Senator Bradley moved the following amendment which was adopted:

Amendment 1 (162472) (with title amendment)—Between lines 588 and 589 insert:

Section 10. In order to implement Specific Appropriation 123 of the 2020-2021 General Appropriations Act, and notwithstanding the expiration date in section 8 of chapter 2019-116, Laws of Florida, subsection (1) of section 1001.26, Florida Statutes, is reenacted to read:

1001.26 Public broadcasting program system.—

(1) There is created a public broadcasting program system for the state. The department shall provide funds, as specifically appropriated in the General Appropriations Act, to educational television stations qualified by the Corporation for Public Broadcasting or public colleges and universities that are part of the public broadcasting program system. The program system must include:

(a) Support for existing Corporation for Public Broadcasting qualified program system educational television stations.

(b) Maintenance of quality broadcast capability for educational stations that are part of the program system.

(c) Interconnection of all educational stations that are part of the program system for simultaneous broadcast and of such stations with all universities and other institutions as necessary for sharing of resources and delivery of programming.

(d) Establishment and maintenance of a capability for statewide program distribution with facilities and staff, provided such facilities and staff complement and strengthen existing educational television stations.

(e) Provision of both statewide programming funds and station programming support for educational television to meet statewide priorities. Priorities for station programming need not be the same as priorities for programming to be used statewide. Station programming may include, but shall not be limited to, citizens’ participation programs, music and fine arts programs, coverage of public hearings and governmental meetings, equal air time for political candidates, and other public interest programming.

Section 11. *The text of s. 1001.26(1), Florida Statutes, as carried forward from chapter 2019-116, Laws of Florida, by this act, expires July 1, 2021, and the text of that subsection shall revert to that in existence on June 30, 2018, except that any amendments enacted other than by this act shall be preserved and continue to operate to the extent that such amendments are not dependent upon the portions of text which expire pursuant to this section.*

And the title is amended as follows:

Between lines 29 and 30 insert: reenacting s. 1001.26(1), F.S., relating to the public broadcasting program system; extending for 1 fiscal year authorization for the Department of Education to provide certain appropriated funds to public colleges and universities for public broadcasting; providing for the expiration and reversion of specified statutory text;

PRAYER

The following prayer was offered by Pastor Dave Woodrum, First Christian Church, Arcadia:

Almighty God and Father, we are gathered here in your presence this very day asking for an ever-increasing measure of wisdom and blessings during this continuing session of the Florida State Senate.

We are here seeking, at this very moment, your counsel and your divine direction for each member of this Senate body. We pray that your hand would be upon every discussion, your wisdom upon every decision, and your discernment upon every vote so that you would be honored and the greater good of all citizens of the State of Florida could be achieved.

We ask, Lord, for you to reveal to our Senators the path to find common ground with one another seeking the common good of our state that together we may form a more perfect union through community.

We pray today for our country and for all the people who give of themselves to serve this nation—from public workers, to public servants, to the men and women in uniform. We ask, Lord, for your divine help and protection for them and for their families.

Finally, Lord, I pray that you help this governing body to always be men and women of utmost integrity, honor, and character.

In your holy name we pray. Amen.

—a companion measure, was substituted for **SB 2502**, as amended, and, by two-thirds vote, read the second time by title.

Senator Bradley moved the following amendment which was adopted:

Amendment 1 (186762) (with title amendment)—Delete everything after the enacting clause and insert:

Section 1. *It is the intent of the Legislature that the implementing and administering provisions of this act apply to the General Appropriations Act for the 2020-2021 fiscal year.*

Section 2. *In order to implement Specific Appropriations 8, 9, 10, 92, and 93 of the 2020-2021 General Appropriations Act, the calculations of the Florida Education Finance Program for the 2020-2021 fiscal year included in the document titled "Public School Funding: The Florida Education Finance Program," dated February 6, 2020, and filed with the Secretary of the Senate, are incorporated by reference for the purpose of displaying the calculations used by the Legislature, consistent with the requirements of state law, in making appropriations for the Florida Education Finance Program. This section expires July 1, 2021.*

Section 3. *In order to implement Specific Appropriations 8 and 92 of the 2020-2021 General Appropriations Act, and notwithstanding ss. 1002.20, 1003.02, 1006.28-1006.42, 1011.62(6)(b)3., and 1011.67, Florida Statutes, relating to the expenditure of funds provided for instructional materials, for the 2020-2021 fiscal year, funds provided for instructional materials shall be released and expended as required in the proviso language for Specific Appropriation 92 of the 2020-2021 General Appropriations Act. This section expires July 1, 2021.*

Section 4. In order to implement Specific Appropriations 8 and 92 of the 2020-2021 General Appropriations Act, subsections (11), (17), and (18) of section 1011.62, Florida Statutes, are amended, and subsection (22) is added to that section, to read:

1011.62 Funds for operation of schools.—If the annual allocation from the Florida Education Finance Program to each district for operation of schools is not determined in the annual appropriations act or the substantive bill implementing the annual appropriations act, it shall be determined as follows:

(11) VIRTUAL EDUCATION CONTRIBUTION.—The Legislature may annually provide in the Florida Education Finance Program a virtual education contribution. The amount of the virtual education contribution shall be the difference between the amount per FTE established in the General Appropriations Act for virtual education and the amount per FTE for each district and the Florida Virtual School, which may be calculated by taking the sum of the base FEFP allocation, the discretionary local effort, the state-funded discretionary contribution, the discretionary millage compression supplement, the research-based reading instruction allocation, the best and brightest teacher and principal allocation, *the teacher salary increase allocation*, and the instructional materials allocation, and then dividing by the total unweighted FTE. This difference shall be multiplied by the virtual education unweighted FTE for programs and options identified in s. 1002.455 and the Florida Virtual School and its franchises to equal the virtual education contribution and shall be included as a separate allocation in the funding formula.

(17) FUNDING COMPRESSION ALLOCATION.—The Legislature may provide an annual funding compression allocation in the General Appropriations Act. The allocation is created to provide additional funding to school districts and developmental research schools whose total funds per FTE in the prior year were less than the statewide average. Using the most recent prior year FEFP calculation for each eligible school district, the total funds per FTE shall be subtracted from the state average funds per FTE, not including any adjustments made pursuant to paragraph (19)(b). The resulting funds per FTE difference, or a portion thereof, as designated in the General Appropriations Act, shall then be multiplied by the school district's total unweighted FTE to provide the allocation. If the calculated funds are greater than the amount included in the General Appropriations Act, they must be prorated to the appropriation amount based on each participating school district's share. This subsection expires July 1, 2021 ~~2020~~.

(18) THE FLORIDA BEST AND BRIGHTEST TEACHER AND PRINCIPAL ALLOCATION.—

(a) The Florida Best and Brightest Teacher and Principal Allocation is created to recruit, retain, and recognize classroom teachers and instructional personnel who meet the criteria established in s. 1012.731 and reward principals who meet the criteria established in s. 1012.732. Subject to annual appropriation, each school district shall receive an allocation based on the district's proportionate share of FEFP base funding. The Legislature may specify a minimum allocation for all districts in the General Appropriations Act.

(b) From the allocation, each district shall provide the following:

1. A one-time recruitment award, as provided in s. 1012.731(3)(a);
2. A retention award, as provided in s. 1012.731(3)(b); and
3. A recognition award, as provided in s. 1012.731(3)(c) from the remaining balance of the appropriation after the payment of all other awards authorized under ss. 1012.731 and 1012.732.

(c) From the allocation, each district shall provide eligible principals an award as provided in s. 1012.732(3).

If a district's calculated awards exceed the allocation, the district may prorate the awards.

(d) *The allocation authorized in this subsection is suspended for the 2020-2021 fiscal year and does not apply during such fiscal year. This paragraph expires July 1, 2021.*

(22) **TEACHER SALARY INCREASE ALLOCATION.—**

(a) *The Teacher Salary Increase Allocation is created to increase teacher salaries and improve this state's relative teacher salary position when compared with teacher salaries in other states.*

(b) *Subject to annual appropriation, funds may be provided for each school district to increase the minimum base salary for full-time classroom teachers as defined in s. 1012.01(2)(a) or all instructional personnel as defined by s. 1012.01(2)(a)-(d), plus certified prekindergarten teachers, but not including substitute teachers, by no less than the amount designated in the General Appropriations Act. In addition, funds may also be provided in an amount designated in the General Appropriations Act for salary increases for all full-time instructional personnel as determined by the school board and the local bargaining unit.*

(c) *Funds for this purpose shall be allocated on each district's share of the base FEFP allocation. Funds for the minimum base salary increase may be provided in multiple years in order to achieve a particular salary goal. The minimum base salary is the base annual salary before payroll deductions and excluding additional compensation.*

(d) *This subsection expires July 1, 2021.*

Section 5. *The amendment to s. 1011.62(11), Florida Statutes, by this act, expires July 1, 2021, and the text of that subsection shall revert to that in existence on June 30, 2020, except that any amendments to such text enacted other than by this act shall be preserved and continue to operate to the extent that such amendments are not dependent upon the portions of text which expire pursuant to this section.*

Section 6. In order to implement Specific Appropriations 8 and 92 of the 2020-2021 General Appropriations Act, subsection (4) is added to section 1012.731, Florida Statutes, to read:

1012.731 The Florida Best and Brightest Teacher Program.—

(4) *No awards may be made pursuant to this section and the operation of the program is suspended for the 2020-2021 fiscal year. This subsection expires July 1, 2021.*

Section 7. In order to implement Specific Appropriations 8 and 92 of the 2020-2021 General Appropriations Act, subsection (4) is added to section 1012.732, Florida Statutes, to read:

1012.732 The Florida Best and Brightest Principal Program.—

(4) *No awards may be made pursuant to this section and the operation of the program is suspended for the 2020-2021 fiscal year. This subsection expires July 1, 2021.*

Section 8. In order to implement Specific Appropriation 21 of the 2020-2021 General Appropriations Act, subsection (1) of section 1013.62, Florida Statutes, is amended to read:

1013.62 Charter schools capital outlay funding.—

(1) For the 2020-2021 ~~2018-2019~~ fiscal year, charter school capital outlay funding shall consist of state funds appropriated in the 2020-2021 ~~2018-2019~~ General Appropriations Act. Beginning in fiscal year 2021-2022 ~~2019-2020~~, charter school capital outlay funding shall consist of state funds when such funds are appropriated in the General Appropriations Act and revenue resulting from the discretionary millage authorized in s. 1011.71(2) if the amount of state funds appropriated for charter school capital outlay in any fiscal year is less than the average charter school capital outlay funds per unweighted full-time equivalent student for the 2018-2019 fiscal year, multiplied by the estimated number of charter school students for the applicable fiscal year, and adjusted by changes in the Consumer Price Index issued by the United States Department of Labor from the previous fiscal year. Nothing in this subsection prohibits a school district from distributing to charter

schools funds resulting from the discretionary millage authorized in s. 1011.71(2).

(a) To be eligible to receive capital outlay funds, a charter school must:

1.a. Have been in operation for 2 or more years;

b. Be governed by a governing board established in the state for 2 or more years which operates both charter schools and conversion charter schools within the state;

c. Be an expanded feeder chain of a charter school within the same school district that is currently receiving charter school capital outlay funds;

d. Have been accredited by a regional accrediting association as defined by State Board of Education rule; or

e. Serve students in facilities that are provided by a business partner for a charter school-in-the-workplace pursuant to s. 1002.33(15)(b).

2. Have an annual audit that does not reveal any of the financial emergency conditions provided in s. 218.503(1) for the most recent fiscal year for which such audit results are available.

3. Have satisfactory student achievement based on state accountability standards applicable to the charter school.

4. Have received final approval from its sponsor pursuant to s. 1002.33 for operation during that fiscal year.

5. Serve students in facilities that are not provided by the charter school's sponsor.

(b) A charter school is not eligible to receive capital outlay funds if it was created by the conversion of a public school and operates in facilities provided by the charter school's sponsor for a nominal fee, or at no charge, or if it is directly or indirectly operated by the school district.

Section 9. *The amendments to s. 1013.62(1), Florida Statutes, by this act expire July 1, 2021, and the text of that subsection shall revert to that in existence on June 30, 2020, except that any amendments to such text enacted other than by this act shall be preserved and continue to operate to the extent that such amendments are not dependent upon the portions of text which expire pursuant to this section.*

Section 10. In order to implement Specific Appropriation 123 of the 2020-2021 General Appropriations Act, and notwithstanding the expiration date in section 8 of chapter 2019-116, Laws of Florida, subsection (1) of section 1001.26, Florida Statutes, is reenacted to read:

1001.26 Public broadcasting program system.—

(1) There is created a public broadcasting program system for the state. The department shall provide funds, as specifically appropriated in the General Appropriations Act, to educational television stations qualified by the Corporation for Public Broadcasting or public colleges and universities that are part of the public broadcasting program system. The program system must include:

(a) Support for existing Corporation for Public Broadcasting qualified program system educational television stations.

(b) Maintenance of quality broadcast capability for educational stations that are part of the program system.

(c) Interconnection of all educational stations that are part of the program system for simultaneous broadcast and of such stations with all universities and other institutions as necessary for sharing of resources and delivery of programming.

(d) Establishment and maintenance of a capability for statewide program distribution with facilities and staff, provided such facilities and staff complement and strengthen existing educational television stations.

(e) Provision of both statewide programming funds and station programming support for educational television to meet statewide

priorities. Priorities for station programming need not be the same as priorities for programming to be used statewide. Station programming may include, but shall not be limited to, citizens' participation programs, music and fine arts programs, coverage of public hearings and governmental meetings, equal air time for political candidates, and other public interest programming.

Section 11. *The text of s. 1001.26(1), Florida Statutes, as carried forward from chapter 2019-116, Laws of Florida, by this act, expires July 1, 2021, and the text of that subsection shall revert to that in existence on June 30, 2018, except that any amendments enacted other than by this act shall be preserved and continue to operate to the extent that such amendments are not dependent upon the portions of text which expire pursuant to this section.*

Section 12. In order to implement Specific Appropriation 150 of the 2020-2021 General Appropriations Act, section 1004.6499, Florida Statutes, is created to read:

1004.6499 Florida Institute of Politics.—

(1) *The Florida Institute of Politics is established at the Florida State University within the College of Social Sciences and Public Policy. The purpose of the institute is to provide the southeastern region of the United States with a world class, bipartisan, nationally-renowned institute of politics.*

(2) *The goals of the institute are to:*

(a) *Motivate students across the Florida State University to become aware of the significance of government and civic engagement at all levels and politics in general.*

(b) *Provide students with an opportunity to be politically active and civically engaged.*

(c) *Nurture a state of consciousness and passion for public service and politics.*

(d) *Plan and host forums to allow students and guests to hear from and interact with experts from government, politics, policy, and journalism on a frequent basis.*

(e) *Become a national and state resource on polling information and survey methodology.*

(f) *Provide fellowships and internship opportunities to students in government, non-profit organizations, and community organizations.*

(g) *Provide training sessions for newly elected state and local public officials.*

(h) *Organize and sponsor conferences, symposia and workshops throughout Florida to educate and inform citizens, elected officials, and appointed policymakers regarding effective policymaking techniques and processes.*

(i) *Create and promote research and awareness regarding politics, citizen involvement and public service.*

(j) *Collaborate with related policy institutes and research activities at Florida State University and other institutions of higher education to motivate, increase and sustain citizen involvement in public affairs.*

(3) *This section expires July 1, 2021.*

Section 13. *In order to implement Specific Appropriations 207, 208, 211, and 215 of the 2020-2021 General Appropriations Act, the calculations for the Medicaid Disproportionate Share Hospital and Hospital Reimbursement programs for the 2020-2021 fiscal year contained in the document titled "Medicaid Disproportionate Share Hospital and Hospital Reimbursement Programs, Fiscal Year 2020-2021," dated February 6, 2020, and filed with the Secretary of the Senate, are incorporated by reference for the purpose of displaying the calculations used by the Legislature, consistent with the requirements of state law, in making appropriations for the Medicaid Disproportionate Share Hospital and Hospital Reimbursement programs. This section expires July 1, 2021.*

Section 14. *In order to implement Specific Appropriations 201 through 228 and 526 of the 2020-2021 General Appropriations Act, and notwithstanding ss. 216.181 and 216.292, Florida Statutes, the Agency for Health Care Administration, in consultation with the Department of Health, may submit a budget amendment, subject to the notice, review, and objection procedures of s. 216.177, Florida Statutes, to realign funding within and between agencies based on implementation of the Managed Medical Assistance component of the Statewide Medicaid Managed Care program for the Children's Medical Services program of the Department of Health. The funding realignment shall reflect the actual enrollment changes due to the transfer of beneficiaries from fee-for-service to the capitated Children's Medical Services Network. The Agency for Health Care Administration may submit a request for non-operating budget authority to transfer the federal funds to the Department of Health pursuant to s. 216.181(12), Florida Statutes. This section expires July 1, 2021.*

Section 15. In order to implement Specific Appropriations 225 and 226 of the 2020-2021 General Appropriations Act, and notwithstanding the expiration date in section 19 of chapter 2019-116, Laws of Florida, subsection (23) of section 409.908, Florida Statutes, is reenacted to read:

409.908 Reimbursement of Medicaid providers.—Subject to specific appropriations, the agency shall reimburse Medicaid providers, in accordance with state and federal law, according to methodologies set forth in the rules of the agency and in policy manuals and handbooks incorporated by reference therein. These methodologies may include fee schedules, reimbursement methods based on cost reporting, negotiated fees, competitive bidding pursuant to s. 287.057, and other mechanisms the agency considers efficient and effective for purchasing services or goods on behalf of recipients. If a provider is reimbursed based on cost reporting and submits a cost report late and that cost report would have been used to set a lower reimbursement rate for a rate semester, then the provider's rate for that semester shall be retroactively calculated using the new cost report, and full payment at the recalculated rate shall be effected retroactively. Medicare-granted extensions for filing cost reports, if applicable, shall also apply to Medicaid cost reports. Payment for Medicaid compensable services made on behalf of Medicaid eligible persons is subject to the availability of moneys and any limitations or directions provided for in the General Appropriations Act or chapter 216. Further, nothing in this section shall be construed to prevent or limit the agency from adjusting fees, reimbursement rates, lengths of stay, number of visits, or number of services, or making any other adjustments necessary to comply with the availability of moneys and any limitations or directions provided for in the General Appropriations Act, provided the adjustment is consistent with legislative intent.

(23)(a) The agency shall establish rates at a level that ensures no increase in statewide expenditures resulting from a change in unit costs for county health departments effective July 1, 2011. Reimbursement rates shall be as provided in the General Appropriations Act.

(b)1. Base rate reimbursement for inpatient services under a diagnosis-related group payment methodology shall be provided in the General Appropriations Act.

2. Base rate reimbursement for outpatient services under an enhanced ambulatory payment group methodology shall be provided in the General Appropriations Act.

3. Prospective payment system reimbursement for nursing home services shall be as provided in subsection (2) and in the General Appropriations Act.

Section 16. *The text of s. 409.908(23), Florida Statutes, as carried forward from chapter 2018-10, Laws of Florida, by this act, expires July 1, 2021, and the text of that subsection shall revert to that in existence on October 1, 2018, not including any amendments made by chapter 2018-10, Laws of Florida, except that any amendments to such text enacted other than by this act and chapters 2019-116 and 2018-10, Laws of Florida, shall be preserved and continue to operate to the extent that such amendments are not dependent upon the portions of text which expire pursuant to this section.*

Section 17. In order to implement Specific Appropriation 209 of the 2020-2021 General Appropriations Act, and notwithstanding the ex-

piration date in section 21 of chapter 2019-116, Laws of Florida, subsection (26) of section 409.908, Florida Statutes, is reenacted to read:

409.908 Reimbursement of Medicaid providers.—Subject to specific appropriations, the agency shall reimburse Medicaid providers, in accordance with state and federal law, according to methodologies set forth in the rules of the agency and in policy manuals and handbooks incorporated by reference therein. These methodologies may include fee schedules, reimbursement methods based on cost reporting, negotiated fees, competitive bidding pursuant to s. 287.057, and other mechanisms the agency considers efficient and effective for purchasing services or goods on behalf of recipients. If a provider is reimbursed based on cost reporting and submits a cost report late and that cost report would have been used to set a lower reimbursement rate for a rate semester, then the provider's rate for that semester shall be retroactively calculated using the new cost report, and full payment at the recalculated rate shall be effected retroactively. Medicare-granted extensions for filing cost reports, if applicable, shall also apply to Medicaid cost reports. Payment for Medicaid compensable services made on behalf of Medicaid eligible persons is subject to the availability of moneys and any limitations or directions provided for in the General Appropriations Act or chapter 216. Further, nothing in this section shall be construed to prevent or limit the agency from adjusting fees, reimbursement rates, lengths of stay, number of visits, or number of services, or making any other adjustments necessary to comply with the availability of moneys and any limitations or directions provided for in the General Appropriations Act, provided the adjustment is consistent with legislative intent.

(26) The agency may receive funds from state entities, including, but not limited to, the Department of Health, local governments, and other local political subdivisions, for the purpose of making special exception payments and Low Income Pool Program payments, including federal matching funds. Funds received for this purpose shall be separately accounted for and may not be commingled with other state or local funds in any manner. The agency may certify all local governmental funds used as state match under Title XIX of the Social Security Act to the extent and in the manner authorized under the General Appropriations Act and pursuant to an agreement between the agency and the local governmental entity. In order for the agency to certify such local governmental funds, a local governmental entity must submit a final, executed letter of agreement to the agency, which must be received by October 1 of each fiscal year and provide the total amount of local governmental funds authorized by the entity for that fiscal year under the General Appropriations Act. The local governmental entity shall use a certification form prescribed by the agency. At a minimum, the certification form must identify the amount being certified and describe the relationship between the certifying local governmental entity and the local health care provider. Local governmental funds outlined in the letters of agreement must be received by the agency no later than October 31 of each fiscal year in which such funds are pledged, unless an alternative plan is specifically approved by the agency.

Section 18. *The text of s. 409.908(26), Florida Statutes, as carried forward from chapter 2019-116, Laws of Florida, by this act, expires July 1, 2021, and the text of that subsection shall revert to that in existence on June 30, 2019, except that any amendments to such text enacted other than by this act shall be preserved and continue to operate to the extent that such amendments are not dependent upon the portions of text which expire pursuant to this section.*

Section 19. In order to implement Specific Appropriations 207, 211, 212, 214, 216, and 225 of the 2020-2021 General Appropriations Act, subsection (12) of section 409.904, Florida Statutes, is amended to read:

409.904 Optional payments for eligible persons.—The agency may make payments for medical assistance and related services on behalf of the following persons who are determined to be eligible subject to the income, assets, and categorical eligibility tests set forth in federal and state law. Payment on behalf of these Medicaid eligible persons is subject to the availability of moneys and any limitations established by the General Appropriations Act or chapter 216.

(12) Effective July 1, 2020 ~~2019~~, the agency shall make payments to Medicaid-covered services:

(a) For eligible children and pregnant women, retroactive for a period of no more than 90 days before the month in which an application for Medicaid is submitted.

(b) For eligible nonpregnant adults, retroactive to the first day of the month in which an application for Medicaid is submitted.

This subsection expires July 1, 2021 ~~2020~~.

Section 20. *In order to implement Specific Appropriations 207, 211, 212, 214, 216, and 225 of the 2020-2021 General Appropriations Act, by March 1, 2021, the Agency for Health Care Administration, in consultation with the Department of Children and Families, the Florida Hospital Association, the Safety Net Hospital Alliance of Florida, the Florida Health Care Association, and LeadingAge Florida, shall submit a report to the Governor, the President of the Senate, and the Speaker of the House of Representatives regarding the impact of the waiver of Medicaid retroactive eligibility on beneficiaries and providers. The report must include, but is not limited to:*

(1) *The total unduplicated number of nonpregnant adults who applied for Medicaid at a hospital site from May 1, 2020, through January 31, 2021; and, of those applicants, the number whose Medicaid applications were approved, the number whose Medicaid applications were denied, and the reasons for denial ranked by frequency.*

(2) *The total unduplicated number of nonpregnant adults who applied for Medicaid at a nursing home site from May 1, 2020, through January 31, 2021; and, of those applicants, the number whose Medicaid applications were approved, the number whose Medicaid applications were denied, and the reasons for denial ranked by frequency.*

(3) *The estimated impact of medical debt on nonpregnant adults for whom a Medicaid application was not submitted in the same month when the individual became an inpatient of a hospital or a resident of a nursing home.*

(4) *Additional recommendations to improve outreach and Medicaid coverage for nonpregnant adults who would be eligible for Medicaid if they applied before an event that requires hospital or nursing home care.*

This section expires July 1, 2021.

Section 21. In order to implement Specific Appropriations 181 through 184 of the 2020-2021 General Appropriations Act, and notwithstanding the expiration date in section 31 of chapter 2019-116, Laws of Florida, paragraph (b) of subsection (5) of section 624.91, Florida Statutes, is reenacted to read:

624.91 The Florida Healthy Kids Corporation Act.—

(5) CORPORATION AUTHORIZATION, DUTIES, POWERS.—

(b) The Florida Healthy Kids Corporation shall:

1. Arrange for the collection of any family, local contributions, or employer payment or premium, in an amount to be determined by the board of directors, to provide for payment of premiums for comprehensive insurance coverage and for the actual or estimated administrative expenses.

2. Arrange for the collection of any voluntary contributions to provide for payment of Florida Kidcare program premiums for children who are not eligible for medical assistance under Title XIX or Title XXI of the Social Security Act.

3. Subject to the provisions of s. 409.8134, accept voluntary supplemental local match contributions that comply with the requirements of Title XXI of the Social Security Act for the purpose of providing additional Florida Kidcare coverage in contributing counties under Title XXI.

4. Establish the administrative and accounting procedures for the operation of the corporation.

5. Establish, with consultation from appropriate professional organizations, standards for preventive health services and providers and comprehensive insurance benefits appropriate to children, provided

that such standards for rural areas shall not limit primary care providers to board-certified pediatricians.

6. Determine eligibility for children seeking to participate in the Title XXI-funded components of the Florida Kidcare program consistent with the requirements specified in s. 409.814, as well as the non-Title XXI-eligible children as provided in subsection (3).

7. Establish procedures under which providers of local match to, applicants to and participants in the program may have grievances reviewed by an impartial body and reported to the board of directors of the corporation.

8. Establish participation criteria and, if appropriate, contract with an authorized insurer, health maintenance organization, or third-party administrator to provide administrative services to the corporation.

9. Establish enrollment criteria that include penalties or waiting periods of 30 days for reinstatement of coverage upon voluntary cancellation for nonpayment of family premiums.

10. Contract with authorized insurers or any provider of health care services, meeting standards established by the corporation, for the provision of comprehensive insurance coverage to participants. Such standards shall include criteria under which the corporation may contract with more than one provider of health care services in program sites. Health plans shall be selected through a competitive bid process. The Florida Healthy Kids Corporation shall purchase goods and services in the most cost-effective manner consistent with the delivery of quality medical care. The maximum administrative cost for a Florida Healthy Kids Corporation contract shall be 15 percent. For health care contracts, the minimum medical loss ratio for a Florida Healthy Kids Corporation contract shall be 85 percent. For dental contracts, the remaining compensation to be paid to the authorized insurer or provider under a Florida Healthy Kids Corporation contract shall be no less than an amount which is 85 percent of premium; to the extent any contract provision does not provide for this minimum compensation, this section shall prevail. For an insurer or any provider of health care services which achieves an annual medical loss ratio below 85 percent, the Florida Healthy Kids Corporation shall validate the medical loss ratio and calculate an amount to be refunded by the insurer or any provider of health care services to the state which shall be deposited into the General Revenue Fund unallocated. The health plan selection criteria and scoring system, and the scoring results, shall be available upon request for inspection after the bids have been awarded.

11. Establish disenrollment criteria in the event local matching funds are insufficient to cover enrollments.

12. Develop and implement a plan to publicize the Florida Kidcare program, the eligibility requirements of the program, and the procedures for enrollment in the program and to maintain public awareness of the corporation and the program.

13. Secure staff necessary to properly administer the corporation. Staff costs shall be funded from state and local matching funds and such other private or public funds as become available. The board of directors shall determine the number of staff members necessary to administer the corporation.

14. In consultation with the partner agencies, provide a report on the Florida Kidcare program annually to the Governor, the Chief Financial Officer, the Commissioner of Education, the President of the Senate, the Speaker of the House of Representatives, and the Minority Leaders of the Senate and the House of Representatives.

15. Provide information on a quarterly basis to the Legislature and the Governor which compares the costs and utilization of the full-pay enrolled population and the Title XXI-subsidized enrolled population in the Florida Kidcare program. The information, at a minimum, must include:

a. The monthly enrollment and expenditure for full-pay enrollees in the Medikids and Florida Healthy Kids programs compared to the Title XXI-subsidized enrolled population; and

b. The costs and utilization by service of the full-pay enrollees in the Medikids and Florida Healthy Kids programs and the Title XXI-subsidized enrolled population.

16. Establish benefit packages that conform to the provisions of the Florida Kidcare program, as created in ss. 409.810-409.821.

Section 22. *The text of s. 624.91(5)(b), Florida Statutes, as carried forward from chapter 2019-116, Laws of Florida, by this act, expires July 1, 2021, and the text of that paragraph shall revert to that in existence on June 30, 2019, except that any amendments to such text enacted other than by this act shall be preserved and continue to operate to the extent that such amendments are not dependent upon the portions of text which expire pursuant to this section.*

Section 23. In order to implement Specific Appropriation 458 of the 2020-2021 General Appropriations Act, subsection (4) of section 381.915, Florida Statutes, is amended to read:

381.915 Florida Consortium of National Cancer Institute Centers Program.—

(4) Tier designations and corresponding weights within the Florida Consortium of National Cancer Institute Centers Program are as follows:

(a) Tier 1: Florida-based NCI-designated comprehensive cancer centers, which shall be weighted at 1.5.

(b) Tier 2: Florida-based NCI-designated cancer centers, which shall be weighted at 1.25.

(c) Tier 3: Florida-based cancer centers seeking designation as either a NCI-designated cancer center or NCI-designated comprehensive cancer center, which shall be weighted at 1.0.

1. A cancer center shall meet the following minimum criteria to be considered eligible for Tier 3 designation in any given fiscal year:

a. Conducting cancer-related basic scientific research and cancer-related population scientific research;

b. Offering and providing the full range of diagnostic and treatment services on site, as determined by the Commission on Cancer of the American College of Surgeons;

c. Hosting or conducting cancer-related interventional clinical trials that are registered with the NCI's Clinical Trials Reporting Program;

d. Offering degree-granting programs or affiliating with universities through degree-granting programs accredited or approved by a nationally recognized agency and offered through the center or through the center in conjunction with another institution accredited by the Commission on Colleges of the Southern Association of Colleges and Schools;

e. Providing training to clinical trainees, medical trainees accredited by the Accreditation Council for Graduate Medical Education or the American Osteopathic Association, and postdoctoral fellows recently awarded a doctorate degree; and

f. Having more than \$5 million in annual direct costs associated with their total NCI peer-reviewed grant funding.

2. The General Appropriations Act or accompanying legislation may limit the number of cancer centers which shall receive Tier 3 designations or provide additional criteria for such designation.

3. A cancer center's participation in Tier 3 *may not extend beyond July 1, 2021 shall be limited to 6 years.*

4. A cancer center that qualifies as a designated Tier 3 center under the criteria provided in subparagraph 1. by July 1, 2014, is authorized to pursue NCI designation as a cancer center or a comprehensive cancer center *until July 1, 2021 for 6 years after qualification.*

Section 24. *The amendments to s. 381.915(4), Florida Statutes, by this act expire July 1, 2021, and the text of that subsection shall revert to that in existence on June 30, 2020, except that any amendments to such text enacted other than by this act shall be preserved and continue to operate to the extent that such amendments are not dependent upon the portions of text which expire pursuant to this section.*

Section 25. In order to implement Specific Appropriations 536, 537, 542, and 545 of the 2020-2021 General Appropriations Act, subsection (17) of section 893.055, Florida Statutes, is amended to read:

893.055 Prescription drug monitoring program.—

(17) For the 2020-2021 ~~2019-2020~~ fiscal year only, neither the Attorney General nor the department may use funds received as part of a settlement agreement to administer the prescription drug monitoring program. This subsection expires July 1, 2021 ~~2020~~.

Section 26. In order to implement Specific Appropriation 208 of the 2020-2021 General Appropriations Act, subsections (2) and (10) of section 409.911, Florida Statutes, are amended to read:

409.911 Disproportionate share program.—Subject to specific allocations established within the General Appropriations Act and any limitations established pursuant to chapter 216, the agency shall distribute, pursuant to this section, moneys to hospitals providing a disproportionate share of Medicaid or charity care services by making quarterly Medicaid payments as required. Notwithstanding the provisions of s. 409.915, counties are exempt from contributing toward the cost of this special reimbursement for hospitals serving a disproportionate share of low-income patients.

(2) The Agency for Health Care Administration shall use the following actual audited data to determine the Medicaid days and charity care to be used in calculating the disproportionate share payment:

(a) The average of the 2012, 2013, and 2014 ~~2011, 2012, and 2013~~ audited disproportionate share data to determine each hospital's Medicaid days and charity care for the 2020-2021 ~~2019-2020~~ state fiscal year.

(b) If the Agency for Health Care Administration does not have the prescribed 3 years of audited disproportionate share data as noted in paragraph (a) for a hospital, the agency shall use the average of the years of the audited disproportionate share data as noted in paragraph (a) which is available.

(c) In accordance with s. 1923(b) of the Social Security Act, a hospital with a Medicaid inpatient utilization rate greater than one standard deviation above the statewide mean or a hospital with a low-income utilization rate of 25 percent or greater shall qualify for reimbursement.

(10) Notwithstanding any provision of this section to the contrary, for the 2020-2021 ~~2019-2020~~ state fiscal year, the agency shall distribute moneys to hospitals providing a disproportionate share of Medicaid or charity care services as provided in the 2020-2021 ~~2019-2020~~ General Appropriations Act. This subsection expires July 1, 2021 ~~2020~~.

Section 27. In order to implement Specific Appropriation 208 of the 2020-2021 General Appropriations Act, subsection (3) of section 409.9113, Florida Statutes, is amended to read:

409.9113 Disproportionate share program for teaching hospitals.—In addition to the payments made under s. 409.911, the agency shall make disproportionate share payments to teaching hospitals, as defined in s. 408.07, for their increased costs associated with medical education programs and for tertiary health care services provided to the indigent. This system of payments must conform to federal requirements and distribute funds in each fiscal year for which an appropriation is made by making quarterly Medicaid payments. Notwithstanding s. 409.915, counties are exempt from contributing toward the cost of this special reimbursement for hospitals serving a disproportionate share of low-income patients. The agency shall distribute the moneys provided in the General Appropriations Act to statutorily defined teaching hospitals and family practice teaching hospitals, as defined in s. 395.805, pursuant to this section. The funds provided for statutorily defined teaching hospitals shall be distributed as provided in the General Appropriations Act. The funds provided for family practice teaching hospitals shall be distributed equally among family practice teaching hospitals.

(3) Notwithstanding any provision of this section to the contrary, for the 2020-2021 ~~2019-2020~~ state fiscal year, the agency shall make disproportionate share payments to teaching hospitals, as defined in s.

408.07, as provided in the 2020-2021 ~~2019-2020~~ General Appropriations Act. This subsection expires July 1, 2021 ~~2020~~.

Section 28. In order to implement Specific Appropriation 208 of the 2020-2021 General Appropriations Act, subsection (4) of section 409.9119, Florida Statutes, is amended to read:

409.9119 Disproportionate share program for specialty hospitals for children.—In addition to the payments made under s. 409.911, the Agency for Health Care Administration shall develop and implement a system under which disproportionate share payments are made to those hospitals that are separately licensed by the state as specialty hospitals for children, have a federal Centers for Medicare and Medicaid Services certification number in the 3300-3399 range, have Medicaid days that exceed 55 percent of their total days and Medicare days that are less than 5 percent of their total days, and were licensed on January 1, 2013, as specialty hospitals for children. This system of payments must conform to federal requirements and must distribute funds in each fiscal year for which an appropriation is made by making quarterly Medicaid payments. Notwithstanding s. 409.915, counties are exempt from contributing toward the cost of this special reimbursement for hospitals that serve a disproportionate share of low-income patients. The agency may make disproportionate share payments to specialty hospitals for children as provided for in the General Appropriations Act.

(4) Notwithstanding any provision of this section to the contrary, for the 2020-2021 ~~2019-2020~~ state fiscal year, for hospitals achieving full compliance under subsection (3), the agency shall make disproportionate share payments to specialty hospitals for children as provided in the 2020-2021 ~~2019-2020~~ General Appropriations Act. This subsection expires July 1, 2021 ~~2020~~.

Section 29. *In order to implement Specific Appropriations 201 through 228 of the 2020-2021 General Appropriations Act, and notwithstanding ss. 216.181 and 216.292, Florida Statutes, the Agency for Health Care Administration may submit a budget amendment, subject to the notice, review, and objection procedures of s. 216.177, Florida Statutes, to realign funding within the Medicaid program appropriation categories to address projected surpluses and deficits within the program and to maximize the use of state trust funds. A single budget amendment shall be submitted in the last quarter of the 2020-2021 fiscal year only. This section expires July 1, 2021.*

Section 30. *In order to implement Specific Appropriation 406 of the 2020-2021 General Appropriations Act, and subject to federal approval of the application to be a site for the Program of All-Inclusive Care for the Elderly, the Agency for Health Care Administration shall contract with one private health care organization, the sole member of which is a private, not-for-profit corporation that owns and manages health care organizations that provide comprehensive long-term care services, including nursing home, assisted living, independent housing, home care, adult day care, and care management. This organization shall provide these services to frail and elderly persons who reside in Escambia, Okaloosa, and Santa Rosa Counties. The organization is exempt from the requirements of chapter 641, Florida Statutes. The agency, in consultation with the Department of Elderly Affairs and subject to an appropriation, shall approve up to 200 initial enrollees in the Program of All-Inclusive Care for the Elderly established by this organization to serve elderly persons who reside in Escambia, Okaloosa, and Santa Rosa Counties. This section expires July 1, 2021.*

Section 31. *In order to implement Specific Appropriations 181 through 186 and 526 of the 2020-2021 General Appropriations Act, and notwithstanding ss. 216.181 and 216.292, Florida Statutes, the Agency for Health Care Administration and the Department of Health may each submit a budget amendment, subject to the notice, review, and objection procedures of s. 216.177, Florida Statutes, to realign funding within the Florida Kidcare program appropriation categories, or to increase budget authority in the Children's Medical Services Network category, to address projected surpluses and deficits within the program or to maximize the use of state trust funds. A single budget amendment must be submitted by each agency in the last quarter of the 2020-2021 fiscal year only. This section expires July 1, 2021.*

Section 32. In order to implement Specific Appropriations 468 through 470, 475, and 482 of the 2020-2021 General Appropriations Act, subsection (17) of section 381.986, Florida Statutes, is amended to read:

381.986 Medical use of marijuana.—

(17) Rules adopted pursuant to this section before July 1, 2021 ~~2020~~, are not subject to ss. 120.54(3)(b) and 120.541. Notwithstanding paragraph (8)(e), a medical marijuana treatment center may use a laboratory that has not been certified by the department under s. 381.988 until such time as at least one laboratory holds the required certification pursuant to s. 381.988, but in no event later than July 1, 2021 ~~2020~~. This subsection expires July 1, 2021 ~~2020~~.

Section 33. In order to implement Specific Appropriations 468 through 470, 475, and 482 of the 2020-2021 General Appropriations Act, subsection (11) of section 381.988, Florida Statutes, is amended to read:

381.988 Medical marijuana testing laboratories; marijuana tests conducted by a certified laboratory.—

(11) Rules adopted under subsection (9) before July 1, 2021 ~~2020~~, are not subject to ss. 120.54(3)(b) and 120.541. This subsection expires July 1, 2021 ~~2020~~.

Section 34. Effective July 1, 2020, upon the expiration and reversion of the amendments made to subsection (1) of section 14 of chapter 2017-232, Laws of Florida, pursuant to section 42 of chapter 2019-116, Laws of Florida, and in order to implement Specific Appropriations 468 through 470, 475, and 482 of the 2020-2021 General Appropriations Act, subsection (1) of section 14 of chapter 2017-232, Laws of Florida, is amended to read:

Section 14. Department of Health; authority to adopt rules; cause of action.—

(1) EMERGENCY RULEMAKING.—

(a) The Department of Health and the applicable boards shall adopt emergency rules pursuant to s. 120.54(4), Florida Statutes, and this section necessary to implement ss. 381.986 and 381.988, Florida Statutes. If an emergency rule adopted under this section is held to be unconstitutional or an invalid exercise of delegated legislative authority, and becomes void, the department or the applicable boards may adopt an emergency rule pursuant to this section to replace the rule that has become void. If the emergency rule adopted to replace the void emergency rule is also held to be unconstitutional or an invalid exercise of delegated legislative authority and becomes void, the department and the applicable boards must follow the nonemergency rulemaking procedures of the Administrative Procedures Act to replace the rule that has become void.

(b) For emergency rules adopted under this section, the department and the applicable boards need not make the findings required by s. 120.54(4)(a), Florida Statutes. Emergency rules adopted under this section are exempt from ss. 120.54(3)(b) and 120.541, Florida Statutes. The department and the applicable boards shall meet the procedural requirements in s. 120.54(4)(a) ~~s. 120.54(a)~~, Florida Statutes, if the department or the applicable boards have, before July 1, 2019 ~~the effective date of this act~~, held any public workshops or hearings on the subject matter of the emergency rules adopted under this subsection. Challenges to emergency rules adopted under this subsection are subject to the time schedules provided in s. 120.56(5), Florida Statutes.

(c) Emergency rules adopted under this section are exempt from s. 120.54(4)(c), Florida Statutes, and shall remain in effect until replaced by rules adopted under the nonemergency rulemaking procedures of the Administrative Procedures Act. *Rules adopted under the nonemergency rulemaking procedures of the Administrative Procedures Act to replace emergency rules adopted under this section are exempt from ss. 120.54(3)(b) and 120.541, Florida Statutes.* By July 1, 2021 ~~January 1, 2018~~, the department and the applicable boards shall initiate non-emergency rulemaking pursuant to the Administrative Procedures Act to replace all emergency rules adopted under this section by publishing a notice of rule development in the Florida Administrative Register. Except as provided in paragraph (a), after July 1, 2021 ~~January 1, 2018~~, the department and applicable boards may not adopt rules pursuant to the emergency rulemaking procedures provided in this section.

Section 35. *The amendment to s. 14(1) of chapter 2017-232, Laws of Florida, by this act expires July 1, 2021, and the text of that subsection shall revert to that in existence on June 30, 2019, except that any*

amendments to such text enacted other than by this act shall be preserved and continue to operate to the extent that such amendments are not dependent upon the portions of text which expire pursuant to this section.

Section 36. *In order to implement Specific Appropriation 195 of the 2020-2021 General Appropriations Act, and notwithstanding s. 409.902(3)-(8), Florida Statutes:*

(1) *The Agency for Health Care Administration shall replace the Medicaid Enterprise System (MES), which includes the Florida Medicaid Management Information System (FMMIS), enrollment broker system, third-party liability functionality, pharmacy benefits management, fraud and abuse case tracking, prior authorization, home health electronic visit verification, and the Health Quality Assurance licensure system, with an integrated enterprise system consisting of a new integration platform, data warehouse, and modules for Provider Management, Case Management, and Recipient Enrollment and Management. The new system, the Florida Health Care Connection (FX) system, must provide better integration with subsystems supporting Florida's Medicaid program; uniformity, consistency, and improved access to data; and compatibility with the Centers for Medicare and Medicaid Services' Medicaid Information Technology Architecture (MITA) as the system matures and expands its functionality.*

(2) *For purposes of replacing MES, the Agency for Health Care Administration shall:*

(a) *Comply with and not exceed the Centers for Medicare and Medicaid Services funding authorizations for the FX system.*

(b) *Ensure compliance and uniformity with published MITA framework and guidelines.*

(c) *Ensure that all business requirements and technical specifications have been provided to the state's health and human services agencies for their review and input, and are approved by the executive steering committee established in paragraph (e), before the agency contracts for implementation or system development of new modules for the FX system.*

(d) *Ensure the new FX system is compatible with and will seamlessly integrate financial and fiscal information into the state's new planning, accounting, and ledger management system, PALM.*

(e) *Implement a project governance structure that includes an executive steering committee composed of:*

1. *The Secretary of Health Care Administration, or the executive sponsor of the project.*

2. *A representative of the Division of Health Quality Assurance of the Agency for Health Care Administration, appointed by the Secretary of Health Care Administration.*

3. *A representative of the Florida Center for Health Information and Transparency of the Agency for Health Care Administration, appointed by the Secretary of Health Care Administration.*

4. *A representative of the Division of Information Technology of the Agency for Health Care Administration, appointed by the Secretary of Health Care Administration.*

5. *A representative of the Division of Operations of the Agency for Health Care Administration, appointed by the Secretary of Health Care Administration.*

6. *Two employees from the Division of Medicaid of the Agency for Health Care Administration, appointed by the Secretary of Health Care Administration.*

7. *The Assistant Secretary for Child Welfare of the Department of Children and Families, or his or her designee.*

8. *The Assistant Secretary for Economic Self-Sufficiency of the Department of Children and Families, or his or her designee.*

9. *The Deputy Secretary for Children's Medical Services of the Department of Health, or his or her designee.*

10. A representative of the Agency for Persons with Disabilities who has experience with the preparation and submission of waivers to the Centers for Medicare and Medicaid Services, appointed by the director of the Agency for Persons with Disabilities.

11. A representative for the Department of Elderly Affairs who has experience with the Medicaid Program within that department, appointed by the Secretary of Elderly Affairs.

12. A representative for the Department of Corrections who has experience Medicaid reporting within that department, appointed by the Secretary of Corrections.

13. A representative for the Medicaid Fraud Control Unit within the Office of the Attorney General, appointed by the Attorney General.

14. A representative of the Department of Financial Services who has experience with the state's financial processes including development of the PALM system, appointed by the Chief Financial Officer.

(3) The Secretary of Health Care Administration or the executive sponsor of the project shall serve as chair of the executive steering committee, and the committee shall take action by a vote of at least 10 affirmative votes with the chair voting on the prevailing side. A quorum of the executive steering committee consists of at least 11 members.

(4) The executive steering committee has the overall responsibility for ensuring that the project to replace MES meets its primary business objectives and shall:

(a) Identify and recommend to the Executive Office of the Governor, the President of the Senate, and the Speaker of the House of Representatives any statutory changes needed to standardize the data collection and reporting for the state's Medicaid program.

(b) Review and approve any changes to the project's scope, schedule, and budget which do not conflict with the requirements of subsection (1).

(c) Ensure that adequate resources are provided throughout all phases of the project.

(d) Approve all major project deliverables.

(e) Approve all solicitation-related documents associated with the replacement of MES.

(5) This section expires July 1, 2021.

Section 37. In order to implement Specific Appropriations 330, 332, 361, and 362 of the 2020-2021 General Appropriations Act, and notwithstanding ss. 216.181 and 216.292, Florida Statutes, the Department of Children and Families may submit a budget amendment, subject to the notice, review, and objection procedures of s. 216.177, Florida Statutes, to realign funding within the department based on the implementation of the Guardianship Assistance Program, between and among the specific appropriations for guardianship assistance payments, foster care Level 1 room and board payments, relative caregiver payments, and nonrelative caregiver payments. This section expires July 1, 2021.

Section 38. In order to implement Specific Appropriations 330 and 332 of the 2020-2021 General Appropriations Act, the Department of Children and Families shall establish a formula to distribute the recurring sums of \$10,597,824 from the General Revenue Fund and \$11,922,238 from the Federal Grants Trust Fund for actual and direct costs to implement the Guardianship Assistance Program, including Level 1 foster care board payments, licensing staff for community-based care lead agencies, and guardianship assistance payments. This section expires July 1, 2021.

Section 39. In order to implement Specific Appropriations 554 through 560 and 562 of the 2020-2021 General Appropriations Act, subsection (3) of section 296.37, Florida Statutes, is amended to read:

296.37 Residents; contribution to support.—

(3) Notwithstanding subsection (1), each resident of the home who receives a pension, compensation, or gratuity from the United States Government, or income from any other source, of more than \$130 per

month shall contribute to his or her maintenance and support while a resident of the home in accordance with a payment schedule determined by the administrator and approved by the director. The total amount of such contributions shall be to the fullest extent possible, but, in no case, shall exceed the actual cost of operating and maintaining the home. This subsection expires July 1, 2021 ~~2020~~.

Section 40. In order to implement Specific Appropriations 353 and 354 of the 2020-2021 General Appropriations Act, and notwithstanding ss. 216.181 and 216.292, Florida Statutes, the Department of Children and Families may submit a budget amendment, subject to the notice, review, and objection procedures of s. 216.177, Florida Statutes, to increase budget authority for the Supplemental Nutrition Assistance Program if additional federal revenue specific to the program becomes available for the program in the 2020-2021 fiscal year. This section expires July 1, 2021.

Section 41. In order to implement Specific Appropriations 312 through 315, 319, 320, 323, 328, 330, and 332 of the 2020-2021 General Appropriations Act, and notwithstanding ss. 216.181 and 216.292, Florida Statutes, the Department of Children and Families may submit a budget amendment, subject to the notice, review, and objection procedures of s. 216.177, Florida Statutes, to realign funding within the Family Safety Program to maximize the use of Title IV-E and other federal funds. This section expires July 1, 2021.

Section 42. In order to implement Specific Appropriations 582 through 673 and 685 through 720 of the 2020-2021 General Appropriations Act, subsection (4) of section 216.262, Florida Statutes, is amended to read:

216.262 Authorized positions.—

(4) Notwithstanding the provisions of this chapter relating to increasing the number of authorized positions, and for the 2020-2021 ~~2019-2020~~ fiscal year only, if the actual inmate population of the Department of Corrections exceeds the inmate population projections of the December 17, 2019 ~~February 22, 2019~~, Criminal Justice Estimating Conference by 1 percent for 2 consecutive months or 2 percent for any month, the Executive Office of the Governor, with the approval of the Legislative Budget Commission, shall immediately notify the Criminal Justice Estimating Conference, which shall convene as soon as possible to revise the estimates. The Department of Corrections may then submit a budget amendment requesting the establishment of positions in excess of the number authorized by the Legislature and additional appropriations from unallocated general revenue sufficient to provide for essential staff, fixed capital improvements, and other resources to provide classification, security, food services, health services, and other variable expenses within the institutions to accommodate the estimated increase in the inmate population. All actions taken pursuant to this subsection are subject to review and approval by the Legislative Budget Commission. This subsection expires July 1, 2021 ~~2020~~.

Section 43. In order to implement Specific Appropriation 707 of the 2020-2021 General Appropriations Act, and upon the expiration and reversion of the amendments made by section 52 of chapter 2019-116, Laws of Florida, paragraph (b) of subsection (8) of section 1011.80, Florida Statutes, is amended to read:

1011.80 Funds for operation of workforce education programs.—

(8)

(b) State funds provided for the operation of postsecondary workforce programs may not be expended for the education of state or federal inmates, except to the extent that such funds are specifically appropriated for such purpose in the 2020-2021 General Appropriations Act ~~with more than 24 months of time remaining to serve on their sentences or federal inmates~~.

Section 44. The amendment made to s. 1011.80(8)(b), Florida Statutes, by this act expires July 1, 2021, and the text of that paragraph shall revert to that in existence on July 1, 2019, but not including any amendments made by this act or chapters 2019-116 and 2018-10, Laws of Florida, and any amendments to such text enacted other than by this act shall be preserved and continue to operate to the extent that such amendments are not dependent upon the portions of text which expire pursuant to this section.

Section 45. In order to implement Specific Appropriations 3187 through 3253 of the 2020-2021 General Appropriations Act, subsection (2) of section 215.18, Florida Statutes, is amended to read:

215.18 Transfers between funds; limitation.—

(2) The Chief Justice of the Supreme Court may receive one or more trust fund loans to ensure that the state court system has funds sufficient to meet its appropriations in the 2020-2021 ~~2019-2020~~ General Appropriations Act. If the Chief Justice accesses the loan, he or she must notify the Governor and the chairs of the legislative appropriations committees in writing. The loan must come from other funds in the State Treasury which are for the time being or otherwise in excess of the amounts necessary to meet the just requirements of such last-mentioned funds. The Governor shall order the transfer of funds within 5 days after the written notification from the Chief Justice. If the Governor does not order the transfer, the Chief Financial Officer shall transfer the requested funds. The loan of funds from which any money is temporarily transferred must be repaid by the end of the 2020-2021 ~~2019-2020~~ fiscal year. This subsection expires July 1, 2021 ~~2020~~.

Section 46. (1) *In order to implement Specific Appropriations 1120 through 1131 of the 2020-2021 General Appropriations Act, the Department of Juvenile Justice is required to review county juvenile detention payments to ensure that counties fulfill their financial responsibilities required in s. 985.6865, Florida Statutes. If the Department of Juvenile Justice determines that a county has not met its obligations, the department shall direct the Department of Revenue to deduct the amount owed to the Department of Juvenile Justice from the funds provided to the county under s. 218.23, Florida Statutes. The Department of Revenue shall transfer the funds withheld to the Shared County/State Juvenile Detention Trust Fund.*

(2) *As an assurance to holders of bonds issued by counties before July 1, 2020, for which distributions made pursuant to s. 218.23, Florida Statutes, are pledged, or bonds issued to refund such bonds which mature no later than the bonds they refunded and which result in a reduction of debt service payable in each fiscal year, the amount available for distribution to a county shall remain as provided by law and continue to be subject to any lien or claim on behalf of the bondholders. The Department of Revenue must ensure, based on information provided by an affected county, that any reduction in amounts distributed pursuant to subsection (1) does not reduce the amount of distribution to a county below the amount necessary for the timely payment of principal and interest when due on the bonds and the amount necessary to comply with any covenant under the bond resolution or other documents relating to the issuance of the bonds. If a reduction to a county's monthly distribution must be decreased in order to comply with this section, the Department of Revenue must notify the Department of Juvenile Justice of the amount of the decrease, and the Department of Juvenile Justice must send a bill for payment of such amount to the affected county.*

(3) *This section expires July 1, 2021.*

Section 47. In order to implement Specific Appropriations 731 through 752, 916 through 1062, and 1083 through 1119 of the 2020-2021 General Appropriations Act, and notwithstanding the expiration date in section 57 of chapter 2019-116, Laws of Florida, present subsection (11) of section 27.40, Florida Statutes, is renumbered as subsection (12), a new subsection (11) is added to that section, and subsection (1), paragraph (a) of subsection (2), paragraph (a) of subsection (3), and subsections (5), (6), and (7) of that section are reenacted, to read:

27.40 Court-appointed counsel; circuit registries; minimum requirements; appointment by court.—

(1) Counsel shall be appointed to represent any individual in a criminal or civil proceeding entitled to court-appointed counsel under the Federal or State Constitution or as authorized by general law. The court shall appoint a public defender to represent indigent persons as authorized in s. 27.51. The office of criminal conflict and civil regional counsel shall be appointed to represent persons in those cases in which provision is made for court-appointed counsel, but only after the public defender has certified to the court in writing that the public defender is unable to provide representation due to a conflict of interest or is not authorized to provide representation. The public defender shall report, in the aggregate, the specific basis of all conflicts of interest certified to

the court. On a quarterly basis, the public defender shall submit this information to the Justice Administrative Commission.

(2)(a) Private counsel shall be appointed to represent persons in those cases in which provision is made for court-appointed counsel but only after the office of criminal conflict and civil regional counsel has been appointed and has certified to the court in writing that the criminal conflict and civil regional counsel is unable to provide representation due to a conflict of interest. The criminal conflict and civil regional counsel shall report, in the aggregate, the specific basis of all conflicts of interest certified to the court. On a quarterly basis, the criminal conflict and civil regional counsel shall submit this information to the Justice Administrative Commission.

(3) In using a registry:

(a) The chief judge of the circuit shall compile a list of attorneys in private practice, by county and by category of cases, and provide the list to the clerk of court in each county. The chief judge of the circuit may restrict the number of attorneys on the general registry list. To be included on a registry, an attorney must certify that he or she:

1. Meets any minimum requirements established by the chief judge and by general law for court appointment;
2. Is available to represent indigent defendants in cases requiring court appointment of private counsel; and
3. Is willing to abide by the terms of the contract for services, s. 27.5304, and this section.

To be included on a registry, an attorney must enter into a contract for services with the Justice Administrative Commission. Failure to comply with the terms of the contract for services may result in termination of the contract and removal from the registry. Each attorney on the registry is responsible for notifying the clerk of the court and the Justice Administrative Commission of any change in his or her status. Failure to comply with this requirement is cause for termination of the contract for services and removal from the registry until the requirement is fulfilled.

(5) The Justice Administrative Commission shall approve uniform contract forms for use in procuring the services of private court-appointed counsel and uniform procedures and forms for use by a court-appointed attorney in support of billing for attorney's fees, costs, and related expenses to demonstrate the attorney's completion of specified duties. Such uniform contracts and forms for use in billing must be consistent with s. 27.5304, s. 216.311, and the General Appropriations Act and must contain the following statement: "The State of Florida's performance and obligation to pay under this contract is contingent upon an annual appropriation by the Legislature."

(6) After court appointment, the attorney must immediately file a notice of appearance with the court indicating acceptance of the appointment to represent the defendant and of the terms of the uniform contract as specified in subsection (5).

(7)(a) A private attorney appointed by the court from the registry to represent a client is entitled to payment as provided in s. 27.5304 so long as the requirements of subsection (1) and paragraph (2)(a) are met. An attorney appointed by the court who is not on the registry list may be compensated under s. 27.5304 only if the court finds in the order of appointment that there were no registry attorneys available for representation for that case and only if the requirements of subsection (1) and paragraph (2)(a) are met.

(b1). The flat fee established in s. 27.5304 and the General Appropriations Act shall be presumed by the court to be sufficient compensation. The attorney shall maintain appropriate documentation, including contemporaneous and detailed hourly accounting of time spent representing the client. If the attorney fails to maintain such contemporaneous and detailed hourly records, the attorney waives the right to seek compensation in excess of the flat fee established in s. 27.5304 and the General Appropriations Act. These records and documents are subject to review by the Justice Administrative Commission and audit by the Auditor General, subject to the attorney-client privilege and work-product privilege. The attorney shall maintain the records and documents in a manner that enables the attorney to redact

any information subject to a privilege in order to facilitate the commission's review of the records and documents and not to impede such review. The attorney may redact information from the records and documents only to the extent necessary to comply with the privilege. The Justice Administrative Commission shall review such records and shall contemporaneously document such review before authorizing payment to an attorney. Objections by or on behalf of the Justice Administrative Commission to records or documents or to claims for payment by the attorney shall be presumed correct by the court unless the court determines, in writing, that competent and substantial evidence exists to justify overcoming the presumption.

2. If an attorney fails, refuses, or declines to permit the commission or the Auditor General to review documentation for a case as provided in this paragraph, the attorney waives the right to seek, and the commission may not pay, compensation in excess of the flat fee established in s. 27.5304 and the General Appropriations Act for that case.

3. A finding by the commission that an attorney has waived the right to seek compensation in excess of the flat fee established in s. 27.5304 and the General Appropriations Act, as provided in this paragraph, shall be presumed to be correct, unless the court determines, in writing, that competent and substantial evidence exists to justify overcoming the presumption.

(11)(a) *The Cross-Jurisdictional Death Penalty Pilot Program is established within the Office of Criminal Conflict and Civil Regional Counsel of the Second Appellate District.*

(b) *If the public defender for the Fifth Judicial Circuit or the Ninth Judicial Circuit is unable to provide representation to an indigent defendant charged with a crime under s. 782.04(1) or s. 790.161(4) to which the provisions of s. 921.141 apply due to a conflict of interest and the Criminal Conflict and Civil Regional Counsel of the Fifth Appellate District is also unable to provide representation for an indigent defendant due to a conflict of interest, the Criminal Conflict and Civil Regional Counsel of the Second Appellate District shall be appointed. If the Criminal Conflict and Civil Regional Counsel of the Second Appellate District is unable to provide representation to an indigent defendant due to a conflict of interest, private counsel shall be appointed as provided pursuant to this chapter.*

(c) *The Office of Criminal Conflict and Civil Regional Counsel of the Second Appellate District shall provide a report on the implementation of the Cross-Jurisdictional Death Penalty Pilot Program to the Governor and the chairs of the appropriations committees of the Senate and House of Representatives no later than 30 days after the end of each calendar quarter. The reports must include the number of cases retained, the number of cases conflicted, the estimated cost savings of the program, and any recommendations to improve the program. The Justice Administrative Commission shall provide data to assist with the program.*

(d) *This subsection expires June 30, 2021. Notwithstanding the expiration of this subsection, appointments made pursuant to this section before June 30, 2021, shall continue until completion of the case.*

Section 48. In order to implement Specific Appropriations 731 through 752, 916 through 1062, and 1083 through 1119 of the 2020-2021 General Appropriations Act, and notwithstanding the expiration date in section 59 of chapter 2019-116, Laws of Florida, subsections (1), (3), (7), and (11), and paragraphs (a) through (e) of subsection (12) of section 27.5304, Florida Statutes, are reenacted, and subsection (13) of that section is amended, to read:

27.5304 Private court-appointed counsel; compensation; notice.—

(1) Private court-appointed counsel appointed in the manner prescribed in s. 27.40(1) and (2)(a) shall be compensated by the Justice Administrative Commission only as provided in this section and the General Appropriations Act. The flat fees prescribed in this section are limitations on compensation. The specific flat fee amounts for compensation shall be established annually in the General Appropriations Act. The attorney also shall be reimbursed for reasonable and necessary expenses in accordance with s. 29.007. If the attorney is representing a defendant charged with more than one offense in the same case, the attorney shall be compensated at the rate provided for the most serious offense for which he or she represented the defendant. This section does not allow stacking of the fee limits established by this section.

(3) The court retains primary authority and responsibility for determining the reasonableness of all billings for attorney fees, costs, and related expenses, subject to statutory limitations and the requirements of s. 27.40(7). Private court-appointed counsel is entitled to compensation upon final disposition of a case.

(7) Counsel eligible to receive compensation from the state for representation pursuant to court appointment made in accordance with the requirements of s. 27.40(1) and (2)(a) in a proceeding under chapter 384, chapter 390, chapter 392, chapter 393, chapter 394, chapter 397, chapter 415, chapter 743, chapter 744, or chapter 984 shall receive compensation not to exceed the limits prescribed in the General Appropriations Act. Any such compensation must be determined as provided in s. 27.40(7).

(11) It is the intent of the Legislature that the flat fees prescribed under this section and the General Appropriations Act comprise the full and complete compensation for private court-appointed counsel. It is further the intent of the Legislature that the fees in this section are prescribed for the purpose of providing counsel with notice of the limit on the amount of compensation for representation in particular proceedings and the sole procedure and requirements for obtaining payment for the same.

(a) If court-appointed counsel moves to withdraw prior to the full performance of his or her duties through the completion of the case, the court shall presume that the attorney is not entitled to the payment of the full flat fee established under this section and the General Appropriations Act.

(b) If court-appointed counsel is allowed to withdraw from representation prior to the full performance of his or her duties through the completion of the case and the court appoints a subsequent attorney, the total compensation for the initial and any and all subsequent attorneys may not exceed the flat fee established under this section and the General Appropriations Act, except as provided in subsection (12).

This subsection constitutes notice to any subsequently appointed attorney that he or she will not be compensated the full flat fee.

(12) The Legislature recognizes that on rare occasions an attorney may receive a case that requires extraordinary and unusual effort.

(a) If counsel seeks compensation that exceeds the limits prescribed by law, he or she must file a motion with the chief judge for an order approving payment of attorney fees in excess of these limits.

1. Before filing the motion, the counsel shall deliver a copy of the intended billing, together with supporting affidavits and all other necessary documentation, to the Justice Administrative Commission.

2. The Justice Administrative Commission shall review the billings, affidavit, and documentation for completeness and compliance with contractual and statutory requirements and shall contemporaneously document such review before authorizing payment to an attorney. If the Justice Administrative Commission objects to any portion of the proposed billing, the objection and supporting reasons must be communicated in writing to the private court-appointed counsel. The counsel may thereafter file his or her motion, which must specify whether the commission objects to any portion of the billing or the sufficiency of documentation, and shall attach the commission's letter stating its objection.

(b) Following receipt of the motion to exceed the fee limits, the chief judge or a single designee shall hold an evidentiary hearing. The chief judge may select only one judge per circuit to hear and determine motions pursuant to this subsection, except multicounty circuits and the eleventh circuit may have up to two designees.

1. At the hearing, the attorney seeking compensation must prove by competent and substantial evidence that the case required extraordinary and unusual efforts. The chief judge or single designee shall consider criteria such as the number of witnesses, the complexity of the factual and legal issues, and the length of trial. The fact that a trial was conducted in a case does not, by itself, constitute competent substantial evidence of an extraordinary and unusual effort. In a criminal case, relief under this section may not be granted if the number of work hours

does not exceed 75 or the number of the state's witnesses deposed does not exceed 20.

2. Objections by or on behalf of the Justice Administrative Commission to records or documents or to claims for payment by the attorney shall be presumed correct by the court unless the court determines, in writing, that competent and substantial evidence exists to justify overcoming the presumption. The chief judge or single designee shall enter a written order detailing his or her findings and identifying the extraordinary nature of the time and efforts of the attorney in the case which warrant exceeding the flat fee established by this section and the General Appropriations Act.

(c) A copy of the motion and attachments shall be served on the Justice Administrative Commission at least 20 business days before the date of a hearing. The Justice Administrative Commission has standing to appear before the court, and may appear in person or telephonically, including at the hearing under paragraph (b), to contest any motion for an order approving payment of attorney fees, costs, or related expenses and may participate in a hearing on the motion by use of telephonic or other communication equipment. The Justice Administrative Commission may contract with other public or private entities or individuals to appear before the court for the purpose of contesting any motion for an order approving payment of attorney fees, costs, or related expenses. The fact that the Justice Administrative Commission has not objected to any portion of the billing or to the sufficiency of the documentation is not binding on the court.

(d) If the chief judge or a single designee finds that counsel has provided by competent and substantial evidence that the case required extraordinary and unusual efforts, the chief judge or single designee shall order the compensation to be paid to the attorney at a percentage above the flat fee rate, depending on the extent of the unusual and extraordinary effort required. The percentage must be only the rate necessary to ensure that the fees paid are not confiscatory under common law. The percentage may not exceed 200 percent of the established flat fee, absent a specific finding that 200 percent of the flat fee in the case would be confiscatory. If the chief judge or single designee determines that 200 percent of the flat fee would be confiscatory, he or she shall order the amount of compensation using an hourly rate not to exceed \$75 per hour for a noncapital case and \$100 per hour for a capital case. However, the compensation calculated by using the hourly rate shall be only that amount necessary to ensure that the total fees paid are not confiscatory, subject to the requirements of s. 27.40(7).

(e) Any order granting relief under this subsection must be attached to the final request for a payment submitted to the Justice Administrative Commission and must satisfy the requirements of subparagraph (b)2.

(13) Notwithstanding the limitation set forth in subsection (5) and for the 2020-2021 ~~2019-2020~~ fiscal year only, the compensation for representation in a criminal proceeding may not exceed the following:

(a) For misdemeanors and juveniles represented at the trial level: \$1,000.

(b) For noncapital, nonlife felonies represented at the trial level: \$15,000.

(c) For life felonies represented at the trial level: \$15,000.

(d) For capital cases represented at the trial level: \$25,000. For purposes of this paragraph, a "capital case" is any offense for which the potential sentence is death and the state has not waived seeking the death penalty.

(e) For representation on appeal: \$9,000.

(f) This subsection expires July 1, 2021 ~~2020~~.

Section 49. *The amendments to s. 27.40(1), (2)(a), (3)(a), (5), (6), and (7), Florida Statutes, and 27.5304(1), (3), (7), (11), and (12)(a)-(e), Florida Statutes, as carried forward from chapter 2019-116, Laws of Florida, by this act, expire July 1, 2021, and the text of those subsections and paragraphs, as applicable, shall revert to that in existence on June 30, 2019, except that any amendments to such text enacted other than by this act shall be preserved and continue to operate to the extent that such*

amendments are not dependent upon the portions of text which expire pursuant to this section.

Section 50. *In order to implement Specific Appropriation 736 of the 2020-2021 General Appropriations Act, and notwithstanding s. 28.35, Florida Statutes, the clerks of the circuit court are responsible for any costs of compensation to jurors, for meals or lodging provided to jurors, and for jury-related personnel costs that exceed the funding provided in the General Appropriations Act for these purposes. This section expires July 1, 2021.*

Section 51. In order to implement Specific Appropriations 916 through 1062 of the 2020-2021 General Appropriations Act, and notwithstanding the expiration date in section 63 of chapter 2019-116, Laws of Florida, paragraph (c) of subsection (19) of section 318.18, Florida Statutes, is reenacted to read:

318.18 Amount of penalties.—The penalties required for a non-criminal disposition pursuant to s. 318.14 or a criminal offense listed in s. 318.17 are as follows:

(19) In addition to any penalties imposed, an Article V assessment of \$10 must be paid for all noncriminal moving and nonmoving violations under chapters 316, 320, and 322. The assessment is not revenue for purposes of s. 28.36 and may not be used in establishing the budget of the clerk of the court under that section or s. 28.35. Of the funds collected under this subsection:

(c) The sum of \$1.67 shall be deposited in the Indigent Criminal Defense Trust Fund for use by the public defenders.

Section 52. In order to implement Specific Appropriations 916 through 1062 of the 2020-2021 General Appropriations Act, and notwithstanding the expiration date in section 63 of chapter 2019-116, Laws of Florida, paragraph (b) of subsection (12) of section 817.568, Florida Statutes, is reenacted to read:

817.568 Criminal use of personal identification information.—

(12) In addition to any sanction imposed when a person pleads guilty or nolo contendere to, or is found guilty of, regardless of adjudication, a violation of this section, the court shall impose a surcharge of \$1,001.

(b) The sum of \$250 of the surcharge shall be deposited into the State Attorneys Revenue Trust Fund for the purpose of funding prosecutions of offenses relating to the criminal use of personal identification information. The sum of \$250 of the surcharge shall be deposited into the Indigent Criminal Defense Trust Fund for the purposes of indigent criminal defense related to the criminal use of personal identification information.

Section 53. *The text of ss. 318.18(19)(c) and 817.568(12)(b), Florida Statutes, as carried forward from chapter 2018-10, Laws of Florida, by this act, expires July 1, 2021, and the text of those paragraphs shall revert to that in existence on June 30, 2018, except that any amendments to such text enacted other than by this act shall be preserved and continue to operate to the extent that such amendments are not dependent upon the portions of text which expire pursuant to this section.*

Section 54. *In order to implement appropriations used to pay existing lease contracts for private lease space in excess of 2,000 square feet in the 2020-2021 General Appropriations Act, the Department of Management Services, with the cooperation of the agencies having the existing lease contracts for office or storage space, shall use tenant broker services to renegotiate or reprocur all private lease agreements for office or storage space expiring between July 1, 2021, and June 30, 2023, in order to reduce costs in future years. The department shall incorporate this initiative into its 2020 master leasing report required under s. 255.249(7), Florida Statutes, and may use tenant broker services to explore the possibilities of collocating office or storage space, to review the space needs of each agency, and to review the length and terms of potential renewals or renegotiations. The department shall provide a report to the Executive Office of the Governor, the President of the Senate, and the Speaker of the House of Representatives by November 1, 2020, which lists each lease contract for private office or storage space, the status of renegotiations, and the savings achieved. This section expires July 1, 2021.*

Section 55. In order to implement appropriations authorized in the 2020-2021 General Appropriations Act for data center services, and notwithstanding s. 216.292(2)(a), Florida Statutes, an agency may not transfer funds from a data processing category to a category other than another data processing category. This section expires July 1, 2021.

Section 56. In order to implement the appropriation of funds in the appropriation category "Data Processing Assessment-Department of Management Services" in the 2020-2021 General Appropriations Act, and pursuant to the notice, review, and objection procedures of s. 216.177, Florida Statutes, the Executive Office of the Governor may transfer funds appropriated in that category between departments in order to align the budget authority granted based on the estimated billing cycle and methodology used by the Department of Management Services for data processing services provided. This section expires July 1, 2021.

Section 57. In order to implement the appropriation of funds in the appropriation category "Special Categories-Risk Management Insurance" in the 2020-2021 General Appropriations Act, and pursuant to the notice, review, and objection procedures of s. 216.177, Florida Statutes, the Executive Office of the Governor may transfer funds appropriated in that category between departments in order to align the budget authority granted with the premiums paid by each department for risk management insurance. This section expires July 1, 2021.

Section 58. In order to implement the appropriation of funds in the appropriation category "Special Categories-Transfer to Department of Management Services-Human Resources Services Purchased per Statewide Contract" in the 2020-2021 General Appropriations Act, and pursuant to the notice, review, and objection procedures of s. 216.177, Florida Statutes, the Executive Office of the Governor may transfer funds appropriated in that category between departments in order to align the budget authority granted with the assessments that must be paid by each agency to the Department of Management Services for human resource management services. This section expires July 1, 2021.

Section 59. In order to implement Specific Appropriations 2388 through 2391 of the 2020-2021 General Appropriations Act:

(1) The Department of Financial Services shall replace the four main components of the Florida Accounting Information Resource Subsystem (FLAIR), which include central FLAIR, departmental FLAIR, payroll, and information warehouse, and shall replace the cash management and accounting management components of the Cash Management Subsystem (CMS) with an integrated enterprise system that allows the state to organize, define, and standardize its financial management business processes and that complies with ss. 215.90-215.96, Florida Statutes. The department may not include in the replacement of FLAIR and CMS:

(a) Functionality that duplicates any of the other information subsystems of the Florida Financial Management Information System; or

(b) Agency business processes related to any of the functions included in the Personnel Information System, the Purchasing Subsystem, or the Legislative Appropriations System/Planning and Budgeting Subsystem.

(2) For purposes of replacing FLAIR and CMS, the Department of Financial Services shall:

(a) Take into consideration the cost and implementation data identified for Option 3 as recommended in the March 31, 2014, Florida Department of Financial Services FLAIR Study, version 031.

(b) Ensure that all business requirements and technical specifications have been provided to all state agencies for their review and input and approved by the executive steering committee established in paragraph (c).

(c) Implement a project governance structure that includes an executive steering committee composed of:

1. The Chief Financial Officer or the executive sponsor of the project.
2. A representative of the Division of Treasury of the Department of Financial Services, appointed by the Chief Financial Officer.

3. A representative of the Division of Information Systems of the Department of Financial Services, appointed by the Chief Financial Officer.

4. Four employees from the Division of Accounting and Auditing of the Department of Financial Services, appointed by the Chief Financial Officer. Each employee must have experience relating to at least one of the four main components that comprise FLAIR.

5. Two employees from the Executive Office of the Governor, appointed by the Governor. One employee must have experience relating to the Legislative Appropriations System/Planning and Budgeting Subsystem.

6. One employee from the Department of Revenue, appointed by the executive director, who has experience relating to the department's SUNTAX system.

7. Two employees from the Department of Management Services, appointed by the Secretary of Management Services. One employee must have experience relating to the department's personnel information subsystem, and one employee must have experience relating to the department's purchasing subsystem.

8. Three state agency administrative services directors, appointed by the Governor. One director must represent a regulatory and licensing state agency, and one director must represent a healthcare-related state agency.

(3) The Chief Financial Officer or the executive sponsor of the project shall serve as chair of the executive steering committee, and the committee shall take action by a vote of at least eight affirmative votes with the Chief Financial Officer or the executive sponsor of the project voting on the prevailing side. A quorum of the executive steering committee consists of at least 10 members.

(4) The executive steering committee has the overall responsibility for ensuring that the project to replace FLAIR and CMS meets its primary business objectives and shall:

(a) Identify and recommend to the Executive Office of the Governor, the President of the Senate, and the Speaker of the House of Representatives any statutory changes needed to implement the replacement subsystem that will standardize, to the fullest extent possible, the state's financial management business processes.

(b) Review and approve any changes to the project's scope, schedule, and budget which do not conflict with the requirements of subsection (1).

(c) Ensure that adequate resources are provided throughout all phases of the project.

(d) Approve all major project deliverables.

(e) Approve all solicitation-related documents associated with the replacement of FLAIR and CMS.

(5) This section expires July 1, 2021.

Section 60. In order to implement Specific Appropriation 1633 of the 2020-2021 General Appropriations Act, paragraph (d) of subsection (11) of section 216.181, Florida Statutes, is amended to read:

216.181 Approved budgets for operations and fixed capital outlay.—

(11)

(d) Notwithstanding paragraph (b) and paragraph (2)(b), and for the 2020-2021 ~~2019-2020~~ fiscal year only, the Legislative Budget Commission may increase the amounts appropriated to the Fish and Wildlife Conservation Commission or the Department of Environmental Protection for fixed capital outlay projects, including additional fixed capital outlay projects, using funds provided to the state from the Gulf Environmental Benefit Fund administered by the National Fish and Wildlife Foundation; funds provided to the state from the Gulf Coast Restoration Trust Fund related to the Resources and Ecosystems Sustainability, Tourist Opportunities, and Revived Economies of the Gulf Coast Act of 2012 (RESTORE Act); or funds provided by the British Petroleum Corporation (BP) for natural resource damage assessment

restoration projects. Concurrent with submission of an amendment to the Legislative Budget Commission pursuant to this paragraph, any project that carries a continuing commitment for future appropriations by the Legislature must be specifically identified, together with the projected amount of the future commitment associated with the project and the fiscal years in which the commitment is expected to commence. This paragraph expires July 1, 2021 ~~2020~~.

The provisions of this subsection are subject to the notice and objection procedures set forth in s. 216.177.

Section 61. In order to implement specific appropriations from the land acquisition trust funds within the Department of Agriculture and Consumer Services, the Department of Environmental Protection, the Department of State, and the Fish and Wildlife Conservation Commission, which are contained in the 2020-2021 General Appropriations Act, subsection (3) of section 215.18, Florida Statutes, is amended to read:

215.18 Transfers between funds; limitation.—

(3) Notwithstanding subsection (1) and only with respect to a land acquisition trust fund in the Department of Agriculture and Consumer Services, the Department of Environmental Protection, the Department of State, or the Fish and Wildlife Conservation Commission, whenever there is a deficiency in a land acquisition trust fund which would render that trust fund temporarily insufficient to meet its just requirements, including the timely payment of appropriations from that trust fund, and other trust funds in the State Treasury have moneys that are for the time being or otherwise in excess of the amounts necessary to meet the just requirements, including appropriated obligations, of those other trust funds, the Governor may order a temporary transfer of moneys from one or more of the other trust funds to a land acquisition trust fund in the Department of Agriculture and Consumer Services, the Department of Environmental Protection, the Department of State, or the Fish and Wildlife Conservation Commission. Any action proposed pursuant to this subsection is subject to the notice, review, and objection procedures of s. 216.177, and the Governor shall provide notice of such action at least 7 days before the effective date of the transfer of trust funds, except that during July 2020 ~~2019~~, notice of such action shall be provided at least 3 days before the effective date of a transfer unless such 3-day notice is waived by the chair and vice-chair of the Legislative Budget Commission. Any transfer of trust funds to a land acquisition trust fund in the Department of Agriculture and Consumer Services, the Department of Environmental Protection, the Department of State, or the Fish and Wildlife Conservation Commission must be repaid to the trust funds from which the moneys were loaned by the end of the 2020-2021 ~~2019-2020~~ fiscal year. The Legislature has determined that the repayment of the other trust fund moneys temporarily loaned to a land acquisition trust fund in the Department of Agriculture and Consumer Services, the Department of Environmental Protection, the Department of State, or the Fish and Wildlife Conservation Commission pursuant to this subsection is an allowable use of the moneys in a land acquisition trust fund because the moneys from other trust funds temporarily loaned to a land acquisition trust fund shall be expended solely and exclusively in accordance with s. 28, Art. X of the State Constitution. This subsection expires July 1, 2021 ~~2020~~.

Section 62. (1) *In order to implement specific appropriations from the land acquisition trust funds within the Department of Agriculture and Consumer Services, the Department of Environmental Protection, the Department of State, and the Fish and Wildlife Conservation Commission, which are contained in the 2020-2021 General Appropriations Act, the Department of Environmental Protection shall transfer revenues from the Land Acquisition Trust Fund within the department to the land acquisition trust funds within the Department of Agriculture and Consumer Services, the Department of State, and the Fish and Wildlife Conservation Commission, as provided in this section. As used in this section, the term "department" means the Department of Environmental Protection.*

(2) *After subtracting any required debt service payments, the proportionate share of revenues to be transferred to each land acquisition trust fund shall be calculated by dividing the appropriations from each of the land acquisition trust funds for the fiscal year by the total appropriations from the Land Acquisition Trust Fund within the department and the land acquisition trust funds within the Department of Agriculture and Consumer Services, the Department of State, and the*

Fish and Wildlife Conservation Commission for the fiscal year. The department shall transfer the proportionate share of the revenues in the Land Acquisition Trust Fund within the department on a monthly basis to the appropriate land acquisition trust funds within the Department of Agriculture and Consumer Services, the Department of State, and the Fish and Wildlife Conservation Commission and shall retain its proportionate share of the revenues in the Land Acquisition Trust Fund within the department. Total distributions to a land acquisition trust fund within the Department of Agriculture and Consumer Services, the Department of State, and the Fish and Wildlife Conservation Commission may not exceed the total appropriations from such trust fund for the fiscal year.

(3) *In addition, the department shall transfer from the Land Acquisition Trust Fund to land acquisition trust funds within the Department of Agriculture and Consumer Services, the Department of State, and the Fish and Wildlife Conservation Commission amounts equal to the difference between the amounts appropriated in chapter 2019-115, Laws of Florida, to the department's Land Acquisition Trust Fund and the other land acquisition trust funds, and the amounts actually transferred between those trust funds during the 2019-2020 fiscal year.*

(4) *The department may advance funds from the beginning unobligated fund balance in the Land Acquisition Trust Fund to the Land Acquisition Trust Fund within the Fish and Wildlife Conservation Commission needed for cash flow purposes based on a detailed expenditure plan. The department shall prorate amounts transferred quarterly to the Fish and Wildlife Conservation Commission to recoup the amount of funds advanced by June 30, 2021.*

(5) *This section expires July 1, 2021.*

Section 63. In order to implement Specific Appropriation 1763 of the 2020-2021 General Appropriations Act, paragraph (e) of subsection (11) of section 216.181, Florida Statutes, is amended to read:

216.181 Approved budgets for operations and fixed capital outlay.—

(11)

(e) Notwithstanding paragraph (b) and paragraph (2)(b), and for the 2020-2021 ~~2019-2020~~ fiscal year only, the Legislative Budget Commission may increase the amounts appropriated to the Department of Environmental Protection for fixed capital outlay projects using funds provided to the state from the environmental mitigation trust administered by a trustee designated by the United States District Court for the Northern District of California for eligible mitigation actions and mitigation action expenditures described in the partial consent decree entered into between the United States of America and Volkswagen relating to violations of the Clean Air Act. Concurrent with submission of an amendment to the Legislative Budget Commission pursuant to this paragraph, any project that carries a continuing commitment for future appropriations by the Legislature must be specifically identified, together with the projected amount of the future commitment associated with the project and the fiscal years in which the commitment is expected to commence. This paragraph expires July 1, 2021 ~~2020~~.

The provisions of this subsection are subject to the notice and objection procedures set forth in s. 216.177.

Section 64. In order to implement Specific Appropriations 1443 through 1452 of the 2020-2021 General Appropriations Act, subsection (4) of section 570.441, Florida Statutes, is amended to read:

570.441 Pest Control Trust Fund.—

(4) In addition to the uses authorized under subsection (2), moneys collected or received by the department under chapter 482 may be used to carry out the provisions of s. 570.44. This subsection expires June 30, 2021 ~~2020~~.

Section 65. In order to implement Specific Appropriation 1380 of the 2020-2021 General Appropriations Act, and notwithstanding the expiration date in section 91 of chapter 2019-116, Laws of Florida, paragraph (a) of subsection (1) of section 570.93, Florida Statutes, is reenacted to read:

570.93 Department of Agriculture and Consumer Services; agricultural water conservation and agricultural water supply planning.—

(1) The department shall establish an agricultural water conservation program that includes the following:

(a) A cost-share program, coordinated with the United States Department of Agriculture and other federal, state, regional, and local agencies when appropriate, for irrigation system retrofit and application of mobile irrigation laboratory evaluations, and for water conservation and water quality improvement pursuant to s. 403.067(7)(c).

Section 66. *The amendment to s. 570.93(1)(a), Florida Statutes, as carried forward from chapter 2019-116, Laws of Florida, by this act, expires July 1, 2021, and the text of that paragraph shall revert to that in existence on June 30, 2019, except that any amendments to such text enacted other than by this act shall be preserved and continue to operate to the extent that such amendments are not dependent upon the portions of text which expire pursuant to this section.*

Section 67. In order to implement Specific Appropriation 1728 of the 2020-2021 General Appropriations Act, paragraph (m) of subsection (3) of section 259.105, Florida Statutes, is amended to read:

259.105 The Florida Forever Act.—

(3) Less the costs of issuing and the costs of funding reserve accounts and other costs associated with bonds, the proceeds of cash payments or bonds issued pursuant to this section shall be deposited into the Florida Forever Trust Fund created by s. 259.1051. The proceeds shall be distributed by the Department of Environmental Protection in the following manner:

(m) Notwithstanding paragraphs (a)-(j) and for the ~~2020-2021~~ ~~2019-2020~~ fiscal year, the amount of \$6 ~~\$33~~ million to only the ~~Division of State Lands within the Department of Environmental Protection for grants pursuant to s. 375.075 the Board of Trustees Florida Forever Priority List land acquisition projects.~~ This paragraph expires July 1, ~~2021~~ ~~2020~~.

Section 68. In order to implement appropriations from the Land Acquisition Trust Fund within the Department of Environmental Protection, paragraph (b) of subsection (3) of section 375.041, Florida Statutes, is amended to read:

375.041 Land Acquisition Trust Fund.—

(3) Funds distributed into the Land Acquisition Trust Fund pursuant to s. 201.15 shall be applied:

(b) Of the funds remaining after the payments required under paragraph (a), but before funds may be appropriated, pledged, or dedicated for other uses:

1. A minimum of the lesser of 25 percent or \$200 million shall be appropriated annually for Everglades projects that implement the Comprehensive Everglades Restoration Plan as set forth in s. 373.470, including the Central Everglades Planning Project subject to Congressional authorization; the Long-Term Plan as defined in s. 373.4592(2); and the Northern Everglades and Estuaries Protection Program as set forth in s. 373.4595. From these funds, \$32 million shall be distributed each fiscal year through the 2023-2024 fiscal year to the South Florida Water Management District for the Long-Term Plan as defined in s. 373.4592(2). After deducting the \$32 million distributed under this subparagraph, from the funds remaining, a minimum of the lesser of 76.5 percent or \$100 million shall be appropriated each fiscal year through the 2025-2026 fiscal year for the planning, design, engineering, and construction of the Comprehensive Everglades Restoration Plan as set forth in s. 373.470, including the Central Everglades Planning Project, the Everglades Agricultural Area Storage Reservoir Project, the Lake Okeechobee Watershed Project, the C-43 West Basin Storage Reservoir Project, the Indian River Lagoon-South Project, the Western Everglades Restoration Project, and the Picayune Strand Restoration Project. The Department of Environmental Protection and the South Florida Water Management District shall give preference to those Everglades restoration projects that reduce harmful discharges of water from Lake Okeechobee to the St. Lucie or Caloosahatchee estuaries in a timely manner. For the purpose of performing the calculation provided in this subparagraph, the amount of debt service paid pursuant to

paragraph (a) for bonds issued after July 1, 2016, for the purposes set forth under paragraph (b) shall be added to the amount remaining after the payments required under paragraph (a). The amount of the distribution calculated shall then be reduced by an amount equal to the debt service paid pursuant to paragraph (a) on bonds issued after July 1, 2016, for the purposes set forth under this subparagraph.

2. A minimum of the lesser of 7.6 percent or \$50 million shall be appropriated annually for spring restoration, protection, and management projects. For the purpose of performing the calculation provided in this subparagraph, the amount of debt service paid pursuant to paragraph (a) for bonds issued after July 1, 2016, for the purposes set forth under paragraph (b) shall be added to the amount remaining after the payments required under paragraph (a). The amount of the distribution calculated shall then be reduced by an amount equal to the debt service paid pursuant to paragraph (a) on bonds issued after July 1, 2016, for the purposes set forth under this subparagraph.

3. The sum of \$5 million shall be appropriated annually each fiscal year through the 2025-2026 fiscal year to the St. Johns River Water Management District for projects dedicated to the restoration of Lake Apopka. This distribution shall be reduced by an amount equal to the debt service paid pursuant to paragraph (a) on bonds issued after July 1, 2016, for the purposes set forth in this subparagraph.

4. The sum of \$64 million is appropriated and shall be transferred to the Everglades Trust Fund for the 2018-2019 fiscal year, and each fiscal year thereafter, for the EAA reservoir project pursuant to s. 373.4598. Any funds remaining in any fiscal year shall be made available only for Phase II of the C-51 reservoir project or projects identified in subparagraph 1. and must be used in accordance with laws relating to such projects. Any funds made available for such purposes in a fiscal year are in addition to the amount appropriated under subparagraph 1. This distribution shall be reduced by an amount equal to the debt service paid pursuant to paragraph (a) on bonds issued after July 1, 2017, for the purposes set forth in this subparagraph.

5. Notwithstanding subparagraph 3., for the ~~2020-2021~~ ~~2019-2020~~ fiscal year, funds shall be appropriated as provided in the General Appropriations Act. This subparagraph expires July 1, ~~2021~~ ~~2020~~.

Section 69. In order to implement Specific Appropriation 2659 of the 2020-2021 General Appropriations Act, paragraph (b) of subsection (3) and subsection (5) of section 321.04, Florida Statutes, are amended to read:

321.04 Personnel of the highway patrol; rank classifications; probationary status of new patrol officers; subsistence; special assignments.—

(3)

(b) For the ~~2020-2021~~ ~~2019-2020~~ fiscal year only, upon the request of the Governor, the Department of Highway Safety and Motor Vehicles shall assign one or more patrol officers to the office of the Lieutenant Governor for security services. This paragraph expires July 1, ~~2021~~ ~~2020~~.

(5) For the ~~2020-2021~~ ~~2019-2020~~ fiscal year only, the assignment of a patrol officer by the department shall include a Cabinet member specified in s. 4, Art. IV of the State Constitution if deemed appropriate by the department or in response to a threat and upon written request of such Cabinet member. This subsection expires July 1, ~~2021~~ ~~2020~~.

Section 70. In order to implement Specific Appropriation 2282 of the 2020-2021 General Appropriations Act, subsection (3) of section 420.9079, Florida Statutes, is amended to read:

420.9079 Local Government Housing Trust Fund.—

(3) For the ~~2020-2021~~ ~~2019-2020~~ fiscal year, funds may be used as provided in the General Appropriations Act. This subsection expires July 1, ~~2021~~ ~~2020~~.

Section 71. In order to implement Specific Appropriation 2281 of the 2020-2021 General Appropriations Act, subsection (2) of section 420.0005, Florida Statutes, is amended to read:

420.0005 State Housing Trust Fund; State Housing Fund.—

(2) For the 2020-2021 ~~2019-2020~~ fiscal year, funds may be used as provided in the General Appropriations Act. This subsection expires July 1, 2021 ~~2020~~.

Section 72. In order to implement Specific Appropriation 2294 of the 2020-2021 General Appropriations Act, subsection (14) of section 288.1226, Florida Statutes, is amended to read:

288.1226 Florida Tourism Industry Marketing Corporation; use of property; board of directors; duties; audit.—

(14) REPEAL.—This section is repealed July 1, 2021 ~~2020~~, unless reviewed and saved from repeal by the Legislature.

Section 73. In order to implement Specific Appropriation 2294 of the 2020-2021 General Appropriations Act, subsection (6) of section 288.923, Florida Statutes, is amended to read:

288.923 Division of Tourism Marketing; definitions; responsibilities.—

(6) This section is repealed July 1, 2021 ~~2020~~, unless reviewed and saved from repeal by the Legislature.

Section 74. In order to implement Specific Appropriation 1915 of the 2020-2021 General Appropriations Act, paragraph (g) of subsection (8) of section 338.2278, Florida Statutes, is amended to read:

338.2278 Multi-use Corridors of Regional Economic Significance Program.—

(8) The amounts identified in subsection (7) by fiscal year shall be allocated as follows:

(g)1. *Except as provided in subparagraph 2., in each fiscal year in which funding provided under this subsection for the Small County Road Assistance Program, the Small County Outreach Program, the Transportation Disadvantaged Trust Fund, or the workforce development program is not committed by the end of each fiscal year, such uncommitted funds shall be used by the department to fund Multi-use Corridors of Regional Economic Significance Program projects. As provided in s. 339.135(7), the adopted work program may be amended to transfer funds between appropriations categories or to increase an appropriation category to implement this paragraph.*

2. *For the 2020-2021 fiscal year, funding provided under this subsection for the Transportation Disadvantaged Trust Fund under paragraph (a) which is uncommitted at the end of the 2019-2020 fiscal year may be used as provided in the General Appropriations Act. This subparagraph expires July 1, 2021.*

Section 75. In order to implement Specific Appropriations 1916 through 1929, 1929F through 1929J, 1944 through 1951, 1953 through 1962, and 1999A through 2011 of the 2020-2021 General Appropriations Act, paragraphs (g) and (h) of subsection (7) of section 339.135, Florida Statutes, are amended to read:

339.135 Work program; legislative budget request; definitions; preparation, adoption, execution, and amendment.—

(7) AMENDMENT OF THE ADOPTED WORK PROGRAM.—

(g)1. Any work program amendment which also requires the transfer of fixed capital outlay appropriations between categories within the department or the increase of an appropriation category is subject to the approval of the Legislative Budget Commission.

2. If a meeting of the Legislative Budget Commission cannot be held within 30 days after the department submits an amendment to the Legislative Budget Commission, the chair and vice chair of the Legislative Budget Commission may authorize such amendment to be approved pursuant to s. 216.177. This subparagraph expires July 1, 2021 ~~2020~~.

(h)1. Any work program amendment that also adds a new project, or phase thereof, to the adopted work program in excess of \$3 million is subject to approval by the Legislative Budget Commission. Any work

program amendment submitted under this paragraph must include, as supplemental information, a list of projects, or phases thereof, in the current 5-year adopted work program which are eligible for the funds within the appropriation category being used for the proposed amendment. The department shall provide a narrative with the rationale for not advancing an existing project, or phase thereof, in lieu of the proposed amendment.

2. *If a meeting of the Legislative Budget Commission cannot be held within 30 days after the department submits an amendment to the commission, the chair and vice chair of the commission may authorize such amendment to be approved pursuant to s. 216.177. This subparagraph expires July 1, 2021.*

Section 76. In order to implement Specific Appropriation 2599 of the 2020-2021 General Appropriations Act, paragraph (d) of subsection (4) of section 112.061, Florida Statutes, is amended to read:

112.061 Per diem and travel expenses of public officers, employees, and authorized persons; statewide travel management system.—

(4) OFFICIAL HEADQUARTERS.—The official headquarters of an officer or employee assigned to an office shall be the city or town in which the office is located except that:

(d) A Lieutenant Governor who permanently resides outside of Leon County, may, if he or she so requests, have an appropriate facility in his or her county designated as his or her official headquarters for purposes of this section. This official headquarters may only serve as the Lieutenant Governor's personal office. The Lieutenant Governor may not use state funds to lease space in any facility for his or her official headquarters.

1. A Lieutenant Governor for whom an official headquarters is established in his or her county of residence pursuant to this paragraph is eligible for subsistence at a rate to be established by the Governor for each day or partial day that the Lieutenant Governor is at the State Capitol to conduct official state business. In addition to the subsistence allowance, a Lieutenant Governor is eligible for reimbursement for transportation expenses as provided in subsection (7) for travel between the Lieutenant Governor's official headquarters and the State Capitol to conduct state business.

2. Payment of subsistence and reimbursement for transportation between a Lieutenant Governor's official headquarters and the State Capitol shall be made to the extent appropriated funds are available, as determined by the Governor.

3. This paragraph expires July 1, 2021 ~~2020~~.

Section 77. In order to implement the salaries and benefits, expenses, other personal services, contracted services, and operating capital outlay categories of the 2020-2021 General Appropriations Act, paragraph (a) of subsection (2) of section 216.292, Florida Statutes, is amended to read:

216.292 Appropriations nontransferable; exceptions.—

(2) The following transfers are authorized to be made by the head of each department or the Chief Justice of the Supreme Court whenever it is deemed necessary by reason of changed conditions:

(a) The transfer of appropriations funded from identical funding sources, except appropriations for fixed capital outlay, and the transfer of amounts included within the total original approved budget and plans of releases of appropriations as furnished pursuant to ss. 216.181 and 216.192, as follows:

1. Between categories of appropriations within a budget entity, if no category of appropriation is increased or decreased by more than 5 percent of the original approved budget or \$250,000, whichever is greater, by all action taken under this subsection.

2. Between budget entities within identical categories of appropriations, if no category of appropriation is increased or decreased by more than 5 percent of the original approved budget or \$250,000, whichever is greater, by all action taken under this subsection.

3. Any agency exceeding salary rate established pursuant to s. 216.181(8) on June 30th of any fiscal year shall not be authorized to make transfers pursuant to subparagraphs 1. and 2. in the subsequent fiscal year.

4. Notice of proposed transfers under subparagraphs 1. and 2. shall be provided to the Executive Office of the Governor and the chairs of the legislative appropriations committees at least 3 days prior to agency implementation in order to provide an opportunity for review. The review shall be limited to ensuring that the transfer is in compliance with the requirements of this paragraph.

5. For the 2020-2021 ~~2019-2020~~ fiscal year, the review shall ensure that transfers proposed pursuant to this paragraph comply with this chapter, maximize the use of available and appropriate trust funds, and are not contrary to legislative policy and intent. This subparagraph expires July 1, 2021 ~~2020~~.

Section 78. *In order to implement section 8 of the 2020-2021 General Appropriations Act, notwithstanding s. 110.123(3)(f) and (j), Florida Statutes, the Department of Management Services shall maintain and offer the same PPO and HMO health plan alternatives to the participants of the state group health insurance program during the 2020-2021 fiscal year which were in effect for the 2019-2020 fiscal year. This section expires July 1, 2021.*

Section 79. *In order to implement the appropriation of funds in the special categories, contracted services, and expenses categories of the 2020-2021 General Appropriations Act, a state agency may not initiate a competitive solicitation for a product or service if the completion of such competitive solicitation would:*

(1) *Require a change in law; or*

(2) *Require a change to the agency's budget other than a transfer authorized in s. 216.292(2) or (3), Florida Statutes, unless the initiation of such competitive solicitation is specifically authorized in law, in the General Appropriations Act, or by the Legislative Budget Commission.*

This section does not apply to a competitive solicitation for which the agency head certifies that a valid emergency exists. This section expires July 1, 2021.

Section 80. In order to implement appropriations for salaries and benefits in the 2020-2021 General Appropriations Act, subsection (6) of section 112.24, Florida Statutes, is amended to read:

112.24 Intergovernmental interchange of public employees.—To encourage economical and effective utilization of public employees in this state, the temporary assignment of employees among agencies of government, both state and local, and including school districts and public institutions of higher education is authorized under terms and conditions set forth in this section. State agencies, municipalities, and political subdivisions are authorized to enter into employee interchange agreements with other state agencies, the Federal Government, another state, a municipality, or a political subdivision including a school district, or with a public institution of higher education. State agencies are also authorized to enter into employee interchange agreements with private institutions of higher education and other nonprofit organizations under the terms and conditions provided in this section. In addition, the Governor or the Governor and Cabinet may enter into employee interchange agreements with a state agency, the Federal Government, another state, a municipality, or a political subdivision including a school district, or with a public institution of higher learning to fill, subject to the requirements of chapter 20, appointive offices which are within the executive branch of government and which are filled by appointment by the Governor or the Governor and Cabinet. Under no circumstances shall employee interchange agreements be utilized for the purpose of assigning individuals to participate in political campaigns. Duties and responsibilities of interchange employees shall be limited to the mission and goals of the agencies of government.

(6) For the 2020-2021 ~~2019-2020~~ fiscal year only, the assignment of an employee of a state agency as provided in this section may be made if recommended by the Governor or Chief Justice, as appropriate, and approved by the chairs of the legislative appropriations committees. Such actions shall be deemed approved if neither chair provides written

notice of objection within 14 days after receiving notice of the action pursuant to s. 216.177. This subsection expires July 1, 2021 ~~2020~~.

Section 81. *In order to implement Specific Appropriations 2727 and 2728 of the 2020-2021 General Appropriations Act, and notwithstanding s. 11.13(1), Florida Statutes, the authorized salaries for members of the Legislature for the 2020-2021 fiscal year shall be set at the same level in effect on July 1, 2010. This section expires July 1, 2021.*

Section 82. In order to implement the transfer of funds from the General Revenue Fund from trust funds for the 2020-2021 General Appropriations Act, and notwithstanding the expiration date in section 110 of chapter 2019-116, Laws of Florida, paragraph (b) of subsection (2) of section 215.32, Florida Statutes, is reenacted to read:

215.32 State funds; segregation.—

(2) The source and use of each of these funds shall be as follows:

(b)1. The trust funds shall consist of moneys received by the state which under law or under trust agreement are segregated for a purpose authorized by law. The state agency or branch of state government receiving or collecting such moneys is responsible for their proper expenditure as provided by law. Upon the request of the state agency or branch of state government responsible for the administration of the trust fund, the Chief Financial Officer may establish accounts within the trust fund at a level considered necessary for proper accountability. Once an account is established, the Chief Financial Officer may authorize payment from that account only upon determining that there is sufficient cash and releases at the level of the account.

2. In addition to other trust funds created by law, to the extent possible, each agency shall use the following trust funds as described in this subparagraph for day-to-day operations:

a. Operations or operating trust fund, for use as a depository for funds to be used for program operations funded by program revenues, with the exception of administrative activities when the operations or operating trust fund is a proprietary fund.

b. Operations and maintenance trust fund, for use as a depository for client services funded by third-party payors.

c. Administrative trust fund, for use as a depository for funds to be used for management activities that are departmental in nature and funded by indirect cost earnings and assessments against trust funds. Proprietary funds are excluded from the requirement of using an administrative trust fund.

d. Grants and donations trust fund, for use as a depository for funds to be used for allowable grant or donor agreement activities funded by restricted contractual revenue from private and public nonfederal sources.

e. Agency working capital trust fund, for use as a depository for funds to be used pursuant to s. 216.272.

f. Clearing funds trust fund, for use as a depository for funds to account for collections pending distribution to lawful recipients.

g. Federal grant trust fund, for use as a depository for funds to be used for allowable grant activities funded by restricted program revenues from federal sources.

To the extent possible, each agency must adjust its internal accounting to use existing trust funds consistent with the requirements of this subparagraph. If an agency does not have trust funds listed in this subparagraph and cannot make such adjustment, the agency must recommend the creation of the necessary trust funds to the Legislature no later than the next scheduled review of the agency's trust funds pursuant to s. 215.3206.

3. All such moneys are hereby appropriated to be expended in accordance with the law or trust agreement under which they were received, subject always to the provisions of chapter 216 relating to the appropriation of funds and to the applicable laws relating to the deposit or expenditure of moneys in the State Treasury.

4.a. Notwithstanding any provision of law restricting the use of trust funds to specific purposes, unappropriated cash balances from selected trust funds may be authorized by the Legislature for transfer to the Budget Stabilization Fund and General Revenue Fund in the General Appropriations Act.

b. This subparagraph does not apply to trust funds required by federal programs or mandates; trust funds established for bond covenants, indentures, or resolutions whose revenues are legally pledged by the state or public body to meet debt service or other financial requirements of any debt obligations of the state or any public body; the Division of Licensing Trust Fund in the Department of Agriculture and Consumer Services; the State Transportation Trust Fund; the trust fund containing the net annual proceeds from the Florida Education Lotteries; the Florida Retirement System Trust Fund; trust funds under the management of the State Board of Education or the Board of Governors of the State University System, where such trust funds are for auxiliary enterprises, self-insurance, and contracts, grants, and donations, as those terms are defined by general law; trust funds that serve as clearing funds or accounts for the Chief Financial Officer or state agencies; trust funds that account for assets held by the state in a trustee capacity as an agent or fiduciary for individuals, private organizations, or other governmental units; and other trust funds authorized by the State Constitution.

Section 83. *The text of s. 215.32(2)(b), Florida Statutes, as carried forward from chapter 2011-47, Laws of Florida, by this act, expires July 1, 2021, and the text of that paragraph shall revert to that in existence on June 30, 2011, except that any amendments to such text enacted other than by this act shall be preserved and continue to operate to the extent that such amendments are not dependent upon the portions of text which expire pursuant to this section.*

Section 84. *In order to implement appropriations in the 2020-2021 General Appropriations Act for state employee travel, the funds appropriated to each state agency which may be used for travel by state employees are limited during the 2020-2021 fiscal year to travel for activities that are critical to each state agency's mission. Funds may not be used for travel by state employees to foreign countries, other states, conferences, staff training activities, or other administrative functions unless the agency head has approved, in writing, that such activities are critical to the agency's mission. The agency head shall consider using teleconferencing and other forms of electronic communication to meet the needs of the proposed activity before approving mission-critical travel. This section does not apply to travel for law enforcement purposes, military purposes, emergency management activities, or public health activities. This section expires July 1, 2021.*

Section 85. *In order to implement appropriations in the 2020-2021 General Appropriations Act for state employee travel and notwithstanding s. 112.061, Florida Statutes, costs for lodging associated with a meeting, conference, or convention organized or sponsored in whole or in part by a state agency or the judicial branch may not exceed \$225 per day. An employee may expend his or her own funds for any lodging expenses in excess of \$225 per day. For purposes of this section, a meeting does not include travel activities for conducting an audit, examination, inspection, or investigation or travel activities related to a litigation or emergency response. This section expires July 1, 2021.*

Section 86. *In order to implement the appropriation of funds in the special categories, contracted services, and expenses categories of the 2020-2021 General Appropriations Act, a state agency may not enter into a contract containing a nondisclosure clause that prohibits the contractor from disclosing information relevant to the performance of the contract to members or staff of the Senate or the House of Representatives. This section expires July 1, 2021.*

Section 87. *Any section of this act which implements a specific appropriation or specifically identified proviso language in the 2020-2021 General Appropriations Act is void if the specific appropriation or specifically identified proviso language is vetoed. Any section of this act which implements more than one specific appropriation or more than one portion of specifically identified proviso language in the 2020-2021 General Appropriations Act is void if all the specific appropriations or portions of specifically identified proviso language are vetoed.*

Section 88. *If any other act passed during the 2020 Regular Session of the Legislature contains a provision that is substantively the same as a*

provision in this act, but that removes or is otherwise not subject to the future repeal applied to such provision by this act, the Legislature intends that the provision in the other act takes precedence and continues to operate, notwithstanding the future repeal provided by this act.

Section 89. *If any provision of this act or its application to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.*

Section 90. Except as otherwise expressly provided in this act and except for this section, which shall take effect upon this act becoming a law, this act shall take effect July 1, 2020; or, if this act fails to become a law until after that date, it shall take effect upon becoming a law and shall operate retroactively to July 1, 2020.

And the title is amended as follows:

PRAYER

The following prayer was offered by Pastor Robert Sutton, Southwood Baptist Church, Tallahassee:

Our Father, we thank you for the privilege to be here in this chamber. Lord, a lot of business goes on in this chamber. These men and these ladies have been given a task. Lord, I pray that you would grant them wisdom as they serve this great state. We're thankful for them and the call on their lives to serve you here. Lord, I know that many of them come from long distances, and they have families at home. Lord, I pray that you would bless their families, watch over them, and keep them safe.

I pray that you would grant them the wisdom that they need. Lord, may they have clean hands as they serve here in this chamber. Lord, I pray that you would be with our first responders in our state and that you would watch over them and protect them. Lord, for our military, bless them and watch over them. Thank you for them. Again, I pray that you would bless the proceedings of this day. May you be honored and glorified in everything that is done here for our state. In Jesus' name we pray. Amen.

PLEDGE

Senate Pages, Corey Conzett of St. Cloud; Langston Farmer of Tallahassee; Melissa Martinez of Miami; Elizabeth Newland of Tallahassee; and Austin O'Dell of Starke, led the Senate in the Pledge of Allegiance to the flag of the United States of America.

DOCTOR OF THE DAY

The President recognized Dr. Michelle Brandhorst of Pensacola, sponsored by Senator Broxson, as the doctor of the day. Dr. Brandhorst specializes in family medicine.

ADOPTION OF RESOLUTIONS

At the request of Senator Book—

By Senators Book, Rader, Thurston, and Farmer—

SR 36—A resolution commending the trauma care teams at Broward Health Medical Center and Broward Health North for their heroic response to the mass shooting at Marjory Stoneman Douglas High School and recognizing Broward Health for its commitment to promoting preparedness for mass casualty incidents.

WHEREAS, on February 14, 2018, the Level I Trauma Center at Broward Health Medical Center and the Level II Trauma Center at Broward Health North activated their mass casualty trauma care teams in response to the mass shooting at Marjory Stoneman Douglas High School in Parkland, saving the lives of 13 individuals and returning them to their families, and

WHEREAS, the Level I Trauma Center at Broward Health Medical Center and the Level II Trauma Center at Broward Health North strive to foster the most clinically proficient and highly skilled critical care by surgeons and trauma care teams, setting an example for communities nationwide, and

WHEREAS, all Floridians are grateful for the quick action of the many selfless medical professionals who cared for the injured, and

WHEREAS, it is essential that Broward Health Medical Center and Broward Health North be recognized for the value and accomplishments of their trauma centers and their trauma care teams, which consist of dedicated men and women who save lives and respond both to traumatic injuries and mass casualty incidents, NOW, THEREFORE,

Be It Resolved by the Senate of the State of Florida:

That the members of the Senate commend the trauma care teams at the Level I Trauma Center at Broward Health Medical Center and the Level II Trauma Center at Broward Health North for their heroic response to the mass shooting at Marjory Stoneman Douglas High School and recognize Broward Health for its commitment to promoting preparedness for mass casualty incidents, and

BE IT FURTHER RESOLVED that copies of this resolution, with the Seal of the Senate affixed, be presented to the Level I Trauma Center at Broward Health Medical Center, the Level II Trauma Center at Broward Health North, and Broward Health as tangible tokens of the sentiments of the Florida Senate.

—was introduced, read, and adopted by publication.

At the request of Senator Broxson—

By Senator Broxson—

SR 1906—A resolution commending the University of West Florida Argonauts football team for winning the 2019 NCAA Division II Football Championship.

WHEREAS, the University of West Florida Argonauts football team completed the 2019 regular season with an 8-2 record, qualifying for the National Collegiate Athletic Association (NCAA) Division II national championship playoffs, and

WHEREAS, the Argonauts football team began its playoff journey, nicknamed the “Trap Tour,” by completing one of the most remarkable postseason feats in NCAA football history, defeating three number 1 seeds, including the defending national champion, and ending the three longest home field winning streaks in NCAA Division II football, and

WHEREAS, this historic feat qualified the Argonauts to compete for the NCAA Division II Football Championship just 4 years after the founding of the team, making the Argonauts the first team in NCAA Division II football history to qualify to play in the national championship in so short a period of time, and

WHEREAS, on December 21, 2019, in McKinney, Texas, the Argonauts defeated the Minnesota State University football team, ending one of the longest winning streaks in NCAA Division II football and claiming their first NCAA Division II Football Championship for the Argonauts, and

WHEREAS, Argonauts wide receiver Quentin Randolph had 10 receptions for a school record of 254 yards and tied the NCAA Division II Football Championship game receiving record with three touchdowns, and

WHEREAS, Argonauts wide receiver Tate Lehito had 13 receptions and set the NCAA Division II Football Championship game receiving record with 139 yards and one touchdown, and

WHEREAS, Argonauts quarterback Austin Reed finished with a school and NCAA Division II Football Championship game record of 523 passing yards and six passing touchdowns, and

WHEREAS, the Argonauts football team is the only team in the State University System to earn a national football championship title for the 2019 season, NOW, THEREFORE,

Be It Resolved by the Senate of the State of Florida:

That the University of West Florida Argonauts football team is commended for winning the 2019 NCAA Division II Football Championship.

BE IT FURTHER RESOLVED that a copy of this resolution be presented to University of West Florida President Martha D. Saunders, Director of Athletics Dave Scott, Head Coach Pete Shinnick, and Assistant Head Coach Steve Saulnier as a tangible token of the sentiments expressed herein.

—was introduced, read, and adopted by publication.

At the request of Senator Wright—

By Senator Wright—

SR 1912—A resolution recognizing the fourth Thursday in March as “Tuskegee Airmen Commemoration Day” in Florida to honor the outstanding service of the Tuskegee Airmen to their country.

WHEREAS, before World War II, discriminatory policies restricted the service of African Americans in the United States Armed Forces, and African Americans were excluded from serving in the field of military aviation, and

WHEREAS, by the time that the United States was drawn into World War II, African Americans had long aspired to fully serve and protect their country in the military, including in the field of aviation, and

WHEREAS, the rapid expansion of aircraft production and use during the war created a greater need for military pilots, leading to a public call on the War Department to extend the opportunity to fly aircraft to all servicemembers, regardless of race, and

WHEREAS, to meet the need for pilots, the United States War Department’s Civilian Pilot Training Program (CPTP) authorized colleges, universities, and flight schools to train students to fly and maintain military aircraft, thereby increasing the nation’s military preparedness, and

WHEREAS, the Tuskegee Institute, now Tuskegee University, in Alabama was one of six historically black colleges and universities chosen to participate in the CPTP and was later selected to offer advanced CPTP training and to serve as the sole training site for African-American military pilots, and

WHEREAS, more than 15,000 men and women were involved in what was then referred to as the “Tuskegee Experience,” in which African Americans trained to fly and maintain combat aircraft, and

WHEREAS, the Tuskegee Airmen—the pilots, navigators, bombardiers, maintenance and support staff, and instructors who trained at the Tuskegee Institute—served bravely and effectively in the war, at times exceeding the success rates of other Air Force squadrons, and

WHEREAS, the month of March holds a special place in the history of the Tuskegee Airmen, for it was in March that the first cadets received their wings; the first maintenance crew began training at Chanute Field in Illinois; the first Pursuit Squadron, the 99th, was activated; and President George W. Bush presented the Tuskegee Airmen with the Congressional Gold Medal in 2007, and

WHEREAS, many Tuskegee Airmen have direct connections to this state, NOW, THEREFORE,

Be It Resolved by the Senate of the State of Florida:

That the fourth Thursday in March is recognized as “Tuskegee Airmen Commemoration Day” in Florida to honor the outstanding service of the Tuskegee Airmen to their country.

—was introduced, read, and adopted by publication.

By Senator Wright—

SR 1914—A resolution recognizing the 2018-2019 and 2019-2020 transitional kindergarten classes at Tropical Elementary School for their creation and promotion of the “Kindness All Around” symbol.

WHEREAS, the term “kind” describes a person who has a sympathetic or helpful nature, with the term “kindness” meaning the quality or state of being kind, and

WHEREAS, the 2018-2019 transitional kindergarten students of Barbara Wilcox’s class at Tropical Elementary School in Merritt Island created the “Kindness All Around” symbol to educate the public on the power of kindness, believing that helping others become more aware of kindness will generate more kindness, and

WHEREAS, Barbara Wilcox’s 2019-2020 students are continuing the initiative by promoting the symbol with a classroom grant from the Brevard Schools Foundation, supported by the State of Florida School District Education Foundation Matching Grant Program, and

WHEREAS, the symbol, a heart encircled by a thin ring of connected arrows, is a visual image that reminds people to be more aware of ways to integrate kindness into their daily lives, and

WHEREAS, hundreds of individuals from across the United States, England, the Philippines, Australia, Spain, Canada, France, Ireland, and many other nations and the African continent have put their support behind the symbol, and

WHEREAS, there are existing symbols that serve as representations of love, peace, and happiness, and the addition of a kindness symbol will

become a reminder of our human capacity for helpful generosity, sympathy, thoughtfulness, and understanding, NOW, THEREFORE,

Be It Resolved by the Senate of the State of Florida:

That the 2018-2019 and 2019-2020 transitional kindergarten students at Tropical Elementary School are recognized for their creation and promotion of the “Kindness All Around” symbol.

BE IT FURTHER RESOLVED that a copy of this resolution be presented to Barbara Wilcox’s 2018-2019 and 2019-2020 transitional kindergarten classes at Tropical Elementary School as a tangible token of the sentiments expressed herein.

—was introduced, read, and adopted by publication.

On motion by Senator Flores—

SR 1704—A resolution encouraging the enhancement of the sister-state relationship and bilateral economic and cultural ties between Florida and the Republic of China, also known as Taiwan, and reaffirming and maintaining the commitment of the State of Florida to its strong and deepening relationship with the Republic of China, as the two embrace the same fundamental values of freedom, democracy, and the protection of human rights.

WHEREAS, Tsai Ing-wen, the first female president of the Republic of China, also known as Taiwan, was welcomed to this state in June 2016, as will be the Speaker of Tainan City, Kuo Hsin-liang, and his

delegation in 2020, further enhancing the bilateral relationship between the Republic of China and Florida, as well as strengthening the common values the republic shares with the United States, and

WHEREAS, the United States and the Republic of China have maintained and enhanced a close friendship over the decades, encompassing commercial, cultural, and other interactions based on the 1979 Taiwan Relations Act, the cornerstone of United States-Republic of China ties, and the 41st anniversary of enactment of the act will be celebrated in 2020, and

WHEREAS, the Republic of China is an East Asian partner and promoter of regional stability in the Western Pacific with the United States, which continues to provide defensive weaponry and arms to the Republic of China through the sale of naval vessels, equipment, and munitions, including 60 Sikorsky UH-60M Black Hawk helicopters, the ownership of which was officially transferred in Florida, with most post-sale training conducted in this state, creating local job opportunities and helping the Republic of China maintain its defensive capabilities in the region, and

WHEREAS, the launch of FORMOSAT-7/COSMIC-2 on June 25, 2019, a collaborative space program advanced by the United States and the Republic of China, which involves the deployment of six satellites designed to enhance the accuracy of atmospheric weather prediction, has demonstrated the mutual benefit born of the relationship, and

WHEREAS, the Legislature encourages and supports the Republic of China's meaningful participation in international organizations, including its bid for observer status in the International Criminal Police Organization and the World Health Assembly, along with meaningful participation in the United Nations Framework Convention on Climate Change and the International Civil Aviation Organization for aviation safety in East Asia, which is in the best interests of both regional and global economic and civil activities, and

WHEREAS, the Republic of China participates in, observes, or cooperates with more than 50 international organizations and holds membership status in both the Asia-Pacific Economic Cooperation and the World Trade Organization, and

WHEREAS, the Republic of China has been a member of the United States Visa Waiver Program since November 1, 2012, reflecting the cooperation between the United States and the Republic of China and making two-way travel for business and tourism more convenient, and

WHEREAS, in regard to the Republic of China's contributions in the global market of both traditional and innovative industries, support for continued bilateral dialogue under the Trade and Investment Framework Agreement, with efforts toward exploring the possibilities for a future bilateral trade agreement with the United States, will globalize the Republic of China's economy and eliminate trade barriers, thus solidifying the Republic of China as a robust and trustworthy partner to the United States for trade and security in East Asia, and

WHEREAS, the Republic of China is the United States' tenth largest trading partner and Florida's sixth largest export market in Asia, garnering the Sunshine State more than 7,850 jobs and \$944.3 million in trade and investment ties in 2018, and

WHEREAS, sister-state relations exist between the State of Florida and the Republic of China; Miami-Dade County and New Taipei City, formerly known as Taipei County; the Port of Miami and the Port of Kaohsiung; Tainan City and the City of Orlando; and Kaohsiung City and the City of Fort Lauderdale, the City of Miami, and the City of Pensacola, NOW, THEREFORE,

Be It Resolved by the Senate of the State of Florida:

That the relationship and shared interests between the people of the Republic of China, also known as Taiwan, and the United States, are recognized, and the aforementioned interests and efforts for partnership are supported, and

BE IT FURTHER RESOLVED that the Senate expresses its support for future opportunities of international trade developments with the Republic of China to further strengthen the substantive relationship between Florida and the Republic of China, and

BE IT FURTHER RESOLVED that a copy of this resolution, with the Seal of the Senate affixed, be transmitted to President Tsai Ing-wen and Speaker Kuo Hsin-liang through the Taipei Economic and Cultural Office in Miami and the Executive Office of the Governor as a tangible token of the sentiments of the Florida Senate.

961.03, Florida Statutes, is amended, and paragraph (c) is added to that subsection, to read:

961.03 Determination of status as a wrongfully incarcerated person; determination of eligibility for compensation.—

(1)

(b) The person must file the petition with the court:

1. *Within 2 years after the order vacating a conviction and sentence becomes final and the criminal charges against the person are dismissed or the person is retried and found not guilty, if the person's conviction and sentence is vacated on or after July 1, 2020.*

2. *By July 1, 2022, if the person's conviction and sentence was vacated and the criminal charges against the person were dismissed or the person was retried and found not guilty after July 1, 2008, but before July 1, 2020, and he or she previously filed a claim under this section that was dismissed or did not file a claim under this section because the:*

a. *Date when the criminal charges against the person were dismissed or the date the person was acquitted upon retrial occurred more than 90 days after the date of the final order vacating the conviction and sentence; or*

b. *Person was convicted of an unrelated felony before his or her wrongful conviction and incarceration and was previously barred under s. 961.04.*

~~1. Within 90 days after the order vacating a conviction and sentence becomes final if the person's conviction and sentence is vacated on or after July 1, 2008.~~

~~2. By July 1, 2010, if the person's conviction and sentence was vacated by an order that became final prior to July 1, 2008.~~

(c) *A deceased person's heirs, successors, or assigns do not have standing to file a claim on the deceased person's behalf under this section.*

Section 5. Subsections (3), (4), and (5) of section 961.04, Florida Statutes, are renumbered as subsections (1), (2), and (3), respectively, and present subsections (1) and (2) of that section are amended, to read:

961.04 Eligibility for compensation for wrongful incarceration.—A wrongfully incarcerated person is not eligible for compensation under the act if:

~~(1) Before the person's wrongful conviction and incarceration, the person was convicted of, or pled guilty or nolo contendere to, regardless of adjudication, any violent felony, or a crime committed in another jurisdiction the elements of which would constitute a violent felony in this state, or a crime committed against the United States which is designated a violent felony, excluding any delinquency disposition;~~

~~(2) Before the person's wrongful conviction and incarceration, the person was convicted of, or pled guilty or nolo contendere to, regardless of adjudication, more than one felony that is not a violent felony, or more than one crime committed in another jurisdiction, the elements of which would constitute a felony in this state, or more than one crime committed against the United States which is designated a felony, excluding any delinquency disposition;~~

Section 6. Section 961.06, Florida Statutes, is amended to read:

961.06 Compensation for wrongful incarceration.—

(1) Except as otherwise provided in this act and subject to the limitations and procedures prescribed in this section, a person who is found to be entitled to compensation under the provisions of this act is entitled to:

(a) Monetary compensation for wrongful incarceration, which shall be calculated at a rate of \$50,000 for each year of wrongful incarceration, prorated as necessary to account for a portion of a year. For persons found to be wrongfully incarcerated after December 31, 2008, the Chief Financial Officer may adjust the annual rate of compensation for inflation using the change in the December-to-December "Consumer Price Index for All Urban Consumers" of the Bureau of Labor Statistics of the Department of Labor;

(b) A waiver of tuition and fees for up to 120 hours of instruction at any career center established under s. 1001.44, any Florida College System institution as defined in s. 1000.21(3), or any state university as defined in s. 1000.21(6), if the wrongfully incarcerated person meets and maintains the regular admission requirements of such career center, Florida College System institution, or state university; remains registered at such educational institution; and makes satisfactory academic progress as defined by the educational institution in which the claimant is enrolled;

(c) The amount of any fine, penalty, or court costs imposed and paid by the wrongfully incarcerated person;

(d) The amount of any reasonable attorney attorney's fees and expenses incurred and paid by the wrongfully incarcerated person in connection with all criminal proceedings and appeals regarding the wrongful conviction, to be calculated by the department based upon the supporting documentation submitted as specified in s. 961.05; and

(e) Notwithstanding any provision to the contrary in s. 943.0583 or s. 943.0585, immediate administrative expunction of the person's criminal record resulting from his or her wrongful arrest, wrongful conviction, and wrongful incarceration. The Department of Legal Affairs and the Department of Law Enforcement shall, upon a determination that a claimant is entitled to compensation, immediately take all action necessary to administratively expunge the claimant's criminal record arising from his or her wrongful arrest, wrongful conviction, and wrongful incarceration. All fees for this process shall be waived.

The total compensation awarded under paragraphs (a), (c), and (d) may not exceed \$2 million. No further award for attorney attorney's fees,

lobbying fees, costs, or other similar expenses shall be made by the state.

(2) In calculating monetary compensation under paragraph (1)(a), a wrongfully incarcerated person who is placed on parole or community supervision while serving the sentence resulting from the wrongful conviction and who commits no more than one felony that is not a violent felony which results in revocation of the parole or community supervision is eligible for compensation for the total number of years incarcerated. A wrongfully incarcerated person who commits one violent felony or more than one felony that is not a violent felony that results in revocation of the parole or community supervision is ineligible for any compensation under subsection (1).

(3) Within 15 calendar days after issuing notice to the claimant that his or her claim satisfies all of the requirements under this act, the department shall notify the Chief Financial Officer to draw a warrant from the General Revenue Fund or another source designated by the Legislature in law for the purchase of an annuity for the claimant based on the total amount determined by the department under this act.

(4) The Chief Financial Officer shall issue payment in the amount determined by the department to an insurance company or other financial institution admitted and authorized to issue annuity contracts in this state to purchase an annuity or annuities, selected by the wrongfully incarcerated person, for a term of not less than 10 years. The Chief Financial Officer is directed to execute all necessary agreements to implement this act and to maximize the benefit to the wrongfully incarcerated person. The terms of the annuity or annuities shall:

(a) Provide that the annuity or annuities may not be sold, discounted, or used as security for a loan or mortgage by the wrongfully incarcerated person.

(b) Contain beneficiary provisions for the continued disbursement of the annuity or annuities in the event of the death of the wrongfully incarcerated person.

(5) *If, at the time monetary compensation is determined under paragraph (1)(a), a court has previously entered a monetary judgment in favor of the claimant in a civil action related to the person's wrongful incarceration, or the claimant has entered into a settlement agreement with the state or any political subdivision thereof related to the person's wrongful incarceration, the amount of the damages in the civil action or settlement agreement, less any sums paid for attorney fees or for costs incurred in litigating the civil action or obtaining the settlement agreement, must be deducted from the total monetary compensation to which the claimant is entitled under this section. Before the department approves the application for compensation, the wrongfully incarcerated person must sign a release and waiver on behalf of the wrongfully incarcerated person and his or her heirs, successors, and assigns, forever releasing the state or any agency, instrumentality, or any political subdivision thereof, or any other entity subject to s. 768.28, from all present or future claims that the wrongfully incarcerated person or his or her heirs, successors, or assigns may have against such entities arising out of the facts in connection with the wrongful conviction for which compensation is being sought under the act.*

(6) *If subsection (5) does not apply, and if after the time monetary compensation is determined under paragraph (1)(a) the court enters a monetary judgment in favor of the claimant in a civil action related to the person's wrongful incarceration, or the claimant enters into a settlement agreement with the state or any political subdivision thereof related to the person's wrongful incarceration, the claimant must reimburse the state for the monetary compensation in paragraph (1)(a), less any sums paid for attorney fees or costs incurred in litigating the civil action or obtaining the settlement agreement. A reimbursement required under this subsection shall not exceed the amount of the monetary award the claimant received for damages in a civil action or settlement agreement. The court shall include in the order of judgment an award to the state of any amount required to be deducted under this subsection.*

~~(6)(a) A wrongfully incarcerated person may not submit an application for compensation under this act if the person has a lawsuit pending against the state or any agency, instrumentality, or any political subdivision thereof, or any other entity subject to the provisions of s. 768.28, in state or federal court requesting compensation arising out~~

~~of the facts in connection with the claimant's conviction and incarceration.~~

(7)(a) *The claimant shall notify the department upon filing a civil action against the state or any political subdivision thereof in which the claimant is seeking monetary damages related to the claimant's wrongful incarceration for which he or she previously received or is applying to receive compensation pursuant to paragraph (1)(a).*

(b) *Upon notice of the claimant's civil action, the department shall file in the case a notice of payment of monetary compensation to the claimant under paragraph (1)(a). The notice shall constitute a lien upon any judgment or settlement recovered under the civil action that is equal to the sum of monetary compensation paid to the claimant under paragraph (1)(a), less any attorney fees and litigation costs.*

~~(8)(a)(b) A wrongfully incarcerated person may not submit an application for compensation under this act if the person is the subject of a claim bill pending for claims arising out of the facts in connection with the claimant's conviction and incarceration.~~

~~(b)(e) Once an application is filed under this act, a wrongfully incarcerated person may not pursue recovery under a claim bill until the final disposition of the application.~~

~~(c)(d) Any amount awarded under this act is intended to provide the sole compensation for any and all present and future claims arising out of the facts in connection with the claimant's conviction and incarceration. Upon notification by the department that an application meets the requirements of this act, a wrongfully incarcerated person may not recover under a claim bill.~~

~~(d)(e) Any compensation awarded under a claim bill shall be the sole redress for claims arising out of the facts in connection with the claimant's conviction and incarceration and, upon any award of compensation to a wrongfully incarcerated person under a claim bill, the person may not receive compensation under this act.~~

~~(9)(f) Any payment made under this act does not constitute a waiver of any defense of sovereign immunity or an increase in the limits of liability on behalf of the state or any person subject to the provisions of s. 768.28 or other law.~~

And the title is amended as follows:

Delete lines 31-39 and insert: officer; amending s. 961.03, F.S.; extending the filing deadline for a petition claiming wrongful incarceration; providing limited retroactivity for filing a petition claiming wrongful incarceration; amending s. 961.04, F.S.; deleting eligibility requirements relating to a person's conduct before the person's wrongful conviction or incarceration; amending s. 961.06, F.S.; requiring the state to deduct the amount of a civil award from the state compensation amount owed if the claimant first receives a civil award; deleting a requirement that a wrongfully incarcerated person sign a liability release before receiving compensation; requiring a claimant to reimburse the state for any difference between state compensation and a civil award if the claimant receives statutory compensation prior to a civil award; deleting provisions prohibiting an application for compensation if the applicant has a pending civil suit requesting compensation; requiring a claimant to notify the Department of Legal Affairs upon filing a civil action; requiring the department to file a notice of payment of monetary compensation in the civil action; amending s.

PRAYER

The following prayer was offered by Rabbi Moshe Matz, Agudath Israel of Florida, Aventura:

Thank you for the honor of allowing me to begin this legislative session with a prayer. In Jewish tradition, we have three formal prayer services a day. The afternoon prayer, known as Mincha, which translates as an offering, allows us to pause in the middle of a hectic and busy day to contemplate and focus on the hand of G-d guiding our lives.

This prayer begins with the recitation of Psalm 145: “A song of praise by David, I will exalt you, my G-d, the King, and I will bless your name forever and ever.”

The purpose of blessing G-d’s name at all times is to constantly remind us that all is in his hands, and we are responsible to live our lives by fulfilling his will.

We pray that we have the humility, clarity of vision, and purpose to always remember the necessary role we play to bring the light of G-d upon the nation. We stay strong and steadfast in protecting the freedom of us all to worship and practice our faith without fear or coercion.

Thank you for your dedicated service. May G-d bless this chamber, may G-d bless our beautiful state, and may G-d protect and keep safe and healthy the great people of the United States of America.

PLEDGE

Senate Pages, Byron Adams of Fort Myers; Jonathan Bramblett of Tallahassee; Hayley Eilertsen of Kingwood, Texas, niece of Senator Benacquisto; Jaylin Hankerson-Strappy of Fort Lauderdale; and Braden Hill of Jacksonville, led the Senate in the Pledge of Allegiance to the flag of the United States of America.

ADOPTION OF RESOLUTIONS

At the request of Senator Perry—

By Senator Perry—

SR 1774—A resolution commending the University of Florida for its continued achievements in the pursuit of academic and research excellence and designating February 18, 2020, as “Gator Day” at the Capitol.

WHEREAS, the University of Florida is a top 10 university in the United States, rising from No. 8 in 2019 to No. 7 in the 2020 *U.S. News & World Report* list of Best Public Universities, and

WHEREAS, the University of Florida continues its upward momentum with 28 programs nationally ranked in the top 30 in their respective disciplines, including 7 programs ranked in the top 10, and 17 in the top 20, according to the 2020 *U.S. News & World Report* Best Graduate Schools rankings, and

WHEREAS, according to the National Science Foundation, the University of Florida’s research spending rose nearly 8 percent to a record \$865 million in the 2018 fiscal year, and

WHEREAS, University of Florida Health researchers have been instrumental in developing a vaccine used to prevent the spread of the Ebola virus, a breakthrough with the potential to save countless lives which has been listed by *National Geographic* as one of the top 20 scientific discoveries of the decade, and

WHEREAS, the University of Florida is a national leader in transferring its research to the marketplace through its two award-winning incubators — UF Innovate-The Hub and the Sid Martin Biotechnology Institute — both of which have been recognized as leading national and international business incubators by the International Business Innovation Association, and

WHEREAS, the University of Florida continues to expand access to education through the UF Online pathway, with more than 2,000 students having graduated through this unique program and 4,000 active learners, earning the No. 5 spot nationally among all online educational programs by *U.S. News & World Report* in 2019, and

WHEREAS, the University of Florida athletic program has ranked among the nation's top 10 for 36 consecutive years — from 1983-1984 to 2018-2019 — and has attained a top 5 overall finish in 21 of the past 28 years, according to national all-sport rankings, and

WHEREAS, the University of Florida Athletic Association has contributed more than \$112 million since 2006 to help fund UF's various academic endeavors, and

WHEREAS, the University of Florida and related entities contributed \$16.91 billion to the state's economy in the 2017-2018 fiscal year and accounted for \$10.4 billion — or 1.1 percent — of the Gross State Product of Florida, NOW, THEREFORE,

Be It Resolved by the Senate of the State of Florida:

That the University of Florida is commended for its continued achievements in the pursuit of academic and research excellence and that February 18, 2020, is designated as "Gator Day" at the Capitol.

BE IT FURTHER RESOLVED that a copy of this resolution, with the Seal of the Senate affixed, be presented to University of Florida President W. Kent Fuchs as a tangible token of the sentiments of the Florida Senate.

—was introduced, read, and adopted by publication.

At the request of Senator Rouson—

By Senators Rouson and Stewart—

SR 1916—A resolution recognizing September 2020 as "Sickle Cell Disease Awareness Month" in Florida.

WHEREAS, sickle cell disease (SCD) is one of the most common inherited blood disorders affecting approximately 100,000 children and adults in the United States, with 1 in 365 African Americans and 1 in 16,300 Hispanic Americans living with the disease, and

WHEREAS, more than 8,800 Florida residents live with SCD, which is the highest number of individuals living with the disease in any state in the nation, and

WHEREAS, sickle cell disease is a complex genetic disease involving multicellular adhesion between red blood cells, white blood cells, platelets, and endothelial cells, often resulting in vaso-occlusive crises, and

WHEREAS, vaso-occlusive crises are the hallmark of sickle cell disease, with recurrent episodes inducing severe pain, decreasing quality of life, and causing life-threatening complications, including stroke, leading to hospitalization or death, and

WHEREAS, a vaso-occlusive crisis is the number one reason individuals living with SCD visit emergency rooms or are hospitalized for several days, and

WHEREAS, the total estimated lifetime costs for the medical care of an individual living with SCD who reaches the age of 50 years may range from \$1.7 to \$8.7 million, with total annual medical costs for all patients living with SCD estimated to exceed \$1.1 billion, and

WHEREAS, access to care may be challenging for individuals living with SCD due to a lack of physicians experienced in treating the disease, and

WHEREAS, many young adults living with SCD who are transitioning from pediatric care seek treatment in emergency settings, with hospital readmissions being significantly higher for patients ages 18 to 30 years compared to younger patients, and

WHEREAS, only four medications have been approved to treat complications resulting from SCD, and

WHEREAS, increasing awareness and education of SCD may lead to significant progress in finding a cure and improving access to treatment and the quality of care for individuals living with SCD, NOW, THEREFORE,

Be It Resolved by the Senate of the State of Florida:

That September 2020 is recognized as "Sickle Cell Disease Awareness Month" in Florida.

—was introduced, read, and adopted by publication.

At the request of Senator Cruz—

By Senator Cruz—

SR 1920—A resolution recognizing the 25th anniversary of The Florida Aquarium on February 25, 2020.

WHEREAS, The Florida Aquarium celebrates its 25th anniversary this year, and

WHEREAS, since first opening to the public on March 31, 1995, in Tampa, The Florida Aquarium has welcomed more than 16.5 million visitors, and its educational programs have served 1.5 million students, many of whom might otherwise never have had access to an aquarium facility, and

WHEREAS, The Florida Aquarium opened as a 152,000-square-foot aquarium to tell the story of water, from its underground source to the open sea, and now is a 250,000-square-foot facility with more than 530 species and 8,000 animals, including mammals, reptiles, birds, invertebrates, amphibians, and fish, and 5,000 specimens of plants and trees, including more than 100 Florida-native species, and

WHEREAS, because of its role in protecting animals, The Florida Aquarium has received accreditation by the Association of Zoos and Aquariums for 23 of its 25 years of existence, and

WHEREAS, to increase the genetic diversity of coral and ultimately create more resilient coral reefs, The Florida Aquarium has reproduced staghorn coral and raised more than 5,000 staghorn larvae to maturity in nurseries in Apollo Beach, and

WHEREAS, The Florida Aquarium's commitment to coral conservation has resulted in the outplanting of those nursery-grown staghorn coral in the Florida Reef Tract, to protect and restore this national treasure, and

WHEREAS, The Florida Aquarium made history last year as the first in the world to successfully spawn the functionally extinct pillar coral in a laboratory, and

WHEREAS, in 2019, The Florida Aquarium and several partners opened the Sea Turtle Rehabilitation Center, which includes one of Florida's deepest turtle-exclusive dive pools, to rehabilitate sea turtles and further the aquarium's commitment to preserve and protect marine environments, and

WHEREAS, in addition to its mission to protect aquatic animals and the ecosystem in this state, The Florida Aquarium also offers world-class entertainment, including guest dive experiences and wild dolphin excursions, NOW, THEREFORE,

Be It Resolved by the Senate of the State of Florida:

That the Florida Senate salutes The Florida Aquarium for its commitment to preserving and protecting Florida's natural habitats and ecological systems and to educating the public about this state's marine environments, and recognizes the 25th anniversary of The Florida Aquarium on February 25, 2020.

BE IT FURTHER RESOLVED that a copy of this resolution be presented to Kimberly Bruce, chair of The Florida Aquarium Board of Directors, as a tangible token of the sentiments expressed herein.

At the request of Senator Cruz—

By Senator Cruz—

SR 1924—A resolution designating February 24-28, 2020, as Public Schools Week.

WHEREAS, public education is the foundation of a 21st-century democracy, and

WHEREAS, this state’s public schools are where students come to be educated as citizens of the United States, and

WHEREAS, each public school prepares this state’s young people to contribute to society, the economy, and the citizenry of this country, and

WHEREAS, 90 percent of this state’s children attend public schools, and

WHEREAS, local officials and state lawmakers support strengthening the public schools of this state and work to empower local education leaders to manage and lead school districts in partnership with educators, parents, and other local stakeholders and learning communities, and

WHEREAS, local officials and state lawmakers support counseling, extracurricular activities, and mental health services that are critical to helping students learn, and

WHEREAS, safe, high-quality public schools are where children learn to think critically, develop problem-solving skills, and build relationships, and

WHEREAS, public schools should provide an environment where all students can succeed, beginning in their earliest years, regardless of who they are or where they live, and

WHEREAS, efforts should be supported to advance equity and excellence in public education and to implement continuous improvement and evidence-based practices, and

WHEREAS, all children have a right to an education that helps them reach their full potential and to attend schools that offer a high-quality educational experience, and

WHEREAS, students, teachers, and professionals make this state’s public schools vital components of the community, and

WHEREAS, parents and communities are working hard to improve educational outcomes for children across the country, and

WHEREAS, the week of February 24-28, 2020, would be an appropriate period to designate as Public Schools Week, NOW, THEREFORE,

Be It Resolved by the Senate of the State of Florida:

That the members of the Senate support the designation of February 24-28, 2020, as Public Schools Week.

Amendment 1 (734836)—Delete lines 48-205 and insert: 581.217, or industrial hemp as defined in s. 1004.4473;

- 3. Any firearm or deadly weapon; ☞
- 4. Any cellular telephone or other portable communication device as described in s. 944.47(1)(a)6., intentionally and unlawfully introduced inside the secure perimeter of any forensic facility under the operation and control of the department or agency. As used in this subparagraph, the term “portable communication device” does not include any device that has communication capabilities which has been approved or issued by the person in charge of the forensic facility;
- 5. Any vapor-generating electronic device as defined in s. 386.203, intentionally and unlawfully introduced inside the secure perimeter of any forensic facility under the operation and control of the department or agency; or

6.4. Any other item as determined by the department or the agency, and as designated by rule or by written institutional policies, to be hazardous to the welfare of clients or the operation of the facility.

(2)

(c)I. A person who violates any provision of subparagraph (1)(a)2. or subparagraph (1)(a)3. commits a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

2. A person who violates any provision of subparagraph (1)(a)1., subparagraph (1)(a)4., subparagraph (1)(a)5., or subparagraph (1)(a)6. commits a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083.

Section 2. Paragraph (a) of subsection (1) and paragraph (a) of subsection (2) of section 944.47, Florida Statutes, are amended to read:

944.47 Introduction, removal, or possession of contraband; penalty.—

(1)(a) Except through regular channels as authorized by the officer in charge of the correctional institution, it is unlawful to introduce into or upon the grounds of any state correctional institution, or to take or attempt to take or send or attempt to send therefrom, any of the following articles which are hereby declared to be contraband for the purposes of this section, to wit:

- 1. Any written or recorded communication or any currency or coin given or transmitted, or intended to be given or transmitted, to any inmate of any state correctional institution.
- 2. Any article of food or clothing given or transmitted, or intended to be given or transmitted, to any inmate of any state correctional institution.

THE PRESIDENT PRESIDING

Senator Diaz moved the following amendment:

Amendment 1 (258916) (with title amendment)—Delete everything after the enacting clause and insert:

Section 1. Section 760.27, Florida Statutes, is created to read:

760.27 Prohibited discrimination in housing provided to persons with a disability or disability-related need for an emotional support animal.—

(1) **DEFINITIONS.**—As used in this section, the term:

(a) “Emotional support animal” means an animal that does not require training to do work, perform tasks, provide assistance, or provide therapeutic emotional support by virtue of its presence which alleviates one or more identified symptoms or effects of a person's disability.

(b) “Housing provider” means any person or entity engaging in conduct covered by the federal Fair Housing Act or s. 504 of the Rehabilitation Act of 1973, including the owner or lessor of a dwelling.

(2) **REASONABLE ACCOMMODATION REQUESTS.**—To the extent required by federal law, rule, or regulation, it is unlawful to discriminate in the provision of housing to a person with a disability or disability-related need for, and who has or at any time obtains, an emotional support animal. A person with a disability or a disability-related need must, upon the person's request and approval by a housing provider, be allowed to keep such animal in his or her dwelling as a reasonable accommodation in housing, and such person may not be required to pay extra compensation for such animal. Unless otherwise prohibited by federal law, rule, or regulation, a housing provider may:

(a) Deny a reasonable accommodation request for an emotional support animal if such animal poses a direct threat to the safety or health of others or poses a direct threat of physical damage to the property of others, which threat cannot be reduced or eliminated by another reasonable accommodation.

(b) If a person's disability is not readily apparent, request reliable information that reasonably supports that the person has a disability. Supporting information may include:

1. A determination of disability from any federal, state, or local government agency.
2. Receipt of disability benefits or services from any federal, state, or local government agency.
3. Proof of eligibility for housing assistance or a housing voucher received because of a disability.
4. Information from a health care practitioner, as defined in s. 456.001; a telehealth provider, as defined in s. 456.47; or any other similarly licensed or certified practitioner or provider in good standing with his or her profession's regulatory body in another state but only if such out-of-state practitioner has provided in-person care or services to the tenant on at least one occasion. Such information is reliable if the practitioner or provider has personal knowledge of the person's disability and is acting within the scope of his or her practice to provide the supporting information.
5. Information from any other source that the housing provider reasonably determines to be reliable in accordance with the federal Fair Housing Act and s. 504 of the Rehabilitation Act of 1973.

(c) If a person's disability-related need for an emotional support animal is not readily apparent, request reliable information that reasonably supports the person's need for the particular emotional support animal being requested. Supporting information may include:

1. Information identifying the particular assistance or therapeutic emotional support provided by the specific animal from a health care practitioner, as defined in s. 456.001; a telehealth provider, as defined in s. 456.47; or any other similarly licensed or certified practitioner or provider in good standing with his or her profession's regulatory body in another state. Such information is reliable if the practitioner or provider has personal knowledge of the person's disability and is acting within the scope of his or her practice to provide the supporting information.

2. Information from any other source that the housing provider reasonably determines to be reliable in accordance with the federal Fair Housing Act and s. 504 of the Rehabilitation Act of 1973.

(d) If a person requests to keep more than one emotional support animal, request information regarding the specific need for each animal.

(e) Require proof of compliance with state and local requirements for licensing and vaccinating each emotional support animal.

(3) **REQUEST LIMITATIONS.**—

(a) Notwithstanding the authority to request information under subsection (2), a housing provider may not request information that discloses the diagnosis or severity of a tenant's disability or any medical records relating to the disability. However, a tenant may disclose such information or medical records to the housing provider at his or her discretion.

(b) A housing provider may develop and make available to tenants a routine method for receiving and processing reasonable accommodation requests for emotional support animals; however, a housing provider may not require the use of a specific form or notarized statement, or deny a request solely because a tenant did not follow the housing provider's routine method.

(c) An emotional support animal registration of any kind, including, but not limited to, an identification card, patch, certificate, or similar registration obtained from the Internet is not, by itself, sufficient information to reliably establish that a person has a disability or disability-related need for an emotional support animal.

(4) **LIABILITY.**—A person with a disability or disability-related need is liable for any damage done to the premises or to another person on the premises by his or her emotional support animal.

(5) **APPLICABILITY.**—This section does not apply to a service animal as defined in s. 413.08.

Section 2. Paragraph (b) of subsection (6) of section 413.08, Florida Statutes, is amended to read:

413.08 Rights and responsibilities of an individual with a disability; use of a service animal; prohibited discrimination in public employment, public accommodations, and housing accommodations; penalties.—

(6) An individual with a disability is entitled to rent, lease, or purchase, as other members of the general public, any housing accommodations offered for rent, lease, or other compensation in this state, subject to the conditions and limitations established by law and applicable alike to all persons.

(b) An individual with a disability who has a service animal or who obtains a service animal is entitled to full and equal access to all housing accommodations provided for in this section, and such individual ~~a person~~ may not be required to pay extra compensation for such animal. However, such individual ~~a person~~ is liable for any damage done to the premises or to another individual ~~person~~ on the premises by the animal. A housing accommodation may request proof of compliance with vaccination requirements. *This paragraph does not apply to an emotional support animal as defined in s. 760.27.*

Section 3. Paragraph (e) of subsection (1) of section 419.001, Florida Statutes, is amended to read:

419.001 Site selection of community residential homes.—

(1) For the purposes of this section, the term:

(e) "Resident" means any of the following: a frail elder as defined in s. 429.65; a person who has a *disability handicap* as defined in s. 760.22(3)(a) ~~s. 760.22(7)(a)~~; a person who has a developmental disability as defined in s. 393.063; a nondangerous person who has a mental illness as defined in s. 394.455; or a child who is found to be dependent as defined in s. 39.01 or s. 984.03, or a child in need of services as defined in s. 984.03 or s. 985.03.

Section 4. Paragraph (pp) is added to subsection (1) of section 456.072, Florida Statutes, to read:

456.072 Grounds for discipline; penalties; enforcement.—

(1) The following acts shall constitute grounds for which the disciplinary actions specified in subsection (2) may be taken:

(pp) *Providing information, including written documentation, indicating that a patient has a disability or supporting a patient's need for an emotional support animal under s. 760.27 without personal knowledge of the patient's disability or disability-related need for the specific emotional support animal.*

Section 5. Present subsections (3) through (6) of section 760.22, Florida Statutes, are renumbered as subsections (4) through (7), respectively, and present subsection (7) of that section is amended, to read:

760.22 Definitions.—As used in ss. 760.20-760.37, the term:

(3)(7) "*Disability*" "~~Handicap~~" means:

(a) A person has a physical or mental impairment which substantially limits one or more major life activities, or he or she has a record of having, or is regarded as having, such physical or mental impairment; or

(b) A person has a developmental disability as defined in s. 393.063.

Section 6. Section 760.23, Florida Statutes, is amended to read:

760.23 Discrimination in the sale or rental of housing and other prohibited practices.—

(1) It is unlawful to refuse to sell or rent after the making of a bona fide offer, to refuse to negotiate for the sale or rental of, or otherwise to make unavailable or deny a dwelling to any person because of race, color, national origin, sex, *disability handicap*, familial status, or religion.

(2) It is unlawful to discriminate against any person in the terms, conditions, or privileges of sale or rental of a dwelling, or in the provision of services or facilities in connection therewith, because of race, color, national origin, sex, ~~disability handicap~~, familial status, or religion.

(3) It is unlawful to make, print, or publish, or cause to be made, printed, or published, any notice, statement, or advertisement with respect to the sale or rental of a dwelling that indicates any preference, limitation, or discrimination based on race, color, national origin, sex, ~~disability handicap~~, familial status, or religion or an intention to make any such preference, limitation, or discrimination.

(4) It is unlawful to represent to any person because of race, color, national origin, sex, ~~disability handicap~~, familial status, or religion that any dwelling is not available for inspection, sale, or rental when such dwelling is in fact so available.

(5) It is unlawful, for profit, to induce or attempt to induce any person to sell or rent any dwelling by a representation regarding the entry or prospective entry into the neighborhood of a person or persons of a particular race, color, national origin, sex, ~~disability handicap~~, familial status, or religion.

(6) The protections afforded under ss. 760.20-760.37 against discrimination on the basis of familial status apply to any person who is pregnant or is in the process of securing legal custody of any individual who has not attained the age of 18 years.

(7) It is unlawful to discriminate in the sale or rental of, or to otherwise make unavailable or deny, a dwelling to any buyer or renter because of a ~~disability handicap~~ of:

- (a) That buyer or renter;
- (b) A person residing in or intending to reside in that dwelling after it is sold, rented, or made available; or
- (c) Any person associated with the buyer or renter.

(8) It is unlawful to discriminate against any person in the terms, conditions, or privileges of sale or rental of a dwelling, or in the provision of services or facilities in connection with such dwelling, because of a ~~disability handicap~~ of:

- (a) That buyer or renter;
- (b) A person residing in or intending to reside in that dwelling after it is sold, rented, or made available; or
- (c) Any person associated with the buyer or renter.

(9) For purposes of subsections (7) and (8), discrimination includes:

(a) A refusal to permit, at the expense of the ~~handicapped~~ person with a disability, reasonable modifications of existing premises occupied or to be occupied by such person if such modifications may be necessary to afford such person full enjoyment of the premises; or

(b) A refusal to make reasonable accommodations in rules, policies, practices, or services, when such accommodations may be necessary to afford such person equal opportunity to use and enjoy a dwelling.

(10) Covered multifamily dwellings as defined herein which are intended for first occupancy after March 13, 1991, shall be designed and constructed to have at least one building entrance on an accessible route unless it is impractical to do so because of the terrain or unusual characteristics of the site as determined by commission rule. Such buildings shall also be designed and constructed in such a manner that:

(a) The public use and common use portions of such dwellings are readily accessible to and usable by ~~handicapped~~ persons with disabilities.

(b) All doors designed to allow passage into and within all premises within such dwellings are sufficiently wide to allow passage by a person in a wheelchair.

(c) All premises within such dwellings contain the following features of adaptive design:

- 1. An accessible route into and through the dwelling.
- 2. Light switches, electrical outlets, thermostats, and other environmental controls in accessible locations.
- 3. Reinforcements in bathroom walls to allow later installation of grab bars.
- 4. Usable kitchens and bathrooms such that a person in a wheelchair can maneuver about the space.

(d) Compliance with the appropriate requirements of the American National Standards Institute for buildings and facilities providing accessibility and usability for persons with ~~physical disabilities physically handicapped people~~, commonly cited as ANSI A117.1-1986, suffices to satisfy the requirements of paragraph (c).

State agencies with building construction regulation responsibility or local governments, as appropriate, shall review the plans and specifications for the construction of covered multifamily dwellings to determine consistency with the requirements of this subsection.

Section 7. Section 760.24, Florida Statutes, is amended to read:

760.24 Discrimination in the provision of brokerage services.—It is unlawful to deny any person access to, or membership or participation in, any multiple-listing service, real estate brokers' organization, or other service, organization, or facility relating to the business of selling or renting dwellings, or to discriminate against him or her in the terms or conditions of such access, membership, or participation, on account of race, color, national origin, sex, ~~disability handicap~~, familial status, or religion.

Section 8. Subsection (1) and paragraph (a) of subsection (2) of section 760.25, Florida Statutes, are amended to read:

760.25 Discrimination in the financing of housing or in residential real estate transactions.—

(1) It is unlawful for any bank, building and loan association, insurance company, or other corporation, association, firm, or enterprise the business of which consists in whole or in part of the making of commercial real estate loans to deny a loan or other financial assistance to a person applying for the loan for the purpose of purchasing, constructing, improving, repairing, or maintaining a dwelling, or to discriminate against him or her in the fixing of the amount, interest rate, duration, or other term or condition of such loan or other financial assistance, because of the race, color, national origin, sex, ~~disability handicap~~, familial status, or religion of such person or of any person associated with him or her in connection with such loan or other financial assistance or the purposes of such loan or other financial assistance, or because of the race, color, national origin, sex, ~~disability handicap~~, familial status, or religion of the present or prospective owners, lessees, tenants, or occupants of the dwelling or dwellings in relation to which such loan or other financial assistance is to be made or given.

(2)(a) It is unlawful for any person or entity whose business includes engaging in residential real estate transactions to discriminate against any person in making available such a transaction, or in the terms or conditions of such a transaction, because of race, color, national origin, sex, ~~disability handicap~~, familial status, or religion.

Section 9. Paragraph (a) of subsection (1) and paragraph (a) of subsection (5) of section 760.29, Florida Statutes, are amended to read:

760.29 Exemptions.—

(1)(a) Nothing in ss. 760.23, ~~and~~ 760.25, ~~and~~ 760.27 applies to:

1. Any single-family house sold or rented by its owner, provided such private individual owner does not own more than three single-family houses at any one time. In the case of the sale of a single-family house by a private individual owner who does not reside in such house at the time of the sale or who was not the most recent resident of the house prior to the sale, the exemption granted by this paragraph applies

only with respect to one sale within any 24-month period. In addition, the bona fide private individual owner shall not own any interest in, nor shall there be owned or reserved on his or her behalf, under any express or voluntary agreement, title to, or any right to all or a portion of the proceeds from the sale or rental of, more than three single-family houses at any one time. The sale or rental of any single-family house shall be excepted from the application of ss. 760.20-760.37 only if the house is sold or rented:

a. Without the use in any manner of the sales or rental facilities or the sales or rental services of any real estate licensee or such facilities or services of any person in the business of selling or renting dwellings, or of any employee or agent of any such licensee or person; and

b. Without the publication, posting, or mailing, after notice, of any advertisement or written notice in violation of s. 760.23(3).

Nothing in this provision prohibits the use of attorneys, escrow agents, abstractors, title companies, and other such professional assistance as is necessary to perfect or transfer the title.

2. Rooms or units in dwellings containing living quarters occupied or intended to be occupied by no more than four families living independently of each other, if the owner actually maintains and occupies one of such living quarters as his or her residence.

(5) Nothing in ss. 760.20-760.37:

(a) Prohibits a person engaged in the business of furnishing appraisals of real property from taking into consideration factors other than race, color, national origin, sex, *disability handicap*, familial status, or religion.

Section 10. Subsection (5) of section 760.31, Florida Statutes, is amended to read:

760.31 Powers and duties of commission.—The commission shall:

(5) Adopt rules necessary to implement ss. 760.20-760.37 and govern the proceedings of the commission in accordance with chapter 120. Commission rules shall clarify terms used with regard to *handicapped accessibility for persons with disabilities*, exceptions from accessibility requirements based on terrain or site characteristics, and requirements related to housing for older persons. Commission rules shall specify the fee and the forms and procedures to be used for the registration required by s. 760.29(4)(e).

Section 11. Section 817.265, Florida Statutes, is created to read:

817.265 False or fraudulent proof of need for an emotional support animal.—A person who falsifies information or written documentation, or knowingly provides fraudulent information or written documentation, for an emotional support animal under s. 760.27, or otherwise knowingly and willfully misrepresents himself or herself, through his or her conduct or through a verbal or written notice, as having a disability or disability-related need for an emotional support animal or being otherwise qualified to use an emotional support animal, commits a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083. In addition, within 6 months after a conviction under this section, a person must perform 30 hours of community service for an organization that serves persons with disabilities or for another entity or organization that the court determines is appropriate.

Section 12. This act shall take effect July 1, 2020.

And the title is amended as follows:

Delete everything before the enacting clause and insert: A bill to be entitled An act relating to emotional support animals; creating s. 760.27, F.S.; defining the terms “emotional support animal” and “housing provider”; prohibiting discrimination in housing provided to a person with a disability or a disability-related need for an emotional support animal; specifying that such person may not be required to pay extra compensation for such animal; authorizing a housing provider to request specified information under certain circumstances; restricting such requests; specifying liability for owners of emotional support animals relating to damage done by their emotional support animals; providing applicability; amending s. 413.08, F.S.; providing applicability; amending s. 456.072, F.S.; prohibiting a health care practitioner

from providing information regarding a person’s need for an emotional support animal without having personal knowledge of that person’s need for the animal; amending s. 760.22, F.S.; revising the definition of the term “handicap”; amending ss. 419.001, 760.23, 760.24, 760.25, 760.29, and 760.31, F.S.; replacing the term “handicap” with the term “disability,” to conform to changes made by the act; conforming provisions to changes made by the act; creating s. 817.265, F.S.; prohibiting the falsification of information or other fraudulent misrepresentation regarding the use of an emotional support animal; providing penalties; providing an effective date.

Senator Diaz moved the following amendment to **Amendment 1 (258916)** which was adopted:

Amendment 1A (159664)—Delete lines 88-153 and insert:
person’s disability or any medical records relating to the disability. However, a person may disclose such information or medical records to the housing provider at his or her discretion.

(b) *A housing provider may develop and make available to persons a routine method for receiving and processing reasonable accommodation requests for emotional support animals; however, a housing provider may not require the use of a specific form or notarized statement, or deny a request solely because a person did not follow the housing provider’s routine method.*

(c) *An emotional support animal registration of any kind, including, but not limited to, an identification card, patch, certificate, or similar registration obtained from the Internet is not, by itself, sufficient information to reliably establish that a person has a disability or a disability-related need for an emotional support animal.*

(4) **LIABILITY.**—*A person with a disability or a disability-related need is liable for any damage done to the premises or to another person on the premises by his or her emotional support animal.*

(5) **APPLICABILITY.**—*This section does not apply to a service animal as defined in s. 413.08.*

Section 2. Paragraph (b) of subsection (6) of section 413.08, Florida Statutes, is amended to read:

413.08 Rights and responsibilities of an individual with a disability; use of a service animal; prohibited discrimination in public employment, public accommodations, and housing accommodations; penalties.—

(6) An individual with a disability is entitled to rent, lease, or purchase, as other members of the general public, any housing accommodations offered for rent, lease, or other compensation in this state, subject to the conditions and limitations established by law and applicable alike to all persons.

(b) An individual with a disability who has a service animal or who obtains a service animal is entitled to full and equal access to all housing accommodations provided for in this section, and such *individual a person* may not be required to pay extra compensation for such animal. However, such *individual a person* is liable for any damage done to the premises or to another *individual person* on the premises by the animal. A housing accommodation may request proof of compliance with vaccination requirements. *This paragraph does not apply to an emotional support animal as defined in s. 760.27.*

Section 3. Paragraph (e) of subsection (1) of section 419.001, Florida Statutes, is amended to read:

419.001 Site selection of community residential homes.—

(1) For the purposes of this section, the term:

(e) “Resident” means any of the following: a frail elder as defined in s. 429.65; a person who has a *disability handicap* as defined in s. 760.22(3)(a) ~~s. 760.22(7)(a)~~; a person who has a developmental disability as defined in s. 393.063; a nondangerous person who has a mental illness as defined in s. 394.455; or a child who is found to be dependent as defined in s. 39.01 or s. 984.03, or a child in need of services as defined in s. 984.03 or s. 985.03.

Section 4. Paragraph (pp) is added to subsection (1) of section 456.072, Florida Statutes, to read:

456.072 Grounds for discipline; penalties; enforcement.—

(1) The following acts shall constitute grounds for which the disciplinary actions specified in subsection (2) may be taken:

(pp) *Providing information, including written documentation, indicating that a person has a disability or supporting a person's need for an emotional support animal under s. 760.27 without personal knowledge of the person's*

PRAYER

The following prayer was offered by Colonel Glenn Finch of the Florida National Guard’s Joint Force Headquarters in St. Augustine:

Our gracious God, we pause in gratitude for all that you have given us as a people, a state, and a nation; for this body of men and women who are engaged in a most honorable profession that counts duty more than cost, and integrity more than praise. As we honor and give praise to our citizen soldiers and airmen today, we are mindful of their sacrifices and those of their families who make up the Florida National Guard. May we never take for granted what so many have sacrificed and died for: our security and freedom.

Please help us to be citizens who are steadfast in making liberty, safety, and justice a reality for all. Rekindle in all of us the spirit and commitment of upholding our responsibilities this day. Bless the leaders of our government that they may have the knowledge and wisdom to conduct the business of this great state. Assist them in their decisions so that “In God We Trust” is not merely our motto, but the inspiration to preserve the dignity and the rights of the people who have entrusted them with authority.

May your spirit empower our Governor and legislators with respect and understanding that their work together will fortify the lives of our citizens against those things which would tear us down. Bless and guide our leaders as they exercise instruments of power so that their influence is good and our state’s goodness is influential. May the decisions and

recognitions this day give you glory and reflect our commitment to you, our state, our families, and ourselves. Lead us in this charge of awesome trust. Amen.

COLOR GUARD

At the direction of the President, the Sergeant at Arms opened the doors of the chamber and a Color Guard of the Florida National Guard marched into the chamber bearing flags of the United States of America and the State of Florida.

PLEDGE

Senate Pages, Donovin Cooper of Gainesville; Clare Grammig of Tampa; Madelyn Guevara of Bristol; and Nicholas Voyer of Trinity, led the Senate in the Pledge of Allegiance to the flag of the United States of America.

MILITARY DOCTOR OF THE DAY

The President recognized Colonel Terry Hashey of the Florida National Guard’s Joint Force Headquarters in St. Augustine, sponsored by the Senate, as military doctor of the day. Colonel Hashey specializes in family medicine.

SPECIAL RECOGNITION

The President recognized today, March 3, 2020, as Florida’s 175th Anniversary of Statehood.

ADOPTION OF RESOLUTIONS

On motion by Senator Wright—

By Senator Wright—

SR 1926—A resolution honoring the Florida National Guard and recognizing March 3, 2020, as “Florida National Guard Day” in Florida.

WHEREAS, as the military arm of the Governor and the people of this state, the Florida National Guard stands ready in times of crisis or emergency to immediately respond to a call from the Governor, and

WHEREAS, the Florida National Guard traces its lineage back 455 years to 1565 when the first muster of a civilian militia took place in St. Augustine, making Florida’s militia the oldest in the nation, and

WHEREAS, today’s Florida National Guard stands strong with approximately 11,000 of the best soldiers and airmen this nation has ever known, and

WHEREAS, the men and women of the Florida National Guard and their families willingly make sacrifices during times of hurricanes, fires, floods, and other natural disasters, serving domestically and around the world in contingency operations, and

WHEREAS, more than 21,000 men and women of the Florida National Guard have answered the call to federal active duty, without reservation, following the attack on our nation on September 11, 2001, serving with distinction and honor during Operation Enduring Freedom, Operation Iraqi Freedom, and Operation New Dawn, and

WHEREAS, many of these dedicated men and women continue to serve in Operation Noble Eagle, Operation Freedom’s Sentinel, Operation Inherent Resolve, and Operation Observant Compass, which continue to take them from their families and friends while they ensure that we are safe at home, and

WHEREAS, the employers and families of those serving in the National Guard have made significant sacrifices to conduct their businesses and support their households, respectively, during the absence of these men and women, with employers providing them jobs when they return home, and

WHEREAS, the men and women of the Florida National Guard remain involved in hundreds of community service projects across the state each day while preparing for their federal duty, protecting the citizens of this state during emergencies, and contributing to local programs that enrich the lives of the people of this great state and nation, NOW, THEREFORE,

Be It Resolved by the Senate of the State of Florida:

That the Florida National Guard is honored and that March 3, 2020, is recognized as “Florida National Guard Day” in Florida.

—was taken up instanter and read the second time in full. On motion by Senator Wright, **SR 1926** was adopted.

SPECIAL RECOGNITION

The President recognized Senators who have served in the military: Senator Brandes, from the 24th District, served in the United States Army Reserves from 1996-2007; and Senator Torres, from the 15th District, served in the United States Marine Corps from 1967-1970.

The President also recognized the following staff members who have served in the military and were present in the chamber: Tim Hybart, Colonel, served in the United States Army (1982-1988), Florida Army National Guard (1988-2007), and United States Army Reserve (2007-2012); Gary Austin, First Class Petty Officer, served in the United States Navy (1980-1988); Josh Stephens, Sergeant, served in the United States Army (1974-1996); and Dustin Morgan, E-3 Boatswain’s Mate, served in the United States Coast Guard (2009-2011) and United States Coast Guard Reserve (2011-2013).

SPECIAL GUESTS

At the request of Senator Berman—

By Senator Berman—

SR 1252—A resolution recognizing August 2020 as “Amblyopia Awareness Month” in Florida.

WHEREAS, amblyopia is the most common cause of vision loss in children, and

WHEREAS, amblyopia can cause permanent vision loss if not detected and treated early in life, and

WHEREAS, the detection of amblyopia and other vision threatening disorders, including retinoblastoma tumors, cataracts, and strabismus, in early childhood increases the chances of successful treatment, especially if the disorder is detected before a child reaches 5 years of age, and

WHEREAS, many forms of amblyopia are difficult to detect and can be identified only through proper screening techniques, and

WHEREAS, the sooner children are identified as having amblyopia or other vision threatening disorders, the sooner treatment can commence, and

WHEREAS, millions of children in the United States are left with permanent vision loss due to undetected amblyopia and other childhood ocular disorders that could have been detected with proper screening and successfully treated, and

WHEREAS, fewer than 20 percent of preschool children are currently screened for vision problems, despite the fact that such screening is a covered service by many health insurance plans and health maintenance organizations, and

WHEREAS, parents should be encouraged to have their children screened for vision problems prior to admission to preschool, and

WHEREAS, the Florida Society of Ophthalmology and the For Eye Care Foundation, Inc., believe that it is of paramount importance to promote statewide preschool vision screening, with the goal of testing all children between 3 and 5 years of age, NOW, THEREFORE,

Be It Resolved by the Senate of the State of Florida:

That August 2020 is recognized as “Amblyopia Awareness Month” in Florida.

—was introduced, read, and adopted by publication.

At the request of Senator Berman—

By Senator Berman—

SR 1890—A resolution recognizing March 2020 as “Colorectal Cancer Awareness Month” in Florida.

WHEREAS, colorectal cancer is currently the third leading cause of cancer death in the United States among both men and women, and

WHEREAS, in 2019, approximately 101,420 people in the United States were diagnosed with colorectal cancer and approximately 51,020 people died in 2019 from the disease, and

WHEREAS, according to the American Cancer Society, 11,310 Floridians were diagnosed with colorectal cancer and 3,700 Floridians died from the disease, and

WHEREAS, the colorectal cancer survival rate could increase if adults older than 45 years of age were regularly screened to discover the cancer in its earlier stages, and

WHEREAS, increasing awareness of and education concerning colorectal cancer leads to significant progress in both preventing and overcoming the disease, as the majority of cases have proven to be both treatable and survivable, NOW, THEREFORE,

Be It Resolved by the Senate of the State of Florida:

That March 2020 is recognized as “Colorectal Cancer Awareness Month” in Florida.

—was introduced, read, and adopted by publication.

At the request of Senator Berman—

By Senators Berman and Rader—

SR 1894—A resolution recognizing April 19 through April 26, 2020, as the “Days of Remembrance” and Tuesday, April 21, 2020, as “Holocaust Memorial Day” in Florida.

WHEREAS, between 1933 and 1945, the Holocaust, the state-sponsored, systematic persecution and annihilation of European Jewry by Nazi Germany and its collaborators, resulted in the murder of 6 million Jewish people, and

WHEREAS, in addition, the Romani people, also known as Gypsies, and Polish people were targeted for decimation on the basis of race, ethnicity, or nation of origin, and millions of others, including persons with disabilities, Jehovah's Witnesses, Soviet prisoners of war, political dissidents, and homosexuals, suffered grievous oppression and death under Nazi tyranny, and

WHEREAS, the history of the Holocaust offers an opportunity to reflect on the moral responsibilities of individuals, societies, and governments to remain vigilant against hatred, persecution, and tyranny, and

WHEREAS, pursuant to an act of the United States Congress, Public Law No. 96-388, which was signed into law on October 7, 1980, the United States Holocaust Memorial Council has designated April 19 through April 26, 2020, as the "Days of Remembrance" for the victims of the Holocaust, including "Holocaust Memorial Day," also known as Yom HaShoah, on Tuesday, April 21, 2020, and

WHEREAS, in memory of the victims of the Holocaust, in honor of its survivors, and in utmost gratitude for the risks taken by rescuers and liberators, the residents of this state are encouraged to rededicate themselves to the principles of human dignity and to individual freedom in a just society, thereby ensuring that such atrocities are never repeated, NOW, THEREFORE,

Be It Resolved by the Senate of the State of Florida:

That April 19 through April 26, 2020, is recognized as the "Days of Remembrance" and Tuesday, April 21, 2020, is recognized as "Holocaust Memorial Day" in Florida.

—was introduced, read, and adopted by publication.

PRAYER

The following prayer was offered by Major Carlyle Gargis, Salvation Army of Lee, Hendry, and Glades Counties, Fort Myers:

God our Father and creator of all things, we gather today in a spirit of solidarity and gratitude for all that you have given us. Today, we gather with the members of the Florida Senate—members who have chosen to represent us in government as they seek to fulfill the sacred trust the people have given to them to govern wisely, fairly, and with sights on the common good.

Our land, this Florida, is a treasured part of the earth that you have endowed with wonderful resources. In each generation you charge us to be good stewards of this treasure—our Florida. Father, we ask you to lovingly protect Florida’s greatest treasure—her people. Under the leadership of our Senate President and for the members of this body, give these public servants the inspiration to enact laws and policies that ensure the liberty, peace, and prosperity for all Floridians.

In a special way, we remember all the members of the Florida Senate gathered here in this chamber during these challenging times. Give them the guidance of your will as they seek to provide leadership, opportunity, and progress for the people of this great state.

In your holy name we pray. Amen.

PLEDGE

Senate Pages, Bervens Beltinor of Orlando; Isabelle Kelly of Wellington, niece of Senator Benacquisto; John Kelly of Wellington, nephew of Senator Benacquisto; Emma Mahon of Jacksonville; and Camille Zanders of Tallahassee, led the Senate in the Pledge of Allegiance to the flag of the United States of America.

ADOPTION OF RESOLUTIONS

At the request of Senator Thurston—

By Senator Thurston—

SR 1918—A resolution recognizing the people of the City of Lauderdale Lakes for having elected the first-ever city governing body of its size which is comprised solely of women of color and recognizing the City of Lauderdale Lakes for its progressive goals of minority representation by both women and people of color.

WHEREAS, the City of Lauderdale Lakes was incorporated on June 22, 1961, and

WHEREAS, the City of Lauderdale Lakes originally was a popular retirement area for northeasterners, many of them New Yorkers and those of the Jewish faith, but as the 20th century drew to a close, the population grew more diverse to include many residents with Caribbean and African-American heritage, and

WHEREAS, the current population of the City of Lauderdale Lakes is approximately 35,000, residing in approximately 15,000 households, and

WHEREAS, in 2014, the electorate of the City of Lauderdale Lakes voted to establish a governing body of five elected officials, including a mayor elected at large, and

WHEREAS, in November 2016, the City of Lauderdale Lakes held municipal elections and five women of color were voted into office, making it the only city in this state with a city commission composed entirely of women, and

WHEREAS, the City of Lauderdale Lakes City Commission is composed of Mayor Hazelle Rogers, Vice Mayor Beverly Williams, and City Commissioners Sandra Davey, Gloria Lewis, and Veronica Edwards Phillips, NOW, THEREFORE,

Be It Resolved by the Senate of the State of Florida:

That the people of the City of Lauderdale Lakes are recognized for having elected the first-ever city governing body of its size which is comprised solely of women of color, and the City of Lauderdale Lakes is recognized for its progressive goals of minority representation by both women and people of color.

The director that has such interest may not participate in any action by the corporation with respect to such party and application.

Section 10. Present subsections (2) and (3) of section 445.002, Florida Statutes, are redesignated as subsections (3) and (5), respectively, and a new subsection (2) and subsection (4) are added to that section, to read:

445.002 Definitions.—As used in this chapter, the term:

(2) “*For cause*” includes, but is not limited to, engaging in fraud or other criminal acts, incapacity, unfitness, neglect of duty, official incompetence and irresponsibility, misfeasance, malfeasance, nonfeasance, or lack of performance.

(4) “*State board*” means the state workforce development board established pursuant to the Workforce Innovation and Opportunity Act, Pub. L. No. 113-128, Title I, s. 101. The state board is the board of directors of CareerSource Florida, Inc., which works at the direction of the state board in consultation with the department as required by this chapter.

Section 11. Subsections (2) through (5) of section 445.003, Florida Statutes, are amended, and subsection (6) is added to that section, to read:

445.003 Implementation of the federal Workforce Innovation and Opportunity Act.—

(2) **FOUR-YEAR PLAN.**—~~The state board CareerSource Florida, Inc.,~~ shall prepare and submit a 4-year plan, consistent with the requirements of the Workforce Innovation and Opportunity Act. Mandatory and optional federal partners shall be fully involved in designing the plan’s one-stop delivery system strategy. The plan must clearly define each program’s statewide duties and role relating to the system. The plan must detail a process that would fully integrate all federally mandated and optional partners.

(3) **FUNDING.**—

(a) Title I, Workforce Innovation and Opportunity Act funds; Wagner-Peyser funds; and NAFTA/Trade Act funds will be expended based on the 4-year plan of the ~~state board CareerSource Florida, Inc.~~ The plan must outline and direct the method used to administer and coordinate various funds and programs that are operated by various agencies. The following provisions apply to these funds:

1. At least 50 percent of the Title I funds for Adults and Dislocated Workers which are passed through to local workforce development boards shall be allocated to and expended on Individual Training Accounts unless a local workforce development board obtains a waiver from the ~~state board CareerSource Florida, Inc.~~ Tuition, books, and fees of training providers and other training services prescribed and authorized by the Workforce Innovation and Opportunity Act qualify as Individual Training Account expenditures.

2. Fifteen percent of Title I funding shall be retained at the state level and dedicated to state administration and shall be used to design,

develop, induce, and fund innovative Individual Training Account pilots, demonstrations, and programs. Of such funds retained at the state level, \$2 million ~~may shall~~ be reserved for the Incumbent Worker Training Program created under subparagraph 3. Eligible state administration costs include the costs of funding for the ~~state board and state board staff of CareerSource Florida, Inc.,~~ operating fiscal, compliance, and management accountability systems through the ~~department CareerSource Florida, Inc.,~~ conducting evaluation and research on workforce development activities; and providing technical and capacity building assistance to local workforce development areas at the direction of the ~~state board CareerSource Florida, Inc.~~ Notwithstanding s. 445.004, such administrative costs may not exceed 25 percent of these funds. An amount not to exceed 75 percent of these funds shall be allocated to Individual Training Accounts and other workforce development strategies for other training designed and tailored by the ~~state board in consultation with the department CareerSource Florida, Inc.,~~ including, but not limited to, programs for incumbent workers, non-traditional employment, and enterprise zones. ~~The state board, in consultation with the department CareerSource Florida, Inc.,~~ shall design, adopt, and fund Individual Training Accounts for distressed urban and rural communities.

3. The Incumbent Worker Training Program is created for the purpose of providing grant funding for continuing education and training of incumbent employees at existing Florida businesses. The program will provide reimbursement grants to businesses that pay for preapproved, direct, training-related costs.

- a. The Incumbent Worker Training Program will be administered by CareerSource Florida, Inc., which may, at its discretion, contract with a private business organization to serve as grant administrator.

- b. The program shall be administered pursuant to s. 134(d)(4) of the Workforce Innovation and Opportunity Act. Priority for funding shall be given to businesses with 25 employees or fewer, businesses in rural areas, businesses in distressed inner-city areas, businesses in a qualified targeted industry, businesses whose grant proposals represent a significant upgrade in employee skills, or businesses whose grant proposals represent a significant layoff avoidance strategy.

- c. All costs reimbursed by the program must be preapproved by CareerSource Florida, Inc., or the grant administrator. The program may not reimburse businesses for trainee wages, the purchase of capital equipment, or the purchase of any item or service that may possibly be used outside the training project. A business approved for a grant may be reimbursed for preapproved, direct, training-related costs including tuition, fees, books and training materials, and overhead or indirect costs not to exceed 5 percent of the grant amount.

- d. A business that is selected to receive grant funding must provide a matching contribution to the training project, including, but not limited to, wages paid to trainees or the purchase of capital equipment used in the training project; must sign an agreement with CareerSource Florida, Inc., or the grant administrator to complete the training project as proposed in the application; must keep accurate records of the project’s implementation process; and must submit monthly or quarterly reimbursement requests with required documentation.

- e. All Incumbent Worker Training Program grant projects shall be performance-based with specific measurable performance outcomes, including completion of the training project and job retention. CareerSource Florida, Inc., or the grant administrator shall withhold the final payment to the grantee until a final grant report is submitted and all performance criteria specified in the grant contract have been achieved.

- f. ~~The state board CareerSource Florida, Inc.,~~ may establish guidelines necessary to implement the Incumbent Worker Training Program.

- g. No more than 10 percent of the Incumbent Worker Training Program’s total appropriation may be used for overhead or indirect purposes.

4. At least 50 percent of Rapid Response funding shall be dedicated to Intensive Services Accounts and Individual Training Accounts for dislocated workers and incumbent workers who are at risk of dislocation. ~~The department CareerSource Florida, Inc.,~~ shall also maintain an Emergency Preparedness Fund from Rapid Response funds, which will

immediately issue Intensive Service Accounts, Individual Training Accounts, and other federally authorized assistance to eligible victims of natural or other disasters. At the direction of the Governor, these Rapid Response funds shall be released to local workforce development boards for immediate use after events that qualify under federal law. Funding shall also be dedicated to maintain a unit at the state level to respond to Rapid Response emergencies and to work with state emergency management officials and local workforce development boards. All Rapid Response funds must be expended based on a plan developed by ~~the state board in consultation with the department CareerSource Florida, Inc.,~~ and approved by the Governor.

(b) The administrative entity for Title I, Workforce Innovation and Opportunity Act funds, and Rapid Response activities is the department ~~of Economic Opportunity,~~ which shall provide direction to local workforce development boards regarding Title I programs and Rapid Response activities ~~pursuant to the direction of CareerSource Florida, Inc.~~

(4) FEDERAL REQUIREMENTS, EXCEPTIONS AND REQUIRED MODIFICATIONS.—

(a) ~~The state board CareerSource Florida, Inc.,~~ may provide indemnification from audit liabilities to local workforce development boards that act in full compliance with state law and board policy.

(b) ~~The state board, in consultation with the department CareerSource Florida, Inc.,~~ may make modifications to the state's plan, policies, and procedures to comply with federally mandated requirements that in its judgment must be complied with to maintain funding provided pursuant to Pub. L. No. 113-128. The ~~state board~~ shall provide written notice to the Governor, the President of the Senate, and the Speaker of the House of Representatives within 30 days after any such changes or modifications.

(c) ~~The state board CareerSource Florida, Inc.,~~ shall enter into a memorandum of understanding with the Florida Department of Education to ensure that federally mandated requirements of Pub. L. No. 113-128 are met and are in compliance with the state plan for workforce development.

(5) LONG-TERM CONSOLIDATION OF WORKFORCE DEVELOPMENT.—~~The state board CareerSource Florida, Inc.,~~ may recommend workforce-related divisions, bureaus, units, programs, duties, commissions, boards, and councils for elimination, consolidation, or privatization.

(6) AUTHORITY TO HIRE EXECUTIVE DIRECTOR AND STAFF.—~~The state board may hire an executive director and staff to assist in carrying out the functions of the Workforce Innovation and Opportunity Act and in using funds made available through the act. The state board shall authorize the executive director and staff to work with the department in carrying out the functions of the Workforce Innovation and Opportunity Act.~~

The plan must specify methods for allocating the resources and programs in a manner that eliminates unwarranted duplication, minimizes administrative costs, meets the existing job market demands and the job market demands resulting from successful economic development activities, ensures access to quality workforce development services for all Floridians, allows for pro rata or partial distribution of benefits and services, prohibits the creation of a waiting list or other indication of an unserved population, serves as many individuals as possible within available resources, and maximizes successful outcomes. ~~The state board As part of the charter process, CareerSource Florida, Inc., shall establish incentives for effective coordination of federal and state programs, outline rewards for successful job placements, and institute collaborative approaches among local service providers. Local decisionmaking and control shall be important components for inclusion in this charter application.~~

(12) CareerSource Florida, Inc., *under the direction of the state board*, shall enter into agreement with Space Florida and collaborate with vocational institutes, community colleges, colleges, and universities in this state to develop a workforce development strategy to implement the workforce provisions of s. 331.3051.

(13) *The department may consult with the state board to issue technical assistance letters on the operation of federal programs and the expenditure of federal funds by the state board or any local workforce development board. A technical assistance letter must be in writing, must be posted on the department's website, and remains in effect until superseded or terminated. A technical assistance letter is not a rule of general applicability under s. 120.54 and is not a declaratory statement issued under s. 120.565 or an order issued under s. 120.569. Section 120.53 does not apply to technical assistance letters.*

Section 13. Section 445.006, Florida Statutes, is amended to read:

445.006 State plan for workforce development.—

(1) STATE PLAN.—*The state board CareerSource Florida, Inc.*, in conjunction with state and local partners in the workforce system, shall

develop a state plan that produces an educated and skilled workforce. The state plan must consist of strategic and operational planning elements. The state plan shall be submitted by the Governor to the United States Department of Labor pursuant to the requirements of Pub. L. No. 113-128.

(2) STRATEGIC PLANNING ELEMENTS.—~~The state board CareerSource Florida, Inc.~~, in conjunction with state and local partners in the workforce system, shall develop strategic planning elements, pursuant to Pub. L. No. 113-128, Title I, s. 102, for the state plan.

(a) The strategic planning elements of the state plan must include, but need not be limited to, strategies for:

1. Fulfilling the workforce system goals and strategies prescribed in s. 445.004;
2. Aggregating, integrating, and leveraging workforce system resources;
3. Coordinating the activities of federal, state, and local workforce system partners;
4. Addressing the workforce needs of small businesses; and
5. Fostering the participation of rural communities and distressed urban cores in the workforce system.

(b) The strategic planning elements must include criteria for allocating workforce resources to local workforce development boards. With respect to allocating funds to serve customers of the welfare transition program, such criteria may include weighting factors that indicate the relative degree of difficulty associated with securing and retaining employment placements for specific subsets of the welfare transition caseload.

(3) OPERATIONAL PLANNING ELEMENTS.—~~The state board CareerSource Florida, Inc.~~, in conjunction with state and local partners in the workforce system, shall develop operational planning elements, pursuant to Pub. L. No. 113-128, Title I, s. 102, for the state plan.

Section 14. Subsection (1), paragraph (b) of subsection (2), and subsections (3) through (7) and (9) through (13) of section 445.007, Florida Statutes, are amended, and paragraph (c) is added to subsection (2) of that section, to read:

445.007 Local workforce development boards.—

(1) One *local* workforce development board shall be appointed in each designated service delivery area and shall serve as the local workforce development board pursuant to Pub. L. No. 113-128. The membership of the *local* board must be consistent with Pub. L. No. 113-128, Title I, s. 107(b). If a public education or training provider is represented on the *local* board, a representative of a private education provider must also be appointed to the *local* board. ~~The state board CareerSource Florida, Inc.~~, may waive this requirement if requested by a local workforce development board if it is demonstrated that such representatives do not exist in the region. The importance of minority and gender representation shall be considered when making appointments to the *local* board. The *local* board, its committees, subcommittees, and subdivisions, and other units of the workforce system, including units that may consist in whole or in part of local governmental units, may use any method of telecommunications to conduct meetings, including establishing a quorum through telecommunications, provided that the public is given proper notice of the telecommunications meeting and reasonable access to observe and, when appropriate, participate. Local workforce development boards are subject to chapters 119 and 286 and s. 24, Art. I of the State Constitution. If the local workforce development board enters into a contract with an organization or individual represented on the *local* board ~~of directors~~, the contract must be approved by a two-thirds vote of the *local* board, a quorum having been established, and the *local* board member who could benefit financially from the transaction must abstain from voting on the contract. A *local* board member must disclose any such conflict in a manner that is consistent with the procedures outlined in s. 112.3143. Each member of a local workforce development board who is not otherwise required to file a full and public disclosure of financial interests ~~under pursuant to~~ s. 8, Art. II of the State Constitution or s. 112.3144 shall file a statement of financial interests ~~under pursuant to~~

s. 112.3145. The executive director or designated person responsible for the operational and administrative functions of the local workforce development board who is not otherwise required to file a full and public disclosure of financial interests ~~under pursuant to~~ s. 8, Art. II of the State Constitution or s. 112.3144 shall file a statement of financial interests ~~under pursuant to~~ s. 112.3145.

(2)

(b) The Governor may remove a member of the *local* board, the executive director of the *local* board, or the designated person responsible for the operational and administrative functions of the *local* board for cause. ~~As used in this paragraph, the term “cause” includes, but is not limited to, engaging in fraud or other criminal acts, incapacity, unfitness, neglect of duty, official incompetence and irresponsibility, misfeasance, malfeasance, nonfeasance, or lack of performance.~~

(c) ~~The chief elected official for the local workforce development board may remove a member of the local board, the executive director of the local board, or the designated person responsible for the operational and administrative functions of the local board for cause.~~

(3) ~~The department of Economic Opportunity, under the direction of CareerSource Florida, Inc., shall assign staff to meet with each local workforce development board annually to review the local board’s performance and to certify that the local board is in compliance with applicable state and federal law.~~

(4) In addition to the duties and functions specified by ~~the state board CareerSource Florida, Inc.~~, and by the interlocal agreement approved by the local county or city governing bodies, the local workforce development board shall have the following responsibilities:

(a) Develop, submit, ratify, or amend the local plan pursuant to Pub. L. No. 113-128, Title I, s. 108 and this act.

(b) Conclude agreements necessary to designate the fiscal agent and administrative entity. A public or private entity, including an entity established ~~under pursuant to~~ s. 163.01, which makes a majority of the appointments to a local workforce development board may serve as the *local* board’s administrative entity if approved by ~~the department CareerSource Florida, Inc.~~, based upon a showing that a fair and competitive process was used to select the administrative entity.

(c) ~~Complete assurances required for the charter process of CareerSource Florida, Inc., and~~ Provide ongoing oversight related to administrative costs, duplicated services, career counseling, economic development, equal access, compliance and accountability, and performance outcomes.

(d) Oversee the one-stop delivery system in its local area.

(5) ~~The department and CareerSource Florida, Inc., in consultation with the state board,~~ shall implement a training program for the local workforce development boards to familiarize *local* board members with the state’s workforce development goals and strategies.

(6) The local workforce development board shall designate all local service providers and may not transfer this authority to a third party. Consistent with the intent of the Workforce Innovation and Opportunity Act, local workforce development boards should provide the greatest possible choice of training providers to those who qualify for training services. A local workforce development board may not restrict the choice of training providers based upon cost, location, or historical training arrangements. However, a *local* board may restrict the amount of training resources available to any one client. Such restrictions may vary based upon the cost of training in the client’s chosen occupational area. The local workforce development board may be designated as a one-stop operator and direct provider of intake, assessment, eligibility determinations, or other direct provider services except training services. Such designation may occur only with the agreement of the chief elected official and the Governor as specified in 29 U.S.C. s. 2832(f)(2). ~~The state board CareerSource Florida, Inc., shall establish procedures by which a local workforce development board may request permission to operate under this section and the criteria under which such permission may be granted. The criteria shall include, but need not be limited to, a reduction in the cost of providing the permitted services.~~

Such permission shall be granted for a period not to exceed 3 years for any single request submitted by the local workforce development board.

(7) Local workforce development boards shall adopt a committee structure consistent with applicable federal law and state policies established by *the state board CareerSource Florida, Inc.*

(9) For purposes of procurement, local workforce development boards and their administrative entities are not state agencies and are exempt from chapters 120 and 287. The local workforce development boards shall apply the procurement and expenditure procedures required by federal law and policies of the department of Economic Opportunity and *the state board CareerSource Florida, Inc.*, for the expenditure of federal, state, and nonpass-through funds. The making or approval of smaller, multiple payments for a single purchase with the intent to avoid or evade the monetary thresholds and procedures established by federal law and policies of the department of Economic Opportunity and *the state board CareerSource Florida, Inc.*, is grounds for removal for cause. Local workforce development boards, their administrative entities, committees, and subcommittees, and other workforce units may authorize expenditures to award suitable framed certificates, pins, or other tokens of recognition for performance by units of the workforce system. Local workforce development boards; their administrative entities, committees, and subcommittees; and other workforce units may authorize expenditures for promotional items, such as t-shirts, hats, or pens printed with messages promoting Florida's workforce system to employers, job seekers, and program participants. However, such expenditures are subject to federal regulations applicable to the expenditure of federal funds. All contracts executed by local workforce development boards must include specific performance expectations and deliverables.

(10) State and federal funds provided to the local workforce development boards may not be used directly or indirectly to pay for meals, food, or beverages for board members, staff, or employees of local workforce development boards, *the state board CareerSource Florida, Inc.*, or the department of Economic Opportunity except as expressly authorized by state law. Preapproved, reasonable, and necessary per diem allowances and travel expenses may be reimbursed. Such reimbursement shall be at the standard travel reimbursement rates established in s. 112.061 and shall be in compliance with all applicable federal and state requirements. *The department shall provide fiscal and programmatic guidance CareerSource Florida, Inc., shall develop a statewide fiscal policy applicable to the state board, CareerSource Florida, Inc., and all local workforce development boards;* to hold both the state and local workforce development boards strictly accountable for adherence to the policy and subject to regular and periodic monitoring by the department of Economic Opportunity, *the administrative entity for CareerSource Florida, Inc.* Local boards are prohibited from expending state or federal funds for entertainment costs and recreational activities for local board members and employees as these terms are defined by 2 C.F.R. part 200 ~~230~~.

(11) To increase transparency and accountability, a local workforce development board must comply with the requirements of this section before contracting with a member of the local board or a relative, as defined in s. 112.3143(1)(c), of a local board member or of an employee of the local board. Such contracts may not be executed before or without the prior approval of *the department CareerSource Florida, Inc.* Such contracts, as well as documentation demonstrating adherence to this section as specified by *the department CareerSource Florida, Inc.*, must be submitted to the department of Economic Opportunity for review and approval *recommendation according to criteria to be determined by CareerSource Florida, Inc.* Such a contract must be approved by a two-thirds vote of the local board, a quorum having been established; all conflicts of interest must be disclosed before the vote; and any member who may benefit from the contract, or whose relative may benefit from the contract, must abstain from the vote. A contract under \$25,000 between a local workforce development board and a member of that board or between a relative, as defined in s. 112.3143(1)(c), of a local board member or of an employee of the local board is not required to have the prior approval of *the department CareerSource Florida, Inc.*, but must be approved by a two-thirds vote of the local board, a quorum having been established, and must be reported to the department of Economic Opportunity and *the state board CareerSource Florida, Inc.*, within 30 days after approval. If a contract cannot be approved by *the department CareerSource Florida, Inc.*, a review of the decision to dis-

approve the contract may be requested by the local workforce development board or other parties to the disapproved contract.

(12) Each local workforce development board shall develop a budget for the purpose of carrying out the duties of the local board under this section, subject to the approval of the chief elected official. Each local workforce development board shall submit its annual budget for review to *the department CareerSource Florida, Inc.*, no later than 2 weeks after the chair approves the budget.

~~(13) By March 1, 2018, CareerSource Florida, Inc., shall establish regional planning areas in accordance with Pub. L. No. 113-128, Title I, s. 106(a)(2). Local workforce development boards and chief elected officials within identified regional planning areas shall prepare a regional workforce development plan as required under Pub. L. No. 113-128, Title I, s. 106(c)(2).~~

Section 15. Subsections (1) and (4) of section 445.0071, Florida Statutes, are amended to read:

445.0071 Florida Youth Summer Jobs Pilot Program.—

(1) CREATION.—Contingent upon appropriations, there is created the Florida Youth Summer Jobs Pilot Program within workforce development district 22 served by the Broward Workforce Development Board. The board shall, in consultation with *the state board CareerSource Florida, Inc.*, provide a program offering at-risk and disadvantaged children summer jobs in partnership with local communities and public employers.

(4) GOVERNANCE.—

(a) The pilot program shall be administered by the local workforce development board in consultation with *the state board CareerSource Florida, Inc.*

(b) The local workforce development board shall report to *the state board and the department CareerSource Florida, Inc.*, the number of at-risk and disadvantaged children who enter the program, the types of work activities they participate in, and the number of children who return to school, go on to postsecondary school, or enter the workforce full time at the end of the program. *The state board CareerSource Florida, Inc.*, shall report to the Legislature by November 1 of each year on the performance of the program.

Section 16. Subsections (1) and (2) of section 445.008, Florida Statutes, are amended to read:

445.008 Workforce Training Institute.—

(1) *The state board, through CareerSource Florida, Inc.*, may create the Workforce Training Institute, which shall be a comprehensive program of workforce training courses designed to meet the unique needs of, and shall include Internet-based training modules suitable for and made available to, professionals integral to the workforce system, including advisors and counselors in educational institutions.

(2) *The state board, through CareerSource Florida, Inc.*, may enter into a contract for the provision of administrative support services for the institute and shall adopt policies for the administration and operation of the institute and establish admission fees in an amount which, in the aggregate, does not exceed the cost of the program. CareerSource Florida, Inc., may accept donations or grants of any type for any function or purpose of the institute. *All donations and grants received by CareerSource Florida, Inc., must be reported to the state board and the department.*

Section 17. Subsections (2), (3), and (4), paragraph (b) of subsection (6), subsection (7), paragraphs (a), (c), and (d) of subsection (8), and subsection (9) of section 445.009, Florida Statutes, are amended to read:

445.009 One-stop delivery system.—

(2)(a) Subject to a process designed by *the state board CareerSource Florida, Inc.*, and in compliance with Pub. L. No. 113-128, local workforce development boards shall designate one-stop delivery system operators.

(b) A local workforce development board may designate as its one-stop delivery system operator any public or private entity that is eligible to provide services under any state or federal workforce program that is a mandatory or discretionary partner in the local workforce development area's one-stop delivery system if approved by *the department CareerSource Florida, Inc.*, upon a showing by the local workforce development board that a fair and competitive process was used in the selection. As a condition of authorizing a local workforce development board to designate such an entity as its one-stop delivery system operator, *the department CareerSource Florida, Inc.*, must require the local workforce development board to demonstrate that safeguards are in place to ensure that the one-stop delivery system operator will not exercise an unfair competitive advantage or unfairly refer or direct customers of the one-stop delivery system to services provided by that one-stop delivery system operator. A local workforce development board may retain its current one-stop career center operator without further procurement action if the *local* board has an established one-stop career center that has complied with federal and state law.

(c) The local workforce development board must enter into a memorandum of understanding with each mandatory or optional partner participating in the one-stop delivery system which details the partner's required contribution to infrastructure costs, as required by Pub. L. No. 113-128, s. 121(h). ~~If the local workforce development board and the one stop partner are unable to come to an agreement regarding infrastructure costs by July 1, 2017, the costs shall be allocated pursuant to a policy established by the Governor.~~

(3) Local workforce development boards shall enter into a memorandum of understanding with the department of ~~Economic Opportunity~~ for the delivery of employment services authorized by the federal Wagner-Peyser Act. This memorandum of understanding must be performance based.

(a) Unless otherwise required by federal law, at least 90 percent of the Wagner-Peyser funding must go into direct customer service costs.

(b) Employment services must be provided through the one-stop delivery system, under the guidance of one-stop delivery system operators. One-stop delivery system operators shall have overall authority for directing the staff of the workforce system. Personnel matters shall remain under the ultimate authority of the department. However, the one-stop delivery system operator shall submit to the department information concerning the job performance of employees of the department who deliver employment services. The department shall consider any such information submitted by the one-stop delivery system operator in conducting performance appraisals of the employees.

(c) The department shall retain fiscal responsibility and accountability for the administration of funds allocated to the state under the Wagner-Peyser Act. An employee of the department who is providing services authorized under the Wagner-Peyser Act shall be paid using Wagner-Peyser Act funds.

(4) One-stop delivery system partners shall enter into a memorandum of understanding pursuant to Pub. L. No. 113-128, Title I, s. 121, with the local workforce development board. Failure of a local partner to participate cannot unilaterally block the majority of partners from moving forward with their one-stop delivery system, and *the state board, in conjunction with the department, may notify the Governor CareerSource Florida, Inc., pursuant to s. 445.004(5)(c), may make notification* of a local partner that fails to participate.

(6)

(b) To expand electronic capabilities, *the state board and the department CareerSource Florida, Inc.*, working with local workforce development boards, shall develop a centralized help center to assist local workforce development boards in fulfilling core services, minimizing the need for fixed-site one-stop delivery system centers.

(7) Intensive services and training provided pursuant to Pub. L. No. 113-128 shall be provided to individuals through Intensive Service Accounts and Individual Training Accounts. *The state board CareerSource Florida, Inc.*, shall develop an implementation plan, including identification of initially eligible training providers, transition guidelines, and criteria for use of these accounts. Individual Training Accounts must be

compatible with Individual Development Accounts for education allowed in federal and state welfare reform statutes.

(8)(a) Individual Training Accounts must be expended on programs that prepare people to enter high-wage occupations identified by the Workforce Estimating Conference created by s. 216.136, and on other programs *recommended and approved by the state board following a review by the department to determine the program's compliance with federal law as approved by CareerSource Florida, Inc.*

(c) *The department CareerSource Florida, Inc.*, shall periodically review Individual Training Account pricing schedules developed by local workforce development boards and present findings and recommendations for process improvement to the President of the Senate and the Speaker of the House of Representatives.

(d) To the maximum extent possible, training providers shall use funding sources other than the funding provided under Pub. L. No. 113-128. *The state board CareerSource Florida, Inc.*, shall develop a system to encourage the leveraging of appropriated resources for the workforce system and shall report on such efforts as part of the required annual report.

(9)(a) *The state board CareerSource Florida, Inc.*, working with the department, shall coordinate among the agencies a plan for a One-Stop Electronic Network made up of one-stop delivery system centers and other partner agencies that are operated by authorized public or private for-profit or not-for-profit agents. The plan shall identify resources within existing revenues to establish and support this electronic network for service delivery that includes Government Services Direct. If necessary, the plan shall identify additional funding needed to achieve the provisions of this subsection.

(b) The network shall assure that a uniform method is used to determine eligibility for and management of services provided by agencies that conduct workforce development activities. The Department of Management Services shall develop strategies to allow access to the databases and information management systems of the following systems in order to link information in those databases with the one-stop delivery system:

1. The Reemployment Assistance Program under chapter 443.
2. The public employment service described in s. 443.181.
3. The public assistance information system used by the Department of Children and Families and the components related to temporary cash assistance, food assistance, and Medicaid eligibility.
4. The Student Financial Assistance System of the Department of Education.
5. Enrollment in the public postsecondary education system.
6. Other information systems determined appropriate by *the state board, in consultation with the department CareerSource Florida, Inc.*

Section 18. Section 445.011, Florida Statutes, is amended to read:

445.011 Workforce information systems.—

(1) *The department, in consultation with the state board CareerSource Florida, Inc.*, shall implement, subject to legislative appropriation, automated information systems that are necessary for the efficient and effective operation and management of the workforce development system. These information systems shall include, but need not be limited to, the following:

(a) An integrated management system for the one-stop service delivery system, which includes, at a minimum, common registration and intake, screening for needs and benefits, case planning and tracking, training benefits management, service and training provider management, performance reporting, executive information and reporting, and customer-satisfaction tracking and reporting.

1. The system should report current budgeting, expenditure, and performance information for assessing performance related to outcomes, service delivery, and financial administration for workforce programs pursuant to s. 445.004(5) and (9).

2. The information system should include auditable systems and controls to ensure financial integrity and valid and reliable performance information.

3. The system should support service integration and case management by providing for case tracking for participants in welfare transition programs.

(b) An automated job-matching information system that is accessible to employers, job seekers, and other users via the Internet, and that includes, at a minimum:

1. Skill match information, including skill gap analysis; resume creation; job order creation; skill tests; job search by area, employer type, and employer name; and training provider linkage;

2. Job market information based on surveys, including local, state, regional, national, and international occupational and job availability information; and

3. Service provider information, including education and training providers, child care facilities and related information, health and social service agencies, and other providers of services that would be useful to job seekers.

~~(2) The department in procuring workforce information systems, CareerSource Florida, Inc., shall employ competitive processes, including requests for proposals, competitive negotiation, and other competitive processes to ensure that the procurement results in the most cost effective investment of state funds.~~

~~(3) CareerSource Florida, Inc., may procure independent verification and validation services associated with developing and implementing any workforce information system.~~

~~(3)(4) The department CareerSource Florida, Inc., shall coordinate development and implementation of workforce information systems with the state chief information officer to ensure compatibility with the state's information system strategy and enterprise architecture.~~

Section 19. Subsections (1) and (3) of section 445.014, Florida Statutes, are amended to read:

445.014 Small business workforce service initiative.—

(1) Subject to legislative appropriation, ~~the state board CareerSource Florida, Inc.,~~ shall establish a program to encourage local workforce development boards to establish one-stop delivery systems that maximize the provision of workforce and human-resource support services to small businesses. Under the program, a local workforce development board may apply, on a competitive basis, for funds to support the provision of such services to small businesses through the local workforce development area's one-stop delivery system.

(3) ~~The state board CareerSource Florida, Inc.,~~ shall establish guidelines governing the administration of this program and shall establish criteria to be used in evaluating applications for funding. Such criteria must include, but need not be limited to, a showing that the local workforce development board has in place a detailed plan for establishing a one-stop delivery system designed to meet the workforce needs of small businesses and for leveraging other funding sources in support of such activities.

Section 20. Paragraphs (b), (c), and (d) of subsection (2) and subsection (4) of section 445.021, Florida Statutes, are amended to read:

445.021 Relocation assistance program.—

(2) The relocation assistance program shall involve five steps by the local workforce development board, in cooperation with the Department of Children and Families:

(b) A determination that there is a basis for believing that relocation will contribute to the ability of the applicant to achieve self-sufficiency. For example, the applicant:

1. Is unlikely to achieve economic self-sufficiency at the current community of residence;

2. Has secured a job that provides an increased salary or improved benefits and that requires relocation to another community;

3. Has a family support network that will contribute to job retention in another community;

4. Is determined, pursuant to criteria or procedures established by the ~~state board of directors of CareerSource Florida, Inc.,~~ to be a victim of domestic violence who would experience reduced probability of further incidents through relocation; or

5. Must relocate in order to receive education or training that is directly related to the applicant's employment or career advancement.

(c) Establishment of a relocation plan that includes such requirements as are necessary to prevent abuse of the benefit and provisions to protect the safety of victims of domestic violence and avoid provisions that place them in anticipated danger. The payment to defray relocation expenses shall be determined based on criteria approved by the ~~state board of directors of CareerSource Florida, Inc.~~ Participants in the relocation program shall be eligible for diversion or transitional benefits.

(d) A determination, pursuant to criteria adopted by the ~~state board of directors of CareerSource Florida, Inc.,~~ that a community receiving a relocated family has the capacity to provide needed services and employment opportunities.

(4) ~~The state board of directors of CareerSource Florida, Inc.,~~ may establish criteria for developing and implementing relocation plans and for drafting agreements to restrict a family from applying for temporary cash assistance for a specified period after receiving a relocation assistance payment.

Section 21. Section 445.022, Florida Statutes, is amended to read:

445.022 Retention Incentive Training Accounts.—To promote job retention and to enable upward job advancement into higher skilled, higher paying employment, ~~the state board of directors of CareerSource Florida, Inc.,~~ and the local workforce development boards may assemble a list of programs and courses offered by postsecondary educational institutions which may be available to participants who have become employed to promote job retention and advancement.

(1) ~~The state board of directors of CareerSource Florida, Inc.,~~ may establish Retention Incentive Training Accounts (RITAs) to use Temporary Assistance to Needy Families (TANF) block grant funds specifically appropriated for this purpose. RITAs must complement the Individual Training Account required by the federal Workforce Innovation and Opportunity Act, Pub. L. No. 113-128.

(2) RITAs may pay for tuition, fees, educational materials, coaching and mentoring, performance incentives, transportation to and from courses, child care costs during education courses, and other such costs as the local workforce development boards determine are necessary to effect successful job retention and advancement.

(3) Local workforce development boards shall retain only those courses that continue to meet their performance standards as established in their local plan.

(4) Local workforce development boards shall report annually to the Legislature on the measurable retention and advancement success of each program provider and the effectiveness of RITAs, making recommendations for any needed changes or modifications.

Section 22. Paragraph (e) of subsection (5) of section 445.024, Florida Statutes, is amended to read:

445.024 Work requirements.—

(5) USE OF CONTRACTS.—Local workforce development boards shall provide work activities, training, and other services, as appropriate, through contracts. In contracting for work activities, training, or services, the following applies:

(e) The administrative costs associated with a contract for services provided under this section may not exceed the applicable administrative cost ceiling established in federal law. An agency or entity that is awarded a contract under this section may not charge more than 7

percent of the value of the contract for administration unless an exception is approved by the local workforce development board. A list of any exceptions approved must be submitted to the *state board of directors of CareerSource Florida, Inc.*, for review, and the *state board* may rescind approval of the exception.

Section 23. Subsection (6) of section 445.026, Florida Statutes, is amended to read:

445.026 Cash assistance severance benefit.—An individual who meets the criteria listed in this section may choose to receive a lump-sum payment in lieu of ongoing cash assistance payments, provided the individual:

(6) Signs an agreement not to apply for or accept cash assistance for 6 months after receipt of the one-time payment. In the event of an emergency, such agreement shall provide for an exception to this restriction, provided that the one-time payment shall be deducted from any cash assistance for which the family subsequently is approved. This deduction may be prorated over an 8-month period. The *state board of directors of CareerSource Florida, Inc.*, shall adopt criteria defining the conditions under which a family may receive cash assistance due to such emergency.

Such individual may choose to accept a one-time, lump-sum payment of \$1,000 in lieu of receiving ongoing cash assistance. Such payment shall only count toward the time limitation for the month in which the payment is made in lieu of cash assistance. A participant choosing to accept such payment shall be terminated from cash assistance. However, eligibility for Medicaid, food assistance, or child care shall continue, subject to the eligibility requirements of those programs.

Section 24. Section 445.028, Florida Statutes, is amended to read:

445.028 Transitional benefits and services.—In cooperation with the *department CareerSource Florida, Inc.*, the Department of Children and Families shall develop procedures to ensure that families leaving the temporary cash assistance program receive transitional benefits and services that will assist the family in moving toward self-sufficiency. At a minimum, such procedures must include, but are not limited to, the following:

(1) Each recipient of cash assistance who is determined ineligible for cash assistance for a reason other than a work activity sanction shall be contacted by the workforce system case manager and provided information about the availability of transitional benefits and services. Such contact shall be attempted prior to closure of the case management file.

(2) Each recipient of temporary cash assistance who is determined ineligible for cash assistance due to noncompliance with the work activity requirements shall be contacted and provided information in accordance with s. 414.065(1).

(3) The department, in consultation with the *state board of directors of CareerSource Florida, Inc.*, shall develop informational material, including posters and brochures, to better inform families about the availability of transitional benefits and services.

(4) *The department CareerSource Florida, Inc.*, in cooperation with the Department of Children and Families, shall, to the extent permitted by federal law, develop procedures to maximize the utilization of transitional Medicaid by families who leave the temporary cash assistance program.

Section 25. Section 445.030, Florida Statutes, is amended to read:

445.030 Transitional education and training.—In order to assist former recipients of temporary cash assistance who are working or actively seeking employment in continuing their training and upgrading their skills, education, or training, support services may be provided for up to 2 years after the family is no longer receiving temporary cash assistance. This section does not constitute an entitlement to transitional education and training. If funds are not sufficient to provide services under this section, the *state board of directors of CareerSource Florida, Inc.*, may limit or otherwise prioritize transitional education and training.

(1) Education or training resources available in the community at no additional cost shall be used whenever possible.

(2) Local workforce development boards may authorize child care or other support services in addition to services provided in conjunction with employment. For example, a participant who is employed full time may receive child care services related to that employment and may also receive additional child care services in conjunction with training to upgrade the participant's skills.

(3) Transitional education or training must be job-related, but may include training to improve job skills in a participant's existing area of employment or may include training to prepare a participant for employment in another occupation.

(4) A local workforce development board may enter into an agreement with an employer to share the costs relating to upgrading the skills of participants hired by the employer. For example, a local workforce development board may agree to provide support services such as transportation or a wage subsidy in conjunction with training opportunities provided by the employer.

Section 26. Section 445.033, Florida Statutes, is amended to read:

445.033 Evaluation.—The *state board of directors of CareerSource Florida, Inc.*, and the Department of Children and Families shall arrange for evaluation of TANF-funded programs operated under this chapter, as follows:

(1) If required by federal waivers or other federal requirements, the *state board of directors of CareerSource Florida, Inc.*, and the department may provide for evaluation according to these requirements.

(2) The *state board of directors of CareerSource Florida, Inc.*, and the department shall participate in the evaluation of this program in conjunction with evaluation of the state's workforce development programs or similar activities aimed at evaluating program outcomes, cost-effectiveness, or return on investment, and the impact of time limits, sanctions, and other welfare reform measures set out in this chapter. Evaluation shall also contain information on the number of participants in work experience assignments who obtain unsubsidized employment, including, but not limited to, the length of time the unsubsidized job is retained, wages, and the public benefits, if any, received by such families while in unsubsidized employment. The evaluation must solicit the input of consumers, community-based organizations, service providers, employers, and the general public, and must publicize, especially in low-income communities, the process for submitting comments.

(3) The *state board of directors of CareerSource Florida, Inc.*, and the department may share information with and develop protocols for information exchange with the Florida Education and Training Placement Information Program.

(4) The *state board of directors of CareerSource Florida, Inc.*, and the department may initiate or participate in additional evaluation or assessment activities that will further the systematic study of issues related to program goals and outcomes.

(5) In providing for evaluation activities, the *state board of directors of CareerSource Florida, Inc.*, and the department shall safeguard the use or disclosure of information obtained from program participants consistent with federal or state requirements. Evaluation methodologies may be used which are appropriate for evaluation of program activities, including random assignment of recipients or participants into program groups or control groups. To the extent necessary or appropriate, evaluation data shall provide information with respect to the state, district, or county, or other substate area.

(6) The *state board of directors of CareerSource Florida, Inc.*, and the department may contract with a qualified organization for evaluations conducted under this section.

Section 27. Section 445.035, Florida Statutes, is amended to read:

445.035 Data collection and reporting.—The Department of Children and Families and the *state board of directors of CareerSource Florida, Inc.*, shall collect data necessary to administer this chapter and make the reports required under federal law to the United States De-

partment of Health and Human Services and the United States Department of Agriculture.

Section 28. Subsections (1), (2), and (3), paragraph (b) of subsection (4), and subsection (5) of section 445.048, Florida Statutes, are amended to read:

445.048 Passport to Economic Progress program.—

(1) AUTHORIZATION.—Notwithstanding any law to the contrary, ~~the state board CareerSource Florida, Inc.,~~ in conjunction with the ~~department and the~~ Department of Children and Families ~~and the Department of Economic Opportunity,~~ shall implement a Passport to Economic Progress program consistent with this section. ~~The state board CareerSource Florida, Inc.,~~ may designate local workforce development boards to participate in the program. Expenses for the program may come from appropriated revenues or from funds otherwise available to a local workforce development board which may be legally used for such purposes. ~~The state board CareerSource Florida, Inc.,~~ must consult with the applicable local workforce development boards and the applicable local offices of the Department of Children and Families which serve the program areas and must encourage community input into the implementation process.

(2) WAIVERS.—If ~~the state board CareerSource Florida, Inc.,~~ in consultation with the Department of Children and Families, finds that federal waivers would facilitate implementation of the program, the department shall immediately request such waivers, and ~~the state board CareerSource Florida, Inc.,~~ shall report to the Governor, the President of the Senate, and the Speaker of the House of Representatives if any refusal of the federal government to grant such waivers prevents the implementation of the program. If ~~the state board CareerSource Florida, Inc.,~~ finds that federal waivers to provisions of the Food Assistance Program would facilitate implementation of the program, the Department of Children and Families shall immediately request such waivers in accordance with s. 414.175.

(3) TRANSITIONAL BENEFITS AND SERVICES.—In order to assist them in making the transition to economic self-sufficiency, former recipients of temporary cash assistance participating in the passport program shall be eligible for the following benefits and services:

(a) Notwithstanding the time period specified in s. 445.030, transitional education and training support services as specified in s. 445.030 for up to 4 years after the family is no longer receiving temporary cash assistance;

(b) Notwithstanding the time period specified in s. 445.031, transitional transportation support services as specified in s. 445.031 for up to 4 years after the family is no longer receiving temporary cash assistance; and

(c) Notwithstanding the time period specified in s. 445.032, transitional child care as specified in s. 445.032 for up to 4 years after the family is no longer receiving temporary cash assistance.

All other provisions of ss. 445.030, 445.031, and 445.032 apply to such individuals, as appropriate. This subsection does not constitute an entitlement to transitional benefits and services. If funds are insufficient to provide benefits and services under this subsection, the ~~state board of directors of CareerSource Florida, Inc.,~~ or its agent, may limit such benefits and services or otherwise establish priorities for the provisions of such benefits and services.

(4) INCENTIVES TO ECONOMIC SELF-SUFFICIENCY.—

(b) ~~The state board CareerSource Florida, Inc.,~~ in cooperation with the ~~department and the~~ Department of Children and Families ~~and the Department of Economic Opportunity,~~ shall offer performance-based incentive bonuses as a component of the Passport to Economic Progress program. The bonuses do not represent a program entitlement and are contingent on achieving specific benchmarks prescribed in the self-sufficiency plan. If the funds appropriated for this purpose are insufficient to provide this financial incentive, the ~~state board of directors of CareerSource Florida, Inc.,~~ may reduce or suspend the bonuses in order not to exceed the appropriation or may direct the local workforce development boards to use resources otherwise given to the local

workforce development board to pay such bonuses if such payments comply with applicable state and federal laws.

(5) EVALUATIONS AND RECOMMENDATIONS.—~~The state board CareerSource Florida, Inc.,~~ in conjunction with the ~~department, the Department of Children and Families, the Department of Economic Opportunity,~~ and the local workforce development boards, shall conduct a comprehensive evaluation of the effectiveness of the program operated under this section. Evaluations and recommendations for the program shall be submitted by ~~the state board CareerSource Florida, Inc.,~~ as part of its annual report to the Legislature.

Section 29. Subsections (6), (8), and (13) of section 445.051, Florida Statutes, are amended to read:

445.051 Individual development accounts.—

(6) ~~The state board CareerSource Florida, Inc.,~~ shall establish procedures for local workforce development boards to include in their annual program and financial plan an application to offer an individual development account program as part of their TANF allocation. These procedures must include, but need not be limited to, administrative costs permitted for the fiduciary organization and policies relative to identifying the match ratio and limits on the deposits for which the match will be provided in the application process. ~~The state board CareerSource Florida, Inc.,~~ shall establish policies and procedures necessary to ensure that funds held in an individual development account are not withdrawn except for one or more of the qualified purposes described in this section.

(8) ~~The state board CareerSource Florida, Inc.,~~ shall establish procedures for controlling the withdrawal of funds for uses other than qualified purposes, including specifying conditions under which an account must be closed.

(13) Pursuant to policy direction by ~~the state board CareerSource Florida, Inc.,~~ the department of Economic Opportunity shall adopt such rules as are necessary to implement this act.

Section 30. Subsection (2) of section 445.055, Florida Statutes, is amended to read:

445.055 Employment advocacy and assistance program targeting military spouses and dependents.—

(2) ~~The state board CareerSource Florida, Inc.,~~ shall establish an employment advocacy and assistance program targeting military spouses and dependents. This program shall deliver employment assistance services through military family employment advocates collocated within selected one-stop career centers. Persons eligible for assistance through this program include spouses and dependents of active duty military personnel, Florida National Guard members, and military reservists.

Section 31. Paragraph (p) of subsection (3) of section 11.45, Florida Statutes, is amended to read:

11.45 Definitions; duties; authorities; reports; rules.—

(3) AUTHORITY FOR AUDITS AND OTHER ENGAGEMENTS.—The Auditor General may, pursuant to his or her own authority, or at the direction of the Legislative Auditing Committee, conduct audits or other engagements as determined appropriate by the Auditor General of:

(p) CareerSource Florida, Inc., ~~the state board as defined in s. 445.002, or the programs or entities created by the state board under CareerSource Florida, Inc., created pursuant to s. 445.004.~~

331.369 Space Industry Workforce Initiative.—

(5) *The state board as defined in s. 445.002 CareerSource Florida, Inc.*, as part of its statutorily prescribed annual report to the Legislature, shall provide recommendations for policies, programs, and funding to enhance the workforce needs of the aerospace industry.

Section 34. Paragraph (k) of subsection (1) and subsection (9) of section 413.405, Florida Statutes, are amended to read:

413.405 Florida Rehabilitation Council.—There is created the Florida Rehabilitation Council to assist the division in the planning and development of statewide rehabilitation programs and services, to recommend improvements to such programs and services, and to perform the functions listed in this section.

(1) The council shall be composed of:

(k) At least one representative of the *state board as defined in s. 445.002 board of directors of CareerSource Florida, Inc.*

(9) In addition to the other functions specified in this section, the council shall, after consulting with the *state board as defined in s. 445.002 board of directors of CareerSource Florida, Inc.*:

(a) Review, analyze, and advise the division regarding the performance of the responsibilities of the division under Title I of the act, particularly responsibilities relating to:

1. Eligibility, including order of selection.
2. The extent, scope, and effectiveness of services provided.
3. Functions performed by state agencies which affect or potentially affect the ability of individuals with disabilities to achieve employment outcomes under Title I.

(b) In partnership with the division:

1. Develop, agree to, and review state goals and priorities in accordance with 34 C.F.R. s. 361.29(c); and

2. Evaluate the effectiveness of the vocational rehabilitation program and submit reports of progress to the Governor, the President of the Senate, the Speaker of the House of Representatives, and the United States Secretary of Education in accordance with 34 C.F.R. s. 361.29(e).

(c) Advise the department and the division and assist in the preparation of the state plan and amendments to the plan, applications, reports, needs assessments, and evaluations required by Title I.

(d) To the extent feasible, conduct a review and analysis of the effectiveness of, and consumer satisfaction with:

1. The functions performed by state agencies and other public and private entities responsible for performing functions for individuals who have disabilities.

2. Vocational rehabilitation services:

a. Provided or paid for from funds made available under the act or through other public or private sources.

b. Provided by state agencies and other public and private entities responsible for providing vocational rehabilitation services to individuals who have disabilities.

3. The employment outcomes achieved by eligible individuals receiving services under this part, including the availability of health or other employment benefits in connection with those employment outcomes.

(e) Prepare and submit an annual report on the status of vocational rehabilitation programs in the state to the Governor, the President of the Senate, the Speaker of the House of Representatives, and the United States Secretary of Education and make the report available to the public.

(f) Coordinate with other councils within Florida, including the Florida Independent Living Council, the advisory panel established under s. 612(a)(21) of the Individuals with Disabilities Education Act, 20 U.S.C. s. 1412(a)(21), the State Planning Council described in s. 124 of the Developmental Disabilities Assistance and Bill of Rights Act, 42 U.S.C. s. 15024, the state mental health planning council established under s. 1914 of the Public Health Service Act, 42 U.S.C. s. 300x-3, and the *state board as defined in s. 445.002 board of directors of CareerSource Florida, Inc.*

(g) Advise the department and division and provide for coordination and the establishment of working relationships among the department, the division, the Florida Independent Living Council, and centers for independent living in the state.

(h) Perform other functions that are consistent with the duties and responsibilities of the council under this section.

Section 35. Section 414.045, Florida Statutes, is amended to read:

414.045 Cash assistance program.—Cash assistance families include any families receiving cash assistance payments from the state program for temporary assistance for needy families as defined in federal law, whether such funds are from federal funds, state funds, or commingled federal and state funds. Cash assistance families may also include families receiving cash assistance through a program defined as a separate state program.

(1) For reporting purposes, families receiving cash assistance shall be grouped into the following categories. The department may develop additional groupings in order to comply with federal reporting requirements, to comply with the data-reporting needs of the *state board as defined in s. 445.002 board of directors of CareerSource Florida, Inc.*, or to better inform the public of program progress.

(a) Work-eligible cases.—Work-eligible cases shall include:

1. Families containing an adult or a teen head of household, as defined by federal law. These cases are generally subject to the work activity requirements provided in s. 445.024 and the time limitations on benefits provided in s. 414.105.

2. Families with a parent where the parent's needs have been removed from the case due to sanction or disqualification shall be considered work-eligible cases to the extent that such cases are considered in the calculation of federal participation rates or would be counted in such calculation in future months.

3. Families participating in transition assistance programs.

4. Families otherwise eligible for temporary cash assistance which receive diversion services, a severance payment, or participate in the relocation program.

(b) Child-only cases.—Child-only cases include cases that do not have an adult or teen head of household as defined in federal law. Such cases include:

1. Children in the care of caretaker relatives, if the caretaker relatives choose to have their needs excluded in the calculation of the amount of cash assistance.

2. Families in the Relative Caregiver Program as provided in s. 39.5085.

3. Families in which the only parent in a single-parent family or both parents in a two-parent family receive supplemental security income (SSI) benefits under Title XVI of the Social Security Act, as amended. To the extent permitted by federal law, individuals receiving SSI shall be excluded as household members in determining the amount of cash assistance, and such cases shall not be considered families containing an adult. Parents or caretaker relatives who are excluded from the cash assistance group due to receipt of SSI may choose to participate in work activities. An individual whose ability to participate in work activities is limited who volunteers to participate in work activities shall be assigned to work activities consistent with such limitations. An individual who volunteers to participate in a work activity may receive child care or support services consistent with such participation.

4. Families in which the only parent in a single-parent family or both parents in a two-parent family are not eligible for cash assistance due to immigration status or other limitation of federal law. To the extent required by federal law, such cases shall not be considered families containing an adult.

5. To the extent permitted by federal law and subject to appropriations, special needs children who have been adopted pursuant to s. 409.166 and whose adopting family qualifies as a needy family under the state program for temporary assistance for needy families. Notwithstanding any provision to the contrary in s. 414.075, s. 414.085, or s. 414.095, a family shall be considered a needy family if:

a. The family is determined by the department to have an income below 200 percent of the federal poverty level;

b. The family meets the requirements of s. 414.095(2) and (3) related to residence, citizenship, or eligible noncitizen status; and

c. The family provides any information that may be necessary to meet federal reporting requirements specified under Part A of Title IV of the Social Security Act.

6. Families in the Guardianship Assistance Program as provided in s. 39.6225.

Families described in subparagraph 1., subparagraph 2., or subparagraph 3. may receive child care assistance or other supports or services so that the children may continue to be cared for in their own homes or in the homes of relatives. Such assistance or services may be funded from the temporary assistance for needy families block grant to the extent permitted under federal law and to the extent funds have been provided in the General Appropriations Act.

(2) Oversight by the *state board as defined in s. 445.002* ~~board of directors of CareerSource Florida, Inc.~~, and the service delivery and financial planning responsibilities of the local workforce development boards apply to the families defined as work-eligible cases in paragraph (1)(a). The department shall be responsible for program administration related to families in groups defined in paragraph (1)(b), and the department shall coordinate such administration with the *state board of directors of CareerSource Florida, Inc.*, to the extent needed for operation of the program.

Section 36. Subsection (2) of section 420.622, Florida Statutes, is amended to read:

420.622 State Office on Homelessness; Council on Homelessness.—

(2) The Council on Homelessness is created to consist of 17 representatives of public and private agencies who shall develop policy and advise the State Office on Homelessness. The council members shall be: the Secretary of Children and Families, or his or her designee; the executive director of the Department of Economic Opportunity, or his or her designee, who shall advise the council on issues related to rural development; the State Surgeon General, or his or her designee; the Executive Director of Veterans' Affairs, or his or her designee; the Secretary of Corrections, or his or her designee; the Secretary of Health Care Administration, or his or her designee; the Commissioner of Education, or his or her designee; the *Executive* Director of CareerSource Florida, Inc., or his or her designee; one representative of the Florida Association of Counties; one representative of the Florida League of Cities; one representative of the Florida Supportive Housing Coalition; the Executive Director of the Florida Housing Finance Corporation, or his or her designee; one representative of the Florida Coalition for the Homeless; and four members appointed by the Governor. The council members shall be nonpaid volunteers and shall be reimbursed only for travel expenses. The appointed members of the council shall be appointed to staggered 2-year terms, and the council shall meet at least four times per year. The importance of minority, gender, and geographic representation shall be considered in appointing members to the council.

Section 37. Subsections (1) and (4) of section 443.171, Florida Statutes, are amended to read:

443.171 Department of Economic Opportunity and commission; powers and duties; records and reports; proceedings; state-federal cooperation.—

(1) POWERS AND DUTIES.—The Department of Economic Opportunity shall administer this chapter. The department may employ persons, make expenditures, require reports, conduct investigations, and take other action necessary or suitable to administer this chapter. The department shall annually submit information to the *state board as defined in s. 445.002* ~~CareerSource Florida, Inc.~~, covering the administration and operation of this chapter during the preceding calendar year for inclusion in the strategic plan under s. 445.006 and may make recommendations for amendment to this chapter.

(4) EMPLOYMENT STABILIZATION.—The Department of Economic Opportunity, under the direction of the *state board as defined in s. 445.002* ~~CareerSource Florida, Inc.~~, shall take all appropriate steps to reduce and prevent unemployment; to encourage and assist in the adoption of practical methods of career training, retraining, and career guidance; to investigate, recommend, advise, and assist municipalities, counties, school districts, and the state in the establishment and operation of reserves for public works to be used in times of business depression and unemployment; to promote the reemployment of unemployed workers throughout the state in every other way that may be feasible; to refer a claimant entitled to extended benefits to suitable work that meets the criteria of this chapter; and, to these ends, to carry on and publish the results of investigations and research studies.

Section 38. Subsection (1) of section 443.181, Florida Statutes, is amended to read:

443.181 Public employment service.—

(1) The one-stop delivery system established under s. 445.009 is this state's public employment service as part of the national system of public employment offices established under 29 U.S.C. s. 49. The Department of Economic Opportunity, under policy direction from the *state board as defined in s. 445.002* ~~CareerSource Florida, Inc.~~, shall cooperate with any official or agency of the United States having power or duties under 29 U.S.C. ss. 49-49l-1 and shall perform those duties necessary to secure to this state the funds provided under federal law for the promotion and maintenance of the state's public employment service. In accordance with 29 U.S.C. s. 49c, this state accepts 29 U.S.C. ss. 49-49l-1. The department is designated the state agency responsible for cooperating with the United States Secretary of Labor under 29 U.S.C. s. 49c. The department shall appoint sufficient employees to administer this section. The department may cooperate with or enter into agreements with the Railroad Retirement Board for the establishment, maintenance, and use of one-stop career centers.

Section 39. Subsection (1) of section 446.71, Florida Statutes, is amended to read:

446.71 Everglades Restoration Agricultural Community Employment Training Program.—

(1) The Department of Economic Opportunity, in cooperation with *the state board as defined in s. 445.002 CareerSource Florida, Inc.*, shall establish the Everglades Restoration Agricultural Community Employment Training Program within the Department of Economic Opportunity. The Department of Economic Opportunity shall use funds appropriated to the program by the Legislature to provide grants to stimulate and support training and employment programs that seek to match persons who complete such training programs to nonagricultural employment opportunities in areas of high agricultural unemployment, and to provide other training, educational, and information services necessary to stimulate the creation of jobs in the areas of high agricultural unemployment. In determining whether to provide funds to a particular program, the Department of Economic Opportunity shall consider the location of the program in proximity to the program's intended participants.

Section 40. Subsection (9) of section 1011.80, Florida Statutes, is amended to read:

1011.80 Funds for operation of workforce education programs.—

(9) The State Board of Education and *the state board as defined in s. 445.002 CareerSource Florida, Inc.*, shall provide the Legislature with recommended formulas, criteria, timeframes, and mechanisms for distributing performance funds. The commissioner shall consolidate the recommendations and develop a consensus proposal for funding. The Legislature shall adopt a formula and distribute the performance funds to the State Board of Education for Florida College System institutions and school districts through the General Appropriations Act. These recommendations shall be based on formulas that would discourage low-performing or low-demand programs and encourage through performance-funding awards:

(a) Programs that prepare people to enter high-wage occupations identified by the Workforce Estimating Conference created by s. 216.136 and other programs as approved by *the state board as defined in s. 445.002 CareerSource Florida, Inc.* At a minimum, performance incentives shall be calculated for adults who reach completion points or complete programs that lead to specified high-wage employment and to their placement in that employment.

(b) Programs that successfully prepare adults who are eligible for public assistance, economically disadvantaged, disabled, not proficient in English, or dislocated workers for high-wage occupations. At a minimum, performance incentives shall be calculated at an enhanced value for the completion of adults identified in this paragraph and job placement of such adults upon completion. In addition, adjustments may be made in payments for job placements for areas of high unemployment.

(c) Programs that are specifically designed to be consistent with the workforce needs of private enterprise and regional economic development strategies, as defined in guidelines set by *the state board as defined in s. 445.002 CareerSource Florida, Inc.* *The state board as defined in s. 445.002 CareerSource Florida, Inc.*, shall develop guidelines to identify such needs and strategies based on localized research of private employers and economic development practitioners.

(d) Programs identified by *the state board as defined in s. 445.002 CareerSource Florida, Inc.*, as increasing the effectiveness and cost efficiency of education.

Section 41. Subsection (3) of section 1011.801, Florida Statutes, is amended to read:

1011.801 Workforce Development Capitalization Incentive Grant Program.—The Legislature recognizes that the need for school districts and Florida College System institutions to be able to respond to emerging local or statewide economic development needs is critical to the workforce development system. The Workforce Development Capitalization Incentive Grant Program is created to provide grants to school districts and Florida College System institutions on a competitive basis

to fund some or all of the costs associated with the creation or expansion of workforce development programs that serve specific employment workforce needs.

(3) The State Board of Education shall give highest priority to programs that train people to enter high-skill, high-wage occupations identified by the Workforce Estimating Conference and other programs approved by *the state board as defined in s. 445.002, CareerSource Florida, Inc.*; programs that train people to enter occupations under the welfare transition program; or programs that train for the workforce adults who are eligible for public assistance, economically disadvantaged, disabled, not proficient in English, or dislocated workers. The State Board of Education shall consider the statewide geographic dispersion of grant funds in ranking the applications and shall give priority to applications from education agencies that are making maximum use of their workforce development funding by offering high-performing, high-demand programs.

And the title is amended as follows:

Senator Book moved the following amendment:

Amendment 1 (714748) (with title amendment)—Delete lines 40-211 and insert:

Section 1. Paragraph (pp) is added to subsection (1) of section 456.072, Florida Statutes, to read:

456.072 Grounds for discipline; penalties; enforcement.—

(1) The following acts shall constitute grounds for which the disciplinary actions specified in subsection (2) may be taken:

(pp) *Intentionally transferring into a recipient or inseminating a recipient with, or causing a recipient to have transferred into her body or be inseminated with, the reproductive material, as defined in s. 784.086, of a donor without the recipient's consent.*

Section 2. Subsection (1) of section 456.074, Florida Statutes, is amended to read:

456.074 Certain health care practitioners; immediate suspension of license.—

(1) The department shall issue an emergency order suspending the license of any person licensed under chapter 458, chapter 459, chapter 460, chapter 461, chapter 462, chapter 463, chapter 464, chapter 465, chapter 466, or chapter 484 who pleads guilty to, is convicted or found guilty of, or who enters a plea of nolo contendere to, regardless of adjudication, to:

(a) A felony under chapter 409, chapter 817, or chapter 893 or under 21 U.S.C. ss. 801-970 or under 42 U.S.C. ss. 1395-1396; ~~or~~

(b) A misdemeanor or felony under 18 U.S.C. s. 669, ss. 285-287, s. 371, s. 1001, s. 1035, s. 1341, s. 1343, s. 1347, s. 1349, or s. 1518 or 42 U.S.C. ss. 1320a-7b, relating to the Medicaid program; or

(c) *A felony under s. 784.086, relating to a reproductive battery.*

Section 3. Section 456.51, Florida Statutes, is created to read:

456.51 *Health care practitioners; consent for pelvic examinations.—*

(1) *As used in this section, the term "pelvic examination" means the series of tasks that comprise an examination of the vagina, cervix, uterus, fallopian tubes, ovaries, rectum, or external pelvic tissue or organs using any combination of modalities, which may include, but need not be limited to, the health care provider's gloved hand or instrumentation, in accordance with the prevailing professional standard of care for the health care practitioner as specified in s. 766.102.*

(2) *A health care practitioner, a medical student, or any other student receiving training as a health care practitioner may not perform a pelvic examination on a patient without the written consent of the patient or the patient's legal representative executed specific to, and expressly identifying, the pelvic examination, unless:*

(a) *A court orders performance of the pelvic examination for the collection of evidence; or*

(b) *The pelvic examination is immediately necessary to avert a serious risk of imminent, substantial, and irreversible physical impairment of a major bodily function of the patient.*

Section 4. Paragraph (ww) is added to subsection (1) of section 458.331, Florida Statutes, to read:

458.331 Grounds for disciplinary action; action by the board and department.—

(1) The following acts constitute grounds for denial of a license or disciplinary action, as specified in s. 456.072(2):

(ww) Intentionally transferring into a recipient or inseminating a recipient with, or causing a recipient to have transferred into her body or be inseminated with, the reproductive material, as defined in s. 784.086, of a donor without the recipient's consent.

Section 5. Paragraph (yy) is added to subsection (1) of section 459.015, Florida Statutes, to read:

459.015 Grounds for disciplinary action; action by the board and department.—

(1) The following acts constitute grounds for denial of a license or disciplinary action, as specified in s. 456.072(2):

(yy) Intentionally transferring into a recipient or inseminating a recipient with, or causing a recipient to have transferred into her body or be inseminated with, the reproductive material, as defined in s. 784.086, of a donor without the recipient's consent.

Section 6. Section 784.086, Florida Statutes, is created to read:

784.086 *Reproductive battery.*—

(1) *As used in this section, the term:*

(a) “Donor” means a person who donates reproductive material, regardless of whether for personal use or compensation.

(b) “Health care practitioner” has the same meaning as in s. 456.001.

(c) “Recipient” means a person who has a donor’s reproductive material transferred into her body.

(d) “Reproductive material” means any human “egg” or “sperm” as those terms are defined in s. 742.13, or a human zygote.

(e) “Zygote” means a fertilized ovum.

SPECIAL GUESTS

The President recognized Lieutenant Governor Jeanette Nuñez who was present in the chamber.

On motion by Senator Gainer—

CS for SB 966—A bill to be entitled An act relating to public records; amending s. 119.071, F.S.; defining the term “financial documentation”; providing an exemption from public records requirements for property photographs and financial documentation provided to the Department of Economic Opportunity, the Florida Housing Finance Corporation, a county, a municipality, or a local housing finance agency by or on behalf of an applicant for or a participant in a federal, state, or local housing assistance program for the purpose of disaster recovery assistance; authorizing access to such records and information for certain purposes; providing for future legislative review and repeal of the exemption; providing a statement of public necessity; providing an effective date.

—was read the second time by title.

Senator Gainer moved the following amendment which was adopted:

Amendment 1 (555754) (with title amendment)—Delete everything after the enacting clause and insert:

Section 1. Paragraph (f) of subsection (5) of section 119.071, Florida Statutes, is amended to read:

119.071 General exemptions from inspection or copying of public records.—

(5) OTHER PERSONAL INFORMATION.—

(f)1. The following information held by the Department of Economic Opportunity, the Florida Housing Finance Corporation, a county, a municipality, or a local housing finance agency is confidential and exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution:

a. Medical history records and information related to health or property insurance provided to the Department of Economic Opportunity, the Florida Housing Finance Corporation, a county, a municipality, or a local housing finance agency by an applicant for or a participant in a federal, state, or local housing assistance program are confidential and exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution.

b. Property photographs and personal identifying information of an applicant for or a participant in a federal, state, or local housing assistance program for the purpose of disaster recovery assistance for a presidentially declared disaster.

2. Governmental entities or their agents shall have access to such confidential and exempt records and information for the purpose of auditing federal, state, or local housing programs or housing assistance programs.

3. Such confidential and exempt records and information may be used in any administrative or judicial proceeding, provided such records are kept confidential and exempt unless otherwise ordered by a court.

4. *Sub-subparagraph 1.b. is subject to the Open Government Sunset Review Act in accordance with s. 119.15 and shall stand repealed on October 2, 2025, unless reviewed and saved from repeal through re-enactment by the Legislature.*

Section 2. *The Legislature finds that it is a public necessity that property photographs and personal identifying information of an applicant for or participant in a federal, state, or local housing assistance program for the purpose of disaster recovery assistance for a presidentially declared disaster, held by the Department of Economic Opportunity, the Florida Housing Finance Corporation, a county, a municipality, or a local housing finance agency, be made confidential and exempt from s. 119.07(1), Florida Statutes, and s. 24(a), Article I of the State Constitution. In response to a disaster, an agency, in an effort to determine damage and ascertain the estimated cost of rehabilitation, may conduct a property inspection to observe and record damage to the property. This information may be used to locate the damaged property*

and to identify and contact the property owner or tenant. Following a disaster, the people affected are vulnerable and frequently displaced due to the severely damaged and often uninhabitable condition of their residences. If released, property photographs and personal identifying information could be used by fraudulent contractors, predatory lenders, thieves, or individuals seeking to impose on the vulnerability of the distressed property owner or tenant following a disaster. Therefore, it is necessary that property photographs and personal identifying information be protected to ensure that those affected by a disaster are not harassed, intimidated, or potentially defrauded.

Section 3. This act shall take effect July 1, 2020.

And the title is amended as follows:

Delete everything before the enacting clause and insert: A bill to be entitled An act relating to public records; amending s. 119.071, F.S.; providing an exemption from public records requirements for property photographs and personal identifying information provided to specified entities by certain persons for the purpose of disaster recovery assistance; authorizing access to such records and information for certain purposes; providing for future legislative review and repeal of the exemption; providing a statement of public necessity; providing an effective date.

(11) A county may not adopt, after January 1, 2020, any comprehensive plan, land development regulation, or other form of restriction that serves as a limitation on a municipality from establishing land use and zoning on lands located within a municipality unless the municipality, through its own ordinances, adopts and imposes the provision, goal, objective, or policy on lands located within the municipal jurisdiction. A county may not limit a municipality from deciding the land uses, density, and intensity allowed on lands annexed into a municipality as long as the municipality is in compliance with subsection (3). This subsection does not apply to a charter county with a population in excess of 1 million as of January 1, 2020, which has in place as of that date charter provisions governing land use or development, which provisions apply to all jurisdictions within the county.

And the title is amended as follows:

Delete lines 3-14 and insert: 163.3167, F.S.; prohibiting counties from adopting, after a specified date, a comprehensive plan, a land development regulation, or another form of restriction unless certain conditions are met; prohibiting counties from limiting a municipality from deciding land uses, density, and intensity allowed on certain lands; providing retroactive applicability; amending s.

Senator Diaz moved the following amendment which was adopted:

Amendment 3 (524444) (with title amendment)—Between lines 136 and 137 insert:

Section 5. Subsection (4) of section 337.25, Florida Statutes, is amended to read:

337.25 Acquisition, lease, and disposal of real and personal property.—

(4) The department may convey, in the name of the state, any land, building, or other property, real or personal, which was acquired under subsection (1) and which the department has determined is not needed for the construction, operation, and maintenance of a transportation facility. When such a determination has been made, property may be disposed of through negotiations, sealed competitive bids, auctions, or any other means the department deems to be in its best interest, with due advertisement for property valued by the department at greater than \$10,000. A sale may not occur at a price less than the department's current estimate of value, except as provided in paragraphs (a)-(d). The department may afford a right of first refusal to the local government or other political subdivision in the jurisdiction in which the parcel is situated, except in a conveyance transacted under paragraph (a), paragraph (c), or paragraph (e). *Notwithstanding any provision of this section to the contrary, before any conveyance under this subsection may be made, except a conveyance under paragraph (a) or paragraph (c), the department shall first afford a right of first refusal to the previous property owner for the department's current estimate of value of the property. The right of first refusal must be made in writing and sent to the previous owner via certified mail or hand delivery, effective upon receipt. The right of first refusal must provide the previous owner with a minimum of 30 days to exercise the right in writing and must be sent to the originator of the offer by certified mail or hand delivery, effective upon dispatch. If the previous owner exercises his or her right of first refusal, the previous owner has a minimum of 90 days to close on the property.*

(a) If the property has been donated to the state for transportation purposes and a transportation facility has not been constructed for at least 5 years, plans have not been prepared for the construction of such facility, and the property is not located in a transportation corridor, the governmental entity may authorize reconveyance of the donated property for no consideration to the original donor or the donor's heirs, successors, assigns, or representatives.

(b) If the property is to be used for a public purpose, the property may be conveyed without consideration to a governmental entity.

(c) If the property was originally acquired specifically to provide replacement housing for persons displaced by transportation projects, the department may negotiate for the sale of such property as replacement housing. As compensation, the state shall receive at least its investment in such property or the department's current estimate of value, whichever is lower. It is expressly intended that this benefit be extended only to persons actually displaced by the project. Dispositions to any other person must be for at least the department's current estimate of value.

(d) If the department determines that the property requires significant costs to be incurred or that continued ownership of the property exposes the department to significant liability risks, the department may use the projected maintenance costs over the next 10 years to offset the property's value in establishing a value for disposal of the property, even if that value is zero.

(e) If, at the discretion of the department, a sale to a person other than an abutting property owner would be inequitable, the property may be sold to the abutting owner for the department's current estimate of value.

And the title is amended as follows:

Delete line 29 and insert: changes under certain circumstances; amending s. 337.25, F.S.; requiring the Department of Transportation to afford a right of first refusal to certain individuals under specified circumstances; providing requirements and procedures for the right of first refusal; amending s.

Pursuant to Rule 4.19, **HB 7075** was placed on the calendar of Bills on Third Reading.

On motion by Senator Book—

CS for SB 7012—A bill to be entitled An act relating to mental health and substance abuse; amending s. 14.2019, F.S.; providing additional duties for the Statewide Office for Suicide Prevention; establishing the First Responders Suicide Deterrence Task Force adjunct to the office; specifying the task force's purpose; providing for the composition and the duties of the task force; requiring the task force to submit reports to the Governor and the Legislature on an annual basis; providing for future repeal; amending s. 14.20195, F.S.; providing additional duties for the Suicide Prevention Coordinating Council; revising the composition of the council; amending s. 334.044, F.S.; requiring the Department of Transportation to work with the office in developing a plan relating to evidence-based suicide deterrents in certain locations; amending s. 394.455, F.S.; defining the term "coordinated specialty care program"; revising the definition of the term "mental illness"; amending s. 394.4573, F.S.; revising the requirements for the annual state behavioral health services assessment; revising the essential elements of a coordinated system of care; amending s. 394.463, F.S.; requiring that certain information be provided to the guardian or representative of a minor patient released from involuntary examination; amending s. 394.658, F.S.; revising the application criteria for the Criminal Justice, Mental Health, and Substance Abuse Reinvestment Grant Program to include support for coordinated specialty care programs; amending s. 394.67, F.S.; defining the term "coordinated specialty care program"; amending s. 397.311, F.S.; redefining the term "medication-assisted treatment opiate addiction" as "medication-assisted treatment for opioid use disorders"; amending s. 397.321, F.S.; deleting a provision requiring the Department of Children and Families to develop a certification process by rule for community substance abuse prevention coalitions; amending s. 397.4012, F.S.; revising applicability for certain licensure exemptions; creating s. 456.0342, F.S.; providing applicability; requiring specified persons to complete certain suicide prevention education courses by a specified date; requiring certain boards to include the hours for such courses in the total hours of continuing education required for the profession; creating s. 786.1516, F.S.; defining the terms "emergency care" and "suicide emergency"; providing that persons providing certain emergency care are not liable for civil damages or penalties under certain circumstances; amending s. 916.106, F.S.; revising the definition of the term "mental illness"; amending ss. 916.13 and 916.15, F.S.; requiring the department to request a de-

defendant's medical information from a jail within a certain timeframe after receiving a commitment order and other required documentation; requiring the jail to provide such information within a certain timeframe; requiring the continued administration of psychotropic medication to a defendant if he or she is receiving such medication at a mental health facility at the time that he or she is discharged and transferred to the jail; providing an exception; requiring the jail and department physicians to collaborate on a defendant's medication changes for certain purposes; specifying that the jail physician has the final authority regarding the administering of medication to an inmate; amending ss. 1002.33 and 1012.583, F.S.; requiring charter schools and public schools, respectively, to incorporate certain training on suicide prevention in continuing education and inservice training requirements; providing that such schools must require all instructional personnel to participate in the training; requiring such schools to have a specified minimum number of staff members who are certified or deemed competent in the use of suicide screening instruments; requiring such schools to have a policy for such instruments; requiring such schools to report certain compliance to the Department of Education; conforming provisions to changes made by the act; amending ss. 39.407, 394.495, 394.496, 394.674, 394.74, 394.9085, 409.972, 464.012, and 744.2007, F.S.; conforming cross-references; requiring the Office of Program Policy Analysis and Government Accountability to perform a review of certain programs and efforts relating to suicide prevention programs in other states and make certain recommendations; requiring the office to submit a report to the Legislature by a specified date; providing an appropriation; authorizing positions; providing an effective date.

—was read the second time by title.

Pursuant to Rule 4.19, **CS for SB 7012** was placed on the calendar of Bills on Third Reading.

Consideration of **CS for SB 7018**, **SB 7014**, and **SB 1224** was deferred.

CS for SB 1074—A bill to be entitled An act relating to a surviving spouse ad valorem tax reduction; amending s. 196.082, F.S.; authorizing the surviving spouses of certain permanently disabled veterans to carry over a certain discount on ad valorem taxes on homestead property under specified conditions; authorizing the discount to be transferred to another permanent residence under specified conditions; providing a procedure by which an applicant may file an application after a specified date and request the discount; authorizing the Department of Revenue to adopt emergency rules; providing a contingent effective date.

—was read the second time by title.

Pending further consideration of **CS for SB 1074**, pursuant to Rule 3.11(3), there being no objection, **HB 879** was withdrawn from the Committees on Military and Veterans Affairs and Space; Finance and Tax; and Appropriations.

On motion by Senator Wright, by two-thirds vote—

HB 879—A bill to be entitled An act relating to a surviving spouse ad valorem tax reduction; amending s. 196.082, F.S.; authorizing the surviving spouses of certain permanently disabled veterans to carry over a certain discount on ad valorem taxes on homestead property under specified conditions; authorizing the discount to be transferred to another permanent residence under specified conditions; providing a procedure by which an applicant may file an application after a specified date and request the discount; authorizing the Department of Revenue to adopt emergency rules; providing a contingent effective date.

—a companion measure, was substituted for **CS for SB 1074** and, by two-thirds vote, read the second time by title.

Pursuant to Rule 4.19, **HB 879** was placed on the calendar of Bills on Third Reading.

SJR 1076—A joint resolution proposing an amendment to Section 6 of Article VII and the creation of a new section in Article XII of the State Constitution to provide for the carryover of the homestead property tax discount for certain veterans with permanent combat-related disabilities to a veteran's surviving spouse if certain criteria are met, to authorize the transfer of the discount to a surviving spouse's new homestead property if certain criteria are met, and to provide an effective date.

—was read the second time by title.

Pending further consideration of **SJR 1076**, pursuant to Rule 3.11(3), there being no objection, **HJR 877** was withdrawn from the Committees on Military and Veterans Affairs and Space; Finance and Tax; and Appropriations.

On motion by Senator Wright, by two-thirds vote—

HJR 877—A joint resolution proposing an amendment to Section 6 of Article VII and the creation of a new section in Article XII of the State Constitution to provide for the carryover of the homestead property tax discount for certain veterans with permanent combat-related disabilities to a veteran's surviving spouse if certain criteria are met, to authorize the transfer of the discount to a surviving spouse's new homestead property if certain criteria are met, and to provide an effective date.

—a companion measure, was substituted for **SJR 1076** and, by two-thirds vote, read the second time by title.

Pursuant to Rule 4.19, **HJR 877** was placed on the calendar of Bills on Third Reading.

On motion by Senator Bradley—

CS for SB 1490—A bill to be entitled An act relating to public officers and employees; amending s. 112.3148, F.S.; defining terms; authorizing the giving, solicitation, and acceptance of gifts or compensation to be used toward costs incurred due to a serious bodily injury or the diagnosis of a serious disease or illness of specified reporting individuals, procurement employees, or a child thereof; specifying limitations and requirements; amending ss. 11.045 and 112.3215, F.S.; revising provisions regarding prohibited lobbying expenditures in the legislative and executive branches to conform to changes made by the act; providing an effective date.

—was read the second time by title.

Senator Bradley moved the following amendment:

Amendment 1 (286166) (with title amendment)—Delete everything after the enacting clause and insert:

Section 1. Present subsections (9) and (10) of section 112.3148, Florida Statutes, are renumbered as subsections (10) and (11), respectively, and a new subsection (9) is added to that section, to read:

112.3148 Reporting and prohibited receipt of gifts by individuals filing full or limited public disclosure of financial interests and by procurement employees.—

(9)(a) *As used in this subsection, the term:*

1. "Serious bodily injury" means an injury that consists of a physical condition that creates a substantial risk of death, serious personal disfigurement, or protracted loss or impairment of the function of a bodily member or organ and requires care and treatment for an extended period of time.

2. "Serious disease or illness" means any disease or illness, including cancer, which causes significant functional impairment requiring care and treatment for an extended period of time.

(b) *Notwithstanding the limitations established in this section, a vendor doing business with the reporting individual's or procurement employee's agency; a lobbyist who lobbies a reporting individual's or procurement employee's agency; the partner, firm, employer, or principal of a lobbyist; or another person on behalf of the lobbyist or partner, firm,*

principal, or employer of the lobbyist may provide, and a reporting individual, not including any elected officer, or a procurement employee may solicit or accept, any gift or compensation, regardless of value, if the reporting individual or procurement employee, or his or her spouse or child, has suffered serious bodily injury or has been diagnosed with a serious disease or illness during the period of his or her employment. Any gift or compensation accepted pursuant to this subsection must be used toward expenses directly incurred, or in connection with, the care and treatment of the reporting individual, procurement employee, or a spouse or child thereof. Notwithstanding the reporting requirements of this section, any gift of \$100 or more which is provided and accepted pursuant to this subsection must be reported to the Commission on Ethics by the recipient of the gift.

Section 2. Paragraph (a) of subsection (4) of section 11.045, Florida Statutes, is amended to read:

11.045 Lobbying before the Legislature; registration and reporting; exemptions; penalties.—

(4)(a) Notwithstanding s. 112.3148, s. 112.3149, or any other provision of law to the contrary, no lobbyist or principal shall make, directly or indirectly, and no member or employee of the Legislature shall knowingly accept, directly or indirectly, any expenditure, except floral arrangements or other celebratory items given to legislators and displayed in chambers the opening day of a regular session. *However, a lobbyist or principal may make, and an employee of the Legislature may accept, an expenditure for a donation toward the care and treatment of a serious bodily injury or a serious disease or illness of the employee, or a spouse or child thereof, in accordance with the requirements and limitations of s. 112.3148(9).*

Section 3. Paragraph (a) of subsection (6) of section 112.3215, Florida Statutes, is amended to read:

112.3215 Lobbying before the executive branch or the Constitution Revision Commission; registration and reporting; investigation by commission.—

(6)(a) Notwithstanding s. 112.3148, s. 112.3149, or any other provision of law to the contrary, no lobbyist or principal shall make, directly or indirectly, and no agency official, member, or employee shall knowingly accept, directly or indirectly, any expenditure. *However, a lobbyist or principal may make, and a nonelected agency official or employee may accept, an expenditure for a donation toward the care and treatment of a serious bodily injury or a serious disease or illness of the official or employee, or a spouse or child thereof, in accordance with the requirements and limitations of s. 112.3148(9).*

Section 4. This act shall take effect July 1, 2020.

And the title is amended as follows:

Delete everything before the enacting clause and insert: A bill to be entitled An act relating to public officers and employees; amending s. 112.3148, F.S.; defining terms; authorizing the giving, solicitation, and acceptance of gifts or compensation to be used toward costs incurred due to a serious bodily injury or the diagnosis of a serious disease or illness of specified reporting individuals, procurement employees, or spouse or child thereof, who meet certain conditions; specifying limitations and requirements; providing reporting requirements; amending ss. 11.045 and 112.3215, F.S.; revising provisions regarding prohibited lobbying expenditures in the legislative and executive branches, respectively, to conform to changes made by the act; providing an effective date.

Pursuant to Rule 7.1, there being no objection, consideration of the following late-filed amendment was allowed:

Senator Bradley moved the following amendment to **Amendment 1 (286166)** which was adopted:

Amendment 1A (190786)—Delete lines 39-42 and insert: *reporting requirements of this section, a gift with a value of \$100 or more or a gift in any amount of cash or a cash equivalent, such as a credit, setoff, or waiver of costs, which is provided and accepted pursuant to this subsection must be reported by the recipient of the gift to the Commission*

on Ethics on a form and submitted in a manner designated by the commission.

Amendment 1 (286166), as amended, was adopted.

Pursuant to Rule 4.19, **CS for SB 1490**, as amended, was ordered engrossed and then placed on the calendar of Bills on Third Reading.

SB 7014—A bill to be entitled An act relating to a review under the Open Government Sunset Review Act; amending s. 560.312, F.S., relating to an exemption from public records requirements for certain payment instrument transaction information held by the Office of Financial Regulation; removing the scheduled repeal of the exemption; providing an effective date.

—was read the second time by title.

Pending further consideration of **SB 7014**, pursuant to Rule 3.11(3), there being no objection, **HB 7003** was withdrawn from the Committees on Banking and Insurance; Governmental Oversight and Accountability; and Rules.

On motion by Senator Rouson—

HB 7003—A bill to be entitled An act relating to a review under the Open Government Sunset Review Act; amending s. 560.312, F.S., which provides an exemption from public records requirements for certain payment instrument transaction information held by the Office of Financial Regulation; removing the scheduled repeal of the exemption; providing an effective date.

—a companion measure, was substituted for **SB 7014** and read the second time by title.

Pursuant to Rule 4.19, **HB 7003** was placed on the calendar of Bills on Third Reading.

On motion by Senator Perry, the Senate resumed consideration of—

CS for CS for SB 410—A bill to be entitled An act relating to growth management; amending s. 163.3167, F.S.; specifying requirements for certain comprehensive plans effective after a specified date and for associated land development regulations; prohibiting county charter provisions and comprehensive plan goals, objectives, and policies adopted after a specified date from imposing limitations on lands unless certain conditions are met; providing retroactive applicability; prohibiting county charter provisions and comprehensive plan goals, objectives, and policies from limiting a municipality from deciding land uses, density, and intensity allowed on certain lands; amending s. 163.3168, F.S.; requiring the Department of Economic Opportunity to give a preference to certain counties and municipalities when selecting applications for funding for specified technical assistance; amending s. 163.3177, F.S.; requiring local governments to include a property rights element in their comprehensive plans; providing a statement of rights that a local government may use; requiring a local government to adopt a property rights element by a specified date; prohibiting a local government's property rights element from conflicting with the statutorily provided statement of rights; amending s. 163.3237, F.S.; providing that certain property owners are not required to consent to development agreement changes under certain circumstances; amending s. 337.401, F.S.; specifying timeframes for processing a permit application for a utility's use of a right-of-way; amending s. 380.06, F.S.; authorizing certain developments of regional impact agreements to be amended under certain circumstances; providing retroactive applicability; providing an effective date.

—which was previously considered and amended this day.

Pursuant to Rule 4.19, **CS for CS for SB 410**, as amended, was ordered engrossed and then placed on the calendar of Bills on Third Reading.

On motion by Senator Hutson—

CS for SB 7066—A bill to be entitled An act relating to fees; amending s. 381.06017, F.S., as created by SB 512; requiring certain nonembryonic stem cell banks to pay specified fees; providing a contingent effective date.

—was read the second time by title.

Pursuant to Rule 4.19, **CS for SB 7066** was placed on the calendar of Bills on Third Reading.

THE PRESIDENT PRESIDING

SB 1224—A bill to be entitled An act relating to real estate conveyances; amending s. 689.01, F.S.; providing that subscribing witnesses are not required to validate certain instruments conveying a leasehold interest in real property; providing an effective date.

—was read the second time by title.

An amendment was considered and adopted to conform **SB 1224** to **HB 469**.

Pending further consideration of **SB 1224**, as amended, pursuant to Rule 3.11(3), there being no objection, **HB 469** was withdrawn from the Committees on Banking and Insurance; Judiciary; and Rules.

On motion by Senator Simmons—

HB 469—A bill to be entitled An act relating to real estate conveyances; amending s. 689.01, F.S.; providing that subscribing witnesses are not required to validate certain instruments conveying or pertaining to a lease of real property; providing an effective date.

—a companion measure, was substituted for **SB 1224**, as amended, and read the second time by title.

Pursuant to Rule 4.19, **HB 469** was placed on the calendar of Bills on Third Reading.

On motion by Senator Hutson—

CS for CS for CS for SB 512—A bill to be entitled An act relating to nonembryonic stem cell banks; creating s. 381.06017, F.S.; defining terms; providing registration requirements for certain establishments; prohibiting a nonembryonic stem cell bank from more than minimally manipulating adult human nonembryonic stem cells or HCT/Ps under certain circumstances; providing that a nonembryonic stem cell bank that performs certain functions is deemed a clinic; requiring such nonembryonic stem cell banks to comply with specified requirements; prohibiting an entity other than certain nonembryonic stem cell banks and pharmacists from dispensing certain compounded drugs or products, with exceptions; prohibiting certain health care practitioners from practicing in a nonembryonic stem cell bank that is not licensed by the agency; providing for disciplinary action; requiring health care practitioners to adhere to specified regulations in the performance of certain procedures; requiring the Agency for Health Care Administration, in consultation with the Department of Health and the Department of Business and Professional Regulation, to adopt specified rules; providing an effective date.

—was read the second time by title.

Pursuant to Rule 7.1, there being no objection, consideration of the following late-filed amendment was allowed:

Senator Hutson moved the following amendment:

Amendment 1 (492054) (with title amendment)—Delete lines 31-346 and insert:
manufacturing, storing, dispensing, concentrating, and using adult human nonembryonic stem cells and HCT/Ps.—

(1) *DEFINITIONS.*—As used in this section, the term:

(a) *“Adult human nonembryonic stem cells”* means cells and cellular material that are derived from autologous or allogeneic human tissue intended for implantation, transplantation, infusion, or transfer into a human recipient.

(b) *“Agency”* means the Agency for Health Care Administration.

(c) *“Allogeneic use”* means the collection of human cells or tissue from one person and the implantation, transplantation, infusion, or transfer of those human cells or tissue into another person.

(d) *“Autologous use”* means the implantation, transplantation, infusion, or transfer of human cells or tissue back into the individual from which they were collected.

(e) *“Dispense”* has the same meaning as in s. 465.003(6).

(f) *“Establishment”* means a place of business that is at one general physical location and may extend to one or more contiguous suites, units, floors, or buildings operated and controlled exclusively by entities under common operation and control. The term includes multiple buildings with an intervening thoroughfare if the buildings are under common exclusive ownership, operation, and control. For purposes of permitting, each suite, unit, floor, or building must be identified in the most recent permit application.

(g) *“FD&C Act”* means the Federal Food, Drug, and Cosmetic Act, 21 U.S.C. ss. 301 et seq.; 52 Stat. 1040 et seq.

(h) *“HCT/Ps”* means human cells, tissues, or cellular or tissue-based products that are intended for implantation, transplantation, infusion, or transfer into a human recipient. This term includes adult human nonembryonic stem cells, but does not include any of the following:

1. *Vascularized human organs for transplantation.*
2. *Whole blood, blood components, blood derivative products, or platelet-rich plasma that are exempt under 21 C.F.R. s. 607.65.*
3. *Human secretions, including milk, collagen, and cell factors, but not semen.*
4. *Minimally manipulated bone marrow that is for homologous use only and that is not combined with any other article except water, crystalloids, or sterilizing, preserving, or storage agents.*
5. *Ancillary products used in the manufacture of nonembryonic adult human allogeneic or autologous HCT/Ps.*
6. *Cells, tissue, or organs derived from animals.*
7. *In vitro diagnostic products.*
8. *Blood vessels recovered with an organ for transplantation.*

(i) *“Homologous use”* means the repair, reconstruction, or supplementation of a recipient’s cells or tissues with adult human nonembryonic stem cells or adult human nonembryonic HCT/Ps that perform the same basic function or functions in the recipient as in the donor.

(j) *“Manufacture”* means the preparing, deriving, compounding, propagating, processing, producing, or fabricating of any drug, device, or cosmetic.

(k) *“Minimally manipulated”* means:

1. *For structural tissues, processing that does not alter the original relevant characteristics of the tissue which relate to the tissue’s utility for reconstruction, repair, or replacement.*
2. *For cells or nonstructural tissues, processing that does not alter the relevant biological characteristics of the cells or tissues.*
3. *The washing, rinsing, cleaning, sizing, shaping, or concentrating of adult human nonembryonic HCT/Ps which does not alter the relevant characteristics or basic functions of the tissue or cell.*

(l) *“Nonembryonic stem cell bank”* means a publicly or privately owned establishment that operates its own laboratories, retains control

over all aspects of processing and storage, is managed by a single entity, and performs any of the following activities in the course of its business:

1. Engages in the manufacture, use, implantation, transplantation, infusion, dispensing, transfer, or storage of adult human allogeneic and autologous nonembryonic stem cells.

2. Accepts, receives, carries, or delivers human allogeneic and autologous nonembryonic stem cells, drugs, or products that are approved by United States Food and Drug Administration and regulated as drugs, devices, or biological products by the FD&C Act, s. 351 of the PHS Act, or part I of chapter 499.

3. Recovers, collects, screens, and tests, in the facility, adult human autologous nonembryonic HCT/Ps from a specific patient for implantation, transplantation, infusion, or transfer back into the same patient during a single surgery within the facility.

4. Provides patient-specific health care services using adult human autologous nonembryonic HCT/Ps in the facility during a single procedure.

5. Advertises adult human nonembryonic stem cell services or adult human autologous nonembryonic HCT/P services, including, but not limited to, the collection, manufacture implantation, transplantation, infusion, transfer, storage, dispensing, use, or purported use of United States Food and Drug Administration-approved adult human autologous nonembryonic stem cells or adult human autologous nonembryonic HCT/Ps that are intended to diagnose, cure, mitigate, treat, provide therapy for, or prevent an injury or a disease.

6. Performs any procedure that is intended to:

a. Collect or store adult human autologous nonembryonic HCT/Ps for autonomous homologous use; or

b. Diagnose, cure, mitigate, treat, provide therapy for, or prevent an injury or a disease through the use or purported use of adult human autologous nonembryonic HCT/Ps.

7. Compounds patient-specific adult human autologous nonembryonic HCT/Ps into a drug product by combining or mixing the patient-specific adult human nonembryonic HCT/Ps, at the prescriptive direction of a licensed physician authorized within the scope of his or her license to prescribe and administer adult human autologous nonembryonic HCT/Ps with one or more drugs or products to create a patient-specific drug or product.

8. Dispenses adult human autologous nonembryonic stem cells or HCT/Ps to any of the following for a specific patient pursuant to a valid order from a licensed physician authorized within the scope of his or her license to prescribe and administer adult human autologous nonembryonic HCT/Ps:

a. The specific patient's physician with privileges to practice at the nonembryonic stem cell bank.

b. For office use, the specific patient's physician's office or a health care facility or treatment setting where the physician has privileges to administer adult human autologous nonembryonic HCT/Ps.

(m) "Office use" includes the provision and administration of any United States Food and Drug Administration-approved adult human nonembryonic stem cell drug, compounded drug, or compounded product regulated as a drug, device, or any biological product under the FD&C Act, s. 351 of the PHS Act, or part I of chapter 499, to a patient's physician in the physician's office or in a health care facility or treatment setting, including a hospital, an ambulatory surgical center, or a health care clinic licensed under chapter 395 or chapter 400. The term also includes the patient-specific dispensing, provision, or administration of the patient's adult human autologous nonembryonic HCT/Ps.

(n) "PHS Act" means the Public Health and Safety Act, 42 U.S.C. ss. 262 et seq., and applicable regulations, including 21 C.F.R. parts 1270 and 1271.

(o) "Physician" means a person who is licensed to practice medicine under chapter 458 or osteopathic medicine under chapter 459.

(2) DUTIES AND REGISTRATION.—

(a) Establishments that manufacture adult human nonembryonic HCT/Ps are regulated by either s. 351 or s. 361 of the PHS Act and part I of chapter 499.

(b) Establishments that are regulated by s. 361 of the PHS Act must register with and submit a list of all HCT/Ps manufactured to the Food and Drug Administration and obtain a permit from the Department of Business and Professional Regulation if the HCT/P manufactured:

1. Is minimally manipulated;

2. Is intended only for homologous use;

3. Is manufactured through a process that does not involve the combination of the cells or tissue with another article, except water, crystalloids, or a sterilizing, preserving, or storing agent; and

4. For an adult human nonembryonic HCT/P, either:

a. Does not have a systemic effect and is not dependent upon the metabolic activity of living cells for their primary function; or

b. Has a systemic effect or is dependent upon the metabolic activity of living cells for its primary function and is for autologous use or for allogeneic use in a first-degree or second-degree blood relative.

(c) Establishments that are regulated by s. 351 of the PHS Act must obtain approval from the United States Food and Drug Administration in the form of an approved investigational new drug application or a biological license application and must obtain a prescription drug manufacturing permit pursuant to s. 499.01(2)(a).

(d) Establishments that manufacture adult human nonembryonic HCT/Ps that do not meet the criteria described in paragraph (a) are exempt from the registration and listing requirements of s. 361 of the PHS Act, but must obtain a permit from, and submit a list of all HCT/Ps manufactured to, the Department of Business and Professional Regulation if the establishment:

1. Uses the adult human nonembryonic HCT/Ps for nonmedicinal scientific purposes; or

2. Removes human adult nonembryonic HCT/Ps from a patient, through a surgical procedure performed by a physician on that patient, and implants the same HCT/Ps into the same patient during that same surgical procedure, with the HCT/Ps being only minimal manipulated through washing, rinsing, cleaning, sizing, shaping, or concentrating that does not alter the original structural or relevant biological characteristics of the cells or tissues.

(e) A nonembryonic stem cell bank that manufactures adult human nonembryonic HCT/Ps may not perform enzymatic digestion on or mechanical disruption of or similarly process any adult human nonembryonic stem cell or HCT/P to alter the HCT/P's original structural characteristics or relevant biological characteristics or to isolate differentiated cells from undifferentiated cells that have lost their original structural function, so that the undifferentiated cells can be differentiated into a specialized cell type, unless the nonembryonic stem cell bank has first registered the HCT/P with the United States Food and Drug Administration and registered with the Department of Business and Professional Regulation as a drug, device, or biological product manufacturer and complies with all applicable regulations under the FD&C Act, s. 351 of the PHS Act, 21 C.F.R. parts 1-1299, and part I of chapter 499.

(f) A nonembryonic stem cell bank that advertises, collects, stores, manufactures, dispenses, compounds, uses, or purports to use adult human nonembryonic stem cells or adult human autologous nonembryonic HCT/Ps is deemed a clinic as defined in s. 400.9905 and must comply with all of the following requirements:

1. Adhere to the applicable current good tissue practices for the collecting, removing, manufacturing, processing, using, concentrating, and implanting of adult human nonembryonic stem cells or products containing adult human nonembryonic stem cells pursuant to the FD&C Act, the PHS Act, 21 C.F.R. part 1271, and part I of chapter 499.

2. Adhere to the applicable current good manufacturing practices for the collecting, removing, manufacturing, processing, using, concentrating, compounding, and implanting of adult human autologous nonembryonic HCT/PS so that it does not alter the relevant tissue or cellular characteristics or basic functions.

3. Obtain a health care clinic license from the agency pursuant to s. 400.991 and part II of chapter 408 and register each establishment separately, unless:

- a. The clinic is a facility licensed under chapter 395; or
- b. The clinic is affiliated with an accredited medical school that provides training to medical students, residents, or fellows.

4. Have a physician medical director who is responsible for the establishment's compliance with all requirements related to licensure, operation of a nonembryonic stem cell bank, and current good manufacturing practices under this section, part X of chapter 400, and the FD&C Act, the PHS Act, 21 C.F.R. parts 1-1299, and part I of chapter 499.

5. Notify the agency, in writing, on a form approved by the agency, within 10 days after termination of a physician medical director and notify the agency within 10 days after such termination of the identity of the physician medical director who has assumed responsibility for that nonembryonic stem cell bank. Failure to have a physician medical director practicing at the location of the licensed nonembryonic stem cell bank is the basis for a summary suspension of the nonembryonic stem cell bank's license pursuant to s. 120.60(6) or s. 400.607.

6. Require a physician medical director with a full, active, and unencumbered license to actively practice at the nonembryonic stem cell bank location for which he or she has assumed responsibility.

7. Maintain commercial and professional liability insurance in an amount not less than \$250,000 per claim.

8. Operate each establishment using the same name as the one used to obtain the health care clinic license from the agency. All invoices, packing slips, and other business records must list the same name.

9. Obtain a pharmacy permit for each person and establishment before dispensing, offering office use of, or compounding adult human nonembryonic stem cells with any other drug, compound, or product.

(3) DISPENSING OF DRUGS OR COMPOUNDED DRUGS OR PRODUCTS.—

(a) A pharmacist at a nonembryonic stem cell bank that is also permitted as a pharmacy under chapter 465 may dispense for office use only any of the following to a stem cell bank within this state:

- 1. Adult human nonembryonic stem cells.
- 2. A compounded drug containing adult human nonembryonic stem cells.
- 3. A compounded product containing adult human nonembryonic stem cells.

(b) Adult human nonembryonic stem cells, compounded drugs containing adult human nonembryonic stem cells, or products containing adult human nonembryonic stem cells may not be sold or dispensed by any person or establishment other than the adult human nonembryonic stem cell bank or a pharmacist at the nonembryonic stem cell bank that dispenses or receives the adult human nonembryonic stem cells or the compounded drug or product containing adult human nonembryonic stem cells, except that:

- 1. A physician who requests the dispensing of adult human nonembryonic stem cells, a compounded drug, or a compounded product from the manufacturing nonembryonic stem cell bank may administer such items to his or her patient if the physician is authorized within the scope of his or her license to prescribe and administer adult human nonembryonic stem cells; or

2. A pharmacist, a pharmacy, or an establishment that receives or carries adult human nonembryonic stem cells, a compounded drug, or a compounded product that was manufactured by a nonembryonic stem cell bank may sell or dispense such items to a physician who is authorized within the scope of his or her license to prescribe and administer adult human nonembryonic stem cells to patients.

(4) HEALTH CARE PRACTITIONER RESPONSIBILITIES.—

(a) A physician, an advanced practice registered nurse licensed under chapter 464, or a physician assistant licensed under chapter 458 or chapter 459 may not practice in a nonembryonic stem cell bank that is not licensed by the agency as required by the rules adopted pursuant to s. 400.9925. The license of a health care practitioner who violates this paragraph is subject to disciplinary action by the appropriate regulatory board.

(b) In the performance of any procedure collecting, storing, using, or purporting to use adult human nonembryonic stem cells or products containing adult human nonembryonic stem cells, a health care practitioner must adhere to the applicable current good tissue practices for the collecting, removing, manufacturing, processing, using, concentrating, compounding, and implanting of stem cells or products containing stem cells pursuant to the FD&C Act, the PHS Act, 21 C.F.R. part 1271, and part I of chapter 499.

(5) **RULEMAKING.**—The agency, in consultation with the Department of Health and the Department of Business and Professional Regulation, shall adopt rules to administer the licensure, inspection, and regulation of nonembryonic stem cell banks, including, but not limited to, rules regarding all of the following which must be consistent with the best practices specified in the FD&C Act, the PHS Act, 21 C.F.R. parts 1270-1271, and part I of chapter 499:

- (a) Advertising.
- (b) Nonembryonic stem cell bank procedures and protocols for the collecting, removing, manufacturing, storing, dispensing, concentrating, and using of adult human nonembryonic stem cells, other drugs containing adult human nonembryonic stem cells, and products containing adult human nonembryonic stem cells, in accordance with applicable current best practices.
- (c) Adverse incident reporting.
- (d) Informed consent.
- (e) Recordkeeping, record retention, and availability of records for inspection.

Section 2. This act shall take effect July 1, 2020, contingent on SB 7066 or similar legislation taking effect on that same date, if such legislation is adopted in the same legislative session or an extension thereof and becomes a law.

And the title is amended as follows:

Delete lines 4-24 and insert: registration and permitting requirements for certain establishments; prohibiting a nonembryonic stem cell bank from performing certain processes on adult human nonembryonic stem cells or HCT/PS under certain circumstances; providing that a nonembryonic stem cell bank that performs certain functions is deemed a clinic; requiring such nonembryonic stem cell banks to comply with specified requirements; prohibiting an entity other than certain nonembryonic stem cell banks and pharmacists from dispensing certain compounded drugs or products, with exceptions; prohibiting certain health care practitioners from practicing in a nonembryonic stem cell bank that is not licensed by the agency; providing for disciplinary action; requiring health care practitioners to adhere to specified regulations in the performance of certain procedures; requiring the Agency for Health Care Administration, in consultation with the Department of Health and the Department of Business and Professional Regulation, to adopt specified rules; providing a contingent effective date.

PRAYER

The following prayer was offered by the Reverend Kyle Peddie, Corinth Baptist Church, Hosford:

Dear Heavenly Father, thank you for another day on planet Earth. We want to pause before this great Senate meets today and acknowledge your presence, power, and sovereignty in our world today. Your word says your mercies are new each day, and we sure are grateful for that because we use them up by the end of each day.

As this session draws to a close, we pray for continued wisdom and discernment in all areas of the legislative process. As we agree with one another, let us do so with love and respect. As we disagree with one another, let us also show the same grace. Lord, may that happen inside, and especially outside, this chamber today and every day.

We pray for all the Senators' families while they are serving here today; bless their spouses, children, grandchildren, and other family members. Protect their homes while they are away as well, we humbly ask. You have been good to us in so many ways, dear Lord, so help us treat others the way you would have us to. Thanks again for allowing us the privilege to pray and seek your face. We claim that promise in your word, that when we draw close to you, you draw close to us. Bless all the Senators as they work today, bless President Galvano as he leads, and lastly, bless my wonderful friend, everybody's friend, my Senator, Bill Montford.

In Jesus' name I pray. Amen.

PLEDGE

Senate Pages, Trinity Fagg of Gretna; Jonathan Howes of Gainesville; Catherine Kelly of Lake Placid, niece of Senator Benacquisto; Olivia Kelly of Lake Placid, niece of Senator Benacquisto; and Alicia Nagda of Citrus Springs, led the Senate in the Pledge of Allegiance to the flag of the United States of America.

Pursuant to Rule 7.1, there being no objection, consideration of the following late-filed amendment was allowed:

Senator Rouson moved the following amendment which was adopted:

Amendment 1 (755426) (with title amendment)—Delete every-thing after the enacting clause and insert:

Section 1. *This act may be cited as “Jordan’s Law.”*

Section 2. Section 25.385, Florida Statutes, is amended to read:

25.385 Standards for instruction of circuit and county court judges ~~in handling domestic violence cases.~~—

(1) The Florida Court Educational Council shall establish standards for instruction of circuit and county court judges who have responsibility for domestic violence cases, and the council shall provide such instruction on a periodic and timely basis.

~~(2) As used in this subsection, section:~~

~~(a) the term “domestic violence” has the meaning set forth in s. 741.28.~~

~~(b) “Family or household member” has the meaning set forth in s. 741.28.~~

(2) *The Florida Court Educational Council shall establish standards for instruction of circuit and county court judges who have responsibility for dependency cases regarding the recognition of and responses to head trauma and brain injury in a child under 6 years of age. The council shall provide such instruction on a periodic and timely basis.*

Section 3. Section 39.0142, Florida Statutes, is created to read:

39.0142 Notifying law enforcement officers of parent or caregiver names.—Beginning March 1, 2021, the Department of Law Enforcement shall provide information to law enforcement officers stating whether a person is a parent or caregiver who is currently the subject of a child protective investigation for alleged child abuse, abandonment, or neglect or is a parent or caregiver of a child who has been allowed to return to or remain in the home under judicial supervision after an adjudication of dependency. The Florida Department of Law Enforcement shall provide this data via a Florida Crime Information Center query into the department’s child protection database.

(1) *If a law enforcement officer has an interaction with a parent or caregiver as described in this section and the interaction results in the officer having concern about a child’s health, safety, or well-being, the officer shall report relevant details of the interaction to the central abuse hotline immediately after the interaction even if the requirements of s. 39.201, relating to a person having actual knowledge or suspicion of abuse, abandonment, or neglect, are not met.*

(2) *The central abuse hotline shall provide any relevant information to:*

(a) *The child protective investigator, if the parent or caregiver is the subject of a child protective investigation; or*

(b) *The child's case manager and the attorney representing the department, if the parent or caregiver has a child under judicial supervision after an adjudication of dependency.*

Section 4. Paragraph (h) of subsection (3) of section 39.303, Florida Statutes, is amended to read:

39.303 Child Protection Teams and sexual abuse treatment programs; services; eligible cases.—

(3) The Department of Health shall use and convene the Child Protection Teams to supplement the assessment and protective supervision activities of the family safety and preservation program of the Department of Children and Families. This section does not remove or reduce the duty and responsibility of any person to report pursuant to this chapter all suspected or actual cases of child abuse, abandonment, or neglect or sexual abuse of a child. The role of the Child Protection Teams is to support activities of the program and to provide services deemed by the Child Protection Teams to be necessary and appropriate to abused, abandoned, and neglected children upon referral. The specialized diagnostic assessment, evaluation, coordination, consultation, and other supportive services that a Child Protection Team must be capable of providing include, but are not limited to, the following:

(h) Such training services for program and other employees of the Department of Children and Families, employees of the Department of Health, and other medical professionals as is deemed appropriate to enable them to develop and maintain their professional skills and abilities in handling child abuse, abandonment, and neglect cases. *The training service must include training in the recognition of and appropriate responses to head trauma and brain injury in a child under 6 years of age as required by ss. 402.402(2) and 409.988.*

A Child Protection Team that is evaluating a report of medical neglect and assessing the health care needs of a medically complex child shall consult with a physician who has experience in treating children with the same condition.

Section 5. Section 39.820, Florida Statutes, is amended to read:

(2) “Guardian advocate” means a person appointed by the court to act on behalf of a drug dependent newborn ~~under pursuant to the provisions of this part.~~

Section 6. Paragraph (b) of subsection (2) of section 39.8296, Florida Statutes, is amended to read:

39.8296 Statewide Guardian Ad Litem Office; legislative findings and intent; creation; appointment of executive director; duties of office.—

(2) STATEWIDE GUARDIAN AD LITEM OFFICE.—There is created a Statewide Guardian Ad Litem Office within the Justice Administrative Commission. The Justice Administrative Commission shall provide administrative support and service to the office to the extent requested by the executive director within the available resources of the commission. The Statewide Guardian Ad Litem Office ~~is shall not be~~ subject to control, supervision, or direction by the Justice Administrative Commission in the performance of its duties, but the employees of the office ~~are shall be~~ governed by the classification plan and salary and benefits plan approved by the Justice Administrative Commission.

(b) The Statewide Guardian Ad Litem Office shall, within available resources, have oversight responsibilities for and provide technical as-

sistance to all guardian ad litem and attorney ad litem programs located within the judicial circuits.

1. The office shall identify the resources required to implement methods of collecting, reporting, and tracking reliable and consistent case data.

2. The office shall review the current guardian ad litem programs in Florida and other states.

3. The office, in consultation with local guardian ad litem offices, shall develop statewide performance measures and standards.

4. The office shall develop a guardian ad litem training program, *which shall include, but is not limited to, training on the recognition of and responses to head trauma and brain injury in a child under 6 years of age.* The office shall establish a curriculum committee to develop the training program specified in this subparagraph. The curriculum committee shall include, but not be limited to, dependency judges, directors of circuit guardian ad litem programs, active certified guardians ad litem, a mental health professional who specializes in the treatment of children, a member of a child advocacy group, a representative of a ~~domestic violence advocacy group the Florida Coalition Against Domestic Violence,~~ an individual with a degree in social work, and a social worker experienced in working with victims and perpetrators of child abuse.

5. The office shall review the various methods of funding guardian ad litem programs, ~~shall~~ maximize the use of those funding sources to the extent possible, and ~~shall~~ review the kinds of services being provided by circuit guardian ad litem programs.

6. The office shall determine the feasibility or desirability of new concepts of organization, administration, financing, or service delivery designed to preserve the civil and constitutional rights and fulfill other needs of dependent children.

7. In an effort to promote normalcy and establish trust between a court-appointed volunteer guardian ad litem and a child alleged to be abused, abandoned, or neglected under this chapter, a guardian ad litem may transport a child. However, a guardian ad litem volunteer may not be required or directed by the program or a court to transport a child.

8. The office shall submit to the Governor, the President of the Senate, the Speaker of the House of Representatives, and the Chief Justice of the Supreme Court an interim report describing the progress of the office in meeting the goals as described in this section. The office shall submit to the Governor, the President of the Senate, the Speaker of the House of Representatives, and the Chief Justice of the Supreme Court a proposed plan including alternatives for meeting the state's guardian ad litem and attorney ad litem needs. This plan may include recommendations for less than the entire state, may include a phase-in system, and shall include estimates of the cost of each of the alternatives. Each year the office shall provide a status report and provide further recommendations to address the need for guardian ad litem services and related issues.

Section 7. Subsection (3) of section 402.40, Florida Statutes, is amended to read:

402.40 Child welfare training and certification.—

(3) THIRD-PARTY CREDENTIALING ENTITIES.—The department shall approve one or more third-party credentialing entities for the purpose of developing and administering child welfare certification programs for persons who provide child welfare services. A third-party credentialing entity shall request such approval in writing from the department. In order to obtain approval, the third-party credentialing entity must:

(a) Establish professional requirements and standards that applicants must achieve in order to obtain a child welfare certification and to maintain such certification.

(b) Develop and apply core competencies and examination instruments according to nationally recognized certification and psychometric standards.

(c) Maintain a professional code of ethics and a disciplinary process that apply to all persons holding child welfare certification.

(d) Maintain a database, accessible to the public, of all persons holding child welfare certification, including any history of ethical violations.

(e) Require annual continuing education for persons holding child welfare certification.

(f) Administer a continuing education provider program to ensure that only qualified providers offer continuing education opportunities for certificateholders.

(g) *Review the findings and all relevant records involving the death of a child or other critical incident following completion of any reviews by the department, the inspector general, or the Office of the Attorney General. Such review may occur only upon the filing of a complaint from an outside party involving certified personnel. This review shall assess the certified personnel's compliance with the third-party credentialing entity's published code of ethical and professional conduct and disciplinary procedures.*

(h)(g) Maintain an advisory committee, including representatives from each region of the department, each sheriff's office providing child protective services, and each community-based care lead agency, who shall be appointed by the organization they represent. The third-party credentialing entity may appoint additional members to the advisory committee.

Section 8. Subsections (2) and (4) of section 402.402, Florida Statutes, are amended to read:

402.402 Child protection and child welfare personnel; attorneys employed by the department.—

(2) SPECIALIZED TRAINING.—All child protective investigators and child protective investigation supervisors employed by the department or a sheriff's office must complete *the following* specialized training:

SPECIAL ORDER CALENDAR, continued

On motion by Senator Hooper—

SB 7056—A bill to be entitled An act relating to public records; amending s. 119.071, F.S.; exempting from public records requirements active threat assessment and active threat management records; providing circumstances under which such records are considered active; defining terms; providing for future legislative review and repeal of the exemption; providing a statement of public necessity; providing an effective date.

—was read the second time by title.

Pursuant to Rule 4.19, **SB 7056** was placed on the calendar of Bills on Third Reading.

On motion by Senator Stewart—

CS for SR 1572—A resolution expressing the Legislature’s support for the adoption of policies that will prepare Florida for the environmental and economic impact of climate change, sea-level rise, and flooding, and recognizing the important role that resiliency and infrastructure will play in fortifying this state.

WHEREAS, the State of Florida has 1,350 miles of low-elevation coastline, and 75 percent of this state’s population are living in coastal counties that generate a significant portion of this state’s economic output, and

WHEREAS, the residents and the economy of this state, and the State of Florida itself, would benefit from the development of an established estimated consensus projection of anticipated sea-level rise and flooding impacts to these communities in developing future projects, plans, and programs, and

WHEREAS, clean and renewable energy is a tool that combats climate change, and the provision of adequate electric vehicle charging stations along our main transportation infrastructure will make a cleaner fuel source more readily available and reduce carbon dioxide emissions, and

WHEREAS, appropriate infrastructure will continue to fortify and protect this state, NOW, THEREFORE,

Be It Resolved by the Senate of the State of Florida:

That the Legislature intends to adopt policies focusing on resiliency efforts and appropriate infrastructure which prepare Florida for the environmental and economic impact of climate change, sea-level rise, and flooding and policies relating to clean and renewable energy, including the provision of adequate electric vehicle charging stations.

Senator Mayfield moved the following amendment which was adopted:

Amendment 1 (939348) (with title amendment)—Delete lines 330-2318 and insert:

Section 3. Paragraphs (a) and (b) of subsection (7) of section 373.036, Florida Statutes, are amended to read:

373.036 Florida water plan; district water management plans.—

(7) CONSOLIDATED WATER MANAGEMENT DISTRICT ANNUAL REPORT.—

(a) By March 1, annually, each water management district shall prepare and submit to the *Office of Economic and Demographic Research*, the department, the Governor, the President of the Senate, and the Speaker of the House of Representatives a consolidated water management district annual report on the management of water resources. In addition, copies must be provided by the water management districts to the chairs of all legislative committees having substantive or fiscal jurisdiction over the districts and the governing board of each county in the district having jurisdiction or deriving any funds for operations of the district. Copies of the consolidated annual report must be made available to the public, either in printed or electronic format.

(b) The consolidated annual report shall contain the following elements, as appropriate to that water management district:

1. A district water management plan annual report or the annual work plan report allowed in subparagraph (2)(e)4.
2. The department-approved minimum flows and minimum water levels annual priority list and schedule required by s. 373.042(3).
3. The annual 5-year capital improvements plan required by s. 373.536(6)(a)3.
4. The alternative water supplies annual report required by s. 373.707(8)(n).
5. The final annual 5-year water resource development work program required by s. 373.536(6)(a)4.
6. The Florida Forever Water Management District Work Plan annual report required by s. 373.199(7).
7. The mitigation donation annual report required by s. 373.414(1)(b)2.
8. Information on all projects related to water quality or water quantity as part of a 5-year work program, including:
 - a. A list of all specific projects identified to implement a basin management action plan, *including any projects to connect onsite sew-*

age treatment and disposal systems to central sewerage systems and convert onsite sewage treatment and disposal systems to enhanced nutrient-reducing onsite sewage treatment and disposal systems, or a recovery or prevention strategy;

b. A priority ranking for each listed project for which state funding through the water resources development work program is requested, which must be made available to the public for comment at least 30 days before submission of the consolidated annual report;

c. The estimated cost for each listed project;

d. The estimated completion date for each listed project;

e. The source and amount of financial assistance to be made available by the department, a water management district, or other entity for each listed project; and

f. A quantitative estimate of each listed project's benefit to the watershed, water body, or water segment in which it is located.

9. A grade for each watershed, water body, or water segment in which a project listed under subparagraph 8. is located representing the level of impairment and violations of adopted minimum flow or minimum water levels. The grading system must reflect the severity of the impairment of the watershed, water body, or water segment.

Section 4. *Bottled water industry study.*—The department shall, in coordination with the water management districts, conduct a study on the bottled water industry in this state.

(1) *The study must:*

(a) *Identify all springs statewide that have an associated consumptive use permit for a bottled water facility producing its product with water derived from a spring. Such identification must include:*

1. *The magnitude of the spring;*

2. *Whether the spring has been identified as an Outstanding Florida Spring as defined in s. 373.802, Florida Statutes;*

3. *Any department- or water management district-adopted minimum flow or minimum water levels, the status of any adopted minimum flow or minimum water levels, and any associated recovery or prevention strategy;*

4. *The permitted and actual use associated with the consumptive use permits;*

5. *The reduction in flow associated with the permitted and actual use associated with the consumptive use permits;*

6. *The impact on springs of bottled water facilities as compared to other users; and*

7. *Types of water conservation measures employed at bottled water facilities permitted to derive water from a spring.*

(b) *Identify the labeling and marketing regulations associated with the identification of bottled water as spring water, including whether these regulations incentivize the withdrawal of water from springs.*

(c) *Evaluate the direct and indirect economic benefits to the local communities resulting from bottled water facilities that derive water from springs, including, but not limited to, tax revenue, job creation, and wages.*

(d) *Evaluate the direct and indirect costs to the local communities located in proximity to springs impacted by withdrawals from bottled water production, including, but not limited to, the decreased recreational value of the springs and the cost to other users for the development of alternative water supply or reductions in permit durations and allocations.*

(e) *Include a cost-benefit analysis of withdrawing, producing, marketing, selling, and consuming spring water as compared to other sources of bottled water.*

(f) *Evaluate how much bottled water derived from Florida springs is sold in this state.*

(2) *By June 30, 2021, the department shall submit a report containing the findings of the study to the Governor, the President of the Senate, the Speaker of the House of Representatives, and the Office of Economic and Demographic Research.*

(3) *As used in this section, the term "bottled water" has the same meaning as in s. 500.03, Florida Statutes, and the term "water derived from a spring" means water derived from an underground formation from which water flows naturally to the surface of the earth in the manner described in 21 C.F.R. s. 165.110(a)(2)(vi).*

Section 5. Subsection (5) of section 373.4131, Florida Statutes, is amended, and subsection (6) is added to that section, to read:

373.4131 Statewide environmental resource permitting rules.—

(5) To ensure consistent implementation and interpretation of the rules adopted pursuant to this section, the department shall conduct or oversee regular assessment and training of its staff and the staffs of the water management districts and local governments delegated local pollution control program authority under s. 373.441. *The training must include field inspections of publicly and privately owned stormwater structural controls, such as stormwater retention and detention ponds.*

(6) *By January 1, 2021:*

(a) *The department and the water management districts shall initiate rulemaking to update the stormwater design and operation regulations, including updates to the Environmental Resource Permit Applicant's Handbook, using the most recent scientific information available. As part of rule development, the department shall consider and address low-impact design best management practices and design criteria that increase the removal of nutrients from stormwater discharges, and measures for consistent application of the net improvement performance standard to ensure significant reductions of any pollutant loadings to a waterbody.*

(b) *The department shall review and evaluate permits and inspection data by those entities that submit a self-certification under s. 403.814(12) for compliance with state water quality standards and provide the Legislature with recommendations for improvements to the self-certification process, including, but not limited to, additional staff resources for department review of portions of the process where high-priority water quality issues justify such action.*

Section 6. Subsection (7) is added to section 381.0065, Florida Statutes, to read:

381.0065 Onsite sewage treatment and disposal systems; regulation.—

(7) *USE OF ENHANCED NUTRIENT-REDUCING ONSITE SEWAGE TREATMENT AND DISPOSAL SYSTEMS.*—To meet the requirements of a total maximum daily load, the department shall implement a fast-track approval process of no longer than 6 months for the determination of the use of American National Standards Institute 245 systems approved by NSF International before July 1, 2020.

Section 7. Effective July 1, 2021, present paragraphs (d) through (q) of subsection (2) of section 381.0065, Florida Statutes, are redesignated as paragraphs (e) through (r), respectively, subsections (3) and (4) of that section are amended, and a new paragraph (d) is added to subsection (2) of that section, to read:

381.0065 Onsite sewage treatment and disposal systems; regulation.—

(2) *DEFINITIONS.*—As used in ss. 381.0065-381.0067, the term:

(d) *"Department" means the Department of Environmental Protection.*

(3) *DUTIES AND POWERS OF THE DEPARTMENT OF ENVIRONMENTAL PROTECTION HEALTH.*—The department shall:

(a) Adopt rules to administer ss. 381.0065-381.0067, including definitions that are consistent with the definitions in this section, ~~decreases to setback requirements where no health hazard exists, increases for the lot-flow allowance for performance-based systems, requirements for separation from water table elevation during the wettest season, requirements for the design and construction of any component part of an onsite sewage treatment and disposal system, application and permit requirements for persons who maintain an onsite sewage treatment and disposal system, requirements for maintenance and service agreements for aerobic treatment units and performance-based treatment systems, and recommended standards, including disclosure requirements, for voluntary system inspections to be performed by individuals who are authorized by law to perform such inspections and who shall inform a person having ownership, control, or use of an onsite sewage treatment and disposal system of the inspection standards and of that person's authority to request an inspection based on all or part of the standards.~~

(b) Perform application reviews and site evaluations, issue permits, and conduct inspections and complaint investigations associated with the construction, installation, maintenance, modification, abandonment, operation, use, or repair of an onsite sewage treatment and disposal system for a residence or establishment with an estimated domestic sewage flow of 10,000 gallons or less per day, or an estimated commercial sewage flow of 5,000 gallons or less per day, which is not currently regulated under chapter 403.

(c) Develop a comprehensive program to ensure that onsite sewage treatment and disposal systems regulated by the department are sized, designed, constructed, installed, *sited*, repaired, modified, abandoned, used, operated, and maintained in compliance with this section and rules adopted under this section to prevent groundwater contamination, *including impacts from nutrient pollution*, and surface water contamination and to preserve the public health. The department is the final administrative interpretive authority regarding rule interpretation. In the event of a conflict regarding rule interpretation, the *Secretary of Environmental Protection State Surgeon General*, or his or her designee, shall timely assign a staff person to resolve the dispute.

(d) Grant variances in hardship cases under the conditions prescribed in this section and rules adopted under this section.

(e) Permit the use of a limited number of innovative systems for a specific period of time, when there is compelling evidence that the system will function properly and reliably to meet the requirements of this section and rules adopted under this section.

(f) Issue annual operating permits under this section.

(g) Establish and collect fees as established under s. 381.0066 for services provided with respect to onsite sewage treatment and disposal systems.

(h) Conduct enforcement activities, including imposing fines, issuing citations, suspensions, revocations, injunctions, and emergency orders for violations of this section, part I of chapter 386, or part III of chapter 489 or for a violation of any rule adopted under this section, part I of chapter 386, or part III of chapter 489.

(i) Provide or conduct education and training of department personnel, service providers, and the public regarding onsite sewage treatment and disposal systems.

(j) Supervise research on, demonstration of, and training on the performance, environmental impact, and public health impact of onsite sewage treatment and disposal systems within this state. Research fees collected under s. 381.0066(2)(k) must be used to develop and fund hands-on training centers designed to provide practical information about onsite sewage treatment and disposal systems to septic tank contractors, master septic tank contractors, contractors, inspectors, engineers, and the public and must also be used to fund research projects which focus on improvements of onsite sewage treatment and disposal systems, including use of performance-based standards and reduction of environmental impact. Research projects shall be ~~initially approved by the technical review and advisory panel and shall be applicable to and reflect the soil conditions specific to this state Florida.~~ Such projects shall be awarded through competitive negotiation, using the procedures provided in s. 287.055, to public or private entities that

have experience in onsite sewage treatment and disposal systems in ~~this state Florida~~ and that are principally located in ~~this state Florida~~. ~~Research projects shall not be awarded to firms or entities that employ or are associated with persons who serve on either the technical review and advisory panel or the research review and advisory committee.~~

(k) Approve the installation of individual graywater disposal systems in which blackwater is treated by a central sewerage system.

(l) Regulate and permit the sanitation, handling, treatment, storage, reuse, and disposal of byproducts from any system regulated under this chapter ~~and not regulated by the Department of Environmental Protection.~~

(m) Permit and inspect portable or temporary toilet services and holding tanks. The department shall review applications, perform site evaluations, and issue permits for the temporary use of holding tanks, privies, portable toilet services, or any other toilet facility that is intended for use on a permanent or nonpermanent basis, including facilities placed on construction sites when workers are present. The department may specify standards for the construction, maintenance, use, and operation of any such facility for temporary use.

(n) Regulate and permit maintenance entities for performance-based treatment systems and aerobic treatment unit systems. To ensure systems are maintained and operated according to manufacturer's specifications and designs, the department shall establish by rule minimum qualifying criteria for maintenance entities. The criteria shall include: training, access to approved spare parts and components, access to manufacturer's maintenance and operation manuals, and service response time. The maintenance entity shall employ a contractor licensed under s. 489.105(3)(m), or part III of chapter 489, or a state-licensed wastewater plant operator, who is responsible for maintenance and repair of all systems under contract.

(4) PERMITS; INSTALLATION; AND CONDITIONS.—A person may not construct, repair, modify, abandon, or operate an onsite sewage treatment and disposal system without first obtaining a permit approved by the department. The department may issue permits to carry out this section, ~~but shall not make the issuance of such permits contingent upon prior approval by the department of Environmental Protection~~, except that the issuance of a permit for work seaward of the coastal construction control line established under s. 161.053 shall be contingent upon receipt of any required coastal construction control line permit from the department ~~of Environmental Protection~~. A construction permit is valid for 18 months ~~after from the date of issuance date~~ and may be extended by the department for one 90-day period under rules adopted by the department. A repair permit is valid for 90 days ~~after from~~ the date of issuance. An operating permit must be obtained ~~before prior to~~ the use of any aerobic treatment unit or if the establishment generates commercial waste. Buildings or establishments that use an aerobic treatment unit or generate commercial waste shall be inspected by the department at least annually to assure compliance with the terms of the operating permit. The operating permit for a commercial wastewater system is valid for 1 year ~~after from~~ the date of issuance and must be renewed annually. The operating permit for an aerobic treatment unit is valid for 2 years ~~after from~~ the date of issuance and must be renewed every 2 years. If all information pertaining to the siting, location, and installation conditions or repair of an onsite sewage treatment and disposal system remains the same, a construction or repair permit for the onsite sewage treatment and disposal system may be transferred to another person, if the transferee files, within 60 days after the transfer of ownership, an amended application providing all corrected information and proof of ownership of the property. ~~A There is no fee is not associated with the processing of this supplemental information.~~ A person may not contract to construct, modify, alter, repair, service, abandon, or maintain any portion of an onsite sewage treatment and disposal system without being registered under part III of chapter 489. A property owner who personally performs construction, maintenance, or repairs to a system serving his or her own owner-occupied single-family residence is exempt from registration requirements for performing such construction, maintenance, or repairs on that residence, but is subject to all permitting requirements. A municipality or political subdivision of the state may not issue a building or plumbing permit for any building that requires the use of an onsite sewage treatment and disposal system unless the owner or builder has received a construction permit for such system from the department. A building or structure may not be occupied and a municipality, political

subdivision, or any state or federal agency may not authorize occupancy until the department approves the final installation of the onsite sewage treatment and disposal system. A municipality or political subdivision of the state may not approve any change in occupancy or tenancy of a building that uses an onsite sewage treatment and disposal system until the department has reviewed the use of the system with the proposed change, approved the change, and amended the operating permit.

(a) Subdivisions and lots in which each lot has a minimum area of at least one-half acre and either a minimum dimension of 100 feet or a mean of at least 100 feet of the side bordering the street and the distance formed by a line parallel to the side bordering the street drawn between the two most distant points of the remainder of the lot may be developed with a water system regulated under s. 381.0062 and onsite sewage treatment and disposal systems, provided the projected daily sewage flow does not exceed an average of 1,500 gallons per acre per day, and provided satisfactory drinking water can be obtained and all distance and setback, soil condition, water table elevation, and other related requirements of this section and rules adopted under this section can be met.

(b) Subdivisions and lots using a public water system as defined in s. 403.852 may use onsite sewage treatment and disposal systems, provided there are no more than four lots per acre, provided the projected daily sewage flow does not exceed an average of 2,500 gallons per acre per day, and provided that all distance and setback, soil condition, water table elevation, and other related requirements that are generally applicable to the use of onsite sewage treatment and disposal systems are met.

(c) Notwithstanding paragraphs (a) and (b), for subdivisions platted of record on or before October 1, 1991, when a developer or other appropriate entity has previously made or makes provisions, including financial assurances or other commitments, acceptable to the department of Health, that a central water system will be installed by a regulated public utility based on a density formula, private potable wells may be used with onsite sewage treatment and disposal systems until the agreed-upon densities are reached. In a subdivision regulated by this paragraph, the average daily sewage flow may not exceed 2,500 gallons per acre per day. This section does not affect the validity of existing prior agreements. After October 1, 1991, the exception provided under this paragraph is not available to a developer or other appropriate entity.

(d) Paragraphs (a) and (b) do not apply to any proposed residential subdivision with more than 50 lots or to any proposed commercial subdivision with more than 5 lots where a publicly owned or investor-owned *sewage treatment coverage* system is available. ~~It is the intent of~~ This paragraph ~~does not~~ allow development of additional proposed subdivisions in order to evade the requirements of this paragraph.

(e) *The department shall adopt rules relating to the location of onsite sewage treatment and disposal systems, including establishing setback distances, to prevent groundwater contamination and surface water contamination and to preserve the public health. The rulemaking process for such rules must be completed by July 1, 2022, and the department shall notify the Division of Law Revision of the date such rules take effect. The rules must consider conventional and enhanced nutrient-reducing onsite sewage treatment and disposal system designs, impaired or degraded water bodies, domestic wastewater and drinking water infrastructure, potable water sources, nonpotable wells, stormwater infrastructure, the onsite sewage treatment and disposal system remediation plans developed pursuant to s. 403.067(7)(a)9.b., nutrient pollution, and the recommendations of the onsite sewage treatment and disposal systems technical advisory committee established pursuant to s. 381.00652. The rules must also allow a person to apply for and receive a variance from a rule requirement upon demonstration that the requirement would cause an undue hardship and granting the variance would not cause or contribute to the exceedance of a total maximum daily load.*

(f)(e) Onsite sewage treatment and disposal systems ~~that are permitted before the rules in paragraph (e) take effect may not~~ not be placed closer than:

1. Seventy-five feet from a private potable well.
2. Two hundred feet from a public potable well serving a residential or nonresidential establishment having a total sewage flow of greater than 2,000 gallons per day.
3. One hundred feet from a public potable well serving a residential or nonresidential establishment having a total sewage flow of less than or equal to 2,000 gallons per day.
4. Fifty feet from any nonpotable well.
5. Ten feet from any storm sewer pipe, to the maximum extent possible, but in no instance shall the setback be less than 5 feet.
6. Seventy-five feet from the mean high-water line of a tidally influenced surface water body.
7. Seventy-five feet from the mean annual flood line of a permanent nontidal surface water body.

8. Fifteen feet from the design high-water line of retention areas, detention areas, or swales designed to contain standing or flowing water for less than 72 hours after a rainfall or the design high-water level of normally dry drainage ditches or normally dry individual lot storm-water retention areas.

~~(f) Except as provided under paragraphs (c) and (t), no limitations shall be imposed by rule, relating to the distance between an onsite disposal system and any area that either permanently or temporarily has visible surface water.~~

(g) ~~All provisions of~~ This section and rules adopted under this section relating to soil condition, water table elevation, distance, and other setback requirements must be equally applied to all lots, with the following exceptions:

1. Any residential lot that was platted and recorded on or after January 1, 1972, or that is part of a residential subdivision that was approved by the appropriate permitting agency on or after January 1, 1972, and that was eligible for an onsite sewage treatment and disposal system construction permit on the date of such platting and recording or approval shall be eligible for an onsite sewage treatment and disposal system construction permit, regardless of when the application for a permit is made. If rules in effect at the time the permit application is filed cannot be met, residential lots platted and recorded or approved on or after January 1, 1972, shall, to the maximum extent possible, comply with the rules in effect at the time the permit application is filed. At a minimum, however, those residential lots platted and recorded or approved on or after January 1, 1972, but before January 1, 1983, shall comply with those rules in effect on January 1, 1983, and those residential lots platted and recorded or approved on or after January 1, 1983, shall comply with those rules in effect at the time of such platting and recording or approval. In determining the maximum extent of compliance with current rules that is possible, the department shall allow structures and appurtenances thereto which were authorized at the time such lots were platted and recorded or approved.

2. Lots platted before 1972 are subject to a 50-foot minimum surface water setback and are not subject to lot size requirements. The projected daily flow for onsite sewage treatment and disposal systems for lots platted before 1972 may not exceed:

- a. Two thousand five hundred gallons per acre per day for lots served by public water systems as defined in s. 403.852.
- b. One thousand five hundred gallons per acre per day for lots served by water systems regulated under s. 381.0062.

(h)1. The department may grant variances in hardship cases which may be less restrictive than the provisions specified in this section. If a variance is granted and the onsite sewage treatment and disposal system construction permit has been issued, the variance may be transferred with the system construction permit, if the transferee files, within 60 days after the transfer of ownership, an amended construction permit application providing all corrected information and proof of ownership of the property and if the same variance would have been required for the new owner of the property as was originally granted to the original applicant for the variance. ~~There is no fee is not asso-~~

ciated with the processing of this supplemental information. A variance may not be granted under this section until the department is satisfied that:

- a. The hardship was not caused intentionally by the action of the applicant;
- b. A ~~Ne~~ reasonable alternative, taking into consideration factors such as cost, ~~does not exist~~ ~~exists~~ for the treatment of the sewage; and
- c. The discharge from the onsite sewage treatment and disposal system will not adversely affect the health of the applicant or the public or significantly degrade the groundwater or surface waters.

Where soil conditions, water table elevation, and setback provisions are determined by the department to be satisfactory, special consideration must be given to those lots platted before 1972.

2. The department shall appoint and staff a variance review and advisory committee, which shall meet monthly to recommend agency action on variance requests. The committee shall make its recommendations on variance requests at the meeting in which the application is scheduled for consideration, except for an extraordinary change in circumstances, the receipt of new information that raises new issues, or when the applicant requests an extension. The committee shall consider the criteria in subparagraph 1. in its recommended agency action on variance requests and shall also strive to allow property owners the full use of their land where possible. The committee consists of the following:

- a. The ~~Secretary of Environmental Protection~~ ~~State Surgeon General~~ or his or her designee.
- b. A representative from the county health departments.
- c. A representative from the home building industry recommended by the Florida Home Builders Association.
- d. A representative from the septic tank industry recommended by the Florida Onsite Wastewater Association.
- e. A representative from the Department of ~~Health~~ ~~Environmental Protection~~.
- f. A representative from the real estate industry who is also a developer in this state who develops lots using onsite sewage treatment and disposal systems, recommended by the Florida Association of Realtors.
- g. A representative from the engineering profession recommended by the Florida Engineering Society.

Members shall be appointed for a term of 3 years, with such appointments being staggered so that the terms of no more than two members expire in any one year. Members shall serve without remuneration, but if requested, shall be reimbursed for per diem and travel expenses as provided in s. 112.061.

(i) A construction permit may not be issued for an onsite sewage treatment and disposal system in any area zoned or used for industrial or manufacturing purposes, or its equivalent, where a publicly owned or investor-owned sewage treatment system is available, or where a likelihood exists that the system will receive toxic, hazardous, or industrial waste. An existing onsite sewage treatment and disposal system may be repaired if a publicly owned or investor-owned ~~sewage treatment sewerage~~ system is not available within 500 feet of the building sewer stub-out and if system construction and operation standards can be met. This paragraph does not require publicly owned or investor-owned ~~sewage sewerage~~ treatment systems to accept anything other than domestic wastewater.

1. A building located in an area zoned or used for industrial or manufacturing purposes, or its equivalent, when such building is served by an onsite sewage treatment and disposal system, must not be occupied until the owner or tenant has obtained written approval from the department. The department ~~may shall~~ not grant approval when the proposed use of the system is to dispose of toxic, hazardous, or industrial wastewater or toxic or hazardous chemicals.

2. Each person who owns or operates a business or facility in an area zoned or used for industrial or manufacturing purposes, or its equivalent, or who owns or operates a business that has the potential to generate toxic, hazardous, or industrial wastewater or toxic or hazardous chemicals, and uses an onsite sewage treatment and disposal system that is installed on or after July 5, 1989, must obtain an annual system operating permit from the department. A person who owns or operates a business that uses an onsite sewage treatment and disposal system that was installed and approved before July 5, 1989, ~~does not need to not~~ obtain a system operating permit. However, upon change of ownership or tenancy, the new owner or operator must notify the department of the change, and the new owner or operator must obtain an annual system operating permit, regardless of the date that the system was installed or approved.

3. The department shall periodically review and evaluate the continued use of onsite sewage treatment and disposal systems in areas zoned or used for industrial or manufacturing purposes, or its equivalent, and may require the collection and analyses of samples from within and around such systems. If the department finds that toxic or hazardous chemicals or toxic, hazardous, or industrial wastewater have been or are being disposed of through an onsite sewage treatment and disposal system, the department shall initiate enforcement actions against the owner or tenant to ensure adequate cleanup, treatment, and disposal.

(j) An onsite sewage treatment and disposal system designed by a professional engineer registered in the state and certified by such engineer as complying with performance criteria adopted by the department must be approved by the department subject to the following:

1. The performance criteria applicable to engineer-designed systems must be limited to those necessary to ensure that such systems do not adversely affect the public health or significantly degrade the groundwater or surface water. Such performance criteria shall include consideration of the quality of system effluent, the proposed total sewage flow per acre, wastewater treatment capabilities of the natural or replaced soil, water quality classification of the potential surface-water-receiving body, and the structural and maintenance viability of the system for the treatment of domestic wastewater. However, performance criteria shall address only the performance of a system and not a system's design.

2. A person electing to ~~use~~ ~~utilize~~ an engineer-designed system shall, upon completion of the system design, submit such design, certified by a registered professional engineer, to the county health department. The county health department may ~~use~~ ~~utilize~~ an outside consultant to review the engineer-designed system, with the actual cost of such review to be borne by the applicant. Within 5 working days after receiving an engineer-designed system permit application, the county health department shall request additional information if the application is not complete. Within 15 working days after receiving a complete application for an engineer-designed system, the county health department ~~either~~ shall issue the permit or, if it determines that the system does not comply with the performance criteria, shall notify the applicant of that determination and refer the application to the department for a determination as to whether the system should be approved, disapproved, or approved with modification. The department engineer's determination shall prevail over the action of the county health department. The applicant shall be notified in writing of the department's determination and of the applicant's rights to pursue a variance or seek review under the provisions of chapter 120.

3. The owner of an engineer-designed performance-based system must maintain a current maintenance service agreement with a maintenance entity permitted by the department. The maintenance entity shall inspect each system at least twice each year and shall report quarterly to the department on the number of systems inspected and serviced. The reports may be submitted electronically.

4. The property owner of an owner-occupied, single-family residence may be approved and permitted by the department as a maintenance entity for his or her own performance-based treatment system upon written certification from the system manufacturer's approved representative that the property owner has received training on the proper installation and service of the system. The maintenance service agreement must conspicuously disclose that the property owner has the right to maintain his or her own system and is exempt from contractor re-

gistration requirements for performing construction, maintenance, or repairs on the system but is subject to all permitting requirements.

5. The property owner shall obtain a biennial system operating permit from the department for each system. The department shall inspect the system at least annually, or on such periodic basis as the fee collected permits, and may collect system-effluent samples if appropriate to determine compliance with the performance criteria. The fee for the biennial operating permit shall be collected beginning with the second year of system operation.

6. If an engineer-designed system fails to properly function or fails to meet performance standards, the system shall be re-engineered, if necessary, to bring the system into compliance with the provisions of this section.

(k) An innovative system may be approved in conjunction with an engineer-designed site-specific system ~~that which~~ is certified by the engineer to meet the performance-based criteria adopted by the department.

(l) For the Florida Keys, the department shall adopt a special rule for the construction, installation, modification, operation, repair, maintenance, and performance of onsite sewage treatment and disposal systems which considers the unique soil conditions and water table elevations, densities, and setback requirements. On lots where a setback distance of 75 feet from surface waters, saltmarsh, and buttonwood association habitat areas cannot be met, an injection well, approved and permitted by the department, may be used for disposal of effluent from onsite sewage treatment and disposal systems. The following additional requirements apply to onsite sewage treatment and disposal systems in Monroe County:

1. The county, each municipality, and those special districts established for the purpose of the collection, transmission, treatment, or disposal of sewage shall ensure, in accordance with the specific schedules adopted by the Administration Commission under s. 380.0552, the completion of onsite sewage treatment and disposal system upgrades to meet the requirements of this paragraph.

2. Onsite sewage treatment and disposal systems must cease discharge by December 31, 2015, or must comply with department rules and provide the level of treatment which, on a permitted annual average basis, produces an effluent that contains no more than the following concentrations:

- a. Biochemical Oxygen Demand (CBOD5) of 10 mg/l.
- b. Suspended Solids of 10 mg/l.
- c. Total Nitrogen, expressed as N, of 10 mg/l or a reduction in nitrogen of at least 70 percent. A system that has been tested and certified to reduce nitrogen concentrations by at least 70 percent shall be deemed to be in compliance with this standard.
- d. Total Phosphorus, expressed as P, of 1 mg/l.

In addition, onsite sewage treatment and disposal systems discharging to an injection well must provide basic disinfection as defined by department rule.

3. In areas not scheduled to be served by a central *sewerage system sewer*, onsite sewage treatment and disposal systems must, by December 31, 2015, comply with department rules and provide the level of treatment described in subparagraph 2.

4. In areas scheduled to be served by a central *sewerage system sewer* by December 31, 2015, if the property owner has paid a connection fee or assessment for connection to the central *sewerage sewer* system, the property owner may install a holding tank with a high water alarm or an onsite sewage treatment and disposal system that meets the following minimum standards:

- a. The existing tanks must be pumped and inspected and certified as being watertight and free of defects in accordance with department rule; and
- b. A sand-lined drainfield or injection well in accordance with department rule must be installed.

5. Onsite sewage treatment and disposal systems must be monitored for total nitrogen and total phosphorus concentrations as required by department rule.

6. The department shall enforce proper installation, operation, and maintenance of onsite sewage treatment and disposal systems pursuant to this chapter, including ensuring that the appropriate level of treatment described in subparagraph 2. is met.

7. The authority of a local government, including a special district, to mandate connection of an onsite sewage treatment and disposal system is governed by s. 4, chapter 99-395, Laws of Florida.

8. Notwithstanding any other ~~provision of~~ law, an onsite sewage treatment and disposal system installed after July 1, 2010, in unincorporated Monroe County, excluding special wastewater districts, that complies with the standards in subparagraph 2. is not required to connect to a central *sewerage sewer* system until December 31, 2020.

(m) A ~~No~~ product sold in the state for use in onsite sewage treatment and disposal systems may *not* contain any substance in concentrations or amounts that would interfere with or prevent the successful operation of such system, or that would cause discharges from such systems to violate applicable water quality standards. The department shall publish criteria for products known or expected to meet the conditions of this paragraph. ~~If in the event~~ a product does not meet such criteria, such product may be sold if the manufacturer satisfactorily demonstrates to the department that the conditions of this paragraph are met.

(n) Evaluations for determining the seasonal high-water table elevations or the suitability of soils for the use of a new onsite sewage treatment and disposal system shall be performed by department personnel, professional engineers registered in the state, or such other persons with expertise, as defined by rule, in making such evaluations. Evaluations for determining mean annual flood lines shall be performed by those persons identified in paragraph (2)(k) ~~(2)(j)~~. The department shall accept evaluations submitted by professional engineers and such other persons as meet the expertise established by this section or by rule unless the department has a reasonable scientific basis for questioning the accuracy or completeness of the evaluation.

~~(o) The department shall appoint a research review and advisory committee, which shall meet at least semiannually. The committee shall advise the department on directions for new research, review and rank proposals for research contracts, and review draft research reports and make comments. The committee is comprised of:~~

- ~~1. A representative of the State Surgeon General, or his or her designee.~~
- ~~2. A representative from the septic tank industry.~~
- ~~3. A representative from the home building industry.~~
- ~~4. A representative from an environmental interest group.~~
- ~~5. A representative from the State University System, from a department knowledgeable about onsite sewage treatment and disposal systems.~~
- ~~6. A professional engineer registered in this state who has work experience in onsite sewage treatment and disposal systems.~~
- ~~7. A representative from local government who is knowledgeable about domestic wastewater treatment.~~
- ~~8. A representative from the real estate profession.~~
- ~~9. A representative from the restaurant industry.~~
- ~~10. A consumer.~~

~~Members shall be appointed for a term of 2 years, with the appointments being staggered so that the terms of no more than four members expire in any one year. Members shall serve without remuneration, but are entitled to reimbursement for per diem and travel expenses as provided in s. 112.061.~~

(o)(~~o~~) An application for an onsite sewage treatment and disposal system permit shall be completed in full, signed by the owner or the owner's authorized representative, or by a contractor licensed under chapter 489, and shall be accompanied by all required exhibits and fees. ~~No~~ Specific documentation of property ownership *is not shall be* required as a prerequisite to the review of an application or the issuance of a permit. The issuance of a permit does not constitute determination by the department of property ownership.

(p)(~~p~~) The department may not require any form of subdivision analysis of property by an owner, developer, or subdivider *before prior to* submission of an application for an onsite sewage treatment and disposal system.

(q)(~~q~~) ~~Nothing in~~ This section *does not limit limits* the power of a municipality or county to enforce other laws for the protection of the public health and safety.

(r)(~~r~~) In the siting of onsite sewage treatment and disposal systems, including drainfields, shoulders, and slopes, guttering *may shall* not be required on single-family residential dwelling units for systems located greater than 5 feet from the roof drip line of the house. If guttering is used on residential dwelling units, the downspouts shall be directed away from the drainfield.

(s)(~~s~~) Notwithstanding ~~the provisions of~~ subparagraph (g)1., onsite sewage treatment and disposal systems located in floodways of the Suwannee and Aucilla Rivers must adhere to the following requirements:

1. The absorption surface of the drainfield *may shall* not be subject to flooding based on 10-year flood elevations. Provided, however, for lots or parcels created by the subdivision of land in accordance with applicable local government regulations *before prior to* January 17, 1990, if an applicant cannot construct a drainfield system with the absorption surface of the drainfield at an elevation equal to or above 10-year flood elevation, the department shall issue a permit for an onsite sewage treatment and disposal system within the 10-year floodplain of rivers, streams, and other bodies of flowing water if all of the following criteria are met:

- a. The lot is at least one-half acre in size;
- b. The bottom of the drainfield is at least 36 inches above the 2-year flood elevation; and
- c. The applicant installs ~~either~~ a waterless, incinerating, or organic waste composting toilet and a graywater system and drainfield in accordance with department rules; an aerobic treatment unit and drainfield in accordance with department rules; a system ~~approved by the State Health Office~~ that is capable of reducing effluent nitrate by at least 50 percent *in accordance with department rules*; or a system *other than a system using alternative drainfield materials in accordance with department rules approved by the county health department pursuant to department rule other than a system using alternative drainfield materials*. The United States Department of Agriculture Soil Conservation Service soil maps, State of Florida Water Management District data, and Federal Emergency Management Agency Flood Insurance maps are resources that shall be used to identify flood-prone areas.

2. The use of fill or mounding to elevate a drainfield system out of the 10-year floodplain of rivers, streams, or other bodies of flowing water *may shall* not be permitted if such a system lies within a regulatory floodway of the Suwannee and Aucilla Rivers. In cases where the 10-year flood elevation does not coincide with the boundaries of the regulatory floodway, the regulatory floodway will be considered for the purposes of this subsection to extend at a minimum to the 10-year flood elevation.

(t)1.(~~t~~)1. The owner of an aerobic treatment unit system shall maintain a current maintenance service agreement with an aerobic treatment unit maintenance entity permitted by the department. The maintenance entity shall inspect each aerobic treatment unit system at least twice each year and shall report quarterly to the department on the number of aerobic treatment unit systems inspected and serviced. The reports may be submitted electronically.

2. The property owner of an owner-occupied, single-family residence may be approved and permitted by the department as a maintenance entity for his or her own aerobic treatment unit system upon written certification from the system manufacturer's approved representative that the property owner has received training on the proper installation and service of the system. The maintenance entity service agreement must conspicuously disclose that the property owner has the right to maintain his or her own system and is exempt from contractor registration requirements for performing construction, maintenance, or repairs on the system but is subject to all permitting requirements.

3. A septic tank contractor licensed under part III of chapter 489, if approved by the manufacturer, may not be denied access by the manufacturer to aerobic treatment unit system training or spare parts for maintenance entities. After the original warranty period, component parts for an aerobic treatment unit system may be replaced with parts that meet manufacturer's specifications but are manufactured by others. The maintenance entity shall maintain documentation of the substitute part's equivalency for 2 years and shall provide such documentation to the department upon request.

4. The owner of an aerobic treatment unit system shall obtain a system operating permit from the department and allow the department to inspect during reasonable hours each aerobic treatment unit system at least annually, and such inspection may include collection and analysis of system-effluent samples for performance criteria established by rule of the department.

(u)(~~u~~) The department may require the submission of detailed system construction plans that are prepared by a professional engineer registered in this state. The department shall establish by rule criteria for determining when such a submission is required.

(v)(~~v~~) Any permit issued and approved by the department for the installation, modification, or repair of an onsite sewage treatment and disposal system shall transfer with the title to the property in a real estate transaction. A title may not be encumbered at the time of transfer by new permit requirements by a governmental entity for an onsite sewage treatment and disposal system which differ from the permitting requirements in effect at the time the system was permitted, modified, or repaired. An inspection of a system may not be mandated by a governmental entity at the point of sale in a real estate transaction. This paragraph does not affect a septic tank phase-out deferral program implemented by a consolidated government as defined in s. 9, Art. VIII of the State Constitution (1885).

(w)(~~w~~) A governmental entity, including a municipality, county, or statutorily created commission, may not require an engineer-designed performance-based treatment system, excluding a passive engineer-designed performance-based treatment system, before the completion of the Florida Onsite Sewage Nitrogen Reduction Strategies Project. This paragraph does not apply to a governmental entity, including a municipality, county, or statutorily created commission, which adopted a local law, ordinance, or regulation on or before January 31, 2012. Notwithstanding this paragraph, an engineer-designed performance-based treatment system may be used to meet the requirements of the variance review and advisory committee recommendations.

(x)1.(~~x~~)1. An onsite sewage treatment and disposal system is not considered abandoned if the system is disconnected from a structure that was made unusable or destroyed following a disaster and if the system was properly functioning at the time of disconnection and was not adversely affected by the disaster. The onsite sewage treatment and disposal system may be reconnected to a rebuilt structure if:

- a. The reconnection of the system is to the same type of structure which contains the same number of bedrooms or fewer, if the square footage of the structure is less than or equal to 110 percent of the original square footage of the structure that existed before the disaster;
 - b. The system is not a sanitary nuisance; and
 - c. The system has not been altered without prior authorization.
2. An onsite sewage treatment and disposal system that serves a property that is foreclosed upon is not considered abandoned.

(y)(~~z~~) If an onsite sewage treatment and disposal system permittee receives, relies upon, and undertakes construction of a system based upon a validly issued construction permit under rules applicable at the time of construction but a change to a rule occurs within 5 years after the approval of the system for construction but before the final approval of the system, the rules applicable and in effect at the time of construction approval apply at the time of final approval if fundamental site conditions have not changed between the time of construction approval and final approval.

(z)(~~aa~~) An existing-system inspection or evaluation and assessment, or a modification, replacement, or upgrade of an onsite sewage treatment and disposal system is not required for a remodeling addition or modification to a single-family home if a bedroom is not added. However, a remodeling addition or modification to a single-family home may not cover any part of the existing system or encroach upon a required setback or the unobstructed area. To determine if a setback or the unobstructed area is impacted, the local health department shall review and verify a floor plan and site plan of the proposed remodeling addition or modification to the home submitted by a remodeler which shows the location of the system, including the distance of the remodeling addition or modification to the home from the onsite sewage treatment and disposal system. The local health department may visit the site or otherwise determine the best means of verifying the information submitted. A verification of the location of a system is not an inspection or evaluation and assessment of the system. The review and verification must be completed within 7 business days after receipt by the local health department of a floor plan and site plan. If the review and verification is not completed within such time, the remodeling addition or modification to the single-family home, for the purposes of this paragraph, is approved.

Section 8. Section 381.00652, Florida Statutes, is created to read:

381.00652 Onsite sewage treatment and disposal systems technical advisory committee.—

(1) *As used in this section, the term “department” means the Department of Environmental Protection.*

(2) *An onsite sewage treatment and disposal systems technical advisory committee, a committee as defined in s. 20.03(8), is created within the department. The committee shall:*

(a) *Provide recommendations to increase the availability of enhanced nutrient-reducing onsite sewage treatment and disposal systems in the marketplace, including such systems that are cost-effective, low maintenance, and reliable.*

(b) *Consider and recommend regulatory options, such as fast-track approval, prequalification, or expedited permitting, to facilitate the introduction and use of enhanced nutrient-reducing onsite sewage treatment and disposal systems that have been reviewed and approved by a national agency or organization, such as the American National Standards Institute 245 systems approved by the NSF International.*

(c) *Provide recommendations for appropriate setback distances for onsite sewage treatment and disposal systems from surface water, groundwater, and wells.*

(3) *The department shall use existing and available resources to administer and support the activities of the committee.*

(4)(a) *By August 1, 2021, the department, in consultation with the Department of Health, shall appoint no more than 10 members to the committee, as follows:*

1. *A professional engineer.*
2. *A septic tank contractor.*
3. *Two representatives from the home building industry.*
4. *A representative from the real estate industry.*
5. *A representative from the onsite sewage treatment and disposal system industry.*
6. *A representative from local government.*

7. *Two representatives from the environmental community.*

8. *A representative of the scientific and technical community who has substantial expertise in the areas of the fate and transport of water pollutants, toxicology, epidemiology, geology, biology, or environmental sciences.*

(b) *Members shall serve without compensation and are not entitled to reimbursement for per diem or travel expenses.*

(5) *By January 1, 2022, the committee shall submit its recommendations to the Governor, the President of the Senate, and the Speaker of the House of Representatives.*

(6) *This section expires August 15, 2022.*

Section 9. *Effective July 1, 2021, section 381.0068, Florida Statutes, is repealed.*

Section 10. Present subsections (14) through (44) of section 403.061, Florida Statutes, are redesignated as subsections (15) through (45), respectively, subsection (7) is amended, and a new subsection (14) is added to that section, to read:

403.061 Department; powers and duties.—The department shall have the power and the duty to control and prohibit pollution of air and water in accordance with the law and rules adopted and promulgated by it and, for this purpose, to:

(7) ~~Adopt rules pursuant to ss. 120.536(1) and 120.54 to implement the provisions of this act. Any rule adopted pursuant to this act must shall be consistent with the provisions of federal law, if any, relating to control of emissions from motor vehicles, effluent limitations, pretreatment requirements, or standards of performance. A No county, municipality, or political subdivision may not shall adopt or enforce any local ordinance, special law, or local regulation requiring the installation of Stage II vapor recovery systems, as currently defined by department rule, unless such county, municipality, or political subdivision is or has been in the past designated by federal regulation as a moderate, serious, or severe ozone nonattainment area. Rules adopted pursuant to this act may shall not require dischargers of waste into waters of the state to improve natural background conditions. The department shall adopt rules to reasonably limit, reduce, and eliminate domestic wastewater collection and transmission system pipe leakages and inflow and infiltration. Discharges from steam electric generating plants existing or licensed under this chapter on July 1, 1984, may shall not be required to be treated to a greater extent than may be necessary to assure that the quality of nonthermal components of discharges from nonrecirculated cooling water systems is as high as the quality of the makeup waters; that the quality of nonthermal components of discharges from recirculated cooling water systems is no lower than is allowed for blowdown from such systems; or that the quality of non-cooling system discharges which receive makeup water from a receiving body of water which does not meet applicable department water quality standards is as high as the quality of the receiving body of water. The department may not adopt standards more stringent than federal regulations, except as provided in s. 403.804.~~

(14) *In order to promote resilient utilities, require public utilities or their affiliated companies holding, applying for, or renewing a domestic wastewater discharge permit to file annual reports and other data regarding transactions or allocations of common costs and expenditures on pollution mitigation and prevention among the utility’s permitted systems, including, but not limited to, the prevention of sanitary sewer overflows, collection and transmission system pipe leakages, and inflow and infiltration. The department shall adopt rules to implement this subsection.*

The department shall implement such programs in conjunction with its other powers and duties and shall place special emphasis on reducing and eliminating contamination that presents a threat to humans, animals or plants, or to the environment.

Section 11. Section 403.0616, Florida Statutes, is created to read:

403.0616 Real-time water quality monitoring program.—

(1) *Subject to appropriation, the department shall establish a real-time water quality monitoring program to assist in the restoration,*

preservation, and enhancement of impaired water bodies and coastal resources.

(2) In order to expedite the creation and implementation of the program, the department is encouraged to form public-private partnerships with established scientific entities that have proven existing real-time water quality monitoring equipment and experience in deploying the equipment.

Section 12. Subsection (17) is added to section 403.064, Florida Statutes, to read:

403.064 Reuse of reclaimed water.—

(17) By December 31, 2020, the department shall initiate rule revisions based on the recommendations of the Potable Reuse Commission's 2020 report "Advancing Potable Reuse in Florida: Framework for the Implementation of Potable Reuse in Florida." Rules for potable reuse projects must address contaminants of emerging concern and meet or exceed federal and state drinking water quality standards and other applicable water quality standards. Reclaimed water is deemed a water source for public water supply systems.

Section 13. Subsection (7) of section 403.067, Florida Statutes, is amended to read:

403.067 Establishment and implementation of total maximum daily loads.—

(7) DEVELOPMENT OF BASIN MANAGEMENT PLANS AND IMPLEMENTATION OF TOTAL MAXIMUM DAILY LOADS.—

(a) Basin management action plans.—

1. In developing and implementing the total maximum daily load for a water body, the department, or the department in conjunction with a water management district, may develop a basin management action plan that addresses some or all of the watersheds and basins tributary to the water body. Such plan must integrate the appropriate management strategies available to the state through existing water quality protection programs to achieve the total maximum daily loads and may provide for phased implementation of these management strategies to promote timely, cost-effective actions as provided for in s. 403.151. The plan must establish a schedule implementing the management strategies, establish a basis for evaluating the plan's effectiveness, and identify feasible funding strategies for implementing the plan's management strategies. The management strategies may include regional treatment systems or other public works, when where appropriate, and voluntary trading of water quality credits to achieve the needed pollutant load reductions.

2. A basin management action plan must equitably allocate, pursuant to paragraph (6)(b), pollutant reductions to individual basins, as a whole to all basins, or to each identified point source or category of nonpoint sources, as appropriate. For nonpoint sources for which best management practices have been adopted, the initial requirement specified by the plan must be those practices developed pursuant to paragraph (c). When where appropriate, the plan may take into account the benefits of pollutant load reduction achieved by point or nonpoint sources that have implemented management strategies to reduce pollutant loads, including best management practices, before the development of the basin management action plan. The plan must also identify the mechanisms that will address potential future increases in pollutant loading.

3. The basin management action planning process is intended to involve the broadest possible range of interested parties, with the objective of encouraging the greatest amount of cooperation and consensus possible. In developing a basin management action plan, the department shall assure that key stakeholders, including, but not limited to, applicable local governments, water management districts, the Department of Agriculture and Consumer Services, other appropriate state agencies, local soil and water conservation districts, environmental groups, regulated interests, and affected pollution sources, are invited to participate in the process. The department shall hold at least one public meeting in the vicinity of the watershed or basin to discuss and receive comments during the planning process and shall otherwise encourage public participation to the greatest practicable extent. Notice

of the public meeting must be published in a newspaper of general circulation in each county in which the watershed or basin lies at least not less than 5 days, but not nor more than 15 days, before the public meeting. A basin management action plan does not supplant or otherwise alter any assessment made under subsection (3) or subsection (4) or any calculation or initial allocation.

4. Each new or revised basin management action plan shall include:

a. The appropriate management strategies available through existing water quality protection programs to achieve total maximum daily loads, which may provide for phased implementation to promote timely, cost-effective actions as provided for in s. 403.151;

b. A description of best management practices adopted by rule;

c. A list of projects in priority ranking with a planning-level cost estimate and estimated date of completion for each listed project;

d. The source and amount of financial assistance to be made available by the department, a water management district, or other entity for each listed project, if applicable; and

e. A planning-level estimate of each listed project's expected load reduction, if applicable.

5. The department shall adopt all or any part of a basin management action plan and any amendment to such plan by secretarial order pursuant to chapter 120 to implement ~~the provisions of~~ this section.

6. The basin management action plan must include milestones for implementation and water quality improvement, and an associated water quality monitoring component sufficient to evaluate whether reasonable progress in pollutant load reductions is being achieved over time. An assessment of progress toward these milestones shall be conducted every 5 years, and revisions to the plan shall be made as appropriate. Revisions to the basin management action plan shall be made by the department in cooperation with basin stakeholders. Revisions to the management strategies required for nonpoint sources must follow the procedures ~~set forth~~ in subparagraph (c)4. Revised basin management action plans must be adopted pursuant to subparagraph 5.

7. In accordance with procedures adopted by rule under paragraph (9)(c), basin management action plans, and other pollution control programs under local, state, or federal authority as provided in subsection (4), may allow point or nonpoint sources that will achieve greater pollutant reductions than required by an adopted total maximum daily load or wasteload allocation to generate, register, and trade water quality credits for the excess reductions to enable other sources to achieve their allocation; however, the generation of water quality credits does not remove the obligation of a source or activity to meet applicable technology requirements or adopted best management practices. Such plans must allow trading between NPDES permittees, and trading that may or may not involve NPDES permittees, where the generation or use of the credits involve an entity or activity not subject to department water discharge permits whose owner voluntarily elects to obtain department authorization for the generation and sale of credits.

8. ~~The provisions of~~ The department's rule relating to the equitable abatement of pollutants into surface waters do not apply to water bodies or water body segments for which a basin management plan that takes into account future new or expanded activities or discharges has been adopted under this section.

9. In order to promote resilient wastewater utilities, if the department identifies domestic wastewater treatment facilities or onsite sewage treatment and disposal systems as contributors of at least 20 percent of point source or nonpoint source nutrient pollution or if the department determines remediation is necessary to achieve the total maximum daily load, a basin management action plan for a nutrient total maximum daily load must include the following:

a. A wastewater treatment plan developed by each local government, in cooperation with the department, the water management district, and the public and private domestic wastewater treatment facilities within the jurisdiction of the local government, that addresses domestic wastewater. The wastewater treatment plan must:

(I) Provide for construction, expansion, or upgrades necessary to achieve the total maximum daily load requirements applicable to the domestic wastewater treatment facility.

(II) Include the permitted capacity in average annual gallons per day for the domestic wastewater treatment facility; the average nutrient concentration and the estimated average nutrient load of the domestic wastewater; a projected timeline of the dates by which the construction of any facility improvements will begin and be completed and the date by which operations of the improved facility will begin; the estimated cost of the improvements; and the identity of responsible parties.

The wastewater treatment plan must be adopted as part of the basin management action plan no later than July 1, 2025. A local government that does not have a domestic wastewater treatment facility in its jurisdiction is not required to develop a wastewater treatment plan unless there is a demonstrated need to establish a domestic wastewater treatment facility within its jurisdiction to improve water quality necessary to achieve a total maximum daily load. A local government is not responsible for a private domestic wastewater facility's compliance with a basin management action plan unless such facility is operated through a public-private partnership to which the local government is a party.

b. An onsite sewage treatment and disposal system remediation plan developed by each local government in cooperation with the department, the Department of Health, water management districts, and public and private domestic wastewater treatment facilities.

(I) The onsite sewage treatment and disposal system remediation plan must identify cost-effective and financially feasible projects necessary to achieve the nutrient load reductions required for onsite sewage treatment and disposal systems. To identify cost-effective and financially feasible projects for remediation of onsite sewage treatment and disposal systems, the local government shall:

(A) Include an inventory of onsite sewage treatment and disposal systems based on the best information available;

(B) Identify onsite sewage treatment and disposal systems that would be eliminated through connection to existing or future central domestic wastewater infrastructure in the jurisdiction or domestic wastewater service area of the local government, that would be replaced with or upgraded to enhanced nutrient-reducing onsite sewage treatment and disposal systems, or that would remain on conventional onsite sewage treatment and disposal systems;

(C) Estimate the costs of potential onsite sewage treatment and disposal system connections, upgrades, or replacements; and

(D) Identify deadlines and interim milestones for the planning, design, and construction of projects.

(II) The department shall adopt the onsite sewage treatment and disposal system remediation plan as part of the basin management action plan no later than July 1, 2025, or as required for Outstanding Florida Springs under s. 373.807.

10. When identifying wastewater projects in a basin management action plan, the department may not require the higher cost option if it achieves the same nutrient load reduction as a lower cost option. A regulated entity may choose a different cost option if it complies with the pollutant reduction requirements of an adopted total maximum daily load and meets or exceeds the pollution reduction requirement of the original project.

(b) Total maximum daily load implementation.—

1. The department shall be the lead agency in coordinating the implementation of the total maximum daily loads through existing water quality protection programs. Application of a total maximum daily load by a water management district must be consistent with this section and does not require the issuance of an order or a separate action pursuant to s. 120.536(1) or s. 120.54 for the adoption of the calculation and allocation previously established by the department. Such programs may include, but are not limited to:

a. Permitting and other existing regulatory programs, including water-quality-based effluent limitations;

b. Nonregulatory and incentive-based programs, including best management practices, cost sharing, waste minimization, pollution prevention, agreements established pursuant to s. 403.061(22) ~~or 403.061(21)~~, and public education;

c. Other water quality management and restoration activities, for example surface water improvement and management plans approved by water management districts or basin management action plans developed pursuant to this subsection;

d. Trading of water quality credits or other equitable economically based agreements;

e. Public works including capital facilities; or

f. Land acquisition.

2. For a basin management action plan adopted pursuant to paragraph (a), any management strategies and pollutant reduction requirements associated with a pollutant of concern for which a total maximum daily load has been developed, including effluent limits ~~set forth~~ for a discharger subject to NPDES permitting, if any, must be included in a timely manner in subsequent NPDES permits or permit modifications for that discharger. The department may not impose limits or conditions implementing an adopted total maximum daily load in an NPDES permit until the permit expires, the discharge is modified, or the permit is reopened pursuant to an adopted basin management action plan.

a. Absent a detailed allocation, total maximum daily loads must be implemented through NPDES permit conditions that provide for a compliance schedule. In such instances, a facility's NPDES permit must allow time for the issuance of an order adopting the basin management action plan. The time allowed for the issuance of an order adopting the plan may not exceed 5 years. Upon issuance of an order adopting the plan, the permit must be reopened or renewed, as necessary, and permit conditions consistent with the plan must be established. Notwithstanding the other provisions of this subparagraph, upon request by an NPDES permittee, the department as part of a permit issuance, renewal, or modification may establish individual allocations before the adoption of a basin management action plan.

b. For holders of NPDES municipal separate storm sewer system permits and other stormwater sources, implementation of a total maximum daily load or basin management action plan must be achieved, to the maximum extent practicable, through the use of best management practices or other management measures.

c. The basin management action plan does not relieve the discharger from any requirement to obtain, renew, or modify an NPDES permit or to abide by other requirements of the permit.

d. Management strategies ~~set forth~~ in a basin management action plan to be implemented by a discharger subject to permitting by the department must be completed pursuant to the schedule ~~set forth~~ in the basin management action plan. This implementation schedule may extend beyond the 5-year term of an NPDES permit.

e. Management strategies and pollution reduction requirements ~~set forth~~ in a basin management action plan for a specific pollutant of concern are not subject to challenge under chapter 120 at the time they are incorporated, in an identical form, into a subsequent NPDES permit or permit modification.

f. For nonagricultural pollutant sources not subject to NPDES permitting but permitted pursuant to other state, regional, or local water quality programs, the pollutant reduction actions adopted in a basin management action plan must be implemented to the maximum extent practicable as part of those permitting programs.

g. A nonpoint source discharger included in a basin management action plan must demonstrate compliance with the pollutant reductions established under subsection (6) by implementing the appropriate best management practices established pursuant to paragraph (c) or conducting water quality monitoring prescribed by the department or a water management district. A nonpoint source discharger may, in accordance with department rules, supplement the implementation of best management practices with water quality credit trades in order to

demonstrate compliance with the pollutant reductions established under subsection (6).

h. A nonpoint source discharger included in a basin management action plan may be subject to enforcement action by the department or a water management district based upon a failure to implement the responsibilities ~~set forth~~ in sub-subparagraph g.

i. A landowner, discharger, or other responsible person who is implementing applicable management strategies specified in an adopted basin management action plan may not be required by permit, enforcement action, or otherwise to implement additional management strategies, including water quality credit trading, to reduce pollutant loads to attain the pollutant reductions established pursuant to subsection (6) and shall be deemed to be in compliance with this section. This subparagraph does not limit the authority of the department to amend a basin management action plan as specified in subparagraph (a)6.

(c) *Best management practices.*—

1. The department, in cooperation with the water management districts and other interested parties, as appropriate, may develop suitable interim measures, best management practices, or other measures necessary to achieve the level of pollution reduction established by the department for nonagricultural nonpoint pollutant sources in allocations developed pursuant to subsection (6) and this subsection. These practices and measures may be adopted by rule by the department and the water management districts and, where adopted by rule, shall be implemented by those parties responsible for nonagricultural nonpoint source pollution.

2. The Department of Agriculture and Consumer Services may develop and adopt by rule pursuant to ss. 120.536(1) and 120.54 suitable interim measures, best management practices, or other measures necessary to achieve the level of pollution reduction established by the department for agricultural pollutant sources in allocations developed pursuant to subsection (6) and this subsection or for programs implemented pursuant to paragraph (12)(b). These practices and measures may be implemented by those parties responsible for agricultural pollutant sources and the department, the water management districts, and the Department of Agriculture and Consumer Services shall assist with implementation. In the process of developing and adopting rules for interim measures, best management practices, or other measures, the Department of Agriculture and Consumer Services shall consult with the department, the Department of Health, the water management districts, representatives from affected farming groups, and environmental group representatives. Such rules must also incorporate provisions for a notice of intent to implement the practices and a system to assure the implementation of the practices, including site inspection and recordkeeping requirements.

3. ~~When Where~~ interim measures, best management practices, or other measures are adopted by rule, the effectiveness of such practices in achieving the levels of pollution reduction established in allocations developed by the department pursuant to subsection (6) and this subsection or in programs implemented pursuant to paragraph (12)(b) must be verified at representative sites by the department. The department shall use best professional judgment in making the initial verification that the best management practices are reasonably expected to be effective and, ~~when where~~ applicable, shall ~~must~~ notify the appropriate water management district or the Department of Agriculture and Consumer Services of its initial verification before the adoption of a rule proposed pursuant to this paragraph. Implementation, in accordance with rules adopted under this paragraph, of practices that have been initially verified to be effective, or verified to be effective by monitoring at representative sites, by the department, shall provide a presumption of compliance with state water quality standards and release from ~~the provisions of~~ s. 376.307(5) for those pollutants addressed by the practices, and the department is not authorized to institute proceedings against the owner of the source of pollution to recover costs or damages associated with the contamination of surface water or groundwater caused by those pollutants. Research projects funded by the department, a water management district, or the Department of Agriculture and Consumer Services to develop or demonstrate interim measures or best management practices shall be granted a presumption of compliance with state water quality standards and a release from ~~the provisions of~~ s. 376.307(5). The presumption of compliance and release

is limited to the research site and only for those pollutants addressed by the interim measures or best management practices. Eligibility for the presumption of compliance and release is limited to research projects on sites where the owner or operator of the research site and the department, a water management district, or the Department of Agriculture and Consumer Services have entered into a contract or other agreement that, at a minimum, specifies the research objectives, the cost-share responsibilities of the parties, and a schedule that details the beginning and ending dates of the project.

4. ~~When Where~~ water quality problems are demonstrated, despite the appropriate implementation, operation, and maintenance of best management practices and other measures required by rules adopted under this paragraph, the department, a water management district, or the Department of Agriculture and Consumer Services, in consultation with the department, shall institute a reevaluation of the best management practice or other measure. ~~If Should~~ the reevaluation ~~determines determine~~ that the best management practice or other measure requires modification, the department, a water management district, or the Department of Agriculture and Consumer Services, as appropriate, shall revise the rule to require implementation of the modified practice within a reasonable time period as specified in the rule.

5. *Subject to subparagraph 6., the Department of Agriculture and Consumer Services shall provide to the department information obtained pursuant to subparagraph (d)3.*

~~6.5-~~ Agricultural records relating to processes or methods of production, costs of production, profits, or other financial information held by the Department of Agriculture and Consumer Services pursuant to subparagraphs 3., ~~and~~ 4., and 5. or pursuant to any rule adopted pursuant to subparagraph 2. are confidential and exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution. Upon request, records made confidential and exempt pursuant to this subparagraph shall be released to the department or any water management district provided that the confidentiality specified by this subparagraph for such records is maintained.

7.6. ~~The provisions of~~ Subparagraphs 1. and 2. do not preclude the department or water management district from requiring compliance with water quality standards or with current best management practice requirements ~~set forth~~ in any applicable regulatory program authorized by law for the purpose of protecting water quality. Additionally, subparagraphs 1. and 2. are applicable only to the extent that they do not conflict with any rules adopted by the department that are necessary to maintain a federally delegated or approved program.

(d) *Enforcement and verification of basin management action plans and management strategies.*—

1. Basin management action plans are enforceable pursuant to this section and ss. 403.121, 403.141, and 403.161. Management strategies, including best management practices and water quality monitoring, are enforceable under this chapter.

2. No later than January 1, 2017:

a. The department, in consultation with the water management districts and the Department of Agriculture and Consumer Services, shall initiate rulemaking to adopt procedures to verify implementation of water quality monitoring required in lieu of implementation of best management practices or other measures pursuant to sub-subparagraph (b)2.g.;

b. The department, in consultation with the water management districts and the Department of Agriculture and Consumer Services, shall initiate rulemaking to adopt procedures to verify implementation of nonagricultural interim measures, best management practices, or other measures adopted by rule pursuant to subparagraph (c)1.; and

c. The Department of Agriculture and Consumer Services, in consultation with the water management districts and the department, shall initiate rulemaking to adopt procedures to verify implementation of agricultural interim measures, best management practices, or other measures adopted by rule pursuant to subparagraph(c)2.

The rules required under this subparagraph shall include enforcement procedures applicable to the landowner, discharger, or other responsible person required to implement applicable management strategies, including best management practices or water quality monitoring as a result of noncompliance.

3. At least every 2 years, the Department of Agriculture and Consumer Services shall perform onsite inspections of each agricultural producer that enrolls in a best management practice to ensure that such practice is being properly implemented. Such verification must include a collection and review of the best management practice documentation from the previous 2 years required by rules adopted pursuant to subparagraph (c)2., including, but not limited to, nitrogen and phosphorus fertilizer application records, which must be collected and retained pursuant to subparagraphs (c)3., 4., and 6. The Department of Agriculture and Consumer Services shall initially prioritize the inspection of agricultural producers located in the basin management action plans for Lake Okeechobee, the Indian River Lagoon, the Caloosahatchee River and Estuary, and Silver Springs.

(e) Cooperative agricultural regional water quality improvement element.—

1. The department, the Department of Agriculture and Consumer Services, and owners of agricultural operations in the basin shall develop a cooperative agricultural regional water quality improvement element as part of a basin management action plan only if:

a. Agricultural measures have been adopted by the Department of Agriculture and Consumer Services pursuant to subparagraph (c)2. and have been implemented and the waterbody remains impaired;

b. Agricultural nonpoint sources contribute to at least 20 percent of nonpoint source nutrient discharges; and

c. The department determines that additional measures, in combination with state-sponsored regional projects and other management strategies included in the basin management action plan, are necessary to achieve the total maximum daily load.

2. The element will be implemented through the use of cost-sharing projects. The element must include cost-effective and technically and financially practical cooperative regional agricultural nutrient reduction projects that can be implemented on private properties on a site-specific, cooperative basis. Such cooperative regional agricultural nutrient reduction projects may include land acquisition in fee or conservation easements on the lands of willing sellers and site-specific water quality improvement or dispersed water management projects on the lands of project participants.

3. To qualify for participation in the cooperative agricultural regional water quality improvement element, the participant must have already implemented and be in compliance with best management practices or other measures adopted by the Department of Agriculture and Consumer Services pursuant to subparagraph (c)2. The element may be included in the basin management action plan as a part of the next 5-year assessment under subparagraph (a)6.

4. The department may submit a legislative budget request to fund projects developed pursuant to this paragraph. In allocating funds for projects funded pursuant to this paragraph, the department shall provide at least 20 percent of its annual appropriation for projects in sub-basins with the highest nutrient concentrations within a basin management action plan.

(f) Data collection and research.—

1. The Department of Agriculture and Consumer Services, in cooperation with the University of Florida Institute of Food and Agricultural Sciences and other state universities and Florida College System institutions that have agricultural research programs, shall annually develop research plans and legislative budget requests to:

a. Evaluate and suggest enhancements to the existing adopted agricultural best management practices to reduce nutrient runoff;

b. Develop new best management practices that, if proven effective, the Department of Agriculture and Consumer Services may adopt by rule pursuant to subparagraph (c)2.; and

c. Develop agricultural nutrient runoff reduction projects that willing participants could implement on a site-specific, cooperative basis, in addition to best management practices. The department may consider these projects for inclusion in a basin management action plan. These nutrient runoff reduction projects must reduce the nutrient impacts from agricultural operations on water quality when evaluated with the projects and management strategies currently included in the basin management action plan.

2. To be considered for funding, the University of Florida Institute of Food and Agricultural Sciences and other state universities and Florida College System institutions that have agricultural research programs must submit such plans to the department and the Department of Agriculture and Consumer Services by August 1, 2021, and each May 1 thereafter.

3. The department shall work with the University of Florida Institute of Food and Agricultural Sciences and regulated entities to consider the adoption by rule of best management practices for nutrient impacts from golf courses. Such adopted best management practices are subject to the requirements of paragraph (c).

Section 14. Section 403.0671, Florida Statutes, is created to read:

403.0671 Basin management action plan wastewater reports.—

(1) By July 1, 2021, the department, in coordination with the county health departments, wastewater treatment facilities, and other governmental entities, shall submit a report to the Governor, the President of the Senate, and the Speaker of the House of Representatives evaluating the costs of wastewater projects identified in the basin management action plans developed pursuant to ss. 373.807 and 403.067(7) and the onsite sewage treatment and disposal system remediation plans and other restoration plans developed to meet the total maximum daily loads required under s. 403.067. The report must include:

(a) Projects to:

1. Replace onsite sewage treatment and disposal systems with enhanced nutrient-reducing onsite sewage treatment and disposal systems.

2. Install or retrofit onsite sewage treatment and disposal systems with enhanced nutrient-reducing technologies.

3. Construct, upgrade, or expand domestic wastewater treatment facilities to meet the wastewater treatment plan required under s. 403.067(7)(a)9.

4. Connect onsite sewage treatment and disposal systems to domestic wastewater treatment facilities;

(b) The estimated costs, nutrient load reduction estimates, and other benefits of each project;

(c) The estimated implementation timeline for each project;

(d) A proposed 5-year funding plan for each project and the source and amount of financial assistance the department, a water management district, or other project partner will make available to fund the project; and

(e) The projected costs of installing enhanced nutrient-reducing onsite sewage treatment and disposal systems on buildable lots in priority focus areas to comply with s. 373.811.

(2) By July 1, 2021, the department shall submit a report to the Governor, the President of the Senate, and the Speaker of the House of Representatives that provides an assessment of the water quality monitoring being conducted for each basin management action plan implementing a nutrient total maximum daily load. In developing the report, the department may coordinate with water management districts and any applicable university. The report must:

(a) Evaluate the water quality monitoring prescribed for each basin management action plan to determine if it is sufficient to detect changes in water quality caused by the implementation of a project.

(b) Identify gaps in water quality monitoring.

(c) *Recommend water quality monitoring needs.*

(3) *Beginning January 1, 2022, and each January 1 thereafter, the department shall submit to the Office of Economic and Demographic Research the cost estimates for projects required in s. 403.067(7)(a)9. The office shall include the project cost estimates in its annual assessment conducted pursuant to s. 403.928.*

Section 15. Section 403.0673, Florida Statutes, is created to read:

403.0673 *Wastewater grant program.—A wastewater grant program is established within the Department of Environmental Protection.*

(1) *Subject to the appropriation of funds by the Legislature, the department may provide grants for the following projects within a basin management action plan, an alternative restoration plan adopted by final order, or a rural area of opportunity under s. 288.0656 which will individually or collectively reduce excess nutrient pollution:*

(a) *Projects to retrofit onsite sewage treatment and disposal systems to upgrade such systems to enhanced nutrient-reducing onsite sewage treatment and disposal systems.*

(b) *Projects to construct, upgrade, or expand facilities to provide advanced waste treatment, as defined in s. 403.086(4).*

(c) *Projects to connect onsite sewage treatment and disposal systems to central sewer facilities.*

(2) *In allocating such funds, priority must be given to projects that subsidize the connection of onsite sewage treatment and disposal systems to wastewater treatment facilities. First priority must be given to subsidize the connection of onsite sewage treatment and disposal systems to existing infrastructure. Second priority must be given to any expansion of a collection or transmission system that promotes efficiency by planning the installation of wastewater transmission facilities to be constructed concurrently with other construction projects occurring within or along a transportation facility right-of-way. Third priority must be given to all other connections of onsite sewage treatment and disposal systems to wastewater treatment facilities. The department shall consider the estimated reduction in nutrient load per project; project readiness; the cost-effectiveness of the project; the overall environmental benefit of a project; the location of a project; the availability of local matching funds; and projected water savings or quantity improvements associated with a project.*

(3) *Each grant for a project described in subsection (1) must require a minimum of a 50 percent local match of funds. However, the department may, at its discretion, waive, in whole or in part, this consideration of the local contribution for proposed projects within an area designated as a rural area of opportunity under s. 288.0656.*

(4) *The department shall coordinate with each water management district, as necessary, to identify grant recipients in each district.*

(5) *Beginning January 1, 2021, and each January 1 thereafter, the department shall submit a report regarding the projects funded pursuant to this section to the Governor, the President of the Senate, and the Speaker of the House of Representatives.*

Section 16. Section 403.0855, Florida Statutes, is created to read:

403.0855 *Biosolids management.—*

(1) *The Legislature finds that it is in the best interest of this state to regulate biosolids management in order to minimize the migration of nutrients that impair water bodies. The Legislature further finds that permitting according to site-specific application conditions, an increased inspection rate, groundwater and surface water monitoring protocols, and nutrient management research will improve biosolids management and assist in protecting this state's water resources and water quality.*

(2) *The department shall adopt rules for biosolids management. Rules adopted by the department pursuant to this section may not take effect until ratified by the Legislature.*

(3) *For a new land application site permit or a permit renewal issued after July 1, 2020, the permittee of a biosolids land application site shall:*

(a) *Ensure a minimum unsaturated soil depth of 2 feet between the depth of biosolids placement and the water table level at the time the Class A or Class B biosolids are applied to the soil. Biosolids may not be applied on soils that have a seasonal high-water table less than 6 inches from the soil surface or within 6 inches of the intended depth of biosolids placement, unless a department-approved nutrient management plan and water quality monitoring plan provide reasonable assurances that the land application of biosolids at the site will not cause or contribute to a violation of the state's surface water quality standards or groundwater standards. As used in this subsection, the term "seasonal high water" means the elevation to which the ground and surface water may be expected to rise due to a normal wet season.*

(b) *Be enrolled in the Department of Agriculture and Consumer Service's best management practices program or be within an agricultural operation enrolled in the program for the applicable commodity type.*

(4) *All permits shall comply with the requirements of subsection (3) by July 1, 2022.*

(5) *New or renewed biosolids land application site or facility permits issued after July 1, 2020, must comply with this section and include a permit condition that requires the permit to be reopened to insert a compliance date of no later than 1 year after the effective date of the rules adopted pursuant to subsection (2). All permits must meet the requirements of the rules adopted pursuant to subsection (2) no later than 2 years after the effective date of such rules.*

(6) *A municipality or county may enforce or extend a local ordinance, regulation, resolution, rule, moratorium, or policy, any of which was adopted before November 1, 2019, relating to the land application of Class A or Class B biosolids until the ordinance, regulation, resolution, rule, moratorium, or policy is repealed by the municipality or county.*

Section 17. Present subsections (7) through (10) of section 403.086, Florida Statutes, are redesignated as subsections (8) through (11), respectively, subsections (1) and (2) are amended, and a new subsection (7) is added to that section, to read:

403.086 *Sewage disposal facilities; advanced and secondary waste treatment.—*

(1)(a) ~~Neither~~ *The Department of Health or any other state agency, county, special district, or municipality may not shall approve construction of any sewage disposal facilities for sanitary sewage disposal which do not provide for secondary waste treatment and, in addition thereto, advanced waste treatment as deemed necessary and ordered by the department.*

(b) *Sewage disposal No facilities for sanitary sewage disposal constructed after June 14, 1978, may not shall dispose of any wastes by deep well injection without providing for secondary waste treatment and, in addition thereto, advanced waste treatment deemed necessary by the department to protect adequately the beneficial use of the receiving waters.*

(c) ~~Notwithstanding any other provisions of this chapter or chapter 373, sewage disposal facilities for sanitary sewage disposal~~ *may not dispose of any wastes into Old Tampa Bay, Tampa Bay, Hillsborough Bay, Boca Ciega Bay, St. Joseph Sound, Clearwater Bay, Sarasota Bay, Little Sarasota Bay, Roberts Bay, Lemon Bay, or Charlotte Harbor Bay, or, beginning July 1, 2025, Indian River Lagoon, or into any river, stream, channel, canal, bay, bayou, sound, or other water tributary thereto, without providing advanced waste treatment, as defined in subsection (4), approved by the department. This paragraph does shall not apply to facilities which were permitted by February 1, 1987, and which discharge secondary treated effluent, followed by water hyacinth treatment, to tributaries of tributaries of the named waters; or to facilities permitted to discharge to the nontidally influenced portions of the Peace River.*

(d) *By December 31, 2020, the department, in consultation with the water management districts and sewage disposal facilities, shall submit to the Governor, the President of the Senate, and the Speaker of the House of Representatives a progress report on the status of upgrades made by each facility to meet the advanced waste treatment requirements under paragraph (c). The report must include a list of sewage disposal*

facilities required to upgrade to advanced waste treatment, the preliminary cost estimates for the upgrades, and a projected timeline of the dates by which the upgrades will begin and be completed and the date by which operations of the upgraded facility will begin.

(2) ~~All sewage disposal facilities for sanitary sewage disposal shall provide for secondary waste treatment, a power outage contingency plan that mitigates the impacts of power outages on the utility's collection system and pump stations, and, in addition thereto, advanced waste treatment as deemed necessary and ordered by the Department of Environmental Protection. Failure to conform is shall be punishable by a civil penalty of \$500 for each 24-hour day or fraction thereof that such failure is allowed to continue thereafter.~~

(7) *All sewage disposal facilities under subsection (2) which control a collection or transmission system of pipes and pumps to collect and transmit wastewater from domestic or industrial sources to the facility shall take steps to prevent sanitary sewer overflows or underground pipe leaks and ensure that collected wastewater reaches the facility for appropriate treatment. Facilities must use inflow and infiltration studies and leakage surveys to develop pipe assessment, repair, and replacement action plans with a 5-year planning horizon that comply with department rule to limit, reduce, and eliminate leaks, seepages, or inputs into wastewater treatment systems' underground pipes. The pipe assessment, repair, and replacement action plans must be reported to the department. The facility action plans must include information regarding the annual expenditures dedicated to the inflow and infiltration studies and the required replacement action plans; expenditures that are dedicated to pipe assessment, repair, and replacement; and expenditures designed to limit the presence of fats, roots, oils, and grease in the facility's collection system. The department shall adopt rules regarding the implementation of inflow and infiltration studies and leakage surveys; however, such rules may not fix or revise utility rates or budgets. A utility or an operating entity subject to this subsection and s. 403.061(14) may submit one report to comply with both requirements. Substantial compliance with this subsection is evidence in mitigation for the purposes of assessing penalties pursuant to ss. 403.121 and 403.141.*

Section 18. Present subsections (4) through (10) of section 403.087, Florida Statutes, are redesignated as subsections (5) through (11), respectively, and a new subsection (4) is added to that section, to read:

403.087 Permits; general issuance; denial; revocation; prohibition; penalty.—

(4) *The department shall issue an operation permit for a domestic wastewater treatment facility other than a facility regulated under the National Pollutant Discharge Elimination System Program under s. 403.0885 for a term of up to 10 years if the facility is meeting the stated goals in its action plan adopted pursuant to s. 403.086(7).*

Section 19. Present subsections (3) and (4) of section 403.088, Florida Statutes, are redesignated as subsections (4) and (5), respectively, paragraph (c) of subsection (2) is amended, and a new subsection (3) is added to that section, to read:

403.088 Water pollution operation permits; conditions.—

(2)

(c) A permit shall:

1. Specify the manner, nature, volume, and frequency of the discharge permitted;

2. Require proper operation and maintenance of any pollution abatement facility by qualified personnel in accordance with standards established by the department;

3. *Require a deliberate, proactive approach to investigating or surveying a significant percentage of the domestic wastewater collection system throughout the duration of the permit to determine pipe integrity, which must be accomplished in an economically feasible manner. The permittee shall submit an annual report to the department which details facility revenues and expenditures in a manner prescribed by department rule. The report must detail any deviation of annual expenditures from identified system needs related to inflow and infiltration studies; model plans for pipe assessment, repair, and replacement; and pipe assessment, repair, and replacement required under s. 403.086(7). Sub-*

stantial compliance with this subsection is evidence in mitigation for the purposes of assessing penalties pursuant to ss. 403.121 and 403.141;

4.3. Contain such additional conditions, requirements, and restrictions as the department deems necessary to preserve and protect the quality of the receiving waters;

5.4. Be valid for the period of time specified therein; and

6.5. Constitute the state National Pollutant Discharge Elimination System permit when issued pursuant to the authority in s. 403.0885.

(3) *No later than March 1 of each year, the department shall submit a report to the Governor, the President of the Senate, and the Speaker of the House of Representatives which identifies all domestic wastewater treatment facilities that experienced a sanitary sewer overflow in the preceding calendar year. The report must identify the name of the utility or responsible operating entity, permitted capacity in annual average gallons per day, number of overflows, type of water discharged, total volume of sewage released, and, to the extent known and available, volume of sewage recovered, volume of sewage discharged to surface waters, and cause of the sanitary sewer overflow, including whether the overflow was caused by a third party. The department shall include with this report the annual report specified under subparagraph (2)(c)3. for each utility that experienced an overflow.*

Section 20. Subsection (6) of section 403.0891, Florida Statutes, is amended to read:

403.0891 State, regional, and local stormwater management plans and programs.—The department, the water management districts, and local governments shall have the responsibility for the development of mutually compatible stormwater management programs.

(6) The department and the Department of Economic Opportunity, in cooperation with local governments in the coastal zone, shall develop a model stormwater management program that could be adopted by local governments. *The model program must contain model ordinances that target nutrient reduction practices and use green infrastructure. The model program shall contain dedicated funding options, including a stormwater utility fee system based upon an equitable unit cost approach. Funding options shall be designed to generate capital to retrofit existing stormwater management systems, build new treatment systems, operate facilities, and maintain and service debt.*

Section 21. Paragraphs (b) and (g) of subsection (2), paragraph (b) of subsection (3), and subsections (8) and (9) of section 403.121, Florida Statutes, are amended to read:

403.121 Enforcement; procedure; remedies.—The department shall have the following judicial and administrative remedies available to it for violations of this chapter, as specified in s. 403.161(1).

(2) Administrative remedies:

(b) If the department has reason to believe a violation has occurred, it may institute an administrative proceeding to order the prevention, abatement, or control of the conditions creating the violation or other appropriate corrective action. Except for violations involving hazardous wastes, asbestos, or underground injection, the department shall proceed administratively in all cases in which the department seeks administrative penalties that do not exceed \$50,000 ~~\$10,000~~ per assessment as calculated in accordance with subsections (3), (4), (5), (6), and (7). Pursuant to 42 U.S.C. s. 300g-2, the administrative penalty assessed pursuant to subsection (3), subsection (4), or subsection (5) against a public water system serving a population of more than 10,000 ~~may not shall be not~~ less than \$1,000 per day per violation. The department ~~may shall~~ not impose administrative penalties in excess of \$50,000 ~~\$10,000~~ in a notice of violation. The department ~~may shall~~ not have more than one notice of violation seeking administrative penalties pending against the same party at the same time unless the violations occurred at a different site or the violations were discovered by the department subsequent to the filing of a previous notice of violation.

(g) ~~This subsection does not prevent Nothing herein shall be construed as preventing~~ any other legal or administrative action in accordance with law ~~and does not. Nothing in this subsection shall~~ limit the department's authority provided in s. ss. 403.131, s. 403.141, and this section to judicially pursue injunctive relief. When the department

exercises its authority to judicially pursue injunctive relief, penalties in any amount up to the statutory maximum sought by the department must be pursued as part of the state court action and not by initiating a separate administrative proceeding. The department retains the authority to judicially pursue penalties in excess of \$50,000 ~~\$10,000~~ for violations not specifically included in the administrative penalty schedule, or for multiple or multiday violations alleged to exceed a total of \$50,000 ~~\$10,000~~. The department also retains the authority provided in ss. 403.131, 403.141, and this section to judicially pursue injunctive relief and damages, if a notice of violation seeking the imposition of administrative penalties has not been issued. The department has the authority to enter into a settlement, ~~either~~ before or after initiating a notice of violation, and the settlement may include a penalty amount different from the administrative penalty schedule. Any case filed in state court because it is alleged to exceed a total of \$50,000 ~~\$10,000~~ in penalties may be settled in the court action for less than \$50,000 ~~\$10,000~~.

(3) Except for violations involving hazardous wastes, asbestos, or underground injection, administrative penalties must be calculated according to the following schedule:

(b) For failure to obtain a required wastewater permit, other than a permit required for surface water discharge, the department shall assess a penalty of \$2,000 ~~\$1,000~~. For a domestic or industrial wastewater violation not involving a surface water or groundwater quality violation, the department shall assess a penalty of \$4,000 ~~\$2,000~~ for an unpermitted or unauthorized discharge or effluent-limitation exceedance or for failure to comply with s. 403.061(14) or s. 403.086(7) or rules adopted thereunder. For an unpermitted or unauthorized discharge or effluent-limitation exceedance that resulted in a surface water or groundwater quality violation, the department shall assess a penalty of \$10,000 ~~\$5,000~~.

(8) The direct economic benefit gained by the violator from the violation, where consideration of economic benefit is provided by Florida law or required by federal law as part of a federally delegated or approved program, ~~must shall~~ be added to the scheduled administrative penalty. The total administrative penalty, including any economic benefit added to the scheduled administrative penalty, ~~may shall~~ not exceed \$10,000.

(9) The administrative penalties assessed for any particular violation ~~may shall~~ not exceed \$10,000 ~~\$5,000~~ against any one violator, unless the violator has a history of noncompliance, the economic benefit of the violation as described in subsection (8) exceeds \$10,000 ~~\$5,000~~, or there are multiday violations. The total administrative penalties ~~may shall~~ not exceed \$50,000 ~~\$10,000~~ per assessment for all violations attributable to a specific person in the notice of violation.

And the title is amended as follows:

Delete lines 17-247 and insert: leave upon the transfer; amending s. 373.036, F.S.; directing water management districts to submit consolidated annual reports to the Office of Economic and Demographic Research; requiring such reports to include connection and conversion projects for onsite sewage treatment and disposal systems; requiring the Department of Environmental Protection, in coordination with the water management districts, to conduct a study on the bottled water industry in this state; providing requirements for the study; requiring the department to submit a report containing the findings of the study to the Governor and the Legislature by a specified date; defining terms; amending s. 373.4131, F.S.; requiring the Department of Environmental Protection to include stormwater structural control inspections as part of its regular staff training; requiring the department and the water management districts to adopt rules regarding stormwater design and operation regulations by a specified date and address specified information as part of such rule development; requiring the department to review and evaluate data relating to self-certification and provide the Legislature with recommendations for improvements; amending s. 381.0065, F.S.; requiring the department to implement an approval process for the use of specified nutrient-reducing onsite sewage treatment and disposal systems by a specified date; defining the term "department" for the regulation of onsite sewage treatment and disposal systems; revising the duties of the department; requiring the Department of Environmental Protection to adopt rules relating to the location of onsite sewage treatment and disposal systems and complete such rulemaking by a specified date; providing requirements for such rules;

SENATOR MONTFORD PRESIDING

On motion by Senator Rodriguez—

CS for CS for SB 178—A bill to be entitled An act relating to public financing of construction projects; creating s. 161.551, F.S.; defining terms; prohibiting state-financed constructors from commencing construction of certain structures in coastal areas after a specified date without first taking certain steps regarding a sea level impact projection study; requiring the Department of Environmental Protection to develop by rule a standard for such studies; providing that such rule operates prospectively on projects that have not yet commenced as of the finalization of the rule; requiring the department to publish such studies on its website, subject to certain conditions; requiring the department to adopt rules; providing for enforcement; providing effective dates.

—was read the second time by title.

Pursuant to Rule 4.19, **CS for CS for SB 178** was placed on the calendar of Bills on Third Reading.

SB 510—A bill to be entitled An act relating to bail pending appellate review; amending s. 903.133, F.S.; prohibiting a court from granting bail to specified offenders pending review following a conviction for an offense requiring sexual offender or sexual predator registration if the victim was a minor; providing an effective date.

—was read the second time by title.

Pending further consideration of **SB 510**, pursuant to Rule 3.11(3), there being no objection, **CS for HB 333** was withdrawn from the Committees on Criminal Justice; Judiciary; and Rules.

On motion by Senator Wright—

CS for HB 333—A bill to be entitled An act relating to bail pending appellate review; amending s. 903.133, F.S.; prohibiting a court from granting bail to specified offenders pending review following a conviction for an offense requiring sexual offender or sexual predator registration if the victim was a minor; providing an effective date.

—a companion measure, was substituted for **SB 510** and read the second time by title.

Pursuant to Rule 4.19, **CS for HB 333** was placed on the calendar of Bills on Third Reading.

On motion by Senator Lee—

CS for CS for SB 1270—A bill to be entitled An act relating to the fiduciary duty of care for appointed public officials and executive officers; providing a directive to the Division of Law Revision to create part IX of ch. 112, F.S.; creating s. 112.89, F.S.; providing legislative findings and purpose; defining terms; establishing standards for the fiduciary duty of care for appointed public officials and executive officers of specified governmental entities; requiring training on board governance beginning on a specified date; requiring the Department of Business and Professional Regulation to contract for or approve such training programs or publish a list of approved training providers; specifying requirements for such training; authorizing training to be provided by in-house counsel for certain governmental entities; requiring appointed public officials and executive officers to certify their completion of the annual training; requiring the department to adopt rules; providing exceptions to the training requirement; specifying requirements for the appointment of executive officers and general counsels of governmental entities; specifying standards for legal counsel; providing an effective date.

—was read the second time by title.

Senator Lee moved the following amendment which was adopted:

Amendment 1 (765978)—Between lines 53 and 54 insert:

(d) “General counsel” means the chief legal counsel of a governmental entity to which an appointed public official or an executive officer is appointed or hired.

Pursuant to Rule 4.19, **CS for CS for SB 1270**, as amended, was ordered engrossed and then placed on the calendar of Bills on Third Reading.

Pursuant to Rule 7.1, there being no objection, consideration of the following late-filed amendments was allowed:

Senator Simmons moved the following amendments which were adopted:

Amendment 1 (962572) (with title amendment)—Delete lines 75-107 and insert:

(7)(6) “Tobacco products” includes:

(a) Loose tobacco leaves, and products made from tobacco leaves, in whole or in part, and cigarette wrappers, which can be used for smoking, sniffing, or chewing; and

(b) Any nicotine product or vapor-generating electronic device.

1. For the purposes of this paragraph, the term:

a. “Vapor-generating electronic device” means any product that employs an electronic, chemical, or mechanical means capable of producing vapor or aerosol from a nicotine product or any other substance, including, but not limited to, an electronic cigarette, electronic cigar, electronic cigarillo, electronic pipe, or other similar device or product; any replacement cartridge for such device; and any other container of nicotine in a solution or other substance form intended to be used with or within an electronic cigarette, an electronic cigar, an electronic cigarillo, an electronic pipe, a vape pen, an electronic hookah, or other similar device or product. The term includes any component, part, or accessory of the device and also includes any substance intended to be aerosolized or vaporized during the use of the device, whether or not the substance contains nicotine.

b. “Nicotine product” means any product that contains nicotine, including liquid nicotine, which is intended for human consumption, whether inhaled, chewed, absorbed, dissolved, or ingested by any means. The term includes vapor-generating electronic devices.

2. The terms “vapor-generating electronic device” and “nicotine product” do not include:

a. Tobacco products described in paragraph (a); or

b. Products regulated as a drug or device by the United States Food and Drug Administration under Chapter V of the Federal Food, Drug, and Cosmetic Act.

~~(7) “Any person under the age of 18” does not include any person under the age of 18 who:~~

~~(a) Has had his or her disability of nonage removed under chapter 743;~~

~~(b) Is in the military reserve or on active duty in the Armed Forces of the United States;~~

~~(c) Is otherwise emancipated by a court of competent jurisdiction and released from parental care and responsibility; or~~

~~(d) Is acting in his or her scope of lawful employment with an entity licensed under the provisions of chapter 210 or this chapter.~~

Section 4. Paragraphs (b) and (c) of subsection (1) and paragraph (a) of subsection (2) of section 569.003, Florida Statutes, are amended to read:

569.003 Retail tobacco products dealer permits; application; qualifications; fees; renewal; duplicates.—

(1)

(b) Application for a permit must be made on a form furnished by the division and must set forth the name under which the applicant transacts or intends to transact business, the address of the location of the applicant's place of business within the state, and any other information the division requires. If the applicant has or intends to have more than one place of business dealing in tobacco products within this state, a separate application must be made for each place of business. If the applicant is a firm or an association, the application must set forth the names and addresses of the persons constituting the firm or association; if the applicant is a corporation, the application must set forth the names and addresses of the principal officers of the corporation. The application must also set forth any other information prescribed by the division for the purpose of identifying the applicant firm, association, or corporation. The application must be signed and verified by oath or affirmation by the owner, if a sole proprietor, or, if the owner is a firm, association, or partnership, by the members or partners thereof, or, if the owner is a corporation, by an executive officer of the corporation or by any person authorized by the corporation to sign the application, together with the written evidence of this authority. The application for a permit to deal, at retail, in tobacco products described in s. 569.002(7)(a) must be accompanied by the annual permit fee prescribed by the division.

(c) Permits shall be issued annually, upon payment of the annual permit fee prescribed by the division. The division shall fix the fee for a permit to deal, at retail, in tobacco products described in s. 569.002(7)(a), in an amount sufficient to meet the costs incurred by it in carrying out its permitting, enforcement, and administrative responsibilities under this chapter, but the fee may not exceed \$50. The proceeds of the fee shall be deposited into the Alcoholic Beverage and Tobacco Trust Fund.

THE PRESIDENT PRESIDING

Pursuant to Rule 7.1, there being no objection, consideration of the following late-filed amendment was allowed:

Senator Lee moved the following amendment which was adopted:

Amendment 1 (148826) (with title amendment)—Delete lines 119-209 and insert:

Section 3. Section 339.287, Florida Statutes, is created to read:

339.287 Electric vehicle charging stations; infrastructure plan development.—

(1) *The Legislature finds that:*

(a) *Climate change may have significant impacts to this state which will require the development of avoidance, adaptation, and mitigation strategies to address these potential impacts on future state projects, plans, and programs;*

(b) *A significant portion of the carbon dioxide emissions in this state are produced by the transportation sector;*

(c) *Electric vehicles can help reduce these emissions, thereby helping to reduce the impact of climate change on this state;*

(d) *The use of electric vehicles for non-local driving requires adequate, reliable charging stations to address electric vehicle battery range limitations;*

(e) *Having adequate, reliable charging stations along the State Highway System will also help with evacuations during hurricanes or other disasters;*

(f) *Ensuring the prompt installation of adequate, reliable charging stations is in the public interest; and*

(g) *A recommended plan for electric vehicle charging station infrastructure should be established to address changes in the emerging electric vehicle market and necessary charging infrastructure.*

(2)(a) *The department shall coordinate, develop, and recommend a master plan for current and future plans for the development of electric vehicle charging station infrastructure along the State Highway System, as defined in s. 334.03(24). The department shall develop the recommended master plan and submit it to the Governor, the President of the Senate, and the Speaker of the House of Representatives by July 1, 2021. The plan must include recommendations for legislation and may include other recommendations as determined by the department.*

(b) *The department, in consultation with the Public Service Commission and the Office of Energy within the Department of Agriculture and Consumer Services, and any other public or private entities as necessary or appropriate, shall be primarily responsible for the following goals and objectives in developing the plan:*

1. *Identifying the types or characteristics of possible locations for electric vehicle charging station infrastructure along the State Highway System to support a supply of electric vehicle charging stations that will:*

a. *Accomplish the goals and objectives of this section;*

b. *Support both short-range and long-range electric vehicle travel;*

c. *Encourage the expansion of electric vehicle use in this state; and*

d. *Adequately serve evacuation routes in this state.*

2. *Identifying any barriers to the use of electric vehicles and electric vehicle charging station infrastructure both for short-range and long-range electric vehicle travel along the State Highway System.*

3. *Identifying an implementation strategy for expanding electric vehicle and charging station infrastructure use in this state.*

4. *Quantifying the loss of revenue to the State Transportation Trust Fund due to the current and projected future use of electric vehicles in this state and summarizing efforts of other states to address such revenue loss.*

(c) *The Public Service Commission, in consultation with the department and the Office of Energy within the Department of Agriculture and Consumer Services, and any other public or private entities as necessary or appropriate, shall be primarily responsible for the following goals and objectives in developing the plan:*

1. *Projecting the increase in the use of electric vehicles in this state over the next 20 years and determining how to ensure an adequate supply of reliable electric vehicle charging stations to support and encourage this growth in a manner supporting a competitive market with ample consumer choice.*

2. *Evaluating and comparing the types of electric vehicle charging stations available at present and which may become available in the future, including the technology and infrastructure incorporated in such stations, along with the circumstances within which each type of station and infrastructure is typically used, including fleet charging, for the purpose of identifying any advantages to developing particular types or uses of these stations.*

3. *Considering strategies to develop this supply of charging stations, including, but not limited to, methods of building partnerships with local governments, other state and federal entities, electric utilities, the business community, and the public in support of electric vehicle charging stations.*

4. *Identifying the type of regulatory structure necessary for the delivery of electricity to electric vehicles and charging station infrastructure, including competitive neutral policies and the participation of public utilities in the marketplace.*

(d) *The Public Service Commission, in consultation with the Office of Energy within the Department of Agriculture and Consumer Services, shall review emerging technologies in the electric and alternative vehicle market, including alternative fuel sources.*

(e) *The department, the Public Service Commission, and the Office of Energy within the Department of Agriculture and Consumer Services may agree to explore other issues deemed necessary or appropriate for purposes of the report required in paragraph (a).*

(f) *By December 1, 2020, the department shall file a status report with the Governor, the President of the Senate, and the Speaker of the House of Representatives containing any preliminary recommendations, including recommendations for legislation.*

And the title is amended as follows:

Delete lines 22-38 and insert: program; creating s. 339.287, F.S.; providing legislative findings; requiring the department to coordinate, develop, and recommend a master plan for the development of electric vehicle charging station infrastructure along the State Highway System; requiring the department to submit the plan to the Governor and the Legislature by a specified date; providing responsibilities for the department and the Public Service Commission, in consultation with specified entities, in developing the plan; providing the goals and objectives of the plan; requiring the commission, in consultation with specified entities, to review certain emerging technologies; authorizing the department, commission, and the Office of Energy within the Department of Agriculture and Consumer Services to explore other issues as necessary and appropriate; requiring the department to file a status report with

Amendment 1 (114166) (with title amendment)—Between lines 354 and 355 insert:

Section 2. Paragraph (d) of subsection (1) of section 499.012, Florida Statutes, is amended to read:

499.012 Permit application requirements.—

(1)

(d) A permit for a prescription drug manufacturer, prescription drug repackager, prescription drug wholesale distributor, limited prescription drug veterinary wholesale distributor, or retail pharmacy drug wholesale distributor may not be issued to the address of a health care entity or to a pharmacy licensed under chapter 465, except as provided in this paragraph. *The department may issue a prescription drug manufacturer permit to a nonembryonic stem cell bank that is licensed by the Agency for Health Care Administration pursuant to s. 400.991 and part II of chapter 408.* The department may issue a prescription drug manufacturer permit to an applicant at the same address as a licensed nuclear pharmacy, which is a health care entity, even if the nuclear pharmacy holds a special sterile compounding permit under chapter 465, for the purpose of manufacturing prescription drugs used in positron emission tomography or other radiopharmaceuticals, as listed in a rule adopted by the department pursuant to this paragraph. The purpose of this exemption is to assure availability of state-of-the-art pharmaceuticals that would pose a significant danger to the public health if manufactured at a separate establishment address from the nuclear pharmacy from which the prescription drugs are dispensed. The department may also issue a retail pharmacy drug wholesale distributor permit to the address of a community pharmacy licensed under chapter 465, even if the community pharmacy holds a special sterile compounding permit under chapter 465, as long as the community pharmacy does not meet the definition of a closed pharmacy in s. 499.003.

And the title is amended as follows:

Delete line 23 and insert: Regulation, to adopt specified rules; amending s. 499.012, F.S.; authorizing the Department of Business and Professional Regulation to issue a prescription drug manufacturer permit to a certain nonembryonic stem cell bank; providing an

CS for SB 702—A bill to be entitled An act relating to petroleum cleanup; amending s. 376.3071, F.S.; revising requirements for a limited contamination assessment report required to be provided by a property owner, operator, or person otherwise responsible for site rehabilitation to the Department of Environmental Protection under the Petroleum Cleanup Participation Program; amending s. 376.30713, F.S.; revising the contents of an advanced cleanup application to include a specified property owner or responsible party agreement; requiring an applicant to submit a scope of work after the department has accepted the applicant's advanced cleanup application; requiring the department to issue a purchase order for a certain contamination assessment; providing an effective date.

—was read the third time by title.

Pursuant to Rule 7.1, there being no objection, consideration of the following late-filed amendment was allowed:

Senator Flores moved the following amendment which was adopted by two-thirds vote:

Amendment 1 (834648) (with title amendment)—Delete lines 20-153 and insert:

Section 1. Paragraph (a) of subsection (2) and subsections (4) and (13) of section 376.3071, Florida Statutes, are amended, and paragraph (h) is added to subsection (1) and subsection (15) is added to that section, to read:

376.3071 Inland Protection Trust Fund; creation; purposes; funding.—

(1) FINDINGS.—In addition to the legislative findings set forth in s. 376.30, the Legislature finds and declares:

(h) *That Congress enacted the Energy Policy Act of 2005, amending the Clean Water Act, and that the state enacted the Renewable Fuels Standard, to establish a renewable fuel standard requiring the use of ethanol as an oxygenate additive for gasoline and biodiesel as an additive for ultra-low sulfur diesel fuel. An unintended consequence of the inclusion of ethanol in gasoline and biodiesel in diesel fuel has been to cause, and potentially cause, significant corrosion and other damage to storage tanks, piping, and storage tank system components regulated under this chapter. The Legislature further finds that storage tanks, piping, and storage tank system components have been found by the department in its equipment approval process to meet compatibility standards, however, these standards may have subsequently changed due to the introduction of ethanol and biodiesel. The state enacted secondary containment requirements before the mandated introduction of ethanol into gasoline and biodiesel into ultra-low sulfur diesel fuel. Therefore, owners and operators of petroleum storage facilities in the state that complied with the state's secondary containment requirements and installed approved equipment that may not have been evaluated for compatibility with ethanol and biodiesel, cross-contamination due to the storage of gasoline and diesel fuel, and the effects of condensation and minimal amounts of water in storage tanks are at a particular risk for having to repair or replace equipment or take other preventive measures in advance of the equipment's expected useful life in order to prevent releases or discharges of pollutants.*

(2) INTENT AND PURPOSE.—

(a) It is the intent of the Legislature to establish the Inland Protection Trust Fund to serve as a repository for funds which will enable the department to respond without delay to incidents of inland contamination, and damage or potential damage to storage tank systems caused by ethanol or biodiesel as described in subsection (15) which may result in such incidents, related to the storage of petroleum and petro-

leum products in order to protect the public health, safety, and welfare and to minimize environmental damage.

(4) USES.—Whenever, in its determination, incidents of inland contamination, or potential incidents as provided in subsection (15), related to the storage of petroleum or petroleum products may pose a threat to the public health, safety, or welfare, water resources, or the environment, the department shall obligate moneys available in the fund to provide for:

- (a) Prompt investigation and assessment of contamination sites.
- (b) Expeditious restoration or replacement of potable water supplies as provided in s. 376.30(3)(c)1.
- (c) Rehabilitation of contamination sites, which shall consist of cleanup of affected soil, groundwater, and inland surface waters, using the most cost-effective alternative that is technologically feasible and reliable and that provides adequate protection of the public health, safety, and welfare, and water resources, and that minimizes environmental damage, pursuant to the site selection and cleanup criteria established by the department under subsection (5), except that this paragraph does not authorize the department to obligate funds for payment of costs which may be associated with, but are not integral to, site rehabilitation, such as the cost for retrofitting or replacing petroleum storage systems.
- (d) Maintenance and monitoring of contamination sites.
- (e) Inspection and supervision of activities described in this subsection.
- (f) Payment of expenses incurred by the department in its efforts to obtain from responsible parties the payment or recovery of reasonable costs resulting from the activities described in this subsection.
- (g) Payment of any other reasonable costs of administration, including those administrative costs incurred by the Department of Health in providing field and laboratory services, toxicological risk assessment, and other assistance to the department in the investigation of drinking water contamination complaints and costs associated with public information and education activities.
- (h) Establishment and implementation of the compliance verification program as authorized in s. 376.303(1)(a), including contracting with local governments or state agencies to provide for the administration of such program through locally administered programs, to minimize the potential for further contamination sites.
- (i) Funding of the provisions of ss. 376.305(6) and 376.3072.
- (j) Activities related to removal and replacement of petroleum storage systems, if repair, replacement, or other preventive measures are authorized under subsection (15), or exclusive of costs of any tank, piping, dispensing unit, or related hardware, if soil removal is approved as a component of site rehabilitation and requires removal of the tank where remediation is conducted under this section, or if such activities were justified in an approved remedial action plan.
- (k) Reasonable costs of restoring property as nearly as practicable to the conditions which existed before activities associated with contamination assessment or remedial action taken under s. 376.303(4).
- (l) Repayment of loans to the fund.
- (m) Expenditure of sums from the fund to cover ineligible sites or costs as set forth in subsection (13), if the department in its discretion deems it necessary to do so. In such cases, the department may seek recovery and reimbursement of costs in the same manner and pursuant to the same procedures established for recovery and reimbursement of sums otherwise owed to or expended from the fund.
- (n) Payment of amounts payable under any service contract entered into by the department pursuant to s. 376.3075, subject to annual appropriation by the Legislature.
- (o) Petroleum remediation pursuant to this section throughout a state fiscal year. The department shall establish a process to uniformly encumber appropriated funds throughout a state fiscal year and shall

allow for emergencies and imminent threats to public health, safety, and welfare, water resources, and the environment as provided in paragraph (5)(a). This paragraph does not apply to appropriations associated with the free product recovery initiative provided in paragraph (5)(c) or the advanced cleanup program provided in s. 376.30713.

(p) Enforcement of this section and ss. 376.30-376.317 by the Fish and Wildlife Conservation Commission and the Department of Environmental Protection. The department shall ~~may~~ disburse moneys to the commission for such purpose.

(q) Payments for program deductibles, copayments, and limited contamination assessment reports that otherwise would be paid by another state agency for state-funded petroleum contamination site rehabilitation.

(r) *Payments for the repair or replacement of, or other preventive measures for, storage tanks, piping, or system components as provided in subsection (15). Such costs may include equipment, excavation, electrical work, and site restoration.*

The issuance of a site rehabilitation completion order pursuant to subsection (5) or paragraph (12)(b) for contamination eligible for programs funded by this section does not alter the project's eligibility for state-funded remediation if the department determines that site conditions are not protective of human health under actual or proposed circumstances of exposure under subsection (5). The Inland Protection Trust Fund may be used only to fund the activities in ss. 376.30-376.317 except ss. 376.3078 and 376.3079. Amounts on deposit in the fund in each fiscal year must first be applied or allocated for the payment of amounts payable by the department pursuant to paragraph (n) under a service contract entered into by the department pursuant to s. 376.3075 and appropriated in each year by the Legislature before making or providing for other disbursements from the fund. This subsection does not authorize the use of the fund for cleanup of contamination caused primarily by a discharge of solvents as defined in s. 206.9925(6), or polychlorinated biphenyls when their presence causes them to be hazardous wastes, except solvent contamination which is the result of chemical or physical breakdown of petroleum products and is otherwise eligible. Facilities used primarily for the storage of motor or diesel fuels as defined in ss. 206.01 and 206.86 are not excluded from eligibility pursuant to this section.

(13) PETROLEUM CLEANUP PARTICIPATION PROGRAM.—To encourage detection, reporting, and cleanup of contamination caused by discharges of petroleum or petroleum products, the department shall, within the guidelines established in this subsection, implement a ~~cost-sharing~~ cleanup program to provide rehabilitation funding assistance for all property contaminated by discharges of petroleum or petroleum products from a petroleum storage system occurring before January 1, 1995; ~~subject to a copayment provided for in a Petroleum Cleanup Participation Program site rehabilitation agreement.~~ Eligibility is subject to an annual appropriation from the fund. Additionally, funding for eligible sites is contingent upon annual appropriation in subsequent years. Such continued state funding is not an entitlement or a vested right under this subsection. Eligibility shall be determined in the program, notwithstanding any other provision of law, consent order, order, judgment, or ordinance to the contrary.

(a1). The department shall accept any discharge reporting form received before January 1, 1995, as an application for this program, and the facility owner or operator need not reapply.

2. Regardless of whether ownership has changed, owners or operators of property that is contaminated by petroleum or petroleum products from a petroleum storage system may apply for such program by filing a written report of the contamination incident, including evidence that such incident occurred before January 1, 1995, with the department. Incidents of petroleum contamination discovered after December 31, 1994, at sites which have not stored petroleum or petroleum products for consumption, use, or sale after such date shall be presumed to have occurred before January 1, 1995. An operator's filed report shall be an application of the owner for all purposes.

(b) Subject to annual appropriation from the fund, sites meeting the criteria of this subsection are eligible for up to \$400,000 of site rehabilitation funding assistance in priority order pursuant to subsections (5) and (6). Sites meeting the criteria of this subsection for which a site

rehabilitation completion order was issued before June 1, 2008, do not qualify for the 2008 increase in site rehabilitation funding assistance and are bound by the pre-June 1, 2008, limits. Sites meeting the criteria of this subsection for which a site rehabilitation completion order was not issued before June 1, 2008, regardless of whether they have previously transitioned to nonstate-funded cleanup status, may continue state-funded cleanup pursuant to this section until a site rehabilitation completion order is issued or the increased site rehabilitation funding assistance limit is reached, whichever occurs first. The department may not pay expenses incurred beyond the scope of an approved contract.

(c) The department may also approve supplemental funding of up to \$100,000 for additional remediation and monitoring if such remediation and monitoring is necessary to achieve a determination of "No Further Action."

(d) Upon notification by the department that rehabilitation funding assistance is available for the site pursuant to subsections (5) and (6), the property owner, operator, or person otherwise responsible for site rehabilitation shall provide the department with a limited contamination assessment report and shall enter into a Petroleum Cleanup Participation Program site rehabilitation agreement with the department. *The limited contamination assessment report must be sufficient to support the proposed course of action and to estimate the cost of the proposed course of action.* The agreement must provide for a 25-percent cost savings to the department, a copayment by the owner, operator, or person otherwise responsible for conducting site rehabilitation, or a combination of cost savings and a copayment. *Cost savings to the department may be demonstrated in the form of reduced rates by the proposed agency term contractor or the difference in cost associated with a Risk Management Options Level I closure versus a Risk Management Options Level II closure. For the purpose of this paragraph, the term:*

1. "Risk Management Options Level I" means a "No Further Action" closure without institutional controls or without institutional and engineering controls. This closure option applies subject to conditions in department rules and agreements.

2. "Risk Management Options Level II" means a "No Further Action" closure where institutional controls and, if appropriate, engineering controls apply if the controls are protective of human health, public safety, and the environment. This closure option applies subject to conditions in department rules and agreements. ~~The owner, operator, or person otherwise responsible for conducting site rehabilitation shall adequately demonstrate the ability to meet the copayment obligation. The limited contamination assessment report and the copayment costs may be reduced or eliminated if the owner and all operators responsible for restoration under s. 376.308 demonstrate that they cannot financially comply with the copayment and limited contamination assessment report requirements. The department shall take into consideration the owner's and operator's net worth in making the determination of financial ability. In the event the department and the owner, operator, or person otherwise responsible for site rehabilitation cannot complete negotiation of the cost sharing agreement within 120 days after beginning negotiations, the department shall terminate negotiations and the site shall be ineligible for state funding under this subsection and all liability protections provided for in this subsection shall be revoked.~~

(e) A report of a discharge made to the department by a person pursuant to this subsection or any rules adopted pursuant to this subsection may not be used directly as evidence of liability for such discharge in any civil or criminal trial arising out of the discharge.

(f) This subsection does not preclude the department from pursuing penalties under s. 403.141 for violations of any law or any rule, order, permit, registration, or certification adopted or issued by the department pursuant to its lawful authority.

(g) Upon the filing of a discharge reporting form under paragraph (a), the department or local government may not pursue any judicial or enforcement action to compel rehabilitation of the discharge. This paragraph does not prevent any such action with respect to discharges determined ineligible under this subsection or to sites for which rehabilitation funding assistance is available pursuant to subsections (5) and (6).

(h) The following are excluded from participation in the program:

1. Sites at which the department has been denied reasonable site access to implement this section.

2. Sites that were active facilities when owned or operated by the Federal Government.

3. Sites that are identified by the United States Environmental Protection Agency to be on, or which qualify for listing on, the National Priorities List under Superfund. This exception does not apply to those sites for which eligibility has been requested or granted as of the effective date of this act under the Early Detection Incentive Program established pursuant to s. 15, chapter 86-159, Laws of Florida.

4. Sites for which contamination is covered under the Early Detection Incentive Program, the Abandoned Tank Restoration Program, or the Petroleum Liability and Restoration Insurance Program, in which case site rehabilitation funding assistance shall continue under the respective program.

(15) *ETHANOL OR BIODIESEL DAMAGE; PREVENTIVE MEASURES.—The department shall pay, pursuant to this subsection, up to \$10 million each fiscal year from the fund for the costs of labor and equipment to repair or replace petroleum storage systems that may have been damaged due to the storage of fuels blended with ethanol or biodiesel, or for preventive measures to reduce the potential for such damage.*

(a) *A petroleum storage system owner or operator may request payment from the department for the repair or replacement of petroleum storage tanks, integral piping, or ancillary equipment that may have been damaged, or is subject to damage, by the storage of fuels blended with ethanol or biodiesel or for other preventive measures to ensure compatibility with ethanol or biodiesel in accordance with the following procedures:*

1. *The petroleum storage system owner or operator may submit a request for payment to the department along with the following information:*

a. *An affidavit from a petroleum storage system specialty contractor attesting to an opinion that the petroleum storage system may have been damaged as a result of the storage of fuel blended with ethanol or biodiesel or may not be compatible with fuels containing ethanol or biodiesel, or a combination of both. The affidavit must also include a proposal from the specialty contractor for repair or replacement of the equipment, or for the implementation of other preventive measures to reduce the probability of damage. If the specialty contractor proposes replacement of any equipment, the affidavit must include the reasons that repair or other preventive measures are not technically or economically feasible or practical.*

b. *Copies of any inspection reports, including photographs, prepared by the specialty contractor or department or local program inspectors documenting the damage or potential for damage to the petroleum storage system.*

c. *A proposal from the specialty contractor showing the proposed scope of the repair, replacement, or other preventive measures, including a detailed list of labor, equipment, and other associated costs. In the case of replacement or repair, the proposal must also include provisions for any preventive measures needed to prevent a recurrence of the damage, such as the use of corrosion inhibitors, the application of coatings compatible with ethanol or biodiesel, as appropriate, and the adoption of a maintenance plan.*

d. *For proposals to replace storage tanks or piping, a statement from a certified public accountant indicating the depreciated value of the tanks or piping proposed for replacement. Applications for such proposals must also include documentation of the age of the storage tank or piping. Historical tank registration records may be used to determine the age of the storage tank and piping. The depreciated value shall be the maximum allowable replacement cost for the storage tank and piping, exclusive of labor costs. For the purposes of this paragraph, tanks that are 20 years old or older are deemed to be fully depreciated and have no replacement value.*

2. The department shall review applications for completeness, accuracy, and the reasonableness of costs and scope of work. Within 30 days after receipt of an application, the department must approve or deny the application, propose modification to the application, or request additional information.

(b) If an application is approved, the department shall issue a purchase order to the petroleum storage system owner or operator. The purchase order shall:

1. Reflect a payment due to the owner for the cost of the scope of work approved by the department, less a deductible of 25 percent.

2. State that a payment is not due to the owner pursuant to the purchase order until the scope of work authorized by the department has been completed in substantial conformity with the purchase order.

3. Except for preventive maintenance contracts, specify that the work authorized in the purchase order must be substantially completed and paid for by the petroleum storage system owner or operator within 180 days after the date of the purchase order. After such time, the purchase order is void.

4. For preventive maintenance contracts, the department shall develop a maintenance completion and payment schedule for approved applicants. The failure of an owner or operator to meet scheduled payments shall invalidate the purchase order for all future payments due pursuant to the order.

(c)1. Except for maintenance contracts, the applicant may request that the department make payment following completion of the work authorized by the department, in accordance with the terms of the purchase order. The request must include a sufficient demonstration that the work has been completed in substantial compliance with the purchase order and that the costs have been fully paid. Upon such a showing, the department must issue the payment pursuant to the terms of the purchase order.

2. For maintenance contracts, the department must make periodic payments pursuant to the schedule specified in the purchase order upon satisfactory showing that maintenance work has been completed and costs have been paid by the owner or operator as specified in the purchase order.

(d) The department may develop forms to be used for application and payment procedures. Until such forms are developed, an applicant may submit the required information in any format, as long as the documentation is complete.

(e) The department may request the assistance of the Department of Management Services or a third-party administrator to assist in the administration of the application and payment process. Any costs associated with this administration shall be paid from the funds identified in this section.

(f) This subsection does not affect the obligations of facility owners or operators or petroleum storage system owners or operators to timely comply with department rules regarding the maintenance, replacement, and repair of petroleum storage systems in order to prevent a release or discharge of pollutants.

(g) Payments may not be made for the following:

1. Proposal costs or costs related to preparation of the application and required documentation;

2. Certified public accountant costs;

3. Except as provided in subsection (k), any costs in excess of the amount approved by the department under paragraph (b) or which are not in substantial compliance with the purchase order;

4. Costs associated with storage tanks, piping, or ancillary equipment that has previously been repaired or replaced for which costs have been paid under this section;

5. Facilities that are not in compliance with department storage tank rules, until the noncompliance issues have been resolved; or

6. Costs associated with damage to petroleum storage systems caused in whole or in part by causes other than the storage of fuels blended with ethanol or biodiesel.

(h) Applications may be submitted on a first-come, first-served basis. However, the department may not issue purchase orders unless funds remain for the current fiscal year.

(i) A petroleum storage system owner or operator may not receive more than \$200,000 annually for equipment replacement, repair, or preventive measures at any single facility, or \$500,000 annually in aggregate for all facilities owned or operated by the owner or operator it owns or operates.

(j) Owners or operators that have incurred costs for repair, replacement, or other preventive measures as described in this subsection during the period of July 1, 2015, through June 30, 2019, may apply to request payment for such costs from the department using the procedure in paragraphs (b), (c), and (d). The department may not disburse payment for approved applications for such work until all purchase orders for previously approved applications have been paid and unless funds remain available for the fiscal year. Such payment is subject to a deductible of 25 percent of the cost of the scope of work approved by the department under this paragraph.

(k) For new petroleum requirement registrations after July 1, 2019, the department shall only register equipment that meets applicable standards for compatibility for ethanol blends, biodiesel blends, and other alternative fuels that are likely to be stored in such systems.

And the title is amended as follows:

Delete lines 3-8 and insert: 376.3071, F.S.; providing legislative findings, declarations, and intent; authorizing the Department of Environmental Protection to use funds from the Inland Protection Trust Fund to pay for specified activities related to removal and replacement of petroleum storage systems; providing for petroleum storage system repair or replacement due to damage caused by ethanol or biodiesel and for preventive measures to reduce the potential for such damage; revising requirements for a limited contamination assessment report required to be provided by a property owner, an operator, or a person otherwise responsible for site rehabilitation to the Department of Environmental Protection under the Petroleum Cleanup Participation Program; providing requirements for requesting and receiving payments for such repair, replacement, and measures; providing construction; prohibiting payments for certain costs; limiting the payment amount a petroleum storage system owner or operator is eligible to receive annually; requiring the department, after a specified date, to only register storage system equipment that meets certain fuel standards; amending s.

HJR 877—A joint resolution proposing an amendment to Section 6 of Article VII and the creation of a new section in Article XII of the State Constitution to provide for the carryover of the homestead property tax discount for certain veterans with permanent combat-related disabilities to a veteran's surviving spouse if certain criteria are met, to authorize the transfer of the discount to a surviving spouse's new homestead property if certain criteria are met, and to provide an effective date.

Be It Resolved by the Legislature of the State of Florida:

That the following amendment to Section 6 of Article VII and the creation of a new section in Article XII of the State Constitution are agreed to and shall be submitted to the electors of this state for approval or rejection at the next general election or at an earlier special election specifically authorized by law for that purpose:

ARTICLE VII

FINANCE AND TAXATION

SECTION 6. Homestead exemptions.—

(a) Every person who has the legal or equitable title to real estate and maintains thereon the permanent residence of the owner, or another legally or naturally dependent upon the owner, shall be exempt from taxation thereon, except assessments for special benefits, up to the assessed valuation of twenty-five thousand dollars and, for all levies other than school district levies, on the assessed valuation greater than

fifty thousand dollars and up to seventy-five thousand dollars, upon establishment of right thereto in the manner prescribed by law. The real estate may be held by legal or equitable title, by the entireties, jointly, in common, as a condominium, or indirectly by stock ownership or membership representing the owner's or member's proprietary interest in a corporation owning a fee or a leasehold initially in excess of ninety-eight years. The exemption shall not apply with respect to any assessment roll until such roll is first determined to be in compliance with the provisions of section 4 by a state agency designated by general law. This exemption is repealed on the effective date of any amendment to this Article which provides for the assessment of homestead property at less than just value.

(b) Not more than one exemption shall be allowed any individual or family unit or with respect to any residential unit. No exemption shall exceed the value of the real estate assessable to the owner or, in case of ownership through stock or membership in a corporation, the value of the proportion which the interest in the corporation bears to the assessed value of the property.

(c) By general law and subject to conditions specified therein, the Legislature may provide to renters, who are permanent residents, ad valorem tax relief on all ad valorem tax levies. Such ad valorem tax relief shall be in the form and amount established by general law.

(d) The legislature may, by general law, allow counties or municipalities, for the purpose of their respective tax levies and subject to the provisions of general law, to grant either or both of the following additional homestead tax exemptions:

(1) An exemption not exceeding fifty thousand dollars to a person who has the legal or equitable title to real estate and maintains thereon the permanent residence of the owner, who has attained age sixty-five, and whose household income, as defined by general law, does not exceed twenty thousand dollars; or

(2) An exemption equal to the assessed value of the property to a person who has the legal or equitable title to real estate with a just value less than two hundred and fifty thousand dollars, as determined in the first tax year that the owner applies and is eligible for the exemption, and who has maintained thereon the permanent residence of the owner for not less than twenty-five years, who has attained age sixty-five, and whose household income does not exceed the income limitation prescribed in paragraph (1).

The general law must allow counties and municipalities to grant these additional exemptions, within the limits prescribed in this subsection, by ordinance adopted in the manner prescribed by general law, and must provide for the periodic adjustment of the income limitation prescribed in this subsection for changes in the cost of living.

(e)(1) Each veteran who is age 65 or older who is partially or totally permanently disabled shall receive a discount from the amount of the ad valorem tax otherwise owed on homestead property the veteran owns and resides in if the disability was combat related and the veteran was honorably discharged upon separation from military service. The discount shall be in a percentage equal to the percentage of the veteran's permanent, service-connected disability as determined by the United States Department of Veterans Affairs. To qualify for the discount granted by this ~~paragraph~~ subsection, an applicant must submit to the county property appraiser, by March 1, an official letter from the United States Department of Veterans Affairs stating the percentage of the veteran's service-connected disability and such evidence that reasonably identifies the disability as combat related and a copy of the veteran's honorable discharge. If the property appraiser denies the request for a discount, the appraiser must notify the applicant in writing of the reasons for the denial, and the veteran may reapply. The Legislature may, by general law, waive the annual application requirement in subsequent years.

(2) *If a veteran who receives the discount described in paragraph (1) predeceases his or her spouse, and if, upon the death of the veteran, the surviving spouse holds the legal or beneficial title to the homestead property and permanently resides thereon, the discount carries over to the surviving spouse until he or she remarries or sells or otherwise disposes of the homestead property. If the surviving spouse sells or otherwise disposes of the property, a discount not to exceed the dollar amount granted from the most recent ad valorem tax roll may be transferred to*

the surviving spouse's new homestead property, if used as his or her permanent residence and he or she has not remarried.

(3) This subsection is self-executing and does not require implementing legislation.

(f) By general law and subject to conditions and limitations specified therein, the Legislature may provide ad valorem tax relief equal to the total amount or a portion of the ad valorem tax otherwise owed on homestead property to:

(1) The surviving spouse of a veteran who died from service-connected causes while on active duty as a member of the United States Armed Forces.

(2) The surviving spouse of a first responder who died in the line of duty.

(3) A first responder who is totally and permanently disabled as a result of an injury or injuries sustained in the line of duty. Causal connection between a disability and service in the line of duty shall not be presumed but must be determined as provided by general law. For purposes of this paragraph, the term "disability" does not include a chronic condition or chronic disease, unless the injury sustained in the line of duty was the sole cause of the chronic condition or chronic disease.

As used in this subsection and as further defined by general law, the term "first responder" means a law enforcement officer, a correctional officer, a firefighter, an emergency medical technician, or a paramedic, and the term "in the line of duty" means arising out of and in the actual performance of duty required by employment as a first responder.

ARTICLE XII
SCHEDULE

Ad valorem tax discount for surviving spouses of certain permanently disabled veterans.—The amendment to Section 6 of Article VII, relating to the ad valorem tax discount for spouses of certain deceased veterans who had permanent, combat-related disabilities, and this section shall take effect January 1, 2021.

BE IT FURTHER RESOLVED that the following statement be placed on the ballot:

CONSTITUTIONAL AMENDMENT

ARTICLE VII, SECTION 6

ARTICLE XII

AD VALOREM TAX DISCOUNT FOR SPOUSES OF CERTAIN DECEASED VETERANS WHO HAD PERMANENT, COMBAT-RELATED DISABILITIES.—Provides that the homestead property tax discount for certain veterans with permanent combat-related disabilities carries over to such veteran's surviving spouse who holds legal or beneficial title to, and who permanently resides on, the homestead property, until he or she remarries or sells or otherwise disposes of the property. The discount may be transferred to a new homestead property of the surviving spouse under certain conditions. The amendment takes effect January 1, 2021.

PRAYER

The following prayer was offered by Pastor Tom Holdcraft, St. Stephen Lutheran Church, Tallahassee:

A reading from the Gospel of Luke:

“Jesus was praying in a certain place, and after he had finished, one of his disciples said to him, ‘Lord, teach us to pray, as John the Baptist taught his disciples to pray.’ Jesus said to them, ‘When you pray, say:

Father in heaven, hallowed be your name.
 Your kingdom come.
 Give us each day our daily bread.
 And forgive us our sins,
 For we ourselves forgive everyone indebted to us.
 And do not bring us to the time of trial.” (Luke 11:1-4)

Blessed are you, O Lord, our God. We pray today to give you thanks for all we have and to ask for presence and strength. We pray to beg you for mercy when we fail to be upright and ethical. We pray today for health and for peace in these days of fear regarding the spread of viruses that surprise even our brightest medical professionals. May we do our part to choose healthy living and behave in actions that increase the way of peace in our home and promote the love upon our neighbor

and community and the world. We pray today, aware of the awesome sign of your acceptance to let the created, us, speak to you. You are the artist allowing her painting to speak. You are the sculptor that allows his creation to communicate. You are the conductor who allows their music to inspire. May we speak and inspire. May our words inspire and our actions be those of mercy. We pray the words and deliberations of these Senators are ones that lift up others and speak truth in love.

Send your spirit to help the people in this chamber to stand for and on the side of the oppressed and speak against injustice—to be humble and yet bold to proclaim truth to power. Send your spirit, O God, upon each of us, so that we may proclaim your holy name from the mountain and draw up the marginalized and the forgotten—to have the wisdom to know when it is time to be silent and let the others speak. For when the others speak, behold, God’s word pours out from their lips. These voices of the marginalized and oppressed are “your kingdom come”—words to these elected to this place. And we pray, O Lord, that your spirit gives courage to the Florida Senate to forgive the debtors and to never be the ones opposed to your kingdom coming into the world. Amen.

PLEDGE

Senate Pages, Sophia Bostick of Seminole; Mary Beth Garrison of Fleming Island; and Shawneen Todd of Fort Walton Beach, led the Senate in the Pledge of Allegiance to the flag of the United States of America.

DOCTOR OF THE DAY

The President recognized Dr. Tra’Chella Foy of Jacksonville, sponsored by Senator Gibson, as the doctor of the day. Dr. Foy specializes in family medicine.

MOMENT OF SILENCE

At the request of Senator Rodriguez, the Senate observed a moment of silence in honor of Patrick Hidalgo, a Miami-Dade political organizer, who passed away on March 2, 2020.

By direction of the President, there being no objection, the Senate proceeded to—

Pursuant to Rule 7.1, there being no objection, consideration of the following late-filed amendment was allowed:

Senator Montford moved the following amendment which was adopted:

Amendment 1 (270070) (with title amendment)—Before line 28 insert:

Section 1. Section 712.065, Florida Statutes, is created to read:

712.065 Extinguishment of discriminatory restrictions.—

(1) *As used in this section, the term “discriminatory restriction” means a provision in a title transaction recorded in this state which restricts the ownership, occupancy, or use of any real property in this state by any natural person on the basis of a characteristic that has been held, or is held after the effective date of this act, by the United States Supreme Court or the Florida Supreme Court to be protected against discrimination under the Fourteenth Amendment to the United States Constitution or under s. 2, Art. I of the State Constitution, including race, color, national origin, religion, gender, or physical disability.*

(2) *A discriminatory restriction is not enforceable in this state, and all discriminatory restrictions contained in any title transaction recorded in this state are unlawful, are unenforceable, and are declared null and void. Any discriminatory restriction contained in a previously recorded title transaction is extinguished and severed from the recorded title transaction and the remainder of the title transaction remains enforceable and effective. The recording of any notice preserving or protecting interests or rights pursuant to s. 712.06 does not reimpose or preserve any discriminatory restriction that is extinguished under this section.*

(3) *Upon request of a parcel owner, a discriminatory restriction appearing in a covenant or restriction affecting the parcel may be removed from the covenant or restriction by an amendment approved by a majority vote of the board of directors of the respective property owners’ association or an owners’ association in which all owners may voluntarily join, notwithstanding any other requirements for approval of an amendment of the covenant or restriction. Unless the amendment also changes other provisions of the covenant or restriction, the recording of an amendment removing a discriminatory restriction does not constitute a title transaction occurring after the root of title for purposes of s. 712.03(4).*

Section 2. *The Division of Law Revision is directed to replace the phrase “the effective date of this act” wherever it occurs in this act with the date the act becomes a law.*

And the title is amended as follows:

Delete line 2 and insert: An act relating to housing discrimination; creating s. 712.065, F.S.; defining the term “discriminatory restriction”; providing that discriminatory restrictions are unlawful, unenforceable, and declared null and void; providing that certain discriminatory restrictions are extinguished and severed from recorded title transactions; specifying that the recording of certain notices does not reimpose or preserve a discriminatory restriction; providing requirements for a parcel owner to remove a discriminatory restriction from a covenant or restriction; providing a directive to the Division of Law Revision; amending s.

Pursuant to Rule 4.19, **SB 374**, as amended, was ordered engrossed and then placed on the calendar of Bills on Third Reading.

THE PRESIDENT PRESIDING

Pursuant to Rule 7.1, there being no objection, consideration of the following late-filed amendment was allowed:

Senator Harrell moved the following amendment which was adopted:

Amendment 1 (401842) (with title amendment)—Delete lines 472-523 and insert:

maintain compliance with the following criteria:

(a) *The total number of beds per home within the facility may not exceed eight, with each resident having his or her own bedroom and bathroom. Each eight-bed home must be colocated on the same property with two other eight-bed homes and must serve individuals with severe maladaptive behaviors and co-occurring psychiatric diagnoses.*

(b) *A minimum of 16 beds within the facility must be designated for individuals with severe maladaptive behaviors who have been assessed using the Agency for Persons with Disabilities’ Global Behavioral Service Need Matrix with a score of at least Level 4 and up to Level 6, or assessed using the criteria deemed appropriate by the Agency for Health Care Administration regarding the need for a specialized placement in an intermediate care facility for the developmentally disabled.*

(c) *The applicant has not had a facility license denied, revoked, or suspended within the 36 months preceding the request for exemption.*

(d) *The applicant must have at least 10 years of experience serving individuals with severe maladaptive behaviors in the state.*

(e) *The applicant must implement a state-approved staff training curriculum and monitoring requirements specific to the individuals whose behaviors require higher intensity, frequency, and duration of services.*

(f) *The applicant must make available medical and nursing services 24 hours per day, 7 days per week.*

(g) *The applicant must demonstrate a history of using interventions that are least restrictive and that follow a behavioral hierarchy.*

(h) *The applicant must maintain a policy prohibiting the use of mechanical restraints.*

Section 7. Paragraph (o) is added to subsection (3) of section 408.036, Florida Statutes, to read:

408.036 Projects subject to review; exemptions.—

(3) EXEMPTIONS.—Upon request, the following projects are subject to exemption from subsection (1):

(o) *For a new intermediate care facility for the developmentally disabled as defined in s. 408.032 which has a total of 24 beds, comprising*

three eight-bed homes, for use by individuals exhibiting severe maladaptive behaviors and co-occurring psychiatric diagnoses requiring increased levels of behavioral, medical, and therapeutic oversight. The applicant must not have had a license denied, revoked, or suspended within the 36 months preceding the request for exemption and must have at least 10 years of experience serving individuals with severe maladaptive behaviors in this state. The agency may grant no more than three exemptions under this paragraph.

1. An exemption under this paragraph does not require a specific legislative appropriation.

2. An exemption under this paragraph terminates 18 months after the date of issuance unless the exemption holder has commenced construction. The agency shall monitor the progress of the holder of the certificate of exemption in meeting the timetable for project development specified in the application for exemption. The agency shall extend the timeframe for a project if the exemption holder demonstrates to the satisfaction of the agency that good-faith commencement of the project is being delayed by litigation or by governmental action or inaction with respect to regulations or permitting precluding commencement of the project.

3. This paragraph and subsection (6) of s. 400.962 are repealed July 1, 2022, unless reviewed and saved from repeal by the Legislature.

And the title is amended as follows:

Senator Hutson moved the following amendment:

Amendment 1 (440834) (with title amendment)—Delete everything after the enacting clause and insert:

Section 1. Section 15.21, Florida Statutes, is amended to read:

15.21 Initiative petitions; s. 3, Art. XI, State Constitution.—The Secretary of State shall immediately submit an initiative petition to the Attorney General ~~and to the Financial Impact Estimating Conference~~ if the sponsor has:

- (1) Registered as a political committee pursuant to s. 106.03;
- (2) Submitted the ballot title, substance, and text of the proposed revision or amendment to the Secretary of State pursuant to ss. 100.371 and 101.161; and
- (3) Obtained a letter from the Division of Elections confirming that the sponsor has submitted to the appropriate supervisors for verification, and the supervisors have verified, forms signed and dated equal to 25 ~~40~~ percent of the number of electors statewide ~~required by s. 3, Art. XI of the State Constitution~~ ~~and in one-half at least one-fourth~~ of the congressional districts of the state ~~required by s. 3, Art. XI of the State Constitution.~~

Section 2. Subsection (1) of section 16.061, Florida Statutes, is amended to read:

16.061 Initiative petitions.—

- (1) The Attorney General shall, within 30 days after receipt of a proposed revision or amendment to the State Constitution by initiative petition from the Secretary of State, petition the Supreme Court, requesting an advisory opinion regarding the compliance of the text of the

proposed amendment or revision with s. 3, Art. XI of the State Constitution, whether the proposed amendment is facially invalid under the United States Constitution, and the compliance of the proposed ballot title and substance with s. 101.161. The petition may enumerate any specific factual issues that the Attorney General believes would require a judicial determination.

Section 3. Subsections (3), (6), (11), (12), and (13) of section 100.371, Florida Statutes, are amended to read:

100.371 Initiatives; procedure for placement on ballot.—

(3)(a) A person may not collect signatures or initiative petitions for compensation unless the person is registered as a petition circulator with the Secretary of State.

(b) A citizen may challenge a petition circulator's registration under this section by filing a petition in circuit court. If the court finds that the respondent is not a registered petition circulator, the court may enjoin the respondent from collecting signatures or initiative petitions for compensation until she or he is lawfully registered.

(6) The division or the supervisor of elections shall make *hard copy* petition forms or *electronic portable document format* petition forms available to registered petition circulators. All such forms must contain information identifying the petition circulator to which the forms are provided. The division shall maintain a database of all registered petition circulators and the petition forms assigned to each. Each supervisor of elections shall provide to the division information on petition forms assigned to and received from petition circulators. The information must be provided in a format and at times as required by the division by rule. The division must update information on petition forms daily and make the information publicly available.

(11)(a) An initiative petition form circulated for signature may not be bundled with or attached to any other petition. Each signature shall be dated when made and shall be valid until the next February 1 occurring in an even-numbered year for the purpose of the amendment appearing on the ballot for the general election occurring in that same year for a period of 2 years following such date, provided all other requirements of law are met. The sponsor shall submit signed and dated forms to the supervisor of elections for the county of residence listed by the person signing the form for verification of the number of valid signatures obtained. If a signature on a petition is from a registered voter in another county, the supervisor shall notify the petition sponsor of the misfiled petition. The supervisor shall promptly verify the signatures within 60 ~~30~~ days after receipt of the petition forms and payment of a ~~the fee for the actual cost of signature verification incurred by the supervisor required by s. 99.097.~~ However, for petition forms submitted less than 60 days before February 1 of an even-numbered year, the supervisor shall promptly verify the signatures within 30 days after receipt of the form and payment of the fee for signature verification. The supervisor shall promptly record, in the manner prescribed by the Secretary of State, the date each form is received by the supervisor, and the date the signature on the form is verified as valid. The supervisor may verify that the signature on a form is valid only if:

1. ~~(a)~~ The form contains the original signature of the purported elector.

2. ~~(b)~~ The purported elector has accurately recorded on the form the date on which he or she signed the form.

3. ~~(c)~~ The form sets forth the purported elector's name, address, city, county, and voter registration number or date of birth.

4. ~~(d)~~ The purported elector is, at the time he or she signs the form and at the time the form is verified, a duly qualified and registered elector in the state.

5. The signature was obtained legally, including that if a paid petition circulator was used, the circulator was validly registered under subsection (3) when the signature was obtained.

The supervisor shall retain the signature forms for at least 1 year following the election in which the issue appeared on the ballot or until the division of Elections notifies the supervisors of elections that the committee that circulated the petition is no longer seeking to obtain ballot position.

(b) Each supervisor shall post the actual cost of signature verification on his or her website and may increase such cost, as necessary, on February 2 of each even-numbered year. The division shall also publish each county's current cost on its website. The division and each supervisor shall biennially review available technology aimed at reducing verification costs.

(c) On the last day of each month, or on the last day of each week from December 1 of an odd-numbered year through February 1 of the following year, each supervisor shall post on his or her website the aggregate number of verified valid signatures and the distribution of such signatures by congressional district for each proposed amendment proposed by initiative, along with the following information specific to the reporting period: the total number of signed petition forms received, the total number of signatures verified, the distribution of verified valid signatures by congressional district, and the total number of verified petition forms forwarded to the Secretary of State.

(12) The Secretary of State shall determine from the signatures verified by the supervisors of elections the total number of verified valid signatures and the distribution of such signatures by congressional districts, and the division shall post such information on its website at the same intervals specified in paragraph (11)(c). Upon a determination that the requisite number and distribution of valid signatures have been obtained, the secretary shall issue a certificate of ballot position for that proposed amendment and shall assign a designating number pursuant to s. 101.161.

(13)(a) At the same time the Secretary of State submits an initiative petition to the Attorney General pursuant to s. 15.21, the secretary shall submit a copy of the initiative petition to the Financial Impact Estimating Conference. Within 75 days after receipt of a proposed revision or amendment to the State Constitution by initiative petition from the Secretary of State, the Financial Impact Estimating Conference shall complete an analysis and financial impact statement to be placed on the ballot of the estimated increase or decrease in any revenues or costs to state or local governments, ~~estimated economic impact on the state and local economy,~~ and the overall impact to the state budget resulting from the proposed initiative. The 75-day time limit is tolled when the Legislature is in session. The Financial Impact Estimating Conference shall submit the financial impact statement to the Attorney General and Secretary of State.

(b) Immediately upon receipt of a proposed revision or amendment from the Secretary of State, the coordinator of the Office of Economic and Demographic Research shall contact the person identified as the sponsor to request an official list of all persons authorized to speak on behalf of the named sponsor and, if there is one, the sponsoring organization at meetings held by the Financial Impact Estimating Conference. All other persons shall be deemed interested parties or proponents or opponents of the initiative. The Financial Impact Estimating Conference shall provide an opportunity for any representatives of the sponsor, interested parties, proponents, or opponents of the initiative to submit information and may solicit information or analysis from any other entities or agencies, including the Office of Economic and Demographic Research.

(c) All meetings of the Financial Impact Estimating Conference shall be open to the public. The President of the Senate and the Speaker of the House of Representatives, jointly, shall be the sole judge for the interpretation, implementation, and enforcement of this subsection.

1. The Financial Impact Estimating Conference is established to review, analyze, and estimate the financial impact of amendments to or revisions of the State Constitution proposed by initiative. The Financial Impact Estimating Conference shall consist of four principals: one person from the Executive Office of the Governor; the coordinator of the Office of Economic and Demographic Research, or his or her designee; one person from the professional staff of the Senate; and one person from the professional staff of the House of Representatives. Each principal shall have appropriate fiscal expertise in the subject matter of the initiative. A Financial Impact Estimating Conference may be appointed for each initiative.

2. Principals of the Financial Impact Estimating Conference shall reach a consensus or majority concurrence on a clear and unambiguous financial impact statement, no more than 150 words in length, and immediately submit the statement to the Attorney General. Nothing in

this subsection prohibits the Financial Impact Estimating Conference from setting forth a range of potential impacts in the financial impact statement. Any financial impact statement that a court finds not to be in accordance with this section shall be remanded solely to the Financial Impact Estimating Conference for redrafting. The Financial Impact Estimating Conference shall redraft the financial impact statement within 15 days.

3. ~~If the members of the Financial Impact Estimating Conference are unable to agree on the statement required by this subsection, or if the Supreme Court has rejected the initial submission by the Financial Impact Estimating Conference and no redraft has been approved by the Supreme Court by 5 p.m. on the 75th day before the election, the following statement shall appear on the ballot pursuant to s. 101.161(1): "The financial impact of this measure, if any, has not been reasonably determined at this time."~~

(d) The financial impact statement must be separately contained and be set forth after the ballot summary as required in s. 101.161(1).

1. ~~If the financial impact statement projects a net estimates increased costs, decreased revenues, a negative impact on the state budget or local economy, or an indeterminate impact for any of these areas, the ballot must include the a statement required by s. 101.161(1)(b) indicating such estimated effect in bold font.~~

2. *If the financial impact statement projects a net positive impact on the state budget, the ballot must include the statement required by s. 101.161(1)(c).*

3. *If the financial impact statement estimates an indeterminate financial impact or if the members of the Financial Impact Estimating Conference are unable to agree on the statement required by this subsection, the ballot must include the statement required by s. 101.161(1)(d).*

(e)1. Any financial impact statement that the Supreme Court finds not to be in accordance with this subsection shall be remanded solely to the Financial Impact Estimating Conference for redrafting, provided the court's advisory opinion is rendered at least 75 days before the election at which the question of ratifying the amendment will be presented. The Financial Impact Estimating Conference shall prepare and adopt a revised financial impact statement no later than 5 p.m. on the 15th day after the date of the court's opinion.

2. If, by 5 p.m. on the 75th day before the election, the Supreme Court has not issued an advisory opinion on the initial financial impact statement prepared by the Financial Impact Estimating Conference for an initiative amendment that otherwise meets the legal requirements for ballot placement, the financial impact statement shall be deemed approved for placement on the ballot.

3. In addition to the financial impact statement required by this subsection, the Financial Impact Estimating Conference shall draft an initiative financial information statement. The initiative financial information statement should describe in greater detail than the financial impact statement any projected increase or decrease in revenues or costs that the state or local governments would likely experience ~~and the estimated economic impact on the state and local economy~~ if the ballot measure were approved. If appropriate, the initiative financial information statement may include both estimated dollar amounts and a description placing the estimated dollar amounts into context. The initiative financial information statement must include both a summary of not more than 500 words and additional detailed information that includes the assumptions that were made to develop the financial impacts, workpapers, and any other information deemed relevant by the Financial Impact Estimating Conference.

4. The Department of State shall have printed, and shall furnish to each supervisor of elections, a copy of the summary from the initiative financial information statements. The supervisors shall have the summary from the initiative financial information statements available at each polling place and at the main office of the supervisor of elections upon request.

5. The Secretary of State and the Office of Economic and Demographic Research shall make available on the Internet each initiative financial information statement in its entirety. In addition, each su-

ervisor of elections whose office has a website shall post the summary from each initiative financial information statement on the website. Each supervisor shall include a copy of each summary from the initiative financial information statements and the Internet addresses for the information statements on the Secretary of State's and the Office of Economic and Demographic Research's websites in the publication or mailing required by s. 101.20.

Section 4. Subsection (1) of section 101.161, Florida Statutes, is amended to read:

101.161 Referenda; ballots.—

(1) Whenever a constitutional amendment or other public measure is submitted to the vote of the people, a ballot summary of such amendment or other public measure shall be printed in clear and unambiguous language on the ballot after the list of candidates, followed by the word "yes" and also by the word "no," and shall be styled in such a manner that a "yes" vote will indicate approval of the proposal and a "no" vote will indicate rejection. The ballot summary of the amendment or other public measure and the ballot title to appear on the ballot shall be embodied in the constitutional revision commission proposal, constitutional convention proposal, taxation and budget reform commission proposal, or enabling resolution or ordinance. The ballot summary of the amendment or other public measure shall be an explanatory statement, not exceeding 75 words in length, of the chief purpose of the measure. In addition, for every constitutional amendment proposed by initiative, the ballot shall include, following the ballot summary, *in the following order:*

(a) A separate financial impact statement concerning the measure prepared by the Financial Impact Estimating Conference in accordance with s. 100.371(13) ~~s. 100.371(5).~~

(b) *If the financial impact statement projects a net negative impact on the state budget, the following statement in bold print:*

THIS PROPOSED CONSTITUTIONAL AMENDMENT IS ESTIMATED TO HAVE A NET NEGATIVE IMPACT ON THE STATE BUDGET. THIS IMPACT MAY RESULT IN HIGHER TAXES OR A LOSS OF GOVERNMENT SERVICES IN ORDER TO MAINTAIN A BALANCED STATE BUDGET AS REQUIRED BY THE CONSTITUTION.

(c) *If the financial impact statement projects a net positive impact on the state budget, the following statement in bold print:*

THIS PROPOSED CONSTITUTIONAL AMENDMENT IS ESTIMATED TO HAVE A NET POSITIVE IMPACT ON THE STATE BUDGET. THIS IMPACT MAY RESULT IN GENERATING ADDITIONAL REVENUE OR LOWER OTHER TAXES.

(d) *If the financial impact statement is indeterminate or the members of the Financial Impact Estimating Conference are unable to agree on the financial impact statement, the following statement in bold print:*

THE FINANCIAL IMPACT OF THIS AMENDMENT CANNOT BE DETERMINED DUE TO AMBIGUITIES AND UNCERTAINTIES SURROUNDING THE AMENDMENT'S IMPACT.

The ballot title shall consist of a caption, not exceeding 15 words in length, by which the measure is commonly referred to or spoken of. This subsection does not apply to constitutional amendments or revisions proposed by joint resolution.

Section 5. Section 101.171, Florida Statutes, is amended to read:

101.171 Copy of constitutional amendment to be available at voting locations.—Whenever any amendment to the State Constitution is to be voted upon at any election, the Department of State shall have printed and shall furnish to each supervisor of elections a sufficient number of copies of the amendment either in poster or booklet form, and the supervisor shall ~~provide have~~ a copy in a designated area of each polling location as determined by the supervisor ~~thereof conspicuously posted or available at each polling room or early voting area upon the day of election.~~

Section 6. *This act does not require the Financial Impact Estimating Conference to amend or revise a financial impact statement that has*

been submitted to the Secretary of State before the effective date of this act. The provisions of this act, including the ballot requirements for certain disclosures and statements, apply to constitutional amendments proposed by initiative which are proposed for the 2020 general election and each election thereafter; provided, however, that nothing in this act affects the validity of any petition form gathered before the effective date of this act or any contract entered into before the effective date of this act. Petition forms gathered before the effective date of this act shall be governed by the laws existing at the time that the form was initially gathered.

Section 7. If any provision of this act or its application to any person or circumstance is held invalid for any reason, the remaining portion of this act, to the fullest extent possible, shall be severed from the void portion and given the fullest possible force and application.

Section 8. This act shall take effect upon becoming a law.

And the title is amended as follows:

Delete everything before the enacting clause and insert: A bill to be entitled An act relating to constitutional amendments; amending s. 15.21, F.S.; increasing the signature threshold at which the Secretary of State must transmit initiative petitions to the Attorney General for review; amending s. 16.061, F.S.; requiring the Attorney General to request the Supreme Court to address in an advisory opinion the facial validity of the proposed amendment under the United States Constitution; amending s. 100.371, F.S.; providing that a citizen may challenge in circuit court a petition circulator's registration with the Secretary of State; authorizing the Division of Elections or a supervisor of elections to provide petition forms in a certain electronic format; revising the length of time that a signature on a petition form is valid; revising the timeframe within which the supervisor must verify petition forms; requiring payment of the actual cost of signature verification on petition forms; requiring the supervisor to promptly verify signatures on petition forms under specified conditions; revising the circumstances under which a petition form is deemed valid; requiring the supervisor to post the actual cost amount for petition verification on his or her website; authorizing the supervisor to increase the actual cost amount biennially; requiring the division to post actual cost data for each county on its website; requiring the division and each supervisor to review technological options available to reduce verification costs and to post certain information on signature verification on their websites; requiring the Secretary of State to submit a copy of an initiative petition to the Financial Impact Estimating Conference; revising requirements for the Financial Impact Estimating Conference's analysis of a proposed initiative's economic impact; requiring certain ballot language based on the findings of the Financial Impact Estimating Conference; amending s. 101.161, F.S.; requiring that ballots containing constitutional amendments proposed by initiative include certain disclosures and statements, in a specified order; amending s. 101.171, F.S.; revising requirements regarding the availability of copies of constitutional amendments at polling locations; providing for applicability; providing for severability; providing an effective date.

Senator Hutson moved the following amendment to **Amendment 1 (440834)** which was adopted:

Amendment 1A (286640)—Delete lines 307-314 and insert:

(c)1. *If the financial impact statement projects a net positive impact on the state budget resulting in whole or in part from additional tax revenue, the following statement in bold print:*

THIS PROPOSED CONSTITUTIONAL AMENDMENT IS ESTIMATED TO HAVE A NET POSITIVE IMPACT ON THE STATE BUDGET. THIS IMPACT MAY RESULT IN GENERATING ADDITIONAL REVENUE OR AN INCREASE IN GOVERNMENT SERVICES.

2. *If the financial impact statement projects a net positive impact on the state budget for reasons other than those specified in subparagraph 1., the following statement in bold print:*

THIS PROPOSED CONSTITUTIONAL AMENDMENT IS ESTIMATED TO HAVE A NET POSITIVE IMPACT ON THE STATE BUDGET. THIS IMPACT MAY RESULT IN LOWER TAXES OR AN INCREASE IN GOVERNMENT SERVICES.

Senator Montford moved the following amendment:

Amendment 1 (964152) (with title amendment)—Delete lines 96-205 and insert:

cannabinoid, or for inhalation which ~~that~~ is derived from or contains hemp and which ~~that~~ does not contain other controlled substances. The term does not include synthetic CBD or seeds or seed-derived ingredients that are generally recognized as safe by the United States Food and Drug Administration.

(4) **FEDERAL APPROVAL.**—The department shall seek approval of the state plan for the regulation of the cultivation of hemp with the United States Secretary of Agriculture in accordance with 7 U.S.C. s. 1639p within 30 days after adopting rules. If the state plan is not approved by the United States Secretary of Agriculture, the Commissioner of Agriculture, in consultation with and with final approval from the Administration Commission, shall develop a recommendation to amend the state plan and submit the recommendation to the Legislature. *If revisions to the state plan may be made without statutory changes, the department, in consultation with and with final approval from the Administration Commission, must submit an amended plan to the United States Secretary of Agriculture.*

(7) DISTRIBUTION AND RETAIL SALE OF HEMP EXTRACT.—

(a) Hemp extract may only be distributed and sold in the state if the product:

~~1.(a)~~ Has a certificate of analysis prepared by an independent testing laboratory that states:

~~a.1.~~ The hemp extract is the product of a batch tested by the independent testing laboratory;

~~b.2.~~ The batch contained a total delta-9-tetrahydrocannabinol concentration that did not exceed 0.3 percent ~~on a dry-weight basis~~ pursuant to the testing of a random sample of the batch; and

~~c.3.~~ The batch does not contain contaminants unsafe for human consumption.

~~2.(b)~~ Is distributed or sold in a container ~~packaging~~ that includes:

~~a.1.~~ A scannable barcode or quick response code linked to the certificate of analysis of the hemp extract *batch* by an independent testing laboratory;

~~b.2.~~ The batch number;

~~c.3.~~ The Internet address of a website where batch information may be obtained;

~~d.4.~~ The expiration date; and

~~e.5.~~ The number of milligrams of *each marketed cannabinoid per serving* ~~hemp extract; and~~

~~6.~~ A statement that the product contains a total delta-9-tetrahydrocannabinol concentration that does not exceed 0.3 percent on a dry-weight basis.

(b) *Hemp extract distributed or sold in violation of this section shall be considered adulterated or misbranded pursuant to chapter 500, chapter 502, or chapter 580.*

(c) *Products that are intended for inhalation and contain hemp extract may not be sold in this state to a person who is under 21 years of age.*

(9) DEPARTMENT REPORTING.—The department shall submit monthly to the United States Secretary of Agriculture a report of the locations in the state where hemp is cultivated or has been cultivated within the past 3 calendar years. The report must include the contact information for each licensee and the total acreage of hemp planted, harvested, and, if applicable, disposed of by each licensee.

(11) ENFORCEMENT.—

(a) The department shall enforce this section.

(b) Every state attorney, sheriff, police officer, and other appropriate county or municipal officer shall enforce, or assist any agent of the department in enforcing, this section and rules adopted by the department.

(c) The department, or its agent, is authorized to enter any public or private premises during regular business hours in the performance of its duties relating to hemp cultivation.

(d) The department shall conduct random inspections, at least annually, of each licensee to ensure that only certified hemp seeds are being used and that hemp is being cultivated in compliance with this section. *The department may contract with entities to provide sample collection, laboratory testing, and disposal services to implement this section.*

(12) RULES.—~~By August 1, 2019,~~ The department, in consultation with the Department of Health and the Department of Business and Professional Regulation, shall initiate rulemaking to administer the state hemp program. The rules must provide for:

(a) A procedure that uses post-decarboxylation or other similarly reliable methods for testing the delta-9-tetrahydrocannabinol con-

centration of cultivated hemp. *The sample must be taken no more than 15 days before the anticipated harvest by a federal, state, local, or tribal law enforcement agency.*

(b) A procedure for the effective disposal of plants, whether growing or not, that are cultivated in violation of this section or department rules, and products derived from those plants.

(14) INDUSTRIAL HEMP ADVISORY COUNCIL.—An Industrial Hemp Advisory Council, an advisory council as defined in s. 20.03, is established to provide *information, advice, and expertise* to the department with respect to plans, policies, and procedures applicable to the administration of the state hemp program. *Notwithstanding ss. 377.6015 and 570.232, the Industrial Hemp Advisory Council is the sole advisory body to provide information, advice, and expertise related to the state hemp program to the department, and no other advisory body may be created for such purpose.*

And the title is amended as follows:

Delete lines 23-34 and insert: requiring samples to be taken within a specified timeframe before the anticipated harvest; providing that the Industrial Hemp Advisory Council is the sole advisory body to provide information, advice, and expertise regarding the program to the department; prohibiting the creation of other advisory bodies for such purpose; providing terms for advisory

(b) The department shall develop a strategic plan for fulfilling its mission and establish a set of measurable goals, objectives, performance standards *and metrics*, and quality assurance requirements to ensure that the department is accountable to the people of Florida. *Such goals shall, at a minimum, include those specified in s. 409.986(2).*

(5) COMMUNITY ALLIANCES.—

(b) The duties of the community alliance include, but are not limited to:

1. Joint planning for resource utilization in the community, including resources appropriated to the department and any funds that local funding sources choose to provide.

2. Needs assessment and establishment of community priorities for service delivery.

3. Determining community outcome goals to supplement state-required outcomes.

4. Serving as a catalyst for community resource development, *including, but not limited to, identifying existing programs and services delivered by and assistance available from community-based and faith-based organizations, and encouraging the development and availability of such programs, services, and assistance by such organizations. The community alliance shall ensure that the community-based care lead agency is aware of such programs, services, and assistance and work to facilitate the lead agency's appropriate use of these resources.*

5. Providing for community education and advocacy on issues related to delivery of services.

6. Promoting prevention and early intervention services.

(d) The ~~initial~~ membership of the community alliance in a county shall *at a minimum* be composed of the following:

1. A representative from the department.
2. A representative from county government.
3. A representative from the school district.
4. A representative from the county United Way.
5. A representative from the county sheriff's office.
6. A representative from the circuit court corresponding to the county.
7. A representative from the county children's board, if one exists.
8. *A representative of a faith-based organization involved in efforts to prevent child maltreatment, strengthen families, or promote adoption.*

(e) ~~At any time after the initial meeting of the community alliance,~~ The community alliance shall adopt bylaws and may increase the membership of the alliance to include the state attorney for the judicial circuit in which the community alliance is located, or his or her designee, the public defender for the judicial circuit in which the community alliance is located, or his or her designee, and Other individuals and organizations who represent funding organizations, are community leaders, have knowledge of community-based service issues, or otherwise represent perspectives that will enable them to accomplish the

duties listed in paragraph (b), if, in the judgment of the alliance, such change is necessary to adequately represent the diversity of the population within the community alliance service circuits.

Section 2. Section 39.3065, Florida Statutes, is amended to read:

39.3065 Sheriffs of certain counties to provide child protective investigative services; procedures; funding.—

(1) As described in this section, the department ~~of Children and Families~~ shall, by the end of fiscal year 1999-2000, transfer all responsibility for child protective investigations for Pinellas County, Manatee County, Broward County, and Pasco County to the sheriff of that county in which the child abuse, neglect, or abandonment is alleged to have occurred. Each sheriff is responsible for the provision of all child protective investigations in his or her county. Each individual who provides these services must complete the training provided to and required of protective investigators employed by the department ~~of Children and Families~~.

(2) During fiscal year 1998-1999, the department ~~of Children and Families~~ and each sheriff's office shall enter into a contract for the provision of these services. Funding for the services will be appropriated to the department ~~of Children and Families~~, and the department shall transfer to the respective sheriffs for the duration of fiscal year 1998-1999, funding for the investigative responsibilities assumed by the sheriffs, including federal funds that the provider is eligible for and agrees to earn and that portion of general revenue funds which is currently associated with the services that are being furnished under contract, and including, but not limited to, funding for all investigative, supervisory, and clerical positions; training; all associated equipment; furnishings; and other fixed capital items. The contract must specify whether the department will continue to perform part or none of the child protective investigations during the initial year. The sheriffs may either conduct the investigations themselves or may, in turn, subcontract with law enforcement officials or with properly trained employees of private agencies to conduct investigations related to neglect cases only. If such a subcontract is awarded, the sheriff must take full responsibility for any safety decision made by the subcontractor and must immediately respond with law enforcement staff to any situation that requires removal of a child due to a condition that poses an immediate threat to the child's life. The contract must specify whether the services are to be performed by departmental employees or by persons determined by the sheriff. During this initial year, the department is responsible for quality assurance, and the department retains the responsibility for the performance of all child protective investigations. The department must identify any barriers to transferring the entire responsibility for child protective services to the sheriffs' offices and must pursue avenues for removing any such barriers by means including, but not limited to, applying for federal waivers. By January 15, 1999, the department shall submit to the President of the Senate, the Speaker of the House of Representatives, and the chairs of the Senate and House committees that oversee departmental activities a report that describes any remaining barriers, including any that pertain to funding and related administrative issues. Unless the Legislature, on the basis of that report or other pertinent information, acts to block a transfer of the entire responsibility for child protective investigations to the sheriffs' offices, the sheriffs of Pasco County, Manatee County, Broward County, and Pinellas County, beginning in fiscal year 1999-2000, shall assume the entire responsibility for such services, as provided in subsection (3).

(3)(a) Beginning in fiscal year 1999-2000, the sheriffs of Pasco County, Manatee County, Broward County, and Pinellas County have the responsibility to provide all child protective investigations in their respective counties. Beginning in fiscal year 2000-2001, the department ~~of Children and Families~~ is authorized to enter into grant agreements with sheriffs of other counties to perform child protective investigations in their respective counties. *The sheriffs of other counties with which the department enters into grant agreements shall adopt the child welfare practice model, as periodically modified by the department, that is used by child protective investigators employed by the department.*

(b) The sheriffs shall operate, at a minimum, in accordance with the performance standards and outcome measures established by the Legislature for protective investigations conducted by the department ~~of Children and Families~~.

1. All sheriffs shall operate in accord with the same federal performance standards and metrics that are imposed by federal law, regulation, or funding requirements on child protective investigators employed by the department.

2. Sheriffs of other counties with which the department enters into grant agreements under paragraph (a) shall operate in accordance with the same child welfare practice model principles used by, and same state performance standards and metrics that are imposed on, child protective investigators employed by the department.

Each individual who provides these services must complete, at a minimum, the training provided to and required of protective investigators employed by the department of Children and Families.

(c) Funds for providing child protective investigations must be identified in the annual appropriation made to the department of Children and Families, which shall award grants for the full amount identified into the respective sheriffs' offices. Notwithstanding the provisions of ss. 216.181(16)(b) and 216.351, the department of Children and Families may advance payments to the sheriffs for child protective investigations. Funds for the child protective investigations may not be integrated into the sheriffs' regular budgets. Budgetary data and other data relating to the performance of child protective investigations must be maintained separately from all other records of the sheriffs' offices and reported to the department of Children and Families as specified in the grant agreement.

(d) The department and all sheriffs providing child protective investigative services shall collaborate to monitor program performance on an ongoing basis. The department and each sheriff, or his or her designee, shall meet at least quarterly to collaborate on federal and state quality assurance and quality improvement initiatives.

(e) The department shall conduct an annual evaluation of the program performance of all sheriffs providing child protective investigative services.

1. For the sheriffs of Pasco County, Manatee County, Broward County, and Pinellas County, the evaluation shall only be based on the same federal performance standards and metrics, and those state performance standards and metrics that are not specific to or based on the child welfare practice model, that are imposed on child protective investigators employed by the department.

2. For sheriffs of other counties with which the department enters into grant agreements under paragraph (a), this evaluation shall be based on the same child welfare practice model principles used by, and federal and state performance standards and metrics that are imposed on, child protective investigators employed by the department of Children and Families.

The program performance evaluation must be standardized statewide excepting state performance standards and metrics that are not specific to or based on the child welfare practice model not being applicable to certain sheriffs as provided in subparagraph (e)1. The department shall select random cases for evaluation. The program performance evaluation shall be conducted by a team of peer reviewers from the respective sheriffs' offices that perform child protective investigations and representatives from the department.

(f) The department of Children and Families shall produce submit an annual report regarding, at a minimum, quality performance quality, outcome-measure attainment, and cost efficiency of the services provided by all sheriffs providing child protective investigative services. The annual report shall include data and information on both the sheriffs' and the department's performance of protective investigations. The department shall submit the annual report to the President of the Senate, the Speaker of the House of Representatives, and to the Governor no later than November 1 January 31 of each year the sheriffs are receiving general appropriations to provide child protective investigations.

Section 3. Section 402.402, Florida Statutes, is amended to read:

402.402 Child protection and child welfare personnel; attorneys employed by the department.—

(1) CHILD PROTECTIVE INVESTIGATION PROFESSIONAL STAFF REQUIREMENTS.—The department is responsible for recruitment of qualified professional staff to serve as child protective investigators and child protective investigation supervisors. The department shall make every effort to recruit and hire persons qualified by their education and experience to perform social work functions. The department's efforts shall be guided by the goal that by July 1, 2019, at least half of all child protective investigators and supervisors will have a bachelor's degree or a master's degree in social work from a college or university social work program accredited by the Council on Social Work Education. The department, in collaboration with the lead agencies, subcontracted provider organizations, the Florida Institute for Child Welfare created pursuant to s. 1004.615, and other partners in the child welfare system, shall develop a protocol for screening candidates for child protective positions which reflects the preferences specified in paragraphs (a)-(f). The following persons shall be given preference in the recruitment of qualified professional staff, but the preferences serve only as guidance and do not limit the department's discretion to select the best available candidates:

(a) Individuals with baccalaureate degrees in social work and child protective investigation supervisors with master's degrees in social work from a college or university social work program accredited by the Council on Social Work Education.

(b) Individuals with baccalaureate or master's degrees in psychology, sociology, counseling, special education, education, human development, child development, family development, marriage and family therapy, and nursing.

(c) Individuals with baccalaureate degrees who have a combination of directly relevant work and volunteer experience, preferably in a public service field related to children's services, demonstrating critical thinking skills, formal assessment processes, communication skills, problem solving, and empathy; a commitment to helping children and families; a capacity to work as part of a team; an interest in continuous development of skills and knowledge; and personal strength and resilience to manage competing demands and handle workplace stresses.

(2) SPECIALIZED TRAINING.—All child protective investigators and child protective investigation supervisors employed by the department or a sheriff's office must complete specialized training either focused on serving a specific population, including, but not limited to, medically fragile children, sexually exploited children, children under 3 years of age, or families with a history of domestic violence, mental illness, or substance abuse, or focused on performing certain aspects of child protection practice, including, but not limited to, investigation techniques and analysis of family dynamics. The specialized training may be used to fulfill continuing education requirements under s. 402.40(3)(e). Individuals hired before July 1, 2014, shall complete the specialized training by June 30, 2016, and individuals hired on or after July 1, 2014, shall complete the specialized training within 2 years after hire. An individual may receive specialized training in multiple areas.

(3) STAFF SUPPORT.—The department shall implement policies and programs that mitigate and prevent the impact of secondary traumatic stress and burnout among child protective investigations staff, including, but not limited to:

(a) Initiatives to encourage and inspire child protective investigations staff, including recognizing their achievements on a recognition wall within their unit.

(b) Formal procedures for providing support to child protective investigations staff after a critical incident such as a child fatality.

(c) Initial training upon appointment to a supervisory position and annual continuing education for all supervisors on how to prevent secondary traumatic stress and burnout among the employees they supervise.

(d) Monitoring levels of secondary traumatic stress and burnout among individual employees and intervening as needed. The department shall closely monitor and respond to levels of secondary traumatic stress and burnout among employees during the first 2 years after hire.

(e) Ongoing training in self-care for all child protective investigations staff.

Such programs may also include, but are not limited, to formal peer counseling and support programs.

(4)(3) REPORT.—By each October 1, the department shall submit a report on the educational qualifications, turnover, *professional advancement*, and working conditions of the child protective investigators and supervisors to the Governor, the President of the Senate, and the Speaker of the House of Representatives.

(5)(4) ATTORNEYS EMPLOYED BY OR CONTRACTING WITH THE DEPARTMENT TO HANDLE CHILD WELFARE CASES.—Attorneys hired or contracted with on or after July 1, 2014, whose primary responsibility is representing the department in child welfare cases shall, within the first 6 months of employment, receive training in:

(a) The dependency court process, including the attorney's role in preparing and reviewing documents prepared for dependency court for accuracy and completeness.;

(b) Preparing and presenting child welfare cases, including at least 1 week shadowing an experienced children's legal services attorney preparing and presenting cases.;

(c) Safety assessment, safety decisionmaking tools, and safety plans.;

(d) Developing information presented by investigators and case managers to support decisionmaking in the best interest of children.;

(e) The experiences and techniques of case managers and investigators, including shadowing an experienced child protective investigator and an experienced case manager for at least 8 hours.

Section 4. Section 402.715, Florida Statutes, is created to read:

402.715 Office of Quality.—Subject to an appropriation, the department shall establish a department-wide Office of Quality to ensure that the department and its contracted service providers achieve high levels of performance. Duties of the office include, but are not limited to:

(1) *Identifying performance standards and metrics for the department and all contracted service providers, including, but not limited to, law enforcement agencies, managing entities, community-based care lead agencies, and attorney services. Such performance standards and metrics shall be reflected in the strategic plan required under s. 20.19(1). Performance standards and metrics for the child welfare system shall, at a minimum, incorporate measures used in the results-oriented accountability system under s. 409.997.*

(2) *Strengthening the department's data and analytic capabilities to identify systemic strengths and deficiencies.*

(3) *Recommending, in consultation with the relevant program office, initiatives to correct programmatic and systemic deficiencies.*

(4) *Engaging and collaborating with contractors, stakeholders, and other relevant entities to improve quality, efficiency, and effectiveness of department programs and services.*

(5) *Reporting systemic or persistent failures to meet performance standards and recommending corrective action to the secretary.*

Section 5. Section 402.7305, Florida Statutes, is amended to read:

402.7305 Department of Children and Families; procurement of contractual services; contract management.—

(1) DEFINITIONS.—As used in this section, the term:

(a) "Contract manager" means the department employee who is responsible for enforcing the compliance with administrative and programmatic terms and conditions of a contract. The contract manager is the primary point of contact through which all contracting information flows between the department and the contractor. The contract manager is responsible for day-to-day contract oversight, including approval of contract deliverables and invoices. All actions related to the contract shall be initiated by or coordinated with the contract manager. The contract manager maintains the official contract files.

(b) "Contract monitor" means the department employee who is responsible for observing, recording, and reporting to the contract manager and other designated entities the information necessary to assist the contract manager and program management in determining whether the contractor is in compliance with the administrative and programmatic terms and conditions of the contract.

(c) "Department" means the Department of Children and Families.

(d) "Outsourcing" means the process of contracting with an external service provider to provide a service, in whole or in part, while the department retains the responsibility and accountability for the service.

(2) PROCUREMENT OF COMMODITIES AND CONTRACTUAL SERVICES.—

(a) Notwithstanding s. 287.057(3)(e)12., if the department intends to contract with a public postsecondary institution to provide a service, the department must allow all public postsecondary institutions in this state that are accredited by the Southern Association of Colleges and Schools to bid on the contract. Thereafter, notwithstanding any other provision of law, if a public postsecondary institution intends to subcontract for any service awarded in the contract, the subcontracted service must be procured by competitive procedures.

(b) When it is in the best interest of a defined segment of its consumer population, the department may competitively procure and contract for systems of treatment or service that involve multiple providers, rather than procuring and contracting for treatment or services separately from each participating provider. The department must ensure that all providers that participate in the treatment or service system meet all applicable statutory, regulatory, service quality, and cost control requirements. If other governmental entities or units of special purpose government contribute matching funds to the support of a given system of treatment or service, the department shall formally request information from those funding entities in the procurement process and may take the information received into account in the selection process. If a local government contributes matching funds to support the system of treatment or contracted service and if the match constitutes at least 25 percent of the value of the contract, the department shall afford the governmental match contributor an opportunity to name an employee as one of the persons required by s. 287.057(16) to evaluate or negotiate certain contracts, unless the department sets forth in writing the reason why the inclusion would be contrary to the best interest of the state. Any employee so named by the governmental match contributor shall qualify as one of the persons required by s. 287.057(16). A governmental entity or unit of special purpose government may not name an employee as one of the persons required by s. 287.057(16) if it, or any of its political subdivisions, executive agencies, or special districts, intends to compete for the contract to be awarded. The governmental funding entity or contributor of matching funds must comply with all procurement procedures set forth in s. 287.057 when appropriate and required.

(c) The department may procure and contract for or provide assessment and case management services independently from treatment services.

(3) CONTRACT MANAGEMENT REQUIREMENTS AND PROCESS.—The Department of Children and Families shall review the time period for which the department executes contracts and shall execute multiyear contracts to make the most efficient use of the resources devoted to contract processing and execution. Whenever the department chooses not to use a multiyear contract, a justification for that decision must be contained in the contract. Notwithstanding s. 287.057(14), the department is responsible for establishing a contract management process that requires a member of the department's Senior Management or Selected Exempt Service to assign in writing the responsibility of a contract to a contract manager. The department shall maintain a set of procedures describing its contract management process which must minimally include the following requirements:

(a) The contract manager shall maintain the official contract file throughout the duration of the contract and for a period not less than 6 years after the termination of the contract.

(b) The contract manager shall review all invoices for compliance with the criteria and payment schedule provided for in the contract and

shall approve payment of all invoices before their transmission to the Department of Financial Services for payment.

(c) The contract manager shall maintain a schedule of payments and total amounts disbursed and shall periodically reconcile the records with the state's official accounting records.

(d) For contracts involving the provision of direct client services, the contract manager shall periodically visit the physical location where the services are delivered and speak directly to clients receiving the services and the staff responsible for delivering the services.

(e) The contract manager shall meet at least once a month directly with the contractor's representative and maintain records of such meetings.

(f) The contract manager shall periodically document any differences between the required performance measures and the actual performance measures. If a contractor fails to meet and comply with the performance measures established in the contract, the department may allow a reasonable period for the contractor to correct performance deficiencies. If performance deficiencies are not resolved to the satisfaction of the department within the prescribed time, and if no extenuating circumstances can be documented by the contractor to the department's satisfaction, the department must terminate the contract. The department may not enter into a new contract with that same contractor for the services for which the contract was previously terminated for a period of at least 24 months after the date of termination. The contract manager shall obtain and enforce corrective action plans, if appropriate, and maintain records regarding the completion or failure to complete corrective action items.

(g) The contract manager shall document any contract modifications, which shall include recording any contract amendments as provided for in this section.

(h) The contract manager shall be properly trained before being assigned responsibility for any contract.

(4) **CONTRACT MONITORING REQUIREMENTS AND PROCESS.**—The department shall establish contract monitoring units staffed by career service employees who report to a member of the Selected Exempt Service or Senior Management Service and who have been properly trained to perform contract monitoring. At least one member of the contract monitoring unit must possess specific knowledge and experience in the contract's program area. The department shall establish a contract monitoring process that includes, but is not limited to, the following requirements:

(a) Performing a risk assessment at the start of each fiscal year and preparing an annual contract monitoring schedule that considers the level of risk assigned. The department may monitor any contract at any time regardless of whether such monitoring was originally included in the annual contract monitoring schedule.

(b) Preparing a contract monitoring plan, including sampling procedures, before performing onsite monitoring at external locations of a service provider. The plan must include a description of the programmatic, fiscal, and administrative components that will be monitored on site. If appropriate, clinical and therapeutic components may be included.

(c) Conducting analyses of the performance and compliance of an external service provider by means of desk reviews if the external service provider will not be monitored on site during a fiscal year.

(d) Unless the department sets forth in writing the need for an extension, providing a written report presenting the results of the monitoring within 30 days after the completion of the onsite monitoring or desk review.

(e) Developing and maintaining a set of procedures describing the contract monitoring process.

~~Notwithstanding any other provision of this section, the department shall limit monitoring of a child caring or child placing services provider under this subsection to only once per year. Such monitoring may not duplicate administrative monitoring that is included in the survey of a~~

~~child welfare provider conducted by a national accreditation organization specified under s. 402.7306(1).~~

Section 6. Paragraph (l) is added to subsection (1) of section 409.988, Florida Statutes, to read:

409.988 Lead agency duties; general provisions.—

(1) **DUTIES.**—A lead agency:

(l) *Shall identify an employee to serve as a liaison with the community alliance and community-based and faith-based organizations interested in collaborating with the lead agency or offering services or other assistance on a volunteer basis to the children and families served by the lead agency. The lead agency shall ensure that appropriate lead agency staff and subcontractors, including, but not limited to, case managers, are informed of the specific services or assistance available from community-based and faith-based organizations.*

Section 7. Section 409.996, Florida Statutes, is amended to read:

409.996 Duties of the Department of Children and Families.—The department shall contract for the delivery, administration, or management of care for children in the child protection and child welfare system. In doing so, the department retains responsibility for the quality of contracted services and programs and shall ensure that, *at a minimum*, services are delivered in accordance with applicable federal and state statutes and regulations *and the performance standards and metrics specified in the strategic plan created under s. 20.19(1)*.

(1) The department shall enter into contracts with lead agencies for the performance of the duties by the lead agencies ~~established in pursuant to~~ s. 409.988. At a minimum, the contracts must:

(a) Provide for the services needed to accomplish the duties established in s. 409.988 and provide information to the department which is necessary to meet the requirements for a quality assurance program ~~under pursuant to~~ subsection (19) ~~(18)~~ and the child welfare results-oriented accountability system ~~under pursuant to~~ s. 409.997.

(b) Provide for *tiered interventions and graduated penalties for failure to comply with contract terms or in the event of performance deficiencies. Such interventions and penalties shall may include, but are not limited to:*

1. ~~financial penalties;~~ Enhanced monitoring and reporting.;
2. Corrective action plans. ~~and~~
3. *Requirements to accept technical assistance and consultation from the department under subsection (4).*
4. *Financial penalties, which shall require a lead agency to reallocate funds from administrative costs to direct care for children.*
5. *Early termination of contracts, as provided in s. 402.1705(3)(f) or other appropriate action to ensure contract compliance. The financial penalties shall require a lead agency to reallocate funds from administrative costs to direct care for children.*

(c) Ensure that the lead agency shall furnish current and accurate information on its activities in all cases in client case records in the state's statewide automated child welfare information system.

(d) Specify the procedures to be used by the parties to resolve differences in interpreting the contract or to resolve disputes as to the adequacy of the parties' compliance with their respective obligations under the contract.

(2) The department must adopt written policies and procedures for monitoring the contract for delivery of services by lead agencies which must be posted on the department's website. These policies and procedures must, at a minimum, address the evaluation of fiscal accountability and program operations, including provider achievement of performance standards, provider monitoring of subcontractors, and timely followup of corrective actions for significant monitoring findings related to providers and subcontractors. These policies and procedures must also include provisions for reducing the duplication of the department's program monitoring activities both internally and with

other agencies, to the extent possible. The department's written procedures must ensure that the written findings, conclusions, and recommendations from monitoring the contract for services of lead agencies are communicated to the director of the provider agency and the community alliance as expeditiously as possible.

(3) The department shall receive federal and state funds as appropriated for the operation of the child welfare system, transmit these funds to the lead agencies as agreed to in the contract, and provide information on its website of the distribution of the federal funds. The department retains responsibility for the appropriate spending of these funds. The department shall monitor lead agencies to assess compliance with the financial guidelines established ~~under pursuant to~~ s. 409.992 and other applicable state and federal laws.

(4) The department ~~may shall~~ provide technical assistance and consultation to lead agencies *as necessary for the achievement of performance standards, including, but not limited to, providing additional resources to assist the lead agencies to implement best practices or institute operational efficiencies in the provision of care to children in the child protection and child welfare system.*

(5) The department retains the responsibility for the review, approval or denial, and issuances of all foster home licenses.

(6) The department shall process all applications submitted by lead agencies for the Interstate Compact on the Placement of Children and the Interstate Compact on Adoption and Medical Assistance.

(7) The department shall assist lead agencies with access to and coordination with other service programs within the department.

(8) The department shall determine Medicaid eligibility for all referred children and shall coordinate services with the Agency for Health Care Administration.

(9) The department shall develop, in cooperation with the lead agencies, a third-party credentialing entity approved ~~under pursuant to~~ s. 402.40(3), and the Florida Institute for Child Welfare established ~~under pursuant to~~ s. 1004.615, a standardized competency-based curriculum for certification training for child protection staff.

(10) The department shall maintain the statewide adoptions website and provide information and training to the lead agencies relating to the website.

(11) The department shall provide training and assistance to lead agencies regarding the responsibility of lead agencies relating to children receiving supplemental security income, social security, railroad retirement, or veterans' benefits.

(12) With the assistance of a lead agency, the department shall develop and implement statewide and local interagency agreements needed to coordinate services for children and parents involved in the child welfare system who are also involved with the Agency for Persons with Disabilities, the Department of Juvenile Justice, the Department of Education, the Department of Health, and other governmental organizations that share responsibilities for children or parents in the child welfare system.

(13) With the assistance of a lead agency, the department shall develop and implement a working agreement between the lead agency and the substance abuse and mental health managing entity to integrate services and supports for children and parents serviced in the child welfare system.

(14) The department shall work with the Agency for Health Care Administration to provide each Medicaid-eligible child with early and periodic screening, diagnosis, and treatment, including 72-hour screening, periodic child health checkups, and prescribed followup for ordered services, including, but not limited to, medical, dental, and vision care.

(15) The department shall assist lead agencies in developing an array of services in compliance with the Title IV-E waiver and shall monitor the provision of such services.

(16) The department shall provide a mechanism to allow lead agencies to request a waiver of department policies and procedures that

create inefficiencies or inhibit the performance of the lead agency's duties.

(17) The department ~~may shall directly or through contract~~ provide attorneys to prepare and present cases in dependency court and shall ensure that the court is provided with adequate information for informed decisionmaking in dependency cases, including, *at a minimum*, a face sheet for each case which lists the names and contact information for any child protective investigator, child protective investigation supervisor, case manager, and case manager supervisor, and the regional department official responsible for the lead agency contract. The department shall provide to the court the case information and recommendations provided by the lead agency or subcontractor. ~~For the Sixth Judicial Circuit, the department shall contract with the state attorney for the provision of these services.~~

(18)(a) *The department may contract for the provision of children's legal services to prepare and present cases in dependency court. The contracted attorneys shall ensure that the court is provided with adequate information for informed decisionmaking in dependency cases, including, at a minimum, a face sheet for each case which lists the names and contact information for any child protective investigator, child protective investigator supervisor, and the regional department official responsible for the lead agency contract. The contracted attorneys shall provide to the court the case information and recommendations provided by the lead agency or subcontractor. For the Sixth Judicial Circuit, the department shall contract with the state attorney for the provision of these services.*

(b) *The contracted attorneys shall adopt the child welfare practice model, as periodically updated by the department, that is used by attorneys employed by the department. The contracted attorneys shall operate in accordance with the same federal and state performance standards and metrics imposed on children's legal services attorneys employed by the department.*

(c) *The department and contracted attorneys providing children's legal services shall collaborate to monitor program performance on an ongoing basis. The department and contracted attorneys, or a representative from such contracted attorneys' offices, shall meet at least quarterly to collaborate on federal and state quality assurance and quality improvement initiatives.*

(d) *The department shall conduct an annual program performance evaluation which shall be based on the same child welfare practice model principles and federal and state performance standards that are imposed on children's legal services attorneys employed by the department. The program performance evaluation must be standardized statewide and the department shall select random cases for evaluation. The program performance evaluation shall be conducted by a team of peer reviewers from the respective contracted attorneys' offices that perform children's legal services and representatives from the department.*

(e) *The department shall publish an annual report regarding, at a minimum, performance quality, outcome-measure attainment, and cost efficiency of the services provided by the contracted attorneys. The annual report must include data and information on the performance of both the contracted attorneys and the department's attorneys. The department shall submit the annual report to the Governor, the President of the Senate, and the Speaker of the House of Representatives no later than November 1 of each year that the contracted attorneys are receiving appropriations to provide children's legal services for the department.*

(19)(18) The department, in consultation with lead agencies, shall establish a quality assurance program for contracted services to dependent children. The quality assurance program shall, *at a minimum*, be based on standards established by federal and state law, ~~and~~ national accrediting organizations, *and the Office of Quality established under s. 402.715, and must be consistent with the child welfare results-oriented accountability system required by s. 409.997.*

(a) The department must evaluate each lead agency under contract at least annually. These evaluations shall cover the programmatic, operational, and fiscal operations of the lead agency ~~and must be consistent with the child welfare results-oriented accountability system required by s. 409.997.~~ The department must consult with dependency judges in the circuit or circuits served by the lead agency on the performance of the lead agency.

(b) The department and each lead agency shall monitor out-of-home placements, including the extent to which sibling groups are placed together or provisions to provide visitation and other contacts if siblings are separated. The data shall identify reasons for sibling separation. Information related to sibling placement shall be incorporated into the results-oriented accountability system required ~~under pursuant to~~ s. 409.997 and into the evaluation of the outcome specified in s. 409.986(2)(e). The information related to sibling placement shall also be made available to the institute established ~~under pursuant~~ s. 1004.615 for use in assessing the performance of child welfare services in relation to the outcome specified in s. 409.986(2)(e).

(c) The department shall, to the extent possible, use independent financial audits provided by the lead agency to eliminate or reduce the ongoing contract and administrative reviews conducted by the department. If the department determines that such independent financial audits are inadequate, other audits, as necessary, may be conducted by the department. This paragraph does not abrogate the requirements of s. 215.97.

(d) The department may suggest additional items to be included in such independent financial audits to meet the department's needs.

(e) The department may outsource programmatic, administrative, or fiscal monitoring oversight of lead agencies.

(f) A lead agency must assure that all subcontractors are subject to the same quality assurance activities as the lead agency.

~~(20)(19)~~ The department and its attorneys, *including contracted attorneys*, have the responsibility to ensure that the court is fully informed about issues before it, to make recommendations to the court, and to present competent evidence, including testimony by the department's employees, contractors, and subcontractors, as well as other individuals, to support all recommendations made to the court. The department's attorneys shall coordinate lead agency or subcontractor staff to ensure that dependency cases are presented appropriately to the court, giving consideration to the information developed by the case manager and direction to the case manager if more information is needed.

~~(21)(20)~~ The department, in consultation with lead agencies, shall develop a dispute resolution process so that disagreements between legal staff, investigators, and case management staff can be resolved in the best interest of the child in question before court appearances regarding that child.

~~(22)(21)~~ The department shall periodically, and before procuring a lead agency, solicit comments and recommendations from the community alliance established in s. 20.19(5), any other community groups, or public hearings. The recommendations must include, but are not limited to:

- (a) The current and past performance of a lead agency.
- (b) The relationship between a lead agency and its community partners.
- (c) Any local conditions or service needs in child protection and child welfare.

~~(23)(22)~~ The department shall develop, in collaboration with the Florida Institute for Child Welfare, lead agencies, service providers, current and former foster children placed in residential group care, and other community stakeholders, a statewide accountability system for residential group care providers based on measureable quality standards.

(a) The accountability system must:

1. Promote high quality in services and accommodations, differentiating between shift and family-style models and programs and services for children with specialized or extraordinary needs, such as pregnant teens and children with Department of Juvenile Justice involvement.

2. Include a quality measurement system with domains and clearly defined levels of quality. The system must measure the level of quality for each domain, using criteria that residential group care providers

must meet in order to achieve each level of quality. Domains may include, but are not limited to, admissions, service planning, treatment planning, living environment, and program and service requirements. The system may also consider outcomes 6 months and 12 months after a child leaves the provider's care. However, the system may not assign a single summary rating to residential group care providers.

3. Consider the level of availability of trauma-informed care and mental health and physical health services, providers' engagement with the schools children in their care attend, and opportunities for children's involvement in extracurricular activities.

(b) After development and implementation of the accountability system in accordance with paragraph (a), the department and each lead agency shall use the information from the accountability system to promote enhanced quality in residential group care within their respective areas of responsibility. Such promotion may include, but is not limited to, the use of incentives and ongoing contract monitoring efforts.

(c) The department shall submit a report to the Governor, the President of the Senate, and the Speaker of the House of Representatives by October 1 of each year, ~~with the first report due October 1, 2017~~. The report must, at a minimum, include an update on the development of a statewide accountability system for residential group care providers and a plan for department oversight and implementation of the statewide accountability system. After implementation of the statewide accountability system, the report must also include a description of the system, including measures and any tools developed, a description of how the information is being used by the department and lead agencies, an assessment of placement of children in residential group care using data from the accountability system measures, and recommendations to further improve quality in residential group care.

(d) The accountability system must be implemented by July 1, 2022.

(e) Nothing in this subsection impairs the department's licensure authority under s. 409.175.

(f) The department may adopt rules to administer this subsection.

~~(24)~~ *In collaboration with lead agencies, service providers, and other community stakeholders, the department shall develop a statewide accountability system based on measurable quality standards. The accountability system must be implemented by July 1, 2021.*

(a) *The accountability system must:*

1. *Assess the overall health of the child welfare system, by circuit, using grading criteria established by the department.*

2. *Include a quality measurement system with domains and clearly defined levels of quality. The system must measure the performance standards for child protective investigators, lead agencies, and children's legal services throughout the system of care, using criteria established by the department, and, at a minimum, address applicable federal- and state-mandated metrics.*

3. *Align with the principles of the results-oriented accountability program established under s. 409.997.*

(b) *After the development and implementation of the accountability system under this subsection, the department and each lead agency shall use the information from the accountability system to promote enhanced quality service delivery within their respective areas of responsibility.*

(c) *By December 1 of each year, the department shall submit a report on the overall health of the child welfare system to the Governor, the President of the Senate, and the Speaker of the House of Representatives.*

(d) *The department may adopt rules to implement this subsection.*

~~(25)~~ *Subject to an appropriation, for the 2020-2021 and 2021-2022 fiscal years, the department shall implement a pilot project in the Sixth and Thirteenth Judicial Circuits, respectively, aimed at improving child welfare outcomes.*

(a) *In implementing the pilot projects, the department shall establish performance metrics and performance standards to assess improvements in safety, permanency, and the well-being of children in the local system*

of care for the lead agencies in those judicial circuits. Such metrics and standards must be aligned with indicators used in the most recent federal Child and Family Services Reviews.

(b) The lead agencies in the Sixth and Thirteenth Judicial Circuits shall provide performance data to the department each quarter. The department shall review the data for accuracy and completeness and then shall compare the actual performance of the lead agencies to the established performance metrics and standards. Each lead agency that exceeds performance metrics and standards is eligible for incentive funding.

(c) For the first quarter of each fiscal year, the department may advance incentive funding to the lead agencies in an amount equal to one quarter of the total allocated to the pilot project. After each quarter, the department shall assess the performance of the lead agencies for that quarter and adjust the subsequent quarter's incentive funding based on its actual prior quarter performance.

(d) The department shall include the results of the pilot projects in the report required in subsection (24) of this section. The report must include the department's findings and recommendations relating to the pilot projects.

(e) This subsection expires July 1, 2022.

~~(23)(a) The department, in collaboration with the Florida Institute for Child Welfare, shall convene a workgroup on foster home quality. The workgroup, at a minimum, shall identify measures of foster home quality, review current efforts by lead agencies and subcontractors to enhance foster home quality, identify barriers to the greater availability of high quality foster homes, and recommend additional strategies for assessing the quality of foster homes and increasing the availability of high quality foster homes.~~

~~(b) The workgroup shall include representatives from the department, the Florida Institute for Child Welfare, foster parents, current and former foster children, foster parent organizations, lead agencies, child placing agencies, other service providers, and others as determined by the department.~~

~~(c) The Florida Institute for Child Welfare shall provide the workgroup with relevant research on, at a minimum, measures of quality of foster homes; evidence-supported strategies to increase the availability of high quality foster homes, such as those regarding recruitment, screening, training, retention, and child placement; descriptions and results of quality improvement efforts in other jurisdictions; and the root causes of placement disruption.~~

~~(d) The department shall submit a report to the Governor, the President of the Senate, and the Speaker of the House of Representatives by November 15, 2017. The report shall, at a minimum:~~

- ~~1. Describe the important dimensions of quality for foster homes;~~
- ~~2. Describe the foster home quality enhancement efforts in the state, including, but not limited to, recruitment, retention, placement procedures, systems change, and quality measurement programs, and any positive or negative results;~~
- ~~3. Identify barriers to the greater availability of high quality foster homes;~~
- ~~4. Discuss available research regarding high quality foster homes; and~~
- ~~5. Present a plan for developing and implementing strategies to increase the availability of high quality foster homes. The strategies shall address important elements of quality, be based on available research, include both qualitative and quantitative measures of quality, integrate with the community based care model, and be respectful of the privacy and needs of foster parents. The plan shall recommend possible instruments and measures and identify any changes to general law or rule necessary for implementation.~~

Section 8. Subsections (2) and (3) of section 409.997, Florida Statutes, are amended to read:

409.997 Child welfare results-oriented accountability program.—

(2) The purpose of the results-oriented accountability program is to monitor and measure the use of resources, the quality and amount of services provided, and child and family outcomes. The program includes data analysis, research review, and evaluation. The program shall produce an assessment of individual entities' performance, as well as the performance of groups of entities working together on a local, judicial circuit, regional, and statewide basis to provide an integrated system of care. Data analyzed and communicated through the accountability program shall inform the department's development and maintenance of an inclusive, interactive, and evidence-supported program of quality improvement which promotes individual skill building as well as organizational learning. ~~The department may use Additionally, outcome data generated by the program regarding performance drivers, process improvements, short-term and long-term outcomes, and quality improvement efforts to determine contract compliance and may be used~~ as the basis for payment of performance incentives if funds for such payments are made available through the General Appropriations Act. The information compiled and utilized in the accountability program must incorporate, at a minimum:

(a) Valid and reliable outcome measures for each of the goals specified in this subsection. The outcome data set must consist of a limited number of understandable measures using available data to quantify outcomes as children move through the system of care. Such measures may aggregate multiple variables that affect the overall achievement of the outcome goals. Valid and reliable measures must be based on adequate sample sizes, be gathered over suitable time periods, and reflect authentic rather than spurious results, and may not be susceptible to manipulation.

(b) Regular and periodic monitoring activities that track the identified outcome measures on a statewide, regional, and provider-specific basis. Monitoring reports must identify trends and chart progress toward achievement of the goals specified in this subsection. The accountability program may not rank or compare performance among community-based care regions unless adequate and specific adjustments are adopted which account for the diversity in regions' demographics, resources, and other relevant characteristics. The requirements of the monitoring program may be incorporated into the department's quality assurance ~~and contract management programs~~ program.

(c) An analytical framework that builds on the results of the outcomes monitoring procedures and assesses the statistical validity of observed associations between child welfare interventions and the measured outcomes. The analysis must use quantitative methods to adjust for variations in demographic or other conditions. The analysis must include longitudinal studies to evaluate longer term outcomes, such as continued safety, family permanence, and transition to self-sufficiency. The analysis may also include qualitative research methods to provide insight into statistical patterns.

(d) A program of research review to identify interventions that are supported by evidence as causally linked to improved outcomes.

(e) An ongoing process of evaluation to determine the efficacy and effectiveness of various interventions. Efficacy evaluation is intended to determine the validity of a causal relationship between an intervention and an outcome. Effectiveness evaluation is intended to determine the extent to which the results can be generalized.

(f) Procedures for making the results of the accountability program transparent for all parties involved in the child welfare system as well as policymakers and the public, which shall be updated at least quarterly and published on the department's website in a manner that allows custom searches of the performance data. The presentation of the data shall provide a comprehensible, visual report card for the state and each community-based care region, indicating the current status of the outcomes relative to each goal and trends in that status over time. The presentation shall identify and report outcome measures that assess the performance of the department, the community-based care lead agencies, and their subcontractors working together to provide an integrated system of care.

(g) An annual performance report that is provided to interested parties including the dependency judge or judges in the community-

based care service area. The report shall be submitted to the Governor, the President of the Senate, and the Speaker of the House of Representatives by October 1 of each year.

~~(3) The department shall establish a technical advisory panel consisting of representatives from the Florida Institute for Child Welfare established pursuant to s. 1004.615, lead agencies, community-based care providers, other contract providers, community alliances, and family representatives. The President of the Senate and the Speaker of the House of Representatives shall each appoint a member to serve as a legislative liaison to the panel. The technical advisory panel shall advise the department on the implementation of the results-oriented accountability program.~~

Section 9. Present subsections (6) and (7) of section 1004.615, Florida Statutes, are renumbered as subsections (9) and (10), respectively, and new subsections (6) and (7) and subsection (8) are added to that section, to read:

1004.615 Florida Institute for Child Welfare.—

(6) *The institute and the Florida State University College of Social Work shall design and implement a curriculum that enhances knowledge and skills for the child welfare practice. The institute and the college shall create the curriculum using interactive and interdisciplinary approaches and include opportunities for students to gain an understanding of real-world child welfare cases. The institute shall disseminate the curriculum to other interested state universities and colleges and provide implementation support. The institute shall contract with a person or entity of its choosing, by November 1, 2020, to evaluate the curriculum and make recommendations for improvement. The college shall implement the curriculum during the 2021-2022 school year. This subsection is subject to an appropriation.*

(7) *The institute, in collaboration with the department, community-based care lead agencies, providers of case management services, and other child welfare stakeholders, shall design and implement a career-long professional development curriculum for child welfare professionals at all levels and from all disciplines. The professional development curriculum must enhance the performance of the current child welfare workforce, address issues related to retention, complement the social work curriculum, and be developed using social work principles. The professional development curriculum shall provide career-long coaching, training, certification, and mentorship. The institute must provide the professional support on a continuous basis through online and in-person services. The professional development curriculum must be available by July 1, 2021. This subsection is subject to an appropriation.*

(8) *The institute shall establish a consulting program for child welfare organizations to enhance workforce culture, supervision, and related management processes to improve retention, effectiveness, and overall well-being of staff to support improved child welfare outcomes. The institute shall select child welfare organizations through a competitive application process and provide ongoing analysis, recommendations, and support from a team of experts on a long-term basis to address systemic and operational workforce challenges. This subsection is subject to an appropriation.*

Section 10. *The Department of Children and Families, in collaboration with the Florida Institute of Child Welfare, shall develop an expanded career ladder for child protective investigations staff. The career ladder shall include multiple levels of child protective investigator classifications, corresponding milestones and professional development opportunities necessary for advancement, and compensation ranges. The department must submit a proposal for the expanded career ladder to the Governor, the President of the Senate, and the Speaker of the House of Representatives no later than November 1, 2020.*

Section 11. *Sections 1, 3, and 6 of this act may be cited as the “State of Hope Act.”*

Section 12. This act shall take effect July 1, 2020.

And the title is amended as follows:

Delete everything before the enacting clause and insert: A bill to be entitled An act relating to child welfare; amending s. 20.19, F.S.; requiring the Department of Children and Families to establish perfor-

mance metrics; specifying goals that must be established; revising and providing duties of community alliances; revising membership of community alliances; amending s. 39.3065, F.S.; requiring sheriffs providing certain services to adopt the child welfare practice model; requiring sheriffs providing certain services to monitor program performance and meet, at least quarterly, to collaborate on specified quality assurance and initiatives; requiring the department to conduct an annual evaluation of the sheriffs’ program performance based on certain criteria; requiring the department to submit an annual report on certain information by a specified date; providing report requirements; amending s. 402.402, F.S.; requiring the department to implement certain policies and programs; requiring the annual report to include information on professional advancement of child protective investigators and supervisors; requiring attorneys contracting with the department to receive certain training within a specified time; creating s. 402.715, F.S.; requiring the department to establish an Office of Quality; providing duties of the office; amending s. 402.7305, F.S.; removing limitations on monitoring of child-caring or child-placing services providers; amending s. 409.988, F.S.; revising the duties of a lead agency; amending s. 409.996, F.S.; adding responsibilities to the department of contracts regarding care for children in the child welfare system; specifying additional requirements for contracts; authorizing the department to provide technical assistance to lead agencies; authorizing the department to contract for the provision of children’s legal services; requiring the contracted attorneys to adopt the child welfare practice model and operating in the same manner as attorneys employed by the department; requiring the department and the contracted attorneys to monitor program performance; requiring the department to conduct an annual evaluation based on certain criteria; requiring the department to submit an annual report to the Governor and Legislature by a specified date; revising requirements regarding the quality assurance program for contracted services to dependent children; deleting obsolete language; requiring the department to develop a statewide accountability system; requiring that such system be implemented by a specified date; providing requirements for such accountability system; requiring the department and lead agencies to promote enhanced quality service delivery; requiring the department to submit a report to the Governor and the Legislature annually by a specified date; authorizing the department to adopt rules; requiring the department to implement pilot projects to improve child welfare outcomes in specified judicial circuits; requiring the department to establish performance metrics and standards to implement the pilot projects; requiring lead agencies in specified judicial circuits to provide certain data to the department each quarter; requiring the department to review such data; authorizing the department to advance incentive funding to certain lead agencies that meet specified requirements; requiring the department to include certain results in a specified report; providing for future expiration; deleting a provision requiring the department to convene a certain workgroup; amending s. 409.997, F.S.; specifying types of data that may be used by the department in an accountability program; adding contract compliance as a use of the data; allowing the requirements of monitoring program to be incorporated into contract management program of the department; amending s. 1004.615, F.S.; requiring the Florida Institute for Child Welfare and the Florida State University College of Social Work to design and implement a specified curriculum; providing requirements of the institute regarding the curriculum; requiring the institute to contract for certain evaluations; requiring certain entities to design and implement a career-long professional development curriculum for child welfare professionals; requiring the institute to establish a consulting program for child welfare organizations; requiring the department to develop a career ladder for child protective investigations professionals and submit a proposal to the Legislature by a specified date; providing a short title; providing an effective date.

Pursuant to Rule 4.19, **CS for SB 1326**, as amended, was ordered engrossed and then placed on the calendar of Bills on Third Reading.

THE PRESIDENT PRESIDING

On motion by Senator Lee—

CS for CS for CS for SB 664—A bill to be entitled An act relating to the verification of employment eligibility; amending s. 287.058, F.S.; requiring written agreements for the procurement of specified contractual services to include a statement regarding the requirement that a contractor or subcontractor register with and use E-Verify; creating s. 287.137, F.S.; defining terms; requiring public employers and certain contractors and subcontractors to register with and use E-Verify by a specified date; prohibiting public employers, contractors, and subcontractors from entering into a contract unless each party to the contract registers with and uses E-Verify; creating s. 448.093, F.S.; defining terms; requiring employers who meet specified criteria to register with and use an electronic employment verification system to verify the employment eligibility of new employees; requiring employers who employ more than a specified number of employees to use an electronic employment verification system by a certain date; authorizing certain employers to use an alternative system that meets specified criteria to confirm an employee's identity, subject to certain requirements; authorizing the Department of Economic Opportunity to conduct random audits of employment files of certain employers; requiring the department to take certain action against a noncompliant employer; requiring the appropriate licensing agency to suspend a noncompliant employer's license until certain conditions are met; authorizing the imposition of fines for violations of the act; prohibiting an employer from knowingly employing an unauthorized alien; providing civil immunity for an employer registered with and using an electronic employment verification system; providing specified immunity and nonliability for an employer who complies in good faith with the requirements of the act; creating a rebuttable presumption for certain employers that the employer did not knowingly employ an unauthorized alien; authorizing certain persons with knowledge of a violation to file a complaint with the department, subject to certain limitations; providing a penalty for persons who knowingly file false or frivolous complaints; prescribing procedures for the disposition of such complaints; requiring the department to notify the Federal Government of the identity of an unauthorized alien; requiring the department to define by rule electronic employment verification systems substantially equivalent to the E-Verify system; providing requirements for such rules; authorizing the department to adopt additional rules in administering the act; providing for severability; providing an effective date.

—was read the second time by title.

Pursuant to Rule 7.1, there being no objection, consideration of the following late-filed amendment was allowed:

Senator Lee moved the following amendment which was adopted:

Amendment 1 (468060) (with title amendment)—Delete everything after the enacting clause and insert:

Section 1. Subsection (1) of section 287.058, Florida Statutes, is amended to read:

287.058 Contract document.—

(1) Every procurement of contractual services in excess of the threshold amount provided in s. 287.017 for CATEGORY TWO, except for the providing of health and mental health services or drugs in the examination, diagnosis, or treatment of sick or injured state employees or the providing of other benefits as required by chapter 440, shall be evidenced by a written agreement embodying all provisions and conditions of the procurement of such services, which shall, where applicable, include, but not be limited to, a provision:

(a) That bills for fees or other compensation for services or expenses be submitted in detail sufficient for a proper preaudit and postaudit thereof.

(b) That bills for any travel expenses be submitted in accordance with s. 112.061. A state agency may establish rates lower than the maximum provided in s. 112.061.

(c) Allowing unilateral cancellation by the agency for refusal by the contractor to allow public access to all documents, papers, letters, or other material made or received by the contractor in conjunction with the contract, unless the records are exempt from s. 24(a) of Art. I of the State Constitution and s. 119.07(1).

(d) Specifying a scope of work that clearly establishes all tasks the contractor is required to perform.

(e) Dividing the contract into quantifiable, measurable, and verifiable units of deliverables that must be received and accepted in writing by the contract manager before payment. Each deliverable must be directly related to the scope of work and specify a performance measure. As used in this paragraph, the term "performance measure" means the required minimum acceptable level of service to be performed and criteria for evaluating the successful completion of each deliverable.

(f) Specifying the criteria and the final date by which such criteria must be met for completion of the contract.

(g) Specifying that the contract may be renewed for a period that may not exceed 3 years or the term of the original contract, whichever is longer, specifying the renewal price for the contractual service as set forth in the bid, proposal, or reply, specifying that costs for the renewal may not be charged, and specifying that renewals are contingent upon satisfactory performance evaluations by the agency and subject to the availability of funds. Exceptional purchase contracts pursuant to s. 287.057(3)(a) and (c) may not be renewed.

(h) Specifying the financial consequences that the agency must apply if the contractor fails to perform in accordance with the contract.

(i) Addressing the property rights of any intellectual property related to the contract and the specific rights of the state regarding the intellectual property if the contractor fails to provide the services or is no longer providing services.

(j) *Requiring a contractor or any subcontractor performing a portion of the contract to register with and use E-Verify to the extent required by s. 287.137 for all new employees hired in this state during the term of the contract.*

In lieu of a written agreement, the agency may authorize the use of a purchase order for classes of contractual services if the provisions of paragraphs (a)-(j) ~~(a)-(i)~~ are included in the purchase order or solicitation. The purchase order must include, but need not be limited to, an adequate description of the services, the contract period, and the

method of payment. In lieu of printing the provisions of paragraphs (a)-(c) and (g) in the contract document or purchase order, agencies may incorporate the requirements of paragraphs (a)-(c) and (g) by reference.

Section 2. Section 287.137, Florida Statutes, is created to read:

287.137 Verification of work authorization status; public employers.—

(1) As used in this section, the term:

(a) “Contractor” means a person or an entity that has more than 10 employees in this state and has entered into, or is attempting to enter into, a contract with a public employer to provide labor, supplies, or services to such employer.

(b) “Employee” has the same meaning as provided in s. 448.093.

(c) “E-Verify” means the Internet-based electronic employment verification system operated by the United States Department of Homeland Security.

(d) “Public employer” means an agency or a subdivision of the state, regional, county, local, special district, or municipal government, whether executive, judicial, or legislative, or any public school, community college, or state university, which employs persons who perform labor or services for that employer in exchange for salary, wages, or other remuneration or enters into, or attempts to enter into, a contract with a contractor for an amount that will, or is expected to, exceed the CATEGORY TWO threshold amount provided in s. 287.017.

(e) “Subcontractor” means a person or an entity that has more than 10 employees in this state and provides labor, supplies, or services to or for a contractor or another subcontractor pursuant to a contract that will, or is expected to, exceed the CATEGORY TWO threshold amount provided in s. 287.017.

(f) “Unauthorized alien” means a person who is not authorized under federal law to be employed in the United States, as described in 8 U.S.C. s. 1324a(h)(3). The term shall be interpreted consistently with that section and any applicable federal rules or regulations.

(2) On or after July 1, 2021:

(a) Every public employer, contractor, and subcontractor shall register with and use E-Verify to verify the work authorization status of all new employees and identify whether an employee is an unauthorized alien.

(b) A public employer or a contractor or subcontractor in this state may not enter into a contract under this section unless each party to the contract registers with and uses E-Verify.

Section 3. Present subsection (6) of section 288.061, Florida Statutes, is renumbered as subsection (7), and a new subsection (6) is added to that section to read:

288.061 Economic development incentive application process.—

(6) Beginning July 1, 2020, the executive director may not approve an economic development incentive application unless the application includes proof to the department that the applicant business will register with and use the E-Verify system, as defined in s. 287.137, or an alternative electronic employment verification system approved by the department, to verify the work authorization status of all newly hired employees. If the department determines that an awardee is not complying with this subsection, the department must notify the awardee by certified mail of the department’s determination of noncompliance and the awardee’s right to appeal the determination. Upon a final determination of noncompliance, the awardee must repay all moneys received as an economic development incentive to the department within 30 days after the final determination.

Section 4. Section 448.093, Florida Statutes, is created to read:

448.093 Definitions; use of electronic employment verification system required for private employers; business licensing enforcement.—

(1) DEFINITIONS.—As used in this section, the term:

(a) “Agency” means an agency, a department, a board, or a commission of this state or a county or municipality which issues a license to operate a business in this state.

(b) “Department” means the Department of Economic Opportunity.

(c) “Electronic employment verification system” means:

1. An Internet-based system operated by the United States Department of Homeland Security (E-Verify) which allows participating employers to electronically verify the employment eligibility of newly hired employees; or

2. A system substantially equivalent to E-Verify which verifies whether an employee is an unauthorized alien as certified by an employer, under penalty of perjury, on a form provided by the department.

(d) “Employee” means an individual whose work is performed under the direction and supervision of the employer and whose employer withholds tax pursuant to the Federal Insurance Contributions Act (FICA) or federal income tax from the individual’s compensation, or whose employer issues an Internal Revenue Service W-2 form, but not an Internal Revenue Service Form 1099, to an individual for purposes of documenting compensation. The term includes all individuals or entities that do not meet the definition of an independent contractor under federal laws or regulations to perform a specified portion of labor or services.

(e) “Employer” means a person or an entity in this state which employs an employee. The term does not include any of the following:

1. A government employer.

2. The occupant or owner of a private residence who hires:

a. Casual labor, as defined in s. 443.036, to be performed entirely within the private residence; or

b. A licensed independent contractor, as defined in federal laws or regulations, to perform a specified portion of labor or services.

3. An employee leasing company licensed pursuant to part XI of chapter 468 which enters into a written agreement or understanding with a client company which places the primary obligation for compliance with this section upon the client company. In the absence of a written agreement or understanding, the term includes an employee leasing company.

(f) “Knowingly employ an unauthorized alien” has the same meaning as in 8 U.S.C. s. 1324a. The term shall be interpreted consistently with 8 U.S.C. s. 1324a and any applicable federal rules or regulations.

(g) “License” means a franchise, a permit, a certificate, an approval, a registration, a charter, or any similar form of authorization required by state law and issued by an agency for the purpose of operating a business in this state. The term includes, but is not limited to:

1. An article of incorporation.

2. A certificate of partnership, a partnership registration, or an article of organization.

3. A grant of authority issued pursuant to state or federal law.

4. A transaction privilege tax license.

(h) “Unauthorized alien” means a person who is not authorized under federal law to be employed in the United States, as described in 8 U.S.C. s. 1324a(h)(3). The term shall be interpreted consistently with that section and any applicable federal rules or regulations.

(2) VERIFICATION OF EMPLOYMENT ELIGIBILITY; FINE FOR VIOLATION; SUSPENSION OF BUSINESS LICENSE.—

(a) An employer shall, after making an offer of employment which has been accepted by an individual, use an electronic employment verification system to verify such individual’s employment eligibility. Verification must occur within the period stipulated by applicable federal rules or regulations. However, an employer is not required to verify the

employment eligibility of a continuing employee hired before the date of the employer's registration with an electronic employment verification system.

(b) Employers in this state must use an electronic employment verification system or otherwise be in compliance with this section by no later than January 1, 2021.

(c) As an alternative to registering with an electronic employment verification system, an employer may operate a system that complies with 8 U.S.C. s. 1324a, and must also maintain complete copies of all records used to establish an employee's identity and employment authorization for at least 3 years after the employer receives the records or 1 year after the employee ceases to provide services to the employer, whichever is later.

1. Copies of all records maintained by employers pursuant to this paragraph or paragraph (b) must be provided to any state or federal government agency upon request.

2. Beginning January 1, 2021, the department may conduct random audits of employment files of those employers that do not register with the E-Verify system.

(d)1. If an employer does not register with an electronic employment verification system or otherwise comply with the requirements of paragraph (c), the department must submit a notice of violation to the employer, who must then register with an electronic employment verification system or otherwise comply with paragraph (c) and provide an affidavit stating such fact to the department within 30 calendar days after the notice of violation is mailed. If the employer does not become compliant and provide the required affidavit within 30 calendar days following the mailing of the notice of violation, the appropriate licensing agency must suspend all applicable licenses held by the employer until the employer becomes compliant and provides the department with the required affidavit.

2. For any employer found to have violated this subsection three times within any 36 month period, the appropriate agency shall permanently revoke all licenses that are held by the private employer specific to the business location where the unauthorized alien performed work. If the employer does not hold a license specific to the business location where the unauthorized alien performed work, but a license is necessary to operate the private employer's business in general, the appropriate licensing agency shall permanently revoke all licenses that are held by the employer at the employer's primary place of business.

3. For purposes of this paragraph, any licenses that are subject to suspension or revocation under subparagraph 1. or subparagraph 2., respectively, are all licenses that are held by the employer specific to the business location where the unauthorized alien performed work.

(e) If the department determines that an employer has not registered with an electronic employment verification system or complied with the requirements of paragraph (c), the department may impose a fine of up to \$500 per violation of this subsection.

(3) **EMPLOYMENT OF UNAUTHORIZED ALIENS; IMMUNITY; COMPLAINTS.—**

(a) An employer may not knowingly employ an unauthorized alien.

(b) An employer registered with and using an electronic employment verification system may not be held civilly liable in a cause of action for the employer's:

1. Hiring of an unauthorized alien if the information obtained from the electronic employment verification system indicated that the person's work authorization status was not that of an unauthorized alien; or

2. Refusal to employ a person if the information obtained from the electronic employment verification system indicated that the person's work authorization status was that of an unauthorized alien.

(c) An employer who in good faith registers with and uses an electronic employment verification system is considered to have complied with the requirements of 8 U.S.C. s. 1324a(b) and may not be held liable for any damages and is immune from any legal cause of action brought by any person or entity, including former employees, for the use of and

reliance upon any incorrect information obtained from the electronic employment verification system, including any incorrect information obtained as a result of an isolated, sporadic, or accidental technical or procedural failure, when determining final action on a person's work authorization status.

(d) For purposes of this subsection, compliance with subsection (2) creates a rebuttable presumption that an employer did not knowingly employ an unauthorized alien in violation of s. 448.09.

(e) A person who has a good faith belief that an employer knowingly employs, or has knowingly employed within the last 90 calendar days, an unauthorized alien may file a complaint with the department.

1. A complaint may not be based on race, color, or national origin, pursuant to state or federal law.

2. A person who knowingly files a false or frivolous complaint under this subsection commits a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083.

(f) Upon receipt of a valid complaint substantiated by evidence of a violation of paragraph (a), the department must notify the employer of the complaint and direct the employer to notify any employees named in the complaint. The department shall also determine whether the employer is registered with an electronic employment verification system or otherwise compliant with the requirements of paragraph (2)(c).

(g) The department shall request that the Federal Government verify, pursuant to 8 U.S.C. s. 1373(c), the citizenship or immigration status of any employee named in the complaint, and the department must rely upon such verification. The department may not independently make a final determination as to whether an employee is an unauthorized alien.

(h) Upon finding that an employer has violated paragraph (a), the department must notify the United States Immigration and Customs Enforcement Agency of the identity of the unauthorized alien and, if known, the physical address at which the unauthorized alien resides.

(4) **ENFORCEMENT.—**

(a) For purposes of enforcing this section, the following persons or entities may request, and an employer must provide, copies of any documentation relied upon by the employer for the verification of a person's employment eligibility, including, but not limited to, any documentation required under this section.

1. The Department of Law Enforcement.

2. The Attorney General.

3. A state attorney.

4. The statewide prosecutor.

(b) A person or an entity specified in paragraph (a) that makes a request pursuant to this subsection must rely upon the Federal Government to verify a person's employment eligibility and may not independently make a final determination as to whether a person is an unauthorized alien.

(5) **RULEMAKING.—**

(a) The department shall adopt rules to define an electronic employment verification system, if any, that is substantially equivalent to or more effective than the E-Verify system with respect to identifying unauthorized aliens and those persons eligible to work in the United States. The rules must identify the types of databases, methodologies, and evidence of identity and employment eligibility that qualify an electronic employment verification system as substantially equivalent to or more effective than the E-Verify system.

(b) The department may adopt rules to:

1. Specify the manner of notifying licensing agencies, pursuant to paragraph (2)(d), of violations by employers;

2. Govern the administration of fines authorized under paragraph (2)(e); and

3. *Provide for procedures for complaints filed pursuant to subsection (3).*

(6) **CONSTRUCTION.**—*This section shall be enforced without regard to race, color, or national origin, and shall be enforced in a manner that is fully consistent with any applicable federal laws or regulations.*

Section 5. *For the 2020-2021 fiscal year, the sum of \$1,612,045 in recurring funds and the sum of \$1,019,600 in nonrecurring funds from the General Revenue Fund are appropriated to the Department of Economic Opportunity, and 15 full-time equivalent positions with associated salary rate of 681,500 are authorized, for purposes of implementing this act.*

Section 6. *If any provision of this act or its application to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.*

Section 7. This act shall take effect July 1, 2020.

And the title is amended as follows:

Delete everything before the enacting clause and insert: A bill to be entitled An act relating to the verification of employment eligibility; amending s. 287.058, F.S.; requiring written agreements for the procurement of specified contractual services to include a statement regarding the requirement that a contractor or subcontractor register with and use E-Verify; creating s. 287.137, F.S.; defining terms; requiring public employers and certain contractors and subcontractors to register with and use E-Verify by a specified date; prohibiting public employers, contractors, and subcontractors from entering into a contract unless each party to the contract registers with and uses E-Verify; amending s. 288.061, F.S.; prohibiting the approval of certain economic development incentive applications after a specified date; requiring an awardee to repay certain moneys within a specified timeframe under certain circumstances; creating s. 448.093, F.S.; defining terms; requiring employers to register with and use an electronic employment verification system to verify the employment eligibility of new employees by a certain date; authorizing employers to use an alternative system that meets specified criteria to confirm an employee's identity, subject to certain requirements; authorizing the Department of Economic Opportunity to conduct random audits of employment files of certain employers; requiring the department to take certain action against a noncompliant employer; requiring the appropriate licensing agency to suspend a noncompliant employer's license until certain conditions are met; requiring permanent revocation of licenses under specified circumstances; authorizing the imposition of fines for violations of the act; prohibiting an employer from knowingly employing an unauthorized alien; providing civil immunity for an employer registered with and using an electronic employment verification system; providing specified immunity and nonliability for an employer who complies in good faith with the requirements of the act; creating a rebuttable presumption for certain employers that the employer did not knowingly employ an unauthorized alien; authorizing certain persons with knowledge of a violation to file a complaint with the department, subject to certain limitations; providing a penalty for persons who knowingly file false or frivolous complaints; prescribing procedures for the disposition of such complaints; requiring the department to notify the Federal Government of the identity of an unauthorized alien; requiring employers to provide copies of certain documentation, upon request, to specified persons and governmental entities for certain purposes; prohibiting specified persons and entities from making a determination as to whether a person is an unauthorized alien; requiring the department to define by rule electronic employment verification systems substantially equivalent to the E-Verify system; providing requirements for such rules; authorizing the department to adopt additional rules in administering the act; providing for construction; providing appropriations and authorizing positions; providing for severability; providing an effective date.

PRAYER

The following prayer was offered by Rabbi Schneur Oirechman, Chabad Lubavitch of the Panhandle, Tallahassee:

Almighty G-d, master of the universe: Today, the Jewish world commemorates the Fast of Esther, a day of fasting and soul searching, which leads to the joyous festival of Purim and begins this evening. On this auspicious day, we ask you to bless our state leaders, bless the President of the Senate, Bill Galvano, and all of the honorable Senators of our state and their families. We invoke your mercy on all of the citizens of our great state to be saved from calamities that come to the world.

The festival of Purim recalls and relives the series of incredible events in ancient Persia over 2,400 years ago, in which the entire Jewish nation was miraculously saved from annihilation. At the center of this historic event lies Queen Esther, the Jewish woman and the heroine who was willing to sacrifice herself to save her people. Her action led to the eventual nullification of the evil decrees of Haman and the ultimate salvation of the Jewish people. Esther went to the King to beseech him for mercy, but she fasted and prayed to you, almighty G-d, knowing it is all in your hands.

About the name of this holiday called Purim, many ask why this name was selected. After all, Purim simply means "lots," referring to the lots that the villain Haman drew in order to carry out his evil plot. What possible message could there be in this name which seemingly reflects

on the evil scheme of Haman highlighting the negative aspects of the story rather than the positive ones of the heroine Esther? The great Kabbalists, or mystics, point to a deeper meaning which has relevance for us in this day and age and I believe, indeed, a very relevant message for us in our session here in the Senate today.

The drawing of lots may seem totally random, but this exercise is symbolic of true, free choice. By way of example: Let's say you go to the car dealer and you are presented with a spanking new Lamborghini in the parking lot right next to a rusty old Chevy. When you picked the Lamborghini, hopefully over the Chevy, that was not a free choice at all. Your brain forced you to pick the Lamborghini, almost the same as someone would force you to choose whatever he or she is asking you to do. In the case of the car dealer, you too haven't really made a choice, because you are forced by your logic to pick the Lamborghini. True choice only occurs when you would have two new identical 2021 Lamborghinis and randomly pick one over the other. That is a true, free choice because, in that case, you were not forced even by your own logic. The choice, in this case, reflects a level deep within the essence of every human G-dly soul that is pure and truly objective with no ulterior motive. When a choice is made from that level, we are free to transcend the limitations of our own intellect or emotions. This, my friends, is what the Kabbalists call free choice or the state of randomness, the intimate definition of drawing lots. Hence, the name Purim.

While the human condition is generally subjective and tainted with motives, when we reach a little bit deeper into the recesses of our soul and go beyond our own logic or conclusions of our own possible motives, we become objective and unlimited servants of the creator to bring goodness and kindness to the world. This, my friends, is the secret behind Esther's fasting—to go beyond herself as a true servant to her nation and to the world at large so that her choice would not be tainted with her own subjective logic or ulterior motives or emotions. And Esther's lesson also teaches that the reward of such efforts will certainly bear fruit for all mankind to celebrate a day of rejoicings like Purim or pure randomness.

Almighty G-d, we know that your servants here are here for you and desire to be objective in fulfilling your wish and the true good for the people. Just like Esther of old, we ask you to give us the strength to find this inner, free choice and to go the extra mile to dig deeper into our souls to reach beyond the limitations forced by our own ulterior motives.

Almighty G-d, it is indeed fitting that today, as the members of this distinguished Senate stand before you close to the end of the session, we recall the self-sacrifice of the Senators to serve the citizens of our great state. Our Senators are doing their part, and we now ask for your blessings to translate that willingness into constructive practice. May you continue to guide and strengthen them to faithfully serve the people of Florida. Through them glorify your name and ultimately bring about a good and better world, leading to the full and final redemption and the ultimate rejoicing beyond all limitation. As we rededicate ourselves to this sacred task, let us say, "Amen."

PLEDGE

Senate Pages, Logan Allison of Tallahassee; Morgan Crum of Crawfordville; and Lane Gainey of Panama City, led the Senate in the Pledge of Allegiance to the flag of the United States of America.

DOCTOR OF THE DAY

The President recognized Dr. Brence A. Sell of Tallahassee, sponsored by Senator Montford, as the doctor of the day. Dr. Sell specializes in anesthesiology.

ADOPTION OF RESOLUTIONS

At the request of Senator Bradley—

By Senator Bradley—

SR 1930—A resolution recognizing April 2020 as “Springs Protection Awareness Month” in Florida.

WHEREAS, Florida’s springs are essential to the environment, economy, and residents of and visitors to this state, and

WHEREAS, Florida has one of the most productive aquifers in the world, a geological resource that supports more than 900 natural springs and gives this state one of the world’s highest concentrations of springs, and

WHEREAS, the groundwater supply is vital to the state’s economy, and approximately 93 percent of Florida residents rely on it for their drinking water, and

WHEREAS, Florida’s springs reflect groundwater conditions and provide an important habitat for wildlife, making them a natural resource that must be protected, and

WHEREAS, springs provide important recreational opportunities that are enjoyed by residents of and visitors to this state alike, and

WHEREAS, Florida’s springs discharge nearly 8 billion gallons of water daily, and healthy springs reflect the State of Florida’s commitment to sustainable groundwater and surface water resource protection, NOW, THEREFORE,

Be It Resolved by the Senate of the State of Florida:

That April 2020 is recognized as “Springs Protection Awareness Month” in Florida.

—was introduced, read, and adopted by publication.
