan payments; providing payment requirements for provider service networks; requiring the agency to conduct annual cost reconciliations to determine certain cost savings and report the results of the reconciliations to the fee-for-service provider; providing a timeframe for the provider service to respond to the report; creating s. 409.969, F.S.; requiring enrollment in managed care plans by all nonexempt Medicaid recipients; creating requirements for plan selection by recipients; providing for choice counseling; establishing choice counseling vendor requirements; authorizing disenrollment under certain circumstances; defining the term "good cause" for purposes of disenrollment; providing time limits on an internal grievance process; providing requirements for agency determination regarding disenrollment; requiring recipients to stay in plans for a specified time; creating s. 409.97, F.S.; authorizing the agency to accept the transfer of certain revenues from local governments; requiring the agency to contract with a representative of certain entities participating in the low-income pool for the provision of enhanced access to care; providing for support of these activities by the low-income pool as authorized in the General Appropriations Act; establishing the Access to Care Partnership; requiring the agency to seek necessary waivers and plan amendments; providing requirements for prepaid plans to submit data; authorizing the agency to implement a tiered hospital rate system; creating s. 409.971, F.S.; creating the managed medical assistance program; providing deadlines to begin and finalize implementation of the program; creating s. 409.972, F.S.; providing eligibility requirements for mandatory and voluntary enrollment; creating s. 409.973, F.S.; establishing minimum benefits for managed care plans to cover; authorizing plans to customize benefit packages; requiring plans to establish a program to encourage healthy behaviors; requiring plans to establish a primary care initiative; providing requirements for primary care initiatives; requiring plans to report certain primary care data to the agency; creating s. 409.974, F.S.; establishing a deadline for issuing invitations to negotiate; establishing a specified number or range of eligible plans to be selected in each region; establishing quality selection criteria; establishing requirements for participation by specialty plans; establishing the Children's Medical Service Network as an eligible plan; creating s. 409.975, F.S.; providing for managed care plan accountability; authorizing plans to limit providers in networks; requiring plans to include essential Medicaid providers in their networks unless an alternative arrangement is approved by the agency; identifying statewide essential providers; specifying provider payments under certain circumstances; requiring plans to include certain statewide essential providers in their networks; requiring good faith negotiations; specifying provider payments under certain circumstances; allowing plans to exclude essential providers under certain circumstances; requiring plans to offer a contract to home medical equipment and supply providers under certain circumstances; establishing the Florida medical school quality network; requiring the agency to contract with a representative of certain entities to establish a clinical outcome improvement program in all plans; providing for support of these activities by certain expenditures and federal matching funds; requiring the agency to seek necessary waivers and plan amendments; providing for eligibility for the quality network; requiring plans to monitor the quality and performance history of providers; establishing the MomCare network; requiring the agency to contract with a representative of all Healthy Start Coalitions to provide certain services to recipients; providing for support of these activities by certain expenditures and federal matching funds; requiring plans to enter into agreements with local Healthy Start Coalitions for certain purposes; requiring specified programs and procedures be established by plans; establishing a screening standard for the Early and Periodic Screening, Diagnosis, and Treatment Service; requiring managed care

plans and hospitals to negotiate rates, methods, and terms of payment; providing a limit on payments to hospitals; establishing plan requirements for medically needy recipients; creating s. 409.976, F.S.; providing for managed care plan payment; requiring the agency to establish payment rates for statewide inpatient psychiatric programs; requiring payments to managed care plans to be reconciled to reimburse actual payments to statewide inpatient psychiatric programs; creating s. 409.977, F.S.; establishing choice counseling requirements; providing for automatic enrollment in a managed care plan for certain recipients; establishing opt-out opportunities for recipients; creating s. 409.978, F.S.; requiring the agency to be responsible for administering the long-term care managed care program; providing implementation dates for the long-term care managed care program; providing duties of the Department of Elderly Affairs relating to assisting the agency in implementing the program; creating s. 409.979, F.S.; providing eligibility requirements for the long-term care managed care program; creating s. 409.98, F.S.; establishing the benefits covered under a managed care plan participating in the long-term care managed care program; creating s. 409.981, F.S.; providing criteria for eligible plans; designating regions for plan implementation throughout the state; providing criteria for the selection of plans to participate in the long-term care managed care program; providing that participation by the Program of All-Inclusive Care for the Elderly is pursuant to an agency contract; creating s. 409.982, F.S.; requiring the agency to establish uniform accounting and reporting methods for plans; providing for mandatory participation in plans by certain service providers; authorizing the exclusion of certain providers from plans for failure to meet quality or performance criteria; requiring plans to monitor participating providers using specified criteria; requiring certain providers to be included in plan networks; providing provider payment specifications for nursing homes and hospices; creating s. 409.983, F.S.; providing for negotiation of rates between the agency and the plans participating in the long-term care managed care program; providing specific criteria for calculating and adjusting plan payments; allowing the CARES program to assign plan enrollees to a level of care; providing incentives for adjustments of payment rates; requiring the agency to establish nursing facility-specific and hospice services payment rates; creating s. 409.984, F.S.; providing that before contracting with another vendor, the agency shall offer to contract with the aging resource centers to provide choice counseling for the long-term care managed care program; providing criteria for automatic assignments of plan enrollees who fail to choose a plan; providing for hospice selection within a specified timeframe; providing for a choice of residential setting under certain circumstances; creating s. 409.9841, F.S.; creating the long-term care managed care technical advisory workgroup; providing duties; providing membership; providing for reimbursement for per diem and travel expenses; providing for repeal by a specified date; creating s. 409.985, F.S.; providing that the agency shall operate the Comprehensive Assessment and Review for Long-Term Care Services program through an interagency agreement with the Department of Elderly Affairs; providing duties of the program; defining the term "nursing facility care"; creating s. 409.986, F.S.; providing authority and agency duties regarding long-term care programs for persons with developmental disabilities; authorizing the agency to delegate specific duties to and collaborate with the Agency for Persons with Disabilities; requiring the agency to make payments for long-term care for persons with developmental disabilities under certain conditions; creating s. 409.987, F.S.; providing eligibility requirements for long-term care plans; creating s. 409.988, F.S.; specifying covered benefits for long-term care plans; creating s. 409.989, F.S.; establishing criteria for eligible plans; specifying minimum and maximum number of plans and selection criteria; authorizing participation by the Children's Medical Services Network in long-term care plans under certain conditions; creating s. 409.99, F.S.; providing requirements for managed care plan accountability; specifying limitations on providers in plan networks; providing for evaluation and payment of network providers; requiring managed care plans to establish family advisory committees and offer consumer-directed care services; creating s. 409.991, F.S.; providing for payment of managed care plans; providing duties for the Agency for Persons with Disabilities to assign plan enrollees into a payment-rate level of care; establishing level-of-care criteria; providing payment requirements for intensive behavior residential habilitation providers and intermediate care facilities for the developmentally disabled; creating s. 409.992, F.S.; providing requirements for enrollment and choice counseling; specifying enrollment exceptions for certain Medicaid recipients; providing an effective date.

—as amended May 5 was read the third time by title.

authorizing the commission to form subcommittees by vote; providing for a majority vote of members on commission actions; providing for reimbursement for per diem and travel expenses; revising provisions relating to the commission's powers and duties; requiring that the commission, in

cooperation with interested state agencies, local governments, and nongovernmental stakeholders, develop a strategic plan and submit the plan to the Governor and the Legislature by a specified date; requiring that the commission also submit progress reports by specified dates; requiring that the commission make presentations to the Governor and the Legislature; providing that an executive director be appointed by the Secretary of Community Affairs and ratified by the commission; requiring that the Department of Community Affairs provide a specific line item in its annual legislative budget request to fund the commission during a specified period; authorizing the department to obtain additional funding through external grants; requiring that the department provide sufficient funding and staff support to assist the commission in its duties; providing for future expiration and the abolishment of the commission; creating s. 163.3248, F.S.; providing for the designation of rural land stewardship areas; providing purposes and requirements for the establishment of such areas; providing for the creation of rural land stewardship overlay zoning district and transferable rural land use credits; providing certain limitations relating to such credits; providing for incentives; providing legislative intent; amending s. 163.32465, F.S.; revising legislative findings related to local government comprehensive planning; revising the process for amending a comprehensive plan; making the expedited review process applicable statewide and removing its status as a pilot program; revising the process and requirements for expedited review of plan amendments; amending s. 186.504, F.S.; revising membership requirements of regional planning councils; amending s. 367.021, F.S.; providing definitions for the terms "large landowner" and "need"; amending s. 380.06, F.S.; revising exemptions; revising provisions to conform to changes made by this act; repealing rules 9J-5 and 9J-11.023, Florida Administrative Code, relating to minimum criteria for review of local government comprehensive plans and plan amendments, evaluation and appraisal reports, land development regulations, and determinations of compliance; amending s. 380.0685, F.S.; revising the uses of the park admission surcharge; amending ss. 70.51, 163.06, 163.2517, 163.3217, 163.3220, 163.3221, 163.3229, 163.360, 163.516, 171.203, 186.513, 186.515, 189.415, 190.004, 190.005, 193.501, 287.042, 288.063, 288.975, 290.0475, 311.07, 331.319, 339.155, 339.2819, 369.303, 369.321, 378.021, 380.031, 380.061, 380.065, 380.115, 403.50665, 420.9071, 403.973, 420.5095, 420.615, 420.9071, 420.9076, 720.403, 1013.30, and 1013.33, F.S.; making conforming changes; repealing administrative rules; expanding a permit extension; providing a finding of important state interest; requiring the state land planning agency to review certain administrative and judicial proceedings; providing procedures for such review; affirming statutory construction with respect to other legislation passed at the same session; providing a directive of the Division of Statutory Revision; providing effective dates.

—as amended May 5 was read the third time by title.

Pending further consideration of **CS for CS for SB 1122** as amended, on motion by Senator Bennett, by two-thirds vote **CS for HB 7129** was withdrawn from the Committees on Community Affairs; Environmental Preservation and Conservation; and Budget.

On motion by Senator Bennett, by two-thirds vote—

CS for HB 7129—A bill to be entitled An act relating to growth management; amending s. 163.3161, F.S.; redesignating the "Local Government Comprehensive Planning and Land Development Regulation Act" as the "Community Planning Act"; revising and providing intent and purpose of act; amending s. 163.3164, F.S.; revising definitions; amending s. 163.3167, F.S.; revising scope of the act; revising and providing duties of local governments and municipalities relating to comprehensive plans; deleting retroactive effect; creating s. 163.3168, F.S.; encouraging local governments to apply for certain innovative planning tools; authorizing the state land planning agency and other appropriate state and regional agencies to use direct and indirect technical assistance; amending s. 163.3171, F.S.; providing legislative intent; amending s. 163.3174, F.S.; deleting certain notice requirements relating to the establishment of local planning agencies by a governing body; amending s. 163.3175, F.S.; providing that certain comments, underlying studies, and reports provided by a military installation's commanding officer are not binding on local governments; providing additional factors for local government consideration in impacts to military installations; clarifying requirements for adopting criteria to address compatibility of lands relating to military installations; amending s. 163.3177, F.S.; revising and providing duties of local governments; revising and providing required and optional elements of comprehensive plans; revising requirements of schedules of capital improvements; revising and providing provisions relating to capital improvements elements; revising major objectives of, and procedures relating to, the local comprehensive planning process; revising and providing required and optional elements of future land use plans; providing required transportation elements; revising and providing required conservation elements; revising and providing required housing elements; revising and providing required coastal management elements; revising and providing required intergovernmental coordination elements; amending s. 163.31777, F.S.; revising requirements relating to public schools' interlocal agreements; deleting duties of the Office of Educational Facilities, the state land planning agency, and local governments relating to such agreements; deleting an exemption; amending s. 163.3178, F.S.; deleting a deadline for local governments to amend coastal management elements and future land use maps; amending s. 163.3180, F.S.; revising and providing provisions relating to concurrency; revising concurrency requirements; revising application and findings; revising local government requirements; revising and providing requirements relating to transportation concurrency, transportation concurrency exception areas, urban infill, urban redevelopment, urban service, downtown revitalization areas, transportation concurrency management areas, long-term transportation and school concurrency management systems, development of regional impact, school concurrency, service areas, financial feasibility, interlocal agreements, and multimodal transportation districts; revising duties of the Office of Program Policy Analysis and the state land planning agency; providing requirements for local plans; providing for the limiting the liability of local governments under certain conditions; amending s. 163.3182, F.S.; revising definitions; revising provisions relating to transportation deficiency plans and projects; amending s. 163.3184, F.S.; providing a definition; providing requirements for comprehensive plans and plan amendments; providing a expedited state review process for adoption of comprehensive plan amendments; providing requirements for the adoption of comprehensive plan amendments; creating the state-coordinated review process; providing and revising provisions relating to the review process; revising requirements relating to local government transmittal of proposed plan or amendments; providing for comment by reviewing agencies; deleting provisions relating to regional, county, and municipal review; revising provisions relating to state land planning agency review; revising provisions relating to local government review of comments; deleting and revising provisions relating to notice of intent and processes for compliance and noncompliance; providing procedures for administrative challenges to plans and plan amendments; providing for compliance agreements; providing for mediation and expeditious resolution; revising powers and duties of the administration commission; revising provisions relating to areas of critical state concern; providing for concurrent zoning; amending s. 163.3187, F.S.; deleting provisions relating to the amendment of adopted comprehensive plan and providing the process for adoption of small-scale comprehensive plan amendments; repealing s. 163.3189, F.S., relating to process for amendment of adopted comprehensive plan; amending s. 163.3191, F.S., relating to the evaluation and appraisal of comprehensive plans; providing and revising local government requirements including notice, amendments, compliance, mediation, reports, and scoping meetings; amending s. 163.3229, F.S.; revising limitations on duration of development agreements; amending s. 163.3235, F.S.; revising requirements for periodic reviews of a development agreements; amending s. 163.3239, F.S.; revising recording requirements; amending s. 163.3243, F.S.; revising parties who may file an action for injunctive relief; amending s. 163.3245, F.S.; revising provisions relating to optional sector plans; authorizing the adoption of sector plans under certain circumstances; amending s. 163.3246, F.S.; revising provisions relating to the local government comprehensive planning certification program; conforming provisions to changes made by the act; deleting reporting requirements of the Office of Program Policy Analysis and Government Accountability; repealing s. 163.32465, F.S., relating to state review of local comprehensive plans in urban areas; amending s. 163.3247, F.S.; providing for future repeal and abolition of the Century Commission for a Sustainable Florida; creating s. 163.3248, F.S.; providing for the designation of rural land stewardship areas; providing purposes and requirements for the establishment of such areas; providing for the creation of rural land stewardship overlay zoning district and transferable rural land use credits; providing certain limitation relating to such credits; providing for incentives; providing eligibility for incentives; providing legislative intent; amending s. 380.06, F.S.; revising requirements relating to the issuance of permits for development by local governments; revising criteria for the determination of substantial deviation; providing for extension of certain expiration dates; revising exemptions governing developments of regional impact; revising provisions to conform to changes

made by this act; amending s. 380.0651, F.S.; revising provisions relating to statewide guidelines and standards for certain multiscreen movie theaters, industrial plants, industrial parks, distribution, warehousing and wholesaling facilities, and hotels and motels; revising criteria for the determination of when to treat two or more developments as a single development; amending s. 331.303, F.S.; conforming a cross-reference; amending s. 380.115, F.S.; subjecting certain developments required to undergo development-of-regional-impact review to certain procedures; amending s. 380.065, F.S.; deleting certain reporting requirements; conforming provisions to changes made by the act; amending s. 380.0685, F.S., relating to use of surcharges for beach renourishment and restoration; repealing Rules 9J-5 and 9J-11.023, Florida Administrative Code, relating to minimum criteria for review of local government comprehensive plans and plan amendments, evaluation and appraisal reports, land development regulations, and determinations of compliance; amending ss. 70.51, 163.06, 163.2517, 163.3162, 163.3217, 163.3220, 163.3221, 163.3229, 163.360, 163.516, 171.203, 186.513, 189.415, 190.004, 190.005, 193.501, 287.042, 288.063, 288.975, 290.0475, 311.07, 331.319, 339.155, 339.2819, 369.303, 369.321, 378.021, 380.115, 380.031, 380.061, 403.50665, 403.973, 420.5095, 420.615, 420.5095, 420.9071, 420.9076, 720.403, 1013.30, 1013.33, and 1013.35, F.S.; revising provisions to conform to changes made by this act; extending permits and other authorizations extended under s. 14, ch. 2009-96, Laws of Florida; extending certain previously granted buildout dates; requiring a permitholder to notify the authorizing agency of its intended use of the extension; exempting certain permits from eligibility for an extension; providing for applicability of rules governing permits; declaring that certain provisions do not impair the authority of counties and municipalities under certain circumstances; requiring the state land planning agency to review certain administrative and judicial proceedings; providing procedures for such review; providing that all local governments shall be governed by certain provisions of general law; providing a directive of the Division of Statutory Revision; providing an effective date.

—a companion measure, was substituted for **CS for CS for SB 1122** as amended and by two-thirds vote read the second time by title.

Senator Bennett moved the following amendment:

Amendment 1 (195750) (with title amendment)—Delete everything after the enacting clause and insert:

Section 1. Subsection (26) of section 70.51, Florida Statutes, is amended to read:

70.51 Land use and environmental dispute resolution.—

(26) A special magistrate's recommendation under this section constitutes data in support of, and a support document for, a comprehensive plan or comprehensive plan amendment, but is not, in and of itself, dispositive of a determination of compliance with chapter 163. ~~Any comprehensive plan amendment necessary to carry out the approved recommendation of a special magistrate under this section is exempt from the twice-a-year limit on plan amendments and may be adopted by the local government amendments in s. 163.3184(16)(d).~~

Section 2. Paragraphs (h) through (l) of subsection (3) of section 163.06, Florida Statutes, are redesignated as paragraphs (g) through (k), respectively, and present paragraph (g) of that subsection is amended to read:

163.06 Miami River Commission.—

(3) The policy committee shall have the following powers and duties:

~~(g) Coordinate a joint planning area agreement between the Department of Community Affairs, the city, and the county under the provisions of s. 163.3177(11)(a), (b), and (c).~~

Section 3. Subsection (4) of section 163.2517, Florida Statutes, is amended to read:

163.2517 Designation of urban infill and redevelopment area.—

(4) In order for a local government to designate an urban infill and redevelopment area, it must amend its comprehensive land use plan under s. 163.3187 to delineate the boundaries of the urban infill and redevelopment area within the future land use element of its comprehensive plan pursuant to its adopted urban infill and redevelopment plan. The state land planning agency shall review the boundary delineation of the urban infill and redevelopment area in the future land use element under s. 163.3184. However, an urban infill and redevelopment plan adopted by a local government is not subject to review for compliance as defined by s. 163.3184(1)(b), and the local government is not required to adopt the plan as a comprehensive plan amendment. ~~An amendment to the local comprehensive plan to designate an urban infill and redevelopment area is exempt from the twice-a-year amendment limitation of s. 163.3187.~~

Section 4. Section 163.3161, Florida Statutes, is amended to read:

163.3161 Short title; intent and purpose.—

(1) This part shall be known and may be cited as the "*Community* ~~Local Government Comprehensive~~ Planning ~~and Land Development Regulation~~ Act."

(2) ~~In conformity with, and in furtherance of, the purpose of the Florida Environmental Land and Water Management Act of 1972, chapter 380,~~ It is the purpose of this act to utilize and strengthen the existing role, processes, and powers of local governments in the establishment and implementation of comprehensive planning programs to guide and *manage* ~~control~~ future development *consistent with the proper role of local government*.

(3) *It is the intent of this act to focus the state role in managing growth under this act to protecting the functions of important state resources and facilities.*

(4) It is the intent of this act that *the ability of* ~~its adoption is necessary so that~~ local governments *to* ~~can~~ preserve and enhance present advantages; encourage the most appropriate use of land, water, and resources, consistent with the public interest; overcome present handicaps; and deal effectively with future problems that may result from the use and development of land within their jurisdictions. Through the process of comprehensive planning, it is intended that units of local government can preserve, promote, protect, and improve the public health, safety, comfort, good order, appearance, convenience, law enforcement and fire prevention, and general welfare; ~~prevent the overcrowding of land and avoid undue concentration of population;~~ facilitate the adequate and efficient provision of transportation, water, sewerage, schools, parks, recreational facilities, housing, and other requirements and services; and conserve, develop, utilize, and protect natural resources within their jurisdictions.

(5)~~(4)~~ It is the intent of this act to encourage and *ensure* ~~assure~~ cooperation between and among municipalities and counties and to encourage and assure coordination of planning and development activities of units of local government with the planning activities of regional agencies and state government in accord with applicable provisions of law.

(6)~~(5)~~ It is the intent of this act that adopted comprehensive plans shall have the legal status set out in this act and that no public or private development shall be permitted except in conformity with comprehensive plans, or elements or portions thereof, prepared and adopted in conformity with this act.

(7)~~(6)~~ It is the intent of this act that the activities of units of local government in the preparation and adoption of comprehensive plans, or elements or portions therefor, shall be conducted in conformity with ~~the provisions of~~ this act.

(8)~~(7)~~ The provisions of this act in their interpretation and application are declared to be the minimum requirements necessary to accomplish the stated intent, purposes, and objectives of this act; to protect human, environmental, social, and economic resources; and to maintain, through orderly growth and development, the character and stability of present and future land use and development in this state.

(9)~~(8)~~ It is the intent of the Legislature that the repeal of ss. 163.160 through 163.315 by s. 19 of chapter 85-55, Laws of Florida, *and amendments to this part by this chapter law,* ~~shall~~ not be interpreted to limit or restrict the powers of municipal or county officials, but ~~shall~~ be interpreted as a recognition of their broad statutory and constitutional powers to plan for and regulate the use of land. It is, further, the intent

of the Legislature to reconfirm that ss. *163.3161-163.3248* ~~163.3161 through 163.3215~~ have provided and do provide the necessary statutory direction and basis for municipal and county officials to carry out their comprehensive planning and land development regulation powers, duties, and responsibilities.

(10)~~(9)~~ It is the intent of the Legislature that all governmental entities in this state recognize and respect judicially acknowledged or constitutionally protected private property rights. It is the intent of the Legislature that all rules, ordinances, regulations, *comprehensive plans and amendments thereto,* and programs adopted under the authority of this act must be developed, promulgated, implemented, and applied with sensitivity for private property rights and not be unduly restrictive, and property owners must be free from actions by others which would harm their property *or which would constitute an inordinate burden on property rights as those terms are defined in s. 70.001(3)(e) and (f)*. Full and just compensation or other appropriate relief must be provided to any property owner for a governmental action that is determined to be an invalid exercise of the police power which constitutes a taking, as provided by law. Any such relief must *ultimately* be determined in a judicial action.

(11) It is the intent of this part that the traditional economic base of this state, agriculture, tourism, and military presence, be recognized and protected. Further, it is the intent of this part to encourage economic diversification, workforce development, and community planning.

(12) It is the intent of this part that new statutory requirements created by the Legislature will not require a local government whose plan has been found to be in compliance with this part to adopt amendments implementing the new statutory requirements until the evaluation and appraisal period provided in s. 163.3191, unless otherwise specified in law. However, any new amendments must comply with the requirements of this part.

Section 5. Subsections (2) through (5) of section 163.3162, Florida Statutes, are renumbered as subsections (1) through (4), respectively, and present subsections (1) and (5) of that section are amended to read:

163.3162 Agricultural Lands and Practices ~~Act~~.—

~~(1) SHORT TITLE.—This section may be cited as the "Agricultural Lands and Practices Act."~~

(4)~~(5)~~ AMENDMENT TO LOCAL GOVERNMENT COMPREHENSIVE PLAN.—The owner of a parcel of land defined as an agricultural enclave under s. 163.3164~~(33)~~ may apply for an amendment to the local government comprehensive plan pursuant to s. *163.3184* ~~163.3187~~. Such amendment is presumed *not* to be *urban sprawl as defined in s. 163.3164 if it includes* ~~consistent with rule 9J-5.006(5), Florida Administrative Code, and may include~~ land uses and intensities of use that are consistent with the uses and intensities of use of the industrial, commercial, or residential areas that surround the parcel. This presumption may be rebutted by clear and convincing evidence. Each application for a comprehensive plan amendment under this subsection for a parcel larger than 640 acres must include appropriate new urbanism concepts such as clustering, mixed-use development, the creation of rural village and city centers, and the transfer of development rights in order to discourage urban sprawl while protecting landowner rights.

(a) The local government and the owner of a parcel of land that is the subject of an application for an amendment shall have 180 days following the date that the local government receives a complete application to negotiate in good faith to reach consensus on the land uses and intensities of use that are consistent with the uses and intensities of use of the industrial, commercial, or residential areas that surround the parcel. Within 30 days after the local government's receipt of such an application, the local government and owner must agree in writing to a schedule for information submittal, public hearings, negotiations, and final action on the amendment, which schedule may thereafter be altered only with the written consent of the local government and the owner. Compliance with the schedule in the written agreement constitutes good faith negotiations for purposes of paragraph (c).

(b) Upon conclusion of good faith negotiations under paragraph (a), regardless of whether the local government and owner reach consensus on the land uses and intensities of use that are consistent with the uses and intensities of use of the industrial, commercial, or residential areas that surround the parcel, the amendment must be transmitted to the state land planning agency for review pursuant to s. 163.3184. If the local government fails to transmit the amendment within 180 days after receipt of a complete application, the amendment must be immediately transferred to the state land planning agency for such review ~~at the first available transmittal cycle~~. A plan amendment transmitted to the state land planning agency submitted under this subsection is presumed *not* to be *urban sprawl as defined in s. 163.3164* ~~consistent with rule 9J-5.006(5), Florida Administrative Code~~. This presumption may be rebutted by clear and convincing evidence.

(c) If the owner fails to negotiate in good faith, a plan amendment submitted under this subsection is not entitled to the rebuttable presumption under this subsection in the negotiation and amendment process.

(d) Nothing within this subsection relating to agricultural enclaves shall preempt or replace any protection currently existing for any property located within the boundaries of the following areas:

1. The Wekiva Study Area, as described in s. 369.316; or

2. The Everglades Protection Area, as defined in s. 373.4592(2).

Section 6. Section 163.3164, Florida Statutes, is amended to read:

163.3164 *Community* ~~Local Government Comprehensive~~ Planning ~~and Land Development Regulation~~ Act; definitions.—As used in this act:

(1) *"Adaptation action area" or "adaptation area" means a designation in the coastal management element of a local government's comprehensive plan which identifies one or more areas that experience coastal flooding due to extreme high tides and storm surge, and that are vulnerable to the related impacts of rising sea levels for the purpose of prioritizing funding for infrastructure needs and adaptation planning.*

(2) "Administration Commission" means the Governor and the Cabinet, and for purposes of this chapter the commission shall act on a simple majority vote, except that for purposes of imposing the sanctions provided in s. 163.3184*(8)*~~(11)~~, affirmative action shall require the approval of the Governor and at least three other members of the commission.

(3) "Affordable housing" has the same meaning as in s. 420.0004(3).

(4)~~(33)~~ "Agricultural enclave" means an unincorporated, undeveloped parcel that:

(a) Is owned by a single person or entity;

(b) Has been in continuous use for bona fide agricultural purposes, as defined by s. 193.461, for a period of 5 years prior to the date of any comprehensive plan amendment application;

(c) Is surrounded on at least 75 percent of its perimeter by:

1. Property that has existing industrial, commercial, or residential development; or

2. Property that the local government has designated, in the local government's comprehensive plan, zoning map, and future land use map, as land that is to be developed for industrial, commercial, or residential purposes, and at least 75 percent of such property is existing industrial, commercial, or residential development;

(d) Has public services, including water, wastewater, transportation, schools, and recreation facilities, available or such public services are scheduled in the capital improvement element to be provided by the local government or can be provided by an alternative provider of local government infrastructure in order to ensure consistency with applicable concurrency provisions of s. 163.3180; and

(e) Does not exceed 1,280 acres; however, if the property is surrounded by existing or authorized residential development that will result in a density at buildout of at least 1,000 residents per square mile, then the area shall be determined to be urban and the parcel may not exceed 4,480 acres.

(5) "Antiquated subdivision" means a subdivision that was recorded or approved more than 20 years ago and that has substantially failed to be built and the continued buildout of the subdivision in accordance with the subdivision's zoning and land use purposes would cause an imbalance of land uses and would be detrimental to the local and regional economies and environment, hinder current planning practices, and lead to inefficient and fiscally irresponsible development patterns as determined by the respective jurisdiction in which the subdivision is located.

(6)~~(2)~~ "Area" or "area of jurisdiction" means the total area qualifying under ~~the provisions of~~ this act, whether this be all of the lands lying within the limits of an incorporated municipality, lands in and adjacent to incorporated municipalities, all unincorporated lands within a county, or areas comprising combinations of the lands in incorporated municipalities and unincorporated areas of counties.

(7) "Capital improvement" means physical assets constructed or purchased to provide, improve, or replace a public facility and which are typically large scale and high in cost. The cost of a capital improvement is generally nonrecurring and may require multiyear financing. For the purposes of this part, physical assets that have been identified as existing or projected needs in the individual comprehensive plan elements shall be considered capital improvements.

(8)~~(3)~~ "Coastal area" means the 35 coastal counties and all coastal municipalities within their boundaries ~~designated coastal by the state land planning agency~~.

(9) "Compatibility" means a condition in which land uses or conditions can coexist in relative proximity to each other in a stable fashion over time such that no use or condition is unduly negatively impacted directly or indirectly by another use or condition.

(10)~~(4)~~ "Comprehensive plan" means a plan that meets the requirements of ss. 163.3177 and 163.3178.

(11) "Deepwater ports" means the ports identified in s. 403.021(9).

(12) "Density" means an objective measurement of the number of people or residential units allowed per unit of land, such as residents or employees per acre.

(13)~~(5)~~ "Developer" means any person, including a governmental agency, undertaking any development as defined in this act.

(14)~~(6)~~ "Development" has the *same* meaning *as* ~~given it~~ in s. 380.04.

(15)~~(7)~~ "Development order" means any order granting, denying, or granting with conditions an application for a development permit.

(16)~~(8)~~ "Development permit" includes any building permit, zoning permit, subdivision approval, rezoning, certification, special exception, variance, or any other official action of local government having the effect of permitting the development of land.

(17)~~(25)~~ "Downtown revitalization" means the physical and economic renewal of a central business district of a community as designated by local government, and includes both downtown development and redevelopment.

(18) "Floodprone areas" means areas inundated during a 100-year flood event or areas identified by the National Flood Insurance Program as an A Zone on flood insurance rate maps or flood hazard boundary maps.

(19) "Goal" means the long-term end toward which programs or activities are ultimately directed.

(20)~~(9)~~ "Governing body" means the board of county commissioners of a county, the commission or council of an incorporated municipality, or any other chief governing body of a unit of local government, however designated, or the combination of such bodies where joint utilization of ~~the provisions of~~ this act is accomplished as provided herein.

(21)~~(10)~~ "Governmental agency" means:

(a) The United States or any department, commission, agency, or other instrumentality thereof.

(b) This state or any department, commission, agency, or other instrumentality thereof.

(c) Any local government, as defined in this section, or any department, commission, agency, or other instrumentality thereof.

(d) Any school board or other special district, authority, or governmental entity.

(22) "Intensity" means an objective measurement of the extent to which land may be developed or used, including the consumption or use of the space above, on, or below ground; the measurement of the use of or demand on natural resources; and the measurement of the use of or demand on facilities and services.

(23) "Internal trip capture" means trips generated by a mixed-use project that travel from one on-site land use to another on-site land use without using the external road network.

(24)~~(11)~~ "Land" means the earth, water, and air, above, below, or on the surface, and includes any improvements or structures customarily regarded as land.

(25)~~(22)~~ "Land development regulation commission" means a commission designated by a local government to develop and recommend, to the local governing body, land development regulations which implement the adopted comprehensive plan and to review land development regulations, or amendments thereto, for consistency with the adopted plan and report to the governing body regarding its findings. The responsibilities of the land development regulation commission may be performed by the local planning agency.

(26)~~(23)~~ "Land development regulations" means ordinances enacted by governing bodies for the regulation of any aspect of development and includes any local government zoning, rezoning, subdivision, building construction, or sign regulations or any other regulations controlling the development of land, except that this definition *does* ~~shall~~ not apply in s. 163.3213.

(27)~~(12)~~ "Land use" means the development that has occurred on the land, the development that is proposed by a developer on the land, or the use that is permitted or permissible on the land under an adopted comprehensive plan or element or portion thereof, land development regulations, or a land development code, as the context may indicate.

(28) "Level of service" means an indicator of the extent or degree of service provided by, or proposed to be provided by, a facility based on and related to the operational characteristics of the facility. Level of service shall indicate the capacity per unit of demand for each public facility.

(29)~~(13)~~ "Local government" means any county or municipality.

(30)~~(14)~~ "Local planning agency" means the agency designated to prepare the comprehensive plan or plan amendments required by this act.

(31)~~(15)~~ ~~A~~ "Newspaper of general circulation" means a newspaper published at least on a weekly basis and printed in the language most commonly spoken in the area within which it circulates, but does not include a newspaper intended primarily for members of a particular professional or occupational group, a newspaper whose primary function is to carry legal notices, or a newspaper that is given away primarily to distribute advertising.

(32) "New town" means an urban activity center and community designated on the future land use map of sufficient size, population and land use composition to support a variety of economic and social activities consistent with an urban area designation. New towns shall include basic economic activities; all major land use categories, with the possible exception of agricultural and industrial; and a centrally provided full range of public facilities and services that demonstrate internal trip capture. A new town shall be based on a master development plan.

(33) "Objective" means a specific, measurable, intermediate end that is achievable and marks progress toward a goal.

(34)~~(16)~~ "Parcel of land" means any quantity of land capable of being described with such definiteness that its locations and boundaries may be established, which is designated by its owner or developer as land to

be used, or developed as, a unit or which has been used or developed as a unit.

(35)~~(17)~~ "Person" means an individual, corporation, governmental agency, business trust, estate, trust, partnership, association, two or more persons having a joint or common interest, or any other legal entity.

(36) "Policy" means the way in which programs and activities are conducted to achieve an identified goal.

(37)~~(28)~~ "Projects that promote public transportation" means projects that directly affect the provisions of public transit, including transit terminals, transit lines and routes, separate lanes for the exclusive use of public transit services, transit stops (shelters and stations), office buildings or projects that include fixed-rail or transit terminals as part of the building, and projects which are transit oriented and designed to complement reasonably proximate planned or existing public facilities.

(38)~~(24)~~ "Public facilities" means major capital improvements, including~~, but not limited to,~~ transportation, sanitary sewer, solid waste, drainage, potable water, educational, parks and recreational~~, and health systems and~~ facilities~~, and spoil disposal sites for maintenance dredging located in the intracoastal waterways, except for spoil disposal sites owned or used by ports listed in s. 403.021(9)(b)~~.

(39)~~(18)~~ "Public notice" means notice as required by s. 125.66(2) for a county or by s. 166.041(3)(a) for a municipality. The public notice procedures required in this part are established as minimum public notice procedures.

(40)~~(19)~~ "Regional planning agency" means the *council created pursuant to chapter 186* ~~agency designated by the state land planning agency to exercise responsibilities under law in a particular region of the state~~.

(41) "Seasonal population" means part-time inhabitants who use, or may be expected to use, public facilities or services, but are not residents and includes tourists, migrant farmworkers, and other short-term and long-term visitors.

(42)~~(31)~~ "~~Optional~~ Sector plan" means *the* ~~an optional~~ process authorized by s. 163.3245 in which one or more local governments *engage in long-term planning for a large area and* ~~by agreement with the state land planning agency are allowed to~~ address *regional* ~~development of regional impact~~ issues *through adoption of detailed specific area plans within the planning area* ~~within certain designated geographic areas identified in the local comprehensive plan~~ as a means of fostering innovative planning and development strategies ~~in s. 163.3177(11)(a) and (b)~~, furthering the purposes of this part and part I of chapter 380, reducing overlapping data and analysis requirements, protecting regionally significant resources and facilities, and addressing extrajurisdictional impacts. *The term includes an optional sector plan that was adopted before the effective date of this act.*

(43)~~(20)~~ "State land planning agency" means the ~~Department of Community Affairs~~ *Department of Economic Opportunity*.

(44)~~(21)~~ "Structure" has the *same* meaning *as in* ~~given it by~~ s. 380.031(19).

(45) "Suitability" means the degree to which the existing characteristics and limitations of land and water are compatible with a proposed use or development.

(46) "Transit-oriented development" means a project or projects, in areas identified in a local government comprehensive plan, that is or will be served by existing or planned transit service. These designated areas shall be compact, moderate to high density developments, of mixed-use character, interconnected with other land uses, bicycle and pedestrian friendly, and designed to support frequent transit service operating through, collectively or separately, rail, fixed guideway, streetcar, or bus systems on dedicated facilities or available roadway connections.

(47)~~(30)~~ "Transportation corridor management" means the coordination of the planning of designated future transportation corridors with land use planning within and adjacent to the corridor to promote orderly growth, to meet the concurrency requirements of this chapter, and to maintain the integrity of the corridor for transportation purposes.

(48)~~(27)~~ "Urban infill" means the development of vacant parcels in otherwise built-up areas where public facilities such as sewer systems, roads, schools, and recreation areas are already in place and the average residential density is at least five dwelling units per acre, the average nonresidential intensity is at least a floor area ratio of 1.0 and vacant, developable land does not constitute more than 10 percent of the area.

(49)~~(26)~~ "Urban redevelopment" means demolition and reconstruction or substantial renovation of existing buildings or infrastructure within urban infill areas, existing urban service areas, or community redevelopment areas created pursuant to part III.

(50)~~(29)~~ "Urban service area" means ~~built-up~~ areas *identified in the comprehensive plan* where public facilities and services, including, but not limited to, central water and sewer capacity and roads, are already in place or are *identified in the capital improvements element. The term includes any areas identified in the comprehensive plan as urban service areas, regardless of local government limitation* ~~committed in the first 3 years of the capital improvement schedule~~. ~~In addition, for counties that qualify as dense urban land areas under subsection (34), the nonrural area of a county which has adopted into the county charter a rural area designation or areas identified in the comprehensive plan as urban service areas or urban growth boundaries on or before July 1, 2009, are also urban service areas under this definition.~~

(51) "Urban sprawl" means a development pattern characterized by low density, automobile-dependent development with either a single use or multiple uses that are not functionally related, requiring the extension of public facilities and services in an inefficient manner, and failing to provide a clear separation between urban and rural uses.

~~(32) "Financial feasibility" means that sufficient revenues are currently available or will be available from committed funding sources for the first 3 years, or will be available from committed or planned funding sources for years 4 and 5, of a 5 year capital improvement schedule for financing capital improvements, such as ad valorem taxes, bonds, state and federal funds, tax revenues, impact fees, and developer contributions, which are adequate to fund the projected costs of the capital improvements identified in the comprehensive plan necessary to ensure that adopted level-of-service standards are achieved and maintained within the period covered by the 5 year schedule of capital improvements. A comprehensive plan shall be deemed financially feasible for transportation and school facilities throughout the planning period addressed by the capital improvements schedule if it can be demonstrated that the level of service standards will be achieved and maintained by the end of the planning period even if in a particular year such improvements are not concurrent as required by s. 163.3180.~~

~~(34) "Dense urban land area" means:~~

~~(a) A municipality that has an average of at least 1,000 people per square mile of land area and a minimum total population of at least 5,000;~~

~~(b) A county, including the municipalities located therein, which has an average of at least 1,000 people per square mile of land area; or~~

~~(c) A county, including the municipalities located therein, which has a population of at least 1 million.~~

~~The Office of Economic and Demographic Research within the Legislature shall annually calculate the population and density criteria needed to determine which jurisdictions qualify as dense urban land areas by using the most recent land area data from the decennial census conducted by the Bureau of the Census of the United States Department of Commerce and the latest available population estimates determined pursuant to s. 186.901. If any local government has had an annexation, contraction, or new incorporation, the Office of Economic and Demographic Research shall determine the population density using the new jurisdictional boundaries as recorded in accordance with s. 171.091. The Office of Economic and Demographic Research shall submit to the state land planning agency a list of jurisdictions that meet the total population and density criteria necessary for designation as a dense urban land area by July 1, 2009, and every year thereafter. The state land planning agency shall publish the list of jurisdictions on its Internet website within 7 days after the list is received. The designation of jurisdictions that qualify or do not qualify as a dense urban land area is effective upon publication on the state land planning agency's Internet website.~~

Section 7. Section 163.3167, Florida Statutes, is amended to read:

163.3167 Scope of act.—

(1) The several incorporated municipalities and counties shall have power and responsibility:

(a) To plan for their future development and growth.

(b) To adopt and amend comprehensive plans, or elements or portions thereof, to guide their future development and growth.

(c) To implement adopted or amended comprehensive plans by the adoption of appropriate land development regulations or elements thereof.

(d) To establish, support, and maintain administrative instruments and procedures to carry out the provisions and purposes of this act.

The powers and authority set out in this act may be employed by municipalities and counties individually or jointly by mutual agreement in accord with ~~the provisions of~~ this act and in such combinations as their common interests may dictate and require.

(2) Each local government shall *maintain* ~~prepare~~ a comprehensive plan of the type and in the manner set out in this part or prepare amendments to its existing comprehensive plan to conform it to the requirements of this part and in the manner set out in this part. ~~In accordance with s. 163.3184, each local government shall submit to the state land planning agency its complete proposed comprehensive plan or its complete comprehensive plan as proposed to be amended.~~

~~(3) When a local government has not prepared all of the required elements or has not amended its plan as required by subsection (2), the regional planning agency having responsibility for the area in which the local government lies shall prepare and adopt by rule, pursuant to chapter 120, the missing elements or adopt by rule amendments to the existing plan in accordance with this act by July 1, 1989, or within 1 year after the dates specified or provided in subsection (2) and the state land planning agency review schedule, whichever is later. The regional planning agency shall provide at least 90 days' written notice to any local government whose plan it is required by this subsection to prepare, prior to initiating the planning process. At least 90 days before the adoption by the regional planning agency of a comprehensive plan, or element or portion thereof, pursuant to this subsection, the regional planning agency shall transmit a copy of the proposed comprehensive plan, or element or portion thereof, to the local government and the state land planning agency for written comment. The state land planning agency shall review and comment on such plan, or element or portion thereof, in accordance with s. 163.3184(6). Section 163.3184(6), (7), and (8) shall be applicable to the regional planning agency as if it were a governing body. Existing comprehensive plans shall remain in effect until they are amended pursuant to subsection (2), this subsection, s. 163.3187, or s. 163.3189.~~

(3)~~(4)~~ A municipality established after the effective date of this act shall, within 1 year after incorporation, establish a local planning agency, pursuant to s. 163.3174, and prepare and adopt a comprehensive plan of the type and in the manner set out in this act within 3 years after the date of such incorporation. A county comprehensive plan shall be deemed controlling until the municipality adopts a comprehensive plan in accord with ~~the provisions of~~ this act. ~~If, upon the expiration of the 3-year time limit, the municipality has not adopted a comprehensive plan, the regional planning agency shall prepare and adopt a comprehensive plan for such municipality.~~

(4)~~(5)~~ Any comprehensive plan, or element or portion thereof, adopted pursuant to ~~the provisions of~~ this act, which but for its adoption after the deadlines established pursuant to previous versions of this act would have been valid, shall be valid.

~~(6) When a regional planning agency is required to prepare or amend a comprehensive plan, or element or portion thereof, pursuant to subsections (3) and (4), the regional planning agency and the local government may agree to a method of compensating the regional planning agency for any verifiable, direct costs incurred. If an agreement is not reached within 6 months after the date the regional planning agency assumes planning responsibilities for the local government pursuant to subsections (3) and (4) or by the time the plan or element, or portion thereof, is completed, whichever is earlier, the regional planning agency shall file invoices for verifiable, direct costs involved with the governing body. Upon the failure of the local government to pay such invoices within 90 days, the regional planning agency may, upon filing proper vouchers with the Chief Financial Officer, request payment by the Chief Financial Officer from unencumbered revenue or other tax sharing funds due such local government from the state for work actually performed, and the Chief Financial Officer shall pay such vouchers; however, the amount of such payment shall not exceed 50 percent of such funds due such local government in any one year.~~

~~(7) A local government that is being requested to pay costs may seek an administrative hearing pursuant to ss. 120.569 and 120.57 to challenge the amount of costs and to determine if the statutory prerequisites for payment have been complied with. Final agency action shall be taken by the state land planning agency. Payment shall be withheld as to disputed amounts until proceedings under this subsection have been completed.~~

(5)~~(8)~~ Nothing in this act shall limit or modify the rights of any person to complete any development that has been authorized as a development of regional impact pursuant to chapter 380 or who has been issued a final local development order and development has commenced and is continuing in good faith.

(6)~~(9)~~ The Reedy Creek Improvement District shall exercise the authority of this part as it applies to municipalities, consistent with the legislative act under which it was established, for the total area under its jurisdiction.

(7)~~(10)~~ Nothing in this part shall supersede any provision of ss. 341.8201-341.842.

~~(11) Each local government is encouraged to articulate a vision of the future physical appearance and qualities of its community as a component of its local comprehensive plan. The vision should be developed through a collaborative planning process with meaningful public participation and shall be adopted by the governing body of the jurisdiction. Neighboring communities, especially those sharing natural resources or physical or economic infrastructure, are encouraged to create collective visions for greater than local areas. Such collective visions shall apply in each city or county only to the extent that each local government chooses to make them applicable. The state land planning agency shall serve as a clearinghouse for creating a community vision of the future and may utilize the Growth Management Trust Fund, created by s. 186.911, to provide grants to help pay the costs of local visioning programs. When a local vision of the future has been created, a local government should review its comprehensive plan, land development regulations, and capital improvement program to ensure that these instruments will help to move the community toward its vision in a manner consistent with this act and with the state comprehensive plan. A local or regional vision must be consistent with the state vision, when adopted, and be internally consistent with the local or regional plan of which it is a component. The state land planning agency shall not adopt minimum criteria for evaluating or judging the form or content of a local or regional vision.~~

(8)~~(12)~~ An initiative or referendum process in regard to any development order or in regard to any local comprehensive plan amendment or map amendment ~~that affects five or fewer parcels of land~~ is prohibited.

(9)~~(13)~~ Each local government shall address in its comprehensive plan, as enumerated in this chapter, the water supply sources necessary to meet and achieve the existing and projected water use demand for the established planning period, considering the applicable plan developed pursuant to s. 373.709.

(10)~~(14)~~(a) If a local government grants a development order pursuant to its adopted land development regulations and the order is not the subject of a pending appeal and the timeframe for filing an appeal has expired, the development order may not be invalidated by a subsequent judicial determination that such land development regulations, or any portion thereof that is relevant to the development order, are invalid because of a deficiency in the approval standards.

(b) This subsection does not preclude or affect the timely institution of any other remedy available at law or equity, including a common law writ of certiorari proceeding pursuant to Rule 9.190, Florida Rules of

Appellate Procedure, or an original proceeding pursuant to s. 163.3215, as applicable.

~~(c) This subsection applies retroactively to any development order granted on or after January 1, 2002.~~

Section 8. Section 163.3168, Florida Statutes, is created to read:

163.3168 Planning innovations and technical assistance.—

(1) The Legislature recognizes the need for innovative planning and development strategies to promote a diverse economy and vibrant rural and urban communities, while protecting environmentally sensitive areas. The Legislature further recognizes the substantial advantages of innovative approaches to development directed to meet the needs of urban, rural, and suburban areas.

(2) Local governments are encouraged to apply innovative planning tools, including, but not limited to, visioning, sector planning, and rural land stewardship area designations to address future new development areas, urban service area designations, urban growth boundaries, and mixed-use, high-density development in urban areas.

(3) The state land planning agency shall help communities find creative solutions to fostering vibrant, healthy communities, while protecting the functions of important state resources and facilities. The state land planning agency and all other appropriate state and regional agencies may use various means to provide direct and indirect technical assistance within available resources. If plan amendments may adversely impact important state resources or facilities, upon request by the local government, the state land planning agency shall coordinate multiagency assistance, if needed, in developing an amendment to minimize impacts on such resources or facilities.

(4) The state land planning agency shall provide, on its website, guidance on the submittal and adoption of comprehensive plans, plan amendments, and land development regulations. Such guidance shall not be adopted as a rule and is exempt from s. 120.54(1)(a).

Section 9. Subsection (4) of section 163.3171, Florida Statutes, is amended to read:

163.3171 Areas of authority under this act.—

(4) ~~The state land planning agency and a~~ Local *governments may* ~~government shall have the power to~~ enter into agreements with each other and ~~to agree together to enter into agreements~~ with a landowner, developer, or governmental agency as may be necessary or desirable to effectuate the provisions and purposes of ss. 163.3177(6)(h)*,* ~~and (11)(a), (b), and (c), and~~ 163.3245*, and 163.3248. It is the Legislature's intent that joint agreements entered into under the authority of this section be liberally, broadly, and flexibly construed to facilitate intergovernmental cooperation between cities and counties and to encourage planning in advance of jurisdictional changes. Joint agreements, executed before or after the effective date of this act, include, but are not limited to, agreements that contemplate municipal adoption of plans or plan amendments for lands in advance of annexation of such lands into the municipality, and may permit municipalities and counties to exercise nonexclusive extrajurisdictional authority within incorporated and unincorporated areas. The state land planning agency may not interpret, invalidate, or declare inoperative such joint agreements, and the validity of joint agreements may not be a basis for finding plans or plan amendments not in compliance pursuant to chapter law.*

Section 10. Subsection (1) of section 163.3174, Florida Statutes, is amended to read:

163.3174 Local planning agency.—

(1) The governing body of each local government, individually or in combination as provided in s. 163.3171, shall designate and by ordinance establish a "local planning agency," unless the agency is otherwise established by law. Notwithstanding any special act to the contrary, all local planning agencies or equivalent agencies that first review rezoning and comprehensive plan amendments in each municipality and county shall include a representative of the school district appointed by the school board as a nonvoting member of the local planning agency or equivalent agency to attend those meetings at which the agency considers comprehensive plan amendments and rezonings that would, if approved, increase residential density on the property that is the subject of the application. However, this subsection does not prevent the governing body of the local government from granting voting status to the school board member. The governing body may designate itself as the local planning agency pursuant to this subsection with the addition of a nonvoting school board representative. ~~The governing body shall notify the state land planning agency of the establishment of its local planning agency.~~ All local planning agencies shall provide opportunities for involvement by applicable community college boards, which may be accomplished by formal representation, membership on technical advisory committees, or other appropriate means. The local planning agency shall prepare the comprehensive plan or plan amendment after hearings to be held after public notice and shall make recommendations to the governing body regarding the adoption or amendment of the plan. The agency may be a local planning commission, the planning department of the local government, or other instrumentality, including a countywide planning entity established by special act or a council of local government officials created pursuant to s. 163.02, provided the composition of the council is fairly representative of all the governing bodies in the county or planning area; however:

(a) If a joint planning entity is in existence on the effective date of this act which authorizes the governing bodies to adopt and enforce a land use plan effective throughout the joint planning area, that entity shall be the agency for those local governments until such time as the authority of the joint planning entity is modified by law.

(b) In the case of chartered counties, the planning responsibility between the county and the several municipalities therein shall be as stipulated in the charter.

Section 11. Subsections (5), (6), and (9) of section 163.3175, Florida Statutes, are amended to read:

163.3175 Legislative findings on compatibility of development with military installations; exchange of information between local governments and military installations.—

(5) The commanding officer or his or her designee may provide comments to the affected local government on the impact such proposed changes may have on the mission of the military installation. Such comments may include:

(a) If the installation has an airfield, whether such proposed changes will be incompatible with the safety and noise standards contained in the Air Installation Compatible Use Zone (AICUZ) adopted by the military installation for that airfield;

(b) Whether such changes are incompatible with the Installation Environmental Noise Management Program (IENMP) of the United States Army;

(c) Whether such changes are incompatible with the findings of a Joint Land Use Study (JLUS) for the area if one has been completed; and

(d) Whether the military installation's mission will be adversely affected by the proposed actions of the county or affected local government.

The commanding officer's comments, underlying studies, and reports are not binding on the local government.

(6) The affected local government shall take into consideration any comments provided by the commanding officer or his or her designee pursuant to subsection (4) *and must also be sensitive to private property rights and not be unduly restrictive on those rights*. The affected local government shall forward a copy of any comments regarding comprehensive plan amendments to the state land planning agency.

(9) If a local government, as required under s. 163.3177(6)(a), does not adopt criteria and address compatibility of lands adjacent to or closely proximate to existing military installations in its future land use plan element by June 30, 2012, the local government, the military installation, the state land planning agency, and other parties as identified by the regional planning council, including, but not limited to, private landowner representatives, shall enter into mediation conducted pursuant to s. 186.509. If the local government comprehensive plan does not contain criteria addressing compatibility by December 31, 2013, the agency may notify the Administration Commission. The Administration Commission may impose sanctions pursuant to s. 163.3184*(8)*~~(11)~~. *Any*

local government that amended its comprehensive plan to address military installation compatibility requirements after 2004 and was found to be in compliance is deemed to be in compliance with this subsection until the local government conducts its evaluation and appraisal review pursuant to s. 163.3191 and determines that amendments are necessary to meet updated general law requirements.

Section 12. Section 163.3177, Florida Statutes, is amended to read:

163.3177 Required and optional elements of comprehensive plan; studies and surveys.—

(1) The comprehensive plan shall *provide the* ~~consist of materials in such descriptive form, written or graphic, as may be appropriate to the prescription of~~ principles, guidelines, ~~and~~ standards*, and strategies* for the orderly and balanced future economic, social, physical, environmental, and fiscal development of the area *that reflects community commitments to implement the plan and its elements*. *These principles and strategies shall guide future decisions in a consistent manner and shall contain programs and activities to ensure comprehensive plans are implemented. The sections of the comprehensive plan containing the principles and strategies, generally provided as goals, objectives, and policies, shall describe how the local government's programs, activities, and land development regulations will be initiated, modified, or continued to implement the comprehensive plan in a consistent manner. It is not the intent of this part to require the inclusion of implementing regulations in the comprehensive plan but rather to require identification of those programs, activities, and land development regulations that will be part of the strategy for implementing the comprehensive plan and the principles that describe how the programs, activities, and land development regulations will be carried out. The plan shall establish meaningful and predictable standards for the use and development of land and provide meaningful guidelines for the content of more detailed land development and use regulations.*

(a) The comprehensive plan shall consist of elements as described in this section, and may include optional elements.

(b) A local government may include, as part of its adopted plan, documents adopted by reference but not incorporated verbatim into the plan. The adoption by reference must identify the title and author of the document and indicate clearly what provisions and edition of the document is being adopted.

(c) The format of these principles and guidelines is at the discretion of the local government, but typically is expressed in goals, objectives, policies, and strategies.

(d) The comprehensive plan shall identify procedures for monitoring, evaluating, and appraising implementation of the plan.

(e) When a federal, state, or regional agency has implemented a regulatory program, a local government is not required to duplicate or exceed that regulatory program in its local comprehensive plan.

(f) All mandatory and optional elements of the comprehensive plan and plan amendments shall be based upon relevant and appropriate data and an analysis by the local government that may include, but not be limited to, surveys, studies, community goals and vision, and other data available at the time of adoption of the comprehensive plan or plan amendment. To be based on data means to react to it in an appropriate way and to the extent necessary indicated by the data available on that particular subject at the time of adoption of the plan or plan amendment at issue.

1. Surveys, studies, and data utilized in the preparation of the comprehensive plan may not be deemed a part of the comprehensive plan unless adopted as a part of it. Copies of such studies, surveys, data, and supporting documents for proposed plans and plan amendments shall be made available for public inspection, and copies of such plans shall be made available to the public upon payment of reasonable charges for reproduction. Support data or summaries are not subject to the compliance review process, but the comprehensive plan must be clearly based on appropriate data. Support data or summaries may be used to aid in the determination of compliance and consistency.

2. Data must be taken from professionally accepted sources. The application of a methodology utilized in data collection or whether a particular methodology is professionally accepted may be evaluated. However, the evaluation may not include whether one accepted methodology is better than another. Original data collection by local governments is not required. However, local governments may use original data so long as methodologies are professionally accepted.

3. The comprehensive plan shall be based upon permanent and seasonal population estimates and projections, which shall either be those provided by the University of Florida's Bureau of Economic and Business Research or generated by the local government based upon a professionally acceptable methodology. The plan must be based on at least the minimum amount of land required to accommodate the medium projections of the University of Florida's Bureau of Economic and Business Research for at least a 10-year planning period unless otherwise limited under s. 380.05, including related rules of the Administration Commission.

(2) Coordination of the several elements of the local comprehensive plan shall be a major objective of the planning process. The several elements of the comprehensive plan shall be consistent*. Where data is relevant to several elements, consistent data shall be used, including population estimates and projections unless alternative data can be justified for a plan amendment through new supporting data and analysis. Each map depicting future conditions must reflect the principles, guidelines, and standards within all elements and each such map must be contained within the comprehensive plan*~~, and the comprehensive plan shall be financially feasible. Financial feasibility shall be determined using professionally accepted methodologies and applies to the 5-year planning period, except in the case of a long-term transportation or school concurrency management system, in which case a 10-year or 15-year period applies~~.

(3)(a) The comprehensive plan shall contain a capital improvements element designed to consider the need for and the location of public facilities in order to encourage the efficient use of such facilities and set forth:

1. A component that outlines principles for construction, extension, or increase in capacity of public facilities, as well as a component that outlines principles for correcting existing public facility deficiencies, which are necessary to implement the comprehensive plan. The components shall cover at least a 5-year period.

2. Estimated public facility costs, including a delineation of when facilities will be needed, the general location of the facilities, and projected revenue sources to fund the facilities.

3. Standards to ensure the availability of public facilities and the adequacy of those facilities *to meet established* ~~including~~ acceptable levels of service.

~~4. Standards for the management of debt.~~

4.~~5.~~ A schedule of capital improvements which includes *any* publicly funded projects *of federal, state, or local government*, and which may include privately funded projects for which the local government has no fiscal responsibility. *Projects*~~,~~ necessary to ensure that *any* adopted level-of-service standards are achieved and maintained *for the 5-year period must be identified as either funded or unfunded and given a level of priority for funding*. ~~For capital improvements that will be funded by the developer, financial feasibility shall be demonstrated by being guaranteed in an enforceable development agreement or interlocal agreement pursuant to paragraph (10)(h), or other enforceable agreement. These development agreements and interlocal agreements shall be reflected in the schedule of capital improvements if the capital improvement is necessary to serve development within the 5-year schedule. If the local government uses planned revenue sources that require referenda or other actions to secure the revenue source, the plan must, in the event the referenda are not passed or actions do not secure the planned revenue source, identify other existing revenue sources that will be used to fund the capital projects or otherwise amend the plan to ensure financial feasibility.~~

5.~~6.~~ The schedule must include transportation improvements included in the applicable metropolitan planning organization's transportation improvement program adopted pursuant to s. 339.175(8) to the extent that such improvements are relied upon to ensure concurrency and financial feasibility. The schedule must ~~also~~ be coordinated with the

applicable metropolitan planning organization's long-range transportation plan adopted pursuant to s. 339.175(7).

(b)~~1.~~ The capital improvements element must be reviewed *by the local government* on an annual basis. *Modifications* ~~and modified as necessary in accordance with s. 163.3187 or s. 163.3189 in order~~ to *update the* ~~maintain a financially feasible~~ 5-year *capital improvement* schedule ~~of capital improvements. Corrections and modifications concerning costs; revenue sources; or acceptance of facilities pursuant to dedications which are consistent with the plan~~ may be accomplished by ordinance and *may* ~~shall~~ not be deemed to be amendments to the local comprehensive plan. ~~A copy of the ordinance shall be transmitted to the state land planning agency. An amendment to the comprehensive plan is required to update the schedule on an annual basis or to eliminate, defer, or delay the construction for any facility listed in the 5-year schedule. All public facilities must be consistent with the capital improvements element. The annual update to the capital improvements element of the comprehensive plan need not comply with the financial feasibility requirement until December 1, 2011. Thereafter, a local government may not amend its future land use map, except for plan amendments to meet new requirements under this part and emergency amendments pursuant to s. 163.3187(1)(a), after December 1, 2011, and every year thereafter, unless and until the local government has adopted the annual update and it has been transmitted to the state land planning agency.~~

~~2. Capital improvements element amendments adopted after the effective date of this act shall require only a single public hearing before the governing board which shall be an adoption hearing as described in s. 163.3184(7). Such amendments are not subject to the requirements of s. 163.3184(3)-(6).~~

~~(c) If the local government does not adopt the required annual update to the schedule of capital improvements, the state land planning agency must notify the Administration Commission. A local government that has a demonstrated lack of commitment to meeting its obligations identified in the capital improvements element may be subject to sanctions by the Administration Commission pursuant to s. 163.3184(11).~~

~~(d) If a local government adopts a long-term concurrency management system pursuant to s. 163.3180(9), it must also adopt a long term capital improvements schedule covering up to a 10-year or 15-year period, and must update the long term schedule annually. The long term schedule of capital improvements must be financially feasible.~~

~~(e) At the discretion of the local government and notwithstanding the requirements of this subsection, a comprehensive plan, as revised by an amendment to the plan's future land use map, shall be deemed to be financially feasible and to have achieved and maintained level of service standards as required by this section with respect to transportation facilities if the amendment to the future land use map is supported by a:~~

~~1. Condition in a development order for a development of regional impact or binding agreement that addresses proportionate share mitigation consistent with s. 163.3180(12); or~~

~~2. Binding agreement addressing proportionate fair-share mitigation consistent with s. 163.3180(16)(f) and the property subject to the amendment to the future land use map is located within an area designated in a comprehensive plan for urban infill, urban redevelopment, downtown revitalization, urban infill and redevelopment, or an urban service area. The binding agreement must be based on the maximum amount of development identified by the future land use map amendment or as may be otherwise restricted through a special area plan policy or map notation in the comprehensive plan.~~

~~(f) A local government's comprehensive plan and plan amendments for land uses within all transportation concurrency exception areas that are designated and maintained in accordance with s. 163.3180(5) shall be deemed to meet the requirement to achieve and maintain level of service standards for transportation.~~

(4)(a) Coordination of the local comprehensive plan with the comprehensive plans of adjacent municipalities, the county, adjacent counties, or the region; with the appropriate water management district's regional water supply plans approved pursuant to s. 373.709; *and* with adopted rules pertaining to designated areas of critical state concern~~; and with the state comprehensive plan~~ shall be a major objective of the local comprehensive planning process. To that end, in the preparation of a comprehensive plan or element thereof, and in the comprehensive plan or element as adopted, the governing body shall include a specific policy statement indicating the relationship of the proposed development of the area to the comprehensive plans of adjacent municipalities, the county, adjacent counties, or the region ~~and to the state comprehensive plan~~, as the case may require and as such adopted plans or plans in preparation may exist.

(b) When all or a portion of the land in a local government jurisdiction is or becomes part of a designated area of critical state concern, the local government shall clearly identify those portions of the local comprehensive plan that shall be applicable to the critical area and shall indicate the relationship of the proposed development of the area to the rules for the area of critical state concern.

(5)(a) Each local government comprehensive plan must include at least two planning periods, one covering at least the first 5-year period occurring after the plan's adoption and one covering at least a 10-year period. *Additional planning periods for specific components, elements, land use amendments, or projects shall be permissible and accepted as part of the planning process.*

(b) The comprehensive plan and its elements shall contain *guidelines or policies* ~~policy recommendations~~ for the implementation of the plan and its elements.

(6) In addition to the requirements of subsections (1)-(5) ~~and (12)~~, the comprehensive plan shall include the following elements:

(a) A future land use plan element designating proposed future general distribution, location, and extent of the uses of land for residential uses, commercial uses, industry, agriculture, recreation, conservation, education, ~~public buildings and grounds, other~~ public facilities, and other categories of the public and private uses of land. *The approximate acreage and the general range of density or intensity of use shall be provided for the gross land area included in each existing land use category. The element shall establish the long-term end toward which land use programs and activities are ultimately directed.* ~~Counties are encouraged to designate rural land stewardship areas, pursuant to paragraph (11)(d), as overlays on the future land use map.~~

1. Each future land use category must be defined in terms of uses included, and must include standards to be followed in the control and distribution of population densities and building and structure intensities. The proposed distribution, location, and extent of the various categories of land use shall be shown on a land use map or map series which shall be supplemented by goals, policies, and measurable objectives.

2. The future land use plan *and plan amendments* shall be based upon surveys, studies, and data regarding the area, *as applicable,* including:

a. The amount of land required to accommodate anticipated growth.~~;~~

b. The projected *permanent and seasonal* population of the area.~~;~~

c. The character of undeveloped land.~~;~~

d. The availability of water supplies, public facilities, and services.~~;~~

e. The need for redevelopment, including the renewal of blighted areas and the elimination of nonconforming uses which are inconsistent with the character of the community.~~;~~

f. The compatibility of uses on lands adjacent to or closely proximate to military installations.~~;~~

g. The compatibility of uses on lands adjacent to an airport as defined in s. 330.35 and consistent with s. 333.02.~~;~~

h. The discouragement of urban sprawl.~~; energy efficient land use patterns accounting for existing and future electric power generation and transmission systems; greenhouse gas reduction strategies; and, in rural communities,~~

i. The need for job creation, capital investment, and economic development that will strengthen and diversify the community's economy.

j. The need to modify land uses and development patterns within antiquated subdivisions. ~~The future land use plan may designate areas for future planned development use involving combinations of types of uses for which special regulations may be necessary to ensure development in accord with the principles and standards of the comprehensive plan and this act.~~

3. The future land use plan element shall include criteria to be used to*:*

a. Achieve the compatibility of lands adjacent or closely proximate to military installations, considering factors identified in s. 163.3175(5).~~, and~~

b. Achieve the compatibility of lands adjacent to an airport as defined in s. 330.35 and consistent with s. 333.02.

c. Encourage preservation of recreational and commercial working waterfronts for water dependent uses in coastal communities.

d. Encourage the location of schools proximate to urban residential areas to the extent possible.

e. Coordinate future land uses with the topography and soil conditions, and the availability of facilities and services.

f. Ensure the protection of natural and historic resources.

g. Provide for the compatibility of adjacent land uses.

h. Provide guidelines for the implementation of mixed use development including the types of uses allowed, the percentage distribution among the mix of uses, or other standards, and the density and intensity of each use.

4. ~~In addition, for rural communities,~~ The amount of land designated for future planned *uses* ~~industrial use~~ shall *provide a balance of uses that foster vibrant, viable communities and economic development opportunities and address outdated development patterns, such as antiquated subdivisions. The amount of land designated for future land uses should allow the operation of real estate markets to provide adequate choices for permanent and seasonal residents and business and* ~~be based upon surveys and studies that reflect the need for job creation, capital investment, and the necessity to strengthen and diversify the local economies, and~~ may not be limited solely by the projected population ~~of the rural community~~*. The element shall accommodate at least the minimum amount of land required to accommodate the medium projections of the University of Florida's Bureau of Economic and Business Research for at least a 10-year planning period unless otherwise limited under s. 380.05, including related rules of the Administration Commission.*

5. The future land use plan of a county may ~~also~~ designate areas for possible future municipal incorporation.

6. The land use maps or map series shall generally identify and depict historic district boundaries and shall designate historically significant properties meriting protection. ~~For coastal counties, the future land use element must include, without limitation, regulatory incentives and criteria that encourage the preservation of recreational and commercial working waterfronts as defined in s. 342.07.~~

7. The future land use element must clearly identify the land use categories in which public schools are an allowable use. When delineating the land use categories in which public schools are an allowable use, a local government shall include in the categories sufficient land proximate to residential development to meet the projected needs for schools in coordination with public school boards and may establish differing criteria for schools of different type or size. Each local government shall include lands contiguous to existing school sites, to the maximum extent possible, within the land use categories in which public schools are an allowable use. ~~The failure by a local government to comply with these school siting requirements will result in the prohibition of the local government's ability to amend the local comprehensive plan, except for plan amendments described in s. 163.3187(1)(b), until the school siting requirements are met. Amendments proposed by a local government for purposes of identifying the land use categories in which public schools are an allowable use are exempt from the limitation on the frequency of plan amendments contained in s. 163.3187. The future land use element shall include criteria that encourage the location of schools proximate to urban residential areas to the extent possible and shall require that the local government seek to collocate public facilities, such as parks, libraries, and community centers, with schools to the extent possible and to encourage the use of elementary schools as focal points for neighborhoods. For schools serving predominantly rural counties, defined as a county with a population of 100,000 or fewer, an agricultural land use category is eligible for the location of public school facilities if the local comprehensive plan contains school siting criteria and the location is consistent with such criteria~~.

8. Future land use map amendments shall be based upon the following analyses:

a. An analysis of the availability of facilities and services.

b. An analysis of the suitability of the plan amendment for its proposed use considering the character of the undeveloped land, soils, topography, natural resources, and historic resources on site.

c. An analysis of the minimum amount of land needed as determined by the local government.

9. The future land use element and any amendment to the future land use element shall discourage the proliferation of urban sprawl.

a. The primary indicators that a plan or plan amendment does not discourage the proliferation of urban sprawl are listed below. The evaluation of the presence of these indicators shall consist of an analysis of the plan or plan amendment within the context of features and characteristics unique to each locality in order to determine whether the plan or plan amendment:

(I) Promotes, allows, or designates for development substantial areas of the jurisdiction to develop as low-intensity, low-density, or single-use development or uses.

(II) Promotes, allows, or designates significant amounts of urban development to occur in rural areas at substantial distances from existing urban areas while not using undeveloped lands that are available and suitable for development.

(III) Promotes, allows, or designates urban development in radial, strip, isolated, or ribbon patterns generally emanating from existing urban developments.

(IV) Fails to adequately protect and conserve natural resources, such as wetlands, floodplains, native vegetation, environmentally sensitive areas, natural groundwater aquifer recharge areas, lakes, rivers, shorelines, beaches, bays, estuarine systems, and other significant natural systems.

(V) Fails to adequately protect adjacent agricultural areas and activities, including silviculture, active agricultural and silvicultural activities, passive agricultural activities, and dormant, unique, and prime farmlands and soils.

(VI) Fails to maximize use of existing public facilities and services.

(VII) Fails to maximize use of future public facilities and services.

(VIII) Allows for land use patterns or timing which disproportionately increase the cost in time, money, and energy of providing and maintaining facilities and services, including roads, potable water, sanitary sewer, stormwater management, law enforcement, education, health care, fire and emergency response, and general government.

(IX) Fails to provide a clear separation between rural and urban uses.

(X) Discourages or inhibits infill development or the redevelopment of existing neighborhoods and communities.

(XI) Fails to encourage a functional mix of uses.

(XII) Results in poor accessibility among linked or related land uses.

(XIII) Results in the loss of significant amounts of functional open space.

b. The future land use element or plan amendment shall be determined to discourage the proliferation of urban sprawl if it incorporates a development pattern or urban form that achieves four or more of the following:

(I) Directs or locates economic growth and associated land development to geographic areas of the community in a manner that does not have an adverse impact on and protects natural resources and ecosystems.

(II) Promotes the efficient and cost-effective provision or extension of public infrastructure and services.

(III) Promotes walkable and connected communities and provides for compact development and a mix of uses at densities and intensities that will support a range of housing choices and a multimodal transportation system, including pedestrian, bicycle, and transit, if available.

(IV) Promotes conservation of water and energy.

(V) Preserves agricultural areas and activities, including silviculture, and dormant, unique, and prime farmlands and soils.

(VI) Preserves open space and natural lands and provides for public open space and recreation needs.

(VII) Creates a balance of land uses based upon demands of residential population for the nonresidential needs of an area.

(VIII) Provides uses, densities, and intensities of use and urban form that would remediate an existing or planned development pattern in the vicinity that constitutes sprawl or if it provides for an innovative development pattern such as transit-oriented developments or new towns as defined in s. 163.3164.

10. The future land use element shall include a future land use map or map series.

a. The proposed distribution, extent, and location of the following uses shall be shown on the future land use map or map series:

(I) Residential.

(II) Commercial.

(III) Industrial.

(IV) Agricultural.

(V) Recreational.

(VI) Conservation.

(VII) Educational.

(VIII) Public.

b. The following areas shall also be shown on the future land use map or map series, if applicable:

(I) Historic district boundaries and designated historically significant properties.

(II) Transportation concurrency management area boundaries or transportation concurrency exception area boundaries.

(III) Multimodal transportation district boundaries.

(IV) Mixed use categories.

c. The following natural resources or conditions shall be shown on the future land use map or map series, if applicable:

(I) Existing and planned public potable waterwells, cones of influence, and wellhead protection areas.

(II) Beaches and shores, including estuarine systems.

(III) Rivers, bays, lakes, floodplains, and harbors.

(IV) Wetlands.

(V) Minerals and soils.

(VI) Coastal high hazard areas.

11. Local governments required to update or amend their comprehensive plan to include criteria and address compatibility of lands adjacent or closely proximate to existing military installations, or lands adjacent to an airport as defined in s. 330.35 and consistent with s. 333.02, in their future land use plan element shall transmit the update or amendment to the state land planning agency by June 30, 2012.

(b) A transportation element addressing mobility issues in relationship to the size and character of the local government. The purpose of the transportation element shall be to plan for a multimodal transportation system that places emphasis on public transportation systems, where feasible. The element shall provide for a safe, convenient multimodal transportation system, coordinated with the future land use map or map series and designed to support all elements of the comprehensive plan. A local government that has all or part of its jurisdiction included within the metropolitan planning area of a metropolitan planning organization (M.P.O.) pursuant to s. 339.175 shall prepare and adopt a transportation element consistent with this subsection. Local governments that are not located within the metropolitan planning area of an M.P.O. shall address traffic circulation, mass transit, and ports, and aviation and related facilities consistent with this subsection, except that local governments with a population of 50,000 or less shall only be required to address transportation circulation. The element shall be coordinated with the plans and programs of any applicable metropolitan planning organization, transportation authority, Florida Transportation Plan, and Department of Transportation's adopted work program.

1. Each local government's transportation element shall address

~~(b) A~~ traffic circulation*, including* ~~element consisting of~~ the types, locations, and extent of existing and proposed major thoroughfares and transportation routes, including bicycle and pedestrian ways. Transportation corridors, as defined in s. 334.03, may be designated in the *transportation* ~~traffic circulation~~ element pursuant to s. 337.273. If the transportation corridors are designated, the local government may adopt a transportation corridor management ordinance. *The element shall include a map or map series showing the general location of the existing and proposed transportation system features and shall be coordinated with the future land use map or map series. The element shall reflect the data, analysis, and associated principles and strategies relating to:*

a. The existing transportation system levels of service and system needs and the availability of transportation facilities and services.

b. The growth trends and travel patterns and interactions between land use and transportation.

c. Existing and projected intermodal deficiencies and needs.

d. The projected transportation system levels of service and system needs based upon the future land use map and the projected integrated transportation system.

e. How the local government will correct existing facility deficiencies, meet the identified needs of the projected transportation system, and advance the purpose of this paragraph and the other elements of the comprehensive plan.

2. Local governments within a metropolitan planning area designated as an M.P.O. pursuant to s. 339.175 shall also address:

a. All alternative modes of travel, such as public transportation, pedestrian, and bicycle travel.

b. Aviation, rail, seaport facilities, access to those facilities, and intermodal terminals.

c. The capability to evacuate the coastal population before an impending natural disaster.

d. Airports, projected airport and aviation development, and land use compatibility around airports, which includes areas defined in ss. 333.01 and 333.02.

e. An identification of land use densities, building intensities, and transportation management programs to promote public transportation systems in designated public transportation corridors so as to encourage population densities sufficient to support such systems.

3. Municipalities having populations greater than 50,000, and counties having populations greater than 75,000, shall include mass-transit provisions showing proposed methods for the moving of people, rights-of-way, terminals, and related facilities and shall address:

a. The provision of efficient public transit services based upon existing and proposed major trip generators and attractors, safe and convenient public transit terminals, land uses, and accommodation of the special needs of the transportation disadvantaged.

b. Plans for port, aviation, and related facilities coordinated with the general circulation and transportation element.

c. Plans for the circulation of recreational traffic, including bicycle facilities, exercise trails, riding facilities, and such other matters as may be related to the improvement and safety of movement of all types of recreational traffic.

4. At the option of a local government, an airport master plan, and any subsequent amendments to the airport master plan, prepared by a licensed publicly owned and operated airport under s. 333.06 may be incorporated into the local government comprehensive plan by the local government having jurisdiction under this act for the area in which the airport or projected airport development is located by the adoption of a comprehensive plan amendment. In the amendment to the local comprehensive plan that integrates the airport master plan, the comprehensive plan amendment shall address land use compatibility consistent with chapter 333 regarding airport zoning; the provision of regional transportation facilities for the efficient use and operation of the transportation system and airport; consistency with the local government transportation circulation element and applicable M.P.O. long-range transportation plans; the execution of any necessary interlocal agreements for the purposes of the provision of public facilities and services to maintain the adopted level-of-service standards for facilities subject to concurrency; and may address airport-related or aviation-related development. Development or expansion of an airport consistent with the adopted airport master plan that has been incorporated into the local comprehensive plan in compliance with this part, and airport-related or aviation-related development that has been addressed in the comprehensive plan amendment that incorporates the airport master plan, do not constitute a development of regional impact. Notwithstanding any other general law, an airport that has received a development-of-regional-impact development order pursuant to s. 380.06, but which is no longer required to undergo development-of-regional-impact review pursuant to this subsection, may rescind its development-of-regional-impact order upon written notification to the applicable local government. Upon receipt by the local government, the development-of-regional-impact development order shall be deemed rescinded. ~~The traffic circulation element shall incorporate transportation strategies to address reduction in greenhouse gas emissions from the transportation sector.~~

(c) A general sanitary sewer, solid waste, drainage, potable water, and natural groundwater aquifer recharge element correlated to principles and guidelines for future land use, indicating ways to provide for future potable water, drainage, sanitary sewer, solid waste, and aquifer recharge protection requirements for the area. The element may be a detailed engineering plan including a topographic map depicting areas of prime groundwater recharge.

1. Each local government shall address in the data and analyses required by this section those facilities that provide service within the local government's jurisdiction. Local governments that provide facilities to serve areas within other local government jurisdictions shall also address those facilities in the data and analyses required by this section, using data from the comprehensive plan for those areas for the purpose of projecting facility needs as required in this subsection. For shared facilities, each local government shall indicate the proportional capacity of the systems allocated to serve its jurisdiction.

2. The element shall describe the problems and needs and the general facilities that will be required for solution of the problems and needs*, including correcting existing facility deficiencies. The element shall address coordinating the extension of, or increase in the capacity of, facilities to meet future needs while maximizing the use of existing facilities and discouraging urban sprawl; conservation of potable water resources; and protecting the functions of natural groundwater recharge areas and natural drainage features*. ~~The element shall also include a topographic map depicting any areas adopted by a regional water management district as prime groundwater recharge areas for the Floridan or Biscayne aquifers. These areas shall be given special consideration when the local government is engaged in zoning or considering future land use for said designated areas. For areas served by septic tanks, soil surveys shall be provided which indicate the suitability of soils for septic tanks.~~

3. Within 18 months after the governing board approves an updated regional water supply plan, the element must incorporate the alternative water supply project or projects selected by the local government from those identified in the regional water supply plan pursuant to s. 373.709(2)(a) or proposed by the local government under s. 373.709(8)(b). If a local government is located within two water management districts, the local government shall adopt its comprehensive plan amendment within 18 months after the later updated regional water supply plan. The element must identify such alternative water supply projects and traditional water supply projects and conservation and reuse necessary to meet the water needs identified in s. 373.709(2)(a) within the local government's jurisdiction and include a work plan, covering at least a 10-year planning period, for building public, private, and regional water supply facilities, including development of alternative water supplies, which are identified in the element as necessary to serve existing and new development. The work plan shall be updated, at a minimum, every 5 years within 18 months after the governing board of a water management district approves an updated regional water supply plan. ~~Amendments to incorporate the work plan do not count toward the limitation on the frequency of adoption of amendments to the comprehensive plan.~~ Local governments, public and private utilities, regional water supply authorities, special districts, and water management districts are encouraged to cooperatively plan for the development of multijurisdictional water supply facilities that are sufficient to meet projected demands for established planning periods, including the development of alternative water sources to supplement traditional sources of groundwater and surface water supplies.

(d) A conservation element for the conservation, use, and protection of natural resources in the area, including air, water, water recharge areas, wetlands, waterwells, estuarine marshes, soils, beaches, shores, flood plains, rivers, bays, lakes, harbors, forests, fisheries and wildlife, marine habitat, minerals, and other natural and environmental resources, including factors that affect energy conservation.

1. The following natural resources, where present within the local government's boundaries, shall be identified and analyzed and existing recreational or conservation uses, known pollution problems, including hazardous wastes, and the potential for conservation, recreation, use, or protection shall also be identified:

a. Rivers, bays, lakes, wetlands including estuarine marshes, groundwaters, and springs, including information on quality of the resource available.

b. Floodplains.

c. Known sources of commercially valuable minerals.

d. Areas known to have experienced soil erosion problems.

e. Areas that are the location of recreationally and commercially important fish or shellfish, wildlife, marine habitats, and vegetative communities, including forests, indicating known dominant species present and species listed by federal, state, or local government agencies as endangered, threatened, or species of special concern.

2. The element must contain principles, guidelines, and standards for conservation that provide long-term goals and which:

a. Protects air quality.

b. Conserves, appropriately uses, and protects the quality and quantity of current and projected water sources and waters that flow into estuarine waters or oceanic waters and protect from activities and land uses known to affect adversely the quality and quantity of identified water

sources, including natural groundwater recharge areas, wellhead protection areas, and surface waters used as a source of public water supply.

c. Provides for the emergency conservation of water sources in accordance with the plans of the regional water management district.

d. Conserves, appropriately uses, and protects minerals, soils, and native vegetative communities, including forests, from destruction by development activities.

e. Conserves, appropriately uses, and protects fisheries, wildlife, wildlife habitat, and marine habitat and restricts activities known to adversely affect the survival of endangered and threatened wildlife.

f. Protects existing natural reservations identified in the recreation and open space element.

g. Maintains cooperation with adjacent local governments to conserve, appropriately use, or protect unique vegetative communities located within more than one local jurisdiction.

h. Designates environmentally sensitive lands for protection based on locally determined criteria which further the goals and objectives of the conservation element.

i. Manages hazardous waste to protect natural resources.

j. Protects and conserves wetlands and the natural functions of wetlands.

k. Directs future land uses that are incompatible with the protection and conservation of wetlands and wetland functions away from wetlands. The type, intensity or density, extent, distribution, and location of allowable land uses and the types, values, functions, sizes, conditions, and locations of wetlands are land use factors that shall be considered when directing incompatible land uses away from wetlands. Land uses shall be distributed in a manner that minimizes the effect and impact on wetlands. The protection and conservation of wetlands by the direction of incompatible land uses away from wetlands shall occur in combination with other principles, guidelines, standards, and strategies in the comprehensive plan. Where incompatible land uses are allowed to occur, mitigation shall be considered as one means to compensate for loss of wetlands functions.

3. ~~Local governments shall assess their~~ Current *and*~~, as well as~~ projected~~, water~~ needs and sources for at least a 10-year period *based on the demands for industrial, agricultural, and potable water use and the quality and quantity of water available to meet these demands shall be analyzed. The analysis shall consider the existing levels of water conservation, use, and protection and applicable policies of the regional water management district and further must consider*~~, considering~~ the appropriate regional water supply plan approved pursuant to s. 373.709, or, in the absence of an approved regional water supply plan, the district water management plan approved pursuant to s. 373.036(2). This information shall be submitted to the appropriate agencies. ~~The land use map or map series contained in the future land use element shall generally identify and depict the following:~~

~~1. Existing and planned waterwells and cones of influence where applicable.~~

~~2. Beaches and shores, including estuarine systems.~~

~~3. Rivers, bays, lakes, flood plains, and harbors.~~

~~4. Wetlands.~~

~~5. Minerals and soils.~~

~~6. Energy conservation.~~

~~The land uses identified on such maps shall be consistent with applicable state law and rules.~~

(e) A recreation and open space element indicating a comprehensive system of public and private sites for recreation, including, but not limited to, natural reservations, parks and playgrounds, parkways, beaches and public access to beaches, open spaces, waterways, and other recreational facilities.

(f)1. A housing element consisting of ~~standards, plans, and~~ principles*, guidelines, standards, and strategies* to be followed in:

a. The provision of housing for all current and anticipated future residents of the jurisdiction.

b. The elimination of substandard dwelling conditions.

c. The structural and aesthetic improvement of existing housing.

d. The provision of adequate sites for future housing, including affordable workforce housing as defined in s. 380.0651(3)*(h)*~~(j)~~, housing for low-income, very low-income, and moderate-income families, mobile homes, and group home facilities and foster care facilities, with supporting infrastructure and public facilities.

e. Provision for relocation housing and identification of historically significant and other housing for purposes of conservation, rehabilitation, or replacement.

f. The formulation of housing implementation programs.

g. The creation or preservation of affordable housing to minimize the need for additional local services and avoid the concentration of affordable housing units only in specific areas of the jurisdiction.

~~h. Energy efficiency in the design and construction of new housing.~~

~~i. Use of renewable energy resources.~~

~~j. Each county in which the gap between the buying power of a family of four and the median county home sale price exceeds $170,000, as determined by the Florida Housing Finance Corporation, and which is not designated as an area of critical state concern shall adopt a plan for ensuring affordable workforce housing. At a minimum, the plan shall identify adequate sites for such housing. For purposes of this sub-subparagraph, the term "workforce housing" means housing that is affordable to natural persons or families whose total household income does not exceed 140 percent of the area median income, adjusted for household size.~~

~~k. As a precondition to receiving any state affordable housing funding or allocation for any project or program within the jurisdiction of a county that is subject to sub-subparagraph j., a county must, by July 1 of each year, provide certification that the county has complied with the requirements of sub-subparagraph j.~~

2. The *principles, guidelines, standards, and strategies* ~~goals, objectives, and policies~~ of the housing element must be based on the data and analysis prepared on housing needs, including *an inventory taken from the latest decennial United States Census or more recent estimates, which shall include the number and distribution of dwelling units by type, tenure, age, rent, value, monthly cost of owner-occupied units, and rent or cost to income ratio, and shall show the number of dwelling units that are substandard. The inventory shall also include the methodology used to estimate the condition of housing, a projection of the anticipated number of households by size, income range, and age of residents derived from the population projections, and the minimum housing need of the current and anticipated future residents of the jurisdiction* ~~the affordable housing needs assessment~~.

3. The housing element must express principles, guidelines, standards, and strategies that reflect, as needed, the creation and preservation of affordable housing for all current and anticipated future residents of the jurisdiction, elimination of substandard housing conditions, adequate sites, and distribution of housing for a range of incomes and types, including mobile and manufactured homes. The element must provide for specific programs and actions to partner with private and nonprofit sectors to address housing needs in the jurisdiction, streamline the permitting process, and minimize costs and delays for affordable housing, establish standards to address the quality of housing, stabilization of neighborhoods, and identification and improvement of historically significant housing.

4. State and federal housing plans prepared on behalf of the local government must be consistent with the goals, objectives, and policies of the housing element. Local governments are encouraged to use job training, job creation, and economic solutions to address a portion of their affordable housing concerns.

~~2. To assist local governments in housing data collection and analysis and assure uniform and consistent information regarding the state's housing needs, the state land planning agency shall conduct an affordable housing needs assessment for all local jurisdictions on a schedule that coordinates the implementation of the needs assessment with the evaluation and appraisal reports required by s. 163.3191. Each local government shall utilize the data and analysis from the needs assessment as one basis for the housing element of its local comprehensive plan. The agency shall allow a local government the option to perform its own needs assessment, if it uses the methodology established by the agency by rule.~~

(g)~~1.~~ For those units of local government identified in s. 380.24, a coastal management element, appropriately related to the particular requirements of paragraphs (d) and (e) and meeting the requirements of s. 163.3178(2) and (3). The coastal management element shall set forth the *principles, guidelines, standards, and strategies* ~~policies~~ that shall guide the local government's decisions and program implementation with respect to the following objectives:

1.~~a.~~ *Maintain, restore, and enhance* ~~Maintenance, restoration, and enhancement of~~ the overall quality of the coastal zone environment, including, but not limited to, its amenities and aesthetic values.

2.~~b.~~ *Preserve the* continued existence of viable populations of all species of wildlife and marine life.

3.~~c.~~ *Protect* the orderly and balanced utilization and preservation, consistent with sound conservation principles, of all living and nonliving coastal zone resources.

4.~~d.~~ *Avoid* ~~Avoidance of~~ irreversible and irretrievable loss of coastal zone resources.

5.~~e.~~ *Use* ecological planning principles and assumptions ~~to be used~~ in the determination of *the* suitability ~~and extent~~ of permitted development.

~~f. Proposed management and regulatory techniques.~~

6.~~g.~~ *Limit* ~~Limitation of~~ public expenditures that subsidize development in ~~high-hazard~~ coastal *high-hazard* areas.

7.~~h.~~ *Protect* ~~Protection of~~ human life against the effects of natural disasters.

8.~~i.~~ *Direct* the orderly development, maintenance, and use of ports identified in s. 403.021(9) to facilitate deepwater commercial navigation and other related activities.

9.~~j.~~ *Preserve historic and archaeological resources, which include the* ~~Preservation, including~~ sensitive adaptive use of *these* ~~historic and archaeological~~ resources.

10. At the option of the local government, develop an adaptation action area designation for those low-lying coastal zones that are experiencing coastal flooding due to extreme high tides and storm surge and are vulnerable to the impacts of rising sea level. Local governments that adopt an adaptation action area may consider policies within the coastal management element to improve resilience to coastal flooding resulting from high-tide events, storm surge, flash floods, stormwater runoff, and related impacts of sea level rise. Criteria for the adaptation action area may include, but need not be limited to, areas for which the land elevations are below, at, or near mean higher high water, which have an hydrologic connection to coastal waters, or which are designated as evacuation zones for storm surge.

~~2. As part of this element, a local government that has a coastal management element in its comprehensive plan is encouraged to adopt recreational surface water use policies that include applicable criteria for and consider such factors as natural resources, manatee protection needs, protection of working waterfronts and public access to the water, and recreation and economic demands. Criteria for manatee protection in the recreational surface water use policies should reflect applicable guidance outlined in the Boat Facility Siting Guide prepared by the Fish and Wildlife Conservation Commission. If the local government elects to adopt recreational surface water use policies by comprehensive plan amendment, such comprehensive plan amendment is exempt from the provisions of s. 163.3187(1). Local governments that wish to adopt recreational surface water use policies may be eligible for assistance with the development of such policies through the Florida Coastal Management Program. The Office of Program Policy Analysis and Government Accountability shall submit a report on the adoption of recreational surface water use policies under this subparagraph to the President of the Senate, the Speaker of the House of Representatives, and the majority and minority leaders of the Senate and the House of Representatives no later than December 1, 2010.~~

(h)1. An intergovernmental coordination element showing relationships and stating principles and guidelines to be used in coordinating the adopted comprehensive plan with the plans of school boards, regional water supply authorities, and other units of local government providing services but not having regulatory authority over the use of land, with the comprehensive plans of adjacent municipalities, the county, adjacent counties, or the region, with the state comprehensive plan and with the applicable regional water supply plan approved pursuant to s. 373.709, as the case may require and as such adopted plans or plans in preparation may exist. This element of the local comprehensive plan must demonstrate consideration of the particular effects of the local plan, when adopted, upon the development of adjacent municipalities, the county, adjacent counties, or the region, or upon the state comprehensive plan, as the case may require.

a. The intergovernmental coordination element must provide procedures for identifying and implementing joint planning areas, especially for the purpose of annexation, municipal incorporation, and joint infrastructure service areas.

b. ~~The intergovernmental coordination element must provide for recognition of campus master plans prepared pursuant to s. 1013.30 and airport master plans under paragraph (k).~~

~~c.~~ The intergovernmental coordination element shall provide for a dispute resolution process, as established pursuant to s. 186.509, for bringing intergovernmental disputes to closure in a timely manner.

c.~~d.~~ The intergovernmental coordination element shall provide for interlocal agreements as established pursuant to s. 333.03(1)(b).

2. The intergovernmental coordination element shall also state principles and guidelines to be used in coordinating the adopted comprehensive plan with the plans of school boards and other units of local government providing facilities and services but not having regulatory authority over the use of land. In addition, the intergovernmental coordination element must describe joint processes for collaborative planning and decisionmaking on population projections and public school siting, the location and extension of public facilities subject to concurrency, and siting facilities with countywide significance, including locally unwanted land uses whose nature and identity are established in an agreement.

3. Within 1 year after adopting their intergovernmental coordination elements, each county, all the municipalities within that county, the district school board, and any unit of local government service providers in that county shall establish by interlocal or other formal agreement executed by all affected entities, the joint processes described in this subparagraph consistent with their adopted intergovernmental coordination elements. *The element must:*

a. Ensure that the local government addresses through coordination mechanisms the impacts of development proposed in the local comprehensive plan upon development in adjacent municipalities, the county, adjacent counties, the region, and the state. The area of concern for municipalities shall include adjacent municipalities, the county, and counties adjacent to the municipality. The area of concern for counties shall include all municipalities within the county, adjacent counties, and adjacent municipalities.

b. Ensure coordination in establishing level of service standards for public facilities with any state, regional, or local entity having operational and maintenance responsibility for such facilities.

~~3. To foster coordination between special districts and local general-purpose governments as local general-purpose governments implement local comprehensive plans, each independent special district must submit a public facilities report to the appropriate local government as required by s. 189.415.~~

~~4. Local governments shall execute an interlocal agreement with the district school board, the county, and nonexempt municipalities pursuant to s. 163.31777. The local government shall amend the intergovernmental coordination element to ensure that coordination between the local government and school board is pursuant to the agreement and shall state the obligations of the local government under the agreement. Plan amendments that comply with this subparagraph are exempt from the provisions of s. 163.3187(1).~~

~~5. By January 1, 2004, any county having a population greater than 100,000, and the municipalities and special districts within that county, shall submit a report to the Department of Community Affairs which identifies:~~

~~a. All existing or proposed interlocal service delivery agreements relating to education; sanitary sewer; public safety; solid waste; drainage; potable water; parks and recreation; and transportation facilities.~~

~~b. Any deficits or duplication in the provision of services within its jurisdiction, whether capital or operational. Upon request, the Department of Community Affairs shall provide technical assistance to the local governments in identifying deficits or duplication.~~

~~6. Within 6 months after submission of the report, the Department of Community Affairs shall, through the appropriate regional planning council, coordinate a meeting of all local governments within the regional planning area to discuss the reports and potential strategies to remedy any identified deficiencies or duplications.~~

~~7. Each local government shall update its intergovernmental coordination element based upon the findings in the report submitted pursuant to subparagraph 5. The report may be used as supporting data and analysis for the intergovernmental coordination element.~~

~~(i) The optional elements of the comprehensive plan in paragraphs (7)(a) and (b) are required elements for those municipalities having populations greater than 50,000, and those counties having populations greater than 75,000, as determined under s. 186.901.~~

~~(j) For each unit of local government within an urbanized area designated for purposes of s. 339.175, a transportation element, which must be prepared and adopted in lieu of the requirements of paragraph (b) and paragraphs (7)(a), (b), (c), and (d) and which shall address the following issues:~~

~~1. Traffic circulation, including major thoroughfares and other routes, including bicycle and pedestrian ways.~~

~~2. All alternative modes of travel, such as public transportation, pedestrian, and bicycle travel.~~

~~3. Parking facilities.~~

~~4. Aviation, rail, seaport facilities, access to those facilities, and intermodal terminals.~~

~~5. The availability of facilities and services to serve existing land uses and the compatibility between future land use and transportation elements.~~

~~6. The capability to evacuate the coastal population prior to an impending natural disaster.~~

~~7. Airports, projected airport and aviation development, and land use compatibility around airports, which includes areas defined in ss. 333.01 and 333.02.~~

~~8. An identification of land use densities, building intensities, and transportation management programs to promote public transportation systems in designated public transportation corridors so as to encourage population densities sufficient to support such systems.~~

~~9. May include transportation corridors, as defined in s. 334.03, intended for future transportation facilities designated pursuant to s. 337.273. If transportation corridors are designated, the local government may adopt a transportation corridor management ordinance.~~

~~10. The incorporation of transportation strategies to address reduction in greenhouse gas emissions from the transportation sector.~~

~~(k) An airport master plan, and any subsequent amendments to the airport master plan, prepared by a licensed publicly owned and operated airport under s. 333.06 may be incorporated into the local government comprehensive plan by the local government having jurisdiction under this act for the area in which the airport or projected airport development is located by the adoption of a comprehensive plan amendment. In the amendment to the local comprehensive plan that integrates the airport master plan, the comprehensive plan amendment shall address land use compatibility consistent with chapter 333 regarding airport zoning; the provision of regional transportation facilities for the efficient use and operation of the transportation system and airport; consistency with the local government transportation circulation element and applicable metropolitan planning organization long range transportation plans; and the execution of any necessary interlocal agreements for the purposes of the provision of public facilities and services to maintain the adopted level of service standards for facilities subject to concurrency; and may address airport related or aviation related development. Development or expansion of an airport consistent with the adopted airport master plan that has been incorporated into the local comprehensive plan in compliance with this part, and airport related or aviation related development that has been addressed in the comprehensive plan amendment that incorporates the airport master plan, shall not be a development of regional impact. Notwithstanding any other general law, an airport that has received a development-of-regional-impact development order pursuant to s. 380.06, but which is no longer required to undergo development of regional impact review pursuant to this subsection, may abandon its development of regional impact order upon written notification to the applicable local government. Upon receipt by the local government, the development of regional impact development order is void.~~

~~(7) The comprehensive plan may include the following additional elements, or portions or phases thereof:~~

~~(a) As a part of the circulation element of paragraph (6)(b) or as a separate element, a mass transit element showing proposed methods for the moving of people, rights of way, terminals, related facilities, and fiscal considerations for the accomplishment of the element.~~

~~(b) As a part of the circulation element of paragraph (6)(b) or as a separate element, plans for port, aviation, and related facilities coordinated with the general circulation and transportation element.~~

~~(c) As a part of the circulation element of paragraph (6)(b) and in coordination with paragraph (6)(c), where applicable, a plan element for the circulation of recreational traffic, including bicycle facilities, exercise trails, riding facilities, and such other matters as may be related to the improvement and safety of movement of all types of recreational traffic.~~

~~(d) As a part of the circulation element of paragraph (6)(b) or as a separate element, a plan element for the development of offstreet parking facilities for motor vehicles and the fiscal considerations for the accomplishment of the element.~~

~~(e) A public buildings and related facilities element showing locations and arrangements of civic and community centers, public schools, hospitals, libraries, police and fire stations, and other public buildings. This plan element should show particularly how it is proposed to effect coordination with governmental units, such as school boards or hospital authorities, having public development and service responsibilities, capabilities, and potential but not having land development regulatory authority. This element may include plans for architecture and landscape treatment of their grounds.~~

~~(f) A recommended community design element which may consist of design recommendations for land subdivision, neighborhood development and redevelopment, design of open space locations, and similar matters to the end that such recommendations may be available as aids and guides to developers in the future planning and development of land in the area.~~

~~(g) A general area redevelopment element consisting of plans and programs for the redevelopment of slums and blighted locations in the area and for community redevelopment, including housing sites, business and industrial sites, public buildings sites, recreational facilities, and other purposes authorized by law.~~

~~(h) A safety element for the protection of residents and property of the area from fire, hurricane, or manmade or natural catastrophe, including such necessary features for protection as evacuation routes and their control in an emergency, water supply requirements, minimum road widths, clearances around and elevations of structures, and similar matters.~~

~~(i) An historical and scenic preservation element setting out plans and programs for those structures or lands in the area having historical, archaeological, architectural, scenic, or similar significance.~~

~~(j) An economic element setting forth principles and guidelines for the commercial and industrial development, if any, and the employment and personnel utilization within the area. The element may detail the type of commercial and industrial development sought, correlated to the present and projected employment needs of the area and to other elements of the plans, and may set forth methods by which a balanced and stable economic base will be pursued.~~

~~(k) Such other elements as may be peculiar to, and necessary for, the area concerned and as are added to the comprehensive plan by the governing body upon the recommendation of the local planning agency.~~

~~(l) Local governments that are not required to prepare coastal management elements under s. 163.3178 are encouraged to adopt hazard mitigation/postdisaster redevelopment plans. These plans should, at a minimum, establish long-term policies regarding redevelopment, infrastructure, densities, nonconforming uses, and future land use patterns. Grants to assist local governments in the preparation of these hazard mitigation/postdisaster redevelopment plans shall be available through the Emergency Management Preparedness and Assistance Account in the Grants and Donations Trust Fund administered by the department, if such account is created by law. The plans must be in compliance with the requirements of this act and chapter 252.~~

~~(8) All elements of the comprehensive plan, whether mandatory or optional, shall be based upon data appropriate to the element involved. Surveys and studies utilized in the preparation of the comprehensive plan shall not be deemed a part of the comprehensive plan unless adopted as a part of it. Copies of such studies, surveys, and supporting documents shall be made available to public inspection, and copies of such plans shall be made available to the public upon payment of reasonable charges for reproduction.~~

~~(9) The state land planning agency shall, by February 15, 1986, adopt by rule minimum criteria for the review and determination of compliance of the local government comprehensive plan elements required by this act. Such rules shall not be subject to rule challenges under s. 120.56(2) or to drawout proceedings under s. 120.54(3)(c)2. Such rules shall become effective only after they have been submitted to the President of the Senate and the Speaker of the House of Representatives for review by the Legislature no later than 30 days prior to the next regular session of the Legislature. In its review the Legislature may reject, modify, or take no action relative to the rules. The agency shall conform the rules to the changes made by the Legislature, or, if no action was taken, the agency rules shall become effective. The rule shall include criteria for determining whether:~~

~~(a) Proposed elements are in compliance with the requirements of part II, as amended by this act.~~

~~(b) Other elements of the comprehensive plan are related to and consistent with each other.~~

~~(c) The local government comprehensive plan elements are consistent with the state comprehensive plan and the appropriate regional policy plan pursuant to s. 186.508.~~

~~(d) Certain bays, estuaries, and harbors that fall under the jurisdiction of more than one local government are managed in a consistent and coordinated manner in the case of local governments required to include a coastal management element in their comprehensive plans pursuant to paragraph (6)(g).~~

~~(e) Proposed elements identify the mechanisms and procedures for monitoring, evaluating, and appraising implementation of the plan. Specific measurable objectives are included to provide a basis for evaluating effectiveness as required by s. 163.3191.~~

~~(f) Proposed elements contain policies to guide future decisions in a consistent manner.~~

~~(g) Proposed elements contain programs and activities to ensure that comprehensive plans are implemented.~~

~~(h) Proposed elements identify the need for and the processes and procedures to ensure coordination of all development activities and services with other units of local government, regional planning agencies, water management districts, and state and federal agencies as appropriate.~~

~~The state land planning agency may adopt procedural rules that are consistent with this section and chapter 120 for the review of local government comprehensive plan elements required under this section. The state land planning agency shall provide model plans and ordinances and, upon request, other assistance to local governments in the adoption and implementation of their revised local government comprehensive plans. The review and comment provisions applicable prior to October 1, 1985, shall continue in effect until the criteria for review and determination are adopted pursuant to this subsection and the comprehensive plans required by s. 163.3167(2) are due.~~

~~(10) The Legislature recognizes the importance and significance of chapter 9J-5, Florida Administrative Code, the Minimum Criteria for Review of Local Government Comprehensive Plans and Determination of Compliance of the Department of Community Affairs that will be used to determine compliance of local comprehensive plans. The Legislature reserved unto itself the right to review chapter 9J-5, Florida Administrative Code, and to reject, modify, or take no action relative to this rule. Therefore, pursuant to subsection (9), the Legislature hereby has reviewed chapter 9J-5, Florida Administrative Code, and expresses the following legislative intent:~~

~~(a) The Legislature finds that in order for the department to review local comprehensive plans, it is necessary to define the term "consistency." Therefore, for the purpose of determining whether local comprehensive plans are consistent with the state comprehensive plan and the appropriate regional policy plan, a local plan shall be consistent with such plans if the local plan is "compatible with" and "furthers" such plans. The term "compatible with" means that the local plan is not in conflict with the state comprehensive plan or appropriate regional policy plan. The term "furthers" means to take action in the direction of realizing goals or policies of the state or regional plan. For the purposes of determining consistency of the local plan with the state comprehensive plan or the appropriate regional policy plan, the state or regional plan shall be construed as a whole and no specific goal and policy shall be construed or applied in isolation from the other goals and policies in the plans.~~

~~(b) Each local government shall review all the state comprehensive plan goals and policies and shall address in its comprehensive plan the goals and policies which are relevant to the circumstances or conditions in its jurisdiction. The decision regarding which particular state comprehensive plan goals and policies will be furthered by the expenditure of a local government's financial resources in any given year is a decision which rests solely within the discretion of the local government. Intergovernmental coordination, as set forth in paragraph (6)(h), shall be utilized to the extent required to carry out the provisions of chapter 9J-5, Florida Administrative Code.~~

~~(c) The Legislature declares that if any portion of chapter 9J-5, Florida Administrative Code, is found to be in conflict with this part, the appropriate statutory provision shall prevail.~~

~~(d) Chapter 9J-5, Florida Administrative Code, does not mandate the creation, limitation, or elimination of regulatory authority, nor does it authorize the adoption or require the repeal of any rules, criteria, or standards of any local, regional, or state agency.~~

~~(e) It is the Legislature's intent that support data or summaries thereof shall not be subject to the compliance review process, but the Legislature intends that goals and policies be clearly based on appropriate data. The department may utilize support data or summaries thereof to aid in its determination of compliance and consistency. The Legislature intends that the department may evaluate the application of a methodology utilized in data collection or whether a particular methodology is professionally accepted. However, the department shall not~~

~~evaluate whether one accepted methodology is better than another. Chapter 9J-5, Florida Administrative Code, shall not be construed to require original data collection by local governments; however, Local governments are not to be discouraged from utilizing original data so long as methodologies are professionally accepted.~~

~~(f) The Legislature recognizes that under this section, local governments are charged with setting levels of service for public facilities in their comprehensive plans in accordance with which development orders and permits will be issued pursuant to s. 163.3202(2)(g). Nothing herein shall supersede the authority of state, regional, or local agencies as otherwise provided by law.~~

~~(g) Definitions contained in chapter 9J-5, Florida Administrative Code, are not intended to modify or amend the definitions utilized for purposes of other programs or rules or to establish or limit regulatory authority. Local governments may establish alternative definitions in local comprehensive plans, as long as such definitions accomplish the intent of this chapter, and chapter 9J-5, Florida Administrative Code.~~

~~(h) It is the intent of the Legislature that public facilities and services needed to support development shall be available concurrent with the impacts of such development in accordance with s. 163.3180. In meeting this intent, public facility and service availability shall be deemed sufficient if the public facilities and services for a development are phased, or the development is phased, so that the public facilities and those related services which are deemed necessary by the local government to operate the facilities necessitated by that development are available concurrent with the impacts of the development. The public facilities and services, unless already available, are to be consistent with the capital improvements element of the local comprehensive plan as required by paragraph (3)(a) or guaranteed in an enforceable development agreement. This shall include development agreements pursuant to this chapter or in an agreement or a development order issued pursuant to chapter 380. Nothing herein shall be construed to require a local government to address services in its capital improvements plan or to limit a local government's ability to address any service in its capital improvements plan that it deems necessary.~~

~~(i) The department shall take into account the factors delineated in rule 9J-5.002(2), Florida Administrative Code, as it provides assistance to local governments and applies the rule in specific situations with regard to the detail of the data and analysis required.~~

~~(j) Chapter 9J-5, Florida Administrative Code, has become effective pursuant to subsection (9). The Legislature hereby directs the department to adopt amendments as necessary which conform chapter 9J-5, Florida Administrative Code, with the requirements of this legislative intent by October 1, 1986.~~

~~(k) In order for local governments to prepare and adopt comprehensive plans with knowledge of the rules that are applied to determine consistency of the plans with this part, there should be no doubt as to the legal standing of chapter 9J-5, Florida Administrative Code, at the close of the 1986 legislative session. Therefore, the Legislature declares that changes made to chapter 9J-5 before October 1, 1986, are not subject to rule challenges under s. 120.56(2), or to drawout proceedings under s. 120.54(3)(c)2. The entire chapter 9J-5, Florida Administrative Code, as amended, is subject to rule challenges under s. 120.56(3), as nothing herein indicates approval or disapproval of any portion of chapter 9J-5 not specifically addressed herein. Any amendments to chapter 9J-5, Florida Administrative Code, exclusive of the amendments adopted prior to October 1, 1986, pursuant to this act, shall be subject to the full chapter 120 process. All amendments shall have effective dates as provided in chapter 120 and submission to the President of the Senate and Speaker of the House of Representatives shall not be required.~~

~~(l) The state land planning agency shall consider land use compatibility issues in the vicinity of all airports in coordination with the Department of Transportation and adjacent to or in close proximity to all military installations in coordination with the Department of Defense.~~

~~(11)(a) The Legislature recognizes the need for innovative planning and development strategies which will address the anticipated demands of continued urbanization of Florida's coastal and other environmentally sensitive areas, and which will accommodate the development of less populated regions of the state which seek economic development and which have suitable land and water resources to accommodate growth in an environmentally acceptable manner. The Legislature further recognizes the substantial advantages of innovative approaches to development which may better serve to protect environmentally sensitive areas, maintain the economic viability of agricultural and other predominantly rural land uses, and provide for the cost efficient delivery of public facilities and services.~~

~~(b) It is the intent of the Legislature that the local government comprehensive plans and plan amendments adopted pursuant to the provisions of this part provide for a planning process which allows for land use efficiencies within existing urban areas and which also allows for the conversion of rural lands to other uses, where appropriate and consistent with the other provisions of this part and the affected local comprehensive plans, through the application of innovative and flexible planning and development strategies and creative land use planning techniques, which may include, but not be limited to, urban villages, new towns, satellite communities, area-based allocations, clustering and open space provisions, mixed use development, and sector planning.~~

~~(c) It is the further intent of the Legislature that local government comprehensive plans and implementing land development regulations shall provide strategies which maximize the use of existing facilities and services through redevelopment, urban infill development, and other strategies for urban revitalization.~~

~~(d)1. The department, in cooperation with the Department of Agriculture and Consumer Services, the Department of Environmental Protection, water management districts, and regional planning councils, shall provide assistance to local governments in the implementation of this paragraph and rule 9J-5.006(5)(l), Florida Administrative Code. Implementation of those provisions shall include a process by which the department may authorize local governments to designate all or portions of lands classified in the future land use element as predominantly agricultural, rural, open, open-rural, or a substantively equivalent land use, as a rural land stewardship area within which planning and economic incentives are applied to encourage the implementation of innovative and flexible planning and development strategies and creative land use planning techniques, including those contained herein and in rule 9J-5.006(5)(l), Florida Administrative Code. Assistance may include, but is not limited to:~~

~~a. Assistance from the Department of Environmental Protection and water management districts in creating the geographic information systems land cover database and aerial photogrammetry needed to prepare for a rural land stewardship area;~~

~~b. Support for local government implementation of rural land stewardship concepts by providing information and assistance to local governments regarding land acquisition programs that may be used by the local government or landowners to leverage the protection of greater acreage and maximize the effectiveness of rural land stewardship areas; and~~

~~c. Expansion of the role of the Department of Community Affairs as a resource agency to facilitate establishment of rural land stewardship areas in smaller rural counties that do not have the staff or planning budgets to create a rural land stewardship area.~~

~~2. The department shall encourage participation by local governments of different sizes and rural characteristics in establishing and implementing rural land stewardship areas. It is the intent of the Legislature that rural land stewardship areas be used to further the following broad principles of rural sustainability: restoration and maintenance of the economic value of rural land; control of urban sprawl; identification and protection of ecosystems, habitats, and natural resources; promotion of rural economic activity; maintenance of the viability of Florida's agricultural economy; and protection of the character of rural areas of Florida. Rural land stewardship areas may be multicounty in order to encourage coordinated regional stewardship planning.~~

~~3. A local government, in conjunction with a regional planning council, a stakeholder organization of private land owners, or another local government, shall notify the department in writing of its intent to designate a rural land stewardship area. The written notification shall describe the basis for the designation, including the extent to which the rural land stewardship area enhances rural land values, controls urban sprawl, provides necessary open space for agriculture and protection of~~

~~the natural environment, promotes rural economic activity, and maintains rural character and the economic viability of agriculture.~~

~~4. A rural land stewardship area shall be not less than 10,000 acres and shall be located outside of municipalities and established urban growth boundaries, and shall be designated by plan amendment. The plan amendment designating a rural land stewardship area shall be subject to review by the Department of Community Affairs pursuant to s. 163.3184 and shall provide for the following:~~

~~a. Criteria for the designation of receiving areas within rural land stewardship areas in which innovative planning and development strategies may be applied. Criteria shall at a minimum provide for the following: adequacy of suitable land to accommodate development so as to avoid conflict with environmentally sensitive areas, resources, and habitats; compatibility between and transition from higher density uses to lower intensity rural uses; the establishment of receiving area service boundaries which provide for a separation between receiving areas and other land uses within the rural land stewardship area through limitations on the extension of services; and connection of receiving areas with the rest of the rural land stewardship area using rural design and rural road corridors.~~

~~b. Goals, objectives, and policies setting forth the innovative planning and development strategies to be applied within rural land stewardship areas pursuant to the provisions of this section.~~

~~c. A process for the implementation of innovative planning and development strategies within the rural land stewardship area, including those described in this subsection and rule 9J-5.006(5)(l), Florida Administrative Code, which provide for a functional mix of land uses, including adequate available workforce housing, including low, very low and moderate income housing for the development anticipated in the receiving area and which are applied through the adoption by the local government of zoning and land development regulations applicable to the rural land stewardship area.~~

~~d. A process which encourages visioning pursuant to s. 163.3167(11) to ensure that innovative planning and development strategies comply with the provisions of this section.~~

~~e. The control of sprawl through the use of innovative strategies and creative land use techniques consistent with the provisions of this subsection and rule 9J 5.006(5)(l), Florida Administrative Code.~~

~~5. A receiving area shall be designated by the adoption of a land development regulation. Prior to the designation of a receiving area, the local government shall provide the Department of Community Affairs a period of 30 days in which to review a proposed receiving area for consistency with the rural land stewardship area plan amendment and to provide comments to the local government. At the time of designation of a stewardship receiving area, a listed species survey will be performed. If listed species occur on the receiving area site, the developer shall coordinate with each appropriate local, state, or federal agency to determine if adequate provisions have been made to protect those species in accordance with applicable regulations. In determining the adequacy of provisions for the protection of listed species and their habitats, the rural land stewardship area shall be considered as a whole, and the impacts to areas to be developed as receiving areas shall be considered together with the environmental benefits of areas protected as sending areas in fulfilling this criteria.~~

~~6. Upon the adoption of a plan amendment creating a rural land stewardship area, the local government shall, by ordinance, establish the methodology for the creation, conveyance, and use of transferable rural land use credits, otherwise referred to as stewardship credits, the application of which shall not constitute a right to develop land, nor increase density of land, except as provided by this section. The total amount of transferable rural land use credits within the rural land stewardship area must enable the realization of the long term vision and goals for the 25 year or greater projected population of the rural land stewardship area, which may take into consideration the anticipated effect of the proposed receiving areas. Transferable rural land use credits are subject to the following limitations:~~

~~a. Transferable rural land use credits may only exist within a rural land stewardship area.~~

~~b. Transferable rural land use credits may only be used on lands designated as receiving areas and then solely for the purpose of implementing innovative planning and development strategies and creative land use planning techniques adopted by the local government pursuant to this section.~~

~~c. Transferable rural land use credits assigned to a parcel of land within a rural land stewardship area shall cease to exist if the parcel of land is removed from the rural land stewardship area by plan amendment.~~

~~d. Neither the creation of the rural land stewardship area by plan amendment nor the assignment of transferable rural land use credits by the local government shall operate to displace the underlying density of land uses assigned to a parcel of land within the rural land stewardship area; however, if transferable rural land use credits are transferred from a parcel for use within a designated receiving area, the underlying density assigned to the parcel of land shall cease to exist.~~

~~e. The underlying density on each parcel of land located within a rural land stewardship area shall not be increased or decreased by the local government, except as a result of the conveyance or use of transferable rural land use credits, as long as the parcel remains within the rural land stewardship area.~~

~~f. Transferable rural land use credits shall cease to exist on a parcel of land where the underlying density assigned to the parcel of land is utilized.~~

~~g. An increase in the density of use on a parcel of land located within a designated receiving area may occur only through the assignment or use of transferable rural land use credits and shall not require a plan amendment.~~

~~h. A change in the density of land use on parcels located within receiving areas shall be specified in a development order which reflects the total number of transferable rural land use credits assigned to the parcel of land and the infrastructure and support services necessary to provide for a functional mix of land uses corresponding to the plan of development.~~

~~i. Land within a rural land stewardship area may be removed from the rural land stewardship area through a plan amendment.~~

~~j. Transferable rural land use credits may be assigned at different ratios of credits per acre according to the natural resource or other beneficial use characteristics of the land and according to the land use remaining following the transfer of credits, with the highest number of credits per acre assigned to the most environmentally valuable land or, in locations where the retention of open space and agricultural land is a priority, to such lands.~~

~~k. The use or conveyance of transferable rural land use credits must be recorded in the public records of the county in which the property is located as a covenant or restrictive easement running with the land in favor of the county and either the Department of Environmental Protection, Department of Agriculture and Consumer Services, a water management district, or a recognized statewide land trust.~~

~~7. Owners of land within rural land stewardship areas should be provided incentives to enter into rural land stewardship agreements, pursuant to existing law and rules adopted thereto, with state agencies, water management districts, and local governments to achieve mutually agreed upon conservation objectives. Such incentives may include, but not be limited to, the following:~~

~~a. Opportunity to accumulate transferable mitigation credits.~~

~~b. Extended permit agreements.~~

~~c. Opportunities for recreational leases and ecotourism.~~

~~d. Payment for specified land management services on publicly owned land, or property under covenant or restricted easement in favor of a public entity.~~

~~e. Option agreements for sale to public entities or private land conservation entities, in either fee or easement, upon achievement of conservation objectives.~~

8. The department shall report to the Legislature on an annual basis on the results of implementation of rural land stewardship areas authorized by the department, including successes and failures in achieving the intent of the Legislature as expressed in this paragraph.

(c) The Legislature finds that mixed use, high density development is appropriate for urban infill and redevelopment areas. Mixed use projects accommodate a variety of uses, including residential and commercial, and usually at higher densities that promote pedestrian-friendly, sustainable communities. The Legislature recognizes that mixed use, high density development improves the quality of life for residents and businesses in urban areas. The Legislature finds that mixed use, high density redevelopment and infill benefits residents by creating a livable community with alternative modes of transportation. Furthermore, the Legislature finds that local zoning ordinances often discourage mixed use, high density development in areas that are appropriate for urban infill and redevelopment. The Legislature intends to discourage single use zoning in urban areas which often leads to lower density, land intensive development outside an urban service area. Therefore, the Department of Community Affairs shall provide technical assistance to local governments in order to encourage mixed use, high density urban infill and redevelopment projects.

(f) The Legislature finds that a program for the transfer of development rights is a useful tool to preserve historic buildings and create public open spaces in urban areas. A program for the transfer of development rights allows the transfer of density credits from historic properties and public open spaces to areas designated for high density development. The Legislature recognizes that high density development is integral to the success of many urban infill and redevelopment projects. The Legislature intends to encourage high density urban infill and redevelopment while preserving historic structures and open spaces. Therefore, the Department of Community Affairs shall provide technical assistance to local governments in order to promote the transfer of development rights within urban areas for high density infill and redevelopment projects.

(g) The implementation of this subsection shall be subject to the provisions of this chapter, chapters 186 and 187, and applicable agency rules.

(h) The department may adopt rules necessary to implement the provisions of this subsection.

(12) A public school facilities element adopted to implement a school concurrency program shall meet the requirements of this subsection. Each county and each municipality within the county, unless exempt or subject to a waiver, must adopt a public school facilities element that is consistent with those adopted by the other local governments within the county and enter the interlocal agreement pursuant to s. 163.31777.

(a) The state land planning agency may provide a waiver to a county and to the municipalities within the county if the capacity rate for all schools within the school district is no greater than 100 percent and the projected 5 year capital outlay full time equivalent student growth rate is less than 10 percent. The state land planning agency may allow for a projected 5-year capital outlay full-time equivalent student growth rate to exceed 10 percent when the projected 10 year capital outlay full time equivalent student enrollment is less than 2,000 students and the capacity rate for all schools within the school district in the tenth year will not exceed the 100-percent limitation. The state land planning agency may allow for a single school to exceed the 100-percent limitation if it can be demonstrated that the capacity rate for that single school is not greater than 105 percent. In making this determination, the state land planning agency shall consider the following criteria:

1. Whether the exceedance is due to temporary circumstances;

2. Whether the projected 5 year capital outlay full time equivalent student growth rate for the school district is approaching the 10 percent threshold;

3. Whether one or more additional schools within the school district are at or approaching the 100 percent threshold; and

4. The adequacy of the data and analysis submitted to support the waiver request.

(b) A municipality in a nonexempt county is exempt if the municipality meets all of the following criteria for having no significant impact on school attendance:

1. The municipality has issued development orders for fewer than 50 residential dwelling units during the preceding 5 years, or the municipality has generated fewer than 25 additional public school students during the preceding 5 years.

2. The municipality has not annexed new land during the preceding 5 years in land use categories that permit residential uses that will affect school attendance rates.

3. The municipality has no public schools located within its boundaries.

(c) A public school facilities element shall be based upon data and analyses that address, among other items, how level of service standards will be achieved and maintained. Such data and analyses must include, at a minimum, such items as: the interlocal agreement adopted pursuant to s. 163.31777 and the 5-year school district facilities work program adopted pursuant to s. 1013.35; the educational plant survey prepared pursuant to s. 1013.31 and an existing educational and ancillary plant map or map series; information on existing development and development anticipated for the next 5 years and the long term planning period; an analysis of problems and opportunities for existing schools and schools anticipated in the future; an analysis of opportunities to collocate future schools with other public facilities such as parks, libraries, and community centers; an analysis of the need for supporting public facilities for existing and future schools; an analysis of opportunities to locate schools to serve as community focal points; projected future population and associated demographics, including development patterns year by year for the upcoming 5 year and long term planning periods; and anticipated educational and ancillary plants with land area requirements.

(d) The element shall contain one or more goals which establish the long-term end toward which public school programs and activities are ultimately directed.

(e) The element shall contain one or more objectives for each goal, setting specific, measurable, intermediate ends that are achievable and mark progress toward the goal.

(f) The element shall contain one or more policies for each objective which establish the way in which programs and activities will be conducted to achieve an identified goal.

(g) The objectives and policies shall address items such as:

1. The procedure for an annual update process;

2. The procedure for school site selection;

3. The procedure for school permitting;

4. Provision for infrastructure necessary to support proposed schools, including potable water, wastewater, drainage, solid waste, transportation, and means by which to assure safe access to schools, including sidewalks, bicycle paths, turn lanes, and signalization;

5. Provision for colocation of other public facilities, such as parks, libraries, and community centers, in proximity to public schools;

6. Provision for location of schools proximate to residential areas and to complement patterns of development, including the location of future school sites so they serve as community focal points;

7. Measures to ensure compatibility of school sites and surrounding land uses;

8. Coordination with adjacent local governments and the school district on emergency preparedness issues, including the use of public schools to serve as emergency shelters; and

9. Coordination with the future land use element.

(h) The element shall include one or more future conditions maps which depict the anticipated location of educational and ancillary plants,

~~including the general location of improvements to existing schools or new schools anticipated over the 5-year or long-term planning period. The maps will of necessity be general for the long-term planning period and more specific for the 5-year period. Maps indicating general locations of future schools or school improvements may not prescribe a land use on a particular parcel of land.~~

~~(i) The state land planning agency shall establish a phased schedule for adoption of the public school facilities element and the required updates to the public schools interlocal agreement pursuant to s. 163.31777. The schedule shall provide for each county and local government within the county to adopt the element and update to the agreement no later than December 1, 2008. Plan amendments to adopt a public school facilities element are exempt from the provisions of s. 163.3187(1).~~

~~(j) The state land planning agency may issue a notice to the school board and the local government to show cause why sanctions should not be enforced for failure to enter into an approved interlocal agreement as required by s. 163.31777 or for failure to implement provisions relating to public school concurrency. If the state land planning agency finds that insufficient cause exists for the school board's or local government's failure to enter into an approved interlocal agreement as required by s. 163.31777 or for the school board's or local government's failure to implement the provisions relating to public school concurrency, the state land planning agency shall submit its finding to the Administration Commission which may impose on the local government any of the sanctions set forth in s. 163.3184(11)(a) and (b) and may impose on the district school board any of the sanctions set forth in s. 1008.32(4).~~

~~(13) Local governments are encouraged to develop a community vision that provides for sustainable growth, recognizes its fiscal constraints, and protects its natural resources. At the request of a local government, the applicable regional planning council shall provide assistance in the development of a community vision.~~

~~(a) As part of the process of developing a community vision under this section, the local government must hold two public meetings with at least one of those meetings before the local planning agency. Before those public meetings, the local government must hold at least one public workshop with stakeholder groups such as neighborhood associations, community organizations, businesses, private property owners, housing and development interests, and environmental organizations.~~

~~(b) The local government must, at a minimum, discuss five of the following topics as part of the workshops and public meetings required under paragraph (a):~~

~~1. Future growth in the area using population forecasts from the Bureau of Economic and Business Research;~~

~~2. Priorities for economic development;~~

~~3. Preservation of open space, environmentally sensitive lands, and agricultural lands;~~

~~4. Appropriate areas and standards for mixed-use development;~~

~~5. Appropriate areas and standards for high-density commercial and residential development;~~

~~6. Appropriate areas and standards for economic development opportunities and employment centers;~~

~~7. Provisions for adequate workforce housing;~~

~~8. An efficient, interconnected multimodal transportation system; and~~

~~9. Opportunities to create land use patterns that accommodate the issues listed in subparagraphs 1.-8.~~

~~(c) As part of the workshops and public meetings, the local government must discuss strategies for addressing the topics discussed under paragraph (b), including:~~

~~1. Strategies to preserve open space and environmentally sensitive lands, and to encourage a healthy agricultural economy, including innovative planning and development strategies, such as the transfer of development rights;~~

~~2. Incentives for mixed-use development, including increased height and intensity standards for buildings that provide residential use in combination with office or commercial space;~~

~~3. Incentives for workforce housing;~~

~~4. Designation of an urban service boundary pursuant to subsection (2); and~~

~~5. Strategies to provide mobility within the community and to protect the Strategic Intermodal System, including the development of a transportation corridor management plan under s. 337.273.~~

~~(d) The community vision must reflect the community's shared concept for growth and development of the community, including visual representations depicting the desired land use patterns and character of the community during a 10-year planning timeframe. The community vision must also take into consideration economic viability of the vision and private property interests.~~

~~(e) After the workshops and public meetings required under paragraph (a) are held, the local government may amend its comprehensive plan to include the community vision as a component in the plan. This plan amendment must be transmitted and adopted pursuant to the procedures in ss. 163.3184 and 163.3189 at public hearings of the governing body other than those identified in paragraph (a).~~

~~(f) Amendments submitted under this subsection are exempt from the limitation on the frequency of plan amendments in s. 163.3187.~~

~~(g) A local government that has developed a community vision or completed a visioning process after July 1, 2000, and before July 1, 2005, which substantially accomplishes the goals set forth in this subsection and the appropriate goals, policies, or objectives have been adopted as part of the comprehensive plan or reflected in subsequently adopted land development regulations and the plan amendment incorporating the community vision as a component has been found in compliance is eligible for the incentives in s. 163.3184(17).~~

~~(14) Local governments are also encouraged to designate an urban service boundary. This area must be appropriate for compact, contiguous urban development within a 10-year planning timeframe. The urban service area boundary must be identified on the future land use map or map series. The local government shall demonstrate that the land included within the urban service boundary is served or is planned to be served with adequate public facilities and services based on the local government's adopted level of service standards by adopting a 10-year facilities plan in the capital improvements element which is financially feasible. The local government shall demonstrate that the amount of land within the urban service boundary does not exceed the amount of land needed to accommodate the projected population growth at densities consistent with the adopted comprehensive plan within the 10-year planning timeframe.~~

~~(a) As part of the process of establishing an urban service boundary, the local government must hold two public meetings with at least one of those meetings before the local planning agency. Before those public meetings, the local government must hold at least one public workshop with stakeholder groups such as neighborhood associations, community organizations, businesses, private property owners, housing and development interests, and environmental organizations.~~

~~(b)1. After the workshops and public meetings required under paragraph (a) are held, the local government may amend its comprehensive plan to include the urban service boundary. This plan amendment must be transmitted and adopted pursuant to the procedures in ss. 163.3184 and 163.3189 at meetings of the governing body other than those required under paragraph (a).~~

~~2. This subsection does not prohibit new development outside an urban service boundary. However, a local government that establishes an urban service boundary under this subsection is encouraged to require a full cost accounting analysis for any new development outside the boundary and to consider the results of that analysis when adopting a plan amendment for property outside the established urban service boundary.~~

~~(c) Amendments submitted under this subsection are exempt from the limitation on the frequency of plan amendments in s. 163.3187.~~

~~(d) A local government that has adopted an urban service boundary before July 1, 2005, which substantially accomplishes the goals set forth in this subsection is not required to comply with paragraph (a) or subparagraph 1. of paragraph (b) in order to be eligible for the incentives under s. 163.3184(17). In order to satisfy the provisions of this paragraph, the local government must secure a determination from the state land planning agency that the urban service boundary adopted before July 1, 2005, substantially complies with the criteria of this subsection, based on data and analysis submitted by the local government to support this determination. The determination by the state land planning agency is not subject to administrative challenge.~~

(7)~~(15)~~(a) The Legislature finds that:

1. There are a number of rural agricultural industrial centers in the state that process, produce, or aid in the production or distribution of a variety of agriculturally based products, including, but not limited to, fruits, vegetables, timber, and other crops, and juices, paper, and building materials. Rural agricultural industrial centers have a significant amount of existing associated infrastructure that is used for processing, producing, or distributing agricultural products.

2. Such rural agricultural industrial centers are often located within or near communities in which the economy is largely dependent upon agriculture and agriculturally based products. The centers significantly enhance the economy of such communities. However, these agriculturally based communities are often socioeconomically challenged and designated as rural areas of critical economic concern. If such rural agricultural industrial centers are lost and not replaced with other job-creating enterprises, the agriculturally based communities will lose a substantial amount of their economies.

3. The state has a compelling interest in preserving the viability of agriculture and protecting rural agricultural communities and the state from the economic upheaval that would result from short-term or long-term adverse changes in the agricultural economy. To protect these communities and promote viable agriculture for the long term, it is essential to encourage and permit diversification of existing rural agricultural industrial centers by providing for jobs that are not solely dependent upon, but are compatible with and complement, existing agricultural industrial operations and to encourage the creation and expansion of industries that use agricultural products in innovative ways. However, the expansion and diversification of these existing centers must be accomplished in a manner that does not promote urban sprawl into surrounding agricultural and rural areas.

(b) As used in this subsection, the term "rural agricultural industrial center" means a developed parcel of land in an unincorporated area on which there exists an operating agricultural industrial facility or facilities that employ at least 200 full-time employees in the aggregate and process and prepare for transport a farm product, as defined in s. 163.3162, or any biomass material that could be used, directly or indirectly, for the production of fuel, renewable energy, bioenergy, or alternative fuel as defined by law. The center may also include land contiguous to the facility site which is not used for the cultivation of crops, but on which other existing activities essential to the operation of such facility or facilities are located or conducted. The parcel of land must be located within, or within 10 miles of, a rural area of critical economic concern.

(c)1. A landowner whose land is located within a rural agricultural industrial center may apply for an amendment to the local government comprehensive plan for the purpose of designating and expanding the existing agricultural industrial uses of facilities located within the center or expanding the existing center to include industrial uses or facilities that are not dependent upon but are compatible with agriculture and the existing uses and facilities. A local government comprehensive plan amendment under this paragraph must:

a. Not increase the physical area of the existing rural agricultural industrial center by more than 50 percent or 320 acres, whichever is greater.

b. Propose a project that would, upon completion, create at least 50 new full-time jobs.

c. Demonstrate that sufficient infrastructure capacity exists or will be provided to support the expanded center at the level-of-service standards adopted in the local government comprehensive plan.

d. Contain goals, objectives, and policies that will ensure that any adverse environmental impacts of the expanded center will be adequately addressed and mitigation implemented or demonstrate that the local government comprehensive plan contains such provisions.

2. Within 6 months after receiving an application as provided in this paragraph, the local government shall transmit the application to the state land planning agency for review pursuant to this chapter together with any needed amendments to the applicable sections of its comprehensive plan to include goals, objectives, and policies that provide for the expansion of rural agricultural industrial centers and discourage urban sprawl in the surrounding areas. Such goals, objectives, and policies must promote and be consistent with the findings in this subsection. An amendment that meets the requirements of this subsection is presumed *not* to be *urban sprawl as defined in s. 163.3164 and shall be considered within 90 days after any review required by the state land planning agency if required by s. 163.3184.* ~~consistent with rule 9J-5.006(5), Florida Administrative Code~~. This presumption may be rebutted by a preponderance of the evidence.

(d) This subsection does not apply to an optional sector plan adopted pursuant to s. 163.3245, a rural land stewardship area designated pursuant to *s. 163.3248* ~~subsection (11)~~, or any comprehensive plan amendment that includes an inland port terminal or affiliated port development.

(e) Nothing in this subsection shall be construed to confer the status of rural area of critical economic concern, or any of the rights or benefits derived from such status, on any land area not otherwise designated as such pursuant to s. 288.0656(7).

Section 13. Section 163.31777, Florida Statutes, is amended to read:

163.31777 Public schools interlocal agreement.—

(1)~~(a)~~ The county and municipalities located within the geographic area of a school district shall enter into an interlocal agreement with the district school board which jointly establishes the specific ways in which the plans and processes of the district school board and the local governments are to be coordinated. ~~The interlocal agreements shall be submitted to the state land planning agency and the Office of Educational Facilities in accordance with a schedule published by the state land planning agency.~~

~~(b) The schedule must establish staggered due dates for submission of interlocal agreements that are executed by both the local government and the district school board, commencing on March 1, 2003, and concluding by December 1, 2004, and must set the same date for all governmental entities within a school district. However, if the county where the school district is located contains more than 20 municipalities, the state land planning agency may establish staggered due dates for the submission of interlocal agreements by these municipalities. The schedule must begin with those areas where both the number of districtwide capital-outlay full-time-equivalent students equals 80 percent or more of the current year's school capacity and the projected 5-year student growth is 1,000 or greater, or where the projected 5-year student growth rate is 10 percent or greater.~~

~~(c) If the student population has declined over the 5-year period preceding the due date for submittal of an interlocal agreement by the local government and the district school board, the local government and the district school board may petition the state land planning agency for a waiver of one or more requirements of subsection (2). The waiver must be granted if the procedures called for in subsection (2) are unnecessary because of the school district's declining school age population, considering the district's 5-year facilities work program prepared pursuant to s. 1013.35. The state land planning agency may modify or revoke the waiver upon a finding that the conditions upon which the waiver was granted no longer exist. The district school board and local governments must submit an interlocal agreement within 1 year after notification by the state land planning agency that the conditions for a waiver no longer exist.~~

~~(d) Interlocal agreements between local governments and district school boards adopted pursuant to s. 163.3177 before the effective date of this section must be updated and executed pursuant to the requirements of this section, if necessary. Amendments to interlocal agreements adopted pursuant to this section must be submitted to the state land planning agency within 30 days after execution by the parties for review consistent with this section.~~ Local governments and the district school board in each school district are encouraged to adopt a single interlocal agreement to which all join as parties. ~~The state land planning agency shall assemble and make available model interlocal agreements meeting the requirements of this section and notify local governments and, jointly with the Department of Education, the district school boards of the requirements of this section, the dates for compliance, and the sanctions for noncompliance. The state land planning agency shall be available to informally review proposed interlocal agreements. If the state land planning agency has not received a proposed interlocal agreement for informal review, the state land planning agency shall, at least 60 days before the deadline for submission of the executed agreement, renotify the local government and the district school board of the upcoming deadline and the potential for sanctions.~~

(2) At a minimum, the interlocal agreement must address ~~interlocal agreement requirements in s. 163.3180(13)(g), except for exempt local governments as provided in s. 163.3177(12), and must address~~ the following issues:

(a) A process by which each local government and the district school board agree and base their plans on consistent projections of the amount, type, and distribution of population growth and student enrollment. The geographic distribution of jurisdiction-wide growth forecasts is a major objective of the process.

(b) A process to coordinate and share information relating to existing and planned public school facilities, including school renovations and closures, and local government plans for development and redevelopment.

(c) Participation by affected local governments with the district school board in the process of evaluating potential school closures, significant renovations to existing schools, and new school site selection before land acquisition. Local governments shall advise the district school board as to the consistency of the proposed closure, renovation, or new site with the local comprehensive plan, including appropriate circumstances and criteria under which a district school board may request an amendment to the comprehensive plan for school siting.

(d) A process for determining the need for and timing of onsite and offsite improvements to support new, proposed expansion, or redevelopment of existing schools. The process must address identification of the party or parties responsible for the improvements.

(e) A process for the school board to inform the local government regarding the effect of comprehensive plan amendments on school capacity. The capacity reporting must be consistent with laws and rules relating to measurement of school facility capacity and must also identify how the district school board will meet the public school demand based on the facilities work program adopted pursuant to s. 1013.35.

(f) Participation of the local governments in the preparation of the annual update to the district school board's 5-year district facilities work program and educational plant survey prepared pursuant to s. 1013.35.

(g) A process for determining where and how joint use of either school board or local government facilities can be shared for mutual benefit and efficiency.

(h) A procedure for the resolution of disputes between the district school board and local governments, which may include the dispute resolution processes contained in chapters 164 and 186.

(i) An oversight process, including an opportunity for public participation, for the implementation of the interlocal agreement.

~~(3)(a) The Office of Educational Facilities shall submit any comments or concerns regarding the executed interlocal agreement to the state land planning agency within 30 days after receipt of the executed interlocal agreement. The state land planning agency shall review the executed interlocal agreement to determine whether it is consistent with the requirements of subsection (2), the adopted local government comprehensive plan, and other requirements of law. Within 60 days after receipt of an executed interlocal agreement, the state land planning agency shall publish a notice of intent in the Florida Administrative Weekly and shall post a copy of the notice on the agency's Internet site. The notice of intent must state whether the interlocal agreement is consistent or inconsistent with the requirements of subsection (2) and this subsection, as appropriate.~~

~~(b) The state land planning agency's notice is subject to challenge under chapter 120; however, an affected person, as defined in s. 163.3184(1)(a), has standing to initiate the administrative proceeding, and this proceeding is the sole means available to challenge the consistency of an interlocal agreement required by this section with the criteria contained in subsection (2) and this subsection. In order to have standing, each person must have submitted oral or written comments, recommendations, or objections to the local government or the school board before the adoption of the interlocal agreement by the school board and local government. The district school board and local governments are parties to any such proceeding. In this proceeding, when the state land planning agency finds the interlocal agreement to be consistent with the criteria in subsection (2) and this subsection, the interlocal agreement shall be determined to be consistent with subsection (2) and this subsection if the local government's and school board's determination of consistency is fairly debatable. When the state planning agency finds the interlocal agreement to be inconsistent with the requirements of subsection (2) and this subsection, the local government's and school board's determination of consistency shall be sustained unless it is shown by a preponderance of the evidence that the interlocal agreement is inconsistent.~~

~~(c) If the state land planning agency enters a final order that finds that the interlocal agreement is inconsistent with the requirements of subsection (2) or this subsection, it shall forward it to the Administration Commission, which may impose sanctions against the local government pursuant to s. 163.3184(11) and may impose sanctions against the district school board by directing the Department of Education to withhold from the district school board an equivalent amount of funds for school construction available pursuant to ss. 1013.65, 1013.68, 1013.70, and 1013.72.~~

~~(4) If an executed interlocal agreement is not timely submitted to the state land planning agency for review, the state land planning agency shall, within 15 working days after the deadline for submittal, issue to the local government and the district school board a Notice to Show Cause why sanctions should not be imposed for failure to submit an executed interlocal agreement by the deadline established by the agency. The agency shall forward the notice and the responses to the Administration Commission, which may enter a final order citing the failure to comply and imposing sanctions against the local government and district school board by directing the appropriate agencies to withhold at least 5 percent of state funds pursuant to s. 163.3184(11) and by directing the Department of Education to withhold from the district school board at least 5 percent of funds for school construction available pursuant to ss. 1013.65, 1013.68, 1013.70, and 1013.72.~~

~~(5) Any local government transmitting a public school element to implement school concurrency pursuant to the requirements of s. 163.3180 before the effective date of this section is not required to amend the element or any interlocal agreement to conform with the provisions of this section if the element is adopted prior to or within 1 year after the effective date of this section and remains in effect until the county conducts its evaluation and appraisal report and identifies changes necessary to more fully conform to the provisions of this section.~~

~~(6) Except as provided in subsection (7), municipalities meeting the exemption criteria in s. 163.3177(12) are exempt from the requirements of subsections (1), (2), and (3).~~

~~(7) At the time of the evaluation and appraisal report, each exempt municipality shall assess the extent to which it continues to meet the criteria for exemption under s. 163.3177(12). If the municipality continues to meet these criteria, the municipality shall continue to be exempt from the interlocal agreement requirement. Each municipality exempt under s. 163.3177(12) must comply with the provisions of this section within 1 year after the district school board proposes, in its 5-year district facilities work program, a new school within the municipality's jurisdiction.~~

Section 14. Subsection (9) of section 163.3178, Florida Statutes, is amended to read:

163.3178 Coastal management.—

(9)(a) ~~Local governments may elect to comply with rule 9J-5.012(3)(b)6. and 7., Florida Administrative Code, through the process provided in this section.~~ A proposed comprehensive plan amendment shall be found in compliance with state coastal high-hazard provisions ~~pursuant to rule 9J-5.012(3)(b)6. and 7., Florida Administrative Code,~~ if:

1. The adopted level of service for out-of-county hurricane evacuation is maintained for a category 5 storm event as measured on the Saffir-Simpson scale; *or*

2. A 12-hour evacuation time to shelter is maintained for a category 5 storm event as measured on the Saffir-Simpson scale and shelter space reasonably expected to accommodate the residents of the development contemplated by a proposed comprehensive plan amendment is available; or

3. Appropriate mitigation is provided that will satisfy ~~the provisions of~~ subparagraph 1. or subparagraph 2. Appropriate mitigation shall include, without limitation, payment of money, contribution of land, and construction of hurricane shelters and transportation facilities. Required mitigation *may* ~~shall~~ not exceed the amount required for a developer to accommodate impacts reasonably attributable to development. A local government and a developer shall enter into a binding agreement to memorialize the mitigation plan.

(b) For those local governments that have not established a level of service for out-of-county hurricane evacuation by July 1, 2008, ~~but elect to comply with rule 9J-5.012(3)(b)6. and 7., Florida Administrative Code,~~ by following the process in paragraph (a), the level of service shall be no greater than 16 hours for a category 5 storm event as measured on the Saffir-Simpson scale.

(c) This subsection shall become effective immediately and shall apply to all local governments. No later than July 1, 2008, local governments shall amend their future land use map and coastal management element to include the new definition of coastal high-hazard area and to depict the coastal high-hazard area on the future land use map.

Section 15. Section 163.3180, Florida Statutes, is amended to read:

163.3180 Concurrency.—

(1)~~(a)~~ Sanitary sewer, solid waste, drainage, *and* potable water~~, parks and recreation, schools, and transportation facilities, including mass transit, where applicable,~~ are the only public facilities and services subject to the concurrency requirement on a statewide basis. Additional public facilities and services may not be made subject to concurrency on a statewide basis without ~~appropriate study and~~ approval by the Legislature; however, any local government may extend the concurrency requirement so that it applies to additional public facilities within its jurisdiction.

(a) If concurrency is applied to other public facilities, the local government comprehensive plan must provide the principles, guidelines, standards, and strategies, including adopted levels of service, to guide its application. In order for a local government to rescind any optional concurrency provisions, a comprehensive plan amendment is required. An amendment rescinding optional concurrency issues is not subject to state review.

(b) The local government comprehensive plan must demonstrate, for required or optional concurrency requirements, that the levels of service adopted can be reasonably met. Infrastructure needed to ensure that adopted level-of-service standards are achieved and maintained for the 5-year period of the capital improvement schedule must be identified pursuant to the requirements of s. 163.3177(3). The comprehensive plan must include principles, guidelines, standards, and strategies for the establishment of a concurrency management system.

~~(b) Local governments shall use professionally accepted techniques for measuring level of service for automobiles, bicycles, pedestrians, transit, and trucks. These techniques may be used to evaluate increased accessibility by multiple modes and reductions in vehicle miles of travel in an area or zone. The Department of Transportation shall develop methodologies to assist local governments in implementing this multimodal level of service analysis. The Department of Community Affairs and the Department of Transportation shall provide technical assistance to local governments in applying these methodologies.~~

(2)~~(a)~~ Consistent with public health and safety, sanitary sewer, solid waste, drainage, adequate water supplies, and potable water facilities shall be in place and available to serve new development no later than the issuance by the local government of a certificate of occupancy or its functional equivalent. Prior to approval of a building permit or its functional equivalent, the local government shall consult with the applicable water supplier to determine whether adequate water supplies to serve the new development will be available no later than the anticipated date of issuance by the local government of a certificate of occupancy or its functional equivalent. A local government may meet the concurrency requirement for sanitary sewer through the use of onsite sewage treatment and disposal systems approved by the Department of Health to serve new development.

~~(b) Consistent with the public welfare, and except as otherwise provided in this section, parks and recreation facilities to serve new development shall be in place or under actual construction no later than 1 year after issuance by the local government of a certificate of occupancy or its functional equivalent. However, the acreage for such facilities shall be dedicated or be acquired by the local government prior to issuance by the local government of a certificate of occupancy or its functional equivalent, or funds in the amount of the developer's fair share shall be committed no later than the local government's approval to commence construction.~~

~~(c) Consistent with the public welfare, and except as otherwise provided in this section, transportation facilities needed to serve new development shall be in place or under actual construction within 3 years after the local government approves a building permit or its functional equivalent that results in traffic generation.~~

(3) Governmental entities that are not responsible for providing, financing, operating, or regulating public facilities needed to serve development may not establish binding level-of-service standards on governmental entities that do bear those responsibilities. ~~This subsection does not limit the authority of any agency to recommend or make objections, recommendations, comments, or determinations during reviews conducted under s. 163.3184.~~

(4)~~(a)~~ The concurrency requirement as implemented in local comprehensive plans applies to state and other public facilities and development to the same extent that it applies to all other facilities and development, as provided by law.

~~(b) The concurrency requirement as implemented in local comprehensive plans does not apply to public transit facilities. For the purposes of this paragraph, public transit facilities include transit stations and terminals; transit station parking; park-and-ride lots; intermodal public transit connection or transfer facilities; fixed bus, guideway, and rail stations; and airport passenger terminals and concourses, air cargo facilities, and hangars for the assembly, manufacture, maintenance, or storage of aircraft. As used in this paragraph, the terms "terminals" and "transit facilities" do not include seaports or commercial or residential development constructed in conjunction with a public transit facility.~~

~~(c) The concurrency requirement, except as it relates to transportation facilities and public schools, as implemented in local government comprehensive plans, may be waived by a local government for urban infill and redevelopment areas designated pursuant to s. 163.2517 if such a waiver does not endanger public health or safety as defined by the local government in its local government comprehensive plan. The waiver shall be adopted as a plan amendment pursuant to the process set forth in s. 163.3187(3)(a). A local government may grant a concurrency exception pursuant to subsection (5) for transportation facilities located within these urban infill and redevelopment areas.~~

(5)*(a) If concurrency is applied to transportation facilities, the local government comprehensive plan must provide the principles, guidelines, standards, and strategies, including adopted levels of service to guide its application.*

(b) Local governments shall use professionally accepted studies to evaluate the appropriate levels of service. Local governments should

consider the number of facilities that will be necessary to meet level-of-service demands when determining the appropriate levels of service. The schedule of facilities that are necessary to meet the adopted level of service shall be reflected in the capital improvement element.

(c) Local governments shall use professionally accepted techniques for measuring levels of service when evaluating potential impacts of a proposed development.

(d) The premise of concurrency is that the public facilities will be provided in order to achieve and maintain the adopted level of service standard. A comprehensive plan that imposes transportation concurrency shall contain appropriate amendments to the capital improvements element of the comprehensive plan, consistent with the requirements of s. 163.3177(3). The capital improvements element shall identify facilities necessary to meet adopted levels of service during a 5-year period.

(e) If a local government applies transportation concurrency in its jurisdiction, it is encouraged to develop policy guidelines and techniques to address potential negative impacts on future development:

1. In urban infill and redevelopment, and urban service areas.

2. With special part-time demands on the transportation system.

3. With de minimis impacts.

4. On community desired types of development, such as redevelopment, or job creation projects.

(f) Local governments are encouraged to develop tools and techniques to complement the application of transportation concurrency such as:

1. Adoption of long-term strategies to facilitate development patterns that support multimodal solutions, including urban design, and appropriate land use mixes, including intensity and density.

2. Adoption of an areawide level of service not dependent on any single road segment function.

3. Exempting or discounting impacts of locally desired development, such as development in urban areas, redevelopment, job creation, and mixed use on the transportation system.

4. Assigning secondary priority to vehicle mobility and primary priority to ensuring a safe, comfortable, and attractive pedestrian environment, with convenient interconnection to transit.

5. Establishing multimodal level of service standards that rely primarily on nonvehicular modes of transportation where existing or planned community design will provide adequate level of mobility.

6. Reducing impact fees or local access fees to promote development within urban areas, multimodal transportation districts, and a balance of mixed use development in certain areas or districts, or for affordable or workforce housing.

(g) Local governments are encouraged to coordinate with adjacent local governments for the purpose of using common methodologies for measuring impacts on transportation facilities.

(h) Local governments that implement transportation concurrency must:

1. Consult with the Department of Transportation when proposed plan amendments affect facilities on the strategic intermodal system.

2. Exempt public transit facilities from concurrency. For the purposes of this subparagraph, public transit facilities include transit stations and terminals; transit station parking; park-and-ride lots; intermodal public transit connection or transfer facilities; fixed bus, guideway, and rail stations; and airport passenger terminals and concourses, air cargo facilities, and hangars for the assembly, manufacture, maintenance, or storage of aircraft. As used in this subparagraph, the terms "terminals" and "transit facilities" do not include seaports or commercial or residential development constructed in conjunction with a public transit facility.

3. Allow an applicant for a development-of-regional-impact development order, a rezoning, or other land use development permit to satisfy the transportation concurrency requirements of the local comprehensive plan, the local government's concurrency management system, and s. 380.06, when applicable, if:

a. The applicant enters into a binding agreement to pay for or construct its proportionate share of required improvements.

b. The proportionate-share contribution or construction is sufficient to accomplish one or more mobility improvements that will benefit a regionally significant transportation facility. c.(I) The local government has provided a means by which the landowner will be assessed a proportionate share of the cost of providing the transportation facilities necessary to serve the proposed development. An applicant shall not be held responsible for the additional cost of reducing or eliminating deficiencies.

(II) When an applicant contributes or constructs its proportionate share pursuant to this subparagraph, a local government may not require payment or construction of transportation facilities whose costs would be greater than a development's proportionate share of the improvements necessary to mitigate the development's impacts.

(A) The proportionate-share contribution shall be calculated based upon the number of trips from the proposed development expected to reach roadways during the peak hour from the stage or phase being approved, divided by the change in the peak hour maximum service volume of roadways resulting from construction of an improvement necessary to maintain or achieve the adopted level of service, multiplied by the construction cost, at the time of development payment, of the improvement necessary to maintain or achieve the adopted level of service.

(B) In using the proportionate-share formula provided in this subparagraph, the applicant, in its traffic analysis, shall identify those roads or facilities that have a transportation deficiency in accordance with the transportation deficiency as defined in sub-subparagraph e. The proportionate-share formula provided in this subparagraph shall be applied only to those facilities that are determined to be significantly impacted by the project traffic under review. If any road is determined to be transportation deficient without the project traffic under review, the costs of correcting that deficiency shall be removed from the project's proportionate-share calculation and the necessary transportation improvements to correct that deficiency shall be considered to be in place for purposes of the proportionate-share calculation. The improvement necessary to correct the transportation deficiency is the funding responsibility of the entity that has maintenance responsibility for the facility. The development's proportionate share shall be calculated only for the needed transportation improvements that are greater than the identified deficiency.

(C) When the provisions of this subparagraph have been satisfied for a particular stage or phase of development, all transportation impacts from that stage or phase for which mitigation was required and provided shall be deemed fully mitigated in any transportation analysis for a subsequent stage or phase of development. Trips from a previous stage or phase that did not result in impacts for which mitigation was required or provided may be cumulatively analyzed with trips from a subsequent stage or phase to determine whether an impact requires mitigation for the subsequent stage or phase.

(D) In projecting the number of trips to be generated by the development under review, any trips assigned to a toll-financed facility shall be eliminated from the analysis.

(E) The applicant shall receive a credit on a dollar-for-dollar basis for impact fees, mobility fees, and other transportation concurrency mitigation requirements paid or payable in the future for the project. The credit shall be reduced up to 20 percent by the percentage share that the project's traffic represents of the added capacity of the selected improvement, or by the amount specified by local ordinance, whichever yields the greater credit.

d. This subsection does not require a local government to approve a development that is not otherwise qualified for approval pursuant to the applicable local comprehensive plan and land development regulations.

e. As used in this subsection, the term "transportation deficiency" means a facility or facilities on which the adopted level-of-service standard is exceeded by the existing, committed, and vested trips, plus addi-

tional projected background trips from any source other than the development project under review, and trips that are forecast by established traffic standards, including traffic modeling, consistent with the University of Florida's Bureau of Economic and Business Research medium population projections. Additional projected background trips are to be coincident with the particular stage or phase of development under review.

~~(a) The Legislature finds that under limited circumstances, countervailing planning and public policy goals may come into conflict with the requirement that adequate public transportation facilities and services be available concurrent with the impacts of such development. The Legislature further finds that the unintended result of the concurrency requirement for transportation facilities is often the discouragement of urban infill development and redevelopment. Such unintended results directly conflict with the goals and policies of the state comprehensive plan and the intent of this part. The Legislature also finds that in urban centers transportation cannot be effectively managed and mobility cannot be improved solely through the expansion of roadway capacity, that the expansion of roadway capacity is not always physically or financially possible, and that a range of transportation alternatives is essential to satisfy mobility needs, reduce congestion, and achieve healthy, vibrant centers.~~

~~(b)1. The following are transportation concurrency exception areas:~~

~~a. A municipality that qualifies as a dense urban land area under s. 163.3164;~~

~~b. An urban service area under s. 163.3164 that has been adopted into the local comprehensive plan and is located within a county that qualifies as a dense urban land area under s. 163.3164; and~~

~~c. A county, including the municipalities located therein, which has a population of at least 900,000 and qualifies as a dense urban land area under s. 163.3164, but does not have an urban service area designated in the local comprehensive plan.~~

~~2. A municipality that does not qualify as a dense urban land area pursuant to s. 163.3164 may designate in its local comprehensive plan the following areas as transportation concurrency exception areas:~~

~~a. Urban infill as defined in s. 163.3164;~~

~~b. Community redevelopment areas as defined in s. 163.340;~~

~~c. Downtown revitalization areas as defined in s. 163.3164;~~

~~d. Urban infill and redevelopment under s. 163.2517; or~~

~~e. Urban service areas as defined in s. 163.3164 or areas within a designated urban service boundary under s. 163.3177(14).~~

~~3. A county that does not qualify as a dense urban land area pursuant to s. 163.3164 may designate in its local comprehensive plan the following areas as transportation concurrency exception areas:~~

~~a. Urban infill as defined in s. 163.3164;~~

~~b. Urban infill and redevelopment under s. 163.2517; or~~

~~c. Urban service areas as defined in s. 163.3164.~~

~~4. A local government that has a transportation concurrency exception area designated pursuant to subparagraph 1., subparagraph 2., or subparagraph 3. shall, within 2 years after the designated area becomes exempt, adopt into its local comprehensive plan land use and transportation strategies to support and fund mobility within the exception area, including alternative modes of transportation. Local governments are encouraged to adopt complementary land use and transportation strategies that reflect the region's shared vision for its future. If the state land planning agency finds insufficient cause for the failure to adopt into its comprehensive plan land use and transportation strategies to support and fund mobility within the designated exception area after 2 years, it shall submit the finding to the Administration Commission, which may impose any of the sanctions set forth in s. 163.3184(11)(a) and (b) against the local government.~~

~~5. Transportation concurrency exception areas designated pursuant to subparagraph 1., subparagraph 2., or subparagraph 3. do not apply to designated transportation concurrency districts located within a county that has a population of at least 1.5 million, has implemented and uses a transportation-related concurrency assessment to support alternative modes of transportation, including, but not limited to, mass transit, and does not levy transportation impact fees within the concurrency district.~~

~~6. Transportation concurrency exception areas designated under subparagraph 1., subparagraph 2., or subparagraph 3. do not apply in any county that has exempted more than 40 percent of the area inside the urban service area from transportation concurrency for the purpose of urban infill.~~

~~7. A local government that does not have a transportation concurrency exception area designated pursuant to subparagraph 1., subparagraph 2., or subparagraph 3. may grant an exception from the concurrency requirement for transportation facilities if the proposed development is otherwise consistent with the adopted local government comprehensive plan and is a project that promotes public transportation or is located within an area designated in the comprehensive plan for:~~

~~a. Urban infill development;~~

~~b. Urban redevelopment;~~

~~c. Downtown revitalization;~~

~~d. Urban infill and redevelopment under s. 163.2517; or~~

~~e. An urban service area specifically designated as a transportation concurrency exception area which includes lands appropriate for compact, contiguous urban development, which does not exceed the amount of land needed to accommodate the projected population growth at densities consistent with the adopted comprehensive plan within the 10-year planning period, and which is served or is planned to be served with public facilities and services as provided by the capital improvements element.~~

~~(c) The Legislature also finds that developments located within urban infill, urban redevelopment, urban service, or downtown revitalization areas or areas designated as urban infill and redevelopment areas under s. 163.2517, which pose only special part-time demands on the transportation system, are exempt from the concurrency requirement for transportation facilities. A special part-time demand is one that does not have more than 200 scheduled events during any calendar year and does not affect the 100 highest traffic volume hours.~~

~~(d) Except for transportation concurrency exception areas designated pursuant to subparagraph (b)1., subparagraph (b)2., or subparagraph (b)3., the following requirements apply:~~

~~1. The local government shall both adopt into the comprehensive plan and implement long-term strategies to support and fund mobility within the designated exception area, including alternative modes of transportation. The plan amendment must also demonstrate how strategies will support the purpose of the exception and how mobility within the designated exception area will be provided.~~

~~2. The strategies must address urban design; appropriate land use mixes, including intensity and density; and network connectivity plans needed to promote urban infill, redevelopment, or downtown revitalization. The comprehensive plan amendment designating the concurrency exception area must be accompanied by data and analysis supporting the local government's determination of the boundaries of the transportation concurrency exception area.~~

~~(e) Before designating a concurrency exception area pursuant to subparagraph (b)7., the state land planning agency and the Department of Transportation shall be consulted by the local government to assess the impact that the proposed exception area is expected to have on the adopted level of service standards established for regional transportation facilities identified pursuant to s. 186.507, including the Strategic Intermodal System and roadway facilities funded in accordance with s. 339.2819. Further, the local government shall provide a plan for the mitigation of impacts to the Strategic Intermodal System, including, if appropriate, access management, parallel reliever roads, transportation demand management, and other measures.~~

~~(f) The designation of a transportation concurrency exception area does not limit a local government's home rule power to adopt ordinances or impose fees. This subsection does not affect any contract or agreement entered into or development order rendered before the creation of the transportation concurrency exception area except as provided in s. 380.06(29)(e).~~

~~(g) The Office of Program Policy Analysis and Government Accountability shall submit to the President of the Senate and the Speaker of the House of Representatives by February 1, 2015, a report on transportation concurrency exception areas created pursuant to this subsection. At a minimum, the report shall address the methods that local governments have used to implement and fund transportation strategies to achieve the purposes of designated transportation concurrency exception areas, and the effects of the strategies on mobility, congestion, urban design, the density and intensity of land use mixes, and network connectivity plans used to promote urban infill, redevelopment, or downtown revitalization.~~

~~(6) The Legislature finds that a de minimis impact is consistent with this part. A de minimis impact is an impact that would not affect more than 1 percent of the maximum volume at the adopted level of service of the affected transportation facility as determined by the local government. No impact will be de minimis if the sum of existing roadway volumes and the projected volumes from approved projects on a transportation facility would exceed 110 percent of the maximum volume at the adopted level of service of the affected transportation facility; provided however, that an impact of a single family home on an existing lot will constitute a de minimis impact on all roadways regardless of the level of the deficiency of the roadway. Further, no impact will be de minimis if it would exceed the adopted level-of-service standard of any affected designated hurricane evacuation routes. Each local government shall maintain sufficient records to ensure that the 110 percent criterion is not exceeded. Each local government shall submit annually, with its updated capital improvements element, a summary of the de minimis records. If the state land planning agency determines that the 110 percent criterion has been exceeded, the state land planning agency shall notify the local government of the exceedance and that no further de minimis exceptions for the applicable roadway may be granted until such time as the volume is reduced below the 110 percent. The local government shall provide proof of this reduction to the state land planning agency before issuing further de minimis exceptions.~~

~~(7) In order to promote infill development and redevelopment, one or more transportation concurrency management areas may be designated in a local government comprehensive plan. A transportation concurrency management area must be a compact geographic area with an existing network of roads where multiple, viable alternative travel paths or modes are available for common trips. A local government may establish an areawide level-of-service standard for such a transportation concurrency management area based upon an analysis that provides for a justification for the areawide level of service, how urban infill development or redevelopment will be promoted, and how mobility will be accomplished within the transportation concurrency management area. Prior to the designation of a concurrency management area, the Department of Transportation shall be consulted by the local government to assess the impact that the proposed concurrency management area is expected to have on the adopted level-of-service standards established for Strategic Intermodal System facilities, as defined in s. 339.64, and roadway facilities funded in accordance with s. 339.2819. Further, the local government shall, in cooperation with the Department of Transportation, develop a plan to mitigate any impacts to the Strategic Intermodal System, including, if appropriate, the development of a long-term concurrency management system pursuant to subsection (9) and s. 163.3177(3)(d). Transportation concurrency management areas existing prior to July 1, 2005, shall meet, at a minimum, the provisions of this section by July 1, 2006, or at the time of the comprehensive plan update pursuant to the evaluation and appraisal report, whichever occurs last. The state land planning agency shall amend chapter 9J-5, Florida Administrative Code, to be consistent with this subsection.~~

~~(8) When assessing the transportation impacts of proposed urban redevelopment within an established existing urban service area, 110 percent of the actual transportation impact caused by the previously existing development must be reserved for the redevelopment, even if the previously existing development has a lesser or nonexisting impact pursuant to the calculations of the local government. Redevelopment requiring less than 110 percent of the previously existing capacity shall not be prohibited due to the reduction of transportation levels of service below the adopted standards. This does not preclude the appropriate assessment of fees or accounting for the impacts within the concurrency management system and capital improvements program of the affected local government. This paragraph does not affect local government requirements for appropriate development permits.~~

~~(9)(a) Each local government may adopt as a part of its plan, long-term transportation and school concurrency management systems with a planning period of up to 10 years for specially designated districts or areas where significant backlogs exist. The plan may include interim level of service standards on certain facilities and shall rely on the local government's schedule of capital improvements for up to 10 years as a basis for issuing development orders that authorize commencement of construction in these designated districts or areas. The concurrency management system must be designed to correct existing deficiencies and set priorities for addressing backlogged facilities. The concurrency management system must be financially feasible and consistent with other portions of the adopted local plan, including the future land use map.~~

~~(b) If a local government has a transportation or school facility backlog for existing development which cannot be adequately addressed in a 10-year plan, the state land planning agency may allow it to develop a plan and long-term schedule of capital improvements covering up to 15 years for good and sufficient cause, based on a general comparison between that local government and all other similarly situated local jurisdictions, using the following factors:~~

~~1. The extent of the backlog.~~

~~2. For roads, whether the backlog is on local or state roads.~~

~~3. The cost of eliminating the backlog.~~

~~4. The local government's tax and other revenue raising efforts.~~

~~(c) The local government may issue approvals to commence construction notwithstanding this section, consistent with and in areas that are subject to a long-term concurrency management system.~~

~~(d) If the local government adopts a long-term concurrency management system, it must evaluate the system periodically. At a minimum, the local government must assess its progress toward improving levels of service within the long-term concurrency management district or area in the evaluation and appraisal report and determine any changes that are necessary to accelerate progress in meeting acceptable levels of service.~~

~~(10) Except in transportation concurrency exception areas, with regard to roadway facilities on the Strategic Intermodal System designated in accordance with s. 339.63, local governments shall adopt the level of service standard established by the Department of Transportation by rule. However, if the Office of Tourism, Trade, and Economic Development concurs in writing with the local government that the proposed development is for a qualified job creation project under s. 288.0656 or s. 403.973, the affected local government, after consulting with the Department of Transportation, may provide for a waiver of transportation concurrency for the project. For all other roads on the State Highway System, local governments shall establish an adequate level-of-service standard that need not be consistent with any level-of-service standard established by the Department of Transportation. In establishing adequate level-of-service standards for any arterial roads, or collector roads as appropriate, which traverse multiple jurisdictions, local governments shall consider compatibility with the roadway facility's adopted level-of-service standards in adjacent jurisdictions. Each local government within a county shall use a professionally accepted methodology for measuring impacts on transportation facilities for the purposes of implementing its concurrency management system. Counties are encouraged to coordinate with adjacent counties, and local governments within a county are encouraged to coordinate, for the purpose of using common methodologies for measuring impacts on transportation facilities for the purpose of implementing their concurrency management systems.~~

~~(11) In order to limit the liability of local governments, a local government may allow a landowner to proceed with development of a specific parcel of land notwithstanding a failure of the development to sa-~~

~~tisfy transportation concurrency, when all the following factors are shown to exist:~~

~~(a) The local government with jurisdiction over the property has adopted a local comprehensive plan that is in compliance.~~

~~(b) The proposed development would be consistent with the future land use designation for the specific property and with pertinent portions of the adopted local plan, as determined by the local government.~~

~~(c) The local plan includes a financially feasible capital improvements element that provides for transportation facilities adequate to serve the proposed development, and the local government has not implemented that element.~~

~~(d) The local government has provided a means by which the landowner will be assessed a fair share of the cost of providing the transportation facilities necessary to serve the proposed development.~~

~~(e) The landowner has made a binding commitment to the local government to pay the fair share of the cost of providing the transportation facilities to serve the proposed development.~~

~~(12)(a) A development of regional impact may satisfy the transportation concurrency requirements of the local comprehensive plan, the local government's concurrency management system, and s. 380.06 by payment of a proportionate-share contribution for local and regionally significant traffic impacts, if:~~

~~1. The development of regional impact which, based on its location or mix of land uses, is designed to encourage pedestrian or other nonautomotive modes of transportation;~~

~~2. The proportionate share contribution for local and regionally significant traffic impacts is sufficient to pay for one or more required mobility improvements that will benefit a regionally significant transportation facility;~~

~~3. The owner and developer of the development of regional impact pays or assures payment of the proportionate-share contribution; and~~

~~4. If the regionally significant transportation facility to be constructed or improved is under the maintenance authority of a governmental entity, as defined by s. 334.03(12), other than the local government with jurisdiction over the development of regional impact, the developer is required to enter into a binding and legally enforceable commitment to transfer funds to the governmental entity having maintenance authority or to otherwise assure construction or improvement of the facility.~~

~~The proportionate-share contribution may be applied to any transportation facility to satisfy the provisions of this subsection and the local comprehensive plan, but, for the purposes of this subsection, the amount of the proportionate-share contribution shall be calculated based upon the cumulative number of trips from the proposed development expected to reach roadways during the peak hour from the complete buildout of a stage or phase being approved, divided by the change in the peak hour maximum service volume of roadways resulting from construction of an improvement necessary to maintain the adopted level of service, multiplied by the construction cost, at the time of developer payment, of the improvement necessary to maintain the adopted level of service. For purposes of this subsection, "construction cost" includes all associated costs of the improvement. Proportionate-share mitigation shall be limited to ensure that a development of regional impact meeting the requirements of this subsection mitigates its impact on the transportation system but is not responsible for the additional cost of reducing or eliminating backlogs. This subsection also applies to Florida Quality Developments pursuant to s. 380.061 and to detailed specific area plans implementing optional sector plans pursuant to s. 163.3245.~~

~~(b) As used in this subsection, the term "backlog" means a facility or facilities on which the adopted level of service standard is exceeded by the existing trips, plus additional projected background trips from any source other than the development project under review that are forecast by established traffic standards, including traffic modeling, consistent with the University of Florida Bureau of Economic and Business Research medium population projections. Additional projected background trips are to be coincident with the particular stage or phase of development under review.~~

~~(13) School concurrency shall be established on a districtwide basis and shall include all public schools in the district and all portions of the district, whether located in a municipality or an unincorporated area unless exempt from the public school facilities element pursuant to s. 163.3177(12).~~

(6)(a) If concurrency is applied to public education facilities, ~~The application of school concurrency to development shall be based upon the adopted comprehensive plan, as amended.~~ all local governments within a county, except as provided in paragraph *(i)* ~~(f)~~, shall *include principles, guidelines, standards, and strategies, including adopted levels of service, in their comprehensive plans and* ~~adopt and transmit to the state land planning agency the necessary plan amendments, along with the~~ interlocal *agreements. If the county and one or more municipalities have adopted school concurrency into its comprehensive plan and interlocal agreement that represents at least 80 percent of the total countywide population, the failure of one or more municipalities to adopt the concurrency and enter into the interlocal agreement does not preclude implementation of school concurrency within jurisdictions of the school district that have opted to implement concurrency.* ~~agreement, for a compliance review pursuant to s. 163.3184(7) and (8). The minimum requirements for school concurrency are the following:~~

~~(a) Public school facilities element.—A local government shall adopt and transmit to the state land planning agency a plan or plan amendment which includes a public school facilities element which is consistent with the requirements of s. 163.3177(12) and which is determined to be in compliance as defined in s. 163.3184(1)(b).~~ All local government *provisions included in comprehensive plans regarding school concurrency* ~~public school facilities plan elements~~ within a county must be consistent with each other as well as the requirements of this part.

(b) ~~Level of service standards.—The Legislature recognizes that an essential requirement for a concurrency management system is the level of service at which a public facility is expected to operate.~~

~~1.~~ Local governments and school boards imposing school concurrency shall exercise authority in conjunction with each other to establish jointly adequate level-of-service standards~~, as defined in chapter 9J-5, Florida Administrative Code,~~ necessary to implement the adopted local government comprehensive plan, based on data and analysis.

(c)~~2.~~ Public school level-of-service standards shall be included and adopted into the capital improvements element of the local comprehensive plan and shall apply districtwide to all schools of the same type. Types of schools may include elementary, middle, and high schools as well as special purpose facilities such as magnet schools.

(d)~~3.~~ Local governments and school boards *may* ~~shall have the option to~~ utilize tiered level-of-service standards to allow time to achieve an adequate and desirable level of service as circumstances warrant.

(e)~~4. For the purpose of determining whether levels of service have been achieved, for the first 3 years of school concurrency implementation,~~ A school district that includes relocatable facilities in its inventory of student stations shall include the capacity of such relocatable facilities as provided in s. 1013.35(2)(b)2.f., provided the relocatable facilities were purchased after 1998 and the relocatable facilities meet the standards for long-term use pursuant to s. 1013.20.

~~(c) Service areas.—The Legislature recognizes that an essential requirement for a concurrency system is a designation of the area within which the level of service will be measured when an application for a residential development permit is reviewed for school concurrency purposes. This delineation is also important for purposes of determining whether the local government has a financially feasible public school capital facilities program that will provide schools which will achieve and maintain the adopted level-of-service standards.~~

*(f)*1. In order to balance competing interests, preserve the constitutional concept of uniformity, and avoid disruption of existing educational and growth management processes, local governments are encouraged*, if they elect to adopt school concurrency,* to ~~initially~~ apply school concurrency to development ~~only~~ on a districtwide basis so that a concurrency determination for a specific development will be based upon the availability of school capacity districtwide. ~~To ensure that development is coordinated with schools having available capacity, within 5 years after adoption of school concurrency,~~ *2. If a* local *government elects to*

~~governments shall~~ apply school concurrency on a less than districtwide basis, *by* ~~such as~~ using school attendance zones or concurrency service areas:~~, as provided in subparagraph 2.~~

a.~~2.~~ ~~For local governments applying school concurrency on a less than districtwide basis, such as utilizing school attendance zones or larger school concurrency service areas,~~ Local governments and school boards shall have the burden to demonstrate that the utilization of school capacity is maximized to the greatest extent possible in the comprehensive plan and amendment, taking into account transportation costs and court-approved desegregation plans, as well as other factors. In addition, in order to achieve concurrency within the service area boundaries selected by local governments and school boards, the service area boundaries, together with the standards for establishing those boundaries, shall be identified and included as supporting data and analysis for the comprehensive plan.

b.~~3.~~ Where school capacity is available on a districtwide basis but school concurrency is applied on a less than districtwide basis in the form of concurrency service areas, if the adopted level-of-service standard cannot be met in a particular service area as applied to an application for a development permit and if the needed capacity for the particular service area is available in one or more contiguous service areas, as adopted by the local government, then the local government may not deny an application for site plan or final subdivision approval or the functional equivalent for a development or phase of a development on the basis of school concurrency, and if issued, development impacts shall be *subtracted from the* ~~shifted to~~ contiguous service *area's* ~~areas with schools having available~~ capacity *totals*. *Students from the development may not be required to go to the adjacent service area unless the school board rezones the area in which the development occurs.*

(g)~~(d) Financial feasibility. The Legislature recognizes that financial feasibility is an important issue because~~ The premise of concurrency is that the public facilities will be provided in order to achieve and maintain the adopted level-of-service standard. ~~This part and chapter 9J-5, Florida Administrative Code, contain specific standards to determine the financial feasibility of capital programs. These standards were adopted to make concurrency more predictable and local governments more accountable.~~

~~1.~~ A comprehensive plan *that imposes* ~~amendment seeking to impose~~ school concurrency shall contain appropriate amendments to the capital improvements element of the comprehensive plan, consistent with the requirements of s. 163.3177(3) ~~and rule 9J-5.016, Florida Administrative Code~~. The capital improvements element shall *identify facilities necessary to meet adopted levels of service during a 5-year period consistent with the school board's educational* ~~set forth a financially feasible public school capital~~ facilities *plan* ~~program, established in conjunction with the school board, that demonstrates that the adopted level-of-service standards will be achieved and maintained~~.

(h)1. In order to limit the liability of local governments, a local government may allow a landowner to proceed with development of a specific parcel of land notwithstanding a failure of the development to satisfy school concurrency, if all the following factors are shown to exist:

a. The proposed development would be consistent with the future land use designation for the specific property and with pertinent portions of the adopted local plan, as determined by the local government.

b. The local government's capital improvements element and the school board's educational facilities plan provide for school facilities adequate to serve the proposed development, and the local government or school board has not implemented that element or the project includes a plan that demonstrates that the capital facilities needed as a result of the project can be reasonably provided.

c. The local government and school board have provided a means by which the landowner will be assessed a proportionate share of the cost of providing the school facilities necessary to serve the proposed development.

~~2. Such amendments shall demonstrate that the public school capital facilities program meets all of the financial feasibility standards of this part and chapter 9J-5, Florida Administrative Code, that apply to capital programs which provide the basis for mandatory concurrency on other public facilities and services.~~

~~3. When the financial feasibility of a public school capital facilities program is evaluated by the state land planning agency for purposes of a compliance determination, the evaluation shall be based upon the service areas selected by the local governments and school board.~~

2.~~(e) Availability standard. Consistent with the public welfare,~~ *If* a local government *applies school concurrency, it* may not deny an application for site plan, final subdivision approval, or the functional equivalent for a development or phase of a development authorizing residential development for failure to achieve and maintain the level-of-service standard for public school capacity in a local school concurrency management system where adequate school facilities will be in place or under actual construction within 3 years after the issuance of final subdivision or site plan approval, or the functional equivalent. School concurrency is satisfied if the developer executes a legally binding commitment to provide mitigation proportionate to the demand for public school facilities to be created by actual development of the property, including, but not limited to, the options described in *sub-subparagraph a.* ~~subparagraph 1~~. Options for proportionate-share mitigation of impacts on public school facilities must be established in the *comprehensive plan* ~~public school facilities element~~ and the interlocal agreement pursuant to s. 163.31777.

a.~~1.~~ Appropriate mitigation options include the contribution of land; the construction, expansion, or payment for land acquisition or construction of a public school facility; the construction of a charter school that complies with the requirements of s. 1002.33(18); or the creation of mitigation banking based on the construction of a public school facility in exchange for the right to sell capacity credits. Such options must include execution by the applicant and the local government of a development agreement that constitutes a legally binding commitment to pay proportionate-share mitigation for the additional residential units approved by the local government in a development order and actually developed on the property, taking into account residential density allowed on the property prior to the plan amendment that increased the overall residential density. The district school board must be a party to such an agreement. As a condition of its entry into such a development agreement, the local government may require the landowner to agree to continuing renewal of the agreement upon its expiration.

b.~~2.~~ If the *interlocal agreement* ~~education facilities plan~~ and the *local government comprehensive plan* ~~public educational facilities element~~ authorize a contribution of land; the construction, expansion, or payment for land acquisition; the construction or expansion of a public school facility, or a portion thereof; or the construction of a charter school that complies with the requirements of s. 1002.33(18), as proportionate-share mitigation, the local government shall credit such a contribution, construction, expansion, or payment toward any other impact fee or exaction imposed by local ordinance for the same need, on a dollar-for-dollar basis at fair market value.

c.~~3.~~ Any proportionate-share mitigation must be directed by the school board toward a school capacity improvement identified in *the* ~~a financially feasible~~ 5-year *school board's educational facilities* ~~district work~~ plan that satisfies the demands created by the development in accordance with a binding developer's agreement.

~~4. If a development is precluded from commencing because there is inadequate classroom capacity to mitigate the impacts of the development, the development may nevertheless commence if there are accelerated facilities in an approved capital improvement element scheduled for construction in year four or later of such plan which, when built, will mitigate the proposed development, or if such accelerated facilities will be in the next annual update of the capital facilities element, the developer enters into a binding, financially guaranteed agreement with the school district to construct an accelerated facility within the first 3 years of an approved capital improvement plan, and the cost of the school facility is equal to or greater than the development's proportionate share. When the completed school facility is conveyed to the school district, the developer shall receive impact fee credits usable within the zone where the facility is constructed or any attendance zone contiguous with or adjacent to the zone where the facility is constructed.~~

3.~~5.~~ This paragraph does not limit the authority of a local government to deny a development permit or its functional equivalent pursuant to its home rule regulatory powers, except as provided in this part.

(i)~~(f) Intergovernmental coordination.~~

~~1. When establishing concurrency requirements for public schools, a local government shall satisfy the requirements for intergovernmental coordination set forth in s. 163.3177(6)(h)1. and 2., except that~~ A municipality is not required to be a signatory to the interlocal agreement required by *paragraph (j)* ~~ss. 163.3177(6)(h)2. and 163.31777(6)~~, as a prerequisite for imposition of school concurrency, and as a nonsignatory, *may* ~~shall~~ not participate in the adopted local school concurrency system, if the municipality meets all of the following criteria for having no significant impact on school attendance:

1.~~a.~~ The municipality has issued development orders for fewer than 50 residential dwelling units during the preceding 5 years, or the municipality has generated fewer than 25 additional public school students during the preceding 5 years.

2.~~b.~~ The municipality has not annexed new land during the preceding 5 years in land use categories which permit residential uses that will affect school attendance rates.

3.~~c.~~ The municipality has no public schools located within its boundaries.

4.~~d.~~ At least 80 percent of the developable land within the boundaries of the municipality has been built upon.

~~2. A municipality which qualifies as having no significant impact on school attendance pursuant to the criteria of subparagraph 1. must review and determine at the time of its evaluation and appraisal report pursuant to s. 163.3191 whether it continues to meet the criteria pursuant to s. 163.31777(6). If the municipality determines that it no longer meets the criteria, it must adopt appropriate school concurrency goals, objectives, and policies in its plan amendments based on the evaluation and appraisal report, and enter into the existing interlocal agreement required by ss. 163.3177(6)(h)2. and 163.31777, in order to fully participate in the school concurrency system. If such a municipality fails to do so, it will be subject to the enforcement provisions of s. 163.3191.~~

(j)(~~g~~) ~~Interlocal agreement for school concurrency.~~ When establishing concurrency requirements for public schools, a local government must enter into an interlocal agreement that satisfies the requirements in ss. 163.3177(6)(h)1. and 2. and 163.31777 and the requirements of this subsection. The interlocal agreement shall acknowledge both the school board's constitutional and statutory obligations to provide a uniform system of free public schools on a countywide basis, and the land use authority of local governments, including their authority to approve or deny comprehensive plan amendments and development orders. ~~The interlocal agreement shall be submitted to the state land planning agency by the local government as a part of the compliance review, along with the other necessary amendments to the comprehensive plan required by this part. In addition to the requirements of ss. 163.3177(6)(h) and 163.31777,~~ The interlocal agreement shall meet the following requirements:

1. Establish the mechanisms for coordinating the development, adoption, and amendment of each local government's *school concurrency related provisions of the comprehensive plan* ~~public school facilities element~~ with each other and the plans of the school board to ensure a uniform districtwide school concurrency system.

~~2. Establish a process for the development of siting criteria which encourages the location of public schools proximate to urban residential areas to the extent possible and seeks to collocate schools with other public facilities such as parks, libraries, and community centers to the extent possible.~~

2.~~3.~~ Specify uniform, districtwide level-of-service standards for public schools of the same type and the process for modifying the adopted level-of-service standards.

~~4. Establish a process for the preparation, amendment, and joint approval by each local government and the school board of a public school capital facilities program which is financially feasible, and a process and schedule for incorporation of the public school capital facilities program into the local government comprehensive plans on an annual basis.~~

3.~~5.~~ Define the geographic application of school concurrency. If school concurrency is to be applied on a less than districtwide basis in the form of concurrency service areas, the agreement shall establish criteria and standards for the establishment and modification of school concurrency service areas. ~~The agreement shall also establish a process and schedule for the mandatory incorporation of the school concurrency service areas and the criteria and standards for establishment of the service areas into the local government comprehensive plans.~~ The agreement shall ensure maximum utilization of school capacity, taking into account transportation costs and court-approved desegregation plans, as well as other factors. ~~The agreement shall also ensure the achievement and maintenance of the adopted level-of-service standards for the geographic area of application throughout the 5 years covered by the public school capital facilities plan and thereafter by adding a new fifth year during the annual update.~~

4.~~6.~~ Establish a uniform districtwide procedure for implementing school concurrency which provides for:

a. The evaluation of development applications for compliance with school concurrency requirements, including information provided by the school board on affected schools, impact on levels of service, and programmed improvements for affected schools and any options to provide sufficient capacity;

b. An opportunity for the school board to review and comment on the effect of comprehensive plan amendments and rezonings on the public school facilities plan; and

c. The monitoring and evaluation of the school concurrency system.

~~7. Include provisions relating to amendment of the agreement.~~

5.~~8.~~ A process and uniform methodology for determining proportionate-share mitigation pursuant to *paragraph (h)* ~~subparagraph (e)1~~.

(k)(~~h~~) ~~Local government authority.~~ This subsection does not limit the authority of a local government to grant or deny a development permit or its functional equivalent prior to the implementation of school concurrency.

~~(14) The state land planning agency shall, by October 1, 1998, adopt by rule minimum criteria for the review and determination of compliance of a public school facilities element adopted by a local government for purposes of imposition of school concurrency.~~

~~(15)(a) Multimodal transportation districts may be established under a local government comprehensive plan in areas delineated on the future land use map for which the local comprehensive plan assigns secondary priority to vehicle mobility and primary priority to assuring a safe, comfortable, and attractive pedestrian environment, with convenient interconnection to transit. Such districts must incorporate community design features that will reduce the number of automobile trips or vehicle miles of travel and will support an integrated, multimodal transportation system. Prior to the designation of multimodal transportation districts, the Department of Transportation shall be consulted by the local government to assess the impact that the proposed multimodal district area is expected to have on the adopted level of service standards established for Strategic Intermodal System facilities, as defined in s. 339.64, and roadway facilities funded in accordance with s. 339.2819. Further, the local government shall, in cooperation with the Department of Transportation, develop a plan to mitigate any impacts to the Strategic Intermodal System, including the development of a long-term concurrency management system pursuant to subsection (9) and s. 163.3177(3)(d). Multimodal transportation districts existing prior to July 1, 2005, shall meet, at a minimum, the provisions of this section by July 1, 2006, or at the time of the comprehensive plan update pursuant to the evaluation and appraisal report, whichever occurs last.~~

~~(b) Community design elements of such a district include: a complementary mix and range of land uses, including educational, recreational, and cultural uses; interconnected networks of streets designed to encourage walking and bicycling, with traffic calming where desirable; appropriate densities and intensities of use within walking distance of transit stops; daily activities within walking distance of residences, allowing independence to persons who do not drive; public uses, streets, and squares that are safe, comfortable, and attractive for the pedestrian, with adjoining buildings open to the street and with parking not interfering with pedestrian, transit, automobile, and truck travel modes.~~

~~(c) Local governments may establish multimodal level-of-service standards that rely primarily on nonvehicular modes of transportation within the district, when justified by an analysis demonstrating that the existing and planned community design will provide an adequate level of mobility within the district based upon professionally accepted multimodal level of service methodologies. The analysis must also demonstrate that the capital improvements required to promote community design are financially feasible over the development or redevelopment timeframe for the district and that community design features within the district provide convenient interconnection for a multimodal transportation system. Local governments may issue development permits in reliance upon all planned community design capital improvements that are financially feasible over the development or redevelopment timeframe for the district, without regard to the period of time between development or redevelopment and the scheduled construction of the capital improvements. A determination of financial feasibility shall be based upon currently available funding or funding sources that could reasonably be expected to become available over the planning period.~~

~~(d) Local governments may reduce impact fees or local access fees for development within multimodal transportation districts based on the reduction of vehicle trips per household or vehicle miles of travel expected from the development pattern planned for the district.~~

~~(16) It is the intent of the Legislature to provide a method by which the impacts of development on transportation facilities can be mitigated by the cooperative efforts of the public and private sectors. The methodology used to calculate proportionate fair share mitigation under this section shall be as provided for in subsection (12).~~

~~(a) By December 1, 2006, each local government shall adopt by ordinance a methodology for assessing proportionate fair share mitigation options. By December 1, 2005, the Department of Transportation shall develop a model transportation concurrency management ordinance with methodologies for assessing proportionate fair-share mitigation options.~~

~~(b)1. In its transportation concurrency management system, a local government shall, by December 1, 2006, include methodologies that will be applied to calculate proportionate fair share mitigation. A developer may choose to satisfy all transportation concurrency requirements by contributing or paying proportionate fair share mitigation if transportation facilities or facility segments identified as mitigation for traffic impacts are specifically identified for funding in the 5 year schedule of capital improvements in the capital improvements element of the local plan or the long term concurrency management system or if such contributions or payments to such facilities or segments are reflected in the 5 year schedule of capital improvements in the next regularly scheduled update of the capital improvements element. Updates to the 5 year capital improvements element which reflect proportionate fair-share contributions may not be found not in compliance based on ss. 163.3164(32) and 163.3177(3) if additional contributions, payments or funding sources are reasonably anticipated during a period not to exceed 10 years to fully mitigate impacts on the transportation facilities.~~

~~2. Proportionate fair-share mitigation shall be applied as a credit against impact fees to the extent that all or a portion of the proportionate fair share mitigation is used to address the same capital infrastructure improvements contemplated by the local government's impact fee ordinance.~~

~~(c) Proportionate fair-share mitigation includes, without limitation, separately or collectively, private funds, contributions of land, and construction and contribution of facilities and may include public funds as determined by the local government. Proportionate fair share mitigation may be directed toward one or more specific transportation improvements reasonably related to the mobility demands created by the development and such improvements may address one or more modes of travel. The fair market value of the proportionate fair-share mitigation shall not differ based on the form of mitigation. A local government may not require a development to pay more than its proportionate fair-share contribution regardless of the method of mitigation. Proportionate fair-share mitigation shall be limited to ensure that a development meeting the requirements of this section mitigates its impact on the transportation system but is not responsible for the additional cost of reducing or eliminating backlogs.~~

~~(d) This subsection does not require a local government to approve a development that is not otherwise qualified for approval pursuant to the applicable local comprehensive plan and land development regulations.~~

~~(e) Mitigation for development impacts to facilities on the Strategic Intermodal System made pursuant to this subsection requires the concurrence of the Department of Transportation.~~

~~(f) If the funds in an adopted 5 year capital improvements element are insufficient to fully fund construction of a transportation improvement required by the local government's concurrency management system, a local government and a developer may still enter into a binding proportionate-share agreement authorizing the developer to construct that amount of development on which the proportionate share is calculated if the proportionate share amount in such agreement is sufficient to pay for one or more improvements which will, in the opinion of the governmental entity or entities maintaining the transportation facilities, significantly benefit the impacted transportation system. The improvements funded by the proportionate share component must be adopted into the 5-year capital improvements schedule of the comprehensive plan at the next annual capital improvements element update. The funding of any improvements that significantly benefit the impacted transportation system satisfies concurrency requirements as a mitigation of the development's impact upon the overall transportation system even if there remains a failure of concurrency on other impacted facilities.~~

~~(g) Except as provided in subparagraph (b)1., this section may not prohibit the Department of Community Affairs from finding other portions of the capital improvements element amendments not in compliance as provided in this chapter.~~

~~(h) The provisions of this subsection do not apply to a development of regional impact satisfying the requirements of subsection (12).~~

~~(i) As used in this subsection, the term "backlog" means a facility or facilities on which the adopted level of service standard is exceeded by the existing trips, plus additional projected background trips from any source other than the development project under review that are forecast by established traffic standards, including traffic modeling, consistent with the University of Florida Bureau of Economic and Business Research medium population projections. Additional projected background trips are to be coincident with the particular stage or phase of development under review.~~

~~(17) A local government and the developer of affordable workforce housing units developed in accordance with s. 380.06(19) or s. 380.0651(3) may identify an employment center or centers in close proximity to the affordable workforce housing units. If at least 50 percent of the units are occupied by an employee or employees of an identified employment center or centers, all of the affordable workforce housing units are exempt from transportation concurrency requirements, and the local government may not reduce any transportation trip generation entitlements of an approved development of regional impact development order. As used in this subsection, the term "close proximity" means 5 miles from the nearest point of the development of regional impact to the nearest point of the employment center, and the term "employment center" means a place of employment that employs at least 25 or more full time employees.~~

Section 16. Section 163.3182, Florida Statutes, is amended to read:

163.3182 Transportation *deficiencies* ~~concurrency backlogs~~.—

(1) DEFINITIONS.—For purposes of this section, the term:

(a) "Transportation *deficiency* ~~concurrency backlog~~ area" means the geographic area within the unincorporated portion of a county or within the municipal boundary of a municipality designated in a local government comprehensive plan for which a transportation *development* ~~concurrency backlog~~ authority is created pursuant to this section. A transportation *deficiency* ~~concurrency backlog~~ area created within the corporate boundary of a municipality shall be made pursuant to an interlocal agreement between a county, a municipality or municipalities, and any affected taxing authority or authorities.

(b) "Authority" or "transportation *development* ~~concurrency backlog~~ authority" means the governing body of a county or municipality within which an authority is created.

(c) "Governing body" means the council, commission, or other legislative body charged with governing the county or municipality within which *an* ~~a transportation concurrency backlog~~ authority is created pursuant to this section.

(d) "Transportation *deficiency* ~~concurrency backlog~~" means an identified *need* ~~deficiency~~ where the existing *and projected* extent of traffic volume exceeds the level of service standard adopted in a local government comprehensive plan for a transportation facility.

(e) "Transportation *sufficiency* ~~concurrency backlog~~ plan" means the plan adopted as part of a local government comprehensive plan by the governing body of a county or municipality acting as a transportation *development* ~~concurrency backlog~~ authority.

(f) "Transportation ~~concurrency backlog~~ project" means any designated transportation project identified for construction within the jurisdiction of a transportation *development* ~~concurrency backlog~~ authority.

(g) "Debt service millage" means any millage levied pursuant to s. 12, Art. VII of the State Constitution.

(h) "Increment revenue" means the amount calculated pursuant to subsection (5).

(i) "Taxing authority" means a public body that levies or is authorized to levy an ad valorem tax on real property located within a transportation *deficiency* ~~concurrency backlog~~ area, except a school district.

(2) CREATION OF TRANSPORTATION *DEVELOPMENT* ~~CONCURRENCY BACKLOG~~ AUTHORITIES.—

(a) A county or municipality may create a transportation *development* ~~concurrency backlog~~ authority if it has an identified transportation *deficiency* ~~concurrency backlog~~.

(b) Acting as the transportation *development* ~~concurrency backlog~~ authority within the authority's jurisdictional boundary, the governing body of a county or municipality shall adopt and implement a plan to eliminate all identified transportation *deficiencies* ~~concurrency backlogs~~ within the authority's jurisdiction using funds provided pursuant to subsection (5) and as otherwise provided pursuant to this section.

(c) The Legislature finds and declares that there exist in many counties and municipalities areas that have significant transportation deficiencies and inadequate transportation facilities; that many insufficiencies and inadequacies severely limit or prohibit the satisfaction of transportation *level of service* ~~concurrency~~ standards; that the transportation insufficiencies and inadequacies affect the health, safety, and welfare of the residents of these counties and municipalities; that the transportation insufficiencies and inadequacies adversely affect economic development and growth of the tax base for the areas in which these insufficiencies and inadequacies exist; and that the elimination of transportation deficiencies and inadequacies and the satisfaction of transportation concurrency standards are paramount public purposes for the state and its counties and municipalities.

(3) POWERS OF A TRANSPORTATION *DEVELOPMENT* ~~CONCURRENCY BACKLOG~~ AUTHORITY.—Each transportation *development* ~~concurrency backlog~~ authority *created pursuant to this section* has the powers necessary or convenient to carry out the purposes of this section, including the following powers in addition to others granted in this section:

(a) To make and execute contracts and other instruments necessary or convenient to the exercise of its powers under this section.

(b) To undertake and carry out transportation ~~concurrency backlog~~ projects for transportation facilities *designed to relieve transportation deficiencies* ~~that have a concurrency backlog~~ within the authority's jurisdiction. *Transportation* ~~Concurrency backlog~~ projects may include transportation facilities that provide for alternative modes of travel including sidewalks, bikeways, and mass transit which are related to a *deficient* ~~backlogged~~ transportation facility.

(c) To invest any transportation ~~concurrency backlog~~ funds held in reserve, sinking funds, or any such funds not required for immediate disbursement in property or securities in which savings banks may legally invest funds subject to the control of the authority and to redeem such bonds as have been issued pursuant to this section at the redemption price established therein, or to purchase such bonds at less than redemption price. All such bonds redeemed or purchased shall be canceled.

(d) To borrow money, including, but not limited to, issuing debt obligations such as, but not limited to, bonds, notes, certificates, and similar debt instruments; to apply for and accept advances, loans, grants, contributions, and any other forms of financial assistance from the Federal Government or the state, county, or any other public body or from any sources, public or private, for the purposes of this part; to give such security as may be required; to enter into and carry out contracts or agreements; and to include in any contracts for financial assistance with the Federal Government for or with respect to a transportation ~~concurrency backlog~~ project and related activities such conditions imposed under federal laws as the transportation *development* ~~concurrency backlog~~ authority considers reasonable and appropriate and which are not inconsistent with the purposes of this section.

(e) To make or have made all surveys and plans necessary to the carrying out of the purposes of this section; to contract with any persons, public or private, in making and carrying out such plans; and to adopt, approve, modify, or amend such transportation *sufficiency* ~~concurrency backlog~~ plans.

(f) To appropriate such funds and make such expenditures as are necessary to carry out the purposes of this section, and to enter into agreements with other public bodies, which agreements may extend over any period notwithstanding any provision or rule of law to the contrary.

(4) TRANSPORTATION *SUFFICIENCY* ~~CONCURRENCY BACKLOG~~ PLANS.—

~~(a)~~ Each transportation *development* ~~concurrency backlog~~ authority shall adopt a transportation *sufficiency* ~~concurrency backlog~~ plan as a part of the local government comprehensive plan within 6 months after the creation of the authority. The plan must:

(a)~~1.~~ Identify all transportation facilities that have been designated as deficient and require the expenditure of moneys to upgrade, modify, or mitigate the deficiency.

(b)~~2.~~ Include a priority listing of all transportation facilities that have been designated as deficient and do not satisfy ~~concurrency~~ requirements pursuant to s. 163.3180, and the applicable local government comprehensive plan.

(c)~~3.~~ Establish a schedule for financing and construction of transportation ~~concurrency backlog~~ projects that will eliminate transportation *deficiencies* ~~concurrency backlogs~~ within the jurisdiction of the authority within 10 years after the transportation *sufficiency* ~~concurrency backlog~~ plan adoption. The schedule shall be adopted as part of the local government comprehensive plan.

~~(b) The adoption of the transportation concurrency backlog plan shall be exempt from the provisions of s. 163.3187(1).~~

Notwithstanding such schedule requirements, as long as the schedule provides for the elimination of all transportation *deficiencies* ~~concurrency backlogs~~ within 10 years after the adoption of the *transportation sufficiency* ~~concurrency backlog~~ plan, the final maturity date of any debt incurred to finance or refinance the related projects may be no later than 40 years after the date the debt is incurred and the authority may continue operations and administer the trust fund established as provided in subsection (5) for as long as the debt remains outstanding.

(5) ESTABLISHMENT OF LOCAL TRUST FUND.—The transportation *development* ~~concurrency backlog~~ authority shall establish a local transportation ~~concurrency backlog~~ trust fund upon creation of the authority. Each local trust fund shall be administered by the transportation *development* ~~concurrency backlog~~ authority within which ~~a~~ transportation *deficiencies have* ~~concurrency backlog has~~ been identified. Each local trust fund must continue to be funded under this section for as long as the projects set forth in the related transportation *sufficiency* ~~con-~~

~~currency backlog~~ plan remain to be completed or until any debt incurred to finance or refinance the related projects is no longer outstanding, whichever occurs later. Beginning in the first fiscal year after the creation of the authority, each local trust fund shall be funded by the proceeds of an ad valorem tax increment collected within each transportation *deficiency* ~~concurrency backlog~~ area to be determined annually and shall be a minimum of 25 percent of the difference between the amounts set forth in paragraphs (a) and (b), except that if all of the affected taxing authorities agree under an interlocal agreement, a particular local trust fund may be funded by the proceeds of an ad valorem tax increment greater than 25 percent of the difference between the amounts set forth in paragraphs (a) and (b):

(a) The amount of ad valorem tax levied each year by each taxing authority, exclusive of any amount from any debt service millage, on taxable real property contained within the jurisdiction of the transportation *development* ~~concurrency backlog~~ authority and within the transportation *deficiency* ~~backlog~~ area; and

(b) The amount of ad valorem taxes which would have been produced by the rate upon which the tax is levied each year by or for each taxing authority, exclusive of any debt service millage, upon the total of the assessed value of the taxable real property within the transportation *deficiency* ~~concurrency backlog~~ area as shown on the most recent assessment roll used in connection with the taxation of such property of each taxing authority prior to the effective date of the ordinance funding the trust fund.

(6) EXEMPTIONS.—

(a) The following public bodies or taxing authorities are exempt from ~~the provisions of~~ this section:

1. A special district that levies ad valorem taxes on taxable real property in more than one county.

2. A special district for which the sole available source of revenue is the authority to levy ad valorem taxes at the time an ordinance is adopted under this section. However, revenues or aid that may be dispensed or appropriated to a district as defined in s. 388.011 at the discretion of an entity other than such district *are* ~~shall~~ not ~~be~~ deemed available.

3. A library district.

4. A neighborhood improvement district created under the Safe Neighborhoods Act.

5. A metropolitan transportation authority.

6. A water management district created under s. 373.069.

7. A community redevelopment agency.

(b) A transportation *development* ~~concurrency exemption~~ authority may also exempt from this section a special district that levies ad valorem taxes within the transportation *deficiency* ~~concurrency backlog~~ area pursuant to s. 163.387(2)(d).

(7) TRANSPORTATION CONCURRENCY SATISFACTION.—Upon adoption of a transportation *sufficiency* ~~concurrency backlog~~ plan as a part of the local government comprehensive plan, and the plan going into effect, the area subject to the plan shall be deemed to have achieved and maintained transportation level-of-service standards~~, and to have met requirements for financial feasibility for transportation facilities, and for the purpose of proposed development transportation concurrency has been satisfied~~. Proportionate fair-share mitigation shall be limited to ensure that a development inside a transportation *deficiency* ~~concurrency backlog~~ area is not responsible for the additional costs of eliminating *deficiencies* ~~backlogs~~.

(8) DISSOLUTION.—Upon completion of all transportation ~~concurrency backlog~~ projects *identified in the transportation sufficiency plan* and repayment or defeasance of all debt issued to finance or refinance such projects, a transportation *development* ~~concurrency backlog~~ authority shall be dissolved, and its assets and liabilities transferred to the county or municipality within which the authority is located. All remaining assets of the authority must be used for implementation of transportation projects within the jurisdiction of the authority. The local government comprehensive plan shall be amended to remove the transportation concurrency backlog plan.

Section 17. Section 163.3184, Florida Statutes, is amended to read:

163.3184 Process for adoption of comprehensive plan or plan amendment.—

(1) DEFINITIONS.—As used in this section, the term:

(a) "Affected person" includes the affected local government; persons owning property, residing, or owning or operating a business within the boundaries of the local government whose plan is the subject of the review; owners of real property abutting real property that is the subject of a proposed change to a future land use map; and adjoining local governments that can demonstrate that the plan or plan amendment will produce substantial impacts on the increased need for publicly funded infrastructure or substantial impacts on areas designated for protection or special treatment within their jurisdiction. Each person, other than an adjoining local government, in order to qualify under this definition, shall also have submitted oral or written comments, recommendations, or objections to the local government during the period of time beginning with the transmittal hearing for the plan or plan amendment and ending with the adoption of the plan or plan amendment.

(b) "In compliance" means consistent with the requirements of ss. 163.3177, 163.3178, 163.3180, 163.3191, ~~and~~ 163.3245, *and 163.3248* ~~with the state comprehensive plan~~, with the appropriate strategic regional policy plan, ~~and with chapter 9J-5, Florida Administrative Code, where such rule is not inconsistent with this part~~ and with the principles for guiding development in designated areas of critical state concern and with part III of chapter 369, where applicable.

(c) "Reviewing agencies" means:

1. The state land planning agency;

2. The appropriate regional planning council;

3. The appropriate water management district;

4. The Department of Environmental Protection;

5. The Department of State;

6. The Department of Transportation;

7. In the case of plan amendments relating to public schools, the Department of Education;

8. In the case of plans or plan amendments that affect a military installation listed in s. 163.3175, the commanding officer of the affected military installation;

9. In the case of county plans and plan amendments, the Fish and Wildlife Conservation Commission and the Department of Agriculture and Consumer Services; and

10. In the case of municipal plans and plan amendments, the county in which the municipality is located.

(2) COMPREHENSIVE PLANS AND PLAN AMENDMENTS.—

(a) Plan amendments adopted by local governments shall follow the expedited state review process in subsection (3), except as set forth in paragraphs (b) and (c).

(b) Plan amendments that qualify as small-scale development amendments may follow the small-scale review process in s. 163.3187.

(c) Plan amendments that are in an area of critical state concern designated pursuant to s. 380.05; propose a rural land stewardship area pursuant to s. 163.3248; propose a sector plan pursuant to s. 163.3245; update a comprehensive plan based on an evaluation and appraisal pursuant to s. 163.3191; or are new plans for newly incorporated municipalities adopted pursuant to s. 163.3167 shall follow the state coordinated review process in subsection (4).

(3) EXPEDITED STATE REVIEW PROCESS FOR ADOPTION OF COMPREHENSIVE PLAN AMENDMENTS.—

(a) The process for amending a comprehensive plan described in this subsection shall apply to all amendments except as provided in paragraphs (2)(b) and (c) and shall be applicable statewide.

(b)1. The local government, after the initial public hearing held pursuant to subsection (11), shall transmit within 10 days the amendment or amendments and appropriate supporting data and analyses to the reviewing agencies. The local governing body shall also transmit a copy of the amendments and supporting data and analyses to any other local government or governmental agency that has filed a written request with the governing body.

2. The reviewing agencies and any other local government or governmental agency specified in subparagraph 1. may provide comments regarding the amendment or amendments to the local government. State agencies shall only comment on important state resources and facilities that will be adversely impacted by the amendment if adopted. Comments provided by state agencies shall state with specificity how the plan amendment will adversely impact an important state resource or facility and shall identify measures the local government may take to eliminate, reduce, or mitigate the adverse impacts. Such comments, if not resolved, may result in a challenge by the state land planning agency to the plan amendment. Agencies and local governments must transmit their comments to the affected local government such that they are received by the local government not later than 30 days from the date on which the agency or government received the amendment or amendments. Reviewing agencies shall also send a copy of their comments to the state land planning agency.

3. Comments to the local government from a regional planning council, county, or municipality shall be limited as follows:

a. The regional planning council review and comments shall be limited to adverse effects on regional resources or facilities identified in the strategic regional policy plan and extrajurisdictional impacts that would be inconsistent with the comprehensive plan of any affected local government within the region. A regional planning council may not review and comment on a proposed comprehensive plan amendment prepared by such council unless the plan amendment has been changed by the local government subsequent to the preparation of the plan amendment by the regional planning council.

b. County comments shall be in the context of the relationship and effect of the proposed plan amendments on the county plan.

c. Municipal comments shall be in the context of the relationship and effect of the proposed plan amendments on the municipal plan.

d. Military installation comments shall be provided in accordance with s. 163.3175.

4. Comments to the local government from state agencies shall be limited to the following subjects as they relate to important state resources and facilities that will be adversely impacted by the amendment if adopted:

a. The Department of Environmental Protection shall limit its comments to the subjects of air and water pollution; wetlands and other surface waters of the state; federal and state-owned lands and interest in lands, including state parks, greenways and trails, and conservation easements; solid waste; water and wastewater treatment; and the Everglades ecosystem restoration.

b. The Department of State shall limit its comments to the subjects of historic and archeological resources.

c. The Department of Transportation shall limit its comments to issues within the agency's jurisdiction as it relates to transportation resources and facilities of state importance.

d. The Fish and Wildlife Conservation Commission shall limit its comments to subjects relating to fish and wildlife habitat and listed species and their habitat.

e. The Department of Agriculture and Consumer Services shall limit its comments to the subjects of agriculture, forestry, and aquaculture issues.

f. The Department of Education shall limit its comments to the subject of public school facilities.

g. The appropriate water management district shall limit its comments to flood protection and floodplain management, wetlands and other surface waters, and regional water supply.

h. The state land planning agency shall limit its comments to important state resources and facilities outside the jurisdiction of other commenting state agencies and may include comments on countervailing planning policies and objectives served by the plan amendment that should be balanced against potential adverse impacts to important state resources and facilities.

(c)1. The local government shall hold its second public hearing, which shall be a hearing on whether to adopt one or more comprehensive plan amendments pursuant to subsection (11). If the local government fails, within 180 days after receipt of agency comments, to hold the second public hearing, the amendments shall be deemed withdrawn unless extended by agreement with notice to the state land planning agency and any affected person that provided comments on the amendment. The 180-day limitation does not apply to amendments processed pursuant to s. 380.06.

2. All comprehensive plan amendments adopted by the governing body, along with the supporting data and analysis, shall be transmitted within 10 days after the second public hearing to the state land planning agency and any other agency or local government that provided timely comments under subparagraph (b)2.

3. The state land planning agency shall notify the local government of any deficiencies within 5 working days after receipt of an amendment package. For purposes of completeness, an amendment shall be deemed complete if it contains a full, executed copy of the adoption ordinance or ordinances; in the case of a text amendment, a full copy of the amended language in legislative format with new words inserted in the text underlined, and words deleted stricken with hyphens; in the case of a future land use map amendment, a copy of the future land use map clearly depicting the parcel, its existing future land use designation, and its adopted designation; and a copy of any data and analyses the local government deems appropriate.

4. An amendment adopted under this paragraph does not become effective until 31 days after the state land planning agency notifies the local government that the plan amendment package is complete. If timely challenged, an amendment does not become effective until the state land planning agency or the Administration Commission enters a final order determining the adopted amendment to be in compliance.

(4) STATE COORDINATED REVIEW PROCESS.—

(a)~~(2)~~ Coordination.—*The state land planning agency shall only use the state coordinated review process described in this subsection for review of comprehensive plans and plan amendments described in paragraph (2)(c).* Each comprehensive plan or plan amendment proposed to be adopted pursuant to this *subsection* ~~part~~ shall be transmitted, adopted, and reviewed in the manner prescribed in this *subsection* ~~section~~. The state land planning agency shall have responsibility for plan review, coordination, and the preparation and transmission of comments, pursuant to this *subsection* ~~section~~, to the local governing body responsible for the comprehensive plan *or plan amendment*. ~~The state land planning agency shall maintain a single file concerning any proposed or adopted plan amendment submitted by a local government for any review under this section. Copies of all correspondence, papers, notes, memoranda, and other documents received or generated by the state land planning agency must be placed in the appropriate file. Paper copies of all electronic mail correspondence must be placed in the file. The file and its contents must be available for public inspection and copying as provided in chapter 119.~~

(b)~~(3)~~ Local government transmittal of proposed plan or amendment.—

~~(a)~~ Each local governing body *proposing a plan or plan amendment specified in paragraph (2)(c)* shall transmit the complete proposed comprehensive plan or plan amendment to the *reviewing agencies* ~~state land planning agency, the appropriate regional planning council and water management district, the Department of Environmental Protection, the Department of State, and the Department of Transportation, and, in the case of municipal plans, to the appropriate county, and, in the case of county plans, to the Fish and Wildlife Conservation Commission and the Department of Agriculture and Consumer Services,~~ immediately following *the first* ~~a~~ public hearing pursuant to subsection *(11). The transmitted document shall clearly indicate on the cover sheet that this plan amendment is subject to the state coordinated review process of s. 163.3184(4)*~~(15) as specified in the state land planning agency's procedural rules~~. The local governing body shall also transmit a copy of the complete proposed comprehensive plan or plan amendment to any other unit of local government or government agency in the state that has filed a written request with the governing body for the plan or plan amendment. ~~The local government may request a review by the state land planning agency pursuant to subsection (6) at the time of the transmittal of an amendment.~~

~~(b) A local governing body shall not transmit portions of a plan or plan amendment unless it has previously provided to all state agencies designated by the state land planning agency a complete copy of its adopted comprehensive plan pursuant to subsection (7) and as specified in the agency's procedural rules. In the case of comprehensive plan amendments, the local governing body shall transmit to the state land planning agency, the appropriate regional planning council and water management district, the Department of Environmental Protection, the Department of State, and the Department of Transportation, and, in the case of municipal plans, to the appropriate county and, in the case of county plans, to the Fish and Wildlife Conservation Commission and the Department of Agriculture and Consumer Services the materials specified in the state land planning agency's procedural rules and, in cases in which the plan amendment is a result of an evaluation and appraisal report adopted pursuant to s. 163.3191, a copy of the evaluation and appraisal report. Local governing bodies shall consolidate all proposed plan amendments into a single submission for each of the two plan amendment adoption dates during the calendar year pursuant to s. 163.3187.~~

~~(c) A local government may adopt a proposed plan amendment previously transmitted pursuant to this subsection, unless review is requested or otherwise initiated pursuant to subsection (6).~~

~~(d) In cases in which a local government transmits multiple individual amendments that can be clearly and legally separated and distinguished for the purpose of determining whether to review the proposed amendment, and the state land planning agency elects to review several or a portion of the amendments and the local government chooses to immediately adopt the remaining amendments not reviewed, the amendments immediately adopted and any reviewed amendments that the local government subsequently adopts together constitute one amendment cycle in accordance with s. 163.3187(1).~~

~~(e) At the request of an applicant, a local government shall consider an application for zoning changes that would be required to properly enact the provisions of any proposed plan amendment transmitted pursuant to this subsection. Zoning changes approved by the local government are contingent upon the comprehensive plan or plan amendment transmitted becoming effective.~~

(c)~~(4)~~ *Reviewing agency comments* ~~INTERGOVERNMENTAL REVIEW.~~—The ~~governmental~~ agencies specified in *paragraph (b) may* ~~paragraph (3)(a) shall~~ provide comments *regarding the plan or plan amendments in accordance with subparagraphs (3)(b)2.-4. However, comments on plans or plan amendments required to be reviewed under the state coordinated review process shall be sent* to the state land planning agency within 30 days after receipt by the state land planning agency of the complete proposed plan *or plan* amendment *from the local government. If the state land planning agency comments on a plan or plan amendment adopted under the state coordinated review process, it shall provide comments according to paragraph (d). Any other unit of local government or government agency specified in paragraph (b) may provide comments to the state land planning agency in accordance with subparagraphs (3)(b)2.-4. within 30 days after receipt by the state land planning agency of the complete proposed plan or plan amendment.* ~~If the plan or plan amendment includes or relates to the public school facilities element pursuant to s. 163.3177(12), the state land planning agency shall submit a copy to the Office of Educational Facilities of the Commissioner of Education for review and comment. The appropriate regional planning council shall also provide its written comments to the state land planning agency within 30 days after receipt by the state land planning agency of the complete proposed plan amendment and shall specify any objections, recommendations for modifications, and comments of any other regional agencies to which the regional planning council may have referred the proposed plan amendment.~~ Written comments submitted by the public *shall be sent directly to the local government* ~~within 30 days after notice of transmittal by the local government of the proposed plan amendment will be considered as if submitted by governmental agencies. All written agency and public comments must be made part of the file maintained under subsection (2).~~

~~(5) REGIONAL, COUNTY, AND MUNICIPAL REVIEW. The review of the regional planning council pursuant to subsection (4) shall be limited to effects on regional resources or facilities identified in the strategic regional policy plan and extrajurisdictional impacts which would be inconsistent with the comprehensive plan of the affected local government. However, any inconsistency between a local plan or plan amendment and a strategic regional policy plan must not be the sole basis for a notice of intent to find a local plan or plan amendment not in compliance with this act. A regional planning council shall not review and comment on a proposed comprehensive plan it prepared itself unless the plan has been changed by the local government subsequent to the preparation of the plan by the regional planning agency. The review of the county land planning agency pursuant to subsection (4) shall be primarily in the context of the relationship and effect of the proposed plan amendment on any county comprehensive plan element. Any review by municipalities will be primarily in the context of the relationship and effect on the municipal plan.~~

(d)~~(6)~~ State land planning agency review.—

~~(a) The state land planning agency shall review a proposed plan amendment upon request of a regional planning council, affected person, or local government transmitting the plan amendment. The request from the regional planning council or affected person must be received within 30 days after transmittal of the proposed plan amendment pursuant to subsection (3). A regional planning council or affected person requesting a review shall do so by submitting a written request to the agency with a notice of the request to the local government and any other person who has requested notice.~~

~~(b) The state land planning agency may review any proposed plan amendment regardless of whether a request for review has been made, if the agency gives notice to the local government, and any other person who has requested notice, of its intention to conduct such a review within 35 days after receipt of the complete proposed plan amendment.~~

1.~~(c) The state land planning agency shall establish by rule a schedule for receipt of comments from the various government agencies, as well as written public comments, pursuant to subsection (4).~~ If the state land planning agency elects to review *a plan or plan* ~~the~~ amendment ~~or the agency is required to review the amendment as~~ specified in paragraph *(2)(c)*~~(a)~~, the agency shall issue a report giving its objections, recommendations, and comments regarding the proposed *plan or plan* amendment within 60 days after receipt of the ~~complete~~ proposed *plan or plan* amendment ~~by the state land planning agency~~. *Notwithstanding the limitation on comments in sub-subparagraph (3)(b)4.g., the state land planning agency may make objections, recommendations, and comments in its report regarding whether the plan or plan amendment is in compliance and whether the plan or plan amendment will adversely impact important state resources and facilities. Any objection regarding an important state resource or facility that will be adversely impacted by the adopted plan or plan amendment shall also state with specificity how the plan or plan amendment will adversely impact the important state resource or facility and shall identify measures the local government may take to eliminate, reduce, or mitigate the adverse impacts.* When a federal, state, or regional agency has implemented a permitting program, ~~the state land planning agency shall not require~~ a local government *is not required* to duplicate or exceed that permitting program in its comprehensive plan or to implement such a permitting program in its land development regulations. *This subparagraph does not* ~~Nothing contained herein shall~~ prohibit the state land planning agency in conducting its review of local plans or plan amendments from making objections, recommendations, and comments ~~or making compliance determinations~~

regarding densities and intensities consistent with ~~the provisions of~~ this part. In preparing its comments, the state land planning agency shall only base its considerations on written, and not oral, comments~~, from any source~~.

2.~~(d)~~ The state land planning agency review shall identify all written communications with the agency regarding the proposed plan amendment. ~~If the state land planning agency does not issue such a review, it shall identify in writing to the local government all written communications received 30 days after transmittal.~~ The written identification must include a list of all documents received or generated by the agency, which list must be of sufficient specificity to enable the documents to be identified and copies requested, if desired, and the name of the person to be contacted to request copies of any identified document. ~~The list of documents must be made a part of the public records of the state land planning agency.~~

(e)~~(7)~~ Local government review of comments; adoption of plan or amendments and transmittal.—

1.~~(a)~~ The local government shall review the *report* ~~written comments~~ submitted to it by the state land planning agency, *if any,* and *written comments submitted to it by* any other person, agency, or government. ~~Any comments, recommendations, or objections and any reply to them shall be public documents, a part of the permanent record in the matter, and admissible in any proceeding in which the comprehensive plan or plan amendment may be at issue.~~ The local government, upon receipt of *the report* ~~written comments~~ from the state land planning agency, shall *hold its second public hearing, which shall be a hearing to determine whether to adopt the comprehensive plan or one or more comprehensive plan amendments pursuant to subsection (11). If the local government fails to hold the second hearing within 180 days after receipt of the state land planning agency's report, the amendments shall be deemed withdrawn unless extended by agreement with notice to the state land planning agency and any affected person that provided comments on the amendment. The 180-day limitation does not apply to amendments processed pursuant to s. 380.06.*

2. All comprehensive plan amendments adopted by the governing body, along with the supporting data and analysis, shall be transmitted within 10 days after the second public hearing to the state land planning agency and any other agency or local government that provided timely comments under paragraph (c).

3. The state land planning agency shall notify the local government of any deficiencies within 5 working days after receipt of a plan or plan amendment package. For purposes of completeness, a plan or plan amendment shall be deemed complete if it contains a full, executed copy of the adoption ordinance or ordinances; in the case of a text amendment, a full copy of the amended language in legislative format with new words inserted in the text underlined, and words deleted stricken with hyphens; in the case of a future land use map amendment, a copy of the future land use map clearly depicting the parcel, its existing future land use designation, and its adopted designation; and a copy of any data and analyses the local government deems appropriate.

4. After the state land planning agency makes a determination of completeness regarding the adopted plan or plan amendment, the state land planning agency shall have 45 days to determine if the plan or plan amendment is in compliance with this act. Unless the plan or plan amendment is substantially changed from the one commented on, the state land planning agency's compliance determination shall be limited to objections raised in the objections, recommendations, and comments report. During the period provided for in this subparagraph, the state land planning agency shall issue, through a senior administrator or the secretary, a notice of intent to find that the plan or plan amendment is in compliance or not in compliance. The state land planning agency shall post a copy of the notice of intent on the agency's Internet site. Publication by the state land planning agency of the notice of intent on the state land planning agency's Internet site shall be prima facie evidence of compliance with the publication requirements of this subparagraph.

5. A plan or plan amendment adopted under the state coordinated review process shall go into effect pursuant to the state land planning agency's notice of intent. If timely challenged, an amendment does not become effective until the state land planning agency or the Administration Commission enters a final order determining the adopted amendment to be in compliance.

(5) ADMINISTRATIVE CHALLENGES TO PLANS AND PLAN AMENDMENTS.—

(a) Any affected person as defined in paragraph (1)(a) may file a petition with the Division of Administrative Hearings pursuant to ss. 120.569 and 120.57, with a copy served on the affected local government, to request a formal hearing to challenge whether the plan or plan amendments are in compliance as defined in paragraph (1)(b). This petition must be filed with the division within 30 days after the local government adopts the amendment. The state land planning agency may not intervene in a proceeding initiated by an affected person.

(b) The state land planning agency may file a petition with the Division of Administrative Hearings pursuant to ss. 120.569 and 120.57, with a copy served on the affected local government, to request a formal hearing to challenge whether the plan or plan amendment is in compliance as defined in paragraph (1)(b). The state land planning agency's petition must clearly state the reasons for the challenge. Under the expedited state review process, this petition must be filed with the division within 30 days after the state land planning agency notifies the local government that the plan amendment package is complete according to subparagraph (3)(c)3. Under the state coordinated review process, this petition must be filed with the division within 45 days after the state land planning agency notifies the local government that the plan amendment package is complete according to subparagraph (3)(c)3.

1. The state land planning agency's challenge to plan amendments adopted under the expedited state review process shall be limited to the comments provided by the reviewing agencies pursuant to subparagraphs (3)(b)2.-4., upon a determination by the state land planning agency that an important state resource or facility will be adversely impacted by the adopted plan amendment. The state land planning agency's petition shall state with specificity how the plan amendment will adversely impact the important state resource or facility. The state land planning agency may challenge a plan amendment that has substantially changed from the version on which the agencies provided comments but only upon a determination by the state land planning agency that an important state resource or facility will be adversely impacted.

2. If the state land planning agency issues a notice of intent to find the comprehensive plan or plan amendment not in compliance with this act, the notice of intent shall be forwarded to the Division of Administrative Hearings of the Department of Management Services, which shall conduct a proceeding under ss. 120.569 and 120.57 in the county of and convenient to the affected local jurisdiction. The parties to the proceeding shall be the state land planning agency, the affected local government, and any affected person who intervenes. No new issue may be alleged as a reason to find a plan or plan amendment not in compliance in an administrative pleading filed more than 21 days after publication of notice unless the party seeking that issue establishes good cause for not alleging the issue within that time period. Good cause does not include excusable neglect.

(c) An administrative law judge shall hold a hearing in the affected local jurisdiction on whether the plan or plan amendment is in compliance.

1. In challenges filed by an affected person, the comprehensive plan or plan amendment shall be determined to be in compliance if the local government's determination of compliance is fairly debatable.

2.a. In challenges filed by the state land planning agency, the local government's determination that the comprehensive plan or plan amendment is in compliance is presumed to be correct, and the local government's determination shall be sustained unless it is shown by a preponderance of the evidence that the comprehensive plan or plan amendment is not in compliance.

b. In challenges filed by the state land planning agency, the local government's determination that elements of its plan are related to and consistent with each other shall be sustained if the determination is fairly debatable.

3. In challenges filed by the state land planning agency that require a determination by the agency that an important state resource or facility will be adversely impacted by the adopted plan or plan amendment, the local government may contest the agency's determination of an important

state resource or facility. The state land planning agency shall prove its determination by clear and convincing evidence.

(d) If the administrative law judge recommends that the amendment be found not in compliance, the judge shall submit the recommended order to the Administration Commission for final agency action. The Administration Commission shall enter a final order within 45 days after its receipt of the recommended order.

(e) If the administrative law judge recommends that the amendment be found in compliance, the judge shall submit the recommended order to the state land planning agency.

1. If the state land planning agency determines that the plan amendment should be found not in compliance, the agency shall refer, within 30 days after receipt of the recommended order, the recommended order and its determination to the Administration Commission for final agency action.

2. If the state land planning agency determines that the plan amendment should be found in compliance, the agency shall enter its final order not later than 30 days after receipt of the recommended order.

(f) Parties to a proceeding under this subsection may enter into compliance agreements using the process in subsection (6).

(6) COMPLIANCE AGREEMENT.—

(a) At any time after the filing of a challenge, the state land planning agency and the local government may voluntarily enter into a compliance agreement to resolve one or more of the issues raised in the proceedings. Affected persons who have initiated a formal proceeding or have intervened in a formal proceeding may also enter into a compliance agreement with the local government. All parties granted intervenor status shall be provided reasonable notice of the commencement of a compliance agreement negotiation process and a reasonable opportunity to participate in such negotiation process. Negotiation meetings with local governments or intervenors shall be open to the public. The state land planning agency shall provide each party granted intervenor status with a copy of the compliance agreement within 10 days after the agreement is executed. The compliance agreement shall list each portion of the plan or plan amendment that has been challenged, and shall specify remedial actions that the local government has agreed to complete within a specified time in order to resolve the challenge, including adoption of all necessary plan amendments. The compliance agreement may also establish monitoring requirements and incentives to ensure that the conditions of the compliance agreement are met.

(b) Upon the filing of a compliance agreement executed by the parties to a challenge and the local government with the Division of Administrative Hearings, any administrative proceeding under ss. 120.569 and 120.57 regarding the plan or plan amendment covered by the compliance agreement shall be stayed.

(c) Before its execution of a compliance agreement, the local government must approve the compliance agreement at a public hearing advertised at least 10 days before the public hearing in a newspaper of general circulation in the area in accordance with the advertisement requirements of chapter 125 or chapter 166, as applicable.

(d) The local government shall hold a single public hearing for adopting remedial amendments.

(e) For challenges to amendments adopted under the expedited review process, if the local government adopts a comprehensive plan amendment pursuant to a compliance agreement, an affected person or the state land planning agency may file a revised challenge with the Division of Administrative Hearings within 15 days after the adoption of the remedial amendment.

(f) For challenges to amendments adopted under the state coordinated process, the state land planning agency, upon receipt of a plan or plan amendment adopted pursuant to a compliance agreement, shall issue a cumulative notice of intent addressing both the remedial amendment and the plan or plan amendment that was the subject of the agreement.

1. If the local government adopts a comprehensive plan or plan amendment pursuant to a compliance agreement and a notice of intent to find the plan amendment in compliance is issued, the state land planning agency shall forward the notice of intent to the Division of Administrative Hearings and the administrative law judge shall realign the parties in the pending proceeding under ss. 120.569 and 120.57, which shall thereafter be governed by the process contained in paragraph (5)(a) and subparagraph (5)(c)1., including provisions relating to challenges by an affected person, burden of proof, and issues of a recommended order and a final order. Parties to the original proceeding at the time of realignment may continue as parties without being required to file additional pleadings to initiate a proceeding, but may timely amend their pleadings to raise any challenge to the amendment that is the subject of the cumulative notice of intent, and must otherwise conform to the rules of procedure of the Division of Administrative Hearings. Any affected person not a party to the realigned proceeding may challenge the plan amendment that is the subject of the cumulative notice of intent by filing a petition with the agency as provided in subsection (5). The agency shall forward the petition filed by the affected person not a party to the realigned proceeding to the Division of Administrative Hearings for consolidation with the realigned proceeding. If the cumulative notice of intent is not challenged, the state land planning agency shall request that the Division of Administrative Hearings relinquish jurisdiction to the state land planning agency for issuance of a final order.

2. If the local government adopts a comprehensive plan amendment pursuant to a compliance agreement and a notice of intent is issued that finds the plan amendment not in compliance, the state land planning agency shall forward the notice of intent to the Division of Administrative Hearings, which shall consolidate the proceeding with the pending proceeding and immediately set a date for a hearing in the pending proceeding under ss. 120.569 and 120.57. Affected persons who are not a party to the underlying proceeding under ss. 120.569 and 120.57 may challenge the plan amendment adopted pursuant to the compliance agreement by filing a petition pursuant to paragraph (5)(a).

(g) This subsection does not prohibit a local government from amending portions of its comprehensive plan other than those that are the subject of a challenge. However, such amendments to the plan may not be inconsistent with the compliance agreement.

(h) This subsection does not require settlement by any party against its will or preclude the use of other informal dispute resolution methods in the course of or in addition to the method described in this subsection.

(7) MEDIATION AND EXPEDITIOUS RESOLUTION.-

(a) At any time after the matter has been forwarded to the Division of Administrative Hearings, the local government proposing the amendment may demand formal mediation or the local government proposing the amendment or an affected person who is a party to the proceeding may demand informal mediation or expeditious resolution of the amendment proceedings by serving written notice on the state land planning agency if a party to the proceeding, all other parties to the proceeding, and the administrative law judge.

(b) Upon receipt of a notice pursuant to paragraph (a), the administrative law judge shall set the matter for final hearing no more than 30 days after receipt of the notice. Once a final hearing has been set, no continuance in the hearing, and no additional time for post-hearing submittals, may be granted without the written agreement of the parties absent a finding by the administrative law judge of extraordinary circumstances. Extraordinary circumstances do not include matters relating to workload or need for additional time for preparation, negotiation, or mediation.

(c) Absent a showing of extraordinary circumstances, the administrative law judge shall issue a recommended order, in a case proceeding under subsection (5), within 30 days after filing of the transcript, unless the parties agree in writing to a longer time.

(d) Absent a showing of extraordinary circumstances, the Administration Commission shall issue a final order, in a case proceeding under subsection (5), within 45 days after the issuance of the recommended order, unless the parties agree in writing to a longer time. ~~have 120 days to adopt or adopt with changes the proposed comprehensive plan or s. 163.3191 plan amendments. In the case of comprehensive plan amendments other than those proposed pursuant to s. 163.3191, the local government shall have 60 days to adopt the amendment, adopt the amendment with changes, or determine that it will not adopt the amendment. The adoption of the proposed plan or plan amendment or~~

~~the determination not to adopt a plan amendment, other than a plan amendment proposed pursuant to s. 163.3191, shall be made in the course of a public hearing pursuant to subsection (15). The local government shall transmit the complete adopted comprehensive plan or plan amendment, including the names and addresses of persons compiled pursuant to paragraph (15)(c), to the state land planning agency as specified in the agency's procedural rules within 10 working days after adoption. The local governing body shall also transmit a copy of the adopted comprehensive plan or plan amendment to the regional planning agency and to any other unit of local government or governmental agency in the state that has filed a written request with the governing body for a copy of the plan or plan amendment.~~

~~(b) If the adopted plan amendment is unchanged from the proposed plan amendment transmitted pursuant to subsection (3) and an affected person as defined in paragraph (1)(a) did not raise any objection, the state land planning agency did not review the proposed plan amendment, and the state land planning agency did not raise any objections during its review pursuant to subsection (6), the local government may state in the transmittal letter that the plan amendment is unchanged and was not the subject of objections.~~

~~(8) NOTICE OF INTENT.—~~

~~(a) If the transmittal letter correctly states that the plan amendment is unchanged and was not the subject of review or objections pursuant to paragraph (7)(b), the state land planning agency has 20 days after receipt of the transmittal letter within which to issue a notice of intent that the plan amendment is in compliance.~~

~~(b) Except as provided in paragraph (a) or in s. 163.3187(3), the state land planning agency, upon receipt of a local government's complete adopted comprehensive plan or plan amendment, shall have 45 days for review and to determine if the plan or plan amendment is in compliance with this act, unless the amendment is the result of a compliance agreement entered into under subsection (16), in which case the time period for review and determination shall be 30 days. If review was not conducted under subsection (6), the agency's determination must be based upon the plan amendment as adopted. If review was conducted under subsection (6), the agency's determination of compliance must be based only upon one or both of the following:~~

~~1. The state land planning agency's written comments to the local government pursuant to subsection (6); or~~

~~2. Any changes made by the local government to the comprehensive plan or plan amendment as adopted.~~

~~(c)1. During the time period provided for in this subsection, the state land planning agency shall issue, through a senior administrator or the secretary, as specified in the agency's procedural rules, a notice of intent to find that the plan or plan amendment is in compliance or not in compliance. A notice of intent shall be issued by publication in the manner provided by this paragraph and by mailing a copy to the local government. The advertisement shall be placed in that portion of the newspaper where legal notices appear. The advertisement shall be published in a newspaper that meets the size and circulation requirements set forth in paragraph (15)(c) and that has been designated in writing by the affected local government at the time of transmittal of the amendment. Publication by the state land planning agency of a notice of intent in the newspaper designated by the local government shall be prima facie evidence of compliance with the publication requirements of this section. The state land planning agency shall post a copy of the notice of intent on the agency's Internet site. The agency shall, no later than the date the notice of intent is transmitted to the newspaper, send by regular mail a courtesy informational statement to persons who provide their names and addresses to the local government at the transmittal hearing or at the adoption hearing where the local government has provided the names and addresses of such persons to the department at the time of transmittal of the adopted amendment. The informational statements shall include the name of the newspaper in which the notice of intent will appear, the approximate date of publication, the ordinance number of the plan or plan amendment, and a statement that affected persons have 21 days after the actual date of publication of the notice to file a petition.~~

~~2. A local government that has an Internet site shall post a copy of the state land planning agency's notice of intent on the site within 5 days after receipt of the mailed copy of the agency's notice of intent.~~

~~(9) PROCESS IF LOCAL PLAN OR AMENDMENT IS IN COMPLIANCE.—~~

~~(a) If the state land planning agency issues a notice of intent to find that the comprehensive plan or plan amendment transmitted pursuant to s. 163.3167, s. 163.3187, s. 163.3189, or s. 163.3191 is in compliance with this act, any affected person may file a petition with the agency pursuant to ss. 120.569 and 120.57 within 21 days after the publication of notice. In this proceeding, the local plan or plan amendment shall be determined to be in compliance if the local government's determination of compliance is fairly debatable.~~

~~(b) The hearing shall be conducted by an administrative law judge of the Division of Administrative Hearings of the Department of Management Services, who shall hold the hearing in the county of and convenient to the affected local jurisdiction and submit a recommended order to the state land planning agency. The state land planning agency shall allow for the filing of exceptions to the recommended order and shall issue a final order after receipt of the recommended order if the state land planning agency determines that the plan or plan amendment is in compliance. If the state land planning agency determines that the plan or plan amendment is not in compliance, the agency shall submit the recommended order to the Administration Commission for final agency action.~~

~~(10) PROCESS IF LOCAL PLAN OR AMENDMENT IS NOT IN COMPLIANCE.—~~

~~(a) If the state land planning agency issues a notice of intent to find the comprehensive plan or plan amendment not in compliance with this act, the notice of intent shall be forwarded to the Division of Administrative Hearings of the Department of Management Services, which shall conduct a proceeding under ss. 120.569 and 120.57 in the county of and convenient to the affected local jurisdiction. The parties to the proceeding shall be the state land planning agency, the affected local government, and any affected person who intervenes. No new issue may be alleged as a reason to find a plan or plan amendment not in compliance in an administrative pleading filed more than 21 days after publication of notice unless the party seeking that issue establishes good cause for not alleging the issue within that time period. Good cause shall not include excusable neglect. In the proceeding, the local government's determination that the comprehensive plan or plan amendment is in compliance is presumed to be correct. The local government's determination shall be sustained unless it is shown by a preponderance of the evidence that the comprehensive plan or plan amendment is not in compliance. The local government's determination that elements of its plans are related to and consistent with each other shall be sustained if the determination is fairly debatable.~~

~~(b) The administrative law judge assigned by the division shall submit a recommended order to the Administration Commission for final agency action.~~

~~(c) Prior to the hearing, the state land planning agency shall afford an opportunity to mediate or otherwise resolve the dispute. If a party to the proceeding requests mediation or other alternative dispute resolution, the hearing may not be held until the state land planning agency advises the administrative law judge in writing of the results of the mediation or other alternative dispute resolution. However, the hearing may not be delayed for longer than 90 days for mediation or other alternative dispute resolution unless a longer delay is agreed to by the parties to the proceeding. The costs of the mediation or other alternative dispute resolution shall be borne equally by all of the parties to the proceeding.~~

(8)~~(11)~~ ADMINISTRATION COMMISSION.—

(a) If the Administration Commission, upon a hearing pursuant to subsection *(5)*~~(9) or subsection (10)~~, finds that the comprehensive plan or plan amendment is not in compliance with this act, the commission shall specify remedial actions *that* ~~which~~ would bring the comprehensive plan or plan amendment into compliance.

(b) The commission may specify the sanctions provided in subparagraphs 1. and 2. to which the local government will be subject if it elects to make the amendment effective notwithstanding the determination of noncompliance.

1. The commission may direct state agencies not to provide funds to increase the capacity of roads, bridges, or water and sewer systems within the boundaries of those local governmental entities which have comprehensive plans or plan elements that are determined not to be in compliance. The commission order may also specify that the local government *is* ~~shall~~ not ~~be~~ eligible for grants administered under the following programs:

a.~~1.~~ The Florida Small Cities Community Development Block Grant Program, as authorized by ss. 290.0401-290.049.

b.~~2.~~ The Florida Recreation Development Assistance Program, as authorized by chapter 375.

c.~~3.~~ Revenue sharing pursuant to ss. 206.60, 210.20, and 218.61 and chapter 212, to the extent not pledged to pay back bonds.

2.~~(b)~~ If the local government is one which is required to include a coastal management element in its comprehensive plan pursuant to s. 163.3177(6)(g), the commission order may also specify that the local government is not eligible for funding pursuant to s. 161.091. The commission order may also specify that the fact that the coastal management element has been determined to be not in compliance shall be a consideration when the department considers permits under s. 161.053 and when the Board of Trustees of the Internal Improvement Trust Fund considers whether to sell, convey any interest in, or lease any sovereignty lands or submerged lands until the element is brought into compliance.

3.~~(c)~~ The sanctions provided by *subparagraphs 1. and 2. do* ~~paragraphs (a) and (b) shall~~ not apply to a local government regarding any plan amendment, except for plan amendments that amend plans that have not been finally determined to be in compliance with this part, and except as provided in *paragraph (b)* ~~s. 163.3189(2) or s. 163.3191(11)~~.

(9)~~(12)~~ GOOD FAITH FILING.—The signature of an attorney or party constitutes a certificate that he or she has read the pleading, motion, or other paper and that, to the best of his or her knowledge, information, and belief formed after reasonable inquiry, it is not interposed for any improper purpose, such as to harass or to cause unnecessary delay, or for economic advantage, competitive reasons, or frivolous purposes or needless increase in the cost of litigation. If a pleading, motion, or other paper is signed in violation of these requirements, the administrative law judge, upon motion or his or her own initiative, shall impose upon the person who signed it, a represented party, or both, an appropriate sanction, which may include an order to pay to the other party or parties the amount of reasonable expenses incurred because of the filing of the pleading, motion, or other paper, including a reasonable attorney's fee.

(10)~~(13)~~ EXCLUSIVE PROCEEDINGS.—The proceedings under this section shall be the sole proceeding or action for a determination of whether a local government's plan, element, or amendment is in compliance with this act.

~~(14) AREAS OF CRITICAL STATE CONCERN. No proposed local government comprehensive plan or plan amendment which is applicable to a designated area of critical state concern shall be effective until a final order is issued finding the plan or amendment to be in compliance as defined in this section.~~

(11)~~(15)~~ PUBLIC HEARINGS.—

(a) The procedure for transmittal of a complete proposed comprehensive plan or plan amendment pursuant to *subparagraph* ~~subsection~~ (3)*(b)1. and paragraph (4)(b)* and for adoption of a comprehensive plan or plan amendment pursuant to *subparagraphs(3)(c)1. and (4)(e)1.* ~~subsection (7)~~ shall be by affirmative vote of not less than a majority of the members of the governing body present at the hearing. The adoption of a comprehensive plan or plan amendment shall be by ordinance. For the purposes of transmitting or adopting a comprehensive plan or plan amendment, the notice requirements in chapters 125 and 166 are superseded by this subsection, except as provided in this part.

(b) The local governing body shall hold at least two advertised public hearings on the proposed comprehensive plan or plan amendment as follows:

1. The first public hearing shall be held at the transmittal stage ~~pursuant to subsection (3)~~. It shall be held on a weekday at least 7 days after the day that the first advertisement is published *pursuant to the requirements of chapter 125 or chapter 166*.

2. The second public hearing shall be held at the adoption stage ~~pursuant to subsection (7)~~. It shall be held on a weekday at least 5 days after the day that the second advertisement is published *pursuant to the requirements of chapter 125 or chapter 166*.

(c) Nothing in this part is intended to prohibit or limit the authority of local governments to require a person requesting an amendment to pay some or all of the cost of the public notice.

(12) CONCURRENT ZONING.—At the request of an applicant, a local government shall consider an application for zoning changes that would be required to properly enact any proposed plan amendment transmitted pursuant to this subsection. Zoning changes approved by the local government are contingent upon the comprehensive plan or plan amendment transmitted becoming effective.

(13) AREAS OF CRITICAL STATE CONCERN.—No proposed local government comprehensive plan or plan amendment that is applicable to a designated area of critical state concern shall be effective until a final order is issued finding the plan or amendment to be in compliance as defined in paragraph (1)(b).

~~(c) The local government shall provide a sign in form at the transmittal hearing and at the adoption hearing for persons to provide their names and mailing addresses. The sign-in form must advise that any person providing the requested information will receive a courtesy informational statement concerning publications of the state land planning agency's notice of intent. The local government shall add to the sign in form the name and address of any person who submits written comments concerning the proposed plan or plan amendment during the time period between the commencement of the transmittal hearing and the end of the adoption hearing. It is the responsibility of the person completing the form or providing written comments to accurately, completely, and legibly provide all information needed in order to receive the courtesy informational statement.~~

~~(d) The agency shall provide a model sign in form for providing the list to the agency which may be used by the local government to satisfy the requirements of this subsection.~~

~~(e) If the proposed comprehensive plan or plan amendment changes the actual list of permitted, conditional, or prohibited uses within a future land use category or changes the actual future land use map designation of a parcel or parcels of land, the required advertisements shall be in the format prescribed by s. 125.66(4)(b)2. for a county or by s. 166.041(3)(c)2.b. for a municipality.~~

~~(16) COMPLIANCE AGREEMENTS.~~

~~(a) At any time following the issuance of a notice of intent to find a comprehensive plan or plan amendment not in compliance with this part or after the initiation of a hearing pursuant to subsection (9), the state land planning agency and the local government may voluntarily enter into a compliance agreement to resolve one or more of the issues raised in the proceedings. Affected persons who have initiated a formal proceeding or have intervened in a formal proceeding may also enter into the compliance agreement. All parties granted intervenor status shall be provided reasonable notice of the commencement of a compliance agreement negotiation process and a reasonable opportunity to participate in such negotiation process. Negotiation meetings with local governments or intervenors shall be open to the public. The state land planning agency shall provide each party granted intervenor status with a copy of the compliance agreement within 10 days after the agreement is executed. The compliance agreement shall list each portion of the plan or plan amendment which is not in compliance, and shall specify remedial actions which the local government must complete within a specified time in order to bring the plan or plan amendment into compliance, including adoption of all necessary plan amendments. The compliance agreement may also establish monitoring requirements and~~

~~incentives to ensure that the conditions of the compliance agreement are met.~~

~~(b) Upon filing by the state land planning agency of a compliance agreement executed by the agency and the local government with the Division of Administrative Hearings, any administrative proceeding under ss. 120.569 and 120.57 regarding the plan or plan amendment covered by the compliance agreement shall be stayed.~~

~~(c) Prior to its execution of a compliance agreement, the local government must approve the compliance agreement at a public hearing advertised at least 10 days before the public hearing in a newspaper of general circulation in the area in accordance with the advertisement requirements of subsection (15).~~

~~(d) A local government may adopt a plan amendment pursuant to a compliance agreement in accordance with the requirements of paragraph (15)(a). The plan amendment shall be exempt from the requirements of subsections (2)-(7). The local government shall hold a single adoption public hearing pursuant to the requirements of subparagraph (15)(b)2. and paragraph (15)(c). Within 10 working days after adoption of a plan amendment, the local government shall transmit the amendment to the state land planning agency as specified in the agency's procedural rules, and shall submit one copy to the regional planning agency and to any other unit of local government or government agency in the state that has filed a written request with the governing body for a copy of the plan amendment, and one copy to any party to the proceeding under ss. 120.569 and 120.57 granted intervenor status.~~

~~(e) The state land planning agency, upon receipt of a plan amendment adopted pursuant to a compliance agreement, shall issue a cumulative notice of intent addressing both the compliance agreement amendment and the plan or plan amendment that was the subject of the agreement, in accordance with subsection (8).~~

~~(f)1. If the local government adopts a comprehensive plan amendment pursuant to a compliance agreement and a notice of intent to find the plan amendment in compliance is issued, the state land planning agency shall forward the notice of intent to the Division of Administrative Hearings and the administrative law judge shall realign the parties in the pending proceeding under ss. 120.569 and 120.57, which shall thereafter be governed by the process contained in paragraphs (9)(a) and (b), including provisions relating to challenges by an affected person, burden of proof, and issues of a recommended order and a final order, except as provided in subparagraph 2. Parties to the original proceeding at the time of realignment may continue as parties without being required to file additional pleadings to initiate a proceeding, but may timely amend their pleadings to raise any challenge to the amendment which is the subject of the cumulative notice of intent, and must otherwise conform to the rules of procedure of the Division of Administrative Hearings. Any affected person not a party to the realigned proceeding may challenge the plan amendment which is the subject of the cumulative notice of intent by filing a petition with the agency as provided in subsection (9). The agency shall forward the petition filed by the affected person not a party to the realigned proceeding to the Division of Administrative Hearings for consolidation with the realigned proceeding.~~

~~2. If any of the issues raised by the state land planning agency in the original subsection (10) proceeding are not resolved by the compliance agreement amendments, any intervenor in the original subsection (10) proceeding may require those issues to be addressed in the pending consolidated realigned proceeding under ss. 120.569 and 120.57. As to those unresolved issues, the burden of proof shall be governed by subsection (10).~~

~~3. If the local government adopts a comprehensive plan amendment pursuant to a compliance agreement and a notice of intent to find the plan amendment not in compliance is issued, the state land planning agency shall forward the notice of intent to the Division of Administrative Hearings, which shall consolidate the proceeding with the pending proceeding and immediately set a date for hearing in the pending proceeding under ss. 120.569 and 120.57. Affected persons who are not a party to the underlying proceeding under ss. 120.569 and 120.57 may challenge the plan amendment adopted pursuant to the compliance agreement by filing a petition pursuant to subsection (10).~~

~~(g) If the local government fails to adopt a comprehensive plan amendment pursuant to a compliance agreement, the state land planning agency shall notify the Division of Administrative Hearings, which shall set the hearing in the pending proceeding under ss. 120.569 and 120.57 at the earliest convenient time.~~

~~(h) This subsection does not prohibit a local government from amending portions of its comprehensive plan other than those which are the subject of the compliance agreement. However, such amendments to the plan may not be inconsistent with the compliance agreement.~~

~~(i) Nothing in this subsection is intended to limit the parties from entering into a compliance agreement at any time before the final order in the proceeding is issued, provided that the provisions of paragraph (e) shall apply regardless of when the compliance agreement is reached.~~

~~(j) Nothing in this subsection is intended to force any party into settlement against its will or to preclude the use of other informal dispute resolution methods, such as the services offered by the Florida Growth Management Dispute Resolution Consortium, in the course of or in addition to the method described in this subsection.~~

~~(17) COMMUNITY VISION AND URBAN BOUNDARY PLAN AMENDMENTS.—A local government that has adopted a community vision and urban service boundary under s. 163.3177(13) and (14) may adopt a plan amendment related to map amendments solely to property within an urban service boundary in the manner described in subsections (1), (2), (7), (14), (15), and (16) and s. 163.3187(1)(c)1.d. and e., 2., and 3., such that state and regional agency review is eliminated. The department may not issue an objections, recommendations, and comments report on proposed plan amendments or a notice of intent on adopted plan amendments; however, affected persons, as defined by paragraph (1)(a), may file a petition for administrative review pursuant to the requirements of s. 163.3187(3)(a) to challenge the compliance of an adopted plan amendment. This subsection does not apply to any amendment within an area of critical state concern, to any amendment that increases residential densities allowable in high-hazard coastal areas as defined in s. 163.3178(2)(h), or to a text change to the goals, policies, or objectives of the local government's comprehensive plan. Amendments submitted under this subsection are exempt from the limitation on the frequency of plan amendments in s. 163.3187.~~

~~(18) URBAN INFILL AND REDEVELOPMENT PLAN AMENDMENTS.—A municipality that has a designated urban infill and redevelopment area under s. 163.2517 may adopt a plan amendment related to map amendments solely to property within a designated urban infill and redevelopment area in the manner described in subsections (1), (2), (7), (14), (15), and (16) and s. 163.3187(1)(c)1.d. and e., 2., and 3., such that state and regional agency review is eliminated. The department may not issue an objections, recommendations, and comments report on proposed plan amendments or a notice of intent on adopted plan amendments; however, affected persons, as defined by paragraph (1)(a), may file a petition for administrative review pursuant to the requirements of s. 163.3187(3)(a) to challenge the compliance of an adopted plan amendment. This subsection does not apply to any amendment within an area of critical state concern, to any amendment that increases residential densities allowable in high hazard coastal areas as defined in s. 163.3178(2)(h), or to a text change to the goals, policies, or objectives of the local government's comprehensive plan. Amendments submitted under this subsection are exempt from the limitation on the frequency of plan amendments in s. 163.3187.~~

~~(19) HOUSING INCENTIVE STRATEGY PLAN AMENDMENTS. Any local government that identifies in its comprehensive plan the types of housing developments and conditions for which it will consider plan amendments that are consistent with the local housing incentive strategies identified in s. 420.9076 and authorized by the local government may expedite consideration of such plan amendments. At least 30 days prior to adopting a plan amendment pursuant to this subsection, the local government shall notify the state land planning agency of its intent to adopt such an amendment, and the notice shall include the local government's evaluation of site suitability and availability of facilities and services. A plan amendment considered under this subsection shall require only a single public hearing before the local governing body, which shall be a plan amendment adoption hearing as described in subsection (7). The public notice of the hearing required under subparagraph (15)(b)2. must include a statement that the local government intends to use the expedited adoption process authorized~~

~~under this subsection. The state land planning agency shall issue its notice of intent required under subsection (8) within 30 days after determining that the amendment package is complete. Any further proceedings shall be governed by subsections (9)-(16).~~

Section 18. Section 163.3187, Florida Statutes, is amended to read:

163.3187 *Process for adoption of small-scale comprehensive plan* amendment ~~of adopted comprehensive plan~~.—

~~(1) Amendments to comprehensive plans adopted pursuant to this part may be made not more than two times during any calendar year, except:~~

~~(a) In the case of an emergency, comprehensive plan amendments may be made more often than twice during the calendar year if the additional plan amendment receives the approval of all of the members of the governing body. "Emergency" means any occurrence or threat thereof whether accidental or natural, caused by humankind, in war or peace, which results or may result in substantial injury or harm to the population or substantial damage to or loss of property or public funds.~~

~~(b) Any local government comprehensive plan amendments directly related to a proposed development of regional impact, including changes which have been determined to be substantial deviations and including Florida Quality Developments pursuant to s. 380.061, may be initiated by a local planning agency and considered by the local governing body at the same time as the application for development approval using the procedures provided for local plan amendment in this section and applicable local ordinances.~~

(1)~~(c)~~ Any local government comprehensive plan amendments directly related to proposed small scale development activities may be approved without regard to statutory limits on the frequency of consideration of amendments to the local comprehensive plan. A small scale development amendment may be adopted ~~only~~ under the following conditions:

(a)~~1.~~ The proposed amendment involves a use of 10 acres or fewer and:

(b)~~a.~~ The cumulative annual effect of the acreage for all small scale development amendments adopted by the local government *does* ~~shall~~ not exceed~~:~~

~~(I)~~ a maximum of 120 acres in a *calendar year.* ~~local government that contains areas specifically designated in the local comprehensive plan for urban infill, urban redevelopment, or downtown revitalization as defined in s. 163.3164, urban infill and redevelopment areas designated under s. 163.2517, transportation concurrency exception areas approved pursuant to s. 163.3180(5), or regional activity centers and urban central business districts approved pursuant to s. 380.06(2)(e); however, amendments under this paragraph may be applied to no more than 60 acres annually of property outside the designated areas listed in this sub-sub-subparagraph. Amendments adopted pursuant to paragraph (k) shall not be counted toward the acreage limitations for small scale amendments under this paragraph.~~

~~(II) A maximum of 80 acres in a local government that does not contain any of the designated areas set forth in sub-sub-subparagraph (I).~~

~~(III) A maximum of 120 acres in a county established pursuant to s. 9, Art. VIII of the State Constitution.~~

~~b. The proposed amendment does not involve the same property granted a change within the prior 12 months.~~

~~c. The proposed amendment does not involve the same owner's property within 200 feet of property granted a change within the prior 12 months.~~

(c)~~d.~~ The proposed amendment does not involve a text change to the goals, policies, and objectives of the local government's comprehensive plan, but only proposes a land use change to the future land use map for a site-specific small scale development activity. *However, text changes that relate directly to, and are adopted simultaneously with, the small scale future land use map amendment shall be permissible under this section.*

(d)~~e.~~ The property that is the subject of the proposed amendment is not located within an area of critical state concern, unless the project subject to the proposed amendment involves the construction of affordable housing units meeting the criteria of s. 420.0004(3), and is located within an area of critical state concern designated by s. 380.0552 or by the Administration Commission pursuant to s. 380.05(1). ~~Such amendment is not subject to the density limitations of sub-subparagraph f., and shall be reviewed by the state land planning agency for consistency with the principles for guiding development applicable to the area of critical state concern where the amendment is located and shall not become effective until a final order is issued under s. 380.05(6).~~

~~f. If the proposed amendment involves a residential land use, the residential land use has a density of 10 units or less per acre or the proposed future land use category allows a maximum residential density of the same or less than the maximum residential density allowable under the existing future land use category, except that this limitation does not apply to small scale amendments involving the construction of affordable housing units meeting the criteria of s. 420.0004(3) on property which will be the subject of a land use restriction agreement, or small scale amendments described in sub-sub-subparagraph a.(I) that are designated in the local comprehensive plan for urban infill, urban redevelopment, or downtown revitalization as defined in s. 163.3164, urban infill and redevelopment areas designated under s. 163.2517, transportation concurrency exception areas approved pursuant to s. 163.3180(5), or regional activity centers and urban central business districts approved pursuant to s. 380.06(2)(e).~~

~~2.a. A local government that proposes to consider a plan amendment pursuant to this paragraph is not required to comply with the procedures and public notice requirements of s. 163.3184(15)(c) for such plan amendments if the local government complies with the provisions in s. 125.66(4)(a) for a county or in s. 166.041(3)(c) for a municipality. If a request for a plan amendment under this paragraph is initiated by other than the local government, public notice is required.~~

~~b. The local government shall send copies of the notice and amendment to the state land planning agency, the regional planning council, and any other person or entity requesting a copy. This information shall also include a statement identifying any property subject to the amendment that is located within a coastal high hazard area as identified in the local comprehensive plan.~~

(2)~~3.~~ Small scale development amendments adopted pursuant to this *section* ~~paragraph~~ require only one public hearing before the governing board, which shall be an adoption hearing as described in s. 163.3184*(11)*~~(7)~~, and are not subject to the requirements of s. 163.3184(3)-~~(6)~~ unless the local government elects to have them subject to those requirements.

(3)~~4.~~ If the small scale development amendment involves a site within ~~an area that is designated by the Governor as~~ a rural area of critical economic concern *as defined* under s. 288.0656*(2)(d)*~~(7)~~ for the duration of such designation, the 10-acre limit listed in *subsection (1)* ~~subparagraph 1.~~ shall be increased by 100 percent to 20 acres. The local government approving the small scale plan amendment shall certify to the Office of Tourism, Trade, and Economic Development that the plan amendment furthers the economic objectives set forth in the executive order issued under s. 288.0656(7), and the property subject to the plan amendment shall undergo public review to ensure that all concurrency requirements and federal, state, and local environmental permit requirements are met.

~~(d) Any comprehensive plan amendment required by a compliance agreement pursuant to s. 163.3184(16) may be approved without regard to statutory limits on the frequency of adoption of amendments to the comprehensive plan.~~

~~(e) A comprehensive plan amendment for location of a state correctional facility. Such an amendment may be made at any time and does not count toward the limitation on the frequency of plan amendments.~~

~~(f) The capital improvements element annual update required in s. 163.3177(3)(b)1. and any amendments directly related to the schedule.~~

~~(g) Any local government comprehensive plan amendments directly related to proposed redevelopment of brownfield areas designated under s. 376.80 may be approved without regard to statutory limits on the~~

~~frequency of consideration of amendments to the local comprehensive plan.~~

~~(h) Any comprehensive plan amendments for port transportation facilities and projects that are eligible for funding by the Florida Seaport Transportation and Economic Development Council pursuant to s. 311.07.~~

~~(i) A comprehensive plan amendment for the purpose of designating an urban infill and redevelopment area under s. 163.2517 may be approved without regard to the statutory limits on the frequency of amendments to the comprehensive plan.~~

~~(j) Any comprehensive plan amendment to establish public school concurrency pursuant to s. 163.3180(13), including, but not limited to, adoption of a public school facilities element and adoption of amendments to the capital improvements element and intergovernmental coordination element. In order to ensure the consistency of local government public school facilities elements within a county, such elements shall be prepared and adopted on a similar time schedule.~~

~~(k) A local comprehensive plan amendment directly related to providing transportation improvements to enhance life safety on Controlled Access Major Arterial Highways identified in the Florida Intrastate Highway System, in counties as defined in s. 125.011, where such roadways have a high incidence of traffic accidents resulting in serious injury or death. Any such amendment shall not include any amendment modifying the designation on a comprehensive development plan land use map nor any amendment modifying the allowable densities or intensities of any land.~~

~~(l) A comprehensive plan amendment to adopt a public educational facilities element pursuant to s. 163.3177(12) and future land-use map amendments for school siting may be approved notwithstanding statutory limits on the frequency of adopting plan amendments.~~

~~(m) A comprehensive plan amendment that addresses criteria or compatibility of land uses adjacent to or in close proximity to military installations in a local government's future land use element does not count toward the limitation on the frequency of the plan amendments.~~

~~(n) Any local government comprehensive plan amendment establishing or implementing a rural land stewardship area pursuant to the provisions of s. 163.3177(11)(d).~~

~~(o) A comprehensive plan amendment that is submitted by an area designated by the Governor as a rural area of critical economic concern under s. 288.0656(7) and that meets the economic development objectives may be approved without regard to the statutory limits on the frequency of adoption of amendments to the comprehensive plan.~~

~~(p) Any local government comprehensive plan amendment that is consistent with the local housing incentive strategies identified in s. 420.9076 and authorized by the local government.~~

~~(q) Any local government plan amendment to designate an urban service area as a transportation concurrency exception area under s. 163.3180(5)(b)2. or 3. and an area exempt from the development of regional impact process under s. 380.06(29).~~

(4)~~(2)~~ Comprehensive plans may only be amended in such a way as to preserve the internal consistency of the plan pursuant to s. 163.3177~~(2)~~. Corrections, updates, or modifications of current costs which were set out as part of the comprehensive plan shall not, for the purposes of this act, be deemed to be amendments.

~~(3)(a) The state land planning agency shall not review or issue a notice of intent for small scale development amendments which satisfy the requirements of paragraph (1)(c).~~

(5)(a) Any affected person may file a petition with the Division of Administrative Hearings pursuant to ss. 120.569 and 120.57 to request a hearing to challenge the compliance of a small scale development amendment with this act within 30 days following the local government's adoption of the amendment *and*~~,~~ shall serve a copy of the petition on the local government~~, and shall furnish a copy to the state land planning agency~~. An administrative law judge shall hold a hearing in the affected jurisdiction not less than 30 days nor more than 60 days following the filing of a petition and the assignment of an administrative law judge. The parties to a hearing held pursuant to this subsection shall be the petitioner, the local government, and any intervenor. In the proceeding, the *plan amendment shall be determined to be in compliance if the* local government's determination that the small scale development amendment is in compliance is *fairly debatable* ~~presumed to be correct~~. ~~The local government's determination shall be sustained unless it is shown by a preponderance of the evidence that the amendment is not in compliance with the requirements of this act. In any proceeding initiated pursuant to this subsection,~~ The state land planning agency may *not* intervene *in any proceeding initiated pursuant to this section*.

(b)1. If the administrative law judge recommends that the small scale development amendment be found not in compliance, the administrative law judge shall submit the recommended order to the Administration Commission for final agency action. If the administrative law judge recommends that the small scale development amendment be found in compliance, the administrative law judge shall submit the recommended order to the state land planning agency.

2. If the state land planning agency determines that the plan amendment is not in compliance, the agency shall submit, within 30 days following its receipt, the recommended order to the Administration Commission for final agency action. If the state land planning agency determines that the plan amendment is in compliance, the agency shall enter a final order within 30 days following its receipt of the recommended order.

(c) Small scale development amendments *may* ~~shall~~ not become effective until 31 days after adoption. If challenged within 30 days after adoption, small scale development amendments *may* ~~shall~~ not become effective until the state land planning agency or the Administration Commission, respectively, issues a final order determining *that* the adopted small scale development amendment is in compliance.

(d) In all challenges under this subsection, when a determination of compliance as defined in s. 163.3184(1)(b) is made, consideration shall be given to the plan amendment as a whole and whether the plan amendment furthers the intent of this part.

~~(4) Each governing body shall transmit to the state land planning agency a current copy of its comprehensive plan not later than December 1, 1985. Each governing body shall also transmit copies of any amendments it adopts to its comprehensive plan so as to continually update the plans on file with the state land planning agency.~~

~~(5) Nothing in this part is intended to prohibit or limit the authority of local governments to require that a person requesting an amendment pay some or all of the cost of public notice.~~

~~(6)(a) No local government may amend its comprehensive plan after the date established by the state land planning agency for adoption of its evaluation and appraisal report unless it has submitted its report or addendum to the state land planning agency as prescribed by s. 163.3191, except for plan amendments described in paragraph (1)(b) or paragraph (1)(h).~~

~~(b) A local government may amend its comprehensive plan after it has submitted its adopted evaluation and appraisal report and for a period of 1 year after the initial determination of sufficiency regardless of whether the report has been determined to be insufficient.~~

~~(c) A local government may not amend its comprehensive plan, except for plan amendments described in paragraph (1)(b), if the 1 year period after the initial sufficiency determination of the report has expired and the report has not been determined to be sufficient.~~

~~(d) When the state land planning agency has determined that the report has sufficiently addressed all pertinent provisions of s. 163.3191, the local government may amend its comprehensive plan without the limitations imposed by paragraph (a) or paragraph (c).~~

~~(e) Any plan amendment which a local government attempts to adopt in violation of paragraph (a) or paragraph (c) is invalid, but such invalidity may be overcome if the local government readopts the amendment and transmits the amendment to the state land planning agency pursuant to s. 163.3184(7) after the report is determined to be sufficient.~~

Section 19. *Section 163.3189, Florida Statutes, is repealed.*

Section 20. Section 163.3191, Florida Statutes, is amended to read:

163.3191 Evaluation and appraisal of comprehensive plan.—

(1) At least once every 7 years, each local government shall evaluate its comprehensive plan to determine if plan amendments are necessary to reflect changes in state requirements in this part since the last update of the comprehensive plan, and notify the state land planning agency as to its determination.

(2) If the local government determines amendments to its comprehensive plan are necessary to reflect changes in state requirements, the local government shall prepare and transmit within 1 year such plan amendment or amendments for review pursuant to s. 163.3184.

(3) Local governments are encouraged to comprehensively evaluate and, as necessary, update comprehensive plans to reflect changes in local conditions. Plan amendments transmitted pursuant to this section shall be reviewed in accordance with s. 163.3184.

(4) If a local government fails to submit its letter prescribed by subsection (1) or update its plan pursuant to subsection (2), it may not amend its comprehensive plan until such time as it complies with this section.

~~(1) The planning program shall be a continuous and ongoing process. Each local government shall adopt an evaluation and appraisal report once every 7 years assessing the progress in implementing the local government's comprehensive plan. Furthermore, it is the intent of this section that:~~

~~(a) Adopted comprehensive plans be reviewed through such evaluation process to respond to changes in state, regional, and local policies on planning and growth management and changing conditions and trends, to ensure effective intergovernmental coordination, and to identify major issues regarding the community's achievement of its goals.~~

~~(b) After completion of the initial evaluation and appraisal report and any supporting plan amendments, each subsequent evaluation and appraisal report must evaluate the comprehensive plan in effect at the time of the initiation of the evaluation and appraisal report process.~~

~~(c) Local governments identify the major issues, if applicable, with input from state agencies, regional agencies, adjacent local governments, and the public in the evaluation and appraisal report process. It is also the intent of this section to establish minimum requirements for information to ensure predictability, certainty, and integrity in the growth management process. The report is intended to serve as a summary audit of the actions that a local government has undertaken and identify changes that it may need to make. The report should be based on the local government's analysis of major issues to further the community's goals consistent with statewide minimum standards. The report is not intended to require a comprehensive rewrite of the elements within the local plan, unless a local government chooses to do so.~~

~~(2) The report shall present an evaluation and assessment of the comprehensive plan and shall contain appropriate statements to update the comprehensive plan, including, but not limited to, words, maps, illustrations, or other media, related to:~~

~~(a) Population growth and changes in land area, including annexation, since the adoption of the original plan or the most recent update amendments.~~

~~(b) The extent of vacant and developable land.~~

~~(c) The financial feasibility of implementing the comprehensive plan and of providing needed infrastructure to achieve and maintain adopted level of service standards and sustain concurrency management systems through the capital improvements element, as well as the ability to address infrastructure backlogs and meet the demands of growth on public services and facilities.~~

~~(d) The location of existing development in relation to the location of development as anticipated in the original plan, or in the plan as amended by the most recent evaluation and appraisal report update amendments, such as within areas designated for urban growth.~~

~~(e) An identification of the major issues for the jurisdiction and, where pertinent, the potential social, economic, and environmental impacts.~~

~~(f) Relevant changes to the state comprehensive plan, the requirements of this part, the minimum criteria contained in chapter 9J-5, Florida Administrative Code, and the appropriate strategic regional policy plan since the adoption of the original plan or the most recent evaluation and appraisal report update amendments.~~

~~(g) An assessment of whether the plan objectives within each element, as they relate to major issues, have been achieved. The report shall include, as appropriate, an identification as to whether unforeseen or unanticipated changes in circumstances have resulted in problems or opportunities with respect to major issues identified in each element and the social, economic, and environmental impacts of the issue.~~

~~(h) A brief assessment of successes and shortcomings related to each element of the plan.~~

~~(i) The identification of any actions or corrective measures, including whether plan amendments are anticipated to address the major issues identified and analyzed in the report. Such identification shall include, as appropriate, new population projections, new revised planning timeframes, a revised future conditions map or map series, an updated capital improvements element, and any new and revised goals, objectives, and policies for major issues identified within each element. This paragraph shall not require the submittal of the plan amendments with the evaluation and appraisal report.~~

~~(j) A summary of the public participation program and activities undertaken by the local government in preparing the report.~~

~~(k) The coordination of the comprehensive plan with existing public schools and those identified in the applicable educational facilities plan adopted pursuant to s. 1013.35. The assessment shall address, where relevant, the success or failure of the coordination of the future land use map and associated planned residential development with public schools and their capacities, as well as the joint decisionmaking processes engaged in by the local government and the school board in regard to establishing appropriate population projections and the planning and siting of public school facilities. For those counties or municipalities that do not have a public schools interlocal agreement or public school facilities element, the assessment shall determine whether the local government continues to meet the criteria of s. 163.3177(12). If the county or municipality determines that it no longer meets the criteria, it must adopt appropriate school concurrency goals, objectives, and policies in its plan amendments pursuant to the requirements of the public school facilities element, and enter into the existing interlocal agreement required by ss. 163.3177(6)(h)2. and 163.31777 in order to fully participate in the school concurrency system.~~

~~(l) The extent to which the local government has been successful in identifying alternative water supply projects and traditional water supply projects, including conservation and reuse, necessary to meet the water needs identified in s. 373.709(2)(a) within the local government's jurisdiction. The report must evaluate the degree to which the local government has implemented the work plan for building public, private, and regional water supply facilities, including development of alternative water supplies, identified in the element as necessary to serve existing and new development.~~

~~(m) If any of the jurisdiction of the local government is located within the coastal high hazard area, an evaluation of whether any past reduction in land use density impairs the property rights of current residents when redevelopment occurs, including, but not limited to, redevelopment following a natural disaster. The property rights of current residents shall be balanced with public safety considerations. The local government must identify strategies to address redevelopment feasibility and the property rights of affected residents. These strategies may include the authorization of redevelopment up to the actual built density in existence on the property prior to the natural disaster or redevelopment.~~

~~(n) An assessment of whether the criteria adopted pursuant to s. 163.3177(6)(a) were successful in achieving compatibility with military installations.~~

~~(o) The extent to which a concurrency exception area designated pursuant to s. 163.3180(5), a concurrency management area designated pursuant to s. 163.3180(7), or a multimodal transportation district designated pursuant to s. 163.3180(15) has achieved the purpose for which it was created and otherwise complies with the provisions of s. 163.3180.~~

~~(p) An assessment of the extent to which changes are needed to develop a common methodology for measuring impacts on transportation facilities for the purpose of implementing its concurrency management system in coordination with the municipalities and counties, as appropriate pursuant to s. 163.3180(10).~~

~~(3) Voluntary scoping meetings may be conducted by each local government or several local governments within the same county that agree to meet together. Joint meetings among all local governments in a county are encouraged. All scoping meetings shall be completed at least 1 year prior to the established adoption date of the report. The purpose of the meetings shall be to distribute data and resources available to assist in the preparation of the report, to provide input on major issues in each community that should be addressed in the report, and to advise on the extent of the effort for the components of subsection (2). If scoping meetings are held, the local government shall invite each state and regional reviewing agency, as well as adjacent and other affected local governments. A preliminary list of new data and major issues that have emerged since the adoption of the original plan, or the most recent evaluation and appraisal report based update amendments, should be developed by state and regional entities and involved local governments for distribution at the scoping meeting. For purposes of this subsection, a "scoping meeting" is a meeting conducted to determine the scope of review of the evaluation and appraisal report by parties to which the report relates.~~

~~(4) The local planning agency shall prepare the evaluation and appraisal report and shall make recommendations to the governing body regarding adoption of the proposed report. The local planning agency shall prepare the report in conformity with its public participation procedures adopted as required by s. 163.3181. During the preparation of the proposed report and prior to making any recommendation to the governing body, the local planning agency shall hold at least one public hearing, with public notice, on the proposed report. At a minimum, the format and content of the proposed report shall include a table of contents; numbered pages; element headings; section headings within elements; a list of included tables, maps, and figures; a title and sources for all included tables; a preparation date; and the name of the preparer. Where applicable, maps shall include major natural and artificial geographic features; city, county, and state lines; and a legend indicating a north arrow, map scale, and the date.~~

~~(5) Ninety days prior to the scheduled adoption date, the local government may provide a proposed evaluation and appraisal report to the state land planning agency and distribute copies to state and regional commenting agencies as prescribed by rule, adjacent jurisdictions, and interested citizens for review. All review comments, including comments by the state land planning agency, shall be transmitted to the local government and state land planning agency within 30 days after receipt of the proposed report.~~

~~(6) The governing body, after considering the review comments and recommended changes, if any, shall adopt the evaluation and appraisal report by resolution or ordinance at a public hearing with public notice. The governing body shall adopt the report in conformity with its public participation procedures adopted as required by s. 163.3181. The local government shall submit to the state land planning agency three copies of the report, a transmittal letter indicating the dates of public hearings, and a copy of the adoption resolution or ordinance. The local government shall provide a copy of the report to the reviewing agencies which provided comments for the proposed report, or to all the reviewing agencies if a proposed report was not provided pursuant to subsection (5), including the adjacent local governments. Within 60 days after receipt, the state land planning agency shall review the adopted report and make a preliminary sufficiency determination that shall be forwarded by the agency to the local government for its consideration. The state land planning agency shall issue a final sufficiency determination within 90 days after receipt of the adopted evaluation and appraisal report.~~

~~(7) The intent of the evaluation and appraisal process is the preparation of a plan update that clearly and concisely achieves the purpose of this section. Toward this end, the sufficiency review of the state land planning agency shall concentrate on whether the evaluation and appraisal report sufficiently fulfills the components of subsection (2). If the state land planning agency determines that the report is insufficient, the governing body shall adopt a revision of the report and submit the revised report for review pursuant to subsection (6).~~

~~(8) The state land planning agency may delegate the review of evaluation and appraisal reports, including all state land planning agency duties under subsections (4)-(7), to the appropriate regional planning council. When the review has been delegated to a regional planning council, any local government in the region may elect to have its report reviewed by the regional planning council rather than the state land planning agency. The state land planning agency shall by agreement provide for uniform and adequate review of reports and shall retain oversight for any delegation of review to a regional planning council.~~

~~(9) The state land planning agency may establish a phased schedule for adoption of reports. The schedule shall provide each local government at least 7 years from plan adoption or last established adoption date for a report and shall allot approximately one seventh of the reports to any 1 year. In order to allow the municipalities to use data and analyses gathered by the counties, the state land planning agency shall schedule municipal report adoption dates between 1 year and 18 months later than the report adoption date for the county in which those municipalities are located. A local government may adopt its report no earlier than 90 days prior to the established adoption date. Small municipalities which were scheduled by chapter 9J-33, Florida Administrative Code, to adopt their evaluation and appraisal report after February 2, 1999, shall be rescheduled to adopt their report together with the other municipalities in their county as provided in this subsection.~~

~~(10) The governing body shall amend its comprehensive plan based on the recommendations in the report and shall update the comprehensive plan based on the components of subsection (2), pursuant to the provisions of ss. 163.3184, 163.3187, and 163.3189. Amendments to update a comprehensive plan based on the evaluation and appraisal report shall be adopted during a single amendment cycle within 18 months after the report is determined to be sufficient by the state land planning agency, except the state land planning agency may grant an extension for adoption of a portion of such amendments. The state land planning agency may grant a 6 month extension for the adoption of such amendments if the request is justified by good and sufficient cause as determined by the agency. An additional extension may also be granted if the request will result in greater coordination between transportation and land use, for the purposes of improving Florida's transportation system, as determined by the agency in coordination with the Metropolitan Planning Organization program. Beginning July 1, 2006, failure to timely adopt and transmit update amendments to the comprehensive plan based on the evaluation and appraisal report shall result in a local government being prohibited from adopting amendments to the comprehensive plan until the evaluation and appraisal report update amendments have been adopted and transmitted to the state land planning agency. The prohibition on plan amendments shall commence when the update amendments to the comprehensive plan are past due. The comprehensive plan as amended shall be in compliance as defined in s. 163.3184(1)(b). Within 6 months after the effective date of the update amendments to the comprehensive plan, the local government shall provide to the state land planning agency and to all agencies designated by rule a complete copy of the updated comprehensive plan.~~

~~(11) The Administration Commission may impose the sanctions provided by s. 163.3184(11) against any local government that fails to adopt and submit a report, or that fails to implement its report through timely and sufficient amendments to its local plan, except for reasons of excusable delay or valid planning reasons agreed to by the state land planning agency or found present by the Administration Commission. Sanctions for untimely or insufficient plan amendments shall be prospective only and shall begin after a final order has been issued by the Administration Commission and a reasonable period of time has been allowed for the local government to comply with an adverse determination by the Administration Commission through adoption of plan amendments that are in compliance. The state land planning agency may initiate, and an affected person may intervene in, such a proceeding by filing a petition with the Division of Administrative Hearings, which shall appoint an administrative law judge and conduct a hearing pursuant to ss. 120.569 and 120.57(1) and shall submit a recommended order to the Administration Commission. The affected local government~~

~~shall be a party to any such proceeding. The commission may implement this subsection by rule.~~

(5)~~(12)~~ The state land planning agency *may* ~~shall~~ not adopt rules to implement this section, other than procedural rules *or a schedule indicating when local governments must comply with the requirements of this section*.

~~(13) The state land planning agency shall regularly review the evaluation and appraisal report process and submit a report to the Governor, the Administration Commission, the Speaker of the House of Representatives, the President of the Senate, and the respective community affairs committees of the Senate and the House of Representatives. The first report shall be submitted by December 31, 2004, and subsequent reports shall be submitted every 5 years thereafter. At least 9 months before the due date of each report, the Secretary of Community Affairs shall appoint a technical committee of at least 15 members to assist in the preparation of the report. The membership of the technical committee shall consist of representatives of local governments, regional planning councils, the private sector, and environmental organizations. The report shall assess the effectiveness of the evaluation and appraisal report process.~~

~~(14) The requirement of subsection (10) prohibiting a local government from adopting amendments to the local comprehensive plan until the evaluation and appraisal report update amendments have been adopted and transmitted to the state land planning agency does not apply to a plan amendment proposed for adoption by the appropriate local government as defined in s. 163.3178(2)(k) in order to integrate a port comprehensive master plan with the coastal management element of the local comprehensive plan as required by s. 163.3178(2)(k) if the port comprehensive master plan or the proposed plan amendment does not cause or contribute to the failure of the local government to comply with the requirements of the evaluation and appraisal report.~~

Section 21. Paragraph (b) of subsection (2) of section 163.3217, Florida Statutes, is amended to read:

163.3217 Municipal overlay for municipal incorporation.—

(2) PREPARATION, ADOPTION, AND AMENDMENT OF THE MUNICIPAL OVERLAY.—

(b)~~1.~~ A municipal overlay shall be adopted as an amendment to the local government comprehensive plan as prescribed by s. 163.3184.

~~2. A county may consider the adoption of a municipal overlay without regard to the provisions of s. 163.3187(1) regarding the frequency of adoption of amendments to the local comprehensive plan.~~

Section 22. Subsection (3) of section 163.3220, Florida Statutes, is amended to read:

163.3220 Short title; legislative intent.—

(3) In conformity with, in furtherance of, and to implement the *Community* ~~Local Government Comprehensive~~ Planning ~~and Land Development Regulation~~ Act and the Florida State Comprehensive Planning Act of 1972, it is the intent of the Legislature to encourage a stronger commitment to comprehensive and capital facilities planning, ensure the provision of adequate public facilities for development, encourage the efficient use of resources, and reduce the economic cost of development.

Section 23. Subsections (2) and (11) of section 163.3221, Florida Statutes, are amended to read:

163.3221 Florida Local Government Development Agreement Act; definitions.—As used in ss. 163.3220-163.3243:

(2) "Comprehensive plan" means a plan adopted pursuant to the *Community* ~~"Local Government Comprehensive~~ Planning ~~and Land Development Regulation~~ Act.~~"~~

(11) "Local planning agency" means the agency designated to prepare a comprehensive plan or plan amendment pursuant to the *Community* ~~"Florida Local Government Comprehensive~~ Planning ~~and Land Development Regulation~~ Act.~~"~~

Section 24. Section 163.3229, Florida Statutes, is amended to read:

163.3229 Duration of a development agreement and relationship to local comprehensive plan.—The duration of a development agreement *may* ~~shall~~ not exceed *30* ~~20~~ years*, unless it is*~~. It may be~~ extended by mutual consent of the governing body and the developer, subject to a public hearing in accordance with s. 163.3225. No development agreement shall be effective or be implemented by a local government unless the local government's comprehensive plan and plan amendments implementing or related to the agreement are ~~found~~ in compliance ~~by the state land planning agency in accordance~~ with s. 163.3184~~, s. 163.3187, or s. 163.3189~~.

Section 25. Section 163.3235, Florida Statutes, is amended to read:

163.3235 Periodic review of a development agreement.—A local government shall review land subject to a development agreement at least once every 12 months to determine if there has been demonstrated good faith compliance with the terms of the development agreement. ~~For each annual review conducted during years 6 through 10 of a development agreement, the review shall be incorporated into a written report which shall be submitted to the parties to the agreement and the state land planning agency. The state land planning agency shall adopt rules regarding the contents of the report, provided that the report shall be limited to the information sufficient to determine the extent to which the parties are proceeding in good faith to comply with the terms of the development agreement.~~ If the local government finds, on the basis of substantial competent evidence, that there has been a failure to comply with the terms of the development agreement, the agreement may be revoked or modified by the local government.

Section 26. Section 163.3239, Florida Statutes, is amended to read:

163.3239 Recording and effectiveness of a development agreement.—Within 14 days after a local government enters into a development agreement, the local government shall record the agreement with the clerk of the circuit court in the county where the local government is located. ~~A copy of the recorded development agreement shall be submitted to the state land planning agency within 14 days after the agreement is recorded.~~ A development agreement *is* ~~shall~~ not ~~be~~ effective until it is properly recorded in the public records of the county ~~and until 30 days after having been received by the state land planning agency pursuant to this section~~. The burdens of the development agreement shall be binding upon, and the benefits of the agreement shall inure to, all successors in interest to the parties to the agreement.

Section 27. Section 163.3243, Florida Statutes, is amended to read:

163.3243 Enforcement.—Any party *or*~~, any~~ aggrieved or adversely affected person as defined in s. 163.3215(2)~~, or the state land planning agency~~ may file an action for injunctive relief in the circuit court where the local government is located to enforce the terms of a development agreement or to challenge compliance of the agreement with ~~the provisions of~~ ss. 163.3220-163.3243.

Section 28. Section 163.3245, Florida Statutes, is amended to read:

163.3245 ~~Optional~~ Sector plans.—

(1) In recognition of the benefits of ~~conceptual~~ long-range planning for ~~the buildout of an area, and detailed planning for~~ specific areas, ~~as a demonstration project, the requirements of s. 380.06 may be addressed as identified by this section for up to five~~ local governments or combinations of local governments *may* ~~which~~ adopt into *their* ~~the~~ comprehensive *plans a* ~~plan an optional~~ sector plan in accordance with this section. This section is intended to *promote and encourage long-term planning for conservation, development, and agriculture on a landscape scale; to* further the intent of s. 163.3177(11), which supports innovative and flexible planning and development strategies, and the purposes of this part~~,~~ and part I of chapter 380*; to facilitate protection of regionally significant resources, including, but not limited to, regionally significant water courses and wildlife corridors;*~~,~~ and to avoid duplication of effort in terms of the level of data and analysis required for a development of regional impact, while ensuring the adequate mitigation of impacts to applicable regional resources and facilities, including those within the jurisdiction of other local governments, as would otherwise be provided. ~~Optional~~ Sector plans are intended for substantial geographic areas *that include* ~~including~~ at least *15,000* ~~5,000~~ acres of one or more local gov-

ernmental jurisdictions and are to emphasize urban form and protection of regionally significant resources and *public* facilities. *A* ~~The state land planning agency may approve optional sector plans of less than 5,000 acres based on local circumstances if it is determined that the plan would further the purposes of this part and part I of chapter 380. Preparation of an optional sector plan is authorized by agreement between the state land planning agency and the applicable local governments under s. 163.3171(4). An optional sector plan may be adopted through one or more comprehensive plan amendments under s. 163.3184. However, an optional~~ sector plan may not be *adopted* ~~authorized~~ in an area of critical state concern.

(2) *Upon the request of a local government having jurisdiction,* ~~The state land planning agency may enter into an agreement to authorize preparation of an optional sector plan upon the request of one or more local governments based on consideration of problems and opportunities presented by existing development trends; the effectiveness of current comprehensive plan provisions; the potential to further the state comprehensive plan, applicable strategic regional policy plans, this part, and part I of chapter 380; and those factors identified by s. 163.3177(10)(i).~~ the applicable regional planning council shall conduct a scoping meeting with affected local governments and those agencies identified in s. 163.3184*(1)(c)*~~(4)~~ before *preparation of the sector plan* ~~execution of the agreement authorized by this section~~. The purpose of this meeting is to assist the state land planning agency and the local government in the identification of the relevant planning issues to be addressed and the data and resources available to assist in the preparation of *the sector plan* ~~subsequent plan amendments~~. *If a scoping meeting is conducted,* the regional planning council shall make written recommendations to the state land planning agency and affected local governments *on the issues requested by the local government. The scoping meeting shall be noticed and open to the public. If the entire planning area proposed for the sector plan is within the jurisdiction of two or more local governments, some or all of them may enter into a joint planning agreement pursuant to s. 163.3171 with respect to*~~, including whether a sustainable sector plan would be appropriate. The agreement must define~~ the geographic area to be subject to the sector plan, the planning issues that will be emphasized, *procedures* ~~requirements~~ for intergovernmental coordination to address extrajurisdictional impacts, supporting application materials including data and analysis, ~~and~~ procedures for public participation*, or other issues*. ~~An agreement may address previously adopted sector plans that are consistent with the standards in this section. Before executing an agreement under this subsection, the local government shall hold a duly noticed public workshop to review and explain to the public the optional sector planning process and the terms and conditions of the proposed agreement. The local government shall hold a duly noticed public hearing to execute the agreement. All meetings between the department and the local government must be open to the public.~~

(3) ~~Optional~~ Sector planning encompasses two levels: adoption *pursuant to* ~~under~~ s. 163.3184 of a ~~conceptual~~ long-term *master plan for the entire planning area as part of the comprehensive plan, and adoption by local development order of two or more* ~~buildout overlay to the comprehensive plan, having no immediate effect on the issuance of development orders or the applicability of s. 380.06, and adoption under s. 163.3184 of~~ detailed specific area plans that implement the ~~conceptual~~ long-term *master plan* ~~buildout overlay and authorize issuance of development orders,~~ and within which s. 380.06 is waived. ~~Until such time as a detailed specific area plan is adopted, the underlying future land use designations apply.~~

(a) In addition to the other requirements of this chapter, a *long-term master plan pursuant to this section* ~~conceptual long-term buildout overlay~~ must include *maps, illustrations, and text supported by data and analysis to address the following*:

1. A ~~long-range conceptual~~ framework map that*,* at a minimum*, generally depicts* ~~identifies anticipated~~ areas of urban, agricultural, rural, and conservation land use*, identifies allowed uses in various parts of the planning area, specifies maximum and minimum densities and intensities of use, and provides the general framework for the development pattern in developed areas with graphic illustrations based on a hierarchy of places and functional place-making components*.

2. A general identification of the water supplies needed and available sources of water, including water resource development and water supply development projects, and water conservation measures needed to meet the projected demand of the future land uses in the long-term master plan.

3. A general identification of the transportation facilities to serve the future land uses in the long-term master plan, including guidelines to be used to establish each modal component intended to optimize mobility.

4.~~2.~~ *A general* identification of *other* regionally significant public facilities ~~consistent with chapter 9J-2, Florida Administrative Code, irrespective of local governmental jurisdiction~~ necessary to support ~~buildout of~~ the ~~anticipated~~ future land uses*, which may include central utilities provided onsite within the planning area, and policies setting forth the procedures to be used to mitigate the impacts of future land uses on public facilities*.

5.~~3.~~ *A general* identification of regionally significant natural resources *within the planning area based on the best available data and policies setting forth the procedures for protection or conservation of specific resources consistent with the overall conservation and development strategy for the planning area* ~~consistent with chapter 9J-2, Florida Administrative Code~~.

6.~~4.~~ *General* principles and guidelines *addressing* ~~that address~~ the urban form and *the* interrelationships of ~~anticipated~~ future land uses*; the protection and, as appropriate, restoration and management of lands identified for permanent preservation through recordation of conservation easements consistent with s. 704.06, which shall be phased or staged in coordination with detailed specific area plans to reflect phased or staged development within the planning area;* ~~and a discussion, at the applicant's option, of the extent, if any, to which the plan will address restoring key ecosystems,~~ achieving a more clean, healthy environment*;*~~,~~ limiting urban sprawl*; providing a range of housing types;*~~,~~ protecting wildlife and natural areas*;*~~,~~ advancing the efficient use of land and other resources*;*~~, and~~ creating quality communities *of a design that promotes travel by multiple transportation modes;* and *enhancing the prospects for the creation of* jobs.

7.~~5.~~ Identification of general procedures *and policies* to *facilitate* ~~ensure~~ intergovernmental coordination to address extrajurisdictional impacts from the *future land uses* ~~long-range conceptual framework map~~.

A long-term master plan adopted pursuant to this section may be based upon a planning period longer than the generally applicable planning period of the local comprehensive plan, shall specify the projected population within the planning area during the chosen planning period, and may include a phasing or staging schedule that allocates a portion of the local government's future growth to the planning area through the planning period. A long-term master plan adopted pursuant to this section is not required to demonstrate need based upon projected population growth or on any other basis.

(b) In addition to the other requirements of this chapter, ~~including those in paragraph (a),~~ the detailed specific area plans *shall be consistent with the long-term master plan and* must include *conditions and commitments that provide for*:

1. *Development or conservation of* an area of ~~adequate size to accommodate a level of development which achieves a functional relationship between a full range of land uses within the area and to encompass~~ at least 1,000 acres *consistent with the long-term master plan*. The *local government* ~~state land planning agency~~ may approve detailed specific area plans of less than 1,000 acres based on local circumstances if it is determined that the *detailed specific area* plan furthers the purposes of this part and part I of chapter 380.

2. Detailed identification and analysis of the *maximum and minimum densities and intensities of use and the* distribution, extent, and location of future land uses.

3. Detailed identification of water resource development and water supply development projects and related infrastructure and water conservation measures to address water needs of development in the detailed specific area plan.

4. Detailed identification of the transportation facilities to serve the future land uses in the detailed specific area plan.

5.~~3.~~ Detailed identification of *other* regionally significant public facilities, including public facilities outside the jurisdiction of the host local government, ~~anticipated~~ impacts of future land uses on those facilities,

and required improvements consistent with *the long-term master plan* ~~chapter 9J-2, Florida Administrative Code~~.

6.~~4.~~ Public facilities necessary *to serve development in the detailed specific area plan* ~~for the short term~~, including developer contributions in a ~~financially feasible~~ 5-year capital improvement schedule of the affected local government.

7.~~5.~~ Detailed analysis and identification of specific measures to *ensure* ~~assure~~ the protection *and, as appropriate, restoration and management of lands within the boundary of the detailed specific area plan identified for permanent preservation through recordation of conservation easements consistent with s. 704.06, which easements shall be effective before or concurrent with the effective date of the detailed specific area plan* ~~of regionally significant natural resources~~ and other important resources both within and outside the host jurisdiction~~, including those regionally significant resources identified in chapter 9J-2, Florida Administrative Code~~.

8.~~6.~~ *Detailed* principles and guidelines *addressing* ~~that address~~ the urban form and *the* interrelationships of ~~anticipated~~ future land uses*;* ~~and a discussion, at the applicant's option, of the extent, if any, to which the plan will address restoring key ecosystems,~~ achieving a more clean, healthy environment*;*~~,~~ limiting urban sprawl*; providing a range of housing types;*~~,~~ protecting wildlife and natural areas*,*~~,~~ advancing the efficient use of land and other resources*,*~~, and~~ creating quality communities *of a design that promotes travel by multiple transportation modes;* and *enhancing the prospects for the creation of* jobs.

9.~~7.~~ Identification of specific procedures to *facilitate* ~~ensure~~ intergovernmental coordination to address extrajurisdictional impacts *from* ~~of~~ the detailed specific area plan.

A detailed specific area plan adopted by local development order pursuant to this section may be based upon a planning period longer than the generally applicable planning period of the local comprehensive plan and shall specify the projected population within the specific planning area during the chosen planning period. A detailed specific area plan adopted pursuant to this section is not required to demonstrate need based upon projected population growth or on any other basis. All lands identified in the long-term master plan for permanent preservation shall be subject to a recorded conservation easement consistent with s. 704.06 before or concurrent with the effective date of the final detailed specific area plan to be approved within the planning area.

(c) In its review of a long-term master plan, the state land planning agency shall consult with the Department of Agriculture and Consumer Services, the Department of Environmental Protection, the Fish and Wildlife Conservation Commission, and the applicable water management district regarding the design of areas for protection and conservation of regionally significant natural resources and for the protection and, as appropriate, restoration and management of lands identified for permanent preservation.

(d) In its review of a long-term master plan, the state land planning agency shall consult with the Department of Transportation, the applicable metropolitan planning organization, and any urban transit agency regarding the location, capacity, design, and phasing or staging of major transportation facilities in the planning area.

(e) Whenever a local government issues a development order approving a detailed specific area plan, a copy of such order shall be rendered to the state land planning agency and the owner or developer of the property affected by such order, as prescribed by rules of the state land planning agency for a development order for a development of regional impact. Within 45 days after the order is rendered, the owner, the developer, or the state land planning agency may appeal the order to the Florida Land and Water Adjudicatory Commission by filing a petition alleging that the detailed specific area plan is not consistent with the comprehensive plan or with the long-term master plan adopted pursuant to this section. The appellant shall furnish a copy of the petition to the opposing party, as the case may be, and to the local government that issued the order. The filing of the petition stays the effectiveness of the order until after completion of the appeal process. However, if a development order approving a detailed specific area plan has been challenged by an aggrieved or adversely affected party in a judicial proceeding pursuant to s. 163.3215, and a party to such proceeding serves notice to the state land planning agency, the state land planning agency shall dismiss its appeal to the commission and shall have the right to intervene in the pending judicial proceeding pursuant to s. 163.3215. Proceedings for administrative review of an order approving a detailed specific area plan shall be conducted consistent with s. 380.07(6). The commission shall issue a decision granting or denying permission to develop pursuant to the long-term master plan and the standards of this part and may attach conditions or restrictions to its decisions.

(f)~~(c)~~ This subsection *does* ~~may~~ not ~~be construed to~~ prevent preparation and approval of the ~~optional~~ sector plan and detailed specific area plan concurrently or in the same submission.

(4) *Upon the long-term master plan becoming legally effective:*

(a) Any long-range transportation plan developed by a metropolitan planning organization pursuant to s. 339.175(7) must be consistent, to the maximum extent feasible, with the long-term master plan, including, but not limited to, the projected population and the approved uses and densities and intensities of use and their distribution within the planning area. The transportation facilities identified in adopted plans pursuant to subparagraphs (3)(a)3. and (b)4. must be developed in coordination with the adopted M.P.O. long-range transportation plan.

(b) The water needs, sources and water resource development, and water supply development projects identified in adopted plans pursuant to subparagraphs (3)(a)2. and (b)3. shall be incorporated into the applicable district and regional water supply plans adopted in accordance with ss. 373.036 and 373.709. Accordingly, and notwithstanding the permit durations stated in s. 373.236, an applicant may request and the applicable district may issue consumptive use permits for durations commensurate with the long-term master plan or detailed specific area plan, considering the ability of the master plan area to contribute to regional water supply availability and the need to maximize reasonable-beneficial use of the water resource. The permitting criteria in s. 373.223 shall be applied based upon the projected population and the approved densities and intensities of use and their distribution in the long-term master plan; however, the allocation of the water may be phased over the permit duration to correspond to actual projected needs. This paragraph does not supersede the public interest test set forth in s. 373.223. ~~The host local government shall submit a monitoring report to the state land planning agency and applicable regional planning council on an annual basis after adoption of a detailed specific area plan. The annual monitoring report must provide summarized information on development orders issued, development that has occurred, public facility improvements made, and public facility improvements anticipated over the upcoming 5 years.~~

(5) When ~~a plan amendment adopting~~ a detailed specific area plan has become effective *for a portion of the planning area governed by a long-term master plan adopted pursuant to this section* ~~under ss. 163.3184 and 163.3189(2)~~, ~~the provisions of~~ s. 380.06 *does* ~~do~~ not apply to development within the geographic area of the detailed specific area plan. However, any development-of-regional-impact development order that is vested from the detailed specific area plan may be enforced *pursuant to* ~~under~~ s. 380.11.

(a) The local government adopting the detailed specific area plan is primarily responsible for monitoring and enforcing the detailed specific area plan. Local governments *may* ~~shall~~ not issue any permits or approvals or provide any extensions of services to development that are not consistent with the detailed *specific* ~~sector~~ area plan.

(b) If the state land planning agency has reason to believe that a violation of any detailed specific area plan~~, or of any agreement entered into under this section,~~ has occurred or is about to occur, it may institute an administrative or judicial proceeding to prevent, abate, or control the conditions or activity creating the violation, using the procedures in s. 380.11.

(c) In instituting an administrative or judicial proceeding involving *a* ~~an optional~~ sector plan or detailed specific area plan, including a proceeding pursuant to paragraph (b), the complaining party shall comply with the requirements of s. 163.3215(4), (5), (6), and (7)*, except as provided by paragraph (3)(e).*

(d) The detailed specific area plan shall establish a buildout date until which the approved development is not subject to downzoning, unit density reduction, or intensity reduction, unless the local government can

demonstrate that implementation of the plan is not continuing in good faith based on standards established by plan policy, that substantial changes in the conditions underlying the approval of the detailed specific area plan have occurred, that the detailed specific area plan was based on substantially inaccurate information provided by the applicant, or that the change is clearly established to be essential to the public health, safety, or welfare.

(6) Concurrent with or subsequent to review and adoption of a long-term master plan pursuant to paragraph (3)(a), an applicant may apply for master development approval pursuant to s. 380.06(21) for the entire planning area in order to establish a buildout date until which the approved uses and densities and intensities of use of the master plan are not subject to downzoning, unit density reduction, or intensity reduction, unless the local government can demonstrate that implementation of the master plan is not continuing in good faith based on standards established by plan policy, that substantial changes in the conditions underlying the approval of the master plan have occurred, that the master plan was based on substantially inaccurate information provided by the applicant, or that change is clearly established to be essential to the public health, safety, or welfare. Review of the application for master development approval shall be at a level of detail appropriate for the long-term and conceptual nature of the long-term master plan and, to the maximum extent possible, may only consider information provided in the application for a long-term master plan. Notwithstanding s. 380.06, an increment of development in such an approved master development plan must be approved by a detailed specific area plan pursuant to paragraph (3)(b) and is exempt from review pursuant to s. 380.06.

~~(6) Beginning December 1, 1999, and each year thereafter, the department shall provide a status report to the Legislative Committee on Intergovernmental Relations regarding each optional sector plan authorized under this section.~~

(7) A developer within an area subject to a long-term master plan that meets the requirements of paragraph (3)(a) and subsection (6) or a detailed specific area plan that meets the requirements of paragraph (3)(b) may enter into a development agreement with a local government pursuant to ss. 163.3220-163.3243. The duration of such a development agreement may be through the planning period of the long-term master plan or the detailed specific area plan, as the case may be, notwithstanding the limit on the duration of a development agreement pursuant to s. 163.3229.

(8) Any owner of property within the planning area of a proposed long-term master plan may withdraw his consent to the master plan at any time prior to local government adoption, and the local government shall exclude such parcels from the adopted master plan. Thereafter, the long-term master plan, any detailed specific area plan, and the exemption from development-of-regional-impact review under this section do not apply to the subject parcels. After adoption of a long-term master plan, an owner may withdraw his or her property from the master plan only with the approval of the local government by plan amendment adopted and reviewed pursuant to s. 163.3184.

(9) The adoption of a long-term master plan or a detailed specific area plan pursuant to this section does not limit the right to continue existing agricultural or silvicultural uses or other natural resource-based operations or to establish similar new uses that are consistent with the plans approved pursuant to this section.

(10) The state land planning agency may enter into an agreement with a local government that, on or before July 1, 2011, adopted a large-area comprehensive plan amendment consisting of at least 15,000 acres that meets the requirements for a long-term master plan in paragraph (3)(a), after notice and public hearing by the local government, and thereafter, notwithstanding s. 380.06, this part, or any planning agreement or plan policy, the large-area plan shall be implemented through detailed specific area plans that meet the requirements of paragraph (3)(b) and shall otherwise be subject to this section.

(11) Notwithstanding this section, a detailed specific area plan to implement a conceptual long-term buildout overlay, adopted by a local government and found in compliance before July 1, 2011, shall be governed by this section.

(12) Notwithstanding s. 380.06, this part, or any planning agreement or plan policy, a landowner or developer who has received approval of a master development-of-regional-impact development order pursuant to s. 380.06(21) may apply to implement this order by filing one or more applications to approve a detailed specific area plan pursuant to paragraph (3)(b).

(13)~~(7)~~ This section may not be construed to abrogate the rights of any person under this chapter.

Section 29. Subsections (9), (12), and (14) of section 163.3246, Florida Statutes, are amended to read:

163.3246 Local government comprehensive planning certification program.—

(9)(a) Upon certification all comprehensive plan amendments associated with the area certified must be adopted and reviewed in the manner described in *s.* ~~ss.~~ 163.3184*(5)-(11)*~~(1), (2), (7), (14), (15), and (16) and 163.3187~~, such that state and regional agency review is eliminated. *Plan amendments that qualify as small scale development amendments may follow the small scale review process in s. 163.3187.* The department may not issue any objections, recommendations, and comments report on proposed plan amendments or a notice of intent on adopted plan amendments; however, affected persons, as defined by s. 163.3184(1)(a), may file a petition for administrative review pursuant to the requirements of s. *163.3184(5)* ~~163.3187(3)(a)~~ to challenge the compliance of an adopted plan amendment.

(b) Plan amendments that change the boundaries of the certification area; propose a rural land stewardship area pursuant to s. *163.3248* ~~163.3177(11)(d)~~; propose *a* ~~an optional~~ sector plan pursuant to s. 163.3245; ~~propose a school facilities element;~~ update a comprehensive plan based on an evaluation and appraisal *review* ~~report~~; impact lands outside the certification boundary; implement new statutory requirements that require specific comprehensive plan amendments; or increase hurricane evacuation times or the need for shelter capacity on lands within the coastal high-hazard area shall be reviewed pursuant to *s.* ~~ss.~~ 163.3184 ~~and 163.3187~~.

(12) A local government's certification shall be reviewed by the local government and the department as part of the evaluation and appraisal process pursuant to s. 163.3191. Within 1 year after the deadline for the local government to update its comprehensive plan based on the evaluation and appraisal report, the department shall renew or revoke the certification. The local government's ~~failure to adopt a timely evaluation and appraisal report, failure to adopt an evaluation and appraisal report found to be sufficient, or~~ failure to timely adopt *necessary* amendments *to update its comprehensive plan* based on an evaluation and appraisal*, which are* ~~report~~ found to be in compliance by the department*,* shall be cause for revoking the certification agreement. The department's decision to renew or revoke shall be considered agency action subject to challenge under s. 120.569.

~~(14) The Office of Program Policy Analysis and Government Accountability shall prepare a report evaluating the certification program, which shall be submitted to the Governor, the President of the Senate, and the Speaker of the House of Representatives by December 1, 2007.~~

Section 30. *Section 163.32465, Florida Statutes, is repealed.*

Section 31. Subsection (6) is added to section 163.3247, Florida Statutes, to read:

163.3247 Century Commission for a Sustainable Florida.—

(6) EXPIRATION.-This section is repealed and the commission is abolished June 30, 2013.

Section 32. Section 163.3248, Florida Statutes, is created to read:

163.3248 Rural land stewardship areas.—

(1) Rural land stewardship areas are designed to establish a long-term incentive based strategy to balance and guide the allocation of land so as to accommodate future land uses in a manner that protects the natural environment, stimulate economic growth and diversification, and encourage the retention of land for agriculture and other traditional rural land uses.

(2) Upon written request by one or more landowners of the subject lands to designate lands as a rural land stewardship area, or pursuant to a private-sector-initiated comprehensive plan amendment filed by, or with the consent of the owners of the subject lands, local governments may adopt a future land use overlay to designate all or portions of lands classified in the future land use element as predominantly agricultural, rural, open, open-rural, or a substantively equivalent land use, as a rural land stewardship area within which planning and economic incentives are applied to encourage the implementation of innovative and flexible planning and development strategies and creative land use planning techniques to support a diverse economic and employment base. The future land use overlay may not require a demonstration of need based on population projections or any other factors.

(3) Rural land stewardship areas may be used to further the following broad principles of rural sustainability: restoration and maintenance of the economic value of rural land; control of urban sprawl; identification and protection of ecosystems, habitats, and natural resources; promotion and diversification of economic activity and employment opportunities within the rural areas; maintenance of the viability of the state's agricultural economy; and protection of private property rights in rural areas of the state. Rural land stewardship areas may be multicounty in order to encourage coordinated regional stewardship planning.

(4) A local government or one or more property owners may request assistance and participation in the development of a plan for the rural land stewardship area from the state land planning agency, the Department of Agriculture and Consumer Services, the Fish and Wildlife Conservation Commission, the Department of Environmental Protection, the appropriate water management district, the Department of Transportation, the regional planning council, private land owners, and stakeholders.

(5) A rural land stewardship area shall be not less than 10,000 acres, shall be located outside of municipalities and established urban service areas, and shall be designated by plan amendment by each local government with jurisdiction over the rural land stewardship area. The plan amendment or amendments designating a rural land stewardship area are subject to review pursuant to s. 163.3184 and shall provide for the following:

(a) Criteria for the designation of receiving areas which shall, at a minimum, provide for the following: adequacy of suitable land to accommodate development so as to avoid conflict with significant environmentally sensitive areas, resources, and habitats; compatibility between and transition from higher density uses to lower intensity rural uses; and the establishment of receiving area service boundaries that provide for a transition from receiving areas and other land uses within the rural land stewardship area through limitations on the extension of services.

(b) Innovative planning and development strategies to be applied within rural land stewardship areas pursuant to this section.

(c) A process for the implementation of innovative planning and development strategies within the rural land stewardship area, including those described in this subsection, which provide for a functional mix of land uses through the adoption by the local government of zoning and land development regulations applicable to the rural land stewardship area.

(d) A mix of densities and intensities that would not be characterized as urban sprawl through the use of innovative strategies and creative land use techniques.

(6) A receiving area may be designated only pursuant to procedures established in the local government's land development regulations. If receiving area designation requires the approval of the county board of county commissioners, such approval shall be by resolution with a simple majority vote. Before the commencement of development within a stewardship receiving area, a listed species survey must be performed for the area proposed for development. If listed species occur on the receiving area development site, the applicant must coordinate with each appropriate local, state, or federal agency to determine if adequate provisions have been made to protect those species in accordance with applicable regulations. In determining the adequacy of provisions for the protection of listed species and their habitats, the rural land stewardship area shall be considered as a whole, and the potential impacts and protective measures taken within areas to be developed as receiving areas shall be considered in conjunction with and compensated by lands set aside and protective measures taken within the designated sending areas.

(7) Upon the adoption of a plan amendment creating a rural land stewardship area, the local government shall, by ordinance, establish a rural land stewardship overlay zoning district, which shall provide the methodology for the creation, conveyance, and use of transferable rural land use credits, hereinafter referred to as stewardship credits, the assignment and application of which does not constitute a right to develop land or increase the density of land, except as provided by this section. The total amount of stewardship credits within the rural land stewardship area must enable the realization of the long-term vision and goals for the rural land stewardship area, which may take into consideration the anticipated effect of the proposed receiving areas. The estimated amount of receiving area shall be projected based on available data, and the development potential represented by the stewardship credits created within the rural land stewardship area must correlate to that amount.

(8) Stewardship credits are subject to the following limitations:

(a) Stewardship credits may exist only within a rural land stewardship area.

(b) Stewardship credits may be created only from lands designated as stewardship sending areas and may be used only on lands designated as stewardship receiving areas and then solely for the purpose of implementing innovative planning and development strategies and creative land use planning techniques adopted by the local government pursuant to this section.

(c) Stewardship credits assigned to a parcel of land within a rural land stewardship area shall cease to exist if the parcel of land is removed from the rural land stewardship area by plan amendment.

(d) Neither the creation of the rural land stewardship area by plan amendment nor the adoption of the rural land stewardship zoning overlay district by the local government may displace the underlying permitted uses or the density or intensity of land uses assigned to a parcel of land within the rural land stewardship area that existed before adoption of the plan amendment or zoning overlay district; however, once stewardship credits have been transferred from a designated sending area for use within a designated receiving area, the underlying density assigned to the designated sending area ceases to exist.

(e) The underlying permitted uses, density, or intensity on each parcel of land located within a rural land stewardship area may not be increased or decreased by the local government, except as a result of the conveyance or stewardship credits, as long as the parcel remains within the rural land stewardship area.

(f) Stewardship credits shall cease to exist on a parcel of land where the underlying density assigned to the parcel of land is used.

(g) An increase in the density or intensity of use on a parcel of land located within a designated receiving area may occur only through the assignment or use of stewardship credits and do not require a plan amendment. A change in the type of agricultural use on property within a rural land stewardship area is not considered a change in use or intensity of use and does not require any transfer of stewardship credits.

(h) A change in the density or intensity of land use on parcels located within receiving areas shall be specified in a development order that reflects the total number of stewardship credits assigned to the parcel of land and the infrastructure and support services necessary to provide for a functional mix of land uses corresponding to the plan of development.

(i) Land within a rural land stewardship area may be removed from the rural land stewardship area through a plan amendment.

(j) Stewardship credits may be assigned at different ratios of credits per acre according to the natural resource or other beneficial use characteristics of the land and according to the land use remaining after the transfer of credits, with the highest number of credits per acre assigned to the most environmentally valuable land or, in locations where the retention of open space and agricultural land is a priority, to such lands.

(k) Stewardship credits may be transferred from a sending area only after a stewardship easement is placed on the sending area land with

assigned stewardship credits. A stewardship easement is a covenant or restrictive easement running with the land which specifies the allowable uses and development restrictions for the portion of a sending area from which stewardship credits have been transferred. The stewardship easement must be jointly held by the county and the Department of Environmental Protection, the Department of Agriculture and Consumer Services, a water management district, or a recognized statewide land trust.

(9) Owners of land within rural land stewardship sending areas should be provided other incentives, in addition to the use or conveyance of stewardship credits, to enter into rural land stewardship agreements, pursuant to existing law and rules adopted thereto, with state agencies, water management districts, the Fish and Wildlife Conservation Commission, and local governments to achieve mutually agreed upon objectives. Such incentives may include, but are not limited to, the following:

(a) Opportunity to accumulate transferable wetland and species habitat mitigation credits for use or sale.

(b) Extended permit agreements.

(c) Opportunities for recreational leases and ecotourism.

(d) Compensation for the achievement of specified land management activities of public benefit, including, but not limited to, facility siting and corridors, recreational leases, water conservation and storage, water reuse, wastewater recycling, water supply and water resource development, nutrient reduction, environmental restoration and mitigation, public recreation, listed species protection and recovery, and wildlife corridor management and enhancement.

(e) Option agreements for sale to public entities or private land conservation entities, in either fee or easement, upon achievement of specified conservation objectives.

(10) This section constitutes an overlay of land use options that provide economic and regulatory incentives for landowners outside of established and planned urban service areas to conserve and manage vast areas of land for the benefit of the state's citizens and natural environment while maintaining and enhancing the asset value of their landholdings. It is the intent of the Legislature that this section be implemented pursuant to law and rulemaking is not authorized.

(11) It is the intent of the Legislature that the rural land stewardship area located in Collier County, which was established pursuant to the requirements of a final order by the Governor and Cabinet, duly adopted as a growth management plan amendment by Collier County, and found in compliance with this chapter, be recognized as a statutory rural land stewardship area and be afforded the incentives in this section.

Section 33. Paragraph (a) of subsection (2) of section 163.360, Florida Statutes, is amended to read:

163.360 Community redevelopment plans.—

(2) The community redevelopment plan shall:

(a) Conform to the comprehensive plan for the county or municipality as prepared by the local planning agency under the *Community* ~~Local Government Comprehensive~~ Planning ~~and Land Development Regulation~~ Act.

Section 34. Paragraph (a) of subsection (3) and subsection (8) of section 163.516, Florida Statutes, are amended to read:

163.516 Safe neighborhood improvement plans.—

(3) The safe neighborhood improvement plan shall:

(a) Be consistent with the adopted comprehensive plan for the county or municipality pursuant to the *Community* ~~Local Government Comprehensive~~ Planning ~~and Land Development Regulation~~ Act. No district plan shall be implemented unless the local governing body has determined said plan is consistent.

(8) Pursuant to *s.* ~~ss.~~ 163.3184~~, 163.3187, and 163.3189~~, the governing body of a municipality or county shall hold two public hearings to consider the board-adopted safe neighborhood improvement plan as an amendment or modification to the municipality's or county's adopted local comprehensive plan.

Section 35. Paragraph (f) of subsection (6), subsection (9), and paragraph (c) of subsection (11) of section 171.203, Florida Statutes, are amended to read:

171.203 Interlocal service boundary agreement.—The governing body of a county and one or more municipalities or independent special districts within the county may enter into an interlocal service boundary agreement under this part. The governing bodies of a county, a municipality, or an independent special district may develop a process for reaching an interlocal service boundary agreement which provides for public participation in a manner that meets or exceeds the requirements of subsection (13), or the governing bodies may use the process established in this section.

(6) An interlocal service boundary agreement may address any issue concerning service delivery, fiscal responsibilities, or boundary adjustment. The agreement may include, but need not be limited to, provisions that:

(f) Establish a process for land use decisions consistent with part II of chapter 163, including those made jointly by the governing bodies of the county and the municipality, or allow a municipality to adopt land use changes consistent with part II of chapter 163 for areas that are scheduled to be annexed within the term of the interlocal agreement; however, the county comprehensive plan and land development regulations shall control until the municipality annexes the property and amends its comprehensive plan accordingly. ~~Comprehensive plan amendments to incorporate the process established by this paragraph are exempt from the twice-per-year limitation under s. 163.3187.~~

(9) Each local government that is a party to the interlocal service boundary agreement shall amend the intergovernmental coordination element of its comprehensive plan, as described in s. 163.3177(6)(h)1., no later than 6 months following entry of the interlocal service boundary agreement consistent with s. 163.3177(6)(h)1. ~~Plan amendments required by this subsection are exempt from the twice-per-year limitation under s. 163.3187.~~

(11)

~~(c) Any amendment required by paragraph (a) is exempt from the twice-per-year limitation under s. 163.3187.~~

Section 36. Section 186.513, Florida Statutes, is amended to read:

186.513 Reports.—Each regional planning council shall prepare and furnish an annual report on its activities to the state land planning agency as defined in s. 163.3164~~(20)~~ and the local general-purpose governments within its boundaries and, upon payment as may be established by the council, to any interested person. The regional planning councils shall make a joint report and recommendations to appropriate legislative committees.

Section 37. Section 186.515, Florida Statutes, is amended to read:

186.515 Creation of regional planning councils under chapter 163.—Nothing in ss. 186.501-186.507, 186.513, and 186.515 is intended to repeal or limit the provisions of chapter 163; however, the local general-purpose governments serving as voting members of the governing body of a regional planning council created pursuant to ss. 186.501-186.507, 186.513, and 186.515 are not authorized to create a regional planning council pursuant to chapter 163 unless an agency, other than a regional planning council created pursuant to ss. 186.501-186.507, 186.513, and 186.515, is designated to exercise the powers and duties in any one or more of ss. 163.3164~~(19)~~ and 380.031(15); in which case, such a regional planning council is also without authority to exercise the powers and duties in s. 163.3164~~(19)~~ or s. 380.031(15).

Section 38. Subsection (1) of section 189.415, Florida Statutes, is amended to read:

189.415 Special district public facilities report.—

(1) It is declared to be the policy of this state to foster coordination between special districts and local general-purpose governments as those local general-purpose governments develop comprehensive plans

under the *Community* ~~Local Government Comprehensive~~ Planning ~~and Land Development Regulation~~ Act, pursuant to part II of chapter 163.

Section 39. Subsection (3) of section 190.004, Florida Statutes, is amended to read:

190.004 Preemption; sole authority.—

(3) The establishment of an independent community development district as provided in this act is not a development order within the meaning of chapter 380. All governmental planning, environmental, and land development laws, regulations, and ordinances apply to all development of the land within a community development district. Community development districts do not have the power of a local government to adopt a comprehensive plan, building code, or land development code, as those terms are defined in the *Community* ~~Local Government Comprehensive~~ Planning ~~and Land Development Regulation~~ Act. A district shall take no action which is inconsistent with applicable comprehensive plans, ordinances, or regulations of the applicable local general-purpose government.

Section 40. Paragraph (a) of subsection (1) of section 190.005, Florida Statutes, is amended to read:

190.005 Establishment of district.—

(1) The exclusive and uniform method for the establishment of a community development district with a size of 1,000 acres or more shall be pursuant to a rule, adopted under chapter 120 by the Florida Land and Water Adjudicatory Commission, granting a petition for the establishment of a community development district.

(a) A petition for the establishment of a community development district shall be filed by the petitioner with the Florida Land and Water Adjudicatory Commission. The petition shall contain:

1. A metes and bounds description of the external boundaries of the district. Any real property within the external boundaries of the district which is to be excluded from the district shall be specifically described, and the last known address of all owners of such real property shall be listed. The petition shall also address the impact of the proposed district on any real property within the external boundaries of the district which is to be excluded from the district.

2. The written consent to the establishment of the district by all landowners whose real property is to be included in the district or documentation demonstrating that the petitioner has control by deed, trust agreement, contract, or option of 100 percent of the real property to be included in the district, and when real property to be included in the district is owned by a governmental entity and subject to a ground lease as described in s. 190.003(14), the written consent by such governmental entity.

3. A designation of five persons to be the initial members of the board of supervisors, who shall serve in that office until replaced by elected members as provided in s. 190.006.

4. The proposed name of the district.

5. A map of the proposed district showing current major trunk water mains and sewer interceptors and outfalls if in existence.

6. Based upon available data, the proposed timetable for construction of the district services and the estimated cost of constructing the proposed services. These estimates shall be submitted in good faith but *are* ~~shall~~ not ~~be~~ binding and may be subject to change.

7. A designation of the future general distribution, location, and extent of public and private uses of land proposed for the area within the district by the future land use plan element of the effective local government comprehensive plan of which all mandatory elements have been adopted by the applicable general-purpose local government in compliance with the *Community* ~~Local Government Comprehensive~~ Planning ~~and Land Development Regulation~~ Act.

8. A statement of estimated regulatory costs in accordance with the requirements of s. 120.541.

Section 41. Paragraph (i) of subsection (6) of section 193.501, Florida Statutes, is amended to read:

193.501 Assessment of lands subject to a conservation easement, environmentally endangered lands, or lands used for outdoor recreational or park purposes when land development rights have been conveyed or conservation restrictions have been covenanted.—

(6) The following terms whenever used as referred to in this section have the following meanings unless a different meaning is clearly indicated by the context:

(i) "Qualified as environmentally endangered" means land that has unique ecological characteristics, rare or limited combinations of geological formations, or features of a rare or limited nature constituting habitat suitable for fish, plants, or wildlife, and which, if subject to a development moratorium or one or more conservation easements or development restrictions appropriate to retaining such land or water areas predominantly in their natural state, would be consistent with the conservation, recreation and open space, and, if applicable, coastal protection elements of the comprehensive plan adopted by formal action of the local governing body pursuant to s. 163.3161, the *Community* ~~Local Government Comprehensive~~ Planning ~~and Land Development Regulation~~ Act; or surface waters and wetlands, as determined by the methodology ratified in s. 373.4211.

Section 42. Subsection (15) of section 287.042, Florida Statutes, is amended to read:

287.042 Powers, duties, and functions.—The department shall have the following powers, duties, and functions:

(15) To enter into joint agreements with governmental agencies, as defined in s. 163.3164~~(10)~~, for the purpose of pooling funds for the purchase of commodities or information technology that can be used by multiple agencies.

(a) Each agency that has been appropriated or has existing funds for such purchase, shall, upon contract award by the department, transfer their portion of the funds into the department's Operating Trust Fund for payment by the department. The funds shall be transferred by the Executive Office of the Governor pursuant to the agency budget amendment request provisions in chapter 216.

(b) Agencies that sign the joint agreements are financially obligated for their portion of the agreed-upon funds. If an agency becomes more than 90 days delinquent in paying the funds, the department shall certify to the Chief Financial Officer the amount due, and the Chief Financial Officer shall transfer the amount due to the Operating Trust Fund of the department from any of the agency's available funds. The Chief Financial Officer shall report these transfers and the reasons for the transfers to the Executive Office of the Governor and the legislative appropriations committees.

Section 43. Subsection (4) of section 288.063, Florida Statutes, is amended to read:

288.063 Contracts for transportation projects.—

(4) The Office of Tourism, Trade, and Economic Development may adopt criteria by which transportation projects are to be reviewed and certified in accordance with s. 288.061. In approving transportation projects for funding, the Office of Tourism, Trade, and Economic Development shall consider factors including, but not limited to, the cost per job created or retained considering the amount of transportation funds requested; the average hourly rate of wages for jobs created; the reliance on the program as an inducement for the project's location decision; the amount of capital investment to be made by the business; the demonstrated local commitment; the location of the project in an enterprise zone designated pursuant to s. 290.0055; the location of the project in a spaceport territory as defined in s. 331.304; the unemployment rate of the surrounding area; *and* the poverty rate of the community~~; and the adoption of an economic element as part of its local comprehensive plan in accordance with s. 163.3177(7)(j)~~. The Office of Tourism, Trade, and Economic Development may contact any agency it deems appropriate for additional input regarding the approval of projects.

Section 44. Paragraph (a) of subsection (2), subsection (10), and paragraph (d) of subsection (12) of section 288.975, Florida Statutes, are amended to read:

288.975 Military base reuse plans.—

(2) As used in this section, the term:

(a) "Affected local government" means a local government adjoining the host local government and any other unit of local government that is not a host local government but that is identified in a proposed military base reuse plan as providing, operating, or maintaining one or more public facilities as defined in s. 163.3164~~(24)~~ on lands within or serving a military base designated for closure by the Federal Government.

(10) Within 60 days after receipt of a proposed military base reuse plan, these entities shall review and provide comments to the host local government. The commencement of this review period shall be advertised in newspapers of general circulation within the host local government and any affected local government to allow for public comment. No later than 180 days after receipt and consideration of all comments, and the holding of at least two public hearings, the host local government shall adopt the military base reuse plan. The host local government shall comply with the notice requirements set forth in s. 163.3184*(11)*~~(15)~~ to ensure full public participation in this planning process.

(12) Following receipt of a petition, the petitioning party or parties and the host local government shall seek resolution of the issues in dispute. The issues in dispute shall be resolved as follows:

(d) Within 45 days after receiving the report from the state land planning agency, the Administration Commission shall take action to resolve the issues in dispute. In deciding upon a proper resolution, the Administration Commission shall consider the nature of the issues in dispute, any requests for a formal administrative hearing pursuant to chapter 120, the compliance of the parties with this section, the extent of the conflict between the parties, the comparative hardships and the public interest involved. If the Administration Commission incorporates in its final order a term or condition that requires any local government to amend its local government comprehensive plan, the local government shall amend its plan within 60 days after the issuance of the order. ~~Such amendment or amendments shall be exempt from the limitation of the frequency of plan amendments contained in s. 163.3187(1), and~~ A public hearing on such amendment or amendments pursuant to s. 163.3184*(11)*~~(15)~~(b)1. *is* ~~shall~~ not ~~be~~ required. The final order of the Administration Commission is subject to appeal pursuant to s. 120.68. If the order of the Administration Commission is appealed, the time for the local government to amend its plan shall be tolled during the pendency of any local, state, or federal administrative or judicial proceeding relating to the military base reuse plan.

Section 45. Subsection (4) of section 290.0475, Florida Statutes, is amended to read:

290.0475 Rejection of grant applications; penalties for failure to meet application conditions.—Applications received for funding under all program categories shall be rejected without scoring only in the event that any of the following circumstances arise:

(4) The application is not consistent with the local government's comprehensive plan adopted pursuant to s. 163.3184~~(7)~~.

Section 46. Paragraph (c) of subsection (3) of section 311.07, Florida Statutes, is amended to read:

311.07 Florida seaport transportation and economic development funding.—

(3)

(c) To be eligible for consideration by the council pursuant to this section, a project must be consistent with the port comprehensive master plan which is incorporated as part of the approved local government comprehensive plan as required by s. 163.3178(2)(k) or other provisions of the *Community* ~~Local Government Comprehensive~~ Planning ~~and Land Development Regulation~~ Act, part II of chapter 163.

Section 47. Subsection (1) of section 331.319, Florida Statutes, is amended to read:

331.319 Comprehensive planning; building and safety codes.—The board of directors may:

(1) Adopt, and from time to time review, amend, supplement, or repeal, a comprehensive general plan for the physical development of the area within the spaceport territory in accordance with the objectives and purposes of this act and consistent with the comprehensive plans of the applicable county or counties and municipality or municipalities adopted pursuant to the *Community* ~~Local Government Comprehensive~~ Planning ~~and Land Development Regulation~~ Act, part II of chapter 163.

Section 48. Paragraph (e) of subsection (5) of section 339.155, Florida Statutes, is amended to read:

339.155 Transportation planning.—

(5) ADDITIONAL TRANSPORTATION PLANS.—

(e) The regional transportation plan developed pursuant to this section must, at a minimum, identify regionally significant transportation facilities located within a regional transportation area and contain a prioritized list of regionally significant projects. ~~The level-of-service standards for facilities to be funded under this subsection shall be adopted by the appropriate local government in accordance with s. 163.3180(10).~~ The projects shall be adopted into the capital improvements schedule of the local government comprehensive plan pursuant to s. 163.3177(3).

Section 49. Paragraph (a) of subsection (4) of section 339.2819, Florida Statutes, is amended to read:

339.2819 Transportation Regional Incentive Program.—

(4)(a) Projects to be funded with Transportation Regional Incentive Program funds shall, at a minimum:

1. Support those transportation facilities that serve national, statewide, or regional functions and function as an integrated regional transportation system.

2. Be identified in the capital improvements element of a comprehensive plan that has been determined to be in compliance with part II of chapter 163, after July 1, 2005~~, or to implement a long-term concurrency management system adopted by a local government in accordance with s. 163.3180(9)~~. Further, the project shall be in compliance with local government comprehensive plan policies relative to corridor management.

3. Be consistent with the Strategic Intermodal System Plan developed under s. 339.64.

4. Have a commitment for local, regional, or private financial matching funds as a percentage of the overall project cost.

Section 50. Subsection (5) of section 369.303, Florida Statutes, is amended to read:

369.303 Definitions.—As used in this part:

(5) "Land development regulation" means a regulation covered by the definition in s. 163.3164~~(23)~~ and any of the types of regulations described in s. 163.3202.

Section 51. Subsections (5) and (7) of section 369.321, Florida Statutes, are amended to read:

369.321 Comprehensive plan amendments.—Except as otherwise expressly provided, by January 1, 2006, each local government within the Wekiva Study Area shall amend its local government comprehensive plan to include the following:

(5) Comprehensive plans and comprehensive plan amendments adopted by the local governments to implement this section shall be reviewed by the Department of Community Affairs pursuant to s. 163.3184~~, and shall be exempt from the provisions of s. 163.3187(1)~~.

(7) During the period prior to the adoption of the comprehensive plan amendments required by this act, any local comprehensive plan amendment adopted by a city or county that applies to land located within the Wekiva Study Area shall protect surface and groundwater resources and be reviewed by the Department of Community Affairs~~, pursuant to chapter 163 and chapter 9J-5, Florida Administrative Code,~~ using best available data, including the information presented to the Wekiva River Basin Coordinating Committee.

Section 52. Subsection (1) of section 378.021, Florida Statutes, is amended to read:

378.021 Master reclamation plan.—

(1) The Department of Environmental Protection shall amend the master reclamation plan that provides guidelines for the reclamation of lands mined or disturbed by the severance of phosphate rock prior to July 1, 1975, which lands are not subject to mandatory reclamation under part II of chapter 211. In amending the master reclamation plan, the Department of Environmental Protection shall continue to conduct an onsite evaluation of all lands mined or disturbed by the severance of phosphate rock prior to July 1, 1975, which lands are not subject to mandatory reclamation under part II of chapter 211. The master reclamation plan when amended by the Department of Environmental Protection shall be consistent with local government plans prepared pursuant to the *Community* ~~Local Government Comprehensive~~ Planning ~~and Land Development Regulation~~ Act.

Section 53. Subsection (10) of section 380.031, Florida Statutes, is amended to read:

380.031 Definitions.—As used in this chapter:

(10) "Local comprehensive plan" means any or all local comprehensive plans or elements or portions thereof prepared, adopted, or amended pursuant to the *Community* ~~Local Government Comprehensive~~ Planning ~~and Land Development Regulation~~ Act, as amended.

Section 54. Paragraph (d) of subsection (2), paragraph (b) of subsection (6), paragraphs (c), (e), and (f) of subsection (19), subsection (24), paragraph (e) of subsection (28), and paragraphs (a), (d), and (e) of subsection (29) of section 380.06, Florida Statutes, are amended, and subsection (30) is added to that section, to read:

380.06 Developments of regional impact.—

(2) STATEWIDE GUIDELINES AND STANDARDS.—

(d) The guidelines and standards shall be applied as follows:

1. Fixed thresholds.—

a. A development that is below 100 percent of all numerical thresholds in the guidelines and standards shall not be required to undergo development-of-regional-impact review.

b. A development that is at or above 120 percent of any numerical threshold shall be required to undergo development-of-regional-impact review.

c. Projects certified under s. 403.973 which create at least 100 jobs and meet the criteria of the Office of Tourism, Trade, and Economic Development as to their impact on an area's economy, employment, and prevailing wage and skill levels that are at or below 100 percent of the numerical thresholds for industrial plants, industrial parks, distribution, warehousing or wholesaling facilities, office development or multiuse projects other than residential, as described in s. 380.0651(3)(c)~~, (d),~~ and *(f)*~~(h)~~, are not required to undergo development-of-regional-impact review.

2. Rebuttable presumption.—It shall be presumed that a development that is at 100 percent or between 100 and 120 percent of a numerical threshold shall be required to undergo development-of-regional-impact review.

Section 55. Paragraph (b) of subsection (6), paragraph (g) of subsection (15), paragraphs (b), (c), and (e) of subsection (19), subsection (24), paragraph (e) of subsection (28), and paragraphs (a), (d), and (e) of subsection (29) of section 380.06, Florida Statutes, are amended, and subsection (30) is added to that section, to read:

(6) APPLICATION FOR APPROVAL OF DEVELOPMENT; CONCURRENT PLAN AMENDMENTS.—

(b) Any local government comprehensive plan amendments related to a proposed development of regional impact, including any changes proposed under subsection (19), may be initiated by a local planning agency or the developer and must be considered by the local governing body at the same time as the application for development approval using the procedures provided for local plan amendment in s. 163.3187 ~~or s. 163.3189~~ and applicable local ordinances, without regard to ~~statutory or~~ local ~~ordinance~~ limits on the frequency of consideration of amendments to the local comprehensive plan. ~~Nothing in~~ This paragraph *does not* ~~shall be deemed to~~ require favorable consideration of a plan amendment solely because it is related to a development of regional impact. The procedure for processing such comprehensive plan amendments is as follows:

1. If a developer seeks a comprehensive plan amendment related to a development of regional impact, the developer must so notify in writing the regional planning agency, the applicable local government, and the state land planning agency no later than the date of preapplication conference or the submission of the proposed change under subsection (19).

2. When filing the application for development approval or the proposed change, the developer must include a written request for comprehensive plan amendments that would be necessitated by the development-of-regional-impact approvals sought. That request must include data and analysis upon which the applicable local government can determine whether to transmit the comprehensive plan amendment pursuant to s. 163.3184.

3. The local government must advertise a public hearing on the transmittal within 30 days after filing the application for development approval or the proposed change and must make a determination on the transmittal within 60 days after the initial filing unless that time is extended by the developer.

4. If the local government approves the transmittal, procedures set forth in s. 163.3184*(4)(b)-(d)*~~(3)-(6)~~ must be followed.

5. Notwithstanding subsection (11) or subsection (19), the local government may not hold a public hearing on the application for development approval or the proposed change or on the comprehensive plan amendments sooner than 30 days from receipt of the response from the state land planning agency pursuant to s. 163.3184*(4)(d)*~~(6). The 60-day time period for local governments to adopt, adopt with changes, or not adopt plan amendments pursuant to s. 163.3184(7) shall not apply to concurrent plan amendments provided for in this subsection.~~

6. The local government must hear both the application for development approval or the proposed change and the comprehensive plan amendments at the same hearing. However, the local government must take action separately on the application for development approval or the proposed change and on the comprehensive plan amendments.

7. Thereafter, the appeal process for the local government development order must follow the provisions of s. 380.07, and the compliance process for the comprehensive plan amendments must follow the provisions of s. 163.3184.

(15) LOCAL GOVERNMENT DEVELOPMENT ORDER.—

(g) A local government shall not issue permits for development subsequent to the buildout date contained in the development order unless:

1. The proposed development has been evaluated cumulatively with existing development under the substantial deviation provisions of subsection (19) subsequent to the termination or expiration date;

2. The proposed development is consistent with an abandonment of development order that has been issued in accordance with the provisions of subsection (26);

3. The development of regional impact is essentially built out, in that all the mitigation requirements in the development order have been satisfied, all developers are in compliance with all applicable terms and conditions of the development order except the buildout date, and the amount of proposed development that remains to be built is less than *40* ~~20~~ percent of any applicable development-of-regional-impact threshold; or

4. The project has been determined to be an essentially built-out development of regional impact through an agreement executed by the developer, the state land planning agency, and the local government, in accordance with s. 380.032, which will establish the terms and conditions under which the development may be continued. If the project is determined to be essentially built out, development may proceed pursuant to the s. 380.032 agreement after the termination or expiration date contained in the development order without further development-of-regional-impact review subject to the local government comprehensive plan and land development regulations or subject to a modified development-of-regional-impact analysis. As used in this paragraph, an "essentially built-out" development of regional impact means:

a. The developers are in compliance with all applicable terms and conditions of the development order except the buildout date; and

b.(I) The amount of development that remains to be built is less than the substantial deviation threshold specified in paragraph (19)(b) for each individual land use category, or, for a multiuse development, the sum total of all unbuilt land uses as a percentage of the applicable substantial deviation threshold is equal to or less than 100 percent; or

(II) The state land planning agency and the local government have agreed in writing that the amount of development to be built does not create the likelihood of any additional regional impact not previously reviewed.

The single-family residential portions of a development may be considered "essentially built out" if all of the workforce housing obligations and all of the infrastructure and horizontal development have been completed, at least 50 percent of the dwelling units have been completed, and more than 80 percent of the lots have been conveyed to third-party individual lot owners or to individual builders who own no more than 40 lots at the time of the determination. The mobile home park portions of a development may be considered "essentially built out" if all the infrastructure and horizontal development has been completed, and at least 50 percent of the lots are leased to individual mobile home owners.

(19) SUBSTANTIAL DEVIATIONS.—

(b) Any proposed change to a previously approved development of regional impact or development order condition which, either individually or cumulatively with other changes, exceeds any of the following criteria shall constitute a substantial deviation and shall cause the development to be subject to further development-of-regional-impact review without the necessity for a finding of same by the local government:

1. An increase in the number of parking spaces at an attraction or recreational facility by *15* ~~10~~ percent or *500* ~~330~~ spaces, whichever is greater, or an increase in the number of spectators that may be accommodated at such a facility by *15* ~~10~~ percent or *1,500* ~~1,100~~ spectators, whichever is greater.

2. A new runway, a new terminal facility, a 25-percent lengthening of an existing runway, or a 25-percent increase in the number of gates of an existing terminal, but only if the increase adds at least three additional gates.

~~3. An increase in industrial development area by 10 percent or 35 acres, whichever is greater.~~

~~4. An increase in the average annual acreage mined by 10 percent or 11 acres, whichever is greater, or an increase in the average daily water consumption by a mining operation by 10 percent or 330,000 gallons, whichever is greater. A net increase in the size of the mine by 10 percent or 825 acres, whichever is less. For purposes of calculating any net increases in size, only additions and deletions of lands that have not been mined shall be considered. An increase in the size of a heavy mineral mine as defined in s. 378.403(7) will only constitute a substantial deviation if the average annual acreage mined is more than 550 acres and consumes more than 3.3 million gallons of water per day.~~

3.~~5.~~ An increase in land area for office development by *15* ~~10~~ percent or an increase of gross floor area of office development by *15* ~~10~~ percent or *100,000* ~~66,000~~ gross square feet, whichever is greater.

4.~~6.~~ An increase in the number of dwelling units by 10 percent or 55 dwelling units, whichever is greater.

5.~~7.~~ An increase in the number of dwelling units by 50 percent or 200 units, whichever is greater, provided that 15 percent of the proposed additional dwelling units are dedicated to affordable workforce housing, subject to a recorded land use restriction that shall be for a period of not less than 20 years and that includes resale provisions to ensure long-term affordability for income-eligible homeowners and renters and provisions for the workforce housing to be commenced prior to the completion of 50 percent of the market rate dwelling. For purposes of this subparagraph, the term "affordable workforce housing" means housing that is affordable to a person who earns less than 120 percent of the area median income, or less than 140 percent of the area median income if located in a county in which the median purchase price for a single-family existing home exceeds the statewide median purchase price of a single-family existing home. For purposes of this subparagraph, the term "statewide median purchase price of a single-family existing home" means the statewide purchase price as determined in the Florida Sales Report, Single-Family Existing Homes, released each January by the Florida Association of Realtors and the University of Florida Real Estate Research Center.

6.~~8.~~ An increase in commercial development by *60,000* ~~55,000~~ square feet of gross floor area or of parking spaces provided for customers for *425* ~~330~~ cars or a 10-percent increase ~~of either of these~~, whichever is greater.

~~9. An increase in hotel or motel rooms by 10 percent or 83 rooms, whichever is greater.~~

7.~~10.~~ An increase in a recreational vehicle park area by 10 percent or 110 vehicle spaces, whichever is less.

8.~~11.~~ A decrease in the area set aside for open space of 5 percent or 20 acres, whichever is less.

9.~~12.~~ A proposed increase to an approved multiuse development of regional impact where the sum of the increases of each land use as a percentage of the applicable substantial deviation criteria is equal to or exceeds 110 percent. The percentage of any decrease in the amount of open space shall be treated as an increase for purposes of determining when 110 percent has been reached or exceeded.

10.~~13.~~ A 15-percent increase in the number of external vehicle trips generated by the development above that which was projected during the original development-of-regional-impact review.

11.~~14.~~ Any change which would result in development of any area which was specifically set aside in the application for development approval or in the development order for preservation or special protection of endangered or threatened plants or animals designated as endangered, threatened, or species of special concern and their habitat, any species protected by 16 U.S.C. ss. 668a-668d, primary dunes, or archaeological and historical sites designated as significant by the Division of Historical Resources of the Department of State. The refinement of the boundaries and configuration of such areas shall be considered under sub-subparagraph (e)2.j.

The substantial deviation numerical standards in subparagraphs 3., *6., and* ~~5., 8.,~~ 9.~~, and 12.~~, excluding residential uses, and in subparagraph *10.* ~~13.~~, are increased by 100 percent for a project certified under s. 403.973 which creates jobs and meets criteria established by the Office of Tourism, Trade, and Economic Development as to its impact on an area's economy, employment, and prevailing wage and skill levels. The substantial deviation numerical standards in subparagraphs 3., *4.* 5., 6., ~~7., 8.,~~ 9., ~~12.,~~ and *10.* ~~13.~~ are increased by 50 percent for a project located wholly within an urban infill and redevelopment area designated on the applicable adopted local comprehensive plan future land use map and not located within the coastal high hazard area.

(c) An extension of the date of buildout of a development, or any phase thereof, by more than 7 years is presumed to create a substantial deviation subject to further development-of-regional-impact review.

1. An extension of the date of buildout, or any phase thereof, of more than 5 years but not more than 7 years is presumed not to create a substantial deviation. The extension of the date of buildout of an area-wide development of regional impact by more than 5 years but less than 10 years is presumed not to create a substantial deviation. These presumptions may be rebutted by clear and convincing evidence at the public hearing held by the local government. An extension of 5 years or less is not a substantial deviation.

2. In recognition of the 2011 real estate market conditions, at the option of the developer, all commencement, phase, buildout, and expiration dates for projects that are currently valid developments of regional impact are extended for 4 years regardless of any previous extension. Associated mitigation requirements are extended for the same period unless, prior to December 1, 2011, a governmental entity notifies a developer which has commenced any construction within the phase for which the mitigation is required that the local government has entered into a contract for construction of a facility with funds to be provided from the development's mitigation funds for that phase as specified in the development order or written agreement with the developer. The 4-year extension is not a substantial deviation, is not subject to further development-of-regional-impact review, and may not be considered when determining whether a subsequent extension is a substantial deviation under this subsection. The developer must notify the local government in writing by December 31, 2011, in order to receive the 4-year extension.

For the purpose of calculating when a buildout or phase date has been exceeded, the time shall be tolled during the pendency of administrative or judicial proceedings relating to development permits. Any extension of the buildout date of a project or a phase thereof shall automatically extend the commencement date of the project, the termination date of the development order, the expiration date of the development of regional impact, and the phases thereof if applicable by a like period of time. ~~In recognition of the 2007 real estate market conditions, all phase, buildout, and expiration dates for projects that are developments of regional impact and under active construction on July 1, 2007, are extended for 3 years regardless of any prior extension. The 3-year extension is not a substantial deviation, is not subject to further development-of-regional-impact review, and may not be considered when determining whether a subsequent extension is a substantial deviation under this subsection.~~

(e)1. Except for a development order rendered pursuant to subsection (22) or subsection (25), a proposed change to a development order that individually or cumulatively with any previous change is less than any numerical criterion contained in subparagraphs (b)*1.-10.*~~1. 13.~~ and does not exceed any other criterion, or that involves an extension of the buildout date of a development, or any phase thereof, of less than 5 years is not subject to the public hearing requirements of subparagraph (f)3., and is not subject to a determination pursuant to subparagraph (f)5. Notice of the proposed change shall be made to the regional planning council and the state land planning agency. Such notice shall include a description of previous individual changes made to the development, including changes previously approved by the local government, and shall include appropriate amendments to the development order.

2. The following changes, individually or cumulatively with any previous changes, are not substantial deviations:

a. Changes in the name of the project, developer, owner, or monitoring official.

b. Changes to a setback that do not affect noise buffers, environmental protection or mitigation areas, or archaeological or historical resources.

c. Changes to minimum lot sizes.

d. Changes in the configuration of internal roads that do not affect external access points.

e. Changes to the building design or orientation that stay approximately within the approved area designated for such building and parking lot, and which do not affect historical buildings designated as significant by the Division of Historical Resources of the Department of State.

f. Changes to increase the acreage in the development, provided that no development is proposed on the acreage to be added.

g. Changes to eliminate an approved land use, provided that there are no additional regional impacts.

h. Changes required to conform to permits approved by any federal, state, or regional permitting agency, provided that these changes do not create additional regional impacts.

i. Any renovation or redevelopment of development within a previously approved development of regional impact which does not change land use or increase density or intensity of use.

j. Changes that modify boundaries and configuration of areas described in subparagraph (b)*11.*~~14.~~ due to science-based refinement of such areas by survey, by habitat evaluation, by other recognized assessment methodology, or by an environmental assessment. In order for changes to qualify under this sub-subparagraph, the survey, habitat evaluation, or assessment must occur prior to the time a conservation easement protecting such lands is recorded and must not result in any net decrease in the total acreage of the lands specifically set aside for permanent preservation in the final development order.

k. Any other change which the state land planning agency, in consultation with the regional planning council, agrees in writing is similar in nature, impact, or character to the changes enumerated in sub-subparagraphs a.-j. and which does not create the likelihood of any additional regional impact.

This subsection does not require the filing of a notice of proposed change but shall require an application to the local government to amend the development order in accordance with the local government's procedures for amendment of a development order. In accordance with the local government's procedures, including requirements for notice to the applicant and the public, the local government shall either deny the application for amendment or adopt an amendment to the development order which approves the application with or without conditions. Following adoption, the local government shall render to the state land planning agency the amendment to the development order. The state land planning agency may appeal, pursuant to s. 380.07(3), the amendment to the development order if the amendment involves sub-subparagraph g., sub-subparagraph h., sub-subparagraph j., or sub-subparagraph k., and it believes the change creates a reasonable likelihood of new or additional regional impacts.

3. Except for the change authorized by sub-subparagraph 2.f., any addition of land not previously reviewed or any change not specified in paragraph (b) or paragraph (c) shall be presumed to create a substantial deviation. This presumption may be rebutted by clear and convincing evidence.

4. Any submittal of a proposed change to a previously approved development shall include a description of individual changes previously made to the development, including changes previously approved by the local government. The local government shall consider the previous and current proposed changes in deciding whether such changes cumulatively constitute a substantial deviation requiring further development-of-regional-impact review.

5. The following changes to an approved development of regional impact shall be presumed to create a substantial deviation. Such presumption may be rebutted by clear and convincing evidence.

a. A change proposed for 15 percent or more of the acreage to a land use not previously approved in the development order. Changes of less than 15 percent shall be presumed not to create a substantial deviation.

b. Notwithstanding any provision of paragraph (b) to the contrary, a proposed change consisting of simultaneous increases and decreases of at least two of the uses within an authorized multiuse development of regional impact which was originally approved with three or more uses specified in s. 380.0651(3)(c), (d), (e), and (f) and residential use.

6. If a local government agrees to a proposed change, a change in the transportation proportionate share calculation and mitigation plan in an

adopted development order as a result of recalculation of the proportionate share contribution meeting the requirements of s. 163.3180(5)(h) in effect as of the date of such change shall be presumed not to create a substantial deviation. For purposes of this subsection, the proposed change in the proportionate share calculation or mitigation plan shall not be considered an additional regional transportation impact.

(e)1. Except for a development order rendered pursuant to subsection (22) or subsection (25), a proposed change to a development order that individually or cumulatively with any previous change is less than any numerical criterion contained in subparagraphs (b)1.-13. and does not exceed any other criterion, or that involves an extension of the buildout date of a development, or any phase thereof, of less than 5 years is not subject to the public hearing requirements of subparagraph (f)3., and is not subject to a determination pursuant to subparagraph (f)5. Notice of the proposed change shall be made to the regional planning council and the state land planning agency. Such notice shall include a description of previous individual changes made to the development, including changes previously approved by the local government, and shall include appropriate amendments to the development order.

2. The following changes, individually or cumulatively with any previous changes, are not substantial deviations:

a. Changes in the name of the project, developer, owner, or monitoring official.

b. Changes to a setback that do not affect noise buffers, environmental protection or mitigation areas, or archaeological or historical resources.

c. Changes to minimum lot sizes.

d. Changes in the configuration of internal roads that do not affect external access points.

e. Changes to the building design or orientation that stay approximately within the approved area designated for such building and parking lot, and which do not affect historical buildings designated as significant by the Division of Historical Resources of the Department of State.

f. Changes to increase the acreage in the development, provided that no development is proposed on the acreage to be added.

g. Changes to eliminate an approved land use, provided that there are no additional regional impacts.

h. Changes required to conform to permits approved by any federal, state, or regional permitting agency, provided that these changes do not create additional regional impacts.

i. Any renovation or redevelopment of development within a previously approved development of regional impact which does not change land use or increase density or intensity of use.

j. Changes that modify boundaries and configuration of areas described in subparagraph (b)14. due to science-based refinement of such areas by survey, by habitat evaluation, by other recognized assessment methodology, or by an environmental assessment. In order for changes to qualify under this sub-subparagraph, the survey, habitat evaluation, or assessment must occur prior to the time a conservation easement protecting such lands is recorded and must not result in any net decrease in the total acreage of the lands specifically set aside for permanent preservation in the final development order.

k. Any other change which the state land planning agency, in consultation with the regional planning council, agrees in writing is similar in nature, impact, or character to the changes enumerated in sub-subparagraphs a.-j. and which does not create the likelihood of any additional regional impact.

This subsection does not require the filing of a notice of proposed change but shall require an application to the local government to amend the development order in accordance with the local government's procedures for amendment of a development order. In accordance with the local government's procedures, including requirements for notice to the applicant and the public, the local government shall either deny the application for amendment or adopt an amendment to the development order which approves the application with or without conditions. Following adoption, the local government shall render to the state land planning agency the amendment to the development order. The state land planning agency may appeal, pursuant to s. 380.07(3), the amendment to the development order if the amendment involves sub-subparagraph g., sub-subparagraph h., sub-subparagraph j., or sub-subparagraph k., and it believes the change creates a reasonable likelihood of new or additional regional impacts.

3. Except for the change authorized by sub-subparagraph 2.f., any addition of land not previously reviewed or any change not specified in paragraph (b) or paragraph (c) shall be presumed to create a substantial deviation. This presumption may be rebutted by clear and convincing evidence.

4. Any submittal of a proposed change to a previously approved development shall include a description of individual changes previously made to the development, including changes previously approved by the local government. The local government shall consider the previous and current proposed changes in deciding whether such changes cumulatively constitute a substantial deviation requiring further development-of-regional-impact review.

5. The following changes to an approved development of regional impact shall be presumed to create a substantial deviation. Such presumption may be rebutted by clear and convincing evidence.

a. A change proposed for 15 percent or more of the acreage to a land use not previously approved in the development order. Changes of less than 15 percent shall be presumed not to create a substantial deviation.

b. Notwithstanding any provision of paragraph (b) to the contrary, a proposed change consisting of simultaneous increases and decreases of at least two of the uses within an authorized multiuse development of regional impact which was originally approved with three or more uses specified in s. 380.0651(3)(c), (d), *and* (e)~~, and (f)~~ and residential use.

(19) (f)1. The state land planning agency shall establish by rule standard forms for submittal of proposed changes to a previously approved development of regional impact which may require further development-of-regional-impact review. At a minimum, the standard form shall require the developer to provide the precise language that the developer proposes to delete or add as an amendment to the development order.

2. The developer shall submit, simultaneously, to the local government, the regional planning agency, and the state land planning agency the request for approval of a proposed change.

3. No sooner than 30 days but no later than 45 days after submittal by the developer to the local government, the state land planning agency, and the appropriate regional planning agency, the local government shall give 15 days' notice and schedule a public hearing to consider the change that the developer asserts does not create a substantial deviation. This public hearing shall be held within 60 days after submittal of the proposed changes, unless that time is extended by the developer.

4. The appropriate regional planning agency or the state land planning agency shall review the proposed change and, no later than 45 days after submittal by the developer of the proposed change, unless that time is extended by the developer, and prior to the public hearing at which the proposed change is to be considered, shall advise the local government in writing whether it objects to the proposed change, shall specify the reasons for its objection, if any, and shall provide a copy to the developer.

5. At the public hearing, the local government shall determine whether the proposed change requires further development-of-regional-impact review. The provisions of paragraphs (a) and (e), the thresholds set forth in paragraph (b), and the presumptions set forth in paragraphs (c) and (d) and subparagraph (e)3. shall be applicable in determining whether further development-of-regional-impact review is required. *The local government may also deny the proposed change based on matters relating to local issues, such as if the land on which the change is sought is plat restricted in a way that would be incompatible with the proposed change, and the local government does not wish to change the plat restriction as part of the proposed change.*

6. If the local government determines that the proposed change does not require further development-of-regional-impact review and is otherwise approved, or if the proposed change is not subject to a hearing and determination pursuant to subparagraphs 3. and 5. and is otherwise approved, the local government shall issue an amendment to the development order incorporating the approved change and conditions of approval relating to the change. The requirement that a change be otherwise approved shall not be construed to require additional local review or approval if the change is allowed by applicable local ordinances without further local review or approval. The decision of the local government to approve, with or without conditions, or to deny the proposed change that the developer asserts does not require further review shall be subject to the appeal provisions of s. 380.07. However, the state land planning agency may not appeal the local government decision if it did not comply with subparagraph 4. The state land planning agency may not appeal a change to a development order made pursuant to subparagraph (e)1. or subparagraph (e)2. for developments of regional impact approved after January 1, 1980, unless the change would result in a significant impact to a regionally significant archaeological, historical, or natural resource not previously identified in the original development-of-regional-impact review.

(24) STATUTORY EXEMPTIONS.—

(a) Any proposed hospital is exempt from ~~the provisions of~~ this section.

(b) Any proposed electrical transmission line or electrical power plant is exempt from ~~the provisions of~~ this section.

(c) Any proposed addition to an existing sports facility complex is exempt from ~~the provisions of~~ this section if the addition meets the following characteristics:

1. It would not operate concurrently with the scheduled hours of operation of the existing facility.

2. Its seating capacity would be no more than 75 percent of the capacity of the existing facility.

3. The sports facility complex property is owned by a public body prior to July 1, 1983.

This exemption does not apply to any pari-mutuel facility.

(d) Any proposed addition or cumulative additions subsequent to July 1, 1988, to an existing sports facility complex owned by a state university is exempt if the increased seating capacity of the complex is no more than 30 percent of the capacity of the existing facility.

(e) Any addition of permanent seats or parking spaces for an existing sports facility located on property owned by a public body prior to July 1, 1973, is exempt from ~~the provisions of~~ this section if future additions do not expand existing permanent seating or parking capacity more than 15 percent annually in excess of the prior year's capacity.

(f) Any increase in the seating capacity of an existing sports facility having a permanent seating capacity of at least 50,000 spectators is exempt from ~~the provisions of~~ this section, provided that such an increase does not increase permanent seating capacity by more than 5 percent per year and not to exceed a total of 10 percent in any 5-year period, and provided that the sports facility notifies the appropriate local government within which the facility is located of the increase at least 6 months prior to the initial use of the increased seating, in order to permit the appropriate local government to develop a traffic management plan for the traffic generated by the increase. Any traffic management plan shall be consistent with the local comprehensive plan, the regional policy plan, and the state comprehensive plan.

(g) Any expansion in the permanent seating capacity or additional improved parking facilities of an existing sports facility is exempt from ~~the provisions of~~ this section, if the following conditions exist:

1.a. The sports facility had a permanent seating capacity on January 1, 1991, of at least 41,000 spectator seats;

b. The sum of such expansions in permanent seating capacity does not exceed a total of 10 percent in any 5-year period and does not exceed a cumulative total of 20 percent for any such expansions; or

c. The increase in additional improved parking facilities is a one-time addition and does not exceed 3,500 parking spaces serving the sports facility; and

2. The local government having jurisdiction of the sports facility includes in the development order or development permit approving such expansion under this paragraph a finding of fact that the proposed expansion is consistent with the transportation, water, sewer and stormwater drainage provisions of the approved local comprehensive plan and local land development regulations relating to those provisions.

Any owner or developer who intends to rely on this statutory exemption shall provide to the department a copy of the local government application for a development permit. Within 45 days of receipt of the application, the department shall render to the local government an advisory and nonbinding opinion, in writing, stating whether, in the department's opinion, the prescribed conditions exist for an exemption under this paragraph. The local government shall render the development order approving each such expansion to the department. The owner, developer, or department may appeal the local government development order pursuant to s. 380.07, within 45 days after the order is rendered. The scope of review shall be limited to the determination of whether the conditions prescribed in this paragraph exist. If any sports facility expansion undergoes development-of-regional-impact review, all previous expansions which were exempt under this paragraph shall be included in the development-of-regional-impact review.

(h) Expansion to port harbors, spoil disposal sites, navigation channels, turning basins, harbor berths, and other related inwater harbor facilities of ports listed in s. 403.021(9)(b), port transportation facilities and projects listed in s. 311.07(3)(b), and intermodal transportation facilities identified pursuant to s. 311.09(3) are exempt from ~~the provisions of~~ this section when such expansions, projects, or facilities are consistent with comprehensive master plans that are in compliance with ~~the provisions of~~ s. 163.3178.

(i) Any proposed facility for the storage of any petroleum product or any expansion of an existing facility is exempt from ~~the provisions of~~ this section.

(j) Any renovation or redevelopment within the same land parcel which does not change land use or increase density or intensity of use.

(k) Waterport and marina development, including dry storage facilities, are exempt from ~~the provisions of~~ this section.

(l) Any proposed development within an urban service boundary established under s. 163.3177(14), which is not otherwise exempt pursuant to subsection (29), is exempt from ~~the provisions of~~ this section if the local government having jurisdiction over the area where the development is proposed has adopted the urban service boundary, has entered into a binding agreement with jurisdictions that would be impacted and with the Department of Transportation regarding the mitigation of impacts on state and regional transportation facilities~~, and has adopted a proportionate share methodology pursuant to s. 163.3180(16)~~.

(m) Any proposed development within a rural land stewardship area created under s. *163.3248* ~~163.3177(11)(d) is exempt from the provisions of this section if the local government that has adopted the rural land stewardship area has entered into a binding agreement with jurisdictions that would be impacted and the Department of Transportation regarding the mitigation of impacts on state and regional transportation facilities, and has adopted a proportionate share methodology pursuant to s. 163.3180(16)~~.

(n) The establishment, relocation, or expansion of any military installation as defined in s. 163.3175, is exempt from this section.

(o) Any self-storage warehousing that does not allow retail or other services is exempt from this section.

(p) Any proposed nursing home or assisted living facility is exempt from this section.

(q) Any development identified in an airport master plan and adopted into the comprehensive plan pursuant to s. 163.3177(6)(k) is exempt from this section.

(r) Any development identified in a campus master plan and adopted pursuant to s. 1013.30 is exempt from this section.

(s) Any development in a *detailed* specific area plan which is prepared *and adopted* pursuant to s. 163.3245 ~~and adopted into the comprehensive plan~~ is exempt from this section.

(t) Any proposed solid mineral mine and any proposed addition to, expansion of, or change to an existing solid mineral mine is exempt from this section. A mine owner will enter into a binding agreement with the Department of Transportation to mitigate impacts to strategic intermodal system facilities pursuant to the transportation thresholds in 380.06(19) or rule 9J-2.045(6), Florida Administrative Code. Proposed changes to any previously approved solid mineral mine development-of-regional-impact development orders having vested rights is not subject to further review or approval as a development-of-regional-impact or notice-of-proposed-change review or approval pursuant to subsection (19), except for those applications pending as of July 1, 2011, which shall be governed by s. 380.115(2). Notwithstanding the foregoing, however, pursuant to s. 380.115(1), previously approved solid mineral mine development-of-regional-impact development orders shall continue to enjoy vested rights and continue to be effective unless rescinded by the developer. All local government regulations of proposed solid mineral mines shall be applicable to any new solid mineral mine or to any proposed addition to, expansion of, or change to an existing solid mineral mine.

(u) Notwithstanding any provisions in an agreement with or among a local government, regional agency, or the state land planning agency or in a local government's comprehensive plan to the contrary, a project no longer subject to development-of-regional-impact review under revised thresholds is not required to undergo such review.

(v)~~(t)~~ Any development within a county with a research and education authority created by special act and that is also within a research and development park that is operated or managed by a research and development authority pursuant to part V of chapter 159 is exempt from this section.

If a use is exempt from review as a development of regional impact under paragraphs *(a)-(u)* ~~(a)-(s)~~, but will be part of a larger project that is subject to review as a development of regional impact, the impact of the exempt use must be included in the review of the larger project, unless such exempt use involves a development of regional impact that includes a landowner, tenant, or user that has entered into a funding agreement with the Office of Tourism, Trade, and Economic Development under the Innovation Incentive Program and the agreement contemplates a state award of at least $50 million.

(28) PARTIAL STATUTORY EXEMPTIONS.—

(e) The vesting provision of s. 163.3167*(5)*~~(8)~~ relating to an authorized development of regional impact *does* ~~shall~~ not apply to those projects partially exempt from the development-of-regional-impact review process under paragraphs (a)-(d).

(29) EXEMPTIONS FOR DENSE URBAN LAND AREAS.—

(a) The following are exempt from this section:

1. Any proposed development in a municipality that *has an average of at least 1,000 people per square mile of land area and a minimum total population of at least 5,000* ~~qualifies as a dense urban land area as defined in s. 163.3164~~;

2. Any proposed development within a county*, including the municipalities located in the county,* that *has an average of at least 1,000 people per square mile of land area* ~~qualifies as a dense urban land area as defined in s. 163.3164~~ and ~~that~~ is located within an urban service area as defined in s. 163.3164 which has been adopted into the comprehensive plan; ~~or~~

3. Any proposed development within a county, including the municipalities located therein, which has a population of at least 900,000, *that has an average of at least 1,000 people per square mile of land area* ~~which qualifies as a dense urban land area under s. 163.3164~~, but which does not have an urban service area designated in the comprehensive plan*; or*

4. Any proposed development within a county, including the municipalities located therein, which has a population of at least 1 million and is located within an urban service area as defined in s. 163.3164 which has been adopted into the comprehensive plan.

The Office of Economic and Demographic Research within the Legislature shall annually calculate the population and density criteria needed to determine which jurisdictions meet the density criteria in subparagraphs 1.-4. by using the most recent land area data from the decennial census conducted by the Bureau of the Census of the United States Department of Commerce and the latest available population estimates determined pursuant to s. 186.901. If any local government has had an annexation, contraction, or new incorporation, the Office of Economic and Demographic Research shall determine the population density using the new jurisdictional boundaries as recorded in accordance with s. 171.091. The Office of Economic and Demographic Research shall annually submit to the state land planning agency by July 1 a list of jurisdictions that meet the total population and density criteria. The state land planning agency shall publish the list of jurisdictions on its Internet website within 7 days after the list is received. The designation of jurisdictions that meet the criteria of subparagraphs 1.-4. is effective upon publication on the state land planning agency's Internet website. If a municipality that has previously met the criteria no longer meets the criteria, the state land planning agency shall maintain the municipality on the list and indicate the year the jurisdiction last met the criteria. However, any proposed development of regional impact not within the established boundaries of a municipality at the time the municipality last met the criteria must meet the requirements of this section until such time as the municipality as a whole meets the criteria. Any county that meets the criteria shall remain on the list in accordance with the provisions of this paragraph. Any jurisdiction that was placed on the dense urban land area list before the effective date of this act shall remain on the list in accordance with the provisions of this paragraph.

(d) A development that is located partially outside an area that is exempt from the development-of-regional-impact program must undergo development-of-regional-impact review pursuant to this section. *However, if the total acreage that is included within the area exempt from development-of-regional-impact review exceeds 85 percent of the total acreage and square footage of the approved development of regional impact, the development-of-regional-impact development order may be rescinded in both local governments pursuant to s. 380.115(1), unless the portion of the development outside the exempt area meets the threshold criteria of a development-of-regional-impact.*

(e) In an area that is exempt under paragraphs (a)-(c), any previously approved development-of-regional-impact development orders shall continue to be effective, but the developer has the option to be governed by s. 380.115(1). A pending application for development approval shall be governed by s. 380.115(2). ~~A development that has a pending application for a comprehensive plan amendment and that elects not to continue development of regional impact review is exempt from the limitation on plan amendments set forth in s. 163.3187(1) for the year following the effective date of the exemption.~~

Section 56. Subsection (3) and paragraph (a) of subsection (4) of section 380.0651, Florida Statutes, are amended to read:

380.0651 Statewide guidelines and standards.—

(3) The following statewide guidelines and standards shall be applied in the manner described in s. 380.06(2) to determine whether the following developments shall be required to undergo development-of-regional-impact review:

(a) Airports.—

1. Any of the following airport construction projects shall be a development of regional impact:

a. A new commercial service or general aviation airport with paved runways.

b. A new commercial service or general aviation paved runway.

c. A new passenger terminal facility.

2. Lengthening of an existing runway by 25 percent or an increase in the number of gates by 25 percent or three gates, whichever is greater, on a commercial service airport or a general aviation airport with regularly scheduled flights is a development of regional impact. However,

expansion of existing terminal facilities at a nonhub or small hub commercial service airport shall not be a development of regional impact.

3. Any airport development project which is proposed for safety, repair, or maintenance reasons alone and would not have the potential to increase or change existing types of aircraft activity is not a development of regional impact. Notwithstanding subparagraphs 1. and 2., renovation, modernization, or replacement of airport airside or terminal facilities that may include increases in square footage of such facilities but does not increase the number of gates or change the existing types of aircraft activity is not a development of regional impact.

(b) Attractions and recreation facilities.—Any sports, entertainment, amusement, or recreation facility, including, but not limited to, a sports arena, stadium, racetrack, tourist attraction, amusement park, or parimutuel facility, the construction or expansion of which:

1. For single performance facilities:

a. Provides parking spaces for more than 2,500 cars; or

b. Provides more than 10,000 permanent seats for spectators.

2. For serial performance facilities:

a. Provides parking spaces for more than 1,000 cars; or

b. Provides more than 4,000 permanent seats for spectators.

For purposes of this subsection, "serial performance facilities" means those using their parking areas or permanent seating more than one time per day on a regular or continuous basis.

~~3. For multiscreen movie theaters of at least 8 screens and 2,500 seats:~~

~~a. Provides parking spaces for more than 1,500 cars; or~~

~~b. Provides more than 6,000 permanent seats for spectators.~~

~~(c) Industrial plants, industrial parks, and distribution, warehousing or wholesaling facilities. Any proposed industrial, manufacturing, or processing plant, or distribution, warehousing, or wholesaling facility, excluding wholesaling developments which deal primarily with the general public onsite, under common ownership, or any proposed industrial, manufacturing, or processing activity or distribution, warehousing, or wholesaling activity, excluding wholesaling activities which deal primarily with the general public onsite, which:~~

~~1. Provides parking for more than 2,500 motor vehicles; or~~

~~2. Occupies a site greater than 320 acres.~~

(c)~~(d)~~ Office development.—Any proposed office building or park operated under common ownership, development plan, or management that:

1. Encompasses 300,000 or more square feet of gross floor area; or

2. Encompasses more than 600,000 square feet of gross floor area in a county with a population greater than 500,000 and only in a geographic area specifically designated as highly suitable for increased threshold intensity in the approved local comprehensive plan.

(d)~~(e)~~ Retail and service development.—Any proposed retail, service, or wholesale business establishment or group of establishments which deals primarily with the general public onsite, operated under one common property ownership, development plan, or management that:

1. Encompasses more than 400,000 square feet of gross area; or

2. Provides parking spaces for more than 2,500 cars.

~~(f) Hotel or motel development.~~

~~1. Any proposed hotel or motel development that is planned to create or accommodate 350 or more units; or~~

~~2. Any proposed hotel or motel development that is planned to create or accommodate 750 or more units, in a county with a population greater than 500,000.~~

(e)~~(g)~~ Recreational vehicle development.—Any proposed recreational vehicle development planned to create or accommodate 500 or more spaces.

(f)~~(h)~~ Multiuse development.—Any proposed development with two or more land uses where the sum of the percentages of the appropriate thresholds identified in chapter 28-24, Florida Administrative Code, or this section for each land use in the development is equal to or greater than 145 percent. Any proposed development with three or more land uses, one of which is residential and contains at least 100 dwelling units or 15 percent of the applicable residential threshold, whichever is greater, where the sum of the percentages of the appropriate thresholds identified in chapter 28-24, Florida Administrative Code, or this section for each land use in the development is equal to or greater than 160 percent. This threshold is in addition to, and does not preclude, a development from being required to undergo development-of-regional-impact review under any other threshold.

(g)~~(i)~~ Residential development.—No rule may be adopted concerning residential developments which treats a residential development in one county as being located in a less populated adjacent county unless more than 25 percent of the development is located within 2 or less miles of the less populated adjacent county. The residential thresholds of adjacent counties with less population and a lower threshold shall not be controlling on any development wholly located within areas designated as rural areas of critical economic concern.

(h)~~(j)~~ Workforce housing.—The applicable guidelines for residential development and the residential component for multiuse development shall be increased by 50 percent where the developer demonstrates that at least 15 percent of the total residential dwelling units authorized within the development of regional impact will be dedicated to affordable workforce housing, subject to a recorded land use restriction that shall be for a period of not less than 20 years and that includes resale provisions to ensure long-term affordability for income-eligible homeowners and renters and provisions for the workforce housing to be commenced prior to the completion of 50 percent of the market rate dwelling. For purposes of this paragraph, the term "affordable workforce housing" means housing that is affordable to a person who earns less than 120 percent of the area median income, or less than 140 percent of the area median income if located in a county in which the median purchase price for a single-family existing home exceeds the statewide median purchase price of a single-family existing home. For the purposes of this paragraph, the term "statewide median purchase price of a single-family existing home" means the statewide purchase price as determined in the Florida Sales Report, Single-Family Existing Homes, released each January by the Florida Association of Realtors and the University of Florida Real Estate Research Center.

(i)~~(k)~~ Schools.—

1. The proposed construction of any public, private, or proprietary postsecondary educational campus which provides for a design population of more than 5,000 full-time equivalent students, or the proposed physical expansion of any public, private, or proprietary postsecondary educational campus having such a design population that would increase the population by at least 20 percent of the design population.

2. As used in this paragraph, "full-time equivalent student" means enrollment for 15 or more quarter hours during a single academic semester. In career centers or other institutions which do not employ semester hours or quarter hours in accounting for student participation, enrollment for 18 contact hours shall be considered equivalent to one quarter hour, and enrollment for 27 contact hours shall be considered equivalent to one semester hour.

3. This paragraph does not apply to institutions which are the subject of a campus master plan adopted by the university board of trustees pursuant to s. 1013.30.

(4) Two or more developments, represented by their owners or developers to be separate developments, shall be aggregated and treated as a single development under this chapter when they are determined to be

part of a unified plan of development and are physically proximate to one other.

(a) The criteria of *three* ~~two~~ of the following subparagraphs must be met in order for the state land planning agency to determine that there is a unified plan of development:

1.a. The same person has retained or shared control of the developments;

b. The same person has ownership or a significant legal or equitable interest in the developments; or

c. There is common management of the developments controlling the form of physical development or disposition of parcels of the development.

2. There is a reasonable closeness in time between the completion of 80 percent or less of one development and the submission to a governmental agency of a master plan or series of plans or drawings for the other development which is indicative of a common development effort.

3. A master plan or series of plans or drawings exists covering the developments sought to be aggregated which have been submitted to a local general-purpose government, water management district, the Florida Department of Environmental Protection, or the Division of Florida Condominiums, Timeshares, and Mobile Homes for authorization to commence development. The existence or implementation of a utility's master utility plan required by the Public Service Commission or general-purpose local government or a master drainage plan shall not be the sole determinant of the existence of a master plan.

~~4. The voluntary sharing of infrastructure that is indicative of a common development effort or is designated specifically to accommodate the developments sought to be aggregated, except that which was implemented because it was required by a local general-purpose government; water management district; the Department of Environmental Protection; the Division of Florida Condominiums, Timeshares, and Mobile Homes; or the Public Service Commission.~~

4.~~5.~~ There is a common advertising scheme or promotional plan in effect for the developments sought to be aggregated.

Section 57. Subsection (17) of section 331.303, Florida Statutes, is amended to read:

331.303 Definitions.—

(17) "Spaceport launch facilities" means industrial facilities as described in s. 380.0651(3)(c)*, Florida Statutes 2010,* and include any launch pad, launch control center, and fixed launch-support equipment.

Section 58. Subsection (1) of section 380.115, Florida Statutes, is amended to read:

380.115 Vested rights and duties; effect of size reduction, changes in guidelines and standards.—

(1) A change in a development-of-regional-impact guideline and standard does not abridge or modify any vested or other right or any duty or obligation pursuant to any development order or agreement that is applicable to a development of regional impact. A development that has received a development-of-regional-impact development order pursuant to s. 380.06, but is no longer required to undergo development-of-regional-impact review by operation of a change in the guidelines and standards or has reduced its size below the thresholds in s. 380.0651, *or a development that is exempt pursuant to s. 380.06(29)* shall be governed by the following procedures:

(a) The development shall continue to be governed by the development-of-regional-impact development order and may be completed in reliance upon and pursuant to the development order unless the developer or landowner has followed the procedures for rescission in paragraph (b). Any proposed changes to those developments which continue to be governed by a development order shall be approved pursuant to s. 380.06(19) as it existed prior to a change in the development-of-regional-impact guidelines and standards, except that all percentage criteria shall be doubled and all other criteria shall be increased by 10 percent. The development-of-regional-impact development order may be enforced by the local government as provided by ss. 380.06(17) and 380.11.

(b) If requested by the developer or landowner, the development-of-regional-impact development order shall be rescinded by the local government having jurisdiction upon a showing that all required mitigation related to the amount of development that existed on the date of rescission has been completed.

Section 59. Paragraph (a) of subsection (8) of section 380.061, Florida Statutes, is amended to read:

380.061 The Florida Quality Developments program.—

(8)(a) Any local government comprehensive plan amendments related to a Florida Quality Development may be initiated by a local planning agency and considered by the local governing body at the same time as the application for development approval~~, using the procedures provided for local plan amendment in s. 163.3187 or s. 163.3189 and applicable local ordinances, without regard to statutory or local ordinance limits on the frequency of consideration of amendments to the local comprehensive plan~~. Nothing in this subsection shall be construed to require favorable consideration of a Florida Quality Development solely because it is related to a development of regional impact.

Section 60. Paragraph (a) of subsection (2) and subsection (10) of section 380.065, Florida Statutes, are amended to read:

380.065 Certification of local government review of development.—

(2) When a petition is filed, the state land planning agency shall have no more than 90 days to prepare and submit to the Administration Commission a report and recommendations on the proposed certification. In deciding whether to grant certification, the Administration Commission shall determine whether the following criteria are being met:

(a) The petitioning local government has adopted and effectively implemented a local comprehensive plan and development regulations which comply with ss. 163.3161-163.3215, the *Community* ~~Local Government Comprehensive~~ Planning ~~and Land Development Regulation~~ Act.

~~(10) The department shall submit an annual progress report to the President of the Senate and the Speaker of the House of Representatives by March 1 on the certification of local governments, stating which local governments have been certified. For those local governments which have applied for certification but for which certification has been denied, the department shall specify the reasons certification was denied.~~

Section 61. Section 380.0685, Florida Statutes, is amended to read:

380.0685 State park in area of critical state concern in county which creates land authority; surcharge on admission and overnight occupancy.—The Department of Environmental Protection shall impose and collect a surcharge of 50 cents per person per day, or $5 per annual family auto entrance permit, on admission to all state parks in areas of critical state concern located in a county which creates a land authority pursuant to s. 380.0663(1), and a surcharge of $2.50 per night per campsite, cabin, or other overnight recreational occupancy unit in state parks in areas of critical state concern located in a county which creates a land authority pursuant to s. 380.0663(1); however, no surcharge shall be imposed or collected under this section for overnight use by nonprofit groups of organized group camps, primitive camping areas, or other facilities intended primarily for organized group use. Such surcharges shall be imposed within 90 days after any county creating a land authority notifies the Department of Environmental Protection that the land authority has been created. The proceeds from such surcharges, less a collection fee that shall be kept by the Department of Environmental Protection for the actual cost of collection, not to exceed 2 percent, shall be transmitted to the land authority of the county from which the revenue was generated. Such funds shall be used to purchase property in the area or areas of critical state concern in the county from which the revenue was generated. An amount not to exceed 10 percent may be used for administration and other costs incident to such purchases. However, the proceeds of the surcharges imposed and collected pursuant to this section in a state park or parks located wholly within a municipality, less the costs of collection as provided herein, shall be

transmitted to that municipality *for use by the municipality for land acquisition or for beach renourishment or restoration, including, but not limited to, costs associated with any design, permitting, monitoring, and mitigation of such work, as well as the work itself. However, these funds may not be included in any calculation used for providing state matching funds for local contributions for beach renourishment or restoration*. The surcharges levied under this section shall remain imposed as long as the land authority is in existence.

Section 62. Subsection (3) of section 380.115, Florida Statutes, is amended to read:

380.115 Vested rights and duties; effect of size reduction, changes in guidelines and standards.—

(3) A landowner that has filed an application for a development-of-regional-impact review prior to the adoption of *a* ~~an optional~~ sector plan pursuant to s. 163.3245 may elect to have the application reviewed pursuant to s. 380.06, comprehensive plan provisions in force prior to adoption of the sector plan, and any requested comprehensive plan amendments that accompany the application.

Section 63. Subsection (1) of section 403.50665, Florida Statutes, is amended to read:

403.50665 Land use consistency.—

(1) The applicant shall include in the application a statement on the consistency of the site and any associated facilities that constitute a "development," as defined in s. 380.04, with existing land use plans and zoning ordinances that were in effect on the date the application was filed and a full description of such consistency. This information shall include an identification of those associated facilities that the applicant believes are exempt from the requirements of land use plans and zoning ordinances under ~~the provisions of~~ the *Community* ~~Local Government Comprehensive~~ Planning ~~and Land Development Regulation~~ Act provisions of chapter 163 and s. 380.04(3).

Section 64. Subsection (13) and paragraph (a) of subsection (14) of section 403.973, Florida Statutes, are amended to read:

403.973 Expedited permitting; amendments to comprehensive plans.—

(13) Notwithstanding any other provisions of law:

~~(a) Local comprehensive plan amendments for projects qualified under this section are exempt from the twice-a-year limits provision in s. 163.3187; and~~

~~(b)~~ Projects qualified under this section are not subject to interstate highway level-of-service standards adopted by the Department of Transportation for concurrency purposes. The memorandum of agreement specified in subsection (5) must include a process by which the applicant will be assessed a fair share of the cost of mitigating the project's significant traffic impacts, as defined in chapter 380 and related rules. The agreement must also specify whether the significant traffic impacts on the interstate system will be mitigated through the implementation of a project or payment of funds to the Department of Transportation. Where funds are paid, the Department of Transportation must include in the 5-year work program transportation projects or project phases, in an amount equal to the funds received, to mitigate the traffic impacts associated with the proposed project.

(14)(a) Challenges to state agency action in the expedited permitting process for projects processed under this section are subject to the summary hearing provisions of s. 120.574, except that the administrative law judge's decision, as provided in s. 120.574(2)(f), shall be in the form of a recommended order and *do* ~~shall~~ not constitute the final action of the state agency. In those proceedings where the action of only one agency of the state other than the Department of Environmental Protection is challenged, the agency of the state shall issue the final order within 45 working days after receipt of the administrative law judge's recommended order, and the recommended order shall inform the parties of their right to file exceptions or responses to the recommended order in accordance with the uniform rules of procedure pursuant to s. 120.54. In those proceedings where the actions of more than one agency of the state are challenged, the Governor shall issue the final order within 45 working days after receipt of the administrative law judge's recommended order, and the recommended order shall inform the parties of their right to file exceptions or responses to the recommended order in accordance with the uniform rules of procedure pursuant to s. 120.54. This paragraph does not apply to the issuance of department licenses required under any federally delegated or approved permit program. In such instances, the department shall enter the final order. The participating agencies of the state may opt at the preliminary hearing conference to allow the administrative law judge's decision to constitute the final agency action. ~~If a participating local government agrees to participate in the summary hearing provisions of s. 120.574 for purposes of review of local government comprehensive plan amendments, s. 163.3184(9) and (10) apply.~~

Section 65. Subsections (9) and (10) of section 420.5095, Florida Statutes, are amended to read:

420.5095 Community Workforce Housing Innovation Pilot Program.—

(9) Notwithstanding s. 163.3184*(4)(b)-(d)*~~(3)-(6)~~, any local government comprehensive plan amendment to implement a Community Workforce Housing Innovation Pilot Program project found consistent with ~~the provisions of~~ this section shall be expedited as provided in this subsection. At least 30 days prior to adopting a plan amendment under this subsection, the local government shall notify the state land planning agency of its intent to adopt such an amendment, and the notice shall include its evaluation related to site suitability and availability of facilities and services. The public notice of the hearing required by s. 163.3184*(11)*~~(15)~~(b)2. shall include a statement that the local government intends to use the expedited adoption process authorized by this subsection. Such amendments shall require only a single public hearing before the governing board, which shall be an adoption hearing as described in s. 163.3184*(4)(e)*~~(7)~~. ~~The state land planning agency shall issue its notice of intent pursuant to s. 163.3184(8) within 30 days after determining that the amendment package is complete.~~ Any further proceedings shall be governed by *s.* ~~ss.~~ 163.3184*(5)-(13)*~~(9)-(16)~~. ~~Amendments proposed under this section are not subject to s. 163.3187(1), which limits the adoption of a comprehensive plan amendment to no more than two times during any calendar year.~~

(10) The processing of approvals of development orders or development permits, as defined in s. 163.3164~~(7) and (8)~~, for innovative community workforce housing projects shall be expedited.

Section 66. Subsection (5) of section 420.615, Florida Statutes, is amended to read:

420.615 Affordable housing land donation density bonus incentives.—

(5) The local government, as part of the approval process, shall adopt a comprehensive plan amendment, pursuant to part II of chapter 163, for the receiving land that incorporates the density bonus. Such amendment shall be adopted in the manner as required for small-scale amendments pursuant to s. 163.3187, is not subject to the requirements of s. 163.3184*(4)(b)-(d)*~~(3)-(6), and is exempt from the limitation on the frequency of plan amendments as provided in s. 163.3187~~.

Section 67. Subsection (16) of section 420.9071, Florida Statutes, is amended to read:

420.9071 Definitions.—As used in ss. 420.907-420.9079, the term:

(16) "Local housing incentive strategies" means local regulatory reform or incentive programs to encourage or facilitate affordable housing production, which include at a minimum, assurance that permits as defined in s. 163.3164~~(7) and (8)~~ for affordable housing projects are expedited to a greater degree than other projects; an ongoing process for review of local policies, ordinances, regulations, and plan provisions that increase the cost of housing prior to their adoption; and a schedule for implementing the incentive strategies. Local housing incentive strategies may also include other regulatory reforms, such as those enumerated in s. 420.9076 or those recommended by the affordable housing advisory committee in its triennial evaluation of the implementation of affordable housing incentives, and adopted by the local governing body.

Section 68. Paragraph (a) of subsection (4) of section 420.9076, Florida Statutes, is amended to read:

420.9076 Adoption of affordable housing incentive strategies; committees.—

(4) Triennially, the advisory committee shall review the established policies and procedures, ordinances, land development regulations, and adopted local government comprehensive plan of the appointing local government and shall recommend specific actions or initiatives to encourage or facilitate affordable housing while protecting the ability of the property to appreciate in value. The recommendations may include the modification or repeal of existing policies, procedures, ordinances, regulations, or plan provisions; the creation of exceptions applicable to affordable housing; or the adoption of new policies, procedures, regulations, ordinances, or plan provisions, including recommendations to amend the local government comprehensive plan and corresponding regulations, ordinances, and other policies. At a minimum, each advisory committee shall submit a report to the local governing body that includes recommendations on, and triennially thereafter evaluates the implementation of, affordable housing incentives in the following areas:

(a) The processing of approvals of development orders or permits, as defined in s. 163.3164~~(7) and (8)~~, for affordable housing projects is expedited to a greater degree than other projects.

The advisory committee recommendations may also include other affordable housing incentives identified by the advisory committee. Local governments that receive the minimum allocation under the State Housing Initiatives Partnership Program shall perform the initial review but may elect to not perform the triennial review.

Section 69. Subsection (1) of section 720.403, Florida Statutes, is amended to read:

720.403 Preservation of residential communities; revival of declaration of covenants.—

(1) Consistent with required and optional elements of local comprehensive plans and other applicable provisions of the *Community* ~~Local Government Comprehensive~~ Planning ~~and Land Development Regulation~~ Act, homeowners are encouraged to preserve existing residential communities, promote available and affordable housing, protect structural and aesthetic elements of their residential community, and, as applicable, maintain roads and streets, easements, water and sewer systems, utilities, drainage improvements, conservation and open areas, recreational amenities, and other infrastructure and common areas that serve and support the residential community by the revival of a previous declaration of covenants and other governing documents that may have ceased to govern some or all parcels in the community.

Section 70. Subsection (6) of section 1013.30, Florida Statutes, is amended to read:

1013.30 University campus master plans and campus development agreements.—

(6) Before a campus master plan is adopted, a copy of the draft master plan must be sent for review or made available electronically to the host and any affected local governments, the state land planning agency, the Department of Environmental Protection, the Department of Transportation, the Department of State, the Fish and Wildlife Conservation Commission, and the applicable water management district and regional planning council. At the request of a governmental entity, a hard copy of the draft master plan shall be submitted within 7 business days of an electronic copy being made available. These agencies must be given 90 days after receipt of the campus master plans in which to conduct their review and provide comments to the university board of trustees. The commencement of this review period must be advertised in newspapers of general circulation within the host local government and any affected local government to allow for public comment. Following receipt and consideration of all comments and the holding of an informal information session and at least two public hearings within the host jurisdiction, the university board of trustees shall adopt the campus master plan. It is the intent of the Legislature that the university board of trustees comply with the notice requirements set forth in s. 163.3184*(11)*~~(15)~~ to ensure full public participation in this planning process. The informal public information session must be held before the first public hearing. The first public hearing shall be held before the draft master plan is sent to the agencies specified in this subsection. The second public hearing shall be held in conjunction with the adoption of the draft master plan by the university board of trustees. Campus master plans developed under this section are not rules and are not subject to chapter 120 except as otherwise provided in this section.

Section 71. Section 1013.33, Florida Statutes, are amended to read:

1013.33 Coordination of planning with local governing bodies.—

(1) It is the policy of this state to require the coordination of planning between boards and local governing bodies to ensure that plans for the construction and opening of public educational facilities are facilitated and coordinated in time and place with plans for residential development, concurrently with other necessary services. Such planning shall include the integration of the educational facilities plan and applicable policies and procedures of a board with the local comprehensive plan and land development regulations of local governments. The planning must include the consideration of allowing students to attend the school located nearest their homes when a new housing development is constructed near a county boundary and it is more feasible to transport the students a short distance to an existing facility in an adjacent county than to construct a new facility or transport students longer distances in their county of residence. The planning must also consider the effects of the location of public education facilities, including the feasibility of keeping central city facilities viable, in order to encourage central city redevelopment and the efficient use of infrastructure and to discourage uncontrolled urban sprawl. In addition, all parties to the planning process must consult with state and local road departments to assist in implementing the Safe Paths to Schools program administered by the Department of Transportation.

(2)(a) The school board, county, and nonexempt municipalities located within the geographic area of a school district shall enter into an interlocal agreement that jointly establishes the specific ways in which the plans and processes of the district school board and the local governments are to be coordinated. The interlocal agreements shall be submitted to the state land planning agency and the Office of Educational Facilities in accordance with a schedule published by the state land planning agency.

(b) The schedule must establish staggered due dates for submission of interlocal agreements that are executed by both the local government and district school board, commencing on March 1, 2003, and concluding by December 1, 2004, and must set the same date for all governmental entities within a school district. However, if the county where the school district is located contains more than 20 municipalities, the state land planning agency may establish staggered due dates for the submission of interlocal agreements by these municipalities. The schedule must begin with those areas where both the number of districtwide capital-outlay full-time-equivalent students equals 80 percent or more of the current year's school capacity and the projected 5-year student growth rate is 1,000 or greater, or where the projected 5-year student growth rate is 10 percent or greater.

(c) If the student population has declined over the 5-year period preceding the due date for submittal of an interlocal agreement by the local government and the district school board, the local government and district school board may petition the state land planning agency for a waiver of one or more of the requirements of subsection (3). The waiver must be granted if the procedures called for in subsection (3) are unnecessary because of the school district's declining school age population, considering the district's 5-year work program prepared pursuant to s. 1013.35. The state land planning agency may modify or revoke the waiver upon a finding that the conditions upon which the waiver was granted no longer exist. The district school board and local governments must submit an interlocal agreement within 1 year after notification by the state land planning agency that the conditions for a waiver no longer exist.
