Gracious Lord, let us be your instrument that all deliberations and decisions carried out throughout this day will be made with you in mind; so that your goodness, your beauty, your justice, your truth, and your love will be made manifest through the work of this assembly. The Florida Elections Commission must consider the mitigating and aggravating circumstances contained in s. 106.265(2) when de-

In such case, the candidate or chair of the political committee shall, within the 20-day period, notify the filing officer in writing of his or her intention to bring the matter before the commission.

Any other alleged violations must be separately stated and reported by the division to the commission under s. 106.25(2).

(9) The Department of State may prescribe by rule the requirements for filing campaign treasurers' reports as set forth in this chapter.

Section 10. Section 106.0702, Florida Statutes, is created to read:

106.0702 Reporting; political party executive committee candidates.—

(1) *An individual seeking a publicly elected position on a political party executive committee who receives a contribution or makes an expenditure shall file a report of all contributions received and all expenditures made. The report shall be filed on the 4th day immediately preceding the primary election.*

(2)(a) *The report shall be filed with the supervisor of elections of the appropriate county. Reports shall be filed no later than 5 p.m. of the day designated; however, any report postmarked by the United States Postal Service by the day designated shall be deemed to have been filed in a timely manner. Any report received by the filing officer within 5 days after the designated due date shall be deemed timely filed unless it has a postmark that indicates that the report was mailed after the designated due date. A certificate of mailing obtained from and dated by the United States Postal Service at the time of mailing, or a receipt from an established courier company, which bears a date on or before the date on which the report is due is proof of mailing in a timely manner. The report filed must contain information of all contributions received and expenditures made as of the day preceding the designated due date. All such reports must be open to public inspection.*

(b) *A reporting individual may submit the report required under this section through an electronic filing system, if used by the supervisor for other candidates, in order to satisfy the filing requirement. Such reports shall be completed and filed through the electronic filing system not later than midnight on the 4th day immediately preceding the primary election.*

(3)(a) *A report that is deemed to be incomplete by the supervisor shall be accepted on a conditional basis. The supervisor shall send a notice to the reporting individual by certified mail or by another method using a common carrier that provides proof of delivery as to why the report is incomplete. Within 7 days after receipt of such notice, the reporting individual must file an addendum to the report providing all information necessary to complete the report in compliance with this section. Failure to file a complete report after such notice constitutes a violation of this chapter.*

(b) *Notice is deemed complete upon proof of delivery of a written notice to the mailing or street address that is on record with the supervisor.*

(4)(a) *Each report required by this section must contain:*

1. *The full name, address, and occupation of each person who has made one or more contributions to or for the reporting individual within the reporting period, together with the amount and date of such contributions. For corporations, the report must provide as clear a description as practicable of the principal type of business conducted by the corporations. However, if the contribution is \$100 or less or is from a relative, as defined in s. 112.312, provided that the relationship is reported, the occupation of the contributor or the principal type of business need not be listed.*

2. *The name and address of each political committee from which the reporting individual has received, or to which the reporting individual has made, any transfer of funds within the reporting period, together with the amounts and dates of all transfers.*

3. *Each loan for campaign purposes from any person or political committee within the reporting period, together with the full name, address, and occupation, and principal place of business, if any, of the lender and endorser, if any, and the date and amount of such loans.*

4. *A statement of each contribution, rebate, refund, or other receipt not otherwise listed under subparagraphs 1.-3.*

5. *The total sums of all loans, in-kind contributions, and other receipts by or for such reporting individual during the reporting period. The reporting forms shall be designed to elicit separate totals for in-kind contributions, loans, and other receipts.*

6. *The full name and address of each person to whom expenditures have been made by or on behalf of the reporting individual within the reporting period; the amount, date, and purpose of each such expenditure; and the name and address of, and office sought by, each reporting individual on whose behalf such expenditure was made.*

7. *The amount and nature of debts and obligations owed by or to the reporting individual which relate to the conduct of any political campaign.*

8. *Transaction information for each credit card purchase. Receipts for each credit card purchase shall be retained by the reporting individual.*

9. *The amount and nature of any separate interest-bearing accounts or certificates of deposit and identification of the financial institution in which such accounts or certificates of deposit are located.*

(b) *The supervisor shall make available to any reporting individual a reporting form that the reporting individual may use to indicate contributions received by the reporting individual but returned to the contributor before deposit.*

(5) *The reporting individual shall certify as to the correctness of the report and shall bear the responsibility for the accuracy and veracity of each report. Any reporting individual who willfully certifies the correctness of the report while knowing that such report is incorrect, false, or incomplete commits a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083.*

(6) *Notwithstanding any other provisions of this chapter, the filing of the required report is waived if the reporting individual has not received contributions or expended any reportable funds.*

(7)(a) *A reporting individual who fails to file a report on the designated due date is subject to a fine, and such fine shall be paid only from personal funds of the reporting individual. The fine shall be \$50 per day for the first 3 days late and, thereafter, \$500 per day for each late day, not to exceed 25 percent of the total receipts or expenditures, whichever is greater. The fine shall be assessed by the supervisor, and the moneys collected shall be deposited into the general revenue fund of the political subdivision.*

(b) *The supervisor shall determine the amount of the fine due based upon the earliest of the following:*

1. *When the report is actually received by the supervisor;*
2. *When the report is postmarked;*
3. *When the certificate of mailing is dated;*
4. *When the receipt from an established courier company is dated; or*
5. *When the report is completed and filed through the electronic filing system, if applicable.*

Such fine shall be paid to the supervisor within 20 days after receipt of the notice of payment due unless appeal is made to the Florida Elections Commission pursuant to paragraph (c). Notice is deemed complete upon proof of delivery of written notice to the mailing or street address on record with the supervisor. Such fine may not be an allowable campaign expenditure and shall be paid only from personal funds of the reporting individual.

(c) *A reporting individual may appeal or dispute the fine, based upon, but not limited to, unusual circumstances surrounding the failure to file*

on the designated due date, and may request and is entitled to a hearing before the Florida Elections Commission, which has the authority to waive the fine in whole or in part. The Florida Elections Commission must consider the mitigating and aggravating circumstances contained in s. 106.265(2) when determining the amount of a fine, if any, to be waived. Any such request shall be made within 20 days after receipt of the notice of payment due. In such case, the reporting individual must, within 20 days after receipt of the notice, notify the supervisor in writing of his or her intention to bring the matter before the commission.

(d) The appropriate supervisor shall notify the Florida Elections Commission of the late filing by a reporting individual, the failure of a reporting individual to file a report after notice, or the failure to pay the fine imposed. The commission shall investigate only those alleged late filing violations specifically identified by the supervisor and as set forth in the notification. Any other alleged violations must be separately stated and reported by the division to the commission under s. 106.25(2).

Section 11. Section 106.0703, Florida Statutes, is reenacted and amended to read:

Within 7 days after receipt of such notice, the treasurer must file an addendum to the report providing all information necessary to complete the report in compliance with this section. Failure to file a complete report after such notice constitutes a violation of this chapter.

2. Notice is deemed sufficient upon proof of delivery of written notice to the mailing or street address of the treasurer or registered agent of the electioneering communication organization on record with the filing officer.

(3)(a) Except for daily reports, to which only the contribution provisions below apply, each report required by this section must contain:

1. The full name, address, and occupation, if any, of each person who has made one or more contributions to or for such electioneering communications organization within the reporting period, together with the amount and date of such contributions. For corporations, the report must provide as clear a description as practicable of the principal type of business conducted by the corporation. However, if the contribution is \$100 or less, the occupation of the contributor or the principal type of business need not be listed.

2. The name and address of each political committee from which or to which the reporting electioneering communications organization made any transfer of funds, together with the amounts and dates of all transfers.

The primary purpose of an expenditure shall be that purpose, including integral and directly related components, that comprises 80 percent of such expenditure.

(b) The filing officer shall make available to any electioneering communications organization a reporting form which the electioneering communications organization may use to indicate contributions received by the electioneering communications organization but returned to the contributor before deposit.

(b) Upon determining that a report is late, the filing officer shall immediately notify the electioneering communications organization as to the failure to file a report by the designated due date and that a fine is being assessed for each late day. The fine shall be \$50 per day for the

first 3 days late and, thereafter, \$500 per day for each late day, not to exceed 25 percent of the total receipts or expenditures, whichever is greater, for the period covered by the late report. However, for the reports immediately preceding each primary and general election, the fine shall be \$500 per day for each late day, not to exceed 25 percent of the total receipts or expenditures, whichever is greater, for the period covered by the late report. Upon receipt of the report, the filing officer shall determine the amount of the fine which is due and shall notify the electioneering communications organization. The filing officer shall determine the amount of the fine due based upon the earliest of the following:

1. When the report is actually received by such officer.

An officer or member of an electioneering communications organization shall not be personally liable for such fine.

(c) The treasurer of an electioneering communications organization may appeal or dispute the fine, based upon, but not limited to, unusual circumstances surrounding the failure to file on the designated due date, and may request and shall be entitled to a hearing before the Florida Elections Commission, which shall have the authority to waive the fine in whole or in part. The Florida Elections Commission must consider the mitigating and aggravating circumstances contained in s. 106.265(2) when determining the amount of a fine, if any, to be waived. Any such request shall be made within 20 days after receipt of the notice of payment due. In such case, the treasurer of the electioneering communications organization shall, within the 20-day period, notify the filing officer in writing of his or her intention to bring the matter before the commission.

(d) The appropriate filing officer shall notify the Florida Elections Commission of the repeated late filing by an electioneering communications organization, the failure of an electioneering communications organization to file a report after notice, or the failure to pay the fine imposed. Any other alleged violations must be stated separately and reported by the division to the commission under s. 106.25(2).

Section 13. Section 106.08, Florida Statutes, is amended to read:

106.08 Contributions; limitations on.—

(1)(a) Except for political parties or affiliated party committees, no person ~~or; political committee, or committee of continuous existence~~ may, in any election, make contributions ~~in excess of the following amounts: in excess of \$500 to any candidate for election to or retention in office or to any political committee supporting or opposing one or more candidates.~~

1. To a candidate for statewide office or for retention as a justice of the Supreme Court, \$3,000. Candidates for the offices of Governor and Lieutenant Governor on the same ticket are considered a single candidate for the purpose of this section.

2. To a candidate for retention as a judge of a district court of appeal; a candidate for legislative office; a candidate for multicounty office; a candidate for countywide office or in any election conducted on less than a countywide basis; or a candidate for county court judge or circuit judge, \$1,000.

~~(b) The contribution limits provided in this subsection do not apply to contributions made by a state or county executive committee of a political party or affiliated party committee regulated by chapter 103 or to amounts contributed by a candidate to his or her own campaign.~~

~~2. Notwithstanding the limits provided in this subsection, an unemancipated child under the age of 18 years of age may not make a contribution in excess of \$100 to any candidate or to any political committee supporting one or more candidates.~~

(c) The contribution limits of this subsection apply to each election. For purposes of this subsection, the primary election and general election are separate elections so long as the candidate is not an unopposed candidate as defined in s. ~~106.011~~ 106.011(15). However, for the purpose of contribution limits with respect to candidates for retention as a justice or judge, there is only one election, which is the general election.

(2)(a) A candidate may not accept contributions from a county executive committee of a political party whose contributions in the aggregate exceed \$50,000, or from the national or, state, or county executive committees of a political party, including any subordinate committee of such political party or affiliated party committees, whose ~~which~~ contributions in the aggregate exceed \$50,000.

(b) A candidate for statewide office may not accept contributions from national, state, or county executive committees of a political party, including any subordinate committee of the political party, or affiliated party committees, which contributions in the aggregate exceed \$250,000. Polling services, research services, costs for campaign staff, professional consulting services, and telephone calls are not contributions to be counted toward the contribution limits of paragraph (a) or this paragraph. Any item not expressly identified in this paragraph as nonallocable is a contribution in an amount equal to the fair market value of the item and must be counted as allocable toward the contribution limits of paragraph (a) or this paragraph. Nonallocable, in-kind contributions must be reported by the candidate under s. 106.07 and by the political party or affiliated party committee under s. 106.29.

(3)(a) Any contribution received by a candidate with opposition in an election or by the campaign treasurer or a deputy campaign treasurer of such a candidate on the day of that election or less than 5 days before ~~prior to~~ the day of that election must be returned by him or her to the person or committee contributing it and may not be used or expended by or on behalf of the candidate.

(b) Any contribution received by a candidate or by the campaign treasurer or a deputy campaign treasurer of a candidate after the date at which the candidate withdraws his or her candidacy, or after the date the candidate is defeated, becomes unopposed, or is elected to office must be returned to the person or committee contributing it and may not be used or expended by or on behalf of the candidate.

(4) Any contribution received by the chair, campaign treasurer, or deputy campaign treasurer of a political committee supporting or opposing a candidate with opposition in an election or supporting or opposing an issue on the ballot in an election on the day of that election or less than 5 days before ~~prior to~~ the day of that election may not be obligated or expended by the committee until after the date of the election.

(5)(a) A person may not make any contribution through or in the name of another, directly or indirectly, in any election.

(b) Candidates, political committees, affiliated party committees, and political parties may not solicit contributions from any religious, charitable, civic, or other causes or organizations established primarily for the public good.

(c) Candidates, political committees, affiliated party committees, and political parties may not make contributions, in exchange for political support, to any religious, charitable, civic, or other cause or organization established primarily for the public good. It is not a violation of this paragraph for:

1. A candidate, political committee, affiliated party committee, or political party executive committee to make gifts of money in lieu of flowers in memory of a deceased person;

2. A candidate to continue membership in, or make regular donations from personal or business funds to, religious, political party, affiliated party committee, civic, or charitable groups of which the candidate is a member or to which the candidate has been a regular donor for more than 6 months; or

3. A candidate to purchase, with campaign funds, tickets, admission to events, or advertisements from religious, civic, political party, affiliated party committee, or charitable groups.

(6)(a) A political party or affiliated party committee may not accept any contribution that has been specifically designated for the partial or exclusive use of a particular candidate. Any contribution so designated must be returned to the contributor and may not be used or expended by or on behalf of the candidate. Funds contributed to an affiliated party committee ~~may shall~~ not be ~~deemed as~~ designated for the partial or exclusive use of a leader as defined in s. 103.092.

(b)1. A political party or affiliated party committee may not accept any in-kind contribution that fails to provide a direct benefit to the political party or affiliated party committee. A “direct benefit” includes, but is not limited to, fundraising or furthering the objectives of the political party or affiliated party committee.

2.a. An in-kind contribution to a state political party may be accepted only by the chairperson of the state political party or by the chairperson’s designee or designees whose names are on file with the division in a form acceptable to the division ~~before~~ prior to the date of the written notice required in sub-subparagraph b. An in-kind contribution to a county political party may be accepted only by the chairperson of the county political party or by the county chairperson’s designee or designees whose names are on file with the supervisor of elections of the respective county ~~before~~ prior to the date of the written notice required in sub-subparagraph b. An in-kind contribution to an affiliated party committee may be accepted only by the leader of the affiliated party committee as defined in s. 103.092 or by the leader’s designee or designees whose names are on file with the division in a form acceptable to the division ~~before~~ prior to the date of the written notice required in sub-subparagraph b.

b. A person making an in-kind contribution to a state or county political party or affiliated party committee must provide prior written notice of the contribution to a person described in sub-subparagraph a. The prior written notice must be signed and dated and may be provided by an electronic or facsimile message. However, prior written notice is not required for an in-kind contribution that consists of food and beverage in an aggregate amount not exceeding \$1,500 which is consumed at a single sitting or event if such in-kind contribution is accepted in advance by a person specified in sub-subparagraph a.

c. A person described in sub-subparagraph a. may accept an in-kind contribution requiring prior written notice only in a writing that is dated before the in-kind contribution is made. Failure to obtain the required written acceptance of an in-kind contribution to a state or county political party or affiliated party committee constitutes a refusal of the contribution.

d. A copy of each prior written acceptance required under sub-subparagraph c. must be filed at the time the regular reports of contributions and expenditures required under s. 106.29 are filed by the state executive committee, county executive committee, and affiliated party committee. A state executive committee and an affiliated party committee must file with the division. A county executive committee must file with the county’s supervisor of elections.

e. An in-kind contribution may not be given to a state or county political party or affiliated party committee unless the in-kind contribution is made as provided in this subparagraph.

(7)(a) Any person who knowingly and willfully makes or accepts no more than one contribution in violation of subsection (1) or subsection (5), or any person who knowingly and willfully fails or refuses to return any contribution as required in subsection (3), commits a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083. If any corporation, partnership, or other business entity or any political party, affiliated party committee, political committee, ~~committee of continuous existence~~, or electioneering communications organization is convicted of knowingly and willfully violating any provision punishable under this paragraph, it shall be fined not less than \$1,000 and not more than \$10,000. If it is a domestic entity, it may be ordered dissolved by a court of competent jurisdiction; if it is a foreign or nonresident business entity, its right to do business in this state may be forfeited. As used in this subsection, the term “property and casualty business” includes all lines of business identified on Form 2, Exhibit of Premiums and Losses, in the annual statement required of authorized insurers by s. 624.424 and any rule adopted under this section, except for those lines identified as accident and health insurance and except for policies written under the National Flood Insurance Program. Emergency assessments shall be remitted by insurers as a percentage of direct written premium for the preceding calendar quarter as specified in the order from the Office of Insurance Regulation. The office shall verify the accurate and timely collection and remittance of emergency assessments and shall report the information to the board in a form and at a time specified by the board. Each insurer collecting assessments shall provide the information with respect to premiums and collections

as may be required by the office to enable the office to monitor and verify compliance with this paragraph.

Amendment 1 (544058) (with title amendment)—Delete everything after the enacting clause and insert:

Section 1. Subsection (8) of section 163.3167, Florida Statutes, is amended to read:

163.3167 Scope of act.—

(8)(a) ~~An initiative or referendum process in regard to any development order or in regard to any local comprehensive plan amendment or map amendment is prohibited. However, any local government charter provision that was in effect as of June 1, 2011, for an initiative or referendum process in regard to development orders or in regard to local comprehensive plan amendments or map amendments may be retained and implemented.~~

(b) *An initiative or referendum process in regard to any local comprehensive plan amendment or map amendment is prohibited. However,*

an initiative or referendum process in regard to any local comprehensive plan amendment or map amendment that affects more than five parcels of land is allowed if it is expressly authorized by specific language in a local government charter that was lawful and in effect on June 1, 2011; a general local government charter provision for an initiative or referendum process is not sufficient.

(c) *It is the intent of the Legislature that initiative and referendum be prohibited in regard to any development order. It is the intent of the Legislature that initiative and referendum be prohibited in regard to any local comprehensive plan or map amendment, except as specifically and narrowly permitted in paragraph (b) with regard to local comprehensive plan or map amendments that affect more than five parcels of land. Therefore, the prohibition on initiative and referendum stated in paragraphs (a) and (b) is remedial in nature and applies retroactively to any initiative or referendum process commenced after June 1, 2011, and any such initiative or referendum process that has been commenced or completed thereafter is hereby deemed null and void and of no legal force and effect.*

Section 2. *Section 4 of chapter 2012-75, Laws of Florida, is repealed, retroactive to June 30, 2012.*

SM 1600—A memorial to the Congress of the United States, urging Congress to repeal the health insurance tax contained in sections 9010 and 10905 of the Patient Protection and Affordable Care Act and section 1406 of the Health Care and Education Reconciliation Act.

WHEREAS, sections 9010 and 10905 of the Patient Protection and Affordable Care Act (Pub. L. No. 111-148) and section 1406 of the Health Care and Education Reconciliation Act (Pub. L. No. 111-152) impose an unprecedented new tax on health insurance which numerous policy experts agree will be passed on to individuals, working families, small

employers, and seniors, contradicting a primary goal of health reform by making health care more expensive, and

WHEREAS, the health insurance tax could cause health care premiums for working families in Florida to rise by as much as \$4,881 to \$7,767 on average over a ten-year period, and

WHEREAS, the health insurance tax will impact small employers nationwide over the next decade, reducing future private-sector jobs by 125,000, with 59 percent of those jobs being eliminated from small businesses, and reducing potential sales by at least \$18 billion, with 50 percent of that loss being borne by small businesses, and

WHEREAS, Florida is estimated to be in the top five states with the highest average aggregate impact on Medicare Advantage beneficiaries between 2014 and 2023, with the ten-year impact per person estimated at \$4,181, and

WHEREAS, according to the recommended budget released by Governor Rick Scott, the cost of the health insurance tax on Medicaid is estimated at \$31.6 million, \$13.1 million of which will come from state funds due to an annual tax that will be placed on health insurance providers under the new law, based on preliminary estimates for the 2013-2014 year for Medicaid premiums, and

WHEREAS, higher premiums are a disincentive for everyone to obtain insurance coverage, particularly younger, healthier people, who are likely to drop their policies due to increased expense, further eroding the risk pool and making coverage even less affordable, NOW, THEREFORE,

Be It Resolved by the Legislature of the State of Florida:

That the Congress of the United States is urged to enact legislation to repeal the health insurance tax contained in sections 9010 and 10905 of the Patient Protection and Affordable Care Act and section 1406 of the Health Care and Education Reconciliation Act to make health care more affordable for working families, individuals, and businesses.

BE IT FURTHER RESOLVED that copies of this memorial be dispatched to the President of the United States, to the President of the United States Senate, to the Speaker of the United States House of Representatives, and to each member of the Florida delegation to the United States Congress.

—was read the second time by title.

Senator Simmons moved the following amendment which was adopted:

Amendment 1 (565296) (with directory and title amendments)—Delete lines 20-51 and insert:

(10) *Proprietary business information provided to the corporation's clearinghouse by insurers with respect to identifying and selecting risks for an offer of coverage is confidential and exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution.*

(a) *As used in this subsection, the term "proprietary business information" means information, regardless of form or characteristics, which is owned or controlled by an insurer and:*

1. *Is identified by the insurer as proprietary business information and is intended to be and is treated by the insurer as private in that the disclosure of the information would cause harm to the insurer, an individual, or the company's business operations and has not been disclosed unless disclosed pursuant to a statutory requirement, an order of a court or administrative body, or a private agreement that provides that the information will not be released to the public;*

2. *Is not otherwise readily ascertainable or publicly available by proper means by other persons from another source in the same configuration as provided to the clearinghouse; and*

3. *Includes, but is not limited to:*

a. *Trade secrets.*

b. *Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.*

Proprietary business information may be found in underwriting criteria or instructions which are used to identify and select risks through the program for an offer of coverage and are shared with the clearinghouse to facilitate the shopping of risks with the insurer.

(b) *The clearinghouse may disclose confidential and exempt proprietary business information:*

1. *If the insurer to which it pertains gives prior written consent;*

2. *Pursuant to a court order; or*

3. *To another state agency in this or another state or to a federal agency if the recipient agrees in writing to maintain the confidential and exempt status of the document, material, or other information and has verified in writing its legal authority to maintain such confidentiality.*

(c) *This subsection is subject to the Open Government Sunset Review Act in accordance with s. 119.15 and shall stand repealed on October 2, 2018, unless reviewed and saved from repeal through reenactment by the Legislature.*

Section 2. *The Legislature finds that it is a public necessity that all proprietary business information provided by an insurer to Citizens Property Insurance Corporation's clearinghouse which is used to identify and select risks from the clearinghouse be made confidential and exempt from s. 119.07(1), Florida Statutes, and s. 24(a), Article I of the State*

Constitution. The diversion program will facilitate obtaining offers of coverage from authorized insurers for new applicants for insurance coverage with the corporation and for policyholders seeking to renew existing insurance coverage with the corporation. Obtaining offers of coverage from authorized insurers through the clearinghouse will provide more choices for consumers and reduce the corporation's exposure and potential for imposing assessments on its policyholders and policyholders in the private market. In order for the program to efficiently determine whether there are authorized insurers interested in making an offer of coverage for a particular risk, a substantial amount of detailed data from participating insurers must be provided to the program. Public disclosure of the detailed data could result in a substantial chilling effect on insurer participation in the program and thereby undermine the program's success. Therefore, the Legislature declares that it is a public necessity that all proprietary business information provided by an insurer to Citizens Property Insurance Corporation's clearinghouse which is used to identify and select risks from the clearinghouse be made confidential and exempt from public record requirements.

(4) Except for communications that consist solely of requests for distributions of cash or other unspecified assets of the trust, the public officer or the person who has a beneficial interest may not have any direct or indirect communication with the trustee with respect to the trust, unless such communication is in writing and relates only to:

5. Permit the trustee to notify the public officer of the date of disposition and value at disposition of any original investment or interest in real property to the extent required by federal tax law so that the information can be reported on the public officer's applicable tax returns.

6. Prohibit the trustee from disclosing to the public officer or the person who has a beneficial interest any information concerning replacement assets to the trust, except for the minimum tax information necessary to enable the public official to complete an individual tax return required by law.

The amendment shall be filed no later than 60 days after the date of revocation or the addition of the replacement assets. The covered public official shall disclose the previously unreported pro rata share of the trust's interests in investments or income deriving from any such investments. For purposes of this section, any replacement asset that becomes known to the covered public official shall thereafter be treated as though it were an original asset of the trust.

PRAYER

The following prayer was offered by Rev. B. Kyle Peddie, Pastor, Corinth Baptist Church, Hosford:

Dear Heavenly Father, we come to you this morning thanking you for your mercies that your word says are new each and every morning. We truly thank you for the breath of life that sustains us. We thank you for our families who allow us to do what we do each day. We thank you for the great State of Florida which has been blessed beyond measure.

Lord, I pray right now for each and every great leader in this room. I pray that you give each one the wisdom needed to make decisions that reflect a servant who is truly worthy of their hire. I pray for each Senator's family, each Senator's spouse, and each Senator's home while they are here in Tallahassee working. Never let the devil get a foothold in a marriage, situation, or opportunity that would compromise their ability to make clear and concise decisions for our state.

As this session is winding down, Lord, I pray that all our leaders on both sides of the aisle would be able to work out differences, make compromises, and ultimately make the best decisions for all our citizens. I pray that morality never takes a back seat to immorality, that politics

never trump integrity, and that the work done in this chamber today would be something that would be pleasing in thy sight. Lord, I pray for our state during this tough economy right now. I pray that we would continue to keep our eyes focused on you through these tough times. Help us through these times to always find ways to help those who are less fortunate than us and find ways to be a blessing to them. Truly help us to love our neighbor as ourselves, and may that command that Jesus gave us be the foundation to everything that is done here today.

Lord, bless President Gaetz as he leads today; bless all our Senators—especially mine, Senator Montford. Thank you for the Bible, thank you for salvation in your Son, and thank you for the Cross. Lead today, we pray in Jesus name. Amen.

CS for CS for SB 1472—A bill to be entitled An act relating to nuclear and integrated gasification combined cycle power plants; amending s. 366.93, F.S.; modifying an alternative cost recovery mechanism for the recovery of costs for the siting, design, licensing, and construction of nuclear and integrated gasification combined cycle power plants; establishing a procedure and requirements for cost recovery based on preconstruction and construction phases; providing that a utility that elects not to complete construction of a nuclear power plant may not recover or retain any rate of return for related costs; requiring the Public Service Commission to review the circumstances surrounding a proposed nuclear power plant if the anticipated cost and completion date exceed the original cost and completion date by a certain amount or period; specifying factors to be considered and dates by which the review must commence and be completed; providing an effective date.

Senators Legg, Latvala, Simpson, and Brandes offered the following amendment which was moved by Senator Legg and adopted:

Amendment 1 (313776) (with title amendment)—Delete lines 93-188 and insert: *licensing or certification*.

(c) *After a utility obtains a license or certification, it must petition the commission for approval before proceeding with preconstruction work beyond those activities necessary to obtain or maintain a license or certification.*

1. *The only costs that a utility that has obtained a license or certification may recover before obtaining commission approval are those that are previously approved or necessary to maintain the license or certification.*

2. *In order for the commission to approve preconstruction work on a plant, it must determine that:*

a. *The plant remains feasible; and*

b. *The projected costs for the plant are reasonable.*

(d) *After a utility obtains approval to proceed with postlicensure or postcertification preconstruction work, it must petition the commission for approval of any preconstruction materials or equipment purchases that exceed 1 percent of the total projected cost for the project. Such petition shall be reviewed and completed in the annual Nuclear Cost Recovery Clause proceeding in which it is filed or in a separate proceeding by the utility.*

(e) A utility must petition the commission for approval before beginning the construction phase.

1. The only costs that a utility that has obtained commission approval may recover before beginning construction work are those that are previously approved or necessary to maintain the license or certification.

2. In order for the commission to approve proceeding with construction on a plant, it must determine that:

- a. The plant remains feasible; and
- b. The projected costs for the plant are reasonable.

(f)1. If a utility has not begun construction of a plant within:

a. Ten years after the date on which the utility obtains a combined license from the Nuclear Regulatory Commission for a nuclear power plant or a certification for an integrated gasification combined cycle power plant, the utility must petition the commission to preserve the opportunity for future recovery under this section for costs relating to that plant. The commission must determine whether the utility remains intent on building the plant.

(I) If the commission finds that the utility remains intent on building the plant, the utility may continue to recover costs under this section.

(II) If the commission finds a lack of such intent, it may enter an order prohibiting recovery of any future costs relating to the plant under this section.

b. Twenty years after the date on which the utility obtains a combined license from the Nuclear Regulatory Commission for a nuclear power plant or a certification for an integrated gasification combined cycle power plant, the utility may not, under this section, recover future costs relating to that plant.

2. Consistent with subsection (4), nothing in this section shall preclude a utility from recovering the full revenue requirements of the nuclear power plant or integrated gasification combined cycle power plant in base rates upon the commercial in-service date.

3. Beginning January 1, 2014, in making its determination for any cost recovery under this paragraph, the commission may find that a utility intends to construct a nuclear or integrated gasification combined cycle power plant only if the utility proves by a preponderance of the evidence that it has committed sufficient, meaningful, and available resources to enable the project to be completed and that its intent is realistic and practical.

(6) If the utility does elects not to complete or is precluded from completing construction of the nuclear power plant, including new, expanded, or relocated electrical transmission lines or facilities necessary thereto, or of the integrated gasification combined cycle power plant, the utility shall be allowed to recover all prudent preconstruction and construction costs incurred following the commission's issuance of a final order granting a determination of need for the nuclear power plant and electrical transmission lines and facilities necessary thereto or for the integrated gasification combined cycle power plant. The utility shall recover such costs through the capacity cost recovery clause over a period equal to the period during which the costs were incurred or 5 years, whichever is greater. The unrecovered balance during the recovery period will accrue interest at the utility's weighted average cost of capital as reported in the commission's earnings surveillance reporting requirement for the prior year. However, if the utility elects not to complete construction of the nuclear power plant, rather than being precluded from completing such construction, the utility may not recover or retain any rate of return under this section. Any cost recovery after the date of the decision not to complete construction of the plant may not include a rate of return. A utility that elects not to complete construction shall refund to its customers the costs recovered before the date of the decision which are attributable to a recovery of a rate of return.

Section 2. This act does not apply to costs incurred, or contracts or settlement agreements entered into, before July 1, 2013. It also does not apply if, on or before that date, the Public Service Commission receives written notice that a utility has elected not to complete construction of a power plant.

And the title is amended as follows:

Delete lines 10-19 and insert: that the commission may not determine that a utility intends to complete construction of a power plant unless the utility proves its efforts by a preponderance of the evidence; providing that a utility that elects not to complete construction of a nuclear power plant may not recover or retain any rate of return for related costs; exempting certain actions taken before this act takes effect; providing an effective date.

288.106 Tax refund program for qualified target industry businesses.—

(2) DEFINITIONS.—As used in this section:

(q) “Target industry business” means a corporate headquarters business or a ~~any~~ business that is engaged in one of the target industries identified pursuant to the following criteria developed by the department in consultation with Enterprise Florida, Inc.:

1. Future growth.—Industry forecasts should indicate strong expectation for future growth in both employment and output, according to the most recent available data. Special consideration should be given to businesses that export goods to, or provide services in, international markets and businesses that replace domestic and international imports of goods or services.

2. Stability.—The industry should not be subject to periodic layoffs, whether due to seasonality or sensitivity to volatile economic variables such as weather. The industry should also be relatively resistant to recession; so that the demand for products of the ~~this~~ industry is not typically subject to decline during an economic downturn.

3. High wage.—The industry should pay relatively high wages compared to statewide or area averages.

4. Market and resource independent.—The location of industry businesses should not be dependent on Florida markets or resources as indicated by industry analysis, except for businesses in the renewable energy industry.

5. Industrial base diversification and strengthening.—The industry should contribute toward expanding or diversifying the state’s or area’s economic base, as indicated by analysis of employment and output shares compared to national and regional trends. Special consideration should be given to industries that strengthen regional economies by adding value to basic products or building regional industrial clusters as indicated by industry analysis, *including, but not limited to, sports training or competition for the amateur athlete*. Special consideration should also be given to the development of strong industrial clusters that include defense and homeland security businesses.

6. Positive economic impact.—The industry is expected to have strong positive economic impacts on or benefits to the state or regional economies. Special consideration should be given to industries that facilitate the development of the state as a hub for domestic and global trade and logistics.

The term does not include any business engaged in retail industry activities; any electrical utility company as defined in s. 366.02(2); any

phosphate or other solid minerals severance, mining, or processing operation; any oil or gas exploration or production operation; or any business subject to regulation by the Division of Hotels and Restaurants of the Department of Business and Professional Regulation. Any business within NAICS code 5611 or 5614, office administrative services and business support services, respectively, may be considered a target industry business only after the local governing body and Enterprise Florida, Inc., make a determination that the community where the business may locate has conditions affecting the fiscal and economic viability of the local community or area, including but not limited to, factors such as low per capita income, high unemployment, high underemployment, and a lack of year-round stable employment opportunities, and such conditions may be improved by the location of such a business to the community. By January 1 of every 3rd year, beginning January 1, 2011, the department, in consultation with Enterprise Florida, Inc., economic development organizations, the State University System, local governments, employee and employer organizations, market analysts, and economists, shall review and, as appropriate, revise the list of such target industries and submit the list to the Governor, the President of the Senate, and the Speaker of the House of Representatives.

627.062 Rate standards.—

(2) As to all such classes of insurance:

(a) Insurers or rating organizations shall establish and use rates, rating schedules, or rating manuals that allow the insurer a reasonable rate of return on the classes of insurance written in this state. A copy of rates, rating schedules, rating manuals, premium credits or discount schedules, and surcharge schedules, and changes thereto, must be filed with the office *in accordance with* ~~under~~ one of the following procedures:

1. If the filing is made at least 90 days before the proposed effective date and is not implemented during the office's review of the filing and any proceeding and judicial review, such filing is considered a "file and use" filing. In such case, the office shall finalize its review by issuance of a notice of intent to approve or a notice of intent to disapprove within 90 days after receipt of the filing. The notice of intent to approve and the notice of intent to disapprove constitute agency action for purposes of the Administrative Procedure Act. Requests for supporting information, requests for mathematical or mechanical corrections, or notification to the insurer by the office of its preliminary findings does not toll the 90-day period during ~~any~~ such proceedings and subsequent judicial review. The rate shall be deemed approved if the office does not issue a notice of intent to approve or a notice of intent to disapprove within 90 days after receipt of the filing.

2. If the filing is not made in accordance with subparagraph 1., such filing must be made as soon as practicable, but within 30 days after the effective date, and is considered a "use and file" filing. An insurer making a "use and file" filing is potentially subject to an order by the office to return ~~to policyholders~~ those portions of rates found to be excessive *to policyholders*, as provided in paragraph (i) ~~(h)~~.

~~3. For all property insurance filings made or submitted after January 25, 2007, but before May 1, 2012, an insurer seeking a rate that is greater than the rate most recently approved by the office shall make a "file and use" filing. For purposes of this subparagraph, motor vehicle collision and comprehensive coverages are not considered property coverages.~~

(b) Upon receiving a rate filing, the office shall review the filing to determine if a rate is excessive, inadequate, or unfairly discriminatory. In making that determination, the office shall, in accordance with generally accepted and reasonable actuarial techniques, consider the following factors:

1. Past and prospective loss experience within and without this state.
2. Past and prospective expenses.
3. The degree of competition among insurers for the risk insured.
4. Investment income reasonably expected by the insurer, consistent with the insurer's investment practices, from investable premiums anticipated ~~from in~~ the filing, plus any other expected income from currently invested assets representing the amount expected on unearned premium reserves and loss reserves. The commission may adopt rules *that use* ~~using~~ reasonable techniques of actuarial science and economics to specify the manner in which insurers calculate investment income attributable to classes of insurance written in this state and ~~the manner~~ in which investment income is used to calculate insurance rates. Such ~~rules manner~~ must *allow* ~~contemplate allowances~~ for an underwriting profit factor and full consideration of investment income which produce a

reasonable rate of return; however, investment income from invested surplus may not be considered.

5. The reasonableness of the judgment reflected in the filing.
6. Dividends, savings, or unabsorbed premium deposits allowed or returned to ~~state Florida~~ policyholders, members, or subscribers.
7. The adequacy of loss reserves.
8. The cost of reinsurance. The office may not disapprove a rate as excessive ~~solely~~ *due solely* to the insurer having obtained catastrophic reinsurance to cover the insurer's estimated 250-year probable maximum loss or any lower level of loss, *or due solely to an admitted carrier purchasing private reinsurance that would insure against potential deficits within the Florida Hurricane Catastrophe Fund which the most recent estimate made pursuant to s. 215.555(4)(c)2. predicts would be funded through revenue bonds issued under s. 215.555(6).*
9. Trend factors, including trends in actual losses per insured unit for the insurer making the filing.
10. Conflagration and catastrophe hazards, if applicable.
11. Projected hurricane losses, if applicable, which must be estimated using a model or method found to be acceptable or reliable by the Florida Commission on Hurricane Loss Projection Methodology, and as further provided in s. 627.0628.
12. A reasonable margin for underwriting profit and contingencies.
13. The cost of medical services, if applicable.
14. Other relevant factors that affect the frequency or severity of claims or expenses.

(c) *The office shall calculate and publish insurance inflation factors based on noncatastrophe direct loss costs for use in residential property insurance filings. The office shall update the published factors at least annually and make them available on its website. The calculation of insurance inflation factors are not subject to rulemaking under chapter 120.*

1. *An insurer making a residential property insurance rate filing that proposes a change in noncatastrophe base rates by a uniform factor equal to or less than the applicable published insurance inflation factor, may make a rate filing under s. 627.0645 which consists of a rate certification in lieu of a full rate filing under paragraph (a). The office shall verify insurer use of the appropriate published inflation factor and, if the inflation factor is used appropriately, the filed rates shall be deemed not excessive.*

2. *An insurer filing under this paragraph may make a separate filing pursuant to paragraph (l) to adjust its rates for reinsurance rates, reinsurance financing costs and products, and cash buildup factor costs. The insurance inflation factors do not apply to these filings.*

3. *This paragraph does not apply to filings made by Citizens Property Insurance Corporation.*

~~(d)(e)~~ In the case of fire insurance rates, consideration must be given to the availability of water supplies and the experience of the fire insurance business during ~~a period of not less than~~ the most recent 5-year or longer period for which such experience is available.

~~(e)(d)~~ If conflagration or catastrophe hazards are considered by an insurer in its rates or rating plan, including surcharges and discounts, the insurer *must shall* establish a reserve for that portion of the premium allocated to such hazard and maintain the premium in a catastrophe reserve. Removal of such premiums from the reserve for purposes other than paying claims associated with a catastrophe or purchasing reinsurance for catastrophes must be approved by the office. Any ceding commission received by an insurer purchasing reinsurance for catastrophes must be placed in the catastrophe reserve.

~~(f)(e)~~ After consideration of the rate factors provided in paragraphs (b), ~~(e)~~, and (d), and (e) the office may find a rate to be excessive, inadequate, or unfairly discriminatory based upon the following standards:

1. Rates shall be deemed excessive if they are likely to produce a profit from Florida business which is unreasonably high in relation to the risk involved in the class of business or if expenses are unreasonably high in relation to services rendered.

2. Rates shall be deemed excessive if, among other things, the rate structure established by a stock insurance company provides for replenishment of surpluses from premiums; if ~~such the~~ replenishment is attributable to investment losses.

3. Rates shall be deemed inadequate if ~~they are clearly insufficient~~, together with the investment income attributable to them, ~~they are clearly insufficient~~ to sustain projected losses and expenses in the class of business to which they apply.

4. A rating plan, including discounts, credits, or surcharges, shall be deemed unfairly discriminatory if it fails to clearly and equitably reflect consideration of the policyholder's participation in a risk management program adopted pursuant to s. 627.0625.

5. A rate shall be deemed inadequate as to the premium charged to a risk or group of risks if discounts or credits are allowed which exceed a reasonable reflection of expense savings and reasonably expected loss experience from the risk or group of risks.

6. A rate shall be deemed unfairly discriminatory as to a risk or group of risks if the application of premium discounts, credits, or surcharges among such risks does not bear a reasonable relationship to the expected loss and expense experience among the various risks.

(g)(f) In reviewing a rate filing, the office may require the insurer to provide, at the insurer's expense, all information necessary to evaluate the condition of the company and the reasonableness of the filing according to the criteria enumerated in this section.

(h)(g) The office may at any time review a rate, rating schedule, rating manual, or rate change; the pertinent records of the insurer; and market conditions. If the office finds on a preliminary basis that a rate may be excessive, inadequate, or unfairly discriminatory, the office shall initiate proceedings to disapprove the rate and ~~shall so~~ notify the insurer. However, the office may not disapprove as excessive any rate for which it has given final approval or which has been deemed approved for 1 year after the effective date of the filing unless the office finds that a material misrepresentation or material error was made by the insurer or was contained in the filing. Upon ~~notification being notified~~, the insurer or rating organization shall, within 60 days, file with the office all information that, in the belief of the insurer or organization, proves the reasonableness, adequacy, and fairness of the rate or rate change. The office shall issue a notice of intent to approve or a notice of intent to disapprove pursuant to paragraph (a) within 90 days after receipt of the insurer's initial response. In such instances and in any administrative proceeding relating to the legality of the rate, the insurer or rating organization ~~shall~~ carry the burden of proof of *showing*, by a preponderance of the evidence, ~~to show~~ that the rate is not excessive, inadequate, or unfairly discriminatory. After the office notifies an insurer that a rate may be excessive, inadequate, or unfairly discriminatory, unless the office withdraws the notification, the insurer may not alter the rate except to conform to the office's notice until the earlier of 120 days after the date the notification was provided or 180 days after the date of implementing the rate. ~~The office~~, Subject to chapter 120, ~~the office~~ may disapprove without the 60-day notification any rate increase filed by an insurer within the prohibited time period or during the time that the legality of the increased rate is being contested.

(i)(h) If the office finds that a rate or rate change is excessive, inadequate, or unfairly discriminatory, the office shall issue an order of disapproval ~~requiring specifying~~ that a new rate or rate schedule, which responds to the findings of the office, be filed by the insurer. The office shall further order, for any "use and file" filing made in accordance with subparagraph (a)2., that ~~the portion of premiums charged which constitute each policyholder constituting~~ the portion of the rate above that which was actuarially justified be returned to the policyholder in the form of a credit or refund. If the office finds that an insurer's rate or rate change is inadequate, the new rate or rate schedule filed with the office in response to such a finding ~~applies is applicable~~ only to new or renewal business ~~of the insurer~~ written by the insurer on or after the effective date of the responsive filing.

(j)(i) Except as otherwise specifically provided in this chapter, for property and casualty insurance the office may not directly or indirectly:

1. Prohibit ~~an any~~ insurer, including any residual market plan or joint underwriting association, from paying acquisition costs based on the full amount of premium, as defined in s. 627.403, applicable to any policy, or prohibit ~~any~~ such insurer from including the full amount of acquisition costs in a rate filing; or

2. Impede, abridge, or otherwise compromise an insurer's right to acquire policyholders, advertise, or appoint agents, including the calculation, manner, or amount of such agent commissions, if any.

(k)(j) With respect to residential property insurance rate filings, the rate filing must account for mitigation measures undertaken by policyholders to reduce hurricane losses.

(l)(k)1. A residential property insurer may make a separate filing limited solely to an adjustment of its rates for reinsurance, the cost of financing products used as a replacement for reinsurance, financing costs incurred in the purchase of reinsurance, and the actual cost paid due to the application of the cash build-up factor pursuant to s. 215.555(5)(b) if the insurer:

a. Elects to purchase financing products, such as a liquidity instrument or line of credit, in which case the cost included in filing for the liquidity instrument or line of credit may not result in a premium increase exceeding 3 percent for any individual policyholder. All costs contained in the filing may not result in an overall premium increase of more than 15 percent for any individual policyholder.

b. Includes in the filing a copy of all of its reinsurance, liquidity instrument, or line of credit contracts; proof of the billing or payment for the contracts; and the calculation upon which the proposed rate change is based demonstrating that the costs meet the criteria of this section.

2. An insurer that purchases reinsurance or financing products from an affiliated company may make a separate filing only if the costs for such reinsurance or financing products are charged at or below charges made for comparable coverage by nonaffiliated reinsurers or financial entities making such coverage or financing products available in this state.

3. An insurer may make only one filing per 12-month period under this paragraph.

4. An insurer that elects to implement a rate change under this paragraph must file its rate filing with the office at least 45 days before the effective date of the rate change. After an insurer submits a complete filing that meets all of the requirements of this paragraph, the office has 45 days after the date of the filing to review the rate filing and determine if the rate is excessive, inadequate, or unfairly discriminatory.

The provisions of this subsection do not apply to workers' compensation, employer's liability insurance, and motor vehicle insurance.

- c. Boiler and machinery and leakage and fire extinguishing equipment.
- d. Errors and omissions.

n. Any other commercial lines categories or kinds of insurance or types of commercial lines risks that the office determines should not be subject to paragraph (2)(a) or paragraph (2)(g) ~~(2)(f)~~ because of the existence of a competitive market for such insurance, similarity of such insurance to other categories or kinds of insurance not subject to paragraph (2)(a) or paragraph (2)(g) ~~(2)(f)~~, or to improve the general operational efficiency of the office.

2. Insurers or rating organizations shall establish and use rates, rating schedules, or rating manuals *that* ~~to~~ allow the insurer a reasonable rate of return on insurance and risks described in subparagraph 1. which are written in this state.

3. An insurer must notify the office of any changes to rates for insurance and risks described in subparagraph 1. within 30 days after the effective date of the change. The notice must include the name of the insurer, the type or kind of insurance subject to rate change, total premium written during the immediately preceding year by the insurer for the ~~type or kind of~~ insurance subject to the rate change, and the average statewide percentage change in rates. Underwriting files, premiums, losses, and expense statistics *relating with regard* ~~relating with regard~~ to such insurance and risks written by an insurer must be maintained by the insurer and subject to examination by the office. Upon examination, the office, in accordance with generally accepted and reasonable actuarial techniques, shall consider the rate factors in paragraphs (2)(b), (d) ~~(e)~~, and (e) ~~(d)~~ and the standards in paragraph (2)(f) ~~(2)(e)~~ to determine if the rate is excessive, inadequate, or unfairly discriminatory.

4. A rating organization must notify the office of any changes to loss cost for insurance and risks described in subparagraph 1. within 30 days after the effective date of the change. The notice must include the name of the rating organization, the type or kind of insurance subject to a loss cost change, loss costs during the immediately preceding year for the type or kind of insurance subject to the loss cost change, and the average statewide percentage change in loss cost. Actuarial data *relating with regard* ~~relating with regard~~ to changes to loss cost for risks not subject to paragraph (2)(a) or paragraph (2)(g) ~~(2)(f)~~ must be maintained by the rating organization for 2 years after the effective date of the change and are subject to examination by the office. The office may require the rating organization to incur the costs associated with an examination. Upon examination, the office, in accordance with generally accepted and reasonable actuarial techniques, shall consider the rate factors in paragraphs (2)(b), (d), and (e) ~~(2)(b)-(d)~~ and the standards in paragraph (2)(f) ~~(2)(e)~~ to determine if the rate is excessive, inadequate, or unfairly discriminatory.

Section 5. Paragraph (b) of subsection (2) of section 627.0628, Florida Statutes, is amended to read:

627.0628 Florida Commission on Hurricane Loss Projection Methodology; public records exemption; public meetings exemption.—

- (2) COMMISSION CREATED.—
- (b) The commission shall consist of the following *12* ~~11~~ members:

b. An expert in insurance finance who is a full-time member of the faculty of the State University System and who has a background in actuarial science.

c. An expert in statistics who is a full-time member of the faculty of the State University System and who has a background in insurance.

d. An expert in computer system design who is a full-time member of the faculty of the State University System.

e. An expert in meteorology who is a full-time member of the faculty of the State University System and who specializes in hurricanes.

8. *A licensed professional structural engineer who is a full-time faculty member in the State University System and who has expertise in wind mitigation techniques. This appointment shall be made by the Governor.*

Section 6. Subsection (1) of section 627.0629, Florida Statutes, is amended to read:

627.0629 Residential property insurance; rate filings.—

(1) It is the intent of the Legislature that insurers provide savings to consumers who install or implement windstorm damage mitigation techniques, alterations, or solutions to their properties to prevent windstorm losses. A rate filing for residential property insurance must include *notice of the mitigation discounts offered by the insurer, which must be actuarially reasonable discounts, credits, or other rate differentials, or appropriate reductions in deductibles, for properties on which fixtures or construction techniques demonstrated to reduce the amount of loss in a windstorm have been installed or implemented. The fixtures or construction techniques must include, but are not limited to, fixtures or construction techniques that enhance roof strength, roof covering performance, roof-to-wall strength, wall-to-floor-to-foundation strength, opening protection, and the impact resistance of window, door, and skylight openings strength.* Credits, discounts, or other rate differentials, or appropriate reductions in deductibles, for fixtures and construction techniques that meet the minimum requirements of the Florida Building Code must be included in the rate filing. The office shall determine the discounts, credits, other rate differentials, and appropriate reductions in deductibles that reflect the full actuarial value of such revaluation, which may be used by insurers in rate filings.

Section 7. Paragraphs (a), (b), (c), (g), (i), (m), (q), (t), and (z) of subsection (6) of section 627.351, Florida Statutes, are amended, and paragraph (gg) is added to that subsection, to read:

627.351 Insurance risk apportionment plans.—

(6) CITIZENS PROPERTY INSURANCE CORPORATION.—

(a) The public purpose of this subsection is to ensure that there is an orderly market for property insurance for residents and businesses of this state.

1. The Legislature finds that private insurers are *entering the Florida property insurance market unwilling or unable* ~~unwilling or unable~~ to provide affordable property insurance coverage in many regions of the state. *The Legislature further finds that when Citizens Property Insurance Corporation offers rates that are not adequate to cover the average costs that are generated from the claims filed by its policyholders, the deficiency may create a financial burden on all other state policyholders who must purchase their own insurance from private insurers at full actuarial cost and pay an added fee to cover a portion of the cost for claims filed by policyholders of the corporation. The Legislature intends that the corporation not act as a barrier or competitor to the private insurance market but be available to residents of ~~in~~ this state only if there is no private market coverage*

available at rates determined reasonable by the Office of Insurance Regulation to the extent sought and needed. The absence of affordable property insurance threatens the public health, safety, and welfare and likewise threatens the economic health of the state. As the corporation has continued its rapid growth and exposure, it increasingly threatens state residents with having to absorb an even greater financial burden than they are currently bearing. The state, therefore, has a compelling public interest and a public purpose to assist in assuring that property in the state is insured and that it is insured at affordable, actuarially sound, noncompetitive rates so as to facilitate the remediation, reconstruction, and replacement of damaged or destroyed property without overburdening the policyholders of this state in order to reduce or avoid the negative effects on otherwise resulting to the public health, safety, and welfare; on, to the economy of the state; and on, and to the revenues of the state and local governments which are needed to provide for the public welfare. It is necessary, therefore, to make provide affordable, actuarially sound, noncompetitive property insurance available to applicants who are, in good faith, entitled to procure insurance through the voluntary market but are unable to do so. The Legislature intends, therefore, that affordable, actuarially sound, noncompetitive property insurance be provided and that it continue to be provided, as long as necessary, through Citizens Property Insurance Corporation, a government entity that is an integral part of the state; and that is not a private insurance company, or through referrals to private insurers participating in a clearinghouse established by the corporation. To that end, the corporation shall strive to promote increase the availability of affordable and actuarially sound private property insurance in this state, supplemented by coverage provided by the corporation if appropriate, while achieving efficiencies and economies, and while providing service to policyholders, applicants, and agents which is no less than the quality generally provided in the voluntary market, for the achievement of the foregoing public purposes. Because it is essential for this government entity to have the maximum financial resources to pay claims following a catastrophic hurricane, it is further the intent of the Legislature that the corporation continue to be an integral part of the state and not a private insurance company, and that the income of the corporation be exempt from federal income taxation, and that interest on the debt obligations issued by the corporation be exempt from federal income taxation.

2. The Residential Property and Casualty Joint Underwriting Association originally created by this statute shall be known as the Citizens Property Insurance Corporation. The corporation shall provide insurance for residential and commercial property insurance, for applicants who are eligible entitled, but, in good faith, are unable to procure insurance through the voluntary market. The corporation shall operate pursuant to a plan of operation approved by order of the Financial Services Commission. The plan is subject to continuous review by the commission, and the commission may, by order, withdraw approval of all or part of a plan if the commission determines that conditions have changed since approval was granted and that the purposes of the plan require changes in the plan. For the purposes of this subsection, residential coverage includes both personal lines residential coverage, which consists of the type of coverage provided by homeowner's, mobile home owner's, dwelling, tenant's, condominium unit owner's, and similar policies; and commercial lines residential coverage, which consists of the type of coverage provided by condominium association, apartment building, and similar policies.

3. *With respect to coverage for personal lines residential structures:*

a. Effective January 1, 2014 2009, a personal lines residential structure that has a dwelling replacement cost of \$1 \$2 million or more, or a single condominium unit that has a combined dwelling and contents replacement cost of \$1 \$2 million or more is not eligible for coverage by the corporation. Such dwellings insured by the corporation on December 31, 2013 2008, may continue to be covered by the corporation until the end of the policy term. However, such dwellings may reapply and obtain coverage if the property owner provides the corporation with a sworn affidavit from one or more insurance agents, on a form provided by the corporation, stating that the agents have made their best efforts to obtain coverage and that the property has been rejected for coverage by at least one authorized insurer and at least three surplus lines insurers. If such conditions are met, the dwelling may be insured by the corporation for up to 3 years, after which time the dwelling is ineligible for coverage. The office shall approve the method used by the corporation for valuing the dwelling replacement costs under cost for the purposes of this subparagraph. If a policyholder is insured by the corporation before prior to being determined to be ineligible pursuant to this subparagraph and

such policyholder files a lawsuit challenging the determination, the policyholder may remain insured by the corporation until the conclusion of the litigation.

b. *Effective January 1, 2015, a structure that has a dwelling replacement cost of \$900,000 or more, or a single condominium unit that has a combined dwelling and contents replacement cost of \$900,000 or more, is not eligible for coverage by the corporation. Such dwellings insured by the corporation on December 31, 2014, may continue to be covered by the corporation until the end of the policy term.*

c. *Effective January 1, 2016, a structure that has a dwelling replacement cost of \$800,000 or more, or a single condominium unit that has a combined dwelling and contents replacement cost of \$800,000 or more, is not eligible for coverage by the corporation. Such dwellings insured by the corporation on December 31, 2015, may continue to be covered by the corporation until the end of the policy term.*

d. *Effective January 1, 2017, a structure that has a dwelling replacement cost of \$700,000 or more, or a single condominium unit that has a combined dwelling and contents replacement cost of \$700,000 or more, is not eligible for coverage by the corporation. Such dwellings insured by the corporation on December 31, 2016, may continue to be covered by the corporation until the end of the policy term.*

e. *Effective January 1, 2018, a structure that has a dwelling replacement cost of \$600,000 or more, or a single condominium unit that has a combined dwelling and contents replacement cost of \$600,000 or more, is not eligible for coverage by the corporation. Such dwellings insured by the corporation on December 31, 2017, may continue to be covered by the corporation until the end of the policy term.*

f. *Effective January 1, 2019, a structure that has a dwelling replacement cost of \$500,000 or more, or a single condominium unit that has a combined dwelling and contents replacement cost of \$500,000 or more, is not eligible for coverage by the corporation. Such dwellings insured by the corporation on December 31, 2018, may continue to be covered by the corporation until the end of the policy term.*

The requirements of sub-subparagraphs b.-f. do not apply in counties where the corporation provides more than 75 percent of the personal lines residential policies providing wind coverage. In such counties the eligibility requirements of sub-subparagraph a. apply.

4. It is the intent of the Legislature that policyholders, applicants, and agents of the corporation receive service and treatment of the highest possible level but never less than that generally provided in the voluntary market. It is also intended that the corporation be held to service standards no less than those applied to insurers in the voluntary market by the office with respect to responsiveness, timeliness, customer courtesy, and overall dealings with policyholders, applicants, or agents of the corporation.

5. *A new structure for which a notice of commencement has been issued on or after July 1, 2014, pursuant to s. 713.135, which is located seaward of the coastal construction control line created pursuant to s. 161.053, is ineligible for coverage through the corporation unless the structure meets the coastal code-plus building code criteria developed and recommended by the Florida Building Commission. Filing a notice of commencement for an addition to an existing structure that was built before July 1, 2014, requires that the addition be built according to the code-plus building criteria but does not require that the existing structure meet the code-plus criteria in order to be eligible for coverage through the corporation. Effective January 1, 2009, a personal lines residential structure that is located in the "wind borne debris region," as defined in s. 1609.2, International Building Code (2006), and that has an insured value on the structure of \$750,000 or more is not eligible for coverage by the corporation unless the structure has opening protections as required under the Florida Building Code for a newly constructed residential structure in that area. A residential structure shall be deemed to comply with this subparagraph if it has shutters or opening protections on all openings and if such opening protections complied with the Florida Building Code at the time they were installed.*

6. For any claim filed under any policy of the corporation, a public adjuster may not charge, agree to, or accept any compensation, payment, commission, fee, or other thing of value greater than 10 percent of the

additional amount actually paid over the amount that was originally offered by the corporation for any one claim.

(b)1. All insurers authorized to write one or more subject lines of business in this state are subject to assessment by the corporation and, for the purposes of this subsection, are referred to collectively as “assessable insurers.” Insurers writing one or more subject lines of business in this state pursuant to part VIII of chapter 626 are not assessable insurers; *however, but* insureds who procure one or more subject lines of business in this state pursuant to part VIII of chapter 626 are subject to assessment by the corporation and are referred to collectively as “assessable insureds.” An insurer’s assessment liability begins on the first day of the calendar year following the year in which the insurer was issued a certificate of authority to transact insurance for subject lines of business in this state and terminates 1 year after the end of the first calendar year during which the insurer no longer holds a certificate of authority to transact insurance for subject lines of business in this state.

2.a. All revenues, assets, liabilities, losses, and expenses of the corporation shall be divided into three separate accounts as follows:

(I) A personal lines account for personal residential policies issued by the corporation, or issued by the Residential Property and Casualty Joint Underwriting Association and renewed by the corporation, which provides comprehensive, multiperil coverage on risks that are not located in areas eligible for coverage by the Florida Windstorm Underwriting Association as those areas were defined on January 1, 2002, and for policies that do not provide coverage for the peril of wind on risks that are located in such areas;

(II) A commercial lines account for commercial residential and commercial nonresidential policies issued by the corporation, or issued by the Residential Property and Casualty Joint Underwriting Association and renewed by the corporation, which provides coverage for basic property perils on risks that are not located in areas eligible for coverage by the Florida Windstorm Underwriting Association as those areas were defined on January 1, 2002, and for policies that do not provide coverage for the peril of wind on risks that are located in such areas; and

(III) A coastal account for personal residential policies and commercial residential and commercial nonresidential property policies issued by the corporation, or transferred to the corporation, which provides coverage for the peril of wind on risks that are located in areas eligible for coverage by the Florida Windstorm Underwriting Association as those areas were defined on January 1, 2002. The corporation may offer policies that provide multiperil coverage and ~~the corporation shall continue to offer policies that provide coverage only for the peril of wind for risks located in areas eligible for coverage in the coastal account.~~ In issuing multiperil coverage, the corporation may use its approved policy forms and rates for the personal lines account. An applicant or insured who is eligible to purchase a multiperil policy from the corporation may purchase a multiperil policy from an authorized insurer without prejudice to the applicant’s or insured’s eligibility to prospectively purchase a policy that provides coverage only for the peril of wind from the corporation. An applicant or insured who is eligible for a corporation policy that provides coverage only for the peril of wind may elect to purchase or retain such policy and also purchase or retain coverage excluding wind from an authorized insurer without prejudice to the applicant’s or insured’s eligibility to prospectively purchase a policy that provides multiperil coverage from the corporation. It is the goal of the Legislature that there be an overall average savings of 10 percent or more for a policyholder who currently has a wind-only policy with the corporation, and an ex-wind policy with a voluntary insurer or the corporation, and who obtains a multiperil policy from the corporation. It is the intent of the Legislature that the offer of multiperil coverage in the coastal account be made and implemented in a manner that does not adversely affect the tax-exempt status of the corporation or creditworthiness of or security for currently outstanding financing obligations or credit facilities of the coastal account, the personal lines account, or the commercial lines account. ~~The coastal account must also include quota share primary insurance under subparagraph (c)2.~~ The area eligible for coverage under the coastal account also includes the area within Port Canaveral, which is bordered on the south by the City of Cape Canaveral, bordered on the west by the Banana River, and bordered on the north by Federal Government property.

b. The three separate accounts must be maintained as long as financing obligations entered into by the Florida Windstorm Under-

writing Association or Residential Property and Casualty Joint Underwriting Association are outstanding, in accordance with the terms of the corresponding financing documents. If the financing obligations are no longer outstanding, the corporation may use a single account for all revenues, assets, liabilities, losses, and expenses of the corporation. Consistent with this subparagraph and prudent investment policies that minimize the cost of carrying debt, the board shall exercise its best efforts to retire existing debt or obtain the approval of necessary parties to amend the terms of existing debt, *in order so as* to structure the most efficient plan *for consolidating to consolidate* the three separate accounts into a single account.

c. Creditors of the Residential Property and Casualty Joint Underwriting Association and the accounts specified in sub-sub-subparagraphs a.(I) and (II) may have a claim against, and recourse to, those accounts and no claim against, or recourse to, the account referred to in sub-sub-subparagraph a.(III). Creditors of the Florida Windstorm Underwriting Association have a claim against, and recourse to, the account referred to in sub-sub-subparagraph a.(III) and no claim against, or recourse to, the accounts referred to in sub-sub-subparagraphs a.(I) and (II).

d. Revenues, assets, liabilities, losses, and expenses not attributable to particular accounts shall be prorated among the accounts.

e. The Legislature finds that the revenues of the corporation are revenues that are necessary to meet the requirements set forth in documents authorizing the issuance of bonds under this subsection.

f. The income of the corporation may not inure to the benefit of any private person.

3. With respect to a deficit in an account:

a. After accounting for the Citizens policyholder surcharge imposed under sub-subparagraph i., if the remaining projected deficit incurred in the coastal account in a particular calendar year:

(I) Is not greater than 2 percent of the aggregate statewide direct written premium for the subject lines of business for the prior calendar year, the entire deficit shall be recovered through regular assessments of assessable insurers under paragraph (q) and assessable insureds.

(II) Exceeds 2 percent of the aggregate statewide direct written premium for the subject lines of business for the prior calendar year, the corporation shall levy regular assessments on assessable insurers under paragraph (q) and on assessable insureds in an amount equal to the greater of 2 percent of the projected deficit or 2 percent of the aggregate statewide direct written premium for the subject lines of business for the prior calendar year. Any remaining projected deficit shall be recovered through emergency assessments under sub-subparagraph d.

b. Each assessable insurer’s share of the amount being assessed under sub-subparagraph a. must be in the proportion that the assessable insurer’s direct written premium for the subject lines of business for the year preceding the assessment bears to the aggregate statewide direct written premium for the subject lines of business for that year. The assessment percentage applicable to each assessable insured is the ratio of the amount being assessed under sub-subparagraph a. to the aggregate statewide direct written premium for the subject lines of business for the prior year. Assessments levied by the corporation on assessable insurers under sub-subparagraph a. must be paid as required by the corporation’s plan of operation and paragraph (q). Assessments levied by the corporation on assessable insureds under sub-subparagraph a. shall be collected by the surplus lines agent at the time the surplus lines agent collects the surplus lines tax required by s. 626.932, and paid to the Florida Surplus Lines Service Office at the time the surplus lines agent pays the surplus lines tax to that office. Upon receipt of regular assessments from surplus lines agents, the Florida Surplus Lines Service Office shall transfer the assessments directly to the corporation as determined by the corporation.

c. After accounting for the Citizens policyholder surcharge imposed under sub-subparagraph i., the remaining projected deficits in the personal lines account and in the commercial lines account in a particular calendar year shall be recovered through emergency assessments under sub-subparagraph d.

d. Upon a determination by the *executive director, with the concurrence of the board of governors*, that a projected deficit in an account exceeds the amount that is expected to be recovered through regular assessments under sub-subparagraph a., plus the amount that is expected to be recovered through *policyholder* surcharges under sub-subparagraph i., the *executive director, with concurrence by the board*, after verification by the office, shall levy emergency assessments for as many years as necessary to cover the deficits, to be collected by assessable insurers and the corporation and collected from assessable insureds upon issuance or renewal of policies for subject lines of business, excluding National Flood Insurance policies. *The executive director shall notify the Financial Services Commission of the emergency assessments within 5 days after the board's concurrence with the executive director's determination that such assessments are necessary.* The amount collected in a particular year must be a uniform percentage of that year's direct written premium for subject lines of business and all accounts of the corporation, excluding National Flood Insurance Program policy premiums, as annually determined by the *executive director, with concurrence by the board*, and verified by the office. The office shall verify the arithmetic calculations involved in the board's determination within 30 days after receipt of the information on which the determination was based. The office shall notify assessable insurers and the Florida Surplus Lines Service Office of the date on which assessable insurers shall begin to collect and assessable insureds shall begin to pay such assessment. The date ~~must be at least~~ ~~may be not less than~~ 90 days after the date the corporation levies emergency assessments pursuant to this sub-subparagraph. Notwithstanding any other provision of law, the corporation and each assessable insurer that writes subject lines of business shall collect emergency assessments from its policyholders without such obligation being affected by any credit, limitation, exemption, or deferment. Emergency assessments levied by the corporation on assessable insureds shall be collected by the surplus lines agent at the time the surplus lines agent collects the surplus lines tax required by s. 626.932 and paid to the Florida Surplus Lines Service Office at the time the surplus lines agent pays the surplus lines tax to that office. The emergency assessments collected shall be transferred directly to the corporation on a periodic basis as determined by the corporation and held by the corporation solely in the applicable account. The aggregate amount of emergency assessments levied for an account ~~under this sub-subparagraph~~ in any calendar year may be less than but not exceed the greater of 10 percent of the amount needed to cover the deficit, plus interest, fees, commissions, required reserves, and other costs associated with financing the original deficit, or 10 percent of the aggregate statewide direct written premium for subject lines of business and all accounts of the corporation for the prior year, plus interest, fees, commissions, required reserves, and other costs associated with financing the deficit.

e. The corporation may pledge the proceeds of assessments, projected recoveries from the Florida Hurricane Catastrophe Fund, other insurance and reinsurance recoverables, policyholder surcharges and other surcharges, and other funds available to the corporation as the source of revenue for and to secure bonds issued under paragraph (q), bonds or other indebtedness issued under subparagraph (c)3., or lines of credit or other financing mechanisms issued or created under this subsection, or to retire any other debt incurred as a result of deficits or events giving rise to deficits, or in any other way that the *executive director, with the concurrence of the board*, determines will efficiently recover such deficits. The purpose of the lines of credit or other financing mechanisms is to provide additional resources to assist the corporation in covering claims and expenses attributable to a catastrophe. As used in this subsection, the term "assessments" includes regular assessments under sub-subparagraph a. or subparagraph (q)1. and emergency assessments under sub-subparagraph d. Emergency assessments collected under sub-subparagraph d. are not part of an insurer's rates, are not premium, and are not subject to premium tax, fees, or commissions; however, failure to pay the emergency assessment shall be treated as failure to pay premium. The emergency assessments ~~under sub-subparagraph d.~~ shall continue as long as any bonds issued or other indebtedness incurred with respect to a deficit for which the assessment was imposed remain outstanding, unless adequate provision has been made for the payment of such bonds or other indebtedness pursuant to the documents governing such bonds or indebtedness.

f. As used in this subsection for purposes of any deficit incurred on or after January 25, 2007, the term "subject lines of business" means insurance written by assessable insurers or procured by assessable in-

sureds for all property and casualty lines of business in this state, but not including workers' compensation or medical malpractice. As used in this sub-subparagraph, the term "property and casualty lines of business" includes all lines of business identified on Form 2, Exhibit of Premiums and Losses, in the annual statement required of authorized insurers under s. 624.424 and any rule adopted under this section, except for those lines identified as accident and health insurance and except for policies written under the National Flood Insurance Program or the Federal Crop Insurance Program. For purposes of this sub-subparagraph, the term "workers' compensation" includes both workers' compensation insurance and excess workers' compensation insurance.

g. The Florida Surplus Lines Service Office shall ~~annually~~ *annually* determine the aggregate statewide written premium in subject lines of business procured by assessable insureds and report that information to the corporation in a form and at a time the corporation specifies to ensure that the corporation can meet the requirements of this subsection and the corporation's financing obligations.

h. The Florida Surplus Lines Service Office shall verify the proper application by surplus lines agents of assessment percentages for regular assessments and emergency assessments levied under this subparagraph on assessable insureds and assist the corporation in ensuring the accurate, timely collection and payment of assessments by surplus lines agents as required by the corporation.

i. ~~In 2008 or thereafter~~, Upon a determination by the board of governors that an account has a projected deficit, the board shall levy a Citizens policyholder surcharge against all policyholders of the corporation.

(I) The surcharge shall be levied as a uniform percentage ~~of the premium for the policy~~ of up to 15 percent of ~~the policy~~ such premium, which funds shall be used to offset the deficit.

(II) The surcharge is payable upon cancellation or termination of the policy, upon renewal of the policy, or upon issuance of a new policy by the corporation within the first 12 months after the date of the levy or the period of time necessary to fully collect the surcharge amount.

(III) The corporation may not levy any regular assessments under paragraph (q) pursuant to sub-subparagraph a. or sub-subparagraph b. with respect to a particular year's deficit until the corporation has first levied the full amount of the surcharge authorized by this sub-subparagraph.

(IV) The surcharge is not considered premium and is not subject to commissions, fees, or premium taxes. However, failure to pay the surcharge shall be treated as failure to pay premium.

j. If the amount of any assessments or surcharges collected from corporation policyholders, assessable insurers or their policyholders, or assessable insureds exceeds the amount of the deficits, such excess amounts shall be remitted to and retained by the corporation in a reserve to be used by the corporation, as determined by the *executive director, with the concurrence of the board of governors*, and approved by the office, to pay claims or reduce any past, present, or future plan-year deficits or to reduce outstanding debt.

(c) The corporation's plan of operation:

1. Must provide for adoption of residential property and casualty insurance policy forms and commercial residential and nonresidential property insurance forms, which must be approved by the office before use. The corporation shall adopt the following policy forms:

a. Standard personal lines policy forms that are comprehensive multiperil policies providing full coverage of a residential property equivalent to the coverage provided in the private insurance market under an HO-3, HO-4, or HO-6 policy.

b. Basic personal lines policy forms that are policies similar to an HO-8 policy or a dwelling fire policy that provide coverage meeting the requirements of the secondary mortgage market, but which is more limited than the coverage under a standard policy.

c. Commercial lines residential and nonresidential policy forms that are generally similar to the basic perils of full coverage obtainable for

commercial residential structures and commercial nonresidential structures in the admitted voluntary market.

d. Personal lines and commercial lines residential property insurance forms that cover the peril of wind only. ~~Such~~ ~~The~~ forms are applicable only to residential properties located in areas eligible for coverage under the coastal account referred to in sub-subparagraph (b) 2.a.

e. Commercial lines nonresidential property insurance forms that cover the peril of wind only. ~~Such~~ ~~The~~ forms are applicable only to nonresidential properties located in areas eligible for coverage under the coastal account referred to in sub-subparagraph (b)2.a.

f. The corporation may adopt variations of the policy forms listed in sub-subparagraphs a.-e. which contain more restrictive coverage.

g. Effective January 1, 2013, the corporation shall offer a basic personal lines policy similar to an HO-8 policy with dwelling repair based on common construction materials and methods.

2. *Must provide that the corporation and an authorized insurer may enter into a risk-sharing agreement for the purpose of reducing the corporation's exposure. As used in this subparagraph, the term "risk-sharing agreement" means an agreement between the corporation and an authorized insurer for the corporation to retain part, but not all, of the risk for a specified group of policies or specified perils within a group of policies, as part of the terms for removal of policies from the corporation.*

a. *Entering into a risk-sharing agreement is voluntary and at the discretion of the corporation and the authorized insurer. To avoid unnecessary expense, the executive director, with concurrence of the board of governors, may limit the corporation's participation in risk-sharing agreements to those participants capable and willing to assume a minimum of 25 percent of the exposure on at least 100,000 policies and may specify other limitations. A risk-sharing agreement in which the corporation retains part of the risk may not exceed 5 years.*

b. *The risk-sharing agreement may cover policies in any account and may cover any perils. The corporation may act as a reinsurer or a cedent under a risk sharing agreement or an excess of loss agreement. If the corporation is the reinsurer, the insurance policy forms and endorsements must be approved by the office, cover all perils that are the subject of the risk-sharing agreement, and cover at least the same limits as the corporation policies being replaced.*

c. *The terms of each risk-sharing agreement must ensure that the consideration received by the corporation is commensurate with the risk retained by the corporation and the risk assumed by the authorized insurer. The corporation may not share risk for bad faith.*

d. *The risk-sharing agreement must specify the proportion of exposure that the authorized insurer reports to the Florida Hurricane Catastrophe Fund and the exposure retained by the corporation. Each shall pay premium and receive reimbursements from the fund for the exposure that they retain or assume as provided in the risk-sharing agreement. The risk retained or assumed is eligible for coverage by the fund and is not considered reinsurance for purposes of coverage by the fund. However, the authorized insurer and the corporation may report participation in the risk sharing agreement on their financial statements as reinsurance if appropriate according to the characteristics of the agreement based on statutory accounting rules and instructions.*

e. *Notwithstanding any other provision of law:*

(I) *Policies offered coverage by the corporation or an authorized insurer through a risk-sharing agreement are not eligible for coverage by the corporation outside of the agreement; and*

(II) *A risk-sharing agreement between the corporation and an authorized insurer is not subject to the requirements of a take-out or keep-out program under s. 627.3517 and this subsection, except that the agreement must be filed by the authorized insurer with the office for review and approval before the execution of the agreement by the insurer.*

f. *To ensure that exposures are accurately reported to the Florida Hurricane Catastrophe Fund, the corporation and each insurer participating in a risk-sharing agreement under this subparagraph must report its exposure under covered policies to the fund as required under s.*

215.555(5)(c), including the requirement that, by September 1 of each year, each insurer notify the board of its insured values under covered policies as of June 30 of that year. Each report must also specify the percentage of liability applicable to the corporation and the percentage applicable to the insurer. Pursuant to its authority under s. 215.555, the State Board of Administration shall adopt rules to administer this subparagraph.

2. ~~Must provide that the corporation adopt a program in which the corporation and authorized insurers enter into quota share primary insurance agreements for hurricane coverage, as defined in s. 627.4025(2)(a), for eligible risks, and adopt property insurance forms for eligible risks which cover the peril of wind only.~~

a. ~~As used in this subsection, the term:~~

(I) ~~"Quota share primary insurance" means an arrangement in which the primary hurricane coverage of an eligible risk is provided in specified percentages by the corporation and an authorized insurer. The corporation and authorized insurer are each solely responsible for a specified percentage of hurricane coverage of an eligible risk as set forth in a quota share primary insurance agreement between the corporation and an authorized insurer and the insurance contract. The responsibility of the corporation or authorized insurer to pay its specified percentage of hurricane losses of an eligible risk, as set forth in the agreement, may not be altered by the inability of the other party to pay its specified percentage of losses. Eligible risks that are provided hurricane coverage through a quota share primary insurance arrangement must be provided policy forms that set forth the obligations of the corporation and authorized insurer under the arrangement, clearly specify the percentages of quota share primary insurance provided by the corporation and authorized insurer, and conspicuously and clearly state that the authorized insurer and the corporation may not be held responsible beyond their specified percentage of coverage of hurricane losses.~~

(II) ~~"Eligible risks" means personal lines residential and commercial lines residential risks that meet the underwriting criteria of the corporation and are located in areas that were eligible for coverage by the Florida Windstorm Underwriting Association on January 1, 2002.~~

b. ~~The corporation may enter into quota share primary insurance agreements with authorized insurers at corporation coverage levels of 90 percent and 50 percent.~~

e. ~~If the corporation determines that additional coverage levels are necessary to maximize participation in quota share primary insurance agreements by authorized insurers, the corporation may establish additional coverage levels. However, the corporation's quota share primary insurance coverage level may not exceed 90 percent.~~

d. ~~Any quota share primary insurance agreement entered into between an authorized insurer and the corporation must provide for a uniform specified percentage of coverage of hurricane losses, by county or territory as set forth by the corporation board, for all eligible risks of the authorized insurer covered under the agreement.~~

e. ~~Any quota share primary insurance agreement entered into between an authorized insurer and the corporation is subject to review and approval by the office. However, such agreement shall be authorized only as to insurance contracts entered into between an authorized insurer and an insured who is already insured by the corporation for wind coverage.~~

f. ~~For all eligible risks covered under quota share primary insurance agreements, the exposure and coverage levels for both the corporation and authorized insurers shall be reported by the corporation to the Florida Hurricane Catastrophe Fund. For all policies of eligible risks covered under such agreements, the corporation and the authorized insurer must maintain complete and accurate records for the purpose of exposure and loss reimbursement audits as required by fund rules. The corporation and the authorized insurer shall each maintain duplicate copies of policy declaration pages and supporting claims documents.~~

g. ~~The corporation board shall establish in its plan of operation standards for quota share agreements which ensure that there is no discriminatory application among insurers as to the terms of the agreements, pricing of the agreements, incentive provisions if any, and consideration paid for servicing policies or adjusting claims.~~

~~h. The quota share primary insurance agreement between the corporation and an authorized insurer must set forth the specific terms under which coverage is provided, including, but not limited to, the sale and servicing of policies issued under the agreement by the insurance agent of the authorized insurer producing the business, the reporting of information concerning eligible risks, the payment of premium to the corporation, and arrangements for the adjustment and payment of hurricane claims incurred on eligible risks by the claims adjuster and personnel of the authorized insurer. Entering into a quota sharing insurance agreement between the corporation and an authorized insurer is voluntary and at the discretion of the authorized insurer.~~

3.a. ~~May provide that the corporation may employ or otherwise contract with individuals or other entities to provide administrative or professional services that may be appropriate to effectuate the plan. The corporation may borrow funds by issuing bonds or by incurring other indebtedness, and shall have other powers reasonably necessary to effectuate the requirements of this subsection, including, without limitation, the power to issue bonds and incur other indebtedness in order to refinance outstanding bonds or other indebtedness. The corporation may seek judicial validation of its bonds or other indebtedness under chapter 75. The corporation may issue bonds or incur other indebtedness, or have bonds issued on its behalf by a unit of local government pursuant to subparagraph (q)2. in the absence of a hurricane or other weather-related event, upon a determination by the corporation, subject to approval by the office, that such action would enable it to efficiently meet the financial obligations of the corporation and that such financings are reasonably necessary to effectuate the requirements of this subsection. The corporation may take all actions needed to facilitate tax-free status for such bonds or indebtedness, including formation of trusts or other affiliated entities. The corporation may pledge assessments, projected recoveries from the Florida Hurricane Catastrophe Fund, other reinsurance recoverables, *Citizens* policyholder surcharges and other surcharges, and other funds available to the corporation as security for bonds or other indebtedness. In recognition of s. 10, Art. I of the State Constitution, prohibiting the impairment of obligations of contracts, it is the intent of the Legislature that no action not be taken whose purpose is to impair any bond indenture or financing agreement or any revenue source committed by contract to such bond or other indebtedness.~~

b. ~~May provide that the corporation employ or otherwise contract with individuals or other entities to provide administrative or professional services that may be appropriate to effectuate the plan. To ensure that the corporation is operating in an efficient and economic manner while providing quality service to policyholders, applicants, and agents, the board shall commission an independent third-party consultant having expertise in insurance company management or insurance company management consulting to prepare a report and make recommendations on the relative costs and benefits of outsourcing various policy issuance and service functions to private servicing carriers or entities performing similar functions in the private market for a fee, rather than performing such functions in-house. In making such recommendations, the consultant shall consider how other residual markets, both in this state and around the country, outsource appropriate functions or use servicing carriers to better match expenses with revenues that fluctuate based on a widely varying policy count. The report must be completed by July 1, 2012. Upon receiving the report, the executive director, with the concurrence of the board, shall develop a plan to implement the report and submit the plan for review, modification, and approval to the Financial Services Commission. Upon the commission's approval of the plan, the board shall begin implementing the plan by January 1, 2013.~~

4. Must require that the corporation operate subject to the supervision and approval of a board of governors consisting of ~~nine~~ ~~eight~~ individuals who are residents of this state and who are, from different geographical areas of ~~this~~ state, one of whom is appointed by the Governor and serves solely to advocate on behalf of the consumer. The appointment of a consumer representative by the Governor is in addition to the appointments authorized under sub-subparagraph a.

a. The Governor, the Chief Financial Officer, the President of the Senate, and the Speaker of the House of Representatives shall each appoint two members of the board. All board members, except those appointed by the speaker, must be confirmed by the Senate during the legislative session following their appointment. At least one of the two members appointed by each appointing officer must have demonstrated expertise in insurance and must be deemed to be within the scope of the exemption provided under ~~in~~ s. 112.313(7)(b). The Chief Financial

Officer shall designate one of the appointees as chair for the purpose of presiding over the orderly conduct of meetings. An appointee serves as chair for no more than one term. All board members serve at the pleasure of the appointing officer. All members of the board are subject to removal at will by the officers who appointed them. All board members, including the chair, shall ~~must~~ be appointed to serve for 3-year terms beginning annually on a date designated by the plan. However, for the first term beginning on or after July 1, 2009, each appointing officer shall appoint one member of the board for a 2-year term and one member for a 3-year term. A board vacancy shall be filled for the unexpired term by the appointing officer. The Chief Financial Officer shall appoint a technical advisory group to provide information and advice to the executive director and the board in connection with the corporation's board's duties under this subsection. The executive director shall be appointed by and serve at the pleasure of the Governor and the Chief Financial Officer. ~~and~~ Senior managers of the corporation shall be appointed by the executive director, with the concurrence of ~~engaged by~~ the board, and serve at the pleasure of the executive director board. Appointment of the ~~Any~~ executive director appointed on or after July 1, 2006, is subject to confirmation by the Senate upon original appointment and upon the election or reelection of the Governor and Chief Financial Officer if retained. The executive director is responsible for employing other staff as the corporation may require, subject to review and concurrence by the board.

b. The board shall create a Market Accountability Advisory Committee to assist the corporation in developing awareness of its rates and its customer and agent service levels in relationship to the voluntary market insurers writing similar coverage.

(I) The members of the advisory committee consist of the following 11 persons, one of whom must be elected chair by the members of the committee: four representatives, one appointed by the Florida Association of Insurance Agents, one by the Florida Association of Insurance and Financial Advisors, one by the Professional Insurance Agents of Florida, and one by the Latin American Association of Insurance Agencies; three representatives appointed by the insurers with the three highest voluntary market share of residential property insurance business in the state; one representative from the Office of Insurance Regulation; one consumer appointed by the board who is insured by the corporation at the time of appointment to the committee; one representative appointed by the Florida Association of Realtors; and one representative appointed by the Florida Bankers Association. All members shall be appointed to 3-year terms, serve at the pleasure of the board of governors, and may serve for consecutive terms.

(II) The committee shall report to the corporation at each board meeting on insurance market issues that which may include rates and rate competition within with the voluntary market; service, including policy issuance, claims processing, and general responsiveness to policyholders, applicants, and agents; and matters relating to depopulation.

5. Must provide a procedure for determining the eligibility of a risk for coverage by the corporation which applies to both new and renewal policies, as follows:

a. Subject to s. 627.3517, with respect to personal lines residential risks, if the risk is offered coverage from an authorized insurer at the insurer's approved rate under a standard policy including wind coverage or, if consistent with the insurer's underwriting rules as filed with the office, a basic policy including wind coverage, for a new application to the corporation for coverage, the risk is not eligible for any policy issued by the corporation unless the premium for coverage from the authorized insurer is more than 15 percent greater than the premium for comparable coverage from the corporation. For renewal policies, the risk is not eligible for a policy issued by the corporation unless the premium for coverage from an authorized insurer is more than 5 percent higher than the premium for comparable coverage from the corporation. If the risk is not able to obtain such offer, the risk is eligible for a standard policy including wind coverage or a basic policy including wind coverage issued by the corporation; however, if the risk could not be insured under a standard policy including wind coverage regardless of market conditions, the risk is eligible for a basic policy including wind coverage unless rejected under subparagraph 8. However, a policyholder of the corporation or a policyholder removed from the corporation through an assumption agreement until the end of the assumption period remains eligible for coverage from the corporation regardless of any offer of coverage from an authorized insurer or surplus lines insurer. The corporation shall determine the type of policy to be provided on the basis of

objective standards specified in the underwriting manual and based on generally accepted underwriting practices.

(I) If the risk accepts an offer of coverage through the market assistance plan or through a mechanism established by the corporation before a policy is issued to the risk by the corporation or during the first 30 days of coverage by the corporation, and the producing agent who submitted the application to the plan or to the corporation is not currently appointed by the insurer, the insurer shall:

(A) Pay to the producing agent of record ~~of the policy~~ for the first year, an amount that is the greater of the insurer's usual and customary commission for the type of policy written or a fee equal to the usual and customary commission of the corporation; or

(B) Offer to allow the producing agent of record ~~of the policy~~ to continue servicing the policy for at least 1 year and offer to pay the agent the greater of the insurer's or the corporation's usual and customary commission for the type of policy written.

If the producing agent is unwilling or unable to accept appointment, the new insurer shall pay the agent in accordance with sub-sub-sub-sub-paragraph (A).

(II) If the corporation enters into a contractual agreement for a take-out plan, the producing agent of record of the corporation policy is entitled to retain any unearned commission on the policy, and the insurer shall:

(A) Pay to the producing agent of record, for the first year, an amount that is the greater of the insurer's usual and customary commission for the type of policy written or a fee equal to the usual and customary commission of the corporation; or

(B) Offer to allow the producing agent of record to continue servicing the policy for at least 1 year and offer to pay the agent the greater of the insurer's or the corporation's usual and customary commission for the type of policy written.

If the producing agent is unwilling or unable to accept appointment, the new insurer shall pay the agent in accordance with sub-sub-sub-sub-paragraph (A).

b. With respect to commercial lines residential risks, ~~for a new application to the corporation for coverage~~, if the risk is offered coverage under a policy including wind coverage from an authorized insurer at its approved rate, the risk is not eligible for a policy issued by the corporation unless the premium for coverage from the authorized insurer is more than 15 percent greater than the premium for comparable coverage from the corporation. If the risk is not able to obtain any such offer, the risk is eligible for a policy including wind coverage issued by the corporation. ~~However, a policyholder of the corporation or a policyholder removed from the corporation through an assumption agreement until the end of the assumption period remains eligible for coverage from the corporation regardless of an offer of coverage from an authorized insurer or surplus lines insurer.~~

(I) If the risk accepts an offer of coverage through the market assistance plan or through a mechanism established by the corporation before a policy is issued to the risk by the corporation or during the first 30 days of coverage by the corporation, and the producing agent who submitted the application to the plan or the corporation is not currently appointed by the insurer, the insurer shall:

(A) Pay to the producing agent of record ~~of the policy~~, for the first year, an amount that is the greater of the insurer's usual and customary commission for the type of policy written or a fee equal to the usual and customary commission of the corporation; or

(B) Offer to allow the producing agent of record ~~of the policy~~ to continue servicing the policy for at least 1 year and offer to pay the agent the greater of the insurer's or the corporation's usual and customary commission for the type of policy written.

If the producing agent is unwilling or unable to accept appointment, the new insurer shall pay the agent in accordance with sub-sub-sub-sub-paragraph (A).

(II) If the corporation enters into a contractual agreement for a take-out plan, the producing agent of record of the corporation policy is entitled to retain any unearned commission on the policy, and the insurer shall:

(A) Pay to the producing agent of record, for the first year, an amount that is the greater of the insurer's usual and customary commission for the type of policy written or a fee equal to the usual and customary commission of the corporation; or

(B) Offer to allow the producing agent of record to continue servicing the policy for at least 1 year and offer to pay the agent the greater of the insurer's or the corporation's usual and customary commission for the type of policy written.

If the producing agent is unwilling or unable to accept appointment, the new insurer shall pay the agent in accordance with sub-sub-sub-sub-paragraph (A).

c. For purposes of determining comparable coverage under sub-sub-paragraphs a. and b., the comparison must be based on those forms and coverages that are reasonably comparable. The corporation may rely on a determination of comparable coverage and premium made by the producing agent who submits the application to the corporation, made in the agent's capacity as the corporation's agent. A comparison may be made solely of the premium with respect to the main building or structure ~~only~~ on the following basis: the same coverage A or other building limits; the same percentage hurricane deductible that applies on an annual basis or that applies to each hurricane for commercial residential property; the same percentage of ordinance and law coverage, if the same limit is offered by both the corporation and the authorized insurer; the same mitigation credits, to the extent the same types of credits are offered both by the corporation and the authorized insurer; the same method for loss payment, such as replacement cost or actual cash value, if the same method is offered both by the corporation and the authorized insurer in accordance with underwriting rules; and any other form or coverage that is reasonably comparable as determined by the board. If an application is submitted to the corporation for wind-only coverage in the coastal account, the premium for the corporation's wind-only policy plus the premium for the ex-wind policy that is offered by an authorized insurer to the applicant must be compared to the premium for multiperil coverage offered by an authorized insurer, subject to the standards for comparison specified in this subparagraph. If the corporation or the applicant requests from the authorized insurer a breakdown of the premium of the offer by types of coverage so that a comparison may be made by the corporation or its agent and the authorized insurer refuses or is unable to provide such information, the corporation may treat the offer as not being an offer of coverage from an authorized insurer at the insurer's approved rate.

6. Must include rules for classifications of risks and rates.

7. Must provide that if premium and investment income for an account attributable to a particular calendar year are in excess of projected losses and expenses for the account attributable to that year, such excess ~~shall~~ be held in surplus in the account. Such surplus must be available to defray deficits in that account as to future years and used for that purpose before assessing assessable insurers and assessable insureds as to any calendar year.

8. Must provide objective criteria and procedures ~~that are to be~~ uniformly applied to all applicants in determining whether an individual risk is so hazardous as to be uninsurable. In making this determination and in establishing the criteria and procedures, the following must be considered:

a. Whether the likelihood of a loss for the individual risk is substantially higher than for other risks of the same class; and

b. Whether the uncertainty associated with the individual risk is such that an appropriate premium cannot be determined.

The acceptance or rejection of a risk by the corporation shall be construed as the private placement of insurance, and the provisions of chapter 120 do not apply.

9. Must provide that the corporation make its best efforts to procure catastrophe reinsurance at reasonable rates, to cover its projected 100-year probable maximum loss as determined by the board of governors.

10. *Must provide that* the policies issued by the corporation ~~must~~ provide that if the corporation or the market assistance plan obtains an offer from an authorized insurer to cover the risk at its approved rates, the risk is no longer eligible for renewal through the corporation, except as otherwise provided in this subsection.

11. *Must provide that* corporation policies and applications ~~must~~ include a notice that the corporation policy could, under this section, be replaced with a policy issued by an authorized insurer which does not provide coverage identical to the coverage provided by the corporation. The notice must also specify that acceptance of corporation coverage creates a conclusive presumption that the applicant or policyholder is aware of this potential.

12. May establish, subject to approval by the office, different eligibility requirements and operational procedures for any line or type of coverage for any specified county or area if the board determines that such changes are justified due to the voluntary market being sufficiently stable and competitive in such area or for such line or type of coverage and that consumers who, in good faith, are unable to obtain insurance through the voluntary market through ordinary methods continue to have access to coverage from the corporation. If coverage is sought in connection with a real property transfer, the requirements and procedures may not provide an effective date of coverage later than the date of the closing of the transfer as established by the transferor, the transferee, and, if applicable, the lender.

13. Must provide that, with respect to the coastal account, any assessable insurer *that has with* a surplus as to policyholders of \$25 million or less writing 25 percent or more of its total countrywide property insurance premiums in this state may ~~petition the office~~, within the first 90 days of each calendar year, *petition the office* to qualify as a limited apportionment company. A regular assessment levied by the corporation on a limited apportionment company for a deficit incurred by the corporation for the coastal account may be paid to the corporation on a monthly basis as the assessments are collected by the limited apportionment company from its insureds. ~~The, but a~~ limited apportionment company must begin collecting the regular assessments *within not later than* 90 days after the regular assessments are levied by the corporation, and the regular assessments must be paid in full within 15 months after being levied by the corporation. A limited apportionment company shall collect from its policyholders any emergency assessment imposed under sub-subparagraph (b)3.d. The plan must provide that, if the office determines that any regular assessment will result in an impairment of the surplus of a limited apportionment company, the office may direct that all or part of such assessment be deferred as provided in subparagraph (q)4. However, an emergency assessment to be collected from policyholders under sub-subparagraph (b)3.d. may not be limited or deferred.

14. Must provide that the corporation appoint as its licensed agents only those agents who *at the time of initial appointment* also hold an appointment as defined in s. 626.015(3) with an insurer who ~~at the time of the agent's initial appointment by the corporation~~ is authorized to write and is actually writing personal lines residential property coverage, commercial residential property coverage, or commercial non-residential property coverage within the state. *As a condition of continued appointment, agents of the corporation must maintain appropriate documentation specified by the corporation which warrants and certifies that alternative coverage was annually sought for each risk placed by that agent with the corporation in accordance with s. 627.3518. After January 1, 2014, if an agent places a policy with the corporation which was ineligible for coverage based on eligibility standards at the time of placement, agent commissions may not be paid on that policy.*

15. Must provide a premium payment plan option to its policyholders which, at a minimum, allows for quarterly and semiannual payment of premiums. A monthly payment plan may, but is not required to, be offered.

16. *Must make available a policy for mobile homes or manufactured homes with a minimum insured value of at least \$3,000. Must limit* Coverage on mobile homes or manufactured homes built before 1994 *is limited* to actual cash value of the dwelling rather than replacement

costs of the dwelling. *Such coverage must also include the following attached structures:*

a. *Screened enclosures that are aluminum framed or that are not covered by the same or substantially the same materials as those of the primary dwelling;*

b. *Carports that are aluminum or that are not covered by the same or substantially the same materials as those of the primary dwelling; and*

c. *Patios that have a roof covering constructed of materials that are not the same or substantially the same materials as those of the primary dwelling.*

17. May provide such limits of coverage as the board determines, consistent with the requirements of this subsection.

18. May require commercial property to meet specified hurricane mitigation construction features as a condition of eligibility for coverage.

19. Must provide that new or renewal policies issued by the corporation on or after January 1, 2012, which cover sinkhole loss do not include coverage for any loss to appurtenant structures, driveways, sidewalks, decks, or patios that are directly or indirectly caused by sinkhole activity. The corporation shall exclude such coverage using a notice of coverage change, which may be included with the policy renewal, and not by issuance of a notice of nonrenewal of the excluded coverage upon renewal of the current policy.

20. *Must, as of July* ~~January 1, 2014 2012,~~ ~~must~~ require that the agent obtain from an applicant for coverage from the corporation an acknowledgment signed by the applicant, which includes, at a minimum, the following statement:

ACKNOWLEDGMENT OF POTENTIAL SURCHARGE
AND ASSESSMENT LIABILITY:

1. AS A POLICYHOLDER OF CITIZENS PROPERTY INSURANCE CORPORATION, I UNDERSTAND THAT IF THE CORPORATION SUSTAINS A DEFICIT AS A RESULT OF HURRICANE LOSSES OR FOR ANY OTHER REASON, MY POLICY COULD BE SUBJECT TO SURCHARGES, WHICH WILL BE DUE AND PAYABLE UPON RENEWAL, CANCELLATION, OR TERMINATION OF THE POLICY, AND THAT THE SURCHARGES COULD BE AS HIGH AS 45 PERCENT OF MY PREMIUM, OR A DIFFERENT AMOUNT AS IMPOSED BY THE FLORIDA LEGISLATURE.

2. *I UNDERSTAND THAT I CAN AVOID THE CITIZENS POLICYHOLDER SURCHARGE, WHICH COULD BE AS HIGH AS 45 PERCENT OF MY PREMIUM, BY OBTAINING COVERAGE FROM A PRIVATE MARKET INSURER AND THAT TO BE ELIGIBLE FOR COVERAGE BY CITIZENS I MUST FIRST TRY TO OBTAIN PRIVATE MARKET COVERAGE BEFORE APPLYING FOR OR RENEWING COVERAGE WITH CITIZENS. I UNDERSTAND THAT PRIVATE MARKET INSURANCE RATES ARE REGULATED AND APPROVED BY THE STATE.*

3. ~~2.~~ I ~~ALSO~~ UNDERSTAND THAT I MAY BE SUBJECT TO EMERGENCY ASSESSMENTS TO THE SAME EXTENT AS POLICYHOLDERS OF OTHER INSURANCE COMPANIES, OR A DIFFERENT AMOUNT AS IMPOSED BY THE FLORIDA LEGISLATURE.

4. ~~3.~~ I ~~ALSO~~ UNDERSTAND THAT CITIZENS PROPERTY INSURANCE CORPORATION IS NOT SUPPORTED BY THE FULL FAITH AND CREDIT OF THE STATE OF FLORIDA.

a. The corporation shall maintain, in electronic format or otherwise, a copy of the applicant's signed acknowledgment and provide a copy of the statement to the policyholder as part of *his or her* ~~the first~~ renewal after the effective date of this subparagraph.

b. The signed acknowledgment form creates a conclusive presumption that the policyholder understood and accepted his or her potential surcharge and assessment liability as a policyholder of the corporation.

(g) The *executive director, with the concurrence of the* board, shall determine whether it is more cost-effective and in the best interests of the corporation to use legal services provided by in-house attorneys employed by the corporation rather than contracting with outside

counsel. In making such determination, the board shall document its findings and ~~shall~~ consider: the expertise needed; whether time commitments exceed in-house staff resources; whether local representation is needed; the travel, lodging and other costs associated with in-house representation; and such other factors that the board determines are relevant.

(i)1. 2. On or before February 15, the internal auditor shall prepare an annual report evaluating the effectiveness of the internal controls of the corporation and providing recommendations for corrective action, if necessary, and summarizing the audits, reviews, and investigations conducted by the office during the preceding fiscal year. The final report shall be furnished to the board of governors and the executive director, the President of the Senate, the Speaker of the House of Representatives, and the Financial Services Commission.

(m)1. The Auditor General shall conduct an operational audit of the corporation ~~annually every 3 years~~ to evaluate management's performance in administering laws, policies, and procedures governing the operations of the corporation in an efficient and effective manner. The scope of the review ~~must shall~~ include, but is not limited to, evaluating claims handling, customer service, take-out programs and bonuses; financing arrangements made to address a 100-year probable maximum loss; personnel costs and administration; underwriting, including processes designed to ensure compliance with policy eligibility requirements of law; procurement of goods and services; internal controls; ~~and the~~ internal audit function; and related internal controls. A copy of the report shall be provided to the corporation's board, the President of the Senate, the Speaker of the House of Representatives, each member of the Financial Services Commission, and the Office of Insurance Regulation. The objectives of the audit include, but are not limited to, an evaluation, within the context of insurance industry best practices, of the corporation's strategic planning processes, the functionality of the corporation's organizational structure, the compensation levels of senior management, and the overall management and*

operations of the corporation. A copy of the audit report shall be provided to the corporation's board, the President of the Senate, the Speaker of the House of Representatives, each member of the Financial Services Commission, the Office of Insurance Regulation, and the Auditor General. The initial audit must be completed by June 1, 2014.

(q)1. The corporation shall certify to the office its needs for annual assessments as to a particular calendar year, and for any interim assessments that it deems ~~to be~~ necessary to sustain operations as to a particular year pending the receipt of annual assessments. Upon verification, the office shall approve such certification, and the corporation shall levy such annual or interim assessments. Such assessments shall be prorated as provided in paragraph (b). The corporation shall take all reasonable and prudent steps necessary to collect the amount of assessments due from each assessable insurer, including, if prudent, filing suit to collect the assessments, and the office may provide such assistance to the corporation it deems appropriate. If the corporation is unable to collect an assessment from any assessable insurer, the uncollected assessments shall be levied as an additional assessment against the assessable insurers and any assessable insurer required to pay an additional assessment as a result of such failure to pay shall have a cause of action against ~~the such~~ nonpaying assessable insurer. Assessments ~~must shall~~ be included as ~~an appropriate factor~~ in the making of rates. The failure of a surplus lines agent to collect and remit any regular or emergency assessment levied by the corporation is ~~considered to be~~ a violation of s. 626.936 and subjects the surplus lines agent to the penalties provided in that section.

2. The governing body of any unit of local government, any residents of which are insured by the corporation, may issue bonds as defined in s. 125.013 or s. 166.101 ~~from time to time~~ to fund an assistance program, in conjunction with the corporation, for the purpose of defraying deficits of the corporation. In order to avoid needless and indiscriminate proliferation, duplication, and fragmentation of such assistance programs, ~~the any~~ unit of local government, ~~any residents of which are insured by the corporation,~~ may provide for the payment of losses, regardless of whether or not the losses occurred within or outside of the territorial jurisdiction of the local government. Revenue bonds under this subparagraph may not be issued until validated pursuant to chapter 75, unless a state of emergency is declared by executive order or proclamation of the Governor pursuant to s. 252.36 ~~which makes~~ making such findings as are necessary to determine that it is in the best interests of, and necessary for, the protection of the public health, safety, and general welfare of residents of this state and declaring it an essential public purpose to permit certain municipalities or counties to issue such bonds as will permit relief to claimants and policyholders of the corporation. Any such unit of local government may enter into ~~such~~ contracts with the corporation and with any other entity created pursuant to this subsection as ~~are~~ necessary to carry out this paragraph. Any bonds issued ~~are under this subparagraph shall be~~ payable from and secured by moneys received by the corporation from emergency assessments under sub-subparagraph (b)3.d., and assigned and pledged to or on behalf of the unit of local government for the benefit of the holders of such bonds. The funds, credit, property, and taxing power of the state or of the unit of local government ~~may shall~~ not be pledged for the payment of such bonds.

3.a. The corporation shall adopt one or more programs subject to approval by the office for the reduction of both new and renewal writings ~~by in~~ the corporation. *The corporation may consider any prudent and not unfairly discriminatory approach to reducing corporation writings.*

a. *The corporation may adopt a credit against assessment liability or other liability which provides an incentive for insurers to take and keep risks out of the corporation by maintaining or increasing voluntary writings in counties or areas in which corporation risks are highly concentrated, and a program to provide a formula under which an insurer voluntarily taking risks out of the corporation by maintaining or increasing voluntary writings is relieved, wholly or partially, from assessments under sub-subparagraph (b)3.a.*

b. ~~Beginning January 1, 2008,~~ Any program the corporation adopts for the payment of bonuses to an insurer for each risk the insurer removes from the corporation ~~must shall~~ comply with s. 627.3511(2) and may not exceed the amount referenced in s. 627.3511(2) for each risk removed. ~~The corporation may consider any prudent and not unfairly discriminatory approach to reducing corporation writings, and may adopt a credit against assessment liability or other liability that provides~~

~~an incentive for insurers to take risks out of the corporation and to keep risks out of the corporation by maintaining or increasing voluntary writings in counties or areas in which corporation risks are highly concentrated and a program to provide a formula under which an insurer voluntarily taking risks out of the corporation by maintaining or increasing voluntary writings will be relieved wholly or partially from assessments under sub-subparagraph (b)3.a. However, Any "take-out bonus" or payment to an insurer must be conditioned on the property being insured for at least 5 years by the insurer, unless canceled or nonrenewed by the policyholder. If the policy is canceled or nonrenewed by the policyholder before the end of the 5-year period, the amount of the take-out bonus must be prorated for the time period the policy was insured. If ~~When~~ the corporation enters into a contractual agreement for a take-out plan, the producing agent of record of the corporation policy is entitled to retain any unearned commission on such policy, and the insurer shall either:~~

(I) Pay to the producing agent of record of the policy, for the first year, an amount which is the greater of the insurer's usual and customary commission for the type of policy written or a policy fee equal to the usual and customary commission of the corporation; or

(II) Offer to allow the producing agent of record ~~of the policy~~ to continue servicing the policy for ~~at least a period of not less than~~ 1 year and offer to pay the agent the insurer's usual and customary commission for the type of policy written. If the producing agent is unwilling or unable to accept appointment by the new insurer, the new insurer shall pay the agent in accordance with sub-sub-subparagraph (I).

~~c.b.~~ Any credit or exemption from regular assessments adopted under this subparagraph shall last ~~up to no longer than the~~ 3 years ~~after following~~ the cancellation or expiration of the policy by the corporation. With the approval of the office, the board may extend such credits for an additional year if the insurer guarantees an additional year of renewability for all policies removed from the corporation, or for 2 additional years if the insurer guarantees 2 additional years of renewability for all policies so removed.

~~d.e.~~ ~~There shall be no~~ credit, limitation, exemption, or deferment from emergency assessments ~~to be~~ collected from policyholders pursuant to sub-subparagraph (b)3.d. ~~is prohibited.~~

4. The corporation plan shall provide for the deferment, in whole or in part, of the assessment of an assessable insurer, other than an emergency assessment collected from policyholders pursuant to sub-subparagraph (b)3.d., if the office finds that payment of the assessment would endanger or impair the solvency of the insurer. ~~If in the event~~ an assessment against an assessable insurer is deferred in whole or in part, the amount by which such assessment is deferred may be assessed against the other assessable insurers in a manner consistent with the basis for assessments set forth in paragraph (b).

5. ~~Effective July 1, 2007,~~ In order to evaluate the costs and benefits of approved take-out plans, if the corporation pays a bonus or other payment to an insurer for an approved take-out plan, it shall maintain a record of the address or such other identifying information on the property or risk removed in order to track if and when the property or risk is later insured by the corporation.

6. Any policy taken out, assumed, or removed from the corporation is, as of the effective date of the take-out, assumption, or removal, direct insurance issued by the insurer and not by the corporation, even if the corporation continues to service the policies. This subparagraph applies to policies of the corporation and not policies taken out, assumed, or removed from any other entity.

6. *The corporation may adopt one or more programs to encourage authorized insurers to remove policies from the corporation through a loan from the corporation to an insurer secured by a surplus note that contains such necessary and reasonable provisions as the corporation requires. Such surplus note is subject to the review and approval of the office pursuant to s. 628.401. The corporation may include, but is not limited to, provisions regarding the maximum size of a loan to an insurer, capital matching requirements, the relationship between the aggregate number of policies or amount of loss exposure removed from the association and the amount of a loan, retention requirements related to policies removed from the corporation, and limitations on the number of insurers receiving loans from the corporation under any one management*

group in whatever form or arrangement. If a loan secured by a surplus note is provided to a new mutual insurance company, the corporation may require the board of the new mutual insurer to have a majority of independent board members, may restrict the ability of the new mutual insurer to convert to a stock insurer while the mutual insurer owes any principal or interest under the surplus note to the corporation, establish a capital match requirement of up to \$1 of private capital for each \$4 of the corporation's loan to a new mutual insurer, and limit the eligibility of a new mutual insurer for a waiver of the ceding commission traditionally associated with take-out programs from the corporation to those new mutual insurers that agree contractually to maintain an expense ratio below 20 per cent of written premium. For this purpose, the term "expense ratio" means the sum of agent commissions and other acquisition expenses; general and administrative expenses; and premium taxes, licenses, and fees, divided by the gross written premium.

(t) For the purposes of s. 199.183(1), the corporation ~~is shall be~~ ~~considered~~ a political subdivision of the state and ~~is shall be~~ exempt from the corporate income tax. The premiums, assessments, investment income, and other revenue of the corporation are funds received for providing property insurance coverage as required by this subsection, paying claims for ~~state residents Florida citizens~~ insured by the corporation, securing and repaying debt obligations issued by the corporation, and conducting all other activities of the corporation, and ~~are shall~~ not be considered taxes, fees, licenses, or charges for services imposed by the Legislature on individuals, businesses, or agencies outside state government. Bonds and other debt obligations issued by or on behalf of the corporation are not to be considered "state bonds" within the meaning of s. 215.58(8). ~~The corporation is not subject to the procurement provisions of chapter 287, and~~ Policies and decisions of the corporation relating to incurring debt, levying of assessments and the sale, issuance, continuation, terms and claims under corporation policies, and all services relating thereto, are not subject to ~~the provisions of~~ chapter 120. The corporation is not required to obtain or to hold a certificate of authority issued by the office, nor is it required to participate as a member insurer of the Florida Insurance Guaranty Association. However, the corporation is required to pay, in the same manner as an authorized insurer, assessments levied by the Florida Insurance Guaranty Association. It is the intent of the Legislature that the tax exemptions provided in this paragraph ~~will~~ augment the financial resources of the corporation to better enable the corporation to fulfill its public purposes. Any debt obligations issued by the corporation, their transfer, and the income therefrom, including any profit made on the sale thereof, ~~is shall~~ at all times be free from taxation of every kind by the state and any political subdivision or local unit or other instrumentality thereof; however, this exemption does not apply to any tax imposed by chapter 220 on interest, income, or profits on debt obligations owned by corporations other than the corporation.

(z) In enacting the provisions of this section, the Legislature recognizes that both the Florida Windstorm Underwriting Association and the Residential Property and Casualty Joint Underwriting Association have entered into financing arrangements that obligate each entity to service its debts and maintain the capacity to repay funds secured under these financing arrangements. It is the intent of the Legislature that ~~nothing in~~ this section ~~not~~ be construed to compromise, diminish, or interfere with the rights of creditors under such financing arrangements. It is further the intent of the Legislature to preserve the obligations of the Florida Windstorm Underwriting Association and Residential Property and Casualty Joint Underwriting Association with regard to outstanding financing arrangements, with such obligations passing entirely and unchanged to the corporation and, specifically, to the applicable account of the corporation. So long as any bonds, notes, indebtedness, or other financing obligations of the Florida Windstorm Underwriting Association or the Residential Property and Casualty Joint Underwriting Association are outstanding, under the terms of the financing documents pertaining to them, ~~the executive director of the corporation, with the concurrence of the governing board, of the corporation~~ shall have and shall exercise the authority to levy, charge, collect, and receive all premiums, assessments, surcharges, charges, revenues, and receipts that the associations had authority to levy, charge, collect, or receive under the provisions of subsection (2) and this subsection, respectively, as they existed on January 1, 2002, to provide moneys, without exercise of the authority provided by this subsection, in at least the amounts, and by the times, as would be provided under those former provisions of subsection (2) or this subsection, respectively, so that the value, amount, and collectability of any assets, revenues, or

revenue source pledged or committed to, or any lien thereon securing such outstanding bonds, notes, indebtedness, or other financing obligations ~~is will~~ not be diminished, impaired, or adversely affected by the amendments made by this section ~~and~~ to permit compliance with all provisions of financing documents pertaining to such bonds, notes, indebtedness, or other financing obligations, or the security or credit enhancement for them, and any reference in this subsection to bonds, notes, indebtedness, financing obligations, or similar obligations, of the corporation ~~must shall~~ include like instruments or contracts of the Florida Windstorm Underwriting Association and the Residential Property and Casualty Joint Underwriting Association to the extent not inconsistent with the ~~provisions of the~~ financing documents pertaining to them.

(gg) *The Office of Inspector General is established within the corporation to provide a central point for coordination of and responsibility for activities that promote accountability, integrity, and efficiency. The office shall be headed by an inspector general, which is a senior management position that involves planning, coordinating, and performing activities assigned to and assumed by the inspector general for the corporation.*

627.351 Insurance risk apportionment plans.—

(6) CITIZENS PROPERTY INSURANCE CORPORATION.—

(e) *The corporation is subject to s. 287.057 for the purchase of commodities and contractual services except as otherwise provided in this paragraph. Services provided by tradepersons or technical experts to assist a licensed adjuster in the evaluation of individual claims are not subject to the procurement requirements of this section. Additionally, the procurement of financial services providers and underwriters must be made pursuant to s. 627.3513. Purchases that equal or exceed \$2,500, but are less than \$25,000, shall be made by receipt of written quotes, written record of telephone quotes, or informal bids, whenever practical. The procurement of goods or services valued at or over \$25,000 shall be subject to competitive solicitation, except in situations where the goods or services are provided by a sole source or are deemed an emergency purchase; the services are exempted from competitive solicitation requirements under s. 287.057(3)(f); or the procurement of services is subject to s. 627.3513. Justification for the sole sourcing or emergency procurement must be documented. Contracts for goods or services valued at or more than over \$100,000 are subject to approval by the board.*

1. *The corporation is an agency for the purposes of s. 287.057, except for subsection (22) of that section for which the corporation is an eligible user.*

a. *The authority of the Department of Management Services and the Chief Financial Officer under s. 287.057 extends to the corporation as if the corporation were an agency.*

b. *The executive director of the corporation is the agency head under s. 287.057, except for resolution of bid protests for which the board would serve as the agency head.*

2. *The corporation must provide notice of a decision or intended decision concerning a solicitation, contract award, or exceptional purchase by electronic posting. Such notice must contain the following statement: "Failure to file a protest within the time prescribed in this section constitutes a waiver of proceedings."*

a. *A person adversely affected by the corporation's decision or intended decision to award a contract pursuant to s. 287.057(1) or s. 287.057(3)(c) who elects to challenge the decision must file a written notice*

of protest with the executive director of the corporation within 72 hours after the corporation posts a notice of its decision or intended decision. For a protest of the terms, conditions, and specifications contained in a solicitation, including any provisions governing the methods for ranking bids, proposals, replies, awarding contracts, reserving rights of further negotiation, or modifying or amending any contract, the notice of protest must be filed in writing within 72 hours after the posting of the solicitation. Saturdays, Sundays, and state holidays are excluded in the computation of the 72-hour time period.

b. A formal written protest must be filed within 10 days after the date the notice of protest is filed. The formal written protest must state with particularity the facts and law upon which the protest is based. Upon receipt of a formal written protest that has been timely filed, the corporation must stop the solicitation or contract award process until the subject of the protest is resolved by final board action unless the executive director sets forth in writing particular facts and circumstances that require the continuance of the solicitation or contract award process without delay in order to avoid an immediate and serious danger to the public health, safety, or welfare. The corporation must provide an opportunity to resolve the protest by mutual agreement between the parties within 7 business days after receipt of the formal written protest. If the subject of a protest is not resolved by mutual agreement within 7 business days, the corporation's board must place the protest on the agenda and resolve it at its next regularly scheduled meeting. The protest must be heard by the board at a publicly noticed meeting in accordance with procedures established by the board.

c. In a protest of an invitation-to-bid or request-for-proposals procurement, submissions made after the bid or proposal opening which amend or supplement the bid or proposal may not be considered. In protesting an invitation-to-negotiate procurement, submissions made after the corporation announces its intent to award a contract, reject all replies, or withdraw the solicitation that amends or supplements the reply may not be considered. Unless otherwise provided by law, the burden of proof rests with the party protesting the corporation's action. In a competitive-procurement protest, other than a rejection of all bids, proposals, or replies, the corporation's board must conduct a *de novo* proceeding to determine whether the corporation's proposed action is contrary to the corporation's governing statutes, the corporation's rules or policies, or the solicitation specifications. The standard of proof for the proceeding is whether the corporation's action was clearly erroneous, contrary to competition, arbitrary, or capricious. In any bid-protest proceeding contesting an intended corporation action to reject all bids, proposals, or replies, the standard of review by the board is whether the corporation's intended action is illegal, arbitrary, dishonest, or fraudulent.

d. Failure to file a notice of protest or failure to file a formal written protest constitutes a waiver of proceedings.

3. Contract actions and decisions by the board under this paragraph are final. Any further legal remedy must be made in the Circuit Court of Leon County.

Section 9. The purchase of commodities and contractual services by Citizens Property Insurance Corporation commenced before October 1, 2013, is governed by the law in effect on September 30, 2013.

Section 10. Effective January 1, 2014, paragraph (n) of subsection (6) of section 627.351, Florida Statutes, is amended to read:

627.351 Insurance risk apportionment plans.—

(6) CITIZENS PROPERTY INSURANCE CORPORATION.—

Except as otherwise provided in this paragraph, rates for coverage provided by the corporation must be actuarially sound and not competitive with approved rates charged in the admitted voluntary market in order for the corporation to function as a residual market mechanism that provides insurance only if insurance cannot be procured in the voluntary market.~~

a. In establishing actuarially sound rates the corporation shall include an appropriate catastrophe risk load factor that reflects the actual catastrophic risk exposure retained by the corporation.

b. The corporation shall file its recommended rates with the office at least annually. ~~The corporation shall provide any additional information regarding the rates which the office requires. The office shall consider the recommendations of the board and issue a final order establishing the rates for the corporation within 45 days after the recommended rates are filed. The corporation may not pursue an administrative challenge or judicial review of the final order of the office.~~

c. ~~In territories located in a county where the corporation provides more than 75 percent of personal lines residential policies providing wind coverage, subparagraph 3. applies to all new personal lines residential policies written by the corporation in such territories.~~

2. In addition to the rates otherwise determined pursuant to this paragraph, the corporation shall impose and collect an amount equal to the premium tax provided in s. 624.509 to augment the financial resources of the corporation.

~~3. After the public hurricane loss projection model under s. 627.06281 has been found to be accurate and reliable by the Florida Commission on Hurricane Loss Projection Methodology, the model shall serve as the minimum benchmark for determining the windstorm portion of the corporation's rates. This subparagraph does not require or allow the corporation to adopt rates lower than the rates otherwise required or allowed by this paragraph.~~

4. ~~The rate filings for the corporation which were approved by the office and took effect January 1, 2007, are rescinded, except for those rates that were lowered. As soon as possible, the corporation shall begin using the lower rates that were in effect on December 31, 2006, and provide refunds to policyholders who paid higher rates as a result of that rate filing. The rates in effect on December 31, 2006, remain in effect for the 2007 and 2008 calendar years except for any rate change that results in a lower rate. The next rate change that may increase rates shall take effect pursuant to a new rate filing recommended by the corporation and established by the office, subject to this paragraph.~~

~~5. Beginning on July 15, 2009, and annually thereafter, the corporation must make a recommended actuarially sound rate filing for each personal and commercial line of business it writes, to be effective no earlier than January 1, 2010.~~

~~3.6. Beginning on or after January 1, 2010, and notwithstanding the board's recommended rates and the office's final order regarding the corporation's filed rates under subparagraph 1., The corporation shall annually implement a rate increase that which, except for sinkhole coverage, does not exceed 10 percent for any single policy issued by the corporation, excluding coverage changes and surcharges, for residential policyholders who:~~

a. ~~Were initially insured by the corporation before January 1, 2014, and who have been continuously insured by the corporation since that date; or~~

b. ~~Were previously insured with the corporation on or before December 31, 2013, were continuously insured with the corporation until being depopulated by a private insurer on or after January 1, 2014, and who, through no fault of their own, were nonrenewed by the private insurer within 18 months after being removed from the corporation and, after submitting an application to the clearinghouse pursuant to the rating requirements of s. 627.3518(5)(a), are eligible for coverage with the corporation.~~

4.7. The corporation may also implement an increase to reflect the effect on the corporation of the cash buildup factor pursuant to s. 215.555(5)(b).

~~5.8. The corporation's implementation of rates as prescribed in subparagraph 3. 6. shall cease for any line of business written by the corporation upon the corporation's implementation of actuarially sound rates. Thereafter, the corporation shall annually make a recommended actuarially sound rate filing implementing such rates for each commercial and personal line of business the corporation writes.~~

6. ~~The corporation shall annually certify to the office that its rates comply with the requirements of this paragraph. If any adjustment in the rates or rating factors of the corporation is necessary to ensure such compliance, the corporation shall make and implement such adjustments~~

and file its revised rates and rating factors with the office. If the office thereafter determines that the revised rates and rating factors fail to comply with this paragraph, it shall notify the corporation and require the corporation to amend its rates or rating factors in conjunction with its next rate filing. The office must notify the corporation by electronic means of any rate filing it approves for any insurer among the insurers referred to in this paragraph.

7. By January 1, 2014, the board shall provide recommendations to the Legislature on how to provide relief to a policyholder whose premium reflects the full rate required under subparagraph 1. and who demonstrates a financial need at the time of application or renewal, including the impact of any phase-in pursuant to s. 627.0629 of required rates under subparagraph 1.

Section 11. Section 627.3518, Florida Statutes, is created to read:

627.3518 *Citizens Property Insurance Corporation clearinghouse.*—The Legislature recognizes that Citizens Property Insurance Corporation has authority to establish a clearinghouse as a separate organizational unit within the corporation for the purpose of determining the eligibility of new and renewal risks, excluding commercial residential, seeking coverage through the corporation and facilitating the identification and diversion of ineligible applicants and current policyholders from the corporation into the voluntary insurance market. The purpose of this section is to augment that authority by providing a framework for the corporation to implement such program by January 1, 2014.

(1) As used in this section, the term:

(a) “Clearinghouse” means the clearinghouse diversion program created under this section.

(b) “Corporation” means Citizens Property Insurance Corporation.

(c) “Exclusive agent” means a licensed insurance agent who has agreed, by contract, to act exclusively for one company or group of affiliated insurance companies and is disallowed by the provisions of that contract to directly write for any other unaffiliated insurer absent express consent from the company or group of affiliated insurance companies.

(d) “Independent agent” means a licensed insurance agent not described in paragraph (c).

(2) In order to confirm eligibility with the corporation and to enhance the access of new applicants for coverage and existing policyholders of the corporation to offers of coverage from authorized and eligible insurers, the corporation shall establish a clearinghouse for personal residential risks in order to facilitate the diversion of ineligible applicants and existing policyholders from the corporation into the voluntary insurance market. The corporation shall also develop appropriate procedures for facilitating the diversion of ineligible applicants and existing policyholders for commercial residential coverage into the private insurance market, and shall report such procedures to the President of the Senate and the Speaker of the House of Representatives by July 1, 2015.

(3) The clearinghouse has the same rights and responsibilities in carrying out its duties as a licensed general lines agent, but is not required to employ or engage a licensed general lines agent or to maintain an insurance agency license in order to solicit and place insurance coverage. In establishing the clearinghouse, the corporation may:

(a) Require all new applications and all policies due for renewal to be submitted to the clearinghouse in order to facilitate obtaining an offer of coverage from an authorized insurer before binding or renewing coverage by the corporation.

(b) Employ or otherwise contract with individuals or other entities to provide administrative or professional services in order to carry out the plan within the corporation in accordance with the applicable purchasing requirements under s. 627.351.

(c) Enter into a contract with an authorized or eligible insurer participating in the clearinghouse and accept an appointment by such insurer.

(d) Provide funds to operate the clearinghouse. Insurers and agents participating in the clearinghouse are not required to pay a fee to offset or

partially offset the cost of the clearinghouse, or use the clearinghouse for the renewal of policies initially written through the clearinghouse.

(e) Develop an enhanced application for obtaining information that will assist private insurers in determining whether to make an offer of coverage through the clearinghouse.

(f) Before approving new applications for coverage by the corporation, require that every application be subject to a period of 2 business days during which an insurer participating in the program may select the application for coverage. The insurer may issue a binder on any policy selected for coverage for at least 30 days but not more than 60 days.

(4) An authorized or eligible insurer may participate in the clearinghouse; however, participation is not mandatory. An insurer that makes an offer of coverage to a new applicant or renews a policy for a policyholder through the clearinghouse:

(a) Is not required to individually appoint an agent whose customer is underwritten and bound through the clearinghouse. Notwithstanding s. 626.112, an insurer is not required to appoint an agent on a policy underwritten through the clearinghouse if that policy remains with the insurer. An insurer may appoint an agent whose customer is initially underwritten and bound through the clearinghouse. If an insurer accepts a policy from an agent who is not appointed pursuant to this paragraph and thereafter accepts a policy from such agent, the provisions of s. 626.112 requiring appointment apply to the agent.

(b) Must enter into a limited agency agreement with each agent who is not appointed in accordance with paragraph (a) and whose customer is underwritten and bound through the clearinghouse.

(c) Must enter into its standard agency agreement with each agent whose customer is underwritten and bound through the clearinghouse if that agent has been appointed by the insurer pursuant to s. 626.112.

(d) Must comply with s. 627.4133(2).

(e) Must allow authorized or eligible insurers participating in the clearinghouse to participate through their single, designated managing general agent or broker; however, the provisions of paragraph (6)(a) regarding ownership, control, and use of the expirations apply.

(f) Must pay the producing agent a commission equal to that paid by the corporation or the usual and customary commission paid by the insurer for that line of business, whichever is greater.

(5)(a) Notwithstanding s. 627.3517, an applicant for new coverage is not eligible for coverage from the corporation if the applicant is offered coverage from an authorized insurer through the clearinghouse at a premium that is at or below the eligibility threshold established under s. 627.351(6)(c)5.a.

(b) Notwithstanding any other provisions of law, if a renewing policyholder of the corporation is offered coverage from an authorized insurer for a personal lines risk at a premium that is no more than 5 percent above the corporation’s renewal premium for comparable coverage, the risk is not eligible for coverage with the corporation.

(c) Notwithstanding s. 626.916(1), if an applicant for new or renewal coverage from the corporation does not receive an offer of coverage from an authorized insurer, the applicant may choose to accept an offer of coverage from an eligible insurer or its broker under ss. 626.913-626.937. Such offer of coverage from an eligible insurer does not make the risk ineligible for coverage with the corporation.

(d) An applicant for new or renewal coverage from the corporation may choose to accept any offer of coverage received through the clearinghouse from an authorized insurer.

(e) Section 627.351(6)(c)5.a.(I) and b.(I) does not apply to an offer of coverage from an authorized insurer obtained through the clearinghouse.

(f) The 45-day notice of nonrenewal required under s. 627.4133(2)(b) 4.b. applies when a policy is nonrenewed by the corporation because the risk has received an offer of coverage pursuant to this section which renders the risk ineligible for coverage by the corporation.

(6) An independent agent who submits a new application for coverage or who is the agent of record on a renewal policy submitted to the clearinghouse:

(a) Is granted and must maintain ownership and the exclusive use of expirations, records, or other written or electronic information directly related to such application or renewal written through the corporation or through an insurer participating in the clearinghouse, notwithstanding s. 627.351(6)(c)5.a.(I)(B) and (II)(B). Such ownership is granted for as long as the insured remains with the agency or until sold or surrendered in writing by the agent. A contract with the corporation or required by the corporation may not amend, modify, interfere with, or limit such rights of ownership. Such expirations, records, or other written or electronic information may be used to review an application or issue a policy or for any other purpose necessary for placing business through the clearinghouse.

(b) Is not required to be appointed by an insurer participating in the clearinghouse for policies written solely through the clearinghouse, notwithstanding s. 626.112.

(c) May accept an appointment from an insurer participating in the clearinghouse.

(d) May enter into a standard or limited agency agreement with the insurer, at the insurer's option.

An applicant ineligible for coverage under subsection (5) remains ineligible if the applicant's independent agent is unwilling or unable to enter into a standard or limited agency agreement with an insurer participating in the clearinghouse.

(7) An exclusive agent who submits a new application for coverage or who is the agent of record on a renewal policy submitted to the clearinghouse:

(a) Must maintain ownership and the exclusive use of expirations, records, or other written or electronic information directly related to such application or renewal written through the corporation or through an insurer participating in the clearinghouse, notwithstanding s. 627.351(6)(c)5.a.(I)(B) and (II)(B). A contract with the corporation or required by the corporation may not amend, modify, interfere with, or limit such rights of ownership. Such expirations, records, or other written or electronic information may be used to review an application or issue a policy or for any other purpose necessary for placing business through the clearinghouse.

(b) Is not required to be appointed by an insurer participating in the clearinghouse for policies written solely through the clearinghouse, notwithstanding s. 626.112.

(c) Must only facilitate the placement of an offer of coverage from an insurer whose limited servicing agreement is approved by that exclusive agent's exclusive insurer.

(d) May enter into a limited servicing agreement with the insurer making an offer of coverage, and may do so only after the exclusive agent's insurer has approved the terms of the agreement. The exclusive agent's insurer must approve a limited service agreement for the clearinghouse if the insurer has approved a service agreement with the agent for other purposes.

An applicant is ineligible for coverage under subsection (5) if the applicant's exclusive agent is unwilling or unable to enter into a standard or limited agency agreement with a participating insurer making an offer of coverage to that applicant.

(8) Submission of an application to the clearinghouse for coverage by the corporation does not constitute the binding of coverage, and the failure of the clearinghouse to obtain an offer of coverage by an insurer is not considered acceptance of coverage of the risk by the corporation.

(9) The clearinghouse may not include commercial nonresidential policies.

Section 12. Section 627.3519, Florida Statutes, is amended to read:

627.3519 Annual report of aggregate net probable maximum losses, financing options, and potential assessments.—By ~~no later than~~ Feb-

ruary 1 of each year, the Florida Hurricane Catastrophe Fund and Citizens Property Insurance Corporation ~~Financial Services Commission~~ shall provide to the Legislature a report of their aggregate net probable maximum losses, financing options, and potential assessments to the Legislature and the Financial Services Commission of the Florida Hurricane Catastrophe Fund and Citizens Property Insurance Corporation. Each report must include the respective 50-year, 100-year, and 250-year probable maximum losses of the fund and the corporation; analysis of all reasonable financing strategies for each such probable maximum loss, including the amount and term of debt instruments and risk transfer products; specification of the percentage assessments that would be needed to support each of the financing strategies; and calculations of the aggregate assessment burden on Florida property and casualty policyholders for each of the probable maximum losses. ~~The commission shall require the fund and the corporation to provide the commission with such data and analysis as the commission considers necessary to prepare the report.~~

Section 13. Temporary keepout program.—Citizens Property Insurance Corporation shall implement a temporary keepout program beginning July 1, 2013, and ending on the date the clearinghouse program established under s. 627.3518, Florida Statutes, is operational.

(1) Subject to procedures adopted by the corporation, the program shall provide an opportunity for new applicants for personal residential multiperil coverage with the corporation to be offered coverage with authorized insurers through the market assistance plan established under s. 627.3515, Florida Statutes.

(2) The program is subject to all of the following:

(a) The corporation may not accept a new personal residential multiperil application for coverage within 72 hours after submission of the risk to the market assistance plan under subsection (1).

(b) Section 627.3517, Florida Statutes, relating to consumer choice of agent does not apply to applications for coverage accepted by authorized insurers under the program.

(c) Insurers issuing policies under this section are subject to s. 627.3518(3), Florida Statutes, relating to agent appointment, and are not subject to s. 627.351(6)(c)5.a.(I), Florida Statutes, relating to agent payment.

(d) Notwithstanding s. 626.916(1), Florida Statutes, if an applicant for new or renewal coverage from the corporation does not receive an offer of coverage from an eligible insurer, the applicant may accept an offer from a designated broker of an insurer eligible under ss. 626.913-626.937, Florida Statutes.

(e) An exclusive agent must only facilitate the placement of an offer of coverage from an insurer whose limited servicing agreement is approved by that exclusive agent's exclusive insurer.

An applicant is ineligible for coverage if the applicant's agent is unwilling or unable to enter into a standard or limited agency agreement with a participating insurer making an offer of coverage to that applicant.

(3) This section expires on January 1, 2014, or when the clearinghouse program established under s. 627.3518, Florida Statutes, becomes operational, whichever occurs first.

Section 14. Section 627.352, Florida Statutes, is created to read:

627.352 Catastrophe Risk Capital Access Facility.—

(1) LEGISLATIVE FINDINGS AND INTENT.—The Legislature finds and declares that:

(a) A growing and competitive private sector market for residential property insurance is in the public interest.

(b) The global market for catastrophe risk has expanded dramatically, resulting in the availability of billions of dollars in additional risk capital for insurers and new and innovative alternative risk-transfer mechanisms.

(c) Having access to additional risk capital and risk-transfer mechanisms provides an opportunity for property insurers in this state to

expand their capacity to write additional business and diversify their catastrophe risk, which will serve the public interest of fostering private sector market growth.

(d) Despite an expansion in the amount of available global risk capital, state property insurers in general, and smaller state property insurers in particular, face challenges accessing global markets if the relatively small amount of risk finance required by any one company is not economically viable in the larger global market.

(e) It is the intent of the Legislature to establish a self-regulating mechanism to facilitate the access of property insurers generally, and smaller property insurers in particular, to global risk capital markets and risk-transfer mechanisms for property risks in this state.

(2) **FACILITY CREATED.**—A nonprofit association, to be known as the Catastrophe Risk Capital Access Facility, is hereby created.

(a) The facility must operate pursuant to a plan of operation adopted by the governing board, except that the initial plan of operation shall be recommended by the initial governing board and adopted by the office after consultation with potential participating insurers and other interested parties.

(b) The facility is not intended to be, and may not function as, an insurer, reinsurer, or other risk-bearing entity, and is not a state agency, board, or commission.

(3) **MEMBERSHIP.**—An insurer holding a certificate of authority to transact property insurance in this state is eligible to become a member of the facility. To become a member, an insurer must file a declaration of intent with the office by September 30, 2013.

(4) **INITIAL GOVERNING BOARD.**—

(a) Each insurer that timely files a declaration under subsection (3) is a member of the initial governing board of the facility and has a vote proportional to its share of direct premium for property insurance written in this state as of December 31, 2012. At a minimum, three insurers must file a declaration of intent to constitute an initial governing board and activate the facility.

(b) The initial governing board must hold its first meeting at a time and place specified by the office. At the first meeting, the initial governing board must elect one of its members to serve as chair.

(c) The initial governing board must submit a recommended plan of operation to the office by December 1, 2013. The initial governing board may retain staff or professionals to assist in the preparation of the proposed plan of operation.

(d) The initial governing board must provide the presiding officers and minority party leaders of the Legislature with recommendations and draft legislation addressing the facility's need, if any, for exemptions from public records and open meetings laws by December 31, 2013.

(e) The functions of the initial governing board terminate upon the election of a governing board as provided in the plan of operation.

(5) **GOVERNING BOARD.**—Beginning on the effective date of the plan of operation, the facility shall operate under a seven-member governing board composed of representatives of member insurers, appointed as specified in the plan of operation.

(6) **PLAN OF OPERATION.**—The plan of operation:

(a) Must specify the following functions of the facility:

1. Aggregating the demand of members for risk finance for state property risks from global capital markets.

2. Designing and executing risk-transfer tools such as insurance-linked securities and other appropriate instruments for state property risks for members; using special purpose vehicles or onshore or offshore protected cells, as appropriate, to increase members' access to risk capital for state property risks; and making use of any other financial instruments or reinsurance or pooling arrangements that may develop in the market.

3. Identifying and coordinating appropriate risk-transfer products and opportunities for state property risks, initially targeting layers of coverage below, alongside, and above the coverage provided by the Florida Hurricane Catastrophe Fund.

4. Establishing and maintaining regular and ongoing contact with global risk capital market participants, institutions, and investors in order to identify opportunities that satisfy and coordinate with insurer demand for additional risk capital for state property risks.

(b) Must provide that in conducting its affairs, the facility may not:

1. Take a position in, or provide financial support for, any risk-transfer transaction.

2. Be a guarantor of premium or make any other financial guarantees to a member.

3. Enter into any contract on the part of the state or create any state contractual obligations.

4. Impose or levy any taxes, assessments, or similar charges.

(c) Must provide for funding the expenses of the facility, including an initial charge that applies to all members and subsequent charges to members on a pro rata basis.

(d) Must provide additional annual enrollment periods for eligible insurers to become members of the facility.

(e) Must provide for the election and terms of the governing board.

(f) May provide for the appointment or retention of staff and professionals as the governing board deems appropriate.

(g) Must require the facility to submit a biennial report and annual independent audits to the members of the Financial Services Commission and the presiding officers of the Legislature by December 31 of each even-numbered year beginning in 2014.

(7) **IMMUNITY FROM LIABILITY.**—No liability on the part of, and no cause of action of any nature, may arise against the facility or its agents or employees, the governing board, or the department or office or their representatives for any action taken by them in the performance of their powers and duties under this section.

Section 15. Subsection (1) of section 627.410, Florida Statutes, is amended to read:

627.410 Filing, approval of forms.—

(1) A ~~no~~ basic insurance policy or annuity contract form, or application form where written application is required and is to be made a part of the policy or contract, ~~or~~ group certificates issued under a master contract delivered in this state, or printed rider or endorsement form or form of renewal certificate, ~~may not shall~~ be delivered or issued for delivery in this state, unless the form has been filed with the office by or ~~on~~ ~~in~~ behalf of the insurer ~~that which~~ proposes to use such form and has been approved by the office. Section 16. Paragraph (b) of subsection (1) of section 627.706, Florida Statutes, is amended to read:

627.706 Sinkhole insurance; catastrophic ground cover collapse; definitions.—

(1)

(b) The insurer shall make available, for an appropriate additional premium, coverage for sinkhole losses on any structure, including the contents of personal property contained therein, *in an amount equal to the full amount of coverage on the structure. The insurer may also offer less coverage equal to 25 or 50 percent of the amount of coverage on the structure, with an appropriate reduction in the additional premium to the extent provided in the form to which the coverage attaches.* The insurer may require an inspection of the property before issuance of sinkhole loss coverage. A policy for residential property insurance may include a deductible amount applicable to sinkhole losses equal to 1 percent, 2 percent, 5 percent, or 10 percent of the policy dwelling limits, with appropriate premium discounts offered with each deductible amount.

PRAYER

The following prayer was offered by Pastor Earl W. Glisson, Senior Pastor, Anchor Faith Church, St. Augustine:

Dear Heavenly Father, the creator of heaven and earth, we place ourselves in remembrance that you are the ruler of all and that you, above all, understand the need in the governance of humanity. For in the beginning you created man, both male and female, in your image and likeness and entrusted to man the mandate of dominion. A dominion that rests solely on the obedience to your will and purpose. In essence, you desire to rule from your realm into this realm through man submitted to your spirit. We humbly come today in prayer seeking your will in accordance with your written word, "Your kingdom come, your will be done, on earth as it is in heaven."

We are thankful that you desire not to be absent from government proceedings, but rather be consulted, and have given us examples of how you worked with men and women to be influences in government. As a result, their prayers, their actions saved and benefited the lives of many others. Let us remember the great king of old that asked not for wealth or the death of his enemies, but for the wisdom to lead your created people. Let us remember the man you used to save a nation from financial collapse in a time of famine, or the woman you used to enact an amended law for the defense of a nation who had been set for destruc-

tion. These and many others have left us with the reminder of what the scriptures declare: "Blessed is the nation whose God is the Lord."

With all this in mind, I pray for your wisdom; the wisdom from above which is pure, then peaceable, gentle, reasonable, full of mercy and good fruits, unwavering, without hypocrisy, to come to these great men and women that are before me in this Senate. May they seek your purpose and not the purpose of another. For where selfish ambitions exist, there is disorder and every evil thing. That as this year's session is drawing to a close, I pray that they would receive divine understanding and moral clarity to enact legislation and pass laws that benefit all Floridians and serve as a model to the rest of our nation. By doing so, in years to come, the work they accomplish together today would aid in the safety and advancement of humanity and magnify your great name. Lord, strengthen them in their call to public service by empowering them by your spirit with blessings and protection toward them, their staff members, and their families. In the name of Jesus, I pray. Amen.

PLEDGE

Senate Pages Chris Hawkins of Orlando; Bailey Smith and Katie Rasmussen of Tallahassee; and Viviana Hernandez and Katy Goodwin of Navarre led the Senate in the pledge of allegiance to the flag of the United States of America.

ADOPTION OF RESOLUTIONS

At the request of Senator Garcia—

By Senator Garcia—

SR 816—A resolution encouraging the 113th Congress of the United States to consider the five principles embraced by the Partnership for a New American Economy as it works to develop comprehensive immigration reforms.

WHEREAS, the 1965 Immigration and Nationality Act brought a Depression-era immigration system into the post-World War II, Civil Rights age, abandoning longstanding racial quotas in favor of a system that strives for equality and focuses on reuniting families and, to a lesser extent, meeting workplace needs, and

WHEREAS, while the 1965 reforms at that time represented a significant advance for families and equality, what was modern in an age before the VCR, the heart transplant, or the moon landing is antiquated in a digital age marked by instantaneous access to information and the rise of a global marketplace, and this nation's immigration system is once again outmoded, outdated, and ill-equipped for the demands of a modern society, and

WHEREAS, as the 113th Congress takes up the call for immigration reform, the Partnership for a New American Economy offers five principles that are essential to a modern immigration system: attracting and retaining the world's top innovators and entrepreneurs; recruiting talented workers needed to fill gaps in high- and low-skilled sectors of the economy; bringing 11 million undocumented immigrants into the legal economy so that they can pay taxes, attain better education, and contribute more to the economic growth of the United States; developing a

state of the art system to ensure that immigration laws are enforced and obeyed; and ensuring that the immigration system is easy to understand, easy to navigate, and easy to implement, and

WHEREAS, this great nation is long overdue for an equally significant overhaul of our immigration laws to advance our economy, NOW, THEREFORE,

Be It Resolved by the Senate of the State of Florida:

That we encourage the 113th Congress of the United States to consider the five principles embraced by the Partnership for a New American Economy as it works to develop a comprehensive immigration reform that will lead this nation in promoting innovation and entrepreneurship and maximizing the productivity of the workforce.

SR 1896—A resolution recognizing the 40th anniversary of Pasco-Hernando Community College.

WHEREAS, in 1967, the Legislature established Pasco-Hernando Community College (PHCC) as the 28th and final community college, and

WHEREAS, under the leadership of PHCC's district board of trustees, the college began operations and enrolled its first student in the fall of 1972, and

WHEREAS, through the generosity of the citizens of Pasco and Hernando Counties, land was purchased in Dade City and Governor Reubin O'Donovan Askew dedicated the first building on PHCC's East Campus in Dade City in 1975, and

WHEREAS, to serve all 1,200 square miles of its district through conveniently located facilities and to carry out the vision of its district board of trustees, PHCC currently operates campuses in Brooksville, Dade City, New Port Richey, and Spring Hill, and is constructing the Porter Campus at Wiregrass Ranch, a new, full-service campus scheduled to open in Wesley Chapel in 2014, and

WHEREAS, PHCC has awarded more than 32,000 degrees and other academic credentials and claims among its distinguished alumni a Pulitzer Prize-winning journalist; several current and former members of the Legislature, state executive branch, and United States Congress; and doctors, lawyers, law enforcement officers, educators, nurses, radiographers, paramedics, paralegals, computer and Internet technicians, welders, and numerous other professionals, and

WHEREAS, PHCC serves more than 15,000 students annually and currently offers more than 60 career and academic programs, as well as a wide variety of continuing education, corporate training, and other educational options, to serve the needs of the citizens and businesses of Pasco and Hernando Counties, and

WHEREAS, the college maintains active and successful student development and engagement programs, which have earned national and state recognition, as well as intercollegiate athletic programs, which have won several regional and state championships and a national championship in women's volleyball in 2010, and

WHEREAS, PHCC continues to maintain its accreditation with the Commission on Colleges of the Southern Association of Colleges and Schools to award the associate degree, NOW, THEREFORE,

Be It Resolved by the Senate of the State of Florida:

That Pasco-Hernando Community College is congratulated on its 40th anniversary and recognized for the efforts of its dedicated board of trustees, administrators, faculty, staff, and students.

BE IT FURTHER RESOLVED that a copy of this resolution be presented to Pasco-Hernando Community College as a tangible token of the sentiments expressed herein.

Amendment 1 (573240) (with title amendment)—Between lines 430 and 431 insert:

Section 8. Section 1008.212, Florida Statutes, is created to read:

1008.212 *Students with disabilities; extraordinary exemption.*—

(1) *As used in this section, the term:*

(a) “*Circumstance*” means a situation in which accommodations allowable for use on the statewide standardized assessment, a statewide standardized end-of-course assessment, or an alternate assessment pursuant to s. 1008.22(3)(c)13. are not offered to a student during the current year’s assessment administration due to technological limitations in the testing administration program which lead to results that reflect the student’s impaired sensory, manual, or speaking skills rather than the student’s achievement of the benchmarks assessed by the statewide standardized assessment, a statewide standardized end-of-course assessment, or an alternate assessment.

(b) “*Condition*” means an impairment, whether recently acquired or longstanding, which affects a student’s ability to communicate in modes deemed acceptable for statewide assessments, even if appropriate accommodations are provided, and creates a situation in which the results of administration of the statewide standardized assessment, an end-of-course assessment, or an alternate assessment would reflect the student’s impaired sensory, manual, or speaking skills rather than the student’s achievement of the benchmarks assessed by the statewide standardized assessment, a statewide standardized end-of-course assessment, or an alternate assessment.

(2) A student with a disability for whom the individual education plan (IEP) team determines is prevented by a circumstance or condition from physically demonstrating the mastery of skills that have been acquired and are measured by the statewide standardized assessment, a statewide standardized end-of-course assessment, or an alternate assessment pursuant to s. 1008.22(3)(c)13. shall be granted an extraordinary exemption from the administration of the assessment. A learning, emotional, behavioral, or significant cognitive disability, or the receipt of services through the homebound or hospitalized program in accordance with rule 6A-6.03020, Florida Administrative Code, is not, in and of itself, an adequate criterion for the granting of an extraordinary exemption.

(3) *The IEP team, which must include the parent, may submit to the district school superintendent a written request for an extraordinary exemption at any time during the school year, but not later than 60 days before the current year’s assessment administration for which the request is made. A request must include all of the following:*

(a) *A written description of the student’s disabilities, including a specific description of the student’s impaired sensory, manual, or speaking skills.*

(b) *Written documentation of the most recent evaluation data.*

(c) *Written documentation, if available, of the most recent administration of the statewide standardized assessment, an end-of-course assessment, or an alternate assessment.*

(d) *A written description of the condition’s effect on the student’s participation in the statewide standardized assessment, an end-of-course assessment, or an alternate assessment.*

(e) *Written evidence that the student has had the opportunity to learn the skills being tested.*

(f) *Written evidence that the student has been provided appropriate instructional accommodations.*

(g) *Written evidence as to whether the student has had the opportunity to be assessed using the instructional accommodations on the student’s IEP which are allowable in the administration of the statewide standardized assessment, an end-of-course assessment, or an alternate assessment in prior assessments.*

(h) *Written evidence of the circumstance or condition as defined in subsection (1).*

(4) *Based upon the documentation provided by the IEP team, the school district superintendent shall recommend to the Commissioner of Education whether an extraordinary exemption for a given assessment administration window should be granted or denied. A copy of the school district’s procedural safeguards as required in rule 6A-6.03311, Florida Administrative Code, shall be provided to the parent. If the parent disagrees with the IEP team’s recommendation, the dispute resolution methods described in the procedural safeguards shall be made available to the parent. Upon receipt of the request, documentation, and recommendation, the commissioner shall verify the information documented, make a determination, and notify the parent and the district school superintendent in writing within 30 days after the receipt of the request whether the exemption has been granted or denied. If the commissioner grants the exemption, the student’s progress must be assessed in accordance with the goals established in the student’s individual education plan. If the commissioner denies the exemption, the notification must state the reasons for the denial.*

(5) *The parent of a student with a disability who disagrees with the commissioner’s denial of an extraordinary exemption may request an expedited hearing. If the parent requests the expedited hearing, the Department of Education shall inform the parent of any free or low-cost legal services and other relevant services available in the area. The Department of Education shall arrange a hearing with the Division of Administrative Hearings, which must be commenced within 20 school days after the parent’s request for the expedited hearing. The administrative law judge at the division shall make a determination within 10 school days after the expedited hearing. The standard of review for the expedited hearing is de novo, and the department has the burden of proof.*

(6) *Beginning June 30, 2014, and each June 30 thereafter, the commissioner shall annually submit to the Governor, the President of the Senate, and the Speaker of the House of Representatives the number of extraordinary exemptions requested under this section, the number of extraordinary exemptions granted under this section, and the criteria by which all decisions were made. The commissioner shall regularly inform district testing and special education administrators of the procedures established in this section.*

(7) *The State Board of Education shall adopt rules to administer this section.*

And the title is amended as follows:

Delete line 38 and insert: conforming a cross-reference; creating s. 1008.212, F.S.; providing definitions; providing that a student with a disability be granted an extraordinary exemption from the administration of certain assessments under certain circumstances; providing that certain disabilities or the receipt of services through a homebound or hospitalized program is not an adequate criterion for the granting of an extraordinary exemption; authorizing a written request for an extraordinary exemption; providing requirements for the request; providing a procedure for granting or denying an extraordinary exemption; providing a procedure for appealing a denial of an extraordinary exemption; requiring the Commissioner of Education to annually submit by a specified date to the Governor and the Legislature a report and regularly inform district testing and special education administrators of the procedures regarding extraordinary exemptions; requiring the State Board of Education to adopt rules; creating s. 1008.3415,
