PRAYER

The following prayer was offered by Chaplain Major Jeffrey Peppers, Florida Army National Guard, Tallahassee. Chaplain Peppers is a full-time support chaplain for the Florida National Guard and the Brigade Chaplain for the 53rd Infantry Brigade Combat Team. He deployed with the 779th Engineer Battalion in 2009-2010 and has served in the U.S. Marine Corps, U.S. Army, Army Reserves, and the Hawaii Army National Guard.

Almighty God, as we begin this legislative day, we pause to give you thanks and to humbly request your guidance and wisdom for this body of men and women.

We offer to you our thanks for another beautiful day living in this beautiful land you have created. We thank you for the many freedoms we enjoy—freedom to assemble, to speak, to each pursue our own fulfillment, and for the freedom to worship you, each in our own way. On this Military Appreciation Day, we offer special thanks to you for the men and women who have given so much to secure for us these liberties. We

pray for your protection, guidance, and abundant blessings for the service men and women of the Florida National Guard and for all members of the United States military.

We place before you, O Lord, this Senate body, composed of men and women called to serve you and the people of the State of Florida. Grant them vision to see clearly through complex and murky issues. Bestow upon them your wisdom that they might rightly discern the way of righteousness. Uphold them with your strength that they might courageously and faithfully discharge the duties to which they have been called.

According to your promises, O God, direct our paths as we acknowledge you in all our ways. Amen.

WHEREAS, the Vietnam War was fought in Vietnam from 1961 to 1975, and involved North Vietnam and the Vietcong in conflict with the United States and South Vietnam, and

WHEREAS, the United States became involved in Vietnam, first in an advisory role to the South Vietnamese, because policymakers in the United States believed that if South Vietnam fell to a communist government, communism would spread throughout the rest of Southeast Asia, and

WHEREAS, on August 7, 1964, the United States Congress overwhelmingly passed the Gulf of Tonkin Resolution, which effectively handed over the war-making powers to President Lyndon Johnson until such time as peace and security had returned to Vietnam, and

WHEREAS, in 1965, there were 184,000 United States troops in Vietnam and, by 1969, that number had grown to about 475,000 troops, and

WHEREAS, during the course of the war, more than 58,000 members of the United States Armed Forces lost their lives in Vietnam and more than 300,000 were wounded, and

WHEREAS, upon their return home, members of the United States Armed Forces who served bravely and faithfully for the United States during the Vietnam War were caught in the crossfire of public debate about the involvement of the United States in the war, and the issue remained a divisive one for many years, and

WHEREAS, it was not until 1982 that the Vietnam Veterans Memorial was dedicated in the District of Columbia to commemorate those

members of the United States Armed Forces who died or were declared missing in action in Vietnam, and

MOMENT OF SILENCE

At the request of Senator Latvala, the Senate observed a moment of silence for Army Specialist Zachary Shannon of Dunedin, Florida. Spe-

cialist Shannon gave the ultimate sacrifice at age 21 when his helicopter went down in the Daman district of Kandahar, Afghanistan on March 11, 2013. He was an Army mechanic who worked on Black Hawk helicopters. Shannon was a member of the Navy JROTC program at Dunden High School.

At the request of Senator Bullard, the Senate observed a moment of silence for his mother, former Senator Larcenia J. Bullard, who passed away on March 16, 2013.

REMARKS

On motion by Senator Thrasher, the following remarks were ordered spread upon the Journal:

Senator Bullard: Thank you, Mr. President. This is, hands down, the toughest moment of silence I could ever request. Bear with me. Senator Larcenia Bullard, for many of us, many of you, was a friend and a colleague. For me, she was so much more. She was a teacher, oftentimes a preacher, a motivator, part-time comedian, and my number one cheerleader. She lived to serve. Many of us discovered service—my mother was born into it—whether as a civil rights activist, early childhood administrator, first grade teacher, community servant, or legislator. My mother believed strongly and heavily in this process and loved and adored the people in it. She put every ounce of her energy into serving the district as well as the State of Florida. Oftentimes, she would go to the point where she almost put her life on the line on more than one occasion for the people of District 39. Her love was expressed not only in words, but in actions. She walked the halls smiling, hugging, and speaking to everyone. Her place in history is set. My challenge to you is to take a piece of her spirit with you and learn to love. Learn to love people. Learn to love the people through your policy. On February 7, 2012, she stood at the well and, in the closing of her farewell address, uttered these words, “God grant me the serenity to accept the things I cannot change; courage to change the things I can; and wisdom to know the difference.” Each one of us should remember those words and remind ourselves of that Serenity Prayer whenever we have the opportunity to change people’s lives for the better. With that, I thank you, Mr. President.

PRAYER

The following prayer was offered by Dr. William D. Shiel, Pastor, First Baptist Church, Tallahassee:

Almighty God, we acknowledge your presence with us, knowing it is only by your good creation that we can gather here with the freedoms and responsibilities that have been entrusted to us. We give you thanks for those who have willingly given their lives, resources, and time, so that we might carry out our responsibilities as citizens.

For each person who walks these hallowed halls as aides, public servants, interns, and Senators, we thank you for the commitment they have made to our great state, the sacrifices personally and professionally that they have offered, and the calling that we all share to serve the common good. We ask for your protection and safety as you watch over the families and loved ones that remain home so they can be here today.

We come to you this day asking your blessing and wisdom. We admit that we don't always agree and that conflict and disagreement often bring about the best solutions. You are the source of all truth and life and the one who gives guidance and direction. We ask that these deliberations be civil, conversations edifying, and the decisions wise. Help us to keep in mind the highest calling of all, that after loving you, we may love

our neighbors as we love ourselves, so that, with one mind and one voice, we may continue the work you have given us to do. Amen.

PLEDGE

Senator Richter led the Senate in the pledge of allegiance to the flag of the United States of America.

The President recognized Dr. Lonnie Draper of Tallahassee, sponsored by Senator Montford, as doctor of the day. Dr. Draper specializes in Emergency Medicine.

(b) Certificates evidencing coverage under the policy are issued to residents of this state and contain in contrasting color and not less than 10-point type the following statement: “The benefits of the policy providing your coverage are governed primarily by the law of a state other than Florida”; and

“This policy is primarily governed by the laws of insert state where the master policy is filed. As a result, all of the rating laws applicable to policies filed in this state do not apply to this coverage, which may result in increases in your premium at renewal that would not be permissible under a Florida-approved policy. Any purchase of individual health insurance should be considered carefully, as future medical conditions may make it impossible to qualify for another individual health policy. For information concerning individual health coverage under a Florida-approved policy, consult your agent or the Florida Department of Financial Services.”

This paragraph applies only to group certificates providing health insurance coverage which require individualized underwriting to determine coverage eligibility for an individual or premium rates to be charged to an individual except for the following:

Section 5. Except as otherwise expressly provided in this act, this act shall take effect July 1, 2013, and applies to policies and contracts issued or renewed on or after that date.

I wish that we might have many more like them!,” and

WHEREAS, in 1959, the Borinqueneers passed their colors to the National Guard of the United States Territory of Puerto Rico, the only time in United States Army History that active unit colors were not retired, but, instead, turned over to a National Guard unit, and

Senator Stargel moved the following amendment which was adopted:

Amendment 1 (203644)—Delete lines 345-372 and insert:

(8)(a) *There is a rebuttable presumption against awarding alimony for a short-term marriage. A party seeking bridge-the-gap or rehabilitative alimony may overcome this presumption by demonstrating by a preponderance of the evidence a need for alimony. A party seeking durational alimony may overcome this presumption by demonstrating by clear and convincing evidence a need for alimony. If the court finds that the party has met its burden in demonstrating a need for alimony and that the other party has the ability to pay alimony, the court shall determine a monthly award of alimony which may not exceed 20 percent of the obligor’s gross monthly income, as calculated under s. 61.30(2)(a), with the exception that gross income does not include, consistent with*

paragraph (3)(h), sources of income acquired outside of the marriage which were not relied upon during the marriage.

(b) *There is no presumption in favor of either party to an award of alimony for a mid-term marriage. A party seeking such alimony must prove by a preponderance of the evidence a need for alimony. If the court finds that the party has met its burden in demonstrating a need for alimony and that the other party has the ability to pay alimony, the court shall determine a monthly alimony obligation that may not exceed 30 percent of the obligor’s gross monthly income, as calculated under s. 61.30(2)(a), with the exception that gross income does not include, consistent with paragraph (3)(h), sources of income acquired outside of the marriage which were not relied upon during the marriage.*

(c) *There is a rebuttable presumption in favor of awarding alimony for a long-term marriage. A party against whom alimony is sought may overcome this presumption by demonstrating by clear and convincing evidence that there is no need for alimony. If the court finds that the party against whom alimony is sought fails to meet its burden to demonstrate that there is no need for alimony and that the party has the ability to pay alimony, the court shall determine a monthly alimony obligation that may not exceed 33 percent of the obligor’s gross monthly income, as calculated under s. 61.30(2)(a), with the exception that gross income does not include, consistent with paragraph (3)(h), sources of income acquired outside of the marriage which were not relied upon during the marriage.*

Amendment 2 (845072)—Delete lines 190-193 and insert:

Amendment 3 (687286)—Delete lines 707-712 and insert: *the filing of the petition. In an action under this section, if it is determined that the obligee or obligor unnecessarily or unreasonably litigated the underlying petition for modification or termination, the court may award the other party his or her reasonable attorney fees and costs pursuant to s. 61.16 and applicable case law.*

Amendment 5 (213372) (with title amendment)—Between lines 755 and 756 insert:

Section 8. Paragraphs (a) and (b) of subsection (11) of section 61.30, Florida Statutes, are amended to read:

61.30 Child support guidelines; retroactive child support.—

(11)(a) The court may adjust the total minimum child support award, or either or both parents’ share of the total minimum child support award, based upon the following deviation factors:

1. Extraordinary medical, psychological, educational, or dental expenses.
2. Independent income of the child, not to include moneys received by a child from supplemental security income.
3. The payment of support for a parent which has been regularly paid and for which there is a demonstrated need.

4. Seasonal variations in one or both parents' incomes or expenses.

5. The age of the child, taking into account the greater needs of older children.

6. Special needs, such as costs that may be associated with the disability of a child, that have traditionally been met within the family budget even though fulfilling those needs will cause the support to exceed the presumptive amount established by the guidelines.

7. Total available assets of the obligee, obligor, and the child.

8. The impact of the Internal Revenue Service Child & Dependent Care Tax Credit, Earned Income Tax Credit, and dependency exemption and waiver of that exemption. The court may order a parent to execute a waiver of the Internal Revenue Service dependency exemption if the paying parent is current in support payments.

9. An application of the child support guidelines schedule that requires a person to pay another person more than 55 percent of his or her gross income for a child support obligation for current support resulting from a single support order.

10. The particular parenting plan, *court-ordered time-sharing schedule, or particular time-sharing schedule exercised by agreement of the parties*, such as where the child spends a significant amount of time, but less than 20 percent of the overnights, with one parent, thereby reducing the financial expenditures incurred by the other parent; or the refusal of a parent to become involved in the activities of the child.

11. Any other adjustment that is needed to achieve an equitable result which may include, but not be limited to, a reasonable and necessary existing expense or debt. Such expense or debt may include, but is not limited to, a reasonable and necessary expense or debt that the parties jointly incurred during the marriage.

(b) Whenever a particular parenting plan, *court-ordered time-sharing schedule, or particular time-sharing schedule exercised by agreement of the parties* provides that each child spend a substantial amount of time with each parent, the court shall adjust any award of child support, as follows:

1. In accordance with subsections (9) and (10), calculate the amount of support obligation apportioned to each parent without including day care and health insurance costs in the calculation and multiply the amount by 1.5.

2. Calculate the percentage of overnight stays the child spends with each parent.

3. Multiply each parent's support obligation as calculated in subparagraph 1. by the percentage of the other parent's overnight stays with the child as calculated in subparagraph 2.

4. The difference between the amounts calculated in subparagraph 3. shall be the monetary transfer necessary between the parents for the care of the child, subject to an adjustment for day care and health insurance expenses.

5. Pursuant to subsections (7) and (8), calculate the net amounts owed by each parent for the expenses incurred for day care and health insurance coverage for the child.

6. Adjust the support obligation owed by each parent pursuant to subparagraph 4. by crediting or debiting the amount calculated in subparagraph 5. This amount represents the child support which must be exchanged between the parents.

7. The court may deviate from the child support amount calculated pursuant to subparagraph 6. based upon the deviation factors in paragraph (a), as well as the obligee parent's low income and ability to maintain the basic necessities of the home for the child, the likelihood that either parent will actually exercise the time-sharing schedule set forth in the parenting plan granted by the court, and whether all of the children are exercising the same time-sharing schedule.

8. For purposes of adjusting any award of child support under this paragraph, "substantial amount of time" means that a parent exercises time-sharing at least 20 percent of the overnights of the year.

And the title is amended as follows:

Delete line 80 and insert: children; amending s. 61.30, F.S.; providing for consideration of time-sharing schedules as a factor in the adjustment of awards of child support; providing for retroactive application of the

PRAYER

The following prayer was offered by Chaplain Robert Jakoby, Director of Pastoral Care Services, Baptist Health South Florida, Miami:

Almighty God, maker of heaven and earth and all living things, we bow before you in humble adoration, not just for the many blessings you give, but for who you are. Thank you for your love, your grace, and your mercy. God, you know us intimately: our strengths, our weaknesses, our accomplishments, and our failures, but continue to love us anyway.

Most Holy God, we come before you confessing that you and you alone are God. In our humanness, we sometimes go our own way doing our own thing, forgetting about you. Please forgive us our failures and give us a heart of obedience to love you more. Thank you for holding us accountable for our actions. In so doing, we realize our need for you. Help us see people, all people, through your eyes with the same love and forgiveness you give to us. We covet your wisdom and guidance in our lives.

Loving God, I thank you for each Senator and Senator's family. I ask you, dear Lord, to give the Senators discernment and knowledge as they face many challenging decisions during these sessions. Encourage,

strengthen, and support each one in doing the right thing—the right thing in honoring you and as they serve the people of the great State of Florida. Grant them your blessings and peace even in the difficult times.

Out of my faith tradition, in Christ's name, Amen.

PLEDGE

The term of the charter which shall provide for cancellation of the charter if insufficient progress has been made in attaining the student achievement objectives of the charter and if it is not likely that such objectives can be achieved before expiration of the charter. The initial term of a charter shall be for 4 or 5 years. In order to facilitate access to long-term financial resources for charter school construction, charter schools that are operated by a municipality or other public entity as provided by law are eligible for up to a 15-year charter, subject to approval by the district school board. A charter lab school is eligible for a charter for a term of up to 15 years. An online course taken during grades 6 through 8 fulfills this requirement. This requirement shall be met through an online course offered by the Florida Virtual School, an online course offered by the high school, or an online dual enrollment course. A student who is enrolled in a full-time or part-time virtual instruction program under s. 1002.45 meets this requirement. This requirement does not apply to a student who has an individual educational plan under s. 1003.57 which indicates that an online course would be inappropriate or a student who is enrolled in a Florida high school and has less than 1 academic year remaining in high school.

(3)(a) A district school board may require specific courses and programs of study within the minimum credit requirements for high school graduation and shall modify basic courses, as necessary, to assure ex-

ceptional students the opportunity to meet the graduation requirements for a standard diploma, using one of the following strategies:

1. Assignment of the exceptional student to an exceptional education class for instruction in a basic course with the same student performance standards as those required of nonexceptional students in the district school board student progression plan; or

2. Assignment of the exceptional student to a basic education class for instruction that is modified to accommodate the student's exceptionality.

(b) The district school board shall determine which of these strategies to employ based upon an assessment of the student's needs and shall reflect this decision in the student's individual education plan.

(4) Each district school board shall establish standards for graduation from its schools, which must include:

(a) Successful completion of the academic credit or curriculum requirements of subsections (1) and (2). For courses that require statewide, standardized end-of-course assessments under s. 1008.22(3)(c)2.d., a minimum of 30 percent of a student's course grade shall be comprised of performance on the statewide, standardized end-of-course assessment.

(b) Earning passing scores on the FCAT, as defined in s. 1008.22(3)(c), or scores on a standardized test that are concordant with passing scores on the FCAT as defined in s. 1008.22(10).

(c) Completion of all other applicable requirements prescribed by the district school board pursuant to s. 1008.25.

(d) Achievement of a cumulative grade point average of 2.0 on a 4.0 scale, or its equivalent, in the courses required by this section.

Each district school board shall adopt policies designed to assist students in meeting the requirements of this subsection. These policies may include, but are not limited to: forgiveness policies, summer school or before or after school attendance, special counseling, volunteers or peer tutors, school-sponsored help sessions, homework hotlines, and study skills classes. Forgiveness policies for required courses shall be limited to replacing a grade of "D" or "F," or the equivalent of a grade of "D" or "F," with a grade of "C" or higher, or the equivalent of a grade of "C" or higher, earned subsequently in the same or comparable course. Forgiveness policies for elective courses shall be limited to replacing a grade of "D" or "F," or the equivalent of a grade of "D" or "F," with a grade of "C" or higher, or the equivalent of a grade of "C" or higher, earned subsequently in another course. The only exception to these forgiveness policies shall be made for a student in the middle grades who takes any high school course for high school credit and earns a grade of "C," "D," or "F" or the equivalent of a grade of "C," "D," or "F." In such case, the district forgiveness policy must allow the replacement of the grade with a grade of "C" or higher, or the equivalent of a grade of "C" or higher, earned subsequently in the same or comparable course. In all cases of grade forgiveness, only the new grade shall be used in the calculation of the student's grade point average. Any course grade not replaced according to a district school board forgiveness policy shall be included in the calculation of the cumulative grade point average required for graduation.

(5) The State Board of Education, after a public hearing and consideration, shall adopt rules based upon the recommendations of the commissioner for the provision of test accommodations and modifications of procedures as necessary for students with disabilities which will demonstrate the student's abilities rather than reflect the student's impaired sensory, manual, speaking, or psychological process skills.

(6) The public hearing and consideration required in subsection (5) shall not be construed to amend or nullify the requirements of security relating to the contents of examinations or assessment instruments and related materials or data as prescribed in s. 1008.23.

(7)(a) A student who meets all requirements prescribed in subsections (1), (2), (3), and (4) shall be awarded a standard diploma in a form prescribed by the State Board of Education.

(b) A student who completes the minimum number of credits and other requirements prescribed by subsections (1), (2), and (3), but who is unable to meet the standards of paragraph (4)(b), paragraph (4)(c), or

paragraph (4)(d), shall be awarded a certificate of completion in a form prescribed by the State Board of Education. However, any student who is otherwise entitled to a certificate of completion may elect to remain in the secondary school either as a full-time student or a part-time student for up to 1 additional year and receive special instruction designed to remedy his or her identified deficiencies.

(8)(a) Each district school board must provide instruction to prepare students with disabilities to demonstrate proficiency in the core content knowledge and skills necessary for successful grade-to-grade progression and high school graduation.

(b)1. A student with a disability, as defined in s. 1007.02(2), for whom the individual education plan (IEP) committee determines that the FCAT cannot accurately measure the student's abilities taking into consideration all allowable accommodations, shall have the FCAT requirement of paragraph (4)(b) waived for the purpose of receiving a standard high school diploma, if the student:

a. Completes the minimum number of credits and other requirements prescribed by subsections (1), (2), and (3).

b. Does not meet the requirements of paragraph (4)(b) after one opportunity in 10th grade and one opportunity in 11th grade.

2. A student with a disability, as defined in s. 1007.02(2), for whom the IEP committee determines that an end-of-course assessment cannot accurately measure the student's abilities, taking into consideration all allowable accommodations, shall have the end-of-course assessment results waived for the purpose of determining the student's course grade and credit as required in paragraph (4)(a).

~~(9) The Commissioner of Education may award a standard high school diploma to honorably discharged veterans who started high school between 1937 and 1946 and were scheduled to graduate between 1941 and 1950 but were inducted into the United States Armed Forces between September 16, 1940, and December 31, 1946, prior to completing the necessary high school graduation requirements. Upon the recommendation of the commissioner, the State Board of Education may develop criteria and guidelines for awarding such diplomas.~~

~~(10) The Commissioner of Education may award a standard high school diploma to honorably discharged veterans who started high school between 1946 and 1950 and were scheduled to graduate between 1950 and 1954, but were inducted into the United States Armed Forces between June 27, 1950, and January 31, 1955, and served during the Korean Conflict prior to completing the necessary high school graduation requirements. Upon the recommendation of the commissioner, the State Board of Education may develop criteria and guidelines for awarding such diplomas.~~

~~(9)(11) The State Board of Education may adopt rules pursuant to ss. 120.536(1) and 120.54 to implement the provisions of this section and may enforce the provisions of this section pursuant to s. 1008.32.~~

For purposes of this section, the term "early graduation" means graduation from high school in less than 8 semesters or the equivalent.

Section 17. Section 1003.4282, Florida Statutes, is created to read:

1003.4282 Requirements for a standard high school diploma.—

(1) TWENTY-FOUR CREDITS REQUIRED.—

(b) *The required credits may be earned through equivalent, applied, or integrated courses or career education courses as defined in s. 1003.01(4), including work-related internships approved by the State Board of Education and identified in the course code directory. However, any must-pass assessment requirements must be met. An equivalent course is one or more courses identified by content-area experts as being a match to the core curricular content of another course, based upon review of the Next Generation Sunshine State Standards for that subject. An applied course aligns with Next Generation Sunshine State Standards and includes real-world applications of a career and technical education standard used in business or industry. An integrated course includes content from several courses within a content area or across content areas.*

(2) **NOTIFICATION REQUIREMENTS.**—*The school district must notify students and parents, in writing, of the requirements for a standard high school diploma, available designations, and the eligibility requirements for state scholarship programs and postsecondary admissions. The Department of Education shall directly and through the school districts notify registered private schools of public high school course credit and assessment requirements. Each private school must make this information available to students and their parents so they are aware of public high school graduation requirements.*

(3) **STANDARD HIGH SCHOOL DIPLOMA; COURSE AND ASSESSMENT REQUIREMENTS.**—

(a) *Four credits in English Language Arts (ELA).—The four credits must be in ELA I, II, III, and IV. A student must pass 10th grade FCAT Reading until the state transitions to a common core 10th grade ELA assessment, after which time a student must pass the ELA assessment in order to earn a standard high school diploma.*

(b) *Four credits in mathematics.—A student must earn one credit in Algebra I and one credit in geometry. A student's performance on the Algebra I end-of-course (EOC) assessment or common core assessment, as applicable, constitutes 30 percent of the student's final course grade. A student must pass the Algebra I EOC assessment until the state transitions to a common core Algebra I assessment after which time a student must pass the common core assessment in order to earn a standard high school diploma. A student's performance on the Geometry EOC assessment or common core assessment, as applicable, constitutes 30 percent of the student's final course grade. When the state administers a common core Algebra II assessment, a student selecting Algebra II must take the assessment, and the student's performance on the assessment constitutes 30 percent of the student's final course grade. Industry certification courses that lead to college credit may substitute for up to two math credits.*

(c) *Three credits in science.—Two of the three required credits must have a laboratory component. A student must earn one credit in Biology I and two credits in equally rigorous courses. The Biology I EOC assessment constitutes 30 percent of the student's final course grade. Industry certification courses that lead to college credit may substitute for up to one science credit.*

(d) *Three credits in social studies.—A student must earn one credit in United States History; one credit in World History; one-half credit in economics, which must include financial literacy; and one-half credit in United States Government. The United States History EOC assessment constitutes 30 percent of the student's final course grade.*

Such electives must include opportunities for students to earn college credit, including industry-certified career education programs or series of career-themed courses that result in industry certification or articulate into the award of college credit, or career education courses for*

which there is a statewide or local articulation agreement and which lead to college credit.

(4) **ONLINE COURSE REQUIREMENT.**—*Excluding a driver education course, at least one course within the 24 credits required under this section must be completed through online learning. A school district may not require a student to take the online course outside the school day or in addition to a student's courses for a given semester. An online course taken in grade 6, grade 7, or grade 8 fulfills this requirement. This requirement is met through an online course offered by the Florida Virtual School, a virtual education provider approved by the State Board of Education, a high school, or an online dual enrollment course. A student who is enrolled in a full-time or part-time virtual instruction program under s. 1002.45 meets this requirement. This requirement does not apply to a student who has an individual education plan under s. 1003.57 which indicates that an online course would be inappropriate or to an out-of-state transfer student who is enrolled in a Florida high school and has 1 academic year or less remaining in high school.*

(5) **REMEDIATION FOR HIGH SCHOOL STUDENTS.**—

(a) *Each year a student scores Level 1 or Level 2 on 9th grade or 10th grade FCAT Reading or, when implemented, 9th grade, 10th grade, or 11th grade common core English Language Arts (ELA) assessments, the student must be enrolled in and complete an intensive remedial course the following year or be placed in a content area course that includes remediation of skills not acquired by the student.*

(b) *Each year a student scores Level 1 or Level 2 on the Algebra I EOC assessment, or upon transition to the common core Algebra I assessment, the student must be enrolled in and complete an intensive remedial course the following year or be placed in a content area course that includes remediation of skills not acquired by the student.*

(6) **GRADE FORGIVENESS POLICY.**—*Each district school board shall adopt policies designed to assist students in meeting graduation requirements including grade forgiveness policies. Forgiveness policies for required courses shall be limited to replacing a grade of "D" or "F" with a grade of "C" or higher—earned subsequently in the same or comparable course. Forgiveness policies for elective courses shall be limited to replacing a grade of "D" or "F" with a grade of "C" or higher—earned subsequently in another course. The only exception to these forgiveness policies shall be made for a student in the middle grades who takes any high school course for high school credit and earns a grade of "C," "D," or "F". In such case, the district forgiveness policy must allow the replacement of the grade with a grade of "C" or higher earned subsequently in the same or comparable course. In all cases of grade forgiveness, only the new grade shall be used in the calculation of the student's grade point average. Any course grade not replaced according to a district school board forgiveness policy shall be included in the calculation of the cumulative grade point average required for graduation.*

(7) **AWARD OF A STANDARD HIGH SCHOOL DIPLOMA.**—*A student who earns a cumulative grade point average (GPA) of 2.0 on a 4.0 scale and meets the requirements of this section shall be awarded a standard high school diploma in a form prescribed by the State Board of Education. Notwithstanding any other law to the contrary, all students enrolled in high school as of the 2012-2013 school year who earned a passing grade in Biology I or geometry before the 2013-2014 school year shall be awarded a credit in that course if the student passed the course. The student's performance on the EOC assessment is not required to constitute 30 percent of the student's final course grade. A student who fails to earn the required credits or achieve a 2.0 GPA shall be awarded a certificate of completion in a form prescribed by the State Board of Education.*

(8) **UNIFORM TRANSFER OF HIGH SCHOOL CREDITS.**—*Beginning with the 2012-2013 school year, if a student transfers to a Florida public high school from out of country, out of state, a private school, or a home education program and the student's transcript shows a mathematics credit in a course that requires passage of a statewide, standardized assessment in order to earn a standard high school diploma, the student must pass the assessment unless the student earned a comparative score pursuant to s. 1008.22, passed a statewide assessment in that subject administered by the transferring entity, or passed the statewide assessment the transferring entity uses to satisfy the requirements of the Elementary and Secondary Education Act, 20 U.S.C. s. 6301. If a student's transcript shows a credit in high school reading or English Lan-*

guage Arts II or III, the student must take and pass grade 10 FCAT Reading or earn a concordant score on the SAT or ACT as specified by state board rule or, when the state transitions to common core English Language Arts assessments, earn a passing score on the English Language Arts assessment as required under this section.

(9) CAREER EDUCATION COURSES THAT SATISFY HIGH SCHOOL CREDIT REQUIREMENTS.—

(a) Participation in career education courses engages students in their high school education, increases academic achievement, enhances employment applications, and increases postsecondary success. By July 1, 2014, the department shall develop, for approval by the State Board of Education, multiple, additional career education courses or a series of courses that meet the requirements set forth in s. 1003.493(2), (4), and (5) and this subsection and allow students to earn credit in both the career education course and courses required for high school graduation under this section and ss. 1003.428 and 1003.4281.

1. The state board must determine if sufficient academic standards are covered to warrant the award of academic credit.

2. Career education courses must include workforce and digital literacy skills and the integration of required course content with practical applications and designated rigorous coursework that results in one or more industry certifications or clearly articulated credit or advanced standing in a 2-year or 4-year certificate or degree program, which may include high school junior and senior year work-related internships or apprenticeships. The department shall negotiate state licenses for material and testing for industry certifications. The instructional methodology used in these courses must be comprised of authentic projects, problems, and activities for contextually learning the academics.

(b) Each school district should take the initiative to work with local workforce boards, local business and industry leaders, and postsecondary institutions to establish partnerships for the purpose of creating career education courses or a series of courses that meet the requirements set forth in s. 1003.493(2), (4), and (5) that students can take to earn required high school course credits. Emphasis should be placed on online course work and digital literacy. School districts must submit their recommended career education courses to the department for state board approval. School district-recommended career education courses must meet the same rigorous standards as department-developed career education courses in order to be approved by the state board. School districts participating in the development of rigorous career education courses will be able to better address local workforce needs and allow students the opportunity to acquire the knowledge and skills that are needed not only for academic advancement but also for employability purposes.

(c) Regional consortium service organizations established pursuant to s. 1001.451 shall work with school districts, local workforce boards, postsecondary institutions, and local business and industry leaders to create career education courses that meet the requirements set forth in s. 1003.493(2), (4), and (5) and this subsection that students can take to earn required high school course credits. The regional consortium shall submit course recommendations to the department, on behalf of the consortium member districts, for state board approval. A strong emphasis should be placed on online course work, digital literacy, and workforce literacy as defined in s. 1004.02(27). For purposes of providing students the opportunity to earn industry certifications, consortiums must secure the necessary site licenses and testing contracts for use by member districts.

(10) RULES.—The State Board of Education shall adopt rules to implement this section.

1008.22 Student assessment program for public schools.—

(1) *PURPOSE.—The primary purpose of the student assessment program is to provide student academic achievement and learning gains data to students, parents, teachers, school administrators, and school district staff. This data is to be used by districts to improve instruction; by students, parents, and teachers to guide learning objectives; by education researchers to assess national and international education comparison data; and by the public to assess the cost benefit of the expenditure of taxpayer dollars. The program must be designed to:*

(a) Assess the achievement level and annual learning gains of each student in English Language Arts and mathematics and the achievement level in all other subjects assessed.

(b) Provide data for making decisions regarding school accountability, recognition, and improvement of operations and management, including schools operating for the purpose of providing educational services to youth in Department of Juvenile Justice programs.

(c) Identify the educational strengths and needs of students and the readiness of students to be promoted to the next grade level or to graduate from high school.

(d) Assess how well educational goals and curricular standards are met at the school, district, state, national, and international levels.

(e) Provide information to aid in the evaluation and development of educational programs and policies.

(2) *NATIONAL AND INTERNATIONAL EDUCATION COMPARISONS.—Florida school districts shall participate in the administration of the National Assessment of Educational Progress, or similar national or international assessments, both for the national sample and for any state-by-state comparison programs that may be initiated, as directed by the commissioner. The assessments must be conducted using the data collection procedures, student surveys, educator surveys, and other instruments included in the National Assessment of Educational Progress or similar national or international assessments being administered in Florida. The administration of such assessments shall be in addition to and separate from the administration of the statewide, standardized assessments.*

(3) *STATEWIDE, STANDARDIZED ASSESSMENT PROGRAM.—The Commissioner of Education shall design and implement a statewide, standardized assessment program aligned to the core curricular content established in the Next Generation Sunshine State Standards. The commissioner also must develop or select and implement a common battery of assessment tools that will be used in all juvenile justice education programs in the state. These tools must accurately measure the core curricular content established in the Next Generation Sunshine State Standards. Participation in the assessment program is mandatory for all school districts and all students attending public schools, including students seeking an adult high school diploma and students in Department of Juvenile Justice education programs, except as otherwise prescribed by*

the commissioner. If a student does not participate in the assessment program, the school district must notify the student's parent and provide the parent with information regarding the implications of such non-participation. The statewide, standardized assessment program shall be designed and implemented as follows:

(a) *Florida Comprehensive Assessment Test (FCAT) until replaced by common core assessments.*—FCAT Reading shall be administered annually in grades 3 through 10; FCAT Mathematics shall be administered annually in grades 3 through 8; FCAT Writing shall be administered annually at least once at the elementary, middle, and high school levels; and FCAT Science shall be administered annually at least once at the elementary and middle grades levels. A student who has not earned a passing score on grade 10 FCAT Reading must participate in each retake of the assessment until the student earns a passing score. The commissioner shall recommend and the State Board of Education must adopt a score on both the SAT and ACT that is concordant to a passing score on grade 10 FCAT Reading that, if achieved by a student, meets the must-pass requirement for grade 10 FCAT Reading.

(b) *End-of-course (EOC) assessments.*—EOC assessments must be statewide, standardized, and developed or approved by the Department of Education as follows:

1. *Statewide, standardized EOC assessments in mathematics shall be administered according to this subparagraph. Beginning with the 2010-2011 school year, all students enrolled in Algebra I must take the Algebra I EOC assessment. Except as otherwise provided in this section, beginning with students entering grade 9 in the 2011-2012 school year, a student who is enrolled in Algebra I must earn a passing score on the Algebra I EOC assessment or attain a comparative score as authorized under subsection (8) in order to earn a standard high school diploma. A student who has not earned a passing score on the Algebra I EOC assessment must participate in each retake of the assessment until the student earns a passing score. Beginning with the 2011-2012 school year, all students enrolled in geometry must take the Geometry EOC assessment. Middle grades students enrolled in Algebra I or geometry must take the statewide, standardized EOC assessment for those courses and are not required to take the corresponding grade-level FCAT.*

2. *Statewide, standardized EOC assessments in science shall be administered according to this subparagraph. Beginning with the 2011-2012 school year, all students enrolled in Biology I must take the Biology I EOC assessment.*

3. *During the 2012-2013 school year, an EOC assessment in civics education shall be administered as a field test at the middle grades level. Beginning with the 2013-2014 school year, each student's performance on the statewide, standardized EOC assessment in civics education constitutes 30 percent of the student's final course grade.*

4. *The commissioner may select one or more nationally developed comprehensive examinations, which may include examinations for a College Board Advanced Placement course, International Baccalaureate course, or Advanced International Certificate of Education course, or industry-approved examinations to earn national industry certifications identified in the Industry Certification Funding List, for use as EOC assessments under this paragraph if the commissioner determines that the content knowledge and skills assessed by the examinations meet or exceed the grade-level expectations for the core curricular content established for the course in the Next Generation Sunshine State Standards. Use of any such examination as an EOC assessment must be approved by the state board.*

5. *Contingent upon funding provided in the General Appropriations Act, including the appropriation of funds received through federal grants, the commissioner may establish an implementation schedule for the development and administration of additional statewide, standardized EOC assessments that must be approved by the state board. If approved by the state board, student performance on such assessments constitutes 30 percent of a student's final course grade.*

6. *All statewide, standardized EOC assessments must be administered online except as otherwise provided in paragraph (c).*

(c) *Students with disabilities; Florida Alternate Assessment.*—

1. *Each district school board must provide instruction to prepare students with disabilities in the core content knowledge and skills necessary for successful grade-to-grade progression and high school graduation.*

2. *A student with a disability, as defined in s. 1007.02(2), for whom the individual education plan (IEP) team determines that the statewide, standardized assessments under this section cannot accurately measure the student's abilities, taking into consideration all allowable accommodations, shall have assessment results waived for the purpose of receiving a course grade and a standard high school diploma. Such waiver shall be designated on the student's transcript.*

3. *The State Board of Education shall adopt rules, based upon recommendations of the commissioner, for the provision of assessment accommodations for students with disabilities and for students who have limited English proficiency.*

a. *Accommodations that negate the validity of a statewide, standardized assessment are not allowed during the administration of the assessment. However, instructional accommodations are allowed in the classroom if identified in a student's IEP. Students using instructional accommodations in the classroom that are not allowed on a statewide, standardized assessment may have assessment results waived if the IEP team determines that the assessment cannot accurately measure the student's abilities.*

b. *If a student is provided with instructional accommodations in the classroom that are not allowed as accommodations for statewide, standardized assessments, the district must inform the parent in writing and provide the parent with information regarding the impact on the student's ability to meet expected performance levels. A parent must provide signed consent for a student to receive classroom instructional accommodations that would not be available or permitted on a statewide, standardized assessment and acknowledge in writing that he or she understands the implications of such instructional accommodations.*

c. *If a student's IEP states that online administration of a statewide, standardized assessment will significantly impair the student's ability to perform, the assessment shall be administered in hard copy.*

4. *For students with significant cognitive disabilities, the Department of Education shall provide for implementation of the Florida Alternate Assessment to accurately measure the core curricular content established in the Next Generation Sunshine State Standards.*

(d) *Common core assessments in English Language Arts (ELA) and mathematics.*—

1. *Contingent upon funding, common core assessments in ELA shall be administered to students in grades 3 through 11. Retake opportunities for the grade 10 assessment must be provided. Students taking the ELA assessments are not required to take the assessments in FCAT Reading or FCAT Writing. Common core ELA assessments shall be administered online.*

2. *Contingent upon funding, common core assessments in mathematics shall be administered to all students in grades 3 through 8, and common core assessments in Algebra I, geometry, and Algebra II shall be administered to students enrolled in those courses. Retake opportunities must be provided for the Algebra I assessment. Students may take the common core mathematics assessments pursuant to the Credit Acceleration Program (CAP) under s. 1003.4295(3). Students taking common core assessments in mathematics are not required to take FCAT Mathematics or statewide, standardized EOC assessments in mathematics. Common core mathematics assessments shall be administered online.*

3. *The State Board of Education shall adopt rules establishing an implementation schedule to transition from FCAT Reading, FCAT Writing, FCAT Mathematics, and Algebra I and Geometry EOC assessments to common core assessments in English Language Arts and mathematics. The schedule must take into consideration funding, sufficient field and baseline data, access to assessments, instructional alignment, and school district readiness to administer the common core assessments online. Until the 10th grade common core ELA and Algebra I assessments become must-pass assessments, students must pass 10th grade FCAT Reading and the Algebra I EOC assessment, or achieve a concordant or comparative score as authorized under this section, in*

order to earn a standard high school diploma under s. 1003.4282. Students taking 10th grade FCAT Reading or the Algebra I EOC assessment are not required to take the respective common core assessments.

4. The Department of Education shall publish minimum and recommended technology requirements that include specifications for hardware, software, networking, security, and broadband capacity to facilitate school district compliance with the requirement that common core assessments be administered online.

(e) Assessment scores and achievement levels.—

1. All statewide, standardized EOC assessments and FCAT Reading, FCAT Writing, and FCAT Science shall use scaled scores and achievement levels. Achievement levels shall range from 1 through 5, with level 1 being the lowest achievement level, level 5 being the highest achievement level, and level 3 indicating satisfactory performance on an assessment. For purposes of FCAT Writing, student achievement shall be scored using a scale of 1 through 6.

2. The state board shall designate by rule a passing score for each statewide, standardized EOC and FCAT assessment. In addition, the state board shall designate a score for each statewide, standardized EOC assessment that indicates that a student is high achieving and has the potential to meet college-readiness standards by the time the student graduates from high school.

3. If the commissioner seeks to revise a statewide, standardized assessment and the revisions require the state board to modify performance level scores, including the passing score, the commissioner shall provide a copy of the proposed scores and implementation plan to the President of the Senate and the Speaker of the House of Representatives at least 90 days before submission to the state board for review. Until the state board adopts the modifications by rule, the commissioner shall use calculations for scoring the assessment that adjust student scores on the revised assessment for statistical equivalence to student scores on the former assessment. The state board shall adopt by rule the passing score for the revised assessment that is statistically equivalent to the passing score on the discontinued assessment for a student who is required to attain a passing score on the discontinued assessment. The commissioner may, with approval of the state board, discontinue administration of the former assessment upon the graduation, based on normal student progression, of students participating in the final regular administration of the former assessment. If the commissioner revises a statewide, standardized assessment and the revisions require the state board to modify the passing score, only students taking the assessment for the first time after the rule is adopted are affected.

(f) Assessment schedules and reporting of results.—The Commissioner of Education shall establish schedules for the administration of assessments and the reporting of student assessment results. The commissioner shall consider the observance of religious and school holidays when developing the schedule. By August 1 of each year, the commissioner shall notify each school district in writing and publish on the department's website the assessment and reporting schedules for, at a minimum, the school year following the upcoming school year. The assessment and reporting schedules must provide the earliest possible reporting of student assessment results to the school districts. Assessment results for FCAT Reading and FCAT Mathematics must be made available no later than the week of June 8. The administration of FCAT Writing and the Florida Alternate Assessment may be no earlier than the week of March 1. School districts shall administer assessments in accordance with the schedule established by the commissioner.

(g) Prohibited activities.—A district school board shall prohibit each public school from suspending a regular program of curricula for purposes of administering practice assessments or engaging in other assessment-preparation activities for a statewide, standardized assessment. However, a district school board may authorize a public school to engage in the following assessment-preparation activities:

1. Distributing to students sample assessment books and answer keys published by the Department of Education.

2. Providing individualized instruction in assessment-taking strategies, without suspending the school's regular program of curricula, for a student who scores Level 1 or Level 2 on a prior administration of an assessment.

3. Providing individualized instruction in the content knowledge and skills assessed, without suspending the school's regular program of curricula, for a student who scores Level 1 or Level 2 on a prior administration of an assessment or a student who, through a diagnostic assessment administered by the school district, is identified as having a deficiency in the content knowledge and skills assessed.

4. Administering a practice assessment or engaging in other assessment-preparation activities that are determined necessary to familiarize students with the organization of the assessment, the format of assessment items, and the assessment directions or that are otherwise necessary for the valid and reliable administration of the assessment, as set forth in rules adopted by the State Board of Education with specific reference to this paragraph.

(h) Contracts for assessments.—The commissioner shall provide for the assessments to be developed or obtained, as appropriate, through contracts and project agreements with private vendors, public vendors, public agencies, postsecondary educational institutions, or school districts. The commissioner may enter into contracts for the continued administration of the assessments authorized and funded by the Legislature. Contracts may be initiated in 1 fiscal year and continue into the next fiscal year and may be paid from the appropriations of either or both fiscal years. The commissioner may negotiate for the sale or lease of tests, scoring protocols, test scoring services, and related materials developed pursuant to law.

(4) SCHOOL ASSESSMENT PROGRAMS.—Each public school shall participate in the statewide, standardized assessment program in accordance with the assessment and reporting schedules and the minimum and recommended technology requirements published by the Commissioner of Education. District school boards shall not establish school calendars that conflict with or jeopardize implementation of the assessment program. All district school boards shall report assessment results as required by the state management information system. Performance data shall be analyzed and reported to parents, the community, and the state. Student performance data shall be used by districts in developing objectives for the school improvement plan, evaluating instructional personnel and administrative personnel, assigning staff, allocating resources, acquiring instructional materials and technology, implementing performance-based budgeting, and promoting and assigning students to educational programs. The analysis of student performance data must also identify strengths and needs in the educational program and trends over time. The analysis must be used in conjunction with the budgetary planning processes developed pursuant to s. 1008.385 and the development of remediation programs.

(5) REQUIRED ANALYSES.—The commissioner shall provide, at a minimum, statewide, standardized assessment data analysis showing student achievement levels and learning gains by teacher, school, and school district.

(6) LOCAL ASSESSMENTS.—

(a) Measurement of student learning gains in all subjects and grade levels, except those subjects and grade levels measured under the statewide, standardized assessment program described in this section, is the responsibility of the school districts.

(b) Beginning with the 2014-2015 school year, each school district shall administer for each course offered in the district a student assessment that measures mastery of the content, as described in the state-adopted course description, at the necessary level of rigor for the course. Such assessments may include:

1. Statewide assessments.

2. Other standardized assessments, including nationally recognized standardized assessments.

3. Industry certification examinations.

4. District-developed or district-selected end-of-course assessments.

(c) The Commissioner of Education shall identify methods to assist and support districts in the development and acquisition of assessments required under this subsection. Methods may include developing item banks, facilitating the sharing of developed tests among school districts, acquiring assessments from state and national curriculum-area organi-

zations, and providing technical assistance in best professional practices of test development based upon state-adopted curriculum standards, administration, and security.

(7) **CONCORDANT SCORES FOR 10TH GRADE FCAT READING.**—Until the state transitions to common core English Language Arts assessments, the Commissioner of Education must identify scores on the SAT and ACT that if achieved satisfy the graduation requirement that a student pass 10th grade FCAT Reading. The commissioner may identify concordant scores on other assessments as well. If the content or scoring procedures change for 10th grade FCAT Reading, new concordant scores must be determined. If new concordant scores are not timely adopted, the last-adopted concordant scores remain in effect until such time as new scores are adopted. The state board shall adopt concordant scores in rule.

(8) **COMPARATIVE SCORES FOR END-OF-COURSE (EOC) ASSESSMENTS.**—The Commissioner of Education must identify one or more comparative scores for the Algebra I EOC assessment and may identify comparative scores for the other EOC assessments. If the content or scoring procedures change for the EOC assessments, new comparative scores must be determined. If new comparative scores are not timely adopted, the last-adopted comparative scores remain in effect until such time as new scores are adopted. The state board shall adopt comparative scores in rule.

(9) **REPORTS.**—The Department of Education shall annually provide a report to the Governor, the President of the Senate, and the Speaker of the House of Representatives which shall include the following:

(a) Longitudinal performance of students in reading and mathematics.

(b) Longitudinal performance of students by grade level in reading and mathematics.

(c) Longitudinal performance regarding efforts to close the achievement gap.

(d) Other student performance data based on national norm-referenced and criterion-referenced tests, if available; national assessments, such as the National Assessment of Educational Progress; and international assessments.

(e) The number of students who after 8th grade enroll in adult education rather than other secondary education.

(f) Any plan or intent to establish or implement new statewide, standardized assessments.

(10) **RULES.**—The State Board of Education shall adopt rules to implement this section.

Section 34. Paragraph (f) of subsection (2), paragraphs (a) and (b) of subsection (4), paragraphs (a) and (b) of subsection (5), paragraph (b) of subsection (6), subsection (7), and subsection (8) of section 1008.25, Florida Statutes, are amended, and paragraph (h) is added to subsection (2) of that section, to read:

1008.25 Public school student progression; remedial instruction; reporting requirements.—

(2) **COMPREHENSIVE STUDENT PROGRESSION PLAN.**—Each district school board shall establish a comprehensive plan for student progression which must:

(f) Advise parents and students of the early and accelerated graduation options under s. ss. 1003.4281 and 1003.429.

(h) Provide instructional sequences by which students in kindergarten through high school may attain progressively higher levels of skill in the use of digital tools and applications. The instructional sequences must include participation in curricular and instructional options and the demonstration of competence of standards required pursuant to ss. 1003.41 and 1003.4203 through attainment of industry certifications and other means of demonstrating credit requirements identified under ss. 1002.3105, 1003.4203, 1003.428, and 1003.4282.

(4) **ASSESSMENT AND REMEDIATION.**—

(a) Each student must participate in the statewide, standardized assessment program tests required by s. 1008.22. Each student who does not meet specific levels of performance on the required assessments as determined by the district school board in FCAT reading, writing, science, and mathematics for each grade level, or who scores below Level 3 on in FCAT Reading or FCAT Mathematics or on the common core English Language Arts or mathematics assessments as applicable under s. 1008.22; must be provided with additional diagnostic assessments to determine the nature of the student's difficulty, the areas of academic need, and strategies for appropriate intervention and instruction as described in paragraph (b).

(b) The school in which the student is enrolled must develop, in consultation with the student's parent, and must implement a progress monitoring plan. A progress monitoring plan is intended to provide the school district and the school flexibility in meeting the academic needs of the student and to reduce paperwork. A student who is not meeting the school district or state requirements for proficiency in reading and mathematics math shall be covered by one of the following plans to target instruction and identify ways to improve his or her academic achievement:

1. A federally required student plan such as an individual education plan;
2. A schoolwide system of progress monitoring for all students; or
3. An individualized progress monitoring plan.

The plan chosen must be designed to assist the student or the school in meeting state and district expectations for proficiency. If the student has been identified as having a deficiency in reading, the K-12 comprehensive reading plan required by s. 1011.62(9) shall include instructional and support services to be provided to meet the desired levels of performance. District school boards may require low-performing students to attend remediation programs held before or after regular school hours or during the summer if transportation is provided.

(5) **READING DEFICIENCY AND PARENTAL NOTIFICATION.**—

(a) ~~It is the ultimate goal of the Legislature that every student read at or above grade level.~~ Any student who exhibits a substantial deficiency in reading, based upon locally determined or statewide assessments conducted in kindergarten or grade 1, grade 2, or grade 3, or through teacher observations, must be given intensive reading instruction immediately following the identification of the reading deficiency. The student's reading proficiency must be reassessed by locally determined assessments or through teacher observations at the beginning of the grade following the intensive reading instruction. The student must continue to be provided with intensive reading instruction until the reading deficiency is remedied.

(b) ~~Beginning with the 2002-2003 school year,~~ If a the student's reading deficiency, as identified in paragraph (a), is not remedied by the end of grade 3, as demonstrated by scoring at Level 2 or higher on the statewide, standardized assessment required under s. 1008.22 ~~test in reading~~ for grade 3, the student must be retained.

5. Students with disabilities who participate in ~~the FCAT Reading or the common core English Language Arts assessment, as applicable under s. 1008.22,~~ and who have an individual education plan or a Section 504 plan that reflects that the student has received intensive remediation in reading ~~and English Language Arts~~ for more than 2 years but still demonstrates a deficiency ~~in reading~~ and was previously retained in kindergarten, grade 1, grade 2, or grade 3.

6. Students who have received intensive remediation in reading ~~and English Language Arts, as applicable under s. 1008.22,~~ for 2 or more years but still demonstrate a deficiency ~~in reading~~ and who were previously retained in kindergarten, grade 1, grade 2, or grade 3 for a total of 2 years. Intensive ~~reading~~ instruction for students so promoted must include an altered instructional day that includes specialized diagnostic information and specific reading strategies for each student. The district school board shall assist schools and teachers to implement reading strategies that research has shown to be successful in improving reading among low-performing readers.

(7) ~~SUCCESSFUL PROGRESSION FOR RETAINED THIRD GRADE STUDENTS READERS.—~~

(a) Students retained under the provisions of paragraph (5)(b) must be provided intensive interventions in reading to ameliorate the student's specific reading deficiency, as identified by a valid and reliable diagnostic assessment. This intensive intervention must include effective instructional strategies, participation in the school district's summer reading camp, and appropriate teaching methodologies necessary to assist those students in becoming successful readers, able to read at or above grade level, and ready for promotion to the next grade.

(b) ~~Beginning with the 2004-2005 school year,~~ Each school district shall:

~~1. Conduct a review of student progress monitoring plans for all students who did not score above Level 1 on the reading portion of the FCAT and did not meet the criteria for one of the good cause exemptions in paragraph (6)(b). Tools that school districts may use in reevaluating any student retained may include subsequent assessments, alternative assessments, and portfolio reviews, in accordance with rules of the State Board of Education. Students promoted during the school year after November 1 must demonstrate proficiency above that required to score at Level 2 on the grade 3 FCAT, as determined by the State Board of Education. Section 36. Paragraphs (b) and (c) of subsection (3) of section 1008.34, Florida Statutes, are amended to read:

1008.34 School grading system; school report cards; district grade.—

(3) DESIGNATION OF SCHOOL GRADES.—

(b)1. A school's grade shall be based on a combination of:

a. Student achievement scores *on statewide, standardized, including achievement as measured by FCAT assessments* under s. 1008.22 ~~1008.22(3)(c)1., statewide, standardized end-of-course assessments under s. 1008.22(3)(c)2.a. and b., and achievement scores for students seeking a special diploma.~~

2. Beginning with the 2011-2012 school year, for schools comprised of middle school grades 6 through 8 or grades 7 and 8, the school's grade

shall include the performance and participation of its students enrolled in high school level courses with *statewide, standardized end-of-course* assessments administered under s. 1008.22(3)(e)2.a. Performance and participation must be weighted equally. As valid data becomes available, the school grades shall include the students' attainment of national industry certification identified in the Industry Certification Funding List pursuant to rules adopted by the state board.

3. Beginning with the 2009-2010 school year for schools comprised of high school grades 9, 10, 11, and 12, or grades 10, 11, and 12, at least 50 percent of the school grade shall be based on a combination of the factors listed in sub-subparagraphs 1.a.-c. and the remaining percentage on the following factors:

- a. The high school graduation rate of the school;
- b. As valid data becomes available, the performance and participation of the school's students in College Board Advanced Placement courses, International Baccalaureate courses, dual enrollment courses, and Advanced International Certificate of Education courses; and the students' achievement of national industry certification identified in the Industry Certification Funding List, pursuant to rules adopted by the state board;

- f. The growth or decline in the components listed in sub-subparagraphs a.-e. from year to year.

(c) Student assessment data used in determining school grades shall include:

1. The aggregate scores of all eligible students enrolled in the school who have been assessed on ~~the FCAT and~~ statewide, standardized ~~end-of-course~~ assessments in courses required for high school graduation, including, beginning with the 2011-2012 school year, the end-of-course assessment in Algebra I; and beginning with the 2012-2013 school year, the end-of-course assessments in Geometry and Biology I; and beginning with the 2014-2015 school year, on the statewide, standardized end-of-course assessment in civics education at the middle ~~grades school~~ level.

2. The aggregate scores of all eligible students enrolled in the school who have been assessed on ~~the FCAT and~~ statewide, standardized ~~end-of-course~~ assessments *under s. 1008.22 as described in s. 1008.22(3)(e) 2.a.*, and who have scored at or in the lowest 25th percentile of students in the school in reading and mathematics, unless these students are exhibiting satisfactory performance.

3. The achievement scores and learning gains of eligible students attending alternative schools that provide dropout prevention and academic intervention services pursuant to s. 1003.53. The term "eligible students" in this subparagraph does not include students attending an alternative school who are subject to district school board policies for expulsion for repeated or serious offenses, who are in dropout retrieval programs serving students who have officially been designated as dropouts, or who are in programs operated or contracted by the Department of Juvenile Justice. As used in this subparagraph and s. 1008.341, the term "home school" means the school to which the student would be assigned if the student were not assigned to an alternative school. If an alternative school chooses to be graded under this section, student performance data for eligible students identified in this subparagraph shall not be included in the home school's grade but shall be included only in the calculation of the alternative school's grade. A school district that fails to assign ~~the FCAT and~~ statewide, standardized end-of-course assessment ~~as described in s. 1008.22(3)(e)2.a.~~ scores of each of

This collaboration must include an annual discussion between the principal of the alternative school and the principal of each student's home school concerning the most appropriate school assignment of the student.

4. The achievement scores and learning gains of students designated as hospital- or homebound. Student assessment data for students designated as hospital- or homebound shall be assigned to their home school for the purposes of school grades. As used in this subparagraph, the term "home school" means the school to which a student would be assigned if the student were not assigned to a hospital- or homebound program.

- e. Earning of a national industry certification identified in the Industry Certification Funding List, pursuant to rules adopted by the State Board of Education;

- f. The aggregate scores of all eligible students enrolled in the school in reading, mathematics, and other subjects as measured by the SAT, the ACT, the Postsecondary Education Readiness Test, and the common placement test for postsecondary readiness;

- g. The high school graduation rate of all eligible at-risk students enrolled in the school who scored ~~at~~ Level 2 or lower on grade 8 FCAT Reading and FCAT Mathematics;

- h. The performance of the school's students on statewide, standardized end-of-course assessments administered under s. 1008.22(3)(b)4. and 5. ~~1008.22(3)(e)2.c. and d.~~; and

- i. The growth or decline in the data components listed in sub-subparagraphs a.-h. from year to year.

The State Board of Education shall adopt appropriate criteria for each school grade. The criteria must also give added weight to student achievement in reading. Schools earning a grade of "C," making satisfactory progress, shall be required to demonstrate that adequate progress has been made by students in the school who are in the lowest 25th percentile in reading and mathematics on *statewide, standardized the FCAT and end-of-course assessments under s. 1008.22 as described in s. 1008.22(3)(e)2.a.*, unless these students are exhibiting satisfactory performance. For schools comprised of high school grades 9, 10, 11, and 12, or grades 10, 11, and 12, the criteria for school grades must also give added weight to the graduation rate of all eligible at-risk students. In order for a high school to earn a grade of "A," the school must demonstrate that its at-risk students, as defined in this paragraph, are making adequate progress.

b. *A bonus in the amount of \$50 for each student taught by a teacher who provided instruction in a course that led to the attainment of an industry certification on the Industry Certification Funding List with a weight of 0.2.*

4. *For the 2013-2014 fiscal year, the additional FTE membership calculation must include the additional FTE for any student who earned a certification in the 2009-2010, 2010-2011, and 2011-2012 fiscal years who was not previously funded and was enrolled in 2012-2013.*

Bonuses awarded pursuant to this paragraph shall be provided to teachers who are employed by the district in the year in which the additional FTE membership calculation is included in the calculation. Bonuses shall be calculated based upon the associated weight of an industry certification on the Industry Certification Funding List for the year in which the certification is earned by the student. PRAYER

The following prayer was offered by Rev. Betsy Ouellette-Zierden, Pastor, Good Samaritan United Methodist Church, Tallahassee:

Almighty God, creator and sustainer of life, we give you thanks for your faithfulness to us. Springtime in Tallahassee is a reminder that the grass turns green again, the dogwoods and azaleas will bloom, and we can trust the rhythm that includes legislative session and the challenges and opportunities it brings to the citizens of our beloved state and to our leaders.

Grant our Florida State Senators good judgment, creative thinking, and the ability to hear from you, God, the people of Florida, and from one another so that the decisions they make are for the benefit of all concerned. Give their families and staffs the energy and grace to support them and stand beside them as the work of the Senate is carried out.

Where there is disagreement amongst our Senate leaders, let respect and humility carry the day. Where there is unity, may it be celebrated as an opportunity to pursue shared goals in the best interest of Florida.

Finally, this morning we give thanks to you, Lord God, for something we all can agree on—the blessing of living in a country of laws and good government. We ask for protection for those who are currently serving in our armed forces, and we remember those who have given their lives in service to our nation, one nation, under God, indivisible, with liberty and justice for all. Amen.

SR 1298—A resolution recognizing April 2013 as “Fair Housing Month” in Florida.

WHEREAS, Title VIII of the Civil Rights Act of 1968 and the Fair Housing Act of 1988 prohibit discrimination based on race, color, religion, sex, national origin, disability, or familial status in the sale, rental, and financing of dwellings, and

WHEREAS, in 1983, the Florida Legislature enacted the Florida Fair Housing Act to ensure that the state make every effort to provide fair housing to all residents of this state and to prohibit discrimination in the sale or rental of any dwelling because of race, color, national origin, sex, or religion, and the act was amended in 1988 to include the bases of disability and familial status, and

WHEREAS, the United States Department of Housing and Urban Development has proclaimed April as “National Fair Housing Month,” launching awareness campaigns to commemorate the historical passage of this landmark legislation, increasing the public’s understanding of the many protections of the Civil Rights Act, and encouraging communities to remember and celebrate more than 45 years of housing successes, and

WHEREAS, because government and private entities may pursue certain practices that could have a disproportionately harmful effect on minorities protected by the Fair Housing Act of 1968, the United States Department of Housing and Urban Development recently issued regulations endorsing the use of “disparate impact” standards that will serve as a powerful tool in promoting fair housing opportunities, encouraging meaningful housing integration, and ensuring fair and equal treatment in the areas of mortgage lending, homeowners’ insurance, exclusionary zoning, and admissions and redevelopment or demolition practices in public housing, and

WHEREAS, the Florida Commission on Human Relations, as statutorily authorized, conducts thorough and timely investigations of housing discrimination complaints and, as a result of its investigative efforts, has found that housing discrimination continues to exist in this state, with disability, race, national origin, familial status, and sex constituting the top five bases for housing discrimination during the 2011-2012 fiscal year, and

WHEREAS, the Florida Commission on Human Relations continually strives to reach out and educate members of the housing industry to ensure that they are informed of fair housing laws and their responsibilities in educating the public on housing rights and engaging in community partnerships so that all persons are afforded every opportunity to be treated fairly and are provided equal access to adequate and affordable housing without undue discrimination, prejudice, or barriers, NOW, THEREFORE,

Be It Resolved by the Senate of the State of Florida:

That we recognize April 2013 as “Fair Housing Month” in Florida and encourage state and local governmental leaders and communities and individuals throughout this state to observe Fair Housing Month through ceremonies and activities celebrating historical and future efforts to ensure fair and equal access to housing for all Floridians.

DISCLOSURE

I have an ownership interest in Caregivers, Inc., a company based in Pensacola, Florida. The company provides services to the elderly and the disabled and a minority of its revenues are derived from reimbursements from the Escambia County Council on Aging and the Florida Medicaid program. Because Caregivers, Inc. is among a class of health care providers receiving funds from such state sources, it appears to me that the company may be affected by **SB 1518** which comes before the Senate floor for a vote on April 10, 2013.

Therefore, I believe that, because Caregivers, Inc. is a member of such class, I am required by Senate Rule 1.39 to disclose the above facts.

(List the name and current address of such health care providers, if applicable.)

(List the name of each health care provider to whom this authorization does not apply and the inclusive dates of examination, evaluation, or treatment to be withheld from disclosure. If none, specify “none.”)

G.F. The Patient understands that, without exception, the Patient has the right to revoke this authorization in writing. The Patient further understands that the consequence of any such revocation is that the presuit notice under s. 766.106(2), Florida Statutes, is deemed retroactively void from the date of issuance, and any tolling effect that the presuit notice may have had on any applicable statute-of-limitations period is retroactively rendered void.

H.G. The Patient understands that signing this authorization is not a condition for continued treatment, payment, enrollment, or eligibility for health plan benefits.

PRAYER

The following prayer was offered by Bishop Designate Lewis Williams, Household of Faith Church, Jacksonville:

Father God, we come before you right now. Before we petition you, we would like to thank you. Because God, you watched over us last night. While we were all sleeping, meditating, and resting, you took care of us, and our families. God, that is very important.

Now God, we come together today for these Senators and all government officials to make decisions. As the President just addressed, God, it is not a Republican or Democratic decision, but a Florida decision on the bills that are passed. We thank you for leading and guiding our minds and hearts, and for helping us to be balanced. It is so important today for the life that we live to be balanced.

Now we pray corporately. God, I pray also that as individuals look at bills, and pass bills, that they will allow you to lead once again. So we pray, God, for understanding. We pray, God, for clarity. We pray, God, that no thoughts are narcissistic, but all thoughts, are being led by you.

So touch us now. We give you praise. We give you glory. God, as we end this prayer, you said in your word, "There is no other name under Heaven, given among men why we must be saved." Strengthen us now, move and bless us, and we'll give you glory. We thank you now. Amen.

PLEDGE

Senate Pages Austin Chapman of St. Augustine; Cameron Siefker and Cole Williams of Tallahassee; and Janise Wilson of Jacksonville led the Senate in the pledge of allegiance to the flag of the United States of America.

And the title is amended as follows:

Delete lines 82-85 and insert: catastrophe risk factor; requiring the corporation to

Amendment 16 (651304) (with title amendment)—Delete lines 2514-2744 and insert: 627.3518 *Citizens Property Insurance Corporation clearinghouse.*—*The Legislature recognizes that Citizens Property Insurance Corporation has authority to establish a clearinghouse as a separate organizational unit within the corporation for the purpose of determining the eligibility of new and renewal risks, excluding commercial residential, seeking coverage through the corporation and facilitating the identification and diversion of ineligible applicants and current policyholders from the corporation into the voluntary insurance market. The purpose of this section is to augment that authority by providing a framework for the corporation to implement such program by January 1, 2014.*

(1) *As used in this section, the term:*

(a) *“Clearinghouse” means the clearinghouse diversion program created under this section.*

(b) *“Corporation” means Citizens Property Insurance Corporation.*

(c) *“Exclusive agent” means a licensed insurance agent who has agreed, by contract, to act exclusively for one company or group of affiliated insurance companies and is disallowed by the provisions of that contract to directly write for any other unaffiliated insurer absent express consent from the company or group of affiliated insurance companies.*

(d) *“Independent agent” means a licensed insurance agent not described in paragraph (c).*

(2) *In order to confirm eligibility with the corporation and to enhance the access of new applicants for coverage and existing policyholders of the corporation to offers of coverage from authorized and eligible insurers, the corporation shall establish a clearinghouse for personal residential risks in order to facilitate the diversion of ineligible applicants and existing policyholders from the corporation into the voluntary insurance market. The corporation shall also develop appropriate procedures for facilitating the diversion of ineligible applicants and existing policyholders for commercial residential coverage into the private insurance market, and shall report such procedures to the President of the Senate and the Speaker of the House of Representatives by July 1, 2015.*

(3) *The clearinghouse has the same rights and responsibilities in carrying out its duties as a licensed general lines agent, but is not required to employ or engage a licensed general lines agent or to maintain an insurance agency license in order to solicit and place insurance coverage. In establishing the clearinghouse, the corporation may:*

(a) *Require all new applications and all policies due for renewal to be submitted to the clearinghouse in order to facilitate obtaining an offer of coverage from an authorized insurer before binding or renewing coverage by the corporation.*

(b) *Employ or otherwise contract with individuals or other entities to provide administrative or professional services in order to carry out the plan within the corporation in accordance with the applicable purchasing requirements under s. 627.351.*

(c) *Enter into a contract with an authorized or eligible insurer participating in the clearinghouse and accept an appointment by such insurer.*

(d) *Provide funds to operate the clearinghouse. Insurers and agents participating in the clearinghouse are not required to pay a fee to offset or partially offset the cost of the clearinghouse, or use the clearinghouse for the renewal of policies initially written through the clearinghouse.*

(e) *Develop an enhanced application for obtaining information that will assist private insurers in determining whether to make an offer of coverage through the clearinghouse.*

(f) *Before approving new applications for coverage by the corporation, require that every application be subject to a period of 2 business days during which an insurer participating in the program may select the application for coverage. The insurer may issue a binder on any policy selected for coverage for at least 30 days but not more than 60 days.*

(4) *An authorized or eligible insurer may participate in the clearinghouse; however, participation is not mandatory. An insurer that makes an*

offer of coverage to a new applicant or renews a policy for a policyholder through the clearinghouse:

(a) *Is not required to individually appoint an agent whose customer is underwritten and bound through the clearinghouse. Notwithstanding s. 626.112, an insurer is not required to appoint an agent on a policy underwritten through the clearinghouse if that policy remains with the insurer. An insurer may appoint an agent whose customer is initially underwritten and bound through the clearinghouse. If an insurer accepts a policy from an agent who is not appointed pursuant to this paragraph and thereafter accepts a policy from such agent, the provisions of s. 626.112 requiring appointment apply to the agent.*

(b) *Must enter into a limited agency agreement with each agent who is not appointed in accordance with paragraph (a) and whose customer is underwritten and bound through the clearinghouse.*

(c) *Must enter into its standard agency agreement with each agent whose customer is underwritten and bound through the clearinghouse if that agent has been appointed by the insurer pursuant to s. 626.112.*

(d) *Must comply with s. 627.4133(2).*

(e) *Must allow authorized or eligible insurers participating in the clearinghouse to participate through their single, designated managing general agent or broker; however, the provisions of paragraph (6)(a) regarding ownership, control, and use of the expirations apply.*

(f) *Must pay the producing agent a commission equal to that paid by the corporation or the usual and customary commission paid by the insurer for that line of business, whichever is greater.*

(5)(a) *Notwithstanding s. 627.3517, an applicant for new coverage is not eligible for coverage from the corporation if the applicant is offered coverage from an authorized insurer through the clearinghouse at a premium that is at or below the eligibility threshold established under s. 627.351(6)(c)5.a.*

(b) *Notwithstanding any other provisions of law, if a renewing policyholder of the corporation is offered coverage from an authorized insurer for a personal lines or commercial lines risk at a premium that is no more than 15 percent above the corporation’s renewal premium for comparable coverage, the risk is not eligible for coverage with the corporation.*

(c) *Notwithstanding s. 626.916(1), if an applicant for new or renewal coverage from the corporation does not receive an offer of coverage from an authorized insurer, the applicant may choose to accept an offer of coverage from an eligible insurer or its broker under ss. 626.913-626.937. Such offer of coverage from an eligible insurer does not make the risk ineligible for coverage with the corporation.*

(d) *An applicant for new or renewal coverage from the corporation may choose to accept any offer of coverage received through the clearinghouse from an authorized insurer which is greater than 15 percent of the corporation’s renewal premium.*

(e) *Section 627.351(6)(c)5.a.(I) and b.(I) does not apply to an offer of coverage from an authorized insurer obtained through the clearinghouse.*

(6) *An independent agent who submits a new application for coverage or who is the agent of record on a renewal policy submitted to the clearinghouse:*

(a) *Is granted and must maintain ownership and the exclusive use of expirations, records, or other written or electronic information directly related to such application or renewal written through the corporation or through an insurer participating in the clearinghouse, notwithstanding s. 627.351(6)(c)5.a.(I)(B) and (II)(B). Such ownership is granted for as long as the insured remains with the agency or until sold or surrendered in writing by the agent. A contract with the corporation or required by the corporation may not amend, modify, interfere with, or limit such rights of ownership. Such expirations, records, or other written or electronic information may be used to review an application or issue a policy or for any other purpose necessary for placing business through the clearinghouse.*

(b) *Is not required to be appointed by an insurer participating in the clearinghouse for policies written solely through the clearinghouse, notwithstanding s. 626.112.*

(c) May accept an appointment from an insurer participating in the clearinghouse.

(d) May enter into a standard or limited agency agreement with the insurer, at the insurer's option.

An applicant ineligible for coverage under subsection (5) remains ineligible if the applicant's independent agent is unwilling or unable to enter into a standard or limited agency agreement with an insurer participating in the clearinghouse.

(7) An exclusive agent who submits a new application for coverage or who is the agent of record on a renewal policy submitted to the clearinghouse:

(a) Must maintain ownership and the exclusive use of expirations, records, or other written or electronic information directly related to such application or renewal written through the corporation or through an insurer participating in the clearinghouse, notwithstanding s. 627.351(6)(c)5.a.(I)(B) and (II)(B). A contract with the corporation or required by the corporation may not amend, modify, interfere with, or limit such rights of ownership. Such expirations, records, or other written or electronic information may be used to review an application or issue a policy or for any other purpose necessary for placing business through the clearinghouse.

(b) Is not required to be appointed by an insurer participating in the clearinghouse for policies written solely through the clearinghouse, notwithstanding s. 626.112.

(c) Must only facilitate the placement of an offer of coverage from an insurer whose limited servicing agreement is approved by that exclusive agent's exclusive insurer.

(d) May enter into a limited servicing agreement with the insurer making an offer of coverage, and may do so only after the exclusive agent's insurer has approved the terms of the agreement. The exclusive agent's insurer must approve a limited service agreement for the clearinghouse if the insurer has approved a service agreement with the agent for other purposes.

An applicant is ineligible for coverage under subsection (5) if the applicant's exclusive agent is unwilling or unable to enter into a standard or limited agency agreement with a participating insurer making an offer of coverage to that applicant.

(8) Submission of an application to the clearinghouse for coverage by the corporation does not constitute the binding of coverage, and the failure of the clearinghouse to obtain an offer of coverage by an insurer is not considered acceptance of coverage of the risk by the corporation.

(9) The clearinghouse may not include commercial nonresidential policies.

Section 14. *Temporary keepout program.*—Citizens Property Insurance Corporation shall implement a temporary keepout program beginning July 1, 2013, and ending on the date the clearinghouse program established under s. 627.3518, Florida Statutes, is operational.

(1) Subject to procedures adopted by the corporation, the program shall provide an opportunity for new applicants for personal residential multiperil coverage with the corporation to be offered coverage with authorized insurers through the market assistance plan established under s. 627.3515, Florida Statutes.

(2) The program is subject to all of the following:

(a) The corporation may not accept a new personal residential multiperil application for coverage within 72 hours after submission of the risk to the market assistance plan under subsection (1).

(b) Section 627.3517, Florida Statutes, relating to consumer choice of agent does not apply to applications for coverage accepted by authorized insurers under the program.

(c) Insurers issuing policies under this section are subject to s. 627.3518(3), Florida Statutes, relating to agent appointment.

(d) Notwithstanding s. 626.916(1), Florida Statutes, if an applicant for new or renewal coverage from the corporation does not receive an offer of coverage from an eligible insurer, the applicant may accept an offer from a designated broker of an insurer eligible under ss. 626.913-626.937, Florida Statutes.

(e) An exclusive agent must only facilitate the placement of an offer of coverage from an insurer whose limited servicing agreement is approved by that exclusive agent's exclusive insurer.

An applicant is ineligible for coverage if the applicant's agent is unwilling or unable to enter into a standard or limited agency agreement with a participating insurer making an offer of coverage to that applicant.

(3) This section expires on January 1, 2014, or when the clearinghouse program established under s. 627.3518, Florida Statutes, becomes operational, whichever occurs first.

Amendment 17 (837382) (with title amendment)—Between lines 2744 and 2745 insert:

Section 15. Section 627.352, Florida Statutes, is created to read:

627.352 *Catastrophe Risk Capital Access Facility.*—

(1) **LEGISLATIVE FINDINGS AND INTENT.**—The Legislature finds and declares that:

(a) A growing and competitive private sector market for residential property insurance is in the public interest.

(b) The global market for catastrophe risk has expanded dramatically, resulting in the availability of billions of dollars in additional risk capital for insurers and new and innovative alternative risk-transfer mechanisms.

(c) Having access to additional risk capital and risk-transfer mechanisms provides an opportunity for property insurers in this state to expand their capacity to write additional business and diversify their catastrophe risk, which will serve the public interest of fostering private sector market growth.

(d) Despite an expansion in the amount of available global risk capital, state property insurers in general, and smaller state property insurers in particular, face challenges accessing global markets if the relatively small amount of risk finance required by any one company is not economically viable in the larger global market.

(e) It is the intent of the Legislature to establish a self-regulating mechanism to facilitate the access of property insurers generally, and smaller property insurers in particular, to global risk capital markets and risk-transfer mechanisms for property risks in this state.

(2) **FACILITY CREATED.**—A nonprofit association, to be known as the Catastrophe Risk Capital Access Facility, is hereby created.

(a) The facility must operate pursuant to a plan of operation adopted by the governing board, except that the initial plan of operation shall be recommended by the initial governing board and adopted by the office after consultation with potential participating insurers and other interested parties.

(b) The facility is not intended to be, and may not function as, an insurer, reinsurer, or other risk-bearing entity, and is not a state agency, board, or commission.

(3) **MEMBERSHIP.**—An insurer holding a certificate of authority to transact property insurance in this state is eligible to become a member of the facility. To become a member, an insurer must file a declaration of intent with the office by September 30, 2013.

(4) **INITIAL GOVERNING BOARD.**—

(a) Each insurer that timely files a declaration under subsection (3) is a member of the initial governing board of the facility and has a vote proportional to its share of direct premium for property insurance written in this state as of December 31, 2012. At a minimum, three insurers must file a declaration of intent to constitute an initial governing board and activate the facility.

(b) The initial governing board must hold its first meeting at a time and place specified by the office. At the first meeting, the initial governing board must elect one of its members to serve as chair.

(c) The initial governing board must submit a recommended plan of operation to the office by December 1, 2013. The initial governing board may retain staff or professionals to assist in the preparation of the proposed plan of operation.

(d) The functions of the initial governing board terminate upon the election of a governing board as provided in the plan of operation.

(5) **GOVERNING BOARD.**—Beginning on the effective date of the plan of operation, the facility shall operate under a seven-member governing board composed of representatives of member insurers, appointed as specified in the plan of operation.

(6) **PLAN OF OPERATION.**—The plan of operation:

(a) Must specify the following functions of the facility:

1. Aggregating the demand of members for risk finance for state property risks from global capital markets.

2. Designing and executing risk-transfer tools such as insurance-linked securities and other appropriate instruments for state property risks for members; using special purpose vehicles or onshore or offshore protected cells, as appropriate, to increase members' access to risk capital for state property risks; and making use of any other financial instruments or reinsurance or pooling arrangements that may develop in the market.

3. Identifying and coordinating appropriate risk-transfer products and opportunities for state property risks, initially targeting layers of coverage below, alongside, and above the coverage provided by the Florida Hurricane Catastrophe Fund.

4. Establishing and maintaining regular and ongoing contact with global risk capital market participants, institutions, and investors in order to identify opportunities that satisfy and coordinate with insurer demand for additional risk capital for state property risks.

(b) Must provide that in conducting its affairs, the facility may not:

1. Take a position in, or provide financial support for, any risk-transfer transaction.

2. Be a guarantor of premium or make any other financial guarantees to a member.

3. Enter into any contract on the part of the state or create any state contractual obligations.

4. Impose or levy any taxes, assessments, or similar charges.

(c) Must provide for funding the expenses of the facility, including an initial charge that applies to all members and subsequent charges to members on a pro rata basis.

(d) Must provide additional annual enrollment periods for eligible insurers to become members of the facility.

(e) Must provide for the election and terms of the governing board.

(f) May provide for the appointment or retention of staff and professionals as the governing board deems appropriate.

(g) Must require the facility to submit a biennial report and annual independent audits to the members of the Financial Services Commission and the presiding officers of the Legislature by December 31 of each even-numbered year beginning in 2014.

(7) **IMMUNITY FROM LIABILITY.**—No liability on the part of, and no cause of action of any nature, may arise against the facility or its agents or employees, the governing board, or the department or office or their representatives for any action taken by them in the performance of their powers and duties under this section.

Amendment 19 (639430) (with directory and title amendments)—Between lines 2189 and 2190 insert:

(ee)1. The corporation may not decline a request for coverage of residential sinkhole loss based upon: conditions existing at or on the property which do not constitute sinkhole-related activity; or the proximity of the property to the location of another property on which conditions exist which do not constitute sinkhole-related activity.

a. For the purposes of this subparagraph, the term "sinkhole-related activity" means settlement or systematic weakening of the earth if the settlement or systematic weakening results from contemporaneous movement or raveling of soils, sediments, or rock materials into subterranean voids created by the effect of water on a limestone or similar rock formation.

b. On or before December 31 of each calendar year, the corporation shall submit an annual report to the Office of Insurance Regulation and the Insurance Consumer Advocate disclosing:

(I) The total number of requests received for residential sinkhole loss coverage;

(II) The total number of policies issued for residential sinkhole loss coverage;

(III) The total number of requests declined for residential sinkhole loss coverage; and

(IV) The reasons for each decline of residential sinkhole loss coverage.

2. A policy for residential property insurance issued by the corporation must include a deductible applicable to sinkhole losses equal to 1 percent, 2 percent, 5 percent, or 10 percent of the policy dwelling limits, with an appropriate premium discount amount offered with each deductible amount.

3. The Legislature finds that it is in the public interest that indemnity funds paid pursuant to sinkhole loss claims are applied to repairing property damage in order to ensure that sinkhole indemnity funds paid for sinkhole damage are applied to above-ground and subsurface repairs. Therefore, a Citizens Sinkhole Repair Program shall be established by the corporation, subject to approval by the Office of Insurance Regulation and the Financial Services Commission. Any claim against a corporation policy that covers residential sinkhole loss for which it is determined that such loss has occurred must be included in the repair program.

a. The repair program may be managed by a third-party administrator and, at a minimum, must include the following components:

(I) The corporation may not require the policyholder to advance payment for repairs.

(II) All applicable provisions contained in the corporation's plan of operation apply, including, but not limited to, the consumer's right to courteous, prompt, and professional customer service and the right to fair, prompt and professional services.

(III) Repairs shall be conducted by repair contractors who are qualified based upon guidelines adopted by the Financial Services Commission by rule.

(A) The repair program shall select qualified repair contractors to perform repairs to damaged property pursuant to a fixed-price contract between the contractor and the policyholder. Pursuant to the terms of the contract, the selected repair contractor is solely responsible for the performance of all necessary repairs.

(B) Each qualified contractor shall post a performance bond, secured by a third-party surety, in favor of the corporation as obligee, in a principle amount equal to the total cost of all fixed-price contracts annually awarded to that repair contractor.

(C) Each repair contractor shall also provide a warranty to the policyholder which covers all repairs provided by the contractor for at least 5 years after completion of the repairs.

b. The corporation is not responsible for serving as a repair contractor. The corporation's obligations pursuant to the repair program are not an election to repair by the corporation and therefore do not imply a new contractual relationship.

c. The corporation's liability related to repair activity for damaged property included in the repair program is no greater than the limits of the policy covering that property.

d. For the purposes of the repair program, the presumed correctness specified in s. 627.7073(1)(c) of the findings, opinions, and recommendations by the professional engineer or geologist as to land and building stabilization and foundation repair are recognized by the Legislature as necessary to address the public policy interest in ensuring that sinkhole-damaged residential property is repaired. Therefore, the presumption is intended to operate as a burden-shifting presumption under ss. 90.302(2) and 90.304. ~~The office may establish a pilot program to offer optional sinkhole coverage in one or more counties or other territories of the corporation for the purpose of implementing s. 627.706, as amended by s. 30, chapter 2007-1, Laws of Florida. Under the pilot program, the corporation is not required to issue a notice of nonrenewal to exclude~~

~~sinkhole coverage upon the renewal of existing policies, but may exclude such coverage using a notice of coverage change.~~

And the title is amended as follows:

Delete line 69 and insert: secured by a surplus note; prohibiting the corporation from denying sinkhole coverage for certain reasons; requiring the corporation to submit an annual report to the Office of Insurance Regulation and the Insurance Consumer Advocate on the number of residential sinkhole policies issued and declined; requiring the policy to include a deductible; establishing a Citizens Sinkhole Repair Program for sinkhole claims; providing program components; specifying the corporation's liability with respect to sinkhole claims; specifying the presumed correctness of professional engineer and geologist opinions; deleting obsolete provisions; requiring the corporation

(b) The insurer shall make available, for an appropriate additional premium, coverage for sinkhole losses on any structure, including the contents of personal property contained therein, *in an amount equal to the full amount of coverage on the structure. The insurer may also offer less coverage equal to 25 or 50 percent of the amount of coverage on the structure, with an appropriate reduction in the additional premium to the extent provided in the form to which the coverage attaches.* The insurer may require an inspection of the property before issuance of sinkhole loss coverage. A policy for residential property insurance may include a deductible amount applicable to sinkhole losses equal to 1 percent, 2 percent, 5 percent, or 10 percent of the policy dwelling limits, with appropriate premium discounts offered with each deductible amount.

MOMENT OF SILENCE

At the request of Senator Smith, the Senate observed a moment of silence, led by Rabbi Jeffrey Kurtz-Lendner, for Christina Oliver Joseph, Makita Campbell, Shonteria Grimsley, Jason Mahlung, and Orane Cummings, all of whom died in a car accident on April 13, 2013, in Riviera Beach.

PRAYER

The following prayer was offered by Rabbi Jeffrey Kurtz-Lendner, Temple Solel, Hollywood:

It is an honor and privilege to share blessings with this esteemed body. I would like to thank my Temple Member, Senator Eleanor Sobel, for arranging this invitation. I would like to begin with a story. It is a story of an old Jewish man who visits Auschwitz and he begins mumbling while at Auschwitz. His companion asks, "What are you mumbling?" and he says, "A prayer." His companion asks, "What are you praying for?"

and he says, "I'm thanking God." His companion says, "What on earth are you thanking God for here at Auschwitz?" and he says, "I am thanking God for making me not like them."

As we come together on this most somber of mornings to a most eternal source of all being, we ask your blessings upon this body of lawmakers that they recognize the holy spirit that you have imbued within each individual, within every human being, each one of us having been created in your image, each one of us, one of your children. We ask your blessings upon this body to affirm the wisdom you bestowed upon our forebearers. You foresaw the astuteness of debate by philosophical discourse with words and hands and not with swords. We must never forget that in this great nation our political disputes are resolved with dialectic and not with violence.

Let us remember that we have been bestowed with a forum where we can come together in this room: Democrats, Republicans, liberals, conservatives, Christians, Jews, Muslims, Buddhists, and atheists—let us never forget that we all love this country and we all love this state. Let us never forget that when the dialectic has ended we can and should depart, not as adversaries, but as friends, like Rabbinic scholars of the Talmud who debated in the halls of the academy and then celebrated great feasts together when the debate concluded.

Unlike those who perpetuate violence with hatred, let us fight the hatred that our nation faced yesterday. Let us fight that hatred with love and friendship. Remember in this forum and in our communities that, unlike those who do violence, we do not hate those from whom we diverge, but instead we remain friends and we fight violence with love. May we all remember that each one of us was granted our own gifts and talents from the supreme author of creation and all work that we do can be performed for the sake of a blessing or curse, for the sake of ourselves, or for the sake of our communities, for the improvement of our own personal lives, or for the improvement of the lives of other human beings.

We ask your guidance so that our work, our decisions, and our efforts shall be for good and not for selfishness, for blessing and not for curse, and may we be able on this somber day to thank God for making us, too, not like them. We ask your blessings in your holy name. Let us say, Amen.

The department shall provide written notice that the suspension has been lifted to each affected vendor and supervisor of elections.

(c) If the defect cannot be cured, the department may disapprove the voting system for use in elections in the state. The department shall provide written notice to all supervisors of elections that the system is no longer approved. (1)(a) The supervisor shall accept a request for an absentee ballot from an elector in person or in writing. One request shall be deemed sufficient to receive an absentee ballot for all elections through the end of the calendar year of the second ensuing regularly scheduled general election, unless the elector or the elector's designee indicates at the time the request is made the elections for which the elector desires to receive an absentee ballot. Such request may be considered canceled when any first-class mail sent by the supervisor to the elector is returned as undeliverable.

(b) The supervisor may accept a written or telephonic request for an absentee ballot to be mailed to an elector's address on file in the Florida Voter Registration System from the elector, or, if directly instructed by the elector, a member of the elector's immediate family, or the elector's legal guardian; if the ballot is requested to be mailed to an address other than the elector's address on file in the Florida Voter Registration System, the request must be made in writing and signed by the elector. For purposes of this section, the term "immediate family" has the same meaning as specified in paragraph (4)(c). The person making the request must disclose:

1. The name of the elector for whom the ballot is requested.
2. The elector's address.
3. The elector's date of birth.

2. By forwardable mail, e-mail, or facsimile machine transmission to absent uniformed services voters and overseas voters. The absent uniformed services voter or overseas voter may designate in the absentee ballot request the preferred method of transmission. If the voter does not designate the method of transmission, the absentee ballot shall be mailed.

3. By personal delivery before 7 p.m. on election day to the elector, upon presentation of the identification required in s. 101.043.

Any elector may designate in writing a person to pick up the ballot for the elector; however, the person designated may not pick up more than two absentee ballots per election, other than the designee's own ballot, except that additional ballots may be picked up for members of the designee's immediate family. For purposes of this section, "immediate family" means the designee's spouse or the parent, child, grandparent, or sibling of the designee or of the designee's spouse. The designee shall provide to the supervisor the written authorization by the elector and a picture identification of the designee and must complete an affidavit. The designee shall state in the affidavit that the designee is authorized by the elector to pick up that ballot and shall indicate if the elector is a member of the designee's immediate family and, if so, the relationship. The department shall prescribe the form of the affidavit. If the supervisor is satisfied that the designee is authorized to pick up the ballot and that the signature of the elector on the written authorization matches the signature of the elector on file, the supervisor shall give the ballot to that designee for delivery to the elector.

5. *Except as provided in s. 101.655, the supervisor may not deliver an absentee ballot to an elector or an elector's immediate family member on the day of the election unless there is an emergency, to the extent that the elector will be unable to go to his or her assigned polling place. READ THESE INSTRUCTIONS CAREFULLY BEFORE MARKING BALLOT.

1. **VERY IMPORTANT.** In order to ensure that your absentee ballot will be counted, it should be completed and returned as soon as possible so that it can reach the supervisor of elections of the county in which your precinct is located no later than 7 p.m. on the day of the election. *However, if you are an overseas voter casting a ballot in a presidential preference primary or general election, your absentee ballot must be postmarked or signed and dated no later than the date of the election and received by the supervisor of elections of the county in which you are registered to vote no later than 10 days after the date of the election.*

2. Mark your ballot in secret as instructed on the ballot. You must mark your own ballot unless you are unable to do so because of blindness, disability, or inability to read or write.

3. Mark only the number of candidates or issue choices for a race as indicated on the ballot. If you are allowed to "Vote for One" candidate and you vote for more than one candidate, your vote in that race will not be counted.

4. Place your marked ballot in the enclosed secrecy envelope.

5. Insert the secrecy envelope into the enclosed mailing envelope which is addressed to the supervisor.

6. Seal the mailing envelope and completely fill out the Voter's Certificate on the back of the mailing envelope.

7. **VERY IMPORTANT.** In order for your absentee ballot to be counted, you must sign your name on the line above (Voter's Signature). An absentee ballot will be considered illegal and not be counted if the signature on the voter's certificate does not match the signature on record. The signature on file at the start of the canvass of the absentee ballots is the signature that will be used to verify your signature on the voter's certificate. If you need to update your signature for this election, send your signature update on a voter registration application to your supervisor of elections so that it is received no later than the start of the canvassing of absentee ballots, which occurs no earlier than the 15th day before election day.

8. **VERY IMPORTANT.** In order for your absentee ballot to be counted, it must include the signature and legible address of an attesting witness 18 years of age or older affixed to the Voter's Certificate. If the signature is illegible, the Voter's Certificate must also include a readable printed name of the attesting witness. A candidate may not serve as an attesting witness.

9. **VERY IMPORTANT.** If you are an overseas voter, you must include the date you signed the Voter's Certificate on the line above (Date) or your ballot may not be counted.

10. ~~9.~~ Mail, deliver, or have delivered the completed mailing envelope. Be sure there is sufficient postage if mailed.

11. ~~10.~~ **FELONY NOTICE.** It is a felony under Florida law to accept any gift, payment, or gratuity in exchange for your vote for a candidate. It is also a felony under Florida law to vote in an election using a false identity or false address, or under any other circumstances making your ballot false or fraudulent.

Section 14. Paragraphs (a) and (d) of subsection (1) of section 101.657, Florida Statutes, are amended to read:

101.657 Early voting.—

(1)(a) As a convenience to the voter, the supervisor of elections shall allow an elector to vote early in the main or branch office of the supervisor. The supervisor shall mark, code, indicate on, or otherwise track the voter's precinct for each early voted ballot. In order for a branch office to be used for early voting, it shall be a permanent facility of the supervisor and shall have been designated and used as such for at least 1 year prior to the election. The supervisor may also designate any city hall, ~~or~~ permanent public library facility, fairground, civic center, courthouse, county commission building, stadium, convention center, government-owned senior center, or government-owned community center as early voting sites; however, if so designated, the sites must be geographically located so as to provide all voters in the county an equal opportunity to cast a ballot, insofar as is practicable. In addition, a supervisor may designate one early voting site per election in an area of the county that does not have any of the eligible early voting locations. Such additional early voting site must be geographically located so as to provide all voters in that area with an equal opportunity to cast a ballot, insofar as is practicable. Each county shall, at a minimum, operate the same total number of early voting sites for a general election which the county operated for the 2012 general election. The results or tabulation of votes cast during early voting may not be made before the close of the polls on election day. Results shall be reported by precinct.

(d) Early voting shall begin on the 10th day before an election that contains state or federal races and end on the 3rd day before the election,

and shall be provided for no less than 8 6 hours and no more than 12 hours per day at each site during the applicable period. In addition, early voting may be offered at the discretion of the supervisor of elections on the 15th, 14th, 13th, 12th, 11th, or 2nd day before an election that contains state or federal races for at least 8 hours per day, but not more than 12 hours per day. The supervisor of elections may provide early voting for elections that are not held in conjunction with a state or federal election. However, the supervisor has the discretion to determine the hours of operation of early voting sites in those elections.

Section 15. Subsection (2) of section 101.67, Florida Statutes, is amended to read:

101.67 Safekeeping of mailed ballots; deadline for receiving absentee ballots.—

(2) Except as provided in s. 101.6952(5), all marked absent electors' ballots to be counted must be received by the supervisor by 7 p.m. the day of the election. All ballots received thereafter shall be marked with the time and date of receipt and filed in the supervisor's office.

Section 16. Subsections (1) and (4) of section 101.68, Florida Statutes, are amended, and subsection (2) of that section is reenacted and amended, to read:

101.68 Canvassing of absentee ballot.—

(1) The supervisor of the county where the absent elector resides shall receive the voted ballot, at which time the supervisor shall compare the signature of the elector on the voter's certificate with the signature of the elector in the registration books or the precinct register to determine whether the elector is duly registered in the county and may record on the elector's registration certificate that the elector has voted. However, effective July 1, 2005, an elector who dies after casting an absentee ballot but on or before election day shall remain listed in the registration books until the results have been certified for the election in which the ballot was cast. The supervisor shall safely keep the ballot unopened in his or her office until the county canvassing board canvasses the vote. Except as provided in subsection (4), after an absentee ballot is received by the supervisor, the ballot is deemed to have been cast, and changes or additions may not be made to the voter's certificate.

(2)(a) The county canvassing board may begin the canvassing of absentee ballots at 7 a.m. on the 15th day before the election, but not later than noon on the day following the election. In addition, for any county using electronic tabulating equipment, the processing of absentee ballots through such tabulating equipment may begin at 7 a.m. on the 15th day before the election. However, notwithstanding any such authorization to begin canvassing or otherwise processing absentee ballots early, no result shall be released until after the closing of the polls in that county on election day. Any supervisor of elections, deputy supervisor of elections, canvassing board member, election board member, or election employee who releases the results of a canvassing or processing of absentee ballots prior to the closing of the polls in that county on election day commits a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

(b) To ensure that all absentee ballots to be counted by the canvassing board are accounted for, the canvassing board shall compare the number of ballots in its possession with the number of requests for ballots received to be counted according to the supervisor's file or list.

(c)1. The canvassing board shall, if the supervisor has not already done so, compare the signature of the elector on the voter's certificate or on the absentee ballot affidavit as provided in subsection (4) with the signature of the elector in the registration books or the precinct register to see that the elector is duly registered in the county and to determine the legality of that absentee ballot. The ballot of an elector who casts an absentee ballot shall be counted even if the elector dies on or before election day, as long as, prior to the death of the voter, the ballot was postmarked by the United States Postal Service, date-stamped with a verifiable tracking number by common carrier, or already in the possession of the supervisor of elections. An absentee ballot shall be considered illegal if the voter's certificate or absentee ballot affidavit ~~is~~ does not include the signature of the elector, as shown by the registration records or the precinct register, along with the signature and legible address of an attesting witness; however, if the signature of the attesting witness is illegible, the printed name of the attesting witness must clearly

identify the name of the witness or the ballot shall be considered illegal. However, an absentee ballot is ~~shall~~ not be considered illegal if the signature of the elector does not cross the seal of the mailing envelope. If the canvassing board determines that any ballot is illegal, a member of the board shall, without opening the envelope, mark across the face of the envelope: "rejected as illegal." The absentee ballot affidavit, if applicable, the envelope and the ballot contained therein shall be preserved in the manner that official ballots voted are preserved.

2. If any elector or candidate present believes that an absentee ballot is illegal due to a defect apparent on the voter's certificate or the absentee ballot affidavit, he or she may, at any time before the ballot is removed from the envelope, file with the canvassing board a protest against the canvass of that ballot, specifying the precinct, the ballot, and the reason he or she believes the ballot to be illegal. A challenge based upon a defect in the voter's certificate or absentee ballot affidavit may not be accepted after the ballot has been removed from the mailing envelope.

(d) The canvassing board shall record the ballot upon the proper record, unless the ballot has been previously recorded by the supervisor. The mailing envelopes shall be opened and the secrecy envelopes shall be mixed so as to make it impossible to determine which secrecy envelope came out of which signed mailing envelope; however, in any county in which an electronic or electromechanical voting system is used, the ballots may be sorted by ballot styles and the mailing envelopes may be opened and the secrecy envelopes mixed separately for each ballot style. The votes on absentee ballots shall be included in the total vote of the county.

(4)(a) The supervisor of elections shall, on behalf of the county canvassing board, notify each elector whose ballot was rejected as illegal and provide the specific reason the ballot was rejected ~~because of a difference between the elector's signature on the ballot and that on the elector's voter registration record.~~ The supervisor shall mail a voter registration application to the elector to be completed indicating the elector's current signature if the elector's ballot was rejected due to a difference between the elector's signature on the voter's certificate or absentee ballot affidavit and the elector's signature in the registration books or precinct register. This section does not prohibit the supervisor from providing additional methods for updating an elector's signature.

(b) If the canvassing board has not begun the canvassing of absentee ballots pursuant to subsection (2), the supervisor shall allow an elector who has returned an absentee ballot that does not include the elector's signature to complete an affidavit in order to cure the unsigned absentee ballot.

(c) The elector shall provide identification to the supervisor and must complete an absentee ballot affidavit in substantially the following form:

READ THESE INSTRUCTIONS CAREFULLY BEFORE MARKING BALLOT.

1. VERY IMPORTANT. In order to ensure that your absentee ballot will be counted, it should be completed and returned as soon as possible so that it can reach the supervisor of elections of the county in which your precinct is located no later than 7 p.m. on the day of the election. *However, if you are an overseas voter casting a ballot in a presidential preference primary or general election, your absentee ballot must be postmarked or signed and dated no later than the date of the election and received by the supervisor of elections of the county in which you are registered to vote no later than 10 days after the date of the election.*

2. Mark your ballot in secret as instructed on the ballot. You must mark your own ballot unless you are unable to do so because of blindness, disability, or inability to read or write.

3. Mark only the number of candidates or issue choices for a race as indicated on the ballot. If you are allowed to "Vote for One" candidate and you vote for more than one candidate, your vote in that race will not be counted.

4. Place your marked ballot in the enclosed secrecy envelope.

5. Insert the secrecy envelope into the enclosed mailing envelope which is addressed to the supervisor.

6. Seal the mailing envelope and completely fill out the Voter's Certificate on the back of the mailing envelope.

7. VERY IMPORTANT. In order for your absentee ballot to be counted, you must sign your name on the line above (Voter's Signature). An absentee ballot will be considered illegal and not be counted if the signature on the voter's certificate does not match the signature on record. The signature on file at the start of the canvass of the absentee ballots is the signature that will be used to verify your signature on the voter's certificate. If you need to update your signature for this election, send your signature update on a voter registration application to your supervisor of elections so that it is received no later than the start of the canvassing of absentee ballots, which occurs no earlier than the 15th day before election day.

8. VERY IMPORTANT. If you are an overseas voter, you must include the date you signed the Voter's Certificate on the line above (Date) or your ballot may not be counted.

9. Mail, deliver, or have delivered the completed mailing envelope. Be sure there is sufficient postage if mailed.

10. FELONY NOTICE. It is a felony under Florida law to accept any gift, payment, or gratuity in exchange for your vote for a candidate. It is also a felony under Florida law to vote in an election using a false identity or false address, or under any other circumstances making your ballot false or fraudulent.

Section 13. Paragraphs (a) and (d) of subsection (1) of section 101.657, Florida Statutes, are amended to read:

101.657 Early voting.—

(1)(a) As a convenience to the voter, the supervisor of elections shall allow an elector to vote early in the main or branch office of the supervisor. The supervisor shall mark, code, indicate on, or otherwise track the voter's precinct for each early voted ballot. In order for a branch office to be used for early voting, it shall be a permanent facility of the supervisor and shall have been designated and used as such for at least 1 year prior to the election. The supervisor may also designate any city hall, ~~or~~ permanent public library facility, fairground, civic center, courthouse, county commission building, stadium, convention center, government-owned senior center, or government-owned community center as early voting sites; however, if so designated, the sites must be geographically located so as to provide all voters in the county an equal opportunity to cast a ballot, insofar as is practicable. *In addition, a supervisor may designate one early voting site per election in an area of the county that does not have any of the eligible early voting locations. Such additional early voting site must be geographically located so as to provide all voters in that area with an equal opportunity to cast a ballot, insofar as is practicable. Each county shall, at a minimum, operate the same total number of early voting sites for a general election which the county operated for the 2012 general election.* The results or tabulation of votes cast during early voting may not be made before the close of the polls on election day. Results shall be reported by precinct.

(d) Early voting shall begin on the 10th day before an election that contains state or federal races and end on the 3rd day before the election, and shall be provided for no less than 8 ½ hours and no more than 12 hours per day at each site during the applicable period. *In addition, early voting may be offered at the discretion of the supervisor of elections on the 15th, 14th, 13th, 12th, 11th, or 2nd day before an election that contains state or federal races for at least 8 hours per day, but not more than 12 hours per day.* The supervisor of elections may provide early voting for elections that are not held in conjunction with a state or federal election. However, the supervisor has the discretion to determine the hours of operation of early voting sites in those elections.

Section 14. Subsection (2) of section 101.67, Florida Statutes, is amended to read:

101.67 Safekeeping of mailed ballots; deadline for receiving absentee ballots.—

(2) *Except as provided in s. 101.6952(5),* all marked absent electors' ballots to be counted must be received by the supervisor by 7 p.m. the day of the election. All ballots received thereafter shall be marked with the time and date of receipt and filed in the supervisor's office.

Section 15. Subsections (1) and (4) of section 101.68, Florida Statutes, are amended, and subsection (2) of that section is reenacted and amended, to read:

101.68 Canvassing of absentee ballot.—

(1) The supervisor of the county where the absent elector resides shall receive the voted ballot, at which time the supervisor shall compare the signature of the elector on the voter's certificate with the signature of the elector in the registration books or the precinct register to determine whether the elector is duly registered in the county and may record on the elector's registration certificate that the elector has voted. However, effective July 1, 2005, an elector who dies after casting an absentee ballot but on or before election day shall remain listed in the registration books until the results have been certified for the election in which the ballot was cast. The supervisor shall safely keep the ballot unopened in his or her office until the county canvassing board canvasses the vote. *Except as provided in subsection (4)*, after an absentee ballot is received by the supervisor, the ballot is deemed to have been cast, and changes or additions may not be made to the voter's certificate.

(2)(a) The county canvassing board may begin the canvassing of absentee ballots at 7 a.m. on the 15th day before the election, but not later than noon on the day following the election. In addition, for any county using electronic tabulating equipment, the processing of absentee ballots through such tabulating equipment may begin at 7 a.m. on the 15th day before the election. However, notwithstanding any such authorization to begin canvassing or otherwise processing absentee ballots early, no result shall be released until after the closing of the polls in that county on election day. Any supervisor of elections, deputy supervisor of elections, canvassing board member, election board member, or election employee who releases the results of a canvassing or processing of absentee ballots prior to the closing of the polls in that county on election day commits a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

(b) To ensure that all absentee ballots to be counted by the canvassing board are accounted for, the canvassing board shall compare the number of ballots in its possession with the number of requests for ballots received to be counted according to the supervisor's file or list.

(c)1. The canvassing board shall, if the supervisor has not already done so, compare the signature of the elector on the voter's certificate or on the absentee ballot affidavit as provided in subsection (4) with the signature of the elector in the registration books or the precinct register to see that the elector is duly registered in the county and to determine the legality of that absentee ballot. The ballot of an elector who casts an absentee ballot shall be counted even if the elector dies on or before election day, as long as, prior to the death of the voter, the ballot was postmarked by the United States Postal Service, date-stamped with a verifiable tracking number by common carrier, or already in the possession of the supervisor of elections. An absentee ballot shall be considered illegal if the voter's certificate or absentee ballot affidavit ~~is~~ does not include the signature of the elector, as shown by the registration records or the precinct register. However, an absentee ballot ~~is~~ shall not be considered illegal if the signature of the elector does not cross the seal of the mailing envelope. If the canvassing board determines that any ballot is illegal, a member of the board shall, without opening the envelope, mark across the face of the envelope: "rejected as illegal." *The absentee ballot affidavit, if applicable, the envelope, and the ballot contained therein shall be preserved in the manner that official ballots voted are preserved.*

2. If any elector or candidate present believes that an absentee ballot is illegal due to a defect apparent on the voter's certificate or the absentee ballot affidavit, he or she may, at any time before the ballot is removed from the envelope, file with the canvassing board a protest against the canvass of that ballot, specifying the precinct, the ballot, and the reason he or she believes the ballot to be illegal. A challenge based upon a defect in the voter's certificate or absentee ballot affidavit may not be accepted after the ballot has been removed from the mailing envelope.

(d) The canvassing board shall record the ballot upon the proper record, unless the ballot has been previously recorded by the supervisor. The mailing envelopes shall be opened and the secrecy envelopes shall be mixed so as to make it impossible to determine which secrecy envelope came out of which signed mailing envelope; however, in any county in which an electronic or electromechanical voting system is used,

the ballots may be sorted by ballot styles and the mailing envelopes may be opened and the secrecy envelopes mixed separately for each ballot style. The votes on absentee ballots shall be included in the total vote of the county.

(4)(a) The supervisor of elections shall, on behalf of the county canvassing board, notify each elector whose ballot was rejected as illegal and provide the specific reason the ballot was rejected ~~because of a difference between the elector's signature on the ballot and that on the elector's voter registration record.~~ The supervisor shall mail a voter registration application to the elector to be completed indicating the elector's current signature if the elector's ballot was rejected due to a difference between the elector's signature on the voter's certificate or absentee ballot affidavit and the elector's signature in the registration books or precinct register. This section does not prohibit the supervisor from providing additional methods for updating an elector's signature.

(b) *Until 5 p.m. on the 2nd day before an election, the supervisor shall allow an elector who has returned an absentee ballot that does not include the elector's signature to complete an affidavit in order to cure the unsigned absentee ballot.*

(c) *The elector shall provide identification to the supervisor and must complete an absentee ballot affidavit in substantially the following form:*

ABSENTEE BALLOT AFFIDAVIT

I, ..., am a qualified voter in this election and registered voter of ... County, Florida. I do solemnly swear or affirm that I requested and returned the absentee ballot and that I have not and will not vote more than one ballot in this election. I understand that if I commit or attempt any fraud in connection with voting, vote a fraudulent ballot, or vote more than once in an election, I may be convicted of a felony of the third degree and fined up to \$5,000 and imprisoned for up to 5 years. I understand that my failure to sign this affidavit means that my absentee ballot will be invalidated.

(c) *If the defect has been cured, the vendor shall provide an explanation of how the defect was cured.*

(d) *If the defect has not been cured, the vendor shall inform the department whether the defect can be cured and shall provide the department with a plan for curing the defect. If the defect can be cured, the department shall establish a timeframe within which to cure the defect.*

(5) *If after receiving a response from the vendor, the department determines that a defect does not exist or has been cured within the timeframe established by the department, the department shall take no further action.*

(6) *If the department determines that a vendor failed to timely disclose a defect, that a defect exists and a vendor has not filed a written response or has failed to cure within the timeframe established by the department, or that the defect cannot be cured, the department shall impose a civil penalty of \$25,000 for the defect plus an amount equal to the actual costs incurred by the department in conducting the investigation.*

(7) *If the department finds that a defect existed:*

(a) *The department may suspend all sales and leases of the voting system and may suspend its use in any county in the state. The department shall provide written notice of the suspension to each affected vendor and supervisor of elections.*

(b) If the department determines that a defect no longer exists in a voting system that has been suspended from use pursuant to paragraph (a), the department shall lift the suspension and authorize the sale, lease, and use of the voting system in any election in the state. The department shall provide written notice that the suspension has been lifted to each affected vendor and supervisor of elections.

(c) If the defect cannot be cured, the department may disapprove the voting system for use in elections in the state. The department shall provide written notice to all supervisors of elections that the system is no longer approved. After approval of a system has been withdrawn pursuant to this paragraph, the system may not be sold, leased, or used in elections in the state until it has been submitted for examination and approval and adopted for use pursuant to s. 101.5605.

(d) Any vendor against whom a civil penalty was imposed under this section may not submit a voting system for approval by the Department of State in accordance with s. 101.5605 or enter into a contract for sale or lease of a voting system in the state until the civil penalties have been paid and the department provides written confirmation to the supervisors of elections of the payment.

(8) The department shall prepare a written report of any investigation conducted pursuant to this section.

(9) The authority of the department under this section is in addition to, and not exclusive of, any other authority provided by law.

(10) All proceedings under this section are exempt from chapter 120.

Section 12. Subsection (4) of section 101.56075, Florida Statutes, is repealed.

Section 13. Subsections (1) and (2) of section 101.591, Florida Statutes, are amended, and subsection (4) of that section is republished, to read:

101.591 Voting system audit.—

(1) Immediately following the certification of each election, the county canvassing board or the local board responsible for certifying the election shall conduct a manual audit or an automated, independent audit of the voting systems used in randomly selected precincts.

(2)(a) A manual The audit shall consist of a public manual tally of the votes cast in one randomly selected race that appears on the ballot. The tally sheet shall include election-day, absentee, early voting, provisional, and overseas ballots, in at least 1 percent but no more than 2 percent of the precincts chosen at random by the county canvassing board or the local board responsible for certifying the election. If 1 percent of the precincts is less than one entire precinct, the audit shall be conducted using at least one precinct chosen at random by the county canvassing board or the local board responsible for certifying the election. Such precincts shall be selected at a publicly noticed canvassing board meeting.

(b) An automated audit shall consist of a public automated tally of the votes cast across every race that appears on the ballot. The tally sheet shall include election day, absentee, early voting, provisional, and overseas ballots in at least 20 percent of the precincts chosen at random by the county canvassing board or the local board responsible for certifying the election. Such precincts shall be selected at a publicly noticed canvassing board meeting.

(c) The division shall adopt rules for approval of an independent audit system which provide that the system, at a minimum, must be:

1. Completely independent of the primary voting system.
2. Fast enough to produce final audit results within the timeframe prescribed in subsection (4).
3. Capable of demonstrating that the ballots of record have been accurately adjudicated by the audit system.

(4) The audit must be completed and the results made public no later than 11:59 p.m. on the 7th day following certification of the election by the county canvassing board or the local board responsible for certifying the election.

Section 14. Subsections (1) and (3) and paragraph (c) of subsection (4) of section 101.62, Florida Statutes, are amended to read:

101.62 Request for absentee ballots.—

(1)(a) The supervisor shall accept a request for an absentee ballot from an elector in person or in writing. One request shall be deemed sufficient to receive an absentee ballot for all elections through the end of the calendar year of the second ensuing regularly scheduled general election, unless the elector or the elector's designee indicates at the time the request is made the elections for which the elector desires to receive an absentee ballot. Such request may be considered canceled when any first-class mail sent by the supervisor to the elector is returned as undeliverable.

(b) The supervisor may accept a written or telephonic request for an absentee ballot to be mailed to an elector's address on file in the Florida Voter Registration System from the elector, or, if directly instructed by the elector, a member of the elector's immediate family, or the elector's legal guardian. For purposes of this section, the term "immediate family" has the same meaning as specified in paragraph (4)(c). The person making the request must disclose:

1. The name of the elector for whom the ballot is requested.
2. The elector's address.
3. The elector's date of birth.
4. The requester's name.
5. The requester's address.
6. The requester's driver driver's license number, if available.
7. The requester's relationship to the elector.
8. The requester's signature (written requests only).

(c) Upon receiving a request for an absentee ballot from an absent voter, the supervisor of elections shall notify the voter of the free access system that has been designated by the department for determining the status of his or her absentee ballot.

(3) For each request for an absentee ballot received, the supervisor shall record the date the request was made, the date the absentee ballot was delivered to the voter or the voter's designee or the date the absentee ballot was delivered to the post office or other carrier, the date the ballot was received by the supervisor, the absence of the voter's signature on the voter's certificate, if applicable, and such other information he or she may deem necessary. This information shall be provided in electronic format as provided by rule adopted by the division. The information shall be updated and made available no later than 8 a.m. of each day, including weekends, beginning 60 days before the primary until 15 days after the general election and shall be contemporaneously provided to the division. This information shall be confidential and exempt from the provisions of s. 119.07(1) and shall be made available to or reproduced only for the voter requesting the ballot, a canvassing board, an election official, a political party or official thereof, a candidate who has filed qualification papers and is opposed in an upcoming election, and registered political committees or registered committees of continuous existence, for political purposes only.

(4)

(c) The supervisor shall provide an absentee ballot to each elector by whom a request for that ballot has been made by one of the following means:

1. By nonforwardable, return-if-undeliverable mail to the elector's current mailing address on file with the supervisor or any other address the elector specifies in the request.
2. By forwardable mail, e-mail, or facsimile machine transmission to absent uniformed services voters and overseas voters. The absent uniformed services voter or overseas voter may designate in the absentee ballot request the preferred method of transmission. If the voter does not designate the method of transmission, the absentee ballot shall be mailed.

3. By personal delivery *at any supervisor of elections office before 7 p.m. on election day* to the elector, upon presentation of the identification required in s. 101.043, *beginning on the 28th day before an election through 7 p.m. on election day.*

4. By delivery to a designee on election day or up to 5 days prior to the day of an election. Any elector may designate in writing a person to pick up the ballot for the elector; however, the person designated may not pick up more than two absentee ballots per election, other than the designee's own ballot, except that additional ballots may be picked up for members of the designee's immediate family. For purposes of this section, "immediate family" means the designee's spouse or the parent, child, grandparent, or sibling of the designee or of the designee's spouse. The designee shall provide to the supervisor the written authorization by the elector and a picture identification of the designee and must complete an affidavit. The designee shall state in the affidavit that the designee is authorized by the elector to pick up that ballot and shall indicate if the elector is a member of the designee's immediate family and, if so, the relationship. The department shall prescribe the form of the affidavit. If the supervisor is satisfied that the designee is authorized to pick up the ballot and that the signature of the elector on the written authorization matches the signature of the elector on file, the supervisor shall give the ballot to that designee for delivery to the elector.

Section 15. Paragraphs (a) and (d) of subsection (1) of section 101.657, Florida Statutes, are amended to read:

101.657 Early voting.—

(1)(a) As a convenience to the voter, the supervisor of elections shall allow an elector to vote early in the main or branch office of the supervisor. The supervisor shall mark, code, indicate on, or otherwise track the voter's precinct for each early voted ballot. In order for a branch office to be used for early voting, it shall be a permanent facility of the supervisor and shall have been designated and used as such for at least 1 year prior to the election. The supervisor may also designate any *suitable location as an early voting site* ~~city hall or permanent public library facility as early voting sites~~; however, if so designated, *such* the sites must be geographically located so as to provide all voters in the county an equal opportunity to cast a ballot, insofar as is practicable. *Each county shall, at a minimum, operate the same total number of early voting sites for a general election which the county operated for the 2012 general election and at least one early voting site for each complete set of 50,000 registered voters in the county as of July 1 of each general election year.* The results or tabulation of votes cast during early voting may not be made before the close of the polls on election day. Results shall be reported by precinct.

(d) Early voting shall begin on the *15th 10th* day before an election that contains state or federal races and end on the *2nd 3rd* day before the election, and shall be provided for no less than *6 hours and no more than 12 hours* per day at each site during the applicable period. The supervisor of elections may provide early voting for elections that are not held in conjunction with a state or federal election. However, the supervisor has the discretion to determine the hours of operation of early voting sites in those elections.

Section 16. Subsections (1) and (4) of section 101.68, Florida Statutes, are amended, and subsection (2) of that section is reenacted and amended, to read:

101.68 Canvassing of absentee ballot.—

(1) The supervisor of the county where the absent elector resides shall receive the voted ballot, at which time the supervisor shall compare the signature of the elector on the voter's certificate with the signature of the elector in the registration books *or the precinct register* to determine whether the elector is duly registered in the county and may record on the elector's registration certificate that the elector has voted. However, effective July 1, 2005, an elector who dies after casting an absentee ballot but on or before election day shall remain listed in the registration books until the results have been certified for the election in which the ballot was cast. The supervisor shall safely keep the ballot unopened in his or her office until the county canvassing board canvasses the vote. *Except as provided in subsection (4),* after an absentee ballot is received by the supervisor, the ballot is deemed to have been cast, and changes or additions may not be made to the voter's certificate.

(2)(a) The county canvassing board may begin the canvassing of absentee ballots at 7 a.m. on the 15th day before the election, but not later than noon on the day following the election. In addition, for any county using electronic tabulating equipment, the processing of absentee ballots through such tabulating equipment may begin at 7 a.m. on the 15th day before the election. However, notwithstanding any such authorization to begin canvassing or otherwise processing absentee ballots early, no result shall be released until after the closing of the polls in that county on election day. Any supervisor of elections, deputy supervisor of elections, canvassing board member, election board member, or election employee who releases the results of a canvassing or processing of absentee ballots prior to the closing of the polls in that county on election day commits a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

(b) To ensure that all absentee ballots to be counted by the canvassing board are accounted for, the canvassing board shall compare the number of ballots in its possession with the number of requests for ballots received to be counted according to the supervisor's file or list.

(c)1. The canvassing board shall, if the supervisor has not already done so, compare the signature of the elector on the voter's certificate *or on the absentee ballot affidavit as provided in subsection (4)* with the signature of the elector in the registration books *or precinct register* to see that the elector is duly registered in the county and to determine the legality of that absentee ballot. The ballot of an elector who casts an absentee ballot shall be counted even if the elector dies on or before election day, as long as, prior to the death of the voter, the ballot was postmarked by the United States Postal Service, date-stamped with a verifiable tracking number by common carrier, or already in the possession of the supervisor of elections. An absentee ballot shall be considered illegal if *the voter's certificate or absentee ballot affidavit* ~~it~~ does not include the signature of the elector, as shown by the registration records. However, an absentee ballot *is shall not be* considered illegal if the signature of the elector does not cross the seal of the mailing envelope. If the canvassing board determines that any ballot is illegal, a member of the board shall, without opening the envelope, mark across the face of the envelope: "rejected as illegal." *The absentee ballot affidavit, if applicable,* the envelope and the ballot contained therein shall be preserved in the manner that official ballots voted are preserved.

2. If any elector or candidate present believes that an absentee ballot is illegal due to a defect apparent on the voter's certificate *or the absentee ballot affidavit*, he or she may, at any time before the ballot is removed from the envelope, file with the canvassing board a protest against the canvass of that ballot, specifying the precinct, the ballot, and the reason he or she believes the ballot to be illegal. A challenge based upon a defect in the voter's certificate *or absentee ballot affidavit* may not be accepted after the ballot has been removed from the mailing envelope.

(d) The canvassing board shall record the ballot upon the proper record, unless the ballot has been previously recorded by the supervisor. The mailing envelopes shall be opened and the secrecy envelopes shall be mixed so as to make it impossible to determine which secrecy envelope came out of which signed mailing envelope; however, in any county in which an electronic or electromechanical voting system is used, the ballots may be sorted by ballot styles and the mailing envelopes may be opened and the secrecy envelopes mixed separately for each ballot style. The votes on absentee ballots shall be included in the total vote of the county.

(4)(a) The supervisor of elections shall, on behalf of the county canvassing board, notify each elector whose ballot was rejected as illegal *and provide the specific reason the ballot was rejected because of a difference between the elector's signature on the ballot and that on the elector's voter registration record.* The supervisor shall mail a voter registration application to the elector to be completed indicating the elector's current signature *if the elector's ballot was rejected due to a difference between the elector's signature on the voter's certificate or absentee ballot affidavit and the elector's signature in the registration books or precinct register.* This section does not prohibit the supervisor from providing additional methods for updating an elector's signature.

(b) *If the canvassing board has not begun the canvassing of absentee ballots pursuant to subsection (2), the supervisor shall allow an elector who has returned an absentee ballot that does not include the elector's signature to complete an affidavit in order to cure the unsigned absentee ballot. A supervisor who receives an absentee ballot that does not include*

the elector's signature must notify the elector of that fact along with the procedure for curing such deficiency within 48 hours of receipt.

(c) The elector shall provide identification to the supervisor and must complete an absentee ballot affidavit in substantially the following form:

ABSENTEE BALLOT AFFIDAVIT

I, ..., am a qualified voter in this election and registered voter of ... County, Florida. I do solemnly swear or affirm that I requested and returned the absentee ballot and that I have not and will not vote more than one ballot in this election. I understand that if I commit or attempt any fraud in connection with voting, vote a fraudulent ballot, or vote more than once in an election, I may be convicted of a felony of the third degree and fined up to \$5,000 and imprisoned for up to 5 years. I understand that my failure to sign this affidavit means that my absentee ballot will be invalidated.

...(Voter's Signature)...

...(Address)...

...(Date)...

(d) Instructions must accompany the absentee ballot affidavit in substantially the following form:

READ THESE INSTRUCTIONS CAREFULLY BEFORE COMPLETING THE AFFIDAVIT. FAILURE TO FOLLOW THESE INSTRUCTIONS MAY CAUSE YOUR BALLOT NOT TO COUNT.

1. In order to ensure that your absentee ballot will be counted, your affidavit should be completed and returned as soon as possible so that it can reach the supervisor of elections of the county in which your precinct is located no later than the start of the canvassing of absentee ballots, which occurs no earlier than the 15th day before an election.

2. You must sign your name on the line above (Voter's Signature).

3. You must make a copy of one of the following forms of identification:

a. Identification which must include your name and photograph: United States passport, debit or credit card, military identification, student identification, retirement center identification, neighborhood association identification, or public assistance identification; or

b. Identification which shows your name and current residence address: current utility bill, bank statement, government check, paycheck, or government document, excluding voter identification card.

4. Place the envelope bearing the affidavit into a mailing envelope addressed to the supervisor. Insert a copy of your identification in the mailing envelope.

5. Mail, deliver, or have delivered the completed affidavit along with the copy of your identification to your county supervisor of elections. Be sure there is sufficient postage if mailed and that the supervisor's address is correct.

(e) The department and each supervisor shall include the affidavit and instructions on their respective websites. The supervisor must include his or her office's mailing address on the page containing the affidavit instructions; the department's instruction page must include the office mailing addresses of all supervisors of elections or provide a conspicuous link to such addresses.

(f) The supervisor shall attach each affidavit received to the appropriate absentee ballot mailing envelope.

If the meetings at which exempt information is discussed were open to the public, the purpose of the exemption from public records requirements found in chapter 119, Florida Statutes, would be defeated. The members of a duly constituted criminal justice commission must be able to hear and discuss exempt information freely in order to make sound recommendations regarding strategies and activities that are best suited to protect the welfare of the people of this state. The ability to conduct meetings at which members can freely discuss and fully understand the details of active criminal intelligence information and active criminal investigative information is critical to the ability of a duly constituted criminal justice commission to operate effectively.*

(7)

(g)1. Notwithstanding any other provisions of this section, any separate legal entity created under this section, the membership of which is limited to municipalities and counties of the state, and which may include a special district or a public agency of this state in addition to a municipality or county or both, may acquire, own, construct, improve, operate, and manage public facilities, or finance facilities on behalf of any person, relating to a governmental function or purpose, including, but not limited to, wastewater facilities, water or alternative water supply facilities, and water reuse facilities, which may serve populations within or outside of the members of the entity. Notwithstanding s. 367.171(7), any separate legal entity created under this paragraph is not subject to Public Service Commission jurisdiction. The separate legal entity may not provide utility services within the service area of an existing utility system unless it has received the consent of the utility.

2. For purposes of this paragraph, the term:

a. “Host government” means the governing body of the county, if the largest number of equivalent residential connections currently served by a system of the utility is located in the unincorporated area, or the governing body of a municipality, if the largest number of equivalent residential connections currently served by a system of the utility is located within that municipality’s boundaries.

b. “Separate legal entity” means any entity created by interlocal agreement the membership of which is limited to two or more special districts, municipalities, ~~or~~ counties, or public agencies of the state, but which entity is legally separate and apart from any of its member governments.

c. “System” means a water or wastewater facility or group of such facilities owned by one entity or affiliate entities.

d. “Utility” means a water or wastewater utility and includes every person, separate legal entity, lessee, trustee, or receiver owning, operating, managing, or controlling a system, or proposing construction of a system, who is providing, or proposes to provide, water or wastewater service to the public for compensation.

3. A separate legal entity that seeks to acquire any utility shall notify the host government in writing by certified mail about the contemplated acquisition not less than 30 days before any proposed transfer of ownership, use, or possession of any utility assets by such separate legal entity. The potential acquisition notice shall be provided to the legislative head of the governing body of the host government and to its chief administrative officer and shall provide the name and address of a contact person for the separate legal entity and information identified in s. 367.071(4)(a) concerning the contemplated acquisition.

4.a. Within 30 days following receipt of the notice, the host government may adopt a resolution to become a member of the separate legal entity, adopt a resolution to approve the utility acquisition, or adopt a resolution to prohibit the utility acquisition by the separate legal entity if the host government determines that the proposed acquisition is not in the public interest. A resolution adopted by the host government which prohibits the acquisition may include conditions that would make the proposal acceptable to the host government.

b. If a host government adopts a membership resolution, the separate legal entity shall accept the host government as a member on the same basis as its existing members before any transfer of ownership, use, or possession of the utility or the utility facilities. If a host government adopts a resolution to approve the utility acquisition, the separate legal entity may complete the acquisition. If a host government adopts a prohibition resolution, the separate legal entity may not acquire the utility within that host government’s territory without the specific consent of the host government by future resolution. If a host government does not adopt a prohibition resolution or an approval resolution, the separate legal entity may proceed to acquire the utility after the 30-day notice period without further notice.

5. After the acquisition or construction of any utility systems by a separate legal entity created under this paragraph, revenues or any other income may not be transferred or paid to a member of a separate legal entity, or to any other special district, county, ~~or~~ municipality, or public agency of this state, from user fees or other charges or revenues

generated from customers that are not physically located within the jurisdictional or service delivery boundaries of the member, special district, county, ~~or~~ municipality, *or public agency* receiving the transfer or payment. Any transfer or payment to a member, special district, ~~or~~ ~~the~~ local government, *or public agency of this state* must be solely from user fees or other charges or revenues generated from customers that are physically located within the jurisdictional or service delivery boundaries of the member, special district, ~~or~~ local government, *or public agency* receiving the transfer of payment.

6. This section is an alternative provision otherwise provided by law as authorized in s. 4, Art. VIII of the State Constitution for any transfer of power as a result of an acquisition of a utility by a separate legal entity from a municipality, county, ~~or~~ special district, *or public agency of this state*.

7. The entity may finance or refinance the acquisition, construction, expansion, and improvement of such facilities relating to a governmental function or purpose through the issuance of its bonds, notes, or other obligations under this section or as otherwise authorized by law. The entity has all the powers provided by the interlocal agreement under which it is created or which are necessary to finance, own, operate, or manage the public facility, including, without limitation, the power to establish rates, charges, and fees for products or services provided by it, the power to levy special assessments, the power to sell or finance all or a portion of such facility, and the power to contract with a public or private entity to manage and operate such facilities or to provide or receive facilities, services, or products. Except as may be limited by the interlocal agreement under which the entity is created, all of the privileges, benefits, powers, and terms of s. 125.01, relating to counties, and s. 166.021, relating to municipalities, are fully applicable to the entity. However, neither the entity nor any of its members on behalf of the entity may exercise the power of eminent domain over the facilities or property of any existing water or wastewater plant utility system, nor may the entity acquire title to any water or wastewater plant utility facilities, other facilities, or property which was acquired by the use of eminent domain after the effective date of this act. Bonds, notes, and other obligations issued by the entity are issued on behalf of the public agencies that are members of the entity.

8. Any entity created under this section may also issue bond anticipation notes in connection with the authorization, issuance, and sale of bonds. The bonds may be issued as serial bonds or as term bonds or both. Any entity may issue capital appreciation bonds or variable rate bonds. Any bonds, notes, or other obligations must be authorized by resolution of the governing body of the entity and bear the date or dates; mature at the time or times, not exceeding 40 years from their respective dates; bear interest at the rate or rates; be payable at the time or times; be in the denomination; be in the form; carry the registration privileges; be executed in the manner; be payable from the sources and in the medium or payment and at the place; and be subject to the terms of redemption, including redemption prior to maturity, as the resolution may provide. If any officer whose signature, or a facsimile of whose signature, appears on any bonds, notes, or other obligations ceases to be an officer before the delivery of the bonds, notes, or other obligations, the signature or facsimile is valid and sufficient for all purposes as if he or she had remained in office until the delivery. The bonds, notes, or other obligations may be sold at public or private sale for such price as the governing body of the entity shall determine. Pending preparation of the definitive bonds, the entity may issue interim certificates, which shall be exchanged for the definitive bonds. The bonds may be secured by a form of credit enhancement, if any, as the entity deems appropriate. The bonds may be secured by an indenture of trust or trust agreement. In addition, the governing body of the legal entity may delegate, to an officer, official, or agent of the legal entity as the governing body of the legal entity may select, the power to determine the time; manner of sale, public or private; maturities; rate of interest, which may be fixed or may vary at the time and in accordance with a specified formula or method of determination; and other terms and conditions as may be deemed appropriate by the officer, official, or agent so designated by the governing body of the legal entity. However, the amount and maturity of the bonds, notes, or other obligations and the interest rate of the bonds, notes, or other obligations must be within the limits prescribed by the governing body of the legal entity and its resolution delegating to an officer, official, or agent the power to authorize the issuance and sale of the bonds, notes, or other obligations.

9. Bonds, notes, or other obligations issued under this paragraph may be validated as provided in chapter 75. The complaint in any action to validate the bonds, notes, or other obligations must be filed only in the Circuit Court for Leon County. The notice required to be published by s. 75.06 must be published in Leon County and in each county that is a member of the entity issuing the bonds, notes, or other obligations, or in which a member of the entity is located, and the complaint and order of the circuit court must be served only on the State Attorney of the Second Judicial Circuit and on the state attorney of each circuit in each county that is a member of the entity issuing the bonds, notes, or other obligations or in which a member of the entity is located. Section 75.04(2) does not apply to a complaint for validation brought by the legal entity.

10. The accomplishment of the authorized purposes of a legal entity created under this paragraph is in all respects for the benefit of the people of the state, for the increase of their commerce and prosperity, and for the improvement of their health and living conditions. Since the legal entity will perform essential governmental functions in accomplishing its purposes, the legal entity is not required to pay any taxes or assessments of any kind whatsoever upon any property acquired or used by it for such purposes or upon any revenues at any time received by it. The bonds, notes, and other obligations of an entity, their transfer, and the income therefrom, including any profits made on the sale thereof, are at all times free from taxation of any kind by the state or by any political subdivision or other agency or instrumentality thereof. The exemption granted in this subparagraph is not applicable to any tax imposed by chapter 220 on interest, income, or profits on debt obligations owned by corporations.

Section 2. (1) *The Legislature finds that it is a public necessity that the names of the spouses and children of active or former sworn or civilian law enforcement personnel be made exempt from s. 119.07(1), Florida Statutes, and s. 24(a), Article I of the State Constitution. Sworn and civilian law enforcement personnel in this state perform a variety of important duties that ensure public safety and welfare and encourage safe and civil communities. Correctional and correctional probation officers work with felons, many of whom have committed violent crimes. Personnel of the Department of Children and Families whose duties include the investigation of abuse, neglect, exploitation, fraud, theft, or other criminal activities, and personnel of the Department of Health, work with individuals who may be a danger to their own children and families, as well as the children of others. Personnel of the Department of Revenue or local governments whose responsibilities include revenue collection and enforcement or child support enforcement investigate and bring enforcement actions against individuals who have failed to pay their lawful taxes or failed to pay to support their children. As a result of their duties, these sworn and civilian law enforcement personnel often come in close contact with individuals who not only may be a threat to these personnel, but who might seek to take revenge against them by harming their spouses and children. Permitting access to the names of the spouses and children of active or former sworn or civilian law enforcement personnel provides a means by which individuals who have been investigated, arrested, interrogated, or incarcerated can identify and cause physical or emotional harm to these spouses and children. The Legislature therefore finds that the harm that may result from the release of the names of spouses and children of such law enforcement personnel outweighs any public benefit that may be derived from the disclosure of the information.*

(2) *The Legislature finds that it is a public necessity that the names of the spouses and children of current or former state attorneys, assistant state attorneys, statewide prosecutors, and assistant statewide prosecutors be made exempt from s. 119.07(1), Florida Statutes, and s. 24(a), Article I of the State Constitution. State attorneys, assistant state attorneys, statewide prosecutors, and assistant statewide prosecutors prosecute individuals who are considered dangerous and violent. Permitting access to the names of the spouses and children of current or former state attorneys, assistant state attorneys, statewide prosecutors, and assistant statewide prosecutors provides a means by which a criminal defendant or a friend or family member of such defendant could harm or threaten with harm these spouses and children. The Legislature therefore finds that the harm that may result from the release of the names of spouses and children of such attorneys and prosecutors outweighs any public benefit that may be derived from the disclosure of the information.*

And the title is amended as follows:

Delete line 19 and insert: necessity; creating an exemption from public records requirements for the names of the spouses and children of current or former state attorneys, assistant state attorneys, statewide prosecutors, and assistant statewide prosecutors; providing for future review and repeal of the exemption under the Open Government Sunset Review Act; providing a statement of necessity; providing an effective date.
